The Diplomat

The Life Path 2 suggests that you entered this plane with a spiritual quality in your makeup allowing you to be one of the peacemakers in society.

Your strengths come from an ability to listen and absorb. You are a fixer, a mediator, and a very diplomatic type of person using persuasive skills rather than forcefulness to make your way in the world. You are honest and open in thought, word and deed. You excel in any form of group activity where your expertise in handling and blending people can be used effectively.

Indeed, the 2 can sometimes become oversensitive. In some instances, the strength of the 2 can also become its weakness. You may find it hard to decide what to do at times. Twos often struggle against indecisiveness.

Life path number 2 is the number of learning and truth. Those with this life path number tend to seek peace and harmony in the world around them. They are natural peacemakers and they are always known to give their ideas and opinions voluntarily for any situation. When it comes to meditating between situations and people, they deliver

the best results.

People born in life path number 2 are very loyal. When they say they love you, they really love you from their heart and they never like to make false promises. It is very common to find these people having a lot of friends and acquaintances.

They always share a sensitive corner to others. Individuals with life path number 2 are very sincere, most honest and the best people on the earth you can ever come across. Their sensitive, caring and gentle traits make them excellent lovers and friends.

Expression (Destiny) Number: 1

([659] numerologycalculator.online:) The number 1 Destiny suggests that the direction of growth in your lifetime will be toward gaining greater independence and establishing yourself as a leader.

A name producing a 1 Destiny may help you gain the talents to become a skilled executive with keen administrative capabilities, or perhaps a sales executive, or promoter.

You have within you what it takes to become an original person with a creative approach to problem solving, and a penchant for initiating action.

Unless your Life Path shows that you won't need the help, someone may have to follow behind you to handle the details, but you know how to get things going and make things happen. As you develop, you will have little need for much supervision, preferring to act on your own with little restraint.

Progressing through life, you will become one who seeks to expand and broaden opportunities to find new careers and new inventions.

You must develop skills in innovation and ingenuity. You have a good mind and the ability to use it for your advancement. Because of these factors, you have much potential for achievement and financial rewards. Frequently, this Destiny belongs to one running a business or striving to achieve a level of accomplishment on ones talents and efforts.

As you mature, you must become increasingly ambitious and determined. Self-confident and self-reliant must be yours, as you develop a strong unyielding will and the courage of your convictions.

The 1 Destiny presents a tendency for you to fear the routine and being in a rut. You often jump the gun because you are afraid of being left behind. The negative attributes of the 1 Destiny include one becoming egotistic and developing a self-centered approach to life. This is an aggressive number and if it is overemphasized it is very hard to live with. You do not have to be overly aggressive to fulfill your destiny. You do not have to dominate and destroy in order to lead and manage.

Life Path - Expression Bridge Number: 1

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would rather believe the viewpoint of others than your own choice. More often than not you think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

Heart's Desire (Soul Urge) Number: 1

([659] numerologycalculator.online:) Independence, leadership and a strong desire to be a leader in their field are the traits of the one soul urge number. The person with this heart's desire longs to be in complete control of his/her own destiny.

You have an insatiable need for independence. You are determined to be the master of your own destiny. You are determined to live life on your terms. You not only have leadership qualities, but in many situations consider yourself to be the only qualified leader.

This instills you with confidence and helps you make difficult decisions that others would be apprehensive about making.

Your intelligence is above average and people regard you as being insightful and even inspiring. The leader in you draws out the follower in others. People look to you for your unique perspectives and actually appreciate the controversial nature of some of them. When you believe in something, you commit to it and your enthusiasm is infectious.

The negative in all this is that the things you know about yourself and your abilities can make you come across as arrogant or domineering. Be sure to gather around you people who want to be led. Competition can bring out parts of your personality best left out of public view.

Personality Number: 9

([659] numerologycalculator.online:) The nine personality is naturally charming, very well-versed in many subjects, and very idealistic and positive.

This personality is seen as conscientious, inspiring and having a strong charisma and influence. Nine personalities tend to be naturally able to lead groups of people and others tend to gravitate towards their strong positive energy.

People with Personality Number 9 embody highest principles of mankind.

They are very tolerant and genuinely love everyone. Their willingness to heal others and compassion are boundless.

They are powerful enough to show other people the roots of their problems, even future ones.

Numbers 9 radiate care for others and warmth. They don't act impulsively and always act properly when they want to succeed.

Others appreciate persons with Personality Number 9 for their pure goodness. Such people are well-liked by others for generosity, forgiving nature and warm heartedness. They are noble, kind, sincere and have high principles that motivate them.

Heart's Desire - Personality Bridge Number: 8

([660] numerology.center:) In most cases you choose the easiest way. Sometimes it works, but not always. And, for sure, it is not the way of your goal achievement. It is necessary to be more organized. You have to know that your success depends on your efforts. Your wish and your ability to change the approach, is a key thing for your happiness. Methodical and systematical steps are necessary. In any field you have chosen it is necessary to work hard.

You have all the resources to succeed in the financial area. Comprehend that the financial side is important and it brings many benefits. In your case, practicality is not unnecessary.

Quiescent Self Number: 9

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 9 are likely to imagine doing things that profoundly affect the welfare of humanity. They generally see themselves as a great humanitarian, eager to be of service for the betterment of all humanity.

The energy represented by the number 9 resonates with humanitarianism, compassion, philanthropy, idealism, and tolerance.

Someone with this quiescent-self number tends to visualize supporting and perpetuating effective social organizations whose goals relate to the welfare of humanity. They tend to feel an affinity for the human race and feel pleasure in inspiring others on a broad scale.

Their thoughts, when alone, tend to relate to a perceived ideal scenario of people being

benefitted within an atmosphere of compassion and tolerance.

Maturity Number: 3 = 2 + 1 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to be creative, expressive, and full of joy. You're being called upon to step into your creativity, enjoy socializing, and express with joyful and artful communication.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to creativity to center stage. Situations will arise highlighting your sense of joy and enthusiasm, communication on all levels, and social interaction.

What that might look like:

- Breaking free of repression and expressing through artistic creativity (writing, performing, presenting, anything that uses your creative self-expression) – you have permission to play more!
- Expansive sense of joy and purpose or debilitating emotional ups and downs.
- This Maturity Number points to ease, luck, and abundance in your latter years when you are in alignment with your creative expression.

Karmic Debt Number: 16/7

([663] mattbeech.com:) Individuals who have a karmic debt 16 path will find that their ego connects their previous and current lives. It is quite likely that you had an inflated sense of ego, and this caused great harm or distress to those around you.

Ego can be a powerful thing! It can help build the world up or even tear it down entirely. Your ego was clearly used for **non-constructive purposes** in your previous lives, which is why your debt is seeking you to deflate your ego and become more in touch with your inner self.

There are many benefits to the concept of ego contemplation, but it is **not an easy journey** and is perhaps the toughest lesson to be learned from all debt numbers. You need to simply take your time with this process, not allow yourself to get frustrated with the results, and merely focus on building humility and modesty over time.

(astrobasic.com:) This Karmic debt number will destroy your false ego which you have created for yourself during your life journey. This will vanish the ego and help your soul to shine through in a spiritual way.

The recommended solution is to be aware of your ego and you should allow the false ego to go away. The more you are inclined towards spirituality the more relaxed you will feel.

Karmic Lesson Number: 2

([664] worldnumerology.com:) Your 2 Karmic Lesson advises you to be diplomatic and tactful, to stay in the background at times, to accomplish something without the need for praise and reward. Learn to be part of a team.

Strive to be more sensitive to the needs and feelings of others. You will regularly find yourself in situations where the only road to success is through patience and attention, requiring you to work cooperatively with others. Working through this life lesson will bring you closer to others, which is its own reward.

The effect of this Karmic Lesson is diminished if you have at least one 2 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive,

and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 7

(Month + Day) - from age 0 to 34 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working

alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 1 Number 7: First Pinnacle: If you experience a 7 First Pinnacle, it can be difficult because it means you'll probably struggle with feeling alone and like you don't belong. Expect dramatic life experiences during this time that serve as teaching tools for your journey. It's a time when you're a serious student and—whether or not you can identify it as such—when you're motivated by inner yearnings. A First Pinnacle accompanied by the 7 vibration can be a difficult and confusing time.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

Second Pinnacle Cycle: 11

(Year + Day) - from age 35 to 43 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and

consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Third Pinnacle Cycle: 9

(1st Pinnacle + 2nd Pinnacle) - from age 44 to 52 (based on LPN) - ([665]
feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 3 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Fourth Pinnacle Cycle: 4

(Month + Year) - from age 53 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 4 Number 4: Stage Four: A Fourth Life Stage imbued with the 4 energy will most likely not allow you to slow down or retire in the way you might desire or expect. 4 isn't a leisurely vibration, so it doesn't even recognize the notion of "retire" or "slow down." The important factor here is to do the work and feel good about the sense of accomplishment. There is a possibility that economic conditions will control your ability to slow down or retire.

The 4 Pinnacle teaches you that your effort is what counts. The upside: If you take this energy seriously and build a strong foundation, you'll reap the benefits for the rest of your life.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of

dealing with limitations.

First Period Cycle: 9

(Month) from age 0 to 34 (based on LPN)

([666] worldnumerology.com:) This is a period in which a broad view of humanity and a sincere concern for the well being of others will be developed. Tolerance, acceptance, and universal love are the goals of this 9 Cycle, and while such perfection will not be fully achieved, the person under this influence will grow toward these ideals.

Humanitarian principles and social service are the keys to personal happiness.

All work directed toward the improvement of the general welfare will bring great personal rewards, as well. Hard work directed toward higher ideals is rewarded.

Creative talent is also enhanced, especially when it is joined with some larger social purpose or message. There is an element of sacrifice or letting go, as one is asked to forgive past grievances and let go of negative attachments.

The person is being asked to live according to a higher ethical standard, with much spiritual and personal enrichment as his reward.

Second Period Cycle: 7

(Day) from age 35 to 61 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics.

This cycle requires that you focus your energies and thoughts. Regardless of the course you choose, you must immerse yourself and specialize to become an expert in your field.

This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also resistance to sharing your deeper feelings with others.

Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

Third Period Cycle: 22

(Year) from age 62 (based on LPN)

([666] worldnumerology.com:) This cycle carries enormous potential for establishing a

lasting institution or teaching that will greatly benefit others. You have the ability to manifest a concept, dream, or invention. Your talents as a builder, organizer, and visionary are at their peak.

You discern the needs of others and create constructive and practical plans to fulfill those needs. You commit yourself entirely to the work at hand.

For many, this dream lasts a lifetime and requires every ounce of energy and talent. An all-consuming role beckons but provides a great sense of personal accomplishment and reward. You possess an ability to make a lasting contribution to the well-being of humanity.

First Challenge Number: 2

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a

façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity

- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Fourth Challenge Number: 5

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) The challenge inherent in the 5 is that you’ll feel a little crazy. This energy is highly charged and quite intense. Think about how you’ve felt during the 5 Personal Years you’ve already lived through in your Personal Year Cycle: That’s just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you’ll find yourself being extremely impulsive and unstable. You’ll want to try everything at least once, so there’s a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You’ll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Personal Year Number (for 2022): 22 (16 + 09) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather

dramatic.

The energy represented by the numerology personal year number 4 is a year of focus, work, discipline, and opportunities to enhance the security of the future.

It is a practical year. A pragmatic year. And a resourceful year. A year of paying attention to details and a tendency to focus on building a firm and secure foundation for the future.

The year tends to demand a lot of work — steady, conscientious, application of proven methods to reach personally-established goals.

Goals tend to be clear and reachable, and a method determined that virtually assures the goal will be accomplished.

Personal Year Number (for 2023): 5 (16) + (09) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 5 brings the inclination to express a personal sense of freedom.

This year, it is likely to be easier to get out of established habits and patterns of behavior than in most previous years, with a tendency to do so. It's a year of changes because there's a tendency to be interested in new things and to follow whim. The changes experienced this year can be thrilling and inspiring.

New opportunities and new conditions tend to manifest in response to the year's broader fields of interest and activity.

There tends to be an inner push to go do something, anything, so long as it's a new experience and an expression of the sense of personal freedom.

(feliciabender.com:) This is a year that feels like a whirlwind; so many pleasures, so little time! There are lots of ups and downs, so the key for this year is flexibility. Lots of unexpected opportunities are bound to come your way, so be open to trying new things. If you don't attempt to follow a strict plan you'll be better off. It's time to travel, not a time to make a long-term commitment!

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): P

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is likely to have a self-determined spiritual, metaphysical, or philosophical approach to life.

([671] spiritwalk.org:) You are curious and like to remember different facts, even if they seem useless. It is easy for you to make an amazing first impression, but you see others through after the first few minutes of conversation, as your inner feeling is profound. Your main flaw is your impatience. Often you cannot wait for a right moment to act or to be silent.

([672] numerologist.com:) Cornerstone: You are intelligent, knowledgeable and seem confident but you have trouble getting things started. You can also be too impatient to do research or wait for the foundations of an idea to take root.

([673] numerologyzen.com:) Letter P. A cerebral and wavering letter, P is synonymous with philosophy, perception, progress, prestige and pretension. It is a difficult letter to characterize. Is it good or bad ? The person with this letter can have a great activity of reflection orientated towards the progress of the individual and the interest for fundamental questions. P is rather secret, reserved and has the tendency to be distant, but on the other hand, proud, professorial, with a taste for prestige. This doesn't mean that P doesn't feel anything, doesn't react or lacks intuition, on the contrary, but P is a letter which suffers the consequences of too much activity in the mental area, therefore an appearance of reserve and a lack of ease for the concrete and affective fields. In fact, very egoistically, P is interested in [his,her] internal problems (affective and intellectual). [He,She] cogitates and searches, if possible, to sublimate them in order to progress. As the graphism indicates with an expansion in the top part, P is pushed towards the paths of mind, and [he,she] will be able to discover a passion for studying. P likes to reflect tranquilly, far from agitation. Material contingencies bore [him,her], the world of sentiments and sensations seems [him,her] difficult to manage ; [he,she] often opts for a second degree existence, so much so that one asks oneself if anything or anyone is really important for [him,her]. Sometimes P protects [him,her]self by being sarcastic or mocking. This is a manner to slip away and not confront the obstacle for P, because he is often thrown. P can be tense, a bit unstable and need space and tranquility in order to function well. P constructs [his,her] inner world which satisfies [him,her] fully and he

looks very suspiciously at anyone who tries to penetrate [his,her] secret garden. P can sometimes seriously lack tact, because [he,she] isn't always very sure of what [he,she] experiences and finds it difficult to express or share feelings. P is a thinker, who would do well to become more flexible, to open up more and co-operate, especially if [he,she] wants to succeed materially and sentimentally. By wanting to protect [him,her]self too much, [he,she] ends up by cutting off the world, provoking misunderstandings and living periods of isolation and doubt.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: A

[674] [671] [675] ([674] affinitynumerology.com:) All about independence. Courage tends to be valued. The person tends to express willpower and purpose. ([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life. ([675] numerologist.com:) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): P

([676] ezinearticles.com:) This letter indicates that a pursuit of religion or knowledge of the occult could become obsessive behaviors for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively. ([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life. ([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

The Four Planes of Expression (multi-dimensional)

All having certain interpretations. Based on first full official birth name. Table came from 'affinitynumerology.com', but that's not on the web anymore. interpretations for the planes from the [680] 'numeroscop.net'-calculator.

Intuitive			UU	6			2	6

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

6 on the Physical Plane

Your practicality in physical aspect is not alien to some artistry. For you, improving your body is a special kind of art. Your idea of a perfect marriage, parenting practices, and your confidence in the necessity to help those who need it are formed accordingly.

Professionally, it is the basis for success in teaching or medical career.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

7 on the Mental Plane

Your outstanding erudition stems from your inquisitiveness, which, in its turn, demands new, more extensive knowledge. Just knowing is not enough for you. You always want to understand, get to the essence, and reveal the origins. You are a skilled psychologist, able to adequately assess people's positive and negative characteristics. Don't rush to criticize them based on this understanding. You need to endear yourself to people, and make them trust your opinion.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

9 on the Emotional Plane

Unselfishness, kindness, love for the neighbor, compassion. It is hard to say if the era of good and justice will ever come, but without people like you, even the hope for it would have died long ago. The only pity is that your sublime dreams don't always find their reflection in reality. You can perfectly express yourself in any of the arts, where the rank obliges you to be head in the clouds while remaining a resident of the Earth.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

6 on the Intuitive Plane

There is one peculiar sphere of human nature – spirituality. An armor that may seem impenetrable from inside can easily be affected by the loved ones. Therefore, don't try to isolate yourself from the world by a wall of innermost thoughts and personal feelings. It may happen that at some point there will be no one inside you, but yourself.

Value of Mental Plane (most letters) - 7

This has already been described accurately previously but let us look at the general meaning of the number in numerology.

7. Introspection — The essence is focused on knowing itself and the world it exists in. Study is an aspect of the essence, as is wisdom. Answers generally come from within. Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1111

"The Leader" - you are always calm and confident. These two are predominant features of your character. You voice your opinion softly, but weightily, making others listen to you or even grow quiet. You can show yourself cruel rarely, but right on target. And people feel this cruelty in you. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — empty

"No energy" - fast exhaustion from overexertion or nine-to-five job; frequent depressions. You often want to be fuelled by emotions (especially negative) of other people, like a vampire. It will be difficult to choose a job you can manage. You should really sleep well, workout or practice yoga.

Cognitive, creative — 33

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — 66

"Skilful fingers" - with constant skills improvement this person can achieve mastery in any business that requires diligence, accuracy and technology compliances. But it will take much effort to become a top gun.

Luck — 7

"With a talisman" - of course, 7 does not guarantee a jackpot after the first bet, but will save from minor troubles and sometimes help to catch luck in the nick of time.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and

friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 999

"Mind like a steel trap" - any study or work with information is very easily. And this often causes boredom and reluctance to learn. This person can become erudite too easily. But in fact they should look for a really interesting and profound subject to study, and the more difficult it is, the greater will be their curiosity and results.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 6

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 3

"Rotational work" - for this person it is the ideal way to make money: earn a living quickly and effectively in a short time, and then relax. Most often, they look for efficiency wages.

Talent (Line «7-8-9») — 5

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 5

"Stubborn" - this person goes to the goal at all costs, even if in the end the result will be not a circumstance to the resources spent on its getting. They look for partners who also want to get more out of life and it look down their nose at those whose goals seem insignificant.

Domestic bliss (Line «2-5-8») — 2

"Passive" - this person can even talk about wanting to start a family, but they make almost no tangible steps to this. They would like to get a marriage proposal instead of doing it.

Stability (Line «3-6-9») — 7

"Too many habits" - a person becomes a slave of their stability. They sometimes try to fight it, but mostly unsuccessfully, replacing useless habits and attachments with other ones. The person is extremely hard to budge.

Spirituality (Diagonal «1-5-9») — 8

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 4

"Warm" - the need for intimacy is high, so if there is no soul mate, this person makes every effort to find love. However, people with 3 or 5 in temperament suit them best because and help to elicit their potential; this person is considered to be rather faithful.

Empty and Full Arrows

These people are enterprising and active. They are tenacious. Nothing stops them from getting what they want. They are stubborn and only see themselves. They are inflexible.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Eight of Clubs

([684] metasymbology.com.)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

CLUBS: Mind - Comprehension - Process

EIGHT: Management - Control
CHALLENGE: Understanding
Air-Swords - Planets: Mars & Neptune

CLUB: The Club personality is interested in brainpower. The spirit of the Club is confined to mental processes. Its purpose is to determine, organize, and regulate. It is the element of air; invisible thought-things that manipulate our visible world.

EIGHT: The value of eight is control. The personality of the eight attracts experiences that give them opportunities to manage and control.

JOURNEY OF THE SOUL: The Eight of Club personality is designed to help the Soul understand the power of mind. It is the conscious and the subconscious mind. The Soul Card for the Eight of Club is the same: the 8 of Club. The journey of the soul is to reconcile the relationship between the conscious and subconscious mind.

Eight of Club personalities are provided with so many fortunate opportunities in life, they are rarely compelled to explore the deeper (or higher!) meaning of life. The evolution of suffering does not apply to the Eight of Club. Nor should it. They have come to understand the functioning of the mind, not heart.

Eight of Club people are like the cats who always land on their feet. Protection surrounds them in all departments of life. All of their cards are in the Jupiter Line: Jupiter is the Giver of Gifts. It is this very blessing that trips them up.

The 8 of Club are resolute in their opinions and beliefs. They can appear unsympathetic toward the misfortunes of others. Not that they don't care—they do—they just prefer to allocate their energy toward finding practical solutions.

Most Eight of Club project a strong, can-do attitude and prefer intimate relationships with productive people who have something to bring to the table. They choose platonic relationships over marriage. And if they marry, their independence must remain intact.

8♣ is the Soul (First Karma) Card for the Eight of Club. This emblem represents pragmatism. Because it is their personality and Soul-nature, the 8 of Club are happiest when things make perfect sense! They must feel in control of their environment and avoid the messy drama of life at all cost.

(Note:) You don't have a First or Second Karma Card because your card belongs to the fixed card category.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Six of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma
Six of Diamond Meaning: Completion of Obligations
Karma for the 6 of Diamond - True Worth
Fire-Wands - Planets: Mercury & Jupiter

Six of Diamond represent the need for understanding values. A very successful and satisfactory life can be built for these people when money is not made the sole objective. The acquisition of knowledge is not easy for the Six of Diamonds; there are obstacles and frustrations for them. There may be difficulty in acquiring an education in early life -- or there may be unwillingness to bother with it on their own part. Money, however, is vital to the people born under this card. Often times they want to begin earning it even before they know where, or how! The women of this Card should strive not to depend on their personalities for success, and the men not seek a wealthy marriage to promote their own objectives.

For both men and woman Six of Diamond, finances tend to go to extremes, and will remain in one state for a long time -- either way up, or way down.

After age 91 the cycles repeats.

Cosmic Lesson Card: Three of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence
Three of Club - Uncertainty in Beliefs
Karma for the 3 of Club: Faith
Air-Swords - Planets: Mars & Saturn

Three of Club people are incredibly bright, creative and magnetic. And thank goodness because on the flip side, the 3 of Club are incredibly indecisive. So while on the inside, they are sincerely confused or uncertain, what you see on the outside is a vibrant "can-do" kind of personality.

KARMIC CHALLENGE for the Three of Club: Right Choice

There is often difficult karma with older women for the Three of Club, and they tend to suffer at the hands of a troubled mother, grandparent, or older sister. No stranger to emotional disappointments, they have had to learn the art of resilience and they developed a terrific personality along the way.

The inherent creativity and personable karma of this wonderful card gets them where they need to go, often bringing success into their ever-active lives.

Three of Club people often change careers later in life, and they make excellent realtors, entertainers, and public spokespeople.

Cosmic Reward Card: Five of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love
Five of Hearts - Changing Affections
Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures! Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

Cosmic Moon Card: Three of Spades (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Labour - Wisdom - Health

Three of Spade Meaning: Indecision About Work

Karma for the 3 of Spade: Complacency

Earth-Pentacles - Planets: Jupiter & Saturn

All 3's struggle with decision-making that relates to the meaning of their suit. As the Spade, it is their work-related decisions that can become such a painful process. Because of this indecisive karma, many 3 of Spade stay in mediocre jobs, content with the status quo, even if their skills or talents qualify them for something greater.

Those born on a Three of Spade day find help from strong women. This is one of their blessings, and it is wise for the 3 of Spade to align themselves with women business associates, doctors, teachers or healers.

All 3 of Spade have strong magnetic personalities and they are quick to offer a helping hand. Disappointments in relationships are usually the result of misunderstandings over money. Best-case scenario for the 3 of Spade, "neither a lender nor a borrower be..."

Another karmic challenge for the 3 of Spade is worrying about who said what and to whom. While they can find themselves the subject of gossip or scandals, they must take care not to speak ill of others. As always - what goes around, comes around! And this is especially true for the 3♠.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13

year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Stability (4) Muluc

East (Red) glyph: Empowerment / Guidance

Day Sign: Water

/ Offering / Muluc (Yucatan) / Toj (Kiche)

Muluc is emotional, imaginative, psychic, romantic and fantasy prone.

Some born on Muluc have a natural flair for the public life as a performer and they can be capable of transferring their strong emotions to the audience.

Many become successful performers or artists, while others associate themselves indirectly with show business or romantic lifestyles.

Persons born under this sign struggle with powerful emotions and urges, and they have the ability to dominate others by expressing their strong feelings.

In some cases, these people are very deep emotionally, have a strong sexual nature, or are interested in things that are sometimes considered normal in primitive societies but uncouth in modern life.

Their strong feelings often lead to compulsive and addictive behaviours, or on the positive side, they lead toward the emotion-driven achievement of goals.

People born under this day-sign are inclined to take risks, which can sometimes lead to

great success and unforeseen opportunities. They are great dreamers and are sometimes psychic.

For many, this intense connection with the subconscious manifests as creative, artistic ability and vision. This day- sign has an extremist quality that can lead to great success- these people are not moderates.

Muluc confers a strong and independent mind that can solve problems intuitively.

They may have problems with responsibilities, however, a characteristic that is traceable to their childhood experiences. With good parental role models, they will find success later in life more easily.

Challenge:

To handle self-control and responsibility issues.

Solution:

To seek consistency and persistence, which will help control and focus the emotions and support leadership endeavours.

Future: Caban (Earth) GT: 12 (Understanding)		
Feminine: Men (Eagle) GT: 10 (Manifestation)	Now: Muluc (Water) GT: 4	Masculine: Akbal (Night) GT: 11 (Resolution)
Past: Imix (Crocodile) GT: 9 (Patience)		

Four Directions

Mayan Day-keepers regard this as a very difficult birth sign. Those who were born on a Muluc day may well have a heavy debt to pay to the Sacred Earth or Santo Mundo in the popular metaphysics of our own time and place, we would say that they come into the world carrying "heavy karma".

Some but by no means all, Muluc natives have health issues at stake. The Maya believe that many of these individuals are prone to chronic illnesses of all kinds, and it is said

that they require the constant assistance of Native Healers and Daykeepers in order to help them live a normal life.

Health issues are only one aspect of this day-sign, just like sexuality is only one aspect of the zodiacal sign Scorpio.

On a deeper level, Muluc natives have Imix as their past sign representing a phase in the cycle of life wherein consciousness is still emerging from the primal energy of the unconscious, the netherworld of Santo Mundo. Thus, consciousness is fragile, still subject to the regressive pull from the unconscious. The "waters" in which Muluc people drown are often the waters of their own past.

Consciousness emerging from the primeval Underworld is fragile and precious. The Mayan glyph for this day-sign may have represented either a drop of water or a circle of jade, both of which were held to be supremely precious.

The day-sign Muluc carries with it the sense of wonder that all newborn entities felt in the presence of a magical, still unknown world. These Muluc people may sometimes be tenuous and tentative, but they are capable of tremendous artistic vision.

The day-signs that support Muluc are strong and favourable. Akbal as their right hand power endows them with the clever, cunning wisdom of the Otherworld, allowing them to navigate the deep waters of the soul with superb intuition. However, it is usually the Left hand power that symbolises ones intuitive gifts. Here they have Men, the sign that "cries out" for everything it wants and often gets it.

Though the road laid out for Muluc people may be difficult and stormy at times, it has a good end in sight, for their future sign is Caban, the symbol of the thinker. If they use their intuition to steer through the dark places, they will sharpen their intellect and powers of discrimination. Their minds will become vital, powerful instruments for the realisation of their goals.

Galactic Tone: 4

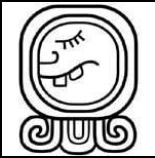

(mymayansign.com:)

Stability

- * Healing

- * Contemplation
- * Stability
- * Comfort
- * Form
- * The most stable one in all forms
- * Calm energy
- * Reflective energy
- * Balancing
- * Listening with tranquil energy before making a decision
- * Thoroughly thinking
- * Regrouping
- * Allowing

4 is the Tone of stability, balance, and harmony. Think of the four sacred directions in Mesoamerican spirituality, or the four elements in astrology, yoga. You bring stability and endurance to human life just like a table standing strongly on its four legs, or a car going on its four wheels. There is healing found in stability. If someone is sick, the healing will take much longer time, if they keep moving around.

You have the power to become a good healer and use your abilities to heal yourself and others.

Trecena Sign: Death

/ Transformer / Worldbringer / Cimi (Yucatan) / Kame (Kiche)

Beneath the 1-Cimi surface personality is a person with a strong commitment to the community.

1-Cimi people will sacrifice time for others, though they are often not sure just why it is that they do so.

They have an extremely strong sense of tradition and are attracted to history and antiquities.

They are ultimately down to earth people with deep concern for preservation of the family, community and nation.

Night Lord: 6

Persons born under G6 Night Lord seem to be self-controlled, practical, traditional, and markedly entrepreneurial. They often create a self-sufficient kind of lifestyle or career and may be self-employed. They have a strong desire to build things and are very hard workers.

Their work is rarely of a solitary nature; more often than not, they deal directly with the public, perhaps as a consultant or counsellor.

They take responsibility for themselves and are very self-reliant, but this makes other people less important for them in the process of achieving happiness.

They are strongly motivated by fame and worldly success, and they hold themselves to high standards of performance. They are driven to success in the world because they strive to be accepted by others. Their drive for independence and approval is part of a quest for self worth.

This inner insecurity is their dark side, and they need to ask why they drive themselves so hard. They are sensitive to the rhythms and nuances of life and may develop a special interest in and respect for the feminine side of life.

Overall, however, their intentions are good and others recognise this fact.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.
This one would be Saturn conjunct the Sun.*

The Four Pillars (Ba Zi/8 Words)

The Four Pillars: Hour, Day, Month and Year

The Ten Heavenly Stems are made from the elements; (earth, fire, water, wood and metal) and the qualities; Yin (negative), and Yang (positive).

Year: Outer animal; what you manifest outwardly to the world around you.

Month: Inner animal; less obvious characteristics that you possess but rarely share with others.

Day: True animal; represents who you will grow into as an adult.

Hour: Secret animal; who you are at your very core—your truest nature.

Made use of the calculator at <https://psychicscience.org/pillars> by PsychicScience.org to get the right data, and also the interpretations for the pillars.

The Year Pillar: *Rabbit* (psychicscience.org)

Year: Cohort "The Enlightened Rabbit"

Heavenly Stem Yin Wood (Freshness)

The Year Pillar represents the characteristics that you may expect to share with the cohort of people who are born in the same year. This pillar comprises the elemental energy of the year's Heavenly Stem and the typical manifestation of its Earthly Branch (the year's Zodiac Sign).

(chinesezodiac.com)

Personality: Occupying the 4th position in the Chinese Zodiac, the Rabbit symbolizes

such character traits as creativity, compassion, and sensitivity. Rabbits are friendly, outgoing and prefer the company of others. They also prefer to avoid conflict. In confrontational situations, Rabbits approach calmly and with consideration for the other party. Rabbits believe strongly in friends and family and lacking such bonds can lead to emotional issues.

Their serene nature keeps Rabbits from becoming visibly upset. Because they're serene animals, Rabbits are easily taken advantage of. Their sensitive nature makes them shy away from aggressive or competitive situations. They're overall conservative and not interested in taking risks.

Classy, sophisticated, expressive, well-mannered and stylish, those born under the Sign of the Rabbit enjoy leaning about cultural issues and learning about people from other countries. Rabbits are most comfortable being home, and their homes are always neat and organized. Home is also where Rabbits prefer to entertain. Rabbits are conservative in their decorating tastes.

Rabbits should work at building more self-confidence and self-worth so they can feel more secure. The desire for remaining in safe, comfortable environments keeps Rabbits from taking risks which sometimes causes them to miss out on good opportunities.

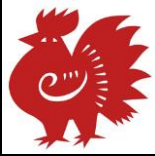

Health: Even though Rabbits don't usually get visibly upset or stressed, they do tend to keep these feelings inside. When they don't express these feelings, such feeling can cause Rabbits to become ill. Rabbits could benefit from more everyday activity which would reduce their stress levels and better their health.

Relationships: Rabbits are very sexual, but tend to give more of themselves than they should. This can lead to unrealistic expectations and unhealthy situations. Rabbits need partners who won't take advantage of their giving nature. Such pairings will be strong.

Career: Rabbits are articulate and good communicators which is why friends and acquaintances seek out their advice. It's also why Rabbits make excellent diplomats and politicians. Other good careers for Rabbits include: writer, publisher, actor, fashion designer, therapist, doctor, administrator, public relations, and teacher.

Element: Wood

Wood Rabbits occupy their time doing for others; always feeling the need to make others content. This generosity is easy for others to take advantage of and sometimes Wood Rabbits don't even realize is happening.

The Month Pillar: Rooster

(psychicscience.org)

Month: Elder Self "Cock crowing at Noon"

Heavenly Stem Yin Wood (Freshness)

The month pillar represents your archetypal inner qualities, especially as these express a deeper, wiser or older self. It may also indicate characteristics that become more apparent in your later years.

(chinesezodiac.com)

Personality: Occupying the 10th position in the Chinese Zodiac, the Rooster symbolizes such character traits as confidence, pompousness and motivation. Those born under the Chinese Zodiac sign of the Rooster are loyal, trustworthy individuals who are blunt when it comes to offering their opinions. Their bluntness stems not from being mean but from being honest; a trait which Roosters expect from others.

Roosters are extremely sociable and prefer being the center of attention, always bragging about themselves and their accomplishments. They continually seek the unwavering attention of others which can be annoying. Roosters are as proud of their homes as they are of themselves. They're extremely organized individuals as evidenced by the fact that their homes are always neat.

Health: Overall, Roosters are active individuals and their preference to be active helps keep them in good health. When they do become ill, they feel better quickly. They can at times however, take on too much and when that happens, they'll feel stressed and moody.

Career: Roosters are highly motivated and hard-working; traits that enable most Roosters to have successful careers. Not surprisingly, Roosters make good actors, musicians and dancers. Other good career choices for Roosters include: CPA, banker, dentist, insurance agent, secretary, and book keeper. Roosters also do well in the armed forces.

Relationships: The Rooster's bossiness and honest "tell it like it is" approach doesn't work well with sensitive individuals. Roosters need to partner with those who are tough-skinned. They're the individuals most capable of realizing that beneath the tough exteriors are huge, caring hearts overflowing with love.

Element: Wood

More team oriented, Wood Roosters have many friends and acquaintances. Forever trying to seek the good rather than the evil in people as well as in life situations, their

only fault is the tendency to not complete what they start. This happens because they frequently take on more than they can handle.

The Day Pillar: OX (psychicscience.org)

Day: Social Self "Sea Ox"

Heavenly Stem Yin Wood (Freshness)

The Day Pillar is generally the most significant. It indicates your everyday personality - the socialized version of yourself that you normally express and that other people experience and respond to. It may also suggest characteristics that become clearer in your adult years, or when you are at your prime.

(chinesezodiac.com)

Personality: Occupying the 2nd position on the Chinese Zodiac, Oxen possess such character traits as dependability, strength and determination. Oxen are tolerant individuals who believe that the road to success involves hard work and scrupulous behavior; they don't believe in taking shortcuts. They characterize those who don't work hard as lazy individuals not worthy of respect.

Oxen are capable of trusting others and will listen to their opinions with an open mind. However, Oxen prefer making decisions that are based on their own research. Oxen favor strong, life-long alliances to casual acquaintances.

Home is where Oxen go to seek comfort, occasionally watching television or reading. They prefer the rural outdoors and spend the majority of their "home" time working in the garden or caring for the yard.

Health: Oxen are strong individuals who overall are healthy and live long, fulfilled lives. However, they tend to work too much, rarely allowing themselves enough time to relax. Oxen could benefit from incorporating more non-work-related activity into their lives.

Career: Oxen prefer work that is routine. They take a methodological approach to their tasks and excel in jobs that are specialized. Oxen possess a keen eye for detail and an admirable work ethic. They are more productive when allowed to work alone. Good career choices for oxen include: interior designer, painter, carpenter, quarry worker, archeologist, horticulturist, mechanic, engineer, draftsman, banker, broker, real estate agent and army officer.

Relationships: Oxen aren't very sociable and rarely participate in group activities. They abhor small talk and won't waste their time flirting. They will search long and hard for the perfect partner as change makes them uncomfortable. Whether due to an ox's tendency to be overbearing or tendency to place blame on others, relationships with Oxen don't always work out. When Oxen realize that partnerships involve two people and two points of view, satisfying matches are possible.

Element: Wood

Wood Oxen work well as part of a team, but because of their work ethic, self-confidence and strong sense of morals, they'll always perform better as the team's leader. They do have a tendency to be quick-tempered and outspoken.

The Hour Pillar: Monkey

(psychicscience.org)

Hour: Natural Self "Tree Monkey"

Heavenly Stem Yang Wood (Thrusting)

The Hour Pillar represents your natural, spontaneous, untutored self. Perhaps you usually keep this self private, holding back from expressing its qualities because they might appear childish or otherwise unacceptable. When under stress, or at times of crisis, you may find that your natural self tends to burst out uncomfortably. Alternatively, when you are fully relaxed, or in the company of children, it may express itself through play or creative activity.

(chinesezodiac.com)

Personality: Occupying the 9th position on the Chinese Zodiac, the Monkey possesses such character traits as curiosity, mischievousness, and cleverness. Forever playful, Monkeys are the masters of practical jokes. Even though their intentions are always good, this desire to be a prankster has a tendency to create ill will and hurt feelings.

Although they are inherently intellectual and creative, Monkeys at times have trouble exhibiting these qualities. When that happens, they appear to others to be confused. But nothing could be further from the truth as Monkeys thrive on being challenged. Monkeys prefer urban life to rural, and their favorite pastime is people-watching.

Health: Believing that being sick is a waste of a valuable day, Monkeys very rarely feel ill. Their constantly active lifestyles are likely what helps Monkeys remain in good health. When Monkeys do become ill, such feelings are generally the result of feeling nervous.

Career: When it comes to work, Monkeys can do just about anything. They adapt well to changing environments and they're very intelligent. They work quickly, but they'll frequently charge double for their services. Good career fields for Monkeys are accounting and banking. Other good careers for Monkeys include: scientist, engineer, stock market trader, air traffic controller, dealer, film director, jeweler and sales representative.

Relationships: When it comes to relationships, Monkeys aren't quick to settle down. In fact, they generally are promiscuous; a tendency that probably has to do with the fact that Monkeys are easily bored. Monkeys will end this type of behavior once they pair up with the perfect partner. In fact, more often than not, they'll commit to that person in every way for life.

Element: Wood

The Wood Monkey's exceptional communication skills enable them to interact well with others. They're hard workers who have a keen understanding of the way things operate.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Lime Tree

Strong keywords: Patience, Helpfulness, Popularity

Weak keywords: Jealousy

Tree variants: Blackthorn, Nettle, Basil, Hops

Birthday:

13 March – 20 March

14 September – 22 September

Characteristics and Personality

People born under the rule of Lime achieve their life goals relatively quickly and easily. It's hard to say why, they are just lucky. They achieve their success even though they tend to be comfortable and try to organise problem-free life for themselves. They try to avoid conflicts under all circumstances; they never go into direct conflict. They are people of compromise; they are often willing to make big concessions in order to avoid complications. At the same time, Lime people are very adaptable and they are able to live a full life even under very modest conditions.

Lime people are romantics, and they try to escape from the realities of everyday life and fulfil their unrealistic dreams, especially in their love life. The difference between reality and their fantasies are the cause of inner struggle that takes place within their souls. However, perhaps due to their luck, their seemingly wonderful dreams become a reality.

Even though they are predestined to experience success and recognition in life, in their love life they are usually not that lucky. People who are married to Lime people must expect that they will have to deal with their jealousy. They are unable to stop being jealous, all they can do is to try to hide it. Of course, their excessive jealousy complicates their life significantly. Frequent failures in the emotional area often lead to self-pity. If, exceptionally, Lime people struggle in their everyday life, they become lonely oddballs who shun away from the company of others.

Lime people are very popular. They are very good listeners and they are usually extremely patient and helpful. They are happy when they can help somebody by word or deed, and their help is usually absolutely selfless.

Cancer Sun Pisces Moon people are really attached to their memories and first impressions. They are also mystics at heart.

These natives enjoy knowing themselves better as they love exploring their own qualities. Some time alone would only bring them healing. However, they shouldn't isolate themselves too much.

Among the most empathic people in the zodiac, they can really make a difference in other people's lives. It's easy for them to feel emotions from outside, and this can help them in their artistic endeavours.

The Sun in Cancer makes people want emotional security, to nurture and to develop strong connections that ultimately lead to intimacy.

That's why they are very attached to their domestic space and family. Not to mention to people who offer them security. While some Cancers let their moods control them, it can be said the same thing about what they are doing with their feelings.

Cancer Sun Pisces Moon individuals are highly intuitive and those to whom friends are always turning to for support. They will feel the pain that their loved ones can't even

express.

It can be tiresome to be them because they are always trying to please. That's why they make good friends and great partners. Not as sociable as other zodiac signs, they will still keep a close group of friends and enjoy their free time.

As they don't like to leave home, it's normal for them to host parties. And when it comes to being hosts, there's no one better playing this role than them.

All Cancers need reassurance. Because they're sensitive, this can sometimes work against themselves. Their moodiness isn't of any help either. Not to mention these natives have this shell under which they retreat when life's hard and when they need a break.

But some problems can't be resolved this way, in such moments, it's essential they are supported by their loved ones. The speeds at which these natives are learning can't be seen in other signs.

With an excellent memory, they will process information faster than others. They like being inspired as they are usually passive. It's important they associate themselves with motivated individuals.

Therefore, they should guide their spirituality towards something constructive.

Love characteristics

Cancer Sun Pisces Moon natives are proud lovers. They don't express their real feelings

to those they don't know very well.

At least they can make friends easily. However, it will take them long to get really close to others. Not to mention they can take this friendliness of theirs for granted. It's like magic for them: they can win others just with a smile.

When it comes to their ideal partner, they want someone intelligent and sociable. Cancers can be the most empathic people in the zodiac. Combine this with their caring nature and you get people who feel their lover's pain. And they will want to make all the things better, all the time.

That's why they are such good care takers. However, it can also mean they'll be smothering. These natives need a partner who can remember they have a need to nurture.

Even if they wouldn't be needed, they would do something for their help to be required. And this situation can become dangerous.

Moon Pisces are magical. Delicate and attractive, they also have this quality or perhaps flaw of confusing the partner's feelings with their own.

These natives need someone who understands they are ready to sacrifice themselves and who doesn't want to take advantage of them.

These Moons should be left alone to fantasize, but not too much. If they would have a lover who's a drifter and a dreamer as them, they would be much happier.

Cancer Sun and Pisces Moon man

The Cancer Sun Pisces Moon man is emotional, mature and deep. His first impressions and intuition are usually always right. The polarity of the Pisces blends very well with how he expresses his individuality.

At the same time, it makes him more emotional, easy to impress and perceptive. You will rarely find this man contradicting someone because he has tact, diplomacy and a love for people.

He's not really at all a warrior so it is difficult for others to say if he's standing his ground or he's just standing there. Not that he doesn't have any ideas, it's just that he prefers to keep them for himself as he hates conflict and not getting along with people.

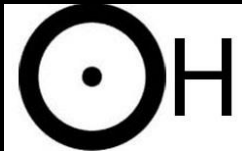

He will be clear about his political views and about how he approaches life, but he'll prefer to be quiet. It's essential he becomes more confident because his intuition is most of the time accurate.

So he can trust what goes through his mind. Always suspicious, this guy will be reserved about revealing his true Nature.

He protects himself the best he can. Many will find him defensive, but he's only cautious. And this can happen for long periods of time, before he gets to know and trust someone, that's why it's not easy to trick him.

He would be great with business. Popular in spite of all this, he'll be invited to many parties and the shoulder that others cry on.

Sun ☉ in II 2nd House

([860] i.thehoroscope.co)

This placement of the Sun encourages people to keep their word and avoid making empty promises, as well as be practical and attentive with their money.

People born with the Sun in the second house in their birth chart will focus almost all of their energy on making money and accumulating as many possessions as possible. They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

Summary:

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

Self-confident charmers

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems

with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

The positives

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These

traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

The negatives

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value

different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

Mercury ☿ in ♈ Aries man 26° 49'

([884] i.thehoroscope.co)

He takes his sweet time and enjoys certain situations more than others, being often perceived as quite pretentious.

As a Mercury in Aries, this man is brash, aggressive, and straightforward with his desires and motivations, never to hide behind shyness or hesitations.

He is always coming up with great ideas that he's not just going to keep for himself just because they might ruffle some feathers.

It might seem like this man loves a good argument or debate because he does everything in his power to initiate one. Moreover, he's very dynamic and unrestrained even outside of a discussion.

In a nutshell:

Positives: Disciplined and responsible;

Negatives: Narrow-minded and obsessive;

Soulmate: Someone who is observant and kind;
Life lesson: To get less annoyed and more attentive to criticism.

He's the one rushing to speak first

The Mercury in Aries man does not have time to waste on mere parlor tricks and small talk. He can do that all his life and still not achieve his potential and goals.

His lifestyle is not based on discipline, responsibilities, planning and getting to know the competition before committing to a course of action.

He takes the time to bring himself up to speed with all the innovations and technological discoveries, news on the market, all in order to increase their chances and avoid the loss of time later on.

Queues and waiting for someone who's late are literally ruining his mood in the worst way, sucking away all his energy. Generally, he's the one who rebels against authority.

Whatever they think of first, that's the idea they're going to present to everyone as being the winner, having the most potential.

Observation and analysis are two foreign words for these natives. Fast-forward two days later and the idea turned out to lack finesse, it was rough around the edges, incomplete.

Moreover, the Mercury in Aries man will rush to speak first, seemingly in a hurry to spread their ideas to everyone else.

Verbally, it's a real cumbersome activity having to listen to them talking so fast you don't even have time to follow the general outline. However, they are very fun and enthusiastic enough to compensate.

The man born with Mercury in Aries will first listen to his own gut instincts, and the decisions he takes are as good as put in to practice.

No matter what everyone else says, he's going to keep on going at his own pace, following his own rules, living life as he sees fit.

Criticism will only serve to annoy and get him to stop what he's doing to concentrate on getting you out of the way.

A comfortable and pleasing life is all he wants, and if you want to mock that lifestyle, it's your funeral. This doesn't mean that he doesn't admit his own flawed nature, the mistakes he's done.

He will naturally exude an air of authority and dominance all around him. It gives the

impression that he knows what he's talking about, even when he doesn't, that he can be the one to solve the problem, finally.

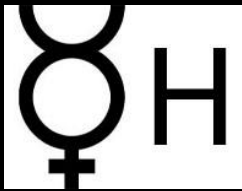

He has a commanding voice and confident attitude, demanding to be listened and obeyed.

As team leaders, the Mercury in Aries man will take everyone up to the next level, upgrade their skills, motivate them with his unceasing impetus, and lead them toward success.

However, he does have a nasty tendency to leave his projects half-finished because he comes up with a totally different idea that he wants to implement immediately.

He does, in fact, want to become superior to the man he was, and for this, he is ready and willing to sacrifice a lot.

Mercury ♀ in XI 11th House

([918] i.thehoroscope.co)

This placement of Mercury improves the ability to talk with anyone about anything because one becomes more charming and convincing and has plenty of fresh ideas.

The Mercury in 11th house natives are especially effective in dealing with other people. They know how to talk to them, how to explain and transmit their ideas in easy to understand ways, and they are generous in most situations.

They can adapt their speech to pretty much anyone, regardless of culture, level of understanding or other differences. It's one of their special abilities, to be able to communicate with people from all walks of life.

Summary:

Strengths: Eccentric, intelligent and curious;

Challenges: Dominating, picky and manipulative;

Advice: They shouldn't let themselves affected by others' opinions.

Endless ambition

These people are one of the most communicative and sociable natives of the zodiac.

They are literally able to talk to anyone about anything and reach a consensus, most of the time.

At least, if the interlocutors are able to bring new and fresh ideas, innovative perspectives on the subject, they will be thrilled and enthused to no end.

This is what they find fun, interesting, and entertaining, to engage in challenging conversations where they can accumulate more knowledge and satisfy their curiosities.

In order to achieve their aspirations, they will try to diversify their interests, to gather like-minded people around, and to engage in social activities more.

The inspiration is out there, and it just has to be found, and also accepted as such.

They think about things that most other people can't even wrap their heads around.

Simple, yet profound subjects like freedom of speech, individual choice, morality, humanitarian aid, all topics related to the development and well-being of the rest of the world, with emphasis on the general good.

With respect to their individual goals, they are ready and keen on talking about them to friends and close ones.

With great vision and endless ambition, it won't be long until results will start appearing.

Their ideas are unorthodox and out of the box, all the more reason to believe that they'll strike big when success eventually knocks on the door.

Those born with Mercury in the 11th house will deliberately want to associate themselves with intelligent people, engage in social activities and groups that will help them with achieving their goals.

If the atmosphere is competitive and challenging, then it's a way to the top in their mind. Nothing is more important than learning, accumulating knowledge and the necessary know-how required to solve problems, take opportunities, and turn them into gold.

Skill, the power of will, a lot of effort, and an intelligent approach will always win out against mindless slaving around.

Their curiosity spreads forth, encompassing anything that's even remotely close to their goals. They manage to extract something to learn from anything, even the most difficult problems or toughest challenges.

Irrespective of the way they see the world, one thing will not change though, the

principles that enliven their way of life.

The positives

They want to discover new ways of doing things, new perspectives and viewpoints, to be able to come up with multiple ideas when thinking about achieving their goals.

And they expect the same of their friends and close ones, the reason for which they're looking for intelligent, creative, and open-minded people to befriend.

This is a sure way of getting the most useful advice and relevant appreciations of their ideas.

They have a lot of like-minded friends who act just like a tight group, supporting each other and having the same beliefs.

The Mercury in the eleventh house natives want to help people, as many as possible, to change the world for the better, make information accessible to the general public.

These people are attracted and intrigued by the simple social comings and goings of other people, the principles of association and communion, how they get by and work with each other.

Group psychology, sociological insight, this what they're looking for, as a way to further develop their plans and hone their future prospects.

Nothing is more pleasing than pinpointing and actually using these principles to efficiently bring themselves on top of the game, to come up with increasingly better ideas as a result of competitive struggling.

These natives thrive when there are more people around them because they can bounce their ideas off of interacting individuals who can appreciate, refute and constructively criticize them.

They are multitasking and will not fret when put face to face with stressful situations and tense challenges.

They can only get better and develop their skills, maybe even come up with a few fresh ideas to implement in their long-term plans.

As for the end-goal, it's comfort, of course, which effectively translates to a stable material situation.

Money, personal wealth and success, will come to them naturally, without any need for luck, destiny or other outside factors. Everything depends on their own powers.

The negatives

Because their minds are filled with countless ideas and plans for the future, possible outcomes and simulations, it's harder and harder to keep focused on organizing their thoughts, efficiently interacting with others around them.

They often get sidetracked and say stupid things or don't pay attention to instructions. This air-headed and irresponsible attitude can only lead to future failures and disappointments, a loss of their trustworthy impression.

Moreover, just because they have a lot of friends doesn't mean that it's a good thing. On the contrary, it can be detrimental to their ascension because some of those so-called friends are tricksters in disguise.

Fortunately, they are a bit cynical and very rational, so much that they deeply understand this reality.

They avoid large groups of people and don't open up to anyone until they have proven themselves.

Because the Mercury in the 11th house natives care a lot about the appreciations and opinions of other people, they want it to be an honest and straightforward analysis, not a fake one.

Communication does include the tendency to engage in gossiping, talking behind people's backs and otherwise faking your own emotions and thoughts.

This is one of the problems that these natives have, a major flaw if you ask some of their friends, and something that they should work on.

It's not really done with ill intent, but rather because of the high curiosity that's just asking for satisfaction.

It's nothing they can do about that, only control themselves and stop talking shit about people.

This 11th house is one associated with success, material or otherwise, and these natives get to choose how they live their lives.

Negatives: Superficial and flirty;

Soulmate: Someone who is sensual and charming;

Life lesson: His fulfillment shouldn't only come from relationships.

His love personality

This man is attracted to feminine charm, to that inner beauty that exudes without having to do anything, and his ideal woman would also be polite, dignified, principled, and simplistic in her tastes.

He doesn't even want to hear her swear or get down to that level of degeneration. Most importantly, he wants her to be balanced, to know how to react in certain situations, and to try to uphold a sense of fairness in everything she does.

He will know when to compromise and when to ask for more from her, but in general, he will try to fulfill all her wishes and desires.

Even though he's been looking for the perfect relationship ever since the beginning, this doesn't mean that he didn't go through disappointments.

He's very giving, and he offers quite a lot of his time and affection to a partner. The Venus in Libra man feels like he can't ever find his fulfillment without a lover, a soul mate, without sharing his life with someone who understands him at a deeper level.

He sees his satisfaction and happiness in the reflection of a couple, and all the

experiences shared together are just like clouds from paradise. A long-standing relationship is the only thing he'll commit to.

He doesn't hesitate or beat around the bush. With romantic gestures, he expresses his feelings from the get-go.

Of course, he is very concerned with how he appears, and how his offerings will be perceived, so he tries to put on his best appearance. This isn't a problem, in general, because he has an innate artistic sense for beauty, an aestheticism that goes a long way in putting him miles away from other competitors.

The man born with Venus in Libra likes to be the first in everything or at least show some initiative in the beginning phases.

His vitality and enthusiasm are endless, and he will forcefully try to involve himself in social events, bring his friend around for some fun, and convince his beloved to accompany him on such an adventure.

When he's looking for the right girl, he might leave havoc in his wake, sexual one at that, because he's a really hot-headed individual who wants to please his senses.

Intense and passionate about it when the moment is right, and cold when he gets bored, he's quite the player, but he's looking for an easy-going and light-hearted woman.

Because they find their fulfillment and ultimate satisfaction in a relationship, they will try to maintain it on the floating line, to never get to a point of no return.

That's why the Venus in Libra men will hate arguments, conflicts, aggressive verbal debates or insults. They will instead praise their partners, compliment them, take care of them when they're feeling down or sick, and will generally be very kind and generous.

And just because they have a very advanced artistic sense, they love beauty and hand-crafted things, they might be a little superficial and spend a lot of money, but it's all good as long as they don't end up bankrupt.

Attracted by ...

He's very attracted by elegant women with good tastes in clothing, the kind who know exactly how to use all the elements at their disposal to look their best, with an air of mystery and charm hanging around them.

She must be feminine, cultivated, free-spirited, and it would be great if she had the basic rules of politeness fixed. Aggressive and overly-energetic women tend to be conflictual, to be emotionally unstable, and so he would rather avoid such women.

He wants to have a balanced and tranquil relationship, filled with plenty of sweet moments of love, affection, and compassion.

Arguing about the stupidest of things or entering a conflict just because you decided to buy something without asking her are the least things he would want. In general, he will try to save the situation before it gets too far, and he's very good at it.

With grace and charm, as well as a persuasive attitude, he manages to defuse almost all problems before they explode.

It's a good idea to take this man out to visit some cultural attractions like a library, a museum, a natural park, somewhere where you two can have lots of fun.

In conclusion

His greatest strength and advantage revolve around the fact that he strives for balance, for equilibrium, both in his life and in the lives of others.

Personally, he will make a lot of compromises to avoid sticky situations or problematic arguments, at the same time trying to make their partners happy and fulfilled.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

Venus ♀ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Has unique ideas regarding pleasure, beauty, and love. Less concern for social amenities. They may seek unconventional women. ([920] cafeastrology.com:) When Venus is retrograde at birth, the feeling nature is deep. Socializing is taken seriously, and rarely lightly. They can be somewhat shy in youth, as there can be an awkwardness felt concerning small talk and social graces, and an aversion for superficialities. Love is extremely important to a person with a retrograde Venus, but they may not be explicit about it enough for others to know just how deeply they can love. There is always more to this person than meets the eye. Their love life (and sometimes financial life) can be hidden in some manner. People born under Venus retrograde have to watch for self-sabotage in love relationships. There may be an underlying feeling of not being "good enough", attractive enough, or loveable enough. Deep insecurities can be present. Self-love can be an issue. Fears can lead them to overcompensate, such as overeat, serial date, etc.; or can have the opposite effect wherein the person tells themselves they don't need love. The same person can swing from both poles in one lifetime. A balance, of course, is ideally sought. Retrograde roughly 7-8%% of the time.

Venus ♀ - Ruled by Libra (& Taurus)

([871] southfloridaastrologer.com:) The most authentic expression of sensuality and beauty is experienced when Venus is in Taurus or Libra. These two very polite and considerate signs are at home expressing their sensuality and beauty when Venus is in Libra or Taurus.

Mars ♂ in ♏ Pisces man 9° 15'

([979] i.thehoroscope.co)

He is very attractive and cares for himself so he is often very well received in most social

contexts.

The Mars in Pisces man is very sentimental, intuitive and flexible. He can cater to your every need and he can transform into the perfect lover, depending on the expectations set on him.

He's spiritually inclined, and he's fascinated by the possibility of other higher planes of existence. He will fill your head with these ideas right from the start, so expect long discussion on this subject.

In a nutshell:

Positives: Exploring and charming;

Negatives: Impulsive and distracted;

Soulmate: Someone who will focus all their attention on him;

Life lesson: To respect those close and to trust them more.

Commanding respect

These men are idealistic travelers who want to experience the world as little as possible, or at least they want to avoid the responsibilities and problems associated with it.

They are introverted and affectionate, emotionally sensitive and even vulnerable in some respect. Always overthinking, planning, simulating countless possibilities and potential avenues in their head, the Mars in Pisces men create their own problems most of the time.

Even when you would expect them to explode outwards in anger, you'll only get an annoyed stare or a "humph" said in silence. They avoid direct confrontations. Instead, they take out all the accumulated stress on themselves.

The man born with Mars in Pisces can and will become depressive, sad, uncertain and afraid to take some decisions. Romantically, he will go through a lot of disappointments because of this inherent uncertainty and insecurity. He has a naïve perspective, only seeing the good things about someone, choosing to ignore the potentially destructive flaws.

He is very strange in this sense because he often chooses to be in a self-defeating situation, only to pass through another disappointment, to feel anguish and grief fill his soul.

He's not a masochist though because he expects future moments of joy to be amplified precisely because of the present sadness.

Physically and psychologically speaking, he is attractive, looks as though he needs someone to care for him, and he is generally well received in any social context. Women

like his sensitivity, but they worry about their self-destructing tendencies.

These natives may get involved in physical activities from time to time. This is to say, they will gladly decide to start playing football or take on learning karate, if the opportunity arises.

One thing that is to say about them in these circumstances is that they become totally devoted to their goals.

Once a decision was made and people depend on them, they will focus all their attention and efforts on doing their job properly. Boasting doesn't suit them at all. Actions are better demonstrations of their potential.

Victimization, self-pity, self-defeating tendencies made with willful determination. This is the Mars in Pisces man in a relationship, the barest principles of his psychology.

He even believes his tragedy is admirable and should be respected, something that others can't understand and can't achieve. When others offer to help or support him emotionally, he refuses, believing he's actually doing himself a favor. Being fake is also another destructive flaw.

Because he wants to make his partner happy, he's willing to transform himself, to become exactly what the other is looking for, often against his better thinking. In the long run, this will clearly make him unhappy and depressive.

A sensitive and affectionate lover

He is very concerned with what he "should" be doing as befits a masculine figure in today's society.

He's more than willing to give up on his desires and wishes if they don't ascribe to the principles of a stereotypical man.

Moreover, his predilection towards overthinking manifests again in his tendency to emphasize the opinion of others. He cares about what others think about him, and this is why he often changes his approach.

Romantically, he wants the woman to approach him however she believes is right and comfortable. In the past, he suffered a lot because of break-ups, and now he prefers to take it slow and steady, with certainty.

Basically, when he is in love, the Mars in Pisces man will accommodate his partner's every desire and need.

Does she need a sensitive and affectionate lover who listens to her sorrows and

supports her unconditionally? Good, he can do that just fine.

Is a masculine, more dominative and aggressive partner better? It's a bit more difficult to do that, but not impossible.

He's not one to voice his demands or anger, even if he's being used, and this turns him into a doormat pretty quickly. His ideal partner is communicative, thoughtful, affectionate, and cares a lot about his happiness and satisfaction as well.

In conclusion

The Mars in Pisces man is excessively emotional and puts a lot of importance on being sensitive. He easily gets hurt by the flimsiest of things, and this is not just because he's naturally more sensitive than most.

The fact is that he has unsolved psychological traumas unsolved, past disappointments that he still keeps alive deep within himself.

He loses his self-confidence and trust in himself as a result of trying to fulfill everyone's desires.

He wants his partner to see him as perfect, the ideal partner. He just wants to be accepted, to be appreciated for who he is, and the person who manages to see through this façade will find his relationship blooming.

They want to have someone besides them who knows what they've been through, who understands them at the deepest of levels. They're also pretty materialistic individuals because financial comfort is very important as well.

Perfectionism is the tell-tale sign of a Saturn Libra. In their pursuit of balance and inner equilibrium, they won't feel good until they have found the epitome of happiness, from all points of view.

Whether they'll actually continue searching for such standards or realize that it's merely a dream depends entirely on Saturn's influence.

In a nutshell:

Style: Astute and friendly;

Top qualities: Direct, receptive and generous;

Challenges: Insecure, fearful and indecisive;

Advice: Perseverance is key for your professional advancement.

Personality traits

The one born when Saturn was crossing Libra is an individual of utmost generosity and social likeability, always trying to help someone in need or purposely devising a plan that requires other people to complete. All of this is done out of a need to connect with people from all over the world, from all social classes.

With imagination and inventiveness, they know exactly how to render their relationships beneficial for all parts. With exquisite ideas and firm principles, the Saturnian Libras act with determination and honor, never leaving misunderstandings to cloud their judgment. They are very trustworthy and reliable friends.

The combination between the Libra astrological sign and the planet Saturn is quite fortunate if you think about it. This native is in a perpetual struggle to find inner balance, the perfect equilibrium between emotions, expectations, personal and professional life, balance on all walks of life.

Saturn is a planet associated with restrictions, limitations, barriers, and in this sense, it endows the Libran with certain guidelines, arrows pointing toward that elusive state of balance.

These laws, as you might call them, serve the express purpose of ensuring order, objective standards of appreciation, equilibrium amid the many possibilities.

Through personal relationships and even marriage, later on, these Librans finally realize that what they're looking for is a partner who seeks the same mental balance as they do, someone with a harmonious demeanor.

Behavior in love

As expected, Saturnian Libras put a lot of importance on the idea of a relationship, the harmonious bond between two people.

With their partner, they will try to let go of their perfectionism, putting aside any superior expectations. With patience and kindness, they want to maintain a peaceful and relaxed atmosphere, even though things might not be so rose to begin with.

With a partner who appreciates their innovative vitality, these natives will try love unconditionally, and offer their full affection without waiting for something else.

They may find it harder to wait for the right moment, or to give up on their competitive spirit, but compromises are necessary.

Because you want a long-lasting relationship where you can build up a nest, a refuge where one can retreat in case of great dangers, you are also willing to break the barriers and alter your personal principles. And this happens as an after-effect, it's not something premeditated. His partner will definitely find it to be annoying and counter-intuitive.

In order to reach their ideals and take the first steps toward a perfect love life, they must understand that a balanced communion is built on honesty, understanding, responsibility, and perseverance.

The good and the bad

Something that the Saturnian Libra natives should work on is their tendency to become overly-subjective and act with suppositions when making plans for the future.

Whenever they analyze themselves, they start with a given set of premises, which aren't exactly positive or beneficial. They have to objectify their standards, take a step back, and rethink their approach.

Once this decision is consciously made, nothing else will stop them from achieving their goals. The determination of these natives is not to be taken for granted.

However, it's nothing more important to them than living a fulfilling life, filled with plenty of moments together with that special person, where they live life at its peak, experiencing the most intense feelings of communion possible.

They take personal responsibility to a new level, always keep their words, and are dead-serious about loyalty.

But, the constant gnawing feeling of solitude often leads them to enter into a relationship without thinking things through. They need to have someone in their life, and sometimes the feeling is too intense for any rational analysis.

Patience should be an essential factor in this process, because otherwise, they will end up in a toxic relationship, with someone who won't appreciate them for what they are.

The Saturn in Libra man

Finally, we come across the essence of the Libra astrological sign, the intense focus on justice, balance, intellectual honesty, and fairness.

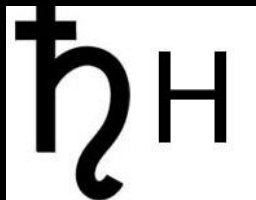

The Saturnian Libran man wants to meet a principled woman who never expects to be taken care of, to be pampered and offered preferential treatment.

He will behave in such a way anyway, but that has to come out of his own initiative, not because there are expectations that have to be fulfilled.

If she decides to move together with you, then she should also contribute to the household necessities, take some responsibilities for herself, and not expect to live in perfect comfort while you do everything there is to do.

Even when she makes a mistake and disappoints someone, with enough humility and self-awareness on her part, people will be understanding with her.

Saturn ♄ in V 5th House

([1033] i.thehoroscope.co)

This placement of Saturn makes people easily express themselves, be very playful and even manage to get others to have a good time.

People born with Saturn in the fifth house in their birth chart feel all the time like no one loves or appreciates them enough. This and the fact that they're inhibited from an emotional and creative point of view makes their romantic relationships cold.

Because they're restricting their own emotions, they may seem distant and not at all responsive when offered love, thing that brings their popularity down. These people can't seem to relax and use their hobbies as means to be more practical because they couldn't enjoy their interests in a different way.

It's difficult for Saturn in 5th house natives to show their love as they have no idea how to express what they're feeling and usually offer presents or all sort of material proofs to show their affection. Learning how to be warm and not thinking so much of themselves is something they should do either on their own or with the help of others.

Summary:

Strengths: Easy-going, spontaneous and sociable;

Challenges: Careless, distracted and stubborn;

Advice: They should be careful about the risks they take.

A wise and thoughtful personality

The 5th house rules over how people can express themselves and their playfulness. When Saturn is here, it influences natives just as much as it does in the first house.

While this planet impedes spontaneity, the 5th house is all about it. Natives with this placement will bring people down because they simply can't have fun or enjoy themselves.

This planet here makes them feel guilty for having a good time, which means they'll be pretty neurotic and think only about work.

It's important for them to realize life comes with its fun too, as it does with responsibilities. It would be only in their advantage to sometimes go to a party or to get involved with let's say, a charity.

Only by having a little bit of fun, they'll realize how to act around other people and what they may need to do in order to have a social life.

They should allow their date to lead from time to time, especially if that person also happens to have Saturn in the same house.

In this situation, the date would be centered around discussions about the ozone layer and how animals' rights are not in any way respected.

If their prospective lover doesn't have the same Saturnian placement, they may end up surprised by his or her ideas of having fun.

Individuals with Saturn in the 5th house can turn matters of wisdom and limitation into something very important for them. They're the type that feels exhausted and lethargic when having to express something or to be creative.

Their inner child will always feel repressed and scream to get out at least from time to time, as it should be normal.

These people may feel at the opposite side of the world from life's pleasures and laughter, preferring to watch how others are having a good time rather than doing it themselves.

All the attention the 5th house asks for is going to be replaced with ways of acting responsibly, being conscious and not interacting with the joy that comes from inside.

Saturn in 5th house natives may think the world is too playful and exaggerates with all the love because they would all the time restrict themselves from adapting to such ways.

They love children and get along very well with youngsters, which means they can

choose a career as teachers.

Maybe their world will start to open up and they'll actually shine after interacting with those younger than them. It's possible they'll have problems with fertility and have children much later than others.

As parents, they will feel like this is the most difficult role they can have and even be traumatized by the experience.

They probably didn't have a good relationship with their parents and a problem with understanding music or any form of art as they're always experiencing an inner conflict and don't know how to be creative.

They will only remember how they used to be educated and disciplined when it comes to their childhood memories. However, they want to be loved more than anything else in the world, and feel there's an emptiness inside them, which they cannot address.

Feeling they're not in any way worthy of someone's affection is normal for them. They may even get to be desperate to have their soul's needs fulfilled and to enjoy that love of a lifetime, no matter how much they're running away from this type of opportunities without realizing they're doing it.

Individuals with Saturn in the 5th house tend to blame themselves for everything, feeling they don't deserve love and detesting the person they are when with others.

They think people judge them, which makes them feel frustrated and terrified of any romantic involvement. There is also the situation of Saturn overcompensating all this, when they'll change partners very often, hoping to be adored and shown proofs of affection all the time.

They will eventually get tired of such a life and get to feel empty inside because true love must come from inside themselves to begin with.

Only by contributing to the world around them, they will manage to activate all that the 5th house is capable of. By recognizing their own value, they will manage to make others see what they're worth.

The goods and the bads

Saturn is the planet that loves nothing else than to trip people, making life non-fun when in the 5th house.

It's important for these people to learn nothing bad will happen if they'll go out and dance or get drunk with their friends.

Depending on the aspects in which Saturn is in the 5th house of their chart, the natives of this placement are more or less anxious when it comes to social matters and always very patient.

Saturn influences how much of an effort people can make and where their limits are set. This planet can have individuals pushing beyond their limits and overcoming any obstacle.

It can be challenging for the 5th house to no longer have natives in denial of whom they are, so any person's purpose when it comes to a placement in his or her birth chart becomes to discover what he or she loves the most.

The ideal situation is to take on responsibilities and become accepted by the society for being natural.

But Saturn in 5th house people may have this planet destroying all of these efforts and putting down any attempts to be themselves.

They may succeed at getting accepted for whom they are if they do something creative and at the same time safe for their emotions to be expressed.

Also, having some fun wouldn't cause them any harm, so they should be open to go out and make new friends.

They must deal with their inner authoritative side and let go of the obsession to take care of any responsibility they may have because this can't be effective for them in the long run.

It is possible to reach a state of pure joy, even if it means peeling down some layers of graveness and taking pleasure in what others like to do for fun.

Those who listen to their Saturn should make an effort to overcome their seriousness and do adventurous things or anything artistic.

They can overcome obstacles installed in their way by this planet and become great lovers, funny parents and even true comedians.

The presence of this celestial body in their 5th house shouldn't impede their imagination from running wild or their life from being pleasurable.

Being spontaneous and fun can have them happier than they've thought to ever be as they anyway can't stand to just sit around and are always dreaming of taking action.

They could be great leaders and run things faster than others, but Saturn seems to

always be in their way.

It's a good thing they want to do everything correctly, yet paying a little bit of more attention to opportunities that seem risky is also a good idea for them.

There's a balance between wrong and practicality, and a lesson on this should be learned by them if they want to advance in their career or in life.

It can become really dangerous to not be able to have fun or to feel guilty about doing it. Letting the guard down and going with the flow are great weapons against boredom.

If natives having Saturn in the 5th house won't learn how to take pleasure in living their life, they'll become depressed and anxious.

Working too much or too hard can even get them sick, so it's suggested they change their ways sometimes.

A good thing about Saturn here is that it makes people modest, no matter how loud and dramatic they can sometimes be. Many will not like their grandiose way, others will deal with it without having any problem.

While the Uranus Libra is good at helping others and taking care that the world doesn't destroy itself, these natives are very bad at taking care of their own health.

They may punish themselves too harshly for any mistakes made, focus too much on past disappointments and never forgive themselves for any misdeeds.

Neptune ♃ in ♊ Gemini man 29° 4'

([1067] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those with Neptune in Gemini in their natal chart carry a lot of potential when it comes to socializing, to expressing their thoughts and making them easily understood.

For this reason alone, it can be said that they are born to be teachers, instructors, public speakers, debaters, and pretty much anything having to do with communicating one's ideas. They are also very proficient in this regard, having many techniques at their disposal, coming from their inborn intelligence.

Believing that people are innately good and kind and that society takes out the worst in them, they try to have a generous approach.

In a nutshell:

Style: Versatile and adaptable;

Top qualities: Idealistic, ambitious and diligent;

Challenges: Superficial and sometimes fixed;

Advice: Be mindful of your idealized perspective of the world.

Personality traits

Due to their passionate thinking and idealistic perspectives, these natives can easily fall into the ploys of manipulative people, and this is a problem they have to solve.

With plenty of intellectual powers at their disposal, the Neptunian Geminis might be interested in the mysteries hidden beyond the natural world, and this is clearly a result of

their highly-developed intuition.

Inspiration comes to them quite naturally, seemingly out of nowhere, and they can choose to use it in creative endeavors like painting, singing, writing, and so on. The truth is, they can excel in any domain, as long as they manage to focus on it.

They hold the most important trait of all for an intellectual individual, and that is curiosity, in great doses. With a deep love for learning and accumulating knowledge, these natives are interested in much more than the natural sciences explained rationally.

Courtesy to the influence of Neptune, they hold an undying interest in the supernatural, those fields of knowledge that go beyond the material of the scientific method.

They aren't very religious people because they don't really believe the dogma accompanying such beliefs. Thus, you will find yourself in an endless discussion with them if you just bring up a controversial subject about the existential dilemmas that have plagued mankind for millennia or a mysterious and unexplained issue.

As far as relationship material goes, the Neptunian Gemini wants to find someone who emphasizes communication as much as hem, a person who wants to explore the unknown avenues of the mind with them, someone also interested in thinking for thinking's sake.

These natives believe that you can discover most of the world like this, through sharing ideas, debating a certain topic and getting to the truth by means of communication.

Also, their ideal partner won't be afraid or uncertain about taking the extra step in a dangerous and unexplored place and will always be optimistic about their future. It's clear that this native cares a lot about spiritual development.

Attaining oneness with yourself comes very naturally, as a follow-up result of all the intellectual sprinting you've done so far.

Through the power of words, verbalized or in written form, you strive towards breaking apart the barriers that hold you imprisoned, the shackles of your dual self.

Being under Gemini's influence, you are marred by deep inner contradictions caused by the innate duality of your soul. It's easy to believe that this duality will automatically lead to a feeling of disparity, of forceful separation, but this is not true in the slightest.

In truth, just as you learn about the equilibrium residing in the world, so can you discover a way to unite your two selves into a coexisting entity, thus achieving the perfection of the self.

The positives

The sheer passion of the Neptunian Geminis for exploring the hidden mysteries of the world inspires a lot of people in the first place.

The fact that they also decide to share all their knowledge with everyone else just adds to this great passion and makes them truly satisfied with themselves.

Social butterflies, they are very sociable and communicative, so they could go for a teaching career since it appears as though they would thrive in this sort of environment.

Their multifaceted personality and immense breadth of knowledge attract people from all walks of life, each more curious than the other, but this is just one of their charms. This is why they easily manage to be in the spotlight even when they don't necessarily want it.

The negatives

The same positive characteristics can transform into negative traits in just a split second. As such, though it may be good for them to be so open-minded and passionate about untried ideas, this can also be their downfall because they can easily get tricked by someone with a hidden agenda.

People with Neptune in Gemini are naturally curious about the world, but they should also have a small dose of realism and rationality at the ready, for when people try to deceive them.

Moreover, their lackadaisical attitude can work against them if they don't manage to focus on the whole picture as well, not just the intricate details.

Neptune may raise their spiritual awareness and intuition, but they have to carefully administer them, especially when it comes to their interactions with other people.

The Neptune in Gemini man

Just like their female counterparts, these Neptunian Gemini men are constantly attacked by their own failures and mistakes, their consciousness always ridden with thoughts of self-pity and admonishments.

They need validation, to be shown that they do more than enough and that failures are just a way to gain experience and knowledge.

If they decide to share their thoughts and uncertainties with you, don't disappoint them by brushing these problems aside. Really listen to them and you'll have gained an amazing companion in your life.

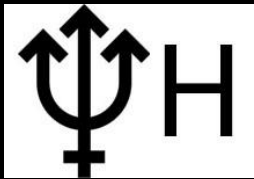

These natives are very adventurous, but not in the proper sense of the word. They aren't

very keen on actually traveling to other places, but rather explore the world through their minds.

The man with Neptune in Gemini will surprise you with each passing moment because they have unimaginable amounts of knowledge, and the curiosity to amass more in time.

In relationships, they are willing to try many new things with the scope to satisfy their partner. Neptune doesn't really change with time, as it's a slow planet, and this can be quite reflective of the way these men act, with definite and determined resolution.

Neptune ♃ in I 1st House

([1077] i.thehoroscope.co)

This placement of Neptune makes people benefit from an immense imagination and power of self-definition but prevents an easy communication.

People born with Neptune in the first house of their birth chart are only indirectly affected by this planet, so the influences of this celestial body are not quite noticeable in them.

Highly intuitive, they're always employing their spirituality and transcendental abilities to deal with the everyday life. It's normal for these people to sometimes feel deceived about themselves, disillusioned and confused.

Neptune in 1st house natives don't really know who they are, therefore, the support of others is essential for them. It's not like they don't have a great mind, they simply don't know how to use it. They may not have clear objectives in life, so many of the opportunities that reveal themselves to them will be missed.

Summary:

Strengths: Subtle, mysterious and relaxed;

Challenges: Suspicious, insisting and negative;

Advice: They should refrain from trying to control everyone around them.

They seem to absorb the way people feel

People having Neptune in 1st house can be great artists because they dream a lot and usually act very gently as their sensitive nature asks them to be kind.

This can happen especially when Neptune's position is very close to their Ascendant.

Very aware of their surroundings, they can also make the wrong impression on people, so many see them in different ways that sometimes oppose each other.

These people don't mind encouraging the wrong perceptions, so they're aware of their adaptability and always really trying to work with it in order to be to the liking of many.

Loving peace, these natives don't all the time reveal their strength and are interpreted as subtle, mysterious or alluring.

Many are attracted to them and think they really understand what's in their mind, but in fact they can be very moody and trying to escape problems by feeling sorry for themselves and acting helpless.

Not sure of who they are, Neptune in 1st house natives don't know how to impress by using their own skills. They seem to absorb the way people feel and have an imagination that is very strong.

When it comes to worldly problems, they prefer to be relaxed and to just let life happen. As said before, their identity is not very well-shaped and they really don't have any idea about what they want to do with themselves.

When it comes to self-definition and awareness, they're struggling to be grounded and surer of themselves. Their Ascendant will influence their personality a lot, but the position of planets in their 1st house has a lot to say about who they are because this house rules over the self and the way natives approach life.

Neptune placed here creates individuals who are sensitive, imaginative, enigmatic and interested in their own appearance. In astrology, this planet reflects the unconscious needs and how people play many different roles in life.

Its influence is usually over avoiding reality and seeing only what one wants to see. Therefore, this celestial body rules over dreams and delusions.

When in the 1st House, natives with this placement always see life the way they want to because Pisces is the sign that is ruled by Neptune.

Many think of them as sensitive, dreamy and poetic because they only seem to live in a world of imagination.

This is the result of them changing their ways according to whom they are meeting. Others are intrigued and in the same time attracted to them because they have a way to make other people's problems their own.

These are the natives most prone to suffer from alcohol and drug abuse, seeing these as ways to escape their reality. Neptune makes it easier for people with this planet in the 1st house to dream and also interact with different planes of reality.

Not to mention these natives are very aware of their surroundings as they seem to strongly perceive feelings and to merge with different people or situations in a way no one can.

This can also be a downside for them because they'd absorb negative energies amongst other things. It's important they continue developing the traits Neptune brings them, but they should pay attention not to become dependent on drugs or alcohol in order to escape what's real and painful.

Idealistic without limits

Neptune develops personalities that don't want to be grounded, so dreaming is something that Neptune in 1st house people are always doing.

In case this planet is in positive aspects and protected by other celestial bodies, the natives with such placements will try to understand how the Universe works and be very interested in everything that's strange.

However, they should keep this about them under control because once again, it may lead them to become dependent on different substances.

One thing to note about Neptune in 1st house is that it gives natives a special magnetism and a stare that could conquer anyone's heart.

Their look always seems to be different than that of others' and they can read minds like others read books. Meanwhile, no one can see what's really happening in their minds.

It's difficult to betray them because they know when someone is lying but no one could guess if they're themselves not telling the truth.

These people should feel less guilty about everything because they tend to think bad things are happening in the world because of them. This is also what makes them feel like victims, so they'll give their best to be saviors.

It's good to be altruistic, but protecting oneself is also necessary because many people are not so well-intentioned. Only this way, they'll be able to really help others and be as giving as they can only be.

When around other people, Neptune in 1st house individuals can really understand feelings and emotions. For example, as soon as entering a room, they start attracting

energies just like light attracts moths.

It would be good for them to once every few days spend some time alone and renew their aura because their psychic abilities can really wear them down.

Not to mention how, during this period, they could reflect and determine who they really are or what traits can help them become better. Holding on to other people's feelings is not at all a good idea for them.

The goods and the bads

Neptune in 1st house people are very sensitive and attract many others with this trait. Their friends see them differently and they usually have a very busy social life.

This is the reason why they all the time have many dating opportunities or people waiting to get together with them.

Being tolerant, they usually accept anyone in their social circle. These natives don't mind others wanting to be with them because they're aware of their generous and mysterious attitude, and have the most easygoing personality.

They need to research on their own how their life can become more peaceful or how they could be more productive because letting others control their life is not at all a good idea for them.

Therefore, they should always focus on themselves. Taking on responsibilities will make them more confident and sure of themselves that they can do anything.

It can be hard for them to find a partner who can get used with how much attention they get from others, so they should pay attention to their loved one's feelings.

Natives with Neptune in 1st house are not that flirtatious, but they surely are nice, therefore, the wrong impression can always be given to those who are their lovers.

It's important to let their partner know where they're standing, no matter how much they want to just go with the flow and not give explanations.

Fighting all the time with their lover would truly disturb their life. They shouldn't be with someone whom they feel is always bringing problems in the relationship.

These people need to talk about their issues so their other half doesn't feel he or she is guilty of something.

Not to mention there are things that can grow very big when held inside for too long.

Their partner would deserve to know their problems and they shouldn't hide in fantasy when life becomes too hard. It would be wise for them to use their intuition and ability to observe if they want to determine what's wrong in their life.

Those born with Pluto in Pisces in their natal chart take into account the feelings of others when making a decision, often this being the most important factor for them to consider.

Sensitive and empathic, these natives don't want to fulfill their dreams on the account of others. Even more, they strive to understand their fellow humans, even further, from their motivations and what makes them react in a certain way to deeper traits of character that are harder to reveal.

In a nutshell:

Style: Compassionate and mystical;

Top qualities: Kind, ambitious and creative;

Challenges: Oversensitive and sometimes unmotivated;

Advice: Empathy should be at the foundation of your social life.

Personality traits

Plutonian Pisces natives are in danger of becoming depressive or of having bouts of sadness because of their skewed perception of failure. With idealistic goals such as theirs, failure is a constant element that they should learn to factor in their calculations.

The dream world takes so much of their time, in fact, that they soon forget to take care of their household, omit their responsibilities, and act with increased dizziness when asked what they've been doing for the past days. Their friends might want to keep their surreal tendencies in check.

With a high intuition and razor-sharp instincts, the Plutonian Pisces are basically undefeated when it comes to facing off difficult challenges and gritty opponents.

They immediately find out the crux of the issue, the weak spot that they can use to achieve their goal. However, they aren't very cruel or resolute in eliminating the competition because they understand why their fellow peers are doing whatever it is they are doing.

Pluto drives these people to search for the ultimate truth of this world, hidden deep behind the layers of social conformism.

The good and the bad

However, what the Pisces zodiac sign is good at is making the world merrier, making it fall into a state of oblivious joy where nothing ever matters anymore.

Pluto Pisceans are the true jolly kids of the zodiac, ever-so-sweet and adorable with their high-paced rhythm that you must follow in order to see the other side of their world.

These giddy individuals don't know what restraint means, nor should they find out, because they are perfect as they are, innocent, with a pure vitality, and an endless charisma surrounding them.

One of their greatest perks is also their bane. If this sounds to you as paradoxical and contradictory, then you're right, it does sound like that.

But the reality is that these natives are so generous and kind to everyone they meet that they soon forget to watch out for any dangers.

There are plenty of people out there who don't care at all about what happens to others as long as they achieve their goals. And these people are willing to step on bodies if that furthers their aims.

Those with Pluto in Pisces will most likely suffer as a result of becoming aware of how harsh the world really is.

Pluto in Pisces in love

When these natives fall in love, the whole world rejoices at this magnificent event. The rivers start murmuring coolly, the trees rustle their leaves to reveal the birds chirping in a symphony of melodious sounds, all of this to embrace the native that can melt the heart of nature itself.

that each partner should bring their own ideas in the mix.

Nothing compares to the ravishing power of love that a Plutonian Piscean is capable of unleashing.

The Pluto in Pisces man

Back when Pluto last transited Pisces, society had still not fully let its gender discrepancies go away as there were still differences made between men and women, albeit not as strongly as previous ones.

These men were just as spiritual and intelligent as their female counterparts, only they had more freedom of expression and more leeway. Obviously, there were many artists born during this period, as well as great thinkers, inventors, all inspired by the divine spark that Pluto embedded in them at birth.

Generous and kind individuals who didn't lower themselves to such a level as to get into fights, insult or even curse their enemies, they simply moved on, letting karma or destiny do its part.

There wasn't enough time for them to waste on such trivialities because they had their creative drive to satisfy. And there were many inventions made during that period.

With an open-minded approach towards failure and an adaptable personality, these men simply achieve their goals in a way that no one else is able to replicate.

Much of the world as we see it today is partly a result of the Plutonian Pisces natives.

Their unique and otherworldly presence, the serious attitude when involved in a project, the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are very good with people.

They won't ever back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

The goods and the bads

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results. They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

If they have to change those principles and habits, it's going to take a while, if they're

willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

North Node ♏ in ♐ Sagittarius 18° 22'

(Georges Muchery)

The Dragon's Head in Sagittarius is the surest sign of happiness and quietude, so long as the native knows how to be contented, which is usually the case, inasmuch as progress is fairly quick in this sign.

The close family ties - that is, the wife and children - live on good terms within a relatively restricted circle. It is the sort of happiness what does not proclaim itself. Success is somewhat slow in coming, but can be relied upon, as the ascent is gradual and teaches patience.

The Dragon's Tail in Gemini often causes inharmonious relations with those around the native, or with distant relatives. This may entail disputes over money matters which will be detrimental to the native, as many people may be jealous of him and put obstacles in his way. Nevertheless, he will know how to defend himself, especially with the help of a good aspect from Mars or Mercury. In the former case, success will come through violence; in the latter, through cunning.

(Isabel Hickey)

North Node in Sagittarius points the way to far horizons, physically and spiritually. Person gains through associations with others and pioneering in new lines of philosophical and educational endeavors. An inner positivity that will be of great help in overcoming any negative aspects in the birthchart can be developed.

South Node in Gemini shows too much superficiality in past lives; too little willingness to

stabilize; and a flitting from one experience to another. If continued in this lifetime, there will be little success or any sustaining power.

(Martin Schulman)

The keyword here is promise. For lifetimes, this individual has enmeshed himself in dualities, resulting in indecision. He has tried to be all things to all people, and as a result has made himself attuned to superficiality.

Now he has strong karmic lessons to learn in areas of loyalty and allegiance. Eventually he will come to see that by playing both sides against the middle he can only hope to make himself the center of the sandwich, caught in the squeeze. Nevertheless, he retains a past-life fear of committing himself fully to either side, for at least on the superficial level, he sees truth and right in both. He still believes that a definite commitment to one side would leave him with the feeling of missing the opportunity inherent in the other.

This ability to remain uncommitted enables him constantly to adjust himself to fit the needs of the moment. Like the chameleon, his colors change with his surroundings. In past incarnations, he was not too discriminating, knowing that it really didn't matter where he gave his affiliations since he never gave his complete self anyway. Now he swings like a pendulum in the breeze, open to ride if but for a brief time only on the winning wind.

He purposely makes himself the pawn of others, and, even if only for the moment, seems to agree with them so that he can temporarily feel accepted and a part of something.

Through many lives, his sense of self-identity has become not merely a single division but filled with all the questions of everybody with whom he was in contact. Since so many people have formed the building blocks of this inner self, it is impossible for him to be anything but a hypocrite!

When he speaks, his facial expression as well as body language will change from sentence to sentence, taking on the appearance of the person whose words he is not trying to pass off as his own. In fact, when he makes a definite positive statement, his eyes will always examine the recipient to see if it was received as truth. If not, then it doesn't really matter for he will now start talking incessantly, trying one collected statement after another on for size in the hope that somewhere in his collection of information a few words might be worthwhile.

He loves activity; and when circumstances make him feel cooped up or bogged down, he becomes highly nervous and restless.

Always over-programmed, he struggles to keep up with the myriad of details and people that fill his life. He has so much to do, and yet at the end of each day feels distracted from his purpose.

In past incarnations, he never developed a long attention span. As a result, he spends much of this life constantly changing his mind about everything.

At one point, he will go through conflict over whether to live in a large city or in the country. The conflict is really between the continuation of his past-life need to be with people and his present-life desire to be away from them.

Direction does not come at an early age. More often than not, it comes through the aid of parents or an older person who sets him on his course. This occurs usually after age twenty-eight.

Underneath it all he is unsteady; he has been so busy seeing the shades of gray in everything that he has difficulty seeing the light of truth in himself.

For this individual, life's biggest task involves a quest for higher knowledge. Through the Sagittarius North Node, he must learn that in order for man to be capable of seeing the truth, he must first be the truth!

He will go far if he teaches himself to speak from his higher mind, for the esoteric meaning of all he says will ultimately show him his real identity.

When he starts to mesh with Transcendental Thought, he will begin to reach a spiritual union within himself.

First he must work through his karma of perpetuating trivia and come to see that participating in gossip is the greatest sin against liberty. Then he must turn his back on all the past-life residue of pretended sophistication and reach for all that is real and natural. Ultimately, he comes to see that although a coin has two sides, it's still one coin! When he develops this perspective of vision, he will be able to transform the knowledge he has acquired into Divine Wisdom.

The house position of the South Node shows the area where past incarnation personality conflicts still plague the lower mind. The house position of the North Node shows the ways in which a Higher Consciousness can be developed into a vehicle which enables him to rise above all conflict.

His present-life evolution will free him from the bondage of indecision, and in its place give him glimpses of Universal Truth.

(Donna van Toen)

You should follow through on your interest in psychology, travel, etc.. Your Gemini South Node may reply: 'Yeah, but my day-to-day activities don't leave me any time. Besides, I hate studying'.

Your problem is that a mental block prevents expansion.

Possible reasons: Environmental restrictions hindered learning. Refusal to take chances. Dislike of reading or distrust of any type of indirect communication. Reluctance to be put in a position where you may be asked to give advice, teach, etc.. An upbringing that encouraged superficiality. Little success with early education.

Possible solutions: Take interest courses. Loosen stifling ties and routines. Sever all ties, and spend your time drifting.

You'll remember that we said Gemini North Node relies on book learning to replace awareness. With Gemini South Node, the tables are turned. Knowledge remains at a very rudimentary level. There can be an 'I read it in the Enquirer so it must be true' philosophy. Or there can be a distrust of any information that comes from afar. In other words, the local news commentator knows what he's talking about but the foreign news commentator's full of bull unless he's voicing the same opinion. Frequently, Gemini North Node relies on rumors, gossip and small talk to form the basis of his or her knowledge. College education is looked on with suspicion; in fact, sometimes there's a reverse snobbism in connection with education. Gemini South Node tends to be content with his or her knowledge no matter how incomplete it is. It's only when the Gemini South Node is suddenly thrust into a new environment that he or she becomes aware that something's missing. At that point, he or she can tap the Sagittarius North Node's potential and expand his or her knowledge and understanding of the world.

The person with an over-developed Gemini South Node has few long-range goals; is restricted by his or her routine or environment; is immature or retains an emphasis on dressing and acting as he or she did at a much younger age; sees no point in college unless it's a prerequisite to a certain job; does not like to waste time on abstractions or unproven theories; may be fickle; may be a bigot; is sarcastic or cynical; marries a childhood sweetheart, neighbor, high school friend, etc.; usually marries early and settles into a routine where the only big change is a transition from school to work; and loves travel as long as the place visited isn't too different from what he or she is used to.

North Node in Sagittarius wants to be thought of as natural, sincere, intellectual, refined, and broad-minded. This is a person of such changeable emotions that he or she may be mistaken for a yes-person or a phoney. He or she has trouble focusing on one thing at a time, and tends to scatter energy to the point where objectives seldom reach completion.

Restlessness keeps dreams in an ever-changing state, so that they may never be clearly defined. In effect, this person might dream of having a dream.

Antidotes for Sagittarius imbalance: The client should be encouraged to share any specialized knowledge he or she has, either by teaching or through other means - writing, public speaking, etc.. As with Scorpio, the study of philosophy is a beneficial antidote. Religious studies could also prove helpful. The client's intuition should be developed and given a positive outlet. Dream study, astrology, palmistry, graphology and many branches of parapsychology could prove useful outlets, although you should be very certain that the client is level-headed enough to use these properly. Travel is very often a beneficial antidote. Work involving giving tourists various types of information (i.e. tour guide, travel agent, hotel information desk, etc.) could be quite rewarding.

Sports can be good antidotes. High-jumping, rope-jumping, walking, running, jogging, or any other type of physical exercise for which aptitude is shown could be recommended. It sometimes happens that the client is for one reason or another stuck in a dull, routine job - clerical, assembly line, switchboard, etc.. If there's no way out of the job due to the client's age and economic needs, it's crucial to expand the sphere of after-work activities.

If career advice is sought, challenge should be the primary quality stressed. According to the client's aptitudes, consider the following options: adult education, lecturer (with philosophy, law, and civil rights being ideal areas), priest, minister, rabbi, nun, doctor, nurse, paramedic, inspector, proofreader, publisher, missionary, evangelist, salesperson. The client should be encouraged to free himself or herself from stagnant ties where possible. At the same time, he or she should be discouraged from drifting or living totally on an intellectual plane. Sometimes pet ownership can provide a helpful counter-balance for these tendencies.

(Mohan Koparkar)

Previous incarnation for this person was spent in many intellectual and communicative activities. He had to deal with 'others' constantly. Thus, he was often drained of his intellectual resources by others. He had to fulfill what they expected of him. In this lifetime, he is choosing a path of independence and isolation. He likes to be a free-floating soul without getting involved with many earthly interactions. He can solve their problems when he feels like it, but at the same time, he has a choice and the ability to turn them away from him. In this lifetime, he will achieve substantial esoteric knowledge or understanding with or without being too involved in the occult. He is not very much interested in the material things or in human emotionalism. When his feelings are seen, he just transcends them or throws them at others the way they come.

(Haydn Paul)

The Gemini energy makes you restless, searching for stimulation, diverse interests, and experiences, and encourages an active life-style. Whenever you feel restricted - whether in work, relationships, or even in allowable attitudes, thoughts, and emotions - you feel extremely uncomfortable and look for ways to change the situation.

Your mind is alert and receptive to a multitude of impressions from other people and the mass of information received during daily life. Yet, due to distracted fluctuations in attention span, you may find that focus and concentration becomes difficult to maintain.

Changeability is likely, often displayed as indecision and regular shifts of mind and emotions. Your mutable nature sometimes appears to reflect various personality types which are temporarily adopted to deal with others.

You find choice-evaluation difficult, seeing the virtues of different decisions and actions, recognizing that, from each perspective, each option may present a valid position. This inhibits your decision-making ability, making you afraid that, by choosing either position, you will lose the value of the other decision. Personal decisions are hard to make; and when having to evaluate others' viewpoints, you often take the easier way out, which is to agree with whoever presents the most persuasive and powerful argument. The danger with this is that you may devalue your opinions, beliefs, values, and feelings.

You find it hard to discriminate between different options, and resist giving commitments, because you recognize that you change your mind too often. Refusing to make responsible choices, you try to be agreeable to all. It may even seem that you agree with another's views when in his or her company, only to change again, chameleon-like, when with others. This may increase social acceptability, but can damage your integrity.

The Sagittarius North Node indicates the need for a unifying philosophy that becomes a life foundation. You require a belief or purpose that offers meaning and direction, rather than simply being swayed by the winds of superficiality, diversity, and mutability.

This becomes the issue of purposeful direction. You will probably be at least in your late twenties before you accept the necessity for a self-chosen direction; and then you will start looking for signposts; these guiding indications may come from an influential older person, either personally or indirectly, or perhaps as a 'teaching'.

One important step is to reduce your reflective tendency by determining your own attitudes and feelings, irrespective of whether this pleases others. Agreeing with all sides, or agreeing with none, leaves you nowhere, and you should find your own light. Changing this behavior pattern may not be easy, but you will benefit from becoming yourself. As you feel free to express your nature, you will have a growing feeling of joy and vitality, and will discover the liberation of being natural and real without any compulsion to agree with others. Take tentative steps to release the past and to enter the present and future as yourself, because you have much promise and much to offer.

Then you will realize that, while a coin has two sides, it is just one coin, and that, while life has a multitude of faces, it is just one life.

(Bruno and Louise Huber)

The mutable Fire sign, Sagittarius, and the cardinal Earth sign, Capricorn, are the two individual signs that promote the expression and the maturation of the individual personality. In Sagittarius, we always strive hard for mental autonomy. Sagittarians have an independent outlook. They want to work out their own ideas and philosophy, and to have these under their own control. With the Node in Sagittarius, the task is to develop this mental autonomy. One's thoughts should be fostered so as to produce clear-cut opinions of one's own and independence of the opinions of others.

This placement of the node is quite likely to occur when the chart indicates that the native is very much inclined to fall in line with the opinions of others. In which case, its message is: 'You must think for yourself and form your own views'. This Node is an antidote to mental laziness.

With the Sagittarian Node, we have to answer for our opinions, which may not suit us at all, because we like to think that they are beyond criticism. In hard aspects of the Node, there is often a tendency to be dogmatic and fanatical.

In the Fire sign Sagittarius, self-confidence becomes important again. The preceding Fire signs, Aries and Leo, are brimming with self-confidence. However, matters are not quite so simple for Sagittarius, which has to prove, by its spiritual autonomy, that it has the right to stand up and be heard.

North Node ♏ in VII 7th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in this house is good for marriage, which it causes to be contracted on a lofty, sentimental and secure basis, provided Venus and the Moon are well-situated in the horoscope. It is also very powerful in regard to partnerships and contracts, which it helps to make successful. It is also in this House that it is most favourably situated for lawsuits, which will be won through its support, thus

bringing unexpected gains.

It is also a token of inheritance from grandparents, or an increase of wealth for the latter, by which the native will benefit.

The Descending Node (Dragon's Tail) in the first house has a detrimental influence on the development of the native in the early period of his life. It upsets his health, and often his mind as well, inasmuch as he will be too analytical and will not always see things as a whole, but will become absorbed in small details. In regard to any special question put, it would signify a very bad beginning for the matter under consideration, as it always entails trouble and worry. This influence in a horoscope continues for a fairly long period, inasmuch as the Nodes being retrograde the Dragon's Tail passes from the first to the twelfth house, which is also malefic.

(Isabel Hickey)

Needs to get away from himself. Has lived for and to himself until he has become too independent. Needs to take other people into account and get away from too much self-centeredness. Self-assertion has to be eliminated. Integration and fulfillment come through giving up the personal ego and helping others to attain a sense of their worth.

(Bernice Grebner)

This person has to overcome a tendency to work by himself. He needs to learn to work with a partner, to learn the balance it takes to do this. He has to strive for a close personal relationship with others. This relationship should bear some constructive fruit, whether business or marriage. This is quite a step because it leads to the death of the self-centered ego. The person then acquires the knack for becoming an arbitrator. He needs to develop an appreciation of beauty in the arts.

South Node in the first is the egotist. This is the person who tries too hard and, as a result, comes on strong at first. It gives a strong pioneering spirit with a 'me-first' attitude. There is an ability to do all things by oneself. This position can give a changeable personality. He tries too hard to be a special personality. This person may think in terms of his physical body being superior to others. He has a tendency to push himself too hard because of a lack in partnerships. The problems in life seem to be very much concerned with self. He can be the fearless pioneer of new concepts or new activity.

(Mohan Koparkar)

This condition often signifies marriage or partnership activities are extremely important in his life. Self is often given no priority but what is best for the marriage is taken into consideration. Thus, a self-sacrifice for the betterment of the marriage may turn out to be a devastating situation. This individual will try everything to maintain that relationship. As

an individual, they may not be able to contribute and achieve much in life; however, with partnership activities their contribution and output is substantially increased. They often have a good public image; and their objectivity is fairly well known among others. They are very charming, diplomatic and polite in general expression or communication.

(Martin Schulman)

Here the individual has many lessons to learn in areas of partnerships, marriage and co-operation with others. In past incarnations, he had to account only to himself for all his thoughts and actions. Now in the current life, his soul remembers all the individualism and independence he enjoyed.

While he may pretend to be a good listener for the sake of society's acceptance, he rarely takes advice given to him. Instead, he spends most of his energy developing whatever abilities he has, while constantly seeking approval for the efforts he has made.

Although he will be the last to admit it openly, he never quite notices others as much as himself.

He has great apprehensions about being outdone, and will go far out of his way to secure for himself a position where his dominion will not be challenged. If the rest of the horoscope shows strength, then this is truly the individual who wishes to be 'King of the Mountain'.

Although his experiences in this incarnation teach him to sacrifice for others, he never truly sacrifices himself, for he has spent lifetimes building to a point where he has now become an independent spirit.

He can relate to others so long as they don't shackle or bind his sense of freedom. If he feels someone close to him is inhibiting his self-expression, he will do all he can to extricate himself from the relationship. Thus, the marriage state is not one that comes easy for him.

Individuals with these Nodes are either single or divorced, or at least separated in consciousness from their spouse. They find it difficult to believe that the continuance of their own past-life selfishness is creating all the problems for which they are now blaming others.

They must learn how to give with a whole heart, rather than symbolically throwing a bone here and there just to keep the pack quiet.

This individual is usually so out of harmony with himself as being part of a greater universe that he is prone to develop a chronic impairment or impediment, either physical or emotional, which he ultimately uses for sympathy. The last thing he is willing to accept

is a sense of failure, for he constantly feels the needs to prove his own self-sufficiency.

Sometimes he is seen by others as a battler, well guarded against any threats to his ego. Since he truly doesn't like to be dependent on others, his loyalties are questionable. Underneath it all, his past incarnations have taught him to be faithful to himself, and therein his allegiance ends.

For those who wish to join him, he will be their patron, but rarely will he go out of his way to join them. He is a 'loner', conscious of his own unique individuality, and proud of the ways in which he knows he can retain it.

His karma is to learn consideration for others, for in his desire to be the center of attention he projects himself as more important than he usually is, thereby shutting out the very love he claims he is being denied. Still, he desires to control others, and in this ability to control he bases his security.

He is capable of great achievements, but he rarely reaches the levels of his capabilities because he is so wrapped up on self that he fails to see the cosmic scope of his personal ideas.

He must learn to view the reflections of his thoughts and actions and to realize that there are always two sides to a coin. Eventually he comes to understand that while both sides of an issue may be totally different, neither is better or worse than the other.

His major growth occurs when he can detach from himself and impersonally laugh at all the ego-centered ideas that ruled him in the past.

He must ultimately come to the point at which he is willing to take all the power, strength and confidence that his prior incarnations have built and give it away to others who need it more. He must do this wholeheartedly without a sense of martyrdom, for if his giving becomes ego-involved in any way then he remains on his lonely island. But if his generosity is truly dedicated without pride in giving, then he has an infinite blessing to offer as he inspires confidence and strength in others.

He can give others the will to live where there was none. He can make others aware of their own self-worth. But all the while he is not to ask for anything in return, for if he learns to focus his energies on helping others, then he will be amazed to find how God keeps providing all his own needs.

In this Nodal position, there is a guaranteed built-in unhappiness every time he focuses his energies on himself. If married, he will have much to learn from his second child, as well as in his relationships with nieces and nephews.

He is destined to devote his life to others. Actually he has been preparing for many

lifetimes to meet now the person or persons who need him the most. In some cases the spouse is an escapist who must be given the strength and confidence to face reality.

Whether married or single, this individual eventually comes to learn that his life is a mission, dedicated to another soul or in fact many souls needing more than he does. His karmic lessons are in developing kindness and an understanding nature. As soon as he does this, he is rewarded a thousand to one for all he gives.

The sign which contains the South Node shows the ways in which too much residue of past-life concern for the self can hamper progress. The sign which contains the North Node shows the ways in which the individual can reach fulfillment through sacrificing the self for others.

(Donna van Toen)

Conflicts: Marriage vs. independence. Accepting vs. demanding. Overcoming enmity vs. comfortable self-projection.

Possible results of sacrificing North Node: Excessive worry about being beaten or outdone. Inability to relate to others. Feelings of martyrdom, excessive egotism, loneliness. A tendency to interfere with others' free-will. Belittling others' worth.

Possible ways to integrate North Node: Whole-hearted giving. Increase your consideration for others. Take an objective look at how others respond to your selfprojection and do what you can to improve it. Detach yourself from your overconcern with your image. Channel your energies into marriage and other one-to-one relationships.

In the seventh house, there can be hang-ups about harmony or co-operation. Depending on the phase of nodal balance, the person can be far too easily influenced or far too convinced that his or her way is the only way. The underlying cause of this is a lack of firm partnership goals. This person is torn between involvement at any cost and preservation of his or her highly comfortable image of self as a good or beautiful person.

Less frequently, there's an inability for the small talk and role playing that's necessary to attract others. This seems to be a problem connected to the overcompensation phase of nodal balance.

North Node in the seventh house dreams of gaining much through marriage and / or other relationships. He or she truly believes that teaming up with others will improve his or her lot in life. This person hopes to gain respect vicariously, through marriage or some other type of affiliation, and feels that success and happiness will be guaranteed once he

or she finds his or her 'other half' - someone who embodies those qualities that he or she feels are lacking in his or her own make-up. This person has a great deal of sensitivity. He or she also has a great deal of psychic ability; unfortunately, both are liable to be repressed. Aggressive pursuit of an alter ego tends to drive the dream further and further out of reach until the person is forced to look within for the repressed or lacking qualities.

(Black Moon) Lilith ♀ in ♒ Aquarius 13° 16'

([1147] elsaelsa.com)

Neo-Creator

If you have Black Moon Lilith in Aquarius, the pain you've experienced through your Lilith placement has made you independent and unique. You learned that if you don't set your own terms in life, someone else will do it for you.

However your Black Moon Lilith wounds have played out (shown by the house placement of your Lilith), you've found that it's better to keep your distance from the drama. While everyone seems to be scurrying about like little cogs in the machine of the demiurge, you have pulled way back, recognizing that way if life isn't for you. You carefully maintain a sense of detachment and separateness. And this has become your go-to way to cope. When in doubt, you pull out.

This can sometimes leave you feeling like an alien. Your identity doesn't fit into anyone else's box. You refuse to mold yourself into something other people find more digestible. Instead, you cling to your uniqueness as a way to separate you from the world that you can so clearly see is broken. Conforming to an inhuman system is no virtue, and you know this in your bones. So sometimes you wear your differences with pride because they mark you as something more than the unwashed masses. In this way, you've bought your sense of peace at the expense of your connection to others.

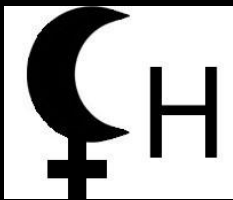

But it's not about being different so that you can be better than others. The problem isn't that other people are sheep so much as it's a system that is herding people off a cliff. You see how power is abused, money is king, and normal people are ground up in a system that only benefits a select few. You also know the world can be better. There are a million ways humans can organize themselves, and there's got to be something better than this. So you've become someone who can solve problems on a global scale. Even

on a personal level, you find yourself always attempting to find a better way of doing things. Overhauling the system is your default.

Of course, this experience can be pretty lonely. There aren't a lot of job listings or dating ads looking for an aloof genius bent on saving the world by turning it upside down. Not to mention what a heavy burden it is, always trying to rebuild the world. To mitigate some of this pain, lean on Leo, the sign opposite to Aquarius. Leo recognizes that identity can be something that springs from within you, not as a reaction to what is around you. Leo realizes that detaching from the system doesn't mean detaching from other people. And Leo knows that any new world has to be designed with heart. Without it, you create the very kind of system you want to dismantle.

I could easily write a book on this placement alone, but I'll end here: This is one of the best places for Lilith to be. Your ability to see the big picture and how to improve it is your superpower. As you strive to build a world that reflects your ideals, Lilith will be standing right beside you. If you can make sure you never lose the love in your heart, there's no reason you can't make your new world a reality.

(Black Moon) Lilith ♀ in IX 9th House

([1157] elsaelsa.com)

Heretic Saint

If you have Lilith in the 9th house of your chart, her themes will manifest in terms of religion, philosophy, and education. Lilith is the means by which your world is expanded, for good or ill.

In traditional astrology, the 9th house is known as “The God” and is concerned with religion, spirituality, and overall worldview. With Lilith here, it is all too common for this experience to be dark and unjust. This can be in the form of spiritual or religious authority being used inappropriately in order to scapegoat or control you. It can also manifest in terms of direct abuse by members of the clergy as well as secular authorities such as mentors or professors. But, of course, there is more to it than that. Lilith in the 9th house tends to create a sense of wounding about beliefs in general. You may have been swallowed up by an all-encompassing belief system and had to fight to regain your individual freedom. You may also have been cast out and marginalized due to heretical beliefs, whether in a spiritual sense or in a more mundane group setting. One way or

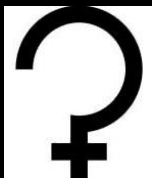

another, your beliefs failed to conform and you were wounded because of it.

The 9th house is also concerned with our personal narrative, how we tell our story. The way you conceive of yourself as an agent in the world is fundamentally colored by Lilith concerns. You see yourself as the scapegoat, the outcast, the underdog, the one who has had to fight and claw for their little bit of agency and freedom. Yours is a story of great struggle against forces that would seek to hold you back. You find your freedom by rejecting those forces entirely and striking out on your own.

The 9th house also rules that we consider matters of greatest importance. The 9th house blows our world wide open. With Lilith in the 9th, you are fundamentally concerned with issues of power, privilege, and inequality. Your world was thrown open when you realized just how much suffering, pain, and misuse of power there really is in the world. You may tend toward a worldview that emphasizes power struggles and class consciousness. This inherent feel for the way power and resources are divided in society will be a driving factor in everything you do.

While there is of course so much more to say, I'll end with this. While the systems of power are so vast and the people who are elevated by power misuse it so wantonly, there is still hope. Your willingness to understand that misuse and the way it forms itself into a cohesive system is the first step to making change. Your ideas may be deemed silly or outside the norm, but that doesn't mean they're wrong. Continue the freedom fight, not only for yourself but for us all.

Chiron ♄ in VIII 8th House

([1267] astromajesty.com)

People born with Chiron in the 8th house typically struggle with sexuality, intimacy, and mortality. It is a perplexing placement, and it may indicate experiencing a traumatic loss, death, or financial issues.

Anyway, this position will likely manifest through intimacy problems, not accepting death, or inheritance and tax complications.

Those with Chiron in the 8th house almost always have to go through life-changing

events and occurrences that will leave them with trauma or emotional scars. It is the placement that forcefully makes one transform, grow, and develop.

These are not inherently this life's traumas. It can also be a memory, energy, or karma from the past life. Thus, the pain is typically related to dying, being abused, or losing a loved one.

However, it could also be that one is terrified of dying or experiencing the death of their family, friends, or partner.

Fear of death and illnesses

Yet, when they unite, the 8th house and Chiron usually bring one's most challenging fears to life. It is why these natives are likely to see someone die at an early age or have a near-death experience early in life. They also tend to be afraid of getting sick or have nightmares of their dear ones dealing with a life-threatening illness.

Chiron in the 8th house natives could also have a fascination with death, occultism, and kabbalism.

Thus, they could be curious about self-afflicted pain, provoking death and accidents. The darkness and danger often excite them and trigger their deep interest. It is what could lead them to turn to self-destruction or hurt others to see their response.

They are typically emotionally demanding in relationships and have issues with how they express their sexuality.

Those with Chiron in the 8th house tend to find it hard to relax with others, let go of their restraints, and be in the moment. They don't trust anyone, or they fear in advance that everyone will leave them.

It is what also makes them act awkward, shy, or embarrassed in front of potential lovers. Yet, they would do everything for others to like them, so they'll try hard and often do something that doesn't make them feel comfortable.

That results in not being sexually satisfied and generating frustration, self-doubts, and growing concerns of inadequacy. On the other side, they typically manage to satisfy their partners because they are highly intuitive and empathetic.

Those born with Chiron in the 8th house typically don't talk too much. They are observers and have analytical minds. It is why they will evaluate someone's posture and behavior before engaging in interaction.

Thus, they often end up as healers of those on the margins and struggling in life.

Primal responses and feelings

If they doubt their partner and their loyalty, they can be full of rage and resentment or become obsessive and hysterical.

However, they mostly become hot-tempered or conniving because that's what they use to hide their insecurities and fear losing their partner. They try to control their loved ones and direct every move because they see it as the only way of ensuring their devotion.

Hence, their manipulation and mind-controlling games are a consequence of their vulnerability and lack of self-love.

If they manage to relax in intimate moments, they could find healing in their sexual expression or share the most vulnerable part of themselves with their partner. On the other side, sex can also be a lethal weapon that destroys their ego or self-esteem.

These individuals tend to perceive everything as a power struggle, including love and connections. They are afraid that one wrong move or word could make them look weak or chase their loved one away.

Healing potential

Their fear of giving in and being intimate likely tends to come from a traumatic experience concerning sexuality, including sexual violence, threat, or humiliating situation. These natives usually hide that trauma from everyone or even from

themselves.

As a result, Chiron in the 8th house natives can't connect with anyone on a more profound level.

Regardless of how hard they try their defense mechanisms sabotage their effort. That is especially significant regarding physical intimacy. They are afraid of others seeing them without their protective layers.

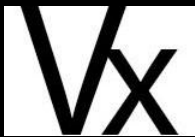

Nevertheless, these natives could use that pain to help others heal. If they learn how to overcome their inner troubles and fears, they could become healers.

But that requires confronting their inner demons and finding ways to overcome them.

That is because; there is always the fear of making a fool of yourself. Esoterically, it is associated with the ability to let go, to simplify things and to eliminate

obligations. Speak your truth and honor your own values and principles. Be willing to stand up for what you believe is true. You are called to complete something already set in motion. Others expect from you to become self-sustaining and self-supporting. With this placement, people want you to deal with the world on a material level.

- Possible positive trades of Vertex: If you do these things, you may create a solution for a severe emotional or material lack. You may expand your independence from others. In other words, you can manage your own concerns. Also, you have a sensual love of natural resources and a lust for precious possessions.

- Possible negative trades Vertex: If you do not accomplishing these things you may keep yourself from attaining the self-esteem. Also, you may feel socially abandon and empty inside. Remember, the Vertex in signs is a karmic point that needs activation to bring out its power.

Vertex Vx in XII 12th House

([1274] astrotarot.net)

- The House of subconscious!

- It is the last house. The Twelfth House is the end of the zodiac But the Twelfth House isn't bad. It's a place where unseen things come to light. It rules the imagination, creativity, arts, the subconscious mind, secrets, and mysteries. Pisces rules this house. This house covers the final stages of a project, tying up loose ends, completions and surrender. It also indicates separation from society, institutions, hospitals, hidden agendas and secret enemies. Also, it rules the imagination, creativity, arts, and the subconscious mind.

- If this rear position exists you need to work on: This house puts the focus on repressed agendas and restraint. You can learn much from the unconscious. There is a stimulation for you to be charitable. If you learn your lessons, past and present, you will easily move forward. The Twelfth House compels you to seek closure in a spiritual way as an aid to positive growth. Remember, Vertex in houses can offer clues to where we may experience turning points and meetings with destiny.

Part of Fortune ☿ in ♎ Libra 29° 5'

([1281] astrolibrary.org)

You prefer to be in agreement with others instead of expressing your own desires and what you feel, so as not to offend anyone. You do not want to disturb the harmony of the people around you, and you cooperate in any situation that life presents to you. You flow and harmonize with all its most intimate aspects.

You know that offending or going against others will make you lose friends and relationships.

You have a special sense of justice and acceptance of other people's faults.

Aries is the sign opposite to your Part of Fortune in Libra. Through Aries, you have the ability to not lose your own goals, and to project your desires into the future. But if you want to enjoy and be happy in the present moment, you should not identify too much with this, nor abuse it, so that you do not ruin good relations with others. You have a pioneering spirit and you are also quite bold and courageous.

You listen and learn many things about other people's lives, so you are an easy person to talk to. You have a lot of tolerance.

However, you have to learn to consider the effects that any action entails before carrying it out.

Taking into account both sides of any situation, accepting everything even though it goes against your own wishes, will help you to find fulfillment and satisfy everyone involved in a situation.

You must belong to something to feel complete. This is why you know how to please others. It makes you happy to feel the happiness of others.

You learn to become that center through which all human thoughts, desires, and emotions flow. All energies penetrate through your open inner space, which is willing to accept all. This helps you to complete your individual self, without having to personally identify yourself with any kind of specific vibration, but with all of them at once.

Thus, belonging to everything will lead you to not need anything and not to have your own desires, so you can balance opposing people, opposing ideas and feelings. You can even understand and accept the selfishness of other people.

The creativity of others will bring you your greatest happiness. Your self-realization will become the balanced center of everything that surrounds you.

By letting yourself go with the flow, you know that you will make the necessary decisions without doubting if they are correct because you know the flow will put you in touch with the people who need you.

A faith in the harmony of the cosmos is essential as well as having courage to face the unknown. Know that the world itself will take care of you and help you find happiness at all times. Above all, it will help you to feel comfortable in the company of others, knowing that we all share similar things and experiences.

Part of Fortune ☒ in V 5th House

([1291] astrolibrary.org)

You enjoy creating. You express this through a particular talent or simply as a way of life. You personally identify with everything you create.

Not only is everything you make a product of yourself, but you also become the product with everything you do.

You have the great ability to realize your dreams, which is much of your own doing through your willpower. You get to know yourself through everything you do.

Since your Part of Fortune is in the fifth house of your birth chart, the 11th house is the opposite house. Through the 11th house, you see the ideal reality from which you must create. You also see the illusions and fantasies of other people. However, if these ideals are too scattered and do not inspire you, then your ability to create diminishes.

Since your friendships can give life to your hopes, dreams and wishes, and push you into the realm of creative imagination, it is important that you know how to choose your friends, as they are the source of the creation or destruction of your inspiration and imagination. And you need inspiration and imagination to feel like an individual being.

At the same time you must take them in a detached way and see your dreams as a collection of symbols of the universal unconscious, without dispersing your creative process, or identifying with these dreams unless they fit within a creative project.

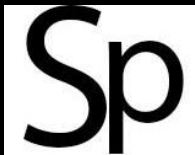

You must realize that all creation is one percent inspiration and ninety-nine percent effort, and also that there is a great difference between knowing what one can do and really putting it into practice. You will only know yourself through what you do, not what you think.

Regarding your friends, you have a strong idealism, but you must remain impartial understanding the concept of not being involved. The more you talk about everything you can do, the less energy you have at your disposal.

Your greatest happiness comes from being deeply and intensely involved in everything you are capable of creating. Sometimes this satisfaction comes from a single brilliant creation, whether in the arts, the theater, or through a very special child.

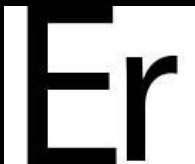

Sometimes you absorb dreams from other people, those dreams that they don't know how to use. You must examine these, and apply them to what you have learned through your creation. You should not try to instill the will to create on those who only talk about it, because then you lose your own will.

You like to enjoy all the good things in the world, although you have to learn the difference between inner and outer richness, to give more importance to your inner fulfillment than to the outer one.

1) ► **Ascendant** ASC **Parallel** ♄ **Saturn** - (0°26') ♄1 | ♄5

([71] astromatrix.org:) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

2) ► **Midheaven** MC **Parallel** ☿ **Mercury** - (1°20') ☿7 | ☿11

([37] astromatrix.org:) This aspect means that you have a very sharp mind, which you will use to get ahead. Very early in your life, you will learn to look at the world clearly and objectively, and you will learn to communicate in ways that are very advanced for your age.

You may or may not become an intellectual when you are older, but you will use your mind continually, always searching for stimulating and exciting experiences. Because you cannot stand boredom, you are sometimes very restless. Your most important task is to be more disciplined, so that you stick to a task long enough to get some real benefit from it. There is a real danger that your interest in any subject will be shallow.

Another possible problem, which may seem less serious but is actually greater, is that you prefer to deal with the world through your mind rather than your feelings. This will keep you from really being in touch with some experiences in life - such as love and sensitivity to beauty - for which your mind alone is not enough. Also, you cannot really get in touch with other people through your mind alone.

Unless you develop your emotions along with your mind, you may feel lonely and cut off from others. With your lively mind, you may enjoy playing practical jokes on people. This is fine if you are careful not to hurt people who are more sensitive than you.

3) ► **Midheaven MC Parallel ☿ Uranus - (0°08')** ☿7 | ♅5

([78] astromatrix.org;) Extreme Individualist

People should be prepared to encounter you as an extreme individualist. Even while you are very young, you insist on doing everything your way, and you strongly resist any pressures to conform. In fact, the best way to ensure that you will not do something is to try to force you to do it.

You are a rebel, and the established ways of living will not attract you particularly. On the other hand, you can be very creative with this aspect, because you have much originality and can see life in ways that others are blind to. You may be very inventive; in fact, this placement is characteristic of people who make a career in scientific or technological invention.

You may get a great deal of satisfaction from goading others. When you see people who are set in their ways, you cannot resist playing jokes or otherwise outraging them. Obviously if you are going to do this, you can expect to have problems with teachers and other authority figures, even your parents, who would prefer that you conform a bit more and stop rocking the boat. Teachers might find you quite difficult to deal with, not only because you insist on breaking rules, but also because you are very restless and hate to sit still for long. This placement may indicate a nervous disposition as well. Eventually, you should learn when it is worthwhile to rebel and when it is not. However, adults who want to restrain you should not try to do so by force. If they do, you will develop a lifelong negative attitude toward authority.

4) ► **Midheaven MC Parallel ♃ Vesta - (1°05')** ☿7 | ♃12

([622] 12andus.com;) A powerful surge of devotion and attention to detail fuels your spiritual mission and helps you succeed in your career.

Your career path and spiritual ideals are intertwined. You may choose to devote yourself to a career path in which you are of service to others. You may work as a healer, mentor, counselor or spiritual leader.

You may be called to sacrifice a successful career path that would satisfy your material desires in order to follow a spiritual calling that brings you to serve others in a more humble way with greater benefit to those around you.

Though you may not receive the same recognition and wealth, you will be fulfilling your higher calling in the process. You may find greater success when you blend your career path and public image with your spiritual calling and devotional practices.

5) ► **Descendant DC Parallel ♃ Neptune** - (0°31') ♃7 | ♃1

([210] astromatrix.org;) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

6) ► **Descendant DC Parallel ♆ North-Node** - (1°01') ♃7 | ♃7

([216] astromatrix.org;) Unpopular Opinions

With North Node opposition the Ascendant Your personality can often clash with social norms making you unpopular. Although you're personally detached from prevailing social trends, you're able to view them at work in an objective manner, thereby understanding how to relate to and take advantage of them. Your strong individualism doesn't make you popular. At times, your seriousness can make others feel uneasy, especially in social situations. You tend to be somewhat short and paunchy and may have peculiar speech in some way.

Your karmic path is not aligned with your identity and ego, which stops your personality to grow and evolve. You may feel like an outsider or that many people are against you. Your ego may be strong or rigid and this aspect is trying to cause problems in order for you to be more flexible and modify and change your behavior and identity. The best way to deal with this aspect is to be more open minded when it comes to alternative perspectives, opinions or viewpoints especially when it revolves around how you act with others.

7) ► **Imum-Coeli IC Parallel ♇ Pluto** - (0°23') ♃1 | ♃10

([214] astromatrix.org;) Questioning Beliefs

Your early childhood experiences will have an unusually strong effect upon your whole life. One parent in particular will be very important to you, and it is essential that that parent's influence be for the good.

The problem is that the energies resulting from your early childhood experiences operate at a very deep inner level, probably unconsciously, so that they affect your life in ways that are difficult to understand. Negative experiences in childhood may give rise to fears, which bring about compulsive behavior patterns and bad habits. You might not even be aware of these fears, but if you understood them consciously, they would be less difficult.

On the other hand, attitudes that you pick up from your elders may seriously limit your ability to make judgments on the basis of your experiences. Be very wary about acquiring any prejudices, and always question your beliefs so that you know they are helping your life rather than hindering it. One of your parents may try to exert too great an influence over you, even when you have outgrown the need for it. That parent must recognize each new stage of your life and let go of you a bit at each stage. If he or she tries to control you too much for too long, your psychological development could be seriously slowed down. Of course, good influences from that parent will also have a very powerful positive effect on your whole life. It is simply that the bond with that parent is very strong, which can have both good and bad long-term effects upon your development.

8) ► **Imum-Coeli** IC **Parallel** ♌ **Chiron** - (0°19') ♊1 | ♎8

([126] 12andus.com:) It is difficult for you to see how your past traumas and unresolved wounds are interfering with your ability to thrive in your chosen career path. Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

9) ► **Sun** ☉ **Contra-Parallel** ♎ **Lilith** - (0°01') ♋2 | ♍9

([631] astromatrix.org:) Self-Awareness unlocks empowerment

Opportunities: 1. Displaying your talents & brilliance 2. Increasing psychic awareness

Challenges: 1. Trusting instincts 2. Honouring your identity

The placement of this aspect in a natal chart makes you struggle with following your instincts, mainly when your anger is triggered. You might feel uncomfortable with your sexuality until you learn to trust your intuition, imaginative powers and demands for respect and recognition.

Bearing the wounds and traumas of societal stigmas associated with your identity is highly expected with Sun opposite Lilith. You might have to choose one from honouring your individuality or pleasing others by shadowing yourself. Even your silence won't work at times.

There lay many opportunities to make yourself recognized and highlight your natural

talents and ability to breathe brilliance in everything you put your hands into.

The opposition of the Sun to Black Moon Lilith acts as a magic wand of power that radiates energy out of magnetism of polarity. The Sun plays with the rational brain, whereas Lilith activates the creative right brain. This aspect pulls people to come out of their comfort zone and think beyond limits.

Criticism and rejections come within the package of Sun opposition Black Moon Lilith. Because of the fear of excluding your individuality, you tend to repress your desires and hide your uniqueness. Despising expectations become a norm. The opposition makes you feel aggressive or deeply troubled when others control your decisions and direct your life.

There is a painful yearning for freedom paired with a fear of rejection in you. Learning to express yourself freely without any fear takes a tremendous toll under this aspect. But the stifling of identity becomes the primary catalyst for self-discovery and accepting your authentic self.

10) ► **Sun** ☉ **Contra-Parallel** ♌ **Pallas** - (0°37') ☿2 | ☿2

([576] 12andus.com:) You want to be encouraging and empowering but may instinctively reject those who challenge your mission.

It takes some work to overcome your strong aversion to those who challenge your strategies and provoke your inner warrior. Yet when you truly feel confident in your mission, you can more easily appeal to the better nature of others.

You may become distracted by power struggles at first because you take your mission personally and see your campaign as an extension of yourself. Once you understand that those who aren't on board aren't specifically your personal enemy or opposition, you can work more effectively with them to create a united front.

You need to find a way to keep a moderate effort to encourage others to your cause without alienating or shying away from acting on the causes that personally appeal to you.

11) ► **Moon** ☾ **Contra-Parallel** ♌ **Ceres** - (0°35') ♀10 | ♀8

([559] 12andus.com:) Your emotions and intuition can make you highly sensitive.

You have the makings of a deeply nurturing and compassionate person but you may resist showing your love transparently. If you don't feel emotionally secure yourself, you may hold back from others.

You may also have a hard time balancing your emotional and nurturing needs and the needs of others. Rather than fighting your deeply caring nature, it is best to show others

your strengths as an emotional caretaker but with boundaries so as not to neglect yourself.

You may find yourself attracted to people whose need for nurturing mirrors your own. By taking care of others you try to simultaneously care for your unmet needs. Balance in showing your love and caring for yourself is essential.

12) ► **Moon ☾ Parallel ♌ Vertex - (0°13')** ♀10 | ♉12

([131] astrotarot.net:) The lessons involving family

Typical features that this conjunction brings: firstly women in your life are the catalyst for finding the emotional life you want. Sometimes this happens within the family. You are a nurturer to others as well as yourself. Also, you are the heart of your family, helping others to find their lives worthwhile. With this Moon – Vertex aspects, being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

13) ► **Mercury ☿ Parallel ♈ Uranus - (1°12')** ♉11 | ♈5

([32] astromatrix.org:) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-hued planet. With so much to delve into, so many different paths that you can walk, the

problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

14) ► **Mercury** ☿ **Contra-Parallel** ♅ **Pluto** - (1°43') ♊11 | 0010

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

15) ► **Mercury** ☿ **Contra-Parallel** ♁ **Juno** - (0°52') ♈11 | ♍9

([595] 12andus.com:) You may have an idealized view of love and partnerships and you may fantasize about finding just the right commitment.

Yet when the time comes and your dreams actually start to come true, it can cause you to panic. You may start to undermine your own previously made commitments and try to talk your way out of your obligations.

Your feelings haven't changed, but you often suffer from a fear of missing out. When a commitment gets too serious, you start to second guess yourself and may even wonder if you've made the right decision.

Rather than running away or back peddling out of your commitments, it would be best for you to sit with your self-doubt and give yourself time to get comfortable with the idea of

being in a committed partnership.

You can learn to speak up for the space and independence you need, even while in a partnership and this can lead you to be able to maintain your commitments.

16) ► **Mercury** ☿ **Contra-Parallel** ♄ **Chiron** - (1°01') ♈11 | ♊8

([119] astrotarot.net;) Typical features that this opposition brings: You find that other people remind you of your pain. You have the power to heal, not only yourself, but others as well. And actually, you may be a better healer of others than yourself. Opposition to natal planets are hard because you nearly always go with the personal planet and neglect the other planet. With this Mercury – Chiron aspect, you often project Chiron onto other people. No matter what people say, you may take it the wrong way. So, use greater rational thinking when communicating with other people. Your own beliefs and opinions can be illogical, irrational or controversial, resulting in misunderstandings with others. Mental confusion can lead you to hold back from expressing your ideas. Also, you have a fear that your ideas will be criticized or rejected by others. A passing comment or wounding remark can hurt and upset you. There is also a possibility that you will offend others by putting down their concepts or refusing to take their ideas into consideration.

- Positive traits: With this natal Mercury – Chiron aspects you are bright and insightful.

- Negative traits: You have trouble keeping track of your thoughts. So, you may not communicate vital information. Or you may make decisions based on an emotional reaction instead of complete judgment.

17) ► **Venus** ♀ **Parallel** ♃ **Jupiter** - (1°10') ♋5 | ♈11

([41] astromatrix.org;) The Gift From Heaven

The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Venus Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. In this case, it's enlarging the qualities of Venus: romance, relationship, pleasure, and money. This doesn't necessarily mean that all of these things will come easily to natives with a Venus-Jupiter conjunction.

([52] astromatrix.org;) Knowing Your Limitations

In the case of Mars Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Saturn tends to make Mars more cautious and conservative.

You have a strong drive for power and a lot of ambition but are often frustrated in achieving your goals by a poor sense of timing or holding yourself back because of fear or tension. The feeling can be something like driving a car with the brakes on. When active you're responsible to the extreme, taking on obligations and pushing yourself. Because of these perceived and real obstacles, you try too hard and tend to force things. Others may at times find your approach severe and hurtful.

Mars and Saturn may not sound like the most amiable dance partners, and in fact, there are plenty of negative potentials inherent in their shadow expressions. But if we look closer, we see that these planets can enhance each other in positive ways. Saturnian prudence can constructively temper rash Martian impulsiveness. Mars can help Saturnian caution or through deliberate actions that produce long-term results and success. Mars marks beginnings. It provides us with the energy to start projects, to take new actions, to innovate, instigate and move ahead. Saturn marks endings especially on a material level.

Saturn roadblocks might seem impossible to get around, leaving us feeling pessimistic and defeated. Mars and Saturn come together, and we may experience starts and stops, progress and setbacks, and constant stress of all kinds.

The impulsiveness of Mars is curtailed in the position, allowing you to make well planned decisions and stop you wasting time on nonproductive activities. It gives you much better understanding and judgment and you tend to know your limits and not overstep them. Many possible careers are possible with this aspect especially those that require extra staying power, determination and physical exercise.

19) ► **Mars** ♂ **Contra-Parallel** ♆ **Neptune** - (1°49') 0010 | 1

([185] astromatrix.org;) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

([59] astrotarot.net:) Typical features that opposition brings: you are a passionate and

emotional person. Also, you are a fighter but can suffer from being too aggressive or defensive. That kind of spirit makes you very competitive. Your instinct is simply to have what you want. You are prone to a short temper when you don't get what you want. Regardless of the rights or wrongs of a situation, you will often win because of your passion and energy. Patience is definitely not your strong point. Your responses are quick, and you are very passionate. Winning at any cost will come at a price. Your intimate relationships suffer the most. So, you must choose your battles with more care and consideration. Always try to think before reacting. In conclusion, with some self-control, you can learn to live with some minor irritations. Cooperation and letting little things ride are not signs of weakness. Also, you can apply your aggressive instincts into hard work. Standing up for the rights of vulnerable people is great way to channel your fighting spirit. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

- Negative traits: Your competitive nature means that you won't give up easily. That can cause bad moods, arguments, aggression, and conflict. Also, you hate others resisting your will. And when this happens, you respond with a personal attack. If you cannot express your emotional frustrations and anger, you may be the victim of aggression from others.

You try to be optimistic and positive about the connection you have. You can be generous and committed to your partner for the long haul.

Instead of becoming angry or possessive, your focus will be how to fix things. You love to live life to the fullest and want to commit to someone who can be your confidant and travel partner.

22) ► **Saturn** ♄ **Contra-Parallel** ♅ **Neptune** - (0°05') ♄5 | ♅1

([199] astromatrix.org:) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others

hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

23) ► **Saturn** ♄ **Parallel** ☾ **South-Node** - (1°27') ♄5 | ♀1

([203] astromatrix.org;) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

4) ► **Moon ☾ Conjunct ♂ Mars** - (2°11' A) ♏10 | ♏10

([17] astromatrix.org;) Selfishness

Moon and Mars contacts involve the psychological relationship between instinctive and emotional patterns with an ability to act decisively by applying a consistent will directed toward achieving aims. The conjunction indicates you have strong emotions and feelings which influence perceptions and decisions. Their intensity may often feel uncomfortable and frightening, especially in situations of heightened passion or confrontation. You are aware that unleashing these energies often results in displays of temper, emotional

outbursts, and anger, and that your occasional belligerent style of disagreeing with others is actually a form of self-defense.

Being overly sensitive to others' reactions and having emotional anxiety can create a mental state where you imagine that others criticize or plot against you. Before such situations are proven real, you are ready to retaliate. Until a deeper integration and understanding of these energies occurs, you may find that contentious relationships continue. Those erratic and volatile emotions help to stimulate inner agitation, and this friction spills over into your exchanges with others.

While you want to form better relationships, there are often problems with co-operation and trust, at work and in intimate partnerships. You are both attracted to and repulsed by emotional intimacy, often unable to deal with powerful feelings due to emotional immaturity; and others may sense these raging feelings and withdraw from closer contact. Rejection strikes into your deepest core. Reacting against the pain, you often strike out verbally with unkind words designed to damage and wound or throw childish temper tantrums when needs are denied. You are liable to brood on any rejection, often continuing to criticize someone to friends for a long time afterward. Perceptions of losing erode a fragile self-esteem.

One of your major problems may be self-preoccupation: concerned with your private emotional world, you fail to recognize that others have needs too, and that they are also emotionally sensitive. Your world is egocentric and revolves around your desires, expecting others to serve your needs, and rejecting attempts at compromise. Being unaware of these tendencies is no excuse; failing to acknowledge that others have an equal sensitivity is a denial of reality. If you react against criticism, then so do others from you. You need to realize that others' needs are as important as yours. Compromise between all concerned is necessary to minimize conflicts.

Emotional reactions distort your perceptions and evaluations, influencing choices, decisions, and actions; and sometimes these may contradict rationality. This apparently negative portrayal of Moon-Mars conjunctions can, however, be transformed into a more positive approach. Much depends on an honest appraisal of your relationships, and of how you deal with inner difficulties, especially identifying how you project emotional frustrations onto others close to you, making these relationships fail to satisfy and later collapse. These intense feelings can be directed toward positive aims designed to shape constructive action.

If you consciously attempt - even for a short time - to project yourself into the position of others and to imagine how life is from their perspective by seeing through their eyes and feeling through their heart, then your egocentric world may be transformed, and your latent sympathy and understanding awakened. Moon and Mars can work successfully together, once inner adjustments are made, and feelings of personal anguish and frustration are reduced by developing awareness of others' needs. Then you may

discover a new meaning and purpose to life.

There can be a crusading spirit about this energy supported by powerful, assertive Martian qualities, which can increase persistence and opportunities for eventual success. This could initiate a real transformation.

5) ► **Moon ☾ Conjunct ♅ Pluto** - (2°04' S) 0010 | 0010

[23] ([22] astromatrix.org;) The Housebreaker

This is a very versatile and intense aspect, which can give rise to sudden emotional outbursts or panic. If the conjunction is receiving other challenging aspects or has not learned to transcend the great infusion of feelings and hysteria, fear can result. This can indicate broken homes or illegitimate children.

On the other hand, this can indicate a more evolved person that has insight into the psychology and psyche of all people with whom one comes into contact.

([23] astrologyking.com;) Moon conjunct Pluto natal gives an intense and dramatic emotional life. You feel things so deeply that it is sometimes hard to control how you react to people and situations. You also experience extremes in moods and a tendency toward serious and sometimes dark moods.

Your emotions and reactions are also strongly influenced by your powerful intuition. Dreams, visions, or psychic impressions are often extremely vivid and profound. By nature, you have little control over your subconscious but your feelings and intuition can take control over your conscious intentions and actions.

In a dark mood, you may become overwhelmed by fear and paranoia. Believing that others are trying to control you, it is possible for you to subconsciously control them. Such behaviors as manipulation, lying and intimidation may follow.

Emotional manipulation is most likely to occur at home when you are growing up and in intimate relationships, particularly with women. If your mother was prying, manipulative or over-bearing then you would have learned such controlling behavior. If so, undoing this subconscious brainwashing is a major priority and a necessary task, before you can enjoy healthy relationships.

Thankfully, your powerful subconscious has tremendous powers of regeneration and transformation. You can easily learn psychological self-analysis and other techniques for accessing deeply buried memories and feelings.

Meditation, astrology, dreamwork, and past life regression are some more natural ways to positively transform sinister emotions or destructive behaviors. Your powerful subconscious is capable of amazing things. You can make things happen with the power of your mind.

7) ► **Venus ♀ Conjunct ♅ Uranus** - (7°26' A) ♄5 | ♄5

[44] astromatrix.org;) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in

social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

8) ► **Mars** ♂ **Conjunct** ♄ **Pluto** - (4°15' S) 0010 | 0010

([55] astromatrix.org;) Personal Determination

This aspect should give you considerable physical energy and vitality which you can apply to tasks requiring persistence, determination and endurance. The energy can tend to amplify any self-centered tendencies in you, stimulating your desire nature and setting goals to achieve which would be primarily for your own personal benefit and satisfaction. In your intimate relationships, you may be too forceful and aggressive.

The Pluto energy will tend to make you too possessive and demanding of a partner; and you may attempt to dominate by your sexual expression. As you mature more, you may discover an increasing interest in and awareness of social concerns; and this can be a fruitful channel through which to express your vitality and talents.

9) ► **Saturn** ♄ **Conjunct** ♅ **Uranus** - (10°20' S) 05 | 05

([68] astromatrix.org;) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these

can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-

making and structure, so that your life and inner nature begin to take distinct form again, creating a stable foundation from which to work.

23) ► **Jupiter** ♃ **Opposition** ♅ **Uranus** - (7°17' S) ♈11 | ♎5

([191] astromatrix.org:) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

with others.

If you can keep your boundaries clear and strong, you can show the best of your strengths as a nurturer and caretaker. You can be a compassionate healer and facilitator for growth and rebirth for those you love.

You may prefer to be alone much of the time, not because you can't get along with people, but because you prefer to be free to program your own time. Other people may keep you from doing this, so that you feel you cannot accomplish what you need to.

You are likely to identify yourself as being different from others, because you feel that if you are just like everyone else, you are less of a person. Everyone follows some kind of pattern in order to feel unique, and yours is simply to be different.

You are capable of working with others as long as you feel that you share common goals. In fact, you can work very hard for a belief in something higher than yourself, usually a belief that is radical or unusual.

36) ► **Mercury** ☿ **Sextile** ♆ **Neptune** - (2°15' A) ♏11 | ♏1

([248] astromatrix.org:) The Inspirational Thinker

The sextile offers a more fluent and easily flowing contact between Neptune and Mercury than the conjunction, one which can be better expressed in daily life and where the faculty of imagination can be beneficial both to yourself and to others.

Neptune adds an emotionally vitalizing quality to your mental creations, and to areas

where an intuitive insight can sometimes offer surprising solutions to personal dilemmas. There is less evidence of the illusions which are often associated with Neptune contacts, and you help to dispel the build-up of any by having a fairly discursive and evaluative mind which carefully sifts through experience and information and attempts to transform it into usable knowledge.

There is likely to be an inherent curiosity at work, able to explore behind appearances and not being susceptible to accepting ideas or people at face value. This aspect is often found in the charts of successful writers, creative individuals or those involved in media communications, those who have an ability to perceive clearly and broadly, to represent a variety of opinions, attitudes and beliefs, and who have a wide and tolerant perspective on life. The spheres that the creative potential of this aspect can attract you towards include journalism, education, media, art, social programs and welfare.

As there is a natural intelligence, this often implies the pursuit of more advanced knowledge or skills through college / university education. This can tend to lead to associations with others who have an intellectual bias, and those with a developed sense of social responsibility. There are idealistic tendencies within you, but less glamour than most, and you should ensure that you succeed in maintaining a realistic perspective with your social optimism.

Your fertile imagination and keen perception can lead to contributing towards expressions of social change, of alerting the general public to possible or existing social dangers. Within relationships, you are able to maintain a close and loving partnership and family, and friendships are similarly rich and rewarding, as you are relatively easy to get on with and good company.

You have the potential of inspirational qualities, and if these are developed, then you may become a leader or spokesperson for some affinity group, representing it ably. There can be a subtlety to your thinking and strategic planning that some may find surprising, yet it can be carefully evolved to avoid direct confrontational opposition, especially with more powerful social adversaries.

The only points that you may need to be wary of are being distracted by others and losing your momentum by following side-tracks. If this happens, it is partly your own fault as you are obviously not clear enough regarding what you intend to do, and you may need to clarify your intentions and aims sufficiently so that such false routes are rarely taken again. These cases apart, you have a lot of scope in taking personal advantage of what this aspect can offer to you.

You need to develop more self-reliance now, as in the past you may have been under the guardianship of the family. You may be approaching maturity; learning to take responsibility, and the cosmos has lent you this extra bit of assistance. Self-discipline is one of the strongest, most positive features of this aspect that can be utilized for good works. When working constructively, the aspect has produced champions of all sorts. When organization, patience, methodology, and self-pacing are combined, there's no limit to the potential achievements you can make.

Saturn, best known as the taskmaster, brings some challenges. Sometimes this manifests itself as health problems in youth, although you may ultimately enjoy increased longevity. Struggles in life may be seen coming from the house of Saturn. These tests contribute to the development of patience and self-sufficiency. Watch out from being too conservative or taking the easy road to avoid risk taking.

Your levelheaded wisdom and competent resourcefulness will allow you to achieve your goals without much opposition. You have a good sense of timing which will help you gain respect from authority and go places. Be careful not to conform too much to unnecessary or illogical societal values out of a desire to stay on top.

([397] astromatrix.org;) Emotionally Tense

Opportunities: 1. Finding Your Direction in Life 2. Getting a Friend's Advice

Challenges: 1. Growing Up 2. Balancing Reason and Emotion

Your emotions are quite strong and are very important to you, but you will have to resolve certain tensions. First of all, your needs and feelings may often conflict with what other people seem to expect of you. Or you may feel like going one way even though you know it would be better to go the opposite way. The problem is, there is no one answer as to which way you should go each time. Your feelings are sometimes more correct than rational judgments, which may be based on ideas taught by others with no thought for your individuality.

You have to live with others, but at the same time you have to be yourself. If reason tells you to go one way and emotion says the opposite, think about your choices carefully. If the 'reasonable' path helps others but offers you very little, then your emotions may be trying to tell you what your real needs are. On the other hand, your feelings may come from old, outdated ideas and silly childish fears.

You may be reluctant to face the world of growing up. You will need the advice of a faithful friend, perhaps one of your parents, who can show you which choice is best for you without having a stake in the result. As you get older, you should be able to make these decisions more easily.

Your emotions and ideas about your life should reinforce each other. Take your time growing up, however; you may take longer than others, because you have farther to go.

47) ► **Midheaven** MC **Square** ♂ **Mars** - (0°26' A) ♃7 | ☾10

([430] astromatrix.org;) The Dominator

Opportunities: 1. Being Equals with Others 2. Playing the Long Game

Challenges: 1. Getting Past Defensiveness 2. Dealing with Authority Figures

You will tend to work against yourself until you really understand who you are and what

you are doing. Your immediate desires, especially if they are compulsive and urgent, may actually prevent you from getting where you want to go in the long run.

Try not to be shortsighted, and do not assume that people who warn you of this are simply trying to hold you back. You may be rather suspicious of such people and assume that they are just trying to dominate you. This is because you sometimes try to dominate others for no particular reason. Also, you sometimes pick a fight just because you are suspicious of someone. You try to seem confident and self-assured; probably you will be when you are older, but now your aggressiveness comes from a lack of self-assurance, from a fear that others will see your inner weakness and take advantage of you. Actually, most people don't want to bother; the aggressiveness you see in others is really a reflection of your own.

Your relationships with male authority figures may be quite difficult, because you see them as challenging rather than trying to help you. It is difficult for you to acknowledge that someone has a right to be above you. This could be a serious source of trouble with employers. Basically, the challenge of this aspect is to learn about yourself and your limitations, so that you can have self-confidence. Then you will no longer see need to challenge others for no reason, and you won't fear challenges from them.

48) ► **Midheaven MC Square ♅ Pluto** - (3°49' S) ♄7 | 0010

([452] astromatrix.org;) Desire For Change

This aspect indicates that you will have to make a special effort to get along with people. You must make it clear that you do not try to fulfill your goals in life at their expense, and that you will not allow them to take advantage of you either.

A very ambitious person in youth, you probably picture yourself as being quite important when you are older. This can be a very constructive attitude, but it will be difficult to achieve your ambition unless you are able to get along with others, to give them a constructive part in your goals. Also, it is very important that you play the game of life honorably and adhere to high ethical standards.

You don't need to worry that doing so will be dull, because whatever you get involved in, you make it exciting and powerful. You have a strong desire to bring about change in your world, and you may want to be a reformer and rebuilder. However, you should not try to get power simply for its own sake. You have to use the energies of Pluto for a purpose higher than yourself.

It is perfectly permissible to be personally rewarded by your work - you do not have to be totally self-denying - but personal gain should not be your principal motivation. A born psychologist, you should be able to gain great insight into human behavior. But again, you must not use this knowledge for personal gain or to manipulate others. Eventually you may choose a profession that will use this knowledge.

([403] astromatrix.org;) Waiting For Better Weather

Opportunities: 1. Being Loving 2. Channeling Creative Energy

Challenges: 1. Avoiding Overindulgence 2. Dealing with Disagreements

([376] astrotransits.com;) In general, unwise spending, passivity, and laziness are the theme here.

([377] thefutureminders.com;) Motivated by pleasure, you tend to look for people and things that gratify you. While generally an enjoyable day, certain conditions may make you aware of what is missing in your life. By recognizing any discord, you can take steps to harmonize whatever is out of tune. Expressing happiness often depends on being noticed and appreciated. When unfulfilled for any reason, you may prefer to indulge yourself - especially with sweets. Love yourself and others regardless of the conditions.

([378] astrologyking.com;) There is a need for love and affection but you have to make the effort by first giving the love. Things will only turn ugly if you use people to satisfy your need for pleasure, or if you spend too much money on things for short-term enjoyment. The need to express Venus's energy can also be positively channeled through art and craft.

50) ► **Sun** ☉ **Square** ♄ **Saturn** - (0°41' A) ☿2 | ♄5

([381] astromatrix.org;) The Struggle For Success

The issue of self-esteem and worth is highlighted, and you may experience a degree of hidden insecurity and fears of full involvement in life. You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them.

At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable. Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start.

Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more

suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others.

There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships. Cooperation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships. You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem.

Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

51) ► **Mercury** ☿ **Square** ♀ **Pallas** - (1°31' S) ♃11 | ☿2

([578] 12andus.com:) Your critical thinking and intellectual skills may put you at odds with your sense of mission or purpose.

You may be tempted to overthink things or miss out on pertinent information that would help you form an opinion that matches your instincts. You may want to be an advocate and planner but feel that you are not suited to fulfill your mission just yet.

By overcoming obstacles to fully understanding situations that are important to you, you can become a spokesperson or advocate for change. You may react without fully thinking things through or with incomplete information at first, causing you to have to

change your plans.

52) ► **Mercury ☿ Square ♁ Juno** - (7°11' A) ♈11 | ♊9

([595] 12andus.com:) Though you want to have a long term committed partnership, you're really looking for someone to stimulate your mind and inspire your creativity.

When you find this ideal match, you may have to struggle slightly to get used to the idea of commitment. The notion makes you feel confined sometimes and you may need to adjust to the idea of sharing ideas but also space in a relationship.

Working through the feeling of being fenced in will ultimately make you successful in maintaining your relationship long term.

53) ► **Venus ♀ Square ♄ Chiron** - (2°13' A) ♋5 | ♏8

([120] astrotarot.net:) Typical features that this square brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. With the square, your sensitivity becomes a blocking hypersensitivity. It creates obstacles to the smooth progress of love and intimacy in your relationships. There is a tendency to avoid intimacy due to your unwillingness to expose your vulnerable side. And you can therefore come across as cold, distant and unloving person. This will very quickly put the brakes on much of your relationship potential. This natal Venus – Chiron aspects can make you especially high-maintenance. That is because you demand a partner who can feed your sense of wounded affection whilst you are simultaneously unwilling to give very much in return. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help.

- Positive traits: You are very emotional and sensitive person. Also you are giving person.

- Negative traits: With this Natal Venus – Chiron aspects you may be easily offended and hurt. Problems can occur because you are unable to communicate in a way that harmonizes with others.

54) ► **Jupiter ♃ Square ♆ Neptune** - (3°13' A) ♈11 | ♏1

([434] astromatrix.org:) The Seeker Of The Dream

The square aspect tends to indicate great promise which is usually frustrated by the more negative qualities of these two planets. It is the potent dream world that you create

which is both the source of your creative potential and the cause of your challenges in actual achievement. The problem is that often your dreams remain just dreams, an inner world into which you retreat, a world that you invest much energy in maintaining. Dreaming becomes too addictive for you, and your life becomes just an unrealized dream. This frustration is often caused by a lack of self-discipline and too much self-indulgence and time-wasting.

Concentration is poor, and discrimination in decision making can be virtually non-existent at times, as well as being hampered by an unconscious attraction towards flawed ideas and projects. The influences of others are powerful, and you are often pulled from side to side as alluring ideas take control of your dreams. Even when you begin to anchor an idea or intention, what occurs is that it is soon revealed to have flaws, in that faulty logic and reasoning have already eroded firm foundations, and it is seen that those ideas lack real substance and an ability to deliver.

Financial awareness is another area where you are rarely at your best, due to the distortions of Neptune and the expansive over-reaching of Jupiter. By unwise actions and lack of preparation, you can create financial problems for yourself quite easily. Your nature is a little other-worldly, running away from the realities of the physical-plane life, and you may have an ongoing struggle to shore up a collapsing ordinary life when your attention has been elsewhere for too long. You tend to become lost in cloudy visions, unable to see clearly through those mists and inner fogs.

The real world can feel oppressive and too restricting, and you want to shake it away, yet really you need to properly face it, or you will receive many more rude awakenings from those inner dreams. Yet you are often generous and sympathetic with others, having a good heart which is also liable to be abused and taken advantage of by less understanding people.

You can lack discrimination towards those in whom you place your faith and trust. That tendency to be gullible and naive will be present, and you may find that others use you as an excuse for their own failings, placing any blame on your shoulders. There can be the 'victim syndrome' operating through your unintegrated Neptune. Because both of these planets have similar characteristics, it is likely that you will express both of their more negative dimensions. This can cause a blockage in action, hesitancy over decision-making. Relationships can pose problems; distortions and misunderstandings may be common, your consistency questioned, or a liability to be emotionally abused is likely.

Offering your heart to unsuitable lovers is probably inevitable at some point. What keeps you going? Dreams ... you dream of exotic adventures, exotic lands, exotic mysteries. You find it very difficult to settle in this world. A tendency of restless wanderlust is common, on physical, emotional and mental levels. Contentment is rarely found. Yet it need not be like this, as many of these frustrations are of your own making, and certainly

the potential is there waiting to find channels of expression through a disciplined control being applied. It may be difficult, but facing reality, conforming to its restrictive limitations and learning how to be more practical could be the key to success. Some of those private dreams could become real if you became more concentrated and dedicated to achieving one at a time, instead of withdrawing when the going gets tough.

The first step is to become aware of your receptive patterns, to see how they operate, see what consequences occur, see the point where things fall apart. Then, resolve to change that pattern, put more thought into building the dream, more realistic self-evaluation, more discipline and effort placed into making that intention successful. By slowing the process down, and by applying yourself more consciously to what you are doing, you may be able to transform this pattern of frustration into one of future success - it could be well worth the effort.

55) ► **Jupiter** ♃ **Square** ♄ **Ceres** - (4°02' S) ♎11 | ♋8

([563] 12andus.com:) You want to nurture others in grandiose ways but your intentions are not always well received.

You aim high but then end up frustrated when your efforts aren't appreciated. Others may also misinterpret your nurturing style and misunderstand your intentions.

You may also distract yourself from your connection to others and get caught up in pleasure seeking behavior. This can lead you to make big promises but not always follow through.

When you channel friction as motivation, you can be inspiring, idealistic and empowering to those you love. You can balance your desire for pleasure and independence and your role as a mentor and leader to others.

56) ► **Saturn** ♄ **Square** ♃ **Pallas** - (5°24' A) ♊5 | ♏2

([582] 12andus.com:) Your traditionalist approach and concrete style of thinking can make it challenging for you to follow your goals.

Though you have a specific idea of exactly what you want to manifest and how you want to bring your plans to fruition, you may often be frustrated when trying to build the foundation you envision.

You may have a hard time letting go of the ideas of how you think things should be done in order to embrace new possibilities. You may also wander in circles trying to get together the courage to move forward. You need to feel secure before you embark on a new venture.

Your strategy may need to simmer first while you reflect on the past and what has or has not worked for others. You may have to develop greater patience as well and this is not

always your strong suit.

57) ► **Saturn** ♄ **Square** ♅ **Chiron** - (5°07' S) ♄5 | ♄8

If you don't connect with this real, human side of yourself, you're blocking a profound source of wisdom. You need to allow yourself to be weak from time to time. That can help you build up with determination to make improvements. There is a tendency to ignore your feelings repeatedly until they come out in disruptive ways. Combatting this self-destructive pattern involves setting aside time to acknowledge and connect with your personal suffering and pain. Keep in mind that anger is a defense mechanism planned to avoid feelings of sadness, loss, or rejection. You face the same situations over and over again, and always you feel like the victim. Unless you challenge yourself to work through your defenses and need for freedom and find your deeper emotional nature, you may miss opportunities to show others your love.

You may struggle to express your love in emotional ways. Instead you try to intellectualize your feelings. You may even convince yourself that you have to deflect or hide your deeper emotions.

You may be quick to disconnect from loved ones who need support because you don't want to be overwhelmed by their feelings.

71) ► **Moon ☾ Trine ♆ Neptune** - (8°00' S) ♀10 | ♏1

([317] astromatrix.org;) The Artist

Both the sextile and trine aspects of Neptune to the Moon are often found in the charts of artistic and creative people, especially those with a personal interest in increasing the amount of beauty and goodness in the environment of social life. This can manifest itself in a variety of ways, from improving someone's living conditions, through more aesthetic cultural appreciations, to enjoying a well-made film or admiring an evocative painting of harmony and beauty.

The trine indicates the potential for a successful resolution of these two planetary

energies, so that inner imaginative and sensitive life is integrated with a suitable form of outer expression. As there is a tendency towards environmental hypersensitivity, you need to discover a way of response that allows you to use this perception in creative ways, through revealing to others this more subtle and perhaps hidden invisible dimension of life, so that they too can appreciate and contact the vitalizing, uplifting and inspirational quality of the inner realms. This is why this aspect can often be found in those who are dedicated to film, dance and the arts as revealers of enriched perceptions of life, and where the Neptunian muse works through into the world.

You are likely to possess such innate talent, and, provided that you make the effort to manifest your inner imaginative dreams - perhaps associated with your Venus - then you can be productive. If, however, you have a weak or badly aspected Mercury, Saturn or Mars, then you may have certain obstacles to overcome before your dreams can turn into reality. Otherwise, you may be able to offer rich dramatic artistic creations for the stimulation and enjoyment of others.

Generally, you are a beneficent spirit, warm and compassionate to others and aware of the social dimension to life. Yet you may be more attuned to applying your energies in a distinctly creative manner than to being preoccupied with more direct social action, believing that creativity is the best way for you to contribute towards the advancement of society.

Your interest is usually in the unfolding of individual potential, and you can place much effort into encouraging this in others, especially your family and younger people. Sometimes, though, you may be a little self-centered in attitude - especially when under the influence of an artistic muse - and prefer to be freer from social or family obligations in order to concentrate on releasing your creative spirit.

In relationships, you prefer a partner to have independent interests and the ability to be more self-reliant and not excessively dependent on you. Partners should have a corresponding artistic appreciation and sensitivity, culturally developed so that mutual understanding is present. It may be that your creative spirit is fully satisfied by the creation of projects which can have a direct benefit for others, which contribute to improving social conditions in some way.

From these you too would benefit as the quality of the social environment improves, and so diminishes the level of negative impact that it can make on you. There can be a prophetic element in your creativity; intuition, related to people and directions, can play a vital role in your life, and art can give direction or voice to underlying social needs too. This is the psychic dimension operating; it requires attention.

Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

Contra-Antiscia: Opposition.

You are easily inspired to share messages you feel are divinely inspired. You may write, speak or teach subjects that are focused on service to others.

You can become enthusiastic about your mission and everything about your mindset is dedicated to service and spreading knowledge about connection to a spiritual mission.

You easily find hope even in difficult situations and you believe it is your duty to help spread hope to others. You may be committed to educating others even at the sacrifice of subjects or lessons that were important to you.

([52] astromatrix.org:) Knowing Your Limitations

In the case of Mars Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Saturn tends to make Mars more cautious and conservative.

You have a strong drive for power and a lot of ambition but are often frustrated in

achieving your goals by a poor sense of timing or holding yourself back because of fear or tension. The feeling can be something like driving a car with the brakes on. When active you're responsible to the extreme, taking on obligations and pushing yourself. Because of these perceived and real obstacles, you try too hard and tend to force things. Others may at times find your approach severe and hurtful.

Mars and Saturn may not sound like the most amiable dance partners, and in fact, there are plenty of negative potentials inherent in their shadow expressions. But if we look closer, we see that these planets can enhance each other in positive ways. Saturnian prudence can constructively temper rash Martian impulsiveness. Mars can help Saturnian caution or through deliberate actions that produce long-term results and success. Mars marks beginnings. It provides us with the energy to start projects, to take new actions, to innovate, instigate and move ahead. Saturn marks endings especially on a material level.

Saturn roadblocks might seem impossible to get around, leaving us feeling pessimistic and defeated. Mars and Saturn come together, and we may experience starts and stops, progress and setbacks, and constant stress of all kinds.

The impulsiveness of Mars is curtailed in the position, allowing you to make well planned decisions and stop you wasting time on nonproductive activities. It gives you much better understanding and judgment and you tend to know your limits and not overstep them. Many possible careers are possible with this aspect especially those that require extra staying power, determination and physical exercise.

([150] astromatrix.org;) In Your Own World

Opportunities: 1. Embracing Your Journey of Self-Understanding 2. Judging Success on Your Terms

Challenges: 1. Finding Your Inner Security 2. Avoiding Co-Dependent Relationships

You are very concerned with your inner personal world and less influenced by others' ideals and expectations than most people. You are 'inner-directed' to an unusual extent, and you rate the importance of matters in your world according to very personal reactions.

All of your life, you will be more subjective than most people. You are not principally concerned with achieving anything that others would consider great or significant. For you, it is important to have your personal world - your home, parents and family - operating smoothly. You may always be attached to the place where you grew up, and even if you move away you will have strong emotional and psychological ties to this place.

As you grow up, the ideal home situation is one in which there is very little turmoil; you need a more secure and stable home life than most. Without it, your self-confidence and ability to be independent will be severely hampered. You might even become dependent on someone else for the rest of your life. However, if you are allowed to develop in a secure environment, you will become a very strong person upon whom others can always lean.

Your success will come through self-understanding rather than through playing the games of the outside world. Self-esteem is more important to you than the esteem of others.

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-

workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.)

The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 29° **Libra** 5' and in the **5th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 4° **Aquarius** 47' and in the **9th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 11° **Pisces** 8' and in the **10th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 21° **Gemini** 24' and in the **1st** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 4° **Libra** 43' and in the **5th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 14° **Sagittarius** 40' and in the **7th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 27° **Libra** 6' and in the **5th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face

and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 14° **Leo** 20' and in the **3rd** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 7° **Gemini** 45' and in the **1st** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in First house (Aries): the sword, or impatience

Lots related to family:

The **Lot of the Father** is in 16° **Pisces** 16' and in the **10th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 26° **Capricorn** 46' and in the **8th** house.

Same as for father.

The **Lot of Siblings** is in 4° **Capricorn** 33' and in the **8th** house.

The **Lot of Children** is in 29° **Scorpio** 14' and in the **6th** house.

The **Lot of Daughters** is in 1° **Capricorn** 39' and in the **8th** house.

The **Lot of Sons** is in 11° **Cancer** 28' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 19° **Gemini** 50' and in the **1st** house.

The **Lot of Marriage for Men** is in 14° **Gemini** 2' and in the **1st** house.

The **Lot of Deceit in Marriage by Woman** is in 19° **Gemini** 1' and in the **1st** house.

The **Lot of Deceit in Marriage by Men** is in 14° **Virgo** 42' and in the **4th** house.

The **Lot of Marriage (in general)** is in 2° **Sagittarius** 8' and in the **7th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 9° **Sagittarius** 55' and in the **7th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 7° **Sagittarius** 27' and in the **7th** house.

The **Lot of Treachery** is in 26° **Libra** 54' and in the **5th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 27° **Capricorn** 34' and in the **8th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 26° **Capricorn** 46' and in the **8th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Gemini (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 3rd House/Gemini: An extensive word bank has trouble reaching your mouth and fingertips, leading to keen improvisational skills. You find yourself with a plethora of data and seemingly useless trivia. You may have 'foot-in-mouth disease,' in which you try to say so much at once that it comes out jumbled up, or you may say one thing innocently and accidentally offend others, as your words carry a lot of power. Each day, something surprising happens to you and you've started to get the feeling that the world is out to get you. This is because this placement means torrential every day travel, wild siblings and an interesting neighborhood. You can at least say that you're never bored. You may have made a lot of mischief in grade school, or read an asinine amount of literature. Keep in mind that, no matter what trouble your mouth gets you into, tomorrow is another day with fresh possibilities.

Pholus in 1st house

(12andus.com;) You may have a very mobile and transient lifestyle. You can be a strong advocate for healing but also a catalyst for dramatic change for others.

Difficulty and hardship can influence your outward personality and physical image. At the same time, small efforts you make through your personality, body language and outward appearance, can trigger significant events to unfold in your life.

These events can be miraculous or catastrophic, but regardless will lead to breakthroughs or awakenings. Facing issues with image, appearance and identity will lead you to greater breakthroughs. Restrictions or issues with deception can undermine your image or identity.

You may have a toxic flaw that influences your sense of self or you may have to heal from a toxic and inaccurate self-image. Steps you make to try to assuage your

insecurities, especially your self-image, can prove to be damaging in or toxic to your well being in other ways.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Capricorn

(12andus.com:) You may be obsessed with materialism and success.

You may have a sexual desire involving affairs with a boss or colleague or involving sexual encounters in the workplace. You may also be sexually attracted to older partners or partners who are discreet, practical and old fashioned.

You may fetishize an affluent lifestyle and will be turned on by the wealth of your partner. You may be specifically attracted to a sexual partner because of their wealth or perceived power as well.

You are also drawn to status. You fantasize about how a sexual connection or romantic affair can lead to a dramatic change in your own social status. If your partner showers you with luxury and expensive gifts, you will become more sexually aroused.

You may be receptive to a partner who treats you to luxurious weekends away or who is able to provide for your material needs.

Eros in 8th house

(12andus.com:) You express your sexual interests in powerful ways.

You may need to feel like the authority figure in sexual encounters. You may also use sexual exploration as a means or rebirth and transformation. You are excited by some level of risk taking.

Taboo expressions of sexuality are also appealing to you. Obsessive and deeply erotic relationships appeal to you. You may be intense and determined to explore sexuality with partners who make you feel like you are being profoundly transformed.

You may also use sex as a way to find power and control. Your approach to sexuality can be possessive and you may be drawn to dominating your partner.

You may also be aroused by sexual experiences that blur the line between pleasure and pain. You may feel excited by combining sexuality and the occult or supernatural.

Your sexual interests may also be fueled by desire for deep levels of intimacy and

intuitive, emotional connection.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Sagittarius

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for

manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him "how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Nessus in 7th house

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someones Nessus falls in your 7th house then that person will show the above qualities.

Quaoar

A very high vibration. Quaoar will introduce change not to rock the boat, but to offer the new path. A mark of genius, “out of the box” creativity. "Darn, this is a mess and I'm

going clean it up once and for all." "I've never done this but I have to do this."

Uranians/ Hypothetical Trans-Neptunian Planets

From the Hamburg School of Astrology. Alfred Witte and Friedrich Siegggrun. Out of the turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:~) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send

humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for

everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:.) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Requiem

(main-belt-astrology.blogspot.com:) Requiem is a word in Latin that means 'rest' and it is almost exclusively associated to any form of giving a farewell to the deceased. The name is dedicated to the mother of the discoverer, who died on the same day that it was discovered the asteroid.

[1] side of you which regularly grates or tires out when overused; trait you must often cut short even while it's going well in order to avoid upsetting others

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

ASELLUS AUSTRALIS (18° Cancer 28') is **(0°45')** of (1°30') close to the **Sun** (19° Cancer 13').

[1] (- - - -) august 1-3 Sun-/Martian - eye trouble, mass murder, horrors, self-willed, uncooperative, dramatic /choleric, introverted, romantic/individualist, possible histrionic

[3] Both north (Borealis) and south (Australis) stars influence the effects and perhaps double the power of the Sun and Mars in one's astrology chart. The stars are a positive power in conjunction with an Ascendant, Midheaven or Stellar bodies of Sun and Mars.

The fixed stars known as the North and South Asellus are two stars that are read together as a team to reach a conclusion. This stormy stellar double-header releases powerful psychic energy, which if harnessed and projected calmly will guarantee success.

This is a great time for dealing with the public and influential people... and generally getting ahead with a little help from friends. Remember that positive thoughts and actions will reap positive results and positive rewards. This is a challenging aspect to have in one's astrology chart, but if well managed and enough self-awareness shown. The growth of the person will be tremendous. Shifting from a young soul to an old soul this lifetime around.

Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of dark experiences of low self-esteem and depression. Violence and anger seem to follow this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[4] Both these fixed stars correspond to the effects of Sun and Mars. They are therefore a positive influence if in conjunction Ascendant, Midheaven or stellar bodies of the same character, and especially if with Sun and Mars. These people have an aggressive nature, and will not take insults easily. They may, by their own lack of caution or by being dare-devils, put their life in danger, and will not hesitate to use brutal and violent means. The strong Mars influence, emanating from the Aselli, must not necessarily be thought of as a destructive element. If a person is able to sublimate the Mars energy, then extraordinary output of achievement is possible.

[6] Asellus Australis rule the top of the heart in the human body.
