Your strengths come from an ability to listen and absorb. You are a fixer, a mediator, and a very diplomatic type of person using persuasive skills rather than forcefulness to make your way in the world. You are honest and open in thought, word and deed. You excel in any form of group activity where your expertise in handling and blending people can be used effectively.

Indeed, the 2 can sometimes become oversensitive. In some instances, the strength of the 2 can also become its weakness. You may find it hard to decide what to do at times. Twos often struggle against indecisiveness.

Life path number 2 is the number of learning and truth. Those with this life path number tend to seek peace and harmony in the world around them. They are natural peacemakers and they are always known to give their ideas and opinions voluntarily for any situation. When it comes to meditating between situations and people, they deliver

the best results.

People born in life path number 2 are very loyal. When they say they love you, they really love you from their heart and they never like to make false promises. It is very common to find these people having a lot of friends and acquaintances.

They always share a sensitive corner to others. Individuals with life path number 2 are very sincere, most honest and the best people on the earth you can ever come across. Their sensitive, caring and gentle traits make them excellent lovers and friends.

### ***Expression (Destiny) Number: 7***

([659] numerologycalculator.online:) The number 7 Destiny suggests that the direction of growth in your lifetime will be toward thought, analysis, and the development of a mind skilled at searching out the truth.

You must become accomplished at analyzing, judging and discriminating, so that little escapes your observation and deep understanding.

In this you will become increasingly introspective, and value seclusiveness and solitude.

You are the type of person that can really get involved in a search for wisdom or hidden truths, and you must become an authority on whatever it is you are focusing on.

This can easily be of a technical or scientific nature, or it may be religious or occult, it matters very little, you pursue knowledge with the same sort of vigor.

You can make a very fine teacher, or because of a natural inclination toward the spiritual, you may become deeply emerged in religious affairs or even psychic explorations. You have excellent capabilities to study and learn really deep and difficult subjects, and to search for hidden fundamentals.

You tend to operate on a rather different wavelength, and many of your friends may not really know you very well. At full maturity you are likely to be a very peaceful and poised individual. You really like to work alone, at your own pace and in your own way. You neither show or understand emotions very well.

The positive aspects of the 7 Destiny are that you must be a true perfectionist in a very positive sense of the word. You are very logical, and usually employ a quite rational approach to most things you do. You can be so rational at times that you almost seem to lack emotion, and when you are faced with an emotional situation, you may have a bit of a problem coping with it.

If there is an over supply of the number 7 in your makeup, the negative aspects of the number may be apparent. The chief negative of 7 relates to the limited degree of trust that you may have in people.

A tendency to be highly introverted can make you a bit on the self-centered side, certainly very much self-contained. Because of this, you are not very adaptable, and you may tend to be overly critical and intolerant.

***Life Path - Expression Bridge Number: 5***

([660] numerology.center:) Number 5 means that you are a person whose choices don't distinguish with originality. You are rather predictable in your actions. People with the bridge number 5 usually don't realize their innovative nature. But it lets them succeed in numerous fields. If 5 is your number, it is necessary just to hear your inner voice and to experiment with different approaches. Try to express your point of view braver. Sometimes it is even necessary to take risks and to be more open with your ideas. From time to time you are too stiff and inflexible. These are not the best traits for successive achievements. Try to change it and become more tolerant and able to find a middle ground.

***Life Path 7 and Expression 2 or vice versa:***

It is a wondering combination which leads to some conflicts in your soul. You have two different traits which are very difficult to go together. On the one hand you are a delicate, sensitive person, who needs to be loved. But on the other hand you are very private and put up the boundaries which don't let other people be closer to you and give you warmth and attention you require so much. One of your traits is self-pity. That is why any little problem in your relationships seems like a big deal for you, especially if the problem is criticism. But you have great potential. Number 7 gives you analytical abilities and number 2 bestows you with intuitive power.

***Heart's Desire (Soul Urge) Number: 5***

([659] numerologycalculator.online:) These are your non-conventional adventure seekers who don't like to be confined by limitations or limited by societal norms. People with this soul urge long to travel and thrive on change and a variety of experience.

Whenever a new idea comes to you, it gets you excited and your enthusiasm is infectious. This is a valuable leadership ability and one that you must work to continually cultivate and develop.

Be careful in your pursuit of change and be mindful of where your desire for freedom leads you. This part of your nature can make you extremely impetuous. This is especially true when it comes to finishing things you start. The goal can become an obsession that keeps you from seeing how to best to achieve it and that will tend to frustrate you.

Frustration can only hold you back and that sense of disappointment can make you become very reserved emotionally.

### ***Quiescent Self Number: 2***

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 2 are likely to envision themselves surrounded by those they care for and who love them.

The energy represented by the number 2 resonates with relationships — teamwork, romance, friendships, all aspects of coexistence.

Thus, it is common to imagine and cherish peaceful and harmonious companionship, relationships that protect and comfort, and association with accommodating and well-meaning groups.

Someone with this quiescent-self number is likely to see themselves quietly serving others in diplomatic and unobtrusive ways, and being appreciated for what they do and for the loving person they are.

**Maturity Number: 9** = 2 + 7 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with selfless service to humanity. You're being called upon to work with giving and contributing without thought of personal reward, letting go of "self" in order to learn to be of service to others, and to learn not to attach to particular outcomes.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to balance the needs of others with your own needs to center stage. Situations will arise highlighting your need to service a higher need or purpose, to delve into a spiritual path in full force, and to use your extraordinary talents to heal, perform, write, teach or be a philanthropist.

What that might look like:

- Dealing with "loss" on many levels in order to surrender to your spiritual path.
- A realization that self centeredness and lack of understanding others' perspectives feels dissatisfying.
- Opportunities arise to be of service and use your compassion and charisma to make the world a better place.

**Karmic Lesson Number: 2**

([664] worldnumerology.com:) Your 2 Karmic Lesson advises you to be diplomatic and tactful, to stay in the background at times, to accomplish something without the need for praise and reward. Learn to be part of a team.

Strive to be more sensitive to the needs and feelings of others. You will regularly find yourself in situations where the only road to success is through patience and attention, requiring you to work cooperatively with others. Working through this life lesson will bring you closer to others, which is its own reward.

The effect of this Karmic Lesson is diminished if you have at least one 2 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

**Karmic Lesson Number: 3**

([664] worldnumerology.com:) This Karmic Lesson indicates you are highly self-critical.

When you find yourself at the center of attention, you often judge your performance to be entirely inadequate or embarrassing. You tend to measure yourself against an impossible standard of perfection. Try to refrain from constant self-evaluation.

It is important for you to recognize no one is flawless. Feeling the need to act impeccably can prevent you from doing what you enjoy in life. Practice being more optimistic and cheerful - enjoy this “messy” life and share your joy with others.

Life will place you in situations that require imagination and communication. You will be tested in these areas and forced to face your feelings of inadequacy. Missing 3's often produces artists - but their success will require consistent effort and perseverance.

### ***Karmic Lesson Number: 6***

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

### ***First Pinnacle Cycle: 4***

(Month + Day) - from age 0 to 34 (based on LPN) - ([665] feliciabender.com:)

**General:** A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and “fun” time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work,

endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

**Pinnacle 1 Number 4:** First Pinnacle: Experiencing a 4 First Pinnacle sets you up for a demanding childhood and adolescence. You might find your economic circumstances demand more concerted effort and hard work. This can also be a stage of life devoted to the pursuit of your education. In either event, it's unlikely you'll be involved in the normal frivolity of life because of the intensity of your schedule.

**Warning:** Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

### ***Second Pinnacle Cycle: 1***

(Year + Day) - from age 35 to 43 (based on LPN) - ([665] feliciabender.com:)

**General:** During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

**Warning:** Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

### ***Third Pinnacle Cycle: 5***

(1st Pinnacle + 2nd Pinnacle) - from age 44 to 52 (based on LPN) - ([665] feliciabender.com:)

**General:** When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you’re experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it’s hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It’s all up for review during this highly energized portion of your life. If you’re forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn’t a time to nest or settle down; instead you’ll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don’t resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you’re experiencing.

**Pinnacle 3 Number 5:** Second or Third Pinnacle: If in the Second or Third Pinnacle, the vibration of the 5 supports your ability to progress and achieve in a fast moving, highly fluctuating environment. Adaptability is critical to your healthy progress during this stage. Your desire for—and sense of—freedom is quite powerful and significant during this Pinnacle. You must be careful not to get too carried away and damage relationships or partnerships because of your unyielding urge for freedom, travel, and adventure.

**Warning:** Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It’ll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it’s completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

### ***Fourth Pinnacle Cycle: 8***

(Month + Year) - from age 53 (based on LPN) - ([665] feliciabender.com:)

**General:** Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you’re bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

**Pinnacle 4 Number 8:** Fourth Pinnacle: With an Fourth Pinnacle, you're not geared toward quiet retirement. The development and culmination of status, wealth, and power can define this period—given that you act on both business principles and spiritual principles. This is your time to give back in substantial ways by using your gifts of money, power, and influence to help others. Thinking with the power of abundance and of giving back will support you in establishing a great and lasting legacy.

### ***First Period Cycle: 1***

(Month) from age 0 to 34 (based on LPN)

([666] worldnumerology.com:) The first three decades of your life represent a period of much intensity. It requires fortitude, courage, and flexibility. You will be forced to use every one of your talents in order to achieve your own personal individuality and independence.

This is a period of integration and focusing on your life's dream.

Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality.

This cycle marks a time of progress.

### ***Second Period Cycle: 3***

(Day) from age 35 to 61 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a time of heightened self-expression and social support. Abilities you possess in the arts, especially in writing, acting, or dance, are enhanced.

You are more social than you have been in the past, and others are attracted to your charm and charisma.

Although this is a time of maturing, you feel as though you are becoming mentally younger and more creative.

Staying focused on practical goals may be challenging.

### ***Third Period Cycle: 7***

(Year) from age 62 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle, especially in your later years, centers on wisdom and contentment. This is a time of spiritual/internal and intellectual growth, of discovering the beauty and harmony that underlie creation.

However, it is often one of the most difficult last cycles, due in large part to society's lack of appreciation for the intangible qualities of this number.

Socially, you may feel distant and isolated. Interacting with similarly minded people through book clubs, art events, theater sponsorships, or other intellectually and spiritually stimulating activities can help you feel more connected.

Although this is the latter part of your life, it may well be your most exciting time of discovery and personal growth.

### ***First Challenge Number: 2***

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

#### Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

#### ***Second Challenge Number: 4***

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not

wanting to work at all, not liking the work you are “forced” to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it’s difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you’re being lazy. You might feel you’re just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it’s vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You’ll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

#### Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

#### ***Third (Main) Challenge Number: 2***

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

#### ***Fourth Challenge Number: 6***

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) When you experience a 6 Challenge during one of your Pinnacles, you’ll most likely feel burdened or overwhelmed by family obligations. You’re learning to serve others and strike a balance between honoring your commitments to them with your commitments to yourself. This is no small task. Remember: Even if you’re able to achieve some semblance of balance of giving to yourself during this time devoted to nurturing others and learning about responsibility, you can’t and shouldn’t try to avoid caring for others under the influence of a 6 Challenge. If you’re operating with the destructive tendencies of the 6 Challenge, you may be myopically self-centered rather than generous and giving.

This Challenge is often related to the energy of codependency, enmeshment, and giving for misguided reasons. Rest assured that you'll be alerted when you're taking care of others in an unhealthy way during this 6 Challenge.

You're prone to demanding extraordinarily high standards from other people and of yourself, which is in itself a setup for frustration and unhappiness. There's no way others could live up to your expectations. If leaning toward the challenges of the 6 vibration, you're apt to come across as authoritarian, intolerant, and self-righteous. If you don't step back into the constructive aspects of the 6 energy, your tendency during this time may well be to get lodged in cynicism, criticism, and judgment.

Avoiding friction in relationships by emphasizing harmony, using diplomacy at every turn, and allowing others to set their own paces and live their own perfectly imperfect lives will be the key strategies for rising above the challenges of the 6 vibration. Ultimately, your challenge lies in learning, embracing, and practicing unconditional love and acceptance.

#### Potential Destructive Aspects of the 6 Challenge

- Feelings of superiority and thoughts of judgment
- Being angry and disappointed with others and yourself to the point of cynicism
- Becoming self-absorbed and uninterested in helping or supporting others
- Becoming such a perfectionist that you feel paralyzed and fearful
- Living in denial of your emotional life
- Health issues that are often chest related (including asthma)

#### **Personal Year Number (for 2022): 1** (30) + (01) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 1 is a year of new beginnings and more energy.

The year generally provides opportunities for starting new projects and the energy to follow the inclination. More so than last year, the person feels a desire to move forward, to improve situations, to assert their individuality, and to get on with life.

This tends to be an active year with many decisions to make.

In some respects, life feels like it's beginning anew.

**Personal Year Number (for 2023): 11** (30) + (01) + (2+0+2+3)

([668] astro-seek.com:) Lessons of this Personal Year can be very spiritual in nature and under its influence people can attract inspirational energy at a higher level, and then they can use this energy to inspire others. These lessons or opportunities to learn usually happen in stormy situations that always occur during the first three months of the period, that is, within three months of your birthday.

If you've read this far then you know about my scepticism with which I see the subtle differences between vibrations eleven and two. If there is an aspect that proves to me that there is a real difference between them, then it is this one. In the first quarter of Personal Year 11 there is a turn which does not occur during Personal Year 2; then, when the stirred up dust settles again, the following nine months of Personal Year 11 pass calmly and uneventfully and they suspiciously remind us of Personal Year 2.

During this period people get the chance to affect more subtle and hidden emotions of everyone they meet. They can also develop their intuitive skills to the point that they can detect and bring to the surface feelings that others are not able to express.

In the course of Personal Year 11 people will have the ability to recognize and release the latent qualities and opportunities of everything they encounter, and if they can patiently and comprehensively make use of everything they see around them, they will also be able to help others realize their dreams.

This year any stress will have very exhausting effects, but people who can use the intuitive features of Personal Year 11 to show friendliness and offer a helping hand may get a great satisfaction.

### **Cornerstone, Capstone, First Vowel and Keystone (Forename)**

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

**Cornerstone:** It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

**Cornerstone (first letter): N**

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person gravitates toward an approach to life with originality, creativity, and a genuine enjoyment of living — and an honest thrill when interacting with others.

([671] spiritwalk.org:) You are a creative person, a little bit out of this world. You like things having their place and order. It is important for you to systematize your life a little bit, maybe in a form of diary, or summing up your day when you are about to fall asleep.

([672] numerologist.com:) Cornerstone: You are intuitive, creative and love to brainstorm. However you rarely find the money or resources to build something that is great in life.

([673] numerologyzen.com:) Letter N. N has a sense of adventure, a great ability to adapt and a rapid reasoning. N zigzags, [his,her] temperament is quite elusive. N expresses movement and energy. One passes quickly from the mental to the physical level by the intermediary of this diagonal which links the two great pillars. One feels that this letter contains a lot of dynamism and psychic intensity which makes N attractive and magnetic. It is a very versatile letter. N makes [his,her] experiences a daily thing, all being, according to [him,her], good to live and to try. Stability isn't fundamentally [his,her] strong point and N can live periods of hesitation, worry and even guilt. N needs variety, sometimes excitement, and [he,she] can adapt like a chameleon. [His,Her] closeness isn't a sign of calm or tranquility. N is a mentally demanding letter and [his,her] faculties of analyzing situations and people are good. N relativizes, knows how to juggle with words and is interested in a lot of subjects. N establishes [his,her] criteria of life in an absolutely personal way but can change these frequently and without warning. Others sometimes have difficulty in adapting to [him,her], but one mustn't hold it against [him,her], it is the price for [his,her] eclecticism. However, too much flightiness could lead others to think that N is a butterfly flying from flower to flower and taking only what is of interest.

N knows exactly how to put [him,her]self forward, to sell and to sell [him,her]self. [He,She] knows how to argue, to convince without ever being short of replies. All situations which put [him,her] in contact with the public suit N perfectly. However, although open to discussion, N often stays on guard and never lets [him,her]self go completely. N will have to be careful of [his,her] fickleness, which can lead [him,her] to live unstable situation and sudden changes, which are not necessarily positive.

**First Vowel:** This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

### ***First Vowel: A***

[674] [671] [675] ([674] affinitynumerology.com:) All about independence.

Courage tends to be valued. The person tends to express willpower and purpose.  
([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.  
([675] numerologist.com:) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

**Capstone:** This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

***Capstone (last letter): I***

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "I" brings about conclusions that generally have some emotion related to it, like parting with a friend.

([671] spiritwalk.org:) You are an emphatic and touchy person who sees things as they are without pink glasses. You have artistic talents and you need to develop your skills in order to feel happy, even as a hobby. Your eyes are sharp to aesthetics and fashion. Multitasking is not your strongest side, look for your passion and make it your job.

([672] numerologist.com:) Capstone: You often fail to reach goals because you fail to express yourself appropriately. You are also a bit accident prone and forgetful which also prevents things from getting done.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

All having certain interpretations. Based on first full official birth name. Intuitive			Y	7			1	7
<b>Total</b>	6	6	3	8	2	2	11	7

### Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

### 9 on the Physical Plane

Your reverie and tendency to unreasonable idealization of other people and current processes are more than compensated by your serenity, tolerance, strength, and nobility. You think globally, and carry out equally global projects. Such people, despite

some inherent impracticality, become great philanthropists, politicians, publishers, and public figures.

### **Mental (Mind) Plane**

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

#### ***1 on the Mental Plane***

Outstanding learning ability, originality of thought, intelligence and energy. You really like to be ahead, in shining armor. But don't place your stake on this, as once you don't see proper reaction to your actions, you can find yourself down with black melancholy. It's much better to rely upon your sense of humor and charm.

### **Emotional (Heart) Plane**

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

#### ***8 on the Emotional Plane***

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a “power unit”, regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

### **Intuitive (Spirit) Plane**

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

#### ***7 on the Intuitive Plane***

You are capable of seeing the essence of things – through abstract thinking. Don't try to rationalize your intuitive feelings somehow – it has no practical sense. Trust your

intuition, use your inventive mind, and you'll find your way to a creative career.

(The First Step to interpreting the multi-dimensional planes of expression calculation results is to note where the preponderance of letters are. Determine which plane(s) contain the most letters. Then, in each plane, determine which dimension(s) contains the most letters.)

## Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			<b>Self-Esteem: 8</b> line «1-2-3»
111	4	–	<b>Moneymaking: 2</b> line «4-5-6»
character, will	health, beauty	luck	<b>Talent: 1</b> line «7-8-9»
			<b>Tenacity: 4</b> line «1-4-7»
22	5	–	<b>Domestic bliss: 3</b> line «2-5-8»
vital energy	logic, intuition	sense of duty	<b>Stability: 4</b> line «3-6-9»
			<b>Spirituality: 5</b> diagonal «1-5-9»
			<b>Temperament: 4</b> diagonal «3-5-7»
333	–	9	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

## **Main abilities (square's cells)**

### ***Character, will — 111***

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. ### ***Vital energy — 22***

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. ### ***Cognitive, creative — 333***

"An Impulsive Scientist and Creator" - you have serious prospects to master any exact science, technique, algorithm or knowledge system, to make a name for yourself in any creative spheres. In addition to this, you are a dreamer and an experimenter - it makes you different from "33" and "3". But remember: you have too wide area of thought, sometimes along with a sick imagination and the inability to concentrate on something that requires to study hard. Your abilities can appear spontaneously and not always at the right moment.

### ***Health, beauty — 4***

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

### ***Logic, intuition — 5***

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

### ***Labor, skill — empty***

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

### ***Luck — empty***

"Not the lucky one" - this person never gets help from above. They should make a lot of

attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are different things.

***Duty — empty***

"Owe nothing to anyone" - public or other duties are usually not familiar to this person. He or she can not be called a complete egoist, but all their goals are directed primarily at themselves. In their dreams, they strive for "freedom" and "independence", for which read absence of any kind of responsibility to anyone or anything.

***Intellect, memory — 9***

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

**Secondary abilities (lines and diagonals)**

***Self-Esteem (Line «1-2-3») — 8***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

***Moneymaking (Line «4-5-6») — 2***

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

***Talent (Line «7-8-9») — 1***

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

***Tenacity (Line «1-4-7») — 4***

"Confident" - the person sets ambitious goals, assesses the resources to achieve them and, as a rule, fulfills the plans. In fact, this person's potential is even higher, but too sky-high goals scare them away, though they could try to reach them.

***Domestic bliss (Line «2-5-8») — 3***

"Spontaneous" - this person may say that they will never enter marriage or it is not for them. But one day they'll send invitations to their wedding, and everything will seem to be ok till the day when they suddenly apply for divorce.

**Stability (Line «3-6-9») — 4**

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

**Spirituality (Diagonal «1-5-9») — 5**

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

**Temperament (Diagonal «3-5-7») — 4**

"Warm" - the need for intimacy is high, so if there is no soul mate, this person makes every effort to find love. However, people with 3 or 5 in temperament suit them best because and help to elicit their potential; this person is considered to be rather faithful.

In their most successful state of being, the personality of the Ten of Club is a successful communicator who inspires others to provide the services and work required to achieve considerable success.

Ten of Club is symbolic of mental illumination. Those born on a 10♣ day are innovative and have a creative mindset. Their greatest success lies within the mental realm of ideas and communicating those ideas to others on a large scale. We also consider the Ten of Club as the Moon Card; known to astrologers as the emotional, intuitive mind.

Ten of Club people are often suspicious and demand loyalty from friends and family. We know them as task-masters within the family, and even they feel they are deserving of that title. They are also afraid of being judged and are insecure on a deep level. All 10 of Club like to work, and for those instilled with a moral sense of values early in life, their personal achievements are tremendous.

Those born on a 10 of Club day learn the power of money at a very early age. They also have a knack for investing in things that bring speedy returns. Their greatest gift,

***First Karma Card: Jack of Spades*** (metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Spades: Wisdom - Labor - Acceptance

Jack of Spades - A Neophyte in Wisdom

Karma for the Jack of Spades - Right Choice of Objectives

Earth-Pentacles - Planets: Mars & Uranus

All Jacks are Neophytes, learning and experimenting with the esoteric meaning of their suit. The Spade Suit symbolizes the balance between wisdom and hard- work; spirituality and the physical world. The royal Jack of Spade is well positioned for success, but it is this very blessing that often leads to their demise.

KARMIC CHALLENGE for the Jack of Spade: Arrogance and Manipulation

The positive Jack of Spade have equipped themselves with education and training. They work for the love of their art or their job, not just the pay check, and they strive to give their best to the task at hand.

The negatives among these people destroy the inherent protection that surrounds them through irresponsibility and cunning. Indeed - the Jack of Spade is sometimes known as the con man of the deck. Should this be the unfortunate turn of the Card, Jacks of Spade are subject to scandal, disgrace, and misinterpretation of their motives on a very big scale. (think: Mel Gibson)

All Jack of Spade should want to take advantage of the wonderful opportunities provided by the sequence of their cards, for theirs is one of the most fortunate of all. And like all Jacks, they are charismatic, talented and youthful.

***Second Karma Card: Four of Spades*** (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Spades: Body - Work - Spirituality

Four of Spade Meaning: Harmony in Work

Karma for the 4 of Spade: Entitlement

Earth-Pentacles - Planets: Venus & Jupiter

At first glance, Four of Spade have cards of success and power. However, until age 26 years, their impressive karma usually leads to a false sense of entitlement.

This is more true of the men than the women, and often because of the mother using money and gifts to show her love, fostering the notion that abundance is their right. In their later years, the 4 of Spade can experience dark moods as their skewed

understanding of prosperity translates into frustration and loss.

Four of Spade are sensitive and they enjoy helping others. They conceal their strong feelings behind a brash demeanor, which makes them come across as being proud, or egocentric.

They are physically very strong and excel in sports or challenging physical activity. They appreciate art and beauty and can do very well for themselves when used in industries that cater to the arts, women or home decor.

To overcome their karmic challenge of entitlement and resentment, the Four of Spade must not only work hard for what they want, but enjoy the process of work. For those 4♠ who find their passion and look beyond the trappings of prestige and glamour, theirs is an exceptionally fortunate life; satisfaction and success for the taking!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

JOURNEY OF THE SOUL: Their Soul Card is the Queen of Spade. This emblem is symbolic of the matriarch – the faithful and protective guardian, drawn toward remedying those in need.

In its ultimate state of being, the personality of the Eight of Diamond administers its creative talent to enhance the world. A gentle, inner strength empowers others to shine light where there is darkness and beautify what is otherwise ugly in the world.

During their early years (age 1-13yrs) karma dictates the 8 of Diamond learn important lessons from an impatient, transient father or father figure. These early experiences and impressions encourage the personality of the 8 of Diamond to take on responsibility at an early age.

Eight of Diamond are independent and hard-working. They are able to penetrate through

any perceived barrier to acquire the knowledge they seek. They lack patience with stupidity but are otherwise very patient.

Theirs is a gentle energy, enveloped in an aggressive desire to express themselves and create a better life. They appreciate beauty and strive to enhance it. They are the Sun Card, and like the sun, can help others grow and overcome limitations.

The inner nature of the 8 of Diamond is to nurture and protect, to love and be loved. They are trustworthy, but the personality deals with a deep mistrust of intimate relationships, at odds with the qualities of their soul.

After age 91 the cycles repeats.

Water-Cups - Planets: Mercury & Venus

HEART: The Heart personality is here to learn about human love and relationships. The spirit of heart navigates the turbulent waters of emotional energy. It is the area of life most difficult to master. The heart personality creates experiences that demonstrate love is the sole (soul) power behind all power.

SEVEN: The value of seven is victory. It is a sensitive vibration that rides the razor's edge of life's hard experiences. It is stressful and tense. It is the number of obstacles. The personality of the 7 is chosen to overcome adversity by rising above and beyond the challenges of their karma.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Heart. This emblem is symbolic of the healing power of love. It symbolizes restoration, and reconciliation. It radiates charm and magnetism. The wise 7 of Heart use their soul-power to attract the help they need. They turn obstacles into victories and harness their emotional stress as motivation to succeed.

Childhood experiences teach the young Seven of Heart that in order to overcome adversity, they must rise to the challenge quickly. They and their family receive many calls for help, usually financial, which creates an understanding of money as a necessary evil.

Seven of Heart personalities operate on a higher frequency. Their mind stuff is highly cognizant of light energy, which they tap for creative ways to release the incessant stresses of their youth. Many artists, singers and entertainers are born on a 7 of Heart day.

The most challenging karma for the 7 of Heart has less to do with the spirit of the heart than it does with learning how to use their fine minds. They have such broad viewpoints, it's difficult to narrow down the channels of thought. They are busy inventing and building bridges to progress while the rest of us mull over cause and effect.

There are those, of course, whose evolution is on a lower frequency of light. For those

seven of Heart, mental frustrations create a lazy mind, unwilling to rise to the challenge. Emotionally wilful, there are no half measures for the 7 of Heart! For good or for worse, they are self-sacrificing and loyal to death do they part, or the romantic rebel, unwilling to take on the emotional work for a committed relationship.

***Cosmic Reward Card: Ace of Spades*** (metasymbology.com:)

SPADES: Physical - Work - Wisdom

ACE: Longing - Self

CHALLENGE: Covetousness

Earth-Pentacles - Planets: Mercury & Neptune

SPADE: The Spade personality enjoys being physically engaged in the world. The spirit of the spade is embodied in the instruments of labor, and it is earthy. The world compels the spade to dig deep into the hard soil to fulfill the needs of the soul.

ACE: The Ace has a value of one. One is self. The I am and I need. The personality of the Ace is driven toward fulfilling its own singular need.

JOURNEY OF THE SOUL: Their Soul Card is the 7 of Heart. This emblem is symbolic of overcoming emotional stress associated with jealousy or lack of appreciation.

In an ideal world, the Ace of Spade dives selflessly into work, without the need for accolades. They balance their work-related ambitions with the emotional needs of those who love them and understand the real journey of life is love.

Ace of Spade personalities are charismatic. They enjoy being physically active and have romantic expectations, which can keep them looking for their perfect love or soulmate. Starting in their late teens and early twenties, the Ace of Spade get a lot of calls for help, usually financial. This is especially true of the women in their life, friends or relatives who equate money with loyalty.

It's not easy being identified as the Ace of Spade. Much inner work is needed for them to overcome negative thinking habits and harness their restless, if not reckless behavior patterns.

In it's most spiritual interpretation, the Ace of Spade personality takes the soul on a journey of sacrifice; not as punishment, but to forgo the need for adulation and acquire victory over the little self.

***Cosmic Moon Card: Seven of Diamonds*** (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Diamonds: Values - Security - Dharma

Seven of Diamond Meaning - Conflict Between Spirit and Matter

Karma for the 7 of Diamond - Harmonization of Money and Love

Fire-Wands - Planets: Double Venus

The 7 of Diamond is a card necessarily associated with money - for good or ill, little or

much. It is a card of power and accomplishment. And for those who have not acquired a sense of value, it is known as the Card of "Wine, Women and Song"

The lives of the Seven of Diamond people seem to follow cycles of 5 or 7 years; changes are often violent, always sudden.

There is a great love of home for all 7 of Diamonds, but they may have to wait for it, as their early life is filled with many changes.

The Seven of Diamond is one of the "swing cards", exchanging places with the 9 of Heart every other year. This symbolizes a challenge in balancing love with money. When their love life is running smoothly, the need for earning money becomes the priority - and when there is wealth, the stability of their home life tends to suffer!

**Note:** If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

## Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

*Patience (9) Ahau*

*South (Yellow) glyph: Surprise / Mystery*

## **Day Sign: *Light***

/ Flower / Sun / Ahau (Yucatan) / Ajpu (Kiche)

Ahau types are loving, devoted, artistic, dreamy and romantic. They can be loyal friends and lovers, but often suffer in relationships because of unrealistic expectations. They are extremely devoted to others, including friends and lovers, and are hurt badly when they are left for another.

Ahau types have a beautiful vision of what life, and most importantly what life with another, can be. In some cases, an obsession with the future and with some kind of ultimate perfection generates illusions, fuels unrealistic expectations and brings about disappointments. In other cases, Ahau types will live a life dedicated to an ideal, and they will accomplish much, sometimes changing the world in the process.

Art and beauty draw the interest of those born under this day-sign. Many become successful artists, writers, or craftspeople who produce decorative, aesthetically pleasing products.

Ahau types are generally intelligent and hard working, but they can also be stubborn and uncompromising. One major problem is their unwillingness to compromise their ideals. Ahau types are determined people who would rather not participate than have to accept a less than perfect situation.

Ahau is a sign that needs to combine realism and idealism, and when this compromise is able to be made, their doors will open to a more perfect world.

Challenge:

To handle disappointments due to unrealistic expectations; to accept the world that is not up to their hopes and wishes; to tolerate unfairness in others.

Solution:

To keep life simple and to appreciate the little things.

Future: Lamat (Rabbit) GT: 4 (Stability)

Past: Eb (Road)		

### ***Four Directions***

Considering the primary importance of this day-sign, one might expect an augury of unblemished good fortune for all those born on this day. In fact, the character of the Ahau native is typically quite complex. According to Sahagun, the Aztecs regarded this as the day-sign of poets and singers, of dancers and creative artists. This day-sign may have a flavour of self indulgence as well, for Sahagun tells us that these natives are also prone to slip into extremes of sensuality.

Most creative artists feel some sort of inner connection to a higher force or power and it is rare in creative circles to find the complete atheist without any allegiance to some mystery.

The symbolism of the day sign Ahau informs us that this creative source is rooted in the collective unconscious, the community between ourselves and all those who have gone before.

If the collective mind enlightens us, it may also drag us into a world of illusion, as noted when considering the day-sign Imix.

Natives of the day of the Ahau are equally likely to be enticed by the depths. They may suffer from some of the delusions that Jung tells us are characteristic of those who venture too deeply into the collective ocean of consciousness without keeping a firm grip on ordinary reality.

Day-keepers say that while Ahau natives are mediumistic and may be able to communicate with the dead, this communion with the Ancestral world may be too close, too immediate and therefore unhealthy.

Too great an immersion in the realm of collective visions and dreams is the danger inherent in the sign of Ahua.

If these natives can avoid giving way to excessive sensuality or excessive involvement in the unhealthy side of mysticism, they are likely to become wealthy and wise, enriched rather than crippled by their artists grasp on the Otherworldly.

Their personal tree of life certainly provides them with the ability to achieve such a balance, thanks to the presence of the daysign Eb behind them. Their ancestral karma is strong and positive, while Ix on their right hand and Cimi on their left hand endow them with the strongest (and most clever) aspects of their Otherworldly heritage.

Their future is governed by the fertile and prosperous Lamat, holding forth the promise of ultimate success and enjoyment in life.

### ***Galactic Tone: 9***

(mymayansign.com:)

#### **Patience**

- \* Connection to others
- \* Soft blanket

- \* Comforting
- \* Direct connection
- \* Perspective
- \* Patience
- \* Remaining strong

From 1 to 13 is a long journey of evolution, and at the station of Tone 9, we find the power of patience. It is almost at the 70% of the journey, where most marathon runners need to go through a certain shift in their minds to keep up the hard work.

Tone 9 brings you a wide perspective on life and issues, therefore, you know how to be patient. Thanks to this energy you own your power in a mature way. The 9 energy allows for plans and projects to come into the last stage of completion.

### ***Trecena Sign: Cane***

/ Reed / Ben (Yucatan) / Aj (Kiche)

Beneath the 1-Ben surface personality is a person who seeks constant self-improvement.

Such people have a strong need to persuade others, to conquer their enemies, and to achieve their objectives.

While they make good teachers and role models, they also have a tendency to be somewhat self-righteous and overconfident of their own opinions.

### ***Night Lord: 7***

Persons born under this lord are strongly motivated by relationships; they like to partner, and they enjoy working with the public. Many born on this day are excellent consultants, teachers, or healers. They like the finer things of life, or at least have more than a casual appreciation for quality, and they deeply enjoy music or art.

G7 types want to be in control of their outer world because their inner world is not so controllable. Their level of sexual desire is very strong, and they often feel a need to repress such urges so as not to disturb their social life. Some bury themselves in work in an attempt to deny these deeper urges. This repressive approach doesn't always work, and impulsive behaviours may result in social disturbances that can wound them deeply. Even thoughts may make a G7 feel guilty.

Sometimes these types will apply a kind of self-inflicted punishment in order to make amends. At their best, they will find ways to creatively explore their deeper urges through art or through various healing modalities. This process may lead them to become a

healer of others.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.  
This one would be Neptune conjunct the Sun.*

## Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

## **Cypress Tree**

**Strong keywords:** Tolerance, Sociability

**Weak keywords:** Laziness

**Tree variants:** Hawthorn, Juniper, Camomile

**Birthday:**

23 January – 31 January

25 July – 4 August

### **Characteristics and Personality**

People born under the rule of Cypress are tolerant, resourceful and faithful. However, they are also quite lazy and inclined to oppress the weak in their surroundings. They have the ability to endure the adversity of fate, which does not break them; on contrary, they learn from the experience. The nature of people born under the rule of Cypress is very rare, because they are able to intensively enjoy everything that life brings. These people have a strong will to find a solution to a problem even if it means their discomfort. Perhaps that is why they do not lose their head, goodwill and hope that things will get better, even in the worst situations.

Just like cypress trees, these people like the Sun and they cannot stand any restrictions on their personal freedom. If you force them to live in confined conditions, whether in a physical or spiritual sense, they will soon become grumpy and they will make life miserable even for the greatest optimists around them. They do not like being alone and they avoid solitude. They prefer spending time in their family circle or with good friends. They need both, their family and friends, in order to be happy in their lives. Cypress people are popular because their presence has a calming effect on other people.

These people love nature, they like to wander around and they are very keen travellers. Their main interest is getting to see new places and learning about the customs of the people living there. People born under the rule of Cypress just want to be happy. They are not really interested in anything else; they do not attach special importance to success in life or to material values. They are therefore not successful traders, politicians or entrepreneurs. The most suitable profession for them is a job that requires constant contact with people, but where they can also work independently and nobody limits their vigour and enthusiasm. They are very good tour guides, truck drivers and pilots, for example. Their career, however, is not sky-high, because they are not making a very good effort to climb up the career ladder. On the contrary, they carefully avoid everything that can cause a problem that may disturb their happiness.

Cypress people are daydreamers and they let their life take its natural course. They organise their lives only in case of extreme inevitability and with great self-denial. The biggest obstacle of their journey to happiness is their effort to avoid any challenging and stressful situations. They do not realize that in life it is sometimes necessary to stand up for yourself and take risks, otherwise it is not possible to move forward.

Cypress people are not good managers because they tend to be too bossy and procrastinate when a problem has to be solved. They are strict and uncompromising with their subordinates. They usually lack organizational talent so their efforts often lead to confusion, chaos and quarrels, in which everybody accuses everybody else.

They behave the same way in their marriage; sometimes they require a submissive subordination and boundless devotion from their partner. If their current partner cannot or does not want to give it to them, they will break up with them and find another partner without mercy. In love, they are wild and sensual. They will change many romantic partners before they find a person who will conform to them. But once they find the right person, they love them with all their heart. In that case, they are faithful to them until the day they die.

Cypress people are just as healthy as their tree, which is strong and beautiful. As they get older they may become hypochondriacs under the influence of other people. They may start looking for diseases that everybody has at that age.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

**Ascendant ASC in ♓ Pisces 14° 37'**

([697] eastrohelp.com)

**Appearance – Are Pisces Rising Attractive?**

Pisces ascendants are some of the most attractive people on the planet. Their frame might be slight but they're exceptionally stunning.

A Pisces ascendant man has the look of a sexy scholar. These men usually have an average height (about 5'8" or 5'10"), a very well-built body and dreamy eyes that'll steal your heart the minute you see them. They're glorious to look at and very tender when it comes to love making.

### **Personality – What is Pisces Rising Like?**

Pisces ascendants have the first impression of being shy and very reserved. The first thing that people notice about Pisces rising is their soft voice and puppy-like big lost eyes.

1. They're shy, not stupid – Pisces ascendants are reserved and they can balance their emotions. But, they're not stupid. They're very much aware of what others are up-to all the time.
2. They're very compassionate – They care about the feelings of others so much that they get overindulged in the life of other people. A Pisces ascendant will always help the underprivileged and weaker ones.
3. Inside, they're an emotional mess – They do have the art to balance their emotions in public but they're sort of oversensitive. It makes them a bit hard to date.
4. They can easily fool others – This is a debatable trait. Nobody knows whether it's good or bad except a Pisces ascendant. Some call them chameleons because they change every now and then. Some call them adapting since they can blend in any situation. Precisely, they can fool you if they want to.
5. They're Lost Happy Souls – Pisces ascendants, especially a Pisces ascendant woman, palpitate so much happiness that it's impossible to not enjoy their company. But, when it comes to feeling mentally settled, they feel lost and confused. It's one of the reasons that these people can easily fall into the abyss of drugs and alcohol.
6. They are passive-Aggressive – If they don't like you, they won't say it on your face. You'll get to know about their feelings from people around you. It's one of the most frustrating traits of Pisces ascendants.
7. They're Jealous Lovers – It's a joy to date them until you make them jealous. They can react very badly even in public if they feel insecure. The good thing being, they won't feel jealous until you give them a reason. So, as long as you're not flirting with others, you're in the safe zone.
8. They're Very Intelligent and Successful – Ask them a question and, 90 times out of 100, they will have the answer. Jupiter imparts the quality of learning. The quest to learn is so strongly imbibed in their soul that it's impossible for them to not succeed once they set their minds to it.

### **Love Life – What are Pisces Rising Attracted to?**

A Pisces ascendant man somehow attracts heartbreak. These gentlemen don't see the world as it is when they're in love. By the time they see the reality, they're already left heartbroken. The bad part is, they still don't learn. They're hopeless romantics who would even lay their lives for the women they love.

Pisces ascendants are generally attracted to humor and sass. If you can make them laugh, laugh at their jokes, and have a knack to explore new places, they'll fall head over heels in love with you.

### **Compatibility – Who should a Pisces Ascendant Marry?**

Pisces ascendants are pure-hearted, emotional, and selfless in love. Really, it's not that

hard to admire their innocence and fall in love. All it needs is someone as pure-hearted as these people. If you're any of the following, a Pisces ascendant is your true calling.

1. Cancer zodiac sign and cancer rising sign.
2. Leo zodiac sign and Leo rising sign.
3. Scorpio ascendant sign.

A Pisces man is a gentle tender lover. He takes his own sweet time to drive his lady crazy in bed. He's a thorough lover and won't ever rush. If you're his wife, you'll never leave the bed unsatisfied.

### **Health – What Health Issues do Pisces Rising Have?**

Pisces rising aren't very lucky when it comes to health. They are usually troubled with coughs and colds. These people are also at the risk of bone and joint diseases like arthritis at the later stages of their lives.

That being said, since Pisces risings are emotional, they do tend to face mental issues like depression. There are times when they lose all hope and feel vulnerable and lonely. Yellow sapphire is the gemstone of Jupiter. Hence, astrologers always recommend that Pisces ascendants should wear a yellow sapphire since it'll protect them from sickness.

### **Connection of Planets With Pisces Ascendants – Is Pisces Rising Good?**

Naturally, as the Lagna Lord, Jupiter either remains neutral or benefic, but it's never malefic for its natives.

1. Friendly Planets for Pisces Ascendants – The moon is your biggest friend. If it's well-placed, you'll always achieve success. Mars is the second best planet for you.
2. Malice/Enemy Planets for Pisces Ascendants - Venus, despite its not a malefic planet in general, is your enemy.

They should view these births as blessings and not as burdens. Experiencing as much as possible will only help them broaden their mind. Their life will never go back to the way it used to be when they didn't use to have a care in the world.

The Aquarius Sun Cancer Moon natives need to trust the future and look at their new destinations with hope. Aquarians get their comfort and security from interacting with others. Their past wouldn't matter.

They're alluring and affable enough to get support from everyone. If they weren't encouraged as children, they will surely be when adults. No one can stop them from being inquisitive and as determined as possible. The fact that they have their Moon in

They feel great when they have the occasion to be motherly, but they have to be cared for too and this becomes more apparent as the relationship progresses.

### **Aquarius Sun and Cancer Moon man**

Because the Sun is not really at its strongest in Aquarius, but the Moon is right at home in Cancer, the man with this Sun Moon combination is often ruled by his emotions and is less detached than other Aquarians.

He knows when to give his best and they make great hosts. Their talents and sociability will help them attain success in many fields of activity. What makes this man so great is the fact that they can understand human weaknesses and complexities.

## ***Sun ☉ in XII 12th House***

([870] i.thehoroscope.co)

This placement of the Sun prevents people from feeling the most comfortable in large groups but still prompts them to very sociable and charming, usually managing to impress anyone.

People with the Sun in the 12th house have the secret wish to always be perfect. They love getting appreciation and recognition for their efforts, but at the same time don't mind living an obscure life. They're rather loners who get their peace of mind when only them with their own thoughts.

If they'd be given the opportunity to live in the woods without any company, they wouldn't hesitate to do it. In case it happens for them to be leaders, expect these individuals to play their role from behind the scenes. The more they're of help to others, the happier and fulfilled they get to feel.

These natives feel the need to be alone more than others, which gives them a need to contemplate and to understand things differently than through socialization and friendships.

### **Summary:**

Strengths: Intuitive, perfectionistic and affectionate;

Challenges: Aloof, judgmental and stubborn;

Advice: They need to allow themselves free and uninhibited expression.

**Very compassionate**

Individuals with their Sun in the twelfth house are the introspective type who needs to be secluded for more strength. They don't like being in the center of attention and usually hide their true self when in public.

Because they're more focused on what's happening in their own world rather than in the outside environment, they can afford to just escape and retreat when things in their life go bad.

It's important for them to be alone with themselves, but they should pay attention not to become so attached to this good feeling to the point of which they no longer know how to act around others because they're really effective when helping.

Very compassionate, they should let this great trait that they have reinforce them more than loneliness does.

Usually, the position of the Sun indicates where people shine the most. The 12th house rules over self-undoing, so the Sun here is clouded by Pisces' ruler, Neptune, which means natives with this position need their own space and to reflect when all alone because only this way, they can gather all of their forces.

They will avoid being in the middle of things and if forced to act in public, they'll pretend and play a role rather than just being themselves.

Because they're night owls, they'd be great at working the night shift. It's like the darkness makes them more productive and they're aware of this.

Expect them to feel uncomfortable in large groups, so don't take them all the time to parties, if you happen to be their lover or friend.

They have a lot of compassion and need to help as it makes them feel happier, no matter how melancholic they may be the rest of the time.

The Sun in 12th house natives are very criticizing with themselves and feel like no one can understand them. Since the Sun represents the self and the ego, it becomes gradually soaked up in the twelfth house and makes the natives having this placement insecure or not able to identify where or with whom they're the most comfortable.

It's suggested these people should be a little bit easy on themselves as this will help them recognize what they actually need and which are the limits the 12th house imposes upon them.

**The positives**

The energy of Sun in 12th house individuals needs to be recuperated through periods of retreat and introspection.

This habit is as real for them as the world outside, so if they'd study the mystique or different meditation techniques, they'd be more confident to rely on themselves and their melancholic ways.

Having this special inner world makes them great artists who have a sensitivity when it comes to sharing their own dreams or opinions while others don't have a single problem with this.

They should be gentle with themselves and allow their sensitive soul to come out, especially after alone periods.

It can't be said the 12th house keeps the strongest Sun because people having this placement in their chart are not good at expressing themselves, being more focused on dissipating the sense of self and on retreating rather than developing according to the external stimuli.

That's why it's more difficult for them to deal with everyday issues and to determine who they actually are. As a matter of fact, not being in any way assertive is something that describes them all the time.

If natives having their Sun in the 12th house want to make an impression and to no longer be so introverted, they need to turn into whom they're not and deal with the world by looking at it from outside themselves.

It's normal for them to take action from the shadows and to not use their real name if artists. There are moments when they just withdraw and no longer interact with anyone or don't make themselves heard.

This is how they get their emotional and psychological strength: by checking themselves into some institutions or places where they're permitted solitude and by staying locked inside their home.

Many astrologers are saying the Sun in the 12th house is a difficult position because this house is also the place that holds the repressed traits from childhood.

But still, individuals with this aspect have some amazing talents that can't be found in others. For example, they're amazing healers or providers, have psychic abilities and telepathic powers as the Water sign Pisces has its home in this house.

Another problematic issue with the Sun in 12th house combination is that while the Sun is the representative of the ego and identity, this house is among other things, about

limits and the line between what's real and what's completely strange.

This means natives with this aspect in their chart are confused about who they are and about life altogether.

Their past lives will try to blend in with their present one, trying to make some sense, putting them in difficulty because they need to somehow integrate what ended into what's happening with them now.

It's like they could never have precision and clarity when it comes to what they're supposed to do and what's their purpose.

### **The negatives**

Individuals having their Sun in the twelfth house are very insecure because they know in the back of their mind that they're wearing a mask in public or that they can't be too worldly.

Because they don't have a well-developed ego, they can't determine who they actually are, which can bring on many strange reactions of self-abnegation and shyness, no confidence in themselves and a low self-esteem.

Rather than exposing themselves to the world, they prefer to just withdraw and face the fact that they're not so real.

It's also very possible for them to end up dependent on drugs and alcohol because they feel like everything about their life is an illusion.

There's also the alternative in which they're protecting themselves from the world by putting on a mask and operate in a continuous illusion.

These people can't know their own truths and prefer to work from the shadows. If the Sun in 12th house is afflicted, they may be neurotic, too egotistical and eager to have their hands on power they don't actually deserve.

Everything about this position of the Sun in the chart will be taken to the extreme in them, so they can exaggerate with something while young, just to compensate when mature and to arrive later in their life at having a wider perspective and feeling really comfortable.

These people may tend to abuse their power if having too much of it. Their tendency to go to the extremes can be very destructive for both themselves and others.

If they'd be famous, they'd probably have a turbulent life and feel a lot of pain. For example, if writers or dancers, they would play the role of the underdog and make life

difficult for their producers, publishers and assistants.

The position of the Sun in the 12th house suggests those with this placement should allow their unconsciousness to become part of their life, so they should meet with their inner demons and resolve some issues they may have with these.

Repressing and hiding some manifestations of their psychic would only bring unbalance when it comes to discovering their true self.

These natives may have difficulties setting some limits for themselves because they seem to have some troubled waters inside, which are trying to always get out and tear down any type of barrier they're trying to put up.

### ***Sun ☉ - Detriment in Aquarius***

([871] southfloridaastrologer.com:) A restricted expression of the ego is found when the Sun is in Aquarius. Aquarius' need to think of the group's rules and needs before thinking of themselves is opposite the Sun's need to shine and express the ego.

### ***Calling (Unaspected) ☉ Sun***

([700] astrotarot.net:) Sun without aspects will be strongly dedicated to the leadership, spotlight. The sun represents life, vitality, shining, and being in the center of it all, being in the center of attention. The sun without aspects (calling Sun) highlights leadership, show, performance. This sun calls for drawing attention at any possible level. The negative side of a 'calling' Sun could be that you tend to be bossy, dominant, and like to play the starring role, always. So When the Sun is unaspected, its characteristics, both assets, and weaknesses are increased. The person's charm, magnetism, and charisma are strengthened and facilitate his success in society.

### ***Moon ☾ in V 5th House***

([876] i.thehoroscope.co)

People with the Moon in the 5th House are always keeping others' best interests at heart, because their nature is kind and their heart is big.

The Moon is responsible for emotions and the nurturing nature of a person, plus his or her moods. When it's in the fifth House of fun, it makes people more open to share their

emotions, and it even gives them a real talent for the arts.

Individuals with the Moon in the 5th House are really happy when they do something for the ones they love. For example, they could build a beautiful piece of furniture and give it as a gift to a friend or someone in their family. It's like everything they do is meant to make others happy and to reveal their inner feelings in a very expressive way.

They have a tendency to be too dramatic because they can't seem to hold their emotions to themselves when dealing with different situations and individuals.

**Summary:**

Strengths: Magnetic, passionate and enthusiastic;

Challenges: Dramatism and coldness;

Advice: Learn to let inhibitions aside.

**Can't run away from their own instincts**

Natives with Moon in the fifth House are dramatic and eager to share their emotions with others. Their romantic relationships are usually very intense and have a special magnetism because they take love seriously. However, they need change if they want to be happy.

Very attached to children, individuals having Moon in the 5th House will get along with the little ones no matter if they are theirs or someone else's.

Their interests and hobbies will often change, but their talents will remain exactly the same because their imagination is always working and their daydreaming can't be stopped. Many will notice how they are constantly trying to be in contact with their inner child.

As said before, a challenged Moon can make them impulsive buyers, gamblers or real conquerors when it comes to love. It's like they are more interested in the game itself than in the person who's playing it, so it's essential to change this about them if they want to be truly happy.

Not wanting to mature and being real children at heart, these natives will always love the little ones, no matter if they belong to them or to strangers.

If the Moon is in a negative aspect in their chart, they will have a problem with how they are spending their money, gambling and even instability in their love life because they would constantly be looking to attain happiness with a partner's help.

It's possible they will take unnecessary risks and be very irresponsible from time to time. At least they will always express emotions very well, even by using a lot of drama and exaggerating.

People with the Moon in the 5th House can't run away from their own instincts and emotions. That's why they can't lie about liking someone. This position of the Moon is very influential and positive, having an impact over the Midheaven and the Ascendant.

It makes people more competitive, aware of themselves and expressive, the type who always wants to accomplish, to dress better, to be more intelligent, to make more money or to be the most hard-working.

They will always wish to defeat their competition but would never do anything to harm someone because they're aware winning can only be attained by self-improvement.

The men having Moon in 5th House are interested only in the most beautiful women, those ladies that all the other men are after.

When it comes to the females with the same position, they want to be the most good-looking and to handle both family and their career in a perfect way.

Because all of these natives love children, they would make great teachers and babysitters. While they also have a talent at leading, the Moon keeps them private and more interested in being the rulers at home or with their closest friends.

This means they have a tendency to dominate others, especially when the Moon is in a Fixed sign.

In their endeavor to rule, they are always keeping other people's best interests at heart, because their nature is kind and their heart is big. As the inner child in them is always revealing itself, they will know how to make the little ones laugh and have a good time when around them.

It's their pleasure to get together with children and to laugh or make silly jokes. However, their own kids will know who's the boss and whom they should listen to in the family.

### **They should pay more attention to their feelings**

It's important for people with the Moon in the fifth House to be imaginative and to express themselves creatively. This is all because of their dramatic nature and the instinct to always act out for their individuality to be revealed.

In other words, what's in their heart and mind needs to be put into something that gets shown, so the position of the Sun in their chart will determine what they are the most talented for.

Regardless of their gift, they will always be authentic and have a need to shine through drama or a playful attitude, the ideas lying deep inside their soul being expressed

naturally.

In astrology, the fifth House is the one of love and fun, so the planet positioned in it will influence its natives' amusing side and even positivity, giving them a childlike nature and having them always ready for playfulness.

For example, they will want to express what's in their heart and to live their life based on instincts, always giving a deeper meaning to fun and the way they do things. This means they'll be very romantic, creative and not at all inhibited towards their other half.

Related to the Leo and the Sun, all the planets in this House are influenced by the typical self-expression of the Leo, this being the reason why the Moon in this position has deep connections with being in the middle of things and responding passionately to external stimuli.

All the individuals with Moon in the 5th House will want to have children as a result of the fact that they love the little ones so much.

They like to play and to create because acting, painting, sculpting or singing makes them feel good. The position of the Moon has them interested in anything that brings joy to the heart.

The sign in which this celestial body resides in their birth chart determines their type of creativity and talents.

However, they should be aware they may have some issues with their mothers, and that this may influence their romantic relationships. Moreover, it's important for them to be aware the Moon brings them chaos and instability.

Paying more attention to their finances and love life would be something for them to consider, because they may lose people they actually love or realize they are broke after one night spent at the casino. They can be nurturing just because it makes them feel good.

Individuals with Moon in 5th House have a desire to be needed, so it's them who are, in fact, needy. It can be difficult for them to be conscious of their own emotions and to react to what others may want and need accordingly. It's like they are open to give a lot only when having to do it.

They should be careful of this secret desire they have to make others dependent on them. It's essential they nourish those they love in a mature way, allowing them to also be independent enough.

They can play the role of the caretaker and the lover at the same time, but this can

sometimes generate some trouble because they can be authoritative.

Their sexuality is meant to feed their inner hunger and they are very responsive when members of the opposite sex are hitting on them. It's normal for them to convince their partner to make the first move when it comes to having sex.

For them, lovemaking is something emotional and not physical. They assess a performance in bed according to how satisfied their partner has felt.

Emotional and imaginative, people with Moon in fifth House will always have a talent for drama. This is why some may not want them around for too long.

As teenagers, they may feel like everything is about them because this is how the Moon expresses itself. They will find this expression natural and according to their needs.

There's no one who can tell they don't know what they need and how to get it. While seeming shy, they in fact have a lot of confidence and are very proud.

Being in the center of attention doesn't bother them at all, so don't be surprised if all the people at a party are closely listening to what they have to say.

([911] i.thehoroscope.co)

They will play out the roles of parents incredibly well like they were born to do this. Obviously, being the Mercurian people that they are, education and learning will take the top position in their relationship with their children.

They might find it annoying and boring to do the same things over and over again, referring to the chores of daily life, but it gets easier to swallow with time, entertaining even.

### **Summary:**

Strengths: Adventurous, eccentric and knowledgeable;

Challenges: Pessimistic and unstable;

Advice: They should also listen to their intuition, not only to reason.

### **Quite subjective individuals**

Even when at home, these natives will most likely won't be able to stay silent and do their thing just like that. Nope, that's not even an option.

Something has to keep their mind focused, either an audiobook or the radio blasting some music, something that will distract them from the tediousness of chores.

That's just who they are and there's no changing this. Moreover, these natives are very interested in traveling around the world, changing workplaces, discovering the depth and intriguing things that are hidden out there.

They are wanderers, adventurers, always looking for something innovative to occupy their time with.

Even though they can come up with great ideas seemingly out of nowhere after a few minutes of thinking, they are still very wary of accepting other points of view other than their own.

The subjectivity here is obvious, but even more, there is a stubborn denial of anything that contradicts their perspective, one that operates on the unconscious level.

Education is one of the most important goals for them, learning as much as possible, retaining and accumulating knowledge from different domains, and being in control of any conversation, having something to say. It's also very easy for them to understand complex or difficult data.

With so much learning and analyses going on, they have to develop a certain critical mindset, a manner of speaking not unlike the upper strata of society, the elite.

And you can observe it's a genuine one, not a snobbish trait, by noticing that they talk the same even when at home, in the same intellectual and profound manner.

This intellectual communication is deeply related to their connection to that sense of belonging, to a familiar environment.

For most, home is where the closest people are, but they also need to be mentally stimulated in order to really feel at home somewhere. They might search for this in other places if they don't find it.

People with Mercury in the 4th house love to travel, to explore the world, to change their perspectives, values, and to learn about other cultures.

They want to compare their own perspectives and thoughts on certain matters with other people coming from different cultural backgrounds.

Even more, they want to attempt a rather interesting experiment, to cut off their roots and begin a new life someplace else, to take it from the beginning by learning to live in another culture.

### **The positives**

Due to their continuous learning and studying, they have developed quite the monstrous memory, able to absorb anything and everything in a matter of minutes, if not less.

They have no problems at all in understanding complex ideas or principles, and they feel very happy that this is so.

And even though they will take a stand on their ideas, if you bring good arguments and evidence, they will change their minds. Reason dictates so.

If they could just act a little more reasonable in general, they would be even more efficient and expressive. More often than not, emotions cloud their mind, throwing everything into chaos.

Their intellectual interests and peculiar way of looking at the world is most probably the result of homeschooling, of the education received at home, which made them who they are today.

The need for mental stimulation, the endless curiosity, the dynamic and restless personality, they are all deeply ingrained in them.

Moreover, their perspective and process of analysis are tied to their own selves, a form of introspective communication. To delve into the inner recesses of the psyche is to push the boundaries of knowledge and self-control, discipline, curiosity, to peer into a whole new world where everything is possible.

They are challenged with finding out how to best express their thoughts to others.

This is one of the best ways to solve problems, to find out how to best deal with certain issues and situations.

The Mercury in the 4th house natives become very adept and efficient in this regard by searching for the answers deep within themselves, by connecting to the inner self.

By asking questions and receiving answers in a straightforward manner, they expand their minds greatly.

It's one thing to ask for advice from a friend, an outside source who can only presuppose on the given data, and another to actually rationalize it yourself.

### **The negatives**

These people can be manipulative to create the environment that they've so long dreamed about.

In order to eliminate any unwanted elements and to emphasize the desirable outcomes, they will use emotions to convince others to do their bidding.

However, this is obviously going to lead to arguments, conflicts, and long-term unhappiness.

Moreover, their stubbornness plays tricks on them most of the time with how they just can't change their ways and only follow one path.

This is why they are so emotionally vulnerable, because, on the one hand, home is like a refuge for them, a safe space away from the cruelty of the world.

On the other hand, the need to make some changes countermands this feeling of comfort.

Mercury in the fourth house natives feel the urge to transform their home into a safe environment, a stable refuge of intellectual wisdom where they can follow their pursuits without being disturbed or judged.

This is the place where they feel the most comfortable, equal to themselves and to others, the place where progress, curiosity, self-development, and open-mindedness go hand in hand.

They will tend to discover themselves, to go through a process of self-analysis, a do-or-die type of metamorphosis that's going to change everything.

### ***Venus ♀ in ♈ Capricorn man 1° 52'***

([939] i.thehoroscope.co)

He has his principles and respects a certain code of conduct in every social situation so is usually very charming.

A Venus in Capricorn man is ambitious and perseverant, and that is the basic essence of his character. He's a very hard-working individual who sets his own pace and never strays too far from it.

Professionally, he's a monster, and personally, he takes care of himself as best as possible. He wants a partner who can incentivize him to try even harder, to achieve even higher goals, to make him wish for more.

Romantically, this man will be very affectionate, sweet, tender with his gestures of love,

and he will want to build up a long-standing relationship based on self-respect, dignity, principles and a traditional homely life.

**In a nutshell:**

Positives: Strong and resilient;

Negatives: Superficial and deceitful;

Soulmate: Someone who is affectionate and a good conversationalist;

Life lesson: He shouldn't pay so much attention to those who criticize.

**His love personality**

He's interested in serious and responsible women who know what they want from their lives. His partner should, in theory, already have her plans all set out for her, and to already have made big steps towards their accomplishment.

He wants to build a life together with her, one based on financial and professional success, a stable future. So, naturally, he wants his woman to be resourceful, intelligent, hard-working, and to not give in to distractions.

This guy will already be quite accomplished professionally at the moment of his romantic escapades because he wished for this in the first place.

He always wanted to build his potential little by little, to first have a good situation, and then focus on finding a partner.

He's looking for a lover who understands and is keen on having a good conversation with him, someone who is tolerant, open-minded, and straightforward.

He hates having to think about hiding his thoughts, trying to say the right things, and all that. This native is very satisfied when his friends call on him to help them with something because he realizes his worth.

He has his principles and respects a certain code of conduct in every social event, and he keeps a respectable distance with all his friends.

He's not willing to debase himself by lowering his language or by involving himself in things that aren't worthy of his time. All of this creates a strong image of respect and dignity for the Venus in Capricorn.

The perfect woman will find this very attractive because she will have ideas of her own, she will also follow a certain set of principles. Most importantly, the perfect lover will already be on her way to achieve her plans.

She must be ambitious, intellectually and emotionally mature enough to realize how flimsy some things are, to have plenty of knowledge, and independent enough not to rely

completely on him.

As long as she has these traits, he's willing to omit all the other flaws or inconsistencies because these are the essential characteristics that he's looking for.

He doesn't like overly emotional women, talkative ones, ignorant and superficial ones, and unpredictability is most of the times undesirable.

For his ideal woman, he is willing to sacrifice a lot, and he will shower her with his attention and affection. Well, in his own way, one that she will hopefully understand.

The Venus in Capricorn man is unwilling to even think about lying or deceiving his partner. Besides being against something that would go against his principles, he doesn't even have the time to do that.

He's well over his head in building his professional life. Of course, if he's too immature and naïve, and stumbles upon a toxic relationship, he will try to escape this predicament, so watch out for his lies. It should be a telltale sign.

#### **Attracted by ...**

Don't even think about asking him to shower you with romantic compliments, to warm up to you on an emotional level, to go over his head in trying to woo you with sentimentality because he just isn't able to do that.

It's not that he isn't used to or that he's cautious, it's that it would be very difficult and go against his nature to do it.

That's why he doesn't want an overly-sensitive woman in his life. Rather, someone serious, a little rigid, responsible, who knows how to appreciate a good man when she sees him.

If you've got grand plans, you would better share them with him, as this will probably get him very interested in you.

He's never been one to wallow in sentimentality, and he has a very practical outlook on relationships in general.

Instead of saying sweet words of affection, he prefers taking his lover out on a journey, making plans together, eating out, or just being there for them when a problem occurs.

However, this doesn't mean that he lacks emotion, but that he's not that good at showing it. It would be a good idea to learn to do that.

They don't like unexpected surprised or unpredictable events, and you would better not

be an obsessive shopper because he has a rather thrifty personality.

### **In conclusion**

The best thing about this native is that you never have to worry about him hiding things from you.

He's too focused on his career and professional ascension to ever have any time for lies or manipulation.

In this sense, he will always be honest, even more in a romantic relationship where he will always put all his efforts to reach a desirable level.

He will never commit without being sure that it's all worth it, and this means that he will do it wholeheartedly, with all his mind and soul, and without hesitation.

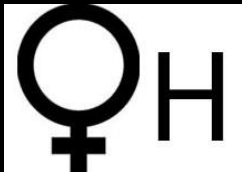

The Venus in Capricorn man tends to focus too much on work and professional advance.

Sure, this is very attractive in a man because you just know he's going to reach the top in no time, but it just so happens that over-working isn't that good.

Your partner will want to be taken care of, to be loved, and she will want your attention most of all.

Don't forget about this aspect, and take some time off from work, or take a few steps back and just enjoy spending time with them. It's ideal if you keep an equilibrium in your personal and professional life.

**Summary:**

Strengths: Friendly, cheerful and devoted;

Challenges: Pretentious and inconsiderate;

Advice: Follow your gut feeling without doubting yourself.

**Only a strong friendship will have them wanting more**

People having Venus in the 11th House will express themselves socially, romantically and artistically through the harmonious friendships they have formed by participating at events or going to fraternity parties.

It's very likely for them to meet the love of their life at a group gathering, because they like people with the same interests as them. But for them to get involved romantically, they need to feel their partner is being honest.

Focusing only on qualities and what makes a person attractive, they're really the type who leaves negative traits behind.

If they want to keep their interest towards someone, they need to have a little bit of variety and to do unusual things. Their most erogenous zones are the ankles and the calves, so expect these parts of their body to be very attractive.

While valuing all kinds of relationships and affiliations, they may not be very responsible with their friends. Venus in 11th House individuals will be adored by the people in their life and they will like it.

Only a strong friendship will have them wanting more, because this is the only way for them to truly fall in love. They don't necessarily want someone to make them feel fulfilled, so any person who can reach their soul will have their heart after a few meetings as friends.

They only see what's good about a person and prefer to keep a certain level of variety in each and every one of their relationships. There's no one to love friends more than them, so their lover may feel a little bit left out when not wanting to go out with their gang.

One of their favorite things is bringing people together, because only doing things with others can have them in their best mood.

They are really inspired by others and conversations about things they have in common with their interlocutors. It's very likely they'll belong to more than one group of friends and get along well with all of them.

Very good at changing their attitude according to whom they're spending their time with, Venus in 11th House natives fit in everywhere and are loved by many.

It's impossible for them to fall in love if the other person doesn't share their interests or doesn't come up with new subjects of conversation, doesn't get along with their friends or doesn't want to get involved in the same causes as them.

They can immediately change their focus from one person to another and don't stress that they may have hurt some feelings along the way.

Very loving, they can be interested in more than one person at a time, depending on the aspects and other signs in their chart. They are the ones who can adapt to different lovers and who marry their friend or wait their entire life for the perfect partner.

Very fun and interested in those who like to occupy their time with the same activities as them, people with Venus in eleventh House love to give their heart away and to spread their love.

This House is the ruler of Aquarius, so they will surely be great humanitarians who want to self-improve all the time.

The same House is also about what help friends are giving its natives, so the presence of Venus here would mean a lot. For example, they can have many wealthy people in their life, who will help them with money and even a home or a car.

When in positive aspects by Jupiter or Uranus, Venus helps these natives become rich with the help of one of their friends. It will be their main purpose to get included in what their close ones may do for a living.

### **Loving but a little naive**

People having Venus in the 11th House will always have great friendships because this is what keeps them going in life. Even their romantic relationships start by being friends first, so if they no longer feel that their partner is also their companion, they can fall out of love immediately.

It's not a lover they look for, but someone with whom they can have a great time and do

fun things. The fact that they're always focusing on the positive traits of a person and can't see what's bad can be a very good thing for them.

The more variety they'll have in their life, they happier they will feel and they'll able to live the way they dream of.

When it comes to how much they love their friends, this can confuse their partner because it's possible for them to not pay that much attention to their other half and to want to be only around their buddies.

They are the glue-people, those who bring others and groups together, so every gang should have one of them around. When out, they want to be sure everyone is having a great time and don't mind being fun themselves, either.

It seems like conversations with others simply inspire them, so finding they have similarities with people in their life is very encouraging to them.

When someone fights for the same cause as them, they simply don't want to part ways with that person anymore. But it's also very easy for them to fall out of love without feeling guilty or in any way affected by the situation.

All in all, they're loving but have a problem, because they can fall for more than one person at a time. It can be easily said they're the right candidates for open relationships.

If their best friends won't appear in their life for them to marry, they will just wait until this happens.

Loving to have fun and to give their love away, they will be appreciated for being so open with their feelings and caring.

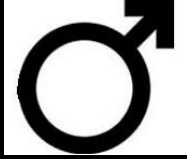

They seem to have great talent with the arts, especially with music and theater. As a job, it would be very easy for them to sell beauty products or to be make-up artists, because they simply love talking about fashion and beauty.

If some "bad" planets are in the 5th House, they may have problems with their other half, because of their friendships. This is very likely to happen, especially when Pluto or Mars are in the fifth House.

Very good at organizing people, Venus in 11th House natives will surely be in a community or social group and get treated as someone very important.

Pluto, Mars or Jupiter are strong in their chart and can influence them to be great leaders and very good at giving their best for the group's interests. They don't want to rule, they just seem to be perfect for it.

## **Mars ♂ in ♐ Sagittarius man 27° 41'**

([973] i.thehoroscope.co)

He is impulsive and spontaneous, often changing his plans at the very last minute possible.

The Mars in Sagittarius man is one of the liveliest natives of the zodiac. You'll always spot him in the middle of a social event, being in the center of attention, doing something crazy, worthy of his reputation.

He's a great talker and he communicates very easily with people from all walks of life. If you've got the luck to find him alone, be prepared to be taken for a spin. He's an intellectual and he'll want to cause some mischief using witty sayings and confusing ideas.

### **In a nutshell:**

Positives: Communicative and ambitious;

Negatives: Sneaky and self-indulgent;

Soulmate: Someone who is patient and understanding with him;

Life lesson: He should find his purpose to fight for.

### **A charming companion**

He's a shape-shifter, an emotional hurricane that runs amok across the world, putting everything he sees into mortal danger, either because he's trying to pick it apart, to see how it works, or he's going to wreak havoc anyway.

He will want to experiment and try everything at least once. On his path, he might appear as a fiendish brute who just wants to have fun at the expense of others, or as a cultivated and polite young man who's looking to enlarge his perspective on the world.

Saying that his native likes to have fun is like saying the Earth spins around the Sun. It's common knowledge, and what's more, he takes it all to a whole new level every time he gets the chance to.

He's the one who brings the joy and enthusiasm at a social event, and he's also capable of anything in order to satisfy his desires.

Reason and logic will get covered up by these impulses and cravings, so he won't realize what he's doing during this time.

Moreover, he's the type who has a greater cause to fight for, either personal or societal, and he pursues it with his own means, abiding by no rules.

First off, the man born with Mars in Sagittarius is brimming with energy and confidence that he just wants to release outwards.

He can't wait any longer to have some fun. Usually, he's the type who grows a beard, a manly and masculine one to reflect his strong principles and firm convictions.

Moreover, he can be a very good sportsman with all that drive pushing him forward, but he also takes care not to put himself in harm's way too much.

Secondly, this guy's decisions last as long for a few days, and then he comes to the conclusion that he wants an entirely different thing.

He's impulsive, spontaneous, but also determined and ambitious to achieve his goals. The only problem remains the same though, that he can't hold on to his ideas for too long.

In a few days, he'll be up and running with a new plan, leaving the old one to fester and die.

He wants to make friends with those of the same disposition as him, the eternal adventurers who never refuse an opportunity to travel the world and have some fun.

He wants to fuel his own ambition and passion because he's not a very patient man. What else to do other than pack his bags and for a trip on the other side of the world?

He loves having friendly competitions with his close ones, but he gets too involved most of the time, and he forgets that he might hurt somebody if he plays too rough.

Moreover, he expects everyone to follow his ideas to the letter because they would result in a lot of fun. When someone disagrees, he gets annoyed because he was naively sure that no one would object.

### **Not a big fan of commitment**

He asks for a lot, expects a lot, and he is generally a very dynamic individual who can't stay in one place for too long, even mentally if not physically.

Money is simply the means to an end, and he doesn't hesitate for too long before

spending it on something that really matters.

Romantically, he's not as impulsive and spontaneous, surprisingly, in that he usually doesn't fall in love at first sight.

He does fall in love with his ideal outgoing woman after a series of meetings where he gets the chance to know her intimately. Rejections don't sadden him one bit, and he even befriends that person, only to try again a couple of years.

These men are usually quite frightened of committing to a relationship. They know their freedom will get hacked apart once that happens, even more so if the partner is possessive, dominative, and jealous.

With a carefree and free-flowing personality, they would rather have fun at a time, and only then think about taking things to the next level.

In this sense, nothing stops them from meeting a lot of women, in the search for the right one. Of course, this approach hurts a lot of people along the way, but they don't seem to care.

He wants to appear as a funny and entertaining man who knows how to have fun. A straightforward, tolerant, and intelligent individual who loves adventures.

This is how he wants to be seen by his partner, and he will want to share his ideas with her, in an attempt to impress.

In a relationship, he is very devoted and loyal, but he also realizes that freedom is actually the most important, in both cases. He wants to respect her decisions and desires, but he expects the same in return.

### **In conclusion**

Basically, the Mars in Sagittarius man is open-minded, honest, enthusiastic, and passionate about doing his thing.

He wants to have fun, and he can be very unexpected and irresponsible as a result of going overboard with this desire.

Because he tends to speak his mind without hesitating one bit, a lot of people will feel insulted by his opinions, but that's their problem, right? Why would he be blamed for speaking the truth?

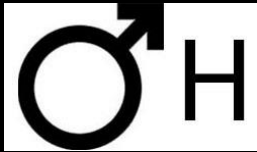

He has strong religious and political views that could turn into fanaticism in a split second if he doesn't control his zeal and enthusiasm. Also, he tends to be a very introspective and meditative man.

He's going to need a romantic and affectionate woman who knows how to please him and satisfy his sexual desires.

[699] [920] ([699] mollysastrology.com:) Less competitive than usual Mars energy, and often in competition with themselves. Tends to internalize anger and leak it out rather than express it directly. Mars retrograde women often choose men who are dependent, troubled, irresponsible, or social misfits.

([920] cafeastrology.com:) There might often be roundabout ways of going after your desires. The desire nature runs deep, but is often misunderstood by others. Timing might often be off, or you could express your desires (or anger) in bursts rather than more flowingly, whereby you keep these things to yourself and let them build until you explode. You may come on too strong some of the time, and not enough at other times, often thinking of the better thing to say or do only later, when you're no longer under pressure. Competition can unnerve you, and you are usually better off setting your own pace than working by schedule or with others. You might come up with very creative ways of expressing yourself physically as you mature, or channel your energy into unusual but effective areas. (or because of the new chart from Saturn return)

The Jupiter Gemini man can have a double personality because his sign is dual. But this is not absolutely a bad thing. It means he could adapt to any kind of person and situation without too much trouble. He could be generous with others or only think about himself.

It's possible he will forgive someone else's mistakes and won't forgive his own mistakes. However, when Jupiter is ruling over his trust, he can have all his negative traits and vulnerabilities exposed.

### ***Jupiter ♃ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) These people are capable of taking advantage of opportunities that others ignore or pass by. They prefer to "take another crack" at things others have tried and failed. Their moral and ethical code, religion, and philosophy are their own. They seek answers from within rather than subscribing to the dogma of the outside world. They seek abundance in new, untried, and unproven areas.

([920] cafeastrology.com:) Tends to have different or unusual perspectives, belief systems, or sets of morals. They prefer to learn from their own experiences and reactions to them, rather than from others. actions more than others. They may need to learn that they deserve what others might naturally feel entitled to.

### ***Jupiter ♃ - Detriment in Gemini (& Virgo)***

### ***Saturn ♄ in ♒ Aquarius man 16° 21'***

([1027] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Aquarius in their natal chart think only of the practical aspect of reality and work towards building a better future for themselves through their sheer power of will, organizational skills, assisted by a source of boundless energy.

They have to work on their interpersonal skills though, because empathy is quite lacking, let alone the ability to understand other people's motivations, reasons for acting in a certain way.

In a society, they have to live amid humans, interact with them and comply with some societal expectations. This is what needs further honing. Rational and analytic, this native can solve a problem swiftly by using their scientific mindset.

#### **In a nutshell:**

Style: Powerful and efficient;

Top qualities: Practical, quiet and diligent;

Challenges: Overcomplicates things, extremist and aloof;

Advice: A little romance from time to time will relax you.

#### **Personality traits**

With a razor-sharp focus and a very steady mind, Saturnian Aquarius natives are

exceptionally efficient and productive, and they give off the impression that the future might actually go toward a higher level with them doing their job.

However, with a scientific and logical mind such as theirs, the future might not hold such a great potential for them, because they see the world for what it is, filled with degenerated mindsets, stupidity, ignorance, and superficiality.

Moreover, these natives appear to have an immense power hidden deep within, that only comes to the surface when they most need it.

Whenever a situation becomes too dire, or when disaster is imminent, they manage to get on their feet, rise from the ashes of their own downfall, and gather up their strength for a final push.

Saturn only creates certain pathways for this intense energy to circulate, a way to focus it more efficiently on one thing at a time.

The Aquarian astrological space is one of the most fitting spots for Saturn to land, except maybe Libra, but that's a story for another time.

In this position, Saturn complements the morally superior spirit of the Aquarians, their disposition toward generosity and general altruism, with a pragmatic sense anchored in reality.

Instead of fantasizing about achieving world peace, they use their systematic mindset and great inner powers to help those in need wherever they may be, with whatever means they have at their disposal.

They crave social acceptance, and even though they can be very good friends, with a kind disposition, they never seem to manage to have healthy relationships with people.

With their level-headed attitude and realistic overview of life, they can be extremely trustworthy and reliable mates, but the innate superiority that they give off is not something everyone can accept.

In order to get over this problem and many others, it would be a good idea for them to acknowledge that they aren't fully satisfied with their achievements and that they could have so much more.

What these Saturnian Aquarians need the most is something or someone to listen to their ideas, give them credit and validate them.

Even if those ideas are idealistic, plain absurd, irrational, overly rational, it doesn't matter as long as they give vent to their frustrations by sharing them. In this sense, they should

learn to accept pieces of advice or words of caution.

### **When it comes to love ...**

Love relationships will be always strained because of their overly-rational demeanor. When they look at the world through a logical lens, analyzing everything objectively and calculating all the odds with razor-sharp precision, a certain lack of empathy is bound to appear as a result.

They tend to seek a solution to every problem, and instead overlook how those same situations create emotional turmoil in their partner, feelings of discomfort, grief, sadness, powerlessness.

However, their analytic and rational character can take on a beneficial role in a relationship as well, complementing the usually emotional mindset of their chosen partner. Of course, it all has to be pretty decently balanced for this to work. Not too many emotions, and not too much rationality.

### **The good and the bad**

The ways of Sagittarian Aquarius are mysterious and profound, often incomprehensible for the common people, but they know exactly what they're doing, and how they're going to do it.

The goals they set are clear, perfectly defined, and achievable. With all the constant flux of ideas coming together to form a perfect plan, there's no surprise that they seem to never fail.

Of course, in order to do all this, they have studied and amassed a huge amount of knowledge, information regarding the countless possibilities, simulations of the potential consequences, and so on.

As far as social relationships go, they need to let go of their inflated ego for some time, take a step back, and reflect on what they don't know, about the possibility to learn from someone else.

Not every discussion has to turn into a heated debate where competition is king, and where the losers are shunned, while the winner basks in eternal glory. The perfect equilibrium between these mindsets is what they should be looking for.

The very essence of a Saturnian Aquarius is their complex mind that constantly runs on rocket fuel, being in a perpetual race against time to gather up knowledge, run simulations, answer existential questions that have plagued mankind for millennia, think up of new ideas for the betterment of the future, and so on.

Science is a passion, while reason and logic make up their way of living, and the over-

arching field of technology represents the visionary compass to guide them on their flight upwards.

Non-conformism and the unconventional are second-nature to them because only by going against the flow would anyone ever manage to bring something new to the table.

This type of thinking obviously creates the impression that they have a superiority complex, that they won't even take into consideration other possible routes or other ideas.

Since they sound so sure on their knowledge, others will distance themselves from them. It's not just that other people get this impression out of the nowhere. The Saturnian Aquarians also enforce this belief by behaving in such a way that validates this opinion.

### **The Saturn in Aquarius man**

The Saturnian Aquarius man has a very broad overview of the world and its inhabitants.

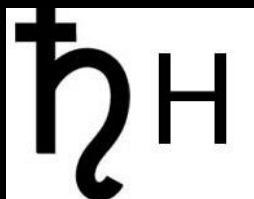

Thus, they can very quickly adapt to any social situation, empathize with people on a deeper level, as well as use their intuition to make the right choices in dire situations.

Obviously, they are also great visionaries with a progressive mindset, always aiming for the best possible outcome.

In intimate relationships, their innate curiosity and enthusiasm for trying the new will possibly be the most important aspect to consider.

Whether it's a new position worth trying, or their natural inventiveness in bed, Saturn in Aquarius makes sure that it all gets enhanced way above the limit. They foster the buds of change, which then turn into mighty trees, a solid foundation for great endeavors.

Every planet enclosed in the 12th house deals with the energies people deny. When Saturn is here, the natives with this placement will have to deal with setbacks early in their life, so they'll always want to place some harsh realities they may have been dealing with into their unconscious.

Being afraid of what's about to come and completely overwhelmed by their own emotions, all these things may be what causes them to feel anxious.

It's bad enough that they don't accept to be helped and prefer to retreat in solitude when facing problems because others could really help them when they're feeling down.

However, they don't want to feel in any way weak or to seem like they're depending on people.

The result of this is separation and total loneliness. Very attracted to always be in control, it's also possible for them to discover that if they let others inside their inner world, they may be helped with their feeling of guilt, insecurities and the permanent anxiety that doesn't allow them to love their life to the maximum.

It's very important for natives having Saturn in the 12th house to embrace what makes them feel bad and to become free from all the guilt as soon as starting to accept themselves for who they are.

They should talk about the fact that they sometimes escape reality and question themselves by having long discussions with their alter ego.

Understanding the real world with what this requires and brings in terms of happiness is also essential for them to have a correct perception over what's real.

The more they'll try this, the happier they'll get to be. This house is like a deserted island, so placements here can make people feel closed and wanting as many moments of loneliness as possible.

Their healing and communicative ways with the divinity can't be denied, and they surely understand what it means to be of service, devoted and self-sacrificing.

Saturn guides people meticulously, and when in the 12th house, it asks for satisfaction through mysticism and lonely moments of complete hollowness.

The house just mentioned is strongly related to self-sacrifice and brings a lot of anxiety when dealing with loss.

Natives with Saturn in the 12th house may feel they're going to lose everything they've worked for and there's no one to blame for this but themselves.

Luckily, Saturn will help them fight these thoughts, but it doesn't mean they won't be self-destructive to the point of disease and even illegality.

The 12th house rules also over prisons and hospitals, so you can only imagine what could come out of here.

Individuals having Saturn in 12th house would feel more relieved if dealing with matters of spirituality.

Pisces that desires the last change to happen and to be given back to the divinity.

As soon as they'll surrender to the middle ground, wisdom will start coming towards them and they'd be able to bring their great contribution to the society.

### **The goods and the bads**

Saturn will always limit people and place obstacles in their way, no matter the house in which it is placed. In the 12th house of self-undoing, it influences natives having this planet here to be dependable and always of help, regardless of the fact that they may not have someone on whom they could count on all the time.

These individuals have strong emotions and are always feeling like life overwhelms them. Being also the house of imagination and fantasy, people with this placement may have a great talent for the arts.

They'd be able to paint amazingly from their mind and to put their emotions into music. Their right brain is completely developed, so if they didn't train as artists, they should at least write.

While developing their mind in this direction, they may end up seeing a different world their imagination inhabits and take their guidance from here.

It is possible for them to think all they create with their mind is real, but with a little bit of self-control, reality will always be in place.

They will probably become very famous if they'll learn something having to do with the arts from an early age.

Talent and imagination need to be trained, so parents of Saturn in 12th house children should know what to do for their little ones to end up choosing their right path in life.

As adults, they're generous and flexible, so many different people will want to be their friends for a lifetime.

Because they'd accept everything others suggest, many people who scam others for a living will want to fool them. In this situation, only Saturn can help them gather their forces and say "No" when the situation s them to.

Either way, they should always pay attention to whom they're trusting. While the same planet makes them want pursue noble activities, they will always be terrified of letting others down. This is what will impede them from moving forward, no matter if it's about

their career or personal life.

Analyzing a situation before taking action or realizing in some situations they can't act alone are also very good ideas for these people but they, however, hate to ask for any help and keep their feeling bottled up inside, which can start to become dangerous with time.

As a matter of fact, this is what causes them to be insecure and Saturn to always work very hard to put them on the right track. If Pisces would be their Sun sign, the same things would be twice as difficult.

These people regret when losing control of situations, yet they shouldn't allow themselves to feel any remorse about this.

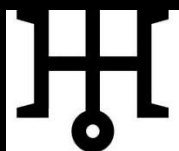

All in all, Saturn in 12th house natives deserve happiness and should be aware that self-sacrifice is never an option.

Talking to their friends and family can always have them dealing with problems more efficiently, so this is the strategy they should use.

Science, spirituality, technology, philosophy, nothing is thrown aside because everything hides great opportunities within.

With their uncanny intuition and otherworldly instincts, they are likely to perfectly pursue their goals.

They will also hold some spiritual beliefs, or at least believe that their intuition and convictions are tied to some sort of spiritual force. Religion and traditional conformism annoy them to no end. They are open-minded, unrestrained, and very adventurous.

Independence is a must-have for the wild and unrestrained Uranus Sagittarius. He must feel the throes of pleasure, the pangs of adrenaline rushing through his veins upon discovering the world, new avenues of evolution.

The world is there ever so expanded, all the philosophy and all the wonders of the world are lying there in wait for someone to reveal their secrets.

Even when you do find someone to share life with, that relationship will be one based on freedom, independence, mutual respect and private space.

Without those elements there to safeguard your happiness, you won't even think of going the extra mile, no matter how impressed you might otherwise be.

### **The good and the bad**

The strongest and most admirable characteristic of the Uranus Sagittarius native is by far their immense curiosity. Their insatiable thirst for knowledge is boundless and always asking for more.

With all the new things that one's learned, there's no surprise that the world begins to spin in accordance with their wishes.

These people should learn to concentrate more on what matters because they tend to look at the overall picture and lose focus on the essential part. With this potential selectiveness, they will become even more efficient and productive.

While they may have curiosity deeply ingrained in their psyche, and they've got a ton of knowledge to dazzle everyone, the truth is they are just like a jack of all trades, yet the master of none.

The focus is the main problem here, this individual's one great flaw. Besides losing focus when fully emerged in something, overlooking the important details for the overall picture, they are also someone who likes to impose their point of view on others. People who are still tied to conventional beliefs will find this hard to withstand.

Without fully abandoning the old ways, as that would create a rupture in the collective mindset, effectively ripping people away from a comfortable zone, he still revolutionizes society.

Travel is one of the most exciting and interesting things that he does, one of his greatest passions as well. The world will be a different place thanks to the man with Uranus in Sagittarius.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

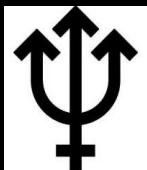

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or an astrologer will help them find their destiny in this life cycle.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

They want for the world to reach a certain freedom of thinking, a free-flowing communion between all people, of material sharing, general generosity, of thoughtful kindness.

The Neptunian Scorpions are incredibly interested in the inherent traits of mankind, what makes it tick in different situations, what it hides beneath the social façade, behind that smiling mask that we've become accustomed to.

The world is such a beautiful and mysterious place, hiding all manner of secrets, each awaiting to be discovered, to be observed, to gain insights from, to reach the next level of existence through knowledge.

These natives like living at the edge of the known world, where the air is more rarefied, and the opportunities for development are endless. Call it a passion or obsession, but they are happy with it nonetheless.

Essentially, this native is attracted to the dark side of things, always seeing the world from a skewed lens, with the negative aspects, or the possibility of it at the forefront of any observation.

With intense and searing emotions, they tend to chase passionate experiences in all regards, and from any point of view.

It's not so hard to come out again into the light, but only through willpower, perseverance, and self-awareness. However, just like a philosopher once said that "if you stare into the abyss, the abyss stares back at you".

Once a relationship starts going down that path, it's difficult to set it back afloat, but it's not impossible.

Neptunian Scorpions can achieve that by capitalizing on the shared experiences, on the passionate love that existed between them, all the intense feelings, all the times when they craved the presence of the other person.

### **The positives**

The Neptunian Scorpions are well-over other people when it comes to spiritual attainment or personal fulfillment. The best experience they've come across, one so uplifting that they can't get enough of, is romantic interaction. They are actually acclaimed for how attentive they are between the sheets.

They get their raw energy and enthusiasm from this place, and they come back every time they need to recharge their energy. It also fuels their open-minded and flexible character.

Sex, for them, is the ultimate ecstasy-inducer, the universal medicine for broken hearts and tired minds.

Alleviating a relationship based on this kind of bonding comes with its own difficulties because the ties may just be imaginary stronger whilst in reality, the connection might not necessarily be that real.

### **The negatives**

One of the worst things about the Neptunian Scorpio is that they prefer keeping their thoughts to themselves, even though there are times when they shouldn't do that, like a problem that keeps eroding everyone's patience and calmness.

It can be quite confusing as well because other people don't even know when they are happy when they don't like something, and this can be quite problematic.

Moreover, paradoxically, they are also very passionate, with a lot of love to offer to their partners. Possessiveness, jealousy, even hatred are possible if the situation reaches that level.

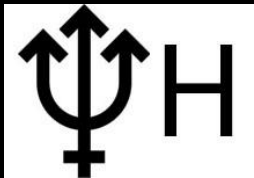

### **The Neptune in Scorpio man**

Neptunian Scorpio men are cynical and pessimistic above all else, and these traits pollute the rest of their character traits as well. They'll predominantly be looking at the negative aspects of life, talking especially about the flaws and downsides of the world, how society is going toward the bottom of the barrel.

In order to avoid being left alone by the rest of humanity, these natives have to learn to better control these dystopian reflexes. All the anger and repressed emotions do nothing else than scare everyone away, so that's got to stop.

For this precise reason, they'll find it quite hard to establish a long-lasting relationship with someone. And it's also why, considering they've met someone and have a family, the rate of divorce is that high for them.

Their plans may sometimes seem unrealistic because they forget to give the details on how to make them come true.

The faith they have that things will only get better can surely get them far, but only if they keep being grounded in reality and admit they're the only ones who can make things happen in their own life.

Very developed from a spiritual point of view, these natives are open to New Age practices and love being eccentric. However, they can wear rose-colored glasses and not think about the consequences of their actions.

Usually, the Universe answers their prayers, so they'll continue to believe in a God that makes all of their dreams come true and won't bother to create a reality for themselves.

It's like Neptune in the 9th house is their mirror in Heaven, the deity to which they're praying and that gives them what they want. These people's faith can move mountains, so they should really consider becoming priests or monks.

In the situation in which Neptune is in difficult aspects with Mars, they become victims of different sects that don't have any religious intentions.

These natives are the perfect prey for different groups that are looking to scam. On a different note, they're very sympathetic when hearing life has treated others in a bad way and usually take problems that are not their own as being their own responsibility.

Compassionate and generous, they really want to give, but they should learn how to get detached from their emotions because they couldn't help in any way if they'd always be shaken by all sorts of feelings.

They make great therapists, counselors and even teachers. These people wouldn't be bad as astrologers either because this type of work would require them to guide others into becoming better selves.

It's easy for them to absorb problems of strangers and to begin thinking of solutions. The rose-colored perspective is not always of help, but they don't usually use it when they're not directly involved.

Very convincing and able to become creative when asked to, they can have great success in sales or advertising.

These natives will have no idea what to do when it comes to their education because being dreamy doesn't bring them any of the discipline required to decide for the future.

### **The goods and the bads**

While being the most creative, Neptune in 9th house people should pay attention to every little detail on the subjects they're researching. They need to have clear goals, write them down and think of the action they need to take in order to achieve them.

If they focus on the necessary efforts to get things done, they can achieve great things, as it's impossible to rely on good energies alone, no matter how much the Universe is of help.

They need to be aware of their responsibilities while their faith is encouraging, it can cause them to be stuck with their problems.

Actions are the only ones that speak, so they should focus to always take the right direction in life.

It's like they don't have a sense of discipline and always rely on lessons learned from

experience. That's why they often make mistakes and after become very determined to repair them.

Under the impulsive and transformational influence of both the Pluto and the Aries, don't expect them to give up on their dreams and if they want to achieve something near impossible, at best, they will settle for something similar.

With the eyes of a hawk and a crystal-clear awareness, they instantly figure out the how's and why's of a given situation. Will it succeed? Will it fail? They realize this in a matter of seconds and waste no more time on deliberating whether they should go for it or not.

#### **In a nutshell:**

Style: Full of desire and empowering;

Top qualities: Quick, accomplished and optimistic;  
Challenges: Impulsive, insensitive and arrogant;  
Advice: Don't be ashamed to ask for advice.

### **Personality traits**

This native is very confident in their abilities to attain their potential and won't let anyone else say otherwise.

With a hidden picky nature, these people have very high expectations from themselves, plenty of energy to suffice for a lifetime, and a very introspective personality.

These people would have probably caught a grasp of what their flaws are, before they would reach adulthood, which is a very good thing.

Among their friends, they are probably the most mature, the financially independent companion, someone who doesn't care about appearances. If this individual wants to do something, he won't ask for permission as he most likely sees this unnecessary, no matter who is involved.

Pluto's influence changes the way these people see the world from the bottom up. Originally impetuous and spontaneous, they become calmer, more observant, and can be one of the most patient individuals of the whole zodiac.

They can wait even for years before putting their plan into action if this means the chance for it to succeed is guaranteed.

With great ideas in tow, they will achieve the highest accomplishments because they have the courage and willpower to be the first to act in any given circumstance.

Their peerless determination and ambition can even influence others, set them on the correct path. Moreover, they have an enormous potential for growth and they are also very flexible, which makes for one heck of a combination.

From an astrological point of view, Pluto is the planet of the extremes, in the sense that it galvanizes the strongest traits of an individual and enhances them well over the normal capacities.

In this native's case, their spontaneity gets diminished, and instead, it turns into stubbornness and blind ambition.

In most cases, you would be surprised but this is a good thing, as it ensures that they won't give up after a few failures and will keep on fighting.

But it sometimes happens that they persevere with ideas that are not only impossible to

put into practice but are also detrimental to their own wellbeing.

### **Pluto in Aries in love**

The Plutonian Aries natives used to marry out of material requirements or had arranged marriages by their parents. Usually, women would be married off to rich young or old men who had a good material condition, or a good social standing.

Later on, when people, women, in particular, became more independent, this changed, but only in the sense that they made their choices.

Keeping in mind that these natives are very ambitious and power-hungry, they would still choose someone with money and standing.

Of course, this doesn't mean that there is a lack of emotions in their relationships. Not at all, there will still be the majority who will marry out of pure love, but there are still some with more practical reasons to do so.

Usually, the Plutonian Aries give their all for a relationship to work, even if there isn't as much love between the partners. That's just how they are built, perseverant and stubborn to the extreme.

### **The Pluto in Aries man**

The Plutonian Aries men make for great inventors, innovators, pioneers of sciences, patrons of the art, commanders, famous people through and through.

Because of their innate drive to succeed, and the patience that Pluto instills in them, these natives are hardly ones to give up after a hundred failed attempts.

It's no surprise that they were on the cusps of perfection back when Pluto last transited Aries. Some would also take into consideration the imperfections of society and of the individual, but not even this stopped them from dreaming big.

There doesn't seem to be a middle path with these men, it's either a brilliant future or nothing. They either achieve their full potential or get shunned for the rest of their lives.

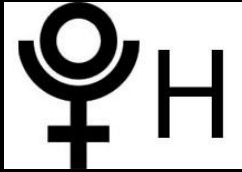

With age, their motivations and expectations may lower slightly but when young, this man cannot be moved from his intentions.

Pluto is one of the most mysterious planets of the solar system, and from an astrological point of view, it's one that holds an immense potential. With the Aries' highly energetic and explosive personality, its influence acts in its best environment, cooling down all that extra energy, honing it down to manageable levels.

It forces their impetuous reflexes to be toned down to a raw inner strength that turns into

a steady drive of force, going all the way until it achieves its purpose.

Strengths: Observant, confident and ambitious;

Challenges: Moody, speculative and extravagant;

Advice: They shouldn't let themselves driven just by money.

### **Nothing truly puts them down**

Usually, these natives are the ones creating all the problems, the only ones to blame for their misfortune.

They get sad all of a sudden, become unproductive, inefficient, unwilling to take on any other responsibilities and fulfill their obligations.

However, luck is on their side as they might strike gold and find a fortune lying around or find some good opportunities to shatter the negative bubble.

Sure, they could very well throw these chances to high wind and waste them. As quickly as they got rich, the fall is that much faster.

Because they tend to mess themselves up and lose any form of advantage they have, the Pluto in 2nd house natives tend to be very protective and possessive of their assets.

Money, for example, tends to be sacred to them. They can't stand it when people ask for a loan or take things from them without asking.

This becomes so annoying in fact, that they revolt sometimes. Enough is enough already! Great changes are afoot in their lives, particularly because they've lost something or someone. They are the ones you go for advice on financial matters.

Even though they are quite "good" at losing their fortune and throwing opportunities aside, mainly because of relationships and emotional distress, they are also keenly aware and good at making do with what they have.

Nothing truly puts them down. Being down for a while could actually teach them something about life.

The Pluto in 2nd house natives are self-reliant and perseverant enough not to let themselves be taken down just like that. A lot of experiences will come to pass with them still looking for their own truth.

These natives are literally driven crazy by the financial situation that they have to establish in order to be safe, to have a secure and comfortable life with no worries.

They do whatever they can to reach a certain level and status, even making use of other people, cheating and lying.

Others may even lead a sub-par life, choosing to buy cheap and always think it through before throwing money away, just to be on the safe side.

Other natives might be the complete opposite, living in opulence and extravagance, just to show to the world that they're successful and still kicking.

After this period of self-gloating and money-driven journeys end, it's time for the true identity crisis to set in.

It's been a lot of time since this last happened, and this time, it's going to be the final one.

This is when they finally find the answers to what they truly want, what would make them happy, what form would fulfillment take in their case.

There are a lot of questions to ask, and the time is short. At the end of this process, the changes will be so obvious and so great, that the 2nd house natives will transform completely.

Confident, ambitious, resistant to stress and under full control of their emotions, they might make it after all. Also, they are sexual beings through and through.

Their powers of concentration are especially high and allow for continuous work without the feeling of fatigue.

If they were air-headed and lacking in determination, then Pluto takes care of this really quickly.

Their profession takes the crown as the most important thing there is, the very essence, and they will take it upon themselves to never have to go through trying times anymore. They'll either manage to strike big or fall trying.

Emotionally, everything will be blazing and intense, just like they like it. With partners who know how to appreciate the sensual and dominative personality, they will extract even more pleasure and satisfaction.

### **The goods and the bads**

What is beautiful attracts and impresses them to such an extent that they would throw away all their money without even flinching.

This is the one thing that they aren't going to fuss about. A nice house, fitted with everything you could ever need, an aesthetically pleasing place where they can live the rest of their lives comfortably, now that's what we're talking about.

It's worth every penny. As we've said before, they have crazy instincts and intuitive powers when it comes to analyzing financial opportunities.

These natives will have the opportunity to direct those changes through, you guessed it, material resources, money.

Using the assets that they've so long strived to gather, they will now use to help themselves.

Regarding the choice of a profession, there are a lot of choices and opportunities that match their skills like volunteering, fighting the slow but steady environmental pollution.

While is worthy of praise and quite impressive on their part, the other side of the coin reveals itself quickly.

They might also involve themselves in illegal activities and with crooks, thieves, criminals. That greed for money and financial stability sometimes goes beyond what they can control.

Again, they will be extremely possessive about their personal objects and intimate things. This comes as a result of past transgressions, disappointments that deeply hurt them, resulting in a change of heart and mind.

There were many events that led to this. It's not even clear if it could happen again, seeing as though they keep on being disconcerted and uncertain about their own identity.

However, as time goes on, Pluto in 2nd house natives will find that missing piece of their hearts, fill the void that was left there.

Moreover, stubbornness is one of the bigger problems these natives have. When it comes to adapting their ideas or changing their plans, they would better give up on everything rather than make those changes.

### ***Pluto ♅ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

### ***North Node ♁ in ♊ Gemini 9° 37'***

(Georges Muchery)

The Dragon's Head is in its exaltation in this sign, and is therefore very powerful. It indicates victory after much anxiety and trouble. It is a token of success, and luck which often comes only when everything seems lost. The friends who surround the native are reliable, and will help him to succeed. The native has a noble mind, which will always enable him to fight against the current; but Faith and Perseverance are also required. Courage is not wanting; and this position makes the native good and straightforward. He

will know how to gain the sympathy of people who will help him: he may therefore look straight ahead, for the Dragon's Head in Gemini is always a sign of progress.

The Dragon's Tail in Sagittarius robs the native of some of the quietude upon which he might otherwise count. Frequently over-confidence in himself will be detrimental, and cause him to undertake things before due considerations, so that when it is too late he might regret what he has done. Countless difficulties will arise, but he will conquer them through exertion and courage, and by clear-sightedness and caution, not always thinking that everything he does is right. Perfection does not exist in this world.

(Isabel Hickey)

North Node in Gemini increases versatility, adaptability and mental agility. Benefits through relatives and friends because of an optimistic viewpoint toward life. This kind of attitude should be cultivated in this life.

South Node in Sagittarius gives poor judgement and adds to the restless and rash tendencies that keep the individual from accomplishment. Has to learn to concentrate and focus forces and not go dashing off looking for other fields to conquer. Conquering, like charity, begins where the person is placed.

(Martin Schulman)

Here the individual receives an intitation to join society. His soul has come into this life with a past incarnation of wildness. As a result, he is unaccustomed to appreciating the point of view of others. The karmic continuation of a strong selfrighteous attitude makes it difficult for him to be a fair judge of his own actions. As such his life is excessive. He is still attracted to the natural existence without formalities, and will go far out of his way to avoid having any restrictions imposed on him.

He is used to being a free spirit, and desperately tries to retain his sense of liberty at all costs. Whether he is married or not, the soul memory of his bachelor-like attitude makes it impossible for others to get too close to him.

Believing that actions speak louder than words, he makes his present life a kaleidoscope of rushed activity. He always tries to do too many things at a time, spreading himself so thickly that he keeps losing sight of any central life theme.

In past incarnations, he functioned on great reservoirs of nervous energy. Yet, for all his activities, he has not yet learned how to focus his attention in any one area. In this life he is still seeking expediency and finding himself forever the victim of short cuts that have to be repeated.

Unaccustomed to all the demands of society, he tries to shirk responsibility. He feels that

if he can just clear away all the business at hand as quickly as possible, he will then experience the freedom that society is trying to take away from him. And so, most of his time is spent trying to free himself. What he doesn't realize is that each action creates an equal and opposite reaction. As a result, he is actually making himself more imprisoned than ever before.

Always his nature is somewhat primitive. If he is selfish, it is done innocently. If he steps on others' toes, it is because he is unaware they are there. Always he seems to miss the obvious, blissfully ignorant of the immediate circumstances around him. When it comes to social graces, he is so inexperienced that he appears to be the proverbial 'bull in the china shop'.

In the current life, he is learning how to mix with the society from which he is benefitting. Yet, still fearful of the reactions of people, he lives his life on the rim of the wheel, occasionally darting into the center of the hub only to run back out again.

His past life experiences with people were lacking in the areas of co-operation, sociability and tact. Now he is striving to reach sophistication. He doesn't yet know how to see a clear reflection of himself, for he doesn't understand that there are two sides to the same coin. Through his Gemini North Node, he will now undergo experiences which will force him to see both sides of every issue.

In this life, he is destined to learn what the world looks like through the eyes of others. Before he can understand why people seem not to listen to him, he must first put himself in their place. Ultimately he will come to realize that all the negative qualities he has been attaching to others are things he does not understand in himself.

Sometimes he is a shouter in a library. No matter how sophisticated he pretends to be, he has so much past life residue of crudeness in him that it is bound to seep through at the most inopportune moments. This embarrasses him so much that he becomes determined to polish himself by paying attention to his mannerisms, habits and public behavior, and particularly his mode of speaking.

Through his Gemini North Node, he will spend most of this life's energy learning how to be adept at the art of communication. He now feels the need to educate himself, so that he can establish an identity in society.

At one time in the current life, he will be faced with the conflict of whether to live in the city (Gemini) or the country (Sagittarius). While his basic nature for so many lifetimes would feel more comfortable in a country setting, he can learn much by adapting himself to the new experience of coping with city life.

Through his Gemini North Node, he must learn diplomatically to respect the rights of others if he is to help preserve a society which in prior lives he thought unimportant, but

in this life is necessary for his very survival.

While his body cries out for sports, nature and the primitive live, his mind will eventually lead him toward a study of words and language and a reflection of his selfexpression, so that he starts to become a more humanistic part of the culture in which he lives.

He is like the wild stallion desperately trying to fight being tamed, and yet wondering what the experience must be like. In the midst of this seeming paradox, he is a messenger of the lower and higher minds to all who come in contact with him. His past incarnations brought him to a natural understanding of the universe. Now his mission is not only for himself, but also to spread his understanding to the myriads of people that run through his life. Herein lies the mystical reason for his eternal restlessness. He has much to say and much ground to cover!

The house position of the South Node shows the area in life where past incarnation residue still pulls him toward a desire to be a free spirit. The house position of the Gemini North Node indicates the doorway through which he must walk in order to experience the advantages of the civilized humanistic culture he is destined to join.

(Mohan Koparkar)

Previous incarnation for this person was spent in various philosophical and mystical pursuits. A lot of freedom and independence was noticed in that life. Thus, this person has to learn to deal with people in this life. Isolation becomes a rare quality in life as he has to exchange his ideology with others and on a face-to-face basis. If he tries to isolate and withdraw from society, the circumstances force him to be with others. Considerable intellectual dissipation of knowledge is seen in this life; and communicative means are extremely significant for him. He seldom has a chance or opportunity to cultivate his emotional and material base. Thus, those elements are very significant in this life structure.

(Donna van Toen)

You need to share your awareness with others. Your Sagittarius South Node replies 'Yeah, but I don't want to stick around explaining things. I can't learn anything that way'.

Your problems are likely to include an obsession with learning but no interest in using your knowledge in any practical way. Difficulty establishing lasting relationships leads to over-valuation of books, classes and other intellectual activities that provide indirect communication.

Possible reasons for these problems include: that a need for long-term concentration on study or some sort of cultural, ethnic or religious difference has interfered with the formation of relationships; that a speech impediment has caused you to turn to books

instead of people; that a literary career limits people contact; dependency on reading as an escape from a boring routine; that poor judgement about people has caused you to place your trust only in 'proven' sources of information; that a lack of concentration has led to communication problems and misunderstandings; or that you have a need to conquer an ingrained feeling of stupidity or inferiority.

Possible solutions: Develop your latent communication skills. Channel your intellect instead of being a slave to it. Share your knowledge with others so that they can learn. Become a professional trivia expert, a con artist, or a perpetual student.

\*\*\*

Gemini North Node can be a good talker, but he or she is often a poor communicator. He or she is good at tossing out facts, lecturing, impressing others with long streams of beautiful words or technical jargon, and so on. But he or she quite often talks at others rather than with them. The Gemini North Node tends to quote books verbatim, drop names, quibble over semantics. He or she talks skillfully about facts and theories, but generally is at a loss when it comes to applying them or sharing his or her feelings about them. In fact, this person generally avoids sharing any facet of his or her personality beyond the intellectual side. This is a shame since North Node in Gemini invariably holds great potential for perception. Development of this potential brings a deepening of the intellect so that ideas can be used for the practical betterment of his day-to-day relationships and living conditions.

Signs of an over-developed Sagittarius south node are: a tendency to flirt, flatter and charm but reveal nothing; an expectation that others will hinder his or her freedom; a tendency to ridicule others; being generally on his or her way somewhere - 'only having a minute'; a first instinct to take off when pressured; a tendency to promise more than he or she can deliver; a distrust of security and routine; being accused by others of being unreliable, but feeling that it's others who are unreliable; enormous faith in the published word; and being uncomfortable with peers in general.

North Node in Gemini dreams of a life of variety. He or she wants to be seen as adaptable and a good conversationalist. He or she also wants to be thought of as an educated person. In reality, this is a person who transmutes emotions into interests. He or she is interested in spirituality, education, travel, and similar Sagittarius-ruled things, but in a passive, abstract way rather than in terms of experiencing and enriching the life. He or she may mix well with others, but only as long as he or she can assume the role of teacher. This teaching isn't necessarily a formal or professional role, but it permeates most interactions just the same; and in the course of assuming this role, much of North Node in Gemini's enthusiasm for life is misused or wasted. Extremism of some sort may also mar conversational skills.

Antidotes for Gemini imbalance: The client should be encouraged to keep a diary. If the

client has knowledge to share, he or she should be encouraged to do so through teaching, writing, correspondence, or whatever way is most convenient. Travel in moderation often proves beneficial. Involvement in civil rights or community improvement causes can be helpful. The imagination should be tapped so that creativity can be developed and put to use in strategy - planning, writing, photography, or some other area according to the chart. If the client is amenable to a career change or program of career training, there are many obvious choices that would encourage development of the North Node. Among these are: journalism, newspaper work, radio work, television work, fiction writing, Air Force careers, electrical work, reporting, and linguistics. Dancing could be a possibility, although unless the client is very young this would probably be better as a hobby choice than as a career choice.

The client should be encouraged to steer clear of tiring or repetitive routines that don't provide opportunities to develop adaptability. At the same time, he must be discouraged from the 'Jack of all trades, master of none' syndrome. If there are signs of perpetual studentism, the client should be encouraged to start doing something with his present store of knowledge before trying to gain more.

Hobbies should stress physical agility and manual dexterity. Origami, model-making, collage-making and the like are recommended. For the more active, fencing, tennis, golf, and dancing are good choices.

### ***North Node ♁ in IV 4th House***

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fourth house gives a cheerful and happy home life, and harmonious relations with the family. The Father, or the marriage partner, occupies a prominent post. The Dragon's Head in the Nadir of Heavens is favourable for marriage, and will be a sign of happiness if the Moon is well-placed in the horoscope. It is also a sign of good heredity from the physical as well as the mental standpoint.

The Descending Node (Dragon's Tail) in the tenth house may be fortunate for material things if the horoscope on the whole is good. It may, however, bring at some period in life serious worries and troubles affecting things in general - losses and damage if the Moon is afflicted.

(Isabel Hickey)

The fourth house represents the midnight or deeply hidden depth of the personality. This is why it represents the soul powers; what we are in the depths is not what we always appear to be on the surface. In the depth of oneself (home) the inner powers must be released. Not for this one the acclaim of the public and the limelight. He has had it all in the past. He gained from it the sense of power that made him feel his importance as a person. Now he must grow a soul. Through his domestic surroundings, through a quiet withdrawal, and through the wise use of his emotions, he will find fulfillment.

(Bernice Grebner)

With the North Node in the fourth there should be a development of the domestic life. He needs to learn the art of going into seclusion. He must be alone with himself at times to develop his own depth of soul, to dig deep and get to the very roots. Possibly, he would have to learn the role of nurturing, helping another grow, as in helping to sustain life. This person would need to establish a home, to care for it and learn what it takes to do this. There may be a problem in connection with a parent, or an imbalance in his love for them - loving one more than the other - or it could give loss of one parent at an early age.

South Node in the tenth is the extrovert. With this position there is great ability to deal with the public as the person easily understands its needs. This is similar to the Moon in the tenth, but coupled with the innate genius in public affairs. He does not take time to relate on a personal basis because of an inner need for public acclaim. It also can bring disappointment and dissatisfaction with regard to his vocation, bringing in many changes. (If South Node is in Aquarius in the tenth, he can be a leader of unpopular causes.) The South Node here gives a tendency to resist control by others. At its best, the power and success attained in the world must be used to assist others. When the person is able to do this, then destiny for this person will be met. At its worst, when used for vain self-glory, he fails. Here the uppermost thought should be control of selfish desires for ambition and power.

(Mohan Koparkar)

This condition often signifies fairly close relationship with mother figure. At the most, the relationship with mother is closer than with father. For some reason, home or domestication is highly significant in their life. They may or may not like to be family-oriented, but that is the way their life has to be structured. Career is given a second priority in their life. Although they have strong self-displaying ego, circumstances may not give them the opportunity to be prominent in their field. The relationship with parents is that of a deep attachment; and they require a lot of effort to be free from their parental wing. Considerable sensitivity is seen in these people.

(Martin Schulman)

This individual must learn to overcome the karmic feeling that he is the vital center of all situations around him.

He comes into the current life with subconscious memories of a past sense of dignity, which leads him to believe that at least certain areas of life experience are beneath him.

His prior incarnations have put him in the position of being captain of his own ship, if not the commander of others. As a result, he is used to assuming an authoritative position whenever the weakness of others triggers his powerful need to take charge.

He enjoys the role of protector and goes to extremes in filling his life with those whose very weaknesses put them under his dominion. By so doing, he is constantly testing his own power to stand tall.

This is a lonely position, for here the individual is so concerned with his selfappointed mission that he never allows others to see into his real self underneath. What he shows is a façade or the uniform of the role he feels obliged to play.

In the current life, he goes through experiences which teach him to come down off his skyscraper and make sure of the foundation underneath.

It is in the area of his most highly intimate relationships within his own family that the stage is set for his lifelong battle in an attempt to gain control of his own roots.

Many with these Nodes have one unusually demanding parent whose expectations encourage them to believe that they are truly destined to achieve a position of sitting on top of the world. As a result, they are discontented with whatever situation they are in, for always it falls short of what they feel they were meant to do.

The karmic lesson here is that 'A bird in the hand is worth two in the bush'. The individual must overcome his readiness to forsake what he has for the possibility of attaining what he doesn't.

So unwilling is he to see himself in a back-seat position that when circumstances force him to do so he may in extreme cases even contemplate suicide; for he firmly believes that without his achieving some great destiny, life is utterly worthless.

This incarnation brings him through the experience of facing the conflict between a career for himself and the demands of his family.

He must learn maturity, for with all his projected strength, power and dignity he is nearly

a cripple when it comes to solving his own emotional problems. He must examine his roots, and, after pulling his head out of the clouds of his past, build a practical foundation for his future.

Eventually he learns that his organizing for others is merely a distraction from putting his own life in order.

The relationship established with parents early in life is more important in these Nodes than in any other position of the zodiac. Here the individual will spend much of his life energy attempting to be totally free and independent of his parents, yet always conscious of how much he needs them. Nevertheless, the reaction patterns to life continue to show a definite parental defiance, masking a strong need for parental love.

This soul is at a point in karma where he feels unappreciated for all his efforts. The past incarnation residue is based on achievement for the sake of recognition and appreciation. Now, achievement is to be its own reward. The soul must stop trying to gain audience for its deeds, realizing that the audience will always be there if the deeds are great enough. It is in this process of seeking an audience that the individual tends to lose himself. He must literally transform his fourth house into a new birth of emotional attitudes, learning the lessons that when a man stands on tiptoes he is unsteady.

His life is like the beautiful orchid: a splendid sight to behold when raised and nourished under the most delicately controlled environmental conditions; but once the orchid is prepared for display, it is snipped from its roots, insuring wilting and certain death after a short time. This individual will be faced with the choice of being the overlooked orchid growing in a garden of thousands, or sacrificing his own happiness to be the beautiful flower on someone's lapel. As soon as he overcomes his past-life need for display, he can start to grow to the maturity he is so desperately seeking.

The sign which contains the South Node indicates the ways through which he still overemphasizes his importance. The sign which contains the North Node shows how he can grow to become in substance so emotionally fulfilled that he no longer has to equate his happiness with his soul memory of prior-life personal esteem.

(Donna van Toen)

Conflicts: Pleasant home life vs. pleasant career. Worries about career vs. attention to private life. Private doubts vs. public self-esteem.

Possible results of sacrificing North Node: Loss of dignity. Tendency to insist on getting recognition as boss. Tendency to take on a big daddy façade (no, this isn't strictly a male trait, even if it's thought of as a male stereotype).

Possible ways to integrate North Node: Develop maturity. Use your untapped potential to

strengthen your foundations. Examine your roots, upbringing and prejudices for keys to the reasons for your self-doubts. Take notice of your domestic needs.

In the fourth house, there's a hang-up about developing or growing up when the North Node is present. This can take the form of excessive self-consciousness, or it can trigger a lust for power, depending on which node is allowed to dominate. In either case, the feelings of inferiority are based on illogical feelings. These are often a result of childhood experiences. Sometimes death of a parent plays a role. Other times the parent's immaturity or lack of common sense or stability has had a negative impact.

Those people who try to fulfill their excess needs for power often complain of lack of recognition and / or sympathy from those who are in a position to offer advancement.

North Node in the fourth house wants a very loyal family and a home in which he or she will be the focal point and chief mover. Less frequently, this person dreams of developing some sort of powerful metaphysical abilities. Acknowledgement of some sort is a basic dream motif. This is a person of changing ambitions. Usually there are several career interests that are pursued in turn in an almost ruthless way. The dream of acknowledgement is often fulfilled, but the acknowledgement may not be the sort that was expected or wanted.

(Haydn Paul)

What tends to dominate is a sense of importance, authority, and decisiveness. You feel that you have a higher social standing than most, and that they should give you appropriate deference and respect. You may believe that certain tasks are 'beneath you'. You will have an aura of 'dignified aloofness' which can distance you from others.

How accurate are these feelings of importance? Or are they self-deceptive illusions? These feelings come from needing to control; and you hope to satisfy this as an authority or leader. You dislike having to adopt a follower's role or defer to another's authority, especially as this reminds you that your feelings of command could be illusions. This issue of authority needs to be confronted.

You may often assume a role of protector, attracting others who are more passive or personally weak, and who need someone to rely on. This role allows you to express leadership qualities. Yet, through identifying with this authority role, you often manage to avoid other aspects of yourself, those which may not fit your image of leadership. The authority role, however, does offer additional challenges which help you to grow and mature. Authority implies greater responsibility, and you need to feel convinced that you have the ability to succeed.

Part of this need derives from personal insecurity, probably formed during childhood, perhaps by excessive parental expectations that encouraged a belief that you had a

natural right to lead others. If these expectations fail to be met in adult life, a growing dissatisfaction develops, as life fails to match the hopes and dreams absorbed from parents.

Problems related to choices between family obligations and work may occur within your adult family, especially if you reach a senior and responsible position. You tend to be adept at organizing for others, but, in doing so, you leave less time, energy, and interest to increase your self-understanding. This may be most noticeable in a tendency to be uneasy with emotional expression or uncomfortable with feelings. You may try to avoid intimate situations when these are exposed. Emotional problems pose difficulties, and generally you hope that they simply go away... and regret that you cannot organize them into resolution!

Growth occurs when you accept your emotions and express rather than repress them. Your family and others will appreciate you more if emotions are allowed to flow more easily, rather than being submerged in role playing. Your achievements can be considerable, especially through career and work, but you should strive to achieve for achievement's sake, rather than for the 'applause of the audience', as this will serve only to reinforce identification with your role.

(Bruno and Louise Huber)

In the 4th house, emotional values are all-important. It is not enough, as in the 3rd house, simply to inquire about the meaning of something; one must be able to enter into it with feeling. With the Node here, we are like a bird that felt good in its cosy nest and was thrown out of it. Usually the chart will exhibit a tendency on the part of the native to lack balance and to be overeager to stress his or her own individuality. The lesson to learn is to be an ordinary human being among other human beings, and to be able to give and take emotionally.

Often the 4th-house Node is counterbalanced by the Sun, Uranus, or Pluto at the top of the chart; and this produces, by reflex action, the wish to be famous or a leader. When emotional imaginative pictures to do with the family or the group enter consciousness, these guiding images have to be clarified.

If planets in the 9th or 10th house show high ambition, this can be satisfied; but, with the Node in the 4th house, the native needs to keep close to home and roots. The feet need to be kept firmly on the ground. Bottlenecks, which hold up progress, are often encountered. Now, when blockages occur, the native's reaction is to try and forge ahead. In many cases, that would be the right thing to do; but with the Moon's Node in the 4th house, it is wrong. The proper course of action is to pull back and to live as one of the group, as one of the family. This is the only way to prepare to move forward again, to find room for manoeuvre, to gain access to those it is desired to lead. Then misunderstandings will be swept away and a fresh impetus will be given to upward

development.

With Nodes in the 4th house that receive hard aspects, there can be a retreat into a pleasant ideal world of acceptance and domestic bliss. This 'warm nest' feeling has a very important function. It is one of the fundamentals of life; and we may well want to experience it at all costs. This makes us undifferentiated and dependent on the activities of the family. We are governed by these activities, and do not have a hand in shaping them but are sacrificed to the family's interests. In the worst scenario, our relatives assume the right to abuse us and to walk all over us.

When there is a planet in the 10th house, in opposition to the Node, the native will readily part with a place in the nest in order, at least, to make sure of getting on in the world. Ambition, in whatever form it occurs, destroys the sense of domesticity. The natural need to be part of a bigger organism, group, or family, comes secondbest.

With a square from a planet on the Ascendant, the departure from normal is not excessive, but the native is too egotistic; with a square from the Descendant, the native defers to the partner. If, for the sake of personal development, the need to belong is allowed to wither, an essential human quality dies, and the individual becomes a loner and inclined to do wrong to others. For the ability to avoid unfairness is based on the nest-like environment of the 4th house.

#### North Node in 4th House or Cancer (James Braha)

If the North Node is in the fourth house or Cancer, the person's greatest growth, evolution, and fulfillment come through taking care of his home and family life. In previous incarnations, there may have been an overabundance of professional activities and social responsibility. Now the person must concentrate on his own soul growth and fulfillment of emotional needs. All activities involving land, property, and homes are favored. The person should develop his feminine and maternal energy, and seek to nurture all those in his presence. He should dedicate his life to family, children, relatives, and loved ones. He may do well in healing professions, nursing, cooking, catering, innkeeping, or any domestically-oriented jobs. Although career focus is neither psychologically significant nor a main objective of this life, the person is extremely concerned with the well-being of all members of his immediate community. He must do his best to see that everyone has a sense of belonging.

The person should not look for a life of profound philosophical meaning. His actions are not based upon compelling drives towards particularly ambitious goals. Rather, he is here to experience and appreciate the full value of his emotions, senses, passions, sensitivities, and vulnerabilities. His job is to keep his family and the human species alive and well. Tradition, rituals, and cultural values are of very great importance. The person is on a lifelong journey back to his roots. Spiritually, this means he is very well-advised to engage in meditation, contemplation, and all innerdirected self-development techniques.

Also, he gains tremendous benefits from periods of self-imposed seclusion and isolation. On a more mundane level, the person wants to learn everything possible about the lives, history, and circumstances of his ancestors and predecessors. At the very beginning of life, the person is organically connected to the father. However, as his consciousness grows, he quickly realizes there is no progress to be made in this realm. He then shifts his attention to his mother and all other tenderhearted expressions of creation.

The person is devoted to practicalities, not ideals. He is wonderfully sympathetic, and functions as a magnificent support system to those in need. He is like a rock of stability, always emotionally available for others. In this lifetime the person is learning extreme devotion and loyalty to his loved ones. He may derive tremendous pleasure from gardening, landscaping, or farming. Collectibles and material possessions are very important. The person must have absolute control over his daily environment. He should surround himself with beauty and whatever else appeals to his personal tastes. Living near water is preferred; and the person may wish to develop his psychic, sensitive nature to the fullest. He is here for a highly subjective, even sentimental, experience of life, and is now relinquishing his obsession with objective realities and ultimate truths. The person may do well in mining, archaeology, or any ecological vocation.

In ancient Hindu astrology, the North Node in the fourth house indicates problems with a forceful or domineering mother and troubles in gaining educational degrees. Careers may involve any spiritual activity which raises the consciousness of the common person. There is distinct talent in metaphysical or natural healing techniques. The sign positions of the nodes are of much less significance.

### ***(Black Moon) Lilith ♀ in ♈ Aries 26° 1'***

([1137] elsaelsa.com)

#### **Lone Pioneer**

If you have Lilith in Aries, the pressures you've encountered through your Lilith placement have made you independent, strong, and unlikely to take shit from anyone. Your wounds have taught you that if there is a problem, you will have to face it alone.

Regardless of what aspect of your life Lilith impacts (which is determined by the house she is found in – you have had to go it alone. When you have asked for help, no matter how reasonable the request, you were rejected or dismissed. You likely realized early on that your needs were treated as burdensome by the people meant to help you, so you learned to stop asking them.

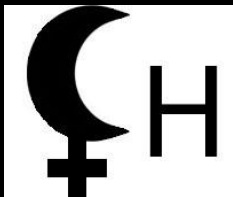

But needs have to get met somehow, so you have become a master in getting what you want in other ways. You may find yourself hyper-focused on your goals, knowing that you are the sole power propelling you forward. You can only count on yourself, so you'd better step up, right? You may also find yourself saying "fuck it," and instead blatantly asking or even demanding what you need from others, even strangers. The worst they can do is reject you, and you definitely have dealt with enough of that in your life. But either way, you don't let your emotions get caught up in the outcome.

Emotions, that is, other than anger. With Black Moon Lilith in Aries, you carry with you a deep, seething rage. This belies the screaming pain of feeling like you've been left alone to fend for yourself in a cold world. It's cruel and unjust and sometimes you'd like to see the entire world burn down rather than let yourself or anyone else feel this kind of pain for another second.

Some of this can be alleviated by purposefully incorporating some of the energy from Libra, the sign opposite to Aries. Try to find a counterpart, a friend, a lover, someone who hears and validates your plight. Look for counterbalances and shades of gray in your otherwise black and white view of the world. And find someone who can help you without making you feel dependent.

There is, of course, so much to say about this placement. But let me close here: your pioneering spirit and anger are your superpower. Convert your rage into determination to blaze your own trail, leaving a path for the rest of us to follow. And remember – independence is wonderful, but if you find the right allies, you'll never have to be truly alone again.

## ***(Black Moon) Lilith ♀ in II 2nd House***

([1150] elsaelsa.com)  
**Guardian of the Gate**

If you have Lilith in the second house of your chart, her themes will manifest in terms of value and resources. You will struggle to claim your own worth and ensure that you receive your fair share.

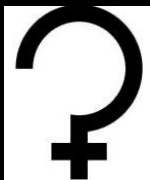

Lilith in the second house usually shows up in childhood in the form of self-esteem issues. You were bullied, nitpicked, or otherwise made to feel less than worthy. This could come in the form of rejection from peers or pressure from authority figures to conform and be more manageable. Lilith in the second house is vulnerable to being demeaned and scapegoated, especially in youth.

It also manifests in terms of resources. Many people with this placement end up with partners who drain them financially or spiritually. They end up in situations that demand their subservience and are punished when they fail to bend the knee. If you have this placement, it's highly likely that you have had this happen at least once.

In traditional astrology, the second house is known as the Gate of Hades. If we think of Lilith in the way that medieval writers did, she is at home in the underworld and rejoices there. So Lilith in the second house becomes empowered when it is employed to guard that gate. If you have Lilith in the second house, no doubt you have had to closely guard your resources, standing up for your own value and your rightful share on this earth.

There is, of course, so much more to say about this placement. But the overarching theme is this: you belong on this earth. You have a right to survive, and you have a right to thrive. You are as sacred and beautiful as any other being, and you don't have to prove yourself to anyone.

People with Chiron in the 11th house are typically harsh on themselves and believe they can't live up to societal ideals and standards. They are often sure they are incapable of doing things right, but others usually have a different perception of them.

Other people could perceive them as original thinkers, unique, and charming.

If other aspects in a natal chart are more favorable, they can be revolutionaries, innovators, and visionaries. Their ideas and projects could be of extraordinary value to society, groups, and communities. They can help humanity be ahead of the time with their solutions.

If they don't become bitter and use the rejection or heartbreaks to find their way, they can be stellar leaders and entrepreneurs.

Those born with Chiron in the 11th house tend to gravitate toward signs of Libra and Sagittarius. They can form connections with a Sagittarius because they help the 11th house native bolster their confidence, march on, and use their abilities.

On the other side, Libra requires validation and reminders that they are worthy due to their insecurities. When those with Chiron in the 11th house team up with Libras, they get to help someone else be stronger and more confident. Thus, it is a carefree friendship where each has enough freedom.

People with Chiron in the 11th house tend to form connections with people who have a history of traumas, hurt, and difficulties. They often hang out with broken souls, abandoned and persons on the margins of society. It is not because those with Chiron in the 11th house use them to make themselves look better or be the saviors.

Instead, these individuals have the power to help others heal because they understand the depth of pain, rejection, and loneliness.

Yet, even if they find their tribe or someone who cares, people with Chiron in the 11th house still feel like observers who see life passing by without them.

Perhaps they forgot how to belong or feel accepted. They expect in advance that everyone will push them away or betray them.

As a defense mechanism, those with Chiron in the 11th house leave before others leave them.

### **Wrong self-perception**

One of the crucial lessons they have to learn is that people usually don't see them as they think. Not everyone perceives them as outcasts or awkward nerds.

Also, not everyone will abandon them or turn their backs on them. People with Chiron in the 11th house need to learn to trust and open up to the outside world.

Otherwise, they will keep excluding themselves before anyone else does it. That leads to perpetual loneliness and seclusion.

They need to realize that even though real heartbreaks, betrayals, and rejections created the original wound, they are the ones that keep it open.

People with Chiron in the 11th house have to stop blocking others from their lives, or no one will ever show them that it's okay to trust.

But more than anything, these individuals have to find the best friend in themselves because if they accept that they are good enough, they will manifest that belief.

When something bad happens, it's even worse when we feel that it's unfair. Chiron retrograde natal teaches us to accept the imperfections, because by acknowledging that you are hurt, you become whole sooner again.

However, you have to learn to consider the effects that any action entails before carrying it out.

Taking into account both sides of any situation, accepting everything even though it goes against your own wishes, will help you to find fulfillment and satisfy everyone involved in a situation.

You must belong to something to feel complete. This is why you know how to please others. It makes you happy to feel the happiness of others.

## ***Part of Fortune ☒ in VIII 8th House***

([1294] [astrolibrary.org](http://astrolibrary.org))

You will achieve your greatest satisfaction and fulfillment through what is granted to you by other people.

Others always teach you another way, another path, or another value system. And, every time you try them, you make new personal discoveries, making your experiences richer. You will see and experience new things, very different from those you already know. It represents a revolution of consciousness and getting a new perspective.

You must reexamine all those personal values that no longer serve, by observing what stimulates them. Thus, by learning the art of flexibility, you will be able to give those values a new meaning. The more you can discover these values and apply them to your personal life, the more your experiences and your understanding of life will be enriched.

Since your Part of Fortune is in the eighth house of your birth chart, the second house is the opposite house. The second house teaches you to recognize your own values. You should perceive these values impartially, as if they were not yours completely or you did not possess them, so that they do not stop you from fulfillment or from sensing the stimulus that you receive from your environment and from others. This way, you can easily leave everything that no longer serves and does not cause growth in your life.

Your most beloved possessions and values should be those that survive, because they are totally real and true. This deep connection of what is personally valid to you, gives you an unshakable security in yourself. This leaves you with total freedom to explore and recognize the validity of the experience of others.

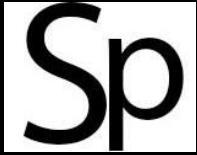

Other people in your life will teach you what weighs you down and what transcends temporary desires. You will learn to express the values of a divine nature.

Therefore, you must surrender much of your personal wants and desires, as well as your ego, in order to leave a legacy, be it money, ideas, new values, sexual enrichment, or a conscious realization of your essence. Understand that in this world, you are not alone, and that the most fortunate thing for a human being is to be able to share his life and his possessions with others. So, you get to be an intimate part of a common project that benefits all who are involved in it, even enriches the soul of humanity.

Learn humility. Do not be possessive of your own values. Learn to go with the flow of other systems of values and ideas that seem different from yours. These will be your greatest source of satisfaction.

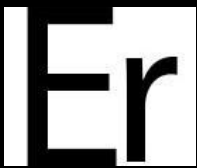

Your fulfillment and happiness will come through all the people you deal with, through

discovering the harmony in everything that seems alien to you, and through your soul's great regenerating force. A transformation of all the accumulated negativity is possible by being present in the Here and Now.

([94] [astromatrix.org](http://astromatrix.org);) The Shape Shifter

During your life, you will go through many changes, but you will always have the desire to make an impact upon the world and to be regarded as a person of significance. The danger you must face is that you may want to go too far too fast and thereby alienate the people who have authority over you.

While you are young, this will mean mostly parents and teachers, but you might occasionally encounter police or government officials. You are likely to have a very intense relationship with one of your parents, and it is important that this be a good relationship as well. Unless it is constructive, guilt and other forms of emotional bondage may arise from it. You must be able to talk to that parent openly and honestly, and he or she must be able to let go as you become more mature.

Unfortunately, this placement often indicates that one of your parents tries to arrest your development at some point through being over possessive and domineering. Sometimes the method is very subtle, using self-sacrifice and guilt, instead of more open power tactics. But a positive and creative parent relationship will give you self-confidence and the desire to achieve something of great significance in your life.

One thought that you must always keep before you, however, is the necessity of doing everything openly and honestly. Otherwise, at some point in your life, all the negative consequences of your actions will be exposed, thus tearing down whatever good you have done. Nixon is an example of this type of person.

([160] [astromatrix.org](http://astromatrix.org);) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your

family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

3) ► **Descendant DC Parallel ♀ Pallas** - (0°19') ♏7 | ♏7

([588] 12andus.com:) You can be a powerful spokesperson or dramatic leader with a strong vision.

Yet you may reserve your best strategies and intellectual powers, acting like these are your "secret weapons" that you bring out only when all other attempts at diplomacy have not worked.

You may also try to be discreet about your true agenda. Unfortunately, this can cost you collaborators who would otherwise help you but who don't immediately recognize your vision and need for assistance. You can become more impassioned and direct when those close to you are challenged.

Your own needs on the other hand may not be the same catalyst for assertive response. Yet when others need your wisdom, you can bring out the best of your intellect and intuition and serve as a strong mentor.

4) ► **Imum-Coeli IC Parallel ♀ Mercury** - (1°12') ♊2 | ♋4

([171] astromatrix.org:) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your

parents and family taught you instead of on your own observations.

([180] astromatrix.org:) Giver And Receiver

Opportunities: 1. Following Your Higher Callings 2. Finding a Stable Home Life

Challenges: 1. Figuring Out Your Life 2. Achieving Both Success and Satisfaction

Your childhood home should be a place of warmth, love and friendliness; and while you are young your life should be reasonably calm. As a result, you will have an excellent relationship with your parents as you grow up, and you will feel secure within yourself.

You will be able to give and receive love very easily and make others feel your personal warmth. Your family, as well as your own spouse and children when you are older, will always be important to you. Whenever you need help, you know you can turn to your parents. You enjoy warm and comfortable home surroundings. Wherever you go, you will create a warm, friendly place where you can get away from the cares of the world. You enjoy having friends come to your home, because you like to share your personal world with others and make them feel as good there as you do.

While you are still quite young, but later in life especially, you will enjoy having objects of art in your home. You like to be surrounded by elegance and grace. In youth, your taste may border on the flashy, but you should tire of this quite quickly, and eventually your ideas about art and decoration will be quite advanced. Also, you will prefer rather fancy clothes.

6) ► **Imum-Coeli** IC **Parallel** ♀ **Ceres** - (1°38') ♃2 | 119

([571] 12andus.com:) Your caring and nurturing energy is best expressed at home.

When it comes to work and career you may have a difficult time showing your true compassionate and personal nature. You may try to be professional rather than caring.

As a result you may be drawn to professions that don't require you to reveal your compassionate side. You may resist going into work settings where you have the responsibility to be the caretaker for others.

You're very nurturing, but you show the best of this strength in your private life, at home or among family. It's only if you get really comfortable and close to coworkers or colleagues that you show your deeper caring nature.

Your colleagues may think you're cold but they would be mistaken. Instead you are just very guarded at work. You try to not show too much of yourself and your personal, caretaking nature at work.

7) ► **Sun** ☉ **Contra-Parallel** ♀ **Jupiter** - (0°32') ♃12 | 114

([144] astrotarot.net:) Expanding Horizons

Typical features that this opposition brings: this Sun – Jupiter aspects emphasizes the dangers suggested by the Sun-Jupiter square. That is because there is a conflict between the optimistic expansion and the development of the Self (Sun). It can lead to forms of immaturity and childish behavior. Or, it can lead you to compensate with obsessive behavior that sometimes leads to strictness or a lack of self-control. As Jupiter is usually associated with money, both the square and the opposition can indicate difficulties in finances. Sun opposition Jupiter puts the brakes on good humor. But, all this may be eased by positive aspects. This aspect makes you idealistic and this is the reason why you often support various dubious movements and clubs. You are often willing to make great sacrifices. Also, you are overly optimistic, like to travel and you do not like commitment. Sun opposite Jupiter brings out the extremes of Jupiter in the life and personality. There may be an internal struggle to control Jupiter's expansive nature. It can show as an inflated ego, over exuberance, and excesses in pleasure-seeking. Also, you can make promises, but have a problem with follow-through. Self-control can be a real problem for you. Usually quite knowledgeable and generous with your time, you have many talents that you may take for granted.

- Positive trades: Once integration is found, then the generosity, optimism, good cheer and prosperity become strong points. Also, popularity and even fame can result. The energy can often be best expressed through philosophy, religion and spirituality. You love travel, studies and involvement in social causes.

- Negative trades: Ups and downs in life are possible regarding wealth, happiness and relationships. During these growing pains, it may be difficult for you to remain happy and content. You may feel unfulfilled and even unlucky.

#### 8) ► **Sun** ☉ **Parallel** ♌ **Saturn** - (1°06')    ♍12 | ♍12

([7] [astromatrix.org](http://astromatrix.org);) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may

repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for

achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

9) ► **Moon ☾ Parallel ♀ Pallas** - (0°51') ☾5 | ♀7

([577] 12andus.com:) Your nurturing and intuitive side drive your desire to strategize your mission.

You can be protective and even act as a "warrior" defending your home and family. When you see young or vulnerable people being mistreated or neglected, you are compelled to take action on their behalf.

You may prefer to be soft and nurturing, but your fighting instincts are engaged when elderly, young or vulnerable people are in jeopardy. You can be protective of your home or family and may be passionate about leading others to advocate for safe housing and family protections.

Your intuition always leads you to get involved in campaigns and situations that benefit children, family and those in need of secure housing. You may use your savvy business skills or other nurturing talents to help in these situations.

10) ► **Mercury ☿ Parallel ♀ Venus** - (0°52') ♀4 | ♀11

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to "rough it"!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an

appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

11) ► **Mercury ☿ Contra-Parallel ♅ Pluto** - (1°16') ♀4 | ♀2

([169] [astromatrix.org](http://astromatrix.org);) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense

of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

You find comfort in words and may look to books or movies to soothe your nerves. You also look for comfort in what others say. You may have a relatively detached style of nurturing others, preferring a call or text rather than a hug or other more vulnerable forms of showing love.

13) ► **Venus** ♀ **Contra-Parallel** ♋ **Pluto** - (0°24') ♀11 | ♀2

([178] astromatrix.org:) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part -

followed by an attempt at justification in the vein of 'I couldn't help myself...'.

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

14) ► **Venus ♀ Parallel ♀ Ceres** - (1°18') 1311 | 119

([561] 12andus.com:) You are an affectionate and comforting person. You love to make others feel loved and beautiful.

You can bring out other's self worth by nurturing those you love. You'll try to surround your loved ones with beauty and make them feel secure.

You try to immerse your loved ones with beauty and luxury and may turn to materialism and physical affection to show you love and care for others. You can be a nurturing lover but even in platonic relationships you are attentive and affectionate.

When you need nurturing you'll look to the arts and luxuries to make yourself feel pampered. You also seek others who make you feel valuable and important. You'll look for tangible, material proof that others love and care about you.

15) ► **Mars** ♂ **Parallel** ♁ **Uranus** - (0°23') ♄10 | ♄10

([53] [astromatrix.org](http://astromatrix.org);) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will

tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

16) ► **Mars** ♂ **Parallel** ♀ **Neptune** - (1°09') ♀10 | ♀9

([54] [astromatrix.org](http://astromatrix.org);) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually achieve viable skills is another way of helping yourself; if you do not do this, that unintegrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result, as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

17) ► **Mars** ♂ **Parallel** ♀ **South-Node** - (0°58') ♄10 | ♄10

([189] [astromatrix.org](http://astromatrix.org);) Controlling Energy

With North Node opposition Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

18) ► **Mars** ♂ **Contra-Parallel** ♄ **Juno** - (0°26') ♄10 | ♀9

([597] [12andus.com](http://12andus.com);) You may have an impulsive streak that undermines what you want from a serious relationship or partnership.

For instance, you may be in a rush to find the One, but your eagerness and intensity drives away potential committed partners. You may also try to be protective and passionate in relationships only to inadvertently drive the other person away.

You may have to work on balancing your own ambitions for success and satisfaction with the needs of your partner in order to be successful. Jealousy and possessiveness can also work against you in relationships. Be careful not to be too dominating over your partner.

You may be attracted to a life partner who is not quite available or who you feel you

need to pursue in order to win over. You can be more successful if you don't try too hard and if you learn to bring harmony between what you want and what your partner wants.

19) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Saturn** - (1°38') ♀4 | ♀12

Or you may adopt one role and project the other on to some close associate and enact the felt dichotomy in that way. You might tend to dream grand and somewhat unrealistic dreams, and yet neglect to lay a firm foundation for the future you are attempting to create.

This has probably come from some important role models in your life such as previous teachers, parents or even partners. Do not doubt your own abilities just realize you need to work and be determined in order to obtain your goals. 3) ► **Sun** ☉ **Conjunct** ♄ **Chiron** - (8°49' S) ♀12 | ♃11

([117] astrotarot.net:) The wounded healer

Typical features that this conjunction brings – it implies the solar idea of being on stage, your desire for being seen. This Natal Sun – Chiron aspects are about particular type of sadness. In other words, your audience desperately wants you to shine, despite the impossibility of it. By audience we mean people around you. So, that makes great tension in you. Also, you are very sensitive of what others expect from you. From a psychological point of view, the “audience” could be a father figure, any prominent male figure in your life. This aspect is translated as an extraordinary level of sensitivity regarding your creative potential or your ability to leave a personal mark on the world. You are very sensitive and vulnerable. Above all, you may even make a career out of cheering and encouraging. You can be talent hunter, teacher, counselor who help others establish a healthy sense of ego, coach who make it possible for others to shine. When you recognize your pain in others you tend to be the one who to cheer on, to lead others to their highly-personal, brilliant destiny. This aspect symbolizes a holy wound at the heart of the ego. That wound makes you vulnerable. But, you are open to life with a rare sensitivity: the sensitivity required in any profession in which you have to handle other people’s sense of self with care.

- Positive traits: Above all, you have great sensitivity, imagination, intuition, spirituality and a sense of harmony. Also, you are likely to be unselfish and even submissive.

- Negative traits: You might be very vulnerable and over sensitive. Also you may be very jealous of people who are creative. Natal Sun – Chiron aspects are not the easy ones to handle.

([30] astromatrix.org:) The Philosopher

It is easy for you to become a jack of all trades and master of none with this aspect, as you tend to know a lot about everything but unless you are seriously focused or dedicated in a certain topic, you can be quite superficial in your knowledge. They make

truly exciting conversationalists for those who tire of simple small talk. These people usually have a lot to say about religion, philosophy, the law, education or anything that involves the advancement of humanity.

5) ► **Mercury** ☿ **Conjunct** ♊ **North-Node** - (0°26' A) ♀4 | ♀4

([38] [astromatrix.org](http://astromatrix.org);) Bright Ideas

North Node conjunct Mercury boosts the mental capacity and gives potential in areas calling for the use of the intellect. The higher powers have blessed you with previously untapped talents to communicate and to promote their bright ideas at just the right time to gain support and popularity.

In the past there may have been limited opportunities to go through learning processes or your communication might have been blocked. You may be a young soul and have a youthful quality. You can introduce fresh new ideas and establish new or modern ways of doing things. You can display wit and a versatile mind that is quick and adaptable. You can be progressive and innovative, frequently showing early potential. A drawback with this conjunction is you may go along with what is popular at the moment, scattering your mental energies. Or you may like to gossip.

You are likely to be popular, expressive and a good communicator. For this reason, you can be very useful in making ideas become accepted and agreed on by the masses with your manner of communicating. However, your line of thinking is often in line with the status quo and isn't too controversial and in fact usually accepted. Be careful of getting swept up in popular ways of thinking that discourage progress. While endearingly inquisitive, you must learn to develop a more independent mind free of the input of others and social norms.

([40] [astromatrix.org](http://astromatrix.org);) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex  
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat

relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

#### 7) ► **Jupiter** ♃ **Conjunct** ♋ **North-Node** - (0°11' S)    Ⅱ4 | Ⅱ4

([66] [astromatrix.org](http://astromatrix.org);) Learning Moderation

With North Node conjunct Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. Similar to North Node conjunct the Sun, there are blessings, benefits, protection, and often a life that is free of karmic debts. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign in which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

([153] [astromatrix.org](http://astromatrix.org);) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more

settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

18) ► **Moon** ☾ **Opposition** ♂ **Mars** - (3°56' S) ☾5 | ♀10

([154] [astromatrix.org](http://astromatrix.org);) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by

attempting to impose your will on others. Hoping to gain superiority, you may be too assertive in your desire to become a leader and not a follower. This often results in a distorted self-image, both to yourself and to others, as you fall into the trap of becoming 'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

19) ► **Mercury** ☿ **Opposition** ♁ **Uranus** - (4°33' S) ♀4 | ♀10

([167] [astromatrix.org](http://astromatrix.org);) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to

compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

20) ► **Jupiter** ♃ **Opposition** ♂ **Uranus** - (4°48' A) ♃4 | ♃10

([191] astromatrix.org:) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too

domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating, since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

24) ► **Midheaven** MC **Sextile** ♅ **Uranus** - (4°25' S)    ♁8 | ♃10

([287] [astromatrix.org](http://astromatrix.org);) Unique Lifestyle

With this aspect, you want to be independent and to find a lifestyle and life work that are unique and yours alone. While you are young, others will consider your interests quite unusual, especially for someone your age.

You may be particularly interested in a technical or scientific field, and in fact when you are an adult you may choose a career in such a field. This aspect may also indicate an interest in the occult or in offbeat philosophies.

You do not feel obligated or held back by tradition. You seek to carve your own niche in life, and in the course of doing so, you may come up with some rather original and even daring ideas. At some time in your life, you may even make a totally new discovery. You may prefer to be alone much of the time, not because you can't get along with people, but because you prefer to be free to program your own time. Other people may keep you from doing this, so that you feel you cannot accomplish what you need to.

You are likely to identify yourself as being different from others, because you feel that if you are just like everyone else, you are less of a person. Everyone follows some kind of pattern in order to feel unique, and yours is simply to be different.

You are capable of working with others as long as you feel that you share common goals. In fact, you can work very hard for a belief in something higher than yourself, usually a belief that is radical or unusual.

25) ► **Sun** ☉ **Sextile** ⚡ **Uranus** - (4°10' A)    ♁12 | ♃10

([226] [astromatrix.org](http://astromatrix.org).) The Inventor

The more radical use of the conjunction energies is potentially easier to express in both the sextile and the trine. Whereas an important shift may need to occur in the individual with the conjunction aspect - in order to renew and redirect any overflowing, insistent Uranian energy through the unifying Sun center - these other two dynamic, harmonious aspects are ripe for exploitation and unfoldment.

You should have a progressive outlook, and a sense of social affinity which is directed towards affirming its positive side and potential for future improvements in the quality of life. The assertive and possibly aggressive rebellious stance is already transformed within you into a reformist tendency. 'Change from within' is more your keynote, rather than a direct destructive attack or negative attempts to withdraw from participation in society. Your mind will be very active, searching, questioning, and naturally explorative, allied with an intuitive creative need for self-expression.

It will be important to be personally assertive, but undue eccentricity is not your style. Due to that positive solar relationship, you will feel more centered, forming a stable inner character and extending an ability to direct your life and make wiser choices. Tolerance and understanding of others will be more evident, especially an intellectually derived tolerance based on your innate humanitarian instincts, although often your emotional affinity with others can be a little cold or withdrawn.

You do not feel at one with this world, yet intellectually your mind is; perhaps more empathy is required. You are likely to contribute to groups which support social reform and have an attitude of 'changing the world to be a better place for everyone to live in'. Probably you could rise to important positions in such groups, transmitting your enthusiasms and positivity by becoming a spokesperson for their visions and ideals.

Your opinions are usually forthright, and you try to stay true and committed to your beliefs. Honesty and straightforwardness are high on your list of essential values, and you have little tolerance for lies and deceits and those who perpetrate them. This can easily lead you towards opposing a national government or establishment groups who are 'economical with the truth' on orders from their 'superiors'. Equally, it could lead you to break away from groups that you are associated with, if they - in your opinion - fall to such low levels or compromise and fail to live up to the high ideals which they may offer to the public.

You believe that life has an inner meaning of great value, and continually search for the threads of this throughout your life, trusting in the belief that life is good, often despite

appearances. This is part of your quest for the spiritual dimension of your solar center and will draw you increasingly closer to that integrative heart of your nature. However, you are aware of the darker sides of existence, and feel inspired to try to improve the quality of life for those who suffer or for the following generations.

At times, especially perhaps after any disappointments on your path, you may coolly withdraw from relationships or social involvement. See this only as a temporary phase for re-evaluation. You need to communicate with like minds, sharing experiences, insight and knowledge. This may easily develop over time into forms of teaching where through sharing you can contribute towards progress for others, and this could become a fulfilling route for you to follow to embody a higher solar purpose.

Challenges: 1. Understanding Misunderstandings 2. Accepting Difficulties

When Mercury is Square your Ascendant, you may come across as opinionated and sometimes arrogant in your views. This may not be true, but you do have difficulty communicating or getting across your own viewpoints and are often misunderstood. Other people may feel that they are being talked at, rather than talked to, and find it difficult to follow, or even to believe, what you are saying.

As your own worst critic, you may continually compare your accomplishments to those of your peers. You need to work on solidifying your ego working on improving your self-esteem. Ongoing communication issues and inability to relax in other people's company, can lead to nervous disorders, especially those that affect your ability to communicate. You must learn to relax and be yourself when you meet new friends and lovers. You project so much nervous energy that this is sometimes all a person sees when they meet you.

Watch out for appearing false by using flattery it can come across as insincere. By developing your personality, foundation and communication style, you can open yourself up to much more deep and vulnerable relationships.

39) ► **Ascendant ASC Square ♃ Jupiter** - (5°11' S) 001 | 14

([436] [astromatrix.org](http://astromatrix.org);) The Binger

With Jupiter Square to your Ascendant, there is ample opportunity for growth, and it is more important for you to improve and evolve your personality. You may initially feel insecure with yourself and unable to express yourself the way you want.

You may have had an uneasy relationship with your parents, where you were unable to express your personality and true self. This results in a lack of faith in your own abilities and can stunt your growth. You need to re-evaluate your perceptions, attitudes and beliefs in yourself and others.

Sagittarius, ruler of Jupiter, likes to travel and explore, living in the present and taking great risks. This is the best way to deal with this aspect, as you interact more and more and understand your own failings and insecurities, you will have more faith to move forward and make better decisions. You also need to work on your self-control, understanding that Jupiter is also the planet of excess, be wary of overindulgence in sensual pleasures. It is best to work on interacting as much as you can with others, so you can learn more about co-operation and compromise.

Your karmic path is not aligned with your identity and ego, which stops your personality to grow and evolve. You may feel like an outsider or that many people are against you. 41) ► **Midheaven MC Square ☾ Moon** - (7°26' S)    ♄8 | ☾5

([397] [astromatrix.org](http://astromatrix.org);) Emotionally Tense

Opportunities: 1. Finding Your Direction in Life 2. Getting a Friend's Advice

Challenges: 1. Growing Up 2. Balancing Reason and Emotion

Your emotions are quite strong and are very important to you, but you will have to resolve certain tensions. First of all, your needs and feelings may often conflict with what other people seem to expect of you. Or you may feel like going one way even though you know it would be better to go the opposite way. The problem is, there is no one answer as to which way you should go each time. Your feelings are sometimes more correct than rational judgments, which may be based on ideas taught by others with no thought for your individuality.

You have to live with others, but at the same time you have to be yourself. If reason tells you to go one way and emotion says the opposite, think about your choices carefully. If the 'reasonable' path helps others but offers you very little, then your emotions may be trying to tell you what your real needs are. On the other hand, your feelings may come from old, outdated ideas and silly childish fears.

You may be reluctant to face the world of growing up. You will need the advice of a faithful friend, perhaps one of your parents, who can show you which choice is best for you without having a stake in the result. As you get older, you should be able to make these decisions more easily.

Your emotions and ideas about your life should reinforce each other. Take your time growing up, however; you may take longer than others, because you have farther to go.

Challenges: 1. Living by Your Own Standards 2. Being Independent

This is a positive aspect, indicating that you are a very loving and warm person. You should have little difficulty in getting along with people, because being on good terms

with others is very important to you.

Just make sure that in seeking love and approval, you don't give up an important part of yourself. Above all, be honest and don't try to use flattery and charm to make people like you. Your friends won't respect you if they think you do everything just to get people, especially elders, to like you. The only challenge of this aspect is that you must learn to set your own standards and follow your own goals, and not simply be and do what others want.

You have a strong creative drive, and if anything else in your chart indicates artistic talent, this aspect will reinforce it. you should try out various kinds of crafts and artistic studies to find out whether you have such ability. If you do, you will get great satisfaction from it. Often with this aspect, you feel that the world will take care of you even if you make no effort.

In fact, you may not have to work as hard as others, but you will have to work. It is not good for your character to be lazy and dependent on others. Probably you will always attract people who will take care of you, but if you depend on this, you will lose the respect of others as well as your own self-respect.

43) ► **Sun** ☉ **Square** ♅ **Pluto** - (6°46' S)    ♊12 | ♋2

([384] [astromatrix.org](http://astromatrix.org);) Blow Up And Breakdown

The energy and challenges indicated by this square can be difficult to deal with, as the unintegrated negative tendencies of Pluto can be fully present. Plutonic energy, allowing you to redirect it towards more positive channels which are associated with your solar path.

However, you will have to remain aware of how you are expressing Pluto, as its peculiar quality will still be vitalized and cannot be nullified, only used in a wiser manner. The Pluto tendencies of ambition, force, power, domination, aggression, and extremism can also stimulate similar tendencies in an assertive Sun and will exist as motivating and compulsive factors in your character.

You may experience considerable inner tension as a result of this challenging planetary relationship, often finding it difficult to 'break through barriers' which appear to prohibit the attainment of your ambitions. This is Pluto attempting to force you towards an inner transformation, the need for which you will recognize whenever the pressures of frustrated intentions increase, until you find it hard to live with and in some way 'blow up', releasing the pressure.

Compromise and co-operation are two lessons which need to be learned as soon as possible, as well as more inner moderation. Once you achieve a balance between your being receptive to others and your dominating tendencies wanting them to submit to you, then you should find that the quality of your relationships begins to improve in a creative

and constructive manner.

44) ► **Sun** ☉ **Square** ♀ **Lilith** - (4°27' S)    ♍12 | ♎2

([652] astromatrix.org:) Strong-willed Persona

Opportunities: 1. Developing a healthy ego 2. Attuning yourself with norms & Laws

Challenges: 1. Following your heart 2. Adjusting scenarios to multi-task

The place of this aspect in your chart indicates friction between a deep desire to be true to yourself about what you feel concerning your needs, sexual instincts, and the desire to be appreciated by others. It is important to feel free and develop a healthy ego. The combination of Sun's positivity and Lilith's darkness strikes a classic blend of power play and dominance.

You need to learn that you can not have everything in your life as you want. You have to abide by societal standards and laws. Accepting your aggressive nature and understanding your needs without any fear would help to exert your energies positively. You also won't feel forced to go to extremes to ease yourself.

Sun square Lilith brings strong-willed and aggressive individuals ready to speak about vices prevailing in the society and becoming a reason for people's distress at large. The square aspect creates tension that compels action, and Lilith strives for attaining harmony while simmering with raw rage.

Together these two can do wonders and surpass every hurdle. So this aspect creates innovative activists and charming agitators possessing high standards and profound respect for everyone around. Your toughness sometimes becomes a hindrance to your popularity because others might perceive you as rude. But you are equally tough to yourself as you seem for others.

The energy of the Sun steers you to aim for the moon as the sky is the limit for you. Your most vital asset is the refined intuition that motivates you to take a leap of faith and conquer the fears of rejection and criticism.

Key themes of this aspect are to tame your sexual nature and desire to get appreciation, conforming to societal standards and asserting your sexual fantasies and individualistic desires to get comfortable with your inner self.

45) ► **Sun** ☉ **Square** Er **Eros** - (1°58' A)    ♍12 | ♎8

46) ► **Saturn** ♄ **Square** ♄ **Neptune** - (1°06' S)    ♍12 | ♎9

([440] astromatrix.org:) The Self Defeatist

The square indicates inner tensions and frustrations, and it is likely that Neptune will be inhibited from true realization and will be bound within the unconscious mind by the barrier-forming restrictions of Saturn. This will cause you to be anxious, stimulating unconscious fears, anxieties, phobias, morbidity and guilt feelings arising from an

overactive imagination which lacks suitable channels for a healthier release.

The consequences of this inner pressure and disquiet tend to create feelings of inadequacy, incompetence and inferiority. These may be quite illusory and unrealistic, yet they have a powerful influence on your actions and choices. As time passes and you perpetuate these tendencies, you continue to create negative results, which convinces you that such inferiority beliefs are actually true. You become a self-defeatist, and lack confidence in your own abilities. This negativity can spread until you begin to run away from accepting responsibility or challenges.

Denial of any aspect leads to its suppression into the unconscious mind, where it is likely to fester, slowly releasing poisons into the personality within the appropriate level of natural affinity, distorting body, emotions or mind. Such a forced cutting away of part of your nature is never wise and is as foolish as cutting away an arm because there may be an unsightly mole on it.

In accepting your own nature, self-forgiveness is required, and a refusal to compare yourself to any illusory ideal of perfection. Why feel guilty because you are not like an ideal? You never can be, and your real task is just to become yourself, warts and all; and coming to terms with that is a great freedom and liberation in itself. Face those fears of failure. Talents are there within you; they are just hiding out of sight. Find that pot of gold around the corner, and perhaps with a bit of support from others you'll learn how to really use it. All of those inner illusions, guilt trips, inferiority complexes and phobias can dissipate like chimeras in the sky. The self-imposed barriers of Saturn will collapse, and Neptune will flow through, healing you and inspiring you to find a new way.

47) ► **Saturn** ♄ **Square** ♅ **Ceres** - (5°30' S)    ♀12 | ♀9

([564] 12andus.com:) Your nurturing style is often restricted by your preference to be detached.

You show your love by offering discipline, order and structure more so than affection. You can be caring and compassionate though you tend to suppress your emotional nature and reveal your love for others through your willingness to sacrifice for them.

This humble self-sacrifice can make you feel like you are doing your duty to your loved ones. It can also create resentment over time if you're not careful.

When you seek nurturing for yourself you may need to focus on practical matters, business and money. Things that make you feel stable also help you to feel loved and secure.

48) ► **Saturn** ♄ **Square** ♄ **Juno** - (7°22' S)    ♀12 | ♀9

([599] 12andus.com:) Your desire for a long term partnership or marriage may be challenged by your desire for security and tendency to control everything.

You may work against your ambitions to secure a solid relationship because you struggle with vulnerability and don't easily let others in.

You may also face friction between the security desires you have, especially in work and finances, and your desire to be emotionally connected to a long term partner.

If you are able to see your obligations in relationships as similar to a business partnership or if you are able to gain security in yourself and your foundation, you can more easily nurture your long, term partnerships and relationships.

71) ► **Venus ♀ Trine ♅ Pluto** - (8°10' S) ♀11 | ♅2

([337] [astromatrix.org](http://astromatrix.org);) Intense Emotions

The trine aspect gives similar indications to the sextile, where the possibility of personal

transformation is likely to occur through emotional experiences of a higher and intense kind.

You will have a fundamental faith in life, an innate optimism that all will work out well in the end. This belief in the goodness of life can be 'contagious'; and you may feel attracted towards sharing with others your personal approach or philosophy of life, so that they too can experience how trust, faith and love can enrich and guide a life. You feel that higher values are essential in interpersonal relationships; and you try to embody these in your own life.

You see that the bedrock of a partnership - apart from mutual love and affection - lies in qualities of commitment, honesty, integrity, responsibility to mutual obligations, and allowing each other the space to express his or her own unique nature and to continue to unfold the personality in a developmental way.

Generally, you have a belief that the lives of others could be greatly improved if certain adjustments were made in their attitudes; and you are probably correct in assuming so. You may, however, have to avoid a tendency to interfere in the choices that others make. They have to find their own way, although you have the potential to help others do this, perhaps by encouraging them to examine themselves and their options.

You should have a sense of life direction to follow, a meaningful path which may appear in hindsight to have an element of inevitability about it. Similarly, your intimate love life may feel preordained, and you may find that you are waiting for that special partner to enter your life, not feeling quite right with any previous relationships or fully able to commit yourself to them. It could be that you experience the right partner in the traditional sense of 'love at first sight', an intuitive feeling of 'rightness'.

Whether immediately obvious or not, your life will be strongly directed and influenced by your emotions; your choices will always be conditioned by your emotional responses to people and situations, even though you may overlay your 'gut reaction' by intellectual reasons or logic.

Fortunately, your choices tend to turn out right for you, unlike the choices made by those with the Venus-Pluto square or opposition, where following emotional impulses leads towards considerable difficulties and frustrations. It may be that some of the higher appreciation and qualities that potentially are yours to experience may remain latent until they are triggered into conscious activity through the transformative action of love upon you; meeting your 'fated partner' could be the stimulus for this process.

This does not necessarily imply that the relationship will succeed and survive but could indicate a crisis and turning-point in your life centered within your emotions, which - whatever the result - will lead to enhanced understanding and inner change.

72) ► **Venus ♀ Trine ♀ Lilith** - (5°51' S) ♄11 | ♃2

([648] [astromatrix.org](http://astromatrix.org);) Honouring your unique gifts

Opportunities: 1. Illuminating limiting beliefs 2. Becoming more authentic with others

Challenges: 1. Maintaining your truth 2. Releasing stagnant attachment

Expressing your authentic truths within your relationships comes with ease. You're naturally vocal about expressing your wants and desires in your relationships and owning your likes and dislikes. Respect in your relationships is very important to you, and you may be inclined to assert your boundaries in your relationships if this isn't shown. By affirming your boundaries, you inspire others around you to do the same.

People may see you as someone who is very self-assured and knows how to express their unique beauty in how they dress. Your lifestyle may be slightly different to your peers, and this is why you stand out from the crowd.

There is a fascinating magnetism that you innately have, that other people are very attracted to. Sometimes, they may not be able to put a figure on why they are drawn to you, but you have a strong presence.

73) ► **Venus ♀ Trine ♀ Pallas** - (1°50' S) ♄11 | ♃7

([579] [12andus.com](http://12andus.com);) Your charm and creativity easily help you influence others.

You can be an influential mentor because of the personal connection you make with others. You easily help others feel comfortable and secure, and this makes it easy for them to buy into your views.

When you need to fight for what is important to you, you work hard to set a stable foundation and establish a sense of security. You can also invest in your mission and aren't afraid to use your image or reputation to further your cause.

74) ► **Mars ♂ Trine ♀ Pluto** - (3°59' A) ♃10 | ♃2

([345] [astromatrix.org](http://astromatrix.org);) Enormous Vitality

The energy and qualities released through the trine aspect can be quite beneficial and socially constructive. In many ways, you should find this an uncomplicated and straightforward aspect to live and work with.

You will feel at ease in applying your potent willpower to ensure the success of any aims that you clearly decide to achieve, and which are realistically within your scope. You are likely to observe over time that, when necessary, the self-discipline required to direct your will consistently in the chosen direction also stimulates an inner change to occur, whereby your qualities and talents seem to be remixed or rebalanced according to the needs of your objectives.

This can be very useful as a regeneration of the inner life to reflect a pattern of internal harmony, in which conflicting energies and tendencies are no longer competing for

expression and diverting your attention away from your purpose. However, this process should only occur during phases where you need to be intensely one-pointed and concentrated enough to make your decisive active step, and should not be encouraged to continue, as the result may be a repression of aspects of your personality and a pushing them down into the unconscious mind. See it as a temporary 'selective tightening' necessary for a short time, and then allow a relaxation and a release of these temporarily unexpressed aspects to be free again in your personality.

You tend to have insight into people and situations, and the capacity for direct, realistic analysis. You prefer to allow space for others to be themselves, being quite tolerant of most people - providing they are not causing deliberate harm or taking advantage of others. In addition, you have a clear sense of interrelationship with society, and feel that you have a natural responsibility to use your energies in a socially constructive way.

In particular, you take a certain pleasure in attempting to resolve social problems by becoming involved with social pressure groups which indicate directions to follow which they believe would be socially beneficial. You can become very committed to supporting causes that you have faith in, devoting time and energy to furthering the cause, and in being true to yourself and your personal beliefs. T

The only point to bear in mind with such a tendency is the need for an ongoing evaluation of belief and self, to determine your current standpoint and to allow it to change and evolve naturally, as you develop through time and greater life experience; belief should not be an unquestioning, static position.

The void is the place of infinite possibilities, and you have a gift of receiving insights to support your purpose.

People gravitate towards the purity of your sexual energy, who are captivated by the way you radiate a sense of empowerment. Simply by being you, you're able to draw in opportunities that help you to cement your purpose. A part of your purpose is to use your

power to use your voice to help others.

([456] cafeastrology.com:) You could find that your quest for love, affection, and pleasure is often at odds with your inner drives or personal development. Your pursuit

and enjoyment of pleasure may often get in the way of what you think you should be doing. This can be the source of quite a bit of stress and/or guilt until you discover ways to fulfill both of these needs without doing so at the expense of the other. Your love nature, your needs for affection and the manner in which you go about getting it, and the way you spend money tend to contradict your general personality—the person that others meet on a day-to-day basis.

Examples of this include an outgoing, even flamboyant, personality that is quite cautious and even shy when it comes to love; or the reverse: a humble person who is dramatic and self-expressive in love or extravagant with money. This, of course, can confuse others, and yourself at times! You may often struggle with how you perceive your personal appearance, finding it hard to find yourself attractive in the here and now, when in fact there is unlikely to be an issue.

You tend to act on your will at the expense of your feelings, and to act on your feelings at the expense of your will or ego—two things that certainly leave you feeling unsatisfied. Integration, of course, would be ideal. Uncertainty about what it is you want from life can be the source of much guilt, and guilt can fuel an automatic response of trying too hard to please others. Living up to the demands of others may too easily become a lifestyle for you. You might find that you are constantly making adjustments and compromises. In your relationships with others, you may offer too much to a person, and then feel like you are being taken advantage of. You seem to expect that you have to make compromises in life in order to get what you want, but in the process, you undervalue your own needs.

You tend to experience bursts of assertions of independence and autonomy, but when you do so, you feel guilty. However, you are not happy with yourself when you are expressing dependency. You need to work on accepting both the Sun and the Moon (your needs for autonomy and self-expression as indicated by the Sun, and your needs for comfort and closeness as indicated by the Moon) in your personality in order to feel whole and to avoid sabotaging relationships (and life goals) with self-defeating attitudes.

Challenges: 1. Harnessing your energies 2. Balancing desires and beliefs

Jupiter Square Black Moon Lilith radiates the problems of belief, hope, risk-taking, and communication with your wild inner self. It triggers your optimism or pessimism, especially when you have to make life choices or take charge of conditions in your hands. Jupiter propels you to upgrade yourself and strengthen your self-confidence.

It is your time to grow and learn. This learning will help you to tap your intuition and follow the signals that Lilith offers you through the root chakra, body, energy field, and sentiments. You might feel caught in temptations and think about leaving everything behind. Lilith might obscure your vision and create hurdles in your paths to self-discovery and growth.

Do not lose your trust and give it to Lilith. You might encounter bad karma or substantial good luck. Sexual empowerment also gets entwined into morals and beliefs. Your positivity and empowerment can also be throttled.

But remember, the placement of the Jupiter square Lilith aspect in your natal chart reveals the energy dynamics between your energy fields and prepares you to discover your hidden talents and utilize them to grow into the best version of yourself. This aspect holds the conversation between your energy system and consciousness.

([453] astromatrix.org:) Learning to Trust

With North Node square Pluto, you have an incredible amount of power, as a result of having weathered some tough storms in the past. Now this power is to be distributed carefully. There is a pact with the higher forces about how the power is to be used, and this should not be for selfish purposes. You can be questioning, curious, and probing, often aware of the underlying motivations behind people's actions.

However, there is difficulty getting this energy properly harnessed so that it doesn't work against you. Holding onto memories of some old crisis can make you suspicious so you

may become manipulative as a way to stay one-up on others. This could be your greatest undoing. You may have a distracting preoccupation with sex and the sensual side of life. Or, there is an intense fascination with death-with the morbid or strange.

Major circumstances in your past life or early childhood may have caused you to become resourceful, self-reliant and distrustful of authority. You likely question prevailing societal values and remain unaffected by trends. This may ignite much opposition in others and resentment within you. Your desire for transformations, deep thinking and intensity clashes with current social mores. Stop letting opposition to your ideas isolate you.

## Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symmetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

**Antiscia:** For simplicity's sake we're gonna explain it like Conjunction.

However, you do enjoy popularity among friends. Your relationship skills were probably conditioned at an early age by your family. The sign and house placement of Part of Fortune show qualities that you should be able to express easily. In other words, your innate abilities and talents, as well as indications of your vocation and career, and how you can gain worldly success, and improved health.

([40] [astromatrix.org](http://astromatrix.org).) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex  
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your

earliest dealing with the opposite sex - including dealings with your opposite-sex parent, siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

([69] [astromatrix.org](http://astromatrix.org).) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or

situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes

involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

([154] [astromatrix.org](http://astromatrix.org);) Don't Tred On Me

Opportunities: 1. Living Life with Less Volatility 2. Embracing Broader Perspective

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

Inner tensions and unresolved issues are likely to be projected into social relationships, this creates difficult experiences and a scene for crisis' or turning points. Your inner pressures are released within relationships, through arguments, dissension, provocation, and antagonism; you take advantage of even trivial issues to turn them into energy-filled confrontations and clashes.

This will obviously affect career prospects and domestic life; these rebellious feelings will always be stimulated by anyone imposing his or her will on you through authority, orders, or criticism. Anyone crossing this line and irritating your feelings is liable to be confronted by an extremely obstinate and stubborn character. Co-workers will soon lose patience with an emotionally erratic colleague, who can suddenly become aggressive when facing criticism or personal comment; people will learn to withdraw from contact if you behave in this way. You feel emotionally uncomfortable; others may find you hard to understand.

You need to resolve the difficulty of instincts and emotions co-operating with an active and assertive Martian energy. Sometimes you may favor one of the planets, when this is temporarily Mars, you are liable to act impulsively, making sudden decisions which could be irrational, foolish, and lacking in forethought. Yet such actions may sometimes allow you to break free from restrictive situations.

Expressing the lunar energy may encourage cautious self-protection, remaining with the status quo, and being afraid to move beyond familiar behavior patterns. The challenge is to unite both energies, honoring each as equally valid and necessary for a well-balanced personality. Part of this aggressive and assertive nature may be rooted in your relationship with your mother.

Childhood feelings may have been denied through a lack of emotional contact, or through having to submit to an oppressive home regime of duty and behavior. In adult life, you refuse to submit to this again, yet unconsciously repeat the pattern by attempting to impose your will on others. Hoping to gain superiority, you may be too

assertive in your desire to become a leader and not a follower. This often results in a distorted self-image, both to yourself and to others, as you fall into the trap of becoming 'number one' and behaving in ways which are cold, arrogant, and overly assertive.

You hate others resisting your will and when this happens, you respond with a personal attack. Sometimes such an antagonistic stance may succeed; but eventually its costs far exceed those of other more moderate approaches. Yet your personality can appear attractive to many and there is certainly a validity that can intrigue some, even though it is often a distorted expression of the planetary energies.

Choosing companions, both friends and lovers, is one area where weaknesses may appear, as you are often attracted to people who turn out to be unsuitable characters with equally volatile emotional difficulties. Intimate relationships may be limited to physical expression, or entered for material reasons, as you may repress the deeper emotional and subtler dimensions of interpersonal contact. Sustaining relationships is difficult as time passes and once initial attractions fade, relationships collapse; satiating superficial feelings is easier than dealing with your deeper needs; and you prefer to avoid these.

You are drawn toward 'exciting experiences' which lead into dubious areas of life, where 'excitement' may not prove beneficial. Much depends on your choice of fellow travelers, as personality tendencies can dissipate and deplete energies if efforts are not consistently made to reunify conflicting traits. In a similar way, you may fail to fulfill promises made to others through inner changeability and commitment, and responsible behavior may not be your strongest assets.

Routines and partnerships may fail to satisfy; reactions against fixed life-style patterns may pose relaxation difficulties, creating psychosomatic illnesses associated with stomach tensions and digestion problems. Repressing genuine feelings is not wise. You may need to acknowledge your lunar qualities more openly and find space in your life to allow proper expression.

Lessons are needed to discover how compromise is important in developing better relations. You may need to find new forms of self-assertion, which recognize that others exist too and should be given equal respect. This can help to moderate your overbearing tendencies.

Through greater insight, you can gain relationship clarity, with perspective, realism, and more positive attitudes proving highly transforming as self-centered behaviors diminish. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 13° **Libra** 33' and in the **8th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 15° **Leo** 45' and in the **6th** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong

psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 16° **Capricorn** 54' and in the **11th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 24° **Scorpio** 33' and in the **9th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

#### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 28° **Libra** 30' and in the **8th** house.  
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 10° **Scorpio** 20' and in the **9th** house.  
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 28° **Taurus** 50' and in the **3rd** house.  
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 8° **Capricorn** 17' and in the **11th** house.  
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 17° **Cancer** 30' and in the **5th** house.  
This lot seems to indicate what is most likely to bring the native down. "Nemesis

becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Cancer: insecurity or attachment, large crowds, getting lost

Nemesis in Fifth house (Leo): pride and arrogance, excessive visibility, water

### **Lots related to family:**

The **Lot of the Father** is in 5° **Scorpio** 38' and in the **9th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 14° **Virgo** 52' and in the **7th** house.  
Same as for father.

The **Lot of Siblings** is in 21° **Scorpio** 32' and in the **9th** house.

The **Lot of Children** is in 7° **Cancer** 41' and in the **5th** house.

The **Lot of Daughters** is in 7° **Libra** 2' and in the **8th** house.

The **Lot of Sons** is in 14° **Pisces** 21' and in the **1st** house.

The **Lot of Marriage for Woman** is in 29° **Aries** 6' and in the **2nd** house.

The **Lot of Marriage for Men** is in 0° **Aquarius** 7' and in the **12th** house.

The **Lot of Deceit in Marriage by Woman** is in 10° **Virgo** 36' and in the **7th** house.

The **Lot of Deceit in Marriage by Men** is in 16° **Aquarius** 0' and in the **12th** house.

The **Lot of Marriage (in general)** is in 22° **Leo** 11' and in the **6th** house.

### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 21° **Scorpio** 47' and in the **9th** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 27° **Cancer** 56' and in the **5th** house.

The **Lot of Treachery** is in 17° **Aries** 23' and in the **2nd** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 3° **Taurus** 17' and in the **3rd** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 14° **Virgo** 52' and in the **7th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Gemini***

([canvasofthecosmos.tumblr.com](http://canvasofthecosmos.tumblr.com);) Pholus in 3rd House/Gemini: An extensive word bank has trouble reaching your mouth and fingertips, leading to keen improvisational skills. You find yourself with a plethora of data and seemingly useless trivia. You may have 'foot-in-mouth disease,' in which you try to say so much at once that it comes out jumbled up, or you may say one thing innocently and accidentally offend others, as your words carry a lot of power. Each day, something surprising happens to you and you've started to get the feeling that the world is out to get you. This is because this placement means torrential every day travel, wild siblings and an interesting neighborhood. You can at least say that you're never bored. You may have made a lot of mischief in grade school, or read an asinine amount of literature. Keep in mind that, no matter what trouble your mouth gets you into, tomorrow is another day with fresh possibilities.

### ***Pholus in 4th house***

([12andus.com](http://12andus.com);) Your relationship with your mother is profoundly influential and not always in a positive way. Toxic elements from lack of nurturing or too much nurturing early on can unleash confusion and chaos in your life.

You may carry wounds from family and upbringing that become toxic and need healing later in life. When you have your own home and family, you may need to contend with seeds of uncertainty and abandonment that were sown in your childhood.

Your desire for security can lead you to unintentionally unleash emotional wounds that require you to sort out the toxic messages learned from family or relationship with early nurturers. When you work through this, you'll have the ability to break through past restrictions.

You may even have to move frequently or have a home that is unusual or mobile,

instilling an appreciation for travel and finding security even while on the road.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Aries***

(12andus.com:) Your desires are triggered by courage. You can be turned on by the chase in a relationship. You may also find facial features to be alluring and seductive.

You may become possessive in romance and love the idea of exploring power and domination in the bedroom.

You may be a passionate lover and find displays of obsession and passion to be highly seductive.

You may be fascinated by an addiction to the chase but then become bored with the actual maintenance phase of the relationship. You can become spontaneously attracted to another without giving it any conscious thought.

Your seductive impulses can even lead you to be careless in relationships. You may be powerfully tempted to pursue your desires even if you already have feelings for another. You can easily keep emotions out of a sexual relationship and rely on instincts and attraction alone.

#### ***Eros in 2nd house***

(12andus.com:) You may express your sexual interests through a connection to materialism.

You are turned on by luxury and enjoy being pampered in sexual relationships. You may try to hide or downplay your sexual potency but you can be a sensual and romantic person when you feel comfortable.

You don't like to get involved in dramatic displays of sexuality and prefer it when your partner can be discreet and patient. You may be turned on by people who you believe can benefit you financially or in business.

When others show you admiration or praise, it's a major turn on. You show your sexual attraction through assertiveness and by being confident in who you are and what you want.

You aren't superficial yet you can be drawn to material wealth and physical beauty. You love to portray your personal strength and power as well.

 (12andus.com:) You may feel easily torn between your ambitions and courageous side and your inability to truly contain large scale crises.

Rather than allowing disruptive challenges to wipe the slate clean and help you advance by starting all over again, you may try to hold on to power and control, insisting on

having your way or trying to rescue others.

The bigger lesson is often that it is not up to you to rush in and save the day. Instead of preventing crises from erupting, you may be better off learning to respond to crisis by seeking opportunity for growth and new perspective.

If you try to see large scale challenges as important life turning points rather than as crises to be minimized or contained, you can become more successful protecting yourself and those you love to the extent you can, while also embracing dramatic changes.

When you have no other option, you may feel as if adapting to changing circumstances or crises requires you to change everything about your identity, right down to your appearance. At first you may resist these changes.

You may try to hold on to control and pretend everything is as it should be. Yet when the changes become too prevalent to ignore, you'll throw yourself in head first, embodying the chaos and turmoil in some way.

Finally, you'll come to adapt your expectations and make necessary changes to your ambition so that you can succeed on your path while also recognizing the crisis and turning point you are facing.

Cataclysmic events and major life turning points can bring out the best in your sense of responsibility toward others and drive you to set a secure foundation for yourself and those around you.

Even when your attempts don't quite contain the crisis around you, you'll find powerful new ways to rebuild and make the most of the situation, often using the upheaval to your advantage in work, business or finances.

You may need to stop and address your deeper wounds and past traumas so that you will be able to trust your intuition and unique perspective. When you take the time to learn from your past traumas, you'll be in a better position to deal with crises and cataclysmic changes.

You can then learn to trust your instincts and act as a healer, leader or guide for others. When you do, you'll find that your intuition has prepared you for these dramatic turning points and crises.

- 9) ► 20° Gemini 45' **Pholus** ✍ **Quincunx** † **Ceres** 21° Scorpio 51' - (1°06')

11) ► 20° Gemini 45' **Pholus** ✎ **Quincunx** ♁ **Vesta** 20° Capricorn 51' - (0°06')

Yet if you do some internal work to explore your true calling and higher mission, you'll be better able to respond to crises and cataclysmic events. When you use these situations as catalysts to help you let go, you'll be better able to step up to the plate in service to others.

You may also have to become comfortable with your spiritual calling and cultivate a stronger sense of faith so you can respond productively during times of crisis.

When you do, you'll find it easier to align your sense of duty and work with your service to your spiritual calling in the midst of crises.

## 144 More Asteroids

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### *Hygiea in Libra*

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

#### *Hygiea in 8th house*

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

### **Eris | Soul Warrior**

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

### **Eris in Libra**

(synnisisigns.com:) In your seventh house of partnerships Eris will create situations of unequal distribution of power that will stress your relationship. You will have to work at finding a partner that will share your goal of sharing the work and well as the joys of partnership, or suffer the consequences for failing to doing so. If you attempt to follow traditional male/female roles, your relationship will ultimately lose its vitality and strength of purpose.

### ***Eris in 8th house***

(synnisisigns.com:) Eris in your eighth house of death [transformation] creates situations where you experience people trying to take away your resources. Inheritances, insurance payments and loans can be contentious and difficult experiences, especially if you are elected to be the conservator/distributor of those funds. You may have to share a partnership role in the disbursement of funds, but do not have final say in where they are to go. In the area of sexual development you may have sexual experiences that are incomplete or unsatisfying due to one partner or the other demanding a control of the sexual experience.

### **Karma | Attention Point (per Past Lives)**

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

### ***Karma in Sagittarius***

(whatsmyalternative.com:) Were you a religious fundamentalist or a social reformer? A corporate cheat or a philanthropist? Watch for experiences that balance your clumsiness, your kindness, your luck, your manner of speech and your friendships. If you are unkind in words even if you meant otherwise, the asteroid Karma will still make you feel the other persons emotions at your words. In the highest level, such people can

become great religious reformers.

### ***Karma in 10th house***

(whatsmyalternative.com:) (I can not find interpretation for the 10th house.) Karma in Capricorn (or 10th House): A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

### **Pandora | Foolish choices & Toxic curiosity**

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

### ***Pandora in Aquarius (Rx)***

(astronomicallyaligned.tumblr.com:) You are a madman in desperate search for all the answers. You want to know everything. All the secrets of the universe. All the information the stars hold. All that God knows. You want eternal life, and the universe for a mind. Galaxies spinning, supernovas exploding, shooting stars scattered all over. You want to live there. Among the heavenly stars and poets. You want to be the firmament. But if you open the box because of that, madness and irrationality will pollute the earth. People will go mad. All logic will cease to exist. Let the celestial divinity lead you. Not the other way around.

### ***Pandora in 12th house***

(astronomicallyaligned.tumblr.com:) You're curious about your dreams, subconsciousness, spirituality, endings, self sacrifice, and closure. You might open a door to another world, to the other side. A door that cannot be shut once opened. Energy will flow between the galaxies.

### ***Nessus***

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Cancer***

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

### ***Nessus in 5th house***

(smartyoungsters.com:) This is the self-obsessed Nessus that wants to be on the center stage at all times. A politician that can kill, murder or do almost anything to win the coveted chair. An actor who wants to have the spotlight always on him and who go to any length to get it. This is a self-centered Nessus who wants to be worshiped at all costs. He manipulates followers can even buy them to promote his superiority. An actor

who commands attention, has a powerful personality. Known for his ego and pride, this Nessus is insanely generous to his followers and yes-men. When this Nessus is positively influenced by Saturn and Chiron, he can be the hero of dreams. He can be a great King for his subjects. Win Oscars, take his country to the top most position in the world as the leader. In love, this Nessus wants to be treated as royalty and will not tolerate a partner who does anything less than that. May always want partner to behave "up to the mark" and have high expectations from him/her.

## Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

### ***Ixion***

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

## Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

### Melete in Aquarius

(hillarysss.tumblr.com:) Melete in 11th: You're scared of letting yourself get too close to a friend. Friends could've burned you constantly. Maybe there is something that stops you from making friends. Technology could've been something that really brings you sadness. ( Being online can scare you so you may keep things very private). You're scared of being too humanitarian you don't wanna get "taken advantage of". Friends may have constantly used you.

### Melete in 12th house

(hillarysss.tumblr.com:) Melete in 12th: You may find yourself constantly being scared of endings in your life. Endings are natural and necessary for your soul growth. You may be scared of Karma so you constantly try to be as kind as you can hoping you get it back. You find yourself wondering about the afterlife. This can make you very spiritual but there is usually wounds here. You're scared of tapping into your subconscious because of what you may find. You may find yourself never truly healing from stuff.

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we

dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their

mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

### **Proserpina**

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

## **Sisyphus**

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

**CASTRA** (29° Capricorn 57') is **(0°31')** of (1°15') close to the **Sun** (0° Aquarius 28').

[1] (- - - -) february 7-10 Jupiter-/Saturnian - malevolence, destructiveness, uncontrolled temper, leadership ability, assertiveness, prominence in public office, honor in writing, achievement in higher education, intuitive and psychic ability, sanguine, conscientious, extraverted, could be obsessive compulsive

**NASHIRA** (1° Aquarius 32') is **(1°04')** of (1°30') close to the **Sun** (0° Aquarius 28').

[1] (+++++) february 8-11 Mars-/Mercurial - overcoming evil, which is turned into success, life full of change, ability to hold a position of trust, has integrity and justice, has knowledge of man, refining of Saturn's influence, sanguine, conscientious, extraverted, could be obsessive compulsive

[3] The astrology of the fortunate fixed star called Nashira: warm and nurturing energy is released, encouraging trust and faith in the universe. As the wheel of fortune slowly turns away from disappointment and disillusionment, remain open to all possibilities that foster emotional and spiritual growth.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind. Slowly becoming a kinder more relaxed individual. Opening the soul and entering a spiritual phase in your life. One which brings peace, happiness and a stronger sense of love.

[4] Saturn and Jupiter (dignified, pious, conservative, acquisitive, retentive.)

[6] Nashira star rules the front of the right leg 7 inches below the knee in the human body.

**CASTOR** (29° Gemini 59') is (**1°38'**) of (2°20') close to the **Moon** (1° Cancer 37').

[1] (- - -) july 10-15 Mars-/Venus-/Jupiter-/Saturnian - trouble and disgrace, sickness, loss of fortune, affliction, sudden fame followed by loss, violence, mischief, self-sacrificing/phlegmatic, extrovert, may be masochistic

[4] It gives distinction, a keen intellect, success in law and many travels, fondness for horses, sudden fame and honor but often followed by loss of fortune and disgrace, sickness, trouble and great affliction. Its natives are said to be mischievous and prone to violence.

Can indicate a keen mind and many travels but Venus can cause an indolent character leading an individual to his own destruction.

It has the effect of such people being blessed with a good nature, fine morals, conveying of refined manners.
