([659] numerologycalculator.online:)

The Leader

Your nature is charged with individualistic desires, a demand for independence, and the need for personal attainment.

You are very good at getting the ball rolling; initiating new projects is your forte.

You are at your best when confronted with obstacles and challenges, as you combat these with strength and daring.

As a natural leader you have a flair for taking charge of any situation. You are considered very good company, friendly, good-natured, and a wonderful conversationalist.

In your personal relationships, you are capable to live alone. You are a good person to talk to. You have good communication skills, however, you don't have a strong need for very close relationships. You know that you are always alone in this Universe. You can give an impulse in a relationship but will not spend much energy on maintaining the feelings. You can dedicate all your energy to your work or idea, so it is important if your partner supports you and is able to yield to the choices made by you.

You're a pioneer, an innovator, and capable of great success and achievement in the world.

You need to be in charge and managing in some way. You would make a great entrepreneur or inventor. Often the highest and best use of your abilities is when you mastermind a project, get it up and running, make sure management systems are in place, and then you're off to the next venture. You might feel stagnant if you don't allow yourself to tackle new challenges.

You're full of creative energy, so embrace your creativity and understand that this is your gift. Imagine new things, introduce new concepts, and then delegate the details and either move on with another project or continue developing your project while taking it to the next level of success. However you define it, you enjoy being on the move and having a variety of things to do.

You always have the potential for greatness as a leader, but you may fail as a follower. Unfortunately, sometimes you have to follow for a while before you are allowed to lead and this can be a difficult time.

Expression (Destiny) Number: 8

([659] numerologycalculator.online:) The number 8 Destiny suggests that the direction of growth in your lifetime will be a move up the ladder of attainment in the material world, to achieve financial security, and status amongst your peers.

The positive 8 Destiny produces individuals that are very ambitious and goal-oriented. If you are expressing the positive qualities of 8, you are an outstanding manager because you can plan, initiate, and complete projects; you are very dependable and determined.

The 8 Destiny makes you well-equipped to develop and grow in a managerial sense.

You have outstanding potential for organizational and administrative responsibilities.

You have the potential for considerable achievement in business or other powerful positions such as government leadership roles. You have the skill and abilities to establish or operate a business with great efficiency.

You can expect to receive the financial and material rewards. You have good judgment when it comes to money and commercial matters, and you understand how to build and accumulate material wealth.

Much of your success must come due to your ability to judge character. With the number 8 Destiny, you must exercise sound judgment in most of your affairs; you must be realistic and practical in your approach to business matters.

No one has any more energy than a person with the 8 Destiny who has a plan laid and is starting to work. No one has any more self-confidence, either.

If you have too much of the 8 energy in your makeup, you may express some of the negative attitudes.

A negative 8 can be very rigid and stubborn. Ambition sometimes has a way of

becoming over-ambition, and you may express an unreasonable impatience with the lack of progress. If your negative side is showing, you may be too exacting, both of yourself and of others. Sometimes this can even become a case of intolerance. The Destiny 8 is on a quest for status and power. Neither of these drives are inherently negative unless they are taken to an extreme. You must avoid the tendency to strain after money, material matters, status, or power, to the detriment of the other important factors in your life.

Life Path - Expression Bridge Number: 7

([660] numerology.center:) You are a person who needs to stay alone from time to time and think about the chief things in your life. You have many questions and you need answers to reach inner calmness. Solitude influences you beneficially. It helps you to concentrate on the things which disturb you. Being alone you obtain confidence and calmness. You get satisfaction from getting new deep knowledge and understanding of what is going on.

You are a person with many thoughts and ideas. There are so many things in the world interesting for you. Stay alone as long as you need and take your time for the planning of your actions.

Heart's Desire (Soul Urge) Number: 7

([659] numerologycalculator.online:) People with a 7 soul urge are quiet and introspective. They are driven by a need for deeper understanding and are often philosophical by nature.

You love learning and gaining knowledge in every area possible. You have a remarkable mind and an ability to understand things on a level that is far deeper than average.

You are extremely analytical and you know how to find the information you need to deepen your understanding of things. You aren't much for baseless belief. You have trouble believing in anything that isn't observable or tangible. This makes it difficult for you to extend trust.

You can be very rigid and impersonal with people which can be damaging in relationships. Sevens have a hard time letting their feelings show. Feelings are impractical, after all.

All of these things have a tendency to make you somewhat withdrawn. Your task will be to consciously strive to form meaningful relationships with people, even if it comes down to only a few or even one. You must teach yourself to be vulnerable in a way that allows you to maintain your sense of self as well as your independent spirit. This will not be easy but learning how to do it will have immeasurable benefits.

Personality Number: 1

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

Heart's Desire - Personality Bridge Number: 6

([660] numerology.center:) Relationships play a great role in your life. Maintain good and warm relationships with you friends. Spend more time with your close people and your family. It will give you feeling of inner comfort and harmony. Companionship with the other people influences the achievement of your goal positively. Remember that trust is an important aspect in relationships. You have to learn how to trust others and to be responsible for the feelings of your native people. Don't shy away from showing them your feelings.

Apply your creativity and imagination. It will influence your development well. Calmness and harmony will come if you express yourself fully.

Heart's Desire 7, and Personality 1 or vice versa:

Usually the pair of these numbers brings harmony in the life of a person. However there is a thing which you should control. Try to apply your imagination and unordinary approach in the field you work in. You have a big talent for being a creator.

Quiescent Self Number: 1

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally

a satisfying feeling.

Maturity Number: 9 = 1 + 8 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with selfless service to humanity. You're being called upon to work with giving and contributing without thought of personal reward, letting go of "self" in order to learn to be of service to others, and to learn not to attach to particular outcomes.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to balance the needs of others with your own needs to center stage. Situations will arise highlighting your need to service a higher need or purpose, to delve into a spiritual path in full force, and to use your extraordinary talents to heal, perform, write, teach or be a philanthropist.

What that might look like:

- Dealing with "loss" on many levels in order to surrender to your spiritual path.
- A realization that self centeredness and lack of understanding others' perspectives feels dissatisfying.
- Opportunities arise to be of service and use your compassion and charisma to make the world a better place.

Karmic Lesson Number: 5

([664] worldnumerology.com:) A missing 5 advises you to be adventurous, to overcome your fear of change and uncertainty. Take every opportunity to welcome new experiences and move past your apprehension. Broaden your vision, be social, do something unexpected (in a healthy way).

Life will create opportunities that require you to adapt to new circumstances. Try not to be too timid or repetitive when deciding what to do next.

Overcome your tendency to be rigid and inflexible. Your lesson in life is to learn to have faith. Overcoming the challenges posed by your missing 5 will allow you to flow with life, to adapt to change, and to grow.

The effects of this Karmic Lesson are diminished if you have at least one 5 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

First Pinnacle Cycle: 1

(Month + Day) - from age 0 to 35 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 1 Number 1: First Pinnacle: Keep in mind that especially during a 1 Pinnacle, all people and circumstances in your life are fully on purpose; these people and experiences are your teachers if you can perceive them in that light. When you have this number for a First Pinnacle, chances are your youth is spent learning how to develop and use original ideas. You're called to lead and to rely on yourself without resorting to

the downside of ego, stubbornness, and being self-centered or dominating. It's not necessarily a settling time because it's governed by exponential learning, which includes all the hard knocks that go with it.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

Second Pinnacle Cycle: 1

(Year + Day) - from age 36 to 44 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 2 Number 1: Second or Third Pinnacle: If you have a Number 1 for the Second or Third Pinnacle, you're being groomed for—and challenged with—embracing leadership and developing all that being an effective and inspirational leader entails. You're being called upon to focus intently on these aspects: courage, drive, vision, focus, determination, and, most of all, integrity. You might experience a certain degree of aggressiveness in your demeanor at this time. Your ability to get ahead is limited only by your own initiative during a 1 Pinnacle.

Third Pinnacle Cycle: 2

(1st Pinnacle + 2nd Pinnacle) - from age 45 to 53 (based on LPN) - ([665] feliciabender.com:)

General: When this is your Pinnacle, you're being beckoned to envelop yourself in the elements of learning to cooperate, share, be considerate of others, and be at your best when you are in harmonious relationships without sacrificing yourself in the process.

2 is the number of partnerships, patience, balance, and keeping fairness at the helm. Therefore a Pinnacle is a time where love and group effort takes front seat, whether it's through marriage or partnership, parenting, or other experiences that have the elements of unconditional love at the core.

This is a time where you will be called upon to work on—and perfect—your subtle art of relating. The 2 energy also has to do with gathering and relating facts or data, perfecting details, and being a team player whose strength lies in being of service in a joyous and balanced way. Where precision and details are valued, you'll be happiest with your contributions.

A 2 Pinnacle immerses you in friendliness and harmony. This energy asks you to pay

attention to details and practice patience and tact. It won't offer much recognition for all you do during this time, so you must turn to yourself for acknowledgment in order not to feel resentful.

Pinnacle 3 Number 2: Second or Third Pinnacle: A Second or Third Pinnacle with a 2 influence will surround your life in the energies associated with working in balance with other people. This is a time that isn't so much "me" focused as "us" focused. When you master your ability to promote harmony in all things, show patience and a willingness to forgo credit based on your contributions to the whole, you'll be operating optimally. The work you engage in during this time is likely to be quite detailed and demanding. If you've been a content stay-at-home mom, for instance, it wouldn't be surprising to see this number in your Second or Third Pinnacle.

Warning: Warning: The 2 energy is super-duper sensitive. If you don't work with this energy mindfully your tendency will be to get your feelings hurt often and deeply. If you take every little thing personally, instead of cultivating your ability to relate well with yourself and others, you'll experience a substantial amount of pain during this time—not to mention a battering of your self-esteem in the process.

Fourth Pinnacle Cycle: 9

(Month + Year) - from age 54 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 4 Number 9: Fourth Pinnacle: If your Fourth Pinnacle is guided by the 9 vibration, your work will tend to be more charitable in nature with plenty of opportunity to give much more of yourself. If you have done well financially in your life, you might be drawn to using your assets to finance programs and support causes you believe in. This is a time where you've mellowed and have developed a more caring and heart-felt attitude about yourself and about others than in earlier periods of your life.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

First Period Cycle: 9

(Month) from age 0 to 26 (based on LPN)

([666] worldnumerology.com:) This is a period in which a broad view of humanity and a sincere concern for the well being of others will be developed. Tolerance, acceptance, and universal love are the goals of this 9 Cycle, and while such perfection will not be fully achieved, the person under this influence will grow toward these ideals.

Humanitarian principles and social service are the keys to personal happiness.

All work directed toward the improvement of the general welfare will bring great personal rewards, as well. Hard work directed toward higher ideals is rewarded.

Creative talent is also enhanced, especially when it is joined with some larger social purpose or message. There is an element of sacrifice or letting go, as one is asked to forgive past grievances and let go of negative attachments.

The person is being asked to live according to a higher ethical standard, with much spiritual and personal enrichment as his reward.

Second Period Cycle: 1

(Day) from age 27 to 53 (based on LPN)

([666] worldnumerology.com:) The middle years of your life (approximately ages 30 to 60) find you on an intense path of personal growth. You are required to adapt frequently to the many ups and downs in your life.

When 1 rules the second Period Cycle it focuses on self-empowerment.

To facilitate this, situations occur that force you to dig deep to find the courage required to face your challenges. You have love and support, but circumstances will often

demand that you rely heavily on your own strengths.

Fortunately, throughout this approximately thirty-year period, you often have confirmation that your gut feelings are correct and feel you are moving in the right direction.

You will likely find yourself in a leadership position, strengthening your self-confidence even more.

Third Period Cycle: 9

(Year) from age 54 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you increasingly idealistic and concerned with the betterment of humankind. You become more broadminded and reach out to people from all walks of life.

You offer your time and resources to causes you believe in.

Your interests are increasingly directed toward other cultures and societies. Your sense of justice and your interest in political and humanitarian issues becomes more finely tuned. Whereas most people "mellow out" with age, you find yourself becoming more passionate.

Your creativity increases during the later part of your life, with a focus on design and large-scale projects. You may be inspired to study design, engineering, or architecture.

First Challenge Number: 8

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When the 8 is your Challenge Number, you're being called upon to think big, step up to the plate, and get it done. Achievement is expected during this period and so, of course, this will also be your obstacle. People who experience an 8 Challenge either make it or break it—much in the same way that this happens with the 8 Life Path. It's a difficult Challenge, yet if you realize that you're supposed to be making money, supposed to be successful, perhaps you can shift out of the negative experiences and thoughts surrounding money and abundance and understand that this Pinnacle could be the time of your life in which you experience your greatest financial success. When you're in your groove, you're in the peak of both your financial and your spiritual abundance, because you'll be giving most generously.

Your destructive pull will be toward greed, and you'll believe that satisfaction can only be gained by accumulation and safeguarding. You might experience great difficulty and effort in your attempts to gain money status and power, often to the exclusion of all else. Family life and relationships suffer during this challenge since all your focus is on yourself and on your financial achievement (or lack thereof). You're being called to use

your ability to earn money and acquire status and power with a sense of balance and with a strict sense of ethics and philanthropy.

Warning: The caution here is to engage in all you do with your authentic self, with ethics and honesty and without greed and malice. If you lean toward the more destructive aspects of the 8 energy, there will be a price to pay. The 8 Challenge also signals that you need to stop giving away your power. This is a period of development where you're being groomed to fully embrace your sense of personal empowerment and learn to empower others.

Potential Destructive Aspects of the 8 Challenge

- Suppressing your power by choosing poverty, homelessness, or other ways to avoid achievement in your life
- By not focusing on your own relationship with money and instead focusing on everyone else's through jealousy, bad mouthing, and indulging in feelings of disgust
- Focusing only on material gain at the expense of everything else
- Being arrogant, unyielding, and uncompassionate
- Becoming lazy and feeling bored with life
- Health-related issues like addiction and mental illness

Second Challenge Number: 8

(Day - Year or vice versa)

from the age of about 35 to 55/60

This Challenge Number has already been explained previously. (above)

Third (Main) Challenge Number: 0

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given "a free pass," so to speak. You're being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy,

application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It's suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There's great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Fourth Challenge Number: 0

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 7 (01 + 09) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 7 brings contemplation and introspection.

It's a year with a higher likelihood of personal reflection and attention on becoming ever more perfect — a year of introspection, of understanding more about spiritual nature. There's a tendency to analyze everything, to figure out more of one's life purpose.

There's also a tendency to spend more time alone, by choice, getting acquainted with new inner vistas and enhanced intuition, including a better understanding of personal

emotions and spiritual essence.

There's a higher appreciation of quality in products and services, and in honest expression during communication with others.

Personal Year Number (for 2023): 8 (01) + (09) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 8 brings energies related to business and material accumulation.

This tends to be a year of achievement, of reward — a year to make strides in business, organization of projects, employment, promotions, monetary compensation, or the accumulation of possessions. A year of accomplishment.

A desire to better one's financial condition comes with this year.

Monetary gains are likely. Material rewards come more easily because you tend to focus on them. Actionable opportunities are noticed more, again because the focus tends to be open to seeing opportunities. This is a year of action, efficiency, and material gain.

(feliciabender.com:) This is a year to focus on money, finances, and personal power. During your 8 Personal Year, you can't help but wake up every morning, and go to sleep every night, thinking about your finances. You might be in work overdrive this year or be handed opportunities that test your personal power.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a

lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): D

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with intent to better whatever their current situation is and to improve their place in society.

([671] spiritwalk.org:) You are practical and purposeful. You like when everything around you has its own place and is in order. Your determination is incredible. Try not to be that obstinate, be more flexible about concepts and people. Also, you need some strict guidance and you will reach success.

([672] numerologist.com:) Cornerstone: You have no problem in initiating a goal but it has to be a practical one. You believe in doing a lot of research to see if something is viable before you plunge right in.

([673] numerologyzen.com:) Letter D. This very concrete, nearly square letter links practical sense, work, perseverance, determination and solidity. D presents all the characteristics of the long-distance runner type of worker: [his,her] temperament isn't explosive, it is on the contrary determination which is dominant and the sense of self-discipline. D knows how to move things forward slowly and calmly, with all the rigor necessary and without being discouraged. D is self-sufficient, not exuberant, demands little from others and doesn't wait for anything either. D is pernickety and meticulous ; a manual worker, a manager or an excellent accountant, who has a strict and methodical mind even if it sometimes makes [him,her] rigid, petty or dogmatic. D has a practical and material mind and feels perfectly comfortable in an important role, provided that it's function and game rules are determined and well delimited. Efficient, D accepts implicitly that life was made for working, struggling and making effort. Loyal and straightforward, D is very attached to traditional and family values and will define clearly what shall be done or not (sometimes blinkers or sectarianism). D is ready to work for others if necessary. But [he,she] has also a secret side, quite a modest sensuality and a need to be loved and recognized. The presence of a D is the assurance of a stable, traditional and generally well-organized life, but it can also be a bit restrictive and will lack fantasy capable of adding spice and originality to life.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: A

[674] [671] [675] ([674] affinitynumerology.com:) All about independence.

Courage tends to be valued. The person tends to express willpower and purpose.
([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.
([675] numerologist.com:) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): T

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "T" is apt to complete projects with tact and with a feeling of affection — never with deliberate rudeness.
([671] spiritwalk.org:) You are a quite fast and impatient person. You tend to rush things. However, you are in a whirlwind of amazing events and projects. You are hot-tempered and creative – so it is twice a reason to watch your tongue. Try to be reasonable and make sober decisions, especially about romantic relationships.
([672] numerologist.com:) Capstone: You can be too aggressive which causes others to be turned off your ideas or working with you. Many of your projects are not followed through on, despite strong optimistic outlooks, because an escalating personal drama almost always gets in the way.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

The Four Planes of Expression (multi-dimensional)

Every plane (and dimension) gets certain letters assigned, the number of letters correlating per plane with your full name is the number you get for each plane (and dimension). All having certain interpretations. Based on first full official birth name. Table came from 'affinitynumerology.com', but that's not on the web anymore. interpretations for the planes from the [680] 'numeroscop.net'-calculator.

Intuitive			QU	2			2	2
Total	5	4	4	6	2	7	11	8

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

4 on the Physical Plane

Apparently, you cannot become a good conveyor assembly worker, a cashier at a movie theater, a refueling operator, or an accountant. Any work involving routine fuss with the same objects, is unpleasant to you by nature. However, due to your ability to focus

attention, serious and practical nature you are always categorically opposed to radical changes in life. You should master your desire for total control of any situation, as it sometimes makes your behavior too tough.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

7 on the Mental Plane

Your outstanding erudition stems from your inquisitiveness, which, in its turn, demands new, more extensive knowledge. Just knowing is not enough for you. You always want to understand, get to the essence, and reveal the origins. You are a skilled psychologist, able to adequately assess people's positive and negative characteristics. Don't rush to criticize them based on this understanding. You need to endear yourself to people, and make them trust your opinion.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

4 on the Emotional Plane

Your motto is imperturbability and constant self-control. You are almost devoid of emotions; the others' emotional expressions arouse your distrust and even outright irritation sometimes. Beware: next stages on this way are isolation and anger. Try to be more understanding to those whose mode of behavior differs from yours. Pedantry and meticulousness can make you an indispensable employee in business and management.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other

existence levels. This is also known as God's grace.

2 on the Intuitive Plane

For you, the most familiar way of thinking is floating up in the clouds. You don't build castles in the air, and your intuitive insights are often quite applicable to practice. However, your extreme sensitivity doesn't allow you to bring them down to the status of real actions.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 6 line «1-2-3»
1111	–	7	Moneymaking: 1 line «4-5-6»
character, will	health, beauty	luck	Talent: 5 line «7-8-9»
			Tenacity: 5 line «1-4-7»
22	–	88	Domestic bliss: 4 line «2-5-8»
vital energy	logic, intuition	sense of duty	Stability: 3 line «3-6-9»
			Spirituality: 6 diagonal «1-5-9»
			Temperament: 1 diagonal «3-5-7»
–	6	99	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1111

"The Leader" - you are always calm and confident. These two are predominant features of your character. You voice your opinion softly, but weightily, making others listen to you or even grow quiet. You can show yourself cruel rarely, but right on target. And people feel this cruelty in you. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — empty

"Weak potential" - you don't have a propensity for the exact sciences, complex concepts and invention activities. Besides, you are not interested in anything like that.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — empty

"Logic is not a forte" This is a trait of dreamers who are hovering in the clouds. They are not good with long chains of facts and reasoning. They can be easily confused, so they constantly run into the same trap. People without "5" are more emotional than rational.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — 7

"With a talisman" - of course, 7 does not guarantee a jackpot after the first bet, but will save from minor troubles and sometimes help to catch luck in the nick of time.

Duty — 88

"Do good for others" - these people usually have a well-developed social orientation and

high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

Intellect, memory — 99

"Good intelligence" - a good head given to the heedless student. This person can be perfect at all exact sciences, but then gives it up after loss of interest. They remember everything quickly and for a long time. Success comes to this person if they work over something constantly, but not on and off.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 6

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 1

"Not independent" - this person will do everything to stay under the wing of their parents as long as possible. And then they will look for a spouse who can bring home the bacon.

Talent (Line «7-8-9») — 5

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 5

"Stubborn" - this person goes to the goal at all costs, even if in the end the result will be not a circumstance to the resources spent on its getting. They look for partners who also want to get more out of life and it look down their nose at those whose goals seem insignificant.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — 3

"Impulsive stability" - it looks like this person has strong habits and attachments, but one day this they change absolutely everything. That is their nature.

Spirituality (Diagonal «1-5-9») — 6

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 1

"Cold" - a person with 1 in temperament is open to physical love, but also not concerned about it. Also this person is not too picky with partners and prone to cheating because they do it for their own self-affirmation. Men with this temperament often want seem like a lover boys and exaggerate their sexual stories.

The 5 of Diamonds must choose their course and stick to it. They must seek a place in life where they can forget themselves and make a contribution, and they must learn to abolish their constant uncertainty. They must also guard against creating a separate reality that's out of sync with the reality of those around them!

Cosmic Reward Card: Seven of Clubs (metasymbology.com:)

CLUBS: Mind - Perception - Ideas

SEVEN: Tension - Analysis

CHALLENGE: Worry

Fire, Wands - Planets: Saturn & Uranus

CLUB: The Club personality is used to further the adventures of thought. The spirit of the club traverses the network of ideas. Its energy is attracted toward mental pursuits. It is the air element designed to convey the boundless potentials of the mind.

SEVEN: The function of seven is to evaluate. It is a vibration that resonates with the analytical attributes of the personality. It is tense and worrisome. The personality of the 7 is attracted to situations that require introspection and progressive ideas.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Diamond. This emblem is symbolic of dominion over the material and monetary world. It has the illuminating and creative power of Sun. In an ideal world, the 7 of Club use this higher frequency of their soul's light-energy to clarify worrisome thoughts. A happy 7 of Club illuminates their analytical pursuits with creative ideas to overcome obstacles that stand in the way of progress.

Those born on a 7 of Club day are keenly aware of what they - and the world needs - to be a better place. They are eclectic, spontaneous thinkers and can be highly intuitive. They also have a knack for commercializing their ideas and publicizing their unique perspective.

The young and impressionable Seven of Club must find ways to stabilize the unstable environment of their youth. Fluctuating finances create volatility at home; the root cause of their incessant worrying later in life. To cope, the 7 of club develop an inventive mentality and sense of irony.

None of the 7's have it easy and the Seven of Club is no exception. Stress is a constant and a cause of psychosomatic health issues. The 7 of Club personality resists dogma and the conventions of religion, preferring science over blind faith.

Women 7 of Club need their independence but want to nurture. If the gender is male, a

rakish attitude often spirals into cheerful irresponsibility. Relationships are characterized by rough-cut gems. Not one to shy away from conflict, the rebel within will surprise even those who know them well.

Cosmic Moon Card: Queen of Spades

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Wisdom - Labor - Acceptance

Queen of Spades Meaning: The Crown of Labor

Karma for the Queen of Spades - Self Mastery

Earth-Pentacles - Planets: Mercury & Uranus

Queen of Spade have come to lead and direct. They are co-rulers with the highest authority - the King of Spade. When they find themselves in a subordinate position, they feel frustrated and miserable because they know they don't belong there!

Queen of Spade is one who must work especially hard in life. They have good mental balance, right judgment of values, and an eagerness to work without sparing themselves. These people know where they belong, and are continually struggling to get back to the Crown.

The Queens of Spade feels best in business for themselves, and they will hire out anything they dislike to do. They are excellent managers for others, (when keeping their dictatorial attitude in check!), and the men make excellent doctors.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

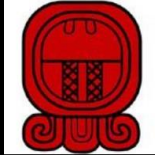

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Manifestation (10) Ben

East (Red) glyph: Empowerment / Guidance

Day Sign: Road

/ Grass / Eb (Yucatan) / E' (Kiche)

The Eb type tends to be relaxed, courteous, practical, careful, and helpful. They tend to be pleasant people who enjoy good company and who best relate to others casually. They are generous and giving persons who usually expect nothing in return. Relationships are very important to them and are often the centrepiece of their lives. This need conditions them to make sacrifices for others.

Eb types are often perceived as ambitious and hard- working. They are intensely practical, they know how to solve problems, they don't hesitate to get going when needed, and they do good work. They will compete with others, but prefer peace to conflict.

Persons born under Eb may appear easy going and compromising, but they are also easily distressed and are known to hide deep hurts and feelings.

Eb types are often quite sensitive, are sometimes emotionally fragile, and are easily hurt by rejection or criticism. They tend to hold on to feelings of anger and resentment and often use hard work as a means to constructively ventilate those feelings.

While they are slow to get going, Eb people are quite persistent and will finish a job or achieve a goal. They are very practical and capable of solving problems; many become designers or engineers of some kind.

In general, this is a conservative day-sign that seeks peace with the world.

Challenge:

To avoid poisoning themselves by suppressing anger.

Solution:

To let others know how they feel.

Four Directions

This day-sign represents the sacred spiral of life which goes by many names; to the Classic Maya it was itz, "the dew of heaven", to the Aztecs it was malinalli (their name for this day-sign) and to the contemporary day-keepers it is "the lighting in the blood". It is the sacred path of energy that descends from heaven and travels down our spinal column, but also rises from the earth up that same internal World Tree. That path of energy is the Road of Life.

There is no question that natives of this day-sign are especially endowed with power.

Why, then, do so few celebrities appear as natives of the Road of Life?

In most cases, the power vested in this day-sign is employed in quiet ways; these people are often too busy helping their communities to worry much about seeking the limelight. Their future sign is Ahau, and their principal concern is for the vast masses of people who will come after them, as in the old native American saying, they act "for the benefit of seven generations".

Many, perhaps most, Eb natives lead lives of quiet service to others.

Those who find themselves born on the Eb of Life have a naturally spiritual destiny and their task is to walk that road in beauty and balance. In Guatemala, it is said that these people are fortunate in matters of health. No doubt because of the life-force itself flows through them with special vitality. Because of their innate destiny to walk the road of life they are considered excellent candidates for all kinds of shamanic work. This is logical, after all, this day-sign is a symbol of the "lightning in the blood", a shamans principal tool. Men born under the sign Eb are believed to make excellent Calendar priests with a natural talent for ritual. Not surprisingly, since the Otherworldly sign of Cimi constitutes their right hand power.

Eb women often become midwives. Again no surprise since Etz'nab, the sign of surgeons knife, is their left hand power.

In modern Western society, this energy can help women to become skilled doctors or healers.

One way or another, Eb natives are usually involved with spiritual service to their society.

Galactic Tone: 10

Manifestation

- * Manifestation
- * Come into being
- * Materialization

- * Beauty
- * Potential insight

The famous words of wisdom, “be careful what you wish for, it may happen” is absolutely valid for you. The power and responsibility to manifest have been carried by the Tone 10 and given to you. You have the capacity to manifest anything negative or positive, fears, hopes, and ideas etc. into physical reality.

Trecena Sign: Seed

/ Lizard / Kan (Yucatan) / K'at (Kiche)

Beneath the 1-Kan surface personality are found strong needs for recognition.

The reactive self is creatively alive and seeks outlets for this energy, sometimes in the sexual arena.

Kan people are often leaders at an early age.

Others admire them for their confidence and willingness to take a stand.

Night Lord: 6

Persons born under G6 Night Lord seem to be self-controlled, practical, traditional, and markedly entrepreneurial. They often create a self-sufficient kind of lifestyle or career and may be self-employed. They have a strong desire to build things and are very hard workers.

Their work is rarely of a solitary nature; more often than not, they deal directly with the public, perhaps as a consultant or counsellor.

They take responsibility for themselves and are very self-reliant, but this makes other people less important for them in the process of achieving happiness.

They are strongly motivated by fame and worldly success, and they hold themselves to

high standards of performance. They are driven to success in the world because they strive to be accepted by others. Their drive for independence and approval is part of a quest for self worth.

This inner insecurity is their dark side, and they need to ask why they drive themselves so hard. They are sensitive to the rhythms and nuances of life and may develop a special interest in and respect for the feminine side of life.

Overall, however, their intentions are good and others recognise this fact.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Saturn conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Pine Tree

Strong keywords: Tenacity, Optimism

Weak keywords: Impulsiveness

Tree variants: Gooseberry, Mullein

Birthday:

21 February – 2 March

25 August – 3 September

Characteristics and Personality

Pine people are courageous and optimistic. People born under the rule of Pine are extremely tenacious in fulfilling their life goals. They will do all in their power to get what they want; they are uncompromising when they get into an argument. They have good manners but they can be a bit cheeky. If they are sure that they are right, they do not acknowledge authority, and they can be very stubborn. On one hand, Pine people will take risks when necessary, but on the other hand, they do not like to create unnecessary problems.

They act quickly and accurately, and thanks to their ability to instantly improvise, they can handle well emergency situations. They have good organizational skills and rational thinking that does not limit their vivid imagination. Pine people are not the lions of society, they are introverts, but they like to be surrounded by nice people. They are good friends, although there are certain boundaries that limit their devotion.

Rationally and logically thinking Pine people become emotional, sensual, impulsive and dependent. They deeply experience each disappointment and they are easily discouraged and put off. For Pine people, life in this area gets even more complicated by the fact that they try to deal with problems honestly.

They need to have a solid family background. They love a cosy home and they like spending money. Even though they are otherwise precise and rational people, they see money only as means of obtaining necessary things and they are not good keepers of family finances.

Pine people remain optimistic at all times, they never feel sorry for themselves for a long period of time and they always believe in better future. Pine women are considered to be very lucky: they are destined to relatively trouble-free and beautiful life without serious problems.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Looks – Why are Taurus Ascendants so Attractive?

Taurus is ruled by none other than the planet of beauty, Venus. As a result, Taurus ascendants have attractive bodies and killer looks.

A Taurus ascendant man has a strong body as that of a bull (the symbol of Taurus). They're neither too tall nor too short. More than their face, it's their enigmatic personality and confidence that make them irresistible. They're always the best-dressed men in a room. However, due to their love for food, they can get a bit stout around their bellies in

their mid- thirties.

Personality - Is Taurus Rising Rare?

One might expect all the 12 zodiac signs to be exactly 30° apart. That's, however, not true. Out of the total 12 Zodiac signs, Taurus and Aries quadrants are much more narrow than the others. Needless to say, it makes Taurus rising very rare indeed.

1. They Love to Show Off – Taurus ascendants have exquisite taste in fashion and jewelry. They like to dress up and love it when others notice and admire them. It wouldn't be entirely inappropriate to call them materialistic.
2. They have a Knack for Expensive Things – A Taurus ascendant can put your entire collection of branded apparel and exquisite gems to shame. These people will always somehow end up placing their hands on the most expensive things in a store.
3. They can be very persistent – You might assume that beauty and luxury can blind or distract Taurus ascendants. That's, though, far from the truth. They are so driven to enjoy a luxurious lifestyle that they persistently chase their goal.
4. They Hoard Stuff – It's one of the drawbacks actually. Taurus ascendants end up hoarding so many things, expensive things, that it can lead them to financial troubles.
5. They are Stubborn - When a bull makes its mind, nobody can change it. Taurus ascendants are steady and so focused that it's just next to impossible to change their opinion.
6. They are Loyal – This is the exceptional quality of Taurus ascendants that attract other people around them. A Taurus ascendant never cheats. Period!
7. They are Possessive in Love – Taurus ascendants, both men and women, are possessive and jealous lovers. They aren't the spying kind of psychos though.

Love Life – Are Taurus Ascendants Lucky?

Taurus ascendants aren't the type of people who blindly chase love. They live in the moment, especially Taurus ascendant men. They don't anticipate all their relationships to bloom.

1. Both Mars and Mercury should be well-placed for Taurus ascendants to enjoy a smooth love life and married life.
2. When they do fall in love, which can be just as rare as their rising, they expect loyalty more than anything else.
3. They might not be looking for love, but they do not believe in having meaningless sex either. They are very much emotionally present in a relationship whether or not they see their future in their current partners.

Whether or not they are lucky in love entirely depends upon the position of their Mercury. And, whether or not their marriage will be blissful depends upon their Mars.

Compatibility – Who should a Taurus Ascendant Marry?

Taurus ascendant compatibility for marriage is something to ponder about. These people are special and it requires someone special to see beyond their materialistic facade. If you're anyone of the following, a Taurus ascendant is your true calling.

1. Capricorn ascendants and zodiac signs.

2. Taurus ascendants and zodiac signs.
3. Virgo ascendants and zodiac signs.
4. Pisces ascendants and zodiac signs.
5. Cancer ascendants and zodiac signs.
6. Scorpio ascendants and zodiac signs.

Health – Is Taurus Rising Bad?

Taurus rising is one of the best times to be born. Taurus ascendants usually enjoy a very good disease-free life throughout their childhood and even in the later years of their life. Their taste for wine can be a cause of worry though.

There's a caution for Taurus ascendant men. Their love for exquisite cuisines can make them fat in their middle age. It's, therefore, very important that these men keep their eating habits in check. Also, these people can catch a cold and flu easily.

Diamond is the gemstone for Venus. Thus, astrologers always recommend that a Taurus ascendant should wear a high-carat diamond for good luck and good health.

On top of it, Saturn, the ruling planet of the 9th and 10th houses (the houses of wealth and career) is a friend of Venus. Principled and strong, the Libra Sun Capricorn Moon personality benefits from great inner confidence and will only follow their own path.

Whilst people with the Sun in Libra are generally friendly and nice, when they have their Moon in Capricorn, they're a little bit colder and more distant.

When they set their mind to something, Libra Sun Capricorn Moon people don't even need to rely on charm or kindness to get it. They will use their ability to read people's minds.

In conjunction with the Capricorn's sound judgment and sensibleness, they're honest and always fair, so they will never try to manipulate or lie. When it comes to their reputation and social status, they will do anything to protect them.

An Affectionate Personality - In a nutshell:

Positives: Reliable, caring and reserved;

Negatives: Stubborn, judgmental and cold;

Perfect partner: Someone who allows them their personal space;

Advice: They need to respect themselves before anything else.

Personality traits

Libra Sun Capricorn Moon people will never talk about their feelings or show their emotions. They are very serious and reserved, but they have a very good sense of humor.

While calm and emotionally introverted, they show their affection by being protective. When it comes to their finances, they need stability and to know what they're going to live on tomorrow.

Anyone can rely on them to be constant and helpful, but not open about their feelings. It's possible they'll become workaholics because they're all about work and they want to avoid getting intimate.

They are the CEOs and the managers of big companies. Always keeping their word, these natives are people of commitment and long-term partnerships. There's no one

more responsible than them, even if they sometimes indulge in luxury and life's most refined pleasures.

You can trust they'll never allow anything to have any issues with their work. These Libras will always seem older than they actually are. And not in appearance, but in wisdom.

They're fair and balanced when it comes to their relationships. While many may think they're too serious, they can laugh at themselves more often than others.

It's suggested they work on seeming more open, kind and nice because their Moon can make them seem very cold. But they shouldn't worry that much about what others think of them.

Being themselves is definitely the way to go for these natives. Some self-respect would be very well deserved because they're reliable and good people, after all.

The energy invested in making calculations about what others think of them should be used for something more constructive.

Libra Sun Capricorn Moon natives will try to understand others with the hope that they'll get to know themselves better. They want approval.

Their childhood has probably been unhappy as their two ruling signs are in conflict with each other. If their efforts haven't been appreciated when they were kids, they will look for more attention as adults.

They normally doubt people inside, but their Libra helps them to be approachable, nice and sociable. Many will like them for sticking to what they've said and for their sensitivity.

While their heart will be filled with a feeling of sadness and constant regret, they will also respect themselves enough to have a happy life. And they should because they have great values. Thinking of whom they could be wouldn't help.

As soon as they have managed to establish an inner confidence, they need to go out in the world and fight their battles. They would be great politicians, lawyers and managers. They also have the talents and creativity to be successful artists.

If only they wouldn't look so much for approval. Libras have great taste and can see beauty in everything, especially in a potential partner.

Libra Sun Capricorn Moon people observe others from a distance and decide which qualities they should copy. And the observations they make help them be even more diplomatic than normally.

As politicians, they would be assertive but a little bit mean with their opponents. While they want to bring peace everywhere they are going, in their heart they are looking to feed their ego by any means.

Their main purpose in life may be getting the power. And they would never admit they may be wrong. Working with their sociability just for their pride, they would only end up being unappreciated.

But if their diplomacy and goals will be well-intended and unselfish they will become the heroes of the day.

It's essential that, whatever they do, they keep respecting and appreciating themselves. Others' opinions are not at all important in the way they act and follow their dreams.

Love characteristics

Libra Sun Capricorn Moon lovers are all about relationships. They love to socialize and make people feel important.

Their partner will appreciate that they're charming, courteous and romantic. And they will always be cautious about what their lover wants.

It can be difficult to contradict them because they prefer to withdraw and never bring the same discussion up. That's why they shouldn't couple with Arieses, for these natives are always looking to pick up a fight.

Capricorn Moon people need to surround themselves with self-protecting walls. They also have to have their own space and time alone. But they will build a beautiful home for them and their partner.

They will hook up with someone only after they trust and decide it's time they need a relationship.

In their heart, these natives are loners who enjoy thinking only of themselves. If they'll have an unemotional partner like themselves, they will be very reliable and devoted.

Libra Sun and Capricorn Moon man

This man is highly motivated and determined. He puts his needs on top of anyone else's. If he'll have to make some compromises to attain success, he won't hesitate to make them. It will be tough for him, but he will.

The Libra Sun Capricorn Moon doesn't need to be told about feelings, he prefers to guess. As one of the least charming Libras, he's more like the distant Capricorn.

If born around midday, he'll be more successful and competitive at home. As a father, he will have conflicts with his children.

But he'll invest a lot of time and efforts in being the best. His life will have many accomplishments. But he will use a lot of his energy to make good money and advance at work.

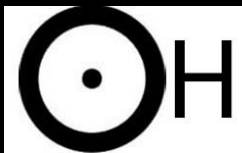

When it comes to his love life, he wants a woman who excels at everything. That's why he likes ladies who work hard, are attractive and don't mind being homemakers.

It's possible he'll treat everything like a business. At least he will charm everyone and become really powerful.

A traditionalist and a romantic, he'll be loyal and protect his lover from the harshness of the world. He won't be late because he's been out with boys. It would be indecent for him to do this.

While he doesn't have any plans to act in a certain way with his lover, he will manage to be satisfactory because he works hard and is caring. But he wants to be loved and appreciated. This Libra man needs a woman who has the same values as him.

When admired and appreciated for the work they've done, they're the happiest. However, natives with the Sun in the 6th house should pay attention not to identify themselves only through what others think of their efforts.

It's very easy for them to get sick with stress-related diseases when not appreciated enough for their efforts.

Motivation is expected from within themselves, not from other's appreciation of their work. The Sun's presence in the 6th house of health and service makes natives with this placement aware of themselves only through work.

It's essential for them to know that at the end of the day their efforts have influenced others' lives and made them better.

criticism.

It's important for them to overcome any health-related issue and weakness because problems with the way their body is functioning would cause them to truly panic.

These people might occupy important positions of authority and even create things with their own two hands, even if they can sometimes just be submissive and not fight for what they want when it comes to their career.

As bosses, they're asking a lot from their employees because their standards are very high.

When themselves the employees, they're hard on themselves and insist to get things done right as they think this is the only way they're allowed to enjoy certain privileges and even to gain some rights in the workplace.

No matter if at home or at the workplace, they really can organize and are constantly looking for perfection because this is the way they are.

Their ego is truly satisfied when respecting a daily healthy routine and doing a job at which they're the best.

However, all this becoming an obsession is a great danger for them, so not looking to self-improve all the time would be a great idea for some relaxation in their life.

Being imperfect and having some weaknesses from both a physical and a psychological point of view is normal for everyone.

Sun in 6th house individuals will always look to become very skilled at something that has them doing good for the society. Being concerned about their wellbeing is normal for them as they're all the time focusing to become more refined and to self-improve.

That's why they're often analyzing themselves and looking at their own personality in a criticizing way. They're the most worried and self-aware people in the zodiac.

Wanting perfection all the time, these natives can overlook some great opportunities and

do only what they think works flawlessly.

While most of their concerns are imaginary, there are also moments when they're seeing things as they actually are, so avoiding taking on leadership roles or becoming very independent is normal for them considering they wouldn't want to be in charge of situations that don't seem to have any hope for perfection.

They love routine and have their own habits that rule their everyday life. It's important not to become obsessive with these behaviors because others may not find their style interesting and in any way appealing.

However, if there is for them to organize themselves for work, they can become the most effective at doing it. Some flexibility is absolutely necessary as the same habits every day can have them isolated and limited.

It's good they're pragmatic and can solve problems in the most practical way, but a little bit of creativity wouldn't spoil anything in their life.

Their schedule is sometimes too restrictive, not leaving any space for the works of the imagination. Change is often welcomed and can bring a lot of satisfaction because it always makes things more fun.

Having things happening the same all the time is of utmost importance for the natives with Sun in sixth house because it makes them very efficient.

Discipline can be coupled with a little bit of chaos because this would help them be more spiritual. It's true they're only focusing on maximum productivity and practicality, but their ways can be a little bit boring.

They're what makes them be themselves, so living without limits is not even in their vocabulary. It's easy for these natives to organize other people's lives as well, gladly doing it if allowed to.

The negatives

Sun in 6th house individuals are rather reserved and introverted creatures. The Sun's shining nature can be inhibited by their struggle to attain perfection, but at least they're supportive and always eager to be of service.

For this celestial body's energy to flow in them, they need to channel their focus towards expressing themselves more, even if they'd be doing it in their specific analytical way.

As bosses, they may be too pretentious and authoritative, causing their subordinates to not like them that much.

As employees, they want to be treated as equals by their superiors because they're always doing a great job and invest a lot of efforts into their work.

Having a highly sense of duty, they should pay attention not to allow themselves to become dominated at the workplace because the 6th house rules also over subordination.

They could anytime open their own business because they're organized enough to have success as entrepreneurs.

Hard working and demanding with themselves, natives having Sun in 6th house want only perfection with what they're doing for a living, to be lead by a father figure who is also demanding and at the same time understands and appreciates them.

When the situation at work is bad, they become disgusted and start to pursue the dream of having a business of their own.

Lonely sometimes, they're also very helpful and want to serve, which means they'd make great doctors, nurses, teachers or special education trainers.

Others who also want to be of help are their favorite people in the world. Because they need to feel appreciated and loved for all the valuable work they're doing, it's very possible for them to become physically or psychologically ill when things are not happening this way.

Insecure but stubborn to become perfect in any way, they reject doing anything that doesn't seem appropriate. It's normal for them to feel inadequate and useless, this being the reason why they don't have the courage to pursue a leadership position at work or to stand out from the crowd.

They can be servile and creepy, criticizing and mean because they feel like they're not important enough and that others are superior to them.

It's normal for them to sacrifice any pleasure they may have, for work and for proving

how much they're worth. Very worried about anything, they can end up suffering from stress-related diseases or exhaustion due to too much working.

It's important to all the time let them know that perfection can't be attained as they can go crazy when seeing weakness and flaws in both themselves and others.

Very preoccupied with their image, you'll never see them with their hair undone or wearing sloppy clothes.

Moon ☾ in IX 9th House

([880] i.thehoroscope.co)

People with the Moon in the 9th House are always focused on a multitude of things, dreaming to make their ideals come true, no matter the obstacles.

People with the Moon in the ninth House sometimes think that different circumstances than the ones they're in would make their life better. They are never happy with their surroundings, so they're constantly moving, they prefer to just travel and to not belong to only one place.

What they can't understand is that happiness comes from inside. There's no place, person or thing to make them happy but themselves, this being what they have difficulties acknowledging.

Summary:

Strengths: Inquisitive, witty and adventurous;
Challenges: Mysterious and obsessive;
Advice: Not letting others take advantage of you.

Dreamy and true visionaries

Moon in 9th House natives need to be constantly stimulated, because routine and the

mundane stresses them. They're philosophical creatures who have a natural curiosity about everything, including people and their cultures.

It's important for people with Moon in 9th House to stop believing the grass is always greener on the other side and to tend to their other needs, because the more they will look for happiness someplace else, the less they'll be able to find it.

It's possible they have been to destinations others wouldn't even dare think of and that their knowledge on different cultures and languages is very vast. The position of the Moon in the ninth House makes them aware and receptive of others' needs and feelings.

It also helps them be more dreamy and true visionaries; in other words, they're the individuals who want to change the universe and to get involved in different causes.

At the same time, this position gives them instability when it comes to the traits this House controls, which means they'll change their philosophy of life or their hobbies and interests more often than others change socks.

This means they aren't able to focus their spirituality on only one thing, being more the thinkers of things than the knowledgeable persons who are informed to the very last detail.

However, they will never specialize in something. If they have enough money to travel the world, they won't hesitate to do it. If not, you can be sure they'll travel mentally, so don't be surprised if they're sometimes absent-minded when you're talking to them.

Their imagination is very rich, so they can fantasize about anything, creating all kinds of movies and stories in their head. This means they're romantic and able to create a more beautiful world than the one they are living in.

Not to mention they're perfectly capable of turning their dreams into reality, so all their fantasizing may not be at all in vain.

Moon in the 9th House natives are happier and more comfortable when doing something out of the ordinary; something creative.

They enjoy talking about philosophy, spirituality and even the occult. Their mind is inventive and always wanting to escape reality with the help of studying, traveling and having various conversations.

Loving to expand their own mind, these natives' imagination may give them psychic abilities that others don't even dream of having. The position of the Moon in the ninth House indicates they nurture their mind on their own.

They feed their higher self through emotions, and when they need to feel secure, they just start to rely on mere thought.

Thinking comes naturally to them, being an everyday habit, but their thoughts may change from one minute to the other. Capable of nurturing others with their thoughts, they're more than often considered wise and intelligent.

While this is one of their strong points, it can also be a weakness because many people can't appreciate a good advice and want concrete help, not to just be supported with a kind word, regardless of how encouraging and optimistic.

Not big fans of intimacies and emotions

People with Moon in the 9th House need to understand the world through their own philosophies. The position of the Moon in this House indicates they have absorbed every piece of information on religion, politics or another humanistic subject from their parents, ever since they were children.

Everything about them, including their emotions, is directed at understanding the higher subjects and each and every new culture they're stumbling upon in their travels.

Their way of life makes them more understanding and very comfortable when around strangers. Adventurous and wanting to discover new places, Moon in 9th House natives think of life as a journey and can't feel happy if they aren't all the time moving, learning and understanding.

These are not at all the type of people to need a comfort zone, not even if they're conservative Sun or Moon Tauruses. In this situation, they would take all the traits of this sign on the road with them.

This means they have an exciting life, but the downside would be that they're always restless and wondering if life in a different place would be better.

It wouldn't matter what religion they belong to; the meaning of their life would be all about believing in something and always moving forward with their level of understanding spiritual challenges.

The way they emotionally respond to different philosophical ideas is very much influenced by the Moon.

Even if their Moon sign is a very intense one, their passions still burn out quickly, moving on faster than the wind. When seeing others are not capable of doing the same thing, they'll become frustrated and won't try their best to change anything.

No matter their Sun sign, all of the people with Moon in 9th House are always seeking to

nourish their insights on life.

They may feel self-righteous in their need to have an audience all the time. Their intentions are always good, but they tend to make their beliefs so solemn that others get turned off by their preaching.

However, they have high morals and are very honest, so don't expect them to ever sugar coat someone or to hide what they are feeling. It's like they can never lie about anything, because they are too transparent and others would immediately feel they're up to something.

Therefore, many will appreciate them for being straightforward and for not wanting to get engaged in all sorts of mind games. Some of them will be so honest that others find them rude. It's not their intention to hurt someone, they just feel emotionally free when being honest.

Moon in the ninth House individuals can be so objective about their own feelings that subjectivity can feel very intruding for their subconsciousness.

This also means they're terrified of getting too intimate with others because this could make them feel like their privacy has been invaded.

Another situation that makes them emotionally insecure is the one when they're displaying their own emotions as they think of feelings more as of a sport or something adventurous. This is how they're protecting themselves from getting hurt.

Moon ☾ - Detriment in Capricorn

([871] southfloridaastrologer.com:) A restricted expression of nurturing and emotion is found when the Moon is in Capricorn. Capricorn's need to be the strong, hardworking, serious father of the zodiac is opposite of the Moon's need to nurture and experience emotion.

Mercury ♀ in IV 4th House

([911] i.thehoroscope.co)

This placement of Mercury encourages people to always come up with great ideas seemingly out of nowhere, after only a few minutes of thinking.

Those born with their Mercury in the fourth house of their birth chart are homebodies who will put all their efforts and time into fostering their homes, to create and nurture that sense of belonging that emanates from a stable home.

They will play out the roles of parents incredibly well like they were born to do this. Obviously, being the Mercurian people that they are, education and learning will take the top position in their relationship with their children.

They might find it annoying and boring to do the same things over and over again, referring to the chores of daily life, but it gets easier to swallow with time, entertaining even.

Summary:

Strengths: Adventurous, eccentric and knowledgeable;

Challenges: Pessimistic and unstable;

Advice: They should also listen to their intuition, not only to reason.

Quite subjective individuals

Even when at home, these natives will most likely won't be able to stay silent and do their thing just like that. Nope, that's not even an option.

Something has to keep their mind focused, either an audiobook or the radio blasting some music, something that will distract them from the tediousness of chores.

That's just who they are and there's no changing this. Moreover, these natives are very interested in traveling around the world, changing workplaces, discovering the depth and intriguing things that are hidden out there.

They are wanderers, adventurers, always looking for something innovative to occupy their time with.

Even though they can come up with great ideas seemingly out of nowhere after a few minutes of thinking, they are still very wary of accepting other points of view other than their own.

The subjectivity here is obvious, but even more, there is a stubborn denial of anything that contradicts their perspective, one that operates on the unconscious level.

Education is one of the most important goals for them, learning as much as possible, retaining and accumulating knowledge from different domains, and being in control of any conversation, having something to say. It's also very easy for them to understand complex or difficult data.

With so much learning and analyses going on, they have to develop a certain critical mindset, a manner of speaking not unlike the upper strata of society, the elite.

And you can observe it's a genuine one, not a snobbish trait, by noticing that they talk the same even when at home, in the same intellectual and profound manner.

This intellectual communication is deeply related to their connection to that sense of belonging, to a familiar environment.

For most, home is where the closest people are, but they also need to be mentally stimulated in order to really feel at home somewhere. They might search for this in other places if they don't find it.

People with Mercury in the 4th house love to travel, to explore the world, to change their perspectives, values, and to learn about other cultures.

They want to compare their own perspectives and thoughts on certain matters with other people coming from different cultural backgrounds.

Even more, they want to attempt a rather interesting experiment, to cut off their roots and begin a new life someplace else, to take it from the beginning by learning to live in another culture.

The positives

Due to their continuous learning and studying, they have developed quite the monstrous memory, able to absorb anything and everything in a matter of minutes, if not less.

They have no problems at all in understanding complex ideas or principles, and they feel very happy that this is so.

And even though they will take a stand on their ideas, if you bring good arguments and evidence, they will change their minds. Reason dictates so.

If they could just act a little more reasonable in general, they would be even more efficient and expressive. More often than not, emotions cloud their mind, throwing everything into chaos.

Their intellectual interests and peculiar way of looking at the world is most probably the result of homeschooling, of the education received at home, which made them who they are today.

The need for mental stimulation, the endless curiosity, the dynamic and restless personality, they are all deeply ingrained in them.

Moreover, their perspective and process of analysis are tied to their own selves, a form of introspective communication. To delve into the inner recesses of the psyche is to push the boundaries of knowledge and self-control, discipline, curiosity, to peer into a whole new world where everything is possible.

They are challenged with finding out how to best express their thoughts to others.

This is one of the best ways to solve problems, to find out how to best deal with certain issues and situations.

The Mercury in the 4th house natives become very adept and efficient in this regard by searching for the answers deep within themselves, by connecting to the inner self.

By asking questions and receiving answers in a straightforward manner, they expand their minds greatly.

It's one thing to ask for advice from a friend, an outside source who can only presuppose on the given data, and another to actually rationalize it yourself.

The negatives

These people can be manipulative to create the environment that they've so long dreamed about.

In order to eliminate any unwanted elements and to emphasize the desirable outcomes, they will use emotions to convince others to do their bidding.

However, this is obviously going to lead to arguments, conflicts, and long-term unhappiness.

Moreover, their stubbornness plays tricks on them most of the time with how they just can't change their ways and only follow one path.

This is why they are so emotionally vulnerable, because, on the one hand, home is like a refuge for them, a safe space away from the cruelty of the world.

On the other hand, the need to make some changes countermands this feeling of comfort.

Mercury in the fourth house natives feel the urge to transform their home into a safe environment, a stable refuge of intellectual wisdom where they can follow their pursuits without being disturbed or judged.

This is the place where they feel the most comfortable, equal to themselves and to others, the place where progress, curiosity, self-development, and open-mindedness go hand in hand.

They will tend to discover themselves, to go through a process of self-analysis, a do-or-die type of metamorphosis that's going to change everything.

And just because they have a very advanced artistic sense, they love beauty and hand-crafted things, they might be a little superficial and spend a lot of money, but it's all good as long as they don't end up bankrupt.

Attracted by ...

He's very attracted by elegant women with good tastes in clothing, the kind who know exactly how to use all the elements at their disposal to look their best, with an air of mystery and charm hanging around them.

She must be feminine, cultivated, free-spirited, and it would be great if she had the basic rules of politeness fixed. Aggressive and overly-energetic women tend to be conflictual, to be emotionally unstable, and so he would rather avoid such women.

Arguing about the stupidest of things or entering a conflict just because you decided to buy something without asking her are the least things he would want. In general, he will try to save the situation before it gets too far, and he's very good at it.

With grace and charm, as well as a persuasive attitude, he manages to defuse almost all problems before they explode.

It's a good idea to take this man out to visit some cultural attractions like a library, a museum, a natural park, somewhere where you two can have lots of fun.

Personally, he will make a lot of compromises to avoid sticky situations or problematic arguments, at the same time trying to make their partners happy and fulfilled.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

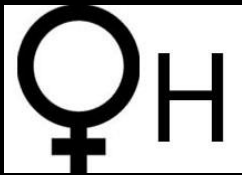

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

While these people don't like to bring flowers and to express their love in public, they're always of help and available for doing something. They will do all the practical things in a relationship, being very thoughtful their partner doesn't stress him or herself with anything.

Very talented at anything visual and artsy, they are looking for harmony and want to make all things whole. If they won't pay enough attention, they may end up passing by true love and going for practical relationships, thinking they can't find something better for themselves.

It's normal for them to give their love away to people who don't deserve it, so they should be more decisive about going for what they want.

Natives having Venus in the 6th House are the type who want a routine and to enjoy as much balance in their life as possible, because this is what makes them happy.

Putting in the extra work for it doesn't bother them in any way as they need to feel very proud about what they've achieved. Having a highly developed sense of duty, they are the best employees, who prefer having everything organized and looking perfectly.

Being disciplined is what characterizes them, so they may expect others to not generate chaos or to wish for perfection, just like they do. All this happens because the 6th House is being ruled by Virgo, so their desire for excellence is something that is always present in their life.

Enjoying routine and wanting a daily schedule that makes their life more efficient, it's possible for them to stress too much or be negative.

Venus in sixth House individuals are eager to express themselves and to show off their talents, even if they're not the most expressive when it comes to love. However, the person who's with them will get to witness many practical ways in which they show that they care.

There's no one to take actions that express love better than them, but if Venus is not evolved enough, they may expect their other half to do many things for them and still feel like nothing is enough for them to feel really loved and appreciated.

However, they are mostly the type who wants to be of service and enjoy helping anyone, even strangers they have just met down the street because they have this theory that being useful is the only way for love and peace to be brought in the world. At the same time, it's important for them to realize that being too giving can have their kindness being taken advantage of.

All the people having Venus in the 6th House can convince others to do different things and approach love very realistically. Anyone can manipulate them with a few nice words because they have very low self-esteem and want to keep others next to them for as long as possible.

Providing all the time for their lover can't be called love as they need someone who can really appreciate them for what they do and want to contribute. It's possible to find love even when taking care of themselves and while not trying so hard to always be perfect.

The placement of Venus in the sixth House makes it more possible for the natives of this placement to fall in love at work, because Venus will influence them here, bringing in a special magnetism coupled with a flirtatious mood.

Obsessed with perfection

Their bosses and co-workers will appreciate them for their hard work and for always organizing, so that perfection is attained.

They are very disciplined because Virgo rules the 6th House, so their wish for everything to be done the right way can't be seen in others. Their ideal partner is the one who can follow their routine and makes their life more fun.

Those who are too negative, stressed and emotional turn them off as they need to be next to someone who has time to appreciate them for their talents and work.

It's not their type to be very expressive when it comes to love, but you can be sure their actions will always show how devoted and affectionate they actually are. This is because they are people of action and not of words.

Many may not understand them, but their love will always be transmitted in the most practical way. As said before, a Venus that hasn't evolved enough in the 6th House can have them very pretentious and expecting their partner to do everything for them.

When not seeing that action is taken for the love towards them to be expressed, they start thinking that no one cares about their fate. But all in all, they want to be of help and think this is the only way for love to get spread.

However, it's important for them to realize that giving too much of themselves is not always in their benefit. Not to mention how obsessed they are with perfection when it comes to both themselves and those who happen to be in their life at some point.

The position of Venus in the 6th House has an impact over their metabolism, so they should pay great attention to what they are eating.

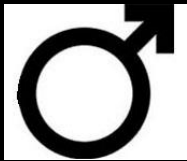

This planet makes people crave sweets and sugars, so they should be very careful not to overindulge in eating desserts. More than this, it's the planet of all life's pleasures, so they will probably want to have lots of sex, eat too much or drink, which is very unhealthy.

Venus in sixth House individuals love animals and all the joy these bring, so they will have their pets simply loving them.

Mars ♂ in ♈ Capricorn man 28° 10'

([975] i.thehoroscope.co)

He usually despises rules and regulations and will try to go around them every time he has the chance.

The Mars in Capricorn man is a very carefree and uninhibited individual who doesn't care about the problems of the world. He's doing his own thing and he feels good about having the prerogative to lead his own life however he wants.

Comfortable and amiable in general, he's not looking to change the world or save the whales. Instead, he wants to pursue his own goals on his own terms, using his own principles.

Material success is pretty important to this man, so much that he sometimes forgets about succumbing to worldly pleasures. He should learn to take a step back and relax from time to time.

In a nutshell:

Positives: Competitive and reliable;

Negatives: Rigid and boastful;

Soulmate: Someone who has a healthy lifestyle;

Life lesson: Material success is not everything in life.

Living in harmony with the surrounding

You don't just mingle with a Mars in Capricorn man and get out unscathed, without some of his free-flowing and unorthodox ideas nudged deep within yourself.

He despises rules and regulations that society imposes down on him, and he would rather destroy the status quo, rebel against everyone than follow those damn rules.

He's a hedonist as well, following his own sense of pleasure, and this means that he's also a bit ambiguous, morally speaking. Not even he knows what he could do to satisfy his cravings and senses.

Any vices are acceptable, money is desirable, sex is absolutely delicious and necessary, and pretty much any extravagance goes for the Mars in Capricorn man.

He has a healthy lifestyle and he likes to live in harmony with Mother Nature. Protecting the environment, planting trees for a healthier future, fighting against deforestation, he's into all of these things.

What's more, you wouldn't expect such humanitarian and moral ideas from someone whose sole aim is to get his fair share of joy, satisfaction, and fulfillment.

Most of the time, he's passionate, impulsive, brash, but ambitious and perseverant all the way, until he gets what he wants.

Even when things are not working as they should and he gets angry, he still finds a way to avert his rage from causing any victims.

Mars' combative and raw energy output gets toned down, taken through a shredder to make it easier to absorb by this man.

Otherwise, he would burn from the inside out, considering how fiery and volcanic the man born with Mars in Capricorn in his chart is.

He manages to hold his own against these outpours of terrifying energy by focusing it on exercise, sports, the healthy lifestyle that we've mentioned before, he won't go out of his way and take part in competitions or try to be a culturist, but he does want to be in top shape.

A big problem that they have has to do with their behavior when around their lover. Even though, in general, these men are very unrestrained and free-flowing, they get all giddy and shy when she shows up.

This happens because they have everything planned out from the beginning, and the possibility that something might happen haunts them day and night.

Rigidity and a lack of flexibility, even creativity. It should be essential for the Mars in Capricorn man to work on this.

When confronted directly, he resorts to the unspeakable and spiteful methods to take care of his competitor. He won't hesitate to trick, con, deceive and otherwise hurt his adversary no matter the cost.

A dominant lover

The Mars in Capricorn man wants to be taken seriously. He is a dependable and reliable person, someone who works days and night to achieve his goals, a perseverant and hard-working man.

And this is how he wants to be seen, especially by his partner. Mutual respect is a must, and he wants to ensure that his partner knows exactly who he's dealing with, that he's not one to be trifled with.

Even when asking someone out, he is in control of the situation, knows exactly what he's going to do, where he's going to go, and how he should behave. He knows how to have fun as well, and his preferences are really extravagant, to say the least.

Romantically, he's the dominant one who takes care of everything important, watches over the natural comings and goings of his partner's life, and generally deals with all the responsibilities.

Thus, he would prefer a woman who knows when to bow down and submit. He doesn't have great luck though, and he meets a lot of women who can't appreciate his dedication.

There are also those who won't agree to be controlled. All in all, he's had many relationships, most of them failed miserably, but one thing remains. All of his exes agreed that he's a total beast in the bedroom.

Sex is not the same thing anymore after doing it with him, and doing it with someone else feels dull and uninteresting already.

In conclusion

Personally, he is very organized and has a systematic mindset. All the details are carefully taken into consideration, all the potential paths, and with a calm attitude that exudes confidence, he slowly makes his way towards the goal.

He's reliable, ambitious, and he knows what he wants from life. He's also very

disciplined and practical, letting no stupid ideas ruin his professional course. The social ladder likes him very much.

His bosses, not so much. Why is that? Because he wants to overcome his limitations, to ascend the hierarchy, to get to the top. He's not going to be gentle or take feelings into consideration. The world of business is a jungle, and you have to be a ferocious and merciless predator to come out alive.

Moreover, he doesn't put in all this effort to impress someone, or just to increase his social standing. He does it because that's his nature, a hard-working and ambitious one that doesn't feel grateful for having a decent lifestyle.

If the only way toward success is by mowing down the competition, leaving bodies in his wake, a bloody battlefield filled with the remains of the unlucky bastards that dared stand in his way, then so be it.

His partner should perceive him as a man who knows what he's doing, a reliable and dominative individual who understands how the world works.

Also, know that he's ready to get out of his way to make you happy, to fix your problems and support you whenever necessary.

Mars in the 9th House in a nutshell

Mars in 9th House people will always make good jokes and laugh a lot, while their passion for life would be unequaled.

It's possible they'll want to relocate to a far-away place, to a city or town that makes them feel spiritually enriched. Therefore, it's possible for them to move in order to change their religion or to learn a new language. It's like their heart is one of a missionary in search of the Absolute Truth.

What they'll discover in their travels will make their life richer and they'll get to know themselves better through all the experiences they gain on the road.

They should be careful not to impose their own beliefs in others and to understand there is no Absolute Truth that works for everyone. If they respect this concept, they'll be able to reach an inner balance and satisfy their thirst for knowledge in a more efficient way.

Timing might often be off, or you could express your desires (or anger) in bursts rather than more flowingly, whereby you keep these things to yourself and let them build until you explode. You may come on too strong some of the time, and not enough at other times, often thinking of the better thing to say or do only later, when you're no longer under pressure. Competition can unnerve you, and you are usually better off setting your own pace than working by schedule or with others. You might come up with very creative ways of expressing yourself physically as you mature, or channel your energy into unusual but effective areas. (or because of the new chart from Saturn return)

Mars ♂ - Exalted in Capricorn

Jupiter ♃ in ♏ Pisces man 1° 41'

([1004] i.thehoroscope.co)

If you have Jupiter in Pisces you are using your intuition to achieve what you want.

People with Jupiter in Pisces are intuitive and good healers because they play with the subconscious a lot, whether their own or that of other people.

Jupiter has no limits and the Pisces sign is empathetic, so it can be very easy for people born with this transit in their natal chart to get lost in what others are dreaming.

That's why they need to set some limits and use crystals or sage that can clean their energetic field. Not to mention they are also prone to different addictions.

Jupiter Pisces will always be the hedonists of the zodiac. The fact that they are also

romantic will make them relentlessly search for their true love their entire life.

As they are fascinated by the human mind, they could be great as yoga instructors, astrologist and even hypnosis-therapists. They are also good musicians or dancers. Basically, anything that has something to do with creativity would suit them.

As the second ruler of the Pisces, Jupiter is in power in this sign, together with Neptune. Jupiter Pisces are mystical and spiritual. They could easily guide others towards living a better life. It's easy for them to support people in their most difficult moments in life.

In a nutshell:

Style: Spiritual and compassionate;

Top qualities: Imaginative, loving and expansive;

Weaknesses: Fixed nature and oversensitivity;

Advice: Pay attention to the explanations of those close.

The impact on personality

The generous Jupiter can make everyone more aware of their consciousness. But because Jupiter is the neighbor of Neptune, the planet ruling Pisces, it's very unlikely the changes this planet can make are going to be very dramatic and noticeable.

However, the transition will bring a quiet type of knowledge, no matter if the natives will meditate or just have a walk. They will probably dream and have visions of all kinds.

It will be a mystery how truth will reveal itself to them. And they won't be able to explain their experiences with the surreal. Either way, Jupiter Pisces will still get great ideas from another plane of existence.

But they will think with their heart, not with their head. We have to gain our own access to the first and most important experiences in our lives. We have to exist as separate personalities to identify our needs.

However, Jupiter Pisces believe more in the wisdom obtained from compassion because for individuality we need to be fearless and less prejudiced. But don't think that if Jupiter is in Pisces, these people's problems will immediately cease to exist.

However, for an entire year while the passage will happen, Jupiter Pisces will be more compassionate, forgiving and balanced when it comes to their relationships with others.

But their artistic side will nourish their soul, while making them more capable to work hard towards a tangible purpose. The more compassionate, tender and devoted Jupiter Pisces will be, the more luck and good things they will attract.

They love to help anyway. It's like they need to give a hand to the less fortunate.

Empathetic, these guys can feel others' pain. And all they want is to make things better for everyone. Their imagination and creativity will help them be great artists.

Any occupation involving the art of healing would be perfect for them. Their interest in the occult and fantasies can't be seen in other signs. Not interested in the material world, they're religious and deep. Not to mention they prefer seclusion over big groups.

They don't want to be in the center of attention, so they'll most likely work from behind the scenes. Sensitive and easygoing, they will probably not have too big ambitions. People will take advantage of them because they are very giving.

But many will like them just the way they are because they have a thing that just gets to others' soul. It may be the fact that they are good listeners, kind people and idealistic dreamers.

Out of all the signs in the zodiac, Jupiter Pisces are the most likely to develop psychic abilities. It can be said they have a large vision and that they are able to understand this life is nothing but a stage for us, the actors, to play our roles on.

Spiritual people, they will most likely know all kind of religious rituals for soul-searching and cleaning. Jupiter Pisces are expansive and want as many people as possible in their life. It's easy for them to get together with others and they are very tolerant with their friends.

No one will be excluded from their life and they will be the shoulder on which everyone cries. And they will understand every problem because they are intuitive and good psychics. They can't stand to see people in pain and are known to get satisfaction from making selfless acts.

Understanding the main tendencies

Being of help makes Jupiter Pisces natives shine as they are empathetic and sensitive, the most nurturing and kindhearted sign in the zodiac. And Jupiter makes them even more like this.

That's why they would be great as social workers, veterinarians, counselors. In general, they feel good when they are helping people or animals in need. Expect them to give a hand to any creature that comes their way with a problem.

They are good psychics, but just like the Jupiter Cancers, they can be insecure about their abilities and instincts. So they may not allow what they are best at to work in their favor.

A negative way in which Jupiter influences them is that they can become escapists and see things only the way they want to see them. They can have these rose colored

glasses all the time. It's normal for them to build their own reality and not be able to distinguish fantasy from reality anymore.

When Jupiter transits a Water sign, those affected may try to escape the real world by abusing alcohol or drugs even more than those with the Sun in Pisces. If it happens that both Jupiter and the Sun are in this sign, expect people with this transit in their natal chart to be extremely sensitive to substance abuse.

Not to mention they could get depressed very easily. But after all, they are the artists, the poets and the dreamers of the zodiac. Jupiter helps them dream big, because they are so good with people, you can find them volunteering for the homeless and the poor.

It's their fantasy world and their sensitivity to drug and alcohol that makes them drift away. When it comes to their own good, they may not know what's best for them. When it comes to consistency, they surely don't have it.

But with some meditation sessions, they can become better and even escape what stresses them. If they want to be luckier, they need to be sensitive only when it really matters. Not trying to escape reality would be helpful as well.

The Jupiter in Pisces man

It can be difficult to read the Jupiter Pisces man. Not only he's dual and conflicting, he's also mystical and this will be felt in his love life. As a matter of fact, it may be interesting in the beginning but it can become a problem with time.

The best thing with this guy is to ask him his honest opinion every time. He will always be interested in the deepest life problems and will give sound advice. Because he's a big philosopher, he will often be lonely.

Jupiter will help him develop his relationships with others. Mysterious but loyal, he's also progressive and familiar, especially when he gets encouraged by the Jupiter Pisces transit.

Saturn ♄ in ♏ Scorpio man 22° 30'

([1024] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Scorpio in their natal chart are the saluting soldiers of the zodiac, the ones benefiting from great discipline, who always try not to stray away from their principles.

Once they've put it in their mind to do something, nothing's going to stop them from achieving it. Of course, perseverance would be akin to stupidity if not for their intelligence and many abilities that make everything seem simple.

Life is just a walk in the park for them, contrary to the opinion of the majority, who can't even understand what they're doing, and how exactly they manage to stay in control so perfectly.

In a nutshell:

Style: Passionate and resourceful;

Top qualities: Loyal, stern and intense;

Challenges: Stubborn, too bold and cowardly;

Advice: Don't be reluctant in helping others, even if there is no end game for you.

Personality traits

Once again, the Saturnian Scorpio gets another boon from this planet in terms of inner depth. He can carefully hide his abilities from prying eyes, and also his weaknesses.

Being a vulnerable individual, just like everyone else, makes him uncertain of going all out, but now that Saturn brings guidance and rules to the mix, this won't be a problem anymore.

These natives become masters of their own destiny who work behind the shadows, no one noticing exactly how they accomplish miracle after miracle.

One thing that can define the Scorpions almost perfectly – intense enthusiasm. With an impetuous and unrestrained source of energy at their disposal, their naturally combative spirit comes out of hiding, biting anyone who doesn't pick up their pace.

Whoever can't keep up with them will have to suffer. They manage to control these instinctual reflexes when they have to formulate a plan.

Future goals are too important to be put under the pressure of such unpredictable behavior, and they understand this.

With their secretive nature, it wouldn't be surprising if they had some bizarre interests like magic, necromancy, or some other controversial passion.

Moreover, this also makes them quite determined to achieve a state of perfect mental discipline, of exquisite willpower, so that no one can read them. Emotional stability is also something that they have to keep a look out for because all that intensity and volcanic personality will eventually boil over and burn everything in sight.

They prefer subterfuge to a direct confrontation, to weaken the enemy psychologically before delivering the coup de grace.

In this sense, they approach almost all situations, even if there is no enemy to speak off, but an idea, an object of their attention overall.

Their investigative powers are off the charts, and they can be very devilish and vile, to the point that a lot of people would remain awe-struck at their resourcefulness.

Love behavior

Romantically, these natives have very contradictory feelings most of the time, born from their uncertainties and fears.

They may be very affectionate and intense in intimate bonding, craving for nothing but the most blissful of pleasures in bed, but the truth is that they are ridden by a constant nagging feeling of inaptitude, of self-pity, because they aren't sure if they're good enough.

Because of this, the Saturnian Scorpions will try to test their partners from time to time, to check the strength of their feelings, or how they're going to react when confronted with unruly accusations.

It's not something very pleasing or comfortable at all, so there's really no surprise when they start arguing over this matter. However, if they manage to stand face to face with your trust issues and prove themselves, what comes next is complete loyalty.

The good and the bad

No matter how efficient they may be when acting inconspicuously, it has a bad effect on their whole temperament and overall emotional stability.

They feel the pressure of having too many secrets, a deep disappointment that no one really truly knows them, and this is one of the essential things they should work on.

They must let other people in and have a more open-minded attitude toward personal relationships.

Their naturally responsible and hard-working personality can help a lot with this pressure, taking their attention away from it.

Saturn ensures that they are deeply committed to their goal, always vigilant and attentive to the smallest of details.

To them, acting under the cover of secrecy is not only a good professional technique, keeping the secrets of success safe under lock, as well as having a restrained attitude that does the job perfectly, but also in their day-to-day life.

There are plenty of manipulative people out there who only need a little bit of information to use against them. That little anchor that they've grabbed a hold of can possibly lead to a great disappointment, so these natives make sure that nothing essential is accessible to the outside world.

Even their emotions are tightly kept to a minimum, not letting the excess leak out. Love,

affection, appreciation, sadness, these feelings could just as well make them vulnerable to attacks.

Because they feel so deeply, most of the time, an offense on that level would leave them dumbstruck for a long time.

It's better to avoid such situations from the start. Saturn is the one who makes sure that they never leak any information out by imposing a certain set of principles and rules.

The Saturn in Scorpio man

Just like their female counterparts, these natives are hard to piss off, and they would rather prefer to get away for a time to calm themselves, rather than going all out and saying something they'll later regret.

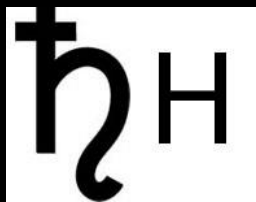

In other words, they care about their family and friends a lot, and not even they would dare to put those relationships in danger.

However, there is one exception when they'll not be able to control themselves from exploding. If he suspects his partner of adultery or just deceit in its rawest form, he won't take it standing and will likely issue an ultimatum.

Of course, being on a constant watch out for possible dangers will kill off any sort of opportunity for self-development, and happiness will be just a dream at night.

All these people have to do in order to escape this predicament is listen to what Saturn in Scorpio tells them about objective standards, using reason to create a certain set of guiding principles that he can fall on, in times of need.

Saturn ♄ in VII 7th House

([1035] i.thehoroscope.co)

This placement of Saturn makes people take their relationships of all kinds very seriously and also be the most loyal and dependable out there.

People born with Saturn in the seventh house in their birth chart may romantically attract individuals who are older because they take love seriously and work hard for their

relationships.

These people will want a disciplined type of love and can marry because they need the sense of security this type of connection offers. It's like every partnership in their life has been calculated and they're searching for a lover to help them be more responsible and at the same time purposeful or successful.

Summary:

Strengths: Diplomatic, loyal and caring;

Challenges: Nasty, shy and judgmental;

Advice: They need to stop looking for other's validation.

Often looking for some kind of validation

Marriage and any other type of partnerships are among the areas influenced by the 7th house, which means this structure determines how people feel about both their closed ones and enemies.

Opposing the first house, the 7th is all about the energies natives project onto other individuals, and also about what they're looking for in a relationship.

It can be seen as the ruler of the feelings people want to get back from the ones that they love the most. It's related to Libra and its ruling planet Venus, which governs over love and kindness.

Saturn in 7th house people can be many things because this planet influences them in many directions, as a result of the energy it resonates.

They could be the type who only has a few meaningful relationships because the responsibility that comes with being involved overwhelms them.

It's also possible they may find it difficult to form connections with others, which can keep them as far away as possible from any kind of attachment.

They shouldn't let all these things rule their life and keep an eye on their predilections.

Taking relationships seriously and being responsible of another person can turn them into great partners if they just make an effort. Not to mention many would be very happy to be a part of their life.

They should be the type who doesn't hurry to commit but who does it seriously. Natives

having Saturn in 7th house are very loyal and devoted, looking to only be with their lovers for a lifetime.

This is the house where Libra resides and which rules over marriages, enemies, friendships, business partnerships and romantic encounters.

It can be difficult for these people to find love, but at least Saturn influences them to be committed and never easygoing in matters of love.

They will question the way they care about their other half and feel inadequate for a relationship, but at least they'd never cheat.

When it comes to their social life, they're anxious and not at all themselves in the company of people. It's like they're always building up walls between themselves and others, deciding what to do about their relationships according to an irrational type of fear they have and never trusting the ones they love the most.

Individuals having Saturn in 7th house are always looking for the validation of their commitments and want a partner who's practical, stable or very calm.

That's why they may marry someone older and with a good social position, sometimes after their thirties. The orb of Saturn when it comes to relationships here suggests they may go through some desperate situations in which their partners are being abusive or not at all in love with them.

When it comes to work, they'd do a great job as politicians, business people, lawyers and brokers. They will connect with others just to repress the fact that they're feeling inadequate or inferior.

The cosmic alignment may force them to repeat the same mistakes until learning the most important life lessons and to always have a feeling of emptiness.

That's why they want someone who can deal with their inner life and at the same time dream of solitude.

They will probably have failed marriages until Saturn will do its first return, which is around their thirties. They're attracted to fixed and Earth signs and can encounter delays when it comes to love. These people will most likely be alone and feel like there's no one out there who can be called their other half, for a very long period of time.

The goods and the bads

Saturn is the bully of all planets, the one who always comes with nasty obstacles and makes people think they can't make it in life.

When in the 7th house of partnerships, legal matters and marriage, it influences natives with this placement to get married later in life or even to never experience a serious relationship until their thirties.

They may be the type that marries for money and is later on haunted by this decision, only to decide at some point to end the relationship.

If Saturn in the 7th house is in good aspects, people who have this in their chart may become motivated to turn into responsible individuals as soon as married.

The same planet can also influence them to choose the wrong relationships and to be inhibited, stressing over things that others wouldn't even think of.

They will feel paralyzed when things become too intense or close to completion, so the solution for them is to develop strong connections in which others are willing to help them when feeling this way.

Some of the people with the Saturn in 7th house placement are too shy to just sit and have an one-on-one talk. They're also too reserved to make a new friend or to start a relationship because Saturn asks them for patience and wisdom.

If this planet would oppose some other that are related to personal issues, the natives of this opposition would have to face many obstacles when it comes to the way they interact with others.

Saturn is about going over the line and learning some lessons the hard way. It influences people to test their ground before romances and to not want something too "normal" because they're looking for originality and what's real, not in any way abstract.

It can be said this planet makes people wiser when it comes to love. All the natives having Saturn in 7th house are good at mitigating conflicts and know the difference between what's right and what's wrong.

They think justice is the most important thing in the world and are able to see both sides of a situation or the compromise that should be made when two people are arguing.

These natives are looking to bring peace and balance because Saturn keeps them in the right mindset. Their relationships will always be harmonious and stable, and they'll have partners who trust their sense of justice and the decisions they make.

The 7th house dictates how people get along with their public, while Saturn determines their level of commitment and responses, be it about emotions or just curiosity.

The public opinions of Saturn in 7th house individuals are strongly influenced by this

planet, making them able to deal with their fear of speaking in public and always telling the truth.

They wouldn't get married with someone who doesn't match their personality and their love would be a lot about loyalty.

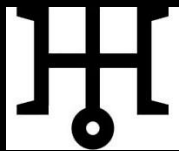

They should, however, realize there isn't such thing as a perfect relationship and rely more on the person who can help them be a better version of themselves.

Saturn may influence them to feel burdened about making a partnership working and at the same time too shy to get close to a person they like.

These people should know what give-and-take is and also how any union should be built, while allowing their other half to carry the responsibility of making things work, with their help.

Taking love seriously, they should believe in collaboration and enjoy their lover's company. It's also suggested that they rely more on feeling than on logic when choosing someone because happiness can only be attained by involving emotions.

They are literally seeing the future for all its potential avenues, and are always trying to make it happen, through the sheer force of their willpower and innovative drive. Change is inevitable when you have an Uranus Aquarian at the forefront.

With both the zodiac sign Aquarius and the planet Uranus singing the praise of evolution, technological advancement and societal development, this native could only be an innovator, someone who takes the reins into their own hands and actually does something for a change. The revolution is set to begin, and these people will be the ones

to lead it.

In a nutshell:

Style: Original and insightful;

Top qualities: Aware and dependable;

Challenges: Extremist and stubborn;

Advice: Take your time to know people before drawing any conclusions.

Personality traits

This native takes what's important from the past and throws the old mentalities overboard, abandoning all the stereotypical convictions, and accepting only the revolutionary and visionary ones.

The future is brimming with an untapped potential, and while this native may have individualistic tendencies first and foremost, he also understands that the society's wellbeing also includes their own.

When you live in a community, you have to take care that the community doesn't fall apart. Also, living in the past makes it impossible to look towards the future for some natives who are more sensible and nostalgic.

With a great intuition and the instincts to choose the most appropriate methods to solve a problem, the Uranus Aquarius are as efficient as they are kind.

These people are not going to cherish their happiness as long as other people are dying from hunger or bleeding to death on the front of some God-forsaken battlefield.

They want everyone to experience the same opportunities and to live life at the peak of comfort, happiness. For this, their humanitarian tendencies truly flourish constantly.

The single most evident aspect of a good revolution is the waves it makes, how the world reacts to it if the reactions are elevated to a new level.

What the Uranus Aquarian tries to make will obviously shake the order of things, but not because they use anarchic methods, but because the change in and of itself is the catalyst for the destruction of the status quo.

Generally friendly and generous with their friends and family, they are very communicative, like to socialize, share ideas, and are very good at explaining things to people.

The Uranus Aquarians know a lot, and they use this knowledge to bring a new revolution to the world, one where everyone understands one another, where most people live their dreams, and where everyone is united for a common goal.

They may take great pleasure in working alone, in attaining their goals with their own power, but team-work is more efficient and is known to be more productive. They have to learn this fact in order to maximize their results.

The Uranus Aquarius has a lot of emotional power that is left untapped, waiting to be released. Even though they are very rational and like to do things using their common sense, their emotional intelligence is up to par as well.

A visionary lover

Without being tied by old traditions and a stagnant mentality, the Uranus Aquarius looks to the future with a bright attitude, their outlook on being a very joyful one.

They wish to build an ideal lifestyle, and if they can do it alongside a person who most understands them, what could be bad about that? They are responsible, ambitious, perseverant, and have a very common-sensical perspective on life and the achievement of one's dreams.

You have to work really hard and put in a lot of effort in order to get anything. That's the basis of it all.

These people are also very logical in their relationships, avoiding overthinking about the possible dangers, and instead, concentrating on the present moment, the least, if not about the positive future.

The good and the bad

While some people might not be able to see the good things in this native, he is actually very self-aware of his own capabilities and knows clearly what he wants to do.

Always thinking about the next plan, with ideas to further enhance it on the way, these people are nothing if not visionary, inventive, and quite stubborn.

They appear to concentrate a lot on what they want to do, and once they have picked a point of focus, they will become very immersed in the research. Most of the times, these interests involve the betterment of society as a whole or the wellbeing of certain social classes.

Obviously, these natives can forget about everything else when they get too focused on laying out a plan in its most detailed form.

When they start researching and gathering information, nothing matters as much anymore. Selectiveness is the key here.

Moreover, because of the great amount of knowledge at their disposal, as well as the

urge to do everything themselves, they often appear so detached and aloof that they don't even acknowledge other people talking to them. This is a case of extreme focusing on one singular goal, nothing more.

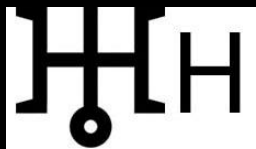

The Uranus in Aquarius man

The Uranus Aquarius man can get very psyched up by discovering a virtue to call their own, to fight for against overwhelming odds.

If he happens to stumble upon a higher goal, he will decide that it's worth everything to try and pursue it, and he will only do this after receiving validation from his close friends.

He has this urge to understand other opinions and get feedback on a course of action before committing to it. Even though his plans are not likely to fail, given his predictive and intuitive abilities, his social personality makes him communicate his ideas a lot. Help him, no matter how you do it, and you'll have made a true friend in the meantime.

Uranus ☿ in X 10th House

([1062] i.thehoroscope.co)

This placement of Uranus may encourage some tense situations and for people to not always react appropriately when dealing with others' authority.

People born with Uranus in the tenth house in their birth chart prefer to do things their own way and are really not the type to become tied down to people or places.

They need a profession that gives them freedom and also allows them to express themselves in a creative way. They really don't care about their place in society, so you won't see them fighting for a good position at work.

Because the 10th house rules also over career, the planets placed here show what the natives would like to do for a living. With Uranus here, these people may be interested in technology and science because these domains give them the opportunity to come up with good ideas and to work in teams.

Summary:

Strengths: Confident, unconventional and kind;

Challenges: Opportunistic and obstinate;

Advice: They should understand that professional recognition is not everything in life.

Looking to express themselves freely

People having Uranus in 10th house may have a problem with authority, so also tensioned relationships with their bosses.

They're not the type to follow what others tell them to do, therefore, they should avoid being impulsive when making a decision based solely on what their free spirit is telling them.

It's possible for them to discover they have many talents later in their life, so a change of career is normal in their professional ascendancy, around their 40s.

They will realize, at some point, that what they decide in their personal life influences their professional one in a great manner.

Opportunity for them to become famous for their unconventional approaches is also very likely to appear.

Uranus in 10th house people will always look to express themselves freely and to bring their original ideas into discussion.

That's why they will join different organizations that will probably be related to technology, science, the occult and even New Age practices.

They will have many things happening for them at work because they will probably move homes all the time and get advanced when they least expect it.

Everything they do in life is usually centered around personal freedom and overcoming limits. That's why they're the most independent, chaotic and strange people in the zodiac.

They may have problems when dealing with the government and even their bosses because their life is always changing and unusual things seem to happen to them. Anything traditional will be completely eliminated from their life.

With this position, natives have a tendency to recognize the soul is above the individual when it comes to spirituality and life in general, so they won't seek professional recognition and to have a good position in the society.

Many of them will decide to not get hired and become freelancers or get a job where they won't have to deal so much with figures of authority.

It's possible they'll be considered the pioneers in what they might be doing and even get rejected by those who are conventional.

There is also the possibility that one of their parents, usually the one who brought more money in the house, has had many Uranus influences in his or her chart.

They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a mother or father who raised them differently. They most likely observed one of their parents being different than others and copied all this in order to become the same as adults.

This planet is also about the unexpected, so when placed in the 10th house, it can suddenly bring publicity to the natives of this placement because they have either done something or said what others didn't have the courage to.

They will appear in the news even if they don't want to. Their personal and professional lives can seem very interesting to others and many won't believe what they can do.

In the situation in which Uranus is in bad aspects, all this publicity can bring many problems to the natives. They may feel that everyone is making fun of them and that what they got to be known for is in fact a scandal.

Being in the center of attention is not in their interest in any way, so they will want to escape such a situation as fast as possible. However, they don't care about what others think of them, so everything will pass very fast.

Uranus is known for being unusual and for bringing sudden changes. When in the 10th house, it changes careers but also influences natives to have success as they seem to come up with innovative ideas when others wouldn't even know what to do anymore with a project.

It looks like their mind is constantly thinking of something that's unusual and out of the box. Because they hate dealing with authority, they won't be the boss' pet, so their advancement at work will come later or probably never.

This is one of the reasons why many of them have their own businesses that make clients happy through originality and shocking suggestions or offers.

Because Uranus in 10th house people are good with technology and know how to create a plan, their success can easily have something to do with the Internet world.

Blessings

Since the 10th house is about social status, Uranus here opposes all this and encourages natives of this placement to not care about it.

They will be more interested in creativity and stimulating their own imagination or the one of others. These people love working with technologies and bringing up their own ideas to life in order to make things work faster and better.

For them, it's all about challenges, not about being promoted. Therefore, they're not competitive and their colleagues love them for this.

When Uranus in the 10th house is feeling comfortable, they will know their purpose in life, which will be making the world a better place.

Many designers, painters and even activists have Uranus in 10th house feeling comfortable. These people really have the touch of genius and can implement concepts that are both practical and original. As said before, one of their parents influences them to be this way and they have seen at home how to express themselves and to be innovative.

Uranus in 10th house individuals want their ideas and results to bring meaning in other people's lives, so they won't mind working towards improving things for the humanity.

But they'll want a life of their own, so they'll build a family even if they may not be the most conventional parents. Obviously, they will inspire their children to be original themselves and to stand out from the crowd.

Many will question the way they're raising their little ones, but they will always come up with a good explanation for why they may be doing things strangely.

Challenges

Uranus in 10th house people are hard-working, no matter if it's about their job or personal life. After spending too much time at the workplace, they will get bored and eventually decide to leave.

It's difficult for them to deal with authority figures, so they'll constantly fight with their bosses and after come up with a great idea or solution for the project they're working on.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

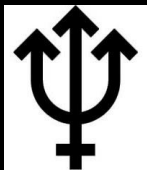

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or an astrologer will help them find their destiny in this life cycle.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

Neptune ♃ in ♍ Virgo man 7° 39'

([1070] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Virgo in their natal chart are all about idealistic thinking. They have their own ideas about life which they'll support regardless of the opposing arguments, and they'll have a doubtful look whenever someone contradicts them.

When it comes to healthy eating, professional life, efficiency, and productivity at work, these natives are usually the ones who have a lot to say and are very certain that they hold the truth.

Even when the overall perspective doesn't seem to carry any value, they manage to take out a small detail out of the context and capitalize on that. This is a direct result of Neptune's influence, the emphasis on details.

In a nutshell:

Style: Dedicated and demonstrative;

Top qualities: Serviable, efficient and healing;
Challenges: Highly critical, impatient and fussy;
Advice: You need to put effort to convince your partner of your vision.

Personality traits

The Neptunian Virgos are those who try to bring a sense of warning back into the collective mindset of the people, about living healthy, eating natural food, working intelligently, and not simply putting in the effort without the slightest knowledge about efficiency.

Humanitarian and philanthropic, they might want to participate in voluntary activities, contribute towards helping poor people, help abandoned children, and many other such activities.

A feeling of deep satisfaction and personal fulfillment is to be found in bringing out one's empathetic tendencies, in showing one's inner generosity and kindness toward fellow humans.

Besides this enlightening interest in the possible avenues of salvation for the entire human race as a whole, on a more personal level, they crave for the peace, quiet and sense of belonging that their home offers.

Bonding with their lover on an intimate level, creating a safe and secure environment to call home was always one of their biggest dreams.

They fantasize about simple pleasures, warm embraces with the partner in front of the chimney, a good morning kiss on the forehead, the jolly image of their kids playing in the front yard.

Also, they promote the idea that physical health is directly proportional to one's emotional fulfillment.

In their attempts to eliminate all negative feelings and detrimental attitudes, they try to use reason and logic, as well as emotional depth and feelings.

Over time, these two mindsets can begin opposing each other, creating inner conflicts that indirectly lead to a state of annoyance, irritability, and they'll sometimes not know how to react to certain events.

It's that blank stare, poker face, a form of social inability to empathize with a given situation, the ineptitude to cope with it.

Seeing that it could lead to worse things, the Neptunian Virgos try to fix things up by appealing to their own sense of satisfaction and inner fulfillment.

By helping others and supporting people in need, they receive a sense of appreciation, of self-validation, of social acceptance and this greatly helps.

These natives are very responsible, thoughtful, and intelligent. They think about things greater than themselves, about the good of the many, about man's action on the environment, and how it will lead to our downfall eventually.

They instinctually know that great changes are in store and try to be the prophets of the new age. With self-made rules and firm principles, the Neptunian Virgo advances slowly but steadily toward a brilliant future.

Even though their intuition pulses constantly, informing them about possible events beforehand, they try to ignore it, instead of putting their whole attention on the power of reason, logic, objective research.

They prefer having a good reason to believe something, rather than feeling where the truth lies. However, the same doesn't apply in a relationship, where they must use their emotions more.

With a person expecting you to show affection, compassion, and empathy, you can't show the same cold and calculated rationality that is perfect for solving problems.

If you try to subdue your emotions and replace them with logical observations, the close bond between you and your partner will quickly fade away, just like the feelings.

You have to realize that a combination of reason and emotions will be a much better solution, and it will avoid all pesky problems.

The positives

The Neptunian Virgos are best when put to work, when they have to take care of something, to organize an event or plan out an escapade.

If you want to have a party at home, there's no one else to ask for help. You just have to bring up the idea, and you'll see their eyes lighting up, an expression of pure joy and ecstasy plastered on their faces.

Just give them something to work with, and you don't have to worry about anything anymore. It'll be done with near-perfect accuracy, and according to the plans.

Moreover, they should learn to abandon their high-end expectations, and instead live the moment. Without any extraneous thought in mind, and without worrying about the future, just let life come naturally and bring about some surprises.

Controlling everything is an empowering feeling, that much is true, but it quickly turns into an obsession, and the lack of it brings a crisis of conscience, fear, uncertainty, and many other negative feelings. It's a good thing that they have firm ideas about their future and know exactly how to get there.

The negatives

Perfectionism is a Neptunian Virgo's worst flaw. They have high expectations of themselves and want to achieve only the best results, with the best methods, in the least amount of time.

If something goes wrong, self-pity and self-loathing come in, accompanied by a sense of inner disappointment, and the obligatory attempt to find a scapegoat.

If it's not their own person, then they'll blame someone else who helped them, even if it's unwarranted.

With an idealized vision of life in their heads, they forget the fact that the real world is not made up of perfect elements to build such a utopian place.

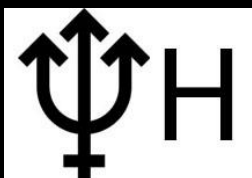

The Neptune in Virgo man

These natives are very hard-working, responsible, ambitious, perseverant and endowed with great efficiency when it comes to professional expertise.

Results are what matters most to the man with Neptune in Virgo, and in order to achieve the best results, they are willing to work overtime, putting in the extra effort, and strive to complete the project with spare time.

In relationships, they'll be quite affected by Neptune's influence, especially when it goes into retrograde. They will feel the need for validation, for appreciation, and they will want to talk to you constantly, to see that they're doing the right things.

Fantasizing about the ideal partner, they're too dramatic and sometimes imagine things, so many of their partners will decide to leave them.

They may not see love as it actually is because they have these rose-colored glasses when it comes to issues relating to love.

Attracted to everything that's erratic, mysterious and unconventional as far as love goes, they may fall for people who need to be saved, are cold, don't want to commit or have no idea what to do with their life.

Being so dramatic can be exhausting for them, so they should find a balance in life and to keep their high ideals, while not expecting everyone to live up to their expectations.

As said before, Neptune in 5th house individuals are very good actors, so their creativity exceeds the normal limits. Passionate and seductive, they could attract anyone and make love whenever they want to.

When they've fallen for someone, they really let themselves go and no longer care what is happening with other things in their life.

It's essential for them not to become unrealistic as far as romances go because they can fall in love with people who aren't available or with images of individuals that don't in any way show the real person.

Neptune 5th house natives may need to examine what's glamorous and fascinating about love in general, their own creativity and the children they're interacting with.

This planet can cause to feel unfulfilled until they have a child of their own. It can also make them feel very disappointed when their partner or children don't live up to their ideals.

Some of them have their children sacrificing themselves for their happiness, in one way or another, so when feeling life's difficult, they may turn to their offspring to become safe.

Wherever Neptune is placed in a birth chart, it shows the ideals and dreams of natives. It's also the planet that's responsible with influencing people to wear rose-colored glasses, which means it has a lot to do with denial and with making individuals see and hear only what they want.

The 5th house of love, children sex and gambling is influenced by Neptune to bring in a lot of imagination when it comes to all these things.

Those having this planet here would idealize their partner and think of many possibilities they could have with romantically unavailable people.

They may also not see the bad in others and think people who've done them really nasty things had a reason for being the way they were or perhaps have rehabilitated.

These natives can only see what's good about a person and think those who have ugly things to say about others are in fact either envious or extreme.

As they only see what they want, they may think of their relationships as being something more than they actually are.

Therefore, while their partner would be cheating and lying to them, they'd avoid believing all this and staying next to that person for as long as possible. It's very likely for them to be in relationships that don't make them happy.

These natives are the type who wants to rescue, so they'll only grow to be attached those whose life seems to go downhill.

They simply love drama and, even if they don't admit it, they're loud, exhausting and too much for others to handle.

When it comes to what the 5th house deals with, they will be very secretive and in the same time overjoyed, no matter if all that's happening with them is only in their mind, considering they tend to fantasize and be disillusioned.

Obviously, the aspects in which Neptune is with other planets matters a lot when talking about the traits individuals with Neptune in 5th house have.

This planet is a not too clear mirror that reflects the energies received from different other celestial bodies. Therefore, when in positive aspects with planets, it has a great influence over the traits belonging to either house or a planet.

Neptune in negative aspects can be malefic, passive and only a receiver. Amongst other things, the 5th house rules over joy and relaxation, so natives with this placement may really appreciate things related to these aspects of life.

They simply love dancing and if women, can be very seductive in their movements. It's like water flows through their body and they can dance to any type of music.

It's also possible for them to be great poets, depending on the aspects in which Neptune is. Also ruling children, the 5th house influences people with this planet here to have dreamy sons and daughters.

These little ones will be fantasizing all the time, and not really care about everyday issues. This means they'd make great artists and could achieve success without even struggling.

But at the same time, they'd be very sensitive and always charged with strong emotions, which will also be a sign they're good psychics and in school, they can rely on their intuition all the time.

Neptune in 5th house natives will be very secretive about their children. Men with this placement may have one kid and not know anything about him or her, while women would say their relationship with the little ones is complicated.

When Neptune is in bad aspects with Pluto, Mars and other malefic presences, the women with these placements may suffer miscarriages or can have many abortions.

That's why they should avoid using drugs as these could either make them pregnant when they don't want to, or cause them to abort the child they'd want.

Adoption is very possible with Neptune and the 5th house so there also many good reasons to be happy about this placement.

The goods and the bads

People born with this astrological placement are very enthusiastic and want others to see the world the way they do. They will take their loved ones with them in their adventures because they want closeness when traveling.

Able to inspire optimism as they're always happy and positive, they'd make great leaders. Their methods of bringing hope and inspiring people to live life as happily as possible are not known, yet still very efficient.

It's normal for them to have many friends and to change partners like others change their socks. They don't see a problem in being like this because falling in love seems to be their favorite thing to do.

And they're very good at it, considering their partners are always happy and fulfilled. It's in their style to spoil their lover and to want appreciation in return.

As a matter of fact, Neptune in 5th house natives can exaggerate with the way they're pampering their other half, making it difficult for many to be able to return the favor.

When not appreciated for what they're doing, these natives get to feel disappointed and even hurt. It's important they don't allow their partner to become as dramatic as them, especially when it comes to problems that don't even matter that much.

Having a quick temper and a big ego, they may actually be difficult to deal with when in a long-term relationship.

They should pay attention and not fall in love with dose who aren't meant for them because they tend to idealize people and to fantasize about things that aren't real just for the sake of drama.

Pluto ♃ in ♋ Cancer man 5° 37'

([1092] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Cancer in their natal chart will have to learn, from an early age, to cooperate with other people in order to properly make use of their full potential. If they will just stay cooped up in a prison of their own making, they'll only make things worse, and even reach a state of depression and great sadness.

It is very hard to give up their own personal security and emotional stability in this regard, but it's a necessary thing to do, if this means the better for everyone. Pluto brings great risks, but also incredible opportunities.

In a nutshell:

Style: Instinctual and protective;

Top qualities: Stable, generous and caring;

Challenges: Pessimistic and worrisome;

Advice: Transformation only comes when abandoning comfort zone.

Personality traits

These natives are very emotional individuals who put a lot of importance on their gut feelings, on what their intuition tells them.

While it works for most of the times, offering impeccable information pertaining to a lot of situations, it's still not a one-shot technique that works every time. They can still fail horrendously, and it's not exactly pleasant.

They care about their friends and family in a more profound sense than most of us, searching for an ultimate communion of the souls, for security and stability. Nothing is more comfortable and fulfilling than having a place to call home.

To such one-sided individuals who only want stability and a homely environment steeped in routine, change is evil, in whatever form it may come. They have to eventually get used to seeing the world change around them, and they should also realize that nothing stays the same for too long.

Change is natural, and not only that, it's welcomed and a sign that evolution is underway. Of course, no one guarantees that everything will lead to beneficial situations, and there might be problems further down the road, but that's nothing surprising.

This is how life works, and they need to get used to this. Their close ones will offer support, while they use those Plutonian emotions and instincts to patch themselves up.

The good and the bad

What's good about these natives is that they take good care of their loved ones. Loving, affectionate, loyal, and devoted to the bitter end, nothing stops them from creating a safe environment for their dearest.

Even though Pluto instills them with deep emotions, thus putting some vulnerabilities in there, they try not to show that they are weak sometimes. Taking control of the situation is the best choice they have, this being their motto all along.

Plutonian Cancer natives are very vulnerable to change, that much has been covered, and the only way to salvage this situation, to make the best of what they have, is to gain control. In what sense? In every sense, even manipulating and deceiving people to agree with them counts as being in control.

If the alternative is to fall into a pit of desperation, they won't hesitate for too long, and just go ahead with what comes as natural to them no matter how blameworthy this might sound to others.

They aren't malevolent in this respect, but they do it out of necessity. If they didn't, their emotions could potentially be blasted to smithereens.

Pluto in Cancer in love

The last time Pluto transited Cancer, social norm dictated the gender discussions and debates. A period of great changes and new perspectives on love matters, these natives began to look at marriage as something more than just a social contract. They began to see it as a form of spiritual bonding, a manifestation of the love between both partners, women especially having this viewpoint.

This is why, based on this heritage, the Plutonian Cancer is a native who believe in equality and in offering equal status to the man and the woman, in love matters.

This native may care more about stability and security and less about whirlwind romance, even at an early age. But this is not to say that they are not prone to falling in temptation, they are human after all and a bit of excitement won't break them.

Having a family comes as a bit responsibility so the Plutonian Cancer will think more than twice before committing, perhaps will even postpone this step for later in life, despite finding the one and despite, this hesitance of theirs, actually threatening the relationship.

The Pluto in Cancer man

This is a man with varied beliefs who will not really talk freely about them, unless provoked. He is a great storyteller, so a great social companion but can also be rather blunt and sometimes doesn't adhere to social norms.

Contrary to many men, he knows exactly how he wants his house to look like and will be very invested in this. He might even design and build his own home.

With an amazing resistance to failure, he is not one to wallow in self-pity and will pick himself up, dust his clothes of any unfortunate event and just move one.

Pluto's transformative influence might bring a bit of pessimism to his life and this cautiousness will surface, especially in areas he is not very comfortable with.

This planet brings clarity, a crystal-clear perspective on the world, thus allowing them to see the inherent flaws of a relationship. However, nothing is a real deal-breaker with this man and he can persevere, if given the slightest chance, especially in love.

Pluto ♄ in III 3rd House

([1103] i.thehoroscope.co)

This placement of Pluto makes people want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society.

Pluto in the third house is responsible with how one communicates, how the sharing of ideas goes through in a harmonious and responsible way.

Their social relationships are usually very good and efficient because of this talent for communications. Of course, things could go haywire instantly, without any apparent reason, just because their planet sent too many negative vibes.

If something attracts their attention, or someone for that matter, it will turn into an obsession right away. With them, it's either all in or nothing at all.

Summary:

Strengths: Witty, curious and enthusiastic;

Challenges: Impulsive, stubborn and indecisive;

Advice: They need to be careful with the risks they are taking.

People of great intellectual depth

One of the things that set these natives apart from the rest of the people is that they never take everything at face value. It seems like skepticism is an innate trait, but it

doesn't matter either way.

They will try to reach their own version of the truth, to investigate and inquire into the nature of things, to find out whether the presented information is accurate or not. It's no use telling them anything, they won't listen to you.

The Pluto in 3rd house natives want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society and its members.

They can take on any profession, especially if it has to do with one's spirit of observation and analysis skills.

They can make an excellent psychologist just as they would shock the world with their ideas as a scientist.

A criminal mastermind as well as a physicist, a mind-reader and a hypnotist, or even a cryptographer, they can become anything they want.

Even if they might appear as distant or disinterested at times, you can be sure that they are actively listening and registering everything.

Depending on the ruling sign in the third house, they can have many different preoccupations and personality types.

These natives are people of great intellectual depth and have a deep curiosity, seething with passion and endless interest in exploring the world.

They want to experience as much of it as possible, learn and accumulate knowledge, establish their own principles and understand their own identity.

This path of initiation, of self-revelation and self-reflection, will create some issues though, mainly related to how they must eliminate the old to receive the new.

This conflict that goes on inside of them is called cognitive dissonance, the contradiction between what the individuals know to be true and new information that goes against his knowledge.

This expansion of the mind translates to an increase in words spouted per second. Just kidding, but the Pluto in 3rd house natives are notorious for ranting and rambling on and on, constantly, until you shut them up forcefully.

Communication and harmonious exchange of information, these are the basic founding principles in their case. The process of assimilation never stops, knowledge keeps pouring in, and their needs get even more substantial.

Inspiration comes from their philosophical method of perceiving the world, what they attribute to being the essential thing in life.

Being in equilibrium with this mindset and with the world itself is the proper path toward the self-illumination that these natives want to achieve.

The goods and the bads

The good thing about Pluto's influence and energy is that it allows these natives to become better, happier, superior, and to achieve a higher level of existence by accumulating knowledge, by seeking to answer life's greatest and most profound questions.

Why do we exist? What should a man do in order to be happy? The meaning of life is still a matter a debate, as it has been ever since man had the first thought.

The bad things, on the other hand, have to do with their tendency to search for a dark and sinister answer. Even more, they are naturally attracted to the morbid and mysterious aspect of life, the unknown and the abyssal.

The feeling of empowerment that comes with knowing things that the vast majority of people don't know is too fulfilling to kick aside.

They have an unbelievable capacity to absorb information, and an endless curiosity to put to good use.

What do you think the Pluto in 3rd house natives do when they're confronted with difficulties or the path to their objective is fraught with obstacles? Do they stop or retreat?

This is the last thing they would do, in fact. Whatever catches their intrigue and interest is as good as taken, and they will not stop until they have either succeeded or exhausted their potential.

Generally, they become extremely focused and aware of their surroundings, being able to make split-second decisions and deal with anything coming their way.

If it's about inquiring about the very nature of something, then the Pluto in 3rd house natives are the most profound ones out there.

These natives are very sure on their own thoughts and opinions, so much so that people admire and respect their confidence and let them speak without interrupting.

It's just like an orator holding a speech with everyone listening to every word, dying to

hear the next parts.

They tend to digress and focus on the details, a little too much in fact, and this may detract from the attention and interest that the others give them.

They need to realize that there are a lot of things to be considered on the path toward self-development and evolution. The higher levels of existence are attained through awareness and insight.

In communications, they have to take a step back, pay attention to the topic, and to what they were going to say.

Sometimes, they have to soften it a bit or make it more aggressive, based on the present situation. Anyway, their choice of words and tone must be managed before unleashing the torrent of ideas.

And it is a torrent because the natives with Pluto in the 3rd are overly-dynamic and ecstatic. About what? Anything and everything, really.

The only real problem they will ever encounter is if a subject turns up that they know nothing about. That's when their confidence drops by a large margin and those existential questions start popping up.

North Node ♏ in ♏ Scorpio 9° 34'

(Georges Muchery)

The Dragon's Head in Scorpio gives activity, perseverance and subtlety, which will enable the native to succeed. It is also a sign of good-health, or, more strictly speaking, of physical stamina. Success will not always be attained as quickly as may be desired, but will come after great difficulties; and the native's dearly-bought happiness will endure all the longer.

The Dragon's Tail in Taurus gives material instincts, the necessity for physical exertion, and sensuous desires, which will often cause the commission of blunders. This position makes the native selfish; he likes his own comfort above everything else, and as he is not lazy or work-shy he will obtain what he wants. The Dragon's Tail in Taurus gives fits of energy followed by periods of unconquerable weariness and laziness.

(Isabel Hickey)

North Node in Scorpio shows the need to go the way of regeneration. Spiritual integration comes through going from selfish interests to concern for others. Must let the Divine Will be done, not the personal will. Only through the way of the Higher Self will this person find peace.

South Node in Taurus means emphasis has been on material things in the past. Person has overemphasized their importance. In whatever house this node is placed in, there must be relinquishment of a possessive or materialistic attitude.

(Martin Schulman)

Here the individual is learning how to accept revolutionary changes within himself as well as the conditions in his life. He would like to rest, thinking that his soul journey is over. So tired is he, from past life memories of the yoke of his earthly burdens, that whatever the cost he would like to feel settled. As a result, he finds it difficult to develop the strength for future changes.

Tenaciously he clings to old behavior patterns which served him well during past incarnations. He has become personally attached to doing things the hard way. Like the oxen plowing the fields, he walks laboriously through this life as if it were one long, straight furrow. He expends so much physical energy that he weakens his Spiritual Self to the point that he becomes blinded from seeing any new possibilities other than the singularly drab existence he has been accustomed to leading.

He finds it difficult to learn by watching others. Instead, he would rather work through each of life's experiences himself. As a result, he spends more time, effort and energy than he has to in each growth phase. Still, he feels he must be sure of himself. So great is his need for security that even when he makes changes in his life, they are in fact not changes at all, but merely other aspects of the same behavior patterns he has been using all along.

In past incarnations, he developed a sensitivity to his environment. In order to cope with the continuation of such a sensitivity, he starts early in this life to explore the world of sensory impressions. He learns what feels pleasurable and how to obtain it. Nevertheless, he always seems to fall short of reaching complete and lasting satisfaction. He doesn't realize that one appetite begets another. His great need for possessions makes it difficult for him to enjoy what he does not personally own. As a result, he thrusts himself into long-enduring battles of ownership over people, things and ideas. He stubbornly holds onto all that comes his way. The more he collectively accumulates, the more he traps himself. What was in other lifetimes a great need for the acquiring of substance now turns into the extra weight of excess baggage he is carrying. As the years go by, the yoke of his burdens becomes heavier.

He has created a need to feel powerful so that he can seek temporary refuge from the dismal sense of failure that has plagued him in former incarnations. As a result, he even goes so far as to seek in this life an occupation which puts him in an authoritative position.

He has undergone so much past life damage to the ego that he now experiences an intense need to prove himself worthy of respect. He will fall into deep depression when confronted with the possibility of others finding him lacking in any area. To prevent this from happening, he will push himself towards success no matter what the cost.

It is almost a certainty that at some time in this life the intensity of his karma will bring him to be at least circumstantially involved with the police.

As he reaches for his Scorpio North Node, this individual undergoes a complete transformation. He starts to kill old behavior patterns by burning bridges behind him. Experiences teach him how to cut ties cleanly, so that he does not walk into the future with both feet tied to the past. His biggest growth occurs when he is able to let go.

Inner dependency needs must be transformed into complete independence of thought and action. Strength increases with each passing year as he slowly discards from his consciousness all that oppresses him.

He must learn how objectively to study the results of his subconscious desires so that he can earn self-respect through practising self-discipline.

These Nodes symbolize the soul who for many lifetimes has been moving along a decadent path. Now the soul vessel is to be turned upside down in order to rid itself of the decay it has collected.

Fulfilling the karma of this overturning process is extremely painful to the individual, as he may lose all he ever held near and dear. In the end, he will unquestionably relinquish more than he bargained for.

So powerful is this transformation that many with these Nodes eventually spend their later years alone. In the process of eliminating excess, they have discarded everything but themselves.

Nevertheless, much of this is necessary if the individual is to reach the point where he can see himself clearly on the very deepest of levels. Out of this symbolic death of all he ever possessed will come his new life.

The house position of the South Node indicates the area which has become decadent as a result of past incarnations. The house position of the North Node shows the way in

which a current-life rebirth can be accomplished.

(Donna van Toen)

You must learn to accept (or give) financial and other types of help when necessary. Your Taurus South Node may reply: 'Yeah, but if you can't earn it (or do it) yourself, you don't deserve it'.

Your problem may be a hang-up about power.

Possible reasons: A repressive environment has made you feel that it's you against the world. A lack of understanding of your environment. A refusal to help unless there's something in it for you. An upbringing where there's been an overemphasis on money, things, or importance.

Possible solutions: Become more active in joint endeavours - a business partnership, encounter group, community project, etc.. Sharpen and develop your imagination. Concentrate on material growth regardless of what happens. Give all your money and possessions to a guru or religious sect and let them provide for you.

Taurus South Node often tries to make willpower a substitute for insight. He or she feels that by developing his or her willpower he or she will be able to handle whatever curves life throws him or her. He or she is often especially fond of simplistic self-help books and success formulae that promise unlimited earnings. Now there's nothing wrong with wanting to help yourself. And no-one would deny the importance of willpower. We've already seen what problems can arise when you don't build up your own resources. But all the money, power and determination in the world is useless unless you know where your problems are coming from. Developing the Scorpio North Node's potential for insight will improve success potential drastically.

Signs of an over-developed Taurus South Node are: refusal to think about anything that's not backed up by conclusive and irrevocable proof; insensitivity; disregard for others' rights; shyness; everything viewed in terms of money; excessive introversion; shrewdness rather than intelligence; self-indulgence; a very conservative or 'dated' manner of dress or speech; vanity but no real confidence; and cowardice.

North Node in Scorpio consciously or subconsciously wants to be tested. He or she wants to experience the highest and lowest phases of existence in order to get in touch with his or her deepest emotions and learn to balance them. He or she wants a crash course in living and experiencing. In contrast, we find a person with good common sense and rather repressed emotions. He or she clings to home, possessions, and routines in a way that keeps life on an even keel, devoid of major highs or lows. Conservatism often

snuffles this person's dreams.

Antidotes for Scorpio imbalance: These seem to be the most subconscious of all imbalances; and client awareness is often very limited unless he or she is in a rather painful situation. Unless the client is receptive to what you say, you may not have much luck. Even if the client is receptive, these types of imbalances often need psychological counselling before they can be alleviated, due to their strong fixed overtones.

The study of mysticism can be a beneficial antidote if the client is relatively levelheaded. Rosicrucianism, Huna, the Edgar Cayce readings, the Seth readings, astrology, palmistry or graphology would be safe suggestions. Scientific studies such as chemistry can also be beneficial. For some clients, perfume-making will appeal. Philosophy is another good antidote. The particular philosophy would of course depend on the client's aptitudes and interests. Research work of any type would prove beneficial. The client will be happiest doing something that he or she feels will have important results. Hobbies are less effective for these clients than for most unless they involve serious study. Study and research are the best antidotes for these imbalances provided the client has sufficient intelligence and powers of concentration, since this type of antidote requires minimal risk-taking and only a modest cash outlay. The client should be referred to the appropriate study and research groups since, as with Libra, teamwork is an important factor in balancing.

(Mohan Koparkar)

Previous incarnation for this person was spent in considerable luxuries and a routine life. He really resisted any change that would come by his way or alter his lifestyle in that life. During this life, he will be modifying his value systems continuously and constantly. A total destructive tendency in those respects will be fully justifiable as far as he is concerned. Thus, he will go from one extreme stage of living to another during the same life. His hidden motive and energies are strong, and he will use them whenever he has to. As long as nobody obstructs his way, he is very quiet, polite and well-mannered. His instincts are strong, but they have a 'get-even' type of attitude. He may forget, but never forgive, what others do to him.

(Haydn Paul)

The Taurus South Node's house position may indicate the nature of certain restrictive behavior patterns which obstruct your progress. Radical attitude changes may be required to transform these from limitations to offers of new opportunities. Often these patterns involve the Taurean tendency toward possessive materialism, where feelings of insecurity and stability are connected to material well-being. The desire for pleasure, comforts, and home enjoyments can exaggerate materialistic demands, so that your needs involve ongoing acquisitions and possessions.

Contention over ownership and possessions may rise from this impulse, or over people and family matters. Relationships can be affected detrimentally if this tendency becomes excessive or is not consciously modified. People rarely like feeling 'owned' by anyone; and a family is the most common situation where authoritarian attitudes are easily applied and abused, particularly by force or emotional manipulation of circumstances in your favor.

It may be difficult to avoid an organized but repetitive lifestyle, especially one self-created to shield disruptive change. This is an example of Taurean placidity, a ruminative enjoyment of stability and security. Yet, even accumulating possessions will begin to weigh heavily, restricting freedom. Eventually, Scorpio's transforming energy will undermine your foundations. If your identity becomes dependent on material status and possessions and your values are dominated by materialism, this may become an area for unavoidable change.

You may be a slower learner than most, relying on traditional social attitudes for your worldview. You develop and learn at your own pace. Fixed life foundations are established and relied on for security and as a defence to resist change and any disturbing influences. Yet you may need to redefine and reshape yourself, gradually forming a new self-image based on higher values rather than on self-centeredness.

Your preoccupied focus toward materialism needs changing, redirecting attention from the outer world and possessions toward self-understanding and inner growth. If developed, this can create greater self-esteem and assertiveness, which comes from inner stability rather than being based on external supports, habit patterns and possessions. Personal talents and material resources are then applied toward constructive practical action, and directed to build a renewed life-style.

Understanding the tension between Taurean resistance to change and the Scorpionic transformative impulse is necessary. What may occur is that the Scorpio energies gradually undermine efforts to maintain stability. Once stability becomes fragile and you feel vulnerable and exposed, you may realize the necessity to transform restrictive and limiting behavior patterns and life-styles. Such experiences may prove uncomfortable and difficult. You may feel forced by circumstances to 'burn bridges behind you', to release the ties of the past and become receptive to new experiences. Your dependency on fixed behavior patterns or on a materialistic life-style may be dissolved by the Scorpion's transformation. This would not be a negative experience - despite your reactions to its impact - but rather one which aims to liberate you. How much you could be expected to release and relinquish may depend on your resistance to change; the more you resist, the more transformation may 'cost' you. It is a rebirth that awaits and may be unavoidable. The old always has to be replaced by the new. You are advised to welcome this crisis whenever it arrives, because it is for your benefit, even though initially you may not see it in that light.

(Bruno and Louise Huber)

In the fixed Water sign, Scorpio, an effort is made to establish a regular system. Here, too, as in the opposite sign, Taurus, one is concerned with the use of material resources; now, however, they are other people's material resources. Thus in Scorpio we often meet the type that administers the property of others, manages them, utilizes and fosters their talents, and acts as an agent for their skills and services. In principle, the Scorpio Node challenges us to be prepared to act on behalf of others and to exploit their resources for their benefit and in accordance with their intentions. Obviously, in such a situation, the natives have to stand back a little, though of course having a personal part to play. In order to exercise such a function, they have to gain a place in society. The Scorpio Node always indicates an effort to achieve a certain social status. This can mean nothing more than ambition and the aspiration to be someone important, especially with hard aspects to the Node. Scorpions always think they are able to decide what is good for others. Usually they can give them helpful advice on how to realize their assets, and on how to find the best chances of success.

Scorpions avail themselves of existing forms and structures. With the Scorpio Node, one can easily adapt to current social arrangements. One can also develop the knack of exploiting them to the advantage of oneself and others.

North Node ♏ in VII 7th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in this house is good for marriage, which it causes to be contracted on a lofty, sentimental and secure basis, provided Venus and the Moon are well-situated in the horoscope. It is also very powerful in regard to partnerships and contracts, which it helps to make successful. It is also in this House that it is most favourably situated for lawsuits, which will be won through its support, thus bringing unexpected gains.

It is also a token of inheritance from grandparents, or an increase of wealth for the latter, by which the native will benefit.

The Descending Node (Dragon's Tail) in the first house has a detrimental influence on

the development of the native in the early period of his life. It upsets his health, and often his mind as well, inasmuch as he will be too analytical and will not always see things as a whole, but will become absorbed in small details. In regard to any special question put, it would signify a very bad beginning for the matter under consideration, as it always entails trouble and worry. This influence in a horoscope continues for a fairly long period, inasmuch as the Nodes being retrograde the Dragon's Tail passes from the first to the twelfth house, which is also malefic.

(Isabel Hickey)

Needs to get away from himself. Has lived for and to himself until he has become too independent. Needs to take other people into account and get away from too much self-centeredness. Self-assertion has to be eliminated. Integration and fulfillment come through giving up the personal ego and helping others to attain a sense of their worth.

(Bernice Grebner)

This person has to overcome a tendency to work by himself. He needs to learn to work with a partner, to learn the balance it takes to do this. He has to strive for a close personal relationship with others. This relationship should bear some constructive fruit, whether business or marriage. This is quite a step because it leads to the death of the self-centered ego. The person then acquires the knack for becoming an arbitrator. He needs to develop an appreciation of beauty in the arts.

South Node in the first is the egotist. This is the person who tries too hard and, as a result, comes on strong at first. It gives a strong pioneering spirit with a 'me-first' attitude. There is an ability to do all things by oneself. This position can give a changeable personality. He tries too hard to be a special personality. This person may think in terms of his physical body being superior to others. He has a tendency to push himself too hard because of a lack in partnerships. The problems in life seem to be very much concerned with self. He can be the fearless pioneer of new concepts or new activity.

(Mohan Koparkar)

This condition often signifies marriage or partnership activities are extremely important in his life. Self is often given no priority but what is best for the marriage is taken into consideration. Thus, a self-sacrifice for the betterment of the marriage may turn out to be a devastating situation. This individual will try everything to maintain that relationship. As an individual, they may not be able to contribute and achieve much in life; however, with partnership activities their contribution and output is substantially increased. They often have a good public image; and their objectivity is fairly well known among others. They are very charming, diplomatic and polite in general expression or communication.

(Martin Schulman)

Here the individual has many lessons to learn in areas of partnerships, marriage and co-operation with others. In past incarnations, he had to account only to himself for all his thoughts and actions. Now in the current life, his soul remembers all the individualism and independence he enjoyed.

While he may pretend to be a good listener for the sake of society's acceptance, he rarely takes advice given to him. Instead, he spends most of his energy developing whatever abilities he has, while constantly seeking approval for the efforts he has made.

Although he will be the last to admit it openly, he never quite notices others as much as himself.

He has great apprehensions about being outdone, and will go far out of his way to secure for himself a position where his dominion will not be challenged. If the rest of the horoscope shows strength, then this is truly the individual who wishes to be 'King of the Mountain'.

Although his experiences in this incarnation teach him to sacrifice for others, he never truly sacrifices himself, for he has spent lifetimes building to a point where he has now become an independent spirit.

He can relate to others so long as they don't shackle or bind his sense of freedom. If he feels someone close to him is inhibiting his self-expression, he will do all he can to extricate himself from the relationship. Thus, the marriage state is not one that comes easy for him.

Individuals with these Nodes are either single or divorced, or at least separated in consciousness from their spouse. They find it difficult to believe that the continuance of their own past-life selfishness is creating all the problems for which they are now blaming others.

They must learn how to give with a whole heart, rather than symbolically throwing a bone here and there just to keep the pack quiet.

This individual is usually so out of harmony with himself as being part of a greater universe that he is prone to develop a chronic impairment or impediment, either physical or emotional, which he ultimately uses for sympathy. The last thing he is willing to accept is a sense of failure, for he constantly feels the needs to prove his own self-sufficiency.

Sometimes he is seen by others as a battler, well guarded against any threats to his ego. Since he truly doesn't like to be dependent on others, his loyalties are questionable. Underneath it all, his past incarnations have taught him to be faithful to himself, and therein his allegiance ends.

For those who wish to join him, he will be their patron, but rarely will he go out of his way to join them. He is a 'loner', conscious of his own unique individuality, and proud of the ways in which he knows he can retain it.

His karma is to learn consideration for others, for in his desire to be the center of attention he projects himself as more important than he usually is, thereby shutting out the very love he claims he is being denied. Still, he desires to control others, and in this ability to control he bases his security.

He is capable of great achievements, but he rarely reaches the levels of his capabilities because he is so wrapped up on self that he fails to see the cosmic scope of his personal ideas.

He must learn to view the reflections of his thoughts and actions and to realize that there are always two sides to a coin. Eventually he comes to understand that while both sides of an issue may be totally different, neither is better or worse than the other.

His major growth occurs when he can detach from himself and impersonally laugh at all the ego-centered ideas that ruled him in the past.

He must ultimately come to the point at which he is willing to take all the power, strength and confidence that his prior incarnations have built and give it away to others who need it more. He must do this wholeheartedly without a sense of martyrdom, for if his giving becomes ego-involved in any way then he remains on his lonely island. But if his generosity is truly dedicated without pride in giving, then he has an infinite blessing to offer as he inspires confidence and strength in others.

He can give others the will to live where there was none. He can make others aware of their own self-worth. But all the while he is not to ask for anything in return, for if he learns to focus his energies on helping others, then he will be amazed to find how God keeps providing all his own needs.

In this Nodal position, there is a guaranteed built-in unhappiness every time he focuses his energies on himself. If married, he will have much to learn from his second child, as well as in his relationships with nieces and nephews.

He is destined to devote his life to others. Actually he has been preparing for many lifetimes to meet now the person or persons who need him the most. In some cases the spouse is an escapist who must be given the strength and confidence to face reality.

Whether married or single, this individual eventually comes to learn that his life is a mission, dedicated to another soul or in fact many souls needing more than he does. His karmic lessons are in developing kindness and an understanding nature. As soon as he

does this, he is rewarded a thousand to one for all he gives.

The sign which contains the South Node shows the ways in which too much residue of past-life concern for the self can hamper progress. The sign which contains the North Node shows the ways in which the individual can reach fulfillment through sacrificing the self for others.

(Donna van Toen)

Conflicts: Marriage vs. independence. Accepting vs. demanding. Overcoming enmity vs. comfortable self-projection.

Possible results of sacrificing North Node: Excessive worry about being beaten or outdone. Inability to relate to others. Feelings of martyrdom, excessive egotism, loneliness. A tendency to interfere with others' free-will. Belittling others' worth.

Possible ways to integrate North Node: Whole-hearted giving. Increase your consideration for others. Take an objective look at how others respond to your selfprojection and do what you can to improve it. Detach yourself from your overconcern with your image. Channel your energies into marriage and other one-to-one relationships.

In the seventh house, there can be hang-ups about harmony or co-operation. Depending on the phase of nodal balance, the person can be far too easily influenced or far too convinced that his or her way is the only way. The underlying cause of this is a lack of firm partnership goals. This person is torn between involvement at any cost and preservation of his or her highly comfortable image of self as a good or beautiful person.

Less frequently, there's an inability for the small talk and role playing that's necessary to attract others. This seems to be a problem connected to the overcompensation phase of nodal balance.

North Node in the seventh house dreams of gaining much through marriage and / or other relationships. He or she truly believes that teaming up with others will improve his or her lot in life. This person hopes to gain respect vicariously, through marriage or some other type of affiliation, and feels that success and happiness will be guaranteed once he or she finds his or her 'other half' - someone who embodies those qualities that he or she feels are lacking in his or her own make-up. This person has a great deal of sensitivity. He or she also has a great deal of psychic ability; unfortunately, both are liable to be repressed. Aggressive pursuit of an alter ego tends to drive the dream further and further out of reach until the person is forced to look within for the repressed or lacking qualities.

(Black Moon) Lilith ♀ in ♎ Libra 25° 9'

([1143] elsaelsa.com)

Broken Doll

If you have black Moon Lilith in Libra, your pain you've felt from your Lilith placement has made you graceful and diplomatic. You've learned to be a consensus-builder who can find common ground with anyone.

However your Lilith wounds have manifested (which you can determine based on the house your Black Moon Lilith is in), you have become an expert peacemaker. You've been asked to confront competing interests and unreasonable people so often that it feels like you've been running a daycare your entire life. You don't understand why the world can't just be fair. All you want is for people to get along and exhibit the tiniest bit of grace. But instead you're left playing the diplomat, trying desperately to keep everyone from each other's throats. And in doing this, you no longer have room for your own feelings of anger or frustration.

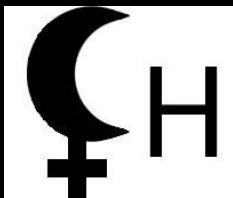

In fact, there isn't room for much "you" at all. The weight of others' needs and expectations seems to take up all the oxygen in the room. In order to feel secure and in control, you've had to disguise your true self under a sheen of acceptability and poise. You have found that beauty, pleasantness, and grace are all powerful armor, and you've been wearing them ever since. You often feel like a doll on display, but at least it keeps you safe.

But even when you try to remove your protective gear, the pain persists. When you try, even for a minute, to center your own preferences or to assert your individuality, you are questioned, belittled, or dismissed. It's like the world has a vested interest in making sure you can never stand on your own. And over the years, you may have learned to question yourself too, feeling afraid to make decisions without other people's input and approval. So you're stuck feeling like a preschooler who has to use the buddy system to go to the bathroom, or like someone who is permanently required to be the back end of the horse costume. You're never allowed to just shine on your own. In this way, you have bought harmony at the expense of your own independence.

But it doesn't have to be this way. To help soothe this pain, lean into the energy of Aries, Libra's opposite sign. Aries is fiercely independent and highly motivated to get what they want. That's because Aries understands that they only have this one life to live, and there's just no point if you can't live it on your own terms. Aries recognizes that while pleasing others is great, it doesn't mean much if you aren't happy too. Aries also knows that peace isn't always all it's cracked up to be. Some things are worth fighting for. YOU are worth fighting for. So what if it ruffles a few feathers? People can tend to their own needs. Aries has a life to live.

While there is obviously so much to say about this placement, I'll close with this: I am so glad that you exist. As you build a world for yourself and the people you love, your grace and warmth will be the foundation that ensures people are treated fairly and with kindness. Just remember that your needs and opinions are every bit as important as anyone else's, and you'll find your way every time.

(Black Moon) Lilith ♁ in VI 6th House

([1154] elsaelsa.com)

Champion of the Weak

If you have Lilith in the 6th house of your chart, her themes will manifest in terms of health, service, and work. You will be tasked with reclaiming your power and standing up for those who need it most.

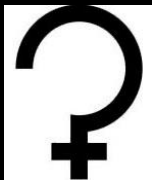

In traditional astrology, the 6th house is known as the house of Bad Fortune. The 6th house is where things outside our control happen to us. Illness, pain, and disability simply happen sometimes, and no one is to blame. But with Lilith here, you have been blamed for your own misfortune, asked to answer for the unanswerable. You may have experience with ableism or other types of discrimination, and have been expected to overcome insurmountable odds while your challenges were minimized and dismissed.

The 6th house is also associated with common people. This is where we as average, everyday people come into contact with those who have power over us. Bosses, landlords, administrators, etc. In an ideal world, those people would use their power judiciously and look out for us and our needs. But if you have Lilith in the 6th, this is rarely the case. Instead, you are regularly on the receiving end of abuse of power.

With Lilith in the 6th, wounds and trauma can turn inward, very literally making you sick. If your pain and frustration don't have some kind of outlet, it can become truly debilitating. Luckily, you can put this pain to good use, advocating for the powerless. I know a good number of people with this placement who have done very good work with animals, at-risk youth, and the elderly. Others have become labor organizers and social workers. One way or another, your wounds must take on a higher form.

While there is much more to be said, I'll leave you with this: You above all can see exactly how power corrupts. You can see the way the weak are stepped upon. You feel their helplessness and outrage. The world needs you to stand up and make things right. To restore order and balance. You have the power to heal us all.

Pallas ♀ in ♏ Scorpio man 23° 51'

([1193] astromajesty.com)

Pallas Athena is an asteroid that was named after the Greek goddess of war, wisdom, and intelligence. She was a fighting spirit who worked to resolve conflicts rather than start battles. She is a true representation of the female mind - strong, powerful, and incredible.

In astrology, Pallas represents the manner in which we resolve conflicts. When we are faced with problems, the influence of power determines how we deal with them. Pallas is affected by which zodiac sign it is in.

It can also show us how we respond to authority. If we are more willing to bend to the will of others, Pallas can outline these traits. It is incurring and packed with lots of information about who we are as individuals.

Another aspect of the influence of Pallas is creative intelligence. The strategies that we create to get ourselves out of conflicts are an element that it controls, as well as how we express ourselves.

Pallas is highly skilled and can bring forth the characteristics of our analytical minds. When we weigh up the traits of the zodiac sign it is in we can see its effect.

For women, it can also show them what their relationship is like with their father.

These individuals are highly empathetic, but they want to protect their privacy, and they are not easy to open up. They have an inner urge to help others but don't know how to help themselves or ask for support.

They have a soft character and an intense aura. It is how they encourage people to be sincere with them and tell them their worries, dreams, and secrets.

Others open up their souls to them as if they were under a spell. Indeed, people with Chiron in the 12th house tend to be telepaths, intuitive empaths, or even have psychic abilities.

However, they don't feel comfortable with their capacities, intuition, and gut feelings. These persons often feel like freaks due to their gifts and heightened instincts. It is why they often neglect or try to bury their abilities, even though they're rejecting their uniqueness.

Chiron wants these individuals to learn to stop refusing their identity and to embrace who they are. Until that happens, those with Chiron in the 12th house will keep facing difficulties and obstacles.

Regardless of how they feel, they will have to accept that they're different. It means that they will have to dive deep into their identities and spirituality and stick to their path.

level.

These individuals often have an intense existential crisis and profound questions that plague their lives. They struggle with feeling lost and not knowing in which direction to go to find themselves.

Transcendence and identity

Persons with Chiron in the 12th house often believe that will help them overcome the earthly issues and transcend, taking their souls to a higher realm.

However, they also fear that they could lose who they are and endanger their identities.

Like those with Chiron in the 8th house, these individuals are terrified of endings. They wonder what's the point of life if, eventually, everything will cease to exist.

These people ask themselves why the world is that chaotic if it only lasts so long. They overwhelm themselves with questions, such as why do we do anything if nothing will matter when we die.

These individuals have issues leading regular day-to-day life because they don't understand the practical realm and its point. They often wish to die because that makes more sense to them.

People with Chiron in the 12th house are curious about what comes next and if there's anything once we close our eyes forever.

Living with those kinds of questions, thoughts, and ideas can make life seem pointless or fleeting. They often want to become a part of something that will give meaning to their existence and death.

It is why they seek to feel unity with someone or something. They want to find comfort and consolation in belonging. It is usually the only way how they imagine reaching ecstasy or finding their identity.

Since death is one of the most frequent things in their minds, people with Chiron in the 12th house can become suicidal and frightened of their own mortality. They continuously wonder how their thoughts, feelings, and senses may one day vanish. It is why they tend to do everything that will make their time on Earth count.

As a result, these individuals tend to feel a need to be extraordinary, different, and

genuinely feel life. Their biggest fear is that they will live unnoticed, ordinary, and unremarkable.

Indeed, they are not mediocre or generic. These persons tend to be highly imaginative. They have vivid dreams and ideas. Yet, they also experience problems fulfilling what they imagined.

Those with Chiron in the 12th house have issues with their identity and struggle to uncover who they are. It is why they tend to absorb qualities and traits from other people and incorporate them into their personalities. In a way, they are creatures that present a collective identity in one person.

If Chiron is afflicted or other aspects in a natal chart are unfavorable, they could fear being themselves and being different from others. They tend to think that by developing their own personality and fostering uniqueness, they are erasing unity.

These persons could feel guilty about not blending in and being one with the society or group.

Merge with the unity

The ultimate goal of these individuals is to merge with the divine and reach eternity. That means that they will seek methods that allow them to be closer to God, invisible forces, death, or spiritual energy.

These techniques could include prayers, meditation, art, drugs, s*x, or alcohol. It is those elements that help them let go of physical reality and dive into the unconscious.

The consequences of their desires and intentions could be becoming an addict, criminal, or being a martyr and sacrificing themselves for others. The latter is more probable because deep inside, they are fragile souls that want to make the world a better place.

The best way to do it is by alleviating the pain and helping others overcome their troubles. It is why they often work or volunteer in hospitals, asylums, hospices, or orphanages.

The problem is, they usually put others first and, in the process, neglect their health and mental well-being.

Even though they tend to feel disconnected from reality, people with Chiron in the 12th house can experience emotions more profoundly than others.

For instance, they feel love, grief, sadness, nostalgia, and lust on a deep and inexplicable level.

These individuals are also likely to dedicate their lives to religion and become nuns or priests.

However, people with Chiron in the 12th house must learn they are already a part of everything, including the divine.

By existing and being part of the creation, they belong to the unity. They have to embrace that the divine energy speaks to us through life itself.

Part of Fortune ☿ in ♒ Aquarius 4° 19'

([1285] astrolibrary.org)

You feel happy noticing the things that surround you, being receptive to all knowledge. You want to know everything about humanity and the Universe, without societal limitations or restrictions. You understand the union of so many different things, knowing that none is worse or better because of their difference.

You are fair. You do not like to make judgments, because that would undermine your

own sense of freedom. You remain aloof and impartial with respect to others. This allows you the freedom to explore your own inner awakening.

You never have to follow the paths of others. So, you look for solitude, where you find new ideas. You use the great inventiveness that cosmic forces bestow upon you.

You like to live without any planning. You like to be original. It makes you happy to know you can help another person to feel free.

Leo is the sign opposite to your Part of Fortune in Aquarius. Through Leo, you observe how others try to direct others and try in vain to have control over circumstances, as well as to maintain those principles that give them self-respect. You know that these things, and power, have been abused in today's world.

It is the love for truth without limiting the spontaneous flow of life, which gives you your greatest satisfaction and joy. You do not like to force any circumstance, or any person. You flow easily through difficult situations because you have the great ability to understand how circumstances have become what they are. Nothing exists in this world that can surprise you.

You like to live as a true free spirit, even trying anything new or futuristic.

You know there is a better future for society, but you should not worry about how it will be achieved. Simply trust that things will be resolved in the best way possible and at the right time.

You must pay more attention to how you express yourself. Do not show off your ego in your knowledge about the Universe. Focus your struggle in search of inner power, over yourself, in addition to outward self-control.

Part of Fortune ☒ in X 10th House

([1296] astrolibrary.org)

You feel better when you do what gives you self-respect. You also inspire this behavior in others.

Everything in your life needs to bring concrete results. Your greatest satisfaction lies in fulfilling a specific goal that you have defined yourself.

You want to be accepted by others and by those in positions of authority, which is not easy, because you must develop great maturity, see the world without illusions, and maintain perseverance and continuous effort.

You see the reality of the world, so you understand the emotional needs that lead others to negativity and to have emotional dependencies. You must overcome the childishness of your reactions, the repetition of patterns, and excessive sensitivity, which only trap you in the past.

Since your Part of Fortune is in the tenth house of your birth chart, the fourth house is the opposite house. Through the fourth house, you are aware of the needs of others. However, you must stay open to the needs of others and their emotions, without letting yourself be carried away by them. You can intuitively appreciate their actions, but do not identify yourself with them. This way, you'll be able to complete your projects and ideas through sustained effort and being consistent with your goal.

You gain a great sense of integrity to understand and respond to life's experiences.

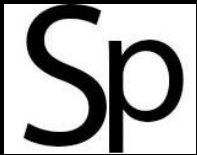

Your Part of Fortune in the tenth house will be placed in positions of power, trust, and authority. You will take this into account as you guide the people around you, even if this involves solving problems about what is right and wrong, because you have inherited a strong sense of morality, religiosity, and discipline in your childhood.

But you should not let this hold you back. You must understand that what is right and wrong are not obstacles set in stone, but that they vary with time, place, and era, adding great amplitude to the mental and physical world. As long as you maintain a true sense of justice and personal integrity, the mere act of defining your goals will dictate what is good or not for you personally. Everything that brings you close to your goals and fulfillment is the right thing to do, and what moves you away from them is not.

The emotional level becomes the key to the material world, since it helps you take care of and nurture your ideas and first steps, which will then help you to complete them and reflect your personal mastery. Becoming mature on an emotional level will help you to

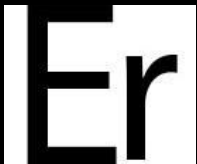

recognize if the goal you have chosen really fits within your true individual nature. It will also give you the respect you need in order to reach self-fulfillment.

Your greatest happiness comes from feeling that you are capable of taking responsibility, carrying out social obligations, and possessing a force to create trust and respect from others, in order to help those who are still searching. Respecting yourself and defining your personal goals, which are integral to your inner being, will give you your greatest fulfillment and will serve as a guide to those around you.

1) ► **Ascendant ASC Parallel ♄ Saturn - (0°37')** ♄1 | ♄7

([71] astromatrix.org:) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

2) ► **Midheaven MC Parallel ♆ Neptune - (0°38')** ♆5 | ♆5

([87] astromatrix.org:) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them. Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality

rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

3) ► **Midheaven MC Parallel ☾ North-Node** - (1°28') ♀5 | ♀7

([101] astromatrix.org;) Professional Ambitions

With North Node conjunct the Midheaven You are able to further your public reputation and professional ambitions through your ability to harmonize with present social trends. You meet and gain the support of those in positions of importance. You're often in the right place at the right time. You may gain more power and responsibility than you can handle, but you're protected from ruin and disaster, even if heavily afflicted. You have heavy responsibilities in your domestic and family life. Your parents may be a burden. Your self-expression is limited by your domestic life.

Your karmic path is aligned with your ambitions, career path and position in society which allows you to achieve your ambitions with greater ease. You may have an important message or something great to teach society and humanity in general.

Often there is great progress made with your objectives and you will receive the recognition and public status that you are looking for, but not always for the best reasons. It is important that you try to make sure that they are working on behalf of others and serving the general interests of the public, rather than only to achieve success for your own personal gain.

4) ► **Descendant DC Parallel ♆ Neptune** - (0°07') ♀7 | ♀5

([210] astromatrix.org;) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

5) ► **Imum-Coeli IC Parallel ♄ Saturn** - (1°22') ♀11 | ♀7

([202] astromatrix.org;) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

6) ► **Sun ☉ Parallel ♿ Mercury** - (0°28') ♀6 | ♀4

([3] astromatrix.org;) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

7) ► **Sun** ☉ **Parallel** ♀ **Venus** - (0°53') ♅6 | ♅6

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a

consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

Cooperation and letting little things ride are not signs of weakness. Also, you can apply your aggressive instincts into hard work. Standing up for the rights of vulnerable people is great way to channel your fighting spirit. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

- Positive traits: This Natal Jupiter – Part of fortune aspects makes you precocious, animated and passionate. Also, you seek emotional excitement in your lives. And you are very brave.

- Negative traits: Your competitive nature means that you won't give up easily. That can cause bad moods, arguments, aggression, and conflict. Also, you hate others resisting your will. And when this happens, you respond with a personal attack. If you cannot

express your emotional frustrations and anger, you may be the victim of aggression from others.

25) ► **Saturn** ♄ **Contra-Parallel** ♅ **Neptune** ♆ - (0°44') ♎7 | ♏5

([199] astromatrix.org;) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not

like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

([215] astromatrix.org;) Incredible Power

With North Node opposition Pluto, you have an incredible amount of power, as a result of having weathered some tough storms in the past. Now this power is to be distributed carefully. There is a pact with the higher forces about how the power is to be used, and this should not be for selfish purposes. You are not so concerned with what is happening on the surface as with what is going on beneath it. You can be questioning, curious, and probing, often aware of the underlying motivations behind people's actions.

However, there is difficulty getting this energy properly harnessed so that it doesn't work against you. Holding onto memories of some old crisis can make you suspicious so you may become manipulative as a way to stay one-up on others. This could be your greatest undoing. You may have a distracting preoccupation with sex and the sensual side of life. Or, there is an intense fascination with death-with the morbid or strange.

Major circumstances in your past life or early childhood may have caused you to become resourceful, self-reliant and distrustful of authority. You likely question prevailing societal values and remain unaffected by trends. This may ignite much opposition in others and resentment within you. Your desire for transformations, deep thinking and intensity clashes with current social mores. Stop letting opposition to your ideas isolate you.

([87] astromatrix.org;) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

([201] astromatrix.org;) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can generally fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

([588] 12andus.com;) You can be a powerful spokesperson or dramatic leader with a strong vision.

Yet you may reserve your best strategies and intellectual powers, acting like these are your "secret weapons" that you bring out only when all other attempts at diplomacy have not worked.

You may also try to be discreet about your true agenda. Unfortunately, this can cost you collaborators who would otherwise help you but who don't immediately recognize your vision and need for assistance. You can become more impassioned and direct when those close to you are challenged.

Your own needs on the other hand may not be the same catalyst for assertive response. Yet when others need your wisdom, you can bring out the best of your intellect and intuition and serve as a strong mentor.

([196] astromatrix.org;) Achiever Of Goals

Your home and family are very important to you as a refuge that you can retreat to when the outer world is too harsh. You will always remember your childhood as one of the best times of your life, and you will have great respect for your parents, especially the one who gave you the most emotional support.

As you get older, you will remember what you had when you were younger, and you will love anything that reminds you of home. Wherever you go, you will try to find a community like the one you grew up in. And if you can't find such a community, you will seek one in which people are as close as they were where you grew up.

All your life, you will have great respect for traditions and customs, even if they are very different from your own, not because you are narrowly conservative, but because you know they give people positive emotional support. Temperamentally you are quite liberal, and you enjoy the experience of new places and different worlds.

All of your life you will prefer rather large and elegant homes surrounded by lots of open space. You hate to be cramped, physically or emotionally, so you avoid close relationships with people who are very jealous or possessive, because they would restrict your inner freedom. Normally this aspect signifies a high degree of emotional security, which enables you to withstand any difficult times and even offer help to others when they are in trouble.

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

8) ► **Moon ☾ Conjunct ♂ Mars - (0°19' A)** 139 | 139

([17] astromatrix.org;) Selfishness

Moon and Mars contacts involve the psychological relationship between instinctive and emotional patterns with an ability to act decisively by applying a consistent will directed toward achieving aims. The conjunction indicates you have strong emotions and feelings which influence perceptions and decisions. Their intensity may often feel uncomfortable and frightening, especially in situations of heightened passion or confrontation. You are aware that unleashing these energies often results in displays of temper, emotional outbursts, and anger, and that your occasional belligerent style of disagreeing with others is actually a form of self-defense.

Being overly sensitive to others' reactions and having emotional anxiety can create a mental state where you imagine that others criticize or plot against you. Before such situations are proven real, you are ready to retaliate. Until a deeper integration and understanding of these energies occurs, you may find that contentious relationships continue. Those erratic and volatile emotions help to stimulate inner agitation, and this friction spills over into your exchanges with others.

While you want to form better relationships, there are often problems with co-operation and trust, at work and in intimate partnerships. You are both attracted to and repulsed by emotional intimacy, often unable to deal with powerful feelings due to emotional immaturity; and others may sense these raging feelings and withdraw from closer contact. Rejection strikes into your deepest core. Reacting against the pain, you often strike out verbally with unkind words designed to damage and wound or throw childish temper tantrums when needs are denied. You are liable to brood on any rejection, often continuing to criticize someone to friends for a long time afterward. Perceptions of losing erode a fragile self-esteem.

One of your major problems may be self-preoccupation: concerned with your private emotional world, you fail to recognize that others have needs too, and that they are also emotionally sensitive. Your world is egocentric and revolves around your desires, expecting others to serve your needs, and rejecting attempts at compromise. Being unaware of these tendencies is no excuse; failing to acknowledge that others have an equal sensitivity is a denial of reality. If you react against criticism, then so do others from you. You need to realize that others' needs are as important as yours. Compromise between all concerned is necessary to minimize conflicts.

Emotional reactions distort your perceptions and evaluations, influencing choices, decisions, and actions; and sometimes these may contradict rationality. This apparently negative portrayal of Moon-Mars conjunctions can, however, be transformed into a more positive approach. Much depends on an honest appraisal of your relationships, and of how you deal with inner difficulties, especially identifying how you project emotional frustrations onto others close to you, making these relationships fail to satisfy and later collapse. These intense feelings can be directed toward positive aims designed to shape constructive action.

If you consciously attempt - even for a short time - to project yourself into the position of others and to imagine how life is from their perspective by seeing through their eyes and feeling through their heart, then your egocentric world may be transformed, and your latent sympathy and understanding awakened. Moon and Mars can work successfully together, once inner adjustments are made, and feelings of personal anguish and frustration are reduced by developing awareness of others' needs. Then you may discover a new meaning and purpose to life.

There can be a crusading spirit about this energy supported by powerful, assertive Martian qualities, which can increase persistence and opportunities for eventual success. This could initiate a real transformation.

18) ► **Mercury ☿ Opposition ♃ Jupiter** - (6°53' S) ♁ 4 | ♀ 11

([165] astromatrix.org;) The Pseudo Intellectual

When Mercury is in Opposition to Jupiter, you will feel as though you want a lot without putting in the effort to get it. You have an original, fertile mind but are often absentminded.

You can be a good bluffer, but you're easily frustrated, and your memory often fails under stress. Your mind is quite active, and you are able to learn when you want to, the trouble is you rarely find the persistence to keep going or you can get easily distracted by other subjects. You need to acquire thoroughness and attention to detail. Your thinking and studying habits are not always orderly or disciplined, and this can of course result in sloppiness.

In an attempt to attach greater meaning to your thoughts and ideas, you might frequently overstate or overestimate. You can be extraordinarily funny and interesting. The problem is that you can alternate between the rational, critical and logic minded Mercury to the idealist, optimistic big picture Jupiter which can make you lose focus or become confused as to why you are doing what you are doing.

You must learn to be more disciplined, to concentrate more on details and to be more persistent with your projects. Try not to alienate others that hold a different opinion or belief to yourself, or avoid interactions based around intellectual inferiority. Become a better listener, try to understand different points of views and perspectives, this will help develop your mind further and assist you in having more clarity.

Some good careers where you might be successful in if you put in enough effort are Law, Education, Teaching, Lecturing, Marketing or other fields where your communication and literary skills can be put to use.

19) ► **Mercury ☿ Opposition ♅ Uranus** - (3°59' A) ♁ 4 | ♀ 10

([167] astromatrix.org;) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

20) ► **Jupiter** ♃ **Opposition** ♆ **Neptune** - (5°58' A) 0011 | 1175
([192] astromatrix.org;) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-anima projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such

traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

The attempts to understand the nature of the universe, its composition and size, the possible creation of the universe and the 'big bang theory' reflect the traditional Western way of looking externally.

What has paralleled this tendency has been the birth of an opposite movement amongst people, that of self-exploration, the inner mystical way. This has been through the New Age movement, humanistic / Jungian psychology, occult techniques, and the rebirth of magical attitudes towards life. 47) ► **Mercury** ☿ **Square** ♀ **Pallas** - (0°57' A) ♁4 | ♀7

([578] 12andus.com:) Your critical thinking and intellectual skills may put you at odds with your sense of mission or purpose.

You may be tempted to overthink things or miss out on pertinent information that would help you form an opinion that matches your instincts. You may want to be an advocate and planner but feel that you are not suited to fulfill your mission just yet.

By overcoming obstacles to fully understanding situations that are important to you, you can become a spokesperson or advocate for change. You may react without fully thinking things through or with incomplete information at first, causing you to have to change your plans.

48) ► **Venus** ♀ **Square** ♀ **Pluto** - (4°33' A) ♁6 | ♀3

([420] astromatrix.org:) Bossy Lover

Pluto introduces an element of fate into your emotional affairs, which are likely to be a source of problems in your life. Your intense emotions are liable to dictate the nature of your choices, and you may experience difficulties through being unable to control your desires and passions.

You are probably too self-centered in relationship, eagerly taking but giving less in return, and yet discovering that you are still not experiencing the peaks of emotional and sexual intensity that you imagine are there; this builds a feeling of frustration over time, which dissipates much of your ability to enjoy and causes you to begin a process of withdrawal from your commitment and responsibility, mentally, emotionally and physically. A conflict that you encounter is that of chasing your desires or chasing your needs.

You may need to spend some time actually deciding what your real needs actually are, as opposed to desires. Crises associated with relationship and emotions are likely, providing you with the possibility of transformation and understanding of the energies of love, emotion and sex within yourself.

This can break down your self-preoccupation, making you able to give and compromise more with your partner, to resolve the dangers of negative relationship and to have more conscious control over your strong impulsive drives and desires. One way to channel this energy is in artistic expression, as you should discover that you possess some talent in that area which may be lying latent.

49) ► **Venus** ♀ **Square** ♀ **Ceres** - (1°22' A) ♁6 | ♀9

([561] 12andus.com:) Your nurturing style is compassionate and you are driven to share

beauty with others.

Your desire to be a peacekeeper can lead to friction when you try too hard to please others. You may overlook your own value and needs in order to get others to feel loved. This leads to resentment in the long run.

When you can stay attuned to your own value and beauty and nurture others without becoming possessive and materialistic, you can be quite caring and compassionate.

50) ► **Mars** ♂ **Square** ♀ **Lilith** - (3°01' S) 139 | 6

([656] astromatrix.org:) Transforming Primal Energy

Opportunities: 1. Asserting Your Power 2. Harnessing your inner wild

Challenges: 1. Overcoming Feelings of inadequacy 2. Avoiding impulsive decisions

You may feel as though you always feel like you have to assert your power, so that others know not to cross the line with you. You may also feel extra sensitive when others have an opinion regarding your life direction.

Lilith Square Mars increases the need to assert one's ego. Mars is the God of war and aims to bulldoze any obstacle that is blocking its course. Lilith can add an antagonizing energy to Mars and may want to sideline Mars' ambitions. Lilith can fight for power and dominance, and in a square aspect it can attempt to control the actions of Mars. Mars and Lilith are two forces that influence our most primal natures.

Our primal nature includes our libido, anger, hunger and fear. Under this influence, there could be themes of irrational behaviors regarding feeling overpowered and asserting one's boundaries.

Subconsciously, you may feel as though you have to overperform to receive recognition from others. Additionally, you may be prone to make abrupt decisions based on your primal impulses at the time. This can lead you into waters that can be dangerous. It's important to understand that you have a potent inner wild, that needs to be integrated into conscious awareness. Adrenaline-based activities can help you transmute these energies.

Key themes of this aspect also include feelings of inadequacy when navigating the world. You may feel as though other people wield power over you, that can make you feel disempowered. Additionally, you may have conflict with your sense of belonging in your environment.

51) ► **Mars** ♂ **Square** ♄ **Chiron** - (7°30' A) 139 | 12

([121] astrotarot.net:) Typical features that this square brings: is one of the most difficult

Chiron aspects. This Natal Mars – Chiron aspects creates a tendency to try to avoid transmutation. This aspect is like the way most of us feel about going to the dentist.

Mars is aggressive use of energy, and Chiron is a breakthrough to the other side. So you

are being challenged to develop new and unusual strategies for living. You can glow with energy, but often you don't know what to do with it. Or, you are scared to do anything with it. Asking for what you want, or self-assertiveness, is the main challenge for you. Often you find yourself apologizing after an outburst of anger, self-assertion or statement of desire. You also have lack of confidence. There can also be some physical clumsiness or awkwardness. In conclusion, you need to learn to accept your own desires and feelings of anger as valid so that when you do express them, you express them naturally and with confidence. So, you will meet people and situations in which you have to be assertive. The key is to use your anger in the right way. And that can be very difficult for you. That is because it hurts and the most easy thing to do is be angry at the people that are hurting you. So, you have to transform your anger in a way, that lets you be assertive without being only angry. If you accomplish that you will heal yourself and you grow spiritually.

- Positive traits: You often glow with energy..

- Negative traits: With this natal Mars – Chiron aspects you find it more difficult to act and assert yourself. Also, you second guess your actions and feel clumsy and inadequate.

52) ► **Saturn** ♄ **Square** ♂ **Uranus** - (1°41' A) ♀ 7 | ♀ 10

([439] astromatrix.org:) A Law Unto Myself

The main theme of this square is the likely dominance of the Saturn qualities and a repression of the Uranus ones, with a personality expression being restricted by responding to the Saturn viewpoint on life. This will be seen in a preference for the familiar and known, both in a ready acceptance of social convention (which in its reactionary phase is often rooted in a backwards-looking perception of a 'return to a golden age'), and in the desire for a personal life lived in a controlled, predictable manner and in a stable environment.

The personal identity will be focused within strictly defined parameters, with self-imposed limitations on freedom of choice and action, wrapped around with concepts of allowable thoughts, emotions and physical acts. Much of this is a protective guard against the actual insecurity of life and emerges from a personality that is afraid to relax fully, and which is inwardly insecure.

Difficulties may arise in life when you are attempting to solve problems by applying existing attitudes which then fail to work. You often find the need for change deeply disturbing and have an intuitive fear that if you allow that process to occur, then your life would fall apart. When you have to make decisions regarding new situations, you can find it hard to make a final choice, unless you discover a way to do so which reinforces your existing attitudes and preferences; if it involves a new direction, then you become uneasy, trying to find a way to retreat back towards your old familiar patterns.

In those attempts to impose control on life, you can be too dictatorial or authoritarian in your relations with others, perhaps through an insistence upon your point of view being right, or in having everything done in an established manner without deviation. Your life can become highly patterned, locking you into a circumscribed experience of life. This can define your identity for you, offering a way for you to evade those feelings of insecurity and lack of real confidence; but this will restrict you taking advantage of many opportunities in life.

Often, you seek social status or approval in order to gain a reflected sense of self-worth. Denying the Uranian vibration of change can lead to problems of life adaptation and inner tensions, especially as there will be an underlying struggle between an affinity with traditional patterns and an attraction and fear of something new being released into your life.

Saturn will embody the more inflexible end of the square; and if you begin to respond to Uranus (or a transit stimulates its activity), then these inhibiting patterns will begin to be eroded and destroyed. Part of you - a repressed aspect - would secretly love to break free of all binding ties, to become unconventional and liberated; if the pressures rise too strongly, then attempts to throw off self-imposed shackles may be made, just to release the tensions.

Marriages and careers can be destroyed through such activity, with the end result being a collapse of existing patterns with no real comprehension of how to build a more suitable lifestyle, and just a feeling of an inner void and loss of direction being common. Ongoing transformation is the wisest course of action, as the transitions move more smoothly and the person is capable of slowly adjusting to new ways in a more harmonious manner, integrating the arising new tendencies more successfully and easily.

Even within these Saturnine confines, the Uranian undercurrent is at work. The operation of your mind - where you focus yourself in order to control life - is more inconsistent and contradictory than you believe. Others probably notice this; but you will oppose any attempts to point this out to you, in your belief in your logic and rationality. Yet in the background of your mind lurk those more eccentric ideas, thoughts, desires and emotions that you rarely acknowledge.

Sometimes, the strains of living with denied aspects can make you touchy in relationships, where people have to treat you in certain ways so as to avoid 'triggering those buttons' which stimulate areas in you that you choose not to explore. For real health, these need to rise into the light, so that the pressures and energies can be released, and that you can integrate parts of your being. If you choose not to, it is likely that at some point in life, Uranus will erupt with a vengeance, and sweep away all those pretenses, patterns and controlled lifestyle, forcing you to confront your denied selves and to change.

([298] astromatrix.org;) Mutual Love

Opportunities: 1. Learning Lessons from Your Mistakes 2. Leveraging Your Internal Harmony

Challenges: 1. Improving Your Follow-Through 2. Tapping into Your Talents

Sun Trine Moon in your natal chart Indicates that there can be a positive harmony of conscious will and your instinctual, emotional, and habitual response patterns to life; fewer inner conflicts between your feeling reactions and the application of your purpose should occur.

You are likely to feel self-confident and optimistic about fulfilling your potential, aims and ambitions, and you may discover that doors open for you at the right times, or people offer support and help which enable you to move forward; luck may be a factor in your life. Your early life experiences, parental relationships and childhood social conditioning are likely to have been generally favorable, and little negativity has made any deleterious mark on your development.

In your adult life, you will try to maintain good family relationships, both with your parents and with any family that you are responsible for creating. You may be unwilling to stretch and really challenge yourself to develop, and thus may fail to realize the depth of latent potential that you actually possess.

positively can generate ways to resolve problem situations. This may be one approach that utilizes your energy in a creative and beneficial manner, and which poses challenges that you intend to overcome.

You will be self-confident and believe in your own abilities, setting goals and pursuing ambitions, emerging from your unique aims directed towards creating a suitable lifestyle, which may not always correspond to traditional paths and signs of success. You do not appreciate a volatile living or working environment, preferring a more tranquil atmosphere where you are free to follow your interests.

While you enjoy new challenges, the cut and thrust of competition seems less appealing, and you see little value in exalting yourself if it requires another's detrimental fall. Fairness, integrity and honesty are qualities that you respect and expect in your dealings with others, and ethical or moral considerations are taken into account in your life. These form your code of relationships, and you try to stay as true to these as possible, even if at times this may require you to forgo some success or progress, as you are not usually willing to compromise for the sake of any advancement.

You can adopt an individual chivalry and style of conduct. Spheres that may attract include law, business management, education, media, personal creativity and physical endeavors.

Opportunities may steer you towards deeper interpersonal contacts and working in areas of counseling and guidance may be highlighted. One asset that you may possess for this work is a genuine tolerance for others, allowing each to hold their unique view of life, and having respect for their free nature. Many inwardly condemn people for failing to be like themselves, taking an attitude that everyone should conform to a picture that they have developed. Fortunately, the life process disagrees with that attitude, and displays an incredible abundance of variety.

You tend to form a realistic perception of life, so that your expectations are not too excessive and unreal, and you appreciate the gains that you do make through expressing your creative talents and powerful energies. A need for disciplined focus may be required at times, as you may be faced with various options and lack a clarity of purpose which diffuses your will power.

Be wary against occasional acts of impulse; they may not always work to your advantage, and a careful and steady progression can prove more beneficial. Working in harmony with this trine energy can serve to open doors throughout your life; be alerted

to recognize when opportunities are being presented, so that you can take full advantage of the gifts of life.

Obviously, any such influence must be carefully handled by you, both in how your own self-perception is changed and in what you offer to others or share with them.

There is a great responsibility to be assumed when presenting yourself in a way that can have considerable influence on others' lives; and awareness must be shown and applied to ensure integrity is maintained, that the 'teaching' is as honest and valid as possible, that there is freedom for disagreement or new thinking to occur, and that it is understood that 'your way' is not the only or most appropriate way for everyone. The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 4° **Aquarius** 19' and in the **10th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 20° **Virgo** 36' and in the **5th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 13° **Capricorn** 45' and in the **9th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 11° **Cancer** 9' and in the **3rd** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 17° **Taurus** 1' and in the **1st** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 17° **Sagittarius** 56' and in the **8th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 21° **Taurus** 24' and in the **1st** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 8° **Scorpio** 33' and in the **7th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 15° **Pisces** 38' and in the **11th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Pisces: indiscretion, being gullible

Nemesis in Eleventh house (Aquarius): large gatherings, loneliness, political incorrectness

Lots related to family:

The **Lot of the Father** is in 9° **Aries** 41' and in the **12th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 0° **Aquarius** 35' and in the **10th** house.

Same as for father.

The **Lot of Siblings** is in 18° **Aquarius** 11' and in the **10th** house.

The **Lot of Children** is in 6° **Virgo** 39' and in the **5th** house.

The **Lot of Daughters** is in 26° **Sagittarius** 45' and in the **8th** house.

The **Lot of Sons** is in 20° **Scorpio** 29' and in the **7th** house.

The **Lot of Marriage for Woman** is in 18° **Cancer** 49' and in the **3rd** house.

The **Lot of Marriage for Men** is in 6° **Aries** 1' and in the **12th** house.

The **Lot of Deceit in Marriage by Woman** is in 27° **Taurus** 47' and in the **1st** house.

The **Lot of Deceit in Marriage by Men** is in 23° **Taurus** 49' and in the **1st** house.

The **Lot of Marriage (in general)** is in 28° **Libra** 5' and in the **6th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 25° **Leo** 5' and in the **4th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 19° **Gemini** 3' and in the **2nd** house.

The **Lot of Treachery** is in 3° **Aquarius** 55' and in the **10th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 21° **Pisces** 42' and in the **11th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 0° **Aquarius** 35' and in the **10th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Leo (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 5th House/Leo: Creativity is impulsive here. When you decide to make something, it awakens forgotten oceans from within you, choppy with excitement as it laps the shores of your mind. Your inner child can overwhelm you at times as you try to suppress it in fear of being too overwhelming to others as well as yourself, leading to a feeling that you lack an ego entirely. It's likely that you will pick up many hobbies, particularly art-based, as well as a few lovers as outlets for your immense energy. You may compulsively seek relationships of every kind as the love you find in them ignites your uncontrollable passion, or maybe shy away from them in fear of what those feelings can invoke. You meet many soul mates in your life, and this compulsion after your lust life may get you in trouble as you cross lines in the sand. This is because you just cannot be contained, no matter how hard you try. In a way, you never grow up, being able to entertain yourself in any situation. Never let that fire of passion go out- just remember to balance the wild things that make life worth living with the mundane things that maintain your livelihood in the first place.

Pholus in 4th house

(12andus.com;) Your relationship with your mother is profoundly influential and not always in a positive way. Toxic elements from lack of nurturing or too much nurturing early on can unleash confusion and chaos in your life.

You may carry wounds from family and upbringing that become toxic and need healing later in life. When you have your own home and family, you may need to contend with seeds of uncertainty and abandonment that were sown in your childhood.

Your desire for security can lead you to unintentionally unleash emotional wounds that require you to sort out the toxic messages learned from family or relationship with early nurturers. When you work through this, you'll have the ability to break through past

restrictions.

You may even have to move frequently or have a home that is unusual or mobile, instilling an appreciation for travel and finding security even while on the road.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Aries

(12andus.com:) Your desires are triggered by courage. You can be turned on by the chase in a relationship. You may also find facial features to be alluring and seductive.

You may become possessive in romance and love the idea of exploring power and domination in the bedroom.

You may be a passionate lover and find displays of obsession and passion to be highly seductive.

You may be fascinated by an addiction to the chase but then become bored with the actual maintenance phase of the relationship. You can become spontaneously attracted to another without giving it any conscious thought.

Your seductive impulses can even lead you to be careless in relationships. You may be powerfully tempted to pursue your desires even if you already have feelings for another. You can easily keep emotions out of a sexual relationship and rely on instincts and attraction alone.

Eros in 12th house

(12andus.com:) You are compassionate and empathic in your approach to sexuality. You have a spiritual and empathic approach to erotic expression.

You may have a deep desire to explore mind altering substances or transcendental meditative states as a means of achieving sexual fulfillment as well. You may feel like sex is a way to lose yourself in connection with others.

For you, sexuality can be both an obsession or addiction but also a way to find healing and transcendence.

Your desire to explore fantasy, role playing or the use of costumes or disguises during sexual encounters is strong and can distract from the emotional connection. You may also become obsessed with partners and fall prey to seeing illusions rather than seeing who your partner really is.

You can have desires for people who are toxic to you. You may also sabotage yourself through unhealthy sexual connections with others, getting into a martyr role or losing your foundation in sexual relationships.

When you are mindful of healing, you can also find greater transcendence and spiritual connection through sexuality as well.

Small decisions can have explosive ramifications for you. You may have the best of intentions when it comes to protect others but your plans or ideas may backfire easily. You may have unrealistic expectations about your mental prowess. You may think you can talk your way out of any situation.

This may be true until a time comes in which dramatic changes unleash a change in thoughts and attitudes and when this happens, there is no turning back. All you can do is try to let the breakthroughs lead you to new understanding.

Dramatic changes or cataclysmic events beyond your control can help you find

connection with your innovative, adaptable and intellectual self, but you may be reluctant to align your creativity and intellectual skills with the changing circumstances beyond your control.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Aquarius (Rx)

(synnisisigns.com:) Eris in the eleventh house of organizations and friends, you either do or will come to understand the necessity of a cooperative role within the group. You may be confronted with situations that place you outside the group for a time to experience the feeling of “odd man out.” In a cooperative society there is no room for pushing people to an outsider’s position. When you come to understand this yourself, you can teach the rest of your brothers and sisters.

Eris in 10th house

(synnisisigns.com:) When Eris resides in the tenth house of authority and power, you are here to understand your role in taking care of the those with less power than you. Should you not have a natural understanding of this role, Eris will make sure you experience the consequences of the bigger fish eating the smaller fish. You will experience why some

people insist on “survival of the fittest” and you will not necessarily be the one considered “fit”. When you grow in wisdom in this role, you will be a fine steward of the needs of the people.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Karma in 10th house

(whatsmyalternative.com:) (I can not find interpretation for the 10th house.) Karma in

Capricorn (or 10th House): A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Capricorn

(astronomicallyaligned.tumblr.com:) You work so hard all the time. You want to look inside the box in search for peace and quiet. Maybe love and a home too. You hope that if you open the box, you will finally have peace. You will finally have all you heart desires. If the box is opened, melancholy, depression, want, and hopelessness will drive all life into dust. Death of life and all hope will spread, nihilism, and the new ice age will occur. However, if you chose to lock the box and keep it in your heart, that power and strength will enter every living creature, and bless it with strength, willpower, logic, and

backbone.

Pandora in 9th house

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Aries

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

Nessus in 12th house

(smartyoungsters.com:) This is the Nessus who is obsessed with spirituality, oldage homes, hospitals, photography, painting, art, nomadic lifestyle, dreams, healing, reiki and being a mystic living on mountain. This Nessus will be excessively fond of water and living besides it. Like the Nessus in Sag/9th house, he also is a compulsive traveler but of a mystic sort. He is a compulsive painter, photographer that is obsessive about capturing every single detail. He runs behind the mysteries of the Cosmos and keeps himself occupied with it. He has a compulsive desire to learn healing crafts like pranic healing and reiki. He can use these to manipulate his disciples, patients and followers. A guru who talks to spirits of the ancestors. He prefers living life his way avoiding bondage of any kind, slipping out of the hands like a fish. A person who avoids responsibility of any kind. When expressed positively, this is the "Adi Yogi" avatar of Lord Shiva who can cure with compassion, the world's first reiki master who can heal and turn "prana or chi" in the positive channels. He is also the alchemist. A dream interpreter, spirit medium, spiritual guru and master artist like Leonardo Da Vinci, is this Nessus. In love, he is detached, free from bondage and a nomad moving from place to place discovering the secrets of cosmos. He is intuitive, magician, mystic and tuned to the spirit world. He will need plenty of space.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you

will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God. [1] what you are a source of in your regular daily (often work) encounters

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:.) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:.) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Threatening chaos, breathing fire, external behaviors through internal emotions.

(markandrewholmes.com:.) The harsh truth, self-deceit, brainwashing, refusing to acknowledge inconvenient or unpleasant truths, having the courage to act on these truths. It is described in classic Chinese literature as shining a torch over "the ninefold

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

SPICA (3° Libra 35') is **(1°08')** of (3°20') close to the **Sun** (4° Libra 43').

[1] (++++++) october 13-19 Venus-/Mars-/Jupiter-/Mercurial - rules intelligence and reason and predisposes to a high strung temperament, brilliance and giftedness, fame, wealth, renown, glamor, sweet disposition, lasting preferment, eminent dignity, abundance, protection, skills or abilities out of the ordinary, unexpected return of good of fortune, refinement, eminent social position, good social connections, love of art and science, economical, pragmatic focused goals, too extravagant, instantly changing direction, unsettled mind, inventive, sanguine, solitary, extraverted, possible compensatory narcissism

[4] Spica gives success, renown, riches, a sweet disposition, love of art and science, unscrupulousness, unfruitfulness and injustice to innocence. According to Ptolemy, it is of the nature of Venus and Mars (shameless, vain, self-indulgent, abandoned, violent passions, danger of seduction, riotous living but often self-respecting and decent.)

[6] Spica rules the navel in the human body.

ARCTURUS (3° Libra 59') is **(0°44')** of (2°40') close to the **Sun** (4° Libra 43').

[3] Releases an excessive amount of occult energy or spiritual energy... cutting through the illusion around us and reminding us that every death is an omen of rebirth. And so the cycle repeats itself.

Arcturus offers protection on a psychic level as well as a physical one. A strong showing of this fixed star in one's chart has a powerful influence. In connection with Jupiter Arcturus ignites passion, spiritual wealth leading to ascension.

Arcturus reminds us of the matrix we live in. But also a way to transcend such a system. Through higher consciousness, achieving ownership of your very soul. Instead of allowing the brain to take the lead. Without listening to the spirit. This is a dangerous way to live. Arcturus fixed star shows us we must listen to our spirit and allow it to be master over the brain and body.

It prepares the body and mind for self-healing. Far-reaching past episodes of trauma may arise when Arcturus is prominent in your astrology chart. A time of awakening to the spiritual side of yourself. The soft gentle side that you've been hiding from the world, in fear of rejection. Arcturus star brings illuminated light to a personally disturbing dark place.

[4] Mars and Jupiter (great pride, grandly liberal, commanding, cosmopolitan views. If rising or culminating, military honor and preferment.) It gives riches, honors, high renown, self-determination and prosperity by navigation and voyages.

[6] Arcturus rules two inches below the navel in the human body.

[6] Castra rules the front of the right leg 4 inches below the knee in the human body.

[3] This is chaotic and perverse energy that seeks random release, resisting order, and fair judgment. Focus on remaining calm, during this turbulent time and if possible defer all important decisions until the dust has settled. Waiting to make big decisions sometimes turns out for the better in the long run.

If this energy is managed correctly and focused on an end goal. It becomes a catalyst for change. Usually for the better. It marks a change of heart and a change of mind. Allowing new concepts and circumstances to arise. The universe opens up and shows its hand. A time for patience as you wait for the right energies to carry a project to fruition. In the meantime plan your future steps in creating what you are wanting. The fixed star foramen breaks all traditions and rules. Taking a maverick approach to circumstances and situations.

Times where anything can happen, positive and negative. Knowing the correct pathway forward will take some time. The rewards will be well worth waiting for. Think of it as a time of maturity like a fine wine. Through this process, great wisdom is found. In conclusion, the Foramen star has a strong influence on one's astrology chart. It affects other planets and stars that come into focus. Well worth figuring into a final astrology chart reading.

[4] Saturn and Jupiter (Legacies, inheritance, fame, especially if rising, but foolish and unfortunate in love affairs.) It causes peril, dignity, piety, usefulness and acquisitiveness, and gives danger to the eyes.

[6] Foramen rules the connection of the two kidneys in the human body.

SPICA (3° Libra 35') is (**2°31'**) of (3°20') close to **Venus** (1° Libra 4').

The star Castra is of beneficial influence, although some modern astrologers such as Robson mistake this star as being in the belly (of the goat) and thereby gave it a malevolent nature.

MARKAB (3° Pisces 14') is (**1°33'**) of (2°15') close to **Jupiter** (1° Pisces 41').

[1] (- - --) march 9-14 Mars-/Mercurial - ambition, vanity, intuition, enthusiasm, caprice, bad judgement, innate ability to negotiate difficulties and rise above them, has a specific mission in life and will always find the time and energy to pursue, ability to overcome any situation, Violence, honors, riches, star of sorrow, literary, enterprising, power of resolution, determined, love of argument or discussion, good judgement, practical skills and dexterity, quick at repartee, ability to retaliate in right manner with impressive speech, can utilize situations to your advantage, love of travel, creative, artistic, success with the public, aptitude for material gain, ability to think and act quickly and intuitively, higher education, spirituality, philosophy, writing, energetic, creative, enterprising fault-finding, willful, irritable, rash and premature actions, sensitive, phlegmatic, possible avoidant personality

[3] The restless and flighty star Markab seeks release in a "peak experience". Markab shares its energy with Mercury and Mars, having similar traits. The element of fire plays a role as the defining energy. Rage and loss of emotional control and intelligence. Selfish energy arises to the surface after being amplified recently. A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and slowly does it is the trick here with the fixed star Markab. Allowing a break from the grind highlights others areas of your life that need attention.

[4] Markab gives honor, riches, fortune, danger from fevers, cuts, blows, stabs and fire and a violent death. Markab is of the nature of Mars and Mercury (high enterprise, combative, destructive.)

[6] Markab rules the center of the ball of the right foot.

[1] (- - -) november 29- Mars-/Jupiterian - ardent for war and active service, and a spirit which rejoices in plenteous bloodshed and in carnage more than in plunder, these men spend even peace under arms, they wage fierce warfare now against man, now against beast, and now they sell their persons to provide the spectacle of death and to perish in the arena, when, warfare in abeyance, they each find themselves foes to attack. there are those, too, who enjoy mock-fights and jousts in arms (such is their love of fighting) and devote their leisure to the study of war and every pursuit which arises from the art of war, choleric, adventurous, introverted, possible antisocial character

[4] Mars and Jupiter (great pride, grandly liberal, commanding, cosmopolitan views.) It causes malevolence, destructiveness, liberality, broad-mindedness, evil presages and danger of fatality and makes its natives rash, ravenous, headstrong and destructive to themselves by their own obstinacy.

[6] Antares rules the right side of the third vertebra from the bottom (fifth lumbar) in the human body.

[5] The fixed star Al Waid ("Who Is To Be Destroyed"). This star is extremely destructive if left untamed and aggressively seeks release in pure devastation.

However, Al Waid also releases an artistic, emotional and penetrating energy that can be used to gain many friends and supporters. So as the night sky darkens in the first few days of December, keep your mind clear and thoughts sober. Practice the art of positive thinking and diffuse all that is negative and harsh.

Pluto aligned with Al Waid on the 11th of September 2001 (9/11).
