The Humanitarian

The Life Path 9 suggests that you entered this plane with an abundance of dramatic feelings coupled with a strong sense of compassion and generosity.

The key to the nature of a Life Path number 9 person is found in their humanitarian attitude.

The 9 Life Path is not apt to get rich since they are very generous, sometimes to a fault, and usually have an easy come, easy go attitude about money.

You have the ability to make friends very easily, as people are attracted to your magnetic, open personality. You meet people easily and are quickly befriended because of your openness and amiable demeanor.

Relationships can be difficult for you because it is hard to strike a balance that will work effectively. If your partner is one sharing your giving attitudes, the relationship will be happy and lasting. On the other hand, if you choose a partner whose focus is on material issues, problems will arise quickly.

The purpose of life for those with a 9 life path is often of a philosophical nature. Judges, spiritual leaders, healers and educators frequently have much 9 energy. The number is less inclined to the competitive business environment and may find this a struggle.

Because you are so giving you may find that your finances are not in the greatest shape. You may also have a tendency to be scattered. Your talents lie in so many different directions that you may find it difficult to focus on just one. If you are not following your Life Path and are instead pursuing only materialistic gains, you could feel a deep level of dissatisfaction with yourself.

Expression (Destiny) Number: 7

([659] numerologycalculator.online:) The number 7 Destiny suggests that the direction of growth in your lifetime will be toward thought, analysis, and the development of a mind skilled at searching out the truth.

You must become accomplished at analyzing, judging and discriminating, so that little escapes your observation and deep understanding.

In this you will become increasingly introspective, and value seclusiveness and solitude.

You are the type of person that can really get involved in a search for wisdom or hidden truths, and you must become an authority on whatever it is you are focusing on.

This can easily be of a technical or scientific nature, or it may be religious or occult, it matters very little, you pursue knowledge with the same sort of vigor.

You can make a very fine teacher, or because of a natural inclination toward the spiritual, you may become deeply emerged in religious affairs or even psychic explorations. You have excellent capabilities to study and learn really deep and difficult subjects, and to search for hidden fundamentals.

You tend to operate on a rather different wavelength, and many of your friends may not really know you very well. At full maturity you are likely to be a very peaceful and poised individual. You really like to work alone, at your own pace and in your own way. You neither show or understand emotions very well.

The positive aspects of the 7 Destiny are that you must be a true perfectionist in a very positive sense of the word. You are very logical, and usually employ a quite rational approach to most things you do. You can be so rational at times that you almost seem to lack emotion, and when you are faced with an emotional situation, you may have a bit of a problem coping with it.

If there is an over supply of the number 7 in your makeup, the negative aspects of the number may be apparent. The chief negative of 7 relates to the limited degree of trust that you may have in people.

A tendency to be highly introverted can make you a bit on the self-centered side, certainly very much self-contained. Because of this, you are not very adaptable, and you may tend to be overly critical and intolerant.

Life Path - Expression Bridge Number: 2

([660] numerology.center:) Number 2 gives you characteristic of a very loving and pleasant person. But the other people, generally, cannot notice that. You think that you are an open person and everybody understands you, but, unfortunately it is not like this. All people are different and you have to be more tactful towards others so that they can see your friendliness. In some situations, diplomacy and practicality may help as well. Sometimes you are not attentive enough to other people. It may hurt them and lead to further misunderstanding. You have to be more polite and open to make contacts with others and avoid conflicts, which doesn't definitely lead you to your dream's accomplishment. You have to be sure of your capabilities and not to repel other people. This is a recipe for your happiness and luck.

Heart's Desire (Soul Urge) Number: 8

([659] numerologycalculator.online:) People with the 8 heart's desire thrive on attaining power and wealth. They are very ambitious, goal oriented and competitive and thrive on challenge.

Your desire is to achieve what you have built up in your mind to be the pinnacle of success. You hunger – even lust – for things like power, wealth and material possessions. The only problem is that in your pursuit of these things you have a tendency to lack attention to pertinent details.

You will find yourself on a constant learning curve as you attempt to harness the aspects and characteristics present in all your core numbers.

There is no single part of you that will achieve the success you desire. Every facet of your personality and intellect will need to be employed if you are to achieve your goals. Many of your abilities will be sharpened and refined along the way. You will find that this personal evolution makes you an ever-increasingly good judge of other people's character and this trait is one that you must constantly strive to improve and develop.

Personality Number: 8

([659] numerologycalculator.online:) The eight personality is very ambitious and competitive, but typically good-natured about it.

They appear confident, lucky, and highly resourceful.

Eight people love to push themselves to reach consistently higher goals. They are very good at envisioning and developing projects. People see them as well rounded and having good business sense.

Their radiated strength, charisma and power makes others to see an executive or leader in them.

People with Personality Number 8 appreciate their reputation and image and make everything to have an image of a confident, capable, prosperous and successful winner. They are impartial, cool and can control and manage any possible problem due to their inborn endurance and stamina.

Besides overcoming challenges and obstacles they like to prove others they are capable of that.

They are attracted to the arenas of finance, business or politics and want to be involved in influential circles.

Heart's Desire - Personality Bridge Number: 0

([660] numerology.center:) This number brings you luck. You have a wondering ability to make people feel calm, happy and comfortable near you. They like to spend time with you and look for your company. You are a responsible person and you understand that success depends on your efforts. But sometimes it is impossible to control everything. Just accept it and don't give up. You have a tendency to be nervous if your plan is not fulfilled. If something goes wrong, you don't have to worry too much. With time, everything will come to be in its place.

Quiescent Self Number: 8

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 8 are likely to imagine themselves as a moving force in building large physical structures or efficient procedural systems that have the potential to benefit society for a long time into the future.

The energy represented by the number 8 resonates with business and building remarkable and beneficial things. It is efficient. And it is a realistic energy.

Visualizations generally include the organization necessary to accomplish the goals of building structures and systems. It is common for visualizations to include being the executive director or on the board of international companies — with a dedicated staff sufficient to do business on a large scale.

The thoughts and pleasures of someone with this quiescent-self number tend to relate to accomplishing goals in an efficient manner — accomplishments recognized by individuals and society for their high caliber and their usefulness.

Maturity Number: 7 = 9 + 7 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with introspection and spiritual contemplation. You're being called upon to work with your deep need to "know thyself" through solitude and specialization, scientific study or philosophical thought, and data analysis with intuition.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to truth seeking to center stage. Situations will arise highlighting the need for isolated time for yourself, research or writing, and the search for inner peace and spiritual fulfillment.

What that might look like:

- A personal crisis that demands a re-evaluation of your beliefs.
- A choice to be unmarried or live with agreement around your need for solitude and contemplation.
- This can be a time where you share scientific breakthroughs, spiritual awareness, or psychological insights with others.

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers.

This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 5

(Month + Day) - from age 0 to 27 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you’re experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it’s hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It’s all up for review during this highly energized portion of your life. If you’re forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn’t a time to nest or settle down; instead you’ll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don’t resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you’re experiencing.

Pinnacle 1 Number 5: First Pinnacle: A 5 First Pinnacle can be a difficult period because it’s hard to find the stability to establish yourself, develop a sense of who you are, and set the foundations for what you want in adult life. Perhaps you end up moving quite often during this First Pinnacle and it requires that you change schools and friends often. The 5 energy invites you to live by your own rules in many ways during this early time, which can be great for you, if well managed. Most likely you’ll find yourself getting into trouble. You’re likely to experience a good amount of impulsiveness and a craving for unbridled independence during this early stage. The 5 is all about progressive thought and action – and also supports engagement with people and experiences that

broaden your horizons.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

Second Pinnacle Cycle: 7

(Year + Day) - from age 28 to 36 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 2 Number 7: Second or Third Pinnacle: If you experience this vibration in your Second or Third Pinnacle, you'll be offered an opportunity to refine and specialize your skills down to a fine art if you so choose. Unless you're directly involved with some sort of research, spiritual, or philosophical endeavors, progress during this Pinnacle can feel painfully slow. The benefits to your 7 Pinnacle won't be seen in your material or financial realm as much as in your spiritual life and internal realm.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

Third Pinnacle Cycle: 3

(1st Pinnacle + 2nd Pinnacle) - from age 37 to 45 (based on LPN) - ([665]
feliciabender.com:)

General: When a 3 Pinnacle comes, get ready to dig into your emotions and express yourself. This is a time to get to know your inner life intimately, to identify and deal with your emotions, and to cultivate your creativity in all its forms. You have no other choice except to dig deep to locate your underlying emotions and learn to communicate these with clarity and purpose. It's time to learn to speak your truth. If you attempt to hold your feelings and ideas in, you'll implode. Now is the time to allow yourself and others to see the true creative and emotional you.

This Pinnacle is set up for light, enjoyable activities that support joy and expression. This energy is supportive of travel, social activities, friendships, and entertainment. You may feel affectionate and certainly you feel the push to be outgoing during a 3 Pinnacle. The foundation is being poured for growth and development of personal expression, particularly verbal expression. Even if you haven't felt particularly "artistic" or "creative" before, now you are likely to feel drawn toward participation in artistic creation of one kind or another.

The 3 vibration is aligned with the joy of the present moment. Long-term plans made during this stage might not come to fruition exactly the way you planned them. It's all about being with people, having some fun, and acting with a youthful attitude. It can be an "easy come, easy go" stage, where variety and movement trump hunkering down and making things happen. Think. Dream. Imagine. Create.

Pinnacle 3 Number 3: Second or Third Pinnacle: If you're in your Second or Third Pinnacle, the 3 energy pertains to good friends and happy relationships, joy, gratitude, the pleasures of life, and creative self-expression. This is a time where your responsibilities and accomplishments are greatly dependent on your social demeanor and communication skills. You may be presented with opportunities to write, speak, design, or take a job in the entertainment industry. This time is marked by imagination and feelings.

If you're nurturing this number's healthy aspects during your Pinnacle, it has a natural attraction for money and an easier life full of creativity where you're drawn to encourage and inspire others. You could even become interested in some aspect of the healing

arts.

Warning: Warning: You'll feel that with the 3 energy, you can get easily scattered, distracted, and drained. The 3 energy is so curious, you'll want to learn something and then quickly move on to the next thing. You would benefit from developing more groundedness and a sense of self-discipline in order to take full advantage of this joyful and happy number.

Fourth Pinnacle Cycle: 6

(Month + Year) - from age 46 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 4 Number 6: Fourth Pinnacle: If you have a 6 Fourth Pinnacle, the vibration

brings with it the rewards and pleasures of family, friends, and security. You'll most likely act on your feelings of philanthropy. This is a stage where giving back is vital to your innate sense of well being and purpose in the world.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

First Period Cycle: 11

(Month) from age 0 to 27 (based on LPN)

([666] worldnumerology.com:) The first 30 years of your life represent a time of spiritual expansion, even illumination. You will grow in understanding and wisdom. It is not a time to pursue material goals for themselves, but to seek the higher human ideals.

There is a temptation, however, to chase after the infinite without grounding yourself in the practical. That must be avoided. Focus your studies and deepen your understanding to the point that your knowledge can be conveyed to others in simple and acceptable terms.

You possess a message or an ability that should be shared with your community, but only through deep personal transformation and improvement of self-expression can this gift be given.

The more willing you are to work on yourself, the more good you will do for the world at large. For those who accept and embrace this path, there is much reward, including ample financial support and even fame. There is also the deeper satisfaction of knowing that one has made a contribution to the advancement of others.

Second Period Cycle: 3

(Day) from age 28 to 54 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a time of heightened self-expression and social support. Abilities you possess in the arts, especially in writing, acting, or dance, are enhanced.

You are more social than you have been in the past, and others are attracted to your charm and charisma.

Although this is a time of maturing, you feel as though you are becoming mentally younger and more creative.

Staying focused on practical goals may be challenging.

Third Period Cycle: 4

(Year) from age 55 (based on LPN)

([666] worldnumerology.com:) Chances are you are as busy as ever in the latter period of your life. Whether it is because you continue to work or become involved in a project by choice, you continue to move forward, finding reward through your efforts.

During this time, you build an even stronger foundation in many areas of your life. Your home, family, and finances remain important but your inner/spiritual and emotional life develops as well.

You become increasingly concerned with moral issues and matters of justice. You may be drawn to volunteer, perhaps for a non-profit relating to injustice and inequality.

First Challenge Number: 1

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

This Challenge Number has already been explained previously. (above)

Third (Main) Challenge Number: 0

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given “a free pass,” so to speak. You’re being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It’s suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There’s great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Fourth Challenge Number: 2

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Personal Year Number (for 2022): 11 (03 + 11) + (2+0+2+2)

([668] astro-seek.com:) Lessons of this Personal Year can be very spiritual in nature and under its influence people can attract inspirational energy at a higher level, and then they

can use this energy to inspire others. These lessons or opportunities to learn usually happen in stormy situations that always occur during the first three months of the period, that is, within three months of your birthday.

If you've read this far then you know about my scepticism with which I see the subtle differences between vibrations eleven and two. If there is an aspect that proves to me that there is a real difference between them, then it is this one. In the first quarter of Personal Year 11 there is a turn which does not occur during Personal Year 2; then, when the stirred up dust settles again, the following nine months of Personal Year 11 pass calmly and uneventfully and they suspiciously remind us of Personal Year 2.

During this period people get the chance to affect more subtle and hidden emotions of everyone they meet. They can also develop their intuitive skills to the point that they can detect and bring to the surface feelings that others are not able to express.

In the course of Personal Year 11 people will have the ability to recognize and release the latent qualities and opportunities of everything they encounter, and if they can patiently and comprehensively make use of everything they see around them, they will also be able to help others realize their dreams.

This year any stress will have very exhausting effects, but people who can use the intuitive features of Personal Year 11 to show friendliness and offer a helping hand may get a great satisfaction.

Personal Year Number (for 2023): 3 (03) + (11) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 3 is a year of increased creative and inspirational energy.

Creative expression, creative inspiration, more opportunities for social interaction — all these tend to be more present.

Creative expression may be through personal artistic endeavors or a deeper association with the arts. Creative inspiration may be an expression of imagination. Enthusiasm is more abundant, as is a desire to entertain.

It's likely to be a colorful and eventful year.

(feliciabender.com:) This is a year of fun and creativity! Take center stage. Take a public speaking class or have a makeover. Live your life big and expansively. Take risks you'd usually never dream of taking. This is your year to be out there, expanding all aspects of your sense of creative self expression.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice you time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take

critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): B

([676] ezinearticles.com:) This letter indicates that feelings of shyness or being

introverted could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively. ([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life. ([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

The Four Planes of Expression (multi-dimensional)

Every plane (and dimension) gets certain letters assigned, the number of letters correlating per plane with your full name is the number you get for each plane (and dimension). All having certain interpretations. Based on first full official birth name. Table came from 'affinitynumerology.com', but that's not on the web anymore. interpretations for the planes from the [680] 'numeroscop.net'-calculator.

↪	Inspired		Dual		Grounded		Total	
Dimensions								
↓ Planes	Letters	Value	Letters	Value	Letters	Value	Letters	Value
Physical	EE	1			DM	8	4	9

Emotional	IR	9	B	2			3	11
Intuitive			U	3	C	3	2	6
Total	8	5	5	6	4	5	17	7

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

9 on the Physical Plane

Your reverie and tendency to unreasonable idealization of other people and current processes are more than compensated by your serenity, tolerance, strength, and nobility. You think globally, and carry out equally global projects. Such people, despite

some inherent impracticality, become great philanthropists, politicians, publishers, and public figures.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

8 on the Mental Plane

Wanting more than you have is not reprehensible, is it? Who would blame you if all your abilities, strength and knowledge are aimed at the realization of this desire? You want to control people and manage big business. Good luck then! Just don't forget to suppress your arrogance that may show up at times, and be demanding of yourself to the same extent as to others.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

2 on the Emotional Plane

Your worst enemy is loneliness. The prospects of remaining all by yourself scare and depress you. Quite the opposite, with a large crew of friends you feel like a duck to water. Your weaknesses include excessive sensitivity and vulnerability in some cases, while your strength is your innate ability of soft influence. Relying on this ability will help you to feel constant self-confidence.

11 on the Emotional Plane

(numerology.center:) You are very instinctive and adhere to your inner feelings. You love so much that you can get lost in the other person. You can say for sure what the motives and main purposes of other people are.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional

Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

6 on the Intuitive Plane

There is one peculiar sphere of human nature – spirituality. An armor that may seem impenetrable from inside can easily be affected by the loved ones. Therefore, don't try to isolate yourself from the world by a wall of innermost thoughts and personal feelings. It may happen that at some point there will be no one inside you, but yourself.

(The First Step to interpreting the multi-dimensional planes of expression calculation results is to note where the preponderance of letters are. Determine which plane(s) contain the most letters. Then, in each plane, determine which dimension(s) contains the most letters.)

For results with the most letters on the Mental plane, the person tends to have mental acuity, ever ready to think and understand. The person tends to have the qualities necessary for big business, invention, and leadership.

With the most letters on the Mental plane and in the Inspired dimension, the person tends to go straight toward their goal without deviation.

(The Second Step to interpreting the multi-dimensional planes of expression calculation results is to note the values of the planes and dimensions with the most letters. For the plane(s) with the most letters, note the "Value" number at the far right table column. Also note the "Value" number for that plane's dimension(s) with the most letters.)

Value of Mental Plane (most letters) - 8

This has already been described accurately previously but let us look at the general meaning of the number in numerology.

8. Business — The essence is about operating businesses and accumulating material resources. It's also about building great works that benefit people for a long time. (Note by me:) It is probably possible to look at the "Grand Total" as something describing you more overarching. The number is always the reduced sum of both the planes- and dimensions- values. This definition is general, not specific to it's position in the chart.

Value of Grand Total - 7

7. Introspection — The essence is focused on knowing itself and the world it exists in. Study is an aspect of the essence, as is wisdom. Answers generally come from within. Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 9 line «1-2-3»
1111	–	–	Moneymaking: 0 line «4-5-6»

			Spirituality: 7 diagonal «1-5-9»
			Temperament: 3 diagonal «3-5-7»
333	–	99	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 11111

"The Dictator" - restless, often aggressive and confident leader. You have a vital need for power, for organizing and directing people. Therefore, you are not afraid of conflicts or even pick a fight with the others. You do not accept others points of view. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Cognitive, creative — 333

"An Impulsive Scientist and Creator" - you have serious prospects to master any exact science, technique, algorithm or knowledge system, to make a name for yourself in any creative spheres. In addition to this, you are a dreamer and an experimenter - it makes you different from "33" and "3". But remember: you have too wide area of thought, sometimes along with a sick imagination and the inability to concentrate on something that requires to study hard. Your abilities can appear spontaneously and not always at the right moment.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — empty

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are

different things.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 99

"Good intelligence" - a good head given to the heedless student. This person can be perfect at all exact sciences, but then gives it up after loss of interest. They remember everything quickly and for a long time. Success comes to this person if they work over something constantly, but not on and off.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 9

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — empty

"The Ingenious" - can not take care of their own material security. Neighborhood and relatives see this as infantilism and lack of autonomy. But nothing changes even with the passing of time.

Talent (Line «7-8-9») — 3

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 5

"Stubborn" - this person goes to the goal at all costs, even if in the end the result will be not a circumstance to the resources spent on its getting. They look for partners who also want to get more out of life and it look down their nose at those whose goals seem insignificant.

Domestic bliss (Line «2-5-8») — 2

"Passive" - this person can even talk about wanting to start a family, but they make almost no tangible steps to this. They would like to get a marriage proposal instead of doing it.

Stability (Line «3-6-9») — 5

"Very stable" - practically never change their habits and surroundings, remain loyal to familiar things, even if the new ones are better. What is it: tediousness or predictability? Anyway, some of the surrounding people appreciate this, the others do not. But it is believed that this person is worth to trust.

Spirituality (Diagonal «1-5-9») — 7

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 3

"Impulsive" - this temperament will help to adapt to almost any partner: to damp the arbor with a partner whose temperament is lower, and, conversely, be hotter with those whose temperament is higher. If there is no soul mate, this person will not be above one-night stand. Also they often try to seem very hot.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular

card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Four of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Diamonds: Values - Security - Dharma

Four of Diamond Meaning: Good Fortune

Karma for the 4 of Diamonds - Overcoming of Self

Fire-Wands - Planets: Venus & Neptune

This is considered a card of luck and good fortune. Thus, the 4 of Diamond are inherently protected, but only if they are making diligent and concentrated efforts in their lives. When this is lacking, poverty and failure - in varying degrees - are the sure results. A life of leisure is just not part of their life plan!

Karmic Challenge for the Four of Diamond: Discontentment and Dissatisfaction

The importance of work is stressed for all 4's, and this is especially true of the 4 of Diamond. There is a tendency to become dissatisfied with their careers, and they will either move from one job to the next, or stay in a menial position, stuck and frustrated with their lot in life.

On a personal level, those who know a 4 of Diamond will agree: this is by no means an easy card to deal with. They can be very defensive and stubborn. They are known to rebel at the restrictions imposed by relationships, work and life circumstances. On the other hand, when a Four of Diamond person choses to switch on the charm, resistance is futile!

Basically materially oriented people, there is an underlying spiritual interest which should not be neglected! They are also extremely intuitive.

First Karma Card: Five of Spades

(metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent
Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

Second Karma Card: Five of Hearts (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures! Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Two of Spades

(metasymbology.com:)

SPADES: Physical - Work - Wisdom

TWO: Collaboration - Unity

CHALLENGE: Sharing

Earth-Pentacles - Planets: Mars & Neptune

SPADE: The Spade personality is geared toward work. It is the earth element and does not easily yield to pressure. The world may crash down around them, but if the spade personality is engaged in their work, the world will be just fine.

TWO: The value of two is cooperation. The personality of the 2 is drawn to experiences that give them a chance to learn that value.

JOURNEY OF THE SOUL: Their Soul Card is the 6 of Spade. This emblem is symbolic of a debt that needs to be repaid in the area of work.

In a perfect world, the 2 of Spade demonstrate the qualities of fairness, balance and equality. When these qualities manifest in the working lives of the 2 of Spade, they achieve success along with their most coveted prize of inner peace.

Their demeanor will either disarm you or put you on the defensive. They have a sense of mischief and fun-loving gaiety, but prefer to appear conservative.

Two of Spade can make a lot of money in technology and property. Their magnetism also serves them well in the entertainment industry.

You can always count on the Two of Spade to commit to the task at hand. They are stable, dependable and hard workers, though not so easy to work with. It is their challenge to find the balance between complacency and willfulness.

In love, they seek meaningful, long-term relationships. Mental rapport is high on their list of requirements and you will always know where you stand with a 2 of Spade!

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

Venus Card: Eight of Hearts

(metasymbology.com:)

Hearts: Emotions - Relationships - Love

Water-Cups - Planets: Jupiter & Neptune

Charismatic Empowered Domineering: All of the 8's feel empowered and emboldened by the meaning of their suit. The HEART suit symbolizes our social and emotional needs.

Thus the 8 of Heart seek power and control in matters of the heart!

It is true, all 8s feel the need to control and dominate, and when the Eight of Heart are engaged in love and busy with their relationships they are truly at their best. But unless the 8 of Heart manage to find their true love, they have a bad habit of racing through many loves, leaving a trail of broken hearts in their wake.

The 8 of Heart often find themselves having to work really hard for their money but they do have the protection of Saturn and there will always be enough security to get by.

Then there are those 8 of Heart who apply themselves to big business and end up being wildly successful in large organizations.

To make the best of their life pattern, all 8 of Heart need to be in the drivers seat - while at the same time - being careful not to bully others with their intense emotional power.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Six of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Six of Club Meaning: The Messenger

Karma for 6 of Clubs - Cultivation of Intuition

Air-Swords - Planets: Saturn & Neptune

This is the "Messenger's Card", and yet there are many 6 of Club who are unwilling to take the time or trouble to develop their greatest gift - the gift of intuition.

All Six of Club feel an obligation toward duty and they take their responsibilities seriously. Trouble is, the 6 of Club also symbolize inertia and easygoing lethargy. Hence many people born with Six of Club karma find it difficult to gain enough momentum to get up to speed and fulfill their lofty dreams. On the plus side, when a Six of Club does manage to overcome this karma, they have the unique ability to stay with a project, circumstance, or relationship until all obstacles are overcome.

Peace of mind is very important to all 6 of Club people, and they will make many sacrifices to attain that peace. All 6's are worriers and the 6 of Clubs is no exception. They worry about doing less than is expected of them; they worry about not being able to fully commercialize their talents - and most of all, they worry about the happiness and progress of their loved ones.

Their intuitive faculties are truly second to none if only they learn to live by their intuitive gifts!

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Six of Spades (metasymbology.com:)

Spades: Life/Death - Work - Spirituality

Six of Spade Meaning: Law of Adjustment

Karma for the 6 of Spade: Inertia
Earth-Pentacles - Planets: Uranus & Neptune

All Six of Spade people are strong willed and determined, a blessing as their excellent karma includes a not-so-excellent karmic challenge in matters of the heart. The 6 of Spade have tremendous potential in their lineup of cards if they are willing to accept the responsibilities that life places upon them. These responsibilities often relate to family matters, or relationships that end up being at odds with their ideals or personal goals. Indecision and confusion about love and what's expected of them, is their biggest challenge! They either accept these personal limitations and find creative ways to overcome their discontent, or they suffer and short-circuit their power. When this happens, their lives become filled with triviality, mired in gossip and superficiality. Six of Spade people appreciate beauty and enjoy mentally stimulating conversations. They may seem hard and unfeeling about life and death, but intuitively, they know that there is no death, only Eternal Life. This is the card of overcoming. Tried and tested throughout their lives, the successful Six of Spade are those who choose to march forward, despite the odds against them, and spread their unique perspective of the world to anyone willing to listen.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Queen of Hearts (metasymbology.com:)
Hearts: Emotions - Relationships - Love
Queen of Heart Meaning: The Sweetheart
Karma for the Queen of Hearts - Emotional Discontent
Water-Cups - Planets: Double Neptune

This is the Card of beauty, magnetism, affection and idealism. The women Queen of Hearts represent the much-loved mother, the sweetheart, the indispensable sister, the adored daughter. The men are sensitive, creative, sympathetic and understanding. If we did not have that inevitable negative side to deal with, this would be the most desirable card in the Little Book and its 52 pages. The Queen of Heart natives are talented in some artistic line, even if it's just in their appreciation of beauty or art. They are often intense and dramatic, and can be very domineering in the family. They are also capable of deep devotion and loyalty. There is a strong streak of religion in all Queen of Hearts and they are often influenced by strong minded women, religious or spiritually inclined. Even when we should, we don't like to find fault with the Queen of Heart; they are too loving and desirable!

After age 91 the cycles repeats.

Cosmic Lesson Card: Ace of Clubs (metasymbology.com:)
CLUBS: Information - Reason - Ideas

ACE: Searching - Penetrating
CHALLENGE: Self
Air-Swords - Planets: Mercury & Venus

CLUB: The Club personality exists to fully utilize the attributes of mind. The Club is defined by the air element. It carries the invisible currents of thought and consciousness. To the Club, these invisible currents are the visible pathways that illuminate the bridge between knowledge and understanding.

ACE: The vibration of the Ace resonates as one note. Its sole purpose is to acquire and assimilate the elements of its suit. It preoccupies the personality of the Ace with a single purpose.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Heart. This emblem symbolizes the bonds of love between two people. The journey of the soul is to experience a loving relationship wherein they share their quest for knowledge and love of insight.

People born on an Ace of Club day have beautiful, bright, inquiring minds. As children, their mother or a mother figure encourages an independent spirit and fosters their love of learning, which continues throughout life.

Those born on an Ace of Club day have a knack for inspiring confidence in others. They are at their best and feel most accomplished when they are creating a healthy environment for their loved ones, including their community and country. They appreciate natural beauty as a sign of good health and use it to bring success to their chosen line of work.

Multi-talented, the Ace of Club can pursue several career paths. Uncertainty surrounding finances or other resources is a common theme. But they maintain optimistic and will always find creative ways to make ends meet. The most successful and powerful Ace of Club are those who “do it all” but leave the financial details to those who are better equipped to handle them.

There are some dark areas to the otherwise bright and positive personality of the Ace of Club. In particular, they suffer from jealousy, even betrayal from those who do not understand their desire to work for the benefit of all. They also prefer to keep their religious beliefs to themselves, conventional religion in particular, as the doctrines of tradition leave little room for their probing, questioning minds.

Cosmic Reward Card: Three of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Three of Heart Meaning: Lovers Triangle.

Karmic Challenge for The 3 of Hearts: Loyalty and Faith in Love.

Water-Cups - Planets: Double Mercury

All THREE's represent an element of uncertainty based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus, even though the 3 of Heart appear to be charismatic, social butterflies, in truth, they are inherently mistrustful and unwilling to commit.

Adventurous and entertaining, the creative energy is a keynote of all 3's. As well, a genuine curiosity about what makes other people tick is an endearing quality of the Three of Heart.

The Soul Card for the 3♥ is none other than the A♥. This second heart emphasis attributes to their beautiful, emotional nature, and their compelling need for love. Highly capable of achieving success in any work involving groups of men or labor unions, the 3 of Heart are very quick to adapt and will change occupations whenever they feel stagnant or bored.

Cosmic Moon Card: Queen of Clubs (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

CLUBS: Information - Learning - Mentoring

QUEEN: Administrator - Service

CHALLENGE: Jealousy

CLUB: The Club personality traverse the realm of thought, reasoning and logic. It is the air element, independent of all other elements. The Club personality feels the only real power comes from the mind and how we think.

QUEEN: Queens are the administrators and the counsellors. They are the feminine principle and considered receptive and sensitive. The Queen personality feels duty-bound to administer and influence others.

JOURNEY OF THE SOUL: Their Soul Card is the Three of Heart. This emblem is symbolic of the creative expression of human love and the countless ways it can be expressed.

In a perfect world, the Queen of Club use their strong intuition and excellent reasoning abilities to counsel and heal the human condition of loneliness and mistrust.

Those born on a Queen of Club day are practical and decisive in their application of knowledge. They are natural leaders or mentors in any profession they follow. The more developed Queen of Club are intuitive and will use their gifts of reasoning to heal others through music, art, or counselling.

Women Queen of Club are not domestic and often experience financial difficulties at the hands of men (Mars), while the masculine Queen of Club can be highstrung. For those Queen of Club who have mastered their fine minds, financial success is assured. Others must guard against being opinionated and impatient with others.

Queen of Club personalities are generous and good spenders. They are independant and prefer to make money by their own efforts. They have good timing and a knack for being at the right place at the right time.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Unity (1) Cauac

West (Blue) glyph: Challenge / Strengthen

Day Sign: Storm

/ Rain / Cauac (Yucatan) / Kawoq (Kiche)

Positively, Cauac is a youthful, restless, friendly, helpful, and compassionate day-sign. Such people are multifaceted and often accomplished in several areas.

One of the most obvious characteristics of this friendly day-sign is their youthfulness.

Cauac people often choose careers that involve them with children, or they may occasionally just act like children. Those born under this sign are often mentally active and talkative. They are good learners and often become teachers or counsellors.

A concern for the welfare of others, especially the public, is common in those born under Cauac. They have a strong intuition and can improvise when in a tight spot.

Cauac types are more inclined to imitate than to innovate. They respect tradition and the forms created by those who came before them, whether in art, science, or business.

Those born under Cauac generally have an interest in the deeper meanings of life. Many are drawn to the study or practice of religion, spirituality or philosophy.

They are often found working in the medical or psychological fields. The cleansing and healing process has a special importance for those born under this day- sign. Many born under Cauac become doctors or healers of some sort. Their natural instincts to protect and nurture, combined with excellent intuition, technical aptitude, and a mind capable of grasping details, makes them well- suited for such work.

Challenge:

To develop the ability to teach and to heal.

Solution:

To study under a master.

Four Directions

Those born on the day of Cauac may often feel as if their lives are but one long tempest. The day-keepers say that Cauac natives are often visited with trouble and turmoil by the ancestors, which is to say that they come into this life with a great deal of karma to work through, and consequently are subject to more than ordinary amounts of harassment and sorrow. Despite this turbulent relationship with the karmic past, however, their more immediate antecedents are often fortunate, as shown by the auspicious Chuen in their past.

Cauac individuals are typically sensitive and compassionate beings. The Book of Chillam Balam Kaua calls them "very imaginative" and "noble". Their sensitive temperaments may turn them into artists or world servers, and we must remember that one of the divinatory phrases linked with this day-sign is "a table set for the gods".

This refers to the table of offerings that day-keepers make to the gods – a metaphor for service and surrender. Thus, Cauac natives may find release from their karmic burdens by dedicating themselves to a higher cause.

The sensitivity of these natives tends to leave them thin-skinned. It is no wonder they are so susceptible to the storms of life; the gentle and yielding nature of water is part of their psychology and is responsible for their intense compassion as well as their sorrow and difficulties.

Their sensitivity may not be immediately apparent, however, for they often mask it with a hard edged attitude reminiscent of their left hand power, Chiccan.

Their hypersensitivity sometimes manifests as illnesses; like Muluc people, Cauac natives are often fragile. The Chilam Balam of Kaua asserts that Cauac natives are prone to experience illness whenever a new year picks up his burden.

Cauac people should take care to avoid the colds and flus that often come during the change of seasons.

Despite the karmic burdens they bear, Cauac natives look forward to a powerful and positive resolution of their difficulties. The magical and deeply empowered Manik lies ahead of them, a symbol of the courage and strength gained when they set a table for the gods" and dedicate their compassionate energies to a higher cause.

Galactic Tone: 1

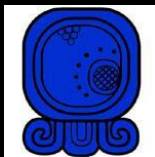

(mymayansign.com:)

Unity

- * Beginning of all things
- * The First
- * The Whole

Integrity is one of your key aspects. Tone 1 represents the stage of creation before duality.

You like to create because 1 is the tone of creation. You take action quickly and possess great power. You are confident and you like moving forward in life. You demonstrate successful performance when you come across an obstacle.

Trecena Sign: Storm

/ Rain / Cauac (Yucatan) / Kawoq (Kiche)

Beneath the 1-Cauac surface personality lies a self that can become too dependent on others.

Such people have a strong need to feel that they are part of a family.

They also have an independent streak that causes them to need time alone, apart from the world. In this respect, they experience many internal contradictions.

Night Lord: 9

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. They are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help. In part, it's their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different. Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.
This one would be Pluto conjunct the Sun.*

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the

scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Meaning of the Poplar Tree

Poplar is a very important tree in Celtic mythology. In our tree circle, poplar occurs four times, always after the Celtic holidays of Samhain, Imbolc, Beltin and Lughnasad.

Characteristics and Personality

Person who was born under the rule of Poplar learns fast and understands quickly. Just like Poplars, people born during the time of their rule are direct and straightforward. They often have artistic talents and a sense for beauty. Most of these people are closely connected with nature and they feel better in rural areas than in towns and cities. It is no exaggeration to say that they understand nature much better than most other people.

They are popular because they are able to see things from different angles and they never really care about money. They are also skilful diplomats in interpersonal relationships. In critical situations, their unbelievable courage may unexpectedly appear and they will start defending their ideas with great vigour and confidence even though they know that they cannot win the argument.

These positive qualities are sometimes balanced by loneliness and a sense of

abandonment, because due to their high moral expectations they do not usually have many true friends. This can sometimes lead to anger and bitterness. Even in their love life they are not always happy and their dream of having a big and closely-knitted family hardly ever becomes true. However they can usually hide their dissatisfaction or sadness very well and their closest friends may not even know about what troubles them.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Looks – Why are Taurus Ascendants so Attractive?

Taurus is ruled by none other than the planet of beauty, Venus. As a result, Taurus ascendants have attractive bodies and killer looks.

A Taurus ascendant man has a strong body as that of a bull (the symbol of Taurus). They're neither too tall nor too short. More than their face, it's their enigmatic personality and confidence that make them irresistible. They're always the best-dressed men in a room. However, due to their love for food, they can get a bit stout around their bellies in

their mid- thirties.

Personality - Is Taurus Rising Rare?

One might expect all the 12 zodiac signs to be exactly 30° apart. That's, however, not true. Out of the total 12 Zodiac signs, Taurus and Aries quadrants are much more narrow than the others. Needless to say, it makes Taurus rising very rare indeed.

1. They Love to Show Off – Taurus ascendants have exquisite taste in fashion and jewelry. They like to dress up and love it when others notice and admire them. It wouldn't be entirely inappropriate to call them materialistic.
2. They have a Knack for Expensive Things – A Taurus ascendant can put your entire collection of branded apparel and exquisite gems to shame. These people will always somehow end up placing their hands on the most expensive things in a store.
3. They can be very persistent – You might assume that beauty and luxury can blind or distract Taurus ascendants. That's, though, far from the truth. They are so driven to enjoy a luxurious lifestyle that they persistently chase their goal.
4. They Hoard Stuff – It's one of the drawbacks actually. Taurus ascendants end up hoarding so many things, expensive things, that it can lead them to financial troubles.
5. They are Stubborn - When a bull makes its mind, nobody can change it. Taurus ascendants are steady and so focused that it's just next to impossible to change their opinion.
6. They are Loyal – This is the exceptional quality of Taurus ascendants that attract other people around them. A Taurus ascendant never cheats. Period!
7. They are Possessive in Love – Taurus ascendants, both men and women, are possessive and jealous lovers. They aren't the spying kind of psychos though.

Love Life – Are Taurus Ascendants Lucky?

Taurus ascendants aren't the type of people who blindly chase love. They live in the moment, especially Taurus ascendant men. They don't anticipate all their relationships to bloom.

1. Both Mars and Mercury should be well-placed for Taurus ascendants to enjoy a smooth love life and married life.
2. When they do fall in love, which can be just as rare as their rising, they expect loyalty more than anything else.
3. They might not be looking for love, but they do not believe in having meaningless sex either. They are very much emotionally present in a relationship whether or not they see their future in their current partners.

Whether or not they are lucky in love entirely depends upon the position of their Mercury. And, whether or not their marriage will be blissful depends upon their Mars.

Compatibility – Who should a Taurus Ascendant Marry?

Taurus ascendant compatibility for marriage is something to ponder about. These people are special and it requires someone special to see beyond their materialistic facade. If you're anyone of the following, a Taurus ascendant is your true calling.

1. Capricorn ascendants and zodiac signs.

2. Taurus ascendants and zodiac signs.
3. Virgo ascendants and zodiac signs.
4. Pisces ascendants and zodiac signs.
5. Cancer ascendants and zodiac signs.
6. Scorpio ascendants and zodiac signs.

Health – Is Taurus Rising Bad?

Taurus rising is one of the best times to be born. Taurus ascendants usually enjoy a very good disease-free life throughout their childhood and even in the later years of their life. Their taste for wine can be a cause of worry though.

There's a caution for Taurus ascendant men. Their love for exquisite cuisines can make them fat in their middle age. It's, therefore, very important that these men keep their eating habits in check. Also, these people can catch a cold and flu easily.

Diamond is the gemstone for Venus. Thus, astrologers always recommend that a Taurus ascendant should wear a high-carat diamond for good luck and good health.

Sagittarius Sun Capricorn Moon people are the most down to earth and serious of all

people with the Sun in Sagittarius. While methodical and pragmatic, they might still have some moments where they dream big and in an idealistic way.

However, their pessimistic side will always reveal itself. Inside, these people are distant and disengaged even if on the outside they seem warm and always positive.

For those of them who are very focused on their career, it's important they don't isolate themselves. Their own ambition can consume them too much. They can end up seeing the everyday life as difficult and too much to handle.

A Practical Personality - In a nutshell:

Positives: Determined, witty and generous;

Negatives: Detached, victimizing and gossipy;

Perfect partner: Someone who is appreciative of their quirkiness;

Advice: Remember to take time to relax.

Personality traits

People with their Sun in Sagittarius and their Moon in Capricorn are great thinkers who will always advance in life by being original and strong.

Also having great self-esteem, these natives will pretty much succeed at everything they will set their minds to. Their combination is one of great leaders and good executives so will really benefit the business world.

Sagittarians are known for being positive, enthusiastic, honest and direct, Capricorns for their determination, detachment, logical thinking and pragmatism.

Cautious in an instinctive way, they will be practical and realistic no matter how big they will dream. Don't trust them to be happy if they look like it because they can hide their feelings very well.

The older they will grow, the higher their goals will be. Not to mention they will become more impulsive and adventurous. Usually insecure, their self-doubts will sometimes turn into real fears.

Only proving themselves will help in this situation. While settled and always ready to play on the outside, they are deep and compelling on the inside.

It's essential they don't let their ambitious side take over even if their visions are very real. It's true they're intelligent and persistent enough to achieve anything, but they need to relax from time to time.

Being too demanding with themselves will never help. Disciplined and very productive, Sagittarius Sun Capricorn Moon people know themselves very well.

But they tend to think too much about their actions and behavior. They can spot fake and mean people from a distance because they're perceptive.

The Moon in Capricorn uses the light of the Sun in Sagittarius and suggests its natives need more structure. After all, these Archers are controlling people.

The position of the Moon reveals people that are practical and who only believe in results. Their biggest emotional need is to get paid for their hard work and to gain recognition.

These natives simply don't feel happy when they're not reaping the rewards of their efforts. Not to mention they don't agree with anything that comes too easily.

You'll never see them give up the opportunity for long-term success in favor of short-term satisfaction. A tension between their Sun and their Moon is possible because the Sagittarius is free and daring, while the Capricorn is obsessed with rules and setting up limits.

But all in all, the Moon in Capricorn provides all the organizational skills and structure the idealistic Sagittarius needs. It's a good combination for making the Archer's ideas become a reality.

The other way around, this Sun's lightness makes the Goat more easygoing and less prone to becoming isolated. Capricorns can sometimes become so closed and rigid that they no longer care about those around them.

When they will focus on their own problems, Sagittarius Capricorns can become too selfish. However, they will still remain as wise and deep as they usually are. If they want to be loved, they need to give people back what they have offered them.

Witty and funny, these Sagittarians will crack a joke even when they'll feel at their darkest. It's normal for them to play the clown in order to protect themselves and not get hurt. But they usually are very attentive, not to mention precise and calculated.

Seeing things as they actually are, people with this Sun Moon combination will always understand what's about to happen, especially when it comes to business.

People will see them as logical, efficient and determined. They are not afraid of responsibilities because they can deal with anything.

They believe in having a great reputation, so everything they'll do is going to be dignifying. While their Moon will never allow them to not stick to their goals, their Sun will want more than power.

Archers like it when things are done the proper way. While they will focus a lot on business, these natives will have many other interests as well.

They will probably take part in all kind of cultural events. Balanced and authoritative, they would make great executives.

Love characteristics

No one can beat Sagittarius Sun Capricorn Moon lovers at being optimistic. These natives can see the big picture, so don't expect them to get lost in useless details and unimportant aspects.

They need a partner who appreciates their generosity and sense of humor. But they have the tendency to not be serious even if the conversation requires them to be.

While it can seem impossible for them to have major downsides, they do: they can lie to themselves that things aren't as bad when they in fact are.

Capricorn Moons need to have a plan no matter what. These natives are disciplined and organized, so their environment needs to be the same. They require a lover who lets them be in control at home because they love responsibilities.

They are usually caring, loyal and very attentive as partners. They take relationships very seriously, but they aren't in any way emotional. However, you can count on them to provide for the family and to always be there in the most difficult moments.

Sagittarius Sun and Capricorn Moon man

The Sagittarius Sun Capricorn Moon man is rare and brilliant. He will be the CEO of many companies and the lover of the most beautiful women.

Very intelligent, this guy can easily determine what will make him succeed. And he will never step on his colleagues in order to advance at work. Sometimes rigid and grumpy, he has a cynicism that can be rarely seen in others.

He hates people who are weak because he's very strong himself. And when he's feeling vulnerable, he immediately finds a logical explanation for it. He's a loving husband and dad.

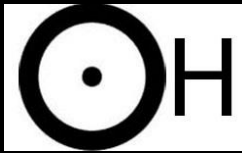

His children will know tradition and respect the rules of the house. While he expects his wife to be home early, he will be late because he spends too much time at work.

Cold and demanding, it can sometimes be tough to live after his rules. He will only be tolerant with friends although there will be moments of irritability too.

But he doesn't need to be taken seriously with all this because he will always be there when the situation will really need him to.

While he wants to succeed, he will never be bothered by others' ambitions and advancement. Attractive and fit, you will never see him sloppy or not properly dressed. That's why many women will want to be with him. And he will have where to choose a partner from.

Summary:

Strengths: Intense, introverted and observant;

Challenges: Distant, cold and aloof;

Advice: They need to pay less attention to what others are saying.

Permanent transformation

Sun in 8th house natives have deep feelings that need to all the time be in tune with their inner world.

It's normal for them to often believe that fate sends them all kind of hidden messages in order for self-awareness, this being the reason why they may study the occult and the paranormal.

The more knowledgeable they become on these issues, the more they start to develop from a spiritual point of view. The material existence is something they need to adapt to because their approach to life is rather esoteric.

As a matter of fact, they'd be ready to give all of their possessions up just to experience rebirth and to start living in a higher plane of existence. Natives having Sun in 8th house are all the time interested in experimenting with themselves.

The Sun represents the ego, so its position in the birth chart reveals the traits through which people want to shine the most in life.

Therefore, Sun in 8th house people will always want to make changes about themselves, to become better with every day that passes.

It's possible for them to often make changes in their appearance, but as they're not in any way superficial, they'll most of the time decide to go through emotional and spiritual transformations.

They're the type who looks for books on illumination and self-improvement, being very curious about taboo subjects and looking to discover great truths relating to the metaphysical.

When their Sun in the 8th house would be in negative aspects, they would have a lot of chances to suffer a sudden and violent death, at a young age.

Many astrologers are saying the Sun here makes people deep, especially after they have struggled a lot to make it in life. The natives of this placement would be very interested in profound matters, even if this would bring them a lot of adversity.

The positives

Intensity makes individuals with Sun in 8th house thrive, having their entire activity centered on their Sun and being all the time open to transformation.

These people may only be interested in what's censored and kept hidden, or has a cultural depth that isn't accessible to many. They're attracted by stories about superpowers and think psychic abilities can be achieved through worship in the shadows.

Sex is for them an opportunity to explore the other and to connect at a deeper level with the partner. They don't want in any way to ever live superficially and believe in extreme change, whether physical or spiritual.

The position of the Sun in the 8th house indicates they love being intimate and value

privacy more than anything else, these being two of the most important things in their life.

They're introverted creatures who don't feel the need to express themselves publicly and don't really want to expose their true self to others. Many will find them too withdrawn and won't want to intrude in their life.

Natives with the Sun in the 8th house are very interested in investigating all sort of mysteries and may even engage in dangerous activities.

For them, death is not an end, but more of a transformation process. They'll be aware that adolescence means the end of childhood and that adulthood is all about leaving their parents' house and building a life for themselves.

This is how death in the 8th house is being interpreted, both in Tarot and astrology. However, if they decide to exaggerate being morbid, this can indicate there may be something in their destiny that is related to the end of their life, so they should study their 8th house a little bit more because this is the ruler of endings.

The 8th house is all about all the life's mysteries, and the Sun here can make them focused mainly on what can be found here. They will want to discover mysteries and study taboo subjects, magic and creative visualization.

The same position of the Sun suggests they would look to grow and develop with the help of their life partner. That's why they're not only looking to interact with their other half, they want to completely merge with this person and to no longer care about anything else.

If having a trustworthy partner, they would get their energy from their relationship, believing in the individual they're with and not even thinking of someone else for as long as together.

Their ideal lover will want to "unite" into wholeness with them, believing that only through the relationship they're having, things about themselves can become clearer.

It can be challenging for people with the Sun in the eighth house to not become dependent on the one they love and to trust this person completely. It's difficult to define this house when it so much influences natives to expand with the help of their romantic relationships.

Sex symbolizes a spiritual union for them, so expect their lovemaking to be passionate and intense. Individuals with the Sun in 8th house want to help others and can deal with difficult situations, whether theirs or others', as effectively as possible.

The negatives

The Sun in eighth house offers a great transcendental potential to its natives, at the same time making them eager to experience intimacy and to explore their own soul through relationships.

These people will begin the entire process of knowing themselves by analyzing their subconscious and working with all kind of mystical approaches.

But this means they'll isolate themselves emotionally and even have problems with their ego, especially when losing someone dear, being restricted or socially rejected.

It's very likely many of them will end up institutionalized at least once and when young. They would rather fantasize, force their ideas upon others, become religious fanatics and plan to become masters of the occult than give up their ego, which pushes them to be all this and to search for power in different realms than the one where all the humans interact.

These people usually seem at peace with themselves, calm, confident and capable, but they will always have some vulnerabilities because they want affection and for people to be committed to them, being all the time terrified they won't find what they need.

When isolated, it can be difficult for them to see others have weaknesses too, not to mention they can become very cold and even cruel.

They may rely on only one person to offer them the emotional security they so much need and to be devoted to them. This means they have problems letting go of people and are pretty neurotic thinking they may lose their other half.

The man with a Sun in eighth house position will want a woman to make him feel emotionally stable, someone who's rich and has a successful career.

It can be difficult for them to find such relationships, but at least they'll try. He will invest all of his time and efforts to conquer his ideal lady's heart and after getting her, expect him to be terrified of losing her financial and emotional support.

When the Sun in 8th house happens to be afflicted, people with this position may be the type who'd do anything for money, fighting in courts of law for inheritances, not paying alimony and refusing to leave anything to their ex after a divorce. They would also be very judgmental not only with others, but also with themselves.

Moon ☾ in IX 9th House

([880] i.thehoroscope.co)

People with the Moon in the 9th House are always focused on a multitude of things, dreaming to make their ideals come true, no matter the obstacles.

People with the Moon in the ninth House sometimes think that different circumstances than the ones they're in would make their life better. They are never happy with their surroundings, so they're constantly moving, they prefer to just travel and to not belong to only one place.

What they can't understand is that happiness comes from inside. There's no place, person or thing to make them happy but themselves, this being what they have difficulties acknowledging.

Summary:

Strengths: Inquisitive, witty and adventurous;

Challenges: Mysterious and obsessive;

Advice: Not letting others take advantage of you.

Dreamy and true visionaries

Moon in 9th House natives need to be constantly stimulated, because routine and the mundane stresses them. They're philosophical creatures who have a natural curiosity about everything, including people and their cultures.

It's important for people with Moon in 9th House to stop believing the grass is always greener on the other side and to tend to their other needs, because the more they will look for happiness someplace else, the less they'll be able to find it.

It's possible they have been to destinations others wouldn't even dare think of and that their knowledge on different cultures and languages is very vast. The position of the Moon in the ninth House makes them aware and receptive of others' needs and feelings.

It also helps them be more dreamy and true visionaries; in other words, they're the individuals who want to change the universe and to get involved in different causes.

At the same time, this position gives them instability when it comes to the traits this House controls, which means they'll change their philosophy of life or their hobbies and interests more often than others change socks.

This means they aren't able to focus their spirituality on only one thing, being more the thinkers of things than the knowledgeable persons who are informed to the very last

detail.

However, they will never specialize in something. If they have enough money to travel the world, they won't hesitate to do it. If not, you can be sure they'll travel mentally, so don't be surprised if they're sometimes absent-minded when you're talking to them.

Their imagination is very rich, so they can fantasize about anything, creating all kinds of movies and stories in their head. This means they're romantic and able to create a more beautiful world than the one they are living in.

Not to mention they're perfectly capable of turning their dreams into reality, so all their fantasizing may not be at all in vain.

Moon in the 9th House natives are happier and more comfortable when doing something out of the ordinary; something creative.

They enjoy talking about philosophy, spirituality and even the occult. Their mind is inventive and always wanting to escape reality with the help of studying, traveling and having various conversations.

Loving to expand their own mind, these natives' imagination may give them psychic abilities that others don't even dream of having. The position of the Moon in the ninth House indicates they nurture their mind on their own.

They feed their higher self through emotions, and when they need to feel secure, they just start to rely on mere thought.

Thinking comes naturally to them, being an everyday habit, but their thoughts may change from one minute to the other. Capable of nurturing others with their thoughts, they're more than often considered wise and intelligent.

While this is one of their strong points, it can also be a weakness because many people can't appreciate a good advice and want concrete help, not to just be supported with a kind word, regardless of how encouraging and optimistic.

Not big fans of intimacies and emotions

People with Moon in the 9th House need to understand the world through their own philosophies. The position of the Moon in this House indicates they have absorbed every piece of information on religion, politics or another humanistic subject from their parents, ever since they were children.

Everything about them, including their emotions, is directed at understanding the higher subjects and each and every new culture they're stumbling upon in their travels.

Their way of life makes them more understanding and very comfortable when around strangers. Adventurous and wanting to discover new places, Moon in 9th House natives think of life as a journey and can't feel happy if they aren't all the time moving, learning and understanding.

These are not at all the type of people to need a comfort zone, not even if they're conservative Sun or Moon Tauruses. In this situation, they would take all the traits of this sign on the road with them.

This means they have an exciting life, but the downside would be that they're always restless and wondering if life in a different place would be better.

It wouldn't matter what religion they belong to; the meaning of their life would be all about believing in something and always moving forward with their level of understanding spiritual challenges.

The way they emotionally respond to different philosophical ideas is very much influenced by the Moon.

Even if their Moon sign is a very intense one, their passions still burn out quickly, moving on faster than the wind. When seeing others are not capable of doing the same thing, they'll become frustrated and won't try their best to change anything.

No matter their Sun sign, all of the people with Moon in 9th House are always seeking to nourish their insights on life.

They may feel self-righteous in their need to have an audience all the time. Their intentions are always good, but they tend to make their beliefs so solemn that others get turned off by their preaching.

However, they have high morals and are very honest, so don't expect them to ever sugar coat someone or to hide what they are feeling. It's like they can never lie about anything, because they are too transparent and others would immediately feel they're up to something.

Therefore, many will appreciate them for being straightforward and for not wanting to get engaged in all sorts of mind games. Some of them will be so honest that others find them rude. It's not their intention to hurt someone, they just feel emotionally free when being honest.

Moon in the ninth House individuals can be so objective about their own feelings that subjectivity can feel very intruding for their subconsciousness.

This also means they're terrified of getting too intimate with others because this could

make them feel like their privacy has been invaded.

Another situation that makes them emotionally insecure is the one when they're displaying their own emotions as they think of feelings more as of a sport or something adventurous. This is how they're protecting themselves from getting hurt.

Moon ☾ - Detriment in Capricorn

([871] southfloridaastrologer.com:) A restricted expression of nurturing and emotion is found when the Moon is in Capricorn. Capricorn's need to be the strong, hardworking, serious father of the zodiac is opposite of the Moon's need to nurture and experience emotion.

Overview [1]

- Lord: Mangala (Mars)
- Symbol: Drum or flute. This represents the rhythm, dance, music, divine timing, and great influence.
- Power: To sanctify. Persons born under the star of Dhanishta are able to salvage and utilize things that others have discarded or perceived to be devoid of value.

Strengths [1]

Dhanishta natives are honest and straightforward individuals. They exude confidence and are able to overcome any obstacles that come between them and their desired objectives. They are resourceful, capable, and highly intelligent. These qualities make them excellent problem-solvers — ideal people to have around no matter what the situation.

Those born under the star of Dhanishta enjoy adventure. The thrill of entering the unknown and meeting unexpected challenges head on is a joy for them. They are good-hearted souls who take pleasure in giving to others. They do not hesitate to go out of their way to help a friend in need, or even a stranger.

You are musically-inclined and multi-talented. You have many aspirations in life, and you will somehow find a way to fulfill many or even all of them, especially if you align yourself with the blessings of God.

Weaknesses [1]

Dhanishtas' fortunate, confidence, and outgoing nature can sometimes lead them to become egotistical. You should be careful to actively cultivate a humble and compassionate character. Otherwise you may become overly opinionated, argumentative, and boastful. These traits can alienate friends and community members who care about your well-being.

Dhanishta natives can be inconsiderate of others feelings and needs. They may even resort to violence if opposed by others. They can be quite ruthless if their patience is pushed to its breaking point. In addition, their fearlessness may cause them to behave recklessly, indulging in intoxicants, narcotics, and other dangerous substances. They may become addicted to any one of these substances if they do not practice temperance and self-control.

You value getting things done more than anything else, and as a result, you may resort to deceit or dishonesty. However, bear in mind that the end does not always justify the means. Actions have consequences, often far worse than we initially imagine. The satisfaction offered by a noble, moral life is far greater than anything fame or wealth can provide.

- You may make friends with the wrong people. You're not always able to differentiate between true friends and false ones. You may make mistakes when choosing your companions, and you may even wind up in troublesome romantic affairs.
- You may be self-serving. You genuinely enjoy helping others, but sometimes there is a hidden, selfish motive. You have a difficult time truly setting aside your selfish interests and sacrificing for the sake of another. Of course, this is something many people struggle with.

Mercury ☿ in ♏ Scorpio man 25° 0'

([898] i.thehoroscope.co)

He loves to experiment with life and can be all of a sudden blunt and feisty or the sweetest on earth.

The Mercury in Scorpio native has a great mental fortitude that he employs in everything he does, increasing his ability to focus and concentrate on the task at hand.

Nothing can distract him because he's a rational and completely logical individual. He would better learn about things through direct interaction, practical training, rather than theoretical knowledge, reading in books or attending lectures.

In a nutshell:

Positives: Curious and observant;

Negatives: Combative and shallow;

Soulmate: Someone who is inclined towards the spiritual;

Life lesson: Experiment more with his reactions and desires.

A man often misunderstood

The Mercury in Scorpio astrological make-up makes these natives very resistant to change, at least as far as their ideas are concerned.

Even when someone manages to prove them wrong with arguments that can't be refuted, they will still stand still on their position, unwilling to give up.

Of course, if someone dares to be against them, they will react with impunity and aggressiveness, like a proud warrior who doesn't abide by any insult in his name.

Don't even think about insulting or saying something that might upset them. It's going to linger in their minds for a long time.

This man is known for reacting with unwarranted aggressiveness even before having a reason to, a trait of his combative Scorpio influence. It's not exactly a good or bad thing since it's only natural for him to have these reactions, but he should also be careful not to hurt innocent people.

He might be a jerk, he might be totally blunt and tell you that you look like hell, but that's who he is, an honest prick who can get better if you tell him that.

Moreover, he's experimenting with life, learning everything he can and seeking illumination in all the places that you wouldn't look.

If they're going to start reading books, you can be sure that it's going to be something about mysterious places, pseudoscience, spirituality and black magic, occult stuff.

Men born with Mercury in Scorpio are also very inquisitive and like to make their own deductions and reach their own conclusion. These natives can only be called lucky, like destiny smiles down upon them each and every time they want to find something out.

A clue will fall from the sky right at their feet, a piece of information, a moment of inspiration, especially when it comes to precise and mathematical deductions.

Because they have to feel a certain attraction and interest toward a certain activity if they are to put in the sufficient effort, don't be surprised when you'll see them engaging in sports.

It doesn't matter what it is, but if they like it, they will become totally dedicated to it, training day and night, focusing like crazy on developing their skills.

The bad thing is that you might never fully know much about them because of the suspicious and secretive nature. However popular and communicative they may be, this restraint and distance that they have toward people will be a black spot on their reputation.

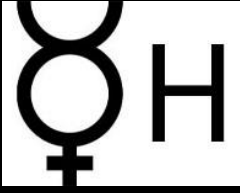

The Mercury in Scorpio man will lose a lot of friends and acquaintances because of the way he interacts with people. He might promise them to be there when they need him, to be loyal and remember the important things, but then push comes to shove, he doesn't deliver, and this is very annoying and disappointing.

It would be easy for him to prevent this with that crazy intuition and deep instincts, but he doesn't care too much about the loss of fake friends.

Romantically, he feels the need to prove to himself and to the world that he is the best partner in the whole world, and this often takes him on a road of self-deceit.

He forgets to look at the broader picture, to keep his feet firmly planted on the ground, and to determine if it's worth it at all to put so much effort. This is what gets him into so many failed relationships in the first place.

Mercury ☿ in VII 7th House

([914] i.thehoroscope.co)

This placement of Mercury encourages people to prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

Those born with their Mercury in the seventh house of the birth chart are very sociable and communicative individuals who would rather spend all night in town than stay cooped up in their homes, dying of boredom.

They do well in relationships with other people, meaning that they manage to share ideas and come to an understanding with pretty much anyone.

Professionally, you're going to see these people gravitating toward PR jobs, holding conferences or working in sales. They are good at persuading people or mediating conflicts because they know how to speak and how to calm a situation down.

Summary:

Strengths: Witty, expansive and affectionate;

Challenges: Difficult, vain and indecisive;

Advice: They should try their hand at different activities and not hesitate.

Hard to impress

These natives are often put into difficult situations because they can't make quick decisions, on the fly, without actually taking the time to consider all the details and possible consequences.

They hesitate, beat around the bush, and waste time until someone pushes them or the time comes for a decision to be made, irrespective of whether they're certain of the options or not.

The problem here is that the natural ruler of the seventh house is Libra, the sign known for its unwillingness to commit to a course of action without first analyzing everything.

However, with Mercury in this house, you can talk to them about anything in the world, the more intellectually stimulating, the better. In particular, they love talking about relationships, love matters, especially their own.

The Mercury in 7th house natives are sapiosexuals, in that they are most attracted by intelligent partners who have intellectual interests and who know how to talk.

You just have to impress them by bringing up a profound subject and coming with a few interesting ideas. They will take the ball and continue from then on, but most importantly, they will have taken you into their sight.

They prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

They can debate pretty much anyone on any given subject, and more than that, they can argue from many different positions, even one that they may not agree with.

This is thanks to their expansive and meticulous mind that gives them unprecedented insight into the subject.

For these Mercury in 7th house natives, nothing is more pleasing or interesting than a good discussion, an intellectually stimulating conversation that they can play around with.

In relationships, they will often attempt to raise these topics with their partners, to spice things up.

Settling on a certain conclusion may be hard, but discussing it, taking every possible solution into consideration, that's easily done.

The positives

Even though they may be known as social butterflies and absolute freaks when it comes to talking to other people, they still prefer a one-on-one conversation with someone they can trust.

Also, the subjects have to be profound, serious, philosophical or at least mainstream, debatable, so that they can get interested enough.

They can focus and more efficiently organize their ideas in a private setting, with no one to disturb their thoughts. In such an intellectual transaction, there must be equal roles, one must give an answer and the other must ask, and so on.

When they fall in love, nothing appeals to them more than keeping in contact with the partner non-stop.

Messages, calls, shouts from across the house, kisses on the cheeks, these natives want to create a partnership based on communication, affectionate and intimate contact.

They can both grow and develop through this process of interpersonal contact kept at a maximum degree, the bonds will deepen with time and they will be very close to one

another.

Especially when it has something to do with professional expertise, they will act as though everything is dependent on them talking as persuasive as possible, and giving the best impression.

Investments, lucrative partnerships, and collaborations with the big shots of some big corporations, the Mercury in 7th house natives know how to use relationships and take care of all of these.

They know what to pay attention to, how to organize all the details, how to mediate between two opposite sides.

Moreover, knowing that Mercury sports two sets of energies correspondent to a dual personality, these natives might very well have quite a rich romantic life, with situations when they have to choose the best partner from many more. Logic will be the main instrument here.

This aspect instills a sense of paranoid fear into these natives, in that they act skittish and become tense when people contradict them.

Different opinions may be challenging and intriguing to other, more confident and open-minded people, but they can't stand it when someone has a different idea that goes against them.

Instead of getting mad or entering a conflict, they will try to mediate and reach a consensus, either through a solid explanation or a better solution.

Even more, they might even be able to befriend these perceived enemies, to nurture a spiritual connection between them.

The negatives

No matter what everyone says, the Mercury in 7th house natives actually crave for romantic belonging, to be loved and spend time with someone who deeply understands them, someone who they can feel close to.

This is one of their ways to find fulfillment, to fill out that void in their hearts, to find happiness. For all their social lives and keenness of talking to people, these are all extra activities, done for fun, but a more intimate speaking partner would be much better.

However, they can spend a lot of time thinking about what's best, about their own feelings, and this is a waste of time that often results in lost chances.

They are very critical and analytic, always weighing the advantages and downsides of a

relationship.

When Mercury is in retrograde, bad things are afoot, meaning that life won't be too colorful for these natives.

They will become overly-focused on the smallest of details, on the flaws, forgetting about the greater picture, to take a step back and just be thankful for what they have.

This pessimistic and negativistic attitude brings them a lot of problems in the long run.

The movements of Mercury during these times and the number of times it goes into retrograde have a very powerful influence on their day-to-day lives. The effects are catastrophic if not properly controlled.

This man wants a harmonious and balanced relationship, one based on mutual respect, principled approaches, calm communication, and a patient advance toward the future.

In a nutshell:

Positives: Elegant and straightforward;

Negatives: Superficial and flirty;

Soulmate: Someone who is sensual and charming;

Life lesson: His fulfilment shouldn't only come from relationships.

His love personality

This man is attracted to feminine charm, to that inner beauty that exudes without having

to do anything, and his ideal woman would also be polite, dignified, principled, and simplistic in her tastes.

He doesn't even want to hear her swear or get down to that level of degeneration. Most importantly, he wants her to be balanced, to know how to react in certain situations, and to try to uphold a sense of fairness in everything she does.

He will know when to compromise and when to ask for more from her, but in general, he will try to fulfill all her wishes and desires.

Even though he's been looking for the perfect relationship ever since the beginning, this doesn't mean that he didn't go through disappointments.

He's very giving, and he offers quite a lot of his time and affection to a partner. The Venus in Libra man feels like he can't ever find his fulfillment without a lover, a soul mate, without sharing his life with someone who understands him at a deeper level.

He sees his satisfaction and happiness in the reflection of a couple, and all the experiences shared together are just like clouds from paradise. A long-standing relationship is the only thing he'll commit to.

He doesn't hesitate or beat around the bush. With romantic gestures, he expresses his feelings from the get-go.

Of course, he is very concerned with how he appears, and how his offerings will be perceived, so he tries to put on his best appearance. This isn't a problem, in general, because he has an innate artistic sense for beauty, an aestheticism that goes a long way in putting him miles away from other competitors.

The man born with Venus in Libra likes to be the first in everything or at least show some initiative in the beginning phases.

His vitality and enthusiasm are endless, and he will forcefully try to involve himself in social events, bring his friend around for some fun, and convince his beloved to accompany him on such an adventure.

When he's looking for the right girl, he might leave havoc in his wake, sexual one at that, because he's a really hot-headed individual who wants to please his senses.

Intense and passionate about it when the moment is right, and cold when he gets bored, he's quite the player, but he's looking for an easy-going and light-hearted woman.

Because they find their fulfillment and ultimate satisfaction in a relationship, they will try to maintain it on the floating line, to never get to a point of no return.

That's why the Venus in Libra men will hate arguments, conflicts, aggressive verbal debates or insults. They will instead praise their partners, compliment them, take care of them when they're feeling down or sick, and will generally be very kind and generous.

And just because they have a very advanced artistic sense, they love beauty and hand-crafted things, they might be a little superficial and spend a lot of money, but it's all good as long as they don't end up bankrupt.

Attracted by ...

He's very attracted by elegant women with good tastes in clothing, the kind who know exactly how to use all the elements at their disposal to look their best, with an air of mystery and charm hanging around them.

She must be feminine, cultivated, free-spirited, and it would be great if she had the basic rules of politeness fixed. Aggressive and overly-energetic women tend to be conflictual, to be emotionally unstable, and so he would rather avoid such women.

He wants to have a balanced and tranquil relationship, filled with plenty of sweet moments of love, affection, and compassion.

Arguing about the stupidest of things or entering a conflict just because you decided to buy something without asking her are the least things he would want. In general, he will try to save the situation before it gets too far, and he's very good at it.

With grace and charm, as well as a persuasive attitude, he manages to defuse almost all problems before they explode.

It's a good idea to take this man out to visit some cultural attractions like a library, a museum, a natural park, somewhere where you two can have lots of fun.

In conclusion

His greatest strength and advantage revolve around the fact that he strives for balance, for equilibrium, both in his life and in the lives of others.

Personally, he will make a lot of compromises to avoid sticky situations or problematic arguments, at the same time trying to make their partners happy and fulfilled.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

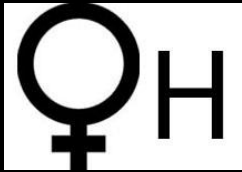

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

It's important for them to realize they're too giving and that this is not the way for a romantic affair to evolve. They should be with someone who appreciates their love and generous nature, a person who's ready to serve and to give them lots of love.

Summary:

Strengths: Affectionate, practical and dependable;

Challenges: Demanding and prone to worrying;

Advice: Sometimes, in life, you just need to give it time.

Very talented at anything visual

Others usually love and respect them, no matter if they're criticizing and can't stand any vulgarity or ugly behavior.

Practical and supportive in the way they're expressing their affection, these natives are always of service to those who are important to them. As a matter of fact, they are the type who would go over themselves to make their loved ones happy and comfortable.

While these people don't like to bring flowers and to express their love in public, they're always of help and available for doing something. They will do all the practical things in a relationship, being very thoughtful their partner doesn't stress him or herself with anything.

Very talented at anything visual and artsy, they are looking for harmony and want to make all things whole. If they won't pay enough attention, they may end up passing by true love and going for practical relationships, thinking they can't find something better for themselves.

It's normal for them to give their love away to people who don't deserve it, so they should be more decisive about going for what they want.

Natives having Venus in the 6th House are the type who want a routine and to enjoy as much balance in their life as possible, because this is what makes them happy.

Putting in the extra work for it doesn't bother them in any way as they need to feel very proud about what they've achieved. Having a highly developed sense of duty, they are the best employees, who prefer having everything organized and looking perfectly.

Being disciplined is what characterizes them, so they may expect others to not generate chaos or to wish for perfection, just like they do. All this happens because the 6th House is being ruled by Virgo, so their desire for excellence is something that is always present in their life.

Enjoying routine and wanting a daily schedule that makes their life more efficient, it's possible for them to stress too much or be negative.

Venus in sixth House individuals are eager to express themselves and to show off their talents, even if they're not the most expressive when it comes to love. However, the person who's with them will get to witness many practical ways in which they show that

they care.

There's no one to take actions that express love better than them, but if Venus is not evolved enough, they may expect their other half to do many things for them and still feel like nothing is enough for them to feel really loved and appreciated.

However, they are mostly the type who wants to be of service and enjoy helping anyone, even strangers they have just met down the street because they have this theory that being useful is the only way for love and peace to be brought in the world. At the same time, it's important for them to realize that being too giving can have their kindness being taken advantage of.

All the people having Venus in the 6th House can convince others to do different things and approach love very realistically. Anyone can manipulate them with a few nice words because they have very low self-esteem and want to keep others next to them for as long as possible.

Providing all the time for their lover can't be called love as they need someone who can really appreciate them for what they do and want to contribute. It's possible to find love even when taking care of themselves and while not trying so hard to always be perfect.

The placement of Venus in the sixth House makes it more possible for the natives of this placement to fall in love at work, because Venus will influence them here, bringing in a special magnetism coupled with a flirtatious mood.

Obsessed with perfection

The position of Venus in this House means these people need to be very proud of what they've achieved, so expect them to always want to do their duty and to put in great efforts in their endeavors. Their bosses and co-workers will appreciate them for their hard work and for always organizing, so that perfection is attained.

They are very disciplined because Virgo rules the 6th House, so their wish for everything to be done the right way can't be seen in others. Their ideal partner is the one who can follow their routine and makes their life more fun.

Those who are too negative, stressed and emotional turn them off as they need to be next to someone who has time to appreciate them for their talents and work.

It's not their type to be very expressive when it comes to love, but you can be sure their actions will always show how devoted and affectionate they actually are. This is because they are people of action and not of words.

Many may not understand them, but their love will always be transmitted in the most practical way. As said before, a Venus that hasn't evolved enough in the 6th House can

have them very pretentious and expecting their partner to do everything for them.

When not seeing that action is taken for the love towards them to be expressed, they start thinking that no one cares about their fate. But all in all, they want to be of help and think this is the only way for love to get spread.

However, it's important for them to realize that giving too much of themselves is not always in their benefit. Not to mention how obsessed they are with perfection when it comes to both themselves and those who happen to be in their life at some point.

The position of Venus in the 6th House has an impact over their metabolism, so they should pay great attention to what they are eating.

This planet makes people crave sweets and sugars, so they should be very careful not to overindulge in eating desserts. More than this, it's the planet of all life's pleasures, so they will probably want to have lots of sex, eat too much or drink, which is very unhealthy.

Venus in sixth House individuals love animals and all the joy these bring, so they will have their pets simply loving them.

Venus ♀ - Ruled by Libra (& Taurus)

([871] southfloridaastrologer.com:) The most authentic expression of sensuality and beauty is experienced when Venus is in Taurus or Libra. These two very polite and considerate signs are at home expressing their sensuality and beauty when Venus is in Libra or Taurus.

Mars ♂ in ♑ Capricorn man 1° 59'

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn't care about the problems of the world. He's doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he's not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

In a nutshell:

Positives: Competitive and reliable;

Negatives: Rigid and boastful;

Soulmate: Someone who has a healthy lifestyle;

Life lesson: Material success is not everything in life.

Living in harmony with the surrounding

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

A dominant lover

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works day and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many

relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone else feels dull and uninteresting already.

In conclusion

Personally, he is very organized and has a systematic mindset. All the details are carefully taken into consideration, all the potential paths, and with a calm attitude that exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

They identify themselves by what ideas they may have, so the best thing for them would be to be as open-minded as possible. New views on the world and a wider way of thinking can make them clearer in what they're trying to express.

Mars here means there's always space for more openness of the mind. The natives of this placement simply love talking about different subjects and even contradicting others. They're the type who wants to travel for knowledge and for discovering new cultures.

When not able to go places themselves, they keep asking people who've been there how it's been or study materials on the destination. They just love to be in foreign countries and interact with people who speak a different language.

When it comes to their education and career development, they're rather aggressive and adamant, which means they'll have success at what they do for a living.

Practical aspects

The 9th House is one of the best positions for Mars when it comes to what it can bring the natives having this placement in their birth chart.

Their materials may be about religion and any other subject that inspires people. They would be very happy teaching, especially if the subjects are philosophy, religion or military studies. It's like they're meant to train children in a sport, to write about politics and at the same time have martial arts or engineering as hobbies.

It's very likely many people will read them, so they will be able to easily manipulate their fans to join their causes. Their mind is always open, and a good debate makes them want to hear more from their conversational partner.

It's suggested they avoid becoming self-righteous and uncaring of others' opinions, because they're too enthusiastic to just speak truths.

When it comes to sex, they love to play and have a lot of stamina, treating lovemaking

more like a sport. Sometimes too honest and straightforward, they can make people laugh with a good joke and a harsh truth told in a funny way.

Many will find them attractive for this and for the way they laugh or are eager to live their life to the maximum. The person who makes them laugh with all their heart will be their lifetime partner.

The fact that they're lightheaded means they also have many ideas in a minute, their energy being endless and very useful if they'd do something constructive with it.

If they were more organized, they would also make their friends and colleagues happier while not affecting in any way the joyful way in which they live their life.

Mars in the 9th House in a nutshell

Mars in 9th House people will always make good jokes and laugh a lot, while their passion for life would be unequalled.

It's possible they'll want to relocate to a far-away place, to a city or town that makes them feel spiritually enriched. Therefore, it's possible for them to move in order to change their religion or to learn a new language. It's like their heart is one of a missionary in search of the Absolute Truth.

What they'll discover in their travels will make their life richer and they'll get to know themselves better through all the experiences they gain on the road.

They should be careful not to impose their own beliefs in others and to understand there is no Absolute Truth that works for everyone. If they respect this concept, they'll be able to reach an inner balance and satisfy their thirst for knowledge in a more efficient way.

Saturn ♄ in ♍ Virgo man 29° 17'

([1022] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

You can call those born with Saturn in Virgo workaholics and you wouldn’t be wrong. Efficient, productive, pragmatic, with a panache for working overtime and putting the extra effort to produce the best results, these natives never waste time.

They are always the first to their meetings, and there is very little one can say bad about them in regards to their work ethic.

They are especially good when it comes to analyzing data, calculating the odds of a certain event occurring, concentrating on the little details. Sometimes, depression may set in, due to all the work and pressure, but it usually is transient for them.

In a nutshell:

Style: Sensual and practical;
Top qualities: Observant, sociable and creative;
Challenges: Fussy, selfish and impatient;
Advice: Professionally, you might need to let go of some things.

Personality traits

It can be said that Saturn perfectly matches with the Virgo sign, because one offers a need for solitude, for inner introspection, while the other is already an Earth sign, more likely to stay at home than go out in town.

Even more, since the Virgo is naturally under the rule of Mercury, the planet of communication, intellectual revolution, and rationality, with the guiding principles of Saturn adding to this, the result can only be imagined.

All that creative insight and brain power can now be focused and coalesced into one place, concentrated on a singular purpose.

The relationship between man and planet takes the form of a synergy, with one complementing the other perfectly. While Virgos are ordered, love cleanliness and an organized working space, Saturn takes it to a whole other level, making it even more obvious that they make for one heck of a team.

As a result, Sagittarius Virgos are quite efficient at taking care of their future, and fully focusing on their potential, on the matter at hand, regardless of the problems that they have to deal with.

Trying new things was never their cup of tea, and some are better left alone anyway, like public speaking, or being in the center of attention altogether. They are quite shy and aren't very good at expressing themselves, or keeping a tight rein on their emotions when under pressure.

Out of a need to control everything in their surroundings, and knowing exactly what's happening at a given time, they will convince themselves that new things are risky and thus bad.

Saturn Virgo in the natal chart puts the individual in a situation where they have to grow up, develop a sense of prioritizing what's most important, analyzing the given facts, and making a decision on the spot.

These natives are also known for their tendency to criticize everyone in any situation for their mistakes. Obviously, this also extends to their own person as well. Moreover, they can be very focused when there's something that needs to be done urgently, and they will not stop until everything falls into its rightful place.

This Saturnian Virgo needs to keep their attention focused on a given goal, always fiddling with plans, ideas, calculations, and so on. If they are given enough time to idle, they'll probably end up in a depressive state, thinking about all the things that they haven't accomplished, the things that they are bad at, or their many flaws.

Of course, if things are not taken to the extreme, these periods of inner analysis are actually very good for their future accomplishments.

About the love side

While Saturn's influence may make the Saturn Virgo quite efficient at solving problems and completing tasks in the most productive manner possible, in a relationship, this can reach a level where it creates more problems than solutions.

Whenever they take it too far with the rationality, they also end up disposing of the emotional aspect, and the partner will usually not take this very well.

However, Virgos tend to be very affectionate and loyal, and will usually never over-step their boundaries. They are also very pragmatic, in that the partner's need for respect and tenderness becomes obviously necessary if problems are to be avoided.

In exchange for their affectionate and tender behavior, these natives expect the partner to offer just as much love, if not more. Perfection is unattainable, and maybe they should acknowledge this little fact because it's just not possible for both partners to understand each other that well. There are bound to be conflicts from time to time.

The good and the bad

If there is something that those born with Saturn in Virgo are good at, excellent as a matter of fact, it's their professional life. In truth, they excel in this regard, because Saturn brings their hard-working persona to the surface.

With a sharp focus and an unmovable confidence in their own abilities, they will complete every project with the same efficiency and productivity, just like a robot.

The higher-ups are bound to notice this. Attentive to the details, thorough with the key elements, ambitious enough to look at failure as a form of learning, these natives aren't only bragging when they're saying they can multitask.

On the other hand, this type of lifestyle can only lead to partially fulfilled life, one made up only of work, tedious routines, busy schedules, pressing problems, and problem-solving.

There is more out there than just that, and life must be lived to the maximum. They can be very detail-oriented individuals who do well at picking out the flaws in certain patterns and are able to identify the key points of a given situation pretty fast.

With a critical sense, and a tendency to analyze everything, their professional life is all but assured. However, mental and physical health, as well as overall happiness are equally important.

They should go out more often, meet new people, have a fun time with friends, party until the morning sun comes out. If everything were that simple though! The Saturnian Virgos tend to be very introverted individuals who prefer the company of their own minds, rather than taking part in any social events.

Societal expectations inhibit their freedom and put them in awkward situations most of the time, so they avoid them altogether. They should try to change this because it's going to impact them on a serious note.

The Saturn in Virgo man

Reliability is the greatest trait of a Saturnian Virgo man. When you have one in your life, you just know that, no matter what happens, they'll know exactly what to do, and how to find the perfect solutions.

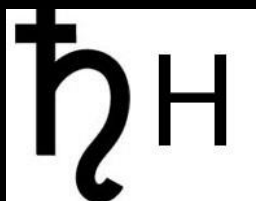

It might seem like the gibberish of a madman when these natives start calculating the odds of a certain result coming up, but it works, so you leave them to do their thing.

Moreover, they love living their lives on the peak of ecstasy, with comfort being an essential standard for them. Luxury may come as an extra element, with things like expensive clothes, exotic foods.

Their taste is very refined, and only the best can impress them. This native's attention to details is very pleasing because he'll definitely focus on you, his partner, most of the time.

Appreciate and love him for what he does each and every day because that's the only way you're going to keep him happy and willing to continue with his attention. Even if he may become annoying at times because he tends to criticize you, it'll be done with the best intentions, so it's not something very difficult to overcome.

Saturn ♄ in V 5th House

([1033] i.thehoroscope.co)

This placement of Saturn makes people easily express themselves, be very playful and even manage to get others to have a good time.

People born with Saturn in the fifth house in their birth chart feel all the time like no one loves or appreciates them enough. This and the fact that they're inhibited from an emotional and creative point of view makes their romantic relationships cold.

Because they're restricting their own emotions, they may seem distant and not at all responsive when offered love, thing that brings their popularity down. These people can't seem to relax and use their hobbies as means to be more practical because they couldn't enjoy their interests in a different way.

It's difficult for Saturn in 5th house natives to show their love as they have no idea how to express what they're feeling and usually offer presents or all sort of material proofs to show their affection. Learning how to be warm and not thinking so much of themselves is something they should do either on their own or with the help of others.

Summary:

Strengths: Easy-going, spontaneous and sociable;

Challenges: Careless, distracted and stubborn;

Advice: They should be careful about the risks they take.

A wise and thoughtful personality

The 5th house rules over how people can express themselves and their playfulness. When Saturn is here, it influences natives just as much as it does in the first house.

While this planet impedes spontaneity, the 5th house is all about it. Natives with this placement will bring people down because they simply can't have fun or enjoy themselves.

This planet here makes them feel guilty for having a good time, which means they'll be pretty neurotic and think only about work.

It's important for them to realize life comes with its fun too, as it does with responsibilities. It would be only in their advantage to sometimes go to a party or to get involved with let's say, a charity.

Only by having a little bit of fun, they'll realize how to act around other people and what they may need to do in order to have a social life.

They should allow their date to lead from time to time, especially if that person also happens to have Saturn in the same house.

In this situation, the date would be centered around discussions about the ozone layer and how animals' rights are not in any way respected.

If their prospective lover doesn't have the same Saturnian placement, they may end up surprised by his or her ideas of having fun.

Individuals with Saturn in the 5th house can turn matters of wisdom and limitation into something very important for them. They're the type that feels exhausted and lethargic when having to express something or to be creative.

Their inner child will always feel repressed and scream to get out at least from time to time, as it should be normal.

These people may feel at the opposite side of the world from life's pleasures and laughter, preferring to watch how others are having a good time rather than doing it themselves.

All the attention the 5th house asks for is going to be replaced with ways of acting responsibly, being conscious and not interacting with the joy that comes from inside.

Saturn in 5th house natives may think the world is too playful and exaggerates with all the love because they would all the time restrict themselves from adapting to such ways.

They love children and get along very well with youngsters, which means they can choose a career as teachers.

Maybe their world will start to open up and they'll actually shine after interacting with those younger than them. It's possible they'll have problems with fertility and have children much later than others.

As parents, they will feel like this is the most difficult role they can have and even be traumatized by the experience.

They probably didn't have a good relationship with their parents and a problem with understanding music or any form of art as they're always experiencing an inner conflict and don't know how to be creative.

They will only remember how they used to be educated and disciplined when it comes to their childhood memories. However, they want to be loved more than anything else in the world, and feel there's an emptiness inside them, which they cannot address.

Feeling they're not in any way worthy of someone's affection is normal for them. They may even get to be desperate to have their soul's needs fulfilled and to enjoy that love of a lifetime, no matter how much they're running away from this type of opportunities

without realizing they're doing it.

Individuals with Saturn in the 5th house tend to blame themselves for everything, feeling they don't deserve love and detesting the person they are when with others.

They think people judge them, which makes them feel frustrated and terrified of any romantic involvement. There is also the situation of Saturn overcompensating all this, when they'll change partners very often, hoping to be adored and shown proofs of affection all the time.

They will eventually get tired of such a life and get to feel empty inside because true love must come from inside themselves to begin with.

Only by contributing to the world around them, they will manage to activate all that the 5th house is capable of. By recognizing their own value, they will manage to make others see what they're worth.

The goods and the bads

Saturn is the planet that loves nothing else than to trip people, making life non-fun when in the 5th house.

It's important for these people to learn nothing bad will happen if they'll go out and dance or get drunk with their friends.

Depending on the aspects in which Saturn is in the 5th house of their chart, the natives of this placement are more less anxious when it comes to social matters and always very patient.

Saturn influences how much of an effort people can make and where their limits are set. This planet can have individuals pushing beyond their limits and overcoming any obstacle.

It can be challenging for the 5th house to no longer have natives in denial of whom they are, so any person's purpose when it comes to a placement in his or her birth chart becomes to discover what he or she loves the most.

The ideal situation is to take on responsibilities and become accepted by the society for being natural.

But Saturn in 5th house people may have this planet destroying all of these efforts and putting down any attempts to be themselves.

They may succeed at getting accepted for whom they are if they do something creative and at the same time safe for their emotions to be expressed.

Also, having some fun wouldn't cause them any harm, so they should be open to go out and make new friends.

They must deal with their inner authoritative side and let go of the obsession to take care of any responsibility they may have because this can't be effective for them in the long run.

It is possible to reach a state of pure joy, even if it means peeling down some layers of graveness and taking pleasure in what others like to do for fun.

Those who listen to their Saturn should make an effort to overcome their seriousness and do adventurous things or anything artistic.

They can overcome obstacles installed in their way by this planet and become great lovers, funny parents and even true comedians.

The presence of this celestial body in their 5th house shouldn't impede their imagination from running wild or their life from being pleasurable.

Being spontaneous and fun can have them happier than they've thought to ever be as they anyway can't stand to just sit around and are always dreaming of taking action.

They could be great leaders and run things faster than others, but Saturn seems to always be in their way.

It's a good thing they want to do everything correctly, yet paying a little bit of more attention to opportunities that seem risky is also a good idea for them.

There's a balance between wrong and practicality, and a lesson on this should be learned by them if they want to advance in their career or in life.

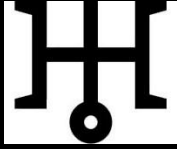

It can become really dangerous to not be able to have fun or to feel guilty about doing it. Letting the guard down and going with the flow are great weapons against boredom.

If natives having Saturn in the 5th house won't learn how to take pleasure in living their life, they'll become depressed and anxious.

Working too much or too hard can even get them sick, so it's suggested they change their ways sometimes.

A good thing about Saturn here is that it makes people modest, no matter how loud and dramatic they can sometimes be. Many will not like their grandiose way, others will deal with it without having any problem.

Keeping themselves free from any sort of tradition and always going toward the less-traveled path, the future unfolds before them just like that.

The Uranus Sagittarius doesn't like it at all when the system is trying to limit their understanding or guide them onto a certain path without asking for permission.

This happens in education, where most of the times, the academic material is restricted to certain methodological and philosophical principles. However, it's also necessary in a world where the appreciation and discerning power of most people are exceedingly low.

They will also hold some spiritual beliefs, or at least believe that their intuition and convictions are tied to some sort of spiritual force. Religion and traditional conformism annoy them to no end. They are open-minded, unrestrained, and very adventurous.

Independence is a must-have for the wild and unrestrained Uranus Sagittarius. He must feel the throes of pleasure, the pangs of adrenaline rushing through his veins upon discovering the world, new avenues of evolution.

If you want to do some research about something, then you'd better be sure that you have such a friend there to help you out. They will not only analyze the situation thoroughly and give you a detailed perusal of the structure of the problem, but they will also come with fresh ideas to solve it, straight from that inventive and revolutionary mindset of planet Uranus.

A doubting lover

First of all, you won't even hurry to marry at all because you have a lot of exploring to do, a lot of knowledge to seek and assimilate.

The world is there ever so expanded, all the philosophy and all the wonders of the world are lying there in wait for someone to reveal their secrets.

Even when you do find someone to share life with, that relationship will be one based on freedom, independence, mutual respect and private space.

Without those elements there to safeguard your happiness, you won't even think of going the extra mile, no matter how impressed you might otherwise be.

The good and the bad

The strongest and most admirable characteristic of the Uranus Sagittarius native is by far their immense curiosity. Their insatiable thirst for knowledge is boundless and always asking for more.

With all the new things that one's learned, there's no surprise that the world begins to spin in accordance with their wishes.

These people should learn to concentrate more on what matters because they tend to look at the overall picture and lose focus on the essential part. With this potential selectiveness, they will become even more efficient and productive.

While they may have curiosity deeply ingrained in their psyche, and they've got a ton of knowledge to dazzle everyone, the truth is they are just like a jack of all trades, yet the master of none.

The focus is the main problem here, this individual's one great flaw. Besides losing focus when fully emerged in something, overlooking the important details for the overall picture, they are also someone who likes to impose their point of view on others. People who are still tied to conventional beliefs will find this hard to withstand.

The Uranus in Sagittarius man

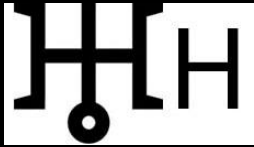

The Uranus Sagittarius man knows nothing that is more enjoyable and intriguing than gaining knowledge, searching for the true meaning of existence, answering all the existential questions that have plagued philosophers for millennia.

He will research, come up with new ideas, invent new things to help him along the way, and progressively approach the whole idea of development.

Without fully abandoning the old ways, as that would create a rupture in the collective mindset, effectively ripping people away from a comfortable zone, he still revolutionizes society.

Travel is one of the most exciting and interesting things that he does, one of his greatest passions as well. The world will be a different place thanks to the man with Uranus in Sagittarius.

Challenges: Overindulgent and suspicious;

An overindulgent personality

The strange and unconventional Uranus in the 8th house of death, sex, rebirth, transformation and money belonging to others, means the natives with this position are different from others when it comes to sex and want to experience as much as possible in the bedroom.

They're the type who has to make love in unusual places and doesn't like to do the same things every night. Individuals having Uranus in the 8th house don't accept sex as the society sees it because they're too rebellious.

They're bringing their ideas to table and want to have with their partner something that

doesn't know any limits or doesn't respect any rules.

These people seem to have a great gift of healing by using their hands, so they may be very talented at giving massages or practicing reiki.

They should really consider doing one of these things for a living as they would make a lot of money. It may be difficult for them to admit that they have suicidal thoughts, especially when very young.

Uranus moves in the 8th house and can shake their life more than others'. They could have some problems with money, but they could as well earn from other sources that aren't their salary.

Therefore, they may receive income in the form of tax refunds, alimony and even from a wealthy partner.

Because they want pleasure and don't mind overindulging in luxury, they will spend a lot and have expensive hobbies. It's important that they're financially independent because they can't rely on others to support them.

The placement of Uranus in the 8th house also indicates they may be uncertain about their relationships and sexuality.

Only interested to get involved from an emotional and sexual point of view in partnerships that allow them to be free, Uranus in 8th house people are looking for a partner who also has strong influences from this planet, at least in his or her sexuality and why not, personality as well.

They may be fascinated by voyeurism and have sexual fantasies that scare others. If Uranus is in a stressed position in their chart, they will want to spend long hours with their lover and in the same time be very emotionally detached.

When Uranus is comfortable, they'll be very objective when it comes to their sex life. Because the 8th house rules over inheritance among other things, natives with Uranus in 8th house should expect money from relatives they completely forgot about.

If this planet is in good aspects, they will be helped a lot by others to become rich and won't even have to do anything about it.

These are the people who have all the chances to become wealthy in one minute, after they have been poor for a long time.

However, they should be careful because Uranus can also do the opposite thing when it comes to their money. For example, when it is in bad aspects, it increases the chances of

bankruptcy or the problems with the government and banks, so confiscation of their entire wealth is very possible.

They shouldn't despair, even if they're bankrupt, because Uranus may give them back everything they've lost.

It's good they don't really care about how much money they have, so when their life will become inconsistent as far as wealth goes, they won't feel like their entire world is falling apart.

Uranus in the 8th house that rules over intimacy amongst others will have natives with this placement attracted to new experiences and eccentric sexual encounters, but this may be different if Saturn is often present in their chart.

If not, they will want to be with someone who wants an open relationship, threesomes and even to swing.

In case Uranus in their chart is being challenged, their subconscious can have them stress during sex and therefore, detached from the act itself, no matter if they'd be with their partner for a lifetime or just for one night.

This is the situation when the natives having Uranus in the 8th house wish for something rather transcendental than physical. Because they wouldn't want to have too much sex in order to reduce the stress mentioned, they will get involved in long-distance relationships or decide to interact with the partner online more than in real life.

Being conscious of the passion during sex would be very important for them because otherwise, they may end up thinking they're cursed to be cold and absent-minded when making love.

It's true this attitude may have something to do with different traumas they've experienced during past lives, but this life cycle is, after all, a new one.

Blessings

Uranus in 8th house individuals need to always have an objective and to give meaning to their actions. They're usually very serious and don't mind looking for different things that can make their life or the ones of their loved ones more beautiful.

These people need for things to happen naturally because they're themselves natural and hate to fake anything.

They really don't like to force things as they feel like improvement doesn't happen when someone tries to be imposing. It isn't easy to be around them, so they may have some conflicts with their friends or with too stubborn people who refuse to take others' opinions

into consideration.

They should use their talents as much as possible and win people over in the most difficult situations.

When Uranus is in a good position in the 8th house, the natives with this placement are very understanding of any sexual fantasy and need for emotional interaction.

They can immediately identify where the limits of relationships are and would never think they can be saved by sex.

However, they're very curious about what to do in bed and usually adopt an objective approach when it comes to trying new things in between the sheets.

They may even think of sex as science, so they aren't in any way inhibited when talking about subjects that others find as taboo or even awkward.

This will help and make them able to identify the sexual problems between themselves and their partner.

Being open and always honest when it comes to love making will always help their relationships, regardless if these would be just casual or lifetime marriages.

Uranus in 8th house natives should be aware of the changes happening in their life and admit they need for some things to happen differently every time.

They may try to hide what they're feeling because they really hate to let people inside their mind and heart. But the more they will open up, the happier they will feel with those they've chosen to be their friends or partners.

Challenges

Individuals having Uranus in the 8th house should be careful and identify their own boundaries so they don't step over them.

Very well intentioned, they can also disappoint because they're all the time changing. It's fine for things to happen this way if that's what they really want from life: to change and upset others.

If Uranus is in bad aspects in the 8th house, they may unconsciously carry in their psyche some traumas from their past lives, which will be serious things related to physical abuse and even rape.

Their mind may be filled with painful memories of unwanted sexual encounters, which means they'll have difficulties establishing intimate connections with people in this life

cycle.

It's possible for them to have experienced some disappointment when they've shared their money with someone in the past lives as well.

In conclusion, they may not want to settle with someone or to make plans regarding joint accounts at the bank.

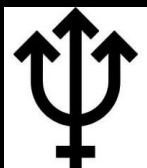

If they'll continue to give themselves to these unconscious memories, they can have problems to engage in anything that requires them to share, including marriage or parenthood.

That's why they may need to go to therapy and even undergo hypnosis. After a session with a counselor, they will start to realize they're scared of intimacy and this has a lot to do with what happened in their other lives.

If they'd feel like they know best and prefer not to talk, they won't improve in the natural way they so much desire.

Not to mention it's easy for them to get caught inside their own mind and to no longer know what to do for their loved ones.

In a nutshell:

Style: Mystical and sacrificing;

Top qualities: Dependable, trustworthy and compassionate;

The creator gave them the ability and the skill to express themselves through the arts. They are just feeling that the beauty of creativity is a part of them, and in that way, they show to the others a little part of their kind heart.

The Neptunian Pisces natives are very resolute and determined once they start doing something, and to a sacred goal, they are prepared to do almost anything.

One of the most essential perks of such a person is their raw and savage emotional power, ready to explode at a moment's notice. It's that type of situation where you go all in or don't go at all. And when they decide to go all in, they go with guns blazing, ready to win or die trying.

Planet Neptune's influence mainly affects one's deep, inner thoughts, emotions, and the self above all else. It either completely frees their vision from all sorts of obstructions, making it crystal clear, or it skewers it completely, reaching all the way to insanity.

The Pisceans' reaction is nothing to be surprised of because we all know they were innately emotional and introspective, to begin with. Neptune only enhances their intuition and self-awareness.

The world is marked by a deep division of spirituality, a certain abyss of consciousness that all of us seem to fall in eventually. Neptune teaches us that this process only

happens because of our lack of self-awareness, of communion with our deeper selves.

How these natives see the world, how they react to it, it all hinges on the brink of disaster, all of it, if they don't learn how to appreciate life itself.

By learning how to shatter these chains that hold them down, to break free from this prison that they've fallen in, they will be reborn like a phoenix from its own ashes, flying toward the horizon once again.

Neptune is naturally very well positioned in the astrological system. Why is that? Simple, because it's placed exactly at the confluence of the rivers of spirituality, the one spot in the entire astrological diagram that gathers together the spirit strands from all other planets and signs.

The gathering up of these energies takes a long time, even longer for them to be perfectly assimilated by this native. They may experience slight states of confusion, irritation, anger, and even a total lack of self-confidence.

However, this is only temporary, because once Neptune regains its standing amid the other planets, it all comes back together, with inspiration and intuition to be the first in line.

The positives

These natives have really high intuition skills and that gives them the ability to help others even if they don't ask for that.

They can see that you are feeling bad or that you're struggling with some difficult issues even if you don't talk about your problems.

They are perfectly capable of empathizing with the people around them because they know exactly what they have to do to fix the issue.

They are not afraid of making a sacrifice or even to sacrifice their own life by healing human souls, so you can depend on them totally, and without doubts or fears.

The negatives

Neptunian Pisces natives are dreamy, that much is clear from the very beginning. Now, to what extent are they dreamy is another thing altogether.

Let's just say that they manage to create an alternative world from the smallest details to the grandest ideas, and they prefer living in this one, rather than in reality.

As a result, they simply forget about responsibilities, about words they've given, about daily chores, about anything and everything.

Moreover, this also makes them incredibly naïve and prone to be manipulated by the most despicable of people. Those who want to use them won't encounter too much difficulty in doing so because these natives buy everything others sell.

They may also have the misfortune of getting into desperate mindsets, which then throw them further down the road of no return.

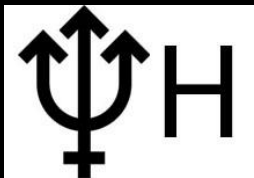

The Neptune in Pisces man

Like their female counterparts, the Neptunian Pisces men are very emotional and spiritually-oriented. They can tap into a source of ancient power, one of intuition, affection, compassion, and most importantly, ultimate devotion.

They are the perfect lovers, the perfect partners, husbands, even though it might be a little difficult for them to open up and reveal their innermost feelings.

It's fine with just remaining friends if neither of you wants a long-standing relationship. In time, maybe this will change. Neptune's influence is elusive, intense, magical, and most importantly, essential to their growth as human beings.

deals with New Age healing techniques.

The same Neptune in 11th house placement suggests they have talent with music, design and usually everything related to art. Wherever there's a cause to join, you can count on them to be there and to give a hand.

It's not surprising to see them giving flyers away down the street and to talk about raising awareness on the subject of animals' rights. It's their dream to see this world at peace and everyone living in harmony.

Most of them are great with the arts and can express their love by making beautiful music, taking photos, knitting clothes and doing all kind of different other things.

There's nothing to make their soul happy more than art. Even a morbid and darker approach seems to be to their liking because they can study and admire it from a different perspective.

Neptune influences them to be passionate about the supernatural and to study progressive science or anything related to the psychic abilities of people.

Very worried about how they're evolving from a spiritual point of view, they're always looking to share their vision about religion and philosophy.

People with Neptune in the 11th house need to set some boundaries with when it comes to their involvement in the collective.

They can make many friends who are as religious and passionate about the mystical as them, but it's also possible for them to get deceived because they're too giving.

They think the entire society needs to be safe and are always unsatisfied with how things are working in the world. It's essential for them to not put their faith in something that can't get done and sounds unrealistic.

With Neptune being dreamy, it can be difficult for people having it in the 11th house to get in touch with what they want the most from life.

This planet gets them to be confused, so they'll never know for real what makes them happy.

Always attracting unusual and caring people, they can choose the right groups to join, but they need to be careful with how much they're giving to others. It's very common for these people to feel used as a result of them being too generous.

Very ambitious and idealistic, it's normal for them to often get disappointed and to realize

their goals weren't so well anchored in reality. It's suggested they think more of doable things rather than off perfection.

Neptune in eleventh house individuals will always have mystery surrounding them because this planet rules over illusion. The sign in which it's located is also important, together with the aspects from other planets.

How the life of people with this placement will be is determined by all these things.

Since Neptune is also the planet of alcohol and substances, the natives having it in the 11th house tend to get together with people who are alcoholics or drug addicts.

They should be careful not to get influenced by such personalities because Neptune in difficult aspects with Mars or other malefic planets indicates it's possible for them to get addicted to all kind of substances as well.

They may want to function as a whole organism with the people in their life, and when in large groups they simply unify and dissolve with the crowd, but they need to know those individuals with whom they're interacting have only good intentions.

There are also situations when more negative characters are influencing the group in a bad way, so they should pay a lot of attention to each and every person they meet.

While they may idolize their friends and put their family members on a pedestal, they should always be honest and speak their mind, no matter how much they'd be hurting people.

Many individuals wear masks, so Neptune in 11th house people shouldn't just accept this.

There's also the possibility to get together with those who are very spiritual, especially when Neptune is in good aspects. In this situation, they'll collaborate with others to expand what their conscious knows and to develop their spirituality.

They may find such people in humanitarian groups who advocate altruism and generosity. It may seem no one is more talented at music than at any other art form than they are, so it's very likely they'll at least do something in this direction, as a hobby.

The goods and the bads

Neptune in 11th house individuals have to see things clearly and people for who these actually are because they tend to observe only what they want. These natives expect only goodness in their life, so they never stop to judge or to gossip.

Many will know them as extravagant and witty, so they'll be liked by the public, no matter

where they may be going.

Wanting to join groups of people with the same interests as them, they should focus more on this rather than on having perfect relationships.

It's common for them to look for extra meaning in things that are already determined and purposeful and profound.

Neptune in 11th house natives should be careful and not expect too much from life because this way, they'll never get to experience smaller things as they come and to become enlightened.

The path towards illumination should start with baby-steps because enlightenment is only possible through experience of life.

Because they want ideal relationships with their friends and lovers, they may feel like what they desire can't be achieved.

Their closed ones will be pressured to live up to their high expectations, which can also mean frustration. With all this being said, it's easy to understand why natives having Neptune in 11th house are often disappointed in life.

In a nutshell:

Style: Great taste and patience;

Top qualities: Persistent, generous and resourceful;

Challenges: Materialistic and possessive;

Advice: Discover your secret talent.

Personality traits

Being under the influence of the transformation planet and of an Earth sign, they do not hurry because they think that things did slowly are much better realized than those done in a hurry.

Of course, that doesn't mean that you have to wait a lifetime for them to arrange their life, because they have the sense of beauty, and they will totally love to live in a very glam and expensive place and possess everything that's in the fashion tops.

They will calculate all the possibilities and research for the best way to improve their financial situation, for being sure that everything will be going to work properly.

The native born with Pluto in Taurus has a very logical and practical mind which forces him to prioritize the most important activities and to never allow themselves to skip their routine.

Pluto marks the obsessive, compulsive behavior and adds a rebel attitude to its followers.

Because they are so fixed to keep that cozy and beautiful lifestyle, it is hard for them to know when they should stop and take a break, because too much work doesn't bring that much benefit from a point onwards.

That's the perfect moment for the family and friends to intervene and show them the light at the end of the tunnel.

The good and the bad

The Pluto Taurus has a very logical and pragmatical mind which confers them the possibility of being stuck on the same activity or in the same place for a long amount of time.

This native does not feel the need to change his life unless forced to, because they use to love the routine which fits them better and to do everything to keep that going.

They are very smart and very curious at the same time, and they use these qualities to find all the answers they need to know.

They have fixed mindsets and goals for the future so looking for new things that are supposed to help them enjoy them more than the old ones is even harder.

That aspect can become quite obsessive for them, because they have the tendency to not listen to other people, and it is very hard for them to allow any person around, no matter how close, to tell them what to do.

The Plutonian Taurus most certainly has their own style to do things and their own way of arriving to the best strategies for them and those close.

Pluto in Taurus in love

The last time Pluto transited Taurus, society had already changed much of its preconceptions about marriage, giving more freedom to both men and women. They were free now to pursue whomever they wanted, and it wasn't only about gaining social position anymore.

Sure, this did happen, but it wasn't perceived as the only goal of marriage. Love, emotions, feelings, these played their part as well, and they also played an ever-increasing role.

These people are practical individuals, and always have been, even in those times when a new form of relationship was promoted, one founded on mutual love between partners.

They are still very interested in establishing a stable and secure home, having a responsible and ambitious person alongside them. You may find these natives as rather practical in love but remember that they can be very romantic, if given enough space for them to prepare and their return to their loved one.

Women with Pluto in Taurus are happier when free, so it was only a natural course of action to set them free. If everything seemed perfect until now, then find out that divorce was also legalized during the last time Pluto was in Taurus.

Therefore couples that were struggling with living together now had a chance to change all that, so these natives are not afraid to take extreme measures if unhappy in a relationship.

The Pluto in Taurus man

Plutonian Taurus men crave the same opportunities as everyone else and want to manifest their greatest potential using the most efficient of methods.

They believe that only through effort and personal determination could you ever develop yourself and advance, just like Arians hold true.

They want nothing to do with the old perceptions of society and strive to change everything from the bottom up, even though they attempt to do it in a more inconspicuous manner than other signs.

The morality of the Taurus can be both a blessing and a curse. A blessing because they create for themselves a most satisfying life, living through the virtue of their own self-made principles.

It's a curse when they devise certain expectations for them that they have to reach. In this case, it's success that was elevated to a moral obligation, a goal that you had to reach if you considered yourself as a true man.

For this man: productivity, resourcefulness, ambitions, and perseverance become the key components of a good life, while superficiality, ignorance, laziness, and extravagance are seen as the epitome of degeneration.

Pluto ♄ in I 1st House

([1101] i.thehoroscope.co)

This placement of Pluto makes people go about their lives with vigilance and heightened awareness but this is not to say that they don't have a lot of fun too.

Those born with Pluto in the first house of their birth chart are very intuitive and very intense, in the sense that they are searching for the truth, whatever form it may take.

As such, don't even think about deceiving or lying to them. It's not going to fly for too

long because they'll quickly discover your subterfuges.

These natives are very suspicious and wary of people and new situations, afraid as they are, of getting hurt or disappointed. Nothing can lull them into a false sense of security because they never drop their guard.

Summary:

Strengths: Charming, warm-hearted and observant;

Challenges: Aloof, moody and suspicious;

Advice: They need to relax more and simply go with the flow.

On a path towards freedom

Pluto in the 1st house natives exude a natural aura of authority and intensity that keeps everyone wary.

This impression of strength and boundless mystery is what's giving them some breathing room in this busy world where everything is against them.

This reality is too harsh and incompatible with their vision, and so they want to avoid being hurt or going through harrowing experiences.

This form of isolation that they live in is self-imposed, a state of constant vigilance and suspicion. They don't give their trust easily to anyone. Usually, they want to know what they're dealing with before taking any actions.

They're doing their own thinking without paying attention to the rest of the world. Other people might believe them to be crazy or unconventional, but they don't care.

As the eternal lone wolves of the zodiac, the Pluto in 1st house natives break apart all conventions and rules, doing everything for their own development and evolution.

On the path towards freedom, independence, and comfort, they will have to adapt to the many situations that appear, but they aren't very keen on doing that.

All in all, in spite of their solitary natures, they still need other people to validate their feelings and thoughts. Plus, they also want a relationship.

Strangely enough, the process of falling in love and getting close to someone is fraught with mood changes and issues.

Affection, indifference, love, hate, all of these feelings will mingle around and create spontaneous transformations and emotional turmoil.

In a relationship, these natives tend to expect a lot from their partners, but they aren't

prepared to offer much in return.

There will be a lot of arguments and conflicts, each of them getting harder and harder to manage. This process takes a long time and, hopefully, it will end in them learning about selflessness.

One of their greatest fears is being dominated, held up against their will, marked by the inability to pursue their callings.

However, despite this, they are still looking to fall in love and establish a relationship.

The sense of belonging is probably too strong to ignore. A lot of people learn from mistakes and failures, so the same goes for them in such short-term relationships.

By putting themselves out there and going through any break-ups, they will learn to live with themselves just as well, to embrace their nature.

Essentially, the only way this is going to happen is by learning to treat other people fairly, to stand tall against the winds of change and avoid getting emotionally unstable and angry out of nowhere.

Pluto is putting enough negative energy in them as it is, so being so distant and edgy will only make it worse.

These people can go very far though, and this can be seen from how curious and inquisitive they are. Literally, nothing goes past them without being taken for a detailed perusal. Perhaps, there are mysteries to be discovered.

Sometimes, it could be that the Pluto in 1st house natives feel the need to be in control, to have authority over someone, to dictate and give orders.

This comes as a result of the rampant spirit wreaking havoc inside them, courtesy of Pluto. Although it can be directed toward a sexual release or even better, toward pursuing their goals, many times it just explodes outward.

Anyway, the strong sense of dissatisfaction and grief that accompanies failures is too strong to resist, especially in their precarious condition.

These traits must find a way to coexist peacefully, for harmony to be attained if they are to reach their full potential.

The goods and the bads

The Pluto in first house natives can only manage to get over these inner contradictions and escape this existential dilemma by finding some answers, questioning existence

itself for the problems they are dealing with.

Only by satisfying this need will they even manage to take control of their lives. Their identity is forming just about now, and there will be many times where they just lose it, feelings of regret and sadness.

They might even resort to unsavory methods to get what they want, like lying, stealing, manipulating people, and this is also a result of this identity crisis.

People have different opinions of them, each more negative than the last, but this won't last for too long.

One of the good things about these people is that they usually don't waste any time with small talk or uncertainties.

If something must be done, you can be sure that they will start doing it right now.

One's obligations and responsibilities are incredibly important, a hallmark of personal firmness and maturity. Moreover, they are very intuitive and are able to predict what will happen in some situations.

This gives them the opportunity to try to change or avoid problems. Putting this to good work will make the difference in the future.

These natives are control-freaks, in that they want everything to go by the book, according to the rules. The unexpected and spontaneous events annoy and scare them.

In general, they are perfectionists and want to do their job splendidly, putting incredible amounts of effort into it. Also, being the first in everything is one of the primary goals of these natives.

However, what this does is put even more pressure on them, instill emotional tension and make life not worth living anymore.

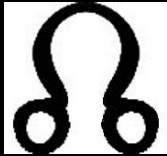

They need to take a step back, relax, let everything flow naturally. What is unknown and mysterious will reveal itself eventually, and they don't have to fret about it so hard.

Pluto ♅ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com.) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♌ in ♉ Taurus 17° 4'

(Georges Muchery)

The Dragon's Head in Taurus brings great pleasure in regard to the affections; the native loves more with his heart and mind than his senses, and this may cause him to worry needlessly, as the position denotes a certain amount of jealousy which, though not exhibited outwardly, nevertheless causes suffering. It is also a sign of hesitation in most matters, which is a mistake on the part of the native, inasmuch as this position should encourage him to act, and to look forward confidently to the future, and above all not to engage in wrong thinking, to which his natural disposition inclines him. Things on the whole cannot go otherwise than well, but the native must be prepared to help himself and to abandon pessimism. In the third decanate of Taurus it signifies a journey connected with business, or else a plan which will turn out fortunately.

The Dragon's Tail in Scorpio is very evil. It often denotes lack of moral and physical courage, which induces the native to seek more or less questionable methods of succeeding, apart from steady exertion; but they will only be trifling methods, and the results will not fulfil his desires. This position is also harmful for the health. There are evident signs of lymphatism. Danger of pecuniary loss through theft is also shown.

(Isabel Hickey)

North Node in Taurus gives resourcefulness and the ability to be very practical in the approach to material world. Attracts possessions and those who want to be possessed. Must help others to be independent by refusing them the luxury of being dependent. Crutches, if used too long, even psychological crutches, can keep the individual from developing strength.

South Node in Scorpio implies that the downward path has been trodden in the past and this must be redeemed through overcoming resentment and not using force to compel. Lust and greed must become love, and the giving spirit must overcome the grabbing

tendency.

(Martin Schulman)

Here the soul is confronted with some of the most difficult karmic lessons in the zodiac. Past lives have been strewn with endings as the Plutonian force of Scorpio worked through its process of transformation.

Now the individual is so frightened by the memory of having the rug completely pulled out from under his feet that he develops a defensive attitude toward all who offer him regenerative advice. In past incarnations he literally went through the fires of hell to burn away his false values. Now, instead of flailing back on the remains of Scorpio still within him, he must build through Taurus a new set of substantial values by which to live.

Nearly all with these Nodes have at one time touched the force of witchcraft, and so in the current life there is to be a rude awakening about any remaining residue of the lower Self.

In past incarnations, this individual also had to deal with a powerful sex drive which kept throwing him off balance. As a result, he is used to seeking gratification through all sorts of relationships which ultimately become destructive to the personal ego.

Then, confused and embittered by all he sees toppling around him, he is almost glad to aid in the destruction of whatever little remains.

Most of the conditions in this life are still controlled from his subconscious level, buried deeply below the scrutinizing eyes of society. He may appear jovial and friendly, while he is in fact planning some mysterious adventure of intrigue inside.

The chart must be studied carefully to see just how far the soul has come out of Scorpio before an accurate interpretation can be given. For those already closer to Taurus, the violent churning of Scorpio is purposefully avoided at all costs. For those just barely out of Scorpio, the internal revolutions are still going on. Planets conjunct either Node will pull the individual toward that Node and literally force him to live through it in the current life.

For all with these Nodes, the past residue of revolution is of such powerful intensity that there is bound to be some after-effect spilling over into their present-life relationships with family members and close loved ones.

Each day seems to be filled with new emergencies, until one crisis built upon another creates such a turmoil of conflict that the individual is reduced to his most very basic struggle for survival. He doesn't yet know the art of moderation or how to take things at face value, for he still believes that others always have an ulterior motive. Inside he feels

that he must constantly escape from punishment; and in his escapes he leaves behind him a tornado-like shambles of all he once held dear. At times he sees others turning on him; but rarely does he stop long enough to understand that he is the cause. Whether he is still acting out his past incarnations in Scorpio or advancing through Taurus, his fixed stubbornness is very much a part of his ingrained way of doing things.

He will make much growth when he is able to see the actions of others as reflections of his own subconscious!

From past incarnations, he has become accustomed to attuning himself to a peculiar brand of intensity, which when not allowed to express itself turns to anger. He has been deeply scarred with the pain of being hurt, and now like a wounded animal can be deadly to any who represent the slightest threat. On the lower levels of consciousness, individuals with these Nodes can pursue their prey with a personal vendetta. Then when the pieces fall, they appear to be the innocent victims, while they are in fact the carefully planned victors.

Due to the intense emotion constantly seeking expression, a variety of creative outlets are needed.

Sexual desire must be transmuted into Divine Love. All embittering conditions from past incarnations must be dropped from the consciousness until the new seed of peace is discovered. The Scorpio South Node must burn the bridges of the past and resolve to benefit from the lessons of Lot's wife: 'Never to look back!'

Through the Taurus North Node, he must learn not to dissipate or waste in valueless areas all the power that flows through him. His greatest achievements in this life occur when through the development of a great love for the earth he lives on, he starts to appreciate glimpses of the source of his unfailing supply and support. For lifetimes he has misused his energy, his drives and his desires, feeling himself alone against all the oppressions and afflictions that affect mankind. Now through the sensitive impressions of his Taurus North Node he is to be brought to the awareness that the abundance in the universe is so great that he will always have what he needs when he needs it. He must learn to distinguish the difference between the words 'want' and 'need', for although he may not always be able to realize what he wants, he is at every moment surrounded by all he needs!

As he reaches for his Taurus North Node, he is reaching at last for stability. He can stop chasing all he has ever felt cheated of by seeing all that is now offered to him.

Ultimately, he is destined in this life to reach a state of contentment as the seething volcanoes of Scorpio melt into the blue spirit waters of harmony in Taurus - where the beloved Gautama Buddha left his blessing. Truly this is the transition from lifetimes of war into a garden of peace.

The house position of the South Node indicates the area of life where any remaining residue of the Scorpionic battles must be conquered, while the house position of the North Node shows the area in life where the new awareness of trust and security can ultimately replace the underlying struggles.

(Mohan Koparkar)

Previous incarnation for this person was spent in many hidden or underground activities. Being a rebel against the normal life structure punished him to go through various stages before this present condition occurs. Distorted sexual abuse or misuse of power was noticed in the previous life-style. All this might or might not have been his own problem, but the company he kept in those years. In this lifetime, he just wants to take things very easily and enjoy life without creating many complications. His struggle to at least maintain his Karmic status and not go down any more is amazing to watch. He will try all his best to live nicely and comfortably; and anybody that would oppose his ideals will be dealt with quite vigorously but slightly underhandedly.

(Donna van Toen)

You have real hang-ups about earnings and resources. Your Scorpio South Node may reply: 'Yeah, but that's because I've been ripped off so often. You just can't trust people'.

Your problem is that you haven't built up your own resources.

Possible reasons: You don't really know what you want. You resent other people's personal or material success. You have sexual misconceptions, or misconceptions about material wealth. Maybe you were brought up to equate affection and caring with getting material things. On rare occasions, people with South Node in Scorpio have a 'you've got to be more crooked to make any money in this world' philosophy. More often, there's a tendency to make changes just for the sake of changing.

Possible solutions: Learn to enjoy both giving and receiving, whether the exchange involves affection, compliments, money or whatever. Develop a strong sense of personal values based on your own needs. Forget about morals, and do what you have to do.

Taurus North Node generally has to be taught to value money and material goods. There's often some sort of hang-up about the actual process of working - a dislike of any type of menial or manual labor, a refusal to prove your worth, an insistence on starting at the top, etc.. Sometimes there's actually a contempt for money; other times, money is OK as long as you don't have to have the hassle of working for it. occasionally there's a 'gimme' fixation, while at other times there's a 'take-it' fixation. Sometimes there's an over-emphasis on sexual resources. And I've seen a few cases where total resources

were invested in other-worldly pursuits - contacting the dead, attaining trance states, researching various paths leading towards spiritual evolution, etc.. Taurus North Node has a hard time seeing the connection between development of his or her personal and material resources and being able to relate to others and to the material world in general. Depending on the overall chart, he or she takes a stance of total giving or total taking. Many Taurus North Noders concentrate on one resource exclusively to the detriment of others, so that time, money, or sex etc. becomes the only means of barter available to them. When this resource is depleted, they no longer have anything to fall back on, and must either work to develop other resources or become totally dependent on others. Taurus North Node also seems to be quite common in people who have suffered material, educational, or emotional deprivations in childhood.

The person with an overdeveloped Scorpio South Node consciously or unconsciously exudes a strong sexuality; dislikes the outdoors; is in some way an extremist; sympathizes with the underdog and envies the successful without much thought of who deserves what; has little interest in other people's resources unless he or she can benefit from them; dissipates a great deal of energy trying to alter circumstances beyond his or her control; resents needing others; has an unstable financial situation; feels entitled to criticize others; and will give a great deal, but usually attach strings to his / her gifts.

North Node in Taurus wants money, or at least a reputation as a connoisseur. He or she wants the good things in life. He or she wants to be thought of as firm, patient, and lacking nothing. In contrast, the person is generally someone who's undergone drastic changes of values or circumstance, intense discomfort of some sort, or traumatic experiences. His or her routine is periodically stirred up and shifted as a result of emotional upheavals or disturbances that are seemingly beyond his or her control. He or she tends to be jealous of others who seem to have attained more in life, and may develop a rather pessimistic attitude in terms of realizing his or her dreams. He or she may compensate for lack of material security by trying to possess people, or may compensate for emotional losses by developing a reclusive streak. These tendencies only serve to trigger more problems.

Antidotes for Taurus imbalance: Gardening seems to be a particularly good antidote for the impracticality that often accompanies an underdeveloped North Node in Taurus. Cooking courses also prove helpful. The client should be encouraged to sing and listen to music. If manual dexterity is shown in the chart, the client should be encouraged to use it in making things. If there's no manual dexterity shown, the client could be encouraged to build up a collection of something - biographies, novels, gadgets, etc. - in an area of interest. Flower arranging could prove to be a useful antidote. The client should be encouraged to avoid rushing and activities that create momentary excitement without contributing to future security.

North Node in Taurus often has untapped artistic potential. Music, sewing, and painting are excellent outlets for these.

North Node ♌ in I 1st House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the First House is good for the native; it brings him a measure of support which will enable him to succeed in life. It is also a sign of wealth from the intellectual standpoint: a practical imagination, an inventive and fruitful mind. This position is good for the health.

The Descending Node (Dragon's Tail), being in the Seventh House, signifies worries and troubles regarding partners. It often indicates a very material union, so that if the planets are well-placed in the Horoscope this position will be fortunate for money and material things, but where marriage is concerned, not for the emotions.

(Isabel Hickey)

Person must develop his own initiative and his own personal power. Has relied too much on other people in the past, and has been dependent on or dominated by others. Now he must hew and carve out his own destiny. Through his own efforts and his own actions, he will gain the confidence and self-reliance he needs.

(Bernice Grebner)

This person tends to learn to do things for himself, to rely on his own initiative. Life seems to force him constantly into situations where he will have to act under his own volition. He should develop a personality that the public identifies as being individual; and he needs to take a personal stand on things. North Node in the first is forced constantly to project himself, depending upon the sign position. The sign would indicate the reason for the projection of self. He will need to accomplish things through the power of his personality, and to develop self-sufficiency.

South Node in the seventh is self-abnegation. There is danger here that the individual will try to indulge in all kinds of relationships. His partnerships can become so involved that he may lose his individuality in other. This gives the probability that the person will marry successfully later in life. There is always a secret fear of losing the marriage

partner. It gives innate knowledge and talent of how to be a good partner. Along with this comes dissatisfaction because of the South Node person's overly idealistic image of a partner. Marriage in this ideal sense may be tried many times and many times denied. He is not rational where partnerships are concerned, especially when South Node is in the sign of Libra. South Node in Scorpio in the seventh is troubled with sexual idealism and / or the partner's financial status. The person is capable of counselling others despite his own personal problems, or more probably because of them.

(Mohan Koparkar)

This condition signifies that the personal values are more important than general public or partnership(s). Individuality is self-propelled; and this person may or may not take heavy partnership responsibility. In reality, the partnership activities are often a drag for them in many ways, but they have to learn to cope with that. Strong aggressive tendencies are displayed, and the personality can be action-oriented. Other people or partnerships become a medium of learning experiences with or without choice. In their recent past life, they have been too much marriage-oriented or in deeper public involvement.

(Martin Schulman)

This individual is here to go through experiences which challenge the self. In former incarnations, he fell into the trap of depending upon undependable people.

Spending too much time trying to help others understand themselves, he never stopped to reflect on how their same situations and circumstances played an important role in his own identity. As a result of putting the accent outside the self, it now becomes difficult for him to see who he really is. This is particularly strong if Neptune is found near the Ascendant.

These Nodes indicate past incarnations in which the individual submerged his identity in the affairs of others. Marriage and partnerships are so deeply rooted in his way of doing things that his quest of self is constantly viewed through other people's eyes. He therefore allows their thoughts and opinions of him to influence his own sense of identity.

Ultimately he must come out of the bondage of trying to be all things to all people, and, in the light of his own singular vibration, establish who he really is. He must escape from living in the shadow of other people's lives.

His soul memories of co-operation and teamwork are so strong that every time he falls back on them, he actually extinguishes himself in the causes of others.

His first house North Node now brings to him the awareness that somehow he has lost his identity. Submerged in the desire to please, he has made himself a reflection of an

ideal peculiarly opposite to his own basic nature. This causes him much current life pain as he desires to come out of himself while at the same time not inflict hurt upon those near him.

He must ultimately learn how to assume gracefully the role of leadership. This is extremely difficult, because he has had so much prior-life experience in being submissive. He has sacrificed himself so that others could achieve their goals.

All of his important experiences revolved around docile acquiescence. Now the highest growth potential is to establish a sense of self without shutting off completely the benefits of marriage and partnerships. Too often when he becomes aware of all he has sacrificed through his South Node, he becomes an extremist, feeling that one state of existence inhibits the other. He starts focusing every part of the life energy around the desire to lead rather than to be led. Through an instinctive knowledge that his Achilles heel or weak spot is in the ways that he can allow himself to be put into the position of being taken advantage of in marriage, he develops the tendency to become too over-assertive. He tries too hard to make up for what he feels he has lost.

To achieve happiness in the current life, he must learn how to balance equally his own needs with those around him. He must deliberately try not to rush his own growth and independence, with the understanding that the most beautiful flower takes time to blossom, while only the weed grows quickly!

The sign which contains the South Node indicates the ways in which the individual during former incarnations submerged himself in others. The sign which contains the North Node shows the ways in which he can now establish his own sense of identity.

(Donna van Toen)

Conflicts: Good self-projection in terms of being true to self vs. good projection in terms of appealing to others. Excessive worry about partner's well-being vs. attention to your own well-being. Self-generated vitality vs. dependency on others for stimulating vitality.

Possible results of sacrificing North Node: You become dependent on the cooperation of others. You lose awareness of your own feelings about things. You lose your identity. You sacrifice yourself so that others can achieve their goals.

Possible ways to integrate North Node: Learn to accept leadership roles occasionally. Remain sensitive to your environment, but try to avoid being overly influenced by it. Travel - preferably on your own. Seek direct, honest contact with others. Seek out new experiences.

In the first house, there's a hang-up about leadership. This person is inherently strong and probably highly motivated, but often lacks moderation in his or her attempts to fulfill a leadership role. There's a fluctuation between playing the dictator - which invariably proves unsuccessful - and a strong lack of confidence in your abilities. You feel if you can't be the ultimate leader you may as well just put your life in other people's hands. Either extreme produces clashes with others, since neither the dictator nor the pawn proves to be a totally comfortable role.

A less common tendency is to not care about how you look. This person, rightly or wrongly, wants to be accepted on the basis of his or her inner qualities. However, again rightly or wrongly, in our society relationships are often initiated on the basis of an attractive appearance. For this reason, those who neglect to develop this facet of their personality quite often don't get to first base when it comes to forming relationships.

It's interesting to note that in the process of balancing the first / seventh nodal axis, the person may for a time develop an almost narcissistic preoccupation with grooming and appearance.

North Node in the first house wants to be thought of as ambitious, energetic, and lucky. In contrast, ambitions may have been thwarted by an early marriage or an unfortunate marriage that was based more on transitory romantic feelings than real love. Feelings about relationships and life in general are changeable, and often make a drain on energy, so that when opportunities arise, motivation to act on them is lacking. Sometimes there are problems from laziness or passivity.

(Haydn Paul)

Your focus for personal development will concern identity and relationship issues. You may become dependent on others and, in so doing, submerge your identity in the process, perhaps by displaying a passivity to their will, desires, and needs. You may lack self-esteem, as your self-image often reflects others' perceptions and evaluations of you. This can be misleading, perhaps creating a distorted self-perception, particularly since you allow others' views and opinions to influence your actions and behavior. Yet relationships will be important, and you can devote much time trying to satisfy these partnership needs.

You need freedom from dependency on others. Learn how to be more independent and forge a unique identity, instead of relying on others to define it for you. Through self-understanding, you can live by your own light. But, until this is achieved, you probably will remain too influenced by another's persuasion. What may occur is that, through your desire to please others, you deny and repress your own identity, needs and desires; and through misplaced self-sacrifice, lose contact with your deeper being.

While you recognize the value of relationship co-operation and harmony, being too

passive and submissive to more assertive personalities becomes damaging. There are alternate ways of relating, however, which can benefit all concerned. Discovering this alternate path is your challenge. You may have to assert your needs and desires in a way which does not create conflict. Perhaps due to previously relying on others to decide actions, when you become more assertive, you encounter friction with those who have almost taken you for granted. They may find it difficult to deal with the emerging 'new you'. Such difficulties must be faced, and relationships must be rebalanced and adjusted; reverting to a submissive or passive attitude will be detrimental to inner growth.

Ideally, this developing self-expression will be balanced with an openness to experience the richness and complexity offered by relationships. Initially, this may cause relationship challenges; and your assertiveness may be inappropriate at times. Careful moderation may be necessary, especially if you suddenly act as a 'new you' overnight, or try to dominate others. You need awareness of how you are treating others as you move from a passive to an active role in your relationships. Care is required as you unfold your personality, and when harmonizing your needs with those of partners. For some, the transition could involve dissolving older relationships and later forming new ones more suitable to the old phase. Growth rarely happens overnight; it will come slowly and with considerable effort. But retain faith that your struggles will create great personal benefit and freedom.

(Black Moon) Lilith ♀ in I 1st House

([1149] elsaelsa.com)

Dark Warrior

If you have Lilith in the first house of their chart, matters relating to her take on an exaggerated importance in your life. Your life is one that will take on Lilith themes likely from a very young age, and you will embody her essence. That wound, that anger, that drive to change the world and make your own way will likely manifest early on.

Since the first house also rules the body, it will manifest physically as well. This is particularly true the closer Lilith is to the Ascendant. There will be something dark, hypnotic, and wild about you. It will attract and intimidate in equal measure!

You'll be driven by a desire to carve out a space for yourself in the world that feels safe, authentic, and true. Since you become aware of the danger and cruelty of the world at such an early point in your youth, you will highly value situations in which you are able to be your real, dark, vulnerable-yet-powerful self. Lilith's story is one of loss and wandering, and so too will you likely feel cast out, rejected, and like your life is a journey to finally find your way home to yourself.

Because Lilith is a process, you'll find these themes unfolding throughout your life. At certain times you may really embody the wound, and at other times the rage. Sometimes you'll get to sick and tired of the whole thing that you deny Lilith altogether, and at other times you come out swinging, ready to burn it all to the ground.

While there are many, many more ways it could manifest, one thing is certain. With Lilith in the first house, you are a fighter. Born to protest, born to love, and born to take down your oppressors and shine a light in the darkness. The world needs you, warrior. Saddle up.

The Unconventional Nurturer

Opportunities

- Inventing new nurturing practices
- Inspiring others to embrace uniqueness

Challenges

- Allowing yourself to be vulnerable
- Embracing your uniqueness

Ceres in 11th House

The nurturing function of Ceres is applied to the collective when in eleventh house.

Instead of nurturing on an individual or partnership basis, the focus turns toward groups of people. An example of this would be running a support group for single parents, a Ceres ruled population.

This is a placement that may like to lead community projects, such as gardens to grow and share food. Building sustainable communal care is important to Ceres' cause.

There is also potential to create new models of nurturing by advocating for creative solutions to current challenges in our societal systems. The possibility of birthing new

ideas and frameworks for collective healing is strong.

This can be channeled through social service jobs involved with childcare, family therapy, food services and healthcare.

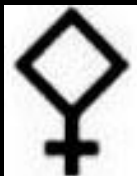

Friendships can be a source of nurturing, assuming individuality is respected and celebrated. Great power lies in creating networks, sharing resources and fostering healthy interdependence.

Your style of nurturing is likely to differ from those around you, as you have the mark of the pioneer and inventor. Similarly, your desire for nurturing may be through unconventional methods, perhaps involving your friends.

You feel most loved when your individuality and unique nature is encouraged and appreciated. If you did not receive this in childhood, your adulthood has the potential to become a healing playground where your freak flag can fly freely.

Advocating for social justice or providing service to marginalized populations can help you get in touch with your natural style of nurturing.

These techniques could include prayers, meditation, art, drugs, s*x, or alcohol. It is those elements that help them let go of physical reality and dive into the unconscious.

The consequences of their desires and intentions could be becoming an addict, criminal, or being a martyr and sacrificing themselves for others. The latter is more probable because deep inside, they are fragile souls that want to make the world a better place.

The best way to do it is by alleviating the pain and helping others overcome their troubles. It is why they often work or volunteer in hospitals, asylums, hospices, or orphanages.

The problem is, they usually put others first and, in the process, neglect their health and mental well-being.

([86] astromatrix.org;) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

You have more compassion and sympathy, especially for people who are oppressed. It can be good to work in a social area where you can help and assist people in need.

2) ► **Midheaven** MC **Parallel** ♃ **Jupiter** - (1°55') ♄4 | 115

([65] astromatrix.org;) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

3) ► **Descendant DC Parallel ♄ Saturn** - (1°22') ♀7 | ♀5

([201] astromatrix.org;) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can general fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

4) ► **Descendant DC Parallel ♅ Uranus** - (1°58') ♀7 | ♄8

([206] astromatrix.org;) Liberal Associations

When Uranus is opposite your Ascendant your relationships and the people to whom you are attracted can have a big impact on your life. You will be attracted to liberal and

free-minded people. You have a vision of the future and are not bound by the values of the past. In your close personal relationships, you seek a partner who needs a great deal of freedom and personal space and hence will not interfere with your own need for freedom and self-determination.

Your popularity with others and contacts with the public are erratic and unstable. You're attracted to people who are attracted to the occult or science. You're extremely individualistic and desire personal freedom in all personal relationships, including marriage. You do have extensive creative ability and your personality is quite different, unique and progressive.

You can be very inventive, and you prefer to work in areas where you can have a lot of freedom and you do not like being tied down to a routine. You are generally well liked for your individuality and you probably have a lot of friends, you especially like to associate with intellectual people and those you can have intense discussions about topics that interest you.

You are quite a rebel and you don't like authority in general and you probably had some conflict with your parents or superiors in the past. It is best to not these tendencies to stop you attaining your goals, it is good to learn compromise and cooperation even if you feel you don't agree with others' viewpoints or attitudes, it is important to integrate and not isolate yourself from mainstream society.

Work on trying to make more commitments, realize that freedom isn't necessarily free and that you work with others so you can achieve what is important to you. This could include areas such as social reform or activism.

([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time

wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

6) ► **Sun** ☉ **Contra-Parallel** ♅ **Pluto** - (0°20') ♄8 | ♃1

([148] astromatrix.org;) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence circumstances in your favor. This is why you desire to be in a position of authority, calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

8) ► **Sun** ☉ **Contra-Parallel** ♁ **Vesta** - (0°49') ☿8 | ♀7

([609] 12andus.com:) You may have a strong desire to show your talents and gifts, yet also feel called to a sacred path that requires some sacrifice.

You may want to take center stage and receive recognition for your unique views and gifts. At the same time, your sacred mission may call you to a very different path. One in which you take on a humble role of service and charity.

You'll follow your sacred mission but may frequently wonder if you could have achieved fame and fortune if you only put yourself first. You won't follow such impulses but may feel conflicted when you're called to make a sacrifice, even one you believe in.

If you bring your desire for recognition and praise into balance with your desire to fulfill your sacred obligation, you'll find it easier to harmonize these opposing inner drives.

11) ► **Moon** ☾ **Contra-Parallel** ♀ **Ceres** - (0°44') ♄9 | 0011

([559] 12andus.com;) Your emotions and intuition can make you highly sensitive.

You have the makings of a deeply nurturing and compassionate person but you may resist showing your love transparently. If you don't feel emotionally secure yourself, you may hold back from others.

You may also have a hard time balancing your emotional and nurturing needs and the needs of others. Rather than fighting your deeply caring nature, it is best to show others your strengths as an emotional caretaker but with boundaries so as not to neglect yourself.

You may find yourself attracted to people whose need for nurturing mirrors your own. By

taking care of others you try to simultaneously care for your unmet needs. Balance in showing your love and caring for yourself is essential.

12) ► **Mercury** ☿ **Contra-Parallel** ♋ **Jupiter** - (1°41') ♎7 | ♏5

([165] astromatrix.org;) The Pseudo Intellectual

When Mercury is in Opposition to Jupiter, you will feel as though you want a lot without putting in the effort to get it. You have an original, fertile mind but are often absentminded.

You can be a good bluffer, but you're easily frustrated, and your memory often fails under stress. Your mind is quite active, and you are able to learn when you want to, the trouble is you rarely find the persistence to keep going or you can get easily distracted by other subjects. You need to acquire thoroughness and attention to detail. Your thinking and studying habits are not always orderly or disciplined, and this can of course result in sloppiness.

In an attempt to attach greater meaning to your thoughts and ideas, you might frequently overstate or overestimate. You can be extraordinarily funny and interesting. The problem is that you can alternate between the rational, critical and logic minded Mercury to the idealist, optimistic big picture Jupiter which can make you lose focus or become confused as to why you are doing what you are doing.

You must learn to be more disciplined, to concentrate more on details and to be more persistent with your projects. Try not to alienate others that hold a different opinion or belief to yourself, or avoid interactions based around intellectual inferiority. Become a better listener, try to understand different points of views and perspectives, this will help develop your mind further and assist you in having more clarity.

Some good careers where you might be successful in if you put in enough effort are Law, Education, Teaching, Lecturing, Marketing or other fields where your communication and literary skills can be put to use.

13) ► **Venus** ♀ **Parallel** ♍ **South-Node** - (1°35') ♎6 | ♎7

([181] astromatrix.org;) Artistic Talents

With Venus Opposition North Node, a lot of artistic talents are brought over that often show up at an early age. You have been working on developing artistic flair of a particular sort. The house position of Venus points to a reservoir of past artistic inspiration or knowledge. There are talents here that can be used to help others and contribute in some way. On the other hand, the love life suffers, and you may have difficulty understanding your emotions when it comes to love. This is often a sign of someone who has suffered heartbreak either in this lifetime or past ones.

You may have been self-indulgent in the past and now efforts are required to balance out this area of relationships. Finding happiness in marriage is not easy. Even with

considerable success in other areas, this is often the weak spot. Relationships with the opposite sex may be difficult to impossible. When it comes to the sexual energies, those energies must be converted into developing higher consciousness.

You may have difficulties or obstacles when it comes to expressing affection due to major circumstances in your past life or early childhood, but you care deeply and have a great love for your family, friends, partners and the world. You have a sincere appreciation for beauty and the arts and likely have some form of artistic talent. Your way of expressing yourself socially and how you display affection, however, may invite conflict and tension from others. - Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean

that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

16) ► **Mars** ♂ **Parallel** ☿ **Uranus** - (1°24') 139 | ♃8

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will

tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

17) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Ceres** - (1°47') ♀5 | 0011

([563] 12andus.com:) Your desire to nurture others is often in conflict with your desire to maintain your freedom.

Rather than holding space and connecting emotionally, you feel more comfortable giving a gift or sharing a bit of philosophical wisdom and then maintaining distance and freedom.

You fear being consumed by the emotions of those you care about. As a result, you may back away when others are in crisis. This isn't because you don't care. It is because you're more comfortable in optimism and idealism and overwhelmed by emotional turmoil.

You try to show your nurturing energy by uplifting others and can do well as a positive leader. First you'll need to be comfortable with your own boundaries and emotional connection.

16) ► **Mercury ☿ Opposition ♇ Pluto** - (4°32' A) ♀ 7 | ♃ 1

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you

often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

([232] astromatrix.org:) The Charming Speaker

Opportunities: 1. Letting Your Curiosity Run Free 2. Embracing Your Intuitive Insights

Challenges: 1. Gaining Internal Balance 2. Making a Social Contribution

With the sextile, the Mercury qualities are often more emphasized, as this aspect is associated with the mind, information, understanding, and communication.

The lunar personality foundations are usually well established and not disruptive or unduly intrusive. You should be able to express your Moon's qualities in ways which also enhance Mercury qualities. Information and knowledge will be especially appealing; perhaps you will have an almost insatiable curiosity and need for wide and extensive intellectual exploration.

For you, the world is like an immense storehouse of fascinations, your mind lighting up with interest as every new one comes into view. You could become a 'perpetual student', loving to explore each topic to the greatest possible depth, and perhaps becoming expert in limited areas of knowledge. Alternatively, this could result in a dilettantish tendency, sampling many varieties of knowledge but rarely exploring deeply.

Both memory and comprehension are likely to be above average, thus creating a well-stocked intellect. What can emerge as a motivation is a need to be socially useful by contributing to your community. To achieve this, you hope to discover ways to transform thoughts and ideas into practical results. The sense of value and pleasure this gives serves to encourage increasing your knowledge. The issue of right direction may arise in this context and you may decide to become involved with civic and social groups, pooling your assets and abilities with those of others to achieve group objectives.

Generally, you look at ideas as sources for practical action and possibly personal profit, as you possess an effective business and organizational ability which could also be successfully exploited. You can be an effective communicator, conveying ideas and presenting them in a clear and persuasive manner, being articulate and literate, entertaining and interesting. This can manifest in writing and lecturing, and can be beneficial in social communication, especially in activities which increase contact with groups. This can extend your influence and increase friendships; your personality is sufficiently flexible and tolerant to relate to many types of people.

You may possess a sensitivity to others' thoughts and feelings, almost like a psychic intuition, but which operates through a Moon affinity of sensitivity and emotional rapport. This can act as an 'early warning system', indicating when people or situations are less genuine than they appear, so trust these inner sensations and feelings whenever they arise. This sensitivity helps you to be tactful and diplomatic, whether in social contexts or within the family.

Others can recognize your thoughtful and caring nature and, provided that you do not become obsessive about manifesting your ideas, you should be able to co-operate and harmonize well with partners and family. Fortunately, your emotions rarely enter into direct conflict with your mind and ideas, but usually work with them in tandem, so that positive attitudes assist optimistic plans to become productive. This emotional and mental accord minimizes distracting inner conflicts and enables problem resolution to be achieved more smoothly.

Your Moon's emotional warmth and protective concern is an asset for family members and intimate relationships and domesticity will be well organized, founded on close and effective communication. Home is important, but wider social involvement will be equally so, as this is often the environment in which you intend to apply your ideas practically. Both emotions and mind are recognized as offering valid messages, but ensure that neither becomes imbalanced through overemphasis, as each performs an important role in different circumstances.

Intimate partnerships, marriage, or love affairs will involve a high level of mutual communication and sharing; enriching both participants' lives and contributing to achieving personal aims. You will be attracted to similarly intelligent and optimistic partners who are able to exploit innate talents, especially those who conceive ambitions and then strive to achieve them. A danger is that, if two people are chasing individual goals and dreams, then conflict may occur if their paths begin to diverge rather than run parallel.

([411] astromatrix.org;) The Restless Mind

Opportunities: 1. Going Deep into Your Interests 2. Finding an Intellectual Career
Challenges: 1. Choosing Some Interests over Others 2. Being Present when Speaking
Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active, and each new interest you take up will give you a new idea about your future career. In fact, the danger here is that you may never really settle on one career; you will get into many projects but never thoroughly enough to know what each one can really offer you.

For this reason, you must teach yourself some self-discipline, so that you can stay with a project long enough to understand it. You are quite restless and need to be mentally active all the time. You need to keep your mind busy, talk with others and feel that life is moving quickly. Otherwise you get bored, and then you may annoy people.

Often you get so wrapped up in your own ideas and needs that you forget about anyone else. But with a little effort you can get away from yourself and see other people's points of view. You are able to think very clearly, but only if you come out of yourself.

As you get older, be careful not to say things that work against you. Your mouth could be your own worst enemy unless you make sure of what you are saying before you speak. It is possible to make your point without offending others.

You enjoy games, especially those that involve your mind, so you may be very good at solving puzzles and other activities that require cleverness.

49) ► **Midheaven MC Square ♇ Pluto** - (6°50' A) ♎4 | ♏1

([452] astromatrix.org;) Desire For Change

This aspect indicates that you will have to make a special effort to get along with people. You must make it clear that you do not try to fulfill your goals in life at their expense, and that you will not allow them to take advantage of you either.

A very ambitious person in youth, you probably picture yourself as being quite important when you are older. This can be a very constructive attitude, but it will be difficult to achieve your ambition unless you are able to get along with others, to give them a constructive part in your goals. Also, it is very important that you play the game of life honorably and adhere to high ethical standards.

You don't need to worry that doing so will be dull, because whatever you get involved in, you make it exciting and powerful. You have a strong desire to bring about change in

your world, and you may want to be a reformer and rebuild. However, you should not try to get power simply for its own sake. You have to use the energies of Pluto for a purpose higher than yourself.

It is perfectly permissible to be personally rewarded by your work - you do not have to be totally self-denying - but personal gain should not be your principal motivation. A born psychologist, you should be able to gain great insight into human behavior. But again, you must not use this knowledge for personal gain or to manipulate others. Eventually you may choose a profession that will use this knowledge.

50) ► **Midheaven MC Square ♄ North-Node** - (5°38' S) ♄4 | ♃1

([455] astromatrix.org;) Work Life Balance

With North Node square the Midheaven, success and monetary gain come through your domestic life. You always have a roof over your head, however temporary. You benefit through your parents and other family members. The timing of events in your domestic life with current social events brings good fortune, especially in your later years. However, misfortune comes through blocked professional interests as you rarely get the recognition you sometimes deserve due to lack of poor timing. Societal restrictions or expectations may lead you into a career which brings you no fulfillment, yet you would rather go along with the flow than try to find something else. This may lead to problems with co-workers or employers since your self-expression is so constricted at work.

Your karmic path is not aligned with your ambitions; it is suggested that in a prior life that these people received plenty of recognition for your efforts or perhaps you attained power through inheritance or manipulation. You may have been in positions of authority where others would have helped you achieve great things or notorious things, much depends on the aspects to this position.

Being a rebel can cause friction throughout your career path but ultimately can lead to motivation and victory when you learn to stick to your goals and ideals while also not conforming to the status quo. 52) ► **Sun** ☉ **Square** ♆ **Neptune** - (0°13' S) ♄8 | ♀11

([383] astromatrix.org;) Self Deception

This indicates tendencies of psychologically based inhibitions, restrictions and frustrations which pose considerable challenges that need overcoming before the more positive characteristics of Neptune and the Sun emerge.

You tend to lack confidence in your identity and ability to achieve your ambitions. Part of this may have been derived from your parental relationships, especially with the father, as your developing nature may have experienced conflict through lack of understanding or of perceived love; it may have been that by asserting your own individuality you clashed with the stronger parental will. The results are that your self-confidence has fragmented, and that your application of will is less focused and effective, and consequently you have developed psychological defenses against others and from facing personal failure. This is displayed in escapism, and avoidance of responsibilities and of the need for self-discipline, unless a powerful Saturn in your chart can re-balance this tendency.

Preferring to run away from confronting reality leads to distorted perceptions, which make careful evaluation of options difficult as well as generating fears of making decisions which may prove to be unwise. At its worst, this can create inertia through fear of taking deliberate action. These inner images of failure tend to create external failures, and so emphasize a repetitive vicious circle. Yet by linking this pattern of failure within aims and ambitions that are probably beyond your current capabilities to achieve, you also succeed in evading the realization that you are creating most failures in your life. This is exacerbated by the dreams of the unintegrated and unfulfilled Neptune, who may be noticed as a thread of guilt related to your lack of achievement, and as an ongoing sensation of discontent.

Your solar power is being diverted and dissolved by the activity of an unintegrated Neptune, and, unless you can begin to reassert this solar center and face your Neptunian challenges, this unsatisfactory condition may continue. These challenges can be mitigated by a decision to make sufficient effort to connect to your hidden solar center, to move beyond those superimposed images of guilt, failure and inferiority that have developed as a defensive response to emotional pain. Such a reorientation may not be easy to make, as you will be opposing established patterns of behavior, yet the gains that can be made are likely to transform your life.

The first step is self-acceptance, to cease any self-judgment and condemnation. Then, if you really want it to happen, feel confident that any change can occur. You have sufficient inner creativity, imagination and potential waiting to be released from imprisonment, although finding appropriate channels of expression may still take a little longer. However, you need to define any ambitions within a more realistic perspective than previously. Possibly some form of counseling may be effective in helping you gain more clarity regarding your self-potential, or workshops in self-assertion and decision-

making / goal setting. In effect, you are being asked to see yourself as a young child, ready to enter adulthood, and you are expected to recreate yourself into a new and more suitable identity.

Take smaller and easily achievable steps in this process of recreation; acknowledge that occasional failures are inevitable, but try not to turn them into traumatic dramas, and realize that success will not happen without the parallel risk of failure side by side. Everybody is a failure at something, and that isn't an excuse to condemn yourself again. As your self-confidence grows, your life will begin to take a more positive shape. It will not happen overnight, as transforming long-established behavior patterns cannot be achieved that quickly; but persevere, and changes can happen. Perhaps using techniques like creative visualization and affirmations, or subliminal programming encoded on self-development cassette tapes, could strengthen this process.

The essential realization is that change is possible, and that you can achieve this in your own way; in hope lies the fountainhead of the waters of potential and transformation. Such improvements can benefit your intimate relationships too, as well as enhance your self-image, confidence and decision-making abilities. Generally, you are emotionally vulnerable, possibly exploited or abused by others, deceived or manipulated in various ways; but if these tendencies exist, they are reflections of those dominating patterns within you.

There can be unusual emotional needs and desires linked with romantic idealism that are expressed in physical sexuality; these may require healing and cleansing in some way. But the proposed transformation and refinement that is implied by resolving the conflict of the Sun and Neptune would simultaneously deal with that level too. There can be an attraction towards occultism and mysticism.

53) ► **Moon** ☾ **Square** ♀ **Venus** - (1°28' S) 139 | 6

([389] astromatrix.org;) The Overreactor

Opportunities: 1. Intimacy Without Fear 2. Committing to a Great Relationship

Challenges: 1. Developing Self-Knowledge 2. Accepting Love

This indicates probably inner stress and tensions related to your social and intimate relationships; your emotions will be the battleground. These emotions will feel extremely powerful; and your fear of losing control over them may result in repressive behavior which tends to avoid relationships that awaken deeper emotional responses. Yet at the same time, you need this emotional involvement and those intense feelings.

With your emotions and feelings being polarized, you often prefer to retreat from commitment, rejecting the personal obligations that may be required from relationship. These behavior patterns can be seen in a starker light at times when commitment is required in relationships. Because you refuse to acknowledge the depth of your feelings, deep-rooted fears begin to rise. These can include fear of losing freedom, fear of another's power over your emotions, and fear of experiencing love's transformative fires.

Once someone begins to impose his or her needs, demands, and will on you, his / her expectations of your predictable behavior often can awaken a rebellious attitude within you. Your insecurity and fears result in contrary behavior that can create relationship conflict just when real progress could be made. Your reactionary drive for independence and your tendency to reject signs of possessive behavior or demands for your exclusive loyalty may shatter any potentially restrictive relationship. While there may be valid grounds for rejecting such tendencies, your reaction mainly reflects inner fears and unresolved personal issues, and tends to be negative, resulting in heartbreak and disillusionment for yourself and others, and enforcing an increasingly bitter and cynical view of the nature of intimate affairs.

Other behavior patterns associated with this square include self-indulgence and sensuality. You may become involved with indiscriminate affairs and unsuitable partners as a consequence of lacking self-understanding, coupled with a deep need for relationships. Often, attempts at breaking free of threatening restrictions only propel you into other, equally unsatisfying relationships. If you adopt a more passive response to your relationship stresses - instead of taking the active and dominating role - you may experience others taking advantage of your initial trust, manipulating your emotions and needs, and using you as a support and foil for their own emotional tensions and confusions.

Sometimes emotions blind you to the real feelings of a partner, until a situation occurs in which, to your surprise, you realize that their feelings are not as powerful as yours. This tendency toward illusions also spills over into your social relationships, where you often misinterpret the honesty and sincerity of others. You can lack understanding of their motivations, so that judgments are seriously affected. Yet this also springs from your lack of self-knowledge; getting to know yourself better will help you to understand others too, and this will enable you to avoid unsuitable relationships.

By analyzing the types of people that attract you and the resulting types of relationship, you can expose your hidden needs and behavior patterns, and become aware of those unconscious traits which shape your choices. At some stages in your life, you may need to withdraw a little to gain these perspectives, especially when you are trapped in a repetitive whirl of failed relationships. Your needs are still urgent and pressing; but transforming attitudes through self-understanding may be crucially necessary.

Certain patterns active in you are probably derived from childhood experiences and conditioning. The relationship with your parents may have been unsatisfactory, especially in shaping emotional responses, which is why you now have ambivalent and contradictory feelings of need and denial when commitment is expected. There may even be feelings of guilt and non-acceptance of your emotions. A withdrawal from relationship commitment could stem from a similar withdrawal of a parent from you during childhood. You may now unconsciously seek to punish a parent by rejecting

others who try to get close to you.

Choice of partner is extremely important, and the key to relationship success; but the art of choosing a suitable partner depends on self-knowledge, so that both are complementary and in essential harmony with each other. Your early choices are likely to be unwise; and any early partnership will probably run into troubled waters due to your inner confusions and unresolved issues.

New perspectives on yourself and your needs may be achieved through a transformative period of relative isolation from relationships, allowing a pause to dissolve patterns through greater understanding; this can enable insight, emotional maturity, and greater independence. Personal therapy or relationship counseling could be important to progress in future partnerships.

Potentially, these two disparate planetary energies can be reconciled; and you will probably feel a more positive and optimistic attitude than is common with the other Moon-Saturn aspects. Your personality is relatively stable, and, in developing a suitable lifestyle, you will demonstrate resourceful and practical skills.

You are reliable, and persevere to fulfill your duties and responsibilities, whether domestic or family, or through career, social, and civic involvements. Your outlook may be cautious and conservative, respecting social rules and traditions, preferring to live by self-conformity to 'civilized behavior'.

You may view social experimentation and radical ideas to change cultural establishments with unease and suspicious concern, preferring the familiar and trusted ways. However, you also do recognize the renewing virtue of change, and will support change if you believe it will be beneficial; yet change for change's sake you will view with distaste. Establishing firm life foundations is seen as important. This motivation may have come from valuing childhood stability and permanence, where you felt safe within a secure home and enjoyed the comforting presence of parents.

You realize that 'successful building' depends on right foundations. You tend to be a good worker, believing that to gain benefits you need to wholeheartedly commit your efforts to tasks. You are rarely emotionally effusive; and you may seem austere and privately withdrawn. You prefer to remain in control and be reasonably stable; and yet feelings can be displayed honestly and in a straightforward manner, ensuring that others know what you think and feel about things. Emotional manipulation and distorted relationships are anathema to you; and you dislike anyone acting in such a way.

Friendships are founded on mutual compatibility, trust, and faith in genuine care and support for each other, although each has to be an independent personality and secure in his or her self-esteem; you are not interested in dependent personalities whose emotional vacillations and confusion may agitate the emotional unease that can be hidden within you. You are cautious in making emotional decisions, taking time to evaluate your feelings and instincts, knowing that they offer valid messages, and yet also recognizing that you may not listen to them enough.

Once certain, you commit yourself, especially in a marriage or partnership context; and you will expect similar clarity and commitment from your partner. Maturity and emotional stability are necessary in a partner, and you dislike emotional changeability; if you find the right partner, much of your creativity will flow into the relationship, so that it develops and progresses for mutual benefit.

([352] astromatrix.org:) Creative Energy

As with the sextile aspect, the trine indicates the potential of releasing a powerful creative energy emerging from a humanistic and spiritual perspective, which will be of positive use to yourself and the world. Your innate optimism and belief in the essential goodness of life will turn your inner faith into an effective ability to manifest your creative vision, especially as you are able to channel your will into constructive forms of expression.

Your contribution to society may well be in working closely with people; and you have the gift of being able to inspire others to discover how to experience life more intensely and creatively and to release their own latent talents. This can involve you in the expression of a sort of life philosophy which can be adopted by others on their path to self-understanding. Obviously, any such influence must be carefully handled by you, both in how your own self-perception is changed and in what you offer to others or share with them.

There is a great responsibility to be assumed when presenting yourself in a way that can have considerable influence on others' lives; and awareness must be shown and applied to ensure integrity is maintained, that the 'teaching' is as honest and valid as possible, that there is freedom for disagreement or new thinking to occur, and that it is understood that 'your way' is not the only or most appropriate way for everyone. In fact, even direct opposition from another may be the right way for them to unfold themselves or to discover new insights and could be right for you as a stimulus to re-evaluate your own path and attitudes.

Primarily, you seem to function in a role of 'educator', and you are likely to develop into an effective speaker, clearly expounding your beliefs, ideas and attitudes, and being quite persuasive in that way. You tend to need personal freedom, and dislike being tied down into predictable patterns of behavior, as you may feel that you need to be relatively

free in order to be able to respond to what you consider to be insights and intuitions.

You support social transformation and will reflect the unified vision as the direction for the future, offering a meaning and inspiring purpose for people to aim towards. You may find that a personal transformation is required of you prior to you fulfilling your potential role and function. Initially, this could involve considerable challenges facing you which require overcoming, or elements in your personal life that lead to periodic crises which lead eventually to wisdom and insight as a result of personal suffering.

83) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (0°15' A) ♎5 | ♍1

([358] astromatrix.org;) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership to develop, where both can unfold their unique potentialities over many years.

With North Node square Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

([159] astromatrix.org;) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet

this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.)

The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 21° **Pisces** 41' and in the **11th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 29° **Gemini** 23' and in the **2nd** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 2° **Aquarius** 37' and in the **10th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 23° **Gemini** 26' and in the **2nd** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 12° **Capricorn** 44' and in the **9th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 13° **Capricorn** 53' and in the **9th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 20° **Aquarius** 58' and in the **10th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and

Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 8° **Leo** 18' and in the **4th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 18° **Scorpio** 16' and in the **7th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Scorpio: murder, plots, jealousy, scheming, lack of trust

Nemesis in Seventh house (Libra): plasticity, divorce, separation, the pen

Lots related to family:

The **Lot of the Father** is in 20° **Cancer** 55' and in the **3rd** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 8° **Aquarius** 56' and in the **10th** house.

Same as for father.

The **Lot of Siblings** is in 12° **Taurus** 35' and in the **1st** house.

The **Lot of Children** is in 8° **Taurus** 24' and in the **1st** house.

The **Lot of Daughters** is in 10° **Gemini** 20' and in the **2nd** house.

The **Lot of Sons** is in 8° **Cancer** 12' and in the **3rd** house.

The **Lot of Marriage for Woman** is in 12° **Aries** 39' and in the **12th** house.

The **Lot of Marriage for Men** is in 8° **Gemini** 15' and in the **2nd** house.

The **Lot of Deceit in Marriage by Woman** is in 13° **Aries** 52' and in the **12th** house.

The **Lot of Deceit in Marriage by Men** is in 27° **Pisces** 55' and in the **11th** house.

The **Lot of Marriage (in general)** is in 10° **Aries** 33' and in the **12th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 14° **Pisces** 47' and in the **11th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 22° **Leo** 18' and in the **4th** house.

The **Lot of Treachery** is in 18° **Aries** 13' and in the **12th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 7° **Aquarius** 48' and in the **10th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 10° **Taurus** 29' and in the **1st** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Virgo

(canvasofthecosmos.tumblr.com;) Pholus in 6th House/Virgo: Major transformations come in health and work. You seem to have unexplainable health problems rather often, caused by lack of caution in your daily work. Like You are creatively as well as mechanically inclined, able to enhance details in music and art, anything you put your hands to, really. In fact, the more hands-on a project is the better. This placement leads to potency in daily work and service possibly leading to quick promotion in day jobs. This promotion, while at first glamorous, eventually feels stagnating. In the past, you realize a pattern of biting off more than you can chew. This leads to periods of hopping from one daily routine to the next, with many changes in career and education paths, before you find the situation where you 'never work a day in your life' due to the immense passion you have for it. With experience, you can gauge the amount of work a worthwhile project needs and when and find the drive to keep at it.

You may have an artistic or creative talent that is unexpectedly unleashed. When it is, your life will be forever changed. You may become obsessed with your newfound talent to the point of toxic grandiosity.

On the other hand, you may unintentionally awaken a powerful talent that changes your path and leads you to success, leadership and enjoyment. You may find personal enhancement and growth through the creative process.

You may compulsively pursue playful relationships or affairs with people who invigorate you but may not be fully available. At worst, these relationships can become toxic. At

best, you may have to overcome limitations or fears that lead you to become more confident and dramatic in your self expression.

An accidental stumbling upon your hidden spark and talents can lead you to dramatically change your attitude and create greater self-confidence.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Libra

(12andus.com:) You have a desire for balance and harmony in your sex life.

If your personality is very masculine, regardless of gender, you look to your partner to have a more feminine energy. If you are more passive, you want to be with a partner who is more intense or dominating sexually.

You are sexually attracted to people who seem like your personal opposite.

When it comes to sexual arousal, you can become obsessed with balance. You want to make sure there is an equal give and take in sexual encounters. You are sensitive to your environment and turned on by somewhat superficial beauty and appearance.

Even if you care about a person, your romantic love will not create a strong sexual attraction unless the person fits your ideal of beauty. You don't like drama. Even in your most passionate moments, you want to enjoy pleasure in all its forms with no tension or negativity.

Eros in 6th house

(12andus.com:) Your everyday routines can be a source of erotic fascination for you.

You may be easily seduced by someone at your work or become fascinated by the idea of having an affair in the office or in the midst of conducting your daily tasks.

You may also be attracted to the idea of a romantic affair in a health related setting or a fantasy involving a doctor or nurse/patient relationship.

You can be turned on by details of someone's body or by the mechanics of lovemaking more than the entire act itself. If there are certain aspects of sexuality that appeal to you, you may research extensively and work to perfect your techniques.

You are cautious about sexual encounters though and are always mindful of risk and infection. As a result, you may prefer fetishes involving things other than contact with

another's body.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Aries (Rx)

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the first house from 'synnisisigns.com'.) Your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because though you may desire to integrate fully into society, you can not. This is not a Uranian process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

Eris in 12th house

(synnisisigns.com:) In the twelfth house of connection with the your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Leo

(whatsmyalternative.com:) In the positive sense, this native is very likely to have been a total pussycat in the past lives. Time to roar, time to be forced into expressing some creative aspect of self, to wallow in the ego and enjoy romance and luck in gambling. Negatively aspected or retrograde, this means balancing experiences that cause the ego to suffer, public insults, shut ups, failure in speculation and lack of romance in life due to abuse of personality in the past lives.

Karma in 4th house

(smartyoungsters.com:) Karma in 4th house: You can reach your goals through mother and motherland. Your family, culture, tradition and mother can help you fulfill your duties. Becoming the national leader, landlord, rich farmer, patriot and mother's dutiful son

brings you rewards. Use your patriotism, national pride and love for mother morally and don't abuse it or hurt it.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Libra

(astronomicallyaligned.tumblr.com:) A box of glitter is sitting on your vanity. Glittering and reflecting in the mirror and the moonlight. You don't really know what's inside it. You're just curious what it might be. Who knows? Stars? The sky? Planets? Diamonds? Lipstick? Secrets? Mysteries? The truth? Love? The utter nothingness? As you put your manicured hands on the gold plated box, it is all released. Who knows what is it. We will not know until it's too late. Instead, keep that little spark alive in yourself. It will make you stand out like the starlet you are.

Pandora in 6th house

(astronomicallyaligned.tumblr.com:) You're curious about healing, health, education, school, work, organizations, and helping. You might try to help, but end up causing trouble instead.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Leo (Rx)

(smartyoungsters.com:) This is the self-obsessed Nessus that wants to be on the center stage at all times. A politician that can kill, murder or do almost anything to win the coveted chair. An actor who wants to have the spotlight always on him and who go to any length to get it. This is a self-centered Nessus who wants to be worshiped at all costs. He manipulates followers can even buy them to promote his superiority. An actor who commands attention, has a powerful personality. Known for his ego and pride, this Nessus is insanely generous to his followers and yes-men. When this Nessus is positively influenced by Saturn and Chiron, he can be the hero of dreams. He can be a great King for his subjects. Win Oscars, take his country to the top most position in the world as the leader. In love, this Nessus wants to be treated as royalty and will not tolerate a partner who does anything less than that. May always want partner to behave "up to the mark" and have high expectations from him/her.

Nessus in 4th house

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James

Van Praagh and Anton Pauwe).

- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and

aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
