The Socializer

A truly gifted 3 possesses the most exceptional innovative skills, normally in the verbal realm, writing, speaking, acting, or similar endeavors. Here we are apt to find the entertainers of the world, bright, effervescent, sparkling people with very optimistic attitudes.

Life is generally lived to the fullest, often without much worry about tomorrow. You are not very good at handling money because of a general lack of concern about it. You spend it when you have it and don't when you don't.

Threes are optimistic, extremely generous and giving souls, and are able to find positive in everything around them. People like to be around them, not only because of these qualities, but also because Threes have a charismatic personality, are great listeners and are very conscious of other people's feelings and emotions. They can easily put the people around them at ease and make them feel comfortable.

The 3 loves connecting with people. The characteristics of the 3 are warmth and friendliness, a good conversationalist, social and open.

People sharing life path number 3 evoke the fantasies of other people. They can impress anybody and everybody with their charming and attractive personality. They are mesmerizers. Most of them are blessed with a good looking appearance. One downside to their love life is that they tend to take impulsive decisions on the spot without weighing the pros and cons of their choice. Since they do not think well before entering into a relationship, often they are at the risk of facing heartbreaks.

Expression (Destiny) Number: 2

([659] numerologycalculator.online:) The number 2 Destiny suggests that the direction of growth in your lifetime will be toward gaining an understanding of people and a greater spiritual sense of the world around you.

A name producing a 2 Destiny gives you the tools to work very well with other people. Your destiny will be, in part, in the role of the mediator and the peacemaker. As you grow in this direction, you become sensitive to the feelings of others, you become diplomatic in handling complicated situations.

The spiritual potential for the 2 Destiny is very high. You have the capacity to be inspirational, and the ability to lead merely by your own example.

An inborn inner strength and awareness can make you an excellent teacher, social worker, philosopher, or advisor. No matter what area of work you pursue, you are very aware and sensitive to the highest sense of your environment. Your intuition is very strong; in fact, many psychic people and those involved in occult studies have the number 2 Destiny. Indeed, the 2 has a spiritual connection not found in other numbers.

In many ways you are dependent on others and seem to function best in a partnership or in some form of group activity. As you mature, modesty will run deeper in your nature, and you must work comfortably without recognition of your accomplishments. Often, others will get credit for your ideas, and this must be of little real concern to you as you skill as a team play progresses. Cooperative, courteous, and considerate, you have the capacity to become an outstanding facilitator. You will have the capacity to organize and handle people, just as you will handle detail, rarely overlook anything.

As you fulfill your destiny, tactful and friendly behavior will increase your popularity, and nearly everyone will like you. Perhaps this is also because you are more content working with your ideals, rather than dollars and cents.

The positive aspect of the number 2 Destiny is an always idealistic attitude.

The negative 2 personality can be oversensitive and easily hurt. Too much of this number in your makeup can make you very shy and uncertain. Sometimes the excessive 2 energies makes one apathetic and somewhat indifferent to the job at hand; the ability to handle details is hampered in these cases.

Some 2s, struggle with a continuous sense of nervous tension; you may be too sensitive

and temperamental. You tend to dream a lot and may be more of a dreamer than a doer. Fantasy and reality sometimes become intermingled and you are sometimes very impractical. You tend to want to spread the illumination of your knowledge to others irrespective of their desire or need.

Life Path - Expression Bridge Number: 1

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would rather believe the viewpoint of others than your own choice. More often than not you think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

Heart's Desire (Soul Urge) Number: 3

([659] numerologycalculator.online:) People with the 3 for a heart's desire are natural entertainers and thrive on self-expression and sharing themselves with others. They are often writers, singers, actors etc.

You are the life of the party – happy, outgoing, and very personable. People find you inspiring and entertaining and your self-expression skills show themselves in your words. Some people hang on your words but you need to be careful not to over-use your words. You have the tendency to run off at the mouth quite a bit when you are nervous or experiencing an abundance of ego. Those words of yours would be best served in avenues like writing, acting and public speaking.

You are extremely creative so find an appropriate outlet for your creativity. Those abilities will need to be reined in if you are going to make best use of them. Without focus, you have a tendency to become disorganized and that could leave some of your talents severely under-utilized.

Personality Number: 8

([659] numerologycalculator.online:) The eight personality is very ambitious and competitive, but typically good- natured about it.

They appear confident, lucky, and highly resourceful. Eight people love to push themselves to reach consistently higher goals. They are very good at envisioning and developing projects. People see them as well rounded and having good business sense.

Their radiated strength, charisma and power makes others to see an executive or leader in them.

People with Personality Number 8 appreciate their reputation and image and make everything to have an image of a confident, capable, prosperous and successful winner. They are impartial, cool and can control and manage any possible problem due to their inborn endurance and stamina.

Besides overcoming challenges and obstacles they like to prove others they are capable of that.

They are attracted to the arenas of finance, business or politics and want to be involved in influential circles.

Heart's Desire - Personality Bridge Number: 5

([660] numerology.center:) Dependence on other people, their mood and their opinions, hinders you almost in all aspects of your life. It would be better for you to listen more to yourself than to follow the will of others. You are able to think what you need to do on your own. Just don't be afraid to take the wrong decision. Trust yourself.

You are a rather inflexible person. Adaptability would help you in numerous questions. If you want to work at these traits of your character, start with a little adventure, which you don't let yourself on in your usual life. Try to do something in a way that is unordinary for you.

Heart's Desire 8, and Personality 3 or vice versa:

Number 8 gives you a keen mind which is able to handle any business task. In financial spheres you are like a duck in water due to your sense of purpose and intellect. Number 3 makes you spirited, inventive and outgoing. Your success is guaranteed if you use inventive talent in the financial field. "Switch on" your creativity in taking business decisions. Trust your abilities.

Quiescent Self Number: 8

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 8 are likely to imagine themselves as a moving force in building large physical structures or efficient procedural systems that have the potential to benefit society for a long time into the future.

The energy represented by the number 8 resonates with business and building remarkable and beneficial things. It is efficient. And it is a realistic energy.

Visualizations generally include the organization necessary to accomplish the goals of building structures and systems. It is common for visualizations to include being the executive director or on the board of international companies — with a dedicated staff sufficient to do business on a large scale.

The thoughts and pleasures of someone with this quiescent-self number tend to relate to accomplishing goals in an efficient manner — accomplishments recognized by individuals and society for their high caliber and their usefulness.

Maturity Number: 5 = 3 + 2 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with freedom. You're being called upon to work with the constructive use of freedom, living a life filled with travel and adventure, and embracing a life of progressive change, flexibility, and uncertainty.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to the disciplined use of freedom to center stage. Situations will arise highlighting excessive behaviors, versatility and change, and vivacious and tactile living.

What that might look like:

- A dramatic change in life leading to an evaluation of your sense of freedom — a divorce, death, children leaving home, or other change to a stabilizing force.
- Evaluation of the ways in which you have or have not used a focused approach to getting what you want in life.
- Inability to rein in excessive behaviors with food, alcohol, drugs, sex, or other behaviors that control you in a non-productive manner.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality

Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 5

(Month + Day) - from age 0 to 33 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you’re experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it’s hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It’s all up for review during this highly energized portion of your life. If you’re forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn’t a time to nest or settle down; instead you’ll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don’t resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you’re experiencing.

Pinnacle 1 Number 5: First Pinnacle: A 5 First Pinnacle can be a difficult period because it's hard to find the stability to establish yourself, develop a sense of who you are, and set the foundations for what you want in adult life. Perhaps you end up moving quite often during this First Pinnacle and it requires that you change schools and friends often. The 5 energy invites you to live by your own rules in many ways during this early time, which can be great for you, if well managed. Most likely you'll find yourself getting into trouble. You're likely to experience a good amount of impulsiveness and a craving for unbridled independence during this early stage. The 5 is all about progressive thought and action – and also supports engagement with people and experiences that broaden your horizons.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

Second Pinnacle Cycle: 4

(Year + Day) - from age 34 to 42 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 2 Number 4: Second or Third Pinnacle: A Second or Third Pinnacle with a 4 emphasis will fuel your ability to get ahead in the world and achieve—not so much

because of innate talent as much as your drive and ability to out-work the competition. You might find some economic limitations during this Life Stage, set in your path to test your commitment to building solid and steady foundations while not being beaten down by obstacles and limitations.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Third Pinnacle Cycle: 9

(1st Pinnacle + 2nd Pinnacle) - from age 43 to 51 (based on LPN) - ([665]
feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 3 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable

contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Fourth Pinnacle Cycle: 6

(Month + Year) - from age 52 (based on LPN) - ([665] feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the "love and marriage" stage with intense focus on babies and the home. It can also be the "marriage and divorce" stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your

boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 4 Number 6: Fourth Pinnacle: If you have a 6 Fourth Pinnacle, the vibration brings with it the rewards and pleasures of family, friends, and security. You'll most likely act on your feelings of philanthropy. This is a stage where giving back is vital to your innate sense of well being and purpose in the world.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

First Period Cycle: 8

(Month) from age 0 to 33 (based on LPN)

([666] worldnumerology.com:) You are under an extremely benevolent period for work, career, and financial reward starting at an early age and continuing into your mid-thirties. The key is hard work and the willingness to rededicate yourself after setbacks or difficulties.

You will have greatly enhanced abilities as a manager, organizer, and financial planner. You have a gift for seeing the broad picture and carrying out bold plans. You can gain financial freedom during this period. Business and career activities go well, but require much attention and commitment.

You are being pushed to take control of your career or enterprise and bring it to new heights.

It is a time when power falls to you, but must be used wisely and with purpose.

Second Period Cycle: 6

(Day) from age 34 to 60 (based on LPN)

([666] worldnumerology.com:) Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and support.

You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business.

This is a time of progress through flexibility, cooperation, and compromise.

Third Period Cycle: 7

(Year) from age 61 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle, especially in your later years, centers on wisdom and contentment. This is a time of spiritual/internal and intellectual growth, of discovering the beauty and harmony that underlie creation.

However, it is often one of the most difficult last cycles, due in large part to society's lack of appreciation for the intangible qualities of this number.

Socially, you may feel distant and isolated. Interacting with similarly minded people through book clubs, art events, theater sponsorships, or other intellectually and spiritually stimulating activities can help you feel more connected.

Although this is the latter part of your life, it may well be your most exciting time of discovery and personal growth.

First Challenge Number: 2

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive

aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

Fourth Challenge Number: 1

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 2 (15 + 08) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 2 is a year of attention on relationships — social, romantic, friend, sibling, business, teamwork. The year tends to encourage participation in team projects.

Cooperative associations are more important. There's a tendency to use diplomacy and tact to repair or strengthen relationships. Intuition, emotions, and sensitivity tend to be enhanced. It can be a busy year, with seemingly endless demands on your time.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you

regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are an independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy,

and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): B

([676] ezinearticles.com:) This letter indicates that feelings of shyness or being introverted could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): I

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "I" brings about conclusions that generally have some emotion related to it, like parting with a friend.

([671] spiritwalk.org:) You are an emphatic and touchy person who sees things as they are without pink glasses. You have artistic talents and you need to develop your skills in order to feel happy, even as a hobby. Your eyes are sharp to aesthetics and fashion. Multitasking is not your strongest side, look for your passion and make it your job.

([672] numerologist.com:) Capstone: You often fail to reach goals because you fail to express yourself appropriately. You are also a bit accident prone and forgetful which also prevents things from getting done.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other

forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

The Four Planes of Expression (multi-dimensional)

Every plane (and dimension) gets certain letters assigned, the number of letters correlating per plane with your full name is the number you get for each plane (and dimension). All having certain interpretations. Based on first full official birth name. Table came from 'affinitynumerology.com', but that's not on the web anymore. interpretations for the planes from the [680] 'numeroscop.net'-calculator.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

5 on the Mental Plane

Your mindset allows you to absorb huge amount of information, as you distinguish what is important from minor details. This, however, does not mean that you are capable of looking for an omitted comma in an accounting report with enthusiasm. You'll never adapt to what is initially unacceptable to you, and any attempts to make you do this are doomed to failure. But this is what often prevents you from completing tasks you started.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

5 on the Emotional Plane

If someone can be described as "a good head on shoulders" or "neat-handed", then you by the same right can be called "eyes wide open." You are observant, curious, and always ready to absorb new experiences, and take equal interest in unfamiliar places, people, and situations. But this constant craving for the new makes it hard for you to maintain any long-term relationship. So even a temporary standstill can result in depression. You can try yourself as a natural scientist or a traveling salesman with equal success.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

5 on the Intuitive Plane

You are used to trusting your feelings. You probably trust too much. However, when you consider a subject from every possible angle, it's easy to lose its original image; so, whatever you study, you'd better concentrate as much as you possibly can. Don't waste attention on insignificant things.

(next source:) affinitynumerology.com/multi-dimension-planes-of-expression)

(The First Step to interpreting the multi-dimensional planes of expression calculation results is to note where the preponderance of letters are. Determine which plane(s) contain the most letters. Then, in each plane, determine which dimension(s) contains the most letters.)

For results with the most letters on the Emotional plane, the person's talents and preferences tends to be artistic and creative rather than putting value on facts and analysis.

With the most letters on the Emotional plane and in the Inspired dimension, the person's heart and passion tend to rule the mind. The person is also capable of being selfless and understanding.

(The Second Step to interpreting the multi-dimensional planes of expression calculation results is to note the values of the planes and dimensions with the most letters. For the plane(s) with the most letters, note the "Value" number at the far right table column. Also note the "Value" number for that plane's dimension(s) with the most letters.)

2. Together — There is partnership and companionship. There's a feeling of belonging and caring. There may be romance. Generally, there is teamwork. Always, there is coexistence. Descriptive words are interpersonal, companionable, coexistent, romantic, diplomatic, and cooperative.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 6 line «1-2-3»

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Cognitive, creative — 33

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — empty

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are different things.

Duty — 88

"Do good for others" - these people usually have a well-developed social orientation and high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)***Self-Esteem (Line «1-2-3») — 6***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 3

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 3

"Unpredictable" - the person likes to set goals, and then suddenly change them. By the way, achieving goals is not their favorite occupation - they prefer to dream of patronage over the world than to conquer it. Sometimes they tend to overestimate themselves.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 5

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

Temperament (Diagonal «3-5-7») — 3

"Impulsive" - this temperament will help to adapt to almost any partner: to damp the arbor with a partner whose temperament is lower, and, conversely, be hotter with those whose temperament is higher. If there is no soul mate, this person will not be above one-night stand. Also they often try to seem very hot.

Air-Swords - Planets: Saturn & Uranus

People born under the Two of Club must strive to learn the art of cooperation. Most 2 of Club put up an independent front which make them appear defensive or uncooperative when in truth, they are afraid of being misunderstood.

KARMIC CHALLENGE for the Two of Club: Belief in a Higher Power

All Two of Club are clever and quick witted. They never lack for an answer, and can be very opinionated. They protect the ones they love, and are generally well protected when it comes money.

Fear is a big factor for people born with this Card. They must learn to trust in themselves and find an outlet for their keen, penetrating minds. Two of Club people also have an uncanny ability to ferret out the information they seek, and make for great detectives! In relationships, the Two of Club like to be playful and they are known for their romantic creativity.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: King of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence
King of Clubs Meaning: Maturity in Knowledge
Karma for the King of Clubs - Frivolity
Air-Swords - Planets: Double Uranus

Wonderfully creative and very fast learners, even the careless and negative Kings of Club have keen intelligence and insight.

King of Clubs are also known as emotional idealists and need to be careful they don't scatter their forces due to emotional disturbances and problems within the family.

Both sexes have strong family ties and they tend to make excellent parents. They are often willing to make sacrifices to provide for their children.

The King of Club rarely lacks money and they usually make it by being in business for themselves. These people make excellent lawyers - especially for corporations - and trustees for estates.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Jack of Diamonds (metasymbology.com:)

Jack of Diamonds Meaning: The Enterprising Trader

Karma for the Jack of Diamond - Recognition of Spiritual Power

Fire-Wands - Planets: Uranus & Neptune

The nature, disposition, and qualities of this card take the prize for variety and peculiarity! The Jack of Diamond is either wholly material, or highly spiritual, or a curious and incomprehensible mixture of the two.

The Jack of Diamond is very money conscious and will always find a way to get it. They are mentally keen; sharp and clever, and are always looking for (and finding) the thing that pays off.

Jack of Diamonds must have a profession that is productive; they must also have an outlet for their wonderful gifts of originality and creativity. Fun loving and dynamic. Never a dull moment with Jacks of Diamond!

After age 91 the cycles repeats.

Cosmic Lesson Card: Six of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Six of Club Meaning: The Messenger

Karma for 6 of Clubs - Cultivation of Intuition

Air-Swords - Planets: Saturn & Neptune

This is the "Messenger's Card", and yet there are many 6 of Club who are unwilling to take the time or trouble to develop their greatest gift - the gift of intuition.

All Six of Club feel an obligation toward duty and they take their responsibilities seriously. Trouble is, the 6 of Club also symbolize inertia and easygoing lethargy. Hence many people born with Six of Club karma find it difficult to gain enough momentum to get up to speed and fulfill their lofty dreams. On the plus side, when a Six of Club does manage to overcome this karma, they have the unique ability to stay with a project, circumstance, or relationship until all obstacles are overcome.

Peace of mind is very important to all 6 of Club people, and they will make many sacrifices to attain that peace. All 6's are worriers and the 6 of Clubs is no exception. They worry about doing less than is expected of them; they worry about not being able to fully commercialize their talents - and most of all, they worry about the happiness and progress of their loved ones.

Their intuitive faculties are truly second to none if only they learn to live by their intuitive gifts!

Cosmic Reward Card: Eight of Hearts

(metasymbology.com:)

Hearts: Emotions - Relationships - Love

Water-Cups - Planets: Jupiter & Neptune

Charismatic Empowered Domineering: All of the 8's feel empowered and emboldened by the meaning of their suit. The HEART suit symbolizes our social and emotional needs.

Thus the 8 of Heart seek power and control in matters of the heart!

It is true, all 8s feel the need to control and dominate, and when the Eight of Heart are engaged in love and busy with their relationships they are truly at their best. But unless the 8 of Heart manage to find their true love, they have a bad habit of racing through many loves, leaving a trail of broken hearts in their wake.

The 8 of Heart often find themselves having to work really hard for their money but they do have the protection of Saturn and there will always be enough security to get by.

Then there are those 8 of Heart who apply themselves to big business and end up being wildly successful in large organizations.

To make the best of their life pattern, all 8 of Heart need to be in the drivers seat - while at the same time - being careful not to bully others with their intense emotional power.

Cosmic Moon Card: Six of Spades

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Life/Death - Work - Spirituality

Six of Spade Meaning: Law of Adjustment

Karma for the 6 of Spade: Inertia

Earth-Pentacles - Planets: Uranus & Neptune

All Six of Spade people are strong willed and determined, a blessing as their excellent karma includes a not-so-excellent karmic challenge in matters of the heart.

The 6 of Spade have tremendous potential in their lineup of cards if they are willing to

accept the responsibilities that life places upon them. These responsibilities often relate to family matters, or relationships that end up being at odds with their ideals or personal goals. Indecision and confusion about love and what's expected of them, is their biggest challenge! They either accept these personal limitations and find creative ways to overcome their discontent, or they suffer and short-circuit their power. When this happens, their lives become filled with triviality, mired in gossip and superficiality. Six of Spade people appreciate beauty and enjoy mentally stimulating conversations. They may seem hard and unfeeling about life and death, but intuitively, they know that there is no death, only Eternal Life.

This is the card of overcoming. Tried and tested throughout their lives, the successful Six of Spade are those who choose to march forward, despite the odds against them, and spread their unique perspective of the world to anyone willing to listen.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Flow (6) Cauac

West (Blue) glyph: Challenge / Strengthen

Day Sign: Storm

/ Rain / Cauac (Yucatan) / Kawoq (Kiche)

Positively, Cauac is a youthful, restless, friendly, helpful, and compassionate day-sign. Such people are multifaceted and often accomplished in several areas.

One of the most obvious characteristics of this friendly day-sign is their youthfulness.

Cauac people often choose careers that involve them with children, or they may occasionally just act like children. Those born under this sign are often mentally active and talkative. They are good learners and often become teachers or counsellors.

A concern for the welfare of others, especially the public, is common in those born under Cauac. They have a strong intuition and can improvise when in a tight spot.

Cauac types are more inclined to imitate than to innovate. They respect tradition and the forms created by those who came before them, whether in art, science, or business.

Those born under Cauac generally have an interest in the deeper meanings of life. Many are drawn to the study or practice of religion, spirituality or philosophy.

They are often found working in the medical or psychological fields. The cleansing and healing process has a special importance for those born under this day- sign.

Many born under Cauac become doctors or healers of some sort. Their natural instincts to protect and nurture, combined with excellent intuition, technical aptitude, and a mind capable of grasping details, makes them well- suited for such work.

Challenge:

To develop the ability to teach and to heal.

Solution:

To study under a master.

Future: Manik (Deer) GT: 1 (Unity)		
Feminine: Chicchan (Serpent) GT: 12 (Understanding)	Now: Cauac (Storm) GT: 6	Masculine: Ben (Cane) GT: 13 (Ascension)
Past: Chuen (Monkey) GT: 11 (Resolution)		

Four Directions

Those born on the day of Cauac may often feel as if their lives are but one long tempest. The day-keepers say that Cauac natives are often visited with trouble and turmoil by the ancestors, which is to say that they come into this life with a great deal of karma to work through, and consequently are subject to more than ordinary amounts of harassment and sorrow. Despite this turbulent relationship with the karmic past, however, their more immediate antecedents are often fortunate, as shown by the auspicious Chuen in their past.

Cauac individuals are typically sensitive and compassionate beings. The Book of Chillam Balam Kaua calls them "very imaginative" and "noble". Their sensitive temperaments may turn them into artists or world servers, and we must remember that one of the divinatory phrases linked with this day-sign is "a table set for the gods".

This refers to the table of offerings that day-keepers make to the gods – a metaphor for service and surrender. Thus, Cauac natives may find release from their karmic burdens by dedicating themselves to a higher cause.

The sensitivity of these natives tends to leave them thin-skinned. It is no wonder they are so susceptible to the storms of life; the gentle and yielding nature of water is part of their psychology and is responsible for their intense compassion as well as their sorrow and difficulties.

Their sensitivity may not be immediately apparent, however, for they often mask it with a hard edged attitude reminiscent of their left hand power, Chiccan.

Their hypersensitivity sometimes manifests as illnesses; like Muluc people, Cauac natives are often fragile. The Chilam Balam of Kaua asserts that Cauac natives are prone to experience illness whenever a new year picks up his burden.

Cauac people should take care to avoid the colds and flus that often come during the change of seasons.

Despite the karmic burdens they bear, Cauac natives look forward to a powerful and positive resolution of their difficulties. The magical and deeply empowered Manik lies ahead of them, a symbol of the courage and strength gained when they set a table for the gods" and dedicate their compassionate energies to a higher cause.

Flow

- * Soothing
- * Stable
- * Growth
- * Continuity
- * Progress
- * Flux

One of your strongest aspects is steadiness. You create dynamic progress in all aspects

of life and you know how to persuade people. You are a valuable asset for long-term projects. You have creative energy, stability, balance, and ability to complete any endeavors. In your presence, anything that was once stuck gets fluid again. People keep moving on, projects become fruitful.

Trecena Sign: Jaguar

/ Ix (Yucatan) / I'x (Kiche)

Beneath the 1-Ix surface personality is a challenged communicator, a person who struggles with self control, a person who is an explorer of the human condition.

Critical events occurring in Ix peoples lives, such as deaths or other powerful transformations, may cause them to turn inward and keep their feeling and thoughts to themselves.

People born during Ix trecena need to be realistic about responsibilities and not shirk from them or take on too many.

Night Lord: 4

Some people born under the influence of this Lord are teachers, some are healers, and some are over protective parents. Most seem to have a nervous disposition and a need to talk. They are intense guardians of one thing or another; other people, children, pets. Youth is often a fixation for them; they are drawn to children and perhaps even work with them in some capacity. Their nurturing instincts are quite strong, and they need to find healthy outlets to express this urge. Their darker side lies in understanding that their nurturing influence can become a detriment in many ways.

The communication skills of G4 types make them excellent teachers. They can be very creative with their thinking, a quality that lends itself to art and writing. On the darker side, they think or talk incessantly and often struggle with ways to turn off their minds. By working as a teacher or communicator, they may be able to turn this tendency into positive activity.

G4 types have a tendency to scatter their energies and this inclination may lead to being a "jack of all trades but master of none."

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Mercury conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Larch Tree

Strong keywords: Creativity, Hard work, Idealism

Weak keywords: Rashness

Tree variants: Cedar, Fern, Rattan, Clover

Birthday:

11 February – 20 February

15 August – 24 August

Characteristics and Personality

People born under the rule of Larch usually give us the impression of self-confident and determined people. They love to impress other people and they are dominant. They play an important role not only in the workplace but also in society and in their family. They have a creative spirit, fantasy, and unusual ideas.

Larch people are very hardworking and they are able to keep high working spirit; they are quite strict in this regard. They often use their creative skills in art or science, they love and understand music. In the pursuit of consistency between deeds and thoughts, the Larch people get into a special state of elevation above this world, and they are able to do great deeds without thinking about the consequences it will have for them.

In the company of other people they are straightforward people with a natural dislike of pretence and lies. They are definitely not diplomats. Unfortunately, they often make rash judgements and they can be thoughtless and careless when they deal with other people. Even though they seem to be confident decision-makers, they are often the victims of intrigues and sometimes their actions are skilfully led by someone else. Their straightforwardness and carelessness often gets Larch people into adventurous situations which they love. There are many heroes and martyrs among them.

They are very picky when they search for the right partner, and they may wait their entire lifetime for the right person. When they are in love, they are surprisingly shy, clumsy, gentle and sensitive. They are very supportive to other family members. They love comfort but they do not like excess luxury; they are prudent and reasonable in matters related to their property.

Larch people usually enjoy good health for most of their lives. If they do get sick, they get well quickly and without feeling sorry for themselves. They never bother others with their health problems. They most often suffer from lung disease; at an old age they may have problems with their liver.

According to the Celtic mythology Larch people are protected by eagles.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Scorpio Sun ☿ ♏ and ♍ ☾ Virgo Moon man

([804] i.thehoroscope.co)

Highly perceptive, the Scorpio Sun Virgo Moon personality has a very personal filter through which they view and interpret the world.

Scorpio Sun Virgo Moon people combine the emotional force, ambition and determination of the Scorpio with the analytical, intellectual, criticizing and discriminatory mind of the Virgo.

This means they are insightful and very aware of their surroundings. It will be easy for them to notice details that others usually skip.

Natives with this Sun Moon combination will always use facts coupled with the scientific methods to prove their point. They are usually objective and detached people.

A Methodical Personality - In a nutshell:

Positives: Conciliatory, magnanimous and dynamic;

Negatives: Self-indulgent, scornful and vain;

Perfect partner: Someone who is just as insightful and observant as them;

Advice: Learn how to appreciate themselves before starting to judge others.

Personality traits

Scorpio Sun Virgo Moon individuals can really focus and are able to research or investigate the most complex subjects. But they have to be careful to not get lost in too many details because they will miss the bigger picture.

Very criticizing of everyone they interact with, they should try and be more tolerant. Especially with those they love the most. It's possible they won't have too many friends who are very close to them.

But no matter how well they know the persons they have to deal with, they will never mind giving their advice. However, they'll be honest and harsh with their opinions.

They are not quite the people to whom you can complain and feel sorry for yourself with. Perfectionists, these natives often set high standards that those around them can't meet.

If they really want to be successful, they should try to live to these standards themselves. Some self-awareness and analysis of themselves will definitely help with their success and growth.

The more they will get to know themselves, the more they'll evolve as businesspeople and in their career. Because they're persistent, scientific and detail-oriented, their goals will be achieved more easily.

They are the most modest Scorpios. It doesn't matter how talented and attractive, they will always be humble. And when it comes to the attention of others, they don't actually want it.

These are the type of people who operate from the shadows. As far as the opportunities that reveal themselves to them go, they are very pretentious and choose only what benefits them tremendously.

These natives really know what they want. It can be very difficult to please them. Usually reserved and gentle, they won't make a scene, no matter what life throws at them. They'd rather have others in the center of attention.

Scorpio Sun Virgo Moon natives are known as easygoing people with a great sense of humor. While they may seem that they are taking themselves seriously, they don't mind laughing each time they make a mistake.

One of their main interests is their own health and wellbeing. Their ethics and organizational skills are far superior to the ones of people belonging to other signs. It doesn't matter how daring a project may sound, they will take it and complete it in the most efficient way.

These guys' beliefs and values are very well established. While appearing quiet and composed, they in fact want to make their voices heard. And they will have good opinions because they're very aware of their surroundings and of how things are going.

Because they are influenced by the Virgo sign, they believe in perfection and want to attain it. That's why they are so criticizing. It's easy for them to find a defect in everyone and everything.

Not to mention how much they will strive to improve what they find to be faulty. Analytical and pragmatic like all Virgos, they also have the emotional power and ability to read minds because they are Scorpios.

Few characters and situations will pass their perception. They can be aware of things others wouldn't even imagine exist. And they understand everything with accuracy.

There's no one who's better at playing detective than them. It's because they are rational and cold-minded.

The only thing that can cause them problems is their way of finding a fault in everything. Not to mention they can be disapproval of themselves too.

If they are to be efficient with their interpretations, it's necessary they learn to accept themselves. If they will socialize and collaborate, their intellectual pursuits will be more satisfied than if they won't.

Just like all the Scorpios, they have high libidos and are great lovers. It's probable that they have had some inhibitions when young, but these would no longer be of actuality when they are adults.

The Virgo in them may calm a bit their sexuality. When involved in a relationship, these Scorpios know how much to give and to take. With the right partner, they are very loyal and committed. What they need to do, no matter whom they are with, is to learn how to appreciate themselves before starting to judge others.

Love characteristics

Scorpio Sun Virgo Moon lovers are known for being complicated and can obsess over people and dreams. This, coupled with their vengefulness, turns them into the most forceful adversaries.

It would be best if you would never cross them. With their partner, they will be supportive and tolerant. They don't like to leave things half-done, so expect them to dedicate themselves completely to a relationship.

And when they have decided on something, it's hard to make them change their mind.

Virgo Moons need to understand their partner. They are analytical creatures who like to be aware of what's going on so they can make things better if they happen to be damaged.

While their lover will like this about them, it's possible they'll end up obsessing about improvement. But they are the most supportive people someone could ever have near.

Scorpio Sun and Virgo Moon man

The Scorpio Sun Virgo Moon man is masculine and very attractive. Everything about him says power. This macho figure can really talk about his feelings. While he seems more about the mind than about the emotions, he's very deep and resourceful.

He will probably try to hide this about him, but a close person of his will notice. He expects people to conform to what he wants. He's insecure and too worried, but his ego doesn't need to be reminded of all these weaknesses that he has.

The woman this guy will want is a little bit rough, wild and passionate. He doesn't mind the book worm type either, but some passion is definitely required.

This man will work hard for his lady to be happy. Two jobs, freelancing, you name it and he will do it just to afford the house his wife has been dreaming of.

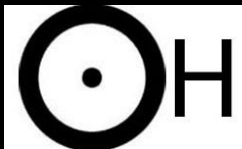

He needs to devote his life to someone. And the person he has chosen as his mate will be analyzed, undressed of secrets and challenged. He's criticizing indeed, but he doesn't do it intentionally.

All that he wants is to be fun, friendly and nice. And when he says he'll get old next to someone, you can trust him that he will.

He pays attention to his lady, noticing when she has gotten a haircut or when she has bought a new skirt. Any woman will feel very important next to him.

And he will take care of his wife more than a mother takes care of her children. Not to mention how well he will perform in bed.

Sun ☉ in IV 4th House

([862] i.thehoroscope.co)

This placement of the Sun makes people establish their own identity based on emotions and on the way in which their family members perceive them.

People born with the Sun in the fourth house in their birth chart are very attached to their home and dream of a beautiful domestic life that can make them feel secure. Everything they're doing is aimed at bringing happiness to their family and keeping their home in order.

The presence of the Sun here indicates natives with this placement are highly interested in respecting traditions with which they identify themselves. Proud of the places they're coming from and their upbringing, the way they evolve and make things happen later in life would be pretty much connected with their memories.

Summary:

Strengths: Loyal, dependable and happy;

Challenges: Worrisome and insecure;

Advice: They should not let anything make them lose their self-respect.

Slow but efficient

Natives having the Sun in the 4th house plan their life ahead and are great at developing strategies for themselves. They become better with age because their true self comes to display as they get older.

It's important for them to have their emotional needs and attachments resolved before starting to pay attention to other things in their life.

As soon as these aspects have been established, they can start focusing on their career and expect their life to improve.

The Sun always needs to shine, regardless of its position. These people will spend a lot of money on a comfortable environment and love to have people over or to gather in the living room with their family.

Throwing parties in order to show off their new furniture and fireplace is one of their favorite things to do.

If they have an outgoing father and the aspects in their birth chart are positive, they will find it easy to attract prosperity, but they'd never cease to worry that things in their life may take the wrong turn.

They may have slow starts, but as soon as getting a grasp of what they're supposed to do, they begin to be very efficient and manage to get things done fast.

The most important thing in the world for them is their family, being strongly attached to their parents, no matter if these may have been in any way hurtful or disappointing.

Sun in 4th house people establish their own identity based on emotions and the way their family members perceive them. That's why they may be obsessed with how much love they receive from the people who are the closest to them.

They will all the time worry that their life partner and children will leave them or that they may lose the comfortable lifestyle they're so used to. These things usually limit them, but the more evolved of them can overcome such problems.

Their development is strongly anchored in their roots, which are nothing else than their heritage, ancestral ways, the traditions they're aware of, their upbringing and the collective efforts they were involved in as both adults and children.

These things make them feel like they're belonging and have the necessary security. Their path to illumination depends a lot on how they've integrated their roots in their way of life.

The positives

Individuals with this placement struggle to have a family and a great home. The main purpose of their Sun is to resolve problems hidden in their psychic and that have their roots in these natives' childhood.

They're the most confident and happy when taking care of their home in the best way they can. A rich family life and having someone to nurture makes them thrive.

Everything about history, personal and family lives, emotions and interesting experiences makes them curious. They're rather the poetic type who loves staying inside and watching a romantic movie.

As said before, Sun in 4th house natives put family on the first place, wanting to meet someone special and to have children because this is what motivates them, together with the need to put down roots.

However, their dreams may come true later in life, when they'll use all of the energy

accumulated in the period before. A good home and a beautiful family plus respecting many of the traditions they're aware of makes them feel secure.

And security is very important to them because only when feeling safe they can express their emotions and function at their best.

When not feeling like they're having it, they just go home and try to gather their forces. The position of the Sun in the 4th house reveals the fact that without security, they couldn't evolve in any way.

No matter the situation, they will always be ready to sacrifice everything for their family. The same position of the Sun also suggests they're the introverted type who needs protection.

It can be impossible for them to deal with the harshness of the outside world on their own. While they need to nurture, being taken care of themselves is very important for the way they develop and accumulate the necessary courage to deal with the world or express themselves.

That's why they'll always search for a partner who makes them feel safe and loved. Their emotions will carry the imprints of their childhood and change from there.

While for people with other placement of the Sun family is still important, for those with this planet in the 4th house is the absolute. They give it a lot of importance as children too, comparing everything they see outside with how things happen at home.

They have either found similarities and thought of them as victories, or concluded some things contradict the ways they know about from their family and been traumatized.

Everything reminding them of their parents and childhood makes them happy and sentimental. If they had bad experiences at home, it may be a little bit more difficult for them to understand life and accept certain things that are very different from what they're used to.

The negatives

The first part of Sun in 4th house natives' life may be a struggle because they won't admit that the things they dream of are not so easy to obtain.

The 4th house is also about decline in a certain period of life, so things for people having their Sun here may start to look good after their thirties.

When it comes to their profession, they'd do a great job in real estate or organizations that deal with the environment.

As said many times before, family is very important to them, but their heritage may become a problem if they don't separate their own identity from it.

Even their ancestral patterns may reject their ways if they wouldn't express their individuality and separate their life from the ones of their parents or grandparents.

This doesn't mean they should lose the respect for what helped become who they are, however. While looking everywhere to identify people and situations that have something to do with their background, they can forget everything they need is actually inside them.

Having a comfortable home where they're feeling safe and secure can be very beneficial for them, but things from their past should still be present in their life.

Family gives them purpose, so changes with their loved ones and the relationships at home can influence them in a great way.

For example, they will forever complain after their children will decide to build their own lives. Wanting security and to be emotionally supported, they're still never happy with what they're already having.

Possessive and clingy, these people need to be told everyone loves them as they can't be independent and worry too much their family isn't seriously attached to them.

It's like they don't trust others, which can bother their partner and even their children. When the Sun in the 4th house is somehow afflicted, they may be too proud about their heritage and have many arguments with their own parents, especially the father because the Sun represents the paternal side.

It's also possible they're too domineering at home, but the fact that they're nurturing can't be changed or influenced by any position of planets.

Moon ☾ in II 2nd House

([873] i.thehoroscope.co)

People with the Moon in the 2nd House are straightforward and creative, being able to express their emotions artistically and always knowing on what to spend their money on.

When the emotional and fragile Moon is in the 2nd House, the natives of this placement can't feel emotionally secure until they're certain that their financial future is stable.

People with the Moon in the second House can spend a lot of their money on making gifts to those they love the most. It can be normal for them to put other people's needs above their own, which is not necessarily the healthiest thing to do.

Summary:

Strengths: Generous, objective and resourceful;

Challenges: Detachment and stubbornness;

Advice: Be careful about hiding emotions in plain sight.

They are pretty straightforward

Individuals having Moon in 2nd House are very materialistic and need financial security more than anything. Their emotional happiness is strongly related to how stable their future seems. The more they're surrounded by high-quality possessions and comfort, the more secure and happy they get to feel.

When the Moon is in difficult aspects, they may feel less confident as children, constantly thinking they don't have enough toys or possessions to be happy.

The ladies having Moon in second House may be very preoccupied with how much money they are making, being also possible for them to take care of all the inheritances in their family.

It's very possible they'll own antique shops or deal with valuable things. Real Estate is also something they're very good at, because these natives know at how much to value a property and when to buy it. Seeing they manage finances so well, many will think they're in fact doing something illegal or immoral.

The ones who are more evolved will nourish their love for beauty and art by getting their hands-on expensive things and sell them at better prices.

People having Moon in 2nd House are reserved and deep. They would do a great job putting all of their thoughts and impressions into art pieces and being really appreciated as people of culture. They are eloquent and smart, but they simply don't want to express themselves because they're focusing on something else.

Preferring to talk without subtext and always meaning what they're saying, Moon in 2nd House individuals never mean to hurt anyone, but they do because honesty often bothers people.

When sexually frustrated, they may be cold and very mean with their partner. Spending all of their money on a comfortable home and on making their family feel good, they will

also pay a lot in one shopping spree, especially when feeling insecure and lonely.

But you can be sure they'll have enough put aside for dark days. Don't think that if they're so good with money, they won't accept to live on other people's shoulders and be freeloaders. because Moon in 2nd House people can be masters at this.

But there are also many of them who happen to be the ones who support their loved ones financially, being for many years the rock on which others count whenever needing financial support.

Because the Moon is involved here, it makes them good at care taking, cooking and even nursing. So not all of them will be business people; some will make a living by being nurses, teachers or chefs.

But no matter what they do for a living, expect them to be emotional when it comes to money and to have a very emotional point about it in the Moon's position in their chart.

The same placement is what determines their emotional needs and how they feel the most secure when it comes to not getting hurt. It's possible they will never know how much they're actually worth and be very possessive with their other half.

Their home is their fortress

It's amazing to watch the spending habits of Moon in 2nd House individuals because they can give everything they have and be generous one day, and the other, they can hold on too tightly to their savings.

Their need for security has them worrying about money all the time. However, there are still moments when they can give everything in their pockets, especially when dealing with some emotional problems.

They strongly hold on to those they love because they need to be constantly admired and offered love in order for them to see how much they're worth.

When it comes to emotions, they don't respond as fast and accurately as others because they're deliberately not expressing themselves. True collectors, the possessions that remind them of their past are very important to them and they have many antiques at home or at their workplace.

It's normal for natives with Moon in 2nd House to keep everything they own in the family and to not share with those who are outside their close circle. The way they adapt to new people and situations is strictly related to how the Moon changes its cycles, while the association with the Water sign Cancer makes them intuitive and sensitive.

Considering the placement of the Moon in this situation, all of these traits can be quite

useful for them. For example, they could determine what others want from them by using their intuition and this way, they can be the first to deliver.

However, it's important for them to remember life isn't all about money and that possessions don't determine how much a human being is worth.

Keeping this in mind could help them through the most difficult times in their life, and they shouldn't adopt a mood swing in tough moments, seeing the bigger picture instead.

The Moon in 2nd House means they will want to make money in their profession and that their job may be something related to water or the public as they're very good at interacting with others. It's also possible they'll do something that has them taking care of people.

Their mother or perhaps wife will have a great influence over their finances, bringing in a good salary or leaving them a consistent inheritance.

Being disciplined and as practical as possible with their own money is a solution for them to live the good life. Keeping what they have saved can be a challenge, as they tend to scrimp and to have their emotional life greatly influenced by wealth.

They think of their home as a fortress where they're protected from everything and can spend some quality time with their family and possessions. It's their source of emotional stability and where they can enjoy a good life.

Feeling extremely weak when someone or something threatens the place they live in, they may believe their entire persona has been messed around with, and there's no other place in the world where to feel safer.

Everything about the individuals having Moon in second House is centered around their possessions and loved ones.

Moon ☾ in 13th Nakshatra: Hasta

10°-23°20' Virgo

Short Version [2]

Strength: creative, clever, practical, witty, pleasant, charming, attractive, attains wealth later in life, influential, cordial, careful with words to avoid expressing anger, driven in control, values social rituals and consideration of others, provides service, industrious, takes advantage of opportunities in foreign lands, intelligent, persuasive, unattached and has several relationships.

Weakness: enjoys competition and disputes, restless, changeable, charlatan, selfish, emotionally unsettled, low self-opinion, critical, overindulgent, shameless, mistrustful, repressed, health problems, nasty, drug abuse, controlling, use alcohol or food as coping mechanism, desires spiritual experience.

Overview [1]

- Lord: Chandra (Moon)
- Symbol: Hand or fist. This represents power, dexterity, communication, and blessings. The open hand is traditionally used as a symbol of blessing in Vedic culture.
- Power: To attain what is sought. Hasta has the ability to bring goals to life quickly and place tangible results in hand.

Strengths [1]

The influence of the Moon, as well as that of Virgo's ruling planet, Mercury, places a strong emphasis on the mind. Hastas are intellectually creative and able to come up with original ideas and new ways of doing things. Skilled in speech and writing, your eloquence allows you to share your ideas effectively with others. Your creativity may also express itself through your hands — you have natural talent in arts and craftsmanship and will likely have a variety of skills.

The presence of Hasta natives is calming. You are down to earth and not easily ruffled. You are patient and sensible, and rarely waste your time on ill-conceived pursuits. You have incredible foresight, able to predict the outcome of various courses of action with accuracy. As a result, the things you dedicate your energy to usually succeed.

Hastas wield a good deal of power — the strength of your personal character and your shrewdness make you a force to be reckoned with. When you work toward something,

you do it with industriousness and determination and usually have a solid plan in place. You are disciplined and don't get easily agitated or thrown off course. Hastas are generally well-liked. You have an aptitude for healing — which may manifest in subtle ways — and for helping others. Charming, polite, and always eager to do the right thing, you draw people to you with your personality as well as your attractive appearance.

Weaknesses [1]

The shadow side of Hasta is a competitive nature that values success at any cost. This results in an inclination to outwit and circumvent obstructions in ways that might not be ethical — you can be merciless in your determination to reach your goals. You may be excessively critical when under stress and lose your natural patience. Hastas often do have to deal with stress in their lives — you might feel overburdened or repressed, and may struggle with your self-esteem. In your early life, you could experience hardship and might feel that there are endless barriers to achieving success. Your success will probably come later in life. Finding a path that offers spiritual fulfillment, rather than just material success, will create a positive shift for Hastas. The external and internal struggles you face can make you give in to your lower impulses. If you start to indulge your every sensual desire, you could fall into a lifestyle that is morally and physically unhealthy. You may struggle with your health throughout life. Hasta natives are sensitive and easily affected by subtle hazards. Be mindful of the environment around you. Spending time in nature regularly can be a great healing agent.

Other Personality Traits [1]

- You give good advice. You are able to perceive all angles of a situation and to predict possible outcomes. This allows you to offer sound solutions to those who come to you for help.
- You are a good listener. An excellent communicator on all fronts, you possess not only the gift of speaking but a gift for listening. You know that to communicate well, it's even more important to listen than to speak.
- You may have a volatile life. Although you may achieve great things, you may also have great struggles. Your life has many ups and downs and you experience many changes.
- You will probably have wealth. Although it might not happen immediately, it's likely that you will achieve success and prosperity.
- You are martial. You have qualities that are reminiscent of a warrior. You have a militant discipline and determination and a combative personality.

Career [1]

Hastas' intelligence, range of abilities, and communication skills make them suited for many careers. Roles where they feel they are truly accomplishing something will be the most fulfilling. They should avoid positions that are too routine and might bore them. Some ideal professions include:

- Artist or craftsman
- Teacher, researcher, professor, or writer
- Business or personal advisor
- Doctor, nurse, chiropractor, masseuse, or alternative healer

Health [3]

These individuals are confronted with few health issues. They may be prone to persistent coughs, colds and asthma. At times of great challenge, they require adequate support to maintain their mental health.

Physical Appearance [3]

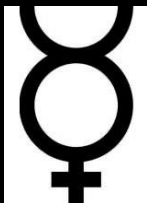

Ruggedly handsome men and similarly pleasing women, the Hasta natives are general tall. Well-developed bones and a stocky stature are common. Their hands are said to be short and many have an identifying feature on the back of the right hand or shoulder.

Pada [1]

Moon ☾ in first pada

(10°00'-13°20' degrees Virgo): Aries navamsa. You have a seemingly inexhaustible energy. You are always doing something and love a new challenge. Even more competitive than other Hastas, you are always ready for an argument and may seem to create conflict out of thin air. You are intelligent but may be prone to act deceitfully. You can be sharp in your speech

Mercury ☿ in ♑ Capricorn man 13° 20'

([902] i.thehoroscope.co)

He knows how to seize a good opportunity and this is usually a result of his observant nature.

The Mercury in Capricorn man may appear as dull or boring, but these are just superficial remarks that don't affect them in the least. You might get the impression that he's very authoritative and demanding, like barking orders at you, because he never talks more than he has to.

This reliable and trustworthy attitude comes at the expense of annoying stubbornness.

He will never admit that he is wrong because that would weaken his resolve.

In a nutshell:

Positives: Responsible and composed;

Negatives: Aloof and impulsive;

Soulmate: Someone who is just as perfectionistic;

Life lesson: Not feeling overwhelmed by certain challenges.

A man of strong principles

The Mercury in Capricorn man knows that good decisions are those that you spend some time thinking about, carefully analyzing all the data, taking in the whole picture.

Also, no one's going to make them for you, so that's the ground level, the starting point, facing the challenges head-on. He likes knowing that people depend on him, on his serious and responsible personality.

The key to a good understanding with this man is being calm, patient, explaining things in clear words and never hurrying. He wants to know exactly what the problem is, to get the information in steady, uninterrupted flow.

On the same line, he will always engage in activities and events that present advantageous opportunities for him.

This comes as a result of deep, inner analysis, observation of his pros and cons, vulnerabilities, things he's good at, and so on. His path is one of excellence and self-development, self-perfection more like it.

He's been like this ever since he was young, taking on responsibilities, honing his skills, disciplining his will and preparing himself for the future.

The man born with Mercury in Capricorn learns from his mistakes and failures but also wishes he would never get to that point where he fails.

However, when all is said and done, while he is a very serious and hard-working individual, he also knows when to let up, to take a step back and just enjoy a good moment of solitude, of relaxation.

He does have a problem with keeping himself in check, with not having enough time to do everything.

He never chatters more than it is necessary, and he hates talking about people behind their backs. Don't even think about starting this sort of subject with him.

He will change his opinion about you just like that. He believes in practicality and

pragmatism, so he won't waste any more time that he has to.

In his social relationships, he prefers having a few close friends whom he goes out with.

He hates having to deal with impatient and aggressive people who can't stop for a second to just think about their actions. These kinds of people are always impulsive, in a rush, prone to failure and mistakes, annoying as hell in other words.

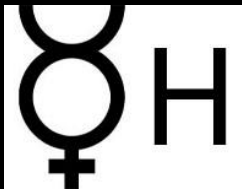

He keeps in constant control of his emotions so he doesn't exactly show his true colors when working with these unsavory types, but step on his toes and that's going to change.

Romantically, the Mercury in Capricorn man is slow, patient, he takes it step-by-step, going through all the phases and letting it come naturally.

Further down the road, he will become very affectionate and loving, becoming very tied to his partner, planning and thinking in tandem with her.

You shouldn't take his love for granted or make a mess of him because he will eventually figure that out and plan his revenge.

Mercury ♀ in VI 6th House

([913] i.thehoroscope.co)

This placement of Mercury directs people towards making the right choices for their lives, even though this is often proved later on.

Those born with their Mercury in the sixth house of their birth chart go well beyond what other people can hope to accomplish in intellectual pursuits.

More precisely, they are incredibly versatile, analytic, and systematic in their approach, being able to make sense of incredible amounts of information in the least possible time, with the best results.

Usually, they are the brains behind the brawns, the master puppeteer behind the curtain, controlling the comings and goings of the whole play. Criticism and skepticism are two of their most important traits, but they might worry a bit too much. Hence, overthinking

plays a big part in their lives as well.

Summary:

Strengths: Attentive, meticulous and hardworking;

Challenges: Dominating, negative and procrastinating;

Advice: They should be more protective of their free time.

Great judges of character

These people with Mercury in the sixth house may be endowed with critical and organizational aptitudes that greatly help them in their professional fields, but other than that, it's kind of a downside.

This is to say that they may get sidetracked and obsess for too much time on some projects, to the point that they forget about taking care of themselves.

Perhaps taking a step back and enjoying some free time will do them good. Even more so when we think that they are very sociable in general and quite good at organizing social events or parties, escapades.

Just as the other Mercury natives, these ones place a great significance on learning, studying, accumulating knowledge to be used further down the road.

The expanding of one's intellectual capacity and the breadth of wisdom, this is a goal in and of itself, one that the Mercury in 6th house natives proudly pursue.

They are very hardworking and ambitious, as they are very attentive at how they deliver the work. Nothing less than perfection is allowed, this being the way they value their work and the appreciation of other people.

Moreover, they tend to be very clean and care about health, eating naturally and keeping themselves in top shape.

When they're good, they're critical to the day-to-day operations and quite perfect in what they do.

They can look beyond what most people see, peer into the profundity of the analyzed object, see the details, learn about their structure, organize and arrange all the data, make valuable appreciations based on these details.

This attention for the small things spreads in their personal lives as well, and knowing that they care about health and hygiene, guess what happens?

That's right, they obsess about the smallest hints of sickness. Nervousness and irritation get to them faster than stress and tension from overworking.

The positives

What's good, splendid even, is that these Mercury in 6th house natives work a lot, and this is an understatement. They are literally one of the most responsible and hardworking natives of the entire zodiac.

They will never abandon or fall due to pressure, but instead, they will struggle, analyze, organize, and finally finish their assignments.

However, this takes quite a lot of time and energy which could have been used to go out, have fun, enjoy life.

Their friends miss them quite a lot. Social problems will appear, but their creative and adaptative personalities will find solutions to this as well.

Their professional expertise is based on this ability to analyze and organize data, to acquire information and knowledge in the quickest and most efficient way.

Intellectually, there can't be anyone smarter or more in-synch with their intuition and reason than these natives. It's very useful that they have a mathematical intelligence, one that creates logical connections between elements, thus making it easier to work with them.

Moreover, the Mercury in 6th house natives are very good communicators as well, able to share complex ideas with ease. However, they are much more suited in a challenging and fast-paced environment where one has to make decisions on the fly.

Actually, the most problems that they struggle with are those coming from their own inner conflicts and inadequacies, all the packed-up unnecessary clutter and the tension.

They have to take a step back, leave everything as is, forget about work, about responsibilities and obligations, and just take some time off, relax and find some comfort in the idea that everyone needs rest from time to time.

They are good people with good hearts, smart and intelligent, ambitious and perseverant, so everything will play out just fine in the end.

The negatives

What happens is that Mercury in the 6th house natives often concentrate too hard on achieving perfection, the best results, doing everything as good as possible, and this leads to long-term unhappiness, dissatisfaction.

Sure, people do appreciate their efforts and perseverance, but when it truly comes to the matter at hand, to what it really matters, this pales in comparison to their own mental

stability and fulfillment.

It might be satisfying to have their efforts validated and to be appreciated, but knowing when to stop and spend some time with family and friends is equally, if not more important.

They should learn to speak about their problems, share their griefs and sadness to people who can understand and support them.

By being so obsessed and focused on doing a perfect job, they will open themselves to emotional instability, unhappiness, depression, and massive confusion.

This doesn't only make it harder and harder to lead a healthy lifestyle but it also affects their professional productivity. They need to think about themselves as well, about all the pressure that they're shouldering, a self-made choice.

They're going to start researching how they can develop their bodies, increase their stress tolerance, learn everything they can about how the human mind works, and how to best use it.

Paranoia, incessant worrying and overthinking, hypochondria, unreasonable uncertainties and anxieties, unnecessary stressing and the freaky obsession with hygiene and cleaning.

These are the most basic problems that they will have to deal with. The 6th house Mercury natives have a lot of working to do on themselves, to refurbish their entire inner world in order to reach a satisfactory level, to dispense with all the future problems, all the stress, and fears.

([939] i.thehoroscope.co)

He has his principles and respects a certain code of conduct in every social situation so is usually very charming.

A Venus in Capricorn man is ambitious and perseverant, and that is the basic essence of his character. He's a very hard-working individual who sets his own pace and never

strays too far from it.

Professionally, he's a monster, and personally, he takes care of himself as best as possible. He wants a partner who can incentivize him to try even harder, to achieve even higher goals, to make him wish for more.

Romantically, this man will be very affectionate, sweet, tender with his gestures of love, and he will want to build up a long-standing relationship based on self-respect, dignity, principles and a traditional homely life.

In a nutshell:

Positives: Strong and resilient;

Negatives: Superficial and deceitful;

Soulmate: Someone who is affectionate and a good conversationalist;

Life lesson: He shouldn't pay so much attention to those who criticize.

His love personality

He's interested in serious and responsible women who know what they want from their lives. His partner should, in theory, already have her plans all set out for her, and to already have made big steps towards their accomplishment.

He wants to build a life together with her, one based on financial and professional success, a stable future. So, naturally, he wants his woman to be resourceful, intelligent, hard-working, and to not give in to distractions.

This guy will already be quite accomplished professionally at the moment of his romantic escapades because he wished for this in the first place.

He always wanted to build his potential little by little, to first have a good situation, and then focus on finding a partner.

He's looking for a lover who understands and is keen on having a good conversation with him, someone who is tolerant, open-minded, and straightforward.

He hates having to think about hiding his thoughts, trying to say the right things, and all that. This native is very satisfied when his friends call on him to help them with something because he realizes his worth.

He has his principles and respects a certain code of conduct in every social event, and he keeps a respectable distance with all his friends.

He's not willing to debase himself by lowering his language or by involving himself in things that aren't worthy of his time. All of this creates a strong image of respect and dignity for the Venus in Capricorn.

The perfect woman will find this very attractive because she will have ideas of her own, she will also follow a certain set of principles. Most importantly, the perfect lover will already be on her way to achieve her plans.

She must be ambitious, intellectually and emotionally mature enough to realize how flimsy some things are, to have plenty of knowledge, and independent enough not to rely completely on him.

As long as she has these traits, he's willing to omit all the other flaws or inconsistencies because these are the essential characteristics that he's looking for.

He doesn't like overly emotional women, talkative ones, ignorant and superficial ones, and unpredictability is most of the times undesirable.

For his ideal woman, he is willing to sacrifice a lot, and he will shower her with his attention and affection. Well, in his own way, one that she will hopefully understand.

The Venus in Capricorn man is unwilling to even think about lying or deceiving his partner. Besides being against something that would go against his principles, he doesn't even have the time to do that.

He's well over his head in building his professional life. Of course, if he's too immature and naïve, and stumbles upon a toxic relationship, he will try to escape this predicament, so watch out for his lies. It should be a telltale sign.

Attracted by ...

Don't even think about asking him to shower you with romantic compliments, to warm up to you on an emotional level, to go over his head in trying to woo you with sentimentality because he just isn't able to do that.

It's not that he isn't used to or that he's cautious, it's that it would be very difficult and go against his nature to do it.

That's why he doesn't want an overly-sensitive woman in his life. Rather, someone serious, a little rigid, responsible, who knows how to appreciate a good man when she sees him.

If you've got grand plans, you would better share them with him, as this will probably get him very interested in you.

He's never been one to wallow in sentimentality, and he has a very practical outlook on relationships in general.

Instead of saying sweet words of affection, he prefers taking his lover out on a journey, making plans together, eating out, or just being there for them when a problem occurs.

However, this doesn't mean that he lacks emotion, but that he's not that good at showing it. It would be a good idea to learn to do that.

They don't like unexpected surprised or unpredictable events, and you would better not be an obsessive shopper because he has a rather thrifty personality.

In conclusion

The best thing about this native is that you never have to worry about him hiding things from you.

He's too focused on his career and professional ascension to ever have any time for lies or manipulation.

In this sense, he will always be honest, even more in a romantic relationship where he will always put all his efforts to reach a desirable level.

He will never commit without being sure that it's all worth it, and this means that he will do it wholeheartedly, with all his mind and soul, and without hesitation.

The Venus in Capricorn man tends to focus too much on work and professional advance.

Sure, this is very attractive in a man because you just know he's going to reach the top in no time, but it just so happens that over-working isn't that good.

Your partner will want to be taken care of, to be loved, and she will want your attention most of all.

Don't forget about this aspect, and take some time off from work, or take a few steps back and just enjoy spending time with them. It's ideal if you keep an equilibrium in your personal and professional life.

Enjoying routine and wanting a daily schedule that makes their life more efficient, it's possible for them to stress too much or be negative.

Venus in sixth House individuals are eager to express themselves and to show off their talents, even if they're not the most expressive when it comes to love. However, the person who's with them will get to witness many practical ways in which they show that they care.

Their bosses and co-workers will appreciate them for their hard work and for always organizing, so that perfection is attained.

They are very disciplined because Virgo rules the 6th House, so their wish for everything to be done the right way can't be seen in others. Their ideal partner is the one who can follow their routine and makes their life more fun.

Those who are too negative, stressed and emotional turn them off as they need to be next to someone who has time to appreciate them for their talents and work.

It's not their type to be very expressive when it comes to love, but you can be sure their actions will always show how devoted and affectionate they actually are. This is because they are people of action and not of words.

Many may not understand them, but their love will always be transmitted in the most practical way. As said before, a Venus that hasn't evolved enough in the 6th House can have them very pretentious and expecting their partner to do everything for them.

When not seeing that action is taken for the love towards them to be expressed, they start thinking that no one cares about their fate. But all in all, they want to be of help and think this is the only way for love to get spread.

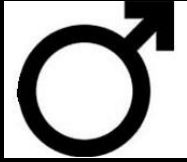

However, it's important for them to realize that giving too much of themselves is not always in their benefit. Not to mention how obsessed they are with perfection when it comes to bot themselves and those who happen to be in their life at some point.

What did we say? Stealthy, undercover, a master of shadows and deception. He's a natural charmer who beguiles everyone he meets with his inner sexuality and obsessive drive.

When confronted with life's toughest challenges, he prefers to rely on his innate instincts and reflexes, rather than ask for help. He can't stand watching people hesitate and take decisions with uncertainty.

No reason to play it cool

just like a competent and confident man would reply to attacks made on him.

He doesn't care about people's opinions because he knows himself too well to be influenced by such remarks. He also tries to overcome his impulses and wrathful nature.

Whenever someone angers him, he does everything in his power to tone it down a bit, otherwise, an explosion of epic proportions would follow.

When they fall in love, they start doing things that you wouldn't even imagine them doing. In an attempt to impress and fascinate their lover, they will do just about anything.

Investing money and time is the least they are willing to do. These Mars in Scorpio men will flexibly change their approach based on the personality and expectations of the other person.

Aggressive and impetuous? Sure, they can pull that off quite easily. Romantic, tender, and affectionate? A little harder, but not impossible for this ambitious and stubborn native.

He is very interested in women who carry a dark secret with them, the kind that you immediately notice, the ones that stand out in a social group.

Physically, he wants only the best, the lascivious and sexy contours of the ideal woman. Everything is planned for even before he starts talking.

The beginning phase is where he gets to know the other person, shows off his confidence and bravado, the reliable and domineering personality, and if his feelings are mutual, then starts the adventure. And he hates having to wait for others to decide.

In conclusion

This man is determined to fight for his own ideas and principles to the death. He's a dreamer who knows exactly what he wants from life and how to achieve, possessing incredible willpower and self-discipline.

Nothing can scare him out of going ahead, and his courage is legendary. When the situations turn dire, he is in full control, never losing his nerve because he quickly figures out how to overcome the challenges ahead.

Romantically, he can be possessive, jealous, stubborn, and sexually obsessed. For this reason, you should take care that he is always satisfied and fulfilled, and don't even think about talking to other men in his presence.

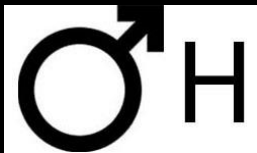

He gets too emotionally involved most of the time, and this has adverse effects on the overall efficiency and productivity that he can deliver.

He is prone to irrational decision-making, uncontrollable bouts of anger and annoyance, and a total lack of empathy toward his competition.

He's not very affected by whom he hurts along the way, as long as he gets what he wants. "Make love, not war". This should be the very essence of the Mars in Scorpio man, one that he should live by.

It's objectively better for him to invest all his energy and fiery temper in making love, emotionally and sexually, rather than fighting incessantly against the world.

Mars ♂ in IV 4th House

([984] i.thehoroscope.co)

People with Mars in the 4th House benefit from an immense emotional strength that helps them fight for what they want and overcome any obstacles.

Natives having Mars in 4th House want to be independent and at the same time feel the need for the security of having a home of their own. The relationships in their family may be tense because they're very demanding with those they love the most.

It's important for them to overcome their need to argue and to antagonize. Not to mention they have to find a way to deal with their strong emotions by doing some garden work or by exercising.

Summary:

Strengths: Protective, empathic and domestic;

Challenges: Instinctual and passive-aggressive;

Advice: Being even more attentive to the needs of those close.

Doing what makes them happiest

People with Mars in the 4th House can think too much of the past and act in a compulsive or inappropriate way because of this. They sometimes fight just for the sake of it, not understanding what's being discussed.

It's important for them to control their emotions, because others may avoid them for being too passionate. A good way for them to forget about their feelings is to do things around their home.

Having too strong opinions and pushing people around is never a solution for them, so they should compromise more in difficult situations.

Not confronting people and keeping themselves out of quarrels at either their home or workplace can make them more insightful and can change their negative behavior.

They may not want to settle with someone and continue their road towards adventure, whether men or women.

It's possible they've been brought up in a very strict family, and for this reason they fought a lot with their parents, which made their leaving home a reason for celebrating. This is why they may have problems building their own family later in life.

But no worries, they can usually overcome this and eventually do what makes them the happiest. They may at some point want to separate themselves from their parents and family traditions, because going alone helps them to be more excited about the future.

Mars in 4th House individuals have great energy underneath their passive exterior, so you can trust them to always want action, productivity and a lot of spirit.

However, they may need to control all of their enthusiasm, because it can work in both their advantage and detriment to act solely on feeling and to be constantly engaged in something soliciting.

The emotional interior they have gives them great strength to fight for what they want and the energy to stand up to any obstacle. The more independent, ambitious and willful they act, the better for them.

They can impress with their beliefs and wishes, which are sometimes strange. Their direction in life will need to be adjusted sometimes, because they may still be restricted by what their parents imposed on them.

Being their own bosses and calling the shots at home is something they truly wish for, in a healthy way. Their own place will always make them feel more emotional and vulnerable, while their romantic relationships will give them a little bit of tension.

When outraged, their partner will get to feel their fury in its rawest form, which can be scary. It can be surprising to see them angry and always fighting, but it's very possible for their emotions to take this direction as well.

Astrological studies say Mars is all about aggressiveness and assertiveness, so when having something to do with the domestic life, it makes people more prone to experience negative emotions towards those who are close to them.

They will break up and make up with their lover, because they have no idea what they're feeling.

The fourth House will hold their childhood's feelings and the image they've made created for themselves. They will control their ability to give and receive through here, isolate themselves when things may go wrong and be cold when not getting what they want.

Practical aspects

Individuals having Mars in the 4th House are very protective of their loved ones. They can feel anger very deeply and sometimes hide their feelings, making it difficult for others to know their real motives.

They're the passive-aggressive type, which can make them feel resentment, because they're not expressing themselves directly when wanting something.

They want an active family and can have many arguments with their spouse or children, because they're very pretentious with them out of too much love.

Their energy should be invested in domestic activities as this would relax them more. Relying on instincts, they can recognize manipulators, so no one can lie to them. They will want to be the leaders at home, so their family should allow for this to happen.

What people with Mars in the 4th House should learn is to no longer wait for their negative feelings to pile up. It's very likely they didn't get along with their father if he has been too strict, aggressive and especially abusive. Mars will inspire action in them when they'll be at a mature age, having them doing things slowly but steadily.

When it comes to their psychological upbringing, they should work on how they feel at home and how their emotions develop when they're with their family.

A Fire planet in a Water House like in this situation can be complicated, because all Water Houses are about emotions and the soul, ruling over things people aren't usually aware of, and Mars can be violent.

When young, Mars in 4th House natives probably used to fight and be violent without even realizing they were doing something wrong and they used to have an unexplained anger. If they had a parent who was the same, they probably used to think life at home is more about war than love.

As parents, they're strict, focused on themselves and even competitive with their

children. Since the fourth House is also about ancestry and family heritage, they may have witnessed many fights over land and property.

Their neighborhood was probably dangerous, and they were raised in terror. Individuals having Mars in the 4th House are prone to suffer from home accidents or to catch on fire, because the energy in this House is fiery.

It's also possible they had an active family who was always up to something to make their heart pound faster and their body to move more while outside in the Sun.

It's a challenge for them to learn how to deal with their anger and the past that guides them towards the future, because they can be very angry with their partner for no reason.

It may be necessary for them to travel in the past and identify what made them this way in the first place, because the rage of Mars is silent and can't be set aside.

When out in the world, they may hide all this about them until they're back home, where their passion and strong emotions get released. It can be a problem to always have them saying nasty things and confusing their partner with one of their parents.

All in all, the placement of Mars in the 4th House brings a lot of energy and competitiveness but can also have many hidden influences that are very ugly.

The downsides

They think no one can trash their loved ones but themselves. These natives are very controlling when it comes to their home and family. Some will appreciate this in them, others will find it annoying.

It's important for these people to ask their spouse and children what they want before taking any type of action. They will get to be less stressed and resentful if they'll just sit in the back and allow others to rule.

It can be difficult for them to let their leading position go when at home, but it's something necessary if they don't want their problems to get bigger and bigger.

Mars in the 4th House in a nutshell

These natives will spend a lot of their energy on their family and home. They need to feel secure and that they belong to a nation and a community.

The position of the red planet indicates they love to argue and that they may never want to get married. They're also very good at repairing things and bringing order to the busiest and most chaotic environments.

Because this position is also related to the Earth element, they may want to spend as much time as possible in nature, performing aggressive and very soliciting physical activities. They're strong people, no matter their age and the hours spent at the gym.

Their love of home and domestic work finds them staying inside when others are in bars. They like to study traditions and history, and they probably have a mother that has influenced their life a lot, because they've always seen this lady as being the biggest lecturer in their life.

Libras want equality, so Jupiter will help them expand their playing field in this direction. It will be impossible for Jupiter Libras not to bring peace everywhere they will go with these forces at work.

They could be great politicians or lawyers if they would only pick a side for which to play. You will often find them protesting for the rights of those who are less fortunate. Beauty and luxury bring them joy more than anything else. That's why they need to be careful with how much they are spending. While they are aware of what they truly need and what's meant to spoil them, they will still end up spending all their money at once from time to time.

If they would try to find beauty in their relationships and other things that are free, they wouldn't be broke so often. Jupiter Libras are the happiest when justice and equality are involved.

The best wines, classical music concerts and exotic foods, these are all meant to feed their refined soul.

A balance of needs is required

These natives most certainly borrow from Libra's justiciar spirit so will never accept injustice or to argue over trivial reasons. Jupiter in Libra means people born with this transit will usually be successful if they work with these principles they believe in.

For example, they would be great lawyers, judges or referees. They may have issues when they'll have to make a decision. It's excruciating to watch them weigh all the pros and cons of a situation.

They hesitate until they are forced to come to a conclusion and when everyone will think they have managed to find a solution, they will change their mind over and over again, second-guessing what they have thought of before.

Because they love people very much, Jupiter Libras will be very lucky and surrounded by friends. Through diplomacy, they will solve many problems, be it theirs or others'.

The more they will pay attention to their own needs, the better. Dignifying people, they

will do their best to be of help, not to mention they'll be able to dismiss what others are saying about them behind their back.

If they'll be able to contribute to the society and at the same time be creative, they will be the happiest because they would live in harmony. They also have negative traits, for example, they tend to have a big ego and to be too positive or greedy.

Sometimes they act snobbish and other times they are condescending. But if they are careful to be their funny, caring and sociable selves, they will be fine.

Every opportunity that will come their way will be explored because they will focus only on the good things. But it's important they don't become over-confident or they will be very disappointed when things are not going to go their way.

Not to mention they can become cocky and feel invincible whenever someone will agree with what they've decided. While they usually have a sound judgment, they tend to be too full of themselves and this can impede them from thinking rationally.

As said before, it's absolutely necessary for these natives, both men and women to have their egos in check. This is the only way for them to remain down-to-earth and respectable.

But the generous Jupiter may at the same time make him a gentleman who wants to spoil his lover with small gifts and attentions. However, his generosity needs to be reciprocated because he believes only in fairness.

As Jupiter is also the ruler of trust, he will give a lot of importance to this aspect when in a relationship. Mutual trust turns him on, as a matter of fact.

This guy is usually attentive to everything their lover has to say or do because this is how Jupiter influences the Libra. If he will be appreciated for his honesty and neutrality, he will be fulfilled and in love for a lifetime.

They prefer to “take another crack” at things others have tried and failed. Their moral and ethical code, religion, and philosophy are their own. They seek answers from within rather than subscribing to the dogma of the outside world. They seek abundance in new, untried, and unproven areas.

([920] cafeastrology.com:) Tends to have different or unusual perspectives, belief systems, or sets of morals. They prefer to learn from their own experiences and reactions to them, rather than from others. Saturn ♄ in ♌ Leo man 1° 52'

([1021] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Leo are tomorrow’s leaders, with enough confidence and willpower to rule an entire country toward a brilliant future.

Organized, with a systematic mindset, and with an unrelenting attitude, these natives have what it takes to accomplish all their dreams in this life. They will advance on the social ladder straight from the beginning, leaving people fascinated with their kingly aura, dignified demeanor, and sheer productivity.

Emotionally, however, they aren’t doing so well, in that they can’t find a good way to

express themselves. Others might misunderstand them completely because they have a pretty pragmatic approach to love. If the partner is satisfied, then that's all that matters, and they sometimes omit the emotional part altogether.

In a nutshell:

Style: Respectable and successful;

Top qualities: Astute, powerful and creative;

Challenges: Too controlling and stubborn;

Advice: Keep your friends close and your enemies even closer.

Personality traits

On the one hand, this native needs to know that their efforts are appreciated and recognized for their worth. In this sense, they don't make a difference between friends, loved ones, or even their partner.

However, Saturn Leos could sabotage themselves at the same time, by underestimating their abilities, making it seem like it's insufficient.

Even though this individual may be very determined to never give up, he will have to face overwhelming odds that keep on piling up against him.

To successfully beat everything into submission, the Saturn Leo will need to make a good use of their imagination, strong willpower, and the insidious ego that only a Leo possesses.

These challenges will appear everywhere, from a sudden reversal in leadership at work, to a harsh argument with the partner at home, and they need to get over all of these things if they are to survive and thrive.

In more serious circumstances, where the Saturnian Leo must act with utmost responsibility, he will take on the mantle of a heroic commander, leading those under him toward a splendid victory.

Everyone listens to their orders and respects them because they know how to impose a certain discipline amid their followers. However, such is the case that they may forget to put aside the sword and shield, always in a combative mode, lacking in any emotional and loving tendencies.

Saturn is the prime factor of this situation because it enforces certain limitations, the establishment of barriers for all individuals. Even though they have a beneficial effect in general, giving them the necessary guidance to reach their goals, there are also some downsides like the lack of any romantic flair.

Restrained and rigid, they crave to roam free, uninhibited by anything, just like a lion

prowls and stalks its prey across the vast savannah.

There is some romance left

Natives born at a time when Saturn transited Leo, will have a very straightforward attitude towards those they love, in that they will never pretend or deceive themselves.

If they want to say something, they will say it. If they feel like being a romantic lover who cooks dinner in the evening, they will do that without a hesitation.

All in all, they put in a lot of effort in order to protect and make their partner happy. In return, they expect quite a lot, at least the same kind of affection and attention they've shown.

As far as relationships go, they tend to exaggerate and become jealous pretty quickly, even though they don't have a reason for this most of the times. This is caused by their need to keep their emotional stability intact.

However, this may not always be the case, as their partner might not have the same willful attitude to express these feelings at the same intensity. Or they may be different altogether, a little introverted, or uncertain of the exact way that feelings should be expressed. Or perhaps they have high expectations.

The main problem appears when they start to feel unappreciated, and they have to find someone who understands them completely in order to solve their apparent unhappiness.

The good and the bad

Saturnian Leos have what it takes professionally, in that they never relax until they have fully completed their work. In this sense, anything is a go if it means that the result will be a tiny bit better.

Moreover, because anyone needs some time off now and then, there are periods of time when they don't want to hear about anything having to do with work.

If they manage to uphold this tradition constantly, with outside help, of course, then there won't be any problems with stress and pressure. Unfortunately, they rarely allow themselves a moment of respite, because a good commanding aura can only be achieved through self-control and discipline.

They will want to fully express all their creative potential in some way and finding such an outlet will occupy a big portion of their lives.

With great talents in this sphere, they can really put behind the warrior's mantle and take on the artist's painting brush, or the writer's pen, if only they overcome their innate

shyness. Socially, they are one of the most daring individuals, but with those inner desires, it's a bit hard.

What creates some awkward and complicated situations is their rigidity in thinking, the lack of flexibility when it comes to working in a team.

Natural born leaders, they will try to enforce certain working patterns and rules, even in other aspects of their lives. Finding a way to let loose the pressure would be ideal.

The Saturn in Leo man

First and foremost, a Saturnian Leo man will never break his word, and whatever he says is as good as gold because he has a code of conduct that he follows, and also because it would be demeaning to not uphold his principles.

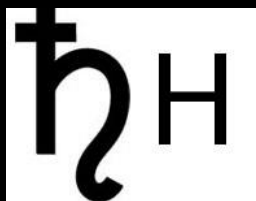

Prideful and egocentric, they keep on a straight line, one that follows their exact coordinates, never straying from them.

Secondly, he is a very attractive man whom you'll drool over at a first sight. Sex appeal: check, seductive and lascivious approach: check, daringness and confidence fit for a dominative partner: check.

There are plenty of reasons to believe that he will offer you a very special night, one to remember over time. It's essential to remember that he needs validation, some form of appreciation, of acknowledgment of his efforts.

Saturn makes him exceptionally manly, mysterious, intriguing even because besides being hot and sexy, he is also very knowledgeable and loyal. Definitely a keeper, if it comes to saying it.

Saturn ♄ in I 1st House

([1029] i.thehoroscope.co)

This placement of Saturn encourages people to keep their promises no matter what and tend to form close friendships straightaway.

People born with Saturn in the first house are grave and composed, so many times,

others see them as cold and detached. They take their responsibilities very seriously and know how to work hard because a job well done makes them happy.

When it comes to discipline and self-control, these natives are simply the best, convincing their close ones to usually count on them. They may have been feeling insecure and inferior in the past or as growing up, these being the reasons why they're so ambitious and want to get things done the right way.

Summary:

Strengths: Generous, responsible and contemplative;

Challenges: Shy, easily stressed and conceited;

Advice: They need to take every obstacle as an opportunity to learn.

Keeping their promises, always

The 1st house is a representative of energies people usually project when interacting with others. It plays an important role in defining personality and is heavily influenced by Saturn, making natives with this planet here distant.

Their friends and family will rarely see them smile, but when doing it, they'll surely put a lot of heart and soul into it. Saturn's influence gives them clear judgment and a responsible conduct.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

It's not beneficial for them to be so neurotic if getting one of their colleagues' jobs just considering they've been more productive, but this is the way they are and no one can change them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn influences people to be disciplined and responsible. When in the 1st house, it makes them more serving, able to achieve their dreams and to express their wishes because this house is all about the self and how individuals project their personality on others.

This planet makes sure to bring the themes it features into people's life as much as possible, inspiring seriousness, a stern facial expression, its specific sarcasm and a high level of maturity.

Don't think natives having Saturn in the 1st house never smile, because they do and their face seems to simply illuminate when a good joke is being told.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

Insisting to never take action without having a good plan, it's possible for them to miss on great opportunities that would require a bit more spontaneity.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

Knowing when to take risks and how to make the best out of their strengths can be a problem when facing all kind of obstacles all the time, but not impossible to get done.

It doesn't matter if men or women, individuals having Saturn in 1st house will be led by this planet to have self-control and a goal-oriented approach.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

The goods and the bads

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because they're all the time doubting themselves.

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

People born with Uranus in Aries in their natal chart are very inventive and imaginative, always coming up with new ideas to put into practice, finding the best and most efficient ways to accomplish their goals.

These natives are very creative and determined to pursue their dreams with all their being and won't ever let themselves be put down by others.

When they want to do something, nothing can ever hope to restrain them, not the social order and not the seemingly well-natured advice of their friends. It's a shame that they sometimes are very indecisive about the proper course of action that they should follow.

In a nutshell:

Style: Pioneering and impulsive;
Top qualities: Astute and optimistic;
Challenges: Individualistic and insensitive;
Advice: You need to accept disruption as part of life.

Personality traits

With Uranus being the planet most known to deal with the idea of freedom, independence, and the reclaiming of freedom through anarchy, the unrestrained and dynamic Arians are in for quite a transformation.

Natives born under this transit put forth their many ideas to bring unimaginable changes to the world, and in this sense, they can be looked upon by the coming generations.

Even if their ideas are completely new with no one else supporting them, they won't back down just yet. Only the daring and bold could ever touch upon their full potential.

Nothing good and significant was ever done without taking risks, and they recognize this fact as being present in any society. They're willing to follow their ideas to the end, and Uranus gives them the resourcefulness to overcome any obstacles and limitations.

They can get the job done with efficiency and ability, and they are very perseverant, to begin with. If you make a mistake, you'd better be prepared to learn from it, assimilate all the knowledge contained, and get better at doing it.

That's how the Uranus Aries is doing things and may appear as very intense when passing through these phases. In fact, people could be so offended and annoyed by their impulsive attitude that they may even force them into a corner, in isolation.

Their expectations in love

With relationships being the focus of the discussion, there's nothing much to say about the Uranus Aries. They are very passionate about expressing their feelings and letting the other know exactly how deep the love is.

With boldness and spontaneity, they won't hesitate before coming clean in front of you. There's no reason to waste time on melodramatic simulations, overthinking, presuppositions, fears. There's no time for that!

These natives prefer meeting someone who's up to date with the new tech, connected to the current modern society, and not caught up in the age-old traditions of the past. Open-mindedness and flexibility, this is what they're looking for.

The Uranus Aries is endowed with a certain flair for doing business. It's just like they can sniff out productive opportunities from a mile away, while also spotting those

disadvantageous ones even faster.

Put that together with the creativity and innovative sense, and you get an individual who'll wreck all the competition, come out on top against any and all challenges.

Most importantly, for all their impetuosity and erratic behavior, they know the value of a solid dose of knowledge, and they are prepared to take up studying once more if the need arises.

The good and the bad

These people are both able and very keen on trying new things, either personal ideas or just exciting things that they stumble upon.

There's no one else quite like them in this respect. It doesn't matter if the rewards are a certainty, it doesn't even matter what compromises they have to make.

Simply by engaging themselves in risky activities, in adventures that most other people would only dream of, they forget about anything else.

Uranus manages to coalesce all this raw energy, all the potential that they're wasting on such erratic behavior and put it to work for them. The planet's influence acts just like a blueprint, a framework for them to work with.

Just as it normally goes, when one is good at something, it happens that disadvantages appear after a close analysis. Their creative impetuosity does bring them a lot of benefits, but that's only when it hits the mark.

Faced with the opposite result, they will certainly blow their top and overreact quite fiercely when things don't go the way they want. They should learn to project a calmer attitude on the outside and control their inner emotions better.

The Uranus in Aries man

The Uranus Aries man is the type of guy who would enroll for a space exploration mission right now if given the opportunity. Even with the prospect of never returning home, it would still be too exciting and intriguing to miss.

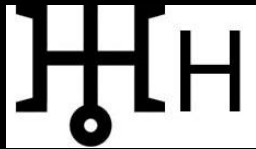

Risky endeavors were always his cup of tea, just like trying new things. The world deserves to be explored, all the nooks and crevices to be brought to the light, and he wants to be the one who gets to do all that.

This native is both spontaneous and edgy, never hesitating when it comes to satisfying his immediate desires but wallowing in self-pity when it all fails.

During those times, his partner ought to encourage him to try even harder, take him

through his favorite activities, and bust him out of the prison of his own mind. It's all worth it because he can be a very devoted lover when in a good mood.

People they will meet can influence them to adopt new philosophies and to think differently. It's not their style to develop a philosophy of their own that is traditional.

When it comes to religion and politics, they're complete liberals and want to talk about and conventional methods. It's possible some of them will interrupt their higher education because they want to travel.

Uranus is a strange planet, which in the 9th house that rules over the mind makes people having this placement interested in the most unusual subjects and unorthodox approaches.

They're amongst the most open-minded individuals in the zodiac, so expect them to always be ready for new adventures and to come up with ideas that expand the mind of others.

The more they will deal with people like them, the happier they will feel. One of their biggest hobbies is reading because they like to think and to learn as much as they can.

When it comes to putting into practice what they've read, they can really combine ideas from books and manuals, filter them with their mind and come up with something completely new.

Their philosophies are regarded as too radical and liberal by those who think more conservatively. As a matter of fact, around such people, Uranus in 9th house natives feel trapped and useless.

It's in their nature to always test the limits of what society suggests and to rebel just to be different than others.

They're never conventional or respect traditions, so expect them to feel proud if they have done something no one has ever done before.

These natives want to be free more than anything else in the world and to express their thoughts or beliefs without being limited.

As children, they have probably been rebellious and went against what their parents told them. When it comes to their spirituality, they like the new and the unconventional as well.

You'll never see them going for the dogma and sometimes, when their own ideas become old, they prefer to just give up on them.

Others will consider them heretics because they think of astronomy and like to learn about the paranormal or about astrology.

And the subjects they may be interested in are philosophy, social studies and even religion, so don't be surprised if they've published a book with their own thoughts about how the world works.

They're not the type to ask money for what they have wrote, so they'll perhaps use the

Internet to just give their materials for free as Uranus is also the ruler of technology.

Feeling very good in the 9th house, just like in any other house situated up in a birth chart, this planet can sometimes be chaotic and even malefic, therefore, it's better to have it in the upper side, so it doesn't become a problem when it comes to the everyday life of the natives.

When in a negative aspect, it will obviously bring a lot of difficulties into the life of people having it in the 9th house, but these individuals will still be able to solve their problems because reality involves difficulties as well, after all.

When situated close to the horizon, those having this placement will have many of this planet's traits, especially when young.

Things about their character will often change and there will be nothing they can do about it. While Uranus in 9th house individuals can be real geniuses, they also have problems with their education because they don't like learning in a structured environment, so even if this planet would be in good aspects in the 9th house, they would still quit University or drop it for a while.

As I said before, Uranus is the ruler of technology, so it may make people having it in the 9th house hackers.

But if they will stick to school, they may become amazing programmers and computer science teachers. They will always look to get their information from beyond what's been established as tradition and culture as they love being unique and giving a personal touch to everything surrounding them, even when talking about God.

Because they're always looking for the truth and to be imaginative, they will start to create something for a better understanding of what the big picture is and how the world works.

Blessings

Uranus in 9th house people think traditions are way behind their time and want to deal with the new or to adopt morals that have just been launched.

This is the reason why they love to travel and to meet new people who can teach them something. Any new experience makes them become better and merges with their personality.

These natives simply love to open their mind and to come up with ideas that provoke people around them. They don't know how to get bored because they just don't have the time to sit around.

The world is a big place that has many challenges for them and they know it. When Uranus is in good positions in the 9th house, they will be only observers when it comes to what they believe in.

Objective regarding the truth, they understand every human being has a destiny to at least be subjective when it comes to what's real. Therefore, they don't believe everyone has an obligation to search for the truth and to idealize some concepts in life.

This means they'll understand and respect other people's culture, religion, opinions and ideas, without being biased.

That's why they can make friends with anyone and disregard any type of prejudice, which makes conservative people shriek around them. They have the good morals that will help them evolve.

Challenges

The most difficult thing for Uranus in 9th house individuals is balancing their travels with their romantic life.

Having many friends, they love going out and meeting new people with whom they can make good friends. Very interested in dating all the time, they would rather not tie themselves to only one person or one place.

However, at some point, their life will start to feel pointless as coming back an empty home can be painful.

If Uranus is in a challenging position in their 9th house, they may have traumas from their past lives when it comes to searching for the truth and believing in something.

For example, they may have been persecuted during more religious times because of blasphemy or because they had connections with the occult.

It's also possible they've confessed their religion or beliefs and others didn't accept them for this, which could have happened in one of their past lives and even in this one.

They truly believe that a person's culture, race and religion don't matter in knowing the truth and prefer to not listen to the spiritual guides or political figures who ask people not to question them.

When it comes to the idealistic nature of Uranus, it manifests in these natives when they're searching for the truth and think of what's right and wrong.

As a matter of fact, these natives can take such thinking to the extreme because they want to know everything in detail. This will help them have a good understanding of their

own spirituality.

When Uranus is in a challenging position in the 9th house and related to Jupiter, the natives of this placement will be terrified of traveling long distances, so they may never fly or cruise.

They should find a partner who doesn't mind when they're leaving without even saying a word because they've just discovered there's a new and rare book at a library in a country far away.

They wouldn't mind having a travel companion, so they should find someone with money and enough time. Uranus in 9th house can be creative and come up with many solutions for them, so they can have it all in life, but not in an easy way.

Neptune ♆ in ♋ Cancer man 4° 2'

([1068] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Someone who is born with Neptune in Cancer in their natal chart always plans things with their family in mind, with the wellbeing of their close ones as a priority.

No matter what they're doing, where they are, their first thought is the security and stability of the people they love. In fact, they are a part of many social groups, and are very attached to this concept in and of itself, being a part something greater than themselves.

Being interested in their own person comes at a later stage in life and allows them to explore their upbringing, emotional anchors and what led them to become the person they are. Breaking up with the past is one of the many ways to do this, pulling out all those memories, good or bad, that keep one chained and imprisoned in an old mindset.

In a nutshell:

Style: Idealistic and Sociable;

Top qualities: Stable, patriotic, gentle and understanding;

Challenges: Pessimism and the need to see everything with one's eyes;

Advice: You could support your friends in more practical ways.

Personality traits

Natives who were born under Neptune's watery mark are very comfortable and deeply connected to their sense of belonging to a community.

In this sense, they are very patriotic people, and will always support their country in times of need, even enlisting in the army wouldn't be a big surprise.

Traditionalism isn't far away either because they might also want to protect the generational ideas that have always been there. More practically, they are homely individuals who care a lot about the state of their domestic space.

Moreover, Neptune releases a lot of unused energy that will help them develop more than they would think, on a personal level.

This planet of the intuition and imagination bonds deeply with the Cancer's uncertainties. It gives this native the power to stop overthinking and instead find fulfillment where there is none to be found, when the situation is dire enough to awake feelings of self-loathing, self-pity, anger, disappointment.

Alongside the Moon, Neptune really cranks up this native's potential, bringing the search for inner peace to a perfect conclusion.

The concept of family is much more than that for the Neptunian Cancer. It actually holds a symbolic significance, one that transcends mere stereotypical ideas, that it's something which falls into a routine, a mere social construct meant to have a practical purpose.

For them, family represents closeness, spiritual and personal fulfillment, that place where the struggles of the world bounce off of, a safe refuge for when they lose their path.

Although they aren't exactly very knowledgeable about how relationships work, and how to deal with the oncoming problems, they have enough emotional depth and get to fix most things really quickly, intuitively.

The Neptunian Cancer is a very loving and empathetic individual who rarely misjudges a situation or doesn't understand the motivations of people around them.

They can not only use their intuition to notice the little details about a person's emotions but also find certain solutions to their problems. On a broader level of understanding, theirs is a highly sociable and communicative approach, which makes connecting to people much easier.

They are also prone to such emotional insecurities, and many times, the most recurring issue they have is tied to the inner breach caused by their many vulnerabilities and emotional weak spots.

They are afraid to be hurt and disappointed and try to build themselves a safe environment, a safe haven outside the confines of society.

They feel like they have to give vent to all the inner feelings that have gathered inside there for so long. Even more, they are more than willing to share this spiritual epiphany with everyone else.

A unity of being can only be achieved when one is in perfect harmony with his surroundings, and this is what Neptune teaches these natives above all else.

The positives

The Neptunian Cancers would be quite efficient working as psychologists, psychiatrists, or professional counselors, due to their great intuition, deep empathic skills, and productive communication abilities.

They are in-synch with the world and understand the intricacies of the human psyche more than anyone else.

Why is that? Because they can experiment on themselves, they own a mind that is very complex and hard to manage anyways.

More than just to develop their professional expertise, they'll want to help their family and close ones develop in this sense as well.

The negatives

Routine is something that the slow Neptune adheres to and is also to the liking of the emotional Cancer, so you can be clear that for the Neptune in Cancer individual, if something happens that changes their well-established order of things, they can get extremely annoyed, uncertain, and very anxious.

They have long-since gotten comfortable with a certain lifestyle, and to change it would be sacrilege committed against their own personal satisfaction.

In this sense, they will do everything in their power to uphold that state of permanence, of constant comfort that brings so much personal fulfillment to them.

Even if this sort of means sabotaging themselves of even the development of those around. They are prepared to hide from change and transformation, if this means that their comfort is protected.

The Neptune in Cancer man

If the level of empathy and emotional sensitivity would be directly proportional to the karmic ties of a person, then the Neptunian Cancers would straight-up shoot towards the level of a Buddha.

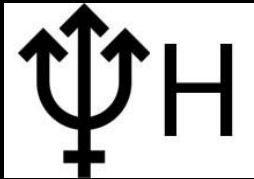

These natives feel much more intensely than most other men, and this is by no means a symbol of their weakness or lack of manly dominative characteristics. It just proves that their emotional intelligence is far higher compared to that of most of us.

However, they are also very vulnerable to emotional disappointments, and when the time comes that they are feeling desperate, lost, without a place in the world, they expect their partner to be there for them, with moral support and a warm embrace at the ready.

It's also a good idea for the man with Neptune in Cancer to take some time for themselves, take a step back and meditate on the particular reasons for the problems they have.

Relaxation is key here, a way out of the stressful routine. Escapism is underrated these days, but Neptune brings it all back together, the notion that solitude can eventually mend all spiritual wounds, especially for introspective individuals like this man.

Neptune ♀ in XII 12th House

([1088] i.thehoroscope.co)

This placement of Neptune makes people be very compassionate and kind, but not to express all this directly, so they may be misunderstood by others.

Neptune in the twelfth house natives have all kind of fears from their past because this planet here has nasty effects over the unconscious mind. They tend to focus on what's wrong with their life and when it comes to interacting with others, they only seem to absorb what's negative.

It's suggested these people focus more on their own happiness and don't stress that much about everyday issues.

Summary:

Strengths: Creative, indulgent and generous;

Challenges: Overly emotional and pessimistic;

Advice: They need to show to those close that they can be depended upon.

Very compassionate and kind

Very intuitive and strong in their heart, people having Neptune in the 12th house can surprise with their easygoing attitude and shyness.

While very compassionate and kind, they don't express all these things directly, and many people may not get the chance to understand them or worse, might feel hurt regarding their attitude.

They need to acknowledge their spirituality or else they can end up being very unhappy and unfulfilled.

It's possible for them to feel weak in front of the usual changes life has to offer because they're thinking they can't handle working with something new.

The truth is, their faith will always help them, so being fearful doesn't make any sense for them. They should believe in themselves because otherwise, they can escape in a world of fantasy and avoid reality, which isn't in any way healthy.

Some of them will discover they're capable of great spirituality when they'll get older. Others will be aware of their profundity, but won't be able to express it until their identity doesn't get formed.

The 12th house is the most sensitive for the placement of Neptune because it is the home of this planet. Therefore, when here, this celestial body has great influence over the unconscious of natives.

People with this placement are very sensitive to the society as a whole and sometimes feel like victims of chaos and immorality.

The same planet here has the capacity to turn collective ideas into pure art. One of the most famous individuals with Neptune in 12th house is Salvador Dali, whose paintings are very intense and imaginative.

These natives are all very kind and open to different emotions, no matter whom they may be dealing with. They have psychic abilities and can guess what other people are thinking or feeling.

The planet Neptune can make their ego feel overwhelmed because it's always open to external stimuli.

They may be vulnerable because they don't have any protective fences to surround their sensitivity and also because Neptune doesn't have any boundaries when being here, in the house of images and feelings of the collective.

At the same time, this planet gives them abundant creativity and the wish to become great artists. Very talented with music, poetry, painting, photography and other forms of self-expression, natives having Neptune in 12th house can become very famous in the art world.

Furthermore, they have a need to be with others, to merge and to feel the love of the collective. They're also very connected with the Universe as the 12th house and Neptune are both spiritual and resonate with what lays within people.

It can be difficult to describe them and their feelings because they're all the time overwhelmed in their unconscious, which is ruled by the 12th house.

This house can have them feeling deeply about many things in their life, including their ancestors, as it rules over the past and the conscious memories.

Neptune will always feel at home in the here. Even negative aspects of this planet won't stay in these people's way when it comes to spirituality.

The 12th house goes over everything that's beyond the conscious mind, and is ethereal enough to have the natives with Neptune in it connected to deeper meanings and the unconscious mind of the collective.

Individuals having Neptune in 12th house could be great psychologists, but this quality would be stronger in them if some planets in their 10th or 6th houses would be in good aspects.

If so, the natives with these placements will choose to deal with other people's thoughts and emotions as a career and if not, they will still make great friends who are always ready to talk about their own problems.

They're so good at dealing with different realities because they're good clairvoyants and psychics. They may even dream what's about to happen or in symbols that transmit them messages.

That's why they should study mysticism and learn how to interpret their dreams. The problem with this is that also negative things from the other side can enter their world, in this reality.

Because Neptune is very passive and would allow for this to happen, their sensitivity

may increase, and they'd absorb all the pain and suffering of the world.

People love them for being empathic and for easily perceiving their thoughts or feelings, but this can have negative effects over their own health.

What they should be careful with is their unexplained guilt as it can truly wear them down. Wanting to help everyone, they'll never get to make this dream of theirs come true because there is no way someone can help so many people as they would want to.

Each time a person around them is going through some bad times, they tend to blame themselves and have an enormous amount of guilt creeping on them.

Therefore, they may end up not helping or causing the situation to be worse. If they really want to give a hand, they need to first establish who they are and how they can manage their own life.

It's the same situation as the one with doctors as these professionals need to be very cold and balanced in order to do their job.

Another problem they may have is the fact that they're prone to become addicted to alcohol or drugs.

In the situation in which Neptune is in square position with Mars, Venus and Jupiter, they would have a tendency to abuse everything that helps them enter a fantasy world and leave reality behind.

Neptune will love having them overindulging, but this can cause real problems for their body and health in general.

While the Ascendant is the one that's rules over physicality, Neptune in a position too close to this sign would only cause the dependence on substances to be stronger on them.

Because this planet is at home in the 12th house, it influences the areas of life this house governs, in a great manner. People with this astral placement are highly intuitive and very strong in their heart.

They may seem passive, but when needed to, they can become fierce. These natives love the role of the underdog and to give a hand to those who need it the most.

However the 12th house can be pretty suppressive, so they won't be too focused on taking action and most of the time feel guilty for nothing.

What Neptune does is put rose-colored glasses in front of the eyes of the natives,

making them see and hear only what they want.

The goods and the bads

Neptune in 12th house people need to work on their self-confidence and to think of themselves as independent creatures who can handle any problem without too much help.

They're very supportive and helpful themselves, so they'd do a great job as doctors or healers. Because they like to listen and to find solutions to problems, they would also be efficient as psychologists and even firefighters.

It's easy for them to calm people down and to give hope everything is going to be okay. However, before focusing on others, they need to work on themselves and to make sure they're grounded in reality, just enough to be able to help.

Their compassion makes them strong, so they should learn how to use it. Change mustn't be something that terrifies them because it can only help their life to move forward.

It's important for them to deal with problems directly, especially when these are about work. They're sometimes so overwhelmed by the everyday life that they just want to hide and to escape reality.

This is the explanation to why they're always shy and trying to run from difficult situations, which means they're not always able to develop from an emotional and spiritual point of view.

When they can't seem to get a grasp of the knowledge transmitted by what they're experiencing, they should take a step that and look for their level of maturity.

In the situation in which they can't express themselves the way they want to, Neptune in 12th house individuals start to feel very upset and even guilty.

They should learn how to talk about conflicts and discuss the feelings they get from others' actions or words because holding things inside will only cause them to be more hurt.

Pluto ♄ in ♎ Libra man 17° 34'

([1095] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born at a time when Pluto was transiting Libra are the kind of individuals who want to change the world, but not by creating a complete ruckus, so not through forceful methods.

What they want to achieve is complete cooperation and coexistence among all humans. Under the influence of the pacifying Libra, ideas of partnerships are taken to the next level, no matter the surrounding resistance to change.

In a nutshell:

Style: Peaceful and idealistic;

Top qualities: Adaptable, diplomatic and analytical;

Challenges: Hesitant and worrisome;

Advice: Grace can sometimes be confused with naivety.

Personality traits

These natives excel at making a problematic situation drop down a few levels on the aggressive scale. Where a conflict could spark up anytime, they manage to defuse the bomb through diplomacy, patience, and persuasive skills.

They mediate and try to do good by everyone else, satisfying all parts involved. However, they can also drop all pretenses and storm out of a room in a state of full-blown rage if an injustice has been committed, and the obvious perpetrator just won't admit it.

They can be quite uptight with these principles and virtues, even in a relationship or better said, especially in that case.

Because they see themselves as the peacekeepers, the right person for the right job when things start going down the drain, they're pretty egocentric.

Only a Plutonian Libra can find the best solution to a given problem, and they will spend a lot of time deliberating what's the best course of action.

More often than not, while they're analyzing the data, the problem either disappears or solves itself, but there's no arguing with them once they get started.

On top of this, these natives are in love with researching the hidden nature of a given situation or person, being stubborn enough to attempt getting through to its deeper layers.

The good and the bad

One thing is for sure when talking about Plutonian Libra natives. They are very good at making meticulous analyses and observations, doing systematic deconstructions of a certain problem, in order to see what it's made of.

They expand this ability into many other forms and domains, but what really gets to them is that they become too obsessed over the little things.

They forget about having fun, about looking at the whole picture and learning to enjoy it. Sure, they can be great problems solvers, and everyone knows that they are very reliable people, but on a personal level, they could learn to detach from time to time.

Problems start appearing the moment this native becomes too focused on a particular aspect and forgets that, sometimes, you just need to take a few steps back to freshen up your mind.

With a calmer mindset you are able to see things that you weren't able to see previously. However, for the most part, the Plutonian Libra native just gives up when they can't find a proper solution, letting someone else take care of it.

Their relationships are especially affected by this because once they start an argument and notice that it's getting nowhere, they just get block, not knowing what to do next.

The thing is, they would prefer everything to be simpler, easier to figure out, with simple implications. And we all know how complicated relationships can be, especially with fussy partners.

Pluto in Libra in love

For the overly-rational Plutonian Libra native, love plays a big part in their lives, acting as a form of respite from the daily stress. They find great fulfillment in coming home and spending time with their partner, doing things together, fun activities or something of the sort.

Of course, because they wouldn't be under Libra's influence for nothing if they didn't start to over-analyze everything, even relationships and love itself, they do just that.

With reason and logical principles, you can efficiently find a solution to a problem, but try doing the same thing with a fuming partner who claims you don't pay enough attention to them. Emotional matters are another thing altogether.

Plutonian Libra natives are very determined and resolute, so once they determine that something is worth the effort, giving up is no longer an option, no matter what happens.

These natives can be incredibly tough and tolerant, even though they may react aggressively sometimes, or get annoyed from time to time.

Their love is still very intense, and they can resist for a long time before deciding that it's not worth it anymore.

The Pluto in Libra man

These men are faced with some degree of inner conflict between social interactions and inner fulfillment.

At the time Pluto was last in Libra, these men had to make a choice, because society was beginning to change gender roles and how people approached them.

They also wanted to find themselves an emotionally fulfilling relationship, one they could perceive as a refuge. What was perceived as flimsy or too feminine in the past was now normalized, namely men exhibiting emotions in the first place.

As such, Plutonian Libra men carry from this ancestral knowledge and are more open towards the prospect of a relationship founded on emotions and sensibility than their ancestors were.

They tend to reveal themselves easier, their inner thoughts and feelings. Furthermore, they place increasing importance on finding a workplace that they can fully dedicate toward.

Pluto ♀ in III 3rd House

([1103] i.thehoroscope.co)

This placement of Pluto makes people want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society.

Pluto in the third house is responsible with how one communicates, how the sharing of ideas goes through in a harmonious and responsible way.

Their social relationships are usually very good and efficient because of this talent for communications. Of course, things could go haywire instantly, without any apparent reason, just because their planet sent too many negative vibes.

If something attracts their attention, or someone for that matter, it will turn into an obsession right away. With them, it's either all in or nothing at all.

Summary:

Strengths: Witty, curious and enthusiastic;

Challenges: Impulsive, stubborn and indecisive;

Advice: They need to be careful with the risks they are taking.

People of great intellectual depth

One of the things that set these natives apart from the rest of the people is that they never take everything at face value. It seems like skepticism is an innate trait, but it doesn't matter either way.

They will try to reach their own version of the truth, to investigate and inquire into the nature of things, to find out whether the presented information is accurate or not. It's no use telling them anything, they won't listen to you.

The Pluto in 3rd house natives want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society and its members.

They can take on any profession, especially if it has to do with one's spirit of observation and analysis skills.

They can make an excellent psychologist just as they would shock the world with their ideas as a scientist.

A criminal mastermind as well as a physicist, a mind-reader and a hypnotist, or even a cryptographer, they can become anything they want.

Even if they might appear as distant or disinterested at times, you can be sure that they are actively listening and registering everything.

Depending on the ruling sign in the third house, they can have many different preoccupations and personality types.

These natives are people of great intellectual depth and have a deep curiosity, seething with passion and endless interest in exploring the world.

They want to experience as much of it as possible, learn and accumulate knowledge,

establish their own principles and understand their own identity.

This path of initiation, of self-revelation and self-reflection, will create some issues though, mainly related to how they must eliminate the old to receive the new.

This conflict that goes on inside of them is called cognitive dissonance, the contradiction between what the individuals know to be true and new information that goes against his knowledge.

This expansion of the mind translates to an increase in words spouted per second. Just kidding, but the Pluto in 3rd house natives are notorious for ranting and rambling on and on, constantly, until you shut them up forcefully.

Communication and harmonious exchange of information, these are the basic founding principles in their case. The process of assimilation never stops, knowledge keeps pouring in, and their needs get even more substantial.

Inspiration comes from their philosophical method of perceiving the world, what they attribute to being the essential thing in life.

Being in equilibrium with this mindset and with the world itself is the proper path toward the self-illumination that these natives want to achieve.

The goods and the bads

The good thing about Pluto's influence and energy is that it allows these natives to become better, happier, superior, and to achieve a higher level of existence by accumulating knowledge, by seeking to answer life's greatest and most profound questions.

Why do we exist? What should a man do in order to be happy? The meaning of life is still a matter a debate, as it has been ever since man had the first thought.

The bad things, on the other hand, have to do with their tendency to search for a dark and sinister answer. Even more, they are naturally attracted to the morbid and mysterious aspect of life, the unknown and the abyssal.

The feeling of empowerment that comes with knowing things that the vast majority of people don't know is too fulfilling to kick aside.

They have an unbelievable capacity to absorb information, and an endless curiosity to put to good use.

What do you think the Pluto in 3rd house natives do when they're confronted with difficulties or the path to their objective is fraught with obstacles? Do they stop or

retreat?

This is the last thing they would do, in fact. Whatever catches their intrigue and interest is as good as taken, and they will not stop until they have either succeeded or exhausted their potential.

Generally, they become extremely focused and aware of their surroundings, being able to make split-second decisions and deal with anything coming their way.

If it's about inquiring about the very nature of something, then the Pluto in 3rd house natives are the most profound ones out there.

These natives are very sure on their own thoughts and opinions, so much so that people admire and respect their confidence and let them speak without interrupting.

It's just like an orator holding a speech with everyone listening to every word, dying to hear the next parts.

They tend to digress and focus on the details, a little too much in fact, and this may detract from the attention and interest that the others give them.

They need to realize that there are a lot of things to be considered on the path toward self-development and evolution. The higher levels of existence are attained through awareness and insight.

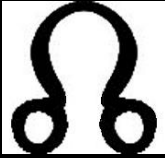

In communications, they have to take a step back, pay attention to the topic, and to what they were going to say.

Sometimes, they have to soften it a bit or make it more aggressive, based on the present situation. Anyway, their choice of words and tone must be managed before unleashing the torrent of ideas.

And it is a torrent because the natives with Pluto in the 3rd are overly-dynamic and ecstatic. About what? Anything and everything, really.

The only real problem they will ever encounter is if a subject turns up that they know nothing about. That's when their confidence drops by a large margin and those existential questions start popping up.

North Node ♄ in ♑ Capricorn 25° 59'

(Georges Muchery)

The Dragon's Head in Capricorn gives prudence, much reflectiveness, and even disposition inclined to sadness, love of solitude, but withal shrewdness and diplomacy. The disposition is more reflective than melancholy. This position may bring stability to the worldly position, but seldom gives wealth, which, moreover, the native does not desire, as he is not very ambitious. There is likelihood of gains through house property. The Dragon's Head in Capricorn gives robust health and physical resilience; and if the Lord of Life is free from affliction, is a sure sign of longevity.

The Dragon's Tail in Cancer always gives fickleness in love; it is a sign of infidelity, and often shows a risk of separation after scandal. The position of the native or of those around him is not clearly defined; he is surrounded by many secret or mysterious circumstances. This position may cause an accident, or danger while travelling. It entails liver or stomach disorders. All this is mitigated by a good aspect of Venus or Jupiter.

A bad aspect of Mars to the Dragon's Tail may cause a wound, and is often a sign of haemorrhage. With an unfortunate position of the Moon, and with Cancer in the sixth house, there is serious risk of lung trouble - tuberculosis or, at all events, bronchial disorders.

The Dragon's Tail (as well as the Dragon's Head) must be carefully studied when it occurs in the Moon's domicile, and especially in regard to this planet and the aspects which it may receive from the malefics. If the Moon is in Cancer in conjunction with the Dragon's Tail, misfortunes will occur in connection with matters ruled by the House occupied by Cancer.

North Node in Capricorn implies that business ability and ambition would be directed toward public good, or could be so directed. Integration would come through persistent sustaining effort to climb the heights of attainment and become a redeemer for others. South Node in Cancer emphasizes acquisitiveness and selfcenteredness; a carry-over of selfishness that must be overcome by caring for others and developing the nurturing qualities.

(Martin Schulman)

This individual is learning how to achieve maturity. In past incarnations he had a

tendency to look at life through rose-colored glasses, seeing only what he wanted to see with a definite conviction that everything else didn't exist.

Now there is still much of the 'baby' left in his Cancer South Node. He is so used to going through his prior lives on crutches, wrestling with his dependencies while seeking bannisters to lean on, that his current life is the resultant shambles of escapist, childlike habits which keep impeding his growth.

Truly, this is the personal infant, desiring at all costs to maintain his role as the focus of parental attention. In areas of problem solving, he would rather have his parents do it. Everybody he meets and knows, be it friend, business associate or marriage partner, automatically becomes the symbolic parent to pick up the pieces of his misery, protecting him from being hit by the falling sky which he has created. He creates his own self-inflicted illnesses if they bring with them the slightest hint of gaining love and affection.

Constantly practising at becoming an adult, he never seems quite ready or willing to make the transition fully. Somehow he keeps feeling he needs much more practice first.

All he does in this life is based on his soul memory of sensitive past-life feelings which still are shattered by the slightest rejection.

Many individuals with these Nodes are strongly wrapped up in the business of their country. They personalize government, for to them it is still part, in a larger sense, of their own Cancerian family.

Underneath all else, there are unusually strong feelings of patriotism and loyalty. Many with these Nodes focus a good part of their strength and attention on younger people.

They like to listen to the trials and tribulations of others; but not being quick problem solvers themselves, they have a tendency to hold everything inside them. As the weight of problems increases, like collecting layers, they seem to age in spite of themselves.

The most difficult karmic problem of the Cancer South Node is learning how to let go. The individual brings with him into this life such strong inner fears of ever losing or forgetting anything that he keeps making extra special efforts to retain all he has ever gone through. As such, he makes himself the 'psychic grabage pail' of the past. Constantly he is thinking about his present in terms of what he should have done years ago - or 'lives ago'. He often can be seen sorting through old photographs hoping to create his future out of fragments of his past.

At times he is extremely draining, using whatever is done for him as a springboard to ask for more. He tries other people's patience with all of his emotional problems, and long after the solutions are given to him he refuses to see logic through his cloud of emotion.

He is not so much interested in finding out why something went wrong as he is seeking the lost feeling to be returned.

Endings are especially difficult for him to deal with. The word 'good-bye' has never been a part of his vocabulary, for he has always tried to preserve all relationships as long as possible. His behavior in regard to objects is no different, since he tends to form permanent attachments to the nostalgic memories they carry with them.

The major karmic lesson in the Capricorn North Node is to identify with an ideal bigger than the personal life. The individual must ultimately come to stand for something, in spite of all his real or imagined personal difficulties. He must understand true responsibility.

Many with these Nodes eventually become self-appointed hallmarks of tradition. They would rather die than have an outsider know any part of their personal life which contradicts the principle for which they have chosen to stand.

Through the North Node, an image which others can look up to and model their lives after is established. At times personal difficulties deplete him of the strength to hold up this image, and yet hold it up he must, even if it means sacrificing his entire life. In most of his endeavors he is capable of becoming a methodical and cautious planner once he learns to overcome his past-life tendency to overreact emotionally.

In the charts of females, these Nodes represent an unusually strong search for a father figure. In males, there is a strong consciousness of the need to fulfill the father role.

The most important things about the Capricorn North Node is that it represents the point through which the individual will meet his karmic mission. For this reason alone, many with these nodes tend to be reluctant to accept the full concept of adulthood. They would prefer to remain in an immature state for as long as possible, for they sense a type of judgement awaiting them. Much like the condemned man desiring one stay of execution after another, they seek to hide behind others, constantly pushing themselves further and further to the back of the line so as to avoid meeting the effects of all they have created. This is the reason why many of them have great difficulty in accepting their own chronological age. While they admit to their age openly, they try not to live it.

There is much past-life residue of immaturity. The soul has become fixated at one point in early growth. Now there is great difficulty passing that point. Still, it will be passed, if the individual is ultimately to stand for something.

The zodiacal sign of Capricorn is the gateway through which the soul must go upon leaving the physical body, and in this most occult of signs it will stand for inspection before the Judges at these Gates. While this may not be the last incarnation on Earth, it will most definitely by house position receive karmic judgement in one area of the life.

The individual with these Cancer-Capricorn Nodes will flounder half his life in helpless abandon and then one day resign himself to stand up to the saying, 'Tis a far, far better thing I do than I have ever done before'.

The house position of the South Node indicates the area in which the karmic residue of immaturity seeps into the current life. The house position of the North Node shows the ways in which the individual can now enter responsible adulthood by aligning his life with the principles of honor, respect and tradition.

As soon as he learns how to do this, he is destined for a life of splendid accomplishment.

(Donna van Toen)

You should take steps towards a career (or honors or increased self-esteem). Your Cancer South Node may reply 'Yeah, but what would my kids (or parents or boss) do without me?'

Your Problem is that you have adopted real or imagined responsibilities to others that are keeping you from becoming all that you can become.

Possible reasons: Fear of public exposure. Lack of planning. A feeling that you're unworthy in some way. Refusal to let others lead their own lives.

Possible solutions: Take cautious steps towards the careers, honors, or recognition you want. Examine your needs and responsibilities honestly, and take necessary steps to balance them. Get a divorce. Commit suicide (Apolo's note - don't do it: the author was being teasingly sarcastic here). Study the lives and actions of others who have done what you want to do, and pattern your life after theirs if at all possible.

Cancer South Node tends towards deeply-rooted compulsive behavior patterns which allow him or her to justify failures. Justification of this sort is a form of dishonesty. This prevents the development of Capricorn North Node's considerable untapped potential for self-esteem. It also prevents the formation of deep relationships, since if you're not honest with yourself you can't possibly be honest with others. Cancer South Node easily becomes bogged down in dependency on those who need him or her until personal discontent forces development of Capricorn's North Node potential.

Some typical manifestaions of an over-developed Cancer South Node are: An overall lack of success in life; hypersensitivity and sloppy sentimentality; fear of authority figures; childishness; lack of emotional self-control; lack of self-confidence; snobbishness alternating with blind acceptance of others; self-pity; excessive complaining; and a craving for emotional attention.

North Node in Capricorn tends to dream very traditional dreams. He or she wants to be a law-maker, a policy-maker, an organizer, an Einstein, or at least a manager. He or she wants to be known for objectivity, prudence, and good leadership ability. He or she wants to stand out against the backdrop of ordinary workers as someone who knows where he or she is going and is getting there. In contrast, this is an emotional, rather touchy person. He or she is fond of comfort and reluctant to make changes. The need for emotional security dominates the need for dream fulfillment to the point where changes in residence, job situation, public notice, or whatever become extremely upsetting, even if these changes herald better things.

Antidotes for Capricorn Imbalance: Mathematical work can be an excellent antidote. To a lesser extent, astrology and numerology can be helpful. The client must be encouraged to take responsibility for his or her own life rather than blaming parents, superiors, or others for his or her problems. Boating and water sports can sometimes be beneficial antidotes. Leadership roles should be taken where possible. Those that provide titles (chairperson, president, etc.) are especially good for enhancing self-esteem, which is usually lacking. Activities that stress discipline and strategy are particularly good. Among these would be chess, yoga, National Guards, etc.. The need for security must be fulfilled.

Occasionally the client will have no ambition to do anything about the imbalance, in spite of complaints about the quality of life. These imbalances seem to be particularly fond of illogical 'Yeah, but...' dialogues. In cases where the client insists that you must 'solve' his or her problem single-handedly, you can do very little but stress the fact that astrology teaches self-responsibility, and suggest that the client come back when he or she is ready to accept this tenet or find another astrologer. Psychological counselling might also be recommended; this should be of a type that stresses a 'here-and-now' approach.

North Node ♄ in VI 6th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Sixth House is good for the native's health, and even when he is ailing, or seriously ill at some time of his life, the Dragon's Head will help him to get over his illness, so that if his life should be despaired of he will have a

chance of recovery. It also implies good fortune derived from employees; and if the horoscope on the whole predicts it, it confirms gain through an inheritance from an uncle or aunt.

The Descending Node (Dragon's Tail) in the Twelfth House is one of its most unfortunate positions. It causes incessant worries and troubles during the whole period of occupying this house, or when it passes through it again, unless benefic aspects from other planets are in operation at the same time. It causes loss of money, and unsatisfactory business transactions. It makes powerful enemies and merciless creditors, and is also a sign of ill-health and troubles of all kinds.

(Isabel Hickey)

Integration only comes to this individual through service. Must come out of his shell and work. Has been isolated through self-undoing in the past. Either enforced seclusion, or restrictions due to lack of compassion in the past, has made it easy to retreat this time. Fulfillment comes to this individual through serving others and losing the sense of separateness. Humility, the last virtue to be attained, can be the keynote of his life if the individual is willing to serve others with no concern about the self. In order for any of us to become something, we have to be willing to be nothing. This is the message of the sixth house.

(Bernice Grebner)

With North Node in the sixth, he needs to work and to be of service to others. He must learn to do for others with no regard for himself. He needs to lose the self-interest toward which he tends to gravitate. This also includes learning discrimination, attention to details, and discipline from too much daydreaming. He also must concentrate on health matters for the protection of his physical body. He needs to bring compassion down to the practical level.

South Node in the twelfth is sensitivity. Here is the person with a talent for working with the sick or mentally insecure. It gives a drive to seek seclusion and an inclination to meditate. With bad aspects it could give an alienation from society. This position seems to be karmic; and there is a very definite secret, sacrificial service of some kind involved, depending upon sign and aspects. The person with the South Node in the twelfth house may have a martyr complex, which must be used at its highest in sacrificial service and delving into the secrets of the subconscious, bringing them to the light of the conscious mind. This position gives many nurses and doctors.

(Mohan Koparkar)

This condition often signifies work-related areas and importance in life. For some reason, they are highly inspired to do things others may not want to do. For spiritual

growth, this is quite a good position of the North Node. For some reason, their interest in life is not tremendous but just a passing stage in the Karmic line-up. Physical health is maintained considerably well, and they may even get into diet foods, meditation and related areas. In their prior life, they came fairly close to achieving the secret of the universal escape, but missed it by a short margin. This aspect often provides self-confining tendencies to elevate one's position in the universal race.

(Martin Schulman)

This individual spends most of his time in deep thought. He likes to be left alone so that uninterrupted by others he can let his inner reflections sift through the karmic memories of all his past incarnations. This is not to say that he doesn't like company, or that he's even aware of what he's doing. The fact is that he goes so deep as to become totally oblivious to anything he is thinking about! He loses himself in himself.

Always the conscious reason for going inward is based on logical intention, but the individual tends to reach the point where all logic eludes him. The Neptunian subtlety of the depths he reaches remains a mystery even to him!

One of his greatest problems is that while he stays inside himself he is preventing others from stabilizing his mental journeys. As a result, he accumulates enormous past-life fears, having no idea whether they are real or imagined, or just a compressed collection of the mental scenery on his inward journeys.

Still the basis of his outward life is built on fear and imagination, and regardless of how strong the rest of the chart is, he keeps having moments of not being able to find confidence in himself.

He is a lot like the turtle constantly peeking out of his shell. People close to him see his life as a tendency to avoid all that seems real.

He spends most of his time watching others from behind a see-through mirror. Ultimately he comes to believe that the rest of the world is viewing him with the same scrutiny. There is a latent paranoia built into this Nodal position.

In areas of work he is an unusually poor organizer, leaving many scattered ends behind him and always feeling that there are not enough hours in the day to complete his chores. His problem is that he doesn't know how to budget his time, and as a result he is constantly trying to catch up to the present.

Much like the rabbit with the clock in 'Alice in Wonderland', he keeps throwing himself into the position of having to rush to avoid being late.

Part of his life will at one time be involved with hospitals, institutions or organizations

which demand him to structure his ways. He needs this in order to come out of his inner self.

The big karmic lesson is for him to learn responsibility instead of feeling sorry for all the woes that seem to beset him. More than any other house in the zodiac, he cries at the slightest hurt either real or imagined. Sometimes the crying is inward, but always it is there, for on the very deepest levels he feels that the love he has to give goes unnoticed and unappreciated. Because he thinks this way, he becomes his own creator of gloom; and woe to the person who tries to pull him out, for then he will have a receptive ear for all the past-life hurts, fears and worries he has not yet even verbalized!

Underneath all else, he is a bottomless well of fretting, with not enough deep faith in the positive outcome of events. He must work on building trust so that he can have the strength to come out of his shell. Once he does, he is one of the most compassionate, beautiful and useful people in the zodiac.

His sixth house North node gives him great pleasure in helping others, but he cannot do this well until he realizes and accepts the fact that in this incarnation he has chosen a life of sacrifice.

He must learn how to organize his thoughts, his work and his diet, for he is a naturalborn healer, capable of defying the limits of practical medicine with his own more mystical methods of curing. But a talent is not a talent until it is developed, and an individual is not more than he thinks he is. Ultimately he will come to learn that his greatest gift is faith. But he will work long and hard to reach that awareness!

Part of the current life will be spend nursing or coping with physical or mental illness, either in himself or in others close to him. His major growth occurs when he realizes that all illness is no more than a disharmony in the body reflecting disharmony in thought. Something inside himself is constantly trying to tell him this, and he must learn not to allow his past-life fears to block what is now being opened for him.

Many with these Nodes go through experiences of illnesses that miraculously disappear, to the amazement of medical doctors, dentists and other professional practitioners. The karmic lesson here is to learn the higher reason why, for as soon as understanding is reached, the new-born faith starts to heal. Once he becomes aware of the power of his faith, he becomes a veritable dynamo.

As he builds in more positive thought currents, he automatically learns not to criticize others for the lack of perfection he sees in them.

His outlook on life remains clinical: scrutinizing and diagnosing all with which he comes in contact.

Of all the Nodal positions, this is the most difficult one to open up to past incarnations. The twelfth house South Node has completed a karmic path, the details of which are to remain forever sealed in past times, even though the subtle Akashic essence still remains.

Lifetimes of escaping from inner torment have been completed. The individual must come to realize that most of his inner negativity is not related to the current life, but only exists through his continuing to think along a track which has already ended.

He still has inner feelings of being persecuted which he must learn to bury once and for all, for the more he allows himself to dwell in such thoughts, the more he will inadvertently recreate such circumstances.

He should learn to realize the past for exactly what it is: no more than a memory, and no more real than a photograph in his mind, which he now has the free choice of holding on to for the sake of its misery or discarding so that he may step out into a productive new world.

Once he can put his entire state of consciousness into a positive and productive outlook on life, he will be able to start experiencing a new meaning to his existence. The sign which contains the South Node shows the ways in which the individual blocks his current-life advancement by withdrawing into karma he has already completed.

The sign which contains the North Node indicates the ways in which he can now develop a fruitful life through service.

(Donna van Toen)

Conflicts: Physical health vs. spiritual health. Efficiency vs. debilitating worries. Pride in work vs. feelings of inferiority.

Possible results of sacrificing North Node: Reclusive tendencies. Feelings of alienation. Escapism. Paranoia. Lack of detachment.

Possible ways to integrate North Node: Learn to take pleasure in helping others. Organize and discipline your mind. Accept appreciation. Be willing to work for others. Develop practical goals.

In the sixth house there can be hang-ups about imperfections, dedication, or service. Narrow-mindedness and intolerance are frequently at the root of these hang-ups. A lack of confidence and a strong fear of rejection are common side effects. Everything must be black or white; gray is intolerable; 'almost' doesn't count at all. This holds true both in

self-judgement and in judgement of other people.

Total success is this person's ultimate goal; nothing else is acceptable. There's a tendency to frequently test other people's dedication by throwing out obstacles or challenges which must be met if the tested person wants to retain the esteem and respect of the testee (note that the tester may also be the testee). Extreme urgency is a keynote - there's always some crisis to be solved or some need that must be filled immediately. Otherwise, dissatisfaction sets in.

Sometimes, the person may retreat from the real world entirely either via the nervous breakdown route or through involvement in some idealistic pursuit.

Typically, this person makes excessive demands on himself or herself and talks a great deal about 'good' and 'bad' people, things, and attitudes. He or she is generally disappointed in friends, work and everything else because expectations are set at such an unreasonably high level.

North Node in the sixth house dreams of being vital, energetic, and physically and mentally healthy. They may want to be actively involved in some sort of healing art or profession. They dream of becoming psychic healers, doctors, renowned herbalists, or people noted for their healthy, attractive bodies. They dream of finding a way to take care of their body without foregoing self-indulgence and hope of being able to pass this way on to others. Sometimes mental health is emphasized rather than physical health. This person wants very much to be thought of as perceptive. He or she typically feels isolated from others and has difficulty finding emotional satisfaction. Much time is spent examining both emotions and the physical state, hoping to find a key that will allow him or her to feel more in tune with others. Self-deceit or attempts to deceive others may keep perceptions and well-being blocked or lead to misguided or self-defeating action.

(Haydn Paul)

You may experience slipping back into the depths of your unconscious mind, moving beyond rational thought, and accessing irrational and imaginative sources. You tend to be introverted, often with a distracted attention as you prefer to avoid involvement in the mundane world. This could either become a form of escapism - and evasion of responsibility and duties - or more positively and creatively be directed toward meditation, contemplation, and a creative artistic spirit. Results depend upon application and choice. You may feel that life is a dreamlike state; this depends on how effectively you separate inner activity from external reality.

This inward mental attention does affect daily life. You may be less efficient and organized at work or when performing domestic tasks. Through diverting energy and interest toward inner realms, you often leave work unfinished and then claim the excuse of insufficient time. This can become a normal behavior pattern. Even if you had more

time, however, you may still fail to complete tasks as your attention suddenly fades. To change this tendency, and to become more mundanely anchored, you could benefit from an organizational structure which requires self-discipline and shows how careful planning and a focused will can be efficient.

There may be various inner fears and indistinct worries which preoccupy your mind and make you feel sorry for yourself. What may be needed is greater self-responsibility, and an effort to become more positive and trusting of life, so that fears can be banished. Then you can feel confident to dare to face the real world. You are quite capable of doing this; but any avoidance habit may inhibit progress, since you do prefer retreating into a private inner world, especially at times during relationships when you believe your love for another is unappreciated.

You need to be helpful to others, but may be reticent in moving beyond a protective shell. Your usefulness depends on passing beyond these restrictive behavior patterns. Reaching out to embrace life, accepting your total nature, and improving communication with others is your way forward.

There may be a phase of illness - either your own or that of someone else close to you - which offers a lesson that much illness, being psychosomatic in nature, is caused by states of inner disharmony of thought, emotions, attitudes and values. This can be through emotional repression which generates physical side-effects, tension, and stress. If you can perceive the cause behind the obvious symptoms, identify the real underlying problem, and make a conscious, deliberate effort to transform and resolve the problem, amazing healings can occur. The path of healing may then attract your attention, and you could have healing abilities which can be awakened. Linking your observational abilities and empathic contact to your personal growth, and introducing more positive attitudes, could help transform you into a 'healer', especially in the alternative medicine field. Once you deal with your problems, you should experience a more fulfilling sense of meaning and purpose, especially when you share yourself with others.

(Bruno and Louise Huber)

Here our problems are existential, and we are concerned with maintaining ourselves - unlike the situation in the 5th house, where we simply stand and make our presence felt and where being is more important than doing. However, even the 6th house is not primarily concerned with doing, but with getting a clear idea of what one is capable of doing.

The 6th house is a mutable (cadent) house; and mutable houses always have to do with realization. It employs the process of realization to find its own 'untapped market'. It prompts us to ask, 'Where are abilities like mine in demand, where am I needed, where would I fit in?' The question may appear to be academic, but it is real enough, for a 6th house presupposes a 5th - i.e., it presupposes that we already possess 5th-house self-

assurance and enjoy a certain status.

In the 6th house we are concerned with being able to make proper use of the I that has been put to the test in the 5th house. Thus we are concerned with becoming part of the environment, and with making a personal contribution to it, while earning a living at the same time. Basically, in the 6th house - especially if the Node is posited there - we should look on ourselves as a supplier who can satisfy a demand, saying, 'I wish to make a contribution to my local community. Now where is this contribution required?' It is a question of putting others first, because the 6th house is a house of service.

The principle of service should be recognized as a valid principle. Leo rules, and Virgo serves, but their roles can be seen in reverse, as when it is said of a king that he is the chief servant of his people. Similarly, the 6th house does not necessitate servility, or passive, compliant acceptance. It calls for a positive contribution, provided our contribution meets a real need; for this is what service is all about. Often we have to do hard work, and make an effort that taxes our strength and may even seem to be bad for us; but, with the Node in the 6th house, such experiences are a necessary part of life. We can grit our teeth and say, 'I know this is no good to me. Nevertheless, I will do it, because the situation calls for it'. If we are harboring some illusion about our abilities, the Node in the 6th house will undeceive us, and will show us the truth about what we can and cannot do.

In the 6th house, it is important to perform, as briskly and as cheerfully as possible, the task that lies to hand. We need to resist the temptation (held out to us by the Neptunian 12th house) to sit and dream. Success in the 6th house comes by tackling a job oneself, without waiting for someone else to do it. One should do one's best, even if the task seems to be beneath one's dignity, or leaves us feeling that we always have to do everything ourselves, because it is by our personal participation that everything gets underway and is organized. The whole secret of the 6th house lies in the continual fulfillment of obligations, and in a wholehearted application of one's abilities to achieve common goals.

North Node in the 6th house or Virgo (James Braha)

If the North Node is in the sixth house or Virgo, the person's greatest growth, evolution, and fulfillment come through routine service, daily work, and attention to details. In past lives, the person has been dreamy, idealistic, religious, and spiritual. Now he must focus on practical matters and learn to deal with boundaries, essentials, and necessities. Careers involving nursing, cooking, haircutting, etc. are all favored. Or the person may fulfill his destiny in any pursuit dealing with knowledge and information. He may be a good writer, editor, accountant, or bookkeeper. The person must investigate, analyze, and evaluate on a daily basis.

The person may have been born wanting to help everyone else, with little concern for his

own personal needs. Now he is here to focus on self-improvement, progress, and full development of his talents. He should take care of the quality of his appearance and the food he eats. Health matters are important, and the person should exercise and learn about preventative medicine and healing techniques. He has to relinquish his easygoing ways, and make a lifestyle of discriminating, judging, and attaining perfection in earthly matters. He should work on precision, manual dexterity, technical skills, and any crafts of his choice. Duty and discipline are crucial in this lifetime.

The person should be picky. He should be cautious and careful, and intensely examine all issues. He should seek to understand the details and mechanics of things. The more knowledge he gains, the happier he will be. His task is to categorize and compartmentalize, and create order wherever chaos exists. He should leave wisdom, idealism, and broad perspectives to philosophers. His efforts should be directed toward solving problems and overcoming obstacles. Old tendencies of profound, compassionate sacrifice should be avoided. The person is here for minor service, and he will suffer if he acts the part of 'savior', or allows others to take advantage of his generous nature. Enjoyment of small pets is favored. Purity and innocence are essential, and the person must never function out of improper motives.

In Hindu astrology, the North Node in the sixth house indicates extremely good health and a powerful appetite. The person defeats his enemies and competitors with ease, and therefore may reach the top of his chosen field with little interference or resistance. The South Node in the twelfth is good for spiritual growth and enlightenment. The nodes in the signs are of much less significance.

Divine Seeker

If you have Black Moon Lilith in Sagittarius, the pain that you've faced through your Lilith placement has made you broad-minded and free. You have learned that boxes are for pizzas, not people, and you won't be reined in.

However your Lilith experience has manifested (shown by the house Lilith is in), you have reacted by searching. You know that your life is a glorious adventure, and you want

to put your pain into context. You want to find out what it means. So you have researched and read and studied. You have exposed yourself to different cultures, stories, faiths, academic disciplines, anything to illuminate the larger narrative. You know that your suffering can't be completely senseless. You can sense the grand design. You know, somehow, deep in your soul, that the truth is out there. And you know you'll find it.

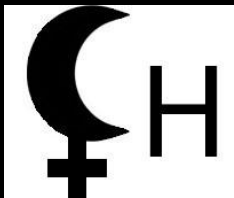

And this optimism in the face of real pain has left others in awe. How on earth can you keep going, they wonder. How can you keep up the search? But while they may not understand, and they may even scoff and dismiss your quest, they also come to rely on your sense of perspective. In fact, your happiness can become a sustaining force. You may even be made to feel as if you owe others your joy. So your sunny disposition becomes performative, crafted for other people's comfort. They don't understand that the happiness is in the search, but it isn't the goal itself. The treasure you're seeking is much more meaningful.

And when you do feel trapped, hemmed in, misunderstood, or unduly obligated, you default to the one thing ever Sagittarius keeps in their bag of tricks: you leave. You ramble on in search of greener pastures, of more profound answers, and of people and places that allow you to feel free. Your pain is bad enough. The last thing you need is to have an anchor tied to your waist while you try to heal. And if the next place, person, or idea doesn't feel right, you move on to the next. Over and over you travel, whether literally or metaphorically, always in search of that golden nugget of wisdom that will soothe your throbbing heart. But as you find out time and again, while a rolling stone gathers no moss, it doesn't gather much gold, either.

To help ease your soul, draw perspective from Gemini, the sign opposite to Sagittarius. Gemini gathers information just like you do, but they use it to work out the answers internally. Gemini asks, "What if the solution isn't out there? What if it has been right under your nose all along? What if the portal to OZ is your own front door?" Gemini also knows that people have to earn access to your authenticity. If people in your life are consistently dismissing your pain or your search, or if they are demanding that you perform certain emotions for them, you don't necessarily have to leave. You can stay put and deflect. No one is owed the details of your inner world. Only those who support your freedom need apply.

There is much more to this very complex and sometimes paradoxical placement. But what I want to stress is that the desire for meaning is not only noble, it is fundamental to human nature. As you seek a better world, you'll find others in pain who need your perspective. Your ability to turn wounds into a catalyst for a new adventure is an absolute superpower. Remember to look inward every now and then, but keep up the search. We're all waiting to see what you find.

(Black Moon) Lilith ♀ in V 5th House

([1153] elsaelsa.com)

Dark Creation

If you have Lilith in the 5th house of your chart, her themes will manifest in terms of sexuality, pleasure, creativity, and children. It may seem as if life's pleasures are always either denied or warped.

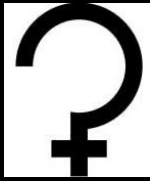

With this placement, you probably grew up quickly. You were denied the chance to have a real, innocent, free childhood. Because of this, many people with Lilith in the 5th choose not to become parents for fear of not being able to protect their own children from the darkness of the world. They also often fear that their own darkness and pain will be inflicted upon their children. If you have Lilith here, you know what I mean. If you do have children, you will be hyperaware of their experience and be fiercely protective, making sure they have the innocence you were denied.

The 5th house rules sexuality, and here we often find a very literal interpretation of Lilith's myth. She attempted to stand up for her right to equality, to pleasure, and to having sex in a way that pleased her too, and she was instead dismissed, coerced, and wounded. With Lilith here, you have certainly experienced wounds in terms of sex and pleasure, and you responded either with a total rejection of sexuality or with promiscuity. Either way, the goal is to take back control and confront sexuality on your own terms.

The 5th house is more than sex and children. It is creation, period. It is concerned with artistic expression and bringing forth something new into the world. With Lilith here, your creativity has been met with disdain or cynicism. It always seems to fail to meet some outside expectation, and is instead relegated to the margins.

This is just a sample of the ways that Lilith could manifest in the 5th house. But there are a few pieces of advice I think apply across the board. First, pleasure is not frivolous. It is our birthright and we should be empowered to seek it on our terms and for our own benefit. And finally, we don't create and express ourselves in order to please others. We create because we must. It is part of what it means to be human. So shine on.

Chiron ♄ in ♒ Aquarius 27° 11'

([1258] astromajesty.com)

Aquarius is the humanitarian of the zodiac. The aspects of this sign are that they are visionaries and revolutionary thinkers in terms of how they can help and support others.

Aquarius is ruled by the planet Uranus, which represents change, usually abrupt. It is known for being quirky and original.

Uranus does not like to be boxed in; it prefers to venture down its own path, unguided by others. Uranus is the god of the sky and the air. It encapsulates the essence of freedom and liberation. It is known in astrology as the awakener.

Chiron in Aquarius relates to a sense of community. There is a need to belong with people who carry this placement. They want to find their place in the world but may struggle with finding their purpose. The need to connect with others is evident though they may fall short in this category.

As Chiron indicates areas of struggle and upheaval, the effect of Aquarius Chiron is the complete opposite of what Aquarius is typically known for.

Where Aquarius may be a leader those with Aquarius Chiron may be followers. Where Uranus is unapologetically itself Aquarius Chiron wants to fit in with the crowd.

The opposites are extreme and the effects are apparent. There is a strong contradiction that is clear in the behavior of Chiron in Aquarius and the zodiac sign in its own right.

People with this placement may struggle with understanding what makes them who they are. It is a great lesson in learning to appreciate oneself and to move away from the crowd.

Personality

The effect of Chiron on our personality can be seen by others but it is mostly felt within. The decisions, thoughts, and beliefs that we hold stem from a variety of factors, Chiron can influence those by highlighting our emotional baggage.

There are some positives to Chiron's placement in a natal chart, however, it resides in the darker parts of our personality.

The negative aspects of our personality and the parts that we don't want to share with others can be understood once we dive deeper into the influence of Chiron on our lives.

Negative aspects

Those with their Chiron in Aquarius may feel like an outsider, there is a sense of isolation which is a common factor with this placement. They can feel as though there is no room for them in society and as a result, experience feelings of loneliness which they may struggle to deal with. They want to be included. The Aquarius Chiron wants to be made useful and contribute to their community.

Even when they are surrounded by people they can feel alone. In social situations, they may feel more comfortable in smaller groups where they are not overwhelmed by people's energies and presence. Even though they want to be part of a wider circle they chose to dial down their desires as they feel as though they will not fit in.

Their friendship circle is small and intimate, making room only for those that truly value them and understand who they are. They favor relationships with those who they are close to and may hold people at arm's length if they are wary of them or are unfamiliar with them.

It takes a lot to get close to an Aquarius Chiron but once those barriers are broken down it is well worth it as they have a friendly demeanor and a warmth toward those that they love.

However, the Aquarius Chiron may prefer their own company, choosing to be alone rather than spending time with others. They do not feel as though they have to be surrounded by others and are more than happy to be alone. This is due to a fear of rejection. If they avoid any circumstances where they may be pushed to the side, it will make them feel more comfortable and at ease.

Any time that they spend with others leaves the Aquarius Chiron feeling as though they are different from everyone else.

The contrast between how they feel in a group and their level of comfortability when they are alone is apparent. They enjoy their own company and at the same time, they crave the social interaction that they could have if only they felt satisfied being who they are.

They have a love-hate relationship with solitude, they enjoy being alone, yet they would like to feel included amongst others.

The Aquarius Chiron tends to feel as though they are caught in a catch 22. They may be used to feelings of awkwardness which may be noted by others. They need to be accepted and as they feel as though they never will, it creates turmoil with the Aquarius Chiron.

They tend to be introverted and when it comes to people they are unfamiliar with, they choose not to expose their inelegant and clumsy demeanor.

This, of course, is a manifestation of their beliefs. A person with Chiron in Aquarius is not any less coordinated than anyone else, nor are they socially awkward by nature. Their opinion of themselves is formed by their beliefs.

The Aquarius Chiron wants to fit in but often feels as though they have been left out in the cold. They are cautious of others and have an innate fear of betrayal. They live by the double-edged sword and battle with feelings of being unworthy.

Positive aspects

The Aquarius Chiron knows the value of personal development. This could be considered a bad trait however as they do tend to engage in obsessive behavior in this regard. They are always trying to improve themselves and be bigger and better with every step along their journey.

Through their need for development, they are constantly looking for opportunities to make positive contributions. They are always on the lookout for something that they can get involved in. If they see that someone needs help, they will dedicate themselves to doing so.

This is primarily in a bid to get attention and acceptance, though the intention may not be totally pure the result is that they touch the lives of many around them.

The humanitarian in the Aquarius Chiron shines bright as their need to contribute is always high on their priorities. By easily accepting the invitations of others these people may expect to have colorful experiences which shape the way that they see the world around them.

There is a slight charming naivety with people who have this placement. Their willingness to help others is extraordinary and can put them in good standing with many around them.

Men with Chiron in Aquarius

The Aquarius Chiron man wants to be accepted. In an ideal world, they would be the leader of the pack, the man about town, and an authoritative figure in their community. They envision having a positive influence over others and want to be seen rather than tolerated.

There may be a person with characteristics like this that the Aquarius Chiron man looks up to. They are impressed by the popular people and admire the in-crowd.

They may make multiple attempts throughout their life to be accepted and cater to the whims of those around them. They wish to be equal with their peers and fail to see that the hierarchy of social standing only exists in their mind.

The Aquarius Chiron man could see people around him as out of reach or out of his league, whether it is in a platonic sense or if the person in question is a love interest.

Their low self-esteem is a battle for them. They want to be valued and struggle with their identity. They want to know who they are outside of what they believe that the world wants them to be. They can find themselves lost as they come to terms with who they are.

Lessons

Though the effects of Chiron in Aquarius have their downsides there is a brighter note to be had. It offers us an opportunity to understand our shortcomings and learn from them. The Aquarius Chiron must be wise with the messages that they receive while exploring who they are. From these insights, they can heal and progress through life.

One of the main takeaways of the Aquarius Chiron placement is their lack of self-worth. It is not due to who they are but rather that they believe that they are less than others. This is simply untrue and continuing to believe this lie will only have a deeper impact on them as time goes by. The Aquarius Chiron must engage in acts of self-love. This is of the utmost importance.

As they struggle to understand themselves and love who they are it creates problems with how they view themselves, their relationships, and even their ability to carry out their job to the best of their ability. Their higher self is calling out to them for healing and liberation from feelings of inadequacy. This is one of the biggest missions that individuals with this placement will face.

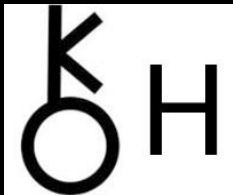

The Aquarius Chiron must look inside of themselves and discover their inner confidence. It's there ready to be awakened. They must stand tall and be proud of who they are. There is a beautiful quality to these people, they can lift up others around them. By tapping into the person that they truly are they will encourage others to look within themselves and find their light.

They have the ability to influence others, just as they had been by other people. The difference is that their effect on others will bring out their charitable side. They can start a movement and lead a humanitarian revolution. There is nothing that stands in their way other than the negative thoughts, feelings, and beliefs that they hold.

By being honest about what kind of person they are and the influence that they want to have on others they can heal their karmic pains and move forward to a brighter, positive tomorrow. The aquarian Chiron has it all, they just don't know it.

Instead of looking within, they chose to look outside of themselves. They must choose the path that they know will bring them what they want. The power rests with them to take the first step.

Chiron ☿ in VII 7th House

([1266] astromajesty.com)

People born with Chiron in the 7th house have an intense wound concerning relationships or becoming close with someone.

Due to trauma or painful memory from the past, they find it hard to connect with people and trust them. Their wound likely has roots in a harrowing event from their childhoods that disrupted their ability to relate to others.

Perhaps those born with Chiron in the 7th house saw their parents getting divorced when they were little kids, or one of the caregivers abandoned them at an early age.

Because of that, these natives stopped believing in unconditional love, or the institution of marriage disappointed them.

Whatever happened during their formative years affected their capacity to believe in commitment and spending life with someone. Perhaps they never forgave their parents for divorcing.

On the other side, it's also possible that their caregivers had an unloving or toxic relationship, destroying the vision of eternal love.

However, the native likely grew up struggling to make a bond with anyone.

Even if they have relationships and friendships, they could be one-sided, one-night stands, or fleeting. They likely relate love to pain, and they believe that everyone will reject them or leave after some time.

It is why they prefer to block anyone from getting close to them. The Chiron in the 7th house native thinks that's the only way to avoid being hurt.

Fear of attachment

These natives don't want to commit to anyone. Their fear of getting attached likely manifests in every aspect of their lives.

Perhaps they don't like staying anywhere for too long because they don't want to grow feelings toward a place or people.

The idea of rejection is the worst fear they have to battle with every day. As a result, they don't approach people, and they push away those who try to befriend them.

But deep inside, the Chiron in the 7th house native has an intense longing for being with someone or having best friends.

Yet, they are so afraid of potential separation that they avoid forming connections altogether.

Nevertheless, there's another way how this wound could manifest.

As the native is afraid of rejection, they could become people-pleasers. They often become so dependent on other people's opinions and acceptance that they lose their individuality and become mirrors of persons in their lives.

But behind the politeness and amiability could be envy, distrust, or hostility.

Longing to love and fears of heartbreaks

In many ways, the Chiron in the 7th house native is a walking paradox. They want to experience profound feelings and the power of a great relationship.

Yet, they are typically defensive, sarcastic, or avoidant. They are also likely to sabotage their connections by starting power struggles or becoming too criticizing.

Sometimes they provoke conflicts and disagreements out of nowhere to stop feelings from growing.

On the other side, the Chiron in the 7th house native could turn to those they believe won't leave them because they don't have a better option.

In that case, they could end up with toxic and dangerous people or lost souls and problematic individuals.

If other aspects in their natal charts are compatible or the natives overcome their trust issues and emotional trauma, they can help other people heal their traumas and damaged connections. They can be empaths and loyal friends and lovers.

However, before that happens, they usually have to mend their wound. That means that they must accept and learn to be alone and embrace the possibility of rejection.

Chiron ♄ in Rx retrograde movement

([1272] advanced-astrology.com:) Chiron retrograde natal suggests that you find it challenging to accept that humans are imperfect and vulnerable. This is not an easy lesson to learn at all for any of us, however, it's an organic part of human existence. Sometimes we hurt, just because we happened to be in the wrong place at the wrong time. There are uncomfortable truths that need to be faced, but also that things don't always work out, and injustice is a big part of human existence. When something bad happens, it's even worse when we feel that it's unfair. Chiron retrograde natal teaches us to accept the imperfections, because by acknowledging that you are hurt, you become whole sooner again.

You have a pioneering spirit and you are also quite bold and courageous.

You listen and learn many things about other people's lives, so you are an easy person to talk to. You have a lot of tolerance.

You must belong to something to feel complete. This is why you know how to please

others. It makes you happy to feel the happiness of others.

You learn to become that center through which all human thoughts, desires, and emotions flow. All energies penetrate through your open inner space, which is willing to accept all. Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

2) ► **Ascendant** ASC **Parallel** ♅ **Uranus** - (1°48') ♈ 1 | ♊ 9

([77] astromatrix.org;) Individuality Personified

Any planets that are conjunct your Ascendant will influence your appearance and personality in a greatly. This particular aspect will make you very original and unique, people will be attracted to your eccentric personality.

You have a highly developed intuitive faculties and can tap into super conscious levels of knowledge. You're often a leader in revolutionary activities or social, philosophical and scientific breakthroughs or changes. You're generally broad-minded, progressive and tolerant and your responses are alert, individualistic and quick. You will reject any role that is pushed upon you by family or society, insisting on your right to be and act according to you own inner truth and intuition. You will be unconventional, both in your appearance and in your outlook on life, the values of the past and of society in general do not appeal to you.

The pull of the future and the search for new values to meet ever changing conditions are more important. If the first house is involved, you're original, magnetic, independent and unpredictable and you may be prone to accidents or circulatory problems. If the twelfth house is involved, you have struggles and tensions on an unconscious level and may become addicted to secret cults and unusual societies, often causing psychological conflicts.

3) ► **Descendant DC Parallel ♀ Neptune** - (1°09') ♋7 | ♎12

([210] astromatrix.org;) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

([188] astromatrix.org:) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

6) ► **Imum-Coeli IC Parallel ♄ Pluto** - (1°02') ♎1 | ♋3

([214] astromatrix.org:) Questioning Beliefs

Your early childhood experiences will have an unusually strong effect upon your whole life. One parent in particular will be very important to you, and it is essential that that parent's influence be for the good.

The problem is that the energies resulting from your early childhood experiences operate at a very deep inner level, probably unconsciously, so that they affect your life in ways that are difficult to understand. Negative experiences in childhood may give rise to fears, which bring about compulsive behavior patterns and bad habits. You might not even be aware of these fears, but if you understood them consciously, they would be less difficult.

On the other hand, attitudes that you pick up from your elders may seriously limit your ability to make judgments on the basis of your experiences. Be very wary about acquiring any prejudices, and always question your beliefs so that you know they are helping your life rather than hindering it. One of your parents may try to exert too great an influence over you, even when you have outgrown the need for it. That parent must

recognize each new stage of your life and let go of you a bit at each stage. If he or she tries to control you too much for too long, your psychological development could be seriously slowed down. Of course, good influences from that parent will also have a very powerful positive effect on your whole life. It is simply that the bond with that parent is very strong, which can have both good and bad long-term effects upon your development.

7) ► **Imum-Coeli** IC **Parallel** ♀ **Lilith** - (1°23') ⚡1 | ⚡5

([113] 12andus.com:) You try hard to suppress and hide your raw emotions and deeper instincts so that you can conform to expectations of others, especially in your career. You may be highly protective of your public image but in denying your deeper desires, you cut yourself off from a source of power, confidence and creativity. Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set the stage for a successful career.

8) ► **Sun** ☉ **Parallel** ☽ **Moon** - (1°08') ♀4 | ♀2

([2] astromatrix.org:) Even Tempered

Opportunities: 1. Leveraging Your Stability 2. Expressing Your Emotions

Challenges: 1. Understanding Others' Emotions 2. Finding a Partner

With Sun Conjunct Moon in your Natal Chart means you were born under a New Moon, especially if the orb is less than a few degrees. The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Sun Conjunct Moon, there is a merging of your Vital energies and ego with your emotion self. This can make you quite a stable and centered individual. It can make you more self-centered than normal but its more that you do't need anyone else to make you feel whole (unless your sun and moon is in Libra). But you are very much in touch with your need for others, or at least a significant other.

You can be quite sensitive and emotional; you should look out for transits that may aspect your sun and moon to know when you may be more affected by your moods and emotions. They live and breathe the Sun and the Moon in tandem, so the drive to find a partner is powerful. Because your will and emotions are aligned together you have the ability to know what you want and how to get it with less inner conflicts.

In general, what you desire makes you feel happy and content, you are comfortable with your emotions and are able to express them well unless you have some difficult aspects to your ascendant or sun. The way you manage your own psychological and emotional response to the world might however be quite different when it comes to your intuition about others.

You may have a difficult time understanding why other people seem to get lost in their feelings and are unable to clearly define emotional experience in their lives. Because the Sun and Moon are quite important in defining your personality, having these two planets in the same sign (unless it's on the cusp) gives much more emphasis on that sign and will be important in defining your personality. You are able to make decisions without too much struggle, simply because it is not their tendency to spread themselves around in order to find all of their options.

9) ► **Sun ☉ Parallel ⌘ Uranus** - (0°52') ♍4 | ♎9

([8] astromatrix.org;) The Nonconformist

It is natural for those born under the Sun conjunct Uranus aspect to question tradition. These are individualists. They naturally rebel against that which is established. It doesn't mean that they consistently break all the rules, but they definitely do question some of the rules, especially those that simply don't make much sense to them.

These people have a huge distaste for routine. They work best when they have some say as to when and how they get things done. Sun conjunct Uranus people possess much self-integrity. They prefer to answer to no one except themselves. They avoid labeling people and are most offended when others attempt to label or stereotype them. Although progressive, they can be maddeningly stubborn at times.

They do enjoy a certain level of excitement in their lives, and they do accept change as exciting, and they do appear to be quite open-minded--yet on a personal level, they can stubbornly stick to their ideas and they will resent anyone who tries to push them into doing something they really don't want to do.

10) ► **Moon ☾ Parallel ⌘ Uranus** - (0°16') ♍2 | ♎9

([20] astromatrix.org;) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in

commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of un-lived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

11) ► **Moon** ☾ **Parallel** ♀ **Pallas** - (1°26') ♃2 | ♎9

([577] 12andus.com:) Your nurturing and intuitive side drive your desire to strategize your mission.

You can be protective and even act as a "warrior" defending your home and family. When you see young or vulnerable people being mistreated or neglected, you are compelled to take action on their behalf.

You may prefer to be soft and nurturing, but your fighting instincts are engaged when elderly, young or vulnerable people are in jeopardy. You can be protective of your home or family and may be passionate about leading others to advocate for safe housing and family protections.

Your intuition always leads you to get involved in campaigns and situations that benefit children, family and those in need of secure housing. You may use your savvy business skills or other nurturing talents to help in these situations.

([29] astromatrix.org;) Quick Tongue

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunction Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunction Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

Your mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

13) ► **Mercury** ☿ **Parallel** ♅ **Pluto** - (1°37') 136 | 23

([34] astromatrix.org;) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that

you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

16) ► **Venus** ♀ **Contra-Parallel** ♄ **Neptune** - (1°41') 136 | 12

([177] astromatrix.org;) Personal Versus Universal Love

Whilst the square is associated with inner changes being stimulated by the pain of inner tension and frustration, the focus of the opposition is usually projected externally onto people and the world, from which it is often reflected back again as a source of conflict. How this tends to manifest in your life is likely to be through an underlying suspicion and distrust of others, perhaps based on actual experiences where you have been a victim of deception and deceit, or where you feel that others have badly let you down and reneged on actual or implicit promises.

As 'energy follows thought', because you are projecting a pattern of suspicion and lack of trust into the world, it is likely that you are receiving back the consequences of your own inner pattern. This is often formed by unresolved, unintegrated and unconscious factors associated with the influence of Neptune operating through a heightened emotional sensitivity and vulnerability.

As the strength of imagination in you is potentially very potent, if it is misused or unrecognized then unconscious inner needs and desires create compulsive motivations formed around private fantasies and perceptual distortions of reality. These inner pressures affect the stability and content of your emotional level, so that one result can be moods and uncertainty regarding the consistency of your feelings.

Obviously, this will affect your intimate relationships, and can demonstrate its presence in a variety of forms of deception, within yourself and within the love affair. The 'enemy' that you often project 'out there' is hidden within yourself. Those Neptunian patterns of victim sacrifice and martyr may emerge, either as experienced by you, or as expressed through you onto others, where you exploit any powers of sexual seduction that you possess for self-gratification. Sensual preoccupation may appeal to you, yet this could hold the seeds of your own destruction within it, as there is likely to be an addictive tendency operating which is associated with alcohol, drugs and sex. Surrendering to this pattern would be most unwise, and a reflection of an unintegrated Neptune.

Greater clarity and honesty in relationships is probably needed; or the consequences of this will emerge through deceit, by your own secret love affairs or those of a partner. Certainly, trust will be a casualty, and if not perceived correctly will only serve to add more fuel to the fires of your own suspicious outer projections. Marriage may become an uneasy battleground and a focus for inner pressures and stress. This is sometimes felt by others as an 'antagonistic vibration' with which it is unpleasant to remain in close contact for long periods. Learning how to recognize these projections is an essential first step.

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a

testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

9) ► **Mercury** ☿ **Conjunct** ♀ **Venus** - (1°35' S) ♀6 | ♀6

([28] arionastrology.com;) Mercury and Venus find it easy to work together, a conjunction

between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

10) ► **Mars** ♂ **Conjunct** ♀ **Lilith** - (10°28' A) ♀4 | ♄5

11) ► **Mars** ♂ **Conjunct** Er **Eros** - (6°03' S) ♀4 | ♄5

12) ► **Jupiter** ♃ **Conjunct** ♇ **Pluto** - (6°26' S) ♄3 | ♄3

([63] astromatrix.org;) The Alchemist

This is a favorable aspect, which should allow you the opportunity to unfold your natural talents relatively easily, applying them in a concentrated and determined approach towards achieving your ambitions.

You have the fortunate ability to evoke a response from your 'inner storehouse' of gifts, and create an open channel enabling you to manifest these in an objective context. Those who are close to you or who work daily with you may be inspired by this ability; and you are likely to display certain leadership qualities.

You will approach life with zest and vitality, pouring your energy wholeheartedly into satisfying your aims and your need for success. You seem to feel that your success is guaranteed; and whilst you may often feel impatient, or temporarily frustrated in your purpose, you have too much self-confidence and determination to believe that you could fail.

The opportunities are certainly there for you; and your inner gifts are there to be actively expressed and exploited by you to achieve success. You may find that you express and explore your talents in several potentially lucrative areas, as your gifts can be applicable in a variety of ways. This can mean that you are likely to change direction several times throughout your life, possibly in a radical style, or just to find new areas to experience.

You may not have a specific goal in mind - such as a senior managerial position in one company - but could become influenced by 'the inner storehouse' of innate talents to search for new directions in order to find suitable channels of release for as yet latent gifts; you may even find a problem arising out of the very multiplicity of choices available to you. Ideally, you should look for a way of life which actually offers you a variety of channels through which to express yourself, where there is a potential for a renewal of challenges and for a demand of personal growth.

Working closely with people is likely to attract you, and interpersonal relationships can be a constant sphere of creativity and growth; much can be shared and transmitted even in creating and maintaining positive human relations at work.

In an intimate relationship, you should ensure that equality is developed, building a balance, as you may have a tendency to play the role of dominating leader too often. Development of each partner is also important; and your partner's needs and abilities should be clearly recognized and valued, helping each other to actualize hidden potentials. Change in the relationship and in your partner should arise naturally and easily; never attempt to force any process, as a natural evolution is safest, especially when in truth you cannot really understand the inner process and life experience / perception of another.

The best use of your abilities will be towards benefiting others in some way. Whilst Pluto is likely to 'co-operate' with you using this energy for personal success, if you tend to apply it in a way that exploits or abuses others through your becoming obsessed with self-satisfaction and desires, you may find that Pluto becomes more subversive and undermines your purposes, stimulating failure as a natural result of your own distorted form of expression, thus creating your own downfall as Pluto forces you to look at the need for transformation.

16) ► **Saturn** ♄ **Conjunct** ♋ **South-Node** - (5°53' A) ♎1 | ♋12

([203] astromatrix.org;) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of

25) ► **Mercury** ☿ **Opposition** ♀ **Neptune** - (9°18' S) ♀♂6 | ♀♂12

([168] astromatrix.org:) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto

the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory

deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

26) ► **Venus ♀ Opposition ♄ Neptune** - (7°43' S) 186 | 12

([177] astromatrix.org.) Personal Versus Universal Love

Whilst the square is associated with inner changes being stimulated by the pain of inner tension and frustration, the focus of the opposition is usually projected externally onto people and the world, from which it is often reflected back again as a source of conflict. How this tends to manifest in your life is likely to be through an underlying suspicion and distrust of others, perhaps based on actual experiences where you have been a victim of deception and deceit, or where you feel that others have badly let you down and reneged on actual or implicit promises.

As 'energy follows thought', because you are projecting a pattern of suspicion and lack of trust into the world, it is likely that you are receiving back the consequences of your own inner pattern. This is often formed by unresolved, unintegrated and unconscious factors associated with the influence of Neptune operating through a heightened emotional sensitivity and vulnerability.

As the strength of imagination in you is potentially very potent, if it is misused or unrecognized then unconscious inner needs and desires create compulsive motivations formed around private fantasies and perceptual distortions of reality. These inner pressures affect the stability and content of your emotional level, so that one result can be moods and uncertainty regarding the consistency of your feelings.

Obviously, this will affect your intimate relationships, and can demonstrate its presence in a variety of forms of deception, within yourself and within the love affair. The 'enemy' that you often project 'out there' is hidden within yourself. Those Neptunian patterns of victim sacrifice and martyr may emerge, either as experienced by you, or as expressed through you onto others, where you exploit any powers of sexual seduction that you possess for self-gratification. Sensual preoccupation may appeal to you, yet this could hold the seeds of your own destruction within it, as there is likely to be an addictive tendency operating which is associated with alcohol, drugs and sex. Surrendering to this pattern would be most unwise, and a reflection of an unintegrated Neptune.

Greater clarity and honesty in relationships is probably needed; or the consequences of this will emerge through deceit, by your own secret love affairs or those of a partner. Certainly, trust will be a casualty, and if not perceived correctly will only serve to add more fuel to the fires of your own suspicious outer projections. Marriage may become an uneasy battleground and a focus for inner pressures and stress. This is sometimes felt by others as an 'antagonistic vibration' with which it is unpleasant to remain in close contact for long periods. Learning how to recognize these projections is an essential first step.

27) ► **Uranus** ⚡ **Opposition** ♀ **Ceres** - (7°44' S) ♏9 | ♄3

([565] 12andus.com:) Your nurturing style is unpredictable. You may be shocked by the lengths you'll go to to nurture others.

You may want to focus on your independent needs and have the freedom to follow your own instincts, but you also have a deep desire to help others evolve and progress.

You can be unconventional and disruptive in the ways you show love for others. You don't always know how far your feelings will take you. Sometimes you share words of wisdom, other times you act as a powerful protector.

Still other times you may seem cool and detached. There is a whole spectrum of reactions you may have when your loved ones are in need. If you try to suppress your instincts to nurture others, you may end up reacting to intense feelings impulsively.

28) ► **Uranus** ⚡ **Opposition** ♀ **Pallas** - (3°24' A) ♏9 | ♀4

([583] 12andus.com:) You may be intuitive and creative, coming up with new strategies that blast through obstacles and challenge tradition.

Yet your attempts to follow through on your mission can be filled with obstacles. You may lack confidence in yourself or even work against your own ideals. You may also become too zealous or intense and then get burned out or bored easily.

You need to find ways to bring your individualistic and freedom loving nature into a campaign or mission, otherwise you may end up rebelling against the very cause you are trying to help. Your sense of purpose is future oriented and your mission may seem shocking to others. Sometimes your opinions are so far ahead of your time that you have to slow down to make your message palatable and that is not always your strong suit.

29) ► **Uranus** ⚡ **Opposition** ♂ **Fortune** - (8°42' A) ♏9 | ♄3

([80] astrotarot.net:) Typical features that opposition brings: you are a creative, passionate, and emotional person. Patience is definitely not your strong point. With this Natal Uranus – Part of fortune aspects your responses are quick, and you are very passionate. Your intimate relationships suffer the most. So, you must choose your battles with more care and consideration. Always try to think before reacting. In conclusion, with some self-control, you can learn to live with some minor irritations. Cooperation and letting little things ride are not signs of weakness. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism. To enjoy more stability and control over your emotions, you need to slow down and calm down. The aim is to quiet your impulsive and unexplainable emotional reactions. Compromise is needed to find the right

balance between boredom and excitement. Also, you love alternative ways of living and are very individualistic. You feel closed in, restricted, and uncomfortable with feelings of dependency. ([287] astromatrix.org;) Unique Lifestyle

With this aspect, you want to be independent and to find a lifestyle and life work that are unique and yours alone. While you are young, others will consider your interests quite unusual, especially for someone your age.

You may be particularly interested in a technical or scientific field, and in fact when you are an adult you may choose a career in such a field. This aspect may also indicate an interest in the occult or in offbeat philosophies.

You do not feel obligated or held back by tradition. You seek to carve your own niche in life, and in the course of doing so, you may come up with some rather original and even daring ideas. At some time in your life, you may even make a totally new discovery. You may prefer to be alone much of the time, not because you can't get along with people, but because you prefer to be free to program your own time. Other people may keep you from doing this, so that you feel you cannot accomplish what you need to.

You are likely to identify yourself as being different from others, because you feel that if you are just like everyone else, you are less of a person. Everyone follows some kind of pattern in order to feel unique, and yours is simply to be different.

You are capable of working with others as long as you feel that you share common goals. In fact, you can work very hard for a belief in something higher than yourself, usually a belief that is radical or unusual.

Be careful not to let the way you do things be too influenced by social mores as there is a tendency to let others decide which beliefs are 'meant' to be acted upon instead of instinctively acting on your own.

38) ► **Midheaven MC Square ☉ Sun** - (5°56' A) ♁7 | ♍4

([386] astromatrix.org;) Feeling Superior

Opportunities: 1. Learning when to Compromise 2. Overcoming Conflict with Authority Figures

Challenges: 1. Knowing your Limitations 2. Learning from Elders

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. However, even though you may resent him now, he is the most important person in your development.

You will tend to work against yourself until you really understand who you are and what you are doing. Your immediate desires, especially if they are compulsive and urgent, may actually prevent you from getting where you want to go in the long run.

Try not to be shortsighted, and do not assume that people who warn you of this are simply trying to hold you back. You may be rather suspicious of such people and assume that they are just trying to dominate you. This is because you sometimes try to dominate others for no particular reason. Also, you sometimes pick a fight just because you are suspicious of someone. You try to seem confident and self-assured; probably you will be when you are older, but now your aggressiveness comes from a lack of self-assurance, from a fear that others will see your inner weakness and take advantage of

you. Actually, most people don't want to bother; the aggressiveness you see in others is really a reflection of your own.

Your relationships with male authority figures may be quite difficult, because you see them as challenging rather than trying to help you. It is difficult for you to acknowledge that someone has a right to be above you. This could be a serious source of trouble with employers. Basically, the challenge of this aspect is to learn about yourself and your limitations, so that you can have self-confidence. Then you will no longer see need to challenge others for no reason, and you won't fear challenges from them.

Mentally, you require more self-discipline and understanding to make more positive use of your abilities of penetrative insight; in particular, the way in which you present yourself to others may need to be moderated. More control regarding your thoughts and words can help to avoid any controversy and unnecessary conflict with others, and help a redirection of your powers of insight inward, so that you can observe how you are projecting those negative shadow qualities out onto others in the world when these qualities should be being internally transformed and the energies released for positive applications.

([121] astrotarot.net:) Typical features that this square brings: is one of the most difficult Chiron aspects. This Natal Mars – Chiron aspects creates a tendency to try to avoid transmutation. That is because it hurts and the most easy thing to do is be angry at the people that are hurting you. So, you have to transform your anger in a way, that lets you be assertive without being only angry. If you accomplish that you will heal yourself and you grow spiritually.

- Positive traits: You often glow with energy..

- Negative traits: With this natal Mars – Chiron aspects you find it more difficult to act and assert yourself. Also, you second guess your actions and feel clumsy and inadequate.

55) ► **Jupiter** ♃ **Square** ♆ **Neptune** - (7°06' A) ♄3 | ♆12

([434] astromatrix.org:) The Seeker Of The Dream

The square aspect tends to indicate great promise which is usually frustrated by the more negative qualities of these two planets. It is the potent dream world that you create which is both the source of your creative potential and the cause of your challenges in actual achievement. The problem is that often your dreams remain just dreams, an inner world into which you retreat, a world that you invest much energy in maintaining. Dreaming becomes too addictive for you, and your life becomes just an unrealized dream. This frustration is often caused by a lack of self-discipline and too much self-indulgence and time-wasting.

Concentration is poor, and discrimination in decision making can be virtually non-existent at times, as well as being hampered by an unconscious attraction towards flawed ideas and projects. The influences of others are powerful, and you are often pulled from side to side as alluring ideas take control of your dreams. Even when you begin to anchor an idea or intention, what occurs is that it is soon revealed to have flaws, in that faulty logic and reasoning have already eroded firm foundations, and it is seen that those ideas lack real substance and an ability to deliver.

Financial awareness is another area where you are rarely at your best, due to the distortions of Neptune and the expansive over-reaching of Jupiter. By unwise actions and lack of preparation, you can create financial problems for yourself quite easily. Your nature is a little other-worldly, running away from the realities of the physical-plane life, and you may have an ongoing struggle to shore up a collapsing ordinary life when your attention has been elsewhere for too long. You tend to become lost in cloudy visions, unable to see clearly through those mists and inner fogs.

The real world can feel oppressive and too restricting, and you want to shake it away, yet really you need to properly face it, or you will receive many more rude awakenings from those inner dreams. Yet you are often generous and sympathetic with others, having a good heart which is also liable to be abused and taken advantage of by less understanding people.

You can lack discrimination towards those in whom you place your faith and trust. That tendency to be gullible and naive will be present, and you may find that others use you as an excuse for their own failings, placing any blame on your shoulders. There can be the 'victim syndrome' operating through your unintegrated Neptune. Because both of these planets have similar characteristics, it is likely that you will express both of their more negative dimensions. This can cause a blockage in action, hesitancy over decision-making. Relationships can pose problems; distortions and misunderstandings

may be common, your consistency questioned, or a liability to be emotionally abused is likely.

Offering your heart to unsuitable lovers is probably inevitable at some point. What keeps you going? Dreams ... you dream of exotic adventures, exotic lands, exotic mysteries. You find it very difficult to settle in this world. A tendency of restless wanderlust is common, on physical, emotional and mental levels. Contentment is rarely found. Yet it need not be like this, as many of these frustrations are of your own making, and certainly the potential is there waiting to find channels of expression through a disciplined control being applied. It may be difficult, but facing reality, conforming to its restrictive limitations and learning how to be more practical could be the key to success. Some of those private dreams could become real if you became more concentrated and dedicated to achieving one at a time, instead of withdrawing when the going gets tough.

The first step is to become aware of your receptive patterns, to see how they operate, see what consequences occur, see the point where things fall apart. Then, resolve to change that pattern, put more thought into building the dream, more realistic self-evaluation, more discipline and effort placed into making that intention successful. By slowing the process down, and by applying yourself more consciously to what you are doing, you may be able to transform this pattern of frustration into one of future success - it could be well worth the effort.

56) ► **Saturn** ♄ **Square** ♂ **Uranus** - (4°14' A) ♅1 | ♃9

([439] astromatrix.org;) A Law Unto Myself

The main theme of this square is the likely dominance of the Saturn qualities and a repression of the Uranus ones, with a personality expression being restricted by responding to the Saturn viewpoint on life. This will be seen in a preference for the familiar and known, both in a ready acceptance of social convention (which in its reactionary phase is often rooted in a backwards-looking perception of a 'return to a golden age'), and in the desire for a personal life lived in a controlled, predictable manner and in a stable environment.

The personal identity will be focused within strictly defined parameters, with self-imposed limitations on freedom of choice and action, wrapped around with concepts of allowable thoughts, emotions and physical acts. Much of this is a protective guard against the actual insecurity of life and emerges from a personality that is afraid to relax fully, and which is inwardly insecure.

Difficulties may arise in life when you are attempting to solve problems by applying existing attitudes which then fail to work. You often find the need for change deeply disturbing and have an intuitive fear that if you allow that process to occur, then your life would fall apart. When you have to make decisions regarding new situations, you can find it hard to make a final choice, unless you discover a way to do so which reinforces your existing attitudes and preferences; if it involves a new direction, then you become

uneasy, trying to find a way to retreat back towards your old familiar patterns.

In those attempts to impose control on life, you can be too dictatorial or authoritarian in your relations with others, perhaps through an insistence upon your point of view being right, or in having everything done in an established manner without deviation. Your life can become highly patterned, locking you into a circumscribed experience of life. This can define your identity for you, offering a way for you to evade those feelings of insecurity and lack of real confidence; but this will restrict you taking advantage of many opportunities in life.

Often, you seek social status or approval in order to gain a reflected sense of self-worth. Denying the Uranian vibration of change can lead to problems of life adaptation and inner tensions, especially as there will be an underlying struggle between an affinity with traditional patterns and an attraction and fear of something new being released into your life.

Saturn will embody the more inflexible end of the square; and if you begin to respond to Uranus (or a transit stimulates its activity), then these inhibiting patterns will begin to be eroded and destroyed. Part of you - a repressed aspect - would secretly love to break free of all binding ties, to become unconventional and liberated; if the pressures rise too strongly, then attempts to throw off self-imposed shackles may be made, just to release the tensions.

Marriages and careers can be destroyed through such activity, with the end result being a collapse of existing patterns with no real comprehension of how to build a more suitable lifestyle, and just a feeling of an inner void and loss of direction being common. Ongoing transformation is the wisest course of action, as the transitions move more smoothly and the person is capable of slowly adjusting to new ways in a more harmonious manner, integrating the arising new tendencies more successfully and easily.

Even within these Saturnine confines, the Uranian undercurrent is at work. The operation of your mind - where you focus yourself in order to control life - is more inconsistent and contradictory than you believe. Others probably notice this; but you will oppose any attempts to point this out to you, in your belief in your logic and rationality. Yet in the background of your mind lurk those more eccentric ideas, thoughts, desires and emotions that you rarely acknowledge.

Sometimes, the strains of living with denied aspects can make you touchy in relationships, where people have to treat you in certain ways so as to avoid 'triggering those buttons' which stimulate areas in you that you choose not to explore. For real health, these need to rise into the light, so that the pressures and energies can be released, and that you can integrate parts of your being. If you choose not to, it is likely that at some point in life, Uranus will erupt with a vengeance, and sweep away all those

pretenses, patterns and controlled lifestyle, forcing you to confront your denied selves and to change.

76) ► **Sun** ☉ **Trine** ♄ **Saturn** - (1°59' A) ♍4 | ♎1

([304] astromatrix.org;) The Architect

The trine helps to reconcile these two planetary energies more successfully, and there is less evidence of any underlying Saturnian tendency to restrict and limit. The positive qualities and abilities of Sun-Saturn contacts are present; responsibility, self-discipline, practicality, patience, organization, reliability, concentration, determination, persistence and honesty. These can all be used to further your ambitions, although you may need to be wary of innate Saturn tendencies towards caution which may prevent you taking advantage of all opportunities.

Determining your solar purpose and tapping into that power will be most important in applying these energies and qualities and gaining insight into your life direction may be a necessary first step to achieve before this trine can be used positively. As you can move through life smoothly without facing obstructive challenges, you may not always feel the need to draw upon your full potential.

You are attracted towards having a 'comfortable life', and with your self-confidence and creativity expect that this will naturally come to pass. You should be able to use personal qualities and resources effectively, especially to produce an intended practical result, and you probably have a sense of appropriate timing which ensures that your actions are successful. This can be used in a variety of employments and careers, especially management, law, politics, conservation, financial services and organizational posts.

You will enjoy assuming any positions of responsibility, but you may experience inner resistances in any environment that is undergoing rapid change due to social or technological progress, as this can clash with your innate conservatism and preference for the familiar. Your lifestyle is likely to reflect mainstream social attitudes, and you will try to develop it in a moderate and balanced manner, looking to create solid foundations and financial security. You prefer life to feel stable and almost predictable and will take each step onwards with a patient attitude, usually rejecting any chances that may lead to speedier progress, yet which also may lead to failure.

A personal philosophy and value system will be established, and once you feel comfortable with your unique worldview you may evade situations which offer valid alternatives to your chosen perspective. In this context, the Saturnian rigidity may act as a limitation, but as your conformity is grounded within established social values, this should not work against you in achieving your ambitions.

Choosing a right partner is important, as he / she needs to be similar in nature to yourself, either wholeheartedly supporting your aims, or alternatively pursuing his / her own ambitions. Career and social involvement are the probable sphere of mutual endeavor, and personal honesty and integrity are qualities that are expected, as is stability and responsibility in your partnership.

Balance and moderation are two keynotes that will apply across your whole nature and lifestyle, and this will be reflected in your good health and sense of well-being. Feeling respected and loved by others, and acknowledging your own talents, will amplify your self-worth so that you can move confidently onwards on your solar path.

Opportunities: 1. Learning from Difficulties 2. Embracing Ambiguity

Challenges: 1. Balancing Emotion and Reason 2. Working for the Common Good

The trine indicates an opportunity to reconcile the Moon's instinctive, emotional energies with the mental and communicative energies of Mercury. You should experience few direct conflicts between emotional messages and mental messages. A channel exists between the conscious and unconscious personality; yet these do not often pull you in different directions or amplify stress and psychological conflicts.

In order to determine your reactions to experiences, you will need to evaluate emotions and feelings; and this underpins your Mercurial intellect. You approach life with a relatively open heart and mind and see all experience as contributing to self-development. Even though your Moon may resist life's sometimes harsh lessons, you can see the positive value that can emerge from difficult times. Through this attitude and heightened sensitivity, you can acquire insight in addition to knowledge, particularly when perceiving the interconnectedness of information and new ways of using it. This provides a new foundation for ongoing creative expression.

You can be inspired by a desire to utilize natural talents and abilities for social benefit;

and your 'common sense' reflects a progressive, optimistic attitude, yet one which is not overly idealistic or blind to life's realities. You recognize that all is not either light or darkness, but that much of life exists in the shadow or gray area between.

Instead of dwelling on the negative, you prefer to look toward more positive future possibilities, hoping to ensure that hard-won lessons from previous experience are applied when dealing with present situations. Experiences from the past can serve as stepping-stones taking you progressively onward. In social and intimate family relationships, you will be appreciated for your sympathetic understanding.

You have genuine concern and compassion for others, and a love of fairness and equality of opportunity. You help others less fortunate than yourself, and those who are passing through traumatic times of life disruption. Emotional anxieties are usually kept hidden, although, in your sharing and helping others, your previous experiences and lessons may be deliberately mentioned if they serve to support or illuminate problems. You are not the type, however, to unload any current difficulties onto the shoulders of others.

Reason and logic are strong personality components, although these are colored by your instinctive emotional valuations of people, situations, and circumstances, forming a uniquely personal viewpoint.

79) ► **Moon** ☾ **Trine** ♀ **Venus** - (0°17' S) ♀2 | 136

Opportunities: 1. Prioritizing Your Integrity 2. Listening Compassionately

Challenges: 1. Finding a Partner You Can Trust 2. Exploring Your Creativity

This trine suggests you have a harmonious and sensitive nature, often expressed through a conciliatory spirit in social and intimate relationships. Working in a mediating capacity or with the public may enable this quality to be successfully demonstrated.

Personal assets include a warm, sensitive, and sympathetic heart, empathic understanding, imagination, sincerity, an optimistic, positive attitude, and a sense of perspective and proportion that heals, calms, and aids communication if conflict occurs. You should be able to use these well for the benefit of all. With your support and encouragement, many a troubled heart can be soothed. You can be a good listener, resisting the temptation to interfere by imposing your perspective on someone.

You prefer straight talking, moving beyond superficiality and evasion to the essence of problems; some may respond well to this; others may find this approach too unsettling and challenging, and avoid involvement with you. But your intentions remain good, and you know that you genuinely desire the best for everyone, often spending time sharing positive and creative energies with others as a consciously supportive action. You have a confident and positive self-image, valuing your perspective on life.

Personal integrity is important to you, so avoid compromising this; being true to yourself has a higher priority than simple personal gain. You believe that positive attitudes benefit all. There can be artistic and imaginative abilities; and creativity could be usefully pursued for self-expression or professionally, especially in areas like art, music, acting, singing, or craftwork.

Love, domesticity, and family are important; and you will derive much benefit from ensuring that your intimate relationships are honest, positive, and optimistic. Emotional satisfaction is highly valued; and you need to feel convinced that your emotional commitment to a lover will not be abused or that trust broken.

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symmetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

([149] astromatrix.org.) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in you 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence

and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

([187] astromatrix.org;) Lacking Confidence

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. While you may see compromise as something for the weak, it actually takes great strength of character to meet others halfway.

It is often the case that we experience the difficulties of an opposition aspect through the behavior of other people, or actually seek that quality in another. This is particularly true here, since an opposition to the Ascendant places Mars on the 7th house cusp, the house of relationships. Hence, you may often attract people who express the qualities described above, who challenge you in some way, forcing you to stand up for yourself and develop your qualities of independence and self-determination.

([145] astromatrix.org;) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find

uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

14) ► **Contra-antiscia-Pluto** ♅ **Conjunct** ☽ **Moon** - (0°10')

([159] astromatrix.org;) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional

energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

16) ► **Contra-antiscia-Ceres** ♀ **Conjunct** ☽ **Moon** - (2°50')

([559] 12andus.com:) Your emotions and intuition can make you highly sensitive.

You have the makings of a deeply nurturing and compassionate person but you may resist showing your love transparently. If you don't feel emotionally secure yourself, you may hold back from others.

You may also have a hard time balancing your emotional and nurturing needs and the needs of others. Rather than fighting your deeply caring nature, it is best to show others your strengths as an emotional caretaker but with boundaries so as not to neglect yourself.

You may find yourself attracted to people whose need for nurturing mirrors your own. By taking care of others you try to simultaneously care for your unmet needs. Balance in showing your love and caring for yourself is essential.

18) ► **Contra-antiscia-Fortune** ☊ **Conjunct** ☾ **Moon** - (1°54')

([27] astrotarot.net:) Typical features that this opposition brings – You have a big to “find yourself” through other people. This aspect signifies close one to one relationships. Actually, you need a companion to make you feel complete. You are still your own unique person, but you are simply more comfortable when you are with someone else. Most of you, with this aspect, are in partnership with a close personal friend. The opposition has a Libra flavor. If you have this Natal Moon- Part of fortune aspects you truly come alive when one-on-one. This makes you good at negotiations, therapy and other situations where being able to slip into another’s shoes is advantageous. You enjoy in decision-making when it is shared with another person. Also, you are the first to call on a close personal friend or the spouse whenever a decision needs to be made. The exchange helps you to find an answer within. So, this comes back to seeing yourself through others’ perspectives. You are not the type of people who go to movies or restaurants alone. In other words, you just feel more powerful and happy with someone. But, you do not give your power away to others. However, you do not readily “own” your power without feedback from others.

- Positive trades: This aspect does suggest you like being around others and that you are sociable and well-liked. Working in partnership gives you the confidence to fully express your own identity.

- Negative trades: you have a strong competitive streak which could make you seem provocative or selfish. If relationship problems arise it would be best to communicate your concerns as openly and honestly as possible. Otherwise you may experience much conflict leading to affairs or separation.

([183] astromatrix.org:) The Stop And Go

With Mars Opposition Saturn you can alternate between aggression and apathy, often lacking purpose and having a tendency to drift. Your enthusiasm is sudden but doesn't last long. You need to gain an inner respect for the stabilizing quality of Saturn.

In order to learn to channel energy properly and finish what you start, concentrate on matters related to the house Saturn is in. You're often frustrated, oppressive, resentful and often use aggressive, violent actions to hide your fear of personal inadequacy. Your attempts to act are thwarted by others and your professional ambitions are often stifled by misfortune or by those in authority. You may seek status or power in destructive or undesirable ways or be the victim of others doing the same. You may have problems with joint finances or corporate resources, resulting in strained relationships.

Relationships with your parents, especially your father, are not good and you may lose a parent early. There's some possibility of physical violence (done to you or by you) and in extreme cases, you may be cruel or tend toward criminal activity. You won't go out of

your way to help others and they won't help you. You may have psychological difficulty in reconciling your masculine and feminine sides.

([616] 12andus.com:) You may feel pulled in two different directions when it comes to your spiritual calling.

You may have a strong urge to walk your own path and frequently break away from traditions and groups in order to fulfill your own personal needs. Though you are concerned about society and humanitarian issues, you may feel compelled to turn your back on your calling when the mood strikes you.

You may come close to following your calling and then become suddenly and dramatically distracted from your path. If you don't bring balance between your individual path and your quest to be of service to others, you can continually wander in circles or even sabotage yourself periodically.

You can find greater success if you strive to blend your individual perspective, visionary nature and intuition with your ability to follow your calling.

You can go to extremes and are attracted to zealous religious or spiritual groups at first. Finding balance can give you greater connection to spiritual practices that refresh you and help you serve the community.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 18° **Libra** 56' and in the **3rd** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 13° **Taurus** 15' and in the **10th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 25° **Aquarius** 24' and in the **7th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 0° **Aquarius** 47' and in the **7th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 2° **Sagittarius** 41' and in the **5th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 25° **Libra** 29' and in the **3rd** house.

The **Lot of Courage** is in 8° **Virgo** 42' and in the **2nd** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live in it like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new addition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 12th house

(12andus.com;) Your desire for compassion and emotional healing leads you to unintentionally unleash old wounds.

You may bite off more than you can chew when it comes to seeking connection with others, finding that you unintentionally end up in relationships that have toxic elements.

You may have sudden epiphanies that dramatically change your sense of spirituality. You may have to overcome dramatic emotional upheaval and make sense of your emotion and intuition.

You may go to extremes seeking purpose, faith and higher wisdom. Your ideals lead you to question anything that doesn't quite feel right to you. You may find a toxic element of spirituality to be appealing and may seek escape or mind altering effects of transcendent

practices or even substance use.

Even if your intentions are noble, use of escapist techniques and mind altering substances can lead you to make dramatic mistakes that then unleash substantial conflict which you will need to unravel.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Scorpio

(12andus.com:) You have a deep desire for intimacy.

Your obsessive nature can be channeled into sexual conquests. You're obsessed with power, status and domination. You prefer sexual positions that make you feel in control of your partner.

You may also have a healthy sexual appetite that you'll look to fulfill even if you stray away from your actual romantic partner.

You need to feel secure and in control so even in sexual encounters, you'll steer clear of any signs of vulnerability. You will become obsessed with the power aspect of sexuality.

You may become fixated with experimentation that involves restraint, control and power over a partner. Pushing the very boundaries of the relationship is arousing to you. This can lead you to experiment with BDSM or other taboo forms of sexuality.

Eros in 4th house

(12andus.com:) You can be turned on by connection to home and by emotional security.

When others show vulnerability and emotion, it is a key that unlocks your erotic attraction and allows your passions to spill over as well. You are easily drawn to show affection and nurturing to your sexual partner.

You may also be aroused by those who are nurturing of others. You may be obsessed with lovers who remind you of early caregivers as well.

Though you seem shy when it comes to sexuality, you actually have much passion and emotion to share and this emerges through intimacy only when you are feeling deeply emotionally connected and secure.

You show your erotic fascination with others by trying to act as a nurturer or caretaker. You may look out for more than just the sexual needs of your romantic partner and may

also cook or care for them as an intimate act.

(12andus.com:) You can easily merge self-discipline and responsibility during times of dramatic upheaval and crisis.

When you are faced with cataclysmic and life changing milestones, you look to tradition and work to try to create security and stability. You may naturally have an instinct for persevering during difficult times.

You can naturally step into roles of responsibility or own your own work, responsibilities and maturity as a result of major milestones and lifechanging crises.

Even when you try to be protective and do all the right things to set a solid foundation, circumstances beyond your control can lead you to realize how limited your abilities are.

Rather than despairing, you can instead find greater endurance and strength. Challenges bring out your inner strength and fortitude.

2) ► 25° Cancer 20' **Pholus** ✎ **Conjunct** ASC **Ascendant** 1° Leo 11' - (5°51')
(12andus.com:) You may naturally feel comfortable unleashing controversial topics as part of your identity.

You don't mind making others feel uncomfortable, especially if you believe you are saying what must be said. You may think that you need to be a dramatic catalyst for change and so aren't afraid to shake things up.

You also may not realize the impact your actions and words have in the long run. You may casually make comments or decisions that have long term ramifications that you are hardly consciously aware of in the moment.

When the dust settles, you'll look at how the cataclysmic changes you set into motion have benefitted you or others and will laugh it off as if you meant to do that.

Yet you don't always realize how much damage is done when you slip on the proverbial banana peel and take down the whole table setting with you.

3) ► 25° Cancer 20' **Pholus** ✎ **Opposition** ♋ **North-Node** 25° Capricorn 59' - (0°39')
(12andus.com:) You may feel torn between a desire to pursue what you feel is your destiny while adapting to dramatic changes set into place by crises beyond your control.

You may feel reluctant to blend your purpose and find your path during times of crisis or cataclysmic changes. You can delve deeper and discover new aspects of your potential and higher mission during times of crisis or dramatic changes.

You may have to work to resolve doubts or insecurities so that you can draw on your true path and higher potential rather than indulging in your own interests and ambitions in the midst of dramatic crises and changes.

Chaos and disruptive changes can help you find greater clarity about your destiny but you first have to be willing to see the link between the dramatic changes around you and your higher purpose.

4) ► 25° Cancer 20' **Pholus** ✎ **Square** ♈ **Uranus** 27° Aries 38' - (2°18')
(12andus.com:) You may find it challenging to break away from traditions and expectations and adapt to cataclysmic changes on the horizon.

You may feel like your individualistic nature and intuition are leading you on the right path, yet when faced with dramatic situations beyond your control, you may mislead yourself because you are reluctant to face the responsibility you have as an individual to society at large.

You may find it difficult to see past your own immediate needs at first. Yet when you tap into your intuition and accept the dramatic and intense changes that are underway because of major milestones, you'll be able to find the insight and motivation to turn catastrophic events into opportunities to advance and create needed changes.

5) ► 25° Cancer 20' **Pholus** ✍ **Square** ⊗ **Fortune** 18° Libra 56' - (6°24')
(12andus.com:)

6) ► 25° Cancer 20' **Pholus** ✍ **Square** ♀ **Ceres** 19° Libra 54' - (5°26')
(12andus.com:) You may find it difficult to face your obligation to others during crises or turning points.

On some level you may feel it is important to provide for the comfort and security of those around you, but you also may resist facing the full scale of a crisis at first because it challenges your own personal sense of comfort and security.

When you adjust your expectations or perspective, you'll be better able nurture yourself and find security in the midst of crises.

With some adjustments to your expectations, you can find the motivation to act out of compassion and help others find the stability and comfort they need as well.

7) ► 25° Cancer 20' **Pholus** ✍ **Square** ♀ **Pallas** 1° Scorpio 2' - (5°42')
(12andus.com:) You can find it challenging to face crises and catastrophes that interfere with your bigger vision.

Your strength and dedication to following your instincts can make you resist needed actions during times of change. Turning points will at first feel like a threat to your vision and leadership potential.

Yet with effort, you can find the motivation to draw on your assertiveness and courage and act as a leader or mentor to others. You can find the motivation and energy you need to overcome obstacles because of the dramatic turning points you face.

8) ► 25° Cancer 20' **Pholus** ✍ **Trine** ☉ **Sun** 29° Scorpio 53' - (4°33')
(12andus.com:) You may find it easy to shine and rise to the occasion, no matter what is happening around you.

Even when you find yourself in the midst of chaos and dramatic, large scale changes, you find ways to channel your creativity and individual talents to rise to the occasion. You can find ways to lead others and try to minimize the negative impact of large scale crises, though your efforts may take a personal toll.

You may run the risk of losing your footing or facing some backlash or consequences for trying to make the best of a bad situation. Even still, you can find dramatic breakthroughs through cataclysmic events that began with small steps or unexpected detours.

(12andus.com:) You may find it easier than usual to thrive in the midst of crisis.

When you are faced with life changing pivotal moments, your small steps and impulsive actions can bring long term ramifications. Usually the impact of these unexpected twists and turns are favorable. This is partly because you find the courage and energy to get focused and motivated.

You don't shrink away from your instincts in the midst of chaos and crises. Rather than hiding, you stand out and try to be protective, assertive and a leader to others. You can also find it easy to find your sense of mission and power in the midst of challenging crises.

You may not be able to contain the crisis as it is unfolding, but you will draw on your inner strength and energy to find motivation, confidence and empowerment for the longer road ahead.

10) ► 25° Cancer 20' **Pholus** ✍ **Quincunx** ♄ **Chiron** (Rx) 27° Aquarius 11' - (1°51')
(12andus.com:) You may feel insecure about your intuition and past traumas can distract you from adapting to crisis situations.

You may need to stop and address your deeper wounds and past traumas so that you will be able to trust your intuition and unique perspective. When you take the time to learn from your past traumas, you'll be in a better position to deal with crises and cataclysmic changes.

You can then learn to trust your instincts and act as a healer, leader or guide for others. When you do, you'll find that your intuition has prepared you for these dramatic turning points and crises.

11) ► 25° Cancer 20' **Pholus** ✍ **Quincunx** MC **Midheaven** 23° Aquarius 57' - (1°23')

Though when you take the time to get comfortable and confident in your role in your career, you can find greater authority to lead others. It will take some introspection and effort, but when you do the internal work to get into alignment, you will be better able to step up to the plate as a leader during times of dramatic crisis.

Turning points can help to open your eyes to your true potential in career or business. You may have to grow into your calling, but your efforts in career will be in response to your desire to do the right thing to help others during a crisis.

12) ► 25° Cancer 20' **Pholus** ✎ **Quincunx** * **Juno** 27° Aquarius 34' - (2°14')
(12andus.com:) If you haven't taken the time needed to work through deep insecurities, turning points can come to feel like breaking points.

You may struggle to remain committed to a partner or spouse in the midst of cataclysmic life changing events. If you're going to make the best of your relationship and draw on your partnership for support and strength, this has to come through the process of dealing with your inner fears and insecurities first.

When you successfully deal with your jealousies and fears of abandonment you'll be better able to face the tumultuous situations unfolding around you.

Feeling at home or feeling comfortable with a partner you can envision settling down with can increase your arousal. You may even fetishize some aspect of your home or role as caregiver.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Libra

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly

stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

Hygiea in 3rd house

(astrology.com:) Gemini or in the third house: These individuals put a premium on the mind, staying sharp through puzzles, brain-teasers, and keeping up on current events. Self-care territory often feels too emotional, and they can spread themselves thin trying to tackle all their doctors' appointments at once so that they "don't have to think about them" anymore. They must remember to give the same love to their body as they do to their intellect.

Psyche | Soul, Entrance to Self

[1] where you've almost certainly seen the dark side of things

Psyche in Virgo

(fauxastrology.tumblr.com:) Psyche in Virgo/ 6th house: My soul's at peace whenever I spend time with my pet; out of all beings, animals understand me the most, words aren't needed to communicate; I need a purpose, something to push me forward in life, to make me feel like I belong & am alive; a wasted, meaningless lifetime's what I fear most.

Psyche in 2nd house

(fauxastrology.tumblr.com:) Psyche in Taurus/ 2nd house: My soul belongs among the flowers, under the trees' shade is where I feel most at home; city lights & city noise seem too bright, too loud for me; I wanna run barefoot on the grass, hear the birds singing, taste sweet honey, be at peace.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Scorpio (Rx)

(synnismans.com:) Eris in your eighth house of death [transformation] creates situations where you experience people trying to take away your resources. Inheritances, insurance payments and loans can be contentious and difficult experiences, especially if you are elected to be the conservator/distributor of those funds. You may have to share a partnership role in the disbursement of funds, but do not have final say in where they are to go. In the area of sexual development you may have sexual experiences that are incomplete or unsatisfying due to one partner or the other demanding a control of the sexual experience.

Eris in 4th house

(synnismans.com:) When Eris resides in your fourth house of the home you have the power to recognize how past conditions have contributed to current problems. You experience through your childhood how unequal power distribution causes problems in the home. If you are wise, you will work on these dynamics in your own life, so the same bitter fruit is not born. If you do not, you will repeat the experiences of your parents.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Karma in 7th house

(smartyoungsters.com:) Karma in 7th house: You can reach your goals through marriage, law, partnership and fashion. Your commitment, fairness, fashion sense, partnerships can help you fulfill your duties. You become a spouse, lawyer, peacemaker, fashion model, contractor, divorce lawyer or judge by meeting multiple people. Don't partner only for material gains or abuse your relationship.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Pisces

(astronomicallyaligned.tumblr.com:) Dreams, illusions, fantasy, sunconsciousness, and mysteries fills your mind. In that box is the night sky and the dreamworld. You want to look into eternity and forever. The past and the future. In everybody's hearts and dreams. If you let loose the velvet starry night with scattered stars and crushed dreams, everyone will drown in their own mind. You want to share and attain the beautiful dreamworld, but you cause destruction by nothingness. People will see what they have never seen before, they will find all the hidden. No man or woman is ready for that. Use that inner compass always searching for something, to add mystery and fantasy to your life instead. The big blue and salty waves, over your divine coast, connected to both the water and heaven. Will lead you into euphoria.

Pandora in 8th house

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Taurus

(smartyoungsters.com:) This Nessus is the one who suffers from an OCD of earning wealth and looking beautiful. This will be the Nessus who will buy all the top cosmetics to beautify the face. A broke condition even if temporary does not go well with this Nessus. Beg, borrow or steal is the motto of this Nessus. When positively expressed, will be an ambitious individual who will go from rags to riches. Using his genius as an example for others. In love this Nessus seeks a rich partner who can buy best perfumes, cosmetics, garments for him. In a woman's chart such women can make excellent fashion models. However, if such a woman marries below her status then husband will suffer from constant abuse.

Nessus in 10th house

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic

terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
