### **The Power Player**

The Life Path 8 suggests that you entered this plane armed to lead, direct, organize and govern. You are very ambitious and goal-oriented.

You know how to manage yourself and your environment. Your ability to judge the character and potential of the people around you is an asset used to your advantage. A large part of your success in life comes from how hard you work.

This Life Path is perhaps the one that is the most concerned with and desirous of status as an ultimate measure of success. You want to be recognized for your hard work and achievements. The attainment of honors and acceptance into the club of executive leadership is all important.

In relationships, you are frank, honest, and steadfast.

You may be very much in love, but watch that you are not too busy and preoccupied to show it.

You have a great need for close personal relationships to mitigate and somehow soften

your nature. You must find the time for love and keep it as an important project in your life.

The negative 8 can be dictatorial and often suppresses the enthusiasm and efforts of fellow member of the environment.

Material gains and rewards often become issues of utmost importance, even to the neglect of family, home and peace of mind. Dedication to success can become an obsession.

***Expression (Destiny) Number: 1***

([659] numerologycalculator.online:) The number 1 Destiny suggests that the direction of growth in your lifetime will be toward gaining greater independence and establishing yourself as a leader.

A name producing a 1 Destiny may help you gain the talents to become a skilled executive with keen administrative capabilities, or perhaps a sales executive, or promoter.

You have within you what it takes to become an original person with a creative approach to problem solving, and a penchant for initiating action.

Unless your Life Path shows that you won't need the help, someone may have to follow behind you to handle the details, but you know how to get things going and make things happen. As you develop, you will have little need for much supervision, preferring to act on your own with little restraint.

Progressing through life, you will become one who seeks to expand and broaden opportunities to find new careers and new inventions.

You must develop skills in innovation and ingenuity. You have a good mind and the ability to use it for your advancement. Because of these factors, you have much potential for achievement and financial rewards. Frequently, this Destiny belongs to one running a business or striving to achieve a level of accomplishment on ones talents and efforts.

As you mature, you must become increasingly ambitious and determined. Self-confident and self-reliant must be yours, as you develop a strong unyielding will and the courage of your convictions.

The 1 Destiny presents a tendency for you to fear the routine and being in a rut. You often jump the gun because you are afraid of being left behind. The negative attributes of the 1 Destiny include one becoming egotistic and developing a self-centered approach to life. This is an aggressive number and if it is overemphasized it is very hard to live with. You do not have to be overly aggressive to fulfill your destiny. You do not have to dominate and destroy in order to lead and manage.

***Life Path - Expression Bridge Number: 7***

([660] numerology.center:) You are a person who needs to stay alone from time to time and think about the chief things in your life. You have many questions and you need answers to reach inner calmness. Solitude influences you beneficially. It helps you to concentrate on the things which disturb you. Being alone you obtain confidence and calmness. You get satisfaction from getting new deep knowledge and understanding of what is going on.

You are a person with many thoughts and ideas. There are so many things in the world interesting for you. Stay alone as long as you need and take your time for the planning of your actions.

### ***Heart's Desire (Soul Urge) Number: 2***

([659] numerologycalculator.online:) People with this soul urge are the natural peace keepers who seek to bridge gaps and bring others together in the spirit of harmony and cooperation.

You want all the facets of your life to revolve around peace, harmony and balance. You are a person of unwavering devotion. This applies to all areas of your life as well, and to all your relationships. Your perpetually heightened emotional state can make you extremely sensitive. You may have extreme emotional reactions to art, music, movies, stories, etc.

Your sensitive nature also leaves you with a very developed intuition. The only problem is that you don't trust it. This is one obstacle that you will learn to overcome but it can take quite a bit of time. You grapple with other areas of self-doubt as well. You have a tendency to undervalue yourself and your role in any given situation. Through all this, you are a source of strength to the right people. Your ability to lend support where it is needed draws them to you.

### ***Personality Number: 8***

([659] numerologycalculator.online:) The eight personality is very ambitious and competitive, but typically good- natured about it.

They appear confident, lucky, and highly resourceful.

Eight people love to push themselves to reach consistently higher goals. They are very good at envisioning and developing projects. People see them as well rounded and having good business sense.

Their radiated strength, charisma and power makes others to see an executive or leader in them.

People with Personality Number 8 appreciate their reputation and image and make everything to have an image of a confident, capable, prosperous and successful winner. They are impartial, cool and can control and manage any possible problem due to their inborn endurance and stamina.

Besides overcoming challenges and obstacles they like to prove others they are capable of that.

They are attracted to the arenas of finance, business or politics and want to be involved in influential circles.

### ***Heart's Desire - Personality Bridge Number: 6***

([660] numerology.center:) Relationships play a great role in your life. Maintain good and warm relationships with you friends. Spend more time with your close people and your family. It will give you feeling of inner comfort and harmony. Companionship with the other people influences the achievement of your goal positively. Remember that trust is an important aspect in relationships. You have to learn how to trust others and to be responsible for the feelings of your native people. Don't shy away from showing them your feelings.

Apply your creativity and imagination. It will influence your development well. Calmness and harmony will come if you express yourself fully.

### ***Heart's Desire 8, and Personality 2 or vice versa:***

This combination gives you several advantages. You carry on negotiations greatly due to your diplomatic talent. You have all abilities to be a leader. But there are some difficulties. Romantic relationships are a problematic thing for you. You are too sensitive and like to gossip too much. It deteriorates even the best relations.

### ***Quiescent Self Number: 8***

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 8 are likely to imagine themselves as a moving force in building large physical structures or efficient procedural systems that have the potential to benefit society for a long time into the future.

The energy represented by the number 8 resonates with business and building remarkable and beneficial things. It is efficient. And it is a realistic energy.

Visualizations generally include the organization necessary to accomplish the goals of building structures and systems. It is common for visualizations to include being the executive director or on the board of international companies — with a dedicated staff sufficient to do business on a large scale.

The thoughts and pleasures of someone with this quiescent-self number tend to relate to accomplishing goals in an efficient manner — accomplishments recognized by

individuals and society for their high caliber and their usefulness.

**Maturity Number: 9** = 8 + 1 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with selfless service to humanity. You're being called upon to work with giving and contributing without thought of personal reward, letting go of "self" in order to learn to be of service to others, and to learn not to attach to particular outcomes.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to balance the needs of others with your own needs to center stage. Situations will arise highlighting your need to service a higher need or purpose, to delve into a spiritual path in full force, and to use your extraordinary talents to heal, perform, write, teach or be a philanthropist.

What that might look like:

- Dealing with "loss" on many levels in order to surrender to your spiritual path.
- A realization that self centeredness and lack of understanding others' perspectives feels dissatisfying.
- Opportunities arise to be of service and use your compassion and charisma to make the world a better place.

**Karmic Lesson Number: 3**

([664] worldnumerology.com:) This Karmic Lesson indicates you are highly self-critical. When you find yourself at the center of attention, you often judge your performance to be entirely inadequate or embarrassing. You tend to measure yourself against an impossible standard of perfection. Try to refrain from constant self-evaluation.

It is important for you to recognize no one is flawless. Feeling the need to act impeccably can prevent you from doing what you enjoy in life. Practice being more optimistic and cheerful - enjoy this "messy" life and share your joy with others.

Life will place you in situations that require imagination and communication. You will be tested in these areas and forced to face your feelings of inadequacy. Missing 3's often produces artists - but their success will require consistent effort and perseverance.

The effect of this Karmic Lesson is diminished if you have at least one 3 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

**Karmic Lesson Number: 4**

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from

feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

### ***Karmic Lesson Number: 6***

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

### ***Karmic Lesson Number: 8***

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

### ***First Pinnacle Cycle: 5***

(Month + Day) - from age 0 to 28 (based on LPN) - ([665] feliciabender.com:)

**General:** When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you’re experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it’s hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It’s all up for review during this highly energized portion of your life. If you’re forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn’t a time to nest or settle down; instead you’ll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don’t resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you’re experiencing.

**Pinnacle 1 Number 5:** First Pinnacle: A 5 First Pinnacle can be a difficult period because it’s hard to find the stability to establish yourself, develop a sense of who you are, and set the foundations for what you want in adult life. Perhaps you end up moving quite often during this First Pinnacle and it requires that you change schools and friends often. The 5 energy invites you to live by your own rules in many ways during this early time, which can be great for you, if well managed. Most likely you’ll find yourself getting into trouble. You’re likely to experience a good amount of impulsiveness and a craving for unbridled independence during this early stage. The 5 is all about progressive thought and action – and also supports engagement with people and experiences that broaden your horizons.

**Warning:** Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It’ll often prove to be a transformational time accented with restlessness,

activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

### ***Second Pinnacle Cycle: 9***

(Year + Day) - from age 29 to 37 (based on LPN) - ([665] feliciabender.com:)

**General:** If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

**Pinnacle 2 Number 9:** Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

**Warning:** Warning: If your 9 Pinnacle is in your early years, this will be a rough period,

full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

### ***Third Pinnacle Cycle: 5***

(1st Pinnacle + 2nd Pinnacle) - from age 38 to 46 (based on LPN) - ([665] feliciabender.com:)

*Segments General and Warning were already given for this pinnacle number.*

**Pinnacle 3 Number 5:** Second or Third Pinnacle: If in the Second or Third Pinnacle, the vibration of the 5 supports your ability to progress and achieve in a fast moving, highly fluctuating environment. Adaptability is critical to your healthy progress during this stage. Your desire for—and sense of—freedom is quite powerful and significant during this Pinnacle. You must be careful not to get too carried away and damage relationships or partnerships because of your unyielding urge for freedom, travel, and adventure.

### ***Fourth Pinnacle Cycle: 11***

(Month + Year) - from age 47 (based on LPN) - ([665] feliciabender.com:)

**General:** 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

**Warning:** 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have

intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

### ***First Period Cycle: 8***

(Month) from age 0 to 28 (based on LPN)

([666] worldnumerology.com:) You are under an extremely benevolent period for work, career, and financial reward starting at an early age and continuing into your mid-thirties. The key is hard work and the willingness to rededicate yourself after setbacks or difficulties.

You will have greatly enhanced abilities as a manager, organizer, and financial planner. You have a gift for seeing the broad picture and carrying out bold plans. You can gain financial freedom during this period. Business and career activities go well, but require much attention and commitment.

You are being pushed to take control of your career or enterprise and bring it to new heights.

It is a time when power falls to you, but must be used wisely and with purpose.

### ***Second Period Cycle: 6***

(Day) from age 29 to 55 (based on LPN)

([666] worldnumerology.com:) Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and support.

You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business.

This is a time of progress through flexibility, cooperation, and compromise.

### ***Third Period Cycle: 3***

(Year) from age 56 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you "growing older" more

slowly than your peers. The excitable, scattered, creative energy of the 3 can resemble an elixir from the fountain of youth. However, there is a tendency to waste time and energy on unproductive projects.

You have many original ideas, but you may have difficulty differentiating between lead balloons and those that can fly. Your 3 energy is uplifting and motivating, which draws people to you. However, staying focused may be a challenge, which could affect your ability to reach your goal.

Your need to express yourself through art, especially the verbal or performing arts increases with age.

### ***First Challenge Number: 2***

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

### ***Second Challenge Number: 3***

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a

façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

#### Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

#### ***Third (Main) Challenge Number: 1***

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

### ***Fourth Challenge Number: 5***

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) The challenge inherent in the 5 is that you’ll feel a little crazy. This energy is highly charged and quite intense. Think about how you’ve felt during the 5 Personal Years you’ve already lived through in your Personal Year Cycle: That’s just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you’ll find yourself being extremely impulsive and unstable. You’ll want to try everything at least once, so there’s a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You’ll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

### **Potential Destructive Aspects of the 5 Challenge**

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

### **Cornerstone, Capstone, First Vowel and Keystone (Forename)**

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from 'worldnumerology.com', sometimes a different source, then it will be noted. Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

**Cornerstone:** It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

**Cornerstone (first letter): P**

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is likely to have a self-determined spiritual, metaphysical, or philosophical approach to life.

([671] spiritwalk.org:) You are curious and like to remember different facts, even if they seem useless. It is easy for you to make an amazing first impression, but you see others through after the first few minutes of conversation, as your inner feeling is profound. Your main flaw is your impatience. Often you cannot wait for a right moment to act or to be silent.

([672] numerologist.com:) Cornerstone: You are intelligent, knowledgeable and seem confident but you have trouble getting things started. You can also be too impatient to do research or wait for the foundations of an idea to take root.

([673] numerologyzen.com:) Letter P. A cerebral and wavering letter, P is synonymous with philosophy, perception, progress, prestige and pretension. It is a difficult letter to characterize. Is it good or bad ? The person with this letter can have a great activity of reflection orientated towards the progress of the individual and the interest for fundamental questions. P is rather secret, reserved and has the tendency to be distant, but on the other hand, proud, professorial, with a taste for prestige. This doesn't mean that P doesn't feel anything, doesn't react or lacks intuition, on the contrary, but P is a letter which suffers the consequences of too much activity in the mental area, therefore an appearance of reserve and a lack of ease for the concrete and affective fields. In fact, very egoistically, P is interested in [his,her] internal problems (affective and intellectual). [He,She] cogitates and searches, if possible, to sublimate them in order to progress. As the graphism indicates with an expansion in the top part, P is pushed towards the paths of mind, and [he,she] will be able to discover a passion for studying. P likes to reflect tranquilly, far from agitation. Material contingencies bore [him,her], the world of sentiments and sensations seems [him,her] difficult to manage ; [he,she] often opts for a second degree existence, so much so that one asks oneself if anything or anyone is really important for [him,her]. Sometimes P protects [him,her]self by being sarcastic or mocking. This is a manner to slip away and not confront the obstacle for P, because he is often thrown. P can be tense, a bit unstable and need space and tranquility in order to function well. P constructs [his,her] inner world which satisfies [him,her] fully and he looks very suspiciously at anyone who tries to penetrate [his,her] secret garden. P can sometimes seriously lack tact, because [he,she] isn't always very sure of what [he,she] experiences and finds it difficult to express or share feelings. P is a thinker, who would do well to become more flexible, to open up more and co-operate, especially if [he,she]

wants to succeed materially and sentimentally. By wanting to protect [him,her]self too much, [he,she] ends up by cutting off the world, provoking misunderstandings and living periods of isolation and doubt.

**First Vowel:** This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

***First Vowel: A***

[674] [671] [675] ([674] affinitynumerology.com:) All about independence. Courage tends to be valued. The person tends to express willpower and purpose. ([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life. ([675] numerologist.com:) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

**Keystone:** ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

***Keystone (middle letter): I***

([676] ezinearticles.com:) This letter indicates that romanticism and impracticality could become obsessive behaviors for you.

**Capstone:** This is the last letter of your name, and, fittingly, it demonstrates your **ability**

**to see projects and ideas through to the end.** This translates into your "finishing" number.

***Capstone (last letter): A***

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively. ([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life. ([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

### Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

### 0 on the Physical Plane

### Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual

interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

### **5 on the Mental Plane**

Your mindset allows you to absorb huge amount of information, as you distinguish what is important from minor details. This, however, does not mean that you are capable of looking for an omitted comma in an accounting report with enthusiasm. You'll never adapt to what is initially unacceptable to you, and any attempts to make you do this are doomed to failure. But this is what often prevents you from completing tasks you started.

### **Emotional (Heart) Plane**

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

### **3 on the Emotional Plane**

People like you are commonly described as a bit otherworldly. You have your own opinion to what practical, organized and orderly life is, and this rarely coincides with the opinion of others. But you are overly romantic, and have vivid imagination that in practice turns into outstanding ingenuity. These qualities can contribute to success in some creative field, such as writer's career.

### **Intuitive (Spirit) Plane**

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

### **2 on the Intuitive Plane**

For you, the most familiar way of thinking is floating up in the clouds. You don't build castles in the air, and your intuitive insights are often quite applicable to practice. However, your extreme sensitivity doesn't allow you to bring them down to the status of real actions.

## Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			<b>Self-Esteem: 5</b> line «1-2-3»

			<b>Spirituality: 5</b> diagonal «1-5-9»
			<b>Temperament: 6</b> diagonal «3-5-7»
333	6	9	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Karma for the 10 of Hearts - Isolation

Water-Cups - Planets: Mars & Jupiter

With the highest value of hearts in the deck, the 10 of Heart person is intensely aware of their emotional/social connection with the world around them. The meaning of their card is the expression of love in all aspects of life.

Those who are born on a Ten of Heart day are at their best in large social situations, on the stage, or in politics. It is only in their more personal and intimate relationships that the 10 of Heart become overwhelmed and safe-box their feelings. With this in mind, the 10 of Heart need to guard against isolating themselves from the people contact so important to their wellbeing.

10 of Heart are ambitious and have penetrating focus. An overwhelming need to be loved or appreciated compels them to be the best at whatever they do. They also have a knack for good business and secure the best contracts or conditions for success.

Ten of Heart people seem to be very lucky. In part this is true. But it's only after much hard work and determination that Divine Providence bestows Her bounty of earthly treasures onto the worthy 10♥.

In matters of the heart, the Ten of Heart feel they should be at the helm of their relationship. Not because they want to dominate, but because they feel better able to protect, heal, or otherwise fortify the home.

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

**MERCURY** describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

***Mercury Card: Nine of Diamonds*** (metasymbology.com:)

DIAMONDS: Values - Radiance - Materialism

NINE: Service - High Calling

CHALLENGE: Overindulgence

Fire-Wands - Planets: Mars & Uranus

DIAMOND: The Diamond personality has been chosen to illuminate what is value in our school of Earth. The spirit of the Diamond is penetrating, clarifying. It is the element of fire and is quick to burn away the dross as it navigates the path of what is worth and what is not.

NINE: The value of 9 is service. The personality of the 9 is equipped to influence and serve others selflessly- for the benefit of humankind.

JOURNEY OF THE SOUL: Their Soul Card is the Queen of Diamond. This emblem is symbolic of The Patroness - distributor of material bounty and giver of light – companion to King Sun.

In its most successful state of being human, the personality of the Nine of Diamond is able to provide service to the downtrodden, illuminating their path and providing the resources they need to thrive.

9 of Diamond personalities are gregarious and they make great orators. A candid demeanor is often a result of psychological stress experienced during their early childhood years, for which they develop a healthy dose of humour (dry) to overcome, and charm to get by.

They feel it is their calling to help those less fortunate, and champion the rights of the underdog. This quality makes the 9 of Diamond one of the most generous and philanthropic cards in the deck.

In their negative state, 9 of Diamond personalities are resentful of the power they feel they should have, but don't. They are spendthrifts and loners. Their generous soul-nature is lost to self-indulgence, further straying from what the soul has come to learn. In their heart of hearts, all 9 of Diamond want to give.

In love and intimate relationships, the 9 of Diamond want to feel mentally connected with their partner. Take note! Deep and meaningful conversations do for this card what wine and song do for most.

After age 91 the cycles repeats.

***Cosmic Lesson Card: Six of Clubs*** (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Six of Club Meaning: The Messenger

Karma for 6 of Clubs - Cultivation of Intuition

Air-Swords - Planets: Saturn & Neptune

This is the "Messenger's Card", and yet there are many 6 of Club who are unwilling to take the time or trouble to develop their greatest gift - the gift of intuition.

All Six of Club feel an obligation toward duty and they take their responsibilities seriously. Trouble is, the 6 of Club also symbolize inertia and easygoing lethargy. Hence many people born with Six of Club karma find it difficult to gain enough momentum to get up to speed and fulfill their lofty dreams. On the plus side, when a Six of Club does manage to overcome this karma, they have the unique ability to stay with a project, circumstance, or relationship until all obstacles are overcome.

Peace of mind is very important to all 6 of Club people, and they will make many sacrifices to attain that peace. All 6's are worriers and the 6 of Clubs is no exception. They worry about doing less than is expected of them; they worry about not being able to fully commercialize their talents - and most of all, they worry about the happiness and progress of their loved ones.

Their intuitive faculties are truly second to none if only they learn to live by their intuitive gifts!

***Cosmic Reward Card: Eight of Hearts*** (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Water-Cups - Planets: Jupiter & Neptune

Charismatic Empowered Domineering: All of the 8's feel empowered and emboldened by the meaning of their suit. The HEART suit symbolizes our social and emotional needs.

Thus the 8 of Heart seek power and control in matters of the heart!

It is true, all 8s feel the need to control and dominate, and when the Eight of Heart are engaged in love and busy with their relationships they are truly at their best. But unless the 8 of Heart manage to find their true love, they have a bad habit of racing through many loves, leaving a trail of broken hearts in their wake.

The 8 of Heart often find themselves having to work really hard for their money but they do have the protection of Saturn and there will always be enough security to get by.

Then there are those 8 of Heart who apply themselves to big business and end up being wildly successful in large organizations.

To make the best of their life pattern, all 8 of Heart need to be in the drivers seat - while

at the same time - being careful not to bully others with their intense emotional power.

**Cosmic Moon Card: Six of Spades** (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Life/Death - Work - Spirituality

Six of Spade Meaning: Law of Adjustment

Karma for the 6 of Spade: Inertia

Earth-Pentacles - Planets: Uranus & Neptune

All Six of Spade people are strong willed and determined, a blessing as their excellent karma includes a not-so-excellent karmic challenge in matters of the heart.

The 6 of Spade have tremendous potential in their lineup of cards if they are willing to accept the responsibilities that life places upon them. These responsibilities often relate to family matters, or relationships that end up being at odds with their ideals or personal goals. Indecision and confusion about love and what's expected of them, is their biggest challenge! They either accept these personal limitations and find creative ways to overcome their discontent, or they suffer and short-circuit their power. When this happens, their lives become filled with triviality, mired in gossip and superficiality.

Six of Spade people appreciate beauty and enjoy mentally stimulating conversations.

They may seem hard and unfeeling about life and death, but intuitively, they know that there is no death, only Eternal Life.

This is the card of overcoming. Tried and tested throughout their lives, the successful Six of Spade are those who choose to march forward, despite the odds against them, and spread their unique perspective of the world to anyone willing to listen.

**Note:** If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

## Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

### *Duality (2) Oc*

*North (White) glyph: Support / Comfort*

### **Day Sign: Dog**

/ Oc (Yucatan) / Tz'i (Kiche)

Oc is a cooperative, loyal and helpful day-sign. Consistency and commitment characterise persons born under it. They have a strong group instinct and will stick by their allies in times of trouble.

They are good team players, usually very creative, and strive patiently to fill authoritative positions. They instinctively know where they and others stand in the social ranking of any given situation, and this understanding allows them to be patient and to wait their turn for leadership.

They know how to inspire loyalty in others because they have such a good understanding of it themselves. They also like to roam, but not too far from their territory. Oc enjoy short distance travel what they can do with a car or a boat.

They enjoy monitoring their territory and have a strong interest in their neighbourhoods. They require much variety in life and find the arts, especially music, rewarding.

They approach their art form as a craft to be learned and mastered, and they are often technique conscious. They may also be creative in the social and political arenas. Their father, or father figure, often makes a strong impression on them, and they may either benefit through him or struggle over power issues and independence.

For Oc, life is about achieving emotional maturity, and it is often through understanding the father, and authority in general, that this goal is achieved.

Challenge:

Lack of emotional maturity; father related/authority issues.

Solution:

To learn patience followed by acceptance of direction from others, when it is needed.

	Future:	
	Etznab (Knife)	

GT: 10 (Manifestatio)		
Feminine: Cib (Owl) GT: 8 (Justice)	Now: Oc (Dog) GT: 2	Masculine: Kan (Seed) GT: 9 (Patience)
Past: Ik (Wind) GT: 7 (Reflective)		

#### **Four Directions**

Of all the day-signs, Oc has perhaps the most questionable reputation. Its natives are said to be extremely sexual in nature; they are sometimes even called "fornicators or adulterers".

Observe for a short time the behaviour of Oc's to see why these individuals are believed to be so libidinous.

Their totem, the dog, is a creature whose sensual instincts overflow in every direction without inhibition. According to tradition, the same is true with people born under this day- sign. Of course, there are number of day-signs that have a similar love for such worldly pleasures, but only Oc has the distinction of owning pleasure loving Kanas its right hand power and lazy, sensual Cib as its left hand power.

Oc's lust for love, life, and sensory delight hems it in on all sides. Sensuality also means a love for, and consequently a friendship with the world of the senses.

The Book of Chilam Balam of Kaua refers to a native of this day-sign as "the adorned one, of the easy life". Oc people are frequently able to surround themselves with the pleasures they crave.

Oc's unbridled love of luxury is, at worst, motivated by a selfish hunger to consume everything in sight.

Oc natives have the blustery Ik as their past sign, and the Ik's hurricane of ego combined with Oc's dreams of pleasure can lead to some fairly greedy scenarios. It can also lead Oc into the midst of conflict, as indicated by the day-sign Etz'nab, which is the future sign for these natives.

A cursory look at the day-signs that make up Oc's personal tree of life may lead some of these natives to doubt whether there's any hope at all. Are they condemned to reel from one sensual thrill to the next, always seeking more? (Some Oc's, of course, will think this is a great way to live!).

Many Oc natives doubt themselves almost constantly, but doubt, one of the negative meanings of this day-sign when it appears in a divination, is the opposite of certainty or faith. This duality of doubt and faith reveals the most positive aspect of the day-sign Oc. In Mayan and Aztec myth, the dog was the creature who, carrying a torch to light the way, guided souls through the underworld. The dog is a universal symbol of unquestioned loyalty, and in this particular instance, of unquestioned faith. Whenever we journey through the darkness of our private underworld, we take a path upon which logic and intellect are of no help. Only an unquestioning faith can light our way through the interior darkness so, like the sun, we may emerge upon some other dawn. Oc natives have this quality of faith. It is their greatest asset. Clearly, these people live close to their instincts. The unconscious force that endows them with their notorious sensuality is the same power that gives them that most precious of all human qualities; the faith to prevail.

### ***Galactic Tone: 2***

(mymayansign.com:)

#### **Duality**

- \* Decisions
- \* Defiance
- \* Facilitating Change

Tone 2 is very mysterious. You feel separate yet you desire to unite with all. You are learning to walk with balance on your journey while you are making decisions about your life; balancing the duality such as light/darkness, masculine/feminine, good/bad, Ying/Yang. To experience the difference between one thing and another is an important goal of your life.

### ***Trecena Sign: Water***

/ Offering / Muluc (Yucatan) / Toj (Kiche)

Beneath the 1-Muluc surface personality is a strong will propelled by powerful, irrational urges.

These people do things in life without a rational explanation, just because they feel they have to do them.

They find it necessary to keep themselves under control much of the time, or they may risk offending others who don't understand them.

They would be well advised to choose their friends very carefully for this reason

### ***Night Lord: 7***

Persons born under this lord are strongly motivated by relationships; they like to partner, and they enjoy working with the public. Many born on this day are excellent consultants, teachers, or healers. They like the finer things of life, or at least have more than a casual appreciation for quality, and they deeply enjoy music or art.

G7 types want to be in control of their outer world because their inner world is not so controllable. Their level of sexual desire is very strong, and they often feel a need to repress such urges so as not to disturb their social life. Some bury themselves in work in an attempt to deny these deeper urges. This repressive approach doesn't always work, and impulsive behaviours may result in social disturbances that can wound them deeply. Even thoughts may make a G7 feel guilty.

Sometimes these types will apply a kind of self-inflicted punishment in order to make amends. At their best, they will find ways to creatively explore their deeper urges through art or through various healing modalities. This process may lead them to become a healer of others.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.*

*This one would be Neptune conjunct the Sun.*

## **Celtic (Druid) Tree Sign**

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

## **Larch Tree**

**Strong keywords:** Creativity, Hard work, Idealism

**Weak keywords:** Rashness

**Tree variants:** Cedar, Fern, Rattan, Clover

**Birthday:**

11 February – 20 February

15 August – 24 August

### **Characteristics and Personality**

People born under the rule of Larch usually give us the impression of self-confident and determined people. They love to impress other people and they are dominant. They play an important role not only in the workplace but also in society and in their family. They have a creative spirit, fantasy, and unusual ideas.

Larch people are very hardworking and they are able to keep high working spirit; they are quite strict in this regard. They often use their creative skills in art or science, they love and understand music. In the pursuit of consistency between deeds and thoughts, the Larch people get into a special state of elevation above this world, and they are able to do great deeds without thinking about the consequences it will have for them.

In the company of other people they are straightforward people with a natural dislike of pretence and lies. They are definitely not diplomats. Unfortunately, they often make rash judgements and they can be thoughtless and careless when they deal with other people. Even though they seem to be confident decision-makers, they are often the victims of intrigues and sometimes their actions are skillfully led by someone else. Their straightforwardness and carelessness often gets Larch people into adventurous situations which they love. There are many heroes and martyrs among them.

They are very picky when they search for the right partner, and they may wait their entire lifetime for the right person. When they are in love, they are surprisingly shy, clumsy, gentle and sensitive. They are very supportive to other family members. They love

comfort but they do not like excess luxury; they are prudent and reasonable in matters related to their property.

Larch people usually enjoy good health for most of their lives. If they do get sick, they get well quickly and without feeling sorry for themselves. They never bother others with their health problems. They most often suffer from lung disease; at an old age they may have problems with their liver.

According to the Celtic mythology Larch people are protected by eagles.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Everything relating to creativity and art makes them express themselves more easily. Music, films and imagery are what attracts them the most. The Moon in Virgo will reflect the Pisces Sun light in the most practical way.

Their ethics can make them anxious and nervous all the time. Sacrificing their own needs for others to be happy shouldn't be the way to go for them.

Just like all the other Moon Virgo natives, they are the most satisfied when they are successful at what they are doing for a living. As soon as someone close to them will feel down, they will start experiencing the same feeling.

It's essential they relax more because they are not at all of any good when under stress. Introspection and meditation would help these people a lot. They could work with their desire to help others because they are among the biggest humanitarians. That's why they usually are great doctors or social workers. Intuitive, these people know who's their ideal partner.

When they fall for someone, expect them to be loyal and dutiful. But they need to be careful not to become workaholics. The more time they will spend outside, the happier they will be. Hard on themselves, they become depressed when things in their lives aren't perfect.

The lover who will humiliate or betray them will never have a second chance of making things right. Sun Pisces are purposeful but sometimes confused about what they need to do in life.

They have connections with the unseen world and are visionaries who can work with their creativity. But they can easily lose their focus. As partners, they are romantic dreamers who share their lover's feelings.

## ***Sun ☉ in X 10th House***

([868] i.thehoroscope.co)

This placement of the Sun makes people work hard for their objectives and to want to reach a certain status because power gives them a real high.

Natives having the Sun in the tenth house want fame, to live an honorable life and they sometimes get involved in scandals. They're determined to have a position of power and authority, not getting bothered by the responsibility this thing would imply.

They're usually politicians, dignified army people or any other role that gives them power. Being good examples for others because they're motivated to make a name for themselves, it's very likely they will manage to build a very good reputation.

Only a few Sun in 10th house people remain in obscurity because these natives have a special need to be respected and appreciated in society. It's like they've been born for nobility and for inspiring others to be greater people.

#### **Summary:**

Strengths: Responsible, sensual and hardworking;

Challenges: Superficial, tyrannical and vain;

Advice: They need to learn to balance career and personal life.

#### **Beyond ambitious**

People with the Sun in the tenth house like to work hard for their goals, success and feeling of accomplishment because power is in their blood.

They hate taking orders and have a need to be the ones with authority at work. It's important for them to evolve in a career where they're the ones who manage, not those being managed.

These people should deal with the fact that they're ambitious, but not create a fake image of themselves and try to act as if they have a higher position than they actually do.

Sun in 10th house natives are determined to succeed and most of them will, but not until their thirties or even a little bit later.

They may have problems at home because they're always putting career first and are too ambitious about their professional life rather than the family one.

These individuals have all that it takes to be great leaders, even if others see them as

arrogant and tyrannical.

The 10th house rules over recognition from the public, the incapacity to take orders and the need to be in control of things.

While the Sun can be unusual when it comes to career, natives having it in their 10th house are thirsty for the attention of their public and have the ability to succeed at any career they may choose.

It doesn't matter their profession, their Sun in the 10th house will be at peace if they're the ones who pull the ropes and everyone admires them for being such hard workers.

Relating to the public image, the house just mentioned makes people with their Sun in it very aware of how others perceive them.

These people are very ambitious to obtain all the respect in the world, whether they're CEOs or just starting at a job.

As said before, many of them are politicians, so power is another thing they'll certainly struggle to get their hands on.

However, they should be careful not to become obsessed with it because a life that is only centered on self-image and power is superficial and not in any way satisfying.

### **The positives**

Sun in 10th house individuals are driven to have as many achievements as possible, from a very young age.

They're hard workers and strong characters who can overcome any obstacle, no matter how difficult.

These people are recognized by the public as responsible and determined to succeed individuals. It's important they learn how to relax and create a balance between their professional and personal lives.

Having a good time while also being successful is possible if they become more willing to also play from time to time.

More focused on what's happening outside their environment and on asserting what their main qualities are, they will use everything they know to obtain a high social position and to get acknowledged at work.

The Sun in the 10th house motivates them to have a strong influence and to get recognized while they're also satisfying their thirst for power and make their dreams

come true.

This means they will fight for a good career and a good place in the society, usually managing to obtain a status where they have many responsibilities and get to be recognized by others.

The placement of the Sun in the 10th house influences them to want to put their talents to use and to be better than the crowd, also to lead rather than to follow.

Everything meant to help them advance in their career will fascinate them. They may have an identity that is highly influenced by their job and other things that brought them success or helped them attain their goals.

Usually involved in public matters such as the ones relating to politics and speaking for the masses, these will be of the utmost importance for them.

If they won't have the opportunity to be participants in the public life, they will identify themselves as someone who does, while secretly dreaming to have important people's roles.

They really don't like being private and alone because this limits their opportunities to become successful and achieve many things in life.

It's like something is pressuring them to succeed and to become someone whom they're proud of, often seeming that success and achievements are life-and-death matters to them.

That's why they'll always have high goals and work hard to achieve them. It's more likely for them to go to a job that allows anyone to advance rather than a place where there isn't too much room for climbing the ladder, like in bartending.

They really want to be appreciated and admired for their efforts because this is what builds up their self-esteem. Their goals will be precise and their approach to achieve them methodical.

These natives are the incarnation of professional success, all the negative aspects in their chart being sometimes too difficult to counteract. But usually, they're composed, proud of themselves, authoritative and charismatic people whom others respect and even admire, no matter how reserved and shy they may seem.

It may seem for many that these individuals don't even make an effort to advance in their career because they're all the time in the right place, at the perfect moment.

Dignifying and honorable, natives having their Sun in the 10th house are usually

respected and even an example for others.

Usually in leadership positions, as if their Sun would be in the 1st House, they hate being commanded and second place.

It's like all the ambition in the world has gathered in them, so their goals will be reached more or less easily, depending on how difficult these may be.

It's important for them to have ambitions, yet they should pay attention because a rapid professional evolution can also bring them many enemies.

Not that they shouldn't chase their dreams anymore, they should just be more aware that some of their colleagues may try to impede them from succeeding.

### **The negatives**

The Sun in 10th house individuals tend to identify themselves with what they've accomplished in life. If they won't realize they're more than the sum of their successes, they will all the time believe only career is important.

Their profession may also be a big part of their identity, making them feel very proud if it's a noble one and they have managed to get recognized for being good at it.

If they haven't achieved that much at work, they will think less of themselves, but still have their work done in a perfect way.

If the Sun in the 10th house is afflicted, the natives with this placement may be tyrannical and abuse their power in order to deal with their insecurities.

It's also possible they'll work around the rules and step on others to get where they want, causing Saturn to become angry and to remind them through its negative influence that they should be more honorable.

The fact that they want success may have something to do with their kept-away insecurity, but the Sun's energy would have them overcoming this issue and become more stable, able to find their center and also turning their assertive or exploiting ways into a need to cooperate and make things better for everyone.

If insecure, they may feel only professional success can save them. As they appreciate themselves based only on what's not all the time in their control, they may feel not worthy when their boss doesn't give them the position that they're working so hard for.

In this situation, they may push themselves to the extreme, until feeling there's only emptiness in their life. Just success makes them feel authentic and happy, this being sometimes problematic when working with others.

Another way through which their insecurity expresses itself is when they become so intimidated by their need to be the best that they no longer know what standards should try to work by and thus, fail all the time.

This means they'd start having a low self-esteem and no matter how much they may try, anxiety and stress would be the only ones ruling over them.

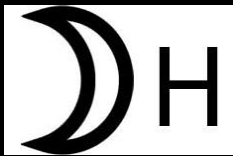

Authority is what makes them weak as well because they want to have it too badly. They should be mature enough and leave their pride aside as this is the only way for them to develop in an efficient manner and from inside out.

In case they'll manage to attain a certain level of maturity, they will certainly turn into models of power and responsibility for others.

The Sun in their tenth house makes them oppose authority while commanding it themselves. This would be a downside because they may bother some important and influential people in their life and not obtain what they want the most, which is success.

It can be challenging for them to be parents because they're too authoritative, but at least they'll be appreciated at work for this.

## ***Moon ☾ in IV 4th House***

([875] [i.thehoroscope.co](http://i.thehoroscope.co))

People with the Moon in the 4th House focus all their emotions on their families and homes so it's impossible to get along with them if you don't accept the aforementioned.

The Moon is at home in the fourth House, so its influence is dramatically increased on people having it here in their birth chart. Moon in 4th House individuals will be melancholic, attached to their home and very similar to the sensitive Cancer, which is ruled by the Moon and retreats in difficult situations.

They will have mood swings ever since young, this being something that gets accentuated in them with every passing year. Moon in 4th House natives will always keep their father in mind, being very loving with this person.

When the Moon in 4th House moves all the time, they won't be able to settle in one

place, realizing that home can be anywhere in the world. Their favorite places are near water and they have a need for change in their environment, so it's possible for them to change houses or rearrange furniture as often as possible.

**Summary:**

Strengths: Resourceful, funny and caring;

Challenges: Emotional and overly nostalgic;

Advice: Learn to prioritize so you don't feel overwhelmed.

**A lasting emotional impression**

The House where the Moon is placed in a birth chart determines how that native expresses his or her emotional needs and how supportive is with others. Responsive and sensitive when it comes to the traits that specific House rules, each and every one of the characteristics influenced by this celestial body will have great impact on the collective.

Moon in 4th House people give a great importance to home and family, needing to always feel emotionally secure. They usually have a deep connection with their father, and the place where they have their roots has a great impact on them.

These are the most patriotic natives, the ones who need a settled spirit and really love the place where they have been born and raised.

Everything about their personality has ties with their family's origin because the fourth House is also a ruler of ancestry. Therefore, they will feel happy when dealing with issues about their heritage and land.

It's very possible they'll pursue a career in archeology or history, while everything they have experienced in childhood, together with their relationship with their parents, is going to be everything they need in order to feel secure and anchored in reality.

Many will consider them to be too changeable and not at all reliable. The Moon represents the mother and has a strong feminine influence, being associated with the important females in a person's life.

That's why these natives may inherit a consistent fortune from their aunt, grandma or mother.

While family and home are essential aspects of their life, they are very appreciative about anything that has to do with them. It doesn't matter that they're freedom-loving like the independent Aquarius, they'll still want to dedicate their life to the domestic realm.

All of their emotions and love will be focused on their home and family. It's impossible to get along with them if you don't like their loved ones, because their devotion to these

people is very deep, which means only something very dramatic can have them detached from these people.

Many will see Moon in 4th House natives as the caretakers who also have a great relationship with the ones they're looking after. The problem with them is that they can find it difficult to leave their parents' home and even to change their ways.

For example, Moon Libras won't be able to realize that keeping things balanced and the peace are not all the time that important. Breaking the old habits may be something problematic and almost impossible to get done for them.

They will find security only in what they are used in, because Moon in 4th House people can feel very insecure too often. Their emotions are always changing and their moods reflect the Moon's influence very well.

At least they have a great intuition that helps them provide what their loved ones want from them, from an emotional point of view.

Very caring and sensitive, natives having Moon in fourth House crave intimacy and to be warm with their most loved ones. It can be difficult to get to their inner world, but once you do, you can be sure of their never-ending love.

They won't be themselves until becoming parents, because up to that moment, the Moon's energy wouldn't be properly channeled and they may use it in an irrational way.

The coming to the world of their children will have them more down-to-earth and fulfilled as they would have someone to care for. However, they would still need to establish some boundaries when it comes to how much they spoil their kids.

### **Dependent on the ones they love**

It doesn't matter how much they move around, individuals with the Moon in the 4th House still need to belong somewhere, so their life can be really agitated because they are searching for the perfect place. That's why they may change their home or its furniture very often.

It can be healthy for them to move, because they'd be emotionally satisfied, but if they'd regret doing it afterwards, this would be a sign of restlessness and a search for perfection that can't end. Therefore, it would be more important for them to find out they belong to themselves first.

Many of them will be emotionally immature and never want to take care of themselves, being very attached to their family and all kinds of childhood traditions.

It's not natural for Moon in 4th House people to have one-night stands because they

want something stable and a spouse who's nurturing. If emotionally happy with someone, they will spend their entire life with that person.

The man with Moon in this House will look for a woman just like his mother. He's the feminine type, as the Moon gives him sensitivity and a lot of spirit.

If people having Moon in the 4th House have a mother who drinks, they will be very affected by this, their trauma being noticeable in the way they speak and move. It's like they'd be copying the woman who raised them, in her most embarrassing moments.

You can only imagine what an effect a partner whom they love very much would have on them, seeing how influenced they get by those of whom they're very emotionally attached.

They're usually very dependent on the ones they love and worried about their finances. Thinking only financial security brings them happiness, they also believe their family needs to approve their romantic relationships.

It's essential for them to establish some precise goals and to seriously work towards them. Their success can be tremendous and they can gain security only if they plan ahead.

As said before, Moon in 4th House natives are always changing their home or renovating, so people in their family may be a little bit exhausted by all of this.

Everything wrong with a home they don't like will be a reminder of the things they felt the most insecure about as children. It can be a challenge for individuals having Moon in fourth House to live on their own, especially when they're always looking for their parents to approve of their actions.

As soon as they're ready to be financially and emotionally independent, they will find it easier to choose their profession and succeed.

Don't think they need to be indifferent to those they care about, it's just important for them to think of their entire life as something they have to deal with by themselves.

Their partner could help them take initiative when required to, if he or she is supportive. These people need to be appreciated and reminded that their career matters. Accepting the fact that competition is healthy will help them enjoy sweet victories and a lot of success.

## ***Moon ☾ in 13th Nakshatra: Hasta***

10°-23°20' Virgo

### **Short Version [2]**

Strength: creative, clever, practical, witty, pleasant, charming, attractive, attains wealth later in life, influential, cordial, careful with words to avoid expressing anger, driven in control, values social rituals and consideration of others, provides service, industrious, takes advantage of opportunities in foreign lands, intelligent, persuasive, unattached and has several relationships.

Weakness: enjoys competition and disputes, restless, changeable, charlatan, selfish, emotionally unsettled, low self-opinion, critical, overindulgent, shameless, mistrustful, repressed, health problems, nasty, drug abuse, controlling, use alcohol or food as coping mechanism, desires spiritual experience.

### **Overview [1]**

- Lord: Chandra (Moon)
- Symbol: Hand or fist. This represents power, dexterity, communication, and blessings. The open hand is traditionally used as a symbol of blessing in Vedic culture.
- Power: To attain what is sought. Hasta has the ability to bring goals to life quickly and place tangible results in hand.

### **Strengths [1]**

The influence of the Moon, as well as that of Virgo's ruling planet, Mercury, places a strong emphasis on the mind. Hastas are intellectually creative and able to come up with

original ideas and new ways of doing things. Skilled in speech and writing, your eloquence allows you to share your ideas effectively with others. Your creativity may also express itself through your hands — you have natural talent in arts and craftsmanship and will likely have a variety of skills.

The presence of Hasta natives is calming. You are down to earth and not easily ruffled. You are patient and sensible, and rarely waste your time on ill-conceived pursuits. You have incredible foresight, able to predict the outcome of various courses of action with accuracy. As a result, the things you dedicate your energy to usually succeed.

Hastas wield a good deal of power — the strength of your personal character and your shrewdness make you a force to be reckoned with. When you work toward something, you do it with industriousness and determination and usually have a solid plan in place. You are disciplined and don't get easily agitated or thrown off course.

Hastas are generally well-liked. You have an aptitude for healing — which may manifest in subtle ways — and for helping others. Charming, polite, and always eager to do the right thing, you draw people to you with your personality as well as your attractive appearance.

### **Weaknesses [1]**

The shadow side of Hasta is a competitive nature that values success at any cost. This results in an inclination to outwit and circumvent obstructions in ways that might not be ethical — you can be merciless in your determination to reach your goals. You may be excessively critical when under stress and lose your natural patience.

Hastas often do have to deal with stress in their lives — you might feel overburdened or repressed, and may struggle with your self-esteem. In your early life, you could experience hardship and might feel that there are endless barriers to achieving success. Your success will probably come later in life. Finding a path that offers spiritual fulfillment, rather than just material success, will create a positive shift for Hastas.

The external and internal struggles you face can make you give in to your lower impulses. If you start to indulge your every sensual desire, you could fall into a lifestyle that is morally and physically unhealthy.

You may struggle with your health throughout life. Hasta natives are sensitive and easily affected by subtle hazards. Be mindful of the environment around you. Spending time in nature regularly can be a great healing agent.

### **Other Personality Traits [1]**

- You give good advice. You are able to perceive all angles of a situation and to predict possible outcomes. This allows you to offer sound solutions to those who come to you for help.
- You are a good listener. An excellent communicator on all fronts, you possess not only the gift of speaking but a gift for listening. You know that to communicate well, it's even more important to listen than to speak.
- You may have a volatile life. Although you may achieve great things, you may also have great struggles. Your life has many ups and downs and you experience many changes.

#### ***Mercury ☿ in ♉ Taurus man 16° 19'***

([886] i.thehoroscope.co)

He knows to take the slow pace to accomplishing his goals, so that he also enjoys the journey.

It's essential to know that this man doesn't like new ideas or innovative pathways. He's more likely to stay on the path that everyone else has used since time immemorial. Traditions and routines are very good, and they prefer sticking up to them.

Constantly changing his pace can only get so annoying before he flips the tables and gets out. Decisions, decisions, once he takes them, there's no turning back.

**In a nutshell:**

Positives: Ingenious and loving;

Negatives: Mean and nervous;

Soulmate: Someone who is lively and dynamic;

Life lesson: To focus more on the end-goal and less on the fine details.

**A disciplined and resilient man**

Personal responsibility and principles are very important to the man born with Mercury in Taurus, almost paramount of his mental health.

He may be reluctant at first, but if he commits for whatever reason, he won't be giving up any time soon, even going against his better thoughts.

Moreover, people tend to listen to him say his piece simply because he usually says only the essential and most important things. He doesn't dawdle, fuss, or stick to redundant aspects.

He can be funny and entertaining as well, but when the situation asks for it, he is practical, committed, and serious. Also, he is a sensual individual, putting his senses on a pedestal.

He believes that only hard work and hard efforts will get him to the desired goals. Only by learning, gaining experience, having a practical and rational outlook could they touch upon their potential and pave the path toward success.

Step-by-step, a slow pace is the best there is in his opinion. Moreover, he's determined to use his skills to further hone himself, to self-develop, through discipline and hard-working.

Only by putting in enough effort and focusing on the end-goal could you ever fulfill your desires.

Even though they aren't the greatest fans of new, untested ideas, they are actually very

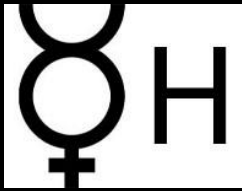

keen on constructing things, on building something from the ground up.

Making something with your own hands can be extremely taxing and exhausting, but the feeling of satisfaction and pleasure that you get once finished is priceless.

They can earn a living as speakers, debaters just like new reporters, using their communicative skills and persuasion tendencies to reach the pinnacle of success.

Romantically, this man wants something serious, stable, a loving and comfortable relationship where he can relish and feel satisfied. He can be a very flirtatious individual as well.

### ***Mercury ♀ in XII 12th House***

([919] i.thehoroscope.co)

This placement of Mercury makes people exceptionally intuitive, amazing at appraising any situation and reading straight through others' intentions.

The Mercury in the 12th house natives are very emotional and intuitive, so much that they have to gather the courage to actually speak up for themselves.

Normal situations that others would just go through without a problem causes them headaches and anxiety attacks. This is because they think too much or rather end up overthinking the simplest things, exaggerating and turning every inconvenience into a tragedy.

These people tend to keep their thoughts and opinions a secret, afraid as they are to be judged or made fun of. Socially, they are shy and keep to themselves.

#### **Summary:**

Strengths: Communicative, insightful and talented;

Challenges: Brief, distracted and moody;

Advice: Be careful who you are sharing your secrets with.

#### **Visionary but rational**

This is a really weird combination because we all know that Mercury natives are usually very talkative and open, keen to act on a whim and to reveal pure joy at the first sign of

something fun going on.

Well, these 12th house Mercury natives are different in that they quite opposite in this regard. They are very sensitive and don't trust themselves at all, reasons for which they prefer to keep silent and just listen.

If you ask something, they might answer, although very succinctly, and then retreat back. They don't know how to interact and how to best express their thoughts. The constant failures only end up strengthening their fears.

These people have a really peculiar talent, a nifty predisposition for talking with the spirits of the dead. This connection to the other side weirds people out, but it's something they take great pride in.

The visions and intuitive appreciations that they have are quite helpful, from time to time. Logic and rationality have nothing on them, at the very least.

This aspect houses a lot of emotional pressure and the liability to end up in difficulties because of depression, overthinking, superstitious beliefs and irrational worrying. There are also flaws as well, as we can see.

They might have had a few problems in opening up ever since they were children, probably because they weren't entirely sure of the exact approach or they didn't trust themselves enough.

With a little master on their emotions, things could be exponentially better even now. A pity for all that potential. However, these people know how to listen and keep secrets, so they are one of the most reliable individuals in this regard.

They prefer visual stimuli, symbols, images, tangible ways of understanding, rather than abstract or logical theories.

They're still learning how to best put their words to good use, how to express their thoughts as efficiently as possible.

### **The positives**

There are some massive advantages and pros from being so sensitive and intuitive though.

This insight and synchronization to outward stimuli and emotional potential grant them perfect clarity and awareness, which leads to them making good decisions based on reliable information.

They have the necessary material for a good social life, a lot of knowledge to be efficient

and socially adept. This is why they have a lot of friends with different interests and personalities because they want to mimic a diverse range of ideas and attitudes.

Confidence and self-esteem are built with time and experience, so this approach is good.

Other ways in which they could use their spiritual affinity and insightful nature is by helping people, by healing and reconstructing their lost selves.

The lost and the abandoned find a place of respite and refuge next to them because they offer the prospect of miraculous wellbeing, of great rewards.

Even if their patients, so to speak, are skeptic and incredulous, it still doesn't change the fact that the Mercury in the 12th house natives are in touch with the mystical forces.

Their questions are answered from the other side. Doubt this at your own peril!

They are careful not to let others in on their secrets though because that would destabilize themselves greatly.

Secrets are better kept hidden from the prying eyes of those who would seek to harm them. They might also be afraid that people will mock or make fun of these things, of their spiritual awareness.

Mercury in this house is responsible for a good communication, for a solid understanding of how to best transmit ideas and reach out to people.

Essentially though, these natives are exceptionally good at seeing through people.

They can become psychologists, mind-readers, soothsayers, fortune-tellers or professional decryption masters, seeing their talent with words and language.

They are very good at identifying, recognizing and rearranging patterns, certain characteristic elements that repeat themselves in speech, the meaningful signifiers.

Actually, by studying psychology, they would reach a deeper understanding of their own minds and inner contradictions, the workings of their deep cognitive processes.

This will help them avoid any further bad things happening, a subjective mimicry of their inner states that would confuse their adversaries.

### **The negatives**

One of the problems that they deal with constantly is the tendency to become immune to any outside stimuli and close themselves up.

Daydreaming, thinking about the future, idealistically so, evidently, occupies all their time.

Just think about it. You want them to do the chores around the house or they have a meeting in one hour, and they're sitting in the armchair, staring into the void, being in their own worlds.

It's annoying and irresponsible. They need to take control of their own lives, to be more receptive and aware of their surroundings. Listen, watch out for how others interact, observe the patterns, and simulate.

They will try to hide from other people, to nest away in a world of their own. No one has access there, so they're safe with all their secrets and emotional vulnerabilities.

This is why they're often known as being unpredictable and unorthodox because you just don't know what to expect.

They do their thing without expecting others to agree, but the problem is the lack of logic or reason behind their actions. It's just not there.

Just pure emotions, intuition, sensitive deductions, and subjective appreciations. Needless to say, these can lead to wrong ideas and mistakes.

Mars and Uranus can make these natives prone to spilling the beans, to sharing their secrets or those of others with suspicious characters.

**Venus ♀ in ♈ Aries man 27° 50'**

([921] i.thehoroscope.co)

He likes to be the one who inspires people to get out of their comfort zone.

The Venus in Aries man is the hunter of the zodiac, always on the prowl, looking for the next prey. When he falls in love, he expects the target to fight for her independence, to struggle against his advances, to not give up easily.

Only that would satisfy his desires, his need for adrenaline and the need to assert his

dominance. Nothing stands in the way of his boldness and supreme confidence.

He wants to get physical right from the beginning, so don't even think that you can keep him at a distance and still have him interested. Moreover, he wants his partner to be independent, to have her own plans, and not depend on him for living her life.

**In a nutshell:**

Positives: Straightforward and confident;

Negatives: Self-indulgent and vague;

Soulmate: Someone who is very honest and reliable;

Life lesson: Taking less risks and being kinder to himself.

**His love personalityHis love personality**

The Venus in Aries man is attracted by a direct, straightforward and confident woman who isn't afraid to say what she wants, to express her feelings, and to grab a hold of her potential.

He doesn't want someone who's anxious, highly emotive, afraid to speak her mind, and introverted. That would only bore him out of his minds and ultimately drive him away.

He's a fan of risky endeavors and dangerous adventures. He would never say no to such an opportunity because he knows what he wants from life.

In a relationship, he will assert his desires and expectations, while also going straight toward the point, asking for what's necessary to satisfy him.

He needs action, dynamic events, to go and take what's his, to release all his energy outward, and this may present itself as a healthy form of romance in a relationship.

This man wants to feel the rush of adrenaline course through his veins, to feel like the world ends if he doesn't react fast enough.

Everything must be pushed to the limits of the extreme, to the verges of possibility, in order for him to feel satisfied. Emotions, feelings, all are passionate and intense, and the routine is perceived as the enemy of life.

He's just like rocket fuel – an incredibly fast-paced start, followed by the most incredible course ever taken, with plenty of spontaneous and over-the-top reaction, just to deflate faster than a stung balloon.

He likes to be the one who inspires people to get out of their comfort zone, and in a relationship, he'll be romantic, incredibly affectionate, open-minded, and initiate energetic adventures to spice things up.

What this means is that once he's started something, he won't automatically take it all to an end. In fact, chances are he's never going to finish, just wave his hands in the air like a lunatic, in the beginning, appear extremely intrigued by this, but then quickly lose their interest.

He's a very competitive partner and likes challenging bouts, debates, and arguments. He feels alive doing these things, being the one who takes the initiative, the one who takes the relationship to a new level, and also the one who leaves, if it comes to that.

Now, for his tastes, they are pretty simple, actually. It's not about physical attractiveness or the way she dresses specifically, it's just that she has to have a strong personality, go against his wishes if it comes to that, and never abandon her principles.

One of the problems this native has is that he doesn't really think things through, and he only ever thinks about the excitement and enthusiasm of stalking and seducing his prey.

When it all becomes normal, comfortable, and his lover starts getting used to his advances, then the Venus in Aries man gets bored and starts looking for entertainment once again.

What makes it even more complicated for the Venus in Aries man to have a peaceful relationship is that he can feel insulted very quickly.

He takes a lot of things personally, even though they were just said in the middle of a debate or in a heated discussion.

He really cannot hold his pants when his girl says something that he can interpret as an insult, and this is one of the reasons why he usually doesn't stay for too long in such a relationship. Immaturity is one of the reasons why he's so quick-tempered and has a flimsy ego.

### **Attracted by ...**

The Venus in Aries man is very intrigued by a girl who knows what she wants, and who puts everything away as she goes to fulfill her dreams.

Lively, outgoing, energetic, and very intense, this is what he wants from his dream girl. It would be good if she practiced sports or if he had a very healthy lifestyle in general.

This means that she cares about her own looks and general wellbeing and that she's not lazy. What's more, he wouldn't mind even if she were to take the lead in the relationship, as long as she makes the right decisions. He enjoys having a strong woman at his side, and you would do better to show that to him.

The man born with Venus in Aries needs constant challenges in his life, whether we're

talking about his professional life, day-to-day chores, or his romantic life.

He needs to be pushed, to be at the edge of his seat, to see that there is someone better than him.

This incentivizes him greatly and makes him wish for more, to overcome his limitations.

In a relationship, he wants to keep it alive, to go straight for the kill every time, never to hesitate or to wait for the right moment.

There is only one life, and you have to live it fully. He appreciates a straightforward and honest partner who doesn't beat around the bush.

### **In conclusion**

This man likes his woman direct, bold, and confident enough to make the first move and not feel sorry about it. He wants her to be dominant, to push away all the uncertainties and just do it.

If she gets all physical, that's going to drive him crazy with intrigue and anticipation, so think about that for a second. Surely you can grab the courage to give him a soft kiss next time you see him, just to incentivize him further.

About the Venus in Aries man himself, he is a very energetic and enthusiastic native brimming with confidence and vitality.

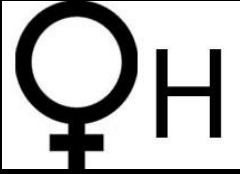

Naturally, his partner will feel all this energy unfolding right before her eyes, and it's impossible that she doesn't get affected by it. He will turn your fears into confidence, and he will support you even when no one else believes you can do it.

With this much impetus and determination at his disposal, it's really a surprise that he's not blogging about how man achieve whatever he wants as long as he so much as desires it.

What he needs to learn is that his partner also has his desires, wishes, likes and dislikes, her own opinions that he would do better to respect.

We all know he's dominative and fierce, but not everyone can run at the same distance as him, so do be careful when setting expectations.

**Summary:**

Strengths: Friendly, cheerful and devoted;

Challenges: Pretentious and inconsiderate;

Advice: Follow your gut feeling without doubting yourself.

**Only a strong friendship will have them wanting more**

People having Venus in the 11th House will express themselves socially, romantically and artistically through the harmonious friendships they have formed by participating at events or going to fraternity parties.

It's very likely for them to meet the love of their life at a group gathering, because they like people with the same interests as them. But for them to get involved romantically, they need to feel their partner is being honest.

Focusing only on qualities and what makes a person attractive, they're really the type who leaves negative traits behind.

If they want to keep their interest towards someone, they need to have a little bit of variety and to do unusual things. Their most erogenous zones are the ankles and the calves, so expect these parts of their body to be very attractive.

While valuing all kinds of relationships and affiliations, they may not be very responsible

with their friends. Venus in 11th House individuals will be adored by the people in their life and they will like it.

Only a strong friendship will have them wanting more, because this is the only way for them to truly fall in love. They don't necessarily want someone to make them feel fulfilled, so any person who can reach their soul will have their heart after a few meetings as friends.

They only see what's good about a person and prefer to keep a certain level of variety in each and every one of their relationships. There's no one to love friends more than them, so their lover may feel a little bit left out when not wanting to go out with their gang.

One of their favorite things is bringing people together, because only doing things with others can have them in their best mood.

They are really inspired by others and conversations about things they have in common with their interlocutors. It's very likely they'll belong to more than one group of friends and get along well with all of them.

Very good at changing their attitude according to whom they're spending their time with, Venus in 11th House natives fit in everywhere and are loved by many.

It's impossible for them to fall in love if the other person doesn't share their interests or doesn't come up with new subjects of conversation, doesn't get along with their friends or doesn't want to get involved in the same causes as them.

They can immediately change their focus from one person to another and don't stress that they may have hurt some feelings along the way.

Very loving, they can be interested in more than one person at a time, depending on the aspects and other signs in their chart. They are the ones who can adapt to different lovers and who marry their friend or wait their entire life for the perfect partner.

Very fun and interested in those who like to occupy their time with the same activities as them, people with Venus in eleventh House love to give their heart away and to spread their love.

This House is the ruler of Aquarius, so they will surely be great humanitarians who want to self-improve all the time.

The same House is also about what help friends are giving its natives, so the presence of Venus here would mean a lot. For example, they can have many wealthy people in their life, who will help them with money and even a home or a car.

When in positive aspects by Jupiter or Uranus, Venus helps these natives become rich with the help of one of their friends. It will be their main purpose to get included in what their close ones may do for a living.

### **Loving but a little naive**

People having Venus in the 11th House will always have great friendships because this is what keeps them going in life. Even their romantic relationships start by being friends first, so if they no longer feel that their partner is also their companion, they can fall out of love immediately.

It's not a lover they look for, but someone with whom they can have a great time and do fun things. The fact that they're always focusing on the positive traits of a person and can't see what's bad can be a very good thing for them.

The more variety they'll have in their life, the happier they will feel and they'll be able to live the way they dream of.

When it comes to how much they love their friends, this can confuse their partner because it's possible for them to not pay that much attention to their other half and to want to be only around their buddies.

They are the glue-people, those who bring others and groups together, so every gang should have one of them around. When out, they want to be sure everyone is having a great time and don't mind being fun themselves, either.

It seems like conversations with others simply inspire them, so finding they have similarities with people in their life is very encouraging to them.

When someone fights for the same cause as them, they simply don't want to part ways with that person anymore. But it's also very easy for them to fall out of love without feeling guilty or in any way affected by the situation.

All in all, they're loving but have a problem, because they can fall for more than one person at a time. It can be easily said they're the right candidates for open relationships.

If their best friends won't appear in their life for them to marry, they will just wait until this happens.

Loving to have fun and to give their love away, they will be appreciated for being so open with their feelings and caring.

They seem to have great talent with the arts, especially with music and theater. As a job, it would be very easy for them to sell beauty products or to be make-up artists, because

they simply love talking about fashion and beauty.

If some “bad” planets are in the 5th House, they may have problems with their other half, because of their friendships. This is very likely to happen, especially when Pluto or Mars are in the fifth House.

Very good at organizing people, Venus in 11th House natives will surely be in a community or social group and get treated as someone very important.

Pluto, Mars or Jupiter are strong in their chart and can influence them to be great leaders and very good at giving their best for the group’s interests. They don’t want to rule, they just seem to be perfect for it.

### **Venus ♀ - Detriment in Aries (& Scorpio)**

([871] southfloridaastrologer.com:) A restricted expression of sensuality and beauty is experienced when Venus is in Aries or Scorpio. Aries and Scorpio's need to exert their will and gain power are opposite Venus' need to be polite, sensual and enjoy beauty.

### **Mars ♂ in ♊ Sagittarius man 24° 7'**

([973] i.thehoroscope.co)

He is impulsive and spontaneous, often changing his plans at the very last minute possible.

The Mars in Sagittarius man is one of the liveliest natives of the zodiac. You’ll always spot him in the middle of a social event, being in the center of attention, doing something crazy, worthy of his reputation.

He’s a great talker and he communicates very easily with people from all walks of life. If you’ve got the luck to find him alone, be prepared to be taken for a spin. He’s an intellectual and he’ll want to cause some mischief using witty sayings and confusing ideas.

#### **In a nutshell:**

Positives: Communicative and ambitious;

Negatives: Sneaky and self-indulgent;

Soulmate: Someone who is patient and understanding with him;

Life lesson: He should find his purpose to fight for.

### **A charming companion**

He's a shape-shifter, an emotional hurricane that runs amok across the world, putting everything he sees into mortal danger, either because he's trying to pick it apart, to see how it works, or he's going to wreak havoc anyway.

He will want to experiment and try everything at least once. On his path, he might appear as a fiendish brute who just wants to have fun at the expense of others, or as a cultivated and polite young man who's looking to enlarge his perspective on the world.

Saying that his native likes to have fun is like saying the Earth spins around the Sun. It's common knowledge, and what's more, he takes it all to a whole new level every time he gets the chance to.

He's the one who brings the joy and enthusiasm at a social event, and he's also capable of anything in order to satisfy his desires.

Reason and logic will get covered up by these impulses and cravings, so he won't realize what he's doing during this time.

Moreover, he's the type who has a greater cause to fight for, either personal or societal, and he pursues it with his own means, abiding by no rules.

First off, the man born with Mars in Sagittarius is brimming with energy and confidence that he just wants to release outwards.

He can't wait any longer to have some fun. Usually, he's the type who grows a beard, a manly and masculine one to reflect his strong principles and firm convictions.

Moreover, he can be a very good sportsman with all that drive pushing him forward, but he also takes care not to put himself in harm's way too much.

Secondly, this guy's decisions last as long for a few days, and then he comes to the conclusion that he wants an entirely different thing.

He's impulsive, spontaneous, but also determined and ambitious to achieve his goals. The only problem remains the same though, that he can't hold on to his ideas for too long.

In a few days, he'll be up and running with a new plan, leaving the old one to fester and die.

He wants to make friends with those of the same disposition as him, the eternal

adventurers who never refuse an opportunity to travel the world and have some fun.

He wants to fuel his own ambition and passion because he's not a very patient man. What else to do other than pack his bags and for a trip on the other side of the world?

He loves having friendly competitions with his close ones, but he gets too involved most of the time, and he forgets that he might hurt somebody if he plays too rough.

Moreover, he expects everyone to follow his ideas to the letter because they would result in a lot of fun. When someone disagrees, he gets annoyed because he was naively sure that no one would object.

### **Not a big fan of commitment**

He asks for a lot, expects a lot, and he is generally a very dynamic individual who can't stay in one place for too long, even mentally if not physically.

Money is simply the means to an end, and he doesn't hesitate for too long before spending it on something that really matters.

Romantically, he's not as impulsive and spontaneous, surprisingly, in that he usually doesn't fall in love at first sight.

He does fall in love with his ideal outgoing woman after a series of meetings where he gets the chance to know her intimately. Rejections don't sadden him one bit, and he even befriends that person, only to try again a couple of years.

These men are usually quite frightened of committing to a relationship. They know their freedom will get hacked apart once that happens, even more so if the partner is possessive, dominative, and jealous.

With a carefree and free-flowing personality, they would rather have fun at a time, and only then think about taking things to the next level.

In this sense, nothing stops them from meeting a lot of women, in the search for the right one. Of course, this approach hurts a lot of people along the way, but they don't seem to care.

He wants to appear as a funny and entertaining man who knows how to have fun. A straightforward, tolerant, and intelligent individual who loves adventures.

This is how he wants to be seen by his partner, and he will want to share his ideas with her, in an attempt to impress.

In a relationship, he is very devoted and loyal, but he also realizes that freedom is

actually the most important, in both cases. He wants to respect her decisions and desires, but he expects the same in return.

### **In conclusion**

Basically, the Mars in Sagittarius man is open-minded, honest, enthusiastic, and passionate about doing his thing.

He wants to have fun, and he can be very unexpected and irresponsible as a result of going overboard with this desire.

Because he tends to speak his mind without hesitating one bit, a lot of people will feel insulted by his opinions, but that's their problem, right? Why would he be blamed for speaking the truth?

He has strong religious and political views that could turn into fanaticism in a split second if he doesn't control his zeal and enthusiasm. Also, he tends to be a very introspective and meditative man.

He's going to need a romantic and affectionate woman who knows how to please him and satisfy his sexual desires.

He prefers a sensitive and lascivious woman to a proud and confident one who makes a show every time you say something wrong.

He is also very tolerant and open-minded, accepting different opinions and ideas like they were his own, even though he tries to maintain a few traditional principles.

## **Mars ♂ in VII 7th House**

([987] i.thehoroscope.co)

People with Mars in the 7th House need to be stimulated and are quite argumentative at times, although their intentions are in no way bad on those occasions.

Individuals having Mars in 7th House are very independent and do things only their way. They should learn diplomacy and how to not offend everyone, because they really don't know how to cooperate with others.

They love being in a relationship, because this really prompts them to be more active.

They want an energetic lover who can help them deal with the difficulties in their life, challenge them to keep going, support them when in need and compete with them in order to make things exciting.

Because they have a lot of romantic energy, it's important for these natives to learn how to channel their forces in a constructive direction. The fact that they want to compete with their lover could, for example, be used when dealing with other people.

**Summary:**

Strengths: Genuine, dynamic and elegant;

Challenges: Argumentative and impulsive;

Advice: Try to put personal priorities first as well.

**Optimistic and charming**

Mars in 7th House people may be a little bit tense sometimes, but you can be sure they will always come up with creative ideas and have a lot of energy.

They really like being challenged, so keeping their life active is the only way for them to be happy. It's normal for these people to provoke others just to see their reaction.

It's difficult for them to cooperate with others because they simply can't compromise, no matter if they're contradicting with their other half or their parents, or if peace could be brought to a fiery discussion.

If they don't struggle to change all this and understand how the misaligned energy of Mars works, they'll continue to be aggressive and domineering.

They only analyze themselves when involved in a relationship or when interacting one-on-one. These natives may start many conflicts when married, because they like their partner to be opinionated and their energy is very conflicting.

This is also one of the reasons why they find it difficult to work in teams, coupled with the fact that they always want to be the leaders.

Being less straightforward and a little bit more charming would really help them, while some compromises would make their life sweeter than sugar. When being so confrontational, they can attract many enemies and offend people they truly care about.

It wouldn't matter how devoted and hardworking they'd be when it comes to relationships, these could still get easily destroyed with a wrong word. When marrying, they do it for a lifetime and are the most supportive spouses or even friends.

Mars in seventh House individuals have the planet of war in the House of partnerships. That's why they may focus only on themselves and not care about what others think or

want.

However, they will still invest a lot of their time and energy into their relationships, no matter how much they're arguing with their friends or partners.

Because they're very independent and eager to lead, many may not understand who they really are. As said before, they should try and be more charming and less tactful. Always wanting to fight is not at all in their advantage, so a little bit of diplomacy would only do them good.

When in love, they're more into the chase than into what this game brings them in the end. Supporting fair play and eager to always take action, they're not in any way depressed when losing a fight.

It's very likely they'll marry someone optimistic, energetic, independent, bold and capable of standing on his or her own two feet. It's like they're looking for someone who can play hero for them. Mars makes natives with this planet in the 7th House very passionate and devoted when it comes to love.

Their partner can trust them to be loyal and faithful for a lifetime, because they love playing the hero and remaining true to those they love the most.

However, the position of Mars in the 7th House may create some problems for their marriage and business relationships, because it makes them impulsive and a little bit violent.

They will probably marry very young and in a rush, so the chances for tension to appear between them and their spouse are very high. The same placement makes them very good salespeople and marketers, because they really love to compete.

If they choose a profession in one of these fields, they will most likely deal with the most difficult situations early in their career. As they always want to be first, their success is almost guaranteed.

### **Practical aspects**

Very sexual and energetic, Mars in 7th House natives seem to never stop after they get started. That's why they need a challenging partner who can stand his or her ground.

Loving conflict, these people will always try to argue with their friends and lover, showing their aggressive side. If they want a more peaceful and harmonious life, they have to compromise more, because it's normal for them to just start fighting instead of carefully listening to what others may have to say.

The energy of Mars is very intense in them, so they need stimulation and to have small

quarrels all the time. The type of people who just agree bore them to death, because they want to be contradicted and presented strong arguments they can attack. Those who can't stand up for themselves will never have these natives' respect.

Their personal relationships will all be with people they have had big arguments as this is the way they make friends. Not at all empathetic or able to see situations from another point of view than their own, Mars in 7th House people simply refuse to think there are alternatives to what they want.

They're very attracted by natives who have a strong Aries or Mars influence in their birth chart. Their attitude makes them great military employees, so it's not impossible for many of them to wear a uniform, be it of army, law enforcement or the fire department.

They immediately become angry when provoked, having a solid figure that seems to never put on too much weight. Many people will be attracted to the way they look and the sex appeal they exude.

When meeting a person as sexual as them, they become blindly in love and start dreaming only of making love with that person.

If were in a too harmonious marriage, they would think that something is wrong. Some of them will look for a partner who's their opposite and just go with the flow of the relationship.

If Mars is in good aspects, they'll most likely be sports people or have hobbies that require them to get physically engaged. The thing is, they need to somehow use their Mars' energy and do something constructive.

They will travel everywhere with their partner, do skydiving or ocean diving to study strange species of fish. While competing with their other half, they will still love sincerely and work hard for their marriage or relationship to work.

### **The downsides**

Individuals with Mars in the 7th House are made very aggressive by this planet. They can insist on the same matter forever and can't seem to keep it together when annoyed.

Learning how to relax and no longer looking to argue with their partner would make their life more peaceful and harmonious. Slowing down and not rushing to fight can make them happier and more appreciated by others.

If they're always excited with contradictions, their lover may want to run away from them.

Relaxing and enjoying the little moments of rest would make their partner love them more and they'd no longer be so stressed about a very possible break up.

Mars is considered the planet of mischievous actions and aggressiveness. When in a negative aspect, it makes the natives having it in the seventh House very tense regardless the situation they may be involved in.

When in the House of marriage, expect natives with this placement to have real problems with their spouses. But no matter the aspects of Mars, people having this planet in their 7th House will always want a partner to compete with.

Passive individuals bore them, as they're looking for someone who always has a story and is ready for a fight at 2 am in the morning. Of course, people can be different, and things are not necessarily the same with every personality, but Mars' influence is always strong, so discovering it may require a lot of passion and patience.

### **Mars in the 7th House in a nutshell**

One thing is sure: individuals having Mars in the 7th House need to learn what compromise is, because they're desperate to get involved in conflicts and are continuously looking to pick up a fight.

Their friends and family may not agree with all of this, so they risk losing people who love them if they keep looking for arguments everywhere.

It's very possible they'll end up without any help from others because of their attitude. The world doesn't revolve around them, so challenges are a means of self-improvement, not of finding reasons for arguing.

Getting busy may help them forget all about wanting conflict in their life. It's suggested they listen to what others have to say before starting to argue. It can be very surprising for them to discover different solutions than their own are also very effective.

Being more open-minded can change their entire perspective on the world. They don't have to give up on their beliefs, but they can identify great opportunities by listening to others a little more.

But the generous Jupiter may at the same time make him a gentleman who wants to spoil his lover with small gifts and attentions. However, his generosity needs to be reciprocated because he believes only in fairness.

As Jupiter is also the ruler of trust, he will give a lot of importance to this aspect when in a relationship. Mutual trust turns him on, as a matter of fact.

## **Saturn ♄ in ♊ Gemini man 15° 29'**

([1019] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born at a time when Saturn transited Gemini are individuals of rare intellectual complexity. They are very thorough in their thinking, analytic, observant, calculated, and

they have a very systematic mindset.

Any problem you give them, it's going to be separated into tiny little parts, deconstructed to its smallest components, and carefully analyzed. Moreover, they can be very curious, and enjoy learning as much as the Sagittarians enjoy roaming the world.

However, these natives are also prone to bouts of sudden sadness and even depression because overthinking comes in, along with pointless worrying, and an exaggeration of the uncertainty in their lives. Saturn's position in Gemini is reflected in the other direction as well, making them realize the potential they have, thus it brings them to the realization that life can be pleasing and fulfilling, too.

**In a nutshell:**

Style: Practical and adaptable;

Top qualities: Serious, disciplined and caring;

Challenges: Superficial and pessimistic;

Advice: You need to be a lot more patient.

**Personality traits**

What appeals to other people doesn't necessarily feel very pleasing to the Saturnian Geminis. They would prefer to stay at home and enjoy a marathon of their favorite tv series, to going out in town or traveling around the world.

Work, work, and work yet again, one where they are deeply focused on making calculus, analyzing data, systematically arranging it, reaching logical conclusions, and then testing the data again.

What is unexpected and unpredictable doesn't cater to their tastes and would rather prefer the safety of their own minds, what they can feel and sense.

Communication is a problem though, that they can't fully express their thoughts in straining contexts, such as a speech in front of people, or the feelings toward a loved one.

Paradoxically, the Saturnian Geminis are very imaginative in general, with newer and crazier ideas populating their mind. The thing is, they are afraid to put them to good use.

There are plenty of risks involved, granted, but the potential rewards are also quite appealing. Self-confidence and a realistic self-awareness are all that they need in order to fulfill the great potential hidden within.

A crucial point in their future development as a human being is that they must learn how to better communicate their thoughts. Most of the time, a bad choice of words leads to misunderstandings, arguments, parallel lines of debate that have nothing to do with the

original problem.

These natives feel like the world is a place filled with unknown factors, which are difficult to predict and even more difficult to control. They must face it somehow, and the only way they could do that is to detach themselves from all societal expectations.

They won't revolt against the status quo, but they drop all pretenses of a harmonious blending. They do their thing without any worries about other extraneous issues, but they sometimes feel the human urge to communicate and care for others, sizzling deep within.

### **A logical lover**

The Saturnian Geminis can have plenty of problems in a relationship because they lack any sort of emotional flair, of innate sentimental instinct, which translates, on the one hand, in a difficulty in expressing their emotions, and in an emphasis put on rigid logic and rational thinking, on the other hand.

They do have feelings, plenty of pretty intense ones in fact, but they just can't find the right way to state them out loud.

This can lead to various arguments and misunderstandings between you and your partner, especially if she's of a more sensitive making.

The partner will probably become annoyed with how much you're trying to rationalize every little thing, and that you keep on asking for a logical explanation.

There are plenty of times when you could use a more sensible approach. However, this doesn't mean that being rational and having a scientific mindset is a bad thing. On the contrary, it's a very effective factor in building a stable relationship.

### **The good and the bad**

Those born in Saturn in Gemini are at the top of their game when they're working in an organized environment, a place where all other surplus problems are thrown aside, and where they can focus on a singular goal.

They need this time alone when a problem becomes too dire. However, they lack confidence and self-esteem, and this can be seen in the fact that they aren't determined enough to deal with their problems once and for all.

Moreover, they also tend to quickly lose their grasp on reality, start overthinking, and end up filled with uncertainties, depression, and the belief that nothing's going to go as it should.

The perfect solution to this presents itself naturally, thanks to this native's highly curious

and adaptable personality. They have to keep on straining their potential, sucking it all dry, always going the extra mile and putting themselves in difficult situations.

That way, with all the complex factors piling up, they will have to learn to trust themselves more.

You are born to use your abilities in tandem with the desire to share all your knowledge with everyone else, to contribute to the creation of a better future for all people.

You use your curiosity and thirst for knowledge to the betterment of society, or of those close to you, if the perspective is a little more realistic.

Being a Saturnian Gemini, your creativity knows no bounds, and it's one of the things that make you a truly astounding individual.

One of the most dangerous enemies that stand in your way is the tendency to underestimate your own ability, which leads to a perpetual state of self-doubt.

This hinders your advance tremendously because you're often confronted with situations that you don't know how to approach, or aren't sure of what the proper course of action should be.

### **The Saturn in Gemini man**

The Saturn Gemini men are equally pinned down by all the anxieties and skewed estimations about themselves.

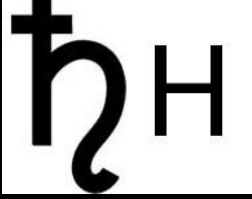

Insecurities, fears, uncomfortable situations leading to a sense of self-pity and self-loathing, all of these are the next logical step after the chaotic onset at the beginning.

They can quickly mend these bleeding wounds, however, by finding the time to really think about this. To contemplate such issues and existential threats is the best choice they'll ever make and trying to communicate these lurking contradictions will also help.

In a relationship, they're very honest, straightforward, and very trusting toward those they deem worthy.

## ***Saturn ♊ in I 1st House***

([1029] i.thehoroscope.co)

Their friends and family will rarely see them smile, but when doing it, they'll surely put a lot of heart and soul into it. Saturn's influence gives them clear judgment and a responsible conduct.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

It's not beneficial for them to be so neurotic if getting one of their colleagues' jobs just considering they've been more productive, but this is the way they are and no one can change them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time

analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn influences people to be disciplined and responsible. When in the 1st house, it makes them more serving, able to achieve their dreams and to express their wishes because this house is all about the self and how individuals project their personality on others.

This planet makes sure to bring the themes it features into people's life as much as possible, inspiring seriousness, a stern facial expression, its specific sarcasm and a high level of maturity.

Don't think natives having Saturn in the 1st house never smile, because they do and their face seems to simply illuminate when a good joke is being told.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

Insisting to never take action without having a good plan, it's possible for them to miss on great opportunities that would require a bit more spontaneity.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for

independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

Knowing when to take risks and how to make the best out of their strengths can be a problem when facing all kind of obstacles all the time, but not impossible to get done.

It doesn't matter if men or women, individuals having Saturn in 1st house will be led by this planet to have self-control and a goal-oriented approach.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

### **The goods and the bads**

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because

they're all the time doubting themselves.

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

When you live in a community, you have to take care that the community doesn't fall apart. Also, living in the past makes it impossible to look towards the future for some natives who are more sensible and nostalgic.

With a great intuition and the instincts to choose the most appropriate methods to solve a problem, the Uranus Aquarius are as efficient as they are kind.

These people are not going to cherish their happiness as long as other people are dying from hunger or bleeding to death on the front of some God-forsaken battlefield.

They want everyone to experience the same opportunities and to live life at the peak of comfort, happiness. For this, their humanitarian tendencies truly flourish constantly.

The single most evident aspect of a good revolution is the waves it makes, how the world reacts to it if the reactions are elevated to a new level.

What the Uranus Aquarian tries to make will obviously shake the order of things, but not because they use anarchic methods, but because the change in and of itself is the catalyst for the destruction of the status quo.

Generally friendly and generous with their friends and family, they are very communicative, like to socialize, share ideas, and are very good at explaining things to people.

The Uranus Aquarians know a lot, and they use this knowledge to bring a new revolution to the world, one where everyone understands one another, where most people live their dreams, and where everyone is united for a common goal.

They may take great pleasure in working alone, in attaining their goals with their own power, but team-work is more efficient and is known to be more productive. They have to learn this fact in order to maximize their results.

The Uranus Aquarius has a lot of emotional power that is left untapped, waiting to be released. Even though they are very rational and like to do things using their common sense, their emotional intelligence is up to par as well.

### **A visionary lover**

Without being tied by old traditions and a stagnant mentality, the Uranus Aquarius looks

to the future with a bright attitude, their outlook on being a very joyful one.

They wish to build an ideal lifestyle, and if they can do it alongside a person who most understands them, what could be bad about that? They are responsible, ambitious, perseverant, and have a very common-sensical perspective on life and the achievement of one's dreams.

You have to work really hard and put in a lot of effort in order to get anything. That's the basis of it all.

These people are also very logical in their relationships, avoiding overthinking about the possible dangers, and instead, concentrating on the present moment, the least, if not about the positive future.

### **The good and the bad**

While some people might not be able to see the good things in this native, he is actually very self-aware of his own capabilities and knows clearly what he wants to do.

Always thinking about the next plan, with ideas to further enhance it on the way, these people are nothing if not visionary, inventive, and quite stubborn.

They appear to concentrate a lot on what they want to do, and once they have picked a point of focus, they will become very immersed in the research. Most of the times, these interests involve the betterment of society as a whole or the wellbeing of certain social classes.

Obviously, these natives can forget about everything else when they get too focused on laying out a plan in its most detailed form.

When they start researching and gathering information, nothing matters as much anymore. Selectiveness is the key here.

Moreover, because of the great amount of knowledge at their disposal, as well as the urge to do everything themselves, they often appear so detached and aloof that they don't even acknowledge other people talking to them. This is a case of extreme focusing on one singular goal, nothing more.

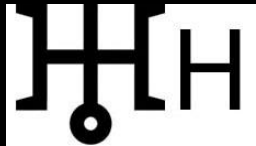

### **The Uranus in Aquarius man**

The Uranus Aquarius man can get very psyched up by discovering a virtue to call their own, to fight for against overwhelming odds.

If he happens to stumble upon a higher goal, he will decide that it's worth everything to try and pursue it, and he will only do this after receiving validation from his close friends.

He has this urge to understand other opinions and get feedback on a course of action before committing to it. Even though his plans are not likely to fail, given his predictive and intuitive abilities, his social personality makes him communicate his ideas a lot. Help him, no matter how you do it, and you'll have made a true friend in the meantime.

And the subjects they may be interested in are philosophy, social studies and even religion, so don't be surprised if they've published a book with their own thoughts about how the world works.

They're not the type to ask money for what they have wrote, so they'll perhaps use the Internet to just give their materials for free as Uranus is also the ruler of technology.

Feeling very good in the 9th house, just like in any other house situated up in a birth chart, this planet can sometimes be chaotic and even malefic, therefore, it's better to have it in the upper side, so it doesn't become a problem when it comes to the everyday life of the natives.

As I said before, Uranus is the ruler of technology, so it may make people having it in the 9th house hackers.

But if they will stick to school, they may become amazing programmers and computer science teachers. They will always look to get their information from beyond what's been established as tradition and culture as they love being unique and giving a personal touch to everything surrounding them, even when talking about God.

time to sit around.

The world is a big place that has many challenges for them and they know it. When Uranus is in good positions in the 9th house, they will be only observers when it comes to what they believe in.

Objective regarding the truth, they understand every human being has a destiny to at least be subjective when it comes to what's real. Therefore, they don't believe everyone has an obligation to search for the truth and to idealize some concepts in life.

This means they'll understand and respect other people's culture, religion, opinions and ideas, without being biased.

For example, they may have been persecuted during more religious times because of blasphemy or because they had connections with the occult.

It's also possible they've confessed their religion or beliefs and others didn't accept them for this, which could have happened in one of their past lives and even in this one.

They truly believe that a person's culture, race and religion don't matter in knowing the truth and prefer to not listen to the spiritual guides or political figures who ask people not to question them.

When it comes to the idealistic nature of Uranus, it manifests in these natives when they're searching for the truth and think of what's right and wrong.

When Uranus is in a challenging position in the 9th house and related to Jupiter, the natives of this placement will be terrified of traveling long distances, so they may never fly or cruise.

They should find a partner who doesn't mind when they're leaving without even saying a word because they've just discovered there's a new and rare book at a library in a country far away.

They wouldn't mind having a travel companion, so they should find someone with money and enough time. Uranus in 9th house can be creative and come up with many solutions for them, so they can have it all in life, but not in an easy way.

### **Neptune ♆ in ♏ Scorpio man 10° 58'**

([1072] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Scorpio in their natal chart are very easily fascinated by anything that challenges their logical thinking, by what seems to hide untold secrets, mysteries, and what doesn't reveal its inner nature so easily.

The unexplainable, the irrational, the adrenaline-packing events, these natives will always get involved in such things. Magic, occult activities are just the tip of the iceberg. There are plenty of things they'd do to sate their appetite, and most of them are out of the norm, out of the typical range of interests that most people have.

Differentiating between what is true and what is most likely false is a trait they'd do better to develop, sooner than later, because they will get deceived if they aren't careful enough.

#### **In a nutshell:**

Style: Respectable and spiritual;

Top qualities: Intense, libertine and resourceful;  
Challenges: Materialistic and manipulative;  
Advice: You are not taking advantage of your time like you should.

### **Personality traits**

Unbelievable as it may sound, these natives are set on a path of altruism, of a shared general condition among all people. They want to achieve their potential as fast as possible so that they can also begin making the lives of others attain the peaks of possibility.

Success comes to those who work day and night, who focus solely on this singular goal, who never rest when they have responsibilities to take care of.

They want for the world to reach a certain freedom of thinking, a free-flowing communion between all people, of material sharing, general generosity, of thoughtful kindness.

The Neptunian Scorpions are incredibly interested in the inherent traits of mankind, what makes it tick in different situations, what it hides beneath the social façade, behind that smiling mask that we've become accustomed to.

The world is such a beautiful and mysterious place, hiding all manner of secrets, each awaiting to be discovered, to be observed, to gain insights from, to reach the next level of existence through knowledge.

These natives like living at the edge of the known world, where the air is more rarefied, and the opportunities for development are endless. Call it a passion or obsession, but they are happy with it nonetheless.

Essentially, this native is attracted to the dark side of things, always seeing the world from a skewed lens, with the negative aspects, or the possibility of it at the forefront of any observation.

With intense and searing emotions, they tend to chase passionate experiences in all regards, and from any point of view.

In love, the Neptune in Scorpio natives is prone to becoming suspicious about betrayal, jealousy will set in, feelings of scorn, remorse, disappointments, and so on.

It's not so hard to come out again into the light, but only through willpower, perseverance, and self-awareness. However, just like a philosopher once said that "if you stare into the abyss, the abyss stares back at you".

Once a relationship starts going down that path, it's difficult to set it back afloat, but it's not impossible.

Neptunian Scorpions can achieve that by capitalizing on the shared experiences, on the passionate love that existed between them, all the intense feelings, all the times when they craved the presence of the other person.

### **The positives**

The Neptunian Scorpions are well-over other people when it comes to spiritual attainment or personal fulfillment. The best experience they've come across, one so uplifting that they can't get enough of, is romantic interaction. They are actually acclaimed for how attentive they are between the sheets.

They get their raw energy and enthusiasm from this place, and they come back every time they need to recharge their energy. It also fuels their open-minded and flexible character.

Sex, for them, is the ultimate ecstasy-inducer, the universal medicine for broken hearts and tired minds.

Alleviating a relationship based on this kind of bonding comes with its own difficulties because the ties may just be imaginary stronger whilst in reality, the connection might not necessarily be that real.

### **The negatives**

One of the worst things about the Neptunian Scorpio is that they prefer keeping their thoughts to themselves, even though there are times when they shouldn't do that, like a problem that keeps eroding everyone's patience and calmness.

It can be quite confusing as well because other people don't even know when they are happy when they don't like something, and this can be quite problematic.

Moreover, paradoxically, they are also very passionate, with a lot of love to offer to their partners. Possessiveness, jealousy, even hatred are possible if the situation reaches that level.

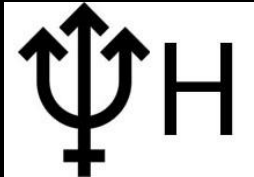

### **The Neptune in Scorpio man**

Neptunian Scorpio men are cynical and pessimistic above all else, and these traits pollute the rest of their character traits as well. They'll predominantly be looking at the negative aspects of life, talking especially about the flaws and downsides of the world, how society is going toward the bottom of the barrel.

In order to avoid being left alone by the rest of humanity, these natives have to learn to better control these dystopian reflexes. All the anger and repressed emotions do nothing else than scare everyone away, so that's got to stop.

For this precise reason, they'll find it quite hard to establish a long-lasting relationship with someone. And it's also why, considering they've met someone and have a family, the rate of divorce is that high for them.

## **Neptune ♆ in VI 6th House**

([1082] i.thehoroscope.co)

This placement of Neptune makes people dedicate themselves to serving others, either through their choice of profession or just in their family and circle of friends.

When in the sixth house, Neptune influences what work environment one is surrounded by and the natives' need to be of service to others and always healthy.

It may seem people with this placement have a great desire to help others, no matter what they may be doing for a living. At work, they may be very imaginative and the most grandiose people around the workplace.

Everyday tasks seem very complicated for them because they can't seem to focus on details. It's impossible sometimes for people having Neptune in the 6th house to organize themselves or to be practical.

### **Summary:**

Strengths: Witty, easy-going and curious;

Challenges: Deceptive and manipulative;

Advice: They should spend more time helping other people.

### **Very attentive and kind**

Neptune in 6th house individuals may have serious problems dealing with the everyday life as they think it's not that important to follow a routine and to make lists that organize their life all day long.

Having this attitude and ignoring the most important responsibilities can have their life in chaos, and they may feel guilty or confused that things aren't going so well for them.

It's possible they'll just give in when their colleagues will argue with them, and even when these will take credit for their work.

When it comes to helping others, they have high ideals and can't seem to see the line between being generous and stupid. Many will want to take advantage of them because they feel like they can.

If they have someone they can trust when it comes to everyday activities, they are the happiest as they don't mind relying on others.

Since health was mentioned, they may suffer from some mysterious illnesses that can't be diagnosed or have strange allergies that can't be seen in others.

All the guilt they have about not being able to deal with everyday life will manifest in them through some psychological issues they may end up having.

These natives often turn to alternative medicine in order to become better and love animals more than they do some people.

Neptune in the 6th house of everyday issues, health and service may make natives with this placement feel incapable when dealing with any practical matter.

Their home may look like after the war because they simply hate to tidy up and believe work together with other details about life are overwhelming them.

Neptune makes them very sensitive to anything that for others seems normal, so they may want to escape life and to avoid working as much as possible.

For this reason, they may not be realistic in all the matters related to the 6th house and even with the planets that are in different aspects with Neptune.

This planet can be considered passive and sometimes malefic, so the people having it in the 6th house may get sick more often than others, even imagine they suffer from the worst and rarest diseases possible.

When feeling down, they will only stay in bed and talk with no one else besides their family.

It's not unusual for individuals with Neptune in the 6th house to feel like they don't have any energy, no matter what they may be doing.

When there are other good aspects forming, the natives with this placement could do a great job as spiritual healers. They'll be meant to help other people feel better and make this their goal in life.

They may no longer care about other aspects in their life, and can dedicate themselves completely to serving others. It can be difficult to be them in this situation, but they'd feel

good about giving up all of their other wishes and dreams for a life of service.

As said before Neptune in 6th house indicates trouble with the everyday life, so it's difficult to have this planet here as it brings carelessness and other problems with organizing.

Natives with Neptune in 6th house should be careful not to end up victims of not so well-intentioned people that prefer to use others and to never do anything constructive.

This house rules also over work, so natives with Neptune here cannot care about getting a job or may do different kind of services without a contract.

Indeed, they aren't in any way good employees because no one can rely on them and they prefer to dream instead of doing their job.

The fact that Neptune is a water planet is not advantageous for them when it comes to matters the 6th house rules over. It makes people chaotic, always late and dependent on others to do their job.

Obviously, it's essential to also study other aspects rather than relying on what this planet has an influence over because it tends to be passive and to have people always looking for a direction in their career anyway.

When Neptune is challenged by malefic planets like Mars, they may be the ones stealing, lying, or always trying to use others in order to obtain some favors.

The planet of substances as well, Neptune is very dangerous in the 6th house because it makes natives with this placement dependent on drugs and alcohol.

In a situation of many bad aspects, these people should not in any way touch anything that could make their mind blurry.

Also, they should be careful and not handle any substances or chemicals that could poison them. As a matter of fact, there aren't other people with different birth chart as prone as they are to getting poisoned.

It wouldn't matter where Neptune is, or if it's close to the Ascendant, the possibility of them being poisoned by others would still exist.

However, when in the 6th House, it indicates mishandling of different chemicals and getting poisoned by mistake.

Big procrastinators, natives with this placement are usually leaving their tasks to the last minute and hope in secret that these will disappear by magic.

They have a tendency to get sick with the most unusual diseases and have allergies that others wouldn't even think of.

That's why they're curious about how they could cure themselves and about homeopathic treatments. Lovers of animals, they may have at least a cat and a dog at home.

### **The goods and the bads**

Neptune in 6th house natives need to add their imagination to everything they may be doing, and also allow themselves to believe they're meant for great things.

Very creative, their vision may inspire others to create and to be as productive as possible. These people always want to bring something new, but they need to know when to take action.

The more experience they'll accumulate, the better life will get to be for them. Remembering they have great intuition would help them finish their plans and projects faster, while they'd be investing all of their strength and energy into the task at hand.

In order for them to deal with the everyday life more easily, they should learn different techniques of coping and always rely on their memory.

Only this way, they'll manage to have respect for themselves and to no longer be afraid to offer their help and advice.

Natives with Neptune in 6th house shouldn't pressure others to clean after their mess because this can lead to feelings of resentment. It's true they may have problems finishing projects, but they shouldn't ask others to do their job.

While their friends will always support them, it's important they don't allow others to encourage them to procrastinate as they're the only ones who can handle their own affairs.

These people should never pass on their work to colleagues or the ones they love just because they think it's impossible for them to get it done.

Sometimes imagining and other times actually suffering from different diseases, they would always be stressed that they may have incurable illnesses and end up suffering from insomnia or panic attacks.

It's essential for them to learn how to deal with stress, whether is through yoga, meditation or just practicing a sport.

Even if others may see them as completely impulsive and will not understand their motivations or actions, it'll come a time when all the dots will connect, and the Plutonian Aquarius will bring about great changes to the world.

### **In a nutshell:**

Style: Original and independent;  
Top qualities: Adaptable, relaxed and eager;  
Challenges: Extremist and undecided;  
Advice: Beware of compulsive behaviors.

### **Personality traits**

To begin with, the Aquarius astrological sign is one linked to change, massive transformations on great scales, or a personal metamorphosis that brings forth a shift in the natural balance of the world through the action of this native.

Our star planet here, Pluto, is associated with the concept of nirvana, of death and rebirth, of a complete resurrection from oblivion.

Now, combining these two, we have the Plutonian Aquarius native, an individual who can transcend their own limits, reach the next level, and bring about societal or even greater change.

The last time this happened, these natives were yelling "Liberté, Egalité, Fraternité", for it was the time of the French Revolution. These natives naturally feel the need to modify their surroundings to match their ever-increasing intellectual breadth, and the mobility of Pluto offers such an opportunity.

In fact, they are very passionate about the prospect of a free, just world where each individual is morally superior, where everyone is in communion with one another, and where the single most important goal is gaining knowledge, becoming better than your previous self.

Pluto Aquarians want to give their all, in order to help change the world into such a place. Either through the pointy tip of the sword (anarchy) or the sharp end of a pen (diplomacy), this will happen because the Plutonian Aquarians are the natural game-changers of this world.

### **The good and the bad**

The humanitarian and philanthropic tendencies of the Plutonian Aquarius, as well as their deep hatred for injustice and unfairness make these natives truly one of a kind.

With their imagination and creativity, they believe that one can solve any problem as long as they think things through without being impeded by ignorance, superficiality, presuppositions or stereotypes.

In other words, one should possess an expansive and open mind to reach such an ideal world. Even if others may not see their plan for what it's worth in the beginning, with time this will surely change, and they will eventually gain the respect they deserve.

These natives are sick and tired of listening to the old tunes of a dying generation, to settle with untested knowledge, with the old explanations that are unsatisfactory.

In order to find the truth behind those claims, they are willing to devote most of their time buried in books, studying, analyzing the bits and pieces left behind by more informed people.

This journey of the mind can become an obsession quite quickly, and this is one of the Plutonian Aquarians' negative traits. They forget about everything else, including personal relationships, loved ones, responsibilities, and so on.

In this regard, they must learn to peacefully coexist with other people, and understand that they aren't the only ones willing to follow the path of self-development.

This means that a tough lesson for these natives to learn refers to understanding that others can have opinions just as valid as theirs and that they shouldn't dismiss people on a whim.

### **Pluto in Aquarius in love**

Plutonian Aquarians are one of the most devoted lovers in the entire zodiac. Their feelings are so intense and pure that their partners will experience the liveliest emotions ever.

With a shower of love and affection falling down on them, it's not a surprise that most people perceive these natives to be the perfect companions.

They're going all-in every time because they want a partner for life, someone that isn't just looking for a one-time adventure.

Affectionate and trusting toward their partners, these natives will always treat them with the utmost kindness. When something doesn't work as it should, sorting things out through communication comes very easily to these intellectually honest individuals.

Being similar in character and personality to your partner should be something everyone is looking for, but this doesn't even come close to the truth.

A lot of people pick their partners on superficial factors like beauty or material situation. However, these natives understand that intelligence is actually the most important element.

The mental aspect makes up for the majority of the most successful relationships, and also for the ones that fail as well. If you aren't on the same wavelength as your partner, then eventually things will fall apart. That's why they tend to marry later in their life.

### **The Pluto in Aquarius man**

Just like their female counterparts, Plutonian Aquarius men are beaming with radiance, of the intellectual type. They have brilliant ideas that are revered upon and many literary critics, painters, artists were of this astrological ascendance.

They are adepts of teaching people that hard work is key to success, as well as developing their survival instincts. Practicing what he preaches, this man can calmly adapt to all manners of situations.

The Aquarius zodiac sign has innate anarchic tendencies because of his natural planet, Uranus, and it's no surprise that the Pluto Aquarians receive some of these non-conformist ideas.

This man doesn't like to waste any time when he's got something on his mind. He has his principles that he rarely strays from and his virtuosity is both mocked and acclaimed.

These natives want to find out the truth of this world, to explore and accumulate knowledge, to engage in debates, and to defend their beliefs with near-zealotic aggressiveness.

They argue the ideas, not the person. They will even try to convince the other person to drop any defense and follow their principles.

Others look up to them as being very profound and creative, a trait of intelligent individuals. They come up with great ideas and may have had truly mind-blowing experiences in the past.

They inspire everyone else to aspire for more, to become better, superior. You can't

have one of them as friends and not be incentivized to read more, to want to know more.

They have an eagle's eye on the world, a larger perspective that takes everything into consideration at face value.

In this sense, they are generally isolated and alienated from the rest of society, in a world of their own, trying to find their own identity and purpose, to strengthen their views and principles.

Pluto in 9th house natives take great joy and find it to be very relieving to change minds, to show others the truth and to explain things about the world that most couldn't even think of.

At least, this is one of their main goals in this life, to contribute to a new enlightenment period.

However, things are different in reality because of their deep intuition and insight which supplies them with answers and solutions to problems, coming out of the blue, with no logical explanations.

It's obviously harder to argue the veracity and reasonableness of these ideas. This creates a feeling of inadequacy and isolation.

They strive to be perfect, to achieve better and better results, and with each constant attempt, they are fixing their flaws, capitalizing on the advantages.

This also throws them into a lot of psychological tension. Stress, exhaustion, both physical and psychological. Moreover, there is also the tendency to criticize their own work and become self-absorbed with the mistakes, the flaws.

Lack of satisfaction with personal implication, the lack of pure joy when things go the right way. This is already a critical point in their lives which would take drastic action to come back from.

They can't stand fake and pretentious people, superficiality or ignorance in any forms. These people are the few ones out there that are truly interested in learning and gaining knowledge for the sake of evolving alone.

It's a passion, mostly. Anything, from philosophy to religion, science and the plethora of cultures around the world, are worth a close perusal.

The Pluto in 9th house aspect instills an insatiable desire to know in these natives. They want to explore the multitude of existential branches, the underlying senses that man makes of the world.

They want to deeply observe and analyze man's experiences in accord with his tendency to act on his impulses, on the basis of immediate gratification, to expand their mind way beyond the normal potential.

This calls for incessant contemplation of the complex and nearly incomprehensible forces that govern life and death, the humongous mechanism that drives the Universe, the laws of the cosmos itself.

### **The goods and the bads**

Chances are they will change their viewpoints quite drastically following a series of spiritual experiences. Religious events and happenings will act on their base natures, affect the very core of their beliefs, metamorphose the way of thinking that most people work with.

The higher domains of philosophy and learning are extremely likely to cause a game-changing transformation, to put them in a state of constant enthusiasm, ecstasy, communion with the other side.

They can use this knowledge and spiritual affinity to teach and spread this healing mindset to others, to transmit the ancestral knowledge to generations in the future.

However, they can also stray away from their path with the flick of a finger, just like that. It's good to know that they have a safe haven to come back to in the form of their close friends and family.

The Pluto in ninth house natives are really terrified when confronted with other valid ideas that contradict their own.

In some sense, even though they are very open-minded and keen on expanding their minds, cognitive dissonance still makes its presence known.

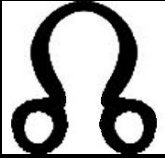

However, learning from mistakes and having one's argument taken down can only serve as a form of knowledge in and of itself.

Moreover, they tend to be very egotistic and arrogantly stubborn with their viewpoints. They might even mock or take other people into derision for supporting stupid ideas.

They think themselves to be the very apex of human intelligence and curiosity, that no one can possibly know as many things as they do.

**North Node ♄ in ♌ Leo 13° 19'**

(Georges Muchery)

The Dragon's Head in Leo helps the native to realise his desires, which are of a lofty nature. He has a fine ambition; and even if he is not an artist, he is none the less a man of good taste, a lover of form and of everything that is fine and noble.

His fine imagination should enable him to discover or invent new, pleasing and attractive things, which will profit him. His enquiring mind makes him continually desire to know and learn everything new. This helps him to progress. The Dragon's Head in Leo enables the native to conquer the difficulties of life.

The Dragon's Tail in Aquarius causes the native to be easily deceived. He is inclined to be indolent. He does not react, nor know how to act wisely; and this is detrimental to him. People should be kind, but they should know how to discriminate, and this is not the case with the Dragon's Tail in Aquarius, as the native is too much inclined to listen to fine words. This position also indicates deceit over love matters; it is a sign of infidelity on the part of the native or his partner. It also upsets iether the mental or the physical balance.

(Isabel Hickey)

North Node in Leo gives executive ability and qualities of leadership. Needs to be independent to do a good job. Has nobility and pride. The virtue hidden in pride is self-respect. To this, Leo has the right. If self-respect is lacking, the individual would have the ability to cultivate it in this life.

South Node in Aquarius shows the past habits have been to retreat from the world because of a snobbishness or distaste. Strong egocentric tendencies have to be overcome.

(Martin Schulman)

The Leo North Node symbolizes a struggle with the will. In this incarnation, the individual is learning to develop strength within himself. Conditions force him to stand alone, very often with the absence of shoulders to lean on. He eventually learns that if his life is to be better it must be created by himself. But before he can build any such creations he must overcome his lackadaisical carefree attitude.

He still continues a past-life tendency to spend too much time feeling sorry for himself at his lack of friends when he feels they are needed most. Somehow in moments of stress,

others always seem to be absent. Long periods of loneliness, isolation and in many cases a good part of the time spent as a hermit are not uncommon.

Ultimately, when the mind is made up, there is little that can sway this individual from his destiny. He must learn that his isolation is a self-imposed prerequisite for gathering strength. Very capable of strong leadership in this life, he must learn to overcome all doubts within the self.

The continuance of his past-life desires for friendships actually weaken him, as they do little to build his individual confidence. He must learn how to become more goaloriented rather than following his accustomed tendency to dissipate his energies. The interesting thing is that while he continues to think he needs others to answer his questions, he rarely takes their advice.

The friends that he does have will be from all walks of life. In a sense, this increases his scope, for they bring to him now the awarenesses that he earned in former incarnations.

Once determination takes root, there is no stopping the path towards success, for he does not like to settle for second best. Much thought is given to the future. In fact, he is used to living there, until one day he makes the realization that 'today is yesterday's tomorrow' and that nothing will exist in the future that is not created now!

He is not the easiest of people to understand, for he will do anything to retain and emphasize his own sense of individuality. In past incarnations, he developed a detachment from the majority of the world, allowing him to feel free to go his own way. Now he takes pride in being unique and different, caring not as much for the traditions of society as for whatever rules he has set up for himself.

His main difficulty in this life is a lack of control. Without discipline he can generate his power into useless projects, until he realizes that nobody will stand over him with a whip.

If he builds on past-life knowledge, he has a great ability to do something for the human race, for he is capable of depersonalizing his actions for the good of all mankind.

Many with these Nodes live a rags-to-riches life, the big change coming after the tendency to overlook is turned into an ability to oversee! Their greatest amazement occurs when they discover prior-life talents in themselves that they never thought they had.

Happiness is reached once principles to which to dedicate the life are found. Furthermore, these principles must be unshakable so that the individual feels he is creating something solid. He will then identify his life in terms of the size of the principles to which he has attached himself.

Disturbed by the scattered activities of others, which remind him of his own past incarnations, he feels the strong need to see life moving along a directed course towards a specified goal. Still, he wants to retain his complete independence. As a result, he finds it difficult to tolerate others cramping his style. When they do, they will find him constantly testing limits.

The Aquarius South Node brings with it past life roots strongly embedded in the principles of fairness and equality. In the current life, the individual is given the opportunity to be on his own so that unhampered by others he may express his intrinsic beliefs. His job now is to show people as flamboyantly or as powerfully as he may choose the ways in which the world can overcome its burdens. His greatest achievements occur after he has surrendered his personal will to the service of humanity.

There is no question but that this is good leadership material so long as the ingrained past-life Aquarian sense of fairness is never violated. This individual is capable of making revolutionary changes in what was once established tradition. He is first, last and always amazed and fascinated by all the possibilities man can reach. At the same time, he is offended when he sees people pitying their self-imposed limitations, for well he knows the experience of pulling oneself up by one's bootstraps.

He aspires to stand tall and not be ridiculed for those beliefs which he has struggled so hard to express.

While his capabilities for love run deep, the rest of him is not too far below the surface. The continuation of his past-life attractions to momentary fascinations keep throwing him off the track, making it difficult for him now to see the core of his true self clearly. And so, he must identify with his achievements as the only real barometer of his worth.

Though he may at times strongly wish to be alone, he could never live without people, for he thrives on their admiration of his achievements. He believes in firm justice, and yet he is quick to pardon once people have admitted they are wrong. He is never one to strike when a person is down. The sense of fair play has become such a part of his soul that although he feels he should be more competitive, it makes him uncomfortable to be part of any competition which involves foul play.

Things which wouldn't have bothered him in past incarnations suddenly become important as he starts to dig into life rather than disassociate from it. Although it is his present life karma to apply his Uranian ingenuity through practical and traditional Leonian outlets, he still struggles to maintain his unique character.

Some with this position spend the later years of their life alone. Others who are married still hold onto such a strong streak of independence that they tend to keep other family members on the periphery of their circle.

The house position of the South Node indicates the area where past-life needs for originality and freedom are still seeking expression.

The house position of the North Node shows the area through which all the chart energy can be focused into a new shining creation of substantial size and worth, a gift of generosity to the world. Truly these are the Nodes of the 'inventor'.

(Mohan Koparkar)

Previous incarnation for this person was spent in many unusual activities. He seldom had time to be individualistic. Most of the efforts were towards achieving things for others. In this time, he has decided to be substantially individualistic. Making his own name or getting the credit for his work is significant in this lifetime. Cultivation of personality, ego and general magnetism is noticed in this person. He will use his powers and connections to get where he wants to go in life. He may have to step on others; but he will look at that as a favor to them, and later on when he is up there, he will help those who indirectly were helpful to him. Strong self-conditioning and self-confidence is noticed in him in this life.

(Donnad van Toen)

You need to learn to love deeply. Your Aquarius South Node may reply: 'Who: me? Whaddaya mean? I love absolutely everybody. Except for my ex-best-friend and my ex-lover, and that snooty sales clerk who implied I had no taste....'

Your problems may include that you are looking for Utopia. Your ideals have frustrated your needs for love and companionship.

Possible reasons for these problems: You're inclined to be lazy about developing your creativity, preferring to idealize others' accomplishments at the expense of your own. You spend most of your time serving others' causes at the expense of fulfilling your own goals. Traumatic experiences have caused you to retreat from the world to some extent. Ingrained stubbornness hinders the formation of relationships. A subconscious superiority complex.

Possible solutions: Get in touch with your need for dignity, and channel it properly. Discover and use your fertile imagination. Learn to lie skillfully. Have a lot of lovers. Devote yourself totally to a humanitarian organization, cause, or activity.

\*\*\*

North Node in Leo almost always has some degree of untapped creativity. Sometimes shyness keeps it untapped. The shyness is in itself a manifestation of the untapped Leo

north node potentials, since Leo is the sign of confidence. South Node in Aquarius encourages the individual to lose himself or herself in a whirl of friendships and acquaintance-making, or in some vast utopian ideal. In either case, the motivation is to avoid having to come to terms with his or her own individuality. These people are seldom recognized as shy, because their shyness manifests on a personal rather than a public level.

Another manifestation of Leo North Node - Aquarius South Node imbalance is seen in the person who leaves more prosaic creativities untapped while he or she searches for that great talent that will make a contribution to the world. The Leo North Noder isn't content to enjoy developing his or her creativity unless he or she can make a great artistic, dramatic or social contribution to posterity.

In my experience, people with an over-developed Aquarius South Node are generally: kept busy dealing with other people's problems; wanting to be in the spotlight, but they often find their contributions get obscured; egotistical in an unusual way - they emphasize equality and refuse to acknowledge that some people have more potential than others: in other words, you can't do any more than they can; intellectual at the expense of their emotions; spiteful; fond of shocking others; extremist in their work for change; contradictory, in that the brain doesn't know what the heart wants; averse to traditional marriage - women are often militantly liberated to the point where they resent or dislike men in general; and inclined to believe everything you tell them about themselves as long as it's flattering.

North Node in Leo would like to be seen as someone with a tremendous amount of vitality. He or she wants to be known as someone who's attained creative or business success. He or she may aspire to be a famous movie star or politician, or may want to be known for his or her lovely home or lavish parties. He or she wants to be respected and able to impress others. This person is social and capable of expressing emotion, albeit in a rather detached way. He or she may have some rather funny loyalties or a misconception of loyalty. This may serve to prevent success, as the person is inclined to be afraid that his success might inconvenience or be unfair to others. This preoccupation with the good of the group, as opposed to his or her own good, can lead to unpredictable behavior that brings more controversy than respect.

Antidotes for Leo imbalance: psychodrama or dramatization of the nodal dilemma can be helpful if the repression is severe. Interior decorating, set design, etc. can be excellent antidotes if there's aptitude in these directions. Political involvement and involvement in community action programs are ideal for stimulating a sluggish node in this position. The client should be encouraged to accept leadership roles in any capacity for which he's suited.

The client should be engaged in a 'What would happen if...' dialogue in which he or she is asked to visualize the worst possible things that could result from developing the North

Node. You should then help the client deal with these fears. This technique works best with clients who are able to laugh at themselves, since it's often necessary to point out the preposterousness of their fears.

You should make certain that the client hasn't confused ambition with ruthlessness, since this seems to be a frequent misconception with both Aquarius south node and north node in the fifth house. It seems to be less common with Sun square nodes, et al., although it sometimes manifests here as well.

(Haydn Paul)

For personal growth, you need to determine clearly your life direction and then focus and apply willpower to achieve objectives. This can be a challenge, as you tend to dissipate energies in different directions, partly due to a lack of future planning. You need to realize that you shape future experiences through the consequences of thoughts, actions, values and attitudes. What you do today creates your tomorrow; and a favorable future depends on choices and decisions in the present. If choices are misguided, you will face the inevitable disappointing consequences later.

To achieve this new life direction, you have to become more individual, breaking free from the consensual social conditioning indicated by the Aquarius South Node. This does not imply that you become eccentric or socially alienated, but rather that you become more self-reliant and independent, true to your own light and taking responsibility for your choices and life path. Positive gains from this can include selfconfidence and self-understanding. Moving beyond unnecessary doubts, you can realize your potential once your life direction is determined and relatively few obstacles block your progress. Asking others for signposts may be unwise and weaken determination or send you in a wrong direction; unfolding this path from within becomes your source of guidance. Once this direction is clarified, meaning and purpose are discovered, and pursuing this task will engage your willpower.

Yet this is not a search for a self-centered path; it is one which combines independent self-expression with awareness of social relationship and interdependence. Your proposed growth should ideally benefit all, as well as yourself. Building a personal value structure is important, and you will try to stay true to those guiding life principles which provide a firm inner foundation.

Your new creative direction can be effectively released in the sphere of life indicated by the North Node's house; and as your new worldview develops, you may feel inspired to share your beliefs more widely. Your humanistic concerns will dampen as feelings of social responsibility and contribution expand. Your growing idealism and altruistic spirit will shine more clearly, reshaping life by your ideals, so that by pursuing your path, you also contribute to benefit others.

The main issue concerns individual and group growth, and may focus on social needs for fairness and equality. Once a direction is established, you may emerge as an inspirational leader, aiming to create constructive change within traditional social practices and thought. Such activity may prompt mixed reactions from others, especially as progressive attitudes may be 'before their time', and difficult to be integrated by contemporary society. But your independent spirit must be retained, so that your transformation and new socially creative expression indicates a way that society can also take. For yourself, purposefully direction energies in creative and productive ways will bring satisfaction. But you should never forget the existence and needs of others. Be true to them also, because, by your living your humanitarian ideals, your path is formed.

(Bruno and Louise Huber)

In the fixed sign Leo, we are concerned with gaining a secure position in life. Leo is also a Fire sign; and the Leo personality consumes for its own benefit the living space surrounding others. Leo wants to be a monarch, and to possess a realm of which it can be said: 'Here I am at home, and here I will carry out my activities. This is my territory, and I will never surrender it'. Leo always keeps a firm grip on a personal world that represents security in the changing scenes of life; and, of course, people play a decisive part in these scenes.

With the Node in Leo, we should adopt a positive, well-defined attitude to our environment. We ought to make ourselves known, place ourselves in the center of our world, and learn to cope with it. Usually the world does not leave us alone but is continually provoking confrontations. Anyway, this position of the Node helps to correct our development, and brings us out into the open.

In charts indicating a certain hesitancy or nervousness over making one's presence felt, a Node with this placement may help to overcome this tendency. The Node here encourages the individual to come out of his or her shell and be willing to take a few risks. Finally, this Node urges us to test ourselves in the world, and be willing to experience euphoric self-realization, and the suffering of reverses, along with everything that lies in between. As a Leo, we may seem to ourselves and others to be very much on the offensive all the time; in reality, however, we are very much on the defensive, for Leo is a fixed sign, and only the Fire in it produces the touch of aggression.

### ***North Node ☾ in III 3rd House***

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Third House is a sure sign of the native's good education and of his being able to live on good terms with those around him; it means harmonious relations with brothers and sisters. It procures the means of success in an intellectual occupation, especially in literature, history or geography. The native has an observant, studious and imaginative mind; ideas flow in abundance, and they are usually good and help him to progress rapidly, as much on account of his skilful management as on account of the help given by those around him. This purpose is also favorable for travelling for educational purposes.

The Descending Node (Dragon's Tail) in the Ninth House denotes a practical, and often materialistic mind, which either scoffs at religion or else is very superstitious. In this House it indicates danger while travelling, trouble in connection with a journey regarding mysterious matters, or matters of which the native alone has any knowledge.

(Isabel Hickey)

The integration lies in the developing of the mental power. The ability to reason logically and the power to analyze the objective world realistically must be brought to bear on the environing conditions. The person has had blind faith and has been religious in the past, but it has been in a non-thinking dogmatic fashion. He also has to learn to stick to routine and everyday matters and not think far away fields are greener. His pastures lie close at hand. His opportunities and challenges are in the environment close at hand. His subconscious motivations of the past will make him long for far-distant places and give him a desire to escape from the near-at-hand pressures.

(Bernice Grebner)

North Node in the 3rd makes it difficult for the person to express his deepest feelings. This must be learned by constantly exchanging ideas and feelings with others. This must be forced before he can reap fulfillment. He needs to develop the ability to share his sensory awareness in his life with those in his social environment, and needs to receive from them their awareness and impressions. He needs to relate easily to his environment and to work for the betterment of that society. The key words are communication and subjectivity.

South Node in the ninth is objectivity. This gives instinctive knowledge of philosophy, theology, and science. It gives an objective desire to study higher abstract truth. There

may be many changes in religious thinking because of an inner need to seek the truth of our being. But on a lower scale this may result in a tendency to cross-examine. It promotes interest in the basic theories and concepts of religion, social ideas, and the metaphysical. The person should learn to study these subjects realistically with his intellect instead of daydreaming. South Node in the ninth, at its best, is a genius at separating fact from fancy, especially when favorably aspected to Mercury or Uranus. This position gives creative intelligence, aside from book knowledge. It also causes the person to think the grass is greener on the other side of the fence.

(Mohan Koparkar)

This condition often signifies unusual intellectual abilities and their use in this life. These people seem to bring vast knowledge and philosophies from previous life and utilize them on a practical level. Their communicative means are fairly strange and odd at times. Excellent relationships with brothers or sisters are noticed. They have a strange subconscious fear for foreign culture or foreign people. During this lifetime they may not achieve fame or recognition, but they will have dispersed their knowledge to many who surround them. Often one notices a hidden coldness towards their father figure in this life. Benefits from travel and short moves are often noticed in their life.

(Martin Schulman)

These Nodes represent a karma in relationships. The individual is here to learn how to fit the intertwinings of people and ideas into the scope of his understanding.

The ninth house South Node shows an accent on growth in former lives. Literally millions of hours of thought were spent on developing an abundance of wisdom. Much was sacrificed to do this, particularly the enjoyment of meaningful relationships with others. So that a large amount of soul growth could be accomplished, a freedom to explore without restriction or limitation had to be developed first.

Now in the current life the individual is habitually linked to his past incarnation sense of freedom, which although he feels he must retain, he can no longer consciously remember why.

From time to time he feels a wanderlust to visit different horizons, for somewhere off in the distance is the rainbow he is used to seeking. He is a mental nomad, constantly travelling through the great expanse of his consciousness, stopping only for rest at each oasis which offers temporary shelter from his restless urge.

Always he is seeking, yet it is difficult for him to define exactly what he is looking for. He finds others puzzling as he curiously tries to understand what makes them tick. Herein are some of his major karmic lessons. He must learn how to interact with people. Though he may be happily married or involved in close relationships, he still retains a

sense of brotherhood in his thoughts. He must learn how to make his life fit into the exact puzzle slot allowed by all the other lives around him.

The ways in which he relates and communicates will constantly be put through one test after another. Ultimately he will find himself enmeshed in a network of people, so that all the knowledge he has acquired in previous lifetimes can be put to practical use.

In his current-life relationships, he feels frustrated with not enough room to move. This enclosure of people around him eventually comes to extinguish his past-life tendencies to be vague and evasive, and in its place teaches him the art of pinpoint communication.

He is very much concerned with the values of sexuality, feeling obliged to conquer any grip this force has on him. Now he sees clearly the presence of a higher and a lower self, and it is the pull from both which he must karmically wrestle out.

The individual is less concerned with gain than with protection against loss. He is terribly fearful of losing the freedom he was accustomed to in past incarnations; yet he must risk such loss if he is to interact with humanity. As soon as he is willing to take this risk, he is ready to receive his greatest rewards.

Ultimately he elevates himself through reading and purposeful study; and although he is more used to informal ways of learning, it will be a formal education that now puts it all together for him.

This Nodal position often causes a friction marriage, since the individual is prone to seeking out-of-wedlock relationships in which to work out the understanding of personality interactions that he must develop.

One of his biggest lessons is to learn how to consolidate his energies, for each time he feels the urgency to move on with things, he tends to leave loose ends scattered behind him.

His life is wide in scope, not only in areas of knowledge, but also in the myriad of people he meets, and the multitude of places he travels.

He will ultimately be known as a Messenger, bringing to all those who need it the specific bits of information that like manna from heaven are placed in their lap at the moment of hunger.

In essence, he is a teacher's teacher, for although he has little patience with a classroom situation, he is well capable of feeding information wherever and whenever it's needed. He likes doing this because it fulfills his past-life need for movement. As such, he never gets a chance to see how important the information he is disseminating actually is. Nevertheless, he has an enormous effect on the awareness of all those whose lives he

touches.

His own life is as interesting and full as an encyclopaedia, for he tries to live much of what he reads about.

For all of his movement, one would think him desirous of having a rest, but underneath he is highly nervous and needs this amount of movement in his life. The nervousness is not to be considered a negative trait, but rather as part of his mission. It reminds him that he has a task to do. Every moment, a piece of information comes into his mind, the nervousness gets triggered, reminding him that he must deliver it somewhere.

In past incarnations he avoided conclusions. Now he refuses to make a final judgement on anything. This is part of his understanding that if he were to make a final decision it would be premature for he knows that new information will constantly be coming.

He is superficially conversant in almost all areas. Still, on the personal plane he is highly misunderstood, for the messages he delivers are so uniquely disguised that they have a tendency to go over the heads of others who only see him as eternally gossiping about nothing.

The truth is that all of his words are important, but they must be seen to have deeper than surface value before they can be interpreted properly. He is truly the fastwinged messenger of the gods.

The sign which contains the South Node indicates the unintelligible ways in which the independent higher mind is accustomed to receiving its coded information. The sign which contains the North Node shows the ways in which the individual can now translate his knowledge into a language which society can understand and accept.

(Donna van Toen)

Conflicts: Good practical education vs. mind expansion. Familiar day-to-day contacts (siblings, neighbors, school chums) vs. new contacts (in-laws, foreigners, people whose experiences are different from yours). Liking for your environment vs. desire to explore new areas.

Possible results of sacrificing North Node: Lack of concern with education's practical application. Extensive contacts lead to loss of touch with family, old friends etc.. Adoption of a guru façade. Craving for travel causes drifting. Superficial intellectualism replaces true understanding.

Possible ways to integrate North Node: Travel, with an eye to successfully settling down somewhere. Strive to understand, and make yourself understood to siblings, close kin, etc.. Study with an eye to using your knowledge. Share your practical knowledge. Use

your common sense.

\*\*\*

In the third house, there's a hang-up about relationships. This generally stems from repressed or misdirected concentration on one area to the detriment of the other. Problems can range from fanaticism to cynicism. There's often a sense of not belonging which may lead to anything from unhealthy rivalries to bigotry to involvement in cults to extreme misanthropism. In extreme cases, there can be a turning against your own culture and absorption into a completely alien one.

North Node in the third house dreams of mental vitality and of respect in some traditional field. He or she wants to be thought of as someone worth talking to. This is a person of changing interests and philosophy who's often been strongly influenced - consciously or unconsciously - by early religious, educational, or cultural dogma. These ingrained beliefs can lead to a wasting of mental ability or less traditional but nonetheless valuable talents.

(Haydn Paul)

One of your primary impulses is toward freedom, whether physical freedom and the need to travel, or a mental freedom to explore intellectually, inquire, and satisfy curiosity. You probably feel this as a restless energy, perpetually striving for release from any restrictions and breaking free from limitations. Yet this search can lack a fixed direction or purpose, and you could find it difficult to rationalize these needs for escape and change that agitate you. Likewise, others may consider your reasons and explanations unsatisfactory. You need to understand how this impulse operates and choose to control and direct its activity, or this could damage your life-style, relationships, or employment ability.

Relationships will be a major area for self-discovery. You may lack understanding of others and have problems in interaction. Even though you experience relationships, you retain the desire for freedom; how this is expressed is very important, both for you and for others. Often, you feel relationships become limiting after a while, but, as your freedom need is often selfish, you may find that a discipline of staying within the relationship and dealing with this freedom impulse could deepen self-understanding. You react against threats to this freedom; but modifying responses may enable you to enjoy other benefits. The value of good relationships is priceless. Both partners are enabled to enjoy life and develop in their unique ways. This joy could be what you lose if you decide for freedom at any cost, because it is inevitable that your solitary experience of a selfish freedom will not be at all pleasurable.

Your social friendliness and flexibility will create a variety of relationships; and this is a source of experience which aids you to attain greater understanding of others. Yet this -

allied with your freedom needs - could also encourage you to enter affairs without much forethought or consideration. Surrendering to this impulse could complicate your life, leaving many issues unresolved and causing pain and confusion. Your future well-being could be affected by your pursuing the temptation of change without fulfilling obligations or responsibilities.

Knowledge is absorbed easily, accumulating a multitude of pieces of information from all sources, whether from formal study (likely to be of great value) or from people and places. Such information can be valuable to others; and you enjoy sharing it with those in need. You may fulfill a function of disseminating such 'information messages'. You may be attracted to becoming a teacher or educative communicator, preferably one who disseminates information rather than evaluates and interprets, due to a difficulty piecing together disparate pieces of information into a coherent whole. Decision-making or judgements may not be your strong point, as you continue to wait for more information which may influence your choices; often life circumstances will decide for you.

An essential lesson is to understand your freedom impulse. Learn how to express it positively within relationships, and your life will be enriched through greater harmony. Fail to apply it correctly through selfish expression, and your freedom will lead to greater suffering for yourself and others.

(Bruno and Louise Huber)

The first two houses are still very much involved with the 'I'. In the 3rd house, we enter the collective sphere, and our attitude to the group is important. In order to pick up the thoughts of the group (i.e. of those who are in my own thoughts), I must listen to, and understand, the language they are using. I must make my unconscious states of dependence conscious and, above all, I must be aware of any tendency to tell people what they want to hear.

Inherently, the collective sphere is always a problem in the horoscope, because it is too close to us. Our reactions to the group, whether in thought (3rd house) or feeling (4th house) are completely automatic; as, for example, when I say something on the spur of the moment which, although it flatters the other person, is not absolutely true. And, with the Node in the 3rd house, we need to guard our tongues, because speech is the means of communication there. At least we should go over what we have said and consider whether or not we were right to advocate it, and whether or not it is objectively true. Possibly we have agreed with someone simply to please them or to avoid an argument.

If we make it a rule to check what we say, we can come to terms fairly quickly with our Node - something that is very important when there is an opposition to the Node. Naturally, we have to talk in the same way as everybody else, but we must do so with common sense and avoid exaggeration. In other words, we must use contemporary ideas and thought structures but without discrimination. Only then can we find our true

niche, and avoid being pigeon-holed. The individual has to conform within reason, but the group has no right to demand submission. On the other hand, the individual is not entitled to expect submission from the group. There is a world of difference between heedlessly allowing oneself to be controlled by others, and seeing how far one can accommodate them after making up one's own mind via the 9th house. The need to do the latter is indicated by the placement of the Node in the 3rd house.

#### North Node in the third house or Gemini (James Braha)

If the North Node is in the third house or Gemini, the person's greatest growth, evolution, and fulfillment come through mental expression and rational analysis of objective truth. In past lifetimes, the person may have been idealistic and emotional in his thinking. Now he must use discrimination, and focus on the facts and figures in the here and now. He should follow his instincts of avoiding dogmas, creeds, religions, and higher philosophies. The person gains little from meditation, astrology, metaphysics, and any disciplines which are not verifiable through traditional science. The person suffers when he goes by faith and intuition. He does not fare well whenever he follows blindly. He must abide by his newfound skepticism, and make his way to the truth by way of logic and reasoning.

Happiness will be found in mental professions such as teaching, lecturing, debating, and writing. The person is a good salesman. He thrives on city life, and should be as active as possible. Public relations or co-ordinating -type careers are favored. During previous incarnations, the person was sentimental, philosophical, and too taken with theories, principles, doctrines, and conjectures. Now he must plant his feet firmly on the ground and embrace the notion that 'what you see is what you get'. The person should cultivate good relations with siblings and relatives. He must work on versatility and adaptability, and try to experience as much variety and 'spice of life' as possible. The person may often find himself thrust into situations that require great precision and attention to details.

The daily environment is important; long-distance travel is not. The person is welladvised to meet as many people as possible and continually expand his social life. He should avoid gambling or trying to predict the future, except through serious investigation and statistical research. The more he gains of useful information and practical knowledge, the happier he will be and the greater his growth and evolution. He must not allow his feelings and emotions to interfere when trying to understand an issue. The person should not concern himself with broad viewpoints, abstract ideas, fanciful inspirations, and spiritual realities. He must learn through personal experience, not gurus and mentors.

Many Western astrologers consider the North Node in Gemini to be exalted. This is interesting because, at first glance, the person appears cursed in the realms of religion, philosophy, and higher knowledge. How, then, is he to make his way to enlightenment

and final liberation? It may be that the person is exceedingly blessed because he is making great evolutionary strides simply by living with physical reality. Perhaps he has had such unshakeable faith in previous lives that his only present necessity is to deal squarely with life as it is. The person feels no need whatsoever to inject meaning and significance into his existence through conceptual and philosophical beliefs. Certainly, the person with the North Node in Gemini or the third house has an easier time with practicalities than anyone else. He pays attention and quickly learns how things work here on planet Earth.

In ancient Hindu astrology, the North Node in the third house indicates an enormously strong will and an interesting personality. The person is courageous and adventurous. He works well with his hands, has intense cravings, and fulfills his desires easily. The South Node in the ninth house may indicate troubles with religious or spiritual leaders. Or the person may have a guru or mentor who is strange, weird, occultish, extremely introverted, or invisible in a way. The sign positions in Hindu astrology are much less significant.

### ***(Black Moon) Lilith ♁ in ♒ Aquarius 19° 55'***

([1147] elsaelsa.com)

#### **Neo-Creator**

If you have Black Moon Lilith in Aquarius, the pain you've experienced through your Lilith placement has made you independent and unique. You learned that if you don't set your own terms in life, someone else will do it for you.

However your Black Moon Lilith wounds have played out (shown by the house placement of your Lilith), you've found that it's better to keep your distance from the drama. While everyone seems to be scurrying about like little cogs in the machine of the demiurge, you have pulled way back, recognizing that way if life isn't for you. You carefully maintain a sense of detachment and separateness. And this has become your go-to way to cope. When in doubt, you pull out.

This can sometimes leave you feeling like an alien. Your identity doesn't fit into anyone else's box. You refuse to mold yourself into something other people find more digestible. Instead, you cling to your uniqueness as a way to separate you from the world that you

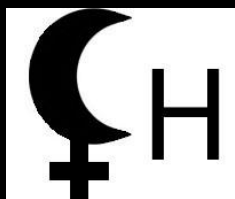

can so clearly see is broken. Conforming to an inhuman system is no virtue, and you know this in your bones. So sometimes you wear your differences with pride because they mark you as something more than the unwashed masses. In this way, you've bought your sense of peace at the expense of your connection to others.

But it's not about being different so that you can be better than others. The problem isn't that other people are sheep so much as it's a system that is herding people off a cliff. You see how power is abused, money is king, and normal people are ground up in a system that only benefits a select few. You also know the world can be better. There are a million ways humans can organize themselves, and there's got to be something better than this. So you've become someone who can solve problems on a global scale. Even on a personal level, you find yourself always attempting to find a better way of doing things. Overhauling the system is your default.

Of course, this experience can be pretty lonely. There aren't a lot of job listings or dating ads looking for an aloof genius bent on saving the world by turning it upside down. Not to mention what a heavy burden it is, always trying to rebuild the world. To mitigate some of this pain, lean on Leo, the sign opposite to Aquarius. Leo recognizes that identity can be something that springs from within you, not as a reaction to what is around you. Leo realizes that detaching from the system doesn't mean detaching from other people. And Leo knows that any new world has to be designed with heart. Without it, you create the very kind of system you want to dismantle.

I could easily write a book on this placement alone, but I'll end here: This is one of the best places for Lilith to be. Your ability to see the big picture and how to improve it is your superpower. As you strive to build a world that reflects your ideals, Lilith will be standing right beside you. If you can make sure you never lose the love in your heart, there's no reason you can't make your new world a reality.

## ***(Black Moon) Lilith ♀ in IX 9th House***

([1157] [elsaelsa.com](http://elsaelsa.com))

### **Heretic Saint**

If you have Lilith in the 9th house of your chart, her themes will manifest in terms of religion, philosophy, and education. Lilith is the means by which your world is expanded, for good or ill.

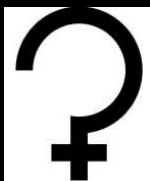

In traditional astrology, the 9th house is known as “The God” and is concerned with religion, spirituality, and overall worldview. With Lilith here, it is all too common for this experience to be dark and unjust. This can be in the form of spiritual or religious authority being used inappropriately in order to scapegoat or control you. It can also manifest in terms of direct abuse by members of the clergy as well as secular authorities such as mentors or professors. But, of course, there is more to it than that. Lilith in the 9th house tends to create a sense of wounding about beliefs in general. You may have been swallowed up by an all-encompassing belief system and had to fight to regain your individual freedom. You may also have been cast out and marginalized due to heretical beliefs, whether in a spiritual sense or in a more mundane group setting. One way or another, your beliefs failed to conform and you were wounded because of it.

The 9th house is also concerned with our personal narrative, how we tell our story. The way you conceive of yourself as an agent in the world is fundamentally colored by Lilith concerns. You see yourself as the scapegoat, the outcast, the underdog, the one who has had to fight and claw for their little bit of agency and freedom. Yours is a story of great struggle against forces that would seek to hold you back. You find your freedom by rejecting those forces entirely and striking out on your own.

The 9th house also rules that we consider matters of greatest importance. The 9th house blows our world wide open. With Lilith in the 9th, you are fundamentally concerned with issues of power, privilege, and inequality. Your world was thrown open when you realized just how much suffering, pain, and misuse of power there really is in the world. You may tend toward a worldview that emphasizes power struggles and class consciousness. This inherent feel for the way power and resources are divided in society will be a driving factor in everything you do.

While there is of course so much more to say, I’ll end with this. While the systems of power are so vast and the people who are elevated by power misuse it so wantonly, there is still hope. Your willingness to understand that misuse and the way it forms itself into a cohesive system is the first step to making change. Your ideas may be deemed silly or outside the norm, but that doesn’t mean they’re wrong. Continue the freedom fight, not only for yourself but for us all.

When placed in fifth house, Ceres radiates divine feminine energy through original creative expression. It is therefore crucial to carve out time and space for pure artistic creation that has no goal of being monetized or consumed.

The fifth house also symbolizes flirtatious, romantic love. For this reason, it is important for those with this placement to be mindful of trying to “mother” their love interests.

## **Chiron ♄ in ♉ Taurus 17° 19'**

([1249] [astromajesty.com](http://astromajesty.com))

If Chiron is the symbol of our primal and ultimate wound, then Chiron in Taurus concerns the physical body and self-esteem. This position tackles self-worth and how one sees themselves.

People with Chiron in Taurus believe possessions can help them heal their wounds. It is why they focus so firmly on having as much as they can.

They are not only afraid of not getting something at all. But Taurus Chiron people are much more terrified of losing something after obtaining it. Individuals with Chiron in Taurus dread losing people, money, items, security, or even social status.

So, they cling passionately and almost possessively to what they have.

These people have fears of losing things because deep inside, they don't think they deserve it. They often devalue themselves. That is why they wonder how they achieved something and why people love them.

Persons with Chiron in Taurus dread that their loved ones will one day see them as unworthy, not good enough, or beautiful enough.

As they tend to doubt and undervalue themselves, they are likely to avoid people and situations that make them feel as if they weren't good enough.

Taurus Chiron persons will do everything in their power to escape feeling inept, less worthy, or awkward. And the best way for them to not feel incompetent is to accumulate fortune, resources, or luxury. To do so, they will go to great lengths.

People with Chiron in Taurus don't like when others disrupt their routine because habits are their way of staying in control. These individuals don't feel comfortable with too many changes, and they don't adapt with ease.

Instead, they prefer when everything seems permanent. Yet, they always believe people will leave, and possessions will disappear. Unexpected changes and surprises are the most alarming source of fear for Taurus Chiron individuals.

Their healing journey will force them to find security without relying on material resources. That means that persons with Chiron in Taurus have to find safety and security within themselves, inside. They have to find their strength and confidence by seeking spiritual energy or learning to trust themselves and their instincts.

### **Men with Chiron in Taurus**

*What if I'm not good enough? What if other people see my flaws if I don't impress them before they make that conclusion? But what if I manage to get their love and respect and still lose them once I get comfortable?* – These are the most frequent questions that trouble the minds of men with Chiron in Taurus. They are highly likely to struggle with self-worth, body confidence, and self-love.

Others usually don't notice their self-confidence issues because Taurus Chiron men hide it with humor or flaunt with luxury and money.

Even though they don't genuinely care about material possessions themselves, they get used to being focused on chasing wealth. That makes it much easier to become too immersed in the material side of life.

Men with Chiron in Taurus often decide that it takes less effort to concentrate on becoming rich, successful, or famous than confronting inner demons and insecurities. These men never feel that they did or have enough. It is why they often cling to people and possessions.

If Taurus Chiron men lose something that gave them validation and confidence, they will go down and doubt their abilities more intensely.

That's one of the reasons why they should learn not to center their worth around how many friends, cars, or money they have.

Thus, they are likely to suffocate their loved ones with neediness and demands, which can cause the opposite of what Taurus Chiron men want. Nobody likes to feel trapped, so they should find a balance in their relationships.

Males with Chiron in Taurus seek in others what they don't have. They are unlikely to stay single for a long time because they believe that having a partner means that others

recognize their qualities. These males forget that they have to accept and love themselves first to be able to love others.

Yet, men with Chiron in Taurus will go to great lengths to avoid confronting themselves. They will overeat and overspend. If they spend too much time on self-reflection, they tend to wonder why their body looks in a certain way or why they don't have more skills to do something.

But Taurus Chiron individuals will only learn to take a positive approach once they discover that others don't love them for what they have but for what they are.

### **Summary**

People with Chiron in Taurus tend to doubt themselves, to feel insecure and unworthy. That's the center of their pain, and that pain controls a big part of their lives.

Facing that ache requires strength that they think they don't have. It is why, instead, they learn how to coexist with the struggle and deal with it in their way.

Taurus Chiron people mend the pain with a taste of good food, power of money, and attention of friends and partners. It is not a long-term solution, but they keep using the same formula.

Deep inside, they know it's not the right method, but they don't understand why. Instead of questioning the reason, they think the answer is to accumulate more possessions. That results in focusing on having wealth, a strong network, and properties.

However, they continuously fear they will lose all of what they have. People with Chiron in Taurus are unaware of their unhealed wounds being the actual reason why they dread losing their possessions and why they don't genuinely fulfill them.

The way individuals with Chiron in Taurus try to alleviate their pain is indeed masochistic. Their approach doesn't give the results they want, and it leaves them feeling worse. But they get addicted to that pain because it covers the real one.

Taurus Chiron individuals are masters of avoidance, and most people don't realize that their hedonism manifests it.

Taurus Chiron individuals are terrified of losing people or possessions. It is why sometimes they turn to lies, excuses, and emotional blackmails to make others stay. They are afraid of facing the truth because they can't confront themselves. They seek ways to escape being left alone or having to confront their thoughts.

Due to their escapism, they usually surround themselves with people. It is rare to find Taurus Chiron people sitting at home alone or having solitary hobbies. They need

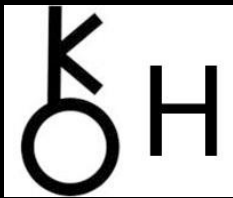

opportunities and situations that give them access to more people and things and being less alone.

People with Chiron in Taurus are likely to be born in periods of poverty or drastic class differences. For instance, Chiron was in Taurus between 1976 and 1984 and 1926 and 1934. While quite different on the surface, these two eras had some similarities.

The first period is when having novel tech gadgets (e.g., the Walkman) created a sense of superiority. But not every parent could afford it, which might cause their child to feel inferior. Taurus Chiron people grew up in times when materialism and consumerism became widespread.

Those children born between 1926 and 1934 experienced the Great Depression, but the elite was still there and bragging about their wealth. Hence, Taurus Chiron people often grow up feeling not good enough. It is why their task is to find the inner value.

## ***Chiron ♄ in XII 12th House***

([1271] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 12th house struggle with their psyche, spirituality, and vulnerability.

These individuals are highly empathetic, but they want to protect their privacy, and they are not easy to open up. They have an inner urge to help others but don't know how to help themselves or ask for support.

They have a soft character and an intense aura. It is how they encourage people to be sincere with them and tell them their worries, dreams, and secrets.

Others open up their souls to them as if they were under a spell. Indeed, people with Chiron in the 12th house tend to be telepaths, intuitive empaths, or even have psychic abilities.

However, they don't feel comfortable with their capacities, intuition, and gut feelings. These persons often feel like freaks due to their gifts and heightened instincts. It is why they often neglect or try to bury their abilities, even though they're rejecting their

uniqueness.

Chiron wants these individuals to learn to stop refusing their identity and to embrace who they are. Until that happens, those with Chiron in the 12th house will keep facing difficulties and obstacles.

Regardless of how they feel, they will have to accept that they're different. It means that they will have to dive deep into their identities and spirituality and stick to their path.

That explains why their wounds lie in their inner realm and manifest on a subconscious level.

These individuals often have an intense existential crisis and profound questions that plague their lives. They struggle with feeling lost and not knowing in which direction to go to find themselves.

Since they might feel disoriented or aimless looking for purpose, they tend to feel an urge to belong to something bigger than them.

### **Transcendence and identity**

Persons with Chiron in the 12th house often believe that will help them overcome the earthly issues and transcend, taking their souls to a higher realm.

However, they also fear that they could lose who they are and endanger their identities.

Like those with Chiron in the 8th house, these individuals are terrified of endings. They wonder what's the point of life if, eventually, everything will cease to exist.

These people ask themselves why the world is that chaotic if it only lasts so long. They overwhelm themselves with questions, such as why do we do anything if nothing will matter when we die.

These individuals have issues leading regular day-to-day life because they don't understand the practical realm and its point. They often wish to die because that makes more sense to them.

People with Chiron in the 12th house are curious about what comes next and if there's anything once we close our eyes forever.

Living with those kinds of questions, thoughts, and ideas can make life seem pointless or fleeting. They often want to become a part of something that will give meaning to their existence and death.

It is why they seek to feel unity with someone or something. They want to find comfort

and consolation in belonging. It is usually the only way how they imagine reaching ecstasy or finding their identity.

### **Mortality and extraordinary life**

Since death is one of the most frequent things in their minds, people with Chiron in the 12th house can become suicidal and frightened of their own mortality. They continuously wonder how their thoughts, feelings, and senses may one day vanish. It is why they tend to do everything that will make their time on Earth count.

As a result, these individuals tend to feel a need to be extraordinary, different, and genuinely feel life. Their biggest fear is that they will live unnoticed, ordinary, and unremarkable.

Indeed, they are not mediocre or generic. These persons tend to be highly imaginative. They have vivid dreams and ideas. Yet, they also experience problems fulfilling what they imagined.

Those with Chiron in the 12th house have issues with their identity and struggle to uncover who they are. It is why they tend to absorb qualities and traits from other people and incorporate them into their personalities. In a way, they are creatures that present a collective identity in one person.

If Chiron is afflicted or other aspects in a natal chart are unfavorable, they could fear being themselves and being different from others. They tend to think that by developing their own personality and fostering uniqueness, they are erasing unity.

These persons could feel guilty about not blending in and being one with the society or group.

### **Merge with the unity**

The ultimate goal of these individuals is to merge with the divine and reach eternity. That means that they will seek methods that allow them to be closer to God, invisible forces, death, or spiritual energy.

These techniques could include prayers, meditation, art, drugs, s\*x, or alcohol. It is those elements that help them let go of physical reality and dive into the unconscious.

The consequences of their desires and intentions could be becoming an addict, criminal, or being a martyr and sacrificing themselves for others. The latter is more probable because deep inside, they are fragile souls that want to make the world a better place.

The best way to do it is by alleviating the pain and helping others overcome their troubles. It is why they often work or volunteer in hospitals, asylums, hospices, or orphanages.

The problem is, they usually put others first and, in the process, neglect their health and mental well-being.

Even though they tend to feel disconnected from reality, people with Chiron in the 12th house can experience emotions more profoundly than others.

For instance, they feel love, grief, sadness, nostalgia, and lust on a deep and inexplicable level.

These individuals are also likely to dedicate their lives to religion and become nuns or priests.

However, people with Chiron in the 12th house must learn they are already a part of everything, including the divine.

By existing and being part of the creation, they belong to the unity. They have to embrace that the divine energy speaks to us through life itself.

### ***Part of Fortune ☿ in ♏ Scorpio 29° 38'***

([1282] [astrolibrary.org](http://astrolibrary.org))

You enjoy finding deep meaning and participating in the regeneration process. On the physical level this is linked to sexuality through an intimate and transforming contact. On the spiritual level, this is linked to the mental search for intense emotional levels while helping others, and also overcoming negativity.

There is an intense desire to explore the meaning of life and the psyche. With Part of Fortune in Scorpio, there is a clear and penetrating perception that lets you dwell on the unknown and be at the center of every process of emotional and spiritual change and transformation.

The sign opposite to your Part of Fortune in Scorpio is Taurus. Through Taurus you observe how others prefer to remain safe in what gives them shelter, while you try to discover everything that is new. You want to uproot the established order, eliminate what is no longer useful, and improve it. You know how to fix and rebuild everything that is destroyed, by recognizing what is still worthwhile and useful.

Therefore, you understand your own unconscious and you are in tune with the unconscious levels of society's thinking.

You destroy or eliminate from your life everything that no longer makes sense or no longer has a true value. To many other people it will seem that you are destroying what took so long to build, but you know that what can be destroyed was not really valid.

You look for the hidden secrets of society and the mystical reality of the Universe, especially because you know what it can bring to the human beings of today.

Taurus energy builds, and Scorpio energy undoes or destroys. You know that both are necessary in the process of evolution. That's why you know how to build, destroy and reconstruct all the things in your life to transform them.

You feel an immense restlessness for wanting to understand everything that is not visible and that is behind the apparent. You want to know what is beyond the normal reach of human perceptions.

You never rest until you know that you have done everything in your power to provoke in yourself, and in others, the changes that are needed to free yourself. You are a transformer of mankind and dislike the lack of progress in those around you.

Sexuality is the engine that gives you the energy to move on and penetrate the realms of the unconscious. You have a strong sense of intimacy that drives you to want to connect with the depths of truth. Your perception is very acute.

With your Part of Fortune in Scorpio, you will not have a very peaceful existence. But you must also understand the value of relaxation and being happy through Taurus, the sign opposite your Part of Fortune. Although you will never be calm until you feel that you really deserve it.

You take an active role in the construction of a safer and more peaceful world, without repressing the natural instincts that are the source of life.

You are happy and you do better when you show others those roads they are afraid to consider, and you help them to have a deeper meaning in their lives. This has a transforming effect on yourself and everything around you.

## ***Part of Fortune ☒ in VI 6th House***

([1292] [astrolibrary.org](http://astrolibrary.org))

Your greatest satisfaction will come from work and being always active. You get fulfillment through careful use of your time and energy.

You realize how others return to situations already solved in the past, to negative emotions, or to make defeatist excuses. However, you must take care of the details of the present and overcome all negativity through a very active, systematized and organized life, always serving Humanity and seeking to make your life as useful as possible.

Your life needs to have a sense of purpose. You worry about improving yourself and your environment. Maintaining a purity of thought helps you to completely surrender to what you are doing without letting yourself be carried away by doubts or other distractions.

Since your Part of Fortune is in the sixth house of your birth chart, the 12th house is the opposite house. Through the 12th house, you know the inner needs of humans. This makes you sensitive to the forces of creation and the invisible powers of the Universe. It also gives you a deep compassion.

You must do something with this and not be just a passive observer. Therefore, you must participate actively in life, and yet, although you know the infinite, you must function clearly in the defined world.

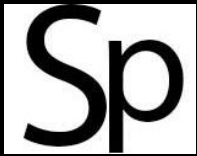

It gives you an immense joy to know that you can help heal another person. You must strive to be useful at all times and use your ability, since you know better than anyone else how to do things to find an improvement or greater functionality.

You know the workings of the unconscious and how others, and even you, are carried away by their impotence, imperfection and uselessness. That is why your greatest satisfaction occurs when you are able to improve others and help them formally to

develop their potential.

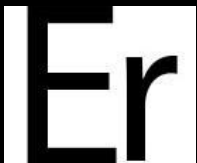

You must learn to appreciate the perfection that exists in the world, not worrying about the imperfections, and to develop this potential to the fullest. You must see negativity impersonally, in a detached manner.

You function better when you do not think of a cosmic reality or beyond, but by tuning into the Universe you make it functional by perceiving it with the five senses and putting it into a realistic practice. When everything you do makes sense, you can even allow yourself to be carried away by everything that happens at the moment without fearing to lose your way on your path that you set upon. Therefore, you must improve your natural abilities, and thus the Universe will begin to cooperate in the awakening of your fulfillment.

([113] 12andus.com:) How do your deeper urges fuel your career and public image? Even in professional settings, you can't suppress your inner urges and longings.

Your sexuality, power and inner feelings fuel your public image and can make you a formidable force in career and business. Your adversaries will not want to step on your toes because you will be fiercely protective of your ambitions. At the same time you may have to learn to trust your instincts and refute the status quo in order to succeed in your industry.

You can rise to positions of leadership by being true to yourself and this can lead you to an unorthodox path to success and leadership. As you express your raw desire for independence and power, you'll attract those who admire your authenticity but also alienate those who want to convince you to tone down your approach.

You may become infamous or gain notoriety for your instinctive, raw emotion and acts of rebellion especially in rebelling against the status quo in your business, industry or career path. Sexual scandals or pushing sexual or gender boundaries can also lead to social recognition or influence your career path.

([218] 12andus.com:) You have the potential to be a strong, authentic spokesperson for healing and change based on your own experiences with your inner wounds, yet you are likely to avoid this opportunity because it is difficult for you to accept who you genuinely are.

You may try to hide from or downplay your wounds and in doing so you may overcompensate with a façade of confidence or ambition that is not genuine. By working to heal your fears, insecurities and past traumas, you are more effective as a leader and healer for others.

Acceptance and self love are necessary first steps in this process. Until you have learned these lessons, you may project your own wounds onto others around you and fear or resent those who remind you of your limitations.

([188] astromatrix.org:) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to

compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

4) ► **Imum-Coeli** IC **Parallel** ♌ **Jupiter** - (1°40') ♀6 | ♀5

([196] [astromatrix.org](http://astromatrix.org);) Achiever Of Goals

Your home and family are very important to you as a refuge that you can retreat to when the outer world is too harsh. You will always remember your childhood as one of the best times of your life, and you will have great respect for your parents, especially the one who gave you the most emotional support.

As you get older, you will remember what you had when you were younger, and you will love anything that reminds you of home. Wherever you go, you will try to find a community like the one you grew up in. And if you can't find such a community, you will seek one in which people are as close as they were where you grew up.

All your life, you will have great respect for traditions and customs, even if they are very different from your own, not because you are narrowly conservative, but because you know they give people positive emotional support. Temperamentally you are quite liberal, and you enjoy the experience of new places and different worlds.

All of your life you will prefer rather large and elegant homes surrounded by lots of open space. You hate to be cramped, physically or emotionally, so you avoid close relationships with people who are very jealous or possessive, because they would restrict your inner freedom. Normally this aspect signifies a high degree of emotional security, which enables you to withstand any difficult times and even offer help to others when they are in trouble.

5) ► **Imum-Coeli** IC **Parallel** ☿ **Uranus** - (0°54') ♀6 | ♀9

([207] [astromatrix.org](http://astromatrix.org);) The Individualist

This aspect signifies that you are an individualist and that you should go pretty much your own way in life. You especially need emotional freedom, and you don't enjoy being with people who are jealous or possessive.

In fact, as a young child you probably did not like to be coddled by your mother, feeling that such emotions were smothering rather than reinforcing. This attitude probably resulted from an incident or series of incidents in earliest childhood that taught you that you couldn't count on the kind of nurturing children need from a mother. Therefore, you understood that you must learn to do without it as much as possible. It is quite likely that your mother is very independent and has a busy life outside of being a mother.

However, this aspect does not usually signal emotional inadequacy or difficulties, unless Uranus is otherwise poorly aspected. It often signifies a parent who, like yourself, is a very free spirit.

As you grow older, tradition and home life will mean relatively little to you, and in fact, you may regard them as elements that hamper your freedom of self-expression. As soon as you are able, you will try to break free of your family and your place of growing up. Even while you are quite young, you may enjoy the freedom of having no real roots; of fitting in, more or less, wherever you go.

When you are older, you will keep your home simple and sparsely furnished, and you will try to have as few obligations as possible. If you ever have a family of your own, you will teach them to be as independent as possible, because you do not want anyone to depend on you.

6) ► **Imum-Coeli** IC **Parallel** ♄ **Pluto** - (0°48') ♀6 | ♀9

([214] [astromatrix.org](http://astromatrix.org);) Questioning Beliefs

Your early childhood experiences will have an unusually strong effect upon your whole life. One parent in particular will be very important to you, and it is essential that that parent's influence be for the good.

The problem is that the energies resulting from your early childhood experiences operate at a very deep inner level, probably unconsciously, so that they affect your life in ways that are difficult to understand. Negative experiences in childhood may give rise to fears, which bring about compulsive behavior patterns and bad habits. You might not even be aware of these fears, but if you understood them consciously, they would be less difficult.

On the other hand, attitudes that you pick up from your elders may seriously limit your ability to make judgments on the basis of your experiences. Be very wary about acquiring any prejudices, and always question your beliefs so that you know they are

helping your life rather than hindering it. One of your parents may try to exert too great an influence over you, even when you have outgrown the need for it. That parent must recognize each new stage of your life and let go of you a bit at each stage. If he or she tries to control you too much for too long, your psychological development could be seriously slowed down. Of course, good influences from that parent will also have a very powerful positive effect on your whole life. It is simply that the bond with that parent is very strong, which can have both good and bad long-term effects upon your development.

7) ► **Imum-Coeli** IC **Parallel** ♀ **Vesta** - (1°47') ♀6 | ♀9

([622] 12andus.com:) You may have to resolve conflicts between the path to which you feel devoted and the demands of your career.

Your true spiritual connection comes from your intimate time with family or serving others in some aspect of your private life. Your career path or public image may distract you from this higher calling.

Yet when you learn to create a balance between your deep desire to be of service behind the scenes your career path or public persona, you will be able to succeed both in career and on your spiritual quest.

You may be challenged at some time to sacrifice some aspect of your career in order to satisfy your spiritual calling. When you make this sacrifice, you will benefit in the long term.

8) ► **Moon** ☾ **Parallel** ♂ **Mars** - (1°14') ♀4 | ♂7

([17] astromatrix.org:) Selfishness

Moon and Mars contacts involve the psychological relationship between instinctive and emotional patterns with an ability to act decisively by applying a consistent will directed toward achieving aims. The conjunction indicates you have strong emotions and feelings which influence perceptions and decisions. Their intensity may often feel uncomfortable and frightening, especially in situations of heightened passion or confrontation. You are aware that unleashing these energies often results in displays of temper, emotional outbursts, and anger, and that your occasional belligerent style of disagreeing with others is actually a form of self-defense.

Being overly sensitive to others' reactions and having emotional anxiety can create a mental state where you imagine that others criticize or plot against you. Before such situations are proven real, you are ready to retaliate. Until a deeper integration and understanding of these energies occurs, you may find that contentious relationships continue. Those erratic and volatile emotions help to stimulate inner agitation, and this friction spills over into your exchanges with others.

While you want to form better relationships, there are often problems with co-operation

and trust, at work and in intimate partnerships. You are both attracted to and repulsed by emotional intimacy, often unable to deal with powerful feelings due to emotional immaturity; and others may sense these raging feelings and withdraw from closer contact. Rejection strikes into your deepest core. Reacting against the pain, you often strike out verbally with unkind words designed to damage and wound or throw childish temper tantrums when needs are denied. You are liable to brood on any rejection, often continuing to criticize someone to friends for a long time afterward. Perceptions of losing erode a fragile self-esteem.

One of your major problems may be self-preoccupation: concerned with your private emotional world, you fail to recognize that others have needs too, and that they are also emotionally sensitive. Your world is egocentric and revolves around your desires, expecting others to serve your needs, and rejecting attempts at compromise. Being unaware of these tendencies is no excuse; failing to acknowledge that others have an equal sensitivity is a denial of reality. If you react against criticism, then so do others from you. You need to realize that others' needs are as important as yours. Compromise between all concerned is necessary to minimize conflicts.

Emotional reactions distort your perceptions and evaluations, influencing choices, decisions, and actions; and sometimes these may contradict rationality. This apparently negative portrayal of Moon-Mars conjunctions can, however, be transformed into a more positive approach. Much depends on an honest appraisal of your relationships, and of how you deal with inner difficulties, especially identifying how you project emotional frustrations onto others close to you, making these relationships fail to satisfy and later collapse. These intense feelings can be directed toward positive aims designed to shape constructive action.

If you consciously attempt - even for a short time - to project yourself into the position of others and to imagine how life is from their perspective by seeing through their eyes and feeling through their heart, then your egocentric world may be transformed, and your latent sympathy and understanding awakened. Moon and Mars can work successfully together, once inner adjustments are made, and feelings of personal anguish and frustration are reduced by developing awareness of others' needs. Then you may discover a new meaning and purpose to life.

There can be a crusading spirit about this energy supported by powerful, assertive Martian qualities, which can increase persistence and opportunities for eventual success. This could initiate a real transformation.

9) ► **Moon ☾ Parallel ♂ Uranus** - (1°28') ♀4 | ♀9

([20] [astromatrix.org](http://astromatrix.org);) Freedom Is My Security

All Moon-Uranus aspects indicate possible personality conflict based in the clash between established behavior patterns (symbolized by the Moon) and the progressive but disruptive energy of Uranus.

While this conflict can spread throughout the psyche, the Moon's affinity is to feelings and emotions, and Uranus's is toward impersonality, abstraction, and intellect. This can create duality and friction between 'head and heart', which may be difficult to resolve. Emotionally, you may experience regular mood changes and erratic, contradictory feelings, appearing to others as unpredictable, unreliable, impulsive, or lacking in commitment and responsibility.

Lunar energies fluctuate, ebb and flow; and joining these with Uranus is not conducive to a stable and controllable inner life. You will find that your 'inner bias' moves between either lunar dominance or Uranus dominance; only occasionally will it rest at a balance uniting both. However, when 'head and heart' are in accord, this is the ideal state, and achieving this should be an objective more regularly.

You look for the unusual and the exciting in life. Strangeness and novelty intrigue and attract you; and this influences your intimate relationship choices. Your Moon will demand the experience of intense emotions; and Uranus will expect fascinating and excitement to bewitch the mind.

The problem is finding both evoked by one partner, and not fading away with familiarity, or soon you will be looking for someone new. Relationships are likely to be varied and cosmopolitan, ranging across different personality types; and you may find difficulty determining which type suits you the most over the long term. You are often attracted to unsuitable types, or to those who pose some sort of challenge, which you find adds extra interest.

Much depends on how you succeed in 'balancing' the innate conflict between a need for secure foundations and a fascination with novelty and free experimentation. The Moon could dominate, possibly by the inner imposition of restrictions, or inhibiting desires for new experiences and freedom. This could eventually result in the frustration of un-lived dreams. Or Uranus could draw you toward excess, where roots and stability are lost in pursuing new and unexplored experiences, irrespective of personal cost.

Your life could be rich with interesting social acquaintances; your direct, open expression, coupled with intellectual analysis, realism, and personal tolerance, can attract many who find your company stimulating and rewarding. As you often reflect on both sides of an issue - evading a commitment to choose sides and become partisan - you can act as a diplomatic foil between adversaries, as well as retaining friendship and contact.

You may eventually prefer to live independently, choosing not to be restricted to one partner, allowing yourself freedom to change as you will. This can result from an inability to stay committed and interested within a traditional relationship or through problems partly created by your emotional shifts and moods, where, in the midst of confusion, you

insist on your right to be self-determining, even if you have no clear idea of what it is you actually want.

10) ► **Moon ☽ Parallel ♅ Pluto** - (1°34')    ♀4 | ♀9

[23] ([22] [astromatrix.org](http://astromatrix.org);) The Housebreaker

This is a very versatile and intense aspect, which can give rise to sudden emotional outbursts or panic. If the conjunction is receiving other challenging aspects or has not learned to transcend the great infusion of feelings and hysteria, fear can result. This can indicate broken homes or illegitimate children.

On the other hand, this can indicate a more evolved person that has insight into the psychology and psyche of all people with whom one comes into contact.

([23] [astrologyking.com](http://astrologyking.com);) Moon conjunct Pluto natal gives an intense and dramatic emotional life. You feel things so deeply that it is sometimes hard to control how you react to people and situations. You also experience extremes in moods and a tendency toward serious and sometimes dark moods.

Your emotions and reactions are also strongly influenced by your powerful intuition. Dreams, visions, or psychic impressions are often extremely vivid and profound. By nature, you have little control over your subconscious but your feelings and intuition can take control over your conscious intentions and actions.

In a dark mood, you may become overwhelmed by fear and paranoia. Believing that others are trying to control you, it is possible for you to subconsciously control them. Such behaviors as manipulation, lying and intimidation may follow.

Emotional manipulation is most likely to occur at home when you are growing up and in intimate relationships, particularly with women. If your mother was prying, manipulative or over-bearing then you would have learned such controlling behavior. If so, undoing this subconscious brainwashing is a major priority and a necessary task, before you can enjoy healthy relationships.

Thankfully, your powerful subconscious has tremendous powers of regeneration and transformation. You can easily learn psychological self-analysis and other techniques for accessing deeply buried memories and feelings.

Meditation, astrology, dreamwork, and past life regression are some more natural ways to positively transform sinister emotions or destructive behaviors. Your powerful subconscious is capable of amazing things. You can make things happen with the power of your mind.

19) ► **Mars ♂ Parallel ♅ Uranus - (0°14')** ♊7 | ♈9

([53] [astromatrix.org](http://astromatrix.org);) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself

accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

20) ► **Mars** ♂ **Parallel** ♃ **Pluto** - (0°20') ♋7 | ♏9

([55] [astromatrix.org](http://astromatrix.org);) Personal Determination

This aspect should give you considerable physical energy and vitality which you can apply to tasks requiring persistence, determination and endurance. The energy can tend to amplify any self-centered tendencies in you, stimulating your desire nature and setting goals to achieve which would be primarily for your own personal benefit and satisfaction. In your intimate relationships, you may be too forceful and aggressive.

The Pluto energy will tend to make you too possessive and demanding of a partner; and you may attempt to dominate by your sexual expression. As you mature more, you may discover an increasing interest in and awareness of social concerns; and this can be a fruitful channel through which to express your vitality and talents.

21) ► **Mars** ♂ **Contra-Parallel** ♀ **Lilith** - (0°34') ♋7 | ♏9

([635] [astromatrix.org](http://astromatrix.org);) Unpacking your desires

Opportunities: 1. Deeper understanding of sexual energy 2. Transforming areas of disempowerment

Challenges: 1. Dealing with triggering experiences 2. Postively transforming rage

With this aspect in your birth chart, you will often feel the polarity between your inner wild and your primal nature. Lilith acts on her own accord and can sometimes feel like a puppet master in your subconscious. Mars is driven by impulse and marking its territory wherever it decides to conquer. Certainly, it's highly likely that you are often led by your desires - some of which you may not always be able to understand with your logical mind. The opposition works like a see-saw effect. In one instance you may be inclined to rebel against the status quo to make a statement. However, this may be received poorly in intimate relationships as you may have a difficult relationship with surrendering to the "other".

Ask yourself the question "Are there areas of your life you feel disempowered in?" The best way to integrate these energies in your chart, is to take a deeper dive into understanding your relationship with your own power. It's important you speak your truths, but perhaps they need to be timed more appropriately.

22) ► **Jupiter** ♃ **Parallel** ♏ **North-Node** - (0°59') ♋5 | ♏3

([66] [astromatrix.org](http://astromatrix.org);) Learning Moderation

With North Node conjunct Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. Similar to North Node conjunct the

Sun, there are blessings, benefits, protection, and often a life that is free of karmic debts. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities

because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

([103] [astrotarot.net](http://astrotarot.net);) Typical features that opposition brings: there's a lot of work that can be done to make you grow as a person. In other words, your innate abilities and talents, as well as indications of your vocation and career, and how you can gain success, and improved health. ([211] [astromatrix.org](http://astromatrix.org);) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent

figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

([589] 12andus.com:) You are wise and intellectual but your gifts for strategy tend to shine more at home or in your personal life rather than in your career.

You may get cold feet when it comes to asserting yourself in public spaces or in your career path. You may prefer to not rock the boat. You don't easily challenge the status quo in your professional life.

Yet in your private life you can be a visionary. You may need to become more confident in yourself and your visionary powers so that you can become more of a champion for change and mentor to others in your professional life.

If you don't you may undermine your mission and campaign. You may also bypass opportunities to become the leader you could be. You can be a strong influence on others when it comes to matters of injustice but you will first have to make some decisions about your priorities. Your own ambitions may have to take a back seat to the strategies for justice and change that you could promote.

24) ► **Mercury ☿ Opposition ♆ Neptune** - (5°21' S) ♃12 | ♎6

([168] [astromatrix.org](http://astromatrix.org);) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer

may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

25) ► **Venus** ♀ **Opposition** ♀ **Pallas** - (7°14' S) ♃11 | ♄5

([579] 12andus.com:) Your sense of comfort and desire for beauty and harmony can run counter to your sense of mission.

You may also have great plans and insights about how to diplomatically appeal to others' better nature, only to over-reach or become complacent when you feel too comfortable.

It may take some practice exploring your own values and challenging yourself beyond your comfort zone before you realize how your creativity and talents can help you pursue your mission and cause. Your social network or connections to others may be instrumental to helping you create successful strategies to advocate for what you want, but you may have to overcome the desire to do things yourself first.

26) ► **Mars** ♂ **Opposition** ♄ **Saturn** - (8°38' S) ♃7 | ♄1

You can find ways to ground yourself if you try to look past your desires and fantasies and try to see the relationship for what it is and not what you dream it to be.

30) ► **Ascendant ASC Sextile ♊ North-Node** - (3°28' A) ♈1 | ♎3

You can be serious and calculating when dealing with the public or partners.

Your karmic path is aligned with your identity and ego, which allows your personality to grow and evolve. Be careful not to use your charm or popularity for selfish gains but for helping others. You will tend to have a lot of luck in your life when it comes to achieving your goals especially if they are related to your North Node ideals.

You are geared toward collaboration and may take marriage and similar commitments very seriously. You don't feel like you're giving up your independence or losing yourself when you devote yourself to your partner.

Instead you'll feel like a part of yourself that was missing is now reconnected with you.

You may see your partner as a reflection of your strengths and creativity and you tend to feel optimistic and encouraging toward your partner.

32) ► **Moon ☾ Sextile ♆ Neptune** - (4°55' S) ♏4 | ♏6

([238] [astromatrix.org](http://astromatrix.org);) The Artist

The sextile aspect poses less ambiguous problems than the conjunction, and you should find that this aspect is more comfortable and allows the releasing of your potential more easily. There will be the qualities of imagination, psychic and empathic sensitivity which are present in Moon-Neptune contacts, but these are clearer with the sextile and less liable to distortion through personal and outer perceptions.

You will be very responsive to the dimension of social relationships, obligations and service, and this could form the key foundation in your life, both in providing a sphere of employment and as one which allows your intrinsic talents and qualities to emerge. You have a heart response to negative social conditions, whether in terms of individuals, alienated minority groupings or global undifferentiated sympathies. This may attract you towards employment which involves you in dealing with social-problem areas, or at least towards associating with pressure groups concerned with areas of social deprivation and negativity.

You can become quite passionate in denouncing man's lack of humanity and care for others and feel concerned enough to add your support to more positive and beneficial causes. You tend to be externally focused rather than inwardly preoccupied, and this can lead you to become a spokesperson for your social objections, attempting to wake the public up to those dangers or lack of care that so offend you as causing people to suffer unnecessarily.

This search to promote social remedies can help you to express your creative spirit through evocative writing, through the dissemination of relevant information such as an educational aid; some may feel drawn to crusading journalism designed to awaken the sleeping social conscience. Having high social ideals implies that one important role that you could perform is as a mediator and enunciator of proposed social progress and development. Working with the burdens of social welfare in some respect would give deep satisfaction, as through your heart response you create alternative suggestions for improvement transmitted via your inspired intellect.

You are less prone to illusions and pedestal building in your intimate relationships, as you should have a more realistic appraisal of the fallibility of human nature, and your tolerance and understanding should lead you to less disappointment in this area. Provided that you create the right channels for external activity, then both your domestic and social life should fulfill. Try not to forget that the Moon will anchor you in deep family ties, both to your parents and to any current family, and that these are probably more important to you than you may realize, especially if you become extremely involved in social action.

As you will be liable to be sensitive to the subtle psychic influences around people and environments, you may need to periodically retreat into isolation and quiet in order to inwardly cleanse and renew your energies. Your inner life and imagination can often

indicate suitable directions for you to travel in, or even themes for social action, and probably many of your decisions are taken by acting on your more unconscious impulses. If such actions are taken and result in failures, then you may need to investigate your own attitudes and motivations more so that unredeemed unconscious tendencies are brought into the light, thus diminishing their power to lead you into cul-de-sacs and self-created failure.

33) ► **Venus ♀ Sextile ♂ Uranus** - (3°30' A) ♃11 | ♎9

([256] [astromatrix.org](http://astromatrix.org);) Underground Artist

You will have a social awareness, which will enable you to have satisfying social relationships with others, which have both a creative and a beneficial effect upon the participants.

You will be tolerant in attitude; and your ability to be sympathetically understanding will often attract people to confide in you, perhaps using you for personal counselling. Diplomacy will also come easily to you. This is not a manipulative diplomacy, but an approach that reflects your natural honesty and sincerity with others and can be used to resolve disputes.

Even if you can only achieve harmony within your own immediate environment, then that is a success, and satisfies the impulses of Venus-Uranus, because you know that every oasis of harmony helps to build a better world for all.

34) ► **Mars ♂ Sextile ♂ Uranus** - (0°13' A) ♃7 | ♎9

([265] [astromatrix.org](http://astromatrix.org);) The Leader Of The Pack

With the sextile and trine aspects, the more positive use of the Mars-Uranus energy is displayed through activities designed to be of social benefit. Whilst you will intellectually challenge the established patterns of social thought and behavior which you believe inhibit individual freedom, your intent is to provoke new thinking which can offer the potential of new horizons to explore.

All new directions and spheres of progress that humanity has taken have emerged from someone questioning the current state of affairs and then seeing new alternatives. Mentally, you will have a restless, curious nature, which can find an effective outlet through applied research and study in whichever areas of enquiry attract you. You are not an intellectual dilettante, and prefer to delve deeply enough to gain a real comprehension of any subject; this can also free that ability for more original independent thinking, and it is possible that you will receive insights that enable you to make a significant contribution to that subject.

You will prefer a futuristic dimension to your enquiries, thus satisfying the Uranian impulse and providing an opportunity to benefit others too. Even though you have this ability for specific focusing, you will also expand into exploring a wide variety of interests and topics. At times you may move rapidly between disparate spheres of knowledge, but

you will eventually settle down to focus upon one area in particular. You may find some difficulty in perseverance and applying your energy consistently to achieve your aims. Sometimes a sudden diminution of your interest and energy may occur, which brings to a halt any progress you are making. When the energy flows again, you may be interested in something new; this is the erratic Uranian influence.

Communication is important to you. There may be an attraction to teaching in some way, both for the satisfaction you can receive in sharing knowledge with people, and in the platform offered for you to express your opinions. These are likely to be radical and unorthodox, but you have enough intellectual confidence in your knowledge to feel quite prepared to stand by your arguments against any opponents. Discussions of ideas can fascinate you; and you enjoy such encounters, seeing them as intellectual combat, where your more aggressive Mars energy can be used. Your approach is often based on strategy and skill; and even in friendly discussions you dislike being intellectually defeated.

You enjoy stirring dissent and proposing disturbing concepts and ideas to attack the power of the status quo, both in society and in individuals. In relationships, you need a strong intellectual and physical bond. An area of weakness can lie in a disregard and lack of sympathetic understanding of the emotions. These are often relegated in your sense of priorities; and the more subtle dimensions of them are ignored in favor of the more basic emotional / physical passions and the interests of the mind.

Restrictions are rejected in intimate relationships; and a self-preoccupation can dominate and cause later problems. However, you tend to commit yourself to seeing through those decisions that you do take, so a marriage commitment can help to modify these tendencies, provided that your partner is strong enough to encourage you to modify any selfish behavior in the interests of mutual harmony.

35) ► **Mars** ♂ **Sextile** ♀ **Lilith** - (4°12' S)    ♄7 | ♁9

([392] [astromatrix.org](http://astromatrix.org);) The Cold Heart

Limitations and restrictions may occur on opportunities and experiences, often created by unresolved emotional patterns. The source of these may be sentimental attachments to the past, to memories, to experiences, and to earlier relationships.

You find it difficult to break free from the past; and previous experiences will influence present choices and attitudes. You may have grown up with a negative self-image, one which lessens self-confidence and also shapes restrictive worldviews. This may come from unsettling and disturbing childhood experiences. Perhaps you put up protective barriers to defend vulnerable feelings from damage; you may have believed you were not loved by your parents, or you were left with just one parent through separation, divorce, or death. Issues of emotional dependency may have grown, and a mother- or father-complex formed, making it difficult to cut the parental umbilical cord when you became an adult.

You tend toward pessimistic attitudes, linked to a reduced physical vitality, emotional moodiness, melancholic dissatisfaction, and depression. Lacking self-confidence and perhaps seeing the world as a harsh, loveless place, you may feel bitter and cynical, preferring isolation from relationship intimacy. Family ties bind you.

This could suggest that you are older than most when you leave home to become independent; or you could have the onerous duty of caring for an elderly parent. Your family life may turn into an imprisoning environment in some way, perhaps through children, economic hardship, or social isolation. You maintain tensions and frustrations by refusing to release behavior patterns formed during childhood and within your parental relationship. It is your choice, if you wish, to continue limiting your life, but it is not inevitable; limitations are only imaginary parameters which we draw around ourselves as a barrier; they can be erased or expanded.

Your creativity is blocked by emotional repression. If you dissolve the barrier and redirect the energies toward positive and constructive channels, then much could be achieved. Finding additional interests and stimulation would be beneficial, showing that the world has much to offer if you open to its riches. Becoming involved with children could reveal new ways to see things; their enthusiasms and sense of wonder could be transmitted to you.

With contemporary self-help techniques, visualization, meditation, affirmation, and the availability of numerous ways to release blocked energies, you can transform your life to face the future with positivist and optimism. Once freed from past restrictions, you can uncover your latent potential.

The square can give you a harshness of temperament and expression, where your direct, blunt style can often create conflict and confrontation between yourself and others. Even though you prefer to reflect yourself as one capable of handling the 'real situation', you tend to lack a sensitivity towards possible reactions to your potentially penetrating insights. You rarely 'wrap' them up in socially acceptable packages for consumption but offer them raw.

There is a tendency to try to manipulate and mold any partner so that he or she conforms to your point of view; and often your views become intolerant and fixed, allowing little space for flexibility or change to occur naturally. Sometimes, in an effort to achieve your own will, you rely upon your strong willpower to dominate others. Sometimes this can succeed, but you are equally liable to apply it incorrectly through a lack of proportion and through insensitivity, creating more damage to your aims and others than you intended.

Mentally, you require more self-discipline and understanding to make more positive use of your abilities of penetrative insight; in particular, the way in which you present yourself to others may need to be moderated. More control regarding your thoughts and words can help to avoid any controversy and unnecessary conflict with others, and help a redirection of your powers of insight inward, so that you can observe how you are projecting those negative shadow qualities out onto others in the world when these qualities should be being internally transformed and the energies released for positive applications.

69) ► **Ascendant** ASC **Trine** ♃ **Jupiter** - (5°57' A) ♃1 | ♎5

([353] astromatrix.org:) Born To Succeed

When Jupiter is Trine your Natal Ascendant, knowledge and information becomes much more important to you. You will feel like you will want to succeed at everything you do and although this aspect doesn't guarantee success, it surely helps to have it in your chart.

You will be more optimistic about life; your personality embodies Sagittarius, the ruler of Jupiter greatly. So, you will be more adventurous, spontaneous and wanting to explore reality. You can be prone to laziness or apathy, so try to make the most out of all your possible lofty goals and opportunities it is easy to let them slide.

Jupiter trine the Ascendant means that you always expect to succeed. You find it possible to make grandiose plans for the future, because you know how to capitalize on your creative abilities as tools with which to seek your goals in life. You admire those who achieve distinction and realize that you must be fully informed if you hope to win

similar honors. However, you tend to dawdle when you should discipline yourself in working toward your goals.

By indulging in personal pleasures to excess, you waste energy and time that could be used more constructively. You feel that your life should be guided by some overall belief system or philosophy, but you are not rigid or dogmatic, always ready to explore new possibilities and expand your mental horizons. Possibly the only drawback with this aspect is getting carried away by your optimistic plans. You need a heavy dose of practical reality to bring you down to earth and make things work.

70) ► **Ascendant ASC Trine ♅ Pluto** - (8°06' A)    ♀1 | ♁9

You should have a strong ego and sense of worth and want to be respected by people for it as well. It is a good characteristic unless you become too self-centered or abuse your power for selfish needs.

73) ► **Ascendant ASC Trine** Er **Eros** - (7°52')    ♀1 | ♀9

74) ► **Midheaven MC Trine** ♂ **Mars** - (6°32' A)    ♀12 | ♂7

([347] astromatrix.org:) The Hard Worker

Opportunities: 1. Making Bold Decisions 2. Getting Meaning from Your Work

Challenges: 1. Discovering Your Mission 2. Working in Teams

You have a strong sense of self - that is, you know who you are and what your rights are with regard to other people. You have considerable self-confidence and will fight for what you believe to be yours. On the other hand, you are less likely to dominate people than those with other Mars-Midheaven combinations.

You do have a great deal of physical energy, however, especially in activities that you want to be involved in. As you get older, you will pour out energy in your work and career, and you will be known as a very hard worker. But you may not feel that you are working hard, because the energy comes so spontaneously that you do not regard it as work. For this reason, you should look for a task or purpose that your life can revolve around, that you can identify closely with.

While you are young, this may simply be a hobby, but later on it will be your career or life work. Fortunately, with this aspect you won't have much trouble finding a purpose in life. You are not especially competitive, but you are independent. You do not like to be dependent on other people; nor do you like anyone to interfere with the schedule you have set for yourself. Consequently, you may find it easier to work and play alone than with others.

When you have to make a choice, you are usually able to do so quickly and easily, because you know pretty much what you want, and you go after it. If you don't know which of two choices to take, you may make an arbitrary decision, feeling that making some choice is better than going nowhere.

75) ► **Sun** ☉ **Trine** ♆ **Neptune** - (5°18' A) ☿10 | ♆6

([306] [astromatrix.org](http://astromatrix.org);) The Inspirer

With the trine, there is the potential for a successful reconciliation and resolution of the Neptune-Sun energies, leading to a powerful positive blending of the individual Sun center and the transpersonal outer planet.

Potential is present, but there may be question marks against your incentive, motivation and application in exploiting latent talents. This is the hurdle that can face you, especially when confronted with the nature of choice and decision over your life-direction.

You may be multi-talented in a variety of artistic and creative ways; music, art, literature, dance, drama, yet find it hard to be focused and sufficiently disciplined to become a master and not a jack of all trades. Associated with a perceptive mind, which is capable of good assimilation and understanding, should be an intuitive quality too, which you can use as a source of insight and knowledge. This intuitive or psychic faculty will mainly operate through the emotional nature as empathic identification, in distinction to the Uranian intuition which is more mental and impersonal in nature. This intuition often gives you insights into the nature and motivation of others around you, and environmental atmospheres can influence your state of mind and well-being.

There can be ambivalence towards social involvement and responsibility. Much depends on the nature of your expression; if it is within creative and artistic spheres, then your focus of attention and energy is absorbed within the creative vision. You are not unresponsive to social concerns, but you feel that being a creative channel is your contribution to society. Or you may respond to the Neptunian vibration by opening your heart wider, feeling a channel for 'universal love' supporting and uplifting others.

This path is one of service to the community of human beings, and medicine can be a favorite expression, or similar forms of physical, emotional and mental therapy and healing. In relationships, emotional freedom and trust are highly valued as components of an ideal romantic love. You tend to be emotionally faithful and give priority to the virtues of a close and loving family environment. Your empathic and sympathetic nature adds to those feelings of closeness with family and friends.

76) ► **Moon** ☾ **Trine** ☿ **Mercury** - (0°26' A) ♃4 | ☿12

([311] [astromatrix.org](http://astromatrix.org);) The Charming Speaker

Opportunities: 1. Learning from Difficulties 2. Embracing Ambiguity

Challenges: 1. Balancing Emotion and Reason 2. Working for the Common Good

The trine indicates an opportunity to reconcile the Moon's instinctive, emotional energies with the mental and communicative energies of Mercury. You should experience few direct conflicts between emotional messages and mental messages. A channel exists between the conscious and unconscious personality; yet these do not often pull you in different directions or amplify stress and psychological conflicts.

In order to determine your reactions to experiences, you will need to evaluate emotions and feelings; and this underpins your Mercurial intellect. You approach life with a relatively open heart and mind and see all experience as contributing to self-development. Even though your Moon may resist life's sometimes harsh lessons, you can see the positive value that can emerge from difficult times. Through this attitude and heightened sensitivity, you can acquire insight in addition to knowledge, particularly when perceiving the interconnectedness of information and new ways of using it. This provides a new foundation for ongoing creative expression.

You can be inspired by a desire to utilize natural talents and abilities for social benefit; and your 'common sense' reflects a progressive, optimistic attitude, yet one which is not overly idealistic or blind to life's realities. You recognize that all is not either light or darkness, but that much of life exists in the shadow or gray area between.

Instead of dwelling on the negative, you prefer to look toward more positive future possibilities, hoping to ensure that hard-won lessons from previous experience are applied when dealing with present situations. Experiences from the past can serve as stepping-stones taking you progressively onward. In social and intimate family relationships, you will be appreciated for your sympathetic understanding.

You have genuine concern and compassion for others, and a love of fairness and equality of opportunity. You help others less fortunate than yourself, and those who are passing through traumatic times of life disruption. Emotional anxieties are usually kept hidden, although, in your sharing and helping others, your previous experiences and lessons may be deliberately mentioned if they serve to support or illuminate problems. You are not the type, however, to unload any current difficulties onto the shoulders of others.

Reason and logic are strong personality components, although these are colored by your instinctive emotional valuations of people, situations, and circumstances, forming a uniquely personal viewpoint.

77) ► **Moon** ☾ **Trine** ♁ **Juno** - (7°36' S)    ♀4 | ♃12

79) ► **Venus** ♀ **Trine** ♂ **Mars** - (3°43' A) ♃11 | ♄7

([332] astromatrix.org:) A Natural Born Lover

Opportunities: 1. Loving Intensely 2. Seeking Pleasure

Challenges: 1. Understanding Indirect Communication 2. Understand Other's Motives  
Affectionate, pleasure-loving, and passionate, you have an intense approach to life that lasts well into middle age and sometimes longer. You have a great deal of warmth, which attracts others to you. Your relationships should be good. Your sex life should also be good. Not that this aspect is a guarantee of romantic success - there can still be an unhappy love affair or two - but it's certainly a plus and can help offset other stressful romantic aspects you might have.

One thing with this aspect that could need watching is the fact that you tend to be susceptible to flattery. While you don't play games with other people's affections yourself, you're a bit vulnerable to being caught up in other people's games, simply because you mean what you say and therefore assume others also mean what they say. Attraction extends to money.

80) ► **Venus** ♀ **Trine** ♄ **Spirit** - (7°47' S) ♃11 | ♄7

82) ► **Jupiter** ♌ **Trine** ♇ **Pluto** - (2°09' S)    ♄5 | ♁9

([352] [astromatrix.org](http://astromatrix.org);) Creative Energy

As with the sextile aspect, the trine indicates the potential of releasing a powerful creative energy emerging from a humanistic and spiritual perspective, which will be of positive use to yourself and the world. Your innate optimism and belief in the essential goodness of life will turn your inner faith into an effective ability to manifest your creative vision, especially as you are able to channel your will into constructive forms of expression.

Your contribution to society may well be in working closely with people; and you have the gift of being able to inspire others to discover how to experience life more intensely and creatively and to release their own latent talents. This can involve you in the expression of a sort of life philosophy which can be adopted by others on their path to

self-understanding. Obviously, any such influence must be carefully handled by you, both in how your own self-perception is changed and in what you offer to others or share with them.

There is a great responsibility to be assumed when presenting yourself in a way that can have considerable influence on others' lives; and awareness must be shown and applied to ensure integrity is maintained, that the 'teaching' is as honest and valid as possible, that there is freedom for disagreement or new thinking to occur, and that it is understood that 'your way' is not the only or most appropriate way for everyone. In fact, even direct opposition from another may be the right way for them to unfold themselves or to discover new insights and could be right for you as a stimulus to re-evaluate your own path and attitudes.

Primarily, you seem to function in a role of 'educator', and you are likely to develop into an effective speaker, clearly expounding your beliefs, ideas and attitudes, and being quite persuasive in that way. You tend to need personal freedom, and dislike being tied down into predictable patterns of behavior, as you may feel that you need to be relatively free in order to be able to respond to what you consider to be insights and intuitions.

You support social transformation and will reflect the unified vision as the direction for the future, offering a meaning and inspiring purpose for people to aim towards. You may find that a personal transformation is required of you prior to you fulfilling your potential role and function. Initially, this could involve considerable challenges facing you which require overcoming, or elements in your personal life that lead to periodic crises which lead eventually to wisdom and insight as a result of personal suffering.

83) ► **Jupiter** ♃ **Trine** ♁ **Lilith** - (4°07' A)    ♅5 | ♁9

For you, the first and foremost life priority is to liberate yourself from societal pressures, expectations and judgements. You place your freedom above everything. The pairing of Jupiter and Lilith fills your mind with the grand philosophies of this universe and a quest to reach the truth.

You are inclined to know the reason for breaking the stereotypical stigmas for spiritual development. You crave freedom, and this craving leads you to enlightenment. With the trine of Jupiter-Lilith, you can never compromise on your freedom because it makes you feel fulfilled. Independence steers you to expand and grow exponentially. You feel like a free bird to explore new horizons.

Being a social pioneer and modern guru, you use your intellect to defy the boundaries of norms. Conformity to the routine and set standards is not your forte. Your adventurous

spirit leads you to experience new things for the fullness. Lilith also supports you the unlock the intuitive knowledge of the universe.

84) ► **Saturn** ♄ **Trine** ♇ **Pluto** - (2°28' A) ♀1 | ♁9

([358] [astromatrix.org](http://astromatrix.org);) The Magnate

As with the sextile aspect, this indicates that you will have a good organizing ability, using your concentrated willpower to make the maximum use of your talents and resources, provided that you have clearly defined your purposes in the light of your real potential.

The concept of a manipulator of energies - or magician - is evident; and you will naturally use subtle energies to help achieve your will; this may be applied either consciously with deliberation, or as an unconscious psychological projection or emanation from you. This ability can be developed through forms of self-training; and you are likely to be attracted to occultism, astrology, magic, yoga and science, appropriate areas in which to investigate subtle energies through personal experience.

You may have a sense of underlying purpose in your life, perceived as a fated path which is unfolding naturally from within you, yet is a path that you feel you have to follow towards an unknown destination. It can be that this meaningful path of purpose threading through your life has the effect of stimulating essential change and transformation in the lives of yourself and others and is a 'calling' from the transpersonal dimension as reflected by Pluto.

You are capable of handling wisely any leadership or managerial responsibilities that you achieve; and you should be able to obtain the co-operation of others by your sensitivity to their feelings and openness to their ideas. Basically, you value people and have respect for others; and you use your powers of persuasion not to abuse the trust of others or take personal advantage, but to develop constructive harmony.

You accept the inevitability of change in life, especially in social spheres; and you may apply your talents to social transformation. You are less accepting of change in your intimate relationships, however, as you prefer things to remain in the same pattern once it has been satisfactorily established. You may feel inclined to use your 'subtle forces' to protect and restrict such a relationship; and whilst it may be quite protective in effect, you do have to remember the necessity for personal growth and development, and that an atmosphere of mutual freedom is preferable.

If you choose your partner wisely, there is the potential for a relatively stable partnership to develop, where both can unfold their unique potentialities over many years.

85) ► **Saturn** ♄ **Trine** ♁ **Lilith** - (4°26' A) ♀1 | ♁9

([651] [astromatrix.org](http://astromatrix.org);) Finding your purpose

Opportunities: 1. Creating a new lifestyle 2. Finding freedom

Challenges: 1. Believing in your abilities 2. Overcoming your reservations  
Saturn trine Lilith gives you the power to use your abilities to overcome social limitations and find ways to serve your purpose while growing and evolving along the way. You have an innate ability to sense cultural values and recognizing your place in society. You have been blessed with this knowledge to change the societal standards that create divides among people. Utilize your capabilities to restructure the society you are part of and search for true liberation.

You need to understand that everything comes at a price, and the cost of freedom is responsibility. But first, you need to work on self-acceptance and start believing in yourself. Lilith can help you in trusting yourself, ditching the imposter syndrome and opening a world of truth for you to explore. If you let it, Saturn Trine Lilith will set you free from whatever is holding you back from fulfilling your purpose.

You love running free. However, to reach your goal, you must trust your gut and work towards your destiny. All your life, you have been trying to run away from control. It is the perfect time to let go of your reservations and run free without judgements, unrealistic standards, and bogus rules.

([456] cafeastrology.com:) You enjoy an occasional family gathering or party, and you will generously offer to have the party at your house or contribute in some other way. Over time you are likely to have a fairly large number of friends and acquaintances.

100) ► **Mercury** ☿ **Semi-Sextile** ♄ **Saturn** - (0°50' S) ♀12 | ♀1

([456] cafeastrology.com:) If you are interested in a subject, you are very good at analyzing the concepts and ideas in detail until you understand them thoroughly. You are then able to explain the material to others very effectively because you have analyzed the subject thoroughly. However, your capacity for clear and detailed analysis is only triggered when you are very motivated, and when a subject does not interest you, you are content with a superficial or “sloppy” comprehension of the material.

101) ► **Saturn** ♄ **Semi-Sextile** ♄ **Chiron** - (1°50' A) ♀1 | ♀12

([464] astrohealer.com:) This configuration signals that one's consciousness may operate at the periphery of one's wounds or vulnerabilities. Alternatively, a parental figure or a grandparent may have been subtly ignored or dismissed because of a Chironic attribute, be it on the wounding side or on the healing side.

The most productive way of working with this configuration is to bring together the seemingly antithetical qualities of these two archetypes in favor of a third outlet: pity is not possible in the presence of piety, imperfection is not compatible with perfectionism, and deformity does not comply with structure, yet a synthetic approach that invites a

degree of order in the midst of chaos can prove to be both healing and productive.

In other words, with Saturn and Chiron simultaneously operating in yin and yang signs, there is a constant opportunity to marry the energies that seem incompatible at first glance in order to create a new generation of consciousness.

102) ► **Ascendant** ASC **Quincunx** ♄ **Neptune** - (1°07' A) ♈1 | ♎6

([536] 12andus.com:) In your early life you may hide your true self, indulging in escapism or addictive behaviors rather than sharing your creative talents.

You may lose yourself in relationships and people pleasing as well, using your creativity to invent a false identity or even false bravado at times.

With maturity and experience you may develop the ability to discern between your dreamy ambitions and practical paths to success. Be mindful not to lose yourself especially in relationships with others.

You will be more successful when you learn to transmute your creative energy into healthy coping through artistic expression rather than self delusion.

103) ► **Midheaven** MC **Quincunx** ☿ **Fortune** - (1°01') ♉12 | ♎6

104) ► **Sun** ☉ **Quincunx** ♄ **Ceres** - (0°36' A) ♏10 | ♎5

([558] 12andus.com:) When you feel good about yourself, you feel good about showing love and nurturing to others.

But your relationships can be effected by your sense of self-esteem. When you don't feel empowered, you may become absorbed in your own worries and try to focus on bringing yourself to a higher mood or status.

Your nurturing style may be generous, loving, praising but also inconsistent. You may even struggle to see your relationships as stable or judge yourself harshly when there are problems in your relationships.

With time and insight, you can strike the right balance between self care and nurturing others.

105) ► **Moon** ☾ **Quincunx** ♅ **Pluto** - (2°04' A) ♏4 | ♏9

[484] [485] ([483] 12andus.com:) Your insecurities lead you to vacillate between dominating others to try to compensate for your own securities, and hiding away from your true inner power.

You may spin your wheels at first trying to exert influence over others in emotionally

manipulative ways by either playing the victim or trying to use money and material wealth to impress and control others.

With time and experience you may mature to trust your instincts and allow your nurturing abilities to show through in powerful ways. When you learn to feel comfortable with your own emotions and intuition you can become a nurturing, healing guide for others. You may also be able to help others experience their own personal transformation.

([484] astrologyking.com:) Moon quincunx Pluto natal gives very intense and powerful emotions, fears and anxieties. Your intimate relationships, as well as your public image, are often complicated by guilt, jealousy, possessiveness, and intense moods. There is also the potential for your fears and worries to get out of control and cause strange behaviors.

You may have some behaviors or beliefs that you try to keep secret from all but your closest friends, perhaps related to your sexuality. But holding onto such secrets, frustrations, fears, guilt or other emotional complexes only buries them deeper in your subconscious. And this makes them even harder to control.

Feeling emotionally supported and accepted is very important with this aspect, especially from your mother. When you start to feel destructive emotions, it is critical that you find someone to talk to and share your feelings with. Otherwise, they can escalate to a tipping point when those dark hidden feelings either make you feel bad about yourself or escape as some uncontrolled behavior.

Extreme political beliefs or ideologies, as well as unusual behavior, can earn you more criticism than praise. This can lead to bitterness and the feeling of being an outsider. And your troubled emotional life can also lead to tempestuous or failed relationships.

However, you should have a very deep psychological understanding of human nature and also relationship dynamics. Keeping your emotions balanced will allow you to use this to your advantage. You probably also have a talent for uncovering secrets, solving mysteries, and understanding esoteric subjects.

([485] astromatrix.org:) The Need To Purify

You confuse intensity with desire and need with love. As a consequence of this, your relationships with others (especially romantic partners) can be powerful and spicy without engendering much closeness.

It takes time for you to recognize the habits that get in the way of intimacy; it takes time to alter them once recognized. Letting go of negative history lays the groundwork for

change. Give others permission to be different than everyone else has been before. Through this, you give yourself permission to be different.

106) ► **Mercury** ☿ **Quincunx** ♊ **Jupiter** - (0°31' S) ♃12 | ♄5

([491] astrohealer.com) One's cognitive style may have been formed through excluding a need for meaning, or as an extreme reaction to a need for meaning. Alternatively, political, religious or moral systems may be totally dismissed, held in contempt, or perceived as posing a threat to one's sovereignty of thinking, and as such, they may spur the individual to pursue an intellectual life which is, more than anything, a reaction towards such systems.

As the energy represented by a quincunx in most cases cannot be appropriated by the psyche, there is a higher chance for somatic manifestation regarding the archetypes involved: the lungs, hands and shoulders, the tongue and the nervous system may be especially vulnerable (as well as any other body parts symbolized by the Signs involved in the quincunx); therefore, it is recommended that one performs regular check-ups and take special care regarding these areas.

([38] [astromatrix.org](http://astromatrix.org).) Bright Ideas

North Node conjunct Mercury boosts the mental capacity and gives potential in areas calling for the use of the intellect. The higher powers have blessed you with previously untapped talents to communicate and to promote their bright ideas at just the right time to gain support and popularity.

In the past there may have been limited opportunities to go through learning processes or your communication might have been blocked. You may be a young soul and have a youthful quality. You can introduce fresh new ideas and establish new or modern ways of doing things. You can display wit and a versatile mind that is quick and adaptable. You can be progressive and innovative, frequently showing early potential. A drawback with this conjunction is you may go along with what is popular at the moment, scattering your mental energies. Or you may like to gossip.

You are likely to be popular, expressive and a good communicator. For this reason, you can be very useful in making ideas become accepted and agreed on by the masses with your manner of communicating. However, your line of thinking is often in line with the status quo and isn't too controversial and in fact usually accepted. Be careful of getting

swept up in popular ways of thinking that discourage progress. While endearingly inquisitive, you must learn to develop a more independent mind free of the input of others and social norms.

([155] [astromatrix.org](http://astromatrix.org);) Unexploited Potential

One difficulty for your self-esteem and ability to exploit potential is unease caused by diminished self-confidence. Energy can seep away through self-doubt and a tendency toward unproductive questioning which reduces achievement.

Emotionally, you feel unable to evaluate your abilities or creative efforts; they are too close to you, determining your state of well-being. You protect vulnerable emotions and sensitivity and may eventually realize that most of your pain in life comes from relationships. This can include friction with parents (either during childhood or in later life), unsuccessful love affairs and romances, being taken advantage of by unscrupulous colleagues or friends, or disputes in your family home, such as with children.

You prefer to think well of everybody, giving them the benefit of any doubt and relying on mutual trust; unfortunately, deception is common. Your evaluation of character can often be misguided or lacking in perception. You may discover a suitable channel for your social concerns by working for people's welfare; a sense of civic responsibility is well-developed, and you may see community activity as the moral duty of a responsible citizen. Certainly, working for social betterment will fulfill you in many ways, and provide reassurance for your self-esteem.

You may need to reduce restless feelings that disturb your inner state and relationships with others. Whenever you feel this dissatisfaction, discovering new areas of interest and activity can productively redirect your energies.

([600] [12andus.com](http://12andus.com);) Your desire for independence and freedom runs counter to your desire for a serious committed relationship.

You may want to be married or in a serious partnership yet your erratic, individualistic nature undermines the stability of your potential relationships.

You can allow jealousy or insecurities to challenge your relationships. You may also have a fear of commitment, even when you're in love with your partner.

If you are able to find balance between your need for independence and freedom and your desire for commitment, you can have a successful partnerships or marriage. You may feel more comfortable with a partner who lives at a distance or who isn't threatened by your need for space.

You may otherwise try to make a solid commitment in a relationship only to then act erratically and disrupt the bond you have, or repeatedly disappear when you need space instead of trying to work things out.

If you can try to work through your fears and balance your need for independence with your obligations, you can make the relationship work.

15) ► **Contra-antiscia-Pluto ♀ Conjunct ♂ Juno** - (2°49')

([602] 12andus.com:) You may want to be a part of a committed partnership or long for marriage.

Yet at the same time, you have an intense need for power and control. You don't easily share power in relationships and this can lead to turmoil as you may try to dominate your partner.

At the same time, your relationship may be plagued by drama and insecurities. You may have to work hard to find the right balance between trusting your partner and surrendering some level of control and also feeling secure and empowered personally.

Though your romantic commitments can lead you into dramatic personal transformation you have to be willing to let go and allow this transformation to take place.

Greater harmony and security in yourself may be needed first. You can also strive to find greater harmony in your relationship if you deal with your fears and jealousies, otherwise your relationship will be prone to drama.

16) ► **Contra-antiscia-Lilith ♀ Conjunct ♂ Juno** - (0°53')

17) ► **Contra-antiscia-Juno ♂ Conjunct ♀ Lilith** - (1°31')

([604] 12andus.com:) You may feel compelled to marry or find a lifelong partner yet your independent nature and raw inner rage can work against this goal.

You may have untapped emotion and a strong, independent streak that leads you to alienate yourself from prospective partners. The partner you may need in order to fulfill your path may be the person who balances your rebellious energy.

When you learn to align your creative, sexual and independent energy with the obligations you make to a romantic partner, you'll be able to draw on your intense motivation and courageous side to work through ups and downs in the relationship.

Until you do this, you may vacillate between wanting devotion to a partner and insisting on having everything your own way.

Balance your independence with your devotion to a partner and you will be able to navigate your destined relationship with greater ease.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 29° **Scorpio** 38' and in the **6th** house.

Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 20° **Sagittarius** 3' and in the **7th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 19° **Taurus** 25' and in the **12th** house.

Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 5° **Sagittarius** 31' and in the **7th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 1° **Aquarius** 59' and in the **9th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause

of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 26° **Scorpio** 32' and in the **6th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 4° **Cancer** 19' and in the **2nd** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 5° **Aries** 35' and in the **11th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 25° **Sagittarius** 41' and in the **7th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment

Nemesis in Seventh house (Libra): plasticity, divorce, separation, the pen

### **Lots related to family:**

The **Lot of the Father** is in 29° **Libra** 37' and in the **5th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 21° **Capricorn** 48' and in the **8th** house.

Same as for father.

The **Lot of Siblings** is in 9° **Aquarius** 26' and in the **9th** house.

The **Lot of Children** is in 10° **Libra** 10' and in the **5th** house.

The **Lot of Daughters** is in 21° **Sagittarius** 47' and in the **7th** house.

The **Lot of Sons** is in 10° **Capricorn** 17' and in the **8th** house.

The **Lot of Marriage for Woman** is in 27° **Cancer** 30' and in the **2nd** house.

The **Lot of Marriage for Men** is in 22° **Aries** 12' and in the **11th** house.

The **Lot of Deceit in Marriage by Woman** is in 18° **Virgo** 5' and in the **4th** house.

The **Lot of Deceit in Marriage by Men** is in 2° **Leo** 1' and in the **3rd** house.

The **Lot of Marriage (in general)** is in 27° **Scorpio** 49' and in the **6th** house.

**Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 9° **Cancer** 0' and in the **2nd** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 7° **Scorpio** 41' and in the **6th** house.

The **Lot of Treachery** is in 21° **Leo** 24' and in the **3rd** house.  
Betrayal of trust

The **Lot of Accusation or Exile** is in 1° **Sagittarius** 13' and in the **7th** house.  
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 18° **Virgo** 5' and in the **4th** house.  
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Aries (Rx)***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 1st House/Aries: Splashes the room with your vibrancy. Goes through many changes in appearance as well as identity crises. You look for something that can spark a new battle or even new life. This placement can have depressive symptoms in between lifestyles that pique your interest at the time. You were confrontational as a child. With time, you learn that sometimes it's best to sit back and wait, take your time to shed your skin. You may find that jumping to attack finishes what you start too soon. You are well known as someone who is explosive, dressing eccentrically and maybe having a temper, or at least love a good debate. You spark many interests as you live your life full of color, and your intense life brings much change to others as you are constantly changing yourself. Childhood for you brought you all over the place, and even now sometimes you feel like you're being stretched too thin. Try not to lose sight of your refined passions in search for new shiny ones and appreciate the lows as they allow you to relish the highs in your life.

### ***Pholus in 11th house***

([12andus.com](https://12andus.com/);) You may have a compulsive urge to seek out progressive and radical change.

Without intending to, you can spontaneously stumble upon a dramatic situation that forever changes your life. In particular, changing your associates, thoughts, beliefs and progressive ideals can lead you to dramatic breakthroughs.

You may turn over every stone to try to find a cause to put your energy behind. You may easily get caught up in social disruption and cataclysmic revolutionary change.

Group membership can be life changing for you. You can get involved in a mission or campaign that leads to dramatic breakthrough and personal relationships. You may

become zealous and go to extremes to try to assert your independence or in order to find what you are searching for.

Your use of technology can lead to dramatic breakthroughs which change your life. You may go so far that you need to then scale down your efforts.

Your desire for independence can lead you to reject or rebel against others and this can require you to need to sort out toxic attempts to assert yourself or make changes.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Sagittarius***

(12andus.com:) You may be drawn to fantasize about ideal love.

in may also feel a strong sexual attraction to those from other cultures, to the extent that you may fetishize some aspect of dress, culture or appearance rather than connecting with your partner.

You have a healthy sexual appetite that leads you to want to explore pleasure in every possible way. You may also have a secret desire to either engage in sexual connection in public places or while others are watching, or to be sexually involved with a number of people at once.

You can become obsessed with expansion and adventure and eager to try new things in sexual encounters. You need to have a partner or partners who are as vital and active as you are. You may be more sexually energized if you are active in other ways.

Hiking, camping, playing sports or other rigorous or adventurous activities can stimulate your sexual appetite.

#### ***Eros in 7th house***

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and

less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner and try to turn your partner into a more romanticized version of themselves so they fit your image.

### Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

#### Hygiea in Taurus

(astrology.com:) Taurus or in the second house: This Hygiea curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is “off.” While this generally predisposes them to healthy eating, overindulging when they’re stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

#### Hygiea in 12th house

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days’ events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night’s sleep because they recuperate from stress through the REM cycle, and are generally excellent at decoding their dreams to indicate fortuitous future omens.

As she's singing her lonely melodies, luring you to look inside and let her out, the waves crash against the beach. Shells are being crushed into dust. Into the sand covering the beach. If you let yourself be lured by her enchanting tunes, sadness and tears will turn into oceans and rivers, covering the entire earth. She wants them all to feel her sorrow. Her pain. To understand her, so she won't feel lonely anymore. Use that melancholy and melody as a beautiful narrative in life's gray path. Color the flowers.

## Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

## Nessus in Cancer (Rx)

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

### ***Nessus in 2nd house***

(smartyoungsters.com:) This Nessus is the one who suffers from an OCD of earning wealth and looking beautiful. This will be the Nessus who will buy all the top cosmetics to beautify the face. A broke condition even if temporary does not go well with this Nessus. Beg, borrow or steal is the motto of this Nessus. When positively expressed, will be an ambitious individual who will go from rags to riches. Using his genius as an example for others. In love this Nessus seeks a rich partner who can buy best perfumes, cosmetics, garments for him. In a woman's chart such women can make excellent fashion models. However, if such a woman marries below her status then husband will suffer from constant abuse.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

## Uranians/ Hypothetical Trans-Neptunian Planets

From the Hamburg School of Astrology. Alfred Witte and Friedrich Sieggren. Out of the turbulent times of WWII.

### Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

## **Hades | Underworld, Unknown**

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. ## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

### Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges

from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnigns.com:) It needs great loves and it's phantasmagoria will push him beyond the

curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to

bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

## Proserpina

(houseofinferno.com:.) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in  $^{\circ}$ (degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

The stormy cluster of fixed stars known as Hyades (aka "the weepers" or "to rain"). Highly provocative, creates a volatile, dark and libidinous vibration... hungry for release.

Satisfaction and success are guaranteed if this stalking, obsessive and compulsive force is harnessed, however, if left unbridled to run amok then expect the unexpected... for there will be tears. This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.

Midheaven Hyades position brings disgrace and ruin, often leading to a violent death. It also augers insight, ambition and eccentric behaviour. Beware of the mask these people wear. Sun in Hyades has a similar energy to the midheaven, although there seems to be sexual perverseness about this position.

The moon in Hyades stirs the emotions like no other. These aspects are prone to depression, anxiety and schizophrenia. Often this is a challenging aspect leading to knowing the self but not really wanting to change themselves for the better.
