Life Path Number: 8 = (1+4) + (1+1) + (1+9+1+8)

([659] numerologycalculator.online:)

The Power Player

The Life Path 8 suggests that you entered this plane armed to lead, direct, organize and govern. You are very ambitious and goal-oriented.

You know how to manage yourself and your environment. Your ability to judge the character and potential of the people around you is an asset used to your advantage. A large part of your success in life comes from how hard you work.

This Life Path is perhaps the one that is the most concerned with and desirous of status as an ultimate measure of success. You want to be recognized for your hard work and achievements. The attainment of honors and acceptance into the club of executive leadership is all important.

In relationships, you are frank, honest, and steadfast.

You may be very much in love, but watch that you are not too busy and preoccupied to show it.

You have a great need for close personal relationships to mitigate and somehow soften

your nature. You must find the time for love and keep it as an important project in your life.

The negative 8 can be dictatorial and often suppresses the enthusiasm and efforts of fellow member of the environment.

Material gains and rewards often become issues of utmost importance, even to the neglect of family, home and peace of mind. Dedication to success can become an obsession.

Expression (Destiny) Number: 5

([659] numerologycalculator.online:) The number 5 Destiny suggests that the direction of growth in your lifetime will be toward becoming a harbinger of change, freedom, and progressive thought and action.

The number 5 Destiny potentially endows you with the wonderful characteristic of multi-talents and versatility. You must develop in ways allowing you to do so many things well. The tone of the number 5 is the constructive use of freedom, and in your drive to attain this freedom, you must be the master of adaptability and change.

As you mature, you must become good at presenting ideas and knowing how to approach people to get what you want.

Naturally, this will give you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Whatever you do, you have the capacity to be clever, analytical, and a very quick thinker.

You must learn to accept changes as they come along and avoid clinging to the outdated. Avoid rebellion, and focus on enlightenment and progression thinking that will benefit mankind. Your life is broadened by gaining an understanding and an appreciation of all kinds of people.

The Destiny 5 will be welcome in many varied professional environments. The public sector is a natural for you because you must administer to all peoples. The media, advertising, promotion, publicity, all types of selling, and entertainment are all potential fields that may interest you.

Settling on a single career may not be in the cards for you, as you are in a continuous state of flux brought by constantly changing interests.

If there is too much of the 5 energy in your makeup or if you develop negatively, the negative side of the number may appear. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be erratic and scatter yourself and your energies.

You have a hard time keeping regular office hours and maintaining any sort of a routine. As clever as you are, you may have a tendency to make the same mistakes over and

over again.

Much of your response to such errors is glib reaction rather than thoughtful application.

Life Path - Expression Bridge Number: 3

([660] numerology.center:) Number 3 belongs to people, who are usually a little bit tense and stressed. They are very serious persons. It complicates their life. If 3 is your bridge numerology number, you have to communicate more and interact with others. Try to socialize and you'll feel that your life becomes easier. It doesn't mean that you don't have to be serious with the main aspects of your life. But, it is necessary to differentiate important things and situations where you may just relax. Express yourself and apply your talents in some creative fields. It will help you to relax and direct your thoughts in a positive vector.

Heart's Desire (Soul Urge) Number: 7

([659] numerologycalculator.online:) People with a 7 soul urge are quiet and introspective. They are driven by a need for deeper understanding and are often philosophical by nature.

You love learning and gaining knowledge in every area possible. You have a remarkable mind and an ability to understand things on a level that is far deeper than average.

You are extremely analytical and you know how to find the information you need to deepen your understanding of things. You aren't much for baseless belief. You have trouble believing in anything that isn't observable or tangible. This makes it difficult for you to extend trust.

You can be very rigid and impersonal with people which can be damaging in relationships. Sevens have a hard time letting their feelings show. Feelings are impractical, after all.

All of these things have a tendency to make you somewhat withdrawn. Your task will be to consciously strive to form meaningful relationships with people, even if it comes down to only a few or even one. You must teach yourself to be vulnerable in a way that allows you to maintain your sense of self as well as your independent spirit. This will not be easy but learning how to do it will have immeasurable benefits.

Personality Number: 7

([659] numerologycalculator.online:) The seven personality tends to be somewhat introverted.

They are keenly observant and highly intelligent. This ability to see through people coupled with their intelligence/observation skills can make them intimidating to others initially.

Seven people are seekers of truth, highly opinionated, but always looking for the greater wisdom in all experience. People often see them as wise or old souls.

People with Personality Number 7 are in a constant pursuit of cosmic and spiritual knowledge. They are intelligent, introspective and perceptive introverts. It is often difficult to get close to such people, as they are quite aloof and shrouded in mystic.

Besides that they love their privacy. But their knowledge and wisdom attracts others, and when they eventually understand that they will share it, as it will be the best reward for gaining it.

Heart's Desire - Personality Bridge Number: 0

([660] numerology.center:) This number brings you luck. You have a wondering ability to make people feel calm, happy and comfortable near you. They like to spend time with you and look for your company. You are a responsible person and you understand that success depends on your efforts. But sometimes it is impossible to control everything. Just accept it and don't give up. You have a tendency to be nervous if your plan is not fulfilled. If something goes wrong, you don't have to worry too much. With time, everything will come to be in its place.

Quiescent Self Number: 7

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 7 are likely to experience a cosmic connection with spiritual wisdom.

The energy represented by the number 7 resonates with introspection — looking inward for answers and clarity. It resonates with analysis, spirituality, wisdom, quality, and intuition.

Someone with this quiescent-self number is likely to visualize solving things. And contemplate knowledge and wisdom. Also well-maintained gardens and historic buildings. Generally, visualizations are about knowledge or the process of acquiring knowledge. Tapping into the ancient wisdom within themselves is likely to be a significant part of that.

Their visualizations may be about their library, full of precious and rare books, and their study, adorned with classic art.

Maturity Number: 4 = 8 + 5 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with limitation. You're being called upon to work diligently to reach practical goals, develop systems and processes that help you reach your goals, and to leave something of lasting value in the world.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to limitation and restriction to center stage. Situations will arise highlighting your sense of adopting optimistic step-by-step processes to get where you want to be, understanding where you get in your own way by being rigid and dogmatic, and to understand the difference between managing and micromanaging.

What that might look like:

- Experiencing events that require that you examine the ways in which are overly responsible or irresponsible.
- Evaluation of self-defeating behaviors based in feelings of restriction and limitation.
- Examining the ways in which you have either been unable to commit to work or home life – which has led to undesirable outcomes – or the ways in which you have been a martyr to work that has felt unsatisfying to you.

Karmic Debt Number: 14/5

([663] mattbeech.com:) The karmic debt number 14 is directly related to the **notion of control**. Either you lack control or you seek far too much control than what's good for you. It is tied into notions of power and your personality being drawn towards this attitude no matter what the cost.

It is quite likely that you spent your past lives wrestling control away from other people. If you feel like you lack control in your current life, it is probably the result of these actions bearing consequence now.

You can begin to take control and erase your karmic debt by focusing on **principles of modesty** and attempting to maintain emotional awareness at all times. You have to be aware of the result of your actions on others and try and contribute meaningfully to the lives of people around you.

(astrobasic.com:) This Karmic Debt number will create instability in your life. You will always encounter an unexpected situation and an unplanned event in your life.

The recommended solution is to start living an orderly life and try to make a commitment to the orderly life you have decided. The unexpected event will come and go but your commitment will help you to overcome that situation.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

First Pinnacle Cycle: 7

(Month + Day) - from age 0 to 28 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 1 Number 7: First Pinnacle: If you experience a 7 First Pinnacle, it can be difficult because it means you'll probably struggle with feeling alone and like you don't belong. Expect dramatic life experiences during this time that serve as teaching tools for your journey. It's a time when you're a serious student and—whether or not you can identify it as such—when you're motivated by inner yearnings. A First Pinnacle accompanied by the 7 vibration can be a difficult and confusing time.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

Second Pinnacle Cycle: 6

(Year + Day) - from age 29 to 37 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the “love and marriage” stage with intense focus on babies and the home. It can also be the “marriage and divorce” stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being

tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 2 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Third Pinnacle Cycle: 4

(1st Pinnacle + 2nd Pinnacle) - from age 38 to 46 (based on LPN) - ([665]
feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 3 Number 4: Second or Third Pinnacle: A Second or Third Pinnacle with a 4 emphasis will fuel your ability to get ahead in the world and achieve—not so much

because of innate talent as much as your drive and ability to out-work the competition. You might find some economic limitations during this Life Stage, set in your path to test your commitment to building solid and steady foundations while not being beaten down by obstacles and limitations.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Fourth Pinnacle Cycle: 3

(Month + Year) - from age 47 (based on LPN) - ([665] feliciabender.com:)

General: When a 3 Pinnacle comes, get ready to dig into your emotions and express yourself. This is a time to get to know your inner life intimately, to identify and deal with your emotions, and to cultivate your creativity in all its forms. You have no other choice except to dig deep to locate your underlying emotions and learn to communicate these with clarity and purpose. It's time to learn to speak your truth. If you attempt to hold your feelings and ideas in, you'll implode. Now is the time to allow yourself and others to see the true creative and emotional you.

This Pinnacle is set up for light, enjoyable activities that support joy and expression. This energy is supportive of travel, social activities, friendships, and entertainment. You may feel affectionate and certainly you feel the push to be outgoing during a 3 Pinnacle. The foundation is being poured for growth and development of personal expression, particularly verbal expression. Even if you haven't felt particularly "artistic" or "creative" before, now you are likely to feel drawn toward participation in artistic creation of one kind or another.

The 3 vibration is aligned with the joy of the present moment. Long-term plans made during this stage might not come to fruition exactly the way you planned them. It's all about being with people, having some fun, and acting with a youthful attitude. It can be an "easy come, easy go" stage, where variety and movement trump hunkering down and making things happen. Think. Dream. Imagine. Create.

Pinnacle 4 Number 3: Fourth Pinnacle: If a Number 3 shows up for your Fourth Pinnacle, there's a good possibility for travel and social activity. Often this is accompanied with a freedom from financial worry. It can be a very comfortable final stage in your life that is supportive of all your creative endeavors.

Warning: Warning: You'll feel that with the 3 energy, you can get easily scattered, distracted, and drained. The 3 energy is so curious, you'll want to learn something and then quickly move on to the next thing. You would benefit from developing more groundedness and a sense of self-discipline in order to take full advantage of this joyful

and happy number.

First Period Cycle: 11

(Month) from age 0 to 28 (based on LPN)

([666] worldnumerology.com:) The first 30 years of your life represent a time of spiritual expansion, even illumination. You will grow in understanding and wisdom. It is not a time to pursue material goals for themselves, but to seek the higher human ideals.

There is a temptation, however, to chase after the infinite without grounding yourself in the practical. That must be avoided. Focus your studies and deepen your understanding to the point that your knowledge can be conveyed to others in simple and acceptable terms.

You possess a message or an ability that should be shared with your community, but only through deep personal transformation and improvement of self-expression can this gift be given.

The more willing you are to work on yourself, the more good you will do for the world at large. For those who accept and embrace this path, there is much reward, including ample financial support and even fame. There is also the deeper satisfaction of knowing that one has made a contribution to the advancement of others.

Second Period Cycle: 5

(Day) from age 29 to 55 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a period of rapid progress and change. You learn the lessons, values, and responsibilities that come with freedom. You likely travel, move residences, or change jobs frequently.

You are footloose and free-spirited. You acquire a flair for self-promotion, which can benefit your professional life. You become better at self-expression and grow less inhibited.

During this period, you meet many interesting, often eccentric people and encounter new ideas. You benefit from change and avoiding a predictable, routine lifestyle.

A 5 Period Cycle is dynamic and chaotic; it requires an open mind and tolerance for concepts and lifestyles you may initially find quite foreign. Opening up to new ideas is challenging but rewarding.

First Challenge Number: 3

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your

feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Second Challenge Number: 4

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore,

there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Fourth Challenge Number: 1

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 4 (14 + 11) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 4 is a year of focus, work, discipline, and opportunities to enhance the security of the future.

It is a practical year. A pragmatic year. And a resourceful year. A year of paying attention to details and a tendency to focus on building a firm and secure foundation for the future.

The year tends to demand a lot of work — steady, conscientious, application of proven methods to reach personally-established goals.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter. These texts in between explaining the different parts comes from 'worldnumerology.com', sometimes a different source, then it will be noted. Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and**

dreams that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively.

([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

2 on the Mental Plane

Clear mind and good memory. The ability to work hard, although spurred by desire to prove your worth in the eyes of others. Looking around, don't forget to take a look into your own self sometimes. This will help eliminate your internal contradictions.

11 on the Mental Plane

(numerology.center:) People like you are rare to find: you are creative, original and it is just part of you, you don't want just to seem so. You are exploratory by nature.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

2 on the Emotional Plane

Your worst enemy is loneliness. The prospects of remaining all by yourself scare and depress you. Quite the opposite, with a large crew of friends you feel like a duck to water. Your weaknesses include excessive sensitivity and vulnerability in some cases, while your strength is your innate ability of soft influence. Relying on this ability will help you to feel constant self-confidence.

11 on the Emotional Plane

(numerology.center:) You are very instinctive and adhere to your inner feelings. You love so much that you can get lost in the other person. You can say for sure what the motives and main purposes of other people are.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight

and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

5 on the Intuitive Plane

You are used to trusting your feelings. You probably trust too much. However, when you consider a subject from every possible angle, it's easy to lose its original image; so, whatever you study, you'd better concentrate as much as you possibly can. Don't waste attention on insignificant things.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 7 line «1-2-3»
1111	44	–	Moneymaking: 4 line «4-5-6»
character, will	health, beauty	luck	Talent: 3 line «7-8-9»
			Tenacity: 7 line «1-4-7»
22	–	88	Domestic bliss: 4 line «2-5-8»
vital energy	logic, intuition	sense of duty	Stability: 3 line «3-6-9»
			Spirituality: 6 diagonal «1-5-9»
			Temperament: 0 diagonal «3-5-7»
–	66	9	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 11111

"The Dictator" - restless, often aggressive and confident leader. You have a vital need for power, for organizing and directing people. Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — empty

"Weak potential" - you don't have a propensity for the exact sciences, complex concepts and invention activities. Besides, you are not interested in anything like that.

You have inclinations for sports or appearance-based work. Physical exercise, fitness and a healthy lifestyle will yield good results. But you shouldn't refuse to maintain health and rely only on the innate potential - age and bad habits ruin everyone.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — 66

"Skilful fingers" - with constant skills improvement this person can achieve mastery in any business that requires diligence, accuracy and technology compliances. But it will take much effort to become a top gun.

If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 7

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 4

"Bread-and-butter man" - a high desire to make enough money for themselves and their families. They do not afraid of difficult and responsible work for good remuneration. Moreover: such a job literally searches for them.

Talent (Line «7-8-9») — 3

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 7

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because a very h, few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal patpner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — 3

"Impulsive stability" - it looks like this person has strong habits and attachments, but one day this they change absolutely everything. That is their nature.

Spirituality (Diagonal «1-5-9») — 6

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — empty

"Very cold" - this person is indifferent to physical intimacy. On the one hand, it's not bad that they look for a partner not only for sexual fulfilment. On the other hand, only partners with 0 or 1 temperament are suitable. Surrounding people may seem sexually driven. But it also happens that following the expectations of society people with 0 temperament try to make show that they care about sex too.

They are also afraid of being judged and are insecure on a deep level. All 10 of Club like to work, and for those instilled with a moral sense of values early in life, their personal achievements are tremendous.

Those born on a 10 of Club day learn the power of money at a very early age. They also have a knack for investing in things that bring speedy returns. Their greatest gift, however, is bringing people together to achieve their own success in industries that provide service to others.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Eight of Diamonds

(metasymbology.com:)

DIAMONDS: Values - Commerce - Brilliance

EIGHT: Dominion - Stewardship

CHALLENGE: Trust

Fire-Wands - Celestial Object: Sun

DIAMOND: The Diamond personality illuminates the creative spirit of matter - the material world. The spirit of the diamond is bright and active. The path of the diamond

ensures the soul traverses the enterprising world of marketing or commerce to experience its value and worth.

EIGHT: The value of 8 is power. It is a fixed, unyielding vibration that seeks to manage, organize and govern. The personality of the 8 attracts situations and environments where it can exercise power.

JOURNEY OF THE SOUL: Their Soul Card is the Queen of Spade. This emblem is symbolic of the matriarch – the faithful and protective guardian, drawn toward remedying those in need.

In its ultimate state of being, the personality of the Eight of Diamond administers its creative talent to enhance the world. A gentle, inner strength empowers others to shine light where there is darkness and beautify what is otherwise ugly in the world.

During their early years (age 1-13yrs) karma dictates the 8 of Diamond learn important lessons from an impatient, transient father or father figure. These early experiences and impressions encourage the personality of the 8 of Diamond to take on responsibility at an early age.

Eight of Diamond are independent and hard-working. They are able to penetrate through any perceived barrier to acquire the knowledge they seek. They lack patience with stupidity but are otherwise very patient.

Theirs is a gentle energy, enveloped in an aggressive desire to express themselves and create a better life. They appreciate beauty and strive to enhance it. They are the Sun Card, and like the sun, can help others grow and overcome limitations.

The inner nature of the 8 of Diamond is to nurture and protect, to love and be loved. They are trustworthy, but the personality deals with a deep mistrust of intimate relationships, at odds with the qualities of their soul.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: King of Spades (metasymbology.com:)

Spades: Wisdom - Labor - Acceptance

King of Spades Meaning: The Highest Initiate

Karma for the King of Spade - Self Distrust

Earth-Pentacles - Celestial Object: Earth

"If you were born on the first day of the year, the top card in the deck, the King of Spades is your personal symbol. It represents the ultimate in spiritual energy and wisdom. Perhaps recognition of this tremendous potential, and directing these forces into some constructive expression will be the greatest challenge of all. This is not likely to be helped by the fact that this power, spectacular as it can be, is apt to be of such a subtle, spiritual nature, that you may not even recognize it, or feel sufficiently motivated to develop it.

Be it in some profound, noble role, or in some far less conspicuous expression of service, your true place is to be found in an expression of leadership. Quandaries as to

what you want to do may leave you in a mire of mediocrity, drowning your frustrations in anything that will dull your awareness of your failures. Rise to the challenge, and you may bring inspired leadership as a teacher, counselor, healer, statesman or parent. Accept the opportunity spelled out symbolically in your card, and apply the essence of mastery, or personal discipline which it encompasses, and there should be no limit to what you can accomplish." – Arne Lein

After age 91 the cycles repeats.

Cosmic Lesson Card: Five of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Air-Swords - Planets: Mercury & Saturn

Restless Mentality, Changeable Mind-set: All FIVE'S have restless karma. The Club suit is symbolic of communication and how we think. The 5 of Club find it difficult to make up their minds, and need to learn not to tempt fate.

Versatile, restless, inquiring; forever seeking with an ever changing mind; the 5 of Club is a young soul who is never satisfied with the answers they find. They need constant movement and wide travel -- eager to go anywhere rather than remain where they are.

KARMIC CHALLENGE for the Five of Club: Honesty and Risk-taking

The positive natives of this card fight against their inherent restlessness, which otherwise lures them away from building a solid base. Those 5 of Club will then choose to educate themselves in some specialty that interests them, and will pursue it to a successful outcome.

Marriage is never easy for the 5 of Club as they are prone to jealousy and suspicion. They also experience changes in their mental attitudes towards their partner, which causes the marriage to falter.

The Five of Club must have an outlet for their natural keenness. Education is of supreme importance if they are to succeed in life. And peace of mind comes from a willingness to accept their life as it must be lived -- constructively!

Cosmic Reward Card: Ten of Spades (metasymbology.com:)

SPADES: Work - Health - Environment

TEN: Achieve - Amass

CHALLENGE: Dissipation

Earth-Pentacles - Planets: Mercury & Jupiter

SPADE: The Spade personality views the world through the lens of work and feels especially connected to their physical environment. The Spade is the element earth and gives the personality an earthly vibration. Work is a Spade's salvation.

TEN: The value of Ten is success. It is the biggest number, eclipsing all others. The ten personality wants to accumulate and illuminate all of the qualities of its suit – the Spade.

JOURNEY OF THE SOUL: Their Soul Card is the 4 of Heart. This emblem symbolizes

the emotional structure and support of family. It is the heart of the family; that which keeps them together.

In an ideal world, the 10 of Spade use their success to enhance and provide for the family nucleus. The soul of the 10 of Spade has come to experience this process. It is a process that makes them feel loved, and is what motivates them.

People born on a Ten of Spade day have unusually quick minds. The best careers are those that help them diversify or provide quick turnovers. They lose interest when they are not mentally stimulated.

All Ten of Spade make excellent sleuths. They will work silently – behind the scenes, until ready to strike out on their own. Successful occupations are ones that give them freedom to travel or engage them in some aspect of arts and entertainment or showmanship.

The 10 of Spade person gives a lot of themselves but don't always get it back. They are magnetic, but emotionally vulnerable and can be taken advantage of. They have a deep appreciation for music and love of beauty. Many composers are born on a 10 of Spade day.

The financial security of loved ones is one of their major concerns - and stresses in life. Failure to provide for their family or loved ones often results in a life of drudgery. The Ten of Spade make sacrifices for the people they care about and are inspired by the dreams and ideals of youth.

Cosmic Moon Card: Three of Diamonds (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Diamonds: Values - Security - Dharma
Fire-Wands - Planets: Mercury & Uranus

Personable, Illuminating, Worrisome: All 3's harbour a mistrust related to the meaning of their suit. The DIAMOND suit symbolizes financial and material values. Thus the 3 of Diamond are often mistrustful of financial institutions.

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

Early marriage is usually filled with such serious obstacles and troubles, it's better for the 3 of Diamond to wait until late 20's before tying the knot.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Empowerment (5) Muluc

East (Red) glyph: Empowerment / Guidance

Day Sign: Water

/ Offering / Muluc (Yucatan) / Toj (Kiche)

Muluc is emotional, imaginative, psychic, romantic and fantasy prone.

Some born on Muluc have a natural flair for the public life as a performer and they can be capable of transferring their strong emotions to the audience.

Many become successful performers or artists, while others associate themselves indirectly with show business or romantic lifestyles.

Persons born under this sign struggle with powerful emotions and urges, and they have the ability to dominate others by expressing their strong feelings.

In some cases, these people are very deep emotionally, have a strong sexual nature, or are interested in things that are sometimes considered normal in primitive societies but uncouth in modern life.

Their strong feelings often lead to compulsive and addictive behaviours, or on the positive side, they lead toward the emotion-driven achievement of goals. People born under this day-sign are inclined to take risks, which can sometimes lead to great success and unforeseen opportunities. They are great dreamers and are sometimes psychic.

For many, this intense connection with the subconscious manifests as creative, artistic ability and vision. This day- sign has an extremist quality that can lead to great success- these people are not moderates.

Muluc confers a strong and independent mind that can solve problems intuitively. They may have problems with responsibilities, however, a characteristic that is traceable to their childhood experiences. With good parental role models, they will find success later in life more easily.

Challenge:

To handle self-control and responsibility issues.

Solution:

To seek consistency and persistence, which will help control and focus the emotions and support leadership endeavours.

Future: Caban (Earth) GT: 13 (Ascension)

Past: Imix (Crocodile) GT: 10 (Manifestatio		

Four Directions

Mayan Day-keepers regard this as a very difficult birth sign. Those who were born on a Muluc day my well have a heavy debt to pay to the Sacred Earth or Santo Mundo in the popular metaphysics of our own time and place, we would say that they come into the

world carrying "heavy karma".

Some but by no means all, Muluc natives have health issues at stake. The Maya believe that many of these individuals are prone to chronic illnesses of all kinds, and it is said that they require the constant assistance of Native Healers and Daykeepers in order to help them live a normal life.

Health issues are only one aspect of this day-sign, just like sexuality is only one aspect of the zodiacal sign Scorpio.

On a deeper level, Muluc natives have Imix as their past sign representing a phase in the cycle of life wherein consciousness is still emerging from the primal energy of the unconscious, the netherworld of Santo Mundo. Thus, consciousness is fragile, still subject to the regressive pull from the unconscious. The "waters" in which Muluc people drown are often the waters of their own past.

Consciousness emerging from the primeval Underworld is fragile and precious. The Mayan glyph for this day-sign may have represented either a drop of water or a circle of jade, both of which were held to be supremely precious.

The day-sign Muluc carries with it the sense of wonder that all newborn entities felt in the presence of a magical, still unknown world. These Muluc people may sometimes be tenuous and tentative, but they are capable of tremendous artistic vision.

The day-signs that support Muluc are strong and favourable. Akbal as their right hand power endows them with the clever, cunning wisdom of the Otherworld, allowing them to navigate the deep waters of the soul with superb intuition. However, it is usually the Left hand power that symbolises ones intuitive gifts. Here they have Men, the sign that "cries out" for everything it wants and often gets it.

Though the road laid out for Muluc people may be difficult and stormy at times, it has a good end in sight, for their future sign is Caban, the symbol of the thinker. If they use their intuition to steer through the dark places, they will sharpen their intellect and powers of discrimination. Their minds will become vital, powerful instruments for the realisation of their goals.

Empowerment

- * Dynamic
- * Amplification
- * Excitement
- * Strength
- * Positivity
- * Extrovert
- * Empowerment

You are an intelligent and strong organizer, communicator and a person who knows how to use resources well. Like the spider, you are a natural born webmaster, a networker that brings together all that is needed. You can be a good detective because you have a talent to get down to the core issue and look at things from a wider perspective.

You are a positive, dynamic, happy person. By supporting their positive aspects, you empower the people around you, encouraging them to bring out their best attributes

Trecena Sign: Serpent

/ Chicchan (Yucatan) / Kan (Kiche)

Beneath the 1-Chicchan surface personality is a person who struggles with powerful inner conflicts.

This internal wrestling often leads the person to take committed positions on issues.

When 1-Chicchan people get going, they play hardball.

Others may find them a bit fanatical at times, or at least somewhat extreme.

1-Chicchan's know intuitively what they have to do in life, even though they may not be able to express those inclinations logically.

Night Lord: 9

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. They are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help.

In part, it's their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different.

Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Pluto conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Chestnut Tree

Strong keywords: Adherence to principles, Toughness

Weak keywords: Stubbornness

Tree variants: Heather, Mistletoe

Birthday:

11 May – 20 May

11 November – 20 November

Characteristics and Personality

Chestnut tree is a tough tree that is fighting for its space, but it can generously endow its surroundings with its fruits and possibility to relax in the shade of its bushy crown.

Chestnut people have a deeply rooted sense for justice and are able to fight vigorously for the right cause. They are, however, very deliberate and self-critical, and they will never let themselves to be pushed to make hasty decisions.

People born under the rule of chestnut are considered to be stubborn people who will defend their views even at the expense of being ridiculed. However, they are not the type of stubborn people who others cannot stand; they often have a nice sense of humour that can cure many conflicts. People born under the rule of chestnut are faithful to their principles and they never change them. This also manifests itself in their love life - they do not fall in love easily and very often and they have high expectations of their partners, but once they decide that they want to spend their life with them, they will never leave.

Basically, there are two possible forms of fate for Chestnut people. They either get quickly very high and then they live happy and often also useful life, or they always have to deal with many challenges and they struggle to find their place in society.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Appearance – Are Pisces Rising Attractive?

Pisces ascendants are some of the most attractive people on the planet. Their frame might be slight but they're exceptionally stunning.

A Pisces ascendant man has the look of a sexy scholar. These men usually have an average height (about 5'8" or 5'10"), a very well-built body and dreamy eyes that'll steal your heart the minute you see them. They're glorious to look at and very tender when it comes to love making.

Personality – What is Pisces Rising Like?

Pisces ascendants have the first impression of being shy and very reserved. The first thing that people notice about Pisces rising is their soft voice and puppy-like big lost eyes.

1. They're shy, not stupid – Pisces ascendants are reserved and they can balance their emotions. But, they're not stupid. They're very much aware of what others are up-to all the time.
2. They're very compassionate – They care about the feelings of others so much that they get overindulged in the life of other people. A Pisces ascendant will always help the underprivileged and weaker ones.
3. Inside, they're an emotional mess – They do have the art to balance their emotions in public but they're sort of oversensitive. It makes them a bit hard to date.
4. They can easily fool others – This is a debatable trait. Nobody knows whether it's good or bad except a Pisces ascendant. Some call them chameleons because they change every now and then. Some call them adapting since they can blend in any situation. Precisely, they can fool you if they want to.
5. They're Lost Happy Souls – Pisces ascendants, especially a Pisces ascendant woman, palpitate so much happiness that it's impossible to not enjoy their company. But, when it comes to feeling mentally settled, they feel lost and confused. It's one of the reasons that these people can easily fall into the abyss of drugs and alcohol.
6. They are passive-Aggressive – If they don't like you, they won't say it on your face. You'll get to know about their feelings from people around you. It's one of the most frustrating traits of Pisces ascendants.
7. They're Jealous Lovers – It's a joy to date them until you make them jealous. They can react very badly even in public if they feel insecure. The good thing being, they won't feel jealous until you give them a reason. So, as long as you're not flirting with others, you're in the safe zone.
8. They're Very Intelligent and Successful – Ask them a question and, 90 times out of 100, they will have the answer. Jupiter imparts the quality of learning. The quest to learn is so strongly imbibed in their soul that it's impossible for them to not succeed once they set their minds to it.

Ascendant Ruler (Jupiter ♃) in ♎ Libra (7th house)

([698] advanced-astrology.com:) The chart ruler in seventh house emphasizes one-on-one relationships. Here, you often don't feel complete on your own, and struggle when young. The chart ruler in 7th house suggests that you feel the best when others. When you have to do something on your own, you can be indecisive in a way most Libras are.

The nature of the planet is important here (beneficial planets, such as Venus or Jupiter) are easier to work with than malefics, e.g. Saturn or Mars. The seventh house rules committed relationships and marriage, and this placement suggests that you seek yourself in other people, but you tend to be too submissive in a relationship.

Ascendant Ruler (Jupiter ♃) in VIII 8th House

([698] advanced-astrology.com:) The chart ruler in the eighth house is in the natural house of Scorpio. This placement suggests a mysterious, intense, somewhat dark person. You possess strong charisma. Privacy is very important to you, and you keep many things secret. You are usually an introvert who needs a lot of time alone.

With the chart rule in 8th house, the life areas of joint resources, sexuality, investigation, finances, psychology, or even criminal take up a lot of space in your life. You have a strong intuition with this placement. Transformation happens all the time in your life, sometimes through crisis and life-changing events.

Ruler of the rising sign (Jupiter ♃) in Rx retrograde movement

([699] mollysastrology.com:) These people doubt their personal worth as individuals. They are very concerned with their self-image. Late bloomers.

Virgo Sun ☿ ♍ and ♃ ♐ Sagittarius Moon man

([783] i.thehoroscope.co)

Outspoken, the Virgo Sun Sagittarius Moon personality is very entertaining to be around but can also fall on the path of saying things that can hurt others.

Virgo Sun Sagittarius Moon people are the dreamers of the zodiac and will not be stopped by anything if they wish to do something.

They might go as far as to do things they normally don't approve of, just because they want to live an adventure or to be in a relationship.

They still have the prudishness that characterizes the Virgo, also the concentration and the analytical mind. Many of the things they're thinking of are strictly related to the mundane.

A Dreamy Personality - In a nutshell:

Positives: Persuasive, impressive and loyal;

Negatives: Capricious, dogmatic and sarcastic;

Perfect partner: Someone in the company of whom they can completely relax;

Advice: They should try to gain their independence early in life.

Personality traits

Virgos are interested in every little detail, Sagittarians can only see the big picture: when the former will analyze every piece of information, the latter will enjoy the open horizons.

The combination of these two signs gives people who can see more than one solution to a problem and who want to use both approaches. The birth charts with the Sun in Virgo and the Moon in Sagittarius reveal their natives are analyzing, refined and critical. After all, no one can be more exact and precise than the Virgo.

Virgo Sun Sagittarius Moon people will be the rebellious wanderers who are listening to an inner voice that makes them responsible and loyal. But at the same time, they'll be frustrated by the fact that they're such traditionalists.

The combination of their two signs will be noticed when they'll have to be formal. However, they will still keep their boldness and impulsiveness.

Independent and idealistic, their Moon makes them in love with freedom and rebellious. They will want adventure and to take on any new challenge. But the Virgo will keep them focused, flexible, reserved and cautious.

These signs are very different, which means their natives have many faces and are very interesting to get to know. Mixed feelings won't be something new to them.

Whenever they'll have to determine how their life should be, they won't know which side of their personality to let out to play. They think no one can rule their life and they are right. It would be a good idea for them to run a business of their own.

It doesn't matter what Virgo Sun Sagittarius Moon individuals choose as a profession, they will always have the Virgo's practicality and organization. And the Archer's enthusiasm and boldness will help them very much.

It's possible they will sometimes be too impulsive. If they want to calm down, they need to have many interests and an active social life. Letting their job to consume all their energy is not at all a good idea for them.

While they have a great sense of humor and are open to express themselves openly, they can be too blunt and say things that hurt others.

That's why many of their close ones will try to keep away from them. It would be better if they would sometimes keep things to themselves.

Convincing and charming, Virgo Sun Sagittarius Moon natives will attract many people. There will be times when they'll rely only on intuition and do something very daring. And they won't even worry about what they have done.

In case they're already feeling that their life is controlled by their work or their marriage, they should make a change. Not to mention they will surely get bored of doing the same things all over again.

What's important is that they include variety in both their personal and professional life. Managing their unpredictable nature would be a great idea for them. Profound and interested in philosophy, they should look inside themselves less.

Trying to imagine how others perceive them would be a better idea. They have so high ideals and expectations, it makes it difficult for their loved ones to ever make them happy.

While analytical and pragmatic, they could spend an entire day dreaming. But this only makes them more creative. What they should really pay attention to is their agitated spirit.

It's important they focus on the things that are really important in their life. With a talent for drama, they could play any role. Not to mention they use many signals to express themselves.

But no one will be able to change the fact that they are blunt. Many will take their comments too personally. Dealing with sensitive people is something they will have to learn.

Love characteristics

Virgo Sun Sagittarius Moon lovers can lose themselves in too much practicality.

Because they want perfection, they will pay attention to every little detail.

It doesn't matter how they will view their relationship, their lover will always be a successful person. Since they want to do things in a certain way, they won't want anything else but to please their other half.

It can be tiring to have them obsessed with neatness and perfection all the time, but it's bearable. They aren't too fun and spontaneous either.

These natives are better with someone who can help them relax. Moon Sagittarians need to always look at the open horizon. They are positive and adventurous creatures, eager to try new things.

As lovers, they are active and all the time on the go. That's why they need someone who brings in variety and keeps everything fresh.

These natives simply can't have a domestic life or get subjected to a routine. They need someone who's broadminded, tolerant and interested in self-improvement.

Virgo Sun and Sagittarius Moon man

This man is ruled by Jupiter, the planet of adventure and travels, and Mercury, which is also a planet of travel amongst other things. This guy will always try to move around.

The Virgo Sun Sagittarius Moon man has an amazing energy and is a great teacher when it comes to showing others how to be free. He would love to preach and give lessons of life because he likes the attention and to feel useful.

Not to mention how interested he is in learning and talking about different subjects. Aspiring, he can't stick to a plan for too long. He will often change direction. That's why his colleagues can't rely on him.

It's very likely he will have many homes and jobs. But one thing will remain the same: he will absorb new information like a sponge.

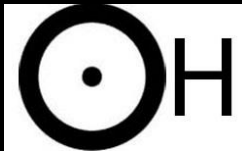

He will get to know his date better than anyone, from their first meeting. And he won't want to know just a few details about her. He loves the ladies and he can't think of someone else when one girl gets his attention.

The woman of his dreams is adaptable, wants to go everywhere with him, and is intelligent. He doesn't care that much about looks and if she's passionate in bed.

Unemotional, his children and wife will rarely get to his heart. While enthusiastic to chase, he may hide the fact that he likes a woman.

Don't worry if you have a long-distance relationship with him. He will travel thousands of miles to be with you. The girl of his dreams will be very important to him. But it will still be difficult to have him settle because his main purpose in life is to roam free.

Sun ☉ in VII 7th House

([865] i.thehoroscope.co)

This placement of the Sun makes people function better when they're in a relationship because they mirror the other and their existence seems more real and meaningful.

People born with the Sun in the seventh house in their birth chart want a public life and are strongly influenced by others' opinions on them, be it their partner or someone from work.

Their relationships can make them either happy or very sad because they have the tendency to only react to people than to do things on their own.

The position of the Sun in the 7th house means these people will always be involved in a relationship as this makes them function better and eager to give a hand to anyone, anytime. They want balance and peace, so they're very good at mediating and analyzing a situation from two different points of view.

Summary:

Strengths: Charming, sociable and open-minded;

Challenges: Cautious, cold and distracted;

Advice: They need to learn that their value is not set by what others think.

Real charmers

Individuals having their Sun in the 7th house are very proud of their negotiating skills and ability to bring the peace everywhere.

These natives feel empty without a partner and want everybody to like them because rejection terrifies them. It's important for these people to understand that harmony is not all the time possible and that others' opinion on them is not that important.

Their sociability is usually aimed at bringing peace, but they only identify themselves based on what others think of them. Their need for a partner reveals how much they crave affection and how sensitive they actually are when it comes to romance.

The fact that they base their own identity on what others think of them means they can't define whom they actually are until they interact with as many people as possible. All the natives having the Sun in the 7th house would do anything to please others and to build a positive self-image.

As an exaggeration, if someone would tell them to go and jump off a bridge, they would do it just to please that person.

They're charming and get married only to be with their other half for a lifetime. Some may not succeed to find the perfect partner from the first and even second try, but most of them will manage to be together forever with their loved one because luck is on their side when it comes to romance and also legal matters.

The seventh house rules over partnerships as well, so people having their Sun here are great when it comes to public matters.

Also the house of enemies, the same natives may have some problems when dealing one-on-one with their opponents.

Matters of their Descendant are all gathered in this house, so from a psychological point of view, this is the place where all the traits that get projected through others get revealed.

Everything relating to the public and sociability gets placed in the 7th house. The sign ruling here is Libra, which is strongly dependent on peace and harmony and has Venus, the planet of pleasure and love, as a governor.

It shouldn't be any surprise to discover individuals with the Sun in the 7th house pay a lot of attention to their relationships and that the way others see them is one of the most important things in their life.

They should be careful not to become dependent on their partner or too needy of having someone in their life all the time.

If they were to have a more independent lover, things may become conflicting between them and that person when a little bit of coldness would be involved.

The positives

Natives having their Sun in the 7th house function better when they're in a relationship. The other mirrors them, making their existence real and meaningful.

They like a give-and-take connection and to listen, life on their own being for them real Hell because they can't be themselves when not having a public.

For these natives, togetherness is everything as they always want to give their advice and to show off.

The natives having this aspect in their birth chart are very aware of themselves in relation with others, physically strong and determined to succeed.

The fact that they need a partner can be one of their weaknesses because it makes them almost impossible to function without someone in their life.

Until finding the right person for them, they'll continue to just live their life without having a purpose. It goes the same with business as they need to associate themselves with others before starting to make the real money.

Sun in 7th house individuals who are also in a fixed sign and don't have any other planets or afflictions here will not hesitate to wait for their perfect partner and to be with that person their entire life.

They can depend emotionally on their other half, and if the latter would happen to leave, they'd be completely destroyed.

When their sign is mutable or cardinal and other planets are present in their 7th house, they're less like this and may change partners very often because they'd be lustful to the point of having more lovers at a time.

They won't mind building their career up and also having a spouse because this would be part of their philosophy of life. However, many of them would advocate an open marriage and wish for their partner to let them be as free as possible.

Because they're always ready to give a hand, many people will love and admire them, which means they'll be in the center of attention in many groups, having admirers who see them as parental figures.

They can be great leaders, but don't expect them to ever want to do things the wrong way because they have a strong sense of justice and avoid taking the wrong direction by any means.

The placement of the Sun in the 7th house indicates that the natives of this placement may be dual and often contradicting themselves because the Sun is not at all at home here.

They couldn't express themselves unless involved with someone and can be confused when it comes to truly knowing who they are. This means they wouldn't know their own value and identity when separated from others. It's a challenge for them to develop a

sense of self when not around people.

The negatives

Individuals with the Sun in the 7th house usually attract people capable of loyal and long-lasting friendships, because both the Sun and their Descendant work for their relationships to be strong.

While having an advantage when it comes to interpersonal connections, there are astrologers who think this position is unfortunate because its natives wouldn't be able to survive without interacting.

As said before, they have this tendency to identify themselves according to how others see them.

It's a challenge for them to see their own life differently from how their loved ones do. When having no one next to them, they feel useless and lost.

And this becomes very dangerous the more they start to see themselves as an appendage in the relationship, as the reflection of their other half.

Don't think they have to be with their spouse all the time and can't stay apart from their lover because they're quite the opposite and get their energy from the connection with the other and go ahead to pursue what they want, on their own.

But they still can grow to be dependent on their significant other, diminishing their entire sense of being themselves. It would be amazing if they could just rely on the support offered by their partner and continue with their life independently.

When facing confrontation and dealing with people who wouldn't compromise if you'd pay them millions, they start to lose their sense of purpose.

Their philosophy of life relies on having your own opinion and being able to accept what others have to say. As soon as seeing individuals who can't make compromises, they withdraw and don't want to deal with those people ever again.

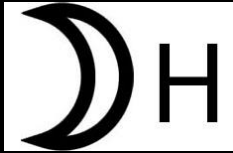

They're not eager to win or depressed when losing because their approach is all about negotiating, good intentions and everyone being a winner.

That's why they need to look for someone open and flexible, not a competitive person who couldn't stand losing. When their motives are being questioned, they become intimidated as these natives really hate explaining themselves.

While they try to understand others, they can discover the reasons for why they are doing some things the way they do. Good with words, these natives usually win debates

and can convince anyone of anything.

The position of the Moon in fourth House can make these people indecisive regarding what profession to choose, so they may change many jobs and have their emotions ruling over what they want in their career.

It's normal for them to react impulsively when at work, because their feelings would have them acting this way. If they'd recognize this about themselves, their business associations would be much more successful.

The Moon influences these people to be intuitive and to unconsciously dream of their goals all the time. Their need for a good position in society can't be seen in other natives. That's why it comes naturally for them to achieve their goals and to make their family proud.

The 10th House is about authority in all its forms, including the parental one. Hundreds

of years ago, the family from which a person came used to have a great influence on his or her evolution in life, but things are no longer the same.

However, with Moon in 10th House natives it is pretty much the same, because this House and the 4th one are all about the family's name and influence the path of people's lives, according to how they get along with their loved ones.

This position of the Moon, together with its aspects, can also reveal how a person is either appreciated or criticized by others. What their parents have told natives having Moon in the 10th House greatly impacts them, often making them succeed, no matter how many obstacles they may face.

People with Moon in tenth House often get together with those who very much resemble their parents and have the necessary authority to make them shine in public. It's also possible they had one of their folks being very authoritative or eager to get recognized in society, just like themselves.

The way Moon in 10th House individuals are getting recognized determines how much success they'll have in their career.

The women will be influential and very oriented towards making their dreams come true. If the Moon's needs aren't answered, they can end up feeling empty inside and not at all confident or happy.

It's very important for the tenth House to respond to what the Moon asks of it, many of its requirements being about profession and what callings people have. These individuals will be very interested in what they're doing for a living and the social contribution they're bringing.

As the final angular House, this 10th one rules over self-completion by satisfying as many material goals as possible. Individuals having their Moon in it are emotionally connected with people as a whole, wanting to nurture, protect and make good changes in the world.

It's essential for them to be recognized by the society and appreciated for their achievements. When not recognized, they start to feel moody, cranky and they can even suffer very deeply.

What hurts them the most is being criticized, because they're very sensitive and hold a grudge when someone says something negative about them, while a Mars or Pluto aspect can have them very vengeful.

They should just focus on what they have to do because their emotions can consume a lot of their energy and time.

The ladies having the Moon in 10th House would hate to ask their husbands for money, because they usually start being financially independent from a very young age. It wouldn't matter if they're mothers, their careers would keep going because they'd be great at managing their professional and personal lives.

It's also easy for them to manage other people, so it's normal to see them filling the leading positions at work. They're rather the type who marries men who depend on them as they're very good as family heads and at protecting others.

But after a period, they will want to escape this type of relationship, not for them to be dependent on someone, but to expand their leading roles more. Those who rely too much on others will never get their respect, and they would understand such a situation only if having a Water sign as their Moon.

The men with the same placement love the women who are driven to succeed and dream of a great career. They won't mind building a business with their wives, or if the ladies are the ones who lead or come up with ideas. The girl wearing the pants is something they really enjoy.

They're ambitious themselves, but it would be better for them to marry after they've established a good career for themselves. It's very possible for these males to meet the love of their life at work, because what happens at their job influences their emotions in a great way.

It can be difficult for them to keep their relationships private because they seem to always be under the spotlight.

Helpless when not loving

Moon in 10th House natives need to always be recognized, professionally fulfilled and admired. They have a special charisma and can be very disciplined or responsible when they're at their emotional best.

However, it can take them a while to get to this level of organization, because they're usually changing their objectives often, so it becomes difficult for them to find a profession they actually like.

They usually worry very much about how others see them or how to fulfill their loved ones' expectations. It can be challenging for these natives to set some goals for themselves, happiness being impossible to get attained when living according to what others want and need.

Because they're so good with people, they can have a great career in the public service or as caretakers. Human resources is also a good suggestion for their talents and what

they really enjoy doing.

Moon in 10th House individuals don't necessarily want to settle, because their energy will be very much invested in their image and career. The 10th House rules over public life, this means they will most likely get known and recognized for their talents, especially if the Moon conjuncts the Midheaven.

They will never want to stay at home or to be too private as their main need is to get famous and to establish new relationships. They can have openness towards their Moon sign and offer their most positive traits to the ones who are watching or following them.

A Moon in Aries would make them more charming and passionate to reveal themselves to the world, not caring if their quick temper becomes known to others.

Everything relating to their career and advancement at work will have them more grounded and ambitious. However, it's their emotions that seem to drive them or to provide their need for acknowledgement and dream fulfillment.

Natives having Moon in the 10th House are helpless when not loving what they are doing for a living. That's why they should decide on a career that's suitable with their Moon sign's needs. This way, they'll succeed instinctively, so there would be no frustrations or depression about work.

Because the Moon is involved, they would do a great job as nurses and even doctors. It's important for them to be professionally fulfilled before having children, because becoming parents can change their entire life and make their private existence much more fulfilling.

All the people with Moon in tenth House love working and spend a lot of time building their career. Their need for recognition can't be found in others, so it's very likely they'll succeed at what they do because only this way will people start to admire them.

How long their achievements last depends a lot on the other placements in their birth chart. They will most likely have many ups and downs in their work life, being sometimes popular and other times unknown.

He is shy, reluctant to reveal his emotions, fixed on false expectations and hesitant on demanding what's his.

However, all this emotional and intuitive energy passing through his veins has a lot of advantages as well. It makes him more knowledgeable, observant, endowing him with a keenness for details, vigilance, and faster reflexes.

He quickly figures out the critical parts of a problem and takes a firm decision as a follow-up. He knows what to do in order to make you feel secure, loved, but say something wrong and he'll take a defensive posture.

He must learn to keep himself emotionally balanced, so he must face his fears, take on challenges when they appear, and learn to take care of himself more.

Romantic and sensitive, the man born with Mercury in Cancer will take his sweet time in analyzing the options he has, making plans, taking into account the possible consequences, and, of course, overthinking.

He feels the need to free himself from any outside distraction when immersed in this activity because he may be intuitive and a fast learner, but outside influences will only slow him down.

Whenever someone disagrees with him, he views it as a direct attack on his ego, an insult that must be punished.

He does love to talk and to take part in social events, but when someone steps on his toes, the pretenses are dropped and all hell breaks loose.

Devilish tricksters

They will want to expand their views on the world, to accumulate as many ideas as possible, which they'll use to fuel their creative drive.

They are especially good at acting, covering up their intentions and taking on a persona with complete ease, mimicking a completely different type of personality.

Lying is, of course, something that comes naturally. They can come up with cover-up stories or background introductions on the spot.

However, manipulation is just a step away, and most people can't notice when it happens.

They can talk a lot, especially about what they like doing on weekends, what they find

fun and entertaining.

Quite playful and childish to no end, they find comfort to be the ultimate goal, a hedonistic approach through and through. What pleases their senses is essential to survival, and not only.

Falling in love is a complete metamorphosis for these great talkers. Suddenly, their diversity gets toned down and focused on the object of their affection, their partner.

Going forward, their children are very likely going to inherit their imagination and creative impetus, that artistic inclination.

These Mercury in the 5th house natives are devilish tricksters who like to play with unfortunate people, to make fun and have one hell of a time at their expense.

Besides being very good friends to have when in need, as well as being extremely good at expressing their thoughts and sharing ideas, they have this playful demeanor about them that will either annoy the crap out of you or lift your mood.

Moreover, romantically, they won't be any happier than when they can use their expressive and creative side to impress their lover.

If the other person appreciates and likes this intellectual perspective on the world, they will cheerfully applaud.

The positives

These people love to tell stories and to see the smiles of their friends, to make them laugh and create funny situations.

With wit and intelligent jokes, they manage to drive away the gloom and promote happiness wherever they go.

They have a particular way of speaking that puts the interlocutor at the center of their attention, in the middle of the action, the sole receptor of their interest, which is obviously flattering and pleasing.

This is why they are good flirts who have their picks of plenty of men or women. They are anything but boring and dull.

Their mind is expansive and open to the new avenues that knowledge brings about.

Adaptative and flexible in scope, those with Mercury in the 5th house are incredibly creative, and what's more, they use these talents serve a grander cause, to educate and enlighten others, children in general.

Their interests and pursuits are mainly tied to the world of art, literature, activities, and domains where they can use that brilliant mind, the endless curiosity, and the volcanic vitality.

They are unstable, dynamic, freedom-lovers, eternal wanderers of the wide world seeking inspiration and fun.

These Mercury in 5th house natives can only give expression to their greatest creative potential if they focus it on a grand cause, something that will affect the course of society or help the ascension of a social class, something altruistic and humanitarian.

Thinking about it in perspective, their intuition and boundless imagination allow them to make profound connections and find innovative solutions to all sorts of problems.

As for how they spend their free time, it's usually with their hobbies and passions, relaxing and relishing the comfort of a good lifestyle.

Reading, playing mind-games with their neighbors, watching documentaries, are all preferred activities.

The negatives

They need to watch over their discussions and playful attitude because even though the jokes are appreciated, sometimes they might hurt people, being too personal or acidic.

Crossing the line is not a good thing, even though they are the ones being offended, they should still try to be diplomatic in order to maintain the façade of friendship.

Moreover, their tendency to exaggerate when telling stories carries over in their personal dealings. Lying is thus one of the many ways that they justify their motivations, actions, and so on.

The Mercury in the 5th house aspect points toward a high intellectual potential that can be used in a myriad of ways, each more interesting and innovative than the other.

However, this is left to the choice of these individuals. Whether they want to pursue creative interests and passions or they want to use it professionally, to support other skills, it's up to them.

Irrespective of this choice, one thing is sure, that these natives are incredibly motivated and light-hearted, very flexible and adaptative.

Dangers and challenges are not only welcomed but also stimulating, one more reason to up the stakes and try even harder, put even more effort in.

They love playing mental games, and will often go back on their words, all of it being a solid joke.

If they feel insecure and unsure of their own abilities, they will try to numb this feeling of inability by turning egocentric and self-centered.

This transformation dulls the feeling of helplessness and hopeless sadness that takes over them in the critical moments of self-doubt.

The need for validation and outward appreciation make themselves ever-present in their lives.

For example, they may stay fixated on a certain idea without ever finding the courage or inspiration to go further with it, to actually put it in practice.

The Venus in Gemini man likes people who can intrigue him on an intellectual level. Those who know how to speak, how to form interesting phrases, who know exactly what it is they're debating, those who are curious, studious, intelligent.

Physical attractiveness is secondary for this native because a mental bonding is much more important than that. So, if you want to impress him, get ready to indulge his need for witty conversation, for funny wordplays, for sarcasm and verbal debauchery.

In a nutshell:

Positives: Sociable and free-spirited;

Negatives: Bossy and inconsistent;

Soulmate: Someone who is mysterious and decisive;

His love personality

He's more into enthusiastic, playful and smart women, the ones that can whip up a fresh subject just when the previous one has started to get boring.

Be prepared to be taken through many adventures and experiment a lot with him because he's very open-minded, he has an expansive perspective on the world, and he's a free-spirited individual for whom nothing is impossible.

He likes his freedom and independence too much to ever give it up, so don't even think about becoming possessive.

He might appear as super funny, charismatic, and the smartest guy in the room who can speak about anything, but no matter what sort of relationship you have with him, he's still going to have his secrets, the parts that no one gets to see.

He's very mysterious and confusing at times, and you may never be really sure about his motivations, intentions, or overall thoughts actually.

Romantically, he wants his actions and feelings to be appreciated, to be acknowledged, to see that he's doing the right things.

As for his partner, he wants her to have her own life, to do her own things without depending on his approval or constant support. He's going to brighten the atmosphere with his charismatic and talkative personality.

As Venus in Gemini, you are the brightest and most cheerful guys out there, always talking, chatting people up until they die laughing, knowing exactly what to say when the situation gets too serious.

Your humor is top-notch, and your easy-going nature deflates even the grumpiest individuals, it brings a smile on their faces, it relaxes the tense, and it cheers up the sad.

Curiosity is your best weapon against boredom, against the ignorance and superficiality that pollute society, and your favorite spots for relaxation are libraries, shadowy places under trees, flowery meadows, places where you can find out more about the world.

This guy loves a woman who can hold her own in a debate without resorting to fallacious arguments, and if she notices logical errors in others' arguments, that would be even better.

Intelligence is the best aphrodisiac for him, a sapiosexual through and through. Humor is also highly appreciated, and so is liveliness, enthusiasm, vitality, an affectionate and

tender attitude. He's never going to be boring.

How could he be, after all, when he's always talking about the most intriguing of subjects? Moreover, they are very open-minded and very tolerant when it comes to cultural differences.

They have friends from all over the world, and could even have a romantic partner on the other side of the planet. Experimentation is the way he lives his life, and he's a very lively and springy fellow.

Attracted by ...

She must be curious enough, skeptic, and deep enough for the Venus in Gemini man to notice that there's much more to an idea than what most people say.

He would like his partner to be a multifaceted woman, someone who tries a lot of things just for the fun of it.

A passionate and smart woman who knows that learning never stops, and who will always choose to reinvent herself rather than wallow in that sense of boring routine day after day.

There is nothing more important to him than engaging in a day-long conversation about the nature of morality, about the unexplained mysteries of the world, about how the world appeared.

He keeps his mind active at all times, and he never rests until he's exhausted his ideas.

It's obvious that he won't be interested in a shy person who doesn't like to talk, or even worse, someone unable to have a conversation due to being plain stupid or uninformed.

Moreover, he's very slippery and likes feeling free, so don't try to hold him against his will, and never get overly-romantic with him.

He's a very rational individual who likes looking at the world through a logical and objective lens.

In conclusion

You do know that the Gemini is most reputed for being a multifaceted individual, and even someone who may suffer from a split personality disorder, right?

Well, this means that he's very well prepared to face someone who's emotional, hmm, let's say emotionally challenged.

He can take whatever you throw at him, especially witty remarks. Oh, he loves those a

lot! He wants diversity, variety, imagination, innovative experiences, of the kind that transcends social conformity.

He's a very good person to have close by when you feel like it's going to get boring because he's energetic, enthusiastic, and knows how to brighten up the mood.

One of their worst traits, and possibly the most annoying one is that they just can't focus on a single thing at a time. They are very spread apart between their interests, and honestly speaking, these interests are endless.

They find new ones each and every day. Everything is interesting and intriguing if you look close enough, and this means that they're very unexpected, spontaneous, impulsive, and unsteady.

This changes his general attitude, unfortunately, and this is where things get serious. He could cancel your date out of a whim, arrive later because he stopped on the way to gawk at a funny-dressed man, start up a project and never finish it.

His partner will get tired of this very quickly, so if he doesn't intentionally want to get to a break-up, he should control this impetuous drive of his.

For example, they would be great lawyers, judges or referees. They may have issues when they'll have to make a decision. It's excruciating to watch them weigh all the pros and cons of a situation.

They hesitate until they are forced to come to a conclusion and when everyone will think

they have managed to find a solution, they will change their mind over and over again, second-guessing what they have thought of before.

Because they love people very much, Jupiter Libras will be very lucky and surrounded by friends. Through diplomacy, they will solve many problems, be it theirs or others'.

The more they will pay attention to their own needs, the better. Dignifying people, they will do their best to be of help, not to mention they'll be able to dismiss what others are saying about them behind their back.

If they'll be able to contribute to the society and at the same time be creative, they will be the happiest because they would live in harmony. They also have negative traits, for example, they tend to have a big ego and to be too positive or greedy.

Sometimes they act snobbish and other times they are condescending. But if they are careful to be their funny, caring and sociable selves, they will be fine.

Every opportunity that will come their way will be explored because they will focus only on the good things. But it's important they don't become over-confident or they will be very disappointed when things are not going to go their way.

Not to mention they can become cocky and feel invincible whenever someone will agree with what they've decided. While they usually have a sound judgment, they tend to be too full of themselves and this can impede them from thinking rationally.

As Jupiter is also the ruler of trust, he will give a lot of importance to this aspect when in a relationship. Mutual trust turns him on, as a matter of fact.

how Jupiter influences the Libra. If he will be appreciated for his honesty and neutrality, he will be fulfilled and in love for a lifetime.

Saturn ♄ in ♉ Taurus man 10° 46'

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

In a nutshell:

Style: Practical and generous;

Top qualities: Possessive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

Personality traits

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation.

Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

Transferable attitudes in their love life

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

The good and the bad

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

The Saturn in Taurus man

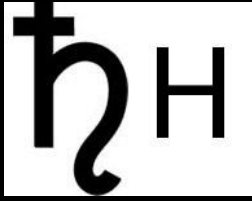

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

It's possible they'll have an inclination towards mathematics and logic, their mind being very capable of developing great strategies when put in such a situation.

These people don't like to waste too much time with a project and prefer to be alone because they sometimes feel like people can only bring them trouble. This is because they may encounter problems with communication and can't find the way to express themselves clearly all the time.

Summary:

Strengths: Knowledgeable, dependable and kind;

Challenges: Insecure, shy and distant;

Advice: They should be braver about their opinions.

A dislike for superficiality

The main purpose of the 3rd house sits in the subconscious functioning of the natives' mind, when these are dealing with their most comfortable surroundings.

This house refers to the purest way people behave and communicate or how they function when interacting, so with that in mind, it's obvious that it doesn't deal with the unconscious.

It seems the small things people say and do unconsciously are the ones that present who they actually are!

Saturn in 3rd house natives may seem shy and distant. Some can be turned off by them, so they should listen and actually use what they have learned.

This way, they won't need to do a lot of talking, still their loved ones will adore them for listening.

Saturn in 3rd house individuals have some serious difficulties when communicating.

These natives believe their opinions will get seriously criticized, therefore, they're insecure and wouldn't even think of trying to talk about their feelings or thoughts.

Because of this, they're unwilling to communicate and are scared of making a mistake. It's normal for them to be shy and always concerned with others' opinion of them.

Talking is frequently a challenge for them and they could have dealt with some kind of speech impairment when young.

Saturn in 3rd house people aren't necessarily spontaneous as far as learning goes, small-talk and day-to-day discussions about the latest news.

They simply don't have a lot of interest in simple subjects and are all the time serious because they dislike superficiality in all its forms.

They may be very good when it comes to research, but are often scared or not at all bold enough to deal with the new and the methods that haven't been tested.

With Saturn here, things generally refer to a highly analytical and precise mind, which can be the effect of many principles taught to them during their first years of school.

From a young age, some of them have been educated to respect every rule, so they may seem insecure when dealing with the unknown as they take their time to act and are cautious.

Many of them have only studied and thought of nothing else, while others were denied to attend a college with strict regulations, where they'd have felt really good.

As children, they probably felt unappreciated for their way of thinking and even called dumb. If disregarded and told their opinions don't matter, it's possible they may have learned to remain silent and to open only when thinking they have something very interesting to say.

The psychological buildup of people usually depends upon what's known, tested and appreciated.

Saturn in 3rd house individuals deal with cognitive activities by insisting and striving for perfection, security for them being attained only when the truth is understood and every little detail has been studied.

If not, any form of advice coming from others can intimidate them. The slow movement of Saturn supplies many problems in matters relating to home and family members.

Natives having Saturn in 3rd house typically start speaking at an older age than other children, could have a somewhat sluggish and fearful speech or can be exaggeratedly timid to talk about their own ideas.

They may take a while to process all the information coming towards them, and while their intelligence isn't lower when compared to others', Saturn often makes them seem less smart.

Even if they may possess a high intellect, their surroundings would make them feel too scared to talk, which they accept as a reality until seeing what their speech can do.

It doesn't matter if men or women, they could be late bloomers who use only their own pace. Saturn makes these natives extremely stable when it comes to the knowledge they've obtained throughout the years.

What they have heard is strongly fixated in their mind and generates new ideas, which can produce an even more developed mind in the long run, a greater understanding than the one of somebody who absorbs data fast, yet in a chaotic manner.

The goods and the bads

Saturn is the bully of all planets, making people with it in the 3rd house seem distant or too shy. Situations in which communication is needed can make them feel uneasy, but since they don't necessarily say too many things, they have this great way of listening.

And it's not that they want to be this way, they just are! Don't even think they will ever speak in public, yet Saturn in the 3rd house makes them silent and ready to develop great observational skills that eventually lead them to success.

They prefer to work in the shadows, sometimes as journalists or scientists and are disciplined or very well coordinated, finding those who happen talkative and unorganized very bothersome.

They have probably been discouraged to talk when young, possibly because their parents considered some things should never be discussed.

Saturn in the 3rd house can even briefly disrupt them in school as well, however, they will surely devote a lot of their time and efforts to the aspects of life related to education.

They may need to study twice as hard, but at least they have their own strategies when it comes to working towards reaching their objectives.

It's possible they'll want to achieve great successes in research, but for this to happen, fighting their own anxieties would become very important.

It's good that Saturn provides patience and endurance, so these would be two of their advantage when it comes to accomplishing any type of task.

Their communication is lacking a lot of heart and soul, therefore, they won't call or text a person until initially determining what they want to say.

This can be terrific for some professions, especially those that require the employees to be as discreet as possible.

Natives with Saturn in the 3rd house are fantastic at managing confidential information and working for newspapers, or for tasks where they don't need to interact that much with their colleagues and superiors.

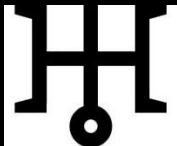

They're also cautious and manage to obtain results faster than others because they're always minding their own business.

It's suggested they spend some more time examining other individuals and their desires because this can help them determine what they want too and they surely are capable of good relationships.

They should use their instincts and have significant talks with both their family and friends.

Relaxing and letting their few communication abilities unfold will put them in the ideal direction, so they'll eventually learn how to talk more openly, which can be their life's challenge.

The Uranus Sagittarius are raised up to believe in the old ways, to conform to the status quo and never create waves in society.

However, their rebelling spirit says otherwise, Uranus itself says otherwise, and in the long term, they will create their own future based on their own convictions.

Their vision is a highly singular one, anchored on the great amount of knowledge that they acquire at every step of the way, being always engorged with the study.

Science, spirituality, technology, philosophy, nothing is thrown aside because everything hides great opportunities within.

With their uncanny intuition and otherworldly instincts, they are likely to perfectly pursue their goals.

With their unconventional thinking and innovative drive, they are clearly going to rock the world inside out, break apart the societal conventions, shatter the chains of oppression and ignorance.

They will rebel against the masses, protect the weak, and overcome all the odds thrown against them.

With a gust of wind behind their backs and an iron will, they will shock everyone with their immense knowledge and drive.

Keeping themselves free from any sort of tradition and always going toward the less-traveled path, the future unfolds before them just like that.

The Uranus Sagittarius doesn't like it at all when the system is trying to limit their

understanding or guide them onto a certain path without asking for permission.

This happens in education, where most of the times, the academic material is restricted to certain methodological and philosophical principles. However, it's also necessary in a world where the appreciation and discerning power of most people are exceedingly low.

They will also hold some spiritual beliefs, or at least believe that their intuition and convictions are tied to some sort of spiritual force. Religion and traditional conformism annoy them to no end. They are open-minded, unrestrained, and very adventurous.

Independence is a must-have for the wild and unrestrained Uranus Sagittarius. He must feel the throes of pleasure, the pangs of adrenaline rushing through his veins upon discovering the world, new avenues of evolution.

If you want to do some research about something, then you'd better be sure that you have such a friend there to help you out. They will not only analyze the situation thoroughly and give you a detailed perusal of the structure of the problem, but they will also come with fresh ideas to solve it, straight from that inventive and revolutionary mindset of planet Uranus.

A doubting lover

First of all, you won't even hurry to marry at all because you have a lot of exploring to do, a lot of knowledge to seek and assimilate.

The world is there ever so expanded, all the philosophy and all the wonders of the world are lying there in wait for someone to reveal their secrets.

Even when you do find someone to share life with, that relationship will be one based on freedom, independence, mutual respect and private space.

Without those elements there to safeguard your happiness, you won't even think of going the extra mile, no matter how impressed you might otherwise be.

The good and the bad

The strongest and most admirable characteristic of the Uranus Sagittarius native is by far their immense curiosity. Their insatiable thirst for knowledge is boundless and always asking for more.

With all the new things that one's learned, there's no surprise that the world begins to spin in accordance with their wishes.

These people should learn to concentrate more on what matters because they tend to look at the overall picture and lose focus on the essential part. With this potential selectiveness, they will become even more efficient and productive.

While they may have curiosity deeply ingrained in their psyche, and they've got a ton of knowledge to dazzle everyone, the truth is they are just like a jack of all trades, yet the master of none.

The focus is the main problem here, this individual's one great flaw. Besides losing focus when fully emerged in something, overlooking the important details for the overall picture, they are also someone who likes to impose their point of view on others. People who are still tied to conventional beliefs will find this hard to withstand.

The Uranus in Sagittarius man

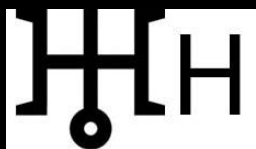

The Uranus Sagittarius man knows nothing that is more enjoyable and intriguing than gaining knowledge, searching for the true meaning of existence, answering all the existential questions that have plagued philosophers for millennia.

He will research, come up with new ideas, invent new things to help him along the way, and progressively approach the whole idea of development.

Without fully abandoning the old ways, as that would create a rupture in the collective mindset, effectively ripping people away from a comfortable zone, he still revolutionizes society.

Travel is one of the most exciting and interesting things that he does, one of his greatest passions as well. The world will be a different place thanks to the man with Uranus in Sagittarius.

People born with Uranus in the tenth house in their birth chart prefer to do things their own way and are really not the type to become tied down to people or places.

They need a profession that gives them freedom and also allows them to express themselves in a creative way. They really don't care about their place in society, so you won't see them fighting for a good position at work.

Because the 10th house rules also over career, the planets placed here show what the natives would like to do for a living. With Uranus here, these people may be interested in technology and science because these domains give them the opportunity to come up with good ideas and to work in teams.

They're not the type to follow what others tell them to do, therefore, they should avoid being impulsive when making a decision based solely on what their free spirit is telling them.

It's possible for them to discover they have many talents later in their life, so a change of career is normal in their professional ascendancy, around their 40s.

They will realize, at some point, that what they decide in their personal life influences their professional one in a great manner.

Opportunity for them to become famous for their unconventional approaches is also very likely to appear.

Uranus in 10th house people will always look to express themselves freely and to bring their original ideas into discussion.

That's why they will join different organizations that will probably be related to technology, science, the occult and even New Age practices.

They will have many things happening for them at work because they will probably move homes all the time and get advanced when they least expect it.

Everything they do in life is usually centered around personal freedom and overcoming limits. That's why they're the most independent, chaotic and strange people in the zodiac.

They may have problems when dealing with the government and even their bosses because their life is always changing and unusual things seem to happen to them. Anything traditional will be completely eliminated from their life.

With this position, natives have a tendency to recognize the soul is above the individual when it comes to spirituality and life in general, so they won't seek professional recognition and to have a good position in the society.

Many of them will decide to not get hired and become freelancers or get a job where they won't have to deal so much with figures of authority.

It's possible they'll be considered the pioneers in what they might be doing and even get rejected by those who are conventional.

There is also the possibility that one of their parents, usually the one who brought more money in the house, has had many Uranus influences in his or her chart.

They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a mother or father who raised them differently. They most likely observed one of their parents being different than others and copied all this in order to become the same as adults.

This planet is also about the unexpected, so when placed in the 10th house, it can suddenly bring publicity to the natives of this placement because they have either done something or said what others didn't have the courage to.

They will appear in the news even if they don't want to. Their personal and professional lives can seem very interesting to others and many won't believe what they can do.

In the situation in which Uranus is in bad aspects, all this publicity can bring many problems to the natives. They may feel that everyone is making fun of them and that what they got to be known for is in fact a scandal.

Being in the center of attention is not in their interest in any way, so they will want to escape such a situation as fast as possible. However, they don't care about what others think of them, so everything will pass very fast.

Uranus is known for being unusual and for bringing sudden changes. When in the 10th house, it changes careers but also influences natives to have success as they seem

to come up with innovative ideas when others wouldn't even know what to do anymore with a project.

It looks like their mind is constantly thinking of something that's unusual and out of the box. Because they hate dealing with authority, they won't be the boss' pet, so their advancement at work will come later or probably never.

This is one of the reasons why many of them have their own businesses that make clients happy through originality and shocking suggestions or offers.

Because Uranus in 10th house people are good with technology and know how to create a plan, their success can easily have something to do with the Internet world.

Blessings

Since the 10th house is about social status, Uranus here opposes all this and encourages natives of this placement to not care about it.

They will be more interested in creativity and stimulating their own imagination or the one of others. These people love working with technologies and bringing up their own ideas to life in order to make things work faster and better.

For them, it's all about challenges, not about being promoted. Therefore, they're not competitive and their colleagues love them for this.

When Uranus in the 10th house is feeling comfortable, they will know their purpose in life, which will be making the world a better place.

Many designers, painters and even activists have Uranus in 10th house feeling comfortable. These people really have the touch of genius and can implement concepts that are both practical and original. As said before, one of their parents influences them to be this way and they have seen at home how to express themselves and to be innovative.

Uranus in 10th house individuals want their ideas and results to bring meaning in other people's lives, so they won't mind working towards improving things for the humanity.

But they'll want a life of their own, so they'll build a family even if they may not be the most conventional parents. Obviously, they will inspire their children to be original themselves and to stand out from the crowd.

Many will question the way they're raising their little ones, but they will always come up with a good explanation for why they may be doing things strangely.

Challenges

Uranus in 10th house people are hard-working, no matter if it's about their job or personal life. After spending too much time at the workplace, they will get bored and eventually decide to leave.

It's difficult for them to deal with authority figures, so they'll constantly fight with their bosses and after come up with a great idea or solution for the project they're working on.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

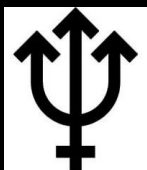

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or an astrologer will help them find their destiny in this life cycle.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

Their flexible and adaptable personality entertains a lot of potential and possibilities, without the need to look down on certain opportunities, simply because they don't comply with certain social standards.

Even more, they are very tolerant of other people and events that some may find as libertine or outrageous.

In a nutshell:

Style: Exploring and demonstrative;

Top qualities: Mysterious, adventurous, revealing;

Challenges: Personal struggles and indecisiveness;

Advice: Sometimes you are completely tactless.

Personality traits

Through all the adventures across they take part in life, you may find that what impresses them is when they get to experience a true spiritual revival, an inner epiphany, the expansion of their perspectives.

Obviously, they are very open-minded to any sort of religious or obscure experience, philosophical debates, strange and awkward trips in places unknown to man.

Idealistic as they are, they may fail to see the flaws of the real world, the things that make it imperfect.

The native born when Neptune transited Sagittarius is prone to falling into desperation, with anxiety attacks included, for no other reason than their pessimistic tendencies.

They focus too much on their problems, on the possible catastrophe that could befall them if a solution, most likely to an imaginary problem, isn't found.

It would be a good idea to instead concentrate on their visionary skills, on the dreams they nurture, on the desires they want to accomplish.

Quite possibly the reason for this downfall into the abyss is their idealistic gut instinct that seeks nothing but perfection.

When it doesn't find it, it starts blowing things out of proportion. Then, it starts diminishing the value and significance of everything else.

To put things into perspective, the worst situation that they tend to get themselves into is a bad decision made in a relationship.

When they suspect that something is wrong with the partner, they start overthinking, focus only on what the other thinks or does. But what they omit to do is look upon

themselves as well, maybe that's where the problem started in the first place.

It's good that they want to solve these issues, but they should do so with all their faculties, with reason, emotions, not just their intuition.

They might find it a bit hard to find the spiritual fulfillment that they crave for so much because the world is not made only of sweet candies and honey.

Their adventures and uplifting experiences may contribute greatly to that sense of enlightenment, but let's not forget that there are also demeaning, rough situations that do the opposite.

Unfortunate accidents, disappointments in love or other life misfortunes, they have to learn to accept them, move on, and not abandon all hope. Shinier days are ahead, and with their great potential and visionary skills, it will be a brilliant future.

The Neptunian Sagittarius may be very flexible, spirited, and brimming with intense energy, but that doesn't mean that they can take on too many disappointments.

And where do most disappointments come from? Their unreal expectations, that's where. They believe that their effort should clearly be enough to reach the desired effect, but when that doesn't happen, then what? The world is not just black and white, success or failure, it's filled with all kinds of shades.

The positives

One of the best things about the native with Neptune in Sagittarius is their unending energy and overflowing enthusiasm about the smallest of things. Whatever gets them going is sure to be most interesting and intriguing, for them at least.

Highly competitive and an adrenaline-seeker, they expect to leave out in a couple of days to explore the world, searching for the next big thing.

And guess what? Do they make a plan, pick out a place to stay, map out the routes they want to take? No way, that only takes out most of the fun.

Being spontaneous and discovering everything as they go is much more entertaining. Moreover, these experiences will also act as a source of inspiration for them, in that they will notice the multitude of possibilities, the diversity of life ahead of them. There are never only two choices, but much more.

A curiosity about the world and its intricacies that no one else possesses, a sense of communication and empathy present nowhere else, these are the traits of this native, what makes them truly special.

The negatives

The Neptunian Sagittarius can get very excited about something, and this may lead to a forgetfulness no one has ever seen before. They focus solely on that and forget about everything else.

If an intriguing subject comes along in a discussion, there's no turning back. You have to prepare yourself for one hell of a debate with counter-arguments, philosophical ideas, and a cheering applause for when they win out.

The thing is, they could even start imposing their perspectives on you if they firmly believe they are right. They don't do it out of egocentrism though, or even consciously, but they are too passionate about it all to care about offending or even hurting others, even their closest.

The Neptune in Sagittarius man

The man born under Neptune in Sagittarius is a highly romantic individual who dreams of the perfect relationship, one sprinkled with rose petals, shined upon by the moonlight, one of mutual support and affection.

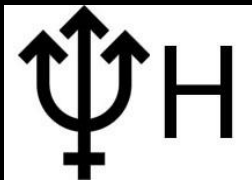

These idealistic desires must find their way into reality, and sometimes, these ways are not the most practical ones. They must strive to find the methods that are most likely to be applicable in the real world.

Want to know why a Neptunian Sagittarius man is the perfect choice for a lover? Because life never gets boring when you have him next to you.

He'll either take you on exciting adventures together, invite you to a match of rollerblading or bring his friends around to brighten up the mood.

It's possible they have been confused as children by one of their parents, and as adults, they find it difficult to take a certain direction in life.

When it comes to their career, they may not get credit for their work, so they aren't all the time recognized for their efforts.

This means they won't know their own value or that others will take credit for what they've done, or perhaps their superiors won't give them the rewards they deserve unless they start to trust themselves and their talents.

These people have to be careful with their reputation and to assess their abilities as accurately as possible. It's true they don't want fame, but still, knowing where they're standing would be a great idea for them.

They want to make the world a better place, so their contribution to the society will always be meaningful.

Neptune in 10th house people need to be careful not to get disillusioned when chasing their dreams as they can have too higher ideals that aren't all the time possible to be made a reality.

The placement of Neptune here suggests they will always want something more and to feel important after working on their noble goals.

It's normal for individuals with this placement to feel unhappy with their professional life. What happens in their career is strongly related with how Neptune sits in the 10th house.

For example, when this planet is in good aspects, the effects would be astonishing and beneficial. On the other hand, when in negative aspects, it can become really malefic and cause the natives to no longer have control over their career.

The 10th house is rather a good host for this chaotic planet. Having Neptune here is more beneficial than having it in another house with a direct control over natives' life.

Limiting this planet's energy can be beneficial for the career of people having this placement, as long as they take on some jobs that are to the liking of the celestial body.

In short, Neptune won't help them in any way with a job that requires organization and following a strict schedule. No matter how much individuals having Neptune in 10th house will struggle with a routine, they won't be successful.

Their perfect jobs are the ones related to arts and freedom of movement or speech. It's very likely one of their parents influenced them very much when they were children by being weak and confused regarding what authority and discipline mean.

Perhaps their mother or father hasn't been there for them or one of them was an

alcoholic. Not having a role model, they wouldn't know how to fight for success and how to follow a career path.

At least they will know ever since very young that they need to adopt an unconventional approach, which makes it normal for them to change jobs and work as bartenders because Neptune is also the ruler of alcohol.

When it comes to love, it's normal for all the natives having Neptune in 10th house to fantasize about someone and to feel disillusioned because they haven't found the ideal person they thought their lover to be.

It goes the same way with their career because they want something perfect when it comes to their profession, and their goals are usually unattainable.

If they'll contribute to the greater good, they'll feel fulfilled and happy. However, things don't always unfold as they expect them to, so they should become as decisive as possible about their career.

Neptune, the planet of imagination, makes natives having it in the 10th house very creative. They could easily become writers or do something unusual for a living.

Since the same planet rules also over illusion, they may decide to become famous and use a pseudonym. There's as well the tendency to take on too many responsibilities at once, so they can end up running in circles and losing their minds because they can't handle what needs to get done.

They will work two jobs and won't focus too much at neither of them. In the meantime, they'll have high ideals and wish for success, whether under their name or a pseudonym.

The goods and the bads

Neptune in 10th house natives may have many interests that are very creative, so it can be very difficult for them to determine what they want in life.

Some get lucky and find something to do for a living ever since very young. However, these are the most evolved ones, those who are aware things in life are not always perfect.

Others feel like they're not interested in anything, and they may end up procrastinating all of their life. It's okay to be indecisive about a career in the today's society as there are many ways to make money.

Therefore, they could do many jobs before finding out what they're passionate about. It's suggested that no matter what, they find the balance between their job and their

hobbies.

These natives shouldn't insist on following their big dreams because as said before, these can be pretty unrealistic. The everyday responsibilities are more important as they support their existence.

Worrying too much about perfection will have them doing nothing, so their expectations should be a little bit lower because they can find motivation in everyday tasks as well.

Accepting that others don't dream the same as them is also indicated. Their creativity may help them attain great heights, but it's essential for them to have their goals defined.

It's also important they don't talk too much about their work because many can take the credit for what they've done.

It may be difficult for these people to express themselves so that others get to see the efforts they've done. All this means they have a problem with self-confidence or self-respect, which furthermore leads to difficulties advancing in their career.

Pluto ♇ in ♋ Cancer man 14° 11'

([1092] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Cancer in their natal chart will have to learn, from an early age, to cooperate with other people in order to properly make use of their full potential. If they will just stay cooped up in a prison of their own making, they'll only make things worse, and even reach a state of depression and great sadness.

It is very hard to give up their own personal security and emotional stability in this regard, but it's a necessary thing to do, if this means the better for everyone. Pluto brings great risks, but also incredible opportunities.

In a nutshell:

Style: Instinctual and protective;

Top qualities: Stable, generous and caring;

Challenges: Pessimistic and worrisome;

Advice: Transformation only comes when abandoning comfort zone.

Personality traits

These natives are very emotional individuals who put a lot of importance on their gut feelings, on what their intuition tells them.

While it works for most of the times, offering impeccable information pertaining to a lot of situations, it's still not a one-shot technique that works every time. They can still fail horrendously, and it's not exactly pleasant.

They care about their friends and family in a more profound sense that most of us, searching for an ultimate communion of the souls, for security and stability. Nothing is more comfortable and fulfilling than having a place to call home.

To such one-sided individuals who only want stability and a homely environment steeped in routine, change is evil, in whatever form it may come. They have to eventually get used to seeing the world change around them, and they should also realize that nothing stays the same for too long.

Change is natural, and not only that, it's welcomed and a sign that evolution is underway. Of course, no one guarantees that everything will lead to beneficial situations, and there might be problems further down the road, but that's nothing surprising.

This is how life works, and they need to get used to this. Their close ones will offer support, while they use those Plutonian emotions and instincts to patch themselves up.

The good and the bad

What's good about these natives is that they take good care of their loved ones. Loving, affectionate, loyal, and devoted to the bitter end, nothing stops them from creating a safe environment for their dearest.

Even though Pluto instills them with deep emotions, thus putting some vulnerabilities in there, they try not to show that they are weak sometimes. Taking control of the situation is the best choice they have, this being their motto all along.

Plutonian Cancer natives are very vulnerable to change, that much has been covered, and the only way to salvage this situation, to make the best of what they have, is to gain control. In what sense? In every sense, even manipulating and deceiving people to agree with them counts as being in control.

If the alternative is to fall into a pit of desperation, they won't hesitate for too long, and just go ahead with what comes as natural to them no matter how blameworthy this might sound to others.

They aren't malevolent in this respect, but they do it out of necessity. If they didn't, their emotions could potentially be blasted to smithereens.

Pluto in Cancer in love

The last time Pluto transited Cancer, social norm dictated the gender discussions and debates. A period of great changes and new perspectives on love matters, these natives began to look at marriage as something more than just a social contract. They began to see it as a form of spiritual bonding, a manifestation of the love between both partners, women especially having this viewpoint.

This is why, based on this heritage, the Plutonian Cancer is a native who believe in equality and in offering equal status to the man and the woman, in love matters.

This native may care more about stability and security and less about whirlwind romance, even at an early age. But this is not to say that they are not prone to falling in temptation, they are human after all and a bit of excitement won't break them.

Having a family comes as a bit responsibility so the Plutonian Cancer will think more than twice before committing, perhaps will even postpone this step for later in life, despite finding the one and despite, this hesitance of theirs, actually threatening the relationship.

The Pluto in Cancer man

This is a man with varied beliefs who will not really talk freely about them, unless provoked. He is a great storyteller, so a great social companion but can also be rather blunt and sometimes doesn't adhere to social norms.

Contrary to many men, he knows exactly how he wants his house to look like and will be very invested in this. He might even design and build his own home.

With an amazing resistance to failure, he is not one to wallow in self-pity and will pick himself up, dust his clothes of any unfortunate event and just move one.

Pluto's transformative influence might bring a bit of pessimism to his life and this cautiousness will surface, especially in areas he is not very comfortable with.

This planet brings clarity, a crystal-clear perspective on the world, thus allowing them to see the inherent flaws of a relationship. However, nothing is a real deal-breaker with this man and he can persevere, if given the slightest chance, especially in love.

Pluto ♇ in V 5th House

([1105] i.thehoroscope.co)

This placement of Pluto makes people very creative when it comes to pursuing their goals and very romantic in their private lives.

Those born with Pluto in the fifth house of their birth chart are not the type who abandon their motivations or goals mid-way. Once they decide to do something, you'd better believe it that they will take it to a finish no matter what happens and who's standing in their way.

This house is associated with an obsessive attitude toward specific aspirations and interests, which could be positive or negative. Devotion, loyalty, responsibility, crazy amounts of ambition, they take things to the extreme in this regard.

Literally, no one is more protective and thoughtful than the Pluto in 5th house natives. They know what to do and how to proceed, when to impose their will and when to have fun. As we've said before, half-assed efforts don't exist in their vocabulary.

Summary:

Strengths: Entertaining, spiritual and sociable;

Challenges: Judgmental and lazy;

Advice: They need to be careful about their romantic expectations.

Stubborn and perseverant

These natives are very creative and use their intuition to artistic ends. This could actually be one of their greatest passions, which could turn into a professional interest as well.

Moreover, judging by how they behave in their day-to-day life, it's not likely they'll give up on this idea unless it's the only logical thing to do.

This stubborn and perseverant attitude extends in their romantic life as well. They will go through plenty of extreme feelings, jealousy, intense happiness and harrowing pain, possessiveness, the need to control, and generally very intense emotions.

They'll also feel the need to entertain themselves in quite peculiar and unorthodox ways.

The natives having Pluto in their 5th house are very special and quite unique because of the characteristics and traits received from the previous houses.

All the work and spiritual journeys done by their predecessors will make their effects evident and instill in them confidence and a great sense of identity.

Now, there's no need to do all this, to prepare and search for answers, because they already have them.

In this sense, these people can already start working to achieve their goals, making steps toward the future. They will use others to reach their dreams, manipulate them emotionally as well.

They are entrusted that, given they give their all, everything will come naturally, especially when talking about their creative talent and deep imagination.

Life has its ways in rewarding the deserving and punishing the unjust and incapable. If you're endowed with a set of skills that set you well above the rest but are still unable to make full use of them, don't worry, opportunities will eventually arrive.

They can focus on whatever feels natural, so long as it's tied to artistic intuition. However, this can lull them into a false sense of security, thinking that they don't have to move a finger because everything will be fine.

The 5th house natives of Pluto tend to become monotonous and lazy, lacking in combative spirit and initiative. They get discouraged by competition and other people being better at something.

Even though they have plenty of reasons to feel proud of, an immense capacity to create and come up with new ideas, they still don't have enough faith in these abilities.

The potential is unfathomable, but these small blockages put a stop to their ascension. Even in love, they feel like they deserve attention and respect, and when they don't get it, they might react aggressively or try to get it in other, manipulative ways.

They must learn that the world is as such that there are a lot of people who are better than them out there.

Everything comes together only when harmony prevails, when the common good is the goal, at the moment when everyone realizes they must combine their efforts.

Society is greater and more important than one individual being, or rather, it's made up of many singular individuals that must work to keep it functional.

Their talents and high imaginative abilities would be best put to use in making the world a better place.

However, once these people decide that it's worth it to try and become better, to show to the world what they're capable of, nothing's going to put a stop to them.

Eventually, sometime in the future, their goals will come true. This will be incredibly fulfilling and satisfying for them, to see that the creativity that they're so proud of is admired and kept in high regard.

Their romantic life fares the same, actually, unless they lose control of their own expectations and principles.

It might happen that they want the partner to be perfect, to seek someone flawless, physically, psychologically, and in general.

The goods and the bads

For the Pluto in 5th house natives, everything relies on whether they manage to find some creative outlets to pour all their impetus and potential in or not.

This would be highly beneficial, fulfilling, and a good progress for the future development. Another very important aspect that must be kept in mind is that they are quite eclectic in their tastes for good things, for entertainment and fun stuff.

They want to find out more about the world, to revel and bask in the endless joy of living.

They are of the opinion that, when you take a course of action, you do it with all your being, every strand of effort is redirected in that direction.

This, in turn, besides galvanizing one's potential, will also instill a fear of failure in them. In their case, just sharing some ideas and talking to other people will be enough because this will make everything seem easier.

They will often think that nothing can ever take them down or hurt them in any way.

While it might be good to be this confident and self-assured of their abilities, it also invites danger in its many forms. Over-confidence which can be safely called foolishness is not good at all.

When things happen that they can't change or control, a feeling of extreme powerlessness sets in, putting everything else on the backburner.

In relationships, this is very bad and has catastrophic outcomes and consequences because they often act on impulse and emotions, giving no chance to their partners to justify or explain.

Pluto ♄ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♁ in ♎ Libra 24° 41'

(Georges Muchery)

The Dragon's Head in Libra is a sign of balance and harmony in the native's life as a whole. It also gives stability in regard to the affections; the gratification of noble desires is shown in all things. The native has a fine intellect as well as great courage. Progress will be rapid; and wealth as well as honor will be acquired. The Dragon's Head in Libra is favourable for the children and for the family ties.

The Dragon's Tail in Aries is often a sign of lack of conscience, or, at all events, of in consequence. The native acts too precipitately; what he has decided to do must be done forthwith, and this leads to want of due reflection, which is detrimental to his affairs.

He may suffer material losses, or experience trouble in other directions, due to his lack of cautiousness. This position inclines to fits of anger, but also gives great physical courage; and if the horoscope generally is good, the Dragon's Tail in Aries will not be so unfortunate.

(Isabel Hickey)

North Node in Libra implies spiritual integration which comes from moving from self to others; from personality levels to the soul levels. Emphasis should be on loving others and getting away from self-love.

South Node in Aries means an over-assertion of self has been the problem in the past, and personality should become the servant of others in this lifetime.

(Martin Schulman)

This nodal position requires much learning about self-sacrifice and the needs of other people. All the lifetimes of work spent on building self-confidence and esteem must now be transferred to others. The Libra North Node keeps the individual from adding to his sense of self-identity any further. He must guard against strong ego influencing his current life actions.

His long-standing me-first attitude now brings him sharp and painful experiences as he is learning the lessons of co-operation. He must slow down and make sure that all he works for is meaningful, in his marriage and close partnerships as well as all his relations with others. He has to learn to take the sharp edges out of his life and start to balance. While the center road seems less attractive to him, it is still the only path he can have towards happiness.

Ultimately he must learn the very subtle lesson that his strong pioneering individualism isn't actually meant for himself at all, but rather to equip him better so that he can provide others with a more harmonious life. Many individuals with these Nodes have a tendency to be contrary. The experience of listening to other people is a new one which they find objectionable when they feel it hampers their forward motion.

In past incarnations, progress was all-important, and getting there first was part of the highly competitive Arian drive. This carries over into a definite closedmindedness which the Libra North Node will ultimately open, showing to the individual the other side of the coin which he had never before thought was important enough to recognize.

Selfishness and vanity of all sorts must be curbed unless the individual wishes to find himself alone. Usually he feels himself being driven towards something, yet he doesn't understand what or why. Through the Libra North Node, he is now to reconsider his goals and objectives so that his Arian energy is put to some useful purpose.

He changes his mind often; and allegiance to a single cause is not one of his finer attributes. Past incarnations have made him accustomed to a constant impatient restlessness that still has a tendency to keep him on the move. He knows that he is to give rather than to receive in the current life, yet he finds it difficult to cope with such karma with his full heart.

The Martian quality of the South Node impatiently pushes him in new directions. Upon arrival at each destination, however, he finds the gossamer cloud of Libra in the middle of the seesaw, and is surprised to see that the goal was not a goal at all, nor was the destination the end of the journey. Puzzled and confused, he sits in the middle, trying to evaluate the circumstances which he hopes will point the way towards his next successful drive. And yet each goal, each ambition, each sprint of running and striving brings him to Libra - the half-way point!

Finally, out of sheer exhaustion he makes the amazing realization that the second half of the journey involves other people. He is to learn the karmic lesson that he is not alone. Until he learns to share, something always comes up to put the brakes on his efforts. Eventually he is brought to the realization that winning or losing the game is much less important than the fairness with which it is played.

Many individuals with these Nodes are highly opinionated as a result of selfish or bigoted past-life attitudes. Now it is time for the shoe to be worn on the other foot. Much of the current life's events are painful blows to the ego. The individual has to guard against becoming embittered as he sees many of his own wants and desires being taken away from him and given to others. At first his natural tendency is to be jealous. He wants to fight back for all those things he feels he has lost; yet the more he fights, the more he loses. Eventually, drained of much of his inner resources, he must surrender his selfish ego and accept living in a world built on sharing.

Until he overcomes his South Node, his biggest frustration is the witnessing of other people receiving all for which he himself had wished. He doesn't quite yet understand how this works, and is puzzled at why all the things he has ever wanted are coming to people around him and yet not to himself. He hardly realizes that all his desires, wants and wishes are actually designed for others.

He is mentally energizing the wishes of people around him so that he can ultimately be an instrument for their fulfillment. In actuality, he is earning himself a new place in the world by living through the karma of selflessness. Still, the insistent urges of the South Node keep pulling him backwards, often making him feel that this is a lesson he would rather not yet learn.

He must try to resist past-life tendencies to make waves, for he is now capable of witnessing disharmonies between people without taking sides. Often he is thrown into

the position of referee, whereby in helping others to become more objective, he in fact helps himself. The more he can get others to co-operate, the more he can learn to do it himself.

Underneath all the hustle and bustle, this individual is learning to see the consequences of his actions before taking them. In effect, he must learn to look before he leaps!

For many with this Nodal position, there is a deep-seated anger coming out of pastlife memories of frustrations which block the self-expression.

In this life, there is usually a very pleasing physical appearance, which is part of the karmic lesson in vanity that the Aries South Node is here to overcome. Any narcissistic residue also causes difficulty in marriage as this is the battleground where the war between love of another and needs of the self must be fought.

The balance between Aries / Mars and Libra / Venus is a difficult one to achieve. The Aries South Node constantly seeks to assert its needs, while the Libra North Node needs nothing for itself but to love others, regardless of their demands. This individual can feel love for others best only after his own needs are fulfilled.

Until the desires of past incarnations are left behind, the incessant pulling of his subconscious demands continues to be so strong that he has a tendency to drain energy from other people, actually putting them to sleep. In effect, he is a walking anaesthetic, constantly wondering why people avoid talking with him for more than a few minutes. He would like to talk for hours, if only to continue the focus of attention on himself. But in his private moments, he is deeply saddened by a sense of loneliness and the knowledge that his relationships with others are so far short of what he would like them to be.

There is nothing subtle about this Nodal polarity. Happiness comes only after he is forced to re-evaluate his desires and truly discovers that they involve other people. The ego-self must be abandoned, and with it a heightened sensitivity to the needs of others acquired.

The Libra North Node is one of the most difficult to achieve because the Aries selflove looms as such a large hurdle to overcome. Still, the individual must overcome if there is to be a new cycle for him; and he will find the key to this new cycle as he begins to reflect back upon himself through the eyes of others.

The house position of the South Node indicates the area where insatiable desires of past incarnations are still demanding priority. The house position of the North Node shows how fulfillment can be reached through self-sacrifices, co-operation and the expression of unselfish love to others.

(Donna van Toen)

You need to learn to co-operate and get along better with others. Your Aries South Node may reply 'Yeah, but they never want to go along with my plans'.

Your problems may include that you have an exaggerated need to prove yourself; that you tend to be uncomfortable; and that, because of your upbringing, you've come to place too high a value on assertiveness.

Possible solutions: Stabilize your relationships in terms of give and take. Learn to differentiate between caring and controlling. Learn to let others have a chance to decide for themselves. Stifle your need for others, and look out for yourself.

South Node in Aries often complains of having been forced into something which has irrevocably fouled up his or her life. This could be a too-early marriage, a career, a specific mode of behavior, etc.. In any case, he or she, as a result of this experience, justifies his or her reluctance to co-operate in other areas. Aries South Node generally hasn't developed his or her ability to commit himself or herself in a longterm situation. He or she wants fast results. If these aren't forthcoming, co-operation is curtailed. Aries South Node is also generally unwilling to take responsibility for the effects of his or her actions on other people. He or she is sometimes unwilling to share. The Aries South Node generally wants exclusive rights to the things in which he or she is interested. He or she feels that future well-being depends on immediate gratification and success. However, goals can often be attained only when the Libra North Node's ability to co-operate is tapped and developed.

Signs of an over-balanced Aries South Node are: high blood pressure; impulsiveness; hyperactivity; a cold, critical attitude towards others' accomplishments; argumentativeness; a tendency to brag about accomplishments and be a poor loser; an insistence on leading; an unco-operative attitude; difficulty in finishing what he or she has started; and boredom or a short attention span.

North Node in Libra dreams of happiness and harmony. He or she would like to be known as a very sociable person. Others play a very important role in this person's dreams. In contrast, this is an enthusiastic, emotionally active person whose selfishness may interfere with social interaction and harmony in general.

Antidotes for Libra imbalance: The client should be advised to get a complete beauty treatment, including new hair style, in preparation for developing a new lifestyle. Even men can benefit from a new hairstyle. Likewise, shopping for a new wardrobe or new furnishings can be a beneficial antidote, as any purchase would tend to remind the client that a new lifestyle is beginning. For best results, color selection should be geared to the imbalance. Dancing is a good antidote. If the client has any physical symptoms, a

medical check-up should be advised, since this is another one of the imbalances that's most capable of triggering illness. Boating, cruises, and water sports can be helpful antidotes.

The client should be advised to consciously seek out activities that stress partnership and teamwork, rather than trying to do everything himself or herself.

If career advice is sought, the following could be recommended if other factors in the chart show aptitude: hairdresser or barber, artist, interior decorator, lawyer, stewardess or pilot.

(Mohan Koparkar)

Previous incarnation for this person was spent with a lot of physical actions, temper and aggression. He had, in that life, achieved and lost many things as he could not learn to understand the significance of balance. In this life time, he will definitely learn and be able to use the concept of balance as applied to 'soul growth'. Everything he undertakes in this life will have a definite sense of justice, priority and deeper significance. His diplomatic talents are well worth noting in this life. He will achieve things without fighting for them; and often others will surrender to him just by his senses and magnetism. Utilization of mental energies is strongly noticed in this person in this life. Although he may not be after material success, he always manages to be plentiful in that respect.

North Node ♁ in VIII 8th House

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money

matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and

regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a path he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the

karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of his being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrha was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet,

as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting

requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person

should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

(Black Moon) Lilith ♀ in ♐ Sagittarius 10° 29'

([1145] elsaelsa.com)

Divine Seeker

If you have Black Moon Lilith in Sagittarius, the pain that you've faced through your Lilith placement has made you broad-minded and free. You have learned that boxes are for pizzas, not people, and you won't be reined in.

However your Lilith experience has manifested (shown by the house Lilith is in), you have reacted by searching. You know that your life is a glorious adventure, and you want to put your pain into context. You want to find out what it means. So you have researched and read and studied. You have exposed yourself to different cultures, stories, faiths, academic disciplines, anything to illuminate the larger narrative. You know that your suffering can't be completely senseless. You can sense the grand design. You know, somehow, deep in your soul, that the truth is out there. And you know you'll find it.

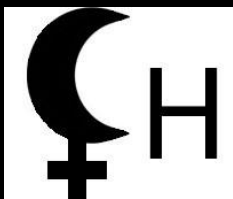

And this optimism in the face of real pain has left others in awe. How on earth can you keep going, they wonder. How can you keep up the search? But while they may not understand, and they may even scoff and dismiss your quest, they also come to rely on your sense of perspective. In fact, your happiness can become a sustaining force. You may even be made to feel as if you owe others your joy. So your sunny disposition becomes performative, crafted for other people's comfort. They don't understand that the happiness is in the search, but it isn't the goal itself. The treasure you're seeking is much more meaningful.

And when you do feel trapped, hemmed in, misunderstood, or unduly obligated, you default to the one thing ever Sagittarius keeps in their bag of tricks: you leave. You ramble on in search of greener pastures, of more profound answers, and of people and places that allow you to feel free. Your pain is bad enough. The last thing you need is to have an anchor tied to your waist while you try to heal. And if the next place, person, or idea doesn't feel right, you move on to the next. Over and over you travel, whether literally or metaphorically, always in search of that golden nugget of wisdom that will soothe your throbbing heart. But as you find out time and again, while a rolling stone gathers no moss, it doesn't gather much gold, either.

To help ease your soul, draw perspective from Gemini, the sign opposite to Sagittarius. Gemini gathers information just like you do, but they use it to work out the answers internally. Gemini asks, "What if the solution isn't out there? What if it has been right under your nose all along? What if the portal to OZ is your own front door?" Gemini also knows that people have to earn access to your authenticity. If people in your life are consistently dismissing your pain or your search, or if they are demanding that you perform certain emotions for them, you don't necessarily have to leave. You can stay put and deflect. No one is owed the details of your inner world. Only those who support your freedom need apply.

There is much more to this very complex and sometimes paradoxical placement. But what I want to stress is that the desire for meaning is not only noble, it is fundamental to human nature. As you seek a better world, you'll find others in pain who need your perspective. Your ability to turn wounds into a catalyst for a new adventure is an absolute superpower. Remember to look inward every now and then, but keep up the search. We're all waiting to see what you find.

(Black Moon) Lilith ♀ in X 10th House

([1158] elsaelsa.com)

Dark Reputation

If you have Lilith in the 10th house of your chart, her themes will manifest in terms of reputation, career, and your position in the world. In other people's eyes, your place on the saint-sinner spectrum always falls a little further toward sin than you might prefer.

In traditional astrology, the 10th house is known as the culminating point or the pivot.

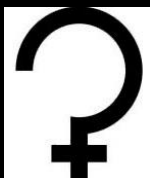

With Lilith here, that dark, outraged wound seems to be the axis around which your world turns. She is destination to which all roads lead. Lilith is your personal Rome.

The 10th house is associated not just with career, but with actions. The 10th house is your Acts in the biblical sense, your praxis. With Lilith residing here, your role in the world is to live out her story. You have been wounded, scapegoated, and have likely ultimately fought back. Your struggle is public in a way that no other placement can match. You embody her role and story and model her archetype. And if you're particularly lucky or particularly brave, you have been able to make a career of going your own way and maybe even fighting for the downtrodden.

The 10th house also has to do with reputation, which is, in effect, the stories that other people tell about you. It is not uncommon for you to feel perfectly normal, going through life as a respectable sort, and come suddenly upon that fact that the rest of the world views you very differently. This is the placement that leads to wild, outrageous rumors swirling that bear little to no resemblance to who you really are. This is also a placement you'll see, for instance, in actresses who refuse to do openly exploitative and degrading work and who are forever labeled "difficult to work with". Your choice to stand up for yourself against what are often truly outrageous conditions or demands, particularly by authority figures, has left you disgraced or pushed to the sidelines.

I could easily write for hours about this placement. But let me at least end with this: It's true that you have been thrust into the Lilith role, often unfairly or without your consent. Those in charge have seen to it that anyone that challenged their power was vilified, and you have been caught up in that. But Lilith's story didn't stop there, and neither should yours. She broke out, shook things up, and carved a place for herself with her own fingernails and sweat. And you can too. Through your strength and pioneering spirit, you show the rest of us that we too have a chance. You pave the way for us all to step beyond the paths that have been proscribed for us and instead teach us all how to live free. Fight on.

([1253] astromajesty.com)

These individuals struggle with the pain of trying to be perfect. It is why, no matter what they do, they believe there is something inherently wrong with them.

People with Chiron in Virgo have self-worth issues. That reflects in perfectionism, criticism, and distorted body image. They are persons who strive to be immaculate, to do things right, and to fix every problem.

It is why it's not unlikely for them to be people-pleasers, to take everything personally, and to worry about other people's opinions 24/7.

They torment themselves with feeling incomplete, impure, or damaged. Virgo Chiron individuals were likely suffering from a terminal illness in a previous lifetime, or they saw someone close to them pass away after a long and painful disease.

Perhaps it's a past-life memory of dying young. Or maybe Virgo Chiron people witnessed

the death of their parents at an early age.

However, it's an experience that left Virgo Chiron people traumatized and feeling like their life chapters never get the proper ending.

Virgo Chiron individuals believe that there is a part of them that's utterly broken, but they can't pinpoint which one. They don't feel comfortable showing their struggle to anyone, so they hide it and avoid confronting their fears.

Indeed, one of their biggest worries is that people will see them the way they see themselves: imperfect, flawed, and inferior. For Virgo Chiron people, that would be a confirmation of being unclean, not enough, and not "together."

Due to not avoiding sharing their pain and allowing others to help them, persons with Chiron in Virgo seek ways to fix themselves. That usually means that they desperately try to find a sense of completeness and contentment.

Yet, Virgo Chiron people don't know which path to take. That makes them feel more lost and incomplete.

Individuals with Chiron in Virgo manifest their agony through chasing perfection and working on their growth and looks.

That's usually a productive way to mend a wound, but not in a case when one never thinks it's enough. Hence, Virgo Chiron people won't stop. They will never think they are beautiful, smart, or educated enough. It is why these persons are associated with hypochondria, OCD, and obsessive perfectionism.

Virgo Chiron individuals can be manic in maintaining their hair, body, and clothes, neat and tidy. These persons can spend a fortune on the latest trends or watch fashion and beauty video tutorials for hours. They are also meticulous about aligning their style with the occasion.

People with Chiron in Virgo are also likely to learn fun facts, small talk examples, and every world capital to ensure they are ready for every conversation. They also manifest their pain through verbal communication. Virgo Chiron people strive to know all the answers and how to talk with people effectively.

But Chiron in Virgo is not always centered around cleanliness and organization. Instead, these people can also be messy, chaotic, and disorganized. They can also be a mix of these two types.

Thus, they tend to criticize others because it's their way of preventing people from judging them.

Thus, individuals with Chiron in Virgo are also likely to go from one extreme to another. They struggle with seeing grey shades because it complicates life. Hence, these people prefer to label everything and everyone as either good or bad.

Regardless of how they express their pain, people with Chiron in Virgo seek control over their lives by focusing on one category.

Some will concentrate on their looks and others on relationships.

However, in the end, they all discover that control is not an effective way to eliminate their inner agony.

Men with Chiron in Virgo

Males with Chiron in Virgo tend to be pragmatic, restrained, and emotionally detached. They control through organizing their life, house, shelves, garage, and anything they can tidy-up. Sometimes they get lost in these activities because they often exaggerate concerning cleaning, fixing, and arranging.

Like their female counterparts, control is their principal drive, and they manifest it in every aspect of their lives. Virgo Chiron men tend to control their partner and friends, and they are quite subtle in doing so.

However, they are intelligent, so their loved ones often end up doing what Virgo Chiron tells them. If Chiron is afflicted, these men can manipulate others into doing something they don't want. And if Virgo Chiron males don't get others to follow their advice or rules, they will be infuriated or feel a sense of worthlessness.

The problem with men with Chiron in Virgo is that they repeat the same actions and habits without wondering why people don't listen to them. They should consider that perhaps their ways are not always the best, and that's why their controlling techniques fail.

Another way how Virgo Chiron men enforce their control is through exercise. They have a complicated relationship with their bodies and notice every imperfection. It is why they often start rigorous diets, work out until they pass out, or spend all day in a gym.

These men also tend to organize and control their emotions and thoughts. Some people might see them as robotic or emotionless because of that. But men with Chiron in Virgo don't like anything having control over them, including their feelings.

Due to being overly controlling, males with Chiron in Virgo suppress their fears. Yet, they might resurge as phobias.

It is why men with Chiron in Virgo must realize that it's impossible to have complete control even over menial things. That will free them and allow them to confront their struggles.

Summary

People with Chiron in Virgo are usually born with inaccurate beliefs of being incomplete, unworthy, or damaged. These opinions appear at such an early age that they can't remember how it started.

For some reason, even as kids, they believed there is something wrong or broken within them. As they grew up, they manifested these beliefs, convincing people to think the same.

However, these thoughts don't always appear without any trigger. Sometimes parents had an impact on how Virgo Chiron people see themselves.

Perhaps their caregivers often criticized them or behaved toward Virgo Chiron in a way that made them believe they are damaged or incomplete.

As people with Chiron in Virgo tend to see everything as an insult or provocation, perhaps their parents never belittled or criticized them.

But Virgo Chiron individuals saw their parents' remarks or comments as criticism, which started accumulating negative self-perceptions.

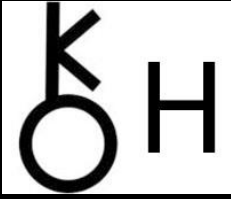

The truth is, no one can heal any Chiron wound fully. The placement is there to stay, and the pain makes a person who they are. Hence, they have to accept their vulnerability, imperfections, and fears.

People with Chiron in Virgo should embrace the idea they are already complete by being themselves. Yet, it is Chiron that makes them feel broken and incomplete.

These individuals should learn how to integrate their imperfections into their being because those fragments make them who they are. No part of their bodies or psyche is good or bad, but they all have a purpose.

Their life mission is to learn to love everything that makes their being because all those elements together make them whole.

Chiron ♄ in VII 7th House

([1266] astromajesty.com)

People born with Chiron in the 7th house have an intense wound concerning relationships or becoming close with someone.

Due to trauma or painful memory from the past, they find it hard to connect with people and trust them. Their wound likely has roots in a harrowing event from their childhoods that disrupted their ability to relate to others.

Perhaps those born with Chiron in the 7th house saw their parents getting divorced when they were little kids, or one of the caregivers abandoned them at an early age.

Because of that, these natives stopped believing in unconditional love, or the institution of marriage disappointed them.

Whatever happened during their formative years affected their capacity to believe in commitment and spending life with someone. Perhaps they never forgave their parents for divorcing.

On the other side, it's also possible that their caregivers had an unloving or toxic relationship, destroying the vision of eternal love.

However, the native likely grew up struggling to make a bond with anyone.

Even if they have relationships and friendships, they could be one-sided, one-night stands, or fleeting. They likely relate love to pain, and they believe that everyone will reject them or leave after some time.

It is why they prefer to block anyone from getting close to them. The Chiron in the 7th house native thinks that's the only way to avoid being hurt.

Fear of attachment

These natives don't want to commit to anyone. Their fear of getting attached likely manifests in every aspect of their lives.

Perhaps they don't like staying anywhere for too long because they don't want to grow feelings toward a place or people.

The idea of rejection is the worst fear they have to battle with every day. As a result, they

don't approach people, and they push away those who try to befriend them.

But deep inside, the Chiron in the 7th house native has an intense longing for being with someone or having best friends.

Yet, they are so afraid of potential separation that they avoid forming connections altogether.

Nevertheless, there's another way how this wound could manifest.

As the native is afraid of rejection, they could become people-pleasers. They often become so dependent on other people's opinions and acceptance that they lose their individuality and become mirrors of persons in their lives.

But behind the politeness and amiability could be envy, distrust, or hostility.

Longing to love and fears of heartbreaks

In many ways, the Chiron in the 7th house native is a walking paradox. They want to experience profound feelings and the power of a great relationship.

Yet, they are typically defensive, sarcastic, or avoidant. They are also likely to sabotage their connections by starting power struggles or becoming too criticizing.

Sometimes they provoke conflicts and disagreements out of nowhere to stop feelings from growing.

On the other side, the Chiron in the 7th house native could turn to those they believe won't leave them because they don't have a better option.

In that case, they could end up with toxic and dangerous people or lost souls and problematic individuals.

If other aspects in their natal charts are compatible or the natives overcome their trust issues and emotional trauma, they can help other people heal their traumas and damaged connections. They can be empaths and loyal friends and lovers.

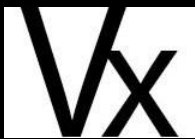

However, before that happens, they usually have to mend their wound. That means that they must accept and learn to be alone and embrace the possibility of rejection.

Also, it rules originality, eccentricity, sudden events, surprises, invention, astronomy and all things futuristic. Aquarius rules this house. The Eleventh House rules all things related to friendships. Interestingly enough, the Eleventh House also rules future things, like electronics and technology.
- If this rear position exists you need to work on: Collective work. The power of collective creation, as well as the creative sparks generated by the group, are important. By banding together, you can create so much more. Remember, Vertex in houses can offer clues to where we may experience turning points and meetings with destiny.

Part of Fortune ☒ in ♏ Scorpio 27° 51'

([1282] astrolibrary.org)

You enjoy finding deep meaning and participating in the regeneration process. On the physical level this is linked to sexuality through an intimate and transforming contact. On the spiritual level, this is linked to the mental search for intense emotional levels while helping others, and also overcoming negativity.

There is an intense desire to explore the meaning of life and the psyche. With Part of Fortune in Scorpio, there is a clear and penetrating perception that lets you dwell on the unknown and be at the center of every process of emotional and spiritual change and transformation.

The sign opposite to your Part of Fortune in Scorpio is Taurus. Through Taurus you observe how others prefer to remain safe in what gives them shelter, while you try to discover everything that is new. You want to uproot the established order, eliminate what is no longer useful, and improve it. You know how to fix and rebuild everything that is destroyed, by recognizing what is still worthwhile and useful.

Therefore, you understand your own unconscious and you are in tune with the unconscious levels of society's thinking.

You destroy or eliminate from your life everything that no longer makes sense or no longer has a true value. To many other people it will seem that you are destroying what

took so long to build, but you know that what can be destroyed was not really valid.

You look for the hidden secrets of society and the mystical reality of the Universe, especially because you know what it can bring to the human beings of today.

Taurus energy builds, and Scorpio energy undoes or destroys. You know that both are necessary in the process of evolution. That's why you know how to build, destroy and reconstruct all the things in your life to transform them.

You feel an immense restlessness for wanting to understand everything that is not visible and that is behind the apparent. You want to know what is beyond the normal reach of human perceptions.

You never rest until you know that you have done everything in your power to provoke in yourself, and in others, the changes that are needed to free yourself. You are a transformer of mankind and dislike the lack of progress in those around you.

Sexuality is the engine that gives you the energy to move on and penetrate the realms of the unconscious. You have a strong sense of intimacy that drives you to want to connect with the depths of truth. Your perception is very acute.

With your Part of Fortune in Scorpio, you will not have a very peaceful existence. But you must also understand the value of relaxation and being happy through Taurus, the sign opposite your Part of Fortune. Although you will never be calm until you feel that you really deserve it.

You take an active role in the construction of a safer and more peaceful world, without repressing the natural instincts that are the source of life.

You are happy and you do better when you show others those roads they are afraid to consider, and you help them to have a deeper meaning in their lives. This has a transforming effect on yourself and everything around you.

Part of Fortune ☒ in IX 9th House

([1295] astrolibrary.org)

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of

the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

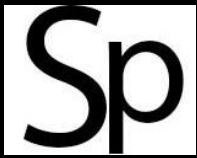

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

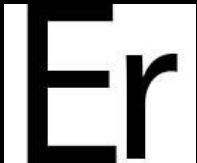

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

([86] astromatrix.org;) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

You have more compassion and sympathy, especially for people who are oppressed. It can be good to work in a social area where you can help and assist people in need.

2) ► **Ascendant** ASC **Parallel** ♄ **Pluto** - (0°54') 001 | ♇5

thrust into their outer personality for all to see they amaze others at times of personal crisis with their self-transformation and reinvention.

Pluto though is all about power and if there are major negative aspects made to Pluto the difficulty of this aspect will increase and could involve abuse of power, manipulation or control.

4) ► **Descendant DC Parallel ☉ Sun - (0°12')** ♎7 | ♎7

([149] astromatrix.org:) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in you 6th house, you may consider working partnerships to be

especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

5) ► **Descendant DC Parallel ♀ Venus** - (1°35') ♏7 | ♊4

([179] astromatrix.org;) Unconscious Needs

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

6) ► **Descendant DC Parallel ♀ Lilith** - (0°26') ♏7 | ♎10

([112] astrotarot.net;) Typical features that this opposition brings: you are very passionate and have dark desires but you often keep them suppressed from other people. You may crave forbidden love. Or, you may become obsessively attracted to edgy and highly sexually charged love relationships. You desire intimacy but you often push others away or become very tense when the relationship becomes too intimate. These Natal Lilith – Ascendant aspects are the most difficult to handle as this indicates major self-esteem issues. You may feel very rejected for how you express yourself or just feel rejected for how you are in general. You often have self-esteem issues but also

a very strong sex appeal. People are often cruel to you without provocation or you will attract intense and uncomfortable attention from others. With this Natal Lilith – Ascendant aspect there is a tendency for obsessive relationships. What to do to make Lilith work in your favor – Firstly, embracing all aspects of your sexuality, power, and inner desires may help you moderate this powerful energy. Secondly, try to be yourself in the way you communicate. Thirdly, working on self-acceptance is the key to empowerment. Connecting to nature is a primary tool for you. So, you need to get out and sit on rocks, hug trees, and have summits other forms of wildlife. Much information that will help you stay conscious of having and being in a body is available through such activities.

7) ► **Sun** ☉ **Parallel** ♀ **Venus** - (1°23') ♏7 | ♀4

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

8) ► **Sun** ☉ **Contra-Parallel** ♄ **Neptune** - (0°06') ♀7 | ♀10

([147] astromatrix.org;) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and

acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

9) ► **Sun** ☉ **Contra-Parallel** ♅ **Pluto** - (1°06') ♄7 | ☿5

([148] astromatrix.org;) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence circumstances in your favor. This is why you desire to be in a position of authority, calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower

egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

10) ► **Sun** ☉ **Parallel** ♀ **Lilith** - (0°38') ♀7 | ♀10

11) ► **Sun** ☉ **Contra-Parallel** ♁ **Vesta** - (1°15') ♎7 | ♍9

([609] 12andus.com:) You may have a strong desire to show your talents and gifts, yet also feel called to a sacred path that requires some sacrifice.

You may want to take center stage and receive recognition for your unique views and gifts. At the same time, your sacred mission may call you to a very different path. One in which you take on a humble role of service and charity.

You'll follow your sacred mission but may frequently wonder if you could have achieved fame and fortune if you only put yourself first. You won't follow such impulses but may feel conflicted when you're called to make a sacrifice, even one you believe in.

If you bring your desire for recognition and praise into balance with your desire to fulfill your sacred obligation, you'll find it easier to harmonize these opposing inner drives.

12) ► **Mercury** ☿ **Parallel** ♂ **Mars** - (1°04') ♎5 | ♎5

([29] astromatrix.org:) Quick Tongue

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunct Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very

strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

Your mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

13) ► **Mercury ☿ Parallel ♋ North-Node - (1°12')** ☿5 | ♋8

([38] astromatrix.org;) Bright Ideas

North Node conjunct Mercury boosts the mental capacity and gives potential in areas calling for the use of the intellect. The higher powers have blessed you with previously untapped talents to communicate and to promote their bright ideas at just the right time to gain support and popularity.

In the past there may have been limited opportunities to go through learning processes or your communication might have been blocked. You may be a young soul and have a youthful quality. You can introduce fresh new ideas and establish new or modern ways of doing things. You can display wit and a versatile mind that is quick and adaptable. You can be progressive and innovative, frequently showing early potential. A drawback with this conjunction is you may go along with what is popular at the moment, scattering your mental energies. Or you may like to gossip.

You are likely to be popular, expressive and a good communicator. For this reason, you can be very useful in making ideas become accepted and agreed on by the masses with

your manner of communicating. However, your line of thinking is often in line with the status quo and isn't too controversial and in fact usually accepted. Be careful of getting swept up in popular ways of thinking that discourage progress. While endearingly inquisitive, you must learn to develop a more independent mind free of the input of others and social norms.

It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But, it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

15) ► **Venus ♀ Contra-Parallel ♄ Neptune - (1°17')** ♀4 | ♆10

([177] astromatrix.org:) Personal Versus Universal Love

Whilst the square is associated with inner changes being stimulated by the pain of inner tension and frustration, the focus of the opposition is usually projected externally onto people and the world, from which it is often reflected back again as a source of conflict. How this tends to manifest in your life is likely to be through an underlying suspicion and distrust of others, perhaps based on actual experiences where you have been a victim of deception and deceit, or where you feel that others have badly let you down and reneged on actual or implicit promises.

As 'energy follows thought', because you are projecting a pattern of suspicion and lack of trust into the world, it is likely that you are receiving back the consequences of your own inner pattern. This is often formed by unresolved, unintegrated and unconscious factors associated with the influence of Neptune operating through a heightened emotional sensitivity and vulnerability.

As the strength of imagination in you is potentially very potent, if it is misused or

unrecognized then unconscious inner needs and desires create compulsive motivations formed around private fantasies and perceptual distortions of reality. These inner pressures affect the stability and content of your emotional level, so that one result can be moods and uncertainty regarding the consistency of your feelings.

Obviously, this will affect your intimate relationships, and can demonstrate its presence in a variety of forms of deception, within yourself and within the love affair. The 'enemy' that you often project 'out there' is hidden within yourself. Those Neptunian patterns of victim sacrifice and martyr may emerge, either as experienced by you, or as expressed through you onto others, where you exploit any powers of sexual seduction that you possess for self-gratification. Sensual preoccupation may appeal to you, yet this could hold the seeds of your own destruction within it, as there is likely to be an addictive tendency operating which is associated with alcohol, drugs and sex. Surrendering to this pattern would be most unwise, and a reflection of an unintegrated Neptune.

Greater clarity and honesty in relationships is probably needed; or the consequences of this will emerge through deceit, by your own secret love affairs or those of a partner. Certainly, trust will be a casualty, and if not perceived correctly will only serve to add more fuel to the fires of your own suspicious outer projections. Marriage may become an uneasy battleground and a focus for inner pressures and stress. This is sometimes felt by others as an 'antagonistic vibration' with which it is unpleasant to remain in close contact for long periods. Learning how to recognize these projections is an essential first step.

16) ► **Mars** ♂ **Parallel** Vx **Vertex** - (1°19') ☿5 | ♃11

17) ► **Jupiter** ♃ **Parallel** ♎ **Saturn** - (0°14') ♄8 | ♃3

([60] astromatrix.org:) The Deep Thinker

The Jupiter Conjunct Saturn Aspect in your Natal chart occurs only once in every 20 years. Jupiter is about growth and amplification, so it increases the power and emphasis of Saturn on your personality. This makes you a much more serious person and are devoted to advancement in career or your professional goals and success.

You are a born leader with a very sound and far sighted judgment. You may be drawn towards to careers in teaching or management and authority. Religious or financial roles would be ideal for you. You are somewhat reserved and cautious in making career moves, but when you do, they are solid, responsible and based on firm reasoning.

You have great organizational ability and accept responsibility easily. You may be conservative, and cautious but after consistent effort and determination you will find eventual success and can inspire others to do the same. You are a keen learner and like to spend time reading and studying for your professional advancement. The biggest issue with this aspect is overextending yourself beyond your limits, make sure you take care of your health and maintain some balance between work and your personal life.

18) ► **Jupiter** ♃ **Contra-Parallel** ♅ **Uranus** - (1°06') ♄8 | ♅10

([191] astromatrix.org:) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these

with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

19) ► **Saturn** ♄ **Contra-Parallel** ⚡ **Uranus** - (0°52') ♃3 | ♅10

([198] astromatrix.org;) The Activist

With the opposition, you will tend to project inner tensions outwards onto others through your social and intimate relationships. These tensions arise as a result of the clash of the Saturn and Uranus energy patterns within you and will continue to remain operating until you succeed in resolving the causes of the inner friction, through transforming the relationship of Saturn to Uranus.

You may feel torn between two polarized directions, past-future, order-chaos, orthodox-unorthodox, stability-change. This may make it difficult for you to decide on life directions, or you may become biased towards one pole to the repeated exclusion of the other, and some degree of repression of the ignored planetary qualities will occur. This can give you a hard edge to your personality, which is partly a result of trying to maintain a fixed inner center against the other inner planetary attraction.

You prefer to remain clearly in control but can express this with what seems to others an overly aggressive approach. There can be a lack of relaxed relationships, partly because you have a competitive attitude and desire to become personally important and authoritative in a social sense. It is doubtful if you will have many close friendships,

because of an attitude of exclusion and distancing that you put up around yourself.

One area that can create conflict for you is a lack of openness to others, and that attitude of righteous knowing; this can block any real relationship from occurring, and often will generate antagonism from others, who look for opportunities to 'bring you down'. Learning to listen more to what others have to say is one lesson you need to apply; there is something of value to be gained from communication with every person, because the wisdom of the whole is reflected through each individual, and the routes that guidance and messages can take are infinite in variety.

If you are not open to the world and people, you will miss them, and just circle around in your own limited world. Life can be greatly enriched by sharing with others in an attitude of equality. Co-operation and compromise should then flow by such an adjustment in your attitude to others, as you break down that restrictive egocentric shell. It is likely that the Uranian energies will be less expressed than the Saturnian ones, so some degree of rebalancing may be required to free that planetary influence.

This can be released through personal creativity and allowing yourself to be freer and less tightly bound. This can involve the dissolution of limiting self-images, and an inner granting of freedom to others, so that you do not insist that they conform to your image of them. Often you attempt to direct their lives for them, especially in the more personal sphere of relationships, because it makes you feel able to control life. In the way that you are applying this, the results just inhibit a vibrant life.

The Uranian characteristics can also emerge if you become involved in social reforming groups, where you may release that aspect of your nature in an active manner through questioning the Establishment. What you may have to be wary of is a bias towards Uranus that leads to losing the awareness of the essential Saturn values in life.

What you should be aiming towards is a way to create a workable balance between these energies within your own nature and through relationships, so that the positive aspects of each can shine through.

([149] astromatrix.org.) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to

other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in your 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

2) ► **Descendant DC Conjunct ♄ Chiron** - (6°37' S) ♏7 | ♏7

([218] 12andus.com:) You have the potential to be a strong, authentic spokesperson for healing and change based on your own experiences with your inner wounds, yet you are likely to avoid this opportunity because it is difficult for you to accept who you genuinely are.

You may try to hide from or downplay your wounds and in doing so you may overcompensate with a façade of confidence or ambition that is not genuine. By working to heal your fears, insecurities and past traumas, you are more effective as a leader and healer for others.

Acceptance and self love are necessary first steps in this process. Until you have learned these lessons, you may project your own wounds onto others around you and fear or resent those who remind you of your limitations.

([150] astromatrix.org:) In Your Own World

Opportunities: 1. Embracing Your Journey of Self-Understanding 2. Judging Success on Your Terms

Challenges: 1. Finding Your Inner Security 2. Avoiding Co-Dependent Relationships

You are very concerned with your inner personal world and less influenced by others' ideals and expectations than most people. You are 'inner-directed' to an unusual extent, and you rate the importance of matters in your world according to very personal

reactions.

All of your life, you will be more subjective than most people. You are not principally concerned with achieving anything that others would consider great or significant. For you, it is important to have your personal world - your home, parents and family - operating smoothly. You may always be attached to the place where you grew up, and even if you move away you will have strong emotional and psychological ties to this place.

As you grow up, the ideal home situation is one in which there is very little turmoil; you need a more secure and stable home life than most. Without it, your self-confidence and ability to be independent will be severely hampered. You might even become dependent on someone else for the rest of your life. However, if you are allowed to develop in a secure environment, you will become a very strong person upon whom others can always lean.

Your success will come through self-understanding rather than through playing the games of the outside world. Self-esteem is more important to you than the esteem of others.

([126] 12andus.com:) It is difficult for you to see how your past traumas and unresolved wounds are interfering with your ability to thrive in your chosen career path. Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

([117] astrotarot.net:) The wounded healer

Typical features that this conjunction brings – it implies the solar idea of being on stage, your desire for being seen. This Natal Sun – Chiron aspects are about particular type of sadness. In other words, your audience desperately wants you to shine, despite the impossibility of it. By audience we mean people around you. So, that makes great tension in you. Also, you are very sensitive of what others expect from you. From a psychological point of view, the “audience” could be a father figure, any prominent male figure in your life. This aspect is translated as an extraordinary level of sensitivity regarding your creative potential or your ability to leave a personal mark on the world. You are very sensitive and vulnerable. Above all, you may even make a career out of cheering and encouraging. You can be talent hunter, teacher, counselor who help others establish a healthy sense of ego, coach who make it possible for others to shine. When you recognize your pain in others you tend to be the one who to cheer on, to lead others to their highly-personal, brilliant destiny. This aspect symbolizes a holy wound at the

heart of the ego. That wound makes you vulnerable. But, you are open to life with a rare sensitivity: the sensitivity required in any profession in which you have to handle other people's sense of self with care.

- Positive traits: Above all, you have great sensitivity, imagination, intuition, spirituality and a sense of harmony. Also, you are likely to be unselfish and even submissive.

- Negative traits: You might be very vulnerable and over sensitive. Also you may be very jealous of people who are creative. Natal Sun – Chiron aspects are not the easy ones to handle.

6) ► **Moon** ☾ **Conjunct** ♂ **Uranus** - (6°19' S) ♄10 | ♄10

([20] astromatrix.org.) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon

could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of un-lived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

7) ► **Moon** ☾ **Conjunct** ♃ **Neptune** - (2°11' A) ♅10 | ♅10

([21] astromatrix.org;) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

8) ► **Moon** ☾ **Conjunct** ♁ **Vertex** - (10°24' S) ☿10 | ♃11

([131] astrotarot.net;) The lessons involving family

Typical features that this conjunction brings: firstly women in your life are the catalyst for finding the emotional life you want. Sometimes this happens within the family. You are a nurturer to others as well as yourself. Also, you are the heart of your family, helping others to find their lives worthwhile. With this Moon – Vertex aspects, being in charge of others and coming before the public are areas in which you are comfortable.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

9) ► **Mercury** ☿ **Conjunct** ♇ **Pluto** - (5°38' S) ♄5 | ♄5

([34] astromatrix.org;) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

([154] astromatrix.org;) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by attempting to impose your will on others. Hoping to gain superiority, you may be too assertive in your desire to become a leader and not a follower. This often results in a distorted self-image, both to yourself and to others, as you fall into the trap of becoming 'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

21) ► **Moon** ☾ **Opposition** Sp **Spirit** - (5°49' S) ♁10 | ☿5

22) ► **Venus** ♀ **Opposition** ♄ **Uranus** - (8°55' A) ♀4 | ♁10

([176] astromatrix.org;) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy

dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

Opportunities: 1. Dropping codependency 2. Exploring various relationships

Challenges: 1. Accepting your unique quirks 2. Exploring deeper sexuality

([107] astrotarot.net:) Typical features that opposition brings: relationship difficulties often come with this aspect. You usually have a series of significant relationships during your lifetime. Above all, you do not have trouble finding partners. But, maintaining relationships is the issue. With this aspect you struggle with balancing yourselves in relation to other people. Also, there is a heightened potential to be involved in love triangles. You often feel un fulfillment in relationships.. Financial strains in life may also be indicated with this aspect. You need to begin to heal your shadow side. What to do to make Lilith work in your favor – Firstly, try to be yourself in the way you communicate. Secondly, working on self-acceptance is the key to empowerment. Lilith can be free by balancing heart and mind and bringing them to union. Think about what you really expect from others and to what extent you want to get involved in your relationships. Learn to enjoy your one-to-one relationships with serenity and peace. Look for inner beauty and harmony, not only external. With this Natal Venus – Lilith aspects you will be forced to accept yourself.

24) ► **Mars** ♂ **Opposition** ♀ **Neptune** - (2°21' S) ☾5 | ♃10

([185] astromatrix.org:) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but yare let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening,

and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

36) ► **Jupiter ♃ Sextile ♆ Neptune** - (4°20' S) ♄8 | ♆10

([273] astromatrix.org:) The Magician

The sextile includes several of the themes of the conjunction, but often develops and defines them more clearly within the individual, and so they are probably easier to deal with and apply in daily life.

In personal relationships, that tendency towards gullibility is still present, aided and abetted by powerful sensitive feelings and emotions that encourage you to believe in the commitment of your partner who satisfies your needs and desires. Your evaluation of the status of your intimate relationships may be unrealistic, and there are bound to be times when your belief in the aptness of your choices is later seen to be merely self-deception; wherever your emotions are involved, they are the source for many illusions and much vulnerability. Standing beside you in the shadows of love is always the prospect of disappointment. Take more time to know someone, be more cautious and check with them how they feel about the relationships too; do not just assume that because you feel in love and happy, they feel the same. They may... but the rising divorce rate seems to indicate that the reverse is, regrettably, often the real situation.

The theme that is more defined in the sextile is that of optimism, imagination and idealism. The likelihood is that this will be more focused within your mind, and that your lifestyle will reflect this more clearly. In you, faith and trust become a more optimistic spirit looking towards future prospects and opportunities. The sphere of expansion is in that direction, and much attention is likely to be paid to contemporary social problems. This vision is probably radical in nature, and often veering to the 'New Age' perspective. You are alert and aware enough of social conditions, desires and needs, yet you also add a broader perspective to what is currently occurring and what needs to occur in order to build a brighter future.

You are capable of an analysis of modern social problems, seeing intrinsic dangers there, and can be articulate in raising these issues. You may become involved in groups that are public voices for such concerns, those minority pressure groups that perform such an essential public service in the Western world. The failings of established political, religious and social power blocs should be recognized, although you may choose to work within them as an influence for inner change.

You value individualism highly and see how others can be unconsciously swept along by powerful ideologies and socially acceptable ways of behaving. This can encourage you to make your own stand against any negative social ideologies that are currently powerful, even those emanating from governments and the churches. You may become a publicist for your ideas and those of affinity groups in an attempt to alert public attention to what is occurring.

Idealism will be vitally important to you, and you will feel quite passionate about those ideals. Yet what can let you down is the fact that you are essentially a theorist, in that activity is via a mental perspective, and the ability to ground your vision is often lacking in basic common sense and practicality. At worst, you may recognize social problems, acknowledging that you do have a social responsibility and then fail to take any action about it. Your innate altruistic and humanitarian nature can remain inhibited. If this is happening, and it is partly a symptom of an unintegrated Neptune which dissolves the

will to act, then you may need to give yourself a shake. Certainly, social change does need visions and theories, but ultimately these have to be anchored on this level, and that inevitably involves a transformation of their nature, often compromising the initial pristine vision. They never come through pure; and they often come through channels and areas of life that are surprising and unexpected.

There are 'thinkers and doers', and ideally the two need to work together, but even the thinkers can become more practical, even if thinking is their real task and not just an excuse for doing nothing. One simple step is to transfer money towards those who are 'doing' and support them in that way. Or you can evaluate your skills and resources; you should have an articulate imagination, which could be positively applied in the publicizing of vital issues, be inspirational, or express positive social ideals. These are possible channels for you to work along which will be beneficial to yourself and others and will avoid any tendency to retreat into isolated reactive theories, a private monastery of the mind.

We can all complain about aspects of life; but the issue is 'what are we doing about them?' We can all do something, and even if our contribution is apparently small and insignificant, collectively we can make a difference.

But you may not feel that you are working hard, because the energy comes so spontaneously that you do not regard it as work. For this reason, you should look for a task or purpose that your life can revolve around, that you can identify closely with.

While you are young, this may simply be a hobby, but later on it will be your career or life work. Fortunately, with this aspect you won't have much trouble finding a purpose in life. You are not especially competitive, but you are independent. You do not like to be dependent on other people; nor do you like anyone to interfere with the schedule you have set for yourself. Consequently, you may find it easier to work and play alone than with others.

When you have to make a choice, you are usually able to do so quickly and easily, because you know pretty much what you want, and you go after it. If you don't know which of two choices to take, you may make an arbitrary decision, feeling that making

some choice is better than going nowhere.

66) ► **Midheaven** MC **Trine** ♅ **Pluto** - (8°16' A) 001 | ♄5

([369] astromatrix.org;) A Born Artist

This aspect indicates that you will always want to use your resources and talents to the best of your ability in order to get ahead in life. Even while you are young, long before most people are considering a career, you will begin to learn the best ways of using your talents to get where you want to go.

However, some problems may arise in the course of your development that you should be aware of. For example, although later you will be concerned with resources, in youth you may simply be interested in owning things, which may result in your having a lot of useless clutter. Also, you should not be so possessive that you are unwilling to share at all.

On another level, this aspect can signify that you get very involved in learning various skills. This can be very useful if you concentrate on useful skills and if you do not get so wrapped up in them that you lose track of relationships with others. Do not become too self-involved. Any situation in which you feel compelled to act by some inner compulsion can be bad for you because you are not aware of yourself and what you are doing at the time. As a result, your activities might have totally unexpected consequences. Make sure you understand your reasons for doing whatever you do.

Nevertheless, you have a strong drive to get ahead and to succeed, which should be very advantageous in competition with others. Your objectives in life may change several times, and as an adult you may change careers, but your work and your outside interests should be enormously satisfying to you.

67) ► **Midheaven** MC **Trine** ♄ **Spirit** - (3°56') 001 | ♄5

68) ► **Sun** ☉ **Trine** ♄ **Saturn** - (1°42' A) 177 | ♄3

([304] astromatrix.org;) The Architect

The trine helps to reconcile these two planetary energies more successfully, and there is less evidence of any underlying Saturnian tendency to restrict and limit. The positive qualities and abilities of Sun-Saturn contacts are present; responsibility, self-discipline, practicality, patience, organization, reliability, concentration, determination, persistence and honesty. These can all be used to further your ambitions, although you may need to be wary of innate Saturn tendencies towards caution which may prevent you taking advantage of all opportunities.

Determining your solar purpose and tapping into that power will be most important in applying these energies and qualities and gaining insight into your life direction may be a necessary first step to achieve before this trine can be used positively. As you can move through life smoothly without facing obstructive challenges, you may not always feel the

need to draw upon your full potential.

You are attracted towards having a 'comfortable life', and with your self-confidence and creativity expect that this will naturally come to pass. You should be able to use personal qualities and resources effectively, especially to produce an intended practical result, and you probably have a sense of appropriate timing which ensures that your actions are successful. This can be used in a variety of employments and careers, especially management, law, politics, conservation, financial services and organizational posts.

You will enjoy assuming any positions of responsibility, but you may experience inner resistances in any environment that is undergoing rapid change due to social or technological progress, as this can clash with your innate conservatism and preference for the familiar. Your lifestyle is likely to reflect mainstream social attitudes, and you will try to develop it in a moderate and balanced manner, looking to create solid foundations and financial security. You prefer life to feel stable and almost predictable and will take each step onwards with a patient attitude, usually rejecting any chances that may lead to speedier progress, yet which also may lead to failure.

A personal philosophy and value system will be established, and once you feel comfortable with your unique worldview you may evade situations which offer valid alternatives to your chosen perspective. In this context, the Saturnian rigidity may act as a limitation, but as your conformity is grounded within established social values, this should not work against you in achieving your ambitions.

Choosing a right partner is important, as he / she needs to be similar in nature to yourself, either wholeheartedly supporting your aims, or alternatively pursuing his / her own ambitions. Career and social involvement are the probable sphere of mutual endeavor, and personal honesty and integrity are qualities that are expected, as is stability and responsibility in your partnership.

Balance and moderation are two keynotes that will apply across your whole nature and lifestyle, and this will be reflected in your good health and sense of well-being. Feeling respected and loved by others, and acknowledging your own talents, will amplify your self-worth so that you can move confidently onwards on your solar path.

Venus ♀ Square ♀ North-Node

([423] astromatrix.org:) Self Indulgent

With Venus Square North Node, a lot of artistic talents are brought over that often show up at an early age. You have been working on developing artistic flair of a particular sort. The house position of Venus points to a reservoir of past artistic inspiration or knowledge. There are talents here that can be used to help others and contribute in some way. On the other hand, the love life suffers, and you may have difficulty understanding your emotions when it comes to love. This is often a sign of someone who has suffered heartbreak either in this lifetime or past ones.

You may have been self-indulgent in the past and now efforts are required to balance

out this area of relationships. Finding happiness in marriage is not easy. Even with considerable success in other areas, this is often the weak spot. Relationships with the opposite sex may be difficult to impossible. When it comes to the sexual energies, those energies must be converted into developing higher consciousness.

You have a sincere appreciation for beauty and the arts and likely have some form of artistic talent. Your way of expressing yourself socially and how you display affection, however, may invite conflict and tension from others. Your soul's lesson is to learn to balance your love for peace with some initiative. Don't become lazy and complicit.

[[65] astromatrix.org.) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

([154] astromatrix.org:) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow

you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by attempting to impose your will on others. Hoping to gain superiority, you may be too assertive in your desire to become a leader and not a follower. This often results in a distorted self-image, both to yourself and to others, as you fall into the trap of becoming 'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

You might feel incapable of aligning your desires and emotions and controlling your rage. It also hinders your ability to communicate without any fears. The opposition makes you feel misunderstood and controlled by others.

You prefer to be quiet and reserved than expressing your ideas because you feel it is hard to approve your ideas and suggestions from others. Silence or impulsive behavior is harmful in the long run because it unleashes frustrations and puts you in unwanted trouble. You also fail to use your analytical mind to avoid ambiguous conversations and twisted beliefs.

Difficulty in understanding others and expressing yourself comes with this aspect. However, the opposition of Mercury to Black Moon Lilith can work in your favor if you try not to hide your authentic self while communicating with others and accept you as a whole with all your good and bad points.

([185] astromatrix.org;) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but you are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire

to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 27° **Scorpio** 51' and in the **9th** house.

Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 1° **Cancer** 59' and in the **5th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 19° **Libra** 10' and in the **8th** house.

Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 0° **Gemini** 15' and in the **4th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 5° **Aries** 55' and in the **2nd** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause

of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 6° **Scorpio** 55' and in the **9th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 17° **Libra** 54' and in the **8th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 6° **Cancer** 49' and in the **5th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 27° **Leo** 53' and in the **6th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Leo: pride and arrogance, excessive visibility, water

Nemesis in Sixth house (Virgo): lack of faith, jumping to conclusions

Lots related to family:

The **Lot of the Father** is in 13° **Cancer** 10' and in the **5th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 29° **Leo** 38' and in the **6th** house.

Same as for father.

The **Lot of Siblings** is in 1° **Libra** 38' and in the **8th** house.

The **Lot of Children** is in 28° **Leo** 7' and in the **6th** house.

The **Lot of Daughters** is in 1° **Scorpio** 47' and in the **9th** house.

The **Lot of Sons** is in 10° **Sagittarius** 40' and in the **10th** house.

The **Lot of Marriage for Woman** is in 14° **Aquarius** 43' and in the **12th** house.

The **Lot of Marriage for Men** is in 15° **Aries** 2' and in the **2nd** house.

The **Lot of Deceit in Marriage by Woman** is in 19° **Virgo** 24' and in the **7th** house.

The **Lot of Deceit in Marriage by Men** is in 16° **Sagittarius** 44' and in the **10th** house.

The **Lot of Marriage (in general)** is in 27° **Cancer** 57' and in the **5th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 5° **Capricorn** 50' and in the **11th** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 29° **Taurus** 53' and in the **3rd** house.

The **Lot of Treachery** is in 23° **Taurus** 14' and in the **3rd** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 24° **Capricorn** 56' and in the **11th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 27° **Scorpio** 46' and in the **9th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Pisces

(canvasofthecosmos.tumblr.com;) Pholus in 12th House/Pisces: Has sudden and reverberating realizations with divine energy, often exposed to, even tested, several religions- as many as you can get your hands on, at least- to find a true belief system that shakes you to your core. You often find that things just don't quite click, shaping your beliefs around the one you just feel is right. It is common for this placement to jump from one end of the spectrum to the next over your life, converting from one faith or even obsession to one that seems the polar opposite. You find the similarities and form an at least digestible belief system if not the ideal one. Alone time is rejuvenating, as one way or another you never seem to have you truly to yourself. It can also be scary, as you realize perhaps too much at times. Don't be afraid of solitude or meditation, as you may find something worth devoting yourself to, as after death comes rebirth.

Pholus in 1st house

(12andus.com;) You may have a very mobile and transient lifestyle. You can be a strong advocate for healing but also a catalyst for dramatic change for others.

Difficulty and hardship can influence your outward personality and physical image. At the same time, small efforts you make through your personality, body language and outward appearance, can trigger significant events to unfold in your life.

These events can be miraculous or catastrophic, but regardless will lead to breakthroughs or awakenings. Facing issues with image, appearance and identity will lead you to greater breakthroughs. Restrictions or issues with deception can undermine your image or identity.

You may have a toxic flaw that influences your sense of self or you may have to heal from a toxic and inaccurate self-image. Steps you make to try to assuage your

insecurities, especially your self-image, can prove to be damaging in or toxic to your well being in other ways.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Aquarius

(12andus.com:) Your desire for sexual intimacy can be triggered by an attraction to unusual partners.

You're aroused by anyone who breaks the rules. You may also fantasize about sexual encounters in unusual places. Having sex in public, in taboo settings or in places that are outside of the social norms may appeal to you.

You may also have a fetish for rule breaking and challenging tradition. You'll want to explore the outer limits of your sexuality. You may love surprising sexual encounters and need spontaneity. You're sensitive to partners who are rebellious and creative.

You may be able to go for long periods of time with little sexual or romantic interest but then suddenly feel the need to explore all of your fantasies and act with great intensity or impulsivity.

Your sexual interests may even come as a surprise to you. You have a dramatic and shocking way of expressing your sexual interests.

Eros in 12th house

(12andus.com:) You are compassionate and empathic in your approach to sexuality. You have a spiritual and empathic approach to erotic expression.

You may have a deep desire to explore mind altering substances or transcendental meditative states as a means of achieving sexual fulfillment as well. You may feel like sex is a way to lose yourself in connection with others.

For you, sexuality can be both an obsession or addiction but also a way to find healing and transcendence.

Your desire to explore fantasy, role playing or the use of costumes or disguises during sexual encounters is strong and can distract from the emotional connection. You may also become obsessed with partners and fall prey to seeing illusions rather than seeing who your partner really is.

You can have desires for people who are toxic to you. You may also sabotage yourself

through unhealthy sexual connections with others, getting into a martyr role or losing your foundation in sexual relationships.

When you are mindful of healing, you can also find greater transcendence and spiritual connection through sexuality as well.

- (12andus.com:) Your career path may be dramatically altered because of cataclysmic events.

You may embark on a different career path because of crisis situations. Major milestones and turning points can also reveal the true calling you need to follow, leading

you to respond by shifting your career and leveraging your professional network as you navigate through the crisis.

Cataclysmic changes can be motivating incendiary incidences that lead you to discover your capacity for leadership. You can easily align your business, career and public image with your gifts that will help others work through dramatic challenges brought about by crises beyond your control.

It is in your nature to shake up the career industry or workplace that you enter into. Without intending to, you may make statements or decisions that forever change the field you are in.

Your contributions through your career can truly be game changers.

2) ► 2° Pisces 59' **Pholus** ✎ **Opposition** ☉ **Sun** 9° Virgo 4' - (6°05')

(12andus.com:) You have a difficult time preparing for major life twists and turns because you tend to be overconfident.

You may overestimate your ability or preparedness, seeing yourself as capable of rushing in to the rescue before you have considered what you're getting yourself in to. As a result, you may hit a snag and find it challenging to deal with the aftereffects of little twists and turns that end of having large scale consequences.

You may feel the need to be a guardian or gatekeeper, yet your hubris or overestimation of your strengths and skills can lead you to misjudge the circumstances you end up in and your ability to overcome them. No matter what, you have the strength and creativity to eventually come out on top.

Yet you may face major life turning points or dramatic events with an over exaggerated sense of confidence in yourself.

You may have to work through your overoptimistic side to avoid getting distracted by blindspots that make you susceptible to negative consequences.

3) ► 2° Pisces 59' **Pholus** ✎ **Opposition** ♄ **Chiron** (Rx) 8° Virgo 15' - (5°16')

(12andus.com:) You may feel torn between following your unique intuition and trusting your higher wisdom during crises.

Cataclysmic changes can bring out deeper fears and trigger past traumas or wounds. You may want to be helpful and assist others as a role model, yet you will first feel compelled to hide or minimize the impact of a crisis that surrounds you.

When you find your footing and become more aware of your intuition and higher wisdom, you will be able to act as a leader, role model or healer for others.

Doing so will require you to face your unresolved wounds and become willing to address your own healing. Cataclysmic events and turning points can force you to trust your own inner wisdom on a deeper level as you may have to find your own way through these crises with insufficient help from others.

Regardless, you'll be able to help others because of these steps that you have to first make for yourself. Crises can bring about opportunity for change and deeper intuitive understanding.

4) ► 2° Pisces 59' **Pholus** ✎ **Sextile** ♄ **Neptune** (Rx) 28° Sagittarius 21' - (4°38')
(12andus.com:) You may find it easy to express your nurturing, compassionate energy during times of crisis and cataclysmic change.

You can easily find higher meaning and spiritual connection in light of and sometimes because of crises or changes that form larger turning points. These turning points bring opportunities for you to reflect on a deeper level and find your higher calling as a healer or spiritual guide to others.

Though you may not be able to contain the larger crises or events beyond your control, you will be able to embrace your calling to help others and show compassion while serving others.

5) ► 2° Pisces 59' **Pholus** ✎ **Sextile** ♄ **Vertex** 6° Capricorn 34' - (3°35')
6) ► 2° Pisces 59' **Pholus** ✎ **Square** ♄ **Lilith** (Rx) 10° Sagittarius 29' - (7°30')
(12andus.com:) You may find it challenging to follow your independent desire for freedom and independence during times of crisis.

Though you may feel responsible to protect others or respond to their needs, you will also feel inclined to rebel against this obligation. Trusting your intuition, desires and deeper need for freedom can lead you to go against the status quo.

Though this may not be appreciated by others during a time of crisis, you can draw on turning points and cataclysmic changes to help you discover your own personal ambition and desires.

By shifting your perspective, you'll be better able to find the motivation you need to succeed in the midst of crises.

(12andus.com:) You may find it difficult to face your obligation to others during crises or turning points.

On some level you may feel it is important to provide for the comfort and security of those around you, but you also may resist facing the full scale of a crisis at first because it challenges your own personal sense of comfort and security.

When you adjust your expectations or perspective, you'll be better able nurture yourself and find security in the midst of crises.

With some adjustments to your expectations, you can find the motivation to act out of compassion and help others find the stability and comfort they need as well.

9) ► 2° Pisces 59' **Pholus** ✎ **Trine** ♂ **Mars** 0° Cancer 42' - (2°17')

You may not be able to contain the crisis as it is unfolding, but you will draw on your inner strength and energy to find motivation, confidence and empowerment for the longer road ahead.

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Aries (Rx)

(astrology.com:) Aries or in the first house: For these individuals, experiencing illness or witnessing another's health crisis during their formative years becomes personality-defining. Having suffered the consequences of neglecting preventive care, which they equate with losing their autonomy, they take direct ownership of their personal fitness, exploring different modalities, and continually updating their health goals. Their identity may also be tied to the occupations listed in the above section.

Hygiea in 2nd house

(astrology.com:) Taurus or in the second house: This Hygiea curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is "off." While this generally predisposes them to healthy eating, overindulging when they're stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

Psyche in Aquarius

(fauxastrology.tumblr.com:) Psyche in Aquarius/ 11th house: My soul's been looking for a home even since I came here; I keep asking the same question each person I meet, every place I go to - is it you is it you? and there's never an answer. I speak to the stars, ask them why did you send me here, why do I feel like an exile, isn't this supposed to be my home, and I only hear my own voice echoed back.

Psyche in 12th house

(fauxastrology.tumblr.com:) Psyche in Pisces/ 12th house: My soul's climbing up the Beanstalk towards a castle in the sky, swimming in the clouds, going to places where time & space don't exist, where you're hearing a distant melody but it's like a half-forgotten dream, far away & untouchable. My soul's searching for something that will reach me through this world I created.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Aries (Rx)

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the first house from 'synnisisigns.com'.) Your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because though you may desire to integrate fully into society, you can not. This in not a Uranian

process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

Eris in 2nd house

(synnisisigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Pisces

(whatsmyalternative.com:) The end of the karmic wheel! A native who could have transcended the highest spiritual realms of ecstasy or crawled through life as an alcoholic or drug abuser. This placement may also indicate that the native had mislead

others in topics of spirituality or deceived others by misusing compassion. Positively, this can be a native who was so selfless in thought and deed that this life will give a balance in the form of true knowledge or opening of the third eye/psychic powers and higher states of consciousness.

Retrograde Karma here could mean chances of psychiatric illness, schizophrenia and more drug abuse. Great honesty, objectivity and self mastery is needed in this case for setting up the positive karmic loops to enable Neptunian rewards from this asteroid placement.

Karma in 1st house

(smartyoungsters.com:) Karma in 1st house: You have to reach your goals on your own. You need to fulfill the duties by your sheer will power and leadership abilities. Your actions will bring you rewards. Use your attacks well and don't abuse your valor.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia

has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Pisces (Rx)

(smartyoungsters.com:) This is the Nessus who is obsessed with spirituality, oldage homes, hospitals, photography, painting, art, nomadic lifestyle, dreams, healing, reiki and being a mystic living on mountain. This Nessus will be excessively fond of water and living besides it. Like the Nessus in Sag/9th house, he also is a compulsive traveler but of a mystic sort. He is a compulsive painter, photographer that is obsessive about capturing every single detail. He runs behind the mysteries of the Cosmos and keeps himself occupied with it. He has a compulsive desire to learn healing crafts like pranic healing and reiki. He can use these to manipulate his disciples, patients and followers. A guru who talks to spirits of the ancestors. He prefers living life his way avoiding bondage of any kind, slipping out of the hands like a fish. A person who avoids responsibility of any kind. When expressed positively, this is the "Adi Yogi" avatar of Lord Shiva who can cure with compassion, the world's first reiki master who can heal and turn "prana or chi" in the positive channels. He is also the alchemist. A dream interpreter, spirit medium, spiritual guru and master artist like Leonardo Da Vinci, is this Nessus. In love, he is detached, free from bondage and a nomad moving from place to place discovering the secrets of cosmos. He is intuitive, magician, mystic and tuned to the spirit world. He will need plenty of space.

Nessus in 1st house

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the

direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink,

Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Dziewanna

(vamzzz.com:) The bulk of Dziewannas' influence centers around: Life/death issues (also on emotional level), fate, fatalistic tensions, emotional cold shower, confronting, being condemned or harshly judged, the dictatorship of the conservative majority, social deformations, wounded or repressed female identity expressing itself deformed or misplaced due to circumstances, feeling intrinsically cursed, fighting against people with no contextual or connotative intelligence, extreme or "herculean" infighting at all costs, being forced to produce something outstanding original by means of survival, which turns out to be unsatisfying after all, suicidal thoughts, feeling crushed, cancer caused by the suffocating harshness of others or untouchable systems, cancer returning after healing, destroying something delicate and good, highest degree of difficulty, chthonian forces, agricultural rituals and traditions, witchcraft (good or bad), winter turning into spring or spring turning into winter, misuse of sex to channel emotional wounds, sexual contact with earth, spring and nature, not getting noticed or understood, destruction of

something which took decades to build or harvesting nothing but sadness when one should feel proud, satisfied or victorious after much painstaking work and sacrifice, getting pissed on by the crowd for doing good, the constant threat of getting isolated as a chronic source of stress, hypersensitivity as a curse with erotic or sexual expression as a cure or relief, painfully taking one's responsibility, the awareness that power isolates, makes cold and thus is the universal human booby trap and in a paradox the cure for not getting harassed by others, (sexual) skeletons in the closet.

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnismans.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you

wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Zhulong

Threatening chaos, breathing fire, external behaviors through internal emotions.

(markandrewholmes.com:) The harsh truth, self-deceit, brainwashing, refusing to acknowledge inconvenient or unpleasant truths, having the courage to act on these truths. It is described in classic Chinese literature as shining a torch over "the ninefold darkness."

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[3] Both north (Borealis) and south (Australis) stars influence the effects and perhaps

double the power of the Sun and Mars in one's astrology chart. The stars are a positive power in conjunction with an Ascendant, Midheaven or Stellar bodies of Sun and Mars.

The fixed stars known as the North and South Asellus are two stars that are read together as a team to reach a conclusion. This stormy stellar double-header releases powerful psychic energy, which if harnessed and projected calmly will guarantee success.

This is a great time for dealing with the public and influential people... and generally getting ahead with a little help from friends. Remember that positive thoughts and actions will reap positive results and positive rewards. This is a challenging aspect to have in one's astrology chart, but if well managed and enough self-awareness shown. The growth of the person will be tremendous. Shifting from a young soul to an old soul this lifetime around.

Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of dark experiences of low self-esteem and depression. Violence and anger seem to follow this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[4] Both these fixed stars correspond to the effects of Sun and Mars. They are therefore a positive influence if in conjunction Ascendant, Midheaven or stellar bodies of the same character, and especially if with Sun and Mars. These people have an aggressive nature, and will not take insults easily. They may, by their own lack of caution or by being dare-devils, put their life in danger, and will not hesitate to use brutal and violent means. The strong Mars influence, emanating from the Aselli, must not necessarily be thought of as a destructive element. If a person is able to sublimate the Mars energy, then extraordinary output of achievement is possible.
