The Leader

Your nature is charged with individualistic desires, a demand for independence, and the need for personal attainment.

You are very good at getting the ball rolling; initiating new projects is your forte.

You are at your best when confronted with obstacles and challenges, as you combat these with strength and daring.

As a natural leader you have a flair for taking charge of any situation. You are considered very good company, friendly, good-natured, and a wonderful conversationalist.

In your personal relationships, you are capable to live alone. You are a good person to talk to. You have good communication skills, however, you don't have a strong need for very close relationships. You know that you are always alone in this Universe. You can give an impulse in a relationship but will not spend much energy on maintaining the feelings. You can dedicate all your energy to your work or idea, so it is important if your partner supports you and is able to yield to the choices made by you.

You're a pioneer, an innovator, and capable of great success and achievement in the world.

You need to be in charge and managing in some way. You would make a great entrepreneur or inventor. Often the highest and best use of your abilities is when you mastermind a project, get it up and running, make sure management systems are in place, and then you're off to the next venture. You might feel stagnant if you don't allow yourself to tackle new challenges.

You're full of creative energy, so embrace your creativity and understand that this is your gift. Imagine new things, introduce new concepts, and then delegate the details and either move on with another project or continue developing your project while taking it to the next level of success. However you define it, you enjoy being on the move and having a variety of things to do.

You always have the potential for greatness as a leader, but you may fail as a follower. Unfortunately, sometimes you have to follow for a while before you are allowed to lead and this can be a difficult time.

Expression (Destiny) Number: 5

([659] numerologycalculator.online:) The number 5 Destiny suggests that the direction of growth in your lifetime will be toward becoming a harbinger of change, freedom, and progressive thought and action.

The number 5 Destiny potentially endows you with the wonderful characteristic of multi-talents and versatility. You must develop in ways allowing you to do so many things well. The tone of the number 5 is the constructive use of freedom, and in your drive to attain this freedom, you must be the master of adaptability and change.

As you mature, you must become good at presenting ideas and knowing how to approach people to get what you want. Naturally, this will give you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Whatever you do, you have the capacity to be clever, analytical, and a very quick thinker.

You must learn to accept changes as they come along and avoid clinging to the outdated. Avoid rebellion, and focus on enlightenment and progression thinking that will benefit mankind. Your life is broadened by gaining an understanding and an appreciation of all kinds of people.

The Destiny 5 will be welcome in many varied professional environments. The public sector is a natural for you because you must administer to all peoples. The media, advertising, promotion, publicity, all types of selling, and entertainment are all potential fields that may interest you.

Settling on a single career may not be in the cards for you, as you are in a continuous state of flux brought by constantly changing interests.

If there is too much of the 5 energy in your makeup or if you develop negatively, the negative side of the number may appear. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be erratic and scatter yourself and your energies.

You have a hard time keeping regular office hours and maintaining any sort of a routine. As clever as you are, you may have a tendency to make the same mistakes over and over again.

Much of your response to such errors is glib reaction rather than thoughtful application.

Life Path - Expression Bridge Number: 4

Your numerology prompts you not to delay your business, but to try to do everything till the end. If you put off something, the most possible you will not return to it and finish.

Heart's Desire (Soul Urge) Number: 5

([659] numerologycalculator.online:) These are your non-conventional adventure seekers who don't like to be confined by limitations or limited by societal norms. People with this soul urge long to travel and thrive on change and a variety of experience.

Freedom is an essential element for your happiness to be complete. You love traveling, seeing new places, meeting new people, trying new things.

Whenever a new idea comes to you, it gets you excited and your enthusiasm is infectious. This is a valuable leadership ability and one that you must work to continually cultivate and develop.

Be careful in your pursuit of change and be mindful of where your desire for freedom leads you. This part of your nature can make you extremely impetuous. This is especially true when it comes to finishing things you start. The goal can become an obsession that keeps you from seeing how to best to achieve it and that will tend to frustrate you.

Frustration can only hold you back and that sense of disappointment can make you become very reserved emotionally.

Don't be afraid to release the passion that wells up within you. Fives are very passionate, they just have trouble finding appropriate outlets for their passion. When you find them, you will be unstoppable.

Success is impossible without a methodical, comprehended system of steps. One more essential thing is to understand the real state of affairs because, sometimes, your imagination gives the wrong picture about things.

Other people will understand you better if you understand yourself and become assured in such central things as the meaning of your life and your principles. Reliability and punctuality are the things which are important to work at.

Quiescent Self Number: 9

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 9 are likely to imagine doing things that profoundly affect the welfare of humanity. They generally see themselves as a great humanitarian, eager to be of service for the

betterment of all humanity.

The energy represented by the number 9 resonates with humanitarianism, compassion, philanthropy, idealism, and tolerance.

Someone with this quiescent-self number tends to visualize supporting and perpetuating effective social organizations whose goals relate to the welfare of humanity. They tend to feel an affinity for the human race and feel pleasure in inspiring others on a broad scale.

Their thoughts, when alone, tend to relate to a perceived ideal scenario of people being benefitted within an atmosphere of compassion and tolerance.

Maturity Number: 6 = 1 + 5 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with loving service and within your family. You're being called upon to work with your call toward duty and service to others, delight in home and family, and compassion and affection.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to modulating responsibility to center stage. Situations will arise highlighting self-righteousness or meddling behaviors, the strength of your intimate relationships and friendships, and in providing compassionate service to others.

What that might look like:

- Often this Maturity Number points to financial freedom through marriage or inheritance allowing for a comfortable and sometimes luxurious latter part of life.
- Involvement in home and family – with grandchildren, friends, and family of choice.
- Involvement in artistic creativity, counseling, or heart-centered service.

Karmic Debt Number: 14/5

([663] mattbeech.com:) The karmic debt number 14 is directly related to the **notion of control**. Either you lack control or you seek far too much control than what's good for you. It is tied into notions of power and your personality being drawn towards this attitude no matter what the cost.

It is quite likely that you spent your past lives wrestling control away from other people. If you feel like you lack control in your current life, it is probably the result of these actions bearing consequence now.

You can begin to take control and erase your karmic debt by focusing on **principles of modesty** and attempting to maintain emotional awareness at all times. You have to be aware of the result of your actions on others and try and contribute meaningfully to the lives of people around you.

(astrobasic.com:) This Karmic Debt number will create instability in your life. You will always encounter an unexpected situation and an unplanned event in your life.

The recommended solution is to start living an orderly life and try to make a commitment to the orderly life you have decided. The unexpected event will come and go but your commitment will help you to overcome that situation.

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

First Pinnacle Cycle: 4

(Month + Day) - from age 0 to 35 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle

encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 1 Number 4: First Pinnacle: Experiencing a 4 First Pinnacle sets you up for a demanding childhood and adolescence. You might find your economic circumstances demand more concerted effort and hard work. This can also be a stage of life devoted to the pursuit of your education. In either event, it's unlikely you'll be involved in the normal frivolity of life because of the intensity of your schedule.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Second Pinnacle Cycle: 11

(Year + Day) - from age 36 to 44 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Third Pinnacle Cycle: 6

(1st Pinnacle + 2nd Pinnacle) - from age 45 to 53 (based on LPN) - ([665]
feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 3 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to

idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Fourth Pinnacle Cycle: 5

(Month + Year) - from age 54 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you're experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it's hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It's all up for review during this highly energized portion of your life. If you're forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn't a time to nest or settle down; instead you'll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don't resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you're experiencing.

Pinnacle 4 Number 5: Fourth Pinnacle: The 5 energy that guides your Fourth Pinnacle results in a continuously fast-paced life. This won't be your road to a laconic retirement. Change and variety continue to present themselves and this can be an interesting stage of your life. In many cases, the 5 energy at the final stage of life brings with it freedom from overarching financial or domestic worries. Travel, adventure, change, and resilience define this final Pinnacle.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

First Period Cycle: 8

(Month) from age 0 to 26 (based on LPN)

([666] worldnumerology.com:) You are under an extremely benevolent period for work, career, and financial reward starting at an early age and continuing into your mid-thirties. The key is hard work and the willingness to rededicate yourself after setbacks or difficulties.

You will have greatly enhanced abilities as a manager, organizer, and financial planner. You have a gift for seeing the broad picture and carrying out bold plans. You can gain financial freedom during this period. Business and career activities go well, but require much attention and commitment.

You are being pushed to take control of your career or enterprise and bring it to new heights.

It is a time when power falls to you, but must be used wisely and with purpose.

Second Period Cycle: 5

(Day) from age 27 to 53 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a period of rapid progress and change. You learn the lessons, values, and responsibilities that come with freedom. You likely travel, move residences, or change jobs frequently.

You are footloose and free-spirited. You acquire a flair for self-promotion, which can benefit your professional life. You become better at self-expression and grow less inhibited.

During this period, you meet many interesting, often eccentric people and encounter new ideas. You benefit from change and avoiding a predictable, routine lifestyle.

A 5 Period Cycle is dynamic and chaotic; it requires an open mind and tolerance for concepts and lifestyles you may initially find quite foreign. Opening up to new ideas is challenging but rewarding.

Third Period Cycle: 6

(Year) from age 54 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you primarily focused on family matters. It is likely you will continue to care for others well into your sixties (or longer), which will provide great satisfaction.

You may be more involved in the arts through volunteering or teaching and engaged in community affairs or local politics. Artistic talents you possess are enhanced, and you find opportunities to express them.

This is a cycle of stability in relationships (although not necessarily romantic

relationships). Partnerships or family-run businesses have a significant chance for success.

First Challenge Number: 3

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentfulness aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Third (Main) Challenge Number: 2

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects

of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Fourth Challenge Number: 2

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 1 (05) + (08) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 1 is a year of new beginnings and more energy.

Personal Year Number (for 2023): 2 (05) + (08) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 2 is a year of attention on relationships — social, romantic, friend, sibling, business, teamwork. The year tends to encourage participation in team projects.

Cooperative associations are more important. There's a tendency to use diplomacy and tact to repair or strengthen relationships. Intuition, emotions, and sensitivity tend to be enhanced. It can be a busy year, with seemingly endless demands on your time.

The year can revitalize peace of mind. It is a good time to strengthen sincere friendships.

(feliciabender.com:) This is a year to focus on your emotions. Last year = career. This year = love and emotions. Concentrate on intimacy and relationships, fostering

appreciation for yourself and your loved ones, and speaking your truth gently yet firmly. Expect this year to feel very slow-moving.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter. These texts in between explaining the different parts comes from 'worldnumerology.com', sometimes a different source, then it will be noted. Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own

affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): B

([676] ezinearticles.com:) This letter indicates that feelings of shyness or being introverted could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing"

number.

Capstone (last letter): K

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "K" tends to conclude things in an inspired way. The person is refreshed when tasks are completed.

([671] spiritwalk.org:) You are very motivated and active. Your feelings are profound and your mood changes easily. You are responsible for everything that you do and have no use to ask somebody for help. You have the authority in your circle. Avoid procrastination as it tends to be your main obstacle.

([672] numerologist.com:) Capstone: Your negative attitude and indecisiveness often leaves you with a mutiny on your hands. Often your goals are too idealistic to be practical enough to achieve – you fail to remember that humans are fallible.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

8 on the Physical Plane

Generally, people with number 8 are the embodiment of strength and grace. You see the set goal clearly and assess the prospects for progress towards it with an inherent foresight. Your ambition is adequately backed up by diligence; the only thing you need is

to accurately designate priorities and balance desire for material well-being with thirst for spiritual enrichment. Obviously, there is no need to remind that only one step separates high self-esteem and pride from narcissism and vanity.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

1 on the Mental Plane

Outstanding learning ability, originality of thought, intelligence and energy. You really like to be ahead, in shining armor. But don't place your stake on this, as once you don't see proper reaction to your actions, you can find yourself down with black melancholy. It's much better to rely upon your sense of humor and charm.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

1 on the Emotional Plane

Emotionality and permanent internal tension. You will defend your property rights, regardless of what is in question, with perseverance bordering on animosity. For personal relationships, which are so important for you, you need a partner with both strong will and certain flexibility. Otherwise, the "tyrant – victim" scenario is possible.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

4 on the Intuitive Plane

You belong to the majority. Rules, regulations, indisputable truths and immutable laws

exist for you. Your ideas are often focused on deriving practical benefit. To feed your mind, you can take up studying theosophy and philosophy.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Karma for the King of Spade - Self Distrust

Earth-Pentacles - Celestial Object: Earth

"If you were born on the first day of the year, the top card in the deck, the King of Spades is your personal symbol. It represents the ultimate in spiritual energy and wisdom. Perhaps recognition of this tremendous potential, and directing these forces into some constructive expression will be the greatest challenge of all. This is not likely to be helped by the fact that this power, spectacular as it can be, is apt to be of such a subtle, spiritual nature, that you may not even recognize it, or feel sufficiently motivated to develop it.

Be it in some profound, noble role, or in some far less conspicuous expression of service, your true place is to be found in an expression of leadership. Quandaries as to what you want to do may leave you in a mire of mediocrity, drowning your frustrations in anything that will dull your awareness of your failures. Rise to the challenge, and you may bring inspired leadership as a teacher, counselor, healer, statesman or parent. Accept the opportunity spelled out symbolically in your card, and apply the essence of mastery, or personal discipline which it encompasses, and there should be no limit to what you can accomplish." – Arne Lein

Those born on an Ace of Club day have a knack for inspiring confidence in others. They are at their best and feel most accomplished when they are creating a healthy environment for their loved ones, including their community and country. always find creative ways to make ends meet. The most successful and powerful Ace of Club are those who “do it all” but leave the financial details to those who are better equipped to handle them.

There are some dark areas to the otherwise bright and positive personality of the Ace of Club. In particular, they suffer from jealousy, even betrayal from those who do not understand their desire to work for the benefit of all. They also prefer to keep their religious beliefs to themselves, conventional religion in particular, as the doctrines of tradition leave little room for their probing, questioning minds.

Saturn Card: Ten of Spades

(metasymbology.com:)

SPADES: Work - Health - Environment

TEN: Achieve - Amass

CHALLENGE: Dissipation

Earth-Pentacles - Planets: Mercury & Jupiter

SPADE: The Spade personality views the world through the lens of work and feels especially connected to their physical environment. The Spade is the element earth and gives the personality an earthly vibration. Work is a Spade's salvation.

TEN: The value of Ten is success. It is the biggest number, eclipsing all others. The ten personality wants to accumulate and illuminate all of the qualities of its suit – the Spade.

JOURNEY OF THE SOUL: Their Soul Card is the 4 of Heart. This emblem symbolizes the emotional structure and support of family. It is the heart of the family; that which keeps them together.

In an ideal world, the 10 of Spade use their success to enhance and provide for the family nucleus. The soul of the 10 of Spade has come to experience this process. It is a process that makes them feel loved, and is what motivates them.

People born on a Ten of Spade day have unusually quick minds. The best careers are those that help them diversify or provide quick turnovers. They lose interest when they are not mentally stimulated.

All Ten of Spade make excellent sleuths. They will work silently – behind the scenes, until ready to strike out on their own. Successful occupations are ones that give them freedom to travel or engage them in some aspect of arts and entertainment or showmanship.

The 10 of Spade person gives a lot of themselves but don't always get it back. They are magnetic, but emotionally vulnerable and can be taken advantage of. They have a deep appreciation for music and love of beauty. Many composers are born on a 10 of Spade day.

The financial security of loved ones is one of their major concerns - and stresses in life. Failure to provide for their family or loved ones often results in a life of drudgery. The Ten of Spade make sacrifices for the people they care about and are inspired by the dreams and ideals of youth.

After age 91 the cycles repeats.

Cosmic Lesson Card: Seven of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Seven of Diamond Meaning - Conflict Between Spirit and Matter

Karma for the 7 of Diamond - Harmonization of Money and Love

Fire-Wands - Planets: Double Venus

The 7 of Diamond is a card necessarily associated with money - for good or ill, little or much. It is a card of power and accomplishment. And for those who have not acquired a sense of value, it is known as the Card of "Wine, Women and Song"

The lives of the Seven of Diamond people seem to follow cycles of 5 or 7 years; changes are often violent, always sudden.

There is a great love of home for all 7 of Diamonds, but they may have to wait for it, as their early life is filled with many changes.

The Seven of Diamond is one of the "swing cards", exchanging places with the 9 of Heart every other year. This symbolizes a challenge in balancing love with money. When their love life is running smoothly, the need for earning money becomes the priority - and when there is wealth, the stability of their home life tends to suffer!

Cosmic Reward Card: Seven of Hearts (metasymbology.com:)

HEARTS: Love - Relationships - Faith

SEVEN: Sensitivity - Overcoming

CHALLENGE: Mastery

Water-Cups - Planets: Mercury & Venus

HEART: The Heart personality is here to learn about human love and relationships. The spirit of heart navigates the turbulent waters of emotional energy. It is the area of life most difficult to master. The heart personality creates experiences that demonstrate love is the sole (soul) power behind all power.

SEVEN: The value of seven is victory. It is a sensitive vibration that rides the razor's edge of life's hard experiences. It is stressful and tense. It is the number of obstacles. The personality of the 7 is chosen to overcome adversity by rising above and beyond the challenges of their karma.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Heart. This emblem is symbolic of the healing power of love. It symbolizes restoration, and reconciliation. It radiates charm and magnetism. The wise 7 of Heart use their soul-power to attract the help they need. They turn obstacles into victories and harness their emotional stress as motivation to succeed.

Childhood experiences teach the young Seven of Heart that in order to overcome adversity, they must rise to the challenge quickly. They and their family receive many calls for help, usually financial, which creates an understanding of money as a necessary evil.

Seven of Heart personalities operate on a higher frequency. Their mind stuff is highly cognizant of light energy, which they tap for creative ways to release the incessant stresses of their youth. Many artists, singers and entertainers are born on a 7 of Heart day.

The most challenging karma for the 7 of Heart has less to do with the spirit of the heart than it does with learning how to use their fine minds. They have such broad viewpoints, it's difficult to narrow down the channels of thought. They are busy inventing and building bridges to progress while the rest of us mull over cause and effect.

There are those, of course, whose evolution is on a lower frequency of light. For those seven of Heart, mental frustrations create a lazy mind, unwilling to rise to the challenge. Emotionally wilful, there are no half measures for the 7 of Heart! For good or for worse, they are self-sacrificing and loyal to death do they part, or the romantic rebel, unwilling to take on the emotional work for a committed relationship.

Cosmic Moon Card: Five of Spades

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

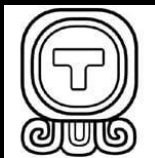

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Flow (6) Ik

North (White) glyph: Support / Comfort

Day Sign: Wind

/ Ik (Yucatan) / Iq (Kiche)

Ik types are communicative, mental, agile, clever, and multifaceted. They have a tendency to do many things, to be a "jack of all trades but master of none."

They tend to be idealistic and romantic, fashion-conscious or artistic, and somewhat non-committal or indecisive. They seem to have problems with issues of responsibility, obligation, and commitment, these being their greatest challenges.

Ik types are thinking constantly, and this characteristic intrudes upon their awareness of the intense emotional realities within and around them.

To others, they seem very much alive and alert. To themselves, they feel confused and uncertain as to the specific information on which they should act.

Learning, speaking, reading, and other forms of mental communication appeal to them.

Note a few Ik have tried their hand at writing in one form or another.

A conversation with one born on this day-sign is always interesting and stimulating.

However, breadth, not depth, is their forte.

Ik types are clever and very intelligent when it comes to learning. They enjoy playing many roles in life but do not seek out leadership positions, in fact, service seems to come more easily to them.

Challenge:

To deal with fears about responsibility and obligations, to accept commitments; to learn to be decisive.

Solution:

To seek education; to gain mastery of language and verbal expression.

Future: Oc (Dog) GT: 1 (Unity)		
Feminine: Lamat (Rabbit) GT: 12 (Understanding)	Now: Ik (Wind) GT: 6	Masculine: Cib (Owl) GT: 13 (Ascension)
Past: Ix (Jaguar) GT: 11 (Resolution)		

Four Directions

Ik is symbolic of the vital spirit that gives life to and animates us all, but too much vital spirit may lead to excessive arrogance or pride. This takes place when an individual sees oneself, which, in this case, simply means one's ego, as the source of all the power and inspiration that flows through oneself in such great abundance.

Perceiving all power and vitality as vested in ego, misuse of that creativity and power is all too likely. This is why the Day-keepers associate this birth-sign with dictators and military despots of the standard Latin American variety.

Those born on the day of Ik must always recognise that the "divine breath" or vital spirit that fills them with so much energy is not their individual ego. Rather, it is their connection to the source of all life. If they can remember this fact, they can become capable of an almost infinite power to make things happen in the world, for they have an abundance of energy at their disposal.

They can use the deep, underground wisdom of Ix, their past sign, to stay awake and aware of their debt to the spiritual world. To accomplish all of this, they will have to learn to control their anger more than anything else.

Ik people tend to blow like human hurricanes; they can really bring down the house. Traditional Day-keepers often tell parents to punish their angry Ik children not with blows, but with applications of the xibirib plant, which is so gentle that its leaves fold up and withdraw whenever anything brushes against them; thus the soft nature of the plant becomes part of the wild, raging Ik individual.

Fortunately, the right hand and left hand powers of Ik natives are both quiet, relatively gentle signs. Cib is good- natured (though sometimes lazy), while Lamat is sensual and in love with the good things of this world. Ik people can draw upon both these powers in order to help themselves become more appreciative of all that is quiet, loving and kind. Their future sign is Oc, and in this symbol we can see the dual possibilities that lie ahead of Ik natives. If they follow their innate tendency to be one of life's warriors, using all their energy and power to seek what makes the "little you", of the ego happy (at least for the moment), then they may well wind up embodying the worst qualities of the day sign Oc, which is pretty bad indeed, indicative of a life of sensual dissipation and quarrelling. But Oc, much like Cib and Lamat, is also a sign that can learn to take wise and tranquil joy in the ordinary beauties and rewards of daily life, seeing the inner spiritual light that shines through all our ordinary pursuits. If Ik people can learn to control their inner hurricane, they too can come to blow like a gentle breeze on a warm summers day in the glory of a life well lived.

One of your strongest aspects is steadiness. You create dynamic progress in all aspects of life and you know how to persuade people. You are a valuable asset for long-term projects. You have creative energy, stability, balance, and ability to complete any endeavors. In your presence, anything that was once stuck gets fluid again. People keep moving on, projects become fruitful.

Beneath the 1-Caban surface personality is a dreamer.

1-Caban people have a fertile imagination and often find ways to make fantasy pay off for themselves.

They may excel at one of the arts, or at least have a great appreciation for the arts.

The 1-Caban's greatest asset is the ability to find ways to practically apply their ideas, bridging the gap from fantasy to fact.

Night Lord: 5

This Lord is positioned at the midpoint of the series of nine. A person under the influence of G5 seeks to be at the centre of a group and will sometimes use others to get there. One of G5's greatest challenges is to act from their centres and not to use or be used by others. People born under the influence of this lord become deeply involved in relationships but, for the most part, also struggle with them. They are sensitive people and they tend to be touchy about a number of things, including their own expectations. Because they seek perfection, they are sensitive to disappointments, and often need to develop more realistic expectations and avoid putting the burden of relationship failures onto others.

Idealistic and compromising by nature, G5 types are rarely content with the choices they have made.

Their dark side includes a tendency to hold distorted opinions or to have over-inflated expectations of others. At their worst, they can be blamers, blind to the reality that they are the cause of their own problems. Recognising this pattern can be a tremendous step forward in a G5's spiritual progress.

These types need to be with others who are stable and helpful, and avoid those who could worsen their fears. They also need to be accepting of others. It is their own beliefs about relationships that both their problems and their solutions lie.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.

This one would be Jupiter conjunct the Sun.

Hour: Secret animal; who you are at your very core—your truest nature.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Meaning of the Poplar Tree

Poplar is a very important tree in Celtic mythology. In our tree circle, poplar occurs four

times, always after the Celtic holidays of Samhain, Imbolc, Beltin and Lughnasad.

Characteristics and Personality

Person who was born under the rule of Poplar learns fast and understands quickly. Just like Poplars, people born during the time of their rule are direct and straightforward. They often have artistic talents and a sense for beauty. Most of these people are closely connected with nature and they feel better in rural areas than in towns and cities. It is no exaggeration to say that they understand nature much better than most other people.

They are popular because they are able to see things from different angles and they never really care about money. They are also skilful diplomats in interpersonal relationships. In critical situations, their unbelievable courage may unexpectedly appear and they will start defending their ideas with great vigour and confidence even though they know that they cannot win the argument.

These positive qualities are sometimes balanced by loneliness and a sense of abandonment, because due to their high moral expectations they do not usually have many true friends. This can sometimes lead to anger and bitterness. Even in their love life they are not always happy and their dream of having a big and closely-knitted family hardly ever becomes true. However they can usually hide their dissatisfaction or sadness very well and their closest friends may not even know about what troubles them.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Concerned only about the present, these natives really know how to live in the moment and are eager to discover more about people or their own surroundings.

Their ambitions are usually related to their intellectuality and mental development as they strongly believe knowledge is the only thing that brings power to people.

That's why they have great talent at science, literature and academics in general. Their ego is expressed through communication and the exchange of valuable knowledge.

It wouldn't matter how intelligent and open for talks they'd be, the feeling there's room for more will always exist in their heart and mind.

The presence of the Sun in the 3rd house makes people with this placement interested in interacting and being stimulated by others. They prefer quality over quantity and intelligence rather than beauty.

For them, all the life's energy is about exchanging meaningful information and they can't stand small talk, even if they're very good at it.

It's important for them to have something to do and to study all the time or else they get to feel life is getting sucked right out of their soul.

It can be challenging for these natives to discover variety beyond their own curiosity because they may think their knowledge is wide enough to cover a little bit of everything.

When discovering something completely new, they get to be surprised and still curious. Because they're such good friends, many will want to spend their time with them.

If they won't have a sibling to whom to dedicate a lot of their time, they will develop at

least one relationship of brother or sisterhood with one of their friends, which will most likely be a male.

Even their neighbors will love them because they're always nice and knowledgeable of all the news. When it comes to politics, they will discuss it in groups and get to be the center of attention, which is very much to their liking.

All natives with Sun in 3rd house love school and having colleagues with the same interests as them, so they'll continue their studies until very old. They're not necessarily interested in grades and degrees if their Sun sign isn't Capricorn, as they're more eager to gain knowledge.

They will however, want to have at least the basic diplomas considering a certain level of education is required for the good jobs.

If their first few years as students will be enjoyable, they'll get to be more ambitious and compete in school. But if their experience will be bad, they'll focus on learning how to read and write, only to study what they like on their own, at home.

Since they're obsessed with knowledge and communication, their upbringing will always have a consistent form of education, whether self-taught or accumulated in school.

The negatives

Because they're highly adaptable, natives having Sun in 3rd house tend to identify themselves with their environment, whether in an active or passive way.

Without realizing, they get defined by friends, family and the places where they're living. When circumstances and environments are changing, they're doing the exact same thing, so their identity is never stable and always depending on other factors.

They should invest all of their intellectual abilities into something constructive, even if some of them find this difficult because they're only curious and forget to also do anything else besides learning.

The fact that they need to communicate so much can have them talkative to the extreme, so many won't stand having them around. If the position of their Sun would be afflicted, they'd have problems during their first years of school, fight with their siblings and be so intellectually arrogant that they'd push their own ideas onto others.

It shouldn't be too difficult for them to change all this considering their Sun's position and the intelligence it brings. Since the 3rd house rules also over siblings, it's very likely they won't accept living in the shadow of their brothers and sisters.

But many of these issues depend on their Sun sign and the aspects in their chart.

Mercury makes them easily adaptable and open towards communication of any kind.

Sun in 3rd house people should make an effort to not become rigid because they'd no longer efficiently communicate when not open to also listen.

Their opinion will usually be valuable as they know many things on subjects others wouldn't even think of addressing. For the same reason, they'd have many perspectives from which they're looking at life, so constant change in their way of thinking would be something others should get used to.

They can understand other people's points of view, even if they think their own opinions are the only ones that matter. Talking about their dreams and objectives will motivate them to also do something about these things.

They don't mind working hard, but problems may appear when trying to convince their superiors of new ideas they may have.

However, they will still advance in their career, even if they may need to sometimes compromise and to do things the way they wouldn't on their own.

Helping others would have the favors returned to them, so they should definitely make an effort for those who may need them to.

Moon in 7th House people enjoy doing things in groups because they can't stand being alone. It would be a tragedy for them to have to go by themselves to the movies or to

spend a day in nature without a companion.

They need to be emotionally supported and to have others around who can make their life more fun. When it comes to romantic relationships, they may change partners too often because they always rush to say that they have found the one and get disappointed along the way.

7th House natives are terrified of being on their own and they wouldn't mind just being with someone, no matter how in love and happy they may be feeling. It's also possible for them to stay in a relationship that doesn't actually look so good.

Summary:

Strengths: Affectionate, dependable and soft;

Challenges: Skeptical and criticizing;

Advice: Leave the future aside and live more in the present.

Eager for reciprocation

People with Moon in 7th House rely a lot on others in order to feel emotionally fulfilled, secure and protected. They are very vulnerable and have a need to belong to a person, to be spoiled and nurtured.

The Moon is all about how a person feels, its position in a sign and a House determining the way a person expresses him or herself when it comes to emotions.

The seventh House is responsible for the way people interact with others, their marriages, businesses and friendships. It also determines how they cooperate and interpret people, together with what their unconsciousness expects in terms of giving and taking.

Individuals having Moon in 7th House are dependent on being with someone because the Moon makes them eager to receive a response from another person, all the time.

This celestial body also indicates their partner should be the sensitive, nurturing and moody type. They may also dream of someone who likes to smother and to be very protective because they usually marry young, and people in their twenties are more in need of protection.

The Moon has great sensitivity and can easily adapt to what others need, but when in difficult aspects, it can become more difficult for natives to enter relationships.

Depending on which planets interact with the Moon in their chart, people will respond to life problems more or less emotionally. This celestial body also represents the Mother, so those who are more influenced by it will choose a spouse whom they can take good care of.

The same Moon makes them care about others' opinions and attentive to their needs and desires. It's normal for "lunar people" to stress about what their partner and others think of them, feeling great when appreciated and in the center of attention.

When the Moon is in good aspects, natives having it in 7th House are capable of great emotions and very receptive to what others need. If the aspects are negative, they are changeable and moody, going with the flow when it comes to emotions and their existence in public.

But all in all, they really are the ones who enjoy romantic gestures or being treated with affection and understanding. When in the seventh House, the Moon influences its natives to use their relationships as vehicles to what they want and need.

These people can't find their own desires in themselves because it's others that make them more aware. This is why they forever remain children in their heart, believing their partner should act more like parents and not lovers.

It can be a challenge for these people to fulfill their own needs without noticing how sensitive they are to the ones of others.

When they don't seem to hold on to their own feelings anymore, they simply take a look at their loved ones and get stimulated. Many will allow them to discover what they need and want with their help, so they won't have too many problems taking care of their own desires.

Searching for the right one

People having Moon in 7th House are in need of human interaction and to be emotionally supported. It's impossible for them to enjoy life on their own.

Their partner may make them feel things they have never experienced before, and they need others to determine what their own needs or feelings may be. It's even difficult for them to take some time off between relationships because they are simply terrified of not ending up alone.

As they are versatile, many will like them for the way they act. One of their main concern should be to not become dependent on people or assume that others treat them the same way as they do. Their friends will be considered family, because they depend a lot on those who are closest to them.

Moon in 7th House indicates their moods and the way they are taking action are pretty much determined by their primary relationships. If they don't marry young, you can be sure they will be searching for the right one their entire life.

When married, they can feel the same things as their spouse because they're sensitive and think this is the way to make their other half's life easier.

People having Moon in seventh House are eager to get a response from others. It may seem destiny has something very special prepared for them, because their Moon is situated opposite of the Ascendant and in a square from the Midheaven, having them doomed to relive the same things all over again.

While this can be stressing, it also helps them be stronger from an emotional point of view. Learning how to go with the flow can influence them to stay away from sufferings but it may cause problems with their emotional and spiritual development.

Since the Moon is in opposition with their 1st House self, they are very balanced when it comes to their temper, being able to see both sides of a situation. This means they get along with everybody, being able to approach emotionally charged situations by being fair.

They are the best negotiators, but it's important for them not to get lost mediating all the time.

Responding to different challenges without expecting a certain response is something they should definitely learn, because they tend to instinctively guess what others may like or dislike, to anticipate their actions and to guess their feelings.

It's easy for them to adapt their reactions according to each individual, which means everyone will like them, having their emotional needs completely satisfied. It's very likely they'll marry more than once and have a profession that requires them to give a hand to others.

Their bosses may notice they have people skills and put them in positions in which they need to deal with the public. Of course, it's not only the Moon that influences them to be so helpful, for there are many other planets that influence its position, forming sextiles or trines and having big influences themselves.

The men with Moon in 7th House want a good wife who can be an amazing mother. They will practically transfer the emotions they have for the woman who raised them to their spouse.

The same position of the Moon indicates they are great at doing business, especially in the field of art. If many of the aspects are difficult, they may have their emotional and professional lives fluctuating.

Moon in the seventh House natives are very interested in their own image and how the public sees them. It's also possible for things to go the other way around, making them

very protective of their own individuality.

They know what others want and need, so they are able to perform on stage and to become very successful as actors. However, they would never manipulate their public, as they are only aware of what those looking at them want and how they could be served.

The personal style of people with Moon in 7th House is determined by how others see them. Their success in the public sector could be tremendous, because it's like they're married to the ones that admire them.

Some of their partners may not understand this need they have for an audience, so the chances of break ups can appear more often than in other natives with the Moon in a different House.

Mercury ♀ in ♎ Sagittarius man 29° 17'

([900] i.thehoroscope.co)

He is very charming socially and loves to discover what others think and what their plans are.

The Mercury in Sagittarius native believes in a grand cause that he wants to pursue all costs, an ideal goal that will lead to the development of himself and the world.

Larger things are afoot when he starts thinking about possible ideas to put into practice. And when he's set his sights on something, he will stay with it until either he perfectly attains it or he finds out that it's entirely impossible.

In a nutshell:

Positives: Outgoing and attentive;

Negatives: Flirty and superficial;

Soulmate: Someone who can bring a fresh perspective in his life;

Life lesson: Allowing some room for chance, not planning everything.

An adventurous man

One thing is true though, about the man born with Mercury in Sagittarius, he needs to be independent and free in order to fully make use of his creativity.

He is knowledgeable, and he wants to find out as many things as possible about the world, no matter how difficult it is to get to that perfect level.

Adventure and risk are coursing through his blood, and he will stop at nothing to achieve his dreams. Don't judge him for some apparently stupid decisions because he has his reasons, and most of the time he's trying to escape the societal expectations and rules.

He will use all the accumulated experience and information in the creation of his plans.

Communications is the greatest enjoyment these guys have other than actually going outside and experiencing the world. For them, engaging in a discussion with strangers is nothing if not fun and entertaining.

Because they get to discover how others think, their mindset, perspective, and a contradictory debate never hurt anyone.

This cultural mingling, exchanging tips and tricks, fun facts and knowledge are one of the ways he satisfied his curiosity.

The Mercury in Sagittarius man is very thorough and analytic in his approach. He knows that most people are laymen, incapable of seeing the truth behind some revolutionary ideas.

So, when he comes up with such plans for the future, he takes care to clarify and present them in the best possible light, to polish it for the public.

Personally, though, he lives a life full of unorthodox and unconventional pleasures, connected to his eclectic tastes in culture and fashion. These preferences are his way of disconnecting himself from the tedious society.

He is outgoing and sociable, almost too sociable for his own good. Straightforward, the Mercury in Sagittarius man never hesitates in stating his thoughts and in protecting his principles to the last breath.

Pretty words and academic speeches? Not for him. Blunt, straight-to-the-face statements are where it's at.

For the same reason, he hates fake people who stick a knife in your back when you're not careful. Just say it upfront or don't say it at all, but at least don't sneak around the back like a common thief.

He is very thoughtful and careful about hurting others, but he can't stand it when people are dishonest and rude.

This native seems to be in a world of his own making all the time, thinking about possible paths of escape.

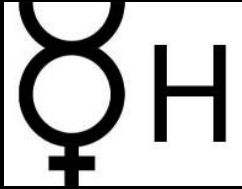

Romantically, he flirts with pretty much anyone, any type of woman, but that doesn't mean he will accept just about anyone in his life. He prefers women who are charming, seductive, with an extraordinary attitude, the type who impresses just with her presence.

He wants a partner who can stand face to face with him, who can resist his impetuous and adventurous spirit without calling it quits.

More importantly, he wants to disperse the air of routine and boredom that most couples eventually fall in. Surprises, a lot of them, and constant flirting are required here, even

when the relationship is serious.

Their path to fulfillment stands atop a mountain of attempts, failures, victories, but they will get there eventually.

Summary:

Strengths: Versatile, organized and sociable;

Challenges: Controlling, suspicious and negative;

Advice: They shouldn't be that criticizing with themselves.

Devilish tricksters

Mercury is known as the planet of intellectual interests, communication, and power of expression, which effectively means that those with this planet in the fifth house won't stay still for one moment.

They will want to expand their views on the world, to accumulate as many ideas as possible, which they'll use to fuel their creative drive.

They are especially good at acting, covering up their intentions and taking on a persona with complete ease, mimicking a completely different type of personality.

Lying is, of course, something that comes naturally. They can come up with cover-up

stories or background introductions on the spot.

However, manipulation is just a step away, and most people can't notice when it happens.

They can talk a lot, especially about what they like doing on weekends, what they find fun and entertaining.

Quite playful and childish to no end, they find comfort to be the ultimate goal, a hedonistic approach through and through. What pleases their senses is essential to survival, and not only.

Falling in love is a complete metamorphosis for these great talkers. Suddenly, their diversity gets toned down and focused on the object of their affection, their partner.

Going forward, their children are very likely going to inherit their imagination and creative impetus, that artistic inclination.

These Mercury in the 5th house natives are devilish tricksters who like to play with unfortunate people, to make fun and have one hell of a time at their expense.

Besides being very good friends to have when in need, as well as being extremely good at expressing their thoughts and sharing ideas, they have this playful demeanor about them that will either annoy the crap out of you or lift your mood.

Moreover, romantically, they won't be any happier than when they can use their expressive and creative side to impress their lover.

If the other person appreciates and likes this intellectual perspective on the world, they will cheerfully applaud.

The positives

These people love to tell stories and to see the smiles of their friends, to make them laugh and create funny situations.

With wit and intelligent jokes, they manage to drive away the gloom and promote happiness wherever they go.

They have a particular way of speaking that puts the interlocutor at the center of their attention, in the middle of the action, the sole receptor of their interest, which is obviously flattering and pleasing.

This is why they are good flirts who have their picks of plenty of men or women. They are anything but boring and dull.

Their mind is expansive and open to the new avenues that knowledge brings about.

Adaptative and flexible in scope, those with Mercury in the 5th house are incredibly creative, and what's more, they use these talents serve a grander cause, to educate and enlighten others, children in general.

Their interests and pursuits are mainly tied to the world of art, literature, activities, and domains where they can use that brilliant mind, the endless curiosity, and the volcanic vitality.

They are unstable, dynamic, freedom-lovers, eternal wanderers of the wide world seeking inspiration and fun.

These Mercury in 5th house natives can only give expression to their greatest creative potential if they focus it on a grand cause, something that will affect the course of society or help the ascension of a social class, something altruistic and humanitarian.

Thinking about it in perspective, their intuition and boundless imagination allow them to make profound connections and find innovative solutions to all sorts of problems.

As for how they spend their free time, it's usually with their hobbies and passions, relaxing and relishing the comfort of a good lifestyle.

Reading, playing mind-games with their neighbors, watching documentaries, are all preferred activities.

The negatives

They need to watch over their discussions and playful attitude because even though the jokes are appreciated, sometimes they might hurt people, being too personal or acidic.

Crossing the line is not a good thing, even though they are the ones being offended, they should still try to be diplomatic in order to maintain the façade of friendship.

Moreover, their tendency to exaggerate when telling stories carries over in their personal dealings. Lying is thus one of the many ways that they justify their motivations, actions, and so on.

The Mercury in the 5th house aspect points toward a high intellectual potential that can be used in a myriad of ways, each more interesting and innovative than the other.

However, this is left to the choice of these individuals. Whether they want to pursue creative interests and passions or they want to use it professionally, to support other skills, it's up to them.

Irrespective of this choice, one thing is sure, that these natives are incredibly motivated and light-hearted, very flexible and adaptative.

Dangers and challenges are not only welcomed but also stimulating, one more reason to up the stakes and try even harder, put even more effort in.

They love playing mental games, and will often go back on their words, all of it being a solid joke.

If they feel insecure and unsure of their own abilities, they will try to numb this feeling of inability by turning egocentric and self-centered.

This transformation dulls the feeling of helplessness and hopeless sadness that takes over them in the critical moments of self-doubt.

The need for validation and outward appreciation make themselves ever-present in their lives.

For example, they may stay fixated on a certain idea without ever finding the courage or inspiration to go further with it, to actually put it in practice.

Mercury ♀ - Detriment in Sagittarius (& Pisces)

([871] southfloridaastrologer.com:) A restricted expression of analytic thought and ability to communicate is found when Mercury is in Sagittarius or Pisces. Sagittarius and Pisces' need for boundless, universal thinking is opposite Mercury's need to analyse and communicate details and facts.

Venus ♀ in ♏ Scorpio man 8° 13'

([935] i.thehoroscope.co)

He will want besides him a woman who can make the world kneel in front of her, someone he can be proud of.

The Venus in Scorpio man is a willful and determined individual who would never do things half-way. Either he goes through to the end, or he doesn't start it in the first place.

Same goes in a relationship. If he finds the partner to be attractive and worthy of his time, then he's going to dedicate all his time and effort in building up a long-standing relationship.

He's fiery, volcanic, enthusiastic, extremely loyal, and has a tendency to assert his control everywhere he goes. He's honest to a fault and doesn't have any prior thoughts before committing and sharing his life with his partner.

In a nutshell:

Positives: Intriguing and sensual;

Negatives: Secretive and tactless;

Soulmate: Someone who will do anything to seduce him;

Life lesson: He should make an effort to temper his jealousy.

His love personality

This man is the dark horse of the zodiac. He's steamy, volcanic, confident enough to face the world with nothing but his own steely determination and cool demeanor.

He will want besides him a woman who can make the world kneel in front of her, a woman with royal charms, exuding sensuality and lasciviousness.

Only the most electrifying personality can intrigue him. He does tend to become too involved in his partner's life, probing her secrets at every step of the way, wanting to find the mysteries that lie within.

The Scorpio sign is one that stems from earth, and just like that the Venus in Scorpio native prefers women who are resolute, intense, and passionate about what they do, but not unpredictable or unexpected.

He takes some time to get to know his partner, seeing how she approaches challenges, her looks on life, but once he decides to commit, rarely does he ever regret his decision.

When he does, it's going to be caused by the lack of compatibility or understanding, and not because of conflicts or arguments. In a Scorpio's love life, such aggressive conflicts are flimsy events where they let go of some steam.

This is a fierce man who offers his love with high expectations. If he gives his all to a relationship, puts forth incredible efforts to build a stable and secure situation for them both, he expects a full reimbursement.

He might exaggerate with his possessive reflexes, and he might even get jealous if he sees you talking to your guy friends for too long, but that's only because he loves you a lot.

Don't be surprised that he's hired a private investigator to follow you around or that he does it himself.

The man born with Venus in Scorpio is a very lustful individual who often can't control his sexual cravings, and he might have secret affairs behind your back if he doesn't find the satisfaction he was looking for.

He's a non-conformist who hates traditions and routine-based activities. He would rather do his own things, away from prying eyes, than have to stay in-line to buy a ticket for a movie, for example.

He's strange, and he likes doing weird things that society might shun him for. However, does he even care in the slightest?

Nope, he does not, and this turns him into a real alpha male who knows exactly who he is, what his identity is.

If you notice that a Venus in Scorpio male is giving you the sweet treatment, that means he has already determined that you are perfect for him, and the testing has finished.

He's a very loyal and devoted lover when he's incentivized to be so. Also, he's a sexual maniac who just can't sate his insatiable lust for physical contact.

Attracted by ...

Beyond the physical attractiveness and certain details that he would like his lover to have, he's immediately turned on and intrigued by a woman who exhibits nymphomaniac tendencies.

Since he loves sex so much, and he derives great amounts of pleasure from it, meeting a woman who stands to fulfill his every desire with a smile on her lips, how could he not be driven insane with desire?

He wants to consume his entire being in the enjoinderment of bodies, in the melodious friction of the skin, the dance of the flesh, the symphony of moans that accompany the ultimate carnal pleasure.

He wants it all, your heart, your soul, every fiber of your being to radiate with intensity, with the passion of vitality.

Being the hunter, the one who ravages the beauty and deflowers it, this is one of his biggest dreams, and he wouldn't say no to a rape simulation if his partner gave her consent.

If you even think about seducing this man, you have to be serious, confident in your

abilities, passionate, and willing to be subdued.

This guy wants to win you over and to dominate your whole being, to build up a steady relationship that's based on mutual trust, respect, and devotion.

In conclusion

This native's biggest strength, and the aspect of his personality that reflects his approach and attitude toward the world is his fiery passion.

There never was and never will be another native that could match up to his volcanic and all-consuming intensity, that certain profoundness of being that you get lost into. The abyssal depth of his personality shatters all the barriers, and it quickly makes you fall in love with him, so much as to never want to leave his side again.

This man can be very jealous and possessive. Even when he doesn't have a good reason to, he'll start asking you where you've been, whom with, why did you stay for so long, and generally interrogate you for a few hours about the time you went missing.

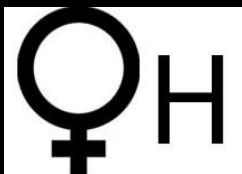

When he starts going that way, you must drop everything else, take him elsewhere in private, look right into his eyes and assure him that everything is alright, that only he deserves your attention and love.

He doesn't let anyone make fun of him or smear his reputation. If his partner mocks him or disappoints his expectations, she should prepare for his fiery vengeance.

He won't let this go even if he has to wait for years on end preparing for the right moment. And this obsession often makes him overly focused on something that's really not that important.

The man born with Venus in Scorpio must learn that if someone lets him down, the worst thing he could do is detach himself completely, abandon that person and cut off all contact. Communication, though, is the key to everything, including a conflict or argument.

Calling (Unaspected) ♀ Venus

([700] astrotarot.net:) Venus without aspects will be strongly dedicated to love in any possible way. Venus is seeking love, kindness, and sympathy. With Venus without aspects, style, beauty, charm, and diplomacy will be often used in the profession. Venus has an important influence in the natal charts of diplomats, stylists, beauties, and those working in the field of entertainment and pleasure. But, if you are male, when the ladies 'call' you, it is hard to resist their call. If you are a woman, sometimes it is vanity beyond any level. Venus Ascendant without aspects shows alternating outbursts of emotions and material desires. Venus' charm is still strong, but owing to her uncontrolled characteristics, some degree of indolence or passivity sometimes prevents you from achieving active or conquering life. You may seem too quiet. In the long run, these sentimental fluctuations, or this vulnerability to material desires may also lead to some degree of introversion.

He is polite and he knows how to take care of his woman, to fulfill her every desire, to make her feel protected, safe, happy, and most of all, satisfied with her lifestyle.

She'll take her from work, cook her dinner, serve her a morning breakfast, and generally wear a bright smile whenever she's around.

He's very intelligent and curious, so it would be incredibly satisfying to see his partner come up with an interesting subject, one that many others have debated.

He likes to brag about his culture and accumulated knowledge a lot because he wants his partner to know what kind of man he's with. He does tend to let her take the initiative and decide whatever they're going to do, and this is a big downside.

It becomes difficult and uncertain to pinpoint his romantic potential because he cares about social acceptance quite a lot.

He wants his woman to be attractive, to know her way around social events, to be communicative, extroverted, and diplomatic, friendly and outgoing.

He is willing to let go of all other traits, positive characteristics, and even flaws if his woman will deliver him a good social standing. She should be dominative, reliable, confident, and bold. The Mars in Libra man prefers to be the sensitive and passionate one.

In conclusion

He's basically a people-pleaser who does everything with the express thought of satisfying the social expectation and staying in line with the societal regulations.

If people appreciate and praise his efforts, he's fulfilled and doesn't need anything else. If the world doesn't agree with any of his endeavors or interests, then he might as well give it up.

He's very creative and intuitive, often coming up with great ideas, each more innovative and interesting than the last.

One of the few instances when he's willing to go against his better thought and confront the world is when he sees an injustice committed.

That's when all his instincts start crawling back out, and his perfectionism takes the reins. As long as his partner is affectionate, attentive, and devoted, he will sacrifice everything to make her happy, to bring a smile to her lips each and every day.

If his partner is disinterested and cold, he'll follow the code of equality and detach himself emotionally as well.

Mars ♂ in III 3rd House

([983] i.thehoroscope.co)

People with Mars in the 3rd House are pretty straightforward about expressing themselves and don't hesitate to talk about sensible issues and open others' minds.

Natives having Mars in the 3rd House can't rest, because they're highly energetic and always nervous. They strongly believe in their own ideas and are always on the run, ambitious or eager to experience new things.

Their mental energy is contagious, but they need to learn how to be more analytical, because impulsiveness can't bring anything good their way. It's possible for them to have problems with the people they live with or their neighbors.

Summary:

Strengths: Outspoken, emotional and provocative;

Challenges: Forceful and hidden;

Advice: Being careful not to offend others with their opinions.

Pretty straightforward about expressing themselves

Mars in the 3rd House individuals are very energetic but usually end up having conflicts with people they spend most of their time with. If they'd learn to accept people have differences, they'd manage to accomplish more great things by collaborating with others.

Having strong opinions and getting involved in trivial arguments, they think what they

believe in is correct and are struggling to convince people of the same thing, which can cause them trouble. They would make a much better impression if they'd accept others' ideas and opinions.

Fast thinkers and very good at communicating, they're bold enough to express themselves. It's possible for them to work for a newspaper, because they love reporting different events.

Writing about crimes and violence would make them successful journalists, while making fiction could have them publishing a lot because many would read their stories.

Very honest and talented at doing things with their hands, they function better when working alone or playing the role of a leader.

They will probably move from one town to the next one or get hired at the railway because they simply love traveling short distances. As teachers, they'd inspire their students to be courageous and to always take action.

When it comes to their opinions and way of thinking, they're pretty straightforward about expressing themselves and love to talk about an issue that bothers them, sharing their ideas a little bit too much sometimes.

There's something very direct and clear in the way they socialize. Matters that seem unimportant for others can truly stress their mind and they love to debate about everything. People see them as confrontational and they may be aware of it, still not doing anything to stop it.

Very good with their hands, they prefer working on their own and not having any responsibilities. When happy, they're these passionate and motivated people who talk constantly and inspire determination.

Mars in 3rd House people will always stand behind their opinions and family and will struggle to keep themselves young. It seems they always have something to say about any subject, which can be bothering for those who think they're the only ones enlightened.

When others contradict them, they take it personally and keep believing only in what they know about. It's suggested they pay attention to what others have to say, because the information may be very important.

Expressing their thoughts makes them happy, but they should be careful not to become arrogant, as they have this tendency of becoming careless and too proud when someone is prepared to listen to them.

They may offend and hurt with the way they talk, because their sarcastic and provoking ways are not always the smoothest. Not to mention they often speak first and think later. It's easy to annoy them, because Mars in the 3rd House of communication makes individuals with this placement nervous.

Practical aspects

Mars in third House people are always ready to speak their mind and can really hurt others with their opinions and ideas. They're very knowledgeable and love to share what they know, but the way they express themselves can be a little bit too direct.

It's easy to make them very passionate about things that don't even matter that much, because they're constantly looking for debates.

During their best days, they're fun and energetic, talking a lot and inspiring others to stay motivated. It's normal for them to always defend what they believe in and their loved ones because they're devoted creatures.

Their aggression gets transmitted through harsh words, so you wouldn't want to be their target when they're talking. People in their proximity will be the ones to feel their sharp tongue in the worst of ways. It can be difficult, but not impossible, to have them apologizing for what they've said.

Some of the violent hobbies like hunting or boxing will definitely be on their list of interesting things to do. Very active and unable to rest, they sometimes can't find a way to release all of their intellectual energy.

It's like their train of thoughts can't stop and they're always making harsh decisions, so a more analytical approach is definitely suggested for their peace of mind.

Only by being calm, can they learn how to deal with stress and avoid any mental trauma as these things seem to dominate their mind.

The downsides

Natives having Mars in the 3rd House are courageous and don't mind expressing all of their ideas, which makes them very intriguing. They would never back down when having an argument and usually start contradicting others as soon as feeling like no one understands them.

They should pay attention not to lose their friends and admirers because of this, so their thoughts are sometimes better when kept inside.

They should just use their adaptability and change the direction in which a bad discussion goes, making the exchange of ideas smoother, because they can get excited too easily when debating.

It's normal for them to talk about what doesn't even matter, as they think everything is important. Many will be bored of them and of how excited they always are about every little thing.

Mars in the 3rd House in a nutshell

These natives are a little bit too active and sometimes hostile. They like to think fast and in a practical way, but the way they jump to any conclusion can be very aggressive. Always talking clearly, honestly and directly, they may hurt others and argue with their family members.

It's difficult for them to admit they may be wrong, so don't expect to hear them saying they're sorry too often. When behind the wheel, people with Mars in the third House signal and swear a lot.

Matters of intellect turn them aggressive about their opinions and ideas, starting to talk faster and jumping from one idea to another, wanting to learn, to get inspired and to socialize more when around people. As a matter of fact, any social gathering makes them want more and to have as many friends as possible.

Always nervous, they wouldn't even know what a balanced life means. They should never speed, especially when on a motorcycle. The 3rd House also rules over transportation, so when Mars in it is in bad aspects, there's a high danger of accidents by car or any other vehicle.

They should pay twice the attention if Uranus is in their third House too, or if their Mars is afflicted by this planet. Safety always comes first, so showing off their new car by speeding is not the best idea, because it could shorten their life by a considerable number of years.

Mars ♂ - Detriment in Libra (& Taurus)

([871] southfloridaastrologer.com:) A restricted expression of power and will is found when Mars is in Libra or Taurus. Libra and Taurus' need to be polite, sensual and enjoy beauty is opposite Mars' need for power and to express its will.

Jupiter ♃ in ♊ Sagittarius man 9° 4'

([1001] i.thehoroscope.co)

If you have Jupiter in Sagittarius you benefit from luck in unexpected life aspects.

Jupiter is the ruling planet of Sagittarius so you can imagine that people with this planetary transit in their natal chart get the opportunity for twice the adventure and fun.

Not to mention that those born at the time of such a transit know no boundaries when it comes to love and are pretty lucky in this respect.

They think globally and love traveling or meeting people from different corners of the world. These guys are the students of life because they are curious and like everything relating to religion or philosophy.

More than this, they are good entrepreneurs with great vision and are not afraid to take risks. But they would need to study more before engaging in something.

The active Jupiter will help them have vision, but not be good managers so perhaps practicing their independent attitude will be more efficient in this situation.

However, they would need to learn teamwork through some painful lessons. Perhaps their confidence and positivity will ultimately prevail. They are lucky people who always land on their feet, after all.

In a nutshell:

Style: Lucky and limitless

Top qualities: Optimistic, adventurous, truth-seeking

Weaknesses: Prone to blockages and sometimes naïve

Advice: Channel positive energy by staying away from other's business.

The impact on personality

Jupiter Sagittarians are free spirits who always think about the future and seem to get their luck from anything. They are keen to learn new things, so it's very likely they'll be busy all the time.

It wouldn't matter if it would be a new language or meditation technique, they will want to expand their mind and see the world in a different way. These guys are always prepared to travel and to take on the world.

After all, Sagittarius is the Adventurer of the zodiac. People with this planetary aspect in their natal chart are always looking to take on new challenges.

They will always be where there are new experiences and lessons to learn. Every treasure will be discovered by them because this is their goal and their most wanted reward.

Optimistic, they will always take risks and jump into the unknown full of excitement. They realize they are making their own luck and that the more they participate in the game, the more they can obtain.

These natives are the seekers, the ones who want to reach the divine and understand deeper principles. Religion and philosophy will be their means in a quest to find the Absolute Truth.

But Jupiter Sagittarians need to be inquisitive and open if they want to be efficient in life. When they will think they have found the truth, they will become self-righteous and stuck.

And being condescending or feeling superior will not help them in any way. They can avoid all this by keeping their heart and mind open. Realizing there is always more to know will be their salvation.

They need to travel more, to meet as many new people as possible if they want to see the big picture and synthesize information better.

However, they have to keep away from excess. Jupiter in Sagittarius is a position that makes them think they never had too much of something good until they have consumed all of their resources.

That's why it can be difficult for them to find their center from time to time. It's true their ability to dream big is beneficial, but moderation is necessary if they want to keep their relationships and be sane.

Because they are nurturing and flexible, they will attract luck like a magnet. If they will believe in themselves and what they put their minds to, they will inspire many people.

Enthusiastic, Jupiter Sagittarians should tap more into their ability to learn and teach new things, as they would be great in professions that have to do with education, publishing or traveling.

When others disagree with their beliefs and opinions, they get offended. These guys will make their own chances and they are able to predict what will happen next because they can take a leap of faith and succeed.

Jupiter Sagittarius natives need to be challenged both physically and intellectually because they are good competitors. That's why they are so great in sports too.

With Jupiter at home in their sign, they are naturally lucky. It will always seem like they can't do anything wrong, much to the annoyance of their critics.

It's a matter of luck

As said before, Jupiter is at home in Sagittarius, so the influences of this planet and sign will unfold beautifully in people born with this specific transit in their natal chart.

When it comes to traveling, these guys are the masters of it: the bigger the distance and the spontaneity they have to bring in, the better for them.

Don't expect them to be dishonest, they will tell you the truth no matter how hurtful it may sound. They are not mean, they just can't refrain themselves from being sincere.

As far as adventures go, Jupiter Sagittarians will always jump in to take on new challenges and enjoy all kind of experiences.

They get along with everyone and if they will be open to anything, luck will follow them anywhere. It sometimes seems like these guys don't have any care in the world.

It's like they only want to make other people's lives better, teaching them all the philosophy and religious ideas they have studied. It's not easy to make them change their mind about their beliefs.

When someone will agree with them, they will be the happiest. Because they spend a lot, they are also good money makers. They are usually successful if they don't have to follow a routine.

Flexible and open-minded, Jupiter Sagittarians can accept other people's points of view. They will grow furthermore if they will listen and support people in their life.

They see education and traveling as opportunities for them to become better. But remaining open is the only thing that will bring them luck. If they'll be too preachy, they won't develop so well anymore, and their luck will turn away from them.

The Jupiter in Sagittarius man

The Jupiter Sagittarius man is very generous because Jupiter makes him this way. He will probably save money and donate them, or volunteer. The same planet helps him trust that things are going to be OK no matter what.

The fact that he's fearless in the face of the unknown makes him very sexy. But he needs to invest more time in his relationships and be more grateful if he wants to keep people close.

Being generous and reacting to affection with affection will help him build strong connections with others, especially when Jupiter will travel through his sign.

He will play his gender very well, and his sexuality goes deep. He has great chemistry

with most of women, so they can expect steamy nights with him. Direct, he will say what's on his mind and make many ladies blush.

While these guys may seem like they know everything, they are not at all proud. They are in fact students of life who love to make new friends.

Think about the Archer's arrow and you will be able to see how determined and motivated the Jupiter Sagittarius is.

If he will have someone who's as straightforward as him, he will be very happy. If you're in love with him, just make a move when Jupiter is traveling through Sagittarius.

Saturn ♄ in ♊ Gemini man 23° 45'

([1019] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born at a time when Saturn transited Gemini are individuals of rare intellectual complexity. They are very thorough in their thinking, analytic, observant, calculated, and they have a very systematic mindset.

Any problem you give them, it's going to be separated into tiny little parts, deconstructed to its smallest components, and carefully analyzed. Moreover, they can be very curious, and enjoy learning as much as the Sagittarians enjoy roaming the world.

However, these natives are also prone to bouts of sudden sadness and even depression because overthinking comes in, along with pointless worrying, and an exaggeration of the uncertainty in their lives. Saturn's position in Gemini is reflected in the other direction as well, making them realize the potential they have, thus it brings them to the realization that life can be pleasing and fulfilling, too.

In a nutshell:

Style: Practical and adaptable;
Top qualities: Serious, disciplined and caring;
Challenges: Superficial and pessimistic;
Advice: You need to be a lot more patient.

Personality traits

What appeals to other people doesn't necessarily feel very pleasing to the Saturnian Geminis. They would prefer to stay at home and enjoy a marathon of their favorite tv series, to going out in town or traveling around the world.

Work, work, and work yet again, one where they are deeply focused on making calculus, analyzing data, systematically arranging it, reaching logical conclusions, and then testing the data again.

What is unexpected and unpredictable doesn't cater to their tastes and would rather

prefer the safety of their own minds, what they can feel and sense.

Communication is a problem though, that they can't fully express their thoughts in straining contexts, such as a speech in front of people, or the feelings toward a loved one.

Paradoxically, the Saturnian Geminis are very imaginative in general, with newer and crazier ideas populating their mind. The thing is, they are afraid to put them to good use.

There are plenty of risks involved, granted, but the potential rewards are also quite appealing. Self-confidence and a realistic self-awareness are all that they need in order to fulfill the great potential hidden within.

A crucial point in their future development as a human being is that they must learn how to better communicate their thoughts. Most of the time, a bad choice of words leads to misunderstandings, arguments, parallel lines of debate that have nothing to do with the original problem.

These natives feel like the world is a place filled with unknown factors, which are difficult to predict and even more difficult to control. They must face it somehow, and the only way they could do that is to detach themselves from all societal expectations.

They won't revolt against the status quo, but they drop all pretenses of a harmonious blending. They do their thing without any worries about other extraneous issues, but they sometimes feel the human urge to communicate and care for others, sizzling deep within.

A logical lover

The Saturnian Geminis can have plenty of problems in a relationship because they lack any sort of emotional flair, of innate sentimental instinct, which translates, on the one hand, in a difficulty in expressing their emotions, and in an emphasis put on rigid logic and rational thinking, on the other hand.

They do have feelings, plenty of pretty intense ones in fact, but they just can't find the right way to state them out loud.

This can lead to various arguments and misunderstandings between you and your partner, especially if she's of a more sensitive making.

The partner will probably become annoyed with how much you're trying to rationalize every little thing, and that you keep on asking for a logical explanation.

There are plenty of times when you could use a more sensible approach. However, this doesn't mean that being rational and having a scientific mindset is a bad thing. On the

contrary, it's a very effective factor in building a stable relationship.

The good and the bad

Those born in Saturn in Gemini are at the top of their game when they're working in an organized environment, a place where all other surplus problems are thrown aside, and where they can focus on a singular goal.

They need this time alone when a problem becomes too dire. However, they lack confidence and self-esteem, and this can be seen in the fact that they aren't determined enough to deal with their problems once and for all.

Moreover, they also tend to quickly lose their grasp on reality, start overthinking, and end up filled with uncertainties, depression, and the belief that nothing's going to go as it should.

The perfect solution to this presents itself naturally, thanks to this native's highly curious and adaptable personality. They have to keep on straining their potential, sucking it all dry, always going the extra mile and putting themselves in difficult situations.

That way, with all the complex factors piling up, they will have to learn to trust themselves more.

You are born to use your abilities in tandem with the desire to share all your knowledge with everyone else, to contribute to the creation of a better future for all people.

You use your curiosity and thirst for knowledge to the betterment of society, or of those close to you, if the perspective is a little more realistic.

Being a Saturnian Gemini, your creativity knows no bounds, and it's one of the things that make you a truly astounding individual.

One of the most dangerous enemies that stand in your way is the tendency to underestimate your own ability, which leads to a perpetual state of self-doubt.

This hinders your advance tremendously because you're often confronted with situations that you don't know how to approach, or aren't sure of what the proper course of action should be.

The Saturn in Gemini man

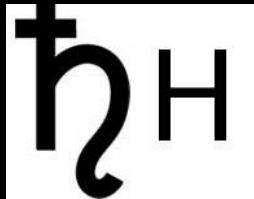

The Saturn Gemini men are equally pinned down by all the anxieties and skewered estimations about themselves.

Insecurities, fears, uncomfortable situations leading to a sense of self-pity and self-loathing, all of these are the next logical step after the chaotic onset at the beginning.

They can quickly mend these bleeding wounds, however, by finding the time to really think about this. To contemplate such issues and existential threats is the best choice they'll ever make and trying to communicate these lurking contradictions will also help.

In a relationship, they're very honest, straightforward, and very trusting toward those they deem worthy.

Saturn ♄ in XI 11th House

([1039] i.thehoroscope.co)

This placement of Saturn makes people be dependable friends, care about others' feelings and not like dealing with superficial or dull people.

People born with Saturn in the eleventh house in their birth chart have lots of acquaintances but not too many close friends, and these are likely to be older than them. Their oldest friendships will last a lifetime. They're drawn to people who are serious and have a purpose in life.

Very responsible, these natives feel like they have obligations to the groups they're involved in. While investing a lot of hard work in making things right, many of their efforts may not even get recognized. To be able to achieve their aims and goals, they need to wait and to not give up working hard.

Summary:

Strengths: Friendly, dependable and warm-hearted;

Challenges: Confused, scared and untrusting;

Advice: They should worry less about what others think of them.

They give their friendships a lot of importance

The 11th house is all about how people interact with the public. This means friendships, relationships with colleagues and members of the family as a whole.

Natives having Saturn in 11th house may grow tired of socializing and will want to spend most of their time alone. They don't like superficiality and casual relationships, wanting to always get into the middle of things and to do what's right.

They may be fearful of failing their group of friends and because they're too proud to admit failure, they will continue to be the way they know how to, identifying themselves as an independent individual and not as someone who belongs.

These natives may be terrified of being "normal" or part of a crowd, which means they can't loosen up when interacting with others.

They give their friendships a lot of importance and are very responsible when forming connections, so don't be surprised if some of their relationships will burden them.

It may seem better for them to just be alone, but they should be careful as separation can lead to isolation and losing contact with reality.

Being more personal with some of the people in their life would be a great idea for these individuals.

Having a few close friends with whom they can hang out all the time would not be so pressuring and they'd be able to be as loyal and devoted as they only know how to.

Aside from relationships and the public, the 11th house also stands for high hopes, long-term objectives and even dreams people have of becoming.

Saturn here makes natives with this placement suspicious of any path they may decide to take in life, but also articulated when it comes to their most secret wishes.

They will not talk about how they tend to spend their time with large groups of people because they're afraid this may reveal some vulnerabilities they think as having.

As soon as they'll discover their fear of failure is what's holding them back, they'll be completely free to just go and pursue their dreams.

Individuals having Saturn in the 11th house may feel distanced from others, somehow like they're belonging to a totally different world.

They will induce this separation from the outside world themselves, so their relationships with colleagues and friends may sometimes prove to be difficult and heavy.

Even when being in crowds and having nice conversations, they'll still have a sense of isolation and social anxiety as a result of their timidity and the refusal to commit to anything mainstream.

It can be amazing to discover how different they are from what others think of them to be. But all in all, they'll continue to be nice, mysterious and incredibly charming.

Many will be impressed and curious to hear their opinions or wise words, no matter if they would seem very reserved.

One thing's for sure: it's easier for them to have a one-on-one conversation than to express themselves in public.

When Saturn is in the 11th house, matters of morals are being raised, making the natives of this placement preoccupied with any social cause and interested in applying some conservative methods to fix problems.

These people want to have profound friendships that teach them something and when a more eccentric activity will take place, they'll be the first ones to participate.

They won't respect the trends or follow what the majority is doing because they're very individualistic and want to express their uniqueness.

It's possible for them to just disappear from the eyes of the public for weeks and after to come back so that contact with their friends is re-initiated.

They don't like dealing with superficial or dull people and can be misinterpreted when wanting to spend some time in isolation.

When wanting to escape their own minds, expect them to go to every party in town. While surrounded by friends, they're also feeling lonely to the extreme.

The ones really close to them are only a few, and even these won't get to know them entirely. Saturn may influence these people to want and seek advice of those who are older than them because they'd have many things to learn from such personalities.

Idealistic and in the same time terrified of pessimism, they'll stay close to generous and even influential characters who want to mentor them in their path towards success.

They rely on how the society is structured in order to move forward, looking to unify and to enjoy different forms of sociability.

Since Saturn is a planet of transcendental potential, it's possible for natives with this placement to become famous, but not without realizing their own goals and friendships are fed by the same energies.

The goods and the bads

When the bulky Saturn is in the 11th house of secret wishes and dreams, people with this placement will work hard to make their goals a reality.

They won't have things the easy way and sometimes feel like they're heading nowhere. However, they'll keep going because Saturn is about delays, not about giving up.

People with Saturn in 11th house are definitely able to face all the challenges this planet wants them to confront and may take a while to get to the finish line with their objectives, but their efforts will receive tremendous rewards, you can be sure of that.

When it comes to friendships, they like older people and have even spent their time with adolescents as children.

They most likely don't have too many true friends, but this isn't something negative in their life, it's just that they tend to discriminate and pay close attention with whom they're associating themselves.

Having all sort of creative ideas, they will want to test their own concepts on people. These natives simply love to brainstorm and to decide together with their friends what works best.

They'll be appreciated for their way of thinking and resourcefulness, but all this surely means they need to get together with people from many areas of life.

That's why they may find it difficult to be members of only one group and to stick to that community. They should just keep a few people around them and get involved with larger groups when wanting to discuss their ideas.

This way, they can be as individualistic as they want to be. Compromising their appurtenance to large groupings can sometimes be the perfect solution for their problems.

While Saturn being present in the 11th house makes them want to run away from everything ordinary, they should learn how to appreciate value.

They're terrified of failing, which makes them avoid sticking to only one idea and can agglomerate their agenda with too many things to think of.

These people should watch their Saturn because it can prevent them from getting what they want in life.

They don't want to ever choose between people, situations or things, whether it's about their professional or personal life, because this makes them feel tied down to what they've decided on for the rest of their life.

Saturn in 11th house people are aware decisions put them on a certain path and they surely don't want to deal with the same things of a choice they've made, all over again.

All this can have them without a passion in life and running without a certain direction. Their potential is amazing, so the courage to determine what they want becomes a necessity.

Saturn ♄ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may doubt their worthiness as human beings. May avoid taking responsibility for their mistakes and be fearful of taking chances. There is often subconscious fear of rejection and loss. Their limitations and burdens are self-imposed. This may be the most difficult retrograde.

([920] cafeastrology.com:) There can be more than usual experiences of guilt and self-doubt when Saturn is retrograde in the birth chart. There can also be a strong fear of letting others down or of not filling their responsibilities – essentially of making poor choices. Sometimes the childhood was not very disciplined or orderly. In some ways, having Saturn retrograde in the chart tends to function much like a strong Uranus, where the native is uncomfortable with an overly orderly or disciplined life. Uranus ♅ in ♉ Taurus man 26° 48'

([1042] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Beware of those born with Uranus in Taurus in their natal chart because, even if they may appear as good-natured fellows who are great to have as friends, that may change when you see how stubborn and rigid they can be.

The thing is, this native usually prefers a routine-based lifestyle and being influenced by an immutable sign, it's very easy for him to become even more inflexible.

These people can reach their objectives with ease thanks to the creativity they were born with, but the one-way perspective and unwillingness to accept change totally oppose Uranus' fast-paced energy streaks.

In a nutshell:

Style: Insightful and subjective;

Top qualities: Idealistic, practical and generous;

Challenges: Materialistic and stubborn;

Advice: You can receive new insight from people you would never expect.

Personality traits

With Uranus being such an enduring and slow planet, keeping itself active for about seven years in each of the signs, it obviously has enough time to make its influence take roots.

Under the Uranus Taurus transit, it is its stubbornness and rigid perspective that get strengthened and intensified until they reach the epitome. They're never willing to give up on their ideas and dreams, even if they had to abandon everything else.

Family and friends don't have a saying in their decisions, and if they can't see a better path, no one can.

They are this stubborn because they base all their decisions on the power of intuition, and we all know how dead-certain intuitive people can be.

Nothing can defeat their gut-feelings because it's just too strong to ignore. Thus, no matter how you try to convince such a native to think up of another plan, you won't have a chance of victory.

They are very imaginative and ambitious individuals who want to build a brilliant future for themselves, financially and personally, so they'll naturally want a partner with whom to work things through toward this goal.

It would be a good idea to spend some time with your Uranus Taurus friend before even coming to a conclusion about their nature. They might appear as a free-spirited and open-minded individual who is tolerant of many things, but the truth is completely different from that.

The Uranus Taurus is actually someone who wouldn't change his ideas or viewpoints even at gunpoint, that's how stubborn this one can get.

Even though these natives might be willing to change their perspective, they won't do it unless they are utterly convinced by the necessity of such a change, with rational arguments if possible.

The best possible outcome that the Uranus Taurus combination brings would be the balance between both their characteristics. With Uranus bringing in the spontaneity and non-conformist approach, how could the rigid and stable-minded Taurus ever make

peace with it?

In the worst case, only one of them survives the conflict, with the other being submerged in oblivion. In this sense, they may be acting weirdly most of the time, split between the unrestrained impulses wreaking havoc, and the patient, steady approach imposed by their sign.

Uranus instills the Taurus with a certain financial sense of comfort, in that they wish to elevate status and power well above the rest of the people.

Material security is a problem that has to be dealt with quickly, and they are the ones to do it. Looking at their anarchic spirited nature, they create the impression that the world may be in for quite a change if they get to have a certain degree of control over it.

Great changes are afoot at the hands of the Uranus Taurus native, that much is true. Essentially, Uranus gives the Taurus the power to break free from the imprisonment of societal conformism.

All these expectations have no other role than pinning one down, making one have certain doubts about achieving their dreams, thinking things through before committing to a course of action.

The status quo gets shattered to pieces by this planet, and the Taureans have nothing to fear anymore. They can follow their goals as long as they see fit without anyone interfering anymore.

A jealous lover in a nutshell

In love, there are a lot of things to watch out, like this native's bouts of jealousy that are bound to create problems.

They just can't get enough of their partner and would be destroyed to lose them. Possessive to the extremes, it's uncertain whether their natural charm and adorable attractiveness compensate for this or not.

Pragmatic and efficient at accomplishing their goals, they don't stop until they see something taking form, and it usually happens as planned.

There is no one else more productive and ambitious than this native, that much is true, even when it comes to romantic matters.

The good and the bad

When this native has an idea that they wish to put in practice straightaway, they summon all the strength at their disposal and pour it all down at the altar of creation.

Even though they may be slow in the beginning phases, and even in the implementation of the aforementioned plan, when all is said and done, the results speak for themselves.

With a great boldness that rivals the warriors of old, these natives use their many abilities and resources to make their dreams come true.

Able to create something beautiful out of a slate of rock with their bare hands, they are truly one to be reckoned with, and their skills appear to be endless. Any challenge is welcomed as a form of honing oneself even more, and this can only be admired.

The Uranus Taurus natives work fine with people as long as they agree with their ideas. If everything goes the way they planned, then they'll be the kindest and friendliest people out there.

The moment you even begin to doubt the efficiency of their ideas, that's when everything goes down south.

They don't tolerate insubordination, nor do they like false friends who can't appreciate a genius when they see one. If you anger them enough, you won't like what you see, the monster will come out and eat you alive.

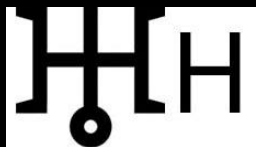

The Uranus in Taurus man

Imagine a strong and calm man who manages to capitalize on the ever-revolving energy of Uranus, and the slow-pace and good taste of Taurus. This is, in a nutshell, the Uranus Taurus man.

He will surprise you with his potential blooming when you least expect it. With a goal in mind, there's no stopping this native, not by a long-shot.

With curiosity and determination guiding his efforts, the Taurus native will change the world in ways that no one could have ever thought of, and this is only caused by his intellectual depth and diversity of methods at his disposal.

It's possible for them to discover they have many talents later in their life, so a change of career is normal in their professional ascendancy, around their 40s.

They will realize, at some point, that what they decide in their personal life influences their professional one in a great manner.

Everything they do in life is usually centered around personal freedom and overcoming limits. That's why they're the most independent, chaotic and strange people in the zodiac.

They may have problems when dealing with the government and even their bosses because their life is always changing and unusual things seem to happen to them. Anything traditional will be completely eliminated from their life.

With this position, natives have a tendency to recognize the soul is above the individual when it comes to spirituality and life in general, so they won't seek professional recognition and to have a good position in the society.

Many of them will decide to not get hired and become freelancers or get a job where they won't have to deal so much with figures of authority.

It's possible they'll be considered the pioneers in what they might be doing and even get rejected by those who are conventional.

There is also the possibility that one of their parents, usually the one who brought more money in the house, has had many Uranus influences in his or her chart.

They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a mother or father who raised them differently. They most likely observed one of their parents being different than others and copied all this in order to become the same as adults.

This planet is also about the unexpected, so when placed in the 10th house, it can suddenly bring publicity to the natives of this placement because they have either done something or said what others didn't have the courage to.

They will appear in the news even if they don't want to. Their personal and professional lives can seem very interesting to others and many won't believe what they can do.

In the situation in which Uranus is in bad aspects, all this publicity can bring many problems to the natives. They may feel that everyone is making fun of them and that what they got to be known for is in fact a scandal.

Being in the center of attention is not in their interest in any way, so they will want to escape such a situation as fast as possible. However, they don't care about what others think of them, so everything will pass very fast.

Uranus is known for being unusual and for bringing sudden changes. When in the 10th house, it changes careers but also influences natives to have success as they seem to come up with innovative ideas when others wouldn't even know what to do anymore with a project.

It looks like their mind is constantly thinking of something that's unusual and out of the box. Because they hate dealing with authority, they won't be the boss' pet, so their advancement at work will come later or probably never.

This is one of the reasons why many of them have their own businesses that make clients happy through originality and shocking suggestions or offers.

Because Uranus in 10th house people are good with technology and know how to create a plan, their success can easily have something to do with the Internet world.

Blessings

Since the 10th house is about social status, Uranus here opposes all this and encourages natives of this placement to not care about it.

They will be more interested in creativity and stimulating their own imagination or the one of others. These people love working with technologies and bringing up their own ideas to life in order to make things work faster and better.

For them, it's all about challenges, not about being promoted. Therefore, they're not competitive and their colleagues love them for this.

When Uranus in the 10th house is feeling comfortable, they will know their purpose in life, which will be making the world a better place.

Many designers, painters and even activists have Uranus in 10th house feeling comfortable. These people really have the touch of genius and can implement concepts that are both practical and original. As said before, one of their parents influences them to be this way and they have seen at home how to express themselves and to be innovative.

Uranus in 10th house individuals want their ideas and results to bring meaning in other people's lives, so they won't mind working towards improving things for the humanity.

But they'll want a life of their own, so they'll build a family even if they may not be the

most conventional parents. Obviously, they will inspire their children to be original themselves and to stand out from the crowd.

Many will question the way they're raising their little ones, but they will always come up with a good explanation for why they may be doing things strangely.

Challenges

Uranus in 10th house people are hard-working, no matter if it's about their job or personal life. After spending too much time at the workplace, they will get bored and eventually decide to leave.

It's difficult for them to deal with authority figures, so they'll constantly fight with their bosses and after come up with a great idea or solution for the project they're working on.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or an astrologer will help them find their destiny in this life cycle.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

([1072] i.thehoroscope.co)

The unexplainable, the irrational, the adrenaline-packing events, these natives will always get involved in such things. Magic, occult activities are just the tip of the iceberg. There are plenty of things they'd do to sate their appetite, and most of them are out of the norm, out of the typical range of interests that most people have.

Differentiating between what is true and what is most likely false is a trait they'd do better to develop, sooner than later, because they will get deceived if they aren't careful enough.

In a nutshell:

Style: Respectable and spiritual;

Top qualities: Intense, libertine and resourceful;

Challenges: Materialistic and manipulative;

Advice: You are not taking advantage of your time like you should.

Personality traits

Unbelievable as it may sound, these natives are set on a path of altruism, of a shared general condition among all people. They want to achieve their potential as fast as possible so that they can also begin making the lives of others attain the peaks of possibility.

Success comes to those who work day and night, who focus solely on this singular goal, who never rest when they have responsibilities to take care of.

They want for the world to reach a certain freedom of thinking, a free-flowing communion between all people, of material sharing, general generosity, of thoughtful kindness.

The Neptunian Scorpios are incredibly interested in the inherent traits of mankind, what makes it tick in different situations, what it hides beneath the social façade, behind that smiling mask that we've become accustomed to.

The world is such a beautiful and mysterious place, hiding all manner of secrets, each awaiting to be discovered, to be observed, to gain insights from, to reach the next level of existence through knowledge.

These natives like living at the edge of the known world, where the air is more rarefied, and the opportunities for development are endless. Call it a passion or obsession, but they are happy with it nonetheless.

Essentially, this native is attracted to the dark side of things, always seeing the world from a skewed lens, with the negative aspects, or the possibility of it at the forefront of any observation.

With intense and searing emotions, they tend to chase passionate experiences in all regards, and from any point of view.

Once a relationship starts going down that path, it's difficult to set it back afloat, but it's not impossible.

Neptunian Scorpios can achieve that by capitalizing on the shared experiences, on the passionate love that existed between them, all the intense feelings, all the times when they craved the presence of the other person.

The positives

The Neptunian Scorpios are well-over other people when it comes to spiritual attainment or personal fulfillment. The best experience they've come across, one so uplifting that they can't get enough of, is romantic interaction. They are actually acclaimed for how attentive they are between the sheets.

They get their raw energy and enthusiasm from this place, and they come back every time they need to recharge their energy. It also fuels their open-minded and flexible character.

Sex, for them, is the ultimate ecstasy-inducer, the universal medicine for broken hearts and tired minds.

Alleviating a relationship based on this kind of bonding comes with its own difficulties because the ties may just be imaginary stronger whilst in reality, the connection might not necessarily be that real.

The negatives

One of the worst things about the Neptunian Scorpio is that they prefer keeping their thoughts to themselves, even though there are times when they shouldn't do that, like a problem that keeps eroding everyone's patience and calmness.

It can be quite confusing as well because other people don't even know when they are happy when they don't like something, and this can be quite problematic.

Moreover, paradoxically, they are also very passionate, with a lot of love to offer to their partners. Possessiveness, jealousy, even hatred are possible if the situation reaches that level.

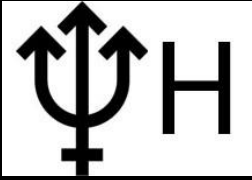

The Neptune in Scorpio man

Neptunian Scorpio men are cynical and pessimistic above all else, and these traits pollute the rest of their character traits as well. They'll predominantly be looking at the negative aspects of life, talking especially about the flaws and downsides of the world, how society is going toward the bottom of the barrel.

In order to avoid being left alone by the rest of humanity, these natives have to learn to better control these dystopian reflexes. All the anger and repressed emotions do nothing else than scare everyone away, so that's got to stop.

For this precise reason, they'll find it quite hard to establish a long-lasting relationship with someone. And it's also why, considering they've met someone and have a family, the rate of divorce is that high for them.

They may believe the passivity of the people who raise them is actually proof of the fact that these individuals aren't in any way powerful.

It can be their life goal to live by the ocean or near any other water of that matter as where their home is placed is very important to them, especially when older.

As a matter of fact, Neptune in 4th house individuals are very compassionate when it comes to their parents and attached to their home until death.

They should, once in a while, just slow down and to let others take care of them. Being spoiled and forgetting about all of their problems will only have them relaxing and no longer worrying about what's going on with their loved ones.

If they wouldn't drink so much, they could more easily attain their goals. They shouldn't rely on false memories and aim their love depending on what may not have happened and it's only in their head.

([1094] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in

your life and how you channel your core truths and restorative power.

The natives born during Pluto's transit through Virgo may feel this urge to change the world from an early age or on the contrary, they might keep searching for their purpose, without understanding that, deep inside, they've known it all along.

However, in spite of their determination and high-strung ideals, there may still be concerns that others would shun them, that they would look down on them for such naïve ideals. It'll be quite difficult to fulfill these humanitarian desires if these natives don't toughen up and hopefully, this will come with age.

In a nutshell:

Style: Healing and perceptive;

Top qualities: Committed, perfectionistic and sensual;

Challenges: Fussy and disruptive;

Advice: You can gain more efficiency when working with others.

Personality traits

As a Plutonian Virgo, you are a very intelligent individual who always prefers to do things with utmost seriousness, letting nothing escape out of control.

You observe, analyze, organize your workspace so that it helps with efficiency, and you strive to become better at doing your job.

Nothing is more important than this perfectionism, this deep desire to develop. Because you are also pragmatic and see reality for what it is, the solutions you find to any given problem are always the best ones you could find.

These natives seem to have everything planned out from the very beginning. Having to realize one day that something has appeared that impedes your plan would be akin to losing a limb.

The most likely thing to happen, actually, is the change in and of itself. The transformation of society, the change in the mentality of the people, there are many changes that could amount to great risks in this regard. As a result, you try to keep everything under control and hope for the best.

Those born with Pluto in Virgo in their natal chart can be very attentive to the details, always analyzing and observing the minute changes, which is why they would be perfect working as a scientist or a doctor.

Both jobs require one to be incredibly patient, calm, and very meticulous with how they deal with the problems at hand.

Speaking of problems, these natives thrive when confronted with challenging situations. They adapt, become better at what they do, and eventually overcome even impossible odds in order to reach their goals.

One of the personal issues that they have to deal with is the perpetual irritated attitude when they have to deal with less amiable people.

Perfectionism, as always, can lead one to the lack of happiness, self-pity, an unfulfilled lifestyle, constant disappointments, and a low self-esteem.

Plutonian Virgos fall into this category quite.... perfectly, pun intended. What they have to do in order to avoid such sticky situations is to become more self-aware, take a step back and approach situations with a clear mind and a steady hand.

Not everything has to be perfect, and not everyone looks for perfection. Failures are but a way to hone their skills further and gain experience.

Pluto in Virgo in love

With perfectionism in mind, you can of course guess that even love relationships for Plutonian Virgos tend to be more realistic than the norm.

Without beating around the bush, let's just say that these natives are always looking to find an intellectual partner, someone with whom they could share their bed, but also someone to talk to when they felt like.

Sapiosexuality is a thing in and of itself and these people are most certainly the exponents of this trend. As such, they strive to find a cultivated partner their entire life.

And even when the situation appears to be hopeless, they don't seem to give up but rather become incentivized to try harder.

All in all, it's a fact that those born with Pluto in Virgo in their astrological chart have certain expectations from a relationship, and they only want someone who can match their life perspective and their actions.

The Pluto in Virgo man

The last time Pluto transited Virgo, all the military conflicts and wars that had taken place, especially the World Wars, had taken a huge toll on men as a whole, having distorted their image, and had also crippled them emotionally.

Those individuals who escaped from the front were unfit to lead a normal life, always haunted by nightmares, anxiety, the perpetual feeling of fear, adrenaline surging through their veins every time someone took them unprepared.

With the naturally introverted personalities of the Plutonian Virgo men, they were basically condemned to a life of solitude.

However this is not entirely true about the heritage the man with Pluto in Virgo carries, because this man is resolute and knows what fulfillment looks like for him.

He will be involved in humanitarian activities, even attend philanthropic events, beyond the purpose of personal satisfaction.

He is a pretentious lover, but he gives as much as he expects, plus he accepts that gender roles have changed in time so will wish to be his partner's equal.

Pluto ♇ in II 2nd House

([1102] i.thehoroscope.co)

This placement of Pluto encourages people to adopt a rather businesslike approach to everything they do and to hate wasting any time.

Pluto is a strange planet indeed, and more than that, it's a very difficult and complex one as well. Natives born with Pluto in the second house will experience a lot of emotional distress and traits similar to a personality disorder.

Emotions are taken to an extreme, their appreciations and passions change by the minute, it's like they're a completely different person. Generally, money plays a major part in their vision for the future. It's either idealized as the most important thing in the world or completely ignored, for being just a piece of paper.

Summary:

Strengths: Observant, confident and ambitious;

Challenges: Moody, speculative and extravagant;

Advice: They shouldn't let themselves driven just by money.

Nothing truly puts them down

Usually, these natives are the ones creating all the problems, the only ones to blame for their misfortune.

They get sad all of a sudden, become unproductive, inefficient, unwilling to take on any

other responsibilities and fulfill their obligations.

However, luck is on their side as they might strike gold and find a fortune lying around or find some good opportunities to shatter the negative bubble.

Sure, they could very well throw these chances to high wind and waste them. As quickly as they got rich, the fall is that much faster.

Because they tend to mess themselves up and lose any form of advantage they have, the Pluto in 2nd house natives tend to be very protective and possessive of their assets.

Money, for example, tends to be sacred to them. They can't stand it when people ask for a loan or take things from them without asking.

This becomes so annoying in fact, that they revolt sometimes. Enough is enough already! Great changes are afoot in their lives, particularly because they've lost something or someone. They are the ones you go for advice on financial matters.

Even though they are quite "good" at losing their fortune and throwing opportunities aside, mainly because of relationships and emotional distress, they are also keenly aware and good at making do with what they have.

Nothing truly puts them down. Being down for a while could actually teach them something about life.

The Pluto in 2nd house natives are self-reliant and perseverant enough not to let themselves be taken down just like that. A lot of experiences will come to pass with them still looking for their own truth.

These natives are literally driven crazy by the financial situation that they have to establish in order to be safe, to have a secure and comfortable life with no worries.

They do whatever they can to reach a certain level and status, even making use of other people, cheating and lying.

Others may even lead a sub-par life, choosing to buy cheap and always think it through before throwing money away, just to be on the safe side.

Other natives might be the complete opposite, living in opulence and extravagance, just to show to the world that they're successful and still kicking.

After this period of self-gloating and money-driven journeys end, it's time for the true identity crisis to set in.

It's been a lot of time since this last happened, and this time, it's going to be the final one.

This is when they finally find the answers to what they truly want, what would make them happy, what form would fulfillment take in their case.

There are a lot of questions to ask, and the time is short. At the end of this process, the changes will be so obvious and so great, that the 2nd house natives will transform completely.

Confident, ambitious, resistant to stress and under full control of their emotions, they might make it after all. Also, they are sexual beings through and through.

Their powers of concentration are especially high and allow for continuous work without the feeling of fatigue.

If they were air-headed and lacking in determination, then Pluto takes care of this really quickly.

Their profession takes the crown as the most important thing there is, the very essence, and they will take it upon themselves to never have to go through trying times anymore. They'll either manage to strike big or fall trying.

Emotionally, everything will be blazing and intense, just like they like it. With partners who know how to appreciate the sensual and domineering personality, they will extract even more pleasure and satisfaction.

The goods and the bads

What is beautiful attracts and impresses them to such an extent that they would throw away all their money without even flinching.

This is the one thing that they aren't going to fuss about. A nice house, fitted with everything you could ever need, an aesthetically pleasing place where they can live the rest of their lives comfortably, now that's what we're talking about.

It's worth every penny. As we've said before, they have crazy instincts and intuitive powers when it comes to analyzing financial opportunities.

These natives will have the opportunity to direct those changes through, you guessed it, material resources, money.

Using the assets that they've so long strived to gather, they will now use to help themselves.

Regarding the choice of a profession, there are a lot of choices and opportunities that match their skills like volunteering, fighting the slow but steady environmental pollution.

While is worthy of praise and quite impressive on their part, the other side of the coin reveals itself quickly.

They might also involve themselves in illegal activities and with crooks, thieves, criminals. That greed for money and financial stability sometimes goes beyond what they can control.

Again, they will be extremely possessive about their personal objects and intimate things. This comes as a result of past transgressions, disappointments that deeply hurt them, resulting in a change of heart and mind.

There were many events that led to this. It's not even clear if it could happen again, seeing as though they keep on being disconcerted and uncertain about their own identity.

However, as time goes on, Pluto in 2nd house natives will find that missing piece of their hearts, fill the void that was left there.

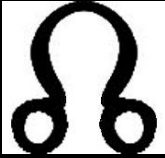

Moreover, stubbornness is one of the bigger problems these natives have. When it comes to adapting their ideas or changing their plans, they would better give up on everything rather than make those changes.

Pluto ♅ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ☾ in ♊ Gemini 4° 26'

(Georges Muchery)

The Dragon's Head is in its exaltation in this sign, and is therefore very powerful. It indicates victory after much anxiety and trouble. It is a token of success, and luck which often comes only when everything seems lost. The friends who surround the native are reliable, and will help him to succeed. The native has a noble mind, which will always enable him to fight against the current; but Faith and Perseverance are also required. Courage is not wanting; and this position makes the native good and straightforward. He will know how to gain the sympathy of people who will help him: he may therefore look straight ahead, for the Dragon's Head in Gemini is always a sign of progress.

The Dragon's Tail in Sagittarius robs the native of some of the quietude upon which he might otherwise count. Frequently over-confidence in himself will be detrimental, and cause him to undertake things before due considerations, so that when it is too late he might regret what he has done. Countless difficulties will arise, but he will conquer them through exertion and courage, and by clear-sightedness and caution, not always thinking that everything he does is right. Perfection does not exist in this world.

(Isabel Hickey)

North Node in Gemini increases versatility, adaptability and mental agility. Benefits through relatives and friends because of an optimistic viewpoint toward life. This kind of attitude should be cultivated in this life.

South Node in Sagittarius gives poor judgement and adds to the restless and rash tendencies that keep the individual from accomplishment. Has to learn to concentrate and focus forces and not go dashing off looking for other fields to conquer. Conquering, like charity, begins where the person is placed.

(Martin Schulman)

Here the individual receives an intitation to join society. His soul has come into this life with a past incarnation of wildness. As a result, he is unaccustomed to appreciating the point of view of others. The karmic continuation of a strong selfrighteous attitude makes it difficult for him to be a fair judge of his own actions. As such his life is excessive. He is still attracted to the natural existence without formalities, and will go far out of his way to avoid having any restrictions imposed on him.

He is used to being a free spirit, and desperately tries to retain his sense of liberty at all

costs. Whether he is married or not, the soul memory of his bachelor-like attitude makes it impossible for others to get too close to him.

Believing that actions speak louder than words, he makes his present life a kaleidoscope of rushed activity. He always tries to do too many things at a time, spreading himself so thinly that he keeps losing sight of any central life theme.

In past incarnations, he functioned on great reservoirs of nervous energy. Yet, for all his activities, he has not yet learned how to focus his attention in any one area. In this life he is still seeking expediency and finding himself forever the victim of short cuts that have to be repeated.

Unaccustomed to all the demands of society, he tries to shirk responsibility. He feels that if he can just clear away all the business at hand as quickly as possible, he will then experience the freedom that society is trying to take away from him. And so, most of his time is spent trying to free himself. What he doesn't realize is that each action creates an equal and opposite reaction. As a result, he is actually making himself more imprisoned than ever before.

Always his nature is somewhat primitive. If he is selfish, it is done innocently. If he steps on others' toes, it is because he is unaware they are there. Always he seems to miss the obvious, blissfully ignorant of the immediate circumstances around him. When it comes to social graces, he is so inexperienced that he appears to be the proverbial 'bull in the china shop'.

In the current life, he is learning how to mix with the society from which he is benefitting. Yet, still fearful of the reactions of people, he lives his life on the rim of the wheel, occasionally darting into the center of the hub only to run back out again.

His past life experiences with people were lacking in the areas of co-operation, sociability and tact. Now he is striving to reach sophistication. He doesn't yet know how to see a clear reflection of himself, for he doesn't understand that there are two sides to the same coin. Through his Gemini North Node, he will now undergo experiences which will force him to see both sides of every issue.

In this life, he is destined to learn what the world looks like through the eyes of others. Before he can understand why people seem not to listen to him, he must first put himself in their place. Ultimately he will come to realize that all the negative qualities he has been attaching to others are things he does not understand in himself.

Sometimes he is a shouter in a library. No matter how sophisticated he pretends to be, he has so much past life residue of crudeness in him that it is bound to seep through at the most inopportune moments. This embarrasses him so much that he becomes determined to polish himself by paying attention to his mannerisms, habits and public

behavior, and particularly his mode of speaking.

Through his Gemini North Node, he will spend most of this life's energy learning how to be adept at the art of communication. He now feels the need to educate himself, so that he can establish an identity in society.

At one time in the current life, he will be faced with the conflict of whether to live in the city (Gemini) or the country (Sagittarius). While is basic nature for so many lifetimes would feel more comfortable in a country setting, he can learn much by adapting himself to the new experience of coping with city life.

Through his Gemini North Node, he must learn diplomatically to respect the rights of others if he is to help preserve a society which in prior lives he thought unimportant, but in this life is necessary for his very survival.

While his body cries out for sports, nature and the primitive live, his mind will eventually lead him toward a study of words and language and a reflection of his selfexpression, so that he starts to become a more humanistic part of the culture in which he lives.

He is like the wild stallion desperately trying to fight being tamed, and yet wondering what the experience must be like. In the midst of this seeming paradox, he is a messenger of the lower and higher minds to all who come in contact with him. His past incarnations brought him to a natural understanding of the universe. Now his mission is not only for himself, but also to spread his understanding to the myriads of people that run through his life. Herein lies the mystical reason for his eternal restlessness. He has much to say and much ground to cover!

The house position of the South Node shows the area in life where past incarnation residue still pulls him toward a desire to be a free spirit. The house position of the Gemini North Node indicates the doorway through which he must walk in order to experience the advantages of the civilized humanistic culture he is destined to join.

(Mohan Koparkar)

Previous incarnation for this person was spent in various philosophical and mystical pursuits. A lot of freedom and independence was noticed in that life. Thus, this person has to learn to deal with people in this life. Isolation becomes a rare quality in life as he has to exchange his ideology with others and on a face-to-face basis. If he tries to isolate and withdraw from society, the circumstances force him to be with others. Considerable intellectual dissipation of knowledge is seen in this life; and communicative means are extremely significant for him. He seldom has a chance or opportunity to cultivate his emotional and material base. Thus, those elements are very significant in this life structure.

(Donna van Toen)

You need to share your awareness with others. Your Sagittarius South Node replies 'Yeah, but I don't want to stick around explaining things. I can't learn anything that way'.

Your problems are likely to include an obsession with learning but no interest in using your knowledge in any practical way. Difficulty establishing lasting relationships leads to over-valuation of books, classes and other intellectual activities that provide indirect communication.

Possible reasons for these problems include: that a need for long-term concentration on study or some sort of cultural, ethnic or religious difference has interfered with the formation of relationships; that a speech impediment has caused you to turn to books instead of people; that a literary career limits people contact; dependency on reading as an escape from a boring routine; that poor judgement about people has caused you to place your trust only in 'proven' sources of information; that a lack of concentration has led to communication problems and misunderstandings; or that you have a need to conquer an ingrained feeling of stupidity or inferiority.

Possible solutions: Develop your latent communication skills. Channel your intellect instead of being a slave to it. Share your knowledge with others so that they can learn. Become a professional trivia expert, a con artist, or a perpetual student.

Gemini North Node can be a good talker, but he or she is often a poor communicator. He or she is good at tossing out facts, lecturing, impressing others with long streams of beautiful words or technical jargon, and so on. But he or she quite often talks at others rather than with them. The Gemini North Node tends to quote books verbatim, drop names, quibble over semantics. He or she talks skillfully about facts and theories, but generally is at a loss when it comes to applying them or sharing his or her feelings about them. In fact, this person generally avoids sharing any facet of his or her personality beyond the intellectual side. This is a shame since North Node in Gemini invariably holds great potential for perception. Development of this potential brings a deepening of the intellect so that ideas can be used for the practical betterment of his day-to-day relationships and living conditions.

Signs of an over-developed Sagittarius south node are: a tendency to flirt, flatter and charm but reveal nothing; an expectation that others will hinder his or her freedom; a tendency to ridicule others; being generally on his or her way somewhere - 'only having a minute'; a first instinct to take off when pressured; a tendency to promise more than he or she can deliver; a distrust of security and routine; being accused by others of being unreliable, but feeling that it's others who are unreliable; enormous faith in the published word; and being uncomfortable with peers in general.

North Node in Gemini dreams of a life of variety. He or she wants to be seen as adaptable and a good conversationalist. He or she also wants to be thought of as an educated person. In reality, this is a person who transmutes emotions into interests. He or she is interested in spirituality, education, travel, and similar Sagittarius-ruled things, but in a passive, abstract way rather than in terms of experiencing and enriching the life. He or she may mix well with others, but only as long as he or she can assume the role of teacher. This teaching isn't necessarily a formal or professional role, but it permeates most interactions just the same; and in the course of assuming this role, much of North Node in Gemini's enthusiasm for life is misused or wasted. Extremism of some sort may also mar conversational skills.

Antidotes for Gemini imbalance: The client should be encouraged to keep a diary. If the client has knowledge to share, he or she should be encouraged to do so through teaching, writing, correspondence, or whatever way is most convenient. Travel in moderation often proves beneficial. Involvement in civil rights or community improvement causes can be helpful. The imagination should be tapped so that creativity can be developed and put to use in strategy - planning, writing, photography, or some other area according to the chart. If the client is amenable to a career change or program of career training, there are many obvious choices that would encourage development of the North Node. Among these are: journalism, newspaper work, radio work, television work, fiction writing, Air Force careers, electrical work, reporting, and linguistics. Dancing could be a possibility, although unless the client is very young this would probably be better as a hobby choice than as a career choice.

The client should be encouraged to steer clear of tiring or repetitive routines that don't provide opportunities to develop adaptability. At the same time, he must be discouraged from the 'Jack of all trades, master of none' syndrome. If there are signs of perpetual studentism, the client should be encouraged to start doing something with his present store of knowledge before trying to gain more.

Hobbies should stress physical agility and manual dexterity. Origami, model-making, collage-making and the like are recommended. For the more active, fencing, tennis, golf, and dancing are good choices.

North Node ♊ in XI 11th House

(Georges Muchery)

In the Eleventh house, the Ascending Node (Dragon's Head) gives many friends and supporters who will help the native to progress. It is a good position for associations, and also reveals the possibilities of becoming a leader, a Shining Light. Great social success is promised, inasmuch as the motion of the Node in the course of life cannot be otherwise than favourable for progress from the worldly as well as the mental standpoint. This position also indicates increased wealth for the Mother or the Wife; and this will benefit the native and his children, whose Father's name and fame will help them in their turn.

In the Fifth House, the Descending Node (Dragon's Tail) is detrimental to happiness in general. It may incline to gambling or speculation, which will not be successful; and pecuniary losses are inevitable if the native indulges the tendency. It is also the cause of ill-health of the children, and anxiety on their account.

(Isabel Hickey)

There may be children in this lifetime, but they will not be of much help or give much love to the individual. Energy expended in personal affections will not bring adequate satisfaction. Perhaps a treading of the primrose path, seeking pleasure and evading responsibility is a subconscious pattern of the past that is being redeemed in this lifetime. friends will bring far more satisfaction and sustainment than family ties. Goals and objectives that deal with group endeavor or service of a universal nature will be successful, as well serving as a means of spiritual integration.

(Bernice Grebner)

Much depends upon whether the sign involved with this North Node is masculine or feminine, to denote the type of friends most favorable to the development of this house. This seems to be very important. People who have the saem nodal axis - fifth and eleventh - by house and / or sign seem to understand each other better since they have the same direction to their destiny. Someone who has North Node in the eleventh will be helped greatly by someone with South Node in the eleventh. This person needs to learn the art of friendship and to become involved in some type of social endeavor or reform action. Here they must become as an Aquarian in the highest sense of the word: a true humanitarian. With this position there must be acquired the ability of true detachment and an independence in loving, for one cannot be dependent and be a true humanitarian. With the development of this North Node position comes a true strength

and understanding of the human condition.

South Node in the fifth is attached love. It is too attached and self-loving. With South Node here, there is an almost constant interest in love; the giving and receiving, and its pleasures. This gives innate knowledge in the rearing of children, although not always immediate success. This nodal position can bring loss of children with aspects to it showing the degree of the loss. It bestows many loves - loves that are always changing - and gives a knowledge of love beyond the ordinary. The lovers usually turn into friends. Personal affections prove dissatisfying because of a certain idealism. There is constant searching for love, romance, and pleasures. This position delays a permanent love relationship. Receiving love is denied, it seems, until enough is given. [If for example South Node is in Libra in the fifth, others in his life leave the person because he expects too much. South Node in Aries indicates the person's own egotism destroys love through impatience. South Node in Taurus demands the person's own money be spent for children, love, and pleasures. South Node in Scorpio demands the partner's funds be spent on children, love, and pleasures.] This position gives an individual creativity leading to genius when well-aspected.

(Mohan Koparkar)

North Node in the 11th house often signifies that the person has considerable friendships. Friends are his major assets through which he achieves a lot of things in life. Problems and difficulties usually stem out of romances, and quite often formation of a successful relationship is very difficult. Their next difficulty is with regard to children. Either having a child is a problem, or dealing with children may be one. In their recent past life, their attitudes and dealing with children have often been so uncommon that they have to suffer in this life. Often these people carry out their major hopes and dreams in life like clockwork, and their surrounding influences help them in all respects to do so. Their love received by others is much better than they can give back to others. This imbalance in love exchanges causes problems or tensions in relationships.

(Martin Schulman)

Here the individual comes into the current life remembering a style of living in which he was the sole creator. Now he keeps trying to take the bull by the horns in order to recreate the manner of living to which he was accustomed. Yet everything he tries to do bears a tinge of being slightly inappropriate insofar as fitting his current life circumstances is concerned.

He is prone to love affairs, finding them a comfort to the continuation of his past-life ego. What he often fails to realize is that through his love affairs he makes himself weaker, and rather than gaining strength from compliments and encouragements he develops a dependency where each compliment creates the need for another. Eventually he makes himself so helpless that his behavior becomes hopelessly childlike.

He wants to be loved desperately, but the residue of past-life sexual tensions is so great that he often confuses what is really important to him. He has great difficulty understanding reality, for his life is stage of players and his dreams are so romantic in nature that he becomes a veritable Don Quixote chasing windmills. He believes in chivalry and can easily be fooled by glamor. Wanting to be constantly reassured that his arrival in life does not go unnoticed, he is unable to accept the role of just being a member of the audience.

To those who appreciate him, he can be extremely generous, but the moment he feels ignored he will run into his gossamer dream world trying to create a Seventeenth Century romantic adventure in which he will be the central character.

Constantly in search of self-fulfillment through amorous adventures, he can too easily lose his way.

He would like others to think of him as sacrificial; and when he does involve himself with a love affair, it is almost certain that he will force himself into a position of having to give up everything. Like the 'Martyr King' who sacrificed his throne so that he might fulfill his love, this individual would like his affairs to be honored, sanctioned and even admired.

His past-life sense of dignity is so great that he is not particularly pleased with even the thought of an illicit love affair; yet from time to time he finds himself in the midst of one if for no other reason than to express his ability to sacrifice a principle for what he believes at the moment to be the world's greatest love.

Basically he is a good person and it would take severe chart afflictions for him to have a malicious bone in his body. Throughout all the zodiac, his creative talents with children are unsurpassed, for at heart he is a child himself.

Regardless of his Sun sign, he will at one time in this life need to lean on someone with more strength than himself.

Through his eleventh house North Node, he is to learn the value of friendship. He must transcend the physically possessive relationships of his past incarnations and cherish with equal fervor the new impersonal relationships he is now forming.

In this life, he is learning how to pay more attention to the meaning of his dreams rather than trying to force his own will against the flowing tide.

His dreams bring him messages from his higher guidance, through which he is telepathically brought to understand the reasons for all his actions; but his will is often so great that he refuses to accept what he knows is true.

If he is realistically asked to abdicate anything at all in this life, it would only be his powerful self-will, for here in the pride of ego he actually blocks all that he so desperately desires. Truly, he is his own worst enemy.

The individual with these Nodes suffers from a built-in discontent, for whatever he creates through his South Node only leaves him free to dream of more he is missing. He would like to be free of entanglements, but he is constantly jumping out of the frying pan into the fire. Before any growth at all can be made, he must learn to overcome the monstrous dragon ego which he has allowed to become his self-generating instrument of destruction. He must learn how to see himself impersonally, with the understanding that his life is like a river flowing beneath the bridge from whose vantage point he may watch it.

His most difficult tests always revolve around the temptation to control the flow of that river; yet his greatest happiness occurs when he can appreciate its beauty without tampering.

It is almost certain that he will go through at least one major experience in which he will be required to sacrifice his personal ego for the sake of fairness to another; for only when he has learned how to rid himself of every biased thought can he reach his higher purpose. So long as he retains the slightest tinge of self-pride, all the power in the chart will be denied him. Even the possibilities of a harmonious marriage loom beyond his reach until he becomes impersonal.

The fifth house South Node uses so much energy in trying to achieve self-sympathy that the individual has difficulty finding the strength to give complete fulfillment to a marriage mate. Many with these nodes experience divorce; but this is neither destiny nor necessity - it is simply an outgrowth of misusing the South Node energies. Through so much focusing on the self, the individual does not see or fully appreciate the blessings he has. Again, the answer is the same. He must relinquish the grip on 'self' and dedicate his life to impersonal service rather than expect others to wait on him.

If he can learn to become less romantic and more scientific, he will start to see truth for what it is. He must never allow the fires of passion to cloud his vision for his happiness will be achieved only when he can look at life from a dispassionate viewpoint.

His karma is in learning how to become non-involved and yet always available when needed by others. Ultimately, he is destined to become the impersonal servant of humanity.

He will at one time in this life do much to further the career of another.

Friendships, clubs and societies become important to him, for it is through such associations with others that he ultimately comes to sense his own identity. Through the

ways that others value him, he comes to value himself. Then he is able to see himself as a part of others as well as a part of a higher cause to which he is dedicated.

The more he can do this, the more he will rise off the plane of self-consciousness, and the demanding needs to gratify his own ego will become submerged in the collective ego of the cause to which he has dedicated his identity.

When he completes this lesson, his strength of character and sense of direction become no weaker nor less purposeful than the cause of which he becomes a part.

The sign which contains the South Node shows the ways in which this individual allows too much past-life residue of passion and desire to pressure his current life. The sign which contains the North Node indicates the ways in which he can develop enough detachment so that he frees his personal self, enabling him to dedicate his energies toward more universal causes.

(Donna van Toen)

Conflicts: Need for social attention vs. need for creative development. Reliability in friendships vs. demands of lovers and children. Fulfillment of dreams vs. fulfillment of present needs.

Possible Results of Sacrificing North Node: Inappropriate behavior in terms of your goals. Difficult love affairs. Desperate measures taken in order to gain recognition. Generosity verging on extravagance. Lack of fulfillment in romance, parenting, social life.

Possible Ways to Integrate North Node: Become goal-oriented instead of pleasure-oriented. Let love affairs be guided by your self-respect. Temper your generosity with discrimination. Openly admit your weaknesses. Meditate on the value of friendship.

In the eleventh house, hang-ups can involve honesty, knowledge, or ethics - all things that would seem to correlate more with Sagittarius / ninth house at first glance. But where North Node in Sagittarius / ninth leans towards lack of discrimination and sometimes fanaticism, the eleventh house North Node takes a cold, dispassionate approach. Whatever is perceived to be the truth or the right way is followed without thought about damage that may be done should honesty prove not to be the best policy or if the truth turns out to be flawed. Relationships are often spoiled by this 'honesty is the best policy' approach as others frequently feel demeaned by this brutal, almost egotistical honesty.

Occasionally North Node in the eleventh house can manifest in a compulsive need to see the good side in everyone, regardless of the cost to self. Here we see the Mr. or

Mrs. Nice who suffers extensive guilt pangs if the need to criticize arises. A child-like Pollyannaism and naiveté about people eventually leads to disappointments and being taken advantage of in relationships.

North Node in the eleventh house wants some sort of guarantee that his or her goals will be realized. He or she wants to be known as an honest person, a seeker of knowledge, and an instrument of positive change. He or she dreams of close friends to share goals with, people who will offer support without making demands. This person is typically very impressionable and not cautious enough or discriminating enough when it comes to other people. On one hand, he or she may blindly take advice without considering its source. On the other, pomposity or excessive pride may keep him or her from asking for or accepting even the most necessary or valid advice. There's a tendency to invest a great deal in emotional whims and pleasureseeking at the expense of long-range goals.

(Haydn Paul)

You are attracted toward the pleasures of life, creativity, love affairs, and a self-centered style of expression. Your creative imagination often weaves many colorful webs around your actual reality, creating an appearance that you find more appealing than the real nature of the world.

What excites you is this alternative choice of perceptions, which, due to creative directorship, imposes a worldview characterized by a large group of play-actors and actresses, performing their chosen roles, chasing private dreams and adventures, and following their desires. Arguably, this is a valid way to perceive life. It certainly raises life above a more mundane perspective, infusing it with a glamor and fantasy that enlivens and enriches. Yet a danger can exist in using this to escape from reality and responsibilities by preferring to live as a central character in a romantic and heroic drama.

You desire to be recognized and noticed by others, to stand out from the crowd of unknown faces. This creates your attraction to being 'onstage before an audience'; anonymity is not a favored role, and you hate to be ignored. Love affairs are one of your favorite pastimes, however, based on your need to be loved by others. These affairs provide a suitable stage for performance, with a captive audience on whom you can depend, at least temporarily. Romantic interludes may divert from creating a life-direction, as those by-paths which appear to offer pleasure always seem more seductive.

In love, you are prone to make grand gestures of sacrifice for love - especially for the benefit of your partner - and tend to subjectively turn relationships into great passionate dramas. You can fall in love easily; yet often this has only a superficial emotional impact; you avoid deeper depths of the love experience where transformative energies exist - in fact, you rarely sacrifice anything at all.

There is a lively, childlike spirit at play with you, but one that is naive and almost innocently self-centered, a spirit that desires constant company or a supporting cast to maintain. Much of your waking life is spent forming these creative, imaginative, and romanticized dreams which are projected onto the world and people, and which serve in several ways as a protective barrier. Yet it is this inner activity which prompts self-development and gives opportunities for insight into the real meaning and influence of 'dreams' in life. Personal dreams can motivate creative determination to actualize desires, but if you attempt to force events against the tides of life, failure is likely. Dreams can also bring messages from within, trying to guide you toward an understanding of the reasons for your actions and experiences. If you can register the impressions, from dreams and intuition, such guidance may help you to adjust your direction. Unfortunately, many fail to listen to the quiet inner voice.

Until you reduce self-centeredness, you will experience discontent and feel that you are missing something vital in life, even though you creatively color much of life with brighter hues. Searching to be free of commitments, you may unconsciously create more by your choices and actions. Your sense of ego and pride may cause problems through self-preoccupation, especially within relationships; and your need for 'more' prevents the appreciation of what you already have.

Become aware of others as more than supporting 'players'. Recognize the equal validity of their needs, desires, and dreams. Adjust your relationship behavior accordingly, to restore harmony. Your romantic vision of life may need modifying so that reality is not lost, although your sometimes childlike view of life can still be refreshing to more jaded appetites.

Your new direction is to apply creative imagination to dream of a better world, not just for yourself, but for everyone. Friendships and group involvements are likely to expand life; and possible commitment and dedication to an idealistic vision could enable movement beyond a self-centered focus into performing a more important role. In your discovering how to improve the quality of life for others too, the world can assume a more positive nature; and your tendency for romanticized love and adventure can be transformed into a more realistic and satisfying contribution for the well-being of all. Discovering how to combine creativity with social needs could offer an effective and attractive balance; in so doing, you could discover the powerful mystery of the creative dream, realizing that it has generated the whole universe and seeing that, by our small use of it, we obtain the power to positively transform our lives and the world.

(Bruno and Louise Huber)

The 11th house belongs to the axis of relationships. Like the 5th house, it has to do with the attitudes and behavior of people to one another. In the 5th house, human relationships are tackled with a naive simplicity. One sees oneself as the center of the

world and tries to realize personal desires or ideals. In the 11th house, this self-oriented view has to be abandoned. Its simplistic methods will no longer work, because one recognizes that one is part of a Whole. Here one must act, on principle, in accordance with transcendent, universal criteria. Postulating these criteria is even more important than working hard on them.

When the Node is in the 11th house, it is important to establish a clear attitude toward people. This can be personal, for in a personal sense the 11th house is known as the house of friendship. It represents the possession of friends and confidant(e)s. It represents making a choice of people who have a certain quality, in which there always resides an element of trust. This element of trust clearly divides the 11th house from the 5th. On a personal level, the Node in the 11th house indicates a need to form friendships and to make the most of them. We have to learn to be selective when looking for friends, and to seek kindred spirits who will turn out to be genuine. We may be parted from such friends for years, but when we meet them again it is as if we had been with them only yesterday. That is true friendship. In the 11th house, the discovery can be made, as soon as we learn to stop clinging, that loyal devotion is possible even without conditions. Then complete freedom of action is granted in the friendship. What this means is that with the Node in the 11th house, we must overcome the desire for security characteristic of the Fixed Cross, and put it behind us.

In essence, friendship is the result of striving for an ethical attitude to others. From this point of view, the 11th house aims at the development of an ideal concept of humanity. Basically, what is meant here by ethics is mutual respect between individuals. Although we work at this (or discover it) in the 9th house, ethics is a fundamental frame of reference in the 11th house. Naturally, it is a frame of reference for doctrines and creeds; for the 11th is a fixed house and, in a fixed house, conditions rather than processes hold sway. Therefore, the ethics with which the 11th house is concerned are ready-made ethics, in which one believes, or with which one identifies sufficiently strongly to want to pass them on to others or even to impose them on them. Dogmatism almost always emanates from the 11th house, which has to do with our convictions and our moral yardstick.

If the Node receives hard aspects, there is a likelihood of blind acceptance of a certain ethical view. Even a sophisticated and complex system of ethics can be passively absorbed - usually as a result of the upbringing or of social influences in youth, chiefly at the time of puberty.

Inconjunct aspects to the Node should be heeded too, because they introduce an element of uncertainty. When they are present, we are susceptible to any number of ideologies that promise security. This can lead to difficulties, especially in the practical arena of friendship, because we are prepared to change our friends whenever we change our ethical beliefs.

When soft aspects are received by the Node, or by a planetary stellium, there is often an inclination to join an elite group or to embrace a special doctrine, because this seems to be the most convenient thing to do. We cradle ourselves in the security of the group, and use it for our own ends. And so we need to make an effort to overcome what is indicated by the Node here. For a start, we should examine our ethics. In the 11th house, and with soft aspects, this is not particularly easy, because our ethics are second-nature to us. We may change our opinions but, unconsciously, we react according to ingrained patterns of behavior.

So, with the Node in the 11th house, we ought to take pains to acquire a satisfactory system of ethics that is clearly formulated and intelligently accepted. Otherwise, we may indulge in spiritual snobbery, and pretensions to exceptional moral virtue. Egocentricity in ethics produces the smugness that says 'I am better than others, because I know how to behave', or 'We are better than others, because we know how to behave'.

The Node in the 11th house serves notices that we ought to take responsibility for our own actions and ought not to rely on others. Doing the latter is a big danger, because solidarity with the group gives us a feeling of strength, and we imagine we are entitled by some dogma or ethical system to sit in judgement on people and call them 'mistaken' or 'wicked'. Behind the group-egoism involved in special friendships, there lurks an individual egoism, though we may hide it under a shiny white cloak of ethics.

North Node in the eleventh house or Aquarius (James Braha)

If the North Node is in the eleventh house or Aquarius, the person's greatest growth, evolution, and fulfillment come through performing altruistic acts for society, getting involved with groups and friends, and developing a sense of detachment. In past lives, the person may have been extremely proud, renowned, and ego-oriented. Now he is here to care for the citizenry of the world. He must let go of emotional attachments, and seek to improve existing conditions of the common person. He should try to locate and abolish outdated forms and structures, and implement new, innovative, efficient methods wherever he can. The person should not place great attention on children, intense love affairs, and deeply personal pursuits.

The person should favor his mind, not his impulse. He must cultivate the intellect and allow his rational mind to take precedence. Science and research endeavors are favored. Rules, regulations, dogma, and rhetoric are not to be greatly regarded. The person is learning a much more impersonal style of functioning. He is concerned with knowledge, information, and truth, and is relinquishing old habits of sentimental convictions and individual preferences. Commitment to ideals, especially the betterment of humankind, is crucial. The person must perceive life from the viewpoint of society. He should take life easy, not intensely. He should meet with friends and groups regularly, and effortlessly discover causes and campaigns worth furthering. Freedom, liberty, and equality for all must always be supported.

Fame and recognition are psychologically unimportant. The person may be a pioneer or revolutionary, but he is never to allow his reputation to go to his head. He should always favor activities which have never been done before. He does well with utopian movements, current fads, and prevailing crazes. He should generally avoid speculations, gambling, intense passions, and profound romance. His purpose is humanitarian.

In Hindu astrology, the North Node in the eleventh house indicates great ability to fulfill major goals and desires. The person earns plenty of wealth from 'side ventures', and has powerful, influential and worldly friends. The South Node in the fifth house means the person's 'poorvapunya' or past life credit is connected to spirituality and psychic experience. In other words, in previous lifetimes the person worked hard on attaining enlightenment and evolutionary growth; and in this life he gains the benefits. The South Node in the fifth does not produce many children. But those that are born will be introspective, psychic, contemplative, and decidedly spiritual.

(Black Moon) Lilith ♀ in ♏ Scorpio 28° 24'

([1144] elsaelsa.com)

Truth Seer

If you have Black Moon Lilith in Scorpio, the wounds you bear from your Lilith experience have made you a survivor. Through your deep insight, you've learned to protect yourself from anything the world has to throw at you.

No matter how your Lilith pain has come about (which you can determine from the house Black Moon Lilith is in), you have figured out that other humans make scarier monsters than anything a horror movie could dream up. To protect yourself, you became skilled at seeing right through people. No one can get anything past you. You can smell agendas and hidden motives from miles away. The idea that someone could successfully lie to you is laughable. And because of this remarkable insight, you have also become a de facto therapist for the people in your life. For the people you are closest to, you don't really mind, but for people a little bit further from your normal orbit, it's somewhere between puzzling and enraging. Why on earth are they willing to disclose all this information? And do they not understand how much of a drain that is on other people?

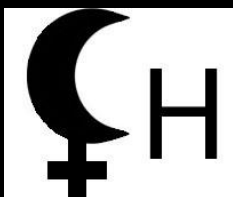

At times like these, you're likely to shut down or cut the person off altogether. Others may find it cruel, but for you, it's simple self-preservation. And part of you also quietly believes that cutting those people off is for their own good. You know from experience how dangerous it can be to lay all your cards on the table. You've been burned and betrayed more times than you care to recall. You've given too much and loved too hard and learned painful lessons from it. Giving everything you have is a recipe for total annihilation. So you share only what is necessary and preserve the rest for when times get tough.

And times always do seem to get tough. One of the great tragedies of this placement is just how much of the world you've seen. You know exactly how dark, cruel, frightening, disgusting, craven, exploitative, and awful life can be. You are very familiar with the depths to which humans can sink. I would say that this knowledge has crushed you, and indeed it has. It has crushed you over and over again, so many times that you thought you'd never get back up. But you did, you do, and you always will. That is your superpower.

But it doesn't have to be this dark. To soothe the pain, work to bring in influences from Taurus, Scorpio's opposite sign. Taurus, above all, is concerned with the sweet abundance underpinning all life. It's not that Taurus doesn't understand darkness. It's just that the darkness doesn't have to be central. Even though the world is filled with suffering, flowers continue to bloom. Even if a loved one proves treacherous, there are plenty who aren't. Tomorrow we may die, but tonight we can eat, drink, and be merry.

Black Moon Lilith in Scorpio is an exceedingly complex placement with so much to explore, but let me end with this: Your ability to see people for who they are and understand them deeply is a gift to the world. I know it can bring you pain, but it can also help you create a community of those who are truly deserving of your trust. You have the power to turn your pain into your greatest strength. Just remember to enjoy a little sweetness along the way.

(Black Moon) Lilith ♀ in IV 4th House

([1152] elsaelsa.com)

Deep Roots

If you have Lilith in the 4th house of your chart, her themes will manifest in in the areas

of home, family, and roots. Lilith's energy is deeply personal to you and is at the core of your being.

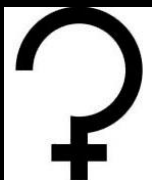

With this placement, you likely encountered your wound and rage early in life. It may have been caused by your parents or family, or at the least it was mishandled by them. Instead, you were made aware of how inconvenient your pain was to others and it was dismissed, controlled, and contained.

In traditional astrology, the 4th house is the subterranean angle. This is the deepest, darkest, most private part of you. It is your tap root, and it is the soil from which you spring. Having Lilith here shows that your primal fury and righteous indignation has been fundamental in forming the person you've become.

With Lilith in the 4th, "the personal is the political" is much more than a slogan. It is your deepest truth. While you might not be out waving signs at every protest, it is likely that you have organized your life to align with your beliefs, often in unseen ways. At the very least, you will strive to carve out a space in your life and your home for contemplation and to process your emotions in safety. As one 4th house native I know likes to say, "I am the priestess in my own den of spirit."

Though there is much more to say, I will end with this: though Lilith in the 4th house is most certainly painful, it comes with blessings as well. It provides courage and conviction. It gives a strength and resilience that can't be taught. In the immortal words of Tolkien, "Deep roots are not touched by the frost."

Chiron ♄ in ♑ Capricorn 27° 48'

([1257] astromajesty.com)

Chiron has a strong influence on our lives, even if not overly apparent. Here, it found itself in the tenth house, which represents an equally powerful and authoritative sign. Hence, Chiron in Capricorn stands for recognition, responsibility, and control.

While that indicates career and success, this placement is not strictly associated with the profession.

Instead, it can manifest in every aspect of life. The wound that people with Chiron in the tenth house have is about their need for achievement. These individuals crave organization, structure, and recognition.

The adults in their lives didn't acknowledge their effort and work. Or, perhaps, they didn't feel that what they think matters, and others always put their opinions down.

However, it's not ruled out that they suffer from a past-life wound due to being someone whose life depended on their job and success.

Men with Chiron in Capricorn have to learn to find and recognize their desires and voice separately from what the world expects from them. They should chase what they perceive as success, not other people.

Chiron ♄ in VI 6th House

([1265] astromajesty.com)

People born with Chiron in the 6th house typically have issues with a perception of work, superiors or subordinates, and services.

Since the 6th house is related to professional responsibilities, daily routines, and helping others, these individuals probably struggle with an emotional trauma related to one of these elements.

The influence of Chiron in this placement indicates that the native likely experienced an intense professional disappointment early in their career.

Perhaps they couldn't agree or cooperate with their coworkers or superiors, which caused problems that terminated that employment.

On the other side, perhaps the Chiron in the 6th house native didn't understand the point and reward of completing duties and tasks as a child.

Maybe they were rebellious and didn't want to obey, or their parents forced them to work more than a kid should.

Struggle with schedules and routines

Whatever the scenario, these individuals likely didn't like to fulfill their responsibilities, including going to school and doing homework.

Maybe they struggled with doing simple tasks, such as brushing their teeth, tidying up their room, or washing the dishes. These natives didn't like schedules, and they questioned why one should follow routines.

In their childhood, these individuals likely preferred doing as they pleased. In some cases, that means being chaotic or maintaining a messy bedroom because it's a part of their self-expression.

People with Chiron in the 6th house wanted to do as they please instead of being compliant or even respectful. Perhaps they believed that by completing orders, they would lose their integrity and become submissive and obedient.

If Chiron is afflicted, they likely had strict and conservative parents who wanted their children to do most of the housework, clean, and neglect their playtime to help in the home. In that case, these natives were forced to complete the orders, or they would be punished.

As a result, these individuals have a trauma that causes issues with authority and cooperation.

However, if Chiron is well-positioned in the 6th house and harmony with other aspects, it's unlikely that natives developed a trauma that limits them.

Even if they disobeyed or failed to do their responsibilities and tasks as kids, they probably didn't face any punishment or complaint.

Thanks to that, they grew up believing that it's their right to refuse and do whatever they

want. They don't understand why others would blindly expect them to follow the orders or serve.

Health and healing counselors

People born with Chiron in the 6th house dislike routines. They also loathe reporting to others and working according to the schedule. Those things make them feel like slaves and like they don't control their lives. Having a nine-to-five job is not the best idea for these natives.

Also, they are terrified of having to sit in a cubicle all day and interact with colleagues. It is why they are better off as independent workers, contractors, and freelancers. Alternative jobs are their jam and probably the only ones where they won't struggle with boredom.

Even if they manage to work in an office, people born with Chiron in the 6th house don't feel a sense of belonging. They either feel redundant or fail to get along with coworkers.

Other than workplace struggles, these natives also have issues with their health. Or, better said, they believe they have. Those with and afflicted Chiron in the 6th house tend to be hypochondriacs or worry something is wrong with them 24/7.

Yet, these natives usually don't do anything about their worries. Instead, they let all those questions plague them through the day and disrupt their responsibilities or goals.

On the other side, they can be stellar health counselors and advisors. Due to worrying about their well-being, they are up to date with different conditions, medicines, and therapies. They also tried many health recommendations they found in journals or online, which they can use in advising people around them. It is why they make great healers and psychotherapists.

Taking care of people and pets

They don't necessarily choose a medical field. However, these natives still tend to work with underprivileged groups and people on the margins of society.

Perhaps it won't be their official career, but they will probably help people in their free time or do it as a volunteering activity.

Thus, if it's their principal career, people with Chiron in the 6th house tend to provide their services for free if someone can't afford them.

It might be that their generous helpfulness comes from the time they were in a similar situation but had no one to help them.

Individuals with Chiron in the 6th house are usually empaths, and they can sympathize

with those who have it worse than them. It is what doesn't allow them to ignore helpless people.

These natives will go out of their way to help, even if it will affect their finances or work position.

People born with Chiron in the 6th house might not achieve the best results in their work, but they can still be stellar advisors regarding careers.

For instance, they tend to develop effective work strategies, which they often use to help friends and family.

Since the 6th house rules pets, these natives could find comfort in adopting an animal and taking care of them. They might find that being responsible for them and adjusting to their biorhythm can help them handle their own schedules and day-to-day tasks.

Part of Fortune ☿ in ♏ Pisces 26° 3'

([1286] astrolibrary.org)

You are able to flow with an invisible reality that manifests itself as a tangible and physical reality. You are attuned to the cosmic forces. You experience the unity of all things. You can adapt to any vibration or need, transcending time and space and even thought.

You know that people plan and program things, losing the idea of the totality and spontaneous flow of the Universe. That is why you do not like to make promises, because you know that it is not in your power to fulfill them.

Virgo is the sign opposite to your Part of Fortune in Pisces. To gain your fulfillment, you must not identify with the emotions of the conscious and defined world that you see through Virgo. Simply look for mental purity. Keep your thought in the present, attentive to the conscious world where you have to live, but leaving space for an unlimited imagination, for a complete freedom and inner peace.

You know the unknown and therefore have a magnetic quality and a lot of intuition. You understand the essence of reality and everything that belongs to the world of God and of humankind. You maintain faith in humankind and in the whole Universe, which helps you to move forward and accept hard tests and much suffering.

Through Virgo, the sign opposite your Part of Fortune, you will observe the perfection that exists. But, you must let life take its course and flow silently through experiences. You must avoid manipulating and programming your life, which would restrict your unlimited vision and your inner freedom.

You are familiar with the world of words and ideas. You know that their limitations are only an appearance. Your creative imagination is based on an understanding of love and truth, not fantasy or unrealistic illusion.

You will find your greatest fulfillment and happiness being in tune with the higher levels of consciousness. The ability to tune into these levels comes from purifying, ordering, and directing your thoughts.

Because of your compassionate desire to help create a more beautiful and spiritual world for humankind, anything you can imagine will become your reality and your happiness.

You have contact with your inner being and with possibilities not yet developed in human beings. This helps you to develop a less materialistic and much more spiritual perspective. Your fulfillment and happiness come from knowing that this can be developed by all human beings and that it will put them in touch with the divine essence of their own nature.

Part of Fortune ☒ in VIII 8th House

([1294] astrolibrary.org)

You will achieve your greatest satisfaction and fulfillment through what is granted to you by other people.

Others always teach you another way, another path, or another value system. And, every time you try them, you make new personal discoveries, making your experiences richer. You will see and experience new things, very different from those you already know. It represents a revolution of consciousness and getting a new perspective.

You must reexamine all those personal values that no longer serve, by observing what stimulates them. Thus, by learning the art of flexibility, you will be able to give those values a new meaning. The more you can discover these values and apply them to your personal life, the more your experiences and your understanding of life will be enriched.

Since your Part of Fortune is in the eighth house of your birth chart, the second house is the opposite house. The second house teaches you to recognize your own values. You should perceive these values impartially, as if they were not yours completely or you did not possess them, so that they do not stop you from fulfillment or from sensing the stimulus that you receive from your environment and from others. This way, you can easily leave everything that no longer serves and does not cause growth in your life.

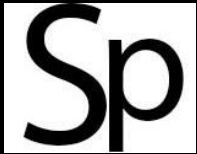

Your most beloved possessions and values should be those that survive, because they are totally real and true. This deep connection of what is personally valid to you, gives you an unshakable security in yourself. This leaves you with total freedom to explore and recognize the validity of the experience of others.

Other people in your life will teach you what weighs you down and what transcends temporary desires. You will learn to express the values of a divine nature.

Therefore, you must surrender much of your personal wants and desires, as well as your ego, in order to leave a legacy, be it money, ideas, new values, sexual enrichment, or a conscious realization of your essence. Understand that in this world, you are not alone, and that the most fortunate thing for a human being is to be able to share his life and his possessions with others. So, you get to be an intimate part of a common project that benefits all who are involved in it, even enriches the soul of humanity.

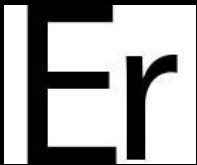

Learn humility. Do not be possessive of your own values. Learn to go with the flow of other systems of values and ideas that seem different from yours. These will be your greatest source of satisfaction.

Your fulfillment and happiness will come through all the people you deal with, through discovering the harmony in everything that seems alien to you, and through your soul's great regenerating force. A transformation of all the accumulated negativity is possible by being present in the Here and Now.

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances.

You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

2) ► **Sun** ☉ **Contra-Parallel** ⚙ **Uranus** - (0°49') ♄3 | ♃10

([146] astromatrix.org;) The Breaker Of Taboos

Both square and opposition aspects have a peculiar quality which is like an 'on-off

switch'. Internal and external erratic behavior may be expected, which can lead to those dramatic and often drastic changes of behavior and lifestyle.

Within your hidden inner life, you are likely to feel undercurrents of restless activity, which, while peaking and troughing, are an ever-present participant in your nature. This can lead to nervous tensions and irritability, and an edgy tone to your energy which is often psychically communicated or received by others and experienced as an intangible sense of unease. Your emotional and mental moods are erratic, unpredictable and temperamental, creating sudden confusing changes and relationships, or even contradicting statements that you have just made. Sometimes you may fail to be aware of this lack of continuity that you exhibit.

Individuality and independence will be emphasized, with insistence upon your own needs and freedom from all restrictions. This can manifest as a compulsion to display a rebellious antisocial attitude, mainly as a reactionary explosion of energy rather than any considered response which could also offer some viable alternative ways to follow. Your reactions are likely to be more negative in quality and content and may need a conscious degree of self-moderation to avoid an instinctive 'knee-jerk' response.

You may find that you obtain pleasure from seeing others react to your iconoclasm, as it can add some excitement to life, but it is unlikely to be inherently creative or positive action as you often fail to have anything of value which could replace whatever it is you are opposing. In many ways you are insecure, feeling lost and frustrated with both the world and you.

Your inner energy flow is uneven; sometimes you are highly charged and have difficulties dealing with that; other times the energy seems to be switched off, and life goes flat and colorless. You probably lack a stable cohesive center, missing the positivity of an adjusted planetary relationship to your Sun, and you may need to struggle towards establishing a firm, secure point of balance within your identity.

You can be hypersensitive but may tend to deny this aspect through feeling uncomfortable with your emotional nature and its ebb and flow, as this does not fit into that intellectualized self-image that you have developed. This can be quite illusory but is also a prop for you to center your identity around. These images can include considering yourself 'before your time', an unrecognized genius or artist, a cultural bohemian, a radical revolutionary, an important social adversary.

Glamorous images emerge from that high opinion of yourself and those peculiar insights and ideas that you attempt to communicate to others. There are likely to be some nuggets of gold scattered around, but often you fail to deliver, wisps of intentions dematerializing into the air. Your evaluations are often impractical, and due to diversions towards new glamorous ideas, or to an unfocused will, you often fail to develop fully any natural gifts.

While you tend to insist that your will is paramount, you really need to learn effective forms of social compromise, realizing your misapprehension of being the all-important center of the universe, which is symptomatic of an imbalanced Sun. Just learning to listen seriously to other points of view and perceptions on life can teach you much, in distinction to one of your behavior patterns which sees such contact and communication as a form of competitive challenge, mentally pitting yourself as an adversarial opponent of another point of view.

You may need to stop tilting against windmills. Your heroic quest should not be externally directed but internalized to achieve an inner transformation. This is not to imply that the windmills are not there - they probably are - but you need an effort to redirect and redistilling your nature and energies so that your solar center becomes more powerful and integrative. A redefinition of rebellious spirit needs to be made by you, a re-channeling of your scattered energies.

Learning forms of relaxation or meditative techniques could become very important to your well-being and may help in this re-centering process of evoking the solar power. Highly strung nervous states are not beneficial to health. Relationships can also be fraught with problems, as your erratic hot and cold contributions are not always made in apt timing for your partner's behavior patterns.

You may need to be wary of making excessive emotional demands, especially as you may not be so balanced in your emotional nature, and you probably have a lack of understanding of that level. In many ways, it is likely to be an immature aspect of your nature and may require conscious development and further exploration. Attempts to restrict the freedom of others should also be guarded against.

3) ► **Sun** ☉ **Parallel** ♌ **Pallas** - (0°56') ♄3 | ♁1

([576] 12andus.com:) You are creative and insightful and you use all of your artistic abilities in your battle for empowerment.

Your warrior instincts are triggered by the 'desire to protect self expression and 'honor the freedom of individuals. You feel it is important for others to channel their creative gifts to enhance struggles for freedom and, empowerment.

You tend to be optimistic about the prospects for success and believe in bringing out the best in others, even your ideological adversaries. Rather than putting down the opposition, you believe in encouraging others and enhancing others' confidence so you can win them over to your side.

You have a generous and uplifting style of connecting with others. You use your charismatic style to help others understand the importance of your mission.

4) ► **Mercury ☿ Contra-Parallel ♄ Saturn** - (1°26') ♅5 | ♀11

([166] astromatrix.org;) Inferiority Complex

With Mercury Opposition your Saturn you may have a difficult childhood due to problems with your father that may make you suspicious, insecure, defensive or depressed. You're traditional, reserved, intelligent, responsible, shy, ambitious and hard working. Your education may be interrupted, but knowledge will be gained from life and through books. This aspect is good for big business and politics.

You have few friends because you're often nagging and critical, lacking love and understanding. If the third house is involved, you may have difficulties due to relatives. Communication problems, overly conservative thinking and a rigid attitude often hamper your career. There may also be attacks on your reputation. You want intellectual recognition, but often don't get it, either because of or resulting in professional jealousy.

If heavily afflicted, you can be a schemer, underhanded, extremely narrow-minded and opinionated. You'll usually have dental and hearing problems and are subject to nervous and respiratory illness so don't smoke.

5) ► **Mercury ☿ Contra-Parallel ♇ Pluto** - (0°58') ♅5 | ♄2

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

6) ► **Mercury ☿ Parallel ♁ Lilith - (0°07')** ♄5 | ♀4

([626] astromatrix.org.) The Activist

Opportunities: 1. Accepting overwhelming and raw emotions 2. Nurturing your profound curiosity

Challenges: 1. Maintaining Composure 2. Battling crooked logic

The placement of Mercury conjunct Black Moon Lilith in your natal chart might turn you into an activist or a revolutionary who fights against tyranny and indecency with the power of his influential words. Oscillating with the vibrations of the planet of communication, expression, and action, you are well aware of your ability to use your words.

You know to let others know when they cross the line. You are not someone who will silently face oppression and injustice. You know to give and get respect. As someone who does try to sabotage others' rights and privacy, you expect the same in return. Your intellect and communication skills are your weapons to outmaneuver your opponents.

You do not speak or write to intimidate others but to reach their hearts and gauge their attention. When Mercury conjuncts Black Moon Lilith in a natal chart, it gives birth to highly intellectual and creative minds who can become expert teachers and revolutionary writers in the future. Your photographic memory makes you learn through unique and unorthodox ways.

Mercury conjunct Lilith in a natal chart can be summed up as a beautiful tragedy that brings the fantastic combination of your civil and well-mannered behavior with your impulsive and straightforward nature.

7) ► **Venus** ♀ **Contra-Parallel** ♂ **Uranus** - (1°22') ♀4 | ♃10

([176] astromatrix.org;) **Rebellious Lover**

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

8) ► **Venus** ♀ **Parallel** ♀ **Pallas** - (0°23') ♀4 | ♃1

([579] 12andus.com:) You are driven by a strong sense of values and empathy for others.

When a cause or mission appeals to your desire to help others create security and beauty, you will use creativity and diplomacy to develop a strategy that appeals to everyone involved. You try to be nonconfrontational and would rather help others come to a consensus than intimidate or overpower anyone.

You can win the respect and cooperation of others by appealing to others' sense of value and desire to feel comfortable and nurtured. You may use friendliness and your social skills and good bedside manner to appeal to the heart and empathy of others.

Though you can be wise and charming, ultimately you will draw on your sensitivity to others' emotions and desire for love and acceptance, appealing to the compassionate nature of others.

9) ► **Mars** ♂ **Contra-Parallel** ♄ **Juno** - (1°37') ♄3 | ♄6

([597] 12andus.com:) You may have an impulsive streak that undermines what you want from a serious relationship or partnership.

For instance, you may be in a rush to find the One, but your eagerness and intensity drives away potential committed partners. You may also try to be protective and passionate in relationships only to inadvertently drive the other person away.

You may have to work on balancing your own ambitions for success and satisfaction with the needs of your partner in order to be successful. Jealousy and possessiveness can also work against you in relationships. Be careful not to be too dominating over your partner.

You may be attracted to a life partner who is not quite available or who you feel you need to pursue in order to win over. You can be more successful if you don't try too hard and if you learn to bring harmony between what you want and what your partner wants.

10) ► **Mars** ♂ **Parallel** ♄ **Chiron** - (1°27') ♄3 | ♄6

([121] astrotarot.net:) The wounded healer!

Typical features that this conjunction brings: this aspect is associated with shame. Initially, you will find that your ability to assert yourself, to be yourself is obstructed. You are often ashamed of who you are. And you are ashamed to act and get out there. During your life, you will become painfully aware of your inner aggression, desire to win, to possess. Also, you are afraid that just by being yourself, you will hurt others. This Natal Mars – Chiron aspects are your opportunity to release that inner aggression you all have inside. 11) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Neptune** ♆ - (1°38') ♋5 | ♍4

([192] astromatrix.org;) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the

energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

12) ► **Saturn** ♄ **Parallel** ♅ **Pluto** - (0°28') ♄11 | ♅2

([70] astromatrix.org/) Breaking Free

Saturn implies restrictions and limitations, which serve as a barrier to progress until certain changes are made or lessons learnt; and when in association with Pluto, the way forward is conditioned by the need for an inner transformation to occur. With this aspect, it is likely that you will experience some degree of frustration in achieving your objectives, or a sense of invisible blockages facing you that require you to discover

some way to pass them or dissolve them through penetration.

As you have a strong ambitious nature, you will need to make full use of all the resources available to you, applying accumulated knowledge and experience to a determined persistent effort to succeed. Patience will be an essential quality for you to develop, as it is unlikely that you will have rapid immediate success in your objectives. Usually you have to wait and undergo the experience of frustration and not knowing if your goals will be realized; and this can be a testing and transformative phase, especially as it is likely to be repeated periodically throughout your life.

You will be attracted towards power and status, although it may be that instead of reaching a position where you 'possess' such attributes, you are required to gain a new perspective and understanding of influence in the world, rather than demonstrating it yourself.

Much depends upon your ability to apply your talents and resources practically; potentially, your ideas and schemes can have a noticeable impact upon the world and your immediate environment, especially when you are working through an established structure and social system. This is because you feel more naturally in tune with existing organizations, preferring traditional approaches and attitudes as a reflection of 'stability and foundation'.

You often resist accepting new trends or social changes, as you are inherently wary of them, preferring to follow your established path unless the impulse for change is naturally arising within yourself; and even then the likelihood is that you will attempt to resist and block its movement as a reaction to its unsettling effect.

You will have a conservative nature and perception of life, respecting traditions and the consensus social attitudes, being suspicious of those who need to experiment, and challenge accepted attitudes. The socially subversive nature of Pluto is unlikely to be too evident, as Saturn will overlay it too much, although it can erupt in your inner and personal life, potentially stimulating a collapse in your 'secure foundations', forcing you to re-evaluate yourself and your life. Such a radical impact is unlikely, however, unless you are capable of undergoing the cathartic transformation that could occur, because Saturn will maintain your inner structure to prevent this happening.

You will be a private person, serious and secretive in nature, not openly revealing your thoughts and particularly your emotions, which you may try to avoid and keep tightly sealed away in a 'locked drawer'. Emotions imply fluctuation and change to you; and this does not fit easily with your world view and perception of self, making you feel uncomfortable.

A healthier approach to emotions should be encouraged, as it would prevent any energy repression on the emotional level, or else you may find that Pluto takes that route to

make its presence felt. In intimate relationships, you will be a firm, reliable partner, and you will prefer a traditional approach to marriage and mutual commitment, so you should choose wisely.

You will not be overly demonstrative of emotions (on the surface), but you should avoid any tendency to fix the relationship in limiting and binding ties, and instead allow it space to change and evolve. Remember that your partner is a unique individual with a potential to unfold, so allow the necessary freedom for him or her to do so and encourage the process too.

Security in a 'straitjacket' situation is a false situation, and inimical to growth and development, so despite your tendency in that direction, it is wiser to accept change and unpredictability so that energies can flow healthily.

13) ► **Saturn** ♄ **Contra-Parallel** ♀ **Lilith** - (1°19') ♀11 | ♀4

([637] astromatrix.org;) Fear of Rejection

Opportunities: 1. Embracing childlike wonder 2. Being more practical

Challenges: 1. Overcoming fears of rejection 2. Letting go of tradition

Saturn opposition Black Moon Lilith in the natal chart describes your multi-faceted personality, one side of which is incredibly passionate to realize success but the other side fears rejection or criticism. The fear of rejection or failure triggers your angst, and it also sabotages your peace. You prefer to isolate yourself to avoid facing challenges. Instead of limiting yourself, if you learn to be productive, efficient and mechanical to counter the hardships, it will help you successfully get through difficult times.

Instead of falling prey to your anger, try to stay calm, disciplined and practical. Do not feel threatened by others. Because when you think others are challenging your authority, it triggers you and brings your weak and angry side in focus. Your simmering rage and poor self-control can deprive you of your calculated and determined approach.

Your success can be the best revenge to make others realize your worth and talents in business and financial matters and the matters of love and friendship. You might feel odd and distanced from the traditions and perceive them as hurdles in manifesting your ambitions. You might also feel restricted in your opinions while dealing with the challenges regarding your inner nature and the desires of your heart.

But if you train your raw and edgy nature, it will help you make your name in everything you decide to do.

14) ► **Uranus** ♄ **Contra-Parallel** ♀ **Pallas** - (1°45') ♀10 | ♀1

([583] 12andus.com;) You may be intuitive and creative, coming up with new strategies that blast through obstacles and challenge tradition.

Yet your attempts to follow through on your mission can be filled with obstacles. You

may lack confidence in yourself or even work against your own ideals. You may also become too zealous or intense and then get burned out or bored easily.

You need to find ways to bring your individualistic and freedom loving nature into a campaign or mission, otherwise you may end up rebelling against the very cause you are trying to help. Your sense of purpose is future oriented and your mission may seem shocking to others. Sometimes your opinions are so far ahead of your time that you have to slow down to make your message palatable and that is not always your strong suit.

15) ► **Neptune** ♆ **Parallel** ☾ **South-Node** - (1°17') ♀4 | ♃5

([212] astromatrix.org;) Visionary Gifts

With North Node opposition Neptune, you possess many visionary gifts. When working through its higher form, you succeed in many artistic and creative fields. There are cinematographers, filmmakers, painters, artists, sign makers, photographers, dancers, singers, musicians, actors, and designers that have this aspect.

It is questionable if you will put your unique gifts to superlative use however. The liabilities are high with South Node conjunct Neptune. You might have led a mystic kind of life and it may be difficult to draw you out, though you could share spiritual insights that contribute to the overall karmic growth on the planet, but you may prefer to stay out of the limelight. Or you dislike the mainstream society and enjoy living within your imaginative and spiritual realms.

Your work may require seclusion and you may become a reclusive type or hermit who prefers the background. You may be so sensitive that you want to hide away. This is an emotional aspect, especially when falling in water signs. The South Node influence may distort the emotions, which fuels the mind. You may not feel like they are part of this world, as if you live in an alien world. Such feelings of alienation and psychic distortions increase the chances you will resort to drugs or other strange methods for handling their crises. The house of Neptune and its opposing house shows where the imagination and vision are enhancing those affairs or merely distorting things.

16) ► **Neptune** ♆ **Parallel** ♄ **Vesta** - (0°50') ♀4 | ☿12

You may also feel called upon to break away from illusions and sacrifice some aspect of your dream or personal desire for romance and connection in order to fully fulfill your spiritual mission.

Your mission may involve being of service to others as a spiritual healer who spreads a message of compassion.

Your creative and intuitive nature can lead you to serve others in a powerful way, helping others find spiritual connection and transformation through your own example and even through self-sacrifice when necessary.

17) ► **Pluto** ♅ **Contra-Parallel** ♎ **Lilith** - (0°51') ♀2 | ♀4

When you find balance between your desire to follow your own personal goals and your need to follow your spiritual calling.

19) ► **Juno** ♀ **Contra-Parallel** ♎ **Chiron** - (0°10') ♀6 | ♀6

([607] 12andus.com;) You may have a strong desire for marriage or life long romantic

commitment.

Yet at the same time, your past wounds and traumas stand in the way of you being able to fulfill your obligations and maintain a smooth path with your love.

When you are able to balance your healing needs and the needs of your partner, you will find it is much easier to keep your commitments and nurture your partnership.

Until you deal with your own past wounds and traumas, however, jealousies and insecurities may run rampant through your partnership. Your relationship may be destined to expose something about your need for healing or the nature of your intuition and past wounds.

Yet you need to be willing to confront your fears and insecurities so that you can heal more fully.

Your relationship with your partner can be a vehicle to help you do this but only if you surrender to the process and stop resisting your deeper need to let go.

([230] astromatrix.org;) Clear Objectives

Opportunities: 1. Pursuing Goals over the Long-Term 2. Cultivating Many Interests

Challenges: 1. Making Sacrifices 2. Balancing Independence and Cooperation

Throughout your life, you will probably have a clear idea of where you are headed and what your objectives are. And in finding your way, you will get help from authority figures, such as parents and teachers.

You are able to avoid serious conflict with others as you pursue your life goals, because you are willing to make compromises and to work with others so that all of you can achieve your goals. 32) ► **Sun** ☉ **Sextile** ♅ **Neptune** - (2°59' S) ♌3 | ♑4

([227] astromatrix.org;) The Inspirer

Unlike the conjunction aspect, which poses the problem of dealing with both the positive and negative influences of Neptune on the individual life, the sextile is an easier aspect to live with.

The themes of creativity through art, music, crafts, writing, and drama are highlighted, as are the inner paths of mysticism and psychic sensitivity as ways of co-operating with the Neptunian impulse and moving towards the solar center. You are likely to be aware of your own creative potential, and inclined to allow this natural expression. One ability that you may possess is creating vivid mental images, which through the process of creative visualization can be used either in the building of your own future path, or by being offered for the stimulation and enjoyment of others through music, art and literature.

Manifesting these evocative images into a tangible form is a very important gift, and can be applied in a variety of ways, for self-aggrandizement, for the accumulation of wealth and power, or to benefit others. This issue of selfish versus selfless actions is one which may confront you, influencing your decisions and motivations. The art of visualization is a powerful merging of mind-will-imagination and is the source of creation.

Your sensitivity to others and world pain will be strong, connected to a reasonably well-developed awareness of social responsibility, whereby empathic feelings you believe that you should and could aid in the alleviation of human suffering. Yet this psychic absorption of pain can also make you turn away from actually doing anything about this social awareness, so you may register and acknowledge its existence yet attempt to deny your role in healing.

It is unlikely that you will be capable of dealing with the causes of suffering, but you may prefer to hold a soothing and healing balm to the symptoms of the pain. You hope that others who are stronger and perhaps less sensitive than yourself will deal with the negative causes in society. You may be of value by communication inspiration, perhaps through writing for publication or through the media. Linking your grasp of social responsibility with a good dramatic expression could bring aspects of society that need transforming to the attention of others; crusading journalism and TV documentaries are prime examples of such work. This is an asset that you could apply; and, if you choose to develop this, then your imagination and inspiration will be rekindled.

This need to maintain relationships with people, which also involves a broader social sphere than that of just friendship, is a route through which Neptune works, leading you towards your solar purpose. With most people, you experience a laissez-faire relationship, where tolerance and empathy dominate, and interpersonal pressures are not imposed. While your sensitivity is ever-present, you are not overly demanding or tied to impossible expectations of others, although you do prefer self-confident companions whose associations force you to firm up any tendency towards Neptunian nebulousness and indecision.

You have a humanitarian spirit, relating freely and easily to a wide range of human types, seeing value in all and not just in those who are 'successful' in terms of social evaluation. There is an element of a chameleon nature about you, a malleability enabling you to fit into a variety of situations and social scenes, an inner flexibility whereby your attitudes and expression mold themselves to any specific environment and take over from deeper personal preferences.

This is a Neptunian water quality in your personality, where you 'take the shape of any container'. It can be advantageous, yet equally can lead to losing your distinct identity due to repeated chameleon transformations. This may therefore need to be carefully monitored or guarded against if your personality begins to fragment and dissolve; although, if you are following a mystical path, your aim becomes dissolving into the 'ocean', where the droplet of the separate self loses all boundaries and disappears into the universal ocean of life.

The attempts to understand the nature of the universe, its composition and size, the possible creation of the universe and the 'big bang theory' reflect the traditional Western way of looking externally.

What has paralleled this tendency has been the birth of an opposite movement amongst people, that of self-exploration, the inner mystical way. ([421] astromatrix.org:) The Sentimentalist

Opportunities: 1. Expressing Who You Are 2. Finding Those with Similar Characteristics

Challenges: 1. Seeing People for Who They Are 2. Being a Realist

With a Square between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults.

You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits.

([430] astromatrix.org:) The Dominator

Opportunities: 1. Being Equals with Others 2. Playing the Long Game

Challenges: 1. Getting Past Defensiveness 2. Dealing with Authority Figures

You will tend to work against yourself until you really understand who you are and what you are doing. Your immediate desires, especially if they are compulsive and urgent, may actually prevent you from getting where you want to go in the long run.

Try not to be shortsighted, and do not assume that people who warn you of this are simply trying to hold you back. You may be rather suspicious of such people and assume that they are just trying to dominate you. This is because you sometimes try to dominate others for no particular reason. Also, you sometimes pick a fight just because you are suspicious of someone. You try to seem confident and self-assured; probably you will be when you are older, but now your aggressiveness comes from a lack of self-assurance, from a fear that others will see your inner weakness and take advantage of you. Actually, most people don't want to bother; the aggressiveness you see in others is really a reflection of your own.

Your relationships with male authority figures may be quite difficult, because you see them as challenging rather than trying to help you. It is difficult for you to acknowledge that someone has a right to be above you. This could be a serious source of trouble with employers. Basically, the challenge of this aspect is to learn about yourself and your limitations, so that you can have self-confidence. Then you will no longer see need to challenge others for no reason, and you won't fear challenges from them.

Interpretation from transit:

([402] astromatrix.org:) Mental Energy

Opportunities: 1. Focusing Your Mental Energy 2. Observing Your Mind in Action

Challenges: 1. Accepting Feedback 2. Learning from Chaos

([466] 12andus.com:) Your confidence may be shaken because of a lukewarm reception by others. If others aren't as enthusiastic about your ideas and plans as you are, this can deflate your ego and cause you to doubt the path you are on.

Try not to take others' reactions as criticism, but rather as feedback. Are your ambitions out of touch with the reality of the situation? Are your expectations unreasonable?

You may have to rewrite a draft of a project, or revise written work in some way because of feedback from others. Take this as constructive and review your work. With adjustments you have likely success in communication, writing and performance ahead of you.

Miscommunications are likely. Don't let your optimism blind you to the need to edit your written work or choose your words carefully. You may need to discuss plans in detail to make sure everyone is on the same page.

Also, you may learn that some of your plans and ideas are more grandiose than you realized, be mindful that your ego may get in the way of your larger goals.

Thinking can be nervous or rushed, which may lead to slip up's in conversations, not saying exactly what you mean. This in turn can lead to other people getting the wrong idea, an increased chance of arguments, or simply not having matters resolved.

This aspect can put you in a perpetual state of motion. Although this may be challenging, discussions are stimulating - if not heartfelt. While words and thoughts may disturb the certainty you maintain, being open to new ideas increases self-awareness; flexibility allows you to benefit from information that you may resist at first glance.

50) ► **Sun** ☉ **Square** ♄ **Saturn** - (6°57' S) ♅3 | ♀11

([381] astromatrix.org;) The Struggle For Success

The issue of self-esteem and worth is highlighted, and you may experience a degree of hidden insecurity and fears of full involvement in life. You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them.

At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable. Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start.

Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more

suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others.

There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships. Cooperation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships. You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem.

Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

53) ► **Mercury** ☿ **Square** ♀ **Pluto** - (3°07' S) ♄5 | ♀2

([409] astromatrix.org;) The Obsessed Mind

The square can give you a harshness of temperament and expression, where your direct, blunt style can often create conflict and confrontation between yourself and others. Even though you prefer to reflect yourself as one capable of handling the 'real situation', you tend to lack a sensitivity towards possible reactions to your potentially penetrating insights. You rarely 'wrap' them up in socially acceptable packages for consumption but offer them raw.

There is a tendency to try to manipulate and mold any partner so that he or she conforms to your point of view; and often your views become intolerant and fixed, allowing little space for flexibility or change to occur naturally. Sometimes, in an effort to achieve your own will, you rely upon your strong willpower to dominate others. Sometimes this can succeed, but you are equally liable to apply it incorrectly through a lack of proportion and through insensitivity, creating more damage to your aims and others than you intended.

Mentally, you require more self-discipline and understanding to make more positive use of your abilities of penetrative insight; in particular, the way in which you present yourself to others may need to be moderated. More control regarding your thoughts and words can help to avoid any controversy and unnecessary conflict with others, and help a redirection of your powers of insight inward, so that you can observe how you are projecting those negative shadow qualities out onto others in the world when these qualities should be being internally transformed and the energies released for positive applications.

54) ► **Mercury** ☿ **Square** ♂ **Fortune** - (3°14' A) ♄5 | ☿8

Otherwise, the defense mechanism can worsen over time, and you can have problems at work and in personal relationships. 59) ► **Saturn** ♄ **Square** ♇ **Pluto** - (2°25' S) ♄11 | ♇2

([441] astromatrix.org:) The Annihilator

With this aspect, it is likely that you will feel quite restricted by social and environmental constraints, and that the influence of the society in which you live will have considerable impact upon your life, often appearing to be a negative one.

Frustration appears to be inevitable; and you may feel that you are having to carry 'a burden for society', where you are involved in some way with a personal responsibility for some of society's troubles. There is a form of linking between your personal unfoldment and growth and the struggles of mass humanity, one which you may experience or interpret in a peculiarly masochistic manner or use as an excuse for personal failings.

Some of this tendency could arise from earlier life and parental relationships and conditioning, possibly from environmental deprivation of lack of fulfilling and meaningful contact with your parents and family. This can lead to a pattern of personal disappointments and lack of essential trust in life and the world, leaving you emotionally marked and feeling insecure in your own abilities and talents.

You tend to be searching for status, power and the opportunity to influence people's lives, much in the same way that you feel your own life has been affected by nameless unknown others who make socially influential decisions. To transform this oppressive pattern of limitation, you will need to radically alter your outlook on life and yourself.

The Pluto energy will help you to achieve this; and the first step is to draw back all the projections that you are overlaying on the world, and to recognize those that place the reason for failure 'out there'. You need to accept responsibility for your own life, decisions and choices, and begin to take control instead of being a frustrated, passive reactor.

When Jupiter is Trine your Natal Ascendant, knowledge and information becomes much more important to you. You will feel like you will want to succeed at everything you do and although this aspect doesn't guarantee success, it surely helps to have it in your chart.

You will be more optimistic about life; your personality embodies Sagittarius, the ruler of Jupiter greatly. So, you will be more adventurous, spontaneous and wanting to explore reality. You can be prone to laziness or apathy, so try to make the most out of all your possible lofty goals and opportunities it is easy to let them slide.

Jupiter trine the Ascendant means that you always expect to succeed. You find it possible to make grandiose plans for the future, because you know how to capitalize on your creative abilities as tools with which to seek your goals in life. You admire those who achieve distinction and realize that you must be fully informed if you hope to win similar honors. However, you tend to dawdle when you should discipline yourself in working toward your goals.

You feel that your life should be guided by some overall belief system or philosophy, but you are not rigid or dogmatic, always ready to explore new possibilities and expand your mental horizons. Possibly the only drawback with this aspect is getting carried away by your optimistic plans. You need a heavy dose of practical reality to bring you down to earth and make things work.

You are very idealistic in your attitudes toward the world, and you want to be as free as possible of values and possessions that limit you or prevent you from encountering the world. You may be less interested in material possessions than most people of your age, feeling that the burden of taking care of them is more trouble than it is worth.

Besides, you value emotions, ideals and other immaterial concerns more than possessions. Very early in life, you show how unselfish and giving you are, especially to

people in need. You like taking care of people or animals and trying to make them better. As you get older, you will have a strong need to be of service to others, putting spiritual and moral ideals above personal gain. Even if you do not always succeed in living up to that ideal, it will be a very powerful force in your life.

You are very sensitive to other people, so you are a bit reserved and shy until you know you can trust them. Your feelings are easily hurt, and a misplaced gruff word can make you very unhappy. Your family should try to understand this and treat you a bit more gently. They should realize that they will be rewarded with your devotion.

Even while quite young, you are fascinated by the mysterious and supernatural. You find the worlds of fantasy stories and fairy tales more interesting and alive than this world, which is so full of dull concerns and mundane preoccupations. Of course, you must learn to relate to this world, anyway, and you should try to see the mystery that is inherent even in the everyday world.

forms, from experimentations aimed at developing new projects, to more adequate modifications of existing products.

75) ► **Moon** ☾ **Trine** ♂ **Mars** - (6°31' A) ♁7 | ♄3

([313] astromatrix.org;) Vitalizing Emotional Energy

Opportunities: 1. Integrating Your Emotions 2. Deepening Your Connections

Challenges: 1. Dealing with Your Disappointments 2. Cultivating Meaning

The trine indicates that your personality can potentially integrate both Moon and Mars energies. While feelings and emotions are intense and powerful, you have confidence in your ability to handle them; they act more as a vitalizing source of energy which can be directed rather than as a flood threatening to drown you.

Your emotional ease is communicated to others; and social and intimate relationships benefit from your open and welcoming spirit. You accept the need for compromise, and know adjustments are necessary for harmonious relationships and better social contact.

You meet challenges and difficulties positively, applying effort to transcend or resolve them. However, your self-image is strong enough not to collapse when failures are encountered. Obviously, there will be disappointments; you take a philosophical approach to life, shrug your shoulders, and carry on.

76) ► **Moon** ☾ **Trine** ♄ **Saturn** - (4°57' A) ♁7 | ♄11

([315] astromatrix.org;) Common Sense

Potentially, these two disparate planetary energies can be reconciled; and you will probably feel a more positive and optimistic attitude than is common with the other Moon-Saturn aspects. Your personality is relatively stable, and, in developing a suitable lifestyle, you will demonstrate resourceful and practical skills.

You are reliable, and persevere to fulfill your duties and responsibilities, whether domestic or family, or through career, social, and civic involvements. Your outlook may be cautious and conservative, respecting social rules and traditions, preferring to live by self-conformity to 'civilized behavior'.

You may view social experimentation and radical ideas to change cultural establishments with unease and suspicious concern, preferring the familiar and trusted ways. However, you also do recognize the renewing virtue of change, and will support change if you believe it will be beneficial; yet change for change's sake you will view with distaste. Establishing firm life foundations is seen as important. This motivation may have come from valuing childhood stability and permanence, where you felt safe within a

secure home and enjoyed the comforting presence of parents.

You realize that 'successful building' depends on right foundations. Following this 'pattern' will increase the likelihood of success in any endeavors, whether in business, career, marriage, or family life. You may benefit from inheritance, perhaps in business or through some type of institutional involvement. You apply shrewd, pragmatic common sense to your affairs, preferring either self-employment or positions of authority and responsibility, where opportunities to express potential are more available.

You have creative abilities, although these may be directed along traditional channels, into business or career. The spheres of law, medicine, engineering, politics, management, and education may especially attract. You tend to be a good worker, believing that to gain benefits you need to wholeheartedly commit your efforts to tasks. You are rarely emotionally effusive; and you may seem austere and privately withdrawn. You prefer to remain in control and be reasonably stable; and yet feelings can be displayed honestly and in a straightforward manner, ensuring that others know what you think and feel about things. Emotional manipulation and distorted relationships are anathema to you; and you dislike anyone acting in such a way.

Friendships are founded on mutual compatibility, trust, and faith in genuine care and support for each other, although each has to be an independent personality and secure in his or her self-esteem; you are not interested in dependent personalities whose emotional vacillations and confusion may agitate the emotional unease that can be hidden within you. You are cautious in making emotional decisions, taking time to evaluate your feelings and instincts, knowing that they offer valid messages, and yet also recognizing that you may not listen to them enough.

Once certain, you commit yourself, especially in a marriage or partnership context; and you will expect similar clarity and commitment from your partner. Maturity and emotional stability are necessary in a partner, and you dislike emotional changeability; if you find the right partner, much of your creativity will flow into the relationship, so that it develops and progresses for mutual benefit.

Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active, and each new interest you take up will give you a new idea about your future career. You may have a hard time letting go of the ideas of how you think things should be done in order to embrace new possibilities. You may also wander in circles trying to get together the courage to move forward. You need to feel secure before you embark on a new venture.

Your strategy may need to simmer first while you reflect on the past and what has or has not worked for others. You may have to develop greater patience as well and this is not always your strong suit.

Your desire to be of service to others is often thwarted by your tendency to lose interest or only follow specific routines for a short period of time before getting distracted.

([78] astromatrix.org;) Extreme Individualist

People should be prepared to encounter you as an extreme individualist. Even while you are very young, you insist on doing everything your way, and you strongly resist any pressures to conform. In fact, the best way to ensure that you will not do something is to try to force you to do it.

You are a rebel, and the established ways of living will not attract you particularly. On the other hand, you can be very creative with this aspect, because you have much originality and can see life in ways that others are blind to. You may be very inventive; in fact, this placement is characteristic of people who make a career in scientific or technological invention.

You may get a great deal of satisfaction from goading others. When you see people who are set in their ways, you cannot resist playing jokes or otherwise outraging them. Obviously if you are going to do this, you can expect to have problems with teachers and other authority figures, even your parents, who would prefer that you conform a bit more and stop rocking the boat. Teachers might find you quite difficult to deal with, not only because you insist on breaking rules, but also because you are very restless and hate to sit still for long. This placement may indicate a nervous disposition as well. Eventually, you should learn when it is worthwhile to rebel and when it is not. However, adults who want to restrain you should not try to do so by force. If they do, you will develop a lifelong negative attitude toward authority.

Opportunities: 1. Giving Your Maternal Instincts Expression 2. Helping the Public

Challenges: 1. Connecting with Others' Emotions 2. Avoiding Emotional Manipulation

You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

([211] astromatrix.org;) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

([113] 12andus.com;) You try hard to suppress and hide your raw emotions and deeper instincts so that you can conform to expectations of others, especially in your career. You may be highly protective of your public image but in denying your deeper desires, you cut yourself off from a source of power, confidence and creativity. Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or

rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set the stage for a successful career.

([148] astromatrix.org.) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence circumstances in your favor. This is why you desire to be in a position of authority, calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to

be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 26° **Pisces** 3' and in the **8th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 2° **Capricorn** 51' and in the **6th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with

the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 8° **Scorpio** 35' and in the **4th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 7° **Virgo** 36' and in the **2nd** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 9° **Libra** 19' and in the **3rd** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 17° **Taurus** 22' and in the **10th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 13° **Pisces** 25' and in the **8th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 20° **Cancer** 59' and in the **12th** house.
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 11° **Scorpio** 50' and in the **4th** house.
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Scorpio: murder, plots, jealousy, scheming, lack of trust

Nemesis in Fourth house (Cancer): insecurity or attachment, large crowds, getting lost

Lots related to family:

The **Lot of the Father** is in 21° **Scorpio** 38' and in the **4th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 4° **Taurus** 11' and in the **10th** house.
Same as for father.

The **Lot of Siblings** is in 29° **Aquarius** 27' and in the **7th** house.

The **Lot of Children** is in 0° **Aquarius** 5' and in the **7th** house.

The **Lot of Daughters** is in 13° **Cancer** 49' and in the **12th** house.

The **Lot of Sons** is in 4° **Virgo** 53' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 0° **Aries** 18' and in the **9th** house.

The **Lot of Marriage for Men** is in 29° **Sagittarius** 8' and in the **5th** house.

The **Lot of Deceit in Marriage by Woman** is in 21° **Aries** 17' and in the **9th** house.

The **Lot of Deceit in Marriage by Men** is in 22° **Virgo** 16' and in the **2nd** house.

The **Lot of Marriage (in general)** is in 15° **Virgo** 38' and in the **2nd** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 9° **Aquarius** 14' and in the **7th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 27° **Leo** 43' and in the **1st** house.

The **Lot of Treachery** is in 20° **Cancer** 9' and in the **12th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 13° **Aries** 12' and in the **9th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 25° **Gemini** 15' and in the **11th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Aquarius (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 11th House/Aquarius: You look high and low to find a cause to be passionate about, often becoming entranced by friends and anything you can invest hope in. The connections to make in groups opens a whole world of information to absorb. In this age of information, you thrive on the internet, as you love having immense information at the tap of a finger. You may lose yourself often in technology, as you find these newer ways to connect to the world around you astoundingly interesting. You associate yourself with people that you know will wind up doing something off the wall, which is what you live for, but you take responsibility for the group. This leads to problems with trying to balance many different strange people and still having the ability to be as weird as you want yourself, without feeling overwhelming to others or overwhelmed yourself. Pholus spends most of his orbit near Uranus, so you already accept the sudden change aspect he brings. Integrating these changes into your hopes and friends is needed.

Pholus in 7th house

(12andus.com;) You easily gain friends and may be sought after by more people than you expected.

Your attractiveness and love of others can lead you to seek balance and empathy but sometimes you look for love in all the wrong places. You may make small seemingly innocent connections with people who turn out to have a dramatic life changing effect on you.

You may become obsessively involved in romantic relationships that you think are going to give you what you're looking for, only to find that you have been deluding yourself or developing a toxic relationship.

You may need to heal from a past relationship before you try to move on into new relationships. Through relationships, you may unintentionally open up a can of worms that you can't easily control.

You may find transcendence and healing from dealing with an unintended fallout from your attempts at relationships with others. Others can help you face hidden aspects of yourself and you can find peace with hidden aspects of your personality.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Aquarius (Rx)

(12andus.com:) Your desire for sexual intimacy can be triggered by an attraction to unusual partners.

You're aroused by anyone who breaks the rules. You may also fantasize about sexual encounters in unusual places. Having sex in public, in taboo settings or in places that are outside of the social norms may appeal to you.

You may also have a fetish for rule breaking and challenging tradition. You'll want to explore the outer limits of your sexuality. You may love surprising sexual encounters and need spontaneity. You're sensitive to partners who are rebellious and creative.

You may be able to go for long periods of time with little sexual or romantic interest but then suddenly feel the need to explore all of your fantasies and act with great intensity or impulsivity.

Your sexual interests may even come as a surprise to you. You have a dramatic and shocking way of expressing your sexual interests.

Eros in 7th house

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner and try to turn your partner into a more romanticized version of themselves so they fit your image.

1) ► 8° Aquarius 39' **Pholus** ✎ **Conjunct** ☾ **Moon** 18° Aquarius 48' - (10°09')
(12andus.com:) Your emotional and intuitive nature and your responses to dramatic life changing events are closely connected.

You can be emotionally impacted on a deep level by dramatic events that have an impact on your community. You may have an intuitive sense when crises or cataclysmic events are on the horizon. Even still, you may try to change or mitigate the impact of negative events but the consequences will still impact you on a deep and personal level.

You may face a dramatic change to your family, home life or emotional stability as a result of dramatic crises or tumultuous and unexpected events that arise outside of your control.

Your emotions and ability to remain stable and find greater healing are essential to your ability to work through such dramatic changes.

2) ► 8° Aquarius 39' **Pholus** ✎ **Opposition** ASC **Ascendant** 14° Leo 46' - (6°07')
(12andus.com:) You may resist accepting responsibility for some great change you must initiate.

You'll procrastinate for as long as possible until the day comes when you "accidentally" slip up and say or do something with dramatic and long reaching consequences. Once you've unleashed this dramatic change, there's no turning back.

You couldn't have planned it, and you certainly can't put the genie back in the bottle. The most you can do is try to become comfortable recognizing the major life turning points when you are facing them. Instead of standing at the crossroads refusing to accept some aspect of your destiny, try to balance your need for control and your need to be flexible.

You may avoid facing a major life challenge because it threatens your ambition. Yet you may come to find that this turning point was exactly the catalyst you needed to bring your ambition to reality in the first place.

3) ► 8° Aquarius 39' **Pholus** ✎ **Opposition** MC **Midheaven** 0° Leo 3' - (8°36')
(12andus.com:) You may feel torn between cataclysmic events and crises beyond your control and your desired career path.

Just when you think you're finally stable and setting the foundation you needed in your career, you may unexpectedly face dramatic life turning points that challenge your professional status or career goals.

If you are able to balance your career ideals and the reality of a crisis or challenge you

must face, you can find ways to align your reaction to crisis and your role of leader in business or career.

You may want to spend more time with family or in the privacy of your home at a crucial time in which your skills and talents are in demand in the career path or business that you've been called to.

You will have to put some effort into finding ways to fulfilling your career path and also fulfilling your obligations to others during times of crisis and pivotal changes.

You may be called to protect others or to be a leader or guide during times of crisis and even if you are not fully prepared, you will be able to learn as you go.

4) ► 8° Aquarius 39' **Pholus** ✎ **Opposition** ♁ **Pallas** 9° Leo 19' - (0°40')
(12andus.com:) You may feel torn between your desire to fulfill your mission and act on your larger vision but at the same time will find it difficult to do so because of a crisis outside of your control.

Your warrior spirit may make it difficult for you to adapt to the changes required of you during times of unprecedented upheaval. Major life turning points may cause you to pivot in ways that go against your initial plan or strategy.

It can take some effort on your part, but once you are able to work through your resistance and let go of the need to manage a crisis, you'll be better able to see the bigger picture.

With this perspective, you'll also be able to better find ways to lead others and help others see the crisis situation as a path to transition into greater advancement collectively.

You may find greater courage to fight for your beliefs as the result of going through a dramatic milestone.

5) ► 8° Aquarius 39' **Pholus** ✎ **Sextile** ♃ **Jupiter** (Rx) 9° Sagittarius 4' - (0°25')
(12andus.com:) You may find it easy to express your beliefs and broaden your perspective in the midst of crises.

In fact, you naturally adjust your expectations to view challenges and crises as opportunities to broaden your thinking and take on new beliefs. You may progress to understand your religion, faith, spirituality or even scientific views or philosophy because of the impact of various turning points throughout your life.

You can show great compassion, generosity and benevolence during times of crisis. You'll try to act as an advocate or healer when others face challenges or during

tumultuous events.

6) ► 8° Aquarius 39' **Pholus** ✎ **Square** ♀ **Venus** 8° Scorpio 13' - (0°26')
(12andus.com:) You may find it challenging to preserve your relationships during times of crisis.

Small steps and seemingly inconsequential choices influenced by partners or relationships, can have dramatic ramifications in the long term. A connection to a partner or love interest can lead you to experience major turning points that change the course of your life.

You may struggle with hardships brought about by your relationship choices. These challenges can unleash dramatic events and issues. From these issues you may learn how you have been overestimating yourself or your role in relationships.

Eventually you can find ways to create security and loving connections to others but you may have to gain a new perspective and overcome toxic relationships patterns first.

7) ► 8° Aquarius 39' **Pholus** ✎ **Trine** ☉ **Sun** 0° Libra 42' - (7°57')
(12andus.com:) You may find it easy to shine and rise to the occasion, no matter what is happening around you.

Even when you find yourself in the midst of chaos and dramatic, large scale changes, you find ways to channel your creativity and individual talents to rise to the occasion. You can find ways to lead others and try to minimize the negative impact of large scale crises, though your efforts may take a personal toll.

You may run the risk of losing your footing or facing some backlash or consequences for trying to make the best of a bad situation. Even still, you can find dramatic breakthroughs through cataclysmic events that began with small steps or unexpected detours.

8) ► 8° Aquarius 39' **Pholus** ✎ **Trine** ♁ **North-Node** 4° Gemini 26' - (4°13')
(12andus.com:) You may find it easy to follow your higher purpose and path during times of cataclysmic change.

You are likely to step up to the plate and embrace your purpose and higher calling during the midst of crises and cataclysmic changes. You can find your full potential and refine your mission as a result of undergoing dramatic changes in situations outside of your control. You may easily be able to embrace your calling and evolve personally as a result of the tumultuous changes brought about by crises and dramatic turning points.

9) ► 8° Aquarius 39' **Pholus** ✎ **Quincunx** ♀ **Vesta** 10° Cancer 27' - (1°48')

(12andus.com:) Your sense of spiritual mission may require sacrifices that you don't feel prepared to make.

Yet if you do some internal work to explore your true calling and higher mission, you'll be better able to respond to crises and cataclysmic events. When you use these situations as catalysts to help you let go, you'll be better able to step up to the plate in service to others.

You may also have to become comfortable with your spiritual calling and cultivate a stronger sense of faith so you can respond productively during times of crisis.

When you do, you'll find it easier to align your sense of duty and work with your service to your spiritual calling in the midst of crises.

10) ► 8° Aquarius 39' **Pholus** ✎ **Octile** ⊗ **Fortune** 26° Pisces 3' - (2°24')

11) ► 8° Aquarius 39' **Pholus** ✎ **Bi-Septile** ♂ **Mars** 25° Libra 19' - (0°28')

12) ► 8° Aquarius 39' **Pholus** ✎ **Novile** ♀ **Mercury** 29° Sagittarius 17' - (0°38')

13) ► 27° Aquarius 59' **Eros** ✎ **Conjunct** ☾ **Moon** 18° Aquarius 48' - (9°11')

(12andus.com:) You easily nurture your erotic and sexual side.

In fact, being in a nurturing or caretaking role can be arousing for you. You can find it satisfying and even be infatuated with those with whom you feel a strong emotional connection.

You don't know how to separate erotic from emotional love. This can lead to confusion when you expect a purely sexual relationship to naturally have an emotional component and your partner doesn't see it that way.

Yet you can show a caring, emotionally compassionate side even when you are exploring erotic relationships.

You need to feel secure and at home before you can fully open up to your full erotic potential and share your desires and fantasies with others.

14) ► 27° Aquarius 59' **Eros** ✎ **Conjunct** ♀ **Ceres** 5° Pisces 9' - (7°10')

(12andus.com:) You find it easy to nurture your erotic desires and sexual fantasies.

Your fetishes and fantasies can be practical and relate to abundance, security and having your physical needs satisfied. You can also find deep fulfillment and satisfaction by following your erotic desires.

You may find greater grounding and stabilization by expressing your erotic nature as well. You can easily explore your fantasies and sexual desires when you take the time to

pamper yourself and nurture yourself in other ways as well.

You can become infatuated with a partner who is attentive to your physical needs and who pampers you and tends to your practical needs. You may also become infatuated by the desires to be secure in a relationship rather than to have too much adventure.

15) ► 27° Aquarius 59' **Eros** ♀ **Sextile** ♀ **Mercury** 29° Sagittarius 17' - (1°18')
(12andus.com:) You may find it easy to communicate your erotic desires to your partners.

Your interests may be eclectic and varied and you are more aroused by ideas than by actions but you easily talk about and communicate your desires. You may also be easily aroused or infatuated by hearing your partner's voice or talking seductively.

Erotic books or conversations can also be arousing to you and may be part of your fantasies and obsession when it comes to intimate encounters.

16) ► 27° Aquarius 59' **Eros** ♀ **Sextile** Sp **Spirit** 2° Capricorn 51' - (4°52')
(12andus.com:)

17) ► 27° Aquarius 59' **Eros** ♀ **Square** ♂ **Uranus** (Rx) 26° Taurus 48' - (1°11')
(12andus.com:) You may have to challenge yourself to get in touch with your erotic nature.

Yet when you overcome the limitations and confines of social expectations and norms, you may find that you have more intense desires than you realized. With some effort, you can draw on your creativity and visionary tendencies to break down barriers and explore your sexuality.

You can come to embrace your erotic nature and become more comfortable with unusual fetishes and creative ways to express your intimate desires.

18) ► 27° Aquarius 59' **Eros** ♀ **Square** ♀ **Neptune** 27° Scorpio 43' - (0°16')
(12andus.com:) You may find it challenging to express your erotic love because you have such high ideals.

You may feel like you have to wait for a partner who knows exactly how to please you but in doing so may project high standards. As if you expect someone to read your mind, you may dismiss or reject partners who don't instinctively understand your fantasies.

If you make adjustments to your mindset, you can better accept and appreciate your deep emotional bond and connection with your potential partners while also accepting that they, and you, don't have to be perfect.

If you can embrace the spontaneity of romance and eroticism, you can better explore your deeper desires, rather than waiting for things to be perfect.

19) ► 27° Aquarius 59' **Eros** ♀ **Square** ♄ **North-Node** 4° Gemini 26' - (6°27')
(12andus.com:) You may frequently find that those you are most strongly attracted to, or even obsessed with, are not fully open and accepting of your advances.

You may be infatuated with partners who aren't available or who don't know how to satisfy your needs. On a deeper level, you may feel like you need to suppress your sexuality and therefore seek out partners who are not capable of exploring your erotic nature fully.

You may have to work to shift some aspect of this pattern so that you can embrace your sexual nature and intimate desires.

You can come to find greater confidence in your identity and erotic nature and when you do, you may fuel your personal goals and ambitions in part with the creative energy that you derive from exploring your fantasies.

20) ► 27° Aquarius 59' **Eros** ♀ **Square** ♄ **Lilith** 28° Scorpio 24' - (0°25')
(12andus.com:) You may find it challenging to express your erotic nature.

You want to express your deeper desires and erotic fantasies yet you may struggle with intimacy because you feel that this makes you vulnerable because of the power dynamics of an emotional relationship. As a result, you may want to push away from people who could be lovers or intimate partners.

You may insist on having your own way or finding pleasure without the vulnerability brought on by partnership. Yet in doing so, you may alienate yourself from potential partners.

When you learn to shift your perspective, you can find greater pleasure and happiness in your intimate relationships as long as you aren't expected to surrender control or conform to others' expectations or standards.

21) ► 27° Aquarius 59' **Eros** ♀ **Square** ♄ **Vertex** 21° Scorpio 1' - (6°58')
(12andus.com:)

22) ► 27° Aquarius 59' **Eros** ♀ **Trine** ♂ **Mars** 25° Libra 19' - (2°40')

You need a certain degree of predictability and consistency so that you can feel safe sharing your deeper erotic fantasies. Yet when you have the commitment and understanding of your partner, you can delve into your fantasies.

You prefer sensual, practical and physical expressions of eroticism and love. Idealism and fantasies aren't as exciting for you. Still, even if your routines are relatively limited, you can find great pleasure and even infatuation with your consistent routines.

However when you take the time to work through the subconscious messages you've

come to believe about power and sexuality, you may feel like you're completely rewriting the rulebook. You may be transformed as you embrace your power and authority to indulge in your erotic fantasies.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Aries

(astrology.com:) Aries or in the first house: For these individuals, experiencing illness or witnessing another's health crisis during their formative years becomes personality-defining. Having suffered the consequences of neglecting preventive care, which they equate with losing their autonomy, they take direct ownership of their personal fitness, exploring different modalities, and continually updating their health goals. Their identity may also be tied to the occupations listed in the above section.

Hygiea in 9th house

(astrology.com:) Sagittarius or in the ninth house: These individuals acclimate easily to new places, as homesickness and culture shock affects them less. Their barometer for inner stability relies on continuous exposure to new ideas and philosophies, and they are more apt to adopt the wellness practices of foreign cultures. Because mobility is their friend, they become stressed when confined by convention or when forced to put down

roots in environments that are ill-suited to their growth.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Cancer

(synnisisigns.com:) When Eris resides in your fourth house of the home you have the power to recognize how past conditions have contributed to current problems. You experience through your childhood how unequal power distribution causes problems in the home. If you are wise, you will work on these dynamics in your own life, so the same bitter fruit is not born. If you do not, you will repeat the experiences of your parents.

Eris in 12th house

(synnisisigns.com:) In the twelfth house of connection with the your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Capricorn

(whatsmyalternative.com:) A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Karma in 6th house

(smartyoungsters.com:) Karma in 6th house: You can reach your goals through medicine, healing, nursing, performing duties on a daily basis. Your accounting abilities, animals, environment, co-workers, enemies, employer, healing and nursing talent can help you fulfill your duties. You win through adversity. You become a healer, doctor, nurse, animal activist, environmentalist and a conqueror by winning against your enemies. Just don't misuse your skills or be ignorant.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Gemini

(astronomicallyaligned.tumblr.com:) Your box is filled with air and electricity. It's similar to the connections and nerves in the brain. If let loose, it will spread like a virus, infecting all living, and all dead. You might want to release the tension in hope of gaining intelligence and possibilities. The virus turns the brain on full gear. It's airborne. It will spread fast and mercilessly like the plague. Try using that inner electricity and light air for connecting and inspiring a thirst for knowledge in others. Or more the thirst for thinking.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Sagittarius (Rx)

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was

also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him "how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Nessus in 5th house

(smartyoungsters.com:) This is the self-obsessed Nessus that wants to be on the center stage at all times. A politician that can kill, murder or do almost anything to win the coveted chair. An actor who wants to have the spotlight always on him and who go to any length to get it. This is a self-centered Nessus who wants to be worshiped at all costs. He manipulates followers can even buy them to promote his superiority. An actor who commands attention, has a powerful personality. Known for his ego and pride, this Nessus is insanely generous to his followers and yes-men. When this Nessus is positively influenced by Saturn and Chiron, he can be the hero of dreams. He can be a great King for his subjects. Win Oscars, take his country to the top most position in the world as the leader. In love, this Nessus wants to be treated as royalty and will not tolerate a partner who does anything less than that. May always want partner to behave "up to the mark" and have high expectations from him/her.

Dejanira | Victimhood, Toxic Submission

Can indicate masochism (self-harm), being drawn to sadistic types or a victim mentality. No fault of her or his own. The person did not choose his chart. He has the power to respond, only. All charts can be overcome.

Icarus | Risk-taking, Defiance

Shows how and where we seek to be free of constraints. More keywords: Freedom, expansion, liberation, an attempt to escape intolerable situations, vivid inspiration. If not liberated then constraint by one's own fears.

Europa | Laziness, Fall for Seduction

It's where we are most likely to be couch potatoes in our life and expect people to come to us. Where it falls will be where we cannot bear conflict and will avoid rocking the boat if we possibly can. It is where we have a need to view everything in rose-tinted glasses.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God. [1] what you are a source of in your regular daily (often work) encounters

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but

tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Arthey) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the

Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change. To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Zhulong

Threatening chaos, breathing fire, external behaviors through internal emotions.

(markandrewholmes.com:) The harsh truth, self-deceit, brainwashing, refusing to acknowledge inconvenient or unpleasant truths, having the courage to act on these truths. It is described in classic Chinese literature as shining a torch over "the ninefold darkness."

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

HEZE (1° Libra 38') is (**0°56'**) of (2°00') close to the **Sun** (0° Libra 42').

[1] (+++) october 14-18 Mercury-/Venusian - light eminence, direct to study, train minds in the learned arts, give not so much abundance of wealth as the impulse to investigate the causes and effects of things, a tongue of charms, mastery of words, mental vision that can discern all things, however concealed they be by the mysterious workings of nature, bashfulness, inventive, sanguine, solitary, extraverted, possible compensatory narcissism

[3] This is chaotic and perverse energy that seeks random release, resisting order, and fair judgment. Focus on remaining calm, during this turbulent time and if possible defer all important decisions until the dust has settled. Waiting to make big decisions sometimes turns out for the better in the long run.

If this energy is managed correctly and focused on an end goal. It becomes a catalyst for change. Usually for the better. It marks a change of heart and a change of mind. Allowing new concepts and circumstances to arise. The universe opens up and shows its hand. A time for patience as you wait for the right energies to carry a project to fruition. In the meantime plan your future steps in creating what you are wanting. The fixed star foramen breaks all traditions and rules. Taking a maverick approach to circumstances and situations.

Times where anything can happen, positive and negative. Knowing the correct pathway forward will take some time. The rewards will be well worth waiting for. Think of it as a time of maturity like a fine wine. Through this process, great wisdom is found. In conclusion, the Foramen star has a strong influence on one's astrology chart. It affects other planets and stars that come into focus. Well worth figuring into a final astrology chart reading.
