([659] numerologycalculator.online:)

The Diplomat

The Life Path 2 suggests that you entered this plane with a spiritual quality in your makeup allowing you to be one of the peacemakers in society.

Your strengths come from an ability to listen and absorb. You are a fixer, a mediator, and a very diplomatic type of person using persuasive skills rather than forcefulness to make your way in the world. You are honest and open in thought, word and deed. You excel in any form of group activity where your expertise in handling and blending people can be used effectively.

Indeed, the 2 can sometimes become oversensitive. In some instances, the strength of the 2 can also become its weakness. You may find it hard to decide what to do at times. Twos often struggle against indecisiveness.

Life path number 2 is the number of learning and truth. Those with this life path number tend to seek peace and harmony in the world around them. They are natural peacemakers and they are always known to give their ideas and opinions voluntarily for any situation. When it comes to meditating between situations and people, they deliver

the best results.

People born in life path number 2 are very loyal. When they say they love you, they really love you from their heart and they never like to make false promises. It is very common to find these people having a lot of friends and acquaintances.

They always share a sensitive corner to others. Individuals with life path number 2 are very sincere, most honest and the best people on the earth you can ever come across. Their sensitive, caring and gentle traits make them excellent lovers and friends.

Expression (Destiny) Number: 1

([659] numerologycalculator.online:) The number 1 Destiny suggests that the direction of growth in your lifetime will be toward gaining greater independence and establishing yourself as a leader.

A name producing a 1 Destiny may help you gain the talents to become a skilled executive with keen administrative capabilities, or perhaps a sales executive, or promoter.

You have within you what it takes to become an original person with a creative approach to problem solving, and a penchant for initiating action.

Unless your Life Path shows that you won't need the help, someone may have to follow behind you to handle the details, but you know how to get things going and make things happen. As you develop, you will have little need for much supervision, preferring to act on your own with little restraint.

Progressing through life, you will become one who seeks to expand and broaden opportunities to find new careers and new inventions.

You must develop skills in innovation and ingenuity. You have a good mind and the ability to use it for your advancement. Because of these factors, you have much potential for achievement and financial rewards. Frequently, this Destiny belongs to one running a business or striving to achieve a level of accomplishment on ones talents and efforts.

As you mature, you must become increasingly ambitious and determined. Self-confident and self-reliant must be yours, as you develop a strong unyielding will and the courage of your convictions.

The 1 Destiny presents a tendency for you to fear the routine and being in a rut. You often jump the gun because you are afraid of being left behind. The negative attributes of the 1 Destiny include one becoming egotistic and developing a self-centered approach to life. This is an aggressive number and if it is overemphasized it is very hard to live with. You do not have to be overly aggressive to fulfill your destiny. You do not have to dominate and destroy in order to lead and manage.

Life Path - Expression Bridge Number: 1

([660] numerology.center:) Number 1 means that you are not sure of yourself. You would rather believe the viewpoint of others than your own choice. More often than not you think that other people are more clever and understand things better in all subjects. But you have to know that most of them just seem like this. Nobody knows what is better for you besides yourself. Maybe it is a discovery for you, but your intuitive power is great. If you are more confident and more assured in your abilities, you'll be much more successful and achieve your aims more quickly. Whatever you do, you are waiting for appreciation of others. Recognition is important for you. But the reason is just the lack of your self-confidence. Indeed you are an all-sufficient person and the opinions of other people just hinders you.

Heart's Desire (Soul Urge) Number: 4

([659] numerologycalculator.online:) People with this soul urge have a natural desire for order and are very good at working with their hands and tend to be tradespeople.

You have a need for stability and structure in your life. You want your life and everything that touches it to be orderly. You have a systematic way of doing virtually everything. You are often not satisfied unless you are working toward some kind of goal. This makes you focus too heavily on work at times so remember that stability also means having time for yourself.

All work and no play is not a recipe for structure or stability.

You are a very loving person but you struggle with your ability to express love outwardly. Don't assume the ones you love know that you love them. They need to be told and you need the practice of telling them. This will help you to achieve the emotional balance that you desire.

Personality Number: 6

([659] numerologycalculator.online:) The six personality is someone who loves to help others and who will give of him/herself tirelessly when needed.

They love to see others reach their personal best.

Six people are typically peace makers and try to avoid conflict. They can fit in well with a variety of people and are very easy going and agreeable.

People like persons with 6 of their Personality Number, as they are always ready to give an advice or counsel and can offer assistance. They radiate a protective and sympathetic concern of others' life and well-being.

They also make an impression of confident people whom you can trust. They like to help and have an understanding and helpful demeanor.

Heart's Desire - Personality Bridge Number: 2

([660] numerology.center:) You have the ability to influence people. You don't use this aptitude with your private aims. Maybe you even don't know about this ability, but very often people do what you want. However, in spite of this fact, you have to be more attentive to the needs of others. Good warm relationships will be long-lasting if you understand the expectations of people, who are important to you, and if you don't ignore them. Sometimes it is necessary to put the focus on the wants and needs of others. It will help to build natural harmonious relationships.

Patience is important for your job as well as for your relationships. Don't try to make things too quickly. In some cases it is necessary to calm down and wait a little bit.

Quiescent Self Number: 6

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 6 are likely to imagine the devotion of their family — not only for the beautiful and harmonious home they have create for them, but also for the responsibility they assume for their family's welfare.

The energy represented by the number 6 resonates with family, home, and nurture. Also with healing, responsibility, harmony, and idealism.

It is common for visualizations to lean toward pleasant and pleasing environments. There may be flowers in the garden. Pleasant music may be heard.

There's a tendency for a person with this quiescent-self number to visualize and experience the pleasure of visitors in their home — friends or strangers — who agree with their view of an ideal world.

Maturity Number: 3 = 2 + 1 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to be creative, expressive, and full of joy. You're being called upon to step into your creativity, enjoy socializing, and express with joyful and artful communication.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to creativity to center stage. Situations will arise highlighting your sense of joy and enthusiasm, communication on all levels, and social interaction.

What that might look like:

- Breaking free of repression and expressing through artistic creativity (writing, performing, presenting, anything that uses your creative self-expression) – you have permission to play more!
- Expansive sense of joy and purpose or debilitating emotional ups and downs.
- This Maturity Number points to ease, luck, and abundance in your latter years when you are in alignment with your creative expression.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

Karmic Lesson Number: 4

([664] worldnumerology.com:) A missing 4 may find you rudderless and confused about your life's direction. To obtain focus and success you will need to establish a methodical, disciplined approach. It is important to create a foundation for your life to keep from feeling lost and tossed about by change.

You may have trouble finding the work you do best, as you tend to be somewhat impractical and disorganized. Without a strong inner compass, you will look to life's problems outside yourself rather than within. A new job may start off as "The Answer," but it won't hold the same appeal for long (as you discover the new work requires the same effort and perseverance as the last one, without the initial glamour).

Concentration and application need to be strengthened when the 4 is missing.

The effects of this Karmic Lesson are diminished if you have at least one 4 among your other core numbers (Life path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 7

(Month + Day) - from age 0 to 34 (based on LPN) - ([665] feliciabender.com:)

General: Introspection and study are the key ingredients of the 7 Pinnacle. This is a segment of your life where you're beckoned to explore your inner world through study, research, intense introspection, and soul development in whatever manner you choose to pursue it. You'll experience wanting to be reclusive, as your focus turns mainly toward advancing your experience and knowledge in your area of specialization. This is a time mixed with analysis, gaining knowledge, and huge leaps in your intuitive capabilities.

By taking the time to develop spiritually under the influence of this 7 energy, you're setting yourself up for gaining substantial wisdom and skill, setting yourself apart from others in your ability to explain the unexplainable, and using your gifts to encourage others to seek and find their own truth and wisdom. As you find yours, you'll then be prepared to assist others in finding theirs.

Intrinsic to this vibration is a strict focus on learning, investigating, and gaining skills. You'll be pulled inward during the 7 Pinnacle, so chances are high that you'll become a bit of a loner during this time—as opposed to during other stages in your life when you'll feel more open and outgoing. Your comfort zone will reside most distinctly in working alone or at least with few restraints.

While marriage is not out of the question, it'll take concerted effort for both partners to make it work during your 7 Pinnacle. You might even find yourself uninterested or unconcerned with material matters and shy away from involvement in practical affairs. This could result in limited finances or even physical disabilities.

Pinnacle 1 Number 7: First Pinnacle: If you experience a 7 First Pinnacle, it can be difficult because it means you'll probably struggle with feeling alone and like you don't belong. Expect dramatic life experiences during this time that serve as teaching tools for your journey. It's a time when you're a serious student and—whether or not you can identify it as such—when you're motivated by inner yearnings. A First Pinnacle accompanied by the 7 vibration can be a difficult and confusing time.

Warning: Warning: Does this Life Path sound as if it called you be a reclusive monk or the equal of Mother Teresa? Not so. Despite the concentration on your internal journey, you still need to live in the physical world and you'll happily go out and dance the night away at a party, enjoy passionate lovemaking with your sweetheart, and hold down a job. You can do those things, but this vibration also strongly requires you to allow yourself the time, energy, and space needed to focus and study all realms of experience.

Second Pinnacle Cycle: 11

(Year + Day) - from age 35 to 43 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of

the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Third Pinnacle Cycle: 9

(1st Pinnacle + 2nd Pinnacle) - from age 44 to 52 (based on LPN) - ([665]
feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 3 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period,

full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Fourth Pinnacle Cycle: 4

(Month + Year) - from age 53 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 4 Number 4: Stage Four: A Fourth Life Stage imbued with the 4 energy will most likely not allow you to slow down or retire in the way you might desire or expect. 4 isn't a leisurely vibration, so it doesn't even recognize the notion of "retire" or "slow down." The important factor here is to do the work and feel good about the sense of accomplishment. There is a possibility that economic conditions will control your ability to slow down or retire.

The 4 Pinnacle teaches you that your effort is what counts. The upside: If you take this energy seriously and build a strong foundation, you'll reap the benefits for the rest of your life.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

First Period Cycle: 9

(Month) from age 0 to 34 (based on LPN)

([666] worldnumerology.com:) This is a period in which a broad view of humanity and a sincere concern for the well being of others will be developed. Tolerance, acceptance, and universal love are the goals of this 9 Cycle, and while such perfection will not be fully achieved, the person under this influence will grow toward these ideals.

Humanitarian principles and social service are the keys to personal happiness.

All work directed toward the improvement of the general welfare will bring great personal rewards, as well. Hard work directed toward higher ideals is rewarded.

Creative talent is also enhanced, especially when it is joined with some larger social purpose or message. There is an element of sacrifice or letting go, as one is asked to forgive past grievances and let go of negative attachments.

The person is being asked to live according to a higher ethical standard, with much spiritual and personal enrichment as his reward.

Second Period Cycle: 7

(Day) from age 35 to 61 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics.

This cycle requires that you focus your energies and thoughts. Regardless of the course you choose, you must immerse yourself and specialize to become an expert in your field.

This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also resistance to sharing your deeper feelings with others.

Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

Third Period Cycle: 22

(Year) from age 62 (based on LPN)

([666] worldnumerology.com:) This cycle carries enormous potential for establishing a lasting institution or teaching that will greatly benefit others. You have the ability to

manifest a concept, dream, or invention. Your talents as a builder, organizer, and visionary are at their peak.

You discern the needs of others and create constructive and practical plans to fulfill those needs. You commit yourself entirely to the work at hand.

For many, this dream lasts a lifetime and requires every ounce of energy and talent. An all-consuming role beckons but provides a great sense of personal accomplishment and reward. You possess an ability to make a lasting contribution to the well-being of humanity.

First Challenge Number: 2

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions
- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in

a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive "know-it-all"

- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Fourth Challenge Number: 5

(Month - Year or vice versa)

from the age of approximately 55/60.

([665] feliciabender.com:) The challenge inherent in the 5 is that you’ll feel a little crazy. This energy is highly charged and quite intense. Think about how you’ve felt during the 5 Personal Years you’ve already lived through in your Personal Year Cycle: That’s just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you’ll find yourself being extremely impulsive and unstable. You’ll want to try everything at least once, so there’s a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You’ll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Personal Year Number (for 2022): 22 (25 + 09) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 4 is a year of focus, work, discipline, and opportunities to enhance the security of the future.

It is a practical year. A pragmatic year. And a resourceful year. A year of paying attention to details and a tendency to focus on building a firm and secure foundation for the future.

The year tends to demand a lot of work — steady, conscientious, application of proven methods to reach personally-established goals.

Goals tend to be clear and reachable, and a method determined that virtually assures the goal will be accomplished.

Personal Year Number (for 2023): 5 (25) + (09) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 5 brings the inclination to express a personal sense of freedom.

This year, it is likely to be easier to get out of established habits and patterns of behavior than in most previous years, with a tendency to do so. It's a year of changes because there's a tendency to be interested in new things and to follow whim. The changes experienced this year can be thrilling and inspiring.

New opportunities and new conditions tend to manifest in response to the year's broader fields of interest and activity.

There tends to be an inner push to go do something, anything, so long as it's a new experience and an expression of the sense of personal freedom.

(feliciabender.com:) This is a year that feels like a whirlwind; so many pleasures, so little time! There are lots of ups and downs, so the key for this year is flexibility. Lots of unexpected opportunities are bound to come your way, so be open to trying new things. If you don't attempt to follow a strict plan you'll be better off. It's time to travel, not a time to make a long-term commitment!

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone (first letter) is same as first vowel.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your **approach to challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ...

([669] numerologist.com:) What Happens If Your First Name Begins With a Vowel? Numerologist Jean Simpson makes another interesting observation about the placement of the vowel in your name. She contends that when a vowel is the first letter of your name (for instance: Alyssa, Elizabeth, Ian, Owen, Yvonne), you often have challenges making decisions. When a vowel begins your name, chances are you aren't the best at making split decisions – it often takes more processing time to come to a decision or provide an answer.

Cornerstone and First Vowel: U

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person tends to approach life with a deep appreciation for the arts. The person is apt to be charming and kind, also highly creative, intelligent, and intuitive.

([671] spiritwalk.org:) You work hard and you get decent money, but still you cannot save it. You need to learn to prioritize things that you need and that you want under any influence. Try to be more consistent and not to change places of work. You are tactful, kind, creative and have an amazing sense of style, so use your strengths.

([672] numerologist.com:) Cornerstone: A shortage of money usually prevents you from setting goals for your life in the first place. The U Cornerstone person may also have problems with confidence and self-esteem.

([673] numerologyzen.com:) Letter U. An intuitive letter which is slow and energetic at the same time. It represents a sort of magnet allowing the circulation of energies from high to low to high again. This letter symbolizes the confrontation of the mind and sentiments with matter. In a way it is the obliged passage of the vital spirit by a phase of

gestation (also trial or inner work) opening out into creativity. U is linked to communication and self-expression. U is creative while at the same time being quite conservative. [His,Her] verbal and vocal aptitudes are important. Very fond of communication, U is demonstrative, open and generous but also sensitive, delicate, refined and a perfectionist. U lives and feels [his,her] emotions and sentiments strongly and so can easily become disturbed or overwhelmed. U doesn't like to become withdrawn, it is a delicate period for [him,her]. U will communicate in a balanced and happy way as long as there is no bother to disturb [his,her] emotions. U sometimes has a tendency to choose the light side of life, the joy of life, relationships, social activities and invitations where [he,she] can shine. U is fundamentally generous and like to give [his,her] time and energy for others. U will be more comfortable if [he,she] doesn't need to get involved too much into worldly contingencies. Use without excess of these assets will push U towards all careers which are artistic, creative or communicative. This letter carries a merited success (with some efforts). It is a letter which benefits from a certain protection and which ideally wants to raise itself.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): C

([676] ezinearticles.com:) This letter indicates that being extroverted and outgoing could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): N

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "N" tends, when possible, to conclude things in a sensual and public manner. An appreciative audience sweetens the accomplishment.

([671] spiritwalk.org:) You are a creative person, a little bit out of this world. You like things having their place and order. It is important for you to systematize your life a little bit, maybe in a form of diary, or summing up your day when you are about to fall asleep.

([672] numerologist.com:) Capstone: You sometimes sabotage your own success by being rigid or opinionated. Addiction or codependency can also be blocks to success.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend"

your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

9 on the Mental Plane

"Compassion", "mercy", "caring for your neighbors" – all these are not some abstract notions for you, but very specific principles of life. And not in the utilitarian, but in the global sense. That's what you are appreciated and respected for. Sometimes you might feel that you just can't help everybody so you want to show healthy egoism. It's quite normal. You just need to learn to keep a firm hold on yourself.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

5 on the Emotional Plane

If someone can be described as "a good head on shoulders" or "neat-handed", then you by the same right can be called "eyes wide open." You are observant, curious, and always ready to absorb new experiences, and take equal interest in unfamiliar places, people, and situations. But this constant craving for the new makes it hard for you to maintain any long-term relationship. So even a temporary standstill can result in depression. You can try yourself as a natural scientist or a traveling salesman with equal success.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

9 on the Intuitive Plane

Your motto is imperturbability and constant self-control. You are almost devoid of emotions; the others' emotional expressions arouse your distrust and even outright irritation sometimes. Beware: next stages on this way are isolation and anger. Try to be more understanding to those whose mode of behavior differs from yours. Pedantry and meticulousness can make you an indispensable employee in business and management.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

Vital energy — 2

"Energy deficiency" - you are only up to do the most important things. Large groups, wild nights, many days of hikes and monotonous work make you exhausted. But moderate involvement in sports, fitness, yoga and normal sleep are vital.

Cognitive, creative — 33

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — 77

"The Lucky one" - if you are one of "those who help themselves", then fate will help you to be at the right time and place. And sometimes it literally saves from making a mistake and bad decisions. But it happens that after a series of successes people with 77 become too self-assured, believing that they will always be lucky without any efforts. Famous last words! Fortune loves to put swellhead's nose out of joint.

Duty — 88

"Do good for others" - these people usually have a well-developed social orientation and high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)***Self-Esteem (Line «1-2-3») — 6***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 3

"Rotational work" - for this person it is the ideal way to make money: earn a living quickly and effectively in a short time, and then relax. Most often, they look for efficiency wages.

Talent (Line «7-8-9») — 5

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and want to live with someone who shares this goal.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 5

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

Temperament (Diagonal «3-5-7») — 5

"Hot" - this person can't live without physical love and demands it, because intimacy is a part of their self-expression. At the same time to elicit their potential it is also important to have a hot partner. People with hot temperaments (5 and 6) often seem to be slightly cold, their fervor comes into full play only with a partner.

TEN: Accumulate - Amplify

CHALLENGE: Irresponsibility

Air-Swords - Celestial Object: Moon

CLUB: The Club personality illuminates the cerebral attributes of Spirit. The nature of the Club is to discern and disseminate knowledge. The personality of the Club attracts ample opportunities for the soul to experience the workings of the mind and the processing of information.

TEN: The value of "10" is illumination. It is an all-encompassing vibration, resonating superiority and accomplishment. The personality of the 10 is attracted to experiences that broaden their horizons. They like to accumulate (knowledge) and will use whatever resources to their full advantage.

JOURNEY OF THE SOUL: Their Soul Card is the Jack of Spade. This emblem is symbolic of cunning and determination. As the Jack, it is also young; the neophyte (Greek for "newly planted") eager to fast-track their journey in life.

In their most successful state of being, the personality of the Ten of Club is a successful communicator who inspires others to provide the services and work required to achieve considerable success.

Ten of Club is symbolic of mental illumination. Those born on a 10♣ day are innovative and have a creative mindset. Their greatest success lies within the mental realm of ideas and communicating those ideas to others on a large scale. We also consider the Ten of Club as the Moon Card; known to astrologers as the emotional, intuitive mind.

Ten of Club people are often suspicious and demand loyalty from friends and family. We know them as task-masters within the family, and even they feel they are deserving of that title. They are also afraid of being judged and are insecure on a deep level. All 10 of Club like to work, and for those instilled with a moral sense of values early in life, their personal achievements are tremendous.

Those born on a 10 of Club day learn the power of money at a very early age. They also have a knack for investing in things that bring speedy returns. Their greatest gift, however, is bringing people together to achieve their own success in industries that provide service to others.

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

(metasymbology.com:)

DIAMONDS: Values - Commerce - Brilliance

EIGHT: Dominion - Stewardship

CHALLENGE: Trust

Fire-Wands - Celestial Object: Sun

DIAMOND: The Diamond personality illuminates the creative spirit of matter - the material world. The spirit of the diamond is bright and active. The path of the diamond ensures the soul traverses the enterprising world of marketing or commerce to experience its value and worth.

EIGHT: The value of 8 is power. It is a fixed, unyielding vibration that seeks to manage, organize and govern. The personality of the 8 attracts situations and environments where it can exercise power.

JOURNEY OF THE SOUL: Their Soul Card is the Queen of Spade. This emblem is symbolic of the matriarch – the faithful and protective guardian, drawn toward remedying those in need.

In its ultimate state of being, the personality of the Eight of Diamond administers its creative talent to enhance the world. A gentle, inner strength empowers others to shine light where there is darkness and beautify what is otherwise ugly in the world.

During their early years (age 1-13yrs) karma dictates the 8 of Diamond learn important lessons from an impatient, transient father or father figure. These early experiences and impressions encourage the personality of the 8 of Diamond to take on responsibility at an early age.

Eight of Diamond are independent and hard-working. They are able to penetrate through any perceived barrier to acquire the knowledge they seek. They lack patience with stupidity but are otherwise very patient.

Theirs is a gentle energy, enveloped in an aggressive desire to express themselves and create a better life. They appreciate beauty and strive to enhance it. They are the Sun Card, and like the sun, can help others grow and overcome limitations.

The inner nature of the 8 of Diamond is to nurture and protect, to love and be loved.

They are trustworthy, but the personality deals with a deep mistrust of intimate relationships, at odds with the qualities of their soul.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

(metasymbology.com:)

King of Clubs are also known as emotional idealists and need to be careful they don't scatter their forces due to emotional disturbances and problems within the family.

Both sexes have strong family ties and they tend to make excellent parents. They are often willing to make sacrifices to provide for their children.

The King of Club rarely lacks money and they usually make it by being in business for themselves. These people make excellent lawyers - especially for corporations - and trustees for estates.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Three of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Three of Heart Meaning: Lovers Triangle.

Karmic Challenge for The 3 of Hearts: Loyalty and Faith in Love.

Water-Cups - Planets: Double Mercury

All THREE's represent an element of uncertainty based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus, even though the 3 of Heart appear to be charismatic, social butterflies, in truth, they are inherently mistrustful and unwilling to commit.

Adventurous and entertaining, the creative energy is a keynote of all 3's. As well, a genuine curiosity about what makes other people tick is an endearing quality of the Three of Heart.

The Soul Card for the 3♥ is none other than the A♥. This second heart emphasis attributes to their beautiful, emotional nature, and their compelling need for love.

Highly capable of achieving success in any work involving groups of men or labor unions, the 3 of Heart are very quick to adapt and will change occupations whenever they feel stagnant or bored.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Ace of Clubs (metasymbology.com:)

CLUBS: Information - Reason - Ideas

ACE: Searching - Penetrating

CHALLENGE: Self

Air-Swords - Planets: Mercury & Venus

CLUB: The Club personality exists to fully utilize the attributes of mind. The Club is defined by the air element. It carries the invisible currents of thought and consciousness.

To the Club, these invisible currents are the visible pathways that illuminate the bridge between knowledge and understanding.

ACE: The vibration of the Ace resonates as one note. Its sole purpose is to acquire and assimilate the elements of its suit. It preoccupies the personality of the Ace with a single purpose.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Heart. This emblem symbolizes the bonds of love between two people. The journey of the soul is to experience a loving relationship wherein they share their quest for knowledge and love of insight.

People born on an Ace of Club day have beautiful, bright, inquiring minds. As children, their mother or a mother figure encourages an independent spirit and fosters their love of learning, which continues throughout life.

Those born on an Ace of Club day have a knack for inspiring confidence in others. They are at their best and feel most accomplished when they are creating a healthy environment for their loved ones, including their community and country. They appreciate natural beauty as a sign of good health and use it to bring success to their chosen line of work.

Multi-talented, the Ace of Club can pursue several career paths. Uncertainty surrounding finances or other resources is a common theme. But they maintain optimistic and will always find creative ways to make ends meet. The most successful and powerful Ace of Club are those who “do it all” but leave the financial details to those who are better equipped to handle them.

There are some dark areas to the otherwise bright and positive personality of the Ace of Club. In particular, they suffer from jealousy, even betrayal from those who do not understand their desire to work for the benefit of all. They also prefer to keep their religious beliefs to themselves, conventional religion in particular, as the doctrines of tradition leave little room for their probing, questioning minds.

After age 91 the cycles repeats.

Cosmic Reward Card: Three of Diamonds (metasymbology.com:)

Diamonds: Values - Security - Dharma

Fire-Wands - Planets: Mercury & Uranus

Personable, Illuminating, Worrisome: All 3's harbour a mistrust related to the meaning of their suit. The DIAMOND suit symbolizes financial and material values. Thus the 3 of Diamond are often mistrustful of financial institutions.

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

Early marriage is usually filled with such serious obstacles and troubles, it's better for the 3 of Diamond to wait until late 20's before tying the knot.

Cosmic Moon Card: Seven of Hearts (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

HEARTS: Love - Relationships - Faith
SEVEN: Sensitivity - Overcoming
CHALLENGE: Mastery
Water-Cups - Planets: Mercury & Venus

HEART: The Heart personality is here to learn about human love and relationships. The spirit of heart navigates the turbulent waters of emotional energy. It is the area of life most difficult to master. The heart personality creates experiences that demonstrate love is the sole (soul) power behind all power.

SEVEN: The value of seven is victory. It is a sensitive vibration that rides the razor's edge of life's hard experiences. It is stressful and tense. It is the number of obstacles. The personality of the 7 is chosen to overcome adversity by rising above and beyond the challenges of their karma.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Heart. This emblem is symbolic of the healing power of love. It symbolizes restoration, and reconciliation. It radiates charm and magnetism. The wise 7 of Heart use their soul-power to attract the help they need. They turn obstacles into victories and harness their emotional stress as motivation to succeed.

Childhood experiences teach the young Seven of Heart that in order to overcome adversity, they must rise to the challenge quickly. They and their family receive many calls for help, usually financial, which creates an understanding of money as a necessary evil.

Seven of Heart personalities operate on a higher frequency. Their mind stuff is highly cognizant of light energy, which they tap for creative ways to release the incessant stresses of their youth. Many artists, singers and entertainers are born on a 7 of Heart day.

The most challenging karma for the 7 of Heart has less to do with the spirit of the heart than it does with learning how to use their fine minds. They have such broad viewpoints, it's difficult to narrow down the channels of thought. They are busy inventing and building bridges to progress while the rest of us mull over cause and effect.

There are those, of course, whose evolution is on a lower frequency of light. For those seven of Heart, mental frustrations create a lazy mind, unwilling to rise to the challenge. Emotionally wilful, there are no half measures for the 7 of Heart! For good or for worse, they are self-sacrificing and loyal to death do they part, or the romantic rebel, unwilling to take on the emotional work for a committed relationship.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

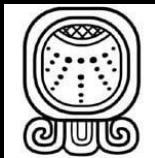

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Stability (4) Ix

North (White) glyph: Support / Comfort

Day Sign: Jaguar

/ Ix (Yucatan) / I'x (Kiche)

Ix types can be private, sensitive, intelligent, and psychic. They have an inborn sense of strategy and make good planners and investigators.

Ix types may be aggressive but they will generally avoid direct confrontations. They will fight to make a point, though they usually do so in somewhat indirect ways.

Some are cryptic communicators. They are not fearful of becoming entangled with other peoples lives.

Ix types tend to become deeply involved with others on many levels, and they will base their security needs on these relationships.

When things turn sour, they find themselves caught up in a network of ties and obligations that are difficult to throw off easily and quickly. This tendency leaves a lot of unfinished business and opportunities to process what has happened, which may yield deep spiritual insights.

Ix types make good healers and consultants. They are inclined to be concerned with religion or spirituality, and they often display various kinds of psychic abilities.

They are very sensitive in general and can read people intuitively. When this psychic ability is combined with their tendency to become deeply involved in human relationships, what emerges is essentially an identity as doctor or counsellor.

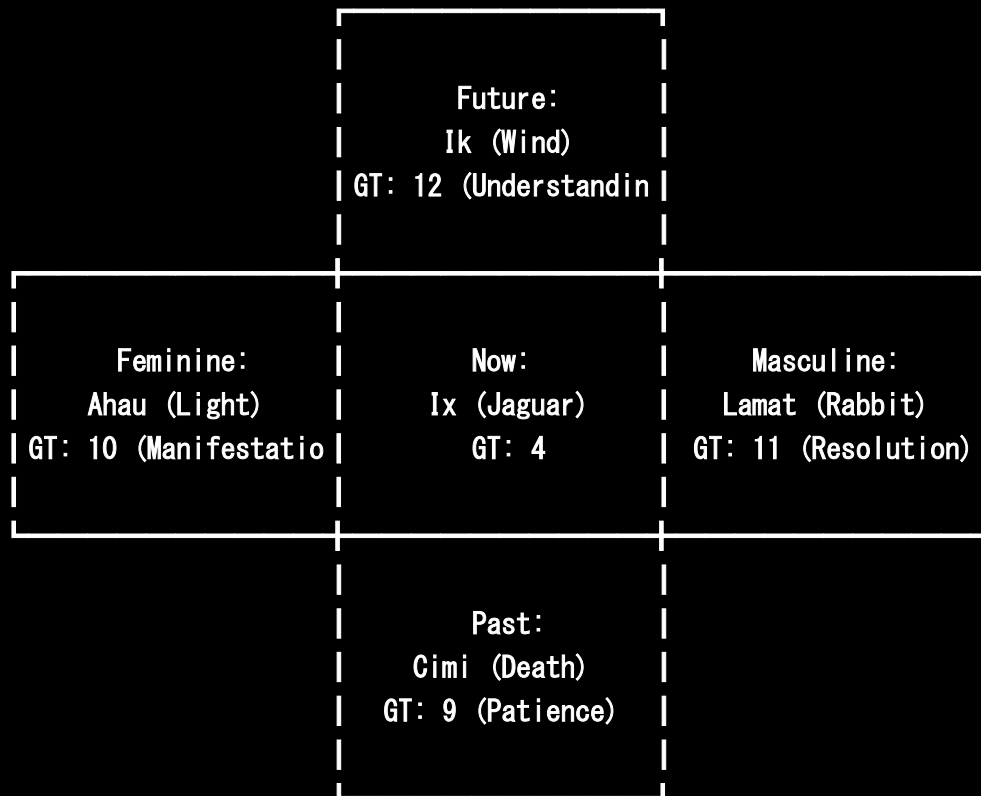

At their very best, Ix types are healers and confessors and as such provide a necessary service to humanity.

Challenge:

To sort out complex and entangled human relationships; to purify ones social life.

Solution:

To develop healing and counselling skills.

Four Directions

Ix natives share a certain slippery, Otherworldly glitter with the natives of Akbal, Cimi, and Ahau, the other Underworld signs. Cimi in fact, is the past sign and Ahau constitutes the left hand power, so it may truly be said that they emerge from the otherworld with their time in the pool of souls still predominant in their personalities.

One of the Ix's challenges however, is that he is always headed towards Ik. Which generally blows conflict and contention into his life.

According to contemporary day-keepers, Ix natives are likely to become wealthy. The Maya think of wealth in terms such as gold, silver, and crops-all of which are either found in the earth or emerge from the it.

Since Ix is an underworld sign closely linked to Santo Mundo, it follows that wealth is an adjunct of this day- sign. A close parallel exists in Greco-Roman myth. Pluto, the fearsome god of the dead, was also a god of wealth because the source of wealth (ie. Gold, silver, and precious metals) lay hidden under the earth. This, in fact, is the origin of our word "plutocrat". Ix natives are the plutocrats of the Mayan world.

The wealth that falls to the natives of this day-sign has a price. It is said that those born on the day Ix are likely to be afflicted with all manner of illness. This is because the vital and transforming power of the underworld, the Santo Mundo, is always pushing the Ix native towards transformation. We all resist change and the conflict manifests as illness. There is, of course, one solution to this; to accept change and embrace inner transformation. Many Ix natives are to be found engaged in current spiritual practices and workshops that stress inner transformation, and this is as it should be. The Ix native who accepts the need for transmutation can become an especially powerful shamanic figure. Among the Quiche Maya this person is considered a good candidate for initiation into the ancient ways and the knowledge of the Sacred Calendar. Whatever ones cultural or spiritual background may be, however, the Ix who transforms night world cunning and cleverness into true magic and wisdom can reach great heights indeed.

4 is the Tone of stability, balance, and harmony. Think of the four sacred directions in Mesoamerican spirituality, or the four elements in astrology, yoga. You bring stability and endurance to human life just like a table standing strongly on its four legs, or a car going on its four wheels. There is healing found in stability. If someone is sick, the healing will take much longer time, if they keep moving around.

You have the power to become a good healer and use your abilities to heal yourself and others.

Trecena Sign: Monkey

/ Chuen (Yucatan) / B'atz (Kiche)

Beneath the 1-Chuen surface personality is a strong need to be in the limelight, or at least to gain the attention of the public.

People born in this trecena are instinctively attracted to activities like teaching, performance, and presentations of all kinds.

They love to play and usually have several hobbies in which they engage when they are not working.

Night Lord: 2

These types are dedicated to their work regardless of whether they are employees, run their own business, do volunteer work, or merely do work around their own homes.

G2's sense of responsibility is quite high. Others may perceive them as obsessive and compulsive and inclined to do more than needs to be done.

G2 people are hard workers, stubborn and often quite thorough about attending to details.

Personal sacrifice comes naturally to them and one of their most basic reactions in any situation is to stand aside for others who assert themselves.

G2's are ambivalent about being the boss, and they manoeuvre themselves into jobs or situations where they can take orders from above. Most people see them as polite, accommodating, considerate and respectful. An important life lesson for G2 types lies in making their personal sacrifices meaningful.

Another lesson comes from learning to focus their tremendous capacity for giving. Their dark side lies in excessive self denial.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Venus conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Hazel Tree

Strong keywords: Peaceable, Easy-going, Strong will

Weak keywords: Moodiness, Imbalance

Tree variants: Marjoram, Valerian, Savory

Birthday:

22 March - 31 March

24 September - 2 October

Meaning of the Hazel Tree

Hazel trees are actually inconspicuous shrubs that have so much good and useful hidden inside them. So do people born under their rule.

Characteristics and Personality

They are quiet, discreet, they never draw attention on them, they do not raise their voice and very often you do not notice when they are around. Nevertheless, the saying "Still waters run deep" describes them well. Hazel people are usually very intelligent, they

have great memory, good intuition and the ability to learn quickly. They come across as plain but potent people. Exactly this type of people used to be considered a saint or blamed for witchcraft a few centuries ago.

Hazel people usually achieve their goals easily because they are able to take advantage of all their abilities. In relation to others, they tend to be friendly, helpful and easy-going. They can be very patient, understanding and selfless, and they are very generous to their friends. They always start everything with love and goodness because they believe that is the easiest way to achieve things. However, everything can change when they become disappointed in their relationships; then they can harden up and stop trusting. Despite all of their talents they can be moody and unbalanced. Thanks to their foresight and high intelligence they often come up with unusual ideas and solutions that they have thought through to the smallest details.

Although Hazel people tend to be successful in life, they do not like to be spoiled by luxury. They are perfectly adaptable and even little things can make them happy. Fluctuations in their mood are seldom caused by external conditions. So there are moments in their lives when it is better to get out of their way. The same is true about their love life; most of the time they are loving partners, but sometimes they become very grumpy. Still, life with Hazel people is interesting and pleasant, albeit full of change. They are usually reliable and faithful partners in marriage.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Love characteristics

Sun Aquarians approach their relationships in a unique way. They are not like others for they could be loving this moment and completely detached the other.

But it wouldn't matter the way they treat their lover, as they will still think love is sacred. Their partner should know the only way to make them run away is denying them their freedom and their way of thinking.

All these natives want more than anything else is to be themselves and to respect only their own rules.

And their other half would have to understand they are very individualistic. Keeping them guessing would be a great idea because they want to be surprised. They would be more than happy to share their life with someone who's as unconventional and as eccentric as themselves.

Aquarius Sun and Pisces Moon man

The Aquarius Sun Pisces Moon man will always look dreamy and will play the confusion card, as if he doesn't know where he is. And he will be like this no matter the situation or the people he's dealing with. He can have mixed feelings when taking on too much.

He will end up not knowing how to separate feelings and activities. Because he's deeply spiritual, he will most likely become a priest or a religious guru. The occult attracts him, therefore many will see him as strange because of this.

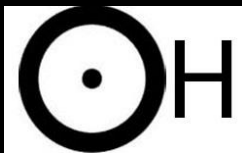

A career involving technology or a very competitive environment will never work for him. He would be happy if he'd be able to help people. That's why he could be a great psychic.

Imaginative, the man with the Aquarius Sun Pisces Moon combination thinks a lot in images. If trained and motivated, he could become a good artist or designer. But he needs to be more disciplined and focused for this to happen.

Without concentration, he's just a wreck that continues to degrade. Easily influenced by others' feelings, this man absorbs emotions like a sponge.

That's why he needs to meditate and to relax as often as possible, but with care, as isolation makes him too apathetic. Many will think of him as uninterested in others because he's easygoing. This is the Aquarius' influence. But he's very caring, just that he doesn't show it.

([867] i.thehoroscope.co)

This placement of the Sun makes people be honest and always say what they mean, plus usually keep their word.

People born with the Sun in the ninth house in their birth chart are rather idealistic and dreamy than practical and down-to-earth. They're the thinkers who like to come up with broad ideas and to express themselves openly.

It's important for their motives to be noble and well established, even if they lack practicality with every fiber in their body. Very interested in philosophy, religion and law, these natives have a highly developed mind that can absorb any type of information, no matter the circumstances.

Their intuition isn't bad either, but they may think of ideals that are too high and carry them too far away from home. If they won't control their enthusiasm and curiosity, they can become fanatics and lose touch with reality.

Summary:

Strengths: Collaborative, sensual and knowledgeable;

Challenges: Vain, pessimistic and disrespectful;

Advice: They should seek ways in which to enlighten themselves.

Always saying what they mean

People having their Sun in the 9th house want to understand the world surrounding them and have high ideals that make them very curious.

Always looking to the future ready to get involved in new challenges, they can't seem to sit still for one minute.

Proud of what they know and their way of thinking, they should be careful not to become self-righteous and enthusiastic to share what they know to the point of being overwhelming.

When working with their traits in a correct manner, they're flexible, fun, inquisitive and able to see what's best in people or to appreciate the beauty of life.

Very honest, they're always saying what they mean and usually keep their word. Wanting to learn more about anything and thinking of the highest ideals, this can sometimes work against them because they can end up being all over the place.

Their ego gets stroked with the more knowledge they accumulate and also share. While admirable for all their enthusiasm, the line between enlightenment and self-righteousness can often be crossed, so they need to keep this in mind.

The positives

Sun in 9th house individuals need to all the time expand their view on the world by knowing as many things as possible and experimenting first-handedly.

They like philosophy and to interact with new cultures, which means they can often come up with new ideas that are against the collective opinion.

However, their vision will always have them above others, loyal to their beliefs and truths. They're very happy when testing their own limits and living all kind of adventures.

That's why they will always travel and have friends across the world. The placement of the Sun in their 9th house indicates they will understand who they are by exploring the

world, so they're the extroverted type who can still focus when required to.

Their ability to go above and beyond means they're expansive whether if it's a matter of capability, experience or resources.

Opportunities will always appear in their life, but they will travel far away distances to get them.

Any new experience makes them curious and eager to master the talents that it involves.

Sun in ninth house natives can stretch their mind by exploring other planes of existence, thus by being spiritual, creative, philosophical, religious and adventurous.

They always want to go beyond limits and to broaden their knowledge, so their view on life will be more interesting than that of others.

Great intellectuals, they will study and look for stimulating environments rather than places where there's nothing to do or they can't discuss great things.

They'll be motivated to become knowledgeable ever since children, when they won't be interested in getting the highest grades, but to find out as many interesting things as possible.

They will always be aware of the deepest matters regarding life and will want to give their existence meaning, direction and a certain level of discipline, answering all the questions about illumination.

Intuitive about deeper meanings and following what life has to offer for the soul, they will look to experience with people and situations that make them develop as philosophers.

Having knowledge in this direction and holding on tightly to their beliefs makes them feel stable, no matter if they're fanatics about certain religious or moral and ethical principles.

They don't mind talking about politics and are true humanitarians, thinking the world can be ruled if these things function properly for everyone.

When the Sun is in the 9th house, natives with this placement are always ready to open their mind to new ideas and realms.

Their purpose is to only enjoy the freshness of mental perspective, to grow, travel and encounter new philosophies. It's like the entire Universe is plugged to their brain, which means many will be curious about them and what they have to say.

Ethical and energetic, they don't just adopt a way of life and philosophy, they're

struggling to encompass them all and to come up with one that's original, personal and that makes them happy.

Very opinionated when it comes to academic subjects, their principles are well documented and interesting. However, it's important they don't become too rigid about these or end up no longer accepting what others may have to say.

Not at all attached to places, they're rather travelers who change jobs and are not negatively affected by the new.

The negatives

When the Sun in the 9th house is afflicted, people having this placement in their chart may not trust things in their life are going to get better if they've experienced something that destroyed them inside.

They may also impose their beliefs and religious orientation on others, having problems related to the elements in the ninth house: academics, travels to faraway places and others.

It's important for them to realize other people have the same right to believe in different things, just as them have to believe in theirs.

They may be so lightheaded and relying only on abstract concepts that they no longer know what's real anymore.

It would become useless for them to know where they're located in the galaxy if they'd no longer know the street on which they're living.

It can be challenging for them to combine their thoughts and ideas with discipline and live a life based on strong morals, but the wisdom resulted from doing this could help them a lot.

The Sun in the 9th house can influence people to have fixed principles, especially when the Sun also happens to be in a fixed sign.

Many religious and philosophical teachings would be turned into certitudes for them, and they may be unconsciously authoritative, trying to impose what they believe in on others.

This means putting boundaries around themselves, closing their perspective and no longer allowing any new options to come in, which wouldn't be in any way beneficial for them.

Being moralistic and judging or criticizing all the time could make them separate themselves from society. If insecure, they will always search for something to change

this about their personality and never find it.

What usually limits them the most is their ego, so they should make an effort to drop it and to understand life comes with both good and bad things. They have the tendency to think they're the most important and to become defensive when their position in the middle is being threatened.

A fact that proves them they're wrong with what they believe in would completely destroy the confidence they have in themselves.

Arrogant because they think they know everything about the world, Sun in 9th house natives are very proud of all the knowledge in their mind and want to acquire a high social position with the help of it.

If proven their beliefs are wrong, they no longer know what to do and become extremely disillusioned, maybe even giving up their faith and beginning to overindulge in all sort of pleasures.

It's important they don't become moralistic when it comes to those around them and allow themselves to continue being free while not asking others to conform to their beliefs.

Never hypocritical or dishonest, they have a chance to live in higher planes of existence and to become amazing people, but they need to be more subtle and always less assertive, judging or weighing with their own measure.

Sun ☉ - Detriment in Aquarius

([871] southfloridaastrologer.com:) A restricted expression of the ego is found when the Sun is in Aquarius. Aquarius' need to think of the group's rules and needs before thinking of themselves is opposite the Sun's need to shine and express the ego.

The position of the Moon in fourth House can make these people indecisive regarding what profession to choose, so they may change many jobs and have their emotions ruling over what they want in their career.

It's normal for them to react impulsively when at work, because their feelings would have them acting this way. If they'd recognize this about themselves, their business associations would be much more successful.

Summary:

Challenges: Worrying and feeling overwhelmed;

Advice: You should learn to let go of things that have changed.

They succeed no matter the obstacles

The Moon influences these people to be intuitive and to unconsciously dream of their goals all the time. Their need for a good position in society can't be seen in other natives. That's why it comes naturally for them to achieve their goals and to make their family proud.

The 10th House is about authority in all its forms, including the parental one. Hundreds of years ago, the family from which a person came used to have a great influence on his or her evolution in life, but things are no longer the same.

However, with Moon in 10th House natives it is pretty much the same, because this House and the 4th one are all about the family's name and influence the path of people's lives, according to how they get along with their loved ones.

The women will be influential and very oriented towards making their dreams come true. If the Moon's needs aren't answered, they can end up feeling empty inside and not at all confident or happy.

It's very important for the tenth House to respond to what the Moon asks of it, many of its requirements being about profession and what callings people have. These individuals will be very interested in what they're doing for a living and the social contribution they're bringing.

As the final angular House, this 10th one rules over self-completion by satisfying as many material goals as possible. Individuals having their Moon in it are emotionally connected with people as a whole, wanting to nurture, protect and make good changes in the world.

It's essential for them to be recognized by the society and appreciated for their achievements. When not recognized, they start to feel moody, cranky and they can even suffer very deeply.

What hurts them the most is being criticized, because they're very sensitive and hold a grudge when someone says something negative about them, while a Mars or Pluto aspect can have them very vengeful.

They should just focus on what they have to do because their emotions can consume a lot of their energy and time.

The ladies having the Moon in 10th House would hate to ask their husbands for money, because they usually start being financially independent from a very young age. It wouldn't matter if they're mothers, their careers would keep going because they'd be great at managing their professional and personal lives.

It's also easy for them to manage other people, so it's normal to see them filling the leading positions at work. They're rather the type who marries men who depend on them as they're very good as family heads and at protecting others.

But after a period, they will want to escape this type of relationship, not for them to be dependent on someone, but to expand their leading roles more. Those who rely too much on others will never get their respect, and they would understand such a situation only if having a Water sign as their Moon.

The men with the same placement love the women who are driven to succeed and dream of a great career. They won't mind building a business with their wives, or if the ladies are the ones who lead or come up with ideas. The girl wearing the pants is something they really enjoy.

They're ambitious themselves, but it would be better for them to marry after they've established a good career for themselves. It's very possible for these males to meet the love of their life at work, because what happens at their job influences their emotions in a great way.

They usually worry very much about how others see them or how to fulfill their loved ones' expectations. It can be challenging for these natives to set some goals for themselves, happiness being impossible to get attained when living according to what others want and need.

Because they're so good with people, they can have a great career in the public service or as caretakers. Human resources is also a good suggestion for their talents and what they really enjoy doing.

The 10th House rules over public life, this means they will most likely get known and recognized for their talents, especially if the Moon conjuncts the Midheaven.

A Moon in Aries would make them more charming and passionate to reveal themselves to the world, not caring if their quick temper becomes known to others.

Everything relating to their career and advancement at work will have them more grounded and ambitious. However, it's their emotions that seem to drive them or to provide their need for acknowledgement and dream fulfillment.

Natives having Moon in the 10th House are helpless when not loving what they are doing for a living. That's why they should decide on a career that's suitable with their Moon sign's needs. This way, they'll succeed instinctively, so there would be no frustrations or depression about work.

Because the Moon is involved, they would do a great job as nurses and even doctors. It's important for them to be professionally fulfilled before having children, because becoming parents can change their entire life and make their private existence much more fulfilling.

All the people with Moon in tenth House love working and spend a lot of time building their career. Their need for recognition can't be found in others, so it's very likely they'll succeed at what they do because only this way will people start to admire them.

How long their achievements last depends a lot on the other placements in their birth chart. They will most likely have many ups and downs in their work life, being sometimes popular and other times unknown.

Overview [1]

- Lord: Guru (Jupiter)
- Symbol: Swords or two front legs of funeral cot, man with two faces. This represents death of the self (enlightenment), fire, and transformation.
- Power: To uplift those who perform sacrifice. Persons born under the star of Purva-bhadrapada are naturally self-sacrificing and spiritually inclined. With the proper discipline, they can attain high levels of spiritual realization.

Strengths [1]

Persons born in the asterism of Purva-bhadrapada are dutiful and determined. They have clear ideals and are willing to work hard to manifest them in the world. Their enthusiasm and visionary qualities make them natural leaders. With their keen sense of logic and powerful oratory skills, they are able to rally others around a common cause. Purva-bhadra natives are often religiously inclined. However, they tend to seek the essence of religion and may not give as much importance to dogma or ritual. They detest hypocrisy and superficial modes of thinking. They are intelligent, learned, and scholarly, and they employ these traits to carve out their own life path. You are independent and eccentric in your approach to life. This makes your life interesting, though it may also make your journey more difficult than others who simply follow the beaten path.

Weaknesses [1]

Due to their philosophical outlook, Purva-bhadras can sometimes adopt a cynical attitude. If they cannot reconcile their high ideals with the realities of this world, they may become gloomy, depressed, or anxious. They may be harsh and critical with others. In the face of uncertainty, Purva-bhadra natives may waver in their determination. This is due to their tendency to doubt their own capabilities and also an inborn fear of failure. When defeated, they may become angry and frustrated rather than seeing the experience in a positive light. You keep to yourself, and others may find it difficult coming close to you. If you are unable to control your stress levels, you may suffer from poor health and mental issues.

However, with the right friends and mentors, and with good physical and spiritual habits, you can easily avoid the pitfalls of your lower nature.

Other Personality Traits [1]

- Your happiness is inconsistent. The nakshatra of Purva-bhadra spans the zodiac signs of Aquarius and Pisces, which have somewhat conflicting characteristics. For this reason it is difficult for you to settle into a single, stable mode of life. Thus you cannot have lasting happiness on the material platform. However, this can be a powerful impetus to pursue spiritual perfection.
- You are good at making money. Your independent nature helps you easily find ways to make money no matter what circumstances you find yourself in.
- You wish to escape from the normal, expected course of life. You have no interest in riding the conveyor belt of modern life — grade school, then high school, then college, then work, then marriage, then children, then retirement, then old age, and finally death.
- You have no permanent home. Your desire for variety and excitement in life may prevent you from settling in a permanent home. Or you may have many homes over the course of your lifetime.

Career [1]

Persons born in Purva-bhadrapada can do well in careers that are dynamic and offer a variety of engagements. They have a need for a certain degree of autonomy in their career, but they are good at making money from whatever occupation they choose. Some ideal professions include:

- Entrepreneur
- Priest, monk, mystic, astrologer, or psychic
- Reformer or revolutionary
- Detective or consultant

Health [3]

Unfortunately, Purva Bhadra people are known to have ongoing health issues such as paralysis and diabetes.

While the native of Purva Bhadra birth star is typically of average height and stature, their presence is engaging and draws people to them. They tend to have distinct cheek bones and full lips.

Pada [1]

Moon ☾ in fourth pada

Mercury ♀ in ♎ Libra man 6° 59'

([896] i.thehoroscope.co)

He will gather as many opinions as possible before making up his mind but he is not one to be influenced easily.

The Mercury in Libra native is the best when it comes to analyzing stuff. He can tell you how to write an essay even though he didn't write that type in his entire life.

The thing is, he's very efficient and observant, willing to look at something from all directions in order to paint a fuller picture.

In a nutshell:

Positives: Principled and diplomatic;

Negatives: Obsessive and narrow-minded;

Soulmate: Someone who is expressive and full of vitality;

He's an intelligent guy who never gets tired of acting in a superior way, to achieve perfection. The middle ground, the neutral positions would make them the happiest, and arguments that go to an extreme make them mad.

As knowledgeable and curious as he is, he won't try to force anyone into accepting his beliefs or supporting his ideas. That would go against his desire for balance and general wellbeing.

It can be said that he's a very sociable person, but he sometimes just loses contact with some people, or he forgets to fuel these connections.

When making decisions, he might ask others for help in determining the best choice. He's generally very generous and fun to have around because of his enthusiasm and

friendly demeanor.

His principles and virtuous character don't allow him to get into a conflict willingly, and he doesn't like fast-changing situations.

They will want to expand their views on the world, to accumulate as many ideas as possible, which they'll use to fuel their creative drive.

They are especially good at acting, covering up their intentions and taking on a persona with complete ease, mimicking a completely different type of personality.

Lying is, of course, something that comes naturally. They can come up with cover-up stories or background introductions on the spot.

However, manipulation is just a step away, and most people can't notice when it happens.

They can talk a lot, especially about what they like doing on weekends, what they find fun and entertaining.

Quite playful and childish to no end, they find comfort to be the ultimate goal, a hedonistic approach through and through. What pleases their senses is essential to survival, and not only.

Falling in love is a complete metamorphosis for these great talkers. Suddenly, their diversity gets toned down and focused on the object of their affection, their partner.

Going forward, their children are very likely going to inherit their imagination and creative

impetus, that artistic inclination.

These Mercury in the 5th house natives are devilish tricksters who like to play with unfortunate people, to make fun and have one hell of a time at their expense.

Besides being very good friends to have when in need, as well as being extremely good at expressing their thoughts and sharing ideas, they have this playful demeanor about them that will either annoy the crap out of you or lift your mood.

Moreover, romantically, they won't be any happier than when they can use their expressive and creative side to impress their lover.

If the other person appreciates and likes this intellectual perspective on the world, they will cheerfully applaud.

The positives

These people love to tell stories and to see the smiles of their friends, to make them laugh and create funny situations.

With wit and intelligent jokes, they manage to drive away the gloom and promote happiness wherever they go.

They have a particular way of speaking that puts the interlocutor at the center of their attention, in the middle of the action, the sole receptor of their interest, which is obviously flattering and pleasing.

This is why they are good flirts who have their picks of plenty of men or women. They are anything but boring and dull.

Their mind is expansive and open to the new avenues that knowledge brings about.

Adaptative and flexible in scope, those with Mercury in the 5th house are incredibly creative, and what's more, they use these talents serve a grander cause, to educate and enlighten others, children in general.

Their interests and pursuits are mainly tied to the world of art, literature, activities, and domains where they can use that brilliant mind, the endless curiosity, and the volcanic vitality.

They are unstable, dynamic, freedom-lovers, eternal wanderers of the wide world seeking inspiration and fun.

These Mercury in 5th house natives can only give expression to their greatest creative potential if they focus it on a grand cause, something that will affect the course of society

or help the ascension of a social class, something altruistic and humanitarian.

Thinking about it in perspective, their intuition and boundless imagination allow them to make profound connections and find innovative solutions to all sorts of problems.

As for how they spend their free time, it's usually with their hobbies and passions, relaxing and relishing the comfort of a good lifestyle.

Reading, playing mind-games with their neighbors, watching documentaries, are all preferred activities.

The negatives

They need to watch over their discussions and playful attitude because even though the jokes are appreciated, sometimes they might hurt people, being too personal or acidic.

Crossing the line is not a good thing, even though they are the ones being offended, they should still try to be diplomatic in order to maintain the façade of friendship.

Moreover, their tendency to exaggerate when telling stories carries over in their personal dealings. Lying is thus one of the many ways that they justify their motivations, actions, and so on.

The Mercury in the 5th house aspect points toward a high intellectual potential that can be used in a myriad of ways, each more interesting and innovative than the other.

However, this is left to the choice of these individuals. Whether they want to pursue creative interests and passions or they want to use it professionally, to support other skills, it's up to them.

Irrespective of this choice, one thing is sure, that these natives are incredibly motivated and light-hearted, very flexible and adaptative.

Dangers and challenges are not only welcomed but also stimulating, one more reason to up the stakes and try even harder, put even more effort in.

They love playing mental games, and will often go back on their words, all of it being a solid joke.

If they feel insecure and unsure of their own abilities, they will try to numb this feeling of inability by turning egocentric and self-centered.

This transformation dulls the feeling of helplessness and hopeless sadness that takes over them in the critical moments of self-doubt.

The need for validation and outward appreciation make themselves ever-present in their lives.

For example, they may stay fixated on a certain idea without ever finding the courage or inspiration to go further with it, to actually put it in practice.

subject, you can say goodbye to any chance of victory. He's going to maintain his opinion no matter how forceful you become.

In romantic relationships, he values devotion and loyalty above all else, and he sets the pace in the first place.

Flirty, pretty simple in tastes, and very affectionate, he wants a long-standing and deep relationship, one that will evolve into a full-fledged marriage preferably. He might be a materialist, just because he likes to be spoiled and to fulfill his desires.

With Venus passes through the Taurus astrological space, the men born under this sign are even more sensual and traditional.

They will prefer their partners to be calm, patient, with principles stemming from traditional places, and not impulsive or over-the-top women.

Even then, he likes to set his own pace, build the bond in time through experiences, mutual trust, and understanding. Stability is all he wants, and he's prepared to wait a lot to gain it.

Don't expect to be taken to fancy restaurants or on a cruise to the tropical islands by the Venus in Taurus man.

He likes to take things slowly, and he likes it simple and to the point. He likes to maximize pleasure in the short term, a form of instant gratification that comes as a result of sensual pleasures.

For this reason, he will cook for you, and he will bring you a lot of gifts, maybe even flowers, to cheer up the atmosphere.

In general, he's very easy-going and relaxed, acting with a natural grace that is hard to copy. Nothing can get him out of his comfort zone, almost, and he spends most of his time at home, in the comfort of his own space.

Attracted by ...

Not too skinny, but also not an overweight person, just the middle category, someone with forms.

As for the perfect personality and character, he wants a traditional woman who takes her social expectations for granted, a calm, patient, and obedient woman, not someone who makes a scene every time she breaks a nail.

Steady-minded, down-to-earth women who know how to make use of their feminine allure to fulfill his innermost desires.

Most importantly, that special someone must like comfort, routine, the feeling that no other place is better than home.

He doesn't want an adventurer, someone who craves for action and adrenaline, someone who takes him out to town every day and expects him to maintain the same energetic attitude all day long.

He hopes he can tame such women through sweet affection and warm physical contact, but he could also achieve the same result by showing that he's the man of the house, the protector, the one who brings security and stability to the relationship.

He just wants to build a stable financial situation, to live comfortably, and for that, he will put a lot of effort at work.

In conclusion

Counts your lucky cards if you've been eyed by a Venus in Taurus native because you're in for something special, enduring and sublime.

In the beginning phases, just focus on showcasing your best traits, how creative and imaginative you are, how interested you are in taking care of yourself, and how much you like comfort.

Essentially, with him, you will never have to worry about hiding things, or that something unpredictable will happen. Everything will be clear right from the get-go.

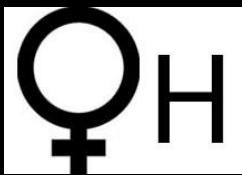

These natives can be one of the most reliable and trustworthy natives of the entire zodiac because of their firm and steady personality.

They aren't going to call it quits at the first sign of trouble, nor are they going to waver when the situation turns critical. However, their stubborn nature can sometimes go too far.

He might not realize that his pleasures and interests are not shared by everyone else, especially his partner. Compromise comes as a hard thing to do because he's just unwilling to do so.

Egotism, selfishness, it could be called many things, but the cause is their hellish stubbornness that's just going to bring ruin to their relationships unless taken care of.

Venus ♀ in XII 12th House

([956] i.thehoroscope.co)

People having Venus in the 12th House want to build fulfilling relationships but aren't very good at establishing their romantic needs.

Venus in 12th House people are very romantic, because Venus is the planet of love and the 12th House rules over self-undoing. They will make their own world out of their partner and feel very hurt if not seeing where the limit between their own needs and the ones of their lover is.

Because they're very devoted, many will think to take advantage of them. Very attracted to eccentric people, they will probably fall in love with someone who has many secrets and does things in an unusual manner. Not at all open to express what they're feeling or their affection, they're usually terrified that their partner doesn't have the same feelings as them.

Summary:

Strengths: Unconventional, friendly and appreciative;

Challenges: Rushed and careless;
Advice: Take the chances that scare you a little.

Serious about romance

Venus in twelfth House people will express all their artistic, social and romantic abilities through the way they socialize, and form balanced relationships with others. They like being part of something bigger than themselves and are great group members.

These natives are very serious about romance and start living only for their partner as soon as they have fallen in love and got together with that person.

They may have a problem setting up some boundaries between their needs and the ones of their partner's, so it's easy for them to get hurt in love.

Being so loyal, many will take advantage of them, this not being at all a good thing. They like the type who's unusual and has an interesting personality, regardless of where they have met that person.

Those who think they're weak and not compassionate are the ones who will take advantage of them most of the time. It's like there's never a safe ground with them being affectionate and loving others, because they may feel like they aren't getting any responses to their love.

Attracted to any secret, they will probably get involved with married women or those who aren't available. It's like love has to come with sacrifice for them, and always need to renounce something in order to be with the person they're in love with.

Appearing mysterious even if they don't want to, Venus in twelfth House natives keep their romanticism well hidden, so this is what may cause them to seem enigmatic.

They should take a closer look at what they want from love, because they have this tendency to get involved in relationships that aren't equal and have a certain level of secrecy.

They also should make sure they aren't secretive themselves and that they're feeling worthy to make their love life public. Since Venus is about passion and the 12th House rules over the feet, they may feel the most sensitive in this area.

When the planet of love, which is Venus, is in the 12th House, the natives of this placement can have a very complicated love life. This is the House of Pisces, represented by two Fish that pull in different directions and don't seem to get anywhere.

Enjoying the ride and appreciating the feelings they get from life would be the best idea for people having Venus in the 12th House.

They can sometimes leave themselves behind because they're not feeling worthy, so it's important for these natives to come to terms with this issue, no matter how serious their relationship is.

They're very worthy of anything, including love, so settling for less shouldn't be in any way one of their options, as they tend to just go with something that doesn't make them happy and start living in a fantasy world.

It's easy for them to think of partners they've lost, to fall for someone who doesn't love them back or is very far away.

Poets at heart, they may not necessarily be talented at writing, but they can still have the deep emotions of a poet because no one beats them at being romantic.

Their ideals regarding love are high and it's sometimes normal for them to feel reality is not even close to their dreams. It can be disappointing to see things as they actually are, but dreaming too much can't be in any way healthy.

Individuals having Venus in the 12th House can love anyone very compassionately, which means they're mature when it comes to this feeling, but also dangerous, because the ones who aren't so evolved can start chasing people who will never land into their arms.

The others will not mind giving all of their unconditional love and will notice that The Universe sends them back a positive response.

Running away from loneliness

The twelfth House is about secrets, things that can't be seen and locked feelings. Venus is like in exile here, so the natives having Venus in the 12th House will dream of taking their other half to a deserted island and just spend some romantic moments there, if only for an hour. It's very likely they will fall for the wrong person and get to live a forbidden relationship.

They should set some boundaries regarding how much they're giving in their love life because they tend to have the same feelings as their lover and to get easily hurt.

Caring a lot about the humanity, they think Divinity is in each and every person. Cruelty and suffering give them the ugliest feelings they can have and make them dream of an ideal world, after they have retreated and isolated themselves.

People having Venus in the 12th House want relationships but aren't very good at establishing their romantic needs.

It seems like their soul is always looking to get together with someone, in the most divine connection this world has ever seen. Only in the arms of their lover, do they get to feel like they're truly home.

They will spend some time alone and become as dark as a person could get, so they run away from loneliness, looking for relationships that can sometimes be disastrous and not at all advantageous for them.

They seem to disarm everyone with their impressive aura and great supportive character that also makes them great for a job in counseling or as therapists.

The twelfth House is also a ruler of isolation, so the natives with Venus here can make great friends for those who are locked up in either prisons or mental hospitals.

Because this is the House of loneliness, they want to have their privacy and can enjoy some hobbies no one has any idea about. This is due to the fact that they would simply want to keep things to themselves.

If Venus forms an aspect with other creative and artistic planets, they will be very talented at something and not say a word about it. People with Venus in the 12th House feel guilty when wanting possessions or yearning for the materialistic side of the world.

Feeling shameful when they have to show their things or eat too much, they won't have to be in any way down, because they have worked hard to obtain what they were dreaming of and to afford the most expensive foods.

If Pluto or the planet Jupiter are in aspect with Venus, they may be obsessed with shopping, but still feel guilty after a day at the mall. However, shopping sessions can stimulate them sexually, especially if they're buying something expensive for their hidden lover.

Their biggest secret is that they love sweets and candies. It can be a problem for them to express themselves in a relationship and even to be individualistic around many people. By interacting with others, they simply make a connection with the Divinity and can see the faces of all Gods in people.

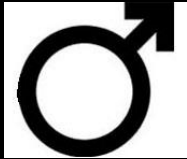

They may have healing powers, because Venus gives them an affectionate and powerful touch. Venus may feel isolated in the 12th House, making its natives think like observers and spreaders of love who deliver and then disappear surrounded by mystery.

These are the people who want to help everyone, who will protest and picket in front of the government building for those who are less fortunate. Many will consider them weird because they are the most rebellious sign in the zodiac.

And their unpredictability makes them even more intriguing. When they are out in the world, they organize things and lead groups like true captains. As soon as they turn their charm and incredible enthusiasm on, they become everyone's favorites.

They are capable of getting people to do anything to support their cause, from cleaning the beaches to participating in dangerous protests.

Mars will help them keep their curiosity alive. Proud and interested in having their independence untouched, Mars Aquariuses can fight for themselves and their progressive ideas in a very stubborn way.

If someone would make them feel tied down, they would run away. Their determination and energy are incredible, especially if they are engaged in something intellectual.

A little bit disorganized, they are still able to take their projects to the finish line. Because they have the touch of genius, some people will see them as mad.

Mars Aquariuses are the most eccentric and free-spirited people you could ever meet. They like to experiment and to dress in their very own style.

Their behavior can also be different from that of others'. Usually calm, they are more about solving problems by applying intellectual solutions.

There will be nothing staying for too long in their way when they will want something. Creative and smart, they can dominate in a relationship without anyone realizing it but there are most certainly other signs, in which Mars resides, that are way more romantic.

Pretentious lovers

Mars Aquariuses have an open mind when it comes to love. They're not the most avid adepts of monogamy and find conventional relationships boring.

Their Mars makes them fall for several people at the same time. This is why they may end up in open relationships or having more than one partner.

They need someone open-minded and not at all jealous of the fact that they have too many Facebook friends. Mars Aquariuses don't mind when their lovers are themselves because they appreciate individuality and freedom a lot.

Not the most sentimental people, they are cool and detached, no matter how intimate their relationship is. Good leaders, they wouldn't mind having control over their partner.

Being the reformers and the non-conformists of the zodiac, they like to know people are following them.

Boredom in bed will make them leave but their carelessness can also drive their partners crazy. As one of the most mysterious Mars signs, they are secretive to the extreme. He wants a relationship in which he commits because he can be himself in this situation. Intimacy is something very important for the Mars Aquarius man. His lady will have her personal space respected, she will be independent and her sense of humor will be nurtured.

If she won't be able to do something on her own, he will gladly help. He likes his partner to be an equal. The man who believes in his lover is the sexiest one, especially when Mars is in Aquarius.

Difficulties to overcome

Mars Aquarians are rebellious and nonconformist people who are too stubborn to play for others' ideals. They prefer to keep things the way they want them.

If someone takes them for granted, they grow to be restless and impatient, not to mention angry. So it would be better if you would be honest and not ignore them.

When they see someone is fake, they can lose their patience and never want to deal with that person again. It's often they are playing risky situations and forget all about the consequences.

This is why they can sometimes end up hurt. But all in all, they are resilient, and they can easily adapt to any situation. Every life lesson will make them wiser.

Negative experiences are only normal as long as they don't happen too often. Too independent, they can sometimes find it hard to commit to only one person and this can obviously cause them problems in their relationships.

What they'll discover in their travels will make their life richer and they'll get to know themselves better through all the experiences they gain on the road.

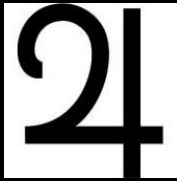

They should be careful not to impose their own beliefs in others and to understand there is no Absolute Truth that works for everyone. If they respect this concept, they'll be able to reach an inner balance and satisfy their thirst for knowledge in a more efficient way.

Mars in Rx *retrograde movement*

[699] [920] ([699] mollysastrology.com:) Less competitive than usual Mars energy, and often in competition with themselves. Tends to internalize anger and leak it out rather than express it directly. Mars retrograde women often choose men who are dependent, troubled, irresponsible, or social misfits.

([920] cafeastrology.com:) There might often be roundabout ways of going after your desires. The desire nature runs deep, but is often misunderstood by others. Timing might often be off, or you could express your desires (or anger) in bursts rather than more flowingly, whereby you keep these things to yourself and let them build until you explode. You may come on too strong some of the time, and not enough at other times, often thinking of the better thing to say or do only later, when you're no longer under pressure. Competition can unnerve you, and you are usually better off setting your own pace than working by schedule or with others. You might come up with very creative ways of expressing yourself physically as you mature, or channel your energy into unusual but effective areas. (or because of the new chart from Saturn return)

When he'll argue with others, he will emotionally manipulate or insult them. It's not very easy for this guy to restrain himself. But at least when he'll be happy and enthusiastic, he will have equal passion and dedication for the moment.

However, his anger is not something anyone would want to witness. He can even become violent when very upset. Women in a relationship with him shouldn't put up with the abuse and find someone else.

He usually hurts others when he needs to defend himself. He can be made to trust someone with the help of Jupiter. Keeping him safe and confident could be a solution.

Cheating or lying to him would be disastrous and be warned that he will never forgive or forget. Saturn ħ in ♐ Sagittarius man 18° 27'

([1025] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Sagittarius in their natal chart go through an interesting transformation in their life and once they find their best self, they become truly humanitarian with brilliant plans for the future, a future where all humans live happily under the strict supervision of imposed rules and regulations.

But these laws are equitable, balanced, and no one receives any preferential treatment. This is because these natives are principled, just, and have a very knowledgeable

nature. On top of all this, they refuse to bend themselves to irrationality or to initiate any sort of project that has no reasonable chance to succeed.

Whatever doesn't ascribe to their scientific mindset, what can't be proven to exist in this material plane has no bearing on their decisions, but they still can sometimes exaggerate in many regards.

In a nutshell:

Style: Truthful and exploring;

Top qualities: Direct, knowledgeable and justitiary;

Challenges: Tactless and prone to anger outbursts;

Advice: Remember that mind beats intuition when it comes to risk.

Personality traits

To begin with, there is one main aspect of this native that makes Saturn's influence that much effective. This individual is a natural pragmatist who plans for every small detail in advance.

They may not be the most imaginative of natives, but whatever they think of, they can probably materialize it, even ideas that could be cataloged as purely idealistic.

Thus, Saturn is the catalyst that empowers their steady-minded abilities, acting as a form of focusing crystal, a lens that maximizes their potential tenfold.

Their main interests are humanistic in general, ranging from theology to philosophy and psychology. Moreover, through all this continuous study, they have long since formed a set of rigorous principles that they can no longer abandon.

They believe that man ennobles oneself through constant learning, through effort put towards the achievement of a goal, the most exquisite of them all, gaining knowledge.

Unfortunately, they aren't very open-minded in some respects, where existential questions are concerned because they are firm with their stance and aren't very liable to change their opinions unless proper proof is presented.

Also on this line, they tend to overlook the beauty of the world, the simplistic pleasures, emotional ones mainly, that nature offers each day.

Because they are filled with rational thoughts and only ever look on the outside with a reasonable and logical perspective, it comes as quite difficult for them to appreciate the little things.

They are naturally more suspicious of other ideas and of different opinions, which they don't trust until a later point. Even with people, they aren't going to open up until they've

fully determined that they are trustworthy people.

Socially, they are desirous, but unfortunately, they also lack empathy, that intuition of reading emotions, situations, the know-how necessary to get the hang of social interactions. Saturn's rules are sweetened a bit, getting looser and looser with the Sagittarian's naturally joyous personality.

Behavior in love

This astrological make-up makes this native crave for novelty, for trying out new things, and for experiencing new avenues of pleasure. However, this contradicts their conservatism, their firm resolve, and rigid principles.

The rationality inside of them yells danger whenever something untested and unproved presents itself as being important. This can ruin a lot of moments with their partner, in fact.

You aren't afraid at all to say exactly what you're thinking because that would defy the expectations one would have about serious relationships.

If you can't even be honest with your partner, what's the use of having one? Most probably, the other person will be someone with the exact same type of character and won't get offended easily.

At the same time, the Saturnian Sagittarius is intrigued when their partner is a source of constant mystery, an unexplored land worth discovering.

This makes it clear why most natives with this transit in their chart fall in love with foreigners, or people with radically different perspectives overall.

The good and the bad

They are intellectuals above all else, using their rational mindset to analyze every little detail of all the things they come across, and extracting all the knowledge hidden within.

This curiosity and thorough attitude makes them so efficient and productive, as well as keeps them well above others in terms of personal prowess.

Of course, all this intellectual sprinting requires a good environment to be fostered in, and in their case, it must be organized, with a known structure and everything in perfect order.

Sure, once they settle in this kind of environment, it's hard to leave it again, so their partner will usually have to take this upon them.

The Saturnian Sagittarius are, most importantly, the adventurers of the zodiac, ever

looking for the next opportunity to satisfy their inner cravings, the urge to feel the adrenaline coursing through their veins.

Seeking this refuge from the tediousness of the world, they will shatter every single obstacle in their path, break apart the shackles of societal regulations, and follow their singular goal until they succeed in attaining it.

Even if they come across difficult situations that seem to go beyond their abilities, they can clearly adapt, evolve and overcome them.

Moreover, even this mentality to begin with, that they are good enough to survive anything will change with time, transforming into precaution, patience, predictive instincts.

The way these natives do their research is simple. They tend to push anything aside and focus solely on that one topic until it's taken care of.

They exhaust all the information at their disposal, reading it again and again, analyzing it fully, in the meantime giving off the vibes of a robot, cold and calculated who only does what it's been ordered to.

The Saturn in Sagittarius man

Being very gentle and reliable individuals who do well in straining situations, and are very resistant to stress, these men would make for one hell of a husband material.

Moreover, they can be extremely loving and affectionate to those they deem worthy. They are household people, meaning that they could very well settle at home and take care of the house because they want you to take some time for yourself, to enjoy a little solo time.

And, again, with their self-imposed rules and principles, these natives have a very defined plan for the future, one they will pursue relentlessly, and they want you to be a part of it.

Summary:

Strengths: Diplomatic, loyal and caring;

Challenges: Nasty, shy and judgmental;

Advice: They need to stop looking for other's validation.

Often looking for some kind of validation

Marriage and any other type of partnerships are among the areas influenced by the 7th house, which means this structure determines how people feel about both their closed ones and enemies.

Opposing the first house, the 7th is all about the energies natives project onto other individuals, and also about what they're looking for in a relationship.

It can be seen as the ruler of the feelings people want to get back from the ones that they love the most. It's related to Libra and its ruling planet Venus, which governs over love and kindness.

Saturn in 7th house people can be many things because this planet influences them in many directions, as a result of the energy it resonates.

They could be the type who only has a few meaningful relationships because the responsibility that comes with being involved overwhelms them.

It's also possible they may find it difficult to form connections with others, which can keep them as far away as possible from any kind of attachment.

They shouldn't let all these things rule their life and keep an eye on their predilections.

Taking relationships seriously and being responsible of another person can turn them into great partners if they just make an effort. Not to mention many would be very happy to be a part of their life.

They should be the type who doesn't hurry to commit but who does it seriously. Natives having Saturn in 7th house are very loyal and devoted, looking to only be with their lovers for a lifetime.

It can be difficult for these people to find love, but at least Saturn influences them to be committed and never easygoing in matters of love.

They will question the way they care about their other half and feel inadequate for a relationship, but at least they'd never cheat.

When it comes to their social life, they're anxious and not at all themselves in the company of people. It's like they're always building up walls between themselves and others, deciding what to do about their relationships according to an irrational type of fear they have and never trusting the ones they love the most.

Individuals having Saturn in 7th house are always looking for the validation of their commitments and want a partner who's practical, stable or very calm.

That's why they may marry someone older and with a good social position, sometimes after their thirties. The orb of Saturn when it comes to relationships here suggests they may go through some desperate situations in which their partners are being abusive or not at all in love with them.

When it comes to work, they'd do a great job as politicians, business people, lawyers and brokers. They will connect with others just to repress the fact that they're feeling inadequate or inferior.

The cosmic alignment may force them to repeat the same mistakes until learning the most important life lessons and to always have a feeling of emptiness.

That's why they want someone who can deal with their inner life and at the same time dream of solitude.

They will probably have failed marriages until Saturn will do its first return, which is around their thirties. They're attracted to fixed and Earth signs and can encounter delays when it comes to love. These people will most likely be alone and feel like there's no one

out there who can be called their other half, for a very long period of time.

The goods and the bads

Saturn is the bully of all planets, the one who always comes with nasty obstacles and makes people think they can't make it in life.

When in the 7th house of partnerships, legal matters and marriage, it influences natives with this placement to get married later in life or even to never experience a serious relationship until their thirties.

They may be the type that marries for money and is later on haunted by this decision, only to decide at some point to end the relationship.

If Saturn in the 7th house is in good aspects, people who have this in their chart may become motivated to turn into responsible individuals as soon as married.

The same planet can also influence them to choose the wrong relationships and to be inhibited, stressing over things that others wouldn't even think of.

They will feel paralyzed when things become too intense or close to completion, so the solution for them is to develop strong connections in which others are willing to help them when feeling this way.

Some of the people with the Saturn in 7th house placement are too shy to just sit and have an one-on-one talk. They're also too reserved to make a new friend or to start a relationship because Saturn asks them for patience and wisdom.

If this planet would oppose some other that are related to personal issues, the natives of this opposition would have to face many obstacles when it comes to the way they interact with others.

Saturn is about going over the line and learning some lessons the hard way. It influences people to test their ground before romances and to not want something too "normal" because they're looking for originality and what's real, not in any way abstract.

It can be said this planet makes people wiser when it comes to love. All the natives having Saturn in 7th house are good at mitigating conflicts and know the difference between what's right and what's wrong.

They think justice is the most important thing in the world and are able to see both sides of a situation or the compromise that should be made when two people are arguing.

These natives are looking to bring peace and balance because Saturn keeps them in the right mindset. Their relationships will always be harmonious and stable, and they'll have

partners who trust their sense of justice and the decisions they make.

The 7th house dictates how people get along with their public, while Saturn determines their level of commitment and responses, be it about emotions or just curiosity.

The public opinions of Saturn in 7th house individuals are strongly influenced by this planet, making them able to deal with their fear of speaking in public and always telling the truth.

They wouldn't get married with someone who doesn't match their personality and their love would be a lot about loyalty.

They should, however, realize there isn't such thing as a perfect relationship and rely more on the person who can help them be a better version of themselves.

Saturn may influence them to feel burdened about making a partnership working and at the same time too shy to get close to a person they like.

These people should know what give-and-take is and also how any union should be built, while allowing their other half to carry the responsibility of making things work, with their help.

Taking love seriously, they should believe in collaboration and enjoy their lover's company. It's also suggested that they rely more on feeling than on logic when choosing someone because happiness can only be attained by involving emotions.

([1049] i.thehoroscope.co)

Those born with the Uranus in Sagittarius transit in their natal chart are the bringers of innovative techniques, the ones who get the future closer to the present, always thinking about what else to innovate and to implement.

In their pursuit of existential development, they sometimes forget about day-to-day responsibilities, the word they've given, or the rules of society. The thing is, they are in

love with knowledge of all sorts, and they want to find out as many things as possible about the world, about philosophy, religion, politics.

Most of the time, they want to redevelop these fields so that they can adapt to the demands and expectations to be encountered in the future.

In a nutshell:

Style: Hopeful and exploring;
Top qualities: Generous and spiritual;
Challenges: Tactless and impatient;
Advice: Keep being attracted to new and radical ideas.

Personality traits

The Uranus Sagittarius are raised up to believe in the old ways, to conform to the status quo and never create waves in society.

However, their rebelling spirit says otherwise, Uranus itself says otherwise, and in the long term, they will create their own future based on their own convictions.

Their vision is a highly singular one, anchored on the great amount of knowledge that they acquire at every step of the way, being always engorged with the study.

Science, spirituality, technology, philosophy, nothing is thrown aside because everything hides great opportunities within.

With their uncanny intuition and otherworldly instincts, they are likely to perfectly pursue their goals.

With their unconventional thinking and innovative drive, they are clearly going to rock the world inside out, break apart the societal conventions, shatter the chains of oppression and ignorance.

They will rebel against the masses, protect the weak, and overcome all the odds thrown against them.

With a gust of wind behind their backs and an iron will, they will shock everyone with their immense knowledge and drive.

Keeping themselves free from any sort of tradition and always going toward the less-traveled path, the future unfolds before them just like that.

The Uranus Sagittarius doesn't like it at all when the system is trying to limit their understanding or guide them onto a certain path without asking for permission.

This happens in education, where most of the times, the academic material is restricted to certain methodological and philosophical principles. However, it's also necessary in a world where the appreciation and discerning power of most people are exceedingly low.

They will also hold some spiritual beliefs, or at least believe that their intuition and convictions are tied to some sort of spiritual force. Religion and traditional conformism annoy them to no end. They are open-minded, unrestrained, and very adventurous.

Independence is a must-have for the wild and unrestrained Uranus Sagittarius. He must feel the throes of pleasure, the pangs of adrenaline rushing through his veins upon discovering the world, new avenues of evolution.

If you want to do some research about something, then you'd better be sure that you have such a friend there to help you out. They will not only analyze the situation thoroughly and give you a detailed perusal of the structure of the problem, but they will also come with fresh ideas to solve it, straight from that inventive and revolutionary mindset of planet Uranus.

A doubting lover

First of all, you won't even hurry to marry at all because you have a lot of exploring to do, a lot of knowledge to seek and assimilate.

The world is there ever so expanded, all the philosophy and all the wonders of the world are lying there in wait for someone to reveal their secrets.

Even when you do find someone to share life with, that relationship will be one based on freedom, independence, mutual respect and private space.

Without those elements there to safeguard your happiness, you won't even think of going the extra mile, no matter how impressed you might otherwise be.

The good and the bad

The strongest and most admirable characteristic of the Uranus Sagittarius native is by far their immense curiosity. Their insatiable thirst for knowledge is boundless and always asking for more.

With all the new things that one's learned, there's no surprise that the world begins to spin in accordance with their wishes.

These people should learn to concentrate more on what matters because they tend to look at the overall picture and lose focus on the essential part. With this potential selectiveness, they will become even more efficient and productive.

While they may have curiosity deeply ingrained in their psyche, and they've got a ton of

knowledge to dazzle everyone, the truth is they are just like a jack of all trades, yet the master of none.

The focus is the main problem here, this individual's one great flaw. Besides losing focus when fully emerged in something, overlooking the important details for the overall picture, they are also someone who likes to impose their point of view on others. People who are still tied to conventional beliefs will find this hard to withstand.

The Uranus in Sagittarius man

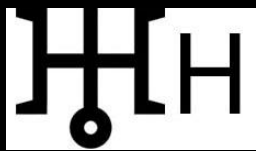

The Uranus Sagittarius man knows nothing that is more enjoyable and intriguing than gaining knowledge, searching for the true meaning of existence, answering all the existential questions that have plagued philosophers for millennia.

He will research, come up with new ideas, invent new things to help him along the way, and progressively approach the whole idea of development.

Without fully abandoning the old ways, as that would create a rupture in the collective mindset, effectively ripping people away from a comfortable zone, he still revolutionizes society.

Travel is one of the most exciting and interesting things that he does, one of his greatest passions as well. The world will be a different place thanks to the man with Uranus in Sagittarius.

Uranus ☿ in VII 7th House

([1059] i.thehoroscope.co)

This placement of Uranus makes people seem irritating and difficult, but in fact, their friendliness, kindness and love always come to surface later on.

People born with Uranus in the seventh house in their birth chart always need change when it comes to their relationships. They like variety and to enjoy unusual connections with people who happen to be very eccentric.

are ready to give it away.

You can be sure the most unusual people will be attracted to them because they're intuitive, creative, original and have a touch of genius. Everything relating to these things in their life will happen to them unexpectedly, but surprises don't make them less capable of building great things.

Summary:

Strengths: Warm-hearted, intuitive and trustworthy;

Challenges: Restrictive and suspicious;

Advice: They shouldn't hide who they are from those close.

Chaotic and rebellious

The relationships of people having Uranus in the 7th house may be chaotic and at the same time unusual because they don't actually rely on others and aren't dependable themselves.

It's very hard for these natives to get involved with someone who's overbearing or to be involved in an affair that doesn't offer them happiness anymore. They will learn from their experiences with others and realize how Uranus influences them in this house, so they won't be surprised when noticing they need change more than anything else in terms of partnerships.

These people hate taking orders and when someone tries to limit them, they start to rebel and become impossible to deal with.

The more they'll be with a person who's needy, the more limited they'll want to escape the relationship that makes them feel restricted.

Is very likely they'll be chaotic and rebellious when with their partner because wondering what's going to happen next makes them tick.

When the eccentric Uranus is positioned in the 7th house that rules over marriage and any other type of partnerships, it gives people with this placement a need to be bachelors their entire life.

In case these natives will at some point marry, expect them to be with someone who's unusual and doesn't respect traditions. They can also marry someone either older or much younger than them.

Their partner will always be considered different than others because what they're looking for the most is for him or to be unconventional, no matter how they've been raised at home to believe love is.

As a matter of fact, in case their relationship is not in any way strange, it won't work for them at all. Individuals having Uranus in 7th house give a lot of importance to friendship, so they won't want a life partner that's only their love, but someone who's their companion as well.

It's better for them to have this type of relationship with their other half. You can be sure they'll always be open to do unusual things and to have many one-night stands.

They'll project themselves on their partner, so they'll probably look for someone who isn't in anyway stable, predictable or needy.

This is what they are, so this is what they're looking for in others, but don't expect them to ever admit it. The placement of Uranus in their birth chart indicates a split in their psyche, making them want to be out of the ordinary and even deviating.

However, it can't be said Uranus in 7th house individuals look for someone who's their opposite, a person on whom anyone can count and who's consistent because this is what their psyche asks of them.

With them, it's not like this at all because they find it very difficult to escape this psychological need they have to project themselves on others.

They would be seen by others as irritating people until their friendliness, kindness and love would come to surface.

Uranus close to the Descendant indicates these natives would unconsciously feel rejected, but they'll discover how strong their psyche is and build a strong image of themselves that isn't in any way related to what others think of them.

Uranus in the 7th house usually indicates people with this placement have been very inconsistent during their past life and perhaps caused others to suffer, so in this life cycle they may feel the need to no longer be this way and to become as considerate as possible.

However, they would never escape their past lives because these would be deeply buried in their unconscious, so they would still need to understand how necessary balance and trustworthiness are in relationships.

Blessings

Individuals having Uranus in the 7th house need to express themselves openly and to speak their mind.

Being confident and believing in their own choices should make their life easier and have

others respect them more.

Is important for these natives to think they're talented and that they can do many great things with what they know. They're intelligent and have a nice personality that could win any person, no matter how cold.

Relying on their charming attitude and wit will get them very far in life. When Uranus is in good aspects in the 7th house, these natives will always have a hidden motive when interacting with others and not blame themselves for this because they think it's only something human and therefore, flawed.

They will immediately recover from heartbreak because they would think anything wrong that has happened with their relationship has the purpose to make them develop in a more constructive way.

People having Uranus in the 7th house should be careful not to flirt too much with others when having their own partner.

It understandable they're fun and always happy, but their lover wouldn't feel amazing if they'd be trying to hook up with someone else. Therefore, in relationships they should keep their sociability to a lower level.

Challenges

The strange thing about natives with Uranus in the 7th house is that they can't apply their own principles to their life. When it comes to helping others, they seem unable to make the right decisions, which can also happen when they're facing a difficult situation in their own life.

Being indecisive can drive people around them crazy and their partner to wonder if they're truly in love with him or her.

These people tend to just go with the flow and do what their lover is saying rather than bringing their own ideas. They will create conflicts because Uranus is all about creativity and coming up with all kind of plans that are more or less realistic.

Just because they're with someone, they shouldn't lose themselves in that person and no longer care about themselves or their own wishes.

When Uranus in 7th house is in bad aspects, there is the possibility for them to experience trauma from past lives as far as friendships, business partnerships and romantic relationships go.

The natives with this placement may still carry around the memories of past lives when they were either abandoned at the altar on their wedding day or got married with

someone whom they didn't love.

If heartbroken, they will no longer respect, be fair, affectionate and kind with the one who betrayed them, no matter how much this would hurt.

They will just choose to be alone and to no longer trust anyone. Some sore points from their past lives may also be associated with social problems, so they may have memories of being removed from the family, group gatherings and all types of events they have hoped to be a part of.

It's also the possibility they've been married with someone who was wealthier or more intelligent than them and they felt small.

No matter the case, they need to be aware past lives influence them and can even cause them to feel bad, therefore, they need to escape and no longer perpetuate what they may feel is not right.

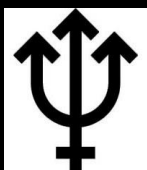

It would be a very good idea for them to accept others for whom they are and not try to identify themselves with the ones they love by projecting their own personality on them.

Uranus ♃ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ☊ Cancer man 27° 51'

([1068] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Someone who is born with Neptune in Cancer in their natal chart always plans things with their family in mind, with the wellbeing of their close ones as a priority.

No matter what they're doing, where they are, their first thought is the security and stability of the people they love. In fact, they are a part of many social groups, and are very attached to this concept in and of itself, being a part something greater than themselves.

Being interested in their own person comes at a later stage in life and allows them to explore their upbringing, emotional anchors and what led them to become the person they are. Breaking up with the past is one of the many ways to do this, pulling out all those memories, good or bad, that keep one chained and imprisoned in an old mindset.

In a nutshell:

Style: Idealistic and Sociable;

Top qualities: Stable, patriotic, gentle and understanding;

Challenges: Pessimism and the need to see everything with one's eyes;

Advice: You could support your friends in more practical ways.

Personality traits

Natives who were born under Neptune's watery mark are very comfortable and deeply connected to their sense of belonging to a community.

In this sense, they are very patriotic people, and will always support their country in times of need, even enlisting in the army wouldn't be a big surprise.

Traditionalism isn't far away either because they might also want to protect the generational ideas that have always been there. More practically, they are homely individuals who care a lot about the state of their domestic space.

Moreover, Neptune releases a lot of unused energy that will help them develop more than they would think, on a personal level.

This planet of the intuition and imagination bonds deeply with the Cancer's uncertainties. It gives this native the power to stop overthinking and instead find fulfillment where there is none to be found, when the situation is dire enough to awake feelings of self-loathing, self-pity, anger, disappointment.

Alongside the Moon, Neptune really cranks up this native's potential, bringing the search for inner peace to a perfect conclusion.

The concept of family is much more than that for the Neptunian Cancer. It actually holds a symbolic significance, one that transcends mere stereotypical ideas, that it's something which falls into a routine, a mere social construct meant to have a practical purpose.

For them, family represents closeness, spiritual and personal fulfillment, that place where the struggles of the world bounce off of, a safe refuge for when they lose their path.

Although they aren't exactly very knowledgeable about how relationships work, and how to deal with the oncoming problems, they have enough emotional depth and get to fix most things really quickly, intuitively.

The Neptunian Cancer is a very loving and empathetic individual who rarely misjudges a situation or doesn't understand the motivations of people around them.

They can not only use their intuition to notice the little details about a person's emotions but also find certain solutions to their problems. On a broader level of understanding, theirs is a highly sociable and communicative approach, which makes connecting to people much easier.

They are also prone to such emotional insecurities, and many times, the most recurring issue they have is tied to the inner breach caused by their many vulnerabilities and emotional weak spots.

They are afraid to be hurt and disappointed and try to build themselves a safe environment, a safe haven outside the confines of society.

They feel like they have to give vent to all the inner feelings that have gathered inside there for so long. Even more, they are more than willing to share this spiritual epiphany with everyone else.

A unity of being can only be achieved when one is in perfect harmony with his surroundings, and this is what Neptune teaches these natives above all else.

The positives

The Neptunian Cancers would be quite efficient working as psychologists, psychiatrists, or professional counselors, due to their great intuition, deep empathic skills, and productive communication abilities.

They are in-synch with the world and understand the intricacies of the human psyche more than anyone else.

Why is that? Because they can experiment on themselves, they own a mind that is very complex and hard to manage anyways.

More than just to develop their professional expertise, they'll want to help their family and close ones develop in this sense as well.

The negatives

Routine is something that the slow Neptune adheres to and is also to the liking of the emotional Cancer, so you can be clear that for the Neptune in Cancer individual, if something happens that changes their well-established order of things, they can get extremely annoyed, uncertain, and very anxious.

They have long-since gotten comfortable with a certain lifestyle, and to change it would be sacrilege committed against their own personal satisfaction.

In this sense, they will do everything in their power to uphold that state of permanence, of constant comfort that brings so much personal fulfillment to them.

Even if this sort of means sabotaging themselves of even the development of those around. They are prepared to hide from change and transformation, if this means that their comfort is protected.

The Neptune in Cancer man

If the level of empathy and emotional sensitivity would be directly proportional to the karmic ties of a person, then the Neptunian Cancers would straight-up shoot towards the level of a Buddha.

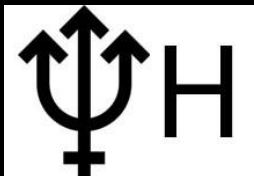

These natives feel much more intensely than most other men, and this is by no means a symbol of their weakness or lack of manly dominative characteristics. It just proves that their emotional intelligence is far higher compared to that of most of us.

However, they are also very vulnerable to emotional disappointments, and when the time comes that they are feeling desperate, lost, without a place in the world, they expect their partner to be there for them, with moral support and a warm embrace at the ready.

It's also a good idea for the man with Neptune in Cancer to take some time for themselves, take a step back and meditate on the particular reasons for the problems they have.

Relaxation is key here, a way out of the stressful routine. Escapism is underrated these days, but Neptune brings it all back together, the notion that solitude can eventually mend all spiritual wounds, especially for introspective individuals like this man.

Neptune ♆ in II 2nd House

([1078] i.thehoroscope.co)

This placement of Neptune influences people to behave in less practical ways and so their money will always get spent on more or less useful things.

While they don't like to admit it, people born with Neptune in the second house of their birth chart have problems with their wealth and possessions. They tend to spend too much, so their life pretty much revolves around having to pay debts.

It's like they don't have any financial judgment, which means they should have someone to do their accounting for them. It's also suggested they're not dishonest because this can cause them more problems with money as Neptune in 2nd house wouldn't allow anything illegal to happen.

Summary:

Strengths: Elegant, indulgent and sociable;

Challenges: Unrealistic, resentful and superficial;

Advice: They should beware of too much speculation.

A challenging position

As said before, Neptune in 2nd house people prefer to say they don't care about money, so perhaps karma gives them many problems when it comes to owning things and bringing in the cash.

It's possible for them to pursue an interesting career, but they shouldn't trust too much their own ideas because these are usually unrealistic.

They should advice regarding their finances because they lack practicality and don't seem to have any luck when trying to hold on to a budget.

It's like they can't think of solutions to generate a good income as they're always using their intuition and don't pay too much attention to what logic is telling them.

These people dream wealth will come to them one day, and that they'll get to be very rich. Maybe this will work, especially if they'll trust themselves to be able to accomplish something in their life.

In case they struggle to make a living, it's suggested for them to revise their attitude towards money and to appreciate themselves for their own true value.

When Neptune is in good aspects while residing in the 2nd house, the natives with this placement may feel they're rich regardless of how much money they have.

This is a good attitude to have because great things regarding their finances may happen one day for them.

The situation in which Neptune is in challenging positions, they may not ever be practical and their money will always get spent on useless things. They can even be too generous, so they should avoid situations in which they may need to give away their money or to negotiate business.

Therefore, Neptune in 2nd house individuals are impractical, confused and even chaotic when it comes to the financial aspect.

This position also suggests they may have dreams about earning a lot, but this can't be in any way beneficial for them because if they wouldn't do anything about it.

They're also easy to trick and usually get involved in schemes that promise them quick earnings.

Many people will tell them about opportunities for tremendous wealth, and they'll invest without taking a closer look at what's being presented.

It sometimes seems impossible for these natives to see reality as far as money goes. If they'd be more discriminating and interested in materials, they'd also be able to identify opportunities that can bring them everything they want.

It's also important for these people to learn how to say no when someone is asking for their financial help because they're usually the type that would give up everything so that others become emotionally available with them.

Not to mention they're also sympathetic with those who happen to have less. It's the planet Neptune that gives them this compassion and that in the same time drives them to give up what they have until ending up depending on others for money.

Often times, the placement of Neptune indicates where natives are the most helpless in life. The house with this planet reveals the areas that leave people unhappy with their achievements.

Creativity enhanced

Neptune in 2nd house people are quite detached, which means they can face many financial difficulties because they have either literally lost what was in their wallet or gave it away to those who don't deserve it.

As a matter of fact, Neptune's role in the 2nd house is to make them very imaginative and not the at all lucky when it comes to materials. It's like these natives are the victims of bad fortune.

They'll have unpaid bills and prefer not to think of them until one day, they'll wake up without electricity or water. Banks will repossess their house or car and they'll think there's still a way out of the situation.

There is also the possibility when Neptune is in a beneficial position in the 2nd house, which means the natives will manage to get their hands-on money, no matter how rarely they'd be thinking about this issue.

This is a great thing, considering Neptune rules over creativity and makes people poets, artists and sometimes addicted to alcohol and drugs.

Therefore, some Neptune in 2nd house natives can make a lot of money from painting or writing books. Many of them will be nurses or pharmacy assistants because they're good at dealing with different substances.

As a passive celestial body in astrology, Neptune is definitely not ideal for the financial aspect when it's placed in the second house.

Needless to say it again that it makes people resentful towards material gain and fortune. Individuals with Neptune in 2nd house lack practicality more than any other people who have this planet in a different house.

They will not pay attention to how much they're spending and definitely not think about their finances as of a priority.

If it happens for them to be very wealthy, expect excessive spending and for them to give away their money without thinking too much.

In case Neptune is in negative aspects with Mercury or Mars, it is influencing natives to be easily tricked by all sort of religious charlatans. They will spend money on books saying they should change their faith, but also on concerts and many other forms of entertainment.

This happens because Neptune needs to be satisfied when in the 2nd house, and its desires can be pretty expensive to satisfy.

When it comes to art, this planet has the finest tastes. It's often that people with Neptune in 2nd house give their last penny for tickets to a concert rather than keeping it for food or something else they may urgently need.

This is a behavior that leads to bankruptcy, but still, it won't make them feel in any way desperate or depressive as they wouldn't even care they no longer have anything left

If Neptune in the 2nd house is in trine with any of the planets that bring fame or even the Moon and the Sun, and these would be in the 10th House, the natives with such placements can become famous for their generosity and availability to give everything they have to others.

Another problem individuals with this placement have is not knowing their own value and for how much their work should be appreciated.

In the situation in which they'd be artists, everything coming out of their hands would have a spiritual note because this is the direction their personality tends to take.

The goods and the bads

Natives with Neptune in 2nd house are full of ideas and have great taste, which means they also have a special way of seeing the world.

Many will be impressed by their vision and encourage their career or hobbies. It's important for them to believe in themselves because only this way, others will get to recognize their efforts.

Neptune in 2nd house indicates that if they'd have clear objectives, they would also be able to work hard and make their dreams come true.

These people shouldn't let anyone tell them that what they have in mind is impossible. If they want to join a cause or charity organization, they should just not care about what others have to say and just do it.

Their energy needs to be invested in something they actually love, no matter if this brings them any money or not. Being happy seems to be enough for them, so they should go ahead and do what their heart is telling them to do.

Furthermore, they need to pay attention and not rely too much on their intuition as far as business goes. Their great ideas on how to make more money are not always the most realistic ones, so they should count on others to suggest them what they have to do for more wealth.

In case they refuse to do so, they may need study a lot and watch their strategies are, in order to be as effective as possible.

Living only in a world of dreams won't do them any good. In case they have been raised in a wealthy family, they should think carefully what needs to be done for their finances to remain the same as they can have a too optimistic attitude when used to have everything they need.

When feeling things are not going in the right direction from a financial point of view, they should take a look at what responsibilities they have because it's possible they may still be able to come up with a remedy on their own.

Pluto ♅ in ♎ Libra man 5° 55'

([1095] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born at a time when Pluto was transiting Libra are the kind of individuals who want to change the world, but not by creating a complete ruckus, so not through forceful methods.

What they want to achieve is complete cooperation and coexistence among all humans. Under the influence of the pacifying Libra, ideas of partnerships are taken to the next level, no matter the surrounding resistance to change.

In a nutshell:

Style: Peaceful and idealistic;
Top qualities: Adaptable, diplomatic and analytical;
Challenges: Hesitant and worrisome;
Advice: Grace can sometimes be confused with naivety.

Personality traits

These natives excel at making a problematic situation drop down a few levels on the aggressive scale. Where a conflict could spark up anytime, they manage to defuse the bomb through diplomacy, patience, and persuasive skills.

They mediate and try to do good by everyone else, satisfying all parts involved. However, they can also drop all pretenses and storm out of a room in a state of full-blown rage if an injustice has been committed, and the obvious perpetrator just won't admit it.

They can be quite uptight with these principles and virtues, even in a relationship or better said, especially in that case.

Because they see themselves as the peacekeepers, the right person for the right job when things start going down the drain, they're pretty egocentric.

Only a Plutonian Libra can find the best solution to a given problem, and they will spend a lot of time deliberating what's the best course of action.

More often than not, while they're analyzing the data, the problem either disappears or solves itself, but there's no arguing with them once they get started.

On top of this, these natives are in love with researching the hidden nature of a given situation or person, being stubborn enough to attempt getting through to its deeper layers.

The good and the bad

One thing is for sure when talking about Plutonian Libra natives. They are very good at making meticulous analyses and observations, doing systematic deconstructions of a certain problem, in order to see what it's made of.

They expand this ability into many other forms and domains, but what really gets to them is that they become too obsessed over the little things.

They forget about having fun, about looking at the whole picture and learning to enjoy it. Sure, they can be great problems solvers, and everyone knows that they are very reliable people, but on a personal level, they could learn to detach from time to time.

Problems start appearing the moment this native becomes too focused on a particular aspect and forgets that, sometimes, you just need to take a few steps back to freshen up your mind.

With a calmer mindset you are able to see things that you weren't able to see previously. However, for the most part, the Plutonian Libra native just gives up when they can't find a proper solution, letting someone else take care of it.

Their relationships are especially affected by this because once they start an argument and notice that it's getting nowhere, they just get block, not knowing what to do next.

The thing is, they would prefer everything to be simpler, easier to figure out, with simple implications. And we all know how complicated relationships can be, especially with fussy partners.

Pluto in Libra in love

For the overly-rational Plutonian Libra native, love plays a big part in their lives, acting as a form of respite from the daily stress. They find great fulfillment in coming home and spending time with their partner, doing things together, fun activities or something of the sort.

Of course, because they wouldn't be under Libra's influence for nothing if they didn't start to over-analyze everything, even relationships and love itself, they do just that.

With reason and logical principles, you can efficiently find a solution to a problem, but try doing the same thing with a fuming partner who claims you don't pay enough attention to them. Emotional matters are another thing altogether.

Plutonian Libra natives are very determined and resolute, so once they determine that something is worth the effort, giving up is no longer an option, no matter what happens.

These natives can be incredibly tough and tolerant, even though they may react aggressively sometimes, or get annoyed from time to time.

Their love is still very intense, and they can resist for a long time before deciding that it's not worth it anymore.

The Pluto in Libra man

These men are faced with some degree of inner conflict between social interactions and inner fulfillment.

At the time Pluto was last in Libra, these men had to make a choice, because society was beginning to change gender roles and how people approached them.

They also wanted to find themselves an emotionally fulfilling relationship, one they could perceive as a refuge. What was perceived as flimsy or too feminine in the past was now normalized, namely men exhibiting emotions in the first place.

As such, Plutonian Libra men carry from this ancestral knowledge and are more open towards the prospect of a relationship founded on emotions and sensibility than their ancestors were.

They tend to reveal themselves easier, their inner thoughts and feelings. Furthermore, they place increasing importance on finding a workplace that they can fully dedicate toward.

Pluto ♄ in V 5th House

([1105] i.thehoroscope.co)

This placement of Pluto makes people very creative when it comes to pursuing their goals and very romantic in their private lives.

Those born with Pluto in the fifth house of their birth chart are not the type who abandon their motivations or goals mid-way. Once they decide to do something, you'd better believe it that they will take it to a finish no matter what happens and who's standing in their way.

This house is associated with an obsessive attitude toward specific aspirations and interests, which could be positive or negative. Devotion, loyalty, responsibility, crazy amounts of ambition, they take things to the extreme in this regard.

Literally, no one is more protective and thoughtful than the Pluto in 5th house natives. They know what to do and how to proceed, when to impose their will and when to have fun. As we've said before, half-assed efforts don't exist in their vocabulary.

Summary:

Strengths: Entertaining, spiritual and sociable;

Challenges: Judgmental and lazy;

Advice: They need to be careful about their romantic expectations.

Stubborn and perseverant

These natives are very creative and use their intuition to artistic ends. This could actually be one of their greatest passions, which could turn into a professional interest as well.

Moreover, judging by how they behave in their day-to-day life, it's not likely they'll give up on this idea unless it's the only logical thing to do.

This stubborn and perseverant attitude extends in their romantic life as well. They will go through plenty of extreme feelings, jealousy, intense happiness and harrowing pain, possessiveness, the need to control, and generally very intense emotions.

They'll also feel the need to entertain themselves in quite peculiar and unorthodox ways.

The natives having Pluto in their 5th house are very special and quite unique because of the characteristics and traits received from the previous houses.

All the work and spiritual journeys done by their predecessors will make their effects evident and instill in them confidence and a great sense of identity.

Now, there's no need to do all this, to prepare and search for answers, because they already have them.

In this sense, these people can already start working to achieve their goals, making steps toward the future. They will use others to reach their dreams, manipulate them emotionally as well.

They are entrusted that, given they give their all, everything will come naturally, especially when talking about their creative talent and deep imagination.

Life has its ways in rewarding the deserving and punishing the unjust and incapable. If you're endowed with a set of skills that set you well above the rest but are still unable to make full use of them, don't worry, opportunities will eventually arrive.

They can focus on whatever feels natural, so long as it's tied to artistic intuition. However, this can lull them into a false sense of security, thinking that they don't have to move a finger because everything will be fine.

The 5th house natives of Pluto tend to become monotonous and lazy, lacking in combative spirit and initiative. They get discouraged by competition and other people being better at something.

Even though they have plenty of reasons to feel proud of, an immense capacity to create and come up with new ideas, they still don't have enough faith in these abilities.

The potential is unfathomable, but these small blockages put a stop to their ascension.

Even in love, they feel like they deserve attention and respect, and when they don't get it, they might react aggressively or try to get it in other, manipulative ways.

They must learn that the world is as such that there are a lot of people who are better than them out there.

Everything comes together only when harmony prevails, when the common good is the goal, at the moment when everyone realizes they must combine their efforts.

Society is greater and more important than one individual being, or rather, it's made up of many singular individuals that must work to keep it functional.

Their talents and high imaginative abilities would be best put to use in making the world a better place.

However, once these people decide that it's worth it to try and become better, to show to the world what they're capable of, nothing's going to put a stop to them.

Eventually, sometime in the future, their goals will come true. This will be incredibly fulfilling and satisfying for them, to see that the creativity that they're so proud of is admired and kept in high regard.

Their romantic life fares the same, actually, unless they lose control of their own expectations and principles.

It might happen that they want the partner to be perfect, to seek someone flawless, physically, psychologically, and in general.

The goods and the bads

For the Pluto in 5th house natives, everything relies on whether they manage to find some creative outlets to pour all their impetus and potential in or not.

This would be highly beneficial, fulfilling, and a good progress for the future development. Another very important aspect that must be kept in mind is that they are quite eclectic in their tastes for good things, for entertainment and fun stuff.

They want to find out more about the world, to revel and bask in the endless joy of living.

They are of the opinion that, when you take a course of action, you do it with all your being, every strand of effort is redirected in that direction.

This, in turn, besides galvanizing one's potential, will also instill a fear of failure in them. In their case, just sharing some ideas and talking to other people will be enough because this will make everything seem easier.

They will often think that nothing can ever take them down or hurt them in any way.

While it might be good to be this confident and self-assured of their abilities, it also invites danger in its many forms. Over-confidence which can be safely called foolishness is not good at all.

When things happen that they can't change or control, a feeling of extreme powerlessness sets in, putting everything else on the backburner.

In relationships, this is very bad and has catastrophic outcomes and consequences because they often act on impulse and emotions, giving no chance to their partners to justify or explain.

North Node ♌ in ♈ Aries 18° 22'

(Georges Muchery)

The Dragon's Head in Aries enables the native to undertake daring deeds with every chance of success; and he should not hesitate to go forward. Fortune favours him. This position indicates rashness that is profitable. It is also lucky for love; but after much torment on this account. In a critical situation, the Dragon's Head in Aries helps the native to extricate himself from trouble. It is similar to the Square in an unfortunate hand; it is the antidote to misfortune.

The Dragon's Tail in Libra prophesies lawsuits connected with material questions. It also means disputes in the home and danger of separation. It is not a good position for the spiritual evolution of the native, as it makes him practical (often too practical), which may lead to trouble with the law, or with those with whom he comes into contact. This position, especially in the fifth house, shows anxiety on account of a child. Nevertheless, if the Dragon's Tail is in the third decanate of Libra and is well aspected, it is sometimes an indication of material abundance and increase of possessions. But money does not always bring happiness, and the native will realise this.

(Isabel Hickey)

North Node in Aries gives self-assertion and a progressive nature. Should develop independence and stand on their own convictions. Personality should be brought to full development. Before you can give yourself away, you have to have a self to give.

South Node in Libra shows there has been too much emphasis on leaning on others and letting them run the life. Now this person must make his own decisions whether they are right or wrong. Growth comes through one's own expression and experience.

(Martin Schulman)

Here the soul is learning the lessons of self-consciousness on the most elemental levels. Experiences in prior incarnations did not permit the Self to form as a singular identity. Now the individual is paying the price for the indecisiveness of his former lives as well as learning how to rise out of his confusion by developing 'onemindedness'.

Highly susceptible to flattery, he goes far out of his way to do the things he believes will please others; but because he has not yet himself gone through ego identification, he becomes confused as to what course of action to take. Always trying to balance those around him, he finds himself to be the eternal referee between two or more opposing ideas, people, or conditions. Standing in the middle, he assumes the role of the buffed trying desperately to bring harmony to both sides at the same time. From moment to moment and day to day, he seesaws from one side to the other, hoping that he will never be required to take a definite stand!

In prior lives he judged his happiness by the successes or failures of those close to him. Now he continues to identify his life through others. His confidence can easily be shattered, for he hardly yet knows who he is. By confusing the collective needs of others with his own unrealized desires, he makes himself susceptible to long states of depression. Still, no matter how drained he feels, he continues this past-life pattern of seeking out people with whom he can identify.

At times he develops resentment at his inability to pull the opposite parts within himself together. Yet he is so used to entertaining solutions to contrary ideas that he keeps creating more.

He is attracted to music and the arts, feeling comfortable in an environment that is gracefully delicate. When circumstances around him become coarse or brittle he loses control.

He doesn't like to live alone but desires to be left alone. For his own peace and tranquillity, he must learn to overcome his enormous sensitivity to all the disharmonious needs of those around him. He does this best by dropping the attitude that he must fight for his very survival and refocusing his attention on what positive thoughts help him to develop his own identity.

In past incarnations there was great sacrifice to others which was not fully appreciated. Now the soul reincarnates with traces of resentment at not reaping the rewards of its

efforts. This brings out the contrariness of the Libra South Node and actually prevents the individual from finding his real Self! The North Node can come out only when the South Node is brought to the highest possible karmic level. Thus, this individual will achieve his greatest potential after he learns to serve willingly, without desiring any rewards beyond his own self-growth.

He was impressionable in other lifetimes. Now he spends at least the first half of this life coping with the leftover residue of his own gullibility. As the years pass, he becomes an avid reader, which helps him to crystallize his thoughts. Still, there are so many past-life habits of indecisiveness that he finds it extremely difficult to make concrete decisions.

Always liking to see both sides of everything, he divides himself in half at every crossroad. When these divisions become so painful that he can no longer bear his own indecision, he starts to reach for his Aries North Node.

Ultimately he learns not to be afraid of taking a stand for what his higher Self senses is Truth. He reaches this by teaching himself to be an individual, rather than an extension of somebody else. Still, he must build on his prior incarnations which taught him how to love rather than hate. Thus, as he starts to find himself, he must still be mindful of how his newly-discovered assertiveness influences those close to him.

For short periods of time, he will have to isolate himself in order to gather his strength.

His biggest lessons center around learning how to make his head rule his heart, for he still melts too easily at the slightest attention.

Of all the zodiac, this individual has the least amount of past-life experience in examining himself. Now he must find out who he really is!

In the current life he is destined to make the transition from the reaper to the sower, whereupon every thought becomes a creative seed for his new beginning.

The house which contains the South Node shows the area in life where too much past identification with others inhibited self-development. The house which contains the North Node designates the area where the Self is now experiencing its birth. Once a new sense of Self-identity is achieved, this individual will feel like Columbus discovering America; and the most amazing part of his discovery is reaching the awareness that it was there all along, but he never knew it.

(Mohan Koparkar)

Previous incarnation for this person was very easy-going and in considerable luxurious surroundings. Good things in life were the main pursuits for this soul. Learning on a mental level was very important for him. In this lifetime, he has to work with actions and

aggression. Things are not always balanced for him now. As a result of this, he has to utilize all the means he can within his energies to carry through his wishes. Impatience and lack of tolerance can cause frustrations for him in this life. His job is tough as he has to keep his feet on the ground and at the same time watch for what goes on well above him. Failure to keep both ends tied up may cause loss of many successful opportunities in this lifetime.

(Donna van Toen)

You need to learn to do things for yourself. Your Libra South Node may respond: 'Yeah, but it's much easier to let others do things for me. Every time I try to do my own thing, either somebody takes advantage of me or I wind up getting somebody mad at me'.

Your major problem is that you are not rational when it comes to relationships.

Possible reasons: You have such a hang-up about being fair to everybody that you bend over backwards for others at the expense of your own individuality. You've stifled your leadership abilities because using them led to friction or discord. You're unable to get started on things without help, due to lack of ambition or self-motivation. Life experiences have over-emphasized the value of leaning on others and encouraged passivity as a means of gaining acceptance.

Possible solutions: Force yourself to undertake leadership roles. Dare to be enthusiastic about your beliefs and interests. Cultivate spontaneity. Do things on your own once in a while. Find a guru to follow. Find a big strong man (or good woman) to lean on.

With Libra south node, decision-making is often a problem. This is because with Libra south node, there's a tendency to overdevelop logic to the point that it smothers the Aries feeling and acting functions. However, feelings can't be totally ignored. They have a way of coming out and moving you in certain directions whether you choose to be aware of them or not. If they're denied positive expression through individuality and assertiveness, they'll be forced to take a negative route through insincerity, meddling or dependence. With Libra south node, rationalization can lead to irrationality, since feelings get lost in the shuffle. Usually, this dependency on passive intellectualizing is the result of some traumatic experience where feelings have let the individual down. Often he or she has been ridiculed or rejected for reasons that were never clearly understood, and from that point on has decided that feelings can't be trusted. So figuring out strategies replaces feelings. The Libran south noder takes great pains to be sure that all decisions about marriage, job and life style in general are formulated logically and planned thoroughly. The trouble is that logic without feeling leads to marriage without love, prestige without satisfaction, and existence without living. Eventually depression sets in and logic ceases to function. At that point, Libra south node is forced to get in touch with

his or her feelings and take appropriate action, thus attaining a nodal balance between Aries and Libra.

In my experience, the person with an over-developed Libra south node dislikes being alone; asks for help and advice, but then seems resentful of it; spends a great deal of time and money on grooming, cosmetics, clothing etc.; speaks in a monotone or a very tiny voice; is indecisive; is extremely co-operative to the point of being a door mat; has an inferiority complex; is a gracious host or hostess whose door is invariably open to everyone at all times; works hard at romance; and feels sorry for single people, regardless of their circumstances.

North Node in Aries wants to be outgoing. He or she wants to be a self-started, well able to lead and assertive enough to get what he or she wants. In contrast, this person is generally well-liked but inclined to see himself or herself as passive or too shy. There's usually an interest in or talent for art, fashion, editing, publicizing, or some other Libra-ruled talent; but because the person seldom challenges that talent by doing anything innovative, he or she is passed by when the acclaim gets handed out, and may begin to feel resentful. He or she can be sympathetic to the point of becoming a doormat, and may become so enmeshed in others' struggles for success and happiness that his or her own needs remain unfulfilled.

Antidotes for Aries imbalance: Psychological counselling (particularly assertiveness training) is often helpful in learning to utilize the Aries North Node. The client might be advised to write or tape a statement of his or her philosophy of life, including a list of goals for the next year. You may then help the client determine how to best express this philosophy while fulfilling the goals. Scientific study, particularly in the field of physics or physical development, may be recommended if the client shows aptitude along these lines. Any sort of discipline program - from Scouting to the National Guards - could prove beneficial. Travel - preferably alone - is recommended. Leadership roles - particularly in the work sphere - should be accepted.

For any type of Aries imbalance, the catch-phrase should be 'Try something new'. This 'something new' should naturally coincide with some untapped talent, as shown in the chart.

For many reasons, clients may not be ready to embark on a totally new life style. In these cases, a new hobby could prove beneficial. Among the hobbies I'd recommend for Aries nodal imbalance are: any sort of nature activities, from hunting to photographing wildlife, football or soccer, hockey, boxing or karate, enamel work.

(Haydn Paul)

You may need to be more independent and not be reliant on relationships or others' perceptions of you. You should avoid shaping your identity by assuming others'

attitudes, beliefs, and values. Lacking self-confidence can result in confusion and indecision, especially when important decisions are required. At times, it may appear that you allow others to decide for you.

Relationships can provide security and stability; and you try to please those on whom you depend. Yet, through lacking self-knowledge, you may fail to acknowledge and respect your own needs, desires, and aims.

Be wary of more dominant influences; you may be gullible and impressionable. If so, you need to outgrow this and assume responsibility for evaluating situations and options. Relying on others will interfere with your choices and major decisions. At times of crisis, a divided self only offers additional confusion and pain; and you need to be decisive to resolve issues.

Try to follow inner promptings - perhaps previously ignored or dismissed 'messages'. Move in the direction toward which intuition guides you. Through developing faith in this process, you can release potential and be true to your nature. In so doing, you can discover how to honor your whole self.

When overly sensitive to others' needs or tending to confuse them with your unrealized and unfulfilled desires, you may experience weakened vital energies, which can create occasional depression. Acknowledge and assert your requirements, and take responsibility to satisfy them, as these are important for integration and personal growth. While a concept of service to others may remain a motivating force, your first priority must be to yourself, so that you integrate your whole being, instead of diminishing yourself through relationship dependency. Once this is achieved, you could serve from a different yet more effective perspective. When you attain inner harmony, energies radiating from you will also embody this quality to benefit others, even though some may find these energies uncomfortable due to their own disharmonious state.

Your new assertiveness also needs to respect relationships, connecting self and others for mutual benefit. You need to be true to yourself and to discover how to cooperate with others. By acknowledging your nature, you can explore relationships to greater depth, enriching them through shared understanding. Often, the Libran energy is activated when you try to unify people, ideas, and situations, operating like a central balance between opposite conditions. The new balance required from you is 'self and others', where you develop balanced attitudes, individuality, and independence, while creating interdependent relationships. The key to this is to transform dependent behavior patterns.

(Bruno and Louise Huber)

Aries is the cardinal Fire sign. It is 'the' sign par excellence, in which selfmanifestation takes place. Here, the 'I' must stand out against the world, and especially against the

'You'. We must be able to say 'Yes' to ourselves, and to express this attitude in our lifestyle. Nevertheless, the way in which the desire for selfassertion is expressed by the Aries native will depend on our state of awareness. Or, to put it another way, the hazier the picture we have of ourselves, the more we resort to force; but the more differentiated our consciousness is, the more subtly we proceed. Yet even when being fairly subtle we still use 'push' - we have plenty of that. The 'I' tends to manifest itself in what may be pictured as a series of pulsations. The same is true when the Moon's Node is in Aries: we try to bring our personality to bear on the world in order to make things happen. This placement of the Node is usually a fairly strong incentive to be creative. Someone with the Node in Aries is incapable of settling down to routine work, even when output would increase. Increased output is not a consideration with Aries; what matters is creating something unlike anything anyone else can create. To produce something creative that is completely personal is the ultimate in self-expression for this sign.

With hard aspects to the Node, there is a danger of over-producing like some sort of 'Stakhanovite'. The native engages in hectic activity, and revels in quantity instead of being creative. However, the individual with the Node in Aries can produce an enormous amount of truly creative work.

North Node ♌ in XI 11th House

(Georges Muchery)

In the Eleventh house, the Ascending Node (Dragon's Head) gives many friends and supporters who will help the native to progress. It is a good position for associations, and also reveals the possibilities of becoming a leader, a Shining Light. Great social success is promised, inasmuch as the motion of the Node in the course of life cannot be otherwise than favourable for progress from the worldly as well as the mental standpoint. This position also indicates increased wealth for the Mother or the Wife; and this will benefit the native and his children, whose Father's name and fame will help them in their turn.

In the Fifth House, the Descending Node (Dragon's Tail) is detrimental to happiness in general. It may incline to gambling or speculation, which will not be successful; and pecuniary losses are inevitable if the native indulges the tendency. It is also the cause of ill-health of the children, and anxiety on their account.

(Isabel Hickey)

There may be children in this lifetime, but they will not be of much help or give much love to the individual. Energy expended in personal affections will not bring adequate satisfaction. Perhaps a treading of the primrose path, seeking pleasure and evading responsibility is a subconscious pattern of the past that is being redeemed in this lifetime. Friends will bring far more satisfaction and sustainment than family ties. Goals and objectives that deal with group endeavor or service of a universal nature will be successful, as well serving as a means of spiritual integration.

(Bernice Grebner)

Much depends upon whether the sign involved with this North Node is masculine or feminine, to denote the type of friends most favorable to the development of this house. This seems to be very important. People who have the same nodal axis - fifth and eleventh - by house and / or sign seem to understand each other better since they have the same direction to their destiny. Someone who has North Node in the eleventh will be helped greatly by someone with South Node in the eleventh. This person needs to learn the art of friendship and to become involved in some type of social endeavor or reform action. Here they must become as an Aquarian in the highest sense of the word: a true humanitarian. With this position there must be acquired the ability of true detachment and an independence in loving, for one cannot be dependent and be a true humanitarian. With the development of this North Node position comes a true strength and understanding of the human condition.

South Node in the fifth is attached love. It is too attached and self-loving. With South Node here, there is an almost constant interest in love; the giving and receiving, and its pleasures. This gives innate knowledge in the rearing of children, although not always immediate success. This nodal position can bring loss of children with aspects to it showing the degree of the loss. It bestows many loves - loves that are always changing - and gives a knowledge of love beyond the ordinary. The lovers usually turn into friends. Personal affections prove dissatisfying because of a certain idealism. There is constant searching for love, romance, and pleasures. This position delays a permanent love relationship. Receiving love is denied, it seems, until enough is given. [If for example South Node is in Libra in the fifth, others in his life leave the person because he expects too much. South Node in Aries indicates the person's own egotism destroys love through impatience. South Node in Taurus demands the person's own money be spent for children, love, and pleasures. South Node in Scorpio demands the partner's funds be spent on children, love, and pleasures.] This position gives an individual creativity leading to genius when well-aspected.

(Mohan Koparkar)

North Node in the 11th house often signifies that the person has considerable friendships. Friends are his major assets through which he achieves a lot of things in life. Problems and difficulties usually stem out of romances, and quite often formation of a successful relationship is very difficult. Their next difficulty is with regard to children. Either having a child is a problem, or dealing with children may be one. In their recent past life, their attitudes and dealing with children have often been so uncommon that they have to suffer in this life. Often these people carry out their major hopes and dreams in life like clockwork, and their surrounding influences help them in all respects to do so. Their love received by others is much better than they can give back to others. This imbalance in love exchanges causes problems or tensions in relationships.

(Martin Schulman)

Here the individual comes into the current life remembering a style of living in which he was the sole creator. Now he keeps trying to take the bull by the horns in order to recreate the manner of living to which he was accustomed. Yet everything he tries to do bears a tinge of being slightly inappropriate insofar as fitting his current life circumstances is concerned.

He is prone to love affairs, finding them a comfort to the continuation of his past-life ego. What he often fails to realize is that through his love affairs he makes himself weaker, and rather than gaining strength from compliments and encouragements he develops a dependency where each compliment creates the need for another. Eventually he makes himself so helpless that his behavior becomes hopelessly childlike.

He wants to be loved desperately, but the residue of past-life sexual tensions is so great that he often confuses what is really important to him. He has great difficulty understanding reality, for his life is stage of players and his dreams are so romantic in nature that he becomes a veritable Don Quixote chasing windmills. He believes in chivalry and can easily be fooled by glamor. Wanting to be constantly reassured that his arrival in life does not go unnoticed, he is unable to accept the role of just being a member of the audience.

To those who appreciate him, he can be extremely generous, but the moment he feels ignored he will run into his gossamer dream world trying to create a Seventeenth Century romantic adventure in which he will be the central character.

Constantly in search of self-fulfillment through amorous adventures, he can too easily lose his way.

He would like others to think of him as sacrificial; and when he does involve himself with a love affair, it is almost certain that he will force himself into a position of having to give up everything. Like the 'Martyr King' who sacrificed his throne so that he might fulfill his love, this individual would like his affairs to be honored, sanctioned and even admired.

His past-life sense of dignity is so great that he is not particularly pleased with even the thought of an illicit love affair; yet from time to time he finds himself in the midst of one if for no other reason than to express his ability to sacrifice a principle for what he believes at the moment to be the world's greatest love.

Basically he is a good person and it would take severe chart afflictions for him to have a malicious bone in his body. Throughout all the zodiac, his creative talents with children are unsurpassed, for at heart he is a child himself.

Regardless of his Sun sign, he will at one time in this life need to lean on someone with more strength than himself.

Through his eleventh house North Node, he is to learn the value of friendship. He must transcend the physically possessive relationships of his past incarnations and cherish with equal fervor the new impersonal relationships he is now forming.

In this life, he is learning how to pay more attention to the meaning of his dreams rather than trying to force his own will against the flowing tide.

His dreams bring him messages from his higher guidance, through which he is telepathically brought to understand the reasons for all his actions; but his will is often so great that he refuses to accept what he knows is true.

If he is realistically asked to abdicate anything at all in this life, it would only be his powerful self-will, for here in the pride of ego he actually blocks all that he so desperately desires. Truly, he is his own worst enemy.

The individual with these Nodes suffers from a built-in discontent, for whatever he creates through his South Node only leaves him free to dream of more he is missing. He would like to be free of entanglements, but he is constantly jumping out of the frying pan into the fire. Before any growth at all can be made, he must learn to overcome the monstrous dragon ego which he has allowed to become his selfgenerating instrument of destruction. He must learn how to see himself impersonally, with the understanding that his life is like a river flowing beneath the bridge from whose vantage point he may watch it.

His most difficult tests always revolve around the temptation to control the flow of that river; yet his greatest happiness occurs when he can appreciate its beauty without tampering.

It is almost certain that he will go through at least one major experience in which he will be required to sacrifice his personal ego for the sake of fairness to another; for only when he has learned how to rid himself of every biased thought can he reach his higher

purpose. So long as he retains the slightest tinge of self-pride, all the power in the chart will be denied him. Even the possibilities of a harmonious marriage loom beyond his reach until he becomes impersonal.

The fifth house South Node uses so much energy in trying to achieve self-sympathy that the individual has difficulty finding the strength to give complete fulfillment to a marriage mate. Many with these nodes experience divorce; but this is neither destiny nor necessity - it is simply an outgrowth of misusing the South Node energies. Through so much focusing on the self, the individual does not see or fully appreciate the blessings he has. Again, the answer is the same. He must relinquish the grip on 'self' and dedicate his life to impersonal service rather than expect others to wait on him.

If he can learn to become less romantic and more scientific, he will start to see truth for what it is. He must never allow the fires of passion to cloud his vision for his happiness will be achieved only when he can look at life from a dispassionate viewpoint.

His karma is in learning how to become non-involved and yet always available when needed by others. Ultimately, he is destined to become the impersonal servant of humanity.

He will at one time in this life do much to further the career of another.

Friendships, clubs and societies become important to him, for it is through such associations with others that he ultimately comes to sense his own identity. Through the ways that others value him, he comes to value himself. Then he is able to see himself as a part of others as well as a part of a higher cause to which he is dedicated.

The more he can do this, the more he will rise off the plane of self-consciousness, and the demanding needs to gratify his own ego will become submerged in the collective ego of the cause to which he has dedicated his identity.

When he completes this lesson, his strength of character and sense of direction become no weaker nor less purposeful than the cause of which he becomes a part.

The sign which contains the South Node shows the ways in which this individual allows too much past-life residue of passion and desire to pressure his current life. The sign which contains the North Node indicates the ways in which he can develop enough detachment so that he frees his personal self, enabling him to dedicate his energies toward more universal causes.

(Donna van Toen)

Conflicts: Need for social attention vs. need for creative development. Reliability in friendships vs. demands of lovers and children. Fulfillment of dreams vs. fulfillment of

present needs.

Possible Results of Sacrificing North Node: Inappropriate behavior in terms of your goals. Difficult love affairs. Desperate measures taken in order to gain recognition. Generosity verging on extravagance. Lack of fulfillment in romance, parenting, social life.

Possible Ways to Integrate North Node: Become goal-oriented instead of pleasure-oriented. Let love affairs be guided by your self-respect. Temper your generosity with discrimination. Openly admit your weaknesses. Meditate on the value of friendship.

In the eleventh house, hang-ups can involve honesty, knowledge, or ethics - all things that would seem to correlate more with Sagittarius / ninth house at first glance. But where North Node in Sagittarius / ninth leans towards lack of discrimination and sometimes fanaticism, the eleventh house North Node takes a cold, dispassionate approach. Whatever is perceived to be the truth or the right way is followed without thought about damage that may be done should honesty prove not to be the best policy or if the truth turns out to be flawed. Relationships are often spoiled by this 'honesty is the best policy' approach as others frequently feel demeaned by this brutal, almost egotistical honesty.

Occasionally North Node in the eleventh house can manifest in a compulsive need to see the good side in everyone, regardless of the cost to self. Here we see the Mr. or Mrs. Nice who suffers extensive guilt pangs if the need to criticize arises. A child-like Pollyannaism and naiveté about people eventually leads to disappointments and being taken advantage of in relationships.

North Node in the eleventh house wants some sort of guarantee that his or her goals will be realized. He or she wants to be known as an honest person, a seeker of knowledge, and an instrument of positive change. He or she dreams of close friends to share goals with, people who will offer support without making demands. This person is typically very impressionable and not cautious enough or discriminating enough when it comes to other people. On one hand, he or she may blindly take advice without considering its source. On the other, pomposity or excessive pride may keep him or her from asking for or accepting even the most necessary or valid advice. There's a tendency to invest a great deal in emotional whims and pleasureseeking at the expense of long-range goals.

(Haydn Paul)

You are attracted toward the pleasures of life, creativity, love affairs, and a self-centered style of expression. Your creative imagination often weaves many colorful webs around your actual reality, creating an appearance that you find more appealing than the real nature of the world.

What excites you is this alternative choice of perceptions, which, due to creative directorship, imposes a worldview characterized by a large group of play-actors and actresses, performing their chosen roles, chasing private dreams and adventures, and following their desires. Arguably, this is a valid way to perceive life. It certainly raises life above a more mundane perspective, infusing it with a glamor and fantasy that enlivens and enriches. Yet a danger can exist in using this to escape from reality and responsibilities by preferring to live as a central character in a romantic and heroic drama.

You desire to be recognized and noticed by others, to stand out from the crowd of unknown faces. This creates your attraction to being 'onstage before an audience'; anonymity is not a favored role, and you hate to be ignored. Love affairs are one of your favorite pastimes, however, based on your need to be loved by others. These affairs provide a suitable stage for performance, with a captive audience on whom you can depend, at least temporarily. Romantic interludes may divert from creating a life-direction, as those by-paths which appear to offer pleasure always seem more seductive.

In love, you are prone to make grand gestures of sacrifice for love - especially for the benefit of your partner - and tend to subjectively turn relationships into great passionate dramas. You can fall in love easily; yet often this has only a superficial emotional impact; you avoid deeper depths of the love experience where transformative energies exist - in fact, you rarely sacrifice anything at all.

There is a lively, childlike spirit at play with you, but one that is naive and almost innocently self-centered, a spirit that desires constant company or a supporting cast to maintain. Much of your waking life is spent forming these creative, imaginative, and romanticized dreams which are projected onto the world and people, and which serve in several ways as a protective barrier. Yet it is this inner activity which prompts self-development and gives opportunities for insight into the real meaning and influence of 'dreams' in life. Personal dreams can motivate creative determination to actualize desires, but if you attempt to force events against the tides of life, failure is likely. Dreams can also bring messages from within, trying to guide you toward an understanding of the reasons for your actions and experiences. If you can register the impressions, from dreams and intuition, such guidance may help you to adjust your direction. Unfortunately, many fail to listen to the quiet inner voice.

Until you reduce self-centeredness, you will experience discontent and feel that you are missing something vital in life, even though you creatively color much of life with brighter hues. Searching to be free of commitments, you may unconsciously create more by your choices and actions. Your sense of ego and pride may cause problems through self-preoccupation, especially within relationships; and your need for 'more' prevents the appreciation of what you already have.

Become aware of others as more than supporting 'players'. Recognize the equal validity of their needs, desires, and dreams. Adjust your relationship behavior accordingly, to restore harmony. Your romantic vision of life may need modifying so that reality is not lost, although your sometimes childlike view of life can still be refreshing to more jaded appetites.

Your new direction is to apply creative imagination to dream of a better world, not just for yourself, but for everyone. Friendships and group involvements are likely to expand life; and possible commitment and dedication to an idealistic vision could enable movement beyond a self-centered focus into performing a more important role. In your discovering how to improve the quality of life for others too, the world can assume a more positive nature; and your tendency for romanticized love and adventure can be transformed into a more realistic and satisfying contribution for the well-being of all. Discovering how to combine creativity with social needs could offer an effective and attractive balance; in so doing, you could discover the powerful mystery of the creative dream, realizing that it has generated the whole universe and seeing that, by our small use of it, we obtain the power to positively transform our lives and the world.

(Bruno and Louise Huber)

The 11th house belongs to the axis of relationships. Like the 5th house, it has to do with the attitudes and behavior of people to one another. In the 5th house, human relationships are tackled with a naive simplicity, One sees oneself as the center of the world and tries to realize personal desires or ideals. In the 11th house, this self-oriented view has to be abandoned. Its simplistic methods will no longer work, because one recognizes that one is part of a Whole. Here one must act, on principle, in accordance with transcendent, universal criteria. Postulating these criteria is even more important than working hard on them.

When the Node is in the 11th house, it is important to establish a clear attitude toward people. This can be personal, for in a personal sense the 11th house is known as the house of friendship. It represents the possession of friends and confidant(e)s. It represents making a choice of people who have a certain quality, in which there always resides an element of trust. This element of trust clearly divides the 11th house from the 5th. On a personal level, the Node in the 11th house indicates a need to form friendships and to make the most of them. We have to learn to be selective when looking for friends, and to seek kindred spirits who will turn out to be genuine. We may be parted from such friends for years, but when we meet them again it is as if we had been with them only yesterday. That is true friendship. In the 11th house, the discovery can be made, as soon as we learn to stop clinging, that loyal devotion is possible even without conditions. Then complete freedom of action is granted in the friendship. What this means is that with the Node in the 11th house, we must overcome the desire for security characteristic of the Fixed Cross, and put it behind us.

In essence, friendship is the result of striving for an ethical attitude to others. From this point of view, the 11th house aims at the development of an ideal concept of humanity. Basically, what is meant here by ethics is mutual respect between individuals. Although we work at this (or discover it) in the 9th house, ethics is a fundamental frame of reference in the 11th house. Naturally, it is a frame of reference for doctrines and creeds; for the 11th is a fixed house and, in a fixed house, conditions rather than processes hold sway. Therefore, the ethics with which the 11th house is concerned are ready-made ethics, in which one believes, or with which one identifies sufficiently strongly to want to pass them on to others or even to impose them on them. Dogmatism almost always emanates from the 11th house, which has to do with our convictions and our moral yardstick.

If the Node receives hard aspects, there is a likelihood of blind acceptance of a certain ethical view. Even a sophisticated and complex system of ethics can be passively absorbed - usually as a result of the upbringing or of social influences in youth, chiefly at the time of puberty.

Inconjunct aspects to the Node should be heeded too, because they introduce an element of uncertainty. When they are present, we are susceptible to any number of ideologies that promise security. This can lead to difficulties, especially in the practical arena of friendship, because we are prepared to change our friends whenever we change our ethical beliefs.

When soft aspects are received by the Node, or by a planetary stellium, there is often an inclination to join an elite group or to embrace a special doctrine, because this seems to be the most convenient thing to do. We cradle ourselves in the security of the group, and use it for our own ends. And so we need to make an effort to overcome what is indicated by the Node here. For a start, we should examine our ethics. In the 11th house, and with soft aspects, this is not particularly easy, because our ethics are second-nature to us. We may change our opinions but, unconsciously, we react according to ingrained patterns of behavior.

So, with the Node in the 11th house, we ought to take pains to acquire a satisfactory system of ethics that is clearly formulated and intelligently accepted. Otherwise, we may indulge in spiritual snobbery, and pretensions to exceptional moral virtue. Egocentricity in ethics produces the smugness that says 'I am better than others, because I know how to behave', or 'We are better than others, because we know how to behave'.

The Node in the 11th house serves notices that we ought to take responsibility for our own actions and ought not to rely on others. Doing the latter is a big danger, because solidarity with the group gives us a feeling of strength, and we imagine we are entitled by some dogma or ethical system to sit in judgement on people and call them 'mistaken' or 'wicked'. Behind the group-egoism involved in special friendships, there lurks an

individual egoism, though we may hide it under a shiny white cloak of ethics.

North Node in the eleventh house or Aquarius (James Braha)

If the North Node is in the eleventh house or Aquarius, the person's greatest growth, evolution, and fulfillment come through performing altruistic acts for society, getting involved with groups and friends, and developing a sense of detachment. In past lives, the person may have been extremely proud, renowned, and ego-oriented. Now he is here to care for the citizenry of the world. He must let go of emotional attachments, and seek to improve existing conditions of the common person. He should try to locate and abolish outdated forms and structures, and implement new, innovative, efficient methods wherever he can. The person should not place great attention on children, intense love affairs, and deeply personal pursuits.

The person should favor his mind, not his impulse. He must cultivate the intellect and allow his rational mind to take precedence. Science and research endeavors are favored. Rules, regulations, dogma, and rhetoric are not to be greatly regarded. The person is learning a much more impersonal style of functioning. He is concerned with knowledge, information, and truth, and is relinquishing old habits of sentimental convictions and individual preferences. Commitment to ideals, especially the betterment of humankind, is crucial. The person must perceive life from the viewpoint of society. He should take life easy, not intensely. He should meet with friends and groups regularly, and effortlessly discover causes and campaigns worth furthering. Freedom, liberty, and equality for all must always be supported.

Fame and recognition are psychologically unimportant. The person may be a pioneer or revolutionary, but he is never to allow his reputation to go to his head. He should always favor activities which have never been done before. He does well with utopian movements, current fads, and prevailing crazes. He should generally avoid speculations, gambling, intense passions, and profound romance. His purpose is humanitarian.

In Hindu astrology, the North Node in the eleventh house indicates great ability to fulfill major goals and desires. The person earns plenty of wealth from 'side ventures', and has powerful, influential and worldly friends. The South Node in the fifth house means the person's 'poorvapunya' or past life credit is connected to spirituality and psychic experience. In other words, in previous lifetimes the person worked hard on attaining enlightenment and evolutionary growth; and in this life he gains the benefits. The South Node in the fifth does not produce many children. But those that are born will be introspective, psychic, contemplative, and decidedly spiritual.

(Black Moon) Lilith ♀ in ♈ Aries 6° 48'

([1137] elsaelsa.com)

Lone Pioneer

If you have Lilith in Aries, the pressures you've encountered through your Lilith placement have made you independent, strong, and unlikely to take shit from anyone. Your wounds have taught you that if there is a problem, you will have to face it alone.

Regardless of what aspect of your life Lilith impacts (which is determined by the house she is found in – you have had to go it alone. When you have asked for help, no matter how reasonable the request, you were rejected or dismissed. You likely realized early on that your needs were treated as burdensome by the people meant to help you, so you learned to stop asking them.

But needs have to get met somehow, so you have become a master in getting what you want in other ways. You may find yourself hyper-focused on your goals, knowing that you are the sole power propelling you forward. You can only count on yourself, so you'd better step up, right? You may also find yourself saying "fuck it," and instead blatantly asking or even demanding what you need from others, even strangers. The worst they can do is reject you, and you definitely have dealt with enough of that in your life. But either way, you don't let your emotions get caught up in the outcome.

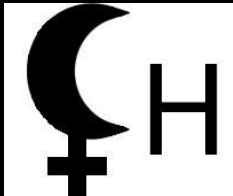

Emotions, that is, other than anger. With Black Moon Lilith in Aries, you carry with you a deep, seething rage. This belies the screaming pain of feeling like you've been left alone to fend for yourself in a cold world. It's cruel and unjust and sometimes you'd like to see the entire world burn down rather than let yourself or anyone else feel this kind of pain for another second.

Some of this can be alleviated by purposefully incorporating some of the energy from Libra, the sign opposite to Aries. Try to find a counterpart, a friend, a lover, someone who hears and validates your plight. Look for counterbalances and shades of gray in your otherwise black and white view of the world. And find someone who can help you without making you feel dependent.

There is, of course, so much to say about this placement. But let me close here: your pioneering spirit and anger are your superpower. Convert your rage into determination to blaze your own trail, leaving a path for the rest of us to follow. And remember –

independence is wonderful, but if you find the right allies, you'll never have to be truly alone again.

(Black Moon) Lilith ♀ in XI 11th House

([1159] elsaelsa.com)

Outcast

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and carry her energy into your dreams for the future.

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're

out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

Chiron ♄ in ♐ Sagittarius 15° 21'

([1256] astromajesty.com)

As Chiron represents wounds and healing, this is a significant placement because it speaks about beliefs, meaning, and adventure. Sagittarius is a playful and curious sign that lives for discovery, and perhaps Chiron gives it the trickiest mystery to uncover: the purpose of life.

Chiron in Sagittarius challenges basic and complex concepts equally. It forces one to seek the meaning of existence and if there's anything beyond what we see.

People with this placement usually experienced something life-changing in their childhood that completely shattered their innocence and ability to believe.

On the flip side, this wound can also come from a previous lifetime and a karmic lesson they still didn't learn.

Whatever the case, these individuals struggle to believe in anything but logic. Sagittarius Chiron people often feel the longing for something spiritual, but their minds don't let them wander in that direction.

These persons are usually intelligent, but it's a characteristic that sometimes limits them. As a result, they can think about beliefs and convictions logically. Yet, they can't connect their souls with any of those ideas, no matter how hard they try.

It is why Sagittarius Chiron people have a sense that they are on a constant quest for discovering who they are, what's the purpose of humankind, and life itself. They ask the most perplexing questions: where did we come from, and where do we go from here?

But as inspiring as that can be, it often leaves Sagittarius Chiron people feeling depressed and lost. The most often conclusion they come to is that there's no higher reason. And if there's no higher purpose behind our existence, then nothing really matters.

Time is another concept that boggles people with Chiron in Sagittarius. These individuals wonder it is just an illusion and why does it pass so fast. Every question

causes more questions, leaving Sagittarius Chiron individuals to conclude that everything is temporary and nothing makes a difference.

That causes a disconnection between people with Chiron in Sagittarius and the world. They are aware of ideas, beliefs, and religion, but none of it sounds plausible. that makes Sagittarius Chiron people feel worthless.

It is why people with Chiron in Sagittarius question their own identities. It all makes them feel like they don't know who they are.

As they struggle to believe in anything, they develop fears from having no control over life or being someone else's puppet. Perhaps their greatest fear is that they will die without getting the answers they crave so much.

Sagittarius Chiron people are terrified that they will spend a lifetime looking for answers without getting one. Because of that, many Sagittarius Chiron people will try to provoke the universe by immersing themselves in risks or chasing freedom.

Others might choose the opposite direction: fear of challenging life and avoiding the unknown, changes, and adventures.

Men with Chiron in Sagittarius

Males with Chiron in Sagittarius often feel mad at life and the universe. They wonder why the universe gave them the ability to think and ask perplexing questions if they will never get an answer.

It is an open wound to live with a continuous craving to discover your purpose but never reaching the revelation.

It is why these men are likely to seek comfort in freedom. Sagittarius Chiron men that by rejecting everything life and society give or expect from him, he will stop needing answers. Or, at least, that will be their demonstration of utter dissatisfaction about having to accept eternal ignorance.

Men with Chiron in Sagittarius are likely to go to extreme lengths to prevent others from disrupting their freedom. They will be emotionally withdrawn or push others away from them.

These men don't like being attached to anyone and anything because they'll suffer if they lose it. Sagittarius Chiron men believe it's logical to avoid emotions and connections because every relationship ends anyway, and mutual feelings fade away.

Sagittarius Chiron males rarely have functional or deep connections with people because they are the masters of self-sabotage. It is one of their defense mechanisms, and they don't let others come close to them.

Religion is also likely to make these men feel uncomfortable. Men with Chiron in Sagittarius prefer not to think about God or any higher force because they find it hard to believe in any of those concepts. They are much more inclined towards believing there's no purpose or meaning in anything, so it's better to ignore these questions and beliefs.

Avoidance is another defense mechanism Sagittarius Chiron men often use. They are likely to stick to the status quo and not think about anything that will force them to look for the bigger picture.

These men believe that there's no point in thinking about something they will never solve or discover the answer for.

Summary

There's an intense need for answers and meaning in this placement. People with Chiron in Sagittarius are curious, restless, and want to know what's their purpose.

Many of these individuals have an inner urge that forces them to believe in something greater than themselves.

Whatever the case, Chiron in Sagittarius is associated with meaning and beliefs. But these cravings will show differently, depending on other placements in one's natal chart.

Some Sagittarius Chiron individuals feel such a strong need to find meaning that they might dedicate their lives to that pursuit.

Perhaps they will become religious fanatics or seek groups and communities that give them meaning. If Chiron is afflicted, that can be a dangerous combination.

Other Sagittarius Chiron types are likely to rely on other people to provide them with information and purpose. They might use others to gather insights, but they don't know how to make sense of that. That causes them to feel hopeless and aimless.

Sagittarius Chiron people can also be nihilists who refuse all meaning and think that life is pointless. These types usually use adventures as an escape, or they completely shut the world out.

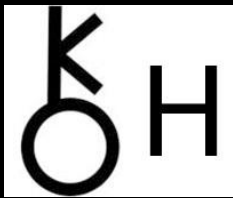

Even if they get something that resembles answers, deep down, none of it sounds like a plausible solution to Sagittarius Chiron people. It is why they tend to be depressed, pessimistic, and detached.

Their wounds usually come from past-life trauma or their formative years. Something happened to Sagittarius Chiron individuals, or they saw something that made them lose hope or stop believing in anything.

On the flip side, it's not unlikely that their lack of beliefs is a consequence of education or their parents teaching them that there's no greater purpose.

Whatever it is that causes their hopelessness and sense of meaninglessness, Sagittarius Chiron people should learn that life is an adventure. The goal might not be to get all the answers but to enjoy the process of looking for them.

Chiron ♄ in VII 7th House

([1266] astromajesty.com)

People born with Chiron in the 7th house have an intense wound concerning relationships or becoming close with someone.

Due to trauma or painful memory from the past, they find it hard to connect with people and trust them. Their wound likely has roots in a harrowing event from their childhoods that disrupted their ability to relate to others.

Perhaps those born with Chiron in the 7th house saw their parents getting divorced when they were little kids, or one of the caregivers abandoned them at an early age.

Because of that, these natives stopped believing in unconditional love, or the institution of marriage disappointed them.

Whatever happened during their formative years affected their capacity to believe in commitment and spending life with someone. Perhaps they never forgave their parents for divorcing.

On the other side, it's also possible that their caregivers had an unloving or toxic relationship, destroying the vision of eternal love.

However, the native likely grew up struggling to make a bond with anyone.

Even if they have relationships and friendships, they could be one-sided, one-night stands, or fleeting. They likely relate love to pain, and they believe that everyone will reject them or leave after some time.

It is why they prefer to block anyone from getting close to them. The Chiron in the 7th house native thinks that's the only way to avoid being hurt.

Fear of attachment

These natives don't want to commit to anyone. Their fear of getting attached likely manifests in every aspect of their lives.

Perhaps they don't like staying anywhere for too long because they don't want to grow feelings toward a place or people.

The idea of rejection is the worst fear they have to battle with every day. As a result, they don't approach people, and they push away those who try to befriend them.

But deep inside, the Chiron in the 7th house native has an intense longing for being with someone or having best friends.

Yet, they are so afraid of potential separation that they avoid forming connections altogether.

Nevertheless, there's another way how this wound could manifest.

As the native is afraid of rejection, they could become people-pleasers. They often become so dependent on other people's opinions and acceptance that they lose their individuality and become mirrors of persons in their lives.

But behind the politeness and amiability could be envy, distrust, or hostility.

Longing to love and fears of heartbreaks

In many ways, the Chiron in the 7th house native is a walking paradox. They want to experience profound feelings and the power of a great relationship.

Yet, they are typically defensive, sarcastic, or avoidant. They are also likely to sabotage their connections by starting power struggles or becoming too criticizing.

Sometimes they provoke conflicts and disagreements out of nowhere to stop feelings

from growing.

On the other side, the Chiron in the 7th house native could turn to those they believe won't leave them because they don't have a better option.

In that case, they could end up with toxic and dangerous people or lost souls and problematic individuals.

If other aspects in their natal charts are compatible or the natives overcome their trust issues and emotional trauma, they can help other people heal their traumas and damaged connections. They can be empaths and loyal friends and lovers.

However, before that happens, they usually have to mend their wound. That means that they must accept and learn to be alone and embrace the possibility of rejection.

Your greatest satisfaction comes from everything that is solid, stable and lasting. You know how to trust that life will work out. You learn to rest when you need it, even if you are not looking for fleeting or superficial pleasures.

For everything you come across, you want to know its purpose and use, and how to sustain and develop it for a better future. You recognize the beauty of all things in your environment. You enjoy the things that express your most sincere values and principles.

Scorpio is the sign opposite your Part of Fortune in Taurus. If you identify negatively with Scorpio, you will only find chaos and destruction in all those unpredictable situations that appear in your life. These are simply unknown things being revealed to you.

You must have patience, because what you want in a lasting way does not materialize instantaneously, but it arrives by means of several transmutations. It is necessary, then, that you understand that destruction is part of the creative process.

You are happy giving value to your life by establishing firm and significant foundations. You may move to action gradually and slowly, but with enough firmness to be able to feel calm and safe. It is this slowness of action that helps you relax and regain strength to continue.

The need for personal love and the expression of affection and sensitivity is very important to you.

You establish and understand a real separation between love and sexuality. You seek a sincere and warm union. Because Scorpio is opposite your Part of Fortune in Taurus, you are aware of the abuse that normally exists in everything related to sexuality.

You feel happy when you know where you are going, even if you take a long time to arrive. When another person tries to prevent you from getting what you want, you must not take it personally, because you are simply on their path and they unloaded their problems on you. You must forget it, without holding a grudge, so as not to lose your focus.

The more you try to appease the discontent of others, the more unhappy you are. So you must learn to live and let others live, learning all the richness of life for yourself.

You like to live in peace to appreciate all the good things that life has to offer.

Because Scorpio is opposite your Part of Fortune, you should direct your intensity to seeking spiritual growth. You really realize that negative conditions arise when one selfishly pretends to experience only positive things. Likewise, you must experience everything from a neutral and impersonal plane, where there is no negative or positive, turning your life into an example of a deep freedom from all those apparent effects of outside influences.

By maintaining a detachment from the material world you can allow yourself to flow through situations and emotions without personalizing them, seeing them as common to the human psyche. Thus, you understand the truth of life. Periods of solitude are very beneficial for you to gather strength, get in touch with your inner being, and begin to feel the essence of everything, because this is the source of your spiritual strength.

([3] astromatrix.org;) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

2) ► **Sun** ☉ **Parallel** ♌ **Chiron** - (0°13') ♍9 | ♎7

([117] astrotarot.net;) The wounded healer

Typical features that this conjunction brings – it implies the solar idea of being on stage, your desire for being seen. This Natal Sun – Chiron aspects are about particular type of sadness. In other words, your audience desperately wants you to shine, despite the impossibility of it. By audience we mean people around you. So, that makes great tension in you. Also, you are very sensitive of what others expect from you. From a psychological point of view, the “audience” could be a father figure, any prominent male figure in your life. This aspect is translated as an extraordinary level of sensitivity regarding your creative potential or your ability to leave a personal mark on the world. You are very sensitive and vulnerable. Above all, you may even make a career out of cheering and encouraging. You can be talent hunter, teacher, counselor who help others establish a healthy sense of ego, coach who make it possible for others to shine. When you recognize your pain in others you tend to be the one who to cheer on, to lead others to their highly-personal, brilliant destiny. This aspect symbolizes a holy wound at the heart of the ego. That wound makes you vulnerable. But, you are open to life with a rare sensitivity: the sensitivity required in any profession in which you have to handle other people's sense of self with care.

- Positive traits: Above all, you have great sensitivity, imagination, intuition, spirituality

and a sense of harmony. Also, you are likely to be unselfish and even submissive.

- Negative traits: You might be very vulnerable and over sensitive. Also you may be very jealous of people who are creative. Natal Sun – Chiron aspects are not the easy ones to handle.

3) ► **Moon** ☾ **Parallel** ♀ **Venus** - (0°37') ☾10 | ♀12

You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. With your personality, if the rest of the chart amplifies these tendencies, you are likely to find success in working with the public. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

4) ► **Mercury** ☿ **Parallel** ♂ **Chiron** - (0°53') ♄5 | ☿7

([119] astrotarot.net:) The wounded healer

Once you understand your traumas, you can help others heal themselves. This aspect is connected to wound related to connections with other people. Often as a child, you experienced rejection when you wanted to share your thoughts and feelings. Or, you were silenced at some point in your life. If you work through your pain, it can be a great advantage for you. People with this aspect often read about health and psychology. You are often a perfectionist. 5) ► **Mars** ♂ **Parallel** ♄ **Uranus** - (0°50') ♁9 | ♃7

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this

urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([635] astromatrix.org;) Unpacking your desires

Opportunities: 1. Deeper understanding of sexual energy 2. Transforming areas of disempowerment

Challenges: 1. Dealing with triggering experiences 2. Positively transforming rage

With this aspect in your birth chart, you will often feel the polarity between your inner wild and your primal nature. Lilith acts on her own accord and can sometimes feel like a puppet master in your subconscious. Mars is driven by impulse and marking its territory wherever it decides to conquer. Certainly, it's highly likely that you are often led by your desires - some of which you may not always be able to understand with your logical mind. The opposition works like a see-saw effect. In one instance you may be inclined to rebel against the status quo to make a statement. However, this may be received poorly in intimate relationships as you may have a difficult relationship with surrendering to the "other".

Ask yourself the question "Are there areas of your life you feel disempowered in?" The best way to integrate these energies in your chart, is to take a deeper dive into understanding your relationship with your own power. It's important you speak your truths, but perhaps they need to be timed more appropriately.

7) ► **Mars** ♂ **Contra-Parallel** ♀ **Pallas** - (2°00') ♋9 | ♏12

([580] 12andus.com:) You are ambitious and strong willed. Though you try to fight for what you believe in, you sometimes lose your focus.

You may become too distracted by how your mission reflects on you rather than the purpose and goal in general. You may become so lost in the "fight" that you forget what you are fighting for.

It may take patience and practice for you to find a balance between strategizing for your campaign or mission as opposed to fighting only for an image you want to maintain. You may work against your best goals and prospects because of the tendency to burn bridges.

When you soften your approach you can remain focused and determined, passionate and outspoken yet also win over allies rather than alienating them. You can be otherwise narrowly focused.

If you need to strategize a way to promote your mission, you find it easier to jump right into the fray and take action. Your efforts may be noble but if you have not taken the time to analyze or collaborate, you may expend energy better directed in other ways. Slowing down can help you assert your ideas and remain energized while having better overall results.

8) ► **Jupiter** ♃ **Contra-Parallel** ♄ **Neptune** - (0°04') ♎6 | ♋2

([192] astromatrix.org:) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in

your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

9) ► **Jupiter** ♃ **Parallel** * **Juno** - (0°49') ♀6 | ♄3

([598] 12andus.com:) You easily show your generosity and enthusiasm for your partner.

When it comes to long term relationships, you may be attracted to people from far away or even long distance relationships.

Your ideal long term commitment involves a partner who meets your ideals and shares your integrity, who loves to learn as much as you do and who can expand your mind in some dramatic way.

You may try to build a partner up, seeing the best in others and having hope that things will work out. Even when there are troubles in a relationship you don't let it get you down.

You try to be optimistic and positive about the connection you have. You can be generous and committed to your partner for the long haul.

Instead of becoming angry or possessive, your focus will be how to fix things. You love to live life to the fullest and want to commit to someone who can be your confidant and travel partner.

10) ► **Saturn** ♄ **Contra-Parallel** ♁ **Pluto** - (0°14') ♃7 | ♇5

([200] astromatrix.org:) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a

'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

11) ► **Saturn** ♄ **Parallel** ☾ **South-Node** - (1°17') ♄7 | ♄5

([203] astromatrix.org;) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply cannot touch you.

12) ► **Saturn** ♄ **Parallel** ♀ **Ceres** - (1°40') ♄7 | ♀9

([564] 12andus.com:) Your nurture others by being dependable and working hard to support those you love.

Your nurturing style is more aloof than emotional. You'd rather work behind the

scenes to provide a stable foundation for those you care about than make dramatic gestures of affection.

In fact, you may prefer minimal physical affection in relationships. But you'll make your concern for others evident. You'll work diligently to make sure others have their basic needs met. It's not in your style to be opulent even when you love someone.

You prefer tough love to coddling but others know that even in your preference for order and discipline you ultimately act out of compassion for those you love.

You seek order and discipline. Structure and tradition make you feel secure and nurtured. You look to the past to feel fulfilled.

13) ► **Saturn** ♄ **Contra-Parallel** ♀ **Vesta** - (0°46') ♄7 | ♀12

([615] 12andus.com:) Your desire for security and to hold on to your traditions and foundation may run counter to a spiritual calling you're compelled to follow.

You may experience hardships that could enhance your compassion and spiritual awakening, but at the same time you may let these hardships distract you. When you don't lose your focus in the mundane limitations and problems in career, finance or daily life, you may come to embrace your spiritual calling on a deeper level.

At some point, you may feel that you need to go into a self-imposed exile of sorts. You may retreat from public life or make a dramatic change in your career. It may seem like you retreat into your own world or lose yourself in work.

Yet this is actually part of the process you use to regain clarity and connection with your higher calling.

As long as you're careful to not use workaholicism as an escape from your obligations and calling, focusing on work periodically or retreating from work can be a powerful way to recharge.

14) ► **Uranus** ♅ **Contra-Parallel** ♀ **Lilith** - (0°45') ♅7 | ♀11

time. Others often misunderstood you and your ideas are not accepted by mainstream society. But you won't be satisfied if you are forced to conform. You find yourself changing your life. Also, you may struggle to find your place in the world. It is difficult for you to relax and live in the present. You rebel against any attempt to limit yourself and your creativity. You know the pain and isolation of being rejected and humiliated. So, you devote a lot of energy to change the social climate for the better. While you reject the morality of others, you follow your own rules. Your rebellion is decisive and purposeful rather than hedonistic or self-congratulating. Above all, you have a vision, a grand and noble goal of collective freedom that begins with you. You wish to change society almost as punishment for your oppressors. What to do to make Lilith work in your favor – Firstly, try to be yourself in the way you communicate. Secondly, working on self-acceptance is the key to empowerment.

You can find ways to ground yourself if you try to look past your desires and fantasies and try to see the relationship for what it is and not what you dream it to be.

([25] astromatrix.org;) Emotional Power

Opportunities: 1. Capitalizing on Your Sensitivity 2. Getting the Emotional Support You Need

Challenges: 1. Changing as You Go Through Life 2. Building an Empathetic Career
 Your emotions are very powerful, and you are quite sensitive to the feelings of others as well. What happens while you are young will have a very strong effect on your future life, so that the attitudes and patterns you pick up in youth will be very hard to change as you get older.

It is also likely that the career you choose will be influenced by your ideas in youth. Your mother may have more to do with the career you choose than your father. If your relationship with your mother is not good, it could cause psychological problems throughout your life that would affect your work and your goals in life very badly. You need her emotional support very much.

Be careful not to believe passively that the world will surely take care of you. You probably will receive a great deal of help from others, especially women, but, like anyone else, you will have to work to make the best of it. You should be very good at getting along with the public, because you can make people feel that you belong with them.

You have genuine sympathy for people, especially those who remind you of people you knew when you were young. This placement can indicate that in your career you will work with the public or large groups of people. Your profession might involve protecting and taking care of people, or you might be in advertising or public relations.

([201] astromatrix.org;) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can general fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

([218] 12andus.com:) You have the potential to be a strong, authentic spokesperson for healing and change based on your own experiences with your inner wounds, yet you are likely to avoid this opportunity because it is difficult for you to accept who you genuinely are.

You may try to hide from or downplay your wounds and in doing so you may overcompensate with a façade of confidence or ambition that is not genuine. By working to heal your fears, insecurities and past traumas, you are more effective as a leader and healer for others.

Acceptance and self love are necessary first steps in this process. Until you have learned these lessons, you may project your own wounds onto others around you and fear or resent those who remind you of your limitations.

You may want to have both your career success and the full support of your partner or spouse. Yet in some way, your marriage or partnership undermines your career ambition.

You may have to overcome relationship drama in order to be focused and committed in

your career path. Your career success may be jeopardized because of scandal or issues that impact your reputation stemming from your connection with your partner.

You may have to work through your jealousies and insecurities to find ways to create stability within your relationship so you can thrive in your partnership and in your career.

([5] astromatrix.org;) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating

them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

7) ► **Mercury ☿ Conjunct ♅ Pluto** - (1°04' S) ♄5 | ♄5

([34] astromatrix.org;) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will

depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

You can easily attract opportunities to be of service. Your compassionate nature and ability to mediate problems and create balance can be part of your higher mission. You devote yourself to making others feel loved and secure. Even if you don't always feel loved and cared for yourself.

You have a tendency to put others' needs first but you never complain about this. You see it as part of your mission. You are also comfortable caring for yourself so that you can dedicate yourself to a path involving helping others feel secure and nurtured.

10) ► **Saturn** ♄ **Conjunct** ♅ **Uranus** - (9°14' A) ♄7 | ♅7

([68] astromatrix.org:) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so

reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. Interpretation from transit:

([403] astromatrix.org:) Waiting For Better Weather

Opportunities: 1. Being Loving 2. Channeling Creative Energy

Challenges: 1. Avoiding Overindulgence 2. Dealing with Disagreements

([376] astrotransits.com:) In general, unwise spending, passivity, and laziness are the theme here.

([377] thefuture reminders.com:) Motivated by pleasure, you tend to look for people and things that gratify you. While generally an enjoyable day, certain conditions may make you aware of what is missing in your life. By recognizing any discord, you can take steps to harmonize whatever is out of tune. Expressing happiness often depends on being noticed and appreciated. When unfulfilled for any reason, you may prefer to indulge

yourself - especially with sweets. Love yourself and others regardless of the conditions.

([378] astrologyking.com:) There is a need for love and affection but you have to make the effort by first giving the love. Things will only turn ugly if you use people to satisfy your need for pleasure, or if you spend too much money on things for short-term enjoyment. The need to express Venus's energy can also be positively channeled through art and craft.

44) ► **Sun** ☉ **Square** ♃ **Jupiter** - (0°46' A) ♍9 | ♎6

([380] astromatrix.org:) Wasting Energy

This implies confronting frustrations which have their roots in your nature and attitudes, and which can only be resolved through changes and modifications within yourself. The Jupiterian quality of expansiveness is very potent, stimulating excess expansion in your actions and attitudes, tempting you consistently to overreach your actual capabilities. You may lack patience, planning abilities, self-discipline and persistence, and these will work against your ambitions succeeding, even though attaining your aims may be highly motivating. It is not that you are incapable of success, but that your approach sows' seeds of future failure as you pass. If this has happened in your life, then acknowledge it, and realize that future progress can be made if certain inner changes are taken.

The first step is to ensure that you determine your intentions and aims, and how you can proceed to accomplishment. As your desires and dreams can be varied and multiple, focusing your path may prove difficult, and you may need to pursue a thorough re-evaluation of your priorities and major needs in order to gain clarity of purpose. Moving too quickly can often lead to failure due to ill-considered plans, so you may need to stop and think more deeply before jumping into action or pay more attention to the advice of others. A careful assessment of your current capabilities is required, so that they match the level needed for your goals; working with talents tends to expand latent potential, but a requisite level of skills is initially necessary.

A more realistic appreciation of time is essential, or else you will feel your frustrations rising if success does not happen quickly. Excessive optimism and enthusiasm may need to be warily reined back, as do restless tendencies for changes in life, which can become more disruptive than helpful unless properly understood.

The areas of life especially affected are the houses and signs which are ruled and occupied by the Sun and Jupiter, it is through those spheres that you may over-expand or seek fulfillment within. If you sincerely wish to transform any pattern of frustration in your life, then becoming more realistic, mature and self-controlled will begin to show benefits, especially if you are systematically disciplined to overcome obstacles as they arise.

Accepting that failure need never be permanent, or that success is never final or guaranteed, can offer you a more balanced perspective to view your progress. Modifying

your attitudes towards life challenges so that they become opportunities for development and growth, instead of perpetuating attitudes of adversarial conflict imposed by a universe intent on thwarting your dreams, will ensure that every experience can bring something of potential value to use as a foundation for your eventual success.

Balance and moderation may need to be consciously developed in your nature and lifestyle, and extravagance or ostentatious tendencies may need to be controlled due to that pattern of excessive consumption that could be adopted as a compensation for other areas of personal failure. Learning to use your energies and time carefully is important, as you may waste them by futile pursuits. Unlocking latent creative potential may be difficult, yet if you can do so this may open several new doors of opportunity, liberating blocked inner energies and providing the key to future success.

In relationships, you may need to guard against tendencies to manipulate people, as this will rarely work to your ultimate advantage; there will always be some other puppet master capable of pulling your strings. Similarly, attempts to distort information for your own aims will equally be turned back against you by others also adroit at such tactics. Treating people honestly and directly is the best approach, and you should possess good communication skills which could be applied to transform blockages and obstacles.

You may find that if you rely solely on your 'luck' your progress will be restricted; but if you begin to change those problematic attitude areas and approaches then 'luck' will begin to flow again in your favor. You have high expectations in intimate relationships, especially centered around the fulfillment of your needs and desires; remember that it takes two to make partnership and marriage, and that there is no law that asserts that your needs are paramount. Real love involves mutual sharing and co-operation, each helping to make the other happy, fulfilled and capable of reaching his / her highest potential, it should not be a one-way traffic.

Co-operation and interdependence may need developing, through a diminution of the insistent demands of your ego; otherwise, excessive self-indulgence can stimulate problems of health and corresponding illness. Make sure that your expectations and demands of a partner are equal to your own contribution, and to the degree of commitment and effort that you are applying to make the relationship work.

([463] astrohealer.com:) One's expansive tendencies are polarized from one's psychological "sore points" or one's capacity to address one's wounds. Alternatively, one may find it difficult to bring together one's "awkward" side and one's "sophisticated" side if these energies are under stress in the natal chart.

If the energies symbolized by Jupiter and Chiron are relatively well-integrated in the psyche of the individual, he or she may, in fact, approach the healing process as an "organic" or "holistic" phenomenon, rather than a purely spiritual procedure. This, in turn, will create an opportunity for the seemingly unrelated polarities of the psyche to come together in order to form a more balanced energy field over time.

If Chiron and Jupiter are not well-integrated in one's psyche, however, this configuration may hint that one considers the sphere of wounding and healing as unrelated to the sphere of ideological development, or indeed, completely separated from it. In this case, one may develop a high degree of sophistication in his or her style of understanding the world, yet may remain unable to use that understanding in order to initiate the process of healing with regards to one's own wounds or the wounds of others in one's life.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

([6] astromatrix.org;) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good

fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues

may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

[142] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([142] astrologyking.com:) It resembles the conjunction although the difference between them is that the opposition is fundamentally relational.

There is a greater need for love and affection. It can put a strain on love relationships because tensions spring forward easily.

It does favor sorting out any issues relation-wise because you are in touch with how you feel and can express how much you love or miss someone. Compensating for any loneliness by indulging in luxuries may only give short-term relief and put a strain on finances. The better way to channel Venusian energy is to contact people for a chat or getting out, even trying your hand at some creative activity.

14) ► **Contra-antiscia-Pallas** ♀ **Conjunct** ☾ **Moon** - (2°02')

([577] 12andus.com:) Your intuition and emotions can make you feel insecure about situations in which you need to advocate for others.

Though you may be compelled to protect children, families or those who need stable housing, you may also shy away from your mission to lead others. Your emotions can make it difficult for you to be objective in assessing campaigns in which you could otherwise be of great help.

You may have to work hard to trust your intuition and find the confidence in yourself so that you can bring your wisdom and strategy to the forefront. Though your mission is influenced by personal experience, you may struggle with getting past your emotional attachments in order to be more effective.

15) ► **Contra-antiscia-Mercury** ☿ **Conjunct** ♁ **Vertex** - (0°39')

16) ► **Contra-antiscia-Vertex** ♁ **Conjunct** ☿ **Mercury** - (1°15')

([132] astrotarot.net:) Typical features that opposition brings – there may be opposition to your ideas. Also, you often feel that you have to give up your favorite ideas. This is not an easy aspect. Also, there may be conflicts to work out with other people. You love traveling, writing and teaching. In some way your expression to others could make others think you are contradicted. You need to do something for yourself. Above all, you need to work on first impressions.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

([173] astromatrix.org:) Friend Or Lover

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge

of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years. Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

And you can even become obsessed with some person. It is important that you have high regard for yourself. There is often poor self-esteem with this Natal Pluto – Vertex aspect. There is a very good chance that your life will be positively transformed by someone who changes the course of your life. Also, Your relationship with a marriage or business partner could develop into a successful business venture.

([575] 12andus.com:) You may feel torn between your desire for comfort and pampering

and your spiritual calling.

You can struggle to reconcile your need for abundance and nurturing and your spiritual beliefs to which you feel called. Your quest may require you to periodically step aside from your desire for comfort and tend to the needs of others.

You may have to forego your own needs for a period of time, adjusting to a life of minimalism or getting your minimal needs met so that you can step up to the plate and fulfill your spiritual calling.

Your calling may require you to act in nurturing ways with others even when you are not able to get your own needs met.

You can find it easier to fulfill your spiritual calling when you balance your desire for pampering and the purpose of your higher calling.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 26° **Taurus** 23' and in the **12th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 25° **Gemini** 15' and in the **1st** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 12° **Taurus** 32' and in the **12th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 22° **Gemini** 34' and in the **1st** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 20° **Cancer** 54' and in the **2nd** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 21° **Libra** 11' and in the **5th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 28° **Aquarius** 54' and in the **9th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 2° **Scorpio** 22' and in the **6th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 2° **Capricorn** 39' and in the **8th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Capricorn: carelessness, neglect

Nemesis in Eighth house (Scorpio): murder, plots, jealousy, scheming, lack of trust

Lots related to family:

The **Lot of the Father** is in 8° **Leo** 25' and in the **3rd** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 26° **Leo** 19' and in the **3rd** house.

Same as for father.

The **Lot of Siblings** is in 12° **Cancer** 49' and in the **2nd** house.

The **Lot of Children** is in 9° **Taurus** 11' and in the **12th** house.

The **Lot of Daughters** is in 9° **Sagittarius** 51' and in the **7th** house.

The **Lot of Sons** is in 1° **Taurus** 26' and in the **12th** house.

The **Lot of Marriage for Woman** is in 14° **Capricorn** 5' and in the **8th** house.

The **Lot of Marriage for Men** is in 8° **Scorpio** 0' and in the **6th** house.

The **Lot of Deceit in Marriage by Woman** is in 25° **Taurus** 37' and in the **12th** house.

The **Lot of Deceit in Marriage by Men** is in 10° **Virgo** 38' and in the **4th** house.

The **Lot of Marriage (in general)** is in 12° **Sagittarius** 14' and in the **7th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 22° **Leo** 30' and in the **3rd** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 10° **Leo** 44' and in the **3rd** house.

The **Lot of Treachery** is in 12° **Gemini** 10' and in the **1st** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 14° **Aries** 48' and in the **11th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 17° **Capricorn** 54' and in the **8th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Libra (Rx)

([canvasofthecosmos.tumblr.com:](https://canvasofthecosmos.tumblr.com/)) Pholus in 7th House/Libra: You are almost always open to welcome new friends, but equally wearisome from previous relationships you realized you didn't want to be responsible for. You gain a lot of acquaintances (though more than you often bargain for) as you are eternally approachable because people realize you're very accepting of others. This acceptance comes from the knowledge that everyone is a can of worms waiting to be opened. When you do find people to be close to, boy do you open up. Often, you are more contained alone than you are with friends. Others bring out things in yourself you never realized on your own. Though you bring the life to the party, time to yourself can help you recuperate as you get so wrapped up in relationships that you feel the need to explode, often on those you're close to. The intensity others bring out in you is better in smaller, more manageable doses, otherwise it can burn everyone involved quickly unless they can handle and match it.

Pholus in 5th house

([12andus.com:](https://12andus.com/)) You may have an insatiable appetite for creative expression, playfulness and romance.

You may have an artistic or creative talent that is unexpectedly unleashed. When it is, your life will be forever changed. You may become obsessed with your newfound talent to the point of toxic grandiosity.

On the other hand, you may unintentionally awaken a powerful talent that changes your path and leads you to success, leadership and enjoyment. You may find personal enhancement and growth through the creative process.

You may compulsively pursue playful relationships or affairs with people who invigorate you but may not be fully available. At worst, these relationships can become toxic. At

best, you may have to overcome limitations or fears that lead you to become more confident and dramatic in your self expression.

An accidental stumbling upon your hidden spark and talents can lead you to dramatically change your attitude and create greater self-confidence.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Leo

(12andus.com:) You may have an obsession with power and drama.

You may be erotically drawn to people who are flamboyant and colorful. Role playing and theatric experimentation in the bedroom appeals to you. You can become jealous easily and need to be adored and admired by your partner.

Basking in luxury and being treated like a Queen of King is a major turn on for you. You want to be the center of attention and are attracted to power and status.

Knowing your partner is a celebrity or popular person, or dressing like a celebrity may be part of the sexual attraction. You want to feel like you are among royalty when you're intimate with your partner.

You can be dramatic about your passions and may be attracted to the idea of being admired more than you are to your actual partner as a person.

Eros in 3rd house

(12andus.com:) Your sexual attraction to others is expressed through communication and intellect.

You may idealize your sexual partners or enjoy fantasy based intimacy. Your sexual passions influence your language, writing and communication in general. You may be motivated by erotic obsession to learn new things or expand your social network.

You may also find yourself fascinated by those in your peer network or circle of friends. Your arousal for may involve fantasies of being with two partners at the same time. You are also likely to be turned on by voyeurism or watching erotic material rather than participating personally.

Literature may turn you on and you may enjoy being read to by your partner. You may also be aroused by hearing the sound of your partner's voice or by erotic talk or whispering.

Learning from a partner or teaching a partner new things can also open the doors to erotic experiences and personal satisfaction for you.

(12andus.com:) Your entire thought process may easily become derailed during times of crisis and disruptive change.

When your life is impacted by unexpected cataclysmic events, you may have to completely abandon everything you know. You can't move forward and find healing or release while you're hanging on to old ideas or ways of thinking.

Small decisions can have explosive ramifications for you. You may have the best of intentions when it comes to protect others but your plans or ideas may backfire easily. You may have unrealistic expectations about your mental prowess. You may think you can talk your way out of any situation.

This may be true until a time comes in which dramatic changes unleash a change in thoughts and attitudes and when this happens, there is no turning back. All you can do is try to let the breakthroughs lead you to new understanding.

2) ► 6° Libra 38' **Pholus** ✎ **Conjunct** ♃ **Pluto** 5° Libra 55' - (0°43')

(12andus.com:) Your deep, dramatic urge to transform and be a catalyst for change is ushered in by milestones and turning points.

Even situations outside of your control are likely to be harnessed as catalysts for deeper personal transformation. You can find your inner power, clarifying your focus and finding greater authority during times of cataclysmic change and crises.

Though you have powerful protective instincts, you will also find that you can't always dominate the circumstances around you. When milestones and turning points threaten your sense of security and foundation, you rise to the occasion and act as an authority figure.

You can also help others walk through these periods of dramatic change and transformation and may see even small catalysts as much bigger turning points leading to a symbolic death and rebirth phase for you.

3) ► 6° Libra 38' **Pholus** ✎ **Opposition** ♀ **Lilith** (Rx) 6° Aries 48' - (0°10')

When faced with the decision to respond on behalf of the community or to follow your own personal path, you'll struggle with this choice. You may find cataclysmic events to be a challenge to your sense of independence or freedom.

It may be difficult for you to realize that your desire for freedom and independence can lead you to rebel against the status quo and miss signals that small choices you've made have bigger ramifications for yourself and your relationships with others.

When you find a way to reconcile your personal needs for freedom and independence and your obligation to protect or guard others in a time of crisis, you will find crisis situations to be turning points that help you better stand up for your own needs and embrace your passions.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Libra (Rx)

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

Hygiea in 5th house

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting

spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Capricorn

(synnisisigns.com:) When Eris resides in the tenth house of authority and power, you are here to understand your role in taking care of the those with less power than you. Should you not have a natural understanding of this role, Eris will make sure you experience the consequences of the bigger fish eating the smaller fish. You will experience why some people insist on “survival of the fittest” and you will not necessarily be the one considered “fit”. When you grow in wisdom in this role, you will be a fine steward of the needs of the people.

Eris in 8th house

(synnisisigns.com:) Eris in your eighth house of death [transformation] creates situations where you experience people trying to take away your resources. Inheritances, insurance payments and loans can be contentious and difficult experiences, especially if you are elected to be the conservator/distributor of those funds. You may have to share a partnership role in the disbursement of funds, but do not have final say in where they are to go. In the area of sexual development you may have sexual experiences that are incomplete or unsatisfying due to one partner or the other demanding a control of the sexual experience.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and

house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Karma in 9th house

(smartyoungsters.com:) Karma in 9th house: You can reach your goals through writing, religion, god, travel and adventure. Your curiosity, thirst for knowledge, religious understanding, teacher and mentor can help you fulfill your duties. You can become a sports star. Don't misuse your intellect to put down others.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Virgo

(astronomicallyaligned.tumblr.com:) You want to open the box in order to be the image of perfection. Eternal knowledge, perfection, intelligence, diligence, and admiration. Inside you are all these things. But you might not know it. In your quest for perfection, you would sell your soul. You open the box in curiosity as to what is inside. Because you don't know that you already possess these traits! As they're let loose, tunnel vision, stormy clouds, and insecurity is let onto the soft and scary world. But if you know and understand what is in the box, you will feel at peace. Self-love for yourself is extra important here. Don't compare yourself to others, only try your best at self-improvement.

Pandora in 4th house

(astronomicallyaligned.tumblr.com:) You're curious about your home, family, past, childhood, and roots. You want to find out more about those themes. Possibly joke around with them.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing

the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Pisces (Rx)

(smartyoungsters.com:) This is the Nessus who is obsessed with spirituality, oldage homes, hospitals, photography, painting, art, nomadic lifestyle, dreams, healing, reiki and being a mystic living on mountain. This Nessus will be excessively fond of water and living besides it. Like the Nessus in Sag/9th house, he also is a compulsive traveler but of a mystic sort. He is a compulsive painter, photographer that is obsessive about capturing every single detail. He runs behind the mysteries of the Cosmos and keeps himself occupied with it. He has a compulsive desire to learn healing crafts like pranic healing and reiki. He can use these to manipulate his disciples, patients and followers. A guru who talks to spirits of the ancestors. He prefers living life his way avoiding bondage of any kind, slipping out of the hands like a fish. A person who avoids responsibility of any kind. When expressed positively, this is the "Adi Yogi" avatar of Lord Shiva who can cure with compassion, the world's first reiki master who can heal and turn "prana or chi" in the positive channels. He is also the alchemist. A dream interpreter, spirit medium,

spiritual guru and master artist like Leonardo Da Vinci, is this Nessus. In love, he is detached, free from bondage and a nomad moving from place to place discovering the secrets of cosmos. He is intuitive, magician, mystic and tuned to the spirit world. He will need plenty of space.

Nessus in 10th house

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnismans.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:.) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:.) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

The stormy cluster of fixed stars known as Hyades (aka "the weepers" or "to rain"). Highly provocative, creates a volatile, dark and libidinous vibration... hungry for release.

Satisfaction and success are guaranteed if this stalking, obsessive and compulsive force is harnessed, however, if left unbridled to run amok then expect the unexpected... for there will be tears. This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.

Midheaven Hyades position brings disgrace and ruin, often leading to a violent death. It also augers insight, ambition and eccentric behaviour. Beware of the mask these people wear. Sun in Hyades has a similar energy to the midheaven, although there seems to be sexual perverseness about this position.

The moon in Hyades stirs the emotions like no other. These aspects are prone to depression, anxiety and schizophrenia. Often this is a challenging aspect leading to knowing the self but not really wanting to change themselves for the better.

Arcturus offers protection on a psychic level as well as a physical one. A strong showing of this fixed star in one's chart has a powerful influence. In connection with Jupiter Arcturus ignites passion, spiritual wealth leading to ascension.

Arcturus reminds us of the matrix we live in. But also a way to transcend such a system. Through higher consciousness, achieving ownership of your very soul. Instead of allowing the brain to take the lead. Without listening to the spirit. This is a dangerous way to live. Arcturus fixed star shows us we must listen to our spirit and allow it to be master over the brain and body.

It prepares the body and mind for self-healing. Far-reaching past episodes of trauma may arise when Arcturus is prominent in your astrology chart. A time of awakening to the spiritual side of yourself. The soft gentle side that you've been hiding from the world, in fear of rejection. Sensual but sadistic, this independent stellar warrior seeks satisfaction through self-indulgent and aggressive action, with a strong and immediate desire to dominate and control. But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.
