Life Path Number: 7 = (1+5) + (1+1) + (1+9+8+8)

([659] numerologycalculator.online:)

The Intuitive

The Life Path 7 suggests that you entered this plane with a gift for investigation, analysis, and keen observation.

You are a thinker of the first order. You evaluate situations very quickly, and with amazing accuracy. As a result, you are thorough and complete in your work, the perfectionist who expects everyone else to meet a high standard of performance, too.

It's easy for you to detect deception and recognize insincere people, and you avoid them. You aren't one to have a wide circle of friends, but once you accept someone as a friend, it's for life.

You need a good deal of quiet time to be with your own inner thoughts and dreams. You dislike crowds, noise, distractions, and confusion.

You rely heavily on your experiences and your intuition, rather than accepting advice from someone.

In the most negative use of the 7 energies, you can become very pessimistic, lackadaisical, quarrelsome, and secretive. A Life Path 7 individual who is not living life

fully and gaining through experiences, is a hard person to live with because of a serious lack of consideration for others. This may be why some 7s actually prefer living alone.

Fortunately, the negative 7 is not the typical 7.

Expression (Destiny) Number: 2

([659] numerologycalculator.online:) The number 2 Destiny suggests that the direction of growth in your lifetime will be toward gaining an understanding of people and a greater spiritual sense of the world around you.

A name producing a 2 Destiny gives you the tools to work very well with other people. Your destiny will be, in part, in the role of the mediator and the peacemaker. As you grow in this direction, you become sensitive to the feelings of others, you become diplomatic in handling complicated situations.

The spiritual potential for the 2 Destiny is very high. You have the capacity to be inspirational, and the ability to lead merely by your own example.

An inborn inner strength and awareness can make you an excellent teacher, social worker, philosopher, or advisor. No matter what area of work you pursue, you are very aware and sensitive to the highest sense of your environment. Your intuition is very strong; in fact, many psychic people and those involved in occult studies have the number 2 Destiny. Indeed, the 2 has a spiritual connection not found in other numbers.

In many ways you are dependent on others and seem to function best in a partnership or in some form of group activity. As you mature, modesty will run deeper in your nature, and you must work comfortably without recognition of your accomplishments. Often, others will get credit for your ideas, and this must be of little real concern to you as you skill as a team play progresses. Cooperative, courteous, and considerate, you have the capacity to become an outstanding facilitator. You will have the capacity to organize and handle people, just as you will handle detail, rarely overlook anything.

As you fulfill your destiny, tactful and friendly behavior will increase your popularity, and nearly everyone will like you. Perhaps this is also because you are more content working with your ideals, rather than dollars and cents.

The positive aspect of the number 2 Destiny is an always idealistic attitude.

The negative 2 personality can be oversensitive and easily hurt. Too much of this number in your makeup can make you very shy and uncertain. Sometimes the excessive 2 energies makes one apathetic and somewhat indifferent to the job at hand; the ability to handle details is hampered in these cases.

Some 2s, struggle with a continuous sense of nervous tension; you may be too sensitive and temperamental. You tend to dream a lot and may be more of a dreamer than a doer. Fantasy and reality sometimes become intermingled and you are sometimes very impractical. You tend to want to spread the illumination of your knowledge to others

irrespective of their desire or need.

Life Path - Expression Bridge Number: 5

([660] numerology.center:) Number 5 means that you are a person whose choices don't distinguish with originality. You are rather predictable in your actions. People with the bridge number 5 usually don't realize their innovative nature. But it lets them succeed in numerous fields. If 5 is your number, it is necessary just to hear your inner voice and to experiment with different approaches. Try to express your point of view braver. Sometimes it is even necessary to take risks and to be more open with your ideas. From time to time you are too stiff and inflexible. These are not the best traits for successive achievements. Try to change it and become more tolerant and able to find a middle ground.

Life Path 7 and Expression 2 or vice versa:

It is a wondering combination which leads to some conflicts in your soul. You have two different traits which are very difficult to go together. On the one hand you are a delicate, sensitive person, who needs to be loved. But on the other hand you are very private and put up the boundaries which don't let other people be closer to you and give you warmth and attention you require so much. One of your traits is self-pity. That is why any little problem in your relationships seems like a big deal for you, especially if the problem is criticism. But you have great potential. Number 7 gives you analytical abilities and number 2 bestows you with intuitive power.

Heart's Desire (Soul Urge) Number: 2

([659] numerologycalculator.online:) People with this soul urge are the natural peace keepers who seek to bridge gaps and bring others together in the spirit of harmony and cooperation.

You want all the facets of your life to revolve around peace, harmony and balance. You are a person of unwavering devotion. This applies to all areas of your life as well, and to all your relationships. Your perpetually heightened emotional state can make you extremely sensitive. You may have extreme emotional reactions to art, music, movies, stories, etc.

Your sensitive nature also leaves you with a very developed intuition. The only problem is that you don't trust it. This is one obstacle that you will learn to overcome but it can take quite a bit of time. You grapple with other areas of self-doubt as well. You have a tendency to undervalue yourself and your role in any given situation. Through all this, you are a source of strength to the right people. Your ability to lend support where it is needed draws them to you.

Personality Number: 9

([659] numerologycalculator.online:) The nine personality is naturally charming, very

well-versed in many subjects, and very idealistic and positive.

This personality is seen as conscientious, inspiring and having a strong charisma and influence. Nine personalities tend to be naturally able to lead groups of people and others tend to gravitate towards their strong positive energy.

People with Personality Number 9 embody highest principles of mankind.

They are very tolerant and genuinely love everyone. Their willingness to heal others and compassion are boundless.

They are powerful enough to show other people the roots of their problems, even future ones.

Numbers 9 radiate care for others and warmth. They don't act impulsively and always act properly when they want to succeed.

Others appreciate persons with Personality Number 9 for their pure goodness. Such people are well-liked by others for generosity, forgiving nature and warm heartedness. They are noble, kind, sincere and have high principles that motivate them.

Heart's Desire - Personality Bridge Number: 7

([660] numerology.center:) You are a person who needs to stay alone from time to time to think about the chief things in your life. You have many questions and you need answers to reach inner calmness. Solitude influences you beneficially. It helps you to concentrate on the things which disturb you. Being alone, you obtain confidence and calmness. You get satisfaction from getting new deep knowledge and understanding of what is going on.

You are a person with many thoughts and ideas. There are so many things in the world interesting for you. Stay alone as long as you need and take your time for the planning of your actions.

Quiescent Self Number: 9

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 9 are likely to imagine doing things that profoundly affect the welfare of humanity. They generally see themselves as a great humanitarian, eager to be of service for the betterment of all humanity.

The energy represented by the number 9 resonates with humanitarianism, compassion,

philanthropy, idealism, and tolerance.

Someone with this quiescent-self number tends to visualize supporting and perpetuating effective social organizations whose goals relate to the welfare of humanity. They tend to feel an affinity for the human race and feel pleasure in inspiring others on a broad scale.

Their thoughts, when alone, tend to relate to a perceived ideal scenario of people being benefitted within an atmosphere of compassion and tolerance.

Maturity Number: 9 = 7 + 2 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with selfless service to humanity. You're being called upon to work with giving and contributing without thought of personal reward, letting go of "self" in order to learn to be of service to others, and to learn not to attach to particular outcomes.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to balance the needs of others with your own needs to center stage. Situations will arise highlighting your need to service a higher need or purpose, to delve into a spiritual path in full force, and to use your extraordinary talents to heal, perform, write, teach or be a philanthropist.

What that might look like:

- Dealing with "loss" on many levels in order to surrender to your spiritual path.
- A realization that self centeredness and lack of understanding others' perspectives feels dissatisfying.
- Opportunities arise to be of service and use your compassion and charisma to make the world a better place.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality

Number).

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 8

(Month + Day) - from age 0 to 29 (based on LPN) - ([665] feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These

are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 1 Number 8: First Pinnacle: If yours is an 8 First Pinnacle, chances are that you may become involved and interested in business or commercial activity at a very young age. You may be the kid who mows lawns and starts his own business or perhaps you tap into a more aggressive 8 energy and find another money making endeavor that surprises the adults around you. Your focus and dedication to your entrepreneurial enterprise is unyielding. Yet you most likely will face limitations and restrictions, which you'll find these frustrating or just downright debilitating. You excel at practical thinking. You'll be tested severely from an early age in the realms of personal power.

Second Pinnacle Cycle: 5

(Year + Day) - from age 30 to 38 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you're experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it's hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about

change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It's all up for review during this highly energized portion of your life. If you're forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn't a time to nest or settle down; instead you'll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don't resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you're experiencing.

Pinnacle 2 Number 5: Second or Third Pinnacle: If in the Second or Third Pinnacle, the vibration of the 5 supports your ability to progress and achieve in a fast moving, highly fluctuating environment. Adaptability is critical to your healthy progress during this stage. Your desire for—and sense of—freedom is quite powerful and significant during this Pinnacle. You must be careful not to get too carried away and damage relationships or partnerships because of your unyielding urge for freedom, travel, and adventure.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

Third Pinnacle Cycle: 4

(1st Pinnacle + 2nd Pinnacle) - from age 39 to 47 (based on LPN) - ([665]
feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and “fun” time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the

realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 3 Number 4: Second or Third Pinnacle: A Second or Third Pinnacle with a 4 emphasis will fuel your ability to get ahead in the world and achieve—not so much because of innate talent as much as your drive and ability to out-work the competition. You might find some economic limitations during this Life Stage, set in your path to test your commitment to building solid and steady foundations while not being beaten down by obstacles and limitations.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Fourth Pinnacle Cycle: 1

(Month + Year) - from age 48 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 4 Number 1: Fourth Pinnacle: A Fourth Pinnacle with a Number 1 is marked by what might be called imposing energy; meaning, any thought of slowing down or retiring is most likely not in the cards. Both challenges and changes will accompany this last stage of life and your accomplishments can be profound if you've mastered the art of leadership, direction, and expression of your own original ideas. You'll be challenged with keying into you unique and creative ideas and acting on your individuality and independence.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep

going.

First Period Cycle: 11

(Month) from age 0 to 29 (based on LPN)

([666] worldnumerology.com:) The first 30 years of your life represent a time of spiritual expansion, even illumination. You will grow in understanding and wisdom. It is not a time to pursue material goals for themselves, but to seek the higher human ideals.

There is a temptation, however, to chase after the infinite without grounding yourself in the practical. That must be avoided. Focus your studies and deepen your understanding to the point that your knowledge can be conveyed to others in simple and acceptable terms.

You possess a message or an ability that should be shared with your community, but only through deep personal transformation and improvement of self-expression can this gift be given.

The more willing you are to work on yourself, the more good you will do for the world at large. For those who accept and embrace this path, there is much reward, including ample financial support and even fame. There is also the deeper satisfaction of knowing that one has made a contribution to the advancement of others.

Second Period Cycle: 6

(Day) from age 30 to 56 (based on LPN)

([666] worldnumerology.com:) Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and support.

You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business.

This is a time of progress through flexibility, cooperation, and compromise.

Third Period Cycle: 8

(Year) from age 57 (based on LPN)

([666] worldnumerology.com:) As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle.

There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others.

You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8.

Your key to success lies in understanding the limits of material wealth.

First Challenge Number: 4

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

Second Challenge Number: 2

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions

- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Third (Main) Challenge Number: 2

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

Fourth Challenge Number: 6

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) When you experience a 6 Challenge during one of your Pinnacles, you'll most likely feel burdened or overwhelmed by family obligations. You're learning to serve others and strike a balance between honoring your commitments to them with your commitments to yourself. This is no small task. Remember: Even if you're able to achieve some semblance of balance of giving to yourself during this time devoted to nurturing others and learning about responsibility, you can't and shouldn't try to avoid caring for others under the influence of a 6 Challenge. If you're operating with the destructive tendencies of the 6 Challenge, you may be myopically self-centered rather than generous and giving.

This Challenge is often related to the energy of codependency, enmeshment, and giving for misguided reasons. Rest assured that you'll be alerted when you're taking care of others in an unhealthy way during this 6 Challenge.

You're prone to demanding extraordinarily high standards from other people and of yourself, which is in itself a setup for frustration and unhappiness. There's no way others could live up to your expectations. If leaning toward the challenges of the 6 vibration, you're apt to come across as authoritarian, intolerant, and self-righteous. If you don't step back into the constructive aspects of the 6 energy, your tendency during this time may well be to get lodged in cynicism, criticism, and judgment.

Avoiding friction in relationships by emphasizing harmony, using diplomacy at every turn, and allowing others to set their own paces and live their own perfectly imperfect lives will be the key strategies for rising above the challenges of the 6 vibration. Ultimately, your challenge lies in learning, embracing, and practicing unconditional love and acceptance.

Potential Destructive Aspects of the 6 Challenge

- Feelings of superiority and thoughts of judgment
- Being angry and disappointed with others and yourself to the point of cynicism
- Becoming self-absorbed and uninterested in helping or supporting others
- Becoming such a perfectionist that you feel paralyzed and fearful
- Living in denial of your emotional life
- Health issues that are often chest related (including asthma)

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): P

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is likely to have a self-determined spiritual, metaphysical, or philosophical approach to life.

([671] spiritwalk.org:) You are curious and like to remember different facts, even if they seem useless. It is easy for you to make an amazing first impression, but you see others through after the first few minutes of conversation, as your inner feeling is profound. Your main flaw is your impatience. Often you cannot wait for a right moment to act or to be silent.

([672] numerologist.com:) Cornerstone: You are intelligent, knowledgeable and seem confident but you have trouble getting things started. You can also be too impatient to do research or wait for the foundations of an idea to take root.

([673] numerologyzen.com:) Letter P. A cerebral and wavering letter, P is synonymous

with philosophy, perception, progress, prestige and pretension. It is a difficult letter to characterize. Is it good or bad ? The person with this letter can have a great activity of reflection orientated towards the progress of the individual and the interest for fundamental questions. P is rather secret, reserved and has the tendency to be distant, but on the other hand, proud, professorial, with a taste for prestige. This doesn't mean that P doesn't feel anything, doesn't react or lacks intuition, on the contrary, but P is a letter which suffers the consequences of too much activity in the mental area, therefore an appearance of reserve and a lack of ease for the concrete and affective fields. In fact, very egoistically, P is interested in [his,her] internal problems (affective and intellectual). [He,She] cogitates and searches, if possible, to sublimate them in order to progress. As the graphism indicates with an expansion in the top part, P is pushed towards the paths of mind, and [he,she] will be able to discover a passion for studying. P likes to reflect tranquilly, far from agitation. Material contingencies bore [him,her], the world of sentiments and sensations seems [him,her] difficult to manage ; [he,she] often opts for a second degree existence, so much so that one asks oneself if anything or anyone is really important for [him,her]. Sometimes P protects [him,her]self by being sarcastic or mocking. This is a manner to slip away and not confront the obstacle for P, because he is often thrown. P can be tense, a bit unstable and need space and tranquility in order to function well. P constructs [his,her] inner world which satisfies [him,her] fully and he looks very suspiciously at anyone who tries to penetrate [his,her] secret garden. P can sometimes seriously lack tact, because [he,she] isn't always very sure of what [he,she] experiences and finds it difficult to express or share feelings. P is a thinker, who would do well to become more flexible, to open up more and co-operate, especially if [he,she] wants to succeed materially and sentimentally. By wanting to protect [him,her]self too much, [he,she] ends up by cutting off the world, provoking misunderstandings and living periods of isolation and doubt.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: A

[674] [671] [675] ([674] affinitynumerology.com:) All about independence.

Courage tends to be valued. The person tends to express willpower and purpose.

([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([675] numerologist.com:) The A reflects the energy of the number 1. When you have the

A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): N

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "N" tends, when possible, to conclude things in a sensual and public manner. An appreciative audience sweetens the accomplishment.

([671] spiritwalk.org:) You are a creative person, a little bit out of this world. You like things having their place and order. It is important for you to systematize your life a little bit, maybe in a form of diary, or summing up your day when you are about to fall asleep.

([672] numerologist.com:) Capstone: You sometimes sabotage your own success by being rigid or opinionated. Addiction or codependency can also be blocks to success.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

1 on the Physical Plane

The habit to live with your own mind and ignore others' attempts to influence the situation is present in everything you do. Perseverance, courage, determination, and commitment help you achieve the set goal, be it in business or in any other sphere of

life. Your hidden power is in your charm and wit.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

7 on the Mental Plane

Your outstanding erudition stems from your inquisitiveness, which, in its turn, demands new, more extensive knowledge. Just knowing is not enough for you. You always want to understand, get to the essence, and reveal the origins. You are a skilled psychologist, able to adequately assess people's positive and negative characteristics. Don't rush to criticize them based on this understanding. You need to endear yourself to people, and make them trust your opinion.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

3 on the Emotional Plane

People like you are commonly described as a bit otherworldly. You have your own opinion to what practical, organized and orderly life is, and this rarely coincides with the opinion of others. But you are overly romantic, and have vivid imagination that in practice turns into outstanding ingenuity. These qualities can contribute to success in some creative field, such as writer's career.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

Value of Grand Total - 11

The master number 11 is the most intuitive of all master numbers. It's a spiritual number. It's dynamic. It has charisma. And it's a teacher.

The essence of the energy the master number 11 represents is a channel to the superconscious, insight without analysis, and spiritual illuminations.

One of the key things to remember about the master number 11, about all master numbers, actually, is that they represent potential. It isn't required that a person take advantage of a potential. People with a master number 11 can live life just fine without delving into the potential of the number.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 7

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. Moneymaking (Line «4-5-6») — 3

"Rotational work" - for this person it is the ideal way to make money: earn a living quickly and effectively in a short time, and then relax. Most often, they look for efficiency wages.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. Domestic bliss (Line «2-5-8») — 5

"An idealist" - this person has their own beliefs about what a wholesome family should look like. Spirituality (Diagonal «1-5-9») — 7

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 5

"Hot" - this person can't live without physical love and demands it, because intimacy is a part of their self-expression. At the same time to elicit their potential it is also important to have a hot partner. Empty and Full Arrows

from Astro-Seek [683]

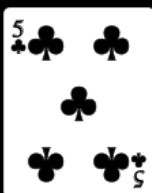

Full Arrow 1-5-9 (Arrow of Determination)

These people are enterprising and active. They are tenacious. Nothing stops them from getting what they want. They are stubborn and only see themselves. They are inflexible.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Five of Clubs

([684] metasymbology.com.)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Clubs: Mind - Communication - Intelligence
Air-Swords - Planets: Mercury & Saturn

Restless Mentality, Changeable Mind-set: All FIVE'S have restless karma. The Club suit is symbolic of communication and how we think. The 5 of Club find it difficult to make up their minds, and need to learn not to tempt fate.

Versatile, restless, inquiring; forever seeking with an ever changing mind; the 5 of Club is a young soul who is never satisfied with the answers they find. They need constant movement and wide travel -- eager to go anywhere rather than remain where they are.

KARMIC CHALLENGE for the Five of Club: Honesty and Risk-taking

The positive natives of this card fight against their inherent restlessness, which otherwise lures them away from building a solid base. Those 5 of Club will then choose to educate themselves in some specialty that interests them, and will pursue it to a successful outcome.

Marriage is never easy for the 5 of Club as they are prone to jealousy and suspicion. They also experience changes in their mental attitudes towards their partner, which causes the marriage to falter.

The Five of Club must have an outlet for their natural keenness. Education is of supreme importance if they are to succeed in life. And peace of mind comes from a willingness to accept their life as it must be lived -- constructively!

First Karma Card: Five of Hearts (metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Hearts: Emotions - Relationships - Love
Five of Hearts - Changing Affections
Karma for the 5 of Heart - Dissatisfaction With Personal Life
Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures!
Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances

and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

Second Karma Card: Four of Clubs (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Clubs: Mind - Communication - Intelligence

Air-Swords - Planets: Mars & Jupiter

Concentrated Mental Pursuits: All FOUR's are inflexible and headstrong. The CLUB suit symbolizes communication and thoughts. Thus the 4 of Club tend to be opinionated, and unyielding towards others.

The Four of Club is known as the debaters card; probably because of their fixed opinions and unique ability to shut off emotionally. The people born on a Four of Club day have strong, productive minds, and a good education is key, or they run the risk of talking much, but saying little.

KARMIC CHALLENGES for the Four of Club: Dispassion and Passive Aggression

Four of Clubs are always afraid of not having enough money, even when they do, and they are known to drive a hard bargain. Work is healing for them, especially when it involves large, male dominated organizations, and their health is never much of a problem.

The 4 of Club like to look good. They have unique and unusual emotional interests, often attracting dubious or manipulative people into their lives. They have a natural ease about them, especially when involved with large groups of people, and they make for great travelling companions!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Three of Diamonds (metasymbology.com:)

Diamonds: Values - Security - Dharma

Fire-Wands - Planets: Mercury & Uranus

Personable, Illuminating, Worrisome: All 3's harbour a mistrust related to the meaning of their suit. The DIAMOND suit symbolizes financial and material values. Thus the 3 of Diamond are often mistrustful of financial institutions.

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark

uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

Early marriage is usually filled with such serious obstacles and troubles, it's better for the 3 of Diamond to wait until late 20's before tying the knot.

After age 91 the cycles repeats.

Cosmic Lesson Card: King of Hearts

(metasymbology.com:)

Hearts: Emotions - Relationships - Love

King of Hearts Meaning: Paternal Love

Karma for the King of Hearts - Easy-going Inactivity

Water-Cups - Planets: Mercury & Mars

By nature, these people are the most desirable people on earth and the most worthy of love. They will respond to any true call for help from any quarter - and you can forget to thank them if you choose; it will make no difference to them.

The front they present to the world is kindly, friendly and magnetic. They give an impression not so much of power but of peace, protection and "safe harbor". Within themselves, however, they know they have the full power of love, a power invincible! Sometimes, we find the Kings of Heart are quarrelsome and overbearing. They are met with constant disappointment in others, and are frequently deceived or betrayed.

When we meet a King of Hearts on their own terms and tune into their love and kindness, they never bring us anything but joy. They are the heart and center of family life, and harmonizer of friends.

Cosmic Reward Card: Two of Hearts

(metasymbology.com:)

Hearts: Emotions - Love - Family

Two of Heart Meaning: Faith in Love

Karma for the 2 of Hearts - Fear of Financial Security

Water-Cups - Planets: Venus & Neptune

All TWO's represent an element of fear, based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus the 2 of Heart tend to run from the very thing they need the most: emotional commitment.

KARMIC CHALLENGE for the Two of Heart: Cooperating with Loved Ones.

It is true, the meaning of the Two of Heart heralds the "union of love." But those born on a 2 of Heart Day are some of the least lovable types! Perhaps in spite of their obsessive need for an intimate relationship, Two of Heart are willful brainiacs, preoccupied with financial security, with a preference for associating with people of influence.

The essential nature of the 2 of Heart is to protect those whom they love and share the responsibilities of family and friends. They have brilliant minds, a firm command over their financial affairs, and rock solid work ethics. All Two of Heart strive for peace and will do whatever it takes to achieve it!

The Soul Card for the 2 of Heart is the ever curious Ace of Club. Hence an inherent conflict between their compelling need for emotional security (the 2♥), and their insatiable "need to know" (A♣)!

Cosmic Moon Card: King of Diamonds (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Diamonds: Values - Security - Dharma

King of Diamonds Meaning: Command of Commerce

Karma for the King of Diamonds - Denial of the Power of Love

Fire-Wands - Planets: Venus & Mars

Positively, the King of Diamonds are endowed with wisdom and power. They may appear cold or hard -- but in truth, they are just, and inclined to philanthropy.

As a Kings' Card, they are born into power and must naturally equip themselves as rulers. If that power means money, then it must be in such abundance that no one can outstrip them or outdo them. But for those Kings of Diamond working on the higher plane of values - the hard-boiled materialism of the typical King of Diamond is unknown to them.

These people are willing to take a gambler's chance because they can afford to lose - but seldom do.

The women King of Diamond are very positive but should strive to keep their personalities out of business dealings or they get emotionally disappointed and frustrated.

The King of Diamond are rarely in inferior positions, and they almost always have ample funds at their disposal - or backers who will come to their rescue. Kingpins and top dogs indeed!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

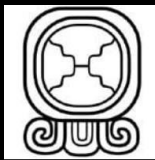

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Etznab

North (White) glyph: Support / Comfort

Day Sign: Knife

/ Flint / Etznab (Yucatan) / Tijax (Kiche)

Those born under Etz'nab are social, but also often practical, mechanically inclined and well coordinated.

Family life, parties, group events, love affairs, and partnerships can become very important, and sometimes even obsessive, to those born under this day-sign. They simply can't help being excited when around others.

Their ideas about how relationships should be maintained may be in direct conflict with their own needs, which they tend to downplay and on some level, they are angry about this trait. For the most part, they are polite, compromising, and self-sacrificing people, but when pushed, they tend to have hot tempers.

While they will avoid a conflict by repressing their feelings for a time, when finally pushed to far, they will explode with pent up rage, or at least say things that others wouldn't expect them to say.

They are often extremely interested in the more technical aspects of what they do, and they have a good head for detail. They are adept at solving mechanical problems, working with tools or even mastering finger coordination for a musical instrument.

These are people who thoroughly enjoy sharing a discussion on some technical subject with others.

The great weakness of those born under Etz'nab is their vanity. They can be very self absorbed both in their work and in regard to their appearance.

The great strength of this day-sign is the level of personal sacrifice it bestows. Etz'nab

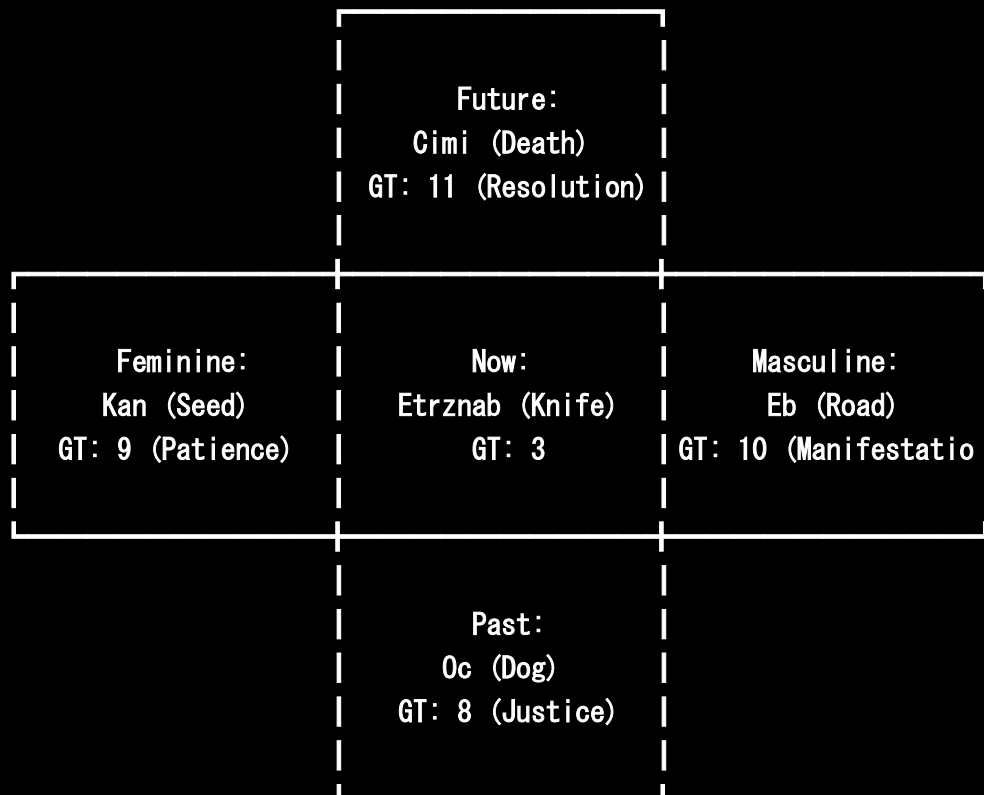

people, for whatever psychological reason, will put their own interests aside in order to meet the needs of others who, hopefully, appreciate such gestures.

Challenge:

The tendency to choose self-interest over self-sacrifice or to solve other peoples problems.

Solution:

To share and to let others take leadership.

Four Directions

To become conscious of duality is to see the world as an arena of conflict. To choose between two realities is to enter that conflict, to become a warrior or crusader. It is the painful awareness of the opposites that makes Etz'nab a potentially difficult birth-sign. These natives are all too likely to see the world in terms of black and white. Their natural warrior spirit (1 Etz'nab was the feast day of the Aztec war god) leads them to take sides and to take action, and Etz'nab people can frequently be found in the front ranks of any battle – or at the forefront of any brawl.

Etz'nab's physical correspondence is the mouth, just like the day-sign Caban. Perhaps we may see in this a suggestion that the words we utter are subject to duality, capable of expressing inspiration (Caban) or causing quarrels (Etz'nab).

The Maya consider natives of Etz'nab to be contentious and argumentative, which is another way of saying that they take the opposites too seriously. If they become totally caught up in their own loves and hates, they may stop at nothing to fight for their own

side, consequently they may slander others and become untruthful in order to get what they want. More often than not, it is the Etz'nab person himself who becomes the real victim of his own quarrelsome nature.

The Book of Chilam Balam of Kaua, however, equates Etz'nab with "the healing condition" and calls Etz'nab natives "healers". It is part of this day-signs inherent duality that its natives may also become renowned healers. The knife that kills may also be the surgeons scalpel, and an awareness of conflict may lead to the desire for harmony. Harmony is the key word. Those born under Etz'nab need, above all, to struggle for harmony and learn to use their discrimination as a gift, instead of a knife, to sunder the bonds of illusion and untruthfulness rather than becoming lost in and exhausted by wild crusades. If they can do this, they may well become healers of the community rather than troublemakers. To accomplish this, they must set their sights towards the future rather than the past and call upon the transformational energy of the day-sign Cimi that lies ahead of them, rather than the troublesome and uncertain Oc, the symbol of their karmic past. They can gain assistance by calling on the energy of Eb, their right hand power as well.

Etz'nab women are often exceptionally beautiful.

Galactic Tone: 3

(mymayansign.com:)

Action

- * Playfulness
- * Active
- * Joyful
- * Weightlessness
- * Happiness

Tone 3 represents movement and communication. You are very successful in expressing yourself. Your presence brings about more communication, more expression, more action and stirring up of things. Feeling the core of vibrations make you a rhythmic being in our universe. Due to your personality, you are a very cheerful, active, light-filled and vivacious person. Dance is a great way to express yourself.

Trecena Sign: Owl

/ Wisdom / Vulture / Cib (Yucatan) / Ajmaq (Kiche)

Beneath the 1-Cib surface personality is a person of strong will, not easily convinced by others.

Such people have high standards and tend to hold themselves "above-it-all" and beyond criticism.

They have a deep fear of rejection and are often troubled with guilt.

Both of these proclivities have a strong effect on the 1-Cib person's sense of self-worth.

Although most 1-Cib people are quite talented or at least knowledgeable as a result have much to offer to the world in some cases, they feel overshadowed in life by others.

Night Lord: 9

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. They are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help.

In part, it's their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different.

Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Pluto conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you

have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Chestnut Tree

Strong keywords: Adherence to principles, Toughness

Weak keywords: Stubbornness

Tree variants: Heather, Mistletoe

Birthday:

11 May – 20 May

11 November – 20 November

Characteristics and Personality

Chestnut tree is a tough tree that is fighting for its space, but it can generously endow its surroundings with its fruits and possibility to relax in the shade of its bushy crown.

Chestnut people have a deeply rooted sense for justice and are able to fight vigorously for the right cause. They are, however, very deliberate and self-critical, and they will never let themselves to be pushed to make hasty decisions.

People born under the rule of chestnut are considered to be stubborn people who will defend their views even at the expense of being ridiculed. However, they are not the type of stubborn people who others cannot stand; they often have a nice sense of humour that can cure many conflicts. People born under the rule of chestnut are faithful to their principles and they never change them. This also manifests itself in their love life - they do not fall in love easily and very often and they have high expectations of their partners, but once they decide that they want to spend their life with them, they will never leave.

Basically, there are two possible forms of fate for Chestnut people. They either get quickly very high and then they live happy and often also useful life, or they always have to deal with many challenges and they struggle to find their place in society.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Permanent transformation

Sun in 8th house natives have deep feelings that need to all the time be in tune with their inner world.

It's normal for them to often believe that fate sends them all kind of hidden messages in order for self-awareness, this being the reason why they may study the occult and the paranormal.

The more knowledgeable they become on these issues, the more they start to develop from a spiritual point of view. The material existence is something they need to adapt to because their approach to life is rather esoteric.

As a matter of fact, they'd be ready to give all of their possessions up just to experience rebirth and to start living in a higher plane of existence. Natives having Sun in 8th house are all the time interested in experimenting with themselves.

The Sun represents the ego, so its position in the birth chart reveals the traits through which people want to shine the most in life.

Therefore, Sun in 8th house people will always want to make changes about themselves, to become better with every day that passes.

It's possible for them to often make changes in their appearance, but as they're not in any way superficial, they'll most of the time decide to go through emotional and spiritual transformations.

They're the type who looks for books on illumination and self-improvement, being very curious about taboo subjects and looking to discover great truths relating to the metaphysical.

When their Sun in the 8th house would be in negative aspects, they would have a lot of chances to suffer a sudden and violent death, at a young age.

Many astrologers are saying the Sun here makes people deep, especially after they have struggled a lot to make it in life. The natives of this placement would be very interested in profound matters, even if this would bring them a lot of adversity.

The positives

Intensity makes individuals with Sun in 8th house thrive, having their entire activity centered on their Sun and being all the time open to transformation.

These people may only be interested in what's censored and kept hidden, or has a cultural depth that isn't accessible to many. They're attracted by stories about superpowers and think psychic abilities can be achieved through worship in the shadows.

Sex is for them an opportunity to explore the other and to connect at a deeper level with the partner. They don't want in any way to ever live superficially and believe in extreme change, whether physical or spiritual.

The position of the Sun in the 8th house indicates they love being intimate and value privacy more than anything else, these being two of the most important things in their life.

They're introverted creatures who don't feel the need to express themselves publicly and don't really want to expose their true self to others. Many will find them too withdrawn and won't want to intrude in their life.

Natives with the Sun in the 8th house are very interested in investigating all sort of mysteries and may even engage in dangerous activities.

For them, death is not an end, but more of a transformation process. They'll be aware that adolescence means the end of childhood and that adulthood is all about leaving their parents' house and building a life for themselves.

This is how death in the 8th house is being interpreted, both in Tarot and astrology. However, if they decide to exaggerate being morbid, this can indicate there may be something in their destiny that is related to the end of their life, so they should study their 8th house a little bit more because this is the ruler of endings.

The 8th house is all about all the life's mysteries, and the Sun here can make them focused mainly on what can be found here. They will want to discover mysteries and study taboo subjects, magic and creative visualization.

The same position of the Sun suggests they would look to grow and develop with the help of their life partner. That's why they're not only looking to interact with their other half, they want to completely merge with this person and to no longer care about anything else.

If having a trustworthy partner, they would get their energy from their relationship, believing in the individual they're with and not even thinking of someone else for as long as together.

Their ideal lover will want to "unite" into wholeness with them, believing that only through the relationship they're having, things about themselves can become clearer.

It can be challenging for people with the Sun in the eighth house to not become dependent on the one they love and to trust this person completely. It's difficult to define this house when it so much influences natives to expand with the help of their romantic relationships.

Sex symbolizes a spiritual union for them, so expect their lovemaking to be passionate and intense. Individuals with the Sun in 8th house want to help others and can deal with difficult situations, whether theirs or others', as effectively as possible.

The negatives

The Sun in eighth house offers a great transcendental potential to its natives, at the same time making them eager to experience intimacy and to explore their own soul through relationships.

These people will begin the entire process of knowing themselves by analyzing their subconscious and working with all kind of mystical approaches.

But this means they'll isolate themselves emotionally and even have problems with their ego, especially when losing someone dear, being restricted or socially rejected.

It's very likely many of them will end up institutionalized at least once and when young. They would rather fantasize, force their ideas upon others, become religious fanatics and plan to become masters of the occult than give up their ego, which pushes them to be all this and to search for power in different realms than the one where all the humans interact.

These people usually seem at peace with themselves, calm, confident and capable, but they will always have some vulnerabilities because they want affection and for people to be committed to them, being all the time terrified they won't find what they need.

When isolated, it can be difficult for them to see others have weaknesses too, not to mention they can become very cold and even cruel.

They may rely on only one person to offer them the emotional security they so much need and to be devoted to them. This means they have problems letting go of people and are pretty neurotic thinking they may lose their other half.

The man with a Sun in eighth house position will want a woman to make him feel emotionally stable, someone who's rich and has a successful career.

It can be difficult for them to find such relationships, but at least they'll try. He will invest all of his time and efforts to conquer his ideal lady's heart and after getting her, expect him to be terrified of losing her financial and emotional support.

When the Sun in 8th house happens to be afflicted, people with this position may be the type who'd do anything for money, fighting in courts of law for inheritances, not paying alimony and refusing to leave anything to their ex after a divorce. They would also be very judgmental not only with others, but also with themselves.

Moon ☾ in 6th Nakshatra: Ardra

6°40'-20° Gemini

Short Version [2]

Strength: acts quickly, curious mind, craves knowledge, good memory, strong communication skills, truthful, compassionate toward those in pain, physical work is preferred over mental work, easily gains support from government, overcomes bad habits.

Weakness: arrogant, ungrateful, mischievous, reckless, anti-social, causes trouble, self-serving, stubborn, critical, impolite, untruthful, poor financial planning, lust for material attainments, excessive indulgences, creates pain or agony for others, inconsiderate, abuses power.

Overview [1]

- Lord: Rahu (North lunar node)
- Symbol: Teardrop, diamond, a human head. This represents intellectualism and the clarity that comes after sadness.
- Power: Achievement through effort. Strength of will powers Ardras in their endeavors, and they put considerable care and trouble into achieving their goals.

Strengths [1]

Ardras are known for their intellects. You have an excellent memory and are knowledgeable about a variety of subjects. People respect you for your intellectual ability and clarity of thought.

The value of honesty is not lost on you, and you endeavor to be truthful in your dealings with others. As a result, you come across as authentic and might be noted for your "purity of heart."

You are goal-oriented and work best when there is a clear aim in sight. Things don't always come easily to you, but you push on with enthusiasm until you achieve your goals. Ardra natives don't shy away from a challenge. Physically strong and possessing an adventurous spirit, you like pursuing new avenues of thought and activity.

It's rare that you allow others to see your agitation, and in fact it's difficult to upset or disturb you. You are generally composed and calm, and your pride and self-respect

ensure that you don't embarrass yourself. As a result, you are respected for your ability to perform under pressure and deal with difficulties without getting too ruffled. You excel in fields where diplomacy and tact are important.

Weaknesses [1]

Ardra's shadow side is where death, pain, and suffering are found. As an Ardra, you may become the cause of suffering for others. One of your weaknesses is a lack of empathy, and as a result you can be inconsiderate and even cruel. However, you could be linked to suffering in a different way — many Ardras are useful in fields where they reduce suffering, such as in hospice or humanitarian work. Involving yourself in these types of activities can help you develop empathy and balance your harsher tendencies.

Anger, aggression, and even violence are not uncommon in Ardra natives. You take things to extremes and, although you are good at hiding your emotions, those same emotions can lead you to actions that may be destructive to others and ultimately yourself. It may be helpful to find a healthy outlet for your aggression, such as in a competitive sport.

When your self-confidence is not in a healthy state, arrogance becomes an issue. You may be haughty, ungrateful, and highly critical. Your impressive intellect can be your downfall if you allow yourself to think that it makes you better than others.

You are very motivated to achieve your material goals, but the downside of this is that your ambition can make you greedy. You might operate under the belief that any action is justified if it leads to your goals. You can be manipulative and have mischievous tendencies — you aren't afraid to bend or break the rules to get what you want.

Cultivating empathy and gratitude is useful for Ardras and will bring them a sense of peace. Gratitude journaling is one exercise that Ardras may benefit from. Adopting a vegetarian or vegan diet can help Ardras counterbalance their violent tendencies, because it promotes a focus on non-violence and on alleviating the suffering of other creatures.

Other Personality Traits [1]

- You are imaginative. Like most Geminis, you enjoy exploring new avenues of thought. Ardras are especially attracted to anything that is original and breaks with established tradition.

- You are a risk-taker. Confidence, ambition, and your sense of adventure make you prone to taking risks. Sometimes, the risks get you into trouble. Other times, luck is on your side. When you think things through and don't act recklessly, you can make intelligent, calculated risks that may give great results.

- You change your mind a lot. Your mind is always active, and as you explore one idea after another you might change your opinion accordingly. This can make you seem unreliable.

- You can completely transform your character. Ardras have the ability for radical personal change. The influence of Rahu makes you capable of leaving established norms behind entirely. If you become disillusioned with a particular lifestyle, system of belief, or behavior, you don't hang on to it.

- You are a crafty speaker. You have a way with words and know how to use them to your best advantage. This can make you very popular — however, it also makes it too easy to be duplicitous and manipulative.
- You may abuse power. Your intelligence and confidence can make you believe in the rightness of your own plans and intentions above all else. “The end justifies the means” is a philosophy that might appeal to you. As a result, you are liable to misuse others when given the power to do so. When in a position of authority, you use any advantages available to you — even if those advantages aren’t strictly moral.

Career [1]

As a result of your intelligence and curiosity, you are skilled in many different areas. You are a motivated worker and work well when you have specific goals and a chance for personal advancement.

Some ideal professions include:

- Scientist, writer, or teacher
- Psychologist or social services worker
- Politician or public relations representative
- Athlete or construction worker

Note: Those born under Ardra are sometimes drawn to pursue a living outside the law. Their drive and ambition can lead them to put achieving their goals above all else, disregarding whether there is a right or wrong way to achieve them.

Health [3]

Their conflicted temperament may result in chronic depression, alcohol and drug abuse, and ultimately early death. Common health issues include heart problems, lung disease, hearing issues, dental problems and paralysis. They can promote self-healing by cultivating their sense of gratitude, working to overcome diversity and through the realization of their self-worth.

Physical Appearance [3]

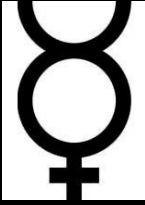

(dashaspeaks.com:) Ardra Nakshatra physical characteristics involve their large face, curly hair and sullen expression. (omastrology.com:) They could be slim or fat and sort or long.

Moon ☾ in first pada

(6°40'-10°00' degrees Gemini): Sagittarius navamsa. You are intelligent and known for your good character. You love to explore. Luxury appeals strongly to you and you live lavishly.

Mercury ☿ in ♒ Aquarius man 14° 46'

([904] i.thehoroscope.co)

He loves to create havoc around him and doesn't accept to be told what to do.

The Mercury in Aquarius man believes that problems can only be solved by facing them rationally and logically, with a plan, and that humanity can only advance by putting emphasis on science, on technology and progressive fields.

His speech is cold, technical, marked by a certain rigidity and strange intonation, like what a robot would utter. He lacks any emotional depth or even the most apparent layer of feeling in his words.

In a nutshell:

Positives: Visionary and eccentric;

Negatives: Snob and indecisive;

Soulmate: Someone who can keep them away from boredom;

Life lesson: Leaving anxious thoughts away from time to time.

The forward thinker

He's the last free-spirited individual left in the world who just won't agree to be tied by rules and regulations. If the world wants to follow a path toward perdition and degeneration, why should he follow it like a blind sheep?

The Mercury in Aquarius man will find it incredibly dull and tedious to live his life according to traditional principles, to dying ideas that the people of old followed.

This is the 21st century, a new age has come, and it's time for everyone to ascribe to this change that has taken place. The future is here for the taking. Science, technology, the new and the innovative must be finally accepted.

He creates havoc wherever he goes, raises a lot of questions and inquires into the nature of things. He won't hesitate to contradict anyone, even people with authority.

He doesn't accept things like "you shouldn't do that". Why not? He's intelligent, well above the rest of us, so if you believe you know more than he does, prepare for a cold shower of reality.

His unwillingness to follow a certain code of conduct that everyone else does is often perceived as snobbism, eccentricity, but it's really a result of deep thinking, analysis,

rational forethought.

He's very good at telling what other people think, discerning their motivations, desires, corporal language, but will treat all of them fair and square. He will even help anyone in need.

His creativity and inner drive to put his thoughts into words make up a perfect combination. If he doesn't become a writer or a journalist, he's missed his career.

Even a professional debater will do, as long as no one tries to infringe on his freedom of speech and strange patterns.

If you've thought of a crazy and apparently idiotic idea that could have an immense influence on the world, chances are a man born with Mercury in Aquarius has already thought of it, demonstrated it to be unrealistic and moved on. He's organized, structured, meticulous and realistic, always.

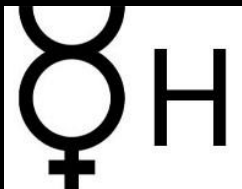

Let's finally get to the topic that you've been anxious to find about, how does this native fare in his love life? Depending on the type of person that you are, it can be both good and bad.

He's less receptive than most, in the sense that he likes flirting and talking to other women, but a relationship is not exactly at the top of his priorities.

If you manage to excite his intellect and intrigue him by flaunting your knowledge and curiosity, then you can be sure that he's going to fall in love right then and there.

He doesn't care about stuff like age, race, religious beliefs, although he's willing to debate you on them. He's definitely a factual person who's more likely to bombard you with rational reasons and motivations, rather than emotional matters.

Mercury ♀ in II 2nd House

([909] i.thehoroscope.co)

This placement of Mercury makes people choose their words carefully and think things through before saying something.

Those born with their Mercury in the second house of their birth chart have an innate economic sense so they are likely meant to be bankers, financial advisors, or work in sales.

They know what is most profitable, how to get to that sweet spot, what to ask for in a deal, and they know the value of money. They know it represents the great machinery that drives the world and know how to oil the gears essentially.

Summary:

Strengths: Pragmatic, resourceful and kind;

Challenges: Indecisive, moody and shy;

Advice: They need to refrain from giving up so early into something.

They choose their words carefully

The Mercury in the 2nd natives are not unlike those of the first house in that they prioritize their studious abilities to the maximum degree, to the apex of their possibility.

As much knowledge and information their brains holds, that's how much they'll accumulate. There's really no limit to this curiosity and insatiable thirst for knowledge.

Even more, this time, they will use it toward material end-goals as well. As we've said before, these people are innately aware of how money transactions work, how they can put themselves out there to take a hold of the pie. Communication, as ruled by Mercury, plays, yet again, an essential role in this endeavor.

They know how to approach most situations and what to invest their money in so that the rewards are double the initial sum. They observe the market stocks and make a decision based on the changes and the probable income of an investment.

This time, these natives are not great talkers, or they aren't that impulsive and spontaneous. They choose their words carefully and think things through before saying something.

This is what makes them able to make money out of thin air, as if it grows in trees. They are practical, pragmatic, clever, and they use that famed intelligence to build themselves an empire.

Reason and logic are their weapons against any challenge and problem. Also, they remain focused on one single thing until they have dealt with it.

The positives

With Mercury in the second house, people are incredibly adept at seeing the details, reading between the lines and paying attention to the essence of a certain element.

What appears complex and incomprehensible to most people, they do it like a walk in the park, simplicity itself.

This is why they give off the impression elusiveness, mystery, a total enigma, and it's the other way around as well.

These people also don't understand how others can't do the same, how they can't systematically arrange the data out and proceed to solve the problem.

Entrepreneurs, this is the future of these natives because they put every single strand of mental energy toward the economic and financial comings and goings of a business.

Even more, they can be people of great imagination and inventiveness, changing the face of the world with their innovative and grand ideas. Ideally, this is going to make them filthy rich as well.

They can be teachers, accountants, teachers, public speakers or business entrepreneurs, all in the span of a few years if they put their mind to work.

Even though there are multiple differences in Mercury in the 2nd house, depending on other placements, in general, these natives are concerned with their material safety.

They want to have a personal sense of self-worth, a value in the world, to a stable and safe lifestyle. Materialism comes too easily for them.

It's entirely within their power to get to a certain understanding of their own identity in relation to the world, their sense of belonging and self-worth when interacting with other people.

This will also be of great help on the path toward independence and intellectual evolution.

They need to realize that material and physical objects, those obtained through hard-work, monetary gains, aren't the ones in control.

They are only extraneous objects, tools, not goals by themselves, they are the means to an end.

Obviously, they prefer thinking, doing intellectual work, rather than physically working.

Using their brains is indeed more taxing, most of the times, as it exerts a lot of mental energy in shorter times, but it's much more productive and lucrative than working in constructions, for example.

Building an empire seems like the most logical choice. Of course, this doesn't mean that they will simply roll over and die because of the lack of physical activity.

Exercising is one of their prized interests. Discipline and intelligent design will help create a healthy schedule.

Moreover, they use the money to further deepen their abilities and accumulate more knowledge, at least that's the main goal. This makes it entirely possible for them to become incredibly smart and cultivated.

The negatives

They hate it when people rush them to do something because they know they can't fully concentrate and focus.

It's going to be done in a hurry, full of imperfection, and moreover, they are their own persons, not someone's lackey.

However, when they have to make a decision at the moment, they don't step back or abandon the boat.

Instead, they dedicate themselves totally to analyzing the logically reasoning the ups and downs of the given options.

Controlling everything is impossible, so they make do with what they have on hand.

Usually, we as humans find it excruciatingly hard to choose between things that we care about, objects of our interest that captivate and enthrall us.

It's very difficult to consciously make that choice because, by choosing one thing, we automatically give up on something else.

And this is not something that they can live with easily. However, in life, they will have to make a lot of such choices, so they need to steel themselves, to prepare in advance.

They have to discover what really matters to them in order to ease this process.

They tend to be too stubborn, to build a rigid and unchangeable mindset for them in order to face against the toughest challenges, and this is obviously bad in the long-term.

They give up on flexibility and adaptation for stability and comfort. Sure, it's a sort of immediate gratification that plays out just fine in the present, but what about the future?

What if there's something that completely turns their life upside down, all the painfully constructed foundation?

They have to start from the beginning, and it would be good if their mindset were a little more flexible.

Because they find their fulfillment and ultimate satisfaction in a relationship, they will try to maintain it on the floating line, to never get to a point of no return.

That's why the Venus in Libra men will hate arguments, conflicts, aggressive verbal debates or insults. They will instead praise their partners, compliment them, take care of them when they're feeling down or sick, and will generally be very kind and generous.

And just because they have a very advanced artistic sense, they love beauty and hand-crafted things, they might be a little superficial and spend a lot of money, but it's all good as long as they don't end up bankrupt.

Attracted by ...

He's very attracted by elegant women with good tastes in clothing, the kind who know exactly how to use all the elements at their disposal to look their best, with an air of mystery and charm hanging around them.

She must be feminine, cultivated, free-spirited, and it would be great if she had the basic rules of politeness fixed. Aggressive and overly-energetic women tend to be conflictual, to be emotionally unstable, and so he would rather avoid such women.

He wants to have a balanced and tranquil relationship, filled with plenty of sweet moments of love, affection, and compassion.

Arguing about the stupidest of things or entering a conflict just because you decided to buy something without asking her are the least things he would want. In general, he will try to save the situation before it gets too far, and he's very good at it.

With grace and charm, as well as a persuasive attitude, he manages to defuse almost all problems before they explode.

It's a good idea to take this man out to visit some cultural attractions like a library, a museum, a natural park, somewhere where you two can have lots of fun.

In conclusion

His greatest strength and advantage revolve around the fact that he strives for balance, for equilibrium, both in his life and in the lives of others.

Personally, he will make a lot of compromises to avoid sticky situations or problematic arguments, at the same time trying to make their partners happy and fulfilled.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there,

just waiting for him to find her.

Jupiter ♃ in ♊ Capricorn man 16° 1'

([1002] i.thehoroscope.co)

If you have Jupiter in Capricorn your style very much depends on who you interact with.

Those born with Jupiter in Capricorn in their natal chart are happy only when they achieve something greater than what they have set their minds to.

It won't matter what others will say, these natives will always strive to climb the social ladder but they need to be organized and at the same time creative if they want to succeed.

They have to have people like themselves around because they tend to stick to their own ideas when they are working in a group.

Jupiter's position in Capricorn is the most challenging one because this planet is in fall in this sign, so its enthusiasm is completely cut-off.

Jupiter Capricorns will over-think and hesitate to take decisions too quickly. They will only learn by doing and failing. Having a few mentors to teach them how to develop on a long-term basis would be of great help.

In a nutshell:

Style: Conservative and driven;

Top qualities: Serious, reliable and practical;

Weaknesses: Criticizing and prone to burn out;

Advice: Try to stress less about your reaction to emotional matters.

The impact on personality

Those who plan and stick to their plans will always be successful and Jupiter Capricorns know persistence, their goals and methods being very clear to them.

They don't have too much drama in their life because their development is steady and gradual. Jupiter's philosophical and moralistic ways will make Capricorns even more conservative.

They will not have many hopes and dreams, but they will have plans and projects for which they won't hesitate to use only traditional methods. Their ethics and focus on the professional life can make them seem selfish.

They will tend to treat anyone and anything like a business. Respect for others and themselves will be of great help when they'll need to get ahead without stepping on their own values.

These natives have high ideals but restrict themselves to a rigid belief system. They are willing to work hard to become more knowledgeable and to put their ideas into practice.

The more educated they will be, the better they will feel about themselves. Academic recognition always builds someone's status and self-respect. If they want to be really successful, Jupiter Capricorns need to stop being such big traditionalists.

Stepping out of the box after mastering the already known methods should be their approach to life. When they are doing business, they are optimistic and invest even if the venture is risky.

And on the other hand, they are often too conservative. Finding the balance between being limited and going above and beyond is their secret success story.

Jupiter Capricorns want security, and this is one of the reasons why they inspire themselves from great leaders and tend to become autocratic when in power. But they should allow others to take charge from time to time because each contribution of wisdom and perspective is valuable.

The more mature and ethical they will be, the more luck they'll attract. When they approach things in a disciplined and organized manner, they are the most successful.

These natives are among the most practical people in the zodiac. But they need purposes in life. They can be optimistic when they want to or when they are encouraged by others.

Understanding how things work makes them more open. Their principles have been tested and verified many times. When it comes to their beliefs, they only put their faith in hard work and knowledge.

That's why they can resist for a long time doing what they love and trying to achieve their high standards. Finances, architecture, politics or medicine, these are all lines of work in which Jupiter Capricorns would do great.

Society will benefit a lot from their achievements. The fact that they are conservative will help from time to time. But they also need balance because they have a tendency to become workaholics.

Driven by power, dignity and social status, their determination will help them be successful CEOs, politicians or managers. And this will also bring them financial security. Too much money usually turns people corrupt, so they need to be careful.

Every personal philosophy they have will be used on their road towards success. Being more generous will help a lot with their development.

Don't judge a book by its cover

Jupiter Capricorns can fool anyone into thinking they are too serious. On the other hand, everyone will want to know them better because they have a facial expression that inspires curiosity.

Others may not realize, but under their reserved mask, these guys are funny and enjoyable but for them to unravel this, someone needs to know them better first.

Their sense of humor is dark and fast paced and they won't mind cracking a joke when everyone is feeling down and needs this type of entertainment.

Not to mention they will always be the ones who say what others are only thinking. Jupiter will help them take advantage of any situation.

Those who judge books by their covers will think of Jupiter Capricorns that they are nasty and mean. But people who will take their time to meet them will see how their dry humor can put a smile on anyone's face.

All in all, these guys will make a good first impression. Conservative and ethical, they can think outside the box and come up with good ideas from time to time.

Just like Jupiter Virgos, they are organized and hard-working. When it comes to money, they will always know how to make them. While working for themselves, they will create opportunities for others as well.

It sometimes feels like Jupiter Capricorns take all the knowledge and wisdom of Sagittarius, the neighboring sign and use it in a more efficient way.

Jupiter helps these natives deal with the physical realm in a more interesting way. With this planet's help, they will have more patience, confidence and endurance in their creative processes.

They will be focused to make their dreams come true slowly and gradually. Jupiter will only inspire them to keep their structures intact and to make communities more self-reliant.

They will always use their past experiences to build for the future. Their visions will be made a reality because they are determined.

Jupiter Capricorns focus to complete what they have in mind step by step. They will want to reap the rewards after sustained effort, Jupiter making this experience sweeter. These people will always succeed in completing their projects.

When in the 1st house, Jupiter gets rid of all the impurities and negative things. Individuals with this placement are impressive, usually healthy, good with astrology, great students of life and honest.

Since health was mentioned, they may have problems with their teeth when young. They are the type who doesn't believe in anything until seeing a form of proof.

It's possible they're the first child and give religion a whole lot of importance. All in all, these natives live a healthy life, are beautiful creatures and never lie. They won't have problems with their education or the children in their life.

Many of the advantages this planet brings can be seen especially when the Ascendant of natives is Pisces or Sagittarius because these people will usually live a life without problems.

When transiting the 1st house, Jupiter makes many things more beautiful and gives a lot of confidence to the natives having it here. This means they would be more enthusiastic, eager to live and even overwhelming.

Not to mention how great of an influence this planet has on optimism and generosity. It's like life for individuals having Jupiter in 1st house is always full of hope and approached in a relaxed manner.

It's easy for them to be themselves, so others will accept their ways. They should avoid becoming full of themselves or too egotistical.

Furthermore, these people have a tendency to either overindulge or become extreme. That's why they can have weight problems and sometimes think that being carefree is the only solution to any problem.

If Jupiter forms trines with the planets in the 5th and 9th house, these natives become more creative, romantic, eager to travel and to get a higher education.

The distance between this planet and the Ascendant has to be big if there is for its influence to be good over people's attitudes. Normally, individuals having Jupiter in 1st house are all happy and very humorous.

They're the type always brings light and makes friends as easy as others put on their clothes. Jupiter rules over expansion, so obesity is one of the health problems they may have to face, especially in case their Ascendant is in conjunction with this celestial body.

Since it also rules of luck, those who have it in the 1st house will escape any bad situation and avoid catastrophes easier than others. However, they shouldn't depend on luck because this approach can be dangerous.

As well, they must be less confident because it can happen for Jupiter to simply not work the way is supposed to and for things in their life to take a bad turn.

They can easily become lazy and self-indulgent, most likely when Jupiter is in square with Midheaven, so in the situation when the planet resides in the center of the 1st House.

The goods and the bads

If Jupiter happens to be in the 1st house, which belongs to Mars and Aries, expect natives with this placement to be jovial and only eager to make a good first impression.

They're usually exuberant and manage to obtain good results at interviews or public presentations. These are the people of big personalities, hurried lifestyles and strange haircuts.

It's important for them to determine what they want and to realize how others see them.

Having good morals and strong principles by which they're living, they will always focus to do what's right and think nothing is impossible or that only a positive attitude can make their life better.

They're giving, nice and a little bit too focused on themselves, which doesn't bring them any good. That's why they should wait and see what others want as well, since this is the only way for them to be in good relations with their friends and family.

Jupiter in 1st house natives should rely on their judgment and take action according to it. This can help them develop from an emotional and even spiritual point of you.

The more they will plan and take action, the luckier they will be. What makes them great

with others and likable is their sense of humor and optimism. Many will be happy to be around them, so they won't have a problem at work or in the business environment.

Therefore, it's suggested for them to always remain the same and to transmit positive vibes. It's not impossible for these natives to bother some people or to stick their nose where it doesn't belong.

That's why they should think twice before giving a hand to those who don't actually want it or before fixing things that aren't even broken.

It's easy for them to become their own worst enemies when acting in such ways. Insisting to make other people's life better is not at all a good idea for them either.

It's good they're independent, yet this can have them stepping into territories that belong to others.

They should be aware their opinions are not the only ones that matter, so listening to others is highly suggested for their relationships to be smooth.

Jupiter in the 1st house will always bring them luck, love for their job and the ability to enjoy the good things in life.

They will, however, have problems expressing themselves, executing complicated tasks, getting the power and a good social position, whether they're involved in business or something else.

That's why they should always believe in reason and think logically while opening their mind and being confident or determined.

([1028] i.thehoroscope.co)

Those born with Saturn in Pisces may get lost in the present, figuratively speaking, and think that the bad things that happen to them at a certain point are just consequences related to their past actions.

This is true, but it is not essential. If you are a Saturnian Pisces, you should listen to what we are going to tell you now. You may feel deeply confused, you may feel that your life is really difficult, you may also feel depressed, thinking that people don't treat you properly, but you have one mission to fulfill.

You have to get up and live your life, forget your past disappointments and if you can't,

then put them aside. Forgive all the people who may treat you unfairly, they are just confused and unsatisfied.

Live your life, constantly learn new things, grow up every day physically and emotionally, work on the things that you are interested in, work to gain your success, and most importantly, work on yourself to be a better person.

The combination between Saturn and Pisces is quite interesting and has a powerful relationship with the human destiny.

Why? Because Saturn represents time and starting with this symbolism, it leads the person dominated by this planet to an awareness about their past, their present, and finally their future.

The problem comes when the past is the one that dominates the Pisces's life and makes them confused about what they should do in their future.

In a nutshell:

Style: Mystical and trustworthy;

Top qualities: Creative, spiritual and endearing;

Challenges: Oversensitive and pessimistic;

Advice: Leaving the past aside will do you great good.

Personality traits

Those born with Saturn in Pisces in their natal chart may feel a lot of sensibilities, and sometimes this might surface frustration and a sense of inadequacy, as they don't feel they can express their emotions in words.

These sensitive reactions may make these natives have a tendency to see the negative things first. Because they will sometimes feel like hurting, they will need security and protection, and that's the reason for their choice to embrace religion and spirituality.

The spiritualism and Saturn will lead them on the right path, and help them give up on their egotism and defensive feelings, being willing to sacrifice their lives and cooperate with the order of the world.

Saturnian Pisces have to start working on themselves, and they have to know that failing a task or doing it correctly will not change the fate of humanity. There is no need for them to blame themselves for past errors.

It is time to let them go, they have to accept that they can't have everything. Accept themselves, develop their confidence, and moreover live with the present moment in mind, and choose to be happy. Happiness is a choice, trust yourself, you are amazing.

Those lead by planet Saturn in Pisces are described in two simple words, patience and self-sacrifice. Their sympathy may be a problem if they don't learn how to separate their love and detachment at the same time.

It is ok to help others, but this needs to have a limit, and not affect their personal life. Saturn will make them grow emotionally and feel the need for compassion, that's why they will feel that they must help the less fortunate, and they will do that through social work.

Needs in love

When it comes to love, the Saturnian Pisces have to face the same fears and difficulties as in their personal life, because by having that tendency to live in the past, sometimes they will come face to face with their own insecurities, because it is really hard to leave them behind.

They need a partner who will love them deeply, and who will understand their way of living. A partner with their feet on the ground, and with a realistic mind.

A partner who can easily bring them back to the surface when the Pisces will fall in yet another depression episode, and a partner who can totally influence their life, and show them that you can create happiness with your own hands.

The good and the bad

The main thing Saturn Pisces need to remember is to take breaks from time to time. Do something which will relax you, and make you feel rested and comfortable.

The world will still keep going even if you are there or not. You shouldn't worry so much about it. Pamper yourself, go to a spa, watch a TV show, go on a trip, do something adventurous, make yourself smile.

You have a perfect intuition which allows you to work very good with people, so it's time to use your intuition to allow you to work with yourself.

Your communication skills and your compassion will provide you with a very successful career, because you have the power to inspire everything and transform it into a creative mix, so you will give others the inspiration to make a difference.

One thing that should worry you is your lack of confidence. You are really good at taking care of others and making them feel loved, but when it comes to the opposite, you have that old mentality thinking that you don't deserve so much love and attention.

This is not true, it is fine to involve yourself in social activities and help humans, but make sure that you are first helping yourself, and that you always work to fix your personal life issues.

Find a balance on these things and learn that sacrifice should be optional, and not the standard choice. You may also find that releasing yourself from imagined responsibilities will give you more breadth to dream higher.

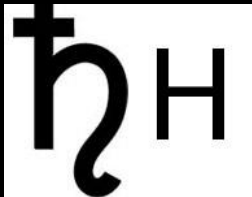

The Saturn in Pisces man

Saturnian Pisces men are aspiring like Saturn and dual like Pisces. These ones will certainly break the rules and do whatever they believe is right. They are very intuitive and have a huge amount of interpersonal skills which make them confident in fighting for their cause.

([1031] i.thehoroscope.co)

This placement of Saturn makes people have highly analytical and precise minds, love to dwell in many different interests and often impress others.

People born with Saturn in the third house in their birth chart are precise, resilient and capable of seeing things in depth. They can organize very efficiently and deal with life in the most traditional and conservative way.

It's possible they'll have an inclination towards mathematics and logic, their mind being very capable of developing great strategies when put in such a situation.

These people don't like to waste too much time with a project and prefer to be alone because they sometimes feel like people can only bring them trouble. This is because they may encounter problems with communication and can't find the way to express themselves clearly all the time.

Summary:

Strengths: Knowledgeable, dependable and kind;
Challenges: Insecure, shy and distant;
Advice: They should be braver about their opinions.

A dislike for superficiality

The main purpose of the 3rd house sits in the subconscious functioning of the natives' mind, when these are dealing with their most comfortable surroundings.

This house refers to the purest way people behave and communicate or how they function when interacting, so with that in mind, it's obvious that it doesn't deal with the unconscious.

It seems the small things people say and do unconsciously are the ones that present who they actually are!

Saturn in 3rd house natives may seem shy and distant. Some can be turned off by them, so they should listen and actually use what they have learned.

This way, they won't need to do a lot of talking, still their loved ones will adore them for listening.

Saturn in 3rd house individuals have some serious difficulties when communicating.

These natives believe their opinions will get seriously criticized, therefore, they're insecure and wouldn't even think of trying to talk about their feelings or thoughts.

Because of this, they're unwilling to communicate and are scared of making a mistake. It's normal for them to be shy and always concerned with others' opinion of them.

Talking is frequently a challenge for them and they could have dealt with some kind of speech impairment when young.

Saturn in 3rd house people aren't necessarily spontaneous as far as learning goes, small-talk and day-to-day discussions about the latest news.

They simply don't have a lot of interest in simple subjects and are all the time serious because they dislike superficiality in all its forms.

They may be very good when it comes to research, but are often scared or not at all bold enough to deal with the new and the methods that haven't been tested.

With Saturn here, things generally refer to a highly analytical and precise mind, which can be the effect of many principles taught to them during their first years of school.

From a young age, some of them have been educated to respect every rule, so they may seem insecure when dealing with the unknown as they take their time to act and are cautious.

Many of them have only studied and thought of nothing else, while others were denied to attend a college with strict regulations, where they'd have felt really good.

As children, they probably felt unappreciated for their way of thinking and even called dumb. If disregarded and told their opinions don't matter, it's possible they may have learned to remain silent and to open only when thinking they have something very interesting to say.

The psychological buildup of people usually depends upon what's known, tested and appreciated.

Saturn in 3rd house individuals deal with cognitive activities by insisting and striving for perfection, security for them being attained only when the truth is understood and every little detail has been studied.

If not, any form of advice coming from others can intimidate them. The slow movement of Saturn supplies many problems in matters relating to home and family members.

Natives having Saturn in 3rd house typically start speaking at an older age than other children, could have a somewhat sluggish and fearful speech or can be exaggeratedly timid to talk about their own ideas.

They may take a while to process all the information coming towards them, and while their intelligence isn't lower when compared to others', Saturn often makes them seem less smart.

Even if they may possess a high intellect, their surroundings would make them feel too scared to talk, which they accept as a reality until seeing what their speech can do.

It doesn't matter if men or women, they could be late bloomers who use only their own pace. Saturn makes these natives extremely stable when it comes to the knowledge they've obtained throughout the years.

What they have heard is strongly fixated in their mind and generates new ideas, which can produce an even more developed mind in the long run, a greater understanding than the one of somebody who absorbs data fast, yet in a chaotic manner.

The goods and the bads

Saturn is the bully of all planets, making people with it in the 3rd house seem distant or too shy. Situations in which communication is needed can make them feel uneasy, but

since they don't necessarily say too many things, they have this great way of listening.

And it's not that they want to be this way, they just are! Don't even think they will ever speak in public, yet Saturn in the 3rd house makes them silent and ready to develop great observational skills that eventually lead them to success.

They prefer to work in the shadows, sometimes as journalists or scientists and are disciplined or very well coordinated, finding those who happen talkative and unorganized very bothersome.

They have probably been discouraged to talk when young, possibly because their parents considered some things should never be discussed.

Saturn in the 3rd house can even briefly disrupt them in school as well, however, they will surely devote a lot of their time and efforts to the aspects of life related to education.

They may need to study twice as hard, but at least they have their own strategies when it comes to working towards reaching their objectives.

It's possible they'll want to achieve great successes in research, but for this to happen, fighting their own anxieties would become very important.

It's good that Saturn provides patience and endurance, so these would be two of their advantage when it comes to accomplishing any type of task.

Their communication is lacking a lot of heart and soul, therefore, they won't call or text a person until initially determining what they want to say.

This can be terrific for some professions, especially those that require the employees to be as discreet as possible.

Natives with Saturn in the 3rd house are fantastic at managing confidential information and working for newspapers, or for tasks where they don't need to interact that much with their colleagues and superiors.

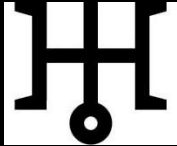

They're also cautious and manage to obtain results faster than others because they're always minding their own business.

It's suggested they spend some more time examining other individuals and their desires because this can help them determine what they want too and they surely are capable of good relationships.

They should use their instincts and have significant talks with both their family and friends.

Relaxing and letting their few communication abilities unfold will put them in the ideal direction, so they'll eventually learn how to talk more openly, which can be their life's challenge.

For this reason, individuals having Uranus in the 1st house would never allow themselves to be confined in situations that don't give them any freedom or are conditioning.

They're really inspired by people who get enthusiastic about anything and can stimulate their mind.

However, they should be careful with their impulsiveness and need for freedom because some of their loved ones may not understand them and their ways. If not careful, they can end up alienating people they care about the most.

These natives will always change their style and appearance because they want to seem different. That's why makeovers are one of their favorite things to do.

Not allowing themselves to leave how others dictate, they're also spontaneous and maybe more rebellious than others.

Expressing their own thoughts freely is one of the most important things for them, so

when saying something that bothers, they don't really care about who raises a brow and who doesn't.

Uranus is the ruler of Aquarius, which happens to be the most unconventional and independent signs in the zodiac. When this planet is in the 1st house of self, it influences natives to want to be different or proud of their unorthodox methods.

People with this placement are humanitarians who want to make the world a better place. They will always dress differently, be late for meetings, cancel plans and make many changes in their life.

What they need to learn is that the unexpected will always happen and that their adaptability is efficient. They give a lot of importance to freedom and hate to feel tied down, whether with a person or a situation.

These people are the best friends anyone could ever have because they put a high price on friendship.

It's important for them to understand they're unique and that not obeying to the society's rules can be something honorable. If they won't admit they're unusual, Uranus will be in their way when they'll want to establish formal relationships that follow the rules of the society.

Uranus in 1st house people need to be attracted to their lover if there's for their romantic connection to evolve.

Blessings

Being independent seems to be the most important thing for natives having Uranus in 1st house. These people need to always be the bosses and hate it when others try to order them around.

They're passionate and very exuberant, which can make them overwhelming to some type of individuals. Their closest ones should know they're only well-intentioned and that they put a lot of effort into what they love the most.

It's good their honesty will always have others know where they're standing. Uranus's presence in the 1st house indicates they may need to step aside from time to time, in order to see how others view life as well.

It's not enough for them to think they know everything because some questions can be left unanswered and personalities need to be explored.

It would be wrong for them to assume their loved ones aren't right just because they don't agree with what they're saying.

Listening to different arguments can help them see life more objectively. After all, learning is also about taking other people's opinions into consideration.

When Uranus feels comfortable in the 1st house, natives with this placement are usually very open-minded as far as sex goes, and don't mind hearing their lover's fantasies.

They're very interested in their own image, but also in the one of people that are close to them. Therefore, they give a lot of importance to clothes because they think a person's style expresses a lot of his or her individuality.

The same comfortable Uranus in the 1st house indicates people with this position are very objective and don't judge according to what they're seeing.

Challenges

Uranus in 1st house people need to stop being so excited and enthusiastic because discretion and tactfulness are the key to diplomacy.

Being more dedicated would also work very well for them. They should pay attention not to lose their interest in things or people as fast as they do.

While the planet Uranus inspires them to always change, they'll get to do great things when sticking by their own ideas for longer periods of time.

They love to talk and to exchange ideas, but they may find it troublesome to sustain some of the solutions to problems that they have found.

After they've worked with one of their own original ideas, it's very likely for them to just get bored dealing with the details because the next problem coming towards them seems to be more interesting.

This shouldn't bring them down that much, especially if they're surrounded by people whom they can trust, but if many count on them to do their job in a very efficient manner, they may face difficulties as a result of getting bored too easily.

Looking at a Uranus that's challenged in the 1st house, it can be seen the natives of this placement have had troubles with their own image during their past lives.

The Ascendant influences their personality a lot, also in matters of how they're seeing themselves. Therefore, through the Rising sign, people filter all the psychological functions that give them a correct image of themselves.

So as said before, Uranus in challenging aspects in the 1st house indicates unconscious memories regarding self-appreciation.

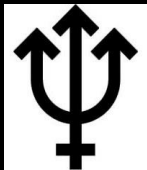

These may indicate that in past lives, people have had many tattoos or piercings and now the natives are so preoccupied with their image.

Therefore, in this life cycle, they may try to reproduce the way they're seeing in their own unconscious. This can also be one of the reasons why they need to always be different from the crowd, especially when young.

It's important for parents having teenagers with Uranus in 1st house to understand their sons and daughters need to look the way they're feeling and that no one can change this about them.

If children with a challenged Uranus in 1st house would be criticized and ridiculed for the way they dress, they'd be very traumatized, so their parents have the duty to be gentle with them when it comes to this.

Neptune ♆ in ♉ Taurus man 8° 22'

([1066] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

One who is born with Neptune in Taurus in their natal chart, borrows from the indulging nature of the latter and the tendency towards dreaming and introspection of the former.

They love the idea of living in a luxurious and comfortable house with a glam and expensive design, and they are able to get it by working passionately their entire life.

Of course, achieving wealth is really hard to be done, but once they will fix their passive attitude and start seeing their dreams as reality, they will pass every obstacle, even if it's a financial or personal one, and they will end up fulfilling their dreams and living a happy life.

In a nutshell:

Style: Patient and understanding;

Top qualities: Romantic, dreamy, reliable;

Challenges: Possessive and materialistic;

Advice: Physical exercise could help you get out away from monotony.

Personality traits

It's definitely true! Neptune Taurus natives can be classified as dreamers, and they have many thoughts about how much expensive their possessions should be.

Their intelligence and ambition will help them get more than they will propose initially because they are materially-oriented.

This materialism will make them manage every situation properly because their practical mind acts as an incredible ability which overcomes any challenge and always fixes their problems in a productive way.

When it comes to their personal life, they might be a little bit more insistent, because once they fall in love, it's going to be hard for them to let the partner go.

Their ideas are best when put into practice, and they are very practical when it comes to this, preferring to build upon realistic plans, rather than going forward with improbable and idealistic desires.

Usually, they capitalize on their artistic sense and the sense of aesthetic construction that animates each and every one of their ideas.

However, these natives are not good when it comes to organizing their financial situation, but due to their highly adaptable personality, they will eventually reach an acceptable level in this domain as well. Moreover, they are flexible enough to survive in almost any environment.

The Neptunian Taurians might try to convince others of the truth of their own ideas, in a constant process of persuasion, a holy war of some sorts that they fight endlessly.

This is not exactly the ideal path for them, since the sense of satisfaction that they get when someone validates their perspective is not truly a reason to be happy. True happiness and fulfillment come from one's own revelation, from the individual enlightenment, not from making others see the truth.

Helping others reach their own understanding of the world is better than imposing your own viewpoint, and it leads to a greater satisfaction later on.

Moreover, their aesthetic skills are off the charts, and they will try to create their own understanding of the world through their own peculiar methods.

The positives

Those natives dominated by Neptune in Taurus have such great artistic abilities, being

art lovers, that they use their artistic eyes to reflect the perfection in their material possessions.

They also use, as a veritable source of inspiration, their beloved partners which are the most angelic creatures on Earth, in their eyes.

You will see that once they are in love with someone, they get in touch with nature very often, and they start to appreciate their beauty at a high level.

All this makes them feel, from head to toe, a beautiful sense of freedom, which will definitely entertain their happiness and satisfaction. They are definitely the ones that best know how to enjoy their spare time.

The negatives

Because they are born with the assurance that everything will work perfectly every time, even their craziest dream will become reality, just imagine how disappointed they will become when they will realize that life sometimes punches you in the face and destroys all your dreams.

There is a big risk for these natives with Neptune in Taurus to start getting depressive and anxious, and even having confused states, not realizing why their perfect picture about the future got broken.

It is very hard for them to move on after a breakup, and there are a lot of chances for them to become angry and frustrated.

They have a really patient attitude, but if you pass the limits, you will have in your face a totally different person. At the end of the day, they will find the power to get up and start everything from scratch but before they do this, they will take all their negative feelings out.

The Neptune in Taurus man

These men are truly one of a kind when it comes to relationships. They love very passionately and with great intensity. This can be seen from their overall attitude and how they take care of their partner.

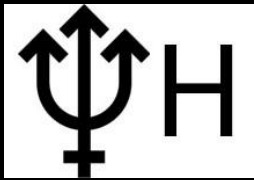

Most of the time, they'll be willing to give up on their own comfort, just to bring a little bit of extra comfort to their lover. Moreover, they extract great working energies from that sense of personal fulfillment of having someone to help and support them.

Relationships really bring out the best in them, both professionally and emotionally. You may notice that the man with Neptune in Taurus puts a lot of effort into taking care of you, and he would greatly appreciate it if you express your affection in return.

They tend to overlook the importance and significance of their efforts, and it's always good to hear words of appreciation from others. Little things matter the most, and what is simple has always attracted their attention.

Telling them you love them early in the morning, cooking for them when you know they're coming late from work, these are small things that matter a lot to these men.

Neptune ♆ in V 5th House

([1081] i.thehoroscope.co)

This placement of Neptune makes people benefit from a very rich imagination so their lives tend to take quite dramatic and exciting turns.

When in the fifth house, Neptune has an influence over romances, imagination and children. People with this placement have the ability to put themselves in others' shoes and to know what their loved ones are feeling.

Natives having Neptune in 5th house are talented actors, or they just love going to the movies and the theater. Their imagination is very rich and they are more romantic than many other people with different placements.

Challenges: Secretive, unrealistic and manipulative;

Advice: They need to refrain from being envious.

Attracted to everything that's erratic, mysterious and unconventional

Very creative and having an imagination that goes beyond any limit, natives having Neptune in 5th house are great people who prefer to express themselves in a dramatic way.

They may also have a talent with taking care of others because they can make people feel good and don't mind offering their help.

Their strongest need is to be admired, especially when it comes to romance and what they're doing for love.

Fantasizing about the ideal partner, they're too dramatic and sometimes imagine things, so many of their partners will decide to leave them.

They may not see love as it actually is because they have these rose-colored glasses when it comes to issues relating to love.

Attracted to everything that's erratic, mysterious and unconventional as far as love goes, they may fall for people who need to be saved, are cold, don't want to commit or have no idea what to do with their life.

Being so dramatic can be exhausting for them, so they should find a balance in life and to keep their high ideals, while not expecting everyone to live up to their expectations.

As said before, Neptune in 5th house individuals are very good actors, so their creativity exceeds the normal limits. Passionate and seductive, they could attract anyone and make love whenever they want to.

When they've fallen for someone, they really let themselves go and no longer care what is happening with other things in their life.

It's essential for them not to become unrealistic as far as romances go because they can fall in love with people who aren't available or with images of individuals that don't in any way show the real person.

Neptune 5th house natives may need to examine what's glamorous and fascinating about love in general, their own creativity and the children they're interacting with.

This planet can cause to feel unfulfilled until they have a child of their own. It can also make them feel very disappointed when their partner or children don't live up to their ideals.

Many individuals with this placement get involved in relationships that can't be revealed to the world and fall in love easily.

All these things may be good for them because they make them great artists. It's also very likely they have an offspring who has great talent with music, painting or other things related to art.

Some of them have their children sacrificing themselves for their happiness, in one way or another, so when feeling life's difficult, they may turn to their offspring to become safe.

Wherever Neptune is placed in a birth chart, it shows the ideals and dreams of natives. It's also the planet that's responsible with influencing people to wear rose-colored glasses, which means it has a lot to do with denial and with making individuals see and

hear only what they want.

The 5th house of love, children sex and gambling is influenced by Neptune to bring in a lot of imagination when it comes to all these things.

Those having this planet here would idealize their partner and think of many possibilities they could have with romantically unavailable people.

They may also not see the bad in others and think people who've done them really nasty things had a reason for being the way they were or perhaps have rehabilitated.

These natives can only see what's good about a person and think those who have ugly things to say about others are in fact either envious or extreme.

As they only see what they want, they may think of their relationships as being something more than they actually are.

Therefore, while their partner would be cheating and lying to them, they'd avoid believing all this and staying next to that person for as long as possible. It's very likely for them to be in relationships that don't make them happy.

These natives are the type who wants to rescue, so they'll only grow to be attached those whose life seems to go downhill.

They simply love drama and, even if they don't admit it, they're loud, exhausting and too much for others to handle.

When it comes to what the 5th house deals with, they will be very secretive and in the same time overjoyed, no matter if all that's happening with them is only in their mind, considering they tend to fantasize and be disillusioned.

Obviously, the aspects in which Neptune is with other planets matters a lot when talking about the traits individuals with Neptune in 5th house have.

This planet is a not too clear mirror that reflects the energies received from different other celestial bodies. Therefore, when in positive aspects with planets, it has a great influence over the traits belonging to either house or a planet.

Neptune in negative aspects can be malefic, passive and only a receiver. Amongst other things, the 5th house rules over joy and relaxation, so natives with this placement may really appreciate things related to these aspects of life.

They simply love dancing and if women, can be very seductive in their movements. It's like water flows through their body and they can dance to any type of music.

It's also possible for them to be great poets, depending on the aspects in which Neptune is. Also ruling children, the 5th house influences people with this planet here to have dreamy sons and daughters.

These little ones will be fantasizing all the time, and not really care about everyday issues. This means they'd make great artists and could achieve success without even struggling.

But at the same time, they'd be very sensitive and always charged with strong emotions, which will also be a sign they're good psychics and in school, they can rely on their intuition all the time.

Neptune in 5th house natives will be very secretive about their children. Men with this placement may have one kid and not know anything about him or her, while women would say their relationship with the little ones is complicated.

When Neptune is in bad aspects with Pluto, Mars and other malefic presences, the women with these placements may suffer miscarriages or can have many abortions.

That's why they should avoid using drugs as these could either make them pregnant when they don't want to, or cause them to abort the child they'd want.

Adoption is very possible with Neptune and the 5th house so there also many good reasons to be happy about this placement.

The goods and the bads

People born with this astrological placement are very enthusiastic and want others to see the world the way they do. They will take their loved ones with them in their adventures because they want closeness when traveling.

Able to inspire optimism as they're always happy and positive, they'd make great leaders. Their methods of bringing hope and inspiring people to live life as happily as possible are not known, yet still very efficient.

It's normal for them to have many friends and to change partners like others change their socks. They don't see a problem in being like this because falling in love seems to be their favorite thing to do.

And they're very good at it, considering their partners are always happy and fulfilled. It's in their style to spoil their lover and to want appreciation in return.

As a matter of fact, Neptune in 5th house natives can exaggerate with the way they're pampering their other half, making it difficult for many to be able to return the favor.

When not appreciated for what they're doing, these natives get to feel disappointed and even hurt. It's important they don't allow their partner to become as dramatic as them, especially when it comes to problems that don't even matter that much.

Having a quick temper and a big ego, they may actually be difficult to deal with when in a long-term relationship.

They should pay attention and not fall in love with those who aren't meant for them because they tend to idealize people and to fantasize about things that aren't real just for the sake of drama.

Pluto ♄ in ♏ Scorpio man 1° 49'

([1096] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Scorpio are emotional above all else, always taking the time to think about whether their actions would hurt the others around them or always involving themselves in activities where they can make full use of their sensitivity.

However, this is not always such a good thing because it might drive them to miss out on the essential because they are too attentive to the softer aspects. When they start to lose focus of their priorities and get too entrenched into one singular detail, fussing over it for hours on end, these people lose efficiency, and may possibly even fall prey to frustration and depression.

The Plutonian Scorpio needs to learn that being practical and controlling with one's emotions are requirements for a balanced mindset.

In a nutshell:

Style: Dramatic and challenging;

Top qualities: Responsible, loyal and practical;

Challenges: Manipulative, deceitful and contradictory;

Advice: You might want to be careful to your reaction to change.

Personality traits

These natives are one of the most contradictory individuals of the whole zodiac, through the wide array of strange principles and viewpoints that they carry with them in life.

Usually, when 10 people in a room are arguing over a common sense topic, it's because the 10th claims the exact opposite that the other 9 affirm. The tenth one is a Plutonian Scorpio, easily recognizable in this regard.

Also, these natives can be very naïve and easily influenceable because straight, rational thinking is just not their forte. They often pursue unrealistic goals and are prone to incessant stubbornness.

Those who were born under the Pluto in Scorpio transit are free-spirited individuals who want to explore the world and see it for what it truly is. They don't abide by most societal rules and don't recognize the authority of someone who tries to limit their freedom.

When they get too passionate and interested in one of their idealistic dreams, nothing can stop them from achieving it, or from trying at least.

One of their greatest perks is being able to create a form of peaceful communion wherever they go. With the prospect of unknown secrets to reveal and natural disposition towards helping others, most people fall under their spell.

The Plutonian Scorpio native likes to explore the world and expand their breadth of knowledge without being hindered by preconceptions or fundamental creeds.

These people wish to discover what lies behind everyone else, at their own pace preferably, and to do that, they must break apart the age-old stereotypes, presuppositions, and biases.

Other than this, one can cause a lot of chaos in their wake, because there is no discernible pattern to their actions. This native can be one of the strangest and most incomprehensible ones out there because he doesn't seem to follow a certain logic.

Moreover, Plutonian Scorpions can be extremely negativistic, as they can just as well be the most enthusiastic and positive people out there. You're going to meet both of these opposite specimens, and you won't know which is the real them. Well, both are, and this makes these natives very special indeed.

Pluto in Scorpio in love

Love isn't the highest form of existence, nor is it a form of spiritual elevation for the Plutonian Scorpio. Certainly not a romantic, they prefer to focus on much more serious and certain things, like their professional life, social acceptance or coping with their own inner contradictions.

Even money is more important than submerging oneself in a headless struggle for love. However, when that does happen, they never take it for granted, always remain loyal, and give their all to deepen the bonds.

Plutonian Scorpions are quite sexually active and very keen on experimenting with all their ideas and kinky fantasies. They never see sexuality as something to be shunned or kept hidden under lock and key, but something that should be celebrated, perceived as the pleasing act that it is.

The Pluto in Scorpio man

These men exhibit some very strong personal convictions and can disregard completely the ideas of anyone who dares to challenge even a tiny bit something they believe in.

They defended their own beliefs stoically with no remorse for collateral victims. It's no surprise that many Plutonian Scorpio men were literary critics, played theater or avid critics of societal flaws.

The last time Pluto transited Scorpio, the development of technology saw the rise of computer sciences, a field where men were most adept in or were quickly becoming adept in. They were entirely fascinated by the potential and scope of such a domain.

What they weren't so good at was social life. They preferred staying in-doors or at the office, keeping busy with solving problems, honing their skills, planning for the future rather than going out, making friends, indulging in the social masquerade.

Similar to this, men with Pluto in Scorpio of any generation reject the traditional influences and expectations and tend to pursue their own dreams independent of what others think of their choices or of even them.

These men didn't and don't buy the social propaganda, the superficial criticism of going against the status quo, nor they involve themselves in flimsy romantic adventures that would lead to nowhere.

Pluto ♅ in XI 11th House

([1111] i.thehoroscope.co)

This placement of Pluto makes people be exceptionally devoted to those dear and not only, ready to throw in a helping hand, whenever needed.

Those born with Pluto in the eleventh house of their birth chart are at the very extremes in terms of emotional stability. They will rage and wreak havoc on anyone who dares to go against them.

And when confronted with difficult situations that demand a calm approach, they will take out the sword and walk through rivers of blood. Grudges, mostly, are the way these people sink themselves in the swamp.

The great potential that they've been endowed with will always surface, stronger and deeper than ever. Moreover, their intuitive and psychic powers allow them a moment of respite and break from the waging war of the world.

Summary:

Strengths: Responsible, kind and caring;

Challenges: Dismissive, opportunistic and stubborn;

Advice: They should strive towards being objective not judgmental.

Pathways to success

These natives are going to go through one hell of a harsh time with regard to their social relationships to other people, social events, and the many group projects they're going to participate in.

Either they'll listen to the commands of others, adapt and follow orders, ply their trade according to certain regulations.

Or they realize the deep potential lying within their own genes, the great ideas and strong principles that others would simply admire, the game changes completely.

Now, they are the leaders, bringing everyone up to speed with new directives and pathways to success. Even more, now they won't readily accept to obey or submit themselves to the status quo.

They don't have that many friends. This happens as a result of the strong tendency to commit unconditionally to a friendship, to put every effort to develop and maintain it.

The Pluto in 11th house natives are literally exceptionally devoted and supportive whenever the case. However, they also expect the same kind of treatment from close people without having to ask for it.

The number of people who are this committed is not that large, to say the least.

Moreover, they don't do well with large groups of people chanting or supporting an idea, simply because they abhor the herd mentality.

Holding something as being true without actually investigating that is blamable and worthy of distrust, ridicule, and mocking in their eyes.

One other reason they can't quite fit in groups is that they always distance themselves by going against the flow.

Where there is something fishy or suspicious, they will call it out, often against the will of the majority. This makes them the black sheep instantly.

In general, actually, they think in a different way than most, are attracted by things that the majority doesn't even know about and uses uncommon means to get to their goals.

They want to develop an objective point of view, outside of the confines that a herd mentality retains.

The only real reason why they would ever choose to become involved in any group activities is that they want to hone their skills or learn something. Or perhaps they want to bring a change in the world, help achieve some breakthroughs that would do a lot of good to many people.

Pluto in 11th house people should, however, be extremely careful about who they choose to trust because these groups are home to despicable individuals.

Especially political parties gather people of unspeakable pretense and fakery, snakes that are just waiting to attack you from the back. They are very sensitive to how others react to their ideas, in general.

They will often wonder whether their actions or words affect the people around them, or better yet if they offend anyone.

This is an ill-begotten attitude that should be tempered, taken out of the equation because it only forces them to be subservient and weak.

If they could focus all this rampant energy toward let's say, humanitarian and altruistic ends, things could be very different. It's their responsibility to change something.

The goods and the bads

They are offered very lucrative opportunities through their friends and close associates, the kind that they trust with their lives.

The Pluto in 11th house natives are very electrifying and have very intriguing

personalities that will attract anyone to them like a magnet.

Because of their principles and generally kind attitude toward the helpless, many people admire them, including their followers. However, they can also have very high expectations. Hatred or admiration, it all depends on how they approach most situations and problems. If they strive to bring everyone out unscathed, then they'll bask in the glory of victory.

If they give out commands and dish out punishments for insubordination without taking anything else into consideration, then chances are they're going to be hated.

For them, knowledge and information are two of the most important aspects. Of what? Of everything. One can't do anything without having the necessary know-how, the basic principles, the logic and the reasonable mindset based on knowledge.

They take it upon themselves to eradicate ignorance, superficiality, to foster a sense of spiritual upliftment, to bring out the best in people.

They are very capable of adapting themselves to people from different social strata, to understand and explain. However, it's also true that one can't change the world just like that. Sometimes, most of the times, no matter how much effort you spend, it's never enough.

They can't control everything, and they can't dictate how people will react to certain events. Sure, when there are grander things afoot, bigger odds to play, then sure, the 11th house natives are just the right people for the job.

But when it's something relatively simple, with no enduring consequences, then they should learn to be more tempered and back off. Otherwise, they will upset a lot of people by being too intrusive.

North Node ♌ in ♊ Gemini 22° 15'

(Georges Muchery)

The Dragon's Head is in its exaltation in this sign, and is therefore very powerful. It indicates victory after much anxiety and trouble. It is a token of success, and luck which often comes only when everything seems lost. The friends who surround the native are reliable, and will help him to succeed. The native has a noble mind, which will always

enable him to fight against the current; but Faith and Perseverance are also required. Courage is not wanting; and this position makes the native good and straightforward. He will know how to gain the sympathy of people who will help him: he may therefore look straight ahead, for the Dragon's Head in Gemini is always a sign of progress.

The Dragon's Tail in Sagittarius robs the native of some of the quietude upon which he might otherwise count. Frequently over-confidence in himself will be detrimental, and cause him to undertake things before due considerations, so that when it is too late he might regret what he has done. Countless difficulties will arise, but he will conquer them through exertion and courage, and by clear-sightedness and caution, not always thinking that everything he does is right. Perfection does not exist in this world.

(Isabel Hickey)

North Node in Gemini increases versatility, adaptability and mental agility. Benefits through relatives and friends because of an optimistic viewpoint toward life. This kind of attitude should be cultivated in this life.

South Node in Sagittarius gives poor judgement and adds to the restless and rash tendencies that keep the individual from accomplishment. Has to learn to concentrate and focus forces and not go dashing off looking for other fields to conquer. Conquering, like charity, begins where the person is placed.

(Martin Schulman)

Here the individual receives an intitation to join society. His soul has come into this life with a past incarnation of wildness. As a result, he is unaccustomed to appreciating the point of view of others. The karmic continuation of a strong selfrighteous attitude makes it difficult for him to be a fair judge of his own actions. As such his life is excessive. He is still attracted to the natural existence without formalities, and will go far out of his way to avoid having any restrictions imposed on him.

He is used to being a free spirit, and desperately tries to retain his sense of liberty at all costs. Whether he is married or not, the soul memory of his bachelor-like attitude makes it impossible for others to get too close to him.

Believing that actions speak louder than words, he makes his present life a kaleidoscope of rushed activity. He always tries to do too many things at a time, spreading himself so thickly that he keeps losing sight of any central life theme.

In past incarnations, he functioned on great reservoirs of nervous energy. Yet, for all his activities, he has not yet learned how to focus his attention in any one area. In this life he is still seeking expediency and finding himself forever the victim of short cuts that have to be repeated.

Unaccustomed to all the demands of society, he tries to shirk responsibility. He feels that if he can just clear away all the business at hand as quickly as possible, he will then experience the freedom that society is trying to take away from him. And so, most of his time is spent trying to free himself. What he doesn't realize is that each action creates an equal and opposite reaction. As a result, he is actually making himself more imprisoned than ever before.

Always his nature is somewhat primitive. If he is selfish, it is done innocently. If he steps on others' toes, it is because he is unaware they are there. Always he seems to miss the obvious, blissfully ignorant of the immediate circumstances around him. When it comes to social graces, he is so inexperienced that he appears to be the proverbial 'bull in the china shop'.

In the current life, he is learning how to mix with the society from which he is benefitting. Yet, still fearful of the reactions of people, he lives his life on the rim of the wheel, occasionally darting into the center of the hub only to run back out again.

His past life experiences with people were lacking in the areas of co-operation, sociability and tact. Now he is striving to reach sophistication. He doesn't yet know how to see a clear reflection of himself, for he doesn't understand that there are two sides to the same coin. Through his Gemini North Node, he will now undergo experiences which will force him to see both sides of every issue.

In this life, he is destined to learn what the world looks like through the eyes of others. Before he can understand why people seem not to listen to him, he must first put himself in their place. Ultimately he will come to realize that all the negative qualities he has been attaching to others are things he does not understand in himself.

Sometimes he is a shouter in a library. No matter how sophisticated he pretends to be, he has so much past life residue of crudeness in him that it is bound to seep through at the most inopportune moments. This embarrasses him so much that he becomes determined to polish himself by paying attention to his mannerisms, habits and public behavior, and particularly his mode of speaking.

Through his Gemini North Node, he will spend most of this life's energy learning how to be adept at the art of communication. He now feels the need to educate himself, so that he can establish an identity in society.

At one time in the current life, he will be faced with the conflict of whether to live in the city (Gemini) or the country (Sagittarius). While his basic nature for so many lifetimes would feel more comfortable in a country setting, he can learn much by adapting himself to the new experience of coping with city life.

Through his Gemini North Node, he must learn diplomatically to respect the rights of others if he is to help preserve a society which in prior lives he thought unimportant, but in this life is necessary for his very survival.

While his body cries out for sports, nature and the primitive life, his mind will eventually lead him toward a study of words and language and a reflection of his self-expression, so that he starts to become a more humanistic part of the culture in which he lives.

He is like the wild stallion desperately trying to fight being tamed, and yet wondering what the experience must be like. In the midst of this seeming paradox, he is a messenger of the lower and higher minds to all who come in contact with him. His past incarnations brought him to a natural understanding of the universe. Now his mission is not only for himself, but also to spread his understanding to the myriads of people that run through his life. Herein lies the mystical reason for his eternal restlessness. He has much to say and much ground to cover!

The house position of the South Node shows the area in life where past incarnation residue still pulls him toward a desire to be a free spirit. The house position of the Gemini North Node indicates the doorway through which he must walk in order to experience the advantages of the civilized humanistic culture he is destined to join.

(Mohan Koparkar)

Previous incarnation for this person was spent in various philosophical and mystical pursuits. A lot of freedom and independence was noticed in that life. Thus, this person has to learn to deal with people in this life. Isolation becomes a rare quality in life as he has to exchange his ideology with others and on a face-to-face basis. If he tries to isolate and withdraw from society, the circumstances force him to be with others. Considerable intellectual dissipation of knowledge is seen in this life; and communicative means are extremely significant for him. He seldom has a chance or opportunity to cultivate his emotional and material base. Thus, those elements are very significant in this life structure.

(Donna van Toen)

You need to share your awareness with others. Your Sagittarius South Node replies 'Yeah, but I don't want to stick around explaining things. I can't learn anything that way'.

Your problems are likely to include an obsession with learning but no interest in using your knowledge in any practical way. Difficulty establishing lasting relationships leads to over-valuation of books, classes and other intellectual activities that provide indirect communication.

Possible reasons for these problems include: that a need for long-term concentration on

study or some sort of cultural, ethnic or religious difference has interfered with the formation of relationships; that a speech impediment has caused you to turn to books instead of people; that a literary career limits people contact; dependency on reading as an escape from a boring routine; that poor judgement about people has caused you to place your trust only in 'proven' sources of information; that a lack of concentration has led to communication problems and misunderstandings; or that you have a need to conquer an ingrained feeling of stupidity or inferiority.

Possible solutions: Develop your latent communication skills. Channel your intellect instead of being a slave to it. Share your knowledge with others so that they can learn. Become a professional trivia expert, a con artist, or a perpetual student.

Gemini North Node can be a good talker, but he or she is often a poor communicator. He or she is good at tossing out facts, lecturing, impressing others with long streams of beautiful words or technical jargon, and so on. But he or she quite often talks at others rather than with them. The Gemini North Node tends to quote books verbatim, drop names, quibble over semantics. He or she talks skillfully about facts and theories, but generally is at a loss when it comes to applying them or sharing his or her feelings about them. In fact, this person generally avoids sharing any facet of his or her personality beyond the intellectual side. This is a shame since North Node in Gemini invariably holds great potential for perception. Development of this potential brings a deepening of the intellect so that ideas can be used for the practical betterment of his day-to-day relationships and living conditions.

Signs of an over-developed Sagittarius south node are: a tendency to flirt, flatter and charm but reveal nothing; an expectation that others will hinder his or her freedom; a tendency to ridicule others; being generally on his or her way somewhere - 'only having a minute'; a first instinct to take off when pressured; a tendency to promise more than he or she can deliver; a distrust of security and routine; being accused by others of being unreliable, but feeling that it's others who are unreliable; enormous faith in the published word; and being uncomfortable with peers in general.

North Node in Gemini dreams of a life of variety. He or she wants to be seen as adaptable and a good conversationalist. He or she also wants to be thought of as an educated person. In reality, this is a person who transmutes emotions into interests. He or she is interested in spirituality, education, travel, and similar Sagittarius-ruled things, but in a passive, abstract way rather than in terms of experiencing and enriching the life. He or she may mix well with others, but only as long as he or she can assume the role of teacher. This teaching isn't necessarily a formal or professional role, but it permeates most interactions just the same; and in the course of assuming this role, much of North Node in Gemini's enthusiasm for life is misused or wasted. Extremism of some sort may also mar conversational skills.

Antidotes for Gemini imbalance: The client should be encouraged to keep a diary. If the client has knowledge to share, he or she should be encouraged to do so through teaching, writing, correspondence, or whatever way is most convenient. Travel in moderation often proves beneficial. Involvement in civil rights or community improvement causes can be helpful. The imagination should be tapped so that creativity can be developed and put to use in strategy - planning, writing, photography, or some other area according to the chart. If the client is amenable to a career change or program of career training, there are many obvious choices that would encourage development of the North Node. Among these are: journalism, newspaper work, radio work, television work, fiction writing, Air Force careers, electrical work, reporting, and linguistics. Dancing could be a possibility, although unless the client is very young this would probably be better as a hobby choice than as a career choice.

The client should be encouraged to steer clear of tiring or repetitive routines that don't provide opportunities to develop adaptability. At the same time, he must be discouraged from the 'Jack of all trades, master of none' syndrome. If there are signs of perpetual studentism, the client should be encouraged to start doing something with his present store of knowledge before trying to gain more.

Hobbies should stress physical agility and manual dexterity. Origami, model-making, collage-making and the like are recommended. For the more active, fencing, tennis, golf, and dancing are good choices.

North Node ♁ in VI 6th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Sixth House is good for the native's health, and even when he is ailing, or seriously ill at some time of his life, the Dragon's Head will help him to get over his illness, so that if his life should be despaired of he will have a chance of recovery. It also implies good fortune derived from employees; and if the horoscope on the whole predicts it, it confirms gain through an inheritance from an uncle or aunt.

The Descending Node (Dragon's Tail) in the Twelfth House is one of its most unfortunate

positions. It causes incessant worries and troubles during the whole period of occupying this house, or when it passes through it again, unless benefic aspects from other planets are in operation at the same time. It causes loss of money, and unsatisfactory business transactions. It makes powerful enemies and merciless creditors, and is also a sign of ill-health and troubles of all kinds.

(Isabel Hickey)

Integration only comes to this individual through service. Must come out of his shell and work. Has been isolated through self-undoing in the past. Either enforced seclusion, or restrictions due to lack of compassion in the past, has made it easy to retreat this time. Fulfillment comes to this individual through serving others and losing the sense of separateness. Humility, the last virtue to be attained, can be the keynote of his life if the individual is willing to serve others with no concern about the self. In order for any of us to become something, we have to be willing to be nothing. This is the message of the sixth house.

(Bernice Grebner)

With North Node in the sixth, he needs to work and to be of service to others. He must learn to do for others with no regard for himself. He needs to lose the self-interest toward which he tends to gravitate. This also includes learning discrimination, attention to details, and discipline from too much daydreaming. He also must concentrate on health matters for the protection of his physical body. He needs to bring compassion down to the practical level.

South Node in the twelfth is sensitivity. Here is the person with a talent for working with the sick or mentally insecure. It gives a drive to seek seclusion and an inclination to meditate. With bad aspects it could give an alienation from society. This position seems to be karmic; and there is a very definite secret, sacrificial service of some kind involved, depending upon sign and aspects. The person with the South Node in the twelfth house may have a martyr complex, which must be used at its highest in sacrificial service and delving into the secrets of the subconscious, bringing them to the light of the conscious mind. This position gives many nurses and doctors.

(Mohan Koparkar)

This condition often signifies work-related areas and importance in life. For some reason, they are highly inspired to do things others may not want to do. For spiritual growth, this is quite a good position of the North Node. For some reason, their interest in life is not tremendous but just a passing stage in the Karmic line-up. Physical health is maintained considerably well, and they may even get into diet foods, meditation and related areas. In their prior life, they came fairly close to achieving the secret of the universal escape, but missed it by a short margin. This aspect often provides self-

confining tendencies to elevate one's position in the universal race.

(Martin Schulman)

This individual spends most of his time in deep thought. He likes to be left alone so that uninterrupted by others he can let his inner reflections sift through the karmic memories of all his past incarnations. This is not to say that he doesn't like company, or that he's even aware of what he's doing. The fact is that he goes so deep as to become totally oblivious to anything he is thinking about! He loses himself in himself.

Always the conscious reason for going inward is based on logical intention, but the individual tends to reach the point where all logic eludes him. The Neptunian subtlety of the depths he reaches remains a mystery even to him!

One of his greatest problems is that while he stays inside himself he is preventing others from stabilizing his mental journeys. As a result, he accumulates enormous past-life fears, having no idea whether they are real or imagined, or just a compressed collection of the mental scenery on his inward journeys.

Still the basis of his outward life is built on fear and imagination, and regardless of how strong the rest of the chart is, he keeps having moments of not being able to find confidence in himself.

He is a lot like the turtle constantly peeking out of his shell. People close to him see his life as a tendency to avoid all that seems real.

He spends most of his time watching others from behind a see-through mirror. Ultimately he comes to believe that the rest of the world is viewing him with the same scrutiny. There is a latent paranoia built into this Nodal position.

In areas of work he is an unusually poor organizer, leaving many scattered ends behind him and always feeling that there are not enough hours in the day to complete his chores. His problem is that he doesn't know how to budget his time, and as a result he is constantly trying to catch up to the present.

Much like the rabbit with the clock in 'Alice in Wonderland', he keeps throwing himself into the position of having to rush to avoid being late.

Part of his life will at one time be involved with hospitals, institutions or organizations which demand him to structure his ways. He needs this in order to come out of his inner self.

The big karmic lesson is for him to learn responsibility instead of feeling sorry for all the woes that seem to beset him. More than any other house in the zodiac, he cries at the

slightest hurt either real or imagined. Sometimes the crying is inward, but always it is there, for on the very deepest levels he feels that the love he has to give goes unnoticed and unappreciated. Because he thinks this way, he becomes his own creator of gloom; and woe to the person who tries to pull him out, for then he will have a receptive ear for all the past-life hurts, fears and worries he has not yet even verbalized!

Underneath all else, he is a bottomless well of fretting, with not enough deep faith in the positive outcome of events. He must work on building trust so that he can have the strength to come out of his shell. Once he does, he is one of the most compassionate, beautiful and useful people in the zodiac.

His sixth house North node gives him great pleasure in helping others, but he cannot do this well until he realizes and accepts the fact that in this incarnation he has chosen a life of sacrifice.

He must learn how to organize his thoughts, his work and his diet, for he is a naturalborn healer, capable of defying the limits of practical medicine with his own more mystical methods of curing. But a talent is not a talent until it is developed, and an individual is not more than he thinks he is. Ultimately he will come to learn that his greatest gift is faith. But he will work long and hard to reach that awareness!

Part of the current life will be spend nursing or coping with physical or mental illness, either in himself or in others close to him. His major growth occurs when he realizes that all illness is no more than a disharmony in the body reflecting disharmony in thought. Something inside himself is constantly trying to tell him this, and he must learn not to allow his past-life fears to block what is now being opened for him.

Many with these Nodes go through experiences of illnesses that miraculously disappear, to the amazement of medical doctors, dentists and other professional practitioners. The karmic lesson here is to learn the higher reason why, for as soon as understanding is reached, the new-born faith starts to heal. Once he becomes aware of the power of his faith, he becomes a veritable dynamo.

As he builds in more positive thought currents, he automatically learns not to criticize others for the lack of perfection he sees in them.

His outlook on life remains clinical: scrutinizing and diagnosing all with which he comes in contact.

Of all the Nodal positions, this is the most difficult one to open up to past incarnations. The twelfth house South Node has completed a karmic path, the details of which are to remain forever sealed in past times, even though the subtle Akashic essence still remains.

Lifetimes of escaping from inner torment have been completed. The individual must come to realize that most of his inner negativity is not related to the current life, but only exists through his continuing to think along a track which has already ended.

He still has inner feelings of being persecuted which he must learn to bury once and for all, for the more he allows himself to dwell in such thoughts, the more he will inadvertently recreate such circumstances.

He should learn to realize the past for exactly what it is: no more than a memory, and no more real than a photograph in his mind, which he now has the free choice of holding on to for the sake of its misery or discarding so that he may step out into a productive new world.

Once he can put his entire state of consciousness into a positive and productive outlook on life, he will be able to start experiencing a new meaning to his existence. The sign which contains the South Node shows the ways in which the individual blocks his current-life advancement by withdrawing into karma he has already completed.

The sign which contains the North Node indicates the ways in which he can now develop a fruitful life through service.

(Donna van Toen)

Conflicts: Physical health vs. spiritual health. Efficiency vs. debilitating worries. Pride in work vs. feelings of inferiority.

Possible results of sacrificing North Node: Reclusive tendencies. Feelings of alienation. Escapism. Paranoia. Lack of detachment.

Possible ways to integrate North Node: Learn to take pleasure in helping others. Organize and discipline your mind. Accept appreciation. Be willing to work for others. Develop practical goals.

In the sixth house there can be hang-ups about imperfections, dedication, or service. Narrow-mindedness and intolerance are frequently at the root of these hang-ups. A lack of confidence and a strong fear of rejection are common side effects. Everything must be black or white; gray is intolerable; 'almost' doesn't count at all. This holds true both in self-judgement and in judgement of other people.

Total success is this person's ultimate goal; nothing else is acceptable. There's a tendency to frequently test other people's dedication by throwing out obstacles or challenges which must be met if the tested person wants to retain the esteem and

respect of the testee (note that the tester may also be the testee). Extreme urgency is a keynote - there's always some crisis to be solved or some need that must be filled immediately. Otherwise, dissatisfaction sets in.

Sometimes, the person may retreat from the real world entirely either via the nervous breakdown route or through involvement in some idealistic pursuit.

Typically, this person makes excessive demands on himself or herself and talks a great deal about 'good' and 'bad' people, things, and attitudes. He or she is generally disappointed in friends, work and everything else because expectations are set at such an unreasonably high level.

North Node in the sixth house dreams of being vital, energetic, and physically and mentally healthy. They may want to be actively involved in some sort of healing art or profession. They dream of becoming psychic healers, doctors, renowned herbalists, or people noted for their healthy, attractive bodies. They dream of finding a way to take care of their body without foregoing self-indulgence and hope of being able to pass this way on to others. Sometimes mental health is emphasized rather than physical health. This person wants very much to be thought of as perceptive. He or she typically feels isolated from others and has difficulty finding emotional satisfaction. Much time is spent examining both emotions and the physical state, hoping to find a key that will allow him or her to feel more in tune with others. Self-deceit or attempts to deceive others may keep perceptions and well-being blocked or lead to misguided or self-defeating action.

(Haydn Paul)

You may experience slipping back into the depths of your unconscious mind, moving beyond rational thought, and accessing irrational and imaginative sources. You tend to be introverted, often with a distracted attention as you prefer to avoid involvement in the mundane world. This could either become a form of escapism - and evasion of responsibility and duties - or more positively and creatively be directed toward meditation, contemplation, and a creative artistic spirit. Results depend upon application and choice. You may feel that life is a dreamlike state; this depends on how effectively you separate inner activity from external reality.

This inward mental attention does affect daily life. You may be less efficient and organized at work or when performing domestic tasks. Through diverting energy and interest toward inner realms, you often leave work unfinished and then claim the excuse of insufficient time. This can become a normal behavior pattern. Even if you had more time, however, you may still fail to complete tasks as your attention suddenly fades. To change this tendency, and to become more mundanely anchored, you could benefit from an organizational structure which requires self-discipline and shows how careful planning and a focused will can be efficient.

There may be various inner fears and indistinct worries which preoccupy your mind and make you feel sorry for yourself. What may be needed is greater selfresponsibility, and an effort to become more positive and trusting of life, so that fears can be banished. Then you can feel confident to dare to face the real world. You are quite capable of doing this; but any avoidance habit may inhibit progress, since you do prefer retreating into a private inner world, especially at times during relationships when you believe your love for another is unappreciated.

You need to be helpful to others, but may be reticent in moving beyond a protective shell. Your usefulness depends on passing beyond these restrictive behavior patterns. Reaching out to embrace life, accepting your total nature, and improving communication with others is your way forward.

There may be a phase of illness - either your own or that of someone else close to you - which offers a lesson that much illness, being psychosomatic in nature, is caused by states of inner disharmony of thought, emotions, attitudes and values. This can be through emotional repression which generates physical side-effects, tension, and stress. If you can perceive the cause behind the obvious symptoms, identify the real underlying problem, and make a conscious, deliberate effort to transform and resolve the problem, amazing healings can occur. The path of healing may then attract your attention, and you could have healing abilities which can be awakened. Linking your observational abilities and empathic contact to your personal growth, and introducing more positive attitudes, could help transform you into a 'healer', especially in the alternative medicine field. Once you deal with your problems, you should experience a more fulfilling sense of meaning and purpose, especially when you share yourself with others.

(Bruno and Louise Huber)

Here our problems are existential, and we are concerned with maintaining ourselves - unlike the situation in the 5th house, where we simply stand and make our presence felt and where being is more important than doing. However, even the 6th house is not primarily concerned with doing, but with getting a clear idea of what one is capable of doing.

The 6th house is a mutable (cadent) house; and mutable houses always have to do with realization. It employs the process of realization to find its own 'untapped market'. It prompts us to ask, 'Where are abilities like mine in demand, where am I needed, where would I fit in?' The question may appear to be academic, but it is real enough, for a 6th house presupposes a 5th - i.e., it presupposes that we already possess 5th-house self-assurance and enjoy a certain status.

In the 6th house we are concerned with being able to make proper use of the I that has been put to the test in the 5th house. Thus we are concerned with becoming part of the environment, and with making a personal contribution to it, while earning a living at the

same time. Basically, in the 6th house - especially if the Node is posited there - we should look on ourselves as a supplier who can satisfy a demand, saying, 'I wish to make a contribution to my local community. Now where is this contribution required?' It is a question of putting others first, because the 6th house is a house of service.

The principle of service should be recognized as a valid principle. Leo rules, and Virgo serves, but their roles can be seen in reverse, as when it is said of a king that he is the chief servant of his people. Similarly, the 6th house does not necessitate servility, or passive, compliant acceptance. It calls for a positive contribution, provided our contribution meets a real need; for this is what service is all about. Often we have to do hard work, and make an effort that taxes our strength and may even seem to be bad for us; but, with the Node in the 6th house, such experiences are a necessary part of life. We can grit our teeth and say, 'I know this is no good to me. Nevertheless, I will do it, because the situation calls for it'. If we are harboring some illusion about our abilities, the Node in the 6th house will undeceive us, and will show us the truth about what we can and cannot do.

In the 6th house, it is important to perform, as briskly and as cheerfully as possible, the task that lies to hand. We need to resist the temptation (held out to us by the Neptunian 12th house) to sit and dream. Success in the 6th house comes by tackling a job oneself, without waiting for someone else to do it. One should do one's best, even if the task seems to be beneath one's dignity, or leaves us feeling that we always have to do everything ourselves, because it is by our personal participation that everything gets underway and is organized. The whole secret of the 6th house lies in the continual fulfillment of obligations, and in a wholehearted application of one's abilities to achieve common goals.

North Node in the 6th house or Virgo (James Braha)

If the North Node is in the sixth house or Virgo, the person's greatest growth, evolution, and fulfillment come through routine service, daily work, and attention to details. In past lives, the person has been dreamy, idealistic, religious, and spiritual. Now he must focus on practical matters and learn to deal with boundaries, essentials, and necessities. Careers involving nursing, cooking, haircutting, etc. are all favored. Or the person may fulfill his destiny in any pursuit dealing with knowledge and information. He may be a good writer, editor, accountant, or bookkeeper. The person must investigate, analyze, and evaluate on a daily basis.

The person may have been born wanting to help everyone else, with little concern for his own personal needs. Now he is here to focus on self-improvement, progress, and full development of his talents. He should take care of the quality of his appearance and the food he eats. Health matters are important, and the person should exercise and learn about preventative medicine and healing techniques. He has to relinquish his easygoing ways, and make a lifestyle of discriminating, judging, and attaining perfection in earthly

matters. He should work on precision, manual dexterity, technical skills, and any crafts of his choice. Duty and discipline are crucial in this lifetime.

The person should be picky. He should be cautious and careful, and intensely examine all issues. He should seek to understand the details and mechanics of things. The more knowledge he gains, the happier he will be. His task is to categorize and compartmentalize, and create order wherever chaos exists. He should leave wisdom, idealism, and broad perspectives to philosophers. His efforts should be directed toward solving problems and overcoming obstacles. Old tendencies of profound, compassionate sacrifice should be avoided. The person is here for minor service, and he will suffer if he acts the part of 'savior', or allows others to take advantage of his generous nature. Enjoyment of small pets is favored. Purity and innocence are essential, and the person must never function out of improper motives.

In Hindu astrology, the North Node in the sixth house indicates extremely good health and a powerful appetite. The person defeats his enemies and competitors with ease, and therefore may reach the top of his chosen field with little interference or resistance. The South Node in the twelfth is good for spiritual growth and enlightenment. The nodes in the signs are of much less significance.

(Black Moon) Lilith ♀ in ♏ Pisces 0° 22'

([1148] elsaelsa.com)

Street Saint

If you have Black Moon Lilith in Pisces, the pain you've experienced through your Lilith placement has made you compassionate and empathetic. You've learned to embody the kindness the world lacks.

However your Lilith wounds have played out (shown by the house your Black Moon Lilith is located in), you have become acutely sensitized to the harshness of the world. You see how many sharp edges, cruel consequences, and dirty tricks pile up in daily life, and you know in the depths of your soul that it absolutely does not have to be this way. Life can be good, people can be kind, and a loving, caring community of like-minded folks is hardly a pipe dream. So you make an effort to make connections, to show compassion, and to care for those on the margins of society. You reach out and draw the most

vulnerable under your wing for protection. In some ways, you become a living avatar of compassion, an everyday bodhisattva spreading beauty through the grimy streets.

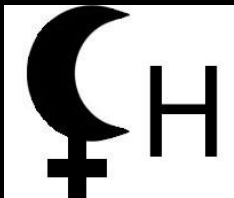

Of course, this isn't without risk. As you know (and as the world has been eager to remind you), there are all too many who would take advantage of that kindness. There are people who want you to fix them without doing any of the work it takes to be fixed. And perhaps even worse, there are people who are so rigid and blocked off that they can't react to your kindness with anything other than derision and judgement. You remind them of everything they're rejected in order to ensure their safety. Your softness becomes a repository for other people's fears about their own vulnerability.

And when your beautiful balloons of compassion are popped by those jagged edges, you understandably just want to hide your head under the covers. You try and try to fix the world, but sometimes the world just doesn't want fixing. The world can be small and ugly and sharp while your soul is expansive and ethereal and free. So you sometimes decide you'd rather escape or transcend the world entirely. You may turn to drugs or religion or sex or sleep to find that all-encompassing feeling of connection. You may take to spinning fantasies that can't come true. You may just immerse yourself in fiction or art or beauty. In one way or another, though, you will always find yourself periodically in need of reconnecting to your core idealism. The key is to find a way to reconnect that genuinely inspires you long-term rather than just soothing the more immediate aches.

Another way to alleviate some of the pain of Black Moon Lilith in Pisces is to lean on the sign opposite to Pisces, Virgo. Virgo is just as driven to fix the brokenness of the world as you are. But Virgo recognizes that sometimes practical support means more than limitless compassion. Sometimes helping someone prepare for a job interview is a greater act of kindness than giving them a couch to sleep on forever. Sometimes telling someone they have a stain on their shirt so they can fix it is more effective than giving them the shirt off your own back along with speech about how we shouldn't be judging others by their clothes anyway. It's not that it's not true! We shouldn't judge over something that small! And if you want to work toward a world that abolishes clothing-related status signaling, go for it. But in the moment, there is still a practical problem that requires a practical solution. And Virgo knows how to discern which is which.

While this placement is enormously complex and merits a chapter all its own, I'll close here. Just know that your intuition is right: Your compassion is exactly what the world needs most. Your willingness to look beyond the outer shell to the beauty that permeates all of us is your superpower, and you should never let it go. As you work to create a world that is truly rooted in kindness, your wisdom will be more necessary than ever. Just make sure that you direct your energy to where you can do the most good, and you will be a true force of nature.

(Black Moon) Lilith ♀ in III 3rd House

([1151] elsaelsa.com)

Cassandra

If you have Lilith in the third house of your chart, her themes will manifest in terms of communication, community, and religion. You will have a deep need to be heard and understood by those around you and will be driven create a community of peers who truly hear you.

In traditional astrology, the third house is known as The Goddess. Standing in opposition to the ninth house's big-R Religion, the third house deals with little-r religion. This is about the daily act of spirituality and devotion. With Lilith here, you will reject all the small ways you are meant to conform in order to be acceptable. Instead you will create your own version of what it means to be good.

Lilith in the third house also brings issues with community, peers, and siblings. This is another placement that tends to be scapegoated and made an outcast. The people who are supposed to see you as their equal will instead suck you dry and then blame you for failing to do your part. You will spend a good part of your life struggling to find "your people."

Finally, Lilith in the third house tends to create something of a Cassandra complex. You will try your whole life to be heard and to communicate your truth. But somehow, it never fully comes through. You feel misunderstood and diminished as your voice is silenced.

There is much more to say about this placement, which I consider one of the more significant. But my best advice is this: stand up and speak. Cultivate a stentorian voice and a brave heart. Let yourself be seen in all your messy authenticity. In doing this, you will find both your people and your place in this life. Speak out.

insincerity. You must use this knowledge to balance your powerful vigor without nullifying that of others. The opposing sign of Libra gives a sense of order and mental harmony that allows you to see your direction very clearly, know your skills, and use them efficiently.

Your self-fulfillment and happiness comes through what you achieve with your own efforts, and through feeling good about yourself and your actions or ideas.

Do not be afraid of your desires. You are not being selfish, or simply trying to gratify your senses. Although you do not feel subject to desires, you need them to set your goals. Your desires guide you towards the goals you should be pursuing. Without goals you could lose your way, especially if you let yourself be carried away by indecision. This indecision comes from Libra, the sign opposite your Aries Part of Fortune.

When you work with your mind and will together, you can direct your energies towards a single goal. While you are in this direction, your life will be easier. You will feel more complete and fulfilled.

The energy that guides you will put you in touch with the motivating force that draws your individual expression. You'll find your goal, and it will be the one that will give you your greatest accomplishment, satisfaction and joy.

Part of Fortune ☒ in IV 4th House

([1290] astrolibrary.org)

Your greatest fulfillment and satisfaction will come through starting new things, be it human life, ideas, or projects. Pay special attention and care to setting foundations that can later support your future growth.

You feel happy giving to others and sensing their true self and their real needs.

You should know that things take time to mature. You learn to plant the seed before you get the benefits of the harvest. You understand that first you must set your goals to have purpose and direction, to be able to take advantage of all your efforts and everything you start in your life.

Your happiness and joy comes more from those seeds or beginnings that you initiate, than from their completion or culmination. Although, you need to complete what you start

to know its real meaning.

Since your Part of Fortune is in the fourth house of your birth chart, the tenth house is the opposite house. Through the tenth house, you realize the importance of structure, order, and responsibility to be able to carry out all the projects and crystallize all those incomplete beginnings.

However, you should not identify with the end results of what you want to accomplish, since you would easily lose your sense of purpose and you could be disappointed.

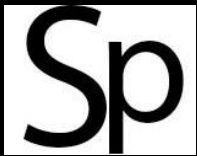

Therefore, you must deal consciously with the things of the material world, always taking all the necessary actions to begin stability in the world. Your joy is based on starting everything that will give you stability and inner security. This gives you an intimate sense of belonging in your world. You enjoy participating in common projects and everything that brings you intimate ties with other people.

Being in a natural environment will do a lot to help you stay rooted. It will also give you great joy to stay close to your family, or to serve your country. You also get joy from discovering your unconscious ideas, since this can mean the security of being within the root of your soul.

You must not allow the ego of the world to divert you from your important natural beginning, which will give you your greatest satisfaction.

By developing a true love for all things and people close to you, you will know the meaning of your life. This will give you the confidence to always be where you are most needed and where you can most learn.

You can achieve a deep connection with your inner being, and through that, open up your personality and show a tender care for the things of the world, for your family, and for all the people around you.

([64] astromatrix.org;) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

([149] astromatrix.org;) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in you 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic

partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

5) ► **Descendant DC Parallel ♀ Mercury** - (1°47') ☿7 | ♀2

([170] astromatrix.org;) Fear of Rejection

Opportunities: 1. Having Stimulating Conversations 2. Working in Teams

Challenges: 1. Getting to Know Your Opinions 2. Overcoming Fear of Rejection

The Opposition between Mercury and your Ascendant indicates that you are a good listener. You listen carefully to the opinions of others before expressing your own. Often, however, the opinions you express will not be your own, but rather a reflection of who you've been spending time with recently.

Your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off. In your personal relationships, your thoughts are reflected by your partner, who serves as a mirror giving you a different perspective.

You tend to pick up ideas and thoughts from others so much that you may not be taken seriously as someone has thoughts of your own. You want to be liked and therefore normally change your mind and opinions depending on whose company you are with.

For further development you need to ask yourself what it is that you really think, regardless of who you're around. Start with your core values and build up from there.

Stay open to other's opinions, but let them interact with your own and watch both morph accordingly. It's necessary for you to get past the fear of rejection you feel of daring to truly be yourself.

You are, at the same time, rather independent and will not allow anyone to restrict your freedom, but you love to talk things out before arriving at a decision. Conversations with you are always stimulating and lively. A career where communication is important such as sales, management and marketing could be quite successful for you as your talent for conversation will benefit you greatly.

6) ► **Descendant DC Parallel ♀ Ceres** - (0°09') ☿7 | ♀5

([570] 12andus.com;) You don't always convey your nurturing side openly.

Instead, you can be caring and loving toward your partners. You may ignore your own personal needs but project your needs onto others instead. You can be loving, generous and nurturing but will need to step back and make room for others.

Your desire to share your generosity and love with others may seem out of balance at times. You have to work to accept your compassionate side.

When you try to avoid showing your empathy and love to others, you may become fixated on your own needs or ambitions, pushing your vulnerability and concern for others to the side.

Yet when you do come to terms with your loving and nurturing side, you can be supportive and giving. You can find rejuvenation through your connection to a partner or close allies and this helps you continue to show your love for others.

7) ► **Imum-Coeli IC Parallel ☿ Mercury** - (0°28') ♋12 | ♊2

([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

8) ► **Imum-Coeli IC Parallel ♀ Ceres** - (1°10') ♋12 | ♉5

([571] 12andus.com;) Your caring and nurturing energy is best expressed at home.

When it comes to work and career you may have a difficult time showing your true compassionate and personal nature. You may try to be professional rather than caring.

As a result you may be drawn to professions that don't require you to reveal your compassionate side. You may resist going into work settings where you have the responsibility to be the caretaker for others.

You're very nurturing, but you show the best of this strength in your private life, at home or among family. It's only if you get really comfortable and close to coworkers or colleagues that you show your deeper caring nature.

Your colleagues may think you're cold but they would be mistaken. Instead you are just very guarded at work. You try to not show too much of yourself and your personal, caretaking nature at work.

9) ► **Sun** ☉ **Contra-Parallel** ♃ **Jupiter** - (0°09') ♏8 | ♊1

([144] astrotarot.net:) Expanding Horizons

Typical features that this opposition brings: this Sun – Jupiter aspects emphasizes the dangers suggested by the Sun-Jupiter square. That is because there is a conflict between the optimistic expansion and the development of the Self (Sun). It can lead to forms of immaturity and childish behavior. Or, it can lead you to compensate with obsessive behavior that sometimes leads to strictness or a lack of self-control. As Jupiter is usually associated with money, both the square and the opposition can indicate difficulties in finances. Sun opposition Jupiter puts the brakes on good humor. But, all this may be eased by positive aspects. This aspect makes you idealistic and this is the reason why you often support various dubious movements and clubs. You are often willing to make great sacrifices. Also, you are overly optimistic, like to travel and you do not like commitment. Sun opposite Jupiter brings out the extremes of Jupiter in the life and personality. There may be an internal struggle to control Jupiter's expansive nature. It can show as an inflated ego, over exuberance, and excesses in pleasure-seeking. Also, you can make promises, but have a problem with follow-through. Self-control can be a real problem for you. Usually quite knowledgeable and generous with your time, you have many talents that you may take for granted.

- Positive trades: Once integration is found, then the generosity, optimism, good cheer and prosperity become strong points. Also, popularity and even fame can result. The energy can often be best expressed through philosophy, religion and spirituality. You love travel, studies and involvement in social causes.

- Negative trades: Ups and downs in life are possible regarding wealth, happiness and relationships. During these growing pains, it may be difficult for you to remain happy and content. You may feel unfulfilled and even unlucky.

10) ► **Sun** ☉ **Parallel** ♄ **Ceres** - (1°59') ♏8 | ♉5

([558] 12andus.com:) You bring optimism and confidence to others in need.

It seems as if you know just how to charm or entertain others so they feel comfortable and nurtured. You seek opportunities to nurture others by being amusing, creative and upbeat.

You have a unique way of showing your love and caring nature. When your loved ones are stressed or need nurturing, you will try to tend to their needs by doing what you would want others to do for you.

You can be a strong advocate for others and take an uplifting approach to love and nurturing. You try to lead your loved ones to finding comfort and fulfillment by showing them their strengths.

11) ► **Sun** ☉ **Contra-Parallel** ♌ **Chiron** - (1°49') ♏8 | ♎10

([117] astrotarot.net;) Typical features that this opposition brings: your sense of self may have been challenged by your emotions. There is a shame in your soul as a result of the Chiron. This may lead you to feel an unfathomable degree of loneliness. This is different from the loneliness associated with Neptune or Saturn. Natal Sun – Chiron aspects loneliness is connected with particular configuration in the natal chart. Many astrologists say that it is similar to the loneliness of Jesus on the cross. In other words he knew he had to “pity” those who put him on the cross. In conclusion, you often feel cut off from the ordinary, imperfect crowd, as you could never be one of them. As you grow older, this gap between the head and the heart may seem easier to handle. You may develop a sophisticated understanding of relationship with your father, a homeland or your roots. You may be able to use this understanding in helping others come to terms with a similar sense of loneliness. Or you can use it to do a good work in the world without having an ego-centric necessity to be identified as the active agent behind such work. You are constantly meeting with criticism, rejection, or exclusion for your individuality. And this often causes you to hide or repress the most unique parts of yourself. You despise expectations. When others have any measure of control over you, you can become hostile or deeply troubled.

- Positive trades: You are very sensitive. Also, you are often very talented for music, writing, poetry.

- Negative trades: You are likely to experience some strange events or become involved in mysteries or scandals. You have a painful yearning for freedom but you are afraid of the the.

12) ► **Moon** ☾ **Parallel** ♏ **Saturn** - (1°27') ♏6 | ♏03

([19] astromatrix.org;) Melancholia

The Saturn-Moon combination is not a particularly harmonious one; and in these contacts the individual lunar nature is often detrimentally affected. You can display a sober, self-restrained, conservative personality.

Your social relationships can lack spontaneity, enthusiasm, and naturalness, inhibited by emotional defensiveness, reserve, and caution. Self-esteem is weakened by such attitudes, which fall like a shadow across your relationships and experiences. One source of this may have been childhood and early social conditioning.

Perhaps early childhood was influenced by family discipline, either through authoritarian controls, or through imposed religious, political, or social beliefs. Perhaps there were family upheavals and unsettling discord, or strong feelings that you were not really wanted or loved by your parents, whether or not this was actually true. This may have

resulted in a fear of emotional expression, to others and even to yourself. This, coupled with a need to protect your sensitivity, has associated emotions with painful 'negative experiences'.

In adult life, there may be one parent toward whom you still feel resentment, deeply contradictory attitudes, and powerful emotions. Emotional integration can be lacking; it is part of your nature that remains uncomfortable and relatively immature, and which will interfere with adult relationships that may prove difficult to develop beyond the early stages. A lack of self-confidence, and reluctance to reveal your vulnerable feelings to others, make you withdraw into negative behavior patterns whenever the possibility of a close relationship occurs.

Liberation from the past's chains will bring relief and release; it may not be easy yet could provide the keys to a bright new future. You may be surprised at how much past experience and conditioning have shaped your adult personality; looking for ways to heal and integrate your inner child would be extremely beneficial and transformative. Achieving this step could help improve the quality of your relationships.

Potential exists for you to enjoy mature contacts with other essentially serious and thoughtful partners, where the relationship has maturity and depth, with a gradual emotional release as mutual sharing increases across every level - physical, emotional, mental, and spiritual.

13) ► **Moon** ☾ **Parallel** ⚡ **Uranus** - (0°27') ♀6 | ♀1

([20] astromatrix.org;) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will

demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of un-lived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

14) ► **Moon** ☾ **Parallel** ♅ **Neptune** - (1°50') ♀6 | ♃5

([21] astromatrix.org;) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

15) ► **Moon** ☽ **Parallel** ♊ **Vertex** - (0°43') ♊6 | ♊6

([131] astrotarot.net:) The lessons involving family

Typical features that this conjunction brings: firstly women in your life are the catalyst for finding the emotional life you want. Sometimes this happens within the family. You are a nurturer to others as well as yourself. Also, you are the heart of your family, helping others to find their lives worthwhile. With this Moon – Vertex aspects, being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

25) ► **Saturn** ♄ **Parallel** ⌘ **Uranus** - (1°00') 003 | 131

([68] astromatrix.org:) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This

need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-making and structure, so that your life and inner nature begin to take distinct form again, creating a stable foundation from which to work.

26) ► **Saturn** ♄ *Parallel* ♅ **Neptune** - (0°23') 003 | ♃5

([69] astromatrix.org;) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth.

You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

You may feel a strong pull toward rebellion against conventional religious practices. In doing so, however, you are opening yourself up to opportunities to fulfill your spiritual calling.

Your path to healing and being of service to the community requires you to blend two aspects of your feminine energy. Both your rebellious and sensual side and the aspect of your personality that is duty bound, concerned with service and purity.

Even when you follow a path of service, you do so in your own unique way and won't let

others put restrictions or limitations on you. You may at some time be called to make personal sacrifices so that you can fulfill your mission.

In doing so you will still take charge of how you fulfill your mission.

39) ► **Ceres** ♀ **Contra-Parallel** ♄ **Chiron** - (0°10') ♃6 | ♄10

([572] 12andus.com:) Your nurturing style is hindered by your past wounds and unresolved traumas.

Though you are caring, intuitive and considerate, you can also vacillate between reacting to your insecurities and showing love for others in an authentic way.

When you find greater confidence to heal your past wounds, you can also become more caring, sensitive and loving to those around you. Your unresolved past wounds can cause you to be more judgmental than nurturing to those you care about.

The more you overcome your own fears and feelings of insufficiency, the more compassionate you can be toward those who have struggled with similar wounds.

You may try to hide from your own healing work by busying yourself with caring for others. This will cause tension until you face your own needs and learn to love yourself first.

40) ► **Pallas** ♀ **Contra-Parallel** ♄ **Juno** - (0°49') ♃1 | ♃6

([592] 12andus.com:) You don't easily find balance between your ideal partnership and your personal mission.

You may feel compelled to follow a campaign or crusade that is instrumental to your sense of ambition and success. Yet at the same time, you long for the connection of a serious partnership. Your marriage or committed partnership provides the security and connection you searched for.

Yet you may continue to feel as if something is missing. When you find a deeper sense of satisfaction because you've clarified your vision and found ways to pursue your ambitions, you can then more easily find contentment in the obligation to your partner.

You may have to find the right balance between your devotion to your mission and your devotion to your partner. You can come to a greater appreciation for your partner and your partner's role in helping you succeed in your mission once you find ways to balance these two priorities.

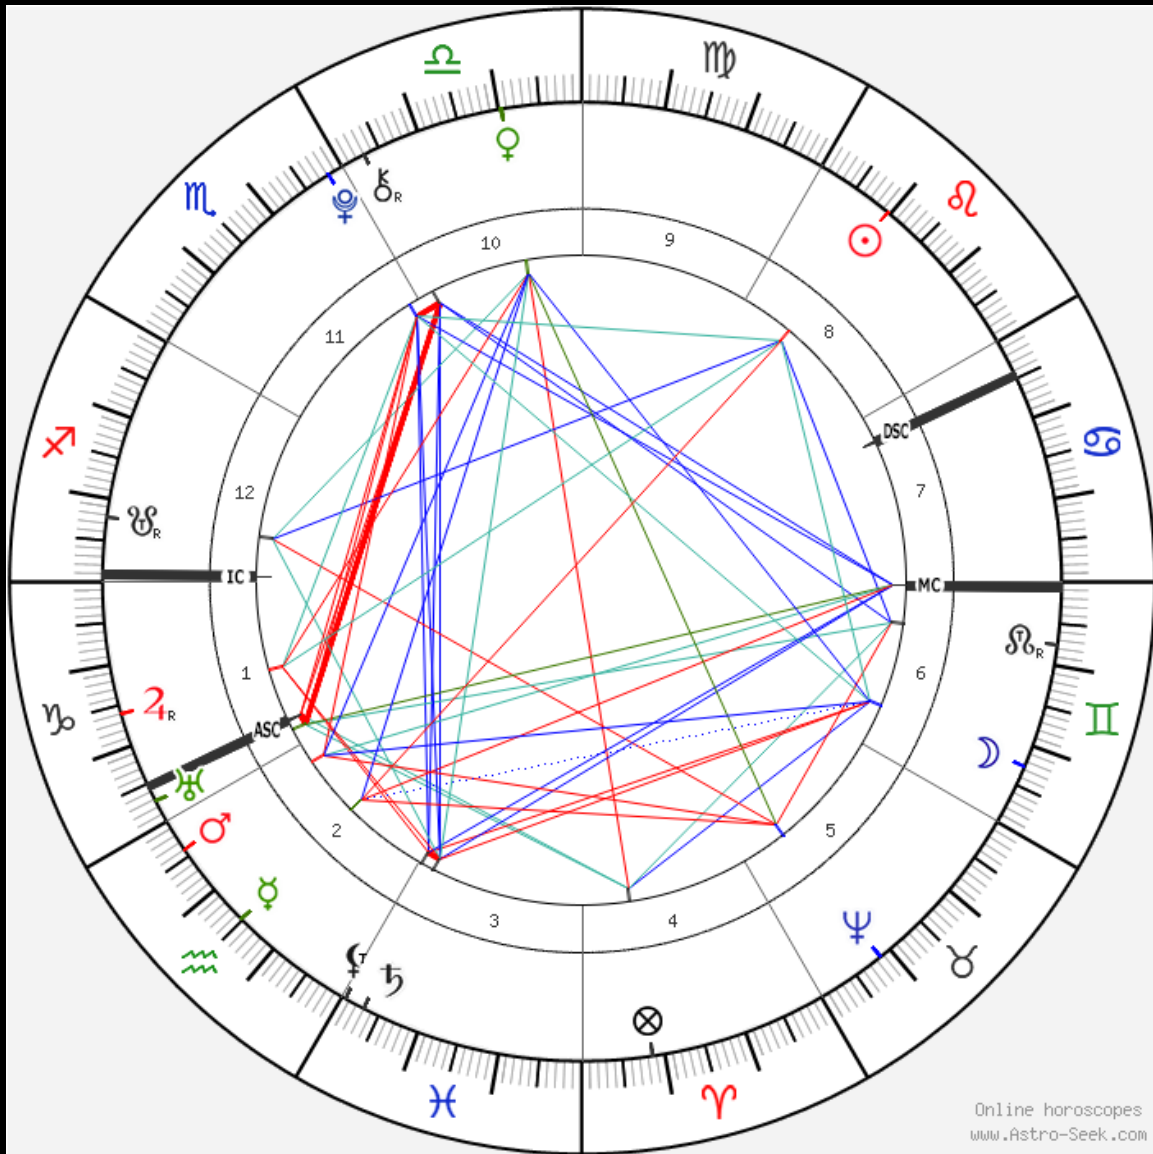

Until you do, however, you may unintentionally sabotage your relationship or alienate yourself from your loved one as you focus all of your energy on one or the other.

Opportunities: 1. Developing Creative Life Goals 2. Finding Your Direction Forward

Challenges: 1. Respecting Other's Opinion 2. Learning to Compromise

Mars Conjunct your Natal Ascendant makes you more impulsive in your actions. You may appear to others as a little edgy or nervous, but you tend to have good relationships and are a great talker. You also are quite independent and have a solid ego. Your personality should be well developed, and you will have an abundance of energy. You enjoy sports, either as a participant or as a spectator, especially when your side wins. You find it difficult to relax and be still, always needing to be on the go or doing something, but often not quite sure what. As a result, you can waste a lot of time and useful energy just fiddling around and getting nowhere.

You are not afraid to speak your own mind. While this can at times be a positive quality, you tend to speak without giving thought to the effects of your words on other people, you can say hurtful or annoying things without even realizing it. It would also help for you to learn the art of compromise. You usually state your opinions forcefully and then

expect others to go along with you. Developing a little self-discipline in asserting yourself can enhance your tremendous creativity. Your physical vitality may be strong, and you may feel that you have a good energy reserve which can be further enhanced by staying physically fit and active.

([64] astromatrix.org;) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. 9) ► **Mercury ♀ Conjunct ♂ Mars** - (10°48' S) ♊2 | ♊2

([29] astromatrix.org;) Quick Tongue

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunct Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

Your mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

10) ► **Mars** ♂ **Conjunct** ♄ **Uranus** - (6°42' S) ♀2 | ♄1

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on

your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([392] astromatrix.org:) The Cold Heart

Limitations and restrictions may occur on opportunities and experiences, often created

by unresolved emotional patterns. The source of these may be sentimental attachments to the past, to memories, to experiences, and to earlier relationships.

You find it difficult to break free from the past; and previous experiences will influence present choices and attitudes. You may have grown up with a negative self-image, one which lessens self-confidence and also shapes restrictive worldviews. This may come from unsettling and disturbing childhood experiences. Perhaps you put up protective barriers to defend vulnerable feelings from damage; you may have believed you were not loved by your parents, or you were left with just one parent through separation, divorce, or death. Issues of emotional dependency may have grown, and a mother- or father-complex formed, making it difficult to cut the parental umbilical cord when you became an adult.

You tend toward pessimistic attitudes, linked to a reduced physical vitality, emotional moodiness, melancholic dissatisfaction, and depression. Lacking self-confidence and perhaps seeing the world as a harsh, loveless place, you may feel bitter and cynical, preferring isolation from relationship intimacy. Family ties bind you.

This could suggest that you are older than most when you leave home to become independent; or you could have the onerous duty of caring for an elderly parent. Your family life may turn into an imprisoning environment in some way, perhaps through children, economic hardship, or social isolation. You maintain tensions and frustrations by refusing to release behavior patterns formed during childhood and within your parental relationship. It is your choice, if you wish, to continue limiting your life, but it is not inevitable; limitations are only imaginary parameters which we draw around ourselves as a barrier; they can be erased or expanded.

Your creativity is blocked by emotional repression. If you dissolve the barrier and redirect the energies toward positive and constructive channels, then much could be achieved. Finding additional interests and stimulation would be beneficial, showing that the world has much to offer if you open to its riches. Becoming involved with children could reveal new ways to see things; their enthusiasms and sense of wonder could be transmitted to you.

With contemporary self-help techniques, visualization, meditation, affirmation, and the availability of numerous ways to release blocked energies, you can transform your life to face the future with positivist and optimism. Once freed from past restrictions, you can uncover your latent potential.

42) ► **Moon ☾ Square ♀ Lilith** - (6°51' A) Ⅱ6 | 003

([653] astromatrix.org;) Uncovering false masks

Opportunities: 1. Letting go of emotional burdens 2. Achieving emotional liberation

Challenges: 1. Working on destructive behaviors 2. Overcoming erratic emotions

Lilith square Moon is deeply connected to the emotions in the crevices of the soul.

Feelings are felt on a cellular level. This evokes the energy of the creative magician. With every heightened emotion, this placement has the ability to transform on a fundamental level. The square aspect adds tension to how this energy can make one's emotion feel erratic at times. Therefore, it's important that regular grounding practices are completed to come back to self. Primitive urges can pull the individual into dangerous or toxic situations if they aren't conscious of their shadow. One could get a kick in carrying out criminal activities to feel an adrenaline rush of emotion. This aspect can increase one's intuition, particularly in regard to danger.

Key themes of this aspect, could be transmuting feelings of rage or sadness in destructive behaviors such as, sex addictions, gambling addictions, or chasing relationships to be "mothered"

Emotional liberation is an important factor for those with this placement. It's important for you to feel free of emotional burdens, as there can be a tendency to harbour on to old feelings. In fact, if you have been hurt in the past, you may hold on to grudges for a very long time. Additionally, you may fantasize of dangerous adventures. You may be fearful of the power of your own emotions, and at times feel engulfed by them. You may feel exposed, if you share your emotions with an intimate partner. It's important to work on any issues regarding vulnerability.

43) ► **Mercury** ☿ **Square** ♀ **Neptune** - (6°24' S) ♁2 | ♃5

([408] astromatrix.org;) The Sneaky Mind

This aspect indicates a difficulty with an overactive imagination interfering with rational and logical processes of thought; this can result in self-deception and the construction of a private version of truth and reality.

There can be a preference for mental avoidance and for escaping from directly confronting aspects of life that you find unpleasant, such as personal truths and social problems. Sometimes your logic is very circuitous, too personal or abstracted for easy communication to either yourself or others, and, as it often absorbs an imaginative influence, it can veil the truth from sight. You can shy away from accepting responsibilities, domestic, family and marriage ones especially, as you can feel uneasy with your emotions, and this results in you often becoming unreliable with others.

There may have been factors in your earlier life that have helped bring this about - childhood or parental relationships which have exacerbated this innate tendency of escapism - but one result has been distorted images on the mental level of your own identity and mind activity, as well as a diminution of personal confidence. There are steps that you can take to improve matters. The first involves the willingness to face the actual realities of yourself and the world, so that a clarified perspective can be established. A greater integration of Neptunian sensitivity is essential, but in a way that absorbs it into a renewed life rather than as another excuse for escapist tendencies. Following that development, additional progress can be made in reorganizing your mind

to work down more productive channels of expression.

As your self-confidence grows, through constructive self-evaluation and an acknowledgement of the dormant talents associated with the repressed Neptune energy, it will lead to a sequential release of that blocked energy into your life; you should observe that previous restrictions and limitations are dissolving. Do not re-establish them again but learn how to take advantage of your assets. Creating a new disciplined structure for your mind may take time and effort but attempts at training and reprogramming it will draw benefits if persevered with and may lead towards creative or socially orientated directions. However, to take these later steps may require you to become clearer regarding your aims, and to apply yourself to achieve them one by one.

As part of this proposed transformation in you - and of resolving the inner tensions of the square - you may find it more helpful to look towards forms of external expression that have a social dimension and may offer some solution to social problems. In serving others you may discover that your own problems become surprisingly resolved, especially as the personal obsessions of self-preoccupation are dissipated through a redirection of your energy flow.

Whilst you may often have insight into the motivations of others, you need greater clarity in your own nature. Relationships may remain problematical for you until some degree of personal change has been achieved, and you may be advised to be cautious within your emotional commitments. This is basically because of elements of illusion that can afflict you, and that tendency to avoid facing facts that you do not want to see, such as the fundamental that a relationship is not mutually satisfying if you need it to continue.

Those dreams of the ideal lover and partner will be present, and it is always difficult not to project these onto others or use them as comparison markers. Some may take emotional advantage of you, and you may experience that victim syndrome of the Neptunian vibration by falling prey to your own tendencies and the selfish desires of others. Yet as you change, your potential for better and more fulfilling relationships increases as clarity intensifies. As always, the decision to change is yours to take.

44) ► **Mercury** ☿ **Square** ♀ **Ceres** - (1°42' S) ♀2 | ♀5

([560] 12andus.com:) You try to think through your emotional needs and seek nurturing through your intellect.

This often frustrates you though. On some level you know you aren't fueling your deeper emotional needs but you may struggle to break out of this cycle. Others may comment that you seem aloof and detached as well.

You love to help others feel secure by solving their problems or giving advice. While you're great at finding solutions, you may focus on data alone and miss crucial emotional information.

If you are conscious of this pattern, you can become more deeply nurturing by blending both your intellectual and emotional gifts.

45) ► **Mercury** ☿ **Square** ♀ **Spirit** - (2°27' A) ♀2 | ♀11

46) ► **Venus** ♀ **Square** ♀ **Jupiter** - (6°19' A) ♀10 | ♀1

([416] astromatrix.org;) The Squanderer

You're usually a fair-weather friend or use others, getting mad when they use you in return. You crave luxury but must not live beyond your means.

You tend to take too many things for granted and must develop your financial sense and learn the true value of things. You tend to have too many love affairs and participate in too many in many meaningless social activities. You may rebel against moral and/or religious values. You may lose financially through marriage and business partnerships, often due to legal problems or secret involvements. Women always seek center stage.

47) ► **Venus** ♀ **Square** ♀ **Pallas** - (0°20' A) ♀10 | ♀1

([579] 12andus.com;) You are moved by your compassion and desire to create beauty and harmony.

Yet your attempts to guide others or to be an inspiring positive influence are sometimes undermined by lack of confidence in yourself or insecurity. You may downplay your own value and not realize that you have an important role to play in a cause or mission that is significant to you.

You may have to struggle to understand how your creativity and empathy can help you play a role in important causes or campaigns. Rather than being an obstacle, though, this makes you even more determined to make your voice heard and advocate for others.

48) ► **Mars** ♂ **Square** ♀ **Neptune** - (4°24' A) ♀2 | ♀5

([427] astromatrix.org;) The Obsessive Impluse

This is a challenging position, as you have difficulty trusting in your ability to go after things that you want in a direct manner. It may also be that you have difficulty pinpointing what it is that you want, or that part of you doesn't feel you deserve it due to a basic lack of self-confidence. You fear rejection as well as criticism, and often use roundabout

means to go after what you want.

Your imagination is so powerful that it can be hard to trust your instincts. You easily imagine things going wrong, just as you easily fantasize about good things! Your desire nature is strong yet also very suggestible. You're attracted to mysteries and intrigue. Sexual experimentation is likely, as you are forever addicted to sensuality and unusual or perhaps even what many would consider perverted sexual scenarios. However, your sensual appetite might be much like a bottomless pit, and you could find yourself forever in a state of wanting more, tiring of regular sexual scenarios quickly, and endlessly searching for the next sensation.

If an addiction to fantasy is present, you can find yourself constantly chasing a new and more complicated fantasy. It is only when you get into touch with your heart and discover your true desires that you realize that sensations are merely sensations--not deeply satisfying or fulfilling.

49) ► **Mars** ♂ **Square** ♀ **Pluto** - (2°09' S) ♋2 | ♏11

([428] astromatrix.org.) The Annihilator

With the energy released by the square, you will be mainly motivated by self-centered tendencies and a need to 'throw out' overflowing and excess Martian energy. You tend to think that the power of your natural energy is sufficient to win you success and satisfaction; and indeed, the force and directness of it often can, but using it in such a way often overrides sensitivity and awareness of others.

Considered aims and planning are often ignored under the immediacy of impulse and desire and a spirit of recklessness can ignore any thoughts of the possible future consequences of your actions, provided you believe that your desires will be satisfied.

You find it difficult to motivate yourself for long periods of time, as in a commitment to achieve something through careful planning; you have problems in disciplining and directing your will sufficiently for that kind of effort, and you are more suited to using your force in a more immediate, spontaneous impulse for self-satisfaction. This is also partly because you experience some conflict in directing your will to achieve your desires, and rarely feel as though you are making the most of your talents.

There can be a sense of inner frustration, caused by the forceful nature of this energy, and a lack of a suitable channel along with to direct it in a constructive manner. This will create a lack of patience, a potentially violent temper and sexual aggressiveness, where you 'throw out' excess energy through a dictatorial and demanding personality in order to dominate others.

You may need to develop a healthier perspective on sexual expression, one which regards sex more in terms of relationship and partnership, and less in terms of self-satisfaction, energy release, domination, exploitation and aggressiveness. This

experience of inner stress is symptomatic of clashing energies; it is not something that you have to endure all your life; it can be adjusted to be more harmonious.

One way to begin this reorientation is to learn how to determine the overall direction of your life, to see a broader picture of your immediate social influence and how you want to live in relationship with others. To break down this preoccupation with self and to appreciate and acknowledge the feelings and needs of others as being as valid as your own is essential, and a key to transformation.

By becoming clearer as to personal aims, you can begin to apply your will consistently in order to achieve them over time; desires for instant self-gratification are unrealistic. Learn how to live in the equality of partnership and relationship; a mutuality of needs, desires and responsibilities requires mutual sharing and co-operation. Avoid tendencies towards domination and power struggles. Basically, you require suitable channels into which to pour your energy, constructive channels that are life-enhancing for you and others.

You tend to devote most time and energy in opposing others through conflict and aggression rather than in working together for group benefit; find ways to become positively in favor of something, and then add your energy to help it become real. There is much greater satisfaction and fulfillment in that form of achievement than in struggling to satisfy a very separate self that you try to maintain.

54) ► **Midheaven** MC **Trine** ♄ **Saturn** - (3°38' A) ♄6 | ♀3

([360] astromatrix.org;) Achiever Of Goals

As you grow older, you will get ahead by doing everything in a very systematic and orderly manner. You try to take good care of your possessions, and you like to have them arranged neatly about you. Also, you try to use your possessions in the best way possible.

As you get older, you will be fascinated by the tools and techniques of any subject that interests you, and you will become very proficient in those techniques. Even at an early age, you will feel that very little that is worth having comes for nothing in this world, but you are willing to work. As a result of this understanding, you may seem older than your age, and you may prefer the company of older people.

Although you can work with others if necessary, you probably prefer activities that you can pursue by yourself, because then you do not have to worry about whether someone else's standards are as high as your own. You are very exacting in your work, and find it frustrating to deal with anyone who is less exacting.

This same energy may also cause you to feel a bit different from other people, even sometimes as if you don't belong with them. However, this will not bother you greatly, because you are confident enough to be yourself. It is more important to you to be right than to be popular. This attitude will win you the respect of your elders, and all your life you will get along well with persons in authority. Eventually you will probably be in a position of authority yourself.

55) ► **Midheaven** MC **Trine** ♅ **Pluto** - (2°34' A) ♄6 | ♅11

([369] astromatrix.org;) A Born Artist

This aspect indicates that you will always want to use your resources and talents to the best of your ability in order to get ahead in life. Even while you are young, long before most people are considering a career, you will begin to learn the best ways of using your talents to get where you want to go.

However, some problems may arise in the course of your development that you should be aware of. For example, although later you will be concerned with resources, in youth you may simply be interested in owning things, which may result in your having a lot of useless clutter. Also, you should not be so possessive that you are unwilling to share at all.

On another level, this aspect can signify that you get very involved in learning various skills. This can be very useful if you concentrate on useful skills and if you do not get so wrapped up in them that you lose track of relationships with others. Do not become too self-involved. Any situation in which you feel compelled to act by some inner compulsion can be bad for you because you are not aware of yourself and what you are doing at the time. As a result, your activities might have totally unexpected consequences. Make sure you understand your reasons for doing whatever you do.

Nevertheless, you have a strong drive to get ahead and to succeed, which should be very advantageous in competition with others. Your objectives in life may change several times, and as an adult you may change careers, but your work and your outside interests should be enormously satisfying to you.

60) ► **Moon** ☽ **Trine** ♀ **Mercury** - (7°33' A) ♀6 | ♀2

([311] astromatrix.org:) The Charming Speaker

Opportunities: 1. Learning from Difficulties 2. Embracing Ambiguity

Challenges: 1. Balancing Emotion and Reason 2. Working for the Common Good

The trine indicates an opportunity to reconcile the Moon's instinctive, emotional energies with the mental and communicative energies of Mercury. You should experience few direct conflicts between emotional messages and mental messages. A channel exists between the conscious and unconscious personality; yet these do not often pull you in different directions or amplify stress and psychological conflicts.

In order to determine your reactions to experiences, you will need to evaluate emotions and feelings; and this underpins your Mercurial intellect. You approach life with a relatively open heart and mind and see all experience as contributing to self-development. Even though your Moon may resist life's sometimes harsh lessons, you can see the positive value that can emerge from difficult times. Through this attitude and heightened sensitivity, you can acquire insight in addition to knowledge, particularly when perceiving the interconnectedness of information and new ways of using it. This provides a new foundation for ongoing creative expression.

You can be inspired by a desire to utilize natural talents and abilities for social benefit; and your 'common sense' reflects a progressive, optimistic attitude, yet one which is not overly idealistic or blind to life's realities. You recognize that all is not either light or darkness, but that much of life exists in the shadow or gray area between.

Instead of dwelling on the negative, you prefer to look toward more positive future possibilities, hoping to ensure that hard-won lessons from previous experience are applied when dealing with present situations. Experiences from the past can serve as stepping-stones taking you progressively onward. In social and intimate family relationships, you will be appreciated for your sympathetic understanding.

You have genuine concern and compassion for others, and a love of fairness and equality of opportunity. You help others less fortunate than yourself, and those who are passing through traumatic times of life disruption. Emotional anxieties are usually kept hidden, although, in your sharing and helping others, your previous experiences and lessons may be deliberately mentioned if they serve to support or illuminate problems. You are not the type, however, to unload any current difficulties onto the shoulders of others.

Reason and logic are strong personality components, although these are colored by your instinctive emotional valuations of people, situations, and circumstances, forming a uniquely personal viewpoint.

61) ► **Moon** ☾ **Trine** ♀ **Venus** - (2°29' A) ♀6 | ♀10

([312] astromatrix.org;) Popularity

Opportunities: 1. Prioritizing Your Integrity 2. Listening Compassionately

Challenges: 1. Finding a Partner You Can Trust 2. Exploring Your Creativity

This trine suggests you have a harmonious and sensitive nature, often expressed through a conciliatory spirit in social and intimate relationships. Working in a mediating capacity or with the public may enable this quality to be successfully demonstrated.

Personal assets include a warm, sensitive, and sympathetic heart, empathic understanding, imagination, sincerity, an optimistic, positive attitude, and a sense of perspective and proportion that heals, calms, and aids communication if conflict occurs. You should be able to use these well for the benefit of all. With your support and encouragement, many a troubled heart can be soothed. You can be a good listener, resisting the temptation to interfere by imposing your perspective on someone.

You prefer straight talking, moving beyond superficiality and evasion to the essence of problems; some may respond well to this; others may find this approach too unsettling and challenging, and avoid involvement with you. But your intentions remain good, and you know that you genuinely desire the best for everyone, often spending time sharing positive and creative energies with others as a consciously supportive action. You have a confident and positive self-image, valuing your perspective on life.

Personal integrity is important to you, so avoid compromising this; being true to yourself has a higher priority than simple personal gain. You believe that positive attitudes benefit all. There can be artistic and imaginative abilities; and creativity could be usefully pursued for self-expression or professionally, especially in areas like art, music, acting, singing, or craftwork.

Love, domesticity, and family are important; and you will derive much benefit from ensuring that your intimate relationships are honest, positive, and optimistic. Emotional satisfaction is highly valued; and you need to feel convinced that your emotional commitment to a lover will not be abused or that trust broken.

([313] astromatrix.org;) Vitalizing Emotional Energy

Opportunities: 1. Integrating Your Emotions 2. Deepening Your Connections

Challenges: 1. Dealing with Your Disappointments 2. Cultivating Meaning

The trine indicates that your personality can potentially integrate both Moon and Mars energies. While feelings and emotions are intense and powerful, you have confidence in

your ability to handle them; they act more as a vitalizing source of energy which can be directed rather than as a flood threatening to drown you.

Your emotional ease is communicated to others; and social and intimate relationships benefit from your open and welcoming spirit. You accept the need for compromise, and know adjustments are necessary for harmonious relationships and better social contact.

You meet challenges and difficulties positively, applying effort to transcend or resolve them. However, your self-image is strong enough not to collapse when failures are encountered. Obviously, there will be disappointments; you take a philosophical approach to life, shrug your shoulders, and carry on.

64) ► **Mercury** ☿ **Trine** ♀ **North-Node** - (7°29' A) ☿2 | ♀6

([331] astromatrix.org;) Good Communicator

North Node trine Mercury boosts the mental capacity and gives potential in areas calling for the use of the intellect. The higher powers have blessed you with previously untapped talents to communicate and to promote their bright ideas at just the right time to gain support and popularity.

In the past there may have been limited opportunities to go through learning processes or your communication might have been blocked. You may be a young soul and have a youthful quality. You can introduce fresh new ideas and establish new or modern ways of doing things. You can display wit and a versatile mind that is quick and adaptable. You can be progressive and innovative, frequently showing early potential.

You are likely to be popular, expressive and a good communicator. For this reason, you can be very useful in making ideas become accepted and agreed on by the masses with

your manner of communicating. However, your line of thinking is often in line with the status quo and isn't too controversial and in fact usually accepted. Be careful of getting swept up in popular ways of thinking that discourage progress. While endearingly inquisitive, you must learn to develop a more independent mind free of the input of others and social norms.

Opportunities: 1. Loving Intensely 2. Seeking Pleasure

Challenges: 1. Understanding Indirect Communication 2. Understand Other's Motives
Affectionate, pleasure-loving, and passionate, you have an intense approach to life that lasts well into middle age and sometimes longer. You have a great deal of warmth, which attracts others to you. Your relationships should be good. Your sex life should also be good. Not that this aspect is a guarantee of romantic success - there can still be an unhappy love affair or two - but it's certainly a plus and can help offset other stressful

romantic aspects you might have.

One thing with this aspect that could need watching is the fact that you tend to be susceptible to flattery. While you don't play games with other people's affections yourself, you're a bit vulnerable to being caught up in other people's games, simply because you mean what you say and therefore assume others also mean what they say. Attraction extends to money.

69) ► **Jupiter** ♃ **Trine** ♆ **Neptune** - (7°39' A) ♃1 | ♆5

([351] astromatrix.org:) The Magician

The trine aspect between these two planets offers the most fluent and the easiest ways of expressing that inner potential and has several similarities with the characteristics of the sextile.

There is likely to be a natural religious and spiritual affinity, whether orthodox or unorthodox, and possibly pursued through a more mystical orientation, an interest in occultism, or by your own heightened psychic sensitivity. You tend to recognize that spiritual insight and attitudes can help you to infuse supportive foundations in the lives of those who are responsive, and can enhance meaning, purpose and life direction. These need not be traditional religious philosophies or theology but are a personal path which unfolds from your own insights and values, emerging from that ability to understand life and people that seems to be a part of you.

This approach is less intellectually biased than with the sextile aspect, focusing more on feeling, emotion and intuition, and so the path of the mystic and of contemplative meditation may feel more natural to you. Exalted emotional experiences are of an intensity that you welcome; and it is the evocation of such sensations that can draw you towards communal and religious activities that enhance ceremony, atmosphere, communion and a touch of dramatic mystery. It could be the appeal of the High Church that you find attractive. It is the love and relationship aspect of the spiritual life that motivates you, rather than the knowledge or wisdom dimension, and indeed you may lack discrimination to some degree. Even so, you do succeed in successfully integrating

your inspired knowledge so that it is absorbed within your optimistic outlook on life and serves to add richness and variety.

There is likely to be a deep sensitivity to your local and world environment, and a strong sense of community spirit. Your basic attitudes are positive and progressive, in that you see the light imprisoned even within the deepest darkness and have faith that it can be released into constructive activity. It is this essential trust in life and people that can give you strength, both in your own path through life and in supporting others when times are hard and challenging.

Your generosity of spirit is one which can be relied upon when friends and family are in need. In several ways, you will both grow and feel fulfilled if you are engaged in service to others, when something real, constructive and positive can emerge from your efforts; and this can lead you into the medical and nursing professions, community welfare and forms of teaching, or into developing beneficial social programs which increase the opportunities for others to release their potential or enjoy life more.

Attempts to refine and improve society are likely to be your most effective channels to work through, although you may also do this through creative means, such as art, music and literature, where your expansive imagination can find ways to be anchored in objective forms. You recognize that there are always causes which can benefit from your support and energy, such as international aid organizations.

In intimate relationships, ideally you require someone who is essentially compatible with your outlook and attitudes; someone who can understand and respect your sensitivity and refinement, and who acknowledges, values and supports these qualities. Because you have so much to offer, there may be occasional inner clashes between a few self-centered demands and needs and your higher ideals; following the path indicated by your ideals will prove the most apt way and ensure that the positive tendencies of these planets shine through.

In a few, the spiritual and mystical worlds may be extremely attractive, so much so that the ties of mainstream society fail to bind them into a traditional lifestyle. In such cases, a withdrawal into the world of contemplation may occur; a monastic life or one of non-materialism may greatly appeal. Some prefer to remain free and wander without too many ties or possessions and adopt a traveling Bohemian lifestyle like the 'New Age travelers' scattered across the world, free to listen to their own inner inclinations and to experience the boundless nature of Planet Earth by exploring alternative cultures.

70) ► **Jupiter** ♃ **Trine** ♅ **Ceres** - (2°57' A) ♄1 | ♃5

([563] 12andus.com:) You easily convey your love and nurturing to those around you.

Your nurturing gifts are broadcast on a grand scale and you love to make a difference in the lives of as many people as possible. You can have high hopes for those you care

about and easily find ways to follow through on your promises.

When you need nurturing you find comfort through your beliefs and ideals. You can easily see the larger purpose even in crisis situations and this is soothing to you.

71) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (1°04' S) 003 | 11

([358] astromatrix.org;) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership to develop, where both can unfold their unique potentialities over many years.

Jupiter Square Black Moon Lilith radiates the problems of belief, hope, risk-taking, and communication with your wild inner self. It triggers your optimism or pessimism, especially when you have to make life choices or take charge of conditions in your hands. Jupiter propels you to upgrade yourself and strengthen your self-confidence.

It is your time to grow and learn. This learning will help you to tap your intuition and follow the signals that Lilith offers you through the root chakra, body, energy field, and sentiments. You might feel caught in temptations and think about leaving everything behind. Lilith might obscure your vision and create hurdles in your paths to self-discovery and growth.

Do not lose your trust and give it to Lilith. You might encounter bad karma or substantial good luck. Sexual empowerment also gets entwined into morals and beliefs. Your positivity and empowerment can also be throttled.

With North Node square Neptune, you possess many visionary gifts. When working through its higher form, you succeed in many artistic and creative fields. There are cinematographers, filmmakers, painters, artists, sign makers, photographers, dancers, singers, musicians, actors, and designers that have this aspect.

It is questionable if you will put your unique gifts to superlative use, however. The liabilities are high with South Node conjunct Neptune. You might have led a mystic kind of life and it may be difficult to draw you out, though you could share spiritual insights that contribute to the overall karmic growth on the planet, but you may prefer to stay out of the limelight. Or you dislike the mainstream society and enjoy living within your imaginative and spiritual realms.

Your work may require seclusion and you may become a reclusive type or hermit who prefers the background. You may be so sensitive that you want to hide away. This is an emotional aspect, especially when falling in water signs. The South Node influence may distort the emotions, which fuels the mind. You may not feel like they are part of this world, as if you live in an alien world. Such feelings of alienation and psychic distortions increase the chances you will resort to drugs or other strange methods for handling their crises. The house of Neptune and its opposing house shows where the imagination and vision are enhancing those affairs or merely distorting things.

([9] astromatrix.org/) The Dreamer

Any Neptune aspect to the Sun is likely to have a distinct impact on the individual expression of personal power, identity and life direction, so it becomes important to create a positive approach to the Neptunian energy and especially so with the more influential aspects of the conjunction, square and opposition. The difficulty with an unintegrated or repressed Neptune is that its influence often appears to be negative, and with the conjunction aspect it is imperative to discover a way of joining this energy to the natural form of expression that the Sun sign indicates.

You will probably experience an ongoing challenge of self-confidence and of establishing a suitable and satisfying lifestyle and sense of purpose. The nebulous influence of Neptune's sea mists tends to confuse you, dissolving many of your intentions away, and making your sense of individual identity almost transparent at times as that personality center seems to ebb and flow in tune with an inner tidal rhythm.

Because of an inner experience associated with insubstantiality, you can lack the strength of a firm and fixed individuality, and this has the effect of diminishing confidence regarding your actual capabilities and will to achieve any objectives. You can find it hard to be consistent and to persevere through self-discipline and application for long periods of time. Your identity can appear to be periodically submerged by the powerful Neptune energy, dissolving plans and ambitions, and then leaving you washed ashore in another inner place wondering what to do next even before you have completed the last project.

That ethereal Neptunian music will invade your conscious mind, acting as a diverting distraction, and in some cases can influence the listener to become lost in the swirling of your own hyperactive imagination, leading to self-delusions. Confronting the stark realities of life is not always easy with a prominent Neptune. There is a tendency to build a private reality, one which excludes the dark sides of self and the world, establishing a veiled and limiting perspective of life which only generates activity by additional repression into the unconscious mind.

Personal responsibility is avoided if possible, and all experiences are filtered through this restrictive veil, a state that if prolonged leads to inner and outer alienation. Often these forms of self-delusion emanate from personal desires, emotions and sensitive feelings, as Neptune is associated with the plastic and pliable astral level. You may develop unusual needs and desires which are subtle, intangible yet peculiarly persistent, and you may feel inwardly driven to experience or actualize them in some way. For many, such hard-to-define feelings and yearnings create more confusion and self-deception, especially when attached to idealistic images of perfection and unrealistic expectations which can only bring disillusionment and disappointment in their wake.

For the few, Neptune may bring genuine inspiration, although, even in such cases, this may become mixed with desires of self-elevation and ambitions, especially in the sphere of the conjunction's house. One of the hardest lessons for anyone with a close Neptune aspect is facing the realities of life. Neptune finds such confrontations almost inimical to its sensitivities, preferring to slide away instead of looking. You may have noticed such evasiveness in your life, manifesting in a variety of disguises through the years.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 8° **Aries** 28' and in the **4th** house.

Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 12° **Scorpio** 19' and in the **11th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 29° **Leo** 14' and in the **8th** house.

Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 29° **Libra** 43' and in the **10th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 28° **Aquarius** 0' and in the **2nd** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 1° **Sagittarius** 41' and in the **12th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 20° **Scorpio** 59' and in the **11th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 29° **Pisces** 0' and in the **3rd** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus

Alexandrinus

The **Lot of Nemesis** is in 19° **Sagittarius** 48' and in the **12th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment

Nemesis in Twelfth house (Pisces): indiscretion, being gullible

Lots related to family:

The **Lot of the Father** is in 12° **Cancer** 48' and in the **7th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 27° **Taurus** 52' and in the **5th** house.

Same as for father.

The **Lot of Siblings** is in 12° **Pisces** 15' and in the **3rd** house.

The **Lot of Children** is in 8° **Sagittarius** 26' and in the **12th** house.

The **Lot of Daughters** is in 19° **Libra** 4' and in the **10th** house.

The **Lot of Sons** is in 24° **Aquarius** 8' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 18° **Gemini** 34' and in the **6th** house.

The **Lot of Marriage for Men** is in 2° **Virgo** 12' and in the **9th** house.

The **Lot of Deceit in Marriage by Woman** is in 22° **Virgo** 8' and in the **9th** house.

The **Lot of Deceit in Marriage by Men** is in 14° **Pisces** 48' and in the **3rd** house.

The **Lot of Marriage (in general)** is in 1° **Taurus** 37' and in the **5th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 13° **Aquarius** 30' and in the **2nd** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 13° **Pisces** 41' and in the **3rd** house.

The **Lot of Treachery** is in 11° **Leo** 43' and in the **8th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 24° **Aquarius** 18' and in the **2nd** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 8° **Aries** 28' and in the **4th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Aquarius (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 11th House/Aquarius: You look high and low to find a cause to be passionate about, often becoming entranced by friends and anything you can invest hope in. The connections to make in groups opens a whole world of information to absorb. In this age of information, you thrive on the internet, as you love having immense information at the tap of a finger. You may lose yourself often in technology, as you find these newer ways to connect to the world around you astoundingly interesting. You associate yourself with people that you know will wind up doing something off the wall, which is what you live for, but you take responsibility for the group. This leads to problems with trying to balance many different strange people and still having the ability to be as weird as you want yourself, without feeling overwhelming to others or overwhelmed yourself. Pholus spends most of his orbit near Uranus, so you already accept the sudden change aspect he brings. Integrating these changes into your hopes and friends is needed.

Pholus in 2nd house

(12andus.com;) If you are missing an important lesson or out of line with your values, dramatic changes will be set into motion that bring you back into alignment.

Hard awakenings can come from disruptions to your security, abundance and finances. You may have a rude wake up call that comes as a result of a seemingly small issue in your financial life. A small misstep can create dramatic insecurity or snowball into greater financial conflicts.

When you get back into alignment with your values, however, you will be able to turn the situation from a catastrophe into an opportunity for breakthrough and healing.

Your desire for security and financial abundance can lead to toxic greed or hoarding if

you aren't careful. You may have to realign with your true values and sense of security rather than falling into materialistic trappings of security.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Gemini (Rx)

(12andus.com:) You may become obsessed with communication and visual fantasies.

Yet the actual relationship with a real flesh and blood person is less exciting. Your ability to envision and idealize a partner is very much an important part of your sexual attraction.

Even when you're satisfied in a personal relationship, you'll become obsessed with the idea of maintaining connection and conversation that excites you sexually. You will look to images or superficial connections online to satisfy your sexual desires.

This can include watching or looking at pornography and activating your imagination. You may also love it when a partner talks about sex and describes their sexual fantasies. You may be less turned on by the actual sex act than by the discussion of sex.

You may be attracted to settings where you can have a fantasy sexual relationship such as online dating or online role playing communities.

Eros in 6th house

(12andus.com:) Your everyday routines can be a source of erotic fascination for you.

You may be easily seduced by someone at your work or become fascinated by the idea of having an affair in the office or in the midst of conducting your daily tasks.

You may also be attracted to the idea of a romantic affair in a health related setting or a fantasy involving a doctor or nurse/patient relationship.

You can be turned on by details of someone's body or by the mechanics of lovemaking more than the entire act itself. If there are certain aspects of sexuality that appeal to you, you may research extensively and work to perfect your techniques.

You are cautious about sexual encounters though and are always mindful of risk and infection. As a result, you may prefer fetishes involving things other than contact with another's body.

1) ► 14° Aquarius 41' **Pholus** ✂ **Conjunct** ☿ **Mercury** 14° Aquarius 46' - (0°05')
 (12andus.com:) Your entire thought process may easily become derailed during times of crisis and disruptive change.

When your life is impacted by unexpected cataclysmic events, you may have to completely abandon everything you know. You can't move forward and find healing or release while you're hanging on to old ideas or ways of thinking.

Small decisions can have explosive ramifications for you. You may have the best of intentions when it comes to protect others but your plans or ideas may backfire easily. You may have unrealistic expectations about your mental prowess. You may think you can talk your way out of any situation.

This may be true until a time comes in which dramatic changes unleash a change in thoughts and attitudes and when this happens, there is no turning back. All you can do is try to let the breakthroughs lead you to new understanding.

2) ► 14° Aquarius 41' **Pholus** ✎ **Conjunct** ♂ **Mars** 3° Aquarius 58' - (10°43')
(12andus.com:) Your passion and energy are sparked by major life turning points.

As chaotic and disruptive as these cataclysmic changes can be, you are more likely to feel energized by crises. You may find renewed sense of motivation, purpose and personal ambition. Sometimes you need to dramatically face your fears and find strength by jumping right into the midst of a catastrophe.

Small impulsive choices or actions can have dramatic ramifications, and this can impact you in a dramatic way. You may become more enthusiastic and determined as a result.

You can be overconfident in your ability to rush in to protect others or de-escalate a situation, not realizing that a spark has become a wildfire before you fully have a handle on things.

Yet even in the midst of these major life turning points, you can find renewed sense of focus and energy. Nothing gets you out of a slump like a large-scale challenge.

3) ► 14° Aquarius 41' **Pholus** ✎ **Opposition** ☉ **Sun** 20° Leo 18' - (5°37')
(12andus.com:) You have a difficult time preparing for major life twists and turns because you tend to be overconfident.

You may overestimate your ability or preparedness, seeing yourself as capable of rushing in to the rescue before you have considered what you're getting yourself in to. As a result, you may hit a snag and find it challenging to deal with the aftereffects of little twists and turns that end of having large scale consequences.

You may feel the need to be a guardian or gatekeeper, yet your hubris or overestimation of your strengths and skills can lead you to misjudge the circumstances you end up in and your ability to overcome them. No matter what, you have the strength and creativity to eventually come out on top.

Yet you may face major life turning points or dramatic events with an over exaggerated sense of confidence in yourself.

You may have to work through your overoptimistic side to avoid getting distracted by blindspots that make you susceptible to negative consequences.

4) ► 14° Aquarius 41' **Pholus** ✎ **Square** ♄ **Neptune** 8° Taurus 22' - (6°19')
(12andus.com:) You may find it challenging to draw on your spiritual nature in order to respond effectively to crisis and unexpected turning points.

You may have to overcome challenges to your sense of comfort and emotional security and face up to your inner fears in order to work through your illusions. When you can see the reality of the dramatic turning point underway, you can better serve as a spiritual guide or healer to others.

You may first have to work through your initial reactions of denial and avoidance. When you do shift your perspective and understand the ramifications of the cataclysmic events you are facing, you'll be better able to navigate your own path and help others find higher meaning in the process.

5) ► 14° Aquarius 41' **Pholus** ✎ **Square** ♄ **Spirit** 12° Scorpio 19' - (2°22')
(12andus.com:)

6) ► 14° Aquarius 41' **Pholus** ✎ **Square** ♄ **Ceres** 13° Taurus 4' - (1°37')
(12andus.com:) You may find it difficult to face your obligation to others during crises or turning points.

On some level you may feel it is important to provide for the comfort and security of those around you, but you also may resist facing the full scale of a crisis at first because it challenges your own personal sense of comfort and security.

When you adjust your expectations or perspective, you'll be better able nurture yourself and find security in the midst of crises.

With some adjustments to your expectations, you can find the motivation to act out of compassion and help others find the stability and comfort they need as well.

7) ► 14° Aquarius 41' **Pholus** ✎ **Trine** ☾ **Moon** 7° Gemini 13' - (7°28')
(12andus.com:) You may easily show your compassionate and sensitive side as you deal with unexpected cataclysmic events that impact your family or community.

You may feel compelled to nurture or heal others during times of crisis and can easily do so. You may easily put your emotional needs aside. Even when your intuition shows you that small issues can have dramatic and traumatic consequences, you won't shy away from responding to those in need.

This can leave some residue on your emotions and have an impact on your mental well being but you won't be deterred from trying to protect others.

8) ► 14° Aquarius 41' **Pholus** ✎ **Trine** ♀ **Venus** 9° Libra 42' - (4°59')

(12andus.com:) You may find it easy to express your love and nurture your connections to those you care about even as you experience dramatic life changes.

Life changing events that alter the course of your path can be set into motion because of your romantic partnerships or connections to those you love. Even cataclysmic events can ultimately benefit you or lead to deeper love and security.

You may have to face the ways in which you overestimate your ability to save others or face patterns of codependency in toxic relationships so that you can heal and break through these patterns.

Dramatic changes brought about by small steps or seemingly innocent encounters can have wide ranging consequences in your life.

Relationships and partnerships can be a big part of shifting your perspective, leading you to embrace your connection to others who support and validate you even as you go through major life turning points.

9) ► 14° Aquarius 41' **Pholus** ✎ **Trine** ☊ **North-Node** 22° Gemini 15' - (7°34')

(12andus.com:) You may find it easy to follow your higher purpose and path during times of cataclysmic change.

You are likely to step up to the plate and embrace your purpose and higher calling during the midst of crises and cataclysmic changes. You can find your full potential and refine your mission as a result of undergoing dramatic changes in situations outside of your control. You may easily be able to embrace your calling and evolve personally as a result of the tumultuous changes brought about by crises and dramatic turning points.

10) ► 14° Aquarius 41' **Pholus** ✎ **Trine** ♁ **Vertex** 14° Gemini 46' - (0°05')

11) ► 14° Aquarius 41' **Pholus** ✎ **Trine** ♄ **Juno** 20° Gemini 59' - (6°18')

(12andus.com:) You may find it challenging to uphold your commitment to your partner in the midst of major life turning points.

Family, marriage or serious partnership may be the catalyst you need to get your priorities in order. Or you may find a greater drive to commit to someone you love because of a major life altering event.

You are highly motivated to protect your family and show your devotion to your partner even in the midst of dramatic crises and life changing events that rock your foundation.

You can find security and nurturing from your spouse or partner and this better helps you to weather the storms beyond your control.

(12andus.com:) You instinctively follow the object of your infatuation and have no problem pursuing your desires.

You may feel that moving toward that which brings you pleasure and deep desire is like a magnetic attraction completely outside of your conscious control. You may easily meet partners who seem to be “destined” to enter your life.

Even if the purpose of the relationship is to explore your erotic nature and not romance specifically, you easily recognize who and what you are attracted to.

You may feel compelled to explore new forms of erotic expression and as you do, you'll go beyond your comfort zone and find higher connection through this experimentation.

16) ► 24° Gemini 53' **Eros** ✎ **Conjunct** ♊ **Vertex** 14° Gemini 46' - (10°07')

17) ► 24° Gemini 53' **Eros** ✎ **Conjunct** MC **Midheaven** 29° Gemini 15' - (4°22')

(12andus.com:) You may find it easy to express your erotic nature through your chosen career path.

You may find colleagues or influential people in your career path to be arousing and exciting and career success is likely to fuel your sexual excitement. You may find sexual expression to be integral to your career path. For instance you may be interested in working as a sex therapist or in a store that specializes in sexual devices.

You may also have an erotically influenced career such as writing erotic books or making erotic art. You may find it easier to advance on your career path when you openly embrace your own erotic and creative energy.

The more you take charge of your sex life and embrace your creativity and erotic fantasies, the more you can reach success in a career that relates to this energy.

18) ► 24° Gemini 53' **Eros** ✎ **Conjunct** ♊ **Juno** 20° Gemini 59' - (3°54')

(12andus.com:) Your erotic nature is deeply interconnected with your desire for

commitment.

Your desire to find ideal erotic love through your connection to your committed partner is a fantasy that is so strong, it may make it difficult for you to become attracted to and aroused by those who don't show a commitment to you.

You may be inclined to wait until you are married or seriously committed in a relationship before you really open up and share your deeper erotic nature.

Your sexual fantasies and desires may involve a domestic relationship, and you may be traditional or have fantasies that center around being married, sharing a home with your partner or having the security of an influential or successful partner.

19) ► 24° Gemini 53' **Eros** ♋ **Opposition** ♋ **Vesta** 23° Sagittarius 39' - (1°14')
(12andus.com:) You may feel torn between your desire for erotic exploration and your sense of duty.

You can feel compelled to be of service to others or feel called on a spiritual quest. This may lead you to feel you need to sacrifice your sexual desires and minimize your erotic nature. You may have been led to believe that having erotic fantasies is impure or immoral and so you may try to stifle your sexuality in favor of pursuit of your passions.

You may feel as if you have to remain pure or sacrifice some aspect of your desires and fantasies or you may have been taught at a young age to disconnect from your erotic desires and focus instead on spiritual matters.

When you have completed your quest or calling to be of service or when you come to understand that passions and erotic energy can also fuel your spiritual mission, you may be better able to balance your erotic desires and spiritual desire for transcendence and purity.

You may also fetishize or become infatuated with people who are similar to you in key ways when it comes to your identity and self-image.

You need a certain degree of predictability and consistency so that you can feel safe sharing your deeper erotic fantasies. Yet when you have the commitment and understanding of your partner, you can delve into your fantasies.

You prefer sensual, practical and physical expressions of eroticism and love. Idealism and fantasies aren't as exciting for you. Still, even if your routines are relatively limited, you can find great pleasure and even infatuation with your consistent routines.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Pisces

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days' events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night's sleep because they recuperate from stress through the REM cycle, and are generally excellent at decoding their dreams to indicate fortuitous future omens.

Hygiea in 3rd house

(astrology.com:) Gemini or in the third house: These individuals put a premium on the mind, staying sharp through puzzles, brain-teasers, and keeping up on current events. Self-care territory often feels too emotional, and they can spread themselves thin trying to tackle all their doctors' appointments at once so that they "don't have to think about them" anymore. They must remember to give the same love to their body as they do to their intellect.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Sagittarius (Rx)

(synnisisigns.com:) With Eris in the ninth house of law and education, you may experience education and travel opportunities that are divergent from the norm. You may find the traditional educational process difficult to complete because of your urges to pursue your own line of study. Travel takes you to places where you glimpse the economic inequities of life. Even if you go to a sunny Caribbean beach for vacation you might find yourself getting lost in the slums.

Eris in 12th house

(synnisisigns.com:) In the twelfth house of connection with the your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Karma in 2nd house

(smartyoungsters.com:) Karma in 2nd house: You can reach your goals through money and beauty. Your sensuality and banking attitude can help you fulfill your duties. A bank or beauty, cosmetics can bring you rewards. Use your money and financial ethics well and don't lose morals in the run.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Sagittarius

(astronomicallyaligned.tumblr.com:) Somewhere deep inside a library, lies an old, unopened box. You want to open that box in order to attain more knowledge and wisdom. Like Adam & Eve taking a bite out of the apple in The Garden of Eden. You just can't contain your curiosity. The more you know, the more you can learn. The more you learn, the more you know. The more you know, the more you can learn to others and share. The more people know, the more places you can travel to and explore. You see all this in your head. But the more knowledge shared with humanity, the more doomed we become. Your want for knowledge can be attained other ways. Through experiencing and listening to others.

Pandora in 12th house

(astronomicallyaligned.tumblr.com:) You're curious about your dreams, subconsciousness, spirituality, endings, self sacrifice, and closure. You might open a door to another world, to the other side. A door that cannot be shut once opened. Energy will flow between the galaxies.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams

reside under Nessus.

Nessus in Capricorn

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Nessus in 1st house

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut,

bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull

black spot in the chart.

- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).

- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(vamzzz.com:) Self-integrity issues: to what extent do we really live our life the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and

aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
 To be admired for his outright refusal to accept death and for his ability to repeat a task
 that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't

yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you

wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. But as the energy cuts a swathe of darkness across the face of the Earth, the rhythm of this beating heart will stop for a few moments... and so with it the repressed coiled energies of the collective.

So seductive... and addictive, this uncontrolled and corrupt energy is potentially violent and criminal. However, if acknowledged, accepted and celebrated, the animal urges

inherent in the human species and can be channelled into a new realm of possibilities... where the undulating vibrations of instinctive awareness are harnessed into higher awareness, offering supreme enlightenment and a gateway to bliss. This is the beginning of the shift of consciousness.

The fixed star Unuk marks the possibility of ascension. Individual efforts focused outwards. By entering the dark side of life, opens us to see the light. Like a moth to a flame. Once the light is found through the blackness a new path forward is forged.

If this aggression is not controlled and channelled correctly it may lead to anger directed towards others. Unuk star in an astrology chart shows where emotions are heightened, bringing about anxiety. Leading to cloudiness in decisions and an unclear mindset.
