Life Path Number: 4 = (0+4) + (1+1) + (1+8+7+0)

The Worker

The Life Path 4 suggests that you entered this plane with a natural genius for planning, fixing, building, and somehow, with practical application and cerebral excellence, making things work. You are one of the most trustworthy, practical, and down-to-earth of individuals; the cornerstone members of society. Indeed, as a Life Path 4, you are a builder of society.

Once a decision is made, it will be followed through to the conclusion, right, wrong, or indifferent.

You are very set in your ways and determined to handle things the way you are so certain that they should be handled.

Loyal and devoted, you make the best of your marriage, and you are always the good provider.

Friends may be few in number, but you are very close to them and once friendships are made, they often last a lifetime.

The negative 4 has a bad tendency to get caught up in the daily routine of affairs, missing the big picture and major opportunities that come along once in a while.

Expression (Destiny) Number: 5

([659] numerologycalculator.online:) The number 5 Destiny suggests that the direction of growth in your lifetime will be toward becoming a harbinger of change, freedom, and progressive thought and action.

The number 5 Destiny potentially endows you with the wonderful characteristic of multi-talents and versatility. You must develop in ways allowing you to do so many things well. The tone of the number 5 is the constructive use of freedom, and in your drive to attain this freedom, you must be the master of adaptability and change.

As you mature, you must become good at presenting ideas and knowing how to approach people to get what you want. Naturally, this will give you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Whatever you do, you have the capacity to be clever, analytical, and a very quick thinker.

You must learn to accept changes as they come along and avoid clinging to the outdated. Avoid rebellion, and focus on enlightenment and progression thinking that will benefit mankind. Your life is broadened by gaining an understanding and an appreciation of all kinds of people.

The Destiny 5 will be welcome in many varied professional environments. The public sector is a natural for you because you must administer to all peoples. The media, advertising, promotion, publicity, all types of selling, and entertainment are all potential fields that may interest you.

Settling on a single career may not be in the cards for you, as you are in a continuous state of flux brought by constantly changing interests.

If there is too much of the 5 energy in your makeup or if you develop negatively, the negative side of the number may appear. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be erratic and scatter yourself and your energies.

You have a hard time keeping regular office hours and maintaining any sort of a routine. As clever as you are, you may have a tendency to make the same mistakes over and over again.

Much of your response to such errors is glib reaction rather than thoughtful application.

Life Path - Expression Bridge Number: 1

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would rather believe the viewpoint of others than your own choice. More often than not you

think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

Heart's Desire (Soul Urge) Number: 4

([659] numerologycalculator.online:) People with this soul urge have a natural desire for order and are very good at working with their hands and tend to be tradespeople.

You have a need for stability and structure in your life. You want your life and everything that touches it to be orderly. You have a systematic way of doing virtually everything. You are often not satisfied unless you are working toward some kind of goal. This makes you focus too heavily on work at times so remember that stability also means having time for yourself.

All work and no play is not a recipe for structure or stability.

You are a very loving person but you struggle with your ability to express love outwardly. Don't assume the ones you love know that you love them. They need to be told and you need the practice of telling them. This will help you to achieve the emotional balance that you desire.

Personality Number: 1

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

Heart's Desire - Personality Bridge Number: 3

([660] numerology.center:) You are a very inventive and artistic person. It is always interesting to communicate with you and to watch at you. That is why people like your company. But you don't always feel comfortable with others because it is easy to hurt you. You are an extremely sensitive person. It is better for you to share your deep feelings and to be opened until the end just with close people, who will not hurt you. It is extremely important for you to become more confident. You have many talents and you deserve to be respected, happy and feel comfortable in any company. All the fields

connected with arts fit you greatly.

Quiescent Self Number: 1

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

Maturity Number: 9 = 4 + 5 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with selfless service to humanity. You're being called upon to work with giving and contributing without thought of personal reward, letting go of "self" in order to learn to be of service to others, and to learn not to attach to particular outcomes.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to balance the needs of others with your own needs to center stage. Situations will arise highlighting your need to service a higher need or purpose, to delve into a spiritual path in full force, and to use your extraordinary talents to heal, perform, write, teach or be a philanthropist.

What that might look like:

- Dealing with "loss" on many levels in order to surrender to your spiritual path.
- A realization that self centeredness and lack of understanding others' perspectives feels dissatisfying.
- Opportunities arise to be of service and use your compassion and charisma to make the world a better place.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

First Pinnacle Cycle: 6

(Month + Day) - from age 0 to 32 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel

compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the “love and marriage” stage with intense focus on babies and the home. It can also be the “marriage and divorce” stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you’re learning about responsibility and nurturing, plain and simple. You’ll learn what’s required and when enough is enough by setting your boundaries. It’s a time where you’re developing knowledge of what’s really in your heart and acting on it with compassion.

Pinnacle 1 Number 6: First Pinnacle: As a younger person in the midst of a 6 Pinnacle, you’re likely to find yourself knee-deep in duty and responsibility related to home and family. This may be because of the pressures you experience in your family with parents and siblings, or you may find yourself entering into premature marriage at an early age. Often this energy causes you to experience controlling circumstances from a parent or another authority figure.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You’re being tested not to be overly responsible or overly irresponsible.

Second Pinnacle Cycle: 11

(Year + Day) - from age 33 to 41 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you’re working with the Eleven energy, you’re developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your “psychic shield” will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a

constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Third Pinnacle Cycle: 8

(1st Pinnacle + 2nd Pinnacle) - from age 42 to 50 (based on LPN) - ([665]
feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 3 Number 8: Second or Third Pinnacle: If you encounter an 8 vibration during your Second or Third Pinnacle, you're apt to find yourself in the executive world—or you

could be married to an executive. You're required to rely more on rational judgments and less on emotional impulses. You're single-mindedly focused on your ambition and achievement of great financial success, power, and authority.

Fourth Pinnacle Cycle: 9

(Month + Year) - from age 51 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 4 Number 9: Fourth Pinnacle: If your Fourth Pinnacle is guided by the 9 vibration, your work will tend to be more charitable in nature with plenty of opportunity to give much more of yourself. If you have done well financially in your life, you might be drawn to using your assets to finance programs and support causes you believe in. This is a time where you've mellowed and have developed a more caring and heart-felt attitude about yourself and about others than in earlier periods of your life.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

First Period Cycle: 11

(Month) from age 0 to 32 (based on LPN)

([666] worldnumerology.com:) The first 30 years of your life represent a time of spiritual expansion, even illumination. You will grow in understanding and wisdom. It is not a time to pursue material goals for themselves, but to seek the higher human ideals.

There is a temptation, however, to chase after the infinite without grounding yourself in the practical. That must be avoided. Focus your studies and deepen your understanding to the point that your knowledge can be conveyed to others in simple and acceptable terms.

You possess a message or an ability that should be shared with your community, but only through deep personal transformation and improvement of self-expression can this gift be given.

The more willing you are to work on yourself, the more good you will do for the world at large. For those who accept and embrace this path, there is much reward, including ample financial support and even fame. There is also the deeper satisfaction of knowing that one has made a contribution to the advancement of others.

Second Period Cycle: 4

(Day) from age 33 to 59 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a period of hard work and the rewards it can bring.

You are chiefly concerned with the practical aspects of life: career, family, and community. You are not given to pursuing idealistic or impractical goals during this time, as you prefer to place your life on sound financial footing.

Find work you love, so your effort brings reward not only through promotion, success, and money, but also in joy and a sense of accomplishment.

This is a time dominated by discipline, order, and self-motivation, traits that will endear you to your family, co-workers, and community.

Third Period Cycle: 7

(Year) from age 60 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle, especially in your later years, centers on wisdom and contentment. This is a time of spiritual/internal and intellectual growth, of discovering the beauty and harmony that underlie creation.

However, it is often one of the most difficult last cycles, due in large part to society's lack of appreciation for the intangible qualities of this number.

Socially, you may feel distant and isolated. Interacting with similarly minded people through book clubs, art events, theater sponsorships, or other intellectually and spiritually stimulating activities can help you feel more connected.

Although this is the latter part of your life, it may well be your most exciting time of discovery and personal growth.

First Challenge Number: 2

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse

- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy

- Feelings of ill health due to frustration

Fourth Challenge Number: 5

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5 Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Personal Year Number (for 2022): 3 (04 + 11) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 3 is a year of increased creative and inspirational energy.

Creative expression, creative inspiration, more opportunities for social interaction — all these tend to be more present.

Creative expression may be through personal artistic endeavors or a deeper association with the arts. Creative inspiration may be an expression of imagination. Enthusiasm is more abundant, as is a desire to entertain.

It's likely to be a colorful and eventful year.

Personal Year Number (for 2023): 4 (04) + (11) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 4 is a year of focus, work, discipline, and opportunities to enhance the security of the future.

It is a practical year. A pragmatic year. And a resourceful year. A year of paying attention to details and a tendency to focus on building a firm and secure foundation for the future.

The year tends to demand a lot of work — steady, conscientious, application of proven methods to reach personally-established goals.

Goals tend to be clear and reachable, and a method determined that virtually assures the goal will be accomplished.

(feliciabender.com:) This is a year to work hard and sharpen your skill set. Take the time to slow down, steady your pace, and become more methodical about which goals you want to reach for. This is a more serious year that requires hard work to set the foundation for whatever you are working on; job, relationship, family.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from 'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their

name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting.

Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): E

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "E" tends to complete projects quickly. There are so many other fun things to do.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([672] numerologist.com:) Capstone: You feel you must be in charge at all times or a project will not succeed. As you refuse to take advice from others, your projects often fail.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other

forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

6 on the Physical Plane

Your practicality in physical aspect is not alien to some artistry. For you, improving your body is a special kind of art. Your idea of a perfect marriage, parenting practices, and your confidence in the necessity to help those who need it are formed accordingly.

Professionally, it is the basis for success in teaching or medical career.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

8 on the Mental Plane

Wanting more than you have is not reprehensible, is it? Who would blame you if all your abilities, strength and knowledge are aimed at the realization of this desire? You want to control people and manage big business. Good luck then! Just don't forget to suppress your arrogance that may show up at times, and be demanding of yourself to the same extent as to others.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

7 on the Emotional Plane

Reasonable cautiousness and constant fear that something may happen are not the same thing at all. It's no good to justify your closed nature and emotional reticence with vulnerability and impressionability. Your restraint can be interpreted as unwillingness to contact. At the same time, you have enough self-esteem and ability to control situation to avoid excessive familiarity, or get into unwanted and burdensome relationships. Any field where you can work solo could suit you.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

2 on the Intuitive Plane

For you, the most familiar way of thinking is floating up in the clouds. You don't build castles in the air, and your intuitive insights are often quite applicable to practice. However, your extreme sensitivity doesn't allow you to bring them down to the status of real actions.

11 on the Intuitive Plane

(numerology.center:) Your intuition is really developed. You can tell the upcoming events, and you don't guess, you tell what you feel. You can influence the disposition of people around.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 6 line «1-2-3»
1111	444	7	Moneymaking: 4 line «4-5-6»
character, will	health, beauty	luck	Talent: 2 line «7-8-9»
			Tenacity: 8 line «1-4-7»
22	5	8	Domestic bliss: 4 line «2-5-8»
vital energy	logic, intuition	sense of duty	Stability: 0 line «3-6-9»
			Spirituality: 5 diagonal «1-5-9»
-	-	-	Temperament: 2 diagonal «3-5-7»
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1111

"The Leader" - you are always calm and confident. These two are predominant features of your character. You voice your opinion softly, but weightily, making others listen to you or even grow quiet. You can show yourself cruel rarely, but right on target. And people feel this cruelty in you. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — empty

"Weak potential" - you don't have a propensity for the exact sciences, complex concepts and invention activities. Besides, you are not interested in anything like that.

Health, beauty — 444

"Upper-middle health and beauty" - 444, as a rule, are divided between health and beauty. But it happens that triple 4 goes to beauty or to health only. You are well-built and beautiful enough to become a professional athlete, actor or model. But don't be too self-confident — 444-persons tend to overestimate the physical part of their personality.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — 7

"With a talisman" - of course, 7 does not guarantee a jackpot after the first bet, but will save from minor troubles and sometimes help to catch luck in the nick of time.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and

friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — empty

"Bad memory" - to perceive, process and memorize large amounts of information is quite difficult. All this creates problems in learning and working with arrays of information. These people can often get lost in an unfamiliar place or forget where they go. But they also don't remember different stereotypes and it gives good opportunities for creativity.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 6

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 4

"Bread-and-butter man" - a high desire to make enough money for themselves and their families. They do not afraid of difficult and responsible work for good remuneration. Moreover: such a job literally searches for them.

Talent (Line «7-8-9») — 2

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 8

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — empty

"Unstable" - hates monotonous and stable life, constantly strives to change everything. Often inclined to changes without any practical sense.

Spirituality (Diagonal «1-5-9») — 5

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

Temperament (Diagonal «3-5-7») — 2

"Normal" - this temperament will suit most other temperaments. But there is a prone to cheating because this person is not fully confident in their abilities and would like to assert themselves in the love department.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Three of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Diamonds: Values - Security - Dharma
Fire-Wands - Planets: Mercury & Uranus

Personable, Illuminating, Worrisome: All 3's harbour a mistrust related to the meaning of their suit. The DIAMOND suit symbolizes financial and material values. Thus the 3 of Diamond are often mistrustful of financial institutions.

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

Early marriage is usually filled with such serious obstacles and troubles, it's better for the 3 of Diamond to wait until late 20's before tying the knot.

First Karma Card: Six of Hearts

(metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Hearts: Emotions - Relationships - Love
Six of Heart Meaning: The Law of Love
Karma for the 6 of Heart - Responsibility
Water-Cups - Planets: Double Mars

The vibration of 6 resonates with duty and purpose in line with the meaning of the suit. The Heart Suit represents relationships and social aspects of our society. Thus the 6 of Heart feel the purpose of life is duty-bound to support their family, friends and worldly causes.

Six of Heart do not believe in luck. They work tirelessly to achieve their objectives. Not for fame or glory, but because they feel obliged to do so. And they do it well.

The 6 of Heart also have a knack for big business, though remain motivated by their

sense of duty. A quote by Conrad Hilton of the Hilton Hotel empire sums up the business acumen of the 6 of Heart perfectly. "There is a yoke of responsibility that attached itself firmly the minute someone had entrusted me with their capital." (Archbridge Institute: Conrad Hilton: The Dreamer Who Conquered an Industry)

Six of Heart are detail oriented perfectionists. Tenacious too! And did I mention excellent negotiators? Their biggest business opportunities manifest between age 39-51, if they are so inclined. Most Six of Heart people are not that ambitious, preferring to work only as much they need to support themselves and their family.

In love, trust does not come easy. The 6 of Heart believe a healthy partnership must include a healthy financial arrangement too. The men are often in a business partnership with women while the women 6 of Heart seem to attract the proverbial bad boys!

Second Karma Card: Queen of Diamonds (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Diamonds: Values - Security - Dharma

Queen of Diamond Meaning: Domination in the Realm of Values

Karma ~ Financial Security At All Cost

Fire-Wands - Planets: Mercury & Saturn

Some of our greatest philanthropists are the Queen of Diamonds. In the world of art, some of our greatest poets, painters and musicians have contributed their wealth. It is these Queen of Diamond people that have learned the true meaning of value. They are people fitted for authority and should have it!

The path for the Queen of Diamond is a hard one - so beset with difficulties and obstacles - they are continually sapped of strength as they struggle to overcome one thing after the other.

Those born under this card are diligent and dependable. They are strong of character, and determined, but they must guard against hardness and domination. They have much to contend with, and much should be forgiven them.

The men strive to provide their partners with security, but can be overly sensitive and prone to temper tantrums (think Tom Cruise). The women enjoy sharing in their partner's business affairs.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Ace of Spades (metasymbology.com:)

SPADES: Physical - Work - Wisdom

ACE: Longing - Self
CHALLENGE: Covetousness
Earth-Pentacles - Planets: Mercury & Neptune

SPADE: The Spade personality enjoys being physically engaged in the world. The spirit of the spade is embodied in the instruments of labor, and it is earthy. The world compels the spade to dig deep into the hard soil to fulfill the needs of the soul.

ACE: The Ace has a value of one. One is self. The I am and I need. The personality of the Ace is driven toward fulfilling its own singular need.

JOURNEY OF THE SOUL: Their Soul Card is the 7 of Heart. This emblem is symbolic of overcoming emotional stress associated with jealousy or lack of appreciation.

In an ideal world, the Ace of Spade dives selflessly into work, without the need for accolades. They balance their work-related ambitions with the emotional needs of those who love them and understand the real journey of life is love.

Ace of Spade personalities are charismatic. They enjoy being physically active and have romantic expectations, which can keep them looking for their perfect love or soulmate. Starting in their late teens and early twenties, the Ace of Spade get a lot of calls for help, usually financial. This is especially true of the women in their life, friends or relatives who equate money with loyalty.

It's not easy being identified as the Ace of Spade. Much inner work is needed for them to overcome negative thinking habits and harness their restless, if not reckless behavior patterns.

In its most spiritual interpretation, the Ace of Spade personality takes the soul on a journey of sacrifice; not as punishment, but to forgo the need for adulation and acquire victory over the little self.

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

Venus Card: Seven of Hearts (metasymbology.com:)

HEARTS: Love - Relationships - Faith

SEVEN: Sensitivity - Overcoming

CHALLENGE: Mastery

Water-Cups - Planets: Mercury & Venus

HEART: The Heart personality is here to learn about human love and relationships. The spirit of heart navigates the turbulent waters of emotional energy. It is the area of life most difficult to master. The heart personality creates experiences that demonstrate love is the sole (soul) power behind all power.

SEVEN: The value of seven is victory. It is a sensitive vibration that rides the razor's edge of life's hard experiences. It is stressful and tense. It is the number of obstacles.

The personality of the 7 is chosen to overcome adversity by rising above and beyond the challenges of their karma.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Heart. This emblem is symbolic of the healing power of love. It symbolizes restoration, and reconciliation. It radiates charm and magnetism. The wise 7 of Heart use their soul-power to attract the help they need. They turn obstacles into victories and harness their emotional stress as motivation to succeed.

Childhood experiences teach the young Seven of Heart that in order to overcome adversity, they must rise to the challenge quickly. They and their family receive many calls for help, usually financial, which creates an understanding of money as a necessary evil.

Seven of Heart personalities operate on a higher frequency. Their mind stuff is highly cognizant of light energy, which they tap for creative ways to release the incessant stresses of their youth. Many artists, singers and entertainers are born on a 7 of Heart day.

The most challenging karma for the 7 of Heart has less to do with the spirit of the heart than it does with learning how to use their fine minds. They have such broad viewpoints, it's difficult to narrow down the channels of thought. They are busy inventing and building bridges to progress while the rest of us mull over cause and effect.

There are those, of course, whose evolution is on a lower frequency of light. For those seven of Heart, mental frustrations create a lazy mind, unwilling to rise to the challenge. Emotionally wilful, there are no half measures for the 7 of Heart! For good or for worse, they are self-sacrificing and loyal to death do they part, or the romantic rebel, unwilling to take on the emotional work for a committed relationship.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Seven of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Seven of Diamond Meaning - Conflict Between Spirit and Matter

Karma for the 7 of Diamond - Harmonization of Money and Love

Fire-Wands - Planets: Double Venus

The 7 of Diamond is a card necessarily associated with money - for good or ill, little or much. It is a card of power and accomplishment. And for those who have not acquired a sense of value, it is known as the Card of "Wine, Women and Song"

The lives of the Seven of Diamond people seem to follow cycles of 5 or 7 years; changes are often violent, always sudden.

There is a great love of home for all 7 of Diamonds, but they may have to wait for it, as their early life is filled with many changes.

The Seven of Diamond is one of the "swing cards", exchanging places with the 9 of Heart every other year. This symbolizes a challenge in balancing love with money. When their love life is running smoothly, the need for earning money becomes the priority - and when there is wealth, the stability of their home life tends to suffer!

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Five of Spades

(metasymbology.com:)

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Jack of Hearts

(metasymbology.com:)

Hearts: Feelings - Relationships - Love

Water-Cups - Planets: Venus & Jupiter

The Neophyte in LOVE: All JACKs are youthful; next in line to the crown. They are neophytes (Greek for "newly planted") in the meaning of their suit. The HEART suit represents emotions and how we love. The Jack of Heart are emotional, dynamic, and willful!

The first two 13-year cycles of time are challenging for those born with Jack of Heart karma. The first 13-year cycle is fraught with sudden, unexpected frustrating experiences over which they have no control. The second 13-year cycle suggests disappointments and despair within the home, and they often suffer due to the poor

health of the ones they love.

What doesn't kill you is supposed to make you stronger, and with the kindness of a sweet-hearted mother, sister, or other Venusian guiding influence, the Jack of Heart learns that sacrifice can lead to immeasurable blessings, and broadmindedness to understanding and compassion. Thus can the Jack of Heart climb to the ranks of greatness, bestowing their unique perspective upon the masses.

Many Jacks of Heart are not karmically ready to fulfill their high calling, at least not in this lifetime. Thus the Jack of Heart is also known as the emotional tyrant, willful, with a heavy case of martyr complex!

For the most part, however, Jack of Heart natives are kind and friendly. They feel strongly about protecting loved ones, and don't want to be a problem for anyone. Of interest, the Jack of Heart is placed at the very center of the spreads, the lines of which form a cross. This is one of the reasons it's called the "Christ Card." It is also symbolic of Pisces.

After age 91 the cycles repeats.

Cosmic Lesson Card: King of Diamonds (metasymbology.com:)

Diamonds: Values - Security - Dharma

King of Diamonds Meaning: Command of Commerce

Karma for the King of Diamonds - Denial of the Power of Love

Fire-Wands - Planets: Venus & Mars

Positively, the King of Diamonds are endowed with wisdom and power. They may appear cold or hard -- but in truth, they are just, and inclined to philanthropy.

As a Kings' Card, they are born into power and must naturally equip themselves as rulers. If that power means money, then it must be in such abundance that no one can outstrip them or outdo them. But for those Kings of Diamond working on the higher plane of values - the hard-boiled materialism of the typical King of Diamond is unknown to them.

These people are willing to take a gambler's chance because they can afford to lose - but seldom do.

The women King of Diamond are very positive but should strive to keep their personalities out of business dealings or they get emotionally disappointed and frustrated.

The King of Diamond are rarely in inferior positions, and they almost always have ample funds at their disposal - or backers who will come to their rescue. Kingpins and top dogs indeed!

Cosmic Reward Card: King of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

King of Hearts Meaning: Paternal Love

Karma for the King of Hearts - Easy-going Inactivity

Water-Cups - Planets: Mercury & Mars

By nature, these people are the most desirable people on earth and the most worthy of love. They will respond to any true call for help from any quarter - and you can forget to thank them if you choose; it will make no difference to them.

The front they present to the world is kindly, friendly and magnetic. They give an impression not so much of power but of peace, protection and "safe harbor". Within themselves, however, they know they have the full power of love, a power invincible! Sometimes, we find the Kings of Heart are quarrelsome and overbearing. They are met with constant disappointment in others, and are frequently deceived or betrayed. When we meet a King of Hearts on their own terms and tune into their love and kindness, they never bring us anything but joy. They are the heart and center of family life, and harmonizer of friends.

Cosmic Moon Card: Six of Hearts (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Hearts: Emotions - Relationships - Love
Six of Heart Meaning: The Law of Love
Karma for the 6 of Heart - Responsibility
Water-Cups - Planets: Double Mars

The vibration of 6 resonates with duty and purpose in line with the meaning of the suit. The Heart Suit represents relationships and social aspects of our society. Thus the 6 of Heart feel the purpose of life is duty-bound to support their family, friends and worldly causes.

Six of Heart do not believe in luck. They work tirelessly to achieve their objectives. Not for fame or glory, but because they feel obliged to do so. And they do it well.

The 6 of Heart also have a knack for big business, though remain motivated by their sense of duty. A quote by Conrad Hilton of the Hilton Hotel empire sums up the business acumen of the 6 of Heart perfectly. "There is a yoke of responsibility that attached itself firmly the minute someone had entrusted me with their capital." (Archbridge Institute: Conrad Hilton: The Dreamer Who Conquered an Industry)

Six of Heart are detail oriented perfectionists. Tenacious too! And did I mention excellent negotiators? Their biggest business opportunities manifest between age 39-51, if they are so inclined. Most Six of Heart people are not that ambitious, preferring to work only as much they need to support themselves and their family.

In love, trust does not come easy. The 6 of Heart believe a healthy partnership must include a healthy financial arrangement too. The men are often in a business partnership with women while the women 6 of Heart seem to attract the proverbial bad boys!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13

year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Unity (1) Lamat

South (Yellow) glyph: Surprise / Mystery

Day Sign: Rabbit

/ Star / Lamat (Yucatan) / Q'anil (Kiche)

Lamat is energetic, busy, nervous, quick and playful. Those born under it are moving constantly and are always busy with something. They are intelligent, but somewhat paranoid, and can at times be self-destructive.

They usually appreciate a good fight. Lamat is a sign of cleverness, games and competition, and it produces people with active minds who must always be doing something.

Intellectual challenges such as debating, arguing, and deal-making appeal to them. Many are drawn into the business world where competitiveness and cleverness are assets.

They also have a great need for physical activity and are sometimes known for their nervous bodily movements. Some exercise; others dance. But all Lamat's need to keep moving about

These are people who can do enormous amounts of work in very little time and not

seem to be tired for it. They have a great fondness for music and humour, but they can also be argumentative, working against their own best interests at times.

Many born on Lamat are performers or entertainers. They can be quite egocentric, but they are not as confident of their abilities as one would think.

Their capacity for subtlety of mind causes them to be interested in details, mysteries, intelligence-gathering work, psychology and the occult.

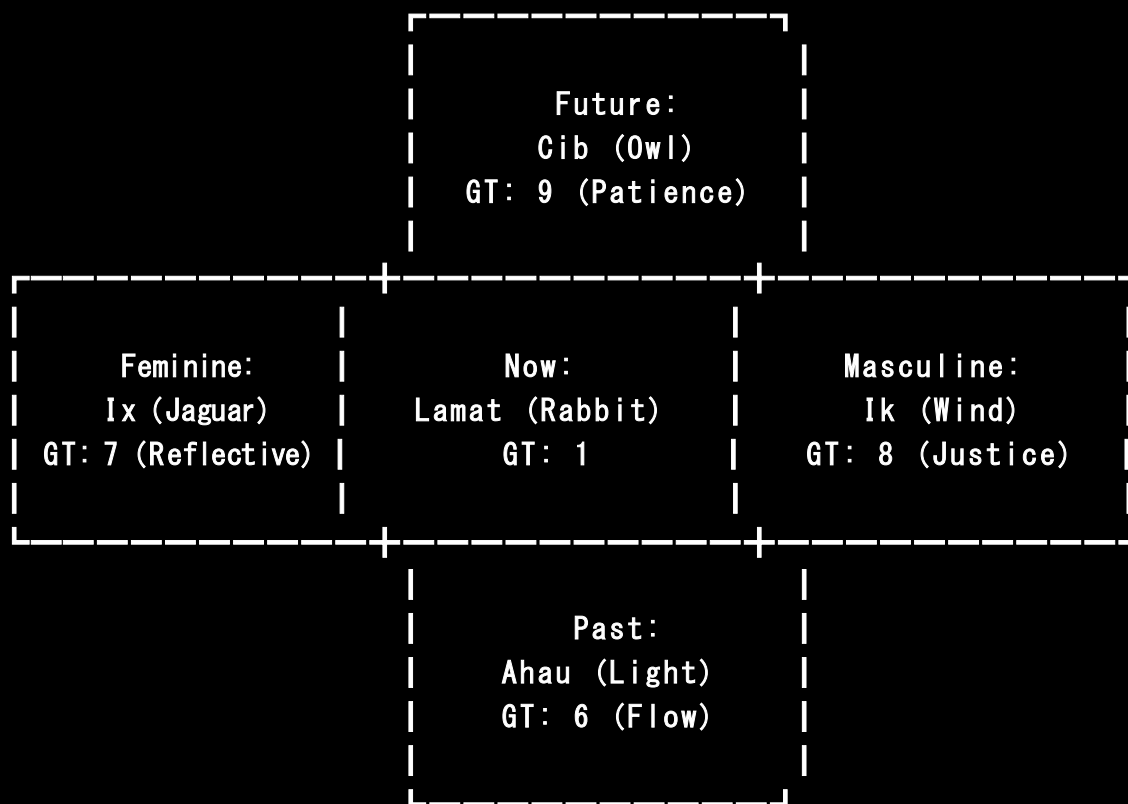

They tend to be suspicious of every new person they meet, though once they know you they can be very loyal friends.

Challenge:

To keep themselves under control so as to be able to finish things.

Solution:

To carefully select friends and lovers and to avoid extremes and excesses.

Four Directions

Those who were born on a Lamat day are likely to have a fortunate destiny, for Lamat is considered a very positive birth sign. Lamat people can easily become successful, and among the Quiche Maya Lamat natives are known for their gifts as farmers; they usually have "green thumbs".

To the Maya, Lamat is pre-eminently the sign of the harvest. This talent for creating abundance should not surprise us, since Lamat also signifies the "greening" or "ripening" of the earth.

For urban Westerners, that green thumb may translate into a talent for making money,

especially since Ix, a very potent "money" sign, is their left hand power. Ix is a slippery, magical, seductive sign, and the left hand power works through intuition and the subconscious.

This day-signs talent for making money and acquiring the "good things" of life is an inborn art rather than a carefully acquired skill.

Lamat natives are considered to have a fair quantity of "body lightning" since the day sign of the Ahau, symbolic of spiritual communication, is the past sign for all Lamat natives. Even for those Lamat natives who are not particularly psychic, the influence of the Ahau will still make itself known in terms of strong family ties. Their links with their family, culture, or heritage are strong, and, if the number associated with the day sign Ahau is too high, they may be overpowering. Fortunately, Lamat people have Ik as their right hand power, which allows them to overcome the past by drawing on a strong sense of individuality.

If Lamat is productive, it is also sensual. This runaway sensuality can lead Lamat people into drug and alcohol abuse.

All Lamat people, even those who have never experienced such difficulties in their own lives, must channel their energies into productive work. Boredom, frustration, or simply too little to do may easily lead them into overindulgence.

Their future sign, Cib, like Lamat itself, is very self-indulgent and fond of all pleasure.

This day sign increases their desire to acquire and enjoy beautiful things, and as the sign of their future, it virtually ensures that they will achieve what they desire.

Lamat natives must beware of "too much of a good thing", for laziness and excess can cause their abundance to slip down the drain.

One of the meanings of Cib is "pardon" or "forgiveness". Thanks to Lamat's essential good nature and jovial temperament, their lapses into self-indulgence will most often be forgiven, and pardon from the gods, the ancestral spirits, or the depths of their own souls lies at the end of their road.

Galactic Tone: 1

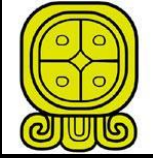

(mymayansign.com:)

Unity

- * Beginning of all things
- * The First
- * The Whole

Integrity is one of your key aspects. Tone 1 represents the stage of creation before duality.

You like to create because 1 is the tone of creation. You take action quickly and possess great power. You are confident and you like moving forward in life. You demonstrate successful performance when you come across an obstacle.

Trecena Sign: Rabbit

/ Star / Lamat (Yucatan) / Q'anil (Kiche)

Beneath the 1-Lamat surface personality is a competitor and fighter.

This aspect of character may not always be apparent to others until they get to know the 1-Lamat person well.

1-Lamats secretly love a confrontation and will take risks in life in order to create conflict. These people prefer a life of competitive challenges rather than one of routine, and they should try to meet those needs in non-destructive ways, such as through running a business.

Night Lord: 9

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. they are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help.

In part, its their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different.

Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.

This one would be Pluto conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Meaning of the Poplar Tree

Poplar is a very important tree in Celtic mythology. In our tree circle, poplar occurs four times, always after the Celtic holidays of Samhain, Imbolc, Beltin and Lughnasad.

Characteristics and Personality

Person who was born under the rule of Poplar learns fast and understands quickly. Just

like Poplars, people born during the time of their rule are direct and straightforward. They often have artistic talents and a sense for beauty. Most of these people are closely connected with nature and they feel better in rural areas than in towns and cities. It is no exaggeration to say that they understand nature much better than most other people.

They are popular because they are able to see things from different angles and they never really care about money. They are also skilful diplomats in interpersonal relationships. In critical situations, their unbelievable courage may unexpectedly appear and they will start defending their ideas with great vigour and confidence even though they know that they cannot win the argument.

These positive qualities are sometimes balanced by loneliness and a sense of abandonment, because due to their high moral expectations they do not usually have many true friends. This can sometimes lead to anger and bitterness. Even in their love life they are not always happy and their dream of having a big and closely-knitted family hardly ever becomes true. However they can usually hide their dissatisfaction or sadness very well and their closest friends may not even know about what troubles them.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

The Sagittarius Sun Gemini Moon individuals need change, to be stimulated, to travel

and to meet as many new people as possible. It can be challenging for them to be stable and focus on only one project or one cause.

Not to mention how difficult it can be to dedicate themselves to only one person. It can be said they are vulnerable when it comes for them to focus on a single responsibility.

However, their multitasking abilities and broadened interests will help them progress with more than two or three projects at once. They are strong and can't understand people who feel sorry for themselves.

Everything Sagittarius Geminis are doing is out of the ordinary and big. They like to take risks and they don't think of consequences when things seem they'll work out.

Wanting to go far, they're idealistic, confident and easygoing. Not to mention they see things as they really are, even if they're high spirited and positive all the time.

They seem to make money as easy as others get dressed. That's why they won't stress too much about the financial aspect. Whenever they will get together with different people and be involved in all sort of situations, they will be the ones who end up with their pockets full.

Slick, open to talk and eloquent, they would make great writers or spokespersons. These are two of the positions that will put their intelligence to good use. It will also help them gain some fame.

It would be better for them to pursue artistic occupations rather than the business ones. Either way, they are not at all good at jobs that would require them to be more physical.

It's possible they will take themselves too seriously. And they will be taken seriously by other individuals as well. Sometimes too proud, they can say nasty things to those who are competing with them for attention.

While attractive, they can't have stable relationships because they want variety. It doesn't matter how idealistic, they will always see reality as it actually is.

They would never cheat or lie, but they will use their pragmatism to justify some of their actions. Because they want to take advantage of every opportunity, they will always get to the top, even if the circumstances will be completely against them.

Their position is the one of the eternal student and the pioneer who can influence others

to be more practical. And while doing so, they will advance themselves.

Love characteristics

When it comes to love, Sagittarius Sun Gemini Moons can't be consistent because this is the way they are with everything. They need someone to put up with their moodiness, their frequent travels and fast mind.

If they will ever settle, it will be after many relationships. Adventurous when it comes to both their everyday and romantic life, they will have someone they have loved on every continent.

Sagittarius people are all about exploration, in love as well. They are always having new ideas of romantic surprises or are consumed by a wish to meet new people.

Their partner will have to be exciting. Archers can't be too deep or attentive to details because they have too many interests. Don't expect them their domestic side to reveal itself because this is impossible.

They would have a bright future with someone practical and who encourages them to be more giving. Gemini Moons need to talk all the time. They feel at their best when they discuss about their relationship. But things need to be kept theoretical and not emotional if they are to enjoy the conversation.

Not that they can't feel, it's just that they need to dwell on feelings. Their ideal partner should stimulate them intellectually. Also to understand they are not very intense. Agitated and talkative, these people will never accept moments of silence between them and their lover.

Sagittarius Sun and Gemini Moon man

Because his Moon is dual, this Sagittarius man will have a double personality. As a child and young adult, he probably lived his life happier than most other people. Not to mention he's the type of guy who knows who he is and what he wishes.

As a partner, he won't be stable because he always changes homes and goes out with the boys. He will never be jealous or possessive. He'd rather live in the moment than waste his time with nonsense like asking his girl where she has been.

He will go out alone if his partner won't be in the mood. He cares for his other half, but he simply doesn't want to give up having fun.

While not the most romantic man, he will at least be next to his woman, no matter how difficult the times. And he won't mind being challenged. He will actually like it.

But the man with the Sun in Sagittarius and the Moon in Gemini hates feeling tied down

or sticking to a schedule. He likes to chase, so a woman who will immediately fall into his arms won't make him that happy.

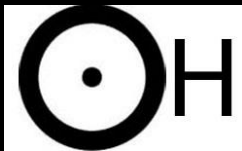

Attractive and fun, he won't have a problem flirting with more than one lady at a time. It won't be easy to tame him. He will probably be more settled after his thirties.

When he'll find the right woman, this Sagittarius man will forget all about his previous adventures and become this amazing husband whom his wife can trust.

He is driven by strong ethics and believes in being good to others. But he shouldn't indulge in comfort and contentment. Keeping active from both a mental and a physical point of view is the way to go for him.

Losing his interests and focusing only on his love life won't do any good. His lady needs to keep him entertained and curious.

Sun ☉ in VII 7th House

([865] i.thehoroscope.co)

This placement of the Sun makes people function better when they're in a relationship because they mirror the other and their existence seems more real and meaningful.

People born with the Sun in the seventh house in their birth chart want a public life and are strongly influenced by others' opinions on them, be it their partner or someone from work.

Their relationships can make them either happy or very sad because they have the tendency to only react to people than to do things on their own.

The position of the Sun in the 7th house means these people will always be involved in a relationship as this makes them function better and eager to give a hand to anyone, anytime. They want balance and peace, so they're very good at mediating and analyzing a situation from two different points of view.

Summary:

Strengths: Charming, sociable and open-minded;

Challenges: Cautious, cold and distracted;

Advice: They need to learn that their value is not set by what others think.

Real charmers

Individuals having their Sun in the 7th house are very proud of their negotiating skills and ability to bring the peace everywhere.

These natives feel empty without a partner and want everybody to like them because rejection terrifies them. It's important for these people to understand that harmony is not all the time possible and that others' opinion on them is not that important.

Their sociability is usually aimed at bringing peace, but they only identify themselves based on what others think of them. Their need for a partner reveals how much they crave affection and how sensitive they actually are when it comes to romance.

The fact that they base their own identity on what others think of them means they can't define whom they actually are until they interact with as many people as possible. All the natives having the Sun in the 7th house would do anything to please others and to build a positive self-image.

As an exaggeration, if someone would tell them to go and jump of a bridge, they would do it just to please that person.

They're charming and get married only to be with their other half for a lifetime. Some may not succeed to find the perfect partner from the first and even second try, but most of them will manage to be together forever with their loved one because luck is on their side when it comes to romance and also legal matters.

The seventh house rules over partnerships as well, so people having their Sun here are great when it comes to public matters.

Also the house of enemies, the same natives may have some problems when dealing one-on-one with their opponents.

Matters of their Descendant are all gathered in this house, so from a psychological point of view, this is the place where all the traits that get projected through others get revealed.

Everything relating to the public and sociability gets placed in the 7th house. The sign ruling here is Libra, which is strongly dependent on peace and harmony and has Venus, the planet of pleasure and love, as a governor.

It shouldn't be any surprise to discover individuals with the Sun in the 7th house pay a lot of attention to their relationships and that the way others see them is one of the most important things in their life.

They should be careful not to become dependent on their partner or too needy of having someone in their life all the time.

If they were to have a more independent lover, things may become conflicting between them and that person when a little bit of coldness would be involved.

The positives

Natives having their Sun in the 7th house function better when they're in a relationship. The other mirrors them, making their existence real and meaningful.

They like a give-and-take connection and to listen, life on their own being for them real Hell because they can't be themselves when not having a public.

For these natives, togetherness is everything as they always want to give their advice and to show off.

The natives having this aspect in their birth chart are very aware of themselves in relation with others, physically strong and determined to succeed.

The fact that they need a partner can be one of their weaknesses because it makes them almost impossible to function without someone in their life.

Until finding the right person for them, they'll continue to just live their life without having a purpose. It goes the same with business as they need to associate themselves with others before starting to make the real money.

Sun in 7th house individuals who are also in a fixed sign and don't have any other planets or afflictions here will not hesitate to wait for their perfect partner and to be with that person their entire life.

They can depend emotionally on their other half, and if the latter would happen to leave, they'd be completely destroyed.

When their sign is mutable or cardinal and other planets are present in their 7th house, they're less like this and may change partners very often because they'd be lustful to the point of having more lovers at a time.

They won't mind building their career up and also having a spouse because this would be part of their philosophy of life. However, many of them would advocate an open marriage and wish for their partner to let them be as free as possible.

Because they're always ready to give a hand, many people will love and admire them, which means they'll be in the center of attention in many groups, having admirers who see them as parental figures.

They can be great leaders, but don't expect them to ever want to do things the wrong way because they have a strong sense of justice and avoid taking the wrong direction by any means.

The placement of the Sun in the 7th house indicates that the natives of this placement may be dual and often contradicting themselves because the Sun is not at all at home here.

They couldn't express themselves unless involved with someone and can be confused when it comes to truly knowing who they are. This means they wouldn't know their own value and identity when separated from others. It's a challenge for them to develop a sense of self when not around people.

The negatives

Individuals with the Sun in the 7th house usually attract people capable of loyal and long-lasting friendships, because both the Sun and their Descendant work for their relationships to be strong.

While having an advantage when it comes to interpersonal connections, there are astrologers who think this position is unfortunate because its natives wouldn't be able to survive without interacting.

As said before, they have this tendency to identify themselves according to how others see them.

It's a challenge for them to see their own life differently from how their loved ones do. When having no one next to them, they feel useless and lost.

And this becomes very dangerous the more they start to see themselves as an appendage in the relationship, as the reflection of their other half.

Don't think they have to be with their spouse all the time and can't stay apart from their lover because they're quite the opposite and get their energy from the connection with the other and go ahead to pursue what they want, on their own.

But they still can grow to be dependent on their significant other, diminishing their entire sense of being themselves. It would be amazing if they could just rely on the support offered by their partner and continue with their life independently.

When facing confrontation and dealing with people who wouldn't compromise if you'd pay them millions, they start to lose their sense of purpose.

Their philosophy of life relies on having your own opinion and being able to accept what

others have to say. As soon as seeing individuals who can't make compromises, they withdraw and don't want to deal with those people ever again.

They're not eager to win or depressed when losing because their approach is all about negotiating, good intentions and everyone being a winner.

That's why they need to look for someone open and flexible, not a competitive person who couldn't stand losing. When their motives are being questioned, they become intimidated as these natives really hate explaining themselves.

While they try to understand others, they can discover the reasons for why they are doing some things the way they do. Good with words, these natives usually win debates and can convince anyone of anything.

Moon ☾ in I 1st House

([872] i.thehoroscope.co)

People with the Moon in the 1st House are emotional and delicate, no matter how great their life is, they never forget about others and lend a helping hand whenever needed.

When positioned in the 1st House, the Moon makes people highly sensitive, very emotional and delicate. The natives are more honest about their feelings and usually live their life by going with the flow. This means they may have some problems with their relationships, especially when reacting over-emotionally to different situations and specific kinds of people.

It's just impossible for them to be less sensitive, so they need a partner to help them trust and feel secure to open up about what they may be feeling. Only with a trustworthy person will they be comfortable and happy enough.

It's very easy to hurt Moon in 1st House natives, because they get immediately offended when someone seems to just say something in a harsher manner. Counting only on their emotions, these natives don't judge too rationally most of the time, so their decisions may not be the most efficient ones.

Summary:

Strengths: Affectionate, caring and straightforward;

Challenges: Moving away from bias and negativity;

Advice: Do something that brings spiritual satisfaction.

The need to get noticed

Always having feelings about something or someone, people with the Moon in the first House are often rushed and emotional. Very nurturing characters, they want to take care of everyone and react based on their gut feeling, especially if the Moon is very close to their Ascendant.

These natives need to always have their emotions stimulated and to express themselves freely if they are to be truly happy.

Because they're moody, many people may not stand to have them around. Their sensitivity often has them taking everything personally and reacting in a very defensive mode to any commentary someone has made.

It's important for them to be more patient and to learn that other people's emotions are equally important as their own.

It's easy to impress them, and when they find something surprising, they react like they have never seen something similar ever before. You can count on them to always say what they're feeling because they find it impossible to keep their emotions hidden.

As the Moon occupies its place in the 1st House of their birth chart, they have quite the need to get noticed for their talents and can predict future events with the help of their amazing intuition.

As soon as they manage to keep their moods and impatience in control, they'll start achieving great things by intuitive means. Their sensitivity is not the most helpful thing for them because it tends to be quite extreme, especially when they're young.

It's difficult for them to mask what they are feeling because, like with the Capricorns or Scorpions, their emotions are written on their face.

Individuals with Moon in 1st House have a tendency to speak about what's going on in their head out loud, no matter how inadequate it may seem for them to do that in a conversation. They wouldn't mind if no one listened, and they would practically talk to themselves without being bothered.

Not the most objective people, they're at least very sympathetic and can feel other people's pain or happiness, especially when dealing with someone very close to them. As a matter of fact, they pretty much identify themselves through empathy.

Because they're trying to stay away from pain and suffering as much as possible, many will think of them as cold or indifferent, when in fact they would only try their best to

protect themselves.

When it comes to the way they look, Moon in first House natives have pale skin, especially if their Ascendant is in a Water sign, dark hair and a round face. Their weight can fluctuate, so they need to watch their diet and exercising routines.

Changing their dressing style according to the fashion trends, these people are the ones who annoy others because they insist on copying their style.

When the Moon and Venus are connected, they can be simply obsessed with fashion. Very attached to their mother, they will copy her in many ways. Very affectionate with their other half, romantic and generous, individuals with Moon in 1st House love surprising their partner.

No matter how good their love life is, they still have moments of melancholy because they think of past events and how to avoid any negative emotions in the future.

Because they're impressionable, it's very easy to manipulate them. At least they have psychic abilities and can see if a situation is going to take the wrong turn or if people have bad intentions with them.

Giving, and caring, they live to make others feel good and love it when their loved ones want to spoil them.

Many will understand their feelings and moods because they simply can't hide them. Well-liked by people and enjoying their popularity, when their Moon is in Aries, Libra, Capricorn, Cancer, Virgo, Gemini, Sagittarius or Pisces, they are more shy and not that eager to receive attention from the public.

You can always count on them to be flexible and to not mind anything new coming into their life, but if their Moon is in Leo, Scorpio, Aquarius or Taurus, they tend to be more rigid and to not accept change.

Feeling like vulnerabilities are always on display

People with the Moon in the 1st House are very sensitive in their responses to different people and situations.

Their emotions and intuition are usually dominating their decisions, having them subjective and unconsciously projecting their moods that often change depending on others and the environment.

Most astrologers say that this specific position of the Moon means they're always easily impressed, reacting in a strong way to everything that's happening. But all in all, they're sympathetic, flexible and nice.

The Moon will surely lend them some of its features, so they'll always seem mysterious, enchanting and gentle. Very expressive, their temper and feelings are shown on their face, this being the main reason why they simply can't hide what's going on in their mind and heart.

Their changing moods and the way they make other people's problems their own are sure to keep them constantly busy. If they were restrained from being expressive and sensitive, they would become completely alienated and feel very empty because this reality would be something they can't accept or deal with.

The biggest challenge for them is being happy without having others depending on their care.

They will see everyone as a mirror of their own self and won't be able to distinguish reality from what's only in their mind anymore. And this can go on for years, just for in the end, a type of insanity to have them completely subjugated.

Moon in 1st House people may seem unrealistic to those who don't have a rich imagination. Many can also see them as eccentrics, but their closest friends will still like them for being good listeners.

Their memory is incredible, so expect them to know where you have been at a specific date, with whom and why you happened to be upset at that time.

They may feel like their vulnerabilities are always on display and that others are able to see how fragile they actually are. That's why they may act defensive and cling to those who at least give the impression they can protect them.

All astrologers say the Moon keeps memories and accentuates all the emotions. Women are even related to it from a biological point of view because they have cyclical happenings in their bodies.

For both genders, this celestial body is a great influencer over mood, psychology and behavior. Many people have strange experiences with the Moon's phases, some not even being aware why they are feeling strange sometimes.

The ones who are more Lunar will be perfect caretakers, the others will just take good care to be perceived in a good way by the public. The Moon has to do her thing and influence them the way it knows better, so sensitivity and moodiness are at home with people having this celestial body in First House.

However, manipulation is just a step away, and most people can't notice when it happens.

They can talk a lot, especially about what they like doing on weekends, what they find fun and entertaining.

Quite playful and childish to no end, they find comfort to be the ultimate goal, a hedonistic approach through and through. What pleases their senses is essential to survival, and not only.

Falling in love is a complete metamorphosis for these great talkers. Suddenly, their diversity gets toned down and focused on the object of their affection, their partner.

Going forward, their children are very likely going to inherit their imagination and creative impetus, that artistic inclination.

These Mercury in the 5th house natives are devilish tricksters who like to play with unfortunate people, to make fun and have one hell of a time at their expense.

Besides being very good friends to have when in need, as well as being extremely good at expressing their thoughts and sharing ideas, they have this playful demeanor about them that will either annoy the crap out of you or lift your mood.

Moreover, romantically, they won't be any happier than when they can use their expressive and creative side to impress their lover.

If the other person appreciates and likes this intellectual perspective on the world, they will cheerfully applaud.

As for how they spend their free time, it's usually with their hobbies and passions, relaxing and relishing the comfort of a good lifestyle.

Reading, playing mind-games with their neighbors, watching documentaries, are all preferred activities.

The negatives

They need to watch over their discussions and playful attitude because even though the jokes are appreciated, sometimes they might hurt people, being too personal or acidic.

Crossing the line is not a good thing, even though they are the ones being offended, they should still try to be diplomatic in order to maintain the façade of friendship.

Moreover, their tendency to exaggerate when telling stories carries over in their personal dealings. Lying is thus one of the many ways that they justify their motivations, actions, and so on.

The Mercury in the 5th house aspect points toward a high intellectual potential that can be used in a myriad of ways, each more interesting and innovative than the other.

However, this is left to the choice of these individuals. Whether they want to pursue

They love playing mental games, and will often go back on their words, all of it being a solid joke.

If they feel insecure and unsure of their own abilities, they will try to numb this feeling of inability by turning egocentric and self-centered.

This transformation dulls the feeling of helplessness and hopeless sadness that takes over them in the critical moments of self-doubt.

The need for validation and outward appreciation make themselves ever-present in their lives.

For example, they may stay fixated on a certain idea without ever finding the courage or inspiration to go further with it, to actually put it in practice.

Steady-minded, down-to-earth women who know how to make use of their feminine allure to fulfill his innermost desires.

Most importantly, that special someone must like comfort, routine, the feeling that no other place is better than home.

He doesn't want an adventurer, someone who craves for action and adrenaline, someone who takes him out to town every day and expects him to maintain the same energetic attitude all day long.

He hopes he can tame such women through sweet affection and warm physical contact, but he could also achieve the same result by showing that he's the man of the house, the protector, the one who brings security and stability to the relationship.

He just wants to build a stable financial situation, to live comfortably, and for that, he will put a lot of effort at work.

Not at all open to express what they're feeling or their affection, they're usually terrified that their partner doesn't have the same feelings as them.

Summary:

Strengths: Unconventional, friendly and appreciative;

Challenges: Rushed and careless;

Advice: Take the chances that scare you a little.

Serious about romance

Venus in twelfth House people will express all their artistic, social and romantic abilities through the way they socialize, and form balanced relationships with others. They like being part of something bigger than themselves and are great group members.

These natives are very serious about romance and start living only for their partner as soon as they have fallen in love and got together with that person.

They may have a problem setting up some boundaries between their needs and the ones of their partner's, so it's easy for them to get hurt in love.

Being so loyal, many will take advantage of them, this not being at all a good thing. They like the type who's unusual and has an interesting personality, regardless of where they have met that person.

Those who think they're weak and not compassionate are the ones who will take advantage of them most of the time. It's like there's never a safe ground with them being affectionate and loving others, because they may feel like they aren't getting any responses to their love.

Attracted to any secret, they will probably get involved with married women or those who aren't available. It's like love has to come with sacrifice for them, and always need to renounce something in order to be with the person they're in love with.

Appearing mysterious even if they don't want to, Venus in twelfth House natives keep their romanticism well hidden, so this is what may cause them to seem enigmatic.

They should take a closer look at what they want from love, because they have this tendency to get involved in relationships that aren't equal and have a certain level of secrecy.

They also should make sure they aren't secretive themselves and that they're feeling worthy to make their love life public. Since Venus is about passion and the 12th House rules over the feet, they may feel the most sensitive in this area.

When the planet of love, which is Venus, is in the 12th House, the natives of this placement can have a very complicated love life. This is the House of Pisces, represented by two Fish that pull in different directions and don't seem to get anywhere.

Enjoying the ride and appreciating the feelings they get from life would be the best idea for people having Venus in the 12th House.

They can sometimes leave themselves behind because they're not feeling worthy, so it's important for these natives to come to terms with this issue, no matter how serious their relationship is.

They're very worthy of anything, including love, so settling for less shouldn't be in any way one of their options, as they tend to just go with something that doesn't make them happy and start living in a fantasy world.

It's easy for them to think of partners they've lost, to fall for someone who doesn't love them back or is very far away.

Poets at heart, they may not necessarily be talented at writing, but they can still have the deep emotions of a poet because no one beats them at being romantic.

Their ideals regarding love are high and it's sometimes normal for them to feel reality is not even close to their dreams. It can be disappointing to see things as they actually are, but dreaming too much can't be in any way healthy.

Individuals having Venus in the 12th House can love anyone very compassionately, which means they're mature when it comes to this feeling, but also dangerous, because the ones who aren't so evolved can start chasing people who will never land into their arms.

The others will not mind giving all of their unconditional love and will notice that The Universe sends them back a positive response.

Running away from loneliness

The twelfth House is about secrets, things that can't be seen and locked feelings. Venus is like in exile here, so the natives having Venus in the 12th House will dream of taking their other half to a deserted island and just spend some romantic moments there, if only for an hour. It's very likely they will fall for the wrong person and get to live a forbidden relationship.

They should set some boundaries regarding how much they're giving in their love life because they tend to have the same feelings as their lover and to get easily hurt.

Caring a lot about the humanity, they think Divinity is in each and every person. Cruelty and suffering give them the ugliest feelings they can have and make them dream of an ideal world, after they have retreated and isolated themselves.

People having Venus in the 12th House want relationships but aren't very good at establishing their romantic needs.

It seems like their soul is always looking to get together with someone, in the most divine connection this world has ever seen. Only in the arms of their lover, do they get to feel like they're truly home.

They will spend some time alone and become as dark as a person could get, so they run away from loneliness, looking for relationships that can sometimes be disastrous and not at all advantageous for them.

They seem to disarm everyone with their impressive aura and great supportive character that also makes them great for a job in counseling or as therapists.

The twelfth House is also a ruler of isolation, so the natives with Venus here can make great friends for those who are locked up in either prisons or mental hospitals.

Because this is the House of loneliness, they want to have their privacy and can enjoy some hobbies no one has any idea about. This is due to the fact that they would simply want to keep things to themselves.

If Venus forms an aspect with other creative and artistic planets, they will be very talented at something and not say a word about it. People with Venus in the 12th House feel guilty when wanting possessions or yearning for the materialistic side of the world.

Feeling shameful when they have to show their things or eat too much, they won't have to be in any way down, because they have worked hard to obtain what they were dreaming of and to afford the most expensive foods.

If Pluto or the planet Jupiter are in aspect with Venus, they may be obsessed with

shopping, but still feel guilty after a day at the mall. However, shopping sessions can stimulate them sexually, especially if they're buying something expensive for their hidden lover.

Their biggest secret is that they love sweets and candies. It can be a problem for them to express themselves in a relationship and even to be individualistic around many people. By interacting with others, they simply make a connection with the Divinity and can see the faces of all Gods in people.

They may have healing powers, because Venus gives them an affectionate and powerful touch. Venus may feel isolated in the 12th House, making its natives think like observers and spreaders of love who deliver and then disappear surrounded by mystery.

([871] southfloridaastrologer.com:) The most authentic expression of sensuality and beauty is experienced when Venus is in Taurus or Libra. These two very polite and considerate signs are at home expressing their sensuality and beauty when Venus is in Libra or Taurus.

Mars ♂ in ♈ Capricorn man 10° 55'

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn't care about the problems of the world. He's doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he's not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

In a nutshell:

Positives: Competitive and reliable;

Negatives: Rigid and boastful;

Soulmate: Someone who has a healthy lifestyle;

Life lesson: Material success is not everything in life.

Living in harmony with the surrounding

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

A dominant lover

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works day and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone else feels dull and uninteresting already.

In conclusion

Personally, he is very organized and has a systematic mindset. All the details are

carefully taken into consideration, all the potential paths, and with a calm attitude that exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

Happiness seekers

Natives having Mars in the 8th House possess an ego that either consciously or unconsciously forces them to always transform themselves. They can be greatly influenced by others to become completely different people.

It's possible for them to argue over possessions or property, so they should carefully analyze what they really want and need in life, because they can fight over money even with their partner. A little bit of compromise and more communication regarding what they possess can help them have better relationships.

If they want to change, they should just let go of things that cease to be important to them.

Expressing their ego through sex, they're very intense when it comes to lovemaking, so many people see them just as very skilled lovers.

They may have great passion for research and discovering solutions to puzzles or mysteries, which means they'd make great private detectives or scientists. Coming across what's hidden is their favorite thing to do in life.

Their main problem is always money, so having a partner or spouse who can help them from a financial point of view would be their dream come true.

Their greatest asset is the way they decide on things in the spur of a moment and how they rely on their instincts, because these always seem to guide them in the right direction.

If they don't resist their impulsive tendencies to just buy when at shopping, they will definitely have big problems with paying back for their credit cards.

Very attracted to the occult and the spiritual world, they will explore all kind of mysteries and paranormal activities. It's easy for them to help others change or heal, because they can inspire people to find their strength within and overcome painful situations.

As a matter of fact, one of their main purpose in life is to find the power within themselves and to live at their full potential.

People with Mars in the 8th House have this planet position where the ruler of sharing resources is. This means they would be interested in seeing how things work and easily deal with new ideas.

The more hidden facts they'd have to discover in what they do for a living, the happier they would be at work. Only money can bring them down and interfere with their relationships because they tend to keep their earnings private and separate from their spouse.

Practical aspects

Being very intense about what they want and like, Mars in eighth House natives are also very possessive. Life may cause them to not have love or enough money just to teach them a lesson on not holding on so tightly.

They can immediately spot a liar and have a way of making up for the karma of their past lives by sharing a lot of what they have with those who really need it. It's possible for them to remember many sexual encounters from their teenage years, which will influence their love life as adults.

Mars positioned in their 8th House means they have a lot of traits from the Scorpio. They will probably experiment with true passion only after their thirties, but you can be sure everything will be magical as soon as they will.

Terrified of getting cheated on or being betrayed, they would never trust someone from the first encounter.

This placement of Mars is about the House of sex hosting a planet of action. This means the natives of it will not hesitate to make a move when sexually attracted.

When it comes to the bedroom, they have incredible energy, the only exception being Mars in Gemini in the 8th House, according to the famous expert in astrology Bob Marks. In this situation, the natives would be more passive as far as lovemaking goes. They would rather talk than feel the pleasure of sex and satisfy their lover.

Since the eighth House also rules over money, people having Mars in it are impulsive when spending and can end up broke after visiting the mall.

They will be in debt to their credit cards and banks or even spend their partner's salary on what they think would look interesting in their home. This means they'll have many quarrels over finances and even get very upset with their siblings over inheritance.

Very passionate and intense, these people have a strong emotional side and think of death more often than others. They are the type who will be bold and strong at an old age, when death will stare in their eyes.

However, they can also feel sometimes that fate is cruel with them. The 8th House being all about drama, tantrums and crises, they are very tormented by the thought that their loved ones want to betray them.

The same House rules over intimacy and what people carry with them in their consciousness regarding love. With Mars being in one of the Water Houses, this placement's natives' feelings are very intense and deeply rooted in their unconsciousness.

The courtship with Mars in 8th House people has a dark side and their marriages may have many problems like domestic violence, sexual abuse and obsessions.

It's like love with them is more about suffering and pain. It can be difficult for their partners to admit they're with someone who's rather destructive and at the same time terrified of getting abandoned or being lonely.

When Mars is in the 8th House, individuals with this placement may live a dangerous life and even risk their life very often.

Their main challenge in life is limiting themselves and becoming less vengeful, manipulative or eager to obtain power. The more they ignore their Mars, the more they'll manage to be less angry.

Sex is very important to them, but Mars in the eighth House gives it a dark side. Powerful, passionate and competitive people turn them on, and they usually rely only on their instincts when having to make a decision.

The downsides

Mars in 8th House individuals get rapidly attached to others, so they need to learn how to let go and to allow their lover to be more independent. Their possessiveness can be very bothering and their intensity a real problem, because many will be overwhelmed by them.

The passion in their heart can sometimes make them less practical and incapable of seeing the big picture.

They usually only focus on details and pay too much attention to what's happening to others, not wanting for their loved ones to even smile when not in their presence.

If Mars is in an adverse aspect, they can be so jealous they're always imagining their

partner is cheating on them.

Mars in the 8th House in a nutshell

Looking at all the predictions about people having Mars in the 8th House, you can see how these natives have to trust their partner more and to allow him or her to have more space as an independent lover is still a devoted one.

It's a good thing for a person to have many interests, because he or she can learn more about the world. If Mars in 8th House natives directed their passion towards something constructive, they would be much happier.

They usually want revenge when a person crosses them, being capable to hold grudges for a lifetime. If someone just says something wrong, they see it as a huge betrayal and no one can ever change their mind. It's difficult for them to trust others, but they surely do it more intensely than others.

[699] [920] ([699] mollysastrology.com:) These people are capable of taking advantage of opportunities that others ignore or pass by. They prefer to "take another crack" at things others have tried and failed. Their moral and ethical code, religion, and philosophy are their own. Jupiter ♃ - Detriment in Virgo (& Gemini)

([871] southfloridaastrologer.com:) A restricted expression of Jupiter's boundless, universal thinking is found when Jupiter is in Gemini or Virgo. Gemini and Virgo's need to analyse and communicate details and facts is opposite Jupiter's boundless, universal

thinking.

Saturn ♄ in ♊ Gemini man 1° 23'

([1019] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born at a time when Saturn transited Gemini are individuals of rare intellectual complexity. They are very thorough in their thinking, analytic, observant, calculated, and they have a very systematic mindset.

Any problem you give them, it's going to be separated into tiny little parts, deconstructed to its smallest components, and carefully analyzed. Moreover, they can be very curious, and enjoy learning as much as the Sagittarians enjoy roaming the world.

However, these natives are also prone to bouts of sudden sadness and even depression because overthinking comes in, along with pointless worrying, and an exaggeration of the uncertainty in their lives. Saturn's position in Gemini is reflected in the other direction as well, making them realize the potential they have, thus it brings them to the realization that life can be pleasing and fulfilling, too.

In a nutshell:

Style: Practical and adaptable;
Top qualities: Serious, disciplined and caring;
Challenges: Superficial and pessimistic;
Advice: You need to be a lot more patient.

Personality traits

What appeals to other people doesn't necessarily feel very pleasing to the Saturnian Geminis. They would prefer to stay at home and enjoy a marathon of their favorite tv series, to going out in town or traveling around the world.

Work, work, and work yet again, one where they are deeply focused on making calculus, analyzing data, systematically arranging it, reaching logical conclusions, and then testing the data again.

What is unexpected and unpredictable doesn't cater to their tastes and would rather prefer the safety of their own minds, what they can feel and sense.

Communication is a problem though, that they can't fully express their thoughts in straining contexts, such as a speech in front of people, or the feelings toward a loved one.

Paradoxically, the Saturnian Geminis are very imaginative in general, with newer and crazier ideas populating their mind. The thing is, they are afraid to put them to good use.

There are plenty of risks involved, granted, but the potential rewards are also quite appealing. Self-confidence and a realistic self-awareness are all that they need in order to fulfill the great potential hidden within.

A crucial point in their future development as a human being is that they must learn how to better communicate their thoughts. Most of the time, a bad choice of words leads to misunderstandings, arguments, parallel lines of debate that have nothing to do with the original problem.

These natives feel like the world is a place filled with unknown factors, which are difficult to predict and even more difficult to control. They must face it somehow, and the only way they could do that is to detach themselves from all societal expectations.

They won't revolt against the status quo, but they drop all pretenses of a harmonious blending. They do their thing without any worries about other extraneous issues, but they sometimes feel the human urge to communicate and care for others, sizzling deep within.

A logical lover

The Saturnian Geminis can have plenty of problems in a relationship because they lack any sort of emotional flair, of innate sentimental instinct, which translates, on the one hand, in a difficulty in expressing their emotions, and in an emphasis put on rigid logic and rational thinking, on the other hand.

They do have feelings, plenty of pretty intense ones in fact, but they just can't find the right way to state them out loud.

This can lead to various arguments and misunderstandings between you and your partner, especially if she's of a more sensitive making.

The partner will probably become annoyed with how much you're trying to rationalize every little thing, and that you keep on asking for a logical explanation.

There are plenty of times when you could use a more sensible approach. However, this doesn't mean that being rational and having a scientific mindset is a bad thing. On the contrary, it's a very effective factor in building a stable relationship.

The good and the bad

Those born in Saturn in Gemini are at the top of their game when they're working in an organized environment, a place where all other surplus problems are thrown aside, and where they can focus on a singular goal.

They need this time alone when a problem becomes too dire. However, they lack confidence and self-esteem, and this can be seen in the fact that they aren't determined enough to deal with their problems once and for all.

Moreover, they also tend to quickly lose their grasp on reality, start overthinking, and end up filled with uncertainties, depression, and the belief that nothing's going to go as it should.

The perfect solution to this presents itself naturally, thanks to this native's highly curious and adaptable personality. They have to keep on straining their potential, sucking it all dry, always going the extra mile and putting themselves in difficult situations.

That way, with all the complex factors piling up, they will have to learn to trust themselves more.

You are born to use your abilities in tandem with the desire to share all your knowledge with everyone else, to contribute to the creation of a better future for all people.

You use your curiosity and thirst for knowledge to the betterment of society, or of those close to you, if the perspective is a little more realistic.

Being a Saturnian Gemini, your creativity knows no bounds, and it's one of the things that make you a truly astounding individual.

One of the most dangerous enemies that stand in your way is the tendency to underestimate your own ability, which leads to a perpetual state of self-doubt.

This hinders your advance tremendously because you're often confronted with situations that you don't know how to approach, or aren't sure of what the proper course of action should be.

The Saturn in Gemini man

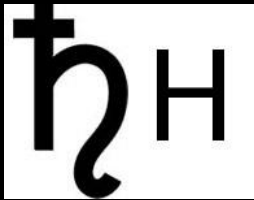

The Saturn Gemini men are equally pinned down by all the anxieties and skewered estimations about themselves.

Insecurities, fears, uncomfortable situations leading to a sense of self-pity and self-loathing, all of these are the next logical step after the chaotic onset at the beginning.

They can quickly mend these bleeding wounds, however, by finding the time to really think about this. To contemplate such issues and existential threats is the best choice they'll ever make and trying to communicate these lurking contradictions will also help.

In a relationship, they're very honest, straightforward, and very trusting toward those they deem worthy.

Saturn ♄ in I 1st House

([1029] i.thehoroscope.co)

This placement of Saturn encourages people to keep their promises no matter what and tend to form close friendships straightaway.

People born with Saturn in the first house are grave and composed, so many times, others see them as cold and detached. They take their responsibilities very seriously and know how to work hard because a job well done makes them happy.

When it comes to discipline and self-control, these natives are simply the best, convincing their close ones to usually count on them. They may have been feeling insecure and inferior in the past or as growing up, these being the reasons why they're so ambitious and want to get things done the right way.

Summary:

Strengths: Generous, responsible and contemplative;

Challenges: Shy, easily stressed and conceited;

Advice: They need to take every obstacle as an opportunity to learn.

Keeping their promises, always

The 1st house is a representative of energies people usually project when interacting with others. It plays an important role in defining personality and is heavily influenced by Saturn, making natives with this planet here distant.

Their friends and family will rarely see them smile, but when doing it, they'll surely put a

lot of heart and soul into it. Saturn's influence gives them clear judgment and a responsible conduct.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

It's not beneficial for them to be so neurotic if getting one of their colleagues' jobs just considering they've been more productive, but this is the way they are and no one can change them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn influences people to be disciplined and responsible. When in the 1st house, it makes them more serving, able to achieve their dreams and to express their wishes because this house is all about the self and how individuals project their personality on others.

This planet makes sure to bring the themes it features into people's life as much as possible, inspiring seriousness, a stern facial expression, its specific sarcasm and a high level of maturity.

Don't think natives having Saturn in the 1st house never smile, because they do and their face seems to simply illuminate when a good joke is being told.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

Insisting to never take action without having a good plan, it's possible for them to miss on great opportunities that would require a bit more spontaneity.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

Knowing when to take risks and how to make the best out of their strengths can be a problem when facing all kind of obstacles all the time, but not impossible to get done.

It doesn't matter if men or women, individuals having Saturn in 1st house will be led by this planet to have self-control and a goal-oriented approach.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

The goods and the bads

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

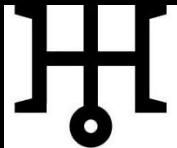

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because they're all the time doubting themselves.

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

Uranus ♅ in ♏ Pisces man 15° 56'

([1052] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Pisces are beings of extreme imaginative prowess, always thinking up of new ideas to fulfill their idealistic plans. They are dreamers, visionaries, people who work with the forces of spirituality backing them up.

They couldn't have been more intuitive and more efficient than this. Sensitive and sensible at the same time, they prefer to take care of themselves, so that they don't get hurt or disappointed, because we all know how vulnerable the Pisces sign can be.

Once something bad happens that ruins the mood of the Uranus Pisces, it's very hard to

regain their normal attitude.

In a nutshell:

Style: Spiritual and trustworthy;

Top qualities: Compassionate, optimistic and kind;

Challenges: Oversensitive and sometimes lazy;

Advice: Be conscious about the effect you have on others.

Personality traits

The Uranus Pisceans are very spiritual in their natural habitat, and will often be found praying to the divinities, or trying to unlock the mysteries of the other worlds.

They are very much linked to the other side and use its boons to build up their lives in the present. Of course, it's not traditional religious beliefs that we're talking about. Uranus doesn't allow any sort of social conformism to take place in its midst, and this also holds true for when Uranus is in Pisces.

They will be interested in the occult, in the magic of all forms, in the natural energies of the world, and they will try to use these techniques to develop the world.

This native uses their great intuition and instincts to further hone their mentality, reaching for their full potential rather quickly. By giving up on the past, they are able to let go of the bad habits, those that only hold them down in a stagnant state and take on the modernist traits of the ever-evolving technological world.

Empathy runs deep in their blood, but this can also be a problem, because they feel the urge to receive validation from other people, to see that their efforts are being appreciated. Once that doesn't happen, depression sets in.

The long time that Uranus stays in each of the signs mark the epitome of its influence on them, bringing with it a streak of humanitarian and altruistic tendencies that the generous Pisces uses in a most brilliant way.

It's actually one of the most splendid astrological combinations, the one between Uranus and the Pisces sign. The people with this transit in their natal chart are very idealistic, visionary, and never let extraneous distractions get in the way of their goals.

With kindness and generosity as their welcoming card, these natives will always be well received by most people.

With a lot of imagination and innovative drive, the Uranus Pisces native does not let themselves get bogged down in this swamp that society locks them in.

They won't let themselves be fooled by naïve ideals, even though they like believing in

them. They can be quite realistic and logical when the situation calls for it.

Perhaps you already know that the beautiful Pisces zodiac signs are very involved in everything that is related to spiritualism, so the planet Uranus comes and changes all these old formulas into new beliefs or new spiritual ideas or it breaks them down making everyone question their live beliefs.

When Uranus resides in the last sign of the zodiac, people with this transit inherit a few characteristics from their predecessors and use them to have a better understanding of the world and to the unusual stuff which happens in it.

The good and the bad

What the Uranus Pisces native does best is offer their help to others. They make for a true kindred soul, an empathetic humanitarian individual for whom the well-being of their close ones is essential.

They would even compromise their own happiness and health to do good to others. Personal or financial support, they are willing to sacrifice a lot for this. They are also in danger of being manipulated by those without any sort of principles who want to use them.

Besides getting really bored and irritated from a period of extended inactivity, the Uranus Pisces native is prone to dreaming of all sorts of impossible ideals, which most of the time remain unfulfilled, resulting in disappointment.

Moreover, they tend to abandon the boat if the situation turns dire. This lack of grit and determination won't exactly be the best advantage when it comes to building up their material situation, or when facing off against overwhelming challenges.

Tension will start building up, ending in states of sadness, the belief that nothing works as it should, and the loss of confidence.

The Uranus in Pisces man

The Uranus Pisces man is very interested in the magical aspect of our world, of what happens beyond the natural veil.

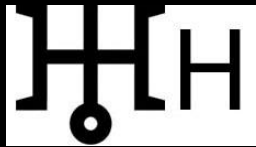

His intuition works at another wavelength than that of the common people, and for this reason, he is in a much deeper connection to the spirit world.

He can sense the occult and supernatural forces moving about, and this acts as a form of guidance for him, an anchor to support his meanderings through life's challenges.

Couple that with their splendid imagination and innovative spirit, and you get someone who's afraid of failure even when he's not doing anything out of the ordinary.

He's a negativist, that much is true, but he should let his intuition and connection to the spirit world heal this part of his, instead of allowing everything to work against him.

Uranus ♅ in X 10th House

([1062] i.thehoroscope.co)

This placement of Uranus may encourage some tense situations and for people to not always react appropriately when dealing with others' authority.

People born with Uranus in the tenth house in their birth chart prefer to do things their own way and are really not the type to become tied down to people or places.

They need a profession that gives them freedom and also allows them to express themselves in a creative way. They really don't care about their place in society, so you won't see them fighting for a good position at work.

Because the 10th house rules also over career, the planets placed here show what the natives would like to do for a living. With Uranus here, these people may be interested in technology and science because these domains give them the opportunity to come up with good ideas and to work in teams.

Summary:

Strengths: Confident, unconventional and kind;

Challenges: Opportunistic and obstinate;

Advice: They should understand that professional recognition is not everything in life.

Looking to express themselves freely

People having Uranus in 10th house may have a problem with authority, so also tensioned relationships with their bosses.

They're not the type to follow what others tell them to do, therefore, they should avoid being impulsive when making a decision based solely on what their free spirit is telling them.

It's possible for them to discover they have many talents later in their life, so a change of career is normal in their professional ascendancy, around their 40s.

They will realize, at some point, that what they decide in their personal life influences their professional one in a great manner.

Opportunity for them to become famous for their unconventional approaches is also very likely to appear.

Uranus in 10th house people will always look to express themselves freely and to bring their original ideas into discussion.

That's why they will join different organizations that will probably be related to technology, science, the occult and even New Age practices.

They will have many things happening for them at work because they will probably move homes all the time and get advanced when they least expect it.

Everything they do in life is usually centered around personal freedom and overcoming limits. That's why they're the most independent, chaotic and strange people in the zodiac.

They may have problems when dealing with the government and even their bosses because their life is always changing and unusual things seem to happen to them. Anything traditional will be completely eliminated from their life.

With this position, natives have a tendency to recognize the soul is above the individual when it comes to spirituality and life in general, so they won't seek professional recognition and to have a good position in the society.

Many of them will decide to not get hired and become freelancers or get a job where they won't have to deal so much with figures of authority.

It's possible they'll be considered the pioneers in what they might be doing and even get rejected by those who are conventional.

There is also the possibility that one of their parents, usually the one who brought more money in the house, has had many Uranus influences in his or her chart.

They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a mother or father who raised them differently. They most likely observed one of their parents being different than others and copied all this in order to become the same as adults.

This planet is also about the unexpected, so when placed in the 10th house, it can suddenly bring publicity to the natives of this placement because they have either done something or said what others didn't have the courage to.

They will appear in the news even if they don't want to. Their personal and professional lives can seem very interesting to others and many won't believe what they can do.

In the situation in which Uranus is in bad aspects, all this publicity can bring many problems to the natives. They may feel that everyone is making fun of them and that what they got to be known for is in fact a scandal.

Being in the center of attention is not in their interest in any way, so they will want to escape such a situation as fast as possible. However, they don't care about what others think of them, so everything will pass very fast.

Uranus is known for being unusual and for bringing sudden changes. When in the 10th house, it changes careers but also influences natives to have success as they seem to come up with innovative ideas when others wouldn't even know what to do anymore with a project.

It looks like their mind is constantly thinking of something that's unusual and out of the box. Because they hate dealing with authority, they won't be the boss' pet, so their advancement at work will come later or probably never.

This is one of the reasons why many of them have their own businesses that make clients happy through originality and shocking suggestions or offers.

Because Uranus in 10th house people are good with technology and know how to create a plan, their success can easily have something to do with the Internet world.

Blessings

Since the 10th house is about social status, Uranus here opposes all this and encourages natives of this placement to not care about it.

They will be more interested in creativity and stimulating their own imagination or the one of others. These people love working with technologies and bringing up their own ideas to life in order to make things work faster and better.

For them, it's all about challenges, not about being promoted. Therefore, they're not

competitive and their colleagues love them for this.

When Uranus in the 10th house is feeling comfortable, they will know their purpose in life, which will be making the world a better place.

Many designers, painters and even activists have Uranus in 10th house feeling comfortable. These people really have the touch of genius and can implement concepts that are both practical and original. As said before, one of their parents influences them to be this way and they have seen at home how to express themselves and to be innovative.

Uranus in 10th house individuals want their ideas and results to bring meaning in other people's lives, so they won't mind working towards improving things for the humanity.

But they'll want a life of their own, so they'll build a family even if they may not be the most conventional parents. Obviously, they will inspire their children to be original themselves and to stand out from the crowd.

Many will question the way they're raising their little ones, but they will always come up with a good explanation for why they may be doing things strangely.

Challenges

Uranus in 10th house people are hard-working, no matter if it's about their job or personal life. After spending too much time at the workplace, they will get bored and eventually decide to leave.

It's difficult for them to deal with authority figures, so they'll constantly fight with their bosses and after come up with a great idea or solution for the project they're working on.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or an astrologer will help them find their destiny in this life cycle.

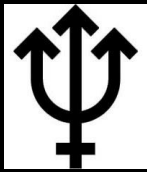

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

Uranus ☿ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♍ Virgo man 0° 49'

([1070] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Virgo in their natal chart are all about idealistic thinking. They have their own ideas about life which they'll support regardless of the opposing arguments, and they'll have a doubtful look whenever someone contradicts them.

When it comes to healthy eating, professional life, efficiency, and productivity at work, these natives are usually the ones who have a lot to say and are very certain that they hold the truth.

Even when the overall perspective doesn't seem to carry any value, they manage to take out a small detail out of the context and capitalize on that. This is a direct result of

Neptune's influence, the emphasis on details.

In a nutshell:

Style: Dedicated and demonstrative;

Top qualities: Serviable, efficient and healing;

Challenges: Highly critical, impatient and fussy;

Advice: You need to put effort to convince your partner of your vision.

Personality traits

The Neptunian Virgos are those who try to bring a sense of warning back into the collective mindset of the people, about living healthy, eating natural food, working intelligently, and not simply putting in the effort without the slightest knowledge about efficiency.

Humanitarian and philanthropic, they might want to participate in voluntary activities, contribute towards helping poor people, help abandoned children, and many other such activities.

A feeling of deep satisfaction and personal fulfillment is to be found in bringing out one's empathetic tendencies, in showing one's inner generosity and kindness toward fellow humans.

Besides this enlightening interest in the possible avenues of salvation for the entire human race as a whole, on a more personal level, they crave for the peace, quiet and sense of belonging that their home offers.

Bonding with their lover on an intimate level, creating a safe and secure environment to call home was always one of their biggest dreams.

They fantasize about simple pleasures, warm embraces with the partner in front of the chimney, a good morning kiss on the forehead, the jolly image of their kids playing in the front yard.

Also, they promote the idea that physical health is directly proportional to one's emotional fulfillment.

In their attempts to eliminate all negative feelings and detrimental attitudes, they try to use reason and logic, as well as emotional depth and feelings.

Over time, these two mindsets can begin opposing each other, creating inner conflicts that indirectly lead to a state of annoyance, irritability, and they'll sometimes not know how to react to certain events.

It's that blank stare, poker face, a form of social inability to empathize with a given

situation, the ineptitude to cope with it.

Seeing that it could lead to worse things, the Neptunian Virgos try to fix things up by appealing to their own sense of satisfaction and inner fulfillment.

By helping others and supporting people in need, they receive a sense of appreciation, of self-validation, of social acceptance and this greatly helps.

These natives are very responsible, thoughtful, and intelligent. They think about things greater than themselves, about the good of the many, about man's action on the environment, and how it will lead to our downfall eventually.

They instinctually know that great changes are in store and try to be the prophets of the new age. With self-made rules and firm principles, the Neptunian Virgo advances slowly but steadily toward a brilliant future.

Even though their intuition pulses constantly, informing them about possible events beforehand, they try to ignore it, instead of putting their whole attention on the power of reason, logic, objective research.

They prefer having a good reason to believe something, rather than feeling where the truth lies. However, the same doesn't apply in a relationship, where they must use their emotions more.

With a person expecting you to show affection, compassion, and empathy, you can't show the same cold and calculated rationality that is perfect for solving problems.

If you try to subdue your emotions and replace them with logical observations, the close bond between you and your partner will quickly fade away, just like the feelings.

You have to realize that a combination of reason and emotions will be a much better solution, and it will avoid all pesky problems.

The positives

The Neptunian Virgos are best when put to work, when they have to take care of something, to organize an event or plan out an escapade.

If you want to have a party at home, there's no one else to ask for help. You just have to bring up the idea, and you'll see their eyes lighting up, an expression of pure joy and ecstasy plastered on their faces.

Just give them something to work with, and you don't have to worry about anything anymore. It'll be done with near-perfect accuracy, and according to the plans.

Moreover, they should learn to abandon their high-end expectations, and instead live the moment. Without any extraneous thought in mind, and without worrying about the future, just let life come naturally and bring about some surprises.

Controlling everything is an empowering feeling, that much is true, but it quickly turns into an obsession, and the lack of it brings a crisis of conscience, fear, uncertainty, and many other negative feelings. It's a good thing that they have firm ideas about their future and know exactly how to get there.

The negatives

Perfectionism is a Neptunian Virgo's worst flaw. They have high expectations of themselves and want to achieve only the best results, with the best methods, in the least amount of time.

If something goes wrong, self-pity and self-loathing come in, accompanied by a sense of inner disappointment, and the obligatory attempt to find a scapegoat.

If it's not their own person, then they'll blame someone else who helped them, even if it's unwarranted.

With an idealized vision of life in their heads, they forget the fact that the real world is not made up of perfect elements to build such a utopian place.

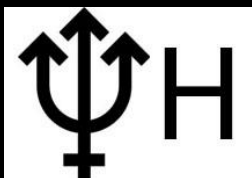

The Neptune in Virgo man

These natives are very hard-working, responsible, ambitious, perseverant and endowed with great efficiency when it comes to professional expertise.

Results are what matters most to the man with Neptune in Virgo, and in order to achieve the best results, they are willing to work overtime, putting in the extra effort, and strive to complete the project with spare time.

In relationships, they'll be quite affected by Neptune's influence, especially when it goes into retrograde. They will feel the need for validation, for appreciation, and they will want to talk to you constantly, to see that they're doing the right things.

Neptune ♃ in IV 4th House

([1080] i.thehoroscope.co)

Advice: They should try and understand themselves more.

An introspective personality

Natives with Neptune in the 4th house have probably had a complex childhood because and were sensitive, worry, absent-minded or even confused by one of their parents.

It's possible the home in which they were raised was somehow chaotic, so they don't actually know who they are or how to stay grounded in reality.

Therefore, when adults, they may look to have a secure home and a partner that's very nurturing with them. This means they're family-oriented and want their friends to take good care of them.

Nurturing themselves, these natives give everything they have in their heart to the ones they love and expect to be appreciated or given a lot of affection.

If disrespected and taken advantage of, they should set some boundaries between them and the ones whom they consider to be rude.

It's normal for them to want moments of loneliness because solitude is their only way to renew their energy.

When life becomes overwhelming, they simply isolate themselves and no longer want to talk to anyone.

It may be a challenge for these people to see their family and childhood realistically because they seem to live in a dream world in which everyone around them is perfect and no one ever makes a mistake.

Alternating between idealizing people and thinking they actually are more difficult than

seeming makes them jump from one extreme to another when it comes to their relationships. It's essential for them to try and see family issues as clear as possible.

When in the 4th house, Neptune deals with personal space and it's all about what natives feel inside, referring to the past and their close family.

This means its misty nature embraces the home and connections with family, not offering a solid foundation for the feelings people with this placement have for their loved ones.

In their youth, they probably were very confused and couldn't see one of their parents very clearly. It's more than often that they have strange emotions and dark feelings about their father because it's like their entire childhood can't be understood.

Probably many things relating to security and nurturing feelings have happened to them, so their need to be protected is very strong.

When this planet is in negative aspects, it means these people might always be unhappy at home as their family can't live up to their ideals.

All of their life, Neptune in 4th house individuals will look for a safe home or perhaps the one they dreamed of as children. Inner peace, harmony and security are essential to them.

The presence of Neptune here also indicates frailty, and while the toughest ones may not have so many vulnerabilities, they'd still be weak inside.

Neptune gives natives a desire to explore realms beyond reality and indicates where they want to feel emotionally connected, depending on the house in which it's placed in the birth chart.

This is a mysterious planet that uses its shades on different houses, and when in the 4th, it influences origins, childhood memories, making the connection of natives with their roots blurry.

It's not easy for people having that Neptune in 4th house to grow up with this planet placed here. When older, if they had problems in their childhood, they'll try to hide any memory relating to the places where they grew up, in their subconscious.

It will be like their first years of life are a movie, and they'll only remember periods of time that made them happy.

Neptune in the 4th house can be very difficult for a child because it makes one of the parents absent, whether physically or just metaphorically.

People with this placement probably haven't talked with many of their relatives until they became adults. However, when this celestial body is in positive aspects, they may have dreamy parents who are never authoritative and who get along with everyone.

In this situation, they'd feel like no one actually raised them and that they had to teach themselves things about life.

They may believe the passivity of the people who raise them is actually proof of the fact that these individuals aren't in any way powerful.

It can be their life goal to live by the ocean or near any other water of that matter as where their home is placed is very important to them, especially when older.

As a matter of fact, Neptune in 4th house individuals are very compassionate when it comes to their parents and attached to their home until death.

They'll always connect with those who have the same problems as them, especially when it comes to mother and father issues.

These natives should pay attention as far as property matters go because they risk to be the victims of fraud. This can happen more in the situation in which Neptune would be in bad aspects with Mercury.

It's possible for them to change homes very often, while some will leave in hidden houses. Of course, all these things are different, depending on the aspects of Neptune and other planets.

This is the planet of Pisces, a sign that makes people moody and influences them to dream. Natives with Neptune in 4th house can only see and hear what they want in matters of family and home, regardless of how old or experienced they might be.

In the 4th House, this planet rules also over the sea, so it makes natives with this placement obsessed with destinations that are close to any water. Their father is probably the unemotional type, the parent who hasn't been there for them when they needed him the most.

Ruling also over drugs and other types of substances, Neptune can influence people to abuse drugs, particularly if it's in negative aspects here.

It's essential for these people to pay attention to what they're consuming because they can grow dependent on alcohol and other substances much easier than others.

The goods and the bads

Neptune in 4th house people are great hosts or hostesses. That's why they want to own a comfortable and cozy home everyone can visit and enjoy for hang outs.

For them, the most important things on Earth are related to the home and family traditions. It's possible for them to have a wrong impression about their past and to see things as they didn't actually happened.

They should, once in a while, just slow down and to let others take care of them. Being spoiled and forgetting about all of their problems will only have them relaxing and no longer worrying about what's going on with their loved ones.

If they wouldn't drink so much, they could more easily attain their goals. They shouldn't rely on false memories and aim their love depending on what may not have happened and it's only in their head.

The more they're themselves, the more others love them because they can see how thoughtful and supportive they are.

Neptune in 4th house people are nurturing and usually forget about their own needs, when having to make others happy.

All this comes from the fact that they probably didn't have the family they wanted as children, so as adults, they're trying make things happen as they were longing.

When feeling confused, they should think what the ideal parent in their mind would say and act upon it. Life can be sometimes difficult, but they surely have inside themselves the resources to deal with it.

Pluto ♇ in ♐ *Sagittarius man* 1° 46'

([1097] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

People born during a time when Pluto transited Sagittarius are significantly more spiritually attuned to the world than the rest of us, being able to tap into a form of ancestral power hidden deep within themselves.

This is connected to religion and any other form of spirituality, giving them the potential to bring about a true spiritual rebirth, or pave a new direction for the whole world to take.

In a nutshell:

Style: Principled and exploring;

Top qualities: Trustworthy, resourceful and spiritual;

Challenges: Superficiality and lack of tact;

Advice: You need to keep close to family ties.

Personality traits

This native has a free-flowing personality, always searching for the next adventure to partake in, for the next thrilling escapade to create memories about.

The Plutonian Sagittarius envisions a great future for oneself, a future marked by a change of perspective, by a lot of traveling to exotic places and other foreign territories.

Freedom and open-mindedness are this native's greatest perks, and they make full use of them with the help of Pluto.

The dynamic planet enhances this native's communication skills even further through the series of adventures and people that they meet along the way.

Pluto is associated with a state of inner illumination through knowledge, the elevation of one's spirit and status by acquiring and assimilating bits and pieces from all around the world.

Plutonian Sagittarius natives are literally obsessed with having new experiences from which they can extract even the tiniest bit of information.

Self-development was never this fun and exciting, and as long as nothing gets in their way or bars their path, the Plutonian Sagittarians will keep on going forever. With every

piece of knowledge acquired, they expand their minds even further, learning to accept much more of the world.

On the one hand, the spirited and spontaneous personality of this native is a good thing, ensuring that one doesn't stay for too long in one place and that one doesn't try to take control or dominate a situation.

Once this native notices that there's nothing else to learn, they quickly depart for the next adventure with nothing but their excitement and intuition to guide the road.

The good and the bad

The Plutonian Sagittarius seems to always be evolving from the experiences that they go through, further developing skills through the knowledge they acquire.

However, changes in the worldview don't mean that this native changes what they perceive the essence to be. Yes, they might view things slightly differently, but their life principles are basically immovable.

The one born with Pluto in Sagittarius has a morality system deeply engrained in their subconscious and there is no ounce of arrogance or egocentrism in what one does.

This native's most glaring flaw is that he never fully thinks about his next course of action, instead, letting it all come naturally. This lack of self-awareness and planning may get anyone in trouble, but mistakes are opportunities to learn from, and if the Pluto Sagittarius realizes this, everything should be alright.

Moreover, in order to better continue on the path toward self-development, one should think about being more flexible with their life rules and not being too tied to their comfort zone.

Pluto in Sagittarius in love

The Plutonian Sagittarius tends to have a very peculiar approach to social relationships and love matters. They tend to trivialize them, never grant them the importance they deserve because of their highly spirited and spontaneous personality.

Unrestrained and a freedom-seeker, these natives pass through the world at break-neck speed, just like a vanishing shadow or a sprinting leprechaun, always looking for the next excitement. Especially when they are young, their dynamism and high-paced enthusiasm takes them far from any commitment or serious bonding.

This doesn't mean that the Plutonian Sagittarius never takes a relationship seriously because they can become reliable and even slightly romantic companions.

These natives care very much about their friends and family, even if they don't always

show it. They are most demonstrative in key moments, when their support and attention is crucial to the situation at hand.

Eventually, they will meet someone who will make them put aside everything else and reveal his feelings. That's the moment this guy finally commits and becomes incredibly devoted.

The Pluto in Sagittarius man

Compared to their female counterparts, these men are not exactly very interested in reclaiming their emotional side. Rather, they would like to embrace just a little of the softness and tenderness innate to romance.

The last time in history when Pluto transited Sagittarius, these men were at the top of their social game, always engaging in heated debates, having long discussions about the most controversial topics of the time, and mostly focused on bringing change to the world.

Being willing to share one's ideas with the world may now be perceived as only natural and a mark of great intelligence, but it was not always like this.

The last time that Pluto roamed the Sagittarius, society was especially against this type of attitude, discrediting it again and again. Those who had the courage to break these barriers were mercilessly mocked and their valued demeaned to no end.

This means that the Plutonian Sagittarius men still have these attitudes engrained in their subconscious and feel the need to fight to have their voices heard.

Pluto ♄ in VII 7th House

([1107] i.thehoroscope.co)

This placement of Pluto makes people crave deep emotions and to display a sense of responsibility that is rarely seen, plus lead their lives by their own very specific values.

Those born with Pluto in the seventh house of their birth chart are connected to the concept of a good family, a close and loving atmosphere at home. Relationships are especially emphasized here. After all, they want to fulfill their sense of belonging as well.

If it's affection and intense emotions that drive them, everything is good and the prospects for a long-standing relationship are blooming.

A contradiction often appears, between their need to be in a relationship, an all-consuming one, and the feeling that they're enclosed in a cage with no breathing space.

Summary:

Strengths: Intuitive, empathic and strong-willed;

Challenges: Aggressive, conflictual and distrusting;

Advice: They should allow themselves to express their emotions freely.

Challenging their own identity

There will always be conflicts with them. Whether it's caused by their incessant rambling and tendency to criticize and annoy the hell out of anyone or their fear to be controlled, it's going to spark arguments.

The Pluto in 7th house natives are attracted to action-oriented people, to the aggressive and the unusual, the kind that you never know what they're going to do.

The lack of routine and a revolutionary spirit are the things that intrigue them the most. However, they have a special talent of taking out the most primitive and aggressive part of their partners, driving them crazy.

They have a part to play in this whole charade as well. It's not that they are the eternal victims upon whom everyone lashes out to. They're the ones who make everything happen with their attitude.

It's because they are afraid of losing that special someone, of being left alone and abandoned.

This drives them to tighten the grip, to take control of the situation and impose their will. This, in turn, wakes up the monster in their partners.

The whole gist of the situation here is that they are still unsure of who exactly they are. An identity crisis, the lack of a spiritual basis, of personal principles to have as guidance. They are attempting to discover themselves through relationships and social contact.

Through experience and the many failures, they will eventually reach a more mature stage where they know what they want and how to appreciate it.

Society and social games are the perfect testing terrain to search for one's own identity. Involvement in anything too serious could result in serious disappointments and traumatic events if a break-up follows.

The Pluto in 7th house natives look on relationships and romantic contact as being a formative and healing process. They manage to wake up something inside them.

Deep emotions, of the kind that they have never felt before, responsibility and understanding, objective perceptions, firmness of character and a tempered personality.

There are going to be a couple of conflicts happening from time to time, and since Pluto is associated with the extreme aspect of existence, the problems are going to flare up as well.

There will be power struggles especially, conflicts and arguments because both partners are trying to take control.

This is a game of cat and mouse, of who gets to take control and who's subjugated.

All their relationships are like this, a dominator-dominated battlefield. It happens through emotional manipulation most of the time when one part plays on the other person's vulnerabilities and needs.

What they have to do is learn how to be calm, patient, just, and treat everyone in an equal manner. It's a journey toward self-discovery without the need to go to extremes.

Most of the times, the Pluto in 7th house natives end up out of control and filled with feelings of inadequacy because of the sadness and past memories that they bring with them.

And, again, they're not going to share them any time soon. Left festering deep down, those wounds are just going to become more harmful with time.

To overcome these issues, they need to inspect and investigate these wounds, see them for what they are and try to heal them. If left there, it's just going to create tension, emotional instability, and grief.

Professionally, the seventh house Pluton natives are especially good at taking care of the monetary situation of a company, calculate and create strategies, plan accordingly based on the existent data.

However, while these lucrative partnerships are emphasized and work flawlessly, emotional ones are in a bind, unfortunately.

Sure, there will be plenty of moments of blissful joy and sensuality that no one will be able to replicate, but those are just the calm before the storm.

Pretty soon, ruckus and screwed up arguments will occupy all their time. However, if

they manage to temper themselves and become more understanding as a whole, not only will they be better off, but the relationship will experience a flourishing period.

The goods and the bads

The Pluto in 7th house aspect is strongly affected by one's interactions with other people and how these relationships affect the future development of these natives.

In the beginning, they will be unfit for any close bonds, unable to understand and act on their feelings.

But, as time goes on and they finally understand how to react and how to express their emotions, a complete transformation will take place.

They will usually find strong-willed partners who will force them to change their ways, to become confident and ambitious, to be better as a whole.

Of course, there will be conflicts where the control of the relationship is concerned. They also feel the need to find someone who'll become overly attached to them.

They're also against an open expression of emotions. Rather, they want to solve everything through reason and logic, by analyzing and making plans.

This, unfortunately, is not a healthy way of doing things because, sometimes, there are too many emotions and pressing matters that gather up together.

Moreover, one of the reasons they are so afraid of committing to a long-term relationship is that they might lose themselves, their identity and way of being.

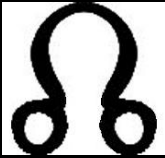

The passion and love for the other person would grow to such a level that it would completely replace their sense of self.

Pluto ♅ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♏ in ♈ Aries 26° 43'

(Georges Muchery)

The Dragon's Head in Aries enables the native to undertake daring deeds with every chance of success; and he should not hesitate to go forward. Fortune favours him. This position indicates rashness that is profitable. It is also lucky for love; but after much torment on this account. In a critical situation, the Dragon's Head in Aries helps the native to extricate himself from trouble. It is similar to the Square in an unfortunate hand; it is the antidote to misfortune.

The Dragon's Tail in Libra prophesies lawsuits connected with material questions. It also means disputes in the home and danger of separation. It is not a good position for the spiritual evolution of the native, as it makes him practical (often too practical), which may lead to trouble with the law, or with those with whom he comes into contact. This position, especially in the fifth house, shows anxiety on account of a child. Nevertheless, if the Dragon's Tail is in the third decanate of Libra and is well aspected, it is sometimes an indication of material abundance and increase of possessions. But money does not always bring happiness, and the native will realise this.

(Isabel Hickey)

North Node in Aries gives self-assertion and a progressive nature. Should develop independence and stand on their own convictions. Personality should be brought to full development. Before you can give yourself away, you have to have a self to give.

South Node in Libra shows there has been too much emphasis on leaning on others and letting them run the life. Now this person must make his own decisions whether they are right or wrong. Growth comes through one's own expression and experience.

(Martin Schulman)

Here the soul is learning the lessons of self-consciousness on the most elemental levels. Experiences in prior incarnations did not permit the Self to form as a singular identity. Now the individual is paying the price for the indecisiveness of his former lives as well as learning how to rise out of his confusion by developing 'onemindedness'.

Highly susceptible to flattery, he goes far out of his way to do the things he believes will

please others; but because he has not yet himself gone through ego identification, he becomes confused as to what course of action to take. Always trying to balance those around him, he finds himself to be the eternal referee between two or more opposing ideas, people, or conditions. Standing in the middle, he assumes the role of the buffed trying desperately to bring harmony to both sides at the same time. From moment to moment and day to day, he seesaws from one side to the other, hoping that he will never be required to take a definite stand!

In prior lives he judged his happiness by the successes or failures of those close to him. Now he continues to identify his life through others. His confidence can easily be shattered, for he hardly yet knows who he is. By confusing the collective needs of others with his own unrealized desires, he makes himself susceptible to long states of depression. Still, no matter how drained he feels, he continues this past-life pattern of seeking out people with whom he can identify.

At times he develops resentment at his inability to pull the opposite parts within himself together. Yet he is so used to entertaining solutions to contrary ideas that he keeps creating more.

He is attracted to music and the arts, feeling comfortable in an environment that is gracefully delicate. When circumstances around him become coarse or brittle he loses control.

He doesn't like to live alone but desires to be left alone. For his own peace and tranquillity, he must learn to overcome his enormous sensitivity to all the disharmonious needs of those around him. He does this best by dropping the attitude that he must fight for his very survival and refocusing his attention on what positive thoughts help him to develop his own identity.

In past incarnations there was great sacrifice to others which was not fully appreciated. Now the soul reincarnates with traces of resentment at not reaping the rewards of its efforts. This brings out the contrariness of the Libra South Node and actually prevents the individual from finding his real Self! The North Node can come out only when the South Node is brought to the highest possible karmic level. Thus, this individual will achieve his greatest potential after he learns to serve willingly, without desiring any rewards beyond his own self-growth.

He was impressionable in other lifetimes. Now he spends at least the first half of this life coping with the leftover residue of his own gullibility. As the years pass, he becomes an avid reader, which helps him to crystallize his thoughts. Still, there are so many past-life habits of indecisiveness that he finds it extremely difficult to make concrete decisions.

Always liking to see both sides of everything, he divides himself in half at every crossroad. When these divisions become so painful that he can no longer bear his own

indecision, he starts to reach for his Aries North Node.

Ultimately he learns not to be afraid of taking a stand for what his higher Self senses is Truth. He reaches this by teaching himself to be an individual, rather than an extension of somebody else. Still, he must build on his prior incarnations which taught him how to love rather than hate. Thus, as he starts to find himself, he must still be mindful of how his newly-discovered assertiveness influences those close to him.

For short periods of time, he will have to isolate himself in order to gather his strength.

His biggest lessons center around learning how to make his head rule his heart, for he still melts too easily at the slightest attention.

Of all the zodiac, this individual has the least amount of past-life experience in examining himself. Now he must find out who he really is!

In the current life he is destined to make the transition from the reaper to the sower, whereupon every thought becomes a creative seed for his new beginning.

The house which contains the South Node shows the area in life where too much past identification with others inhibited self-development. The house which contains the North Node designates the area where the Self is now experiencing its birth. Once a new sense of Self-identity is achieved, this individual will feel like Columbus discovering America; and the most amazing part of his discovery is reaching the awareness that it was there all along, but he never knew it.

(Mohan Koparkar)

Previous incarnation for this person was very easy-going and in considerable luxurious surroundings. Good things in life were the main pursuits for this soul. Learning on a mental level was very important for him. In this lifetime, he has to work with actions and aggression. Things are not always balanced for him now. As a result of this, he has to utilize all the means he can within his energies to carry through his wishes. Impatience and lack of tolerance can cause frustrations for him in this life. His job is tough as he has to keep his feet on the ground and at the same time watch for what goes on well above him. Failure to keep both ends tied up may cause loss of many successful opportunities in this lifetime.

(Donna van Toen)

You need to learn to do things for yourself. Your Libra South Node may respond: 'Yeah, but it's much easier to let others do things for me. Every time I try to do my own thing, either somebody takes advantage of me or I wind up getting somebody mad at me'.

Your major problem is that you are not rational when it comes to relationships.

Possible reasons: You have such a hang-up about being fair to everybody that you bend over backwards for others at the expense of your own individuality. You've stifled your leadership abilities because using them led to friction or discord. You're unable to get started on things without help, due to lack of ambition or self-motivation. Life experiences have over-emphasized the value of leaning on others and encouraged passivity as a means of gaining acceptance.

Possible solutions: Force yourself to undertake leadership roles. Dare to be enthusiastic about your beliefs and interests. Cultivate spontaneity. Do things on your own once in a while. Find a guru to follow. Find a big strong man (or good woman) to lean on.

With Libra south node, decision-making is often a problem. This is because with Libra south node, there's a tendency to overdevelop logic to the point that it smothers the Aries feeling and acting functions. However, feelings can't be totally ignored. They have a way of coming out and moving you in certain directions whether you choose to be aware of them or not. If they're denied positive expression through individuality and assertiveness, they'll be forced to take a negative route through insincerity, meddling or dependence. With Libra south node, rationalization can lead to irrationality, since feelings get lost in the shuffle. Usually, this dependency on passive intellectualizing is the result of some traumatic experience where feelings have let the individual down. Often he or she has been ridiculed or rejected for reasons that were never clearly understood, and from that point on has decided that feelings can't be trusted. So figuring out strategies replaces feelings. The Libran south noder takes great pains to be sure that all decisions about marriage, job and life style in general are formulated logically and planned thoroughly. The trouble is that logic without feeling leads to marriage without love, prestige without satisfaction, and existence without living. Eventually depression sets in and logic ceases to function. At that point, Libra south node is forced to get in touch with his or her feelings and take appropriate action, thus attaining a nodal balance between Aries and Libra.

In my experience, the person with an over-developed Libra south node dislikes being alone; asks for help and advice, but then seems resentful of it; spends a great deal of time and money on grooming, cosmetics, clothing etc.; speaks in a monotone or a very tiny voice; is indecisive; is extremely co-operative to the point of being a door mat; has an inferiority complex; is a gracious host or hostess whose door is invariably open to everyone at all times; works hard at romance; and feels sorry for single people, regardless of their circumstances.

North Node in Aries wants to be outgoing. He or she wants to be a self-started, well able to lead and assertive enough to get what he or she wants. In contrast, this person is

generally well-liked but inclined to see himself or herself as passive or too shy. There's usually an interest in or talent for art, fashion, editing, publicizing, or some other Libra-ruled talent; but because the person seldom challenges that talent by doing anything innovative, he or she is passed by when the acclaim gets handed out, and may begin to feel resentful. He or she can be sympathetic to the point of becoming a doormat, and may become so enmeshed in others' struggles for success and happiness that his or her own needs remain unfulfilled.

Antidotes for Aries imbalance: Psychological counselling (particularly assertiveness training) is often helpful in learning to utilize the Aries North Node. The client might be advised to write or tape a statement of his or her philosophy of life, including a list of goals for the next year. You may then help the client determine how to best express this philosophy while fulfilling the goals. Scientific study, particularly in the field of physics or physical development, may be recommended if the client shows aptitude along these lines. Any sort of discipline program - from Scouting to the National Guards - could prove beneficial. Travel - preferably alone - is recommended. Leadership roles - particularly in the work sphere - should be accepted.

For any type of Aries imbalance, the catch-phrase should be 'Try something new'. This 'something new' should naturally coincide with some untapped talent, as shown in the chart.

For many reasons, clients may not be ready to embark on a totally new life style. In these cases, a new hobby could prove beneficial. Among the hobbies I'd recommend for Aries nodal imbalance are: any sort of nature activities, from hunting to photographing wildlife, football or soccer, hockey, boxing or karate, enamel work.

(Haydn Paul)

You may need to be more independent and not be reliant on relationships or others' perceptions of you. You should avoid shaping your identity by assuming others' attitudes, beliefs, and values. Lacking self-confidence can result in confusion and indecision, especially when important decisions are required. At times, it may appear that you allow others to decide for you.

Relationships can provide security and stability; and you try to please those on whom you depend. Yet, through lacking self-knowledge, you may fail to acknowledge and respect your own needs, desires, and aims.

Be wary of more dominant influences; you may be gullible and impressionable. If so, you need to outgrow this and assume responsibility for evaluating situations and options. Relying on others will interfere with your choices and major decisions. At times of crisis, a divided self only offers additional confusion and pain; and you need to be decisive to resolve issues.

Try to follow inner promptings - perhaps previously ignored or dismissed 'messages'. Move in the direction toward which intuition guides you. Through developing faith in this process, you can release potential and be true to your nature. In so doing, you can discover how to honor your whole self.

When overly sensitive to others' needs or tending to confuse them with your unrealized and unfulfilled desires, you may experience weakened vital energies, which can create occasional depression. Acknowledge and assert your requirements, and take responsibility to satisfy them, as these are important for integration and personal growth. While a concept of service to others may remain a motivating force, your first priority must be to yourself, so that you integrate your whole being, instead of diminishing yourself through relationship dependency. Once this is achieved, you could serve from a different yet more effective perspective. When you attain inner harmony, energies radiating from you will also embody this quality to benefit others, even though some may find these energies uncomfortable due to their own disharmonious state.

Your new assertiveness also needs to respect relationships, connecting self and others for mutual benefit. You need to be true to yourself and to discover how to cooperate with others. By acknowledging your nature, you can explore relationships to greater depth, enriching them through shared understanding. Often, the Libran energy is activated when you try to unify people, ideas, and situations, operating like a central balance between opposite conditions. The new balance required from you is 'self and others', where you develop balanced attitudes, individuality, and independence, while creating interdependent relationships. The key to this is to transform dependent behavior patterns.

(Bruno and Louise Huber)

Aries is the cardinal Fire sign. It is 'the' sign par excellence, in which selfmanifestation takes place. Here, the 'I' must stand out against the world, and especially against the 'You'. We must be able to say 'Yes' to ourselves, and to express this attitude in our lifestyle. Nevertheless, the way in which the desire for selfassertion is expressed by the Aries native will depend on our state of awareness. Or, to put it another way, the hazier the picture we have of ourselves, the more we resort to force; but the more differentiated our consciousness is, the more subtly we proceed. Yet even when being fairly subtle we still use 'push' - we have plenty of that. The 'I' tends to manifest itself in what may be pictured as a series of pulsations. The same is true when the Moon's Node is in Aries: we try to bring our personality to bear on the world in order to make things happen. This placement of the Node is usually a fairly strong incentive to be creative. Someone with the Node in Aries is incapable of settling down to routine work, even when output would increase. Increased output is not a consideration with Aries; what matters is creating something unlike anything anyone else can create. To produce something creative that is completely personal is the ultimate in self-expression for this sign.

With hard aspects to the Node, there is a danger of over-producing like some sort of 'Stakhanovite'. The native engages in hectic activity, and revels in quantity instead of being creative. However, the individual with the Node in Aries can produce an enormous amount of truly creative work.

North Node ♌ in XI 11th House

(Georges Muchery)

In the Eleventh house, the Ascending Node (Dragon's Head) gives many friends and supporters who will help the native to progress. It is a good position for associations, and also reveals the possibilities of becoming a leader, a Shining Light. Great social success is promised, inasmuch as the motion of the Node in the course of life cannot be otherwise than favourable for progress from the worldly as well as the mental standpoint. This position also indicates increased wealth for the Mother or the Wife; and this will benefit the native and his children, whose Father's name and fame will help them in their turn.

In the Fifth House, the Descending Node (Dragon's Tail) is detrimental to happiness in general. It may incline to gambling or speculation, which will not be successful; and pecuniary losses are inevitable if the native indulges the tendency. It is also the cause of ill-health of the children, and anxiety on their account.

(Isabel Hickey)

There may be children in this lifetime, but they will not be of much help or give much love to the individual. Energy expended in personal affections will not bring adequate satisfaction. Perhaps a treading of the primrose path, seeking pleasure and evading responsibility is a subconscious pattern of the past that is being redeemed in this lifetime. friends will bring far more satisfaction and sustainment than family ties. Goals and objectives that deal with group endeavor or service of a universal nature will be successful, as well serving as a means of spiritual integration.

(Bernice Grebner)

Much depends upon whether the sign involved with this North Node is masculine or feminine, to denote the type of friends most favorable to the development of this house. This seems to be very important. People who have the same nodal axis - fifth and eleventh - by house and / or sign seem to understand each other better since they have the same direction to their destiny. Someone who has North Node in the eleventh will be helped greatly by someone with South Node in the eleventh. This person needs to learn the art of friendship and to become involved in some type of social endeavor or reform action. Here they must become as an Aquarian in the highest sense of the word: a true humanitarian. With this position there must be acquired the ability of true detachment and an independence in loving, for one cannot be dependent and be a true humanitarian. With the development of this North Node position comes a true strength and understanding of the human condition.

South Node in the fifth is attached love. It is too attached and self-loving. With South Node here, there is an almost constant interest in love; the giving and receiving, and its pleasures. This gives innate knowledge in the rearing of children, although not always immediate success. This nodal position can bring loss of children with aspects to it showing the degree of the loss. It bestows many loves - loves that are always changing - and gives a knowledge of love beyond the ordinary. The lovers usually turn into friends. Personal affections prove dissatisfying because of a certain idealism. There is constant searching for love, romance, and pleasures. This position delays a permanent love relationship. Receiving love is denied, it seems, until enough is given. [If for example South Node is in Libra in the fifth, others in his life leave the person because he expects too much. South Node in Aries indicates the person's own egotism destroys love through impatience. South Node in Taurus demands the person's own money be spent for children, love, and pleasures. South Node in Scorpio demands the partner's funds be spent on children, love, and pleasures.] This position gives an individual creativity leading to genius when well-aspected.

(Mohan Koparkar)

North Node in the 11th house often signifies that the person has considerable friendships. Friends are his major assets through which he achieves a lot of things in life. Problems and difficulties usually stem out of romances, and quite often formation of a successful relationship is very difficult. Their next difficulty is with regard to children. Either having a child is a problem, or dealing with children may be one. In their recent past life, their attitudes and dealing with children have often been so uncommon that they have to suffer in this life. Often these people carry out their major hopes and dreams in life like clockwork, and their surrounding influences help them in all respects to do so. Their love received by others is much better than they can give back to others. This imbalance in love exchanges causes problems or tensions in relationships.

(Martin Schulman)

Here the individual comes into the current life remembering a style of living in which he was the sole creator. Now he keeps trying to take the bull by the horns in order to recreate the manner of living to which he was accustomed. Yet everything he tries to do bears a tinge of being slightly inappropriate insofar as fitting his current life circumstances is concerned.

He is prone to love affairs, finding them a comfort to the continuation of his past-life ego. What he often fails to realize is that through his love affairs he makes himself weaker, and rather than gaining strength from compliments and encouragements he develops a dependency where each compliment creates the need for another. Eventually he makes himself so helpless that his behavior becomes hopelessly childlike.

He wants to be loved desperately, but the residue of past-life sexual tensions is so great that he often confuses what is really important to him. He has great difficulty understanding reality, for his life is stage of players and his dreams are so romantic in nature that he becomes a veritable Don Quixote chasing windmills. He believes in chivalry and can easily be fooled by glamor. Wanting to be constantly reassured that his arrival in life does not go unnoticed, he is unable to accept the role of just being a member of the audience.

To those who appreciate him, he can be extremely generous, but the moment he feels ignored he will run into his gossamer dream world trying to create a Seventeenth Century romantic adventure in which he will be the central character.

Constantly in search of self-fulfillment through amorous adventures, he can too easily lose his way.

He would like others to think of him as sacrificial; and when he does involve himself with a love affair, it is almost certain that he will force himself into a position of having to give up everything. Like the 'Martyr King' who sacrificed his throne so that he might fulfill his love, this individual would like his affairs to be honored, sanctioned and even admired.

His past-life sense of dignity is so great that he is not particularly pleased with even the thought of an illicit love affair; yet from time to time he finds himself in the midst of one if for no other reason than to express his ability to sacrifice a principle for what he believes at the moment to be the world's greatest love.

Basically he is a good person and it would take severe chart afflictions for him to have a malicious bone in his body. Throughout all the zodiac, his creative talents with children are unsurpassed, for at heart he is a child himself.

Regardless of his Sun sign, he will at one time in this life need to lean on someone with more strength than himself.

Through his eleventh house North Node, he is to learn the value of friendship. He must transcend the physically possessive relationships of his past incarnations and cherish with equal fervor the new impersonal relationships he is now forming.

In this life, he is learning how to pay more attention to the meaning of his dreams rather than trying to force his own will against the flowing tide.

His dreams bring him messages from his higher guidance, through which he is telepathically brought to understand the reasons for all his actions; but his will is often so great that he refuses to accept what he knows is true.

If he is realistically asked to abdicate anything at all in this life, it would only be his powerful self-will, for here in the pride of ego he actually blocks all that he so desperately desires. Truly, he is his own worst enemy.

The individual with these Nodes suffers from a built-in discontent, for whatever he creates through his South Node only leaves him free to dream of more he is missing. He would like to be free of entanglements, but he is constantly jumping out of the frying pan into the fire. Before any growth at all can be made, he must learn to overcome the monstrous dragon ego which he has allowed to become his self-generating instrument of destruction. He must learn how to see himself impersonally, with the understanding that his life is like a river flowing beneath the bridge from whose vantage point he may watch it.

His most difficult tests always revolve around the temptation to control the flow of that river; yet his greatest happiness occurs when he can appreciate its beauty without tampering.

It is almost certain that he will go through at least one major experience in which he will be required to sacrifice his personal ego for the sake of fairness to another; for only when he has learned how to rid himself of every biased thought can he reach his higher purpose. So long as he retains the slightest tinge of self-pride, all the power in the chart will be denied him. Even the possibilities of a harmonious marriage loom beyond his reach until he becomes impersonal.

The fifth house South Node uses so much energy in trying to achieve self-sympathy that the individual has difficulty finding the strength to give complete fulfillment to a marriage mate. Many with these nodes experience divorce; but this is neither destiny nor necessity - it is simply an outgrowth of misusing the South Node energies. Through so much focusing on the self, the individual does not see or fully appreciate the blessings he has. Again, the answer is the same. He must relinquish the grip on 'self' and dedicate his life to impersonal service rather than expect others to wait on him.

If he can learn to become less romantic and more scientific, he will start to see truth for

what it is. He must never allow the fires of passion to cloud his vision for his happiness will be achieved only when he can look at life from a dispassionate viewpoint.

His karma is in learning how to become non-involved and yet always available when needed by others. Ultimately, he is destined to become the impersonal servant of humanity.

He will at one time in this life do much to further the career of another.

Friendships, clubs and societies become important to him, for it is through such associations with others that he ultimately comes to sense his own identity. Through the ways that others value him, he comes to value himself. Then he is able to see himself as a part of others as well as a part of a higher cause to which he is dedicated.

The more he can do this, the more he will rise off the plane of self-consciousness, and the demanding needs to gratify his own ego will become submerged in the collective ego of the cause to which he has dedicated his identity.

When he completes this lesson, his strength of character and sense of direction become no weaker nor less purposeful than the cause of which he becomes a part.

The sign which contains the South Node shows the ways in which this individual allows too much past-life residue of passion and desire to pressure his current life. The sign which contains the North Node indicates the ways in which he can develop enough detachment so that he frees his personal self, enabling him to dedicate his energies toward more universal causes.

(Donna van Toen)

Conflicts: Need for social attention vs. need for creative development. Reliability in friendships vs. demands of lovers and children. Fulfillment of dreams vs. fulfillment of present needs.

Possible Results of Sacrificing North Node: Inappropriate behavior in terms of your goals. Difficult love affairs. Desperate measures taken in order to gain recognition. Generosity verging on extravagance. Lack of fulfillment in romance, parenting, social life.

Possible Ways to Integrate North Node: Become goal-oriented instead of pleasure-oriented. Let love affairs be guided by your self-respect. Temper your generosity with discrimination. Openly admit your weaknesses. Meditate on the value of friendship.

In the eleventh house, hang-ups can involve honesty, knowledge, or ethics - all things

that would seem to correlate more with Sagittarius / ninth house at first glance. But where North Node in Sagittarius / ninth leans towards lack of discrimination and sometimes fanaticism, the eleventh house North Node takes a cold, dispassionate approach. Whatever is perceived to be the truth or the right way is followed without thought about damage that may be done should honesty prove not to be the best policy or if the truth turns out to be flawed. Relationships are often spoiled by this 'honesty is the best policy' approach as others frequently feel demeaned by this brutal, almost egotistical honesty.

Occasionally North Node in the eleventh house can manifest in a compulsive need to see the good side in everyone, regardless of the cost to self. Here we see the Mr. or Mrs. Nice who suffers extensive guilt pangs if the need to criticize arises. A child-like Pollyannaism and naiveté about people eventually leads to disappointments and being taken advantage of in relationships.

North Node in the eleventh house wants some sort of guarantee that his or her goals will be realized. He or she wants to be known as an honest person, a seeker of knowledge, and an instrument of positive change. He or she dreams of close friends to share goals with, people who will offer support without making demands. This person is typically very impressionable and not cautious enough or discriminating enough when it comes to other people. On one hand, he or she may blindly take advice without considering its source. On the other, pomposity or excessive pride may keep him or her from asking for or accepting even the most necessary or valid advice. There's a tendency to invest a great deal in emotional whims and pleasureseeking at the expense of long-range goals.

(Haydn Paul)

You are attracted toward the pleasures of life, creativity, love affairs, and a self-centered style of expression. Your creative imagination often weaves many colorful webs around your actual reality, creating an appearance that you find more appealing than the real nature of the world.

What excites you is this alternative choice of perceptions, which, due to creative directorship, imposes a worldview characterized by a large group of play-actors and actresses, performing their chosen roles, chasing private dreams and adventures, and following their desires. Arguably, this is a valid way to perceive life. It certainly raises life above a more mundane perspective, infusing it with a glamor and fantasy that enlivens and enriches. Yet a danger can exist in using this to escape from reality and responsibilities by preferring to live as a central character in a romantic and heroic drama.

You desire to be recognized and noticed by others, to stand out from the crowd of unknown faces. This creates your attraction to being 'onstage before an audience'; anonymity is not a favored role, and you hate to be ignored. Love affairs are one of your

favorite pastimes, however, based on your need to be loved by others. These affairs provide a suitable stage for performance, with a captive audience on whom you can depend, at least temporarily. Romantic interludes may divert from creating a life-direction, as those by-paths which appear to offer pleasure always seem more seductive.

In love, you are prone to make grand gestures of sacrifice for love - especially for the benefit of your partner - and tend to subjectively turn relationships into great passionate dramas. You can fall in love easily; yet often this has only a superficial emotional impact; you avoid deeper depths of the love experience where transformative energies exist - in fact, you rarely sacrifice anything at all.

There is a lively, childlike spirit at play with you, but one that is naive and almost innocently self-centered, a spirit that desires constant company or a supporting cast to maintain. Much of your waking life is spent forming these creative, imaginative, and romanticized dreams which are projected onto the world and people, and which serve in several ways as a protective barrier. Yet it is this inner activity which prompts self-development and gives opportunities for insight into the real meaning and influence of 'dreams' in life. Personal dreams can motivate creative determination to actualize desires, but if you attempt to force events against the tides of life, failure is likely. Dreams can also bring messages from within, trying to guide you toward an understanding of the reasons for your actions and experiences. If you can register the impressions, from dreams and intuition, such guidance may help you to adjust your direction. Unfortunately, many fail to listen to the quiet inner voice.

Until you reduce self-centeredness, you will experience discontent and feel that you are missing something vital in life, even though you creatively color much of life with brighter hues. Searching to be free of commitments, you may unconsciously create more by your choices and actions. Your sense of ego and pride may cause problems through self-preoccupation, especially within relationships; and your need for 'more' prevents the appreciation of what you already have.

Become aware of others as more than supporting 'players'. Recognize the equal validity of their needs, desires, and dreams. Adjust your relationship behavior accordingly, to restore harmony. Your romantic vision of life may need modifying so that reality is not lost, although your sometimes childlike view of life can still be refreshing to more jaded appetites.

Your new direction is to apply creative imagination to dream of a better world, not just for yourself, but for everyone. Friendships and group involvements are likely to expand life; and possible commitment and dedication to an idealistic vision could enable movement beyond a self-centered focus into performing a more important role. In your discovering how to improve the quality of life for others too, the world can assume a more positive nature; and your tendency for romanticized love and adventure can be transformed into

a more realistic and satisfying contribution for the well-being of all. Discovering how to combine creativity with social needs could offer an effective and attractive balance; in so doing, you could discover the powerful mystery of the creative dream, realizing that it has generated the whole universe and seeing that, by our small use of it, we obtain the power to positively transform our lives and the world.

(Bruno and Louise Huber)

The 11th house belongs to the axis of relationships. Like the 5th house, it has to do with the attitudes and behavior of people to one another. In the 5th house, human relationships are tackled with a naive simplicity, One sees oneself as the center of the world and tries to realize personal desires or ideals. In the 11th house, this self-oriented view has to be abandoned. Its simplistic methods will no longer work, because one recognizes that one is part of a Whole. Here one must act, on principle, in accordance with transcendent, universal criteria. Postulating these criteria is even more important than working hard on them.

When the Node is in the 11th house, it is important to establish a clear attitude toward people. This can be personal, for in a personal sense the 11th house is known as the house of friendship. It represents the possession of friends and confidant(e)s. It represents making a choice of people who have a certain quality, in which there always resides an element of trust. This element of trust clearly divides the 11th house from the 5th. On a personal level, the Node in the 11th house indicates a need to form friendships and to make the most of them. We have to learn to be selective when looking for friends, and to seek kindred spirits who will turn out to be genuine. We may be parted from such friends for years, but when we meet them again it is as if we had been with them only yesterday. That is true friendship. In the 11th house, the discovery can be made, as soon as we learn to stop clinging, that loyal devotion is possible even without conditions. Then complete freedom of action is granted in the friendship. What this means is that with the Node in the 11th house, we must overcome the desire for security characteristic of the Fixed Cross, and put it behind us.

In essence, friendship is the result of striving for an ethical attitude to others. From this point of view, the 11th house aims at the development of an ideal concept of humanity. Basically, what is meant here by ethics is mutual respect between individuals. Although we work at this (or discover it) in the 9th house, ethics is a fundamental frame of reference in the 11th house. Naturally, it is a frame of reference for doctrines and creeds; for the 11th is a fixed house and, in a fixed house, conditions rather than processes hold sway. Therefore, the ethics with which the 11th house is concerned are ready-made ethics, in which one believes, or with which one identifies sufficiently strongly to want to pass them on to others or even to impose them on them. Dogmatism almost always emanates from the 11th house, which has to do with our convictions and our moral yardstick.

If the Node receives hard aspects, there is a likelihood of blind acceptance of a certain ethical view. Even a sophisticated and complex system of ethics can be passively absorbed - usually as a result of the upbringing or of social influences in youth, chiefly at the time of puberty.

Inconjunct aspects to the Node should be heeded too, because they introduce an element of uncertainty. When they are present, we are susceptible to any number of ideologies that promise security. This can lead to difficulties, especially in the practical arena of friendship, because we are prepared to change our friends whenever we change our ethical beliefs.

When soft aspects are received by the Node, or by a planetary stellium, there is often an inclination to join an elite group or to embrace a special doctrine, because this seems to be the most convenient thing to do. We cradle ourselves in the security of the group, and use it for our own ends. And so we need to make an effort to overcome what is indicated by the Node here. For a start, we should examine our ethics. In the 11th house, and with soft aspects, this is not particularly easy, because our ethics are second-nature to us. We may change our opinions but, unconsciously, we react according to ingrained patterns of behavior.

So, with the Node in the 11th house, we ought to take pains to acquire a satisfactory system of ethics that is clearly formulated and intelligently accepted. Otherwise, we may indulge in spiritual snobbery, and pretensions to exceptional moral virtue. Egocentricity in ethics produces the smugness that says 'I am better than others, because I know how to behave', or 'We are better than others, because we know how to behave'.

The Node in the 11th house serves notices that we ought to take responsibility for our own actions and ought not to rely on others. Doing the latter is a big danger, because solidarity with the group gives us a feeling of strength, and we imagine we are entitled by some dogma or ethical system to sit in judgement on people and call them 'mistaken' or 'wicked'. Behind the group-egoism involved in special friendships, there lurks an individual egoism, though we may hide it under a shiny white cloak of ethics.

North Node in the eleventh house or Aquarius (James Braha)

If the North Node is in the eleventh house or Aquarius, the person's greatest growth, evolution, and fulfillment come through performing altruistic acts for society, getting involved with groups and friends, and developing a sense of detachment. In past lives, the person may have been extremely proud, renowned, and ego-oriented. Now he is here to care for the citizenry of the world. He must let go of emotional attachments, and seek to improve existing conditions of the common person. He should try to locate and abolish outdated forms and structures, and implement new, innovative, efficient methods wherever he can. The person should not place great attention on children, intense love affairs, and deeply personal pursuits.

The person should favor his mind, not his impulse. He must cultivate the intellect and allow his rational mind to take precedence. Science and research endeavors are favored. Rules, regulations, dogma, and rhetoric are not to be greatly regarded. The person is learning a much more impersonal style of functioning. He is concerned with knowledge, information, and truth, and is relinquishing old habits of sentimental convictions and individual preferences. Commitment to ideals, especially the betterment of humankind, is crucial. The person must perceive life from the viewpoint of society. He should take life easy, not intensely. He should meet with friends and groups regularly, and effortlessly discover causes and campaigns worth furthering. Freedom, liberty, and equality for all must always be supported.

Fame and recognition are psychologically unimportant. The person may be a pioneer or revolutionary, but he is never to allow his reputation to go to his head. He should always favor activities which have never been done before. He does well with utopian movements, current fads, and prevailing crazes. He should generally avoid speculations, gambling, intense passions, and profound romance. His purpose is humanitarian.

In Hindu astrology, the North Node in the eleventh house indicates great ability to fulfill major goals and desires. The person earns plenty of wealth from 'side ventures', and has powerful, influential and worldly friends. The South Node in the fifth house means the person's 'poorvapunya' or past life credit is connected to spirituality and psychic experience. In other words, in previous lifetimes the person worked hard on attaining enlightenment and evolutionary growth; and in this life he gains the benefits. The South Node in the fifth does not produce many children. But those that are born will be introspective, psychic, contemplative, and decidedly spiritual.

(Black Moon) Lilith ♀ in ♏ Scorpio 6° 33'

([1144] elsaelsa.com)

Truth Seer

If you have Black Moon Lilith in Scorpio, the wounds you bear from your Lilith experience have made you a survivor. Through your deep insight, you've learned to protect yourself from anything the world has to throw at you.

No matter how your Lilith pain has come about (which you can determine from the house Black Moon Lilith in in), you have figured out that other humans make scarier monsters than anything a horror movie could dream up. To protect yourself, you became skilled at seeing right through people. No one can get anything past you. You can smell agendas and hidden motives from miles away. The idea that someone could successfully lie to you is laughable. And because of this remarkable insight, you have also become a de facto therapist for the people in your life. For the people you are closest to, you don't really mind, but for people a little bit further from your normal orbit, it's somewhere between puzzling and enraging. Why on earth are they willing to disclose all this information? And do they not understand how much of a drain that is on other people?

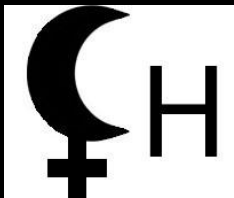

At times like these, you're likely to shut down or cut the person off altogether. Others may find it cruel, but for you, it's simple self-preservation. And part of you also quietly believes that cutting those people off is for their own good. You know from experience how dangerous it can be to lay all your cards on the table. You've been burned and betrayed more times than you care to recall. You've given too much and loved too hard and learned painful lessons from it. Giving everything you have is a recipe for total annihilation. So you share only what is necessary and preserve the rest for when times get tough.

And times always do seem to get tough. One of the great tragedies of this placement is just how much of the world you've seen. You know exactly how dark, cruel, frightening, disgusting, craven, exploitative, and awful life can be. You are very familiar with the depths to which humans can sink. I would say that this knowledge has crushed you, and indeed it has. It has crushed you over and over again, so many times that you thought you'd never get back up. But you did, you do, and you always will. That is your superpower.

But it doesn't have to be this dark. To soothe the pain, work to bring in influences from Taurus, Scorpio's opposite sign. Taurus, above all, is concerned with the sweet abundance underpinning all life. It's not that Taurus doesn't understand darkness. It's just that the darkness doesn't have to be central. Even though the world is filled with suffering, flowers continue to bloom. Even if a loved one proves treacherous, there are plenty who aren't. Tomorrow we may die, but tonight we can eat, drink, and be merry.

Black Moon Lilith in Scorpio is an exceedingly complex placement with so much to explore, but let me end with this: Your ability to see people for who they are and understand them deeply is a gift to the world. I know it can bring you pain, but it can also help you create a community of those who are truly deserving of your trust. You have the power to turn your pain into your greatest strength. Just remember to enjoy a little sweetness along the way.

(Black Moon) Lilith ♀ in VI 6th House

([1154] elsaelsa.com)

Champion of the Weak

If you have Lilith in the 6th house of your chart, her themes will manifest in terms of health, service, and work. You will be tasked with reclaiming your power and standing up for those who need it most.

In traditional astrology, the 6th house is known as the house of Bad Fortune. The 6th house is where things outside our control happen to us. Illness, pain, and disability simply happen sometimes, and no one is to blame. But with Lilith here, you have been blamed for your own misfortune, asked to answer for the unanswerable. You may have experience with ableism or other types of discrimination, and have been expected to overcome insurmountable odds while your challenges were minimized and dismissed.

The 6th house is also associated with common people. This is where we as average, everyday people come into contact with those who have power over us. Bosses, landlords, administrators, etc. In an ideal world, those people would use their power judiciously and look out for us and our needs. But if you have Lilith in the 6th, this is rarely the case. Instead, you are regularly on the receiving end of abuse of power.

With Lilith in the 6th, wounds and trauma can turn inward, very literally making you sick. If your pain and frustration don't have some kind of outlet, it can become truly debilitating. Luckily, you can put this pain to good use, advocating for the powerless. I know a good number of people with this placement who have done very good work with animals, at-risk youth, and the elderly. Others have become labor organizers and social workers. One way or another, your wounds must take on a higher form.

While there is much more to be said, I'll leave you with this: You above all can see exactly how power corrupts. You can see the way the weak are stepped upon. You feel their helplessness and outrage. The world needs you to stand up and make things right. To restore order and balance. You have the power to heal us all.

Chiron ♄ in ♉ Taurus 17° 46'

([1249] astromajesty.com)

If Chiron is the symbol of our primal and ultimate wound, then Chiron in Taurus concerns

the physical body and self-esteem. This position tackles self-worth and how one sees themselves.

People with Chiron in Taurus believe possessions can help them heal their wounds. It is why they focus so firmly on having as much as they can.

They are not only afraid of not getting something at all. But Taurus Chiron people are much more terrified of losing something after obtaining it. Individuals with Chiron in Taurus dread losing people, money, items, security, or even social status.

So, they cling passionately and almost possessively to what they have.

These people have fears of losing things because deep inside, they don't think they deserve it. They often devalue themselves. That is why they wonder how they achieved something and why people love them.

Persons with Chiron in Taurus dread that their loved ones will one day see them as unworthy, not good enough, or beautiful enough.

As they tend to doubt and undervalue themselves, they are likely to avoid people and situations that make them feel as if they weren't good enough.

Taurus Chiron persons will do everything in their power to escape feeling inept, less worthy, or awkward. And the best way for them to not feel incompetent is to accumulate fortune, resources, or luxury. To do so, they will go to great lengths.

People with Chiron in Taurus don't like when others disrupt their routine because habits are their way of staying in control. These individuals don't feel comfortable with too many changes, and they don't adapt with ease.

Instead, they prefer when everything seems permanent. Yet, they always believe people will leave, and possessions will disappear. Unexpected changes and surprises are the most alarming source of fear for Taurus Chiron individuals.

Their healing journey will force them to find security without relying on material resources. That means that persons with Chiron in Taurus have to find safety and security within themselves, inside. They have to find their strength and confidence by seeking spiritual energy or learning to trust themselves and their instincts.

Men with Chiron in Taurus

What if I'm not good enough? What if other people see my flaws if I don't impress them before they make that conclusion? But what if I manage to get their love and respect and still lose them once I get comfortable? – These are the most frequent questions that trouble the minds of men with Chiron in Taurus. They are highly likely to struggle with

self-worth, body confidence, and self-love.

Others usually don't notice their self-confidence issues because Taurus Chiron men hide it with humor or flaunt with luxury and money.

Even though they don't genuinely care about material possessions themselves, they get used to being focused on chasing wealth. That makes it much easier to become too immersed in the material side of life.

Men with Chiron in Taurus often decide that it takes less effort to concentrate on becoming rich, successful, or famous than confronting inner demons and insecurities. These men never feel that they did or have enough. It is why they often cling to people and possessions.

If Taurus Chiron men lose something that gave them validation and confidence, they will go down and doubt their abilities more intensely.

That's one of the reasons why they should learn not to center their worth around how many friends, cars, or money they have.

Thus, they are likely to suffocate their loved ones with neediness and demands, which can cause the opposite of what Taurus Chiron men want. Nobody likes to feel trapped, so they should find a balance in their relationships.

Males with Chiron in Taurus seek in others what they don't have. They are unlikely to stay single for a long time because they believe that having a partner means that others recognize their qualities. These males forget that they have to accept and love themselves first to be able to love others.

Yet, men with Chiron in Taurus will go to great lengths to avoid confronting themselves. They will overeat and overspend. If they spend too much time on self-reflection, they tend to wonder why their body looks in a certain way or why they don't have more skills to do something.

But Taurus Chiron individuals will only learn to take a positive approach once they discover that others don't love them for what they have but for what they are.

Summary

People with Chiron in Taurus tend to doubt themselves, to feel insecure and unworthy. That's the center of their pain, and that pain controls a big part of their lives.

Facing that ache requires strength that they think they don't have. It is why, instead, they learn how to coexist with the struggle and deal with it in their way.

Taurus Chiron people mend the pain with a taste of good food, power of money, and attention of friends and partners. It is not a long-term solution, but they keep using the same formula.

Deep inside, they know it's not the right method, but they don't understand why. Instead of questioning the reason, they think the answer is to accumulate more possessions. That results in focusing on having wealth, a strong network, and properties.

However, they continuously fear they will lose all of what they have. People with Chiron in Taurus are unaware of their unhealed wounds being the actual reason why they dread losing their possessions and why they don't genuinely fulfill them.

The way individuals with Chiron in Taurus try to alleviate their pain is indeed masochistic. Their approach doesn't give the results they want, and it leaves them feeling worse. But they get addicted to that pain because it covers the real one.

Taurus Chiron individuals are masters of avoidance, and most people don't realize that their hedonism manifests it.

Taurus Chiron individuals are terrified of losing people or possessions. It is why sometimes they turn to lies, excuses, and emotional blackmails to make others stay. They are afraid of facing the truth because they can't confront themselves. They seek ways to escape being left alone or having to confront their thoughts.

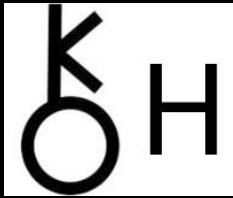

Due to their escapism, they usually surround themselves with people. It is rare to find Taurus Chiron people sitting at home alone or having solitary hobbies. They need opportunities and situations that give them access to more people and things and being less alone.

People with Chiron in Taurus are likely to be born in periods of poverty or drastic class differences. For instance, Chiron was in Taurus between 1976 and 1984 and 1926 and 1934. While quite different on the surface, these two eras had some similarities.

The first period is when having novel tech gadgets (e.g., the Walkman) created a sense of superiority. But not every parent could afford it, which might cause their child to feel inferior. Taurus Chiron people grew up in times when materialism and consumerism became widespread.

Those children born between 1926 and 1934 experienced the Great Depression, but the elite was still there and bragging about their wealth. Hence, Taurus Chiron people often grow up feeling not good enough. It is why their task is to find the inner value.

Chiron ♄ in XII 12th House

([1271] astromajesty.com)

People born with Chiron in the 12th house struggle with their psyche, spirituality, and vulnerability.

These individuals are highly empathetic, but they want to protect their privacy, and they are not easy to open up. They have an inner urge to help others but don't know how to help themselves or ask for support.

They have a soft character and an intense aura. It is how they encourage people to be sincere with them and tell them their worries, dreams, and secrets.

Others open up their souls to them as if they were under a spell. Indeed, people with Chiron in the 12th house tend to be telepaths, intuitive empaths, or even have psychic abilities.

However, they don't feel comfortable with their capacities, intuition, and gut feelings. These persons often feel like freaks due to their gifts and heightened instincts. It is why they often neglect or try to bury their abilities, even though they're rejecting their uniqueness.

Chiron wants these individuals to learn to stop refusing their identity and to embrace who they are. Until that happens, those with Chiron in the 12th house will keep facing difficulties and obstacles.

Regardless of how they feel, they will have to accept that they're different. It means that they will have to dive deep into their identities and spirituality and stick to their path.

That explains why their wounds lie in their inner realm and manifest on a subconscious level.

These individuals often have an intense existential crisis and profound questions that plague their lives. They struggle with feeling lost and not knowing in which direction to go to find themselves.

Since they might feel disoriented or aimless looking for purpose, they tend to feel an urge to belong to something bigger than them.

Transcendence and identity

Persons with Chiron in the 12th house often believe that will help them overcome the earthly issues and transcend, taking their souls to a higher realm.

However, they also fear that they could lose who they are and endanger their identities.

Like those with Chiron in the 8th house, these individuals are terrified of endings. They wonder what's the point of life if, eventually, everything will cease to exist.

These people ask themselves why the world is that chaotic if it only lasts so long. They overwhelm themselves with questions, such as why do we do anything if nothing will matter when we die.

These individuals have issues leading regular day-to-day life because they don't understand the practical realm and its point. They often wish to die because that makes more sense to them.

People with Chiron in the 12th house are curious about what comes next and if there's anything once we close our eyes forever.

Living with those kinds of questions, thoughts, and ideas can make life seem pointless or fleeting. They often want to become a part of something that will give meaning to their existence and death.

It is why they seek to feel unity with someone or something. They want to find comfort and consolation in belonging. It is usually the only way how they imagine reaching ecstasy or finding their identity.

Mortality and extraordinary life

Since death is one of the most frequent things in their minds, people with Chiron in the 12th house can become suicidal and frightened of their own mortality. They continuously wonder how their thoughts, feelings, and senses may one day vanish. It is why they tend to do everything that will make their time on Earth count.

As a result, these individuals tend to feel a need to be extraordinary, different, and genuinely feel life. Their biggest fear is that they will live unnoticed, ordinary, and unremarkable.

Indeed, they are not mediocre or generic. These persons tend to be highly imaginative. They have vivid dreams and ideas. Yet, they also experience problems fulfilling what they imagined.

Those with Chiron in the 12th house have issues with their identity and struggle to uncover who they are. It is why they tend to absorb qualities and traits from other people and incorporate them into their personalities. In a way, they are creatures that present a collective identity in one person.

If Chiron is afflicted or other aspects in a natal chart are unfavorable, they could fear being themselves and being different from others. They tend to think that by developing their own personality and fostering uniqueness, they are erasing unity.

These persons could feel guilty about not blending in and being one with the society or group.

Merge with the unity

The ultimate goal of these individuals is to merge with the divine and reach eternity. That means that they will seek methods that allow them to be closer to God, invisible forces, death, or spiritual energy.

These techniques could include prayers, meditation, art, drugs, s*x, or alcohol. It is those elements that help them let go of physical reality and dive into the unconscious.

The consequences of their desires and intentions could be becoming an addict, criminal, or being a martyr and sacrificing themselves for others. The latter is more probable because deep inside, they are fragile souls that want to make the world a better place.

The best way to do it is by alleviating the pain and helping others overcome their troubles. It is why they often work or volunteer in hospitals, asylums, hospices, or orphanages.

The problem is, they usually put others first and, in the process, neglect their health and mental well-being.

Even though they tend to feel disconnected from reality, people with Chiron in the 12th house can experience emotions more profoundly than others.

For instance, they feel love, grief, sadness, nostalgia, and lust on a deep and inexplicable level.

These individuals are also likely to dedicate their lives to religion and become nuns or priests.

However, people with Chiron in the 12th house must learn they are already a part of everything, including the divine.

By existing and being part of the creation, they belong to the unity. They have to embrace that the divine energy speaks to us through life itself.

([1283] astrolibrary.org)

You need freedom to explore and avoid stifling situations, so that you may experience a

joy without limits.

Your fulfillment will take place in far away places, whether mentally or in other countries. Whatever you experience will become broader and more meaningful. In addition, you are lucky by nature wherever you go.

You like to try new things that expand awareness and knowledge of life as a whole.

Gemini is the sign opposite to your Part of Fortune in Sagittarius. Through Gemini, you know the indecision of people and their superficiality in trying to please themselves and not committing to something meaningful.

You feel an enormous curiosity for all things and people. Although you are very comfortable in the midst of nature and a natural environment, since you understand the truth of the natural laws of human beings and the Universe.

You are aware that, sometimes, when trying to gain the acceptance of others, you are untrue with yourself. So, you must be frank and direct, since you realize the apparent dualities of any situation, being able to obtain the essential meaning of each moment and observe the unity of all situations.

You have to stay free to express yourself spontaneously and with full sincerity and honesty with yourself. This helps you take a decided and correct action. You can maintain an energy of enthusiasm and optimism even when facing very difficult conflicts. You encourage and inspire all the people with whom you work or have contact.

You have a powerful prophetic vision to project yourself into the future, and many times your willpower and clarity of vision make that future come true.

You radiate happiness. Although, sometimes you do not realize it, and you make the mistake of trying to look for it in others.

Part of Fortune ☒ in VII 7th House

([1293] astrolibrary.org)

Your greatest fulfillment comes through giving to others and enjoying the harmonious company of other people.

This is a very spiritual position, because it will only become personal in the presence of another person. You are able to identify with others. You know others intimately and you know how to share, cooperate, harmonize and please them.

You see more happiness in others than in yourself, and you make sure they know it. You want everything for another person. You look for union in friendship or marriage.

You are able to perceive the needs of others. You motivate them to get their needs and help them find fulfillment. It gives you great joy to see their growth and fulfillment. You know better than they do what gives them happiness. Your gift is in getting them to realize it for themselves, regardless of whether they recognize your help.

You can see the world objectively by studying the action and reaction of everything around you and the people you know. You are deeply into how people react to others.

You will make many sacrifices to make a union, at any level, with another person. You will know that the love you receive is much more profound and enriching than most people feel.

At an unconscious level, you take more care of others more than they do themselves, helping them through their suffering. So, it is difficult for you to know what you want for yourself. For that reason, other people will be the ones that show you your way.

As soon as you accept and understand this identity, you will feel the union with your inner essence, which is what most satisfies you and what most helps your fulfillment.

You very easily give in to others, especially during your youth, until you realize it and begin to distinguish what may be good for you.

Your wishes will always come true if they benefit another person or facilitate a good relationship with another person.

Since all your good luck comes from that outside world and from pleasing the person you love, that's why your soul feels incomplete and disharmonious in the absence of a personal union. This desire is the most important and takes priority over all other desires indicated in the rest of the birth chart.

Through the cause and effect of everything that you give to others, you'll find fulfillment of your identity, your spirit, and your happiness.

([57] astromatrix.org;) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only

have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

([180] astromatrix.org;) Giver And Receiver

Opportunities: 1. Following Your Higher Callings 2. Finding a Stable Home Life

Challenges: 1. Figuring Out Your Life 2. Achieving Both Success and Satisfaction

Your childhood home should be a place of warmth, love and friendliness; and while you are young your life should be reasonably calm. As a result, you will have an excellent relationship with your parents as you grow up, and you will feel secure within yourself.

You will be able to give and receive love very easily and make others feel your personal warmth. Your family, as well as your own spouse and children when you are older, will always be important to you. Whenever you need help, you know you can turn to your parents. You enjoy warm and comfortable home surroundings. Wherever you go, you will create a warm, friendly place where you can get away from the cares of the world. You enjoy having friends come to your home, because you like to share your personal world with others and make them feel as good there as you do.

While you are still quite young, but later in life especially, you will enjoy having objects of art in your home. You like to be surrounded by elegance and grace. In youth, your taste may border on the flashy, but you should tire of this quite quickly, and eventually your ideas about art and decoration will be quite advanced. Also, you will prefer rather fancy clothes.

4) ► **Sun** ☉ **Contra-Parallel** ♀ **Ceres** - (0°41') ♀7 | ♀12

([558] 12andus.com;) Your style of nurturing stems from your own individual style.

You tend to be an individualist and think of what brings you comfort before assuming that others' needs may be different. You have a generous and loving nature, but you may struggle to show your true compassion.

You don't like to nurture others by interfering. You prefer to keep a bit of a distance, leading by example but allowing others to find their own way.

You may also feel drawn to nurturing those who are very different than you, bringing out the best in yourself and others through healing tension in your relationships. You may try hard to turn conflict into bridges with those around you.

5) ► **Sun** ☉ **Parallel** ♀ **Pallas** - (0°18') ♀7 | ♀2

([576] 12andus.com:) You are creative and insightful and you use all of your artistic abilities in your battle for empowerment.

Your warrior instincts are triggered by the 'desire to protect self expression and 'honor the freedom of individuals. You feel it is important for others to channel their creative gifts to enhance struggles for freedom and, empowerment.

You tend to be optimistic about the prospects for success and believe in bringing out the best in others, even your ideological adversaries. Rather than putting down the opposition, you believe in encouraging others and enhancing others' confidence so you can win them over to your side.

You have a generous and uplifting style of connecting with others. You use your charismatic style to help others understand the importance of your mission.

6) ► **Moon** ☾ **Parallel** ♊ **Jupiter** - (1°22') ♀1 | ♀4

([18] astromatrix.org:) Inner Faith

You require considerable interaction with people and the environment to stimulate your feelings. This encourages a social awareness and attracts most of your attention. You feel the need to 'expand yourself' into the outer world; your major concern will be the well-being of society and those around you.

You have an innate faith in the goodness of the universe and your fellow humans and will try to share a positive and creative perspective on life with others. As a consequence of your attitude, you hope to contribute to society. Inwardly, you feel connected to the environment, and realize the powerful influence that environmental quality has on your well-being, positively or negatively. Equally, you realize that you can make a difference in the world and will look for ways to express your caring nature. Your feelings reach out to people; you are touched by those in genuine need of support, help, and care. Seeing those who are deprived or disadvantaged opens your heart and stimulates you to conceive ways to offer additional assistance. Looking through sympathetic and compassionate eyes, you feel that much can be done to increase the effectiveness of social welfare; and you may believe that you have certain answers or solutions to social challenges. Sometimes you may respond to social suffering with excessive emotionalism; but this is preferable to no response at all. These emotional reactions may need to be tempered by a pragmatic and impersonal approach, or you may become too personally involved and affected by social experiences, a state which could reduce your effectiveness.

The impulse that motivates you is world service, where feelings are more fulfilled by giving than by receiving and are inspired by a sense of inner strength and unity with life. You may become involved with socially concerned groups that have a progressive vision of human potential or are devoted to meeting the present needs of the disadvantaged.

Supporting the work of international charities may appeal, or you may decide to work within existing social groups, such as the churches, or educational or political organizations. Medicine or law may also attract. The strength of your convictions may almost feel like a 'mission or destiny'; you may display compulsive activity in a futile attempt to change the world yourself. This tendency may need careful rebalancing and a modified perspective, restraining over-enthusiasm and zeal, if only to protect your health and inner stability.

To ensure a long-term social contribution, times of rest and personal relaxation to renew your batteries are also essential, and a necessary part of your self-healing. Steady perseverance will reap greater results than a sudden burning out in a flash of excessive activity. Changing the world is a long-term project!

Spending time with your family and contributing to their development is equally important; you will feel deep emotional attachments to your home life, hoping to increase social awareness in your children and friends too.

7) ► **Moon ☾ *Contra-Parallel* ♄ Neptune** - (0°40') ♀1 | ♀4

([158] astromatrix.org.) The Deceived

There are several similarities between the opposition's effects and those of the square aspect between Neptune and the Moon, although with the opposition the inner tension and stress is more projected outwards into the world so that it is reflected back by other people and the environment.

You tend to look for the solutions to your problems in the outer world, often by forms of dependency on others, or by misidentification with people, places or material possessions which seem to offer some sense of security and respite from those inner pressures of emotional confusion. By doing this, you are liable to fragment an already fragile emotional nature, and by displacing your center you are liable to suffer a loss of motivational and directional cohesiveness to your life.

As is common with these planetary contacts, there is an over-imaginative production of illusions, where the boundaries of truth and fiction become blurred at the edges. It is within your more personal and intimate relationships that these illusions are probably most active and observable, especially as they tend to create distortions, disorder and confusion in communication.

At times you may feel trapped within your lifestyle, aching to become free of any situations that you feel are oppressing you. You often respond to such feelings by attempts at escapism, tending to prefer 'running away' from problems rather than confronting them in an effort to resolve them. This psychic emotional sensitivity and empathy to people and environments tends to be very influential, and you tend to absorb all impressions without any protection or discrimination. Underlying the emotional vulnerability and lack of confidence is a reservoir of creative talent that can be used; the

difficulty lies in being able to clear a path for it to flow through into manifestation, and to do so requires the transformation of inhibiting emotional patterns.

If you seriously choose to apply yourself, then perhaps through disciplined training and tuition you could unlock the closed doors to this inner imaginative talent and release that frustrated energy. Self-confidence will improve as each small step is taken and you begin to observe the improvements that are happening, and slowly you'll believe that you can exploit that reservoir of hidden potential that is so deeply located within you. You'll start to reclarify your aims and intentions in life, piecing together a new direction to travel, forging a lifestyle that fits you and which does not generate friction through inner frustration and conflict.

Relationships will improve as clarity depends through more realistic appraisals and understanding, plus the awareness to make essential compromises and adjustment to live harmoniously with a partner.

[105] ([632] astromatrix.org.)

Opportunities: 1. Deeply understanding human motivations 2. Channeling sexual energy into creativity

Challenges: 1. Being emotionally open to others 2. Overcoming obsessive desires

([105] astrotarot.net.) Typical features that opposition brings – you are emotionally upset by rejection. Also, you may cling to tradition or other metaphorical “safety blankets” developed in childhood in order to avoid social discord. You regularly repress your dark, taboo, or aberrant qualities out of discomfort and insecurity. Above all, you are afraid of fully expressing your feelings. You avoid expressing yourself and being free in your individuality. Also, you shy away from situations that prompt you to stand out. Or you will rebel and will retreat into a shell of reservations when faced with the opportunity to break a standard. With this Natal Moon- Lilith aspects the emotional equilibrium is ravaged by criticism, exclusion and alienation. Also, you feel painfully isolated. What to do to make Lilith work in your favor – Firstly, try to be yourself in the way you communicate. Secondly, working on self-acceptance is the key to empowerment.

9) ► **Mercury ☿ Parallel ♀ Venus** - (1°18') ♀5 | ♀12

([28] arionastrology.com.) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life

are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

10) ► **Mercury** ☿ **Contra-Parallel** ♂ **Mars** - (1°46') ♄5 | ♀8

([164] astromatrix.org;) The Debater

Opportunities: 1. Learning from Other Perspectives 2. Channeling Your Intellect Productively

Challenges: 1. Withholding Judgement 2. Listening More than Speaking

With Mercury Opposition Mars you will have a keen intellect and strong ambitions. You can be curious, opinionated, critical, nervous, hypersensitive and overly impulsive, often leaping to conclusions prematurely.

You are able to learn quite rapidly as long as you can maintain your determination to not lose focus on what you are doing. This aspect adds to your impatience and impacts your ability to communicate effectively. You can be quick on the trigger when it comes to verbal reactions to others, and you are not always courteous or tactful when it comes to expressing your opinions.

Try not to take things personally and be more objective with your dealings with others. You want to be the center of attention and make sure everyone has heard your voice and point of view. This is not a bad trait in itself; the problem may come if you become pushy or try to convince others that you are right. Everyone has their own point of view and you must realize that. It's good to try and understand different perspectives.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. Some with this aspect in their charts are prone to lying, especially if you have some other challenging aspects to Mercury or Mars. You love a good debate, but sometimes turn conversations that needn't be stressful into arguments. This is one of the biggest problems with this aspect, even though you are a good communicator, your inability to compromise, listen and not judge others can cause you to miss out on some good opportunities.

Try to be more diplomatic and graceful with your interactions and speech, tone down any

Mars aggressiveness to avoid making people feel uncomfortable or defensive. Because of your alert and sharp mind, you are able to be successful in many possible career paths, especially those where your communicative talents can be utilized such as Teaching, Education, Marketing or Law.

11) ► **Mercury** ☿ **Contra-Parallel** ♀ **Lilith** - (1°51') ♄5 | ♀6

([632] astromatrix.org;) Having a Mindful Persona

Opportunities: 1. Connecting with your higher self 2. Unleashing your true potentials

Challenges: 1. Accepting your shortcomings 2. Learning the art of accurate communication

The position of Mercury opposite Black Moon Lilith in your natal chart indicates a troublesome experience of comprehending the effects of your actions. Such behavior badly affects your personal and professional relationships. You feel hurt because of your feelings that people do not give you your due respect, and nobody listens and understands you.

Your mind and heart are in a contact pull because both go in opposite directions and create a well of intense emotions. You might feel incapable of aligning your desires and emotions and controlling your rage. It also hinders your ability to communicate without any fears. The opposition makes you feel misunderstood and controlled by others.

You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

12) ► **Venus** ♀ **Contra-Parallel** ♂ **Mars** - (0°28') ♃12 | ♃8

([173] astromatrix.org;) Friend Or Lover

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in

relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years. Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

13) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Neptune** - (0°42') ♏4 | ♏4

([192] astromatrix.org;) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

14) ► **Jupiter** ♃ **Contra-Parallel** ♆ **Juno** - (1°15') ♀4 | ♀1

([598] 12andus.com:) You may have a soft spot for pleasure and romance and although you want a long term commitment your eyes will wander.

You have to work hard to overcome your lust for life and distractions. Though your heart

is always with the one you love and you believe marriage or other serious commitments should be for life, you have a hard time controlling your hedonistic side.

You can be possessive and jealous when it comes to your partner. Even if you have had your own transgressions, you expect integrity and ideals from your partner and if they play games you can become angry. Yet you're also quick to forgive because you genuinely want to see the best in people.

If you work to overcome your desire to live the high life and savor the best of all of life's pleasures, you can find ways to show your commitment to your partner.

Otherwise your intentions may be good but you will find it hard to settle down and resist temptation.

15) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Chiron** - (1°18') ♎4 | ♈12

([122] astrotarot.net:) Typical features that this opposition brings: this aspect is in fact the process of transformation from broken to whole. Before you integrate the wound, you will feel broken, and separated from the world. You may periodically vacillate between a desire for expansion and a fear of experiencing or inflicting pain as a result of expansion. When you integrate the wound into your being, you will feel whole again. Jupiter will help this process. That is because it has the unique quality to bring separate parts into a unified principle. This opposition aims to bring out the best out of two planes. Jupiter is optimistic, generous and coherent. Chiron is the healer, compassionate but also unconventional. This Natal Jupiter – Chiron aspects are about accepting yourself with all your scars and imperfections, and helping other people accept themselves too. Identifying your own “sore points” and learning how to feel awkward” or out of place without hating or blaming yourself will be the beginning of a long process of healing. The potential for ideological healing through a significant relationship, especially with a mentor or teacher figure, remains high throughout your life. You need to look deeply into your own past, particularly those events that continue to create problems for you. Jupiter opposite Chiron will aid you in understanding.

- Positive traits: With this Natal Jupiter – Chiron aspects you are optimistic and generous, compassionate and also unconventional. Jupiter opposite Chiron in your chart is a signature for people who can make a great teacher.

- Negative traits: you often feel that you are not good enough or that you are strange to others. Yet the experience of distress, hardship, and tribulation can provoke you to push past limiting thoughts and awaken the unrealized potential from within.

16) ► **Saturn** ♄ **Contra-Parallel** ♅ **Uranus** - (1°07') ♊1 | ♏10

([198] astromatrix.org:) The Activist

With the opposition, you will tend to project inner tensions outwards onto others through your social and intimate relationships. These tensions arise as a result of the clash of the

Saturn and Uranus energy patterns within you and will continue to remain operating until you succeed in resolving the causes of the inner friction, through transforming the relationship of Saturn to Uranus.

You may feel torn between two polarized directions, past-future, order-chaos, orthodox-unorthodox, stability-change. This may make it difficult for you to decide on life directions, or you may become biased towards one pole to the repeated exclusion of the other, and some degree of repression of the ignored planetary qualities will occur. This can give you a hard edge to your personality, which is partly a result of trying to maintain a fixed inner center against the other inner planetary attraction.

You prefer to remain clearly in control but can express this with what seems to others an overly aggressive approach. There can be a lack of relaxed relationships, partly because you have a competitive attitude and desire to become personally important and authoritative in a social sense. It is doubtful if you will have many close friendships, because of an attitude of exclusion and distancing that you put up around yourself.

One area that can create conflict for you is a lack of openness to others, and that attitude of righteous knowing; this can block any real relationship from occurring, and often will generate antagonism from others, who look for opportunities to 'bring you down'. Learning to listen more to what others have to say is one lesson you need to apply; there is something of value to be gained from communication with every person, because the wisdom of the whole is reflected through each individual, and the routes that guidance and messages can take are infinite in variety.

If you are not open to the world and people, you will miss them, and just circle around in your own limited world. Life can be greatly enriched by sharing with others in an attitude of equality. Co-operation and compromise should then flow by such an adjustment in your attitude to others, as you break down that restrictive egocentric shell. It is likely that the Uranian energies will be less expressed than the Saturnian ones, so some degree of rebalancing may be required to free that planetary influence.

This can be released through personal creativity and allowing yourself to be freer and less tightly bound. This can involve the dissolution of limiting self-images, and an inner granting of freedom to others, so that you do not insist that they conform to your image of them. Often you attempt to direct their lives for them, especially in the more personal sphere of relationships, because it makes you feel able to control life. In the way that you are applying this, the results just inhibit a vibrant life.

The Uranian characteristics can also emerge if you become involved in social reforming groups, where you may release that aspect of your nature in an active manner through questioning the Establishment. What you may have to be wary of is a bias towards Uranus that leads to losing the awareness of the essential Saturn values in life.

What you should be aiming towards is a way to create a workable balance between these energies within your own nature and through relationships, so that the positive aspects of each can shine through.

17) ► **Saturn** ♄ **Parallel** ☾ **South-Node** - (0°26') ♀1 | ♄5

([203] astromatrix.org:) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign in which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

Opportunities: 1. Developing Your Psychic Sensitivity 2. Making Deep Connections

Challenges: 1. Protecting Yourself 2. Dealing with Difficult People

Any planets that are conjunct your Ascendant will influence your appearance and personality in a great deal. With the moon, our emotional sensitivity will be more pronounced. You may feel more sensitive to your environment and people around you. You may more impressionable and perhaps even have some psychic sensitivity or a strong intuition. This can allow you to influence the people in your environment easier because you can feel their emotions easier.

You have a good appearance and are quite warm and generous towards others and you will demonstrate your warmth and emotions to the world, it is hard to keep secrets from others. You may be more tied to your home life and family which means you may be a little more dependent on others. At the very least, your emotions can be volatile and it's hard to maintain a stable emotional personality unless the moon is in the 12th house and not the 1st.

([149] astromatrix.org;) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in your 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

3) ► **Sun ☉ Conjunct ♅ Pluto** - (8°41' S) ♄7 | ♄7

([10] astromatrix.org;) The Evolutionary

Your ambitions and desires will be highly influenced by your natal Sun sign, and these can be achieved by applying the Pluto energy to amplify your solar will power. Pluto offers the potential of regeneration and rebirth, which is also reflected in the pattern of solar myths, so you should be able to transform yourself and also to some degree your immediate environment to match your purpose.

You find it difficult to be balanced, especially in tolerating and understanding the frailties of humanity. You can probably adopt a fairly hardline philosophy, having the opinion that people can change their lives and be self-sufficient if they want to, instead of being weak and relying upon others, although you tend to resist change yourself.

You may use manipulation and psychological pressure tactics as levers to guarantee winning in the midst of any power struggles with others; your one-pointed ruthlessness can bring apparent success but may also bring an increasing number of 'enemies' in its wake.

Much of your energy will carry a sexual potency, and, irrespective of your physical sex, will have a penetrative quality to it and an aggressive masculine nature. Emotional understanding is likely to be a weak spot until certain transformations have occurred within you to break down self-preoccupation. you can also strongly react to social injustices and may be attracted towards the alleviation of social problems.

Movement in this direction is dependent upon the degree to which you become aware of the needs of others, and a corresponding diminution of your own need for power and success. The key issue is whether you are self-oriented or other-oriented.

12) ► **Mars** ♂ **Conjunct** Sp **Spirit** - (9°16' A) 138 | 138

13) ► **Jupiter** ♃ **Conjunct** ♆ **Neptune** - (0°15' A) ♎4 | ♎4

([62] astromatrix.org.) The Painter Of Dreams

This conjunction occurs approximately every thirteen years and tends to create characteristics that are often similar to the Pisces temperament, where both the positive and the negative qualities of both planets are present and highly active.

Tendencies towards excess, idealism, creativity and naivety will be evident. The Jupiter impulse of expansion may encourage you to reach beyond your actual capabilities. The sphere of relationships is likely to be a source of many lessons for you, and to reflect back several of your own tendencies towards those less realistic qualities of Jupiter and Neptune that are present in an unintegrated personality.

Yet this ideal of relationships will still persist, often despite many disappointing experiences over the years. It is probably wiser to be more careful in your more personal and intimate relationships, because unless you are aware of what is occurring, your love life could be painful. Many relationships flounder today due to mutual self-ignorance, where inner projections of illusions and the anima-animus patterns overlay the real nature of the participants, until time dissolves them, and each partner wakes up to realize that they are living with a stranger.

When disappointment strikes you, there is a tendency to retreat into a private fantasy world. This can be positively used as a self-healing technique, but you must avoid any temptation to use this purely as an escape, for if you do so you risk losing contact with reality.

20) ► **Sun** ☉ **Opposition** ♄ **Saturn** - (9°04' S) ♃7 | ♀1

([145] astromatrix.org:) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions

imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

25) ► **Saturn** ♄ **Opposition** ♇ **Pluto** - (0°23' A) ♀1 | ♄7

([200] astromatrix.org;) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is

ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

([248] astromatrix.org:) The Inspirational Thinker

The sextile offers a more fluent and easily flowing contact between Neptune and Mercury than the conjunction, one which can be better expressed in daily life and where the faculty of imagination can be beneficial both to yourself and to others.

Neptune adds an emotionally vitalizing quality to your mental creations, and to areas where an intuitive insight can sometimes offer surprising solutions to personal dilemmas. There is less evidence of the illusions which are often associated with Neptune contacts, and you help to dispel the build-up of any by having a fairly discursive and evaluative mind which carefully sifts through experience and information and attempts to transform it into usable knowledge.

There is likely to be an inherent curiosity at work, able to explore behind appearances and not being susceptible to accepting ideas or people at face value. This aspect is often found in the charts of successful writers, creative individuals or those involved in media communications, those who have an ability to perceive clearly and broadly, to represent a variety of opinions, attitudes and beliefs, and who have a wide and tolerant perspective on life. This can tend to lead to associations with others who have an intellectual bias, and those with a developed sense of social responsibility. There are idealistic tendencies within you, but less glamour than most, and you should ensure that you succeed in maintaining a realistic perspective with your social optimism.

Your fertile imagination and keen perception can lead to contributing towards expressions of social change, of alerting the general public to possible or existing social dangers. Within relationships, you are able to maintain a close and loving partnership and family, and friendships are similarly rich and rewarding, as you are relatively easy to get on with and good company.

You have the potential of inspirational qualities, and if these are developed, then you may become a leader or spokesperson for some affinity group, representing it ably. There can be a subtlety to your thinking and strategic planning that some may find surprising, yet it can be carefully evolved to avoid direct confrontational opposition, especially with more powerful social adversaries.

The only points that you may need to be wary of are being distracted by others and losing your momentum by following side-tracks. If this happens, it is partly your own fault as you are obviously not clear enough regarding what you intend to do, and you may need to clarify your intentions and aims sufficiently so that such false routes are rarely taken again. These cases apart, you have a lot of scope in taking personal advantage of what this aspect can offer to you.

([445] astromatrix.org:) Rebel At Heart

With Uranus Square your Natal Ascendant may cause some friction and problems in your relationships with others. You are a very unique individual and have trouble expressing your opinions and viewpoints with others, which may cause people to think you are a little weird. You have a restless and erratic temperament.

Possibly your experiences as a child have left you feeling afraid to get too close or too dependent on others, leading to problems in your domestic or professional. You insist on going your own way and doing your own thing, but your demands for complete freedom from duty and responsibility will create inevitable conflicts in your relationships. You tend to be the devil's advocate in your conversations, trying to force your views onto others without respect for their particular beliefs or opinions.

You are highly individual and crave excitement and tend to hate routine, a normal job with strict schedules will probably not work for you at all unless you have some positive aspects to Uranus especially to Saturn. Carving your own path is most important to you and the standard draws of money, wealth and career don't really interest you.

You have an abundance of creativity that should be explored as much as possible, and you need to work on your ability to compromise with others and not let your rebellious

attitude effect your chances for personal success. Working with others may not exactly be good for you but it will open up opportunities where your talents and creativity can help you achieve your personal goals. You may be drawn towards social work or activism, or helping young people become successful and more creative.

Challenges: 1. Living by Your Own Standards 2. Being Independent

This is a positive aspect, indicating that you are a very loving and warm person. You should have little difficulty in getting along with people, because being on good terms with others is very important to you.

Just make sure that in seeking love and approval, you don't give up an important part of yourself. Above all, be honest and don't try to use flattery and charm to make people like you. Your friends won't respect you if they think you do everything just to get people, especially elders, to like you. The only challenge of this aspect is that you must learn to set your own standards and follow your own goals, and not simply be and do what others want.

You have a strong creative drive, and if anything else in your chart indicates artistic talent, this aspect will reinforce it. you should try out various kinds of crafts and artistic studies to find out whether you have such ability. If you do, you will get great satisfaction from it. Often with this aspect, you feel that the world will take care of you even if you make no effort.

In fact, you may not have to work as hard as others, but you will have to work. It is not good for your character to be lazy and dependent on others. Probably you will always attract people who will take care of you, but if you depend on this, you will lose the respect of others as well as your own self-respect.

When you do, you will gain a heightened sensitivity to the plight of others and may also build your career success around channeling this energy to help and heal others.

56) ► **Sun ☉ Square ♂ Uranus** - (5°29' A) ♏7 | ♀10

([382] astromatrix.org:) The Dogmatic Independant

The energy of the square aspect can feel highly frustrated and, in some cases, turn towards a more aggressive and potentially violent form of expression, if there is not a suitable channel for it to be released through.

Discovering adequate forms is important to anchor the Uranian energy successfully, so evoking that Sun center cohesiveness is essential in dealing with the highly charged Uranian energy and is common to all these aspects made to natal Uranus. This is a perpetual Sun-Uranian task.

You can be erratic, individualistic, restless and nervously agitated, desiring independence and freedom from all social restrictions. it is even likely that your tendency to dissent can lead you to become socially isolated and alienated from others or radical

groups with whom you are in basic agreement. If unmodified, and released indiscriminately, this energy is quite capable of 'causing trouble in an empty house'.

Being the devil's advocate is a function that can often lead to confusion and loss of self, as eventually you either erode or lose sight of your own attitudes, beliefs or ideals, and this displaces you from strengthening your solar center. Even if the majority hold a certain opinion or belief, then that alone can require you to reject it and to oppose its validity.

From a more inclusive perspective there can be some truth in such a standpoint, as the majority viewpoint is often that of 'the lowest common denominator' and can reflect the most separative beliefs and opinions. You can be undisciplined, hating those predictable routines of life and work, often finding it hard to act responsibly and with full commitment. You react against conforming to social rules, feeling that they constrain your freedom, and you often follow your choices, irrespective of the repercussions and costs of doing so. You will probably fail to listen to well-meaning advice, and a stubborn need for self-assertion can lead you towards those very experiences and problems that you were being warned against.

If you look honestly at your life, you will observe those times where you misjudged, making foolish decisions and choices often through sheer contrariness and by asserting your 'free individuality'. Without awareness, no-one is ever free, but is merely a prisoner to their own unconscious tendencies, a prey to them, like playthings of the inner gods. At times you may become a little paranoid, especially when your choices have been unwise, influenced by unconscious forces in your psyche. It does not have to be like that. You can choose to take a more direct conscious role in your life, and not be a victim of your own ignorance.

The square can be an aspect of frustrated blocked transformation and renewal; the inner personal revolution that both Sun and Uranus would like to bring is being blocked. These inner tensions can become potentially violent and need to be redirected into constructive positive channels. You need to release any tendencies towards impracticality, antisocial attitudes and hidden urges for personal power, to stop being antagonistic purely for the sake of performing the adversarial role and use the freed energies to renew your own life.

As is probably recognized, you like others to be submissive to you, yet tend to lose respect for their individuality when they fall into that pattern of behavior. You need to learn how to respect and elevate their uniqueness because that is the corollary of your 'trip' and 'philosophy'.

Emotional depths need to be stirred more, letting those poisons of frustration and emotional conflicts rise to the surface to be encountered and understood, releasing and transmuting them by accepting them as a shadow part of yourself which should be

acknowledged and never denied.

57) ► **Jupiter** ♃ **Square** ♄ **Saturn** - (0°49' S) ♀4 | ♀1

([432] astromatrix.org;) Lacking Inner Conviction

With Jupiter Square Saturn you can be conscientious, restless and materialistic but lack direction and drive. You're unable to recognize your own limitations, so you plod steadily forward in the face of great adversity. You have poor judgment and bad timing-- you're never in the right place at the right time.

Long range goals lack proper planning, causing difficulties in business and financial affairs. Your career may also suffer through misfortune or lack of opportunities. If Saturn is weak, you lack the initiative and confidence to take advantage of any opportunities. You must learn to pursue long range goals steadily yet flexibly. You initiate activities or take on responsibilities without enough preparation and then fail to follow through or evade those responsibilities.

If Jupiter is strong and Saturn is weak, you have too little discipline and experience. If Saturn is strong and Jupiter weak, you work hard and patiently but can't get much done because you can't gain others' cooperation. You're often a slave to dull routine, appearing as a stick in the mud to others. You must stop comparing yourself to others since you feel you always come up short. You must recognize your own self-worth and use your talents now, or else in later years, you'll be full of regret at opportunities missed.

Freedom to act is often limited by family or professional oppression and you will have responsibilities with older people at some point in your life. Success comes in late life. Your religious, philosophic and educational values are rigid and religious beliefs tend to be extreme, often causing problems. You may be in danger from a natural disaster.

58) ► **Jupiter** ♃ **Square** ♇ **Pluto** - (1°12' A) ♀4 | ♀7

([435] astromatrix.org;) The False Prophet

This indicates that your personal philosophy and attitudes will condition your life, and because they tend to be fixed and dogmatic can serve to bring you into conflict with others. This philosophy or set of beliefs will either be 'self-created' or tend to reflect older, more traditional religious dogma; either of them is likely to be out of phase with much of contemporary life and social development.

You will either express a peculiarly unique and personally individual outlook or be willingly absorbed within a traditional structure. Basically, you are likely to be antagonistic to the modern world, believing that it is taking the wrong direction, and will be inclined towards a desire to reform the outer world and people so that they begin to conform to your world vision.

There is a tendency towards mental arrogance, a certainty of your own way being right

as opposed to the ways of others; and you are unlikely to be receptive to alternative beliefs and new ideas. You will be an active exponent of your way, expressing it forcefully to others, either by a challenging of their beliefs or by attempts at conversion; you feel that you have a mission to perform, and this conviction gives you the inner strength to continue.

If rejection occurs, you tend not to use that experience to re-evaluate your beliefs, but inwardly reassert your own sense of righteousness. Whilst it may appear that your own system of belief is intellectually founded, the truth is that it is rooted deep in your emotions, and you feel its personal meaning very intensely, thus whilst attempting to challenge and persuade others, you maintain a barrier to outer challenges against yourself.

You are afraid that if your belief structure cracked and began to fall apart, then your inner cohesiveness as a personality would too, as your identity is so intertwined with your own beliefs.

To some degree, most people are in a similar situation to yourself, where self-identity is defined by beliefs, opinions, attitudes, thoughts, emotions and body; in defending personal convictions you are defending yourself. It may be that your belief is not obviously religious; it could easily be political.

60) ► **Saturn** ♄ **Square** ♅ **Neptune** - (0°34' S) ♄1 | ♅4

([440] astromatrix.org:) The Self Defeatist

The square indicates inner tensions and frustrations, and it is likely that Neptune will be inhibited from true realization and will be bound within the unconscious mind by the barrier-forming restrictions of Saturn. This will cause you to be anxious, stimulating unconscious fears, anxieties, phobias, morbidity and guilt feelings arising from an overactive imagination which lacks suitable channels for a healthier release.

The consequences of this inner pressure and disquiet tend to create feelings of inadequacy, incompetence and inferiority. These may be quite illusory and unrealistic, yet they have a powerful influence on your actions and choices. As time passes and you perpetuate these tendencies, you continue to create negative results, which convinces you that such inferiority beliefs are actually true. You become a self-defeatist, and lack confidence in your own abilities. This negativity can spread until you begin to run away from accepting responsibility or challenges.

Denial of any aspect leads to its suppression into the unconscious mind, where it is likely to fester, slowly releasing poisons into the personality within the appropriate level of natural affinity, distorting body, emotions or mind. Such a forced cutting away of part of your nature is never wise and is as foolish as cutting away an arm because there may be an unsightly mole on it.

In accepting your own nature, self-forgiveness is required, and a refusal to compare yourself to any illusory ideal of perfection. Why feel guilty because you are not like an ideal? You never can be, and your real task is just to become yourself, warts and all; and coming to terms with that is a great freedom and liberation in itself. Face those fears of failure. Talents are there within you; they are just hiding out of sight. Find that pot of gold around the corner, and perhaps with a bit of support from others you'll learn how to really use it. All of those inner illusions, guilt trips, inferiority complexes and phobias can dissipate like chimeras in the sky. The self-imposed barriers of Saturn will collapse, and Neptune will flow through, healing you and inspiring you to find a new way.

65) ► **Midheaven** MC **Trine** ☉ **Sun** - (3°09' S) ♏3 | ♋7

([309] astromatrix.org;) The Achiever

Opportunities: 1. Reaching Long-Term Goals 2. Being Practical to Achieve Success

Challenges: 1. Learning from Authority Figures 2. Making Independent Decisions

This can be a strong indication of personal success. You have a strongly developed notion of who you are, and even while you are young you will want to be an achiever.

You want a great deal out of life in terms of goals and material possessions, but you are willing to work for them. You see the necessity of putting off today's pleasure to reach tomorrow's goals. At the same time, you can get others to work with and for you, so that all of you can achieve your goals. You are probably a very practical person.

You may have very strong ideals, but you are not likely to be carried away by them, unless the planetary energies in your chart are very idealistic. Even then, your ideals are likely to be about matters that affect everyone in the real world. You have a strong sense of your own values, and you will not get along well with people whose values are very

different.

Authority figures, starting with your father, will be very important in your life. If your father is absent from the scene, your mother may play a fatherly role. The first people in your life who act as authorities will strongly influence your ideas of success and the kind of success you will pursue.

Generally speaking, you should have a very good experience with these people, and they will give you a great deal of self-confidence so that you can stand up for yourself. Eventually you will be able to make independent decisions and govern your own life as well as the lives of others.

66) ► **Moon** ☽ **Trine** ♀ **Mercury** - (3°37' A) ♀1 | ♀5

([311] astromatrix.org.) The Charming Speaker

Opportunities: 1. Learning from Difficulties 2. Embracing Ambiguity

Challenges: 1. Balancing Emotion and Reason 2. Working for the Common Good

The trine indicates an opportunity to reconcile the Moon's instinctive, emotional energies with the mental and communicative energies of Mercury. You should experience few direct conflicts between emotional messages and mental messages. A channel exists between the conscious and unconscious personality; yet these do not often pull you in different directions or amplify stress and psychological conflicts.

In order to determine your reactions to experiences, you will need to evaluate emotions and feelings; and this underpins your Mercurial intellect. You approach life with a relatively open heart and mind and see all experience as contributing to self-development. Even though your Moon may resist life's sometimes harsh lessons, you can see the positive value that can emerge from difficult times. Through this attitude and heightened sensitivity, you can acquire insight in addition to knowledge, particularly when perceiving the interconnectedness of information and new ways of using it. This provides a new foundation for ongoing creative expression.

You can be inspired by a desire to utilize natural talents and abilities for social benefit; and your 'common sense' reflects a progressive, optimistic attitude, yet one which is not overly idealistic or blind to life's realities. You recognize that all is not either light or darkness, but that much of life exists in the shadow or gray area between.

Instead of dwelling on the negative, you prefer to look toward more positive future possibilities, hoping to ensure that hard-won lessons from previous experience are applied when dealing with present situations. Experiences from the past can serve as stepping-stones taking you progressively onward. In social and intimate family relationships, you will be appreciated for your sympathetic understanding.

You have genuine concern and compassion for others, and a love of fairness and equality of opportunity. You help others less fortunate than yourself, and those who are

passing through traumatic times of life disruption. Emotional anxieties are usually kept hidden, although, in your sharing and helping others, your previous experiences and lessons may be deliberately mentioned if they serve to support or illuminate problems. You are not the type, however, to unload any current difficulties onto the shoulders of others.

Reason and logic are strong personality components, although these are colored by your instinctive emotional valuations of people, situations, and circumstances, forming a uniquely personal viewpoint.

([332] astromatrix.org:) A Natural Born Lover

Opportunities: 1. Loving Intensely 2. Seeking Pleasure

Challenges: 1. Understanding Indirect Communication 2. Understand Other's Motives
Affectionate, pleasure-loving, and passionate, you have an intense approach to life that lasts well into middle age and sometimes longer. You have a great deal of warmth, which attracts others to you. Your relationships should be good. Your sex life should also be good. Not that this aspect is a guarantee of romantic success - there can still be an unhappy love affair or two - but it's certainly a plus and can help offset other stressful romantic aspects you might have.

One thing with this aspect that could need watching is the fact that you tend to be susceptible to flattery. While you don't play games with other people's affections yourself, you're a bit vulnerable to being caught up in other people's games, simply because you mean what you say and therefore assume others also mean what they say. Attraction extends to money.

90) ► **Midheaven** MC **Quincunx** ♂ **Mars** - (2°41' S) ♂3 | ♄8

([514] astromatrix.org:) The Dominator

You will tend to work against yourself until you really understand who you are and what you are doing. Your immediate desires, especially if they are compulsive and urgent, may actually prevent you from getting where you want to go in the long run.

Try not to be shortsighted, and do not assume that people who warn you of this are simply trying to hold you back. You may be rather suspicious of such people and assume that they are just trying to dominate you. This is because you sometimes try to dominate others for no particular reason. Also, you sometimes pick a fight just because you are suspicious of someone. You try to seem confident and self-assured; probably you will be when you are older, but now your aggressiveness comes from a lack of self-assurance, from a fear that others will see your inner weakness and take advantage of you. Actually, most people don't want to bother; the aggressiveness you see in others is really a reflection of your own.

Your relationships with male authority figures may be quite difficult, because you see them as challenging rather than trying to help you. It is difficult for you to acknowledge that someone has a right to be above you. This could be a serious source of trouble with employers. Basically, the challenge of this aspect is to learn about yourself and your limitations, so that you can have self-confidence. Then you will no longer see need to challenge others for no reason, and you won't fear challenges from them.

If however, you insist on abandoning tradition and balking at authority, if you lose patience with others or with society at large, you may find a frustrating path through your career, marked by fits and starts and total losses. Rebellion can undermine your success if you are reacting to frustration without considering the big picture.

It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

You may have difficulty achieving your ambitions and although you may be a driven and goal-oriented person, it is best to slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously.

You can still receive recognition for your ambitions, it just may take longer than normal and however gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it.

([130] astrotarot.net.) The chance moment!

Typical features that this conjunction brings: You find it relatively easy to be a person of importance. Also, Your own self-esteem attracts prominent people to you. And the risks you take are usually rigorous. Being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

([66] astromatrix.org.) Learning Moderation

With North Node conjunct Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. Similar to North Node conjunct the Sun, there are blessings, benefits, protection, and often a life that is free of karmic debts. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

([88] astromatrix.org;) Spiritual Evolverment

With North Node conjunct Neptune, the imaginative faculties get a boost. You are encouraged to become more sensitive and intuitive. You can be a visionary and prosper through activities linked to Neptune. Possessing an attraction to film, cinema, the arts, photography, or portrait painting. Design, decorating, and dance are other attractions. Poetry and writing can also offer favorable paths.

You are highly creative and artistic. You can be inspiring and can bring positive transformation to whatever fields of work you take up. Occult works may intrigue you or you can be wrapped up in Neptunian dream realms in one way or another, usually with big dreams to impact the world. You can also have a refined sense for what is socially acceptable; therefore they tend to be popular. The house placement of Neptune indicates where imagination is significant.

One pitfall is an attraction to drugs. Initially you may use drugs as an avenue to access greater spirituality or enlightenment, but the Neptune aspect is seductive. You can be swept along in its current without realizing it. You are also prone to being misled by their own desires or being deceived by others.

You have larger-than-life goals that are often noble and spiritual. Beware of a tendency to get swept up in social fads and go with the flow in unhealthy contexts. You must learn autonomy and lucidity while seeking the spiritual evolverment you crave.

([187] astromatrix.org;) Lacking Confidence

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. While you may see compromise as something for the weak, it actually takes great strength of character to meet others halfway.

It is often the case that we experience the difficulties of an opposition aspect through the behavior of other people, or actually seek that quality in another. This is particularly true here, since an opposition to the Ascendant places Mars on the 7th house cusp, the house of relationships. Hence, you may often attract people who express the qualities described above, who challenge you in some way, forcing you to stand up for yourself and develop your qualities of independence and self-determination.

Your true spiritual connection comes from your intimate time with family or serving others in some aspect of your private life. Your career path or public image may distract you from this higher calling.

Yet when you learn to create a balance between your deep desire to be of service behind the scenes your career path or public persona, you will be able to succeed both in career and on your spiritual quest.

You may be challenged at some time to sacrifice some aspect of your career in order to satisfy your spiritual calling. When you make this sacrifice, you will benefit in the long term.

([165] astromatrix.org:) The Pseudo Intellectual

When Mercury is in Opposition to Jupiter, you will feel as though you want a lot without putting in the effort to get it. You have an original, fertile mind but are often absentminded.

You can be a good bluffer, but you're easily frustrated, and your memory often fails

under stress. Your mind is quite active, and you are able to learn when you want to, the trouble is you rarely find the persistence to keep going or you can get easily distracted by other subjects. You need to acquire thoroughness and attention to detail. Your thinking and studying habits are not always orderly or disciplined, and this can of course result in sloppiness.

In an attempt to attach greater meaning to your thoughts and ideas, you might frequently overstate or overestimate. You can be extraordinarily funny and interesting. The problem is that you can alternate between the rational, critical and logic minded Mercury to the idealist, optimistic big picture Jupiter which can make you lose focus or become confused as to why you are doing what you are doing.

You must learn to be more disciplined, to concentrate more on details and to be more persistent with your projects. Try not to alienate others that hold a different opinion or belief to yourself, or avoid interactions based around intellectual inferiority. Become a better listener, try to understand different points of views and perspectives, this will help develop your mind further and assist you in having more clarity.

Some good careers where you might be successful in if you put in enough effort are Law, Education, Teaching, Lecturing, Marketing or other fields where your communication and literary skills can be put to use.

19) ► **Contra-antiscia-Neptune** ♀ **Conjunct** ☿ **Mercury** - (0°16')

([168] astromatrix.org;) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially

'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and

Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 2° **Sagittarius** 30' and in the **7th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 1° **Capricorn** 39' and in the **8th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 17° **Taurus** 51' and in the **12th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 3° **Pisces** 36' and in the **10th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 27° **Libra** 28' and in the **5th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 13° **Taurus** 12' and in the **12th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 25° **Cancer** 29' and in the **2nd** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 15° **Aquarius** 54' and in the **9th** house.
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 16° **Sagittarius** 3' and in the **7th** house.
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment
Nemesis in Seventh house (Libra): plasticity, divorce, separation, the pen

Lots related to family:

The **Lot of the Father** is in 26° **Sagittarius** 8' and in the **7th** house.
If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 4° **Taurus** 0' and in the **12th** house.
Same as for father.

The **Lot of Siblings** is in 17° **Pisces** 54' and in the **10th** house.

The **Lot of Children** is in 16° **Virgo** 10' and in the **4th** house.

The **Lot of Daughters** is in 28° **Aquarius** 33' and in the **9th** house.

The **Lot of Sons** is in 15° **Leo** 9' and in the **3rd** house.

The **Lot of Marriage for Woman** is in 6° **Cancer** 25' and in the **2nd** house.

The **Lot of Marriage for Men** is in 27° **Taurus** 44' and in the **12th** house.

The **Lot of Deceit in Marriage by Woman** is in 2° **Capricorn** 52' and in the **8th** house.

The **Lot of Deceit in Marriage by Men** is in 18° **Scorpio** 40' and in the **6th** house.

The **Lot of Marriage (in general)** is in 5° **Libra** 36' and in the **5th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 19° **Capricorn** 50' and in the **8th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 19° **Pisces** 7' and in the **10th** house.

The **Lot of Treachery** is in 16° **Taurus** 37' and in the **12th** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 7° **Scorpio** 33' and in the **6th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 2° **Sagittarius** 25' and in the **7th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Pisces

(canvasofthecosmos.tumblr.com;) Pholus in 12th House/Pisces: Has sudden and reverberating realizations with divine energy, often exposed to, even tested, several religions- as many as you can get your hands on, at least- to find a true belief system that shakes you to your core. You often find that things just don't quite click, shaping your beliefs around the one you just feel is right. It is common for this placement to jump from one end of the spectrum to the next over your life, converting from one faith or even obsession to one that seems the polar opposite. You find the similarities and form an at least digestible belief system if not the ideal one. Alone time is rejuvenating, as one way or another you never seem to have you truly to yourself. It can also be scary, as you realize perhaps too much at times. Don't be afraid of solitude or meditation, as you may find something worth devoting yourself to, as after death comes rebirth.

Pholus in 10th house

(12andus.com;) Your search for truth and wisdom leads you to try to establish security and a solid foundation.

You want to be in a career that provides purpose and allows you to do something meaningful. Your ideas and hard working nature lead to explosive transformation.

You can unleash a dramatic and powerful transformation when you work toward success in achieving your goals. You may become intoxicated by your desire for wealth and success. This can lead you to get so engrossed in the tediousness of work and career that you start to forget your purpose.

Dramatic and chaotic situations can be wake up calls, pulling you away from the distractions and back to your true mission.

You may feel extra protective but find there is a major catastrophe from which you can't protect others. Learning to let go of control and putting your energy into what you can manage and ways you can be productive is part of your mission when a breakthrough is warranted.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Virgo (Rx)

(12andus.com:) You are passionate about details.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

Eros in 4th house

(12andus.com:) You can be turned on by connection to home and by emotional security.

When others show vulnerability and emotion, it is a key that unlocks your erotic attraction and allows your passions to spill over as well. You are easily drawn to show affection and nurturing to your sexual partner.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Aries

(astronomicallyaligned.tumblr.com:) You're curious about testing borders and your ground. You might get a sudden impulse to try something new or to surprise someone. Your curiosity is like a huge fire within you. And like the fire, it grows and expands the more air it gets. It's a living creature in you. A dragon, wanting to break out and see the world. But be careful. If you let that fire escape from you, you will lose control over it. It will consume oxygen and grow into something unstoppable. And destroy everything in its path. If you open the box, fire will burn down the earth. Use that fire as guidance, but don't let it loose.

Pandora in 11th house

(astronomicallyaligned.tumblr.com:.) You're curious about your hopes, wishes, friends, community, society, and groups. Maybe you'll try to lead them, but end up causing despair.

Nessus

(vamzzz.com:.) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact.

Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Aquarius

(smartyoungsters.com:) This is the Nessus who is always "active", he can't live without having a cause to fight for. He will be the initiator of an innovative NGO and will start movements against those in authority. He is a social media freak who starts movements by making use of the latest gadgets. In fact, some of them might be his own inventions in public interest. This Nessus has an OCD for innovation, activism, groupism, breaking laws and traditions. He uses his social skills and friends for manipulation. Preys on the weakness of the authorities, traditions, laws and old technology. When expressed positively, he can be a leader whom the world will thank for centuries to come. He will be the scientist that will come up with a breakthrough for deadly diseases, energy shortage and climate change. A friend who stand by a weak friend and start a successful campaign for him to give him his rights. In love, this is the most erratic and eccentric Nessus who is like a gypsy with a OCD with "hippism". He would expect his partner to have similar traits or he will disappear in thin air after turning on his abusive best that is.

Nessus in 9th house

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him

"how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Dejanira | Victimhood, Toxic Submission

Can indicate masochism (self-harm), being drawn to sadistic types or a victim mentality. No fault of her or his own. The person did not choose his chart. He has the power to respond, only. All charts can be overcome.

[1] where you require excessive strength in others

Dejanira in Gemini

(cancerouspastelstars.tumblr.com:) May be a person victimized by gossip, by their siblings or by other's words in general; mental abuse.

Dejanira in 1st house

(mychristianpsychic.com:) The 1st house may bode for one to be a victim, more than other houses. The reason is that we wear our 1st house on our sleeve. Any planet or asteroid that resides in the 1st house will be part of our outer apparel. Hence, with Dejanira in the 1st house, one may have the "vibe" of being a victim. Also, one may be

victimized by being denied independence or a sense of self.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be

unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:.) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change. To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
