Life Path Number: 7 = (0+9) + (0+8) + (1+9+7+0)

([659] numerologycalculator.online:)

The Intuitive

The Life Path 7 suggests that you entered this plane with a gift for investigation, analysis, and keen observation.

You are a thinker of the first order. You evaluate situations very quickly, and with amazing accuracy. As a result, you are thorough and complete in your work, the perfectionist who expects everyone else to meet a high standard of performance, too.

It's easy for you to detect deception and recognize insincere people, and you avoid them. You aren't one to have a wide circle of friends, but once you accept someone as a friend, it's for life.

You need a good deal of quiet time to be with your own inner thoughts and dreams. You dislike crowds, noise, distractions, and confusion.

You rely heavily on your experiences and your intuition, rather than accepting advice from someone.

In the most negative use of the 7 energies, you can become very pessimistic, lackadaisical, quarrelsome, and secretive. A Life Path 7 individual who is not living life

fully and gaining through experiences, is a hard person to live with because of a serious lack of consideration for others. This may be why some 7s actually prefer living alone.

Fortunately, the negative 7 is not the typical 7.

Expression (Destiny) Number: 6

([659] numerologycalculator.online:) The number 6 Destiny suggests that the direction of growth in your lifetime will be toward a greater sense of responsibility, love, and balance. Development in life must make you more helpful, conscientious, and capable of rectifying and balancing any sort of inharmonious situation. You must be a person very much inclined to give help and comfort to those in need. You have a natural penchant for working with the old, the young, the sick, or the underprivileged.

As the saying goes, charity begins at home, and the home is where you must be a special person. The qualities of the 6 make the finest and most concerned parent, and one who is often deeply involved in domestic activities.

Openness and honesty is apparent in your approach to all relationships, particularly close family relationship.

A happy home life is the goal of Destiny 6, and if you live up to the promises of this number, you will reap this reward most likely with some degree of luxury and grace.

Although you may have considerable creative and artistic talents, the chances are that you will devote yourself to an occupation that shows concern for the betterment of the home and of the community at large.

The destiny of the 6 is often a career in medicine, welfare work, education, dealing in the arts, furniture, decorating, landscaping, home construction, religious endeavors, or scientific fields.

The positive side of the number 6 suggests that you are very loving, friendly, and appreciative of others. You have a depth of understanding that produces much sympathetic, kindness, and generosity.

If there is an excess of the number 6 in your makeup, you may exhibit some of the negative traits associated with this number. This can include stubbornness, self-righteousness, or dominance. There may be a tendency for you to be too exacting and demanding of yourself, too.

In this regard, you may at times sacrifice yourself (or your loved ones) for the welfare of others. Many with the Destiny of the number 6 worry much too much. In some cases, the over zealous 6 has difficulty distinguishing helping from interfering.

Life Path - Expression Bridge Number: 1

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would

rather believe the viewpoint of others than your own choice. More often than not you think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

Heart's Desire (Soul Urge) Number: 5

([659] numerologycalculator.online:) These are your non-conventional adventure seekers who don't like to be confined by limitations or limited by societal norms. People with this soul urge long to travel and thrive on change and a variety of experience.

Freedom is an essential element for your happiness to be complete. You love traveling, seeing new places, meeting new people, trying new things.

Whenever a new idea comes to you, it gets you excited and your enthusiasm is infectious. This is a valuable leadership ability and one that you must work to continually cultivate and develop.

Be careful in your pursuit of change and be mindful of where your desire for freedom leads you. This part of your nature can make you extremely impetuous. This is especially true when it comes to finishing things you start. The goal can become an obsession that keeps you from seeing how to best to achieve it and that will tend to frustrate you.

Frustration can only hold you back and that sense of disappointment can make you become very reserved emotionally.

Don't be afraid to release the passion that wells up within you. Fives are very passionate, they just have trouble finding appropriate outlets for their passion. When you find them, you will be unstoppable.

Personality Number: 1

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

Heart's Desire - Personality Bridge Number: 4

([660] numerology.center:) Nature influences you beneficially. Spending time outdoors and enjoying the beauty of nature brings you calmness. It is useful for you to become more systematic. Success is impossible without a methodical, comprehended system of steps. One more essential thing is to understand the real state of affairs because, sometimes, your imagination gives the wrong picture about things.

Other people will understand you better if you understand yourself and become assured in such central things as the meaning of your life and your principles. Reliability and punctuality are the things which are important to work at.

Quiescent Self Number: 1

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

Maturity Number: 4 = 7 + 6 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with limitation. You're being called upon to work diligently to reach practical goals, develop systems and processes that help you reach your goals, and to leave something of lasting value in the world.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to limitation and restriction to center stage. Situations will arise highlighting your sense of adopting optimistic step-by-step processes to get where you want to be, understanding where you get in your own way by being rigid and dogmatic, and to understand the difference between managing and micromanaging.

What that might look like:

- Experiencing events that require that you examine the ways in which are overly responsible or irresponsible.
- Evaluation of self-defeating behaviors based in feelings of restriction and limitation.
- Examining the ways in which you have either been unable to commit to work or home life – which has led to undesirable outcomes – or the ways in which you have been a martyr to work that has felt unsatisfying to you.

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

Karmic Lesson Number: 9

([664] worldnumerology.com:) The 9 Karmic Lesson reflects the need for compassion and tolerance – to identify with the trials of others, including those outside of your personal relationships.

Look beyond your day-to-day life. Practice broadening your view of life and your connection to the world. Consider the needs of people far from you as being a part of your own.

The challenges of the 9 Karmic Lesson will create circumstances that ask you to sacrifice personal gain for the good of a project or larger goal. You have the ability to impact the wellbeing of others, but may not know where to start. You may be reluctant to commit time (or money) to a social issue you don't fully understand or, seemingly, doesn't affect you. This lesson asks you to make that effort. It is the road to true happiness for you, as well as those you touch.

The effects of this Karmic Lesson are diminished if you have at least one 9 among your core numbers (Life Path, Birthday, Expression, Hearts Desire, or Personality Number).

First Pinnacle Cycle: 8

(Month + Day) - from age 0 to 29 (based on LPN) - ([665] feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial

activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 1 Number 8: First Pinnacle: If yours is an 8 First Pinnacle, chances are that you may become involved and interested in business or commercial activity at a very young age. You may be the kid who mows lawns and starts his own business or perhaps you tap into a more aggressive 8 energy and find another money making endeavor that surprises the adults around you. Your focus and dedication to your entrepreneurial enterprise is unyielding. Yet you most likely will face limitations and restrictions, which you'll find these frustrating or just downright debilitating. You excel at practical thinking. You'll be tested severely from an early age in the realms of personal power.

Second Pinnacle Cycle: 8

(Year + Day) - from age 30 to 38 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 2 Number 8: Second or Third Pinnacle: If you encounter an 8 vibration during your Second or Third Pinnacle, you're apt to find yourself in the executive world—or you could be married to an executive. You're required to rely more on rational judgments and less on emotional impulses. You're single-mindedly focused on your ambition and achievement of great financial success, power, and authority.

Third Pinnacle Cycle: 7

(1st Pinnacle + 2nd Pinnacle) - from age 39 to 47 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a

bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 3 Number 7: Second or Third Pinnacle: If you experience this vibration in your Second or Third Pinnacle, you'll be offered an opportunity to refine and specialize your skills down to a fine art if you so choose. Unless you're directly involved with some sort of research, spiritual, or philosophical endeavors, progress during this Pinnacle can feel painfully slow. The benefits to your 7 Pinnacle won't be seen in your material or financial realm as much as in your spiritual life and internal realm.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

Fourth Pinnacle Cycle: 7

(Month + Year) - from age 48 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 7: Fourth Pinnacle: As a 7 Fourth Pinnacle, your spiritual development will be undeniable. You'll be called upon to teach others what you've learned. Continued time for study, development, contemplation, and higher learning are keys to this final Pinnacle. The 7 vibration at this point in life requires detachment from the practical realms and putting a renewed focus on more philosophical thinking and relating. You may find it difficult to relate to people during this time, so it's best to seek out like-minded souls with whom to share ideas. Be patient and open though. People will come to you to hear what you have to say because of the wisdom and knowledge you have cultivated and gained through your life experiences. It's part of this Pinnacle to become a master teacher and share your wisdom with others.

First Period Cycle: 8

(Month) from age 0 to 29 (based on LPN)

([666] worldnumerology.com:) You are under an extremely benevolent period for work, career, and financial reward starting at an early age and continuing into your mid-thirties. The key is hard work and the willingness to rededicate yourself after setbacks or

difficulties.

You will have greatly enhanced abilities as a manager, organizer, and financial planner. You have a gift for seeing the broad picture and carrying out bold plans. You can gain financial freedom during this period. Business and career activities go well, but require much attention and commitment.

You are being pushed to take control of your career or enterprise and bring it to new heights.

It is a time when power falls to you, but must be used wisely and with purpose.

Second Period Cycle: 9

(Day) from age 30 to 56 (based on LPN)

([666] worldnumerology.com:) This is a period where you develop a broad view of humanity and sincere concern for the well-being of others. Tolerance, acceptance, and universal love are the goals of a 9 Cycle, and people under its influence move toward those ideals.

Humanitarian principles and social service are the keys to personal happiness in a 9 Period. Hard work directed toward higher ideals is rewarded. Creative talent is enhanced, especially when joined by a larger social purpose or message.

There is an element of sacrifice or letting go, as you are asked to forgive past grievances and part with negative attachments.

You are inspired to live according to a higher ethical standard, with personal enrichment as reward.

Third Period Cycle: 8

(Year) from age 57 (based on LPN)

([666] worldnumerology.com:) As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle.

There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others.

You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8.

Your key to success lies in understanding the limits of material wealth.

First Challenge Number: 1

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

This Challenge Number has already been explained previously. (above)

Third (Main) Challenge Number: 0

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects

of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given “a free pass,” so to speak. You’re being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It’s suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There’s great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Fourth Challenge Number: 0

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 5 (09 + 08) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It

affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 5 brings the inclination to express a personal sense of freedom.

This year, it is likely to be easier to get out of established habits and patterns of behavior than in most previous years, with a tendency to do so. It's a year of changes because there's a tendency to be interested in new things and to follow whim. The changes experienced this year can be thrilling and inspiring.

New opportunities and new conditions tend to manifest in response to the year's broader fields of interest and activity.

There tends to be an inner push to go do something, anything, so long as it's a new experience and an expression of the sense of personal freedom.

Personal Year Number (for 2023): 6 (09) + (08) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 6 brings additional attention to domestic affairs and family-related responsibilities. It is a year of home, harmony, beliefs, and responsibility.

It also tends to be a duty year, so to speak — being needed in many directions and people making more demands. It is also a year when maintaining harmony in the home tends to matter more. And being neighborly.

There are likely to be enhanced feelings of goodwill.

There tends to be more responsibility, love, self-sacrifice, protection of family members, sympathy, and compassion. And beauty.

(feliciabender.com:) It's time to regroup, nurture and be nurtured. This is also a year where your personal magnetism is at a peak. Big opportunities await you this year both in your career and your intimate life. It's a good year to get married or engaged if you

have been hovering around that decision. It's also a year where you may seek a divorce, a break-up, or other relationship splits. This year is all about evaluating the relationships in your life.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): S

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is predisposed to approach life with the idea of personal independence — accompanied with ambition, charisma, and charm.

([671] spiritwalk.org:) You attract people with your sense of style and wit. You are a loyal and emotional person, though often you tend to exaggerate things and think too much. Try to be reasonable and don't let your emotions determine your life, give a leading role to your intelligence.

([672] numerologist.com:) Cornerstone: People are willing to work with you because you are so charming and often handsome or beautiful as well. However you have an impulsive nature and scattered nature that makes it hard for you to get anything off the ground.

([673] numerologyzen.com:) Letter S. This letter is spontaneous, flexible as well as superior, knowledgeable and sometimes wise. It corresponds to sentiments, emotions and mobility. Graphically, S is unstable on it's base while being very open towards the inner world and the past on the left side (S has a good memory) and towards others, the outside world (opening on the right hand side). The emotional intermediate zone is characterized by a slope which makes S a bit elusive in this area. Emotive, S wavers and can live these sentiments and emotions like waves on the incoming and outgoing tides, waves that can overwhelm [him,her]. That's why S must learn not to expose [him,her]self too much or expect too much from others because [he,she] could easily be disappointed and hurt. However, S, the 19th letter, also knows how to recover and shine (the sun after the emotive storm). S will regularly be transformed and improve. S has all the qualities of independence, autonomy, will power, commandment and warmth, which will allow [him,her] to have a position where [he,she] can shine and be recognized by everyone. S incarnates a raised ideal and knows how to give a creative dynamism. S likes to progress. Although ambitious, S stays preoccupied by the impact of [his,her]

actions and behavior on others. Looking for the fair balance between taking others into account and caring of [him,her]self, S is a wave who can pass from highs to lows. S will sometimes need to express [his,her] independence and individuality in an abrupt fashion, then, after the revolt, will let [him,her]self be invaded by emotions and sentiments and will no longer exist for [him,her]self. S's faculties of analyzing situations clearly and objectively are then handicapped by [his,her] affective reactions. These changed of attitude can give [him,her] a bizarre behavior pattern. In fact, S has the mind of a chief, but will show a certain reserve or guilt in using it. S must develop [his,her] originality in order to channel this sensitivity and imagination which is too full. S could steer [him,her]self towards fashion or stylism, generally possessing this type of talent. On the other hand, S has a sense of business and finance (intuitive), which is linked to [his,her] sense of helping others out. In fact S is an ideal candidate for a high responsibility position.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: U

[674] [671] [675] ([674] affinitynumerology.com:) Uplifting creativity.

Optimistic creative expression and inspiring social interaction tend to be the primary approach to life. The person is likely to be charming and kind.

([671] spiritwalk.org:) You work hard and you get decent money, but still you cannot save it. You need to learn to prioritize things that you need and that you want under any influence. Try to be more consistent and not to change places of work. You are tactful, kind, creative and have an amazing sense of style, so use your strengths.

([675] numerologist.com:) The U reflects the energy of the number 3. When you have the U as your first vowel your tendency is to respond to the world with humor and joyful communication. You are a seeker of spiritual enlightenment and respond to life with energy and spontaneity. You're often a lively storyteller and can excel in entertainment – no matter what you're doing. You're led by your emotions – yet you often don't know how to manage your emotions immediately and can experience “explosions” or “implosions” of emotional energy. Prone to exaggerate, you can slip into superficiality and scatter your energies when you aren't focused on the task at hand.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is

still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): A

([676] ezinearticles.com:) This letter indicates that assertive or aggressive feelings could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): E

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "E" tends to complete projects quickly. There are so many other fun things to do.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([672] numerologist.com:) Capstone: You feel you must be in charge at all times or a project will not succeed. As you refuse to take advice from others, your projects often fail.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

9 on the Physical Plane

Your reverie and tendency to unreasonable idealization of other people and current processes are more than compensated by your serenity, tolerance, strength, and nobility. You think globally, and carry out equally global projects. Such people, despite

some inherent impracticality, become great philanthropists, politicians, publishers, and public figures.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

7 on the Mental Plane

Your outstanding erudition stems from your inquisitiveness, which, in its turn, demands new, more extensive knowledge. Just knowing is not enough for you. You always want to understand, get to the essence, and reveal the origins. You are a skilled psychologist, able to adequately assess people's positive and negative characteristics. Don't rush to criticize them based on this understanding. You need to endear yourself to people, and make them trust your opinion.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

8 on the Emotional Plane

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a “power unit”, regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

9 on the Intuitive Plane

Your motto is imperturbability and constant self-control. You are almost devoid of emotions; the others' emotional expressions arouse your distrust and even outright irritation sometimes. Beware: next stages on this way are isolation and anger. Try to be more understanding to those whose mode of behavior differs from yours. Pedantry and meticulousness can make you an indispensable employee in business and management.

(next source:) affinitynumerology.com/multi-dimension-planes-of-expression)

(The First Step to interpreting the multi-dimensional planes of expression calculation results is to note where the preponderance of letters are. Determine which plane(s) contain the most letters. Then, in each plane, determine which dimension(s) contains the most letters.)

For results with the most letters on the Mental plane, the person tends to have mental acuity, ever ready to think and understand. The person tends to have the qualities necessary for big business, invention, and leadership.

With the most letters on the Mental plane and in the Dual dimension, the person tends to follow through, ensuring progress is made, and can be a good leader.

(The Second Step to interpreting the multi-dimensional planes of expression calculation results is to note the values of the planes and dimensions with the most letters. For the plane(s) with the most letters, note the "Value" number at the far right table column. Also note the "Value" number for that plane's dimension(s) with the most letters.)

Value of Mental Plane (most letters) - 7

This has already been described accurately previously but let us look at the general meaning of the number in numerology.

7. Introspection — The essence is focused on knowing itself and the world it exists in. Study is an aspect of the essence, as is wisdom. Answers generally come from within. There's a quest for perfection. Descriptive words are perceptive, astute, introspective, wise, analytic, literary, spiritual, intuitive, and knowledgeable.

Inspired Dimension of the mental plane (most letters) - 3

3. Creative — The essence is composed of creative self-expression. Creativity can be manifested in various ways — painting, dance, writing, architecture, sculpting, decoration, even social interaction. Descriptive words are social, optimistic, tolerant, inspirational, creative, expressive, and artistic.

(The Third Step is to determine the dimension with the preponderance of letters independent of the planes. Note also the value column of the dimension with the preponderance of letters and obtain the number's meaning.)

It promotes harmony and encourages an idealistic way of life. Descriptive words are idealistic, domestic, nurturing, compassionate, cooperative, responsible, harmonious, and family centric.

(Note by me:) It is probably possible to look at the "Grand Total" as something describing you more overarching. The number is always the reduced sum of both the planes- and dimensions- values. This definition is general, not specific to it's position in the chart.

Value of Grand Total - 6

6. Nurture — The essence resonates with nurturing family first, then friends and the community. It takes its nurturing responsibilities seriously. It promotes harmony and encourages an idealistic way of life. Descriptive words are idealistic, domestic, nurturing, compassionate, cooperative, responsible, harmonious, and family centric.

Value of Grand Total - 33

The master number 33 is easily the most influential of all master numbers, perhaps the most influential of all numbers. A person expressing the master number 33 generally is highly knowledgeable and checks pertinent facts before advocating an ideal.

People with a master number 33 expressed at its fullest are often seen as ones who nurture, heal, and teach. And very effective they generally are, with little or no personal agenda other than to guide and help.

The person with a master number 33 generally has an ideal in mind. It might not be an ideal shared by everyone. However, with the influence a person expressing the master number 33 has, the 33's ideals generally gain the most traction.

One of the key things to remember about the master number 33, about all master numbers, is that they represent potential. It isn't required that a person take advantage of a potential. People with a master number 33 can live life just fine without delving into the potential of the number.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 11

"Gentle" - you are willed enough and have a level head. You can be a leader without any diktat or aggression, and able to be a compliant, enterprising and patient managee. You prefer to avoid severe conflicts.

Vital energy — empty

"No energy" - fast exhaustion from overexertion or nine-to-five job; frequent depressions. You often want to be fuelled by emotions (especially negative) of other people, like a vampire. It will be difficult to choose a job you can manage. You should really sleep well, workout or practice yoga.

Cognitive, creative — 3

"Low interest" - this level is sufficient for superficial knowledge of the exact sciences, techniques, algorithms. You also have some inclinations to invention and creativity.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — 777

"777" is a sign of great success and full ownership of one's destiny. But it will be possible to come to a great success only after serious tests of fate. There is one problem for a person with this sign: they have exactly what they want. As soon as thoughts become negative and self-belief vanishes, bad result comes quickly.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and friends. But nothing more. Their initiative to give something to others and society is low.

But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 99

"Good intelligence" - a good head given to the heedless student. This person can be perfect at all exact sciences, but then gives it up after loss of interest. They remember everything quickly and for a long time. Success comes to this person if they work over something constantly, but not on and off.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 3

"Unstable" - sometimes this person shows a completely normal self-esteem. But in some moments, they clearly overestimate themselves and set absolutely unrealistic goals. Then there are two ways: either the goal is abruptly rejected, or, after it was not achieved, the person starts to look for someone to blame.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 6

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 1

"Sluggish" - this person heard about the family, but will not be in a hurry to create it. They are the kind to wait for the proposal and almost never do it themselves, or do it at the insistence of relatives. Or when there is a risk of losing a partner.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 4

"High spirituality" - the predominance of spiritual values in this person attracts their soul

mates. Together they begin to influence the surrounding inveterate materialists.

Temperament (Diagonal «3-5-7») — 4

"Warm" - the need for intimacy is high, so if there is no soul mate, this person makes every effort to find love. However, people with 3 or 5 in temperament suit them best because and help to elicit their potential; this person is considered to be rather faithful.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Four of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Diamonds: Values - Security - Dharma

Four of Diamond Meaning: Good Fortune

Karma for the 4 of Diamonds - Overcoming of Self

Fire-Wands - Planets: Venus & Neptune

This is considered a card of luck and good fortune. Thus, the 4 of Diamond are inherently protected, but only if they are making diligent and concentrated efforts in their lives. When this is lacking, poverty and failure - in varying degrees - are the sure results. A life of leisure is just not part of their life plan!

Karmic Challenge for the Four of Diamond: Discontentment and Dissatisfaction

The importance of work is stressed for all 4's, and this is especially true of the 4 of Diamond. There is a tendency to become dissatisfied with their careers, and they will either move from one job to the next, or stay in a menial position, stuck and frustrated with their lot in life.

On a personal level, those who know a 4 of Diamond will agree: this is by no means an easy card to deal with. They can be very defensive and stubborn. They are known to rebel at the restrictions imposed by relationships, work and life circumstances. On the other hand, when a Four of Diamond person chooses to switch on the charm, resistance is futile!

Basically materially oriented people, there is an underlying spiritual interest which should not be neglected! They are also extremely intuitive.

First Karma Card: Five of Spades

(metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

Second Karma Card: Five of Hearts (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures!

Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

Their demeanor will either disarm you or put you on the defensive. They have a sense of mischief and fun-loving gaiety, but prefer to appear conservative.

Two of Spade can make a lot of money in technology and property. Their magnetism also serves them well in the entertainment industry.

You can always count on the Two of Spade to commit to the task at hand. They are stable, dependable and hard workers, though not so easy to work with. It is their challenge to find the balance between complacency and willfulness.

In love, they seek meaningful, long-term relationships. Mental rapport is high on their list of requirements and you will always know where you stand with a 2 of Spade!

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

Charismatic Empowered Domineering: All of the 8's feel empowered and emboldened by the meaning of their suit. The HEART suit symbolizes our social and emotional needs.

Thus the 8 of Heart seek power and control in matters of the heart!

It is true, all 8s feel the need to control and dominate, and when the Eight of Heart are engaged in love and busy with their relationships they are truly at their best. But unless the 8 of Heart manage to find their true love, they have a bad habit of racing through many loves, leaving a trail of broken hearts in their wake.

The 8 of Heart often find themselves having to work really hard for their money but they do have the protection of Saturn and there will always be enough security to get by.

Then there are those 8 of Heart who apply themselves to big business and end up being wildly successful in large organizations.

To make the best of their life pattern, all 8 of Heart need to be in the drivers seat - while at the same time - being careful not to bully others with their intense emotional power.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Six of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Six of Club Meaning: The Messenger

Karma for 6 of Clubs - Cultivation of Intuition

Air-Swords - Planets: Saturn & Neptune

This is the "Messenger's Card", and yet there are many 6 of Club who are unwilling to take the time or trouble to develop their greatest gift - the gift of intuition.

All Six of Club feel an obligation toward duty and they take their responsibilities seriously. Trouble is, the 6 of Club also symbolize inertia and easygoing lethargy. Hence many people born with Six of Club karma find it difficult to gain enough momentum to get up to speed and fulfill their lofty dreams. On the plus side, when a Six of Club does manage to overcome this karma, they have the unique ability to stay with a project, circumstance, or relationship until all obstacles are overcome.

Peace of mind is very important to all 6 of Club people, and they will make many sacrifices to attain that peace. All 6's are worriers and the 6 of Clubs is no exception. They worry about doing less than is expected of them; they worry about not being able to fully commercialize their talents - and most of all, they worry about the happiness and progress of their loved ones.

Their intuitive faculties are truly second to none if only they learn to live by their intuitive gifts!

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Six of Spades (metasymbology.com:)

Spades: Life/Death - Work - Spirituality

Six of Spade Meaning: Law of Adjustment

Karma for the 6 of Spade: Inertia

Earth-Pentacles - Planets: Uranus & Neptune

All Six of Spade people are strong willed and determined, a blessing as their excellent karma includes a not-so-excellent karmic challenge in matters of the heart.

The 6 of Spade have tremendous potential in their lineup of cards if they are willing to accept the responsibilities that life places upon them. These responsibilities often relate to family matters, or relationships that end up being at odds with their ideals or personal goals. Indecision and confusion about love and what's expected of them, is their biggest challenge! They either accept these personal limitations and find creative ways to overcome their discontent, or they suffer and short-circuit their power. When this

happens, their lives become filled with triviality, mired in gossip and superficiality. Six of Spade people appreciate beauty and enjoy mentally stimulating conversations. They may seem hard and unfeeling about life and death, but intuitively, they know that there is no death, only Eternal Life. This is the card of overcoming. Tried and tested throughout their lives, the successful Six of Spade are those who choose to march forward, despite the odds against them, and spread their unique perspective of the world to anyone willing to listen.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Queen of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Queen of Heart Meaning: The Sweetheart

Karma for the Queen of Hearts - Emotional Discontent

Water-Cups - Planets: Double Neptune

This is the Card of beauty, magnetism, affection and idealism. The women Queen of Hearts represent the much-loved mother, the sweetheart, the indispensable sister, the adored daughter. The men are sensitive, creative, sympathetic and understanding. If we did not have that inevitable negative side to deal with, this would be the most desirable card in the Little Book and its 52 pages.

The Queen of Heart natives are talented in some artistic line, even if it's just in their appreciation of beauty or art. They are often intense and dramatic, and can be very domineering in the family. They are also capable of deep devotion and loyalty. There is a strong streak of religion in all Queen of Hearts and they are often influenced by strong minded women, religious or spiritually inclined. Even when we should, we don't like to find fault with the Queen of Heart; they are too loving and desirable!

After age 91 the cycles repeats.

Cosmic Lesson Card: Ace of Clubs (metasymbology.com:)

CLUBS: Information - Reason - Ideas

ACE: Searching - Penetrating

CHALLENGE: Self

Air-Swords - Planets: Mercury & Venus

CLUB: The Club personality exists to fully utilize the attributes of mind. The Club is defined by the air element. It carries the invisible currents of thought and consciousness. To the Club, these invisible currents are the visible pathways that illuminate the bridge between knowledge and understanding.

ACE: The vibration of the Ace resonates as one note. Its sole purpose is to acquire and assimilate the elements of its suit. It preoccupies the personality of the Ace with a single purpose.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Heart. This emblem symbolizes the bonds of love between two people. The journey of the soul is to experience a loving relationship wherein they share their quest for knowledge and love of insight.

People born on an Ace of Club day have beautiful, bright, inquiring minds. As children, their mother or a mother figure encourages an independent spirit and fosters their love of learning, which continues throughout life.

Those born on an Ace of Club day have a knack for inspiring confidence in others. They are at their best and feel most accomplished when they are creating a healthy environment for their loved ones, including their community and country. They appreciate natural beauty as a sign of good health and use it to bring success to their chosen line of work.

Multi-talented, the Ace of Club can pursue several career paths. Uncertainty surrounding finances or other resources is a common theme. But they maintain optimistic and will always find creative ways to make ends meet. The most successful and powerful Ace of Club are those who “do it all” but leave the financial details to those who are better equipped to handle them.

There are some dark areas to the otherwise bright and positive personality of the Ace of Club. In particular, they suffer from jealousy, even betrayal from those who do not understand their desire to work for the benefit of all. They also prefer to keep their religious beliefs to themselves, conventional religion in particular, as the doctrines of tradition leave little room for their probing, questioning minds.

Cosmic Reward Card: Three of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Three of Heart Meaning: Lovers Triangle.

Karmic Challenge for The 3 of Hearts: Loyalty and Faith in Love.

Water-Cups - Planets: Double Mercury

All THREE's represent an element of uncertainty based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus, even though the 3 of Heart appear to be charismatic, social butterflies, in truth, they are inherently mistrustful and unwilling to commit.

Adventurous and entertaining, the creative energy is a keynote of all 3's. As well, a genuine curiosity about what makes other people tick is an endearing quality of the Three of Heart.

The Soul Card for the 3♥ is none other than the A♥. This second heart emphasis attributes to their beautiful, emotional nature, and their compelling need for love. Highly capable of achieving success in any work involving groups of men or labor unions, the 3 of Heart are very quick to adapt and will change occupations whenever they feel stagnant or bored.

Cosmic Moon Card: Queen of Clubs (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual)

QUEEN: Queens are the administrators and the counsellors. They are the feminine principle and considered receptive and sensitive. The Queen personality feels duty-bound to administer and influence others.

JOURNEY OF THE SOUL: Their Soul Card is the Three of Heart. This emblem is symbolic of the creative expression of human love and the countless ways it can be expressed.

In a perfect world, the Queen of Club use their strong intuition and excellent reasoning abilities to counsel and heal the human condition of loneliness and mistrust.

Those born on a Queen of Club day are practical and decisive in their application of knowledge. They are natural leaders or mentors in any profession they follow. The more developed Queen of Club are intuitive and will use their gifts of reasoning to heal others through music, art, or counselling.

Women Queen of Club are not domestic and often experience financial difficulties at the hands of men (Mars), while the masculine Queen of Club can be highstrung. For those Queen of Club who have mastered their fine minds, financial success is assured. Others must guard against being opinionated and impatient with others.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: knowyourdestinycards.com. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you

respond to things.

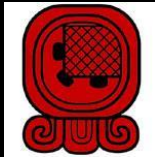

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Understanding (12) Chicchan

East (Red) glyph: Empowerment / Guidance

Day Sign: Serpent

/ Chicchan (Yucatan) / Kan (Kiche)

Chicchan is a strong willed, powerful, and charismatic day-sign. Chicchan types can be quite dramatic and are usually regarded by others as having "sex appeal".

They are quite intelligent and usually well informed, but tend to become fanatical about one subject or another.

Death and sex fascinate them, and they can become obsessive about these matters.

The emotional power of those born under this sign is remarkable. They are often found prancing around one stage or another attracting attention indirectly by lurking suspiciously in the shadows.

Leadership comes naturally to them in part due to their ability to grab and hold the attention of others.

They are quite strong physically and mentally, and are capable of living under very stressful conditions. On the other hand, failure to nurture themselves adequately is a common weakness of these types.

Natives of Chicchan are intelligent but also extremist in many ways. They have strong emotions or personal powers that affect others deeply.

They have such strong emotional reactions that they sometimes explode with anger, causing great upheavals in relationships. When these powerful emotional energies are harnessed, Chicchan types can be quite constructive and creative, pouring out products or performances without any apparent rest.

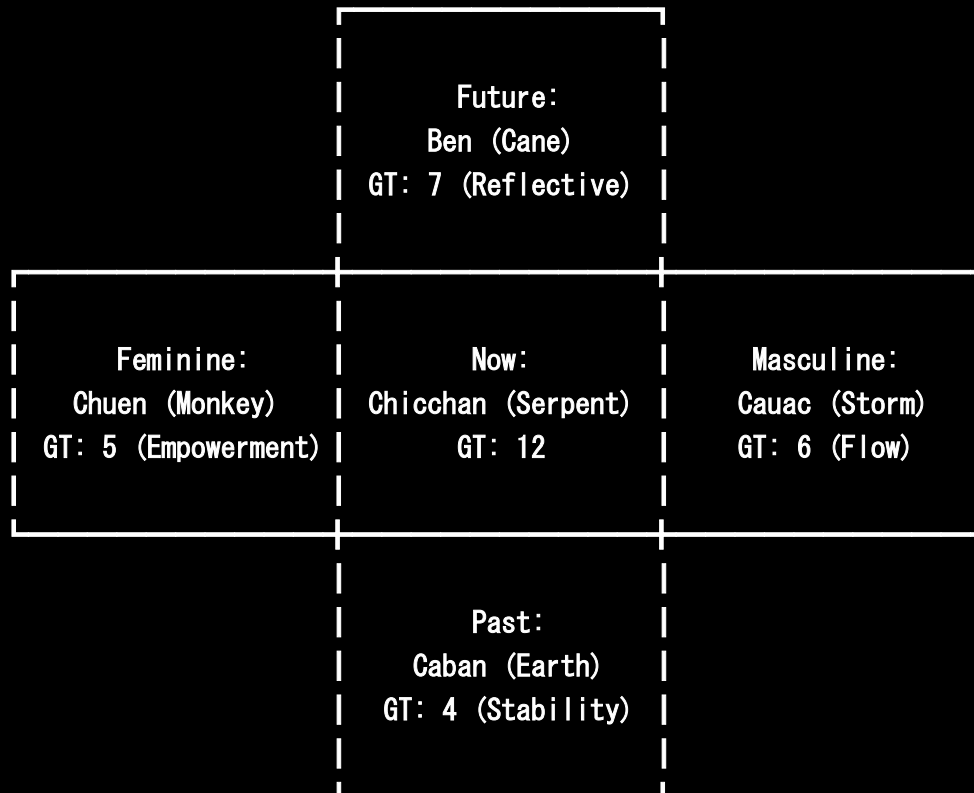

Indeed, they are capable of saving the world.

Challenge:

To experience powerful transformations consciously; to generate energy for the benefit of all involved.

Solution:

To seek to learn and to develop a deep understanding of life.

Four Directions

The Quiche Maya believe that Chicchan people are extremely powerful and especially endowed with coyopa or body lightning.

Chicchan is one of the days that a Calendar Shaman is likely to be born; in fact, the natives of this sign often become "spiritualists" or mediums, the most powerful and deeply feared specialists among the practitioners of the Sacred Calendar.

This underscores the ambivalence of the Chicchan power and the natives of the day sign Chicchan. Chicchan's possess an energy that is both highly magical and intensely sexual. Natives of this day sign see beneath the surface of things, into the dark heart of reality; they have a connection with what many cultures have aptly termed "the wisdom of the serpent". The cognitive power and deep thinking of Caban (their past sign) and the cleverness of Chuen (their left hand power) have blossomed into a subtle, knowing wisdom. This wisdom has an amoral quality to it; by itself it is neither good nor evil. It is a wisdom beyond opposites, wherein everything is reduced to the common ground of its being.

Without spiritual development, the serpent wisdom may twist and turn towards its dark and sinister side; Hindu teachers continually reiterate the fact that the kundalini can have both destructive and creative aspects.

With the brooding day sign called Cauac as their right hand power, the rage of Chicchan

natives is a terrible thing to see, and their despair knows no limits. No wonder, then that Chicchan are both respected for their wisdom and feared for their innate magic.

The vital power within is intimately connected with sexuality, and Chicchan may easily become slaves to their passions, motivated solely by their desires. Another danger inherent in this day sign is that, as with the mediums who are so deeply feared by the Maya, Chicchan's may use their insight and acumen for self-aggrandisement rather than inner development.

The great necessity for all those born under this day sign is to obtain control of their inner powers. All yogic and magical disciplines come naturally to them and should be pursued, so that the "body lightning" may be brought under conscious control. Many of them will achieve this control, if not through actual spiritual practice, then at least through learning to live a balanced, compassionate life.

After all, their future sign, the manifestation towards which they are moving is Ben, and this is one of the most positive and fulfilling daysign's of all. Ben is the staff of life, and the day-sign Ben implies a concern for ones family and community. This points the way for the subtle Chicchan even if he/she is a mechanic rather than a magician.

Compassion for others is the necessary key that unlocks a gentler, more sound existence for these knowers of the deep wisdom.

Understanding

- * Knowledge
- * Learning
- * Continuity of wisdom
- * The big Library of knowledge
- * Dynamic
- * Understanding
- * Ideas

Tone 12 is all about understanding. This can be understood in a few different ways. One of them is about compassion. You have a compassionate heart that accepts all differences and different scenarios. Within your presence, people find comfort and relaxation, knowing that they are accepted as they are. This creates a very healing atmosphere.

Another meaning of Tone 12 is about the understanding in the sense of knowing. Your soul is understanding. This means that you have an understanding of wisdom which comes with tolerance. These attributes can make you a good teacher that does not get caught in ego, title, and competition.

Trecena Sign: Jaguar

/ Ix (Yucatan) / I'x (Kiche)

Beneath the 1-Ix surface personality is a challenged communicator, a person who struggles with self control, a person who is an explorer of the human condition. Critical events occurring in Ix peoples lives, such as deaths or other powerful transformations, may cause them to turn inward and keep their feeling and thoughts to themselves.

People born during Ix trecena need to be realistic about responsibilities and not shirk from them or take on too many.

Night Lord: 5

This Lord is positioned at the midpoint of the series of nine. A person under the influence of G5 seeks to be at the centre of a group and will sometimes use others to get there. One of G5's greatest challenges is to act from their centres and not to use or be used by others. People born under the influence of this lord become deeply involved in relationships but, for the most part, also struggle with them. They are sensitive people and they tend to be touchy about a number of things, including their own expectations. Because they seek perfection, they are sensitive to disappointments, and often need to develop more realistic expectations and avoid putting the burden of relationship failures onto others.

Idealistic and compromising by nature, G5 types are rarely content with the choices they have made.

Their dark side includes a tendency to hold distorted opinions or to have over-inflated expectations of others. At their worst, they can be blamers, blind to the reality that they are the cause of their own problems. Recognising this pattern can be a tremendous step forward in a G5's spiritual progress.

These types need to be with others who are stable and helpful, and avoid those who could worsen their fears. They also need to be accepting of others. It is their own beliefs about relationships that both their problems and their solutions lie.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Jupiter conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Meaning of the Poplar Tree

Poplar is a very important tree in Celtic mythology. In our tree circle, poplar occurs four times, always after the Celtic holidays of Samhain, Imbolc, Beltin and Lughnasad.

Characteristics and Personality

Person who was born under the rule of Poplar learns fast and understands quickly. Just like Poplars, people born during the time of their rule are direct and straightforward. They often have artistic talents and a sense for beauty. Most of these people are closely connected with nature and they feel better in rural areas than in towns and cities. It is no exaggeration to say that they understand nature much better than most other people.

They are popular because they are able to see things from different angles and they never really care about money. They are also skilful diplomats in interpersonal relationships. In critical situations, their unbelievable courage may unexpectedly appear and they will start defending their ideas with great vigour and confidence even though they know that they cannot win the argument.

These positive qualities are sometimes balanced by loneliness and a sense of abandonment, because due to their high moral expectations they do not usually have many true friends. This can sometimes lead to anger and bitterness. Even in their love life they are not always happy and their dream of having a big and closely-knitted family hardly ever becomes true. However they can usually hide their dissatisfaction or sadness very well and their closest friends may not even know about what troubles them.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Sun ☉ in II 2nd House

([860] i.thehoroscope.co)

This placement of the Sun encourages people to keep their word and avoid making empty promises, as well as be practical and attentive with their money.

People born with the Sun in the second house in their birth chart will focus almost all of their energy on making money and accumulating as many possessions as possible. They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

Summary:

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

Self-confident charmers

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can

influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

The positives

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not

think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

The negatives

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

Moon ☾ in VIII 8th House

([879] i.thehoroscope.co)

People with the Moon in the 8th House are emotional and intense so it's very likely they will be surrounded by contradictions and some conflict.

The 8th House is all about change and sexuality, while the Moon is also a great influencer when it comes to change. This means people with Moon in 8th House can't find their peace romantically and are always looking for new partners to have fun with in bed.

The Moon makes them emotionally unstable, needy for cuddles and nurture, feeling like they have to take care of others themselves. These natives want to deeply connect with people, but the lunar influence doesn't allow them to. If they are able to acknowledge this, the level of intimacy with their partner will be deeper.

Moon in the eighth House natives are known for their possessiveness and jealousy, being the type that always asks questions like "Where have you been?" or "Who else was there?". It's a sort of a paradox with them, because on one hand they desperately crave being close to someone, and on the other, they aren't in any way capable of trusting a person who wants to be their partner.

Summary:

Strengths: Sensual, creative and straightforward;

Challenges: Pushy and controlling;

Advice: Be careful with the risks you are throwing yourself into.

Striking conflict

People with Moon in the 8th House are very aware of their surroundings and how their close ones feel. They are those individuals who know many things about taboos, the occult, strange sex and even death.

It's easy for them to get very attached to others because the way they love is very intense and deep. This is also why it takes them a while to recover from loss, getting hurt or being rejected.

It's possible that as children, their parents have forbidden them to live as intensely as they wanted, because they were exaggerating with how deep they used to sense.

When these people love, you can be sure they are doing it with all their heart and soul, always wanting to be the main support in their close ones' lives.

The position of the Moon in the 8th House means they inherit many personality traits from their mother's side, including all of the negative aspects the ancestors of the woman who raised them may have had.

It's normal for unfortunate events to be destructive in love and stability, so they should be attentive not to allow anything to destroy their passion and the beautiful connections they have built with others.

Natives with Moon in eighth House can have this arrangement as a symbol of the very strong complexes they're not even aware of and which exist below what they show in public.

It's possible for them to also hide memories that caused them pain in the past. This is the reason why they are sometimes hateful, jealous and even depressed.

While making their own money and living the good life, they also want to be in control of their close ones' finances. When feeling melancholic, they like going shopping and spending all their money on clothes or jewelry.

They might inherit a consistent fortune from their mothers, but they will still have moments when they'll feel like what they have is not enough.

Because they're very emotional and intense, it's very possible for them to start all sorts of conflicts with those who don't see things the way they do. These natives have a deeper and more meaningful understanding of life than others, which means they are different and often puzzling.

When the Moon is in difficult aspects, they become very difficult to let go of and hungry for power. Also, they may want to deal with everything that's forbidden and kept away from the public eye.

Many of them will have psychic abilities because they are very intense and capable of grasping the darkest aspects of a person's personality. So, don't be surprised if they're

healers of alternative medicine, who use their instincts to determine how to make people better and how to nurture.

The position of the Moon in the 8th House indicates they are more aware of the dangers surrounding them and that they have a need to protect. Their emotions may be very much based on sexuality rather than on other types of interactions.

This 8th House also happens to be the ruler of wealth accumulated from others, so the planets in it are often linked to an organizational spirit and a talent for business.

Moon in eighth House individuals can be domineering and controlling, so it's possible they will not even care about what others are feeling if they aren't emotionally satisfied. Meanwhile they'll crave feelings and go through all kind of emotions.

At least their hypnotizing look and magnetism will always have them drawing people in, no matter how overwhelming their personality may seem.

The 8th House deals with sex and death, so people with Moon in it may have been impressed by powerful scenes regarding these two things as children.

They are the type who want a stable sexual partner because security is very important to them when it comes to lovemaking.

If they don't get what they want, they may encounter many problems along the way, getting disillusioned and disappointed by those who can't offer it to them. And on these occasions, they end up displaying a behavior that they would otherwise be ashamed of.

Experiencing feelings intensely

Needing to feel emotionally secure more than anything else, Moon in 8th House people are always pushing themselves to be better or taking on new challenges because they need to reinvent their own emotions.

Simply fascinated by how others work, secrets and everything that's not being told, they're very attracted by those who are a mystery to them. Changing their sexual partners very often may indicate that in reality, they're emotionally insecure.

These people need intimacy, but the fact that their emotions change too often can be in their way of attaining their relationship goals. However, they are known as passionate, intense and truly loyal to their other half.

While craving to be close to someone, they can be very introverted and not trust those who want to be in their life. Expect them to give their all when in love, but don't think for a moment they don't want the same thing in return.

The 8th House is about feeling emotions very intensely, so people having their Moon in it respond strongly and passionately to challenges, no matter how lighthearted the Moon in either an Air or an Earth sign would make them.

The 8th House position means they have their feelings stronger than others, but they don't show them.

For those with the Moon in Pisces, the rich imagination and transcendental abilities are lived rather internally when the eighth House hosts this celestial body, because this position would make them more private, secretive and even solitary.

Their need to take care of their own feelings would be normal as they're aware many people can't understand their intensity.

Mysterious, some won't be able to see what's beneath their surface, but they would probably feel how the Moon in the 8th House influences them. These natives enjoy not being figured out, so you can be sure they'll never reveal too much of themselves and their emotions.

But this can influence them in a negative way because they may develop paranoia and an exaggerated need to protect their own feelings.

It can be overwhelming to discover their survival instincts, but you can make an idea about all this by seeing how they think danger is around each and every corner, hence the paranoia.

However, it's impossible to find someone stronger and more resilient than them. They can go through the most difficult problems and become wiser and more powerful after figuring out the solutions. The more they struggle, the deeper they'll grow to be from an emotional point of view.

They'd make great counselors because they have all the required experience and can read people like an open book. The connections they usually make are of real profundity, so their loved ones need to be as deep and intense as them if they want a long-lasting relationship.

Moon in eighth House individuals don't have sex for the fun of it as they emotionally invest in lovemaking. Physical interaction feeds their soul and makes them more emotionally attached.

Moon ☾ in 12th Nakshatra: Uttara Phalguni

26°40' Leo - 10° Virgo

Short Version [2]

Strength: ambitious, productive, industrious, popular, benefits from authority figures, effective communicator, dependable, sociable, focused, loves luxury and comfort, able to enjoy life, sharp concentration, liberal but fixed views, prosperous, socially adept, friendly, courageous, endurance, spiritual advancement.

Weakness: restless, inconsiderate, egotistical, obstinate, self-absorbed, stubborn, aloof, arrogant, fussy, bossy, critical, puts on a happy smile to cover up anger or sadness, lacks confidence, vain, immoral, ungrateful, resentful, overly concerned with status, gives too much.

Overview [1]

- Lord: Surya (Sun)
- Symbol: Bed. This represents pleasure, rest, and rejuvenation — not only for oneself but for others.
- Power: To gain prosperity. This especially relates to prosperity achieved through union. This union could be marital or otherwise.

Strengths [1]

Uttara-phalgunis are loved by many. You are friendly, kind, generous, and have a genuine concern for humanity. You are inclined to fight for a righteous cause, and when you put yourself behind something you do it with courage and energy. Your ambition and endurance will probably lead you to the top of your field. Fame and success come naturally to many Uttara-phalgunis.

Your charisma draws many people to you, including romantic partners. There is nothing you find more satisfying than a fulfilling relationship, and you are a dutiful, loving partner.

People find you to be trustworthy — you are truthful and have a polite, considerate nature.

In almost any situation, you can figure out the right course of action. You possess intelligence and wisdom and use these qualities to make prudent decisions. Your plans are well-thought-out and you execute them systematically. On your path to success, you use the knowledge that you gained in formal education as well as what you've learned through personal experience.

Uttara-phalgunis in Leo will have exceptional creative ability, able to create by overcoming constraints and restrictions. Those in Virgo will be drawn to think deeply about life, and possess a rather philosophical nature.

Weaknesses [1]

In the kind of successful, admired lives Uttara-phalgunis lead, it's hard to escape the pitfall of vanity. Your conviction in your own correctness can make you think you're better than others. This can make you inconsiderate or aloof with people when you're not trying to get something from them. You may become fixated on your own status, and could be a bit of a megalomaniac.

You can be restless and may have difficulty sticking with something if it ceases to catch your interest. When your intellect isn't stimulated, you get bored. This can lead you to desert projects prematurely.

"My way or the highway" is a mentality that describes Uttara-phalgunis well. When someone disagrees with your way of doing things, you don't listen and will do your best to make sure that no one else does either. A bit of a know-it-all, you may stubbornly refuse to admit when you are wrong. People might let you have your way just to avoid dealing with the aggression and anger you demonstrate when you don't get what you want.

Conscious development of humility will help you overcome your tendency to try to control everyone and everything, and lead you to more fulfilling relationships and greater happiness.

Other Personality Traits [1]

- You might struggle with a sense of loneliness. You tend to rely on others to make you feel complete. Your urgent need to be in a relationship is, to some extent, a desire to distract yourself from your inner loneliness. If you learn to love your own company, you can transform your loneliness into an appreciation for solitude and all that it offers.

- You can be codependent. Because of your insecurities, you may give too much in your relationships and expect too much in return. This can lead to resentment and ingratitude towards your significant others, who will never be able to give you what you need — because the fulfillment you need can only truly come from yourself.

- You have luxury. It's likely that you'll live an opulent lifestyle. Comfort, pleasure, and fine things will come your way.

Career [1]

Uttara-phalgunis will feel most fulfilled when interacting with and helping people in some

way. Their critical thinking abilities make them suited for careers that utilize and stimulate their intellect.

Some ideal professions include:

- Teacher or professor
- Business advisor, financial advisor, or diplomat
- Philanthropist, social worker, or counselor
- Writer, actor, or media personality
- Member of the clergy or other religious leader

Health [3]

Uttara natives are generally bestowed with good health according to Vedic astrology. Minor aches and pains, dental and stomach problems may occasionally be issues.

Physical Appearance [3]

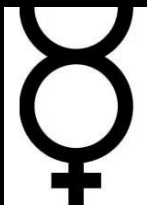

According to Vedic astrology people are generally attractive and have appealing eyes. Taller than most, they have a strong physical presence and may be prone to weigh gain in their later years. Many will have a prominent nose and/or a mole on their neck.

Pada [1]

Mercury ♀ in VII 7th House

([914] i.thehoroscope.co)

This placement of Mercury encourages people to prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

Those born with their Mercury in the seventh house of the birth chart are very sociable and communicative individuals who would rather spend all night in town than stay cooped up in their homes, dying of boredom.

They do well in relationships with other people, meaning that they manage to share ideas and come to an understanding with pretty much anyone.

Professionally, you're going to see these people gravitating toward PR jobs, holding conferences or working in sales. They are good at persuading people or mediating conflicts because they know how to speak and how to calm a situation down.

Summary:

Strengths: Witty, expansive and affectionate;

Challenges: Difficult, vain and indecisive;

Advice: They should try their hand at different activities and not hesitate.

Hard to impress

These natives are often put into difficult situations because they can't make quick decisions, on the fly, without actually taking the time to consider all the details and possible consequences.

They hesitate, beat around the bush, and waste time until someone pushes them or the time comes for a decision to be made, irrespective of whether they're certain of the options or not.

The problem here is that the natural ruler of the seventh house is Libra, the sign known for its unwillingness to commit to a course of action without first analyzing everything.

However, with Mercury in this house, you can talk to them about anything in the world, the more intellectually stimulating, the better. In particular, they love talking about relationships, love matters, especially their own.

The Mercury in 7th house natives are sapiosexuals, in that they are most attracted by intelligent partners who have intellectual interests and who know how to talk.

You just have to impress them by bringing up a profound subject and coming with a few interesting ideas. They will take the ball and continue from then on, but most importantly, they will have taken you into their sight.

They prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

They can debate pretty much anyone on any given subject, and more than that, they can argue from many different positions, even one that they may not agree with.

This is thanks to their expansive and meticulous mind that gives them unprecedented insight into the subject.

For these Mercury in 7th house natives, nothing is more pleasing or interesting than a good discussion, an intellectually stimulating conversation that they can play around with.

In relationships, they will often attempt to raise these topics with their partners, to spice things up.

Settling on a certain conclusion may be hard, but discussing it, taking every possible solution into consideration, that's easily done.

The positives

Even though they may be known as social butterflies and absolute freaks when it comes to talking to other people, they still prefer a one-on-one conversation with someone they can trust.

Also, the subjects have to be profound, serious, philosophical or at least mainstream, debatable, so that they can get interested enough.

They can focus and more efficiently organize their ideas in a private setting, with no one to disturb their thoughts. In such an intellectual transaction, there must be equal roles, one must give an answer and the other must ask, and so on.

When they fall in love, nothing appeals to them more than keeping in contact with the partner non-stop.

Messages, calls, shouts from across the house, kisses on the cheeks, these natives want to create a partnership based on communication, affectionate and intimate contact.

They can both grow and develop through this process of interpersonal contact kept at a maximum degree, the bonds will deepen with time and they will be very close to one another.

Especially when it has something to do with professional expertise, they will act as though everything is dependent on them talking as persuasive as possible, and giving the best impression.

Investments, lucrative partnerships, and collaborations with the big shots of some big corporations, the Mercury in 7th house natives know how to use relationships and take care of all of these.

They know what to pay attention to, how to organize all the details, how to mediate between two opposite sides.

Moreover, knowing that Mercury sports two sets of energies correspondent to a dual personality, these natives might very well have quite a rich romantic life, with situations when they have to choose the best partner from many more. Logic will be the main instrument here.

This aspect instills a sense of paranoid fear into these natives, in that they act skittish and become tense when people contradict them.

Different opinions may be challenging and intriguing to other, more confident and open-minded people, but they can't stand it when someone has a different idea that goes against them.

Instead of getting mad or entering a conflict, they will try to mediate and reach a consensus, either through a solid explanation or a better solution.

Even more, they might even be able to befriend these perceived enemies, to nurture a spiritual connection between them.

The negatives

No matter what everyone says, the Mercury in 7th house natives actually crave for romantic belonging, to be loved and spend time with someone who deeply understands them, someone who they can feel close to.

This is one of their ways to find fulfillment, to fill out that void in their hearts, to find happiness. For all their social lives and keenness of talking to people, these are all extra activities, done for fun, but a more intimate speaking partner would be much better.

However, they can spend a lot of time thinking about what's best, about their own feelings, and this is a waste of time that often results in lost chances.

They are very critical and analytic, always weighing the advantages and downsides of a relationship.

When Mercury is in retrograde, bad things are afoot, meaning that life won't be too colorful for these natives.

They will become overly-focused on the smallest of details, on the flaws, forgetting about the greater picture, to take a step back and just be thankful for what they have.

This pessimistic and negativistic attitude brings them a lot of problems in the long run.

The movements of Mercury during these times and the number of times it goes into retrograde have a very powerful influence on their day-to-day lives. The effects are catastrophic if not properly controlled.

Venus ♀ in ♊ Capricorn man 27° 36'

([939] i.thehoroscope.co)

He has his principles and respects a certain code of conduct in every social situation so is usually very charming.

A Venus in Capricorn man is ambitious and perseverant, and that is the basic essence of his character. He's a very hard-working individual who sets his own pace and never strays too far from it.

Professionally, he's a monster, and personally, he takes care of himself as best as possible. He wants a partner who can incentivize him to try even harder, to achieve even higher goals, to make him wish for more.

Romantically, this man will be very affectionate, sweet, tender with his gestures of love, and he will want to build up a long-standing relationship based on self-respect, dignity, principles and a traditional homely life.

In a nutshell:

Positives: Strong and resilient;

Negatives: Superficial and deceitful;

Soulmate: Someone who is affectionate and a good conversationalist;

Life lesson: He shouldn't pay so much attention to those who criticize.

His love personality

He's interested in serious and responsible women who know what they want from their lives. His partner should, in theory, already have her plans all set out for her, and to already have made big steps towards their accomplishment.

He wants to build a life together with her, one based on financial and professional success, a stable future. So, naturally, he wants his woman to be resourceful, intelligent, hard-working, and to not give in to distractions.

This guy will already be quite accomplished professionally at the moment of his romantic escapades because he wished for this in the first place.

He always wanted to build his potential little by little, to first have a good situation, and then focus on finding a partner.

He's looking for a lover who understands and is keen on having a good conversation with him, someone who is tolerant, open-minded, and straightforward.

He hates having to think about hiding his thoughts, trying to say the right things, and all that. This native is very satisfied when his friends call on him to help them with something because he realizes his worth.

He has his principles and respects a certain code of conduct in every social event, and he keeps a respectable distance with all his friends.

He's not willing to debase himself by lowering his language or by involving himself in things that aren't worthy of his time. All of this creates a strong image of respect and dignity for the Venus in Capricorn.

The perfect woman will find this very attractive because she will have ideas of her own, she will also follow a certain set of principles. Most importantly, the perfect lover will already be on her way to achieve her plans.

She must be ambitious, intellectually and emotionally mature enough to realize how flimsy some things are, to have plenty of knowledge, and independent enough not to rely completely on him.

As long as she has these traits, he's willing to omit all the other flaws or inconsistencies because these are the essential characteristics that he's looking for.

He doesn't like overly emotional women, talkative ones, ignorant and superficial ones, and unpredictability is most of the times undesirable.

For his ideal woman, he is willing to sacrifice a lot, and he will shower her with his attention and affection. Well, in his own way, one that she will hopefully understand.

The Venus in Capricorn man is unwilling to even think about lying or deceiving his partner. Besides being against something that would go against his principles, he doesn't even have the time to do that.

He's well over his head in building his professional life. Of course, if he's too immature and naïve, and stumbles upon a toxic relationship, he will try to escape this predicament, so watch out for his lies. It should be a telltale sign.

Attracted by ...

Don't even think about asking him to shower you with romantic compliments, to warm up to you on an emotional level, to go over his head in trying to woo you with sentimentality because he just isn't able to do that.

It's not that he isn't used to or that he's cautious, it's that it would be very difficult and go against his nature to do it.

That's why he doesn't want an overly-sensitive woman in his life. Rather, someone serious, a little rigid, responsible, who knows how to appreciate a good man when she sees him.

If you've got grand plans, you would better share them with him, as this will probably get him very interested in you.

He's never been one to wallow in sentimentality, and he has a very practical outlook on relationships in general.

Instead of saying sweet words of affection, he prefers taking his lover out on a journey, making plans together, eating out, or just being there for them when a problem occurs.

However, this doesn't mean that he lacks emotion, but that he's not that good at showing it. It would be a good idea to learn to do that.

They don't like unexpected surprised or unpredictable events, and you would better not be an obsessive shopper because he has a rather thrifty personality.

In conclusion

The best thing about this native is that you never have to worry about him hiding things from you.

He's too focused on his career and professional ascension to ever have any time for lies or manipulation.

In this sense, he will always be honest, even more in a romantic relationship where he will always put all his efforts to reach a desirable level.

He will never commit without being sure that it's all worth it, and this means that he will do it wholeheartedly, with all his mind and soul, and without hesitation.

The Venus in Capricorn man tends to focus too much on work and professional advance.

Sure, this is very attractive in a man because you just know he's going to reach the top in no time, but it just so happens that over-working isn't that good.

Your partner will want to be taken care of, to be loved, and she will want your attention most of all.

Don't forget about this aspect, and take some time off from work, or take a few steps back and just enjoy spending time with them. It's ideal if you keep an equilibrium in your

personal and professional life.

Venus ♀ in XII 12th House

([956] i.thehoroscope.co)

People having Venus in the 12th House want to build fulfilling relationships but aren't very good at establishing their romantic needs.

Venus in 12th House people are very romantic, because Venus is the planet of love and the 12th House rules over self-undoing. They will make their own world out of their partner and feel very hurt if not seeing where the limit between their own needs and the ones of their lover is.

Because they're very devoted, many will think to take advantage of them. Very attracted to eccentric people, they will probably fall in love with someone who has many secrets and does things in an unusual manner. Not at all open to express what they're feeling or their affection, they're usually terrified that their partner doesn't have the same feelings as them.

Summary:

Strengths: Unconventional, friendly and appreciative;

Challenges: Rushed and careless;

Advice: Take the chances that scare you a little.

Serious about romance

Venus in twelfth House people will express all their artistic, social and romantic abilities through the way they socialize, and form balanced relationships with others. They like being part of something bigger than themselves and are great group members.

These natives are very serious about romance and start living only for their partner as soon as they have fallen in love and got together with that person.

They may have a problem setting up some boundaries between their needs and the ones of their partner's, so it's easy for them to get hurt in love.

Being so loyal, many will take advantage of them, this not being at all a good thing. They like the type who's unusual and has an interesting personality, regardless of where they

have met that person.

Those who think they're weak and not compassionate are the ones who will take advantage of them most of the time. It's like there's never a safe ground with them being affectionate and loving others, because they may feel like they aren't getting any responses to their love.

Attracted to any secret, they will probably get involved with married women or those who aren't available. It's like love has to come with sacrifice for them, and always need to renounce something in order to be with the person they're in love with.

Appearing mysterious even if they don't want to, Venus in twelfth House natives keep their romanticism well hidden, so this is what may cause them to seem enigmatic.

They should take a closer look at what they want from love, because they have this tendency to get involved in relationships that aren't equal and have a certain level of secrecy.

They also should make sure they aren't secretive themselves and that they're feeling worthy to make their love life public. Since Venus is about passion and the 12th House rules over the feet, they may feel the most sensitive in this area.

When the planet of love, which is Venus, is in the 12th House, the natives of this placement can have a very complicated love life. This is the House of Pisces, represented by two Fish that pull in different directions and don't seem to get anywhere.

Enjoying the ride and appreciating the feelings they get from life would be the best idea for people having Venus in the 12th House.

They can sometimes leave themselves behind because they're not feeling worthy, so it's important for these natives to come to terms with this issue, no matter how serious their relationship is.

They're very worthy of anything, including love, so settling for less shouldn't be in any way one of their options, as they tend to just go with something that doesn't make them happy and start living in a fantasy world.

It's easy for them to think of partners they've lost, to fall for someone who doesn't love them back or is very far away.

Poets at heart, they may not necessarily be talented at writing, but they can still have the deep emotions of a poet because no one beats them at being romantic.

Their ideals regarding love are high and it's sometimes normal for them to feel reality is

not even close to their dreams. It can be disappointing to see things as they actually are, but dreaming too much can't be in any way healthy.

Individuals having Venus in the 12th House can love anyone very compassionately, which means they're mature when it comes to this feeling, but also dangerous, because the ones who aren't so evolved can start chasing people who will never land into their arms.

The others will not mind giving all of their unconditional love and will notice that The Universe sends them back a positive response.

Running away from loneliness

The twelfth House is about secrets, things that can't be seen and locked feelings. Venus is like in exile here, so the natives having Venus in the 12th House will dream of taking their other half to a deserted island and just spend some romantic moments there, if only for an hour. It's very likely they will fall for the wrong person and get to live a forbidden relationship.

They should set some boundaries regarding how much they're giving in their love life because they tend to have the same feelings as their lover and to get easily hurt.

Caring a lot about the humanity, they think Divinity is in each and every person. Cruelty and suffering give them the ugliest feelings they can have and make them dream of an ideal world, after they have retreated and isolated themselves.

People having Venus in the 12th House want relationships but aren't very good at establishing their romantic needs.

It seems like their soul is always looking to get together with someone, in the most divine connection this world has ever seen. Only in the arms of their lover, do they get to feel like they're truly home.

They will spend some time alone and become as dark as a person could get, so they run away from loneliness, looking for relationships that can sometimes be disastrous and not at all advantageous for them.

They seem to disarm everyone with their impressive aura and great supportive character that also makes them great for a job in counseling or as therapists.

The twelfth House is also a ruler of isolation, so the natives with Venus here can make great friends for those who are locked up in either prisons or mental hospitals.

Because this is the House of loneliness, they want to have their privacy and can enjoy some hobbies no one has any idea about. This is due to the fact that they would simply

want to keep things to themselves.

If Venus forms an aspect with other creative and artistic planets, they will be very talented at something and not say a word about it. People with Venus in the 12th House feel guilty when wanting possessions or yearning for the materialistic side of the world.

Feeling shameful when they have to show their things or eat too much, they won't have to be in any way down, because they have worked hard to obtain what they were dreaming of and to afford the most expensive foods.

If Pluto or the planet Jupiter are in aspect with Venus, they may be obsessed with shopping, but still feel guilty after a day at the mall. However, shopping sessions can stimulate them sexually, especially if they're buying something expensive for their hidden lover.

Their biggest secret is that they love sweets and candies. It can be a problem for them to express themselves in a relationship and even to be individualistic around many people. By interacting with others, they simply make a connection with the Divinity and can see the faces of all Gods in people.

They may have healing powers, because Venus gives them an affectionate and powerful touch. Venus may feel isolated in the 12th House, making its natives think like observers and spreaders of love who deliver and then disappear surrounded by mystery.

Mars ♂ in ♉ Taurus man 15° 25'

([959] i.thehoroscope.co)

He loves to take a step back and just observe the world and he's opinions are often well-regarded.

The Mars in Taurus man is highly material, an individual in tune with the comfortable aspects of life, with strong desires that he wants to accomplish. He wishes to satisfy his senses, to feel good, to relax and to have a good time in this life.

And whether we're talking about tasty food, drinks, long voyages on the sea, or a three-weeks' vacation on the coast of a tropical island, this native is all over them. What's bad about this predilection of his is that he will be content with his lifestyle if he's comfortable

and won't try to better himself.

In a nutshell:

Positives: Passionate and intuitive;

Negatives: Lazy and impatient;

Soulmate: Someone who is refined, tender and attentive;

Life lesson: Not letting a distance interfere between him and close ones.

High expectations in life

These natives take their time in admiring the beauty of the world, the perfect aestheticism, the chirping of the birds, the rustling of the leaves, the bright sunlight cutting through the clouds, the Mars in Taurus man finds it fulfilling to gaze at them.

Practicality is the way to go in their case, although they may be a little choosy in terms of clothing, picking out only those quality ones, and also strongly colored.

These natives also share a strong connection with their friends and family, so close in fact, that they will react violently and with great determination every time they perceive danger coming close.

Combine the natural tendency of a Taurus to take a step back and enjoying the view of his courtyard, of about any sort of beautiful thing in the world, with the combative influence that Mars has on him.

What did you get? You should have gotten a native who's crazy about making his life a paradise, about fighting boldly and courageously for what he feels would fulfill his dreams.

In general, though, their dreams and aspirations concentrate on the desire to be comfortable. And what could be more comfortable than being a couch potato, staying all day long inside the house, watching Netflix, and eating chips?

They might go for sports, but not very active ones, and also, they will try to incorporate their creativity into something practical. Moreover, they could be very good farmers from the looks of things.

Now, knowing what the Mars in Taurus man is all about, would you see him skipping through relationships like Don Juan or taking them slowly, individually, with passion and romanticism?

The latter seems more plausible, right. He's very affectionate and patient with his love, and he will want to walk every step of the way, from the initial encounter to the flowers, the notes, the kisses, and then the confession.

If she refuses to play along and tries to distance herself, this man will go through a rainy period where nothing goes as it should.

A dysfunctional behavior, antisocial attitude, his shyness will turn to depression, and so on. He doesn't have anger issues for most of the time, although if he's maddened enough, watch out!

He won't be keeping an eye on the collateral victims, and just like an enraged bull, he will stampede everything in his way.

The man born with Mars in Taurus wants to focus all of his imagination and intuition on creating little things or even building himself a house. Hand-crafted things are most enjoyable to him.

This shows that he is ready to put himself to work if the incentive is great enough if he wants to truly achieve his goal. Also, he prefers to finish his projects before moving on to another idea.

His woman should be refined and devoted

This man is quite content with living the life of his dreams, a comfortable and happy one where his responsibilities are set in stone, a sort of routine that he quickly gets used to. He knows how to keep himself happy and fulfilled.

He believes that something, where you put in enough effort, will eventually turn out to have an incredibly satisfying result. Whatever you work for, spend night and days overlooking in, taking it to step by step, that's worth it.

He wants his woman to be refined, tender, feminine, both physically and psychologically, and he wants her to get used to living a routine-based lifestyle.

In a relationship, he wants to take it slowly so that he has enough time to see whether she is compatible with him or not, whether she's the right one after all.

He knows just how devoted he can be when he falls in love that deeply, and he wants to avoid unpleasant situations where he breaks up with that person.

For him, getting all physical is one of the most efficient ways to check things out, and it's something he deeply enjoys also.

In conclusion

The Mars in Taurus man is generally much more sensitive and intuitive than most other men, and this means that he would try to break apart any social regulations, to do his own thing, to creatively create his own lifestyle.

However, with his lover, things could be different, and he may find it better to ascribe to certain traditional ideas. The fact doesn't change that he is very imaginative in bed, so he doesn't give up on his nature after all.

Possessive, jealous, and materialistic, this man cherishes his property and doesn't want anyone else to interfere with it.

Yeah, he does perceive his woman as belonging to him, so don't even think about trying anything funny. He can make money very easily given his responsible and perseverant nature, but he finds it hard to part ways with it.

One thing is true about him, and that is his stubbornness and determination to never give up on his principles and ideas.

Even when you thought you've won when he's stopped speaking, just remember that some people realize they're dealing with idiots and will give up rather than waste their time.

Just saying... If his wellbeing is directly implicated in an argument or debate, you'd better prepare for a lengthy, argumentative, and mule-headed discussion that will end with you driven out of your mind.

He's the type of man who emphasizes his professional success and material situation first, the achievement of all his life's dreams, and only after that would he get into a relationship.

He expects his partner to have a successful job, to be responsible and patient with spending money. He might start judging you on what you buy, believing it's a waste of capital, and this will become annoying in the long-term.

Don't anger him though. Even if it takes a lot of time and effort to get there, you won't like him when he's angry.

Mars ♂ in IV 4th House

([1984] i.thehoroscope.co)

People with Mars in the 4th House benefit from an immense emotional strength that helps them fight for what they want and overcome any obstacles.

Natives having Mars in 4th House want to be independent and at the same time feel the need for the security of having a home of their own. The relationships in their family may be tense because they're very demanding with those they love the most.

It's important for them to overcome their need to argue and to antagonize. Not to mention they have to find a way to deal with their strong emotions by doing some garden work or by exercising.

Summary:

Strengths: Protective, empathic and domestic;

Challenges: Instinctual and passive-aggressive;

Advice: Being even more attentive to the needs of those close.

Doing what makes them happiest

People with Mars in the 4th House can think too much of the past and act in a compulsive or inappropriate way because of this. They sometimes fight just for the sake of it, not understanding what's being discussed.

It's important for them to control their emotions, because others may avoid them for being too passionate. A good way for them to forget about their feelings is to do things around their home.

Having too strong opinions and pushing people around is never a solution for them, so they should compromise more in difficult situations.

Not confronting people and keeping themselves out of quarrels at either their home or workplace can make them more insightful and can change their negative behavior.

They may not want to settle with someone and continue their road towards adventure, whether men or women.

It's possible they've been brought up in a very strict family, and for this reason they fought a lot with their parents, which made their leaving home a reason for celebrating. This is why they may have problems building their own family later in life.

But no worries, they can usually overcome this and eventually do what makes them the happiest. They may at some point want to separate themselves from their parents and family traditions, because going alone helps them to be more excited about the future.

Mars in 4th House individuals have great energy underneath their passive exterior, so you can trust them to always want action, productivity and a lot of spirit.

However, they may need to control all of their enthusiasm, because it can work in both

their advantage and detriment to act solely on feeling and to be constantly engaged in something soliciting.

The emotional interior they have gives them great strength to fight for what they want and the energy to stand up to any obstacle. The more independent, ambitious and willful they act, the better for them.

They can impress with their beliefs and wishes, which are sometimes strange. Their direction in life will need to be adjusted sometimes, because they may still be restricted by what their parents imposed on them.

Being their own bosses and calling the shots at home is something they truly wish for, in a healthy way. Their own place will always make them feel more emotional and vulnerable, while their romantic relationships will give them a little bit of tension.

When outraged, their partner will get to feel their fury in its rawest form, which can be scary. It can be surprising to see them angry and always fighting, but it's very possible for their emotions to take this direction as well.

Astrological studies say Mars is all about aggressiveness and assertiveness, so when having something to do with the domestic life, it makes people more prone to experience negative emotions towards those who are close to them.

They will break up and make up with their lover, because they have no idea what they're feeling.

The fourth House will hold their childhood's feelings and the image they've made created for themselves. They will control their ability to give and receive through here, isolate themselves when things may go wrong and be cold when not getting what they want.

Practical aspects

Individuals having Mars in the 4th House are very protective of their loved ones. They can feel anger very deeply and sometimes hide their feelings, making it difficult for others to know their real motives.

They're the passive-aggressive type, which can make them feel resentment, because they're not expressing themselves directly when wanting something.

They want an active family and can have many arguments with their spouse or children, because they're very pretentious with them out of too much love.

Their energy should be invested in domestic activities as this would relax them more. Relying on instincts, they can recognize manipulators, so no one can lie to them. They will want to be the leaders at home, so their family should allow for this to happen.

What people with Mars in the 4th House should learn is to no longer wait for their negative feelings to pile up. It's very likely they didn't get along with their father if he has been too strict, aggressive and especially abusive. Mars will inspire action in them when they'll be at a mature age, having them doing things slowly but steadily.

When it comes to their psychological upbringing, they should work on how they feel at home and how their emotions develop when they're with their family.

A Fire planet in a Water House like in this situation can be complicated, because all Water Houses are about emotions and the soul, ruling over things people aren't usually aware of, and Mars can be violent.

When young, Mars in 4th House natives probably used to fight and be violent without even realizing they were doing something wrong and they used to have an unexplained anger. If they had a parent who was the same, they probably used to think life at home is more about war than love.

As parents, they're strict, focused on themselves and even competitive with their children. Since the fourth House is also about ancestry and family heritage, they may have witnessed many fights over land and property.

Their neighborhood was probably dangerous, and they were raised in terror. Individuals having Mars in the 4th House are prone to suffer from home accidents or to catch on fire, because the energy in this House is fiery.

It's also possible they had an active family who was always up to something to make their heart pound faster and their body to move more while outside in the Sun.

It's a challenge for them to learn how to deal with their anger and the past that guides them towards the future, because they can be very angry with their partner for no reason.

It may be necessary for them to travel in the past and identify what made them this way in the first place, because the rage of Mars is silent and can't be set aside.

When out in the world, they may hide all this about them until they're back home, where their passion and strong emotions get released. It can be a problem to always have them saying nasty things and confusing their partner with one of their parents.

All in all, the placement of Mars in the 4th House brings a lot of energy and competitiveness but can also have many hidden influences that are very ugly.

The downsides

They think no one can trash their loved ones but themselves. These natives are very controlling when it comes to their home and family. Some will appreciate this in them, others will find it annoying.

It's important for these people to ask their spouse and children what they want before taking any type of action. They will get to be less stressed and resentful if they'll just sit in the back and allow others to rule.

It can be difficult for them to let their leading position go when at home, but it's something necessary if they don't want their problems to get bigger and bigger.

Mars in the 4th House in a nutshell

These natives will spend a lot of their energy on their family and home. They need to feel secure and that they belong to a nation and a community.

The position of the red planet indicates they love to argue and that they may never want to get married. They're also very good at repairing things and bringing order to the busiest and most chaotic environments.

Because this position is also related to the Earth element, they may want to spend as much time as possible in nature, performing aggressive and very soliciting physical activities. They're strong people, no matter their age and the hours spent at the gym.

Their love of home and domestic work finds them staying inside when others are in bars. They like to study traditions and history, and they probably have a mother that has influenced their life a lot, because they've always seen this lady as being the biggest lecturer in their life.

Mars ♂ - Detriment in Taurus (& Libra)

([871] southfloridaastrologer.com:) A restricted expression of power and will is found when Mars is in Libra or Taurus. Libra and Taurus' need to be polite, sensual and enjoy beauty is opposite Mars' need for power and to express its will.

Some will blame them for being so criticizing, but in reality, they are the most like this with themselves. So imagine what's in their soul when they think they haven't done things as perfectly as they wanted.

But they will surely point out how others could have or should have taken action in a certain situation. It can be hard to swallow Jupiter Virgos if you're sensitive and don't like being told what your mistakes are.

The combination between Saturn and Pisces is quite interesting and has a powerful relationship with the human destiny.

Why? Because Saturn represents time and starting with this symbolism, it leads the person dominated by this planet to an awareness about their past, their present, and finally their future.

The problem comes when the past is the one that dominates the Pisces's life and makes them confused about what they should do in their future.

their egotism and defensive feelings, being willing to sacrifice their lives and cooperate with the order of the world.

Those lead by planet Saturn in Pisces are described in two simple words, patience and self-sacrifice. Their sympathy may be a problem if they don't learn how to separate their love and detachment at the same time.

It is ok to help others, but this needs to have a limit, and not affect their personal life. Saturn will make them grow emotionally and feel the need for compassion, that's why they will feel that they must help the less fortunate, and they will do that through social work.

A partner who can easily bring them back to the surface when the Pisces will fall in yet another depression episode, and a partner who can totally influence their life, and show them that you can create happiness with your own hands.

The good and the bad

The main thing Saturn Pisces need to remember is to take breaks from time to time. Do something which will relax you, and make you feel rested and comfortable.

The world will still keep going even if you are there or not. You shouldn't worry so much about it. Pamper yourself, go to a spa, watch a TV show, go on a trip, do something adventurous, make yourself smile.

Your communication skills and your compassion will provide you with a very successful career, because you have the power to inspire everything and transform it into a creative mix, so you will give others the inspiration to make a difference.

One thing that should worry you is your lack of confidence. You are really good at taking care of others and making them feel loved, but when it comes to the opposite, you have that old mentality thinking that you don't deserve so much love and attention.

This is not true, it is fine to involve yourself in social activities and help humans, but make sure that you are first helping yourself, and that you always work to fix your personal life issues.

Find a balance on these things and learn that sacrifice should be optional, and not the standard choice. You may also find that releasing yourself from imagined responsibilities will give you more breadth to dream higher.

Learning how to share would be a great idea for these people because it would bring about true joy and happiness. It's very possible they also stressed about the material side during their past lives, so a re-evaluation of their own values is absolutely necessary for more peace of mind.

Summary:

Strengths: Calculated, imaginative and domestic;

Challenges: Pessimistic, materialistic and cautious;

Advice: They should refrain themselves from thinking that life is only about money.

Cautious with their finances

All astrologers are saying natives having Saturn in the 2nd house face difficulties trying to make a living because they want money too ardently.

This can sound harsh because, while Saturn rules over limitations and obstacles, it also has its positive influences too.

When it comes to personalities, the 2nd house deals with the attitude individuals have regarding their possessions.

Saturn here makes them pessimistic about the materialistic side of life, so they should avoid feeling down as far as discussions about their salary go.

Saturn in 2nd house individuals may be too cautious about where they are putting their money. For example, they'd be more open to invest in something that pays back in the long run than in opportunities promising fast results.

This is a good thing because their finances won't get lost over the years, but at the same time, they won't earn that much considering not a single risk is being taken.

This is what makes many astrologers believe they're in fact almost unable to make money and gain as much as they're dreaming of. However, it is more a matter of attitude and awareness than of inability.

Anything that has something to do with the material world and the process of earning can have Saturn in 2nd house natives' heart sign with joy.

It's possible for them to find fulfillment dealing with people or other things like spirituality too, but only if they would feel like owning someone or something.

That's why they need to always feel secure and also why they're holding on so tightly to everything that happens to be in their possession.

Some may be traumatized by a childhood in which they didn't have anything, struggling as adults to have a completely different life.

These people "feel" money like they do electricity and a form of whole new energy meant to make them feel good. Saturn gives them many tough life lessons, but they will never cease to determine their identity based on material gains and financial accomplishments.

That's why they're only looking for something to give them direction in the material world and no place else. All the extremes of this planet will cause these natives to be obsessed with having their own money and never wanting to borrow a dime, not even from people in their family.

The least evolved ones will be hoarders, the total opposite of people who prefer a monk's life and don't mind sleeping in a bed with no sheets.

Those who can't understand why society needs to possess all the time make them feel uncomfortable and even scared.

Not that they aren't be able to notice greed, they just prefer to ignore it or to not admit it may have anything to do with them.

When focusing on making money, they're calculated and sometimes even imaginative. They have a lucrative mind and are terrified of losing everything they own, so while luck may not come towards them too easily, they will still think of all kind of business ideas.

It's like gold flows through their veins, not blood like in all other human beings. An attraction towards the occult and even astrology is also possible because they want to know a thing or two about their financial future.

Eager to feel secure about their income, Saturn's influence will have them working hard and tirelessly and specific to this planet, their progress will be slow but steady and sure.

When it comes to the 2nd house, a stable financial situation gets established after the thirties, this being also the situation with spiritual richness and a sense of accomplishment.

Therefore, people having Saturn here will surely become more opulent and sure of themselves after their middle age, no matter how little others will appreciate and support

them.

The goods and the bads

Famous for making people stumble with everything they're trying to do in life, Saturn is the bully of planets.

When in the 2nd house of wealth and possessions, it's easy to assume individuals having this placement face many difficulties when it comes to money and business-related issues.

They also wouldn't dare to take too many risks, this situation being different if they'd have Jupiter neighboring Saturn.

Jupiter around the 2nd house would make more intuitive and thus, talented with business. However, natives with Saturn here and Jupiter far away will not be too lucky and accumulate as much wealth as they want to.

At least they won't lose their money gambling or doing something reckless either, so their finances are very likely to remain the same throughout their entire life.

It would be smart for them to admit they're pessimistic and try a more risk-taking approach if they want to get filthy rich.

Saturn rules a lot when it comes to work and the 2nd house of Taurus influences people to want security, so they will persevere and make the necessary sacrifices for success to come their way.

Astrology says these people can recognize true value and good quality, so they'll most likely invest in real estate and work the land. It's also possible for them to become artists because they really know what people like when it comes to worldly matters.

Owning a business, being engineers, architects or city planners is also possible because they want to make high-quality things that last for a lifetime and Venus helps them understand forms or colors.

Wanting to build something substantial, no matter if it's about work-related or family issues, seems to be their strongest point.

Their home will be comfortable and tastefully decorated, but no matter how much it will be invested in it, they will always feel as it's not enough.

Saturn can make them extremely focused in the tasks they have at hand, so it's very likely they'll end up only working and not having fun at all, which can furthermore lead to illness and too much stress.

Feeling they're all alone and never asking for help is also not in their benefit, so they should share their efforts, even if this means sharing the rewards as well.

The passing from the 1st house of self to the 2nd one of belongings brings an Earthy feeling and a realistic attitude, making them able to see what their resources are and how to create value.

Individuals having Saturn in 2nd house need a strong foundation to build on and don't like change. They're terrified of losing everything they have, so they will never relinquish control.

The more they'll relax, the more they'll gain their peace of mind. When not being able to predict a situation, they prefer to stay away from it, meaning they can miss on great things in life.

Dropping some of their inhibitions would help them be better persons, but since Taurus rules over the 2nd house, this thing may be the most difficult to be done for them.

Saturn here will always fight their love of beauty and everything that makes their heart beat faster, making them very weak when dealing with aesthetically pleasing things like a great painting or a nice car.

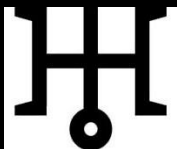

They will do anything to own such things, no matter if this would mean they'd end up ruined. They like feeling comfortable and don't want to go out that much, so expect their home to always be welcoming.

Many will see their obsession with decorating as something that opposes practicality, so they'll have to convince some people they're in fact focused on other things besides pleasurable surroundings.

While Saturn keeps them down-to-earth, it also brings difficulties in advancing further.

That's why they should let go from time to time and just enjoy the ride. Life will happen as it should anyway, so their efforts would be in vain in certain situations.

With reason and a practical approach, each and every one of their plans is made with the thought of efficiency in mind.

The one thing that stops these natives from truly reaching for the heavens is their stubbornness. If they've made a plan and later found out that it won't have the desired results, they will have a hard time giving up on it entirely.

Still, moments like these don't stop them from advancing like an unstoppable force, like a hot knife cutting through butter.

Sometimes, they appear as aloof and disinterested, but that's because these Capricorns have a razor-sharp focus.

He's never going to rush things, and would rather observe, analyze, deconstruct the problem, see what's wrong, and proceed on solving it with patience and ease.

In this last-mentioned situation, the unconscious of individuals having Uranus in 12th house gets its streams of spiritual knowledge from the Universe in a very subtle way.

Uranus in 12th house people happen to have psychic abilities that can help them a lot during their lifetime. Because this house is the one of dreams and imagination, they may get a lot of insight about their life while sleeping.

It's like their best ideas and even the most ingenious inventions are somehow revealed to them in their dreams. Things will come to them suddenly and they'll be very inspired in what they may be doing for living because they always have the answers to problems in their head.

It's also possible for these natives to see in the future, but only if they focus enough. Many of them will mask their knowledge of deeper meanings in the unconscious of the collective.

It's suggested they pursue a career in psychology and even the occult because they can understand things that others aren't even capable to see.

Positions of other planets in their chart wouldn't matter that much because Uranus in the 12th house always has them efficient at dealing with matters that aren't of this world, so they would more or less have control over their chart.

When it comes to everyday realities, natives having Uranus in the 12th house can struggle with the simplest tasks.

They may suffer from insomnia and sleep when others are at work and the other way around. Having a rich imagination, they're very capable of lucid dreaming, but some negative aspects with the planets in their chart bring them nightmares.

Blessings

Uranus in 12th house individuals may work in the shadows and do great things while not even searching for recognition. They don't seem to have enough confidence to do something too out of the ordinary, so Uranus makes them feel guilty for being too shy to express what's in their mind or for not just doing what they want in life.

It's good they're cautious because this way, they're also more realistic. If they'd get lost in Uranus and its fantasy world, they would never be able to come back to Earth.

Uranus in 12th house individuals want to make the world a better place and are very interested in expressing themselves freely.

However, the 12th house that rules over self-undoing makes them suppress themselves more than often.

Instead of being open, Uranus would push them to observe others and to ask impossible things. It's true this planet influences people to be happy with change and to only think of the future, but when placed in the 12th house, all this becomes suppressed.

Individuals having Uranus in 12th house are attracted to people who think the same as them and who are creative enough to be happy about their own freedom.

They could be the geniuses of the society, but they don't reveal their qualities because they think it's safer for them this way. Everything that's strange and mysterious attracts them, so it's possible they'll study areas that deal with the paranormal.

Since they enjoy the unconventional, there may be many things in their life they prefer to keep secret. When young, they probably have been careless and very free, but as mature adults, they're very interested to have a good reputation and to live their life more conventionally.

Very analytical when it comes to what's hidden, they may also act rebellious and end up in prison or institutionalized. It's normal for them to think others are their enemies and practicing all kind of witchcraft against them.

If institutionalized, they'll either be the ones who bring joy or those make things worse. What's good about having Uranus in the 12th house is that natives with this placement don't feel in any way confined in the real world.

Many people are afraid of big dreams, but these ones simply don't allow any restrictions to be in their way and usually make any dream they may have come true. This is why they're good at everything and have a prolific career.

When in the company of creative individuals, they start to become better and better individuals. It's important for them to not be afraid of any obstacles in their way as innovation doesn't happen when the inventors or creators are scared of the unknown.

Challenges

It's essential for people having Uranus in the 12th house to no longer feel stressed and

to retreat from time to time, in order to gather their forces.

That's why they should spend some time alone and focus on their feelings and what keeps bringing them down.

It can be very exhausting for them to always be in the shadows and to pull all the strings alone, without anyone to help them.

While they're struggling to make the world a better place, they're putting a lot of pressure on themselves to make the utopia in their mind a reality.

In case Uranus is in challenging positions in their chart, they may feel like they can't deal with others because their karma seems to be related with the collective, not with each and every individual.

They can as well have many problems with the way they feel about the collective. On one hand, they can think they're belonging, on the other, they can victimize themselves and imagine the collective has "got" them.

This is a contradiction that exists in their mind all the time so it can be difficult to be them. It's important for Uranus in 12th house natives to seek help from counselors and spiritual guides because otherwise, they can easily end up despairing.

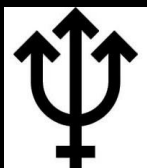

It wouldn't matter how tense or uncomfortable the planet Uranus in the 12th house is, the natives with this placement will always want to be alone when reading, painting, writing or meditating.

The more they'll spend time in solitude and doing these things, the more profound they'll get to feel or their soul to have its peace.

It's normal for them to think of plans that aren't realistic, but this doesn't mean they should give up on their dreams.

Imagining things in a different way would be a solution for them as Uranus would help them with making changes, offering them enough energy to explore new territories.

Neptune ♃ in ♏ **Leo man** 28° 3'

([1069] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Leo in their natal chart exude a kingly aura of respect and awe wherever they go, and through their boundless imagination, they manage to enthrall and captivate the attention of everyone who meets them.

They are very profound individuals who give off passionate vibes, and their personality is like an abyss, where you can get lost if you peer into it for too long. Mysterious and intriguing, these natives believe in their principles and have enduring relationships with people who deserve their attention.

In a nutshell:

Style: Visionary and principled;

Top qualities: Idealism, drive and generosity;

Challenges: Arrogance and entitlement;

Advice: There is no need to play the victim in love matters.

Personality traits

The expression of the artistic sense makes up most of the Neptunian Leo's expectations for the future, as well as their innermost desires. Emotions have much more potential and can be used to incite awe in the eyes and hearts of an auditorium, in theatrical events, music concerts, painting galleries, and much more.

This native believes that they can achieve a superior form of existence and find complete fulfillment, through the highest forms of art.

Aesthetically endowed, this inborn artist and drama actor has to constantly go against societal regulations that only seem to be there to impair his creative impulses.

The native born with Neptune in Leo has a talent for entertainment above all, attracting everyone's attention with their natural allure and magnetic personality.

Being in the spotlight is a Leo's wet dream, and Neptune only makes this more satisfying, given their high emotional output.

With this much emotional depth hidden within, the partner of someone with Neptune in Leo in their natal chart will live on the edge of exquisite pleasure all the time, not knowing what follows next.

However, just as they can get terribly excited about something, the opposite can happen in a split second as well. There are those hard to accept truths that throw their ideals on the ground immediately, and forcefully pull them out of their dream world.

When this happens, it takes some time to get used to the busy routines, day-to-day boring events, ignorant people, and so on. They will try their best to confront these challenges as they come, without letting themselves be taken down permanently.

These natives are very sociable and kind to their friends and close ones, always being willing to support everyone in times of need. Once a word was given, they will keep it no matter the circumstances.

They are also responsible for their actions, and never blame someone else. These firm principles make them truly appreciated by everyone else, especially little children, who see their dramatic performances as very enjoyable and entertaining.

The positives

What makes the Neptunian Leo the very best is their ability to put whacky dreams into reality. Ideas that other shun as being naïve, ignorant, overly-idealistic and impossible to apply, they manage to find the perfect way to do it.

They run simulations, calculate possibilities, constantly think up of innovative plans and strategies, apply their imagination and inventiveness to the very essence of reality, fitting every piece in its right place, with the puzzle eventually coming to completion.

Often, they lose themselves in the fictional worlds created by their minds. In their search for the unity of being, for a safe refuge outside the cold and harsh realism of reality, it just so happens that their imagination does a great job, too great a job actually.

It becomes harder and harder for them to come back to reality, and they spend as little time as possible there anyway, quickly returning to their ivory tower of imagination.

The negatives

Natives with Neptune in Leo should pay attention to their dominative tendencies when it comes to discussing possible solutions to a given problem or giving feedback on an idea.

They tend to take over the discussion, express their firm belief that everyone else is probably wrong, and that they are the ones in the right. They don't think this per se, but this is what most would extract after seeing their attitude.

Moreover, since they put so much effort into sharing their ideas with everyone else, they also expect to be appreciated for offering the perfect solution, the foolproof plan, the panacea that cures everything.

This just worsens their social bonds with each passing day, and they have to realize that the others are also entitled to their opinion, and talking over them is just childish and

annoying.

The Neptune in Leo man

Neptune makes these men rise up to meet their potential, and bloom unexpectedly in an explosion of light. Dynamic, spirited and adventurous, they never sit in one place for too long because the world is full of mysteries just waiting to be discovered.

What's more, they manage to use this impetus not only to have fun but also to raise their efficiency at work, be a heck of a lot more productive and attract the boss's attention.

Men with Neptune in Leo will prove to be exceptionally creative, with an artist's flair for the flamboyant and aesthetically pleasing. However, this comes dangerously close to the dramatic reflexes that most artists possess.

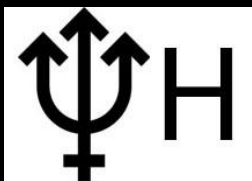

They will sometimes lose their temper, refuse to acknowledge that they might be wrong, get upset about the most insipid of things, even decide to leave for a while to calm down.

It's all a result of their artistic spirit which falls into theatrical dramas, a liking for the sign of the Leo.

Not all these men behave like this, however, and usually, the more mature men will have already resolved these problems a long time ago.

When young, they are more impulsive and spontaneous, also more uncontrollable. The partner of a man with Neptune in Leo is advised to set some boundaries early on and not be afraid to step in, any time they don't feel comfortable with a particular behavior.

Neptune ♃ in VII 7th House

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and

what's fantasy. It also brings a deep mental connection between two partners and great intuition coupled with empathy.

Summary:

Strengths: Dependable, trustworthy and kind;
Challenges: Dreamy, irritable and perfectionistic;
Advice: They should do more of what they love.

An altruistic personality

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to

relationships and the qualities or traits that are only seen in others as the 7th house rules over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

The goods and the bads

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

Neptune ♆ in Rx retrograde movement

[699] [920] ([699] mollysaastrology.com:) These people may be confused inwardly as to whether they are “virtuous” or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

([920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Pluto ♇ in ♏ Scorpio man 8° 7'

([1096] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Scorpio are emotional above all else, always taking the time to think about whether their actions would hurt the others around them or always involving themselves in activities where they can make full use of their sensitivity.

However, this is not always such a good thing because it might drive them to miss out on the essential because they are too attentive to the softer aspects. When they start to lose focus of their priorities and get too entrenched into one singular detail, fussing over it for hours on end, these people lose efficiency, and may possibly even fall prey to frustration and depression.

The Plutonian Scorpio needs to learn that being practical and controlling with one's emotions are requirements for a balanced mindset.

In a nutshell:

Style: Dramatic and challenging;

Top qualities: Responsible, loyal and practical;

Challenges: Manipulative, deceitful and contradictory;

Advice: You might want to be careful to your reaction to change.

Personality traits

These natives are one of the most contradictory individuals of the whole zodiac, through the wide array of strange principles and viewpoints that they carry with them in life.

Usually, when 10 people in a room are arguing over a common sense topic, it's because the 10th claims the exact opposite that the other 9 affirm. The tenth one is a Plutonian Scorpio, easily recognizable in this regard.

Also, these natives can be very naïve and easily influenceable because straight, rational thinking is just not their forte. They often pursue unrealistic goals and are prone to incessant stubbornness.

Those who were born under the Pluto in Scorpio transit are free-spirited individuals who want to explore the world and see it for what it truly is. They don't abide by most societal rules and don't recognize the authority of someone who tries to limit their freedom.

When they get too passionate and interested in one of their idealistic dreams, nothing can stop them from achieving it, or from trying at least.

One of their greatest perks is being able to create a form of peaceful communion wherever they go. With the prospect of unknown secrets to reveal and natural disposition towards helping others, most people fall under their spell.

The Plutonian Scorpio native likes to explore the world and expand their breadth of knowledge without being hindered by preconceptions or fundamental creeds.

These people wish to discover what lies behind everyone else, at their own pace preferably, and to do that, they must break apart the age-old stereotypes, presuppositions, and biases.

Other than this, one can cause a lot of chaos in their wake, because there is no discernible pattern to their actions. This native can be one of the strangest and most incomprehensible ones out there because he doesn't seem to follow a certain logic.

Moreover, Plutonian Scorpions can be extremely negativistic, as they can just as well be the most enthusiastic and positive people out there. You're going to meet both of these opposite specimens, and you won't know which is the real them. Well, both are, and this makes these natives very special indeed.

Pluto in Scorpio in love

Love isn't the highest form of existence, nor is it a form of spiritual elevation for the Plutonian Scorpio. Certainly not a romantic, they prefer to focus on much more serious and certain things, like their professional life, social acceptance or coping with their own

inner contradictions.

Even money is more important than submerging oneself in a headless struggle for love. However, when that does happen, they never take it for granted, always remain loyal, and give their all to deepen the bonds.

Plutonian Scorpios are quite sexually active and very keen on experimenting with all their ideas and kinky fantasies. They never see sexuality as something to be shunned or kept hidden under lock and key, but something that should be celebrated, perceived as the pleasing act that it is.

The Pluto in Scorpio man

These men exhibit some very strong personal convictions and can disregard completely the ideas of anyone who dares to challenge even a tiny bit something they believe in.

They defended their own beliefs stoically with no remorse for collateral victims. It's no surprise that many Plutonian Scorpio men were literary critics, played theater or avid critics of societal flaws.

The last time Pluto transited Scorpio, the development of technology saw the rise of computer sciences, a field where men were most adept in or were quickly becoming adept in. They were entirely fascinated by the potential and scope of such a domain.

What they weren't so good at was social life. They preferred staying in-doors or at the office, keeping busy with solving problems, honing their skills, planning for the future rather than going out, making friends, indulging in the social masquerade.

Similar to this, men with Pluto in Scorpio of any generation reject the traditional influences and expectations and tend to pursue their own dreams independent of what others think of their choices or of even them.

These men didn't and don't buy the social propaganda, the superficial criticism of going against the status quo, nor they involve themselves in flimsy romantic adventures that would lead to nowhere.

Pluto ♄ in X 10th House

([1110] i.thehoroscope.co)

This placement of Pluto makes people benefit from razor-sharp focus and become determined in overcoming any narrow-minded beliefs of those around.

Those born with Pluto in the tenth house of their birth chart are always focused on their career, advancing up the social ladder, polishing their skills and getting better and better results at work.

They devise well-defined goals, plan out ahead of time and strategize, taking into consideration any possible dangers, and follow through with unshakeable confidence, ambitions, and grit. They research a lot, gain the necessary knowledge and know-how to make their lives a paradise.

They are perfectionists as well, all-in or nothing at all individuals who want nothing but the best. They probably had a parental model to reach such levels of excellence and work ethic. These principles couldn't have appeared spontaneously like that. Instead, they must have been nourished.

Summary:

Strengths: Creative, firm and visionary;

Challenges: Manipulative, disrespectful and complex;

Advice: They need to learn how to talk and communicate effectively with different kinds of people.

There is no middle ground

Pluto in 10th house people are very special individuals who can't help but make a good impression on whoever meets them.

Their unique and otherworldly presence, the serious attitude when involved in a project, the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are very good with people.

They won't ever back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

The goods and the bads

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results. They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

If they have to change those principles and habits, it's going to take a while, if they're

willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

North Node ♌ in ♊ Gemini 3° 38'

(Georges Muchery)

The Dragon's Head is in its exaltation in this sign, and is therefore very powerful. It indicates victory after much anxiety and trouble. It is a token of success, and luck which often comes only when everything seems lost. The friends who surround the native are reliable, and will help him to succeed. The native has a noble mind, which will always enable him to fight against the current; but Faith and Perseverance are also required. Courage is not wanting; and this position makes the native good and straightforward. He will know how to gain the sympathy of people who will help him: he may therefore look straight ahead, for the Dragon's Head in Gemini is always a sign of progress.

The Dragon's Tail in Sagittarius robs the native of some of the quietude upon which he might otherwise count. Frequently over-confidence in himself will be detrimental, and cause him to undertake things before due considerations, so that when it is too late he might regret what he has done. Countless difficulties will arise, but he will conquer them through exertion and courage, and by clear-sightedness and caution, not always thinking that everything he does is right. Perfection does not exist in this world.

(Isabel Hickey)

North Node in Gemini increases versatility, adaptability and mental agility. Benefits through relatives and friends because of an optimistic viewpoint toward life. This kind of attitude should be cultivated in this life.

South Node in Sagittarius gives poor judgement and adds to the restless and rash tendencies that keep the individual from accomplishment. Has to learn to concentrate

and focus forces and not go dashing off looking for other fields to conquer. Conquering, like charity, begins where the person is placed.

(Martin Schulman)

Here the individual receives an intitation to join society. His soul has come into this life with a past incarnation of wildness. As a result, he is unaccustomed to appreciating the point of view of others. The karmic continuation of a strong selfrighteous attitude makes it difficult for him to be a fair judge of his own actions. As such his life is excessive. He is still attracted to the natural existence without formalities, and will go far out of his way to avoid having any restrictions imposed on him.

He is used to being a free spirit, and desperately tries to retain his sense of liberty at all costs. Whether he is married or not, the soul memory of his bachelor-like attitude makes it impossible for others to get too close to him.

Believing that actions speak louder than words, he makes his present life a kaleidoscope of rushed activity. He always tries to do too many things at a time, spreading himself so thinly that he keeps losing sight of any central life theme.

In past incarnations, he functioned on great reservoirs of nervous energy. Yet, for all his activities, he has not yet learned how to focus his attention in any one area. In this life he is still seeking expediency and finding himself forever the victim of short cuts that have to be repeated.

Unaccustomed to all the demands of society, he tries to shirk responsibility. He feels that if he can just clear away all the business at hand as quickly as possible, he will then experience the freedom that society is trying to take away from him. And so, most of his time is spent trying to free himself. What he doesn't realize is that each action creates an equal and opposite reaction. As a result, he is actually making himself more imprisoned than ever before.

Always his nature is somewhat primitive. If he is selfish, it is done innocently. If he steps on others' toes, it is because he is unaware they are there. Always he seems to miss the obvious, blissfully ignorant of the immediate circumstances around him. When it comes to social graces, he is so inexperienced that he appears to be the proverbial 'bull in the china shop'.

In the current life, he is learning how to mix with the society from which he is benefitting. Yet, still fearful of the reactions of people, he lives his life on the rim of the wheel, occasionally darting into the center of the hub only to run back out again.

His past life experiences with people were lacking in the areas of co-operation, sociability and tact. Now he is striving to reach sophistication. He doesn't yet know how

to see a clear reflection of himself, for he doesn't understand that there are two sides to the same coin. Through his Gemini North Node, he will now undergo experiences which will force him to see both sides of every issue.

In this life, he is destined to learn what the world looks like through the eyes of others. Before he can understand why people seem not to listen to him, he must first put himself in their place. Ultimately he will come to realize that all the negative qualities he has been attaching to others are things he does not understand in himself.

Sometimes he is a shouter in a library. No matter how sophisticated he pretends to be, he has so much past life residue of crudeness in him that it is bound to seep through at the most inopportune moments. This embarrasses him so much that he becomes determined to polish himself by paying attention to his mannerisms, habits and public behavior, and particularly his mode of speaking.

Through his Gemini North Node, he will spend most of this life's energy learning how to be adept at the art of communication. He now feels the need to educate himself, so that he can establish an identity in society.

At one time in the current life, he will be faced with the conflict of whether to live in the city (Gemini) or the country (Sagittarius). While his basic nature for so many lifetimes would feel more comfortable in a country setting, he can learn much by adapting himself to the new experience of coping with city life.

Through his Gemini North Node, he must learn diplomatically to respect the rights of others if he is to help preserve a society which in prior lives he thought unimportant, but in this life is necessary for his very survival.

While his body cries out for sports, nature and the primitive life, his mind will eventually lead him toward a study of words and language and a reflection of his self-expression, so that he starts to become a more humanistic part of the culture in which he lives.

He is like the wild stallion desperately trying to fight being tamed, and yet wondering what the experience must be like. In the midst of this seeming paradox, he is a messenger of the lower and higher minds to all who come in contact with him. His past incarnations brought him to a natural understanding of the universe. Now his mission is not only for himself, but also to spread his understanding to the myriads of people that run through his life. Herein lies the mystical reason for his eternal restlessness. He has much to say and much ground to cover!

The house position of the South Node shows the area in life where past incarnation residue still pulls him toward a desire to be a free spirit. The house position of the Gemini North Node indicates the doorway through which he must walk in order to experience the advantages of the civilized humanistic culture he is destined to join.

(Mohan Koparkar)

Previous incarnation for this person was spent in various philosophical and mystical pursuits. A lot of freedom and independence was noticed in that life. Thus, this person has to learn to deal with people in this life. Isolation becomes a rare quality in life as he has to exchange his ideology with others and on a face-to-face basis. If he tries to isolate and withdraw from society, the circumstances force him to be with others. Considerable intellectual dissipation of knowledge is seen in this life; and communicative means are extremely significant for him. He seldom has a chance or opportunity to cultivate his emotional and material base. Thus, those elements are very significant in this life structure.

(Donna van Toen)

You need to share your awareness with others. Your Sagittarius South Node replies 'Yeah, but I don't want to stick around explaining things. I can't learn anything that way'.

Your problems are likely to include an obsession with learning but no interest in using your knowledge in any practical way. Difficulty establishing lasting relationships leads to over-valuation of books, classes and other intellectual activities that provide indirect communication.

Possible reasons for these problems include: that a need for long-term concentration on study or some sort of cultural, ethnic or religious difference has interfered with the formation of relationships; that a speech impediment has caused you to turn to books instead of people; that a literary career limits people contact; dependency on reading as an escape from a boring routine; that poor judgement about people has caused you to place your trust only in 'proven' sources of information; that a lack of concentration has led to communication problems and misunderstandings; or that you have a need to conquer an ingrained feeling of stupidity or inferiority.

Possible solutions: Develop your latent communication skills. Channel your intellect instead of being a slave to it. Share your knowledge with others so that they can learn. Become a professional trivia expert, a con artist, or a perpetual student.

Gemini North Node can be a good talker, but he or she is often a poor communicator. He or she is good at tossing out facts, lecturing, impressing others with long streams of beautiful words or technical jargon, and so on. But he or she quite often talks at others rather than with them. The Gemini North Node tends to quote books verbatim, drop names, quibble over semantics. He or she talks skillfully about facts and theories, but generally is at a loss when it comes to applying them or sharing his or her feelings about

them. In fact, this person generally avoids sharing any facet of his or her personality beyond the intellectual side. This is a shame since North Node in Gemini invariably holds great potential for perception. Development of this potential brings a deepening of the intellect so that ideas can be used for the practical betterment of his day-to-day relationships and living conditions.

Signs of an over-developed Sagittarius south node are: a tendency to flirt, flatter and charm but reveal nothing; an expectations that others will hinder his or her freedom; a tendency to ridicule others; being generally on his or her way somewhere - 'only having a minute'; a first instinct to take off when pressured; a tendency to promise more than he or she can deliver; a distrust of security and routine; being accused by others of being unreliable. but feeling that it's others who are unreliable; enormous faith in the published word; and being uncomfortable with peers in general.

North Node in Gemini dreams of a life of variety. He or she wants to be seen as adaptable and a good conversationalist. He or she also wants to be thought of as an educated person. In reality, this is a person who transmutes emotions into interests. He or she is interested in spirituality, education, travel, and similar Sagittarius-ruled things, but in a passive, abstract way rather than in terms of experiencing and enriching the life. He or she may mix well with others, but only as long as he or she can assume the role of teacher. This teaching isn't necessarily a formal or professional role, but it permeates most interactions just the same; and in the course of assuming this role, much of North Node in Gemini's enthusiasm for life is misused or wasted. Extremism of some sort may also mar conversational skills.

Antidotes for Gemini imbalance: The client should be encouraged to keep a diary. If the client has knowledge to share, he or she should be encouraged to do so through teaching, writing, correspondence, or whatever way is most convenient. Travel in moderation often proves beneficial. Involvement in civil rights or community improvement causes can be helpful. The imagination should be tapped so that creativity can be developed and put to use in strategy - planning, writing, photography, or some other area according to the chart. If the client is amenable to a career change or program of career training, there are many obvious choices that would encourage development of the North Node. Among these are: journalism, newspaper work, radio work, television work, fiction writing, Air Force careers, electrical work, reporting, and linguistics. Dancing could be a possibility, although unless the client is very young this would probably be better as a hobby choice than as a career choice.

The client should be encouraged to steer clear of tiring or repetitive routines that don't provide opportunities to develop adaptability. At the same time, he must be discouraged from the 'Jack of all trades, master of none' syndrome. If there are signs of perpetual studentism, the client should be encouraged to start doing something with his present store of knowledge before trying to gain more.

Hobbies should stress physical agility and manual dexterity. Origami, mobile-making, collage-making and the like are recommended. For the more active, fencing, tennis, golf, and dancing are good choices.

North Node ♁ in V 5th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fifth house indicates pleasure in regard to the children, who will be intelligent and have a generous measure of luck in life. This position is also fortunate for an artist, or anyone who is connected with matters that appeal to the mind. It is good for theatrical managers, musicians, and all engaged in artistic occupations. For everyone, it is a sign of luck in games and speculation; but prudence must be exercised in this direction, as an evil aspect of Mars to this house would upset everything. It is especially at the period of the annual revolution that this position of the Ascending Node is fortunate for speculating, if the horoscope at birth on the whole shows that the native is lucky.

The Descending Node (Dragon's Tail) in the Eleventh House does not always bring friends and acquaintances of a specially high social status. It causes the native to come into contact with people who may do him harm. Some of his associates will not be disinterested, and will try to cause him pecuniary losses. This position may also indicate a heavy monetary loss to the Mother, or Wife, if the Moon is in bad aspect.

(Isabel Hickey)

Through self-expression (through the use of the individual's creative force, whether it be children of the body, mind or emotions), he will find fulfillment. Attention must be given to developing his own desires; and he will not be led by others. In the past the attitude was 'Let George do it'. Now George won't do it, and the person has to develop his own goals and objectives. Friends have helped in the past, and thereby weakened the person instead of strengthening him. Dependence is a habit pattern buried deeply in the subconscious; but this time the will to stand on one's own strength and attain their own goals is the necessary ingredient for a successful life.

(Bernice Grebner)

A person having North Node in the 5th needs to learn to use his heart and become attached in a very personal way. He needs to love deeply and intensely on a one-to-one basis. There is also a deficiency or delay concerning children in his life. The children can be physical, mental, or spiritual offspring. He should develop a great desire to be creative in some endeavor. This person cannot seem to hold onto love until later in life, because he simply does not know how. He seems able to succeed in this more successfully when he meets someone with South Node in the fifth. Aspects to the Node are very important in determining whether he has the strength to acquire this new growth. As an example, bad aspects to the Moon or Neptune could give emotional problems by loss of touch with reality in this regard. North Node here needs to learn to consider self in loving. He may not be able to express his love fully.

South Node in the eleventh is unattached love. It is too detached and selfless. Friendships, social affairs, reforming drives, and advanced ideas in human relationships are part of the perfected South Node in the eleventh. This person is friendly and open, and instinctively knows society's needs. Friends can turn into lovers; and he truly needs an intense love affair to fulfill his soul's destiny. People with the South Node in the eleventh house suffer real discomfort in close relationships between members of the opposite sex. They have very utopian ideals where human needs are concerned. This varies with signs and aspects, but these ideals must be used as a basis of leadership in social and / or political causes where he can teach others humanitarian ideals. Here, we find many government officials or those dealing with the public welfare.

(Mohan Koparkar)

This condition often signifies close relationship with children. They have fairly good success in love / romance, but regarding friendships they may have many disappointments. Their love given to others is much more elaborate than what they receive back. This imbalance in love exchange creates internal inferiority complex in them; and sometimes frustrations affect the relationship. Their creative ideas can be out-of-this-world and at times ahead of time as well. They often find their vista-sphere of life is limited, and many of their goals and ambitions remain as a fantasy. Their love affairs often have a previous life connection; and they can feel that awareness when they are with others.

(Martin Schulman)

Here the individual is learning about the Creative Process. He spends much time in the clouds, hitching his wagon to some distant dream or pondering through his vast multitude of fantastic ideas. In past incarnations, he lived for the fulfillment of wishes. Now his gossamer world of wispy dreams is so ornamented with the accumulated fragrance of promise that it takes a great deal of realistic prodding to shake him loose.

From a young age, he has learned to become a 'people-watcher', spending most of his conscious hours pondering the possibilities of other people's actions. As a result of prior lives, he has learned to become highly imaginative and inventive; at times he is even ingenious, but he is too used to spending most of his mental powers working out the intricate plots of his fantastic daydreams.

He never ceases to amaze himself at the oddities he can conjure up within his own mind; but for all his ingenuity he is one of the least practical people of the zodiac. He is always deeply enmeshed in thought. What he is really doing is seeking symbols which will provide new material for future dreams.

His karma is to learn the importance of dreams, inasmuch as how they explain his life. Ultimately he comes to realize that his entire existence has consisted of acting out his dreams, to the point that he has become the puppet of his own fantasies.

When he does come down to earth, his first instinct is to reach for friends who in either appearance or behavior remind him of the characters of his wispy fantasyland.

His mind is constantly drifting off into the distant future; and there, in the science fiction of a century as yet un-lived, he indulges himself in the intriguing fascination of the remotest possibilities which would otherwise have little or no bearing on his current life. Still, he likes to ponder.

He thinks much about the value of his work as well as of the effects of his childhood, both of which he blames for his difficulties in coping with his sex urges.

The truth is that neither his work nor his parents, nor even his sex urges truly bother him, but instead his frustration arises from the gap he sees between the reality of his past-life dream-world and the sharp awakening circumstances through whose boundaries and limitations his current life is actually lived.

He finds it difficult to understand why there is a barrier between dreams and actions; and as a result, he spends much effort trying to break through the walls of limitation that separate one world from the other.

But all the while he is dissipating his strength; and the more he does this, the less he is able to create his own life.

He must realize that through his fifth house North Node he is now given the greatest gift that man can receive - the power to create his own identity. By studying the process of creation, he can become aware that it is his own thoughts that have caused all the circumstances that he deems real in his life. He must then go further to understand the link between his thought and his dreams, for truly it is his life of dreams that in greater measure than he thinks is creating his life on earth.

He must learn to be responsible about his dreams and careful of what he wishes for, since he, more than one with any other Nodal position in the zodiac, will actually see his dreams materialize. But always the physical effect of each dream comes with a slight twist; enough to make him aware of the danger of creating selfishly.

This individual will have to live his dreams long after he remembers the reasons for them. It is a strong part of his continuing karma to understand 'wish power'; and how better to understand it than by living through the consequences of all his wishes?

Thus, his life is both a blessing and a curse for each time he rubs Aladdin's lamp his soul will either move higher on the wings of spirit or sink miserably in the depths of his own private hell.

He is learning that the dreams of his eleventh house South Node are under the rulership of Aquarius, where they must be directed towards a service for humanity; and that the more he wishes for others, the more he will ultimately have for himself. But when he reverses this process, his life becomes a veritable shambles.

If he chooses to create for himself, he faces the unfortunate results of misusing a sacred gift, for his dreams ultimately will become so jaded as to be utterly worthless insofar as they are able to bring him happiness.

Unless these Nodes fall in Water and Earth signs, they can cause difficulty in relationships and marriage due to so much past-life residue of non-attachment.

Major turning points in the current life revolve around children, through whose eyes the individual comes to understand his own sense of self-worth. He observes how children put their dreams into action, and soon comes to realize that instead of making his dreams the plans for his future he actually has been allowing them to block every present moment. Once he sees his dreams as a well with no bottom, he is able to let go of the castles in the sky and focus his attention on whatever he is creating in the present.

To do this, he even reaches the point of becoming aware of how he allows his great need for friendships to dissipate his creative energies.

More than anything else, he desires to be a doer; but it is only after he gives up every personal dream that he can become strong enough to take the building blocks of his life and put them together. He must literally take the bull by the horns instead of allowing himself to be led through the gossamer Cinderella world his soul remembers.

To accomplish this, he would do well to spend much of his time learning self-discipline, for only through the ability to guide himself will he ultimately be able to surface from the deep waters in which for lifetimes he has submerged his hopes and his dreams.

The sign which contains the South Node shows the ways in which past-life dreams continue into this incarnation. The sign which contains the North Node indicates how the individual can constructively apply all his dreams to reality through expressing creatively all he feels inside.

Some highly evolved souls with these Nodes have experienced Cosmic Consciousness in a former life. Now through their fifth house North Node they are here to bring this awareness to the children of earth.

(Donna van Toen)

Conflicts: Pleasurable childrearing vs. pleasurable social life. Romance vs. friendship. Creative ambitions vs. social or humanitarian ambitions.

Possible results of sacrificing North Node: Impracticality. tendency to think instead of act. Mental drifting and daydreaming. Undervaluation of creativity or procreation. Frustrated hopes.

Possible ways to integrate North Node: Fulfill dreams in a practical way. Develop potential for enjoying leisure time in an active, tangible way. Exploit ability to bring pleasure to others. Examine feelings about children, childrearing and procreation. Don't use group priorities as an excuse for neglecting your personal goals.

In the fifth house, there's a hang-up about self-expression. Here we have the social climber of the show-off. Less commonly we see the 'Aw shucks, it was nothing' syndrome. Humility is either lacking or perverted in some way. In some way, the ability to verbalize your attitudes is detrimental to relationship formation. Romance is usually the most common area of difficulty, although parent-child relationships and social life in general can suffer as well. Sometimes there's a tendency to expect your children to do what you couldn't, whether it's marry a millionaire, become a brain surgeon, or simply be the most popular child in the class.

North Node in the fifth house wants to be considered loyal, above all else. Fun, romance, and children often play a role in the dream motif. This person wants to be thought of as a powerful instrument or advocate of good. This person tends to be rather moody. He or she is inclined to attract sensitive souls to befriend; sometimes these people are cranky or difficult, and severely test North Node in fifth's desire to remain loyal. Parents are generally a strong influence for better or worse. Often there's over-concern about whether the parents will approve of their actions or not. If the person chooses to break away from parental dominance, he or she may suffer severe guilt pangs that hinder effective functioning. The dream of loyalty must be tempered by a

primary loyalty to self before the rest of the dream can be fulfilled.

(Black Moon) Lilith ♀ in ♏ Scorpio 23° 39'

([1144] elsaelsa.com)

Truth Seer

If you have Black Moon Lilith in Scorpio, the wounds you bear from your Lilith experience have made you a survivor. Through your deep insight, you've learned to protect yourself from anything the world has to throw at you.

No matter how your Lilith pain has come about (which you can determine from the house Black Moon Lilith in in), you have figured out that other humans make scarier monsters than anything a horror movie could dream up. To protect yourself, you became skilled at seeing right through people. No one can get anything past you. You can smell agendas and hidden motives from miles away. The idea that someone could successfully lie to you is laughable. And because of this remarkable insight, you have also become a de facto therapist for the people in your life. For the people you are closest to, you don't really mind, but for people a little bit further from your normal orbit, it's somewhere between puzzling and enraging. Why on earth are they willing to disclose all this information? And do they not understand how much of a drain that is on other people?

At times like these, you're likely to shut down or cut the person off altogether. Others may find it cruel, but for you, it's simple self-preservation. And part of you also quietly believes that cutting those people off is for their own good. You know from experience how dangerous it can be to lay all your cards on the table. You've been burned and betrayed more times than you care to recall. You've given too much and loved too hard and learned painful lessons from it. Giving everything you have is a recipe for total annihilation. So you share only what is necessary and preserve the rest for when times get tough.

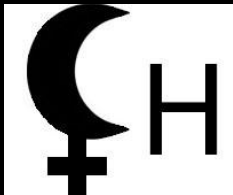

And times always do seem to get tough. One of the great tragedies of this placement is just how much of the world you've seen. You know exactly how dark, cruel, frightening, disgusting, craven, exploitative, and awful life can be. You are very familiar with the depths to which humans can sink. I would say that this knowledge has crushed you, and indeed it has. It has crushed you over and over again, so many times that you thought

you'd never get back up. But you did, you do, and you always will. That is your superpower.

But it doesn't have to be this dark. To soothe the pain, work to bring in influences from Taurus, Scorpio's opposite sign. Taurus, above all, is concerned with the sweet abundance underpinning all life. It's not that Taurus doesn't understand darkness. It's just that the darkness doesn't have to be central. Even though the world is filled with suffering, flowers continue to bloom. Even if a loved one proves treacherous, there are plenty who aren't. Tomorrow we may die, but tonight we can eat, drink, and be merry.

Black Moon Lilith in Scorpio is an exceedingly complex placement with so much to explore, but let me end with this: Your ability to see people for who they are and understand them deeply is a gift to the world. I know it can bring you pain, but it can also help you create a community of those who are truly deserving of your trust. You have the power to turn your pain into your greatest strength. Just remember to enjoy a little sweetness along the way.

(Black Moon) Lilith ♀ in X 10th House

([1158] elsaelsa.com)

Dark Reputation

If you have Lilith in the 10th house of your chart, her themes will manifest in terms of reputation, career, and your position in the world. In other people's eyes, your place on the saint-sinner spectrum always falls a little further toward sin that you might prefer.

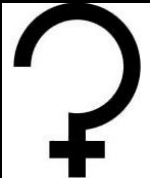

In traditional astrology, the 10th house is known as the culminating point or the pivot. With Lilith here, that dark, outraged wound seems to be the axis around which your world turns. She is destination to which all roads lead. Lilith is your personal Rome.

The 10th house is associated not just with career, but with actions. The 10th house is your Acts in the biblical sense, your praxis. With Lilith residing here, your role in the world is to live out her story. You have been wounded, scapegoated, and have likely ultimately fought back. Your struggle is public in a way that no other placement can match. You embody her role and story and model her archetype. And if you're particularly lucky or particularly brave, you have been able to make a career of going your own way and maybe even fighting for the downtrodden.

The 10th house also has to do with reputation, which is, in effect, the stories that other people tell about you. It is not uncommon for you to feel perfectly normal, going through life as a respectable sort, and come suddenly upon that fact that the rest of the world views you very differently. This is the placement that leads to wild, outrageous rumors swirling that bear little to no resemblance to who you really are. This is also a placement you'll see, for instance, in actresses who refuse to do openly exploitative and degrading work and who are forever labeled "difficult to work with". Your choice to stand up for yourself against what are often truly outrageous conditions or demands, particularly by authority figures, has left you disgraced or pushed to the sidelines.

I could easily write for hours about this placement. But let me at least end with this: It's true that you have been thrust into the Lilith role, often unfairly or without your consent. Those in charge have seen to it that anyone that challenged their power was vilified, and you have been caught up in that. But Lilith's story didn't stop there, and neither should yours. She broke out, shook things up, and carved a place for herself with her own fingernails and sweat. And you can too. Through your strength and pioneering spirit, you show the rest of us that we too have a chance. You pave the way for us all to step beyond the paths that have been proscribed for us and instead teach us all how to live free. Fight on.

Chiron ♄ in ♍ Virgo 8° 22'

([1253] astromajesty.com)

Chiron in Virgo is a complicated placement because these individuals have to heal a wound that's impossible to mend.

These individuals struggle with the pain of trying to be perfect. It is why, no matter what they do, they believe there is something inherently wrong with them.

People with Chiron in Virgo have self-worth issues. That reflects in perfectionism, criticism, and distorted body image. They are persons who strive to be immaculate, to do things right, and to fix every problem.

It is why it's not unlikely for them to be people-pleasers, to take everything personally, and to worry about other people's opinions 24/7.

They torment themselves with feeling incomplete, impure, or damaged. Virgo Chiron individuals were likely suffering from a terminal illness in a previous lifetime, or they saw someone close to them pass away after a long and painful disease.

Perhaps it's a past-life memory of dying young. Or maybe Virgo Chiron people witnessed the death of their parents at an early age.

However, it's an experience that left Virgo Chiron people traumatized and feeling like their life chapters never get the proper ending.

Virgo Chiron individuals believe that there is a part of them that's utterly broken, but they can't pinpoint which one. They don't feel comfortable showing their struggle to anyone, so they hide it and avoid confronting their fears.

Indeed, one of their biggest worries is that people will see them the way they see themselves: imperfect, flawed, and inferior. For Virgo Chiron people, that would be a confirmation of being unclean, not enough, and not "together."

Due to not avoiding sharing their pain and allowing others to help them, persons with Chiron in Virgo seek ways to fix themselves. That usually means that they desperately try to find a sense of completeness and contentment.

Yet, Virgo Chiron people don't know which path to take. That makes them feel more lost and incomplete.

Individuals with Chiron in Virgo manifest their agony through chasing perfection and working on their growth and looks.

That's usually a productive way to mend a wound, but not in a case when one never thinks it's enough. Hence, Virgo Chiron people won't stop. They will never think they are beautiful, smart, or educated enough. It is why these persons are associated with hypochondria, OCD, and obsessive perfectionism.

Virgo Chiron individuals can be manic in maintaining their hair, body, and clothes, neat and tidy. These persons can spend a fortune on the latest trends or watch fashion and beauty video tutorials for hours. They are also meticulous about aligning their style with the occasion.

People with Chiron in Virgo are also likely to learn fun facts, small talk examples, and every world capital to ensure they are ready for every conversation. They also manifest their pain through verbal communication. Virgo Chiron people strive to know all the answers and how to talk with people effectively.

But Chiron in Virgo is not always centered around cleanliness and organization. Instead, these people can also be messy, chaotic, and disorganized. They can also be a mix of these two types.

Thus, individuals with Chiron in Virgo are also likely to go from one extreme to another. They struggle with seeing grey shades because it complicates life. Hence, these people prefer to label everything and everyone as either good or bad.

Regardless of how they express their pain, people with Chiron in Virgo seek control over their lives by focusing on one category.

Some will concentrate on their looks and others on relationships.

However, in the end, they all discover that control is not an effective way to eliminate their inner agony.

Men with Chiron in Virgo

Males with Chiron in Virgo tend to be pragmatic, restrained, and emotionally detached. They control through organizing their life, house, shelves, garage, and anything they can tidy-up. However, they are intelligent, so their loved ones often end up doing what Virgo Chiron tells them. If Chiron is afflicted, these men can manipulate others into doing something they don't want. And if Virgo Chiron males don't get others to follow their advice or rules, they will be infuriated or feel a sense of worthlessness.

The problem with men with Chiron in Virgo is that they repeat the same actions and habits without wondering why people don't listen to them. They should consider that perhaps their ways are not always the best, and that's why their controlling techniques fail.

Another way how Virgo Chiron men enforce their control is through exercise. They have a complicated relationship with their bodies and notice every imperfection. It is why they often start rigorous diets, work out until they pass out, or spend all day in a gym.

These men also tend to organize and control their emotions and thoughts. Some people might see them as robotic or emotionless because of that. But men with Chiron in Virgo don't like anything having control over them, including their feelings.

Due to being overly controlling, males with Chiron in Virgo suppress their fears. Yet, they might resurge as phobias.

It is why men with Chiron in Virgo must realize that's it's impossible to have complete control even over menial things. That will free them and allow them to confront their struggles.

Summary

People with Chiron in Virgo are usually born with inaccurate beliefs of being incomplete, unworthy, or damaged. These opinions appear at such an early age that they can't remember how it started.

For some reason, even as kids, they believed there is something wrong or broken within them. As they grew up, they manifested these beliefs, convincing people to think the same.

However, these thoughts don't always appear without any trigger. Sometimes parents had an impact on how Virgo Chiron people see themselves.

Perhaps their caregivers often criticized them or behaved toward Virgo Chiron in a way that made them believe they are damaged or incomplete.

These individuals should learn how to integrate their imperfections into their being because those fragments make them who they are. No part of their bodies or psyche is good or bad, but they all have a purpose.

Their life mission is to learn to love everything that makes their being because all those elements together make them whole.

Hence, their manipulation and mind-controlling games are a consequence of their vulnerability and lack of self-love.

Part of Fortune ☉ in ♌ Leo 24° 33'

([1279] astrolibrary.org)

Your greatest satisfaction and fulfillment comes through surpassing yourself and being the center. So, it comes through your personal mastery, inspiring and guiding others, without abandoning the responsibilities that your power gives you.

You want to improve yourself and your society by means of some attainable goal that can serve as an example, and that makes you feel satisfied and deserving of a reward, as a symbol of what man is capable of when he uses his potential. You help human beings appreciate and be proud of themselves.

Because Aquarius is the sign opposite to your Part of Fortune, you learn not to force those around you. You let everyone find their own method and own rhythm, understanding that each individual has his own path.

You do not wear out your energies. You learn to conserve them and direct them towards a creative power, overcoming everything that has made human beings feel weak and powerless.

What you achieve through your own effort will have to be honest, otherwise it will have little meaning for you.

Your strength will be greater when you do not personalize the advice you give to others, and stop caring if they accept or reject your ideas. Simply be happy to have had the opportunity to help another person. You almost always wait for the admiration of others. But, you must understand that the personal love you give will at times not receive its just reward. So, it will help you to express it impersonally to avoid that your search for an audience distracts you from your purpose and creative will.

You are very demanding with yourself. You feel satisfied when you achieve a specific goal, with principles that bring you honor, prestige and respect.

You are generous. You must learn to give without expecting anything in return, although you need some kind of response to know that you are doing things well and that you are on the right path.

Focused energy brings you your greatest successes, and the admiration you finally receive will bring you your greatest happiness. You are joyful, above all, knowing that you have had the opportunity to show that when people feel good about themselves and respect themselves, they are able to overcome the biggest obstacles.

Your greatest accomplishment will come from everything that you express and from the significant principles that you exhibit.

Part of Fortune ☒ in VII 7th House

([1293] astrolibrary.org)

Your greatest fulfillment comes through giving to others and enjoying the harmonious company of other people.

This is a very spiritual position, because it will only become personal in the presence of another person. You are able to identify with others. You know others intimately and you know how to share, cooperate, harmonize and please them.

You see more happiness in others than in yourself, and you make sure they know it. You want everything for another person. You look for union in friendship or marriage.

You are able to perceive the needs of others. You motivate them to get their needs and help them find fulfillment. It gives you great joy to see their growth and fulfillment. You know better than they do what gives them happiness. Your gift is in getting them to realize it for themselves, regardless of whether they recognize your help.

You can see the world objectively by studying the action and reaction of everything around you and the people you know. You are deeply into how people react to others.

You will make many sacrifices to make a union, at any level, with another person. You will know that the love you receive is much more profound and enriching than most people feel.

At an unconscious level, you take more care of others more than they do themselves, helping them through their suffering. So, it is difficult for you to know what you want for yourself. For that reason, other people will be the ones that show you your way.

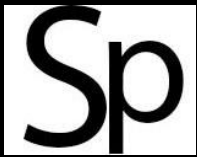

As soon as you accept and understand this identity, you will feel the union with your inner essence, which is what most satisfies you and what most helps your fulfillment.

You very easily give in to others, especially during your youth, until you realize it and begin to distinguish what may be good for you.

Your wishes will always come true if they benefit another person or facilitate a good relationship with another person.

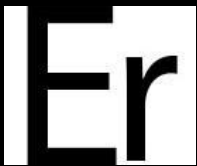

Since all your good luck comes from that outside world and from pleasing the person you love, that's why your soul feels incomplete and disharmonious in the absence of a personal union. This desire is the most important and takes priority over all other desires indicated in the rest of the birth chart.

Through the cause and effect of everything that you give to others, you'll find fulfillment of your identity, your spirit, and your happiness.

([160] astromatrix.org;) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

2) ► **Imum-Coeli** IC **Parallel** ♊ **Jupiter** - (0°35') ☿11 | ♀8

([196] astromatrix.org;) Achiever Of Goals

Your home and family are very important to you as a refuge that you can retreat to when the outer world is too harsh. You will always remember your childhood as one of the best times of your life, and you will have great respect for your parents, especially the one who gave you the most emotional support.

As you get older, you will remember what you had when you were younger, and you will love anything that reminds you of home. Wherever you go, you will try to find a community like the one you grew up in. And if you can't find such a community, you will seek one in which people are as close as they were where you grew up.

All your life, you will have great respect for traditions and customs, even if they are very different from your own, not because you are narrowly conservative, but because you know they give people positive emotional support. Temperamentally you are quite liberal, and you enjoy the experience of new places and different worlds.

All of your life you will prefer rather large and elegant homes surrounded by lots of open space. You hate to be cramped, physically or emotionally, so you avoid close relationships with people who are very jealous or possessive, because they would restrict your inner freedom. Normally this aspect signifies a high degree of emotional security, which enables you to withstand any difficult times and even offer help to others when they are in trouble.

([140] astromatrix.org;) Me Or You

Opportunities: 1. Discovering what You Want 2. Gaining Fulfilment from Within

Challenges: 1. Balancing Order and Chaos 2. Having Relationships for the Right Reasons

People born when the Sun opposes the Moon have an internal struggle between their needs and their wants. In contrast to the Sun-Moon conjunction personality, the Full Moon personality is inclined towards lack of focus and indecision. Their ability to be objective is both an asset and a liability, simply because when they decide on one route, they are pulled in another direction at the same time. Something tugs at them, and they begin to question their stance. “But what if...” and “on the other hand...” are statements they can’t help making and that plague them. While Sun conjunct Moon people have an Aries style about them, Sun opposition Moon natives have a distinct Libra energy about them, in that they are always aware of the opposing point of view, the other side of the coin, and so forth.

Their inner struggle is most obvious in their vitality, as both the Sun and the Moon strongly influence the vitality. They have many ups and downs, and it is hard to know if it is physical or emotional. In fact, it’s likely both. These people might spend a week working hard, and the following week they lack motivation and find it hard to accomplish much. Their energy fluctuates more than most people, and it is very much a reflection of what is going on inside.

The messages they received in their early lives in terms of what was expected of them were conflicting, and even opposite. Some people born under the Full Moon viewed their parents as two very different and separate individuals who each wanted something very different from their child. Their parents or parent figures “stood for” two very different things, and their child internalized this. There may have been some emotional frustration in connection with the father and a stifling of the go by the mother.

It is hard for Sun opposition Moon people to find happiness within themselves. They tend to look outside of themselves for fulfillment. They are inclined to form serious relationships at an early age, simply because of this tendency to try to find an answer to happiness from an “other”. They are prone to divorce, partly because of this prematurity, and partly because their needs are complicated. Full Moon people are also more apt to seek counseling because of this need to find answers.

These people appear to be very self-aware. They entertain a myriad of different points of view and perspectives. They are excellent psychologists and are able to read character and uncover motivations—but with an important caveat: if they are too emotionally close to the situation, they fumble. The truth is, although they appear to know much about how people tick, they spend a good part of their lives uncovering more of themselves and learning about themselves. Generally, this is done through comparisons or through the mirror of relationships.

They can most certainly frustrate the people who are close to them with their indecisiveness and frequent changes of mind (and of heart). A word to those who deal with this on a day-to-day basis: their changes of heart are not a form of insincerity—they are the result of an internal struggle that is very real and very confusing to live with! Sun

opposition Moon people can be temperamental, insecure, and very sensitive. The ability to put themselves in someone else's shoes, and to consider other points of view, is a true asset. However, at some point in their lives, they need to uncover what it is they truly want. This comes easy to New Moon people and can be a life-long struggle for Full Moon people. On the other hand, it is extremely easy for a Full Moon personality to understand others' points of view—something that doesn't come as easily to a New Moon personality. Sun opposition Moon people are generally interesting and complex. Born under a Full Moon, they can be a bit "loony", perhaps manifesting itself in a unique sense of humor.

Look for a planet that might trine and sextile the Sun-Moon opposition for a way to release the tension the opposition creates. Somehow, some way, through that planet, its sign, and its house position, the Sun opposition Moon person can find an "answer" to the struggle. Look also to the sign polarity involved for more details of the struggle. If it's Aries and Libra, for example, there is a conflict between two equal drives to be independent and to depend on others.

4) ► **Sun** ☉ **Parallel** ♂ **Mars** - (1°41') 002 | ♃4

([5] astromatrix.org;) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your

relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

5) ► **Sun** ☉ **Parallel** ♄ **Saturn** - (0°02') 002 | 002

([7] astromatrix.org.) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

6) ► **Sun** ☉ **Parallel** ♅ **Pluto** - (0°13') 002 | 10

([10] astromatrix.org;) The Evolutionary

Your ambitions and desires will be highly influenced by your natal Sun sign, and these can be achieved by applying the Pluto energy to amplify your solar will power. Pluto offers the potential of regeneration and rebirth, which is also reflected in the pattern of solar myths, so you should be able to transform yourself and also to some degree your immediate environment to match your purpose.

You find it difficult to be balanced, especially in tolerating and understanding the frailties of humanity. You can probably adopt a fairly hardline philosophy, having the opinion that people can change their lives and be self-sufficient if they want to, instead of being weak and relying upon others, although you tend to resist change yourself.

You may use manipulation and psychological pressure tactics as levers to guarantee winning in the midst of any power struggles with others; your one-pointed ruthlessness can bring apparent success but may also bring an increasing number of 'enemies' in its wake.

Much of your energy will carry a sexual potency, and, irrespective of your physical sex, will have a penetrative quality to it and an aggressive masculine nature. Emotional understanding is likely to be a weak spot until certain transformations have occurred within you to break down self-preoccupation. you can also strongly react to social injustices and may be attracted towards the alleviation of social problems.

Movement in this direction is dependent upon the degree to which you become aware of the needs of others, and a corresponding diminution of your own need for power and success. The key issue is whether you are self-oriented or other-oriented.

7) ► **Moon ☾ Contra-Parallel ♄ Saturn** - (1°15') 118 | 002

([156] astromatrix.org;) The Oppressor

It is probable that the restrictions and limitations which you encounter are mainly derived from other people or environmental pressures, and that relationship difficulties will occur.

Childhood experiences and parental or social conditioning will have greatly affected you; and your attitudes and worldview are likely to have been molded by duty, obligation, and responsibility. You see their requirements as necessary for the socially mature individual, but instead of gradually developing as a result of real maturation, these have been imposed on you, probably during childhood before you were able to properly integrate them. Parental pressure or environmental circumstances may have forced you to 'act grown up' before you were ready, having to conform to these demands.

You may have reacted against the discipline of restraining attitudes and imposed rigid behavior and may have seen your parents as lacking love or understanding for you. Life presents a vista of duty and obligation; it is viewed as a serious affair in which 'doing the right thing' becomes important, even if this means ignoring your feelings, instincts, and emotions... or so it seems to you. One result could have been a controlling of childhood feelings, exuberance, and enthusiasm, of not being allowed time for childish play and 'silliness', acting out imaginative fantasies, or refusing to conform.

By adult life, this may have consequences of moodiness, bleak depressions, and negativity. You may display emotional inflexibility, endure phases of stagnation, and have fears of people, experiences, and situations. If this occurs, it is symptomatic of unconscious emotional repression, which now influences your everyday consciousness and reality through interference.

Sensing this repression, others may avoid closeness with you, as they sense that your social stiffness inhibits relationships; as your vibration is that of a loner, they may feel uncomfortable. Negative attitudes can become restrictive and limiting; opportunities can be lost through refusing to take chances, or relationships denied through social unease or fear of emotional intimacy. If you can redirect your attitudes in a more positive and constructive direction, things will open up; making such a shift is likely to prove difficult, yet, if achieved, will be highly rewarding.

Clarifying your life direction is important, enabling energies to be targeted at achieving specific personal aims. While the 'duty and obligation' program dominates you, there can be antagonism toward authority figures such as employers or managers, especially if they provoke your feelings or wound your sensitivity. If you chose not to become self-employed, then work related to medicine, research, social welfare, community service, law, or government may attract.

Relationships can prove problematic. You find difficulty letting down your emotional drawbridge to others, and struggle to express feelings. Sometimes embryonic relationships are destroyed by your allowing previous relationship experiences to interfere, by prejudging people according to past disillusionments. Emotions are protected; and this can prevent intimacy from developing.

Older partners may attract, as may those who display a maturity which you believe you lack. Be careful of becoming dependent on others. It may be inevitable that you fall in love with someone who displays affection but not love for you. This leaves you emotionally vulnerable; and powerful but painful feelings are encountered. Such experiences could prove uncomfortable and traumatic, yet releasing emotions is the healthiest action. If a relationship develops, then you may become less defensive, and your hidden potential may unfold with a loving partner.

Children may help to open you, providing a relationship into which you can pour love, helping you to feel at ease with displaying feelings in a less threatening context. You may find that family obligations create limitations, due to financial constraints and parenting responsibilities. A balanced approach to fulfilling responsibilities in a more relaxed, emotionally responsive manner is required; and much depends on transforming attitudes and feelings. If this is achieved, limitations will progressively dissolve as emotional stress is released, and a new feeling of liberation grows.

With emotional freedom comes the dismantling of those inner barriers which have prohibited creativity and imagination; and taking these steps may reveal previously unexplored and unrecognized talents and abilities.

8) ► **Moon ☾ Contra-Parallel ♅ Pluto** - (1°04') ♎8 | ♏10

([159] astromatrix.org;) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

13) ► **Venus** ♀ **Parallel** ♄ **Uranus** - (1°29') 13 | 12 | 1312

([44] astromatrix.org;) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-

centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

15) ► **Mars ♂ Parallel h Saturn** - (1°43') ♃4 | ♀2

([52] astromatrix.org;) Knowing Your Limitations

In the case of Mars Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Saturn tends to make Mars more cautious and conservative.

You have a strong drive for power and a lot of ambition but are often frustrated in achieving your goals by a poor sense of timing or holding yourself back because of fear or tension. The feeling can be something like driving a car with the brakes on. When active you're responsible to the extreme, taking on obligations and pushing yourself. Because of these perceived and real obstacles, you try too hard and tend to force things. Others may at times find your approach severe and hurtful.

Mars and Saturn may not sound like the most amiable dance partners, and in fact, there are plenty of negative potentials inherent in their shadow expressions. But if we look closer, we see that these planets can enhance each other in positive ways. Saturnian prudence can constructively temper rash Martian impulsiveness. Mars can help Saturnian caution or through deliberate actions that produce long-term results and success. Mars marks beginnings. It provides us with the energy to start projects, to take new actions, to innovate, instigate and move ahead. Saturn marks endings especially on a material level.

Saturn roadblocks might seem impossible to get around, leaving us feeling pessimistic and defeated. Mars and Saturn come together, and we may experience starts and stops, progress and setbacks, and constant stress of all kinds.

The impulsiveness of Mars is curtailed in the position, allowing you to make well planned decisions and stop you wasting time on nonproductive activities. It gives you much better understanding and judgment and you tend to know your limits and not overstep them. Many possible careers are possible with this aspect especially those that require extra staying power, determination and physical exercise.

16) ► **Mars** ♂ **Contra-Parallel** ♀ **Neptune** - (0°20') ♃4 | ♆7

([185] astromatrix.org:) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be

necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

17) ► **Mars** ♂ **Parallel** ♀ **Pluto** - (1°54') ♃4 | ♁10

([55] astromatrix.org;) Personal Determination

This aspect should give you considerable physical energy and vitality which you can apply to tasks requiring persistence, determination and endurance. The energy can tend to amplify any self-centered tendencies in you, stimulating your desire nature and setting goals to achieve which would be primarily for your own personal benefit and satisfaction. In your intimate relationships, you may be too forceful and aggressive.

The Pluto energy will tend to make you too possessive and demanding of a partner; and you may attempt to dominate by your sexual expression. As you mature more, you may discover an increasing interest in and awareness of social concerns; and this can be a fruitful channel through which to express your vitality and talents.

18) ► **Saturn** ♄ **Parallel** ♀ **Pluto** - (0°11') ♄02 | ♁10

([70] astromatrix.org;) Breaking Free

Saturn implies restrictions and limitations, which serve as a barrier to progress until certain changes are made or lessons learnt; and when in association with Pluto, the way forward is conditioned by the need for an inner transformation to occur. With this aspect, it is likely that you will experience some degree of frustration in achieving your

objectives, or a sense of invisible blockages facing you that require you to discover some way to pass them or dissolve them through penetration.

As you have a strong ambitious nature, you will need to make full use of all the resources available to you, applying accumulated knowledge and experience to a determined persistent effort to succeed. Patience will be an essential quality for you to develop, as it is unlikely that you will have rapid immediate success in your objectives. Usually you have to wait and undergo the experience of frustration and not knowing if your goals will be realized; and this can be a testing and transformative phase, especially as it is likely to be repeated periodically throughout your life.

You will be attracted towards power and status, although it may be that instead of reaching a position where you 'possess' such attributes, you are required to gain a new perspective and understanding of influence in the world, rather than demonstrating it yourself.

Much depends upon your ability to apply your talents and resources practically; potentially, your ideas and schemes can have a noticeable impact upon the world and your immediate environment, especially when you are working through an established structure and social system. This is because you feel more naturally in tune with existing organizations, preferring traditional approaches and attitudes as a reflection of 'stability and foundation'.

You often resist accepting new trends or social changes, as you are inherently wary of them, preferring to follow your established path unless the impulse for change is naturally arising within yourself; and even then the likelihood is that you will attempt to resist and block its movement as a reaction to its unsettling effect.

You will have a conservative nature and perception of life, respecting traditions and the consensus social attitudes, being suspicious of those who need to experiment, and challenge accepted attitudes. The socially subversive nature of Pluto is unlikely to be too evident, as Saturn will overlay it too much, although it can erupt in your inner and personal life, potentially stimulating a collapse in your 'secure foundations', forcing you to re-evaluate yourself and your life. Such a radical impact is unlikely, however, unless you are capable of undergoing the cathartic transformation that could occur, because Saturn will maintain your inner structure to prevent this happening.

You will be a private person, serious and secretive in nature, not openly revealing your thoughts and particularly your emotions, which you may try to avoid and keep tightly sealed away in a 'locked drawer'. Emotions imply fluctuation and change to you; and this does not fit easily with your world view and perception of self, making you feel uncomfortable.

A healthier approach to emotions should be encouraged, as it would prevent any energy

repression on the emotional level, or else you may find that Pluto takes that route to make its presence felt. In intimate relationships, you will be a firm, reliable partner, and you will prefer a traditional approach to marriage and mutual commitment, so you should choose wisely.

You will not be overly demonstrative of emotions (on the surface), but you should avoid any tendency to fix the relationship in limiting and binding ties, and instead allow it space to change and evolve. Remember that your partner is a unique individual with a potential to unfold, so allow the necessary freedom for him or her to do so and encourage the process too.

Security in a 'straitjacket' situation is a false situation, and inimical to growth and development, so despite your tendency in that direction, it is wiser to accept change and unpredictability so that energies can flow healthily.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

([71] astromatrix.org;) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

([160] astromatrix.org;) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

4) ► **Descendant DC Conjunct ♆ Neptune** - (0°14' A) ♀7 | ♀7

([210] astromatrix.org;) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

Acceptance and self love are necessary first steps in this process. Until you have learned these lessons, you may project your own wounds onto others around you and fear or resent those who remind you of your limitations.

9) ► **Sun ☉ Conjunct ♄ Saturn** - (0°14' S) 002 | 002

([7] astromatrix.org;) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle

and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

10) ► **Moon** ☾ **Conjunct** ♃ **Jupiter** - (4°35' A) ൬8 | ൬8

([18] astromatrix.org;) Inner Faith

You require considerable interaction with people and the environment to stimulate your feelings. This encourages a social awareness and attracts most of your attention. You feel the need to 'expand yourself' into the outer world; your major concern will be the well-being of society and those around you.

You have an innate faith in the goodness of the universe and your fellow humans and will try to share a positive and creative perspective on life with others. As a consequence of your attitude, you hope to contribute to society. Inwardly, you feel connected to the environment, and realize the powerful influence that environmental quality has on your well-being, positively or negatively. Equally, you realize that you can make a difference in the world and will look for ways to express your caring nature. Your feelings reach out to people; you are touched by those in genuine need of support, help, and care. Seeing those who are deprived or disadvantaged opens your heart and stimulates you to conceive ways to offer additional assistance. Looking through sympathetic and compassionate eyes, you feel that much can be done to increase the effectiveness of social welfare; and you may believe that you have certain answers or solutions to social challenges. Sometimes you may respond to social suffering with excessive emotionalism; but this is preferable to no response at all. These emotional reactions may need to be tempered by a pragmatic and impersonal approach, or you may become too personally involved and affected by social experiences, a state which could reduce your effectiveness.

The impulse that motivates you is world service, where feelings are more fulfilled by giving than by receiving and are inspired by a sense of inner strength and unity with life. You may become involved with socially concerned groups that have a progressive vision of human potential or are devoted to meeting the present needs of the disadvantaged.

Supporting the work of international charities may appeal, or you may decide to work within existing social groups, such as the churches, or educational or political organizations. Medicine or law may also attract. The strength of your convictions may almost feel like a 'mission or destiny'; you may display compulsive activity in a futile attempt to change the world yourself. This tendency may need careful rebalancing and a modified perspective, restraining over-enthusiasm and zeal, if only to protect your health and inner stability.

To ensure a long-term social contribution, times of rest and personal relaxation to renew your batteries are also essential, and a necessary part of your self-healing. Steady perseverance will reap greater results than a sudden burning out in a flash of excessive activity. Changing the world is a long-term project!

Spending time with your family and contributing to their development is equally important; you will feel deep emotional attachments to your home life, hoping to increase

social awareness in your children and friends too.

11) ► **Moon** ☾ **Conjunct** ♆ **Neptune** - (9°28' S) ♃8 | ♆7

([21] astromatrix.org;) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

14) ► **Mercury** ☿ **Conjunct** * **Juno** - (5°08' S) ♂7 | ♀6

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

15) ► **Venus** ♀ **Conjunct** ♂ **Uranus** - (1°19' A) ♀12 | ♂12

([44] astromatrix.org:) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

([140] astromatrix.org;) Me Or You

Opportunities: 1. Discovering what You Want 2. Gaining Fulfilment from Within

Challenges: 1. Balancing Order and Chaos 2. Having Relationships for the Right Reasons

People born when the Sun opposes the Moon have an internal struggle between their needs and their wants. In contrast to the Sun-Moon conjunction personality, the Full Moon personality is inclined towards lack of focus and indecision. Their ability to be objective is both an asset and a liability, simply because when they decide on one route, they are pulled in another direction at the same time. Something tugs at them, and they begin to question their stance. “But what if...” and “on the other hand...” are statements they can’t help making and that plague them. While Sun conjunct Moon people have an Aries style about them, Sun opposition Moon natives have a distinct Libra energy about them, in that they are always aware of the opposing point of view, the other side of the coin, and so forth.

Their inner struggle is most obvious in their vitality, as both the Sun and the Moon strongly influence the vitality. They have many ups and downs, and it is hard to know if it is physical or emotional. In fact, it’s likely both. These people might spend a week working hard, and the following week they lack motivation and find it hard to accomplish much. Their energy fluctuates more than most people, and it is very much a reflection of what is going on inside.

The messages they received in their early lives in terms of what was expected of them were conflicting, and even opposite. Some people born under the Full Moon viewed their parents as two very different and separate individuals who each wanted something very different from their child. Their parents or parent figures “stood for” two very different things, and their child internalized this. There may have been some emotional frustration in connection with the father and a stifling of the go by the mother.

It is hard for Sun opposition Moon people to find happiness within themselves. They tend to look outside of themselves for fulfillment. They are inclined to form serious relationships at an early age, simply because of this tendency to try to find an answer to happiness from an “other”. They are prone to divorce, partly because of this prematurity, and partly because their needs are complicated. Full Moon people are also more apt to seek counseling because of this need to find answers.

These people appear to be very self-aware. They entertain a myriad of different points of view and perspectives. They are excellent psychologists and are able to read character and uncover motivations—but with an important caveat: if they are too emotionally close

to the situation, they fumble. The truth is, although they appear to know much about how people tick, they spend a good part of their lives uncovering more of themselves and learning about themselves. Generally, this is done through comparisons or through the mirror of relationships.

They can most certainly frustrate the people who are close to them with their indecisiveness and frequent changes of mind (and of heart). A word to those who deal with this on a day-to-day basis: their changes of heart are not a form of insincerity—they are the result of an internal struggle that is very real and very confusing to live with! Sun opposition Moon people can be temperamental, insecure, and very sensitive. The ability to put themselves in someone else's shoes, and to consider other points of view, is a true asset. However, at some point in their lives, they need to uncover what it is they truly want. This comes easy to New Moon people and can be a life-long struggle for Full Moon people. On the other hand, it is extremely easy for a Full Moon personality to understand others' points of view—something that doesn't come as easily to a New Moon personality. Sun opposition Moon people are generally interesting and complex. Born under a Full Moon, they can be a bit "loony", perhaps manifesting itself in a unique sense of humor.

Look for a planet that might trine and sextile the Sun-Moon opposition for a way to release the tension the opposition creates. Somehow, some way, through that planet, its sign, and its house position, the Sun opposition Moon person can find an "answer" to the struggle. Look also to the sign polarity involved for more details of the struggle. If it's Aries and Libra, for example, there is a conflict between two equal drives to be independent and to depend on others.

([144] astrotarot.net;) Expanding Horizons

Typical features that this opposition brings: this Sun – Jupiter aspects emphasizes the dangers suggested by the Sun-Jupiter square. That is because there is a conflict between the optimistic expansion and the development of the Self (Sun). It can lead to forms of immaturity and childish behavior. Or, it can lead you to compensate with obsessive behavior that sometimes leads to strictness or a lack of self-control. As Jupiter is usually associated with money, both the square and the opposition can indicate difficulties in finances. Sun opposition Jupiter puts the brakes on good humor. But, all this may be eased by positive aspects. This aspect makes you idealistic and this is the reason why you often support various dubious movements and clubs. You are often willing to make great sacrifices. Also, you are overly optimistic, like to travel and you do not like commitment. Sun opposite Jupiter brings out the extremes of Jupiter in the life and personality. There may be an internal struggle to control Jupiter's expansive nature. It can show as an inflated ego, over exuberance, and excesses in pleasure-seeking. Also, you can make promises, but have a problem with follow-through. Self-control can be a real problem for you. Usually quite knowledgeable and generous with your time, you have many talents that you may take for granted.

- Positive trades: Once integration is found, then the generosity, optimism, good cheer and prosperity become strong points. Also, popularity and even fame can result. The energy can often be best expressed through philosophy, religion and spirituality. You love travel, studies and involvement in social causes.
- Negative trades: Ups and downs in life are possible regarding wealth, happiness and relationships. During these growing pains, it may be difficult for you to remain happy and content. You may feel unfulfilled and even unlucky.

27) ► **Sun** ☉ **Opposition** ♆ **Neptune** - (6°07' S) 002 | 87

([147] astromatrix.org;) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

This may lead you to feel an unfathomable degree of loneliness. This is different from the loneliness associated with Neptune or Saturn. Natal Sun – Chiron aspects loneliness is connected with particular configuration in the natal chart. Many astrologists say that it is similar to the loneliness of Jesus on the cross. In other words he knew he had to “pity” those who put him on the cross. In conclusion, you often feel cut off from the ordinary, imperfect crowd, as you could never be one of them. As you grow older, this gap between the head and the heart may seem easier to handle. You may develop a sophisticated understanding of relationship with your father, a homeland or your roots. You may be able to use this understanding in helping others come to terms with a similar sense of loneliness. Or you can use it to do a good work in the world without having an ego-centric necessity to be identified as the active agent behind such work. You are constantly meeting with criticism, rejection, or exclusion for your individuality. And this often causes you to hide or repress the most unique parts of yourself. You despise expectations. When others have any measure of control over you, you can become hostile or deeply troubled.

- Positive trades: You are very sensitive. Also, you are often very talented for music, writing, poetry.

- Negative trades: You are likely to experience some strange events or become involved in mysteries or scandals. You have a painful yearning for freedom but you are afraid of the the.

([156] astromatrix.org:) The Oppressor

It is probable that the restrictions and limitations which you encounter are mainly derived from other people or environmental pressures, and that relationship difficulties will occur.

Childhood experiences and parental or social conditioning will have greatly affected you; and your attitudes and worldview are likely to have been molded by duty, obligation, and responsibility. You see their requirements as necessary for the socially mature individual, but instead of gradually developing as a result of real maturation, these have been imposed on you, probably during childhood before you were able to properly integrate them. Parental pressure or environmental circumstances may have forced you to 'act grown up' before you were ready, having to conform to these demands.

You may have reacted against the discipline of restraining attitudes and imposed rigid behavior and may have seen your parents as lacking love or understanding for you. Life presents a vista of duty and obligation; it is viewed as a serious affair in which 'doing the right thing' becomes important, even if this means ignoring your feelings, instincts, and emotions... or so it seems to you. One result could have been a controlling of childhood feelings, exuberance, and enthusiasm, of not being allowed time for childish play and 'silliness', acting out imaginative fantasies, or refusing to conform.

By adult life, this may have consequences of moodiness, bleak depressions, and negativity. You may display emotional inflexibility, endure phases of stagnation, and have fears of people, experiences, and situations. If this occurs, it is symptomatic of unconscious emotional repression, which now influences your everyday consciousness and reality through interference.

Sensing this repression, others may avoid closeness with you, as they sense that your social stiffness inhibits relationships; as your vibration is that of a loner, they may feel uncomfortable. Negative attitudes can become restrictive and limiting; opportunities can be lost through refusing to take chances, or relationships denied through social unease or fear of emotional intimacy. If you can redirect your attitudes in a more positive and constructive direction, things will open up; making such a shift is likely to prove difficult, yet, if achieved, will be highly rewarding.

Clarifying your life direction is important, enabling energies to be targeted at achieving specific personal aims. While the 'duty and obligation' program dominates you, there can be antagonism toward authority figures such as employers or managers, especially if they provoke your feelings or wound your sensitivity. If you chose not to become self-

employed, then work related to medicine, research, social welfare, community service, law, or government may attract.

Relationships can prove problematic. You find difficulty letting down your emotional drawbridge to others, and struggle to express feelings. Sometimes embryonic relationships are destroyed by your allowing previous relationship experiences to interfere, by prejudging people according to past disillusionments. Emotions are protected; and this can prevent intimacy from developing.

Older partners may attract, as may those who display a maturity which you believe you lack. Be careful of becoming dependent on others. It may be inevitable that you fall in love with someone who displays affection but not love for you. This leaves you emotionally vulnerable; and powerful but painful feelings are encountered. Such experiences could prove uncomfortable and traumatic, yet releasing emotions is the healthiest action. If a relationship develops, then you may become less defensive, and your hidden potential may unfold with a loving partner.

Children may help to open you, providing a relationship into which you can pour love, helping you to feel at ease with displaying feelings in a less threatening context. You may find that family obligations create limitations, due to financial constraints and parenting responsibilities. A balanced approach to fulfilling responsibilities in a more relaxed, emotionally responsive manner is required; and much depends on transforming attitudes and feelings. If this is achieved, limitations will progressively dissolve as emotional stress is released, and a new feeling of liberation grows.

With emotional freedom comes the dismantling of those inner barriers which have prohibited creativity and imagination; and taking these steps may reveal previously unexplored and unrecognized talents and abilities.

([163] 12andus.com:) You may find that your charm is slightly offset. Still social encounters will be relatively good because you are agreeable enough and friendly enough to smooth over any friction that arises.

You are more outgoing and social and crave interactions with others, yet you may feel less secure about your social or romantic standing.

Communicate openly even if doing so creates vulnerability. Don't just go with the flow when your mind is not aligned with your heart. Take time to get clear about what you want.

33) ► **Mercury ☿ Opposition ♅ Uranus** - (5°23' S) 87 | 1312

([167] astromatrix.org;) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to

compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

34) ► **Venus** ♀ **Opposition** * **Juno** - (1°34' A) ♃12 | ☿6

([596] 12andus.com:) You may be torn between the desire for love and romance and the desire for serious commitment.

Your intentions may be to settle down and make a relationship work and yet your love of flirting and being admired can lead to problems in your commitments if you stray from your partner.

You may also be so in love with the idea of being in love that you attract partners who are toxic, unavailable or who simply aren't looking for the same things you are looking for. You may have to work hard to see through the illusions in romance.

You want to give everyone the benefit of the doubt but you aren't always as protective of your feelings and vulnerability as you should be.

You may learn through difficult conflicts and harsh lessons who is really worth your commitment and devotion and who is not.

35) ► **Venus** ♀ **Opposition** ♃ **Vesta** - (4°53' S) ♃12 | ☿6

You may have a deeply devoted side and want to dedicate yourself to your calling. Yet at the same time, you can't help indulging in your material desires. You may struggle between following religious or spiritual restrictions that are part of an important calling and giving in to your passions and desires.

When you learn to balance your desire for pleasure, beauty and intimacy and your spiritual calling, you will be able to serve others in a more productive way.

Balancing your hedonistic side and your need to find spiritual purity and connection, you'll be able to fulfill your calling.

36) ► **Mars** ♂ **Opposition** ♄ **Pluto** - (7°18' S) ♃4 | ♄10

([186] astromatrix.org;) To Win At Any Cost

The opposition aspect tends to reflect an inner conflict in you, that of a clash between your personal desires and a possible contributing positive role in society, as represented by the opposition between the personal Mars desires and the more socially orientated Pluto.

You probably require a greater understanding of the nature of personal power, the right application of it to benefit the group rather than to satisfy purely personal aims and desires, especially as you may have the tendency to take advantage of a group's power and influence to further your own ambitions.

Your nature will express a forceful will, which can be experienced by others as aggressiveness, making them avoid too close a contact with you; in fact, you often appear to be quite unaware of your effect on people; and a greater sensitivity to the rights and reality of others is a quality that you could do well to help develop. This would help minimize any negative effect you may have on others, especially those in close relationship to you, whom you often attempt to dominate.

Control in an intimate context is attractive to you; and you are likely to have an intense and powerful sexual nature, which at times can lead towards an affinity with forms of potentially violent passion and sexual undertones. You tend to link sex with power as an exaltation of personal force; and this can stimulate certain problems, although some potential partners can find the sheer physicality extremely exciting and provocative. This, plus the psychological manipulation that you attempt, can lead to stormy relations; and you are probably wiser to moderate and discipline your release of energy through a controlled awareness of its impact on others.

You may observe that your flow of sexual energy can be erratic and irregular, where your passions are either 'hot' or very 'cold', and you are basically unable to regulate them according to demand or switch them on. In your home life, you may find problems arising in the spheres of financial management, and power struggles, and on the emotional levels of relationships. You probably find that your emotions are driven by the force of passion and sexual energy, and that you have a lack of real understanding of their nature, as they tend to be swept along on the tide. Perhaps this is why you often demonstrate little awareness of the emotions of others in everyday life, as yours are often held in a state of suspended repression, like waters blocked from following their natural route by a dam wall.

If the emotional level was released carefully and consistently in a healthy way, the blocked Pluto energy operating on that level could be freed, and many of your problems would begin to dissolve, leading to personal transformation. This would then adjust the level of force and suppressed violence in you, so that you would deal with your power more positively.

This would lead to a clearer perception of self and others, allowing partners more personal freedom through mutual agreement and compromise, rather than your previous imposition of will. Taking such a course could develop also towards greater social involvement, using your energy in positive and creative channels, realizing that if you can change from living mainly to satisfy purely personal desires at the expense of others, then there is the potential for a self-centered violent society to change from exploitation to co-operation and mutual benefit.

37) ► **Mars** ♂ **Opposition** ♀ **Lilith** - (8°14' S) ♃4 | ♎10

([635] astromatrix.org;) Unpacking your desires

Opportunities: 1. Deeper understanding of sexual energy 2. Transforming areas of disempowerment

Challenges: 1. Dealing with triggering experiences 2. Positively transforming rage

With this aspect in your birth chart, you will often feel the polarity between your inner wild and your primal nature. Lilith acts on her own accord and can sometimes feel like a puppet master in your subconscious. Mars is driven by impulse and marking its territory wherever it decides to conquer. Certainly, it's highly likely that you are often led by your desires - some of which you may not always be able to understand with your logical mind. The opposition works like a see-saw effect. In one instance you may be inclined to rebel against the status quo to make a statement. However, this may be received poorly in intimate relationships as you may have a difficult relationship with surrendering to the "other".

Ask yourself the question "Are there areas of your life you feel disempowered in?" The best way to integrate these energies in your chart, is to take a deeper dive into understanding your relationship with your own power. It's important you speak your truths, but perhaps they need to be timed more appropriately.

38) ► **Jupiter** ♃ **Opposition** ♄ **Saturn** - (8°10' A) ♃8 | ♄2

([190] astromatrix.org;) Evaluation Of Worth

Like most Oppositions there is a polarization between the two planets that cause you to bounce from one pole to the other and Jupiter Opposition Saturn is no exception.

You tend to move from being very cautious and conservative to boundlessly optimistic and progressive. Or you may adopt one role and project the other on to some close associate and enact the felt dichotomy in that way. You may find it difficult to balance discipline and responsibility with hope, confidence and positive action. You might tend to dream grand and somewhat unrealistic dreams, and yet neglect to lay a firm foundation for the future you are attempting to create.

You are very unsure of your own self-worth and identity and need others to reassure you of your own worth. This has probably come from some important role models in your life such as previous teachers, parents or even partners. You constantly seek the approval of others and want people to like you at all costs which causes you to get involved with

the wrong types of people or if they don't appreciate you or make you feel better about yourself you may reject them. You need to develop a stronger sense of self-worth and work on your self-esteem. Realize that you are quite talented, and you don't need others to clarify it. Your attitudes and perspectives need to be changed and transformed.

By accepting reality and responsibility for your actions and be more sympathetic towards other people and their own particular viewpoints and attitudes. Do not doubt your own abilities just realize you need to work and be determined in order to obtain your goals. It will be more productive for you to set a series of small, attainable goals, and build toward the greater vision than to over commit and then feel overwhelmed by the magnitude of the task you have set for yourself.

39) ► **Saturn** ♄ **Opposition** ♅ **Neptune** - (5°53' S) 002 | 87

([199] astromatrix.org;) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

75) ► **Midheaven** MC **Trine** ☉ **Sun** - (5°33' A) ♏5 | ☉2

([309] astromatrix.org:) The Achiever

Opportunities: 1. Reaching Long-Term Goals 2. Being Practical to Achieve Success

Challenges: 1. Learning from Authority Figures 2. Making Independent Decisions

This can be a strong indication of personal success. You have a strongly developed notion of who you are, and even while you are young you will want to be an achiever.

You want a great deal out of life in terms of goals and material possessions, but you are willing to work for them. You see the necessity of putting off today's pleasure to reach tomorrow's goals. At the same time, you can get others to work with and for you, so that

all of you can achieve your goals. You are probably a very practical person.

You may have very strong ideals, but you are not likely to be carried away by them, unless the planetary energies in your chart are very idealistic. Even then, your ideals are likely to be about matters that affect everyone in the real world. You have a strong sense of your own values, and you will not get along well with people whose values are very different.

Authority figures, starting with your father, will be very important in your life. If your father is absent from the scene, your mother may play a fatherly role. The first people in your life who act as authorities will strongly influence your ideas of success and the kind of success you will pursue.

Generally speaking, you should have a very good experience with these people, and they will give you a great deal of self-confidence so that you can stand up for yourself. Eventually you will be able to make independent decisions and govern your own life as well as the lives of others.

76) ► **Midheaven** MC **Trine** ♄ **Saturn** - (5°19' A) ♀5 | ♀2

([360] astromatrix.org;) Achiever Of Goals

As you grow older, you will get ahead by doing everything in a very systematic and orderly manner. You try to take good care of your possessions, and you like to have them arranged neatly about you. Also, you try to use your possessions in the best way possible.

As you get older, you will be fascinated by the tools and techniques of any subject that interests you, and you will become very proficient in those techniques. Even at an early age, you will feel that very little that is worth having comes for nothing in this world, but you are willing to work. As a result of this understanding, you may seem older than your age, and you may prefer the company of older people.

Although you can work with others if necessary, you probably prefer activities that you can pursue by yourself, because then you do not have to worry about whether someone else's standards are as high as your own. You are very exacting in your work, and find it frustrating to deal with anyone who is less exacting.

This same energy may also cause you to feel a bit different from other people, even sometimes as if you don't belong with them. However, this will not bother you greatly, because you are confident enough to be yourself. It is more important to you to be right than to be popular. This attitude will win you the respect of your elders, and all your life you will get along well with persons in authority. Eventually you will probably be in a position of authority yourself.

77) ► **Sun** ☉ **Trine** ♇ **Pluto** - (3°57' A) ♀2 | ♀10

([307] astromatrix.org;) Self Integration

The relationship of the Sun-Pluto trine is potentially quite harmonious, and you should have the ability to concentrate and apply your willpower, coupled with the option of a regenerative transformation which may be necessary to achieve self-integration and your chosen aims.

There will be less influence by the undermining quality of the Pluto energy, provided that you utilize your natural gifts in socially acceptable ways. You are able to make maximum use of innate resources, turning them to your advantage to achieve your goals. You will display a social awareness and will feel attracted to applying your talents towards improving the social environment.

Your ability to have a natural insight into resolving problems in the most effective manner can lead to a possible career or vocation in challenging problem-solving areas. You will have certain financial skills and a logical and deductive mind, preferring to tackle projects where you can reclaim order from chaos. This gives a sense of satisfaction, as you dislike chaos and a lack of structure; you want to be in control and create an ordered harmony in your life and environment.

You have the potential to be a spokesperson or leader, where your vitality gives the impression of purposeful direction, and your optimistic and inspiring creative expression can attract support. This occurs naturally, without the usual Pluto desires for power and manipulative influencing of others; indeed, you have little compulsive desire to be an authoritative leader.

There can be an intuitive ability which offers you clear insights into situations, possibly even a degree of clairvoyance, which any exploration into yoga, meditation and ways of self-discovery could release and amplify. There may be a healing energy from you, possibly aiding others who can absorb excessive energy releases from you on an unconscious level, and you can be a reliable support to anyone who requires aid in resolving problems. You may benefit from what appears to be 'luck' in your life; this can come from inheritances, or by the ill fortune of others.

You have considerable creative potential, but to release this fully you may have to experience some inner transformation which dissolves any blocks which are initially frustrating your success. This involves learning how to use this aspect to full advantage. Assuming that you are able to channel this energy towards socially beneficent results, and ensuring that you do not try to evade facing and resolving any important personal problems that arise - within yourself or within a relationship - then you should experience few of the traditional difficulties associated with an unintegrated Pluto energy; which, for many people, could be considered a blessing.

Certainly, Pluto, can be very co-operative with your solar aims, although much of this support may lie deeper in your unconscious mind and may not always be recognized. At

least unresolved Plutonic patterns will not be subtly influencing and distorting your choices and experiences in an attempt to come to your attention.

78) ► **Moon** ☾ **Trine** ♂ **Mars** - (7°54' A) ♀8 | ♃4

([313] astromatrix.org;) Vitalizing Emotional Energy

Opportunities: 1. Integrating Your Emotions 2. Deepening Your Connections

Challenges: 1. Dealing with Your Disappointments 2. Cultivating Meaning

The trine indicates that your personality can potentially integrate both Moon and Mars energies. While feelings and emotions are intense and powerful, you have confidence in your ability to handle them; they act more as a vitalizing source of energy which can be directed rather than as a flood threatening to drown you.

Your emotional ease is communicated to others; and social and intimate relationships benefit from your open and welcoming spirit. You accept the need for compromise, and know adjustments are necessary for harmonious relationships and better social contact.

You meet challenges and difficulties positively, applying effort to transcend or resolve them. However, your self-image is strong enough not to collapse when failures are encountered. Obviously, there will be disappointments; you take a philosophical approach to life, shrug your shoulders, and carry on.

83) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (4°11' A) ☿2 | ♁10

([358] astromatrix.org;) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

Just make sure that in seeking love and approval, you don't give up an important part of yourself. Above all, be honest and don't try to use flattery and charm to make people like you. If however, you insist on abandoning tradition and balking at authority, if you lose patience with others or with society at large, you may find a frustrating path through your career, marked by fits and starts and total losses. ([623] 12andus.com:) You can find it difficult to trust your unique intuition and work through your past wounds and traumas.

As a result, your devotion to a spiritual path may be hindered. You may struggle to fully sacrifice and give of yourself in important ways and this inhibits your spiritual growth and ability to serve others.

When you've faced your past wounds and accepted the need to devote yourself to a spiritual calling, you can find it easier to follow through on your path.

You'll be able to embrace some needed sacrifice or focus on helping others with an important healing journey that is related to your spiritual calling.

You can try too hard sometimes and your interventions intended to help others can come across as too grandiose. You may also easily become disappointed if you feel others don't appreciate your efforts to show love.

Opportunities: 1. Connecting with your higher self 2. Unleashing your true potentials

Challenges: 1. Accepting your shortcomings 2. Learning the art of accurate communication

The position of Mercury opposite Black Moon Lilith in your natal chart indicates a troublesome experience of comprehending the effects of your actions. You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 24° **Leo** 33' and in the **7th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 1° **Virgo** 10' and in the **8th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 4° **Pisces** 31' and in the **2nd** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 1° **Virgo** 50' and in the **8th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 1° **Libra** 17' and in the **9th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 7° **Aquarius** 40' and in the **1st** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 18° **Scorpio** 47' and in the **10th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 8° **Pisces** 44' and in the **2nd** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 7° **Virgo** 17' and in the **8th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Virgo: lack of faith, jumping to conclusions

Nemesis in Eighth house (Scorpio): murder, plots, jealousy, scheming, lack of trust

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Taurus (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 2nd House/Taurus: You accumulate much in life, as this opens the box possessions and creation. This placement brings explosive artistic and musical talent. You may go through periods of impulsive buying and saving, shifting between minimalism and excess. It could mean a lot of clothes, plants, - always something that makes you feel sustainable, while less of what you know you can't keep up with, like dishes or pets. You find out early what you can and can't be held responsible to keep going. You create things or find sources that makes people's jaw drop often. Self-worth fluctuates with your comfort levels, either bolstering ego or deflating it. With persistence, projects that seem like they'll take forever will achieve tremendous results, including knowing one's own immense worth, as you realize that it's a long uphill battle to fulfilling accomplishment.

Pholus in 4th house

(12andus.com;) Your relationship with your mother is profoundly influential and not always in a positive way. Toxic elements from lack of nurturing or too much nurturing early on can unleash confusion and chaos in your life.

You may carry wounds from family and upbringing that become toxic and need healing later in life. When you have your own home and family, you may need to contend with seeds of uncertainty and abandonment that were sown in your childhood.

Your desire for security can lead you to unintentionally unleash emotional wounds that require you to sort out the toxic messages learned from family or relationship with early nurturers. When you work through this, you'll have the ability to break through past restrictions.

You may even have to move frequently or have a home that is unusual or mobile,

instilling an appreciation for travel and finding security even while on the road.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Libra (Rx)

(12andus.com:) You have a desire for balance and harmony in your sex life.

If your personality is very masculine, regardless of gender, you look to your partner to have a more feminine energy. If you are more passive, you want to be with a partner who is more intense or dominating sexually.

You are sexually attracted to people who seem like your personal opposite.

When it comes to sexual arousal, you can become obsessed with balance. You want to make sure there is an equal give and take in sexual encounters. You are sensitive to your environment and turned on by somewhat superficial beauty and appearance.

Even if you care about a person, your romantic love will not create a strong sexual attraction unless the person fits your ideal of beauty. You don't like drama. Even in your most passionate moments, you want to enjoy pleasure in all its forms with no tension or negativity.

Eros in 9th house

(12andus.com:) You have an idealistic style of expressing your erotic nature.

Your sexuality is expressed through your desire for intimacy with a vast array of different partners. You may become bored easily with just one partner. You also may fetishize people from different cultures or some aspects of different cultures.

You easily fantasize about your love interests and may have a strong desire for adventure as part of your sexual exploration. You may find legs to be particularly erotic.

You may also have a desire to explore sexuality in many locations around the world. Poetry, culture and the arts appeal to your sexual desires. You may also have fantasies about erotic encounters in institutions of higher learning or involving people who are established gurus or academic leaders.

New information and new settings arouse your passions. You may have an erotic attraction to mentors or teachers in your life as well.

Sometimes you need to dramatically face your fears and find strength by jumping right into the midst of a catastrophe.

Small impulsive choices or actions can have dramatic ramifications, and this can impact you in a dramatic way. You may become more enthusiastic and determined as a result.

You can be overconfident in your ability to rush in to protect others or de-escalate a situation, not realizing that a spark has become a wildfire before you fully have a handle on things.

Yet even in the midst of these major life turning points, you can find renewed sense of focus and energy. Nothing gets you out of a slump like a large-scale challenge.

(12andus.com:) You may feel torn between what you need as an individual and what you need to do for others in the midst of a crisis.

It may be difficult for you to realize that your desire for freedom and independence can lead you to rebel against the status quo and miss signals that small choices you've made have bigger ramifications for yourself and your relationships with others.

When you find a way to reconcile your personal needs for freedom and independence and your obligation to protect or guard others in a time of crisis, you will find crisis situations to be turning points that help you better stand up for your own needs and embrace your passions.

Finally, you'll come to adapt your expectations and make necessary changes to your

ambition so that you can succeed on your path while also recognizing the crisis and turning point you are facing.

Life changing events that alter the course of your path can be set into motion because of your romantic partnerships or connections to those you love. Even cataclysmic events can ultimately benefit you or lead to deeper love and security.

You may have to face the ways in which you overestimate your ability to save others or face patterns of codependency in toxic relationships so that you can heal and break through these patterns.

Dramatic changes brought about by small steps or seemingly innocent encounters can have wide ranging consequences in your life.

Relationships and partnerships can be a big part of shifting your perspective, leading you to embrace your connection to others who support and validate you even as you go through major life turning points.

Your willingness to put yourself on the line for others can be tested by challenges but you will still naturally and easily follow your instincts to protect or heal others.

When you do put things into different perspective, you can come to appreciate both your desire for sexual exploration and your spiritual path.

connection through your sexual exploration or by blending your erotic fantasies and details and routines that help you feel pure and spiritually connected.

15) ► 15° Libra 57' **Eros** ✎ **Quincunx** ♂ **Mars** 15° Taurus 25' - (0°32')
(12andus.com:) Though you have a healthy sense of desire and passion, you may feel inadequate in some way.

You may feel you have to stifle your sexual nature or prove yourself to others using sexuality as a means of doing this. When you build up your confidence you may be more confident being true to yourself and expressing your erotic desires.

When you work through old beliefs about sexuality and power, you can become more focused and courageous, having the confidence you need to show your true desires and share your passions with your partner.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Leo

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

Hygiea in 7th house

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they’ve found it, possibly

stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

Psyche in 9th house

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating

a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Capricorn (Rx)

(synnisisigns.com:) When Eris resides in the tenth house of authority and power, you are here to understand your role in taking care of the those with less power than you. Should you not have a natural understanding of this role, Eris will make sure you experience the consequences of the bigger fish eating the smaller fish. You will experience why some people insist on “survival of the fittest” and you will not necessarily be the one considered “fit”. When you grow in wisdom in this role, you will be a fine steward of the needs of the people.

Eris in 12th house

(synnisisigns.com:) In the twelfth house of connection with the your higher sources, Eris gives you a voice to speak about how this dimension’s experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like

suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Pisces

(whatsmyalternative.com:) The end of the karmic wheel! A native who could have transcended the highest spiritual realms of ecstasy or crawled through life as an alcoholic or drug abuser. This placement may also indicate that the native had mislead others in topics of spirituality or deceived others by misusing compassion. Positively, this can be a native who was so selfless in thought and deed that this life will give a balance in the form of true knowledge or opening of the third eye/psychic powers and higher states of consciousness.

Retrograde Karma here could mean chances of psychiatric illness, schizophrenia and more drug abuse. Great honesty, objectivity and self mastery is needed in this case for setting up the positive karmic loops to enable Neptunian rewards from this asteroid placement.

Karma in 2nd house

(smartyoungsters.com:) Karma in 2nd house: You can reach your goals through money and beauty. Your sensuality and banking attitude can help you fulfill your duties. A bank or beauty, cosmetics can bring you rewards. Use your money and financial ethics well and don't lose morals in the run.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Scorpio

(astronomicallyaligned.tumblr.com:) Crimson and scarlet, roses and blood. Pain and beauty, grotesque and delicate. A magnetic pull is dragging you into releasing the content of this box. Thorns and silk, metal and cotton. Once out of the hidden, this paradox of insanity will consume the world. No hope or joy. Only obsession and frustration. But if kept alone, in peace, it will give you a strong drive in life. A meaning and goal. Pure passion and lust for experiences.

Pandora in 10th house

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Leo

(smartyoungsters.com:) This is the self-obsessed Nessus that wants to be on the center stage at all times. A politician that can kill, murder or do almost anything to win the coveted chair. An actor who wants to have the spotlight always on him and who go to any length to get it. This is a self-centered Nessus who wants to be worshiped at all costs. He manipulates followers can even buy them to promote his superiority. An actor who commands attention, has a powerful personality. Known for his ego and pride, this Nessus is insanely generous to his followers and yes-men. When this Nessus is positively influenced by Saturn and Chiron, he can be the hero of dreams. He can be a great King for his subjects. Win Oscars, take his country to the top most position in the world as the leader. In love, this Nessus wants to be treated as royalty and will not tolerate a partner who does anything less than that. May always want partner to behave “up to the mark” and have high expectations from him/her.

Nessus in 7th house

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate

lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someone's Nessus falls in your 7th house then that person will show the above qualities.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we

dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

Living a life where your talents are regularly seen and heard is a pathway offered here. Singing, preaching, writing and general leader are all promising with Thuban in your astrology chart.

Thuban fixed star does also indicate a hard time with family. Situations where a lack of understanding and compromise spoil the mood for reconciliation. Although with patience the Thuban star energy will take over and all love connections grow due to the complications.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If our intentions with our fellow man are not honest and forthcoming an anger sets in. Creating mistakes and broken promises. Be sure to handle all things in this time calmly with gratitude. Remind yourself the universe is testing you and act accordingly.

Caught in a pattern of forces over which we have no control and restless for change, this energy is best focussed on analyzing the current situation. Travel opportunities and

finances are favoured, especially if others are included. Just don't be a slave to the addiction of emotional highs and lows... since this will isolate and divide.
