Life Path Number: 8 = (1+2) + (0+6) + (1+8+9+8)

([659] numerologycalculator.online:)

The Power Player

The Life Path 8 suggests that you entered this plane armed to lead, direct, organize and govern. You are very ambitious and goal-oriented.

You know how to manage yourself and your environment. Your ability to judge the character and potential of the people around you is an asset used to your advantage. A large part of your success in life comes from how hard you work.

This Life Path is perhaps the one that is the most concerned with and desirous of status as an ultimate measure of success. You want to be recognized for your hard work and achievements. The attainment of honors and acceptance into the club of executive leadership is all important.

In relationships, you are frank, honest, and steadfast.

You may be very much in love, but watch that you are not too busy and preoccupied to show it.

You have a great need for close personal relationships to mitigate and somehow soften

your nature. You must find the time for love and keep it as an important project in your life.

The negative 8 can be dictatorial and often suppresses the enthusiasm and efforts of fellow member of the environment.

Material gains and rewards often become issues of utmost importance, even to the neglect of family, home and peace of mind. Dedication to success can become an obsession.

Expression (Destiny) Number: 5

([659] numerologycalculator.online:) The number 5 Destiny suggests that the direction of growth in your lifetime will be toward becoming a harbinger of change, freedom, and progressive thought and action.

The number 5 Destiny potentially endows you with the wonderful characteristic of multi-talents and versatility. You must develop in ways allowing you to do so many things well. The tone of the number 5 is the constructive use of freedom, and in your drive to attain this freedom, you must be the master of adaptability and change.

As you mature, you must become good at presenting ideas and knowing how to approach people to get what you want.

Naturally, this will give you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Whatever you do, you have the capacity to be clever, analytical, and a very quick thinker.

You must learn to accept changes as they come along and avoid clinging to the outdated. Avoid rebellion, and focus on enlightenment and progression thinking that will benefit mankind. Your life is broadened by gaining an understanding and an appreciation of all kinds of people.

The Destiny 5 will be welcome in many varied professional environments. The public sector is a natural for you because you must administer to all peoples. The media, advertising, promotion, publicity, all types of selling, and entertainment are all potential fields that may interest you.

Settling on a single career may not be in the cards for you, as you are in a continuous state of flux brought by constantly changing interests.

If there is too much of the 5 energy in your makeup or if you develop negatively, the negative side of the number may appear. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be erratic and scatter yourself and your energies.

You have a hard time keeping regular office hours and maintaining any sort of a routine. As clever as you are, you may have a tendency to make the same mistakes over and

over again.

Much of your response to such errors is glib reaction rather than thoughtful application.

Life Path - Expression Bridge Number: 3

([660] numerology.center:) Number 3 belongs to people, who are usually a little bit tense and stressed. They are very serious persons. It complicates their life. If 3 is your bridge numerology number, you have to communicate more and interact with others. Try to socialize and you'll feel that your life becomes easier. It doesn't mean that you don't have to be serious with the main aspects of your life. But, it is necessary to differentiate important things and situations where you may just relax. Express yourself and apply your talents in some creative fields. It will help you to relax and direct your thoughts in a positive vector.

Heart's Desire (Soul Urge) Number: 1

([659] numerologycalculator.online:) Independence, leadership and a strong desire to be a leader in their field are the traits of the one soul urge number. The person with this heart's desire longs to be in complete control of his/her own destiny.

You have an insatiable need for independence. You are determined to be the master of your own destiny. You are determined to live life on your terms. You not only have leadership qualities, but in many situations consider yourself to be the only qualified leader.

This instills you with confidence and helps you make difficult decisions that others would be apprehensive about making.

Your intelligence is above average and people regard you as being insightful and even inspiring. The leader in you draws out the follower in others. People look to you for your unique perspectives and actually appreciate the controversial nature of some of them. When you believe in something, you commit to it and your enthusiasm is infectious.

The negative in all this is that the things you know about yourself and your abilities can make you come across as arrogant or domineering. Be sure to gather around you people who want to be led. Competition can bring out parts of your personality best left out of public view.

Personality Number: 4

([659] numerologycalculator.online:) Stability and a solid foundation.

People with this personality are pillars of strength who are well-organized and structured. People tend to view them as having the answers and being knowledgeable. 4 People are considered reliable and steady – sometimes a tad too predictable or serious.

People with Personality Number 4 built a big amount of good communities.

Besides that, such people are practical, hard-working and conscientious. Frills of life don't attract them. They are often described as well-organized, disciplined and capable. That makes them more interested in work and its concrete results rather than people, everyday life and outside amusements. Their pleasures are pretty quiet, as they enjoy nature, home, family and well done work.

Heart's Desire - Personality Bridge Number: 3

([660] numerology.center:) You are a very inventive and artistic person. It is always interesting to communicate with you and to watch at you. That is why people like your company. But you don't always feel comfortable with others because it is easy to hurt you. You are an extremely sensitive person. It is better for you to share your deep feelings and to be opened until the end just with close people, who will not hurt you. It is extremely important for you to become more confident. You have many talents and you deserve to be respected, happy and feel comfortable in any company. All the fields connected with arts fit you greatly.

Quiescent Self Number: 4

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 4 are likely to imagine the existence of a secure foundation for the future of themselves and their families.

The energy represented by the number 4 resonates with building a secure foundation for the future. It comes with pragmatism. It also comes with the ability to focus on previously successful methods without distraction in a manner that gets things done.

It is common for visualizations to include specific methods of accomplishing goals, a pragmatic approach, and conscientious application of effort. The visualization is likely to include material resources sufficient for nothing to be lacking.

There's a tendency for someone with this quiescent-self number to visualize themselves as a trusted and trustworthy person, someone who can be depended upon to get things done.

Maturity Number: 4 = 8 + 5 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with limitation. You're being called upon to work diligently to reach practical goals, develop systems and processes that help you reach your goals, and to leave something of lasting value in the world.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to limitation and restriction to center stage. Situations will arise highlighting your sense of adopting optimistic step-by-step processes to get where you want to be, understanding where you get in your own way by being rigid and dogmatic, and to understand the difference between managing and micromanaging.

What that might look like:

- Experiencing events that require that you examine the ways in which are overly responsible or irresponsible.
- Evaluation of self-defeating behaviors based in feelings of restriction and limitation.
- Examining the ways in which you have either been unable to commit to work or home life – which has led to undesirable outcomes – or the ways in which you have been a martyr to work that has felt unsatisfying to you.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers.

This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 9

(Month + Day) - from age 0 to 28 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 1 Number 9: First Pinnacle: With a 9 Pinnacle at the beginning of your life, the influence of its vibration may be barely noticeable. Selflessness is an attribute that's developed over time and young children must first learn their identity for themselves before doing selfless service in a healthy and productive manner. Yet when you experience a 9 First Pinnacle, you may be a child who is the friend to the “underdog,” who's a protector of the kids who get bullied, those who are handicapped, or those who

are ostracized in some way by other kids. You may be a bit of an outsider yourself as you attend to those on the fringes.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Second Pinnacle Cycle: 11

(Year + Day) - from age 29 to 37 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Third Pinnacle Cycle: 2

(1st Pinnacle + 2nd Pinnacle) - from age 38 to 46 (based on LPN) - ([665] feliciabender.com:)

General: When this is your Pinnacle, you're being beckoned to envelop yourself in the elements of learning to cooperate, share, be considerate of others, and be at your best

when you are in harmonious relationships without sacrificing yourself in the process.

2 is the number of partnerships, patience, balance, and keeping fairness at the helm. Therefore a Pinnacle is a time where love and group effort takes front seat, whether it's through marriage or partnership, parenting, or other experiences that have the elements of unconditional love at the core.

This is a time where you will be called upon to work on—and perfect—your subtle art of relating. The 2 energy also has to do with gathering and relating facts or data, perfecting details, and being a team player whose strength lies in being of service in a joyous and balanced way. Where precision and details are valued, you'll be happiest with your contributions.

A 2 Pinnacle immerses you in friendliness and harmony. This energy asks you to pay attention to details and practice patience and tact. It won't offer much recognition for all you do during this time, so you must turn to yourself for acknowledgment in order not to feel resentful.

Pinnacle 3 Number 2: Second or Third Pinnacle: A Second or Third Pinnacle with a 2 influence will surround your life in the energies associated with working in balance with other people. This is a time that isn't so much "me" focused as "us" focused. When you master your ability to promote harmony in all things, show patience and a willingness to forgo credit based on your contributions to the whole, you'll be operating optimally. The work you engage in during this time is likely to be quite detailed and demanding. If you've been a content stay-at-home mom, for instance, it wouldn't be surprising to see this number in your Second or Third Pinnacle.

Warning: Warning: The 2 energy is super-duper sensitive. If you don't work with this energy mindfully your tendency will be to get your feelings hurt often and deeply. If you take every little thing personally, instead of cultivating your ability to relate well with yourself and others, you'll experience a substantial amount of pain during this time—not to mention a battering of your self-esteem in the process.

Fourth Pinnacle Cycle: 5

(Month + Year) - from age 47 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an "ADHD experience." This is a time for change and uncertainty. It feels as though you're experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it's hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It's all up for review during this highly energized portion of your life. If you're forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn't a time to nest or settle down; instead you'll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don't resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you're experiencing.

Pinnacle 4 Number 5: Fourth Pinnacle: The 5 energy that guides your Fourth Pinnacle results in a continuously fast-paced life. This won't be your road to a laconic retirement. Change and variety continue to present themselves and this can be an interesting stage of your life. In many cases, the 5 energy at the final stage of life brings with it freedom from overarching financial or domestic worries. Travel, adventure, change, and resilience define this final Pinnacle.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

First Period Cycle: 6

(Month) from age 0 to 28 (based on LPN)

([666] worldnumerology.com:) The first one-third of your life is a time of family, responsibility, and duty. The issues of commitment, marriage, and family all come into sharp focus. When the commitments are made and one responds lovingly and with acceptance, this is a period of much harmony and support.

You are greatly needed by those around you.

You will be loved and appreciated. This is the best cycle for marriage. In the same way, partnerships go well and much progress is made from joint activities.

Conversely, if commitments are not deeply made or are broken, separation and divorce often occur. Any artistic talent you possess will surface and new opportunities for self-expression will present themselves.

You are also under very supportive influences for starting a business. This is a time of

progress through flexibility, cooperation, and compromise.

Second Period Cycle: 3

(Day) from age 29 to 55 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a time of heightened self-expression and social support. Abilities you possess in the arts, especially in writing, acting, or dance, are enhanced.

You are more social than you have been in the past, and others are attracted to your charm and charisma.

Although this is a time of maturing, you feel as though you are becoming mentally younger and more creative.

Staying focused on practical goals may be challenging.

Third Period Cycle: 8

(Year) from age 56 (based on LPN)

([666] worldnumerology.com:) As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle.

There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others.

You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8.

Your key to success lies in understanding the limits of material wealth.

First Challenge Number: 3

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge

will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Second Challenge Number: 5

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5

Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Third (Main) Challenge Number: 2

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Fourth Challenge Number: 2

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 6 (12 + 06) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 6 brings additional attention to domestic affairs and family-related responsibilities. It is a year of home,

harmony, beliefs, and responsibility.

It also tends to be a duty year, so to speak — being needed in many directions and people making more demands. It is also a year when maintaining harmony in the home tends to matter more. And being neighborly.

There are likely to be enhanced feelings of goodwill.

There tends to be more responsibility, love, self-sacrifice, protection of family members, sympathy, and compassion. And beauty.

Personal Year Number (for 2023): 7 (12) + (06) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 7 brings contemplation and introspection.

It's a year with a higher likelihood of personal reflection and attention on becoming ever more perfect — a year of introspection, of understanding more about spiritual nature. There's a tendency to analyze everything, to figure out more of one's life purpose.

There's also a tendency to spend more time alone, by choice, getting acquainted with new inner vistas and enhanced intuition, including a better understanding of personal emotions and spiritual essence.

There's a higher appreciation of quality in products and services, and in honest expression during communication with others.

(feliciabender.com:) The energy of last year was a perfect segue into the internal, contemplative energies of your 7 Personal Year. While you may still see yourself functioning fairly “normally,” this is a year where you will be heavily involved in deep inner work. It's a spiritual year; meaning, you'll have many opportunities to test your sense of spirituality, however you define it. This is a year where your faith and trust could be tested.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter. These texts in between explaining the different parts comes from 'worldnumerology.com', sometimes a different source, then it will be noted. Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and**

dreams that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): B

([676] ezinearticles.com:) This letter indicates that feelings of shyness or being introverted could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy

represented by the letter "A" tends to persist until a project is completed decisively.
([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.
([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

1 on the Mental Plane

Outstanding learning ability, originality of thought, intelligence and energy. You really like to be ahead, in shining armor. But don't place your stake on this, as once you don't see proper reaction to your actions, you can find yourself down with black melancholy. It's much better to rely upon your sense of humor and charm.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

3 on the Emotional Plane

People like you are commonly described as a bit otherworldly. You have your own opinion to what practical, organized and orderly life is, and this rarely coincides with the opinion of others. But you are overly romantic, and have vivid imagination that in practice turns into outstanding ingenuity. These qualities can contribute to success in some creative field, such as writer's career.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

5 on the Intuitive Plane

You are used to trusting your feelings. You probably trust too much. However, when you

consider a subject from every possible angle, it's easy to lose its original image; so, whatever you study, you'd better concentrate as much as you possibly can. Don't waste attention on insignificant things.

(next source:) affinitynumerology.com/multi-dimension-planes-of-expression)

(The First Step to interpreting the multi-dimensional planes of expression calculation results is to note where the preponderance of letters are. Determine which plane(s) contain the most letters. Then, in each plane, determine which dimension(s) contains the most letters.)

For results with the most letters on the Mental plane, the person tends to have mental acuity, ever ready to think and understand. The person tends to have the qualities necessary for big business, invention, and leadership.

With the most letters on the Mental plane and in the Inspired dimension, the person tends to go straight toward their goal without deviation.

(The Second Step to interpreting the multi-dimensional planes of expression calculation results is to note the values of the planes and dimensions with the most letters. For the plane(s) with the most letters, note the "Value" number at the far right table column. Also note the "Value" number for that plane's dimension(s) with the most letters.)

Value of Mental Plane (most letters) - 1

This has already been described accurately previously but let us look at the general meaning of the number in numerology.

1. Alone — There is a sense of being separate, of existing alone. By definition, because it does exist, the essence includes self-determination and self-sufficiency. A leader might feel like this. Descriptive words are self-determined, pathfinding, alone, independent, self-sufficient, leading, and self-reliant.

Dual Dimension of the mental plane (most letters) - 4

4. Pragmatic — The essence includes a sensible and determined approach to accomplishing anything. Goals are likely to include building a secure foundation for the future. Descriptive words are systematic, security oriented, focused, dedicated, persistent, dependable, conscientious, pragmatic, patient, practical, dedicated, and methodical.

(The Third Step is to determine the dimension with the preponderance of letters independent of the planes. Note also the value column of the dimension with the preponderance of letters and obtain the number's meaning.)

With the most letters in the Inspired dimension, the person tends to be more creative and inspirational than practical, modified by the meaning of the value number.

Value of Inspired Dimension (most letters in general) - 9

(Note by me:) It is probably possible to look at the "Grand Total" as something describing you more overarching. The number is always the reduced sum of both the planes- and dimensions- values. This definition is general, not specific to it's position in the chart.

Value of Grand Total - 5

5. Freedom — Expression of a personal sense of freedom is this essence. The expression can have many aspects — impromptu travel, learning new things, wittiness, sensuality, immersion in various cultures, following whim. Descriptive words are expressive of personal freedom, sensual, intense, curious, witty, adventurous, broadminded, dynamic, changeable, and versatile.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

CHALLENGE: Triviality

Air-Swords - Planets: Venus & Uranus

CLUB: The Club personality is concerned with mental pursuits. The spirit of the club is cradled within the mind. Its purpose is to think, study and learn. It is the element of air. Currents of ideas flow from thought to thing, creating the link to the material world.

JACK: Jacks are the experimenters. They are the young visionaries. They are the new kids on the block. Their personalities illustrate their inexperience in the area of life shown by their suit.

JOURNEY OF THE SOUL: Their Soul Card is another Jack, the Jack of Diamond. This emblem is symbolic of the entertainer drawn toward promoting what is known.

In an ideal world, the Jack of Club is a vessel for all sorts of knowledge and spins what it finds into useful threads of ideas for others to enjoy. The soul-nature of the Jack of Club is the harbinger of ideas.

The path of the Jack of Club personality is not easy. Their karma attracts wilful types who lead them down the path of irresponsibility and trivial pursuits. A defensive attitude masks their inner struggles with fear and fight or flight.

At a young age, the Jack of Club learns difficult life-lessons about money and personal family values. Early teenage years are introspective for the Jack of Club, as stressful

physical and psychological experiences shape their character until into their twenties. Life continues with sudden and unexpected obstacles until the vital energy of Mars gets activated, age 26 onward. It is this aspect of their soul-journey that ignites the mind - the club - and gives them the edge they need to forge a path of their choosing. In intimate relationships, the shared vision of a spiritual journey in pursuit of love, knowledge and soulful pleasures is what inspires commitment in the hearts of the Jack of Club.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Nine of Diamonds (metasymbology.com:)

DIAMONDS: Values - Radiance - Materialism

NINE: Service - High Calling

CHALLENGE: Overindulgence

Fire-Wands - Planets: Mars & Uranus

DIAMOND: The Diamond personality has been chosen to illuminate what is value in our school of Earth. The spirit of the Diamond is penetrating, clarifying. It is the element of fire and is quick to burn away the dross as it navigates the path of what is worth and what is not.

NINE: The value of 9 is service. The personality of the 9 is equipped to influence and serve others selflessly- for the benefit of humankind.

JOURNEY OF THE SOUL: Their Soul Card is is the Queen of Diamond. This emblem is symbolic of The Patroness - distributor of material bounty and giver of light – companion to King Sun.

In its most successful state of being human, the personality of the Nine of Diamond is able to provide service to the downtrodden, illuminating their path and providing the resources they need to thrive.

9 of Diamond personalities are gregarious and they make great orators. A candid demeanor is often a result of psychological stress experienced during their early childhood years, for which they develop a healthy dose of humour (dry) to overcome, and charm to get by.

They feel it is their calling to help those less fortunate, and champion the rights of the underdog. This quality makes the 9 of Diamond one of the most generous and philanthropic cards in the deck.

In their negative state, 9 of Diamond personalities are resentful of the power they feel they should have, but don't. They are spendthrifts and loners. Their generous soul-nature is lost to self-indulgence, further straying from what the soul has come to learn. In their heart of hearts, all 9 of Diamond want to give.

In love and intimate relationships, the 9 of Diamond want to feel mentally connected with their partner. Take note! Deep and meaningful conversations do for this card what wine and song do for most.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Seven of Spades

(metasymbology.com:)

Spades: Physical Environment - Work - Higher Self

Seven of Spade Meaning: Wisdom and Self Mastery

Karma for the 7 of Spade: Material Discontent

Earth-Pentacles - Planets: Jupiter & Uranus

The 7 of Spade are friendly people and quick thinkers. Illness may come through worry over business - or the stress that stems from a frustrated desire to live beyond their means.

All 7's have come to learn how to use their power. For the 7 of Spade, their heritage of power is often misdirected to a longing for magnificence until they awaken to the treasures of wisdom stored within the memory cells of their magnificent, higher-self.

The Seven of Spade have the memory of an elephant, and a perceptive understanding of what make people tick. They are acutely aware of the world around them and make excellent psychologists, writers, and world-travelers.

They will work quietly, often secretly, and are willing to remain behind the scenes. For this reason, they are valuable in secret service.

7 of Spade have many friends but few loves. They are generous and fun-loving and make excellent travel companions. In business they are honest and reliable and willing to serve for the greater good. When in love, they are faithful and romantic!

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Two of Clubs

(metasymbology.com:)

Clubs: Mind - Communication - Ideas

Two of Club Meaning: Sharing of Ideas

Karma for the 2 of Club - Fear to Cooperate

Air-Swords - Planets: Saturn & Uranus

People born under the Two of Club must strive to learn the art of cooperation. Most 2 of Club put up an independent front which make them appear defensive or uncooperative when in truth, they are afraid of being misunderstood.

KARMIC CHALLENGE for the Two of Club: Belief in a Higher Power

All Two of Club are clever and quick witted. They never lack for an answer, and can be very opinionated. They protect the ones they love, and are generally well protected when it comes money.

Fear is a big factor for people born with this Card. They must learn to trust in themselves

and find an outlet for their keen, penetrating minds. Two of Club people also have an uncanny ability to ferret out the information they seek, and make for great detectives! In relationships, the Two of Club like to be playful and they are known for their romantic creativity.

After age 91 the cycles repeats.

Cosmic Lesson Card: Two of Spades

(metasymbology.com:)

SPADES: Physical - Work - Wisdom

TWO: Collaboration - Unity

CHALLENGE: Sharing

Earth-Pentacles - Planets: Mars & Neptune

SPADE: The Spade personality is geared toward work. It is the earth element and does not easily yield to pressure. The world may crash down around them, but if the spade personality is engaged in their work, the world will be just fine.

TWO: The value of two is cooperation. The personality of the 2 is drawn to experiences that give them a chance to learn that value.

JOURNEY OF THE SOUL: Their Soul Card is the 6 of Spade. This emblem is symbolic of a debt that needs to be repaid in the area of work.

In a perfect world, the 2 of Spade demonstrate the qualities of fairness, balance and equality. When these qualities manifest in the working lives of the 2 of Spade, they achieve success along with their most coveted prize of inner peace.

Their demeanor will either disarm you or put you on the defensive. They have a sense of mischief and fun-loving gaiety, but prefer to appear conservative.

Two of Spade can make a lot of money in technology and property. Their magnetism also serves them well in the entertainment industry.

You can always count on the Two of Spade to commit to the task at hand. They are stable, dependable and hard workers, though not so easy to work with. It is their challenge to find the balance between complacency and willfulness.

In love, they seek meaningful, long-term relationships. Mental rapport is high on their list of requirements and you will always know where you stand with a 2 of Spade!

Cosmic Reward Card: Four of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Four of Diamond Meaning: Good Fortune

Karma for the 4 of Diamonds - Overcoming of Self

Fire-Wands - Planets: Venus & Neptune

This is considered a card of luck and good fortune. Thus, the 4 of Diamond are inherently protected, but only if they are making diligent and concentrated efforts in their lives. When this is lacking, poverty and failure - in varying degrees - are the sure results. A life of leisure is just not part of their life plan!

Karmic Challenge for the Four of Diamond: Discontentment and Dissatisfaction

The importance of work is stressed for all 4's, and this is especially true of the 4 of Diamond. There is a tendency to become dissatisfied with their careers, and they will either move from one job to the next, or stay in a menial position, stuck and frustrated with their lot in life.

On a personal level, those who know a 4 of Diamond will agree: this is by no means an easy card to deal with. They can be very defensive and stubborn. They are known to rebel at the restrictions imposed by relationships, work and life circumstances. On the other hand, when a Four of Diamond person chooses to switch on the charm, resistance is futile!

Basically materially oriented people, there is an underlying spiritual interest which should not be neglected! They are also extremely intuitive.

Cosmic Moon Card: Eight of Hearts (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Hearts: Emotions - Relationships - Love

Water-Cups - Planets: Jupiter & Neptune

Charismatic Empowered Domineering: All of the 8's feel empowered and emboldened by the meaning of their suit. The HEART suit symbolizes our social and emotional needs. Thus the 8 of Heart seek power and control in matters of the heart!

It is true, all 8s feel the need to control and dominate, and when the Eight of Heart are engaged in love and busy with their relationships they are truly at their best. But unless the 8 of Heart manage to find their true love, they have a bad habit of racing through many loves, leaving a trail of broken hearts in their wake.

The 8 of Heart often find themselves having to work really hard for their money but they do have the protection of Saturn and there will always be enough security to get by.

Then there are those 8 of Heart who apply themselves to big business and end up being wildly successful in large organizations.

To make the best of their life pattern, all 8 of Heart need to be in the drivers seat - while at the same time - being careful not to bully others with their intense emotional power.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Justice (8) Oc

North (White) glyph: Support / Comfort

Day Sign: Dog

/ Oc (Yucatan) / Tz'i (Kiche)

Oc is a cooperative, loyal and helpful day-sign. Consistency and commitment characterise persons born under it. They have a strong group instinct and will stick by their allies in times of trouble.

They are good team players, usually very creative, and strive patiently to fill authoritative positions. They instinctively know where they and others stand in the social ranking of any given situation, and this understanding allows them to be patient and to wait their turn for leadership.

They know how to inspire loyalty in others because they have such a good understanding of it themselves. They also like to roam, but not too far from their territory. Oc enjoy short distance travel what they can do with a car or a boat.

They enjoy monitoring their territory and have a strong interest in their neighbourhoods. They require much variety in life and find the arts, especially music, rewarding.

They approach their art form as a craft to be learned and mastered, and they are often technique conscious. They may also be creative in the social and political arenas. Their father, or father figure, often makes a strong impression on them, and they may either benefit through him or struggle over power issues and independence.

For Oc, life is about achieving emotional maturity, and it is often through understanding

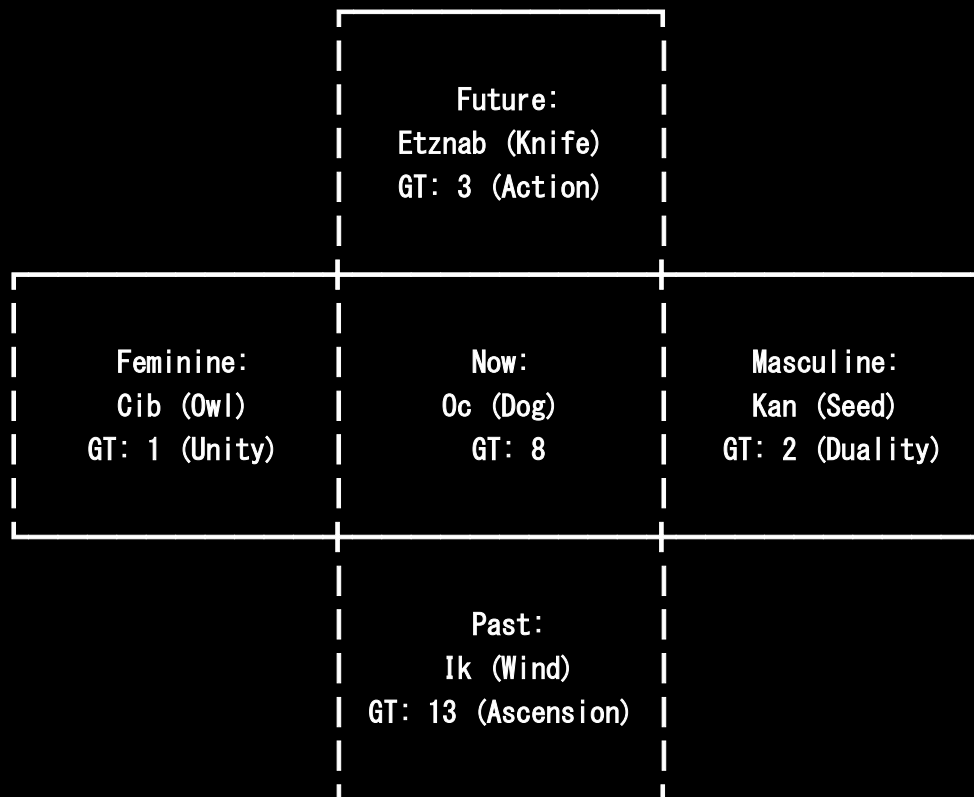

the father, and authority in general, that this goal is achieved.

Challenge:

Lack of emotional maturity; father related/authority issues.

Solution:

To learn patience followed by acceptance of direction from others, when it is needed.

Four Directions

Of all the day-signs, Oc has perhaps the most questionable reputation. Its natives are said to be extremely sexual in nature; they are sometimes even called "fornicators or adulterers".

Observe for a short time the behaviour of Oc's to see why these individuals are believed to be so libidinous.

Their totem, the dog, is a creature whose sensual instincts overflow in every direction without inhibition. According to tradition, the same is true with people born under this day-sign. Of course, there are number of day-signs that have a similar love for such worldly pleasures, but only Oc has the distinction of owning pleasure loving Kanas its right hand power and lazy, sensual Cib as its left hand power.

Oc's lust for love, life, and sensory delight hems it in on all sides. Sensuality also means a love for, and consequently a friendship with the world of the senses.

The Book of Chilam Balam of Kaua refers to a native of this day-sign as "the adorned one, of the easy life". Oc people are frequently able to surround themselves with the pleasures they crave.

Oc's unbridled love of luxury is, at worst, motivated by a selfish hunger to consume everything in sight.

Oc natives have the blustery Ik as their past sign, and the Ik's hurricane of ego combined with Oc's dreams of pleasure can lead to some fairly greedy scenarios. It can also lead Oc into the midst of conflict, as indicated by the day-sign Etz'nab, which is the future sign for these natives.

A cursory look at the day-signs that make up Oc's personal tree of life may lead some of these natives to doubt whether there's any hope at all. Are they condemned to reel from one sensual thrill to the next, always seeking more? (Some Oc's, of course, will think this is a great way to live!).

Many Oc natives doubt themselves almost constantly, but doubt, one of the negative meanings of this day-sign when it appears in a divination, is the opposite of certainty or faith. This duality of doubt and faith reveals the most positive aspect of the day-sign Oc. In Mayan and Aztec myth, the dog was the creature who, carrying a torch to light the way, guided souls through the underworld. The dog is a universal symbol of unquestioned loyalty, and in this particular instance, of unquestioned faith. Whenever we journey through the darkness of our private underworld, we take a path upon which logic and intellect are of no help. Only an unquestioning faith can light our way through the interior darkness so, like the sun, we may emerge upon some other dawn.

Oc natives have this quality of faith. It is their greatest asset.

Clearly, these people live close to their instincts. The unconscious force that endows them with their notorious sensuality is the same power that gives them that most precious of all human qualities; the faith to prevail.

Justice

- * Patterns
- * Work
- * Creativity
- * Working with joy
- * Justice
- * Harmony
- * Balance realized as substance

From simplicity to eternity, the 8 energy organizes everything that exists. You have strong organizational skills and you weigh all possibilities with clarity before you reach the balance point. One of your strengths is being aware of basic patterns that emerge in life. You are born with a curiosity to understand patterns and systems that underlie the world around us. This makes you quite an intellectual type. You like going deep and wide in any subject you are studying.

The main intention you have is to bring balance and harmony into your life.

Understanding the patterns and the systems, you can easily weight where the balance is

lost, what needs to be adjusted in order to bring the harmony back. This goes for everything in our collective life, as human species on this planet. Understanding the cycle of life and what it entails helps you bring principles, balance, and justice.

Trecena Sign: *Night*

/ House / Akbal (Yucatan) / Aq'ab'al (Kiche)

Beneath the 1-Akbal surface personality is a deep need for very secure foundations. These security needs may be intellectual, as in science or religion, or they may be material, as in possession of valuables.

Whether or not such persons seek mental or economic security, they are also usually people with high standards to meet and uphold.

Night Lord: 2

These types are dedicated to their work regardless of whether they are employees, run their own business, do volunteer work, or merely do work around their own homes.

G2's sense of responsibility is quite high. Others may perceive them as obsessive and compulsive and inclined to do more than needs to be done.

G2 people are hard workers, stubborn and often quite thorough about attending to details.

Personal sacrifice comes naturally to them and one of their most basic reactions in any situation is to stand aside for others who assert themselves.

G2's are ambivalent about being the boss, and they manoeuvre themselves into jobs or situations where they can take orders from above. Most people see them as polite, accommodating, considerate and respectful. An important life lesson for G2 types lies in making their personal sacrifices meaningful.

Another lesson comes from learning to focus their tremendous capacity for giving. Their dark side lies in excessive self denial.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Venus conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Aspen Tree

Strong keywords: Energy, Enthusiasm, Health

Weak keywords: Instability, Distractibility

Tree variants: Fig tree, Male fern, White poplar

Birthday:

11 June – 20 June

11 December – 20 December

Characteristics and Personality

People under the rule of Aspen have a very varied life. They have adventurous character that often goes hand in hand with diverse abilities. They can do everything with great enthusiasm; they are able to sacrifice everything for a thing or a person. They do

everything with all their energy and vigour. Just as aspen trees, these people are able to cope with harsh conditions and still shine, but when someone just as successful or even more successful appears at their workplace and threatens their position, they are about to break down.

When they run into problems, they either give up easily or they deal with the situation, but their reactions are not adequate. They often underestimate their problems, they believe that the problems will always solve themselves or with the help of their friends. They do not have many friends because they are not too involved in society. On the other hand, they are quite popular among people, because they have a good sense of humour and they can pay compliments at the right moment. If they are successful and do not feel threatened, they can be excellent companions and workers.

Although people born under the rule of aspen have many talents and a good sense for business, they are usually not rich because they are rarely able to use their abilities to their advantage. They often change many different jobs and they find it hard to find work that satisfies them. Certain instability and the inability to concentrate on a single goal often hinder very fast development of these people. They are equipped with an artistic talent, but they usually lack the patience needed to become successful in the world of art. However, if they are at least a bit determined to succeed they will achieve what they want in their life.

Due to certain shallowness, they are usually not steady partners in love and marriage, but they love family life, they understand children very well, and they are usually very fond of animals. Nature often gives Aspen people physical beauty and youthful appearance, which they keep until old age. Their hobbies include sports, dancing and travelling. Maybe that is the reason why they are usually relatively healthy. However, when they get sick, they are prone to intense high fevers.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

Summary:

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

Self-confident charmers

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

The negatives

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

Challenges: Detachment and stubbornness;

Advice: Be careful about hiding emotions in plain sight.

They are pretty straightforward

Individuals having Moon in 2nd House are very materialistic and need financial security more than anything. Their emotional happiness is strongly related to how stable their future seems. People having Moon in 2nd House are reserved and deep. They would do a great job putting all of their thoughts and impressions into art pieces and being really appreciated as people of culture. They are eloquent and smart, but they simply don't want to express themselves because they're focusing on something else.

When sexually frustrated, they may be cold and very mean with their partner. Spending all of their money on a comfortable home and on making their family feel good, they will also pay a lot in one shopping spree, especially when feeling insecure and lonely.

But you can be sure they'll have enough put aside for dark days. Don't think that if they're so good with money, they won't accept to live on other people's shoulders and be freeloaders. because Moon in 2nd House people can be masters at this.

But there are also many of them who happen to be the ones who support their loved ones financially, being for many years the rock on which others count whenever needing financial support.

Because the Moon is involved here, it makes them good at care taking, cooking and

even nursing. So not all of them will be business people; some will make a living by being nurses, teachers or chefs.

But no matter what they do for a living, expect them to be emotional when it comes to money and to have a very emotional point about it in the Moon's position in their chart.

They strongly hold on to those they love because they need to be constantly admired and offered love in order for them to see how much they're worth.

When it comes to emotions, they don't respond as fast and accurately as others because they're deliberately not expressing themselves. True collectors, the possessions that remind them of their past are very important to them and they have many antiques at home or at their workplace.

It's normal for natives with Moon in 2nd House to keep everything they own in the family and to not share with those who are outside their close circle. The way they adapt to new people and situations is strictly related to how the Moon changes its cycles, while the association with the Water sign Cancer makes them intuitive and sensitive.

Considering the placement of the Moon in this situation, all of these traits can be quite useful for them. For example, they could determine what others want from them by using their intuition and this way, they can be the first to deliver.

However, it's important for them to remember life isn't all about money and that possessions don't determine how much a human being is worth.

Keeping this in mind could help them through the most difficult times in their life, and they shouldn't adopt a mood swing in tough moments, seeing the bigger picture instead.

The Moon in 2nd House means they will want to make money in their profession and that their job may be something related to water or the public as they're very good at

interacting with others. It's also possible they'll do something that has them taking care of people.

Their mother or perhaps wife will have a great influence over their finances, bringing in a good salary or leaving them a consistent inheritance.

Being disciplined and as practical as possible with their own money is a solution for them to live the good life. Keeping what they have saved can be a challenge, as they tend to scrimp and to have their emotional life greatly influenced by wealth.

They think of their home as a fortress where they're protected from everything and can spend some quality time with their family and possessions. It's their source of emotional stability and where they can enjoy a good life.

Feeling extremely weak when someone or something threatens the place they live in, they may believe their entire persona has been messed around with, and there's no other place in the world where to feel safer.

Everything about the individuals having Moon in second House is centered around their possessions and loved ones.

23°20' Virgo - 6°40' Libra

Short Version [2]

Strength: sociable, perceptive, conversant, independent, motivated, high-spirited, elegant, dignified, judicious, well-read, attractive, well-dressed, drawn to philosophy and social thought, prefers physical expression of creativity such as sculpture, printmaking, business savvy, deep spirituality.

Weakness: arrogant, egocentric, easily bored, smug, argumentative, judgmental, spendthrift, quick to challenge another's view point, unethical, attracted to mates who are exciting; but negligent, lack of integrity.

Overview [1]

- Lord: Mangala (Mars)
- Symbol: Bright jewel or pearl. This represents beauty, opulence, brightness, and glamour. This is sometimes related to the spirit or soul that shines brightly within everyone.
- Power: To gain merit. In the Vedic understanding, merit or good fortune is achieved through acts of virtue and piety.

Strengths [1]

It's usually easy to spot Chitras in a crowd — you have a dynamic energy and striking appearance. Beautiful, fashionable, and charismatic, you are hard to overlook. Social settings often bring out the best in you. Your personal charm and conversational skills make you easy to befriend.

Beautiful things, places, and people attract you. Artistic and creative, you can rearrange anything to make it more aesthetically pleasing. You keep yourself and your space clean and have a great eye for detail.

There is much in the world that interests you. A strong curiosity leads you to keep learning throughout your life. You are well-read and often impress others with your intelligence. It's easy to respect you. Alongside being talkative and social, you have a composure and depth that lends weight to your presence.

However, there's more to you than intelligence and an attractive appearance. You also have the ability to accomplish a great deal. You are motivated and throw yourself into pursuing your goals with energy. You aren't someone that should be underestimated. You have the strength and bravery to stand up for what you believe in and see it through to the end.

Weaknesses [1]

Desire is your primary motivation and you can tend to be self-indulgent. Your sexual desires are especially strong. If you let them consume you, you may neglect other important areas in your life. Since desire is what motivates you the most, you may try to use it to motivate others as well. Be wary of manipulating or seducing others in order to what you want.

Your desires can become more important to you than anything else, leading you to

break rules and act unethically to achieve your goals. As a result, you might not always be honest and can be hard to trust. Your lack of integrity could cause damage when it is revealed.

Arrogance is another struggle for Chitras. It can be hard to be humble when you are so admired, but failure to do so could cause you many problems in your personal relationships and in your own sense of fulfillment. You might come across as smug or shallow.

Skill in conversation means that you always have something to say, but you don't always know when it would be better to remain silent. You are outspoken, often speaking without thinking, and may regret your words later on after it's too late. You tend to be argumentative and may be too ready to give and express judgement.

Things that are too routine can quickly lose your interest — you can get bored with situations, projects, and people. Patience doesn't come easily to you, and you can be easily irritated and are not very good at hiding it.

Mercury ☿ in ♈ Aries man 19° 19'

([884] i.thehoroscope.co)

He takes his sweet time and enjoys certain situations more than others, being often perceived as quite pretentious.

As a Mercury in Aries, this man is brash, aggressive, and straightforward with his desires and motivations, never to hide behind shyness or hesitations.

He is always coming up with great ideas that he's not just going to keep for himself just because they might ruffle some feathers.

It might seem like this man loves a good argument or debate because he does everything in his power to initiate one. Moreover, he's very dynamic and unrestrained even outside of a discussion.

In a nutshell:

Positives: Disciplined and responsible;

Negatives: Narrow-minded and obsessive;

Soulmate: Someone who is observant and kind;

Life lesson: To get less annoyed and more attentive to criticism.

He's the one rushing to speak first

The Mercury in Aries man does not have time to waste on mere parlor tricks and small talk. He can do that all his life and still not achieve his potential and goals.

His lifestyle is not based on discipline, responsibilities, planning and getting to know the competition before committing to a course of action.

He takes the time to bring himself up to speed with all the innovations and technological discoveries, news on the market, all in order to increase their chances and avoid the loss of time later on.

Queues and waiting for someone who's late are literally ruining his mood in the worst way, sucking away all his energy. Generally, he's the one who rebels against authority.

Whatever they think of first, that's the idea they're going to present to everyone as being the winner, having the most potential.

Observation and analysis are two foreign words for these natives. Fast-forward two days later and the idea turned out to lack finesse, it was rough around the edges, incomplete.

Moreover, the Mercury in Aries man will rush to speak first, seemingly in a hurry to spread their ideas to everyone else.

Verbally, it's a real cumbersome activity having to listen to them talking so fast you don't even have time to follow the general outline. However, they are very fun and enthusiastic enough to compensate.

The man born with Mercury in Aries will first listen to his own gut instincts, and the decisions he takes are as good as put in to practice.

No matter what everyone else says, he's going to keep on going at his own pace, following his own rules, living life as he sees fit.

Criticism will only serve to annoy and get him to stop what he's doing to concentrate on getting you out of the way.

A comfortable and pleasing life is all he wants, and if you want to mock that lifestyle, it's your funeral. This doesn't mean that he doesn't admit his own flawed nature, the mistakes he's done.

He will naturally exude an air of authority and dominance all around him. It gives the impression that he knows what he's talking about, even when he doesn't, that he can be the one to solve the problem, finally.

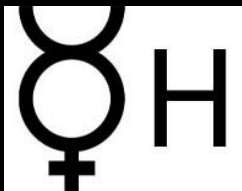

He has a commanding voice and confident attitude, demanding to be listened and obeyed.

As team leaders, the Mercury in Aries man will take everyone up to the next level, upgrade their skills, motivate them with his unceasing impetus, and lead them toward success.

However, he does have a nasty tendency to leave his projects half-finished because he comes up with a totally different idea that he wants to implement immediately.

He does, in fact, want to become superior to the man he was, and for this, he is ready and willing to sacrifice a lot.

Mercury ♀ in IX 9th House

([916] i.thehoroscope.co)

This placement of Mercury prompts one to be the eternal wanderer, the permanent student of life and to never get tired of experiencing new things.

The Mercury in the ninth house birth chart aspect is associated with the desire to know, to gather knowledge and to expand one's mind beyond the confines of the norm.

These natives are going to likely become writers, reporters, scientists or ideologists. Seeing how they have such firm ideas and principles, accumulated through endless debates and painstaking researching efforts, it's obvious why their words have a great impact on everyone else.

Summary:

Strengths: Analytical, observing and generous;

Challenges: Cynical, cautious and aloof;

Advice: They should put greater effort in understanding others.

A great mental capacity

We can safely say that there is no one who can match these natives when it comes to intelligence, natural curiosity, cultural knowledge, and pretty much anything associated with the development of one's mind.

This aspect combines Mercury, the planet of communication, with the ninth house of higher learning, of intellectual stimulation. This can only be called the luckiest and most unfair (for how lucky it is) coincidence.

These people are endowed with analytic and observational aptitudes, great adaptative powers, and a great talent to solve problems with little to no effort.

They find it very refreshing to talk to people, share their ideas and convince others of the veracity of their claims. It's very fulfilling and satisfying when others change in good as a result of their advice.

These 9th house Mercury natives are the eternal wanderers, the permanent students and people who genuinely believe they always have something to learn, that the world is boundless and filled with an immense quantity of knowledge.

They are the people who would instantly choose knowledge or mental capacity if they had a choice to be offered a boon.

Philosophy, theology, science, ethics, and existentialism, are but a few of their interests, some of the most expansive and interesting.

If a journey has to be made, great efforts have to be put at the altar of knowledge, they will not hesitate. Moreover, the truth has to be anchored in logic and reason for them to perceive it as such.

They will never get bored or ever stop learning because it's such an interesting and fascinating thing to do. Absolutely everything in this world, even the simplest of things, hide immeasurable interesting things within it, untold mysteries that no one knows of.

And they are interested in these potential explanations, in the insight that you get once you research something for long enough.

Enthusiastic, searching for inspiration, they are capable of seeing the grand scope of things, to use their knowledge for good, to solve problems and offer advice.

The positives

Mercury in the 9th house natives are efficient in society, good at making decisions, resistant under pressure, and an invaluable contribution to any project or a joint effort.

They know what to do and how to do it, regardless of what it is, and you will quickly learn to depend on these people for pretty much everything.

They are adaptative and flexible so that nothing really surprises them. They are also a source of inspiration, an ideal to follow, someone to look up to because of their

incredible thirst for knowledge and lifelong achievements as a result of this trait.

They're different from the other people in that they are open to anything new, to changes and transformations, to cultural enrichment.

Traditions and societal regulations, stereotypes or narrow-minded approaches mean absolutely nothing to them.

These people are unique, broad-minded, flexible, tolerant and interested in knowing everything, in establishing healthy relationships with other cultures and learning other languages.

It's highly possible that these natives will choose to become teachers, spiritual advisors or people who guide others toward the truth.

Their knowledge, curiosity and communicative nature make them perfect for this position.

They are not only able to do this but also quite keen on sharing what they know with others, in an attempt to change and illuminate the minds of everyone else.

They want to inspire others to aspire for more, to overcome their limitations and reach for the skies, to achieve their full potential.

Obviously, they tend to perceive the spotlight as a natural birthright, and there is no lack of arrogance or self-confidence.

Religion is also one of the domains where they could actively involve themselves since theology is a great field of knowledge that they have surely researched about.

However, they will need to seriously analyze themselves, to discover whether they are ready to pursue this path with all honesty and purity of reason.

Otherwise, if they are still plagued by egotism and arrogance, it would be better to let it go.

The negatives

One of the downsides to being so interested and passionate about learning and accumulating knowledge is that they often dismiss things as unimportant, put them on the backburner and ignore them, just to pursue their interests.

These are the details of day-to-day life, the chores, and responsibilities that one must do. They just can't pay attention to the little details or seriously take them all into consideration.

They only have so much focus and concentration power that they choose to direct toward the more important or pleasing goals.

It's advisable for them not to take any decision before thoroughly analyzing and doing a solid research. Facts are essential to an educated decision.

Because they are still human, with only limited potential and only so much memory to put a limited amount of information in, they will choose to specialize in one given domain, one that they excel in.

Sure, they do have a ton of knowledge on absolutely everything that you can think of stocked in their brains.

There's simply not enough time to become adept in multiple subjects because, to them, excelling in something refers to something completely different than what most people think of.

There is also the danger of turning principles and ideas into ideologies, being stubborn and preaching in order to convince people of the veracity of their claims, without taking the time to take their beliefs into consideration.

Understanding, tolerance, humbleness, and open-mindedness toward other opinions are all needed in order for the Mercury in 9th house natives to reach for the skies, but the potential is surely there.

He doesn't even want to hear her swear or get down to that level of degeneration. Most importantly, he wants her to be balanced, to know how to react in certain situations, and to try to uphold a sense of fairness in everything she does.

He will know when to compromise and when to ask for more from her, but in general, he will try to fulfill all her wishes and desires.

Even though he's been looking for the perfect relationship ever since the beginning, this doesn't mean that he didn't go through disappointments.

He's very giving, and he offers quite a lot of his time and affection to a partner. The Venus in Libra man feels like he can't ever find his fulfillment without a lover, a soul mate, without sharing his life with someone who understands him at a deeper level.

He sees his satisfaction and happiness in the reflection of a couple, and all the experiences shared together are just like clouds from paradise. A long-standing relationship is the only thing he'll commit to.

He doesn't hesitate or beat around the bush. With romantic gestures, he expresses his feelings from the get-go.

Of course, he is very concerned with how he appears, and how his offerings will be perceived, so he tries to put on his best appearance. This isn't a problem, in general, because he has an innate artistic sense for beauty, an aestheticism that goes a long way in putting him miles away from other competitors.

His vitality and enthusiasm are endless, and he will forcefully try to involve himself in social events, bring his friend around for some fun, and convince his beloved to accompany him on such an adventure.

When he's looking for the right girl, he might leave havoc in his wake, sexual one at that, because he's a really hot-headed individual who wants to please his senses.

Intense and passionate about it when the moment is right, and cold when he gets bored, he's quite the player, but he's looking for an easy-going and light-hearted woman.

Because they find their fulfillment and ultimate satisfaction in a relationship, they will try to maintain it on the floating line, to never get to a point of no return.

That's why the Venus in Libra men will hate arguments, conflicts, aggressive verbal debates or insults. They will instead praise their partners, compliment them, take care of them when they're feeling down or sick, and will generally be very kind and generous.

And just because they have a very advanced artistic sense, they love beauty and hand-crafted things, they might be a little superficial and spend a lot of money, but it's all good as long as they don't end up bankrupt.

Attracted by ...

He's very attracted by elegant women with good tastes in clothing, the kind who know exactly how to use all the elements at their disposal to look their best, with an air of mystery and charm hanging around them.

She must be feminine, cultivated, free-spirited, and it would be great if she had the basic rules of politeness fixed. Aggressive and overly-energetic women tend to be conflictual, to be emotionally unstable, and so he would rather avoid such women.

He wants to have a balanced and tranquil relationship, filled with plenty of sweet moments of love, affection, and compassion.

Arguing about the stupidest of things or entering a conflict just because you decided to buy something without asking her are the least things he would want. In general, he will try to save the situation before it gets too far, and he's very good at it.

With grace and charm, as well as a persuasive attitude, he manages to defuse almost all problems before they explode.

It's a good idea to take this man out to visit some cultural attractions like a library, a museum, a natural park, somewhere where you two can have lots of fun.

In conclusion

His greatest strength and advantage revolve around the fact that he strives for balance, for equilibrium, both in his life and in the lives of others.

Personally, he will make a lot of compromises to avoid sticky situations or problematic arguments, at the same time trying to make their partners happy and fulfilled.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

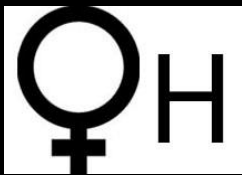

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

every little thing happening in their life.

Since Gemini rules the 3rd House, they will most likely be very attracted to this sign and, just like its natives, they are the type who enjoys playing with words and their meanings.

They feel the happiest when analyzing the mind of their lover, so if they get bored with the way someone thinks, you can be sure they'll leave the relationship altogether.

Their other half needs to have a rich imagination, to want to learn and to evolve, or they'll immediately start looking for someone better to fill the emptiness in their life. It is possible for them to have long-term relationships, but only if Venus is satisfied through other means like their career and hobbies.

When meeting someone with the same interests as them, they become completely fascinated and want to know more about that person.

As said before, their way with words is fantastic, so they'd make great writers or politicians, depending on how sociable they actually are. Flirtatious and always using their cleverness to attract others, they could make it as poets, too.

They're always complimenting others and giving their best to bring peace. Seductive to the point of hypnosis, they can talk anyone into thinking they're in love with them.

Venus' position in the 3rd House indicates they want a big family and to develop relationships of friendship with their children or spouses.

Venus ♀ - Ruled by Libra (& Taurus)

([871] southfloridaastrologer.com:) The most authentic expression of sensuality and beauty is experienced when Venus is in Taurus or Libra. These two very polite and considerate signs are at home expressing their sensuality and beauty when Venus is in Libra or Taurus.

Mars ♂ in ♏ Pisces man 23° 55'

([979] i.thehoroscope.co)

He is very attractive and cares for himself so he is often very well received in most social contexts.

The Mars in Pisces man is very sentimental, intuitive and flexible. He can cater to your every need and he can transform into the perfect lover, depending on the expectations set on him.

He's spiritually inclined, and he's fascinated by the possibility of other higher planes of existence. He will fill your head with these ideas right from the start, so expect long discussion on this subject.

In a nutshell:

Positives: Exploring and charming;

Negatives: Impulsive and distracted;
Soulmate: Someone who will focus all their attention on him;
Life lesson: To respect those close and to trust them more.

Commanding respect

These men are idealistic travelers who want to experience the world as little as possible, or at least they want to avoid the responsibilities and problems associated with it.

They are introverted and affectionate, emotionally sensitive and even vulnerable in some respect. Always overthinking, planning, simulating countless possibilities and potential avenues in their head, the Mars in Pisces men create their own problems most of the time.

Even when you would expect them to explode outwards in anger, you'll only get an annoyed stare or a "humph" said in silence. They avoid direct confrontations. Instead, they take out all the accumulated stress on themselves.

The man born with Mars in Pisces can and will become depressive, sad, uncertain and afraid to take some decisions. Romantically, he will go through a lot of disappointments because of this inherent uncertainty and insecurity. He has a naïve perspective, only seeing the good things about someone, choosing to ignore the potentially destructive flaws.

He is very strange in this sense because he often chooses to be in a self-defeating situation, only to pass through another disappointment, to feel anguish and grief fill his soul.

He's not a masochist though because he expects future moments of joy to be amplified precisely because of the present sadness.

Physically and psychologically speaking, he is attractive, looks as though he needs someone to care for him, and he is generally well received in any social context. Women like his sensitivity, but they worry about their self-destructing tendencies.

These natives may get involved in physical activities from time to time. This is to say, they will gladly decide to start playing football or take on learning karate, if the opportunity arises.

One thing that is to say about them in these circumstances is that they become totally devoted to their goals.

Once a decision was made and people depend on them, they will focus all their attention and efforts on doing their job properly. Boasting doesn't suit them at all. Actions are better demonstrations of their potential.

Victimization, self-pity, self-defeating tendencies made with willful determination. This is the Mars in Pisces man in a relationship, the barest principles of his psychology.

He even believes his tragedy is admirable and should be respected, something that others can't understand and can't achieve. When others offer to help or support him emotionally, he refuses, believing he's actually doing himself a favor. Being fake is also another destructive flaw.

Because he wants to make his partner happy, he's willing to transform himself, to become exactly what the other is looking for, often against his better thinking. In the long run, this will clearly make him unhappy and depressive.

A sensitive and affectionate lover

He is very concerned with what he "should" be doing as befits a masculine figure in today's society.

He's more than willing to give up on his desires and wishes if they don't ascribe to the principles of a stereotypical man.

Moreover, his predilection towards overthinking manifests again in his tendency to emphasize the opinion of others. He cares about what others think about him, and this is why he often changes his approach.

Romantically, he wants the woman to approach him however she believes is right and comfortable. In the past, he suffered a lot because of break-ups, and now he prefers to take it slow and steady, with certainty.

Basically, when he is in love, the Mars in Pisces man will accommodate his partner's every desire and need.

Does she need a sensitive and affectionate lover who listens to her sorrows and supports her unconditionally? Good, he can do that just fine.

Is a masculine, more dominative and aggressive partner better? It's a bit more difficult to do that, but not impossible.

He's not one to voice his demands or anger, even if he's being used, and this turns him into a doormat pretty quickly. His ideal partner is communicative, thoughtful, affectionate, and cares a lot about his happiness and satisfaction as well.

In conclusion

The Mars in Pisces man is excessively emotional and puts a lot of importance on being sensitive. He easily gets hurt by the flimsiest of things, and this is not just because he's

naturally more sensitive than most.

The fact is that he has unsolved psychological traumas unsolved, past disappointments that he still keeps alive deep within himself.

He loses his self-confidence and trust in himself as a result of trying to fulfill everyone's desires.

He wants his partner to see him as perfect, the ideal partner. He just wants to be accepted, to be appreciated for who he is, and the person who manages to see through this façade will find his relationship blooming.

He's very imaginative and creative. He will know exactly what you want to hear, what makes you happy, and what you don't like. His intuition can only amplify his efficiency in this regard.

He might begin wallowing in a sense of uselessness, believing himself to be incapable of some things. He starts losing his willpower and ambition, and he is more liable to take on vices to drown his sorrow, to escape this sense of despair.

He needs to take a step back and recharge his batteries, refill his vitality, take a breath of fresh air and forget about the past. The future is bright, and he has a lot of potentials to succeed.

As a matter of fact, one of their main purpose in life is to find the power within themselves and to live at their full potential.

People with Mars in the 8th House have this planet position where the ruler of sharing resources is. This means they would be interested in seeing how things work and easily deal with new ideas.

The more hidden facts they'd have to discover in what they do for a living, the happier they would be at work. Only money can bring them down and interfere with their relationships because they tend to keep their earnings private and separate from their spouse.

Practical aspects

Being very intense about what they want and like, Mars in eighth House natives are also very possessive. Life may cause them to not have love or enough money just to teach them a lesson on not holding on so tightly.

They can immediately spot a liar and have a way of making up for the karma of their past lives by sharing a lot of what they have with those who really need it. It's possible for them to remember many sexual encounters from their teenage years, which will influence their love life as adults.

Mars positioned in their 8th House means they have a lot of traits from the Scorpio. They will probably experiment with true passion only after their thirties, but you can be sure everything will be magical as soon as they will.

Terrified of getting cheated on or being betrayed, they would never trust someone from the first encounter.

This placement of Mars is about the House of sex hosting a planet of action. This means the natives of it will not hesitate to make a move when sexually attracted.

When it comes to the bedroom, they have incredible energy, the only exception being Mars in Gemini in the 8th House, according to the famous expert in astrology Bob Marks. In this situation, the natives would be more passive as far as lovemaking goes. They would rather talk than feel the pleasure of sex and satisfy their lover.

Since the eighth House also rules over money, people having Mars in it are impulsive when spending and can end up broke after visiting the mall.

They will be in debt to their credit cards and banks or even spend their partner's salary on what they think would look interesting in their home. This means they'll have many quarrels over finances and even get very upset with their siblings over inheritance.

Very passionate and intense, these people have a strong emotional side and think of death more often than others. They are the type who will be bold and strong at an old

age, when death will stare in their eyes.

However, they can also feel sometimes that fate is cruel with them. The 8th House being all about drama, tantrums and crises, they are very tormented by the thought that their loved ones want to betray them.

The same House rules over intimacy and what people carry with them in their consciousness regarding love. With Mars being in one of the Water Houses, this placement's natives' feelings are very intense and deeply rooted in their unconsciousness.

The courtship with Mars in 8th House people has a dark side and their marriages may have many problems like domestic violence, sexual abuse and obsessions.

It's like love with them is more about suffering and pain. It can be difficult for their partners to admit they're with someone who's rather destructive and at the same time terrified of getting abandoned or being lonely.

When Mars is in the 8th House, individuals with this placement may live a dangerous life and even risk their life very often.

Their main challenge in life is limiting themselves and becoming less vengeful, manipulative or eager to obtain power. The more they ignore their Mars, the more they'll manage to be less angry.

Sex is very important to them, but Mars in the eighth House gives it a dark side. Powerful, passionate and competitive people turn them on, and they usually rely only on their instincts when having to make a decision.

The downsides

Mars in 8th House individuals get rapidly attached to others, so they need to learn how to let go and to allow their lover to be more independent. Their possessiveness can be very bothering and their intensity a real problem, because many will be overwhelmed by them.

The passion in their heart can sometimes make them less practical and incapable of seeing the big picture.

They usually only focus on details and pay too much attention to what's happening to others, not wanting for their loved ones to even smile when not in their presence.

If Mars is in an adverse aspect, they can be so jealous they're always imagining their partner is cheating on them.

Mars in the 8th House in a nutshell

Looking at all the predictions about people having Mars in the 8th House, you can see how these natives have to trust their partner more and to allow him or her to have more space as an independent lover is still a devoted one.

It's a good thing for a person to have many interests, because he or she can learn more about the world. If Mars in 8th House natives directed their passion towards something constructive, they would be much happier.

They usually want revenge when a person crosses them, being capable to hold grudges for a lifetime. If someone just says something wrong, they see it as a huge betrayal and no one can ever change their mind. It's difficult for them to trust others, but they surely do it more intensely than others.

Jupiter ♃ in ♓ Pisces man 6° 47'

([1004] i.thehoroscope.co)

If you have Jupiter in Pisces you are using your intuition to achieve what you want.

People with Jupiter in Pisces are intuitive and good healers because they play with the subconscious a lot, whether their own or that of other people.

Jupiter has no limits and the Pisces sign is empathetic, so it can be very easy for people born with this transit in their natal chart to get lost in what others are dreaming.

That's why they need to set some limits and use crystals or sage that can clean their energetic field. Not to mention they are also prone to different addictions.

Jupiter Pisces will always be the hedonists of the zodiac. The fact that they are also romantic will make them relentlessly search for their true love their entire life.

As they are fascinated by the human mind, they could be great as yoga instructors, astrologist and even hypnosis-therapists. They are also good musicians or dancers. Basically, anything that has something to do with creativity would suit them.

As the second ruler of the Pisces, Jupiter is in power in this sign, together with Neptune. Jupiter Pisces are mystical and spiritual. They could easily guide others towards living a

better life. It's easy for them to support people in their most difficult moments in life.

In a nutshell:

Style: Spiritual and compassionate;

Top qualities: Imaginative, loving and expansive;

Weaknesses: Fixed nature and oversensitivity;

Advice: Pay attention to the explanations of those close.

The impact on personality

The generous Jupiter can make everyone more aware of their consciousness. But because Jupiter is the neighbor of Neptune, the planet ruling Pisces, it's very unlikely the changes this planet can make are going to be very dramatic and noticeable.

However, the transition will bring a quiet type of knowledge, no matter if the natives will meditate or just have a walk. They will probably dream and have visions of all kinds.

It will be a mystery how truth will reveal itself to them. And they won't be able to explain their experiences with the surreal. Either way, Jupiter Pisces will still get great ideas from another plane of existence.

But they will think with their heart, not with their head. We have to gain our own access to the first and most important experiences in our lives. We have to exist as separate personalities to identify our needs.

However, Jupiter Pisces believe more in the wisdom obtained from compassion because for individuality we need to be fearless and less prejudiced. But don't think that if Jupiter is in Pisces, these people's problems will immediately cease to exist.

However, for an entire year while the passage will happen, Jupiter Pisces will be more compassionate, forgiving and balanced when it comes to their relationships with others.

But their artistic side will nourish their soul, while making them more capable to work hard towards a tangible purpose. The more compassionate, tender and devoted Jupiter Pisces will be, the more luck and good things they will attract.

They love to help anyway. It's like they need to give a hand to the less fortunate. Empathetic, these guys can feel others' pain. And all they want is to make things better for everyone. Their imagination and creativity will help them be great artists.

Any occupation involving the art of healing would be perfect for them. Their interest in the occult and fantasies can't be seen in other signs. Not interested in the material world, they're religious and deep. Not to mention they prefer seclusion over big groups.

They don't want to be in the center of attention, so they'll most likely work from behind

the scenes. Sensitive and easygoing, they will probably not have too big ambitions. People will take advantage of them because they are very giving.

But many will like them just the way they are because they have a thing that just gets to others' soul. It may be the fact that they are good listeners, kind people and idealistic dreamers.

Out of all the signs in the zodiac, Jupiter Pisces are the most likely to develop psychic abilities. It can be said they have a large vision and that they are able to understand this life is nothing but a stage for us, the actors, to play our roles on.

Spiritual people, they will most likely know all kind of religious rituals for soul-searching and cleaning. Jupiter Pisces are expansive and want as many people as possible in their life. It's easy for them to get together with others and they are very tolerant with their friends.

No one will be excluded from their life and they will be the shoulder on which everyone cries. And they will understand every problem because they are intuitive and good psychics. They can't stand to see people in pain and are known to get satisfaction from making selfless acts.

Understanding the main tendencies

Being of help makes Jupiter Pisces natives shine as they are empathetic and sensitive, the most nurturing and kindhearted sign in the zodiac. And Jupiter makes them even more like this.

That's why they would be great as social workers, veterinarians, counselors. In general, they feel good when they are helping people or animals in need. Expect them to give a hand to any creature that comes their way with a problem.

They are good psychics, but just like the Jupiter Cancers, they can be insecure about their abilities and instincts. So they may not allow what they are best at to work in their favor.

A negative way in which Jupiter influences them is that they can become escapists and see things only the way they want to see them. They can have these rose colored glasses all the time. It's normal for them to build their own reality and not be able to distinguish fantasy from reality anymore.

When Jupiter transits a Water sign, those affected may try to escape the real world by abusing alcohol or drugs even more than those with the Sun in Pisces. If it happens that both Jupiter and the Sun are in this sign, expect people with this transit in their natal chart to be extremely sensitive to substance abuse.

Not to mention they could get depressed very easily. But after all, they are the artists, the poets and the dreamers of the zodiac. Jupiter helps them dream big, because they are so good with people, you can find them volunteering for the homeless and the poor.

It's their fantasy world and their sensitivity to drug and alcohol that makes them drift away. When it comes to their own good, they may not know what's best for them. When it comes to consistency, they surely don't have it.

But with some meditation sessions, they can become better and even escape what stresses them. If they want to be luckier, they need to be sensitive only when it really matters. Not trying to escape reality would be helpful as well.

The Jupiter in Pisces man

It can be difficult to read the Jupiter Pisces man. Not only he's dual and conflicting, he's also mystical and this will be felt in his love life. As a matter of fact, it may be interesting in the beginning but it can become a problem with time.

The best thing with this guy is to ask him his honest opinion every time. He will always be interested in the deepest life problems and will give sound advice. Because he's a big philosopher, he will often be lonely.

Jupiter will help him develop his relationships with others. Mysterious but loyal, he's also progressive and familiar, especially when he gets encouraged by the Jupiter Pisces transit.

If there aren't any negative aspects with Jupiter in their chart, they'll have no problem with money and inherit as much as they need. But if there will be oppositions and squares with this planet, they will probably fight for finances and may even have to wait for their money to come in.

This can happen especially if Saturn or Mercury are in negative aspects here. If the malefic Mars is also involved, they will be the very aggressive type and even fight with

people for wealth, spend everything they have and not even think about others.

The 8th house is about the money of others as well, so those having Jupiter here may marry someone rich.

However, when this planet's aspects are not that beneficial, they will get money from others and not return them, or they will spend a fortune on things they don't actually need.

All the individuals with Jupiter in 8th house give a lot of importance to sex and are very active when it comes to lovemaking.

They want pleasure and will have deep, spiritual relationships with some of their partners, even taking the sexual encounters with these people to the point of extreme.

Jupiter represents the planet of expansion, so people having it in the 8th house will not care about any limits when it comes to love and sex.

As a matter of fact, they will spend too much time thinking about pleasure that they will lose the meaning of what lovemaking is. They'll be very interested in the paranormal and will try to find out what happens after death.

Very intuitive, it's like they're psychics who could master the Dark Arts like no one else. Not so well-intentioned people won't be able to influence them negatively because they immediately perceive harmful energies and have a good perspective on what to do in order to protect themselves.

It's important for them to be spiritually content and to know they're in power. While power struggles are not at all beneficial for anyone, they may learn from others that the simple life is also enjoyable.

Jupiter in 8th house people are manipulative and don't care if others have strong emotions about them. As a matter of fact, they may use emotional blackmail to obtain loans, convince others to give them money, to have sex and usually to get what they want.

They should try and understand people and also try giving a hand when they can because being trustworthy could have them get what they want in life.

Moreover, they must be careful with their inheritance and plan their finances very well. Investing in a new home and perhaps a new car would mean they've done the smart financial decision.

It's also possible for them to marry people who will help them become wealthy, so they should use all of their Jupiter's expansiveness and become warmer and more attached to the person they have in their life considering all the help he or she offers.

This way, they will present themselves and maybe get the opportunity of a lifetime by getting together with someone who is their soulmate.

With Jupiter in the 8th House, the natives of this placement usually have luck, enjoy their job and have money coming towards them from inheritances and even marriages.

Jupiter ♃ - Ruled by Pisces (& Sagittarius)

([871] southfloridaastrologer.com:) The most authentic expression of freedom and boundlessness is found when Jupiter is in Sagittarius or Pisces. Jupiter is at home when it is in the two signs that relish in going beyond limits and boundaries.

Saturn ♄ in ♊ Gemini man 22° 59'

([1019] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born at a time when Saturn transited Gemini are individuals of rare intellectual complexity. They are very thorough in their thinking, analytic, observant, calculated, and they have a very systematic mindset.

Any problem you give them, it's going to be separated into tiny little parts, deconstructed to its smallest components, and carefully analyzed. Moreover, they can be very curious, and enjoy learning as much as the Sagittarians enjoy roaming the world.

However, these natives are also prone to bouts of sudden sadness and even depression because overthinking comes in, along with pointless worrying, and an exaggeration of the uncertainty in their lives. Saturn's position in Gemini is reflected in the other direction as well, making them realize the potential they have, thus it brings them to the realization that life can be pleasing and fulfilling, too.

In a nutshell:

Style: Practical and adaptable;

Top qualities: Serious, disciplined and caring;

Challenges: Superficial and pessimistic;

Advice: You need to be a lot more patient.

Personality traits

What appeals to other people doesn't necessarily feel very pleasing to the Saturnian Geminis. They would prefer to stay at home and enjoy a marathon of their favorite tv series, to going out in town or traveling around the world.

Work, work, and work yet again, one where they are deeply focused on making calculus, analyzing data, systematically arranging it, reaching logical conclusions, and then testing the data again.

What is unexpected and unpredictable doesn't cater to their tastes and would rather prefer the safety of their own minds, what they can feel and sense.

Communication is a problem though, that they can't fully express their thoughts in straining contexts, such as a speech in front of people, or the feelings toward a loved one.

Paradoxically, the Saturnian Geminis are very imaginative in general, with newer and crazier ideas populating their mind. The thing is, they are afraid to put them to good use.

There are plenty of risks involved, granted, but the potential rewards are also quite appealing. Self-confidence and a realistic self-awareness are all that they need in order to fulfill the great potential hidden within.

A crucial point in their future development as a human being is that they must learn how to better communicate their thoughts. Most of the time, a bad choice of words leads to misunderstandings, arguments, parallel lines of debate that have nothing to do with the original problem.

These natives feel like the world is a place filled with unknown factors, which are difficult to predict and even more difficult to control. They must face it somehow, and the only way they could do that is to detach themselves from all societal expectations.

They won't revolt against the status quo, but they drop all pretenses of a harmonious blending. They do their thing without any worries about other extraneous issues, but they sometimes feel the human urge to communicate and care for others, sizzling deep within.

A logical lover

The Saturnian Geminis can have plenty of problems in a relationship because they lack any sort of emotional flair, of innate sentimental instinct, which translates, on the one hand, in a difficulty in expressing their emotions, and in an emphasis put on rigid logic and rational thinking, on the other hand.

They do have feelings, plenty of pretty intense ones in fact, but they just can't find the

right way to state them out loud.

This can lead to various arguments and misunderstandings between you and your partner, especially if she's of a more sensitive making.

The partner will probably become annoyed with how much you're trying to rationalize every little thing, and that you keep on asking for a logical explanation.

There are plenty of times when you could use a more sensible approach. However, this doesn't mean that being rational and having a scientific mindset is a bad thing. On the contrary, it's a very effective factor in building a stable relationship.

The good and the bad

Those born in Saturn in Gemini are at the top of their game when they're working in an organized environment, a place where all other surplus problems are thrown aside, and where they can focus on a singular goal.

They need this time alone when a problem becomes too dire. However, they lack confidence and self-esteem, and this can be seen in the fact that they aren't determined enough to deal with their problems once and for all.

Moreover, they also tend to quickly lose their grasp on reality, start overthinking, and end up filled with uncertainties, depression, and the belief that nothing's going to go as it should.

The perfect solution to this presents itself naturally, thanks to this native's highly curious and adaptable personality. They have to keep on straining their potential, sucking it all dry, always going the extra mile and putting themselves in difficult situations.

That way, with all the complex factors piling up, they will have to learn to trust themselves more.

You are born to use your abilities in tandem with the desire to share all your knowledge with everyone else, to contribute to the creation of a better future for all people.

You use your curiosity and thirst for knowledge to the betterment of society, or of those close to you, if the perspective is a little more realistic.

Being a Saturnian Gemini, your creativity knows no bounds, and it's one of the things that make you a truly astounding individual.

One of the most dangerous enemies that stand in your way is the tendency to underestimate your own ability, which leads to a perpetual state of self-doubt.

This hinders your advance tremendously because you're often confronted with situations that you don't know how to approach, or aren't sure of what the proper course of action should be.

The Saturn in Gemini man

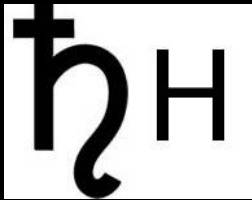

The Saturn Gemini men are equally pinned down by all the anxieties and skewed estimations about themselves.

Insecurities, fears, uncomfortable situations leading to a sense of self-pity and self-loathing, all of these are the next logical step after the chaotic onset at the beginning.

They can quickly mend these bleeding wounds, however, by finding the time to really think about this. To contemplate such issues and existential threats is the best choice they'll ever make and trying to communicate these lurking contradictions will also help.

In a relationship, they're very honest, straightforward, and very trusting toward those they deem worthy.

Saturn ♄ in XI 11th House

([1039] i.thehoroscope.co)

This placement of Saturn makes people be dependable friends, care about others' feelings and not like dealing with superficial or dull people.

People born with Saturn in the eleventh house in their birth chart have lots of acquaintances but not too many close friends, and these are likely to be older than them. Their oldest friendships will last a lifetime. They're drawn to people who are serious and have a purpose in life.

Very responsible, these natives feel like they have obligations to the groups they're involved in. While investing a lot of hard work in making things right, many of their efforts may not even get recognized. To be able to achieve their aims and goals, they need to wait and to not give up working hard.

Summary:

Strengths: Friendly, dependable and warm-hearted;

Challenges: Confused, scared and untrusting;
Advice: They should worry less about what others think of them.

They give their friendships a lot of importance

The 11th house is all about how people interact with the public. This means friendships, relationships with colleagues and members of the family as a whole.

Natives having Saturn in 11th house may grow tired of socializing and will want to spend most of their time alone. They don't like superficiality and casual relationships, wanting to always get into the middle of things and to do what's right.

They may be fearful of failing their group of friends and because they're too proud to admit failure, they will continue to be the way they know how to, identifying themselves as an independent individual and not as someone who belongs.

These natives may be terrified of being "normal" or part of a crowd, which means they can't loosen up when interacting with others.

They give their friendships a lot of importance and are very responsible when forming connections, so don't be surprised if some of their relationships will burden them.

It may seem better for them to just be alone, but they should be careful as separation can lead to isolation and losing contact with reality.

Being more personal with some of the people in their life would be a great idea for these individuals.

Having a few close friends with whom they can hang out all the time would not be so pressuring and they'd be able to be as loyal and devoted as they only know how to.

Aside from relationships and the public, the 11th house also stands for high hopes, long-term objectives and even dreams people have of becoming.

Saturn here makes natives with this placement suspicious of any path they may decide to take in life, but also articulated when it comes to their most secret wishes.

They will not talk about how they tend to spend their time with large groups of people because they're afraid this may reveal some vulnerabilities they think as having.

As soon as they'll discover their fear of failure is what's holding them back, they'll be completely free to just go and pursue their dreams.

Individuals having Saturn in the 11th house may feel distanced from others, somehow like they're belonging to a totally different world.

They will induce this separation from the outside world themselves, so their relationships with colleagues and friends may sometimes prove to be difficult and heavy.

Even when being in crowds and having nice conversations, they'll still have a sense of isolation and social anxiety as a result of their timidity and the refusal to commit to anything mainstream.

It can be amazing to discover how different they are from what others think of them to be. But all in all, they'll continue to be nice, mysterious and incredibly charming.

Many will be impressed and curious to hear their opinions or wise words, no matter if they would seem very reserved.

One thing's for sure: it's easier for them to have a one-on-one conversation than to express themselves in public.

When Saturn is in the 11th house, matters of morals are being raised, making the natives of this placement preoccupied with any social cause and interested in applying some conservative methods to fix problems.

These people want to have profound friendships that teach them something and when a more eccentric activity will take place, they'll be the first ones to participate.

They won't respect the trends or follow what the majority is doing because they're very individualistic and want to express their uniqueness.

It's possible for them to just disappear from the eyes of the public for weeks and after to come back so that contact with their friends is re-initiated.

They don't like dealing with superficial or dull people and can be misinterpreted when wanting to spend some time in isolation.

When wanting to escape their own minds, expect them to go to every party in town. While surrounded by friends, they're also feeling lonely to the extreme.

The ones really close to them are only a few, and even these won't get to know them entirely. Saturn may influence these people to want and seek advice of those who are older than them because they'd have many things to learn from such personalities.

Idealistic and in the same time terrified of pessimism, they'll stay close to generous and even influential characters who want to mentor them in their path towards success.

They rely on how the society is structured in order to move forward, looking to unify and

to enjoy different forms of sociability.

Since Saturn is a planet of transcendental potential, it's possible for natives with this placement to become famous, but not without realizing their own goals and friendships are fed by the same energies.

The goods and the bads

When the bully Saturn is in the 11th house of secret wishes and dreams, people with this placement will work hard to make their goals a reality.

They won't have things the easy way and sometimes feel like they're heading nowhere. However, they'll keep going because Saturn is about delays, not about giving up.

People with Saturn in 11th house are definitely able to face all the challenges this planet wants them to confront and may take a while to get to the finish line with their objectives, but their efforts will receive tremendous rewards, you can be sure of that.

When it comes to friendships, they like older people and have even spent their time with adolescents as children.

They most likely don't have too many true friends, but this isn't something negative in their life, it's just that they tend to discriminate and pay close attention with whom they're associating themselves.

Having all sort of creative ideas, they will want to test their own concepts on people. These natives simply love to brainstorm and to decide together with their friends what works best.

They'll be appreciated for their way of thinking and resourcefulness, but all this surely means they need to get together with people from many areas of life.

That's why they may find it difficult to be members of only one group and to stick to that community. They should just keep a few people around them and get involved with larger groups when wanting to discuss their ideas.

This way, they can be as individualistic as they want to be. Compromising their appurtenance to large groupings can sometimes be the perfect solution for their problems.

While Saturn being present in the 11th house makes them want to run away from everything ordinary, they should learn how to appreciate value.

They're terrified of failing, which makes them avoid sticking to only one idea and can agglomerate their agenda with too many things to think of.

These people should watch their Saturn because it can prevent them from getting what they want in life.

They don't want to ever choose between people, situations or things, whether it's about their professional or personal life, because this makes them feel tied down to what they've decided on for the rest of their life.

Saturn in 11th house people are aware decisions put them on a certain path and they surely don't want to deal with the same things of a choice they've made, all over again.

All this can have them without a passion in life and running without a certain direction. Their potential is amazing, so the courage to determine what they want becomes a necessity.

Top qualities: Intuitive, loyal and affectionate;

Challenges: Manipulative and easily changeable;

Advice: Move away from the idea you can control people.

Personality traits

The Uranus Scorpio is one of the most determined and gritty individuals of the zodiac. They will fight for their ideals until the end, against any odds and will overcome any challenges.

Perseverant and innovative in thinking, they come up with brilliant ideas that offer them great opportunities, solutions to problems, but also possess some degree of risk involved.

They may have to take some leaps of faith, and sometimes, they end up in shambles after a near-miss, with some wounds to take care off. However, the spirit is endless and immutable. Nothing can hope to diminish its fierce intensity.

With the Scorpio zodiac sign being a very energetic and enthusiastic native, to begin with, Uranus' influence coming up to spice things up, bringing in the sense of revolt and revolution, you can imagine what we're dealing with there.

These people are one of those who'll build the bridge to the skies, crack open the dome of ignorance and tradition that we're wallowing under.

Their emotional intensity is simmering down within, never let out into the open, but it's like a volcano building up momentum until it finally releases all that pent-up aggression. They must learn to focus on one singular goal in order to work things out.

The Uranus Scorpions feel the urge to be in control, to dominate the situation, to have the last word. Because of this need, they often find themselves in situations that put their skills to the test, the challenges being of an extreme intensity, the competitors also intense and fierce.

With their ideas being supported by their firm resolve and boldness to counter the ever-growing social conformity, they won't subdue themselves to society and its regulations.

They will fight against greater control by others and show no hesitation when they must put their plan into action.

A complicated lover

The romantic relationships of Uranus in Scorpio people seem to never resist, because of their unrestrained and overly-enthusiastic behavior.

They can't seem to keep themselves attentive for too long or will tire out the partner with their hyper-energetic attitude. From a friend, they could end up in a relationship just as quickly as they could abandon it altogether in a matter of hours.

They are very unpredictable individuals, albeit extremely passionate as well when it's worth it. They won't stay cooped up in a cage for the rest of their lives, and if their freedom is inhibited, that's it!

They are afraid of those negative feelings that appear in a relationship, the jealousy, the sense of possessiveness, and so on.

On the one hand, their passionate sexual impulses may ruin their relationship altogether because they are often exaggerated, and they have to do it in secret.

For a partner who can't take this sort of behavior, and who wants to be treated tenderly, it's a killjoy, an immediate sign that things are not going to work.

However, with this much passion in the works, and with how imaginative they are overall, sex is going to be a very intense and pleasing experience for both of them.

The Uranus Scorpio is ingenious and innovative, and they like to discover the true pleasure points of a human, the absolute limit that you can feel pleasure, the paroxysm of satisfaction.

The good and the bad

The Uranus Scorpions are very determined and ambitious once they have started a project. They will not stop until either they've successfully completed it or have found it impossible to continue.

Moreover, if they could just let go of their anxieties and irrational fears, they could touch upon their potential much easier, at a greater intensity than normal.

And if they were to put their trust more in their friends, all the extra pressure hanging on

their shoulders would disappear, granting them more leeway to watch out for themselves.

Because they put so much effort into everything they do, they also expect people to appreciate them for what they're doing. And if that doesn't happen, moreover, if people start criticizing or mocking them, all hell's going to break loose.

They won't soon forget this insult because they had given it their all to impress everyone, to take the projection to a definite completion.

That's how they do things, all or nothing, they lead the general efforts and coalesce them to create the best result. If those efforts can't be appreciated, one will retaliate in due time, with a swift act of revenge.

The Uranus in Scorpio man

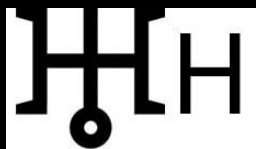

For this man, what he feels is what he'll be doing, no matter what everyone else says. His emotions are the most important thing around here, besides his creative impetus which seems to be endless.

Uranus never sleeps and always watches over the world, waiting for the right moment to bring about the smoke of war, the smell of conflict, with the ashes of defeat or victory floating about.

There is bound to be a revolution when the natives influenced by this planet walk the Earth. Either through science or occultism, he will bring about a new era.

It may not be today, it may not be tomorrow, and it may not even be evident to all, but it's going to happen at some point.

([1056] i.thehoroscope.co)

This placement of Uranus makes people crave freedom and hate to feel tied down even in the slightest.

People born with Uranus in the fourth house in their birth chart can have a pretty chaotic domestic life. For example, they can move a lot because they need to change or have been used to it as children.

They may have to find all kind of different ways to show they care and that they want to support their loved ones with all of their heart. Because they're pretty unconventional when it comes to their family life, they may need to work on being more dependable.

Summary:

Strengths: Resourceful, hardworking and approachable;

Challenges: Overly emotional and inconsistent;

Advice: They should seek for ways in which to show that they care.

An eccentric personality

There are many unexpected events coming their way, therefore, their patience is always tested because they may be feeling they don't have any control over their life at some point.

This can happen especially if Uranus is in square from their Ascendant. There is also a good side to all of this as they can learn how to approach things in different ways and really don't have the time to get bored.

Their family shouldn't condition them in any way because they would only want to run away if this would be to happen.

The weird and eccentric Uranus makes natives having it in the 4th house very strange in the way they care about others. This means they don't know how to love someone without being weird about it.

Since this planet hates feeling tied down, the natives of this placement may have a need to always run away and to do only what they want.

It's also possible for them to just stay at home and provide while their mind thinks of doing something adventurous and much more interesting than just caring for others.

As a matter of fact, many of the Uranus in 4th house individuals have been raised exactly to be this way and didn't get too much emotional support.

However, they're always well-intentioned, no matter how eccentric and aloof they may

seem. Their home will be furnished with all sort of high-end gadgets that are meant to make their life easier.

When it comes to their emotions, it's possible a lot of things from their childhood have made them inconsistent and even a little bit cold.

For them, being nurturing and giving with feelings can mean an existential crisis because they haven't seen as children how this can get done.

If Uranus doesn't happen to sit comfortably in the 4th house or is situated on the IC in their chart, their psychological buildup would be like on autopilot, sounding the alarm each time, something is about to happen, regarding the emotions of others.

Therefore, they don't know what to aim for in terms of feelings. Always restless, these natives aren't really aware of their ways with intimacy and don't expect for blissful things to happen in their life, especially when there wouldn't be a good reason for such events.

It's normal for them to simply not understand what others are transmitting in terms of emotions, and no one can ever be capable of changing this.

Don't expect them to ever open up or be warm as in their mind all this would mean losing their authority and no longer having control over their destiny.

They prefer to just sail alone and not get comfortable with the warmth and coziness that deeper relationships could offer.

Blessings

Those who happen to be around natives with Uranus in the 4th house know the struggle these people experience when having to take care of their family and also themselves.

It's essential they're being helped by someone when it comes to the domestic duties and any other type of responsibilities related to their household.

However, they won't be spared from fearing the attachment with their own roots and the feeling of being nurturing.

They will only think it's natural for them to be like this and it doesn't have anything to do with any childhood trauma.

Individuals with Uranus in the 4th house are really objective when it comes to the hard times there may have encountered. It's easy for them to heal than it is for others

because their emotions seem to be someplace else.

When recuperating, they prefer to observe how their own mind works and try to develop more so they no longer encounter any type of nasty incident that already has happened to them.

They can even heal wounds from their ancestral line since such karmic things are very possible and many individuals leave them unsolved.

When helped with the everyday issues, they feel like the entire world's list of problems has been lifted from their back.

Those who give them a hand will always be appreciated and valued. When having a little bit of more free time, they usually spend it with the family and relax.

Uranus in the 4th house has the effect of making people more balanced when it comes to their emotions. It also helps them build a very comfortable home for themselves, a place where they can retreat after a long day at work.

Challenges

It's normal for people with this placement to spend some time alone in order to gather their thoughts. They need their peace to figure out their goals in life, so you won't find them in bars or clubs too often.

These natives resent chaos and being alone makes them feel better as during this time, they can clear their minds.

Because they don't want to let people down, they may feel guilty when spending too much time in solitude. They really love their friends and family, therefore, they wouldn't want to do something to hurt them.

One thing that could help them be more nurturing would be to look back at their childhood. It's possible to discover their parents weren't quite giving with emotions, so they shouldn't repeat the same mistakes with their own little ones.

The influence of their parents could even make them behave in conflicting ways in their relationship with a partner, especially when not agreeing with their other half on the same things.

Perhaps they won't recognize their childhood is influencing them in the present, but this is surely happening.

Uranus being uncomfortable in the 4th house is an indication that natives of this placement have gone through some traumas during their childhood or in their past lives.

This probably had something to do with their family or their home, more precisely with the way they've been nurtured by their parents. Their soul can carry unconscious memories from previous life cycles, so these natives may have had issues with exclusion from their family, exile and even the loss of a parent.

There is also the alternative when their mother or father could've been complete strangers for them, so they ended up being very cold and detached because of this.

There are cases of Uranus in 4th house people who have such unconscious memories about losing a property or perhaps they used to travel a lot and didn't get the chance to put their roots in one place.

It's essential for them to notice they always need to move around and to be flexible when it comes to their home.

Therefore, having more places to live and traveling between them would be something that brings them a lot of energy.

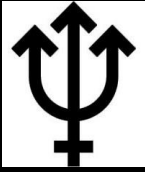

Not to mention it's not at all suggested for them to invest in only one property because in their unconscious, they all the time need to move from one place to another, which can, at the same time, really bother their partner. Steadiness is not at all in their character and they should be aware of this thing.

Uranus ☿ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♏ Capricorn man 29° 26'

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

In a nutshell:

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;

Challenges: Stubborn and selfish;

Advice: Do only what keeps you happy with yourself.

Personality traits

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to follow.

The good news with their realism and good-natured personality is that they are pretty much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

The positives

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

The negatives

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

The Neptune in Capricorn man

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

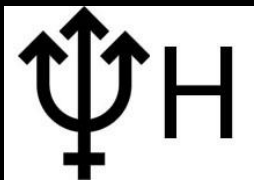

If you so much as need anything at all, they are there to do it, no matter what it is, with a bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

Neptune ♃ in VI 6th House

([1082] i.thehoroscope.co)

This placement of Neptune makes people dedicate themselves to serving others, either through their choice of profession or just in their family and circle of friends.

When in the sixth house, Neptune influences what work environment one is surrounded by and the natives' need to be of service to others and always healthy.

It may seem people with this placement have a great desire to help others, no matter what they may be doing for a living. At work, they may be very imaginative and the most

grandiose people around the workplace.

Everyday tasks seem very complicated for them because they can't seem to focus on details. It's impossible sometimes for people having Neptune in the 6th house to organize themselves or to be practical.

Summary:

Strengths: Witty, easy-going and curious;

Challenges: Deceptive and manipulative;

Advice: They should spend more time helping other people.

Very attentive and kind

Neptune in 6th house individuals may have serious problems dealing with the everyday life as they think it's not that important to follow a routine and to make lists that organize their life all day long.

Having this attitude and ignoring the most important responsibilities can have their life in chaos, and they may feel guilty or confused that things aren't going so well for them.

It's possible they'll just give in when their colleagues will argue with them, and even when these will take credit for their work.

When it comes to helping others, they have high ideals and can't seem to see the line between being generous and stupid. Many will want to take advantage of them because they feel like they can.

If they have someone they can trust when it comes to everyday activities, they are the happiest as they don't mind relying on others.

Since health was mentioned, they may suffer from some mysterious illnesses that can't be diagnosed or have strange allergies that can't be seen in others.

All the guilt they have about not being able to deal with everyday life will manifest in them through some psychological issues they may end up having.

These natives often turn to alternative medicine in order to become better and love animals more than they do some people.

Neptune in the 6th house of everyday issues, health and service may make natives with this placement feel incapable when dealing with any practical matter.

Their home may look like after the war because they simply hate to tidy up and believe work together with other details about life are overwhelming them.

Neptune makes them very sensitive to anything that for others seems normal, so they may want to escape life and to avoid working as much as possible.

For this reason, they may not be realistic in all the matters related to the 6th house and even with the planets that are in different aspects with Neptune.

This planet can be considered passive and sometimes malefic, so the people having it in the 6th house may get sick more often than others, even imagine they suffer from the worst and rarest diseases possible.

When feeling down, they will only stay in bed and talk with no one else besides their family.

It's not unusual for individuals with Neptune in the 6th house to feel like they don't have any energy, no matter what they may be doing.

When there are other good aspects forming, the natives with this placement could do a great job as spiritual healers. They'll be meant to help other people feel better and make this their goal in life.

They may no longer care about other aspects in their life, and can dedicate themselves completely to serving others. It can be difficult to be them in this situation, but they'd feel good about giving up all of their other wishes and dreams for a life of service.

As said before Neptune in 6th house indicates trouble with the everyday life, so it's difficult to have this planet here as it brings carelessness and other problems with organizing.

Natives with Neptune in 6th house should be careful not to end up victims of not so well-intentioned people that prefer to use others and to never do anything constructive.

This house rules also over work, so natives with Neptune here cannot care about getting a job or may do different kind of services without a contract.

Indeed, they aren't in any way good employees because no one can rely on them and they prefer to dream instead of doing their job.

The fact that Neptune is a water planet is not advantageous for them when it comes to matters the 6th house rules over. It makes people chaotic, always late and dependent on others to do their job.

Obviously, it's essential to also study other aspects rather than relying on what this planet has an influence over because it tends to be passive and to have people always looking for a direction in their career anyway.

When Neptune is challenged by malefic planets like Mars, they may be the ones stealing, lying, or always trying to use others in order to obtain some favors.

The planet of substances as well, Neptune is very dangerous in the 6th house because it makes natives with this placement dependent on drugs and alcohol.

In a situation of many bad aspects, these people should not in any way touch anything that could make their mind blurry.

Also, they should be careful and not handle any substances or chemicals that could poison them. As a matter of fact, there aren't other people with different birth chart as prone as they are to getting poisoned.

It wouldn't matter where Neptune is, or if it's close to the Ascendant, the possibility of them being poisoned by others would still exist.

However, when in the 6th House, it indicates mishandling of different chemicals and getting poisoned by mistake.

Big procrastinators, natives with this placement are usually leaving their tasks to the last minute and hope in secret that these will disappear by magic.

They have a tendency to get sick with the most unusual diseases and have allergies that others wouldn't even think of.

That's why they're curious about how they could cure themselves and about homeopathic treatments. Lovers of animals, they may have at least a cat and a dog at home.

The goods and the bads

Neptune in 6th house natives need to add their imagination to everything they may be doing, and also allow themselves to believe they're meant for great things.

Very creative, their vision may inspire others to create and to be as productive as possible. These people always want to bring something new, but they need to know when to take action.

The more experience they'll accumulate, the better life will get to be for them. Remembering they have great intuition would help them finish their plans and projects faster, while they'd be investing all of their strength and energy into the task at hand.

In order for them to deal with the everyday life more easily, they should learn different techniques of coping and always rely on their memory.

Only this way, they'll manage to have respect for themselves and to no longer be afraid to offer their help and advice.

Natives with Neptune in 6th house shouldn't pressure others to clean after their mess because this can lead to feelings of resentment. It's true they may have problems finishing projects, but they shouldn't ask others to do their job.

While their friends will always support them, it's important they don't allow others to encourage them to procrastinate as they're the only ones who can handle their own affairs.

These people should never pass on their work to colleagues or the ones they love just because they think it's impossible for them to get it done.

Sometimes imagining and other times actually suffering from different diseases, they would always be stressed that they may have incurable illnesses and end up suffering from insomnia or panic attacks.

It's essential for them to learn how to deal with stress, whether is through yoga, meditation or just practicing a sport.

Pluto ♃ in ♒ Aquarius man 0° 8'

([1099] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Aquarius will go their own way and pave a road for themselves through life. With their independent persona and innovative ideas, they're sure to ignore outside rules, break open the barriers that society imposes, and soar toward the skies.

Even if others may see them as completely impulsive and will not understand their motivations or actions, it'll come a time when all the dots will connect, and the Plutonian Aquarius will bring about great changes to the world.

In a nutshell:

Style: Original and independent;
Top qualities: Adaptable, relaxed and eager;
Challenges: Extremist and undecided;
Advice: Beware of compulsive behaviors.

Personality traits

To begin with, the Aquarius astrological sign is one linked to change, massive transformations on great scales, or a personal metamorphosis that brings forth a shift in the natural balance of the world through the action of this native.

Our star planet here, Pluto, is associated with the concept of nirvana, of death and rebirth, of a complete resurrection from oblivion.

Now, combining these two, we have the Plutonian Aquarius native, an individual who can transcend their own limits, reach the next level, and bring about societal or even greater change.

The last time this happened, these natives were yelling “Liberté, Egalité, Fraternité”, for it was the time of the French Revolution. These natives naturally feel the need to modify their surroundings to match their ever-increasing intellectual breadth, and the mobility of Pluto offers such an opportunity.

In fact, they are very passionate about the prospect of a free, just world where each individual is morally superior, where everyone is in communion with one another, and where the single most important goal is gaining knowledge, becoming better than your previous self.

Pluto Aquarians want to give their all, in order to help change the world into such a place. Either through the pointy tip of the sword (anarchy) or the sharp end of a pen (diplomacy), this will happen because the Plutonian Aquarians are the natural game-changers of this world.

The good and the bad

The humanitarian and philanthropic tendencies of the Plutonian Aquarius, as well as their deep hatred for injustice and unfairness make these natives truly one of a kind.

With their imagination and creativity, they believe that one can solve any problem as long as they think things through without being impeded by ignorance, superficiality, presuppositions or stereotypes.

In other words, one should possess an expansive and open mind to reach such an ideal world. Even if others may not see their plan for what it's worth in the beginning, with time this will surely change, and they will eventually gain the respect they deserve.

These natives are sick and tired of listening to the old tunes of a dying generation, to settle with untested knowledge, with the old explanations that are unsatisfactory.

In order to find the truth behind those claims, they are willing to devote most of their time buried in books, studying, analyzing the bits and pieces left behind by more informed people.

This journey of the mind can become an obsession quite quickly, and this is one of the Plutonian Aquarians' negative traits. They forget about everything else, including personal relationships, loved ones, responsibilities, and so on.

In this regard, they must learn to peacefully coexist with other people, and understand that they aren't the only ones willing to follow the path of self-development.

This means that a tough lesson for these natives to learn refers to understanding that others can have opinions just as valid as theirs and that they shouldn't dismiss people on a whim.

Pluto in Aquarius in love

Plutonian Aquarians are one of the most devoted lovers in the entire zodiac. Their feelings are so intense and pure that their partners will experience the liveliest emotions ever.

With a shower of love and affection falling down on them, it's not a surprise that most people perceive these natives to be the perfect companions.

They're going all-in every time because they want a partner for life, someone that isn't just looking for a one-time adventure.

Affectionate and trusting toward their partners, these natives will always treat them with the utmost and kindness. When something doesn't work as it should, sorting things out through communication comes very easily to these intellectually honest individuals.

Being similar in character and personality to your partner should be something everyone is looking for, but this doesn't even come close to the truth.

A lot of people pick their partners on superficial factors like beauty or material situation. However, these natives understand that intelligence is actually the most important element.

The mental aspect makes up for the majority of the most successful relationships, and also for the ones that fail as well. If you aren't on the same wavelength as your partner, then eventually things will fall apart. That's why they tend to marry later in their life.

The Pluto in Aquarius man

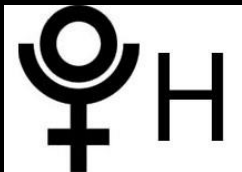

Just like their female counterparts, Plutonian Aquarius men are beaming with radiance, of the intellectual type. They have brilliant ideas that are revered upon and many literary critics, painters, artists were of this astrological ascendance.

They are adepts of teaching people that hard work is key to success, as well as developing their survival instincts. Practicing what he preaches, this man can calmly adapt to all manners of situations.

The Aquarius zodiac sign has innate anarchic tendencies because of his natural planet, Uranus, and it's no surprise that the Pluto Aquarians receive some of these non-conformist ideas.

This man doesn't like to waste any time when he's got something on his mind. He has his principles that he rarely strays from and his virtuosity is both mocked and acclaimed.

Pluto ♀ in VII 7th House

([1107] i.thehoroscope.co)

This placement of Pluto makes people crave deep emotions and to display a sense of responsibility that is rarely seen, plus lead their lives by their own very specific values.

Those born with Pluto in the seventh house of their birth chart are connected to the concept of a good family, a close and loving atmosphere at home. Relationships are especially emphasized here. After all, they want to fulfill their sense of belonging as well.

If it's affection and intense emotions that drive them, everything is good and the prospects for a long-standing relationship are blooming.

A contradiction often appears, between their need to be in a relationship, an all-consuming one, and the feeling that they're enclosed in a cage with no breathing space.

Summary:

Strengths: Intuitive, empathic and strong-willed;

Challenges: Aggressive, conflictual and distrusting;

Advice: They should allow themselves to express their emotions freely.

Challenging their own identity

There will always be conflicts with them. Whether it's caused by their incessant rambling and tendency to criticize and annoy the hell out of anyone or their fear to be controlled, it's going to spark arguments.

The Pluto in 7th house natives are attracted to action-oriented people, to the aggressive and the unusual, the kind that you never know what they're going to do.

The lack of routine and a revolutionary spirit are the things that intrigue them the most. However, they have a special talent of taking out the most primitive and aggressive part of their partners, driving them crazy.

They have a part to play in this whole charade as well. It's not that they are the eternal victims upon whom everyone lashes out to. They're the ones who make everything happen with their attitude.

It's because they are afraid of losing that special someone, of being left alone and abandoned.

This drives them to tighten the grip, to take control of the situation and impose their will. This, in turn, wakes up the monster in their partners.

The whole gist of the situation here is that they are still unsure of who exactly they are. An identity crisis, the lack of a spiritual basis, of personal principles to have as guidance. They are attempting to discover themselves through relationships and social contact.

Through experience and the many failures, they will eventually reach a more mature stage where they know what they want and how to appreciate it.

Society and social games are the perfect testing terrain to search for one's own identity. Involvement in anything too serious could result in serious disappointments and traumatic events if a break-up follows.

The Pluto in 7th house natives look on relationships and romantic contact as being a formative and healing process. They manage to wake up something inside them.

Deep emotions, of the kind that they have never felt before, responsibility and understanding, objective perceptions, firmness of character and a tempered personality.

There are going to be a couple of conflicts happening from time to time, and since Pluto is associated with the extreme aspect of existence, the problems are going to flare up as well.

There will be power struggles especially, conflicts and arguments because both partners

are trying to take control.

This is a game of cat and mouse, of who gets to take control and who's subjugated.

All their relationships are like this, a dominator-dominated battlefield. It happens through emotional manipulation most of the time when one part plays on the other person's vulnerabilities and needs.

What they have to do is learn how to be calm, patient, just, and treat everyone in an equal manner. It's a journey toward self-discovery without the need to go to extremes.

Most of the times, the Pluto in 7th house natives end up out of control and filled with feelings of inadequacy because of the sadness and past memories that they bring with them.

And, again, they're not going to share them any time soon. Left festering deep down, those wounds are just going to become more harmful with time.

To overcome these issues, they need to inspect and investigate these wounds, see them for what they are and try to heal them. If left there, it's just going to create tension, emotional instability, and grief.

Professionally, the seventh house Pluton natives are especially good at taking care of the monetary situation of a company, calculate and create strategies, plan accordingly based on the existent data.

However, while these lucrative partnerships are emphasized and work flawlessly, emotional ones are in a bind, unfortunately.

Sure, there will be plenty of moments of blissful joy and sensuality that no one will be able to replicate, but those are just the calm before the storm.

Pretty soon, ruckus and screwed up arguments will occupy all their time. However, if they manage to temper themselves and become more understanding as a whole, not only will they be better off, but the relationship will experience a flourishing period.

The goods and the bads

The Pluto in 7th house aspect is strongly affected by one's interactions with other people and how these relationships affect the future development of these natives.

In the beginning, they will be unfit for any close bonds, unable to understand and act on their feelings.

But, as time goes on and they finally understand how to react and how to express their

emotions, a complete transformation will take place.

They will usually find strong-willed partners who will force them to change their ways, to become confident and ambitious, to be better as a whole.

Of course, there will be conflicts where the control of the relationship is concerned. They also feel the need to find someone who'll become overly attached to them.

They're also against an open expression of emotions. Rather, they want to solve everything through reason and logic, by analyzing and making plans.

This, unfortunately, is not a healthy way of doing things because, sometimes, there are too many emotions and pressing matters that gather up together.

Moreover, one of the reasons they are so afraid of committing to a long-term relationship is that they might lose themselves, their identity and way of being.

The passion and love for the other person would grow to such a level that it would completely replace their sense of self.

North Node ♏ in ♓ Pisces 15° 38'

(Georges Muchery)

The Dragon's Head in Pisces gives vitality, and is a fortunate position for the children, especially when it is situated in the Fifth or Eleventh House. It is not, however, a guarantee of fidelity. Nevertheless, in spite of deceit, the home will remain stable, as the native possesses the family instinct. The Dragon's Head in Pisces helps in unexpected acquisition, especially from foreigners. It is also a sure sign of long journeys undertaken when least expected.

The Dragon's Tail in Virgo is not favourable for things of the mind. It makes the native materialistic and unappreciative of beauty. He is inclined to analysis, which makes him judge everything according to its pecuniary value; everything is considered in terms of money; he may marry well, but it can hardly be other than a marriage of convenience. Progress will be difficult.

(Isabel Hickey)

North Node in Pisces implies the complete relinquishment of the self in service to others. Passion would become dispassion without losing compassion.

South Node in Virgo shows the qualities of criticism and passing judgement must be left behind. They have been the cause of self-undoing in the past, and are still hidden in the subconscious motivations and need clearing.

(Martin Schulman)

In the realm of consciousness, this is the hardest Nodal position to deal with. Here, as a result of many lifetimes, the individual starts to realize his own rigidity. He is aware of his patterns and how much they hurt him; yet he finds them difficult to let go of. In prior lives, he lived in the consciousness of a finite universe where all was well-structured. Now he is confronted with the realization that truth extends beyond what his finite senses can measure or even perceive.

He is unavoidably confronted with situations, circumstances and events which force him to relinquish his hold on the physical plane. Nevertheless, he still tries to live like the salmon - swimming against the current, regardless of the direction of nature's forces.

He still seeks order. In fact, his need for strict regimentation is so strong that he develops medical troubles in the center of the body from personalizing a stiffness that increases tension on the inner organs. Constantly he suppresses desire for the sake of doing what seems proper, for he would like to maintain an image of respectability.

In past incarnations, he built his understanding on fact, not hearsay. Now he accepts only what comes from the 'highest authority'.

He seeks ways to rid himself of the nervous irritability which keeps overcoming him, and yet he puts stipulations on the cure.

He must learn how to immerse himself in the waters of Cosmic Consciousness, and in this baptism of thought he can truly experience a new birth. Before he can do this, however, he must first overcome his karmic fear of living in a contaminated world.

He comes into this life believing that the world is filled with danger, and therefore constantly questions the credentials of the people and conditions he considers allowing into his life. Everything foreign to the self represents the threat of disease, and it is because of such thinking that from time to time disease actually occurs.

For many with these Nodes there is strong residue of sexual problems left over from former incarnations. Either a deprivation of the sexual experience, or a strong determination to avoid emotional hurt through it, leads them to seek a better understanding in the current life. Some are confirmed Puritans, while others are capable

of being physically responsive and emotionally cold at the same time.

The mind is so analytical that life can easily slip into the manipulation of a chess game. This individual has a sharp eye for detail and never overlooks the obvious. He is an expert at solving puzzles, willing to spend many hours tediously groping for the tiniest answer; but he can get so involved with whatever he is doing that he often loses perspective. His past-life discriminating tendencies often lead him now to pick apart what should be left together. Thus, although he is capable of immense clarity of thought, he does not experience complete peace of mind.

Through the Pisces North Node, he must learn Faith. When he stops separating the world into neat little compartments, he will get his first glimpses of Universal Consciousness. Ultimately he is to achieve the understanding that all is one, and one is all. Before this happens, he must learn how to stop seeing himself as separate from the rest of the world.

He will go through experiences which force him to grow more compassionate.

As he starts to find his well-laid plans dissolving to nothing, he begins to see others in a different light. Ultimately he symbolically goes through the pain of the entire universe so that he can strengthen his Divine Love to the point that he absolutely refuses to pass judgement on others.

He makes much progress by acquainting himself with the spiritual way of life. His growth extends as far as his arms can reach. While the arm of the past still clutches at his self-imposed restrictions, the arm of his future is grasping for the higher alternative. It is only his failure to let go completely that prevents him from achieving the perfect transition into the full state of higher mind. Yet, he does reach the point that he occasionally sees it.

From time to time his remarkable intuition reveals to him the mysterious essence of life; yet the past incarnation memories of his Virgoan practicality cause doubt at every point. And so, half way between one world and another, these mutable Nodes are in a constant state of change.

Arriving at his destination but not sure that he is there, he keeps going back to start his journey again. Each time, he reaches one step more into the infinite, where ultimately he will dissolve the shackles of his rigidly formed past and be born again as true Spirit.

The house position of the South Node indicates the area of life that is still too rigidly embedded in a personally overstructured idea. The house position of the North Node shows how the soul can renounce its grip on all rigid definition of form and structure so that it can be free to swim in the Ocean of God.

(Mohan Koparkar)

Previous incarnation for this person was spent in substantial discriminating condition. He was very methodical, and detail-oriented to a point of extreme. Instincts would not even get close to him at that time. In this life, he is full of instincts and 'feelings'. He wants to get away from materialism and practicality. He is searching the universe through his sensitivity; and if he feels right, he acts accordingly. His decision may not be logical on the surface, but he does not care in that respect. His judgements may not have proper reasoning but they do work right for him. Dealing with people and their emotions is important for him, as he likes the exchange of feelings in that material world to keep him happy. His use of imagination and unusual ideology is really amazing.

(Donna van Toen)

You must learn to sacrifice, give in, or give up. Your Virgo South Node may reply 'Yeah, but I have too much invested'.

Your problem is lack of understanding of need priorities.

Possible reasons: Excessive stubbornness. Fear of being taken advantage of. Selfdestructive tendencies. Refusal to face the fact that some problems are difficult to solve totally. An excessively critical environment makes it hard to admit defeat. Guilt over past wrong-doing or failures.

Possible solutions: Learn to relax. Temper your analystic tendencies with compassion for yourself and others. Judge people and things by their usefulness and set your priorities accordingly.

Virgo South Node often doesn't enjoy his or her own company. This naturally affects his or her ability to enjoy relationships, since the self is always present. Virgo South Node doesn't feel human; he or she operates like a well-run machine. Not all Virgo South Nodes are workaholics, but I've seen enough instances to believe that this is one of the more typical results of nodal imbalance for this polarity. Another is an involvement in unsatisfying or destructive relationships, since often the Virgo South Noder is so terrified of being alone that any relationship is better than no relationship. By tapping the hidden strength of Pisces North Node, the individual can get in touch with his or her basic humanness. Only then can he or she come to terms with his or her needs and alleviate his or her dissatisfaction.

Some signs of an over-developed South Node in Virgo are: bigotry; refusal to settle for anything less than perfect; a feeling of being 'different'; a tendency to test others mentally; a 'let me do it for you' approach; shyness; jealousy; a tendency to be critical of others' grooming, clothing or abilities in general; pettiness; and insecurity - building

oneself up by knocking others down openly or through back-stabbing.

North Node in Pisces dreams of being left alone. He or she wants to be separated from the mass of average people so that he or she will be free to meditate or contemplate the mysteries of life. Note that they want to initiate this separation themselves; if rejection brings separation, he or she will feel trauma rather than satisfaction. This person is inhibited or shy, and sometimes inclined to repress the emotions, which may be extremely difficult to express. Fussiness or quibbling supplants the desired meditation and thwarts the dream.

Antidotes for Pisces imbalance: Psychodrama can be a useful tool in unlocking nodal potential. Education in keeping with the client's aptitudes is recommended, with literature, geography and medicine being ideal choices where aptitude permits. Fishing and other water sports often prove beneficial. Public speaking should be encouraged. If aptitude is shown, magic or creating illusions, painting, sculpture, boating or water sports could be a good topic. Writing is also good particularly in the areas of astronomy, myths or legends, poetry, instructional material, nurturing themes, and medicine. Hypnotism might be another good choice if the client can gain sufficient knowledge in this field.

Unless the overall tone of the chart is contradictory, the client should be discouraged from entering any profession where the overall emphasis is on strict discipline or nitpicking, since this would reinforce the very tendencies that need to be softened or balanced. Discipline can be given a bit more emphasis if the client is operating in an entertainment capacity. Some good career choices would be: sales, cooking, acrobatics, gymnastics, detective work, painting and design. Generally, the clients I've met with these types of imbalance have been hard workers - close to workaholics in some cases. Usually they need relaxation more than work motivation. If the client is in a high-pressure job or required to work long hours, it's important that the antidote be something that's done for the love of it and is conducive to relaxation. Religious and spiritual activities often prove to be helpful antidotes. Many clients who remain unmoved by other options will be drawn to these..

North Node ♏ in VIII 8th House

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a path he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but

long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of self-indulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of his being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrha was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet, as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be

someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

(Black Moon) Lilith ♀ in ♐ Sagittarius 24° 42'

([1145] elsaelsa.com)

Divine Seeker

If you have Black Moon Lilith in Sagittarius, the pain that you've faced through your Lilith placement has made you broad-minded and free. You have learned that boxes are for pizzas, not people, and you won't be reined in.

However your Lilith experience has manifested (shown by the house Lilith is in), you have reacted by searching. You know that your life is a glorious adventure, and you want to put your pain into context. You want to find out what it means. So you have researched and read and studied. You have exposed yourself to different cultures, stories, faiths, academic disciplines, anything to illuminate the larger narrative. You know that your suffering can't be completely senseless. You can sense the grand design. You know, somehow, deep in your soul, that the truth is out there. And you know you'll find it.

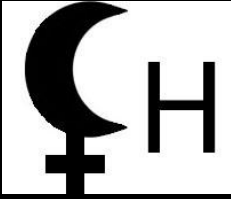

And this optimism in the face of real pain has left others in awe. How on earth can you keep going, they wonder. How can you keep up the search? But while they may not understand, and they may even scoff and dismiss your quest, they also come to rely on your sense of perspective. In fact, your happiness can become a sustaining force. You may even be made to feel as if you owe others your joy. So your sunny disposition becomes performative, crafted for other people's comfort. They don't understand that the happiness is in the search, but it isn't the goal itself. The treasure you're seeking is much more meaningful.

And when you do feel trapped, hemmed in, misunderstood, or unduly obligated, you default to the one thing ever Sagittarius keeps in their bag of tricks: you leave. You ramble on in search of greener pastures, of more profound answers, and of people and places that allow you to feel free. Your pain is bad enough. The last thing you need is to have an anchor tied to your waist while you try to heal. And if the next place, person, or idea doesn't feel right, you move on to the next. Over and over you travel, whether literally or metaphorically, always in search of that golden nugget of wisdom that will soothe your throbbing heart. But as you find out time and again, while a rolling stone gathers no moss, it doesn't gather much gold, either.

To help ease your soul, draw perspective from Gemini, the sign opposite to Sagittarius. Gemini gathers information just like you do, but they use it to work out the answers internally. Gemini asks, "What if the solution isn't out there? What if it has been right under your nose all along? What if the portal to OZ is your own front door?" Gemini also knows that people have to earn access to your authenticity. If people in your life are consistently dismissing your pain or your search, or if they are demanding that you perform certain emotions for them, you don't necessarily have to leave. You can stay put and deflect. No one is owed the details of your inner world. Only those who support your freedom need apply.

There is much more to this very complex and sometimes paradoxical placement. But what I want to stress is that the desire for meaning is not only noble, it is fundamental to human nature. As you seek a better world, you'll find others in pain who need your perspective. Your ability to turn wounds into a catalyst for a new adventure is an absolute superpower. Remember to look inward every now and then, but keep up the search. We're all waiting to see what you find.

(Black Moon) Lilith ♄ in ♊ 5th House

([1153] elsaelsa.com)

Dark Creation

If you have Lilith in the 5th house of your chart, her themes will manifest in terms of sexuality, pleasure, creativity, and children. It may seem as if life's pleasures are always either denied or warped.

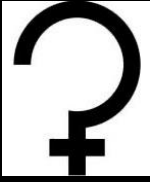

With this placement, you probably grew up quickly. You were denied the chance to have a real, innocent, free childhood. Because of this, many people with Lilith in the 5th choose not to become parents for fear of not being able to protect their own children from the darkness of the world. They also often fear that their own darkness and pain will be inflicted upon their children. If you have Lilith here, you know what I mean. If you do have children, you will be hyperaware of their experience and be fiercely protective, making sure they have the innocence you were denied.

The 5th house rules sexuality, and here we often find a very literal interpretation of Lilith's myth. She attempted to stand up for her right to equality, to pleasure, and to having sex in a way that pleased her too, and she was instead dismissed, coerced, and wounded. With Lilith here, you have certainly experienced wounds in terms of sex and pleasure, and you responded either with a total rejection of sexuality or with promiscuity. Either way, the goal is to take back control and confront sexuality on your own terms.

The 5th house is more than sex and children. It is creation, period. It is concerned with artistic expression and bringing forth something new into the world. With Lilith here, your creativity has been met with disdain or cynicism. It always seems to fail to meet some outside expectation, and is instead relegated to the margins.

This is just a sample of the ways that Lilith could manifest in the 5th house. But there are a few pieces of advice I think apply across the board. First, pleasure is not frivolous. It is our birthright and we should be empowered to seek it on our terms and for our own benefit. And finally, we don't create and express ourselves in order to please others. We create because we must. It is part of what it means to be human. So shine on.

Chiron ♄ in IX 9th House

([1268] astromajesty.com)

People born with Chiron in the 9th house likely struggle with what this house governs: beliefs, travel, meaning, or higher education.

Perhaps they strive to understand one of these or be the best in that field, but life hits them with one setback after another.

These individuals typically have a unique perception or point of view, and they tend to question the world around them. Their beliefs tend to differ from that of the majority.

It is why they often feel misunderstood, inadequate, or lonely. In the oddest scenario, they could believe that the world resembles the Matrix movie premise and that everything is a simulation.

Whatever bothers them, it usually affects their belief system, and they feel a lack of meaning.

Those born with Chiron in the 9th house often disagree with the religion, culture, or traditions of their family, nation, or religion. That makes them lack a sense of belonging.

Generally, these individuals often perceive themselves as outcasts, vagabonds, or unwanted in society.

Perhaps they are atheists in a highly religious culture or the opposite. Or, maybe, they want to follow an ancient belief or tradition, making them look odd and different.

Whatever it is, their philosophy or (lack of) religion causes them disappointments and troubles.

Sometimes they would like to be like everyone else, but they fail to fit in. It is why they question the roots of their views and beliefs.

However, they rarely manage to uncover what caused their convictions and whether they exist on a primal level or there is an explanation behind them.

Even without understanding the cause, they feel an inner urge to defend their views and fight for their beliefs.

Yet, at some point, they often realize that those same convictions prevent them from being happy or accomplishing their goals.

Transformations and inner development

People born with Chiron in the 9th house typically go through more than one spiritual, religious, or philosophical transformation in their lives.

It happens when they start to understand that their views impede their growth and reaching the ultimate meaning of life. It is when they either adjust or change their perspective altogether.

When individuals with Chiron in the 9th house change their perspective, it is life-changing and drastic. They also tend to change their lifestyle, behavior, or place of living. That is not utterly surprising, considering they are continuously learning and soaking in knowledge.

They feel an urge to expand their inner worlds, but sometimes they overwhelm themselves with having to grow. Individuals with Chiron in the 9th house read and collect data even if not useful or relevant.

Sometimes, they neglect other responsibilities because of that. It is also why they tend to be stressed out and overworked. They strive to reconcile their work, hobbies, leisure time, and learning but end up without energy for any of it.

Those with Chiron in the 9th house could become arrogant or vain because of the knowledge and information accumulated over time.

But that can affect their relationships with people due to becoming self-centered or cocky.

Yet, if other aspects in a natal chart have a favorable position, they could become teachers, helping others expand their horizons.

Chiron in the 9th house native typically has a rebellious character and loathes conforming with what the society expects from them.

Due to the trauma of having to fit in and suppress their personalities to be acceptable in their culture, they loathe dogmas, rules, and expectations.

Their community, family, or nation likely indirectly caused their wound because they had to accept the norms, laws, and regulations against their beliefs and will.

Unable to fit in and choose the ordinary path

Nevertheless, their inability to fit in isn't always about their attitudes and convictions.

Sometimes it is about the roles they take in society. They tend to deviate from the standards and expectations. Perhaps the native is a stay-at-home dad. Or, maybe, it could be a mother joining the army or a professor that uses unconventional but effective teaching methods.

On the other side, Chiron in the 9th house native could also have a disability that prevents them from fitting into the regular categories.

These individuals are likely to be minorities and to challenge the norms with their sexuality and gender views. They push away the stereotypes and fight against them.

These persons are allergic to prejudices and believe that everyone is unique and capable of changing the world.

Whatever their background story is, these individuals usually have to overcome an overwhelming obstacle to reach the other side and find their place or meaning.

That means they might have to fight against the law, society, rules, injustice, religious or political expectations. They could also experience personal setbacks and difficulties that make them stronger and reinforce their warrior spirit.

Anyway, by overcoming these troubles, they usually make the world a better place.

That could be by revealing how people in power abuse the rights of those on the margins.

Or, perhaps, they could be single parents raising strong-minded and independent individuals.

Game-changers or leaders of toxic convictions

It is a placement that can give revolutionaries, game-changers, or those that will sacrifice themselves for their ideology and beliefs.

Those born with Chiron in the 9th house can defend their convictions only to become its victims. Or they could contribute to breaking down regimes, dogmas, and hatred.

These natives are usually ready to dedicate their lives to uncovering the truth, unveiling manipulators, aggressors, and schemers.

On the other side, they could also fight for wrong and toxic convictions all their lives.

But even then, they likely realize that was a lesson that helped them expand their views and accept they can be wrong too.

All their devotion, beliefs, and fights tend to manifest their endless pursuit of higher meaning.

Remember, Vertex in houses can offer clues to where we may experience turning points and meetings with destiny.

- The energy that Vertex in 5th House brings; a 5th house vertex is called "The Lover", That is because Leo rules this house. You are very creative by nature. Also you have great artistic ability. Romance and love are very important to you. You fall in and out of love, looking for that special person. A weakness here is that you becomes neglectful of all else in your life except for their ideal of love. A 5th house vertex will yield an 11th house anti-vertex. This indicates that you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

Part of Fortune ☒ in ♒ Leo 16° 21'

([1279] astrolibrary.org)

Your greatest satisfaction and fulfillment comes through surpassing yourself and being the center. So, it comes through your personal mastery, inspiring and guiding others, without abandoning the responsibilities that your power gives you.

You want to improve yourself and your society by means of some attainable goal that can serve as an example, and that makes you feel satisfied and deserving of a reward, as a symbol of what man is capable of when he uses his potential. You help human beings appreciate and be proud of themselves.

Because Aquarius is the sign opposite to your Part of Fortune, you learn not to force those around you. You let everyone find their own method and own rhythm, understanding that each individual has his own path.

You do not wear out your energies. You learn to conserve them and direct them towards a creative power, overcoming everything that has made human beings feel weak and powerless.

What you achieve through your own effort will have to be honest, otherwise it will have little meaning for you.

Your strength will be greater when you do not personalize the advice you give to others, and stop caring if they accept or reject your ideas. Simply be happy to have had the opportunity to help another person. You almost always wait for the admiration of others. But, you must understand that the personal love you give will at times not receive its just reward. So, it will help you to express it impersonally to avoid that your search for an audience distracts you from your purpose and creative will.

You are very demanding with yourself. You feel satisfied when you achieve a specific goal, with principles that bring you honor, prestige and respect.

You are generous. You must learn to give without expecting anything in return, although you need some kind of response to know that you are doing things well and that you are on the right path.

Focused energy brings you your greatest successes, and the admiration you finally

receive will bring you your greatest happiness. You are joyful, above all, knowing that you have had the opportunity to show that when people feel good about themselves and respect themselves, they are able to overcome the biggest obstacles.

Your greatest accomplishment will come from everything that you express and from the significant principles that you exhibit.

Part of Fortune ☒ in I 1st House

([1287] astrolibrary.org)

You have the ability to see life through your own lenses. Your fulfillment is based on the ability to focus your energy in one direction. To be able to do it without selfishness and with wide scope, you must develop awareness of others and learn to take a more subjective view, not only about the world, but also about yourself.

When you discover everything you are capable of doing and all the obstacles you can overcome, you gain confidence in yourself and an unsurpassed enthusiasm. When you learn that everything comes from within yourself, you will be less dependent on the opinions of others.

For this, you must acquire strong power over yourself, seeing yourself as the central point of your life. Then, the rest of the world will be tuned to your own goals and ambitions. So, it is important to channel your life in an important and meaningful goal.

You will not receive the help of others, and you realize that you do not need it, either. Your greatest fulfillment will come from your self-sufficiency and independence. Anything you achieve will be less important than the ultimate goal, which is to truly understand and discover yourself. You will be able to achieve anything you set out for as long as you are willing to do it for yourself.

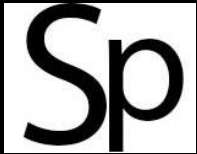

Since your Part of Fortune is in the first house of your birth chart, the seventh house is the opposite house. Through the 7th house, you should understand that you need the company of other people. You will understand the greatest truths being in the company of others. Your personal appearance is important, as it will help you achieve harmonious associations.

Others trust you and therefore feel good about following you, although often you do not like to lead others. The more space you give others, the more space they will give you.

This will help you open up to the world, to truly know yourself when faced with challenges, and to learn to check your ego.

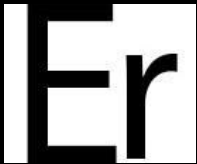

Understanding non-selfishness will allow you to experience a much higher than normal freedom, where your personal needs and those of others lose their distinction, since they are the same for everyone. When your limited ego serves a superior cause, which is the same for everyone, then you will not feel isolated and your individual self will evolve, serving the needs of those around you.

The more dominion you have over yourself, the more your satisfaction and fulfillment will increase.

([72] astromatrix.org;) Striving For Success

At a very early age you will learn that life requires hard work and ceaseless activity if you want to get ahead. Also, you want to be a person of significance when you are older, so

you will start working while quite young to get where you want to go.

Since you have so much internal discipline, your parents won't have to impose it from the outside, nor should they make unrealistically high demands, because you will try very hard to fulfill them. Whenever you fail, you condemn yourself strongly, and if you decide you are a loser, it would be very difficult to change that belief.

This placement of Saturn can signify that you will be very successful or very unsuccessful, depending on how you experience success while you are young. You respect those in authority even when you feel they are giving you a hard time. You understand that they have earned the right to their position and that to challenge them you must earn that right as well.

Only if you have very negative experiences with authority while you are young - and your parents will have a lot to do with this - will you be negative about it when you are older. No matter what career you choose, you will be a teacher and a guide for others. You may be a teacher in the literal sense in some kind of school.

In any case, others will look to you for guidance when you achieve the goals that you set for yourself now. As you work to get ahead in life, however, be very careful not to neglect your friendships and other relationships. Otherwise you may be very lonely later on.

2) ► **Midheaven MC Parallel ☿ Uranus** - (0°27') ♀4 | ♀4

([78] astromatrix.org;) Extreme Individualist

People should be prepared to encounter you as an extreme individualist. Even while you are very young, you insist on doing everything your way, and you strongly resist any pressures to conform. In fact, the best way to ensure that you will not do something is to try to force you to do it.

You are a rebel, and the established ways of living will not attract you particularly. On the other hand, you can be very creative with this aspect, because you have much originality and can see life in ways that others are blind to. You may be very inventive; in fact, this placement is characteristic of people who make a career in scientific or technological invention.

You may get a great deal of satisfaction from goading others. When you see people who are set in their ways, you cannot resist playing jokes or otherwise outraging them. Obviously if you are going to do this, you can expect to have problems with teachers and other authority figures, even your parents, who would prefer that you conform a bit more and stop rocking the boat. Teachers might find you quite difficult to deal with, not only because you insist on breaking rules, but also because you are very restless and hate to sit still for long. This placement may indicate a nervous disposition as well. Eventually, you should learn when it is worthwhile to rebel and when it is not. However, adults who want to restrain you should not try to do so by force. If they do, you will develop a lifelong

negative attitude toward authority.

3) ► **Midheaven MC Parallel ♀ North-Node** - (1°38') ♎4 | 008

([101] astromatrix.org;) Professional Ambitions

With North Node conjunct the Midheaven You are able to further your public reputation and professional ambitions through your ability to harmonize with present social trends. You meet and gain the support of those in positions of importance. You're often in the right place at the right time. You may gain more power and responsibility than you can handle, but you're protected from ruin and disaster, even if heavily afflicted. You have heavy responsibilities in your domestic and family life. Your parents may be a burden. Your self-expression is limited by your domestic life.

Your karmic path is aligned with your ambitions, career path and position in society which allows you to achieve your ambitions with greater ease. You may have an important message or something great to teach society and humanity in general.

Often there is great progress made with your objectives and you will receive the recognition and public status that you are looking for, but not always for the best reasons. It is important that you try to make sure that they are working on behalf of others and serving the general interests of the public, rather than only to achieve success for your own personal gain.

4) ► **Descendant DC Parallel ♂ Mars** - (0°11') ♏7 | 008

([187] astromatrix.org;) Lacking Confidence

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. While you may see compromise as something for the weak, it actually takes great strength of character to meet others halfway.

It is often the case that we experience the difficulties of an opposition aspect through the behavior of other people, or actually seek that quality in another. This is particularly true here, since an opposition to the Ascendant places Mars on the 7th house cusp, the house of relationships. Hence, you may often attract people who express the qualities described above, who challenge you in some way, forcing you to stand up for yourself and develop your qualities of independence and self-determination.

5) ► **Descendant DC Parallel ♅ Pluto** - (1°03') ♊7 | ♊7

([213] astromatrix.org;) Get What You Want

The opposition between Pluto and your Ascendant shows that you will undergo some problems through your relationships. There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

6) ► **Imum-Coeli IC Parallel ♆ Neptune** - (1°20') ♋10 | ♋6

([211] astromatrix.org;) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

7) ► **Sun ☉ Parallel ♀ Venus** - (0°33') ♍2 | ♍3

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these

may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

8) ► **Sun** ☉ **Parallel** ♅ **Neptune** - (1°11') ♀2 | 136

([9] astromatrix.org;) The Dreamer

Any Neptune aspect to the Sun is likely to have a distinct impact on the individual expression of personal power, identity and life direction, so it becomes important to create a positive approach to the Neptunian energy and especially so with the more influential aspects of the conjunction, square and opposition. The difficulty with an unintegrated or repressed Neptune is that its influence often appears to be negative, and with the conjunction aspect it is imperative to discover a way of joining this energy to the natural form of expression that the Sun sign indicates.

You will probably experience an ongoing challenge of self-confidence and of establishing a suitable and satisfying lifestyle and sense of purpose. The nebulous influence of Neptune's sea mists tends to confuse you, dissolving many of your intentions away, and making your sense of individual identity almost transparent at times as that personality center seems to ebb and flow in tune with an inner tidal rhythm.

Because of an inner experience associated with insubstantiality, you can lack the strength of a firm and fixed individuality, and this has the effect of diminishing confidence regarding your actual capabilities and will to achieve any objectives. You can find it hard to be consistent and to persevere through self-discipline and application for long periods of time. Your identity can appear to be periodically submerged by the powerful Neptune energy, dissolving plans and ambitions, and then leaving you washed ashore in another inner place wondering what to do next even before you have completed the last project.

That ethereal Neptunian music will invade your conscious mind, acting as a diverting distraction, and in some cases can influence the listener to become lost in the swirling of your own hyperactive imagination, leading to self-delusions. Confronting the stark realities of life is not always easy with a prominent Neptune. There is a tendency to build a private reality, one which excludes the dark sides of self and the world, establishing a veiled and limiting perspective of life which only generates activity by additional repression into the unconscious mind.

Personal responsibility is avoided if possible, and all experiences are filtered through this restrictive veil, a state that if prolonged leads to inner and outer alienation. Often these forms of self-delusion emanate from personal desires, emotions and sensitive feelings, as Neptune is associated with the plastic and pliable astral level. You may develop unusual needs and desires which are subtle, intangible yet peculiarly persistent, and you may feel inwardly driven to experience or actualize them in some way. For many, such

hard-to-define feelings and yearnings create more confusion and self-deception, especially when attached to idealistic images of perfection and unrealistic expectations which can only bring disillusionment and disappointment in their wake.

For the few, Neptune may bring genuine inspiration, although, even in such cases, this may become mixed with desires of self-elevation and ambitions, especially in the sphere of the conjunction's house. One of the hardest lessons for anyone with a close Neptune aspect is facing the realities of life. Neptune finds such confrontations almost inimical to its sensitivities, preferring to slide away instead of looking. You may have noticed such evasiveness in your life, manifesting in a variety of disguises through the years.

9) ► **Sun** ☉ **Parallel** ♊ **South-Node** - (0°53') ♏2 | ♏2

([151] astromatrix.org;) Making a Sacrifice

With the North Node Opposition the Sun, your mission requires making a sacrifice. It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

Actually, you may not really be allowed full recognition within your lifetime, because spiritual development is needed now to balance out the degree of individuality achieved in the past. Due to previous lives of great ambitions and ego development, you must now slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously. You may not be allowed to come fully out into the light.

You may find your plans and goals thwarted by circumstances or societal values. However gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it. Beware of a tendency to hog the spotlight.

10) ► **Moon** ☾ **Parallel** ♀ **Pallas** - (1°56') ♏2 | ♋10

([577] 12andus.com;) Your nurturing and intuitive side drive your desire to strategize your mission.

You can be protective and even act as a "warrior" defending your home and family. When you see young or vulnerable people being mistreated or neglected, you are compelled to take action on their behalf.

You may prefer to be soft and nurturing, but your fighting instincts are engaged when elderly, young or vulnerable people are in jeopardy. You can be protective of your home or family and may be passionate about leading others to advocate for safe housing and family protections.

Your intuition always leads you to get involved in campaigns and situations that benefit children, family and those in need of secure housing. You may use your savvy business skills or other nurturing talents to help in these situations.

11) ► **Moon** ☾ **Parallel** ♆ **Juno** - (1°19') ♍2 | ♎4

([594] 12andus.com:) You are intuitively tied to your partners and loved ones and may feel a deep emotional connection with those you love.

Your partnerships and commitments are based on a deep emotional connection.

You always do your best to make sure your partner feels secure and cared for. You easily nurture your partnerships and loyalty is not a problem for you.

You are sensitive to your partner's needs and it would never occur to you to be unfaithful or disloyal to someone you love. You can easily focus more on the needs of your partner than your own needs in fact.

You are closely attuned to your partner's emotional states and when your loved ones are unhappy or hurt you can empathize as if their wounds were your own.

This can also lead you to easily anticipate what your partner needs in order to feel secure in the relationship.

12) ► **Mercury** ☿ **Contra-Parallel** ♄ **Saturn** - (1°16') ♏9 | ♐11

([166] astromatrix.org:) Inferiority Complex

With Mercury Opposition your Saturn you may have a difficult childhood due to problems with your father that may make you suspicious, insecure, defensive or depressed. You're traditional, reserved, intelligent, responsible, shy, ambitious and hard working. Your education may be interrupted, but knowledge will be gained from life and through books. This aspect is good for big business and politics.

You have few friends because you're often nagging and critical, lacking love and understanding. If the third house is involved, you may have difficulties due to relatives. Communication problems, overly conservative thinking and a rigid attitude often hamper your career. There may also be attacks on your reputation. You want intellectual recognition, but often don't get it, either because of or resulting in professional jealousy.

If heavily afflicted, you can be a schemer, underhanded, extremely narrow-minded and opinionated. You'll usually have dental and hearing problems and are subject to nervous and respiratory illness so don't smoke.

13) ► **Mercury** ☿ **Contra-Parallel** ♅ **Uranus** - (1°38') ♏9 | ♎4

([167] astromatrix.org:) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships.

The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one

that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

([45] astrologyking.com:) Venus conjunct Neptune natal makes you a romantic, an idealist and a dreamer. It is very easy for you to fall head over heels for someone, and your empathy and compassion is to be admired.

However, this tendency towards idealistic love does have the potential to make you vulnerable to a broken heart and disappointment. Other people who are not as caring as yourself, may see your kindness as a weakness and take advantage of you.

20) ► **Saturn** ♄ **Parallel** ⚡ **Uranus** - (0°22') ♀11 | ♀4

([68] astromatrix.org;) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate

these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-making and structure, so that your life and inner nature begin to take distinct form again, creating a stable foundation from which to work.

([2] astromatrix.org;) Even Tempered

Opportunities: 1. Leveraging Your Stability 2. Expressing Your Emotions

Challenges: 1. Understanding Others' Emotions 2. Finding a Partner

With Sun Conjunct Moon in your Natal Chart means you were born under a New Moon, especially if the orb is less than a few degrees. The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Sun Conjunct Moon, there is a merging of your Vital energies and ego with your emotion self. This can make you quite a stable and centered individual. It can make you more self-centered than normal but its more that you do't need anyone else to make you feel whole (unless your sun and moon is in Libra). But you are very much in touch with your need for others, or at least a significant other.

You can be quite sensitive and emotional; you should look out for transits that may aspect your sun and moon to know when you may be more affected by your moods and emotions. They live and breathe the Sun and the Moon in tandem, so the drive to find a partner is powerful. Because your will and emotions are aligned together you have the ability to know what you want and how to get it with less inner conflicts.

In general, what you desire makes you feel happy and content, you are comfortable with your emotions and are able to express them well unless you have some difficult aspects to your ascendant or sun. The way you manage your own psychological and emotional response to the world might however be quite different when it comes to your intuition about others.

You may have a difficult time understanding why other people seem to get lost in their feelings and are unable to clearly define emotional experience in their lives. Because the Sun and Moon are quite important in defining your personality, having these two planets in the same sign (unless it's on the cusp) gives much more emphasis on that sign and will be important in defining your personality. You are able to make decisions without too much struggle, simply because it is not their tendency to spread themselves around in order to find all of their options.

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do

not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

([16] astromatrix.org;) Natural Sympathy

Opportunities: 1. Giving Your Maternal Instincts Expression 2. Helping the Public

Challenges: 1. Connecting with Others' Emotions 2. Avoiding Emotional Manipulation

You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. With your personality, if the rest of the chart amplifies these tendencies, you are likely to find success in working with the public. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

9) ► **Jupiter** ♃ **Conjunct** ♎ **North-Node** - (8°51' A) 008 | 008

([66] astromatrix.org;) Learning Moderation

With North Node conjunct Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-

optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. Similar to North Node conjunct the Sun, there are blessings, benefits, protection, and often a life that is free of karmic debts. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

([143] astromatrix.org:) The Challenger

You probably have a view that perceives life as a challenge, a fight between yourself and the world for supremacy, and you adopt this combative and assertive stance in an attempt to prove your self-worth. Underlying this attitude is a clashing of inner energies, which are projected out as shadow-adversaries in the external world, so that arguments, dissension and conflict almost seem to follow in your footsteps.

There is little tranquility in your world; it becomes more of a battlefield where you believe you can 'win your spurs' proving your capabilities. You are fired by the competitive spirit, intending to win and be number one, although the quality of your aggressive vibration tends to attract similar people into your life, and this can result in power struggles in working or domestic environments.

Applying extra force may leave you in a position of superiority yet can also increase the number of adversaries that you leave in your wake; your genuine friendships can be few if you act in this manner. You have a powerful desire nature, you easily become fixated

on attaining these desires, whether they are lovers, positions of executive status, or whatever, even if your energies are focused only temporarily in such specific directions. These desires can reflect the themes of the houses and signs of Mars and the Sun, and often contain the issues that you feel most combative about.

There can be an aura of 'danger' surrounding you, possibly with a sexual magnetism and aggressive power that some can find extremely attractive, although this energy can overflow through displays of irascible temper and potential violence if uncontrolled. You are very physically responsive and will have a developed visual and sensual appreciation of life. You may have to ensure that your desires do not become compulsive or obsessive in nature. In relationships, you may lack sensitivity to others' feelings and needs, and may need to transform expectations of a partner so that they conform more closely to a realistic appreciation, rather than providing fuel for later disillusionment.

A wise choice of partner is required; otherwise your domestic life could become volatile and traumatic; a partner who evokes your higher nature and qualities is probably more ideal than one who just stimulates your passionate and vigorous nature. Finding a suitable companion, who is strong enough not to allow you to dominate, would probably help in modifying your attitude towards life.

A danger can lie in a tendency to make impulsive decisions or actions, and then regret them later. It may be that experience eventually influences you to make changes in your style of expression, and this may not occur until later in life, perhaps after the age of thirty and through developing maturity. It is to be hoped that there will come a point when you lessen that driving feeling of insecurity and lack of worth, so that you can recognize your real value and potential.

Once that self-imposed pressure to challenge and compete has diminished, and acknowledgement of your performance has been achieved, then new life directions may open. When this occurs take the opportunity to dismantle your combative attitudes, by broadening your world view beyond those limiting tendencies of yours to perceive life in stark black-and-white distinctions. This could develop to include involvements with social causes and pressure groups, where your partisan approach and abundant energies could be put to positive use, providing that you can maintain a balanced perspective on your beliefs and attitudes, and do not attempt a forceful proselytizing or fanatical expression.

20) ► **Moon** ☾ **Opposition** ♂ **Mars** - (3°42' S) ♀2 | 008

([154] astromatrix.org;) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner

pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by attempting to impose your will on others. Hoping to gain superiority, you may be too assertive in your desire to become a leader and not a follower. This often results in a distorted self-image, both to yourself and to others, as you fall into the trap of becoming 'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is

difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

21) ► **Saturn** ♄ **Opposition** ♋ **Lilith** - (1°43' S) ♀11 | ♃5

([637] astromatrix.org;) Fear of Rejection

Opportunities: 1. Embracing childlike wonder 2. Being more practical

Challenges: 1. Overcoming fears of rejection 2. Letting go of tradition

Saturn opposition Black Moon Lilith in the natal chart describes your multi-faceted personality, one side of which is incredibly passionate to realize success but the other side fears rejection or criticism. The fear of rejection or failure triggers your angst, and it also sabotages your peace. You prefer to isolate yourself to avoid facing challenges. Instead of limiting yourself, if you learn to be productive, efficient and mechanical to counter the hardships, it will help you successfully get through difficult times.

Instead of falling prey to your anger, try to stay calm, disciplined and practical. Do not feel threatened by others. Because when you think others are challenging your authority, it triggers you and brings your weak and angry side in focus. Your simmering rage and poor self-control can deprive you of your calculated and determined approach.

Your success can be the best revenge to make others realize your worth and talents in business and financial matters and the matters of love and friendship. You might feel odd and distanced from the traditions and perceive them as hurdles in manifesting your ambitions. You might also feel restricted in your opinions while dealing with the challenges regarding your inner nature and the desires of your heart.

But if you train your raw and edgy nature, it will help you make your name in everything you decide to do.

Still other times you may seem cool and detached. There is a whole spectrum of reactions you may have when your loved ones are in need. If you try to suppress your instincts to nurture others, you may end up reacting to intense feelings impulsively.

25) ► **Pallas** ♀ **Opposition** * **Juno** - (9°58' S) ♃10 | ♀4

([592] 12andus.com:) You don't easily find balance between your ideal partnership and your personal mission.

You may feel compelled to follow a campaign or crusade that is instrumental to your sense of ambition and success. Yet at the same time, you long for the connection of a serious partnership. Your marriage or committed partnership provides the security and connection you searched for.

Yet you may continue to feel as if something is missing. When you find a deeper sense of satisfaction because you've clarified your vision and found ways to pursue your ambitions, you can then more easily find contentment in the obligation to your partner.

You may have to find the right balance between your devotion to your mission and your devotion to your partner. You can come to a greater appreciation for your partner and your partner's role in helping you succeed in your mission once you find ways to balance these two priorities.

Until you do, however, you may unintentionally sabotage your relationship or alienate yourself from your loved one as you focus all of your energy on one or the other.

26) ► **Sun** ☉ **Sextile** ⚙ **Uranus** - (1°24' S) ♀2 | ♀4

([226] astromatrix.org;) The Inventor

The more radical use of the conjunction energies is potentially easier to express in both the sextile and the trine. Whereas an important shift may need to occur in the individual with the conjunction aspect - in order to renew and redirect any overflowing, insistent Uranian energy through the unifying Sun center - these other two dynamic, harmonious aspects are ripe for exploitation and unfoldment.

You should have a progressive outlook, and a sense of social affinity which is directed towards affirming its positive side and potential for future improvements in the quality of life. The assertive and possibly aggressive rebellious stance is already transformed within you into a reformist tendency. 'Change from within' is more your keynote, rather than a direct destructive attack or negative attempts to withdraw from participation in society. Your mind will be very active, searching, questioning, and naturally explorative, allied with an intuitive creative need for self-expression.

It will be important to be personally assertive, but undue eccentricity is not your style. Due to that positive solar relationship, you will feel more centered, forming a stable inner character and extending an ability to direct your life and make wiser choices. Tolerance and understanding of others will be more evident, especially an intellectually derived tolerance based on your innate humanitarian instincts, although often your emotional affinity with others can be a little cold or withdrawn.

You do not feel at one with this world, yet intellectually your mind is; perhaps more empathy is required. You are likely to contribute to groups which support social reform and have an attitude of 'changing the world to be a better place for everyone to live in'.

Probably you could rise to important positions in such groups, transmitting your enthusiasms and positivity by becoming a spokesperson for their visions and ideals.

Your opinions are usually forthright, and you try to stay true and committed to your beliefs. Honesty and straightforwardness are high on your list of essential values, and you have little tolerance for lies and deceptions and those who perpetrate them. This can easily lead you towards opposing a national government or establishment groups who are 'economical with the truth' on orders from their 'superiors'. Equally, it could lead you to break away from groups that you are associated with, if they - in your opinion - fall to such low levels or compromise and fail to live up to the high ideals which they may offer to the public.

You believe that life has an inner meaning of great value, and continually search for the threads of this throughout your life, trusting in the belief that life is good, often despite appearances. This is part of your quest for the spiritual dimension of your solar center and will draw you increasingly closer to that integrative heart of your nature. However, you are aware of the darker sides of existence, and feel inspired to try to improve the quality of life for those who suffer or for the following generations.

At times, especially perhaps after any disappointments on your path, you may coolly withdraw from relationships or social involvement. See this only as a temporary phase for re-evaluation. You need to communicate with like minds, sharing experiences, insight and knowledge. This may easily develop over time into forms of teaching where through sharing you can contribute towards progress for others, and this could become a fulfilling route for you to follow to embody a higher solar purpose.

27) ► **Moon** ☾ **Sextile** ⚞ **Uranus** - (2°24' S) ♀2 | ♀4

([237] astromatrix.org;) Unconventional Living

Both sextile and trine offer an easier handling of the Moon-Uranus energy relationship than the conjunction. There is a fluency to the energy flow and merger that offers considerable potential when utilized creatively and sensibly.

You may find less reliance upon established behavior patterns, certainly reduced conflict or confusion, whenever you respond to the future orientation of Uranus. Also, your 'head and heart' can beat more in unity, rather than to different discordant rhythms, so relationships should be more successful.

In addition, this can improve your decision-making ability. You will be mentally alert, recognizing opportunities when they arrive and being ready to take advantage of them. You are prepared to take risks and speculative leaps if required to capitalize upon an idea or venture. Learning can come easily.

([284] astromatrix.org:) The Expander Of Consciousness

Most of the characteristics of Uranus / Neptune aspects involve the element of distrust

for leaders, organizations and powerful figures. Those born with the sextile aspect tend to object to establishment secrecy and the withholding of information from their people or their electorate. They consider this manipulation of information to be a deliberate and iniquitous distortion of the truth which should not be allowed by their leaders.

Often such people would support a 'freedom of information' causes, believing that the state should be the servant of the people, and not the other way around. There is an anti-establishment attitude, together with an objection to state autonomy in which the person is steam-rolled by the weight of state bureaucracy. There is a need to reassert individual power and freedom from state interference, and such attitudes will often oppose authoritarian dictates. An attraction towards social revolution and changing the nature of state control can develop a revolutionary and evolutionary philosophy which champions the people's right to power within their own society.

An optimistic belief in people and their potential will dominate, which some may consider to be too naive and idealistic, but it is founded on the right to be able to choose for oneself, and to determine the sort of personal lifestyle to live without being inhibited by social repressions (provided that it does not harm others). It conceives of a society aimed towards personal development and fulfillment, through individual creativity and uniqueness, in contradistinction to one which conditions people to unquestioning fulfillment of economic roles and adherence to social convention. Essentially, it asserts the right to be self-determining, rather than meekly and blindly following the guidance of leaders who often gain such positions through money or heritage alone.

An active involvement in social decision-making will attract, especially in ways designed to make some progress towards those brotherhood ideals which so appeal to the mind and emotional levels of those with this aspect.

([381] astromatrix.org:) The Struggle For Success

The issue of self-esteem and worth is highlighted, and you may experience a degree of hidden insecurity and fears of full involvement in life. You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them.

At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable. Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start.

Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others.

There may be an emotional reserve and lack of warmth in your social contacts, so that

you feel uncomfortable in bridging social divides and entering deeper relationships. Cooperation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships. You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem.

Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

([652] astromatrix.org;) Strong-willed Persona

Opportunities: 1. Developing a healthy ego 2. Attuning yourself with norms & Laws

Challenges: 1. Following your heart 2. Adjusting scenarios to multi-task

The place of this aspect in your chart indicates friction between a deep desire to be true to yourself about what you feel concerning your needs, sexual instincts, and the desire to be appreciated by others. It is important to feel free and develop a healthy ego. The combination of Sun's positivity and Lilith's darkness strikes a classic blend of power play and dominance.

You need to learn that you can not have everything in your life as you want. You have to abide by societal standards and laws. Accepting your aggressive nature and understanding your needs without any fear would help to exert your energies positively. You also won't feel forced to go to extremes to ease yourself.

Sun square Lilith brings strong-willed and aggressive individuals ready to speak about vices prevailing in the society and becoming a reason for people's distress at large. The square aspect creates tension that compels action, and Lilith strives for attaining harmony while simmering with raw rage.

Together these two can do wonders and surpass every hurdle. So this aspect creates innovative activists and charming agitators possessing high standards and profound respect for everyone around. Your toughness sometimes becomes a hindrance to your popularity because others might perceive you as rude. But you are equally tough to yourself as you seem for others.

The energy of the Sun steers you to aim for the moon as the sky is the limit for you. Your most vital asset is the refined intuition that motivates you to take a leap of faith and conquer the fears of rejection and criticism.

Key themes of this aspect are to tame your sexual nature and desire to get appreciation, conforming to societal standards and asserting your sexual fantasies and individualistic desires to get comfortable with your inner self.

([392] astromatrix.org;) The Cold Heart

Limitations and restrictions may occur on opportunities and experiences, often created by unresolved emotional patterns. The source of these may be sentimental attachments to the past, to memories, to experiences, and to earlier relationships.

You find it difficult to break free from the past; and previous experiences will influence present choices and attitudes. You may have grown up with a negative self-image, one which lessens self-confidence and also shapes restrictive worldviews. This may come from unsettling and disturbing childhood experiences. Perhaps you put up protective barriers to defend vulnerable feelings from damage; you may have believed you were not loved by your parents, or you were left with just one parent through separation, divorce, or death. Issues of emotional dependency may have grown, and a mother- or father-complex formed, making it difficult to cut the parental umbilical cord when you became an adult.

You tend toward pessimistic attitudes, linked to a reduced physical vitality, emotional moodiness, melancholic dissatisfaction, and depression. Lacking self-confidence and perhaps seeing the world as a harsh, loveless place, you may feel bitter and cynical, preferring isolation from relationship intimacy. Family ties bind you.

This could suggest that you are older than most when you leave home to become independent; or you could have the onerous duty of caring for an elderly parent. Your family life may turn into an imprisoning environment in some way, perhaps through children, economic hardship, or social isolation. You maintain tensions and frustrations by refusing to release behavior patterns formed during childhood and within your parental relationship. It is your choice, if you wish, to continue limiting your life, but it is

not inevitable; limitations are only imaginary parameters which we draw around ourselves as a barrier; they can be erased or expanded.

Your creativity is blocked by emotional repression. If you dissolve the barrier and redirect the energies toward positive and constructive channels, then much could be achieved. Finding additional interests and stimulation would be beneficial, showing that the world has much to offer if you open to its riches. Becoming involved with children could reveal new ways to see things; their enthusiasms and sense of wonder could be transmitted to you.

With contemporary self-help techniques, visualization, meditation, affirmation, and the availability of numerous ways to release blocked energies, you can transform your life to face the future with positivist and optimism. Once freed from past restrictions, you can uncover your latent potential.

([425] astromatrix.org:) Frustration

With Mars Square Saturn you can be austere, callous and harsh and usually won't go out of your way to help others unless you gain by it. Your actions are frequently frustrated, leading to negativity and resentment and you must overcome these.

Conflict and hardship will transform your consciousness and redeem your past, and willingness to take discipline will set your soul free. You can be physically violent (or a victim of the same) or suffer an early loss of a parent. You may also experience physical hardship, broken bones and accidents, often in the workplace where harsh, dirty or even dangerous conditions exist, possibly even resulting in your death. You have health problems related to the signs of Mars and Saturn.

You have difficulty relating to others, especially in partnerships and marriage, and are apt to make enemies due to your lack of gentleness, patience and kindness. You must become loving and compassionate instead of passing judgment or criticizing. Since you alternate between aggression and apathy, you may be severely restricted in your career, which often involves politics or the military.

47) ► **Mars** ♂ **Square** ♀ **Lilith** - (0°47' A) 008 | ♀5

([656] astromatrix.org:) Transforming Primal Energy

Opportunities: 1. Asserting Your Power 2. Harnessing your inner wild

Challenges: 1. Overcoming Feelings of inadequacy 2. Avoiding impulsive decisions

You may feel as though you always feel like you have to assert your power, so that others know not to cross the line with you. You may also feel extra sensitive when others have an opinion regarding your life direction.

Lilith Square Mars increases the need to assert one's ego. Mars is the God of war and aims to bulldoze any obstacle that is blocking its course. Lilith can add an antagonizing energy to Mars and may want to sideline Mars' ambitions. Lilith can fight for power and dominance, and in a square aspect it can attempt to control the actions of Mars. Mars and Lilith are two forces that influence our most primal natures.

Our primal nature includes our libido, anger, hunger and fear. Under this influence, there could be themes of irrational behaviors regarding feeling overpowered and asserting one's boundaries.

Subconsciously, you may feel as though you have to overperform to receive recognition from others. Additionally, you may be prone to make abrupt decisions based on your

primal impulses at the time. This can lead you into waters that can be dangerous. It's important to understand that you have a potent inner wild, that needs to be integrated into conscious awareness. Adrenaline-based activities can help you transmute these energies.

Key themes of this aspect also include feelings of inadequacy when navigating the world. You may feel as though other people wield power over you, that can make you feel disempowered. Additionally, you may have conflict with your sense of belonging in your environment.

With nodal squares, there can be these frustrating or even painful repeated themes that are continuously brought up in your life, to nudge you to fulfill your karmic lessons in this life since you failed to do so in the past (South Node).

With North Node square Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is potentially a constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep you a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

61) ► **Midheaven MC Trine** ☾ **North-Node** - (3°51' A) ♀4 | 008

([372] astromatrix.org;) Gaining Recognition

Since the midheaven or MC, is usually a very public place, those that have their North Node in a beneficial aspect to this axis are here to gain recognition within the working environment and get publicly noticed for some of the work and achievements that they will accomplish. The MC is relative to our interaction with the world at large and our place in it. 62) ► **Sun** ☉ **Trine** ♆ **Neptune** - (2°49' A) ♀2 | 136

([306] astromatrix.org;) The Inspirer

With the trine, there is the potential for a successful reconciliation and resolution of the Neptune-Sun energies, leading to a powerful positive blending of the individual Sun center and the transpersonal outer planet.

Potential is present, but there may be question marks against your incentive, motivation and application in exploiting latent talents. This is the hurdle that can face you, especially when confronted with the nature of choice and decision over your life-direction.

You may be multi-talented in a variety of artistic and creative ways; music, art, literature, dance, drama, yet find it hard to be focused and sufficiently disciplined to become a master and not a jack of all trades. Associated with a perceptive mind, which is capable of good assimilation and understanding, should be an intuitive quality too, which you can use as a source of insight and knowledge. This intuitive or psychic faculty will mainly operate through the emotional nature as empathic identification, in distinction to the Uranian intuition which is more mental and impersonal in nature. This intuition often gives you insights into the nature and motivation of others around you, and environmental atmospheres can influence your state of mind and well-being.

There can be ambivalence towards social involvement and responsibility. Much depends on the nature of your expression; if it is within creative and artistic spheres, then your focus of attention and energy is absorbed within the creative vision. You are not unresponsive to social concerns, but you feel that being a creative channel is your contribution to society. Or you may respond to the Neptunian vibration by opening your heart wider, feeling a channel for 'universal love' supporting and uplifting others.

This path is one of service to the community of human beings, and medicine can be a favorite expression, or similar forms of physical, emotional and mental therapy and healing. In relationships, emotional freedom and trust are highly valued as components of an ideal romantic love. You tend to be emotionally faithful and give priority to the virtues of a close and loving family environment. Your empathic and sympathetic nature adds to those feelings of closeness with family and friends.

63) ► **Sun** ☉ **Trine** ♅ **Pluto** - (3°31' A) ♀2 | ♁7

([307] astromatrix.org;) Self Integration

The relationship of the Sun-Pluto trine is potentially quite harmonious, and you should have the ability to concentrate and apply your willpower, coupled with the option of a regenerative transformation which may be necessary to achieve self-integration and your chosen aims.

There will be less influence by the undermining quality of the Pluto energy, provided that you utilize your natural gifts in socially acceptable ways. You are able to make maximum use of innate resources, turning them to your advantage to achieve your goals. You will display a social awareness and will feel attracted to applying your talents towards improving the social environment.

Your ability to have a natural insight into resolving problems in the most effective manner can lead to a possible career or vocation in challenging problem-solving areas. You will

have certain financial skills and a logical and deductive mind, preferring to tackle projects where you can reclaim order from chaos. This gives a sense of satisfaction, as you dislike chaos and a lack of structure; you want to be in control and create an ordered harmony in your life and environment.

You have the potential to be a spokesperson or leader, where your vitality gives the impression of purposeful direction, and your optimistic and inspiring creative expression can attract support. This occurs naturally, without the usual Pluto desires for power and manipulative influencing of others; indeed, you have little compulsive desire to be an authoritative leader.

There can be an intuitive ability which offers you clear insights into situations, possibly even a degree of clairvoyance, which any exploration into yoga, meditation and ways of self-discovery could release and amplify. There may be a healing energy from you, possibly aiding others who can absorb excessive energy releases from you on an unconscious level, and you can be a reliable support to anyone who requires aid in resolving problems. You may benefit from what appears to be 'luck' in your life; this can come from inheritances, or by the ill fortune of others.

You have considerable creative potential, but to release this fully you may have to experience some inner transformation which dissolves any blocks which are initially frustrating your success. This involves learning how to use this aspect to full advantage. Assuming that you are able to channel this energy towards socially beneficent results, and ensuring that you do not try to evade facing and resolving any important personal problems that arise - within yourself or within a relationship - then you should experience few of the traditional difficulties associated with an unintegrated Pluto energy; which, for many people, could be considered a blessing.

Certainly, Pluto, can be very co-operative with your solar aims, although much of this support may lie deeper in your unconscious mind and may not always be recognized. At least unresolved Plutonic patterns will not be subtly influencing and distorting your choices and experiences in an attempt to come to your attention.

66) ► **Moon ☾ Trine ♆ Neptune** - (1°49' A) ♀2 | 136

([317] astromatrix.org:) The Artist

Both the sextile and trine aspects of Neptune to the Moon are often found in the charts of artistic and creative people, especially those with a personal interest in increasing the amount of beauty and goodness in the environment of social life. This can manifest itself in a variety of ways, from improving someone's living conditions, through more aesthetic cultural appreciations, to enjoying a well-made film or admiring an evocative painting of harmony and beauty.

The trine indicates the potential for a successful resolution of these two planetary energies, so that inner imaginative and sensitive life is integrated with a suitable form of outer expression. As there is a tendency towards environmental hypersensitivity, you need to discover a way of response that allows you to use this perception in creative ways, through revealing to others this more subtle and perhaps hidden invisible dimension of life, so that they too can appreciate and contact the vitalizing, uplifting and inspirational quality of the inner realms. This is why this aspect can often be found in those who are dedicated to film, dance and the arts as revealers of enriched perceptions of life, and where the Neptunian muse works through into the world.

You are likely to possess such innate talent, and, provided that you make the effort to manifest your inner imaginative dreams - perhaps associated with your Venus - then you can be productive. If, however, you have a weak or badly aspected Mercury, Saturn or Mars, then you may have certain obstacles to overcome before your dreams can turn into reality. Otherwise, you may be able to offer rich dramatic artistic creations for the stimulation and enjoyment of others.

Generally, you are a beneficent spirit, warm and compassionate to others and aware of the social dimension to life. Yet you may be more attuned to applying your energies in a distinctly creative manner than to being preoccupied with more direct social action, believing that creativity is the best way for you to contribute towards the advancement of society.

Your interest is usually in the unfolding of individual potential, and you can place much

effort into encouraging this in others, especially your family and younger people. Sometimes, though, you may be a little self-centered in attitude - especially when under the influence of an artistic muse - and prefer to be freer from social or family obligations in order to concentrate on releasing your creative spirit.

In relationships, you prefer a partner to have independent interests and the ability to be more self-reliant and not excessively dependent on you. Partners should have a corresponding artistic appreciation and sensitivity, culturally developed so that mutual understanding is present. It may be that your creative spirit is fully satisfied by the creation of projects which can have a direct benefit for others, which contribute to improving social conditions in some way.

From these you too would benefit as the quality of the social environment improves, and so diminishes the level of negative impact that it can make on you. There can be a prophetic element in your creativity; intuition, related to people and directions, can play a vital role in your life, and art can give direction or voice to underlying social needs too. This is the psychic dimension operating; it requires attention.

74) ► **Venus** ♀ **Trine** ♄ **Pluto** - (4°59' S) ♀3 | ♇7

([337] astromatrix.org:) Intense Emotions

The trine aspect gives similar indications to the sextile, where the possibility of personal transformation is likely to occur through emotional experiences of a higher and intense kind.

You will have a fundamental faith in life, an innate optimism that all will work out well in the end. This belief in the goodness of life can be 'contagious'; and you may feel

attracted towards sharing with others your personal approach or philosophy of life, so that they too can experience how trust, faith and love can enrich and guide a life. You feel that higher values are essential in interpersonal relationships; and you try to embody these in your own life.

You see that the bedrock of a partnership - apart from mutual love and affection - lies in qualities of commitment, honesty, integrity, responsibility to mutual obligations, and allowing each other the space to express his or her own unique nature and to continue to unfold the personality in a developmental way.

Generally, you have a belief that the lives of others could be greatly improved if certain adjustments were made in their attitudes; and you are probably correct in assuming so. You may, however, have to avoid a tendency to interfere in the choices that others make. They have to find their own way, although you have the potential to help others do this, perhaps by encouraging them to examine themselves and their options.

You should have a sense of life direction to follow, a meaningful path which may appear in hindsight to have an element of inevitability about it. Similarly, your intimate love life may feel preordained, and you may find that you are waiting for that special partner to enter your life, not feeling quite right with any previous relationships or fully able to commit yourself to them. It could be that you experience the right partner in the traditional sense of 'love at first sight', an intuitive feeling of 'rightness'.

Whether immediately obvious or not, your life will be strongly directed and influenced by your emotions; your choices will always be conditioned by your emotional responses to people and situations, even though you may overlay your 'gut reaction' by intellectual reasons or logic.

Fortunately, your choices tend to turn out right for you, unlike the choices made by those with the Venus-Pluto square or opposition, where following emotional impulses leads towards considerable difficulties and frustrations. It may be that some of the higher appreciation and qualities that potentially are yours to experience may remain latent until they are triggered into conscious activity through the transformative action of love upon you; meeting your 'fated partner' could be the stimulus for this process.

This does not necessarily imply that the relationship will succeed and survive but could indicate a crisis and turning-point in your life centered within your emotions, which - whatever the result - will lead to enhanced understanding and inner change.

others. You try to physically show others you care. When you can't soothe your loved ones through giving fancy gifts you will show with physical affection.

You're compassionate and easily balance nurturing your own needs and the needs of those you love. You may be indulgent of those you care about pampering your loved ones and yourself.

You can be an influential mentor because of the personal connection you make with others. You easily help others feel comfortable and secure, and this makes it easy for them to buy into your views.

77) ► **Mars ♂ Trine ♂ Uranus** - (1°18' A) ♀8 | ♄4

([343] astromatrix.org:) The Leader Of The Pack

With the trine, the Mars and Uranus energies should be reconciled and capable of working well together. In several respects there is similarity with the sextile, although there will be less emphasis upon the level of mind as a dominating factor.

There will be a multiplicity of interests and fascinating areas of knowledge that will attract you; and you will demand that you have sufficient freedom to be able to explore them. Building upon the results of your studies and skills that you have developed, you will feel attracted towards ways of creativity which demonstrate your capacity for self-expression. Being creative is important to you; and once stimulated you may have the problem of choosing what idea to work with out of the many that appeal to you. Discipline can be necessary at such a point, once you decide to follow a creative project, so that you succeed in completing it, before diverting yourself into others.

Independence seems necessary for you; and that impatient, restless nature often makes you soon tire of any enclosing intimate relationships. You need a broader scope, with the stimulation of more people to offer more expansive horizons. Group involvements can help to satisfy such needs, as well as providing a focus for your energies.

Potentially, you can become a leader of such groups; but if you do so, you may find that your independence becomes constrained and the accompanying duties and responsibilities are onerous. Organizational routines and predictability would limit your freedom - which you would hate. A routine life and employment will not suit you. A greater degree of mobility and choice of activity can be aimed towards building a lifestyle that satisfies your needs, rather than frustrating them. Otherwise, those nervous

tensions will grow, and can lead to psychosomatic illness.

If your creative spirit is released, and you enter into a less conventional life, you will find that more unorthodox relationships are appropriate and liberating. A traditional marriage may feel limiting, assuming that this tends to imply a traditional lifestyle as well. Under social pressures to conform, people often find that they are being forced to live in certain ways that are inimical to their natural needs and desires as evolving individuals.

Nonconformism is usually penalized and demands a strong personality to oppose these pressures and so create a life that is appropriate for them. Most societies favor a predictable 'grayness' of population, rather than welcoming a multi-colored richness that is harder to control.

With North Node square Neptune, you possess many visionary gifts. When working through its higher form, you succeed in many artistic and creative fields. There are cinematographers, filmmakers, painters, artists, sign makers, photographers, dancers, singers, musicians, actors, and designers that have this aspect.

It is questionable if you will put your unique gifts to superlative use, however. The liabilities are high with South Node conjunct Neptune. You might have led a mystic kind of life and it may be difficult to draw you out, though you could share spiritual insights that contribute to the overall karmic growth on the planet, but you may prefer to stay out of the limelight. Or you dislike the mainstream society and enjoy living within your imaginative and spiritual realms.

Your work may require seclusion and you may become a reclusive type or hermit who prefers the background. You may be so sensitive that you want to hide away. This is an emotional aspect, especially when falling in water signs. The South Node influence may distort the emotions, which fuels the mind. You may not feel like they are part of this world, as if you live in an alien world. Such feelings of alienation and psychic distortions increase the chances you will resort to drugs or other strange methods for handling their

crises. The house of Neptune and its opposing house shows where the imagination and vision are enhancing those affairs or merely distorting things.

With North Node square Pluto, you have an incredible amount of power, as a result of having weathered some tough storms in the past. Now this power is to be distributed carefully. There is a pact with the higher forces about how the power is to be used, and this should not be for selfish purposes. You are not so concerned with what is happening on the surface as with what is going on beneath it. You can be questioning, curious, and probing, often aware of the underlying motivations behind people's actions.

However, there is difficulty getting this energy properly harnessed so that it doesn't work against you. Holding onto memories of some old crisis can make you suspicious so you may become manipulative as a way to stay one-up on others. This could be your greatest undoing. You may have a distracting preoccupation with sex and the sensual side of life. Or, there is an intense fascination with death-with the morbid or strange.

Major circumstances in your past life or early childhood may have caused you to become resourceful, self-reliant and distrustful of authority. You likely question prevailing societal values and remain unaffected by trends. This may ignite much opposition in others and resentment within you. Your desire for transformations, deep thinking and intensity clashes with current social mores. Stop letting opposition to your ideas isolate you.

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

([40] astromatrix.org.) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

Typical features that this conjunction brings: You are imaginative and dreamy. Your challenges are mostly connected with your intimate relationships. With this Natal Neptune – Vertex aspect you may attract very strong personalities or rather weak ones. Also, you are often attracted to the artistic, sensitive, or spiritual types of people. But, you can be also interested in those involved in drugs and alcohol. The chance moments for your growth are bad choices of partners. Big doses of realism enable you to avoid negativity. While deception is possible, you may be the one deceiving yourself. Also, you could become pompous or mystical when you are in over your head. [142] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([142] astrologyking.com:) It resembles the conjunction although the difference between them is that the opposition is fundamentally relational.

There is a greater need for love and affection. It can put a strain on love relationships because tensions spring forward easily.

It does favor sorting out any issues relation-wise because you are in touch with how you feel and can express how much you love or miss someone. Compensating for any loneliness by indulging in luxuries may only give short-term relief and put a strain on finances. The better way to channel Venusian energy is to contact people for a chat or getting out, even trying your hand at some creative activity.

([153] astromatrix.org;) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your

emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

13) ► **Contra-antiscia-Ceres** ♀ **Conjunct** ♀ **Neptune** - (1°18')

([566] 12andus.com:) Your nurturing style vacillates between deep devotion and confusion about your boundaries.

You're loving, sensitive and compassionate toward others. You feel deeply and emotionally connected to everyone around you. This can lead you to be overwhelmed by the feelings of others.

Yet as much as you are deeply intuitively connected to others, you sometimes suppress this connection. You can become overwhelmed and consumed by your relationships with others.

If you can keep your boundaries clear and strong, you can show the best of your strengths as a nurturer and caretaker. You can be a compassionate healer and facilitator for growth and rebirth for those you love.

You'll need to learn to recognize your potential for wishful thinking and escapism, seeing the world, for what it is rather than projecting your ideals on to others.

15) ► **Contra-antiscia-Pallas** ♀ **Conjunct** ♀ **Neptune** - (2°06')

([584] 12andus.com:) Your strategies may be vague and fuzzy. You don't want to commit to a concrete plan. Instead you prefer to have a fluid and changeable strategy that will suit your changing mood.

Unfortunately, this can turn you into a dreamer whose ambitions don't come to fruition as easily as they could. You may dream up plans and leave it up to others or to chance to let things fall into place.

You may also work against your success by becoming confused and distracted by

wishful thinking. If a desire or plan is not realistic, you may hold on to it as a dream and then become resentful, assuming others did not do enough to promote your goals.

Your intuition can help you but can also be a hindrance if you have not yet found ways to reality test your wishes and dreams. You may be confused by wishful thinking masquerading as intuition and this can dilute the effectiveness of your plans.

17) ► **Contra-antiscia-Ceres** ♃ **Conjunct** ♅ **Pluto** - (0°36')

([567] 12andus.com:) Your intense desire to nurture your loved ones can lead you to extremes at times.

You want what is best for your loved ones but you may go overboard trying to influence those you care about. When you do, you can intimidate or overwhelm the people closest to you.

You may get into power struggles with people you care about when you try to entice them to make changes they aren't ready to make.

You can help your loved ones create transformation and let go of the past but will have to be clear about your intentions. If you're not you may project your own desire for change and rebirth onto those you love.

19) ► **Contra-antiscia-Pallas** ♃ **Conjunct** ♅ **Pluto** - (1°24')

([585] 12andus.com:) You can be intense and your natural sense of authority sometimes intimidates others. You may feel your desire to be in charge is a sign that your plans are naturally the right course of action.

If you're not careful, you can intimidate others and actually work against your goals. You are intense, and love to create strategies that rely on your obsessive planning and plotting.

Your process can become brooding if you take things too far. Though it is not always easy for you to collaborate with others, you may find it overall more effective to maintain a balance between determination and willpower and the benefit of your larger mission.

You may lose sight of your true goals and purpose if you get too focused on being in charge or dominating others by insisting on having things your way.

21) ► **Contra-antiscia-Chiron** ♄ **Conjunct** ☾ **North-Node** - (1°02')

([124] astrotarot.net;) Typical features that this opposition brings: you are often obsessed with your independence. Also, you can be lost in your deeper rage and unrestrained emotions. Those things may distract you from your potentials. Your main potential is to be a role model or healer for other people. You often feel like an outcast. That is because of your past wound and traumas. So, your first reaction is often to get lost in vengeful rage rather than transforming your traumatic energy into opportunities to heal you and others. Facing your wounds is a key to opening your deeper power and creativity. You need to learn to accept the strength past wounds have given you. These Natal Chiron – North Node aspects will push you to analyze anger inside of you. Often when you name something, understand, and become consciously aware of the negative potential it loses its power over you and you can use the energy in a positive way. These Natal Chiron – North Node aspects are about accepting yourself with all your scars and imperfections, and helping other people accept themselves too. The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 16° **Leo** 21' and in the **1st** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 18° **Leo** 27' and in the **1st** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 19° **Leo** 32' and in the **1st** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 1° **Aquarius** 23' and in the **7th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 0° **Cancer** 47' and in the **12th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause

of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 20° **Aries** 19' and in the **9th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 24° **Pisces** 55' and in the **8th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 5° **Pisces** 42' and in the **8th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 24° **Gemini** 5' and in the **11th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in Eleventh house (Aquarius): large gatherings, loneliness, political incorrectness

Lots related to family:

The **Lot of the Father** is in 20° **Scorpio** 59' and in the **4th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 24° **Leo** 51' and in the **1st** house.

Same as for father.

The **Lot of Siblings** is in 3° **Sagittarius** 39' and in the **5th** house.

The **Lot of Children** is in 1° **Taurus** 9' and in the **10th** house.

The **Lot of Daughters** is in 15° **Pisces** 41' and in the **8th** house.

The **Lot of Sons** is in 29° **Virgo** 53' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 5° **Taurus** 19' and in the **10th** house.

The **Lot of Marriage for Men** is in 29° **Scorpio** 29' and in the **4th** house.

The **Lot of Deceit in Marriage by Woman** is in 13° **Aquarius** 40' and in the **7th** house.

The **Lot of Deceit in Marriage by Men** is in 25° **Leo** 51' and in the **1st** house.

The **Lot of Marriage (in general)** is in 19° **Capricorn** 7' and in the **6th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 21° **Libra** 7' and in the **3rd** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 18° **Cancer** 23' and in the **12th** house.

The **Lot of Treachery** is in 20° **Aquarius** 8' and in the **7th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 16° **Scorpio** 31' and in the **4th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 12° **Taurus** 44' and in the **10th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Leo

(canvasofthecosmos.tumblr.com;) Pholus in 5th House/Leo: Creativity is impulsive here. When you decide to make something, it awakens forgotten oceans from within you, choppy with excitement as it laps the shores of your mind. Your inner child can overwhelm you at times as you try to suppress it in fear of being too overwhelming to others as well as yourself, leading to a feeling that you lack an ego entirely. It's likely that you will pick up many hobbies, particularly art-based, as well as a few lovers as outlets for your immense energy. You may compulsively seek relationships of every kind as the love you find in them ignites your uncontrollable passion, or maybe shy away from them in fear of what those feelings can invoke. You meet many soul mates in your life, and this compulsion after your lust life may get you in trouble as you cross lines in the sand. This is because you just cannot be contained, no matter how hard you try. In a way, you never grow up, being able to entertain yourself in any situation. Never let that fire of passion go out- just remember to balance the wild things that make life worth living with the mundane things that maintain your livelihood in the first place.

Pholus in 1st house

(12andus.com;) You may have a very mobile and transient lifestyle. You can be a strong advocate for healing but also a catalyst for dramatic change for others.

Difficulty and hardship can influence your outward personality and physical image. At the same time, small efforts you make through your personality, body language and outward appearance, can trigger significant events to unfold in your life.

These events can be miraculous or catastrophic, but regardless will lead to breakthroughs or awakenings. Facing issues with image, appearance and identity will lead you to greater breakthroughs. Restrictions or issues with deception can undermine your image or identity.

You may have a toxic flaw that influences your sense of self or you may have to heal from a toxic and inaccurate self-image. Steps you make to try to assuage your insecurities, especially your self-image, can prove to be damaging in or toxic to your well being in other ways.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Libra

(12andus.com:) You have a desire for balance and harmony in your sex life.

- (12andus.com:) You may naturally feel comfortable unleashing controversial topics as part of your identity.

You don't mind making others feel uncomfortable, especially if you believe you are saying what must be said. You may think that you need to be a dramatic catalyst for

change and so aren't afraid to shake things up.

You also may not realize the impact your actions and words have in the long run. You may casually make comments or decisions that have long term ramifications that you are hardly consciously aware of in the moment.

When the dust settles, you'll look at how the cataclysmic changes you set into motion have benefitted you or others and will laugh it off as if you meant to do that.

Yet you don't always realize how much damage is done when you slip on the proverbial banana peel and take down the whole table setting with you.

You may feel like your individualistic nature and intuition are leading you on the right path, yet when faced with dramatic situations beyond your control, you may mislead yourself because you are reluctant to face the responsibility you have as an individual to society at large.

You may find it difficult to see past your own immediate needs at first. Yet when you tap into your intuition and accept the dramatic and intense changes that are underway because of major milestones, you'll be able to find the insight and motivation to turn catastrophic events into opportunities to advance and create needed changes.

You may be able to provide perspective and insight that others need even if you sacrifice some aspect of yourself in the process.

8) ► 19° Leo 45' **Pholus** ✎ **Trine** ♀ **Lilith** 24° Sagittarius 42' - (4°57')

(12andus.com:) You may find it easy to navigate dramatic changes and crises because of your strong willpower and independence.

Your rebellious streak can actually help you follow your independent path and unleash your creativity and passion even during times of crisis and cataclysmic changes. Chaos and disruptive events can help you become true to yourself and understand your own needs, regardless of social pressures.

You can then find it easier to express yourself and follow your true desires without feeling confined or contained. Sometimes, it may seem like you need the disruptive energy of a crisis in order to unleash your deeper desires.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Pisces

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days' events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night's sleep because they recuperate from stress through the REM cycle, and are generally excellent at decoding their dreams to indicate fortuitous future omens.

Hygiea in 8th house

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Virgo (Rx)

(astronomicallyaligned.tumblr.com:.) You want to open the box in order to be the image of perfection. Eternal knowledge, perfection, intelligence, diligence, and admiration. Inside you are all these things. But you might not know it. In your quest for perfection, you would sell your soul. You open the box in curiosity as to what is inside. Because

you don't know that you already possess these traits! As they're let loose, tunnel vision, stormy clouds, and insecurity is let onto the soft and scarily world. But if you know and understand what is in the box, you will feel at peace. Self-love for yourself is extra important here. Don't compare yourself to others, only try your best at self-improvement.

Pandora in 2nd house

Nessus

(vamzzz.com;) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Libra (Rx)

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someone's Nessus falls in your 7th house then that person will show the above qualities.

Nessus in 3rd house

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical.

(Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)

- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.

- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).

- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight.

Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we

can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

portends events concerning sacred rites and the worship of God, restlessness, drive to excel, rebelliousness, competitiveness, use of unorthodox methods to achieve your goals, power to overcome obstacles with concentration and persistence, warns against being inconsiderate of others and using force to get your own way, encourages practicing patience to develop skills, talents, and abilities, warns against putting priority on money, strong will, headstrong independent action, will not take 'no' for an answer, patience, discipline, hard work, concentrated energy, leadership, the healer, leisurely, solitary, melancholic, phlegmatic, serious, extraverted or introverted, can be passive aggressive or depressive

[3] Fixed star Hamal (aka the "Head"). Sensual but sadistic, this independent stellar warrior seeks satisfaction through self-indulgent and aggressive action, with a strong and immediate desire to dominate and control. But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.

Hamal fixed star meaning is one restrained and controlled aggression towards positive outcomes. But only if harnessed and approached with extreme care and attention. Hamal appears in an astrology chart when things are about to get serious. A certain situation grows to boiling point and action is needed. If any sort of constructive energy is to prevail.

Hamal star also indicates working in the confines of the law. Judgement and interference from others could bring a major project to its end. When working with others insure their integrity before sealing any business deal.

[3] Releases an excessive amount of occult energy or spiritual energy... cutting through the illusion around us and reminding us that every death is an omen of rebirth. And so the cycle repeats itself.

Arcturus offers protection on a psychic level as well as a physical one. A strong showing of this fixed star in one's chart has a powerful influence. In connection with Jupiter Arcturus ignites passion, spiritual wealth leading to ascension.

Arcturus reminds us of the matrix we live in. But also a way to transcend such a system. Through higher consciousness, achieving ownership of your very soul. Instead of allowing the brain to take the lead. Without listening to the spirit. This is a dangerous way to live. Arcturus fixed star shows us we must listen to our spirit and allow it to be master over the brain and body.

It prepares the body and mind for self-healing. Far-reaching past episodes of trauma may arise when Arcturus is prominent in your astrology chart. A time of awakening to the spiritual side of yourself. The soft gentle side that you've been hiding from the world, in fear of rejection. Living a life where your talents are regularly seen and heard is a pathway offered here. Singing, preaching, writing and general leader are all promising with Thuban in your astrology chart.

Thuban fixed star does also indicate a hard time with family. Situations where a lack of understanding and compromise spoil the mood for reconciliation. Although with patience the Thuban star energy will take over and all love connections grow due to the complications.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If our intentions with our fellow man are not honest and forthcoming an anger sets in. Creating mistakes and broken promises. Be sure to handle all things in this time calmly with gratitude. Remind yourself the universe is testing you and act accordingly.

Caught in a pattern of forces over which we have no control and restless for change, this energy is best focussed on analyzing the current situation. Travel opportunities and finances are favoured, especially if others are included. Just don't be a slave to the addiction of emotional highs and lows... since this will isolate and divide.

[3] The astrology of the fortunate fixed star called Nashira: warm and nurturing energy is released, encouraging trust and faith in the universe. As the wheel of fortune slowly turns away from disappointment and disillusionment, remain open to all possibilities that foster emotional and spiritual growth.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind. Slowly becoming a kinder more relaxed individual. Opening the soul and entering a spiritual phase in your life. One which brings peace, happiness and a stronger sense of love.

[3] Penetrating but subtle and emotional energy is released. Shows a depth of character. Artistic skills and a passion for all the arts are found lingering in the Thuban star. Living a life where your talents are regularly seen and heard is a pathway offered here. Singing, preaching, writing and general leader are all promising with Thuban in your astrology chart.

Thuban fixed star does also indicate a hard time with family. Situations where a lack of understanding and compromise spoil the mood for reconciliation. Although with patience the Thuban star energy will take over and all love connections grow due to the complications.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If our intentions with our fellow man are not honest and forthcoming an anger sets in. Creating mistakes and broken promises. Be sure to handle all things in this time calmly with gratitude. Remind yourself the universe is testing you and act accordingly.

Caught in a pattern of forces over which we have no control and restless for change, this energy is best focussed on analyzing the current situation. Travel opportunities and finances are favoured, especially if others are included. Just don't be a slave to the addiction of emotional highs and lows... since this will isolate and divide.
