### **The Intuitive**

The Life Path 7 suggests that you entered this plane with a gift for investigation, analysis, and keen observation.

You are a thinker of the first order. You evaluate situations very quickly, and with amazing accuracy. As a result, you are thorough and complete in your work, the perfectionist who expects everyone else to meet a high standard of performance, too.

It's easy for you to detect deception and recognize insincere people, and you avoid them. You aren't one to have a wide circle of friends, but once you accept someone as a friend, it's for life.

You need a good deal of quiet time to be with your own inner thoughts and dreams. You dislike crowds, noise, distractions, and confusion.

You rely heavily on your experiences and your intuition, rather than accepting advice from someone.

In the most negative use of the 7 energies, you can become very pessimistic, lackadaisical, quarrelsome, and secretive. A Life Path 7 individual who is not living life

fully and gaining through experiences, is a hard person to live with because of a serious lack of consideration for others. This may be why some 7s actually prefer living alone.

Fortunately, the negative 7 is not the typical 7.

### ***Expression (Destiny) Number: 3***

([659] numerologycalculator.online:) The number 3 Destiny suggests that the direction of growth in your lifetime will be toward a more creative and inspirational nature. This path also leads to establishing yourself as an inspiration person spreading optimism and cheerfulness wherever you reside or travel.

The byword for the 3 Destiny is embracing the joy of living and helping others to do the same.

A large part of your mission in life centers around raising the spirits of your fellow man. This might be on a everyday small scale basis, or it might be by being on stage as an entertainer.

Obviously, for most, the first more likely, but, this Destiny does incline you along a variety of lines that may include writing, speaking, singing, acting or teaching. For some the interest in and appreciation of the arts is there, but the creative pursuit of these interests might not arrive.

You also have the destiny to sell yourself or sell just about any product that comes along. You may indeed be a natural salesman as the 3 traits are always welcome in sales and public relations. You are imaginative in your presentation and a pleasure to be around.

As you mature you must become an optimistic person that seems ever enthusiastic about life and living. You are friendly, loving and social, and people like you because you are charming and such a good conversationalist. You must develop an ability to communicate effectively in order to inspire others. It is your role in life to inspire and motivate.

Friends are extremely important to the 3 Destiny, and you must develop the ability to be a true friend. Through this talent you will achieve success. Opportunities open for you as you become increasingly social.

The negative side of number 3 Destiny is superficiality. You may tend to scatter your forces and simply be too easygoing. It is advisable for the negative 3 to avoid dwelling on trivial matters, especially gossip.

### ***Life Path - Expression Bridge Number: 4***

([660] numerology.center:) Number 4 means that you are a person whose success depends of ability to concentrate on definite thing and to keep abreast of the times. to be more realistic and look wider to the events. It is necessary to join the fast move of the world and act dynamically. Your numerology prompts you not to delay your business, but to try to do everything till the end. If you put off something, the most possible you will not return to it and finish.

***Heart's Desire (Soul Urge) Number: 2***

([659] numerologycalculator.online:) People with this soul urge are the natural peace keepers who seek to bridge gaps and bring others together in the spirit of harmony and cooperation.

You want all the facets of your life to revolve around peace, harmony and balance. You are a person of unwavering devotion. This applies to all areas of your life as well, and to all your relationships. Your perpetually heightened emotional state can make you extremely sensitive. You may have extreme emotional reactions to art, music, movies, stories, etc.

Your sensitive nature also leaves you with a very developed intuition. The only problem is that you don't trust it. This is one obstacle that you will learn to overcome but it can take quite a bit of time. You grapple with other areas of self-doubt as well. You have a tendency to undervalue yourself and your role in any given situation. Through all this, you are a source of strength to the right people. Your ability to lend support where it is needed draws them to you.

***Personality Number: 1***

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

***Heart's Desire - Personality Bridge Number: 1***

([660] numerology.center:) This number forces you to be more of a hardworking person. To reach the aim is not so easy. A comfortable approach to things for you is not the best solution. Changes are necessary for you. You'll achieve success if you look for new ways, work hard and remember all the time that everything depends on your efforts. The other people are waiting for open communication from your side. Unfortunately, in most cases they don't get it even if you think they do. Try to be more open with people. Express the thoughts in such a way that others can understand you. It is necessary to express yourself in a simple manner in order to make communication easier and to be on the same wavelength with others.

### **Quiescent Self Number: 1**

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

### **Maturity Number: $1 = 7 + 3 = \text{LPN} + \text{E(D)N}$**

([662] feliciabender.com:) You're moving toward reevaluating what it means to be independent and stand on your own two feet. You're being called upon to take initiative, to be a leader, and to take creative risks toward achievement in any realm you feel passionate about.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to independence coming to center stage. Situations will arise highlighting your sense of dependence or independence, your ability to connect and relate with others, and whether or not you behave in a dominating and controlling manner.

What that might look like:

- A strong need to break free of dependent situations.
- Evaluation of self-centered behaviors.
- Financial situation may change dramatically – through divorce, illness, or other transitions.

### **Karmic Lesson Number: 4**

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical,

disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

### ***First Pinnacle Cycle: 6***

(Month + Day) - from age 0 to 29 (based on LPN) - ([665] feliciabender.com:)

**General:** Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming

sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

**Pinnacle 1 Number 6:** First Pinnacle: As a younger person in the midst of a 6 Pinnacle, you're likely to find yourself knee-deep in duty and responsibility related to home and family. This may be because of the pressures you experience in your family with parents and siblings, or you may find yourself entering into premature marriage at an early age. Often this energy causes you to experience controlling circumstances from a parent or another authority figure.

**Warning:** Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

### ***Second Pinnacle Cycle: 2***

(Year + Day) - from age 30 to 38 (based on LPN) - ([665] feliciabender.com:)

**General:** When this is your Pinnacle, you're being beckoned to envelop yourself in the elements of learning to cooperate, share, be considerate of others, and be at your best when you are in harmonious relationships without sacrificing yourself in the process.

2 is the number of partnerships, patience, balance, and keeping fairness at the helm. Therefore a Pinnacle is a time where love and group effort takes front seat, whether it's through marriage or partnership, parenting, or other experiences that have the elements of unconditional love at the core.

This is a time where you will be called upon to work on—and perfect—your subtle art of relating. The 2 energy also has to do with gathering and relating facts or data, perfecting details, and being a team player whose strength lies in being of service in a joyous and balanced way. Where precision and details are valued, you'll be happiest with your contributions.

A 2 Pinnacle immerses you in friendliness and harmony. This energy asks you to pay attention to details and practice patience and tact. It won't offer much recognition for all you do during this time, so you must turn to yourself for acknowledgment in order not to feel resentful.

**Pinnacle 2 Number 2:** Second or Third Pinnacle: A Second or Third Pinnacle with a 2 influence will surround your life in the energies associated with working in balance with

other people. This is a time that isn't so much "me" focused as "us" focused. When you master your ability to promote harmony in all things, show patience and a willingness to forgo credit based on your contributions to the whole, you'll be operating optimally. The work you engage in during this time is likely to be quite detailed and demanding. If you've been a content stay-at-home mom, for instance, it wouldn't be surprising to see this number in your Second or Third Pinnacle.

**Warning:** Warning: The 2 energy is super-duper sensitive. If you don't work with this energy mindfully your tendency will be to get your feelings hurt often and deeply. If you take every little thing personally, instead of cultivating your ability to relate well with yourself and others, you'll experience a substantial amount of pain during this time—not to mention a battering of your self-esteem in the process.

### ***Third Pinnacle Cycle: 8***

(1st Pinnacle + 2nd Pinnacle) - from age 39 to 47 (based on LPN) - ([665]  
feliciabender.com:)

**General:** Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be "rich" or "wealthy." The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

**Pinnacle 3 Number 8:** Second or Third Pinnacle: If you encounter an 8 vibration during your Second or Third Pinnacle, you're apt to find yourself in the executive world—or you could be married to an executive. You're required to rely more on rational judgments and less on emotional impulses. You're single-mindedly focused on your ambition and achievement of great financial success, power, and authority.

***Fourth Pinnacle Cycle: 6***

(Month + Year) - from age 48 (based on LPN) - ([665] feliciabender.com:)

*Segments General and Warning were already given for this pinnacle number.*

**Pinnacle 4 Number 6:** Fourth Pinnacle: If you have a 6 Fourth Pinnacle, the vibration brings with it the rewards and pleasures of family, friends, and security. You'll most likely act on your feelings of philanthropy. This is a stage where giving back is vital to your innate sense of well being and purpose in the world.

***First Period Cycle: 5***

(Month) from age 0 to 29 (based on LPN)

([666] worldnumerology.com:) The years until about age 30 represent a period of rapid progress and much change. You are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself.

Your abilities with words will be greatly enhanced.

You can learn foreign languages, write, and edit. You will meet many exciting people, visit foreign lands, and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

***Second Period Cycle: 1***

(Day) from age 30 to 56 (based on LPN)

([666] worldnumerology.com:) The middle years of your life (approximately ages 30 to 60) find you on an intense path of personal growth. You are required to adapt frequently to the many ups and downs in your life.

When 1 rules the second Period Cycle it focuses on self-empowerment.

To facilitate this, situations occur that force you to dig deep to find the courage required to face your challenges. You have love and support, but circumstances will often demand that you rely heavily on your own strengths.

Fortunately, throughout this approximately thirty-year period, you often have confirmation that your gut feelings are correct and feel you are moving in the right direction.

You will likely find yourself in a leadership position, strengthening your self-confidence even more.

### ***Third Period Cycle: 1***

(Year) from age 57 (based on LPN)

([666] worldnumerology.com:) The latter part of your life will likely find you in a position of leadership. You act rather than react; you are an instigator, a self-starter. You may move in a new direction during this period.

You will need to be proactive to overcome obstacles. Courage, self-confidence, and perseverance (more than the support of others) will be required to reach your goals.

Many people become less active or involved when they reach their later years; you experience renewed energy and drive.

This is a period of integrating different aspects of who you are, and focusing on your life's dream. The people who are close to you may suggest slowing down, but you are meant to make your greatest advancement later in life.

### ***First Challenge Number: 4***

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

#### Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

#### ***Second Challenge Number: 0***

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given "a free pass," so to speak. You're being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It's suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There's great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

***Third (Main) Challenge Number: 4***

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

### **Cornerstone, Capstone, First Vowel and Keystone (Forename)**

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

**Cornerstone:** It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

#### ***Cornerstone (first letter): S***

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is predisposed to approach life with the idea of personal independence — accompanied with ambition, charisma, and charm.

([671] spiritwalk.org:) You attract people with your sense of style and wit. You are a loyal and emotional person, though often you tend to exaggerate things and think too much. Try to be reasonable and don't let your emotions determine your life, give a leading role to your intelligence.

([672] numerologist.com:) Cornerstone: People are willing to work with you because you are so charming and often handsome or beautiful as well. However you have an impulsive nature and scattered nature that makes it hard for you to get anything off the

ground.

([673] numerologyzen.com:.) Letter S. This letter is spontaneous, flexible as well as superior, knowledgeable and sometimes wise. It corresponds to sentiments, emotions and mobility. Graphically, S is unstable on its base while being very open towards the inner world and the past on the left side (S has a good memory) and towards others, the outside world (opening on the right hand side). The emotional intermediate zone is characterized by a slope which makes S a bit elusive in this area. Emotive, S wavers and can live these sentiments and emotions like waves on the incoming and outgoing tides, waves that can overwhelm [him,her]. That's why S must learn not to expose [him,her]self too much or expect too much from others because [he,she] could easily be disappointed and hurt. However, S, the 19th letter, also knows how to recover and shine (the sun after the emotive storm). S will regularly be transformed and improve. S has all the qualities of independence, autonomy, will power, commandment and warmth, which will allow [him,her] to have a position where [he,she] can shine and be recognized by everyone. S incarnates a raised ideal and knows how to give a creative dynamism. S likes to progress. Although ambitious, S stays preoccupied by the impact of [his,her] actions and behavior on others. Looking for the fair balance between taking others into account and caring of [him,her]self, S is a wave who can pass from highs to lows. S will sometimes need to express [his,her] independence and individuality in an abrupt fashion, then, after the revolt, will let [him,her]self be invaded by emotions and sentiments and will no longer exist for [him,her]self. S's faculties of analyzing situations clearly and objectively are then handicapped by [his,her] affective reactions. These changed of attitude can give [him,her] a bizarre behavior pattern. In fact, S has the mind of a chief, but will show a certain reserve or guilt in using it. S must develop [his,her] originality in order to channel this sensitivity and imagination which is too full. S could steer [him,her]self towards fashion or stylism, generally possessing this type of talent. On the other hand, S has a sense of business and finance (intuitive), which is linked to [his,her] sense of helping others out. In fact S is an ideal candidate for a high responsibility position.

**First Vowel:** This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

***First Vowel: A***

[674] [671] [675] ([674] affinitynumerology.com:.) All about independence.

Courage tends to be valued. The person tends to express willpower and purpose.

You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

**Capstone:** This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

**Capstone (last letter): A**

### Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

### 5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

### **Mental (Mind) Plane**

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

### **8 on the Mental Plane**

Wanting more than you have is not reprehensible, is it? Who would blame you if all your abilities, strength and knowledge are aimed at the realization of this desire? You want to control people and manage big business. Good luck then! Just don't forget to suppress your arrogance that may show up at times, and be demanding of yourself to the same extent as to others.

### **Emotional (Heart) Plane**

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

### **6 on the Emotional Plane**

People like you make the backbone of the world. You are the cornerstone of any society you belong to – be it your family, circle of friends, or colleagues. All your emotions are directed towards people around you; you truly empathize when you say it, and you are always ready to lend a shoulder for others to lean on, even if it's contrary to your personal interests. Your concepts of honor, justice, and responsibility are clearly formulated. Most suitable professions for you are a doctor and a teacher, as they involve ability and desire to share knowledge with others. And your willingness to get something in return does not devalue your readiness to “give the shirt off your back.”

### **Intuitive (Spirit) Plane**

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other

existence levels. This is also known as God's grace.

## **2 on the Intuitive Plane**

For you, the most familiar way of thinking is floating up in the clouds. You don't build castles in the air, and your intuitive insights are often quite applicable to practice. However, your extreme sensitivity doesn't allow you to bring them down to the status of real actions.

## **11 on the Intuitive Plane**

(numerology.center:) Your intuition is really developed. You can tell the upcoming events, and you don't guess, you tell what you feel. You can influence the disposition of people around.

## Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			<b>Self-Esteem: 6</b> line «1-2-3»

			<b>Spirituality: 3</b> diagonal «1-5-9»
			<b>Temperament: 4</b> diagonal «3-5-7»

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

## **Cartomancy (Cards of Illumination)**

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like

students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

***Birth Card: Four of Clubs***

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Clubs: Mind - Communication - Intelligence

Air-Swords - Planets: Mars & Jupiter

Concentrated Mental Pursuits: All FOUR's are inflexible and headstrong. The CLUB suit symbolizes communication and thoughts. Thus the 4 of Club tend to be opinionated, and unyielding towards others.

The Four of Club is known as the debaters card; probably because of their fixed opinions and unique ability to shut off emotionally. The people born on a Four of Club day have strong, productive minds, and a good education is key, or they run the risk of talking much, but saying little.

KARMIC CHALLENGES for the Four of Club: Dispassion and Passive Aggression

Four of Clubs are always afraid of not having enough money, even when they do, and they are known to drive a hard bargain. Work is healing for them, especially when it involves large, male dominated organizations, and their health is never much of a problem.

The 4 of Club like to look good. They have unique and unusual emotional interests, often attracting dubious or manipulative people into their lives. They have a natural ease about them, especially when involved with large groups of people, and they make for great travelling companions!

***First Karma Card: Five of Clubs***

(metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Clubs: Mind - Communication - Intelligence

Air-Swords - Planets: Mercury & Saturn

Restless Mentality, Changeable Mind-set: All FIVE'S have restless karma. The Club suit is symbolic of communication and how we think. The 5 of Club find it difficult to make up their minds, and need to learn not to tempt fate.

Versatile, restless, inquiring; forever seeking with an ever changing mind; the 5 of Club is a young soul who is never satisfied with the answers they find. They need constant

movement and wide travel -- eager to go anywhere rather than remain where they are.  
KARMIC CHALLENGE for the Five of Club: Honesty and Risk-taking

The positive natives of this card fight against their inherent restlessness, which otherwise lures them away from building a solid base. Those 5 of Club will then choose to educate themselves in some specialty that interests them, and will pursue it to a successful outcome.

Marriage is never easy for the 5 of Club as they are prone to jealousy and suspicion. They also experience changes in their mental attitudes towards their partner, which causes the marriage to falter.

The Five of Club must have an outlet for their natural keenness. Education is of supreme importance if they are to succeed in life. And peace of mind comes from a willingness to accept their life as it must be lived -- constructively!

**Second Karma Card: Six of Hearts** (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Hearts: Emotions - Relationships - Love

Six of Heart Meaning: The Law of Love

Karma for the 6 of Heart - Responsibility

Water-Cups - Planets: Double Mars

The vibration of 6 resonates with duty and purpose in line with the meaning of the suit. The Heart Suit represents relationships and social aspects of our society. Thus the 6 of Heart feel the purpose of life is duty-bound to support their family, friends and worldly causes.

Six of Heart do not believe in luck. They work tirelessly to achieve their objectives. Not for fame or glory, but because they feel obliged to do so. And they do it well.

The 6 of Heart also have a knack for big business, though remain motivated by their sense of duty. A quote by Conrad Hilton of the Hilton Hotel empire sums up the business acumen of the 6 of Heart perfectly. "There is a yoke of responsibility that attached itself firmly the minute someone had entrusted me with their capital." (Archbridge Institute: Conrad Hilton: The Dreamer Who Conquered an Industry)

Six of Heart are detail oriented perfectionists. Tenacious too! And did I mention excellent negotiators? Their biggest business opportunities manifest between age 39-51, if they are so inclined. Most Six of Heart people are not that ambitious, preferring to work only as much they need to support themselves and their family.

In love, trust does not come easy. The 6 of Heart believe a healthy partnership must include a healthy financial arrangement too. The men are often in a business partnership with women while the women 6 of Heart seem to attract the proverbial bad boys!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven

chapters that tell your life-story.

**MERCURY** describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

***Mercury Card: Two of Diamonds***

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Two of Diamond Meaning: Financial Security

Karma for the 2 of Diamond - Fear of Lack

Fire-Wands - Planets: Mars & Saturn

The Two of Diamond need to overcome an inherent fear of not having enough money. Power is always available to them in whatever career they choose, so their obsession with poverty, and their fear of not having enough, is basically unfounded.

KARMIC CHALLENGE for the Two of Diamond: Fixation on money and prestige.

One's first impression of a 2 of Diamond person is that they are self confident, and socially very much in-the-know. It is only when a Two of Diamond feels their status is threatened that they become self-defensive and will stop at nothing to regain their self-esteem. Fixation is a problem for the Two of Diamond, and they will get stuck wielding their own power until they are forced out of their situation, wondering how they ever let it get that far in the first place!

Two of Diamond believe they know best. They make excellent parents and leaders. They are also excellent traders and merchandisers- especially in areas of glamour, or foreign investments. Entertainers often end up drifting through life, or being content with a mediocre performance, though not true of the women.

**VENUS** describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

***Venus Card: Jack of Spades***

(metasymbology.com:)

Spades: Wisdom - Labor - Acceptance

Jack of Spades - A Neophyte in Wisdom

Karma for the Jack of Spades - Right Choice of Objectives

Earth-Pentacles - Planets: Mars & Uranus

All Jacks are Neophytes, learning and experimenting with the esoteric meaning of their suit. The Spade Suit symbolizes the balance between wisdom and hard- work; spirituality and the physical world. The royal Jack of Spade is well positioned for success, but it is this very blessing that often leads to their demise.

KARMIC CHALLENGE for the Jack of Spade: Arrogance and Manipulation

The positive Jack of Spade have equipped themselves with education and training. They work for the love of their art or their job, not just the pay check, and they strive to give

their best to the task at hand.

The negatives among these people destroy the inherent protection that surrounds them through irresponsibility and cunning. Indeed - the Jack of Spade is sometimes known as the con man of the deck. Should this be the unfortunate turn of the Card, Jacks of Spade are subject to scandal, disgrace, and misinterpretation of their motives on a very big scale. (think: Mel Gibson)

All Jack of Spade should want to take advantage of the wonderful opportunities provided by the sequence of their cards, for theirs is one of the most fortunate of all. And like all Jacks, they are charismatic, talented and youthful.

**MARS** describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

***Mars Card: Eight of Clubs*** (metasymbology.com:)

CLUBS: Mind - Comprehension - Process

EIGHT: Management - Control

CHALLENGE: Understanding

Air-Swords - Planets: Mars & Neptune

CLUB: The Club personality is interested in brainpower. The spirit of the Club is confined to mental processes. Its purpose is to determine, organize, and regulate. It is the element of air; invisible thought-things that manipulate our visible our world.

EIGHT: The value of eight is control. The personality of the eight attracts experiences that give them opportunities to manage and control.

JOURNEY OF THE SOUL: The Eight of Club personality is designed to help the Soul understand the power of mind. It is the conscious and the subconscious mind. The Soul Card for the Eight of Club is the same: the 8 of Club. The journey of the soul is to reconcile the relationship between the conscious and subconscious mind.

Eight of Club personalities are provided with so many fortunate opportunities in life, they are rarely compelled to explore the deeper (or higher!) meaning of life. The evolution of suffering does not apply to the Eight of Club. Nor should it. They have come to understand the functioning of the mind, not heart.

Eight of Club people are like the cats who always land on their feet. Protection surrounds them in all departments of life. All of their cards are in the Jupiter Line: Jupiter is the Giver of Gifts. It is this very blessing that trips them up.

The 8 of Club are resolute in their opinions and beliefs. They can appear unsympathetic toward the misfortunes of others. Not that they don't care—they do—they just prefer to allocate their energy toward finding practical solutions.

Most Eight of Club project a strong, can-do attitude and prefer intimate relationships with productive people who have something to bring to the table. They choose platonic relationships over marriage. And if they marry, their independence must remain intact.

**JUPITER** describes your adult life. The cards in Jupiter indicate your material/financial

resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

***Jupiter Card: Six of Diamonds***

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Six of Diamond Meaning: Completion of Obligations

Karma for the 6 of Diamond - True Worth

Fire-Wands - Planets: Mercury & Jupiter

Six of Diamond represent the need for understanding values. A very successful and satisfactory life can be built for these people when money is not made the sole objective. The acquisition of knowledge is not easy for the Six of Diamonds; there are obstacles and frustrations for them. There may be difficulty in acquiring an education in early life -- or there may be unwillingness to bother with it on their own part. Money, however, is vital to the people born under this card. Often times they want to begin earning it even before they know where, or how! The women of this Card should strive not to depend on their personalities for success, and the men not seek a wealthy marriage to promote their own objectives.

For both men and woman Six of Diamond, finances tend to go to extremes, and will remain in one state for a long time -- either way up, or way down.

**SATURN** describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

***Saturn Card: Four of Spades***

(metasymbology.com:)

Spades: Body - Work - Spirituality

Four of Spade Meaning: Harmony in Work

Karma for the 4 of Spade: Entitlement

Earth-Pentacles - Planets: Venus & Jupiter

At first glance, Four of Spade have cards of success and power. However, until age 26 years, their impressive karma usually leads to a false sense of entitlement.

This is more true of the men than the women, and often because of the mother using money and gifts to show her love, fostering the notion that abundance is their right. In their later years, the 4 of Spade can experience dark moods as their skewed understanding of prosperity translates into frustration and loss.

Four of Spade are sensitive and they enjoy helping others. They conceal their strong feelings behind a brash demeanor, which makes them come across as being proud, or egocentric.

They are physically very strong and excel in sports or challenging physical activity. They appreciate art and beauty and can do very well for themselves when used in industries that cater to the arts, women or home decor.

To overcome their karmic challenge of entitlement and resentment, the Four of Spade must not only work hard for what they want, but enjoy the process of work. For those 4♠

who find their passion and look beyond the trappings of prestige and glamour, theirs is an exceptionally fortunate life; satisfaction and success for the taking!

After age 91 the cycles repeats.

***Cosmic Lesson Card: Ace of Diamonds*** (metasymbology.com:)

DIAMONDS: Assets - Worth - Creative Fire

ACE: Pursuit - Acquisition

CHALLENGE: Prestige

Fire-Wands - Planets: Jupiter & Neptune

DIAMOND: The Diamond personality is geared toward resources. The spirit of this diamond ignites the fire of acquisition. Its purpose is to acquire, amass and amalgamate. It is the fire element: activating, and consuming.

Fire is the flame of creation, forging materials from metal, illuminating the fire of the diamond within us. It is the value and worth of materialism.

ACE: The Ace has a value of one. It is singular and resonates independence. Ace is the I want, and the I need. The personality of the Ace is marked by their determination to get what they want and need.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

Ace of Diamond often want to change the direction of their careers or alter the course of their projects during the Jupiter years age 39 to 52. When sufficiently creative, the doors to new ventures and opportunities fly open.

***Cosmic Reward Card: Ace of Hearts*** (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Ace of Hearts: Desire for Affection

KARMIC CHALLENGE for the Ace of Heart: Selfishness

Water-Cups - Planets: Jupiter & Uranus

All ACE's represent a wish or a desire. The HEART symbolizes relationships and love.

The meaning of the Ace of Heart is an intense desire to be loved. Notice the operative word is to "be" loved, not to simply love.

The Ace is the number of self and often translates into selfishness. Negatively expressed, the Ace of Heart will flirt and skirt around the object of their desire, until they see what love can do for them.

The Soul Card for the Ace of Heart is the Ace of Diamond, another wish card - except this time - a wish for money. The result is an ambitious drive for material gain which is their prime motivating factor when it comes to relationships.

Ace of Heart has a gregarious, magnetic personality, which can attract many business opportunities. They always want to look good in the eyes of others, and appreciate beauty while striving for self-improvement. They are creative, but find it difficult to make choices in regards to work and health.

To be sure, this is not an easy card to have as your birthday card. Much discipline and positive philosophy of life are needed to overcome the selfish, worrisome attitudes that prevent the Ace of Heart from obtaining the very thing they desire the most. LOVE.

Queen of Diamond Meaning: Domination in the Realm of Values

Karma ~ Financial Security At All Cost

Fire-Wands - Planets: Mercury & Saturn

Some of our greatest philanthropists are the Queen of Diamonds. In the world of art, some of our greatest poets, painters and musicians have contributed their wealth. It is these Queen of Diamond people that have learned the true meaning of value. They are people fitted for authority and should have it!

The path for the Queen of Diamond is a hard one - so beset with difficulties and obstacles - they are continually sapped of strength as they struggle to overcome one thing after the other.

Those born under this card are diligent and dependable. They are strong of character, and determined, but they must guard against hardness and domination. They have much to contend with, and much should be forgiven them.

The men strive to provide their partners with security, but can be overly sensitive and prone to temper tantrums (think Tom Cruise). The women enjoy sharing in their partner's business affairs.

**Note:** If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

## Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

### **Day Sign: Cane**

/ Reed / Ben (Yucatan) / Aj (Kiche)

Ben types are often popular, knowledgeable, accomplished and competent, with strong opinions. They are often highly regarded by others for their talent or expertise.

In some cases they are simply way ahead of their competitors, or have made their mark on the field in which they work. In other cases, it is just a matter of general competency - the ability to excel at whatever it is they decide to do.

They are fighters for moral or ethical principles and are quick to take on challenges. At worst, they are opinionated.

These people will "stick to their guns" when under fire, keep a "stiff upper lip" when in trouble and, like a reed or cane stalk, remain firm in tense situations.

They can be intellectually rigid and prone to argue, however.

These people have a militant side, and although they don't deliberately seek conflict, they seem to thrive in it.

Persons born under Ben are usually popular and social, having deep knowledge of human nature. For some, this quality brings them well deserved fame; for others, it

brings respect and recognition from their peers.

Although Ben types have enemies, even their enemies respect Ben's successful ways.

People born under the Ben sign are ambitious and clear about their goals and intentions.

Challenge:

Being opinionated or holding rigid attitudes.

Solution:

To understand human nature; to apply social skills.

Future: Imix (Crocodile) GT: 8 (Justice)		
Feminine: Cauac (Storm) GT: 6 (Flow)	Now: Ben (Cane) GT: 13	Masculine: Manik (Deer) GT: 7 (Reflective)
Past: Chicchan (Serpent) GT: 5 (Empowerment)		

### ***Four Directions***

To be born on the day of Ben is a very fortunate occurrence. In the mythology of ancient Mexico, this was the birth-sign of Feathered Serpent, bringer of light, and a day the gods come down to earth.

These natives are productive. As community members they are leaders, and as parents they are alleged to be both fortunate and wise.

The book of Chilam Balam of Kaua insists that Ben natives tend to have many children.

They also may play a parental role for their extended families or entire communities.

They function like the staff of office (one of the principal symbols of this day-sign), the supportive pillar of the world.

In general these people are practical, earthy, and nurturing. Their good fortune, and joy in ordinary life may cause Ben natives to be a bit conservative or complacent. They have no need to rock a boat that carries them so gracefully. This is why our list of well-known Ben natives includes only a few names. It is a quiet day-sign that has little desire to seek

the limelight.

Even the most fortunate day-sign has a dark side, and Bens tree of life includes a number of challenging influences. The presence of Chiccan as the past sign suggests that many of these natives bring a great deal of sexual karma with them into this life. Cauac on the left hand generates a great deal of emotional turbulence especially regarding women. While Manik on the Right hand may sometimes function as a symbol of strength and inner power, the presence if Imix as the future sign shows that Ben natives face progressively more challenges as they develop along their path. Challenges that may include madness, illusion, and anger.

The Chilam Balam of Kaua also notes that in some cases children may be the only wealth of these natives, and that the may be otherwise of very modest means, perhaps even poor.

Despite their sometimes wild ups and downs, Ben people often possess a spirituality that goes beyond the confines of purely conventional religion; this is one of the birth signs that is considered favourable for prospective Calendar Shamans.

#### **Ascension**

- \* Bridge
- \* Pure creative energy
- \* Ascension
- \* Spark of understanding
- \* Connection to source
- \* Remembering

Here we are at the final stage of evolution, the completion of all things. Tone 13 represents equality among all members of the group. You have the sense of collective consciousness, strongly believing in unity and equality among humanity. You are holding the space for other minds to merge until there is no other left out.

Your nature is tolerant and sophisticated. You have an unlimited motivation to overcome your obstacles and transform yourself. Your will to grow and evolve is strong. Reaching the top of the mountain does not mean the journey will end here.

### ***Trecena Sign: Light***

/ Flower / Sun / Ahau (Yucatan) / Ajpu (Kiche)

Beneath the 1-Ahau surface personality lies a self that is romantic and attracted to a glamorous lifestyle.

Such a person may find success in a life in fashion or as a performer or public personality.

The greatest weakness of 1-Ahau people is in matters of relationship.

In this area they tend to be idealistic and can often make poor choices that lead to problems.

### ***Night Lord: 6***

Persons born under G6 Night Lord seem to be self-controlled, practical, traditional, and markedly entrepreneurial. They often create a self-sufficient kind of lifestyle or career and may be self-employed. They have a strong desire to build things and are very hard workers.

Their work is rarely of a solitary nature; more often than not, they deal directly with the public, perhaps as a consultant or counsellor.

They take responsibility for themselves and are very self-reliant, but this makes other people less important for them in the process of achieving happiness.

They are strongly motivated by fame and worldly success, and they hold themselves to high standards of performance. They are driven to success in the world because they strive to be accepted by others. Their drive for independence and approval is part of a quest for self-worth.

This inner insecurity is their dark side, and they need to ask why they drive themselves so hard. They are sensitive to the rhythms and nuances of life and may develop a special interest in and respect for the feminine side of life.

Overall, however, their intentions are good and others recognise this fact.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.*

*This one would be Saturn conjunct the Sun.*

## Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

### Characteristics and Personality

People born under the rule of Ash usually have a happy life because they are prepared for anything. Ash people are tough, ambitious and very capable. They usually manage to reach goals they set due to their good organizational skills and practical foresight. Ash people are very intelligent and it is easy for them to learn new things. They often become capable politicians.

Their determination allows them to maintain their youthful appearance and physical freshness even in old age. Thanks to these characteristics, Ash people very often become support for those who seek their protection. With their prudence and inventiveness they can find solutions to problems even in the most unfavourable times. In their love life they are not very wild lovers, but they are always reliable and loyal. And when they get married, they are usually ideal partners.

However, people born under the rule of Ash usually also have some negative qualities. In a partnership and friendship they are often quite demanding, they do not only want to give, they also care about what they can get from other people. Sometimes this characteristic develops into an unobstructed selfishness. Ash people are good at protecting and looking after their property. They are modest and they do not like to borrow money because independence and freedom of decision are very important to them. However, they often believe that money will bring them happiness.

**Ascendant ASC in ♋ Taurus 3° 35'**

([687] [astrohelp.com](http://astrohelp.com))

**Looks – Why are Taurus Ascendants so Attractive?**

Taurus is ruled by none other than the planet of beauty, Venus. As a result, Taurus ascendants have attractive bodies and killer looks.

A Taurus ascendant man has a strong body as that of a bull (the symbol of Taurus). They're neither too tall nor too short. More than their face, it's their enigmatic personality and confidence that make them irresistible. They're always the best-dressed men in a room. However, due to their love for food, they can get a bit stout around their bellies in

their mid- thirties.

### **Personality - Is Taurus Rising Rare?**

One might expect all the 12 zodiac signs to be exactly 30° apart. That's, however, not true. Out of the total 12 Zodiac signs, Taurus and Aries quadrants are much more narrow than the others. Needless to say, it makes Taurus rising very rare indeed.

1. They Love to Show Off – Taurus ascendants have exquisite taste in fashion and jewelry. They like to dress up and love it when others notice and admire them. It wouldn't be entirely inappropriate to call them materialistic.
2. They have a Knack for Expensive Things – A Taurus ascendant can put your entire collection of branded apparel and exquisite gems to shame. These people will always somehow end up placing their hands on the most expensive things in a store.

6. They are Loyal – This is the exceptional quality of Taurus ascendants that attract other people around them. A Taurus ascendant never cheats. Period!
7. They are Possessive in Love – Taurus ascendants, both men and women, are possessive and jealous lovers. They aren't the spying kind of psychos though.

### **Love Life – Are Taurus Ascendants Lucky?**

Taurus ascendants aren't the type of people who blindly chase love. They live in the moment, especially Taurus ascendant men. They don't anticipate all their relationships to bloom.

1. Both Mars and Mercury should be well-placed for Taurus ascendants to enjoy a smooth love life and married life.
2. When they do fall in love, which can be just as rare as their rising, they expect loyalty more than anything else.
3. They might not be looking for love, but they do not believe in having meaningless sex either. They are very much emotionally present in a relationship whether or not they see their future in their current partners.

Whether or not they are lucky in love entirely depends upon the position of their Mercury. And, whether or not their marriage will be blissful depends upon their Mars.

People with their Sun in Sagittarius and their Moon in Cancer have high ideals and are very romantic. These natives dream and come up with great visions about the future.

Sensitive and adaptable, borrowing from the Cancer's side, they also have the honesty, positivity and enthusiasm of the Sagittarius.

Always looking to learn and to combine abstract ideas with practical solutions, they are flexible and adapt easily when they are using their talents and are expressing themselves.

**A Social Personality - In a nutshell:**

Positives: Practical, appreciative and charismatic;

Negatives: Careless, brutal and fatalistic;

Perfect partner: Someone who appreciates their dreamy and easy-going nature;

Advice: Practice mindfulness and try to understand what triggers your temper.

**Personality traits**

Sagittarius Sun Cancer Moon natives have a good intuition that will usually keep them out of trouble. Empathic, they understand people and their needs, that's why they are so good with business.

Always positive and fervent, these natives have profound feelings and like to think before acting. But because they're too emotional, it's possible for them to become extreme. More self-control and not allowing feelings to rule them would be suggested.

After all, they have real potential for more knowledge because they easily connect with others. Not to mention how their nurturing and warm nature makes them great teachers.

They seem to create intimate bonds with others. Their wisdom is accumulated by experiencing all the time. The fact that their Sun is in Sagittarius means they get their energy from traveling and exploring, both with their mind and their body.

These natives love to shoot their arrows at the most profound questions about the meaning of life and the Absolute Truth. You will most likely find them in exotic countries exploring new cultures and interacting with the natives.

Broadening their way of thinking and learning about new religions or traditions is what makes them tick. They will most likely be walking encyclopedias.

The energy of the Sagittarius will be used by the Moon in Cancer to reveal a personality that needs to be emotionally secure more than anything else.

But don't think this Sun and Moon combination is all about having feelings respected. They also want their opinions and their philosophies to be taken into consideration. Their close ones need to support them in their efforts to understand how the Universe works.

Governed by Jupiter, Sagittarians tend to elevate. And the Cancer's lunar energies won't make an exception. It can be said they'll be brought to their real potential and perhaps to the extreme.

Sagittarius Sun Cancer Moon individuals will be truly free only when they'll allow their emotions to circulate. This means they need to show their vulnerability if they want their loved ones to understand they're being appreciated by them.

They can learn easier than others as emotional personalities are more open and adaptable. Their interests will probably be in social studies and even languages. It's easy to confuse them with children in school because they have this aura about them.

Deep and perceptive, they have enough patience and self-control to quietly listen all the time. It's an interesting combination between the optimism, boldness and independence of the Sagittarius with the cautiousness, sharpness and inventiveness of the Cancer.

Unlike other Archers, these ones will think before acting. Confident and capable, they will always leave the impression they are profound in everything they are doing. They judge according to their feelings and intuition. And they can easily spot deceitfulness.

They can dream so much that they no longer distinguish reality from fantasy. Just like all the Cancer Moons, they are smug and very happy with what they've accomplished.

It's possible they'll stop chasing their own dreams because they are satisfied and comfortable with what already happened. It's necessary they don't get too carried away by a domestic life because they really have the intelligence and energy to do more.

People will admire and respect these Archers because they're appealing and very efficient. Their sincerity and kindheartedness will always be appreciated. But they need to be careful not to lose themselves in too much contemplation.

They are sensitive and easily impressionable, even when they discover some interesting things about themselves. Spiritual people, it's possible they will study other religions.

Imaginative, the Cancer in them will always come with great ideas for adventure, but also with fears and other type of fantasies. That's why Sagittarius Cancers need to avoid letting their feelings control their life as much as possible.

Adaptable creatures, they are aware they're the only ones who can bring security. That's why they will make a home everywhere they'll go. Because they hurry to express their

feelings, they will make friends based on their first hunch they get when meeting new people.

It's suggested they go more with those they trust and with whom they can have an intelligent conversation. The polarity between their Sun and their Moon suggests they have a tendency to be sensationalists.

These natives dream big. Not to mention they may want fame too much. They will succeed at gaining recognition if they will focus and use their intuition.

### **Love characteristics**

The Sagittarius Sun Cancer Moon lovers are very optimistic at heart and they strongly believe everything is possible and that life shouldn't be taken very seriously.

They need someone who appreciates all this about them, even if they are never moderate. But all in all, they are giving and eager to explore new territories as lovers.

The thing is, they can change their interests from one moment to another. Cancer Moons need a home more than anything else. These natives are famous for their need to retreat in a safe place they have made their own.

Their place will be the most important location for them. And this means that their partner needs to try and make it into their home from the second or third date.

Nurturing creatures, lovers with this Sun Moon combination will take good care of their other half. While emotional and moody, they will always retreat under a hard shell when feeling threatened.

### **Sagittarius Sun and Cancer Moon man**

This man is a child in an adult's body. He probably still believes in Santa Claus. What he needs the most is someone to take good care of him.

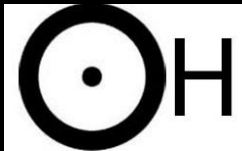

That's why he's not the best husband or father. Not to mention that he can't see how cruel this world can be. He simply refuses to see the ugly truths when these are presented to him.

Not that he can't make a living, he just needs to be protected from bad people. He's religious and spiritual, but this won't stop him from being with many women in his life. And he will say "I love you" to all of them.

When he'll want to break up, expect a fantastic story. Just like his female counterpart, he's warm and nice. This is the type of guy whose therapist will discuss with him about his childhood and the woman who raised him.

The Moon is in its place in the Cancer. It means the man with this astrological combination has a special and strong relationship with his mother, no matter if it's a good or a bad one.

## ***Sun ☉ in VIII 8th House***

([866] i.thehoroscope.co)

This placement of the Sun encourages people to want to make changes in their lives, to become better with every day that passes.

Creativity and an ability to see the bigger picture are things that really characterize people born with the Sun in the eighth house in their birth chart.

The Sun's only purpose here is to make natives having this placement more sensitive to anything of value, so they won't hesitate to take responsibility when it comes to doing something truly impressive and long-lasting, be it crafts or other matters that relate to the soul.

These people really know how to appreciate any social value. They will focus on what others possess and how these administer their resources because they like to invest their energy in collective efforts.

### **Summary:**

Strengths: Intense, introverted and observant;

Challenges: Distant, cold and aloof;

Advice: They need to pay less attention to what others are saying.

### **Permanent transformation**

Sun in 8th house natives have deep feelings that need to all the time be in tune with their inner world.

It's normal for them to often believe that fate sends them all kind of hidden messages in order for self-awareness, this being the reason why they may study the occult and the paranormal.

The more knowledgeable they become on these issues, the more they start to develop from a spiritual point of view. The material existence is something they need to adapt to because their approach to life is rather esoteric.

As a matter of fact, they'd be ready to give all of their possessions up just to experience rebirth and to start living in a higher plane of existence. Natives having Sun in 8th house are all the time interested in experimenting with themselves.

The Sun represents the ego, so its position in the birth chart reveals the traits through which people want to shine the most in life.

Therefore, Sun in 8th house people will always want to make changes about themselves, to become better with every day that passes.

It's possible for them to often make changes in their appearance, but as they're not in any way superficial, they'll most of the time decide to go through emotional and spiritual transformations.

They're the type who looks for books on illumination and self-improvement, being very curious about taboo subjects and looking to discover great truths relating to the metaphysical.

When their Sun in the 8th house would be in negative aspects, they would have a lot of chances to suffer a sudden and violent death, at a young age.

Many astrologers are saying the Sun here makes people deep, especially after they have struggled a lot to make it in life. The natives of this placement would be very interested in profound matters, even if this would bring them a lot of adversity.

### **The positives**

Intensity makes individuals with Sun in 8th house thrive, having their entire activity centered on their Sun and being all the time open to transformation.

These people may only be interested in what's censored and kept hidden, or has a cultural depth that isn't accessible to many. They're attracted by stories about superpowers and think psychic abilities can be achieved through worship in the shadows.

Sex is for them an opportunity to explore the other and to connect at a deeper level with the partner. They don't want in any way to ever live superficially and believe in extreme change, whether physical or spiritual.

The position of the Sun in the 8th house indicates they love being intimate and value privacy more than anything else, these being two of the most important things in their life.

They're introverted creatures who don't feel the need to express themselves publicly and

don't really want to expose their true self to others. Many will find them too withdrawn and won't want to intrude in their life.

Natives with the Sun in the 8th house are very interested in investigating all sort of mysteries and may even engage in dangerous activities.

For them, death is not an end, but more of a transformation process. They'll be aware that adolescence means the end of childhood and that adulthood is all about leaving their parents' house and building a life for themselves.

This is how death in the 8th house is being interpreted, both in Tarot and astrology. However, if they decide to exaggerate being morbid, this can indicate there may be something in their destiny that is related to the end of their life, so they should study their 8th house a little bit more because this is the ruler of endings.

The 8th house is all about all the life's mysteries, and the Sun here can make them focused mainly on what can be find here. They will want to discover mysteries and study taboo subjects, magic and creative visualization.

The same position of the Sun suggests they would look to grow and develop with the help of their life partner. That's why they're not only looking to interact with their other half, they want to completely merge with this person and to no longer care about anything else.

If having a trustworthy partner, they would get their energy from their relationship, believing in the individual they're with and not even thinking of someone else for as long as together.

Their ideal lover will want to "unite" into wholeness with them, believing that only through the relationship they're having, things about themselves can become clearer.

It can be challenging for people with the Sun in the eighth house to not become dependent on the one they love and to trust this person completely. It's difficult to define this house when it so much influences natives to expand with the help of their romantic relationships.

Sex symbolizes a spiritual union for them, so expect their lovemaking to be passionate and intense. Individuals with the Sun in 8th house want to help others and can deal with difficult situations, whether theirs or others', as effectively as possible.

### **The negatives**

The Sun in eighth house offers a great transcendental potential to its natives, at the same time making them eager to experience intimacy and to explore their own soul through relationships.

These people will begin the entire process of knowing themselves by analyzing their subconscious and working with all kind of mystical approaches.

But this means they'll isolate themselves emotionally and even have problems with their ego, especially when losing someone dear, being restricted or socially rejected.

It's very likely many of them will end up institutionalized at least once and when young. They would rather fantasize, force their ideas upon others, become religious fanatics and plan to become masters of the occult than give up their ego, which pushes them to be all this and to search for power in different realms than the one where all the humans interact.

These people usually seem at peace with themselves, calm, confident and capable, but they will always have some vulnerabilities because they want affection and for people to be committed to them, being all the time terrified they won't find what they need.

When isolated, it can be difficult for them to see others have weaknesses too, not to mention they can become very cold and even cruel.

They may rely on only one person to offer them the emotional security they so much need and to be devoted to them. This means they have problems letting go of people and are pretty neurotic thinking they may lose their other half.

The man with a Sun in eighth house position will want a woman to make him feel emotionally stable, someone who's rich and has a successful career.

It can be difficult for them to find such relationships, but at least they'll try. He will invest all of his time and efforts to conquer his ideal lady's heart and after getting her, expect him to be terrified of losing her financial and emotional support.

When the Sun in 8th house happens to be afflicted, people with this position may be the type who'd do anything for money, fighting in courts of law for inheritances, not paying alimony and refusing to leave anything to their ex after a divorce. They would also be very judgmental not only with others, but also with themselves.

### ***Moon ☾ in III 3rd House***

([874] i.thehoroscope.co)

Although rational, people with the Moon in the 3rd House will also take their emotions into account and prefer to forge real connections with their close ones.

The Moon is all about sensitivity and emotions, and the third House rules over communication. This way, individuals having the Moon in the 3rd House have absolutely no problem sharing what's in their heart and mind.

As a matter of fact, they may have too much openness and their emotions can sometimes be too strong. Learning how to communicate less may be their life lesson, because some people don't want to hear everything from their interlocutors.

Natives with the Moon in the third House tend to be more sentimental than their peers. These people are very attached to the places where they have been raised, so taking them where they used to live would be a good idea.

**Summary:**

Strengths: Curiosity, responsivity and affection;

Challenges: Nervousness and restlessness;

Advice: Try slowing down and focus more on what is said.

**Keen on what the world has to offer**

Moon in 3rd House people love to listen, to talk and to learn new things. They are great with new languages and at impersonating others.

There are two ways with them: they either become great intellectuals who filter everything through their mind or become too emotional. Many of them are both these things at the same time, managing to achieve a balance with age.

They can change the way they think very often because they're always taking others' opinions and make them their own. It's not that they want to copy anyone, but more that they're open to anything.

It's normal for them to be agitated and nervous, especially when spending too much time in one place. Their decisions are often based on what they're feeling and emotions, determined by what makes them feel comfortable and not by logic.

Believing rationality is the main thing that characterizes their way of thinking, they're in fact only relying on intuition and feelings. It's not a problem for them to talk about emotions and things that are personal, so people can trust them with their secrets. Not to mention they will also confess theirs and provide the best insight anyone ever could.

When it comes to the third House, this is where planets and signs deal with the consciousness of an individual. Since the Moon is all about what's hidden and

mysterious, people with Moon in 3rd House will be dreamy and aware of their own imagination.

This celestial body brings the conscious and the unconscious together, making its natives more melancholic and stuck in the past, but also deep in their way of thinking and very resourceful when it comes to ingenious ideas. For them, the world is a place that has plenty of useful information to offer.

When in the 3rd House, the Moon puts an emphasis more on the mental aspect than on the emotional one. Therefore, even if these natives are very sensitive, they still can understand a lot of the logical and intellectual data in their environment.

Their intuition is present in their learning and observational processes, but relies more on relational aspects than on other things.

Their instincts help them know what to expect from their social surroundings, and they don't mind conforming to what's around them without even thinking too much about it.

The problem here is that they may absorb too much information, and not in the empathetic way of the Moon in the 3rd House natives. Their mind seems to be continuously racing and to absorb information that isn't necessarily too useful for them or anyone else.

This is why they sometimes worry too much, being nervous about what is going to happen and what consequences their actions will have.

People having Moon in 3rd House can't simply tell their minds to just rest, so the danger of thinking too much and pointlessly is very present in their life. The good thing about all of this is that they can react very fast and solve problems more easily than others.

Their mind is always clear and can respond almost instantly to any type of stimulation. That's why it's easy for them to understand what others may be going through, especially when it comes to matters of the mind.

But they need to be constantly challenged and encouraged to talk because this is what makes them feel good. Loving to interact and to verbalize matters of the heart, they often prefer to rely on their gut rather than on facts and logical arguments.

As this house is also a ruler of movement, it's possible they will work as travel agents or guides. Because they love to accumulate information and then share it, they will make great counselors.

Expressing their most inner thoughts comes naturally to them, so expect to hear many things about their feelings or to find out they're keeping a diary after coming back from

work.

These people can make great connections between the mental and emotional realm, but they do it privately, recording all of their feelings, just as a live commentator would.

### **Knowledge is what feeds their soul and mind**

Moon in 3rd House individuals are communicative, open and allow their emotions to rule over their thoughts. They make friends immediately and get along with anyone, because keeping in touch with others comes naturally for them.

Their need for communication is what characterizes them the most. The Moon is also related to family ties, memories and feeling things deeply. Those who have it in the 3rd House can accumulate knowledge on any type of subject without too much effort.

Many of the things they're studying can be related to the past, like history and anthropology. They need to be intellectually stimulated because knowledge is what feeds their soul and mind.

Curious and always interested in knowing more, natives with this aspect are the eternal students who seem to wish for a higher education, all the time.

They feel like they're having a strong connection with all the Universe's secrets ever since their childhood. The environment around them is always well understood and interpreted in the correct way, but they're pretty changeable when it comes to their opinions and the way they're seeing things.

Eloquent and intelligent, it can be said these natives have the greatest mind gifts of all the people with Moon in different other Houses. Besides this, their interests are many and well established, so you can ask them about anything; the answer they'll give will be correct.

There can be times when they're confused about their thoughts and feelings, so don't be surprised if there's subjectivity in their opinions or their judgment is sometimes clouded.

The Moon determines what a person feels in the most profound sense. It's about how people are the most comfortable, so it's pretty much related with what's private and doesn't get shown to others.

The talents it rules over are the most natural ones, together with the habits they feel the most relaxed with.

Communicative, these natives won't mind telling what they're feeling, no matter if they're happy or depressed.

Because the Moon is connected with the strongest emotions, this means those with it in 3rd House are always worried about what may be going on in their hearts.

Natives having Moon in 3rd House of communication are great students who love to write and exchange ideas by discussing for long hours. The same celestial body makes them changeable according to its phases, so expect them to have moods and to not keep their train of thoughts on the same route.

This means they're restless and continuously thinking about what to do or the subject they should learn about next.

Also ruling over movement, the 3rd House influences how people change their mind. It also influences how much they like to travel and how good they're feeling in the place where they have been raised. The Moon in third House people are always on the go and jumping from one idea to another.

Sometimes, the position of the Moon in this House can influence individuals to feel more secure and, in their element, when knowing more about their environment, so it's a matter of Sun sign and aspects that determines the lunar influence here.

### ***Moon ☾ - Ruled by Cancer***

([871] southfloridaastrologer.com:) The most authentic expression of nurturing and emotion is experienced when the Moon is in Cancer. Emotion and nurturing are Cancer's way of experiencing life. The Moon feels at home expressing its nurturing ways and experiencing emotion when in Cancer.

### ***Moon ☾ in 9th Nakshatra: Ashlesha***

16°40'-30° Cancer

### **Short Version [2]**

Strength: independent, clever, versatile, sharp, philosophical, entertaining, multiple occupations, seductive, gains through spirituality, passionate and disciplined when interested in topic, ability to accomplish greatness when motivated.

Weakness: mental instability, nervous, depressed, moody, deceptive, tactless, lacking social skills, impolite, careless, selfish, secretive, detached, ungrateful, unpopular, introspective, reclusive, blunt, unappreciative, possessive, breaks the rules, scattered, unproductive.

### **Overview [1]**

- Lord: Budh (Mercury)
- Symbol: Serpent. This represents divine wisdom, cleverness, danger, and sensuality.
- Power: To control poison. Ashlesha has destructive powers, like poison does, and also the ability to restrain this destructive power. This nakshatra also bestows the ability to tolerate.

### **Strengths [1]**

The influences of Mercury and Cancer make Ashlesha natives very mentally active. You are smart and have a thoughtful nature, often contemplating things deeply and questioning what others might accept at face-value. Philosophy interests you and you can discuss theoretical concepts with ease. You are gifted academically and are likely to receive a good education.

There's not much that gets past you — astute and intuitive, you have an almost mystical ability to penetrate right to the heart of any situation. This holds true with people as well. Those who meet you might feel that you see straight to their souls.

Self-restrained and austere, you are able to control yourself perfectly in most situations. You don't rely on anyone else and take pride in your independence. Although you are satisfied to act on your own, others can't help but be drawn to you. A magnetic, seductive quality makes people seek after you. This ensures that, when you do want it, you always have a ready companion.

### **Weaknesses [1]**

The downside of your self-reliance is that it makes you detached, and sometimes unappreciative of what others have done for you. Your indifference to who or what passes in and out of your life can make you behave irresponsibly — you may not care enough to put in the hard work. Without even trying to, you may make other people feel

like they aren't good enough.

You can be reclusive, often preferring your own company to that of others. Your hot temper and love for competition can make you sharp and insensitive. Because you are unusually perceptive, you are able to cut deeply and accurately when provoked.

Although you may believe that you don't need anyone else, be careful not to unintentionally burn all your bridges.

Clever and cunning, you may create mischief for the sake of it. You are talented at deception and have a tendency to lie — not only to others but also to yourself. At heart, you are idealistic and you may become anxious and melancholy when reality doesn't match up to your ideals. Happiness will come to you more easily if you gain the courage to face life as it really is, and moreover feel gratitude for all that it offers.

### **Other Personality Traits [1]**

- You are a rule-breaker. You won't abide by established norms just for the sake of tradition, and this allows you to think outside the box. However, you also break rules that perhaps shouldn't be broken in order to achieve your goals.

- You are a skilled writer and speaker. Mercury's influence ensures skill with language. Whether on the page or in speech, you are able to communicate well and impress others with your ideas.

- You may have stomach problems. This could stem from a difficulty in controlling your diet. Utilize your self-restraint to moderate your diet, and eat wholesome, healthy foods.

- You are possessive. Ashlesha is sometimes referred to as "the clinging star." When you become fixated on something, you have difficulty letting it go.

- You may have affairs. A fascination with sexuality and your disregard for rules and constraints may lead you into multiple love affairs.

- You are powerful. There is no question that you have the ability to do great things — your power is evident to everyone you come across. You are not a good person to cross, because when provoked you are capable of destroying your antagonizers.

### **Career [1]**

Thanks to Ashleshas' extraordinary intelligence, they do well in almost any career that utilizes their intellect. It may be difficult for them to work in positions where they don't have enough independence.

Some ideal professions include:

- Writer, editor, or teacher
- Lawyer or politician
- Astrologer or yoga instructor
- Chemist or pharmacist

Note: Ashleshas may also be inclined to work in the sex industry.

### **Health [3]**

Their inflexible approach to life leaves them wanting for peace of mind as they fight to maintain their rigid beliefs. They tend to hold their stress in their stomach and intestines and are prone to heartburn and flatulence. They may experience inexplicable leg pain

and be prone to liver problems. Many Ashlesha also struggle with addiction.

### **Physical Appearance [3]**

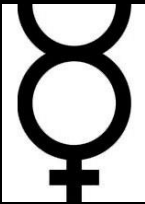

Their highly emotional nature is disguised behind tough appearances and burly body type.

### **Pada [1]**

### ***Moon ☾ in fourth pada***

(26°40'-30°00' degrees Cancer): Pisces navamsa. You are scholarly and are well-versed in the literature of the world, but your curiosity isn't limited to what can be learned in books. You see the world itself as an opportunity to learn, and you love to travel and see its wonders. Romance and adventure appeal to you. You may spend money extravagantly.

### ***Mercury ☿ in ♒ Aquarius man 3° 26'***

([904] i.thehoroscope.co)

He loves to create havoc around him and doesn't accept to be told what to do.

The Mercury in Aquarius man believes that problems can only be solved by facing them rationally and logically, with a plan, and that humanity can only advance by putting emphasis on science, on technology and progressive fields.

His speech is cold, technical, marked by a certain rigidity and strange intonation, like what a robot would utter. He lacks any emotional depth or even the most apparent layer of feeling in his words.

### **In a nutshell:**

Positives: Visionary and eccentric;

Negatives: Snob and indecisive;

Soulmate: Someone who can keep them away from boredom;

Life lesson: Leaving anxious thoughts away from time to time.

### **The forward thinker**

He's the last free-spirited individual left in the world who just won't agree to be tied by

rules and regulations. If the world wants to follow a path toward perdition and degeneration, why should he follow it like a blind sheep?

The Mercury in Aquarius man will find it incredibly dull and tedious to live his life according to traditional principles, to dying ideas that the people of old followed.

This is the 21st century, a new age has come, and it's time for everyone to ascribe to this change that has taken place. The future is here for the taking. Science, technology, the new and the innovative must be finally accepted.

He creates havoc wherever he goes, raises a lot of questions and inquires into the nature of things. He won't hesitate to contradict anyone, even people with authority.

He doesn't accept things like "you shouldn't do that". Why not? He's intelligent, well above the rest of us, so if you believe you know more than he does, prepare for a cold shower of reality.

His unwillingness to follow a certain code of conduct that everyone else does is often perceived as snobbism, eccentricity, but it's really a result of deep thinking, analysis, rational forethought.

He's very good at telling what other people think, discerning their motivations, desires, corporal language, but will treat all of them fair and square. He will even help anyone in need.

His creativity and inner drive to put his thoughts into words make up a perfect combination. If he doesn't become a writer or a journalist, he's missed his career.

Even a professional debater will do, as long as no one tries to infringe on his freedom of speech and strange patterns.

If you've thought of a crazy and apparently idiotic idea that could have an immense influence on the world, chances are a man born with Mercury in Aquarius has already thought of it, demonstrated it to be unrealistic and moved on. He's organized, structured, meticulous and realistic, always.

Let's finally get to the topic that you've been anxious to find about, how does this native fare in his love life? Depending on the type of person that you are, it can be both good and bad.

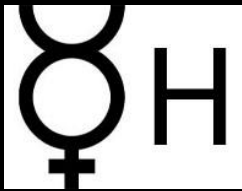

He's less receptive than most, in the sense that he likes flirting and talking to other women, but a relationship is not exactly at the top of his priorities.

If you manage to excite his intellect and intrigue him by flaunting your knowledge and

curiosity, then you can be sure that he's going to fall in love right then and there.

He doesn't care about stuff like age, race, religious beliefs, although he's willing to debate you on them. He's definitely a factual person who's more likely to bombard you with rational reasons and motivations, rather than emotional matters.

## ***Mercury ♀ in X 10th House***

([917] i.thehoroscope.co)

This placement of Mercury makes people especially good at solving tough problems during critical times when others would shy away and remain stuck.

Those who are born with Mercury in the tenth house are specifically aiming toward personal development and great achievements in their personal lives.

Nothing is more important than their goals, how they can get to a level where they look down on everyone else, the top of the social ladder. They are great speakers, they know how to communicate, and they might even know how to put their thoughts into writing with great flair.

For these natives, a career is so much more than mindless working and repetitive tasks. It's about vision, intuition, adaptability and the intelligent application of focused effort.

### **Summary:**

Strengths: Elegant, charming and discerning;

Challenges: Impulsive and controlling;

Advice: They should be open to new experiences, not afraid of them.

### **Great at problem solving**

With Mercury in the 10th house, these people know exactly that not taking any action now will result in lost opportunities and a failed future.

This is why they don't hesitate when confronted with challenges, when they have the chance to develop themselves, to gather more knowledge and to hone their skills.

It won't be a surprise to see them doing odd jobs, working in two places at the same time, all in an attempt to discover themselves, to walk the path of evolution.

What helps them everywhere they go is that talent for efficient communication, a flair for using words with high impact, the capacity to summarize information and share it so that anyone understands it. This propels them to the top of their game.

They might choose to leave for some time if they find great opportunities in other places, and it's obvious that the geographical limits don't exist for them.

Hell, they even relish the time off, the exploration of other cultures and the assimilation of foreign ideas and principles.

Don't even think that they love being held up against their will in an office, in front of a computer, without the freedom to change their approach based on personal preference.

They are especially good at solving tough problems during critical times when others would shy away and remain stuck.

Those with Mercury in the tenth house simply stay calm and analyze the situation appropriately, using mental awareness and cold intelligence to make quick work of any problem.

Mercury gives them an edge when it comes to speaking in front of an audience, persuading or otherwise showcasing a piece of information in the most efficient way.

Success is the most important goal on their to-do list, and it's supported by endless ambition and perseverance.

They realize that their great powers of persuasion and verbal sweet-talking could be used to manipulate and convince figures of power of the veracity of some claims, tricking others into believing something.

This is why they are generally careful about what they say and how they put it so that the rest are left with their free-will intact.

They do have a high-end connection with those that hold the authority, but they are generally subtle and humble about this.

All in all, being aware and focused on the exact details of their career is precisely the reason why they already have a good situation from early on, on in the media most probably.

They have to realize that it's their responsibility to present themselves in the best light when in public, to impress and create a good opinion to others, to appear as reasonable and trustworthy people.

The Mercury in the 10th house natives are always thinking about their potential, always focused on how they can develop and advance in their careers.

In spite of all the difficulties ahead, these people just don't give up and will not fret even when they have to take on multiple obligations at the same time.

That will only challenge them further to overcome their limits. It can only be something good.

### **The positives**

The Mercury in 10th house people know how to approach any situation and how to best put their abilities to good use.

Even when working in a team where teamwork is essential, and there are many different individuals with different mindsets put together, they manage to make do impressively.

Mainly, it's because they know when to speak and how to present their ideas in a frank, and yet calm demeanor, so as not to insult or criticize anyone.

Communication is immensely powerful and important in this astrological placement.

Once transmitted, knowledge can take on the role of game-changer, it truly reaches its potential and transforms the world, as well as the minds of people.

They are serious, understanding, with an agile and tricky mind which they use to bypass any hostility coming from their audience.

There are plenty of domains where they could flourish and get to the top with ease, but it's usually in public relations or the media that get to benefit from their help.

Literary endeavors, public speaking, establishing a business related to communication, interpersonal relationships, the 10th house Mercury natives will most likely tend to think about these ideas.

Of course, being so adept at using words to create a certain image, the world will look at them with admiration and respect.

### **The negatives**

They may be materialistic and relish in the comfort that money brings, but you can't say that they waste it on superficial and ignorant things.

It seems as though everything they invest in has a specific purpose tailored to their lifestyle, something that brings it up a level, makes it even more enjoyable, at least for

them.

And it's something pretty simple, and yet misunderstood by many. Anyone can choose what lifestyle suits them best, and how they lead their life. It's pure subjectivity.

They've worked long enough to afford these moments of self-appreciation and comfort. Moreover, this is also the time when they will think about committing romantically, even establishing a family.

They need to know how to impress and attract a partner though. It's a combination of self-endorsement, a showcase of their abilities and personality, as well as the material means to ensure safety and security.

They aren't appreciated by everyone out there, and some even criticize these natives, but hell, who out there is loved by absolutely everyone?

There is always the odd one out who has something to say, and there are often the failures and begrudgingly scornful individuals who want to muddy their reputation and fame.

He wants to find a woman who is just as crazy about exploration and adventure as him. He doesn't want to get bored or suffer from inactivity, and he would rather walk the path ahead alone than with someone who's constantly trying to criticize his interests.

Don't try to set a routine for him to follow, and never force him to do something that he doesn't want.

### **Attracted by ...**

He's interested in willful and cheerful women who look at the world with optimism, with the fiery impetus of a conqueror who can't wait to set foot in the castle that he's just put through the sword.

Be loyal, devoted, and love his excessive reactions in order to show how much you appreciate him. This native doesn't want a woman who is dependent on him, and he despises deceit and lying.

The man born with Venus in Sagittarius won't soon commit to a long-standing relationship because that would mean he would have a lot of responsibilities, that he would be tied down and his freedom would be inhibited in some way.

He wants to keep this independence, this impetus and drive that are the lifeline to his continuous fulfillment.

In a partner, he seeks the same sense of adventure, that constant nagging feeling that you must get out of the house and just run away into the wilds, with nothing but your will alone.

He's the eternal adventurer of the zodiac, and he's never going to abandon this part of his personality.

Naturally, he cherishes and protects his independence with fierce fury because if he were forced to adhere to certain routines or fixed programs, it would truly kill him from the inside.

They get easily bored with the everyday issues and need a little bit of drama in order to feel happy.

### **Summary:**

Strengths: Devoted, witty and romantic;

Challenges: Overly dramatic and superficial;

Advice: Be the person who matches their words to their actions.

### **Passion makes them feel better about themselves**

People having Venus in the 8th House, which rules over sex, are very charming when it comes to love. They like being romantic, giving or receiving flowers and forging meaningful relations

It's very possible they will start a business with their partner or inherit some money they will very much depend on. Their friends will be true, and they'll probably be interested in the occult.

When it comes to love, they want things to happen intensely because they really don't like casual encounters and to just have sex for the fun of it. They don't dream of something strictly physical and prefer a relationship with as much drama as possible.

Everything that has something to do with superficiality or the mundane bores them. Fearful to not appear weak in love, they may struggle to keep their emotions under control. Jealousy and possessiveness are normal for these people, because they're terrified to not get cheated on or betrayed.

They wouldn't allow themselves to appear weak in love no matter what, being very afraid to be cheated on and very jealous.

Those who have managed to win their trust should never disrespect them or abuse their good nature, because they're very loyal and giving. If you'll offer them back what they have given to you, things between you two should go on smoothly.

Passion makes them feel better, so they're charming others just to bring out their most fiery attitudes. Everything that's secret and taboo makes them thrive, wanting to get together with people who have obsessions or are a little bit broken inside.

It's not unusual for them to turn their love relationship into a business one, because they can really collaborate with their partner, no matter if it's about romance or money making. Many will be fascinated by their intensity, wanting to know them better with every day that passes.

Individuals having Venus in the 8th House are very generous with their love and passionate, because they feature all the Scorpio's traits.

Everything is deep with them, and their favorite thing to do is discover their lover's secrets, as it's impossible for them to live knowing their other half is hiding something. That's why they go for mysterious and dark people, for those who inspire a little bit of danger and have a ton of sex appeal.

As a matter of fact, they're transmitting a lot of sexual energy themselves, being almost irresistible with their seductive ways and penetrating eyes. Those who are in love with them can see how capable they are of an intense connection and of offering the greatest pleasures in bed.

However, Venus in eighth House natives need someone who will be fully committed to them, no matter if it's about love, friendship or business.

They usually don't give their heart away immediately, their stubbornness being something others are usually trying to overlook. But they are really able to connect or to make people trust them, whether they reveal their dark side or not.

Very curious about secrets, they avoid sharing their own and stick their noses where they shouldn't. Not at all good at small talk, individuals having Venus in the 8th House want to discuss matters of the soul and philosophy.

When feeling like they no longer have any power, they start manipulating others, because being in control makes them feel emotionally secure.

If their partner starts to grow apart from them, they become enraged and can no longer be controlled in their plans for revenge. This happens due to the fact that they're deep and feel things more intensely than others.

The eighth House can teach them to be more trusting and let go of the past, if only they listen to how this location in their birth chart influences them. Venus has its own shadows when placed here, so natives having this planet in the 8th House will be attracted by the forbidden and everything that's taboo.

They will think of death and create great art out of this. If artists, they will make all kind of morbid pieces that are really appreciated by their admirers.

Seductive and wealthy people can make them fall in love easily, because they're sexual and have a love for luxury. Those who are preoccupied with the occult will always have a special place in their heart.

### **They are rather reserved**

People with Venus in the 8th House are emotionally intense and passionate, always wanting to establish deep connections with others. The planet of love is sometimes overwhelmed in this House of darkness and secrets, but it definitely makes its natives more deep, emotional and needing to merge with someone from a sexual and mental point of view.

They will always want to have committed friends, lovers and business partners. Very intuitive, insightful and sympathetic, they can also come up with original ideas and successfully explore what's being hidden to the public eye.

When out in the world, they are rather reserved, mysterious and somewhat mystical. Venus can get deep into the way they interact with others, making them unconsciously profound and capable of tremendous passion.

The eighth House rules over death, so having Venus here can signify an ending that's not so painful. They will probably die in a beautiful place, surrounded by all the people they care for the most. It's the position that suggests an ending in the arms of their life partner.

However, if Venus is in bad aspects here, they may have many losses in their lifetime, physical or symbolical, as it can also be that their spouse doesn't love them the way they used to, which is also a great loss.

Individuals having Venus in the 8th House should be careful not to become manipulative because they can immediately attract people, so the temptation to use others can be very high.

It's also important for them to have control over how jealous and possessive they are, because they can exaggerate with these negative traits.

Looking at which House falls in Libra or Taurus, they can see how they can use Venus' energies in the most constructive way. It's easy for them to become financially dependent on others, so they should pay some extra attention to this aspect.

These are the types of people who don't mind quarrels over inheritance and who prefer destructive ways over superficiality and the mundane.

When loving, they completely devote themselves to their partner, expecting the exact same thing in return. It's very likely for them to exit relationships in which nothing is happening just to enter others that have more conflict.

Wanting an intricate sex life, they can't deal with their psychological issues by making love, because they're too intense for things to be simple in their life. They will probably think all the drama and betrayals happening are meant for them, as they like to think of themselves as victims.

The 8th House can generate a storm of feelings and doesn't allow people to get too comfortable. When Venus is placed here, the natives with this placement will search for an aggressive love that makes them feel nauseated and feeds their soul.

### **In conclusion**

Let the Mars in Aries man work when you see him focused on the project. He may stay there for a few days, not even lift his head to see who's been visiting him, but you'll be surprised at his efficiency and productivity.

What happens is that he can't let off a challenging prospect once it comes his way. It's too tempting, and he's also stubborn.

So, chew on that a little! He's egocentric, self-centered and he wants his merits to be recognized. After all, he's the one doing all the work, the one coming with all the good ideas, and also the one that brings the competitive spirit back to the surface.

**Summary:**

Strengths: Emotional, direct and creative;

Challenges: Secretive and insecure;

Advice: Avoid living in the past once you've learned its lessons.

**Making their dreams come true**

People having Mars in the twelfth House may have a more difficult time when some of the planets in this House are in a negative aspect or afflicted. They may be frustrated and feel like their efforts are not being appreciated enough.

Their repressed anger would have them in bad moods and feeling irritable without them even realizing it. Some of the dormant behavioral issues they have may become active when they become moody, making their self-assertion efforts useless.

It's important for them to become conscious of themselves, no matter how defeated they may feel. They function better when working alone and for charitable organizations.

As long as they don't try to run away from reality, they can do just fine even when isolated.

As children, their parents and siblings have probably encouraged them to be less direct, confident and selfish, which means they simply can't go after what they want as adults. Individuals having Mars in the 12th House hate conflicts and are passive when someone picks on them.

They can exaggerate small incidents and usually aim their aggressiveness in the wrong direction. Expressing their anger in a nonverbal way, by slamming doors and making short, mean remarks, they may not feel anger in the moment of an incident, realizing they should be furious days after things have happened.

Their problems with unresolved feelings of rage have something to do with the complexes they used to feel in their family, as children. They can't acknowledge, own and experience their own anger and repress it, projecting what's coming from outside towards them, not the other way around.

The meeting of the two translates into individuals who assert things secretly and who want to hide their ugly feelings, because they think any type of conflict is completely

useless.

When everything that's suppressed in them explodes like a nuclear bomb, it will become impossible for them to control themselves anymore. This shows how passive-aggressive they can be and how working alone would be more beneficial for them.

While their goals may seem impossible to attain, they will manage to make many of their dreams come true when doing things on their own.

Some of their ambitions cause them to be anxious, because they don't want to disappoint or to seem inferior in others' eyes. These natives usually choose noble jobs like the ones in health and law because they feel the need to find what's causing problems for some people.

They may feel as some plans they have in mind are ruined from the beginning of implementing them because they think they turned too philosophical or that frustration got over their life.

When Mars is in positive aspects, it makes them very good at working in institutions that somehow restrict, like jails or mental wards.

If the aspects are negative, they're advised to stay away from any activity having something to do with crime, because they'll definitely get caught. Not to mention how big of chances they have for one of their accomplices to be a snitch.

### **Practical aspects**

No matter if personal or non-personal issues, natives with Mars in the twelfth House can be very assertive in their secret life. They will always avoid conflict and suppress their anger, which means they may have outbursts of rage from time to time. When working all alone, they can make their almost impossible dreams come true.

Their anxiety over their goals and the fact they're not thinking of themselves too much has these natives looking to belong to a group.

They'd make great psychiatrists because they want to identify the causes of problems, only their philosophical nature, frustration and helplessness staying in their way when they're struggling to succeed.

Mars in 12th House individuals are very influenced by their subconsciousness and can convince others to help them succeed, even if they're pretty secretive about what they want.

They should be open about their anger because suppressing it can be something really dangerous for them.

It's a disturbing placement to have, Mars in the 12th House, because its natives can't express their aggressiveness the way others do, which means exaggerated violence that sometimes takes a critical direction, making anger-management classes necessary.

They will probably get bullied as children, because they can't stand up for themselves and are simply terrified of any type of physical abuse.

Their worst nightmares during childhood will be about other kids and even their parents beating them. Their traumas will have them hide from those who seem strong and eager to start a fight.

When attacked, they'll run as fast as the wind as they'll be sure they can't in any way defeat their opponent and don't want to be caused any pain.

Terrified of losing a fight, they won't even get involved in conflicts with people who are noticeably weaker than them. It's suggested they become stronger and live their life as actively as possible, engaging in all sorts of activities that make their body move and help them become more agile, while also building up their confidence.

Martial arts or boxing should be their hobbies, because these would make the energy of Mars in them flow in the right direction.

Not to mention how much such sports could help them with their anger problems. When no longer thinking about these feelings as their demons, they'll have a better life and no longer bury their emotions deep within themselves.

When in negative aspects, Mars can influence these natives to suffer from paranoia about war and great calamities.

The 12th House is not a good placement, especially when close to the Ascendant of a person. Natives having this position in their chart should stay away from violence, knives and fire guns because they can cause accidents.

### **The downsides**

Natives with Mars in the twelfth House may have some serious problems keeping their life in order and dealing with everyday issues. The help of others would be tremendously beneficial for them when it comes to responsibilities. If not given a hand, they may lose control and no longer have any contact with reality.

While wanting harmony and peace of mind, they don't even realize how much chaos they can create because Pisces is the ruler of the 12th House.

They should pay attention not to get lost in their own fantasies, as this can make them

miss on real life. Many will be annoyed by the fact that they're immature and can't commit.

### **Mars in the 12th House in a nutshell**

These individuals need to use their many social connections and manage their life by making things happen for them because they're able and energetic enough for action.

Believing they can do great things is very difficult for them, so they should allow others to encourage them, just like they encourage others all the time. A little bit of confidence could have them accomplish great things in life.

Fantasizing is not something they should rely on, as only taking action can put them on the right track, which can in return make them very happy.

### **Mars ♂ - Ruled by Aries (& Scorpio)**

If you have Jupiter in Pisces you are using your intuition to achieve what you want.

People with Jupiter in Pisces are intuitive and good healers because they play with the subconscious a lot, whether their own or that of other people.

Jupiter has no limits and the Pisces sign is empathetic, so it can be very easy for people born with this transit in their natal chart to get lost in what others are dreaming.

That's why they need to set some limits and use crystals or sage that can clean their energetic field. Not to mention they are also prone to different addictions.

Jupiter Pisces will always be the hedonists of the zodiac. The fact that they are also romantic will make them relentlessly search for their true love their entire life.

As they are fascinated by the human mind, they could be great as yoga instructors, astrologist and even hypnosis-therapists. They are also good musicians or dancers. Basically, anything that has something to do with creativity would suit them.

As the second ruler of the Pisces, Jupiter is in power in this sign, together with Neptune. Jupiter Pisces are mystical and spiritual. They could easily guide others towards living a better life. It's easy for them to support people in their most difficult moments in life.

**In a nutshell:**

Style: Spiritual and compassionate;

Top qualities: Imaginative, loving and expansive;

Weaknesses: Fixed nature and oversensitivity;

Advice: Pay attention to the explanations of those close.

**The impact on personality**

The generous Jupiter can make everyone more aware of their consciousness. But because Jupiter is the neighbor of Neptune, the planet ruling Pisces, it's very unlikely the changes this planet can make are going to be very dramatic and noticeable.

However, the transition will bring a quiet type of knowledge, no matter if the natives will meditate or just have a walk. They will probably dream and have visions of all kinds.

It will be a mystery how truth will reveal itself to them. And they won't be able to explain their experiences with the surreal. Either way, Jupiter Pisces will still get great ideas from another plane of existence.

But they will think with their heart, not with their head. We have to gain our own access to the first and most important experiences in our lives. We have to exist as separate personalities to identify our needs.

However, Jupiter Pisces believe more in the wisdom obtained from compassion because for individuality we need to be fearless and less prejudiced. But don't think that if Jupiter is in Pisces, these people's problems will immediately cease to exist.

However, for an entire year while the passage will happen, Jupiter Pisces will be more compassionate, forgiving and balanced when it comes to their relationships with others.

But their artistic side will nourish their soul, while making them more capable to work hard towards a tangible purpose. The more compassionate, tender and devoted Jupiter Pisces will be, the more luck and good things they will attract.

They love to help anyway. It's like they need to give a hand to the less fortunate. Empathetic, these guys can feel others' pain. And all they want is to make things better for everyone. Their imagination and creativity will help them be great artists.

Any occupation involving the art of healing would be perfect for them. Their interest in the occult and fantasies can't be seen in other signs. Not interested in the material world, they're religious and deep. Not to mention they prefer seclusion over big groups.

They don't want to be in the center of attention, so they'll most likely work from behind the scenes. Sensitive and easygoing, they will probably not have too big ambitions. People will take advantage of them because they are very giving.

But many will like them just the way they are because they have a thing that just gets to others' soul. It may be the fact that they are good listeners, kind people and idealistic dreamers.

Out of all the signs in the zodiac, Jupiter Pisces are the most likely to develop psychic abilities. It can be said they have a large vision and that they are able to understand this life is nothing but a stage for us, the actors, to play our roles on.

Spiritual people, they will most likely know all kind of religious rituals for soul-searching and cleaning. Jupiter Pisces are expansive and want as many people as possible in their life. It's easy for them to get together with others and they are very tolerant with their friends.

No one will be excluded from their life and they will be the shoulder on which everyone cries. And they will understand every problem because they are intuitive and good psychics. They can't stand to see people in pain and are known to get satisfaction from making selfless acts.

### **Understanding the main tendencies**

Being of help makes Jupiter Pisces natives shine as they are empathetic and sensitive, the most nurturing and kindhearted sign in the zodiac. And Jupiter makes them even more like this.

That's why they would be great as social workers, veterinarians, counselors. In general, they feel good when they are helping people or animals in need. Expect them to give a hand to any creature that comes their way with a problem.

They are good psychics, but just like the Jupiter Cancers, they can be insecure about their abilities and instincts. So they may not allow what they are best at to work in their favor.

A negative way in which Jupiter influences them is that they can become escapists and see things only the way they want to see them. They can have these rose colored glasses all the time. It's normal for them to build their own reality and not be able to distinguish fantasy from reality anymore.

When Jupiter transits a Water sign, those affected may try to escape the real world by abusing alcohol or drugs even more than those with the Sun in Pisces. If it happens that both Jupiter and the Sun are in this sign, expect people with this transit in their natal chart to be extremely sensitive to substance abuse.

Not to mention they could get depressed very easily. But after all, they are the artists, the poets and the dreamers of the zodiac. Jupiter helps them dream big, because they are so good with people, you can find them volunteering for the homeless and the poor.

It's their fantasy world and their sensitivity to drug and alcohol that makes them drift away. When it comes to their own good, they may not know what's best for them. When it comes to consistency, they surely don't have it.

But with some meditation sessions, they can become better and even escape what stresses them. If they want to be luckier, they need to be sensitive only when it really matters. Not trying to escape reality would be helpful as well.

### **The Jupiter in Pisces man**

It can be difficult to read the Jupiter Pisces man. Not only he's dual and conflicting, he's also mystical and this will be felt in his love life. As a matter of fact, it may be interesting in the beginning but it can become a problem with time.

The best thing with this guy is to ask him his honest opinion every time. He will always be interested in the deepest life problems and will give sound advice. Because he's a big philosopher, he will often be lonely.

Jupiter will help him develop his relationships with others. Mysterious but loyal, he's also progressive and familiar, especially when he gets encouraged by the Jupiter Pisces transit.

### ***Saturn ♄ in ♉ Taurus man 4° 17'***

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

**In a nutshell:**

Style: Practical and generous;

Top qualities: Possessive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

**Personality traits**

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation.

Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

### **Transferable attitudes in their love life**

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

### **The good and the bad**

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

### **The Saturn in Taurus man**

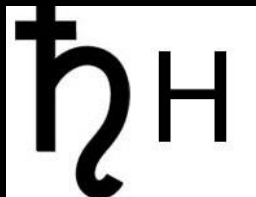

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

Their friends and family will rarely see them smile, but when doing it, they'll surely put a lot of heart and soul into it. Saturn's influence gives them clear judgment and a responsible conduct.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

It's not beneficial for them to be so neurotic if getting one of their colleagues' jobs just considering they've been more productive, but this is the way they are and no one can change them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn influences people to be disciplined and responsible. When in the 1st house, it makes them more serving, able to achieve their dreams and to express their wishes because this house is all about the self and how individuals project their personality on others.

This planet makes sure to bring the themes it features into people's life as much as possible, inspiring seriousness, a stern facial expression, its specific sarcasm and a high level of maturity.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

Insisting to never take action without having a good plan, it's possible for them to miss on great opportunities that would require a bit more spontaneity.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

### **The goods and the bads**

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and

living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

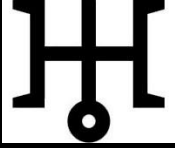

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because they're all the time doubting themselves.

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

***Uranus ♅ in ♈ Aries man 20° 8'***

These natives are very creative and determined to pursue their dreams with all their being and won't ever let themselves be put down by others.

When they want to do something, nothing can ever hope to restrain them, not the social order and not the seemingly well-natured advice of their friends. It's a shame that they sometimes are very indecisive about the proper course of action that they should follow.

**In a nutshell:**

Style: Pioneering and impulsive;  
Top qualities: Astute and optimistic;  
Challenges: Individualistic and insensitive;  
Advice: You need to accept disruption as part of life.

**Personality traits**

With Uranus being the planet most known to deal with the idea of freedom, independence, and the reclaiming of freedom through anarchy, the unrestrained and dynamic Arians are in for quite a transformation.

Natives born under this transit put forth their many ideas to bring unimaginable changes to the world, and in this sense, they can be looked upon by the coming generations.

Even if their ideas are completely new with no one else supporting them, they won't back down just yet. Only the daring and bold could ever touch upon their full potential.

Nothing good and significant was ever done without taking risks, and they recognize this fact as being present in any society. They're willing to follow their ideas to the end, and Uranus gives them the resourcefulness to overcome any obstacles and limitations.

They can get the job done with efficiency and ability, and they are very perseverant, to begin with. If you make a mistake, you'd better be prepared to learn from it, assimilate all the knowledge contained, and get better at doing it.

That's how the Uranus Aries is doing things and may appear as very intense when passing through these phases. In fact, people could be so offended and annoyed by their impulsive attitude that they may even force them into a corner, in isolation.

### **Their expectations in love**

With relationships being the focus of the discussion, there's nothing much to say about the Uranus Aries. They are very passionate about expressing their feelings and letting the other know exactly how deep the love is.

The Uranus Aries is endowed with a certain flair for doing business. It's just like they can sniff out productive opportunities from a mile away, while also spotting those disadvantageous ones even faster.

Put that together with the creativity and innovative sense, and you get an individual who'll wreck all the competition, come out on top against any and all challenges.

Most importantly, for all their impetuosity and erratic behavior, they know the value of a solid dose of knowledge, and they are prepared to take up studying once more if the need arises.

### **The good and the bad**

These people are both able and very keen on trying new things, either personal ideas or just exciting things that they stumble upon.

There's no one else quite like them in this respect. It doesn't matter if the rewards are a certainty, it doesn't even matter what compromises they have to make.

Simply by engaging themselves in risky activities, in adventures that most other people would only dream of, they forget about anything else.

Uranus manages to coalesce all this raw energy, all the potential that they're wasting on such erratic behavior and put it to work for them. The planet's influence acts just like a blueprint, a framework for them to work with.

Just as it normally goes, when one is good at something, it happens that disadvantages appear after a close analysis. Their creative impetuosity does bring them a lot of

benefits, but that's only when it hits the mark.

Faced with the opposite result, they will certainly blow their top and overreact quite fiercely when things don't go the way they want. They should learn to project a calmer attitude on the outside and control their inner emotions better.

### **The Uranus in Aries man**

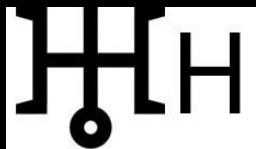

The Uranus Aries man is the type of guy who would enroll for a space exploration mission right now if given the opportunity. Even with the prospect of never returning home, it would still be too exciting and intriguing to miss.

Risky endeavors were always his cup of tea, just like trying new things. The world deserves to be explored, all the nooks and crevices to be brought to the light, and he wants to be the one who gets to do all that.

This native is both spontaneous and edgy, never hesitating when it comes to satisfying his immediate desires but wallowing in self-pity when it all fails.

During those times, his partner ought to encourage him to try even harder, take him through his favorite activities, and bust him out of the prison of his own mind. It's all worth it because he can be a very devoted lover when in a good mood.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

### **Blessings**

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more

conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

### **Challenges**

It's essential for people having Uranus in the 12th house to no longer feel stressed and to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is,

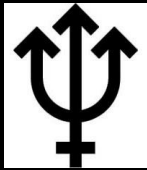

the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

Even if they are not born to be leaders, that doesn't stop them from giving perfect advice to others. They were gifted with the ability and the passion to share the power of mysticism and the occult. They can even become the air that helps the ones that need to breathe because their soul is open fully and truly to see them happy.

#### **In a nutshell:**

Style: Mystical and sacrificing;

Top qualities: Dependable, trustworthy and compassionate;

Challenges: Oversensitive; lazy and isolating;

Advice: Aid to others doesn't have to be material.

**Personality traits**

Their wish for serving others will only demonstrate to the humans surrounding them that they are having a real and deeply selfless personality.

They will be always be there for you to heal your physical or spiritual wounds, and they will find solutions to your problems without thinking that they will sacrifice their lives for this pretty impressive purpose.

They will fight against poisonous society behaviors like drugs or alcohol addictions and will re-discover themselves, again and again in helping others, and that will make them feel alive.

The creator gave them the ability and the skill to express themselves through the arts. They are just feeling that the beauty of creativity is a part of them, and in that way, they show to the others a little part of their kind heart.

The Neptunian Pisces natives are very resolute and determined once they start doing something, and to a sacred goal, they are prepared to do almost anything.

One of the most essential perks of such a person is their raw and savage emotional power, ready to explode at a moment's notice. It's that type of situation where you go all in or don't go at all. And when they decide to go all in, they go with guns blazing, ready to win or die trying.

Planet Neptune's influence mainly affects one's deep, inner thoughts, emotions, and the self above all else. It either completely frees their vision from all sorts of obstructions, making it crystal clear, or it skewers it completely, reaching all the way to insanity.

The Pisceans' reaction is nothing to be surprised of because we all know they were innately emotional and introspective, to begin with. Neptune only enhances their intuition and self-awareness.

The world is marked by a deep division of spirituality, a certain abyss of consciousness that all of us seem to fall in eventually. Neptune teaches us that this process only happens because of our lack of self-awareness, of communion with our deeper selves.

How these natives see the world, how they react to it, it all hinges on the brink of disaster, all of it, if they don't learn how to appreciate life itself.

By learning how to shatter these chains that hold them down, to break free from this prison that they've fallen in, they will be reborn like a phoenix from its own ashes, flying toward the horizon once again.

Neptune is naturally very well positioned in the astrological system. Why is that? Simple,

because it's placed exactly at the confluence of the rivers of spirituality, the one spot in the entire astrological diagram that gathers together the spirit strands from all other planets and signs.

The gathering up of these energies takes a long time, even longer for them to be perfectly assimilated by this native. They may experience slight states of confusion, irritation, anger, and even a total lack of self-confidence.

However, this is only temporary, because once Neptune regains its standing amid the other planets, it all comes back together, with inspiration and intuition to be the first in line.

### **The positives**

These natives have really high intuition skills and that gives them the ability to help others even if they don't ask for that.

They can see that you are feeling bad or that you're struggling with some difficult issues even if you don't talk about your problems.

They are perfectly capable of empathizing with the people around them because they know exactly what they have to do to fix the issue.

They are not afraid of making a sacrifice or even to sacrifice their own life by healing human souls, so you can depend on them totally, and without doubts or fears.

### **The negatives**

Neptunian Pisces natives are dreamy, that much is clear from the very beginning. Now, to what extent are they dreamy is another thing altogether.

Let's just say that they manage to create an alternative world from the smallest details to the grandest ideas, and they prefer living in this one, rather than in reality.

As a result, they simply forget about responsibilities, about words they've given, about daily chores, about anything and everything.

Moreover, this also makes them incredibly naïve and prone to be manipulated by the most despicable of people. Those who want to use them won't encounter too much difficulty in doing so because these natives buy everything others sell.

They may also have the misfortune of getting into desperate mindsets, which then throw them further down the road of no return.

### **The Neptune in Pisces man**

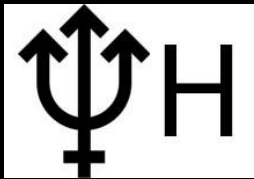

Like their female counterparts, the Neptunian Pisces men are very emotional and

spiritually-oriented. They can tap into a source of ancient power, one of intuition, affection, compassion, and most importantly, ultimate devotion.

They are the perfect lovers, the perfect partners, husbands, even though it might be a little difficult for them to open up and reveal their innermost feelings.

It's fine with just remaining friends if neither of you wants a long-standing relationship. In time, maybe this will change. Neptune's influence is elusive, intense, magical, and most importantly, essential to their growth as human beings.

## **Neptune ♀ in XI 11th House**

([1087] i.thehoroscope.co)

### **Summary:**

Strengths: Intuitive, talented and sensual;

Advice: They should take more time for their passions.

### **A tolerant personality**

Very idealistic, flexible and compassionate, natives having Neptune in 11th house expect a lot from their friends and don't mind dealing with other people's weirdness.

However, they should be careful not to be taken advantage of. They are sometimes so giving and tolerant that many of their friends are looking to deceive them, so they should be careful with whom they're spending their time with.

It can be hard for these people to set up some boundaries regarding how much they're giving as they want to always keep the peace by offering generosity.

They can also believe it's hard for them to be aware of their own dreams and goals, so when not knowing what to do in life, they get to become very unhappy.

As soon as they've reached at least one of their goals, they can end up thinking it's not what they wanted or the opposite, that they need more of that thing.

They're the type who has to be surrounded by friends and to establish spiritual connections with others involved in different groups in which philosophy is often discussed.

The fact that they have too high ideals is not in any way to their advantage because they're often feeling disappointed, especially when seeing their expectations can't be met.

Sensitive and faithful, they will always be attracted to art and get surrounded by people who are considered unusual. Sympathetic and compassionate, they want to help anyone without expecting something in return.

They should be careful not to give themselves to those who don't deserve it and at the same time be clear with what they want others to do because would not generate any confusion or chaos.

Neptune in 11th house natives have vision and want to be of help with whatever they can. As a matter of fact, this placement is the one of the dreamers, of people who imagine a perfect society and peace all over the world.

They have the need to inspire others to become better, especially when they happen to be active members of a community. It's not unusual for them to work for charities and to help those whose rights were stolen or don't have enough money.

Furthermore, they have a great interest in everything that's mystical, out of this world, or deals with New Age healing techniques.

The same Neptune in 11th house placement suggests they have talent with music, design and usually everything related to art. Wherever there's a cause to join, you can count on them to be there and to give a hand.

It's not surprising to see them giving flyers away down the street and to talk about raising awareness on the subject of animals' rights. It's their dream to see this world at peace and everyone living in harmony.

Most of them are great with the arts and can express their love by making beautiful music, taking photos, knitting clothes and doing all kind of different other things.

There's nothing to make their soul happy more than art. Even a morbid and darker approach seems to be to their liking because they can study and admire it from a different perspective.

Neptune influences them to be passionate about the supernatural and to study progressive science or anything related to the psychic abilities of people.

Very worried about how they're evolving from a spiritual point of view, they're always looking to share their vision about religion and philosophy.

People with Neptune in the 11th house need to set some boundaries with when it comes to their involvement in the collective.

They can make many friends who are as religious and passionate about the mystical as them, but it's also possible for them to get deceived because they're too giving.

They think the entire society needs to be safe and are always unsatisfied with how things are working in the world. It's essential for them to not put their faith in something that can't get done and sounds unrealistic.

With Neptune being dreamy, it can be difficult for people having it in the 11th house to get in touch with what they want the most from life.

This planet gets them to be confused, so they'll never know for real what makes them happy.

Always attracting unusual and caring people, they can choose the right groups to join, but they need to be careful with how much they're giving to others. It's very common for these people to feel used as a result of them being too generous.

Very ambitious and idealistic, it's normal for them to often get disappointed and to realize their goals weren't so well anchored in reality. It's suggested they think more of doable things rather than off perfection.

Neptune in eleventh house individuals will always have mystery surrounding them because this planet rules over illusion. The sign in which it's located is also important, together with the aspects from other planets.

How the life of people with this placement will be is determined by all these things.

Since Neptune is also the planet of alcohol and substances, the natives having it in the

11th house tend to get together with people who are alcoholics or drug addicts.

They should be careful not to get influenced by such personalities because Neptune in difficult aspects with Mars or other malefic planets indicates it's possible for them to get addicted to all kind of substances as well.

They may want to function as a whole organism with the people in their life, and when in large groups they simply unify and dissolve with the crowd, but they need to know those individuals with whom they're interacting have only good intentions.

There are also situations when more negative characters are influencing the group in a bad way, so they should pay a lot of attention to each and every person they meet.

While they may idolize their friends and put their family members on a pedestal, they should always be honest and speak their mind, no matter how much they'd be hurting people.

Many individuals wear masks, so Neptune in 11th house people shouldn't just accept this.

There's also the possibility to get together with those who are very spiritual, especially when Neptune is in good aspects. In this situation, they'll collaborate with others to expand what their conscious knows and to develop their spirituality.

They may find such people in humanitarian groups who advocate altruism and generosity. It may seem no one is more talented at music than at any other art form than they are, so it's very likely they'll at least do something in this direction, as a hobby.

### **The goods and the bads**

Neptune in 11th house individuals have to see things clearly and people for who these actually are because they tend to observe only what they want. These natives expect only goodness in their life, so they never stop to judge or to gossip.

Many will know them as extravagant and witty, so they'll be liked by the public, no matter where they may be going.

Wanting to join groups of people with the same interests as them, they should focus more on this rather than on having perfect relationships.

It's common for them to look for extra meaning in things that are already determined and purposeful and profound.

Neptune in 11th house natives should be careful and not expect too much from life because this way, they'll never get to experience smaller things as they come and to

become enlightened.

The path towards illumination should start with baby-steps because enlightenment is only possible through experience of life.

Because they want ideal relationships with their friends and lovers, they may feel like what they desire can't be achieved.

Their closed ones will be pressured to live up to their high expectations, which can also mean frustration. With all this being said, it's easy to understand why natives having Neptune in 11th house are often disappointed in life.

### **Neptune ♆ in Rx retrograde movement**

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

([920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

### **Pluto ♇ in ♒ Aquarius man 1° 18'**

([1099] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Aquarius will go their own way and pave a road for themselves through life. With their independent persona and innovative ideas, they're sure to ignore outside rules, break open the barriers that society imposes, and soar toward the skies.

Even if others may see them as completely impulsive and will not understand their motivations or actions, it'll come a time when all the dots will connect, and the Plutonian

Aquarius will bring about great changes to the world.

**In a nutshell:**

Style: Original and independent;  
Top qualities: Adaptable, relaxed and eager;  
Challenges: Extremist and undecided;  
Advice: Beware of compulsive behaviors.

**Personality traits**

To begin with, the Aquarius astrological sign is one linked to change, massive transformations on great scales, or a personal metamorphosis that brings forth a shift in the natural balance of the world through the action of this native.

Our star planet here, Pluto, is associated with the concept of nirvana, of death and rebirth, of a complete resurrection from oblivion.

Now, combining these two, we have the Plutonian Aquarius native, an individual who can transcend their own limits, reach the next level, and bring about societal or even greater change.

The last time this happened, these natives were yelling “Liberté, Egalité, Fraternité”, for it was the time of the French Revolution. These natives naturally feel the need to modify their surroundings to match their ever-increasing intellectual breadth, and the mobility of Pluto offers such an opportunity.

In fact, they are very passionate about the prospect of a free, just world where each individual is morally superior, where everyone is in communion with one another, and where the single most important goal is gaining knowledge, becoming better than your previous self.

Pluto Aquarians want to give their all, in order to help change the world into such a place. Either through the pointy tip of the sword (anarchy) or the sharp end of a pen (diplomacy), this will happen because the Plutonian Aquarians are the natural game-changers of this world.

**The good and the bad**

The humanitarian and philanthropic tendencies of the Plutonian Aquarius, as well as their deep hatred for injustice and unfairness make these natives truly one of a kind.

With their imagination and creativity, they believe that one can solve any problem as long as they think things through without being impeded by ignorance, superficiality, presuppositions or stereotypes.

In other words, one should possess an expansive and open mind to reach such an ideal

world. Even if others may not see their plan for what it's worth in the beginning, with time this will surely change, and they will eventually gain the respect they deserve.

These natives are sick and tired of listening to the old tunes of a dying generation, to settle with untested knowledge, with the old explanations that are unsatisfactory.

In order to find the truth behind those claims, they are willing to devote most of their time buried in books, studying, analyzing the bits and pieces left behind by more informed people.

This journey of the mind can become an obsession quite quickly, and this is one of the Plutonian Aquarians' negative traits. They forget about everything else, including personal relationships, loved ones, responsibilities, and so on.

In this regard, they must learn to peacefully coexist with other people, and understand that they aren't the only ones willing to follow the path of self-development.

This means that a tough lesson for these natives to learn refers to understanding that others can have opinions just as valid as theirs and that they shouldn't dismiss people on a whim.

### **Pluto in Aquarius in love**

Plutonian Aquarians are one of the most devoted lovers in the entire zodiac. Their feelings are so intense and pure that their partners will experience the liveliest emotions ever.

With a shower of love and affection falling down on them, it's not a surprise that most people perceive these natives to be the perfect companions.

They're going all-in every time because they want a partner for life, someone that isn't just looking for a one-time adventure.

Affectionate and trusting toward their partners, these natives will always treat them with the utmost and kindness. When something doesn't work as it should, sorting things out through communication comes very easily to these intellectually honest individuals.

Being similar in character and personality to your partner should be something everyone is looking for, but this doesn't even come close to the truth.

A lot of people pick their partners on superficial factors like beauty or material situation. However, these natives understand that intelligence is actually the most important element.

The mental aspect makes up for the majority of the most successful relationships, and

also for the ones that fail as well. If you aren't on the same wavelength as your partner, then eventually things will fall apart. That's why they tend to marry later in their life.

### **The Pluto in Aquarius man**

Just like their female counterparts, Plutonian Aquarius men are beaming with radiance, of the intellectual type. They have brilliant ideas that are revered upon and many literary critics, painters, artists were of this astrological ascendance.

They are adepts of teaching people that hard work is key to success, as well as developing their survival instincts. Practicing what he preaches, this man can calmly adapt to all manners of situations.

The Aquarius zodiac sign has innate anarchic tendencies because of his natural planet, Uranus, and it's no surprise that the Pluto Aquarians receive some of these non-conformist ideas.

This man doesn't like to waste any time when he's got something on his mind. He has his principles that he rarely strays from and his virtuosity is both mocked and acclaimed.

## ***Pluto ♄ in X 10th House***

([1110] [i.thehoroscope.co](http://i.thehoroscope.co))

This placement of Pluto makes people benefit from razor-sharp focus and become determined in overcoming any narrow-minded beliefs of those around.

Those born with Pluto in the tenth house of their birth chart are always focused on their career, advancing up the social ladder, polishing their skills and getting better and better results at work.

They devise well-defined goals, plan out ahead of time and strategize, taking into consideration any possible dangers, and follow through with unshakeable confidence, ambitions, and grit. They research a lot, gain the necessary knowledge and know-how to make their lives a paradise.

They are perfectionists as well, all-in or nothing at all individuals who want nothing but the best. They probably had a parental model to reach such levels of excellence and work ethic. These principles couldn't have appeared spontaneously like that. Instead,

they must have been nourished.

**Summary:**

Strengths: Creative, firm and visionary;

Challenges: Manipulative, disrespectful and complex;

Advice: They need to learn how to talk and communicate effectively with different kinds of people.

**There is no middle ground**

Pluto in 10th house people are very special individuals who can't help but make a good impression on whoever meets them.

Their unique and otherworldly presence, the serious attitude when involved in a project, the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are very good with people.

They won't ever back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

### **The goods and the bads**

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking

deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results. They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

If they have to change those principles and habits, it's going to take a while, if they're willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

### ***Pluto ♅ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very

strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

## **North Node ♏ in ♏ Scorpio 3° 8'**

(Georges Muchery)

The Dragon's Head in Scorpio gives activity, perseverance and subtlety, which will enable the native to succeed. It is also a sign of good-health, or, more strictly speaking, of physical stamina. Success will not always be attained as quickly as may be desired, but will come after great difficulties; and the native's dearly-bought happiness will endure all the longer.

The Dragon's Tail in Taurus gives material instincts, the necessity for physical exertion, and sensuous desires, which will often cause the commission of blunders. This position makes the native selfish; he likes his own comfort above everything else, and as he is not lazy or work-shy he will obtain what he wants. The Dragon's Tail in Taurus gives fits of energy followed by periods of unconquerable weariness and laziness.

(Isabel Hickey)

North Node in Scorpio shows the need to go the way of regeneration. Spiritual integration comes through going from selfish interests to concern for others. Must let the Divine Will be done, not the personal will. Only through the way of the Higher Self will this person find peace.

South Node in Taurus means emphasis has been on material things in the past. Person has overemphasized their importance. In whatever house this node is placed in, there must be relinquishment of a possessive or materialistic attitude.

(Martin Schulman)

Here the individual is learning how to accept revolutionary changes within himself as well

as the conditions in his life. He would like to rest, thinking that his soul journey is over. So tired is he, from past life memories of the yoke of his earthly burdens, that whatever the cost he would like to feel settled. As a result, he finds it difficult to develop the strength for future changes.

Tenaciously he clings to old behavior patterns which served him well during past incarnations. He has become personally attached to doing things the hard way. Like the oxen plowing the fields, he walks laboriously through this life as if it were one long, straight furrow. He expends so much physical energy that he weakens his Spiritual Self to the point that he becomes blinded from seeing any new possibilities other than the singularly drab existence he has been accustomed to leading.

He finds it difficult to learn by watching others. Instead, he would rather work through each of life's experiences himself. As a result, he spends more time, effort and energy than he has to in each growth phase. Still, he feels he must be sure of himself. So great is his need for security that even when he makes changes in his life, they are in fact not changes at all, but merely other aspects of the same behavior patterns he has been using all along.

In past incarnations, he developed a sensitivity to his environment. In order to cope with the continuation of such a sensitivity, he starts early in this life to explore the world of sensory impressions. He learns what feels pleasurable and how to obtain it. Nevertheless, he always seems to fall short of reaching complete and lasting satisfaction. He doesn't realize that one appetite begets another. His great need for possessions makes it difficult for him to enjoy what he does not personally own. As a result, he thrusts himself into long-enduring battles of ownership over people, things and ideas. He stubbornly holds onto all that comes his way. The more he collectively accumulates, the more he traps himself. What was in other lifetimes a great need for the acquiring of substance now turns into the extra weight of excess baggage he is carrying. As the years go by, the yoke of his burdens becomes heavier.

He has created a need to feel powerful so that he can seek temporary refuge from the dismal sense of failure that has plagued him in former incarnations. As a result, he even goes so far as to seek in this life an occupation which puts him in an authoritative position.

He has undergone so much past life damage to the ego that he now experiences an intense need to prove himself worthy of respect. He will fall into deep depression when confronted with the possibility of others finding him lacking in any area. To prevent this from happening, he will push himself towards success no matter what the cost.

It is almost a certainty that at some time in this life the intensity of his karma will bring him to be at least circumstantially involved with the police.

As he reaches for his Scorpio North Node, this individual undergoes a complete transformation. He starts to kill old behavior patterns by burning bridges behind him. Experiences teach him how to cut ties cleanly, so that he does not walk into the future with both feet tied to the past. His biggest growth occurs when he is able to let go.

Inner dependency needs must be transformed into complete independence of thought and action. Strength increases with each passing year as he slowly discards from his consciousness all that oppresses him.

He must learn how objectively to study the results of his subconscious desires so that he can earn self-respect through practising self-discipline.

These Nodes symbolize the soul who for many lifetimes has been moving along a decadent path. Now the soul vessel is to be turned upside down in order to rid itself of the decay it has collected.

Fulfilling the karma of this overturning process is extremely painful to the individual, as he may lose all he ever held near and dear. In the end, he will unquestionably relinquish more than he bargained for.

So powerful is this transformation that many with these Nodes eventually spend their later years alone. In the process of eliminating excess, they have discarded everything but themselves.

Nevertheless, much of this is necessary if the individual is to reach the point where he can see himself clearly on the very deepest of levels. Out of this symbolic death of all he ever possessed will come his new life.

The house position of the South Node indicates the area which has become decadent as a result of past incarnations. The house position of the North Node shows the way in which a current-life rebirth can be accomplished.

(Donna van Toen)

You must learn to accept (or give) financial and other types of help when necessary. Your Taurus South Node may reply: 'Yeah, but if you can't earn it (or do it) yourself, you don't deserve it'.

Your problem may be a hang-up about power.

Possible reasons: A repressive environment has made you feel that it's you against the world. A lack of understanding of your environment. A refusal to help unless there's something in it for you. An upbringing where there's been an overemphasis on money, things, or importance.

Possible solutions: Become more active in joint endeavours - a business partnership, encounter group, community project, etc.. Sharpen and develop your imagination. Concentrate on material growth regardless of what happens. Give all your money and possessions to a guru or religious sect and let them provide for you.

\*\*\*

Taurus South Node often tries to make willpower a substitute for insight. He or she feels that by developing his or her willpower he or she will be able to handle whatever curves life throws him or her. He or she is often especially fond of simplistic self-help books and success formulae that promise unlimited earnings. Now there's nothing wrong with wanting to help yourself. And no-one would deny the importance of willpower. We've already seen what problems can arise when you don't build up your own resources. But all the money, power and determination in the world is useless unless you know where your problems are coming from. Developing the Scorpio North Node's potential for insight will improve success potential drastically.

Signs of an over-developed Taurus South Node are: refusal to think about anything that's not backed up by conclusive and irrevocable proof; insensitivity: disregard for others' rights; shyness; everything viewed in terms of money; excessive introversion; shrewdness rather than intelligence; self-indulgence; a very conservative or 'dated' manner of dress or speech; vanity but no real confidence; and cowardice.

North Node in Scorpio consciously or subconsciously wants to be tested. He or she wants to experience the highest and lowest phases of existence in order to get in touch with his or her deepest emotions and learn to balance them. He or she wants a crash course in living and experiencing. In contrast, we find a person with good common sense and rather repressed emotions. He or she clings to home, possessions, and routines in a way that keeps life on an even keel, devoid of major highs or lows. Conservatism often squelches this person's dreams.

Antidotes for Scorpio imbalance: These seem to be the most subconscious of all imbalances; and client awareness is often very limited unless he or she is in a rather painful situation. Unless the client is receptive to what you say, you may not have much luck. Even if the client is receptive, these types of imbalances often need psychological counselling before they can be alleviated, due to their strong fixed overtones.

The study of mysticism can be a beneficial antidote if the client is relatively levelheaded. Rosicrucianism, Huna, the Edgar Cayce readings, the Seth readings, astrology, palmistry or graphology would be safe suggestions. Scientific studies such as chemistry can also be beneficial. For some clients, perfume-making will appeal. Philosophy is another good antidote. The particular philosophy would of course depend on the client's aptitudes and interests. Research work of any type would prove beneficial. The client will

be happiest doing something that he or she feels will have important results. Hobbies are less effective for these clients than for most unless they involve serious study. Study and research are the best antidotes for these imbalances provided the client has sufficient intelligence and powers of concentration, since this type of antidote requires minimal risk-taking and only a modest cash outlay. The client should be referred to the appropriate study and research groups since, as with Libra, teamwork is an important factor in balancing.

(Mohan Koparkar)

Previous incarnation for this person was spent in considerable luxuries and a routine life. He really resisted any change that would come by his way or alter his lifestyle in that life. During this life, he will be modifying his value systems continuously and constantly. A total destructive tendency in those respects will be fully justifiable as far as he is concerned. Thus, he will go from one extreme stage of living to another during the same life. His hidden motive and energies are strong, and he will use them whenever he has to. As long as nobody obstructs his way, he is very quiet, polite and well-mannered. His instincts are strong, but they have a 'get-even' type of attitude. He may forget, but never forgive, what others do to him.

(Haydn Paul)

The Taurus South Node's house position may indicate the nature of certain restrictive behavior patterns which obstruct your progress. Radical attitude changes may be required to transform these from limitations to offers of new opportunities. Often these patterns involve the Taurean tendency toward possessive materialism, where feelings of insecurity and stability are connected to material well-being. The desire for pleasure, comforts, and home enjoyments can exaggerate materialistic demands, so that your needs involve ongoing acquisitions and possessions.

Contention over ownership and possessions may rise from this impulse, or over people and family matters. Relationships can be affected detrimentally if this tendency becomes excessive or is not consciously modified. People rarely like feeling 'owned' by anyone; and a family is the most common situation where authoritarian attitude are easily applied and abused, particularly by force or emotional manipulation of circumstances in your favor.

It may be difficult to avoid an organized but repetitive lifestyle, especially one self-created to shield disruptive change. This is an example of Taurean placidity, a ruminative enjoyment of stability and security. Yet, even accumulating possessions will begin to weigh heavily, restricting freedom. Eventually, Scorpio's transforming energy will undermine your foundations. If your identity becomes dependent on material status and possessions and your values are dominated by materialism, this may become an area for unavoidable change.

You may be a slower learner than most, relying on traditional social attitudes for your worldview. You develop and learn at your own pace. Fixed life foundations are established and relied on for security and as a defence to resist change and any disturbing influences. Yet you may need to redefine and reshape yourself, gradually forming a new self-image based on higher values rather than on self-centeredness.

Your preoccupied focus toward materialism needs changing, redirecting attention from the outer world and possessions toward self-understanding and inner growth. If developed, this can create greater self-esteem and assertiveness, which comes from inner stability rather than being based on external supports, habit patterns and possessions. Personal talents and material resources are then applied toward constructive practical action, and directed to build a renewed life-style.

Understanding the tension between Taurean resistance to change and the Scorpionic transformative impulse is necessary. What may occur is that the Scorpio energies gradually undermine efforts to maintain stability. Once stability becomes fragile and you feel vulnerable and exposed, you may realize the necessity to transform restrictive and limiting behavior patterns and life-styles. Such experiences may prove uncomfortable and difficult. You may feel forced by circumstances to 'burn bridges behind you', to release the ties of the past and become receptive to new experiences. Your dependency on fixed behavior patterns or on a materialistic life-style may be dissolved by the Scorpionis transformation. This would not be a negative experience - despite your reactions to its impact - but rather one which aims to liberate you. How much you could be expected to release and relinquish may depend on your resistance to change; the more you resist, the more transformation may 'cost' you. It is a rebirth that awaits and may be unavoidable. The old always has to be replaced by the new. You are advised to welcome this crisis whenever it arrives, because it is for your benefit, even though initially you may not see it in that light.

(Bruno and Louise Huber)

In the fixed Water sign, Scorpio, an effort is made to establish a regular system. Here, too, as in the opposite sign, Taurus, one is concerned with the use of material resources; now, however, they are other people's material resources. Thus in Scorpio we often meet the type that administers the property of others, manages them, utilizes and fosters their talents, and acts as an agent for their skills and services. In principle, the Scorpio Node challenges us to be prepared to act on behalf of others and to exploit their resources for their benefit and in accordance with their intentions. Obviously, in such a situation, the natives have to stand back a little, though of course having a personal part to play. In order to exercise such a function, they have to gain a place in society. The Scorpio Node always indicates an effort to achieve a certain social status. This can mean nothing more than ambition and the aspiration to be someone important, especially with hard aspects to the Node. Scorpions always think they are able to decide

what is good for others. Usually they can give them helpful advice on how to realize their assets, and on how to find the best chances of success.

Scorpios avail themselves of existing forms and structures. With the Scorpio Node, one can easily adapt to current social arrangements. One can also develop the knack of exploiting them to the advantage of oneself and others.

### **North Node ♌ in VII 7th House**

(Georges Muchery)

The Ascending Node (Dragon's Head) in this house is good for marriage, which it causes to be contracted on a lofty, sentimental and secure basis, provided Venus and the Moon are well-situated in the horoscope. It is also very powerful in regard to partnerships and contracts, which it helps to make successful. It is also in this House that it is most favourably situated for lawsuits, which will be won through its support, thus bringing unexpected gains.

It is also a token of inheritance from grandparents, or an increase of wealth for the latter, by which the native will benefit.

The Descending Node (Dragon's Tail) in the first house has a detrimental influence on the development of the native in the early period of his life. It upsets his health, and often his mind as well, inasmuch as he will be too analytical and will not always see things as a whole, but will become absorbed in small details. In regard to any special question put, it would signify a very bad beginning for the matter under consideration, as it always entails trouble and worry. This influence in a horoscope continues for a fairly long period, inasmuch as the Nodes being retrograde the Dragon's Tail passes from the first to the twelfth house, which is also malefic.

(Isabel Hickey)

Needs to get away from himself. Has lived for and to himself until he has become too independent. Needs to take other people into account and get away from too much self-centeredness. Self-assertion has to be eliminated. Integration and fulfillment come through giving up the personal ego and helping others to attain a sense of their worth.

(Bernice Grebner)

This person has to overcome a tendency to work by himself. He needs to learn to work with a partner, to learn the balance it takes to do this. He has to strive for a close personal relationship with others. This relationship should bear some constructive fruit, whether business or marriage. This is quite a step because it leads to the death of the self-centered ego. The person then acquires the knack for becoming an arbitrator. He needs to develop an appreciation of beauty in the arts.

South Node in the first is the egotist. This is the person who tries too hard and, as a result, comes on strong at first. It gives a strong pioneering spirit with a 'me-first' attitude. There is an ability to do all things by oneself. This position can give a changeable personality. He tries too hard to be a special personality. This person may think in terms of his physical body being superior to others. He has a tendency to push himself too hard because of a lack in partnerships. The problems in life seem to be very much concerned with self. He can be the fearless pioneer of new concepts or new activity.

(Mohan Koparkar)

This condition often signifies marriage or partnership activities are extremely important in his life. Self is often given no priority but what is best for the marriage is taken into consideration. Thus, a self-sacrifice for the betterment of the marriage may turn out to be a devastating situation. This individual will try everything to maintain that relationship. As an individual, they may not be able to contribute and achieve much in life; however, with partnership activities their contribution and output is substantially increased. They often have a good public image; and their objectivity is fairly well known among others. They are very charming, diplomatic and polite in general expression or communication.

(Martin Schulman)

Here the individual has many lessons to learn in areas of partnerships, marriage and co-operation with others. In past incarnations, he had to account only to himself for all his thoughts and actions. Now in the current life, his soul remembers all the individualism and independence he enjoyed.

While he may pretend to be a good listener for the sake of society's acceptance, he rarely takes advice given to him. Instead, he spends most of his energy developing whatever abilities he has, while constantly seeking approval for the efforts he has made.

Although he will be the last to admit it openly, he never quite notices others as much as himself.

He has great apprehensions about being outdone, and will go far out of his way to

secure for himself a position where his dominion will not be challenged. If the rest of the horoscope shows strength, then this is truly the individual who wishes to be 'King of the Mountain'.

Although his experiences in this incarnation teach him to sacrifice for others, he never truly sacrifices himself, for he has spent lifetimes building to a point where he has now become an independent spirit.

He can relate to others so long as they don't shackle or bind his sense of freedom. If he feels someone close to him is inhibiting his self-expression, he will do all he can to extricate himself from the relationship. Thus, the marriage state is not one that comes easy for him.

Individuals with these Nodes are either single or divorced, or at least separated in consciousness from their spouse. They find it difficult to believe that the continuance of their own past-life selfishness is creating all the problems for which they are now blaming others.

They must learn how to give with a whole heart, rather than symbolically throwing a bone here and there just to keep the pack quiet.

This individual is usually so out of harmony with himself as being part of a greater universe that he is prone to develop a chronic impairment or impediment, either physical or emotional, which he ultimately uses for sympathy. The last thing he is willing to accept is a sense of failure, for he constantly feels the needs to prove his own self-sufficiency.

Sometimes he is seen by others as a battler, well guarded against any threats to his ego. Since he truly doesn't like to be dependent on others, his loyalties are questionable. Underneath it all, his past incarnations have taught him to be faithful to himself, and therein his allegiance ends.

For those who wish to join him, he will be their patron, but rarely will he go out of his way to join them. He is a 'loner', conscious of his own unique individuality, and proud of the ways in which he knows he can retain it.

His karma is to learn consideration for others, for in his desire to be the center of attention he projects himself as more important than he usually is, thereby shutting out the very love he claims he is being denied. Still, he desires to control others, and in this ability to control he bases his security.

He is capable of great achievements, but he rarely reaches the levels of his capabilities because he is so wrapped up on self that he fails to see the cosmic scope of his personal ideas.

He must learn to view the reflections of his thoughts and actions and to realize that there are always two sides to a coin. Eventually he comes to understand that while both sides of an issue may be totally different, neither is better or worse than the other.

His major growth occurs when he can detach from himself and impersonally laugh at all the ego-centered ideas that ruled him in the past.

He must ultimately come to the point at which he is willing to take all the power, strength and confidence that his prior incarnations have built and give it away to others who need it more. He must do this wholeheartedly without a sense of martyrdom, for if his giving becomes ego-involved in any way then he remains on his lonely island. But if his generosity is truly dedicated without pride in giving, then he has an infinite blessing to offer as he inspires confidence and strength in others.

He can give others the will to live where there was none. He can make others aware of their own self-worth. But all the while he is not to ask for anything in return, for if he learns to focus his energies on helping others, then he will be amazed to find how God keeps providing all his own needs.

In this Nodal position, there is a guaranteed built-in unhappiness every time he focuses his energies on himself. If married, he will have much to learn from his second child, as well as in his relationships with nieces and nephews.

He is destined to devote his life to others. Actually he has been preparing for many lifetimes to meet now the person or persons who need him the most. In some cases the spouse is an escapist who must be given the strength and confidence to face reality.

Whether married or single, this individual eventually comes to learn that his life is a mission, dedicated to another soul or in fact many souls needing more than he does. His karmic lessons are in developing kindness and an understanding nature. As soon as he does this, he is rewarded a thousand to one for all he gives.

The sign which contains the South Node shows the ways in which too much residue of past-life concern for the self can hamper progress. The sign which contains the North Node shows the ways in which the individual can reach fulfillment through sacrificing the self for others.

(Donna van Toen)

Conflicts: Marriage vs. independence. Accepting vs. demanding. Overcoming enmity vs. comfortable self-projection.

Possible results of sacrificing North Node: Excessive worry about being beaten or outdone. Inability to relate to others. Feelings of martyrdom, excessive egotism,

loneliness. A tendency to interfere with others' free-will. Belittling others' worth.

Possible ways to integrate North Node: Whole-hearted giving. Increase your consideration for others. Take an objective look at how others respond to your selfprojection and do what you can to improve it. Detach yourself from your overconcern with your image. Channel your energies into marriage and other one-to-one relationships.

\*\*\*

In the seventh house, there can be hang-ups about harmony or co-operation. Depending on the phase of nodal balance, the person can be far too easily influenced or far too convinced that his or her way is the only way. The underlying cause of this is a lack of firm partnership goals. This person is torn between involvement at any cost and preservation of his or her highly comfortable image of self as a good or beautiful person.

Less frequently, there's an inability for the small talk and role playing that's necessary to attract others. This seems to be a problem connected to the overcompensation phase of nodal balance.

North Node in the seventh house dreams of gaining much through marriage and / or other relationships. He or she truly believes that teaming up with others will improve his or her lot in life. This person hopes to gain respect vicariously, through marriage or some other type of affiliation, and feels that success and happiness will be guaranteed once he or she finds his or her 'other half' - someone who embodies those qualities that he or she feels are lacking in his or her own make-up. This person has a great deal of sensitivity. He or she also has a great deal of psychic ability; unfortunately, both are liable to be repressed. Aggressive pursuit of an alter ego tends to drive the dream further and further out of reach until the person is forced to look within for the repressed or lacking qualities.

***(Black Moon) Lilith ♀ in ♈ Aries 6° 19'***

([1137] [elsaelsa.com](http://elsaelsa.com))

**Lone Pioneer**

If you have Lilith in Aries, the pressures you've encountered through your Lilith

placement have made you independent, strong, and unlikely to take shit from anyone. Your wounds have taught you that if there is a problem, you will have to face it alone.

Regardless of what aspect of your life Lilith impacts (which is determined by the house she is found in – you have had to go it alone. When you have asked for help, no matter how reasonable the request, you were rejected or dismissed. You likely realized early on that your needs were treated as burdensome by the people meant to help you, so you learned to stop asking them.

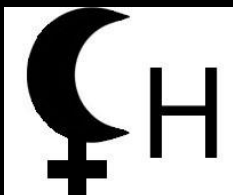

But needs have to get met somehow, so you have become a master in getting what you want in other ways. You may find yourself hyper-focused on your goals, knowing that you are the sole power propelling you forward. You can only count on yourself, so you'd better step up, right? You may also find yourself saying "fuck it," and instead blatantly asking or even demanding what you need from others, even strangers. The worst they can do is reject you, and you definitely have dealt with enough of that in your life. But either way, you don't let your emotions get caught up in the outcome.

Emotions, that is, other than anger. With Black Moon Lilith in Aries, you carry with you a deep, seething rage. This belies the screaming pain of feeling like you've been left alone to fend for yourself in a cold world. It's cruel and unjust and sometimes you'd like to see the entire world burn down rather than let yourself or anyone else feel this kind of pain for another second.

Some of this can be alleviated by purposefully incorporating some of the energy from Libra, the sign opposite to Aries. Try to find a counterpart, a friend, a lover, someone who hears and validates your plight. Look for counterbalances and shades of gray in your otherwise black and white view of the world. And find someone who can help you without making you feel dependent.

There is, of course, so much to say about this placement. But let me close here: your pioneering spirit and anger are your superpower. Convert your rage into determination to blaze your own trail, leaving a path for the rest of us to follow. And remember – independence is wonderful, but if you find the right allies, you'll never have to be truly alone again.

### ***(Black Moon) Lilith ♀ in XII 12th House***

### **Gifts of Shadow**

If you have Lilith in the 12th house of your chart, her themes will manifest in terms of isolation, the shadow, and limitation. She becomes the energy that stands in our way even as she offers dark gifts.

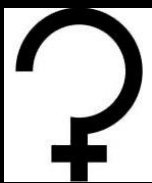

In traditional astrology, the 12th house is known as the house of Bad Spirit. This is where our own shadow meets the shadow of the collective. Our darkness reigns here, and is it very difficult to face and utilize the energies of any planets here directly. With Lilith in the 12th, you may deny or minimize your own darkness until it comes erupting to the surface.

The 12th house is also associated with hidden enemies. With Lilith here, it feels like there are forces working against you, coming at you from every angle. You may build up resentment and paranoia, which will prove to be far more corrosive to your soul than your enemies ever could be.

The 12th house rules limitation and restriction of all kinds. You may have found yourself at some point in life feeling stuck, or maybe even literally trapped within institutions like hospitals, prisons, or psychiatric wards. And if you have, it is likely that you were falsely confined and had no business being there. But either way, you have been isolated in some manner and have had to pay the social price.

While I could easily write a book on this placement, I will end here. The 12th house does just hold our shadow. It holds our gifts. When you are able to be quiet and sit with your shadow, a magnificent flower begins to bloom. You are able to build compassion for humanity like none other, and it is here that you begin to find your freedom. Let your gifts grow.

### **Chiron ☿ in ♊ Gemini 12° 26'**

([1250] [astromajesty.com](http://astromajesty.com))

Geminis are the social butterflies of the zodiac and can easily adapt to any social situation. They are able to express themselves freely and are quick learners. Gemini is ruled by the planet Mercury, famed for being the planet of expression and relationships.

In Roman mythology, Mercury is the messenger of the Gods. It is also the ruler of the 3rd house which focuses on communication and relationships with friends, family, acquaintances, and the like.

To find Chiron in Gemini indicates that there are problems in this area. A consequence of having Chiron in Gemini is that those who have it may not feel as though they can freely express themselves openly and truthfully. Vocalizing their personal opinions is not something that comes naturally to the Gemini Chiron.

Deep down they are actually gifted when it comes to speaking. With Chiron in Gemini, they have a natural way with words however this is not seen by the Gemini Chiron, instead, they experience difficulties in this area as they fail to see their unique abilities. The implications of this are noticeable, either by the Gemini Chiron being quiet or if they regularly struggle to get their words out.

Communication is important to their evolution. Chiron in Gemini indicates that there are lessons and healing that need to happen in the area of communication and establishing relationships.

People with this placement may feel as though they want to break free from the constraints of limited thinking and the frustration of not being able to communicate with others. Putting aside their fears is a key part of their personal development and will help them to avert negative thinking in this area.

### **Personality**

Chiron reflects the areas that need to be worked on in a person's personality. It showcases the emotional baggage that impacts actions and decisions made throughout life.

Despite its seemingly negative tone, it does possess some positive aspects.

The astrological symbol for Chiron is a key. By understanding the impact that Chiron has on our personality and life we can unlock the truth of our existence and face the darkest aspects of our being. Coming to terms with our wounds can help us to heal and survive.

### **Negative aspects**

The messages that you absorbed at a young age may have impacted your view of the world and yourself. This could be bullying from a sibling, children at school, or an authoritative figure such as a teacher or parent.

This has had a lasting effect on those with Gemini Chiron. They may also have had a stunted understanding of the way that the world works, it could be that they were kept out of conversations such as sex, finances, and death, in a bid to protect them in their childhood.

Chiron in Gemini may suffer from low self-esteem and interpret their lack of communication skills as them being stupid or ignorant, which is not the case. These false ideologies may make them feel as though they can't fit in with others. Imposter syndrome may be common with people with the Chiron Gemini placement.

In work or social situations, they may feel as if they are in lower standing than those around them, particularly those who are natural and gifted speakers. This can result in constantly comparing themselves to others.

They may project their insecurities onto others by putting down those who seem less intelligent than themselves. This is a coping mechanism, an unhealthy way of deflecting their frustrations and releasing their anxiety.

Generally speaking, they tend to oppose those who gossip or participate in the slander of others. Communication is important to the Gemini Chiron and those who abuse it are not looked upon favorably by them. However, they can contradict themselves by engaging in hearsay and participating in the discussion of rumors.

People with this placement may also be considered as a scatterbrain. The way that they process their thoughts may not be organized which leaves them occasionally tongue-tied when they attempt to communicate clearly and articulately.

There may also be a tendency for Chiron Gemini to be more susceptible to mental health issues, anxiety and, potentially, substance abuse, though this is not absolute. In social settings, the Chiron Gemini may be more of a drinker than their fellow peers. The influence of Dutch courage helps them to communicate in a way that they have never been able to when sober.

### **Positive aspects**

Those who have Chiron in Gemini will embark on a journey of communication. There is deep healing in this area of their lives and through having an openness to understand their weaknesses they will improve and learn to speak their truth.

There is something inside of them that wants to break free. They have a unique gift that needs to be shared with the world.

These individuals have a natural curiosity for the world around them. In their solitude, they can appreciate the little things in life such as a bird's song, the frost on the ground and the sound of the wind through the leaves. They may have interests in travel, nature, and even mechanics. It is not uncommon for them to take risks and divulge in activities that others may think twice about doing.

The fact is that the Chiron Gemini isn't actually bad at communicating; they just have the impression that they are, which affects how they speak in general. The benefit of this is that they can take specific measures to counter this.

They can be open-minded and may be able to express themselves with their body language very well. As they are not particularly vocal they find ways to communicate that others may overlook.

Despite their seemingly gentle nature, they can have a sharper side to their personality.

The Gemini Chiron may be argumentative and can be surprisingly bold when facing off someone they dislike. This is due to their lack of articulation, much like when a toddler throws a tantrum when they are unable to express themselves in the way that they want to.

### **Men with Chiron in Gemini**

From a male point of view, Chiron in Gemini residing in their chart may have caused problems in their early years.

The trouble that they faced with expressing themselves may have meant that he let

others speak for him. By allowing others to put words into his mouths he could've been victim to manipulation in social scenarios.

He may have struggled to speak up for himself which would have led to him finding himself in situations that did not serve him. He could've been susceptible to peer pressure. By not being able to think for himself he may have gotten into trouble at the expense of others' behavior.

The Gemini Chiron male may tend to adapt himself like a chameleon to fit in with the crowd or he accepts his social status as an outcast. This is at no fault of his own. He could rectify this negative self-image of himself however he has allowed feelings of inadequacy to take hold. He may feel as though he cannot measure up to others, especially other males.

The Gemini Chiron male can feel intimidated when they are near loud individuals. In large social groups, he tries to conceal his insecurities and would prefer to let the large characters in the room take charge. When alone they take pleasure in solo activities that satisfy their curious minds such as research or reading.

### **Lessons**

This placement highlights the wounds that need to be healed, it is not an indication that the Gemini Chiron will suffer from communication problems and how they relate to others.

The impact of Chiron can be remedied with conscious thought, an open mind, and effort. Once someone can identify the effect that Chiron has on them, they can take the necessary steps to start the healing process and conquer their issues.

There is a budding intellect and communicator that wants to show themselves off to the world inside of a Gemini Chiron.

It lives within them, what blocks them is confidence in themselves and the energy of karmic pain. Once a Gemini Chiron can identify their issues and open themselves up to being more communicative, they will release the issues gained from their past life.

The Gemini Chiron must move past the notion that their speech must be perfect, it's ok to have an unpopular opinion or an alternative view of the world.

So long as they are being true to themselves and respectful of others the Gemini Chiron will flourish once they come to this understanding. They must also avoid trying to impress everyone.

To learn from their wounds, the Gemini Chiron must not 'people please' or worry about how others see them.

They must not be fearful of judgment. In life, every idea or sentiment that we have is for a purpose, whether it's to educate others or be educated by understanding our ignorance.

Communication has its place in this world to help us create bonds with ourselves and others. The Gemini Chiron must know that their points are valid and they should not be scared to share them. They were given a voice for a reason and so it must be used for its purpose.

Everyone in this world is unique in their own ways, this is something that the Gemini Chiron must accept. The Gemini Chiron has talents in listening, where they struggle to speak themselves.

This makes them an excellent confidant and friend. If they continue to have issues with communication then they may wish to look toward the stronger aspects of their personality.

While they refrain from speaking, they should learn to quiet the mind and listen to their intuition. If the Gemini Chiron can allow themselves to be guided spiritually, they may find the voice that they have been looking for.

As such, Gemini Chirons are healers by nature. They can help others who also struggle to express themselves and be of support when they need it.

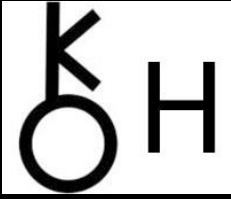

Another lesson for the Gemini Chiron is that they are intelligent regardless of what they think or feel about themselves. If they have received messages in their younger years that they are not smart enough it was only due to the insecurities of those individuals.

The Gemini Chiron must start to put in the effort to study, learn and keep their mind open. They must apply themselves to see the results that they want and must not fall victim to the negative self-image that they have of themselves.

As time goes on, they will become more comfortable with who they are. When the Gemini Chiron actively starts to seek out opportunities where they can express themselves, they will come to discover that they have a knack for it.

Through the word that they speak, they will offer great help and healing to those that hear it. Their voice will become important for many and they will have a significant impact on the lives of others.

## ***Chiron ♄ in II 2nd House***

([1261] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 2nd house likely struggle with feeling secure concerning their material resources and possessions.

However, no matter how much they have, they tend to think they don't have enough. Their wound probably started growing in their childhood. When these natives were kids, they believed their parents don't provide for them, or other children have better living conditions.

Their caregivers likely had to work a lot to answer the elementary needs. Or, perhaps, they preferred a modest lifestyle.

Nevertheless, this wound is not necessarily material. It depends on the sign Chiron in the 2nd house settles. If Chiron is in Cancer, it could be that these natives didn't have their emotional needs met due to emotionally detached or aloof parents.

On the other side, if in Virgo, perhaps they struggled with health issues due to poor living conditions.

Whatever the sign and scenario, this placement will reflect security matters. These natives might struggle with spirituality, inheritance, physical safety, etc.

Moreover, people with Chiron in the 2nd house could feel that their parents didn't provide them with enough guidance, security, or protection. Because of that, they couldn't fully develop their sense of self-sufficiency as they lack inner safety and stability.

Moreover, due to not having enough security in some areas of life, these natives struggle with their self-worth. They typically think they are not as good, well-off, smart, loved, or beautiful as others. Their issues originate from a lack of confidence, self-love, or self-resilience.

People with Chiron in the 2nd house don't believe that who they are as persons is enough, and they will often compensate it with material possessions. Besides, they tend to dislike their physical appearance, whether body or face.

### **Feeling unworthy**

These natives don't think they are worthy, which disrupts their lives and system of values. The sign where Chiron lies will determine what they will see as an indicator of

worth. If in Taurus, those will be finances.

But if in Aquarius, it would be how many friends they have. However, they find motivation, security, and consolation in external things. Hence, if these natives have a lot of it, they would consider themselves as being enough.

Perhaps people with Chiron in the 2nd house had parents who praised material resources, popularity, or physical appearance. If that is the case, it could explain why these natives do the same and why they don't see themselves as enough.

Another possible scenario is that others belittled these natives during their formative years.

As a result, they cemented a belief that they are unworthy, unlovable, or insufficient. Another possibility is that they didn't get enough affection, attention, or kindness from a caregiver or other significant persons in their lives.

However, it might be that they lived in a family of hoarders whose disorder never let them think they have enough. Or, perhaps people with Chiron in the 2nd house had selfish parents who only cared about themselves instead of what their children need.

If those with Chiron in the 2nd house had caregivers whose love was conditional, they probably had to help in the housework or prove their worth for receiving affection and care. The problem is, regardless of how much money they might accumulate, these individuals will likely still struggle with feeling secure.

Nevertheless, Chiron in the 2nd house is also an indicator of eating disorders. If this placement settles in Virgo, it is almost definite that these natives will struggle with overeating or depriving themselves of food. It is how they try to fill the emptiness or take back control over their bodies and sense of security.

Moreover, eating disorders implies that these natives use them as a mechanism to have something only for themselves.

### **Distorted self-perception**

These natives struggle with overwhelmingly low self-esteem. People with Chiron in the 2nd house have a distorted perception of their own value, which often dictates their choices and preferences. They typically expect that other people will convince them they are worthy and beautiful. These individuals are unable to find love within and see themselves objectively.

With time, people born with Chiron in the 2nd house realize they are not happy despite how much resources they accumulate. It is when they start to wonder why it is so and what the real issue is.

The first step is usually to admit they have an inner void they try to fill with unhealthy mechanisms. Whether it is having an abundance of money or friends, it is not the solution.

Instead, it is a symptom of a much deeper problem. The next step is typically to realize that they struggle with self-love, self-worth, and self-sufficiency.

There is an opportunity for self-acceptance. People with Chiron in the 2nd house could help others heal their self-worth issues by guiding them and showing the core issue. Besides the power of helping themselves, these natives can encourage other people to embrace self-love.

Moreover, they can learn to love themselves by teaching others that good relationships start with accepting oneself.

### **Healing potential**

If they overcome their trauma and fill the void with self-love, they can show other people what it takes to free themselves from dependence on external things.

By learning that no one else can accept them until they do it themselves, they can share their experience and guide others on their journey.

The lesson these individuals should learn is that possessions don't guarantee happiness, security, and value. It is why they have to confront their childhood trauma. They can discover what caused it and how to deal with it healthily.

That could result in embracing the philosophy that there is more beyond the material world. Something more than what we can see and touch.

### ***Chiron ♄ in Rx retrograde movement***

([1272] advanced-astrology.com:) Chiron retrograde natal suggests that you find it challenging to accept that humans are imperfect and vulnerable. This is not an easy lesson to learn at all for any of us, however, it's an organic part of human existence. Sometimes we hurt, just because we happened to be in the wrong place at the wrong time. There are uncomfortable truths that need to be faced, but also that things don't always work out, and injustice is a big part of human existence. When something bad happens, it's even worse when we feel that it's unfair. Chiron retrograde natal teaches us to accept the imperfections, because by acknowledging that you are hurt, you become whole sooner again.

### **Part of Fortune ☒ in ♍ Virgo 22° 45'**

([1280] [astrolibrary.org](http://astrolibrary.org))

You feel happy finding a specific vocation. You want a calling with which you can be useful to society, and also give a sense of organized purity to your environment. You strive for cleanliness where you live and work, and in how you express your thoughts.

You are very sensitive to everything around you. You realize how much negative emotions affect you, whether they are your own or that of others.

Because Pisces is the sign opposite to your Part of Fortune in Virgo, you understand compassion. Although you understand the invisible and infinite forces, you must direct your life towards a conscious existence and personal control, living constantly in the Here and Now, which at the same time has a great transcendental sense. You must always keep busy and avoid being invaded by depressing and doubtful emotions, whether yours or others'.

Purity of mind and body are important for maintaining internal clarity. You should discipline yourself and direct the negative emotions and worries of Pisces towards peace and inner acceptance.

Your ultimate goal is to function absolutely towards a perfect development.

You worry a great deal over all the details of the present. Treating them efficiently helps you not to transfer problems from the past to the future. You need to feel that you are developing your potential in something dedicated to improving the environment and society.

Pisces opposite to your Part of Fortune in Virgo will give you an understanding of general human needs, as well as their effect on the present and the direction of energy flow.

You can become as efficient or as cold and calculating as a machine. For that reason, you sometimes look for emotions to prove that you are still capable of feeling.

But, you should not identify with the negative aspect of yourself, because you could get lost in a sea of illusions that would take you away from your conscious sense of the present and your practical nature. Your practical nature is what helps you keep your center and overcome depressions without identifying with the emotional problems of others, which would cause the loss of your ability to function in the Here and Now.

Your happiness is in what you are dealing with in each moment and in what you perceive with your senses.

Although you can see the infinite and intangible through Pisces, you must find richness in the tangible, in proper organization, care, and cleaning of the things of the world. Thus, impersonally, you infuse love into life and to the experience of the moment without limit. You will come to understand the limitations of the human being as a perfecting path towards beauty and purity.

You enjoy creating. You express this through a particular talent or simply as a way of life. You personally identify with everything you create.

Not only is everything you make a product of yourself, but you also become the product with everything you do.

You have the great ability to realize your dreams, which is much of your own doing

through your willpower. You get to know yourself through everything you do.

Since your Part of Fortune is in the fifth house of your birth chart, the 11th house is the opposite house. Through the 11th house, you see the ideal reality from which you must create. You also see the illusions and fantasies of other people. However, if these ideals are too scattered and do not inspire you, then your ability to create diminishes.

Since your friendships can give life to your hopes, dreams and wishes, and push you into the realm of creative imagination, it is important that you know how to choose your friends, as they are the source of the creation or destruction of your inspiration and imagination. And you need inspiration and imagination to feel like an individual being.

At the same time you must take them in a detached way and see your dreams as a collection of symbols of the universal unconscious, without dispersing your creative process, or identifying with these dreams unless they fit within a creative project.

You must realize that all creation is one percent inspiration and ninety-nine percent effort, and also that there is a great difference between knowing what one can do and really putting it into practice. You will only know yourself through what you do, not what you think.

Regarding your friends, you have a strong idealism, but you must remain impartial understanding the concept of not being involved. The more you talk about everything you can do, the less energy you have at your disposal.

Your greatest happiness comes from being deeply and intensely involved in everything you are capable of creating. Sometimes this satisfaction comes from a single brilliant creation, whether in the arts, the theater, or through a very special child.

Sometimes you absorb dreams from other people, those dreams that they don't know how to use. You must examine these, and apply them to what you have learned through your creation. You should not try to instill the will to create on those who only talk about it, because then you lose your own will.

You like to enjoy all the good things in the world, although you have to learn the difference between inner and outer richness, to give more importance to your inner fulfillment than to the outer one.

([93] [astromatrix.org](http://astromatrix.org);) Shaping The World

Any planets that are conjunct your Ascendant will influence your appearance and personality in a greatly. Pluto can impact your personality in big ways. You have a very magnetic persona and can have powerful effect on others, you can be quite charming as well. The presence of a planet on the Ascendant has a physical effect on the person: Pluto can give a slightly crooked nose, exactly as a Scorpio Ascendant has. It can give

you an acute intuitive ability and profound perception of situations and people plus the ability to truly focus on a topic or dilemma.

What is obvious about this placement is the eyes; they will generate a magnetic, intense gaze that can have a commanding effect on others, as if the person is seeing right into the others mind. The ability to restructure oneself following a change in life or trauma is thrust into their outer personality for all to see they amaze others at times of personal crisis with their self-transformation and reinvention.

Pluto though is all about power and if there are major negative aspects made to Pluto the difficulty of this aspect will increase and could involve abuse of power, manipulation or control.

2) ► **Midheaven MC Parallel ♀ Pluto** - (0°17')    ♄6 | ♃10

([94] [astromatrix.org](http://astromatrix.org);) The Shape Shifter

During your life, you will go through many changes, but you will always have the desire to make an impact upon the world and to be regarded as a person of significance. The danger you must face it that you may want to go too far too fast and thereby alienate the people who have authority over you.

While you are young, this will mean mostly parents and teachers, but you might occasionally encounter police or government officials. You are likely to have a very intense relationship with one of your parents, and it is important that this be a good relationship as well. Unless it is constructive, guilt and other forms of emotional bondage may arise from it. You must be able to talk to that parent openly and honestly, and he or she must be able to let go as you become more mature.

Unfortunately, this placement often indicates that one of your parents tries to arrest your development at some point through being over possessive and domineering. Sometimes the method is very subtle, using self-sacrifice and guilt, instead of more open power tactics. But a positive and creative parent relationship will give you self-confidence and the desire to achieve something of great significance in your life.

One thought that you must always keep before you, however, is the necessity of doing everything openly and honestly. Otherwise, at some point in your life, all the negative consequences of your actions will be exposed, thus tearing down whatever good you have done. Nixon is an example of this type of person.

3) ► **Descendant DC Parallel ♀ Venus** - (1°29')    ♀7 | ♃8

([179] [astromatrix.org](http://astromatrix.org);) Unconscious Needs

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only

to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

4) ► **Descendant DC Parallel ♂ Mars** - (0°20') ♎7 | ♍12

([187] [astromatrix.org](http://astromatrix.org);) Lacking Confidence

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. While you may see compromise as something for the weak, it actually takes great strength of character to meet others halfway.

It is often the case that we experience the difficulties of an opposition aspect through the behavior of other people, or actually seek that quality in another. This is particularly true here, since an opposition to the Ascendant places Mars on the 7th house cusp, the house of relationships. Hence, you may often attract people who express the qualities described above, who challenge you in some way, forcing you to stand up for yourself and develop your qualities of independence and self-determination.

5) ► **Sun ☉ Parallel ♀ Mercury** - (1°52') ♋8 | ♊10

([3] [astromatrix.org](http://astromatrix.org);) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

6) ► **Sun** ☉ **Parallel** ♀ **Venus** - (1°02')    ♄8 | ♃8

([4] [astromatrix.org](http://astromatrix.org);) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your

perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

You feel that other people cannot relate to your emotional pain. That is why you have a resistance to letting people understand you emotionally. Also you have resistance to sharing feelings. You

8) ► **Mercury** ♀ **Parallel** ? **Ceres** - (1°16') ♊10 | ♏5

([560] 12andus.com:) Your intellectual strengths help you to nurture others and show your love.

You speak words of compassion, kindness and encouragement to those who need to be uplifted. Your ideas nurture others.

You may feel nurtured by your peers, siblings and friends. Likewise you may have taken a particularly nurturing role with your peers, perhaps helping to raise siblings and cousins for example.

You find comfort in words and may look to books or movies to soothe your nerves. You also look for comfort in what others say. You may have a relatively detached style of nurturing others, preferring a call or text rather than a hug or other more vulnerable forms of showing love.

9) ► **Venus** ♀ **Parallel** ♂ **Mars** - (1°09') ♎8 | ♏12

([40] astromatrix.org:) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex  
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

10) ► **Jupiter** ♃ **Parallel** ♄ **Saturn** - (0°19') 0011 | ♃1

([60] [astromatrix.org](http://astromatrix.org);) The Deep Thinker

The Jupiter Conjunct Saturn Aspect in your Natal chart occurs only once in every 20 years. Jupiter is about growth and amplification, so it increases the power and emphasis of Saturn on your personality. This makes you a much more serious person and are devoted to advancement in career or your professional goals and success.

You are a born leader with a very sound and far sighted judgment. You may be drawn towards careers in teaching or management and authority. Religious or financial roles would be ideal for you. You are somewhat reserved and cautious in making career moves, but when you do, they are solid, responsible and based on firm reasoning.

You have great organizational ability and accept responsibility easily. You may be conservative, and cautious but after consistent effort and determination you will find eventual success and can inspire others to do the same. You are a keen learner and like to spend time reading and studying for your professional advancement. The biggest issue with this aspect is overextending yourself beyond your limits, make sure you take

care of your health and maintain some balance between work and your personal life.

11) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Neptune** ♆ - (1°45') 0011 | 0011

([192] [astromatrix.org](http://astromatrix.org);) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-anima projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own

illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

## 12) ► **Jupiter** ♃ **Parallel** √x **Vertex** - (1°15')    0011 | 1175

([135] astrotarot.net:) The chance moment!

Typical features that this conjunction brings: you have the potential for outstanding achievements. So, much is expected of you. With this Natal Jupiter – Vertex aspects you may have been born into a privileged family. Or you may have been born into a family that values education highly. The fields of law, publishing, or higher education often attract you. Above all, you are tolerant of foreigners or those of a different background and culture.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

13) ► **Saturn** ♄ **Contra-Parallel** ♅ **Neptune** - (1°26') ♃1 | 0011

([199] [astromatrix.org](http://astromatrix.org);) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

14) ► **Saturn** ♄ **Parallel** ☊ **South-Node** - (2°00') ♈1 | ♈1

([203] [astromatrix.org](http://astromatrix.org);) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

15) ► **Saturn** ♄ **Parallel** ♄ **Vertex** - (0°56') ♄1 | ♀5

([136] [astrotarot.net](http://astrotarot.net);) The chance moment!

Typical features that this conjunction brings: far from having a negative impact, your characteristics of seriousness and sense of responsibility are assets. With this Natal Saturn – Vertex aspects you usually accept your responsibilities willingly. You are one who can be counted on even if you have to sacrifice some of your own desires to do so. In other words, you feel responsible for your family, other people, for problems that are not your fault. Also, you have many responsibilities placed on you from an early age. Also, you have the necessary qualities to take charge in times of crisis. People will come to you for advice because you will be an authority in your chosen field.

([71] [astromatrix.org](http://astromatrix.org);) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-

confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

With North Node opposition the Ascendant Your personality can often clash with social norms making you unpopular. Although you're personally detached from prevailing social trends, you're able to view them at work in an objective manner, thereby understanding how to relate to and take advantage of them. Your strong individualism doesn't make you popular. At times, your seriousness can make others feel uneasy, especially in social situations. You tend to be somewhat short and paunchy and may have peculiar speech in some way.

Your karmic path is not aligned with your identity and ego, which stops your personality to grow and evolve. You may feel like an outsider or that many people are against you. Your ego may be strong or rigid and this aspect is trying to cause problems in order for you to be more flexible and modify and change your behavior and identity. The best way to deal with this aspect is to be more open minded when it comes to alternative perspectives, opinions or viewpoints especially when it revolves around how you act with others.

Your home and family are very important to you as a refuge that you can retreat to when the outer world is too harsh. You will always remember your childhood as one of the best times of your life, and you will have great respect for your parents, especially the one who gave you the most emotional support.

As you get older, you will remember what you had when you were younger, and you will love anything that reminds you of home. Wherever you go, you will try to find a

community like the one you grew up in. And if you can't find such a community, you will seek one in which people are as close as they were where you grew up.

All your life, you will have great respect for traditions and customs, even if they are very different from your own, not because you are narrowly conservative, but because you know they give people positive emotional support. Temperamentally you are quite liberal, and you enjoy the experience of new places and different worlds.

All of your life you will prefer rather large and elegant homes surrounded by lots of open space. You hate to be cramped, physically or emotionally, so you avoid close relationships with people who are very jealous or possessive, because they would restrict your inner freedom. Normally this aspect signifies a high degree of emotional security, which enables you to withstand any difficult times and even offer help to others when they are in trouble.

Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set the stage for a successful career.

([4] astromatrix.org:) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of

people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

([34] [astromatrix.org](http://astromatrix.org/);) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards

delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality

and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

11) ► **Mars** ♂ **Conjunct** ♄ **Uranus** - (2°36' S)    ♃12 | ♃12

([53] [astromatrix.org](http://astromatrix.org).) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of

behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

12) ► **Mars** ♂ **Conjunct** ♀ **South-Node** - (10°24' A) ♃ 12 | ♃ 1

([189] [astromatrix.org](http://astromatrix.org);) Controlling Energy

With North Node opposition Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

([62] [astromatrix.org](http://astromatrix.org);) The Painter Of Dreams

This conjunction occurs approximately every thirteen years and tends to create characteristics that are often similar to the Pisces temperament, where both the positive and the negative qualities of both planets are present and highly active.

Tendencies towards excess, idealism, creativity and naivety will be evident. The Jupiter impulse of expansion may encourage you to reach beyond your actual capabilities. The sphere of relationships is likely to be a source of many lessons for you, and to reflect back several of your own tendencies towards those less realistic qualities of Jupiter and Neptune that are present in an unintegrated personality.

Yet this ideal of relationships will still persist, often despite many disappointing experiences over the years. It is probably wiser to be more careful in your more personal and intimate relationships, because unless you are aware of what is occurring, your love life could be painful. Many relationships flounder today due to mutual self-ignorance, where inner projections of illusions and the anima-animus patterns overlay the real nature of the participants, until time dissolves them, and each partner wakes up to realize that they are living with a stranger.

When disappointment strikes you, there is a tendency to retreat into a private fantasy world. This can be positively used as a self-healing technique, but you must avoid any temptation to use this purely as an escape, for if you do so you risk losing contact with reality.

([629] [astromatrix.org](http://astromatrix.org);) Conscious Transformation

Opportunities: 1. Higher growth & wisdom 2. Taking initiatives in life

Challenges: 1. Connecting with your subconscious 2. Focusing on higher goals

Jupiter is associated with learning, growth, travelling, and wisdom. Lilith is the dark seductress known for dealing with sexual taboos and also occult. When Jupiter conjuncts Lilith, it brings forth a spiritual and fascinating connection. The placement of this aspect in your natal chart suggests a thorough transformation. Jupiter's expansion directly affects Lilith's expansion and turns its darkness into refined consciousness.

Black Moon Lilith also influences Jupiter and takes you to experiment with taboos that you might have never experienced before. Your morals become questionable. It also encourages you to dig deep into the religious and philosophical subjects to get the answers to all the questions flashing in your mind for long.

You become a daredevil or risk-taker in life who does not bother much about consequences. However, your focus is always upon learning from every experience to transform yourself. You are a passionate traveller, but remember, not every journey is fun. Sometimes it might bring you hardships and attract bad people towards you.

The key themes associated with this aspect are utilizing your talents for higher learning, connecting with like-minded people, identifying your core issues and dealing with them in a better way than before.

With this Natal Jupiter – Vertex aspects you are expected to travel. If not literally then vicariously. The reason for your travelling is to expand your world and increase your income. You may have opportunities to expand through volunteering. In other words you often work for some of the many organizations that need volunteers.

You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

([203] astromatrix.org:) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from

what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

26) ► **Moon** ☾ **Opposition** ♀ **Mercury** - (5°42' A) ☿ 3 | ♊ 10

([152] [astromatrix.org](http://astromatrix.org);) Where To Go And Why

Opportunities: 1. Gaining Greater Inner Harmony 2. Perceiving the World More Clearly

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

With the opposition, friction between Moon and Mercury results in emotions, instincts, and feelings pulling in one direction, and rationality, logic, and conscious mind moving in an opposite direction. This inner disharmony is then reflected through projection onto the external world, influencing your relationships. While this inner division remains unresolved, relationship conflicts will persist.

Decision-making can prove difficult, and you may rely on others deciding for you, as you cannot determine which path to follow, whether to choose instincts, emotions, or rationality. Inner unity, when both messages coincide, is a rare experience for you. This situation can stultify actions and choices, distorting perceptions and judgment. Confusion often results, with regular changes of mind or heart which disturb and disrupt relationships.

Sometimes attempting to break through an impasse may force you to act impulsively and instinctively with variable results. Equally, responses can be emotionally biased, devoid of rational evaluation or common sense. Alternatively, Mercury can dominate, with an extremely cold perception which succeeds mainly in temporarily denying any emotional feeling at all.

You can be insensitive and offensive to others, unaware of a lack of tact, sensitivity, and diplomacy, although you are quick to rise to others who criticize you personally. Like everyone else, there are times (many, many times) when you will be 'wrong' in life, as no-one is infallible. You may need to learn how to admit mistakes, however. Increasingly imbalanced, unconscious emotional patterns can distort inner messages and life perceptions, diminishing your ability for clear thinking and clear communication.

Compulsive talking can occur as a compensation for effective relationship, although what is often noticeable is that this lacks depth and content. What is required is self-

understanding and integration between your emotional and rational nature. Clarity and awareness are needed regarding these lunar patterns of emotional need, dependency, and the reliance of security and stability.

With the Mercury influence, rationality and objectivity are required to help rebalance inner disharmony. The challenge is to integrate these two opposing messages. Until some progress is made, self-expression can be restricted and distorted. Favoring either planet creates conflict; honoring each planet is the route to wholeness, and the key to resolving this psychological imbalance.

27) ► **Moon ☾ Opposition ♅ Pluto** - (3°34' A) ☾3 | ♁10

([159] [astromatrix.org](http://astromatrix.org);) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

28) ► **Mercury ☿ Opposition ♃ Pallas** - (8°39' S) ♁10 | ♃4

Your desire to advocate for others or missions that are important to you can be offset by anxieties. You can second guess your plans or strategies. You may need to find greater confidence in yourself and believe in your plans and ideas before you commit to them.

Being too much of a concrete thinker can make it difficult for you to imagine how to use your talents to advocate for others and work for a cause. You may also have to work harder to see issues from others' perspectives. An important issue may appeal to you after you have overcome cognitive dissonance or once you have received important information.

You may struggle between following religious or spiritual restrictions that are part of an important calling and giving in to your passions and desires.

46) ► **Sun ☉ Square ♆ Neptune** - (5°51' A) ♃8 | ♏11

([383] [astromatrix.org](http://astromatrix.org);) Self Deception

This indicates tendencies of psychologically based inhibitions, restrictions and frustrations which pose considerable challenges that need overcoming before the more positive characteristics of Neptune and the Sun emerge.

You tend to lack confidence in your identity and ability to achieve your ambitions. Part of this may have been derived from your parental relationships, especially with the father, as your developing nature may have experienced conflict through lack of understanding or of perceived love; it may have been that by asserting your own individuality you clashed with the stronger parental will. The results are that your self-confidence has fragmented, and that your application of will is less focused and effective, and consequently you have developed psychological defenses against others and from facing personal failure. This is displayed in escapism, and avoidance of responsibilities and of the need for self-discipline, unless a powerful Saturn in your chart can re-balance this tendency.

Preferring to run away from confronting reality leads to distorted perceptions, which make careful evaluation of options difficult as well as generating fears of making decisions which may prove to be unwise. At its worst, this can create inertia through fear of taking deliberate action. These inner images of failure tend to create external failures, and so emphasize a repetitive vicious circle. Yet by linking this pattern of failure within aims and ambitions that are probably beyond your current capabilities to achieve, you also succeed in evading the realization that you are creating most failures in your life. This is exacerbated by the dreams of the unintegrated and unfulfilled Neptune, who may be noticed as a thread of guilt related to your lack of achievement, and as an ongoing sensation of discontent.

Your solar power is being diverted and dissolved by the activity of an unintegrated Neptune, and, unless you can begin to reassert this solar center and face your Neptunian challenges, this unsatisfactory condition may continue. These challenges can be mitigated by a decision to make sufficient effort to connect to your hidden solar center, to move beyond those superimposed images of guilt, failure and inferiority that have developed as a defensive response to emotional pain. Such a reorientation may not be easy to make, as you will be opposing established patterns of behavior, yet the gains that can be made are likely to transform your life.

The first step is self-acceptance, to cease any self-judgment and condemnation. Then, if you really want it to happen, feel confident that any change can occur. You have sufficient inner creativity, imagination and potential waiting to be released from imprisonment, although finding appropriate channels of expression may still take a little longer. However, you need to define any ambitions within a more realistic perspective than previously. Possibly some form of counseling may be effective in helping you gain more clarity regarding your self-potential, or workshops in self-assertion and decision-making / goal setting. In effect, you are being asked to see yourself as a young child,

ready to enter adulthood, and you are expected to recreate yourself into a new and more suitable identity.

Take smaller and easily achievable steps in this process of recreation; acknowledge that occasional failures are inevitable, but try not to turn them into traumatic dramas, and realize that success will not happen without the parallel risk of failure side by side. Everybody is a failure at something, and that isn't an excuse to condemn yourself again. As your self-confidence grows, your life will begin to take a more positive shape. It will not happen overnight, as transforming long-established behavior patterns cannot be achieved that quickly; but persevere, and changes can happen. Perhaps using techniques like creative visualization and affirmations, or subliminal programming encoded on self-development cassette tapes, could strengthen this process.

The essential realization is that change is possible, and that you can achieve this in your own way; in hope lies the fountainhead of the waters of potential and transformation. Such improvements can benefit your intimate relationships too, as well as enhance your self-image, confidence and decision-making abilities. Generally, you are emotionally vulnerable, possibly exploited or abused by others, deceived or manipulated in various ways; but if these tendencies exist, they are reflections of those dominating patterns within you.

There can be unusual emotional needs and desires linked with romantic idealism that are expressed in physical sexuality; these may require healing and cleansing in some way. But the proposed transformation and refinement that is implied by resolving the conflict of the Sun and Neptune would simultaneously deal with that level too. There can be an attraction towards occultism and mysticism.

#### 49) ► **Moon** ☾ **Square** ♂ **Mars** - (5°00' S) ☾3 | ♀12

([390] [astromatrix.org](http://astromatrix.org);) Going Your Own Way

Opportunities: 1. Advancing in Life 2. Growing Through Action

Challenges: 1. Keeping Your Ego in Check 2. Connecting with Others

You can be self-centered, intent on pursuing your way irrespective of the impact it has on others. Sometimes you use Martian energies aggressively to gain your way, refusing adjustments and compromises with others, demanding that they appease your will and needs while denying any validity to theirs.

Often instincts and emotional needs clash with your will for action, and you may feel confused regarding which to choose. This inability to know which way to turn increases frustration.

Men may try to be too forceful and aggressive with women, playing a 'macho' role without much understanding and sensitivity to the female temperament, oppressing through asserting raw power without sympathy, and overidentifying with the Mars energy and denying the Moon.

#### 50) ► **Moon** ☾ **Square** ♄ **Saturn** - (6°33' A) ☾3 | ♀1

([392] [astromatrix.org](http://astromatrix.org);) The Cold Heart

Limitations and restrictions may occur on opportunities and experiences, often created by unresolved emotional patterns. The source of these may be sentimental attachments to the past, to memories, to experiences, and to earlier relationships.

You find it difficult to break free from the past; and previous experiences will influence present choices and attitudes. You may have grown up with a negative self-image, one which lessens self-confidence and also shapes restrictive worldviews. This may come from unsettling and disturbing childhood experiences. Perhaps you put up protective barriers to defend vulnerable feelings from damage; you may have believed you were not loved by your parents, or you were left with just one parent through separation, divorce, or death. Issues of emotional dependency may have grown, and a mother- or father-complex formed, making it difficult to cut the parental umbilical cord when you became an adult.

You tend toward pessimistic attitudes, linked to a reduced physical vitality, emotional moodiness, melancholic dissatisfaction, and depression. Lacking self-confidence and perhaps seeing the world as a harsh, loveless place, you may feel bitter and cynical, preferring isolation from relationship intimacy. Family ties bind you.

This could suggest that you are older than most when you leave home to become independent; or you could have the onerous duty of caring for an elderly parent. Your family life may turn into an imprisoning environment in some way, perhaps through children, economic hardship, or social isolation. You maintain tensions and frustrations by refusing to release behavior patterns formed during childhood and within your parental relationship. It is your choice, if you wish, to continue limiting your life, but it is not inevitable; limitations are only imaginary parameters which we draw around ourselves as a barrier; they can be erased or expanded.

Your creativity is blocked by emotional repression. If you dissolve the barrier and redirect the energies toward positive and constructive channels, then much could be achieved. Finding additional interests and stimulation would be beneficial, showing that the world has much to offer if you open to its riches. Becoming involved with children could reveal new ways to see things; their enthusiasms and sense of wonder could be transmitted to you.

With contemporary self-help techniques, visualization, meditation, affirmation, and the availability of numerous ways to release blocked energies, you can transform your life to face the future with positivist and optimism. Once freed from past restrictions, you can uncover your latent potential.

51) ► **Moon ☾ Square ♀ North-Node** - (5°24' A) ☾3 | ♀7

([398] [astromatrix.org](http://astromatrix.org);) Trouble Expressing

With the North Node square the Moon, you may have difficult relationships with women, especially your mother although there is frequently a strong psychic link to her. The emotions undergo difficult spells, especially you have trouble expressing your sensitive side, causing others to see you as cold or more standoffish than you really are.

Getting the support of others does not come easily, you may feel alone, forced to rely on themselves. Losing loved ones is extremely hard on them. The mind is of an unusual nature and the thought processes are different. There are anxieties verging on paranoia or causing crippling fears. You may not be comfortable dealing with crowds.

Memories of difficult experiences working with the public from previous incarnations may inhibit your expression and evolution. You are working on strengthening and balancing the emotions, stabilizing the mind, and handling the impressions coming in. If the impressions get away from them, there can be a fascination with occult practices of an unhealthy sort. In some cases, the South Node influence destroys the sensitivity of the Moon, bringing out a cruel and hurtful personality.

There is a tendency to feel alienated by others' lack of cooperation and support, and you may feel that you have bad timing. As a result, you isolate yourself further as a defense mechanism and create a perpetual cycle where you feel lonely and negative all the time. You must learn to stop being so defensive and develop a backbone. Learn to be more malleable in adverse situations. Not everyone is out to get you or take advantage of your vulnerability.

53) ► **Mercury** ☿ **Square** ♄ **Saturn** - (0°51' S) ♀10 | ♃1

([406] [astromatrix.org](http://astromatrix.org);) The Worrier

With Mercury Square Saturn you are intelligent, traditional, reserved, shy, hardworking, ambitious, responsible, narrow-minded, pessimistic and, in some cases, scheming and deliberately dishonest

You may have a difficult childhood due to problems with your father, which may make you defensive, suspicious, insecure or depressed. You can be mentally inhibited or too tied to traditional thinking and may be unnecessarily rigid in adhering to discipline and observing law and order. You may have dental and/or hearing problems and shouldn't smoke. This aspect is good for big businessmen and politicians. You tend to work excessively and are too concerned with trivial details

You lack imagination, but when you have an original idea, it doesn't gain acceptance with traditional thinkers. Your education may be rigidly disciplined, but your poor memory causes many problems with your studies. This can be overcome with patience and persistence

Your tendency to be jealous, fear of change and anticipation of danger or failure means you have few real friends. In positions of authority, you may belittle others' ideas. You're likely to get in trouble with written communications and contracts.

54) ► **Mercury** ☿ **Square** ♁ **North-Node** - (0°18' A) ♀10 | ♁7

([412] astromatrix.org:) Expanding Horizons

With Mercury square the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

55) ► **Mercury** ☿ **Square** Er **Eros** - (0°58' S) ♁10 | ♃1

56) ► **Venus** ♀ **Square** ♄ **Juno** - (1°46' S) ♃8 | ♀5

([596] 12andus.com:) You have a strong desire to be in a committed relationship but your passions and insecurities may make it difficult for you to settle down with the right person at first.

Your fear of missing out or possessive, jealous nature can undermine your chances with prospective partners. You may also find that you are too willing to give your heart away to people who are not ready for commitment.

Being burned can leave a scar but can also bring important lessons about your self-worth and who is worthy of you. You may learn through harsh experiences to hold yourself to higher standards and attract the person who truly deserves your love.

57) ► **Saturn** ♄ **Square** ♇ **Pluto** - (2°59' A) ♃1 | ♁10

([441] astromatrix.org:) The Annihilator

With this aspect, it is likely that you will feel quite restricted by social and environmental constraints, and that the influence of the society in which you live will have considerable

impact upon your life, often appearing to be a negative one.

Frustration appears to be inevitable; and you may feel that you are having to carry 'a burden for society', where you are involved in some way with a personal responsibility for some of society's troubles. There is a form of linking between your personal unfoldment and growth and the struggles of mass humanity, one which you may experience or interpret in a peculiarly masochistic manner or use as an excuse for personal failings.

Some of this tendency could arise from earlier life and parental relationships and conditioning, possibly from environmental deprivation of lack of fulfilling and meaningful contact with your parents and family. This can lead to a pattern of personal disappointments and lack of essential trust in life and the world, leaving you emotionally marked and feeling insecure in your own abilities and talents.

You tend to be searching for status, power and the opportunity to influence people's lives, much in the same way that you feel your own life has been affected by nameless unknown others who make socially influential decisions. To transform this oppressive pattern of limitation, you will need to radically alter your outlook on life and yourself.

The Pluto energy will help you to achieve this; and the first step is to draw back all the projections that you are overlaying on the world, and to recognize those that place the reason for failure 'out there'. You need to accept responsibility for your own life, decisions and choices, and begin to take control instead of being a frustrated, passive reactor.

58) ► **Neptune** ♆ **Square** ♄ **Vesta** - (5°32' A) ☾11 | ♊2

([617] 12andus.com:) You may want to delve deeper into your spiritual and mystical side but you may also face tension when you try to do so.

You may struggle to accept your intuition. You may also find it difficult to surrender control and make necessary sacrifices in order to facilitate deeper healing.

You can find creative and compassionate ways to refuel your energy and to help others through selfless acts of service.

59) ► **Pluto** ♇ **Square** ♎ **North-Node** - (1°50' S) ♋10 | ♍7

([453] astromatrix.org:) Learning to Trust

With North Node square Pluto, you have an incredible amount of power, as a result of having weathered some tough storms in the past. Now this power is to be distributed

carefully. There is a pact with the higher forces about how the power is to be used, and this should not be for selfish purposes. You are not so concerned with what is happening on the surface as with what is going on beneath it. You can be questioning, curious, and probing, often aware of the underlying motivations behind people's actions.

However, there is difficulty getting this energy properly harnessed so that it doesn't work against you. Holding onto memories of some old crisis can make you suspicious so you may become manipulative as a way to stay one-up on others. This could be your greatest undoing. You may have a distracting preoccupation with sex and the sensual side of life. Or, there is an intense fascination with death-with the morbid or strange.

Major circumstances in your past life or early childhood may have caused you to become resourceful, self-reliant and distrustful of authority. You likely question prevailing societal values and remain unaffected by trends. This may ignite much opposition in others and resentment within you. Your desire for transformations, deep thinking and intensity clashes with current social mores. Stop letting opposition to your ideas isolate you.

You may want to come across as nurturing and loving but instead your intense energy feels intimidating or demanding to others.

When you work through the tension between your independent desires and your desire to nurture, others, you can become a powerful influence on those you love. Your compassion and power help you nurture your loved ones.

62) ► **Juno** ♄ **Square** ♁ **Vesta** - (5°05' S)    ♃5 | ♄2

([330] astromatrix.org:)

Opportunities: 1. Getting the Job Done 2. Using Writing for Your Benefit

Challenges: 1. Getting Outside Your Comfort Zone 2. Learning what You Need in Life

Very early in your life, you will begin to think about what you want to do when you are older. To this end, you will work to develop the talents that will help you get ahead. You will do the best you can in school, especially in those subjects that you think will be useful. While you are young, you will discipline yourself to learn the skills you need.

Your parents will influence your opinions very strongly, and they will probably support you in whatever path you choose. It is very likely that you and your parents agree

generally and have similar ideas on most subjects. You believe you can learn from the people who are above you, so that one day you can be in their position. This makes you a hardworking person who tries to master all the skills you study.

Later in your life, you may work in some area of communications, science, education or another field that requires mental skill and the ability to communicate clearly. You are very good at taking care of everything you own, and you prefer possessions that stimulate your mind, such as books and records. You enjoy playing games with others, especially games that teach you something. You may also enjoy writing as a pastime.

68) ► **Midheaven MC Trine ♅ Pluto** - (3°26' S) ♄6 | ♁10

([369] [astromatrix.org](http://astromatrix.org);) A Born Artist

This aspect indicates that you will always want to use your resources and talents to the best of your ability in order to get ahead in life. Even while you are young, long before most people are considering a career, you will begin to learn the best ways of using your talents to get where you want to go.

However, some problems may arise in the course of your development that you should be aware of. For example, although later you will be concerned with resources, in youth you may simply be interested in owning things, which may result in your having a lot of useless clutter. Also, you should not be so possessive that you are unwilling to share at all.

On another level, this aspect can signify that you get very involved in learning various skills. This can be very useful if you concentrate on useful skills and if you do not get so wrapped up in them that you lose track of relationships with others. Do not become too self-involved. Any situation in which you feel compelled to act by some inner compulsion can be bad for you because you are not aware of yourself and what you are doing at the time. As a result, your activities might have totally unexpected consequences. Make sure you understand your reasons for doing whatever you do.

Nevertheless, you have a strong drive to get ahead and to succeed, which should be very advantageous in competition with others. Your objectives in life may change several times, and as an adult you may change careers, but your work and your outside interests should be enormously satisfying to you.

69) ► **Midheaven MC Trine ♄ Chiron** - (7°42' A) ♄6 | ♃2

([126] [12andus.com](http://12andus.com);) You have a fortunate knack for turning crises into beneficial opportunities for healing and growth. You are likely to channel your own experiences with wounds and traumas as motivation for helping and healing others. You are able to empathize with others because you have a deep understanding and acceptance of the ways that illness, emotional wounds, and trauma can impact one's sense of legacy and productivity and you make it part of your mission to help others find success in career in spite of obstacles. You may become successful as a healer who focuses on vocational

rehabilitation, employee assistance or job and career placement programs for people with disabilities. You may also write, speak or publicly share your message about finding new paths to success and strong careers after, inspite of, or because of setbacks.

70) ► **Sun** ☉ **Trine** ♂ **Mars** - (5°54' A)    ♄8 | ♃12

([302] [astromatrix.org](http://astromatrix.org);) The Door Opener

Opportunities: 1. Finding Socially-Engaged Work 2. Taking on New Challenges

Challenges: 1. Curbing Impulsive Behavior 2. Recognizing Opportunities

The trine enables you to turn theory into practical application, and this reconciling quality could become a source of your life direction, as your ability to apply your energy positively can generate ways to resolve problem situations. This may be one approach that utilities your energy in a creative and beneficial manner, and which poses challenges that you intend to overcome.

You will be self-confident and believe in your own abilities, setting goals and pursuing ambitions, emerging from your unique aims directed towards creating a suitable lifestyle, which may not always correspond to traditional paths and signs of success. You do not appreciate a volatile living or working environment, preferring a more tranquil atmosphere where you are free to follow your interests.

While you enjoy new challenges, the cut and thrust of competition seems less appealing, and you see little value in exalting yourself if it requires another's detrimental fall. Fairness, integrity and honesty are qualities that you respect and expect in your dealings with others, and ethical or moral considerations are taken into account in your life. These form your code of relationships, and you try to stay as true to these as possible, even if at times this may require you to forgo some success or progress, as you are not usually willing to compromise for the sake of any advancement.

You can adopt an individual chivalry and style of conduct. While you have leadership ability, you try to ensure that you deal correctly with others from any position of responsibility, and are willing to help others on their way, provided they do not attempt less scrupulous tactics to progress. Organizational and managerial qualities are likely to be present, and you can take the strain of highly demanding tasks, proving to be a reliable, efficient and conscientious worker who can purposefully carry out and design successful plans of action. Spheres that may attract include law, business management, education, media, personal creativity and physical endeavors.

Opportunities may steer you towards deeper interpersonal contacts and working in areas of counseling and guidance may be highlighted. One asset that you may possess for this work is a genuine tolerance for others, allowing each to hold their unique view of life, and having respect for their free nature. Many inwardly condemn people for failing to be like themselves, taking an attitude that everyone should conform to a picture that they have developed. Fortunately, the life process disagrees with that attitude, and displays an incredible abundance of variety.

You tend to form a realistic perception of life, so that your expectations are not too excessive and unreal, and you appreciate the gains that you do make through expressing your creative talents and powerful energies. A need for disciplined focus may be required at times, as you may be faced with various options and lack a clarity of purpose which diffuses your will power.

Be wary against occasional acts of impulse; they may not always work to your advantage, and a careful and steady progression can prove more beneficial. Working in harmony with this trine energy can serve to open doors throughout your life; be alerted to recognize when opportunities are being presented, so that you can take full advantage of the gifts of life.

71) ► **Sun** ☉ **Trine** ♂ **Uranus** - (3°18' A) ♄8 | ♈12

([305] [astromatrix.org](http://astromatrix.org);) The Inventor

The natural attunement with the 'Universal Mind' should help you to receive valid insights and intuitions, especially at times when the trine is reactivated by transit or progression movements, which offer opportunities for greater creativity and usable ideas.

Such periods may also stimulate a heightened awareness of your solar path and purpose and should be carefully noted so that you can hold your mind in a meditative and receptive mode of operation, in order for insights and promptings to be consciously registered and then acted upon.

You should find it relatively easy to exploit your creativity, as this aspect releases a large quantity of potentially productive ideas into those areas of life for which you require inspiration. Study the house positions and signs of both Sun and Uranus for areas that may be specifically influenced by this trine.

Aided by perseverance and the application of a focused will, you should have no real obstacles confronting your efforts to manifest creative idea. These can take a myriad of forms, from experimentations aimed at developing new projects, to more adequate modifications of existing products.

There is likely to be an inner detachment to your searches and creativity, a perpetual quest of enquiry and fascination, with a form of creativity which works through the creator and is never perceived in any egotistical perspective.

Your reformist, idealistic and humanitarian tendencies can find success through communication and sharing with others, and this can be important to your sense of well-being, as you do need to feel that you are of some use to others.

72) ► **Sun** ☉ **Trine** ♀ **Pallas** - (4°45' S) ♄8 | ♎4

([576] [12andus.com](http://12andus.com);) You are intelligent and strategic about your approach to

advocating for change.

You can easily appeal to the enthusiasm of others and your love and generosity shows through even through your activism or efforts to advocate for change.

You may find it easy to draw on your creativity and artistic gifts in an attempt to appeal to others and win them over to your cause. You can be inspiring and empowering to others and you may easily assume leadership over movements and campaigns that help advocate for individuality and free expression.

73) ► **Moon** ☽ **Trine** ♃ **Jupiter** - (0°38' A) ☾3 | 0011

([314] [astromatrix.org](http://astromatrix.org);) The Ray Of Hope

You will probably have optimistic, positive attitudes that contribute to a feeling of well-being, and which are effectively communicated through relationships. You may be oversensitive to environmental influences or to negative reactions from people, but you have resilience, and prefer to work through problems as soon as possible, rarely allowing them to spoil your enjoyment of life for too long.

Compassion, generosity, and an altruistic, humanistic spirit will be present, and may encourage more social involvement, perhaps through feelings of moral and civic duty. Associated with this may be religious idealism, especially inspired by stories such as the Good Samaritan parable.

Creative and imaginative potential is likely and this should be carefully developed. Even if these only manifest as leisure-time interests - perhaps as artistic or literary skills - their valuable contribution to your life and others' may be significant.

In intimate relationships, you will look for partners of high caliber and quality, people with whom you can experience a deep, meaningful relationship. Mutual intellectual and emotional fulfilment is sought, partners are chosen who also follow their life path and intend to manifest potential.

74) ► **Moon** ☽ **Trine** ♆ **Neptune** - (5°03' A) ☾3 | 0011

([317] [astromatrix.org](http://astromatrix.org);) The Artist

Both the sextile and trine aspects of Neptune to the Moon are often found in the charts of artistic and creative people, especially those with a personal interest in increasing the amount of beauty and goodness in the environment of social life. This can manifest itself in a variety of ways, from improving someone's living conditions, through more aesthetic cultural appreciations, to enjoying a well-made film or admiring an evocative painting of harmony and beauty.

The trine indicates the potential for a successful resolution of these two planetary energies, so that inner imaginative and sensitive life is integrated with a suitable form of outer expression. As there is a tendency towards environmental hypersensitivity, you

need to discover a way of response that allows you to use this perception in creative ways, through revealing to others this more subtle and perhaps hidden invisible dimension of life, so that they too can appreciate and contact the vitalizing, uplifting and inspirational quality of the inner realms. This is why this aspect can often be found in those who are dedicated to film, dance and the arts as revealers of enriched perceptions of life, and where the Neptunian muse works through into the world.

You are likely to possess such innate talent, and, provided that you make the effort to manifest your inner imaginative dreams - perhaps associated with your Venus - then you can be productive. If, however, you have a weak or badly aspected Mercury, Saturn or Mars, then you may have certain obstacles to overcome before your dreams can turn into reality. Otherwise, you may be able to offer rich dramatic artistic creations for the stimulation and enjoyment of others.

Generally, you are a beneficent spirit, warm and compassionate to others and aware of the social dimension to life. Yet you may be more attuned to applying your energies in a distinctly creative manner than to being preoccupied with more direct social action, believing that creativity is the best way for you to contribute towards the advancement of society.

Your interest is usually in the unfolding of individual potential, and you can place much effort into encouraging this in others, especially your family and younger people. Sometimes, though, you may be a little self-centered in attitude - especially when under the influence of an artistic muse - and prefer to be freer from social or family obligations in order to concentrate on releasing your creative spirit.

In relationships, you prefer a partner to have independent interests and the ability to be more self-reliant and not excessively dependent on you. Partners should have a corresponding artistic appreciation and sensitivity, culturally developed so that mutual understanding is present. It may be that your creative spirit is fully satisfied by the creation of projects which can have a direct benefit for others, which contribute to improving social conditions in some way.

From these you too would benefit as the quality of the social environment improves, and so diminishes the level of negative impact that it can make on you. There can be a prophetic element in your creativity; intuition, related to people and directions, can play a vital role in your life, and art can give direction or voice to underlying social needs too. This is the psychic dimension operating; it requires attention.

([335] [astromatrix.org](http://astromatrix.org);) The expression of the trine has several similarities to that of the sextile, and usually enables these two planetary energies to work well together. The social sphere of life will be of considerable importance to you, both as a personal need for contact with others, and in the enjoyment that you derive from it.

Whilst you develop your own individuality and style, you have a 'community attitude'; your ideal is to live in a way that both succeeds in satisfying your needs and has a beneficial effect upon the wider world. The ability to have positive relationships with people may be used through work which brings you into broader contact with the public. This can be through teaching or communication in some way. Possibly your talents can be expressed via artistic creations or music, which embody your Venusian sense of harmony and beauty.

In your intimate partnerships, you find it easy to express your feelings, and these will remain more consistent than with the conjunction aspect. With these Venus-Uranus aspects, though, there is the tendency to be affectionate and sympathetic with the majority of people, a form of diffused love which is universal rather than individually orientated. This can cause some unease and confusion within a partner who fails to be convinced of your specific love for him or her.

([530] astromatrix.org:) Attacks Of Loneliness

You will have to learn how to co-operate and how to establish emotional bonds with others. While you are young, especially, you may feel that other people get in the way of what you want to do and resist your efforts. Consequently, you may withdraw and cut

yourself off from others, or you may feel that they have withdrawn from you.

Often you feel that you are very much alone and that no-one really cares about you. This is not usually true, but by withdrawing emotionally, you have made it impossible for them to feel affection for you. It is also possible that you are surrounded by people who are not very friendly.

Perhaps it is your own family that seems to judge you harshly or make too many demands, but you can still go out into the world and find people who are willing to be your friends. But for your future, it is important not to simply retreat into yourself, because when you are older, it will be harder to meet people and establish connections, unless you learn the habit now. And later on, your attacks of loneliness will be much more severe. In addition, when you are older, inadequate contact with others could lead you to feel empty and meaningless. These feelings could emerge even if you are highly regarded by others, because they arise from your own sense of distance from people.

In any case, you may be more of a loner than most, which is perfectly all right within reason. If you have only a few friends, those you do have may be close and enduring.

([87] [astromatrix.org](http://astromatrix.org).) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

your love and commitment in unusual ways as well.

Your long term partnerships may be with people who are unique, unusual or eccentric. You may be attracted to relationships that dramatically change your life and perspective, opening your mind to radical ideas.

You may have an intense partnership with dramatic highs and lows and you may also be attracted to people who are exciting but not always stable.

Regardless, you can easily make things work with your long term partner by finding unusual ways to break through difficulties and create changes together.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 22° **Virgo** 45' and in the **5th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 14° **Sagittarius** 35' and in the **8th** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 25° **Cancer** 35' and in the **3rd** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 17° **Sagittarius** 28' and in the **8th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 4° **Taurus** 24' and in the **1st** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 14° **Virgo** 20' and in the **5th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 3° **Sagittarius** 44' and in the **8th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 17° **Leo** 27' and in the **4th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 15° **Sagittarius** 17' and in the **8th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment

Nemesis in Eighth house (Scorpio): murder, plots, jealousy, scheming, lack of trust

### **Lots related to family:**

The **Lot of the Father** is in 16° **Sagittarius** 7' and in the **8th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 19° **Virgo** 40' and in the **5th** house.

Same as for father.

The **Lot of Siblings** is in 9° **Gemini** 30' and in the **2nd** house.

The **Lot of Children** is in 27° **Pisces** 45' and in the **11th** house.

The **Lot of Daughters** is in 19° **Capricorn** 3' and in the **9th** house.

The **Lot of Sons** is in 8° **Pisces** 38' and in the **11th** house.

The **Lot of Marriage for Woman** is in 24° **Virgo** 7' and in the **5th** house.

The **Lot of Marriage for Men** is in 13° **Sagittarius** 8' and in the **8th** house.

The **Lot of Deceit in Marriage by Woman** is in 28° **Capricorn** 35' and in the **9th** house.

The **Lot of Deceit in Marriage by Men** is in 0° **Taurus** 35' and in the **1st** house.

The **Lot of Marriage (in general)** is in 18° **Leo** 12' and in the **4th** house.

**Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 4° **Leo** 31' and in the **4th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 14° **Aquarius** 59' and in the **10th** house.

The **Lot of Treachery** is in 27° **Sagittarius** 40' and in the **8th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 15° **Taurus** 7' and in the **1st** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 10° **Aquarius** 8' and in the **10th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Aries (Rx)***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 1st House/Aries: Splashes the room with your vibrancy. Goes through many changes in appearance as well as identity crises. You look for something that can spark a new battle or even new life. This placement can have depressive symptoms in between lifestyles that pique your interest at the time. You were confrontational as a child. With time, you learn that sometimes it's best to sit back and wait, take your time to shed your skin. You may find that jumping to attack finishes what you start too soon. You are well known as someone who is explosive, dressing eccentrically and maybe having a temper, or at least love a good debate. You spark many interests as you live your life full of color, and your intense life brings much change to others as you are constantly changing yourself. Childhood for you brought you all over the place, and even now sometimes you feel like you're being stretched too thin. Try not to lose sight of your refined passions in search for new shiny ones and appreciate the lows as they allow you to relish the highs in your life.

### ***Pholus in 12th house***

([12andus.com](https://12andus.com/);) Your desire for compassion and emotional healing leads you to unintentionally unleash old wounds.

You may bite off more than you can chew when it comes to seeking connection with others, finding that you unintentionally end up in relationships that have toxic elements.

You may have sudden epiphanies that dramatically change your sense of spirituality. You may have to overcome dramatic emotional upheaval and make sense of your emotion and intuition.

You may go to extremes seeking purpose, faith and higher wisdom. Your ideals lead you to question anything that doesn't quite feel right to you. You may find a toxic element of

spirituality to be appealing and may seek escape or mind altering effects of transcendent practices or even substance use.

Even if your intentions are noble, use of escapist techniques and mind altering substances can lead you to make dramatic mistakes that then unleash substantial conflict which you will need to unravel.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Scorpio***

(12andus.com:) You have a deep desire for intimacy.

Your obsessive nature can be channeled into sexual conquests. You're obsessed with power, status and domination. You prefer sexual positions that make you feel in control of your partner.

You may also have a healthy sexual appetite that you'll look to fulfill even if you stray away from your actual romantic partner.

You need to feel secure and in control so even in sexual encounters, you'll steer clear of any signs of vulnerability. You will become obsessed with the power aspect of sexuality.

You may become fixated with experimentation that involves restraint, control and power over a partner. Pushing the very boundaries of the relationship is arousing to you. This can lead you to experiment with BDSM or other taboo forms of sexuality.

#### ***Eros in 7th house***

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner

and try to turn your partner into a more romanticized version of themselves so they fit your image.

- 1) ► 7° Aries 51' **Pholus** ✎ **Conjunct** ♃ **Jupiter** (Rx) 28° Pisces 22' - (9°29')
- (12andus.com:) You easily expand your beliefs during times of crisis and challenge.

Though life changing catastrophes can be disruptive, you will find ways to make the best of even the most cataclysmic situations. You may find great enthusiasm and optimism for new prospects that are best illuminated by crises and challenges.

When others are panicking or succumbing to disruption and chaos, you find ways to further clarify your higher ideals and release distractions or toxic illusions. You may overestimate your ability to understand danger or challenges you face.

Yet once you come to understand clearly what is beyond your control, you can transcend difficulties and come to embrace your higher calling. Even knowing what is beyond your control ends up being empowering to you in the midst of crisis.

2) ► 7° Aries 51' **Pholus** ✎ **Conjunct** ♀ **Lilith** 6° Aries 19' - (1°32')  
(12andus.com:) Your independent nature and rebellious side can fuel unexpected crises.

You can make small decisions to promote your independence or rebel against the status quo and not realize the full impact of what your decisions unleash.

Even during crises or cataclysmic events, you may be more focused on your own individual needs and what the crisis means to your individual freedom rather than considering the ramifications of the crisis to others.

For you, dramatic crises and cataclysmic events can serve as a wake up call, reminding you of your personal needs or centering your focus on yourself.

Crises can be the impetus for you to pay more attention to your own needs and following an independent path rather than trying to please others.

3) ► 7° Aries 51' **Pholus** ✎ **Opposition** MC **Midheaven** 4° Libra 44' - (3°07')  
(12andus.com:) You may feel torn between cataclysmic events and crises beyond your control and your desired career path.

Just when you think you're finally stable and setting the foundation you needed in your career, you may unexpectedly face dramatic life turning points that challenge your professional status or career goals.

If you are able to balance your career ideals and the reality of a crisis or challenge you must face, you can find ways to align your reaction to crisis and your role of leader in business or career.

You may want to spend more time with family or in the privacy of your home at a crucial time in which your skills and talents are in demand in the career path or business that you've been called to.

You will have to put some effort into finding ways to fulfilling your career path and also fulfilling your obligations to others during times of crisis and pivotal changes.

You may be called to protect others or to be a leader or guide during times of crisis and even if you are not fully prepared, you will be able to learn as you go.

4) ► 7° Aries 51' **Pholus** ✎ **Sextile** ♀ **Mercury** (Rx) 3° Aquarius 26' - (4°25')

(12andus.com:) You may need to purge your thoughts or use inspired writing or speaking to clear your mind.

When you are faced with dramatic crises or loss of control, you may try to rush in to save the day as a mediator or spokesperson. Yet in doing so, you may unintentionally get caught up in thinking or attitudes that are part of the problem.

Though you can't get through a crisis completely unscathed, you can more easily express yourself cathartically and find catastrophic periods to be cleansing and healing on the whole.

5) ► 7° Aries 51' **Pholus** ✎ **Sextile** ♄ **Chiron** (Rx) 12° Gemini 26' - (4°35')

(12andus.com:) You may find it easy to trust your instincts and develop your intuition on a deeper level during times of crisis and cataclysmic change.

You may find a clear sense of purpose and finally be able to address your past wounds and traumas because of dramatic crises. Even when you can't fully contain the impact of the crises and situations out of your control, you will be able to uncover deeper truths about yourself.

You'll be able to see your true wisdom and find greater healing while also inspiring others by acting as a role model.

You may find it easy to lead others by example, providing the kind of support and guidance you lacked and wished you had.

6) ► 7° Aries 51' **Pholus** ✎ **Square** ♄ **Ceres** 7° Capricorn 15' - (0°36')

(12andus.com:) You may find it difficult to face your obligation to others during crises or turning points.

On some level you may feel it is important to provide for the comfort and security of those around you, but you also may resist facing the full scale of a crisis at first because it challenges your own personal sense of comfort and security.

When you adjust your expectations or perspective, you'll be better able nurture yourself and find security in the midst of crises.

With some adjustments to your expectations, you can find the motivation to act out of compassion and help others find the stability and comfort they need as well.

7) ► 7° Aries 51' **Pholus** ✎ **Trine** ♀ **Venus** 13° Sagittarius 50' - (5°59')

(12andus.com:) You may find it easy to express your love and nurture your connections to those you care about even as you experience dramatic life changes.

Life changing events that alter the course of your path can be set into motion because of your romantic partnerships or connections to those you love. Even cataclysmic events can ultimately benefit you or lead to deeper love and security.

You may have to face the ways in which you overestimate your ability to save others or face patterns of codependency in toxic relationships so that you can heal and break through these patterns.

Dramatic changes brought about by small steps or seemingly innocent encounters can have wide ranging consequences in your life.

Relationships and partnerships can be a big part of shifting your perspective, leading you to embrace your connection to others who support and validate you even as you go through major life turning points.

8) ► 7° Aries 51' **Pholus** ✎ **Trine** Sp **Spirit** 14° Sagittarius 35' - (6°44')

9) ► 7° Aries 51' **Pholus** ✎ **Trine** ♀ **Pallas** 12° Leo 5' - (4°14')

(12andus.com:) You can find it easy to draw on your strength and vision during times of catastrophe and cataclysmic changes.

You can easily find your focus and passion and you emerge as a leader even as others are panicking. Your creative and intellectual gifts are enhanced by times of turmoil. You may take on the biggest challenges and find the biggest fight in order to get your message across and to fulfill your mission.

Rather than being deterred by turmoil and catastrophe, you are emboldened by these things. Your strengths and determination are fostered during times of crisis as you see yourself as a warrior, crusader and protector for others.

10) ► 7° Aries 51' **Pholus** ✎ **Tri-Septile** ♄ **North-Node** 3° Scorpio 8' - (0°25')

11) ► 7° Aries 51' **Pholus** ✎ **Tri-Septile** ♄ **Juno** 12° Virgo 4' - (0°05')

12) ► 7° Aries 51' **Pholus** ✎ **Quincunx** ♄ **Eros** 10° Scorpio 38' - (2°47')

(12andus.com:) You may find it challenging to express your erotic nature because of dramatic changes or turning points beyond your control.

You may not fully trust yourself when it comes to exploring your erotic side. You may need to learn to appreciate your sexual desires and instincts. You can work to find clarity in your connection with intoxicating partners and find greater security and confidence to open up and express your desires and sexual fantasies.

You may need to build up your personal sense of acceptance and confidence in order to then become secure expressing your erotic and sexual nature.

13) ► 10° Scorpio 38' **Eros** ♋ **Conjunct** ♏ **North-Node** 3° Scorpio 8' - (7°30')  
(12andus.com:) You instinctively follow the object of your infatuation and have no problem pursuing your desires.

You may feel that moving toward that which brings you pleasure and deep desire is like a magnetic attraction completely outside of your conscious control. You may easily meet partners who seem to be “destined” to enter your life.

Even if the purpose of the relationship is to explore your erotic nature and not romance specifically, you easily recognize who and what you are attracted to.

You may feel compelled to explore new forms of erotic expression and as you do, you'll go beyond your comfort zone and find higher connection through this experimentation.

14) ► 10° Scorpio 38' **Eros** ♋ **Opposition** ♉ **Saturn** 4° Taurus 17' - (6°21')  
(12andus.com:) Your strong sense of responsibility and work ethic can put a damper on your erotic allies.

Even when you are lost in an infatuation you never lose your sense of control. You may feel the need to be rigid and practical even when it comes to intimacy. You may have dogmatic or religious beliefs that stifle your passionate and creative sexual expression.

If you embrace the challenge to face your fears and challenge what you've been taught by society about propriety when it comes to intimacy, you can get in touch with your sensual nature and become more open to erotic encounters.

You may need to feel a sense of commitment from your sexual partner in order to feel fully excited and connected. You prefer traditional and practical expressions of sexuality as opposed to adventurous attempts to break the barriers.

## 144 More Asteroids

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### Hygiea in Virgo

(astrology.com:) Virgo or in the sixth house: On its face, this is an optimal placement, but Hygiea in the sign of purification doesn't necessarily imply a premium on health. These

individuals view daily routines as acts of wellness, but some routines can be draining or gratuitous. This Hygeia may get too hung up on habit, so the thought of missing their ritual creates more stress than the relief of undertaking it. They must be mindful of their priorities, as one can have a holistic wellness regimen but still forget to eat.

### ***Hygiea in 5th house***

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

### **Eris in 3rd house**

## **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and

house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

### ***Karma in Aquarius***

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

### ***Karma in 10th house***

(whatsmyalternative.com:) (I can not find interpretation for the 10th house.) Karma in Capricorn (or 10th House): A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

### **Pandora in Gemini (Rx)**

(astronomicallyaligned.tumblr.com:) Your box is filled with air and electricity. It's similar to the connections and nerves in the brain. If let loose, it will spread like a virus, infecting all living, and all dead. You might want to release the tension in hope of gaining intelligence and possibilities. Try using that inner electricity and light air for connecting and inspiring a thirst for knowledge in others. Or more the thirst for thinking.

## Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

## Nessus in Leo (Rx)

(smartyoungsters.com:) This is the self-obsessed Nessus that wants to be on the center stage at all times. A politician that can kill, murder or do almost anything to win the

coveted chair. An actor who wants to have the spotlight always on him and who go to any length to get it. This is a self-centered Nessus who wants to be worshiped at all costs. He manipulates followers can even buy them to promote his superiority. An actor who commands attention, has a powerful personality. Known for his ego and pride, this Nessus is insanely generous to his followers and yes-men. When this Nessus is positively influenced by Saturn and Chiron, he can be the hero of dreams. He can be a great King for his subjects. Win Oscars, take his country to the top most position in the world as the leader. In love, this Nessus wants to be treated as royalty and will not tolerate a partner who does anything less than that. May always want partner to behave "up to the mark" and have high expectations from him/her.

### ***Nessus in 4th house***

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

## **Icarus | Risk-taking, Defiance**

Shows how and where we seek to be free of constraints. More keywords: Freedom, expansion, liberation, an attempt to escape intolerable situations, vivid inspiration. If not liberated then constraint by one's own fears.

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

## Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James

Van Praagh and Anton Pauwe).

- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

## Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

[1] where you give off an air of the dark and mysterious; where people are irrevocably changed by you

### **Proserpina**

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take

back.

### Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.  
 To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[4] = astrologyking.com - Usually it is this book (Fixed Stars and Constellations in Astrology, Vivian E. Robson, 1923), but I personally don't like it too much, because she does saturn demonization and the interpretations could be very out-dated or just bad in general.

[4] Ptolemy states that the stars "on the bow and at the grip of the hand like that of Jupiter and Mars". Robson interprets this as: High ambition, pride, love of power, grandeur of view, If rising, military honors. If culminating, high ecclesiastical honor, martial preferment, prosperity in business. The Bow of the Archer has a Jupiter-Mars nature and is specially credited with promoting mental stimuli, enterprise and a sense of justice. Natives who are influenced by this star are promoters of idealistic and humane ideas if this fixed star is conjunct Ascendant, Midheaven, Sun, Moon or Jupiter.

Instead of allowing the brain to take the lead. Without listening to the spirit. This is a dangerous way to live. Arcturus fixed star shows us we must listen to our spirit and allow it to be master over the brain and body.

[3] The astrology of the fortunate fixed star called Nashira: warm and nurturing energy is released, encouraging trust and faith in the universe. As the wheel of fortune slowly turns away from disappointment and disillusionment, remain open to all possibilities that foster emotional and spiritual growth.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind. Slowly becoming a kinder more relaxed individual. Opening the soul and entering a spiritual phase in your life. One which brings peace, happiness and a stronger sense of love.

[3] The fixed star Unuk (aka "Snake Heart"). This cunning fixed star seeks release in the seductive, unconscious and instinctive sexual/aggressive forces deep within us.

But as the energy cuts a swathe of darkness across the face of the Earth, the rhythm of this beating heart will stop for a few moments... and so with it the repressed coiled energies of the collective.

So seductive... and addictive, this uncontrolled and corrupt energy is potentially violent and criminal. However, if acknowledged, accepted and celebrated, the animal urges inherent in the human species and can be channelled into a new realm of possibilities... where the undulating vibrations of instinctive awareness are harnessed into higher

awareness, offering supreme enlightenment and a gateway to bliss. This is the beginning of the shift of consciousness.

The fixed star Unuk marks the possibility of ascension. Individual efforts focused outwards. By entering the dark side of life, opens us to see the light. Like a moth to a flame. Once the light is found through the blackness a new path forward is forged.

If this aggression is not controlled and channelled correctly it may lead to anger directed towards others. Unuk star in an astrology chart shows where emotions are heightened, bringing about anxiety. Leading to cloudiness in decisions and an unclear mindset.

Once this has taken hold, it is very difficult to turn things around. Unuk asks us to stop and contemplate our moves. Making sure we do know where we are going. Where our thoughts and actions are leading us.
