Life Path Number: 7 = (2+6) + (0+9) + (1+9+0+7)

([659] numerologycalculator.online:)

The Intuitive

The Life Path 7 suggests that you entered this plane with a gift for investigation, analysis, and keen observation.

You are a thinker of the first order. You evaluate situations very quickly, and with amazing accuracy. As a result, you are thorough and complete in your work, the perfectionist who expects everyone else to meet a high standard of performance, too.

It's easy for you to detect deception and recognize insincere people, and you avoid them. You aren't one to have a wide circle of friends, but once you accept someone as a friend, it's for life.

You need a good deal of quiet time to be with your own inner thoughts and dreams. You dislike crowds, noise, distractions, and confusion.

You rely heavily on your experiences and your intuition, rather than accepting advice from someone.

In the most negative use of the 7 energies, you can become very pessimistic, lackadaisical, quarrelsome, and secretive. A Life Path 7 individual who is not living life

fully and gaining through experiences, is a hard person to live with because of a serious lack of consideration for others. This may be why some 7s actually prefer living alone.

Fortunately, the negative 7 is not the typical 7.

Expression (Destiny) Number: 6

([659] numerologycalculator.online:) The number 6 Destiny suggests that the direction of growth in your lifetime will be toward a greater sense of responsibility, love, and balance. Development in life must make you more helpful, conscientious, and capable of rectifying and balancing any sort of inharmonious situation. You must be a person very much inclined to give help and comfort to those in need. You have a natural penchant for working with the old, the young, the sick, or the underprivileged.

As the saying goes, charity begins at home, and the home is where you must be a special person. The qualities of the 6 make the finest and most concerned parent, and one who is often deeply involved in domestic activities.

Openness and honesty is apparent in your approach to all relationships, particularly close family relationship.

A happy home life is the goal of Destiny 6, and if you live up to the promises of this number, you will reap this reward most likely with some degree of luxury and grace.

Although you may have considerable creative and artistic talents, the chances are that you will devote yourself to an occupation that shows concern for the betterment of the home and of the community at large.

The destiny of the 6 is often a career in medicine, welfare work, education, dealing in the arts, furniture, decorating, landscaping, home construction, religious endeavors, or scientific fields.

The positive side of the number 6 suggests that you are very loving, friendly, and appreciative of others. You have a depth of understanding that produces much sympathetic, kindness, and generosity.

If there is an excess of the number 6 in your makeup, you may exhibit some of the negative traits associated with this number. This can include stubbornness, self-righteousness, or dominance. There may be a tendency for you to be too exacting and demanding of yourself, too.

In this regard, you may at times sacrifice yourself (or your loved ones) for the welfare of others. Many with the Destiny of the number 6 worry much too much. In some cases, the over zealous 6 has difficulty distinguishing helping from interfering.

Life Path - Expression Bridge Number: 1

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would

rather believe the viewpoint of others than your own choice. More often than not you think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

Heart's Desire (Soul Urge) Number: 3

([659] numerologycalculator.online:) People with the 3 for a heart's desire are natural entertainers and thrive on self-expression and sharing themselves with others. They are often writers, singers, actors etc.

You are the life of the party – happy, outgoing, and very personable. People find you inspiring and entertaining and your self-expression skills show themselves in your words. Some people hang on your words but you need to be careful not to over-use your words. You have the tendency to run off at the mouth quite a bit when you are nervous or experiencing an abundance of ego. Those words of yours would be best served in avenues like writing, acting and public speaking.

You are extremely creative so find an appropriate outlet for your creativity. Those abilities will need to be reined in if you are going to make best use of them. Without focus, you have a tendency to become disorganized and that could leave some of your talents severely under-utilized.

Personality Number: 3

([659] numerologycalculator.online:) Naturally lucky.

Creative and articulate, three people are seen as interesting and great story tellers.

Three people seem to have a knack for finding opportunities and can always see a silver lining in the clouds. People see them as creative thinkers who sometimes get carried away or may be prone to a bit of exaggeration to highlight their point.

People with 3 of Personality Number radiate enthusiasm, good cheer and warmth, and people who surround them often cannot resist it.

In social situations they are in the center of attention and play role of those who make parties really fun.

A Number 3 person is lively, gregarious, charming and entertaining conversationalist, who immensely enjoys people and always ready to have a good time as he/she thrives on own conviviality.

Heart's Desire - Personality Bridge Number: 0

([660] numerology.center:) This number brings you luck. You have a wondering ability to make people feel calm, happy and comfortable near you. They like to spend time with you and look for your company. You are a responsible person and you understand that success depends on your efforts. But sometimes it is impossible to control everything. Just accept it and don't give up. You have a tendency to be nervous if your plan is not fulfilled. If something goes wrong, you don't have to worry too much. With time, everything will come to be in its place.

Quiescent Self Number: 3

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 3 are likely to see themselves as being popular, especially in relation to creativity and artistic pursuits, and being in position to inspire others with their perpetual optimism.

The energy represented by the number 3 resonates with creative self-expression. Also social interaction and optimism. And tolerance. It is an inspiring energy.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of being successful in one or more artistic fields — designing, decorating, painting, acting, singing, sculpting, ... — and being socially inviting.

Their thoughts and contemplations lean toward spreading cheer wherever they go, as it comes natural to them, and seeding happiness with their optimistic inspiration.

Maturity Number: $4 = 7 + 6 = \text{LPN} + \text{E(D)N}$

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with limitation. You're being called upon to work diligently to reach practical goals, develop systems and processes that help you reach your goals, and to leave something of lasting value in the world.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to limitation and restriction to center stage. Situations will arise highlighting your sense of adopting optimistic step-by-step processes to get where you want to be, understanding where you get in your own way by being rigid and dogmatic, and to understand the difference between managing and micromanaging.

What that might look like:

- Experiencing events that require that you examine the ways in which are overly responsible or irresponsible.
- Evaluation of self-defeating behaviors based in feelings of restriction and limitation.
- Examining the ways in which you have either been unable to commit to work or home life – which has led to undesirable outcomes – or the ways in which you have been a martyr to work that has felt unsatisfying to you.

Karmic Lesson Number: 2

([664] worldnumerology.com:) Your 2 Karmic Lesson advises you to be diplomatic and tactful, to stay in the background at times, to accomplish something without the need for praise and reward. Learn to be part of a team.

Strive to be more sensitive to the needs and feelings of others. You will regularly find yourself in situations where the only road to success is through patience and attention, requiring you to work cooperatively with others. Working through this life lesson will bring you closer to others, which is its own reward.

The effect of this Karmic Lesson is diminished if you have at least one 2 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important

matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

Karmic Lesson Number: 9

([664] worldnumerology.com:) The 9 Karmic Lesson reflects the need for compassion and tolerance – to identify with the trials of others, including those outside of your personal relationships.

Look beyond your day-to-day life. Practice broadening your view of life and your connection to the world. Consider the needs of people far from you as being a part of your own.

The challenges of the 9 Karmic Lesson will create circumstances that ask you to sacrifice personal gain for the good of a project or larger goal. You have the ability to impact the wellbeing of others, but may not know where to start. You may be reluctant to commit time (or money) to a social issue you don't fully understand or, seemingly, doesn't affect you. This lesson asks you to make that effort. It is the road to true happiness for you, as well as those you touch.

The effects of this Karmic Lesson are diminished if you have at least one 9 among your core numbers (Life Path, Birthday, Expression, Hearts Desire, or Personality Number).

First Pinnacle Cycle: 8

(Month + Day) - from age 0 to 29 (based on LPN) - ([665] feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you

to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 1 Number 8: First Pinnacle: If yours is an 8 First Pinnacle, chances are that you may become involved and interested in business or commercial activity at a very young age. You may be the kid who mows lawns and starts his own business or perhaps you tap into a more aggressive 8 energy and find another money making endeavor that surprises the adults around you. Your focus and dedication to your entrepreneurial enterprise is unyielding. Yet you most likely will face limitations and restrictions, which you'll find these frustrating or just downright debilitating. You excel at practical thinking. You'll be tested severely from an early age in the realms of personal power.

Second Pinnacle Cycle: 7

(Year + Day) - from age 30 to 38 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills.

You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 2 Number 7: Second or Third Pinnacle: If you experience this vibration in your Second or Third Pinnacle, you'll be offered an opportunity to refine and specialize your skills down to a fine art if you so choose. Unless you're directly involved with some sort of research, spiritual, or philosophical endeavors, progress during this Pinnacle can feel painfully slow. The benefits to your 7 Pinnacle won't be seen in your material or financial realm as much as in your spiritual life and internal realm.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

Third Pinnacle Cycle: 6

(1st Pinnacle + 2nd Pinnacle) - from age 39 to 47 (based on LPN) - ([665]
feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six

energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the “love and marriage” stage with intense focus on babies and the home. It can also be the “marriage and divorce” stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 3 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Fourth Pinnacle Cycle: 8

(Month + Year) - from age 48 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 8: Fourth Pinnacle: With an Fourth Pinnacle, you're not geared toward quiet retirement. The development and culmination of status, wealth, and power can define this period—given that you act on both business principles and spiritual principles. This is your time to give back in substantial ways by using your gifts of money, power, and influence to help others. Thinking with the power of abundance and of giving back will support you in establishing a great and lasting legacy.

First Period Cycle: 9

(Month) from age 0 to 29 (based on LPN)

([666] worldnumerology.com:) This is a period in which a broad view of humanity and a

sincere concern for the well being of others will be developed. Tolerance, acceptance, and universal love are the goals of this 9 Cycle, and while such perfection will not be fully achieved, the person under this influence will grow toward these ideals.

Humanitarian principles and social service are the keys to personal happiness.

All work directed toward the improvement of the general welfare will bring great personal rewards, as well. Hard work directed toward higher ideals is rewarded.

Creative talent is also enhanced, especially when it is joined with some larger social purpose or message. There is an element of sacrifice or letting go, as one is asked to forgive past grievances and let go of negative attachments.

The person is being asked to live according to a higher ethical standard, with much spiritual and personal enrichment as his reward.

Second Period Cycle: 8

(Day) from age 30 to 56 (based on LPN)

([666] worldnumerology.com:) The 8 Period Cycle usually bodes well for work, career, and financial reward. This is a time when power falls to you, but must be used wisely and with purpose. You likely find yourself in a position of authority and leadership.

Vision and a willingness to take risks are necessary to advance your career or business. However, there is a danger of being duped by get-rich-quick schemes.

With balance as its most essential quality, the statement "You reap what you sow" applies to the 8 more than to any other number. With effort and diligence, financial reward is almost guaranteed.

However, if cutting corners or opportunism is the driving force behind your professional life, financial ruin could just as likely be the result.

The 8 is rarely neutral regarding punishment or reward.

Third Period Cycle: 8

(Year) from age 57 (based on LPN)

([666] worldnumerology.com:) As you approach the time of life when most people prefer to slow down, you continue to see opportunities and are excited about their potential. Retiring is not likely under this Period Cycle.

There is promise in the air, financially as well as in personal relationships. You gain respect and admiration, and others look to you for guidance and support. Your personal power and authority increase but you use them with consideration for others.

You possess enhanced abilities as a manager, organizer, or financial planner. Your ability to see the broad picture and execute bold plans grows with age. However, this period can be somewhat of a roller-coaster ride with a possibly of unexpected losses - the lesson of detachment is also the domain of the 8.

Your key to success lies in understanding the limits of material wealth.

First Challenge Number: 1

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Second Challenge Number: 0

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given “a free pass,” so to speak. You're being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It's suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There's great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

Fourth Challenge Number: 1

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 5 (26 + 09) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 5 brings the inclination to express a personal sense of freedom.

This year, it is likely to be easier to get out of established habits and patterns of behavior than in most previous years, with a tendency to do so. It's a year of changes because there's a tendency to be interested in new things and to follow whim. The changes experienced this year can be thrilling and inspiring.

New opportunities and new conditions tend to manifest in response to the year's broader fields of interest and activity.

There tends to be an inner push to go do something, anything, so long as it's a new experience and an expression of the sense of personal freedom.

Personal Year Number (for 2023): 6 (26) + (09) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 6 brings additional attention to domestic affairs and family-related responsibilities. It is a year of home, harmony, beliefs, and responsibility.

It also tends to be a duty year, so to speak — being needed in many directions and people making more demands. It is also a year when maintaining harmony in the home tends to matter more. And being neighborly.

There are likely to be enhanced feelings of goodwill.

There tends to be more responsibility, love, self-sacrifice, protection of family members,

sympathy, and compassion. And beauty.

(feliciabender.com:) It's time to regroup, nurture and be nurtured. This is also a year where your personal magnetism is at a peak. Big opportunities await you this year both in your career and your intimate life. It's a good year to get married or engaged if you have been hovering around that decision. It's also a year where you may seek a divorce, a break-up, or other relationship splits. This year is all about evaluating the relationships in your life.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): N

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person gravitates toward an approach to life with originality, creativity, and a genuine enjoyment of living — and an honest thrill when interacting with others.

([671] spiritwalk.org:) You are a creative person, a little bit out of this world. You like things having their place and order. It is important for you to systematize your life a little bit, maybe in a form of diary, or summing up your day when you are about to fall asleep.

([672] numerologist.com:) Cornerstone: You are intuitive, creative and love to brainstorm. However you rarely find the money or resources to build something that is great in life.

([673] numerologyzen.com:) Letter N. N has a sense of adventure, a great ability to adapt and a rapid reasoning. N zigzags, [his,her] temperament is quite elusive. N expresses movement and energy. One passes quickly from the mental to the physical level by the intermediary of this diagonal which links the two great pillars. One feels that this letter contains a lot of dynamism and psychic intensity which makes N attractive and magnetic. It is a very versatile letter. N makes [his,her] experiences a daily thing, all being, according to [him,her], good to live and to try. Stability isn't fundamentally [his,her] strong point and N can live periods of hesitation, worry and even guilt. N needs variety, sometimes excitement, and [he,she] can adapt like a chameleon. [His,Her] closeness isn't a sign of calm or tranquility. N is a mentally demanding letter and [his,her] faculties of analyzing situations and people are good. N relativizes, knows how to juggle with words and is interested in a lot of subjects. N establishes [his,her] criteria of life in an

absolutely personal way but can change these frequently and without warning. Others sometimes have difficulty in adapting to [him,her], but one mustn't hold it against [him,her], it is the price for [his,her] eclecticism. However, too much flightiness could lead others to think that N is a butterfly flying from flower to flower and taking only what is of interest.

N knows exactly how to put [him,her]self forward, to sell and to sell [him,her]self. [He,She] knows how to argue, to convince without ever being short of replies. All situations which put [him,her] in contact with the public suit N perfectly. However, although open to discussion, N often stays on guard and never lets [him,her]self go completely. N will have to be careful of [his,her] fickleness, which can lead [him,her] to live unstable situation and sudden changes, which are not necessarily positive.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): E

([676] ezinearticles.com:) This letter indicates that restlessness and impatience could become obsessive behaviors for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): W

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "W" tends to be versatile both while pursuing and when completing a task. How they are completed depends on the perceived need of the moment.

([671] spiritwalk.org:) You are very sound and reasonable. People like you always have a plan and a backup plan. You are very active and involved in different projects and organizations, so you don't have lots of time. You are charming and sociable with great gift of persuasion. Also, you are very interesting to talk to, as your ideas are bright and not trivial.

([672] numerologist.com:) Capstone: Sometimes you don't make your goals because you take too many shortcuts. However you almost always make your goals as long as you are not too cheap and reward others for their contributions.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

1 on the Physical Plane

The habit to live with your own mind and ignore others' attempts to influence the situation is present in everything you do. Perseverance, courage, determination, and commitment help you achieve the set goal, be it in business or in any other sphere of

life. Your hidden power is in your charm and wit.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

6 on the Mental Plane

You are chosen as a companion by those who go on a reconnaissance mission. You are a perfect friend: reliable, responsible, and committed. You have excellent prospects to become the deputy head of the company who really is, in fact, the mainstay of everything, be it director of studies, first mate of the Captain, Vice President. The fact that you are not indifferent to beauty and harmony is only a benefit.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

8 on the Emotional Plane

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a “power unit”, regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1

"Selfish" - you have a desire to make decisions and assume responsibility, but this desire is hidden somewhere deep in your soul and works only for your own precious self. It's not easy for you to influence and control people. And sometimes it makes you behave like a resentful person. Therefore, the best way is to fulfill someone's will or the law. You have strong skills in diplomacy and able to bypass conflicts. Also you like to argue for the sake of arguing.

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Cognitive, creative — 333

"An Impulsive Scientist and Creator" - you have serious prospects to master any exact science, technique, algorithm or knowledge system, to make a name for yourself in any creative spheres. In addition to this, you are a dreamer and an experimenter - it makes you different from "33" and "3". But remember: you have too wide area of thought, sometimes along with a sick imagination and the inability to concentrate on something that requires to study hard. Your abilities can appear spontaneously and not always at the right moment.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — 77

"The Lucky one" - if you are one of "those who help themselves", then fate will help you

to be at the right time and place. And sometimes it literally saves from making a mistake and bad decisions. But it happens that after a series of successes people with 77 become too self-assured, believing that they will always be lucky without any efforts. Famous last words! Fortune loves to put swellhead's nose out of joint.

Duty — empty

"Owe nothing to anyone" - public or other duties are usually not familiar to this person. He or she can not be called a complete egoist, but all their goals are directed primarily at themselves. In their dreams, they strive for "freedom" and "independence", for which read absence of any kind of responsibility to anyone or anything.

Intellect, memory — 99

"Good intelligence" - a good head given to the heedless student. This person can be perfect at all exact sciences, but then gives it up after loss of interest. They remember everything quickly and for a long time. Success comes to this person if they work over something constantly, but not on and off.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 5

"Very high" - this self-assessment allows a person to realize the most daring ambitions. This person, even if overestimates themselves, tries to meet the requirements they set to themselves. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 4

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 4

"Confident" - the person sets ambitious goals, assesses the resources to achieve them and, as a rule, fulfills the plans. In fact, this person's potential is even higher, but too sky-high goals scare them away, though they could try to reach them.

Domestic bliss (Line «2-5-8») — 1

"Sluggish" - this person heard about the family, but will not be in a hurry to create it. They are the kind to wait for the proposal and almost never do it themselves, or do it at the insistence of relatives. Or when there is a risk of losing a partner.

Stability (Line «3-6-9») — 6

"Too many habits" - a person becomes a slave of their stability. They sometimes try to fight it, but mostly unsuccessfully, replacing useless habits and attachments with other ones. The person is extremely hard to budge

Spirituality (Diagonal «1-5-9») — 3

"Doubtful" - like most people, this person lives according to absolutely material values, but sometimes thinks about something spiritual.

Temperament (Diagonal «3-5-7») — 5

"Hot" - this person can't live without physical love and demands it, because intimacy is a part of their self-expression. At the same time to elicit their potential it is also important to have a hot partner. People with hot temperaments (5 and 6) often seem to be slightly cold, their fervor comes into full play only with a partner.

Empty and Full Arrows

from Astro-Seek [683]

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Jack of Hearts

([684] metasymbology.com.)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Hearts: Feelings - Relationships - Love
Water-Cups - Planets: Venus & Jupiter

The Neophyte in LOVE: All JACKs are youthful; next in line to the crown. They are neophytes (Greek for "newly planted") in the meaning of their suit. The HEART suit represents emotions and how we love. The Jack of Heart are emotional, dynamic, and willful!

The first two 13-year cycles of time are challenging for those born with Jack of Heart karma. The first 13-year cycle is fraught with sudden, unexpected frustrating experiences over which they have no control. The second 13-year cycle suggests disappointments and despair within the home, and they often suffer due to the poor health of the ones they love.

What doesn't kill you is supposed to make you stronger, and with the kindness of a sweet-hearted mother, sister, or other Venusian guiding influence, the Jack of Heart learns that sacrifice can lead to immeasurable blessings, and broadmindedness to understanding and compassion. Thus can the Jack of Heart climb to the ranks of greatness, bestowing their unique perspective upon the masses.

Many Jacks of Heart are not karmically ready to fulfill their high calling, at least not in this lifetime. Thus the Jack of Heart is also known as the emotional tyrant, willful, with a heavy case of martyr complex!

For the most part, however, Jack of Heart natives are kind and friendly. They feel strongly about protecting loved ones, and don't want to be a problem for anyone. Of interest, the Jack of Heart is placed at the very center of the spreads, the lines of which form a cross. This is one of the reasons it's called the "Christ Card." It is also symbolic of Pisces.

(Note:) You don't have a First or Second Karma Card because your card belongs to the fixed card category.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Karma for the Nine of Club - Transcending Negativity

Air-Swords - Planets: Venus & Saturn

All NINE's need to transcend the intense challenges of their suit. The CLUB suit symbolizes the mind, and how we think. Thus the 9 of Club have difficulty letting go of

negative thinking habits, and can suffer from mental laziness or procrastination. As a rule, these people are warm and friendly with a keen sense of obligation. They like to keep promises and pay their debts. Those who succumb to mental lethargy or negativity feel powerless to realize their true potential.

The 9 of Club is known as the "Adventurer's Card". They like to gamble and are always willing to take a chance. They are intensely curious and when they apply their adventurous spirit to the field of knowledge, they are capable of making profound discoveries that benefit others on a universal scale.

Venus Card: Nine of Spades (metasymbology.com:)

Spades: Wisdom - Labor - Acceptance

Nine of Spade Meaning: Spiritual Awareness

Karma for the 9 of Spade: Service

Earth-Pentacles - Planets: Venus & Uranus

Sensitive, idealist, unconventional - none of the 9 of Spades are undeveloped or unaware, and it's that very awareness that either disturbs them or inspires them.

KARMIC CHALLENGE for the Nine of Spade: Hypersensitivity and Impersonality

Nine of Spade need to find positive philosophical or spiritual ideals to help them cope with their intense inner-emotional conflicts, as they prone to psychosomatic illnesses. All 9 of Spades have tremendous personal magnetism, and they have a strong paternal nature toward those they love.

Capable of managing large businesses, 9 of Spade are at their best when sitting in the drivers seat. When it comes to finding love, they are flirtatious and tend to lose interest quickly. Friendships are extremely important to them, and they enjoy learning and sharing their knowledge with others.

The Nine of Spades are often brought into contact with a wise and kindly man - a mentor who sets them back on their feet and instills in them the self-confidence that should never be lacking. These are truly gifted people with much to offer. If only they are made to realize it!

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Two of Hearts (metasymbology.com:)

Hearts: Emotions - Love - Family

Two of Heart Meaning: Faith in Love

Karma for the 2 of Hearts - Fear of Financial Security

Water-Cups - Planets: Venus & Neptune

All TWO's represent an element of fear, based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus the 2 of Heart tend to run from the very thing they need the most: emotional commitment.

KARMIC CHALLENGE for the Two of Heart: Cooperating with Loved Ones.

It is true, the meaning of the Two of Heart heralds the "union of love." But those born on a 2 of Heart Day are some of the least lovable types! Perhaps in spite of their obsessive need for an intimate relationship, Two of Heart are willful brainiacs, preoccupied with financial security, with a preference for associating with people of influence.

The essential nature of the 2 of Heart is to protect those whom they love and share the responsibilities of family and friends. They have brilliant minds, a firm command over their financial affairs, and rock solid work ethics. All Two of Heart strive for peace and will do whatever it takes to achieve it!

The Soul Card for the 2 of Heart is the ever curious Ace of Club. Hence an inherent conflict between their compelling need for emotional security (the 2♥), and their insatiable "need to know" (A♣)!

After age 91 the cycles repeats.

Cosmic Lesson Card: Eight of Clubs

(metasymbology.com:)

CLUBS: Mind - Comprehension - Process

EIGHT: Management - Control

CHALLENGE: Understanding

Air-Swords - Planets: Mars & Neptune

CLUB: The Club personality is interested in brainpower. The spirit of the Club is confined to mental processes. Its purpose is to determine, organize, and regulate. It is the element of air; invisible thought-things that manipulate our visible our world.

EIGHT: The value of eight is control. The personality of the eight attracts experiences that give them opportunities to manage and control.

JOURNEY OF THE SOUL: The Eight of Club personality is designed to help the Soul understand the power of mind. It is the conscious and the subconscious mind. The Soul Card for the Eight of Club is the same: the 8 of Club. The journey of the soul is to reconcile the relationship between the conscious and subconscious mind.

Eight of Club personalities are provided with so many fortunate opportunities in life, they are rarely compelled to explore the deeper (or higher!) meaning of life. The evolution of suffering does not apply to the Eight of Club. Nor should it. They have come to understand the functioning of the mind, not heart.

Eight of Club people are like the cats who always land on their feet. Protection surrounds them in all departments of life. All of their cards are in the Jupiter Line: Jupiter is the Giver of Gifts. It is this very blessing that trips them up.

The 8 of Club are resolute in their opinions and beliefs. They can appear unsympathetic toward the misfortunes of others. Not that they don't care—they do—they just prefer to

allocate their energy toward finding practical solutions.

Most Eight of Club project a strong, can-do attitude and prefer intimate relationships with productive people who have something to bring to the table. They choose platonic relationships over marriage. And if they marry, their independence must remain intact.

Cosmic Reward Card: Jack of Spades (metasymbology.com:)

Spades: Wisdom - Labor - Acceptance

Jack of Spades - A Neophyte in Wisdom

Karma for the Jack of Spades - Right Choice of Objectives

Earth-Pentacles - Planets: Mars & Uranus

All Jacks are Neophytes, learning and experimenting with the esoteric meaning of their suit. The Spade Suit symbolizes the balance between wisdom and hard- work; spirituality and the physical world. The royal Jack of Spade is well positioned for success, but it is this very blessing that often leads to their demise.

KARMIC CHALLENGE for the Jack of Spade: Arrogance and Manipulation

The positive Jack of Spade have equipped themselves with education and training. They work for the love of their art or their job, not just the pay check, and they strive to give their best to the task at hand.

The negatives among these people destroy the inherent protection that surrounds them through irresponsibility and cunning. Indeed - the Jack of Spade is sometimes known as the con man of the deck. Should this be the unfortunate turn of the Card, Jacks of Spade are subject to scandal, disgrace, and misinterpretation of their motives on a very big scale. (think: Mel Gibson)

All Jack of Spade should want to take advantage of the wonderful opportunities provided by the sequence of their cards, for theirs is one of the most fortunate of all. And like all Jacks, they are charismatic, talented and youthful.

Cosmic Moon Card: Six of Diamonds (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Diamonds: Values - Security - Dharma

Six of Diamond Meaning: Completion of Obligations

Karma for the 6 of Diamond - True Worth

Fire-Wands - Planets: Mercury & Jupiter

Six of Diamond represent the need for understanding values. A very successful and satisfactory life can be built for these people when money is not made the sole objective. The acquisition of knowledge is not easy for the Six of Diamonds; there are obstacles and frustrations for them. There may be difficulty in acquiring an education in early life -- or there may be unwillingness to bother with it on their own part. Money, however, is vital to the people born under this card. Often times they want to begin earning it even before

they know where, or how! The women of this Card should strive not to depend on their personalities for success, and the men not seek a wealthy marriage to promote their own objectives.

For both men and woman Six of Diamond, finances tend to go to extremes, and will remain in one state for a long time -- either way up, or way down.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Reflective (7) Ik

North (White) glyph: Support / Comfort

Day Sign: Wind

/ Ik (Yucatan) / Iq (Kiche)

Ik types are communicative, mental, agile, clever, and multifaceted. They have a tendency to do many things, to be a "jack of all trades but master of none."

They tend to be idealistic and romantic, fashion-conscious or artistic, and somewhat non-committal or indecisive. They seem to have problems with issues of responsibility,

obligation, and commitment, these being their greatest challenges.

Ik types are thinking constantly, and this characteristic intrudes upon their awareness of the intense emotional realities within and around them.

To others, they seem very much alive and alert. To themselves, they feel confused and uncertain as to the specific information on which they should act.

Learning, speaking, reading, and other forms of mental communication appeal to them.

Note a few Ik have tried their hand at writing in one form or another.

A conversation with one born on this day-sign is always interesting and stimulating.

However, breadth, not depth, is their forte.

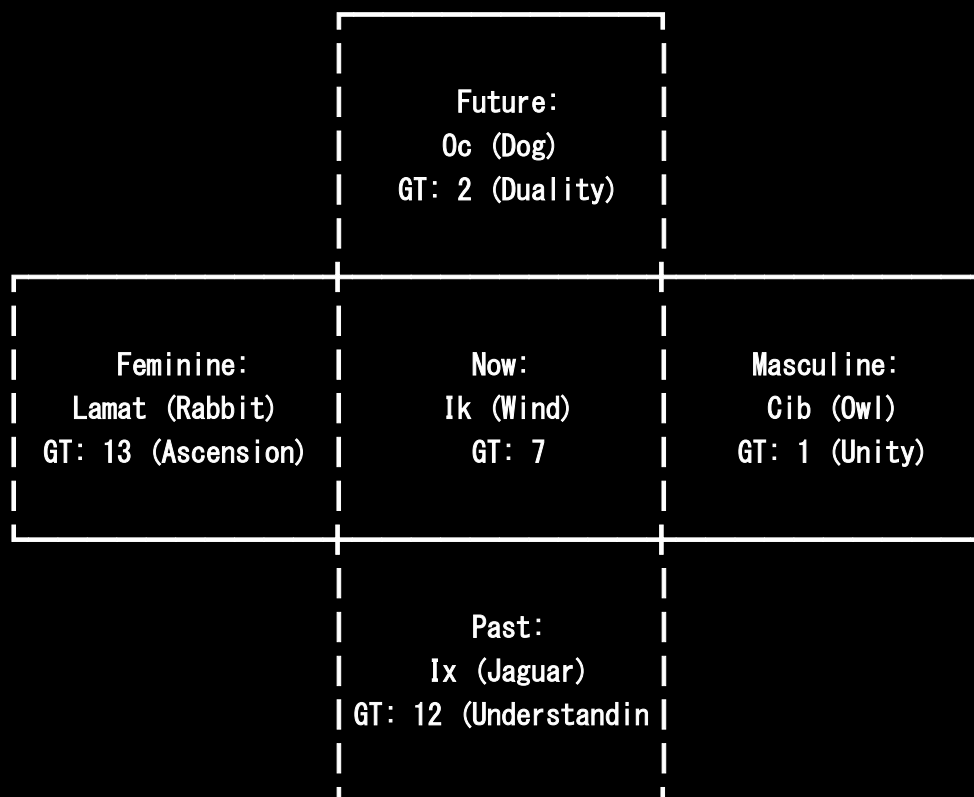

Ik types are clever and very intelligent when it comes to learning. They enjoy playing many roles in life but do not seek out leadership positions, in fact, service seems to come more easily to them.

Challenge:

To deal with fears about responsibility and obligations, to accept commitments; to learn to be decisive.

Solution:

To seek education; to gain mastery of language and verbal expression.

Four Directions

Ik is symbolic of the vital spirit that gives life to and animates us all, but too much vital spirit may lead to excessive arrogance or pride. This takes place when an individual sees oneself, which, in this case, simply means one's ego, as the source of all the power

and inspiration that flows through oneself in such great abundance.

Perceiving all power and vitality as vested in ego, misuse of that creativity and power is all too likely. This is why the Day-keepers associate this birth-sign with dictators and military despots of the standard Latin American variety.

Those born on the day of Ik must always recognise that the "divine breath" or vital spirit that fills them with so much energy is not their individual ego. Rather, it is their connection to the source of all life. If they can remember this fact, they can become capable of an almost infinite power to make things happen in the world, for they have an abundance of energy at their disposal.

They can use the deep, underground wisdom of Ix, their past sign, to stay awake and aware of their debt to the spiritual world. To accomplish all of this, they will have to learn to control their anger more than anything else.

Ik people tend to blow like human hurricanes; they can really bring down the house.

Traditional Day-keepers often tell parents to punish their angry Ik children not with blows, but with applications of the xibirib plant, which is so gentle that its leaves fold up and withdraw whenever anything brushes against them; thus the soft nature of the plant becomes part of the wild, raging Ik individual.

Fortunately, the right hand and left hand powers of Ik natives are both quiet, relatively gentle signs. Cib is good-natured (though sometimes lazy), while Lamat is sensual and in love with the good things of this world. Ik people can draw upon both these powers in order to help themselves become more appreciative of all that is quiet, loving and kind. Their future sign is Oc, and in this symbol we can see the dual possibilities that lie ahead of Ik natives. If they follow their innate tendency to be one of life's warriors, using all their energy and power to seek what makes the "little you", of the ego happy (at least for the moment), then they may well wind up embodying the worst qualities of the day sign Oc, which is pretty bad indeed, indicative of a life of sensual dissipation and quarrelling.

But Oc, much like Cib and Lamat, is also a sign that can learn to take wise and tranquil joy in the ordinary beauties and rewards of daily life, seeing the inner spiritual light that shines through all our ordinary pursuits. If Ik people can learn to control their inner hurricane, they too can come to blow like a gentle breeze on a warm summer's day in the glory of a life well lived.

The Tone 7, which is right in the middle of the thirteen tones, creates a bridge between the spiritual world; similar to the top of the pyramid that extends to the sky. You are involved in spiritual matters since birth. Intuition and ability to receive guidance through dreams are your strong aspects. The 7 energy is a mirror that divides the light and darkness. It also is a door that opens to dreams, mysteries and the unknown.

Trecena Sign: Owl

/ Wisdom / Vulture / Cib (Yucatan) / Ajmaq (Kiche)

Beneath the 1-Cib surface personality is a person of strong will, not easily convinced by others.

Such people have high standards and tend to hold themselves "above-it-all" and beyond criticism.

They have a deep fear of rejection and are often troubled with guilt.

Both of these proclivities have a strong effect on the 1-Cib person's sense of self-worth.

Although most 1-Cib people are quite talented or at least knowledgeable as a result have much to offer to the world in some cases, they feel overshadowed in life by others.

Night Lord: 1

This powerful lord rules the Centre. Persons born under it tend to be direct, assertive, and even combative toward others. As a result of this intensity, they tend to experience strong, forceful events in their lives.

They are often driven by very basic or primal needs. Leadership is one of their greatest challenges; they must learn to utilise leadership skills. G1 people can quickly move to the centre of things, but once there, they are not sure that others will follow them. If they don't learn to be more sensitive to how others perceive them and develop an understanding of social norms, they will lose followers.

G1 types want to be where the action is and their contribution of energy and enthusiasm is usually vital to the groups in which they participate.

Father-related issues often play into a G1's leadership dysfunction. Having a distant or abusive father sometimes results in inadequate training for leadership. Sometimes even a good paternal relationship can cause stress for a G1, who then tries to reach real or perceived high standards. In either case, an understanding of the father is probably very important to a G1's self understanding.

The dark side displayed by these people has to do with uncontrollable urges to put oneself first.

I'm personally theorizing that these night lords are simply the same energies as the 9

*main objects (separate from the Sun) conjunct the Sun.
This one would be Mars conjunct the Sun.*

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Meaning of the Hazel Tree

Hazel trees are actually inconspicuous shrubs that have so much good and useful hidden inside them. So do people born under their rule.

Characteristics and Personality

They are quiet, discreet, they never draw attention on them, they do not raise their voice and very often you do not notice when they are around. Nevertheless, the saying "Still waters run deep" describes them well. Hazel people are usually very intelligent, they have great memory, good intuition and the ability to learn quickly. They come across as plain but potent people. Exactly this type of people used to be considered a saint or blamed for witchcraft a few centuries ago.

Hazel people usually achieve their goals easily because they are able to take advantage of all their abilities. In relation to others, they tend to be friendly, helpful and easy-going. They can be very patient, understanding and selfless, and they are very generous to their friends. They always start everything with love and goodness because they believe that is the easiest way to achieve things. However, everything can change when they become disappointed in their relationships; then they can harden up and stop trusting. Despite all of their talents they can be moody and unbalanced. Thanks to their foresight and high intelligence they often come up with unusual ideas and solutions that they have thought through to the smallest details.

Although Hazel people tend to be successful in life, they do not like to be spoiled by luxury. They are perfectly adaptable and even little things can make them happy. Fluctuations in their mood are seldom caused by external conditions. So there are moments in their lives when it is better to get out of their way. The same is true about their love life; most of the time they are loving partners, but sometimes they become very grumpy. Still, life with Hazel people is interesting and pleasant, albeit full of change. They are usually reliable and faithful partners in marriage.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

When they want to convince others of something, they are subtle and definitely not the

most direct individuals. That's why they could have great success in business and when they're trying to charm people with their softness.

Because they're elegant and have good taste, they would do a great job as artists. Demanding with themselves, they will usually have the power and scare others when they're using it.

What can make them nervous is their own imagination. Many of these natives are terrified of the unknown and can imagine things that aren't real. That's why they need to have an active social life.

Some of their problems and ambitions may not even be real or achievable. However, what they will want is to always stand out from the crowd. That's why they are so dramatic and looking to improve their image.

What makes them tick is the attention of others. They want to be accepted for whom they are. This will make them have a good relationship with the world and succeed.

Their Moon in Pisces suggests that they need to sometimes let go if they want to find peace. They are loners who need to contemplate and to meditate.

Leo Sun Pisces Moons feel there's no one better to understand them than themselves. And this is what makes them sensitive. Their intuition will help them see things that

others can't.

When it comes to their friends, they will be very selective. These natives can't hook up with anyone who doesn't understand they can sometimes be indifferent and forget about their close ones.

Pisces Moon natives are very sensitive and gentle. Their intuition can lead them to understand many subtleties.

If they are to make it in this world, they need to retreat in their imagination land and escape the harsh reality. If you want to impress them, give them some flowers or plan a vacation for you two.

Leo Sun and Pisces Moon man

The Leo Sun Pisces Moon man is delicate and easy to impress. He usually sees the best in people and doesn't take any trips to the dark side. But the harsh reality can make him feel a little self-destructive.

He's the happiest when he creates something for the humanity. This guy simply loves being constructive with his ideas and imagination. And he often comes up with clever concepts that can help and inspire others.

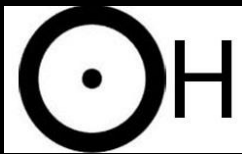

It's possible the Leo Sun Pisces Moon man will fantasize often and not see the world as it actually is. Another thing that he does is imitating the people that he cherishes the most. It's possible he will try to lie and deceive just to get what he wants.

When it comes to routine and everyday activities, he's not at all of any good. He would rather read a book and live in that fictional world. Noble at heart, he can sometimes use his persuasion to improve his image.

Those who agree with him will get to see how generous he can be. But those who contradict him will be kept to a distance. This Leo struggles to get the power and to gain a good reputation.

People can't mess with him. He will continue to do what he's doing until he will have the respect of others. In order to make people believe he's the best, he will be honorable and fully responsible.

Respecting a schedule made by others is something they simply can't deal with because it's their own discipline that has them working efficiently.

When admired and appreciated for the work they've done, they're the happiest. However, natives with the Sun in the 6th house should pay attention not to identify themselves only through what others think of their efforts.

It's very easy for them to get sick with stress-related diseases when not appreciated enough for their efforts.

Motivation is expected from within themselves, not from other's appreciation of their work. The Sun's presence in the 6th house of health and service makes natives with this placement aware of themselves only through work.

It's essential for them to know that at the end of the day their efforts have influenced others' lives and made them better.

These people might occupy important positions of authority and even create things with their own two hands, even if they can sometimes just be submissive and not fight for what they want when it comes to their career.

As bosses, they're asking a lot from their employees because their standards are very high.

When themselves the employees, they're hard on themselves and insist to get things done right as they think this is the only way they're allowed to enjoy certain privileges and even to gain some rights in the workplace.

No matter if at home or at the workplace, they really can organize and are constantly looking for perfection because this is the way they are.

Their ego is truly satisfied when respecting a daily healthy routine and doing a job at which they're the best.

However, all this becoming an obsession is a great danger for them, so not looking to self-improve all the time would be a great idea for some relaxation in their life.

Being imperfect and having some weaknesses from both a physical and a psychological point of view is normal for everyone.

Sun in 6th house individuals will always look to become very skilled at something that has them doing good for the society. Being concerned about their wellbeing is normal for them as they're all the time focusing to become more refined and to self-improve.

That's why they're often analyzing themselves and looking at their own personality in a criticizing way. They're the most worried and self-aware people in the zodiac.

Wanting perfection all the time, these natives can overlook some great opportunities and do only what they think works flawlessly.

While most of their concerns are imaginary, there are also moments when they're seeing things as they actually are, so avoiding taking on leadership roles or becoming very independent is normal for them considering they wouldn't want to be in charge of situations that don't seem to have any hope for perfection.

They love routine and have their own habits that rule their everyday life. It's important not to become obsessive with these behaviors because others may not find their style interesting and in any way appealing.

However, if there is for them to organize themselves for work, they can become the most effective at doing it. Some flexibility is absolutely necessary as the same habits every day can have them isolated and limited.

It's good they're pragmatic and can solve problems in the most practical way, but a little bit of creativity wouldn't spoil anything in their life.

Their schedule is sometimes too restrictive, not leaving any space for the works of the imagination. Change is often welcomed and can bring a lot of satisfaction because it always makes things more fun.

Having things happening the same all the time is of utmost importance for the natives with Sun in sixth house because it makes them very efficient.

Discipline can be coupled with a little bit of chaos because this would help them be more spiritual. It's true they're only focusing on maximum productivity and practicality, but their ways can be a little bit boring.

Life is influenced by many factors that keep coming and going, the Sun sign and its aspects being very important for all the people's levels of energy.

No one can make them give up their routine and behavior because these elements have their life running smoothly, offering them the security they so much need.

They're what makes them be themselves, so living without limits is not even in their vocabulary. It's easy for these natives to organize other people's lives as well, gladly doing it if allowed to.

The negatives

Sun in 6th house individuals are rather reserved and introverted creatures. The Sun's shining nature can be inhibited by their struggle to attain perfection, but at least they're supportive and always eager to be of service.

For this celestial body's energy to flow in them, they need to channel their focus towards expressing themselves more, even if they'd be doing it in their specific analytical way.

As bosses, they may be too pretentious and authoritative, causing their subordinates to not like them that much.

As employees, they want to be treated as equals by their superiors because they're always doing a great job and invest a lot of efforts into their work.

Having a highly sense of duty, they should pay attention not to allow themselves to become dominated at the workplace because the 6th house rules also over

subordination.

They could anytime open their own business because they're organized enough to have success as entrepreneurs.

Hard working and demanding with themselves, natives having Sun in 6th house want only perfection with what they're doing for a living, to be leaded by a father figure who is also demanding and at the same time understands and appreciates them.

When the situation at work is bad, they become disgusted and start to pursue the dream of having a business of their own.

Lonely sometimes, they're also very helpful and want to serve, which means they'd make great doctors, nurses, teachers or special education trainers.

Others who also want to be of help are their favorite people in the world. Because they need to feel appreciated and loved for all the valuable work they're doing, it's very possible for them to become physically or psychologically ill when things are not happening this way.

Insecure but stubborn to become perfect in any way, they reject doing anything that doesn't seem appropriate. It's normal for them to feel inadequate and useless, this being the reason why they don't have the courage to pursue a leadership position at work or to stand out from the crowd.

They can be servile and creepy, criticizing and mean because they feel like they're not important enough and that others are superior to them.

It's normal for them to sacrifice any pleasure they may have, for work and for proving how much they're worth. Very worried about anything, they can end up suffering from stress-related diseases or exhaustion due to too much working.

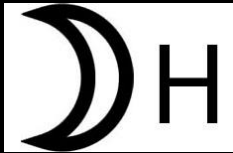

It's important to all the time let them know that perfection can't be attained as they can go crazy when seeing weakness and flaws in both themselves and others.

Very preoccupied with their image, you'll never see them with their hair undone or wearing sloppy clothes.

Moon ☾ in I 1st House

([872] i.thehoroscope.co)

People with the Moon in the 1st House are emotional and delicate, no matter how great their life is, they never forget about others and lend a helping hand whenever needed.

When positioned in the 1st House, the Moon makes people highly sensitive, very emotional and delicate. The natives are more honest about their feelings and usually live their life by going with the flow. This means they may have some problems with their relationships, especially when reacting over-emotionally to different situations and specific kinds of people.

It's just impossible for them to be less sensitive, so they need a partner to help them trust and feel secure to open up about what they may be feeling. Only with a trustworthy person will they be comfortable and happy enough.

It's very easy to hurt Moon in 1st House natives, because they get immediately offended when someone seems to just say something in a harsher manner. Counting only on their emotions, these natives don't judge too rationally most of the time, so their decisions may not be the most efficient ones.

Summary:

Strengths: Affectionate, caring and straightforward;

Challenges: Moving away from bias and negativity;

Advice: Do something that brings spiritual satisfaction.

The need to get noticed

Always having feelings about something or someone, people with the Moon in the first House are often rushed and emotional. Very nurturing characters, they want to take care of everyone and react based on their gut feeling, especially if the Moon is very close to their Ascendant.

These natives need to always have their emotions stimulated and to express themselves freely if they are to be truly happy.

Because they're moody, many people may not stand to have them around. Their sensitivity often has them taking everything personally and reacting in a very defensive mode to any commentary someone has made.

It's important for them to be more patient and to learn that other people's emotions are equally important as their own.

It's easy to impress them, and when they find something surprising, they react like they have never seen something similar ever before. You can count on them to always say what they're feeling because they find it impossible to keep their emotions hidden.

As the Moon occupies its place in the 1st House of their birth chart, they have quite the need to get noticed for their talents and can predict future events with the help of their amazing intuition.

As soon as they manage to keep their moods and impatience in control, they'll start achieving great things by intuitive means. Their sensitivity is not the most helpful thing for them because it tends to be quite extreme, especially when they're young.

It's difficult for them to mask what they are feeling because, like with the Capricorns or Scorpios, their emotions are written on their face.

Individuals with Moon in 1st House have a tendency to speak about what's going on in their head out loud, no matter how inadequate it may seem for them to do that in a conversation. They wouldn't mind if no one listened, and they would practically talk to themselves without being bothered.

Not the most objective people, they're at least very sympathetic and can feel other people's pain or happiness, especially when dealing with someone very close to them. As a matter of fact, they pretty much identify themselves through empathy.

Because they're trying to stay away from pain and suffering as much as possible, many will think of them as cold or indifferent, when in fact they would only try their best to protect themselves.

When it comes to the way they look, Moon in first House natives have pale skin, especially if their Ascendant is in a Water sign, dark hair and a round face. Their weight can fluctuate, so they need to watch their diet and exercising routines.

Changing their dressing style according to the fashion trends, these people are the ones who annoy others because they insist on copying their style.

When the Moon and Venus are connected, they can be simply obsessed with fashion. Very attached to their mother, they will copy her in many ways. Very affectionate with their other half, romantic and generous, individuals with Moon in 1st House love surprising their partner.

No matter how good their love life is, they still have moments of melancholy because they think of past events and how to avoid any negative emotions in the future.

Because they're impressionable, it's very easy to manipulate them. At least they have psychic abilities and can see if a situation is going to take the wrong turn or if people have bad intentions with them.

Giving, and caring, they live to make others feel good and love it when their loved ones want to spoil them.

Many will understand their feelings and moods because they simply can't hide them. Well-liked by people and enjoying their popularity, when their Moon is in Aries, Libra, Capricorn, Cancer, Virgo, Gemini, Sagittarius or Pisces, they are more shy and not that eager to receive attention from the public.

You can always count on them to be flexible and to not mind anything new coming into their life, but if their Moon is in Leo, Scorpio, Aquarius or Taurus, they tend to be more rigid and to not accept change.

Feeling like vulnerabilities are always on display

People with the Moon in the 1st House are very sensitive in their responses to different people and situations.

Their emotions and intuition are usually dominating their decisions, having them subjective and unconsciously projecting their moods that often change depending on others and the environment.

Most astrologers say that this specific position of the Moon means they're always easily impressed, reacting in a strong way to everything that's happening. But all in all, they're sympathetic, flexible and nice.

The Moon will surely lend them some of its features, so they'll always seem mysterious, enchanting and gentle. Very expressive, their temper and feelings are shown on their face, this being the main reason why they simply can't hide what's going on in their mind and heart.

Their changing moods and the way they make other people's problems their own are sure to keep them constantly busy. If they were restrained from being expressive and sensitive, they would become completely alienated and feel very empty because this reality would be something they can't accept or deal with.

The biggest challenge for them is being happy without having others depending on their care.

They will see everyone as a mirror of their own self and won't be able to distinguish reality from what's only in their mind anymore. And this can go on for years, just for in the end, a type of insanity to have them completely subjugated.

Moon in 1st House people may seem unrealistic to those who don't have a rich imagination. Many can also see them as eccentrics, but their closest friends will still like them for being good listeners.

Their memory is incredible, so expect them to know where you have been at a specific date, with whom and why you happened to be upset at that time.

They may feel like their vulnerabilities are always on display and that others are able to see how fragile they actually are. That's why they may act defensive and cling to those who at least give the impression they can protect them.

All astrologers say the Moon keeps memories and accentuates all the emotions. Women are even related to it from a biological point of view because they have cyclical happenings in their bodies.

For both genders, this celestial body is a great influencer over mood, psychology and behavior. Many people have strange experiences with the Moon's phases, some not even being aware why they are feeling strange sometimes.

The ones who are more Lunar will be perfect caretakers, the others will just take good care to be perceived in a good way by the public. The Moon has to do her thing and influence them the way it knows better, so sensitivity and moodiness are at home with people having this celestial body in First House.

Mercury ☿ in ♏ Pisces man 8° 40'

([906] i.thehoroscope.co)

He has many expectations from those close but he also manages to keep everyone's interest alive and kicking.

The Mercury in Pisces man is an idealistic and a bit procrastinating individual who cannot, for the love of God, settle with his responsibilities and take on life's challenges too seriously.

No one tells you to take on the world, to fight against everyone, but try to organize your life, think realistically and do something to make it better.

He doesn't pay attention to the trivial things that most people do. Nope, all he does is philosophize, think about what-ifs, immerse themselves in contemplation, art admiring, courtesy of their dual nature.

In a nutshell:

Positives: Sensitive and communicative;

Negatives: Contradictory and possessive;

Soulmate: Someone who is open to trying new things.

Life lesson: Investing more energy, even when others are not involved.

The secret sentimental

Generally, the man born with Mercury in Pisces is very friendly and available any time for others to come and ask him for help, one that he gives with a bright smile and a generous attitude.

But it happens, once in a while, that he just disappears from the radar, no one can find him. These are the periods of time when he just goes away for a while because he just can't face reality anymore. Perhaps all the pressure, responsibilities, obligations, were just too much.

With their head in the clouds, taking on life's challenges seems like a challenge in and of itself.

Moreover, when a contradiction appears, he can get very angry very quickly when the other person just keeps on refusing to see his point.

Usually, he keeps all that pent-up aggression closed within, but sometimes he just can't do it anymore and he explodes.

Of course, this native can be an excellent artist, a painter, musician, actor, someone who uses his imagination and scenic presence to please the public, to appeal to their senses in a refined yet innovative way.

Professionally, these men try a lot of different things, but the laziness and lack of conviction usually keep them incapable of finishing most projects.

He might need a push from his partner or someone close to continue on. As long as he knows the final result will be satisfying, he will keep his interest alive and kicking, but otherwise, he tends to abandon everything.

He's a casual flirter, always engaging in hot conversations with every woman he sees. With tender and subtle words, he manages to seduce even the most stubborn women, but he refrains from being overly romantic or affectionate.

Until the other person shows to be open to something more, he will keep the same pace. He's also not going to be content with just anyone.

Only the best, most refined woman can be his partner, someone who shares his views and taste for adventure, believe it or not.

The Mercury in Pisces men are really slow to get into a relationship and build a family because of their high standards. Their sensitive personality makes it very hard for them to stay with someone who is more aggressive or loose-tongued.

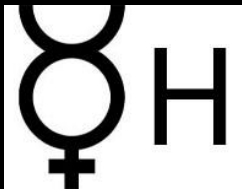

They can get hurt very quickly by some random words thrown into an argument, and even though the partner had been warned, it's something that just happens.

Maybe it's their overly-sensitive personality that makes this whole affair so absurd,

maybe it's the partner's fault, one thing is true, that they will jump from relationship to relationship.

This man has a lot of demands and expectations from his ideal lover, some of them being a little exaggerated, but he will find someone for his soul, that's for sure.

Mercury ♀ in I 1st House

([908] i.thehoroscope.co)

This placement of Mercury makes people great at reading between the lines and also often admired for their natural confidence.

Those born with their Mercury in the first house of their birth chart are very intelligent individuals with a deep mind. They are inquisitive and curious and seek to widen the scope of their understanding by accumulating all the knowledge in the world.

They have an expansive personality; an open-minded perspective and they are visionaries above all else. Everything is worth a second look because there are secrets everywhere, just waiting to be found.

Moreover, these people are quite flexible and versatile in their approach, changing their ways instantly if need be. Communication and the sharing of information are two of their greatest traits.

Summary:

Strengths: Communicative, driven and spontaneous;

Challenges: Intriguing, disrespectful and speculative;

Advice: Their uninhibited confidence might also give them the wrong image.

Great public speakers

These people are immensely curious about the nature of the world and like to engage in endless debates and discussions about such deep subjects.

They are so intrigued and interested, in fact, that you will almost have no time to say anything because they monopolize the whole conversation.

Even more, when you think they've finally exhausted their ideas and arguments, they

immediately change the subject or whip out a parallel line of argumentation, in-synch with the previous one.

However, they do keep silent in some moments, and that's when they're gathering their thoughts when a fresh topic turns up. With their adaptative and flexible minds, that won't be a problem.

Mercury is strongly connected to one's ability to communicate and share ideas, to interact with the surrounding people, and this applies to those born with this aspect too.

They are exceptionally endowed with this talent for speaking, public speaking even, to construct their arguments in such a way that it reaches the understanding of almost everyone.

True rhetoricians and orators, these people are so talkative and enthused about dialoguing that it's really a mystery how they remember to breathe.

Those born with Mercury in the 1st house love getting in debates and competitions where they can flaunt their intelligence, verbal intelligence especially.

These people never get sidetracked or blocked by the innovative elements, by something new that appears in their field of view.

Different does not equal negative, in their perspective. Hence, they are readily accepting it curiously, just to find out what it's all about, and even more when they have no prior knowledge of it.

However, just as they can be greatly focused on the topic at hand, they can also get distracted and start digressing incessantly, going from subject to subject, just to make some far-fetched comparisons.

The positives

One of the best things about natives with Mercury in the 1st house is that they are simply too curious to leave an opportunity to pass them without being all over it.

The world is such a marvelous place to explore, with secrets hidden behind every nook and cranny. The thrill of adventuring into lands unknown, the sound of victory waiting around the corner, all the ancient knowledge foretold in chronicles of ancient civilizations, these are too powerful for them to ignore.

Another great thing about them is their versatility and adaptative nature. Literally, nothing can surprise or put them down because they will change with the wind, finishing a project even if the end-goal is no longer the same.

Mercury in the first house symbolizes the beginning of a journey, one of initiation, the entrance to a new world where these natives must fight, struggle, and strive to become the best of what they can be.

It's the connection to the Ascendant element of their astrological diagram that instills in them this great drive and willpower, the idea that they need to peer into the veil of the world in order to fulfill themselves.

This is very important since there are stark differences between the various natives of other astrological signs, all in the first house. It depends on their original individual characteristics.

For example, 1st house Sagittarius natives will build their perspective on life around their natural spontaneity and visionary overview of the world.

Pisceans will put more emphasis on emotions and sensitivity, and so on. In general, these natives are very able at transmitting information, at giving advice and at perceiving the true motivations and states of people around them.

In some cases, they might find it hard to express their ideas, but the need to communicate remains just as strong.

In reality, what they can clearly explain or put into words, it has little to no importance for them. This also means that they will try to further deepen their abilities and learn philosophy, psychology, broaden their linguistic and cultural knowledge in order to be able to talk about multiple subjects with ease.

They are very good at analyzing and summarizing information from a text or a speech, emphasizing the core elements of the arguments.

Depending on their elemental upbringing, they may be differently disposed of in this sense, some preferring images and artistic representations of ideas. Moreover, they are physically fit and in a good form most of the times.

The negatives

One of the worst things that they do pretty much all the time is that they don't take the time to listen to other arguments and ideas.

No matter who's talking, they will be thinking about their next lines and arguments, rather than paying attention to what that person is saying.

This clearly shows their exaggerated focus and that they are distracted, also a little disrespectful. They don't beat around the bush and always do what they say they will.

With a blunt attitude and the spirit of a pioneer, they will involve themselves in countless projects, winning everyone's admiration. Finishing them, that's a different discussion.

However, if they find themselves in conflict with equally intelligent or challenging people, they will quickly lose their focus and self-esteem.

This natural confidence of theirs that manifests in such uninhibited and glorious acts, something that everyone admires, is a result of being clearly superior to many other people.

When someone on the same level appears, they quickly lose faith in their abilities, all the accumulated knowledge, everything.

Moreover, they tend to revolt against the world for being in a certain way, fighting a losing battle, the don Quixote way, against the unshakeable principles of the natural world.

Mercury ♀ - Detriment in Pisces (& Sagittarius)

([871] southfloridaastrologer.com:) A restricted expression of analytic thought and ability to communicate is found when Mercury is in Sagittarius or Pisces. Sagittarius and Pisces' need for boundless, universal thinking is opposite Mercury's need to analyse and communicate details and facts.

Venus ♀ in ♒ Aquarius man 12° 9'

([941] i.thehoroscope.co)

He is often very calm and reserved with his opinions, only talking when being put in the spotlight.

A Venus in Aquarius man must be interested in his lover's IQ before even thinking about dating her. This is to say that he would sooner notice a witty remark or a passion for art or literature, rather than the perky derriere.

He will want to first get to know her thoroughly, to know how she thinks, and so on. In essence, this native is a non-conformist, the odd one out in society, and he is naturally interested in aspects that many wouldn't even think of.

In a nutshell:

Positives: Eccentric and dedicated;

Negatives: Cruel and obstinate;

Soulmate: Someone who has a scientific mind of his own;

Life lesson: Taking more time to practice hobbies.

His love personality

The Venus in Aquarius man wants to be with someone who's not just a beautiful face atop a perfect body. That, he can find everywhere around him, if he looks hard enough.

He wants to be intrigued, to have his interest piqued by her intellectual interests, by the way, she looks at the world, and what her perspectives are.

As for dressing code, or anything other than that, he is interested in what sticks out like a sore thumb. Whatever doesn't conform to the social code, this guy is all over it, and we're talking about friends or lover here.

This guy was born to change the world, to bring about a revolution that will easily top out all other discoveries of his time, and help develop society as we see it.

He has a scientific mind, an endless curiosity, and he is a very intelligent individual in the first place. He wants to gain all the knowledge in the world, and he knows that he will learn through all his life.

Calm and reserved with his opinions, he will only talk when asked to, but he will blow your mind away with how complex his rhetoric is. He will want a partner who empathizes with this aspect of his personality, and who shares his quirky personality.

Eclecticism, non-conformism, a strong personality, firm principles, and a sense of ultimate freedom are the essential characteristics of a man born under Venus in Aquarius.

The man born with Venus in Aquarius is sociable and communicative, and as long as people can hold on to their pants in the face of his unexpected appearance or weird tastes, everything's going to play quite well.

When he's in his beast mode, he will try to scare people away with even weirder things, but in general, he's a bit on the extreme, either through his fashion sense, passions or the knowledge that he possesses.

He wants a lover with a scientific mind, a rational observer of the world who goes beyond the superficial veil. She should be a little perverse and imaginative in bed, but not to too far.

Romantic women who expect their partners to be all mushy, all caught up in the swirls of love and reveal all their emotions will be quite disappointed with the Venus in Aquarius man.

He doesn't do that sort of thing, it's just not in his nature. Empathy is not his strong suit, intuition is a foreign concept, and he would rather prefer that you tell him what's wrong. He doesn't like guessing because he likes being deadly precise.

Paradoxically, when his lover is actually uninterested or detached, he gets intrigued and starts going a bit further to attract her attention.

When his relationship becomes boring and he doesn't have anything else to learn from it, he will be very disappointed, and it will take some time for this feeling to wear off. Even though most people would think that he doesn't have any problems cheating, given how emotionally detached he can be, this isn't true for the most part.

At first, he might a little socially awkward and not even know how to approach a woman, but this also means that when things get to a certain level, he will commit totally, never to stray again. Essentially, the way he was raised, his family background, matter a lot in his future development.

Attracted by ...

This man is sure to be a tech lover, a technological geek who knows all the great stuff coming on the market, all the digital innovations, so he would obviously find it attractive and intriguing if his lover had the same interests.

Sharing the same hobbies would, in fact, raise his interest bar quite a lot, but his all depends on how his partner sees the relationship.

If she's a rebel who wants freedom above all else, then she's the one. He's driven crazy by weirdness, quirks, the unusual stuff that you do or think about.

In turn, he would want his partner to both understand, tolerate, and even appreciate his weirdness and oddities.

Originality and spontaneity are highly appreciated, and he takes this to a whole other level as he surprises both his friends and lovers with how uninhibited and nuts he can be.

In conclusion

His greatest trait is being able to keep his partner on the peak of interest using intelligent remarks, witty conversations about the most interesting of subjects.

He takes journeys of the mind so often that you just can't get bored, and he won't accept

someone who can't understand this interest of his, someone who just can't follow through with his own part in this grand scheme of life.

Moreover, he's very unconventional and a non-conformist, so be prepared to be taken to lots of interesting places that you wouldn't expect.

This guy tends to trivialize relationships, to treat his partner as he would another friend of his, and because he doesn't do well with emotions, with empathy, and with expressing his feelings, the impression he makes is even stronger.

He looks just like he's not interested at all, like all he wants is to be a friend to you. And his lover will immediately spot this from a mile away.

He seeks for people who are open-minded, who don't judge things just because they can't understand them, those intelligent enough to escape the social conformity.

The fastest way to a Venus in Aquarius' mind is an intelligent conversation, complex phrases, the opportunity to learn something, namely his mind.

Venus ♀ in XII 12th House

([956] i.thehoroscope.co)

People having Venus in the 12th House want to build fulfilling relationships but aren't very good at establishing their romantic needs.

Venus in 12th House people are very romantic, because Venus is the planet of love and the 12th House rules over self-undoing. They will make their own world out of their partner and feel very hurt if not seeing where the limit between their own needs and the ones of their lover is.

Because they're very devoted, many will think to take advantage of them. Very attracted to eccentric people, they will probably fall in love with someone who has many secrets and does things in an unusual manner. Not at all open to express what they're feeling or their affection, they're usually terrified that their partner doesn't have the same feelings as them.

Summary:

Strengths: Unconventional, friendly and appreciative;

Challenges: Rushed and careless;

Advice: Take the chances that scare you a little.

Serious about romance

Venus in twelfth House people will express all their artistic, social and romantic abilities through the way they socialize, and form balanced relationships with others. They like being part of something bigger than themselves and are great group members.

These natives are very serious about romance and start living only for their partner as soon as they have fallen in love and got together with that person.

They may have a problem setting up some boundaries between their needs and the ones of their partner's, so it's easy for them to get hurt in love.

Being so loyal, many will take advantage of them, this not being at all a good thing. They like the type who's unusual and has an interesting personality, regardless of where they have met that person.

Those who think they're weak and not compassionate are the ones who will take advantage of them most of the time. It's like there's never a safe ground with them being affectionate and loving others, because they may feel like they aren't getting any responses to their love.

Attracted to any secret, they will probably get involved with married women or those who aren't available. It's like love has to come with sacrifice for them, and always need to renounce something in order to be with the person they're in love with.

Appearing mysterious even if they don't want to, Venus in twelfth House natives keep their romanticism well hidden, so this is what may cause them to seem enigmatic.

They should take a closer look at what they want from love, because they have this tendency to get involved in relationships that aren't equal and have a certain level of secrecy.

They also should make sure they aren't secretive themselves and that they're feeling worthy to make their love life public. Since Venus is about passion and the 12th House rules over the feet, they may feel the most sensitive in this area.

When the planet of love, which is Venus, is in the 12th House, the natives of this placement can have a very complicated love life. This is the House of Pisces, represented by two Fish that pull in different directions and don't seem to get anywhere.

Enjoying the ride and appreciating the feelings they get from life would be the best idea

for people having Venus in the 12th House.

They can sometimes leave themselves behind because they're not feeling worthy, so it's important for these natives to come to terms with this issue, no matter how serious their relationship is.

They're very worthy of anything, including love, so settling for less shouldn't be in any way one of their options, as they tend to just go with something that doesn't make them happy and start living in a fantasy world.

It's easy for them to think of partners they've lost, to fall for someone who doesn't love them back or is very far away.

Poets at heart, they may not necessarily be talented at writing, but they can still have the deep emotions of a poet because no one beats them at being romantic.

Their ideals regarding love are high and it's sometimes normal for them to feel reality is not even close to their dreams. It can be disappointing to see things as they actually are, but dreaming too much can't be in any way healthy.

Individuals having Venus in the 12th House can love anyone very compassionately, which means they're mature when it comes to this feeling, but also dangerous, because the ones who aren't so evolved can start chasing people who will never land into their arms.

The others will not mind giving all of their unconditional love and will notice that The Universe sends them back a positive response.

Running away from loneliness

The twelfth House is about secrets, things that can't be seen and locked feelings. Venus is like in exile here, so the natives having Venus in the 12th House will dream of taking their other half to a deserted island and just spend some romantic moments there, if only for an hour. It's very likely they will fall for the wrong person and get to live a forbidden relationship.

They should set some boundaries regarding how much they're giving in their love life because they tend to have the same feelings as their lover and to get easily hurt.

Caring a lot about the humanity, they think Divinity is in each and every person. Cruelty and suffering give them the ugliest feelings they can have and make them dream of an ideal world, after they have retreated and isolated themselves.

People having Venus in the 12th House want relationships but aren't very good at establishing their romantic needs.

It seems like their soul is always looking to get together with someone, in the most divine connection this world has ever seen. Only in the arms of their lover, do they get to feel like they're truly home.

They will spend some time alone and become as dark as a person could get, so they run away from loneliness, looking for relationships that can sometimes be disastrous and not at all advantageous for them.

They seem to disarm everyone with their impressive aura and great supportive character that also makes them great for a job in counseling or as therapists.

The twelfth House is also a ruler of isolation, so the natives with Venus here can make great friends for those who are locked up in either prisons or mental hospitals.

Because this is the House of loneliness, they want to have their privacy and can enjoy some hobbies no one has any idea about. This is due to the fact that they would simply want to keep things to themselves.

If Venus forms an aspect with other creative and artistic planets, they will be very talented at something and not say a word about it. People with Venus in the 12th House feel guilty when wanting possessions or yearning for the materialistic side of the world.

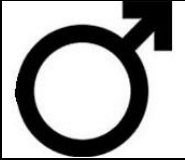

Feeling shameful when they have to show their things or eat too much, they won't have to be in any way down, because they have worked hard to obtain what they were dreaming of and to afford the most expensive foods.

If Pluto or the planet Jupiter are in aspect with Venus, they may be obsessed with shopping, but still feel guilty after a day at the mall. However, shopping sessions can stimulate them sexually, especially if they're buying something expensive for their hidden lover.

Their biggest secret is that they love sweets and candies. It can be a problem for them to express themselves in a relationship and even to be individualistic around many people. By interacting with others, they simply make a connection with the Divinity and can see the faces of all Gods in people.

They may have healing powers, because Venus gives them an affectionate and powerful touch. Venus may feel isolated in the 12th House, making its natives think like observers and spreaders of love who deliver and then disappear surrounded by mystery.

Mars ♂ in ♎ Capricorn man 28° 37'

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn't care about the problems of the world. He's doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he's not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

In a nutshell:

Positives: Competitive and reliable;

Negatives: Rigid and boastful;

Soulmate: Someone who has a healthy lifestyle;

Life lesson: Material success is not everything in life.

Living in harmony with the surrounding

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

A dominant lover

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works day and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone else feels dull and uninteresting already.

In conclusion

Personally, he is very organized and has a systematic mindset. All the details are carefully taken into consideration, all the potential paths, and with a calm attitude that exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

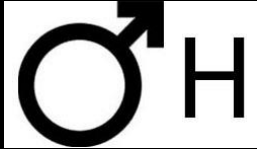

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

When it comes to their own ideals, they just work hard for them, but without planning too much.

They're the intellectual type who can lead without problems. Liking everything that's new, they love talking about the future and getting involved in anything that's related to innovation. They will probably be inventors who come up with new ideas, especially on social issues and public relations.

They really know what their goals are and how to achieve them. Their true friends won't

be many but their acquaintances will sure have big numbers, which doesn't bother them in any way.

The placement of Mars in the 11th House can have many influences, so when this planet is in good aspects, it makes the natives amazing leaders, but when facing hard aspects, it influences them to develop friendships in which they will always want to compete and to work with destructive forces for other members of their group to fail.

This second mentioned situation would imply they wouldn't in any way look to develop and in their soul a battle would always exist.

They're rather the type who becomes very competitive and even brutal when dealing with the Alpha Male types.

They will probably do all kinds of sports and join groups centered around different activities, go to military centers and make friends who have hobbies that involve being physical or are related to weaponry.

In difficult aspects like being in opposition, conjunction or square with the planet Jupiter, Mars influences individuals having it in the eleventh House to lose control of their friends' number and to be emotionally unstable.

For them, everyone will be a closed person, and no one will be truly in their heart. Those who are their real confidants won't even be able to understand them, because they spend more time with people who are in their life only for a while, instead of with their real ones.

It's easy to see them bored, so those who can't excite them will be quickly left behind. Not standing to obey, they will get together with people who would rather compete with them than give orders.

Passive personalities make them want to run away, because they love to play all kinds of games involving power and getting the attention of others. Only people they admire themselves will be allowed to be the center of a group in which they're active members.

They get along very well with natives having Aries and Mars present everywhere in their chart, because when fighting with these people, they're doing it for the fun of it. When admired and regarded as leaders, they're the happiest, because getting lost in the crowd causes them to be very frustrated.

In case Mars is in good aspects with Uranus, they will be anarchists or revolutionaries who participate to protests and generate chaos.

The downsides

Mars in the 11th House influences people with this placement to have their mind racing through ideas, so these people may need to put their own thoughts in an order.

They simply can't slow down or focus at the same thing for too long. Usually not putting their family and friends first, people in their life may often feel left out by them. However, they will always return and confess they've reflected and now want to make their relationships stronger.

They should pay attention not to overwhelm others with what's in their mind, because they can have many ideas on how to save the world and how to make big changes, many people not being interested in such grandiose things. Therefore, they should relax and tone their passion down a little bit.

Mars in the 11th House in a nutshell

While worried about what's happening in the world, Mars in eleventh House natives need their friends to keep them anchored in reality. Looking at the big picture all the time, they can miss on important details and their loved ones can be of great help in this situation.

They don't like to follow the herd and their actions can't be predicted, which means they're very interesting. It's impossible to have a boring moment when spending time with them, because they're always thinking of an engaging subject of conversation.

They enjoy living in the moment and don't stress their mind with deeper meanings. Peaceful moments should be enjoyed as they come, not changed and made to become chaotic with any external influence. In case they have a desire to change other people's life for the better, they should take care of their own in the first place.

However, this skill is also good in managerial and publishing positions. Proud of their morals and principles, Jupiter Arieses will always take the clean road. Their honesty and larger-than-life attitude could help them become great leaders. People will appreciate them for being optimistic and generous.

Not to mention how loved they will be for being able to see and tell things as they actually are. But in order for them to be efficient and successful, they need a lot of freedom and to engage in all sort of adventures.

Jupiter in their sign makes them more self-sufficient and focused than others. Others only dream of being as confident as they are. And when they'll realize their own power, they will be even more determined to achieve things in life.

Everywhere these guys will travel, they will want to learn new things and to experience different cultures. And they will travel a lot. They are not the ones to sit quietly in a corner and listen, they are more the type who jumps in and does things.

Everything the world has to offer is interesting and exciting for them. They are among the few who realize that only experience can help people expand their mind for them to have a better future.

As soon as an idea will go through their mind, they will immediately be ready to put it into practice. This means they will make many discoveries along the way, but will also suffer a few disappointments.

People will admire them for being so bold. However, it would be healthier for them if they would sometimes temper their enthusiasm and see things in a more skeptical way.

When they will fail, no one will be able to stop them from getting it back together. The more challenging life will be for them, the more they will become knowledgeable and find new opportunities.

It's not normal for Jupiter Aries to be shy, doubtful or scared of something. But because they will focus too much on themselves, they may have problems in their relationships with others.

Not that their confidence won't be good. It's their ego that may spoil things. It would be perfect if every now and then, they would find some humility and pay more attention to others. Only this way, they will enrich their connections with their loved ones.

The fiery aspects behind their reactions

These natives can feel like anything is possible if they channel the lucky nature of their Jupiter in Aries transit. These people are always ready for anything and take good care of themselves.

Imagine what happens when this warrior side combines with the visionary Jupiter. But the power brought on by this association comes with great responsibility. The dangers involved can also be greater than one can imagine.

At least they will always be enthusiastic about new adventures and projects, no matter how hard life will hit them. And they will persevere to succeed. Jupiter's imagination can

help them have great ideas. However, the real world is more about normality and less about brilliance. Their inspiration and spirit will fade in favor of the monotony.

That's why Jupiter Arieses need to collaborate with others who can help them see their ideas put into practice. It can be said Aries natives are determined enough to not need Jupiter. But when this planet's luck and expansiveness gets together with the Ram's impulsiveness, ambition and generosity, the people born under this transit get to be the hardest working, ambitious and kind hearted.

If you go out to dinner with them, allow them to pay the check. It will be their pleasure and a way for them to feed their ego. But the waiters will have to be fast for Jupiter Arieses can be impatient and snappy.

When they have to wait, they can throw serious tantrums. Their attitude in life can be compared with how the entire nature explodes in the Spring.

Just like the Spring Equinox, they are only moving forward towards sunnier days. Jupiter brings them enthusiasm, the Aries rules the head and makes sure self-confidence is present.

As a matter of fact, Jupiter can make anyone feel too big. When in Aries, things can become too difficult to handle. The people lucky to have been born with this aspect will start fires nobody will be able to put off.

They are the most optimistic when they have to start a new project and they will shine when they will take risks to make things work. They will always be sure things will start again if they'll fail.

These natives would love being teachers because they would meet new faces and thus, new challenges, all the time. Because they are so in love with new beginnings, they can lose themselves in the process of doing things.

The Jupiter in Aries man

These natives really need to a quiet place of their own where they can recharge their batteries. A lot of Jupiter's influence is about spiritual development as well, so they should listen to what their inner voice is telling them and take breaks when needed.

They really need to keep a good physique because only this way, they can continue to be productive and successful.

Jupiter in 2nd house individuals may have problems when asked to make a rapid decision because they don't have the time to just sit and think of a problem, and this can make their luck run away from them.

Saturn ♄ in ♌ Leo man 12° 36'

([1021] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Leo are tomorrow's leaders, with enough confidence and willpower to rule an entire country toward a brilliant future.

Organized, with a systematic mindset, and with an unrelenting attitude, these natives have what it takes to accomplish all their dreams in this life. They will advance on the social ladder straight from the beginning, leaving people fascinated with their kingly aura, dignified demeanor, and sheer productivity.

Emotionally, however, they aren't doing so well, in that they can't find a good way to express themselves. Others might misunderstand them completely because they have a pretty pragmatic approach to love. If the partner is satisfied, then that's all that matters, and they sometimes omit the emotional part altogether.

In a nutshell:

Style: Respectable and successful;

Top qualities: Astute, powerful and creative;

Challenges: Too controlling and stubborn;
Advice: Keep your friends close and your enemies even closer.

Personality traits

On the one hand, this native needs to know that their efforts are appreciated and recognized for their worth. In this sense, they don't make a difference between friends, loved ones, or even their partner.

However, Saturn Leos could sabotage themselves at the same time, by underestimating their abilities, making it seem like it's insufficient.

Even though this individual may be very determined to never give up, he will have to face overwhelming odds that keep on piling up against him.

To successfully beat everything into submission, the Saturn Leo will need to make a good use of their imagination, strong willpower, and the insidious ego that only a Leo possesses.

These challenges will appear everywhere, from a sudden reversal in leadership at work, to a harsh argument with the partner at home, and they need to get over all of these things if they are to survive and thrive.

In more serious circumstances, where the Saturnian Leo must act with utmost responsibility, he will take on the mantle of a heroic commander, leading those under him toward a splendid victory.

Everyone listens to their orders and respects them because they know how to impose a certain discipline amid their followers. However, such is the case that they may forget to put aside the sword and shield, always in a combative mode, lacking in any emotional and loving tendencies.

Saturn is the prime factor of this situation because it enforces certain limitations, the establishment of barriers for all individuals. Even though they have a beneficial effect in general, giving them the necessary guidance to reach their goals, there are also some downsides like the lack of any romantic flair.

Restrained and rigid, they crave to roam free, uninhibited by anything, just like a lion prowls and stalks its prey across the vast savannah.

There is some romance left

Natives born at a time when Saturn transited Leo, will have a very straightforward attitude towards those they love, in that they will never pretend or deceive themselves.

If they want to say something, they will say it. If they feel like being a romantic lover who

cooks dinner in the evening, they will do that without a hesitation.

All in all, they put in a lot of effort in order to protect and make their partner happy. In return, they expect quite a lot, at least the same kind of affection and attention they've shown.

As far as relationships go, they tend to exaggerate and become jealous pretty quickly, even though they don't have a reason for this most of the times. This is caused by their need to keep their emotional stability intact.

However, this may not always be the case, as their partner might not have the same willful attitude to express these feelings at the same intensity. Or they may be different altogether, a little introverted, or uncertain of the exact way that feelings should be expressed. Or perhaps they have high expectations.

The main problem appears when they start to feel unappreciated, and they have to find someone who understands them completely in order to solve their apparent unhappiness.

The good and the bad

Saturnian Leos have what it takes professionally, in that they never relax until they have fully completed their work. In this sense, anything is a go if it means that the result will be a tiny bit better.

Moreover, because anyone needs some time off now and then, there are periods of time when they don't want to hear about anything having to do with work.

If they manage to uphold this tradition constantly, with outside help, of course, then there won't be any problems with stress and pressure. Unfortunately, they rarely allow themselves a moment of respite, because a good commanding aura can only be achieved through self-control and discipline.

They will want to fully express all their creative potential in some way and finding such an outlet will occupy a big portion of their lives.

With great talents in this sphere, they can really put behind the warrior's mantle and take on the artist's painting brush, or the writer's pen, if only they overcome their innate shyness. Socially, they are one of the most daring individuals, but with those inner desires, it's a bit hard.

What creates some awkward and complicated situations is their rigidity in thinking, the lack of flexibility when it comes to working in a team.

Natural born leaders, they will try to enforce certain working patterns and rules, even in

other aspects of their lives. Finding a way to let loose the pressure would be ideal.

The Saturn in Leo man

First and foremost, a Saturnian Leo man will never break his word, and whatever he says is as good as gold because he has a code of conduct that he follows, and also because it would be demeaning to not uphold his principles.

Prideful and egocentric, they keep on a straight line, one that follows their exact coordinates, never straying from them.

Secondly, he is a very attractive man whom you'll drool over at a first sight. Sex appeal: check, seductive and lascivious approach: check, daringness and confidence fit for a dominative partner: check.

There are plenty of reasons to believe that he will offer you a very special night, one to remember over time. It's essential to remember that he needs validation, some form of appreciation, of acknowledgment of his efforts.

Saturn makes him exceptionally manly, mysterious, intriguing even because besides being hot and sexy, he is also very knowledgeable and loyal. Definitely a keeper, if it comes to saying it.

There may be delays in having their talent recognized because Saturn makes things this way, so they should be patient and not turn into workaholics.

A more relaxed pace and balance should all the time be kept in their life, because this way, recognition won't fail to come their way as well.

They may face problems like underpayment or work accidents, but this doesn't mean they won't get to be later on appreciated for everything they've done. Saturn may have influenced their childhood to be chaotic and for them to develop a fear of animals.

Hypochondria and other mental diseases are also influenced to develop when Saturn is involved.

into anxious and isolated people.

Perfectionists, these natives can't stand sloppiness and chaos. While making promises of a world in which magic rules over everything, Saturn pushes people into all sort of trouble and gives individuals their life lessons.

The goods and the bads

Saturn in 6th house individuals put a lot of pressure on themselves to attain perfection and can even get sick when feeling things are not going their way.

Worrying too much can't be in any way beneficial, so they should avoid getting upset over little mistakes as other people actually appreciate them for who they are.

It's also important they don't take things so seriously and relax from time to time because life can be beautiful. Making sure that things are going the right way can have them missing out on all the fun.

Everyone relaxes from time to time, so they should do the exact same thing and let go of thinking about perfection all the time.

Most of the best times in life happen in the heat of the moment and are messy, so planning everything can't bring by the most enjoyable moments.

Being all the time in control is not a solution either, so they should just allow people they love to be themselves and situations to unfold in front of them.

While the position of Saturn in the 6th house may cause some health problems because this planet is also responsible with death and aging, they shouldn't think too much of how everything in their life is meant to make them hurt or get sick.

It's true they should be a little bit more careful than others when it comes to health, but an independence of mind and body is absolutely necessary for them to feel free.

This is the situation when the natives having Uranus in the 8th house wish for something rather transcendental than physical. Because they wouldn't want to have too much sex in order to reduce the stress mentioned, they will get involved in long-distance relationships or decide to interact with the partner online more than in real life.

Being conscious of the passion during sex would be very important for them because otherwise, they may end up thinking they're cursed to be cold and absent-minded when making love.

It's true this attitude may have something to do with different traumas they've experienced during past lives, but this life cycle is, after all, a new one.

Blessings

Uranus in 8th house individuals need to always have an objective and to give meaning to their actions. They're usually very serious and don't mind looking for different things that can make their life or the ones of their loved ones more beautiful.

These people need for things to happen naturally because they're themselves natural and hate to fake anything.

They really don't like to force things as they feel like improvement doesn't happen when someone tries to be imposing. It isn't easy to be around them, so they may have some conflicts with their friends or with too stubborn people who refuse to take others' opinions into consideration.

They should use their talents as much as possible and win people over in the most difficult situations.

When Uranus is in a good position in the 8th house, the natives with this placement are very understanding of any sexual fantasy and need for emotional interaction.

They can immediately identify where the limits of relationships are and would never think they can be saved by sex.

However, they're very curious about what to do in bed and usually adopt an objective approach when it comes to trying new things in between the sheets.

They may even think of sex as science, so they aren't in any way inhibited when talking about subjects that others find as taboo or even awkward.

This will help and make them able to identify the sexual problems between themselves and their partner.

Being open and always honest when it comes to love making will always help their relationships, regardless if these would be just casual or lifetime marriages.

Uranus in 8th house natives should be aware of the changes happening in their life and admit they need for some things to happen differently every time.

They may try to hide what they're feeling because they really hate to let people inside their mind and heart. But the more they will open up, the happier they will feel with those they've chosen to be their friends or partners.

Challenges

Individuals having Uranus in the 8th house should be careful and identify their own boundaries so they don't step over them.

Very well intentioned, they can also disappoint because they're all the time changing. It's fine for things to happen this way if that's what they really want from life: to change and upset others.

If Uranus is in bad aspects in the 8th house, they may unconsciously carry in their psyche some traumas from their past lives, which will be serious things related to physical abuse and even rape.

Their mind may be filled with painful memories of unwanted sexual encounters, which means they'll have difficulties establishing intimate connections with people in this life cycle.

It's possible for them to have experienced some disappointment when they've shared their money with someone in the past lives as well.

In conclusion, they may not want to settle with someone or to make plans regarding joint accounts at the bank.

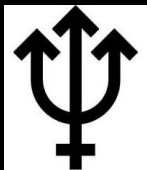

If they'll continue to give themselves to these unconscious memories, they can have problems to engage in anything that requires them to share, including marriage or parenthood.

That's why they may need to go to therapy and even undergo hypnosis. After a session with a counselor, they will start to realize they're scared of intimacy and this has a lot to do with what happened in their other lives.

If they'd feel like they know best and prefer not to talk, they won't improve in the natural way they so much desire.

Not to mention it's easy for them to get caught inside their own mind and to no longer know what to do for their loved ones.

Neptune ♆ in ♒ Aquarius man 19° 34'

([1075] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those with Neptune in Aquarius in their natal chart let themselves roam the world free, uninhibited, without listening to anyone's advice.

They have big dreams, and they idealize the world. Without caring at all about the social conformity or expectations, they do their own thing, trusting in their own gut instincts and following a set of self-imposed principles.

In order to achieve their goals, they will break apart any shackles that hold them down to a stagnant mentality, break free from this ideological bubble, and fly toward the horizon.

In a nutshell:

Style: Enlightening and intuitive;

Top qualities: Gentle, creative and practical;

Challenges: Aloofness and extremism;

Advice: If you don't show emotions people will not believe you are genuine.

Personality traits

Supernatural senses and philanthropic reflexes all mix up together to form the Neptunian Aquarius' personality.

On the one hand, Neptune brings them a heightened spiritual awareness, instincts, and precognitive abilities, while the Aquarius is naturally endowed with great generosity towards the idea of community.

On the other hand, this native prefers to stay by themselves, cold, rational, unrestrained, their own man, while Neptune brings great emotions, a need for peaceful cohabitation with other people. Both traits will combine this time.

For the most part, when a Neptunian Aquarius makes their debut in the world, uncertain times are coming. The very community will break off from the traditional standards, taking with it the previously accepted standards, a metaphorical destruction of society, of its norms, inter-human relationships, especially virtual ones. Moreover, ideals tend to be thrown down from their lofty place in the skies, muddled in the real world. Modernity suffers a backlash of its own stringent needs and degenerative streaks, and all this is foreseen by Neptune.

It's a time of societal disparity, of dissolution regarding the structure that makes up the very spinal cord of the modern world.

Around this native, strange meteorological phenomenon could appear from time to time because Neptune is responsible for the changes in weather. Uranus, the original planet of the Aquarius comes to create havoc and increase the chaotic conflicts caused by Neptune's influence.

Concretely, these natives can be just as humanitarian and angelic when they're mood is good, just as they can become malevolent, the sheer image of doom, the bringers of the end-times, when they're in a bad mood.

Both the saviors and destroyers of the world, the Neptunian Aquarians are marked by these two extremes which are interchangeable.

The sheer rebellious potential that these natives have in them is mind-numbing. They will literally listen to no one and abide by no rules if that means being chained.

Without the freedom to do as they see fit, they don't want to live at all. They are initiators, pioneers, the bringers of innovative elements, of novel distractions, and will try to help humanity develop toward the next level of existence.

If they can't achieve that, they are grateful for helping a handful of people. Moreover, as far as personal principles go, they are kind of neutral when it comes to religious belief, but they aren't very scientific either.

Eternally awed by the mysteries of the world, they prefer to discover it through their own means.

The positives

They may be the next great inventors of the century, making legendary breakthroughs in scientific domains. They want to help brighten up the world, make it a better place, put it through a state of constant evolution and development.

However, if they don't have the necessary instruments to achieve this, they will instead create them. Nothing can stop them from going forward with their plans, not even seemingly impossible things.

After reaching the conclusion that the idea is viable, they'll need the feedback from their friends, and only after that would they start putting it into practice. A great satisfaction comes after seeing their projects coming to a close.

The negatives

However, they can be very domineering and bossy when it comes to seeing their plans come to fruition. They don't care about other people as long as they get to materialize their own ideas.

A promise is a promise, and if they said they'll support your project, there's really no reason now to back up.

And because it's their idea, everyone else is supposed to just follow it indiscriminately and without flinching a muscle on their face.

This leads to stagnation, inefficiency and a lack of productivity. If they learned to cooperate with others, things would go a lot smoother.

The Neptune in Aquarius man

The male counterparts seem to have the same artistic reflexes as the women, only that they tend to be a little more tied to traditions.

They'll use these skills to further the development of old traditions, domains that have existed for centuries. The applications are endless as they are varied, and this translates to their love of experimentation, for trying out new things.

Certainly not someone to waste his life on doing something that doesn't suit their tastes, they prefer to roam around the world, until they finally fulfill their professional desires.

Just like Neptunian Aquarian women, they prefer their partners to also have intellectual interests, and because they emphasize objectivity, sexuality isn't really that much idealized.

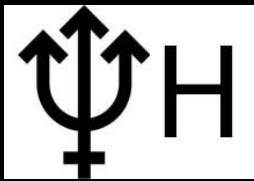

Just like someone who has amassed knowledge for his entire life, this native is naturally

egocentric. He believes his ideas are objectively correct without the need for proof, and anyone who refutes their God-given right will have to suffer.

Compared to women, men tend to be more daring and courageous in expressing their opinions, so there's naturally a problem that tends to be present here more than anywhere else.

It's for your own good to learn to be understanding and tolerant of other ideas. It doesn't matter if you consider them to be wrong as long as you keep the social appearances and pretend that you are appreciative of their ideas.

Neptune ♆ in XII 12th House

([1088] i.thehoroscope.co)

This placement of Neptune makes people be very compassionate and kind, but not to express all this directly, so they may be misunderstood by others.

Neptune in the twelfth house natives have all kind of fears from their past because this planet here has nasty effects over the unconscious mind. They tend to focus on what's wrong with their life and when it comes to interacting with others, they only seem to absorb what's negative.

It's suggested these people focus more on their own happiness and don't stress that much about everyday issues.

Summary:

Strengths: Creative, indulgent and generous;

Challenges: Overly emotional and pessimistic;

Advice: They need to show to those close that they can be depended upon.

Very compassionate and kind

Very intuitive and strong in their heart, people having Neptune in the 12th house can surprise with their easygoing attitude and shyness.

While very compassionate and kind, they don't express all these things directly, and many people may not get the chance to understand them or worse, might feel hurt regarding their attitude.

They need to acknowledge their spirituality or else they can end up being very unhappy and unfulfilled.

It's possible for them to feel weak in front of the usual changes life has to offer because they're thinking they can't handle working with something new.

The truth is, their faith will always help them, so being fearful doesn't make any sense for them. They should believe in themselves because otherwise, they can escape in a world of fantasy and avoid reality, which isn't in any way healthy.

Some of them will discover they're capable of great spirituality when they'll get older. Others will be aware of their profundity, but won't be able to express it until their identity doesn't get formed.

The 12th house is the most sensitive for the placement of Neptune because it is the home of this planet. Therefore, when here, this celestial body has great influence over the unconscious of natives.

People with this placement are very sensitive to the society as a whole and sometimes feel like victims of chaos and immorality.

The same planet here has the capacity to turn collective ideas into pure art. One of the most famous individuals with Neptune in 12th house is Salvador Dali, whose paintings are very intense and imaginative.

These natives are all very kind and open to different emotions, no matter whom they may be dealing with. They have psychic abilities and can guess what other people are thinking or feeling.

The planet Neptune can make their ego feel overwhelmed because it's always open to external stimuli.

They may be vulnerable because they don't have any protective fences to surround their sensitivity and also because Neptune doesn't have any boundaries when being here, in the house of images and feelings of the collective.

At the same time, this planet gives them abundant creativity and the wish to become great artists. Very talented with music, poetry, painting, photography and other forms of self-expression, natives having Neptune in 12th house can become very famous in the art world.

Furthermore, they have a need to be with others, to merge and to feel the love of the collective. They're also very connected with the Universe as the 12th house and

Neptune are both spiritual and resonate with what lays within people.

It can be difficult to describe them and their feelings because they're all the time overwhelmed in their unconscious, which is ruled by the 12th house.

This house can have them feeling deeply about many things in their life, including their ancestors, as it rules over the past and the conscious memories.

Neptune will always feel at home in the here. Even negative aspects of this planet won't stay in these people's way when it comes to spirituality.

The 12th house goes over everything that's beyond the conscious mind, and is ethereal enough to have the natives with Neptune in it connected to deeper meanings and the unconscious mind of the collective.

Individuals having Neptune in 12th house could be great psychologists, but this quality would be stronger in them if some planets in their 10th or 6th houses would be in good aspects.

If so, the natives with these placements will choose to deal with other people's thoughts and emotions as a career and if not, they will still make great friends who are always ready to talk about their own problems.

They're so good at dealing with different realities because they're good clairvoyants and psychics. They may even dream what's about to happen or in symbols that transmit them messages.

That's why they should study mysticism and learn how to interpret their dreams. The problem with this is that also negative things from the other side can enter their world, in this reality.

Because Neptune is very passive and would allow for this to happen, their sensitivity may increase, and they'd absorb all the pain and suffering of the world.

People love them for being empathic and for easily perceiving their thoughts or feelings, but this can have negative effects over their own health.

What they should be careful with is their unexplained guilt as it can truly wear them down. Wanting to help everyone, they'll never get to make this dream of theirs come true because there is no way someone can help so many people as they would want to.

Each time a person around them is going through some bad times, they tend to blame themselves and have an enormous amount of guilt creeping on them.

Therefore, they may end up not helping or causing the situation to be worse. If they really want to give a hand, they need to first establish who they are and how they can manage their own life.

It's the same situation as the one with doctors as these professionals need to be very cold and balanced in order to do their job.

Another problem they may have is the fact that they're prone to become addicted to alcohol or drugs.

In the situation in which Neptune is in square position with Mars, Venus and Jupiter, they would have a tendency to abuse everything that helps them enter a fantasy world and leave reality behind.

Neptune will love having them overindulging, but this can cause real problems for their body and health in general.

While the Ascendant is the one that's rules over physicality, Neptune in a position too close to this sign would only cause the dependence on substances to be stronger on them.

Because this planet is at home in the 12th house, it influences the areas of life this house governs, in a great manner. People with this astral placement are highly intuitive and very strong in their heart.

They may seem passive, but when needed to, they can become fierce. These natives love the role of the underdog and to give a hand to those who need it the most.

However the 12th house can be pretty suppressive, so they won't be too focused on taking action and most of the time feel guilty for nothing.

What Neptune does is put rose-colored glasses in front of the eyes of the natives, making them see and hear only what they want.

The goods and the bads

Neptune in 12th house people need to work on their self-confidence and to think of themselves as independent creatures who can handle any problem without too much help.

They're very supportive and helpful themselves, so they'd do a great job as doctors or healers. Because they like to listen and to find solutions to problems, they would also be efficient as psychologists and even firefighters.

It's easy for them to calm people down and to give hope everything is going to be okay.

However, before focusing on others, they need to work on themselves and to make sure they're grounded in reality, just enough to be able to help.

Their compassion makes them strong, so they should learn how to use it. Change mustn't be something that terrifies them because it can only help their life to move forward.

It's important for them to deal with problems directly, especially when these are about work. They're sometimes so overwhelmed by the everyday life that they just want to hide and to escape reality.

This is the explanation to why they're always shy and trying to run from difficult situations, which means they're not always able to develop from an emotional and spiritual point of view.

When they can't seem to get a grasp of the knowledge transmitted by what they're experiencing, they should take a step that and look for their level of maturity.

In the situation in which they can't express themselves the way they want to, Neptune in 12th house individuals start to feel very upset and even guilty.

They should learn how to talk about conflicts and discuss the feelings they get from others' actions or words because holding things inside will only cause them to be more hurt.

Pluto ♇ in ♈ Aries man 25° 25'

([1089] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

What's the big deal, you might ask, about those born with Pluto in Aries in their natal chart? Well, find out that they are, by far, one of the most determinate and stubborn natives of the entire zodiac, regardless of where their Sun was the day they were born.

Under the impulsive and transformational influence of both the Pluto and the Aries, don't expect them to give up on their dreams and if they want to achieve something near

impossible, at best, they will settle for something similar.

With the eyes of a hawk and a crystal-clear awareness, they instantly figure out the how's and why's of a given situation. Will it succeed? Will it fail? They realize this in a matter of seconds and waste no more time on deliberating whether they should go for it or not.

In a nutshell:

Style: Full of desire and empowering;

Top qualities: Quick, accomplished and optimistic;

Challenges: Impulsive, insensitive and arrogant;

Advice: Don't be ashamed to ask for advice.

Personality traits

This native is very confident in their abilities to attain their potential and won't let anyone else say otherwise.

With a hidden picky nature, these people have very high expectations from themselves, plenty of energy to suffice for a lifetime, and a very introspective personality.

These people would have probably caught a grasp of what their flaws are, before they would reach adulthood, which is a very good thing.

Among their friends, they are probably the most mature, the financially independent companion, someone who doesn't care about appearances. If this individual wants to do something, he won't ask for permission as he most likely sees this unnecessary, no matter who is involved.

Pluto's influence changes the way these people see the world from the bottom up. Originally impetuous and spontaneous, they become calmer, more observant, and can be one of the most patient individuals of the whole zodiac.

They can wait even for years before putting their plan into action if this means the chance for it to succeed is guaranteed.

With great ideas in tow, they will achieve the highest accomplishments because they have the courage and willpower to be the first to act in any given circumstance.

Their peerless determination and ambition can even influence others, set them on the correct path. Moreover, they have an enormous potential for growth and they are also very flexible, which makes for one heck of a combination.

From an astrological point of view, Pluto is the planet of the extremes, in the sense that it galvanizes the strongest traits of an individual and enhances them well over the normal

capacities.

In this native's case, their spontaneity gets diminished, and instead, it turns into stubbornness and blind ambition.

In most cases, you would be surprised but this is a good thing, as it ensures that they won't give up after a few failures and will keep on fighting.

But it sometimes happens that they persevere with ideas that are not only impossible to put into practice but are also detrimental to their own wellbeing.

Pluto in Aries in love

The Plutonian Aries natives used to marry out of material requirements or had arranged marriages by their parents. Usually, women would be married off to rich young or old men who had a good material condition, or a good social standing.

Later on, when people, women, in particular, became more independent, this changed, but only in the sense that they made their choices.

Keeping in mind that these natives are very ambitious and power-hungry, they would still choose someone with money and standing.

Of course, this doesn't mean that there is a lack of emotions in their relationships. Not at all, there will still be the majority who will marry out of pure love, but there are still some with more practical reasons to do so.

Usually, the Plutonian Aries give their all for a relationship to work, even if there isn't as much love between the partners. That's just how they are built, perseverant and stubborn to the extreme.

The Pluto in Aries man

The Plutonian Aries men make for great inventors, innovators, pioneers of sciences, patrons of the art, commanders, famous people through and through.

Because of their innate drive to succeed, and the patience that Pluto instills in them, these natives are hardly ones to give up after a hundred failed attempts.

It's no surprise that they were on the cusps of perfection back when Pluto last transited Aries. Some would also take into consideration the imperfections of society and of the individual, but not even this stopped them from dreaming big.

There doesn't seem to be a middle path with these men, it's either a brilliant future or nothing. They either achieve their full potential or get shunned for the rest of their lives.

With age, their motivations and expectations may lower slightly but when young, this man cannot be moved from his intentions.

Pluto is one of the most mysterious planets of the solar system, and from an astrological point of view, it's one that holds an immense potential. With the Aries' highly energetic and explosive personality, its influence acts in its best environment, cooling down all that extra energy, honing it down to manageable levels.

It forces their impetuous reflexes to be toned down to a raw inner strength that turns into a steady drive of force, going all the way until it achieves its purpose.

Pluto ♇ in II 2nd House

([1102] i.thehoroscope.co)

This placement of Pluto encourages people to adopt a rather businesslike approach to everything they do and to hate wasting any time.

Pluto is a strange planet indeed, and more than that, it's a very difficult and complex one as well. Natives born with Pluto in the second house will experience a lot of emotional distress and traits similar to a personality disorder.

Emotions are taken to an extreme, their appreciations and passions change by the minute, it's like they're a completely different person. Generally, money plays a major part in their vision for the future. It's either idealized as the most important thing in the world or completely ignored, for being just a piece of paper.

Summary:

Strengths: Observant, confident and ambitious;

Challenges: Moody, speculative and extravagant;

Advice: They shouldn't let themselves driven just by money.

Nothing truly puts them down

Usually, these natives are the ones creating all the problems, the only ones to blame for their misfortune.

They get sad all of a sudden, become unproductive, inefficient, unwilling to take on any other responsibilities and fulfill their obligations.

However, luck is on their side as they might strike gold and find a fortune lying around or find some good opportunities to shatter the negative bubble.

Sure, they could very well throw these chances to high wind and waste them. As quickly as they got rich, the fall is that much faster.

Because they tend to mess themselves up and lose any form of advantage they have, the Pluto in 2nd house natives tend to be very protective and possessive of their assets.

Money, for example, tends to be sacred to them. They can't stand it when people ask for a loan or take things from them without asking.

This becomes so annoying in fact, that they revolt sometimes. Enough is enough already! Great changes are afoot in their lives, particularly because they've lost something or someone. They are the ones you go for advice on financial matters.

Even though they are quite "good" at losing their fortune and throwing opportunities aside, mainly because of relationships and emotional distress, they are also keenly aware and good at making do with what they have.

Nothing truly puts them down. Being down for a while could actually teach them something about life.

The Pluto in 2nd house natives are self-reliant and perseverant enough not to let themselves be taken down just like that. A lot of experiences will come to pass with them still looking for their own truth.

These natives are literally driven crazy by the financial situation that they have to establish in order to be safe, to have a secure and comfortable life with no worries.

They do whatever they can to reach a certain level and status, even making use of other people, cheating and lying.

Others may even lead a sub-par life, choosing to buy cheap and always think it through before throwing money away, just to be on the safe side.

Other natives might be the complete opposite, living in opulence and extravagance, just to show to the world that they're successful and still kicking.

After this period of self-gloating and money-driven journeys end, it's time for the true identity crisis to set in.

It's been a lot of time since this last happened, and this time, it's going to be the final

one.

This is when they finally find the answers to what they truly want, what would make them happy, what form would fulfillment take in their case.

There are a lot of questions to ask, and the time is short. At the end of this process, the changes will be so obvious and so great, that the 2nd house natives will transform completely.

Confident, ambitious, resistant to stress and under full control of their emotions, they might make it after all. Also, they are sexual beings through and through.

Their powers of concentration are especially high and allow for continuous work without the feeling of fatigue.

If they were air-headed and lacking in determination, then Pluto takes care of this really quickly.

Their profession takes the crown as the most important thing there is, the very essence, and they will take it upon themselves to never have to go through trying times anymore. They'll either manage to strike big or fall trying.

Emotionally, everything will be blazing and intense, just like they like it. With partners who know how to appreciate the sensual and dominative personality, they will extract even more pleasure and satisfaction.

The goods and the bads

What is beautiful attracts and impresses them to such an extent that they would throw away all their money without even flinching.

This is the one thing that they aren't going to fuss about. A nice house, fitted with everything you could ever need, an aesthetically pleasing place where they can live the rest of their lives comfortably, now that's what we're talking about.

It's worth every penny. As we've said before, they have crazy instincts and intuitive powers when it comes to analyzing financial opportunities.

These natives will have the opportunity to direct those changes through, you guessed it, material resources, money.

Using the assets that they've so long strived to gather, they will now use to help themselves.

Regarding the choice of a profession, there are a lot of choices and opportunities that

match their skills like volunteering, fighting the slow but steady environmental pollution.

While is worthy of praise and quite impressive on their part, the other side of the coin reveals itself quickly.

They might also involve themselves in illegal activities and with crooks, thieves, criminals. That greed for money and financial stability sometimes goes beyond what they can control.

Again, they will be extremely possessive about their personal objects and intimate things. This comes as a result of past transgressions, disappointments that deeply hurt them, resulting in a change of heart and mind.

There were many events that led to this. It's not even clear if it could happen again, seeing as though they keep on being disconcerted and uncertain about their own identity.

However, as time goes on, Pluto in 2nd house natives will find that missing piece of their hearts, fill the void that was left there.

Moreover, stubbornness is one of the bigger problems these natives have. When it comes to adapting their ideas or changing their plans, they would better give up on everything rather than make those changes.

North Node ♏ in ♈ Aries 16° 53'

(Georges Muchery)

The Dragon's Head in Aries enables the native to undertake daring deeds with every chance of success; and he should not hesitate to go forward. Fortune favours him. This position indicates rashness that is profitable. It is also lucky for love; but after much torment on this account. In a critical situation, the Dragon's Head in Aries helps the native to extricate himself from trouble. It is similar to the Square in an unfortunate hand; it is the antidote to misfortune.

The Dragon's Tail in Libra prophesies lawsuits connected with material questions. It also means disputes in the home and danger of separation. It is not a good position for the spiritual evolution of the native, as it makes him practical (often too practical), which may lead to trouble with the law, or with those with whom he comes into contact. This

position, especially in the fifth house, shows anxiety on account of a child. Nevertheless, if the Dragon's Tail is in the third decanate of Libra and is well aspected, it is sometimes an indication of material abundance and increase of possessions. But money does not always bring happiness, and the native will realise this.

(Isabel Hickey)

North Node in Aries gives self-assertion and a progressive nature. Should develop independence and stand on their own convictions. Personality should be brought to full development. Before you can give yourself away, you have to have a self to give.

South Node in Libra shows there has been too much emphasis on leaning on others and letting them run the life. Now this person must make his own decisions whether they are right or wrong. Growth comes through one's own expression and experience.

(Martin Schulman)

Here the soul is learning the lessons of self-consciousness on the most elemental levels. Experiences in prior incarnations did not permit the Self to form as a singular identity. Now the individual is paying the price for the indecisiveness of his former lives as well as learning how to rise out of his confusion by developing 'onemindedness'.

Highly susceptible to flattery, he goes far out of his way to do the things he believes will please others; but because he has not yet himself gone through ego identification, he becomes confused as to what course of action to take. Always trying to balance those around him, he finds himself to be the eternal referee between two or more opposing ideas, people, or conditions. Standing in the middle, he assumes the role of the buffed, trying desperately to bring harmony to both sides at the same time. From moment to moment and day to day, he seesaws from one side to the other, hoping that he will never be required to take a definite stand!

In prior lives he judged his happiness by the successes or failures of those close to him. Now he continues to identify his life through others. His confidence can easily be shattered, for he hardly yet knows who he is. By confusing the collective needs of others with his own unrealized desires, he makes himself susceptible to long states of depression. Still, no matter how drained he feels, he continues this past-life pattern of seeking out people with whom he can identify.

At times he develops resentment at his inability to pull the opposite parts within himself together. Yet he is so used to entertaining solutions to contrary ideas that he keeps creating more.

He is attracted to music and the arts, feeling comfortable in an environment that is gracefully delicate. When circumstances around him become coarse or brittle he loses

control.

He doesn't like to live alone but desires to be left alone. For his own peace and tranquillity, he must learn to overcome his enormous sensitivity to all the disharmonious needs of those around him. He does this best by dropping the attitude that he must fight for his very survival and refocusing his attention on what positive thoughts help him to develop his own identity.

In past incarnations there was great sacrifice to others which was not fully appreciated. Now the soul reincarnates with traces of resentment at not reaping the rewards of its efforts. This brings out the contrariness of the Libra South Node and actually prevents the individual from finding his real Self! The North Node can come out only when the South Node is brought to the highest possible karmic level. Thus, this individual will achieve his greatest potential after he learns to serve willingly, without desiring any rewards beyond his own self-growth.

He was impressionable in other lifetimes. Now he spends at least the first half of this life coping with the leftover residue of his own gullibility. As the years pass, he becomes an avid reader, which helps him to crystallize his thoughts. Still, there are so many past-life habits of indecisiveness that he finds it extremely difficult to make concrete decisions.

Always liking to see both sides of everything, he divides himself in half at every crossroad. When these divisions become so painful that he can no longer bear his own indecision, he starts to reach for his Aries North Node.

Ultimately he learns not to be afraid of taking a stand for what his higher Self senses is Truth. He reaches this by teaching himself to be an individual, rather than an extension of somebody else. Still, he must build on his prior incarnations which taught him how to love rather than hate. Thus, as he starts to find himself, he must still be mindful of how his newly-discovered assertiveness influences those close to him.

For short periods of time, he will have to isolate himself in order to gather his strength.

His biggest lessons center around learning how to make his head rule his heart, for he still melts too easily at the slightest attention.

Of all the zodiac, this individual has the least amount of past-life experience in examining himself. Now he must find out who he really is!

In the current life he is destined to make the transition from the reaper to the sower, whereupon every thought becomes a creative seed for his new beginning.

The house which contains the South Node shows the area in life where too much past identification with others inhibited self-development. The house which contains the North

Node designates the area where the Self is now experiencing its birth. Once a new sense of Self-identity is achieved, this individual will feel like Columbus discovering America; and the most amazing part of his discovery is reaching the awareness that it was there all along, but he never knew it.

(Mohan Koparkar)

Previous incarnation for this person was very easy-going and in considerable luxurious surroundings. Good things in life were the main pursuits for this soul. Learning on a mental level was very important for him. In this lifetime, he has to work with actions and aggression. Things are not always balanced for him now. As a result of this, he has to utilize all the means he can within his energies to carry through his wishes. Impatience and lack of tolerance can cause frustrations for him in this life. His job is tough as he has to keep his feet on the ground and at the same time watch for what goes on well above him. Failure to keep both ends tied up may cause loss of many successful opportunities in this lifetime.

(Donna van Toen)

You need to learn to do things for yourself. Your Libra South Node may respond: 'Yeah, but it's much easier to let others do things for me. Every time I try to do my own thing, either somebody takes advantage of me or I wind up getting somebody mad at me'.

Your major problem is that you are not rational when it comes to relationships.

Possible reasons: You have such a hang-up about being fair to everybody that you bend over backwards for others at the expense of your own individuality. You've stifled your leadership abilities because using them led to friction or discord. You're unable to get started on things without help, due to lack of ambition or self-motivation. Life experiences have over-emphasized the value of leaning on others and encouraged passivity as a means of gaining acceptance.

Possible solutions: Force yourself to undertake leadership roles. Dare to be enthusiastic about your beliefs and interests. Cultivate spontaneity. Do things on your own once in a while. Find a guru to follow. Find a big strong man (or good woman) to lean on.

With Libra south node, decision-making is often a problem. This is because with Libra south node, there's a tendency to overdevelop logic to the point that it smothers the Aries feeling and acting functions. However, feelings can't be totally ignored. They have a way of coming out and moving you in certain directions whether you choose to be aware of them or not. If they're denied positive expression through individuality and assertiveness, they'll be forced to take a negative route through insincerity, meddling or

dependence. With Libra south node, rationalization can lead to irrationality, since feelings get lost in the shuffle. Usually, this dependency on passive intellectualizing is the result of some traumatic experience where feelings have let the individual down. Often he or she has been ridiculed or rejected for reasons that were never clearly understood, and from that point on has decided that feelings can't be trusted. So figuring out strategies replaces feelings. The Libran south noder takes great pains to be sure that all decisions about marriage, job and life style in general are formulated logically and planned thoroughly. The trouble is that logic without feeling leads to marriage without love, prestige without satisfaction, and existence without living. Eventually depression sets in and logic ceases to function. At that point, Libra south node is forced to get in touch with his or her feelings and take appropriate action, thus attaining a nodal balance between Aries and Libra.

In my experience, the person with an over-developed Libra south node dislikes being alone; asks for help and advice, but then seems resentful of it; spends a great deal of time and money on grooming, cosmetics, clothing etc.; speaks in a monotone or a very tiny voice; is indecisive; is extremely co-operative to the point of being a door mat; has an inferiority complex; is a gracious host or hostess whose door is invariably open to everyone at all times; works hard at romance; and feels sorry for single people, regardless of their circumstances.

North Node in Aries wants to be outgoing. He or she wants to be a self-started, well able to lead and assertive enough to get what he or she wants. In contrast, this person is generally well-liked but inclined to see himself or herself as passive or too shy. There's usually an interest in or talent for art, fashion, editing, publicizing, or some other Libra-ruled talent; but because the person seldom challenges that talent by doing anything innovative, he or she is passed by when the acclaim gets handed out, and may begin to feel resentful. He or she can be sympathetic to the point of becoming a doormat, and may become so enmeshed in others' struggles for success and happiness that his or her own needs remain unfulfilled.

Antidotes for Aries imbalance: Psychological counselling (particularly assertiveness training) is often helpful in learning to utilize the Aries North Node. The client might be advised to write or tape a statement of his or her philosophy of life, including a list of goals for the next year. You may then help the client determine how to best express this philosophy while fulfilling the goals. Scientific study, particularly in the field of physics or physical development, may be recommended if the client shows aptitude along these lines. Any sort of discipline program - from Scouting to the National Guards - could prove beneficial. Travel - preferably alone - is recommended. Leadership roles - particularly in the work sphere - should be accepted.

For any type of Aries imbalance, the catch-phrase should be 'Try something new'. This 'something new' should naturally coincide with some untapped talent, as shown in the chart.

For many reasons, clients may not be ready to embark on a totally new life style. In these cases, a new hobby could prove beneficial. Among the hobbies I'd recommend for Aries nodal imbalance are: any sort of nature activities, from hunting to photographing wildlife, football or soccer, hockey, boxing or karate, enamel work.

(Haydn Paul)

You may need to be more independent and not be reliant on relationships or others' perceptions of you. You should avoid shaping your identity by assuming others' attitudes, beliefs, and values. Lacking self-confidence can result in confusion and indecision, especially when important decisions are required. At times, it may appear that you allow others to decide for you.

Relationships can provide security and stability; and you try to please those on whom you depend. Yet, through lacking self-knowledge, you may fail to acknowledge and respect your own needs, desires, and aims.

Be wary of more dominant influences; you may be gullible and impressionable. If so, you need to outgrow this and assume responsibility for evaluating situations and options. Relying on others will interfere with your choices and major decisions. At times of crisis, a divided self only offers additional confusion and pain; and you need to be decisive to resolve issues.

Try to follow inner promptings - perhaps previously ignored or dismissed 'messages'. Move in the direction toward which intuition guides you. Through developing faith in this process, you can release potential and be true to your nature. In so doing, you can discover how to honor your whole self.

When overly sensitive to others' needs or tending to confuse them with your unrealized and unfulfilled desires, you may experience weakened vital energies, which can create occasional depression. Acknowledge and assert your requirements, and take responsibility to satisfy them, as these are important for integration and personal growth. While a concept of service to others may remain a motivating force, your first priority must be to yourself, so that you integrate your whole being, instead of diminishing yourself through relationship dependency. Once this is achieved, you could serve from a different yet more effective perspective. When you attain inner harmony, energies radiating from you will also embody this quality to benefit others, even though some may find these energies uncomfortable due to their own disharmonious state.

Your new assertiveness also needs to respect relationships, connecting self and others for mutual benefit. You need to be true to yourself and to discover how to cooperate with others. By acknowledging your nature, you can explore relationships to greater depth, enriching them through shared understanding. Often, the Libran energy is activated

when you try to unify people, ideas, and situations, operating like a central balance between opposite conditions. The new balance required from you is 'self and others', where you develop balanced attitudes, individuality, and independence, while creating interdependent relationships. The key to this is to transform dependent behavior patterns.

(Bruno and Louise Huber)

Aries is the cardinal Fire sign. It is 'the' sign par excellence, in which selfmanifestation takes place. Here, the 'I' must stand out against the world, and especially against the 'You'. We must be able to say 'Yes' to ourselves, and to express this attitude in our lifestyle. Nevertheless, the way in which the desire for selfassertion is expressed by the Aries native will depend on our state of awareness. Or, to put it another way, the hazier the picture we have of ourselves, the more we resort to force; but the more differentiated our consciousness is, the more subtly we proceed. Yet even when being fairly subtle we still use 'push' - we have plenty of that. The 'I' tends to manifest itself in what may be pictured as a series of pulsations. The same is true when the Moon's Node is in Aries: we try to bring our personality to bear on the world in order to make things happen. This placement of the Node is usually a fairly strong incentive to be creative. Someone with the Node in Aries is incapable of settling down to routine work, even when output would increase. Increased output is not a consideration with Aries; what matters is creating something unlike anything anyone else can create. To produce something creative that is completely personal is the ultimate in self-expression for this sign.

With hard aspects to the Node, there is a danger of over-producing like some sort of 'Stakhanovite'. The native engages in hectic activity, and revels in quantity instead of being creative. However, the individual with the Node in Aries can produce an enormous amount of truly creative work.

North Node ♉ in II 2nd House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the second house is fortunate for the native's personal worth; his business will prosper, he will accumulate wealth fairly rapidly, and many strokes of luck will urge him onward. It also favours a rich marriage for love, with

an intellectual partner, of tall stature, gentle disposition and clear complexion.

The Descending Node (Dragon's Tail) in the eighth house will bring trouble connected with the sense; abuse of the animal passions. It is also a sign of a peculiar death, often connected with a relative, or the marriage partner, or his (or her) parents, who may suffer from heart trouble. This position also implies trouble in connection with inheritance.

(Isabel Hickey)

Emphasis is on developing personal resources. Can attract money, and needs to do so in order to develop 'attracting' power. The ability to attract (Venus), whether it is material or spiritual, is to be built in. Reliance on other people's resources or other people's money must go.

(Bernice Grebner)

The person having the North Node in the 2nd will be faced with the problem of earning and managing his own resources. It is instructive for him to depend upon others' finances and resources. He must build his own if his destiny is to be fulfilled. This nodal position needs to develop practicality, physical endurance, and perseverance. North Node here must relate loyalty to sex, and must bring it down to earth and reality.

South Node in the eighth is secretive. There is an innate knowledge or extreme interest in sexual matters as a true regenerative force. It gives a natural talent for the occult arts. South Node in the eighth gives a desire to be supported by another, or the partner's money is extremely important to him. It gives a knowledge and talent for handling other people's money. This person needs to lose reliance on partner's finances. He is not afraid of the thought of death or dying. It gives an extreme hunger for knowledge of the hereafter, coupled with an innate wisdom of our connection with the cosmic forces. Death seems to play an important part as a rejuvenative force in his life. There is a preoccupation with his sexual knowledge and prowess. however, he is very considerate of his partner's satisfaction in sex. Both North and South Nodes in the eighth can bring fame after death, depending on aspects to the Sun and Moon.

(Mohan Koparkar)

This condition often signifies unusual financial activities, or abilities to deal with resources successfully or unsuccessfully in this life. They have to learn to abide by their resources rather than others' possessions. Tricky affairs with others' resources in the past life have taught them strong lessons. Thus, in this life, they try to stay away from credit matters and others' resources as much as possible. Their partner's money or possessions become a 'headache' for many of these individuals. Another significant lesson they have to learn in this life is to understand and diagnose the occult or hidden

influences in their judgements and actions.

(Martin Schulman)

The individual with these Nodes spends a good amount of his current-life energies on the darker side of life. From past incarnations he has secrets which he now spends most of his time guarding carefully. His greatest difficulty is in attempting to lead a life which is beyond reproach, for his lower self is powerfully strong.

He desires light, but with every step he takes toward it the aching of his guilt-ridden subconscious blocks the road.

He has had much prior-life experience behind closed doors, where the eyes of open society failed to look. He is even accustomed to creating deceitful circumstances where there were none before.

Actually, he is testing the limits of other people's values; and while many may know him closely, none will know him well.

Inside, he is highly nervous for fear of others unlocking his secret doors; for well he knows that he is undermining nearly everything he touches. Yet he has the selfassuredness to believe that all will go well no matter where his sometimes immoral adventures continue to lead him.

Because this individual has not yet established his own sense of values, he tries desperately to study the values of others. In so doing, he inadvertently pushes others off their track and therefore can be a threat to all that others hold near and dear. In former incarnations he destroyed much of his own value systems, so now he finds it difficult to understand why others cherish the things they do. He doesn't have his own stake in this life, so with nothing to lose he feels free to claim-jump the stakes of others. Usually, this is accomplished in such subtle fashion that it is extremely difficult to recognize.

There is also strong past-life residue of sexual misuse. He has learned to think of his sexuality as his strength, using it as foothold to gain possession of others. In the female, this is the story of Delilah Mata Hari, whose unusual sexual powers lured the strongest of men from their appointed missions. In the male, much of the life energy is dissipated on sexual thoughts. He doesn't use it for power in the same sense as the female, but it is for him the reassurance that all is going well with his ego.

The interesting thing is that sex is never the end but always the means. In the give and take barter system, sexual allure or responsiveness becomes the payment in exchange for another's values.

Individuals with these Nodes become jealous easily. Constantly they wish to trade

places with whoever seems to have a greater backyard; and all too often they feel the sex is a fair price to pay for all the honors they may eventually receive.

From past incarnations, this individual feels shunned by society. Now, on the outskirts of acceptance, he is like a little lost child in the winter snow, peeking into the window of a brightly lit cabin with the hope that somebody will come and let him in out of the night.

He is less than discriminating, for he desires such an immediate release from his current pain that it hardly matters to him whether he is jumping from the frying pan into the fire.

He turns to wherever solace is available, for his loyalties have not yet reached the state of evolution at which they may be considered totally trustworthy.

In his current-life childhood, he experiences fear of death, almost as if death itself would be the logical punishment for all his misdeeds in past incarnations.

He keeps feeling that he has to fight for the things he needs, for he has no sense of having yet earned them. When he falls short of reaching the brighter side of life, he secretly blames others for his misfortunes.

In a few rare cases, this individual must overcome past life criminal tendencies or residue of witchcraft. Only through a proper assessment of his second house North Node can he establish the substance that will lead to a new rebirth.

Here the memory of past lives has to be brought to the surface and then eliminated completely in this eighth house of death before the soul can progress into a new set of values.

The individual must learn to develop and build that which is sincerely meaningful to him, understanding clearly that that which is dishonorably obtained is highly difficult to preserve. He cannot expect to grow through other people's efforts, for if he wishes to cross the bridge, he must pay the toll out of his own pocket.

As soon as he grows to this realization, the lighted door cabin swings open for him - not through the goodness of others, but because he has earned it!

The sign which contains the South Node indicates the ways in which former incarnations have brought the individual to be too preoccupied with the business of others.

The sign which contains the North Node shows the ways in which he can now build a substantially new and meaningful life for himself by establishing his own value systems.

(Donna van Toen)

Conflicts: Personal worth vs. worth to others. Practicality vs. sensuality. Ability to influence others vs. ability to be influenced by others.

Possible results of sacrificing North Node: Extravagance. Involvement in shady dealings. Creation of false values. Lack of discrimination. Misuse of sex, occult knowledge or joint resources.

Possible ways to integrate North Node: Earn what you accept. Seek possessions for their practicality or intrinsic beauty rather than for their value as status symbols. Keep some strength in reserve for your own needs rather than using it all in pleasing others. Invest in known commodities rather than high-risk ventures. Keep spending slightly behind income.

When the North Node is in the second house, there's a hang-up about security. According to what stage of the balancing act the person is in, he or she can exhibit wild extravagance or greed and parsimony. In either case, there's an emphasis on possessions as status symbols. The actual possessions may take various forms - from ultra-expensive to the recycled bargain. In any case, they're only a symptom of the cause, which in reality is a perverted or underdeveloped spirit of enterprise. Sometimes possessions are used to assuage feelings of inadequacy caused by a constitutional weakness; otehr times they're a means of providing some measure of present security to compensate for a childhood lack. There's a strong tendency to trust to luck or be attracted to get-rich-quick schemes. Often, possessions are gained only to be lost again through extravagance or blind generosity. Sometimes there's a tendency to gamble, with disgrace or disaster ensuing.

Whtn the Node takes an avaricious form of expression, chances are that some important form of security was withheld in childhood. Clients with this placing invariably complain of some traumatic lack of privacy. Having to share a room with several siblings, having to conform to stifling regulations while in boarding school, a parent who listened in on 'phone conversations, opened mail, read diaries etc. - these are some of the most common experiences mentioned. As a result, these people have come to feel that they have nothing to truly call their own. Thus, even if they should acquire great wealth, they're afraid to give even a little for fear that others will demand more and more until once again everything they have is gone.

This last form of expression may also result from a surfeit of negative eighth house South Node experiences in the adult years.

North Node in the second house wants assurance that his or her financial needs will always be met. He or she may dream of great wealth, but more commonly just wants enough to provide the basic necessities plus an allowance for indulgence in one major

luxury - expensive beauty treatments, antiques, books, or whatever. (This luxury in itself doesn't seem to have any bearing on the nodal sign; it's more often connected with a rising or otherwise predominant planet.) Peace and harmony are also important components of the dream. In contrast, this person is often subject to feelings of strangeness or bouts of moodiness that hinder harmony and successful attainment of dreams. It's interesting to note that there's often marked psychic ability that's repressed or totally denied. When this is channeled, moods often improve. In extreme cases, there's compulsiveness that can lead to underhanded methods of obtaining goals. Again, this sabotages the need for harmony.

(Haydn Paul)

You tend to protect personal secrets, perhaps associated with feelings of undefined guilt and insecurity. An example of your self-protective needs could be your tendency to weave misleading webs around yourself as a form of 'disguise', or possibly from a fear of anyone coming too close emotionally. This insecurity influences relationships, and you may fear social condemnation if your attitudes and hidden personality are exposed. These fears may be unfounded, yet they exert inner stress and pressure, shaping communication and often causing you to withdraw from more intimate contacts.

You tend to undermine things unconsciously, having an unsettling and sometimes disturbing influence on events and people, as well as on your own life. A firm stand of personal values is probably missing; and this can have a negative effect on your identity. Intentionally or not, you can challenge the values of others in a manner which weakens them, as your impact can shake their foundations. As you lack firm values, you can fail to appreciate their worth or understand how others may rely on them for support through investing in beliefs, attitudes, and ideals which provide personal meaning.

You may feel socially unacceptable, although your isolationist stance contributes to this, as do deeper insecurities. Simultaneously, however, you may want to be part of the same society which another part of you is rejecting. Pain may come from fearful feelings of social rejection. The danger is that these unresolved, wounded feelings can make you want to undermine people and society deliberately, to blame and punish them for your lack of social adaptation and integration. The feeling that you deserve more than you receive, coupled with a knowledge that you are failing to make sufficient effort, can create contradictions which generate suffering, inner discord, and dissatisfaction.

Sexuality will have a high profile, and much attention will be devoted to your adult needs. Yet attitude change may be required, especially if you prefer domination and power over others or use sexuality as a means of releasing aggressive energies. Through deeper sexual experience, a path toward enhanced harmony with others could be discovered - a path whereby relationship negativity and confusion could eventually be transformed.

You need to learn how to build foundations based on your values and worldview, on

what is personally important and holds meaning and purpose. Look honestly at yourself, define these important values, and seek to apply them in daily life. Once you learn self-respect and honor these values, you will cease to undermine those of others, and instead will respect them too. As you begin to recreate yourself, relationships will also improve and become more satisfying. You will discover a new social affinity; and thorough acceptance, self-rejection and disruptive pain will dissolve. You can benefit from self-directed changes along these guidelines, and they will transform your life. Human nature is more flexible and amenable to change than is often realized. Choosing to change will provide considerable insights into your nature. You could offer yourself as an example and help others by encouraging their transformation into a more meaningful life.

(Bruno and Louise Huber)

Essentially, with the Moon's Node in the 2nd house, we are concerned with exploiting our capital resources. We must learn to use the possessions, capabilities, and knowledge we have acquired or partly acquired. There is no need to rely on others for their help or financial assistance. We ourselves have sufficient strength and funds to play our part in life.

The 2nd house has to do with personal possessions. It is an ownership house. The individual who has the Node in the 2nd house must use what he or she owns in order to make progress. One becomes effective only when one begins to employ one's capabilities, talents, or whatever one has - material as well as intellectual. Generosity, too, is important to cultivate, because as a rule there is a reluctance to give; or, depending on the sign, there is not enough self-knowledge and selfconfidence in what one has. In which case, one must start to create this sense of security by continuing to build up one's resources.

The area of life concerned is one in which, over a fairly long period in early youth, substantial acquisitions are being made. It does not matter if these are material, intellectual, or spiritual, provided they are solid. Then comes a second period, in which these solid values are put to work. Here, too, the key question is that of generosity - of whether or not one is prepared to give. If so, the discovery is made that abundant giving yields an abundant return.

When charts have this placement, one sometimes finds a poor self-image, especially when the Node receives hard or inconjunct aspects. The native underestimates his or her personal merit, which, in the 2nd house, is judged by possessions. Consequently there can be a determination to hold on to these possessions without sharing them; also a desire to collect more. On the other hand, the native can become dependent on the wealth of others.

With the Node in the 2nd house, the vital assets are sound, but this fact is left out of account until it registers in the conscious mind. The complaint is made that one is being

exploited, or that others are earning more or are better off than oneself. But when the influence of the Moon's Node enters consciousness, it brings with it a belief in one's intrinsic worth.

(James Braha)

If the North Node is in the second house or Taurus, the person's greatest growth, evolution and fulfillment come through appreciation and enjoyment of earthly pleasures. In past lives, the person has been preoccupied with the profundity of life, mysticism, spiritual development, and helping others find their values and self-worth. It is not time to expand the practical side of being, and cherish God's creation to the fullest. The person should focus on wealth, comforts, the arts etc.. Collections of any kind are very much to be favored. The person must let go of patterns of detachment and indifference, and engage fully and passionately in life. Enjoyment of the physical universe is his path to happiness, spiritual integration, and higher realms of awareness.

The person should concern himself with personal security. He needs to take jobs that are steady and stable, and that allow him to cultivate a conservative, systematic manner. Endeavors involving agriculture, gardening, or archaeology will bring satisfaction and delight. The person should surround himself with beauty, and take his appearance very seriously. He must honor the qualities of patience, consistency, firmness, and determination. Above all, he must learn to acknowledge and value his own personal needs and desires. He should seek out the real and tangible, and remain somewhat sceptical of that which he cannot see, smell, hear, touch, or taste. Self-identity is extremely important during this lifetime; and the person is developing loyalty, balance, and equanimity.

Sex may be enjoyed for the sensuality and sheer pleasure of the experience, but not as a means of gaining power, indulging in passion, or losing his identity to another. Unless other aspects of the birthchart indicate otherwise, the person may have little desire for the occult or mystical side of life. He is not much concerned with psychological transformation and spiritual methods of evolutionary growth.

In Hindu astrology, the North Node in the second house and the South Node in the eighth house (or vice versa) are the most troublesome node placements. The reason is that the second house, in the ancient predictive system, is considered family life; either node there causes serious harm and suffering. Happiness in general is much disturbed, and there may be marital strife and discord. The South Node in the eighth house is good for intuition and psychic ability. Sign positions are of little significance. Natal North Node in 3rd House / South in 9th

(Black Moon) Lilith ♀ in ☊ Cancer 13° 11'

([1140] elsaelsa.com)

Atlas

If you have Black Moon Lilith in Cancer, the struggles you've encountered through your Lilith placement have made you adept at dealing with emotion. You learned that feelings can be a powerful tool when wielded properly.

However your Lilith wounds have manifested (which is determined by the house your Black Moon Lilith is located in), you've learned that safety is an illusion. Even the places and people around whom you feel most at home can change or be taken from you at any moment, and you never forget it. And yet, safety is what you crave the most. A quote I once read seems very fitting here: "I once mistook the feeling of safety for the condition of safety and I've been looking for someone to blame ever since."

To push back against the great insecurity this placement can bring, you have become an emotional wizard. You are hyper-vigilant, aware of the slightest shift in mood or atmosphere. When something is off, you are quick to nurture, comfort, or otherwise save the day. Allowing painful emotions to fester is anathema to you. You want to fix your loved ones' problems NOW and get back to the comfort you so deeply desire.

You are also driven to hold things together. It sometimes feels like your life will fly apart into a thousand pieces the moment you let your guard down. You spend so much time trying to keep things together – yourself, your relationships, your family, etc – that you are perpetually ready to crack under the weight. The fear of having everything fall apart is such a powerful force that you are willing to sacrifice almost anything to preserve what you have. By actively managing the emotions of the people around you, you create at least an illusion of security. In this way, you buy safety at the expense of your own inner peace.

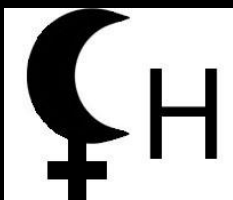

Spending so much time managing other people's emotions creates an unusual relationship with your own. On the one hand, you are loath to assert your needs and emotions, preferring to keep them bottled up to avoid rocking the boat, and only letting them out when you are sure that it is safe and they'll be received well. But when all else fails, you are willing to weaponize your sensitivity as a last resort. In these rare moments, you'll plead with all the ferocity your deep emotional well can muster, appealing to the other person's higher nature or loyalty. The danger, of course, is that

such displays leave you vulnerable. And if the other person fails to respond in the way you'd hoped, you're left feeling horribly betrayed and with no other cards to play.

One of the easiest ways to reduce the risk is to channel Cancer's opposite sign, Capricorn. Capricorn is just as sensitive as Cancer, but they prioritize differently. While Cancer may react to small changes in feelings, hoping to head any difficulty off at the pass, Capricorn is more concerned with actions. Capricorn says, "So they're in a bad mood. So what? Did they still take out the trash? Did they still, in ways large and small, show up for me? Then we're fine until they say we're not." Capricorn avoids much of the daily turmoil by ignoring the small ups and downs. Additionally, while Capricorn is also concerned with security, they approach it differently. For Cancer, security comes from the people around them. For Capricorn, security comes from relying on themselves. In that way, Cancer can redefine safety by incorporating self-reliance.

I could easily write a book on this placement alone, but let me end with this: Your uncanny ability to sense emotions and hold space for others' vulnerability is such a beautiful quality. It's also your superpower. As you work to build a world of safety and security, your skills will be needed more than ever. Just make sure that you build your own internal sense of safety first. You, too, deserve to be nurtured.

(Black Moon) Lilith ♀ in V 5th House

([1153] elsaelsa.com)

Dark Creation

If you have Lilith in the 5th house of your chart, her themes will manifest in terms of sexuality, pleasure, creativity, and children. It may seem as if life's pleasures are always either denied or warped.

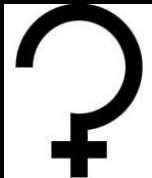

With this placement, you probably grew up quickly. You were denied the chance to have a real, innocent, free childhood. Because of this, many people with Lilith in the 5th choose not to become parents for fear of not being able to protect their own children from the darkness of the world. They also often fear that their own darkness and pain will be inflicted upon their children. If you have Lilith here, you know what I mean. If you do have children, you will be hyperaware of their experience and be fiercely protective, making sure they have the innocence you were denied.

The 5th house rules sexuality, and here we often find a very literal interpretation of Lilith's myth. She attempted to stand up for her right to equality, to pleasure, and to having sex in a way that pleased her too, and she was instead dismissed, coerced, and wounded. With Lilith here, you have certainly experienced wounds in terms of sex and pleasure, and you responded either with a total rejection of sexuality or with promiscuity. Either way, the goal is to take back control and confront sexuality on your own terms.

The 5th house is more than sex and children. It is creation, period. It is concerned with artistic expression and bringing forth something new into the world. With Lilith here, your creativity has been met with disdain or cynicism. It always seems to fail to meet some outside expectation, and is instead relegated to the margins.

This is just a sample of the ways that Lilith could manifest in the 5th house. But there are a few pieces of advice I think apply across the board. First, pleasure is not frivolous. It is our birthright and we should be empowered to seek it on our terms and for our own benefit. And finally, we don't create and express ourselves in order to please others. We create because we must. It is part of what it means to be human. So shine on.

Chiron ♄ in ♏ Scorpio 24° 52'

([1255] astromajesty.com)

Chiron represents healing, and in this case, Scorpio represents death. It is their deepest wound and fear. Consciously or not, being terrified of death and loss controls a big part of their lives and choices.

They are deeply aware that life will imminently end. It is what gives them a strong connection with concepts of attachment, agony, and loss. Whatever they do, there's debilitating thought that everything will end, which means everything is pointless.

The most profound human fears plague Chiron in Scorpio people. That makes this wound so hard to heal.

Individuals with Chiron in Scorpio tend to have dark, perhaps even nihilistic thoughts. That further incites paranoia, anxiety, and the tendency to believe everyone is against them. They might feel disconnected from the world or spiritual energy.

It is why Chiron in Scorpio is associated with control. Death is the one thing we can't control, which is why people with Chiron in Scorpio try to enforce it in alternative ways. They believe that if they can manage every menial part of their lives, they can do the same with the big ones.

Hence, these are the people who dissect every thought, try to determine the consequences of every action and other people's responses.

But they often give themselves or other people negative pep talk because they are inclined to expect the worst. These tendencies often prevent them from recognizing genuine love and intentions.

Scorpio Chiron people train themselves to seek and see control. Positive emotions often get lost in the process.

As Scorpio Chiron wound is intense, these people will go to great lengths to heal it. Yet, they tend to choose dysfunctional ways because they associate death strictly with negative connotations.

Death is pain, loss, and nothingness. Hence, they dread everything that might result in experiencing that anguish.

Even though it's a primal wound, Chiron in Scorpio tends to start with abuse, trauma, and grief. These individuals will bury those traumatic experiences so deep that they won't understand why they have a constant terror roaming through their whole being.

But as they suppress it more and more or hide it with unhealthy coping mechanisms, it's much harder to heal that wound.

People with Chiron in Scorpio often use relationships to establish control.

However, they can also be the one that's controlled. Scorpio Chiron persons are likely to have little to no boundaries because they associate love with control.

That means that they will often exaggerate in intimate relationships, emotional affection, or manipulate their partner. On the other side, they might enjoy their partner dominating over them in every sense.

These individuals can also be into occultism, religion, or something else that brings them closer to death without really experiencing it. It is why many of them control their fear by becoming obsessed with darkness. Others might crave power and to be an authority.

Scorpio Chiron people also take a long time to trust others, or they never manage to connect.

Their childhood or past-life trauma haunts them and doesn't allow them to relax, believe in people, and good intentions. It is why they build walls, use attack as a defense mechanism, or withdraw from everyone.

Although people with Chiron in Scorpio struggle with traumas that can mark one for life, they should learn how to respond healthily and move on.

Otherwise, they could get stuck in a dark place forever. Besides, unhealthy coping can also result in becoming destructive, jealous, and vengeful.

Men with Chiron in Scorpio

Males with Chiron in Scorpio are passionate, intense, and emotional. But they usually have an inexplicable inner pain that makes them depressed for no reason. They chase longstanding happiness but hardly believe that it exists.

As their primal wound is associated with pain, loss, and violence, they train themselves to expect the worst and avoid getting their hopes high. Scorpio Chiron men are terrified of being disappointed, death, and dark magic.

Even though on the outside they appear cold, insensitive, and indifferent, they are hypersensitive. They struggle with a childhood trauma that they keep as a secret from

everyone. That debilitating experience prevents them from trusting anyone.

Scorpio Chiron males control others because they want to manipulate what people feel and think. Men with Chiron in Scorpio can be depressed and feel worthless.

Still, when Scorpio Chiron men are in love, they will do everything for their dear ones. These males rarely find someone as honest and loyal as them.

But these men can also be jealous, manipulative, and possessive. That's their way of controlling who they love due to being terrified of ending up lonely and facing final days alone.

As they are fascinated with occultism, darkness, and death, they can stray into addictions with ease. These addictions are not strictly illicit substances.

Scorpio Chiron men tend to be sex addicts or to use intimacy to escape from what frightens them.

But it's not unlikely for these men to be masochists and find pleasure in being hurt physically or mentally. It is why Scorpio Chiron men can sometimes shock their partners if they let their imagination run wild.

The other type of man with Chiron in Scorpio likes to be the one who's controlled. It is why they might become obsessed with partners who treat them wrongly.

Hence, they often stay in toxic relationships much longer than they should. Scorpio Chiron men are also likely to marry persons who humiliate and use them.

These men must learn that control is not the ultimate weapon against death or loss. It is something that's out of their hands, and they should focus on here and now instead.

Summary

People with Chiron in Scorpio are mysterious, interested in dark topics, and highly sensitive. A traumatic event or memory from their past life or childhood confronted them with their mortality at a young age.

Perhaps these people had to witness the death of a parent or someone close to them. However, they were likely witnesses of a painful or humiliating death.

Either way, Scorpio Chiron people are terrified of loss, grief, and death. They associate all of these with a lack of control. Deep inside, Scorpio Chiron individuals believe that if they show that they're not afraid of it, they will establish control.

But these people center their lives around the need to be in control. Scorpio Chiron

people try to control their friends, partner, family members, and their own thoughts. It is their way of demonstrating that they can overcome the fear of loss and death.

Yet, Scorpio Chiron people are vulnerable and sensitive inside. They are terrified of other people finding that out and using them.

That's why they tend to build walls around them and withdraw from people. What moves their defense mechanisms is the belief that they can stop pain before it happens if they cut-off people from their lives, act cold, and untouchable.

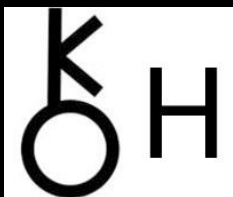

Individuals with Chiron in Scorpio are protective of who they love and they will go to great lengths to save their loved ones from hurt and pain.

However, if they've been hurt many times, they tend to become self-destructive and seek ways to detach themselves from everyone.

As they are obsessed with death and mortality, the reason behind everything they do is whether there's a greater purpose. Scorpio Chiron people seek answers to life and they are restless to uncover what comes after death.

Hence, people with Chiron in Scorpio have a goal to understand the unbreakable connection between life and death, and how one doesn't eliminate the power of the other. They should dedicate themselves to meditation, yoga, and introspection to discover that death doesn't annihilate life.

Chiron ♄ in IX 9th House

([1268] astromajesty.com)

People born with Chiron in the 9th house likely struggle with what this house governs: beliefs, travel, meaning, or higher education.

Perhaps they strive to understand one of these or be the best in that field, but life hits them with one setback after another.

These individuals typically have a unique perception or point of view, and they tend to question the world around them. Their beliefs tend to differ from that of the majority.

It is why they often feel misunderstood, inadequate, or lonely. In the oddest scenario, they could believe that the world resembles the Matrix movie premise and that everything is a simulation.

Whatever bothers them, it usually affects their belief system, and they feel a lack of meaning.

Those born with Chiron in the 9th house often disagree with the religion, culture, or traditions of their family, nation, or religion. That makes them lack a sense of belonging.

Generally, these individuals often perceive themselves as outcasts, vagabonds, or unwanted in society.

Perhaps they are atheists in a highly religious culture or the opposite. Or, maybe, they want to follow an ancient belief or tradition, making them look odd and different.

Whatever it is, their philosophy or (lack of) religion causes them disappointments and troubles.

Sometimes they would like to be like everyone else, but they fail to fit in. It is why they question the roots of their views and beliefs.

However, they rarely manage to uncover what caused their convictions and whether they exist on a primal level or there is an explanation behind them.

Even without understanding the cause, they feel an inner urge to defend their views and fight for their beliefs.

Yet, at some point, they often realize that those same convictions prevent them from being happy or accomplishing their goals.

Transformations and inner development

People born with Chiron in the 9th house typically go through more than one spiritual, religious, or philosophical transformation in their lives.

It happens when they start to understand that their views impede their growth and reaching the ultimate meaning of life. It is when they either adjust or change their perspective altogether.

When individuals with Chiron in the 9th house change their perspective, it is life-changing and drastic. They also tend to change their lifestyle, behavior, or place of living. That is not utterly surprising, considering they are continuously learning and soaking in knowledge.

They feel an urge to expand their inner worlds, but sometimes they overwhelm themselves with having to grow. Individuals with Chiron in the 9th house read and collect data even if not useful or relevant.

Sometimes, they neglect other responsibilities because of that. It is also why they tend to be stressed out and overworked. They strive to reconcile their work, hobbies, leisure time, and learning but end up without energy for any of it.

Those with Chiron in the 9th house could become arrogant or vain because of the knowledge and information accumulated over time.

But that can affect their relationships with people due to becoming self-centered or cocky.

Yet, if other aspects in a natal chart have a favorable position, they could become teachers, helping others expand their horizons.

Chiron in the 9th house native typically has a rebellious character and loathes conforming with what the society expects from them.

Due to the trauma of having to fit in and suppress their personalities to be acceptable in their culture, they loathe dogmas, rules, and expectations.

Their community, family, or nation likely indirectly caused their wound because they had to accept the norms, laws, and regulations against their beliefs and will.

Unable to fit in and choose the ordinary path

Nevertheless, their inability to fit in isn't always about their attitudes and convictions.

Sometimes it is about the roles they take in society. They tend to deviate from the standards and expectations. Perhaps the native is a stay-at-home dad. Or, maybe, it could be a mother joining the army or a professor that uses unconventional but effective teaching methods.

On the other side, Chiron in the 9th house native could also have a disability that prevents them from fitting into the regular categories.

These individuals are likely to be minorities and to challenge the norms with their sexuality and gender views. They push away the stereotypes and fight against them.

These persons are allergic to prejudices and believe that everyone is unique and capable of changing the world.

Whatever their background story is, these individuals usually have to overcome an overwhelming obstacle to reach the other side and find their place or meaning.

That means they might have to fight against the law, society, rules, injustice, religious or political expectations. They could also experience personal setbacks and difficulties that make them stronger and reinforce their warrior spirit.

Anyway, by overcoming these troubles, they usually make the world a better place.

That could be by revealing how people in power abuse the rights of those on the margins.

Or, perhaps, they could be single parents raising strong-minded and independent individuals.

Game-changers or leaders of toxic convictions

It is a placement that can give revolutionaries, game-changers, or those that will sacrifice themselves for their ideology and beliefs.

Those born with Chiron in the 9th house can defend their convictions only to become its victims. Or they could contribute to breaking down regimes, dogmas, and hatred.

These natives are usually ready to dedicate their lives to uncovering the truth, unveiling manipulators, aggressors, and schemers.

On the other side, they could also fight for wrong and toxic convictions all their lives.

But even then, they likely realize that was a lesson that helped them expand their views and accept they can be wrong too.

All their devotion, beliefs, and fights tend to manifest their endless pursuit of higher meaning.

Your greatest satisfaction and fulfillment comes through surpassing yourself and being the center. So, it comes through your personal mastery, inspiring and guiding others, without abandoning the responsibilities that your power gives you.

You want to improve yourself and your society by means of some attainable goal that can serve as an example, and that makes you feel satisfied and deserving of a reward, as a symbol of what man is capable of when he uses his potential. You help human beings appreciate and be proud of themselves.

Simply be happy to have had the opportunity to help another person. You almost always wait for the admiration of others. But, you must understand that the personal love you give will at times not receive its just reward. So, it will help you to express it impersonally to avoid that your search for an audience distracts you from your purpose and creative will.

You are very demanding with yourself. You feel satisfied when you achieve a specific goal, with principles that bring you honor, prestige and respect.

You are generous. You must learn to give without expecting anything in return, although you need some kind of response to know that you are doing things well and that you are on the right path.

Focused energy brings you your greatest successes, and the admiration you finally receive will bring you your greatest happiness. You are joyful, above all, knowing that you have had the opportunity to show that when people feel good about themselves and respect themselves, they are able to overcome the biggest obstacles.

Your greatest accomplishment will come from everything that you express and from the significant principles that you exhibit.

Part of Fortune ☒ in VI 6th House

([1292] astrolibrary.org)

Your greatest satisfaction will come from work and being always active. You get fulfillment through careful use of your time and energy.

You realize how others return to situations already solved in the past, to negative emotions, or to make defeatist excuses. However, you must take care of the details of the present and overcome all negativity through a very active, systematized and organized life, always serving Humanity and seeking to make your life as useful as possible.

Your life needs to have a sense of purpose. You worry about improving yourself and your environment. Maintaining a purity of thought helps you to completely surrender to what you are doing without letting yourself be carried away by doubts or other distractions.

Since your Part of Fortune is in the sixth house of your birth chart, the 12th house is the opposite house. Through the 12th house, you know the inner needs of humans. This makes you sensitive to the forces of creation and the invisible powers of the Universe. It also gives you a deep compassion.

You must do something with this and not be just a passive observer. Therefore, you must participate actively in life, and yet, although you know the infinite, you must function clearly in the defined world.

It gives you an immense joy to know that you can help heal another person. You must strive to be useful at all times and use your ability, since you know better than anyone else how to do things to find an improvement or greater functionality.

You know the workings of the unconscious and how others, and even you, are carried away by their impotence, imperfection and uselessness. That is why your greatest satisfaction occurs when you are able to improve others and help them formally to develop their potential.

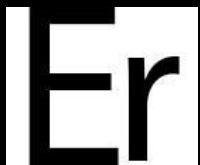

You must learn to appreciate the perfection that exists in the world, not worrying about the imperfections, and to develop this potential to the fullest. You must see negativity impersonally, in a detached manner.

You function better when you do not think of a cosmic reality or beyond, but by tuning into the Universe you make it functional by perceiving it with the five senses and putting it into a realistic practice. When everything you do makes sense, you can even allow yourself to be carried away by everything that happens at the moment without fearing to lose your way on your path that you set upon. Therefore, you must improve your natural abilities, and thus the Universe will begin to cooperate in the awakening of your fulfillment.

([86] astromatrix.org;) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

Also, you cannot really get in touch with other people through your mind alone.

This placement of Saturn can signify that you will be very successful or very unsuccessful, depending on how you experience success while you are young. You respect those in authority even when you feel they are giving you a hard time. You understand that they have earned the right to their position and that to challenge them you must earn that right as well.

Only if you have very negative experiences with authority while you are young - and your

parents will have a lot to do with this - will you be negative about it when you are older. No matter what career you choose, you will be a teacher and a guide for others. You may be a teacher in the literal sense in some kind of school.

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do

not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

([31] astromatrix.org;) Depth Of Mind

In the case of Mercury Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Saturn, your mind will be more serious and responsible, cautious and reserved. excessive pride and arrogance.

14) ► **Mars** ♂ **Parallel** ♄ **Uranus** - (1°59') ♃11 | ♅8

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from

you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([78] astromatrix.org.) Extreme Individualist

People should be prepared to encounter you as an extreme individualist. Even while you are very young, you insist on doing everything your way, and you strongly resist any pressures to conform. In fact, the best way to ensure that you will not do something is to try to force you to do it.

You are a rebel, and the established ways of living will not attract you particularly. On the other hand, you can be very creative with this aspect, because you have much originality

and can see life in ways that others are blind to. You may be very inventive; in fact, this placement is characteristic of people who make a career in scientific or technological invention.

You may get a great deal of satisfaction from goading others. When you see people who are set in their ways, you cannot resist playing jokes or otherwise outraging them. Obviously if you are going to do this, you can expect to have problems with teachers and other authority figures, even your parents, who would prefer that you conform a bit more and stop rocking the boat. Teachers might find you quite difficult to deal with, not only because you insist on breaking rules, but also because you are very restless and hate to sit still for long. This placement may indicate a nervous disposition as well. Eventually, you should learn when it is worthwhile to rebel and when it is not. However, adults who want to restrain you should not try to do so by force. If they do, you will develop a lifelong negative attitude toward authority.

2) ► **Imum-Coeli** IC **Conjunct** ☊ **North-Node** - (10°12' A) ♊2 | ♊2

([217] astromatrix.org;) Becoming Humble

With North Node opposition the Midheaven, success and monetary gain come through your domestic life. You always have a roof over your head, however temporary. You benefit through your parents and other family members. The timing of events in your domestic life with current social events brings good fortune, especially in your later years. However, misfortune comes through blocked professional interests as you rarely get the recognition you sometimes deserve due to lack of poor timing. Your long-time habits often clash with social norms, giving you a bad reputation. Poor timing often prevents you from meeting people who could help advance your career. However, your ability to work hard leads to your eventual success, but it may benefit others more than you.

Your karmic path is not aligned with your ambitions; it is suggested that in a prior life that these people received plenty of recognition for your efforts. You may have been in positions of authority where others would have helped you achieve great things or notorious things, much depends on the aspects to this position.

There is often a need to develop a sense of humbleness as well as a modest attitude where you will put emphasis on the home and family rather than making a name for yourself. You may have to take a humble stance in the material world and leave behind their need for recognition and achievement. You will be drawn too working within the family and home environment, developing yourself on a deep emotional level, which is quite different from your previous existence.

3) ► **Sun** ☉ **Conjunct** ♄ **Saturn** - (2°57' A) ♄6 | ♄6

([7] astromatrix.org;) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your

available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner

maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

4) ► **Moon ☾ Conjunct ☿ Mercury** - (5°51' S) 001 | 001

([15] astromatrix.org;) The Busybody

Opportunities: 1. Expanding Your Consciousness 2. Aiming for Exponential Personal Growth

Challenges: 1. Seeing Other Perspectives 2. Accepting Criticism

All Moon-Mercury planetary contacts are concerned with the relationship and dynamics of the Moon's instinctual, feeling, and emotional tendencies, with the analytical, lower mind, and communicative abilities reflected by Mercury's natal chart position. This connection can imply the type of inner relationship between the more unconscious personality functions and those of the separative conscious mind and ego.

The close conjunction of Moon and Mercury suggests a relatively open channel between your unconscious mind and your rational mind; exactly how this relationship works may, however, be variable, with both the strengths and weaknesses of each planet displayed over time. Rationality assumes higher priority, and possible conflict may revolve around times when lunar messages contradict Mercury messages. Repressing either Moon or Mercury principles is always possible.

You can be friendly and sociable, with others relating to you easily, and often trusting you as a confidante, as they recognize your sympathetic understanding. The Mercury dimension appears as intellectual and imaginative abilities, as well as a positive attitude

to life's experiences. You believe that lessons can be usefully learned from whatever happens and that 'experience' is truly the best teacher. You can benefit from formal study, as you are able to absorb information relatively easily, but the ideal type of study is one which also involves a positive emotional response, so that the Moon is also included.

The main challenge is to unite both Moon and Mercury qualities consistently so co-operation results, and not conflict. You need to distinguish between opposing inner messages, identifying those associated with the Moon - habitual security, instinctual and emotional patterns - and those which the Mercury-influenced logical mind presents. These messages can be either complementary or conflicting and to evaluate which requires your self-understanding. Real success only comes when the partnership is harmonious.

5) ► **Moon** ☾ **Conjunct** ♀ **Pallas** - (1°08' A) 001 | 001

([577] 12andus.com:) Your nurturing and intuitive side drive your desire to strategize your mission.

You can be protective and even act as a "warrior" defending your home and family. When you see young or vulnerable people being mistreated or neglected, you are compelled to take action on their behalf.

You may prefer to be soft and nurturing, but your fighting instincts are engaged when elderly, young or vulnerable people are in jeopardy. You can be protective of your home or family and may be passionate about leading others to advocate for safe housing and family protections.

Your intuition always leads you to get involved in campaigns and situations that benefit children, family and those in need of secure housing. You may use your savvy business skills or other nurturing talents to help in these situations.

6) ► **Moon** ☾ **Conjunct** ♀ **Juno** - (4°55' S) 001 | 001

([594] 12andus.com:) You are intuitively tied to your partners and loved ones and may feel a deep emotional connection with those you love.

Your partnerships and commitments are based on a deep emotional connection.

You always do your best to make sure your partner feels secure and cared for. You easily nurture your partnerships and loyalty is not a problem for you.

You are sensitive to your partner's needs and it would never occur to you to be unfaithful or disloyal to someone you love. You can easily focus more on the needs of your partner than your own needs in fact.

You are closely attuned to your partner's emotional states and when your loved ones are unhappy or hurt you can empathize as if their wounds were your own.

This can also lead you to easily anticipate what your partner needs in order to feel secure in the relationship.

7) ► **Mercury ♀ Conjunct ♀ Pallas** - (6°59' A) 001 | 001

([578] 12andus.com:) You use your keen intellect to strategize your mission.

You may be moved to act on campaigns that appeal to your desire to help others create understanding. You can be fair and diplomatic because you see every aspect of the situation.

You can also end up as a spokesperson on issues that are important to you. You can easily appeal to the rationale and logic of others who could be allies in your campaign.

You believe it is important to communicate in order to come to a compromise. It is easy for you to articulate issues that strike a nerve with you. You are a strong advocate and may use storytelling to educate others about important issues.

You may be a planner or consultant for others who share your mission and can easily set up creative but informative campaigns for issues you care about.

8) ► **Mercury ♀ Conjunct * Juno** - (0°56' A) 001 | 001

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

For the most part, though, when you make a commitment, you fully intend to keep it and will take a diplomatic approach to relationship challenges so that you can keep your word.

9) ► **Venus ♀ Conjunct ♃ Neptune** - (7°25' A) ♊12 | ♊12

([45] astrologyking.com:) Venus conjunct Neptune natal makes you a romantic, an idealist and a dreamer. It is very easy for you to fall head over heels for someone, and your empathy and compassion is to be admired.

However, this tendency towards idealistic love does have the potential to make you vulnerable to a broken heart and disappointment. Other people who are not as caring as yourself, may see your kindness as a weakness and take advantage of you.

It will be important for you to expect others to return your love and loyalty, to keep up an equal footing in love relationships. Once you tackle the tendency to over-idealize, or subconsciously ignore the negative traits in another, then you will lessen the risk of dissolution or grief.

Venus conjunct Neptune also suggests that you should have musical, artistic, or other creative talents. You have the ability to appreciate the surreal, and bringing form to the more intangible impressions you receive would be therapeutic.

10) ► **Jupiter ♃ Conjunct ♇ Pluto** - (2°09' S) ♋2 | ♋2

([63] astromatrix.org:) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent

gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and your partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

11) ► **Jupiter** ♃ **Conjunct** ♁ **North-Node** - (6°23' S) ♈2 | ♈2

([66] astromatrix.org;) Learning Moderation

With North Node conjunct Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. Similar to North Node conjunct the Sun, there are blessings, benefits, protection, and often a life that is free of karmic debts. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

12) ► **Uranus** ♂ **Conjunct** ♀ **South-Node** - (1°43' A) ♄8 | ♄8

([208] astromatrix.org;) Extremist Rebel

With North Node opposition Uranus, you have brought over creative genius of some sort. There may be noticeable talent without benefit of a formal education. You may have lived a life in an ancient advanced civilization, like Atlantis, Maya, or Lemuria, and arrive possessing superior insights.

You think differently, coming up with unusual ideas and methods. As long as there is a measure of practicality about you, your unique solutions are often workable and they may be balls of energy, meeting with sudden success. There are many artists with this aspect who produce colorful work. There is often a love of color, especially combinations of colors-prints, paisleys, or patchworks. Artists such as writers, actors, comedians, and singers are also known for the many and varied shades of work produced.

Major circumstances may have caused you to be an advocate of change and revolutionary inclinations. Your ideas are often too ahead of the times. However, these ideas are often not met well by the people in your life and you often feel that any progress you make is set back by societal values or things out of your control. Beware of a tendency to be fanatic or erratic in your persuasion, it will hinder you and hold you back. Focus on developing a more tolerant worldview and perhaps you'll get the change you're so hell-bent on contributing to. You don't have to be the extremist rebel just because you think no one else wants to play that part. Bursts of energy and bolts of revolutionary ideas that come out of seemingly nowhere are common with this placement.

13) ► **Neptune** ♀ **Conjunct** ♀ **Ceres** - (7°08' S) ♆12 | ♆12

([566] 12andus.com;) Your nurturing style is all encompassing and compassionate.

When you love another, you completely give your energy and devotion to them. You empathize with your loved ones and may become completely emotionally attached to those you care about.

You have a healing style of nurturing your loved ones. You can be spiritual and compassionate. You're also deeply emotionally connected and vulnerable.

You can be self-sacrificing when you love another but you don't mind putting their needs above your own. When you need to find nurturing you turn to fantasy, art and spirituality.

You may lose yourself in your role of caretaker and nurturer.

One of your many nurturing gifts is your ability to help others feel free from their problems. You indulge the fantasies of your loved ones and nurture their creative potential.

14) ► **Pluto** ♅ **Conjunct** ♁ **North-Node** - (8°32' S) ♊2 | ♊2

([95] astromatrix.org;) Powerful Insights

North Node conjunct Pluto boosts determination, stamina, and willpower. It provides power, control, and physical strength, which you are learning to handle. You may have been bullied or beaten down in the past life so you couldn't quite attain your goals, and now the higher forces have ensured you don't cave in again.

You may even be compelled or obsessed about it. There are successful people in various areas: surgeons, athletes, mathematicians and artists. The house of your Pluto position reveals where there are opportunities to develop more power.

There is potential talent for understanding trends from an intuitive level that can be taken advantage of in very deliberate ways. You are a master of strategy. Working on the highest plane, this aspect stimulates a deep interest in the meaning of life, a search for truth and illumination. Of course, these talents can be used wisely for the advantage of society, or selfishly. You may be tempted to use your powerful insights to manipulate, getting caught up in unrelenting power games and struggles.

You might opt for gaining power and control in external ways, through money or politics, exercising power over the people. There are many politicians with this aspect. This nodal influence on Pluto can distort the energies as it magnifies them, causing you to never feel satisfied with the command you do achieve. There are aggressive vibes that must go somewhere and can become destructive. There may be sinister dealings or connections. Sometimes your life can be touched by illness, violence, or tragedy.

You are intuitive enough to understand how social trends are formed and how you can contribute to their transformation. You'll learn resourcefulness as a result of this intuition but be careful not to let these endless manipulations of social values drastically change you or trap you.

16) ► **Sun** ☉ **Opposition** ♀ **Venus** - (2°30' S) 8 6 | ♊ 12

[142] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([142] astrologyking.com:) It resembles the conjunction although the difference between them is that the opposition is fundamentally relational.

There is a greater need for love and affection. It can put a strain on love relationships because tensions spring forward easily.

It does favor sorting out any issues relation-wise because you are in touch with how you feel and can express how much you love or miss someone. Compensating for any loneliness by indulging in luxuries may only give short-term relief and put a strain on finances. The better way to channel Venusian energy is to contact people for a chat or getting out, even trying your hand at some creative activity.

17) ► **Sun** ☉ **Opposition** ♄ **Neptune** - (9°55' A) 8 6 | ♊ 12

([147] astromatrix.org:) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate

relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

18) ► **Venus ♀ Opposition ♄ Saturn - (0°27' A)** ♁12 | ♄6

([175] astromatrix.org:) Underestimating Selfworth

The opposition between Venus and Saturn shows emotional frustrations. This is a difficult aspect as the harshness of Saturn weighs heavily on the affairs of Venus such as happiness, harmonious relationships, artistic endeavors, and financial security.

You may look at your accomplishments with continuous dissatisfaction, underestimating your self-worth. You may not have received the encouragement that you needed when you were younger, and you tend to shy away from competition because of a resulting lack of confidence.

Your circumstance didn't give you the chance to receive emotional nurturing as a child, you may still be living the life of emotional self-denial, unconsciously believing this is what you deserve. You may have to make concessions to others to maintain normal relations. Often you wonder if it's really worth the effort.

Avoid a tendency to undervalue yourself and your ability to make a worthwhile contribution. The development of a positive attitude can be your most valuable asset. This is not an easy task and what needs to be done is to find out how to meet your own emotional needs not from other people. Try to also listen and be more receptive to others emotional needs and how they differ from your own, how can you realign your needs with others.

You tend to suppress your emotional side and the more you can work on being

expressive and vulnerable the more success you will have. Your mature and responsible attitude is a positive aspect of this sign, but it can cause depression and self-loathing.

Because you think of being a child as immature or inferior you do not allow yourself to feel the joy of childlike innocence. Learning to accept all emotions within yourself can help you loosen the tight hold you have over your emotions.

19) ► **Jupiter** ♃ **Opposition** ⌘ **Uranus** - (8°06' A) ♊2 | ♎8

([191] astromatrix.org;) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit

on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

20) ► **Saturn** ♄ **Opposition** ♅ **Neptune** ♆ - (6°58' S) ♄ 6 | ♆ 12

([199] astromatrix.org;) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the

repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

31) ► **Jupiter** ♃ **Sextile** ♆ **Neptune** - (3°42' S) ♃2 | ♆12

([273] astromatrix.org:) The Magician

The sextile includes several of the themes of the conjunction, but often develops and defines them more clearly within the individual, and so they are probably easier to deal with and apply in daily life.

In personal relationships, that tendency towards gullibility is still present, aided and abetted by powerful sensitive feelings and emotions that encourage you to believe in the commitment of your partner who satisfies your needs and desires. Your evaluation of the status of your intimate relationships may be unrealistic, and there are bound to be times when your belief in the aptness of your choices is later seen to be merely self-deception; wherever your emotions are involved, they are the source for many illusions and much vulnerability. Standing beside you in the shadows of love is always the prospect of disappointment. Take more time to know someone, be more cautious and check with them how they feel about the relationships too; do not just assume that because you feel in love and happy, they feel the same. They may... but the rising divorce rate seems to indicate that the reverse is, regrettably, often the real situation.

The theme that is more defined in the sextile is that of optimism, imagination and idealism. The likelihood is that this will be more focused within your mind, and that your lifestyle will reflect this more clearly. In you, faith and trust become a more optimistic spirit looking towards future prospects and opportunities. The sphere of expansion is in that direction, and much attention is likely to be paid to contemporary social problems. This vision is probably radical in nature, and often veering to the 'New Age' perspective. You are alert and aware enough of social conditions, desires and needs, yet you also add a broader perspective to what is currently occurring and what needs to occur in order to build a brighter future.

You are capable of an analysis of modern social problems, seeing intrinsic dangers there, and can be articulate in raising these issues. You may become involved in groups that are public voices for such concerns, those minority pressure groups that perform such an essential public service in the Western world. The failings of established political, religious and social power blocs should be recognized, although you may choose to work within them as an influence for inner change.

You value individualism highly and see how others can be unconsciously swept along by powerful ideologies and socially acceptable ways of behaving. This can encourage you to make your own stand against any negative social ideologies that are currently powerful, even those emanating from governments and the churches. You may become a publicist for your ideas and those of affinity groups in an attempt to alert public attention to what is occurring.

Idealism will be vitally important to you, and you will feel quite passionate about those ideals. Yet what can let you down is the fact that you are essentially a theorist, in that activity is via a mental perspective, and the ability to ground your vision is often lacking in basic common sense and practicality. At worst, you may recognize social problems, acknowledging that you do have a social responsibility and then fail to take any action about it. Your innate altruistic and humanitarian nature can remain inhibited. If this is happening, and it is partly a symptom of an unintegrated Neptune which dissolves the will to act, then you may need to give yourself a shake. Certainly, social change does need visions and theories, but ultimately these have to be anchored on this level, and that inevitably involves a transformation of their nature, often compromising the initial pristine vision. They never come through pure; and they often come through channels and areas of life that are surprising and unexpected.

There are 'thinkers and doers', and ideally the two need to work together, but even the thinkers can become more practical, even if thinking is their real task and not just an excuse for doing nothing. One simple step is to transfer money towards those who are 'doing' and support them in that way. Or you can evaluate your skills and resources; you should have an articulate imagination, which could be positively applied in the publicizing of vital issues, be inspirational, or express positive social ideals. These are possible

channels for you to work along which will be beneficial to yourself and others and will avoid any tendency to retreat into isolated reactive theories, a private monastery of the mind.

We can all complain about aspects of life; but the issue is 'what are we doing about them?' We can all do something, and even if our contribution is apparently small and insignificant, collectively we can make a difference.

As with the conjunction, you are likely to feel able to contribute towards group work, with those associations of people that you feel are in mental affinity with you and perceive the world in similar ways. 46) ► **Mars ♂ Square ♃ Jupiter** - (5°21' S) ♄11 | ♃2

([424] astromatrix.org:) Overextending Yourself

With Mars Square Jupiter in your Natal Chart you will have an abundance of energy and enthusiasm that will take you some time to gain full control over. On the positive side, this aspect gives you the ability to move mountains or at least the belief that you can do so. You are greatly attracted towards adventure and exploration; this will give you the ability to explore many subjects and life experience.

On the Negative side, the Mars energy is amplified by the expansive effects of Jupiter however with the Square aspect this is normally too excessive. This brings about a large amount of impulsiveness, desires and being drawn more towards sensual pleasure. You need excitement, freedom and new experiences to keep you satisfied. You need to plan everything you do so that you do not waste any time. It is too easy for you to act impulsively, and it will take some time for you to overcome this obstacle.

You may also need to work on your attitudes towards others. You may be overly

competitive and try to prove yourself as better or superior. You are not necessarily aggressive in your manner; you just need to reevaluate the way you come across with people you deal with.

Perhaps when you were younger you didn't feel accepted, loved or appreciated for your talents and feel that you need to prove your abilities to show you are worthy. You may feel as though other people are against you or treat you unfairly and are unable to take any criticism against you. Your ambitious drive to obtain your goals and avoid excessive activities so that you don't burn yourself out.

47) ► **Mars** ♂ **Square** ♀ **Pluto** - (3°12' S) ♃11 | ♎2

([428] astromatrix.org;) The Annihilator

With the energy released by the square, you will be mainly motivated by self-centered tendencies and a need to 'throw out' overflowing and excess Martian energy. You tend to think that the power of your natural energy is sufficient to win you success and satisfaction; and indeed, the force and directness of it often can, but using it in such a way often overrides sensitivity and awareness of others.

Considered aims and planning are often ignored under the immediacy of impulse and desire and a spirit of recklessness can ignore any thoughts of the possible future consequences of your actions, provided you believe that your desires will be satisfied.

You find it difficult to motivate yourself for long periods of time, as in a commitment to achieve something through careful planning; you have problems in disciplining and directing your will sufficiently for that kind of effort, and you are more suited to using your force in a more immediate, spontaneous impulse for self-satisfaction. This is also partly because you experience some conflict in directing your will to achieve your desires, and rarely feel as though you are making the most of your talents.

There can be a sense of inner frustration, caused by the forceful nature of this energy, and a lack of a suitable channel along with to direct it in a constructive manner. This will create a lack of patience, a potentially violent temper and sexual aggressiveness, where you 'throw out' excess energy through a dictatorial and demanding personality in order to dominate others.

You may need to develop a healthier perspective on sexual expression, one which regards sex more in terms of relationship and partnership, and less in terms of self-satisfaction, energy release, domination, exploitation and aggressiveness. This experience of inner stress is symptomatic of clashing energies; it is not something that you have to endure all your life; it can be adjusted to be more harmonious.

One way to begin this reorientation is to learn how to determine the overall direction of your life, to see a broader picture of your immediate social influence and how you want to live in relationship with others. To break down this preoccupation with self and to

appreciate and acknowledge the feelings and needs of others as being as valid as your own is essential, and a key to transformation.

By becoming clearer as to personal aims, you can begin to apply your will consistently in order to achieve them over time; desires for instant self-gratification are unrealistic. Learn how to live in the equality of partnership and relationship; a mutuality of needs, desires and responsibilities requires mutual sharing and co-operation. Avoid tendencies towards domination and power struggles. Basically, you require suitable channels into which to pour your energy, constructive channels that are life-enhancing for you and others.

You tend to devote most time and energy in opposing others through conflict and aggression rather than in working together for group benefit; find ways to become positively in favor of something, and then add your energy to help it become real. There is much greater satisfaction and fulfillment in that form of achievement than in struggling to satisfy a very separate self that you try to maintain.

([497] astromatrix.org;) The Restless Mind

Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active, and each new interest you take up will give you a new idea about your future career. In fact, the danger here is that you may never really settle on one career; you will get into many projects but never thoroughly enough to know what each one can really offer you.

For this reason, you must teach yourself some self-discipline, so that you can stay with a project long enough to understand it. You are quite restless and need to be mentally active all the time. You need to keep your mind busy, talk with others and feel that life is moving quickly. Otherwise you get bored, and then you may annoy people.

Often you get so wrapped up in your own ideas and needs that you forget about anyone else. But with a little effort you can get away from yourself and see other people's points of view. You are able to think very clearly, but only if you come out of yourself.

As you get older, be careful not to say things that work against you. Your mouth could be your own worst enemy unless you make sure of what you are saying before you speak. It is possible to make your point without offending others.

You enjoy games, especially those that involve your mind, so you may be very good at solving puzzles and other activities that require cleverness.

85) ► **Midheaven** MC **Quincunx** ♄ **Juno** - (2°55' A) ♎8 | ♏1

([606] 12andus.com;) You may want a marriage or long term partnership though your obligations to work and career stand in the way.

You may need to deal with deeper insecurities and jealousies so that you will be able to navigate the ups and downs of your relationship. When you do this, you'll be better able to draw on your partnership for support and success in your career.

You may have to face your deeper fears of abandonment or rejection. Your partnership may be rocky but when you start to push back and stand up for yourself within the

relationship, you'll also find the confidence you need to succeed in your career.

86) ► **Sun** ☉ **Quincunx** ♄ **Mercury** - (0°59' S) 86 | 001

(No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

(12andus.com:) Your creative and mental energy are not aligning in the most efficient way. You may be distracting yourself with tasks that are mentally stimulating but which do not further your objectives or portray the best of your skills.

You may struggle with various aspects of your identity and ambition and not have a clear sense of which plan or mindset best fits you. You may also have a difficult time conveying your ideas to other people, as your beliefs may vacillate on a whim.

87) ► **Sun** ☉ **Quincunx** ♅ **Juno** - (0°03' A) 86 | 001

([593] 12andus.com:) You may be drawn to share your life with a committed partner.

Yet your initial experiences with serious relationships or even marriage or engagement may falter because of insecurities or unhealed wounds from your past.

In order to discover who your ideal partner would be, you first need to have a firm grasp of who you are and what you need. Otherwise you may find yourself resentful of a relationship that matched an image you tried to project to the world.

When you work to get comfortable with who you are, you'll easily attract a serious partnership.

88) ► **Sun** ☉ **Quincunx** ♄ **Vesta** - (1°37' S) 86 | 1311

([609] 12andus.com:) You can find it difficult to reconcile your true identity and spiritual calling and the desire to fuel your ego.

Your ego may lead you to pursue fame and recognition while you know on some higher level that your many gifts were meant to be put toward a sacred calling.

You are called to a path of self-sacrifice and servitude for the good of others, using your special talent and gifts. Until you accept this, however, you may go to extremes avoiding your destiny.

Grandiosity and ego may interfere with your success when your success serves no higher goals.

89) ► **Moon** ☾ **Quincunx** ♄ **Saturn** - (1°55' S) 001 | 86

([479] astromatrix.org:) The Cold Heart

Your assumptions about life and yourself are colored by your early childhood experience of inconsistency and uncertainty about your parents' roles. They seem to have been reversed. This has left you uncertain as to what to do or what you are capable of in life.

As you become more certain as to your true responsibilities in life, your vision clears as to what you can accomplish. This is also the key to becoming more productive. Through accomplishment you can become more knowledgeable as to how your habits and procedures affect the life circumstances in which you find yourself.

90) ► **Moon** ☾ **Quincunx** ⚡ **Uranus** - (0°39' A) ☾1 | ♄8

([480] astrologyking.com:) Moon quincunx Uranus natal makes you an impulsive, independent and charismatic person. Some instability in your early home life taught you to be adaptable but may have caused some nervous or behavioral problems.

Your mother, in particular, was probably the most influential person in your life and perhaps your main inspiration. She may have been artistic, eccentric or stood out in some way. If your mother was supportive it is likely you developed a healthy self-image and learned to channel your nervous energy constructively.

However, if your mother was not supportive, died young, or was emotionally distant, it is likely your nervous energy manifested as shyness, insecurity, rebellion, eating or sleep disorders, or problems with addiction.

Your excitable and experimental nature can lead to emotional outbursts and sudden changes in mood. But the buildup in tension can also lead to epiphanies and mystical experiences. You are innovative, humanitarian, and may become involved in social or political activism.

When you feel stressed and the nervous tension begins to build, try to find a way to channel this electric energy constructively. It could be something physical or creative. Give yourself extra time to adjust, especially when starting new projects or entering a new environment with new people.

([486] astromatrix.org:) Freedom In Spite Of Security

You may have to sort through the hidden messages you received as a child in order to make sense out of some of your adult actions. You act, at times, without any forethought. This is because you are driven by forces out of your immediate awareness. Your spontaneous bursts of enthusiasm either serve you well or they don't.

Early in life you may have been told that you should be different, but your differences will stop you from succeeding. It takes time and adjustment to really learn that it's okay to be both unique and successful.

91) ► **Venus** ♀ **Quincunx** ♀ **Lilith** - (1°02' A) ♀12 | ♄5

([549] 12andus.com:) You may have to work hard to embrace your authentic desire. You may also have to overcome dependence on approval and relationships early in life in order to fully embrace your own power later in life. Challenges to self-acceptance makes you value your deep inner nature even more once you've fully rejected conformity. While you are awakening to discover your deeper beauty and true value as an individual, you may seek recognition or praise from others. This usually backfires though and through practice you will learn how to set your own value and establish boundaries that respect your gifts.

92) ► **Jupiter** ♃ **Quincunx** ♎ **Chiron** - (1°36' A) ♈2 | ♎9

([555] 12andus.com:) You have to adapt to changing circumstances that result from deep inner wounds. You can overcome issues with confidence and embrace your higher vision, as both of these aspects of yourself are damaged because of past traumas and disappointments.

You may react with intensity to anything that impedes your freedom or abundance, because you have had to fight to overcome limitations in the first place. You can potentially become a confident and empowering leader and benefactor for others as you tend to your own healing, in part because of your natural empathy, at having from having to overcome odds in your own life.

93) ► **Saturn** ♄ **Quincunx** ♋ **Juno** - (3°00' S) ♏6 | ♏1

([599] 12andus.com:) You have a difficult time expressing your desire for a solid, secure relationship.

You may dream of being married and committed to a long term partnership, yet you may also question your own ability to follow through with your obligations and responsibilities in relationships.

You can find ways to work through your doubts and insecurities about your relationships and ability to see your commitments through to successful completion.

When you take a more mature approach to your commitments and responsibilities in relationship, you can easily attract and maintain a solid partnership.

94) ► **Uranus** ♅ **Quincunx** ♎ **Pallas** - (0°29' S) ♏8 | ♏1

([583] 12andus.com:) You can be independent, creative and freedom loving but you always trust your vision and intuition.

When you learn to believe in your futuristic vision, you can become a powerful catalyst for change and advocate for others. You may see the ideal road ahead but struggle to convince others to believe in your vision.

Though it takes work and effort to overcome your insecurities, you will emerge as a

strong visionary and activist, advocate and innovator. Your plans are influenced by your intuition and intelligence and are often ahead of your time.

95) ► **Pluto** ♄ **Quincunx** ♌ **Chiron** - (0°33' A) ♃2 | ♎9

([98] astrotarot.net:) Your mission—what you have to do to make life feel meaningful, has been periodically thrown off course by the suffering, emotions, and needs of other people. You feel like a deer caught in headlights when certain others express difficult or heavy emotions. You have to learn to heal your willingness to experience pain and suffering in others, you won't learn to move on. Once you do, then you'll feel free to own the full range of your self. You can then move in and out of emotional states, even the tough ones, allowing them to be the waves of energy trying to break that they, in fact, are.

Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

Contra-Antiscia: Opposition.

([20] astromatrix.org;) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of unlived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

([583] 12andus.com:) Your style of planning and strategizing is to always keep your opposition guessing.

Without intending to, you may also end up keeping your allies guessing as well. You prefer to take matters into your own hands. While you can organize for a collective action, you prefer to be a rogue warrior. You don't fully trust collaborations in which your creativity and individualism may not be acknowledged.

You need to feel like you are completely free to express your ideas or follow the plans that strike you on a whim. You can be intense and easily inspire others with your creativity and confidence. You aren't afraid to embrace radical change with great zeal. You can also be an abrupt and shocking spokesperson who dares to say what others will only think about but keep to themselves.

Your intuition and innovative style can make others feel intimidated by you, yet you can also be an inspiring mentor to those who appreciate your wisdom. Your plan is to not have a concrete plan. You'd rather be free to break the rules in the service of doing whatever will work.

([162] astromatrix.org:) Strong Emotions

With the North Node opposition Moon, you may have difficult relationships with women, especially your mother although there is frequently a strong psychic link to her. The emotions undergo difficult spells, especially you have trouble expressing your sensitive

side, causing others to see you as cold or more standoffish offish than they really are.

Getting the support of others does not come easily, you may feel alone, forced to rely on themselves. Losing loved ones is extremely hard on them. The mind is of an unusual nature and the thought processes are different. There are anxieties verging on paranoia or causing crippling fears. You may not be comfortable dealing with crowds.

Memories of difficult experiences working with the public from previous incarnations may inhibit your expression and evolution You are working on strengthening and balancing the emotions, stabilizing the mind, and handling the impressions coming in. If the impressions get away from them, there can be a fascination with occult practices of an unhealthy sort. In some cases, the South Node influence destroys the sensitivity of the Moon, bringing out a cruel and hurtful personality.

There is a tendency to feel alienated by others' lack of cooperation and support, and you may feel that you have bad timing. As a result, you isolate yourself further as a defense mechanism and create a perpetual cycle where you feel lonely and negative all the time. You must learn to stop being so defensive and develop a backbone. Learn to be more malleable in adverse situations. Not everyone is out to get you or take advantage of your vulnerability.

([165] astromatrix.org.) The Pseudo Intellectual

When Mercury is in Opposition to Jupiter, you will feel as though you want a lot without putting in the effort to get it. You have an original, fertile mind but are often absentminded.

You can be a good bluffer, but you're easily frustrated, and your memory often fails under stress. Your mind is quite active, and you are able to learn when you want to, the trouble is you rarely find the persistence to keep going or you can get easily distracted by other subjects. You need to acquire thoroughness and attention to detail. Your thinking and studying habits are not always orderly or disciplined, and this can of course result in sloppiness.

In an attempt to attach greater meaning to your thoughts and ideas, you might frequently overstate or overestimate. You can be extraordinarily funny and interesting. The problem is that you can alternate between the rational, critical and logic minded Mercury to the idealist, optimistic big picture Jupiter which can make you lose focus or become confused as to why you are doing what you are doing.

You must learn to be more disciplined, to concentrate more on details and to be more persistent with your projects. Try not to alienate others that hold a different opinion or

belief to yourself, or avoid interactions based around intellectual inferiority. Become a better listener, try to understand different points of views and perspectives, this will help develop your mind further and assist you in having more clarity.

Some good careers where you might be successful in if you put in enough effort are Law, Education, Teaching, Lecturing, Marketing or other fields where your communication and literary skills can be put to use.

([603] 12andus.com:) The lessons you stand to learn through a commitment to a spouse or partner can easily lead you to advance personally in some important way.

Yet you may be reluctant to surrender to your destiny. When this happens you may rebel against or resist partners who could be valuable teachers or guides along your path. You may let jealousies or petty insecurities stand in the way of your commitment to your loved ones.

When you learn to create harmony and balance you will be able to harness your role in a partnership or committed relationship as the key to personal advancement and growth.

You may need to set aside your ego's desires for comfort in order to fully live up to your potential. You may also have to learn to balance between the commitments in your partnership and your commitment to your own advancement and growth.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 24° **Leo** 53' and in the **6th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 4° **Scorpio** 32' and in the **9th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 20° **Capricorn** 1' and in the **11th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 26° **Pisces** 52' and in the **1st** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence
(by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 22° **Sagittarius** 8' and in the **10th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause
of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 13° **Libra** 32' and in the **8th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities,
hatreds, condemnations, all the other restrictive things befalling men as a result of their
birth." - Paulus Alexandrinus

The **Lot of Courage** is in 3° **Virgo** 29' and in the **7th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and
Mars (actions). Where this lot is placed by house seems to show what we have to face
and what we most fear. "Courage becomes a contributing cause of boldness, treachery,
might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 18° **Virgo** 24' and in the **7th** house.
"Victory becomes a contributing cause of trust, good expectation, contest, and every
association; but sometimes it contributes to penalties and rewards." - Paulus
Alexandrinus

The **Lot of Nemesis** is in 17° **Pisces** 28' and in the **1st** house.
This lot seems to indicate what is most likely to bring the native down. "Nemesis
becomes a contributing cause of subterranean fates and of everything which is ice-cold,
of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus
Alexandrinus

Nemesis in Pisces: indiscretion, being gullible

Nemesis in First house (Aries): the sword, or impatience

Lots related to family:

The **Lot of the Father** is in 26° **Pisces** 43' and in the **1st** house.
If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong

and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 27° **Aquarius** 23' and in the **12th** house.
Same as for father.

The **Lot of Siblings** is in 19° **Cancer** 5' and in the **5th** house.

The **Lot of Children** is in 10° **Sagittarius** 20' and in the **10th** house.

The **Lot of Daughters** is in 18° **Capricorn** 38' and in the **11th** house.

The **Lot of Sons** is in 15° **Aquarius** 10' and in the **12th** house.

The **Lot of Marriage for Woman** is in 0° **Libra** 12' and in the **8th** house.

The **Lot of Marriage for Men** is in 29° **Virgo** 13' and in the **7th** house.

The **Lot of Deceit in Marriage by Woman** is in 13° **Aquarius** 51' and in the **12th** house.

The **Lot of Deceit in Marriage by Men** is in 2° **Libra** 15' and in the **8th** house.

The **Lot of Marriage (in general)** is in 10° **Gemini** 52' and in the **4th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 3° **Virgo** 41' and in the **7th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 22° **Virgo** 39' and in the **7th** house.

The **Lot of Treachery** is in 10° **Libra** 42' and in the **8th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 13° **Libra** 44' and in the **8th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 27° **Aquarius** 23' and in the **12th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Taurus

(canvasofthecosmos.tumblr.com;) Pholus in 2nd House/Taurus: You accumulate much in life, as this opens the box possessions and creation. This placement brings explosive artistic and musical talent. You may go through periods of impulsive buying and saving, shifting between minimalism and excess. It could mean a lot of clothes, plants, - always something that makes you feel sustainable, while less of what you know you can't keep up with, like dishes or pets. You find out early what you can and can't be held responsible to keep going. You create things or find sources that makes people's jaw drop often. Self-worth fluctuates with your comfort levels, either bolstering ego or deflating it. With persistence, projects that seem like they'll take forever will achieve tremendous results, including knowing one's own immense worth, as you realize that it's a long uphill battle to fulfilling accomplishment.

Pholus in 3rd house

(12andus.com;) You may move a lot or frequently change your interests and intellectual connections with others.

Small moves that take place can lead to dramatic changes in attitude and ideas. You may frequently be on the move. You may also develop a toxic fixation with ideas and attitudes that undermine your true intellect.

You will have the chance to go through transformative awakenings that can help you rebalance your perspective and return to a logical state of mind. You may be susceptible to toxic ideas or fanatic beliefs that lead you to get in over your head and need to find greater understanding again.

You may have a brilliant mind and knack for languages but your skills fail you in the moment you need the most. It takes transcending or overcoming difficulties with

communication to find your greater message and mission.

Careless communication can lead you to say things you regret or speak before thinking. Small details can lead you to end up with a larger problem on your hands and it will take the same skills of communication and intellect to reverse the momentum of chaos and confusion.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Cancer (Rx)

(12andus.com:) You have an erotic obsession with being nurtured and emotional connection.

You may feel more sexually attracted to things that make you feel secure. You may also be obsessed with your partners chest, breasts or stomach. You may be attracted to the idea of motherhood.

Sexual encounters may be more thrilling if you anticipate the potential for creating a family. Pregnancy or the expectation of pregnancy can be part of the thrill.

You may also be attracted to erotic use of food, such as using sexual enhancement lotions that are edible. You don't have a strong kinky side as you would rather feel secure and comfortable in your sex life rather than being adventurous.

Eros in 5th house

(12andus.com:) You may have a strong desire for creativity, passion and playfulness.

You are obsessively drawn to romantic partners who lift you up and inspire you. You may also pursue romantic affairs, especially to boost your self-esteem. You can have a dramatic style of showing your love and romantic nature.

You can become aroused by playful competition and may have a desire for drama and role playing in the bedroom as well. Your desire to be admired and adored can be an infatuation. You may also have fetishes involving recording love making or creating erotic art with yourself as the main subject.

You may need to feel empowered in your erotic relationships and may have a dominant style of passionately pursuing your love interests.

You can also be obsessed with status and power in romantic affairs that give you the image of being a celebrity or increase your popularity.

- (12andus.com:) You may feel torn between following your unique intuition and trusting your higher wisdom during crises.

Cataclysmic changes can bring out deeper fears and trigger past traumas or wounds. You may want to be helpful and assist others as a role model, yet you will first feel compelled to hide or minimize the impact of a crisis that surrounds you.

When you find your footing and become more aware of your intuition and higher wisdom, you will be able to act as a leader, role model or healer for others.

Doing so will require you to face your unresolved wounds and become willing to address your own healing. Cataclysmic events and turning points can force you to trust your own inner wisdom on a deeper level as you may have to find your own way through these crises with insufficient help from others.

Regardless, you'll be able to help others because of these steps that you have to first make for yourself. Crises can bring about opportunity for change and deeper intuitive understanding.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

Pandora in Sagittarius

(astronomicallyaligned.tumblr.com:) Somewhere deep inside a library, lies an old, unopened box. You want to open that box in order to attain more knowledge and wisdom. Like Adam & Eve taking a bite out of the apple in The Garden of Eden. You just can't contain your curiosity. The more you know, the more you can learn. The more you learn, the more you know. The more you know, the more you can learn to others and share. The more people know, the more places you can travel to and explore. You see all this in your head. But the more knowledge shared with humanity, the more doomed we become. Your want for knowledge can be attained other ways. Through experiencing and listening to others.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse

patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Uranians/ Hypothetical Trans-Neptunian Planets

From the Hamburg School of Astrology. Alfred Witte and Friedrich Sieggren. Out of the turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Amycus | Power, Powerstruggle, Brutality, Shining Light of Truth

(vamzzz.com:) Denotes a point that provides information about a personal power source, or shows by which specific means or tactics one tries to gain power. Amycus conjunct a "research asteroid" for example, has the potential to acquire authority and respect with discoveries or scientific work. Opposites with Amycus indicate what other power (represented by a celestial body in the opposite house and sign) will act as an undermining force or obstacle on the way to personal power. Doctrines/policies designed to produce a result. Inuding change. "Amycus always finds the anomaly that has been latent in a system."

Positive: Light to shine.

Negative: Victim of violence.

(markandrewholmes.com:) Amycus seems to indicate the proper way to treat people; the consequences of not doing so; innocent victims of violence or getting caught up in violence.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus

responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our life the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:.) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:.) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
