Life Path Number: 2 = (3+1) + (0+5) + (1+8+3+8)

([659] numerologycalculator.online:)

The Diplomat

The Life Path 2 suggests that you entered this plane with a spiritual quality in your makeup allowing you to be one of the peacemakers in society.

Your strengths come from an ability to listen and absorb. You are a fixer, a mediator, and a very diplomatic type of person using persuasive skills rather than forcefulness to make your way in the world. You are honest and open in thought, word and deed. You excel in any form of group activity where your expertise in handling and blending people can be used effectively.

Indeed, the 2 can sometimes become oversensitive. In some instances, the strength of the 2 can also become its weakness. You may find it hard to decide what to do at times. Twos often struggle against indecisiveness.

Life path number 2 is the number of learning and truth. Those with this life path number tend to seek peace and harmony in the world around them. They are natural peacemakers and they are always known to give their ideas and opinions voluntarily for any situation. When it comes to meditating between situations and people, they deliver

the best results.

People born in life path number 2 are very loyal. When they say they love you, they really love you from their heart and they never like to make false promises. It is very common to find these people having a lot of friends and acquaintances.

They always share a sensitive corner to others. Individuals with life path number 2 are very sincere, most honest and the best people on the earth you can ever come across. Their sensitive, caring and gentle traits make them excellent lovers and friends.

Expression (Destiny) Number: 9

([659] numerologycalculator.online:) The number 9 Destiny suggests that the direction of growth in your lifetime will be in benevolent activities, in compassion, and in worldly understanding. You are living up to and growing toward your Destiny when you follow your feelings and sense of compassion, and allow yourself to be sensitive to the needs of others.

You must be willing to help others as you were intended to be the big brother or big sister type. You must work well with people, for you have the potential to inspire.

Creative ability, imagination and artistic talent (often latent) of the highest order are present in this Destiny. Career fields in which you can excel are many and include advisory roles, medicine, legal fields, artistic fields, diplomacy, and religion.

Friendships, affection, and love are extremely important. Your personal ambitions must be maintained in a very positive perspective, never losing sight of an interest in people, and preserving a sympathetic, tolerant, broad-minded and compassionate point of view.

If you are able to achieve the potential of your natural Destiny in this life, you are capable of much human understanding and have a lot to give to others.

Undeveloped or ignored, the negative side of the 9 Destiny can be very selfish and self-centered. If you do not actively involve yourself with work that benefits others, you may tend to express just the opposite characteristics.

It is your role to be very involved with other people and their needs, but it may be difficult for you achieve this role. Aloofness, lack of involvement, and a lack of sensitivity mark the low road of this Destiny.

Life Path - Expression Bridge Number: 7

([660] numerology.center:) You are a person who needs to stay alone from time to time and think about the chief things in your life. You have many questions and you need answers to reach inner calmness. Solitude influences you beneficially. It helps you to concentrate on the things which disturb you. Being alone you obtain confidence and

calmness. You get satisfaction from getting new deep knowledge and understanding of what is going on.

You are a person with many thoughts and ideas. There are so many things in the world interesting for you. Stay alone as long as you need and take your time for the planning of your actions.

Heart's Desire (Soul Urge) Number: 2

([659] numerologycalculator.online:) People with this soul urge are the natural peace keepers who seek to bridge gaps and bring others together in the spirit of harmony and cooperation.

You want all the facets of your life to revolve around peace, harmony and balance. You are a person of unwavering devotion. This applies to all areas of your life as well, and to all your relationships. Your perpetually heightened emotional state can make you extremely sensitive. You may have extreme emotional reactions to art, music, movies, stories, etc.

Your sensitive nature also leaves you with a very developed intuition. The only problem is that you don't trust it. This is one obstacle that you will learn to overcome but it can take quite a bit of time. You grapple with other areas of self-doubt as well. You have a tendency to undervalue yourself and your role in any given situation. Through all this, you are a source of strength to the right people. Your ability to lend support where it is needed draws them to you.

Personality Number: 7

([659] numerologycalculator.online:) The seven personality tends to be somewhat introverted.

They are keenly observant and highly intelligent. This ability to see through people coupled with their intelligence/observation skills can make them intimidating to others initially.

Seven people are seekers of truth, highly opinionated, but always looking for the greater wisdom in all experience. People often see them as wise or old souls.

People with Personality Number 7 are in a constant pursuit of cosmic and spiritual knowledge. They are intelligent, introspective and perceptive introverts. It is often difficult to get close to such people, as they are quite aloof and shrouded in mystic.

Besides that they love their privacy. But their knowledge and wisdom attracts others, and when they eventually understand that they will share it, as it will be the best reward for gaining it.

Heart's Desire - Personality Bridge Number: 5

([660] numerology.center:) Dependence on other people, their mood and their opinions, hinders you almost in all aspects of your life. It would be better for you to listen more to yourself than to follow the will of others. You are able to think what you need to do on your own. Just don't be afraid to take the wrong decision. Trust yourself.

You are a rather inflexible person. Adaptability would help you in numerous questions. If you want to work at these traits of your character, start with a little adventure, which you don't let yourself on in your usual life. Try to do something in a way that is unordinary for you.

Heart's Desire 7, and Personality 2 or vice versa:

Combination of these numbers is contradictory. Both of them are discordant and both of them bestow a person with many talents. Attention is important for you as you are rather sensitive. But at the same time you hide your sensitivity and your feelings from others. This inner conflict doesn't let you get what you need. Maintaining relationships is difficult for you as any misunderstanding makes you self-pity and you don't think about the feelings of your partner in such situations. One of your strengths is an analytical mind. Another one of your advantages is great intuition.

Quiescent Self Number: 7

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 7 are likely to experience a cosmic connection with spiritual wisdom.

The energy represented by the number 7 resonates with introspection — looking inward for answers and clarity. It resonates with analysis, spirituality, wisdom, quality, and intuition.

Someone with this quiescent-self number is likely to visualize solving things. And contemplate knowledge and wisdom. Also well-maintained gardens and historic buildings. Generally, visualizations are about knowledge or the process of acquiring knowledge. Tapping into the ancient wisdom within themselves is likely to be a significant part of that.

Their visualizations may be about their library, full of precious and rare books, and their study, adorned with classic art.

Maturity Number: $1\frac{1}{2} = 2 + 9 = \text{LPN} + \text{E(D)N}$

([662] feliciabender.com:) The Master Numbers always indicate a higher sense of spiritual purpose – no matter how you define it. Plus more intense challenges! Just so you know, it ain't easy.

You're moving toward reevaluating what it means use your emotional sensitivity to the benefit of both yourself and others. You're being called upon to use diplomacy, to involve yourself with group dynamics, and to open yourself to relationships.

PLUS you will spar with ego, being an "introverted extrovert," and being called toward fame and leadership.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to sensitivity, artistic creativity, and overcoming many obstacles to center stage. Challenges reside in the intensity in which you experience life, in the ways in which you'll be put to the test over and over again in the realms of personal challenges, physical sensitivity, and emotional sensitivity.

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and

leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 9

(Month + Day) - from age 0 to 34 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 1 Number 9: First Pinnacle: With a 9 Pinnacle at the beginning of your life, the influence of its vibration may be barely noticeable. Selflessness is an attribute that's developed over time and young children must first learn their identity for themselves before doing selfless service in a healthy and productive manner. Yet when you experience a 9 First Pinnacle, you may be a child who is the friend to the “underdog,” who's a protector of the kids who get bullied, those who are handicapped, or those who are ostracized in some way by other kids. You may be a bit of an outsider yourself as you attend to those on the fringes.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Second Pinnacle Cycle: 6

(Year + Day) - from age 35 to 43 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 2 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your

Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Third Pinnacle Cycle: 6

(1st Pinnacle + 2nd Pinnacle) - from age 44 to 52 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 3 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Fourth Pinnacle Cycle: 7

(Month + Year) - from age 53 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll

feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 4 Number 7: Fourth Pinnacle: As a 7 Fourth Pinnacle, your spiritual development will be undeniable. You'll be called upon to teach others what you've learned. Continued time for study, development, contemplation, and higher learning are keys to this final Pinnacle. The 7 vibration at this point in life requires detachment from the practical realms and putting a renewed focus on more philosophical thinking and relating. You may find it difficult to relate to people during this time, so it's best to seek out like-minded souls with whom to share ideas. Be patient and open though. People will come to you to hear what you have to say because of the wisdom and knowledge you have cultivated and gained through your life experiences. It's part of this Pinnacle to become a master teacher and share your wisdom with others.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

First Period Cycle: 5

(Month) from age 0 to 34 (based on LPN)

([666] worldnumerology.com:) The years until about age 30 represent a period of rapid progress and much change. You are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself.

Your abilities with words will be greatly enhanced.

You can learn foreign languages, write, and edit. You will meet many exciting people, visit foreign lands, and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

Second Period Cycle: 4

(Day) from age 35 to 61 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a period of hard work and

the rewards it can bring.

You are chiefly concerned with the practical aspects of life: career, family, and community. You are not given to pursuing idealistic or impractical goals during this time, as you prefer to place your life on sound financial footing.

Find work you love, so your effort brings reward not only through promotion, success, and money, but also in joy and a sense of accomplishment.

This is a time dominated by discipline, order, and self-motivation, traits that will endear you to your family, co-workers, and community.

Third Period Cycle: 2

(Year) from age 62 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you increasingly intuitive, relying more on your heart than on your mind. You become less inhibited, as you gradually lose the fear of showing your true and deeper self.

You are more direct and less hesitant to express your feelings. You rely on your gut feelings more often. "If it feels right, it probably is," could become one of your stronger convictions. You are better at working with people and you become a master in the fine art of persuasion.

Younger people, and others, are drawn to you - especially those who live with difficult circumstances and those who could use your help. You may well discover a talent you have not previously considered, perhaps in the visual arts.

First Challenge Number: 1

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps

the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentfulness aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive "know-it-all"
- Getting caught up in "being right" at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Second Challenge Number: 2

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

Fourth Challenge Number: 3

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you’ll feel the urge to bury your head in the sand and a general malaise you can’t seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you’ll instead be bombarded with hopelessness or perhaps depression. You’ll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you’re reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You’re being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don’t move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Personal Year Number (for 2022): 6 (31 + 05) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 6 brings additional attention to domestic affairs and family-related responsibilities. It is a year of home, harmony, beliefs, and responsibility.

It also tends to be a duty year, so to speak — being needed in many directions and people making more demands. It is also a year when maintaining harmony in the home tends to matter more. And being neighborly.

There are likely to be enhanced feelings of goodwill.

There tends to be more responsibility, love, self-sacrifice, protection of family members, sympathy, and compassion. And beauty.

Personal Year Number (for 2023): 7 (31) + (05) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 7 brings contemplation and introspection.

It's a year with a higher likelihood of personal reflection and attention on becoming ever more perfect — a year of introspection, of understanding more about spiritual nature. There's a tendency to analyze everything, to figure out more of one's life purpose.

There's also a tendency to spend more time alone, by choice, getting acquainted with new inner vistas and enhanced intuition, including a better understanding of personal emotions and spiritual essence.

There's a higher appreciation of quality in products and services, and in honest expression during communication with others.

(feliciabender.com:) The energy of last year was a perfect segue into the internal, contemplative energies of your 7 Personal Year. While you may still see yourself functioning fairly “normally,” this is a year where you will be heavily involved in deep inner work. It's a spiritual year; meaning, you'll have many opportunities to test your sense of spirituality, however you define it. This is a year where your faith and trust could be tested.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): B

([676] ezinearticles.com:) This letter indicates that feelings of shyness or being introverted could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively.

([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.

([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

8 on the Mental Plane

Wanting more than you have is not reprehensible, is it? Who would blame you if all your abilities, strength and knowledge are aimed at the realization of this desire? You want to control people and manage big business. Good luck then! Just don't forget to suppress your arrogance that may show up at times, and be demanding of yourself to the same extent as to others.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

2 on the Emotional Plane

Your worst enemy is loneliness. The prospects of remaining all by yourself scare and depress you. Quite the opposite, with a large crew of friends you feel like a duck to water. Your weaknesses include excessive sensitivity and vulnerability in some cases, while your strength is your innate ability of soft influence. Relying on this ability will help you to feel constant self-confidence.

11 on the Emotional Plane

(numerology.center:) You are very instinctive and adhere to your inner feelings. You love so much that you can get lost in the other person. You can say for sure what the motives and main purposes of other people are.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional

Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

3 on the Intuitive Plane

Missionary character. Once you come to some truth on your own, you can endlessly polish it like a treasure, overwhelmed with the desire to share your insight with everybody. It's more than likely that true inspiration and inherent tendency to affectation can play a positive role here.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 9 line «1-2-3»

			Temperament: 5 diagonal «3-5-7»

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1111

"The Leader" - you are always calm and confident. These two are predominant features of your character. You voice your opinion softly, but weightily, making others listen to you or even grow quiet. You can show yourself cruel rarely, but right on target. And people feel this cruelty in you. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — 333

"An Impulsive Scientist and Creator" - you have serious prospects to master any exact science, technique, algorithm or knowledge system, to make a name for yourself in any creative spheres. In addition to this, you are a dreamer and an experimenter - it makes you different from "33" and "3". Your abilities can appear spontaneously and not always at the right moment.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — 55

"Good logic" - Your logic allows you to be a good analyst or a programmer. And thanks to intuition, person like you could disclose complex crimes as an investigator. You are able to build a profitable business in any field.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — empty

"Not the lucky one" - this person never gets help from above. They should make a lot of

attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are different things.

Duty — 88

"Do good for others" - these people usually have a well-developed social orientation and high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 9

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 3

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 4

"Confident" - the person sets ambitious goals, assesses the resources to achieve them and, as a rule, fulfills the plans. In fact, this person's potential is even higher, but too sky-high goals scare them away, though they could try to reach them.

Domestic bliss (Line «2-5-8») — 6

"Too idealistic" - the search for the ideal partner to create the ideal family can drag on forever. And every attempt that does not hit the mark causes suffering. In the case of marriage, this person will place excessive demands on the spouse.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 7

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 5

"Hot" - this person can't live without physical love and demands it, because intimacy is a part of their self-expression. At the same time to elicit their potential it is also important to have a hot partner. People with hot temperaments (5 and 6) often seem to be slightly cold, their fervor comes into full play only with a partner.

They have brilliant minds, a firm command over their financial affairs, and rock solid work ethics. All Two of Heart strive for peace and will do whatever it takes to achieve it!

Air-Swords - Planets: Mercury & Saturn

Restless Mentality, Changeable Mind-set: All FIVE'S have restless karma. The Club suit is symbolic of communication and how we think. The 5 of Club find it difficult to make up their minds, and need to learn not to tempt fate.

Versatile, restless, inquiring; forever seeking with an ever changing mind; the 5 of Club is a young soul who is never satisfied with the answers they find. They need constant movement and wide travel -- eager to go anywhere rather than remain where they are. KARMIC CHALLENGE for the Five of Club: Honesty and Risk-taking

The positive natives of this card fight against their inherent restlessness, which otherwise lures them away from building a solid base. Those 5 of Club will then choose to educate themselves in some specialty that interests them, and will pursue it to a successful outcome.

Marriage is never easy for the 5 of Club as they are prone to jealousy and suspicion. They also experience changes in their mental attitudes towards their partner, which causes the marriage to falter.

The Five of Club must have an outlet for their natural keenness. Education is of supreme importance if they are to succeed in life. And peace of mind comes from a willingness to accept their life as it must be lived -- constructively!

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Three of Diamonds (metasymbology.com:)

Diamonds: Values - Security - Dharma

Fire-Wands - Planets: Mercury & Uranus

Personable, Illuminating, Worrisome: All 3's harbour a mistrust related to the meaning of

their suit. The DIAMOND suit symbolizes financial and material values. Thus the 3 of Diamond are often mistrustful of financial institutions.

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

Early marriage is usually filled with such serious obstacles and troubles, it's better for the 3 of Diamond to wait until late 20's before tying the knot.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Ace of Spades (metasymbology.com:)

SPADES: Physical - Work - Wisdom

ACE: Longing - Self

CHALLENGE: Covetousness

Earth-Pentacles - Planets: Mercury & Neptune

SPADE: The Spade personality enjoys being physically engaged in the world. The spirit of the spade is embodied in the instruments of labor, and it is earthy. The world compels the spade to dig deep into the hard soil to fulfill the needs of the soul.

ACE: The Ace has a value of one. One is self. The I am and I need. The personality of the Ace is driven toward fulfilling its own singular need.

JOURNEY OF THE SOUL: Their Soul Card is the 7 of Heart. This emblem is symbolic of overcoming emotional stress associated with jealousy or lack of appreciation.

In an ideal world, the Ace of Spade dives selflessly into work, without the need for accolades. They balance their work-related ambitions with the emotional needs of those who love them and understand the real journey of life is love.

Ace of Spade personalities are charismatic. They enjoy being physically active and have romantic expectations, which can keep them looking for their perfect love or soulmate. Starting in their late teens and early twenties, the Ace of Spade get a lot of calls for help, usually financial. This is especially true of the women in their life, friends or relatives who equate money with loyalty.

It's not easy being identified as the Ace of Spade. Much inner work is needed for them to overcome negative thinking habits and harness their restless, if not reckless behavior patterns.

In it's most spiritual interpretation, the Ace of Spade personality takes the soul on a journey of sacrifice; not as punishment, but to forgo the need for adulation and acquire

victory over the little self.

After age 91 the cycles repeats.

Cosmic Lesson Card: Nine of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Nine of Clubs Meaning: Mental Discord

Karma for the Nine of Club - Transcending Negativity

Air-Swords - Planets: Venus & Saturn

All NINE's need to transcend the intense challenges of their suit. The CLUB suit symbolizes the mind, and how we think. Thus the 9 of Club have difficulty letting go of negative thinking habits, and can suffer from mental laziness or procrastination. As a rule, these people are warm and friendly with a keen sense of obligation. They like to keep promises and pay their debts. Those who succumb to mental lethargy or negativity feel powerless to realize their true potential.

The 9 of Club is known as the "Adventurer's Card". They like to gamble and are always willing to take a chance. They are intensely curious and when they apply their adventurous spirit to the field of knowledge, they are capable of making profound discoveries that benefit others on a universal scale.

Cosmic Reward Card: Jack of Hearts (metasymbology.com:)

Hearts: Feelings - Relationships - Love

Water-Cups - Planets: Venus & Jupiter

The Neophyte in LOVE: All JACKs are youthful; next in line to the crown. They are neophytes (Greek for "newly planted") in the meaning of their suit. The HEART suit represents emotions and how we love. The Jack of Heart are emotional, dynamic, and willful!

The first two 13-year cycles of time are challenging for those born with Jack of Heart karma. The first 13-year cycle is fraught with sudden, unexpected frustrating experiences over which they have no control. The second 13-year cycle suggests disappointments and despair within the home, and they often suffer due to the poor health of the ones they love.

What doesn't kill you is supposed to make you stronger, and with the kindness of a sweet-hearted mother, sister, or other Venusian guiding influence, the Jack of Heart learns that sacrifice can lead to immeasurable blessings, and broadmindedness to understanding and compassion. Thus can the Jack of Heart climb to the ranks of greatness, bestowing their unique perspective upon the masses.

Many Jacks of Heart are not karmically ready to fulfill their high calling, at least not in this lifetime. Thus the Jack of Heart is also known as the emotional tyrant, willful, with a heavy case of martyr complex!

For the most part, however, Jack of Heart natives are kind and friendly. They feel strongly about protecting loved ones, and don't want to be a problem for anyone.

Of interest, the Jack of Heart is placed at the very center of the spreads, the lines of which form a cross. This is one of the reasons it's called the "Christ Card." It is also symbolic of Pisces.

Cosmic Moon Card: Nine of Spades

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Wisdom - Labor - Acceptance

Nine of Spade Meaning: Spiritual Awareness

Karma for the 9 of Spade: Service

Earth-Pentacles - Planets: Venus & Uranus

Sensitive, idealist, unconventional - none of the 9 of Spades are undeveloped or unaware, and it's that very awareness that either disturbs them or inspires them.

KARMIC CHALLENGE for the Nine of Spade: Hypersensitivity and Impersonality

Nine of Spade need to find positive philosophical or spiritual ideals to help them cope with their intense inner-emotional conflicts, as they prone to psychosomatic illnesses. All 9 of Spades have tremendous personal magnetism, and they have a strong paternal nature toward those they love.

Capable of managing large businesses, 9 of Spade are at their best when sitting in the drivers seat. When it comes to finding love, they are flirtatious and tend to lose interest quickly. Friendships are extremely important to them, and they enjoy learning and sharing their knowledge with others.

The Nine of Spades are often brought into contact with a wise and kindly man - a mentor who sets them back on their feet and instills in them the self-confidence that should never be lacking. These are truly gifted people with much to offer. If only they are made to realize it!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Understanding (12) Akbal

West (Blue) glyph: Challenge / Strengthen

Day Sign: Night

/ House / Akbal (Yucatan) / Aq'ab'al (Kiche)

Akbal types are often powerful and tend to project an imposing or attractive presence on the world around them. Their personal power may be exerted in subtle ways, but it is always something others must contend with.

In many cases, this power is completely legitimate, as when the person is a teacher, leader or healer. They are logical, organised, and capable of deep thought, but they tend to be conservative in many matters.

Patience, endurance and hard work seem to come naturally to those born under the day-sign Akbal.

Security, both mental and physical, is a major issue for those born under this day-sign. The physical security that is a home, house, building or other structure represents may be a focus in life, or the emotional security that family ties offer may draw intense interest.

Science and math, or other systems of knowledge (including occultism, magic, and astrology), often interest the Akbal born because those subjects aid the person in organising practical matters of life.

Traditions appeal to them and they have a great respect for history. Those born under Akbal take a structural approach to life. The more organised their lives are, the more they will feel secure and in control.

If it takes ten years or more to achieve a goal of organisation, then Akbal people will tough it out. Because Akbal types work so hard on seeing and understanding things in specific ways, they can develop mental inertia. As a result, a change for them requires a near overhaul of the logical framework that they have constructed, and they may resist such changes.

Outsiders may see this characteristic as reliability and constancy, others may see it as

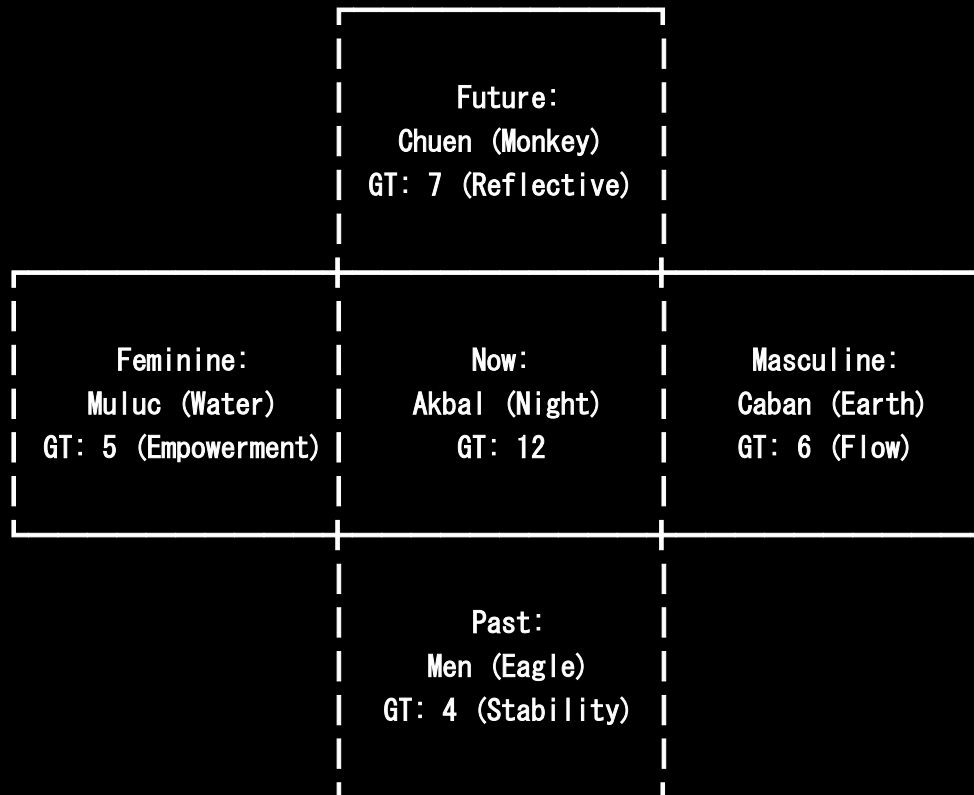

stubbornness.

Challenge:

Mental rigidity and problems with sharing; loss of control.

Solution:

Becoming a builder of systems, stabilising the foundations of whatever is done.

Four Directions

The Mayans say that there is a feminine softness about the people of the night, whether they be male or female. Those who were born on this day have the wisdom of both yin and yang all around them. They speak and write well, and have a shimmering verbal talent, as we might well expect with Caban, sign of the thinker, as their right hand power and Muluc, a dreamy and poetic sign as their left hand power.

The depths that lie beneath the typical Akbal persons glittering speech and soft face are considerable, these natives have one foot in the otherworld, and it shows. Sometimes this may manifest as a negative quality; Akbal people can spin webs of deceitful fantasy as easily as they can speak words of wisdom and truth. Their words can cut and wound as easily as they can inspire and heal. Sometimes they may be gloomy or tearful, and some truly unhappy.

Akbal people become addicted to gambling or sink to thievery for their Caban minds and their Chuen trickery give them the diabolical cleverness of the professional thief. They sometimes combine spiritual wisdom with animal sensuality as intensely as any other sign.

Behind them lies Men, which cries out powerfully for whatever it wants - whether that be material wealth or spiritual wisdom.

Akbal people will certainly use their otherworldly charm, as well as the clever mind typical of their right hand power Caban and the even more clever spirit of their future sign Chuen to seek what they desire.

What do they desire? The choice is theirs, and someday they will be tested in this regard. If it is their genuine destiny to work primarily in what we call the "real world", then good fortune is usually theirs, for the Maya say that Akbal people are likely to become wealthy.

Akbal is one of the signs that endows its natives with "body lightning". According to the Quiche Maya, they make excellent Shamans and diviners, as we might expect from those whose spiritual destiny it is to travel the nether regions in search of wisdom. Specifically, Akbal people are said to be talented with the kind of spiritual artistry that relies on words - singing the old songs of marriage and love, or creating elegant prayers to the old spirits.

If Akbal people wish to seek for knowledge as opposed to mere worldly substance. They will be able to develop some very powerful and unusual psychic abilities. They are also likely to develop a number of artistic talents. Not only do they have Caban and Muluc to help them on the right and left, but they are moving towards a destiny represented by Chuen, the master craftsman and artist par excellence.

Galactic Tone: 12

Understanding

- * Knowledge
- * Learning
- * Continuity of wisdom
- * The big Library of knowledge
- * Dynamic
- * Understanding
- * Ideas

Tone 12 is all about understanding. This can be understood in a few different ways. One of them is about compassion. You have a compassionate heart that accepts all differences and different scenarios. Within your presence, people find comfort and relaxation, knowing that they are accepted as they are. This creates a very healing atmosphere.

Another meaning of Tone 12 is about the understanding in the sense of knowing. Your soul is understanding. This means that you have an understanding of wisdom which comes with tolerance. These attributes can make you a good teacher that does not get caught in ego, title, and competition.

Trecena Sign: Cane

/ Reed / Ben (Yucatan) / Aj (Kiche)

Beneath the 1-Ben surface personality is a person who seeks constant self-improvement.

Such people have a strong need to persuade others, to conquer their enemies, and to achieve their objectives.

While they make good teachers and role models, they also have a tendency to be somewhat self-righteous and overconfident of their own opinions.

Night Lord: 8

Those born here tend to have over simulated minds and are often obsessive talkers, in some cases being counsellors or psychologists. They are complex people who learn to face the inner world and who know how to get to the centre of things. They are drawn to the deeper, darker sides of life, and are sometimes caught up in struggles with negative thoughts of their own or those of others. This tendency means a G8 might choose a career as a psychotherapist or an investigator. This type reacts to stimuli very quickly, perhaps over-reacting some of the time.

G8 people are very clever, quick of mind, and fast on their feet. This facility may be a boon in situations where decisiveness is valued, but it can cause trouble under more controlled conditions. Their need to talk is strong, and their powerful intellect is best used for research or investigation. One of their challenges is that they need to learn how to study effectively. In addition they need to be physically active by walking, running, or riding.

The planet Mercury, the sign of Gemini, and an emphasised ninth house are commonly found in the charts of those born here.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.

This one would be Uranus conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Hornbeam Tree

Strong keywords: Responsibility, Diligence, Honesty

Weak keywords: Indecision, Mistrust

Tree variants: Plane tree

Birthday:

31 May – 10 June

1 December – 10 December

Characteristics and Personality

People born under the rule of Hornbeam do great in professions such as bank clerks or civil servants, or in military and police functions. They have a great sense of order, responsibility and justice. It is easy for them to conform to a set system or order and they like to ensure strict adherence to laws and generally accepted rules. They try to be honest and fair under any circumstances. They are never sloppy and they never try to avoid challenges.

However, from their honest approach to the fulfilment of their obligations streams their indecision and lack of initiative, often because they are afraid that they will make wrong decisions. Hornbeam people do not like to leave the beaten track and proven methods. In the company of others they are nice and pleasant people who never behave inappropriately. They are slowed down by their deeply rooted distrust of people they will never completely get rid of and that makes their lives difficult.

Disciplined and hardworking Hornbeam people always appreciate when they are valued for what they do. Moral recognition is more important to them than financial rewards. That is why they are often ambitious, have a desire for glory and the need to build a career. The success of others sometimes provokes envy in them, which they cannot hide very well. In their love life they always want to experience something big and unusual. They always feel very pleased when the opposite sex shows interest in them. When they get married, they are usually loyal because the marriage promise and generally accepted social rules are almost sacred to them.

Hornbeam people have great dreams - whether they are personal, artistic, career or fame - and they often escape from reality and daydream. There is often a striking difference between the reality and the life they dream about. Many Hornbeam people use their dreams to create music or pieces of art, and there are many people with artistic talents among them. If their artistic talent is combined with their proverbial diligence and self-discipline, it is no wonder that we find many famous composers among them.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Looks – Physical Features of Aries Ascendant Man

An Aries Ascendant man usually sports a tough rugged body. These men have an athletic build and a characteristic prominent chin. They have an absolutely gorgeous tan. The scars on their bodies give them the intense look of a warrior as that of Mars, the Lord of war!

Personality – Are Aries Rising Violent?

Just because Mars is their Lagna lord doesn't mean they go nuts in anger. The Aries Ascendant individuals do have a volatile nature but they don't always resort to violence.

1. They're Very Brave – These people are born with the soul of a warrior. They do not back out from tricky situations. They're always the first people to sign up for challenging situations that others around them are scared of.
2. They're Excellent Leaders – Being the first of all the other rising signs, they are born to lead. What makes them exceptional leaders is that they defend their team and never put others in the line of fire for their actions.
3. They're Born Optimists – If there's one thing that you can't take out of the life of Aries ascendants, it's their positivity. These people have a very optimistic outlook on life.

5. They're strong-headed and successful – These people have a successful career run because they are focused and hardworking. They believe in chasing a goal until they meet it and complete it.
6. They Always Settle Scores – Despite the good qualities, these people are no saints. Hurt them or their loved ones, and they will hunt you down and make you pay. Precisely, they always settle scores. However, they do accept genuine apologies.

Sun ☉ in I 1st House

([859] i.thehoroscope.co)

This placement of the Sun makes people aware of what the next good step for them is and encourages them to be guided by their intuition.

People born with the Sun in the first house in their birth chart identify themselves a lot with their Ascendant, so many of their traits will pretty much belong to this sign.

Having a strong sense of who they are because the Sun is in this position, they're very confident and full of life. Always ready to take the initiative and sure of themselves, these natives would make great leaders, even if some other placements in their chart wouldn't indicate that it is so.

Spontaneous and loving to express themselves more than people in other signs or with other positions of the Sun, they're also ready to face any obstacle and can keep it together in a crisis situation.

Summary:

Strengths: Intuitive, positive and affectionate;

Challenges: Self-absorbed and indecisive;

Advice: They should be more knowledgeable of who they really are.

Very ambitious and willful

These natives want to make something of themselves and don't care too much about what others think because their goals are very clear.

The Sun in their 1st house emits an abundant energy and makes them very resistant or easy to recuperate from diseases and difficult periods in their life.

More than this, it gives them a strong sense of self, so they always feel important and work hard to become someone with great distinctions. Very optimistic and only focused on positivity, these people can inspire others to be the same.

Having all the energy of the Sun in their 1st house, natives with this placement can express themselves very clearly in matters of self-image.

They should be more knowledgeable of who they really are if they want a purposeful and meaningful life.

True forces of nature, having determination and enough confidence to succeed in life, many will want to follow them because they seem to be natural born leaders.

Not to mention how they're able to make things work and how they grab opportunities, putting themselves on the path towards success without too many efforts.

It's very likely for these individuals to become independent and highly motivated from a very young age. Enthusiastic about everything life has to offer, they're transmitting only positive energies but can be too proud and even insolent from time to time.

Their need to be in the center of attention can bother some of the people in their life. Very ambitious and willful, Sun in 1st house natives tend to overwhelm others with their strength and controlling ways.

They're conscious of what they should do for their life to take the right direction and highly intuitive, so it's normal for them to be in the middle of things all the time.

With the Sun in the house of self, these natives can very well hide their insecurities and put on a mask of absolute confidence.

The same placement of the Sun can have them obsessing over the way they look like, but what's the most important to know about them is that they can recognize a good opportunity and know how to seize it.

The positives

Bigger than life itself, individuals having the Sun in the 1st house borrow some of the Leo's traits, being true forces of nature and very flamboyant creatures.

They usually follow their heart and are always enthusiastic about new things happening in their life. Many will get inspired by them to be more optimistic, some will find their energy overwhelming.

The more generous and supportive they'll be, the more friends they'll make and attract members of the opposite sex like magnets. These natives' main purpose in life is to always make the right impression.

With the Sun in their 1st house, self-expression and spontaneity become two of the most important things in their life. Other things are on the second place, and while they may seem selfish to others, they're actually not.

It's just their motivation and ability to lead that makes them seem this way. Everything they do and talk about makes sense and is highly meaningful, and they seem to always wait on others' feedback.

If they'd be forbidden to express themselves, their entire energy would drop because they really need to radiate and to have vibrant interactions.

Loving to take the initiative, these people would make great leaders and are truly capable to build their life just as they want it as they always know what there's to be done.

Having the contagious type of energy, they can immediately recover from illness or difficult periods in their life and still inspire others to be strong.

It's important for them to develop their determination and ego as much as possible because this is what the Sun in 1st house forces upon them.

It's not a choice that they have when it comes to this, it's more of a necessity because the Sun in this position needs to be satisfied because this planet determines how people should be in order to feel happy and accomplished.

While it's possible for Sun in 1st house natives to restrain their ego at first, they'll realize at some point what they really want.

Because they're ambitious and self-confident, they immediately attract the attention of others and make it possible for success to easily come their way.

It's essential for them to always be enthusiastic and optimistic, and they usually are all this, without having to be encouraged.

Having their own place in life is also important because they want others' respect and appreciation.

As a matter of fact, their need for recognition is pretty strong and usually one of the traits that characterizes them the most.

The Sun's position in the first house is an advantageous one for leaders, politicians, actors and dancers as it brings a lot of charisma and capability for self-expression in public.

The aspects in which this celestial body is in their chart are essential for their health, but they're usually strong and able to immediately recuperate from both physical and psychological difficulties.

They seem pushy because they have a strong will and power to overcome obstacles, weaknesses and dark periods in their life. While not even realizing it, they have impressive surviving skills.

When it comes to their social interactions, they seem to always meet people who have the same passions and enthusiasm as themselves.

The mask their Ascendant makes them wear may be different from their Sun sign, yet this doesn't mean they will be only what their Rising dictates them to be. On the contrary, their Sun will always shine and have a strong influence over their identity.

The negatives

The Sun in the 1st house placement can also have negative effects on the natives having this structure in their birth chart, especially when this planet is in some negative aspects.

Some of the negative traits this placement can feature are an overbearing and egotistical nature, arrogance, a need to always argue and too much pride.

The natives of this placement should control their strong will and try not to be too tyrannical. Some may be too honorable for these characteristics, but most of them are advised to be more tolerant and to work on their need to be controlling.

When having problems, their psychological buildup can greatly suffer imbalances and send them at extremes in matters of ego and the interest in themselves, which can become exaggerated.

The more introverted they are, the more they'll focus only on themselves. With the extrovert types, their self-expression will simply overwhelm and not leave place for something else.

They can also be at the extreme where they have a very low self-esteem, case in which they may develop serious problems with whom they are and their ego, not knowing how to express themselves so that others get a grasp of their personality.

While seeming perfectly confident and bold, natives having Sun in 1st house are in fact more insecure than they'd like to admit. Their equals make them feel threatened as their sense of competition is very strong.

It's suggested they improve their skills and determine who their allies are so they can take those people's advice and criticism more into consideration.

Usually highly impacted by what happened in their childhood, these natives may see conflict everywhere if their parents used to fight when they were little. They're determined to evolve from the psychological state that dominated their childhood, but the anxiety would still be there and they may feel a need to rise above any conflicting situation while at the same time being terrified of it.

They usually want to make their parents proud and to also do what makes them happy because they're loyal but still need to be themselves.

It can be confusing for them to determine whether they live to make a good contribution to their loved ones' lives or just to live the way they dream of because making concessions is sometimes a thing they simply can't adhere to.

After thinking a little bit more about this issue, they'll realize their public life and image can get better only if they manage to bring their creativity and talents into play to influence others and even to help them in some way.

Sun ☉ - Exalted in Aries

([871] southfloridaastrologer.com:) A comfortable and easy expression of the ego is found when the Sun is in Aries. Aries' forthright and daring natures fosters the Sun's need to shine and proudly express the ego.

However, they need to be careful not to get involved in all kind of public scandals, because they're very open to putting their life out there for others to see. They usually know what people want from them and struggle to deliver.

The position of the Moon in fourth House can make these people indecisive regarding what profession to choose, so they may change many jobs and have their emotions ruling over what they want in their career.

It's normal for them to react impulsively when at work, because their feelings would have them acting this way. If they'd recognize this about themselves, their business associations would be much more successful.

Summary:

Strengths: Charismatic, dependable and caring;

Challenges: Worrying and feeling overwhelmed;

Advice: You should learn to let go of things that have changed.

They succeed no matter the obstacles

Moon in tenth House natives need to be publicly recognized and to have success. The popular opinion matters very much to them because they have their instincts formed on what their audience is transmitting, feeling like they have a family in their admirers.

The Moon influences these people to be intuitive and to unconsciously dream of their goals all the time. Their need for a good position in society can't be seen in other natives. That's why it comes naturally for them to achieve their goals and to make their family proud.

The 10th House is about authority in all its forms, including the parental one. Hundreds of years ago, the family from which a person came used to have a great influence on his or her evolution in life, but things are no longer the same.

However, with Moon in 10th House natives it is pretty much the same, because this House and the 4th one are all about the family's name and influence the path of people's lives, according to how they get along with their loved ones.

This position of the Moon, together with its aspects, can also reveal how a person is either appreciated or criticized by others. What their parents have told natives having Moon in the 10th House greatly impacts them, often making them succeed, no matter how many obstacles they may face.

People with Moon in tenth House often get together with those who very much resemble their parents and have the necessary authority to make them shine in public. It's also possible they had one of their folks being very authoritative or eager to get recognized in society, just like themselves.

The way Moon in 10th House individuals are getting recognized determines how much success they'll have in their career.

The women will be influential and very oriented towards making their dreams come true. If the Moon's needs aren't answered, they can end up feeling empty inside and not at all confident or happy.

It's very important for the tenth House to respond to what the Moon asks of it, many of its requirements being about profession and what callings people have. These individuals will be very interested in what they're doing for a living and the social contribution they're bringing.

As the final angular House, this 10th one rules over self-completion by satisfying as many material goals as possible. Individuals having their Moon in it are emotionally

connected with people as a whole, wanting to nurture, protect and make good changes in the world.

It's essential for them to be recognized by the society and appreciated for their achievements. When not recognized, they start to feel moody, cranky and they can even suffer very deeply.

What hurts them the most is being criticized, because they're very sensitive and hold a grudge when someone says something negative about them, while a Mars or Pluto aspect can have them very vengeful.

They should just focus on what they have to do because their emotions can consume a lot of their energy and time.

The ladies having the Moon in 10th House would hate to ask their husbands for money, because they usually start being financially independent from a very young age. It wouldn't matter if they're mothers, their careers would keep going because they'd be great at managing their professional and personal lives.

It's also easy for them to manage other people, so it's normal to see them filling the leading positions at work. They're rather the type who marries men who depend on them as they're very good as family heads and at protecting others.

But after a period, they will want to escape this type of relationship, not for them to be dependent on someone, but to expand their leading roles more. Those who rely too much on others will never get their respect, and they would understand such a situation only if having a Water sign as their Moon.

The men with the same placement love the women who are driven to succeed and dream of a great career. They won't mind building a business with their wives, or if the ladies are the ones who lead or come up with ideas. The girl wearing the pants is something they really enjoy.

They're ambitious themselves, but it would be better for them to marry after they've established a good career for themselves. It's very possible for these males to meet the love of their life at work, because what happens at their job influences their emotions in a great way.

It can be difficult for them to keep their relationships private because they seem to always be under the spotlight.

Helpless when not loving

Moon in 10th House natives need to always be recognized, professionally fulfilled and admired. They have a special charisma and can be very disciplined or responsible when

they're at their emotional best.

However, it can take them a while to get to this level of organization, because they're usually changing their objectives often, so it becomes difficult for them to find a profession they actually like.

They usually worry very much about how others see them or how to fulfill their loved ones' expectations. It can be challenging for these natives to set some goals for themselves, happiness being impossible to get attained when living according to what others want and need.

Because they're so good with people, they can have a great career in the public service or as caretakers. Human resources is also a good suggestion for their talents and what they really enjoy doing.

Moon in 10th House individuals don't necessarily want to settle, because their energy will be very much invested in their image and career. The 10th House rules over public life, this means they will most likely get known and recognized for their talents, especially if the Moon conjuncts the Midheaven.

They will never want to stay at home or to be too private as their main need is to get famous and to establish new relationships. They can have openness towards their Moon sign and offer their most positive traits to the ones who are watching or following them.

A Moon in Aries would make them more charming and passionate to reveal themselves to the world, not caring if their quick temper becomes known to others.

Everything relating to their career and advancement at work will have them more grounded and ambitious. However, it's their emotions that seem to drive them or to provide their need for acknowledgement and dream fulfillment.

Natives having Moon in the 10th House are helpless when not loving what they are doing for a living. That's why they should decide on a career that's suitable with their Moon sign's needs. This way, they'll succeed instinctively, so there would be no frustrations or depression about work.

Because the Moon is involved, they would do a great job as nurses and even doctors. It's important for them to be professionally fulfilled before having children, because becoming parents can change their entire life and make their private existence much more fulfilling.

All the people with Moon in tenth House love working and spend a lot of time building their career. Their need for recognition can't be found in others, so it's very likely they'll succeed at what they do because only this way will people start to admire them.

How long their achievements last depends a lot on the other placements in their birth chart. They will most likely have many ups and downs in their work life, being sometimes popular and other times unknown.

10°-23°20' Capricorn

Short Version [2]

Strength: great capacity for learning, success in foreign lands, lives a prosperous, balanced and modest life, ethical, studies scriptures and ancient knowledge, contemplative, drawn to working for social and humanitarian causes, vigilant to highest good, helps others transform their lives, has a good marriage and a helpful partner, articulate speaker, well-liked; cordial in business, creative, quick learner, knowledge to transcend the material world.

Weakness: hypersensitive, overly concerned with reputation, pessimistic and unyielding

nature, extreme views concerning ethics, excessive generosity that may lead to debt and poverty, develops adversaries and enemies due to jealousy and gossip.

Overview [1]

- Lord: Chandra (Moon)
- Symbol: Ear or Three Footprints. This represents the learning, wisdom, knowledge, and scholarship.
- Power: To connect and solidify. Persons born under the star of Shravana are able to connect disparate subject matters to formulate a comprehensive understanding of the world around them. This makes them excellent teachers and guides.

Strengths [1]

Persons born under the star of Shravana are thoughtful and pious souls. They have all the qualities of a gentleman — patience, forbearance, tolerance, and wisdom. Their noble nature wins them many friends and admirers.

Shravana-natives are clever and hard-working. They know where to exert their efforts so as to obtain the maximum result. Because they don't like wasting their time or energy, they thoroughly plan projects in advance. This strength allows them to achieve great things even without putting in as much work as their peers. In Vedic culture, this is known as "lazy intelligence," or working smartly and efficiently, in a way that gets the job done right the first time.

You are devout, faithful, and a seeker of truth. Your intuition leads you forward in life, even when your path takes you away from the mainstream. You hold yourself to the highest of standards, and you constantly strive for excellence. With the help of a bona fide guru, you can achieve spiritual perfection in this very lifetime.

Weaknesses [1]

Shravana-natives powerful intellect, when not tempered by sufficient humility, can lead them to develop extreme opinions. They can be rigid and narrow-minded in their views, believe that they alone possess the "right" perspective on an issue. This can cause them to make enemies with persons who hold opposing views.

As a consequence of their idealistic nature, those born in Shravana may have unrealistic expectations for their personal career. They may struggle to find work that is both financially sustaining and fulfilling on a moral, intellectual, or spiritual level. As a result, they may not be very well-off in life, and may experience recurring periods of poverty. This can in turn lead to a pessimistic attitude toward society in general, which can further augment their feelings of pride and self-righteousness. It is important to practice gratitude and recognize the many gifts you have received in life. Also, you must learn to see the good in others, in spite of any shortcomings they may have. This will help you remain positive, friendly, and compassionate even when your circumstances become difficult.

Mercury ☿ in III 3rd House

([910] i.thehoroscope.co)

This placement of Mercury encourages people to have some eclectic, diverse, and quite entertaining interests, but the downside is a loss of focus of what is most important.

Those born with their Mercury in the third house of their birth chart are exceptionally adept at using words to portray a complex vision of the world, to present their ideas in an expressive and suggestive manner.

They aren't necessarily the smartest people in the room or philosophers, but they do know how to best use their minds in order to adapt to new situations and make the most of their potential.

They're good communicators who find it very easy to converse with others, to exchange ideas and to reach a consensus through debates and verbal mediation.

Summary:

Strengths: Talented, pragmatic and charming;

Challenges: Sarcastic and arrogant;

Advice: They need to be careful what words they choose, not to offend people.

A passion for knowledge

The third house is naturally that of the Gemini natives, which we all know are the kings and queens when it comes to communication and sociable efficiency.

They can't stop themselves from joining in on random conversations, on imposing their viewpoint with an iron will and going so far as to suggest even more profound ideas.

Professionally, we can safely assume that those born with Mercury in this Geminian house are going to have a brilliant future in domains that capitalize on these traits, creativity, spontaneity, imagination, and communication.

Their interests are eclectic, diverse, and quite entertaining, but the downside is that they lose focus of what is most important, choosing to get involved in more than one activity.

They are interested in absolutely everything, from fashion to painting, nuclear physics to evolutionary biology, morality, philosophy, apiculture, and silk-worms.

There really isn't a limit to what they can achieve in terms of knowledge and cultural information. They like to know, that's it. Know what? Anything and everything.

In a discussion, you can barely utter a single idea that they have already delivered an entire speech and have already moved on to another subject, just like that. The passion of accumulating knowledge in and of itself is their highest goal in this life.

People with Mercury in the 3rd house are well-above the rest of people when it comes to intellectual capacity, and even in how they use that intelligence to achieve their goals and ascend the social ladder.

They are pragmatic, reasonable and rational, and have very good communication skills. Their creativity and imagination imply that they might also be good in artistic fields like painting, singing, writing even.

One thing is sure though, that they will never stop from cultivating their minds, learning everything there is to know about the world.

The positives

They should be careful, though, to prioritize their important responsibilities and obligations, and leave other secondary activities in the end.

Things like having fun, reading a book, going to the theater, these are optional, activities to spend time with.

They might have problems in this regard, organizing their schedule and maintaining it to increase efficiency and productivity.

It's a result of their dynamic and overly-curious nature. They want to try everything, and that sense of immediate gratification is really strong in their case.

It's a given that they have to take a step back, relax and take another look at the whole picture, take care of themselves and try to self-develop.

Ideally, they have to find a way to do everything with the least expenditure of effort.

The Mercury in 3rd house natives are especially endowed with a mathematical mindset. They are able to quickly deconstruct, analyze and systematically arrange chunks of unadulterated data into concrete and comprehensible information.

This is made through the sheer power of reason and logic alone, the rationality that's practically oozing from their brains with maximum intensity.

The clarity and insight necessary for this kind of endeavor are titanic, but they manage to do that and much more.

It's a double-edged blade though because failure would mean a complete demonization of their general meaning of existence, their founding principles of life.

Mercury's third house is populated by individuals who are keen on learning, maybe too keen at times, but it's good that they begin this process from an early age, building the foundation of a good personality until later on when they finally get to achieve their goals.

They are called the jack of all trades, but master of one, and with good riddance as well because they pursue a lot of interests and passions, but don't get too far with any of them.

They are talkative in the sense that they speak when spoken to but otherwise they only say what is essential to be said.

The negatives

One of the glaring flaws of the Mercury in 3rd house people is, evidently, this lack of focus and attention on their interests.

Because they try to increase their knowledge in as little time as possible by pursuing multiple goals, they fail to complete even 1% of what they've envisioned.

Instead, they are left with plenty of chaotic information about a wide range of topics which, although a sign of intelligence and curiosity, won't be of any significant aid in realistic terms.

They quickly make decisions when they have to, often spending very little time in actually thinking about the options and consequences.

They don't like to stay still in one place for too long. Dynamism and the eternal enthusiasm burn incessantly inside them, pushing toward new experiences, toward the expansion of understanding and the accumulation of new knowledge.

Socially, they are pretty talkative, too talkative in some cases, and often annoy people.

Another thing that's crawling inside their brains, gnawing on the neurons, is the fact that they don't extract a practice meaning from knowledge.

Rather, they perceive the process of knowing, in and of itself, as being particularly enlightening and greater than the end result. This causes chaos to envelop and engulf their mental stability.

When there are problems with them, the whole synchronization with the Mercurian third house energies is disrupted, ending in a whole deconstruction of their anchors.

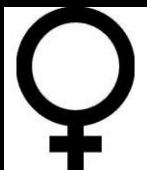

Curious and knowledgeable as they might seem, it's really a matter of destiny, luck, and fate to get through these moments because they obviously can't control nor alter the movement of Mercury or its energies.

Harmony is sought for and desirable, but chaos and disharmony often occupy their lives from time to time.

He finds relaxation in traveling, in seeing the world, in watching the world from above, in a helicopter, or in a hot-air balloon.

However, this is not his only satisfaction, as he can find fulfillment in many practices, both outgoing and introspective.

He could just as well stay cooped up in his hut on the beach for 3 days, enjoying the

silence. He's not one to prefer one-night stands, and he wants to find a permanent partner to explore the world with.

He wants to find a woman who is just as crazy about exploration and adventure as him. He doesn't want to get bored or suffer from inactivity, and he would rather walk the path ahead alone than with someone who's constantly trying to criticize his interests.

Don't try to set a routine for him to follow, and never force him to do something that he doesn't want.

Attracted by ...

He's interested in willful and cheerful women who look at the world with optimism, with the fiery impetus of a conqueror who can't wait to set foot in the castle that he's just put through the sword.

She should be somewhat spiritual or have mystical beliefs because that would make things even more interesting. He believes there is something more to the world than the mere material veil.

Be loyal, devoted, and love his excessive reactions in order to show how much you appreciate him. This native doesn't want a woman who is dependent on him, and he despises deceit and lying.

The man born with Venus in Sagittarius won't soon commit to a long-standing relationship because that would mean he would have a lot of responsibilities, that he would be tied down and his freedom would be inhibited in some way.

He wants to keep this independence, this impetus and drive that are the lifeline to his continuous fulfillment.

In a partner, he seeks the same sense of adventure, that constant nagging feeling that you must get out of the house and just run away into the wilds, with nothing but your will alone.

He doesn't like wasting time on small talk or other such insignificant things when he could be out there, reinventing himself, discovering new and inciting aspects of the world.

In conclusion

The Venus in Sagittarius man is good at making other people regain their confidence, waking up to see the sun in its full splendor waving across the sky.

He's optimistic, bright-looking, and has a rad perspective on the future that no one can shoot down.

He cheers up his friends, brings his partner up to speed with what's been happening in the world, and he doesn't let his enthusiasm drop down no matter what.

It's his lifeline, the energy that powers up his endless drive. It's going to be such a blast having one of these guys around, and you will feel like everything's good in the world.

Seeking freedom and independence is not at all an egocentric or selfish thing to do. Everyone is searching for them in some way or another, but this man just takes it to the next level.

He's the eternal adventurer of the zodiac, and he's never going to abandon this part of his personality.

Naturally, he cherishes and protects his independence with fierce fury because if he were forced to adhere to certain routines or fixed programs, it would truly kill him from the inside.

However, in a relationship, he has to learn that his partner's wishes matter as well, and he is going to have to do some compromises from time to time.

([969] i.thehoroscope.co)

He has quite some eccentric tastes and loves to surprise others with his choices, revelling even in the criticism he attracts.

The Mars in Libra man is someone who impresses everyone he meets. With what, you're asking? That's just the thing, not even he knows that. His entire person is attractive, charming, interesting, and a lot of women swarm in on him as a result.

He just walks by you, and you find yourself filled with the desire to talk to him, to be near him. It's quite a magnetic aura, nothing else. Of course, his attitude and personality match his elusive charm flawlessly.

This man is also a perfectionist with exceedingly high standards and expectations. If people around fail to meet even one of his conditions, he's quickly out.

In a nutshell:

Positives: Knowledgeable and caring;

Negatives: Possessive and impetuous;

Soulmate: Someone who can keep his attention for long;

Life lesson: To fight more to preserve his principles.

A talented individual

This man is cool, chic, and he likes to stay in touch with the new fashion. He is actually very interested in fashion, in how he dresses, and how he keeps on top of the game.

If you're asking yourself who actually wears the weird costumes that a lot of fashion designers think of, you have your answer.

The man born with Mars in Libra will, and he will be quite proud of his unorthodox tastes. He gets his confidence from looking good, from the admiration and gasps that most people nurture when passing by.

Moreover, he's very adept at talking to people and getting what he wants. Either through persuasion, manipulation or just a wink, he manages to coerce anyone into doing his will.

He might just make it on the front pages of the Times for a new technique in a musical orchestra or a fresh method of applying paint on canvas. The thing is, he can be extremely imaginative and creative.

Considering that he is greatly endowed, artistically speaking, as well as having a tendency to harmonize his ideas, it's not a surprise that he has a splendid future.

He can also take on the mantle of a professional writer, with the pen being his sole

weapon, the creator of worlds and lives.

Public speaking is also good for him. Even weirder is the fact that he despises competition and conflict. Why can't everyone just get along and do their thing in perfect harmony?

If need be, he will try to outwit his adversary with cunning words or an ingenious strategy, but direct confrontation is out of the questions.

The Mars in Libra man wants to instill the sense of justice in the people's mind, for everything to be fair and square, no trickeries or injustices allowed.

He struggles hard for this goal, and he uses every bit of knowledge and method at his disposal to make his peers see the right path ahead.

He can easily substitute himself for someone else and see the world from another perspective. This is why he deeply understands the problem of injustice so well.

A higher cause is all they need to get to work. The emissary of peace and prosperity, equality and mutual understanding, this is what the Mars in Libra man is.

This astrological combination is quite ambiguous and hard to understand, and one could wonder how in the hell can this man lead a good life.

The problem is that Mars, being the planet of war, combat, and fiery energy, will drive him to take on the sword and shield, get out into the world and make a name of himself.

His upbringing taught him that patience and meticulousness are capital, that he should first take a good look at the situation, plan ahead, and only then descend on the battlefield.

He gets his way most of the time, but Mars in Libra constantly nudges him forward, toward aggressiveness, impetuosity, bravery. Also, he's a ladies man, always flirting with a lot of women.

Full of compassion

The Mars in Libra man feels the need to show his appreciation to others, and no one can object. After all, who doesn't like to be praised? Now, to get to the surprise, find out now that this man can also be very affectionate and loving to his partner.

Guess why? Well, because his natural astrological planet is Venus, the planet we all know is connected to the power of love, belonging and harmony.

He'll be a very devoted and compassionate lover, willing to do anything to make the

other happy. He might exaggerate and try to force his partner to see him as romantic and attractive by making use of his verbal manipulative skills.

He is polite and he knows how to take care of his woman, to fulfill her every desire, to make her feel protected, safe, happy, and most of all, satisfied with her lifestyle.

She'll take her from work, cook her dinner, serve her a morning breakfast, and generally wear a bright smile whenever she's around.

He's very intelligent and curious, so it would be incredibly satisfying to see his partner come up with an interesting subject, one that many others have debated.

He likes to brag about his culture and accumulated knowledge a lot because he wants his partner to know what kind of man he's with. He does tend to let her take the initiative and decide whatever they're going to do, and this is a big downside.

It becomes difficult and uncertain to pinpoint his romantic potential because he cares about social acceptance quite a lot.

He wants his woman to be attractive, to know her way around social events, to be communicative, extroverted, and diplomatic, friendly and outgoing.

He is willing to let go of all other traits, positive characteristics, and even flaws if his woman will deliver him a good social standing. She should be dominative, reliable, confident, and bold. The Mars in Libra man prefers to be the sensitive and passionate one.

In conclusion

He's basically a people-pleaser who does everything with the express thought of satisfying the social expectation and staying in line with the societal regulations.

If people appreciate and praise his efforts, he's fulfilled and doesn't need anything else. If the world doesn't agree with any of his endeavors or interests, then he might as well give it up.

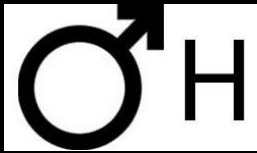

He's very creative and intuitive, often coming up with great ideas, each more innovative and interesting than the last.

One of the few instances when he's willing to go against his better thought and confront the world is when he sees an injustice committed.

That's when all his instincts start crawling back out, and his perfectionism takes the reins. As long as his partner is affectionate, attentive, and devoted, he will sacrifice everything to make her happy, to bring a smile to her lips each and every day.

If his partner is disinterested and cold, he'll follow the code of equality and detach himself emotionally as well.

Mars in 7th House people may be a little bit tense sometimes, but you can be sure they will always come up with creative ideas and have a lot of energy.

They really like being challenged, so keeping their life active is the only way for them to be happy. It's normal for these people to provoke others just to see their reaction.

It's difficult for them to cooperate with others because they simply can't compromise, no matter if they're contradicting with their other half or their parents, or if peace could be brought to a fiery discussion.

If they don't struggle to change all this and understand how the misaligned energy of Mars works, they'll continue to be aggressive and domineering.

They only analyze themselves when involved in a relationship or when interacting one-on-one. These natives may start many conflicts when married, because they like their partner to be opinionated and their energy is very conflicting.

This is also one of the reasons why they find it difficult to work in teams, coupled with the fact that they always want to be the leaders.

Being less straightforward and a little bit more charming would really help them, while some compromises would make their life sweeter than sugar. When being so confrontational, they can attract many enemies and offend people they truly care about.

It wouldn't matter how devoted and hardworking they'd be when it comes to relationships, these could still get easily destroyed with a wrong word. When marrying, they do it for a lifetime and are the most supportive spouses or even friends.

Mars in seventh House individuals have the planet of war in the House of partnerships. That's why they may focus only on themselves and not care about what others think or want.

However, they will still invest a lot of their time and energy into their relationships, no matter how much they're arguing with their friends or partners.

Because they're very independent and eager to lead, many may not understand who they really are. As said before, they should try and be more charming and less tactful. Always wanting to fight is not at all in their advantage, so a little bit of diplomacy would only do them good.

When in love, they're more into the chase than into what this game brings them in the end. Supporting fair play and eager to always take action, they're not in any way depressed when losing a fight.

It's very likely they'll marry someone optimistic, energetic, independent, bold and capable of standing on his or her own two feet. It's like they're looking for someone who can play hero for them. Mars makes natives with this planet in the 7th House very passionate and devoted when it comes to love.

Their partner can trust them to be loyal and faithful for a lifetime, because they love playing the hero and remaining true to those they love the most.

However, the position of Mars in the 7th House may create some problems for their

marriage and business relationships, because it makes them impulsive and a little bit violent.

They will probably marry very young and in a rush, so the chances for tension to appear between them and their spouse are very high. The same placement makes them very good salespeople and marketers, because they really love to compete.

If they choose a profession in one of these fields, they will most likely deal with the most difficult situations early in their career. As they always want to be first, their success is almost guaranteed.

Practical aspects

Very sexual and energetic, Mars in 7th House natives seem to never stop after they get started. That's why they need a challenging partner who can stand his or her ground.

Loving conflict, these people will always try to argue with their friends and lover, showing their aggressive side. If they want a more peaceful and harmonious life, they have to compromise more, because it's normal for them to just start fighting instead of carefully listening to what others may have to say.

The energy of Mars is very intense in them, so they need stimulation and to have small quarrels all the time. The type of people who just agree bore them to death, because they want to be contradicted and presented strong arguments they can attack. Those who can't stand up for themselves will never have these natives' respect.

Their personal relationships will all be with people they have had big arguments as this is the way they make friends. Not at all empathetic or able to see situations from another point of view than their own, Mars in 7th House people simply refuse to think there are alternatives to what they want.

They're very attracted by natives who have a strong Aries or Mars influence in their birth chart. Their attitude makes them great military employees, so it's not impossible for many of them to wear a uniform, be it of army, law enforcement or the fire department.

They immediately become angry when provoked, having a solid figure that seems to never put on too much weight. Many people will be attracted to the way they look and the sex appeal they exude.

When meeting a person as sexual as them, they become blindly in love and start dreaming only of making love with that person.

If were in a too harmonious marriage, they would think that something is wrong. Some of them will look for a partner who's their opposite and just go with the flow of the relationship.

If Mars is in good aspects, they'll most likely be sports people or have hobbies that require them to get physically engaged. The thing is, they need to somehow use their Mars' energy and do something constructive.

They will travel everywhere with their partner, do skydiving or ocean diving to study strange species of fish. While competing with their other half, they will still love sincerely and work hard for their marriage or relationship to work.

The downsides

Individuals with Mars in the 7th House are made very aggressive by this planet. They can insist on the same matter forever and can't seem to keep it together when annoyed.

Learning how to relax and no longer looking to argue with their partner would make their life more peaceful and harmonious. Slowing down and not rushing to fight can make them happier and more appreciated by others.

If they're always excited with contradictions, their lover may want to run away from them.

Relaxing and enjoying the little moments of rest would make their partner love them more and they'd no longer be so stressed about a very possible break up.

Mars is considered the planet of mischievous actions and aggressiveness. When in a negative aspect, it makes the natives having it in the seventh House very tense regardless the situation they may be involved in.

When in the House of marriage, expect natives with this placement to have real problems with their spouses. But no matter the aspects of Mars, people having this planet in their 7th House will always want a partner to compete with.

Passive individuals bore them, as they're looking for someone who always has a story and is ready for a fight at 2 am in the morning. Of course, people can be different, and things are not necessarily the same with every personality, but Mars' influence is always strong, so discovering it may require a lot of passion and patience.

Mars in the 7th House in a nutshell

One thing is sure: individuals having Mars in the 7th House need to learn what compromise is, because they're desperate to get involved in conflicts and are continuously looking to pick up a fight.

Their friends and family may not agree with all of this, so they risk losing people who love them if they keep looking for arguments everywhere.

It's very possible they'll end up without any help from others because of their attitude.

The world doesn't revolve around them, so challenges are a means of self-improvement, not of finding reasons for arguing.

Getting busy may help them forget all about wanting conflict in their life. It's suggested they listen to what others have to say before starting to argue. It can be very surprising for them to discover different solutions than their own are also very effective.

Being more open-minded can change their entire perspective on the world. They don't have to give up on their beliefs, but they can identify great opportunities by listening to others a little more.

Jupiter ♃ in ♏ Pisces man 20° 14'

([1004] i.thehoroscope.co)

If you have Jupiter in Pisces you are using your intuition to achieve what you want.

People with Jupiter in Pisces are intuitive and good healers because they play with the subconscious a lot, whether their own or that of other people.

Jupiter has no limits and the Pisces sign is empathetic, so it can be very easy for people born with this transit in their natal chart to get lost in what others are dreaming.

That's why they need to set some limits and use crystals or sage that can clean their energetic field. Not to mention they are also prone to different addictions.

Jupiter Pisces will always be the hedonists of the zodiac. The fact that they are also romantic will make them relentlessly search for their true love their entire life.

As they are fascinated by the human mind, they could be great as yoga instructors, astrologist and even hypnosis-therapists. They are also good musicians or dancers. Basically, anything that has something to do with creativity would suit them.

As the second ruler of the Pisces, Jupiter is in power in this sign, together with Neptune. Jupiter Pisces are mystical and spiritual. They could easily guide others towards living a better life. It's easy for them to support people in their most difficult moments in life.

In a nutshell:

Style: Spiritual and compassionate;

Top qualities: Imaginative, loving and expansive;

Weaknesses: Fixed nature and oversensitivity;

Advice: Pay attention to the explanations of those close.

The impact on personality

The generous Jupiter can make everyone more aware of their consciousness. But because Jupiter is the neighbor of Neptune, the planet ruling Pisces, it's very unlikely the changes this planet can make are going to be very dramatic and noticeable.

However, the transition will bring a quiet type of knowledge, no matter if the natives will meditate or just have a walk. They will probably dream and have visions of all kinds.

It will be a mystery how truth will reveal itself to them. And they won't be able to explain their experiences with the surreal. Either way, Jupiter Pisces will still get great ideas from another plane of existence.

But they will think with their heart, not with their head. We have to gain our own access to the first and most important experiences in our lives. We have to exist as separate personalities to identify our needs.

However, Jupiter Pisces believe more in the wisdom obtained from compassion because for individuality we need to be fearless and less prejudiced. But don't think that if Jupiter is in Pisces, these people's problems will immediately cease to exist.

However, for an entire year while the passage will happen, Jupiter Pisces will be more compassionate, forgiving and balanced when it comes to their relationships with others.

But their artistic side will nourish their soul, while making them more capable to work hard towards a tangible purpose. The more compassionate, tender and devoted Jupiter Pisces will be, the more luck and good things they will attract.

They love to help anyway. It's like they need to give a hand to the less fortunate. Empathetic, these guys can feel others' pain. And all they want is to make things better for everyone. Their imagination and creativity will help them be great artists.

Any occupation involving the art of healing would be perfect for them. Their interest in the occult and fantasies can't be seen in other signs. Not interested in the material world, they're religious and deep. Not to mention they prefer seclusion over big groups.

They don't want to be in the center of attention, so they'll most likely work from behind the scenes. Sensitive and easygoing, they will probably not have too big ambitions. People will take advantage of them because they are very giving.

But many will like them just the way they are because they have a thing that just gets to others' soul. It may be the fact that they are good listeners, kind people and idealistic dreamers.

Out of all the signs in the zodiac, Jupiter Pisces are the most likely to develop psychic abilities. It can be said they have a large vision and that they are able to understand this life is nothing but a stage for us, the actors, to play our roles on.

Spiritual people, they will most likely know all kind of religious rituals for soul-searching and cleaning. Jupiter Pisces are expansive and want as many people as possible in their life. It's easy for them to get together with others and they are very tolerant with their friends.

No one will be excluded from their life and they will be the shoulder on which everyone cries. And they will understand every problem because they are intuitive and good psychics. They can't stand to see people in pain and are known to get satisfaction from making selfless acts.

Understanding the main tendencies

Being of help makes Jupiter Pisces natives shine as they are empathetic and sensitive, the most nurturing and kindhearted sign in the zodiac. And Jupiter makes them even more like this.

That's why they would be great as social workers, veterinarians, counselors. In general, they feel good when they are helping people or animals in need. Expect them to give a hand to any creature that comes their way with a problem.

They are good psychics, but just like the Jupiter Cancers, they can be insecure about their abilities and instincts. So they may not allow what they are best at to work in their favor.

A negative way in which Jupiter influences them is that they can become escapists and see things only the way they want to see them. They can have these rose colored glasses all the time. It's normal for them to build their own reality and not be able to distinguish fantasy from reality anymore.

When Jupiter transits a Water sign, those affected may try to escape the real world by abusing alcohol or drugs even more than those with the Sun in Pisces. If it happens that both Jupiter and the Sun are in this sign, expect people with this transit in their natal

chart to be extremely sensitive to substance abuse.

Not to mention they could get depressed very easily. But after all, they are the artists, the poets and the dreamers of the zodiac. Jupiter helps them dream big, because they are so good with people, you can find them volunteering for the homeless and the poor.

It's their fantasy world and their sensitivity to drug and alcohol that makes them drift away. When it comes to their own good, they may not know what's best for them. When it comes to consistency, they surely don't have it.

But with some meditation sessions, they can become better and even escape what stresses them. If they want to be luckier, they need to be sensitive only when it really matters. Not trying to escape reality would be helpful as well.

The Jupiter in Pisces man

It can be difficult to read the Jupiter Pisces man. Not only he's dual and conflicting, he's also mystical and this will be felt in his love life. As a matter of fact, it may be interesting in the beginning but it can become a problem with time.

The best thing with this guy is to ask him his honest opinion every time. He will always be interested in the deepest life problems and will give sound advice. Because he's a big philosopher, he will often be lonely.

Jupiter will help him develop his relationships with others. Mysterious but loyal, he's also progressive and familiar, especially when he gets encouraged by the Jupiter Pisces transit.

Therefore, they may need to borrow all the time from their friends and family because they don't have enough.

If the Great Benefic in 12th house is in Sagittarius, Virgo or Pisces ascendant, they may build a home for themselves in a different country than their own.

An Aquarius Ascendant suggests they may make money by traveling. People with Jupiter in the 12th house are very compassionate and open to offer their help to anyone.

Expect Jupiter in 12th house people to receive many apologies from the ones who have crossed them.

What they don't know is that Jupiter usually brings positive things when it comes to such events. A combination of Neptune and Jupiter can bring many miracles into their life, in the forms of manifestation of their most secret wishes and some experiences with the spiritual realm that they're not even dreaming of.

A lot of these great things will happen when they'll try to be alone and also to meditate. They should be careful when talking to others about all this because their spiritual life should rather happen in private.

The more sensitive and emphatic they become, the more spiritually protected they'll get to be. It's possible for them to become free of self-destruction and unexplainable fear because Jupiter functions like their guardian angel.

They're more able than others to interact with their subconscious. If they'll be open to give and volunteer with different charity organizations, they'll get to feel more rewarded than ever.

Since being mature happens only after more experienced has been accumulated, they need to allow themselves to go through both good and bad situations while working hard on making their dreams come true.

It's important for them to sometimes recharge their batteries and organize their thoughts, so they shouldn't just run away from their problems and deal with them by meditating and reflecting on what life is. Abandoning the ship and not making any efforts for things to take the right turn would be disastrous for them.

Individuals having Jupiter in 12th house should not allow people to take advantage of them because their luck may turn bad with such a situation.

Standing up for themselves and being honest is what they should in fact do all the time. It's sometimes too easy for them to just step on others to get things done their way, but this doesn't mean they shouldn't protect themselves from those who have bad intentions with others.

No matter what, these natives should always continue being optimistic. It may be difficult for them to have things in their mind organized this way, but with a little bit of effort, they can imagine anything and keep up a good attitude.

Being fearful that they may fail and not having confidence in themselves will make their luck disappear.

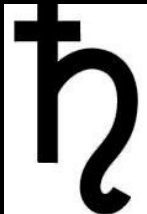

The more they'll look to get spiritually fulfilled and meditate in seclusion, the more there'll be inspired to do great things. It's possible for these natives to make at some point in their life a great sacrifice in order to make some of their dreams come true, but they should forget all about it as soon as it will be done.

Their curiosity about science and healing, or even the occult, can have them searching for knowledge and wanting to know more about many different things connected with these subjects.

For them, there is either complete victory or utter defeat. There are no half-assed attempts, only definite and straightforward achievements.

Symbolically, this native's responsible and relentless personality is similar to the rough hardness of a diamond, immutable even in the face of time itself, let alone outside attempts to break it.

With great ambition and one singular idea to pursue, for the time being, this native produces immense quantities of effort and galvanizes all their inner potential in order to attain their innermost desires.

Professional advancement represents the essential factor that counts to them toward a happy and comfortable life. In this sense, they very much prefer to work alone because, on the one hand, they fully know what they are capable of, as well as the limits, and on the other hand, they don't do well in coordinating their efforts in a team project.

In order to truly bring out the best in them, these natives prefer working in an organized environment, where they can peacefully devise a plan, deconstruct ideas, work things up on how to achieve the desired outcome.

It's very easy for them to have the best results with this in mind, and one of their biggest fears is not being validated for their hard work.

Appreciation matters a lot, because it inflates their ego even further, and most individuals, who believe themselves to be smarter than everyone else, like this feeling.

Dedication comes with time, and it comes from a desire to achieve something, to find fulfillment. There are plenty of reasons why people work hard, but the Sagittarian Capricorn works out of a need to feel in control of any situation.

If they were to let everything play out without interfering, the end result would be random, out of their control, way too unpredictable for comfort.

Relaxation time comes only after all the responsibilities have been taken care of, and since they seem to never finish their work, or they always find other outlets to pour their unending energy in, it's a given that they don't take the necessary time to enjoy life as well.

On their path to achieving a secure and stable lifestyle, they might forget about living life in general.

Their love needs

For all the responsibility and pragmatic efficiency that they demonstrate to have in professional life, things are very different when it comes to intimate relationships, to love matters.

Because they tend to focus too much on their plans and projects at work, they constantly forget about taking the time to take care of themselves, and this obviously means that their partner will feel neglected.

However, family and personal relationship matter at least as much as professional success, it's only that these natives often get too focused on a given project.

Social skills are very developed in their case, especially speaking abilities. Saturn Capricorns can be persuasive, manipulative, and can really deliver a great speech in front of an audience.

You should never get into a debate with this native because they're going to turn you upside down and make it seem like you were wrong, to begin with.

It also doesn't help that they're down-to-earth individuals and will likely never over-step

certain logical barriers.

With a laborious attitude and a confidence to scare gods away, the Saturnian Capricorn is equipped with everything they could ever wish for.

Indomitable will, scorching passion, a boundless source of spirit and energy, resourcefulness, they have all the qualities that warrant a great future, and they will achieve it by taking on any and all challenges.

Working for their family, for their close ones, or just for the sake of their own development, the rise on the social ladder, this native may have a slow pace, but it's a steady and unstoppable advance towards the epitome of success.

With this much potential at their fingertip, much of it granted by Saturn, it's no longer a surprise why these natives prefer working alone.

It's because there is only a handful of people who could be a match for their ambition and perseverance.

The Saturn in Capricorn man

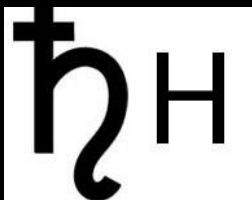

The male counterparts of the ever-so-successful Saturnian Capricorn women are endowed with the same obsession for rules, regulations, principles, and look on life as a playground to experiment in.

If they have success in their careers, then it's going to reflect in their general disposition. If you stumble across one of these natives, you'd better make sure to keep them.

Uranus ♅ in ♋ Cancer man 10° 22'

([1044] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Cancer in their natal chart are the homebodies of the zodiac. They are very attached to the concept of family and have strong bonds with their loved ones.

However, they may be tempted to try to change things a little bit, bring about the unconventional aspect here. The family they're most close to might not be their natural one, but a social group that they've invested time in.

The thing is, when they spend a lot of time with some people, and engage in activities together, a sense of fostering, of loving shelter starts blooming, and this feeling of tender comfort transforms into something permanent.

In a nutshell:

Style: Insightful and compassionate;
Top qualities: Generous and affectionate;
Challenges: Not using your potential fully;
Advice: Be careful about burning bridges with estranged friends.

Personality traits

The Uranus Cancers are rather eccentric and out of place with their innovative perspective about family and home. They play it out quite safe in other domains, but

when it comes to decorating their home, for example, they venture out into undiscovered lands, bringing in only the quirkiest and weirdest additions to the table.

New pieces of technology are welcomed as long as they are practical and have an established role. You can't dismiss this native that fast because their ideas are very intriguing and fun.

However, they can feel pretty disappointed when others don't appreciate their ideas or dismiss them from the get-go. They want them to at least try to understand them and be open to the new.

The truth is, the ideas themselves are not the reason people avoid them, but rather their chaotic and unrestrained behavior. Going to great lengths just to implement a plan is all fine and dandy, but when you don't have a pattern and seem to just try anything that comes to mind, people won't react nicely.

The Uranus Cancerians need to better manage their emotions, and not let themselves be taken down by one mean comment.

These people are very intuitive and instinctive, basing most of their decisions on how they feel at that moment, what seems to be right. In this sense, they are very enthusiastic and express themselves fully and with vitality, with nothing left out.

Most people could have a wrong impression about them, that they lead their life based on the howling of the wind, by the number of leaves fallen from a tree, but it's nothing of the sort.

They might involve themselves in some organizations that wish to change the aspect of society, to bring out new developments for the betterment of the people, and so on.

The reason they appear to be very annoyed and hurried is that they are very sensitive to the natural changes of the world. They are very responsible and self-aware individuals and don't dare to take anything for granted.

What others don't even look at, these natives hold in high regard or give it a significant role. Their irritability needs to subside in time, but they could help this process by finding the time to relax.

A challenging love

Emotional instability makes them very difficult partners. A relationship should be based on devotion, affection, understanding, but when they get depressed and start crying from just being contradicted, that's not very healthy or desirable.

Moreover, difficult situations are very straining for them because they have many

uncertainties, irrational fears that stop them from taking the proper decision.

What matters is that they let these feelings come and go, while they maintain the same open-minded approach. There are conflicts and arguments in any relationship, and you don't see people breaking up after only two weeks of staying together.

Obviously, they can come to an agreement, either through empathy and emotional understanding or reasonable thinking.

The good and the bad

When they're feeling under the weather and unappreciated, the Uranus Cancers can be very inefficient at their work, and even worse lovers.

So, to fix things up, try to show them how much you love them, to give them the much-needed support that's lacking. Maybe even suggest finding a job closer to home, or even work from home, as that would really take a lot of stress from their schedule.

A place that they've invested their time in, where they work day and night to keep nice and relaxing is the best place for them to work. It refills their battery constantly, and once they're at their best, nothing can stand in the way of these natives.

The best thing about that, that supernatural third eye that seems to sense the future is also one of their worst flaws, given their natural uncertainty.

It's not always good to have such a strong intuition because if you aren't resolute and confident, any slight disturbance in the natural order of the world will scare you out of your wits.

Their ideas are very productive and down to earth, with some being a little idealistic, but if they can't stand behind them until the very end, it's all for naught. If the slightest obstacle is enough to put you down, you have to work on resistance and confidence.

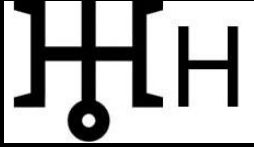

The Uranus in Cancer man

The Uranus Cancer man feels everything at a completely different level than most of us do. He is affected by the workings of fate, by the words of other people, by his own failures, by a successful plan, and this heightened receptivity acts as both an incredible advantage and a downside.

On the one hand, he can solve almost any problem from the onset because he can see how it's going to evolve further down the road, so he has the perfect solution.

On the other hand, he can be really taken aback by other people criticizing or looking down on him, and he may need reassurance. Furthermore, he is split apart between the cold and rational influence of Uranus, as well as his innate emotional sensitivity.

([1056] i.thehoroscope.co)

This placement of Uranus makes people crave freedom and hate to feel tied down even in the slightest.

People born with Uranus in the fourth house in their birth chart can have a pretty chaotic domestic life. For example, they can move a lot because they need to change or have been used to it as children.

They may have to find all kind of different ways to show they care and that they want to support their loved ones with all of their heart. Because they're pretty unconventional when it comes to their family life, they may need to work on being more dependable.

Summary:

Strengths: Resourceful, hardworking and approachable;

Challenges: Overly emotional and inconsistent;

Advice: They should seek for ways in which to show that they care.

There are many unexpected events coming their way, therefore, their patience is always tested because they may be feeling they don't have any control over their life at some point.

This can happen especially if Uranus is in square from their Ascendant. There is also a good side to all of this as they can learn how to approach things in different ways and really don't have the time to get bored.

Their family shouldn't condition them in any way because they would only want to run

away if this would be to happen.

The weird and eccentric Uranus makes natives having it in the 4th house very strange in the way they care about others. This means they don't know how to love someone without being weird about it.

Since this planet hates feeling tied down, the natives of this placement may have a need to always run away and to do only what they want.

It's also possible for them to just stay at home and provide while their mind thinks of doing something adventurous and much more interesting than just caring for others.

As a matter of fact, many of the Uranus in 4th house individuals have been raised exactly to be this way and didn't get too much emotional support.

However, they're always well-intentioned, no matter how eccentric and aloof they may seem. Their home will be furnished with all sort of high-end gadgets that are meant to make their life easier.

When it comes to their emotions, it's possible a lot of things from their childhood have made them inconsistent and even a little bit cold.

For them, being nurturing and giving with feelings can mean an existential crisis because they haven't seen as children how this can get done.

If Uranus doesn't happen to sit comfortably in the 4th house or is situated on the IC in their chart, their psychological buildup would be like on autopilot, sounding the alarm each time, something is about to happen, regarding the emotions of others.

Therefore, they don't know what to aim for in terms of feelings. Always restless, these natives aren't really aware of their ways with intimacy and don't expect for blissful things to happen in their life, especially when there wouldn't be a good reason for such events.

It's normal for them to simply not understand what others are transmitting in terms of emotions, and no one can ever be capable of changing this.

Don't expect them to ever open up or be warm as in their mind all this would mean losing their authority and no longer having control over their destiny.

They prefer to just sail alone and not get comfortable with the warmth and coziness that deeper relationships could offer.

Blessings

Those who happen to be around natives with Uranus in the 4th house know the struggle

these people experience when having to take care of their family and also themselves.

It's essential they're being helped by someone when it comes to the domestic duties and any other type of responsibilities related to their household.

In case Uranus in the 4th house is in a comfortable position in their chart, they will be the type who can move past any obstacle and difficulty in life.

However, they won't be spared from fearing the attachment with their own roots and the feeling of being nurturing.

They will only think it's natural for them to be like this and it doesn't have anything to do with any childhood trauma.

Individuals with Uranus in the 4th house are really objective when it comes to the hard times there may have encountered. It's easy for them to heal than it is for others because their emotions seem to be someplace else.

When recuperating, they prefer to observe how their own mind works and try to develop more so they no longer encounter any type of nasty incident that already has happened to them.

They can even heal wounds from their ancestral line since such karmic things are very possible and many individuals leave them unsolved.

When helped with the everyday issues, they feel like the entire world's list of problems has been lifted from their back.

Those who give them a hand will always be appreciated and valued. When having a little bit of more free time, they usually spend it with the family and relax.

Uranus in the 4th house has the effect of making people more balanced when it comes to their emotions. It also helps them build a very comfortable home for themselves, a place where they can retreat after a long day at work.

Challenges

It's normal for people with this placement to spend some time alone in order to gather their thoughts. They need their peace to figure out their goals in life, so you won't find them in bars or clubs too often.

These natives resent chaos and being alone makes them feel better as during this time, they can clear their minds.

Because they don't want to let people down, they may feel guilty when spending too

much time in solitude. They really love their friends and family, therefore, they wouldn't want to do something to hurt them.

One thing that could help them be more nurturing would be to look back at their childhood. It's possible to discover their parents weren't quite giving with emotions, so they shouldn't repeat the same mistakes with their own little ones.

The influence of their parents could even make them behave in conflicting ways in their relationship with a partner, especially when not agreeing with their other half on the same things.

Perhaps they won't recognize their childhood is influencing them in the present, but this is surely happening.

Uranus being uncomfortable in the 4th house is an indication that natives of this placement have gone through some traumas during their childhood or in their past lives.

This probably had something to do with their family or their home, more precisely with the way they've been nurtured by their parents. Their soul can carry unconscious memories from previous life cycles, so these natives may have had issues with exclusion from their family, exile and even the loss of a parent.

There is also the alternative when their mother or father could've been complete strangers for them, so they ended up being very cold and detached because of this.

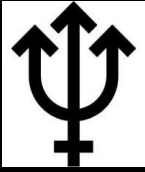

There are cases of Uranus in 4th house people who have such unconscious memories about losing a property or perhaps they used to travel a lot and didn't get the chance to put their roots in one place.

It's essential for them to notice they always need to move around and to be flexible when it comes to their home.

Therefore, having more places to live and traveling between them would be something that brings them a lot of energy.

Not to mention it's not at all suggested for them to invest in only one property because in their unconscious, they all the time need to move from one place to another, which can, at the same time, really bother their partner. Steadiness is not at all in their character and they should be aware of this thing.

The negatives

One of the worst things about the Neptunian Scorpio is that they prefer keeping their thoughts to themselves, even though there are times when they shouldn't do that, like a problem that keeps eroding everyone's patience and calmness.

It can be quite confusing as well because other people don't even know when they are happy when they don't like something, and this can be quite problematic.

Moreover, paradoxically, they are also very passionate, with a lot of love to offer to their partners. Possessiveness, jealousy, even hatred are possible if the situation reaches that level.

Pluto in Capricorn in love

Even though falling in love is an edifying experience for most people, and there are also plenty of reasons to believe love itself is a force to be reckoned with, those born with Pluto in Capricorn in their natal chart, don't really buy into this view.

They don't believe that love holds that great of importance to one's self-development because it doesn't really help with surviving in this cruel world. As such, they're going to put it on the backburner until they manage to create a situation for themselves.

The only way they could look at love in a different light is if the partner would agree with being a comrade in arms, ready to assist against the struggles of existence.

In the fight for supremacy and social status, there will be many collateral victims and many conflicts that render many crippled. Hope you understand that these natives are not about beauty and romantic experiences, but rather want a worthy life companion.

The Plutonian Capricorns see love as a partnership, a life-long commitment to aid one another in times of need. They are pragmatic like that.

The Pluto in Capricorn man

The last generation of Plutonian Capricorn men marked the appearance of the ever-so-serious individual with a razor-sharp focus, cool attitude, and immense ambition.

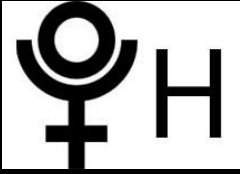

These men let nothing stand in their way and even lack some basic empathic skills as they rationally approach day to day interactions.

With challenges waiting around every corner, they are always prepared for the worst, always rowing forward through the difficult storms and whirlwinds of life.

Emotionally, these men are truly lacking when compared to women with Pluto in Capricorn, but this can also be considered to be a myth. The truth remains that there are still things that touch their hearts. It may even be that their sensibility increases with age. Plus, deep inside, these men know that empathy and emotions are essential in relationships.

They might learn it the hard way or completely avoid them but they are aware of their importance. No one says that you should start crying whenever a tough situation appears, but at least admit that you do have feelings as a reaction to it.

Pluto ♅ in X 10th House

([1110] i.thehoroscope.co)

This placement of Pluto makes people benefit from razor-sharp focus and become determined in overcoming any narrow-minded beliefs of those around.

Those born with Pluto in the tenth house of their birth chart are always focused on their career, advancing up the social ladder, polishing their skills and getting better and better results at work.

They devise well-defined goals, plan out ahead of time and strategize, taking into consideration any possible dangers, and follow through with unshakeable confidence, ambitions, and grit. They research a lot, gain the necessary knowledge and know-how to make their lives a paradise.

They are perfectionists as well, all-in or nothing at all individuals who want nothing but the best. They probably had a parental model to reach such levels of excellence and work ethic. These principles couldn't have appeared spontaneously like that. Instead, they must have been nourished.

Summary:

Strengths: Creative, firm and visionary;

Challenges: Manipulative, disrespectful and complex;

Advice: They need to learn how to talk and communicate effectively with different kinds of people.

There is no middle ground

Pluto in 10th house people are very special individuals who can't help but make a good impression on whoever meets them.

Their unique and otherworldly presence, the serious attitude when involved in a project, the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are very good with people.

They won't ever back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also

become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

The goods and the bads

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results. They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

If they have to change those principles and habits, it's going to take a while, if they're willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

North Node ♌ in ♋ Cancer 8° 13'

(Georges Muchery)

The Dragon's Head is favourably situated in the Moon's domicile. It brings light in the darkness which may surround the native, helps him to see clearly into his affairs, and to act judiciously without hesitating. If inimical people (or events) encompass him, he will soon discover their weak point, and thus conquer them. The position is a lucky one. It gives the opportunity of extricating oneself from trouble and of overcoming difficulties through one's own good management. It is a sure protection, and a promise of progress without strife or violence.

The Dragon's Tail in Capricorn is a very evil position. It brings with it sorrow, and a tendency to neurasthenia, which it is difficult to overcome. It gives the native a character or disposition which is subject to constant changes; it is also a sign of disappointment in love through the native's own fault, as he has not the gift of attracting love. It is not always detrimental to the worldly position, but the native will not know how to enjoy life; he is ever seeking trouble, and this does not help to create a cheerful atmosphere for those who come into contact with him.

(Isabel Hickey)

North Node in Cancer gives domesticity and a mothering nature. Integration comes

through furthering these qualities. Great sensitivity toward the suffering of others. Homekeeping would be an integrating force in the life.

South Node in Capricorn would show past habits of selfish ambition and a desire for power for self and to dominate over others. This tendency would have to be faced and overcome.

(Martin Schulman)

Here the soul enters the current life with much inner pride. The individual finds it difficult to understand why others do not show him the strong respect he has been accustomed to in past incarnations. As a result, prestige and the pursuit of dignity continue to be the motivators of all actions.

Some with these Nodes will even marry to achieve the social status of the subconscious Capricorn memory.

In past incarnations this soul worked hard for recognition. Without losing selfrespect, he would have been the original ham, going far out of his way to attract attention. At times this would even mean imposing undue punishment upon himself if he knew others were observing. Now he would like the world to know how burdened he has been so that others can see him as a martyr.

He continues to make his work harder than it actually is, never seeming quite able to finish meeting his current life responsibilities and obligations.

Since he is always living in the past, he has a habit of bringing the consciousness of all his past burdens with him into the present. This makes his present life much heavier than it need be.

The one thing he has not yet learned to tolerate is failure in himself. He is wellpractised at actually making himself physically or emotionally ill in order to avoid coping with situations in which he expects to feel inadequate.

He sees the world through an attitude of self-righteousness, whereby the actions of others are rarely condoned but often condemned. He keeps this to himself, however, for it would damage his sense of personal esteem should others know that he has been fitting them into his secretly devised caste system.

In prior lives he was highly opinionated and strongly resistant to taking advice that would affect him personally. Now he still believes that one's personal life is strictly a private matter. Consequently, around all things which relate directly to himself, he builds the 'Wall of China'. It would be futile for anyone to try to break in, for at the slightest personal criticism, he starts adding more bricks to the wall.

Lifetimes of materialism make him an opportunist, placing himself wherever there is something to be gained. At the same time, he is 'penny-wise and pound-foolish', for he is known to be stingy in the midst of emotional bursts of extravagance.

When he sees advantage, he will turn cold and calculating so that no weakness within himself will prevent the attainment of a goal on which he has his sights. He will turn weakness in others to his own advantage. Wherever there are loopholes in the law, he can find ways to squeeze through. So intent is he on managing all he sees around him that his entire current life becomes a personal crusade to prove his worthy capabilities.

In past incarnations, his soul learned the art of accomplishment. In order to do this, there was little regard developed for others. Now through the Cancer North Node, he must learn how to give nourishment as well as receive it. Many with these Nodes experience strong family burdens so that they may come to know the emotional needs of others.

Sexually, the soul is learning how to take on the feminine role in this life. The karmic transition is from coldness to warmth - from age to youth. Many with these Nodes appear to grow younger as each year in their lives passes.

Rigid Capricorn attitudes are dropped one by one. The individual finds new security in relating his emotions more honestly. In this life, he must learn how to apologize sincerely when he is wrong, as well as not to seek advantage over others when he is right. Eventually he will see that all of his depressions, fears and worries are no more than part of a self-created martyr complex which bears little relation to current life circumstances.

He must slowly learn how to divorce himself from an insatiable need to manage everything around him.

In this life, he will go through a chain of experiences which will slowly open up his Cancerian sensitivities. Eventually, he will start to value nature more than money, emotion more than power, and new growth rather than the collecting of dead wood! When the changes start to occur, he will be brought out of the cold of winter into the bright sunlight of early summer. But he must develop a totally new emotional response pattern if he is to adjust to the new direction in which his soul is destined to go.

His highest achievement in this life is nourishing others. To reach this, he must do much work on himself, until he becomes a natural cornucopia of spiritual food to those who are hungry. The more he is able to fill people, the more happiness he will feel himself. He should see that God also favors those who stand out and wait, and that His highest blessing is especially reserved for those who seek nothing for themselves but to be available as His constant servant. In past lives, this soul was able to benefit greatly by receiving. Now, he is here to give.

The house which contains the South Node shows the area in life in which the bowl of abundance is overfull. The house which contains the North Node symbolizes the empty bowls of others waiting for food.

(Mohan Koparkar)

Previous incarnation for this person was spent in many difficult and confining situations. Life at that point really did not have sufficient domestication; or he lacked stability at home. In this lifetime, his ideals and energies converge to establish a solid home base. Enjoyment from being the key family person is significant for him in this life. The ability to deal with sensitivity and emotionalism is noticed. He has a lot of imagination that is properly used towards creativity. In his previous life, he did neglect responsibility of older folks. Now he is extra-cautious in this life not to do the same. Thus, family cohesion is important for him. He may show a colder exterior, but you can get to him through proper emotionalism.

(Donna van Toen)

You need to develop your domestic and nurturing abilities. Your Capricorn South Node replies: 'Yeah, but I can't take time out from my career'.

Your problem is that you tend to try to fulfill your need for public acclaim without relating it to your inner needs.

Possible reasons for this problem include: that you have developed your logic at the expense of your emotions; that you lacked sympathy, nurturing or material security as a child, or had these things taken away from you at a crucial time in your life; that an ingrained philosophy of 'look out for yourself first' has encouraged a misguided sort of selfishness; that lack of recognition as a child has led to an 'I'll show them' attitude; or an overpowering need to dominate at all costs.

Possible solutions include learning to view your emotional needs as keys to increased self-esteem; learning to adapt your wants to your needs; having a nervous breakdown; developing an ulcer; and blaming your parents for your hang-ups.

Cancer North Node seems to often coincide with institutionalization in childhood. Sometimes this means an orphanage or hospital has played a major role in the development. Other times it indicates a long stint in a boarding school. Sometimes there's a very regimented home life for one reason or another. Or the parents have been cold and strict. Occasionally the Cancer North Node has had uncaring or unfit parents, and consequently became a ward of the court. But more often the parents were merely more concerned with the Cancer North Node as a status symbol than as an emotional

being. Usually the parents were very judgemental and placed a heavy emphasis on doing the right thing in terms of living up to other people's expectations. Thus the Cancer North Node is conditioned to view the game of life materially. But regardless of his or her successes or failures, he or she often feels a great sense of something missing until the Cancer potential for emotional self-preservation and caring is tapped.

Signs of an over-developed Capricorn South Node include: dislike of domesticity; a stubbornly narrow outlook; self-consciousness; prudishness; unapproachability; a tendency to constantly test others in some way; nervousness; dislike of new or different ideas; a desire for respect and honor at any cost; and a tendency to curry favors or social-climb.

North Node in Cancer consciously or subconsciously feels that his or her strong emotions will act as a deterrent to his or her happiness, so a primary dream theme involves keeping emotions under control or else finding someone who will appreciate his or her emotionality so that it will no longer be a threat. He or she wants to be attached to someone else who will offer protection from the cold, cruel world and guarantee a measure of emotional security. This person generally represses emotions. He or she is often confused about his or her feelings and finds it difficult to relate to others on an emotional level. Sometimes the tendency to fear emotions comes out as a cynical or pessimistic streak designed to camouflage the person's vulnerability.

Antidotes for Cancer imbalance: If career advice is sought, the client should be steered into a nurturing profession. Nursing, acting, dressmaking, pilot or stewardess, gynecology or child care would be logical choices if other areas of the chart are in agreement. Creativity should be channeled. Painting, interior decorating, weaving, and poetry-writing are particularly recommended. In cases where the North Node has been repressed to the point of blockage, psychodrama could prove helpful. If the client has adequate understanding of astrology, a dramatization of the nodal dialogues (or the troublesome nodal configuration) could be beneficial, provided you feel comfortable about this technique yourself.

A thorough health check-up should be advised if the client complains of lethargy or any other physical symptoms, since health problems seem to be slightly more frequent than normal with these placings. Both reading and writing can be beneficial antidotes. The Cancer need to protect and nurture must be satisfied. Housekeeping can often prove to be an effective antidote, as can anything connected with land maintenance. History and genealogy often satisfy the North Node's need to preserve and protect. On another level, swimming, calisthenics, or yoga could appeal by giving the client a feeling of doing something beneficial in terms of self-preservation.

(Haydn Paul)

The more rigid Capricorn influence may shape your personality, especially expectations

of respect from others which come from inwardly hidden feelings of self-importance and superiority. Your sense of identity is connected to social relationships, feelings of personal prestige, and attitudes and actions shaped by hopes of achieving higher social status - a need that may determine choices. Your acquaintances and relationships are similarly influenced by needs for social status.

It is the social 'image and face' that must be upheld. Any public loss of dignity or self-respect would be extremely traumatic. In several ways, you hide personal insecurity, relying on others to define your identity. This personality dependency is often fragile; and your self-image is shaped by reflections from others rather than from an inner strength. Remove the attention and respect of others, and you may rapidly deflate. You like to feel wanted and important, and may assume responsibilities that are too great and then stagger under the weight of this self-imposed burden, becoming a martyr and expecting both admiration and sympathy from others.

You see failure as anathema, and hate to admit any personal shortcomings, as this diminishes self-respect. Intolerance of failure affects the rest of your attitudes; and your standards may lack an understanding of fallible human nature, even though you may not always attain those standards yourself.

You try to avoid situations where failure may occur or inadequacy may be exposed, even to the point of experiencing psychosomatic illness when inner stress and outer pressures accumulate. You prefer to control life and those around you; and this can cause family tension whenever it becomes oppressive.

Your worldview tends to be fixed and preconceived; you evaluate others through self-imposed filters of social opinion, attitudes, beliefs, values, and standards. Many fail to match your purist and self-righteous ideals, which perhaps secretly pleases and satisfies your superiority attitude.

The question is: Does this life perspective fulfill you? Or is it a struggle to maintain a protective barrier that supports a less self-assured personality? You dislike anyone probing your persona life beyond established boundaries, and become highly sensitive to any criticism, often withdrawing into your armored 'shell', evading open and honest confrontation. Do those barriers really help, or do they actually imprison you, restricting life enjoyment within rigid personality structures that you have raised?

The Cancer North Node indicates a way out of the impasse. Attitudes of superiority always result in diminishing contact with life, restricting relationships and often ending in distorted self-images and exaggerated personal importance - the delusions of an inflated ego, especially if power over others has been achieved. These self-imposed barriers between yourself and others need relaxing. Learn how to give more; acknowledge the needs of others instead of just taking their approval and admiration.

The more emotionally sensitive aspects of your nature need fuller expression. Be more receptive, value relationship and communication, and feel compassionate to the struggles of humanity instead of ignoring this as weakness. Once you can accept and express emotions more easily and honestly, personal integration can occur, and the rigidity of misapplied Capricorn can dissolve. Admitting that even you can be wrong sometimes is progress. You need emotion to transform and heal; and life would then become more enriched and relaxed, free from needing to control, manage, and manipulate obsessively. If you can make this change, great benefits become available, and with them the opportunity for a more satisfying life.

(Bruno and Louise Huber)

Manifestation processes come to the fore again in the cardinal sign Cancer. In its manifestation, Cancer is oriented toward the collective as a whole. The native wants access to a home or 'nest'. He or she needs to be part of a family, and hates to be alone. Group membership gives a sense of protection and warmth. If the Node is in Cancer, the individual should try to join in. Very often, a Node with this placement occurs in strong-minded individuals who are much inclined to do their own thing and withdraw from the crowd. In the extreme case, they live like hermits because they believe they are better or more exalted than others.

The Node in a collective sign indicates that one should become involved in a collective, in order to feel part of a family, group, local community, or nation, or the whole human race. The native could become the center of a hive perhaps. For this, a measure of industry and activity is required - as befits a cardinal sign. People with the Node in cancer cannot laze about and do nothing; they must become involved in the creation of a collective relationship for their own benefit, and preferably for the benefit of others also.

The easiest way for them to do this is to found a family. With the Node in Cancer, it is important to be able to achieve emotional harmony with those around. Any tendency toward solitude and isolation opposes this placement of the Node. The emotional experience of community and belonging has a big role to play here.

North Node ☾ in IV 4th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fourth house gives a cheerful and happy home life, and harmonious relations with the family. The Father, or the marriage partner, occupies a prominent post. The Dragon's Head in the Nadir of Heavens is favourable for marriage, and will be a sign of happiness if the Moon is well-placed in the horoscope. It is also a sign of good heredity from the physical as well as the mental standpoint.

The Descending Node (Dragon's Tail) in the tenth house may be fortunate for material things if the horoscope on the whole is good. It may, however, bring at some period in life serious worries and troubles affecting things in general - losses and damage if the Moon is afflicted.

(Isabel Hickey)

The fourth house represents the midnight or deeply hidden depth of the personality. This is why it represents the soul powers; what we are in the depths is not what we always appear to be on the surface. In the depth of oneself (home) the inner powers must be released. Not for this one the acclaim of the public and the limelight. He has had it all in the past. He gained from it the sense of power that made him feel his importance as a person. Now he must grow a soul. Through his domestic surroundings, through a quiet withdrawal, and through the wise use of his emotions, he will find fulfillment.

(Bernice Grebner)

With the North Node in the fourth there should be a development of the domestic life. He needs to learn the art of going into seclusion. He must be alone with himself at times to develop his own depth of soul, to dig deep and get to the very roots. Possibly, he would have to learn the role of nurturing, helping another grow, as in helping to sustain life. This person would need to establish a home, to care for it and learn what it takes to do this. There may be a problem in connection with a parent, or an imbalance in his love for them - loving one more than the other - or it could give loss of one parent at an early age.

South Node in the tenth is the extrovert. With this position there is great ability to deal with the public as the person easily understands its needs. This is similar to the Moon in the tenth, but coupled with the innate genius in public affairs. He does not take time to relate on a personal basis because of an inner need for public acclaim. It also can bring disappointment and dissatisfaction with regard to his vocation, bringing in many changes. (If South Node is in Aquarius in the tenth, he can be a leader of unpopular causes.) The South Node here gives a tendency to resist control by others. At its best, the power and success attained in the world must be used to assist others. When the person is able to do this, then destiny for this person will be met. At its worst, when used for vain self-glory, he fails. Here the uppermost thought should be control of selfish

desires for ambition and power.

(Mohan Koparkar)

This condition often signifies fairly close relationship with mother figure. At the most, the relationship with mother is closer than with father. For some reason, home or domestication is highly significant in their life. They may or may not like to be family-oriented, but that is the way their life has to be structured. Career is given a second priority in their life. Although they have strong self-displaying ego, circumstances may not give them the opportunity to be prominent in their field. The relationship with parents is that of a deep attachment; and they require a lot of effort to be free from their parental wing. Considerable sensitivity is seen in these people.

(Martin Schulman)

This individual must learn to overcome the karmic feeling that he is the vital center of all situations around him.

He comes into the current life with subconscious memories of a past sense of dignity, which leads him to believe that at least certain areas of life experience are beneath him.

His prior incarnations have put him in the position of being captain of his own ship, if not the commander of others. As a result, he is used to assuming an authoritative position whenever the weakness of others triggers his powerful need to take charge.

He enjoys the role of protector and goes to extremes in filling his life with those whose very weaknesses put them under his dominion. By so doing, he is constantly testing his own power to stand tall.

This is a lonely position, for here the individual is so concerned with his self-appointed mission that he never allows others to see into his real self underneath. What he shows is a façade or the uniform of the role he feels obliged to play.

In the current life, he goes through experiences which teach him to come down off his skyscraper and make sure of the foundation underneath.

It is in the area of his most highly intimate relationships within his own family that the stage is set for his lifelong battle in an attempt to gain control of his own roots.

Many with these Nodes have one unusually demanding parent whose expectations encourage them to believe that they are truly destined to achieve a position of sitting on top of the world. As a result, they are discontented with whatever situation they are in, for always it falls short of what they feel they were meant to do.

The karmic lesson here is that 'A bird in the hand is worth two in the bush'. The individual must overcome his readiness to forsake what he has for the possibility of attaining what he doesn't.

So unwilling is he to see himself in a back-seat position that when circumstances force him to do so he may in extreme cases even contemplate suicide; for he firmly believes that without his achieving some great destiny, life is utterly worthless.

This incarnation brings him through the experience of facing the conflict between a career for himself and the demands of his family.

He must learn maturity, for with all his projected strength, power and dignity he is nearly a cripple when it comes to solving his own emotional problems. He must examine his roots, and, after pulling his head out of the clouds of his past, build a practical foundation for his future.

Eventually he learns that his organizing for others is merely a distraction from putting his own life in order.

The relationship established with parents early in life is more important in these Nodes than in any other position of the zodiac. Here the individual will spend much of his life energy attempting to be totally free and independent of his parents, yet always conscious of how much he needs them. Nevertheless, the reaction patterns to life continue to show a definite parental defiance, masking a strong need for parental love.

This soul is at a point in karma where he feels unappreciated for all his efforts. The past incarnation residue is based on achievement for the sake of recognition and appreciation. Now, achievement is to be its own reward. The soul must stop trying to gain audience for its deeds, realizing that the audience will always be there if the deeds are great enough. It is in this process of seeking an audience that the individual tends to lose himself. He must literally transform his fourth house into a new birth of emotional attitudes, learning the lessons that when a man stands on tiptoes he is unsteady.

His life is like the beautiful orchid: a splendid sight to behold when raised and nourished under the most delicately controlled environmental conditions; but once the orchid is prepared for display, it is snipped from its roots, insuring wilting and certain death after a short time. This individual will be faced with the choice of being the overlooked orchid growing in a garden of thousands, or sacrificing his own happiness to be the beautiful flower on someone's lapel. As soon as he overcomes his past-life need for display, he can start to grow to the maturity he is so desperately seeking.

The sign which contains the South Node indicates the ways through which he still overemphasizes his importance. The sign which contains the North Node shows how he can grow to become in substance so emotionally fulfilled that he no longer has to equate

his happiness with his soul memory of prior-life personal esteem.

(Donna van Toen)

Conflicts: Pleasant home life vs. pleasant career. Worries about career vs. attention to private life. Private doubts vs. public self-esteem.

Possible results of sacrificing North Node: Loss of dignity. Tendency to insist on getting recognition as boss. Tendency to take on a big daddy façade (no, this isn't strictly a male trait, even if it's thought of as a male stereotype).

Possible ways to integrate North Node: Develop maturity. Use your untapped potential to strengthen your foundations. Examine your roots, upbringing and prejudices for keys to the reasons for your self-doubts. Take notice of your domestic needs.

In the fourth house, there's a hang-up about developing or growing up when the North Node is present. This can take the form of excessive self-consciousness, or it can trigger a lust for power, depending on which node is allowed to dominate. In either case, the feelings of inferiority are based on illogical feelings. These are often a result of childhood experiences. Sometimes death of a parent plays a role. Other times the parent's immaturity or lack of common sense or stability has had a negative impact.

Those people who try to fulfill their excess needs for power often complain of lack of recognition and / or sympathy from those who are in a position to offer advancement.

North Node in the fourth house wants a very loyal family and a home in which he or she will be the focal point and chief mover. Less frequently, this person dreams of developing some sort of powerful metaphysical abilities. Acknowledgement of some sort is a basic dream motif. This is a person of changing ambitions. Usually there are several career interests that are pursued in turn in an almost ruthless way. The dream of acknowledgement is often fulfilled, but the acknowledgement may not be the sort that was expected or wanted.

(Haydn Paul)

What tends to dominate is a sense of importance, authority, and decisiveness. You feel that you have a higher social standing than most, and that they should give you appropriate deference and respect. You may believe that certain tasks are 'beneath you'. You will have an aura of 'dignified aloofness' which can distance you from others.

How accurate are these feelings of importance? Or are they self-deceptive illusions? These feelings come from needing to control; and you hope to satisfy this as an authority or leader. You dislike having to adopt a follower's role or defer to another's authority, especially as this reminds you that your feelings of command could be illusions. This

issue of authority needs to be confronted.

You may often assume a role of protector, attracting others who are more passive or personally weak, and who need someone to rely on. This role allows you to express leadership qualities. Yet, through identifying with this authority role, you often manage to avoid other aspects of yourself, those which may not fit your image of leadership. The authority role, however, does offer additional challenges which help you to grow and mature. Authority implies greater responsibility, and you need to feel convinced that you have the ability to succeed.

Part of this need derives from personal insecurity, probably formed during childhood, perhaps by excessive parental expectations that encouraged a belief that you had a natural right to lead others. If these expectations fail to be met in adult life, a growing dissatisfaction develops, as life fails to match the hopes and dreams absorbed from parents.

Problems related to choices between family obligations and work may occur within your adult family, especially if you reach a senior and responsible position. You tend to be adept at organizing for others, but, in doing so, you leave less time, energy, and interest to increase your self-understanding. This may be most noticeable in a tendency to be uneasy with emotional expression or uncomfortable with feelings. You may try to avoid intimate situations when these are exposed. Emotional problems pose difficulties, and generally you hope that they simply go away... and regret that you cannot organize them into resolution!

Growth occurs when you accept your emotions and express rather than repress them. Your family and others will appreciate you more if emotions are allowed to flow more easily, rather than being submerged in role playing. Your achievements can be considerable, especially through career and work, but you should strive to achieve for achievement's sake, rather than for the 'applause of the audience', as this will serve only to reinforce identification with your role.

(Bruno and Louise Huber)

In the 4th house, emotional values are all-important. It is not enough, as in the 3rd house, simply to inquire about the meaning of something; one must be able to enter into it with feeling. With the Node here, we are like a bird that felt good in its cosy nest and was thrown out of it. Usually the chart will exhibit a tendency on the part of the native to lack balance and to be overeager to stress his or her own individuality. The lesson to learn is to be an ordinary human being among other human beings, and to be able to give and take emotionally.

Often the 4th-house Node is counterbalanced by the Sun, Uranus, or Pluto at the top of the chart; and this produces, by reflex action, the wish to be famous or a leader. When

emotional imaginative pictures to do with the family or the group enter consciousness, these guiding images have to be clarified.

If planets in the 9th or 10th house show high ambition, this can be satisfied; but, with the Node in the 4th house, the native needs to keep close to home and roots. The feet need to be kept firmly on the ground. Bottlenecks, which hold up progress, are often encountered. Now, when blockages occur, the native's reaction is to try and forge ahead. In many cases, that would be the right thing to do; but with the Moon's Node in the 4th house, it is wrong. The proper course of action is to pull back and to live as one of the group, as one of the family. This is the only way to prepare to move forward again, to find room for manoeuvre, to gain access to those it is desired to lead. Then misunderstandings will be swept away and a fresh impetus will be given to upward development.

With Nodes in the 4th house that receive hard aspects, there can be a retreat into a pleasant ideal world of acceptance and domestic bliss. This 'warm nest' feeling has a very important function. It is one of the fundamentals of life; and we may well want to experience it at all costs. This makes us undifferentiated and dependent on the activities of the family. We are governed by these activities, and do not have a hand in shaping them but are sacrificed to the family's interests. In the worst scenario, our relatives assume the right to abuse us and to walk all over us.

When there is a planet in the 10th house, in opposition to the Node, the native will readily part with a place in the nest in order, at least, to make sure of getting on in the world. Ambition, in whatever form it occurs, destroys the sense of domesticity. The natural need to be part of a bigger organism, group, or family, comes secondbest.

With a square from a planet on the Ascendant, the departure from normal is not excessive, but the native is too egotistic; with a square from the Descendant, the native defers to the partner. If, for the sake of personal development, the need to belong is allowed to wither, an essential human quality dies, and the individual becomes a loner and inclined to do wrong to others. For the ability to avoid unfairness is based on the nest-like environment of the 4th house.

North Node in 4th House or Cancer (James Braha)

If the North Node is in the fourth house or Cancer, the person's greatest growth, evolution, and fulfillment come through taking care of his home and family life. In previous incarnations, there may have been an overabundance of professional activities and social responsibility. Now the person must concentrate on his own soul growth and fulfillment of emotional needs. All activities involving land, property, and homes are favored. The person should develop his feminine and maternal energy, and seek to nurture all those in his presence. He should dedicate his life to family, children, relatives, and loved ones. He may do well in healing professions, nursing, cooking, catering,

innkeeping, or any domestically-oriented jobs. Although career focus is neither psychologically significant nor a main objective of this life, the person is extremely concerned with the well-being of all members of his immediate community. He must do his best to see that everyone has a sense of belonging.

The person should not look for a life of profound philosophical meaning. His actions are not based upon compelling drives towards particularly ambitious goals. Rather, he is here to experience and appreciate the full value of his emotions, senses, passions, sensitivities, and vulnerabilities. His job is to keep his family and the human species alive and well. Tradition, rituals, and cultural values are of very great importance. The person is on a lifelong journey back to his roots. Spiritually, this means he is very well-advised to engage in meditation, contemplation, and all innerdirected self-development techniques. Also, he gains tremendous benefits from periods of self-imposed seclusion and isolation. On a more mundane level, the person wants to learn everything possible about the lives, history, and circumstances of his ancestors and predecessors. At the very beginning of life, the person is organically connected to the father. However, as his consciousness grows, he quickly realizes there is no progress to be made in this realm. He then shifts his attention to his mother and all other tenderhearted expressions of creation.

The person is devoted to practicalities, not ideals. He is wonderfully sympathetic, and functions as a magnificent support system to those in need. He is like a rock of stability, always emotionally available for others. In this lifetime the person is learning extreme devotion and loyalty to his loved ones. He may derive tremendous pleasure from gardening, landscaping, or farming. Collectibles and material possessions are very important. The person must have absolute control over his daily environment. He should surround himself with beauty and whatever else appeals to his personal tastes. Living near water is preferred; and the person may wish to develop his psychic, sensitive nature to the fullest. He is here for a highly subjective, even sentimental, experience of life, and is now relinquishing his obsession with objective realities and ultimate truths. The person may do well in mining, archaeology, or any ecological vocation.

In ancient Hindu astrology, the North Node in the fourth house indicates problems with a forceful or domineering mother and troubles in gaining educational degrees. There are strong cravings in the heart, and a possibility of attaining large homes or mansions. The South Node in the tenth house reveals a good reputation and successful professional life. Careers may involve any spiritual activity which raises the consciousness of the common person. There is distinct talent in metaphysical or natural healing techniques. The sign positions of the nodes are of much less significance.

(Black Moon) Lilith ♁ in ♐ Sagittarius 4° 31'

([1145] elsaelsa.com)

Divine Seeker

If you have Black Moon Lilith in Sagittarius, the pain that you've faced through your Lilith placement has made you broad-minded and free. You have learned that boxes are for pizzas, not people, and you won't be reined in.

However your Lilith experience has manifested (shown by the house Lilith is in), you have reacted by searching. You know that your life is a glorious adventure, and you want to put your pain into context. You want to find out what it means. So you have researched and read and studied. You have exposed yourself to different cultures, stories, faiths, academic disciplines, anything to illuminate the larger narrative. You know that your suffering can't be completely senseless. You can sense the grand design. You know, somehow, deep in your soul, that the truth is out there. And you know you'll find it.

And this optimism in the face of real pain has left others in awe. How on earth can you keep going, they wonder. How can you keep up the search? But while they may not understand, and they may even scoff and dismiss your quest, they also come to rely on your sense of perspective. In fact, your happiness can become a sustaining force. You may even be made to feel as if you owe others your joy. So your sunny disposition becomes performative, crafted for other people's comfort. They don't understand that the happiness is in the search, but it isn't the goal itself. The treasure you're seeking is much more meaningful.

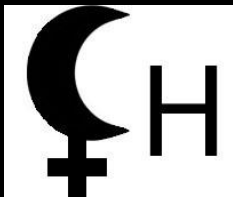

And when you do feel trapped, hemmed in, misunderstood, or unduly obligated, you default to the one thing ever Sagittarius keeps in their bag of tricks: you leave. You ramble on in search of greener pastures, of more profound answers, and of people and places that allow you to feel free. Your pain is bad enough. The last thing you need is to have an anchor tied to your waist while you try to heal. And if the next place, person, or idea doesn't feel right, you move on to the next. Over and over you travel, whether literally or metaphorically, always in search of that golden nugget of wisdom that will soothe your throbbing heart. But as you find out time and again, while a rolling stone gathers no moss, it doesn't gather much gold, either.

To help ease your soul, draw perspective from Gemini, the sign opposite to Sagittarius. Gemini gathers information just like you do, but they use it to work out the answers internally. Gemini asks, "What if the solution isn't out there? What if it has been right under your nose all along? What if the portal to OZ is your own front door?" Gemini also knows that people have to earn access to your authenticity. If people in your life are consistently dismissing your pain or your search, or if they are demanding that you

perform certain emotions for them, you don't necessarily have to leave. You can stay put and deflect. No one is owed the details of your inner world. Only those who support your freedom need apply.

There is much more to this very complex and sometimes paradoxical placement. But what I want to stress is that the desire for meaning is not only noble, it is fundamental to human nature. As you seek a better world, you'll find others in pain who need your perspective. Your ability to turn wounds into a catalyst for a new adventure is an absolute superpower. Remember to look inward every now and then, but keep up the search. We're all waiting to see what you find.

(Black Moon) Lilith ♀ in IX 9th House

([1157] elsaelsa.com)

Heretic Saint

If you have Lilith in the 9th house of your chart, her themes will manifest in terms of religion, philosophy, and education. Lilith is the means by which your world is expanded, for good or ill.

In traditional astrology, the 9th house is known as “The God” and is concerned with religion, spirituality, and overall worldview. With Lilith here, it is all too common for this experience to be dark and unjust. This can be in the form of spiritual or religious authority being used inappropriately in order to scapegoat or control you. It can also manifest in terms of direct abuse by members of the clergy as well as secular authorities such as mentors or professors. But, of course, there is more to it than that. Lilith in the 9th house tends to create a sense of wounding about beliefs in general. You may have been swallowed up by an all-encompassing belief system and had to fight to regain your individual freedom. You may also have been cast out and marginalized due to heretical beliefs, whether in a spiritual sense or in a more mundane group setting. One way or another, your beliefs failed to conform and you were wounded because of it.

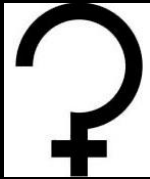

The 9th house is also concerned with our personal narrative, how we tell our story. The way you conceive of yourself as an agent in the world is fundamentally colored by Lilith concerns. You see yourself as the scapegoat, the outcast, the underdog, the one who has had to fight and claw for their little bit of agency and freedom. Yours is a story of great struggle against forces that would seek to hold you back. You find your freedom by

rejecting those forces entirely and striking out on your own.

The 9th house also rules that we consider matters of greatest importance. The 9th house blows our world wide open. With Lilith in the 9th, you are fundamentally concerned with issues of power, privilege, and inequality. Your world was thrown open when you realized just how much suffering, pain, and misuse of power there really is in the world. You may tend toward a worldview that emphasizes power struggles and class consciousness. This inherent feel for the way power and resources are divided in society will be a driving factor in everything you do.

While there is of course so much more to say, I'll end with this. While the systems of power are so vast and the people who are elevated by power misuse it so wantonly, there is still hope. Your willingness to understand that misuse and the way it forms itself into a cohesive system is the first step to making change. Your ideas may be deemed silly or outside the norm, but that doesn't mean they're wrong. Continue the freedom fight, not only for yourself but for us all.

Indeed, one of their biggest worries is that people will see them the way they see themselves: imperfect, flawed, and inferior. For Virgo Chiron people, that would be a confirmation of being unclean, not enough, and not "together."

Due to not avoiding sharing their pain and allowing others to help them, persons with Chiron in Virgo seek ways to fix themselves. That usually means that they desperately

try to find a sense of completeness and contentment.

Yet, Virgo Chiron people don't know which path to take. That makes them feel more lost and incomplete.

Individuals with Chiron in Virgo manifest their agony through chasing perfection and working on their growth and looks.

That's usually a productive way to mend a wound, but not in a case when one never thinks it's enough. Hence, Virgo Chiron people won't stop. They will never think they are beautiful, smart, or educated enough. It is why these persons are associated with hypochondria, OCD, and obsessive perfectionism.

Virgo Chiron individuals can be manic in maintaining their hair, body, and clothes, neat and tidy. These persons can spend a fortune on the latest trends or watch fashion and beauty video tutorials for hours. They are also meticulous about aligning their style with the occasion.

People with Chiron in Virgo are also likely to learn fun facts, small talk examples, and every world capital to ensure they are ready for every conversation. They also manifest their pain through verbal communication. Virgo Chiron people strive to know all the answers and how to talk with people effectively.

But Chiron in Virgo is not always centered around cleanliness and organization. Instead, these people can also be messy, chaotic, and disorganized. They can also be a mix of these two types.

Thus, they tend to criticize others because it's their way of preventing people from judging them.

Thus, individuals with Chiron in Virgo are also likely to go from one extreme to another. They struggle with seeing grey shades because it complicates life. Hence, these people prefer to label everything and everyone as either good or bad.

Regardless of how they express their pain, people with Chiron in Virgo seek control over their lives by focusing on one category.

Some will concentrate on their looks and others on relationships.

However, in the end, they all discover that control is not an effective way to eliminate their inner agony.

Men with Chiron in Virgo

Males with Chiron in Virgo tend to be pragmatic, restrained, and emotionally detached.

They control through organizing their life, house, shelves, garage, and anything they can tidy-up. Sometimes they get lost in these activities because they often exaggerate concerning cleaning, fixing, and arranging.

Like their female counterparts, control is their principal drive, and they manifest it in every aspect of their lives. Virgo Chiron men tend to control their partner and friends, and they are quite subtle in doing so.

However, they are intelligent, so their loved ones often end up doing what Virgo Chiron tells them. If Chiron is afflicted, these men can manipulate others into doing something they don't want. And if Virgo Chiron males don't get others to follow their advice or rules, they will be infuriated or feel a sense of worthlessness.

The problem with men with Chiron in Virgo is that they repeat the same actions and habits without wondering why people don't listen to them. They should consider that perhaps their ways are not always the best, and that's why their controlling techniques fail.

Another way how Virgo Chiron men enforce their control is through exercise. They have a complicated relationship with their bodies and notice every imperfection. It is why they often start rigorous diets, work out until they pass out, or spend all day in a gym.

These men also tend to organize and control their emotions and thoughts. Some people might see them as robotic or emotionless because of that. But men with Chiron in Virgo don't like anything having control over them, including their feelings.

Due to being overly controlling, males with Chiron in Virgo suppress their fears. Yet, they might resurge as phobias.

It is why men with Chiron in Virgo must realize that it's impossible to have complete control even over menial things. That will free them and allow them to confront their struggles.

Summary

People with Chiron in Virgo are usually born with inaccurate beliefs of being incomplete, unworthy, or damaged. These opinions appear at such an early age that they can't remember how it started.

For some reason, even as kids, they believed there is something wrong or broken within them. As they grew up, they manifested these beliefs, convincing people to think the same.

However, these thoughts don't always appear without any trigger. Sometimes parents had an impact on how Virgo Chiron people see themselves.

Perhaps their caregivers often criticized them or behaved toward Virgo Chiron in a way that made them believe they are damaged or incomplete.

As people with Chiron in Virgo tend to see everything as an insult or provocation, perhaps their parents never belittled or criticized them.

But Virgo Chiron individuals saw their parents' remarks or comments as criticism, which started accumulating negative self-perceptions.

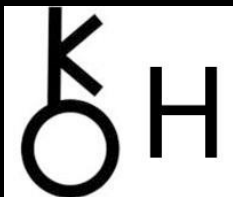

The truth is, no one can heal any Chiron wound fully. The placement is there to stay, and the pain makes a person who they are. Hence, they have to accept their vulnerability, imperfections, and fears.

People with Chiron in Virgo should embrace the idea they are already complete by being themselves. Yet, it is Chiron that makes them feel broken and incomplete.

These individuals should learn how to integrate their imperfections into their being because those fragments make them who they are. No part of their bodies or psyche is good or bad, but they all have a purpose.

Their life mission is to learn to love everything that makes their being because all those elements together make them whole.

Chiron ☿ in VI 6th House

([1265] astromajesty.com)

People born with Chiron in the 6th house typically have issues with a perception of work, superiors or subordinates, and services.

Since the 6th house is related to professional responsibilities, daily routines, and helping others, these individuals probably struggle with an emotional trauma related to one of these elements.

The influence of Chiron in this placement indicates that the native likely experienced an intense professional disappointment early in their career.

Perhaps they couldn't agree or cooperate with their coworkers or superiors, which caused problems that terminated that employment.

On the other side, perhaps the Chiron in the 6th house native didn't understand the point and reward of completing duties and tasks as a child.

Maybe they were rebellious and didn't want to obey, or their parents forced them to work more than a kid should.

Struggle with schedules and routines

Whatever the scenario, these individuals likely didn't like to fulfill their responsibilities, including going to school and doing homework.

Maybe they struggled with doing simple tasks, such as brushing their teeth, tidying up their room, or washing the dishes. These natives didn't like schedules, and they questioned why one should follow routines.

In their childhood, these individuals likely preferred doing as they pleased. In some cases, that means being chaotic or maintaining a messy bedroom because it's a part of their self-expression.

People with Chiron in the 6th house wanted to do as they please instead of being compliant or even respectful. Perhaps they believed that by completing orders, they would lose their integrity and become submissive and obedient.

If Chiron is afflicted, they likely had strict and conservative parents who wanted their children to do most of the housework, clean, and neglect their playtime to help in the home. In that case, these natives were forced to complete the orders, or they would be punished.

As a result, these individuals have a trauma that causes issues with authority and cooperation.

However, if Chiron is well-positioned in the 6th house and harmony with other aspects, it's unlikely that natives developed a trauma that limits them.

Even if they disobeyed or failed to do their responsibilities and tasks as kids, they probably didn't face any punishment or complaint.

Thanks to that, they grew up believing that it's their right to refuse and do whatever they want. They don't understand why others would blindly expect them to follow the orders or serve.

Health and healing counselors

People born with Chiron in the 6th house dislike routines. They also loathe reporting to others and working according to the schedule. Those things make them feel like slaves and like they don't control their lives. Having a nine-to-five job is not the best idea for these natives.

Also, they are terrified of having to sit in a cubicle all day and interact with colleagues. It is why they are better off as independent workers, contractors, and freelancers. Alternative jobs are their jam and probably the only ones where they won't struggle with boredom.

Even if they manage to work in an office, people born with Chiron in the 6th house don't feel a sense of belonging. They either feel redundant or fail to get along with coworkers.

Other than workplace struggles, these natives also have issues with their health. Or, better said, they believe they have. Those with and afflicted Chiron in the 6th house tend to be hypochondriacs or worry something is wrong with them 24/7.

Yet, these natives usually don't do anything about their worries. Instead, they let all those questions plague them through the day and disrupt their responsibilities or goals.

On the other side, they can be stellar health counselors and advisors. Due to worrying about their well-being, they are up to date with different conditions, medicines, and therapies. They also tried many health recommendations they found in journals or online, which they can use in advising people around them. It is why they make great healers and psychotherapists.

Taking care of people and pets

They don't necessarily choose a medical field. However, these natives still tend to work with underprivileged groups and people on the margins of society.

Perhaps it won't be their official career, but they will probably help people in their free time or do it as a volunteering activity.

Thus, if it's their principal career, people with Chiron in the 6th house tend to provide their services for free if someone can't afford them.

It might be that their generous helpfulness comes from the time they were in a similar situation but had no one to help them.

Individuals with Chiron in the 6th house are usually empaths, and they can sympathize with those who have it worse than them. It is what doesn't allow them to ignore helpless people.

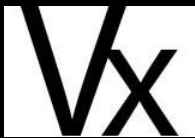

These natives will go out of their way to help, even if it will affect their finances or work position.

People born with Chiron in the 6th house might not achieve the best results in their work, but they can still be stellar advisors regarding careers.

For instance, they tend to develop effective work strategies, which they often use to help friends and family.

Since the 6th house rules pets, these natives could find comfort in adopting an animal and taking care of them. They might find that being responsible for them and adjusting to their biorhythm can help them handle their own schedules and day-to-day tasks.

You know that emotions give energetic nourishment to life and a sense of intimacy with all the things that surround us. You understand how much we need to feel that we belong to a world that loves us and accepts us as we are.

You act with a childish simplicity. You like to flow in the gentle and tender energy of Cancer, which is in harmony with its surrounding environment and with the principle of creation.

Because Capricorn is the sign opposite your Part of Fortune, you understand how to bring things to maturity. You know how to complete what is partially formed. This knowledge is the reason for your ambition, and using it in this way is the correct use of this energy.

With the Part of Fortune in Cancer, you are not looking for an end that justifies the means. Rather, you want your actions to be tuned in to the beginnings of ideas, and to take part in the creation itself.

The cheerfulness and vitality of Cancer is balanced by the wisdom and maturity of Capricorn, which you must use to structure and direct your energy towards something significant.

You do not get influenced by the results or the outcome that you get from what you do. Rather, you like to participate regardless of the practicality.

Your joy and happiness comes from a birth, whether of an idea, a child, or anything in which you take a personal role in its creation. It is this intimate association with the beginnings that makes you enjoy life and achieve self-realization.

Your joy is based on starting everything that will give you stability and inner security. This gives you an intimate sense of belonging in your world. ([71] astromatrix.org;) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

2) ► **Ascendant** ASC **Parallel** ♆ **Neptune** - (1°43') ♄1 | ♄8

([86] astromatrix.org;) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between

these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

You have more compassion and sympathy, especially for people who are oppressed. It can be good to work in a social area where you can help and assist people in need.

3) ► **Midheaven MC Parallel ♄ Saturn** - (1°38') ♀8 | ♄10

([72] astromatrix.org;) Striving For Success

At a very early age you will learn that life requires hard work and ceaseless activity if you want to get ahead. Also, you want to be a person of significance when you are older, so you will start working while quite young to get where you want to go.

Since you have so much internal discipline, your parents won't have to impose it from the outside, nor should they make unrealistically high demands, because you will try very hard to fulfill them. Whenever you fail, you condemn yourself strongly, and if you decide you are a loser, it would be very difficult to change that belief.

This placement of Saturn can signify that you will be very successful or very unsuccessful, depending on how you experience success while you are young. You respect those in authority even when you feel they are giving you a hard time. You understand that they have earned the right to their position and that to challenge them you must earn that right as well.

Only if you have very negative experiences with authority while you are young - and your parents will have a lot to do with this - will you be negative about it when you are older. No matter what career you choose, you will be a teacher and a guide for others. You may be a teacher in the literal sense in some kind of school.

In any case, others will look to you for guidance when you achieve the goals that you set for yourself now. As you work to get ahead in life, however, be very careful not to neglect your friendships and other relationships. Otherwise you may be very lonely later on.

4) ► **Midheaven MC Parallel ♆ Neptune** - (0°40') ♀8 | ♆8

([87] astromatrix.org;) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them. Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

5) ► **Descendant DC Parallel ♀ Mercury** - (1°24') ♄7 | ♀3

([170] astromatrix.org;) Fear of Rejection

Opportunities: 1. Having Stimulating Conversations 2. Working in Teams

Challenges: 1. Getting to Know Your Opinions 2. Overcoming Fear of Rejection

The Opposition between Mercury and your Ascendant indicates that you are a good listener. You listen carefully to the opinions of others before expressing your own. Often, however, the opinions you express will not be your own, but rather a reflection of who you've been spending time with recently.

Your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off. In your personal relationships, your thoughts are reflected by your partner, who serves as a mirror giving you a different perspective.

You tend to pick up ideas and thoughts from others so much that you may not be taken seriously as someone has thoughts of your own. You want to be liked and therefore normally change your mind and opinions depending on whose company you are with.

For further development you need to ask yourself what it is that you really think, regardless of who you're around. Start with your core values and build up from there.

Stay open to other's opinions, but let them interact with your own and watch both morph accordingly. It's necessary for you to get past the fear of rejection you feel of daring to truly be yourself.

You are, at the same time, rather independent and will not allow anyone to restrict your

freedom, but you love to talk things out before arriving at a decision. Conversations with you are always stimulating and lively. A career where communication is important such as sales, management and marketing could be quite successful for you as your talent for conversation will benefit you greatly.

6) ► **Descendant DC Parallel ♂ Mars** - (1°11') ♄7 | ♄7

([187] astromatrix.org;) Lacking Confidence

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. While you may see compromise as something for the weak, it actually takes great strength of character to meet others halfway.

It is often the case that we experience the difficulties of an opposition aspect through the behavior of other people, or actually seek that quality in another. This is particularly true here, since an opposition to the Ascendant places Mars on the 7th house cusp, the house of relationships. Hence, you may often attract people who express the qualities described above, who challenge you in some way, forcing you to stand up for yourself and develop your qualities of independence and self-determination.

7) ► **Descendant DC Parallel ♃ Vesta** - (1°04') ♄7 | ♃2

([621] 12andus.com;) You may feel torn between your obligations to work and your personal needs for self care or fulfillment.

You may feel like you have to choose between work you feel destined as your personal calling to fulfill and a particular image you're trying to convey. Though you may have to work hard to balance your spiritual calling and your sense of identity or image, when you do you'll be able to successfully balance these two aspects of your life.

You may become a more personal embodiment of your spiritual ideals and goals to be of service to others. You may focus so much on the details of your relationship or the needs of a partner that you neglect your own personal needs and ambitions.

It's important for you to balance your partner's needs or the needs of others with your own identity and sense of self-worth. When you do, you'll be able to fulfill your spiritual mission.

8) ► **Imum-Coeli** IC **Parallel** ♂ **Mars** - (1°12') ♃2 | ♄7

([188] astromatrix.org;) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

9) ► **Imum-Coeli** IC **Parallel** ♄ **Chiron** - (0°22') ♃2 | ♄6

([126] 12andus.com;) It is difficult for you to see how your past traumas and unresolved wounds are interfering with your ability to thrive in your chosen career path. Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

10) ► **Moon** ☾ **Parallel** ♃ **Jupiter** - (1°54') ♃10 | ♀12

([18] astromatrix.org;) Inner Faith

You require considerable interaction with people and the environment to stimulate your feelings. This encourages a social awareness and attracts most of your attention. You feel the need to 'expand yourself' into the outer world; your major concern will be the well-being of society and those around you.

You have an innate faith in the goodness of the universe and your fellow humans and will try to share a positive and creative perspective on life with others. As a consequence of your attitude, you hope to contribute to society. Inwardly, you feel connected to the

environment, and realize the powerful influence that environmental quality has on your well-being, positively or negatively. Equally, you realize that you can make a difference in the world and will look for ways to express your caring nature. Your feelings reach out to people; you are touched by those in genuine need of support, help, and care. Seeing those who are deprived or disadvantaged opens your heart and stimulates you to conceive ways to offer additional assistance. Looking through sympathetic and compassionate eyes, you feel that much can be done to increase the effectiveness of social welfare; and you may believe that you have certain answers or solutions to social challenges. Sometimes you may respond to social suffering with excessive emotionalism; but this is preferable to no response at all. These emotional reactions may need to be tempered by a pragmatic and impersonal approach, or you may become too personally involved and affected by social experiences, a state which could reduce your effectiveness.

The impulse that motivates you is world service, where feelings are more fulfilled by giving than by receiving and are inspired by a sense of inner strength and unity with life. You may become involved with socially concerned groups that have a progressive vision of human potential or are devoted to meeting the present needs of the disadvantaged.

Supporting the work of international charities may appeal, or you may decide to work within existing social groups, such as the churches, or educational or political organizations. Medicine or law may also attract. The strength of your convictions may almost feel like a 'mission or destiny'; you may display compulsive activity in a futile attempt to change the world yourself. This tendency may need careful rebalancing and a modified perspective, restraining over-enthusiasm and zeal, if only to protect your health and inner stability.

To ensure a long-term social contribution, times of rest and personal relaxation to renew your batteries are also essential, and a necessary part of your self-healing. Steady perseverance will reap greater results than a sudden burning out in a flash of excessive activity. Changing the world is a long-term project!

Spending time with your family and contributing to their development is equally important; you will feel deep emotional attachments to your home life, hoping to increase social awareness in your children and friends too.

13) ► **Venus ♀ Parallel ♊ Jupiter** - (1°46') ♀9 | 0012

([41] astromatrix.org:) The Gift From Heaven

The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Venus Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. In this case, it's enlarging the qualities of Venus: romance, relationship, pleasure, and money. This doesn't necessarily mean that all of these things will come easily to natives with a Venus-Jupiter conjunction.

You have a big heart and have a kind and generous heart. You can be quite a romantic when it comes to your lover. You may have an indulgent or lazy attitude on occasion. You love pleasure in all its forms so work and effort can be more difficult for you as it is taking time away from your personal enjoyment. It is best to try and utilize this energy in

your work situation, it is good to be involved in careers or work where there is an emphasis on beauty, art or social interactions. You have a greater than average need to grow in your love relationships, and to shower your partners with acceptance and warmth. You have a strong need for growth, good humor, and fun in your relationships.

14) ► **Venus ♀** **Contra-Parallel** ⚙ **Uranus** - (0°19') ♄9 | ♅4

([176] astromatrix.org;) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware

of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

15) ► **Venus ♀ Contra-Parallel ♁ Pluto** - (1°26') ♄9 | ♃10

([178] astromatrix.org;) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part - followed by an attempt at justification in the vein of 'I couldn't help myself...'.

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in

everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

16) ► **Venus ♀ Parallel ♀ Lilith** - (0°53') ♄9 | ♄9

([627] astromatrix.org;) Breaking out of relationship stagnancy

Opportunities: 1. Embracing sexual experimentation 2. Increase in psychic awareness

Challenges: 1. Trusting your intuition 2. Letting go of control

In the birth chart, with Lilith Conjunct Venus you may attract opportunities of embarking on unconventional relationships. You're naturally a highly sexually charged being, and one of the best ways to channel this energy is to pump it into creative endeavors. You may be gifted in the creative realm, and to reach your potential in your relationships will be hard to ignore. You may become erotically fixated with a particular person, or vice versa. You may want to explore your sexual appetite in ways that are foreign to you, but regardless the desires want to be known. You may use your sexual energy during this time, to conduct sex magick and rituals to enhance your manifestations. Additionally, you may become more psychically intune with those around you.

You may want to change your relationship dynamics during this time, as you may feel as though they have been stagnant for some time. Feel no shame in wanting to experiment more sexually during this time, as this can lead you into blissful new heights of pleasure.

Breaking conventions will be a strong theme. If you've been holding back on expressing who you are on a fundamental level due to societal expectations, this transit will set you free.

You may get fixated on these projects at all costs.

People may project "femme fatale" or "dangerous man" images on to you, as you're seen as a very sensual being who breaks the conventions of society. Additionally, you may have many sexual partners or you may be very particular who you share your sexual energy with.

There may be issues of control in your relationships, and you may be a rebel without a

cause at times. Additionally, you may often feel suffocated in your relationships. Your need for space is natural to you, it's just key to communicate that when necessary.

The nature of this aspect will ask you to be true to your values in your relationships. Lilith teaches us to exercise our sovereignty in and outside of relationships. Venus understands that harmony and respected values are the stepping stones to fruitful relationships. Combining these energies together, it produces a cocktail of honoring our boundaries in relationships without compromising on our values.

17) ► **Mars** ♂ **Contra-Parallel** ♄ **Saturn** - (0°26') ♄7 | ♄10

([183] astromatrix.org;) The Stop And Go

With Mars Opposition Saturn you can alternate between aggression and apathy, often lacking purpose and having a tendency to drift. Your enthusiasm is sudden but doesn't last long. You need to gain an inner respect for the stabilizing quality of Saturn.

In order to learn to channel energy properly and finish what you start, concentrate on matters related to the house Saturn is in. You're often frustrated, oppressive, resentful and often use aggressive, violent actions to hide your fear of personal inadequacy. Your attempts to act are thwarted by others and your professional ambitions are often stifled by misfortune or by those in authority. You may seek status or power in destructive or undesirable ways or be the victim of others doing the same. You may have problems with joint finances or corporate resources, resulting in strained relationships.

Relationships with your parents, especially your father, are not good and you may lose a parent early. There's some possibility of physical violence (done to you or by you) and in extreme cases, you may be cruel or tend toward criminal activity. You won't go out of your way to help others and they won't help you. You may have psychological difficulty in reconciling your masculine and feminine sides.

18) ► **Mars** ♂ **Contra-Parallel** ♄ **Neptune** - (0°32') ♄7 | ♄8

([185] astromatrix.org;) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but you are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

19) ► **Mars** ♂ **Parallel** ♄ **Chiron** - (0°50') ♄7 | ♀6

([121] astrotarot.net:) The wounded healer!

Typical features that this conjunction brings: this aspect is associated with shame. Initially, you will find that your ability to assert yourself, to be yourself is obstructed. You are often ashamed of who you are. And you are ashamed to act and get out there. During your life, you will become painfully aware of your inner aggression, desire to win, to possess. Also, you are afraid that just by being yourself, you will hurt others. This Natal Mars – Chiron aspects are your opportunity to release that inner aggression you all have inside. If you don't acknowledge your inner aggression, you turn it into resentment, and it controls you in subtle ways. And if you acknowledge it, you work with it to achieve

your goals in healthy ways. You need to learn that there is nothing to be ashamed of. And that it is ok to have wants and desires. This aspect is pushing you to expose your inner aggression and bring your gifts to the world. The reason why Chiron asks us to work with the pain, is to transcend it and turn it into something greater.

- The key to healing is learning to turn the anger, the shame, and the pain of being a mortal human into strength and compassion. Mars conjunct Chiron will challenge us to heal the aggressive side of our nature. We need to learn now how to assert ourselves in a healthy way and stand our ground.

- Positive traits: This Natal Mars – Chiron aspects gives you energy for action. And it gives you a strong drive to make a difference, and leave something behind for those who will follow. By expressing your inner aggression effectively, you can become teacher for others dealing with the same issues.

- Negative traits:.. You feel inner aggression and shame.

20) ► **Mars** ♂ **Contra-Parallel** ☌ **Fortune** - (0°06') ♄7 | ☿4

([59] [astrotarot.net:](http://astrotarot.net/)) Typical features that opposition brings: you are a passionate and emotional person. Also, you are a fighter but can suffer from being too aggressive or defensive. That kind of spirit makes you very competitive. Your instinct is simply to have what you want. You are prone to a short temper when you don't get what you want. Regardless of the rights or wrongs of a situation, you will often win because of your passion and energy. Patience is definitely not your strong point. Your responses are quick, and you are very passionate. Winning at any cost will come at a price. Your intimate relationships suffer the most. So, you must choose your battles with more care and consideration. Always try to think before reacting. In conclusion, with some self-control, you can learn to live with some minor irritations. Cooperation and letting little things ride are not signs of weakness. Also, you can apply your aggressive instincts into hard work. Standing up for the rights of vulnerable people is great way to channel your fighting spirit. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

- Positive traits: This Natal Mars – Part of fortune aspects makes you precocious, animated and passionate. Also, you seek emotional excitement in your lives. And you are very brave.

- Negative traits: Your competitive nature means that you won't give up easily. That can cause bad moods, arguments, aggression, and conflict. Also, you hate others resisting your will. And when this happens, you respond with a personal attack. If you cannot express your emotional frustrations and anger, you may be the victim of aggression from others.

21) ► **Jupiter** ♃ **Contra-Parallel** ♂ **Uranus** - (1°27') ♃12 | ☿4

([191] astromatrix.org;) The Unsatisfied Seeker

Most of the challenges that are likely to face the individual with this aspect will be centered on personal beliefs and expression, and relationships with others. You are likely to have a bright, alert, intellectual mind, and a sense of self-assurance which can be expressed with enthusiasm and dynamic energy.

Over time you will amass a large storehouse of knowledge, which you can use in your efforts to become successful and creative. What is likely to disrupt the results of such natural assets is the influence of the Uranian opposition, which essentially distorts the outer expression. It is in the spheres of judgment and sensitivity that you may find difficulties occurring.

Under the expansionist tendencies of both Jupiter and Uranus, you can easily become over-enthusiastic about ideas, business schemes or unconventional beliefs. Allied to an erratic, restless tendency, this can lead you to become involved in highly speculative business ventures where your obsession with the project idea can override any real rational analysis of financial feasibility.

Often your attachment to ideas veers towards investing them with elements of fantasy and imagination, which can lack a real applicability within daily life, also adding a distorting factor. There is likely to be some conflict with established traditional beliefs and social attitudes, especially in the areas of religion and politics; and you may become involved with radical politics or more unusual religious and spiritual beliefs. These will hold considerable personal meaning for you; and you will feel impelled to share these with others. Often despite that clever mind, there is an element of simplicity and faith in you, which can become naivety at times. If a belief resonates with that point of imagination within, you can accept it then with little questioning, because really you are looking for a sense of center and security; and a belief structure appears to offer this. You may need to be wary of an urge to convert others to your beliefs which, whilst genuinely held, may not be suitable for everyone.

If others oppose you, this serves to reinforce your support of your beliefs against any odds; you can feel that this often validates them. There can be a tendency to be too domineering in expression, founded on that strong self-assurance; and in relating there is often a lack of tact and sensitivity to the feelings and abilities of others. Not everyone has your ability to be so focused on achieving important objectives; many vacillate, or sit on the fence, instead of choosing to be on one side or the other. Also, others have different requirements for life experience from yours, different challenges; and they may be following their path as much as you are following yours.

Eventually, you may find that the Uranus action causes you to revolt against any belief structures to which you have bound yourself. At least for a period, you may have to stand alone and adrift from security in beliefs; this can occur as a result of disillusionment and a collapse in your faith in a specific belief. Yet this can be liberating,

since in the experience of such a phase of inner darkness, your own light may be perceived and contacted, enabling you to live more freely and attuned to your own life pattern through later life. Identification with outer belief structures can be personally inimical and restrictive.

22) ► **Jupiter** ♃ **Contra-Parallel** ♇ **Pluto** - (0°20') 0012 | ♃10

[194] ([193] astromatrix.org;) Power Struggles

([194] astrologyking.com;) Jupiter opposite Pluto in the natal chart creates incredible dynamism that can result in great achievements and a name to be remembered. The powerful energy of this aspect can be difficult to handle, especially when growing up. Any opposition to your grand plans can make you more determined to force your will onto others, using any tactics you deem as necessary.

You definitely can wield a lot of power with Jupiter opposite Pluto, but the best results will come from listening to advice and tempering your extreme philosophy and style of convincing others. Not budging on your sometimes righteous beliefs, can intensify the opposition that you tend to generate, sometimes from powerful and influential forces.

The ability to compromise, just a little, will further your objectives and gain you the support which is necessary to see your ambitions fulfilled. This skill of tact and diplomacy really is the key to harnessing the immense power and influence this aspect gives you.

23) ► **Jupiter** ♃ **Parallel** ♊ **Vertex** - (0°48') 0012 | ♊2

([135] astrotarot.net;) The chance moment!

Typical features that this conjunction brings: you have the potential for outstanding achievements. So, much is expected of you. With this Natal Jupiter – Vertex aspects you may have been born into a privileged family. Or you may have been born into a family that values education highly. The fields of law, publishing, or higher education often attract you. Above all, you are tolerant of foreigners or those of a different background and culture.

- If this rear aspect exists in your natal chart you need to work on: first impressions. Also you need to work on the self and appearance, leadership skills, new initiatives, fresh starts and beginnings. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

24) ► **Saturn** ♄ **Parallel** ♆ **Neptune** - (0°58') ♃10 | ♆8

([69] astromatrix.org;) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast

away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

25) ► **Saturn** ♄ **Contra-Parallel** ♋ **Vesta** - (1°49') 1310 | 0012

([615] 12andus.com:) Your desire for security and to hold on to your traditions and foundation may run counter to a spiritual calling you're compelled to follow.

You may experience hardships that could enhance your compassion and spiritual awakening, but at the same time you may let these hardships distract you. When you don't lose your focus in the mundane limitations and problems in career, finance or daily life, you may come to embrace your spiritual calling on a deeper level.

At some point, you may feel that you need to go into a self-imposed exile of sorts. You may retreat from public life or make a dramatic change in your career. It may seem like you retreat into your own world or lose yourself in work.

Yet this is actually part of the process you use to regain clarity and connection with your higher calling.

As long as you're careful to not use workaholism as an escape from your obligations and calling, focusing on work periodically or retreating from work can be a powerful way to recharge.

26) ► **Saturn** ♄ **Contra-Parallel** ♅ **Chiron** - (1°16') ♄10 | ♄6

([123] astrotarot.net:) Typical features that this opposition brings: there is a strong tendency to try to achieve and work hard, to mend the original wound of inadequacy. You have a strong fear of rejection as a wound too. These Natal Saturn – Chiron aspects are usually quite typical of a very wounding relationship to the father and to authority figures in general. Your father is often strict, unfair, or simply absent or wounded himself. You tend to shoulder the traumas and issues of your family. Also, you tend to feel that you are solely responsible for healing the family's inherited trauma. Sometimes, you will literally take on debts from the family. Also, you are often highly educated. Often, family only represents pain for you. It's hard for you to conceive of a family that embodies pleasure, love, or safety. Because families are defined by pain, you can forget that imagining joy is a part of healing. It's easy for you to get trapped at home, working to pay off your family debt or redeem your family purpose. You have a responsibility to solve the problematic impulses that everyone else is just acting out. As with all wounds, trying to force the wound to release itself will do nothing. You have to be gentle with it. Being gentle around the wound, while indicating that you know it's there, encourages you to release the wound.

- Positive traits: With this Natal Saturn – Chiron aspect you are compassionate and also unconventional. Saturn opposite Chiron in your chart is a signature for people who can make a great teacher.

- Negative traits: you often feel that you are not good enough. Yet the experience of distress, hardship, and tribulation can provoke you to push past limiting thoughts and awaken the unrealized potential from within.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

2) ► **Midheaven MC Conjunct ♅ Neptune** - (8°59' A) ♄8 | ♄8

([87] astromatrix.org:) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find

the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. While you may see compromise as something for the weak, it actually takes great strength of character to meet others halfway.

It is often the case that we experience the difficulties of an opposition aspect through the behavior of other people, or actually seek that quality in another. This is particularly true here, since an opposition to the Ascendant places Mars on the 7th house cusp, the house of relationships. Hence, you may often attract people who express the qualities described above, who challenge you in some way, forcing you to stand up for yourself and develop your qualities of independence and self-determination.

([19] astromatrix.org;) Melancholia

The Saturn-Moon combination is not a particularly harmonious one; and in these contacts the individual lunar nature is often detrimentally affected. You can display a sober, self-restrained, conservative personality.

Your social relationships can lack spontaneity, enthusiasm, and naturalness, inhibited by

emotional defensiveness, reserve, and caution. Self-esteem is weakened by such attitudes, which fall like a shadow across your relationships and experiences. One source of this may have been childhood and early social conditioning.

Perhaps early childhood was influenced by family discipline, either through authoritarian controls, or through imposed religious, political, or social beliefs. Perhaps there were family upheavals and unsettling discord, or strong feelings that you were not really wanted or loved by your parents, whether or not this was actually true. This may have resulted in a fear of emotional expression, to others and even to yourself. This, coupled with a need to protect your sensitivity, has associated emotions with painful 'negative experiences'.

In adult life, there may be one parent toward whom you still feel resentment, deeply contradictory attitudes, and powerful emotions. Emotional integration can be lacking; it is part of your nature that remains uncomfortable and relatively immature, and which will interfere with adult relationships that may prove difficult to develop beyond the early stages. A lack of self-confidence, and reluctance to reveal your vulnerable feelings to others, make you withdraw into negative behavior patterns whenever the possibility of a close relationship occurs.

Liberation from the past's chains will bring relief and release; it may not be easy yet could provide the keys to a bright new future. You may be surprised at how much past experience and conditioning have shaped your adult personality; looking for ways to heal and integrate your inner child would be extremely beneficial and transformative. Achieving this step could help improve the quality of your relationships.

Potential exists for you to enjoy mature contacts with other essentially serious and thoughtful partners, where the relationship has maturity and depth, with a gradual emotional release as mutual sharing increases across every level - physical, emotional, mental, and spiritual.

With the North Node opposition Moon, you may have difficult relationships with women, especially your mother although there is frequently a strong psychic link to her. The emotions undergo difficult spells, especially you have trouble expressing your sensitive side, causing others to see you as cold or more standoffish offish than they really are.

Getting the support of others does not come easily, you may feel alone, forced to rely on themselves. Losing loved ones is extremely hard on them. The mind is of an unusual nature and the thought processes are different. There are anxieties verging on paranoia or causing crippling fears. You may not be comfortable dealing with crowds.

Memories of difficult experiences working with the public from previous incarnations may

inhibit your expression and evolution You are working on strengthening and balancing the emotions, stabilizing the mind, and handling the impressions coming in. If the impressions get away from them, there can be a fascination with occult practices of an unhealthy sort. In some cases, the South Node influence destroys the sensitivity of the Moon, bringing out a cruel and hurtful personality.

There is a tendency to feel alienated by others' lack of cooperation and support, and you may feel that you have bad timing. As a result, you isolate yourself further as a defense mechanism and create a perpetual cycle where you feel lonely and negative all the time. You must learn to stop being so defensive and develop a backbone. Learn to be more malleable in adverse situations. Not everyone is out to get you or take advantage of your vulnerability.

([143] astromatrix.org;) The Challenger

You probably have a view that perceives life as a challenge, a fight between yourself and the world for supremacy, and you adopt this combative and assertive stance in an attempt to prove your self-worth. Underlying this attitude is a clashing of inner energies, which are projected out as shadow-adversaries in the external world, so that arguments, dissension and conflict almost seem to follow in your footsteps.

There is little tranquility in your world; it becomes more of a battlefield where you believe you can 'win your spurs' proving your capabilities. You are fired by the competitive spirit, intending to win and be number one, although the quality of your aggressive vibration tends to attract similar people into your life, and this can result in power struggles in working or domestic environments.

Applying extra force may leave you in a position of superiority yet can also increase the number of adversaries that you leave in your wake; your genuine friendships can be few if you act in this manner. You have a powerful desire nature, you easily become fixated on attaining these desires, whether they are lovers, positions of executive status, or whatever, even if your energies are focused only temporarily in such specific directions. These desires can reflect the themes of the houses and signs of Mars and the Sun, and often contain the issues that you feel most combative about.

There can be an aura of 'danger' surrounding you, possibly with a sexual magnetism and aggressive power that some can find extremely attractive, although this energy can overflow through displays of irascible temper and potential violence if uncontrolled. You are very physically responsive and will have a developed visual and sensual appreciation of life. You may have to ensure that your desires do not become compulsive or obsessive in nature. In relationships, you may lack sensitivity to others' feelings and needs, and may need to transform expectations of a partner so that they conform more closely to a realistic appreciation, rather than providing fuel for later disillusionment.

A wise choice of partner is required; otherwise your domestic life could become volatile and traumatic; a partner who evokes your higher nature and qualities is probably more ideal than one who just stimulates your passionate and vigorous nature. Finding a suitable companion, who is strong enough not to allow you to dominate, would probably help in modifying your attitude towards life.

A danger can lie in a tendency to make impulsive decisions or actions, and then regret them later. It may be that experience eventually influences you to make changes in your

style of expression, and this may not occur until later in life, perhaps after the age of thirty and through developing maturity. It is to be hoped that there will come a point when you lessen that driving feeling of insecurity and lack of worth, so that you can recognize your real value and potential.

Once that self-imposed pressure to challenge and compete has diminished, and acknowledgement of your performance has been achieved, then new life directions may open. When this occurs take the opportunity to dismantle your combative attitudes, by broadening your world view beyond those limiting tendencies of yours to perceive life in stark black-and-white distinctions. This could develop to include involvements with social causes and pressure groups, where your partisan approach and abundant energies could be put to positive use, providing that you can maintain a balanced perspective on your beliefs and attitudes, and do not attempt a forceful proselytizing or fanatical expression.

25) ► **Moon ☾ Opposition ♁ Uranus** - (5°32' S) ♀10 | ♀4

([157] astromatrix.org.) Freedom Or Security

Challenges will probably occur within intimate relationships. These will reflect the clash between old and new, between familiar behavior patterns and the attraction of renewal emerging from a chaotic unknown.

Your inner life may feel like a battleground, as these two different energies try to influence choices and decisions; and at times of crisis, you may feel almost torn apart. A tendency toward mental and emotional stress will exist, arising from emotional instability and problems created in relationships through unpredictable and frequent mood changes.

The impact of the Uranian vibration may create sudden changes in the erratic mutability of the lunar emotions. This can stir choppy seas into more dangerous storms. If you then release this tension through conflict with those closest to you - which is a common behavior pattern - relationships could become quite stormy. Others' inability to rely upon and trust you will obviously affect the development of long-term relationships. Your need for variety can also cause problems. This can be felt inwardly, where you easily get bored and lose interest in your home, employment, marriage, lovers etc., and then enter a phase of frustration if your need for new stimulation is denied.

To break free from this tension, you may suddenly 'explode' toward new explorations, attempting to shatter all limitations and restrictions. This can lead to moving to a new house, changing employment or established careers to pursue other directions, or entering affairs or separating from marriage. You find responsibility and commitments hard to bear during times when the Uranian impulse is too strong and capable of breaking through the Moon's established defensive patterns.

What should be avoided is a repressive build-up of inner tensions, because if they

'explode' through you, their destructive quality will dominate, rather than their transformative intent. The first step lies in acknowledging this inner pressure, and then learning to release it slowly and with conscious control, directing it into suitable channels as a natural development of your life.

Accepting this impulse for new experiences and interests can be adequately handled, if a continuous element of exploration in your life is sensibly allowed to operate in appropriate ways. This is an essential 'safety valve' to develop for your well-being. Understanding this tendency will help in choosing a suitable partner, one who accepts this need of yours and is both capable and willing to compromise when necessary in helping you to find ways to safely release tensions.

Any progress made in integrating your emotions and mind into a functioning whole will reap considerable dividends. Self-help techniques devoted to personal wholeness could be explored, offering potential positive development. Attempts by you to impose either emotional or rational dominance on your inner life will lead to additional friction created by the ignored planetary energy. Feelings of instability that often persist also diminish your self-esteem, resulting in insecurity.

You may lack a firm personality center, fluctuating between Moon and Uranus, between emotion and logic, finding a home nowhere. You could find it useful to experience your emotional depths as deeply as possible. Let them rise to the surface; feel and understand their intensity, without cutting them off whenever they become unpleasant by an 'intellectual put-down' as inferior and not part of your preferred self-image.

Equally, your mental interests and pursuits should be emotionally resonant, drawing both levels together. As your nervous system is over amplified, attempts like this help moderate and balance the flow of combined energies, thus making it easier for you to live with others without frequently feeling a restless obsession for change.

26) ► **Moon** ☾ **Opposition** ⊗ **Fortune** - (4°47' A) 1310 | 94

30) ► **Saturn** ♄ **Opposition** ♅ **Uranus** - (9°20' A) ♀10 | ♀4

([198] astromatrix.org:) The Activist

With the opposition, you will tend to project inner tensions outwards onto others through your social and intimate relationships. These tensions arise as a result of the clash of the Saturn and Uranus energy patterns within you and will continue to remain operating until you succeed in resolving the causes of the inner friction, through transforming the relationship of Saturn to Uranus.

You may feel torn between two polarized directions, past-future, order-chaos, orthodox-unorthodox, stability-change. This may make it difficult for you to decide on life

directions, or you may become biased towards one pole to the repeated exclusion of the other, and some degree of repression of the ignored planetary qualities will occur. This can give you a hard edge to your personality, which is partly a result of trying to maintain a fixed inner center against the other inner planetary attraction.

You prefer to remain clearly in control but can express this with what seems to others an overly aggressive approach. There can be a lack of relaxed relationships, partly because you have a competitive attitude and desire to become personally important and authoritative in a social sense. It is doubtful if you will have many close friendships, because of an attitude of exclusion and distancing that you put up around yourself.

One area that can create conflict for you is a lack of openness to others, and that attitude of righteous knowing; this can block any real relationship from occurring, and often will generate antagonism from others, who look for opportunities to 'bring you down'. Learning to listen more to what others have to say is one lesson you need to apply; there is something of value to be gained from communication with every person, because the wisdom of the whole is reflected through each individual, and the routes that guidance and messages can take are infinite in variety.

If you are not open to the world and people, you will miss them, and just circle around in your own limited world. Life can be greatly enriched by sharing with others in an attitude of equality. Co-operation and compromise should then flow by such an adjustment in your attitude to others, as you break down that restrictive egocentric shell. It is likely that the Uranian energies will be less expressed than the Saturnian ones, so some degree of rebalancing may be required to free that planetary influence.

This can be released through personal creativity and allowing yourself to be freer and less tightly bound. This can involve the dissolution of limiting self-images, and an inner granting of freedom to others, so that you do not insist that they conform to your image of them. Often you attempt to direct their lives for them, especially in the more personal sphere of relationships, because it makes you feel able to control life. In the way that you are applying this, the results just inhibit a vibrant life.

The Uranian characteristics can also emerge if you become involved in social reforming groups, where you may release that aspect of your nature in an active manner through questioning the Establishment. What you may have to be wary of is a bias towards Uranus that leads to losing the awareness of the essential Saturn values in life.

What you should be aiming towards is a way to create a workable balance between these energies within your own nature and through relationships, so that the positive aspects of each can shine through.

([253] astromatrix.org;) A Natural Born Lover

Opportunities: 1. Sublimating for Artistic Expression 2. Going all in with Relationships

Challenges: 1. Finding the Right Partner for You 2. Avoiding Infidelity

You have an even, well-balanced flow of sexual and romantic energies, meaning you're neither overly aggressive nor overly passive in your approach to these areas. Love-hate relationships aren't your style; nor are purely platonic ones. You tend to be happiest with an easy-going mate who has a considerable amount of imagination and is creative without being a moody, broody, artistic archetype. Your attitude towards sex is good overall.

You're attracted to marriage and are generally comfortable in your role as a spouse, provided, of course, that you choose a compatible mate. You probably get along well with the opposite sex. They like you; you like them - with one exception. That exception is that you tend to find passive people quite frustrating. Your approach to love is one in which you throw yourself into each new romantic experience. You don't like to do things half-way; once involved, you put everything you've got into making a relationship work.

Occasionally, sexual / romantic energies are sublimated into some sort of artistic activity. This is most common when air is the predominant element in the chart. Normally, however, you're a loving person who wants and needs a sexual outlet. For this reason, a less-than-satisfying sexual relationship could lead to infidelity. If you have Venus sextile

Mars by sign but not by aspect, the foregoing may apply, although your need for a sexual outlet would be less strong.

49) ► **Saturn** ♄ **Sextile** ♅ **Neptune** - (4°31' S) 1310 | 118

([279] astromatrix.org.) The Social Activist

Working successfully with the sextile aspect often involves action related to that strong sense of social responsibility and duties that you recognize. This sensitivity to a social role that requires performance is a major component of your motivation, and one that should not really be denied. There can be a tendency to acknowledge its presence and then fail to actually do anything about it, but ideally this should be overcome by more deliberate action. At least you can always help by funding those socially active groups whose ideals you can support. This characteristic is a combination of Saturn duty and the Neptunian social collective ideal.

The element of careful discursive planning should be evident where the right foundations for future action are established, and efficient organization is seen as necessary for a successful conclusion. There are likely to be strategic skills which can be exploited in order to achieve those intentions, whether purely personal or socially orientated.

Consistency and determination are usually well applied, and your schemes are characterized by their realism and achievability; Neptunian over-expansiveness is tempered by Saturnian caution and a sense of stability and limitation. W

hat can inspire many of your efforts is a reaction against social injustice and foolishness. Fairness is one attitude that you support and opposing social aspects where unfairness and injustices is being expressed can almost become a personal crusade. Social discrimination and taking social advantage of those unable to resist can cause your passions to rise, leading to social activism designed to resist such encroachments on individual rights and liberties.

You dislike seeing the waste of resources, social and material ones as well as the waste of human potential. This can lead to supporting human-potential-raising groups, or ecological activists calling for new attitudes towards the excessive negative exploitation of nature's reserves.

You tend to have a social vision of harmony, where equity is achieved and social respect for all is found, rather than any unbalanced divisive situation of haves and have-nots. Concepts of the values of community or global thinking will be preferred, and you like to believe that what you are attempting is beneficial to others. If you become active in such ways at an early age - perhaps through a career choice - then you may find that it absorbs most of your energy; it is a never-ending task. This may affect your intimate relationships, especially when a partner needs to hold similar viewpoints to your own.

Ideals are important to you, and you try to live in a way that maintains rather than opposes or compromises them. Your passions are firmly fixed on issues of social concern, and even within personal love relationships your energy is too diffuse to focus just on one partner; it flows out as a feeling of social relationship too, and you often fail to understand why society is as it is, and why people are so passive in allowing negativity and indifference to flourish, even in those in high and powerful social positions of influence.

Concentration and visualization abilities should be present and can be applied through contemplation of issues or meditation. You may become effective if working in occult or socially active affinity groups committed to generating beneficial change. There is little ego gratification in such work for you, and you tend to expect a high degree of probity and idealism from others engaged in similar self-chosen roles.

([373] astromatrix.org:) Me Against You

Opportunities: 1. Following Your Essence 2. Getting Beyond Ego-Motivations

Challenges: 1. Embracing Interdependence in Your Life 2. Evolving Past Your Conflictual Tendencies

What people who were born with Sun square Moon in their natal charts want and what they need are in conflict. The Sun square Moon aspect is similar to the Sun opposition Moon aspect in this sense, but there are very notable differences.

Whereas the struggle between wants and needs is mostly played out on the inside and through significant relationships with Sun opposition Moon people, Sun square Moon people tend to confront obstacles that come from the outside. In truth, the struggle is within, as it is a case of being one's own worst enemy.

There can be a tendency to attract challenging situations into the life as an unconscious attempt to recreate the tension of early childhood. As well, specific habits and attitudes can hamper their progress in life.

71) ► **Sun** ☐ **Square** ♄ **Saturn** - (4°24' A) ♈1 | ♋10

([381] astromatrix.org;) The Struggle For Success

The issue of self-esteem and worth is highlighted, and you may experience a degree of hidden insecurity and fears of full involvement in life. You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them.

At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable. Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start.

Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others.

There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships. Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The

need for relaxation is present in both your outer and inner relationships. You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem.

Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

72) ► **Sun** ☉ **Square** ♂ **Uranus** - (4°56' S) ♈1 | ♅4

([382] astromatrix.org;) The Dogmatic Independant

The energy of the square aspect can feel highly frustrated and, in some cases, turn towards a more aggressive and potentially violent form of expression, if there is not a suitable channel for it to be released through.

Discovering adequate forms is important to anchor the Uranian energy successfully, so evoking that Sun center cohesiveness is essential in dealing with the highly charged Uranian energy and is common to all these aspects made to natal Uranus. This is a perpetual Sun-Uranian task.

You can be erratic, individualistic, restless and nervously agitated, desiring independence and freedom from all social restrictions. It is even likely that your tendency to dissent can lead you to become socially isolated and alienated from others or radical groups with whom you are in basic agreement. If unmodified, and released indiscriminately, this energy is quite capable of 'causing trouble in an empty house'.

Being the devil's advocate is a function that can often lead to confusion and loss of self, as eventually you either erode or lose sight of your own attitudes, beliefs or ideals, and this displaces you from strengthening your solar center. Even if the majority hold a certain opinion or belief, then that alone can require you to reject it and to oppose its validity.

From a more inclusive perspective there can be some truth in such a standpoint, as the majority viewpoint is often that of 'the lowest common denominator' and can reflect the most separative beliefs and opinions. You can be undisciplined, hating those predictable routines of life and work, often finding it hard to act responsibly and with full commitment. You react against conforming to social rules, feeling that they constrain your freedom, and you often follow your choices, irrespective of the repercussions and costs of doing so. You will probably fail to listen to well-meaning advice, and a stubborn need for self-assertion can lead you towards those very experiences and problems that you were being warned against.

If you look honestly at your life, you will observe those times where you misjudged, making foolish decisions and choices often through sheer contrariness and by asserting your 'free individuality'. Without awareness, no-one is ever free, but is merely a prisoner to their own unconscious tendencies, a prey to them, like playthings of the inner gods. At times you may become a little paranoid, especially when your choices have been unwise, influenced by unconscious forces in your psyche. It does not have to be like that. You can choose to take a more direct conscious role in your life, and not be a victim of your own ignorance.

The square can be an aspect of frustrated blocked transformation and renewal; the inner personal revolution that both Sun and Uranus would like to bring is being blocked. These inner tensions can become potentially violent and need to be redirected into constructive positive channels. You need to release any tendencies towards impracticality, antisocial attitudes and hidden urges for personal power, to stop being antagonistic purely for the sake of performing the adversarial role and use the freed energies to renew your own life.

As is probably recognized, you like others to be submissive to you, yet tend to lose respect for their individuality when they fall into that pattern of behavior. You need to learn how to respect and elevate their uniqueness because that is the corollary of your 'trip' and 'philosophy'.

Emotional depths need to be stirred more, letting those poisons of frustration and emotional conflicts rise to the surface to be encountered and understood, releasing and transmuting them by accepting them as a shadow part of yourself which should be acknowledged and never denied.

73) ► **Sun** ☉ **Square** ♀ **North-Node** - (7°05' S) ♈1 | ♋4

([387] astromatrix.org;) Thwarted Goals

With the North Node Square the Sun it is similar to the opposition where your mission requires making a sacrifice. It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

You may have difficulty achieving your ambitions and although you may be a driven and goal-oriented person, it is best to slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or another, circumstances will force this if you do not do it consciously.

You can still receive recognition for your ambitions, it just may take longer than normal and however gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it.

79) ► **Venus ♀ Square ♂ Chiron** - (3°42' A) ☿9 | ♀6

([120] astrotarot.net:) Typical features that this square brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. With the square, your sensitivity becomes a blocking hypersensitivity. It creates obstacles to the smooth progress of love and intimacy in your relationships. 80) ► **Mars ♂ Square ♀ Uranus** - (3°25' A) ♀7 | ☿4

([426] astromatrix.org:) A Lightning Bolt

The square will be felt as an inner tension, you are torn between the Uranian search for freedom and a deep need to feel safe and secure. This is a clash between the familiar patterns of the known and the siren call of the potential of the unknown. This is likely to be felt as a fear of commitment and risk.

Whilst you will be attracted towards greater freedom, with the possibility of creating a context where you can be more fully yourself, the likelihood is that you will resist the impulse. As you analyze your options, you prefer to play safe, as you cannot obtain these cast-iron guarantees that you would like as to the future success of your choices. This inner frustration that is likely to build up can cause stress, as a part of your nature is being denied and repressed.

You are liable to feel some emotional unease, where you are afraid of allowing full emotional expression, or even properly acknowledging your emotional nature. It is a fear of 'letting go' that is the root of this difficulty, where emotional or material losses are to be avoided if at all possible. This may have arisen through childhood experiences of loss which deeply affected you, or through a pattern developing that too strongly identified yourself with people or possessions, so that with any withdrawal or removal of them from your life, you felt that you were losing part of yourself.

You will feel that you need to keep a tight control on life, trying to ensure that chance and predictability are fended off; in this sense, you accept the more grounding energy of Mars, whilst denying the unsettling but potentially liberating energy of Uranus. You apply the Mars energy in terms of conservation, ensuring a protection of your resources through prudent and cautious organization.

You intend to apply yourself diligently to your objectives, even if you expect that they will take longer to achieve without taking risks; the problem is that for varying reasons, your intentions often fail to be realized, perhaps through an impatient Uranus unraveling those attempts at persistent effort. Or your interest wanes as you reach a point where a riskier decisive step has to be taken.

When that journey of a thousand miles requires the taking of the first step, you may decide not to travel anywhere, preferring established security. Yet you may find that you are willing to allow the Uranian impulse to move freely in your life. This could initially arise as a result of a phase of denial where some external circumstance beyond your control throws you into a period of confusion and turmoil.

Redundancy or the sudden collapse of a marriage could be triggers for Uranus to break through that dam. Certainly, it will not be denied expression for all your life, and that side of the square will need to be accepted and integrated. There is potential that even while maintaining your relative control you could safely begin to open up to new horizons, to explore other interests, to expand and liberate your limiting conception of your nature and life. There are strong foundations there, and you should be able to build efficiently upon them.

To achieve those ambitions and personal desires, you will have to take some risks at some point. If you are not committed to achieving them, then it is unlikely that you will ever succeed, because your focus and energy flow will be too diffused and unconcentrated to generate the necessary momentum. That erratic will-power needs to be drawn through into a regular consistent direction.

If you can succeed in liberating that inner frustrating tension, you would be surprised how effectively that energy could be applied to reach your aims, instead of clashing within you. Your personal relationships would also improve as the stress began to disperse, and you felt that a great weight was lifting away from your shoulders.

Releasing that pent-up, potentially violent energy could mean the dawn of a new era of personal creative enrichment. To free yourself from the restrictions of this square aspect, you have to open up to life's insecurities and risks. It's your choice.

81) ► **Mars** ♂ **Square** ♀ **Pluto** - (4°31' S) ♄7 | ♇10

([428] astromatrix.org.) The Annihilator

With the energy released by the square, you will be mainly motivated by self-centered tendencies and a need to 'throw out' overflowing and excess Martian energy. You tend to think that the power of your natural energy is sufficient to win you success and satisfaction; and indeed, the force and directness of it often can, but using it in such a way often overrides sensitivity and awareness of others.

Considered aims and planning are often ignored under the immediacy of impulse and desire and a spirit of recklessness can ignore any thoughts of the possible future consequences of your actions, provided you believe that your desires will be satisfied.

You find it difficult to motivate yourself for long periods of time, as in a commitment to achieve something through careful planning; you have problems in disciplining and directing your will sufficiently for that kind of effort, and you are more suited to using your force in a more immediate, spontaneous impulse for self-satisfaction. This is also partly because you experience some conflict in directing your will to achieve your desires, and rarely feel as though you are making the most of your talents.

There can be a sense of inner frustration, caused by the forceful nature of this energy, and a lack of a suitable channel along with to direct it in a constructive manner. This will create a lack of patience, a potentially violent temper and sexual aggressiveness, where you 'throw out' excess energy through a dictatorial and demanding personality in order to dominate others.

You may need to develop a healthier perspective on sexual expression, one which regards sex more in terms of relationship and partnership, and less in terms of self-satisfaction, energy release, domination, exploitation and aggressiveness. This experience of inner stress is symptomatic of clashing energies; it is not something that you have to endure all your life; it can be adjusted to be more harmonious.

One way to begin this reorientation is to learn how to determine the overall direction of your life, to see a broader picture of your immediate social influence and how you want to live in relationship with others. To break down this preoccupation with self and to appreciate and acknowledge the feelings and needs of others as being as valid as your own is essential, and a key to transformation.

By becoming clearer as to personal aims, you can begin to apply your will consistently in order to achieve them over time; desires for instant self-gratification are unrealistic. Learn how to live in the equality of partnership and relationship; a mutuality of needs,

desires and responsibilities requires mutual sharing and co-operation. Avoid tendencies towards domination and power struggles. Basically, you require suitable channels into which to pour your energy, constructive channels that are life-enhancing for you and others.

You tend to devote most time and energy in opposing others through conflict and aggression rather than in working together for group benefit; find ways to become positively in favor of something, and then add your energy to help it become real. There is much greater satisfaction and fulfillment in that form of achievement than in struggling to satisfy a very separate self that you try to maintain.

82) ► **Mars** ♂ **Square** ♀ **North-Node** - (1°16' A) ♄7 | ♁4

([431] astromatrix.org;) Learning Grace

With North Node square Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

83) ► **Mars** ♂ **Square** ♀ **Pallas** - (1°28' S) ♄7 | ♁4

([580] 12andus.com;) You are determined, focused and passionate.

At the same time, your ambition and desire to act with immediate urgency can lead you

to undermine your best potential. You can be a great advocate for others or activist for change but first you have to balance your determination with your personal ambition.

If ego gets in the way of your mission, you will not be as effective. Instead, channel the passion that comes from being personally affected by issues that are important for you but use this energy to try to win your crusade. Don't get lost in power struggles.

105) ► **Jupiter** ♃ **Trine** ♆ **Neptune** - (3°59' A) ♃12 | ♆8

([351] astromatrix.org:) The Magician

The trine aspect between these two planets offers the most fluent and the easiest ways of expressing that inner potential and has several similarities with the characteristics of the sextile.

There is likely to be a natural religious and spiritual affinity, whether orthodox or unorthodox, and possibly pursued through a more mystical orientation, an interest in occultism, or by your own heightened psychic sensitivity. You tend to recognize that spiritual insight and attitudes can help you to infuse supportive foundations in the lives of those who are responsive, and can enhance meaning, purpose and life direction. These need not be traditional religious philosophies or theology but are a personal path which unfolds from your own insights and values, emerging from that ability to understand life and people that seems to be a part of you.

This approach is less intellectually biased than with the sextile aspect, focusing more on feeling, emotion and intuition, and so the path of the mystic and of contemplative meditation may feel more natural to you. Exalted emotional experiences are of an intensity that you welcome; and it is the evocation of such sensations that can draw you towards communal and religious activities that enhance ceremony, atmosphere, communion and a touch of dramatic mystery. It could be the appeal of the High Church that you find attractive. It is the love and relationship aspect of the spiritual life that motivates you, rather than the knowledge or wisdom dimension, and indeed you may lack discrimination to some degree. Even so, you do succeed in successfully integrating

your inspired knowledge so that it is absorbed within your optimistic outlook on life and serves to add richness and variety.

There is likely to be a deep sensitivity to your local and world environment, and a strong sense of community spirit. Your basic attitudes are positive and progressive, in that you see the light imprisoned even within the deepest darkness and have faith that it can be released into constructive activity. It is this essential trust in life and people that can give you strength, both in your own path through life and in supporting others when times are hard and challenging.

Your generosity of spirit is one which can be relied upon when friends and family are in need. In several ways, you will both grow and feel fulfilled if you are engaged in service to others, when something real, constructive and positive can emerge from your efforts; and this can lead you into the medical and nursing professions, community welfare and forms of teaching, or into developing beneficial social programs which increase the opportunities for others to release their potential or enjoy life more.

Attempts to refine and improve society are likely to be your most effective channels to work through, although you may also do this through creative means, such as art, music and literature, where your expansive imagination can find ways to be anchored in objective forms. You recognize that there are always causes which can benefit from your support and energy, such as international aid organizations.

In intimate relationships, ideally you require someone who is essentially compatible with your outlook and attitudes; someone who can understand and respect your sensitivity and refinement, and who acknowledges, values and supports these qualities. Because you have so much to offer, there may be occasional inner clashes between a few self-centered demands and needs and your higher ideals; following the path indicated by your ideals will prove the most apt way and ensure that the positive tendencies of these planets shine through.

In a few, the spiritual and mystical worlds may be extremely attractive, so much so that the ties of mainstream society fail to bind them into a traditional lifestyle. In such cases, a withdrawal into the world of contemplation may occur; a monastic life or one of non-materialism may greatly appeal. Some prefer to remain free and wander without too many ties or possessions and adopt a traveling Bohemian lifestyle like the 'New Age travelers' scattered across the world, free to listen to their own inner inclinations and to experience the boundless nature of Planet Earth by exploring alternative cultures.

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense

that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. Opportunities: 1. Giving Your Maternal Instincts Expression 2. Helping the Public

Challenges: 1. Connecting with Others' Emotions 2. Avoiding Emotional Manipulation

You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. With your personality, if the rest of the chart amplifies these tendencies, you are likely to find success in working with the public. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

([152] astromatrix.org;) Where To Go And Why

Opportunities: 1. Gaining Greater Inner Harmony 2. Perceiving the World More Clearly

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

With the opposition, friction between Moon and Mercury results in emotions, instincts, and feelings pulling in one direction, and rationality, logic, and conscious mind moving in an opposite direction. This inner disharmony is then reflected through projection onto the external world, influencing your relationships. While this inner division remains unresolved, relationship conflicts will persist.

Decision-making can prove difficult, and you may rely on others deciding for you, as you cannot determine which path to follow, whether to choose instincts, emotions, or rationality. Inner unity, when both messages coincide, is a rare experience for you. This situation can stultify actions and choices, distorting perceptions and judgment. Confusion often results, with regular changes of mind or heart which disturb and disrupt relationships.

Sometimes attempting to break through an impasse may force you to act impulsively and instinctively with variable results. Equally, responses can be emotionally biased, devoid of rational evaluation or common sense. Alternatively, Mercury can dominate, with an extremely cold perception which succeeds mainly in temporarily denying any emotional feeling at all.

You can be insensitive and offensive to others, unaware of a lack of tact, sensitivity, and diplomacy, although you are quick to rise to others who criticize you personally. Like everyone else, there are times (many, many times) when you will be 'wrong' in life, as no-one is infallible. You may need to learn how to admit mistakes, however. Increasingly imbalanced, unconscious emotional patterns can distort inner messages and life perceptions, diminishing your ability for clear thinking and clear communication.

Compulsive talking can occur as a compensation for effective relationship, although what is often noticeable is that this lacks depth and content. What is required is self-understanding and integration between your emotional and rational nature. Clarity and awareness are needed regarding these lunar patterns of emotional need, dependency, and the reliance of security and stability.

With the Mercury influence, rationality and objectivity are required to help rebalance inner disharmony. The challenge is to integrate these two opposing messages. Until some progress is made, self-expression can be restricted and distorted. Favoring either planet creates conflict; honoring each planet is the route to wholeness, and the key to resolving this psychological imbalance.

([166] astromatrix.org;) Inferiority Complex

With Mercury Opposition your Saturn you may have a difficult childhood due to problems with your father that may make you suspicious, insecure, defensive or depressed. You're traditional, reserved, intelligent, responsible, shy, ambitious and hard working. Your education may be interrupted, but knowledge will be gained from life and through books. This aspect is good for big business and politics.

You have few friends because you're often nagging and critical, lacking love and understanding. If the third house is involved, you may have difficulties due to relatives. Communication problems, overly conservative thinking and a rigid attitude often hamper your career. There may also be attacks on your reputation. You want intellectual recognition, but often don't get it, either because of or resulting in professional jealousy.

If heavily afflicted, you can be a schemer, underhanded, extremely narrow-minded and opinionated. You'll usually have dental and hearing problems and are subject to nervous and respiratory illness so don't smoke.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 11° **Cancer** 7' and in the **4th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 12° **Capricorn** 24' and in the **10th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 12° **Libra** 59' and in the **7th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 7° **Gemini** 27' and in the **3rd** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 13° **Taurus** 3' and in the **2nd** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause

of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 11° **Pisces** 13' and in the **12th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 7° **Cancer** 33' and in the **4th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 19° **Gemini** 38' and in the **3rd** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 20° **Libra** 18' and in the **7th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Libra: plasticity, divorce, separation, the pen

Nemesis in Seventh house (Libra): plasticity, divorce, separation, the pen

Lots related to family:

The **Lot of the Father** is in 7° **Cancer** 19' and in the **4th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 6° **Pisces** 52' and in the **12th** house.

Same as for father.

The **Lot of Siblings** is in 11° **Aquarius** 17' and in the **11th** house.

The **Lot of Children** is in 12° **Gemini** 14' and in the **3rd** house.

The **Lot of Daughters** is in 2° **Capricorn** 32' and in the **10th** house.

The **Lot of Sons** is in 2° **Cancer** 7' and in the **4th** house.

The **Lot of Marriage for Woman** is in 20° **Taurus** 28' and in the **2nd** house.

The **Lot of Marriage for Men** is in 3° **Pisces** 3' and in the **12th** house.

The **Lot of Deceit in Marriage by Woman** is in 2° **Capricorn** 46' and in the **10th** house.

The **Lot of Deceit in Marriage by Men** is in 7° **Sagittarius** 27' and in the **9th** house.

The **Lot of Marriage (in general)** is in 20° **Cancer** 59' and in the **4th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 20° **Scorpio** 53' and in the **8th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 23° **Virgo** 23' and in the **6th** house.

The **Lot of Treachery** is in 20° **Libra** 4' and in the **7th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 24° **Cancer** 33' and in the **4th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 15° **Aries** 37' and in the **1st** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Capricorn (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 10th House/Capricorn: This placement longs for a career that makes a strong impact. Their presence, especially in public and the workplace, is hard to miss. You have explosive ideas and plans for the future. You remember your childhood as boring, and aim to for an exciting life, often longing to move to a big city. However, you easily get wrapped up in the daily grind and lose track of time, realizing that weeks or months have slipped by and you haven't progressed much towards your goals. This placement can relate to the guardian aspect of the Pholus myth, which means you must keep in mind boundaries and avoid overstepping them absentmindedly, as this can lead to much pain and wasted time. You may jump from career to career as you search for the ideal public image, or take your sweet time figuring what exactly it is you want to do with your life. Keep in mind that any venture brings experience which can be applied to other facets of life.

Pholus in 10th house

(12andus.com;) Your search for truth and wisdom leads you to try to establish security and a solid foundation.

You want to be in a career that provides purpose and allows you to do something meaningful. Your ideas and hard working nature lead to explosive transformation.

You can unleash a dramatic and powerful transformation when you work toward success in achieving your goals. You may become intoxicated by your desire for wealth and success. This can lead you to get so engrossed in the tediousness of work and career that you start to forget your purpose.

Dramatic and chaotic situations can be wake up calls, pulling you away from the distractions and back to your true mission.

You may feel extra protective but find there is a major catastrophe from which you can't protect others. Learning to let go of control and putting your energy into what you can manage and ways you can be productive is part of your mission when a breakthrough is warranted.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Libra (Rx)

(12andus.com:) You have a desire for balance and harmony in your sex life.

If your personality is very masculine, regardless of gender, you look to your partner to have a more feminine energy. If you are more passive, you want to be with a partner who is more intense or dominating sexually.

You are sexually attracted to people who seem like your personal opposite.

When it comes to sexual arousal, you can become obsessed with balance. You want to make sure there is an equal give and take in sexual encounters. You are sensitive to your environment and turned on by somewhat superficial beauty and appearance.

Even if you care about a person, your romantic love will not create a strong sexual attraction unless the person fits your ideal of beauty. You don't like drama. Even in your most passionate moments, you want to enjoy pleasure in all its forms with no tension or negativity.

Eros in 7th house

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner

and try to turn your partner into a more romanticized version of themselves so they fit your image.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Sagittarius (Rx)

(astronomicallyaligned.tumblr.com:) Somewhere deep inside a library, lies an old, unopened box. You want to open that box in order to attain more knowledge and wisdom. Like Adam & Eve taking a bite out of the apple in The Garden of Eden. You just can't contain your curiosity. The more you know, the more you can learn. The more you learn, the more you know. The more you know, the more you can learn to others and share. The more people know, the more places you can travel to and explore. You see all this in your head. But the more knowledge shared with humanity, the more doomed we become. Your want for knowledge can be attained other ways. Through experiencing and listening to others.

Pandora in 9th house

(astronomicallyaligned.tumblr.com:) You're curious about higher education, knowledge, wisdom, exploring, discovering, philosophy, and morals. You could open a bottomless pit in people that could make them do anything for knowledge. Sometimes you even open that pit in yourself.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough,

breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Libra

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someones Nessus falls in your 7th house then that person will show the above qualities.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Uranians/ Hypothetical Trans-Neptunian Planets

From the Hamburg School of Astrology. Alfred Witte and Friedrich Siegggrun. Out of the turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Dziewanna

(vamzzz.com:) The bulk of Dziewannas' influence centers around: Life/death issues (also on emotional level), fate, fatalistic tensions, emotional cold shower, confronting, being condemned or harshly judged, the dictatorship of the conservative majority, social deformations, wounded or repressed female identity expressing itself deformed or misplaced due to circumstances, feeling intrinsically cursed, fighting against people with no contextual or connotative intelligence, extreme or "herculean" infighting at all costs, being forced to produce something outstanding original by means of survival, which turns out to be unsatisfying after all, suicidal thoughts, feeling crushed, cancer caused by the suffocating harshness of others or untouchable systems, cancer returning after healing, destroying something delicate and good, highest degree of difficulty, chthonian forces, agricultural rituals and traditions, witchcraft (good or bad), winter turning into spring or spring turning into winter, misuse of sex to channel emotional wounds, sexual contact with earth, spring and nature, not getting noticed or understood, destruction of

something which took decades to build or harvesting nothing but sadness when one should feel proud, satisfied or victorious after much painstaking work and sacrifice, getting pissed on by the crowd for doing good, the constant threat of getting isolated as a chronic source of stress, hypersensitivity as a curse with erotic or sexual expression as a cure or relief, painfully taking one's responsibility, the awareness that power isolates, makes cold and thus is the universal human booby trap and in a paradox the cure for not getting harassed by others, (sexual) skeletons in the closet.

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing

system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their

routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change. To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[1] (- - - -) april 25-29 Mars-/Saturnian - violent, brutish, cruel, premeditated crimes, portends events concerning sacred rites and the worship of God, restlessness, drive to excel, rebelliousness, competitiveness, use of unorthodox methods to achieve your goals, power to overcome obstacles with concentration and persistence, warns against being inconsiderate of others and using force to get your own way, encourages practicing patience to develop skills, talents, and abilities, warns against putting priority

on money, strong will, headstrong independent action, will not take 'no' for an answer, patience, discipline, hard work, concentrated energy, leadership, the healer, leisurely, solitary, melancholic, phlegmatic, serious, extraverted or introverted, can be passive aggressive or depressive

[3] Fixed star Hamal (aka the "Head"). Sensual but sadistic, this independent stellar warrior seeks satisfaction through self-indulgent and aggressive action, with a strong and immediate desire to dominate and control. But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.

Hamal fixed star meaning is one restrained and controlled aggression towards positive outcomes. But only if harnessed and approached with extreme care and attention. Hamal appears in an astrology chart when things are about to get serious. A certain situation grows to boiling point and action is needed. If any sort of constructive energy is to prevail.

Hamal star also indicates working in the confines of the law. Judgement and interference from others could bring a major project to its end. When working with others insure their integrity before sealing any business deal.
