### **The Socializer**

A truly gifted 3 possesses the most exceptional innovative skills, normally in the verbal realm, writing, speaking, acting, or similar endeavors. Here we are apt to find the entertainers of the world, bright, effervescent, sparkling people with very optimistic attitudes.

Life is generally lived to the fullest, often without much worry about tomorrow. You are not very good at handling money because of a general lack of concern about it. You spend it when you have it and don't when you don't.

Threes are optimistic, extremely generous and giving souls, and are able to find positive in everything around them. People like to be around them, not only because of these qualities, but also because Threes have a charismatic personality, are great listeners and are very conscious of other people's feelings and emotions. They can easily put the people around them at ease and make them feel comfortable.

The 3 loves connecting with people. The characteristics of the 3 are warmth and friendliness, a good conversationalist, social and open.

People sharing life path number 3 evoke the fantasies of other people. They can impress anybody and everybody with their charming and attractive personality. They are mesmerizers. Most of them are blessed with a good looking appearance. One downside to their love life is that they tend to take impulsive decisions on the spot without weighing the pros and cons of their choice. Since they do not think well before entering into a relationship, often they are at the risk of facing heartbreaks.

### ***Expression (Destiny) Number: 4***

([659] numerologycalculator.online:) The number 4 Destiny suggests that the direction of growth in your lifetime will be toward a greater sense of order, service, and management skills. As you develop, you must adopt an approach that is more practical, down-to-earth, and thorough. You must be willing to work those long, hard hours to push a project through to completion.

A increase in your patience with detail allows you to become expert in fields such as building, engineering, and all forms of craftsmanship. You may accumulate abilities to write and teach, leaning toward the more technical and detailed. In the arts, music will likely be your choice.

Artistic talents may also appear in such fields as horticulture and floral arrangement. Many skilled physicians and especially surgeons have the 4 Destiny. Indeed, you may enjoy success in any number of professions in which planning, organization, regulation, and dogged follow through are valued.

All with Destiny 4 are potentially equipped to handle large scale undertakings in the material world. Often the reference to master builder is used in with regard to the 4, however, this trait is a potentiality in every 4, and does frequently occur.

The Destiny 4 produces a very moral character and you must choose your friends from those living up to your high standards. It will be difficult to hide your disappointment in those who fail to meet this ideal. You will be happiest mixing with associates and friends who are, like yourself, practical, moral, and doing good works for others.

The negative side of 4 often produces dominant and bossy individuals. If there is too much 4 energies present in your makeup, you may express some of the negative attitudes of the number 4. The obligations that you face may tend to create frustration and feelings of limitation or restriction.

All 4s may accentuate unorthodox methods to the point of eccentricity. This negative manifestation of the 4 Destiny can also be very dominating and overbearing. Avoid becoming too rigid, stubborn, dogmatic, and fixed in your opinions. You may have a tendency to develop and hold very strong likes and dislikes, and some of these may border on the classification of prejudice.

### ***Life Path - Expression Bridge Number: 1***

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would rather believe the viewpoint of others than your own choice. More often than not you think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

### ***Heart's Desire (Soul Urge) Number: 5***

([659] numerologycalculator.online:) These are your non-conventional adventure seekers who don't like to be confined by limitations or limited by societal norms. People with this soul urge long to travel and thrive on change and a variety of experience.

Freedom is an essential element for your happiness to be complete. You love traveling, seeing new places, meeting new people, trying new things.

Whenever a new idea comes to you, it gets you excited and your enthusiasm is infectious. This is a valuable leadership ability and one that you must work to continually cultivate and develop.

Be careful in your pursuit of change and be mindful of where your desire for freedom leads you. This part of your nature can make you extremely impetuous. This is especially true when it comes to finishing things you start. The goal can become an obsession that keeps you from seeing how to best to achieve it and that will tend to frustrate you.

Frustration can only hold you back and that sense of disappointment can make you become very reserved emotionally.

Don't be afraid to release the passion that wells up within you. Fives are very passionate, they just have trouble finding appropriate outlets for their passion. When you find them, you will be unstoppable.

### ***Personality Number: 8***

([659] numerologycalculator.online:) The eight personality is very ambitious and competitive, but typically good-natured about it.

They appear confident, lucky, and highly resourceful. Eight people love to push themselves to reach consistently higher goals. They are very

good at envisioning and developing projects. People see them as well rounded and having good business sense.

Their radiated strength, charisma and power makes others to see an executive or leader in them.

People with Personality Number 8 appreciate their reputation and image and make everything to have an image of a confident, capable, prosperous and successful winner. They are impartial, cool and can control and manage any possible problem due to their inborn endurance and stamina.

Besides overcoming challenges and obstacles they like to prove others they are capable of that.

They are attracted to the arenas of finance, business or politics and want to be involved in influential circles.

### ***Heart's Desire - Personality Bridge Number: 3***

([660] numerology.center:) You are a very inventive and artistic person. It is always interesting to communicate with you and to watch at you. That is why people like your company. But you don't always feel comfortable with others because it is easy to hurt you. You are an extremely sensitive person. It is better for you to share your deep feelings and to be opened until the end just with close people, who will not hurt you. It is extremely important for you to become more confident. You have many talents and you deserve to be respected, happy and feel comfortable in any company. All the fields connected with arts fit you greatly.

### ***Quiescent Self Number: 8***

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 8 are likely to imagine themselves as a moving force in building large physical structures or efficient procedural systems that have the potential to benefit society for a long time into the future.

The energy represented by the number 8 resonates with business and building remarkable and beneficial things. It is efficient. And it is a realistic energy.

Visualizations generally include the organization necessary to accomplish the goals of building structures and systems. It is common for visualizations to include being the executive director or on the board of international companies — with a dedicated staff sufficient to do business on a large scale.

The thoughts and pleasures of someone with this quiescent-self number tend to relate to accomplishing goals in an efficient manner — accomplishments recognized by individuals and society for their high caliber and their usefulness.

**Maturity Number: 7** = 3 + 4 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with introspection and spiritual contemplation. You're being called upon to work with your deep need to "know thyself" through solitude and specialization, scientific study or philosophical thought, and data analysis with intuition.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to truth seeking to center stage. Situations will arise highlighting the need for isolated time for yourself, research or writing, and the search for inner peace and spiritual fulfillment.

What that might look like:

- A personal crisis that demands a re-evaluation of your beliefs.
- A choice to be unmarried or live with agreement around your need for solitude and contemplation.
- This can be a time where you share scientific breakthroughs, spiritual awareness, or psychological insights with others.

**Karmic Debt Number: 13/4**

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because

Karmic Debt number 13 will scatter your energy and don't allow you to focus.

***Karmic Lesson Number: 4***

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

***First Pinnacle Cycle: 7***

(Month + Day) - from age 0 to 33 (based on LPN) - ([665] feliciabender.com:)

**General:** Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or

unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

**Pinnacle 1 Number 7:** First Pinnacle: If you experience a 7 First Pinnacle, it can be difficult because it means you'll probably struggle with feeling alone and like you don't belong. Expect dramatic life experiences during this time that serve as teaching tools for your journey. It's a time when you're a serious student and—whether or not you can identify it as such—when you're motivated by inner yearnings. A First Pinnacle accompanied by the 7 vibration can be a difficult and confusing time.

**Warning:** Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

### ***Second Pinnacle Cycle: 11***

(Year + Day) - from age 34 to 42 (based on LPN) - ([665] feliciabender.com:)

**General:** 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

**Warning:** 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

### **Third Pinnacle Cycle: 9**

(1st Pinnacle + 2nd Pinnacle) - from age 43 to 51 (based on LPN) - ([665]  
feliciabender.com:)

**General:** If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

**Pinnacle 3 Number 9:** Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

**Warning:** Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you

are required to rise above the fray and become a humanitarian in whatever capacity you choose.

### ***Fourth Pinnacle Cycle: 6***

(Month + Year) - from age 52 (based on LPN) - ([665] feliciabender.com:)

**General:** Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can’t avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you’ll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you’re self-involved and self-absorbed at the expense of giving freely to others, you’ll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you’ll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you’ll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the “love and marriage” stage with intense focus on babies and the home. It can also be the “marriage and divorce” stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you’re learning about responsibility and nurturing, plain and simple. You’ll learn what’s required and when enough is enough by setting your boundaries. It’s a time where you’re developing knowledge of what’s really in your heart and acting on it with compassion.

**Pinnacle 4 Number 6:** Fourth Pinnacle: If you have a 6 Fourth Pinnacle, the vibration brings with it the rewards and pleasures of family, friends, and security. You’ll most likely act on your feelings of philanthropy. This is a stage where giving back is vital to your innate sense of well being and purpose in the world.

**Warning:** Warning: The 6 vibration is such a high-frequency vibration that it tends to

idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

### ***First Period Cycle: 1***

(Month) from age 0 to 33 (based on LPN)

([666] worldnumerology.com:) The first three decades of your life represent a period of much intensity. It requires fortitude, courage, and flexibility. You will be forced to use every one of your talents in order to achieve your own personal individuality and independence.

This is a period of integration and focusing on your life's dream.

Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality.

This cycle marks a time of progress.

### ***Second Period Cycle: 6***

(Day) from age 34 to 60 (based on LPN)

([666] worldnumerology.com:) Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and support.

You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business.

This is a time of progress through flexibility, cooperation, and compromise.

### ***Third Period Cycle: 5***

(Year) from age 61 (based on LPN)

([666] worldnumerology.com:) The latter period of your life finds you continuing to move through changing circumstances. There is an inherent restlessness associated with a 5 Period Cycle, one of the few cycles that encourages a more impulsive response to situations you encounter.

You are drawn to travel, new people, and different cultures. This is a dynamic, somewhat chaotic cycle, where not much happens according to plan.

You do best when you are social, physically active, and involved giving your heart and mind the experiences they crave.

During this period, you have a flair for successfully promoting yourself. You are drawn to all that is progressive and farsighted. This is a time to be quick and flexible, and to grasp opportunities as they come.

### ***First Challenge Number: 5***

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5 Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

### **Potential Destructive Aspects of the 5 Challenge**

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and

accidents

### ***Second Challenge Number: 1***

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

### ***Third (Main) Challenge Number: 4***

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that

are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

#### Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

#### ***Fourth Challenge Number: 4***

(Month - Year or vice versa)

from the age of approximately 55/60.

#### ***Personal Year Number (for 2022): 4*** (06 + 10) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 4 is a year of focus, work, discipline, and opportunities to enhance the security of the future.

It is a practical year. A pragmatic year. And a resourceful year. A year of paying attention to details and a tendency to focus on building a firm and secure foundation for the future.

The year tends to demand a lot of work — steady, conscientious, application of proven methods to reach personally-established goals.

Goals tend to be clear and reachable, and a method determined that virtually assures the goal will be accomplished.

***Personal Year Number (for 2023): 5*** (06) + (10) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. New opportunities and new conditions tend to manifest in response to the year's broader fields of interest and activity.

There tends to be an inner push to go do something, anything, so long as it's a new experience and an expression of the sense of personal freedom.

(feliciabender.com:) This is a year that feels like a whirlwind; so many pleasures, so little time! There are lots of ups and downs, so the key for this year is flexibility. Lots of unexpected opportunities are bound to come your way, so be open to trying new things. If you don't attempt to follow a strict plan you'll be better off. It's time to travel, not a time to make a long-term commitment!

## Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

**Cornerstone:** It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

### **Cornerstone (first letter): R**

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

**First Vowel:** This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

***First Vowel: E***

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are an independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

**Capstone:** This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

***Capstone (last letter): E***

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "E" tends to complete projects quickly. There are so many other fun things to do.

([671] spiritwalk.org:) You are an independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([672] numerologist.com:) Capstone: You feel you must be in charge at all times or a project will not succeed. As you refuse to take advice from others, your projects often fail.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important

processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number**: (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

### Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

### 6 on the Physical Plane

Your practicality in physical aspect is not alien to some artistry. For you, improving your body is a special kind of art. Your idea of a perfect marriage, parenting practices, and your confidence in the necessity to help those who need it are formed accordingly.

Professionally, it is the basis for success in teaching or medical career.

### **Mental (Mind) Plane**

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

#### **8 on the Mental Plane**

Wanting more than you have is not reprehensible, is it? Who would blame you if all your abilities, strength and knowledge are aimed at the realization of this desire? You want to control people and manage big business. Good luck then! Just don't forget to suppress your arrogance that may show up at times, and be demanding of yourself to the same extent as to others.

### **Emotional (Heart) Plane**

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

#### **3 on the Emotional Plane**

People like you are commonly described as a bit otherworldly. You have your own opinion to what practical, organized and orderly life is, and this rarely coincides with the opinion of others. But you are overly romantic, and have vivid imagination that in practice turns into outstanding ingenuity. These qualities can contribute to success in some creative field, such as writer's career.

### **Intuitive (Spirit) Plane**

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

#### **5 on the Intuitive Plane**

You are used to trusting your feelings. You probably trust too much. However, when you

consider a subject from every possible angle, it's easy to lose its original image; so, whatever you study, you'd better concentrate as much as you possibly can. Don't waste attention on insignificant things.

## Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			<b>Self-Esteem: 5</b> line «1-2-3»

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

## **Main abilities (square's cells)**

### ***Character, will — 111***

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

### ***Vital energy — empty***

"No energy" - fast exhaustion from overexertion or nine-to-five job; frequent depressions. You often want to be fuelled by emotions (especially negative) of other people, like a vampire. It will be difficult to choose a job you can manage. You should really sleep well, workout or practice yoga.

### ***Cognitive, creative — 33***

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

### ***Health, beauty — empty***

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

### ***Logic, intuition — 5***

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

### ***Labor, skill — 6***

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

### ***Luck — empty***

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are different things.

**Duty — 88**

"Do good for others" - these people usually have a well-developed social orientation and high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

**Intellect, memory — 99**

"Good intelligence" - a good head given to the heedless student. This person can be perfect at all exact sciences, but then gives it up after loss of interest. They remember everything quickly and for a long time. Success comes to this person if they work over something constantly, but not on and off.

**Secondary abilities (lines and diagonals)****Self-Esteem (Line «1-2-3») — 5**

"Very high" - this self-assessment allows a person to realize the most daring ambitions. This person, even if overestimates themselves, tries to meet the requirements they set to themselves. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way.

**Moneymaking (Line «4-5-6») — 2**

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

**Talent (Line «7-8-9») — 4**

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

**Tenacity (Line «1-4-7») — 3**

"Unpredictable" - the person likes to set goals, and then suddenly change them. By the way, achieving goals is not their favorite occupation - they prefer to dream of patronage over the world than to conquer it. Sometimes they tend to overestimate themselves.

**Domestic bliss (Line «2-5-8») — 3**

"Spontaneous" - this person may say that they will never enter marriage or it is not for them. But one day they'll send invitations to their wedding, and everything will seem to be ok till the day when they suddenly apply for divorce.

**Stability (Line «3-6-9») — 5**

"Very stable" - practically never change their habits and surroundings, remain loyal to familiar things, even if the new ones are better. What is it: tediousness or predictability?

Anyway, some of the surrounding people appreciate this, the others do not. But it is believed that this person is worth to trust.

### ***Spirituality (Diagonal «1-5-9») — 6***

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

### ***Temperament (Diagonal «3-5-7») — 3***

"Impulsive" - this temperament will help to adapt to almost any partner: to damp the arbor with a partner whose temperament is lower, and, conversely, be hotter with those whose temperament is higher. If there is no soul mate, this person will not be above one-night stand. Also they often try to seem very hot.

## **Cartomancy (Cards of Illumination)**

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

***Birth Card: Three of Diamonds***

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Diamonds: Values - Security - Dharma

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

Early marriage is usually filled with such serious obstacles and troubles, it's better for the 3 of Diamond to wait until late 20's before tying the knot.

Six of Heart do not believe in luck. They work tirelessly to achieve their objectives. Not for fame or glory, but because they feel obliged to do so. And they do it well.

The 6 of Heart also have a knack for big business, though remain motivated by their sense of duty. A quote by Conrad Hilton of the Hilton Hotel empire sums up the business acumen of the 6 of Heart perfectly. "There is a yoke of responsibility that attached itself firmly the minute someone had entrusted me with their capital." (Archbridge Institute: Conrad Hilton: The Dreamer Who Conquered an Industry)

Six of Heart are detail oriented perfectionists. Tenacious too! And did I mention excellent negotiators? Their biggest business opportunities manifest between age 39-51, if they

are so inclined. Most Six of Heart people are not that ambitious, preferring to work only as much they need to support themselves and their family.  
In love, trust does not come easy. The 6 of Heart believe a healthy partnership must include a healthy financial arrangement too. The men are often in a business partnership with women while the women 6 of Heart seem to attract the proverbial bad boys!

***Second Karma Card: Queen of Diamonds*** (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Diamonds: Values - Security - Dharma  
Queen of Diamond Meaning: Domination in the Realm of Values  
Karma ~ Financial Security At All Cost  
Fire-Wands - Planets: Mercury & Saturn

Some of our greatest philanthropists are the Queen of Diamonds. In the world of art, some of our greatest poets, painters and musicians have contributed their wealth. It is these Queen of Diamond people that have learned the true meaning of value. They are people fitted for authority and should have it!

The path for the Queen of Diamond is a hard one - so beset with difficulties and obstacles - they are continually sapped of strength as they struggle to overcome one thing after the other.

Those born under this card are diligent and dependable. They are strong of character, and determined, but they must guard against hardness and domination. They have much to contend with, and much should be forgiven them.

The men strive to provide their partners with security, but can be overly sensitive and prone to temper tantrums (think Tom Cruise). The women enjoy sharing in their partner's business affairs.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

**MERCURY** describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

***Mercury Card: Ace of Spades*** (metasymbology.com:)

SPADES: Physical - Work - Wisdom  
ACE: Longing - Self  
CHALLENGE: Covetousness  
Earth-Pentacles - Planets: Mercury & Neptune

SPADE: The Spade personality enjoys being physically engaged in the world. The spirit of the spade is embodied in the instruments of labor, and it is earthy. The world compels

the spade to dig deep into the hard soil to fulfill the needs of the soul.

ACE: The Ace has a value of one. One is self. The I am and I need. The personality of the Ace is driven toward fulfilling its own singular need.

JOURNEY OF THE SOUL: Their Soul Card is the 7 of Heart. This emblem is symbolic of overcoming emotional stress associated with jealousy or lack of appreciation.

In an ideal world, the Ace of Spade dives selflessly into work, without the need for accolades. They balance their work-related ambitions with the emotional needs of those who love them and understand the real journey of life is love.

Ace of Spade personalities are charismatic. They enjoy being physically active and have romantic expectations, which can keep them looking for their perfect love or soulmate.

Starting in their late teens and early twenties, the Ace of Spade get a lot of calls for help, usually financial. This is especially true of the women in their life, friends or relatives who equate money with loyalty.

It's not easy being identified as the Ace of Spade. Much inner work is needed for them to overcome negative thinking habits and harness their restless, if not reckless behavior patterns.

In it's most spiritual interpretation, the Ace of Spade personality takes the soul on a journey of sacrifice; not as punishment, but to forgo the need for adulation and acquire victory over the little self.

After age 91 the cycles repeats.

***Cosmic Lesson Card: King of Diamonds*** (metasymbology.com:)

Diamonds: Values - Security - Dharma

King of Diamonds Meaning: Command of Commerce

Karma for the King of Diamonds - Denial of the Power of Love

Fire-Wands - Planets: Venus & Mars

Positively, the King of Diamonds are endowed with wisdom and power. They may appear cold or hard -- but in truth, they are just, and inclined to philanthropy.

As a Kings' Card, they are born into power and must naturally equip themselves as rulers. If that power means money, then it must be in such abundance that no one can outstrip them or outdo them. But for those Kings of Diamond working on the higher plane of values - the hard-boiled materialism of the typical King of Diamond is unknown to them.

These people are willing to take a gambler's chance because they can afford to lose - but seldom do.

The women King of Diamond are very positive but should strive to keep their personalities out of business dealings or they get emotionally disappointed and frustrated.

The King of Diamond are rarely in inferior positions, and they almost always have ample funds at their disposal - or backers who will come to their rescue. Kingpins and top dogs indeed!

***Cosmic Reward Card: King of Hearts***

(metasymbology.com:)

Hearts: Emotions - Relationships - Love

King of Hearts Meaning: Paternal Love

Karma for the King of Hearts - Easy-going Inactivity

Water-Cups - Planets: Mercury & Mars

By nature, these people are the most desirable people on earth and the most worthy of love. They will respond to any true call for help from any quarter - and you can forget to thank them if you choose; it will make no difference to them.

The front they present to the world is kindly, friendly and magnetic. They give an impression not so much of power but of peace, protection and "safe harbor". Within themselves, however, they know they have the full power of love, a power invincible! Sometimes, we find the Kings of Heart are quarrelsome and overbearing. They are met with constant disappointment in others, and are frequently deceived or betrayed. When we meet a King of Hearts on their own terms and tune into their love and kindness, they never bring us anything but joy. They are the heart and center of family life, and harmonizer of friends.

***Cosmic Moon Card: Six of Hearts***

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Hearts: Emotions - Relationships - Love

Six of Heart Meaning: The Law of Love

Karma for the 6 of Heart - Responsibility

Water-Cups - Planets: Double Mars

The vibration of 6 resonates with duty and purpose in line with the meaning of the suit. The Heart Suit represents relationships and social aspects of our society. Thus the 6 of Heart feel the purpose of life is duty-bound to support their family, friends and worldly causes.

Six of Heart do not believe in luck. They work tirelessly to achieve their objectives. Not for fame or glory, but because they feel obliged to do so. And they do it well.

The 6 of Heart also have a knack for big business, though remain motivated by their sense of duty. A quote by Conrad Hilton of the Hilton Hotel empire sums up the business acumen of the 6 of Heart perfectly. "There is a yoke of responsibility that attached itself firmly the minute someone had entrusted me with their capital." (Archbridge Institute: Conrad Hilton: The Dreamer Who Conquered an Industry)

Six of Heart are detail oriented perfectionists. Tenacious too! And did I mention excellent negotiators? Their biggest business opportunities manifest between age 39-51, if they are so inclined. Most Six of Heart people are not that ambitious, preferring to work only as much they need to support themselves and their family.

In love, trust does not come easy. The 6 of Heart believe a healthy partnership must

include a healthy financial arrangement too. The men are often in a business partnership with women while the women 6 of Heart seem to attract the proverbial bad boys!

**Note:** If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

## Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

*Ahau*

*South (Yellow) glyph: Surprise / Mystery*

### **Day Sign: Light**

/ Flower / Sun / Ahau (Yucatan) / Ajpu (Kiche)

Ahau types are loving, devoted, artistic, dreamy and romantic. They can be loyal friends and lovers, but often suffer in relationships because of unrealistic expectations. They are extremely devoted to others, including friends and lovers, and are hurt badly when they are left for another.

Ahau types have a beautiful vision of what life, and most importantly what life with another, can be. In some cases, an obsession with the future and with some kind of ultimate perfection generates illusions, fuels unrealistic expectations and brings about

disappointments. In other cases, Ahau types will live a life dedicated to an ideal, and they will accomplish much, sometimes changing the world in the process. Art and beauty draw the interest of those born under this day-sign. Many become successful artists, writers, or craftspeople who produce decorative, aesthetically pleasing products.

Ahau types are generally intelligent and hard working, but they can also be stubborn and uncompromising. One major problem is their unwillingness to compromise their ideals. Ahau types are determined people who would rather not participate than have to accept a less than perfect situation.

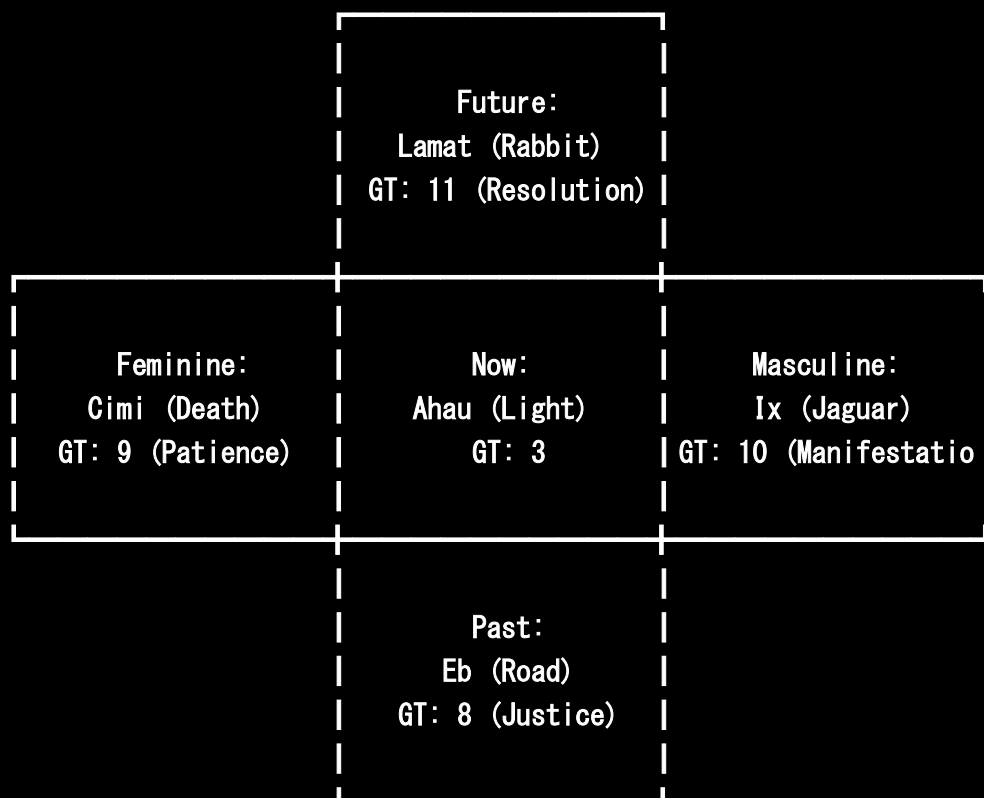

Ahau is a sign that needs to combine realism and idealism, and when this compromise is able to be made, their doors will open to a more perfect world.

Challenge:

To handle disappointments due to unrealistic expectations; to accept the world that is not up to their hopes and wishes; to tolerate unfairness in others.

Solution:

To keep life simple and to appreciate the little things.

#### ***Four Directions***

Considering the primary importance of this day-sign, one might expect an augury of unblemished good fortune for all those born on this day. In fact, the character of the Ahau native is typically quite complex. According to Sahagun, the Aztecs regarded this as the day-sign of poets and singers, of dancers and creative artists. This day-sign may

have a flavour of self indulgence as well, for Sahagun tells us that these natives are also prone to slip into extremes of sensuality.

Most creative artists feel some sort of inner connection to a higher force or power and it is rare in creative circles to find the complete atheist without any allegiance to some mystery.

The symbolism of the day sign Ahau informs us that this creative source is rooted in the collective unconscious, the community between ourselves and all those who have gone before.

If the collective mind enlightens us, it may also drag us into a world of illusion, as noted when considering the day-sign Imix.

Natives of the day of the Ahau are equally likely to be enticed by the depths. They may suffer from some of the delusions that Jung tells us are characteristic of those who venture too deeply into the collective ocean of consciousness without keeping a firm grip on ordinary reality.

Day-keepers say that while Ahau natives are mediumistic and may be able to communicate with the dead, this communion with the Ancestral world may be too close, too immediate and therefore unhealthy.

Too great an immersion in the realm of collective visions and dreams is the danger inherent in the sign of Ahua.

If these natives can avoid giving way to excessive sensuality or excessive involvement in the unhealthy side of mysticism, they are likely to become wealthy and wise, enriched rather than crippled by their artists grasp on the Otherworldly.

Their personal tree of life certainly provides them with the ability to achieve such a balance, thanks to the presence of the daysign Eb behind them. Their ancestral karma is strong and positive, while Ix on their right hand and Cimi on their left hand endow them with the strongest (and most clever) aspects of their Otherworldly heritage.

Their future is governed by the fertile and prosperous Lamat, holding forth the promise of ultimate success and enjoyment in life.

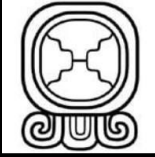

### ***Galactic Tone: 3***

(mymayansign.com:)

#### **Action**

- \* Playfulness
- \* Active
- \* Joyful
- \* Weightlessness
- \* Happiness

Tone 3 represents movement and communication. You are very successful in expressing yourself. Your presence brings about more communication, more expression, more action and stirring up of things. Feeling the core of vibrations make you a rhythmic being in our universe. Due to your personality, you are a very cheerful, active, light-filled and vivacious person. Dance is a great way to express yourself.

### ***Trecena Sign: Knife***

/ Flint / Etznab (Yucatan) / Tijax (Kiche)

Beneath the 1-Etz'nab surface personality is a person who seeks powerful and transformative experiences.

Such people are willing to go the distance in order to stimulate changes in themselves and others.

They tend to be restless, and possibly a bit unstable, but they are persistent and quite devoted to their life callings.

At times, they will take risks that may even be life threatening, or are attracted to others who do so.

### ***Night Lord: 9***

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. They are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help.

In part, it's their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different.

Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.*

*This one would be Pluto conjunct the Sun.*

## Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

### Rowan Tree

**Strong keywords:** Endurance, Responsibility

**Weak keywords:** Feeling of inferiority

**Tree variants:** none

**Birthday:**

1 April - 10 April

3 October - 11 October

### Characteristics and Personality

People born under the rule of the Rowan are usually gentle and subtle, or at least they give us this impression. These people have a gentle and fragile appearance, but inside they are strong and determined people who can defend themselves against anything bad that await them. Rowan people have a good taste and they are often blessed with artistic talents. They give us the impression of closed people who do not like to be the centre of attention and who try to avoid big social events. They hate gossip so you can

absolutely trust them that they will never blabber things they know about your private life.

Rowan people are ideal employees because they have a highly developed sense of responsibility. Although they can act absolutely independently and work with imagination, they are sometimes easy to manipulate. They often suffer from low self-confidence and the lower their self-confidence is the more they care about their dignity. Rowan people are good and reliable friends, they never talk much, but they never let somebody down. They will never betray you. On the contrary, they often take care of other people's problems while they forget to take care of themselves. But they are not naive and they do not let others use them.

Rowan people are passionate lovers who can give up everything for the person they are in love with. They are picky and demanding, their relationship is full of dramatic twists and often rather complicated, because they can quickly change their mind. You cannot expect Rowan people to be loyal. However, in marriage they usually show a sense for family life. Thanks to the strongly developed sense of responsibility they often become strict guardians of the family budget and no less strict educators of their children.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

### ***Virgo Sun ☿ ♍ and ♀ ♓ Pisces Moon man***

([786] i.thehoroscope.co)

Imaginative and logical, the Virgo Sun Pisces Moon personality will not hesitate to seize all opportunities that come their way.

Those with their Sun in Virgo and their Moon in Pisces are insightful, tolerant and very deep. Their intuition and intellectual abilities are unmatched.

They have a good mind for numbers and logic but this doesn't mean they won't trust

their hunches. It's like they have been born wise and they don't need to be told what to do.

Their combination is one between the intelligent, analytical and discriminating Virgo with the sensitive and intuitive Pisces. These natives can understand deep meanings and deal with the most abstract concepts.

**An Idealistic Personality - In a nutshell:**

Positives: Tolerant, discreet and conciliatory;

Negatives: Messy, negativistic and obnoxious;

Perfect partner: Someone who will stand by their development;

Advice: They should try to be less irresponsible when they promise something.

**Personality traits**

Virgo Sun Pisces Moon people will attain success because they're intellectually knowledgeable and have a good memory. They're also intuitive and dreamy. But it's possible they'll be more inclined to contemplate than to be practical.

It's very likely they will be great artists who are curious about all the mysteries of the Universe. It's easy for them to deal with theory and practice.

Because there are differences in their individuality and the way they respond to others, restlessness will be something normal for them.

They have a great balance between their mind and their heart, being able to observe and come to objective conclusions in every situation. They understand everything, but they won't refrain from criticizing.

The fact that they're discrete and they know how to listen will convince many to appreciate them. It's not like they are the best managers and ambitious characters, but they surely don't run away from responsibility.

It's not their type to wish to be in the center of attention, yet they are popular and the persons on whom others always rely. They usually interact in an open way. And they give to people just as much as they've received.

Many will grow to depend on them and their good nature. No matter the situation, these natives will always be sincere and try to understand as much as possible. There's nothing contradicting in them.

They sometimes seem too sensitive for this cruel world. But it's impossible for them to go over their values and principles, no matter how difficult life seems.

Virgo Sun Pisces Moon natives really know how to convince in the most subtle way.

They are delicate and tactful. They want security and a comfortable life, so they'll work hard. It's difficult for others to resist their level of sophistication and serene attitude.

It's like they're always peaceful inside because they speak softly and are gentle creatures. It's very likely their life experience has taught them only to be good and compassionate.

Honest people like them get to succeed in life. Being aggressive and tough would never work for these natives. They are great students of life.

Just like all the Virgos, they make a life-purpose out of their work. And they dedicate themselves to their job with sincerity. But because they are passive, there is the risk they will not exploit all of their potential.

Yet they can never be aggressive, so the gentle approach is their only way. If there is for them to keep their peace of mind and ways, they need to often meditate and contemplate.

Relaxation techniques and yoga would be perfect. Also spiritual insights. Because they have great taste and vision, they would make great artists. Not to mention how good they could be servicing others as doctors, lawyers or social workers.

Their strong imagination and creativity can find a practical way to be released because they're cerebral. It would be a shame for them to let their talents go to waste. It's important they're having fun from time to time.

Also that they are happy with their career. If not, they will turn to be nervous and depressed. Many of them are scared that their dreams will never become a reality.

They need a calm environment if they are to be emotionally healthy. This is because they absorb other people's feelings too easily. If they are to feel stable, they need a workplace and a home where no one argues.

### **Love characteristics**

Virgo Sun Pisces Moon lovers are always looking to improve and appear to be very observant. This may be useful for them at work, but not in their relationships.

Their partner needs to understand they are only making suggestions to help and that they shouldn't take things personally. They don't mean to hurt in any way.

What they want the most is to be better, more productive and perhaps more intelligent. And they want this for their other half as well. It's possible they'll obsess over negative things.

Pisces Moon people are magical creatures. It's normal for them to be out of touch and lost in a fantasy world. Especially when life's too hard.

They need a partner to protect them, also a lover that gives them enough space to develop. If they'll have this, they will be empathic and completely devoted to the relationship.

These people have some boundaries that no one needs to cross because they can become very possessive and controlling once a certain relationship has been established.

### **Virgo Sun and Pisces Moon man**

The Neptune influence in the Virgo Sun Pisces Moon' life makes this man imaginative. However, because they're mutable, you'll never see two Moon Pisces the same.

If you want to know this guy better, take a close look at his family and friends. He has sound emotions and can understand anyone's pain. That's why he's such a good caretaker. Not to mention he's feminine because the Pisces has this quality.

But this can make him develop strange relationships with other men in his family. It can be very difficult for him to accept other males. He simply can't stand too much masculinity and he wants others to be compassionate and caring just like himself.

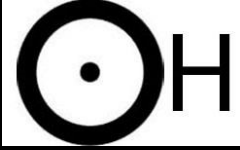

That's why he'll only feel great around women. His mother and sister will be his best friends. And he'll go out with many ladies. His emotions are very much influenced by other people. When around strong individuals, he will strive to be the same.

With those who are lost, he will start to no longer know who he is and what he wants. Many women will see him as a Casanova. And it's possible they are right. But this depends only on the circumstances.

In case he has Venus in Aries or isn't loved and supported enough, he will surely run after other women. Romantic and deep, he will be faithful if his lady will love him enough.

The perfect woman for him is delicate and at the same time strong. But she needs to let him know that she's into him because he's quite passive. However, she shouldn't be aggressive, or he'll get scared. It should all start with a close friendship.

## ***Sun ☉ in VII 7th House***

([865] i.thehoroscope.co)

This placement of the Sun makes people function better when they're in a relationship because they mirror the other and their existence seems more real and meaningful.

People born with the Sun in the seventh house in their birth chart want a public life and are strongly influenced by others' opinions on them, be it their partner or someone from work.

Their relationships can make them either happy or very sad because they have the tendency to only react to people than to do things on their own.

The position of the Sun in the 7th house means these people will always be involved in a relationship as this makes them function better and eager to give a hand to anyone, anytime. They want balance and peace, so they're very good at mediating and analyzing a situation from two different points of view.

**Summary:**

Strengths: Charming, sociable and open-minded;

Challenges: Cautious, cold and distracted;

Advice: They need to learn that their value is not set by what others think.

**Real charmers**

Individuals having their Sun in the 7th house are very proud of their negotiating skills and ability to bring the peace everywhere.

These natives feel empty without a partner and want everybody to like them because rejection terrifies them. It's important for these people to understand that harmony is not all the time possible and that others' opinion on them is not that important.

Their sociability is usually aimed at bringing peace, but they only identify themselves based on what others think of them. Their need for a partner reveals how much they crave affection and how sensitive they actually are when it comes to romance.

The fact that they base their own identity on what others think of them means they can't define whom they actually are until they interact with as many people as possible. All the natives having the Sun in the 7th house would do anything to please others and to build a positive self-image.

As an exaggeration, if someone would tell them to go and jump of a bridge, they would do it just to please that person.

They're charming and get married only to be with their other half for a lifetime. Some may not succeed to find the perfect partner from the first and even second try, but most of them will manage to be together forever with their loved one because luck is on their side when it comes to romance and also legal matters.

The seventh house rules over partnerships as well, so people having their Sun here are great when it comes to public matters.

Also the house of enemies, the same natives may have some problems when dealing one-on-one with their opponents.

Matters of their Descendant are all gathered in this house, so from a psychological point of view, this is the place where all the traits that get projected through others get revealed.

Everything relating to the public and sociability gets placed in the 7th house. The sign ruling here is Libra, which is strongly dependent on peace and harmony and has Venus, the planet of pleasure and love, as a governor.

It shouldn't be any surprise to discover individuals with the Sun in the 7th house pay a lot of attention to their relationships and that the way others see them is one of the most important things in their life.

They should be careful not to become dependent on their partner or too needy of having someone in their life all the time.

If they were to have a more independent lover, things may become conflicting between them and that person when a little bit of coldness would be involved.

### **The positives**

Natives having their Sun in the 7th house function better when they're in a relationship. The other mirrors them, making their existence real and meaningful.

They like a give-and-take connection and to listen, life on their own being for them real Hell because they can't be themselves when not having a public.

For these natives, togetherness is everything as they always want to give their advice and to show off.

The natives having this aspect in their birth chart are very aware of themselves in relation with others, physically strong and determined to succeed.

The fact that they need a partner can be one of their weaknesses because it makes

them almost impossible to function without someone in their life.

Until finding the right person for them, they'll continue to just live their life without having a purpose. It goes the same with business as they need to associate themselves with others before starting to make the real money.

Sun in 7th house individuals who are also in a fixed sign and don't have any other planets or afflictions here will not hesitate to wait for their perfect partner and to be with that person their entire life.

They can depend emotionally on their other half, and if the latter would happen to leave, they'd be completely destroyed.

When their sign is mutable or cardinal and other planets are present in their 7th house, they're less like this and may change partners very often because they'd be lustful to the point of having more lovers at a time.

They won't mind building their career up and also having a spouse because this would be part of their philosophy of life. However, many of them would advocate an open marriage and wish for their partner to let them be as free as possible.

Because they're always ready to give a hand, many people will love and admire them, which means they'll be in the center of attention in many groups, having admirers who see them as parental figures.

They can be great leaders, but don't expect them to ever want to do things the wrong way because they have a strong sense of justice and avoid taking the wrong direction by any means.

The placement of the Sun in the 7th house indicates that the natives of this placement may be dual and often contradicting themselves because the Sun is not at all at home here.

They couldn't express themselves unless involved with someone and can be confused when it comes to truly knowing who they are. This means they wouldn't know their own value and identity when separated from others. It's a challenge for them to develop a sense of self when not around people.

### **The negatives**

Individuals with the Sun in the 7th house usually attract people capable of loyal and long-lasting friendships, because both the Sun and their Descendant work for their relationships to be strong.

While having an advantage when it comes to interpersonal connections, there are

astrologers who think this position is unfortunate because its natives wouldn't be able to survive without interacting.

As said before, they have this tendency to identify themselves according to how others see them.

It's a challenge for them to see their own life differently from how their loved ones do. When having no one next to them, they feel useless and lost.

And this becomes very dangerous the more they start to see themselves as an appendage in the relationship, as the reflection of their other half.

Don't think they have to be with their spouse all the time and can't stay apart from their lover because they're quite the opposite and get their energy from the connection with the other and go ahead to pursue what they want, on their own.

But they still can grow to be dependent on their significant other, diminishing their entire sense of being themselves. It would be amazing if they could just rely on the support offered by their partner and continue with their life independently.

When facing confrontation and dealing with people who wouldn't compromise if you'd pay them millions, they start to lose their sense of purpose.

Their philosophy of life relies on having your own opinion and being able to accept what others have to say. As soon as seeing individuals who can't make compromises, they withdraw and don't want to deal with those people ever again.

They're not eager to win or depressed when losing because their approach is all about negotiating, good intentions and everyone being a winner.

That's why they need to look for someone open and flexible, not a competitive person who couldn't stand losing. When their motives are being questioned, they become intimidated as these natives really hate explaining themselves.

While they try to understand others, they can discover the reasons for why they are doing some things the way they do. Good with words, these natives usually win debates and can convince anyone of anything.

## ***Moon ☾ in I 1st House***

([872] i.thehoroscope.co)

People with the Moon in the 1st House are emotional and delicate, no matter how great their life is, they never forget about others and lend a helping hand whenever needed.

When positioned in the 1st House, the Moon makes people highly sensitive, very emotional and delicate. The natives are more honest about their feelings and usually live their life by going with the flow. This means they may have some problems with their relationships, especially when reacting over-emotionally to different situations and specific kinds of people.

It's just impossible for them to be less sensitive, so they need a partner to help them trust and feel secure to open up about what they may be feeling. Only with a trustworthy person will they be comfortable and happy enough.

It's very easy to hurt Moon in 1st House natives, because they get immediately offended when someone seems to just say something in a harsher manner. Counting only on their emotions, these natives don't judge too rationally most of the time, so their decisions may not be the most efficient ones.

#### **Summary:**

Strengths: Affectionate, caring and straightforward;

Challenges: Moving away from bias and negativity;

Advice: Do something that brings spiritual satisfaction.

#### **The need to get noticed**

Always having feelings about something or someone, people with the Moon in the first House are often rushed and emotional. Very nurturing characters, they want to take care of everyone and react based on their gut feeling, especially if the Moon is very close to their Ascendant.

These natives need to always have their emotions stimulated and to express themselves freely if they are to be truly happy.

Because they're moody, many people may not stand to have them around. Their sensitivity often has them taking everything personally and reacting in a very defensive mode to any commentary someone has made.

It's important for them to be more patient and to learn that other people's emotions are equally important as their own.

It's easy to impress them, and when they find something surprising, they react like they have never seen something similar ever before. You can count on them to always say what they're feeling because they find it impossible to keep their emotions hidden.

As the Moon occupies its place in the 1st House of their birth chart, they have quite the need to get noticed for their talents and can predict future events with the help of their amazing intuition.

As soon as they manage to keep their moods and impatience in control, they'll start achieving great things by intuitive means. Their sensitivity is not the most helpful thing for them because it tends to be quite extreme, especially when they're young.

It's difficult for them to mask what they are feeling because, like with the Capricorns or Scorpions, their emotions are written on their face.

Individuals with Moon in 1st House have a tendency to speak about what's going on in their head out loud, no matter how inadequate it may seem for them to do that in a conversation. They wouldn't mind if no one listened, and they would practically talk to themselves without being bothered.

Not the most objective people, they're at least very sympathetic and can feel other people's pain or happiness, especially when dealing with someone very close to them. As a matter of fact, they pretty much identify themselves through empathy.

Because they're trying to stay away from pain and suffering as much as possible, many will think of them as cold or indifferent, when in fact they would only try their best to protect themselves.

When it comes to the way they look, Moon in first House natives have pale skin, especially if their Ascendant is in a Water sign, dark hair and a round face. Their weight can fluctuate, so they need to watch their diet and exercising routines.

Changing their dressing style according to the fashion trends, these people are the ones who annoy others because they insist on copying their style.

When the Moon and Venus are connected, they can be simply obsessed with fashion. Very attached to their mother, they will copy her in many ways. Very affectionate with their other half, romantic and generous, individuals with Moon in 1st House love surprising their partner.

No matter how good their love life is, they still have moments of melancholy because they think of past events and how to avoid any negative emotions in the future.

Because they're impressionable, it's very easy to manipulate them. At least they have

psychic abilities and can see if a situation is going to take the wrong turn or if people have bad intentions with them.

Giving, and caring, they live to make others feel good and love it when their loved ones want to spoil them.

Many will understand their feelings and moods because they simply can't hide them. Well-liked by people and enjoying their popularity, when their Moon is in Aries, Libra, Capricorn, Cancer, Virgo, Gemini, Sagittarius or Pisces, they are more shy and not that eager to receive attention from the public.

You can always count on them to be flexible and to not mind anything new coming into their life, but if their Moon is in Leo, Scorpio, Aquarius or Taurus, they tend to be more rigid and to not accept change.

### **Feeling like vulnerabilities are always on display**

People with the Moon in the 1st House are very sensitive in their responses to different people and situations.

Their emotions and intuition are usually dominating their decisions, having them subjective and unconsciously projecting their moods that often change depending on others and the environment.

Most astrologers say that this specific position of the Moon means they're always easily impressed, reacting in a strong way to everything that's happening. But all in all, they're sympathetic, flexible and nice.

The Moon will surely lend them some of its features, so they'll always seem mysterious, enchanting and gentle. Very expressive, their temper and feelings are shown on their face, this being the main reason why they simply can't hide what's going on in their mind and heart.

Their changing moods and the way they make other people's problems their own are sure to keep them constantly busy. If they were restrained from being expressive and sensitive, they would become completely alienated and feel very empty because this reality would be something they can't accept or deal with.

The biggest challenge for them is being happy without having others depending on their care.

They will see everyone as a mirror of their own self and won't be able to distinguish reality from what's only in their mind anymore. And this can go on for years, just for in the end, a type of insanity to have them completely subjugated.

Moon in 1st House people may seem unrealistic to those who don't have a rich imagination. Many can also see them as eccentrics, but their closest friends will still like them for being good listeners.

Their memory is incredible, so expect them to know where you have been at a specific date, with whom and why you happened to be upset at that time.

They may feel like their vulnerabilities are always on display and that others are able to see how fragile they actually are. That's why they may act defensive and cling to those who at least give the impression they can protect them.

All astrologers say the Moon keeps memories and accentuates all the emotions. Women are even related to it from a biological point of view because they have cyclical happenings in their bodies.

For both genders, this celestial body is a great influencer over mood, psychology and behavior. Many people have strange experiences with the Moon's phases, some not even being aware why they are feeling strange sometimes.

The ones who are more Lunar will be perfect caretakers, the others will just take good care to be perceived in a good way by the public. The Moon has to do her thing and influence them the way it knows better, so sensitivity and moodiness are at home with people having this celestial body in First House.

### ***Mercury ☿ in 18 Capricorn man 8° 42'***

([902] i.thehoroscope.co)

He knows how to seize a good opportunity and this is usually a result of his observant nature.

The Mercury in Capricorn man may appear as dull or boring, but these are just superficial remarks that don't affect them in the least. You might get the impression that he's very authoritative and demanding, like barking orders at you, because he never talks more than he has to.

This reliable and trustworthy attitude comes at the expense of annoying stubbornness. He will never admit that he is wrong because that would weaken his resolve.

#### **In a nutshell:**

Positives: Responsible and composed;

Negatives: Aloof and impulsive;

Soulmate: Someone who is just as perfectionistic;

Life lesson: Not feeling overwhelmed by certain challenges.

#### **A man of strong principles**

The Mercury in Capricorn man knows that good decisions are those that you spend some time thinking about, carefully analyzing all the data, taking in the whole picture.

Also, no one's going to make them for you, so that's the ground level, the starting point, facing the challenges head-on. He likes knowing that people depend on him, on his serious and responsible personality.

The key to a good understanding with this man is being calm, patient, explaining things in clear words and never hurrying. He wants to know exactly what the problem is, to get the information in steady, uninterrupted flow.

On the same line, he will always engage in activities and events that present advantageous opportunities for him.

This comes as a result of deep, inner analysis, observation of his pros and cons, vulnerabilities, things he's good at, and so on. His path is one of excellence and self-development, self-perfection more like it.

He's been like this ever since he was young, taking on responsibilities, honing his skills, disciplining his will and preparing himself for the future.

The man born with Mercury in Capricorn learns from his mistakes and failures but also wishes he would never get to that point where he fails.

However, when all is said and done, while he is a very serious and hard-working individual, he also knows when to let up, to take a step back and just enjoy a good moment of solitude, of relaxation.

He does have a problem with keeping himself in check, with not having enough time to do everything.

He never chatters more than it is necessary, and he hates talking about people behind their backs. Don't even think about starting this sort of subject with him.

He will change his opinion about you just like that. He believes in practicality and pragmatism, so he won't waste any more time that he has to.

In his social relationships, he prefers having a few close friends whom he goes out with.

He hates having to deal with impatient and aggressive people who can't stop for a second to just think about their actions. These kinds of people are always impulsive, in a rush, prone to failure and mistakes, annoying as hell in other words.

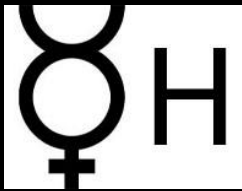

He keeps in constant control of his emotions so he doesn't exactly show his true colors when working with these unsavory types, but step on his toes and that's going to change.

Romantically, the Mercury in Capricorn man is slow, patient, he takes it step-by-step, going through all the phases and letting it come naturally.

Further down the road, he will become very affectionate and loving, becoming very tied to his partner, planning and thinking in tandem with her.

You shouldn't take his love for granted or make a mess of him because he will eventually figure that out and plan his revenge.

## ***Mercury ♀ in XI 11th House***

([918] i.thehoroscope.co)

This placement of Mercury improves the ability to talk with anyone about anything because one becomes more charming and convincing and has plenty of fresh ideas.

The Mercury in 11th house natives are especially effective in dealing with other people. They know how to talk to them, how to explain and transmit their ideas in easy to understand ways, and they are generous in most situations.

They can adapt their speech to pretty much anyone, regardless of culture, level of understanding or other differences. It's one of their special abilities, to be able to communicate with people from all walks of life.

### **Summary:**

Strengths: Eccentric, intelligent and curious;

Challenges: Dominating, picky and manipulative;

Advice: They shouldn't let themselves affected by others' opinions.

### **Endless ambition**

These people are one of the most communicative and sociable natives of the zodiac. They are literally able to talk to anyone about anything and reach a consensus, most of the time.

At least, if the interlocutors are able to bring new and fresh ideas, innovative perspectives on the subject, they will be thrilled and enthused to no end.

This is what they find fun, interesting, and entertaining, to engage in challenging conversations where they can accumulate more knowledge and satisfy their curiosities.

In order to achieve their aspirations, they will try to diversify their interests, to gather like-

mindful people around, and to engage in social activities more.

The inspiration is out there, and it just has to be found, and also accepted as such.

They think about things that most other people can't even wrap their heads around.

Simple, yet profound subjects like freedom of speech, individual choice, morality, humanitarian aid, all topics related to the development and well-being of the rest of the world, with emphasis on the general good.

With respect to their individual goals, they are ready and keen on talking about them to friends and close ones.

With great vision and endless ambition, it won't be long until results will start appearing.

Their ideas are unorthodox and out of the box, all the more reason to believe that they'll strike big when success eventually knocks on the door.

Those born with Mercury in the 11th house will deliberately want to associate themselves with intelligent people, engage in social activities and groups that will help them with achieving their goals.

If the atmosphere is competitive and challenging, then it's a way to the top in their mind. Nothing is more important than learning, accumulating knowledge and the necessary know-how required to solve problems, take opportunities, and turn them into gold.

Skill, the power of will, a lot of effort, and an intelligent approach will always win out against mindless slaving around.

Their curiosity spreads forth, encompassing anything that's even remotely close to their goals. They manage to extract something to learn from anything, even the most difficult problems or toughest challenges.

Irrespective of the way they see the world, one thing will not change though, the principles that enliven their way of life.

### **The positives**

They want to discover new ways of doing things, new perspectives and viewpoints, to be able to come up with multiple ideas when thinking about achieving their goals.

And they expect the same of their friends and close ones, the reason for which they're looking for intelligent, creative, and open-minded people to befriend.

This is a sure way of getting the most useful advice and relevant appreciations of their

ideas.

They have a lot of like-minded friends who act just like a tight group, supporting each other and having the same beliefs.

The Mercury in the eleventh house natives want to help people, as many as possible, to change the world for the better, make information accessible to the general public.

These people are attracted and intrigued by the simple social comings and goings of other people, the principles of association and communion, how they get by and work with each other.

Group psychology, sociological insight, this what they're looking for, as a way to further develop their plans and hone their future prospects.

Nothing is more pleasing than pinpointing and actually using these principles to efficiently bring themselves on top of the game, to come up with increasingly better ideas as a result of competitive struggling.

These natives thrive when there are more people around them because they can bounce their ideas off of interacting individuals who can appreciate, refute and constructively criticize them.

They are multitasking and will not fret when put face to face with stressful situations and tense challenges.

They can only get better and develop their skills, maybe even come up with a few fresh ideas to implement in their long-term plans.

As for the end-goal, it's comfort, of course, which effectively translates to a stable material situation.

Money, personal wealth and success, will come to them naturally, without any need for luck, destiny or other outside factors. Everything depends on their own powers.

### **The negatives**

Because their minds are filled with countless ideas and plans for the future, possible outcomes and simulations, it's harder and harder to keep focused on organizing their thoughts, efficiently interacting with others around them.

They often get sidetracked and say stupid things or don't pay attention to instructions. This air-headed and irresponsible attitude can only lead to future failures and disappointments, a loss of their trustworthy impression.

Moreover, just because they have a lot of friends doesn't mean that it's a good thing. On the contrary, it can be detrimental to their ascension because some of those so-called friends are tricksters in disguise.

Fortunately, they are a bit cynical and very rational, so much that they deeply understand this reality.

They avoid large groups of people and don't open up to anyone until they have proven themselves.

Because the Mercury in the 11th house natives care a lot about the appreciations and opinions of other people, they want it to be an honest and straightforward analysis, not a fake one.

Communication does include the tendency to engage in gossiping, talking behind people's backs and otherwise faking your own emotions and thoughts.

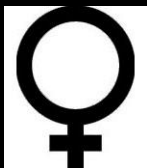

This is one of the problems that these natives have, a major flaw if you ask some of their friends, and something that they should work on.

It's not really done with ill intent, but rather because of the high curiosity that's just asking for satisfaction.

It's nothing they can do about that, only control themselves and stop talking shit about people.

This 11th house is one associated with success, material or otherwise, and these natives get to choose how they live their lives.

Not too skinny, but also not an overweight person, just the middle category, someone with forms.

Steady-minded, down-to-earth women who know how to make use of their feminine allure to fulfill his innermost desires.

Most importantly, that special someone must like comfort, routine, the feeling that no other place is better than home.

He doesn't want an adventurer, someone who craves for action and adrenaline, someone who takes him out to town every day and expects him to maintain the same energetic attitude all day long.

He hopes he can tame such women through sweet affection and warm physical contact, but he could also achieve the same result by showing that he's the man of the house, the protector, the one who brings security and stability to the relationship.

He just wants to build a stable financial situation, to live comfortably, and for that, he will put a lot of effort at work.

They feel the happiest when analyzing the mind of their lover, so if they get bored with the way someone thinks, you can be sure they'll leave the relationship altogether.

Their other half needs to have a rich imagination, to want to learn and to evolve, or they'll immediately start looking for someone better to fill the emptiness in their life. It is possible for them to have long-term relationships, but only if Venus is satisfied through other means like their career and hobbies.

When meeting someone with the same interests as them, they become completely fascinated and want to know more about that person.

***Mars ♂ in ♌ Leo man 15° 41'***

([965] i.thehoroscope.co)

He wants others to see him as dominant and confident and it is known he avoids doing things half-way.

The Mars in Leo man would like for everyone to praise him constantly, to perform in front of large groups of people, to showcase his skills and talent to the world. He's got the charm to conquer the world, and his aptitudes go beyond what mere individuals can achieve.

Unfortunately, in his search for attention and praise, he forgets to pay attention to the needs and wants of his close ones, particularly those of his partner. He may be incredibly sexy and devilishly attractive, but this doesn't mean he can just do what he pleases.

**In a nutshell:**

Positives: Creative and ingenious;

Negatives: Obstinate and boastful;

Soulmate: Someone who has a kind and spirited personality;

Life lesson: Don't forget to praise others' efforts too.

**He wants to be noticed by everyone**

This man is very confident in his own abilities and his behavior reflects this most thoroughly. It's like nothing can stand in his way, not even the sturdiest of obstacles and the mightiest of enemies.

Like the world was his playground, he takes what he wants, when he wants it, without asking for anyone's permission. This is what it means to be a Mars in Leo man.

He can be very egocentric and narcissistic, and they will never openly admit to a mistake, even if it's clear one was made.

Generally kind and generous, he still wants to be admired for his humanitarian tendencies, so he helps out anyone when he gets the chance.

Because he wants to be noticed by everyone else, he also dresses the part, with bright colors and as outgoing as possible.

If you want to have a happy relationship with such a man, you'd better make sure that you have all your attention focused on him.

Never forget to praise his efforts, to show your maximum appreciation for all that he's doing, and most importantly, don't issue a challenge that you can't take to an end.

He is a very prideful and self-centered person, so he won't back off from a conflict that involves his own principles.

The man born with Mars in Leo wants you to see him as the dominant and confident man that he is, the husband that you always wanted but never found, the perfect partner that will fulfill all your dreams.

Romantically, they will want to attract the attention of their prey as soon as possible, and in the most obvious of ways.

So, expect someone coming to your window tonight, singing at the top of his lungs, confessing his love, or sending you a love poem with a fragrance of your favorite perfume.

He is creative, inventive, and he wants you to know that he doesn't do things half-way, only the most eccentric and evident shows of love. You've got to remember them for a lifetime, and this is exactly what they want, to be unique amongst crowds of copy-cats.

However, things don't always go as planned, and they sometimes get rejected right in the middle of things, when they were preparing to start their confession.

This hurts them deeply because they've spent so much time and put in so much heart, that it's hard to just give up.

Even worse, they've been embarrassed and made fun of in the harshest of ways. In order to avoid this, they should try to change their perspective, think about what the other would actually like, instead of trying to put their ego forward.

### **His aims in love are pretty high up**

From a very young age, people will take notice of his impulsive and stubborn attitude, of the dominative and egocentric demeanor.

Many will find him annoying and a pain in the rear, especially his parents, but he's going to grow up eventually, a man of his own caliber.

Also, he might be perceived as the stereotypical Don Juan, the individual who is always surrounded by many women, the one in charge, the leader.

He should start even from the beginning to think about his potential, his abilities, his proclivities, in order to have a heads-up later in life.

His aims are pretty high up, and he doesn't seem to need anyone's help, which is always a good sign of independence.

Socially, he's the very definition of enthusiasm and agitation. He's moving from group to group, talking about what he can do, about his success, bragging that he's just completed a triathlon and many other things that attract attention.

He can really talk, that much is obvious. He can't refrain from telling the truth and getting angry about things that annoy him. Moreover, from a sexual point of view, he can be different from situation to situation, depending on the partner.

However, in general, he wants to have fun, to feel life is worth living just by having sex, to rejoice in the symphony of the flesh, donning the dominator's mask, of course. He wants to know that his partner is satisfied though, and this is always a good thing.

He finds it quite difficult and confusing to find the right woman because it seems that no one can resist in front of his raw energy and dominative personality.

It's not a problem of attractiveness or sexual appeal, as there are a lot of women crowding to have a piece of him, but none are compatible with him.

His ideal partner should be very good-looking, sexy, lascivious, with a foxy and spirited personality, someone who would listen to him and never disobey.

Unfortunately, those who would accept to have a life with him are the stubborn type who have a good idea about who they are.

### **In conclusion**

Basically, the Mars in Leo man is a terrifying combination of cheerfulness, independence, dominative drive, utmost confidence, freedom-lover, action-oriented tendencies, and one hell of a creative personality.

What comes out is the true king of the jungle, a ferocious individual whom no one can resist. He's independent and has great plans for the future, most of them being so big that he won't let anyone get a glimpse of them or even participate in their materialization.

Once he realizes that he's deep in love, he'll become a very devoted partner, a problem-solver, and a very affectionate lover who takes care to pamper his soul mate just like she deserves. One thing to remember – don't ever lie to him. That is the first and final straw for him.

Sexually, he will want to take you through a series of feelings the likes of which no one has ever experienced thus far.

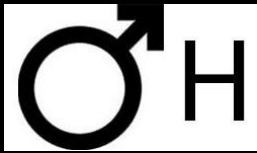

Bliss, sublime fulfillment, ultimate happiness, he wants his partner to feel all of these, but he also expects the same in return. Moreover, he's one of the most serious and stubborn individuals out there.

If he's sure about something, if he has an idea that he knows it's true, you won't ever manage to make him retreat, even with threats and violence.

He defends his claims with stoicism, masculinity, a firmness of being that he also shows in day-to-day life, as an unconscious impression that he makes on all others.

Many will not be aware of the fact that these natives are frustrated, because they really don't express themselves when upset. When they're bossy and arrogant, others start to no longer listen to a single word they're saying.

Puzzles and problems will be easily resolved with their strong analytical mind. Because they are so detail-oriented, they will have problems dealing with large-scale projects. But their scientific and practical mind will somehow adapt.

While cynical, they are still the best people to have around in difficult situations. There are so many ways to improve someone's life, Jupiter Virgos will have from where to choose.

They like being outside in nature because it motivates and makes them worry less. If there's something negative about them, then it's definitely their over criticizing nature. They are good as teachers for adults because they are not patient enough with children.

Plus they would want to deal more with people who have decided on their own they need to learn something new. It can be said they are practical idealists because they are so perfectionists and helpful.

### **Understanding them**

Cautious, analytical, methodical and criticizing, it's very possible Jupiter Virgos will suffer from OCD. But this approach to life makes them luckier. You could easily set your watch after their habits and because they are so organized and hardworking, they will most likely succeed at everything they set their mind to.

But they will always be modest and simple and honesty and a strong work ethic are the values they will promote the most. They only progress when they are sticking to these values. If they want to keep their luck, they need to take on just as much as they can handle. Being perfectionists will sometimes help and sometimes not. It's possible they'll become overwhelmed by their own high demands.

Other negative aspects of their personality include their irritability and criticizing nature. But being criticizing can help them become better scientists and art critics. Their talent with written words and engineering will most likely bring them many career opportunities.

It can be hard for some people to focus and be as efficient as them. Jupiter Virgos love to research, so a job as a librarian would be perfect too. Not to mention they like to gain knowledge from as many sources as possible.

Expect them to weigh all the pros and cons of a situation. Their attention to detail can't be seen in other signs. And this will be of great help when others will want meticulous work to be done as fast as possible.

Some will blame them for being so criticizing, but in reality, they are the most like this with themselves. So imagine what's in their soul when they think they haven't done things as perfectly as they wanted.

But they will surely point out how others could have or should have taken action in a certain situation. It can be hard to swallow Jupiter Virgos if you're sensitive and don't like being told what your mistakes are.

But they don't mean to hurt anyone, it's just in their way to be like this. Practically, when they are saying what you could have done better, they are also expressing how much they care for you. It's hard to imagine what they would say when they hate someone, though.

When with someone, they'd see themselves better through the eyes of the other. It would be the same with their business partners, so their success with money will be very much influenced by how many partnerships they're having.

Jupiter in 7th house individuals love to listen and can be really empathic or biased. They want to give everyone a chance and can really pay attention to both sides of a problem.

All the traits they display with others will remain the same when they'll be dealing with romance as well. Unable to feel complete without a partner, they don't want to fight

without listening to what their other half has to say and don't mind not being right from time to time.

Aware relationships require two people to be situated at two sides, they don't mind being with someone who's their complete opposite.

They will always look for that person who can make them feel complete because it's in their nature to want a half. The fact that they're a little bit indecisive when dealing with problems is not at all in their advantage.

It's often difficult for them to be objective and to decide fast, so don't be surprised if they'll say there is no solution to some of the problems they may be having or that someone else should come with an idea.

It's good they have many friends, so one of the persons in their life will eventually help them. However, letting others decide for them can completely change their luck.

It's true they're not the most organized people in the zodiac, so finding a way to set their priorities straight will help them achieve their goals more easily.

While many will come to them in search for wisdom, they may not be able sometimes to find the best solutions.

They shouldn't despair when things between them and their partner don't work as good as they expect them to. Jupiter in the 7th house will give them enough luck in love and with collaborations, so their marriage will be happy and their business partnerships prosperous.

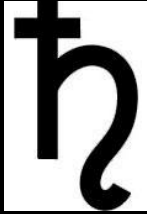

As said before, there's a good chance for them to marry someone who can bring them many benefits and even wealth. It's possible for their spouse to be someone influential, older than them and even more profound.

The fact that they want to cooperate will make many of the people around them happy they've been chosen as collaborators.

## **Saturn ♄ in ♏ Scorpio man 12° 18'**

([1024] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Scorpio in their natal chart are the saluting soldiers of the zodiac, the ones benefiting from great discipline, who always try not to stray away from their principles.

Once they've put it in their mind to do something, nothing's going to stop them from achieving it. Of course, perseverance would be akin to stupidity if not for their intelligence and many abilities that make everything seem simple.

Life is just a walk in the park for them, contrary to the opinion of the majority, who can't even understand what they're doing, and how exactly they manage to stay in control so perfectly.

### **In a nutshell:**

Style: Passionate and resourceful;

Top qualities: Loyal, stern and intense;

Challenges: Stubborn, too bold and cowardly;

Advice: Don't be reluctant in helping others, even if there is no end game for you.

### **Personality traits**

Once again, the Saturnian Scorpio gets another boon from this planet in terms of inner depth. He can carefully hide his abilities from prying eyes, and also his weaknesses.

Being a vulnerable individual, just like everyone else, makes him uncertain of going all out, but now that Saturn brings guidance and rules to the mix, this won't be a problem anymore.

These natives become masters of their own destiny who work behind the shadows, no one noticing exactly how they accomplish miracle after miracle.

One thing that can define the Scorpios almost perfectly – intense enthusiasm. With an impetuous and unrestrained source of energy at their disposal, their naturally combative spirit comes out of hiding, biting anyone who doesn't pick up their pace.

Whoever can't keep up with them will have to suffer. They manage to control these instinctual reflexes when they have to formulate a plan.

Future goals are too important to be put under the pressure of such unpredictable behavior, and they understand this.

With their secretive nature, it wouldn't be surprising if they had some bizarre interests like magic, necromancy, or some other controversial passion.

Moreover, this also makes them quite determined to achieve a state of perfect mental discipline, of exquisite willpower, so that no one can read them. Emotional stability is also something that they have to keep a look out for because all that intensity and volcanic personality will eventually boil over and burn everything in sight.

They prefer subterfuge to a direct confrontation, to weaken the enemy psychologically before delivering the coup de grace.

In this sense, they approach almost all situations, even if there is no enemy to speak off, but an idea, an object of their attention overall.

Their investigative powers are off the charts, and they can be very devilish and vile, to the point that a lot of people would remain awe-struck at their resourcefulness.

### **Love behavior**

Romantically, these natives have very contradictory feelings most of the time, born from their uncertainties and fears.

They may be very affectionate and intense in intimate bonding, craving for nothing but the most blissful of pleasures in bed, but the truth is that they are ridden by a constant nagging feeling of inaptitude, of self-pity, because they aren't sure if they're good enough.

Because of this, the Saturnian Scorpios will try to test their partners from time to time, to check the strength of their feelings, or how they're going to react when confronted with unruly accusations.

It's not something very pleasing or comfortable at all, so there's really no surprise when they start arguing over this matter. However, if they manage to stand face to face with your trust issues and prove themselves, what comes next is complete loyalty.

### **The good and the bad**

No matter how efficient they may be when acting inconspicuously, it has a bad effect on their whole temperament and overall emotional stability.

They feel the pressure of having too many secrets, a deep disappointment that no one really truly knows them, and this is one of the essential things they should work on.

They must let other people in and have a more open-minded attitude toward personal relationships.

Their naturally responsible and hard-working personality can help a lot with this pressure, taking their attention away from it.

Saturn ensures that they are deeply committed to their goal, always vigilant and attentive to the smallest of details.

To them, acting under the cover of secrecy is not only a good professional technique, keeping the secrets of success safe under lock, as well as having a restrained attitude that does the job perfectly, but also in their day-to-day life.

There are plenty of manipulative people out there who only need a little bit of information to use against them. That little anchor that they've grabbed a hold of can possibly lead to a great disappointment, so these natives make sure that nothing essential is accessible to the outside world.

Even their emotions are tightly kept to a minimum, not letting the excess leak out. Love, affection, appreciation, sadness, these feelings could just as well make them vulnerable to attacks.

Because they feel so deeply, most of the time, an offense on that level would leave them dumbstruck for a long time.

It's better to avoid such situations from the start. Saturn is the one who makes sure that they never leak any information out by imposing a certain set of principles and rules.

### **The Saturn in Scorpio man**

Just like their female counterparts, these natives are hard to piss off, and they would rather prefer to get away for a time to calm themselves, rather than going all out and saying something they'll later regret.

In other words, they care about their family and friends a lot, and not even they would dare to put those relationships in danger.

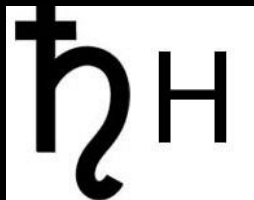

However, there is one exception when they'll not be able to control themselves from

exploding. If he suspects his partner of adultery or just deceit in its rawest form, he won't take it standing and will likely issue an ultimatum.

Of course, being on a constant watch out for possible dangers will kill off any sort of opportunity for self-development, and happiness will be just a dream at night.

All these people have to do in order to escape this predicament is listen to what Saturn in Scorpio tells them about objective standards, using reason to create a certain set of guiding principles that he can fall on, in times of need.

They like it when feeling in sync with others and are using their mind to fish for opinions that aren't theirs. They may flirt with all sort of morals, but never believe the truth is different from what they know it to be.

However, it's important for them to make use of their senses and rationality while analyzing what others may have to say because this way, they discover more about what types of truths are out there.

Dismissing what other people have to say may be in their disadvantage, no matter how threatened they may in fact be feeling.

A constructive perspective when it comes to what ways of thinking others have can be adopted, so they should let their friends and family express their different philosophies.

with God, always advocating what they believe in with a strength that can't be seen in others.

If they have been forced into a religion when children, it's also possible for them to no longer believe in anything as adults.

For them, the connection with God is intimate and much obliged to be established by traveling, gaining more knowledge, talking to mentors, going to lectures and also experiencing with life.

It will never be enough for them to just believe other people's doctrines because they need to form their own. Saturn can play them here to be a little bit ambivalent when it comes to spirituality.

They may doubt anything that doesn't also come with material proofs, but in the same time be terrified to not get punished by divinity. They have probably dealt with complex philosophies ever since young, so they most likely got bored in school.

Questions of faith and existence altogether will always exist in their mind, but it's also possible they'll abandon a belief system just because another one has been discovered.

What's interesting about them is that they need to analyze from a scientific point of view what they've found out about different mystical concepts because the unknown makes them look for new meanings.

All the people with Saturn in 9th house are looking to experience and to develop their consciousness. Saturn will play the role of a guide in their philosophical journeys, throwing them into realms of imagination they didn't even thought possible to ever think of.

### **The goods and the bads**

While always making sure it places obstacles in the path of natives, Saturn is actually more practical than many believe it to be.

When in the 9th house of mind, it makes people more spontaneous and logical, always questioning matters of religion and philosophy.

However, natives with this aspect can also be closed and cynical when hearing others' opinions. While practical, they still refuse to believe in ideas coming from others.

Being moderate would be great for them because they may have some realistic beliefs that only require a little bit of trimming. They desire to learn as much as possible and in the same time fear the new, which makes it difficult for them to open up. Being old-school, they prefer to not fix what they believe isn't broken.

When Saturn in 9th house is in good aspects, they will be the opposite of all this and continue with their education until later in their life.

This planet will ask a lot of efforts from their side if they want to become more knowledgeable, but they won't back down.

When in bad aspects in the 9th house, Saturn will have these people religious and not at all interested in different views others than their own.

Every trauma from their childhood years may be deeply felt, so the ones who have been forced to adopt a certain religion when young will become atheists or nihilists as adults.

Saturn in 9th house will most of the time influence people to want a higher education because they'd be very curious about what they could learn in colleges or universities.

All they need to make sure of is that the teaching methods where they're studying are fun and encourage the exchange of opinions. They should focus on criticizing themselves because this could help them evolve.

There won't be a problem with their practical way of thinking as long as they'll continue to be creative and come up with new ideas. The fact that they're always bringing logic into discussion has them appreciated by many. It's amazing to watch these natives making different philosophies a reality and also to talk to them about the humanity.

Furthermore, they should never dismiss ideas that don't resemble theirs because different experiences and perspectives could have them expanding their knowledge.

Saturn in the 9th house will make many of them stick to their own beliefs, even if some of them may work on their own ideals and morals.

Positive change should always be welcomed as long as it doesn't cloud their judgment because communication through different kind of ideas can teach them about new experiences.

It's not bad that Saturn influences them to be conservative, even if this can sometimes be in the way of their progress.

Moreover, if they could just let go of their anxieties and irrational fears, they could touch upon their potential much easier, at a greater intensity than normal.

And if they were to put their trust more in their friends, all the extra pressure hanging on their shoulders would disappear, granting them more leeway to watch out for themselves.

Because they put so much effort into everything they do, they also expect people to appreciate them for what they're doing. And if that doesn't happen, moreover, if people start criticizing or mocking them, all hell's going to break loose.

They won't soon forget this insult because they had given it their all to impress everyone, to take the projection to a definite completion.

That's how they do things, all or nothing, they lead the general efforts and coalesce them to create the best result. If those efforts can't be appreciated, one will retaliate in due time, with a swift act of revenge.

### **The Uranus in Scorpio man**

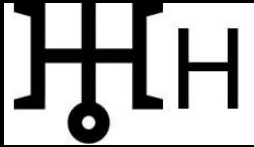

For this man, what he feels is what he'll be doing, no matter what everyone else says. His emotions are the most important thing around here, besides his creative impetus which seems to be endless.

You'll never see them going for the dogma and sometimes, when their own ideas become old, they prefer to just give up on them.

Others will consider them heretics because they think of astronomy and like to learn about the paranormal or about astrology.

And the subjects they may be interested in are philosophy, social studies and even religion, so don't be surprised if they've published a book with their own thoughts about how the world works.

They're not the type to ask money for what they have wrote, so they'll perhaps use the Internet to just give their materials for free as Uranus is also the ruler of technology.

Feeling very good in the 9th house, just like in any other house situated up in a birth

chart, this planet can sometimes be chaotic and even malefic, therefore, it's better to have it in the upper side, so it doesn't become a problem when it comes to the everyday life of the natives.

When in a negative aspect, it will obviously bring a lot of difficulties into the life of people having it in the 9th house, but these individuals will still be able to solve their problems because reality involves difficulties as well, after all.

When situated close to the horizon, those having this placement will have many of this planet's traits, especially when young.

Things about their character will often change and there will be nothing they can do about it. While Uranus in 9th house individuals can be real geniuses, they also have problems with their education because they don't like learning in a structured environment, so even if this planet would be in good aspects in the 9th house, they would still quit University or drop it for a while.

As I said before, Uranus is the ruler of technology, so it may make people having it in the 9th house hackers.

But if they will stick to school, they may become amazing programmers and computer science teachers. They will always look to get their information from beyond what's been established as tradition and culture as they love being unique and giving a personal touch to everything surrounding them, even when talking about God.

Because they're always looking for the truth and to be imaginative, they will start to create something for a better understanding of what the big picture is and how the world works.

### **Blessings**

Uranus in 9th house people think traditions are way behind their time and want to deal with the new or to adopt morals that have just been launched.

This is the reason why they love to travel and to meet new people who can teach them something. Any new experience makes them become better and merges with their personality.

These natives simply love to open their mind and to come up with ideas that provoke people around them. They don't know how to get bored because they just don't have the time to sit around.

The world is a big place that has many challenges for them and they know it. When Uranus is in good positions in the 9th house, they will be only observers when it comes to what they believe in.

Objective regarding the truth, they understand every human being has a destiny to at least be subjective when it comes to what's real. Therefore, they don't believe everyone has an obligation to search for the truth and to idealize some concepts in life.

This means they'll understand and respect other people's culture, religion, opinions and ideas, without being biased.

That's why they can make friends with anyone and disregard any type of prejudice, which makes conservative people shriek around them. They have the good morals that will help them evolve.

### **Challenges**

The most difficult thing for Uranus in 9th house individuals is balancing their travels with their romantic life.

Having many friends, they love going out and meeting new people with whom they can make good friends. Very interested in dating all the time, they would rather not tie themselves to only one person or one place.

However, at some point, their life will start to feel pointless as coming back an empty home can be painful.

If Uranus is in a challenging position in their 9th house, they may have traumas from their past lives when it comes to searching for the truth and believing in something.

For example, they may have been persecuted during more religious times because of blasphemy or because they had connections with the occult.

It's also possible they've confessed their religion or beliefs and others didn't accept them for this, which could have happened in one of their past lives and even in this one.

They truly believe that a person's culture, race and religion don't matter in knowing the truth and prefer to not listen to the spiritual guides or political figures who ask people not to question them.

When it comes to the idealistic nature of Uranus, it manifests in these natives when they're searching for the truth and think of what's right and wrong.

As a matter of fact, these natives can take such thinking to the extreme because they want to know everything in detail. This will help them have a good understanding of their own spirituality.

When Uranus is in a challenging position in the 9th house and related to Jupiter, the

natives of this placement will be terrified of traveling long distances, so they may never fly or cruise.

They should find a partner who doesn't mind when they're leaving without even saying a word because they've just discovered there's a new and rare book at a library in a country far away.

They wouldn't mind having a travel companion, so they should find someone with money and enough time. Uranus in 9th house can be creative and come up with many solutions for them, so they can have it all in life, but not in an easy way.

## **Neptune ♆ in ♐ Sagittarius man 14° 49'**

([1073] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Sagittarius are regarded as free-spirited people who roam about without a care in the world, the uninhibited hippies who take you for the ride of your life, the sociable adrenaline junkies, the open-minded exhibitionists, and so on.

Their flexible and adaptable personality entertains a lot of potential and possibilities, without the need to look down on certain opportunities, simply because they don't comply with certain social standards.

Even more, they are very tolerant of other people and events that some may find as libertine or outrageous.

### **In a nutshell:**

Style: Exploring and demonstrative;  
Top qualities: Mysterious, adventurous, revealing;  
Challenges: Personal struggles and indecisiveness;  
Advice: Sometimes you are completely tactless.

### **Personality traits**

Through all the adventures across they take part in life, you may find that what impresses them is when they get to experience a true spiritual revival, an inner

epiphany, the expansion of their perspectives.

Obviously, they are very open-minded to any sort of religious or obscure experience, philosophical debates, strange and awkward trips in places unknown to man.

Idealistic as they are, they may fail to see the flaws of the real world, the things that make it imperfect.

The native born when Neptune transited Sagittarius is prone to falling into desperation, with anxiety attacks included, for no other reason than their pessimistic tendencies.

They focus too much on their problems, on the possible catastrophe that could befall them if a solution, most likely to an imaginary problem, isn't found.

It would be a good idea to instead concentrate on their visionary skills, on the dreams they nurture, on the desires they want to accomplish.

Quite possibly the reason for this downfall into the abyss is their idealistic gut instinct that seeks nothing but perfection.

When it doesn't find it, it starts blowing things out of proportion. Then, it starts diminishing the value and significance of everything else.

To put things into perspective, the worst situation that they tend to get themselves into is a bad decision made in a relationship.

When they suspect that something is wrong with the partner, they start overthinking, focus only on what the other thinks or does. But what they omit to do is look upon themselves as well, maybe that's where the problem started in the first place.

It's good that they want to solve these issues, but they should do so with all their faculties, with reason, emotions, not just their intuition.

They might find it a bit hard to find the spiritual fulfillment that they crave for so much because the world is not made only of sweet candies and honey.

Their adventures and uplifting experiences may contribute greatly to that sense of enlightenment, but let's not forget that there are also demeaning, rough situations that do the opposite.

Unfortunate accidents, disappointments in love or other life misfortunes, they have to learn to accept them, move on, and not abandon all hope. Shinier days are ahead, and with their great potential and visionary skills, it will be a brilliant future.

The Neptunian Sagittarius may be very flexible, spirited, and brimming with intense energy, but that doesn't mean that they can take on too many disappointments.

And where do most disappointments come from? Their unreal expectations, that's where. They believe that their effort should clearly be enough to reach the desired effect, but when that doesn't happen, then what? The world is not just black and white, success or failure, it's filled with all kinds of shades.

### **The positives**

One of the best things about the native with Neptune in Sagittarius is their unending energy and overflowing enthusiasm about the smallest of things. Whatever gets them going is sure to be most interesting and intriguing, for them at least.

Highly competitive and an adrenaline-seeker, they expect to leave out in a couple of days to explore the world, searching for the next big thing.

And guess what? Do they make a plan, pick out a place to stay, map out the routes they want to take? No way, that only takes out most of the fun.

Being spontaneous and discovering everything as they go is much more entertaining. Moreover, these experiences will also act as a source of inspiration for them, in that they will notice the multitude of possibilities, the diversity of life ahead of them. There are never only two choices, but much more.

A curiosity about the world and its intricacies that no one else possesses, a sense of communication and empathy present nowhere else, these are the traits of this native, what makes them truly special.

### **The negatives**

The Neptunian Sagittarius can get very excited about something, and this may lead to a forgetfulness no one has ever seen before. They focus solely on that and forget about everything else.

If an intriguing subject comes along in a discussion, there's no turning back. You have to prepare yourself for one hell of a debate with counter-arguments, philosophical ideas, and a cheering applause for when they win out.

The thing is, they could even start imposing their perspectives on you if they firmly believe they are right. They don't do it out of egocentrism though, or even consciously, but they are too passionate about it all to care about offending or even hurting others, even their closest.

### **The Neptune in Sagittarius man**

The man born under Neptune in Sagittarius is a highly romantic individual who dreams

of the perfect relationship, one sprinkled with rose petals, shined upon by the moonlight, one of mutual support and affection.

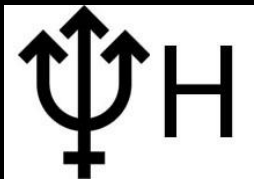

These idealistic desires must find their way into reality, and sometimes, these ways are not the most practical ones. They must strive to find the methods that are most likely to be applicable in the real world.

Want to know why a Neptunian Sagittarius man is the perfect choice for a lover? Because life never gets boring when you have him next to you.

He'll either take you on exciting adventures together, invite you to a match of rollerblading or bring his friends around to brighten up the mood.

Let's say nothing more about the things he's going to do to you in bed. Your sexual life will experience quite a leap in quality.

### **Neptune ♃ in X 10th House**

([1086] i.thehoroscope.co)

This placement of Neptune makes people wish to find real inspiration in what they do for a living so they might struggle a bit with holding a routine.

People born with Neptune in the tenth house of their birth chart are usually very spiritual when it comes to what they are doing for a living and the recognition they get from the public.

They may be confused and have some difficulties as far as finding the perfect job goes. They're never who they seem because their behavior completely opposes their personality.

It's possible for them to be too ambitious and to forget about what needs to be done in order to get their efforts recognized.

#### **Summary:**

Strengths: Hard-working, elegant and approachable;

Challenges: Perfectionistic and judgmental;

Advice: They need to dedicate more time to their families.

### **Careful about their dreams**

Very intuitive when it comes to what's mainstream and what those around ask of them, individuals having Neptune in 10th house are very creative, true visionaries and artistic personalities.

It would be great for them to work with art, in the service of others or taking care of some charity events. In case Neptune is in challenging aspects in the 10th house, they don't know what direction to take in life and are not aware of their own goals.

In this situation, it may be very difficult for them to find their profession, and they'd do something they don't actually love because they fear perfection can't be attained in the domain they really care about.

It's suggested they take a look at their expectations and determine if these are too idealistic. Responsibility seems like a burden to them, and they don't want to get involved in other people's lives, no matter what.

It's possible they have been confused as children by one of their parents, and as adults, they find it difficult to take a certain direction in life.

When it comes to their career, they may not get credit for their work, so they aren't all the time recognized for their efforts.

This means they won't know their own value or that others will take credit for what they've done, or perhaps their superiors won't give them the rewards they deserve unless they start to trust themselves and their talents.

These people have to be careful with their reputation and to assess their abilities as accurately as possible. It's true they don't want fame, but still, knowing where they're standing would be a great idea for them.

Neptune in 10th house natives may want to get inspired in their professional life and have a passion for healing or doing something creative.

Therefore, it's possible for them to become very successful with design, art and medicine. A job as a counselor would be suited for them as well. It doesn't matter what they choose to do for a living, they always need to be inspired and feeling fulfilled because Neptune is the planet of dreams and ideals that have to be made a reality.

They want to make the world a better place, so their contribution to the society will always be meaningful.

Neptune in 10th house people need to be careful not to get disillusioned when chasing

their dreams as they can have too higher ideals that aren't all the time possible to be made a reality.

The placement of Neptune here suggests they will always want something more and to feel important after working on their noble goals.

It's normal for individuals with this placement to feel unhappy with their professional life. What happens in their career is strongly related with how Neptune sits in the 10th house.

For example, when this planet is in good aspects, the effects would be astonishing and beneficial. On the other hand, when in negative aspects, it can become really malefic and cause the natives to no longer have control over their career.

The 10th house is rather a good host for this chaotic planet. Having Neptune here is more beneficial than having it in another house with a direct control over natives' life.

Limiting this planet's energy can be beneficial for the career of people having this placement, as long as they take on some jobs that are to the liking of the celestial body.

In short, Neptune won't help them in any way with a job that requires organization and following a strict schedule. No matter how much individuals having Neptune in 10th house will struggle with a routine, they won't be successful.

Their perfect jobs are the ones related to arts and freedom of movement or speech. It's very likely one of their parents influenced them very much when they were children by being weak and confused regarding what authority and discipline mean.

Perhaps their mother or father hasn't been there for them or one of them was an alcoholic. Not having a role model, they wouldn't know how to fight for success and how to follow a career path.

At least they will know ever since very young that they need to adopt an unconventional approach, which makes it normal for them to change jobs and work as bartenders because Neptune is also the ruler of alcohol.

When it comes to love, it's normal for all the natives having Neptune in 10th house to fantasize about someone and to feel disillusioned because they haven't found the ideal person they thought their lover to be.

It goes the same way with their career because they want something perfect when it comes to their profession, and their goals are usually unattainable.

If they'll contribute to the greater good, they'll feel fulfilled and happy. However, things don't always unfold as they expect them to, so they should become as decisive as

possible about their career.

Neptune, the planet of imagination, makes natives having it in the 10th house very creative. They could easily become writers or do something unusual for a living.

Since the same planet rules also over illusion, they may decide to become famous and use a pseudonym. There's as well the tendency to take on too many responsibilities at once, so they can end up running in circles and losing their minds because they can't handle what needs to get done.

They will work two jobs and won't focus too much at neither of them. In the meantime, they'll have high ideals and wish for success, whether under their name or a pseudonym.

### **The goods and the bads**

Neptune in 10th house natives may have many interests that are very creative, so it can be very difficult for them to determine what they want in life.

Some get lucky and find something to do for a living ever since very young. However, these are the most evolved ones, those who are aware things in life are not always perfect.

Others feel like they're not interested in anything, and they may end up procrastinating all of their life. It's okay to be indecisive about a career in the today's society as there are many ways to make money.

Therefore, they could do many jobs before finding out what they're passionate about. It's suggested that no matter what, they find the balance between their job and their hobbies.

These natives shouldn't insist on following their big dreams because as said before, these can be pretty unrealistic. The everyday responsibilities are more important as they support their existence.

Worrying too much about perfection will have them doing nothing, so their expectations should be a little bit lower because they can find motivation in everyday tasks as well.

Accepting that others don't dream the same as them is also indicated. Their creativity may help them attain great heights, but it's essential for them to have their goals defined.

It's also important they don't talk too much about their work because many can take the credit for what they've done.

It may be difficult for these people to express themselves so that others get to see the

efforts they've done. All this means they have a problem with self-confidence or self-respect, which furthermore leads to difficulties advancing in their career.

Freedom and open-mindedness are this native's greatest perks, and they make full use of them with the help of Pluto.

The dynamic planet enhances this native's communication skills even further through the series of adventures and people that they meet along the way.

Pluto is associated with a state of inner illumination through knowledge, the elevation of one's spirit and status by acquiring and assimilating bits and pieces from all around the

world.

Plutonian Sagittarius natives are literally obsessed with having new experiences from which they can extract even the tiniest bit of information.

Self-development was never this fun and exciting, and as long as nothing gets in their way or bars their path, the Plutonian Sagittarians will keep on going forever. With every piece of knowledge acquired, they expand their minds even further, learning to accept much more of the world.

On the one hand, the spirited and spontaneous personality of this native is a good thing, ensuring that one doesn't stay for too long in one place and that one doesn't try to take control or dominate a situation.

Once this native notices that there's nothing else to learn, they quickly depart for the next adventure with nothing but their excitement and intuition to guide the road.

### **The good and the bad**

The Plutonian Sagittarius seems to always be evolving from the experiences that they go through, further developing skills through the knowledge they acquire.

However, changes in the worldview don't mean that this native changes what they perceive the essence to be. Yes, they might view things slightly differently, but their life principles are basically immovable.

The one born with Pluto in Sagittarius has a morality system deeply engrained in their subconscious and there is no ounce of arrogance or egocentrism in what one does.

This native's most glaring flaw is that he never fully thinks about his next course of action, instead, letting it all come naturally. This lack of self-awareness and planning may get anyone in trouble, but mistakes are opportunities to learn from, and if the Pluto Sagittarius realizes this, everything should be alright.

Moreover, in order to better continue on the path toward self-development, one should think about being more flexible with their life rules and not being too tied to their comfort zone.

### **Pluto in Sagittarius in love**

The Plutonian Sagittarius tends to have a very peculiar approach to social relationships and love matters. They tend to trivialize them, never grant them the importance they deserve because of their highly spirited and spontaneous personality.

Unrestrained and a freedom-seeker, these natives pass through the world at break-neck speed, just like a vanishing shadow or a sprinting leprechaun, always looking for the

next excitement. Especially when they are young, their dynamism and high-paced enthusiasm takes them far from any commitment or serious bonding.

This doesn't mean that the Plutonian Sagittarius never takes a relationship seriously because they can become reliable and even slightly romantic companions.

These natives care very much about their friends and family, even if they don't always show it. They are most demonstrative in key moments, when their support and attention is crucial to the situation at hand.

Eventually, they will meet someone who will make them put aside everything else and reveal his feelings. That's the moment this guy finally commits and becomes incredibly devoted.

### **The Pluto in Sagittarius man**

Compared to their female counterparts, these men are not exactly very interested in reclaiming their emotional side. Rather, they would like to embrace just a little of the softness and tenderness innate to romance.

The last time in history when Pluto transited Sagittarius, these men were at the top of their social game, always engaging in heated debates, having long discussions about the most controversial topics of the time, and mostly focused on bringing change to the world.

Being willing to share one's ideas with the world may now be perceived as only natural and a mark of great intelligence, but it was not always like this.

The last time that Pluto roamed the Sagittarius, society was especially against this type of attitude, discrediting it again and again. Those who had the courage to break these barriers were mercilessly mocked and their valued demeaned to no end.

This means that the Plutonian Sagittarius men still have these attitudes engrained in their subconscious and feel the need to fight to have their voices heard.

## ***Pluto ♄ in X 10th House***

([1110] i.thehoroscope.co)

This placement of Pluto makes people benefit from razor-sharp focus and become determined in overcoming any narrow-minded beliefs of those around.

Those born with Pluto in the tenth house of their birth chart are always focused on their career, advancing up the social ladder, polishing their skills and getting better and better results at work.

They devise well-defined goals, plan out ahead of time and strategize, taking into consideration any possible dangers, and follow through with unshakeable confidence, ambitions, and grit. They research a lot, gain the necessary knowledge and know-how to make their lives a paradise.

They are perfectionists as well, all-in or nothing at all individuals who want nothing but the best. They probably had a parental model to reach such levels of excellence and work ethic. These principles couldn't have appeared spontaneously like that. Instead, they must have been nourished.

**Summary:**

Strengths: Creative, firm and visionary;

Challenges: Manipulative, disrespectful and complex;

Advice: They need to learn how to talk and communicate effectively with different kinds of people.

**There is no middle ground**

Pluto in 10th house people are very special individuals who can't help but make a good impression on whoever meets them.

Their unique and otherworldly presence, the serious attitude when involved in a project, the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are very good with people.

They won't even back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

### **The goods and the bads**

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results. They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

If they have to change those principles and habits, it's going to take a while, if they're

willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

### **North Node ♏ in ♎ Libra 19° 35'**

(Georges Muchery)

The Dragon's Head in Libra is a sign of balance and harmony in the native's life as a whole. It also gives stability in regard to the affections; the gratification of noble desires is shown in all things. The native has a fine intellect as well as great courage. Progress will be rapid; and wealth as well as honor will be acquired. The Dragon's Head in Libra is favourable for the children and for the family ties.

The Dragon's Tail in Aries is often a sign of lack of conscience, or, at all events, of inconsequence. The native acts too precipitately; what he has decided to do must be done forthwith, and this leads to want of due reflection, which is detrimental to his affairs. He may suffer material losses, or experience trouble in other directions, due to his lack of cautiousness. This position inclines to fits of anger, but also gives great physical courage; and if the horoscope generally is good, the Dragon's Tail in Aries will not be so unfortunate.

(Isabel Hickey)

North Node in Libra implies spiritual integration which comes from moving from self to others; from personality levels to the soul levels. Emphasis should be on loving others and getting away from self-love.

South Node in Aries means an over-assertion of self has been the problem in the past, and personality should become the servant of others in this lifetime.

(Martin Schulman)

This nodal position requires much learning about self-sacrifice and the needs of other people. All the lifetimes of work spent on building self-confidence and esteem must now be transferred to others. The Libra North Node keeps the individual from adding to his sense of self-identity any further. He must guard against strong ego influencing his current life actions.

His long-standing me-first attitude now brings him sharp and painful experiences as he is learning the lessons of co-operation. He must slow down and make sure that all he works for is meaningful, in his marriage and close partnerships as well as all his relations with others. He has to learn to take the sharp edges out of his life and start to balance. While the center road seems less attractive to him, it is still the only path he can have towards happiness.

Ultimately he must learn the very subtle lesson that his strong pioneering individualism isn't actually meant for himself at all, but rather to equip him better so that he can provide others with a more harmonious life. Many individuals with these Nodes have a tendency to be contrary. The experience of listening to other people is a new one which they find objectionable when they feel it hampers their forward motion.

In past incarnations, progress was all-important, and getting there first was part of the highly competitive Arian drive. This carries over into a definite closedmindedness which the Libra North Node will ultimately open, showing to the individual the other side of the coin which he had never before thought was important enough to recognize.

Selfishness and vanity of all sorts must be curbed unless the individual wishes to find himself alone. Usually he feels himself being driven towards something, yet he doesn't understand what or why. Through the Libra North Node, he is now to reconsider his goals and objectives so that his Arian energy is put to some useful purpose.

He changes his mind often; and allegiance to a single cause is not one of his finer attributes. Past incarnations have made him accustomed to a constant impatient restlessness that still has a tendency to keep him on the move. He knows that he is to give rather than to receive in the current life, yet he finds it difficult to cope with such karma with his full heart.

The Martian quality of the South Node impatiently pushes him in new directions. Upon arrival at each destination, however, he finds the gossamer cloud of Libra in the middle of the seesaw, and is surprised to see that the goal was not a goal at all, nor was the destination the end of the journey. Puzzled and confused, he sits in the middle, trying to evaluate the circumstances which he hopes will point the way towards his next successful drive. And yet each goal, each ambition, each sprint of running and striving brings him to Libra - the half-way point!

Finally, out of sheer exhaustion he makes the amazing realization that the second half of the journey involves other people. He is to learn the karmic lesson that he is not alone. Until he learns to share, something always comes up to put the brakes on his efforts. Eventually he is brought to the realization that winning or losing the game is much less important than the fairness with which it is played.

Many individuals with these Nodes are highly opinionated as a result of selfish or bigoted past-life attitudes. Now it is time for the shoe to be worn on the other foot. Much of the current life's events are painful blows to the ego. The individual has to guard against becoming embittered as he sees many of his own wants and desires being taken away from him and given to others. At first his natural tendency is to be jealous. He wants to fight back for all those things he feels he has lost; yet the more he fights, the more he loses. Eventually, drained of much of his inner resources, he must surrender his selfish ego and accept living in a world built on sharing.

Until he overcomes his South Node, his biggest frustration is the witnessing of other people receiving all for which he himself had wished. He doesn't quite yet understand how this works, and is puzzled at why all the things he has ever wanted are coming to people around him and yet not to himself. He hardly realizes that all his desires, wants and wishes are actually designed for others.

He is mentally energizing the wishes of people around him so that he can ultimately be an instrument for their fulfillment. In actuality, he is earning himself a new place in the world by living through the karma of selflessness. Still, the insistent urges of the South Node keep pulling him backwards, often making him feel that this is a lesson he would rather not yet learn.

He must try to resist past-life tendencies to make waves, for he is now capable of witnessing disharmonies between people without taking sides. Often he is thrown into the position of referee, whereby in helping others to become more objective, he in fact helps himself. The more he can get others to co-operate, the more he can learn to do it himself.

Underneath all the hustle and bustle, this individual is learning to see the consequences of his actions before taking them. In effect, he must learn to look before he leaps!

For many with this Nodal position, there is a deep-seated anger coming out of past-life memories of frustrations which block the self-expression.

In this life, there is usually a very pleasing physical appearance, which is part of the karmic lesson in vanity that the Aries South Node is here to overcome. Any narcissistic residue also causes difficulty in marriage as this is the battleground where the war between love of another and needs of the self must be fought.

The balance between Aries / Mars and Libra / Venus is a difficult one to achieve. The Aries South Node constantly seeks to assert its needs, while the Libra North Node needs nothing for itself but to love others, regardless of their demands. This individual can feel love for others best only after his own needs are fulfilled.

Until the desires of past incarnations are left behind, the incessant pulling of his subconscious demands continues to be so strong that he has a tendency to drain energy from other people, actually putting them to sleep. In effect, he is a walking anaesthetic, constantly wondering why people avoid talking with him for more than a few minutes. He would like to talk for hours, if only to continue the focus of attention on himself. But in his private moments, he is deeply saddened by a sense of loneliness and the knowledge that his relationships with others are so far short of what he would like them to be.

There is nothing subtle about this Nodal polarity. Happiness comes only after he is forced to re-evaluate his desires and truly discovers that they involve other people. The ego-self must be abandoned, and with it a heightened sensitivity to the needs of others acquired.

The Libra North Node is one of the most difficult to achieve because the Aries selflove looms as such a large hurdle to overcome. Still, the individual must overcome if there is to be a new cycle for him; and he will find the key to this new cycle as he begins to reflect back upon himself through the eyes of others.

The house position of the South Node indicates the area where insatiable desires of past incarnations are still demanding priority. The house position of the North Node shows how fulfillment can be reached through self-sacrifices, co-operation and the expression of unselfish love to others.

(Donna van Toen)

You need to learn to co-operate and get along better with others. Your Aries South Node may reply 'Yeah, but they never want to go along with my plans'.

Your problems may include that you have an exaggerated need to prove yourself; that you tend to be uncomfortable; and that, because of your upbringing, you've come to place too high a value on assertiveness.

Possible solutions: Stabilize your relationships in terms of give and take. Learn to differentiate between caring and controlling. Learn to let others have a chance to decide for themselves. Stifle your need for others, and look out for yourself.

\*\*\*

South Node in Aries often complains of having been forced into something which has

irrevocably fouled up his or her life. This could be a too-early marriage, a career, a specific mode of behavior, etc.. In any case, he or she, as a result of this experience, justifies his or her reluctance to co-operate in other areas. Aries South Node generally hasn't developed his or her ability to commit himself or herself in a longterm situation. He or she wants fast results. If these aren't forthcoming, co-operation is curtailed. Aries South Node is also generally unwilling to take responsibility for the effects of his or her actions on other people. He or she is sometimes unwilling to share. The Aries South Noder generally wants exclusive rights to the things in which he or she is interested. He or she feels that future well-being depends on immediate gratification and success. However, goals can often be attained only when the Libra North Node's ability to co-operate is tapped and developed.

Signs of an over-balanced Aries South Node are: high blood pressure; impulsiveness; hyperactivity; a cold, critical attitude towards others' accomplishments; argumentativeness; a tendency to brag about accomplishments and be a poor loser; an insistence on leading; an unco-operative attitude; difficulty in finishing what he or she has started; and boredom or a short attention span.

North Node in Libra dreams of happiness and harmony. He or she would like to be known as a very sociable person. Others play a very important role in this person's dreams. In contrast, this is an enthusiastic, emotionally active person whose selfishness may interfere with social interaction and harmony in general.

Antidotes for Libra imbalance: The client should be advised to get a complete beauty treatment, including new hair style, in preparation for developing a new lifestyle. Even men can benefit from a new hairstyle. Likewise, shopping for a new wardrobe or new furnishings can be a beneficial antidote, as any purchase would tend to remind the client that a new lifestyle is beginning. For best results, color selection should be geared to the imbalance. Dancing is a good antidote. If the client has any physical symptoms, a medical check-up should be advised, since this is another one of the imbalances that's most capable of triggering illness. Boating, cruises, and water sports can be helpful antidotes.

The client should be advised to consciously seek out activities that stress partnership and teamwork, rather than trying to do everything himself or herself.

If career advice is sought, the following could be recommended if other factors in the chart show aptitude: hairdresser or barber, artist, interior decorator, lawyer, stewardess or pilot.

(Mohan Koparkar)

Previous incarnation for this person was spent with a lot of physical actions, temper and aggression. He had, in that life, achieved and lost many things as he could not learn to

understand the significance of balance. In this life time, he will definitely learn and be able to use the concept of balance as applied to 'soul growth'. Everything he undertakes in this life will have a definite sense of justice, priority and deeper significance. His diplomatic talents are well worth noting in this life. He will achieve things without fighting for them; and often others will surrender to him just by his senses and magnetism. Utilization of mental energies is strongly noticed in this person in this life. Although he may not be after material success, he always manages to be plentiful in that respect.

### **North Node ♌ in VIII 8th House**

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to

the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a path he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of his being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately

wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrha was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

\*\*\*

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way

leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet, as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more

appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and

contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

***(Black Moon) Lilith ♀ in ♒ Aquarius 14° 36'***

([1147] elsaelsa.com)

### **Neo-Creator**

If you have Black Moon Lilith in Aquarius, the pain you've experienced through your Lilith placement has made you independent and unique. You learned that if you don't set your own terms in life, someone else will do it for you.

However your Black Moon Lilith wounds have played out (shown by the house placement of your Lilith), you've found that it's better to keep your distance from the drama. While everyone seems to be scurrying about like little cogs in the machine of the demiurge, you have pulled way back, recognizing that way if life isn't for you. You carefully maintain a sense of detachment and separateness. And this has become your go-to way to cope. When in doubt, you pull out.

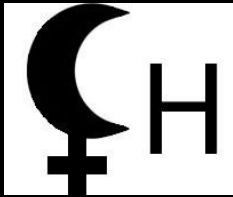

This can sometimes leave you feeling like an alien. Your identity doesn't fit into anyone else's box. You refuse to mold yourself into something other people find more digestible. Instead, you cling to your uniqueness as a way to separate you from the world that you can so clearly see is broken. Conforming to an inhuman system is no virtue, and you know this in your bones. So sometimes you wear your differences with pride because they mark you as something more than the unwashed masses. In this way, you've bought your sense of peace at the expense of your connection to others.

But it's not about being different so that you can be better than others. The problem isn't that other people are sheep so much as it's a system that is herding people off a cliff. You see how power is abused, money is king, and normal people are ground up in a system that only benefits a select few. You also know the world can be better. There are a million ways humans can organize themselves, and there's got to be something better than this. So you've become someone who can solve problems on a global scale. Even on a personal level, you find yourself always attempting to find a better way of doing things. Overhauling the system is your default.

Of course, this experience can be pretty lonely. There aren't a lot of job listings or dating ads looking for an aloof genius bent on saving the world by turning it upside down. Not to mention what a heavy burden it is, always trying to rebuild the world. To mitigate some of this pain, lean on Leo, the sign opposite to Aquarius. Leo recognizes that identity can be something that springs from within you, not as a reaction to what is around you. Leo realizes that detaching from the system doesn't mean detaching from other people. And Leo knows that any new world has to be designed with heart. Without it, you create the very kind of system you want to dismantle.

I could easily write a book on this placement alone, but I'll end here: This is one of the best places for Lilith to be. Your ability to see the big picture and how to improve it is your superpower. As you strive to build a world that reflects your ideals, Lilith will be standing right beside you. If you can make sure you never lose the love in your heart, there's no reason you can't make your new world a reality.

## ***(Black Moon) Lilith ♀ in XII 12th House***

([1160] elsaelsa.com)

### **Gifts of Shadow**

If you have Lilith in the 12th house of your chart, her themes will manifest in terms of isolation, the shadow, and limitation. She becomes the energy that stands in our way even as she offers dark gifts.

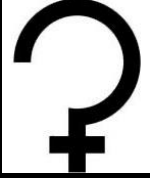

In traditional astrology, the 12th house is known as the house of Bad Spirit. This is where our own shadow meets the shadow of the collective. Our darkness reigns here, and is it very difficult to face and utilize the energies of any planets here directly. With Lilith in the 12th, you may deny or minimize your own darkness until it comes erupting to the surface.

The 12th house is also associated with hidden enemies. With Lilith here, it feels like there are forces working against you, coming at you from every angle. You may build up resentment and paranoia, which will prove to be far more corrosive to your soul than your enemies ever could be.

The 12th house rules limitation and restriction of all kinds. You may have found yourself at some point in life feeling stuck, or maybe even literally trapped within institutions like hospitals, prisons, or psychiatric wards. And if you have, it is likely that you were falsely confined and had no business being there. But either way, you have been isolated in some manner and have had to pay the social price.

While I could easily write a book on this placement, I will end here. The 12th house does just hold our shadow. It holds our gifts. When you are able to be quiet and sit with your shadow, a magnificent flower begins to bloom. You are able to build compassion for humanity like none other, and it is here that you begin to find your freedom. Let your gifts grow.

## **Ceres ♀ in ♋ Cancer man 11° 19'**

([1164] astromajesty.com)

Ceres's placement shows our self-confidence, nurturing capacities, and how we express our affection.

In Cancer, it feels a bit conflicted, even though it gives sensitive people and welcoming hosts. They are emotional, like to be of service to people, and have an open heart.

Yet, individuals with Ceres in Cancer get offended easily, and they take things personally.

Being that caring and affectionate, they often give too much. If others don't behave in the same manner, they will hurt Ceres Cancer. They like to make people feel at home, and they are warmhearted and sincere.

People with Ceres in Cancer use words, actions, and gestures to express their care.

Ceres Cancer individuals often care too much, and they will go above and beyond to help others. Yet, when someone shows the same level of care, helpfulness, and affection, they feel uncomfortable.

Paradoxically, they still expect others to treat them the same way: with a lot of care and attention.

Individuals with Ceres in Cancer are hypersensitive but likely to have self-esteem issues and to question their worth. That results in inner conflictions that reflect in their relationships.

Sometimes they tend to behave childishly. They want to have other people's attention, but not to seem like they asked for it. And if they don't get it, they will feel irritated.

### **Ceres in Gemini and childhood**

Individuals with Ceres in Cancer likely had a complicated relationship with their parents or caregiver, usually with the mother figure.

Well-positioned Ceres speaks about a highly caring mother that was beneficial for the child.

But an afflicted Ceres Cancer indicates a lack of maternal figure and that a person was without the affection, love, and care they needed so much.

Unfavorable Ceres placements perhaps mean that one had younger siblings and that a mother made them her priority. A person with afflicted Ceres in Cancer couldn't rely on their parents.

On the other side, perhaps individuals with Ceres in Cancers had overprotective parents who failed to teach their child how to be self-reliable and independent.

The afflicted placement also indicates that one had to relocate many times as a child, which caused a lack of safety and stability.

But a favorable Ceres in Cancer placement means that a person grew up in a warm, safe, and nurturing environment. Caregivers protected them from the world, and they had a strong connection with their families.

### **Men with Ceres in Gemini**

When placed in fifth house, Ceres radiates divine feminine energy through original creative expression. It is therefore crucial to carve out time and space for pure artistic creation that has no goal of being monetized or consumed.

People with Ceres in fifth house require the freedom to play. This placement can feel restricted and misunderstood if they are required to be serious in every aspect of life.

## **Chiron ♄ in ♓ Pisces 2° 35'**

([1259] [astromajesty.com](http://astromajesty.com))

The general traits of a Pisces range from their highly sensitive nature to their closed-off attitude. They are the last sign in the zodiac, yet they are regarded as one of the wisest. They possess a heightened sense of intuition and they generally have impressive psychic abilities. They are known to be selfless and have a friendly demeanor.

Pisces is ruled by Neptune and Jupiter, which is symbolic of the duality in their personalities. Neptune is linked with compassion and extrasensory observations. Jupiter is associated with healing, generosity, fortune, and expansion.

The primal wound of a Pisces Chiron is their susceptibility to emotional pain and a fractured relationship with the divine. They are tormented souls who are addicted to the suffering that emotional upheaval brings, and yet it is something that they fear the most. They face issues with boundaries and escapism.

The effect that Chiron under Pisces has on the personality of someone with this placement is dramatic. It creates a caricature of Pisces with far more sadness, woe, and misery.

The influence of Pisces is evident, with Chiron in place it highlights the darkness of this zodiac sign and amplifies its characteristics to excess.

Though they may initially appear to be all doom and gloom, there is a beautiful side to the Pisces Chiron. The darker side of their soul is complemented by their sweet and caring nature. There are good and bad aspects to the effects of the comet Chiron. From both of them, we can learn a great deal about ourselves and those around us.

### **Personality**

Chiron in Pisces amplifies the emotional baggage of people with this placement which is then reflected in their personalities.

Unraveling the personality traits of a Pisces Chiron requires peeling off the layers. They are deeply complex and at times confusing.

Pisces remains one of the most fascinating influences over Chiron. It is a rollercoaster for those that possess Chiron under Pisces in their chart.

So deeply intriguing is the Pisces in its own right, but when we project its energy onto Chiron it is simply out of this world.

### **Negative aspects**

The wound of the Pisces Chiron runs deep. They open themselves up to hurt and yet they fear it. They endure the pain of suffering, especially if it is to save someone else from experiencing the same.

Although they seem to be distressed by the prospect of pain the Pisces Chiron enjoy it on a subconscious level. This sadist-like behavior is self-destructive and contradictory.

There is an underlying sense of victimization with the Pisces Chiron. They may feel attacked and picked on often.

This is usually an irrational conclusion that they draw from the simplest of circumstances. Their sensitivity can make them hard to reason with. They are cynical and can take a well-intentioned comment directed to them as criticism.

The zodiac sign Pisces dislikes being criticized, its influence is apparent in Pisces Chiron.

The Pisces Chiron can feel as though life is unfair. They feel as though they have drawn the short end of the stick. Whether this is true or not, they hold onto this feeling and milk it dry.

The 'woe is me' mentality of the Pisces can often mean that they do not take responsibility for their problems. This resonates with the effect of Chiron as it is not easily recognized by looking within. These are parts of us that are hidden from ourselves but widely noticed by those around us.

There is a sense of pessimism that seems to drive the Pisces Chiron. Their outlook on life is often bleak and dreary. They do not trust the ways of the world, everything connected to the physical world is viewed with suspicion. They are uncertain of the earthly realm.

They may suffer from an identity crisis. Pisces are immensely intuitive and psychic, with the Pisces Chiron however they can lose their faith in the universe and the energy of love.

All the while they feel this way they will still seek it out. They want to be part of something bigger. The effect of Chiron denies them the opportunity to heal this problem.

People with this placement may find that they attract broken people. Like a moth to a flame, those who suffer from intense emotional pain will gravitate toward the Pisces Chiron. They have a toxic dependency when it comes to pain.

The Pisces Chiron wants to avoid the sensation of pain and yet they are magnetized to it. They know that there is something inside of them that needs to be fixed but they don't know-how. They will regularly enter a cycle of ups and downs as they try to figure out this phenomenon.

The Pisces Chiron finds it hard to trust people and yet they can be extremely gullible. They will keep people at arm's length to avoid being hurt or betrayed and then they will give in. They want to lower their guard and feel at ease around them.

It is difficult for them to relax and believe that they won't be taken advantage of or disrespected. This can result in them blowing hot and cold which pushes the other person away.

As the Pisces Chiron individual is extremely sensitive, they will take it as rejection, not realizing that they were the person that caused them to leave.

### **Positive aspects**

They offer comfort during dark times and their helpful advice helps many people throughout their lifetime. They have a saint-like essence, they help the wounded to heal and offer advice on how to move through negativity.

### **Men with Chiron in Pisces**

The Chiron Pisces man is a healer. Like the centaur Chiron, he offers aid to those who are wounded while forgoing his own needs. He dedicates his life to helping others with his natural gifts. The Chiron Pisces man will give and continue to do so until

Instead of replenishing his energy levels, he seeks to continue with his mission of saving the world. He wants to be a part of something great and happily sacrifices himself to a greater cause. He may see himself as a martyr.

The physical realm does not satisfy him. He is rarely tempted to indulge in earthly ways. Instead, he spends his time engaging in study. He feels a connection to the universe that he cannot explain yet he feels disconnected.

The Chiron Pisces man does not feel at home on earth, nor does he as though he would be welcome in the spirit realm. He simply floats in the abyss while trying to understand his identity.

He evolved beyond his ego. He sees the world for what it is, a projection of his mind. The subject of esoteric matters fascinates him.

Occasionally he can become disconnected from reality. His awareness of Source energy is more heightened than his peers. He can feel the ebb and flow of universal energy which draws him away from the physical world.

### **Lessons**

Despite how volatile Chiron in Pisces is, the pure essence of Pisces still runs throughout those who have this placement.

Their kind and loving energy are some of their greatest qualities. They capture the spirit of Lightworkers. It is evident that they want to make a difference in people's lives, regardless of whether or not there are selfish intentions behind it.

However, their faults create cause for concern. They are so deeply impacted by their karmic wounds that necessary steps must be taken to protect and nurture their wellbeing.

Balance and foresight are needed to keep Pisces Chiron in good form. They have excellent intuition, but they must know how to use it to benefit their own lives. The Pisces Chiron must first recognize the wound before attempting to heal it.

As the Chiron in Pisces gives so much to others, they absorb the negative vibrations from those around them. It is as if they are surrounded by energy vampires.

However, this is a self-inflicted part of their behavior that must be toned down if they

wish to find peace.

The Pisces Chiron must make time for their own needs. They are so busy catering to everyone else that they neglect themselves. It may take a while for them to adapt.

If they want to improve their circumstances, they must be open-minded. They must focus on themselves for a while and refrain from trying to solve everyone's problems.

Though it is good to be helpful and offer support to others it can be overwhelming to take on too much at once.

Overloading the Pisces Chiron with the heartbreak, drama, and problems of others is detrimental to their wellbeing. If they wish to be of service to others, they must make sure that they are fit to do so.

Forcing themselves to be everything for everything is counterproductive. They run the risk of taking on too many problems and their judgment could be clouded by multiple energies demanding their attention.

To remedy this the Pisces Chiron must retreat. They need to distance themselves from the world and embrace solitude. They may use the time to reflect, release negative energy, and prioritize themselves.

When alone they can use the time to practice self-care and build up a loving relationship with themselves.

The Pisces Chiron can still help others, they just need to know their limits. They have an incredible psychic gift that can help so many people. When they are ready and able, they can put this to good use and guide others.

As a clairvoyant, their perspective and insight when looking into someone's future can help them to make the right decisions and fulfill Pisces Chiron's need to help and satisfy others.

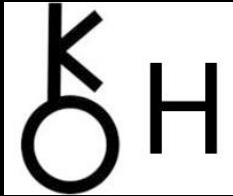

Though the wound of Pisces Chiron may never fully close, it can still offer healing. When the Pisces Chiron becomes aware of the darker aspects of their soul they can work to stay on the right path.

The trauma and harm of their karmic pain could make them stronger if they are willing to try.

The complexities of Chiron seem to be never-ending as it weaves its way through our lives. However, the scar or wound that it has given us is a reminder that we can face any challenge and come out on the other side.

There is nothing that can take away our power. Our strength lies within, and we can rise above the negativity and live to see another day.

## ***Chiron ♄ in I 1st House***

([1260] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 1st house probably have a wound they can't hide, and others are aware of their struggle.

Overall, it's a problem, trauma, or weakness that's the most challenging to conceal compared to Chiron in other houses. That is because it is associated with the conscious self, and it is deeply rooted in one's being.

The wound shows itself, and it manifests in one's behavior, identity, or confidence. Hence, it is closely associated with a sense of self-worth. Others will notice it in how one presents themselves and acts when people are paying attention.

It is a wound that is inherently visible. Hence, it reflects on one's physical appearance, physical health, or treatment of others. But it can also show in one's emotional or mental well-being, although more rarely.

Chiron in the first house typically represents the pain originating from one's formative years, usually when one learns how to accept its changing body.

Because of that, it likely starts in early childhood or teenage years when a person is vulnerable to how others perceive them. It doesn't necessarily represent a physical impairment or deformity.

Instead, Chiron in the first house can indicate that how one looks or dresses doesn't align with their culture, group, or society altogether. Sometimes these natives have an atypical lifestyle or clothing choices, which often shock or annoy people in their environment.

### **Self-esteem and self-love issues**

People born with Chiron in the first might not fit in the typical beauty standards due to a

crooked nose, body weight, or skin type. The sign where Chiron in the first house settles in determines where the issue could be.

Whatever the scenario, the trauma turned this pain into an integral part of one's identity. These natives associate themselves with their wounds and often believe they are what others see in them.

For instance, if others used to call them freaks, they start thinking they are. In a way, Chiron in the 1st house represents a self-fulfilling prophecy.

Since one has this pain from an early age, it tends to remain for decades, if not throughout life. These natives might learn how to conceal it or live with it without much disruption, but the wound will eat them up inside.

It is not difficult to notice when someone has their Chiron in the first house. If their wound lies in the physical realm, they might hide or improve some body parts, dress overly flashy or modestly. They aim to conceal their self-worth issues by emphasizing what others might like.

On the other side, if their pain lies in the emotional or mental realm, it will probably manifest in their personality and behavior.

People with Chiron in the 1st house should pay attention to how they present themselves, how they want others to see them, and what makes them feel vulnerable. If they are unaware of their traumas, this should force them to come to the surface.

Perhaps those with this position felt invisible, pushed aside, or ignored during their formative years. It is why they learned to come off as uninterested, cold, and detached. That makes others believe these natives can't be hurt because they don't care about anyone's opinion.

People with Chiron in the 1st house could also be afraid of getting close with someone because they don't like when others make them vulnerable.

Depending on the sign this placement lies in, one could also become too clingy and dependable but terrified of their loved ones getting to know who they are.

The most challenging position is Chiron in the first house conjunction ascendant because it is more intense. Because of that, it tends to manifest physically and is more noticeable to other people.

### **Fear of other people's opinions**

These natives are typically hypersensitive and worried about what others might think of them. Their trauma often makes them blow everything out of proportion and make the

problem worse than it is.

People with Chiron in the 1st house have a hard time loving themselves or a part of them. Whatever their wound is, they are so terrified of it that they can't even look at it.

They could become so lost in their trauma that they would do anything to remove or hide the source of their pain. It is why people with Chiron in the 1st house are likely to enhance their bodies, undergo plastic surgeries, become obsessed with makeup or fitness.

However, regardless of what they do to conceal their wound, it usually remains because they didn't genuinely confront it.

It is how this trauma could grow to become self-hate or despising society. People with Chiron in the 1st house could lose a sense of identity by becoming who others want them to be. If these individuals make everything about their trauma, they could neglect all the other qualities that make them who they are.

### **The risk of losing life direction**

These persons also tend to lose their life path. Individuals with Chiron in the 1st house try hard to find themselves but end up getting nowhere. They tend to change lovers, friends, locations, and styles, looking for their identity, which often ends without any result.

The worst comes when they start believing that people around them have everything figured out. It is what typically makes them hate themselves more or envy others.

If they don't confront their wound without making it look prettier or more acceptable, they could become frustrated and feel empty. These natives have to learn to live boldly and put themselves out there without fear of judgment. Chiron in the 1st house is about self-acceptance, self-love, and perseverance.

It represents the journey of embracing one's flaws, weaknesses, and impairments and using them to become stronger. These natives must stop concealing their wounds because they will keep reappearing.

Instead, they must confront them, identify where they come from, and what's the best way to heal them.

### ***Chiron ☿ in Rx retrograde movement***

- Your first house is sort of your cosmic first impression. Also, it can explain your physical appearance, your body and your temperament and approach to life. Aries rules this house. So, your work is to cultivate Aries energy. The First House speaks to the realization of one's ultimate potential. This process of becoming a unique individual is one of the greatest contributions we make to the world in which we live.
- If this rear position exists you need to work on: first impressions, the self and appearance, leadership, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, Vertex in houses can offer clues to where we may experience turning points and meetings with destiny.

### **Part of Fortune ☒ in ♍ Virgo 23° 52'**

([1280] astrolibrary.org)

You feel happy finding a specific vocation. You want a calling with which you can be useful to society, and also give a sense of organized purity to your environment. You strive for cleanliness where you live and work, and in how you express your thoughts.

You are very sensitive to everything around you. You realize how much negative emotions affect you, whether they are your own or that of others.

Because Pisces is the sign opposite to your Part of Fortune in Virgo, you understand compassion. Although you understand the invisible and infinite forces, you must direct your life towards a conscious existence and personal control, living constantly in the Here and Now, which at the same time has a great transcendental sense. You must always keep busy and avoid being invaded by depressing and doubtful emotions, whether yours or others'.

Purity of mind and body are important for maintaining internal clarity. You should discipline yourself and direct the negative emotions and worries of Pisces towards peace and inner acceptance.

Your ultimate goal is to function absolutely towards a perfect development.

You worry a great deal over all the details of the present. Treating them efficiently helps

you not to transfer problems from the past to the future. You need to feel that you are developing your potential in something dedicated to improving the environment and society.

Pisces opposite to your Part of Fortune in Virgo will give you an understanding of general human needs, as well as their effect on the present and the direction of energy flow.

You can become as efficient or as cold and calculating as a machine. For that reason, you sometimes look for emotions to prove that you are still capable of feeling.

But, you should not identify with the negative aspect of yourself, because you could get lost in a sea of illusions that would take you away from your conscious sense of the present and your practical nature. Your practical nature is what helps you keep your center and overcome depressions without identifying with the emotional problems of others, which would cause the loss of your ability to function in the Here and Now.

Your happiness is in what you are dealing with in each moment and in what you perceive with your senses.

Although you can see the infinite and intangible through Pisces, you must find richness in the tangible, in proper organization, care, and cleaning of the things of the world. Thus, impersonally, you infuse love into life and to the experience of the moment without limit. You will come to understand the limitations of the human being as a perfecting path towards beauty and purity.

### ***Part of Fortune ☒ in VII 7th House***

([1293] [astrolibrary.org](http://astrolibrary.org))

Your greatest fulfillment comes through giving to others and enjoying the harmonious company of other people.

This is a very spiritual position, because it will only become personal in the presence of another person. You are able to identify with others. You know others intimately and you know how to share, cooperate, harmonize and please them.

You see more happiness in others than in yourself, and you make sure they know it. You want everything for another person. You look for union in friendship or marriage.

You are able to perceive the needs of others. You motivate them to get their needs and help them find fulfillment. It gives you great joy to see their growth and fulfillment. You know better than they do what gives them happiness. Your gift is in getting them to realize it for themselves, regardless of whether they recognize your help.

You can see the world objectively by studying the action and reaction of everything around you and the people you know. You are deeply into how people react to others.

You will make many sacrifices to make a union, at any level, with another person. You will know that the love you receive is much more profound and enriching than most people feel.

At an unconscious level, you take more care of others more than they do themselves, helping them through their suffering. So, it is difficult for you to know what you want for yourself. For that reason, other people will be the ones that show you your way.

As soon as you accept and understand this identity, you will feel the union with your inner essence, which is what most satisfies you and what most helps your fulfillment.

You very easily give in to others, especially during your youth, until you realize it and begin to distinguish what may be good for you.

Your wishes will always come true if they benefit another person or facilitate a good relationship with another person.

Since all your good luck comes from that outside world and from pleasing the person you love, that's why your soul feels incomplete and disharmonious in the absence of a personal union. This desire is the most important and takes priority over all other desires indicated in the rest of the birth chart.

Through the cause and effect of everything that you give to others, you'll find fulfillment of your identity, your spirit, and your happiness.

1) ► **Ascendant ASC Parallel ♃ Jupiter** - (1°15') 001 | 177

([64] astromatrix.org:) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

2) ► **Midheaven MC Parallel ♏ North-Node** - (1°41') 001 | 8

([101] astromatrix.org:) Professional Ambitions

With North Node conjunct the Midheaven You are able to further your public reputation and professional ambitions through your ability to harmonize with present social trends. You meet and gain the support of those in positions of importance. You're often in the right place at the right time. You may gain more power and responsibility than you can handle, but you're protected from ruin and disaster, even if heavily afflicted. You have heavy responsibilities in your domestic and family life. Your parents may be a burden. Your self-expression is limited by your domestic life.

Your karmic path is aligned with your ambitions, career path and position in society which allows you to achieve your ambitions with greater ease. You may have an important message or something great to teach society and humanity in general.

Often there is great progress made with your objectives and you will receive the recognition and public status that you are looking for, but not always for the best reasons. It is important that you try to make sure that they are working on behalf of

others and serving the general interests of the public, rather than only to achieve success for your own personal gain.

3) ► **Descendant DC Parallel ♄ Saturn** - (1°18') ♎7 | ♏9

([201] [astromatrix.org](http://astromatrix.org);) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can general fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

4) ► **Imum-Coeli IC Parallel ♅ Ceres** - (1°15') ♎7 | ♏1

([571] [12andus.com](http://12andus.com);) Your caring and nurturing energy is best expressed at home.

When it comes to work and career you may have a difficult time showing your true compassionate and personal nature. You may try to be professional rather than caring.

As a result you may be drawn to professions that don't require you to reveal your compassionate side. You may resist going into work settings where you have the responsibility to be the caretaker for others.

You're very nurturing, but you show the best of this strength in your private life, at home or among family. It's only if you get really comfortable and close to coworkers or

colleagues that you show your deeper caring nature.

Your colleagues may think you're cold but they would be mistaken. Instead you are just very guarded at work. You try to not show too much of yourself and your personal, caretaking nature at work.

5) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (0°56')    ♏7 | ♊11

([3] [astromatrix.org](http://astromatrix.org);) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

6) ► **Sun** ☉ **Contra-Parallel** ♀ **Ceres** - (0°57')    ♏7 | ♎5

([558] [12andus.com](http://12andus.com);) Your style of nurturing stems from your own individual style.

You tend to be an individualist and think of what brings you comfort before assuming that others' needs may be different. You have a generous and loving nature, but you

may struggle to show your true compassion.

You don't like to nurture others by interfering. You prefer to keep a bit of a distance, leading by example but allowing others to find their own way.

You may also feel drawn to nurturing those who are very different than you, bringing out the best in yourself and others through healing tension in your relationships. You may try hard to turn conflict into bridges with those around you.

7) ► **Sun** ☉ **Parallel** ♀ **Pallas** - (1°20')    Ⅲ7 | Ⅲ7

([576] 12andus.com:) You are creative and insightful and you use all of your artistic abilities in your battle for empowerment.

Your warrior instincts are triggered by the 'desire to protect self expression and 'honor the freedom of individuals. You feel it is important for others to channel their creative gifts to enhance struggles for freedom and, empowerment.

You tend to be optimistic about the prospects for success and believe in bringing out the best in others, even your ideological adversaries. Rather than putting down the opposition, you believe in encouraging others and enhancing others' confidence so you can win them over to your side.

You have a generous and uplifting style of connecting with others. You use your charismatic style to help others understand the importance of your mission.

8) ► **Sun** ☉ **Parallel** ⊗ **Fortune** - (1°57')    Ⅲ7 | Ⅲ7

([14] astrotarot.net:) The one who takes steps ahead

Typical features that this conjunction brings: You have a “double dose” of the same sign. In other words, you have the double dose of the sun sign. This is good regarding the positive traits of the sun sign. You should watch out for the negative traits of the sun sign. That is because you have a double dose of those. So, you should try to focus on the positive traits of the sun sign. With this Natal Part of Fortune Sun aspects you are creatures of habit. You are attached to the past and to your tradition. You are also emotionally impulsive. And your actions express your emotional state. Above all, you possess admirable vitality. You don't have much patience for people who go through a lot of emotional ups and downs. You live and breathe the Sun and the Part of Fortune in tandem. The wants and the needs are aligned. Generally, you come across as rather uncomplicated regarding what you want out of life. You are able to make decisions without too much struggle. The emotions and feelings of the Part of Fortune are in harmony with the ego. You can easily express your feelings and meet your needs. But, on the negative side, you question your thoughts. This is not necessary for you. “But what if...” and “on the other hand...” are statements you can't help making.

- Positive traits: These Natal Part of Fortune – Sun aspects bring considerable individualism. You are sensitive, especially the men. You are energetic, optimistic, bold, fearless, stable, generous, spirited, assertive, courageous, and full of enthusiasm for action.

- Negative traits: you can also become self-centered and narrow-minded. You find it hard to cope with changes unless these changes benefit you. You have Aries energy and its negative traits.

9) ► **Moon** ☾ **Parallel** ♂ **Mars** - (1°20')    001 | 86

([17] [astromatrix.org](http://astromatrix.org);) Selfishness

Moon and Mars contacts involve the psychological relationship between instinctive and emotional patterns with an ability to act decisively by applying a consistent will directed toward achieving aims. The conjunction indicates you have strong emotions and feelings which influence perceptions and decisions. Their intensity may often feel uncomfortable and frightening, especially in situations of heightened passion or confrontation. You are aware that unleashing these energies often results in displays of temper, emotional outbursts, and anger, and that your occasional belligerent style of disagreeing with others is actually a form of self-defense.

Being overly sensitive to others' reactions and having emotional anxiety can create a mental state where you imagine that others criticize or plot against you. Before such situations are proven real, you are ready to retaliate. Until a deeper integration and understanding of these energies occurs, you may find that contentious relationships continue. Those erratic and volatile emotions help to stimulate inner agitation, and this friction spills over into your exchanges with others.

While you want to form better relationships, there are often problems with co-operation and trust, at work and in intimate partnerships. You are both attracted to and repulsed by emotional intimacy, often unable to deal with powerful feelings due to emotional immaturity; and others may sense these raging feelings and withdraw from closer contact. Rejection strikes into your deepest core. Reacting against the pain, you often strike out verbally with unkind words designed to damage and wound or throw childish temper tantrums when needs are denied. You are liable to brood on any rejection, often continuing to criticize someone to friends for a long time afterward. Perceptions of losing erode a fragile self-esteem.

One of your major problems may be self-preoccupation: concerned with your private emotional world, you fail to recognize that others have needs too, and that they are also emotionally sensitive. Your world is egocentric and revolves around your desires, expecting others to serve your needs, and rejecting attempts at compromise. Being unaware of these tendencies is no excuse; failing to acknowledge that others have an equal sensitivity is a denial of reality. If you react against criticism, then so do others

from you. You need to realize that others' needs are as important as yours. Compromise between all concerned is necessary to minimize conflicts.

Emotional reactions distort your perceptions and evaluations, influencing choices, decisions, and actions; and sometimes these may contradict rationality. This apparently negative portrayal of Moon-Mars conjunctions can, however, be transformed into a more positive approach. Much depends on an honest appraisal of your relationships, and of how you deal with inner difficulties, especially identifying how you project emotional frustrations onto others close to you, making these relationships fail to satisfy and later collapse. These intense feelings can be directed toward positive aims designed to shape constructive action.

If you consciously attempt - even for a short time - to project yourself into the position of others and to imagine how life is from their perspective by seeing through their eyes and feeling through their heart, then your egocentric world may be transformed, and your latent sympathy and understanding awakened. Moon and Mars can work successfully together, once inner adjustments are made, and feelings of personal anguish and frustration are reduced by developing awareness of others' needs. Then you may discover a new meaning and purpose to life.

There can be a crusading spirit about this energy supported by powerful, assertive Martian qualities, which can increase persistence and opportunities for eventual success. This could initiate a real transformation.

10) ► **Moon** ☾ **Parallel** ⚡ **Uranus** - (0°57')    001 | 119

([20] [astromatrix.org](http://astromatrix.org);) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and

attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of un-lived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

11) ► **Moon** ☾ **Parallel** ♌ **Vesta** - (1°38')    001 | 117

([610] 12andus.com:) You easily follow your intuition and your deep sense of emotional connection to the spiritual realm leads you on a unique path of service.

You may nurture others as if they were family to you. You may also care for children or women through your spiritual service to others. When you are connecting emotionally with others and intuiting their deeper needs, you feel like you are experiencing spiritual

connection and awakening.

Your emotions propel you to take your humble service to others seriously and keep you connected to your higher mission.

A strong awareness of who you are as an individual helps you gain this balance. So, others need your help and also they need your emotional support. Also, you could increase much satisfaction from being in public life or running for a local office.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. With Moon – Vertex aspects you must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

13) ► **Mercury** ☿ **Contra-Parallel** ? **Ceres** - (1°53') 1311 | 55

([560] 12andus.com:) Your attitude and thought process distract you from seeking deeper nurturing.

You may intellectualize your feelings or distance yourself from loved ones when hard times hit. This is because you are a problem solver and critical thinker but feel like your talents are insufficient when it comes to emotional connection.

With mindfulness you can turn your intellectual gifts into assets for nurturing your loved ones. Your ability to be thoughtful can help you respond when your loved ones are in need.

You try to find reason and understanding as a means to connect with and nurture others. You always have a helpful anecdote or advice that can let others know you care about or relate to them.

You can also end up as a spokesperson on issues that are important to you. You can easily appeal to the rationale and logic of others who could be allies in your campaign.

You believe it is important to communicate in order to come to a compromise. It is easy for you to articulate issues that strike a nerve with you. You are a strong advocate and may use storytelling to educate others about important issues.

You may be a planner or consultant for others who share your mission and can easily set up creative but informative campaigns for issues you care about.

15) ► **Mercury ☿ Contra-Parallel ✱ Juno** - (1°39') 1311 | 117

([595] 12andus.com:) You may have an idealized view of love and partnerships and you may fantasize about finding just the right commitment.

Yet when the time comes and your dreams actually start to come true, it can cause you to panic. You may start to undermine your own previously made commitments and try to talk your way out of your obligations.

Your feelings haven't changed, but you often suffer from a fear of missing out. When a commitment gets too serious, you start to second guess yourself and may even wonder if you've made the right decision.

Rather than running away or back peddling out of your commitments, it would be best for you to sit with your self-doubt and give yourself time to get comfortable with the idea of being in a committed partnership.

You can learn to speak up for the space and independence you need, even while in a partnership and this can lead you to be able to maintain your commitments.

16) ► **Mercury ☿ Parallel ☿ Fortune** - (1°01') 1311 | 117

([134] [astrotarot.net](http://astrotarot.net);) Typical features that opposition brings: opposition to your actions

comes from other people. So, you are expected to learn how to handle these difficult situations with other people. Some could say that this ability is being brought forth in your nature. This Natal Mars – Vertex aspects are not easy. These situations are not easy. But, you may draw on your own charm to bring balance in your relationships to other people.

20) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Saturn** - (0°03') ♏7 | ♏9

([190] [astromatrix.org](http://astromatrix.org);) Evaluation Of Worth

Like most Oppositions there is a polarization between the two planets that cause you to bounce from one pole to the other and Jupiter Opposition Saturn is no exception.

You tend to move from being very cautious and conservative to boundlessly optimistic and progressive. Or you may adopt one role and project the other on to some close associate and enact the felt dichotomy in that way. You may find it difficult to balance discipline and responsibility with hope, confidence and positive action. You might tend to dream grand and somewhat unrealistic dreams, and yet neglect to lay a firm foundation for the future you are attempting to create.

You are very unsure of your own self-worth and identity and need others to reassure you of your own worth. This has probably come from some important role models in your life such as previous teachers, parents or even partners. You constantly seek the approval of others and want people to like you at all costs which causes you to get involved with the wrong types of people or if they don't appreciate you or make you feel better about yourself you may reject them. You need to develop a stronger sense of self-worth and work on your self-esteem. Realize that you are quite talented, and you don't need others to clarify it. Your attitudes and perspectives need to be changed and transformed.

By accepting reality and responsibility for your actions and be more sympathetic towards other people and their own particular viewpoints and attitudes. Do not doubt your own abilities just realize you need to work and be determined in order to obtain your goals. It will be more productive for you to set a series of small, attainable goals, and build toward the greater vision than to over commit and then feel overwhelmed by the magnitude of the task you have set for yourself.

21) ► **Jupiter** ♃ **Parallel** ♇ **Pluto** - (1°04') ♏7 | ♏10

([63] [astromatrix.org](http://astromatrix.org);) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and your partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted

form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

22) ► **Saturn** ♄ **Contra-Parallel** ♅ **Pluto** - (1°01') ♀ 9 | ♄ 10

([200] [astromatrix.org](http://astromatrix.org);) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

([24] [astromatrix.org](http://astromatrix.org);) Emotionally Intuitive

Opportunities: 1. Developing Your Psychic Sensitivity 2. Making Deep Connections

Challenges: 1. Protecting Yourself 2. Dealing with Difficult People

Any planets that are conjunct your Ascendant will influence your appearance and personality in a great deal. With the moon, our emotional sensitivity will be more pronounced. You may feel more sensitive to your environment and people around you. You may more impressionable and perhaps even have some psychic sensitivity or a strong intuition. This can allow you to influence the people in your environment easier because you can feel their emotions easier.

You have a good appearance and are quite warm and generous towards others and you will demonstrate your warmth and emotions to the world, it is hard to keep secrets from others. You may be more tied to your home life and family which means you may be a little more dependent on others. At the very least, your emotions can be volatile and it's hard to maintain a stable emotional personality unless the moon is in the 12th house and not the 1st.

([149] [astromatrix.org](http://astromatrix.org);) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in your 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

4) ► **Descendant DC Conjunct ♃ Jupiter** - (9°05' S) ♏7 | ♏7

([195] [astromatrix.org](http://astromatrix.org);) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater

exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

([150] astromatrix.org:) In Your Own World

Opportunities: 1. Embracing Your Journey of Self-Understanding 2. Judging Success on Your Terms

Challenges: 1. Finding Your Inner Security 2. Avoiding Co-Dependent Relationships

You are very concerned with your inner personal world and less influenced by others' ideals and expectations than most people. You are 'inner-directed' to an unusual extent, and you rate the importance of matters in your world according to very personal

reactions.

All of your life, you will be more subjective than most people. You are not principally concerned with achieving anything that others would consider great or significant. For you, it is important to have your personal world - your home, parents and family - operating smoothly. You may always be attached to the place where you grew up, and even if you move away you will have strong emotional and psychological ties to this place.

As you grow up, the ideal home situation is one in which there is very little turmoil; you need a more secure and stable home life than most. Without it, your self-confidence and ability to be independent will be severely hampered. You might even become dependent on someone else for the rest of your life. However, if you are allowed to develop in a secure environment, you will become a very strong person upon whom others can always lean.

Your success will come through self-understanding rather than through playing the games of the outside world. Self-esteem is more important to you than the esteem of others.

([140] [astromatrix.org](http://astromatrix.org);) Me Or You

Opportunities: 1. Discovering what You Want 2. Gaining Fulfilment from Within

Challenges: 1. Balancing Order and Chaos 2. Having Relationships for the Right Reasons

People born when the Sun opposes the Moon have an internal struggle between their needs and their wants. In contrast to the Sun-Moon conjunction personality, the Full Moon personality is inclined towards lack of focus and indecision. Their ability to be

objective is both an asset and a liability, simply because when they decide on one route, they are pulled in another direction at the same time. Something tugs at them, and they begin to question their stance. “But what if...” and “on the other hand...” are statements they can’t help making and that plague them. While Sun conjunct Moon people have an Aries style about them, Sun opposition Moon natives have a distinct Libra energy about them, in that they are always aware of the opposing point of view, the other side of the coin, and so forth.

Their inner struggle is most obvious in their vitality, as both the Sun and the Moon strongly influence the vitality. They have many ups and downs, and it is hard to know if it is physical or emotional. In fact, it’s likely both. These people might spend a week working hard, and the following week they lack motivation and find it hard to accomplish much. Their energy fluctuates more than most people, and it is very much a reflection of what is going on inside.

The messages they received in their early lives in terms of what was expected of them were conflicting, and even opposite. Some people born under the Full Moon viewed their parents as two very different and separate individuals who each wanted something very different from their child. Their parents or parent figures “stood for” two very different things, and their child internalized this. There may have been some emotional frustration in connection with the father and a stifling of the go by the mother.

It is hard for Sun opposition Moon people to find happiness within themselves. They tend to look outside of themselves for fulfillment. They are inclined to form serious relationships at an early age, simply because of this tendency to try to find an answer to happiness from an “other”. They are prone to divorce, partly because of this prematurity, and partly because their needs are complicated. Full Moon people are also more apt to seek counseling because of this need to find answers.

These people appear to be very self-aware. They entertain a myriad of different points of view and perspectives. They are excellent psychologists and are able to read character and uncover motivations—but with an important caveat: if they are too emotionally close to the situation, they fumble. The truth is, although they appear to know much about how people tick, they spend a good part of their lives uncovering more of themselves and learning about themselves. Generally, this is done through comparisons or through the mirror of relationships.

They can most certainly frustrate the people who are close to them with their indecisiveness and frequent changes of mind (and of heart). A word to those who deal with this on a day-to-day basis: their changes of heart are not a form of insincerity—they are the result of an internal struggle that is very real and very confusing to live with! Sun opposition Moon people can be temperamental, insecure, and very sensitive. The ability to put themselves in someone else’s shoes, and to consider other points of view, is a true asset. However, at some point in their lives, they need to uncover what it is they

truly want. This comes easy to New Moon people and can be a life-long struggle for Full Moon people. On the other hand, it is extremely easy for a Full Moon personality to understand others' points of view—something that doesn't come as easily to a New Moon personality. Sun opposition Moon people are generally interesting and complex. Born under a Full Moon, they can be a bit "loony", perhaps manifesting itself in a unique sense of humor.

Look for a planet that might trine and sextile the Sun-Moon opposition for a way to release the tension the opposition creates. Somehow, some way, through that planet, its sign, and its house position, the Sun opposition Moon person can find an "answer" to the struggle. Look also to the sign polarity involved for more details of the struggle. If it's Aries and Libra, for example, there is a conflict between two equal drives to be independent and to depend on others.

28) ► **Moon ☾ Opposition ♃ Jupiter** - (6°45' S) ☾1 | ♏7

([155] [astromatrix.org](http://astromatrix.org);) Unexploited Potential

One difficulty for your self-esteem and ability to exploit potential is unease caused by diminished self-confidence. Energy can seep away through self-doubt and a tendency toward unproductive questioning which reduces achievement.

Emotionally, you feel unable to evaluate your abilities or creative efforts; they are too close to you, determining your state of well-being. You protect vulnerable emotions and sensitivity and may eventually realize that most of your pain in life comes from relationships. This can include friction with parents (either during childhood or in later life), unsuccessful love affairs and romances, being taken advantage of by unscrupulous colleagues or friends, or disputes in your family home, such as with children.

You prefer to think well of everybody, giving them the benefit of any doubt and relying on mutual trust; unfortunately, deception is common. Your evaluation of character can often be misguided or lacking in perception. You may discover a suitable channel for your social concerns by working for people's welfare; a sense of civic responsibility is well-developed, and you may see community activity as the moral duty of a responsible citizen. Certainly, working for social betterment will fulfill you in many ways, and provide reassurance for your self-esteem.

You may need to reduce restless feelings that disturb your inner state and relationships with others. Whenever you feel this dissatisfaction, discovering new areas of interest and activity can productively redirect your energies.

29) ► **Moon ☾ Opposition ♀ Spirit** - (7°20' A) ☾1 | ♏7

30) ► **Mercury ☿ Opposition ♃ Ceres** - (2°37' A) ♁11 | ☾5

([560] [12andus.com](http://12andus.com);) Your attitude and thought process distract you from seeking deeper nurturing.

You may intellectualize your feelings or distance yourself from loved ones when hard times hit. This is because you are a problem solver and critical thinker but feel like your talents are insufficient when it comes to emotional connection.

With mindfulness you can turn your intellectual gifts into assets for nurturing your loved ones. Your ability to be thoughtful can help you respond when your loved ones are in need.

You try to find reason and understanding as a means to connect with and nurture others. You always have a helpful anecdote or advice that can let others know you care about or relate to them.

The key to showing your nurturing energy lies in balancing just the right amount of objectivity. Sometimes you come across as aloof when you're actually deeply concerned.

31) ► **Mercury** ☿ **Opposition** Er **Eros** - (5°37' S) ♃11 | ♄5

32) ► **Venus** ♀ **Opposition** ♄ **Saturn** - (7°59' A) ♀3 | ♄9

([175] [astromatrix.org](http://astromatrix.org);) Underestimating Selfworth

The opposition between Venus and Saturn shows emotional frustrations. This is a difficult aspect as the harshness of Saturn weighs heavily on the affairs of Venus such as happiness, harmonious relationships, artistic endeavors, and financial security.

You may look at your accomplishments with continuous dissatisfaction, underestimating your self-worth. You may not have received the encouragement that you needed when you were younger, and you tend to shy away from competition because of a resulting lack of confidence.

Your circumstance didn't give you the chance to receive emotional nurturing as a child, you may still be living the life of emotional self-denial, unconsciously believing this is what you deserve. You may have to make concessions to others to maintain normal relations. Often you wonder if it's really worth the effort.

Avoid a tendency to undervalue yourself and your ability to make a worthwhile contribution. The development of a positive attitude can be your most valuable asset. This is not an easy task and what needs to be done is to find out how to meet your own emotional needs not from other people. Try to also listen and be more receptive to others emotional needs and how they differ from your own, how can you realign your needs with others.

You tend to suppress your emotional side and the more you can work on being expressive and vulnerable the more success you will have. Your mature and responsible

attitude is a positive aspect of this sign, but it can cause depression and self-loathing.

Because you think of being a child as immature or inferior you do not allow yourself to feel the joy of childlike innocence. Learning to accept all emotions within yourself can help you loosen the tight hold you have over your emotions.

33) ► **Mars** ♂ **Opposition** ♀ **Lilith** - (1°05' S) ♁ 6 | ♋ 12

([635] astromatrix.org:) Unpacking your desires

Opportunities: 1. Deeper understanding of sexual energy 2. Transforming areas of disempowerment

Challenges: 1. Dealing with triggering experiences 2. Postively transforming rage

With this aspect in your birth chart, you will often feel the polarity between your inner wild and your primal nature. Lilith acts on her own accord and can sometimes feel like a puppet master in your subconscious. Mars is driven by impulse and marking its territory wherever it decides to conquer. Certainly, it's highly likely that you are often led by your desires - some of which you may not always be able to understand with your logical mind. The opposition works like a see-saw effect. In one instance you may be inclined to rebel against the status quo to make a statement. However, this may be received poorly in intimate relationships as you may have a difficult relationship with surrendering to the "other".

Ask yourself the question "Are there areas of your life you feel disempowered in?" The best way to integrate these energies in your chart, is to take a deeper dive into understanding your relationship with your own power. It's important you speak your truths, but perhaps they need to be timed more appropriately.

34) ► **Jupiter** ♃ **Opposition** ♄ **Chiron** - (2°32' S) ♋ 7 | ♏ 1

([122] astrotarot.net:) Typical features that this opposition brings: this aspect is in fact the process of transformation from broken to whole. Before you integrate the wound, you will feel broken, and separated from the world. When you integrate the wound into your being, you will feel whole again. Jupiter will help this process. That is because it has the unique quality to bring separate parts into a unified principle. This opposition aims to bring out the best out of two planes. Jupiter is optimistic, generous and coherent. Chiron is the healer, compassionate but also unconventional. - Positive traits: With this Natal Jupiter – Chiron aspects you are optimistic and generous, compassionate and also unconventional. Jupiter opposite Chiron in your chart is a signature for people who can make a great teacher.

- Negative traits: you often feel that you are not good enough or that you are strange to others. Yet the experience of distress, hardship, and tribulation can provoke you to push past limiting thoughts and awaken the unrealized potential from within.

35) ► **Pallas ♀ Opposition ⚡ Chiron** - (1°41' A)    ♏7 | ♏1

([590] 12andus.com:) Your wounds and past traumas can make it difficult for you to have confidence in your higher wisdom.

You may be sensitive to the wounds of others but feel inadequately prepared to give advice or come up with solutions because of your own past wounds. Though it is hard for you to follow your own advice and take your own medicine, it is easier for you to see what others need to do.

Still, you may have a bit of "Imposter Syndrome" that leads you to doubt your standing. You may have to work through deeper insecurities so that you can become convinced of the validity of your plans and ideas.

When you do blend your unique sensitivity and intuition with your determination and desire to make a positive difference for others, you can be a powerful advocate and strong leader.

36) ► **Chiron ⚡ Opposition Sp Spirit** - (1°57' S)    ♏1 | ♏7

37) ► **Sun ☉ Sextile ⚡ Uranus** - (3°09' A)    ♏7 | ♏9

([226] astromatrix.org:) The Inventor

The more radical use of the conjunction energies is potentially easier to express in both the sextile and the trine. Whereas an important shift may need to occur in the individual with the conjunction aspect - in order to renew and redirect any overflowing, insistent Uranian energy through the unifying Sun center - these other two dynamic, harmonious aspects are ripe for exploitation and unfoldment.

You should have a progressive outlook, and a sense of social affinity which is directed towards affirming its positive side and potential for future improvements in the quality of life. The assertive and possibly aggressive rebellious stance is already transformed within you into a reformist tendency. 'Change from within' is more your keynote, rather than a direct destructive attack or negative attempts to withdraw from participation in society. Your mind will be very active, searching, questioning, and naturally explorative, allied with an intuitive creative need for self-expression.

It will be important to be personally assertive, but undue eccentricity is not your style.

Due to that positive solar relationship, you will feel more centered, forming a stable inner character and extending an ability to direct your life and make wiser choices. Tolerance and understanding of others will be more evident, especially an intellectually derived tolerance based on your innate humanitarian instincts, although often your emotional affinity with others can be a little cold or withdrawn.

You do not feel at one with this world, yet intellectually your mind is; perhaps more empathy is required. You are likely to contribute to groups which support social reform and have an attitude of 'changing the world to be a better place for everyone to live in'. Probably you could rise to important positions in such groups, transmitting your enthusiasms and positivity by becoming a spokesperson for their visions and ideals.

Your opinions are usually forthright, and you try to stay true and committed to your beliefs. Honesty and straightforwardness are high on your list of essential values, and you have little tolerance for lies and deceits and those who perpetrate them. This can easily lead you towards opposing a national government or establishment groups who are 'economical with the truth' on orders from their 'superiors'. Equally, it could lead you to break away from groups that you are associated with, if they - in your opinion - fall to such low levels or compromise and fail to live up to the high ideals which they may offer to the public.

You believe that life has an inner meaning of great value, and continually search for the threads of this throughout your life, trusting in the belief that life is good, often despite appearances. This is part of your quest for the spiritual dimension of your solar center and will draw you increasingly closer to that integrative heart of your nature. However, you are aware of the darker sides of existence, and feel inspired to try to improve the quality of life for those who suffer or for the following generations.

At times, especially perhaps after any disappointments on your path, you may coolly withdraw from relationships or social involvement. See this only as a temporary phase for re-evaluation. You need to communicate with like minds, sharing experiences, insight and knowledge. This may easily develop over time into forms of teaching where through sharing you can contribute towards progress for others, and this could become a fulfilling route for you to follow to embody a higher solar purpose.

38) ► **Moon** ☾ **Sextile** ♄ **Mercury** - (3°10' S)    001 | 1811

([232] [astromatrix.org](http://astromatrix.org);) The Charming Speaker

Opportunities: 1. Letting Your Curiosity Run Free 2. Embracing Your Intuitive Insights

Challenges: 1. Gaining Internal Balance 2. Making a Social Contribution

With the sextile, the Mercury qualities are often more emphasized, as this aspect is associated with the mind, information, understanding, and communication.

The lunar personality foundations are usually well established and not disruptive or unduly intrusive. You should be able to express your Moon's qualities in ways which also

enhance Mercury qualities. Information and knowledge will be especially appealing; perhaps you will have an almost insatiable curiosity and need for wide and extensive intellectual exploration.

For you, the world is like an immense storehouse of fascinations, your mind lighting up with interest as every new one comes into view. You could become a 'perpetual student', loving to explore each topic to the greatest possible depth, and perhaps becoming expert in limited areas of knowledge. Alternatively, this could result in a dilettantish tendency, sampling many varieties of knowledge but rarely exploring deeply.

Both memory and comprehension are likely to be above average, thus creating a well-stocked intellect. What can emerge as a motivation is a need to be socially useful by contributing to your community. To achieve this, you hope to discover ways to transform thoughts and ideas into practical results. The sense of value and pleasure this gives serves to encourage increasing your knowledge. The issue of right direction may arise in this context and you may decide to become involved with civic and social groups, pooling your assets and abilities with those of others to achieve group objectives.

Generally, you look at ideas as sources for practical action and possibly personal profit, as you possess an effective business and organizational ability which could also be successfully exploited. You can be an effective communicator, conveying ideas and presenting them in a clear and persuasive manner, being articulate and literate, entertaining and interesting. This can manifest in writing and lecturing, and can be beneficial in social communication, especially in activities which increase contact with groups. This can extend your influence and increase friendships; your personality is sufficiently flexible and tolerant to relate to many types of people.

You may possess a sensitivity to others' thoughts and feelings, almost like a psychic intuition, but which operates through a Moon affinity of sensitivity and emotional rapport. This can act as an 'early warning system', indicating when people or situations are less genuine than they appear, so trust these inner sensations and feelings whenever they arise. This sensitivity helps you to be tactful and diplomatic, whether in social contexts or within the family.

Others can recognize your thoughtful and caring nature and, provided that you do not become obsessive about manifesting your ideas, you should be able to co-operate and harmonize well with partners and family. Fortunately, your emotions rarely enter into direct conflict with your mind and ideas, but usually work with them in tandem, so that positive attitudes assist optimistic plans to become productive. This emotional and mental accord minimizes distracting inner conflicts and enables problem resolution to be achieved more smoothly.

Your Moon's emotional warmth and protective concern is an asset for family members and intimate relationships and domesticity will be well organized, founded on close and

effective communication. Home is important, but wider social involvement will be equally so, as this is often the environment in which you intend to apply your ideas practically. Both emotions and mind are recognized as offering valid messages, but ensure that neither becomes imbalanced through overemphasis, as each performs an important role in different circumstances.

Intimate partnerships, marriage, or love affairs will involve a high level of mutual communication and sharing; enriching both participants' lives and contributing to achieving personal aims. You will be attracted to similarly intelligent and optimistic partners who are able to exploit innate talents, especially those who conceive ambitions and then strive to achieve them. A danger is that, if two people are chasing individual goals and dreams, then conflict may occur if their paths begin to diverge rather than run parallel.

You may be lazy and lack determination; it is important to work on your discipline so that your dreams become a reality and not just stay a fantasy. You may not potentially lack opportunities, but because of your inability to have clarity about your goals and objectives, you may move from one interest to another. This positive trait allows you to be able to work with others in a managerial sense just as long you can learn to be more diplomatic in your ability to deal with others success can surely be yours.

49) ► **Sun ☉ Square ♆ Neptune - (6°44' S)**    177 | ♄10

([383] [astromatrix.org](http://astromatrix.org);) Self Deception

This indicates tendencies of psychologically based inhibitions, restrictions and frustrations which pose considerable challenges that need overcoming before the more positive characteristics of Neptune and the Sun emerge.

You tend to lack confidence in your identity and ability to achieve your ambitions. Part of this may have been derived from your parental relationships, especially with the father,

as your developing nature may have experienced conflict through lack of understanding or of perceived love; it may have been that by asserting your own individuality you clashed with the stronger parental will. The results are that your self-confidence has fragmented, and that your application of will is less focused and effective, and consequently you have developed psychological defenses against others and from facing personal failure. This is displayed in escapism, and avoidance of responsibilities and of the need for self-discipline, unless a powerful Saturn in your chart can re-balance this tendency.

Preferring to run away from confronting reality leads to distorted perceptions, which make careful evaluation of options difficult as well as generating fears of making decisions which may prove to be unwise. At its worst, this can create inertia through fear of taking deliberate action. These inner images of failure tend to create external failures, and so emphasize a repetitive vicious circle. Yet by linking this pattern of failure within aims and ambitions that are probably beyond your current capabilities to achieve, you also succeed in evading the realization that you are creating most failures in your life. This is exacerbated by the dreams of the unintegrated and unfulfilled Neptune, who may be noticed as a thread of guilt related to your lack of achievement, and as an ongoing sensation of discontent.

Your solar power is being diverted and dissolved by the activity of an unintegrated Neptune, and, unless you can begin to reassert this solar center and face your Neptunian challenges, this unsatisfactory condition may continue. These challenges can be mitigated by a decision to make sufficient effort to connect to your hidden solar center, to move beyond those superimposed images of guilt, failure and inferiority that have developed as a defensive response to emotional pain. Such a reorientation may not be easy to make, as you will be opposing established patterns of behavior, yet the gains that can be made are likely to transform your life.

The first step is self-acceptance, to cease any self-judgment and condemnation. Then, if you really want it to happen, feel confident that any change can occur. You have sufficient inner creativity, imagination and potential waiting to be released from imprisonment, although finding appropriate channels of expression may still take a little longer. However, you need to define any ambitions within a more realistic perspective than previously. Possibly some form of counseling may be effective in helping you gain more clarity regarding your self-potential, or workshops in self-assertion and decision-making / goal setting. In effect, you are being asked to see yourself as a young child, ready to enter adulthood, and you are expected to recreate yourself into a new and more suitable identity.

Take smaller and easily achievable steps in this process of recreation; acknowledge that occasional failures are inevitable, but try not to turn them into traumatic dramas, and realize that success will not happen without the parallel risk of failure side by side. Everybody is a failure at something, and that isn't an excuse to condemn yourself again.

As your self-confidence grows, your life will begin to take a more positive shape. It will not happen overnight, as transforming long-established behavior patterns cannot be achieved that quickly; but persevere, and changes can happen. Perhaps using techniques like creative visualization and affirmations, or subliminal programming encoded on self-development cassette tapes, could strengthen this process.

The essential realization is that change is possible, and that you can achieve this in your own way; in hope lies the fountainhead of the waters of potential and transformation. Such improvements can benefit your intimate relationships too, as well as enhance your self-image, confidence and decision-making abilities. Generally, you are emotionally vulnerable, possibly exploited or abused by others, deceived or manipulated in various ways; but if these tendencies exist, they are reflections of those dominating patterns within you.

There can be unusual emotional needs and desires linked with romantic idealism that are expressed in physical sexuality; these may require healing and cleansing in some way. But the proposed transformation and refinement that is implied by resolving the conflict of the Sun and Neptune would simultaneously deal with that level too. There can be an attraction towards occultism and mysticism.

50) ► **Moon** ☾ **Square** ♀ **Neptune** - (2°57' A)    001 | 4→10

([394] [astromatrix.org](http://astromatrix.org);) The Hallucinator

The main challenge facing you with the square aspect is that of discrimination between reality and unreality, between fact and fiction, and the consequences of confusion when these are not correctly perceived and established within consciousness.

Volatile and tidal emotions and feelings are often intertwined with your imagination so that your perceptions are clouded by personal bias and fantasies. Attempts to warp realities, especially those concerning others, are never welcomed and are a source of conflict within relationships. Insisting that you are right - even against the recall of several others - will eventually generate antagonism, as no-one enjoys having their reality and memory threatened by others, even if they are family members.

You often feel uncomfortable with your feelings and emotions as they are not easily assimilated and integrated by you and being liable to moods you find it difficult to feel centered in any stable emotional pattern of responses to people and life. There may have been some emotionally based difficulties in your parental relationships, especially to your mother, where emotional needs were not satisfied or where you imagine failings to have occurred.

Changes can be successfully made by working with those intrinsic assets which you may have blocked so far, or whose presence you may have denied, rather than acknowledging them as gifts. Imagination is present; this can be used in positive ways. What you need to do is to build positive images of a 'new you' who has less of a chip on

your heart, and who is prepared to change into a more creative and loving person.

Understanding your own nature is the first step towards being tolerant of others' weaknesses and strengths, so some form of inner psychological inquiry is required. Releasing pent-up emotional tension is essential, and should be carefully done, probably with the aid of trained counselors or psychotherapists, because too great and sudden an emotional explosion of pressures may be more damaging than healing. Types of body work, manipulation and massage could possibly be additionally beneficial too.

Be more open and honest in relationships concerning any feelings of confusion; try not to let them fester inside. Organize your life more consciously. Work with others, so that you realize that all need support and guidance at times in their lives from others who may be perceptive on a clearer level. Believe in your own potential and determine to allow it access into your life. In so doing, you can transform the negative aspects of the square into positive assets.

Preferably work with more down-to-earth schools of therapy, which can then ground you better, rather than following a natural tendency towards more imaginative escapism, which can result in involvement with any religious / mystical cults that aim to fly in holy skies of grandeur and hallucinations rather than experience real life.

51) ► **Moon ☾ Square ♅ Pluto** - (2°07' A) ☾1 | ♄10

([395] [astromatrix.org](http://astromatrix.org);) The Need To Purify

Intimate relationships may be difficult, with emotions intense and extreme. An atmosphere of emotional brooding may surround you; and others may prefer to withdraw as they sense elemental danger.

Needs for control influence choices and actions; you believe your environment and emotions need controlling to avoid 'threats' from others. This increases your preference for relationship dominance, often demanding that others acquiesce to your desires and wishes, yet this will inevitably imbalance relationships. You intend to rule and will never willingly be submissive. If forced to do so by partner or employer, you will later try to undermine their dominance by subversive efforts to regain control. You can react almost violently toward anyone trying to change you and may deliberately act in more extreme ways when displaying the behavior that another hopes to change.

You are a natural loner, impatient and potentially aggressive in attitude unless carefully controlled and moderated. Self-expression is often direct, with a style lacking in social graces and diplomacy, sometimes abrasive and brusque, especially with those you do not respect. This can create work and social problems; but these do not particularly bother you, as you prefer to be true to yourself. What you do need is to retain self-integrity and discover how to maintain a positive relationship with others.

You hate feeling restricted, and chafe against any imprisoning bonds, even if these were

self-imposed for reasons which existed at the time. You are ambivalent toward the past, and often want to forget it as having little relevance; at other times, you display an attachment to it, attempting to reinvolve it. At least you know the past; the future sometimes scares you, stirring uneasy feelings, especially as this cannot be controlled. You may find difficulty dealing with powerful feelings of destructive energy, an urge to smash and break down obstacles that prevent you from enjoying freedom.

This inner state generates tensions and pressures which you control and repress, afraid that, if unleashed at an appropriate time, much damage could be caused. It can be hard for others to understand how this sensation of destructive emotional energy shapes and restricts you. You also find it difficult to discover how to release this energy constructively; but it is essential that relationship conflicts be reduced. You may often force issues, releasing this energy in confrontations which create sudden and dramatic life changes, despite intending this simply to release inner pressures which increase whenever you feel as if you are not in control.

Your tendency is to explode - or to implode - to stimulate a necessary transformation that can create space for changes to occur. You need to trust more - your family, intimate partners, and others. Try to communicate your feelings and difficulties so that others can help you to release them less abrasively.

Compromise is essential; the world does not revolve around your needs and desires and living together requires mutual benefit and support. Redirecting self-preoccupation toward helping others could become a way for emotional intensity to flow safely outward, reducing inner pressure.

A deeper self-understanding, perhaps through courses and study in psychology, occultism, meditation, and self-exploration, would benefit you considerably, and give insight into the energies and levels of consciousness which create the complexity of the human personality.

52) ► **Mars** ♂ **Square** ♄ **Saturn** - (3°23' A)    ♁ 6 | ♀ 9

([425] [astromatrix.org](http://astromatrix.org);) Frustration

With Mars Square Saturn you can be austere, callous and harsh and usually won't go out of your way to help others unless you gain by it. Your actions are frequently frustrated, leading to negativity and resentment and you must overcome these.

Conflict and hardship will transform your consciousness and redeem your past, and willingness to take discipline will set your soul free. You can be physically violent (or a victim of the same) or suffer an early loss of a parent. You may also experience physical hardship, broken bones and accidents, often in the workplace where harsh, dirty or even dangerous conditions exist, possibly even resulting in your death. You have health problems related to the signs of Mars and Saturn.

You have difficulty relating to others, especially in partnerships and marriage, and are apt to make enemies due to your lack of gentleness, patience and kindness. You must become loving and compassionate instead of passing judgment or criticizing. Since you alternate between aggression and apathy, you may be severely restricted in your career, which often involves politics or the military.

Your actions are not well regulated or properly directed and you lack a sense of sustained purpose. You often fail to follow through on projects you start, often gaining a reputation for being lazy or unreliable.

53) ► **Saturn** ♄ **Square** ♀ **Lilith** - (2°18' A) ♎9 | ♊12

([658] [astromatrix.org](http://astromatrix.org);) Becoming Yourself

Opportunities: 1. Self-Actualization 2. Breaking through boundaries

Challenges: 1. Sacrificing your assets 2. Taming your wild emotions

Saturn square Lilith propels you towards the process of becoming yourself. You feel caught up in the whirlwind of evolving traits before you acknowledge yourself to be self-expressive about transformation. Having this aspect in your natal chart suggests you control your expectations. Traditions can become a hindrance in your path, especially when you become judgemental and disapprove of others' authority.

Saturn square is about your desire to protect the structural integrity of society. You do not conform to the myths of self-independence. Self-liberation is a selfish and non-productive act for you.

Saturn square Lilith can also destabilize your life. It also implies your incapacity to fulfil your commitments concerning your career and responsibilities.

You might have to sacrifice your most valuable possessions for freedom. So, the time demands from you to not sway with your impulsive emotions. It would help if you harnessed your negative side to turn the chaos into stability.

This aspect is about your magical will to get involved in your relationships. You might have trouble taking responsibility for your actions but remember it is your learning phase to deal with traumas and taking the inspiration to turn darkness into a ray of hope and inspiration for the future.

54) ► **Uranus** ♅ **Square** ♀ **Pallas** - (6°12' S) ♎9 | ♏7

([583] [12andus.com](http://12andus.com);) You are a natural rebel and will push back against any kind of confinement or restrictions.

Your individualistic nature can be an asset in some ways, but when it comes to trying to win people over to your views or support your mission, you can sometimes get into power struggles. You may not realize how your intense emotion and determination comes across to others.

You may create roadblocks even among your own ideological peers. While you're fine with being set apart as an individual outside of the crowd, you may not always realize the toll this can take on your mission and the success of your cause.

When you can balance your need for unique identity and your love of your mission, you can be a focused and determined advocate for change.

55) ► **North-Node** ♊ **Square** Er **Eros** - (5°16' A)    ♄8 | ♀5

56) ► **Ascendant** ASC **Trine** ♄ **Saturn** - (1°54' S)    ♀01 | ♄9

([359] [astromatrix.org](http://astromatrix.org);) The Isolationist

With Saturn Trine to your Ascendant indicates that you are practical and restrained in your approach to others, and to life itself. You are able to contain your impulses, and to think before you act. You realize that you are responsible for your own actions and are more capable of self-discipline if you think the results will be worth the effort.

You can be a good communicator and have an air of superiority about you. Not that you probably are, it's just this placement allows you to be quite commanding in your conversations which most people can sense and respect making you feel quite good about yourself. Though, you need to learn how to express yourself better in order to get to the point where you are respected. You have a more serious disposition with this aspect, and you should watch out for coming across as too dry or boring with your relationships.

You don't like to waste your energy on trivial matters including superficial relationships or conversations. You are quite fair and just when it comes to your how you handle your relationships, but if someone does get on your bad side it is not so easy for you to forgive them.

Your mental state may be a little rigid and conservative so be aware to try to keep an open mind to other people's opinions or perspectives, trying to understand other people's points of view can help you be more sympathetic and understanding of other people's ideas. You are a good planner and could be successful in careers to do with planning, systems, law, media or education.

57) ► **Ascendant** ASC **Trine** ♄ **Ceres** - (2°53' S)    ♀01 | ♀5

([570] [12andus.com](http://12andus.com);) You emanate nurturing energy and others easily feel your love and compassion.

You easily attract people in need of nurturing and support and you use your strengths to help others feel restored. You can be quite popular because of your comforting, maternal energy.

You are kind and generous. Though you frequently give of yourself, you don't usually drain your own resources. Instead you are able to keep your cup replenished. You build reciprocal and deeply nurturing relationships because of your ability to show authentic love without strings attached.

58) ► **Ascendant ASC Trine** Er **Eros** - (0°07') 001 | 5

59) ► **Midheaven MC Trine** Uranus - (3°07' S) 001 | 9

([363] [astromatrix.org](http://astromatrix.org);) Progressive Thinker

Probably your beliefs and ideas are different from those of the people around you, and you put a different value on physical objects as well. You do not like to be tied to possessions that you must take care of. This means that eventually you will prefer to have as few possessions as possible so that you can go wherever you want without any worries.

Very early in life, you will decide that you have to follow a path that is uniquely your own and does not follow anyone else's ideas about what is good for you. You want to break new ground, but in order to get there you won't have to battle others, especially your parents or other authority figures.

You should be sufficiently creative so that you can make them see the desirability of letting you have your way to a reasonable extent. You may change your mind several times about what you want to do with your life, not so much because your mind is unstable but because it is so difficult to find exactly what you need. Incidentally, this can be a sign of an interest in or, later, a career in a technical field, such as electronics, computers, engineering or science. Or you may be interested in the occult and astrology.

You like a certain amount of excitement in your life, to keep from getting bored. You prefer anything new to what is old, so you will not be particularly interested in keeping in touch with your childhood and your past once you are finished with it. You are future-oriented, always looking ahead to the next thing to come along.

60) ► **Moon ☾ Trine** Saturn - (0°26' A) 001 | 9

([315] [astromatrix.org](http://astromatrix.org);) Common Sense

Potentially, these two disparate planetary energies can be reconciled; and you will probably feel a more positive and optimistic attitude than is common with the other Moon-Saturn aspects. Your personality is relatively stable, and, in developing a suitable lifestyle, you will demonstrate resourceful and practical skills.

You are reliable, and persevere to fulfill your duties and responsibilities, whether domestic or family, or through career, social, and civic involvements. Your outlook may be cautious and conservative, respecting social rules and traditions, preferring to live by self-conformity to 'civilized behavior'.

You may view social experimentation and radical ideas to change cultural establishments with unease and suspicious concern, preferring the familiar and trusted ways. However, you also do recognize the renewing virtue of change, and will support change if you believe it will be beneficial; yet change for change's sake you will view with distaste. Establishing firm life foundations is seen as important. This motivation may have come from valuing childhood stability and permanence, where you felt safe within a secure home and enjoyed the comforting presence of parents.

You realize that 'successful building' depends on right foundations. Following this 'pattern' will increase the likelihood of success in any endeavors, whether in business, career, marriage, or family life. You may benefit from inheritance, perhaps in business or through some type of institutional involvement. You apply shrewd, pragmatic common sense to your affairs, preferring either self-employment or positions of authority and responsibility, where opportunities to express potential are more available.

You have creative abilities, although these may be directed along traditional channels, into business or career. The spheres of law, medicine, engineering, politics, management, and education may especially attract. You tend to be a good worker, believing that to gain benefits you need to wholeheartedly commit your efforts to tasks. You are rarely emotionally effusive; and you may seem austere and privately withdrawn. You prefer to remain in control and be reasonably stable; and yet feelings can be displayed honestly and in a straightforward manner, ensuring that others know what you think and feel about things. Emotional manipulation and distorted relationships are anathema to you; and you dislike anyone acting in such a way.

Friendships are founded on mutual compatibility, trust, and faith in genuine care and support for each other, although each has to be an independent personality and secure in his or her self-esteem; you are not interested in dependent personalities whose emotional vacillations and confusion may agitate the emotional unease that can be hidden within you. You are cautious in making emotional decisions, taking time to evaluate your feelings and instincts, knowing that they offer valid messages, and yet also recognizing that you may not listen to them enough.

Once certain, you commit yourself, especially in a marriage or partnership context; and you will expect similar clarity and commitment from your partner. Maturity and emotional stability are necessary in a partner, and you dislike emotional changeability; if you find the right partner, much of your creativity will flow into the relationship, so that it develops and progresses for mutual benefit.

Travel, social exercises, music, workmanship, and theater are a portion of the numerous premiums that enhance you and give you joy. You appreciate these interests as an observer, as well as partake in them when you can. You expect to grow in their social and personal relationships.

Stagnation makes little if any sense and your appreciation for the good things in life is evident but not excessive. 70) ► **Mars ♂ Trine ♀ Neptune** - (0°52' S) ♄6 | ♎10

([344] astromatrix.org:) The Practical Idealist

The energies of the trine should enable you to become a practical idealist, where the spheres of personal relationships and social obligations are highlighted in your experience. Mars will provide you with a powerhouse of energy to use, and Neptune will indicate suitable directions for expression. This will be through a heart sensitivity to the problems of others, either individually or on a more impersonal, collective scale, and you will feel motivated to share in aspects of social responsibility.

Fortunately, most of your personal aims can be achieved within such a framework, and so you may be attracted towards socially orientated work, especially in the fields of welfare, medicine, community aid and physical therapy. In such ways, you feel able to share your energy by supporting others who may be struggling in life, perhaps through ill-health, disadvantaged social conditions, or family problems.

There is a natural sympathy, and your compassionate approach will often lead to many sharing their problems with you. It may be that at times you will need to cleanse yourself of 'accumulated suffering' absorbed from such work, and forms of negativity-releasing meditations or psychic protection are advised, otherwise, you may experience your level of vitality dropping under the burdens that you choose to take.

Even if you do not adopt the Neptunian way as a profession, your closer social friends will recognize this quality of support within you, and will often turn to you for a helping hand and a listening heart, coming away feeling less burdened, more inspired and

sharing in your confident energy that all will be right (or that they can at least cope successfully). This is an aspect of a healing energy that you can transmit, and which is often connected to an acute inner sensitivity to the environment and people's emotions. This empathy is a key to your potential effectiveness in relationships, an intuitive knowing of how to respond and what type of support can be offered. Some may consciously gravitate towards areas of spiritual / occult healing techniques, and this could be an effective channel to explore.

Your intimate love life should be reasonably satisfying, often with a strong emphasis on physical and heart energies, possibly with some intense and passionate romances. Once you settle with a stable partner, you will appreciate those deep emotional bonds, those subtle empathies and feelings of real relationship that can be established through mutual love. Generally, your partnerships are honest and direct.

71) ► **Mars** ♂ **Trine** ♃ **Pluto** - (1°42' S)    ♄ 6 | ♃ 10

([345] [astromatrix.org](http://astromatrix.org);) Enormous Vitality

The energy and qualities released through the trine aspect can be quite beneficial and socially constructive. In many ways, you should find this an uncomplicated and straightforward aspect to live and work with.

You will feel at ease in applying your potent willpower to ensure the success of any aims that you clearly decide to achieve, and which are realistically within your scope. You are likely to observe over time that, when necessary, the self-discipline required to direct your will consistently in the chosen direction also stimulates an inner change to occur, whereby your qualities and talents seem to be remixed or rebalanced according to the needs of your objectives.

This can be very useful as a regeneration of the inner life to reflect a pattern of internal harmony, in which conflicting energies and tendencies are no longer competing for expression and diverting your attention away from your purpose. However, this process should only occur during phases where you need to be intensely one-pointed and concentrated enough to make your decisive active step, and should not be encouraged to continue, as the result may be a repression of aspects of your personality and a pushing them down into the unconscious mind. See it as a temporary 'selective tightening' necessary for a short time, and then allow a relaxation and a release of these temporarily unexpressed aspects to be free again in your personality.

You tend to have insight into people and situations, and the capacity for direct, realistic analysis. You prefer to allow space for others to be themselves, being quite tolerant of most people - providing they are not causing deliberate harm or taking advantage of others. In addition, you have a clear sense of interrelationship with society, and feel that you have a natural responsibility to use your energies in a socially constructive way.

In particular, you take a certain pleasure in attempting to resolve social problems by

becoming involved with social pressure groups which indicate directions to follow which they believe would be socially beneficial. You can become very committed to supporting causes that you have faith in, devoting time and energy to furthering the cause, and in being true to yourself and your personal beliefs. T

The only point to bear in mind with such a tendency is the need for an ongoing evaluation of belief and self, to determine your current standpoint and to allow it to change and evolve naturally, as you develop through time and greater life experience; belief should not be an unquestioning, static position.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 23° Virgo 52' and in the 7th house.

Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 4° **Virgo** 32' and in the **7th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 24° **Aquarius** 46' and in the **12th** house.

Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 13° **Pisces** 58' and in the **1st** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 14° **Cancer** 19' and in the **5th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 29° **Gemini** 2' and in the **4th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 5° **Aquarius** 55' and in the **12th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 14° **Pisces** 47' and in the **1st** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus

Alexandrinus

The **Lot of Nemesis** is in 2° **Taurus** 38' and in the **3rd** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Taurus: the love of money

Nemesis in Third house (Gemini): slander, the media, a duplicitous lifestyle

#### **Lots related to family:**

The **Lot of the Father** is in 23° **Capricorn** 27' and in the **11th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 6° **Taurus** 39' and in the **3rd** house.

Same as for father.

The **Lot of Siblings** is in 21° **Taurus** 24' and in the **3rd** house.

The **Lot of Children** is in 7° **Capricorn** 1' and in the **11th** house.

The **Lot of Daughters** is in 13° **Scorpio** 24' and in the **9th** house.

The **Lot of Sons** is in 17° **Cancer** 47' and in the **5th** house.

The **Lot of Marriage for Woman** is in 22° **Virgo** 11' and in the **7th** house.

The **Lot of Marriage for Men** is in 6° **Virgo** 13' and in the **7th** house.

The **Lot of Deceit in Marriage by Woman** is in 18° **Leo** 0' and in the **6th** house.

The **Lot of Deceit in Marriage by Men** is in 26° **Libra** 58' and in the **8th** house.

The **Lot of Marriage (in general)** is in 15° **Cancer** 0' and in the **5th** house.

#### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 17° **Capricorn** 48' and in the **11th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 5° **Aries** 25' and in the **2nd** house.

The **Lot of Treachery** is in 20° **Aries** 4' and in the **2nd** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 10° **Gemini** 50' and in the **4th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 14° **Pisces** 12' and in the **1st** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Capricorn (Rx)***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 10th House/Capricorn: This placement longs for a career that makes a strong impact. Their presence, especially in public and the workplace, is hard to miss. You have explosive ideas and plans for the future. You remember your childhood as boring, and aim to for an exciting life, often longing to move to a big city. However, you easily get wrapped up in the daily grind and lose track of time, realizing that weeks or months have slipped by and you haven't progressed much towards your goals. This placement can relate to the guardian aspect of the Pholus myth, which means you must keep in mind boundaries and avoid overstepping them absentmindedly, as this can lead to much pain and wasted time. You may jump from career to career as you search for the ideal public image, or take your sweet time figuring what exactly it is you want to do with your life. Keep in mind that any venture brings experience which can be applied to other facets of life.

### ***Pholus in 11th house***

([12andus.com](https://12andus.com/);) You may have a compulsive urge to seek out progressive and radical change.

Without intending to, you can spontaneously stumble upon a dramatic situation that forever changes your life. In particular, changing your associates, thoughts, beliefs and progressive ideals can lead you to dramatic breakthroughs.

You may turn over every stone to try to find a cause to put your energy behind. You may easily get caught up in social disruption and cataclysmic revolutionary change.

Group membership can be life changing for you. You can get involved in a mission or campaign that leads to dramatic breakthrough and personal relationships. You may become zealous and go to extremes to try to assert your independence or in order to

find what you are searching for.

Your use of technology can lead to dramatic breakthroughs which change your life. You may go so far that you need to then scale down your efforts.

Your desire for independence can lead you to reject or rebel against others and this can require you to need to sort out toxic attempts to assert yourself or make changes.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Libra (Rx)***

(12andus.com:) You have a desire for balance and harmony in your sex life.

If your personality is very masculine, regardless of gender, you look to your partner to have a more feminine energy. If you are more passive, you want to be with a partner who is more intense or dominating sexually.

You are sexually attracted to people who seem like your personal opposite.

When it comes to sexual arousal, you can become obsessed with balance. You want to make sure there is an equal give and take in sexual encounters. You are sensitive to your environment and turned on by somewhat superficial beauty and appearance.

Even if you care about a person, your romantic love will not create a strong sexual attraction unless the person fits your ideal of beauty. You don't like drama. Even in your most passionate moments, you want to enjoy pleasure in all its forms with no tension or negativity.

#### ***Eros in 8th house***

(12andus.com:) You express your sexual interests in powerful ways.

You may need to feel like the authority figure in sexual encounters. You may also use sexual exploration as a means of rebirth and transformation. You are excited by some level of risk taking.

Taboo expressions of sexuality are also appealing to you. Obsessive and deeply erotic relationships appeal to you. You may be intense and determined to explore sexuality with partners who make you feel like you are being profoundly transformed.

You may also use sex as a way to find power and control. Your approach to sexuality can be possessive and you may be drawn to dominating your partner.

You may also be aroused by sexual experiences that blur the line between pleasure and pain. You may feel excited by combining sexuality and the occult or supernatural.

Your sexual interests may also be fueled by desire for deep levels of intimacy and intuitive, emotional connection.

- 1) ► 11° Capricorn 50' **Pholus** ✎ **Conjunct** ♀ **Mercury** 8° Capricorn 42' - (3°08')
- (12andus.com:) Your entire thought process may easily become derailed during times of crisis and disruptive change.

When your life is impacted by unexpected cataclysmic events, you may have to completely abandon everything you know. You can't move forward and find healing or release while you're hanging on to old ideas or ways of thinking.

Small decisions can have explosive ramifications for you. You may have the best of intentions when it comes to protect others but your plans or ideas may backfire easily. You may have unrealistic expectations about your mental prowess. You may think you can talk your way out of any situation.

This may be true until a time comes in which dramatic changes unleash a change in thoughts and attitudes and when this happens, there is no turning back. All you can do is try to let the breakthroughs lead you to new understanding.

2) ► 11° Capricorn 50' **Pholus** ✎ **Opposition** ♌ **Ceres** 11° Cancer 19' - (0°31')  
(12andus.com:) You may feel torn between your obligation to nurture others during a crisis and your desire to feel comfortable and secure yourself.

You may want to focus on your own immediate comfort needs, for example hoarding money, food and other resources or avoiding the reality of a crisis because it makes you feel uncomfortable. Yet when you're ready to be honest about the impact of the crisis you face and your obligation to protect others and not just attend to your own needs, you will be able to better serve others.

You'll also be better able to protect yourself because you won't allow your desire for security to get in the way of your need to respond to changing circumstances with dramatic consequences.

3) ► 11° Capricorn 50' **Pholus** ✎ **Sextile** ♍ **Moon** 11° Pisces 52' - (0°02')  
(12andus.com:) You easily draw on your emotional nature to deal with dramatic, cataclysmic events in your life.

Your first reaction is to try to seek security and nurturing. You will be able to connect with others and will try to act as a counselor, nurturer or source of comfort to your family or community during times of crisis.

You can easily set aside your own needs for security and try to heal or help others yet there will be an impact left on your emotional life.

You can personally feel the impact of these dramatic events but are able to soothe others and yourself.

4) ► 11° Capricorn 50' **Pholus** ✎ **Sextile** ♏ **Saturn** 12° Scorpio 18' - (0°28')  
(12andus.com:) You may easily experience milestones and dramatic, life changing

events as occasions that call you to take responsibility.

You may remain level headed and try to be the voice of authority, drawing on wisdom from the past to act as a guardian or protector when major turning points cause havoc and chaos. Yet in spite of your best efforts, your limitations may become apparent during these cataclysmic events.

Though you may put yourself in the firing line out of a sense of duty, you'll also easily find ways to help others feel secure and to work through times of upheaval in the most grounded, practical ways possible.

5) ► 11° Capricorn 50' **Pholus** ✍ **Sextile** ASC **Ascendant** 14° Pisces 12' - (2°22')  
(12andus.com:) You may find it easy to draw on your personal ambition and love of self expression to embrace dramatic life changing events.

When faced with a catastrophe or crisis, you may come to identify personally with the challenge involved. You'll take the role of protector, leader or even instigator in order to harness the dramatic energy of unpredictable change in order to advance your own agenda.

Though crises and turning points may change your personality, focus and even your appearance, you will feel like the path you are set on aligns with who you were meant to be anyway.

6) ► 11° Capricorn 50' **Pholus** ✍ **Trine** ♀ **Venus** 4° Taurus 19' - (7°31')  
(12andus.com:) You may find it easy to express your love and nurture your connections to those you care about even as you experience dramatic life changes.

Life changing events that alter the course of your path can be set into motion because of your romantic partnerships or connections to those you love. Even cataclysmic events can ultimately benefit you or lead to deeper love and security.

You may have to face the ways in which you overestimate your ability to save others or face patterns of codependency in toxic relationships so that you can heal and break through these patterns.

Dramatic changes brought about by small steps or seemingly innocent encounters can have wide ranging consequences in your life.

Relationships and partnerships can be a big part of shifting your perspective, leading you to embrace your connection to others who support and validate you even as you go through major life turning points.

7) ► 11° Capricorn 50' **Pholus** ✍ **Trine** ♃ **Jupiter** 5° Virgo 7' - (6°43')

(12andus.com:) You may easily expand your beliefs and philosophy as a result of facing hard times.

Accidental changes and seemingly minor changes in your surroundings can unleash dramatic changes that lead you to dramatically expand your beliefs in ways you would not have expected.

You can come to embrace a heightened understanding of the ideals and philosophies that determine how you react during a crisis. Just as you love to be seen, you may find it erotic to be photographed or to take videos of your intimate encounters. You may also have an erotic desire to experience intimacy in public places or in situations where you are able to fully view your lover or be in their full view.

You don't hide your fetishes and are very open and expressive about your desires.

You may be inclined to wait until you are married or seriously committed in a relationship before you really open up and share your deeper erotic nature.

Your sexual fantasies and desires may involve a domestic relationship, and you may be traditional or have fantasies that center around being married, sharing a home with your partner or having the security of an influential or successful partner.

You may have to make some changes to find the balance between your erotic desires

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### Hygiea in Capricorn

(astrology.com:) Capricorn or in the tenth house: This Hygiea placement falls in charts of those who associate wellness with public interactions. These individuals feel anxious if they are not "making progress". You can often find them exercising in gyms or yoga studios where they meet teachers and trainers who will hold them to their fitness

objectives. Although a healthy appearance has its benefits, they shouldn't strain themselves for the sake of optics or the desire for respect.

### ***Hygiea in 11th house***

(astrology.com:) Aquarius or in the eleventh house: These individuals evolve their approach to wellness over time by observing what motivates others. It's best that they surround themselves with a network of health-conscious people, even if their methods or modalities are seemingly counterintuitive. These natives must be aware of how absorbent they are when exposed to new information. If around those who neglect their minds and bodies, they may fall into similar traps out of unconscious solidarity.

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### **Eris in Capricorn (Rx)**

(synnisisigns.com:) When Eris resides in the tenth house of authority and power, you are here to understand your role in taking care of the those with less power than you. Should you not have a natural understanding of this role, Eris will make sure you experience the consequences of the bigger fish eating the smaller fish. You will experience why some people insist on “survival of the fittest” and you will not necessarily be the one considered “fit”. When you grow in wisdom in this role, you will be a fine steward of the needs of the people.

### **Eris in 11th house**

(synnisisigns.com:) Eris in the eleventh house of organizations and friends, you either do or will come to understand the necessity of a cooperative role within the group. You may be confronted with situations that place you outside the group for a time to experience the feeling of “odd man out.” In a cooperative society there is no room for pushing people to an outsider’s position. When you come to understand this yourself, you can teach the rest of your brothers and sisters.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

### **Pandora | Foolish choices & Toxic curiosity**

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

### **Pandora in Virgo**

(astronomicallyaligned.tumblr.com:) You want to open the box in order to be the image of perfection. Eternal knowledge, perfection, intelligence, diligence, and admiration. Inside you are all these things. But you might not know it. In your quest for perfection, you would sell your soul. You open the box in curiosity as to what is inside. Because you don't know that you already possess these traits! As they're let loose, tunnel vision, stormy clouds, and insecurity is let onto the soft and scarily world. But if you know and understand what is in the box, you will feel at peace. Self-love for yourself is extra important here. Don't compare yourself to others, only try your best at self-improvement.

## **Nessus**

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

## ***Nessus in Aries (Rx)***

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male

even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

### ***Nessus in 2nd house***

(smartyoungsters.com:) This Nessus is the one who suffers from an OCD of earning wealth and looking beautiful. This will be the Nessus who will buy all the top cosmetics to beautify the face. A broke condition even if temporary does not go well with this Nessus. Beg, borrow or steal is the motto of this Nessus. When positively expressed, will be an ambitious individual who will go from rags to riches. Using his genius as an example for others. In love this Nessus seeks a rich partner who can buy best perfumes, cosmetics, garments for him. In a woman's chart such women can make excellent fashion models. However, if such a woman marries below her status then husband will suffer from constant abuse.

Complexity; simplicity. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

### **Asbolus**

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus

responsibility alone, but a joint venture with the totality of the chart

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject

that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

### **Proserpina**

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others.

But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

### **Sisyphus**

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.  
 To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[3] Fixed star Hamal (aka the "Head"). Sensual but sadistic, this independent stellar warrior seeks satisfaction through self-indulgent and aggressive action, with a strong and immediate desire to dominate and control. But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However

with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.

Hamal fixed star meaning is one restrained and controlled aggression towards positive outcomes. But only if harnessed and approached with extreme care and attention. Hamal appears in an astrology chart when things are about to get serious. A certain situation grows to boiling point and action is needed. If any sort of constructive energy is to prevail.

Hamal star also indicates working in the confines of the law. Judgement and interference from others could bring a major project to its end. When working with others insure their integrity before sealing any business deal.

[3] The restless and flighty star Markab seeks release in a "peak experience". Markab shares its energy with Mercury and Mars, having similar traits. The element of fire plays a role as the defining energy. Rage and loss of emotional control and intelligence. Selfish energy arises to the surface after being amplified recently. A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and

slowly does it is the trick here with the fixed star Markab. Allowing a break from the grind highlights others areas of your life that need attention.
