([659] numerologycalculator.online:)

The Power Player

The Life Path 8 suggests that you entered this plane armed to lead, direct, organize and govern. You are very ambitious and goal-oriented.

You know how to manage yourself and your environment. Your ability to judge the character and potential of the people around you is an asset used to your advantage. A large part of your success in life comes from how hard you work.

This Life Path is perhaps the one that is the most concerned with and desirous of status as an ultimate measure of success. You want to be recognized for your hard work and achievements. The attainment of honors and acceptance into the club of executive leadership is all important.

In relationships, you are frank, honest, and steadfast.

You may be very much in love, but watch that you are not too busy and preoccupied to show it.

You have a great need for close personal relationships to mitigate and somehow soften

your nature. You must find the time for love and keep it as an important project in your life.

The negative 8 can be dictatorial and often suppresses the enthusiasm and efforts of fellow member of the environment.

Material gains and rewards often become issues of utmost importance, even to the neglect of family, home and peace of mind. Dedication to success can become an obsession.

Expression (Destiny) Number: 2

([659] numerologycalculator.online:) The number 2 Destiny suggests that the direction of growth in your lifetime will be toward gaining an understanding of people and a greater spiritual sense of the world around you.

A name producing a 2 Destiny gives you the tools to work very well with other people. Your destiny will be, in part, in the role of the mediator and the peacemaker. As you grow in this direction, you become sensitive to the feelings of others, you become diplomatic in handling complicated situations.

The spiritual potential for the 2 Destiny is very high. You have the capacity to be inspirational, and the ability to lead merely by your own example.

An inborn inner strength and awareness can make you an excellent teacher, social worker, philosopher, or advisor. No matter what area of work you pursue, you are very aware and sensitive to the highest sense of your environment. Your intuition is very strong; in fact, many psychic people and those involved in occult studies have the number 2 Destiny. Indeed, the 2 has a spiritual connection not found in other numbers.

In many ways you are dependent on others and seem to function best in a partnership or in some form of group activity. As you mature, modesty will run deeper in your nature, and you must work comfortably without recognition of your accomplishments.

Often, others will get credit for your ideas, and this must be of little real concern to you as you skill as a team play progresses. Cooperative, courteous, and considerate, you have the capacity to become an outstanding facilitator. You will have the capacity to organize and handle people, just as you will handle detail, rarely overlook anything.

As you fulfill your destiny, tactful and friendly behavior will increase your popularity, and nearly everyone will like you. Perhaps this is also because you are more content working with your ideals, rather than dollars and cents.

The positive aspect of the number 2 Destiny is an always idealistic attitude.

The negative 2 personality can be oversensitive and easily hurt. Too much of this number in your makeup can make you very shy and uncertain. Sometimes the excessive 2 energies makes one apathetic and somewhat indifferent to the job at hand; the ability to handle details is hampered in these cases.

Some 2s, struggle with a continuous sense of nervous tension; you may be too sensitive and temperamental. You tend to dream a lot and may be more of a dreamer than a doer. Fantasy and reality sometimes become intermingled and you are sometimes very impractical. You tend to want to spread the illumination of your knowledge to others irrespective of their desire or need.

Life Path - Expression Bridge Number: 6

([660] numerology.center:) Number 6 belongs to rather creative people. This trait is reflected in any field you deal with. To express your thoughts and ideas is good for your personal development and your success. You may bravely show your innovative projects and feel calm and comfortable because your original approach in most cases is rather successful.

Relationships are important aspects of your life. Their beneficial influence is indisputable. That is why you have to pay more attention to maintaining warm relationships with close people and spend pleasant time with your family.

Life Path 8 and Expression 2 or vice versa:

A person with such mixture of numbers possesses the features of a leader. If it is your combination, diplomacy and your talent to negotiate are among your strengths. However, there is a weak side as well. Sometimes you like to gossip and to criticize others. It may be harmful for your relationships. Instability in your finances and your extra sensitivity badly influence your romantic relationships too. It is possible to fix some of these disadvantages, but you have to make efforts as it's not so easy.

Heart's Desire (Soul Urge) Number: 1

([659] numerologycalculator.online:) Independence, leadership and a strong desire to be a leader in their field are the traits of the one soul urge number. The person with this heart's desire longs to be in complete control of his/her own destiny.

You have an insatiable need for independence. You are determined to be the master of your own destiny. You are determined to live life on your terms. You not only have leadership qualities, but in many situations consider yourself to be the only qualified leader.

This instills you with confidence and helps you make difficult decisions that others would be apprehensive about making.

Your intelligence is above average and people regard you as being insightful and even inspiring. The leader in you draws out the follower in others. People look to you for your unique perspectives and actually appreciate the controversial nature of some of them. When you believe in something, you commit to it and your enthusiasm is infectious.

The negative in all this is that the things you know about yourself and your abilities can make you come across as arrogant or domineering. Be sure to gather around you people who want to be led. Competition can bring out parts of your personality best left

out of public view.

Personality Number: 1

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

Heart's Desire - Personality Bridge Number: 0

([660] numerology.center:) This number brings you luck. You have a wondering ability to make people feel calm, happy and comfortable near you. They like to spend time with you and look for your company. You are a responsible person and you understand that success depends on your efforts. But sometimes it is impossible to control everything. Just accept it and don't give up. You have a tendency to be nervous if your plan is not fulfilled. If something goes wrong, you don't have to worry too much. With time, everything will come to be in it's place.

Quiescent Self Number: 1

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

Maturity Number: 1 = 8 + 2 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to be independent and stand on your own two feet. You're being called upon to take initiative, to be a leader, and to take creative risks toward achievement in any realm you feel passionate about.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to independence coming to center stage. Situations will arise highlighting your sense of dependence or independence, your ability to connect and relate with others, and whether or not you behave in a dominating and controlling manner.

What that might look like:

- A strong need to break free of dependent situations.
- Evaluation of self-centered behaviors.
- Financial situation may change dramatically – through divorce, illness, or other transitions.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 5

([664] worldnumerology.com:) A missing 5 advises you to be adventurous, to overcome your fear of change and uncertainty. Take every opportunity to welcome new experiences and move past your apprehension. Broaden your vision, be social, do something unexpected (in a healthy way).

Life will create opportunities that require you to adapt to new circumstances. Try not to be too timid or repetitive when deciding what to do next.

Overcome your tendency to be rigid and inflexible. Your lesson in life is to learn to have faith. Overcoming the challenges posed by your missing 5 will allow you to flow with life, to adapt to change, and to grow.

The effects of this Karmic Lesson are diminished if you have at least one 5 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 6

(Month + Day) - from age 0 to 28 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 1 Number 6: First Pinnacle: As a younger person in the midst of a 6 Pinnacle, you're likely to find yourself knee-deep in duty and responsibility related to home and family. This may be because of the pressures you experience in your family with parents and siblings, or you may find yourself entering into premature marriage at an early age. Often this energy causes you to experience controlling circumstances from a parent or another authority figure.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Second Pinnacle Cycle: 7

(Year + Day) - from age 29 to 37 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage

others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 2 Number 7: Second or Third Pinnacle: If you experience this vibration in your Second or Third Pinnacle, you'll be offered an opportunity to refine and specialize your skills down to a fine art if you so choose. Unless you're directly involved with some sort of research, spiritual, or philosophical endeavors, progress during this Pinnacle can feel painfully slow. The benefits to your 7 Pinnacle won't be seen in your material or financial realm as much as in your spiritual life and internal realm.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

Third Pinnacle Cycle: 4

(1st Pinnacle + 2nd Pinnacle) - from age 38 to 46 (based on LPN) - ([665]
feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and “fun” time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 3 Number 4: Second or Third Pinnacle: A Second or Third Pinnacle with a 4 emphasis will fuel your ability to get ahead in the world and achieve—not so much because of innate talent as much as your drive and ability to out-work the competition. You might find some economic limitations during this Life Stage, set in your path to test your commitment to building solid and steady foundations while not being beaten down by obstacles and limitations.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Fourth Pinnacle Cycle: 3

(Month + Year) - from age 47 (based on LPN) - ([665] feliciabender.com:)

General: When a 3 Pinnacle comes, get ready to dig into your emotions and express yourself. This is a time to get to know your inner life intimately, to identify and deal with your emotions, and to cultivate your creativity in all its forms. You have no other choice except to dig deep to locate your underlying emotions and learn to communicate these with clarity and purpose. It's time to learn to speak your truth. If you attempt to hold your feelings and ideas in, you'll implode. Now is the time to allow yourself and others to see the true creative and emotional you.

This Pinnacle is set up for light, enjoyable activities that support joy and expression. This energy is supportive of travel, social activities, friendships, and entertainment. You may feel affectionate and certainly you feel the push to be outgoing during a 3 Pinnacle. The foundation is being poured for growth and development of personal expression, particularly verbal expression. Even if you haven't felt particularly "artistic" or "creative" before, now you are likely to feel drawn toward participation in artistic creation of one kind or another.

The 3 vibration is aligned with the joy of the present moment. Long-term plans made during this stage might not come to fruition exactly the way you planned them. It's all about being with people, having some fun, and acting with a youthful attitude. It can be an "easy come, easy go" stage, where variety and movement trump hunkering down and making things happen. Think. Dream. Imagine. Create.

Pinnacle 4 Number 3: Fourth Pinnacle: If a Number 3 shows up for your Fourth Pinnacle, there's a good possibility for travel and social activity. Often this is accompanied with a freedom from financial worry. It can be a very comfortable final stage in your life that is supportive of all your creative endeavors.

Warning: Warning: You'll feel that with the 3 energy, you can get easily scattered, distracted, and drained. The 3 energy is so curious, you'll want to learn something and then quickly move on to the next thing. You would benefit from developing more groundedness and a sense of self-discipline in order to take full advantage of this joyful and happy number.

First Period Cycle: 1

(Month) from age 0 to 28 (based on LPN)

([666] worldnumerology.com:) The first three decades of your life represent a period of much intensity. It requires fortitude, courage, and flexibility. You will be forced to use every one of your talents in order to achieve your own personal individuality and independence.

This is a period of integration and focusing on your life's dream.

Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality.

This cycle marks a time of progress.

Second Period Cycle: 5

(Day) from age 29 to 55 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a period of rapid progress and change. You learn the lessons, values, and responsibilities that come with freedom. You likely travel, move residences, or change jobs frequently.

You are footloose and free-spirited. You acquire a flair for self-promotion, which can benefit your professional life. You become better at self-expression and grow less inhibited.

During this period, you meet many interesting, often eccentric people and encounter new ideas. You benefit from change and avoiding a predictable, routine lifestyle.

A 5 Period Cycle is dynamic and chaotic; it requires an open mind and tolerance for concepts and lifestyles you may initially find quite foreign. Opening up to new ideas is challenging but rewarding.

Third Period Cycle: 11

(Year) from age 56 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you increasingly intuitive and relying more on your emotions. You become less inhibited as you gradually lose the fear of sharing your true, deeper self. You are more direct and less hesitant to express your feelings. You are better at working with people, and you become a master in the fine art of persuasion.

Others are drawn to you, especially young people and those who live in difficult circumstances and need help. You likely discover a talent you hadn't previously been aware of, perhaps in the visual arts.

First Challenge Number: 4

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim

- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you

- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Fourth Challenge Number: 1

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 3 (05 + 10) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 3 is a year of increased creative and inspirational energy.

Creative expression, creative inspiration, more opportunities for social interaction — all these tend to be more present.

Creative expression may be through personal artistic endeavors or a deeper association with the arts. Creative inspiration may be an expression of imagination. Enthusiasm is more abundant, as is a desire to entertain.

It's likely to be a colorful and eventful year.

Personal Year Number (for 2023): 4 (05) + (10) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 4 is a year of focus, work, discipline, and opportunities to enhance the security of the future.

It is a practical year. A pragmatic year. And a resourceful year. A year of paying attention

to details and a tendency to focus on building a firm and secure foundation for the future.

The year tends to demand a lot of work — steady, conscientious, application of proven methods to reach personally-established goals.

Goals tend to be clear and reachable, and a method determined that virtually assures the goal will be accomplished.

(feliciabender.com:) This is a year to work hard and sharpen your skill set. Take the time to slow down, steady your pace, and become more methodical about which goals you want to reach for. This is a more serious year that requires hard work to set the foundation for whatever you are working on; job, relationship, family.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): P

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is likely to have a self-determined spiritual, metaphysical, or philosophical approach to life.

([671] spiritwalk.org:) You are curious and like to remember different facts, even if they seem useless. It is easy for you to make an amazing first impression, but you see others through after the first few minutes of conversation, as your inner feeling is profound.

Your main flaw is your impatience. Often you cannot wait for a right moment to act or to be silent.

([672] numerologist.com:) Cornerstone: You are intelligent, knowledgeable and seem confident but you have trouble getting things started. You can also be too impatient to do research or wait for the foundations of an idea to take root.

([673] numerologyzen.com:) Letter P. A cerebral and wavering letter, P is synonymous with philosophy, perception, progress, prestige and pretension. It is a difficult letter to characterize. Is it good or bad ? The person with this letter can have a great activity of reflection orientated towards the progress of the individual and the interest for fundamental questions. P is rather secret, reserved and has the tendency to be distant, but on the other hand, proud, professorial, with a taste for prestige. This doesn't mean that P doesn't feel anything, doesn't react or lacks intuition, on the contrary, but P is a

letter which suffers the consequences of too much activity in the mental area, therefore an appearance of reserve and a lack of ease for the concrete and affective fields. In fact, very egoistically, P is interested in [his,her] internal problems (affective and intellectual). [He,She] cogitates and searches, if possible, to sublimate them in order to progress. As the graphism indicates with an expansion in the top part, P is pushed towards the paths of mind, and [he,she] will be able to discover a passion for studying. P likes to reflect tranquilly, far from agitation. Material contingencies bore [him,her], the world of sentiments and sensations seems [him,her] difficult to manage ; [he,she] often opts for a second degree existence, so much so that one asks oneself if anything or anyone is really important for [him,her]. Sometimes P protects [him,her]self by being sarcastic or mocking. This is a manner to slip away and not confront the obstacle for P, because he is often thrown. P can be tense, a bit unstable and need space and tranquility in order to function well. P constructs [his,her] inner world which satisfies [him,her] fully and he looks very suspiciously at anyone who tries to penetrate [his,her] secret garden. P can sometimes seriously lack tact, because [he,she] isn't always very sure of what [he,she] experiences and finds it difficult to express or share feelings. P is a thinker, who would do well to become more flexible, to open up more and co-operate, especially if [he,she] wants to succeed materially and sentimentally. By wanting to protect [him,her]self too much, [he,she] ends up by cutting off the world, provoking misunderstandings and living periods of isolation and doubt.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: O

[674] [671] [675] ([674] affinitynumerology.com:) Open nurturer.

Harmony, a happy home, and moral standards tend to be highly important. Respect for rules and acceptable behavior are also likely to be important.

([671] spiritwalk.org:) You have a stable set of principles and moral values. It is really hard to persuade you in something that contradicts with your beliefs. You are sensitive and sincere about your feelings. Try not to compare yourself to others, and learn to live your life fully and be self-sufficient.

([675] numerologist.com:) The O reflects the energy of the number 6. When you have the O as your first vowel your tendency is to respond to the world with contradiction. You can appear humble yet strong-willed, independent yet helpless, wise yet self-righteous. You're innately magnetic, protective of friends and family, service-oriented, and nurturing – especially in the home and family realm. You have challenges modulating your overweening sense of responsibility and can become agitated when others make

demands on you and yet don't take your advice. You benefit when you allow time to step back and find creative solutions to problems rather than immediately reacting. Your highest and best use is when you're leading others in a position of authority.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): T

([676] ezinearticles.com:) This letter indicates that a need for affection could become an obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

([678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively.

([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

0 on the Physical Plane

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual

interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

9 on the Mental Plane

"Compassion", "mercy", "caring for your neighbors" – all these are not some abstract notions for you, but very specific principles of life. And not in the utilitarian, but in the global sense. That's what you are appreciated and respected for. Sometimes you might feel that you just can't help everybody so you want to show healthy egoism. It's quite normal. You just need to learn to keep a firm hold on yourself.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

8 on the Emotional Plane

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a "power unit", regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

3 on the Intuitive Plane

Missionary character. Once you come to some truth on your own, you can endlessly polish it like a treasure, overwhelmed with the desire to share your insight with everybody. It's more than likely that true inspiration and inherent tendency to affectation can play a positive role here.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 4 line «1-2-3»
1111	–	777	Moneymaking: 1 line «4-5-6»

			Spirituality: 6 diagonal «1-5-9»
			Temperament: 4 diagonal «3-5-7»
–	–	9	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1111

"The Leader" - you are always calm and confident. These two are predominant features of your character. You voice your opinion softly, but weightily, making others listen to you or even grow quiet. You can show yourself cruel rarely, but right on target. And people feel this cruelty in you. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — empty

"No energy" - fast exhaustion from overexertion or nine-to-five job; frequent depressions. You often want to be fuelled by emotions (especially negative) of other people, like a vampire. It will be difficult to choose a job you can manage. You should really sleep well, workout or practice yoga.

Cognitive, creative — empty

"Weak potential" - you don't have a propensity for the exact sciences, complex concepts and invention activities. Besides, you are not interested in anything like that.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — 777

"777" is a sign of great success and full ownership of one's destiny. But it will be possible to come to a great success only after serious tests of fate. There is one problem for a person with this sign: they have exactly what they want. As soon as thoughts become negative and self-belief vanishes, bad result comes quickly.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 4

"High" - this person does not want to be like everyone else, put themselves above the rest. People with 4 in self-esteem think they deserve more than they have, strive to achieve big goals and make efforts to get what they want. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way.

Moneymaking (Line «4-5-6») — 1

"Not independent" - this person will do everything to stay under the wing of their parents as long as possible. And then they will look for a spouse who can bring home the bacon.

Talent (Line «7-8-9») — 5

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 7

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because a very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 2

"Passive" - this person can even talk about wanting to start a family, but they make almost no tangible steps to this. They would like to get a marriage proposal instead of doing it.

Stability (Line «3-6-9») — 1

"Yearn for change" - there is not enough stability in this person. They can't imagine living without changes, but those around them do not approve of this craving. At least in some small things they remain stable and predictable for loved ones.

Spirituality (Diagonal «1-5-9») — 6

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 4

"Warm" - the need for intimacy is high, so if there is no soul mate, this person makes every effort to find love. However, people with 3 or 5 in temperament suit them best because and help to elicit their potential; this person is considered to be rather faithful.

Empty and Full Arrows

These people are enterprising and active. They are tenacious. Nothing stops them from getting what they want. They are stubborn and only see themselves. They are inflexible.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Four of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Diamonds: Values - Security - Dharma
Four of Diamond Meaning: Good Fortune
Karma for the 4 of Diamonds - Overcoming of Self
Fire-Wands - Planets: Venus & Neptune

This is considered a card of luck and good fortune. Thus, the 4 of Diamond are inherently protected, but only if they are making diligent and concentrated efforts in their lives. When this is lacking, poverty and failure - in varying degrees - are the sure results. A life of leisure is just not part of their life plan!

Karmic Challenge for the Four of Diamond: Discontentment and Dissatisfaction

The importance of work is stressed for all 4's, and this is especially true of the 4 of Diamond. There is a tendency to become dissatisfied with their careers, and they will either move from one job to the next, or stay in a menial position, stuck and frustrated with their lot in life.

On a personal level, those who know a 4 of Diamond will agree: this is by no means an easy card to deal with. They can be very defensive and stubborn. They are known to rebel at the restrictions imposed by relationships, work and life circumstances. On the other hand, when a Four of Diamond person chooses to switch on the charm, resistance is futile!

Basically materially oriented people, there is an underlying spiritual interest which should not be neglected! They are also extremely intuitive.

First Karma Card: Five of Spades (metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Spades: Grounded - Work - Spirituality
Five of Spade Meaning: Motion and Change
Karma for the 5 of Spade: Spiritual Discontent
Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality. Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

Second Karma Card: Five of Hearts (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures! Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

Multi-talented, the Ace of Club can pursue several career paths. Uncertainty surrounding finances or other resources is a common theme. But they maintain optimistic and will always find creative ways to make ends meet. The most successful and powerful Ace of Club are those who “do it all” but leave the financial details to those who are better equipped to handle them.

There are some dark areas to the otherwise bright and positive personality of the Ace of Club. In particular, they suffer from jealousy, even betrayal from those who do not understand their desire to work for the benefit of all. They also prefer to keep their religious beliefs to themselves, conventional religion in particular, as the doctrines of tradition leave little room for their probing, questioning minds.

Cosmic Reward Card: Three of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Three of Heart Meaning: Lovers Triangle.

Karmic Challenge for The 3 of Hearts: Loyalty and Faith in Love.

Water-Cups - Planets: Double Mercury

All THREE's represent an element of uncertainty based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus, even though the 3 of Heart appear to be charismatic, social butterflies, in truth, they are inherently mistrustful and unwilling to commit.

Adventurous and entertaining, the creative energy is a keynote of all 3's. As well, a genuine curiosity about what makes other people tick is an endearing quality of the Three of Heart.

The Soul Card for the 3♥ is none other than the A♥. This second heart emphasis attributes to their beautiful, emotional nature, and their compelling need for love. Highly capable of achieving success in any work involving groups of men or labor unions, the 3 of Heart are very quick to adapt and will change occupations whenever they feel stagnant or bored.

Cosmic Moon Card: Queen of Clubs (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

CLUBS: Information - Learning - Mentoring

QUEEN: Administrator - Service

CHALLENGE: Jealousy

Air-Swords - Planets: Mercury & Mars

CLUB: The Club personality traverse the realm of thought, reasoning and logic. It is the

air element, independent of all other elements. The Club personality feels the only real power comes from the mind and how we think.

QUEEN: Queens are the administrators and the counsellors. They are the feminine principle and considered receptive and sensitive. The Queen personality feels duty-bound to administer and influence others.

JOURNEY OF THE SOUL: Their Soul Card is the Three of Heart. This emblem is symbolic of the creative expression of human love and the countless ways it can be expressed.

In a perfect world, the Queen of Club use their strong intuition and excellent reasoning abilities to counsel and heal the human condition of loneliness and mistrust.

Those born on a Queen of Club day are practical and decisive in their application of knowledge. They are natural leaders or mentors in any profession they follow. The more developed Queen of Club are intuitive and will use their gifts of reasoning to heal others through music, art, or counselling.

Women Queen of Club are not domestic and often experience financial difficulties at the hands of men (Mars), while the masculine Queen of Club can be highstrung. For those Queen of Club who have mastered their fine minds, financial success is assured. Others must guard against being opinionated and impatient with others.

Queen of Club personalities are generous and good spenders. They are independant and prefer to make money by their own efforts. They have good timing and a knack for being at the right place at the right time.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecana is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Reflective (7) Manik

West (Blue) glyph: Challenge / Strengthen

Day Sign: Deer

/ Manik (Yucatan) / Kej (Kiche)

The Manik type is peaceful, generous, cooperative, artistic and inspiring. While they are generally placid people, they can also be very bold in speaking up for what they feel to be right.

They can be mentally powerful and, as one would expect, are not easily convinced or swayed from their intellectual positions. Manik people need companionship.

For these natives, community and family are of great importance, but so is their freedom to follow their nomadic instincts.

Manik is a sign of participation in the community. Those born under it are often deeply involved with family traditions, and in some cases, socio-political traditions. Family or community based completely on these elements.

Manik types are also very sensual, artistic, and even eccentric. Their aesthetic sense is usually highly developed, and they often dabble in one or other of the arts. Those born on this day-sign are very sensual and sexually inclined, yet are also quite intuitive and very sensitive to the needs and concerns of other beings.

Challenge:

To be free, independent and secure in relationships.

Solution:

To accept and be comfortable with their own individuality, no matter what strange characteristics it may entail.

GT: 13 (Ascension)	GT: 7	GT: 1 (Unity)
	Past: Cauac (Storm)	
	GT: 12 (Understanding)	

Four Directions

Those born on the day of the Manik have a special ability to embody and express a sense of the holiness of life. They may, however express themselves with so much power that they come on like a locomotive.

It should be remembered that the Manik is one of the four Lords of the Year. Two of these Year Lords, Caban and Eb, are considered gentle, whereas Ik and Manik are intrinsically powerful and intense.

Most Manik natives express their power quite forcefully and directly and bear absolutely no resemblance to the stereotypes of the timid, gentle deer. Rather they are like the powerful stag who is the "lord of the forest", and tend to dominate most situations. Their power is both spiritual and worldly (this is the day of the earth gods).

In Guatemala , a Manik native may well become a powerful shaman or civic leader, the latter role equally applicable in our own society.

For Manik natives, the primary issue in life if most likely to be use of power. With Cauac as their past sign, many Manik people have had a difficult childhood or troubled family. If the past overshadows them and clouds their spirit, they may find their world and ungovernable right hand power, the Imix , acquiring too much influence in their lives and urging them to seek power and dominate others purely for the sake of power.

Their future is represented by Men, the sign of wisdom and success and if they lean towards their left hand power, the auspicious day sign of Ben they will be able to grown in wisdom as well as in power.

How does one lean towards the day sign Ben? The Ben represents the benevolent power of authority, whether in ones family or in ones community. According to Maya thinking (indeed, all tribal thinking) authority is benevolent when it is dedicated to the common good.

It is important for Manik natives to always question their goals. Are they truly using their tremendous inner resources for the good of others, or do they have their own hidden, selfish agendas?

Manik people are called to spiritual leadership as often as to more worldly pursuits. In divination, the day sign Manik may often indicate the involvement of a shaman, or, in our own culture, some other exceptionally powerful individual. It is one of the day-signs believed to be specially endowed with "body lightning".

When Manik people suspect that they have unusual psychic talents and abilities, they're

usually right. But these abilities, like all facets of the Manik power, must be used with care.

The Tone 7, which is right in the middle of the thirteen tones, creates a bridge between the spiritual world; similar to the top of the pyramid that extends to the sky. You are involved in spiritual matters since birth. Intuition and ability to receive guidance through dreams are your strong aspects. The 7 energy is a mirror that divides the light and darkness. It also is a door that opens to dreams, mysteries and the unknown.

Trecena Sign: Crocodile

/ Imix (Yucatan) / Imox (Kiche)

Beneath the 1-Imix surface personality is an emotional power house. These people have strong creative urges and feel an instinctive need to nurture others. For many, this need is actually the reflection of a desire to have a family to protect, although this need can also be met through pets and friends. Those born during this period can be emotionally dominating, in an unconscious way, and others may have problems with this personality characteristic.

Night Lord: 8

Those born here tend to have over simulated minds and are often obsessive talkers, in some cases being counsellors or psychologists. They are complex people who learn to face the inner world and who know how to get to the centre of things. They are drawn to the deeper, darker sides of life, and are sometimes caught up in struggles with negative thoughts of their own or those of others. This tendency means a G8 might choose a career as a psychotherapist or an investigator. This type reacts to stimuli very quickly,

perhaps over-reacting some of the time.

G8 people are very clever, quick of mind, and fast on their feet. This facility may be a boon in situations where decisiveness is valued, but it can cause trouble under more controlled conditions. Their need to talk is strong, and their powerful intellect is best used for research or investigation. One of their challenges is that they need to learn how to study effectively. In addition they need to be physically active by walking, running, or riding.

The planet Mercury, the sign of Gemini, and an emphasised ninth house are commonly found in the charts of those born here.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.

This one would be Uranus conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two seperate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Rowan Tree

Strong keywords: Endurance, Responsibility

Weak keywords: Feeling of inferiority

Tree variants: none

Birthday:

1 April - 10 April

3 October - 11 October

Characteristics and Personality

People born under the rule of the Rowan are usually gentle and subtle, or at least they give us this impression. These people have a gentle and fragile appearance, but inside they are strong and determined people who can defend themselves against anything bad that await them. Rowan people have a good taste and they are often blessed with artistic talents. They give us the impression of closed people who do not like to be the centre of attention and who try to avoid big social events. They hate gossip so you can absolutely trust them that they will never blabber things they know about your private life.

Rowan people are ideal employees because they have a highly developed sense of responsibility. Although they can act absolutely independently and work with imagination, they are sometimes easy to manipulate. They often suffer from low self-confidence and the lower their self-confidence is the more they care about their dignity. Rowan people are good and reliable friends, they never talk much, but they never let somebody down. They will never betray you. On the contrary, they often take care of other people's problems while they forget to take care of themselves. But they are not naive and they do not let others use them.

Rowan people are passionate lovers who can give up everything for the person they are in love with. They are picky and demanding, their relationship is full of dramatic twists and often rather complicated, because they can quickly change their mind. You cannot expect Rowan people to be loyal. However, in marriage they usually show a sense for family life. Thanks to the strongly developed sense of responsibility they often become strict guardians of the family budget and no less strict educators of their children.

Positives: Joyful, refined and intuitive;

Negatives: Hectic, stubborn and dramatic;

Perfect partner: Someone who has a similar taste with theirs;

Personality traits

Pisces Sun Libra Moon natives are refined and gentle creatures who aspire to reach a higher level of existence and to become great artists. But they are very private when it comes to sharing their own feelings because they give a lot of importance to their inner world.

As dreamers from the Pisces' influence, they will always seek to determine what connects us humans with a different plane of existence. Their need to make the world a more beautiful place will cause them to struggle not knowing if their aesthetics are accepted by the general public.

The Libra in them will make them seek harmony more than anything else. People with vision and high ideals inspire them. They appreciate others based on their contribution to the greater good.

The more they will get together with individuals who are creative and think progressively, the more they will be spiritually fulfilled. There's nothing raw, vulgar, ugly or indecent about these natives. Because they are so pleasant and optimistic, others will be drawn to them like moths to flames.

Not the most intellectual students of life, they have a sixth sense on which they rely to

make judgments and perceive the world. Understanding what others can't, the Pisces Sun Libra Moon combination is tolerant and flexible.

They are not the action takers of the zodiac, but their strategies and plans seem to always succeed. When it comes to work under pressure and respecting a tight schedule, no one can count on them.

When things are happening this way, they don't have the power to take a project to its end. But their optimistic view on life will help them in almost any situation.

While others will struggle, they will manage to see behind difficulties and accomplish what they have set their mind to. Their way of balancing things and bringing harmony will help them be appreciated by others, all the time.

It's in their nature to be like this because the influence of the Libra is strong. Everything artsy and beautiful makes their heart beat faster and their brain to get activated.

They understand design and architectural concepts, so they would make incredible artists who have many fans. No to mention they are incurable romantics.

Spiritual and joyful, these Pisces will find beauty in every little thing. But their emotions can also cause them problems from time to time, as it happens with all the people who are too sensitive.

But in general, the Pisces Sun Libra Moon individuals will be appreciated for being kind and bringing peace everywhere they may be going. Balanced, kind and sweet, the Libra will only enhance the famous sensitivity of Pisces.

They like the finest things and at the same time are aware that only hard work will bring them financial security. But the Pisces influence is dreamier and less capable of dealing with the harsh reality. They can imagine too much and forget about their real problems.

Those born with their Sun in Pisces and Moon in Libra will not look for a job that is too challenging and at the same time rewarding. The ladies in these signs will be tempted to marry rich men, as an escape.

They will want a comfortable and secure life, so they will choose the easy way out. It would be a shame for them to waste their talents. But their need for balance and comfort will most likely prevail.

If emotionally disturbed, people with this Sun Moon combination will retreat in their fantasy world and that's why they need to have balance and peace at all times.

Love characteristics

Those born under the Sun in Pisces Moon in Libra combination are easily lovable and not extremely demanding. They like to flirt and to test the terrain before they decide whether a person is their perfect lover or not.

Romantic and emotional, they will make all kind of impressive gestures to prove their love to their other half. The more a person is into romanticism and fantasy, the more they will fall for that individual because they are the same.

Sun in Pisces people are the rulers of the fantasy realm. They are usually living in a different world ever since they are born. It's possible you'll find them drifting even when they will be in their lover's arms.

But they are the best at guessing other people's feelings and thoughts. So they'll surprise their loved ones with what these want the most. And when they will feel negative energies in their relationship, they will be able to immediately make the situation better.

However, their partner needs to understand that they are sensitive and emotional. Moon Libras are graceful creatures who like only beauty and the finest things in life. The fact that they want harmony and to treat their partner like a prince or a princess is not something superficial about their personality.

Whiles struggling to make their lover happy, this Sun Moon combination can forget all about themselves and their dreams. They need someone who's as in love with art and high-quality things, just as them.

After all, this is what a Venus-ruled sign is looking for in soulmates. The downside of these people is their avoidance to be involved in conflicts and making harsh decisions. If there isn't harmony in their life, these natives simply can't be happy.

Pisces Sun and Libra Moon man

No doubt, the Pisces Sun Libra Moon man is the gentleman in love with everything that's sweet and beautiful. This guy's manners will always impress, not to mention that he's always good-looking. The time and energy he invests in his appearance can seem ridiculous to many.

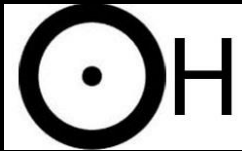

Usually humble, he can also be self-absorbed and proud. But he will manage to get along with others because he's too polite and nice. The Pisces man is so deep and sensitive that he could be a successful poet.

Because he lives in a fantasy world, he can imagine he's the hero of his own life. The idea of love makes him even more romantic than he actually is. You will never see him being rude or vulgar. This classy guy hates it when people are like this.

His empathetic and diplomatic character will help him understand people better than others are able to.

When challenged to a debate, he will stand his ground but will also look to bring back the peace. He may not have a grasp on reality because he's an idealist. Seeing the best in others will cause him to get scammed and manipulated by less well-intentioned people.

Sun ☉ in II 2nd House

([860] i.thehoroscope.co)

This placement of the Sun encourages people to keep their word and avoid making empty promises, as well as be practical and attentive with their money.

People born with the Sun in the second house in their birth chart will focus almost all of their energy on making money and accumulating as many possessions as possible. They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

Summary:

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

Self-confident charmers

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not

because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

The positives

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

The negatives

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

Moon ☾ in IX 9th House

([880] i.thehoroscope.co)

People with the Moon in the 9th House are always focused on a multitude of things, dreaming to make their ideals come true, no matter the obstacles.

People with the Moon in the ninth House sometimes think that different circumstances than the ones they're in would make their life better. They are never happy with their surroundings, so they're constantly moving, they prefer to just travel and to not belong to only one place.

What they can't understand is that happiness comes from inside. There's no place, person or thing to make them happy but themselves, this being what they have difficulties acknowledging.

Summary:

Strengths: Inquisitive, witty and adventurous;

Challenges: Mysterious and obsessive;

Advice: Not letting others take advantage of you.

Dreamy and true visionaries

Moon in 9th House natives need to be constantly stimulated, because routine and the mundane stresses them. They're philosophical creatures who have a natural curiosity about everything, including people and their cultures.

It's important for people with Moon in 9th House to stop believing the grass is always greener on the other side and to tend to their other needs, because the more they will look for happiness somewhere else, the less they'll be able to find it.

It's possible they have been to destinations others wouldn't even dare think of and that their knowledge on different cultures and languages is very vast. The position of the Moon in the ninth House makes them aware and receptive of others' needs and feelings.

It also helps them be more dreamy and true visionaries; in other words, they're the individuals who want to change the universe and to get involved in different causes.

At the same time, this position gives them instability when it comes to the traits this House controls, which means they'll change their philosophy of life or their hobbies and

interests more often than others change socks.

This means they aren't able to focus their spirituality on only one thing, being more the thinkers of things than the knowledgeable persons who are informed to the very last detail.

However, they will never specialize in something. If they have enough money to travel the world, they won't hesitate to do it. If not, you can be sure they'll travel mentally, so don't be surprised if they're sometimes absent-minded when you're talking to them.

Their imagination is very rich, so they can fantasize about anything, creating all kinds of movies and stories in their head. This means they're romantic and able to create a more beautiful world than the one they are living in.

Not to mention they're perfectly capable of turning their dreams into reality, so all their fantasizing may not be at all in vain.

Moon in the 9th House natives are happier and more comfortable when doing something out of the ordinary; something creative.

They enjoy talking about philosophy, spirituality and even the occult. Their mind is inventive and always wanting to escape reality with the help of studying, traveling and having various conversations.

Loving to expand their own mind, these natives' imagination may give them psychic abilities that others don't even dream of having. The position of the Moon in the ninth House indicates they nurture their mind on their own.

They feed their higher self through emotions, and when they need to feel secure, they just start to rely on mere thought.

Thinking comes naturally to them, being an everyday habit, but their thoughts may change from one minute to the other. Capable of nurturing others with their thoughts, they're more than often considered wise and intelligent.

While this is one of their strong points, it can also be a weakness because many people can't appreciate a good advice and want concrete help, not to just be supported with a kind word, regardless of how encouraging and optimistic.

Not big fans of intimacies and emotions

People with Moon in the 9th House need to understand the world through their own philosophies. The position of the Moon in this House indicates they have absorbed every piece of information on religion, politics or another humanistic subject from their parents, ever since they were children.

Everything about them, including their emotions, is directed at understanding the higher subjects and each and every new culture they're stumbling upon in their travels.

Their way of life makes them more understanding and very comfortable when around strangers. Adventurous and wanting to discover new places, Moon in 9th House natives think of life as a journey and can't feel happy if they aren't all the time moving, learning and understanding.

These are not at all the type of people to need a comfort zone, not even if they're conservative Sun or Moon Tauruses. In this situation, they would take all the traits of this sign on the road with them.

This means they have an exciting life, but the downside would be that they're always restless and wondering if life in a different place would be better.

It wouldn't matter what religion they belong to; the meaning of their life would be all about believing in something and always moving forward with their level of understanding spiritual challenges.

The way they emotionally respond to different philosophical ideas is very much influenced by the Moon.

Even if their Moon sign is a very intense one, their passions still burn out quickly, moving on faster than the wind. When seeing others are not capable of doing the same thing, they'll become frustrated and won't try their best to change anything.

No matter their Sun sign, all of the people with Moon in 9th House are always seeking to nourish their insights on life.

They may feel self-righteous in their need to have an audience all the time. Their intentions are always good, but they tend to make their beliefs so solemn that others get turned off by their preaching.

However, they have high morals and are very honest, so don't expect them to ever sugar coat someone or to hide what they are feeling. It's like they can never lie about anything, because they are too transparent and others would immediately feel they're up to something.

Therefore, many will appreciate them for being straightforward and for not wanting to get engaged in all sorts of mind games. Some of them will be so honest that others find them rude. It's not their intention to hurt someone, they just feel emotionally free when being honest.

Moon in the ninth House individuals can be so objective about their own feelings that subjectivity can feel very intruding for their subconsciousness.

This also means they're terrified of getting too intimate with others because this could make them feel like their privacy has been invaded.

Another situation that makes them emotionally insecure is the one when they're displaying their own emotions as they think of feelings more as of a sport or something adventurous. This is how they're protecting themselves from getting hurt.

Overview [1]

- Lord: Mangala (Mars)
- Symbol: Bright jewel or pearl. This represents beauty, opulence, brightness, and glamour. This is sometimes related to the spirit or soul that shines brightly within everyone.
- Power: To gain merit. In the Vedic understanding, merit or good fortune is achieved through acts of virtue and piety.

Strengths [1]

It's usually easy to spot Chitras in a crowd — you have a dynamic energy and striking appearance. Beautiful, fashionable, and charismatic, you are hard to overlook. Social settings often bring out the best in you. Your personal charm and conversational skills make you easy to befriend.

Beautiful things, places, and people attract you. Artistic and creative, you can rearrange anything to make it more aesthetically pleasing. You keep yourself and your space clean and have a great eye for detail.

There is much in the world that interests you. A strong curiosity leads you to keep learning throughout your life. You are well-read and often impress others with your intelligence. It's easy to respect you. Alongside being talkative and social, you have a composure and depth that lends weight to your presence.

However, there's more to you than intelligence and an attractive appearance. You also have the ability to accomplish a great deal. You are motivated and throw yourself into pursuing your goals with energy. You aren't someone that should be underestimated. You have the strength and bravery to stand up for what you believe in and see it through to the end.

Weaknesses [1]

Desire is your primary motivation and you can tend to be self-indulgent. Your sexual desires are especially strong. If you let them consume you, you may neglect other important areas in your life. Since desire is what motivates you the most, you may try to use it to motivate others as well. Be wary of manipulating or seducing others in order to what you want.

Your desires can become more important to you than anything else, leading you to break rules and act unethically to achieve your goals. As a result, you might not always be honest and can be hard to trust. Your lack of integrity could cause damage when it is revealed.

Arrogance is another struggle for Chitras. It can be hard to be humble when you are so admired, but failure to do so could cause you many problems in your personal relationships and in your own sense of fulfillment. You might come across as smug or shallow.

Skill in conversation means that you always have something to say, but you don't always know when it would be better to remain silent. You are outspoken, often speaking without thinking, and may regret your words later on after it's too late. You tend to be argumentative and may be too ready to give and express judgement.

Things that are too routine can quickly lose your interest — you can get bored with

situations, projects, and people. Patience doesn't come easily to you, and you can be easily irritated and are not very good at hiding it.

Other Personality Traits [1]

- You live life to the fullest. You don't like to do things halfway. Your zest for life makes you fun to be around and could lead you to great heights.
- You place more importance on externals. Aesthetics mean a lot to you. This could make you overlook the value of things that aren't externally attractive. It can also make you feel pressure to pretend to be something you aren't.
- You are a powerful leader. Chitra natives have the ability to lead others. Your conviction, confidence, and motivation will often put you at the head of the pack.
- You are sometimes too hasty. You have a habit of speaking or acting first and thinking later. You can get a lot accomplished, but failing to think things through could get you into trouble.
- You are progressive. You are forward-thinking and open to new ideas and new ways of doing things. You don't get caught up on tradition or systems that may be outdated.
- You are spiritually inclined. You desire to find spiritual meaning in your life. Feeling spiritual fulfillment is very important to most Chitras.

Career [1]

Positions that are dynamic, creative, and fully engage Chitras' abilities will be the most fulfilling for them. They should avoid careers that are too routine or where they have to work under someone less capable than they are.

Some ideal professions include:

- Architect, interior designer, or landscaper
- Advertiser, writer, or media personality
- Jewelry or fashion designer
- Surgeon

Health [3]

Faced with many health challenges, the Chitra will experience inflammation, kidney and bladder issues, fever, and tumors. They may also be prone to depression and irritability.

Physical Appearance [3]

The Chitra native is known for their unique appearance and slim body-type. Their height may give them a domineering appearance which is a complete contradiction to their kind nature.

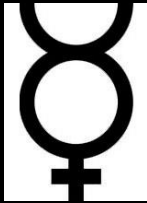

Pada [1]

Moon ☾ in third pada

(0°00'-3°20' degrees Libra): Libra navamsa. You are liked by many people. You are courageous and always strive to do what is right. Your confidence allows you to stand up for what you think is right even in the face of opposition. You are patient, and probably

live a lavish lifestyle.

Mercury ♀ in ♐ Capricorn man 19° 47'

([902] i.thehoroscope.co)

He knows how to seize a good opportunity and this is usually a result of his observant nature.

The Mercury in Capricorn man may appear as dull or boring, but these are just superficial remarks that don't affect them in the least. You might get the impression that he's very authoritative and demanding, like barking orders at you, because he never talks more than he has to.

This reliable and trustworthy attitude comes at the expense of annoying stubbornness. He will never admit that he is wrong because that would weaken his resolve.

In a nutshell:

Positives: Responsible and composed;

Negatives: Aloof and impulsive;

Soulmate: Someone who is just as perfectionistic;

Life lesson: Not feeling overwhelmed by certain challenges.

A man of strong principles

The Mercury in Capricorn man knows that good decisions are those that you spend some time thinking about, carefully analyzing all the data, taking in the whole picture.

Also, no one's going to make them for you, so that's the ground level, the starting point, facing the challenges head-on. He likes knowing that people depend on him, on his serious and responsible personality.

The key to a good understanding with this man is being calm, patient, explaining things in clear words and never hurrying. He wants to know exactly what the problem is, to get the information in steady, uninterrupted flow.

On the same line, he will always engage in activities and events that present advantageous opportunities for him.

This comes as a result of deep, inner analysis, observation of his pros and cons, vulnerabilities, things he's good at, and so on. His path is one of excellence and self-development, self-perfection more like it.

He's been like this ever since he was young, taking on responsibilities, honing his skills, disciplining his will and preparing himself for the future.

The man born with Mercury in Capricorn learns from his mistakes and failures but also wishes he would never get to that point where he fails.

However, when all is said and done, while he is a very serious and hard-working individual, he also knows when to let up, to take a step back and just enjoy a good moment of solitude, of relaxation.

He does have a problem with keeping himself in check, with not having enough time to do everything.

He never chatters more than it is necessary, and he hates talking about people behind their backs. Don't even think about starting this sort of subject with him.

He will change his opinion about you just like that. He believes in practicality and pragmatism, so he won't waste any more time that he has to.

In his social relationships, he prefers having a few close friends whom he goes out with.

He hates having to deal with impatient and aggressive people who can't stop for a second to just think about their actions. These kinds of people are always impulsive, in a rush, prone to failure and mistakes, annoying as hell in other words.

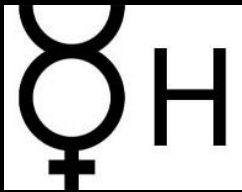

He keeps in constant control of his emotions so he doesn't exactly show his true colors when working with these unsavory types, but step on his toes and that's going to change.

Romantically, the Mercury in Capricorn man is slow, patient, he takes it step-by-step, going through all the phases and letting it come naturally.

Further down the road, he will become very affectionate and loving, becoming very tied to his partner, planning and thinking in tandem with her.

You shouldn't take his love for granted or make a mess of him because he will eventually figure that out and plan his revenge.

Mercury ♀ in XII 12th House

([919] i.thehoroscope.co)

This placement of Mercury makes people exceptionally intuitive, amazing at appraising any situation and reading straight through others' intentions.

The Mercury in the 12th house natives are very emotional and intuitive, so much that they have to gather the courage to actually speak up for themselves.

Normal situations that others would just go through without a problem causes them headaches and anxiety attacks. This is because they think too much or rather end up overthinking the simplest things, exaggerating and turning every inconvenience into a tragedy.

These people tend to keep their thoughts and opinions a secret, afraid as they are to be judged or made fun of. Socially, they are shy and keep to themselves.

Summary:

Strengths: Communicative, insightful and talented;

Challenges: Brief, distracted and moody;

Advice: Be careful who you are sharing your secrets with.

Visionary but rational

This is a really weird combination because we all know that Mercury natives are usually very talkative and open, keen to act on a whim and to reveal pure joy at the first sign of something fun going on.

Well, these 12th house Mercury natives are different in that they quite opposite in this regard. They are very sensitive and don't trust themselves at all, reasons for which they prefer to keep silent and just listen.

If you ask something, they might answer, although very succinctly, and then retreat back. They don't know how to interact and how to best express their thoughts. The constant failures only end up strengthening their fears.

These people have a really peculiar talent, a nifty predisposition for talking with the spirits of the dead. This connection to the other side weirds people out, but it's

something they take great pride in.

The visions and intuitive appreciations that they have are quite helpful, from time to time. Logic and rationality have nothing on them, at the very least.

This aspect houses a lot of emotional pressure and the liability to end up in difficulties because of depression, overthinking, superstitious beliefs and irrational worrying. There are also flaws as well, as we can see.

They might have had a few problems in opening up ever since they were children, probably because they weren't entirely sure of the exact approach or they didn't trust themselves enough.

With a little master on their emotions, things could be exponentially better even now. A pity for all that potential. However, these people know how to listen and keep secrets, so they are one of the most reliable individuals in this regard.

They prefer visual stimuli, symbols, images, tangible ways of understanding, rather than abstract or logical theories.

They're still learning how to best put their words to good use, how to express their thoughts as efficiently as possible.

The positives

There are some massive advantages and pros from being so sensitive and intuitive though.

This insight and synchronization to outward stimuli and emotional potential grant them perfect clarity and awareness, which leads to them making good decisions based on reliable information.

They have the necessary material for a good social life, a lot of knowledge to be efficient and socially adept. This is why they have a lot of friends with different interests and personalities because they want to mimic a diverse range of ideas and attitudes.

Confidence and self-esteem are built with time and experience, so this approach is good.

Other ways in which they could use their spiritual affinity and insightful nature is by helping people, by healing and reconstructing their lost selves.

The lost and the abandoned find a place of respite and refuge next to them because they offer the prospect of miraculous wellbeing, of great rewards.

Even if their patients, so to speak, are skeptic and incredulous, it still doesn't change the fact that the Mercury in the 12th house natives are in touch with the mystical forces.

Their questions are answered from the other side. Doubt this at your own peril!

They are careful not to let others in on their secrets though because that would destabilize themselves greatly.

Secrets are better kept hidden from the prying eyes of those who would seek to harm them. They might also be afraid that people will mock or make fun of these things, of their spiritual awareness.

Mercury in this house is responsible for a good communication, for a solid understanding of how to best transmit ideas and reach out to people.

Essentially though, these natives are exceptionally good at seeing through people.

They can become psychologists, mind-readers, soothsayers, fortune-tellers or professional decryption masters, seeing their talent with words and language.

They are very good at identifying, recognizing and rearranging patterns, certain characteristic elements that repeat themselves in speech, the meaningful signifiers.

Actually, by studying psychology, they would reach a deeper understanding of their own minds and inner contradictions, the workings of their deep cognitive processes.

This will help them avoid any further bad things happening, a subjective mimicry of their inner states that would confuse their adversaries.

The negatives

One of the problems that they deal with constantly is the tendency to become immune to any outside stimuli and close themselves up.

Daydreaming, thinking about the future, idealistically so, evidently, occupies all their time.

Just think about it. You want them to do the chores around the house or they have a meeting in one hour, and they're sitting in the armchair, staring into the void, being in their own worlds.

It's annoying and irresponsible. They need to take control of their own lives, to be more receptive and aware of their surroundings. Listen, watch out for how others interact, observe the patterns, and simulate.

They will try to hide from other people, to nest away in a world of their own. No one has access there, so they're safe with all their secrets and emotional vulnerabilities.

This is why they're often known as being unpredictable and unorthodox because you just don't know what to expect.

They do their thing without expecting others to agree, but the problem is the lack of logic or reason behind their actions. It's just not there.

Just pure emotions, intuition, sensitive deductions, and subjective appreciations. Needless to say, these can lead to wrong ideas and mistakes.

Mars and Uranus can make these natives prone to spilling the beans, to sharing their secrets or those of others with suspicious characters.

Venus ♀ in ♈ Aries man 5° 28'

([921] i.thehoroscope.co)

He likes to be the one who inspires people to get out of their comfort zone.

The Venus in Aries man is the hunter of the zodiac, always on the prowl, looking for the next prey. When he falls in love, he expects the target to fight for her independence, to struggle against his advances, to not give up easily.

Only that would satisfy his desires, his need for adrenaline and the need to assert his dominance. Nothing stands in the way of his boldness and supreme confidence.

He wants to get physical right from the beginning, so don't even think that you can keep him at a distance and still have him interested. Moreover, he wants his partner to be independent, to have her own plans, and not depend on him for living her life.

In a nutshell:

Positives: Straightforward and confident;

Negatives: Self-indulgent and vague;

Soulmate: Someone who is very honest and reliable;

Life lesson: Taking less risks and being kinder to himself.

His love personalityHis love personality

The Venus in Aries man is attracted by a direct, straightforward and confident woman who isn't afraid to say what she wants, to express her feelings, and to grab a hold of her potential.

He doesn't want someone who's anxious, highly emotive, afraid to speak her mind, and introverted. That would only bore him out of his mind and ultimately drive him away.

He's a fan of risky endeavors and dangerous adventures. He would never say no to such an opportunity because he knows what he wants from life.

In a relationship, he will assert his desires and expectations, while also going straight toward the point, asking for what's necessary to satisfy him.

He needs action, dynamic events, to go and take what's his, to release all his energy outward, and this may present itself as a healthy form of romance in a relationship.

This man wants to feel the rush of adrenaline course through his veins, to feel like the world ends if he doesn't react fast enough.

Everything must be pushed to the limits of the extreme, to the verges of possibility, in order for him to feel satisfied. Emotions, feelings, all are passionate and intense, and the routine is perceived as the enemy of life.

He's just like rocket fuel – an incredibly fast-paced start, followed by the most incredible course ever taken, with plenty of spontaneous and over-the-top reaction, just to deflate faster than a stung balloon.

He likes to be the one who inspires people to get out of their comfort zone, and in a relationship, he'll be romantic, incredibly affectionate, open-minded, and initiate energetic adventures to spice things up.

What this means is that once he's started something, he won't automatically take it all to an end. In fact, chances are he's never going to finish, just wave his hands in the air like a lunatic, in the beginning, appear extremely intrigued by this, but then quickly lose their interest.

He's a very competitive partner and likes challenging bouts, debates, and arguments. He feels alive doing these things, being the one who takes the initiative, the one who takes the relationship to a new level, and also the one who leaves, if it comes to that.

Now, for his tastes, they are pretty simple, actually. It's not about physical attractiveness or the way she dresses specifically, it's just that she has to have a strong personality, go against his wishes if it comes to that, and never abandon her principles.

One of the problems this native has is that he doesn't really think things through, and he only ever thinks about the excitement and enthusiasm of stalking and seducing his prey.

When it all becomes normal, comfortable, and his lover starts getting used to his advances, then the Venus in Aries man gets bored and starts looking for entertainment once again.

What makes it even more complicated for the Venus in Aries man to have a peaceful relationship is that he can feel insulted very quickly.

He takes a lot of things personally, even though they were just said in the middle of a debate or in a heated discussion.

He really cannot hold his pants when his girl says something that he can interpret as an insult, and this is one of the reasons why he usually doesn't stay for too long in such a relationship. Immaturity is one of the reasons why he's so quick-tempered and has a flimsy ego.

Attracted by ...

The Venus in Aries man is very intrigued by a girl who knows what she wants, and who puts everything away as she goes to fulfill her dreams.

Lively, outgoing, energetic, and very intense, this is what he wants from his dream girl. It would be good if she practiced sports or if he had a very healthy lifestyle in general.

This means that she cares about her own looks and general wellbeing and that she's not lazy. What's more, he wouldn't mind even if she were to take the lead in the relationship, as long as she makes the right decisions. He enjoys having a strong woman at his side, and you would do better to show that to him.

The man born with Venus in Aries needs constant challenges in his life, whether we're talking about his professional life, day-to-day chores, or his romantic life.

He needs to be pushed, to be at the edge of his seat, to see that there is someone better than him.

This incentivizes him greatly and makes him wish for more, to overcome his limitations.

In a relationship, he wants to keep it alive, to go straight for the kill every time, never to hesitate or to wait for the right moment.

There is only one life, and you have to live it fully. He appreciates a straightforward and honest partner who doesn't beat around the bush.

In conclusion

This man likes his woman direct, bold, and confident enough to make the first move and not feel sorry about it. He wants her to be dominant, to push away all the uncertainties and just do it.

If she gets all physical, that's going to drive him crazy with intrigue and anticipation, so think about that for a second. Surely you can grab the courage to give him a soft kiss next time you see him, just to incentivize him further.

About the Venus in Aries man himself, he is a very energetic and enthusiastic native brimming with confidence and vitality.

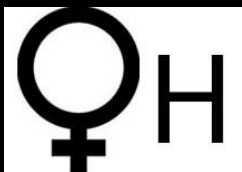

Naturally, his partner will feel all this energy unfolding right before her eyes, and it's impossible that she doesn't get affected by it. He will turn your fears into confidence, and he will support you even when no one else believes you can do it.

With this much impetus and determination at his disposal, it's really a surprise that he's not blogging about how man achieve whatever he wants as long as he so much as desires it.

What he needs to learn is that his partner also has his desires, wishes, likes and dislikes, her own opinions that he would do better to respect.

We all know he's dominative and fierce, but not everyone can run at the same distance as him, so do be careful when setting expectations.

When it comes to love, they want variety and to be constantly stimulated intellectually. Venus in 3rd House natives are always vivid and happy to take part in a conversation, because talking about any subject makes them tick.

The variety of the everyday life is something they're really struggling to obtain, as change doesn't bother them in any way. These people love with their mind and are very attracted to intelligence. That's why they need someone with whom they can talk about every little thing happening in their life.

Since Gemini rules the 3rd House, they will most likely be very attracted to this sign and, just like its natives, they are the type who enjoys playing with words and their meanings.

They feel the happiest when analyzing the mind of their lover, so if they get bored with the way someone thinks, you can be sure they'll leave the relationship altogether.

Their other half needs to have a rich imagination, to want to learn and to evolve, or they'll immediately start looking for someone better to fill the emptiness in their life. It is possible for them to have long-term relationships, but only if Venus is satisfied through other means like their career and hobbies.

When meeting someone with the same interests as them, they become completely fascinated and want to know more about that person.

As said before, their way with words is fantastic, so they'd make great writers or politicians, depending on how sociable they actually are. Flirtatious and always using their cleverness to attract others, they could make it as poets, too.

Well-intentioned and open to love, natives with Venus in 3rd House are proud of who they are and don't want to use any mask for the public. It doesn't matter whom they have fallen in love with, you can trust them to always be fun and charming with that person.

The warmth of Venus gives individuals having this planet in 3rd House a talent for the spoken and written word, and when it's in positive aspects in their chart, it makes them incredible artists. Always capable of holding great speeches, they have a beautiful voice that helps them impress others.

Positive aspects with Neptune can mean they're great singers and should do something

with their talent. Because they're aware of how good they can be with words, it's possible for them to become manipulators who don't necessarily have a plan to scam.

Through compliments, they can persuade others easily, but they can also be very big gossipers if a square with Mars or other "bad" planets in the 12th House is being formed. They will probably have a beautiful childhood, especially if Venus is almost in the 4th House.

Very fun and eager to learn in school, they have most likely absorbed all the information they have been taught very fast. Good with languages, it's easy for them to travel to other countries and to end up mastering a foreign language. It can be said they have an advantage in front of others because it takes them less time to learn something.

At weekends, they prefer to go to a library or where people engage in intellectual conversations and discuss, because they simply love to talk about anything.

Many will see them as childish when it comes to the way they dress and express themselves, but their curiosity will always have them exploring new realms in terms of style and seeming eccentric.

They're always complimenting others and giving their best to bring peace. Seductive to the point of hypnosis, they can talk anyone into thinking they're in love with them.

Venus' position in the 3rd House indicates they want a big family and to develop

relationships of friendship with their children or spouses.

As a profession, they should choose journalism, writing, being librarians, teaching, hosting talk shows and even politics. If they decide to be critics, many will ask of their opinion because it's detailed and insightful.

Their neighbors will always appreciate them, because they're tactful and avoid arguments as much as possible. They are the type who always mediates and is looking for the perfect environment for a conversation.

It's very likely they'll meet their other half at a meeting with friends, because they love going out and even being a part of a community. Their curiosity towards how things work in the neighborhood will have them participate to public board meetings.

If they avoid using their influence in order to gain more power, Venus placed in the third House will make their social life a bliss and give them all of its blessings to overcome life difficulties.

Venus ♀ - Detriment in Aries (& Scorpio)

([871] southfloridaastrologer.com:) A restricted expression of sensuality and beauty is experienced when Venus is in Aries or Scorpio. Aries and Scorpio's need to exert their will and gain power are opposite Venus' need to be polite, sensual and enjoy beauty.

Mars ♂ in ♈ Capricorn man 0° 20'

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn't care about the problems of the world. He's doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he's not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

In a nutshell:

Positives: Competitive and reliable;

Negatives: Rigid and boastful;

Soulmate: Someone who has a healthy lifestyle;

Life lesson: Material success is not everything in life.

Living in harmony with the surrounding

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on

exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

A dominant lover

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works day and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone

else feels dull and uninteresting already.

In conclusion

Personally, he is very organized and has a systematic mindset. All the details are carefully taken into consideration, all the potential paths, and with a calm attitude that exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

Mars ♂ in XII 12th House

([992] i.thehoroscope.co)

People with Mars in the 12th House tend to suppress their emotions and have quite a secretive nature although socially, they may appear very open and friendly.

Mars in 12th House natives may react emotionally to all sorts of things and are prone to repressing their instincts. Because others will feel all this about them, they will often

have problems interacting.

It's very possible they'll secretly think some people have something against them as they have these resentments that are always hidden and well-kept in the back of their minds. They should redirect all of their energy towards understanding what their real purpose in life is and not on nonexistent issues.

Merging with the entire humanity and developing harmonious relationships can definitely make them happier. Because they love working behind closed doors, they may succeed more rapidly at what they do for a living.

Summary:

Strengths: Emotional, direct and creative;

Challenges: Secretive and insecure;

Advice: Avoid living in the past once you've learned its lessons.

Making their dreams come true

People having Mars in the twelfth House may have a more difficult time when some of the planets in this House are in a negative aspect or afflicted. They may be frustrated and feel like their efforts are not being appreciated enough.

Their repressed anger would have them in bad moods and feeling irritable without them even realizing it. Some of the dormant behavioral issues they have may become active when they become moody, making their self-assertion efforts useless.

It's important for them to become conscious of themselves, no matter how defeated they may feel. They function better when working alone and for charitable organizations.

As long as they don't try to run away from reality, they can do just fine even when isolated.

As children, their parents and siblings have probably encouraged them to be less direct, confident and selfish, which means they simply can't go after what they want as adults. Individuals having Mars in the 12th House hate conflicts and are passive when someone picks on them.

They can exaggerate small incidents and usually aim their aggressiveness in the wrong direction. Expressing their anger in a nonverbal way, by slamming doors and making short, mean remarks, they may not feel anger in the moment of an incident, realizing they should be furious days after things have happened.

Their problems with unresolved feelings of rage have something to do with the complexes they used to feel in their family, as children. They can't acknowledge, own and experience their own anger and repress it, projecting what's coming from outside

towards them, not the other way around.

The meeting of the two translates into individuals who assert things secretly and who want to hide their ugly feelings, because they think any type of conflict is completely useless.

When everything that's suppressed in them explodes like a nuclear bomb, it will become impossible for them to control themselves anymore. This shows how passive-aggressive they can be and how working alone would be more beneficial for them.

While their goals may seem impossible to attain, they will manage to make many of their dreams come true when doing things on their own.

Some of their ambitions cause them to be anxious, because they don't want to disappoint or to seem inferior in others' eyes. These natives usually choose noble jobs like the ones in health and law because they feel the need to find what's causing problems for some people.

They may feel as some plans they have in mind are ruined from the beginning of implementing them because they think they turned too philosophical or that frustration got over their life.

When Mars is in positive aspects, it makes them very good at working in institutions that somehow restrict, like jails or mental wards.

If the aspects are negative, they're advised to stay away from any activity having something to do with crime, because they'll definitely get caught. Not to mention how big of chances they have for one of their accomplices to be a snitch.

Practical aspects

No matter if personal or non-personal issues, natives with Mars in the twelfth House can be very assertive in their secret life. They will always avoid conflict and suppress their anger, which means they may have outbursts of rage from time to time. When working all alone, they can make their almost impossible dreams come true.

Their anxiety over their goals and the fact they're not thinking of themselves too much has these natives looking to belong to a group.

They'd make great psychiatrists because they want to identify the causes of problems, only their philosophical nature, frustration and helplessness staying in their way when they're struggling to succeed.

Mars in 12th House individuals are very influenced by their subconsciousness and can convince others to help them succeed, even if they're pretty secretive about what they

want.

They should be open about their anger because suppressing it can be something really dangerous for them.

It's a disturbing placement to have, Mars in the 12th House, because its natives can't express their aggressiveness the way others do, which means exaggerated violence that sometimes takes a critical direction, making anger-management classes necessary.

They will probably get bullied as children, because they can't stand up for themselves and are simply terrified of any type of physical abuse.

Their worst nightmares during childhood will be about other kids and even their parents beating them. Their traumas will have them hide from those who seem strong and eager to start a fight.

When attacked, they'll run as fast as the wind as they'll be sure they can't in any way defeat their opponent and don't want to be caused any pain.

Terrified of losing a fight, they won't even get involved in conflicts with people who are noticeably weaker than them. It's suggested they become stronger and live their life as actively as possible, engaging in all sorts of activities that make their body move and help them become more agile, while also building up their confidence.

Martial arts or boxing should be their hobbies, because these would make the energy of Mars in them flow in the right direction.

Not to mention how much such sports could help them with their anger problems. When no longer thinking about these feelings as their demons, they'll have a better life and no longer bury their emotions deep within themselves.

When in negative aspects, Mars can influence these natives to suffer from paranoia about war and great calamities.

The 12th House is not a good placement, especially when close to the Ascendant of a person. Natives having this position in their chart should stay away from violence, knives and fire guns because they can cause accidents.

The downsides

Natives with Mars in the twelfth House may have some serious problems keeping their life in order and dealing with everyday issues. The help of others would be tremendously beneficial for them when it comes to responsibilities. If not given a hand, they may lose control and no longer have any contact with reality.

While wanting harmony and peace of mind, they don't even realize how much chaos they can create because Pisces is the ruler of the 12th House.

They should pay attention not to get lost in their own fantasies, as this can make them miss on real life. Many will be annoyed by the fact that they're immature and can't commit.

Mars in the 12th House in a nutshell

These individuals need to use their many social connections and manage their life by making things happen for them because they're able and energetic enough for action.

Believing they can do great things is very difficult for them, so they should allow others to encourage them, just like they encourage others all the time. A little bit of confidence could have them accomplish great things in life.

Fantasizing is not something they should rely on, as only taking action can put them on the right track, which can in return make them very happy.

Mars ♂ - Exalted in Capricorn

([871] southfloridaastrologer.com:) A comfortable and easy expression of the power and will is found when Mars is in Capricorn. Capricorn's willingness to struggle with seemingly endless uphill battles fosters Mars' need to exert its will and gain power.

Jupiter ♃ in ♐ Sagittarius man 19° 14'

([1001] i.thehoroscope.co)

If you have Jupiter in Sagittarius you benefit from luck in unexpected life aspects.

Jupiter is the ruling planet of Sagittarius so you can imagine that people with this planetary transit in their natal chart get the opportunity for twice the adventure and fun.

Not to mention that those born at the time of such a transit know no boundaries when it comes to love and are pretty lucky in this respect.

They think globally and love traveling or meeting people from different corners of the world. These guys are the students of life because they are curious and like everything relating to religion or philosophy.

More than this, they are good entrepreneurs with great vision and are not afraid to take risks. But they would need to study more before engaging in something.

The active Jupiter will help them have vision, but not be good managers so perhaps practicing their independent attitude will be more efficient in this situation.

However, they would need to learn teamwork through some painful lessons. Perhaps their confidence and positivity will ultimately prevail. They are lucky people who always land on their feet, after all.

In a nutshell:

Style: Lucky and limitless

Top qualities: Optimistic, adventurous, truth-seeking

Weaknesses: Prone to blockages and sometimes naïve

Advice: Channel positive energy by staying away from other's business.

The impact on personality

Jupiter Sagittarians are free spirits who always think about the future and seem to get their luck from anything. They are keen to learn new things, so it's very likely they'll be busy all the time.

It wouldn't matter if it would be a new language or meditation technique, they will want to expand their mind and see the world in a different way. These guys are always prepared to travel and to take on the world.

After all, Sagittarius is the Adventurer of the zodiac. People with this planetary aspect in their natal chart are always looking to take on new challenges.

They will always be where there are new experiences and lessons to learn. Every treasure will be discovered by them because this is their goal and their most wanted reward.

Optimistic, they will always take risks and jump into the unknown full of excitement. They realize they are making their own luck and that the more they participate in the game, the more they can obtain.

These natives are the seekers, the ones who want to reach the divine and understand deeper principles. Religion and philosophy will be their means in a quest to find the Absolute Truth.

But Jupiter Sagittarians need to be inquisitive and open if they want to be efficient in life. When they will think they have found the truth, they will become self-righteous and stuck.

And being condescending or feeling superior will not help them in any way. They can avoid all this by keeping their heart and mind open. Realizing there is always more to know will be their salvation.

They need to travel more, to meet as many new people as possible if they want to see the big picture and synthesize information better.

However, they have to keep away from excess. Jupiter in Sagittarius is a position that makes them think they never had too much of something good until they have consumed all of their resources.

That's why it can be difficult for them to find their center from time to time. It's true their ability to dream big is beneficial, but moderation is necessary if they want to keep their relationships and be sane.

Because they are nurturing and flexible, they will attract luck like a magnet. If they will believe in themselves and what they put their minds to, they will inspire many people.

Enthusiastic, Jupiter Sagittarians should tap more into their ability to learn and teach new things, as they would be great in professions that have to do with education, publishing or traveling.

When others disagree with their beliefs and opinions, they get offended. These guys will make their own chances and they are able to predict what will happen next because they can take a leap of faith and succeed.

Jupiter Sagittarius natives need to be challenged both physically and intellectually because they are good competitors. That's why they are so great in sports too.

With Jupiter at home in their sign, they are naturally lucky. It will always seem like they can't do anything wrong, much to the annoyance of their critics.

It's a matter of luck

Saturn ♄ in ♋ Cancer man 25° 45'

([1020] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Cancer in their natal chart put a lot of attention on the wellbeing of close friends and family. They care deeply about personal relationships and want to develop them as best as possible.

They may have suffered when they were young because those close didn't seem to care as much for them and in adult life, they are trying to overcompensate that. Anyway, they have certain inhibitions and uncertainties about them, a feeling of estrangement toward getting too close to people.

Emotionally, they are very sensitive and vulnerable, which is one of the main reasons why they take a very long time to open up to someone, and by that time, it's too late. The lack of emotional instincts makes it quite difficult to find a proper way of expression.

In a nutshell:

Style: Domestic and comfortable;

Top qualities: Generous, acceptant and calm;

Challenges: Pessimistic and impatient;

Advice: Don't allow your inhibitions rule over you.

Personality traits

Emotional showdown is the very opposite of a Saturnian Cancer, in that they rarely fully express themselves. It's better to internalize those feelings and fight them squarely without anyone seeing.

In any case, close relationships are very important to them, and if any member of their family encounters a problem, they'll be the first ones to act, regardless of the risks involved.

You would think that they have some very developed communication skills and that they could level up with anyone as far as emotional matters go. However, the situation is much different altogether. Although they don't like it one bit, they need constant reassurance.

With these natives, a big problem is represented by the past, and the bad influence it has on them. They feel repressed and inhibited, scarred by what happened in their childhood, the many situations where they felt like no one loved them.

These things have had a strong impact on the development of their current self. The Saturnian Cancer women, for example, might feel stifled by the societal expectations and roles that a woman has to take on in today's society.

A homely mother, taking care of children, doing house chores, being always tender, affectionate and loving, is potentially an image they don't identify with and this frustrates them a lot.

They need to realize that these things are only stereotypes, and only by sheer force of will would they ever manage to escape this predicament. Saturn makes sure of that in the long run and it does this with a few sprinkles of organizational skills.

With this planet's influence, the powerless and unconvinced nature of anyone can be picked up from the ground, rise up to the challenge, and fight for justice, for the betterment of the needy and poor.

It's a power embedded in themselves, which has continually grown until now. The essential here is that they manage to detach themselves from the stagnant effect of dwelling on the past. What happened back then stays back then, and they have to concentrate on the present, even on the future.

A devoted lover

When these natives commit to a long-term relationship, they will find the fulfillment they've been looking for, or at least the prospect of it.

As such, they will become extremely focused on the happiness and security of their partner. It's just like another chance at life has appeared. They're not going to kick it away.

Very devoted, loyal, and loving with the person they care for the most, there may be a problem with how they keep their deepest feelings to themselves most of the time.

Afraid to be hurt once more, it's more of an instinctual protective mechanism, one that spells indifference to some people, the lack of love for others. But these natives are definitely not willing to compromise about this aspect.

Their partner might see it as a refusal to open up, and they won't like it at all. Time will tell if Saturn's influence is enough to point in the right direction.

The good and the bad

Saturn's standing in astrology is that of a strict and rigid parental figure who compels you to obey certain rules and principles of life. The same happens to the native, under the Saturn in Cancer influence, who is usually a very unrestrained and unexpected individual, not caring about what others think in the slightest.

Well, this time, he will have to stay his impulses and emotional outbursts, because Saturn orders it. Peace, order, patience, a critical overview of the whole situation, these are the enforced guiding posts.

This planet's influence greatly enhances the protective instincts of the Cancers. Either with family or loved ones, they will always take on the role of defenders, enforcers of

secure environments, problem solvers, the front-line soldiers who take on the most dangerous enemies.

Moreover, they will also apply that sense of vitality and wellbeing to their own lives as well, taking care of all impending issues, and even making sure that the future holds the best prospects.

They have many repressed emotions hiding within, most of them being the result of past disappointments or even childhood traumas.

In order to move past them, they will need to find someone to talk to, a confidant, or to transform them all together into something constructive. It's not a shame to confess their problems to those they trust, after all.

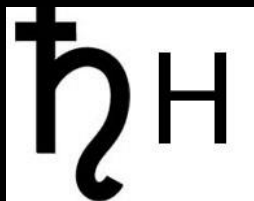

The Saturn in Cancer man

The moment a Saturn Cancer man meets the love of his life, Saturn washes healing waters over him, the kind that makes him more responsible, loving, a thoughtful and tender individual overall.

His partner won't ever feel like something's missing, because she will have all the love she can carry. Also, he is, from early on in life, thinking about fathering a child, and his abilities would really attest to his efficiency in this regard.

Because he will try his best in making you feel loved, welcomed, and appreciated, it would be a good idea to reciprocate those feelings, because he direly needs these affirmations.

There may be delays in having their talent recognized because Saturn makes things this way, so they should be patient and not turn into workaholics.

A more relaxed pace and balance should all the time be kept in their life, because this way, recognition won't fail to come their way as well.

They may face problems like underpayment or work accidents, but this doesn't mean they won't get to be later on appreciated for everything they've done. Saturn may have influenced their childhood to be chaotic and for them to develop a fear of animals.

Hypochondria and other mental diseases are also influenced to develop when Saturn is involved.

Individuals with Saturn in 6th house will have problems following diets, exercising and feeling secure their professional life is going the right direction.

Perfectionists, these natives can't stand sloppiness and chaos. While making promises of a world in which magic rules over everything, Saturn pushes people into all sort of trouble and gives individuals their life lessons.

The goods and the bads

Saturn always places obstacles in people's path, so in the 6th house, it creates problems when it comes to what people having this placement do for a living.

Saturn in 6th house individuals put a lot of pressure on themselves to attain perfection and can even get sick when feeling things are not going their way.

Worrying too much can't be in any way beneficial, so they should avoid getting upset over little mistakes as other people actually appreciate them for who they are.

It's also important they don't take things so seriously and relax from time to time because life can be beautiful. Making sure that things are going the right way can have them missing out on all the fun.

Everyone relaxes from time to time, so they should do the exact same thing and let go of

thinking about perfection all the time.

Most of the best times in life happen in the heat of the moment and are messy, so planning everything can't bring by the most enjoyable moments.

Being all the time in control is not a solution either, so they should just allow people they love to be themselves and situations to unfold in front of them.

While the position of Saturn in the 6th house may cause some health problems because this planet is also responsible with death and aging, they shouldn't think too much of how everything in their life is meant to make them hurt or get sick.

It's true they should be a little bit more careful than others when it comes to health, but an independence of mind and body is absolutely necessary for them to feel free.

They will also hold some spiritual beliefs, or at least believe that their intuition and convictions are tied to some sort of spiritual force. Religion and traditional conformism annoy them to no end. They are open-minded, unrestrained, and very adventurous.

A doubting lover

First of all, you won't even hurry to marry at all because you have a lot of exploring to do, a lot of knowledge to seek and assimilate.

The world is there ever so expanded, all the philosophy and all the wonders of the world are lying there in wait for someone to reveal their secrets.

Even when you do find someone to share life with, that relationship will be one based on freedom, independence, mutual respect and private space.

Without those elements there to safeguard your happiness, you won't even think of going the extra mile, no matter how impressed you might otherwise be.

The good and the bad

The strongest and most admirable characteristic of the Uranus Sagittarius native is by far their immense curiosity. Their insatiable thirst for knowledge is boundless and always asking for more.

With all the new things that one's learned, there's no surprise that the world begins to spin in accordance with their wishes.

These people should learn to concentrate more on what matters because they tend to look at the overall picture and lose focus on the essential part. With this potential selectiveness, they will become even more efficient and productive.

While they may have curiosity deeply ingrained in their psyche, and they've got a ton of knowledge to dazzle everyone, the truth is they are just like a jack of all trades, yet the master of none.

The focus is the main problem here, this individual's one great flaw. Besides losing focus when fully emerged in something, overlooking the important details for the overall picture, they are also someone who likes to impose their point of view on others. People who are still tied to conventional beliefs will find this hard to withstand.

Without fully abandoning the old ways, as that would create a rupture in the collective mindset, effectively ripping people away from a comfortable zone, he still revolutionizes society.

As a matter of fact, the way they interact with others will make them become more appreciated. However, they may need to change this about them because it would make people raise their expectations when it comes to how they are acting.

When Uranus in the 11th house feels comfortable, the natives with this placement have a need to service the collective, so doing volunteer work with children or the elderly will be their favorite thing to do because the 11th house is in opposition with the 5th house.

It's possible they'll exhibit great talents when it comes to sound and music, so don't be surprised if they would sing as a hobby and not necessarily do this for a living.

What makes them happy and brings balance into their life is being with people who are changeable as them and who share their interests.

This is the only way for them to always be intellectually engaged and to not get bored or lost in small talk. They should be stimulated; therefore, they need to be around people as intelligent as them.

Challenges

Uranus in the 11th house individuals are lucky to be different from others because they hate being labeled or having their friends describing them easily.

It can be good to question everything, but rejecting things because others do them differently is not at all a good idea.

They don't like to compromise and almost feel sorry when seeing others who do it. It's important for them to constantly change because variety makes them feel like they have many opportunities from which they can continue to develop.

However, because they're all the time changing, it may be difficult to work with them and for them to be in a relationship. Not to mention they tend to think only what works for themselves is also good for others.

It's very easy for these natives to simply run away from good things because they don't accept situations, people or things when they're not unusual enough.

Their need to always be in social circles will always have them making new friends. When Uranus in 11th house is in a challenging position, they may have unconscious traumatic memories from their past lives, that are related to the masses.

There may be some unconscious pain about someone who's an authority figure in their life and really hurt them. Similarly, this problem can be from the past lives, but also a childhood issue.

If they have been rejected by someone, they may feel like the entire society rejects them now. It's normal for people with Uranus in the 11th house and with a challenging position of this planet to be cynical on matters of the collective because they're great intellectuals who think they have ideal solutions for others and believe they're the smartest.

This could be a good thing for them because they would want to rebel against what's perceived as normal, so they'd come up with all kind of ingenious ideas to solve different problems in a more or less orthodox way.

Neptune ♆ in ♒ Aquarius man 12° 3'

([1075] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those with Neptune in Aquarius in their natal chart let themselves roam the world free, uninhibited, without listening to anyone's advice.

They have big dreams, and they idealize the world. Without caring at all about the social conformity or expectations, they do their own thing, trusting in their own gut instincts and following a set of self-imposed principles.

In order to achieve their goals, they will break apart any shackles that hold them down to a stagnant mentality, break free from this ideological bubble, and fly toward the horizon.

In a nutshell:

Style: Enlightening and intuitive;

Top qualities: Gentle, creative and practical;

Challenges: Aloofness and extremism;

Advice: If you don't show emotions people will not believe you are genuine.

Personality traits

Supernatural senses and philanthropic reflexes all mix up together to form the Neptunian Aquarius' personality.

On the one hand, Neptune brings them a heightened spiritual awareness, instincts, and precognitive abilities, while the Aquarius is naturally endowed with great generosity towards the idea of community.

On the other hand, this native prefers to stay by themselves, cold, rational, unrestrained, their own man, while Neptune brings great emotions, a need for peaceful cohabitation with other people. Both traits will combine this time.

For the most part, when a Neptunian Aquarius makes their debut in the world, uncertain times are coming. The very community will break off from the traditional standards, taking with it the previously accepted standards, a metaphorical destruction of society, of its norms, inter-human relationships, especially virtual ones. Moreover, ideals tend to be thrown down from their lofty place in the skies, muddled in the real world. Modernity suffers a backlash of its own stringent needs and degenerative streaks, and all this is foreseen by Neptune.

It's a time of societal disparity, of dissolution regarding the structure that makes up the very spinal cord of the modern world.

Around this native, strange meteorological phenomenon could appear from time to time because Neptune is responsible for the changes in weather. Uranus, the original planet of the Aquarius comes to create havoc and increase the chaotic conflicts caused by Neptune's influence.

Concretely, these natives can be just as humanitarian and angelic when they're mood is good, just as they can become malevolent, the sheer image of doom, the bringers of the end-times, when they're in a bad mood.

Both the saviors and destroyers of the world, the Neptunian Aquarians are marked by these two extremes which are interchangeable.

The sheer rebellious potential that these natives have in them is mind-numbing. They will literally listen to no one and abide by no rules if that means being chained.

Without the freedom to do as they see fit, they don't want to live at all. They are initiators, pioneers, the bringers of innovative elements, of novel distractions, and will try to help humanity develop toward the next level of existence.

If they can't achieve that, they are grateful for helping a handful of people. Moreover, as far as personal principles go, they are kind of neutral when it comes to religious belief, but they aren't very scientific either.

Eternally awed by the mysteries of the world, they prefer to discover it through their own means.

The positives

They may be the next great inventors of the century, making legendary breakthroughs in scientific domains. They want to help brighten up the world, make it a better place, put it through a state of constant evolution and development.

However, if they don't have the necessary instruments to achieve this, they will instead create them. Nothing can stop them from going forward with their plans, not even seemingly impossible things.

After reaching the conclusion that the idea is viable, they'll need the feedback from their friends, and only after that would they start putting it into practice. A great satisfaction comes after seeing their projects coming to a close.

The negatives

However, they can be very dominative and bossy when it comes to seeing their plans come to fruition. They don't care about other people as long as they get to materialize their own ideas.

A promise is a promise, and if they said they'll support your project, there's really no reason now to back up.

And because it's their idea, everyone else is supposed to just follow it indiscriminately and without flinching a muscle on their face.

This leads to stagnation, inefficiency and a lack of productivity. If they learned to cooperate with others, things would go a lot smoother.

The Neptune in Aquarius man

The male counterparts seem to have the same artistic reflexes as the women, only that they tend to be a little more tied to traditions.

They'll use these skills to further the development of old traditions, domains that have existed for centuries. The applications are endless as they are varied, and this translates

to their love of experimentation, for trying out new things.

Certainly not someone to waste his life on doing something that doesn't suit their tastes, they prefer to roam around the world, until they finally fulfill their professional desires.

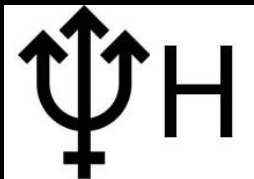

Just like Neptunian Aquarian women, they prefer their partners to also have intellectual interests, and because they emphasize objectivity, sexuality isn't really that much idealized.

Just like someone who has amassed knowledge for his entire life, this native is naturally egocentric. He believes his ideas are objectively correct without the need for proof, and anyone who refutes their God-given right will have to suffer.

Compared to women, men tend to be more daring and courageous in expressing their opinions, so there's naturally a problem that tends to be present here more than anywhere else.

It's for your own good to learn to be understanding and tolerant of other ideas. It doesn't matter if you consider them to be wrong as long as you keep the social appearances and pretend that you are appreciative of their ideas.

Neptune ♃ in I 1st House

([1077] i.thehoroscope.co)

This placement of Neptune makes people benefit from an immense imagination and power of self-definition but prevents an easy communication.

People born with Neptune in the first house of their birth chart are only indirectly affected by this planet, so the influences of this celestial body are not quite noticeable in them.

Highly intuitive, they're always employing their spirituality and transcendental abilities to deal with the everyday life. It's normal for these people to sometimes feel deceived about themselves, disillusioned and confused.

Neptune in 1st house natives don't really know who they are, therefore, the support of others is essential for them. It's not like they don't have a great mind, they simply don't know how to use it. They may not have clear objectives in life, so many of the

opportunities that reveal themselves to them will be missed.

Summary:

Strengths: Subtle, mysterious and relaxed;

Challenges: Suspicious, insisting and negative;

Advice: They should refrain from trying to control everyone around them.

They seem to absorb the way people feel

People having Neptune in 1st house can be great artists because they dream a lot and usually act very gently as their sensitive nature asks them to be kind.

This can happen especially when Neptune's position is very close to their Ascendant.

Very aware of their surroundings, they can also make the wrong impression on people, so many see them in different ways that sometimes oppose each other.

These people don't mind encouraging the wrong perceptions, so they're aware of their adaptability and always really trying to work with it in order to be to the liking of many.

Loving peace, these natives don't all the time reveal their strength and are interpreted as subtle, mysterious or alluring.

Many are attracted to them and think they really understand what's in their mind, but in fact they can be very moody and trying to escape problems by feeling sorry for themselves and acting helpless.

Not sure of who they are, Neptune in 1st house natives don't know how to impress by using their own skills. They seem to absorb the way people feel and have an imagination that is very strong.

When it comes to worldly problems, they prefer to be relaxed and to just let life happen. As said before, their identity is not very well-shaped and they really don't have any idea about what they want to do with themselves.

When it comes to self-definition and awareness, they're struggling to be grounded and surer of themselves. Their Ascendant will influence their personality a lot, but the position of planets in their 1st house has a lot to say about who they are because this house rules over the self and the way natives approach life.

Neptune placed here creates individuals who are sensitive, imaginative, enigmatic and interested in their own appearance. In astrology, this planet reflects the unconscious needs and how people play many different roles in life.

Its influence is usually over avoiding reality and seeing only what one wants to see.

Therefore, this celestial body rules over dreams and delusions.

When in the 1st House, natives with this placement always see life the way they want to because Pisces is the sign that is ruled by Neptune.

Many think of them as sensitive, dreamy and poetic because they only seem to live in a world of imagination.

This is the result of them changing their ways according to whom they are meeting. Others are intrigued and in the same time attracted to them because they have a way to make other people's problems their own.

These are the natives most prone to suffer from alcohol and drug abuse, seeing these as ways to escape their reality. Neptune makes it easier for people with this planet in the 1st house to dream and also interact with different planes of reality.

Not to mention these natives are very aware of their surroundings as they seem to strongly perceive feelings and to merge with different people or situations in a way no one can.

This can also be a downside for them because they'd absorb negative energies amongst other things. It's important they continue developing the traits Neptune brings them, but they should pay attention not to become dependent on drugs or alcohol in order to escape what's real and painful.

Idealistic without limits

Neptune develops personalities that don't want to be grounded, so dreaming is something that Neptune in 1st house people are always doing.

In case this planet is in positive aspects and protected by other celestial bodies, the natives with such placements will try to understand how the Universe works and be very interested in everything that's strange.

However, they should keep this about them under control because once again, it may lead them to become dependent on different substances.

One thing to note about Neptune in 1st house is that it gives natives a special magnetism and a stare that could conquer anyone's heart.

Their look always seems to be different than that of others' and they can read minds like others read books. Meanwhile, no one can see what's really happening in their minds.

It's difficult to betray them because they know when someone is lying but no one could guess if they're themselves not telling the truth.

These people should feel less guilty about everything because they tend to think bad things are happening in the world because of them. This is also what makes them feel like victims, so they'll give their best to be saviors.

It's good to be altruistic, but protecting oneself is also necessary because many people are not so well-intentioned. Only this way, they'll be able to really help others and be as giving as they can only be.

When around other people, Neptune in 1st house individuals can really understand feelings and emotions. For example, as soon as entering a room, they start attracting energies just like light attracts moths.

It would be good for them to once every few days spend some time alone and renew their aura because their psychic abilities can really wear them down.

Not to mention how, during this period, they could reflect and determine who they really are or what traits can help them become better. Holding on to other people's feelings is not at all a good idea for them.

The goods and the bads

Neptune in 1st house people are very sensitive and attract many others with this trait. Their friends see them differently and they usually have a very busy social life.

This is the reason why they all the time have many dating opportunities or people waiting to get together with them.

Being tolerant, they usually accept anyone in their social circle. These natives don't mind others wanting to be with them because they're aware of their generous and mysterious attitude, and have the most easygoing personality.

They need to research on their own how their life can become more peaceful or how they could be more productive because letting others control their life is not at all a good idea for them.

Therefore, they should always focus on themselves. Taking on responsibilities will make them more confident and sure of themselves that they can do anything.

It can be hard for them to find a partner who can get used with how much attention they get from others, so they should pay attention to their loved one's feelings.

Natives with Neptune in 1st house are not that flirtatious, but they surely are nice, therefore, the wrong impression can always be given to those who are their lovers.

It's important to let their partner know where they're standing, no matter how much they want to just go with the flow and not give explanations.

Fighting all the time with their lover would truly disturb their life. They shouldn't be with someone whom they feel is always bringing problems in the relationship.

These people need to talk about their issues so their other half doesn't feel he or she is guilty of something.

Not to mention there are things that can grow very big when held inside for too long.

Their partner would deserve to know their problems and they shouldn't hide in fantasy when life becomes too hard. It would be wise for them to use their intuition and ability to observe if they want to determine what's wrong in their life.

Pluto ♄ in ♒ Aquarius man 1° 1'

([1099] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Aquarius will go their own way and pave a road for themselves through life. With their independent persona and innovative ideas, they're sure to ignore outside rules, break open the barriers that society imposes, and soar toward the skies.

Even if others may see them as completely impulsive and will not understand their motivations or actions, it'll come a time when all the dots will connect, and the Plutonian Aquarius will bring about great changes to the world.

In a nutshell:

Style: Original and independent;
Top qualities: Adaptable, relaxed and eager;
Challenges: Extremist and undecided;
Advice: Beware of compulsive behaviors.

Personality traits

To begin with, the Aquarius astrological sign is one linked to change, massive

transformations on great scales, or a personal metamorphosis that brings forth a shift in the natural balance of the world through the action of this native.

Our star planet here, Pluto, is associated with the concept of nirvana, of death and rebirth, of a complete resurrection from oblivion.

Now, combining these two, we have the Plutonian Aquarius native, an individual who can transcend their own limits, reach the next level, and bring about societal or even greater change.

The last time this happened, these natives were yelling “Liberté, Egalité, Fraternité”, for it was the time of the French Revolution. These natives naturally feel the need to modify their surroundings to match their ever-increasing intellectual breadth, and the mobility of Pluto offers such an opportunity.

In fact, they are very passionate about the prospect of a free, just world where each individual is morally superior, where everyone is in communion with one another, and where the single most important goal is gaining knowledge, becoming better than your previous self.

Pluto Aquarians want to give their all, in order to help change the world into such a place. Either through the pointy tip of the sword (anarchy) or the sharp end of a pen (diplomacy), this will happen because the Plutonian Aquarians are the natural game-changers of this world.

The good and the bad

The humanitarian and philanthropic tendencies of the Plutonian Aquarius, as well as their deep hatred for injustice and unfairness make these natives truly one of a kind.

With their imagination and creativity, they believe that one can solve any problem as long as they think things through without being impeded by ignorance, superficiality, presuppositions or stereotypes.

In other words, one should possess an expansive and open mind to reach such an ideal world. Even if others may not see their plan for what it's worth in the beginning, with time this will surely change, and they will eventually gain the respect they deserve.

These natives are sick and tired of listening to the old tunes of a dying generation, to settle with untested knowledge, with the old explanations that are unsatisfactory.

In order to find the truth behind those claims, they are willing to devote most of their time buried in books, studying, analyzing the bits and pieces left behind by more informed people.

This journey of the mind can become an obsession quite quickly, and this is one of the Plutonian Aquarians' negative traits. They forget about everything else, including personal relationships, loved ones, responsibilities, and so on.

In this regard, they must learn to peacefully coexist with other people, and understand that they aren't the only ones willing to follow the path of self-development.

This means that a tough lesson for these natives to learn refers to understanding that others can have opinions just as valid as theirs and that they shouldn't dismiss people on a whim.

Pluto in Aquarius in love

Plutonian Aquarians are one of the most devoted lovers in the entire zodiac. Their feelings are so intense and pure that their partners will experience the liveliest emotions ever.

With a shower of love and affection falling down on them, it's not a surprise that most people perceive these natives to be the perfect companions.

They're going all-in every time because they want a partner for life, someone that isn't just looking for a one-time adventure.

Affectionate and trusting toward their partners, these natives will always treat them with the utmost kindness. When something doesn't work as it should, sorting things out through communication comes very easily to these intellectually honest individuals.

Being similar in character and personality to your partner should be something everyone is looking for, but this doesn't even come close to the truth.

A lot of people pick their partners on superficial factors like beauty or material situation. However, these natives understand that intelligence is actually the most important element.

The mental aspect makes up for the majority of the most successful relationships, and also for the ones that fail as well. If you aren't on the same wavelength as your partner, then eventually things will fall apart. That's why they tend to marry later in their life.

The Pluto in Aquarius man

Just like their female counterparts, Plutonian Aquarius men are beaming with radiance, of the intellectual type. They have brilliant ideas that are revered upon and many literary critics, painters, artists were of this astrological ascendance.

They are adepts of teaching people that hard work is key to success, as well as developing their survival instincts. Practicing what he preaches, this man can calmly

adapt to all manners of situations.

The Aquarius zodiac sign has innate anarchic tendencies because of his natural planet, Uranus, and it's no surprise that the Pluto Aquarians receive some of these non-conformist ideas.

This man doesn't like to waste any time when he's got something on his mind. He has his principles that he rarely strays from and his virtuosity is both mocked and acclaimed.

Pluto ♇ in I 1st House

([1101] i.thehoroscope.co)

This placement of Pluto makes people go about their lives with vigilance and heightened awareness but this is not to say that they don't have a lot of fun too.

Those born with Pluto in the first house of their birth chart are very intuitive and very intense, in the sense that they are searching for the truth, whatever form it may take.

As such, don't even think about deceiving or lying to them. It's not going to fly for too long because they'll quickly discover your subterfuges.

These natives are very suspicious and wary of people and new situations, afraid as they are, of getting hurt or disappointed. Nothing can lull them into a false sense of security because they never drop their guard.

Summary:

Strengths: Charming, warm-hearted and observant;

Challenges: Aloof, moody and suspicious;

Advice: They need to relax more and simply go with the flow.

On a path towards freedom

Pluto in the 1st house natives exude a natural aura of authority and intensity that keeps everyone wary.

This impression of strength and boundless mystery is what's giving them some breathing room in this busy world where everything is against them.

This reality is too harsh and incompatible with their vision, and so they want to avoid being hurt or going through harrowing experiences.

This form of isolation that they live in is self-imposed, a state of constant vigilance and suspicion. They don't give their trust easily to anyone. Usually, they want to know what they're dealing with before taking any actions.

They're doing their own thinking without paying attention to the rest of the world. Other people might believe them to be crazy or unconventional, but they don't care.

As the eternal lone wolves of the zodiac, the Pluto in 1st house natives break apart all conventions and rules, doing everything for their own development and evolution.

On the path towards freedom, independence, and comfort, they will have to adapt to the many situations that appear, but they aren't very keen on doing that.

All in all, in spite of their solitary natures, they still need other people to validate their feelings and thoughts. Plus, they also want a relationship.

Strangely enough, the process of falling in love and getting close to someone is fraught with mood changes and issues.

Affection, indifference, love, hate, all of these feelings will mingle around and create spontaneous transformations and emotional turmoil.

In a relationship, these natives tend to expect a lot from their partners, but they aren't prepared to offer much in return.

There will be a lot of arguments and conflicts, each of them getting harder and harder to manage. This process takes a long time and, hopefully, it will end in them learning about selflessness.

One of their greatest fears is being dominated, held up against their will, marked by the inability to pursue their callings.

However, despite this, they are still looking to fall in love and establish a relationship.

The sense of belonging is probably too strong to ignore. A lot of people learn from mistakes and failures, so the same goes for them in such short-term relationships.

By putting themselves out there and going through any break-ups, they will learn to live with themselves just as well, to embrace their nature.

Essentially, the only way this is going to happen is by learning to treat other people fairly,

to stand tall against the winds of change and avoid getting emotionally unstable and angry out of nowhere.

Pluto is putting enough negative energy in them as it is, so being so distant and edgy will only make it worse.

These people can go very far though, and this can be seen from how curious and inquisitive they are. Literally, nothing goes past them without being taken for a detailed perusal. Perhaps, there are mysteries to be discovered.

Sometimes, it could be that the Pluto in 1st house natives feel the need to be in control, to have authority over someone, to dictate and give orders.

This comes as a result of the rampant spirit wreaking havoc inside them, courtesy of Pluto. Although it can be directed toward a sexual release or even better, toward pursuing their goals, many times it just explodes outward.

Anyway, the strong sense of dissatisfaction and grief that accompanies failures is too strong to resist, especially in their precarious condition.

These traits must find a way to coexist peacefully, for harmony to be attained if they are to reach their full potential.

The goods and the bads

The Pluto in first house natives can only manage to get over these inner contradictions and escape this existential dilemma by finding some answers, questioning existence itself for the problems they are dealing with.

Only by satisfying this need will they even manage to take control of their lives. Their identity is forming just about now, and there will be many times where they just lose it, feelings of regret and sadness.

They might even resort to unsavory methods to get what they want, like lying, stealing, manipulating people, and this is also a result of this identity crisis.

People have different opinions of them, each more negative than the last, but this won't last for too long.

One of the good things about these people is that they usually don't waste any time with small talk or uncertainties.

If something must be done, you can be sure that they will start doing it right now.

One's obligations and responsibilities are incredibly important, a hallmark of personal

firmness and maturity. Moreover, they are very intuitive and are able to predict what will happen in some situations.

This gives them the opportunity to try to change or avoid problems. Putting this to good work will make the difference in the future.

These natives are control-freaks, in that they want everything to go by the book, according to the rules. The unexpected and spontaneous events annoy and scare them.

In general, they are perfectionists and want to do their job splendidly, putting incredible amounts of effort into it. Also, being the first in everything is one of the primary goals of these natives.

However, what this does is put even more pressure on them, instill emotional tension and make life not worth living anymore.

They need to take a step back, relax, let everything flow naturally. What is unknown and mysterious will reveal itself eventually, and they don't have to fret about it so hard.

Pluto ♄ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♊ in ♎ Libra 20° 6'

(Georges Muchery)

The Dragon's Head in Libra is a sign of balance and harmony in the native's life as a whole. It also gives stability in regard to the affections; the gratification of noble desires

is shown in all things. The native has a fine intellect as well as great courage. Progress will be rapid; and wealth as well as honor will be acquired. The Dragon's Head in Libra is favourable for the children and for the family ties.

The Dragon's Tail in Aries is often a sign of lack of conscience, or, at all events, of in consequence. The native acts too precipitately; what he has decided to do must be done forthwith, and this leads to want of due reflection, which is detrimental to his affairs. He may suffer material losses, or experience trouble in other directions, due to his lack of cautiousness. This position inclines to fits of anger, but also gives great physical courage; and if the horoscope generally is good, the Dragon's Tail in Aries will not be so unfortunate.

(Isabel Hickey)

North Node in Libra implies spiritual integration which comes from moving from self to others; from personality levels to the soul levels. Emphasis should be on loving others and getting away from self-love.

South Node in Aries means an over-assertion of self has been the problem in the past, and personality should become the servant of others in this lifetime.

(Martin Schulman)

This nodal position requires much learning about self-sacrifice and the needs of other people. All the lifetimes of work spent on building self-confidence and esteem must now be transferred to others. The Libra North Node keeps the individual from adding to his sense of self-identity any further. He must guard against strong ego influencing his current life actions.

His long-standing me-first attitude now brings him sharp and painful experiences as he is learning the lessons of co-operation. He must slow down and make sure that all he works for is meaningful, in his marriage and close partnerships as well as all his relations with others. He has to learn to take the sharp edges out of his life and start to balance. While the center road seems less attractive to him, it is still the only path he can have towards happiness.

Ultimately he must learn the very subtle lesson that his strong pioneering individualism isn't actually meant for himself at all, but rather to equip him better so that he can provide others with a more harmonious life. Many individuals with these Nodes have a tendency to be contrary. The experience of listening to other people is a new one which they find objectionable when they feel it hampers their forward motion.

In past incarnations, progress was all-important, and getting there first was part of the highly competitive Arien drive. This carries over into a definite closedmindedness which

the Libra North Node will ultimately open, showing to the individual the other side of the coin which he had never before thought was important enough to recognize.

Selfishness and vanity of all sorts must be curbed unless the individual wishes to find himself alone. Usually he feels himself being driven towards something, yet he doesn't understand what or why. Through the Libra North Node, he is now to reconsider his goals and objectives so that his Arian energy is put to some useful purpose.

He changes his mind often; and allegiance to a single cause is not one of his finer attributes. Past incarnations have made him accustomed to a constant impatient restlessness that still has a tendency to keep him on the move. He knows that he is to give rather than to receive in the current life, yet he finds it difficult to cope with such karma with his full heart.

The Martian quality of the South Node impatiently pushes him in new directions. Upon arrival at each destination, however, he finds the gossamer cloud of Libra in the middle of the seesaw, and is surprised to see that the goal was not a goal at all, nor was the destination the end of the journey. Puzzled and confused, he sits in the middle, trying to evaluate the circumstances which he hopes will point the way towards his next successful drive. And yet each goal, each ambition, each sprint of running and striving brings him to Libra - the half-way point!

Finally, out of sheer exhaustion he makes the amazing realization that the second half of the journey involves other people. He is to learn the karmic lesson that he is not alone. Until he learns to share, something always comes up to put the brakes on his efforts. Eventually he is brought to the realization that winning or losing the game is much less important than the fairness with which it is played.

Many individuals with these Nodes are highly opinionated as a result of selfish or bigoted past-life attitudes. Now it is time for the shoe to be worn on the other foot. Much of the current life's events are painful blows to the ego. The individual has to guard against becoming embittered as he sees many of his own wants and desires being taken away from him and given to others. At first his natural tendency is to be jealous. He wants to fight back for all those things he feels he has lost; yet the more he fights, the more he loses. Eventually, drained of much of his inner resources, he must surrender his selfish ego and accept living in a world built on sharing.

Until he overcomes his South Node, his biggest frustration is the witnessing of other people receiving all for which he himself had wished. He doesn't quite yet understand how this works, and is puzzled at why all the things he has ever wanted are coming to people around him and yet not to himself. He hardly realizes that all his desires, wants and wishes are actually designed for others.

He is mentally energizing the wishes of people around him so that he can ultimately be

an instrument for their fulfillment. In actuality, he is earning himself a new place in the world by living through the karma of selflessness. Still, the insistent urges of the South Node keep pulling him backwards, often making him feel that this is a lesson he would rather not yet learn.

He must try to resist past-life tendencies to make waves, for he is now capable of witnessing disharmonies between people without taking sides. Often he is thrown into the position of referee, whereby in helping others to become more objective, he in fact helps himself. The more he can get others to co-operate, the more he can learn to do it himself.

Underneath all the hustle and bustle, this individual is learning to see the consequences of his actions before taking them. In effect, he must learn to look before he leaps!

For many with this Nodal position, there is a deep-seated anger coming out of pastlife memories of frustrations which block the self-expression.

In this life, there is usually a very pleasing physical appearance, which is part of the karmic lesson in vanity that the Aries South Node is here to overcome. Any narcissistic residue also causes difficulty in marriage as this is the battleground where the war between love of another and needs of the self must be fought.

The balance between Aries / Mars and Libra / Venus is a difficult one to achieve. The Aries South Node constantly seeks to assert its needs, while the Libra North Node needs nothing for itself but to love others, regardless of their demands. This individual can feel love for others best only after his own needs are fulfilled.

Until the desires of past incarnations are left behind, the incessant pulling of his subconscious demands continues to be so strong that he has a tendency to drain energy from other people, actually putting them to sleep. In effect, he is a walking anaesthetic, constantly wondering why people avoid talking with him for more than a few minutes. He would like to talk for hours, if only to continue the focus of attention on himself. But in his private moments, he is deeply saddened by a sense of loneliness and the knowledge that his relationships with others are so far short of what he would like them to be.

There is nothing subtle about this Nodal polarity. Happiness comes only after he is forced to re-evaluate his desires and truly discovers that they involve other people. The ego-self must be abandoned, and with it a heightened sensitivity to the needs of others acquired.

The Libra North Node is one of the most difficult to achieve because the Aries selflove looms as such a large hurdle to overcome. Still, the individual must overcome if there is to be a new cycle for him; and he will find the key to this new cycle as he begins to reflect back upon himself through the eyes of others.

The house position of the South Node indicates the area where insatiable desires of past incarnations are still demanding priority. The house position of the North Node shows how fulfillment can be reached through self-sacrifices, co-operation and the expression of unselfish love to others.

(Donna van Toen)

You need to learn to co-operate and get along better with others. Your Aries South Node may reply 'Yeah, but they never want to go along with my plans'.

Your problems may include that you have an exaggerated need to prove yourself; that you tend to be uncomfortable; and that, because of your upbringing, you've come to place too high a value on assertiveness.

Possible solutions: Stabilize your relationships in terms of give and take. Learn to differentiate between caring and controlling. Learn to let others have a chance to decide for themselves. Stifle your need for others, and look out for yourself.

South Node in Aries often complains of having been forced into something which has irrevocably fouled up his or her life. This could be a too-early marriage, a career, a specific mode of behavior, etc.. In any case, he or she, as a result of this experience, justifies his or her reluctance to co-operate in other areas. Aries South Node generally hasn't developed his or her ability to commit himself or herself in a longterm situation. He or she wants fast results. If these aren't forthcoming, co-operation is curtailed. Aries South Node is also generally unwilling to take responsibility for the effects of his or her actions on other people. He or she is sometimes unwilling to share. The Aries South Node generally wants exclusive rights to the things in which he or she is interested. He or she feels that future well-being depends on immediate gratification and success. However, goals can often be attained only when the Libra North Node's ability to co-operate is tapped and developed.

Signs of an over-balanced Aries South Node are: high blood pressure; impulsiveness; hyperactivity; a cold, critical attitude towards others' accomplishments; argumentativeness; a tendency to brag about accomplishments and be a poor loser; an insistence on leading; an unco-operative attitude; difficulty in finishing what he or she has started; and boredom or a short attention span.

North Node in Libra dreams of happiness and harmony. He or she would like to be known as a very sociable person. Others play a very important role in this person's dreams. In contrast, this is an enthusiastic, emotionally active person whose selfishness may interfere with social interaction and harmony in general.

Antidotes for Libra imbalance: The client should be advised to get a complete beauty treatment, including new hair style, in preparation for developing a new lifestyle. Even men can benefit from a new hairstyle. Likewise, shopping for a new wardrobe or new furnishings can be a beneficial antidote, as any purchase would tend to remind the client that a new lifestyle is beginning. For best results, color selection should be geared to the imbalance. Dancing is a good antidote. If the client has any physical symptoms, a medical check-up should be advised, since this is another one of the imbalances that's most capable of triggering illness. Boating, cruises, and water sports can be helpful antidotes.

The client should be advised to consciously seek out activities that stress partnership and teamwork, rather than trying to do everything himself or herself.

If career advice is sought, the following could be recommended if other factors in the chart show aptitude: hairdresser or barber, artist, interior decorator, lawyer, stewardess or pilot.

Previous incarnation for this person was spent with a lot of physical actions, temper and aggression. He had, in that life, achieved and lost many things as he could not learn to understand the significance of balance. In this life time, he will definitely learn and be able to use the concept of balance as applied to 'soul growth'. Everything he undertakes in this life will have a definite sense of justice, priority and deeper significance. His diplomatic talents are well worth noting in this life. He will achieve things without fighting for them; and often others will surrender to him just by his senses and magnetism. Utilization of mental energies is strongly noticed in this person in this life. Although he may not be after material success, he always manages to be plentiful in that respect.

North Node ♏ in IX 9th House

(Georges Muchery)

This position is excellent for things of the mind. The native will constantly progress when the Dragon's Head occupies this house. His synthetic mind will enable him to undertake

anything and succeed in everything, so long as the horoscope on the whole is favorable. In a woman's horoscope, it indicates marriage with a man above her station in life; and the husband will be 'somebody' from the pecuniary as well as the social standpoint. It is also fortunate for travelling, which will occur under comfortable and pleasant circumstances. For a man, this position is fortunate for taking up politics, as it enables him to emerge victorious in oratorical controversies through his facility of speech (provided Mercury is free from affliction), and especially through his ever-present common-sense.

The Descending Node (Dragon's Tail) in the third house causes serious disagreements with those around the native. With an evil aspect of Mars, it signifies blows and wounds received during a dispute. This position is not good for the native's education, and compels him to associate with low-class people, which may be to his detriment. It is also a token of disharmony with the parents, brothers, or brothers-in-law, and is detrimental to the native's good reputation, gossip, slander and calumny being the fruits of the Dragon's Tail in the Third House.

(Isabel Hickey)

Too much emphasis on mind and not enough emphasis on superconscious power. Faith and devotion to an ideal needed. Separative tendency strong, for mind separates; heart unites. Faith is tied with feelings and with the heart. Inner philosophy along devotional lines needed to balance the intellectual faculties. Should travel, outwardly and inwardly, for expansion. Relatives are the source of difficulties, and it would be well to be away from them if possible.

(Bernice Grebner)

Many times when the North Node position in the ninth is not developed, it gives the person a tendency to defy the law in some way, or gives the inclination to find ways of working deviously within the law. This can indicate also a disregard for religion. The person may have a difficult time being ethical. Religion can be touched upon only subjectively. He needs to develop an interest in psychology, religion, and abstract philosophy. He must become more objective in his thinking and studying, expanding mentally and spiritually. The person with North Node in the ninth has to try to absorb and assimilate what is beyond his mental reach. He needs to become more objective in his interpretations within his immediate world.

South Node in the third is subjectivity. The person has the ability to express himself very well, and is keenly interested in mental pursuits. This gives a strong psychic tie to brothers and sisters, and could bring loss of one through death or separation. It can give writing ability with favorable aspects to Mercury, Venus, or Neptune. There is a strong urge to share knowledge with others. South Node here denotes a duty in caring for brothers and sisters who may continually drain the individual. There is also much

involvement in activities for the community. It is most difficult for the person with South Node in this position to finish his formal education. The person would rather read and study on his own, or he goes back to school in an on-again, off-again way. This is an influence that gives impatience. There could be many small accidents if this Node is badly aspected. Involvement with neighbors is a continual problem.

(Mohan Koparkar)

This condition often signifies that one has to utilize all their philosophies and higher knowledge to cope with the situations in life. They have to learn a lot of lessons from their mistakes, and in many cases, they cannot even communicate their problems. Mental distortion or uncommon thinking is noticed in them. Affairs of brothers or sisters are very destined in their life whether they want to or not. They will get involved with publications, publicity or some 'foreign' affairs / activities in their lifetime due to strange coincidences. Either they have relatives living far away from them, or they often maintain a large gap between the relatives. Long-term relocation is often significant for them, even though they dislike short travel.

(Martin Schulman)

This individual is forever pulling himself out of webs of entanglement. Every relationship he enters becomes so complicated that he has to use all his energies to free himself. In past incarnations he developed a great need for people, and herein lies his weak spot, for as much as he now thinks he would like to be alone he feels an almost compelling need to reach for others

He listens to problems and likes to be in the position of giving advice. Often frustrated by the multitude of problems dumped in his lap, he secretly thinks that if he had had more education he would be better equipped to cope with all the questions that befall him. He keeps trying to be as diplomatic as possible, and is constantly enmeshed in the after-thoughts of the words he has spoken to others.

Always conscious of the interpretation his words may be given, he nurtures an inner fear of being misunderstood. As a result, he keeps going back to yesterday's conversation to re-explain all that he meant.

He must understand the essence of truth without having to feel compelled to make truth smaller by trying to communicate it verbally to others.

One of his greatest problems is dealing with the karmic residue of an insatiable curiosity, which although it served him well in former incarnations now keeps leading him deeper into webs of details. His greatest crises occur each time he is forced to make decisions, for rather than relying on his intuition or his higher mind, he keeps seeking more facts and details in the hope that when he has all the information the decision-making process

will be easier.

Constantly striving to achieve neutrality, he becomes a paradox to himself. In prior lives, he fell into the habit of identifying with catchy phrases, cute sayings and euphemisms to the point that he has now become a walking cliché.

Liking to read and explore a wonderland of knowledge that he sees around him, his life is a constant thirst for more understanding. He is convinced that this is the one path in life that has no end. Whatever he becomes keenly interested in he can make into a life-long study, particularly if the South Node is in a fixed sign.

He likes to feel worldly. As a result, he'll do things that others wouldn't, just for the sake of experiencing new understanding.

His current life is involved with so many people that hurt feelings are bound to fly, not because of any malicious intent but rather through the inability to keep up with everyone in whose life he has become involved. At the very deepest of levels, he has many inner doubts about himself which become amplified when he speaks with others, for if it were at all possible he would try to be all things to all people.

As a result of past-life habits, he spends too much time in 'lower mind'. He goes through more movement than he has to; and if this is not expressed physically, then he does it in thought. At times his merry-go-round of possibilities is so great that he thoroughly drains himself by thinking about what he should do. As a result he does nothing.

He will experience fears that he is sexually impotent. Once he starts questioning along this track, his enormous thirst for understanding can lead him into a promiscuous behavior pattern until he is reassured that all is well and he is perfectly normal.

On his deepest level, he is not a sexual animal, but in fact so mentally inclined that he has fears of being shut out from the nitty-gritty of life because of his mental inclinations.

Like the young child afraid his peers will accuse him of being a bookworm, he will dare himself to prove that he can be accepted in a physically-oriented world. Nevertheless, his greatest subconscious need is one day to become a walking encyclopaedia so that he will never be caught short, lacking the right piece of information at the right moment.

His biggest growth comes when he learns how to make the karmic transition from lower to higher mind. As he drops his past-life attachment to trivia, his eyes begin to open wide to the enormous horizons before him.

The less he talks to others, the more faith he starts to develop.

He must leadn how constantly to broaden his interests so that the scope of his

knowledge is not limited by the demands of his immediate circle of relationships. He does well when he learns how to step back so that he can see the forest from the trees. When he does this, he also learns how to let things slide off his back, which gives him a new sense of peace that somehow always eluded his reach.

Travelling helps to broaden his perspective, and he meets his greatest successes far from his place of birth. For some, the life will be influenced greatly by a foreigner.

Through the ninth house North Node, enormous spiritual growth is possible once the individual has learned how to pull away from all his prior-life doubts and questions. He must take his mind out of a finite world and focus on an infinite consciousness.

He will lose friends by doing this, for there are few who will understand his sudden aloofness. But through those who stay with him he will learn the difference between a friend and an acquaintance. As he grows, he begins to focus on ideas rather than the words through which the ideas are expressed. He sees how others limit themselves by language, and tries to speak to their ideas rather than to their words. The sign which contains the South Node indicates the ways in which the soul memory of past incarnations is still too embedded in lower mind activities. The sign which contains the North Node shows the ways in which the individual can now free himself through the broadening influence of the higher mind.

(Donna van Toen)

Conflicts: Devotion to causes vs. the need for stable routine. Dreams vs. realities. Psychic or intuitive mind vs. logical mind.

Possible results of sacrificing North Node: Entanglement in mazes of busy-work, gossip, family feuds, etc.. Problems with teachers, in-laws, foreigners. A tendency to take everything too literally; inhibition of the higher mind. Cynicism, agnosticism. Insatiable curiosity bordering on meddling.

Possible ways to integrate the North Node: Expand your mind by taking courses. Read about controversial issues and try to formulate opinions. Travel. Be selective about people; avoid gossips and crisis-prone erratic types. Take time out from routine activities to try new things.

In the ninth house, the hang-up centers around education or learning; and a lack of self-restraint invariably plays a major role. This person is often so easily swayed by his or her environment that life is spent moving from one bandwagon to another. A lack of continuity is often seen, too, making a little learning truly a potentially dangerous thing. Occasionally we find the reverse intellectual snob, one who values manual dexterity in

just about any form but has no use for mental dexterity.

North Node in the ninth house dreams of being some type of teacher. He or she feels that education holds the key to tapping his or her fullest potentials. Success and progress are important themes of the dream motif. This person tends to let emotional factors stand in the way of success. While there may be a great amount of potential, as long as emotions take precedence over sense, the dream can't be fulfilled. Inconsistency is often a problem, since the mind rarely understands what the emotions are doing.

(Haydn Paul)

Your main concern is likely to be communication, relationships, mental development, and intellectual gathering of information. Relationships may become a source of conflict and confusion. You may not feel at ease with intimacy, and may prefer to break free from complications. As you are more mentally focused, you feel less comfortable with emotional and physical levels; sexual unease may also exist. This can be because you are less physically preoccupied than many, and so need intimate relationships less; sexual urges do not dominate your motivation or desires. You can learn to accept your sexuality as a natural expression, but within a context which values other aspects of relationships even more highly.

You can enjoy being alone, pursuing interests undistracted by others; yet there is also an impulse that seeks to communicate and relate with others. Balancing these tendencies can cause some difficulties.

People with emotional problems often turn to you for support, finding your detached mental perspective beneficial and calming. You help them find a more rational viewpoint to deal with agitated emotions. You enjoy this role and try to be helpful, hoping that your supportive advice can be used by them for positive results; you are very careful with suggestions, and try to ensure that you are not misunderstood.

Sometimes your tendency to be diplomatic and neutral has negative effects on you. Using evasive and nonconfrontational words can eventually interfere with identifying your own thoughts and feelings; and you could lose sight of your perception. If this occurs, it may be better to become more true to yourself and ensure personal clarity. This could become more problematic if your social life builds into an ever-expanding web of relationships and contacts, making it inevitable that, at times, you will inadvertently upset someone. Relationship conflicts may happen, and this makes you confront inner doubts; if you have not been fully honest in your 'diplomacy', you will realize the futility of interfering with genuine communication. Through unnecessary relationship compromise and evasion of honest contact, you may become less true to yourself.

Keep conscious control of your life, or you may experience phases when its pace appears to increase, making you run faster on a treadmill just to keep in the same place.

This could be the result of a social or mental whirl which makes you feel increasingly uncomfortable and could cause symptoms of ill-health and problems in decision-making. You are not always adept at making choices and decisions; you prefer gathering all facts and details prior to deciding. The difficulty lies in believing there are more facts to accumulate, and so postponing choice. Perhaps relying more on intuition or 'gut feeling' could be experimented with.

Stocking your mind with knowledge and information will become one of your favorite occupations; and the world appears to you as a treasure trove of facts, interests, and fascinations. You want to accumulate as many of these as possible; and your need to understand will be a lifelong preoccupation, with interests spanning human knowledge and never resting in the search for more pieces of the human puzzle. At least through mental journeys you will explore the world, although physical travel may also appeal, and would broaden your perspective. It may be that success will come through leaving your place of birth, or through foreign contacts.

You need to focus your information gathering, so that you can synthesize your knowledge into something usable, something that reveals important truths about the human condition and the nature of life. If you can do this, you will provide extra meaning to both your own life and others' lives, as you concentrate more on inclusive ideas and less on fragmentary facts. As your vision extends, your ability to communicate will also become more effective.

(Bruno and Louise Huber)

The 9th house has to do with the development of individual thought, or spiritual autonomy. What is involved here is the 3-9 (or thought) axis. In the 3rd house, our task is to learn the language, and to absorb the knowledge, of the group. In childhood, we accept the thought-structures of our environment, of the group in which we live; and we are molded by the thinking of those around. The collective enshrines not only knowledge but also routine patterns of thought which are almost mechanical. Thinking in the 3rd house is fairly reflex, and travels along fixed lines.

In the 9th house, there is an awareness of, and an ability to distinguish, those thought structures and routines, those scripts or programs, which have become second nature. And not until this state of awareness is reached can we discard the things that do not tally with what we have worked out for ourselves. In the 9th house, we must create our own philosophy of life and strive for intellectual freedom. We must form a picture of the world that is as objective and as devoid of valuejudgements as possible, by examining things for ourselves, making up our minds about them, and so arriving at our own outlook on life. The evidence of our senses should provide food for thought. The ability to draw conclusions from what is observed, to follow the course of events, and to have clear ideas and a personal point of view, is typical of the 9th house. Our prerequisites are accurate observations and keen perceptions, from which valid results can be

obtained, inferences made, and our own attitude developed. Muddled ideas carried over from the 3rd house can be full of prejudice, however, and may make it difficult to think clearly in the 9th house. Therefore, with the Node in the 9th house, we need to make a special effort to form our own opinions and to draw up a clear account of them. We should try to avoid being led astray by others either intentionally or unintentionally, or by automatic responses of our own that spoil clarity and obstruct freedom of thought. If we come across a good idea, it is not good because it is said to be good, or because it emanates from some authority; it is good only if we can verify it by obtaining the same results. Verification is the task of the 9th house.

Keen senses are absolutely vital for clear thought. Keen senses are symbolized by Jupiter, the ruler of Sagittarius, which is the counterpart of the 9th house. Obviously, there is a connection between observation and thought, and this connection is represented by the 9th house (and by Sagittarius). Our senses need to be in good working order before we can make clear judgements.

We require the courage of our convictions when putting forward our own ideas. We need to be self-confident to trust our own observations and feelings, and not to be persuaded by the crowd that we have seen, or should see, something different. The 9th house encourages us to stick to our point of view, and to the truth we have discovered for ourselves. Of course, we must not think that we are always right or that we can do anything. The progress indicated by the Node in the 9th house comes about through expanded awareness by means of original thinking, travelling, and philosophizing, etc., after we have left the route charted for us by others. When we take an independent line, query what we are told, and experience things for ourselves, we learn what life really is.

North Node in the ninth house or Sagittarius: (James Braha)

If the North Node is in the ninth house or Sagittarius, the person's greatest growth, evolution, and fulfillment come through pursuing religion, philosophy, and higher knowledge. In past lives the person was intellectual, analytical, meticulous, precise, and skeptical. Now he is to cultivate faith, and concentrate on ideals, paradigms, and the ultimate truth of existence. The person should use wisdom and seek broad viewpoints. He must give credence to his intuition, feelings, and inspirations. He must take his visions and prophecies seriously, and give little importance to the petty and inconsequential in daily life. The person gains his greatest happiness by devoting his energies to spiritual ideals, mystical movements, and enlightened gurus. He is exceedingly gifted in promoting religion or any other knowledge which raises the consciousness of the masses. Publishing, as a career, is greatly favored.

The person must continually discriminate between right and wrong, and even make a discipline of the process. He should seek freedom and liberation, and develop his soul conscience. Beliefs, principles, and morals are everything, and the person must maintain a positive outlook under all circumstance. The person is eternally concerned with

profundities. He knows the meaning of life is to find perfection with God. Money, possessions, and material comforts are of little consideration. The person should seek to increase his generosity and charitable nature. Travel is a source of evolution; and the person may wish to engage in foreign affairs. He should take fun and recreation seriously, and enjoy speculations when he feels the impulse.

The person may pay little attention to relationships with siblings and relatives. He must relinquish his previously constricted or microscopic way of thinking and allow his perception and insights to take him to the highest interpretation of life that is possible.

In Hindu astrology, the North Node in the ninth house indicates cravings for religion and higher knowledge, and great power after the age of forty-one. However, there may also be difficulties with the father and religious or spiritual teachers. The South Node in the third house means that the person is strong-willed, exciting and adventurous, and good at fulfilling his desires. It also signifies a spiritual, introspective, or introverted younger sibling. The nodes in the signs are much less significant.

(Black Moon) Lilith ♀ in ♐ Sagittarius 20° 32'

([1145] elsaelsa.com)

Divine Seeker

If you have Black Moon Lilith in Sagittarius, the pain that you've faced through your Lilith placement has made you broad-minded and free. You have learned that boxes are for pizzas, not people, and you won't be reined in.

However your Lilith experience has manifested (shown by the house Lilith is in), you have reacted by searching. You know that your life is a glorious adventure, and you want to put your pain into context. You want to find out what it means. So you have researched and read and studied. You have exposed yourself to different cultures, stories, faiths, academic disciplines, anything to illuminate the larger narrative. You know that your suffering can't be completely senseless. You can sense the grand design. You know, somehow, deep in your soul, that the truth is out there. And you know you'll find it.

And this optimism in the face of real pain has left others in awe. How on earth can you keep going, they wonder. How can you keep up the search? But while they may not

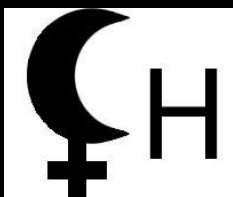

understand, and they may even scoff and dismiss your quest, they also come to rely on your sense of perspective. In fact, your happiness can become a sustaining force. You may even be made to feel as if you owe others your joy. So your sunny disposition becomes performative, crafted for other people's comfort. They don't understand that the happiness is in the search, but it isn't the goal itself. The treasure you're seeking is much more meaningful.

And when you do feel trapped, hemmed in, misunderstood, or unduly obligated, you default to the one thing ever Sagittarius keeps in their bag of tricks: you leave. You ramble on in search of greener pastures, of more profound answers, and of people and places that allow you to feel free. Your pain is bad enough. The last thing you need is to have an anchor tied to your waist while you try to heal. And if the next place, person, or idea doesn't feel right, you move on to the next. Over and over you travel, whether literally or metaphorically, always in search of that golden nugget of wisdom that will soothe your throbbing heart. But as you find out time and again, while a rolling stone gathers no moss, it doesn't gather much gold, either.

To help ease your soul, draw perspective from Gemini, the sign opposite to Sagittarius. Gemini gathers information just like you do, but they use it to work out the answers internally. Gemini asks, "What if the solution isn't out there? What if it has been right under your nose all along? What if the portal to OZ is your own front door?" Gemini also knows that people have to earn access to your authenticity. If people in your life are consistently dismissing your pain or your search, or if they are demanding that you perform certain emotions for them, you don't necessarily have to leave. You can stay put and deflect. No one is owed the details of your inner world. Only those who support your freedom need apply.

There is much more to this very complex and sometimes paradoxical placement. But what I want to stress is that the desire for meaning is not only noble, it is fundamental to human nature. As you seek a better world, you'll find others in pain who need your perspective. Your ability to turn wounds into a catalyst for a new adventure is an absolute superpower. Remember to look inward every now and then, but keep up the search. We're all waiting to see what you find.

(Black Moon) Lilith ♀ in XI 11th House

([1159] elsaelsa.com)

Outcast

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and carry her energy into your dreams for the future.

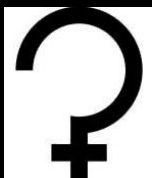

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

Chiron ♄ in ♓ Pisces 11° 18'

([1259] astromajesty.com)

The general traits of a Pisces range from their highly sensitive nature to their closed-off attitude. They are the last sign in the zodiac, yet they are regarded as one of the wisest. They possess a heightened sense of intuition and they generally have impressive psychic abilities. They are known to be selfless and have a friendly demeanor.

Pisces is ruled by Neptune and Jupiter, which is symbolic of the duality in their personalities. Neptune is linked with compassion and extrasensory observations. Jupiter is associated with healing, generosity, fortune, and expansion.

The primal wound of a Pisces Chiron is their susceptibility to emotional pain and a fractured relationship with the divine. They are tormented souls who are addicted to the suffering that emotional upheaval brings, and yet it is something that they fear the most. They face issues with boundaries and escapism.

The effect that Chiron under Pisces has on the personality of someone with this placement is dramatic. It creates a caricature of Pisces with far more sadness, woe, and misery.

The influence of Pisces is evident, with Chiron in place it highlights the darkness of this zodiac sign and amplifies its characteristics to excess.

Though they may initially appear to be all doom and gloom, there is a beautiful side to the Pisces Chiron. The darker side of their soul is complemented by their sweet and caring nature. There are good and bad aspects to the effects of the comet Chiron. From both of them, we can learn a great deal about ourselves and those around us.

Personality

Chiron in Pisces amplifies the emotional baggage of people with this placement which is then reflected in their personalities.

Unraveling the personality traits of a Pisces Chiron requires peeling off the layers. They are deeply complex and at times confusing.

Pisces remains one of the most fascinating influences over Chiron. It is a rollercoaster for those that possess Chiron under Pisces in their chart.

So deeply intriguing is the Pisces in its own right, but when we project its energy onto

Chiron it is simply out of this world.

Negative aspects

The wound of the Pisces Chiron runs deep. They open themselves up to hurt and yet they fear it. They endure the pain of suffering, especially if it is to save someone else from experiencing the same.

Although they seem to be distressed by the prospect of pain the Pisces Chiron enjoy it on a subconscious level. This sadist-like behavior is self-destructive and contradictory.

There is an underlying sense of victimization with the Pisces Chiron. They may feel attacked and picked on often.

This is usually an irrational conclusion that they draw from the simplest of circumstances. Their sensitivity can make them hard to reason with. They are cynical and can take a well-intentioned comment directed to them as criticism.

The zodiac sign Pisces dislikes being criticized, its influence is apparent in Pisces Chiron.

The Pisces Chiron can feel as though life is unfair. They feel as though they have drawn the short end of the stick. Whether this is true or not, they hold onto this feeling and milk it dry.

The 'woe is me' mentality of the Pisces can often mean that they do not take responsibility for their problems. This resonates with the effect of Chiron as it is not easily recognized by looking within. These are parts of us that are hidden from ourselves but widely noticed by those around us.

There is a sense of pessimism that seems to drive the Pisces Chiron. Their outlook on life is often bleak and dreary. They do not trust the ways of the world, everything connected to the physical world is viewed with suspicion. They are uncertain of the earthly realm.

They may suffer from an identity crisis. Pisces are immensely intuitive and psychic, with the Pisces Chiron however they can lose their faith in the universe and the energy of love.

All the while they feel this way they will still seek it out. They want to be part of something bigger. The effect of Chiron denies them the opportunity to heal this problem.

People with this placement may find that they attract broken people. Like a moth to a flame, those who suffer from intense emotional pain will gravitate toward the Pisces Chiron. They have a toxic dependency when it comes to pain.

The Pisces Chiron wants to avoid the sensation of pain and yet they are magnetized to it. They know that there is something inside of them that needs to be fixed but they don't know-how. They will regularly enter a cycle of ups and downs as they try to figure out this phenomenon.

The Pisces Chiron finds it hard to trust people and yet they can be extremely gullible. They will keep people at arm's length to avoid being hurt or betrayed and then they will give in. They want to lower their guard and feel at ease around them.

It is difficult for them to relax and believe that they won't be taken advantage of or disrespected. This can result in them blowing hot and cold which pushes the other person away.

As the Pisces Chiron individual is extremely sensitive, they will take it as rejection, not realizing that they were the person that caused them to leave.

Men with Chiron in Pisces

The Chiron Pisces man is a healer. Like the centaur Chiron, he offers aid to those who are wounded while forgoing his own needs. He dedicates his life to helping others with his natural gifts. The Chiron Pisces man will give and continue to do so until

Instead of replenishing his energy levels, he seeks to continue with his mission of saving the world. He wants to be a part of something great and happily sacrifices himself to a greater cause. He may see himself as a martyr.

The physical realm does not satisfy him. He is rarely tempted to indulge in earthly ways.

Instead, he spends his time engaging in study. He feels a connection to the universe that he cannot explain yet he feels disconnected.

The Chiron Pisces man does not feel at home on earth, nor does he as though he would be welcome in the spirit realm. He simply floats in the abyss while trying to understand his identity.

He evolved beyond his ego. He sees the world for what it is, a projection of his mind. The subject of esoteric matters fascinates him.

Occasionally he can become disconnected from reality. His awareness of Source energy is more heightened than his peers. He can feel the ebb and flow of universal energy which draws him away from the physical world.

Lessons

Despite how volatile Chiron in Pisces is, the pure essence of Pisces still runs throughout those who have this placement.

Their kind and loving energy are some of their greatest qualities. They capture the spirit of Lightworkers. It is evident that they want to make a difference in people's lives, regardless of whether or not there are selfish intentions behind it.

However, their faults create cause for concern. They are so deeply impacted by their karmic wounds that necessary steps must be taken to protect and nurture their wellbeing.

Balance and foresight are needed to keep Pisces Chiron in good form. They have excellent intuition, but they must know how to use it to benefit their own lives. The Pisces Chiron must first recognize the wound before attempting to heal it.

As the Chiron in Pisces gives so much to others, they absorb the negative vibrations from those around them. It is as if they are surrounded by energy vampires.

However, this is a self-inflicted part of their behavior that must be toned down if they wish to find peace.

The Pisces Chiron must make time for their own needs. They are so busy catering to everyone else that they neglect themselves. It may take a while for them to adapt.

If they want to improve their circumstances, they must be open-minded. They must focus on themselves for a while and refrain from trying to solve everyone's problems.

Though it is good to be helpful and offer support to others it can be overwhelming to take on too much at once.

Overloading the Pisces Chiron with the heartbreak, drama, and problems of others is detrimental to their wellbeing. If they wish to be of service to others, they must make sure that they are fit to do so.

Forcing themselves to be everything for everything is counterproductive. They run the risk of taking on too many problems and their judgment could be clouded by multiple energies demanding their attention.

To remedy this the Pisces Chiron must retreat. They need to distance themselves from the world and embrace solitude. They may use the time to reflect, release negative energy, and prioritize themselves.

When alone they can use the time to practice self-care and build up a loving relationship with themselves.

The Pisces Chiron can still help others, they just need to know their limits. They have an incredible psychic gift that can help so many people. When they are ready and able, they can put this to good use and guide others.

As a clairvoyant, their perspective and insight when looking into someone's future can help them to make the right decisions and fulfill Pisces Chiron's need to help and satisfy others.

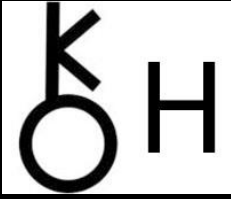

Though the wound of Pisces Chiron may never fully close, it can still offer healing. When the Pisces Chiron becomes aware of the darker aspects of their soul they can work to stay on the right path.

The trauma and harm of their karmic pain could make them stronger if they are willing to try.

The complexities of Chiron seem to be never-ending as it weaves its way through our lives. However, the scar or wound that it has given us is a reminder that we can face any challenge and come out on the other side.

There is nothing that can take away our power. Our strength lies within, and we can rise above the negativity and live to see another day.

Chiron ♋ in II 2nd House

([1261] astromajesty.com)

People born with Chiron in the 2nd house likely struggle with feeling secure concerning their material resources and possessions.

However, no matter how much they have, they tend to think they don't have enough. Their wound probably started growing in their childhood. When these natives were kids, they believed their parents don't provide for them, or other children have better living conditions.

Their caregivers likely had to work a lot to answer the elementary needs. Or, perhaps, they preferred a modest lifestyle.

Nevertheless, this wound is not necessarily material. It depends on the sign Chiron in the 2nd house settles. If Chiron is in Cancer, it could be that these natives didn't have their emotional needs met due to emotionally detached or aloof parents.

On the other side, if in Virgo, perhaps they struggled with health issues due to poor living conditions.

Whatever the sign and scenario, this placement will reflect security matters. These natives might struggle with spirituality, inheritance, physical safety, etc.

Moreover, people with Chiron in the 2nd house could feel that their parents didn't provide them with enough guidance, security, or protection. Because of that, they couldn't fully develop their sense of self-sufficiency as they lack inner safety and stability.

Moreover, due to not having enough security in some areas of life, these natives struggle with their self-worth. They typically think they are not as good, well-off, smart, loved, or beautiful as others. Their issues originate from a lack of confidence, self-love, or self-resilience.

People with Chiron in the 2nd house don't believe that who they are as persons is enough, and they will often compensate it with material possessions. Besides, they tend to dislike their physical appearance, whether body or face.

Feeling unworthy

These natives don't think they are worthy, which disrupts their lives and system of values. The sign where Chiron lies will determine what they will see as an indicator of

worth. If in Taurus, those will be finances.

But if in Aquarius, it would be how many friends they have. However, they find motivation, security, and consolation in external things. Hence, if these natives have a lot of it, they would consider themselves as being enough.

Perhaps people with Chiron in the 2nd house had parents who praised material resources, popularity, or physical appearance. If that is the case, it could explain why these natives do the same and why they don't see themselves as enough.

Another possible scenario is that others belittled these natives during their formative years.

As a result, they cemented a belief that they are unworthy, unlovable, or insufficient. Another possibility is that they didn't get enough affection, attention, or kindness from a caregiver or other significant persons in their lives.

However, it might be that they lived in a family of hoarders whose disorder never let them think they have enough. Or, perhaps people with Chiron in the 2nd house had selfish parents who only cared about themselves instead of what their children need.

If those with Chiron in the 2nd house had caregivers whose love was conditional, they probably had to help in the housework or prove their worth for receiving affection and care. The problem is, regardless of how much money they might accumulate, these individuals will likely still struggle with feeling secure.

Nevertheless, Chiron in the 2nd house is also an indicator of eating disorders. If this placement settles in Virgo, it is almost definite that these natives will struggle with overeating or depriving themselves of food. It is how they try to fill the emptiness or take back control over their bodies and sense of security.

Moreover, eating disorders implies that these natives use them as a mechanism to have something only for themselves.

Distorted self-perception

These natives struggle with overwhelmingly low self-esteem. People with Chiron in the 2nd house have a distorted perception of their own value, which often dictates their choices and preferences. They typically expect that other people will convince them they are worthy and beautiful. These individuals are unable to find love within and see themselves objectively.

With time, people born with Chiron in the 2nd house realize they are not happy despite how much resources they accumulate. It is when they start to wonder why it is so and what the real issue is.

The first step is usually to admit they have an inner void they try to fill with unhealthy mechanisms. Whether it is having an abundance of money or friends, it is not the solution.

Instead, it is a symptom of a much deeper problem. The next step is typically to realize that they struggle with self-love, self-worth, and self-sufficiency.

There is an opportunity for self-acceptance. People with Chiron in the 2nd house could help others heal their self-worth issues by guiding them and showing the core issue. Besides the power of helping themselves, these natives can encourage other people to embrace self-love.

Moreover, they can learn to love themselves by teaching others that good relationships start with accepting oneself.

Healing potential

If they overcome their trauma and fill the void with self-love, they can show other people what it takes to free themselves from dependence on external things.

By learning that no one else can accept them until they do it themselves, they can share their experience and guide others on their journey.

The lesson these individuals should learn is that possessions don't guarantee happiness, security, and value. It is why they have to confront their childhood trauma. They can discover what caused it and how to deal with it healthily.

That could result in embracing the philosophy that there is more beyond the material world. Something more than what we can see and touch.

Part of Fortune ☒ in ♋ Cancer 20° 18'

([1278] astrolibrary.org)

You achieve your greatest happiness by nourishing others and yourself, as well as giving sustenance and emotion to your life and to that of others for future growth. This is the expression of the Divine Mother that gives everything she can give, without selfishness.

You like to feel affection and intimacy. You deeply appreciate life and nature, through which you feel the essence of love, unity, and cooperation of all things and people of the Universe.

You know that emotions give energetic nourishment to life and a sense of intimacy with all the things that surround us. You understand how much we need to feel that we belong to a world that loves us and accepts us as we are.

You act with a childish simplicity. You like to flow in the gentle and tender energy of Cancer, which is in harmony with its surrounding environment and with the principle of creation.

Because Capricorn is the sign opposite your Part of Fortune, you understand how to bring things to maturity. You know how to complete what is partially formed. This knowledge is the reason for your ambition, and using it in this way is the correct use of this energy.

With the Part of Fortune in Cancer, you are not looking for an end that justifies the means. Rather, you want your actions to be tuned in to the beginnings of ideas, and to take part in the creation itself.

The cheerfulness and vitality of Cancer is balanced by the wisdom and maturity of Capricorn, which you must use to structure and direct your energy towards something

significant.

You do not get influenced by the results or the outcome that you get from what you do. Rather, you like to participate regardless of the practicality.

Your joy and happiness comes from a birth, whether of an idea, a child, or anything in which you take a personal role in its creation. It is this intimate association with the beginnings that makes you enjoy life and achieve self-realization.

By being a privileged participant in the birth process that takes place in all of Nature, and in the mind, you will develop a tender concern for all things.

Your great joy and satisfaction is a response to seeing everything that has come out of your being flourish and grow, knowing that you are the true foundation of its life.

You enjoy life and all the love that you are capable of experiencing when you feel intimate contact with everything that surrounds you and gives you happiness.

Part of Fortune ☒ in VI 6th House

([1292] astrolibrary.org)

Your greatest satisfaction will come from work and being always active. You get fulfillment through careful use of your time and energy.

You realize how others return to situations already solved in the past, to negative emotions, or to make defeatist excuses. However, you must take care of the details of the present and overcome all negativity through a very active, systematized and organized life, always serving Humanity and seeking to make your life as useful as possible.

Your life needs to have a sense of purpose. You worry about improving yourself and your environment. Maintaining a purity of thought helps you to completely surrender to what you are doing without letting yourself be carried away by doubts or other distractions.

Since your Part of Fortune is in the sixth house of your birth chart, the 12th house is the opposite house. Through the 12th house, you know the inner needs of humans. This makes you sensitive to the forces of creation and the invisible powers of the Universe. It

also gives you a deep compassion.

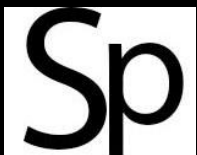

You must do something with this and not be just a passive observer. Therefore, you must participate actively in life, and yet, although you know the infinite, you must function clearly in the defined world.

It gives you an immense joy to know that you can help heal another person. You must strive to be useful at all times and use your ability, since you know better than anyone else how to do things to find an improvement or greater functionality.

You know the workings of the unconscious and how others, and even you, are carried away by their impotence, imperfection and uselessness. That is why your greatest satisfaction occurs when you are able to improve others and help them formally to develop their potential.

You must learn to appreciate the perfection that exists in the world, not worrying about the imperfections, and to develop this potential to the fullest. You must see negativity impersonally, in a detached manner.

You function better when you do not think of a cosmic reality or beyond, but by tuning into the Universe you make it functional by perceiving it with the five senses and putting it into a realistic practice. When everything you do makes sense, you can even allow yourself to be carried away by everything that happens at the moment without fearing to lose your way on your path that you set upon. Therefore, you must improve your natural abilities, and thus the Universe will begin to cooperate in the awakening of your fulfillment.

([57] astromatrix.org;) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

2) ► **Midheaven** MC **Parallel** ♀ **Pallas** - (1°21') ♀10 | ♄11

([589] 12andus.com;) You can be a strong leader with a powerful vision and sense of right and wrong.

You easily align your beliefs and ideals. You don't have to work hard to establish yourself as a mentor or leader. Your visionary strategies help you ascend to positions of power and authority.

Your career path or public image may involve some forms of advocacy or activism and it's natural for you to get involved in work that requires you to see the bigger picture and recognize injustices that you then work to resolve.

Your career path is marked by your easy ability to assert your ideas and stand apart from the crowd as an intellectual and also intuitive visionary. You may recognize patterns that others miss and this can lead you to be successful in business. Even if you

are successful, you are usually more concerned with the social impact of your ideas and strategies rather than your own ambitions.

3) ► **Descendant DC Parallel ☿ Uranus** - (0°51') ♏7 | ♎11

([206] astromatrix.org;) Liberal Associations

When Uranus is opposite your Ascendant your relationships and the people to whom you are attracted can have a big impact on your life. You will be attracted to liberal and free-minded people. You have a vision of the future and are not bound by the values of the past. In your close personal relationships, you seek a partner who needs a great deal of freedom and personal space and hence will not interfere with your own need for freedom and self-determination.

Your popularity with others and contacts with the public are erratic and unstable. You're attracted to people who are attracted to the occult or science. You're extremely individualistic and desire personal freedom in all personal relationships, including marriage. You do have extensive creative ability and your personality is quite different, unique and progressive.

You can be very inventive, and you prefer to work in areas where you can have a lot of freedom and you do not like being tied down to a routine. You are generally well liked for your individuality and you probably have a lot of friends, you especially like to associate with intellectual people and those you can have intense discussions about topics that interest you.

You are quite a rebel and you don't like authority in general and you probably had some conflict with your parents or superiors in the past. It is best to not these tendencies to stop you attaining your goals, it is good to learn compromise and cooperation even if you feel you don't agree with others' viewpoints or attitudes, it is important to integrate and not isolate yourself from mainstream society.

Work on trying to make more commitments, realize that freedom isn't necessarily free and that you work with others so you can achieve what is important to you. This could include areas such as social reform or activism.

4) ► **Imum-Coeli IC Parallel ☿ Mercury** - (0°18') ♎4 | ♏12

([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

5) ► **Imum-Coeli IC Parallel ♀ Venus** - (0°22') ♃4 | ♎3

([180] astromatrix.org;) Giver And Receiver

Opportunities: 1. Following Your Higher Callings 2. Finding a Stable Home Life

Challenges: 1. Figuring Out Your Life 2. Achieving Both Success and Satisfaction

Your childhood home should be a place of warmth, love and friendliness; and while you are young your life should be reasonably calm. As a result, you will have an excellent relationship with your parents as you grow up, and you will feel secure within yourself.

You will be able to give and receive love very easily and make others feel your personal warmth. Your family, as well as your own spouse and children when you are older, will always be important to you. Whenever you need help, you know you can turn to your parents. You enjoy warm and comfortable home surroundings. Wherever you go, you will create a warm, friendly place where you can get away from the cares of the world. You enjoy having friends come to your home, because you like to share your personal world with others and make them feel as good there as you do.

While you are still quite young, but later in life especially, you will enjoy having objects of art in your home. You like to be surrounded by elegance and grace. In youth, your taste may border on the flashy, but you should tire of this quite quickly, and eventually your ideas about art and decoration will be quite advanced. Also, you will prefer rather fancy clothes.

6) ► **Imum-Coeli IC Parallel * Juno** - (0°43') ♃4 | ♃4

([606] 12andus.com;) Though you may crave a stable marriage or long term partnership, your desire to be successful in your career may run counter to this goal.

You may want to have both your career success and the full support of your partner or spouse. Yet in some way, your marriage or partnership undermines your career ambition.

You may have to overcome relationship drama in order to be focused and committed in your career path. Your career success may be jeopardized because of scandal or issues that impact your reputation stemming from your connection with your partner.

You may have to work through your jealousies and insecurities to find ways to create stability within your relationship so you can thrive in your partnership and in your career.

7) ► **Sun** ☉ **Parallel** ♂ **Mars** - (1°40') 002 | 1312

([5] astromatrix.org;) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can

renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

8) ► **Sun** ☉ **Contra-Parallel** ♆ **Juno** - (1°40') 002 | ♃4

([593] 12andus.com:) You are personally committed to your partner but also have a strong sense of ambition and a strong personality.

You strive to stay in alignment with your partner and value commitment and loyalty. Yet you also can't help wandering off to chase your dreams. You expect your partner to be by your side as you venture toward your dreams of success.

When you feel like you have to make a choice between what is best for you as an individual and what would make your partner happy, you can become stumped. You

don't easily align your relationship's needs with your personal needs or you may opt to put yourself first and struggle with compromise.

Though you have a strong sense of integrity and devotion, you can also become jealous and insecure about your standing in an important relationship.

It takes some effort for you to feel like you can satisfy both your needs and your partner's needs.

9) ► **Sun** ☉ **Contra-Parallel** ♁ **Vesta** - (0°16') 002 | 15

([609] 12andus.com:) You may have a strong desire to show your talents and gifts, yet also feel called to a sacred path that requires some sacrifice.

You may want to take center stage and receive recognition for your unique views and gifts. At the same time, your sacred mission may call you to a very different path. One in which you take on a humble role of service and charity.

You'll follow your sacred mission but may frequently wonder if you could have achieved fame and fortune if you only put yourself first. You won't follow such impulses but may feel conflicted when you're called to make a sacrifice, even one you believe in.

If you bring your desire for recognition and praise into balance with your desire to fulfill your sacred obligation, you'll find it easier to harmonize these opposing inner drives.

10) ► **Sun** ☉ **Parallel** ♋ **Chiron** - (1°57') 002 | 002

([117] astrotarot.net:) The wounded healer

Typical features that this conjunction brings – it implies the solar idea of being on stage, your desire for being seen. This Natal Sun – Chiron aspects are about particular type of sadness. In other words, your audience desperately wants you to shine, despite the impossibility of it. By audience we mean people around you. So, that makes great tension in you. Also, you are very sensitive of what others expect from you. From a psychological point of view, the “audience” could be a father figure, any prominent male figure in your life. This aspect is translated as an extraordinary level of sensitivity regarding your creative potential or your ability to leave a personal mark on the world. You are very sensitive and vulnerable. Above all, you may even make a career out of cheering and encouraging. You can be talent hunter, teacher, counselor who help others establish a healthy sense of ego, coach who make it possible for others to shine. When you recognize your pain in others you tend to be the one who to cheer on, to lead others to their highly-personal, brilliant destiny. This aspect symbolizes a holy wound at the heart of the ego. That wound makes you vulnerable. But, you are open to life with a rare sensitivity: the sensitivity required in any profession in which you have to handle other people's sense of self with care.

- Positive traits: Above all, you have great sensitivity, imagination, intuition, spirituality

and a sense of harmony. Also, you are likely to be unselfish and even submissive.

- Negative traits: You might be very vulnerable and over sensitive. Also you may be very jealous of people who are creative. Natal Sun – Chiron aspects are not the easy ones to handle.

11) ► **Moon ☾ Contra-Parallel ♃ Jupiter** - (0°58') ♄9 | ♃11

([155] astromatrix.org;) Unexploited Potential

One difficulty for your self-esteem and ability to exploit potential is unease caused by diminished self-confidence. Energy can seep away through self-doubt and a tendency toward unproductive questioning which reduces achievement.

Emotionally, you feel unable to evaluate your abilities or creative efforts; they are too close to you, determining your state of well-being. You protect vulnerable emotions and sensitivity and may eventually realize that most of your pain in life comes from relationships. This can include friction with parents (either during childhood or in later life), unsuccessful love affairs and romances, being taken advantage of by unscrupulous colleagues or friends, or disputes in your family home, such as with children.

You prefer to think well of everybody, giving them the benefit of any doubt and relying on mutual trust; unfortunately, deception is common. Your evaluation of character can often be misguided or lacking in perception. You may discover a suitable channel for your social concerns by working for people's welfare; a sense of civic responsibility is well-developed, and you may see community activity as the moral duty of a responsible citizen. Certainly, working for social betterment will fulfill you in many ways, and provide reassurance for your self-esteem.

You may need to reduce restless feelings that disturb your inner state and relationships with others. Whenever you feel this dissatisfaction, discovering new areas of interest and activity can productively redirect your energies.

12) ► **Moon ☾ Contra-Parallel ♄ Saturn** - (0°58') ♄9 | ♄6

([156] astromatrix.org;) The Oppressor

It is probable that the restrictions and limitations which you encounter are mainly derived from other people or environmental pressures, and that relationship difficulties will occur.

Childhood experiences and parental or social conditioning will have greatly affected you; and your attitudes and worldview are likely to have been molded by duty, obligation, and responsibility. You see their requirements as necessary for the socially mature individual, but instead of gradually developing as a result of real maturation, these have been imposed on you, probably during childhood before you were able to properly integrate them. Parental pressure or environmental circumstances may have forced you to 'act grown up' before you were ready, having to conform to these demands.

You may have reacted against the discipline of restraining attitudes and imposed rigid behavior and may have seen your parents as lacking love or understanding for you. Life presents a vista of duty and obligation; it is viewed as a serious affair in which 'doing the right thing' becomes important, even if this means ignoring your feelings, instincts, and emotions... or so it seems to you. One result could have been a controlling of childhood feelings, exuberance, and enthusiasm, of not being allowed time for childish play and 'silliness', acting out imaginative fantasies, or refusing to conform.

By adult life, this may have consequences of moodiness, bleak depressions, and negativity. You may display emotional inflexibility, endure phases of stagnation, and have fears of people, experiences, and situations. If this occurs, it is symptomatic of unconscious emotional repression, which now influences your everyday consciousness and reality through interference.

Sensing this repression, others may avoid closeness with you, as they sense that your social stiffness inhibits relationships; as your vibration is that of a loner, they may feel uncomfortable. Negative attitudes can become restrictive and limiting; opportunities can be lost through refusing to take chances, or relationships denied through social unease or fear of emotional intimacy. If you can redirect your attitudes in a more positive and constructive direction, things will open up; making such a shift is likely to prove difficult, yet, if achieved, will be highly rewarding.

Clarifying your life direction is important, enabling energies to be targeted at achieving specific personal aims. While the 'duty and obligation' program dominates you, there can be antagonism toward authority figures such as employers or managers, especially if they provoke your feelings or wound your sensitivity. If you chose not to become self-employed, then work related to medicine, research, social welfare, community service, law, or government may attract.

Relationships can prove problematic. You find difficulty letting down your emotional drawbridge to others, and struggle to express feelings. Sometimes embryonic relationships are destroyed by your allowing previous relationship experiences to interfere, by prejudging people according to past disillusionments. Emotions are protected; and this can prevent intimacy from developing.

Older partners may attract, as may those who display a maturity which you believe you lack. Be careful of becoming dependent on others. It may be inevitable that you fall in love with someone who displays affection but not love for you. This leaves you emotionally vulnerable; and powerful but painful feelings are encountered. Such experiences could prove uncomfortable and traumatic, yet releasing emotions is the healthiest action. If a relationship develops, then you may become less defensive, and your hidden potential may unfold with a loving partner.

Children may help to open you, providing a relationship into which you can pour love,

helping you to feel at ease with displaying feelings in a less threatening context. You may find that family obligations create limitations, due to financial constraints and parenting responsibilities. A balanced approach to fulfilling responsibilities in a more relaxed, emotionally responsive manner is required; and much depends on transforming attitudes and feelings. If this is achieved, limitations will progressively dissolve as emotional stress is released, and a new feeling of liberation grows.

With emotional freedom comes the dismantling of those inner barriers which have prohibited creativity and imagination; and taking these steps may reveal previously unexplored and unrecognized talents and abilities.

13) ► **Mercury** ☿ **Parallel** ♀ **Venus** - (0°40') ♄12 | ♃3

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

14) ► **Mercury** ☿ **Contra-Parallel** ♂ **Mars** - (1°01') ♄12 | ♄12

([164] astromatrix.org:) The Debater

Opportunities: 1. Learning from Other Perspectives 2. Channeling Your Intellect Productively

Challenges: 1. Withholding Judgement 2. Listening More than Speaking

With Mercury Opposition Mars you will have a keen intellect and strong ambitions. You can be curious, opinionated, critical, nervous, hypersensitive and overly impulsive, often leaping to conclusions prematurely.

You are able to learn quite rapidly as long as you can maintain your determination to not lose focus on what you are doing. This aspect adds to your impatience and impacts your ability to communicate effectively. You can be quick on the trigger when it comes to verbal reactions to others, and you are not always courteous or tactful when it comes to expressing your opinions.

Try not to take things personally and be more objective with your dealings with others. You want to be the center of attention and make sure everyone has heard your voice and point of view. This is not a bad trait in itself; the problem may come if you become pushy or try to convince others that you are right. Everyone has their own point of view and you must realize that. It's good to try and understand different perspectives.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. Some with this aspect in their charts are prone to lying, especially if you have some other challenging aspects to Mercury or Mars. You love a good debate, but sometimes turn conversations that needn't be stressful into arguments. This is one of the biggest problems with this aspect, even though you are a good communicator, your inability to compromise, listen and not judge others can cause you to miss out on some good opportunities.

Try to be more diplomatic and graceful with your interactions and speech, tone down any Mars aggressiveness to avoid making people feel uncomfortable or defensive. Because of your alert and sharp mind, you are able to be successful in many possible career paths, especially those where your communicative talents can be utilized such as Teaching, Education, Marketing or Law.

15) ► **Mercury** ☿ **Contra-Parallel** ♎ **Pallas** - (1°03') 1312 | ♃11

([578] 12andus.com:) Your ideas and communication style can make you a great advocate or spokesperson.

Yet you may have to work through insecurities and cognitive dissonance before you are willing to step out of your comfort zone and work to promote causes important to you.

Your desire to advocate for others or missions that are important to you can be offset by anxieties. You can second guess your plans or strategies. You may need to find greater confidence in yourself and believe in your plans and ideas before you commit to them.

Being too much of a concrete thinker can make it difficult for you to imagine how to use your talents to advocate for others and work for a cause. You may also have to work harder to see issues from others' perspectives. An important issue may appeal to you after you have overcome cognitive dissonance or once you have received important information.

16) ► **Mercury** ☿ **Parallel** ♋ **Juno** - (1°01') 1312 | ♃4

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

For the most part, though, when you make a commitment, you fully intend to keep it and will take a diplomatic approach to relationship challenges so that you can keep your word.

17) ► **Venus** ♀ **Contra-Parallel** ♂ **Mars** - (0°21') ♃3 | ♄12

([173] astromatrix.org:) Friend Or Lover

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years. Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those

who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

18) ► **Venus** ♀ **Contra-Parallel** ♄ **Pallas** - (1°43') ♃3 | ♃11

([579] 12andus.com:) Your sense of comfort and desire for beauty and harmony can run counter to your sense of mission.

You may have to work through insecurities and obstacles in order to embrace the value of your insight and wisdom when it comes to mentoring others or offering valuable strategies.

You may also have great plans and insights about how to diplomatically appeal to others' better nature, only to over-reach or become complacent when you feel too comfortable.

It may take some practice exploring your own values and challenging yourself beyond your comfort zone before you realize how your creativity and talents can help you pursue your mission and cause. Your social network or connections to others may be instrumental to helping you create successful strategies to advocate for what you want, but you may have to overcome the desire to do things yourself first.

19) ► **Venus** ♀ **Parallel** ♄ **Juno** - (0°21') ♃3 | ♃4

([596] 12andus.com:) You can easily express your love and empathy and your sense of beauty and compassion leads you to form long standing relationships.

You take your commitments seriously and will idealize your partner. You may see only the best in the person you fall in love with. You love the idea of romance and marriage and when you finally meet the right person, you can become completely devoted to your love interest.

You can be affectionate, nurturing and caring but you also have an intense jealous streak and may become possessive over your partner. You expect others to feel the same deep commitment you feel for them and can be disappointed when this doesn't happen.

Romance and marriage may be a central focus for much of your life and you have great determination to make your relationships work.

You try to be diplomatic when things go wrong but you hold on tightly and never give up on love. Even if this means resorting to manipulative measures, when it comes to love, you believe the ends justify the means.

20) ► **Mars** ♂ **Contra-Parallel** ♄ **Juno** - (0°00') ♃12 | ♃4

([597] 12andus.com:) You may have an impulsive streak that undermines what you want from a serious relationship or partnership.

For instance, you may be in a rush to find the One, but your eagerness and intensity drives away potential committed partners. You may also try to be protective and passionate in relationships only to inadvertently drive the other person away.

You may have to work on balancing your own ambitions for success and satisfaction with the needs of your partner in order to be successful. Jealousy and possessiveness can also work against you in relationships. Be careful not to be too dominating over your partner.

You may be attracted to a life partner who is not quite available or who you feel you need to pursue in order to win over. You can be more successful if you don't try too hard and if you learn to bring harmony between what you want and what your partner wants.

21) ► **Mars** ♂ **Contra-Parallel** ♀ **Vesta** - (1°56') ♄12 | ♃5

You may be called to serve by putting your needs aside and acting courageously to help others, Military service or militant-style actions fuel your sense of calling and spiritual purpose.

Yet you may wish you could abandon your higher calling and just focus on your personal ambitions and desires. When you step back and find a way to balance your personal ambitions with your higher calling, you can succeed on your mission. By fulfilling your spiritual calling, you end up finding deeper personal fulfillment anyway.

By overcoming resentments and impulsive actions that distract you from your higher spiritual calling, you can come into alignment with your gifts and courage, finding ways to fulfill your mission and embracing the sacrifices that help you serve others.

([86] astromatrix.org/) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

You have more compassion and sympathy, especially for people who are oppressed. It can be good to work in a social area where you can help and assist people in need.

([61] astromatrix.org;) The Quest For Knowledge

The expansionary characteristics of Jupiter tend to merge well with the forward-orientated direction of Uranus; and the essential personality outlook should be optimistic and positive. You will tend to believe that there is always 'something good' waiting for you just around the corner, a faith that your future will be rewarding. In some ways, this can become a self-fulfilling prophecy; a positive mental attitude attracts your dreams towards you, enabling their manifestation to proceed more smoothly.

There are likely to be sudden or surprising opportunities arising in your life, which offer the potential of development and expansion. The opening of new horizons can be personal, through relationships and family, educational, through further study, or financial and business ventures. You may have to be ready to take full advantage of these, as they can occur sometimes without any conscious effort expended in creating new potential expressions.

You will be very attracted towards exploring human knowledge. You have an avid curiosity; and you believe that all knowledge that you acquire offers more mental freedom and interest, and more personal power, and greatly enriches life. Often, you develop a personal program for further study in specific areas of enquiry. This is so you can gain some expertise, so that the information absorbed can be used as a foundation and springboard to launch some kind of project whereby you are able to exploit your own personal potential.

You like to create options and alternatives that you could follow, if you so choose, and often mentally build a variety of potential schemes and projects. The problem may lie in being able or willing to actually manifest any of them. Sometimes a fertile mind can circle around a multitude of attractive ideas yet fail to develop any of them. A more one-pointed discipline may be required. It is likely that in your quests for expansion and growth you will begin to ally yourself with those more progressively minded people and groups devoted to social change.

New political thinking and social alternative lifestyles will attract, especially as your bias will be against the established traditional social order. You will have a reformist outlook, not excessively radical or revolutionary, but still more future-directed than the majority. As an independent thinker, you will serve as an advocate for new horizons in life; and in sowing such seeds you can help to enrich lives by encouraging others to break free of

those limiting, stagnating patterns of life. You welcome the new and unknown; you experience little fear when the winds of change begin to blow and are ready to embrace their liberating influence.

([153] astromatrix.org;) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to

spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

You enjoy decision-making when it is shared with another person. Also, you are the first to call on a close personal friend or spouse whenever a decision needs to be made. The exchange helps you to find an answer within. So, this comes back to seeing yourself through others' perspectives. You are not the type of person who goes to movies or restaurants alone. 22) ► **Saturn ♄ Opposition ♄ Pluto** - (5°16' S) ☿6 | ♄1

([200] astromatrix.org;) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of

you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

([223] astromatrix.org;) The Door Opener

Opportunities: 1. Taking on Intellectual Challenges 2. Leading Groups

Challenges: 1. Having the Courage to Shine 2. Risking Being Criticized

The sextile offers considerable energy that is best channeled through your intellect, and this may turn out to be the source of your life direction, a direction from which multiple achievements can be derived. You have a gift for creative thinking, which can be directed towards building positive and constructive enterprises, and it is through developing these that your special talents will be displayed to the world.

Following your interests could open this dimension of your nature, opening channels to express your creative spirit. This creativity may flow through the houses and signs which are occupied and ruled by the Sun and Mars, and if your interests coincide with the associations of such planetary placings, take a deeper look at their potential for exploitation.

The sextile energy is more balanced and capable of easier assimilation than the abrasive conjunction vibration, and while you are a forceful personality with a powerful will, you remain aware of social decorum. And your awareness of relationships is also well developed, so you do not seem threatening or overly competitive to others. Your personality is confident, secure and relatively stable, and others may acknowledge your integrity and interpersonal communication skills by turning to you for support and aid.

You have an ability to initiate new projects and schemes and can be an effective leader or coordinator capable of managing tasks requiring group cooperation. 36) ► **Venus** ♀ **Sextile** ♀ **Pluto** - (4°27' A) ♃3 | ♃1

([258] astromatrix.org:) Intense Emotions

The sextile aspect is an easier one to experience than the conjunction or the challenging square and opposition. The state of a more harmonious inner balance is easier to find; and there is a more realistic appreciation and understanding of the nature of human love and relationships.

The experience of your feelings and emotions will be strong but will be able to be absorbed into a personal integration rather than be a compulsive dominating energy driving your life. This means that you should be able to gain some perspective upon the patterns of your emotional life, to see the rhythmic cycle, and to apply common sense, logic, and rationality to moderate any obsessive tendencies emanating from that level.

Understanding is a key for you; and you have an insight into the potentially transformative and beneficial power of love in a human life. To you, having a successful intimate relationship is a high priority, although you will tend to be very careful in your choice of partners. What you require is a partner who is capable of developing with you, as the relationship matures and changes over time, where there is a natural love and respect for each other, with mutual or compatible interests, and where both will benefit from each other's company. Running through the partnership will be a thread of purpose and meaning, perhaps a joint life direction to be aimed towards, which is nourished by a high degree of real communication and sharing.

Your ideals are high but are achievable in real life; the key to success lies in right mutual choice; and this can come about through a series of events that could imply that the partnership is 'fated' to occur. Feeling this way can give a strength and inner commitment to the relationship at those times when mutual adjustment and personal change are required for the relationship to progress and deepen over the years.

Sexuality will be important to you, but not compulsively so, as you will see it as a natural, enjoyable aspect of adult life, and are unlikely to have any damaging feelings of unease about physical expressions of love and affection.

Talents in the arts or music are at least latent in you; and if you draw these out strongly enough, you may discover that you have quite an original creative ability to display.

38) ► **Jupiter** ♃ **Sextile** ♎ **North-Node** - (0°52' A) ♎11 | ♈9

([277] astromatrix.org:) Finding Success

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Jupiter throughout life. With North Node sextile Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

39) ► **Uranus** ⚡ **Sextile** ♄ **Neptune** - (2°08' A) ♄11 | ♄1

([284] astromatrix.org;) The Expander Of Consciousness

Most of the characteristics of Uranus / Neptune aspects involve the element of distrust for leaders, organizations and powerful figures. Those born with the sextile aspect tend to object to establishment secrecy and the withholding of information from their people or their electorate. They consider this manipulation of information to be a deliberate and iniquitous distortion of the truth which should not be allowed by their leaders.

Often such people would support a 'freedom of information' causes, believing that the state should be the servant of the people, and not the other way around. There is an anti-establishment attitude, together with an objection to state autonomy in which the person is steam-rolled by the weight of state bureaucracy. There is a need to reassert individual power and freedom from state interference, and such attitudes will often oppose authoritarian dictates. An attraction towards social revolution and changing the nature of state control can develop a revolutionary and evolutionary philosophy which champions the people's right to power within their own society.

An optimistic belief in people and their potential will dominate, which some may consider to be too naive and idealistic, but it is founded on the right to be able to choose for oneself, and to determine the sort of personal lifestyle to live without being inhibited by social repressions (provided that it does not harm others). It conceives of a society

aimed towards personal development and fulfillment, through individual creativity and uniqueness, in contradistinction to one which conditions people to unquestioning fulfillment of economic roles and adherence to social convention. Essentially, it asserts the right to be self-determining, rather than meekly and blindly following the guidance of leaders who often gain such positions through money or heritage alone.

An active involvement in social decision-making will attract, especially in ways designed to make some progress towards those brotherhood ideals which so appeal to the mind and emotional levels of those with this aspect.

([605] 12andus.com:) You may want to be in a steady relationship but fear commitment.

You don't want to make commitments that jeopardize your ambition and you may feel it is difficult to sort between your desires to be with someone for life. Your partnerships may be rocky.

With some mindfulness and work, you can work through the difficulties that lead you to doubt your ability to commit or follow through on your commitments. You can find your ideal partner if you work through fears about your need for independence.

47) ► **Midheaven** MC **Square** ♄ **Neptune** - (5°20' S) ♀10 | ♀1

([449] astromatrix.org:) Self Doubt

This aspect can indicate extreme insecurity and self-doubt, unless your parents and other influential adults make a special effort to reinforce your self-confidence. When you meet a difficult person or an obstacle, your first tendency is to run away, because you feel that you cannot overcome it. This is probably not true, and you must learn what you really can do, instead of limiting yourself to the few tasks that you are not afraid to do.

Sometimes you seem to be surrounded by energies that are very weakening, usually from people you are with who give off very negative energies such as resentment, hostility or anger. You don't attract such people to any unusual extent, but you suffer

more than others from being around them.

As much as possible, you should associate with positive and optimistic persons. This empathy has a positive side, however, in that you understand other people very well, knowing what is going on in their minds as well as what they say. But it will take you a while to learn how to interpret the signals you get from others.

While you are young, you may frequently misinterpret people. You will feel a need to work for an ideal that is higher than yourself or for a person whom you can idealize and respect. This is fine, but you will probably be taken advantage of by people who are unworthy of your devotion, unless you work very hard to get past your idealizations and see who they really are. Then you can choose intelligently.

You prefer to face conflict with assertiveness and aren't afraid to nurture others by calling out what you think they're doing wrong. Your intentions are to uplift and inspire but you may get into power struggles trying to get others to follow your lead.

You can try too hard sometimes and your interventions intended to help others can come across as too grandiose. You may also easily become disappointed if you feel others don't appreciate your efforts to show love.

Opportunities: 1. Advancing in Life 2. Growing Through Action

Challenges: 1. Keeping Your Ego in Check 2. Connecting with Others

You can be self-centered, intent on pursuing your way irrespective of the impact it has on others. Sometimes you use Martian energies aggressively to gain your way, refusing adjustments and compromises with others, demanding that they appease your will and

needs while denying any validity to theirs.

Often instincts and emotional needs clash with your will for action, and you may feel confused regarding which to choose. This inability to know which way to turn increases frustration.

Men may try to be too forceful and aggressive with women, playing a 'macho' role without much understanding and sensitivity to the female temperament, oppressing through asserting raw power without sympathy, and overidentifying with the Mars energy and denying the Moon.

([465] cafeastrology.com:) What you think you should do and how you feel about something are often at odds. You tend to act on your will at the expense of your feelings, and to act on your feelings at the expense of your will or ego—two things that certainly leave you feeling unsatisfied. Integration, of course, would be ideal. Uncertainty about what it is you want from life can be the source of much guilt, and guilt can fuel an automatic response of trying too hard to please others. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously.

You can still receive recognition for your ambitions, it just may take longer than normal and however gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it.

([87] astromatrix.org.) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

4) ► **Antiscia-Vesta** ♀ **Conjunct** ♄ **Saturn** - (0°11')

([615] 12andus.com:) Your spiritual calling is heavily influenced by enduring some kind of hardship.

Though your experiences with restriction and limitation can shape your beliefs regarding spirituality, you easily come to see sacrifice and even self-deprivation as instrumental to your spiritual awakening or fulfilling your calling.

You may need to leave your work, change careers or make a personal sacrifice in your career or one that effects your sense of security, in order to fully live up to your spiritual calling.

Removing yourself from the public, both from public scrutiny and from seeking fame and recognition, may be a key aspect that helps you fulfill your spiritual calling and focus on how you can best serve others.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 20° **Cancer** 18' and in the **6th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 17° **Virgo** 33' and in the **8th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes

it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 21° **Sagittarius** 40' and in the **11th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 29° **Cancer** 3' and in the **6th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 1° **Leo** 2' and in the **7th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 18° **Leo** 24' and in the **7th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 28° **Cancer** 58' and in the **6th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 20° **Taurus** 37' and in the **4th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 24° **Aquarius** 23' and in the **1st** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Aquarius: large gatherings, loneliness, political incorrectness

Nemesis in First house (Aries): the sword, or impatience

Lots related to family:

The **Lot of the Father** is in 25° **Virgo** 58' and in the **8th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 22° **Leo** 58' and in the **7th** house.
Same as for father.

The **Lot of Siblings** is in 25° **Virgo** 22' and in the **8th** house.

The **Lot of Children** is in 12° **Cancer** 25' and in the **6th** house.

The **Lot of Daughters** is in 5° **Gemini** 9' and in the **5th** house.

The **Lot of Sons** is in 19° **Pisces** 28' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 9° **Gemini** 8' and in the **5th** house.

The **Lot of Marriage for Men** is in 28° **Libra** 38' and in the **9th** house.

The **Lot of Deceit in Marriage by Woman** is in 17° **Taurus** 50' and in the **4th** house.

The **Lot of Deceit in Marriage by Men** is in 21° **Pisces** 35' and in the **2nd** house.

The **Lot of Marriage (in general)** is in 2° **Scorpio** 42' and in the **10th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 24° **Leo** 49' and in the **7th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 15° **Leo** 12' and in the **7th** house.

The **Lot of Treachery** is in 21° **Aries** 23' and in the **3rd** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 14° **Virgo** 15' and in the **8th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 18° **Aquarius** 56' and in the **1st** house.
We have little systematic information of its use except that it seems to relate to the

manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Virgo

(canvasofthecosmos.tumblr.com:) Pholus in 6th House/Virgo: Major transformations come in health and work. You seem to have unexplainable health problems rather often, caused by lack of caution in your daily work. Like You are creatively as well as mechanically inclined, able to enhance details in music and art, anything you put your hands to, really. In fact, the more hands-on a project is the better. This placement leads to potency in daily work and service possibly leading to quick promotion in day jobs. This promotion, while at first glamorous, eventually feels stagnating. In the past, you realize a pattern of biting off more than you can chew. This leads to periods of hopping from one daily routine to the next, with many changes in career and education paths, before you find the situation where you 'never work a day in your life' due to the immense passion you have for it. With experience, you can gauge the amount of work a worthwhile project needs and when and find the drive to keep at it.

Pholus in 8th house

(12andus.com:) Your emotions and intense intuition can lead you to seek greater wisdom and truth.

Your desire for deeper understanding can lead you to unearth chaotic emotions or fallout that you didn't expect. When you least expect it, powerful transformation may come into your life. You may dredge up issues from your past that you didn't realize had as strong a pull on you as they do.

You may have dramatic awakenings that lead you to make significant changes in your life. Even if you are reluctant to let go, you may need to let go of the past in order to clear yourself of obsessions that have become toxic.

Dealing with grief effectively can be your key to freedom and healing. You can find

awakening and transformation as a result of crisis and loss. You may become obsessively addicted to power but this works against your ultimate goals.

On the other hand, you can find a closer connection to the spiritual realm through your search for truth. Your intuition and connection to Spirit can be heightened. You may also become more dramatically aware of your power and spiritual connection as a result of crisis.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Capricorn

(12andus.com:) You may be obsessed with materialism and success.

You may have a sexual desire involving affairs with a boss or colleague or involving sexual encounters in the workplace. You may also be sexually attracted to older partners or partners who are discreet, practical and old fashioned.

You may fetishize an affluent lifestyle and will be turned on by the wealth of your partner. You may be specifically attracted to a sexual partner because of their wealth or perceived power as well.

You are also drawn to status. You fantasize about how a sexual connection or romantic affair can lead to a dramatic change in your own social status. If your partner showers you with luxury and expensive gifts, you will become more sexually aroused.

You may be receptive to a partner who treats you to luxurious weekends away or who is able to provide for your material needs.

Eros in 12th house

(12andus.com:) You are compassionate and empathic in your approach to sexuality. You have a spiritual and empathic approach to erotic expression.

You may have a deep desire to explore mind altering substances or transcendental meditative states as a means of achieving sexual fulfillment as well. You may feel like sex is a way to lose yourself in connection with others.

For you, sexuality can be both an obsession or addiction but also a way to find healing and transcendence.

Your desire to explore fantasy, role playing or the use of costumes or disguises during sexual encounters is strong and can distract from the emotional connection. You may

also become obsessed with partners and fall prey to seeing illusions rather than seeing who your partner really is.

You can have desires for people who are toxic to you. You may also sabotage yourself through unhealthy sexual connections with others, getting into a martyr role or losing your foundation in sexual relationships.

When you are mindful of healing, you can also find greater transcendence and spiritual connection through sexuality as well.

(12andus.com:) You may feel torn between following your unique intuition and trusting your higher wisdom during crises.

Cataclysmic changes can bring out deeper fears and trigger past traumas or wounds. You may want to be helpful and assist others as a role model, yet you will first feel compelled to hide or minimize the impact of a crisis that surrounds you.

When you find your footing and become more aware of your intuition and higher wisdom, you will be able to act as a leader, role model or healer for others.

Doing so will require you to face your unresolved wounds and become willing to address your own healing. Cataclysmic events and turning points can force you to trust your own inner wisdom on a deeper level as you may have to find your own way through these crises with insufficient help from others.

Regardless, you'll be able to help others because of these steps that you have to first make for yourself. Crises can bring about opportunity for change and deeper intuitive understanding.

3) ► 15° Virgo 58' **Pholus** ✍ **Sextile** MC **Midheaven** 17° Scorpio 23' - (1°25')

(12andus.com:) You may find it easy to express your professional style and act as a leader during times of crisis.

A cataclysmic event may open new doors on your career path. You may find it easy to draw on skills you didn't know you had when dramatic circumstances require a response.

When this happens, your status and reputation will be favorably enhanced by your response to a dilemma or significant critical turning point. Crises may be part of the entry point you take to fulfill a role as a leader or guide in your community.

(12andus.com:) You may find it challenging to expand your thinking during times of crisis.

You may not realize the limitations of your beliefs until you are faced with a disruptive challenge or cataclysmic event. Your beliefs may expand and change in unexpected ways after you are faced with widespread calamity or unexpected disruptive milestones.

You may try to be protective or advocate for others only to find that your positive attitude is either limited or insufficient during a crisis. It may come across like you're giving empty platitudes.

You may have to adjust your beliefs in order to truly adapt to the shifting reality you face during a crisis.

6) ► 15° Virgo 58' **Pholus** ✎ **Square** ⚙ **Uranus** 14° Sagittarius 11' - (1°47')
(12andus.com:) You may find it challenging to break away from traditions and expectations and adapt to cataclysmic changes on the horizon.

You may feel like your individualistic nature and intuition are leading you on the right path, yet when faced with dramatic situations beyond your control, you may mislead yourself because you are reluctant to face the responsibility you have as an individual to society at large.

You may find it difficult to see past your own immediate needs at first. Yet when you tap into your intuition and accept the dramatic and intense changes that are underway because of major milestones, you'll be able to find the insight and motivation to turn catastrophic events into opportunities to advance and create needed changes.

7) ► 15° Virgo 58' **Pholus** ✎ **Square** ♀ **Lilith** 20° Sagittarius 32' - (4°34')

Though you may feel responsible to protect others or respond to their needs, you will also feel inclined to rebel against this obligation. Trusting your intuition, desires and deeper need for freedom can lead you to go against the status quo.

Though this may not be appreciated by others during a time of crisis, you can draw on turning points and cataclysmic changes to help you discover your own personal ambition and desires.

By shifting your perspective, you'll be better able to find the motivation you need to succeed in the midst of crises.

Though you may try to be a guardian of ideas and protect others by censoring your communication, when catastrophic events occur and you need to be able to adjust your mind and express yourself you can do so clearly and effectively.

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Capricorn

(astrology.com:) Capricorn or in the tenth house: This Hygiea placement falls in charts of those who associate wellness with public interactions. These individuals feel anxious if they are not “making progress”. You can often find them exercising in gyms or yoga studios where they meet teachers and trainers who will hold them to their fitness objectives. Although a healthy appearance has its benefits, they shouldn't strain themselves for the sake of optics or the desire for respect.

Hygiea in 12th house

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days' events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night's sleep because they recuperate from stress through the REM cycle, and are generally excellent at decoding their dreams to indicate fortuitous future omens.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Capricorn

(whatsmyalternative.com:) A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary

of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Karma in 12th house

(whatsmyalternative.com:)(I can not find interpretation for the 12th house.) Karma in Pisces (or 12th House): The end of the karmic wheel! A native who could have transcended the highest spiritual realms of ecstasy or crawled through life as an alcoholic or drug abuser. This placement may also indicate that the native had mislead others in topics of spirituality or deceived others by misusing compassion. Positively, this can be a native who was so selfless in thought and deed that this life will give a balance in the form of true knowledge or opening of the third eye/psychic powers and higher states of consciousness.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use

of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *par sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Aquarius (Rx)

(smartyoungsters.com:) This is the Nessus who is always "active", he can't live without having a cause to fight for. He will be the initiator of an innovative NGO and will start movements against those in authority. He is a social media freak who starts movements by making use of the latest gadgets. In fact, some of them might be his own inventions in public interest. This Nessus has an OCD for innovation, activism, groupism, breaking laws and traditions. He uses his social skills and friends for manipulation. Preys on the weakness of the authorities, traditions, laws and old technology. When expressed positively, he can be a leader whom the world will thank for centuries to come. He will be the scientist that will come up with a breakthrough for deadly diseases, energy shortage and climate change. A friend who stand by a weak friend and start a successful campaign for him to give him his rights. In love, this is the most erratic and eccentric Nessus who is like a gypsy with a OCD with "hippism". He would expect his partner to have similar traits or he will disappear in thin air after turning on his abusive best that is.

Nessus in 1st house

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Uranians/ Hypothetical Trans-Neptunian Planets

From the Hamburg School of Astrology. Alfred Witte and Friedrich Siegggrun. Out of the turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova

and Uranus) it can prolong love making up to several (three) days, an unending erection.

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love

and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change. To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

MARKAB (3° Pisces 14') is **(0°26')** of (2°15') close to the **Sun** (2° Pisces 48').

[1] (- - --) march 9-14 Mars-/Mercurial - ambition, vanity, intuition, enthusiasm, caprice, bad judgement, innate ability to negotiate difficulties and rise above them, has a specific mission in life and will always find the time and energy to pursue, ability to overcome any situation, Violence, honors, riches, star of sorrow, literary, enterprising, power of resolution, determined, love of argument or discussion, good judgement, practical skills and dexterity, quick at repartee, ability to retaliate in right manner with impressive speech, can utilize situations to your advantage, love of travel, creative, artistic, success with the public, aptitude for material gain, ability to think and act quickly and intuitively, higher education, spirituality, philosophy, writing, energetic, creative, enterprising fault-finding, willful, irritable, rash and premature actions, sensitive, phlegmatic, possible avoidant personality

[3] The restless and flighty star Markab seeks release in a "peak experience". Markab shares its energy with Mercury and Mars, having similar traits. The element of fire plays a role as the defining energy. Rage and loss of emotional control and intelligence. Selfish energy arises to the surface after being amplified recently. A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and slowly does it is the trick here with the fixed star Markab. Allowing a break from the grind highlights others areas of your life that need attention.

[4] Markab gives honor, riches, fortune, danger from fevers, cuts, blows, stabs and fire and a violent death. Markab is of the nature of Mars and Mercury (high enterprise, combative, destructive.)

[6] Markab rules the center of the ball of the right foot.

[1] (+++) october 14-18 Mercury-/Venusian - light eminence, direct to study, train minds in the learned arts, give not so much abundance of wealth as the impulse to investigate the causes and effects of things, a tongue of charms, mastery of words, mental vision

that can discern all things, however concealed they be by the mysterious workings of nature, bashfulness, inventive, sanguine, solitary, extraverted, possible compensatory narcissism

[3] This is chaotic and perverse energy that seeks random release, resisting order, and fair judgment. Focus on remaining calm, during this turbulent time and if possible defer all important decisions until the dust has settled. Waiting to make big decisions sometimes turns out for the better in the long run.

If this energy is managed correctly and focused on an end goal. It becomes a catalyst for change. Usually for the better. It marks a change of heart and a change of mind. Allowing new concepts and circumstances to arise. The universe opens up and shows its hand. A time for patience as you wait for the right energies to carry a project to fruition. In the meantime plan your future steps in creating what you are wanting. The fixed star foramen breaks all traditions and rules. Taking a maverick approach to circumstances and situations.

Times where anything can happen, positive and negative. Knowing the correct pathway forward will take some time. The rewards will be well worth waiting for. Think of it as a time of maturity like a fine wine. Through this process, great wisdom is found. In conclusion, the Foramen star has a strong influence on one's astrology chart. It affects other planets and stars that come into focus. Well worth figuring into a final astrology chart reading.

[3] The astrology of the fortunate fixed star called Nashira: warm and nurturing energy is released, encouraging trust and faith in the universe. As the wheel of fortune slowly turns away from disappointment and disillusionment, remain open to all possibilities that foster emotional and spiritual growth.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind. Slowly becoming a kinder more relaxed individual. Opening the soul and entering a spiritual phase in your life. One which brings peace, happiness and a stronger sense of love.
