The Free Spirit

The key word for your Life Path is freedom.

In the pursuit of freedom, you are naturally versatile, adventurous, and advanced in your thinking.

You are a good communicator, and you know how to motivate people around you.

This may be your strongest and most valuable trait. Because of this skill, and your amazing wit, you are a truly natural born salesman.

You are not very good at staying with everyday tasks that must be finished on time. On the average, the number 5 personality is rather happy-go-lucky; living for today, and not worrying too much about tomorrow.

It is also important for you to find a job that provides thought-provoking tasks rather than routine and redundant responsibilities.

In romance, you hate to be tied down and restricted. This doesn't necessarily mean that you are unfaithful or promiscuous, but it does mean that a good partner for you needs to understand your nature.

If you are living on the negative side of the Life Path 5, you are apt to be multitalented, but suffering from some lack of direction, and there is confusion surrounding your ambition. Restless, discontent, and impulsive, you may bounce from one job to the next without accomplishing much at all.

Expression (Destiny) Number: 3

([659] numerologycalculator.online:) The number 3 Destiny suggests that the direction of growth in your lifetime will be toward a more creative and inspirational nature. This path also leads to establishing yourself as an inspiration person spreading optimism and cheerfulness wherever you reside or travel.

The byword for the 3 Destiny is embracing the joy of living and helping others to do the same.

A large part of your mission in life centers around raising the spirits of your fellow man. This might be on a everyday small scale basis, or it might be by being on stage as an entertainer.

Obviously, for most, the first more likely, but, this Destiny does incline you along a variety of lines that may include writing, speaking, singing, acting or teaching. For some the interest in and appreciation of the arts is there, but the creative pursuit of these interests might not arrive.

You also have the destiny to sell yourself or sell just about any product that comes along. You may indeed be a natural salesman as the 3 traits are always welcome in sales and public relations. You are imaginative in your presentation and a pleasure to be around.

As you mature you must become an optimistic person that seems ever enthusiastic about life and living. You are friendly, loving and social, and people like you because you are charming and such a good conversationalist. You must develop an ability to communicate effectively in order to inspire others. It is your role in life to inspire and motivate.

Friends are extremely important to the 3 Destiny, and you must develop the ability to be a true friend. Through this talent you will achieve success. Opportunities open for you as you become increasingly social.

The negative side of number 3 Destiny is superficiality. You may tend to scatter your forces and simply be too easygoing. It is advisable for the negative 3 to avoid dwelling on trivial matters, especially gossip.

Life Path - Expression Bridge Number: 2

([660] numerology.center:) Number 2 gives you characteristic of a very loving and pleasant person. But the other people, generally, cannot notice that. You think that you are an open person and everybody understands you, but, unfortunately it is not like this.

All people are different and you have to be more tactful towards others so that they can see your friendliness. In some situations, diplomacy and practicality may help as well. Sometimes you are not attentive enough to other people. It may hurt them and lead to further misunderstanding. You have to be more polite and open to make contacts with others and avoid conflicts, which doesn't definitely lead you to your dream's accomplishment. You have to be sure of your capabilities and not to repel other people. This is a recipe for your happiness and luck.

Heart's Desire (Soul Urge) Number: 7

([659] numerologycalculator.online:) People with a 7 soul urge are quiet and introspective. They are driven by a need for deeper understanding and are often philosophical by nature.

You love learning and gaining knowledge in every area possible. You have a remarkable mind and an ability to understand things on a level that is far deeper than average.

You are extremely analytical and you know how to find the information you need to deepen your understanding of things. You aren't much for baseless belief. You have trouble believing in anything that isn't observable or tangible. This makes it difficult for you to extend trust.

You can be very rigid and impersonal with people which can be damaging in relationships. Sevens have a hard time letting their feelings show. Feelings are impractical, after all.

All of these things have a tendency to make you somewhat withdrawn. Your task will be to consciously strive to form meaningful relationships with people, even if it comes down to only a few or even one. You must teach yourself to be vulnerable in a way that allows you to maintain your sense of self as well as your independent spirit. This will not be easy but learning how to do it will have immeasurable benefits.

Personality Number: 5

([659] numerologycalculator.online:) Five personalities are community leaders who take an active interest socially and love to be involved with others. They are adventurous, highly passionate people who love to travel and immerse themselves in different cultures.

Five people are seen as stimulating, interesting, but not always the most reliable or dependable. They tend to do their own thing on their own time.

People with Personality Number 5 are witty and bright. They are risk-takers and like variety of experience and change. Contingency is what invigorates them most. The prime directive of such people is to expand and explore their personal freedom, as they are liberal. Their youthful personality is almost irresistible for others. The life of such

people consists in continuous expanding of their sensuality's realm and exploring the surrounding world.

Their verbal style is lively verbal and engaging, which makes them expressive and outgoing.

Besides that they are fluent and quick-witted. Persuasive salesman or sparkling conversationalist is a best role for them.

Heart's Desire - Personality Bridge Number: 2

([660] numerology.center:) You have the ability to influence people. You don't use this aptitude with your private aims. Maybe you even don't know about this ability, but very often people do what you want. However, in spite of this fact, you have to be more attentive to the needs of others. Good warm relationships will be long-lasting if you understand the expectations of people, who are important to you, and if you don't ignore them. Sometimes it is necessary to put the focus on the wants and needs of others. It will help to build natural harmonious relationships.

Patience is important for your job as well as for your relationships. Don't try to make things too quickly. In some cases it is necessary to calm down and wait a little bit.

Quiescent Self Number: 5

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 5 are apt to be imaginatively immersed in various adventures and constant new experiences. Repetition is unlikely.

The energy represented by the number 5 resonates with expression of personal freedom. There's curiosity and wit and sensuality and changing direction on a whim.

Some of the visualizations of a person with this quiescent-self number are likely to include traveling to countries of the world and assimilating the cultures they have to offer. Conveying personal experiences to others with writing, speeches, or other communication methods is also likely. As is being able to communicate with anyone, whether by a common spoken language or by other means.

Their thoughts and pleasure generally are unpredictable, even to themselves, but usually relate to interacting with people, learning something new, or experiencing new things. Understanding many and varied points of view is an especially attractive scene.

Maturity Number: 8 = 5 + 3 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with reward through accomplishment. You're being called upon to work with your talents with organizing and managing, to achieve personal success and recognition, and to use your authority wisely and well.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to achievement in the material world to center stage. Situations will arise highlighting your need to direct and lead, to accept financial reward and abundance, and to work for the benefit of humanity – not just personal gain.

What that might look like:

- Opportunities to engage in the large realm of business or any arena where you are called upon to lead, manage, and organize.
- A dramatic change in career or vocation.
- Putting aside personal relationships in order to focus on work and career or the realization that you've not stepped into your power and aren't achieving satisfaction because you struggle with money, power, control, and authority.

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 2

(Month + Day) - from age 0 to 31 (based on LPN) - ([665] feliciabender.com:)

General: When this is your Pinnacle, you're being beckoned to envelop yourself in the elements of learning to cooperate, share, be considerate of others, and be at your best

when you are in harmonious relationships without sacrificing yourself in the process.

2 is the number of partnerships, patience, balance, and keeping fairness at the helm. Therefore a Pinnacle is a time where love and group effort takes front seat, whether it's through marriage or partnership, parenting, or other experiences that have the elements of unconditional love at the core.

This is a time where you will be called upon to work on—and perfect—your subtle art of relating. The 2 energy also has to do with gathering and relating facts or data, perfecting details, and being a team player whose strength lies in being of service in a joyous and balanced way. Where precision and details are valued, you'll be happiest with your contributions.

A 2 Pinnacle immerses you in friendliness and harmony. This energy asks you to pay attention to details and practice patience and tact. It won't offer much recognition for all you do during this time, so you must turn to yourself for acknowledgment in order not to feel resentful.

Pinnacle 1 Number 2: First Pinnacle: If you experience a 2 First Pinnacle, count on being an overly-sensitive child who's easily hurt and who takes on the emotions of those around you. Yet, since you're so young, you won't realize you're feeling both your own emotions plus those of everyone else. You may have difficulties with both verbal and emotional expression since you are overloaded with feelings that you're not yet mature enough to recognize and filter out. Your mother is likely to be the strongest influence on you during this time.

Warning: Warning: The 2 energy is super-duper sensitive. If you don't work with this energy mindfully your tendency will be to get your feelings hurt often and deeply. If you take every little thing personally, instead of cultivating your ability to relate well with yourself and others, you'll experience a substantial amount of pain during this time—not to mention a battering of your self-esteem in the process.

First Pinnacle Cycle: 11

(Month + Day) - from age 0 to 31 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Second Pinnacle Cycle: 2

(Year + Day) - from age 32 to 40 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 2 Number 2: Second or Third Pinnacle: A Second or Third Pinnacle with a 2 influence will surround your life in the energies associated with working in balance with other people. This is a time that isn't so much "me" focused as "us" focused. When you master your ability to promote harmony in all things, show patience and a willingness to forgo credit based on your contributions to the whole, you'll be operating optimally. The work you engage in during this time is likely to be quite detailed and demanding. If you've been a content stay-at-home mom, for instance, it wouldn't be surprising to see this number in your Second or Third Pinnacle.

Second Pinnacle Cycle: 11

(Year + Day) - from age 32 to 40 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Third Pinnacle Cycle: 2

(1st Pinnacle + 2nd Pinnacle) - from age 41 to 49 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 3 Number 2: Second or Third Pinnacle: A Second or Third Pinnacle with a 2 influence will surround your life in the energies associated with working in balance with

other people. This is a time that isn't so much "me" focused as "us" focused. When you master your ability to promote harmony in all things, show patience and a willingness to forgo credit based on your contributions to the whole, you'll be operating optimally. The work you engage in during this time is likely to be quite detailed and demanding. If you've been a content stay-at-home mom, for instance, it wouldn't be surprising to see this number in your Second or Third Pinnacle.

Third Pinnacle Cycle: 22

(1st Pinnacle + 2nd Pinnacle) - from age 41 to 49 (based on LPN) - ([665] feliciabender.com:)

General: 22: This Pinnacle is uncommon. It usually comes into play only after you have experienced two preceding Pinnacle of 11/2. If you experience this Pinnacle, you've opted for an especially dramatic or traumatic path in your life. Because of the prior 11/2 Pinnacles you've lived through, you've been challenged to become a "master soul" or at least been called upon to work in a profound way on a higher spiritual path. Most likely you'll have undergone radical changes along the way. You may even have a physical or mental handicap or major health issue.

With the 22/4 Pinnacle, with all of this experience up to this point, you have a chance to do something truly profound that will affect people on a wide-ranging scale. You'll build something of lasting value that will benefit humankind in a way that will keep giving even after you're gone. The 22/4 is the number that opens the door to high levels of personal and financial success if you utilize your incredible organizational skills to apply practical solutions to the problems encountered in the everyday world. This is a highly productive period of your life, yet also not easy considering it is chock-full of tests. Focus and endurance are a must.

Warning: 22: Warning: Whether you like it or not, your actions set an example for others, so you must know that your actions speak louder than your words during a 22/4 Pinnacle. Also it's a time where you need to be aware that you're subject to extreme sensitivity.

Fourth Pinnacle Cycle: 2

(Month + Year) - from age 50 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 2: Fourth Pinnacle: If you have 2 energy in your Fourth Pinnacle, it's an opportunity to cultivate harmony. You can retire or continue to work, yet the key to feeling satisfaction and fulfillment will be patience, tact, and cooperation. Again, you'll need to control a tendency toward sensitivity. It doesn't serve you well to be at the mercy of overwrought emotions.

First Period Cycle: 3

(Month) from age 0 to 31 (based on LPN)

([666] worldnumerology.com:) The early part of your life is a time of heightened self expression and much social support. Any ability you possess in the arts, especially in writing, acting, or dance, will be brought to new heights and meet with much reward.

You are socially active and will appear to others as charming, attractive, even charismatic. Be careful not to waste your energies on too many superficial projects or relationships, however.

The time requires discipline and focus in order to make the most of the great upward energy that is filling your life.

Second Period Cycle: 8

(Day) from age 32 to 58 (based on LPN)

([666] worldnumerology.com:) The 8 Period Cycle usually bodes well for work, career, and financial reward. This is a time when power falls to you, but must be used wisely and with purpose. You likely find yourself in a position of authority and leadership.

Vision and a willingness to take risks are necessary to advance your career or business. However, there is a danger of being duped by get-rich-quick schemes.

With balance as its most essential quality, the statement "You reap what you sow" applies to the 8 more than to any other number. With effort and diligence, financial reward is almost guaranteed.

However, if cutting corners or opportunism is the driving force behind your professional life, financial ruin could just as likely be the result.

The 8 is rarely neutral regarding punishment or reward.

Third Period Cycle: 3

(Year) from age 59 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you "growing older" more slowly than your peers. The excitable, scattered, creative energy of the 3 can resemble an elixir from the fountain of youth. However, there is a tendency to waste time and energy on unproductive projects.

You have many original ideas, but you may have difficulty differentiating between lead balloons and those that can fly. Your 3 energy is uplifting and motivating, which draws people to you. However, staying focused may be a challenge, which could affect your ability to reach your goal.

Your need to express yourself through art, especially the verbal or performing arts increases with age.

First Challenge Number: 5

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) The challenge inherent in the 5 is that you'll feel a little crazy. This energy is highly charged and quite intense. Think about how you've felt during the 5 Personal Years you've already lived through in your Personal Year Cycle: That's just a small glimpse of the feelings surrounding this longer segment of your life. Impatience, restlessness, and a relentless desire for personal freedom are at the core of your challenge. This is the time to mindfully become free from limiting behaviors. The problem with that is that under this challenge, being mindful is particularly hard.

With this challenge, you'll find yourself being extremely impulsive and unstable. You'll want to try everything at least once, so there's a chaotic and uncontrollable aspect to this vibration. Change will be inevitable, yet it must be handled in a thoughtful, meaningful, and controlled manner. The 5 is all about freedom through self-discipline – the constructive and focused use of freedom.

You'll be pulled toward evading responsibility rather than committing to healthy and constructive change. All in all, this challenge requires that you learn, as early on as possible, to reign in your reckless tendencies and to monitor your impulses.

Potential Destructive Aspects of the 5 Challenge

- Feelings of chaos resulting in either emotional paralysis or bad judgment
- Living a life of pure self-indulgence and lack of discipline
- Being irresponsible and unfocused
- Becoming fully immersed in addiction to food, sex, alcohol, drugs, or overwork
- Living with a victim mentality and flitting from relationship to relationship, job to job
- Health issues, including mental health, adrenal system burnout, injuries, and accidents

Second Challenge Number: 5

(Day - Year or vice versa)

from the age of about 35 to 55/60

This Challenge Number has already been explained previously. (above)

Third (Main) Challenge Number: 0

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will

come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given “a free pass,” so to speak. You’re being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It’s suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There’s great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Fourth Challenge Number: 0

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 8 (17 + 12) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The

energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 8 brings energies related to business and material accumulation.

This tends to be a year of achievement, of reward — a year to make strides in business, organization of projects, employment, promotions, monetary compensation, or the accumulation of possessions. A year of accomplishment.

A desire to better one's financial condition comes with this year.

Monetary gains are likely. Material rewards come more easily because you tend to focus on them. Actionable opportunities are noticed more, again because the focus tends to be open to seeing opportunities. This is a year of action, efficiency, and material gain.

Personal Year Number (for 2023): 9 (17) + (12) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 9 brings idealism and humanitarianism. There is more concern for the welfare of humanity, and less prejudice and judgement. More compassion and tolerance and benevolence, less blame.

The energies of this year tend to bring out the philanthropic and generous aspects of a person. Broader interests and larger activities seem more natural. There's a more global consciousness.

The year tends to bring completion or fulfillment of projects or dreams — including letting go of the no longer desirable to make way for the new and now worthwhile.

There's an inclination to support individuals and organizations dedicated to the benefit of mankind.

(feliciabender.com:) This is a year of completion, of unraveling, of letting go of the old to make space for change. This change will be all-encompassing: possessions,

relationships, job, geographical location, spirituality, health. All of it. It is all under review this year. Life changes that are known to happen during a 9 Personal Year: divorce, being fired from your job, the death of a close family member, having a baby, graduating from school, making a big geographical move, or coping with a serious health crisis. This is the year that is inviting you to go on to an even more expansive cycle in your life if you choose to let go and allow what is no longer serving you to fall away. All of these hard experiences are pushing you to grow and evolve.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to

achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

9 on the Physical Plane

Your reverie and tendency to unreasonable idealization of other people and current processes are more than compensated by your serenity, tolerance, strength, and nobility. You think globally, and carry out equally global projects. Such people, despite

some inherent impracticality, become great philanthropists, politicians, publishers, and public figures.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

8 on the Mental Plane

Wanting more than you have is not reprehensible, is it? Who would blame you if all your abilities, strength and knowledge are aimed at the realization of this desire? You want to control people and manage big business. Good luck then! Just don't forget to suppress your arrogance that may show up at times, and be demanding of yourself to the same extent as to others.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

1 on the Emotional Plane

Emotionality and permanent internal tension. You will defend your property rights, regardless of what is in question, with perseverance bordering on animosity. For personal relationships, which are so important for you, you need a partner with both strong will and certain flexibility. Otherwise, the "tyrant – victim" scenario is possible.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

3 on the Intuitive Plane

Missionary character. Once you come to some truth on your own, you can endlessly

polish it like a treasure, overwhelmed with the desire to share your insight with everybody. It's more than likely that true inspiration and inherent tendency to affectation can play a positive role here.

			Temperament: 4 diagonal «3-5-7»

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Cosmic Reward Card: Jack of Hearts (metasymbology.com:)

Hearts: Feelings - Relationships - Love

Water-Cups - Planets: Venus & Jupiter

The Neophyte in LOVE: All JACKs are youthful; next in line to the crown. They are neophytes (Greek for "newly planted") in the meaning of their suit. The HEART suit represents emotions and how we love. The Jack of Heart are emotional, dynamic, and willful!

The first two 13-year cycles of time are challenging for those born with Jack of Heart karma. The first 13-year cycle is fraught with sudden, unexpected frustrating experiences over which they have no control. The second 13-year cycle suggests disappointments and despair within the home, and they often suffer due to the poor health of the ones they love.

What doesn't kill you is supposed to make you stronger, and with the kindness of a sweet-hearted mother, sister, or other Venusian guiding influence, the Jack of Heart learns that sacrifice can lead to immeasurable blessings, and broadmindedness to understanding and compassion. Thus can the Jack of Heart climb to the ranks of greatness, bestowing their unique perspective upon the masses.

Many Jacks of Heart are not karmically ready to fulfill their high calling, at least not in this lifetime. Thus the Jack of Heart is also known as the emotional tyrant, willful, with a heavy case of martyr complex!

For the most part, however, Jack of Heart natives are kind and friendly. They feel strongly about protecting loved ones, and don't want to be a problem for anyone. Of interest, the Jack of Heart is placed at the very center of the spreads, the lines of which form a cross. This is one of the reasons it's called the "Christ Card." It is also symbolic of Pisces.

Cosmic Moon Card: Nine of Spades

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Wisdom - Labor - Acceptance

Nine of Spade Meaning: Spiritual Awareness

Karma for the 9 of Spade: Service

Earth-Pentacles - Planets: Venus & Uranus

Sensitive, idealist, unconventional - none of the 9 of Spades are undeveloped or unaware, and it's that very awareness that either disturbs them or inspires them.

KARMIC CHALLENGE for the Nine of Spade: Hypersensitivity and Impersonality

Nine of Spade need to find positive philosophical or spiritual ideals to help them cope with their intense inner-emotional conflicts, as they prone to psychosomatic illnesses. All 9 of Spades have tremendous personal magnetism, and they have a strong paternal nature toward those they love.

Capable of managing large businesses, 9 of Spade are at their best when sitting in the drivers seat. When it comes to finding love, they are flirtatious and tend to lose interest quickly. Friendships are extremely important to them, and they enjoy learning and sharing their knowledge with others.

The Nine of Spades are often brought into contact with a wise and kindly man - a mentor who sets them back on their feet and instills in them the self-confidence that should never be lacking. These are truly gifted people with much to offer. If only they are made to realize it!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecana is more innate - like the Moon Sign in astrology - reveals deeper aspects of

your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Duality (2) Ben

East (Red) glyph: Empowerment / Guidance

Day Sign: Road

/ Grass / Eb (Yucatan) / E' (Kiche)

The Eb type tends to be relaxed, courteous, practical, careful, and helpful. They tend to be pleasant people who enjoy good company and who best relate to others casually. They are generous and giving persons who usually expect nothing in return. Relationships are very important to them and are often the centrepiece of their lives. This need conditions them to make sacrifices for others.

Eb types are often perceived as ambitious and hard- working. They are intensely practical, they know how to solve problems, they don't hesitate to get going when needed, and they do good work. They will compete with others, but prefer peace to conflict.

Persons born under Eb may appear easy going and compromising, but they are also easily distressed and are known to hide deep hurts and feelings.

Eb types are often quite sensitive, are sometimes emotionally fragile, and are easily hurt by rejection or criticism. They tend to hold on to feelings of anger and resentment and often use hard work as a means to constructively ventilate those feelings.

While they are slow to get going, Eb people are quite persistent and will finish a job or achieve a goal. They are very practical and capable of solving problems; many become designers or engineers of some kind.

In general, this is a conservative day-sign that seeks peace with the world.

Challenge:

To avoid poisoning themselves by suppressing anger.

Solution:

To let others know how they feel.

Future: Ahau (Light) GT: 10 (Manifestatio		
Feminine: Etznab (Knife) GT: 8 (Justice)	Now: Eb (Road) GT: 2	Masculine: Cimi (Death) GT: 9 (Patience)
Past: Kan (Seed) GT: 7 (Reflective)		

Four Directions

This day-sign represents the sacred spiral of life which goes by many names; to the Classic Maya it was itz, "the dew of heaven", to the Aztecs it was malinalli (their name for this day-sign) and to the contemporary day-keepers it is "the lighting in the blood". It is the sacred path of energy that descends from heaven and travels down our spinal column, but also rises from the earth up that same internal World Tree. That path of energy is the Road of Life.

There is no question that natives of this day-sign are especially endowed with power.

Why, then, do so few celebrities appear as natives of the Road of Life?

In most cases, the power vested in this day-sign is employed in quiet ways; these people are often too busy helping their communities to worry much about seeking the limelight. Their future sign is Ahau, and their principal concern is for the vast masses of people who will come after them, as in the old native American saying, they act "for the benefit of seven generations".

Many, perhaps most, Eb natives lead lives of quiet service to others.

Those who find themselves born on the Eb of Life have a naturally spiritual destiny and their task is to walk that road in beauty and balance. In Guatemala, it is said that these people are fortunate in matters of health. No doubt because of the life-force itself flows through them with special vitality. Because of their innate destiny to walk the road of life they are considered excellent candidates for all kinds of shamanic work. This is logical, after all, this day-sign is a symbol of the "lightning in the blood", a shamans principal

tool. Men born under the sign Eb are believed to make excellent Calendar priests with a natural talent for ritual. Not surprisingly, since the Otherworldly sign of Cimi constitutes their right hand power.

Eb women often become midwives. Again no surprise since Etz'nab, the sign of surgeons knife, is their left hand power.

In modern Western society, this energy can help women to become skilled doctors or healers.

One way or another, Eb natives are usually involved with spiritual service to their society.

Galactic Tone: 2

(mymayansign.com:)

Duality

- * Decisions
- * Defiance
- * Facilitating Change

Tone 2 is very mysterious. You feel separate yet you desire to unite with all. You are learning to walk with balance on your journey while you are making decisions about your life; balancing the duality such as light/darkness, masculine/feminine, good/bad, Ying/Yang. To experience the difference between one thing and another is an important goal of your life.

Trecena Sign: Cane

/ Reed / Ben (Yucatan) / Aj (Kiche)

Beneath the 1-Ben surface personality is a person who seeks constant self-improvement.

Such people have a strong need to persuade others, to conquer their enemies, and to achieve their objectives.

While they make good teachers and role models, they also have a tendency to be somewhat self-righteous and overconfident of their own opinions.

Night Lord: 8

Those born here tend to have over simulated minds and are often obsessive talkers, in some cases being counsellors or psychologists. They are complex people who learn to face the inner world and who know how to get to the centre of things. They are drawn to the deeper, darker sides of life, and are sometimes caught up in struggles with negative

thoughts of their own or those of others. This tendency means a G8 might choose a career as a psychotherapist or an investigator. This type reacts to stimuli very quickly, perhaps over-reacting some of the time.

G8 people are very clever, quick of mind, and fast on their feet. This facility may be a boon in situations where decisiveness is valued, but it can cause trouble under more controlled conditions. Their need to talk is strong, and their powerful intellect is best used for research or investigation. One of their challenges is that they need to learn how to study effectively. In addition they need to be physically active by walking, running, or riding.

The planet Mercury, the sign of Gemini, and an emphasised ninth house are commonly found in the charts of those born here.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (seperate from the Sun) conjunct the Sun.

This one would be Uranus conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two seperate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Aspen Tree

Strong keywords: Energy, Enthusiasm, Health

Weak keywords: Instability, Distractibility

Tree variants: Fig tree, Male fern, White poplar

Birthday:

11 June – 20 June

11 December – 20 December

Characteristics and Personality

People under the rule of Aspen have a very varied life. They have adventurous character that often goes hand in hand with diverse abilities. They can do everything with great enthusiasm; they are able to sacrifice everything for a thing or a person. They do everything with all their energy and vigour. Just as aspen trees, these people are able to cope with harsh conditions and still shine, but when someone just as successful or even more successful appears at their workplace and threatens their position, they are about to break down.

When they run into problems, they either give up easily or they deal with the situation, but their reactions are not adequate. They often underestimate their problems, they believe that the problems will always solve themselves or with the help of their friends. They do not have many friends because they are not too involved in society. On the other hand, they are quite popular among people, because they have a good sense of humour and they can pay compliments at the right moment. If they are successful and do not feel threatened, they can be excellent companions and workers.

Although people born under the rule of aspen have many talents and a good sense for business, they are usually not rich because they are rarely able to use their abilities to their advantage. They often change many different jobs and they find it hard to find work that satisfies them. Certain instability and the inability to concentrate on a single goal often hinder very fast development of these people. They are equipped with an artistic talent, but they usually lack the patience needed to become successful in the world of art. However, if they are at least a bit determined to succeed they will achieve what they want in their life.

Due to certain shallowness, they are usually not steady partners in love and marriage, but they love family life, they understand children very well, and they are usually very fond of animals. Nature often gives Aspen people physical beauty and youthful appearance, which they keep until old age. Their hobbies include sports, dancing and travelling. Maybe that is the reason why they are usually relatively healthy. However, when they get sick, they are prone to intense high fevers.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Focused on what they're supposed to do, they will continue to work hard to achieve their goals even if life seems to stand in the way. These people are known to have problems because of their stubbornness. Being rigid is their number one sin.

It's essential they try to open their mind and accept what others are saying. Another thing they have to deal with is the repression of emotions.

When anger, anxiety and frustration are not expressed, they build up and can generate dangerous emotional outbursts.

If they would open up and talk to others about their feelings, they would avoid being depressed and badly tempered. Not to mention they need to be careful not to become too smug when their life will start to be just as they want it to.

Ambitious and easy to compromise for things to be smooth and peaceful, Capricorns are also materialistic and eager to experiment with new pleasures. Organized and thus, great managers, these natives will be great businesspeople if they will be open to taking some risks.

Capricorns are also known for having enough patience until success reveals itself to them. Goats want to be the best at everything, there's no place for mediocrity in their life.

It's suggested that Capricorn Sun Taurus Moon people become more open to what change can bring. Being the same all the time doesn't necessarily mean security, which can also come from transformation.

If they would be more open to challenges and new problems to resolve, they would allow their goals to become higher and their successes to be even more fulfilling.

They have the power to change their minds and to improve the way they are developing.

But they would have to be more adaptable. It's true the Taurus influences them towards being less flexible. Not to mention the Capricorn is also very conservative and trusts only well-established methods.

When it comes to love, Capricorn Sun Taurus Moon people need a partner who appreciates the finest things in life, just like themselves. They want something stable and someone to improve their social status.

Taurus Moons are sensual and affectionate, Capricorns are loyal and good providers. What these natives would need is to be more spontaneous and imaginative when it comes to the bedroom.

Sun Capricorns are very disciplined even in love, they can focus on anything and thus, take their plans to an end. But it's possible that on their way to success, they'll forget all about fun and relaxation.

They need a partner to help them unwind and who's ready to express his or her emotions. The Moon in Taurus demands security and to have a routine.

Comfort is important for them, so their house will be cozy and welcoming. But they will want things to go their way. Their partner needs to understand they are doing things slowly but steadily.

Change needs to be introduced to them step by step. The more secure they are feeling, the more sensual and reliable they become.

Capricorn Sun and Taurus Moon man

His money will be well spent and smartly invested. And he won't forget how to have fun. He allows people to be themselves, but he has a problem accepting his partner's sexual fantasies. Not that he won't go on with a few of them.

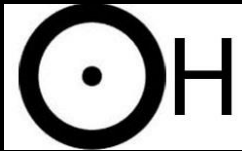

Faithful, the Capricorn Sun Taurus Moon man expects the same thing from his woman. He wants a family and he will be a calm father and husband.

But when angered, he will be ruthless like the Bull. It would be wise to never tamper with

his pride or honesty. He doesn't like it when people talk nasty things about what he has done. The ideal partner for him is a sincere lady who's as hardworking as he is.

He doesn't want women who are playing games as he's the down-to earth and straight-to-the-point type. Sensual and loving, this guy will be adored by many ladies but most likely he will only want one.

Sun ☉ in VII 7th House

([865] i.thehoroscope.co)

This placement of the Sun makes people function better when they're in a relationship because they mirror the other and their existence seems more real and meaningful.

People born with the Sun in the seventh house in their birth chart want a public life and are strongly influenced by others' opinions on them, be it their partner or someone from work.

Their relationships can make them either happy or very sad because they have the tendency to only react to people than to do things on their own.

The position of the Sun in the 7th house means these people will always be involved in a relationship as this makes them function better and eager to give a hand to anyone, anytime. They want balance and peace, so they're very good at mediating and analyzing a situation from two different points of view.

Summary:

Strengths: Charming, sociable and open-minded;

Challenges: Cautious, cold and distracted;

Advice: They need to learn that their value is not set by what others think.

Real charmers

Individuals having their Sun in the 7th house are very proud of their negotiating skills and ability to bring the peace everywhere.

These natives feel empty without a partner and want everybody to like them because rejection terrifies them. It's important for these people to understand that harmony is not all the time possible and that others' opinion on them is not that important.

Their sociability is usually aimed at bringing peace, but they only identify themselves based on what others think of them. Their need for a partner reveals how much they crave affection and how sensitive they actually are when it comes to romance.

The fact that they base their own identity on what others think of them means they can't define whom they actually are until they interact with as many people as possible. All the natives having the Sun in the 7th house would do anything to please others and to build a positive self-image.

As an exaggeration, if someone would tell them to go and jump of a bridge, they would do it just to please that person.

They're charming and get married only to be with their other half for a lifetime. Some may not succeed to find the perfect partner from the first and even second try, but most of them will manage to be together forever with their loved one because luck is on their side when it comes to romance and also legal matters.

The seventh house rules over partnerships as well, so people having their Sun here are great when it comes to public matters.

Also the house of enemies, the same natives may have some problems when dealing one-on-one with their opponents.

Matters of their Descendant are all gathered in this house, so from a psychological point of view, this is the place where all the traits that get projected through others get revealed.

Everything relating to the public and sociability gets placed in the 7th house. The sign ruling here is Libra, which is strongly dependent on peace and harmony and has Venus, the planet of pleasure and love, as a governor.

It shouldn't be any surprise to discover individuals with the Sun in the 7th house pay a lot of attention to their relationships and that the way others see them is one of the most important things in their life.

They should be careful not to become dependent on their partner or too needy of having someone in their life all the time.

If they were to have a more independent lover, things may become conflicting between them and that person when a little bit of coldness would be involved.

The positives

Natives having their Sun in the 7th house function better when they're in a relationship. The other mirrors them, making their existence real and meaningful.

They like a give-and-take connection and to listen, life on their own being for them real Hell because they can't be themselves when not having a public.

For these natives, togetherness is everything as they always want to give their advice and to show off.

The natives having this aspect in their birth chart are very aware of themselves in relation with others, physically strong and determined to succeed.

The fact that they need a partner can be one of their weaknesses because it makes them almost impossible to function without someone in their life.

Until finding the right person for them, they'll continue to just live their life without having a purpose. It goes the same with business as they need to associate themselves with others before starting to make the real money.

Sun in 7th house individuals who are also in a fixed sign and don't have any other planets or afflictions here will not hesitate to wait for their perfect partner and to be with that person their entire life.

They can depend emotionally on their other half, and if the latter would happen to leave, they'd be completely destroyed.

When their sign is mutable or cardinal and other planets are present in their 7th house, they're less like this and may change partners very often because they'd be lustful to the point of having more lovers at a time.

They won't mind building their career up and also having a spouse because this would be part of their philosophy of life. However, many of them would advocate an open marriage and wish for their partner to let them be as free as possible.

Because they're always ready to give a hand, many people will love and admire them, which means they'll be in the center of attention in many groups, having admirers who see them as parental figures.

They can be great leaders, but don't expect them to ever want to do things the wrong way because they have a strong sense of justice and avoid taking the wrong direction by any means.

The placement of the Sun in the 7th house indicates that the natives of this placement may be dual and often contradicting themselves because the Sun is not at all at home here.

They couldn't express themselves unless involved with someone and can be confused when it comes to truly knowing who they are. This means they wouldn't know their own value and identity when separated from others. It's a challenge for them to develop a sense of self when not around people.

The negatives

Individuals with the Sun in the 7th house usually attract people capable of loyal and long-lasting friendships, because both the Sun and their Descendant work for their relationships to be strong.

While having an advantage when it comes to interpersonal connections, there are astrologers who think this position is unfortunate because its natives wouldn't be able to survive without interacting.

As said before, they have this tendency to identify themselves according to how others see them.

It's a challenge for them to see their own life differently from how their loved ones do. When having no one next to them, they feel useless and lost.

And this becomes very dangerous the more they start to see themselves as an appendage in the relationship, as the reflection of their other half.

Don't think they have to be with their spouse all the time and can't stay apart from their lover because they're quite the opposite and get their energy from the connection with the other and go ahead to pursue what they want, on their own.

But they still can grow to be dependent on their significant other, diminishing their entire sense of being themselves. It would be amazing if they could just rely on the support offered by their partner and continue with their life independently.

When facing confrontation and dealing with people who wouldn't compromise if you'd pay them millions, they start to lose their sense of purpose.

Their philosophy of life relies on having your own opinion and being able to accept what others have to say. As soon as seeing individuals who can't make compromises, they withdraw and don't want to deal with those people ever again.

They're not eager to win or depressed when losing because their approach is all about negotiating, good intentions and everyone being a winner.

That's why they need to look for someone open and flexible, not a competitive person who couldn't stand losing. When their motives are being questioned, they become intimidated as these natives really hate explaining themselves.

While they try to understand others, they can discover the reasons for why they are doing some things the way they do. Good with words, these natives usually win debates and can convince anyone of anything.

Moon ☾ in XI 11th House

([882] i.thehoroscope.co)

People with the Moon in the 11th House can achieve great things in their lives.

The 11th House rules over friendship, making the natives of this placement very needy when it comes to the support of their friends. People having Moon in 11th House are very helpful and, just like the Moon has an effect on the sea and changes its tides, it also influences them to be quite unstable emotionally.

Full of dreams and possessing a good heart, they can change their objectives according to their moods, so it's very unlikely their goals will be attained too soon. Very good friends with those who are their family, their connections are the strongest with individuals who think the same as them.

It's essential for these to form relationships with other people besides their family. When it comes to their interactions, these can be intuitive and built on charm. However, they can attract sad and moody individuals, or people who are not at all reliable, this causing them to be involved in all sort of scandals.

Summary:

Strengths: Friendly, creative and idealistic;

Challenges: Changeable and distracted;

Advice: Work more in collaboration with others.

Acting quite sentimentally

The Moon's position in the 11th House indicates its natives need to belong with someone and to be supported by the members of the groups to which they belong.

They don't mind giving all of their help and couldn't stand not having any social life at all or their friends to change all the time. This can have them emotionally agitated and unstable in their relationships, going through subsided feelings for those around them.

Their dreams and goals are big, because they have high hopes for their future. Most of the Moon in eleventh House people are generous and kind, but very changeable when it comes to their objectives and moods. This means it can be difficult for them to work towards a specific goal and to fulfill their dreams.

The more they're involved in groups and all sort of activities with other people, the more they feel emotionally fulfilled. Their friends are very important to them, and they're usually best friends with people in their family and those who are always sharing their way of thinking.

However, they should have other individuals in their life besides their relatives. With the Moon in this position, they will have many members of the opposite sex close to them.

As a matter of fact, they are ruled by a feminine energy, acting rather sentimentally in all kind of situations, especially when having to deal with others.

When the Moon is in negative aspects, too many emotions can get involved and disturb the relationships of the ones it influences. Therefore, the natives with this in their natal chart can have many conflicts with others and especially women or witness many tensions between ladies.

If the Moon is afflicted, their reactions can be hysterical and their emotional outbursts exaggerated. But they usually immediately forget such moods because the Moon changes its cycles very often.

For the same reason, Moon in 11th House people may make new friends very often, because the Moon brings more and more people in their life.

Their old acquaintances will disappear from their life according to how the Moon changes its cycles, but no matter what, they will always be enthusiastic when dealing with new friends, forgetting about what happened with others.

They mostly rely on their intuition when choosing whom to spend their time with, and their intense emotions will disappear as soon as they get used more to a person. However, many Moon in eleventh House people can also revive their old friendships very easily, which may seem strange for others.

No matter what, they would hate being lonely and spending their time inside, this being one of the main reasons for their depression.

What they need the most is to be surrounded by people, and when they're Moon Scorpios or have a conjunction with Pluto, they may even suck on the energies of the groups they belong to.

They would obviously do this unconsciously, others being confused and wondering why they no longer have any energy left after meeting with other Moon in 11th House individuals.

Because they can be easily impressed, they should be very careful when choosing their friends or business associates. Also, they should avoid being very dependent on always getting approval from their close ones.

Other aspects and placements of planets or signs can change all these things more or less, but things will be pretty similar with all the natives having Moon in the eleventh sign.

If the position of the Moon is afflicted, they may have conflicts with their mother when discussing things relating to the eleventh House. It's normal for them to associate their lady friends with their caretakers and treat them as such.

The influence of the people in their life can be either positive or negative, because some of their acquaintances can't be in any way trustworthy or not at all as close as they would want them to be to the idea of friendship.

It's also possible for many of their friends to be changeable or to not appreciate and care about them in any way.

The unconventional types

When not around people they know, Moon in 11th House people feel lost and truly upset because their security is established by their relationships and also because they feel warmer when in the company by others. For men, women friends are something normal because they can get along with anyone.

One good thing about the way they are is they can get together with very influential people who help them succeed and achieve great things in their career.

In case they have some insecurities inside their mind, they will identify themselves as much as possible with the group of which they're a member, losing all of the identity they may have left. It's possible for them to give in to peer pressure because they simply can't go against their friends as if these are their family.

Natives having Moon in the eleventh House are very interested in fitting in and have a need to be a part of a collective. When people reject them, they start to feel depressed and no longer want to hear about anyone and anything. It's normal for them to feel alone sometimes, no matter how many people surround them.

That's why they may not conform to social norms and practice the unconventional type that characterizes their Moon sign.

Moon in 11th House individuals may surprise others with how controversial they are, puzzling and making them shake their head in disapproval when doing something out of the ordinary. This is why they may feel like they're not actually fitting in and that no one understands them.

But this can also make them extremely free, as the Moon in this placement influences these natives to be very independent anyway. These individuals can deal with what their Moon needs without caring what others think of them.

While they express the energy of the Moon and never judge what it's asking of them, they can be so uncaring that they don't even realize how they're being influenced by it.

When making friends, they always rely on intuition and avoid being alone as much as possible. They will always approach those who feel left out and haven't been accepted in groups. As a matter of fact, the more rejected a person, the more interesting he or she will seem to them.

It wouldn't matter what culture others would belong to, or what language these will speak, they will befriend them and come up with many ideas on how to spend some quality time. Their personal lives are private, and what they're doing alone will be kept a secret.

Family is very important to you, and you prioritize your family over other things in your life. Material success comes naturally to you — wealth will likely come your way, if you were not already born into it. However, your attachment to what is yours can make you possessive.

Mercury ☿ in ♏ Pisces man 5° 13'

([906] i.thehoroscope.co)

He has many expectations from those close but he also manages to keep everyone's interest alive and kicking.

The Mercury in Pisces man is an idealistic and a bit procrastinating individual who cannot, for the love of God, settle with his responsibilities and take on life's challenges too seriously.

No one tells you to take on the world, to fight against everyone, but try to organize your life, think realistically and do something to make it better.

He doesn't pay attention to the trivial things that most people do. Nope, all he does is philosophize, think about what-ifs, immerse themselves in contemplation, art admiring, courtesy of their dual nature.

In a nutshell:

Positives: Sensitive and communicative;

Negatives: Contradictory and possessive;

Soulmate: Someone who is open to trying new things.

Life lesson: Investing more energy, even when others are not involved.

The secret sentimental

Generally, the man born with Mercury in Pisces is very friendly and available any time for others to come and ask him for help, one that he gives with a bright smile and a generous attitude.

But it happens, once in a while, that he just disappears from the radar, no one can find him. These are the periods of time when he just goes away for a while because he just can't face reality anymore. Perhaps all the pressure, responsibilities, obligations, were just too much.

With their head in the clouds, taking on life's challenges seems like a challenge in and of itself.

Moreover, when a contradiction appears, he can get very angry very quickly when the other person just keeps on refusing to see his point.

Usually, he keeps all that pent-up aggression closed within, but sometimes he just can't do it anymore and he explodes.

Of course, this native can be an excellent artist, a painter, musician, actor, someone who uses his imagination and scenic presence to please the public, to appeal to their senses in a refined yet innovative way.

Professionally, these men try a lot of different things, but the laziness and lack of conviction usually keep them incapable of finishing most projects.

He might need a push from his partner or someone close to continue on. As long as he knows the final result will be satisfying, he will keep his interest alive and kicking, but otherwise, he tends to abandon everything.

He's a casual flirter, always engaging in hot conversations with every woman he sees. With tender and subtle words, he manages to seduce even the most stubborn women, but he refrains from being overly romantic or affectionate.

Until the other person shows to be open to something more, he will keep the same pace. He's also not going to be content with just anyone.

Only the best, most refined woman can be his partner, someone who shares his views and taste for adventure, believe it or not.

The Mercury in Pisces men are really slow to get into a relationship and build a family because of their high standards. Their sensitive personality makes it very hard for them

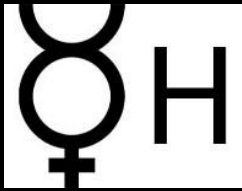

to stay with someone who is more aggressive or loose-tongued.

They can get hurt very quickly by some random words thrown into an argument, and even though the partner had been warned, it's something that just happens.

Maybe it's their overly-sensitive personality that makes this whole affair so absurd, maybe it's the partner's fault, one thing is true, that they will jump from relationship to relationship.

This man has a lot of demands and expectations from his ideal lover, some of them being a little exaggerated, but he will find someone for his soul, that's for sure.

Mercury ♀ in IX 9th House

([916] i.thehoroscope.co)

This placement of Mercury prompts one to be the eternal wanderer, the permanent student of life and to never get tired of experiencing new things.

The Mercury in the ninth house birth chart aspect is associated with the desire to know, to gather knowledge and to expand one's mind beyond the confines of the norm.

These natives are going to likely become writers, reporters, scientists or ideologists. Seeing how they have such firm ideas and principles, accumulated through endless debates and painstaking researching efforts, it's obvious why their words have a great impact on everyone else.

Summary:

Strengths: Analytical, observing and generous;

Challenges: Cynical, cautious and aloof;

Advice: They should put greater effort in understanding others.

A great mental capacity

We can safely say that there is no one who can match these natives when it comes to intelligence, natural curiosity, cultural knowledge, and pretty much anything associated with the development of one's mind.

This aspect combines Mercury, the planet of communication, with the ninth house of

higher learning, of intellectual stimulation. This can only be called the luckiest and most unfair (for how lucky it is) coincidence.

These people are endowed with analytic and observational aptitudes, great adaptative powers, and a great talent to solve problems with little to no effort.

They find it very refreshing to talk to people, share their ideas and convince others of the veracity of their claims. It's very fulfilling and satisfying when others change in good as a result of their advice.

These 9th house Mercury natives are the eternal wanderers, the permanent students and people who genuinely believe they always have something to learn, that the world is boundless and filled with an immense quantity of knowledge.

They are the people who would instantly choose knowledge or mental capacity if they had a choice to be offered a boon.

Philosophy, theology, science, ethics, and existentialism, are but a few of their interests, some of the most expansive and interesting.

If a journey has to be made, great efforts have to be put at the altar of knowledge, they will not hesitate. Moreover, the truth has to be anchored in logic and reason for them to perceive it as such.

They will never get bored or ever stop learning because it's such an interesting and fascinating thing to do. Absolutely everything in this world, even the simplest of things, hide immeasurable interesting things within it, untold mysteries that no one knows of.

And they are interested in these potential explanations, in the insight that you get once you research something for long enough.

Enthusiastic, searching for inspiration, they are capable of seeing the grand scope of things, to use their knowledge for good, to solve problems and offer advice.

The positives

Mercury in the 9th house natives are efficient in society, good at making decisions, resistant under pressure, and an invaluable contribution to any project or a joint effort.

They know what to do and how to do it, regardless of what it is, and you will quickly learn to depend on these people for pretty much everything.

They are adaptative and flexible so that nothing really surprises them. They are also a source of inspiration, an ideal to follow, someone to look up to because of their incredible thirst for knowledge and lifelong achievements as a result of this trait.

They're different from the other people in that they are open to anything new, to changes and transformations, to cultural enrichment.

Traditions and societal regulations, stereotypes or narrow-minded approaches mean absolutely nothing to them.

These people are unique, broad-minded, flexible, tolerant and interested in knowing everything, in establishing healthy relationships with other cultures and learning other languages.

It's highly possible that these natives will choose to become teachers, spiritual advisors or people who guide others toward the truth.

Their knowledge, curiosity and communicative nature make them perfect for this position.

They are not only able to do this but also quite keen on sharing what they know with others, in an attempt to change and illuminate the minds of everyone else.

They want to inspire others to aspire for more, to overcome their limitations and reach for the skies, to achieve their full potential.

Obviously, they tend to perceive the spotlight as a natural birthright, and there is no lack of arrogance or self-confidence.

Religion is also one of the domains where they could actively involve themselves since theology is a great field of knowledge that they have surely researched about.

However, they will need to seriously analyze themselves, to discover whether they are ready to pursue this path with all honesty and purity of reason.

Otherwise, if they are still plagued by egotism and arrogance, it would be better to let it go.

The negatives

One of the downsides to being so interested and passionate about learning and accumulating knowledge is that they often dismiss things as unimportant, put them on the backburner and ignore them, just to pursue their interests.

These are the details of day-to-day life, the chores, and responsibilities that one must do. They just can't pay attention to the little details or seriously take them all into consideration.

They only have so much focus and concentration power that they choose to direct toward the more important or pleasing goals.

It's advisable for them not to take any decision before thoroughly analyzing and doing a solid research. Facts are essential to an educated decision.

Because they are still human, with only limited potential and only so much memory to put a limited amount of information in, they will choose to specialize in one given domain, one that they excel in.

Sure, they do have a ton of knowledge on absolutely everything that you can think of stocked in their brains.

There's simply not enough time to become adept in multiple subjects because, to them, excelling in something refers to something completely different than what most people think of.

There is also the danger of turning principles and ideas into ideologies, being stubborn and preaching in order to convince people of the veracity of their claims, without taking the time to take their beliefs into consideration.

Understanding, tolerance, humbleness, and open-mindedness toward other opinions are all needed in order for the Mercury in 9th house natives to reach for the skies, but the potential is surely there.

In romantic relationships, he values devotion and loyalty above all else, and he sets the pace in the first place.

Flirty, pretty simple in tastes, and very affectionate, he wants a long-standing and deep relationship, one that will evolve into a full-fledged marriage preferably. He might be a materialist, just because he likes to be spoiled and to fulfill his desires.

Not too skinny, but also not an overweight person, just the middle category, someone with forms.

Steady-minded, down-to-earth women who know how to make use of their feminine allure to fulfill his innermost desires.

Most importantly, that special someone must like comfort, routine, the feeling that no other place is better than home.

He doesn't want an adventurer, someone who craves for action and adrenaline, someone who takes him out to town every day and expects him to maintain the same energetic attitude all day long.

He hopes he can tame such women through sweet affection and warm physical contact, but he could also achieve the same result by showing that he's the man of the house, the protector, the one who brings security and stability to the relationship.

He just wants to build a stable financial situation, to live comfortably, and for that, he will put a lot of effort at work.

In conclusion

In the beginning phases, just focus on showcasing your best traits, how creative and imaginative you are, how interested you are in taking care of yourself, and how much you like comfort.

Essentially, with him, you will never have to worry about hiding things, or that something unpredictable will happen. Everything will be clear right from the get-go.

These natives can be one of the most reliable and trustworthy natives of the entire zodiac because of their firm and steady personality.

They aren't going to call it quits at the first sign of trouble, nor are they going to waver when the situation turns critical. However, their stubborn nature can sometimes go too far.

He might not realize that his pleasures and interests are not shared by everyone else, especially his partner. Compromise comes as a hard thing to do because he's just unwilling to do so.

They tend to impulsively associate themselves with different individuals, not caring what implications their actions may have. The 11th House is about everything that gets done in a group, while Venus is the ruler of love, so it's very likely they'll meet the love of their life doing something jointly.

They may have many financial gains and a lot of connections from many of the groups they're involved in. Very diplomatic, they usually get along with everyone but make the mistake of confusing love with platonic connections.

Summary:

Strengths: Friendly, cheerful and devoted;

Challenges: Pretentious and inconsiderate;

Advice: Follow your gut feeling without doubting yourself.

Only a strong friendship will have them wanting more

People having Venus in the 11th House will express themselves socially, romantically and artistically through the harmonious friendships they have formed by participating at events or going to fraternity parties.

It's very likely for them to meet the love of their life at a group gathering, because they like people with the same interests as them. But for them to get involved romantically, they need to feel their partner is being honest.

Focusing only on qualities and what makes a person attractive, they're really the type who leaves negative traits behind.

If they want to keep their interest towards someone, they need to have a little bit of

variety and to do unusual things. Their most erogenous zones are the ankles and the calves, so expect these parts of their body to be very attractive.

While valuing all kinds of relationships and affiliations, they may not be very responsible with their friends. Venus in 11th House individuals will be adored by the people in their life and they will like it.

Only a strong friendship will have them wanting more, because this is the only way for them to truly fall in love. They don't necessarily want someone to make them feel fulfilled, so any person who can reach their soul will have their heart after a few meetings as friends.

They only see what's good about a person and prefer to keep a certain level of variety in each and every one of their relationships. There's no one to love friends more than them, so their lover may feel a little bit left out when not wanting to go out with their gang.

One of their favorite things is bringing people together, because only doing things with others can have them in their best mood.

They are really inspired by others and conversations about things they have in common with their interlocutors. It's very likely they'll belong to more than one group of friends and get along well with all of them.

Very good at changing their attitude according to whom they're spending their time with, Venus in 11th House natives fit in everywhere and are loved by many.

It's impossible for them to fall in love if the other person doesn't share their interests or doesn't come up with new subjects of conversation, doesn't get along with their friends or doesn't want to get involved in the same causes as them.

They can immediately change their focus from one person to another and don't stress that they may have hurt some feelings along the way.

Very loving, they can be interested in more than one person at a time, depending on the aspects and other signs in their chart. They are the ones who can adapt to different lovers and who marry their friend or wait their entire life for the perfect partner.

Very fun and interested in those who like to occupy their time with the same activities as them, people with Venus in eleventh House love to give their heart away and to spread their love.

This House is the ruler of Aquarius, so they will surely be great humanitarians who want to self-improve all the time.

The same House is also about what help friends are giving its natives, so the presence of Venus here would mean a lot. For example, they can have many wealthy people in their life, who will help them with money and even a home or a car.

When in positive aspects by Jupiter or Uranus, Venus helps these natives become rich with the help of one of their friends. It will be their main purpose to get included in what their close ones may do for a living.

Loving but a little naive

People having Venus in the 11th House will always have great friendships because this is what keeps them going in life. Even their romantic relationships start by being friends first, so if they no longer feel that their partner is also their companion, they can fall out of love immediately.

It's not a lover they look for, but someone with whom they can have a great time and do fun things. The fact that they're always focusing on the positive traits of a person and can't see what's bad can be a very good thing for them.

The more variety they'll have in their life, the happier they will feel and they'll be able to live the way they dream of.

When it comes to how much they love their friends, this can confuse their partner because it's possible for them to not pay that much attention to their other half and to want to be only around their buddies.

They are the glue-people, those who bring others and groups together, so every gang should have one of them around. When out, they want to be sure everyone is having a great time and don't mind being fun themselves, either.

It seems like conversations with others simply inspire them, so finding they have similarities with people in their life is very encouraging to them.

When someone fights for the same cause as them, they simply don't want to part ways with that person anymore. But it's also very easy for them to fall out of love without feeling guilty or in any way affected by the situation.

All in all, they're loving but have a problem, because they can fall for more than one person at a time. It can be easily said they're the right candidates for open relationships.

If their best friends won't appear in their life for them to marry, they will just wait until this happens.

Loving to have fun and to give their love away, they will be appreciated for being so

open with their feelings and caring.

They seem to have great talent with the arts, especially with music and theater. As a job, it would be very easy for them to sell beauty products or to be make-up artists, because they simply love talking about fashion and beauty.

If some “bad” planets are in the 5th House, they may have problems with their other half, because of their friendships. This is very likely to happen, especially when Pluto or Mars are in the fifth House.

Very good at organizing people, Venus in 11th House natives will surely be in a community or social group and get treated as someone very important.

Pluto, Mars or Jupiter are strong in their chart and can influence them to be great leaders and very good at giving their best for the group’s interests. They don’t want to rule, they just seem to be perfect for it.

Venus ♀ - Ruled by Taurus (& Libra)

([871] southfloridaastrologer.com:) The most authentic expression of sensuality and beauty is experienced when Venus is in Taurus or Libra. These two very polite and considerate signs are at home expressing their sensuality and beauty when Venus is in Libra or Taurus.

Mars ♂ in ♎ Sagittarius man 25° 23'

([973] i.thehoroscope.co)

He is impulsive and spontaneous, often changing his plans at the very last minute possible.

The Mars in Sagittarius man is one of the liveliest natives of the zodiac. You’ll always spot him in the middle of a social event, being in the center of attention, doing something crazy, worthy of his reputation.

He’s a great talker and he communicates very easily with people from all walks of life. If you’ve got the luck to find him alone, be prepared to be taken for a spin. He’s an intellectual and he’ll want to cause some mischief using witty sayings and confusing ideas.

In a nutshell:

Positives: Communicative and ambitious;

Negatives: Sneaky and self-indulgent;

Soulmate: Someone who is patient and understanding with him;

Life lesson: He should find his purpose to fight for.

A charming companion

He's a shape-shifter, an emotional hurricane that runs amok across the world, putting everything he sees into mortal danger, either because he's trying to pick it apart, to see how it works, or he's going to wreak havoc anyway.

He will want to experiment and try everything at least once. On his path, he might appear as a fiendish brute who just wants to have fun at the expense of others, or as a cultivated and polite young man who's looking to enlarge his perspective on the world.

Saying that his native likes to have fun is like saying the Earth spins around the Sun. It's common knowledge, and what's more, he takes it all to a whole new level every time he gets the chance to.

He's the one who brings the joy and enthusiasm at a social event, and he's also capable of anything in order to satisfy his desires.

Reason and logic will get covered up by these impulses and cravings, so he won't realize what he's doing during this time.

Moreover, he's the type who has a greater cause to fight for, either personal or societal, and he pursues it with his own means, abiding by no rules.

First off, the man born with Mars in Sagittarius is brimming with energy and confidence that he just wants to release outwards.

He can't wait any longer to have some fun. Usually, he's the type who grows a beard, a manly and masculine one to reflect his strong principles and firm convictions.

Moreover, he can be a very good sportsman with all that drive pushing him forward, but he also takes care not to put himself in harm's way too much.

Secondly, this guy's decisions last as long for a few days, and then he comes to the conclusion that he wants an entirely different thing.

He's impulsive, spontaneous, but also determined and ambitious to achieve his goals. The only problem remains the same though, that he can't hold on to his ideas for too long.

In a few days, he'll be up and running with a new plan, leaving the old one to fester and die.

He wants to make friends with those of the same disposition as him, the eternal adventurers who never refuse an opportunity to travel the world and have some fun.

He wants to fuel his own ambition and passion because he's not a very patient man. What else to do other than pack his bags and for a trip on the other side of the world?

He loves having friendly competitions with his close ones, but he gets too involved most of the time, and he forgets that he might hurt somebody if he plays too rough.

Moreover, he expects everyone to follow his ideas to the letter because they would result in a lot of fun. When someone disagrees, he gets annoyed because he was naively sure that no one would object.

Not a big fan of commitment

He asks for a lot, expects a lot, and he is generally a very dynamic individual who can't stay in one place for too long, even mentally if not physically.

Money is simply the means to an end, and he doesn't hesitate for too long before spending it on something that really matters.

Romantically, he's not as impulsive and spontaneous, surprisingly, in that he usually doesn't fall in love at first sight.

He does fall in love with his ideal outgoing woman after a series of meetings where he gets the chance to know her intimately. Rejections don't sadden him one bit, and he even befriends that person, only to try again a couple of years.

These men are usually quite frightened of committing to a relationship. They know their freedom will get hacked apart once that happens, even more so if the partner is possessive, dominative, and jealous.

With a carefree and free-flowing personality, they would rather have fun at a time, and only then think about taking things to the next level.

In this sense, nothing stops them from meeting a lot of women, in the search for the right one. Of course, this approach hurts a lot of people along the way, but they don't seem to care.

He wants to appear as a funny and entertaining man who knows how to have fun. A straightforward, tolerant, and intelligent individual who loves adventures.

This is how he wants to be seen by his partner, and he will want to share his ideas with her, in an attempt to impress.

In a relationship, he is very devoted and loyal, but he also realizes that freedom is actually the most important, in both cases. He wants to respect her decisions and desires, but he expects the same in return.

In conclusion

Basically, the Mars in Sagittarius man is open-minded, honest, enthusiastic, and passionate about doing his thing.

He wants to have fun, and he can be very unexpected and irresponsible as a result of going overboard with this desire.

Because he tends to speak his mind without hesitating one bit, a lot of people will feel insulted by his opinions, but that's their problem, right? Why would he be blamed for speaking the truth?

He has strong religious and political views that could turn into fanaticism in a split second if he doesn't control his zeal and enthusiasm. Also, he tends to be a very introspective and meditative man.

He's going to need a romantic and affectionate woman who knows how to please him and satisfy his sexual desires.

He prefers a sensitive and lascivious woman to a proud and confident one who makes a show every time you say something wrong.

He is also very tolerant and open-minded, accepting different opinions and ideas like they were his own, even though he tries to maintain a few traditional principles.

Practical aspects

Very talented at organizing and managing, they would spend nights classifying files and get really upset if someone criticizes them for what they've done. Very impatient to succeed, they seem to take every project they have personally, so you can be sure they will always do their best as far as work goes.

When in teams and not having things going their way, they become very frustrated. Always expecting their colleagues to be as enthusiastic and hardworking as them, they demand a lot from these individuals and respect those who appreciate their efforts or the results of their work.

Everyone sees them as strict bosses but amazing friends. In case their Mars is difficult, and they want to soften it a little bit, they should learn how to no longer take their work so seriously.

Being such fanatics about their job is not at all healthy, some relaxation being absolutely necessary.

If were gentler with people in their life, happiness would definitely find them faster. It's not Mars' fault they're a little bit violent, but theirs because they accentuate this planet's influence. The only action to take in their life is changing their perception about what they're doing for a living.

Being too demanding with co-workers and even family members, they want these people to always be perfect. Individuals having Mars in the 6th House should be ready to compromise from time to time, because their ideas aren't always the best.

Approaching problems in a different way than the one they initially thought of can be something very beneficial for them. Others' opinions are also important, so they should listen more and set the Virgo in them aside, because it only influences them to look for perfection.

Others will respect them more when wanting to listen, and they'll receive help and admiration. Natives having Mars in the sixth House should praise their collaborators

more if they want to be truly appreciated for their own work.

The downsides

While not having any problem with team work, people with Mars in the 6th House are better as leaders or working alone, because they have too high demands that many can't live up to. Not to mention they're the same with their family, always trying to make their loved ones better.

It's like all they see is defects and negativity that have to be somehow fixed. Not badly intentioned, they just want to improve and make everything more efficient, feeling like there's potential everywhere they look.

Many will not be aware of the fact that these natives are frustrated, because they really don't express themselves when upset. When they're bossy and arrogant, others start to no longer listen to a single word they're saying.

Mars in the 6th House in a nutshell

These natives are the hard workers of the zodiac, not being afraid to lose nights doing something for a project and not having the patience to wait on others to do their job.

Different aspects in their birth chart determine their style of work, but regardless of this, they are sure to deliver only excellency and to invest a lot of their time and efforts in what they have to do.

It's possible for them to do something physical or that's related to enforcement, because they could really use their aggressiveness and Mars rules over uniforms, so a career in the police or military field would really be for them.

As said before, they're also good at using machinery and different tools, so working in a factory or with technology would also make them feel very good.

There are many professions they could choose, including as weapon sellers. Everything that has something to do with metal falls under the ruling of Mars, this planet in the sixth House being the placement of blacksmiths.

Mars in 6th House people would never procrastinate and really hate laziness. Their life is disciplined, because they really adopt the military style when it comes to their schedule: waking up early, working for long hours and following a strict routine.

Not to mention how they respect the same exercise program and diets, never changing the style of their clothes. They will get more done in a day than a team gets in three. It's like Mars in this House makes them super-humans and gives them their ability to lead.

Jupiter ♃ in ♐ Sagittarius man 1° 12'

([1001] i.thehoroscope.co)

If you have Jupiter in Sagittarius you benefit from luck in unexpected life aspects.

Jupiter is the ruling planet of Sagittarius so you can imagine that people with this planetary transit in their natal chart get the opportunity for twice the adventure and fun.

Not to mention that those born at the time of such a transit know no boundaries when it comes to love and are pretty lucky in this respect.

They think globally and love traveling or meeting people from different corners of the world. These guys are the students of life because they are curious and like everything relating to religion or philosophy.

More than this, they are good entrepreneurs with great vision and are not afraid to take risks. But they would need to study more before engaging in something.

The active Jupiter will help them have vision, but not be good managers so perhaps practicing their independent attitude will be more efficient in this situation.

However, they would need to learn teamwork through some painful lessons. Perhaps their confidence and positivity will ultimately prevail. They are lucky people who always land on their feet, after all.

In a nutshell:

Style: Lucky and limitless

Top qualities: Optimistic, adventurous, truth-seeking

Weaknesses: Prone to blockages and sometimes naïve

Advice: Channel positive energy by staying away from other's business.

The impact on personality

Jupiter Sagittarians are free spirits who always think about the future and seem to get their luck from anything. They are keen to learn new things, so it's very likely they'll be busy all the time.

It wouldn't matter if it would be a new language or meditation technique, they will want to

expand their mind and see the world in a different way. These guys are always prepared to travel and to take on the world.

After all, Sagittarius is the Adventurer of the zodiac. People with this planetary aspect in their natal chart are always looking to take on new challenges.

They will always be where there are new experiences and lessons to learn. Every treasure will be discovered by them because this is their goal and their most wanted reward.

Optimistic, they will always take risks and jump into the unknown full of excitement. They realize they are making their own luck and that the more they participate in the game, the more they can obtain.

These natives are the seekers, the ones who want to reach the divine and understand deeper principles. Religion and philosophy will be their means in a quest to find the Absolute Truth.

But Jupiter Sagittarians need to be inquisitive and open if they want to be efficient in life. When they will think they have found the truth, they will become self-righteous and stuck.

And being condescending or feeling superior will not help them in any way. They can avoid all this by keeping their heart and mind open. Realizing there is always more to know will be their salvation.

They need to travel more, to meet as many new people as possible if they want to see the big picture and synthesize information better.

However, they have to keep away from excess. Jupiter in Sagittarius is a position that makes them think they never had too much of something good until they have consumed all of their resources.

That's why it can be difficult for them to find their center from time to time. It's true their ability to dream big is beneficial, but moderation is necessary if they want to keep their relationships and be sane.

Because they are nurturing and flexible, they will attract luck like a magnet. If they will believe in themselves and what they put their minds to, they will inspire many people.

Enthusiastic, Jupiter Sagittarians should tap more into their ability to learn and teach new things, as they would be great in professions that have to do with education, publishing or traveling.

When others disagree with their beliefs and opinions, they get offended. These guys will

make their own chances and they are able to predict what will happen next because they can take a leap of faith and succeed.

Jupiter Sagittarius natives need to be challenged both physically and intellectually because they are good competitors. That's why they are so great in sports too.

With Jupiter at home in their sign, they are naturally lucky. It will always seem like they can't do anything wrong, much to the annoyance of their critics.

It's a matter of luck

As said before, Jupiter is at home in Sagittarius, so the influences of this planet and sign will unfold beautifully in people born with this specific transit in their natal chart.

When it comes to traveling, these guys are the masters of it: the bigger the distance and the spontaneity they have to bring in, the better for them.

Don't expect them to be dishonest, they will tell you the truth no matter how hurtful it may sound. They are not mean, they just can't refrain themselves from being sincere.

As far as adventures go, Jupiter Sagittarians will always jump in to take on new challenges and enjoy all kind of experiences.

They get along with everyone and if they will be open to anything, luck will follow them anywhere. It sometimes seems like these guys don't have any care in the world.

It's like they only want to make other people's lives better, teaching them all the philosophy and religious ideas they have studied. It's not easy to make them change their mind about their beliefs.

When someone will agree with them, they will be the happiest. Because they spend a lot, they are also good money makers. They are usually successful if they don't have to follow a routine.

Flexible and open-minded, Jupiter Sagittarians can accept other people's points of view. They will grow furthermore if they will listen and support people in their life.

They see education and traveling as opportunities for them to become better. But remaining open is the only thing that will bring them luck. If they'll be too preachy, they won't develop so well anymore, and their luck will turn away from them.

The Jupiter in Sagittarius man

The Jupiter Sagittarius man is very generous because Jupiter makes him this way. He will probably save money and donate them, or volunteer. The same planet helps him trust that things are going to be OK no matter what.

The fact that he's fearless in the face of the unknown makes him very sexy. But he needs to invest more time in his relationships and be more grateful if he wants to keep people close.

Being generous and reacting to affection with affection will help him build strong connections with others, especially when Jupiter will travel through his sign.

He will play his gender very well, and his sexuality goes deep. He has great chemistry with most of women, so they can expect steamy nights with him. Direct, he will say what's on his mind and make many ladies blush.

While these guys may seem like they know everything, they are not at all proud. They are in fact students of life who love to make new friends.

Think about the Archer's arrow and you will be able to see how determined and motivated the Jupiter Sagittarius is.

Others will praise them for paying attention to every little detail and for doing things the right way. However, they should be careful to not upset people by taking control all the time.

Allowing their colleagues and friends or family members to also lead would be a very good idea for them. It's impossible for a person, no matter the Sun sign or where Jupiter is in his or her chart, to always get things right, so listening to more than one opinion is always advised.

The only thing that upsets Jupiter in 6th house people is criticism. They can turn into very nasty creatures when someone doesn't agree with what they've done or said.

Saturn ♄ in ♉ Taurus man 11° 1'

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

In a nutshell:

Style: Practical and generous;

Top qualities: Possessive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

Personality traits

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of

situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation. Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

Transferable attitudes in their love life

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't

easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

The good and the bad

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

The Saturn in Taurus man

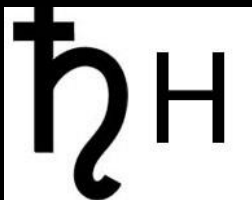

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

Saturn ♄ in XI 11th House

([1039] i.thehoroscope.co)

This placement of Saturn makes people be dependable friends, care about others' feelings and not like dealing with superficial or dull people.

People born with Saturn in the eleventh house in their birth chart have lots of acquaintances but not too many close friends, and these are likely to be older than them. Their oldest friendships will last a lifetime. They're drawn to people who are serious and have a purpose in life.

Very responsible, these natives feel like they have obligations to the groups they're involved in. While investing a lot of hard work in making things right, many of their efforts may not even get recognized. To be able to achieve their aims and goals, they need to wait and to not give up working hard.

Summary:

Strengths: Friendly, dependable and warm-hearted;

Challenges: Confused, scared and untrusting;

Advice: They should worry less about what others think of them.

They give their friendships a lot of importance

The 11th house is all about how people interact with the public. This means friendships, relationships with colleagues and members of the family as a whole.

Natives having Saturn in 11th house may grow tired of socializing and will want to spend most of their time alone. They don't like superficiality and casual relationships, wanting to always get into the middle of things and to do what's right.

They may be fearful of failing their group of friends and because they're too proud to admit failure, they will continue to be the way they know how to, identifying themselves as an independent individual and not as someone who belongs.

These natives may be terrified of being "normal" or part of a crowd, which means they can't loosen up when interacting with others.

They give their friendships a lot of importance and are very responsible when forming connections, so don't be surprised if some of their relationships will burden them.

It may seem better for them to just be alone, but they should be careful as separation

can lead to isolation and losing contact with reality.

Being more personal with some of the people in their life would be a great idea for these individuals.

Having a few close friends with whom they can hang out all the time would not be so pressuring and they'd be able to be as loyal and devoted as they only know how to.

Aside from relationships and the public, the 11th house also stands for high hopes, long-term objectives and even dreams people have of becoming.

Saturn here makes natives with this placement suspicious of any path they may decide to take in life, but also articulated when it comes to their most secret wishes.

They will not talk about how they tend to spend their time with large groups of people because they're afraid this may reveal some vulnerabilities they think as having.

As soon as they'll discover their fear of failure is what's holding them back, they'll be completely free to just go and pursue their dreams.

Individuals having Saturn in the 11th house may feel distanced from others, somehow like they're belonging to a totally different world.

They will induce this separation from the outside world themselves, so their relationships with colleagues and friends may sometimes prove to be difficult and heavy.

Even when being in crowds and having nice conversations, they'll still have a sense of isolation and social anxiety as a result of their timidity and the refusal to commit to anything mainstream.

It can be amazing to discover how different they are from what others think of them to be. But all in all, they'll continue to be nice, mysterious and incredibly charming.

Many will be impressed and curious to hear their opinions or wise words, no matter if they would seem very reserved.

One thing's for sure: it's easier for them to have a one-on-one conversation than to express themselves in public.

When Saturn is in the 11th house, matters of morals are being raised, making the natives of this placement preoccupied with any social cause and interested in applying some conservative methods to fix problems.

These people want to have profound friendships that teach them something and when a

more eccentric activity will take place, they'll be the first ones to participate.

They won't respect the trends or follow what the majority is doing because they're very individualistic and want to express their uniqueness.

It's possible for them to just disappear from the eyes of the public for weeks and after to come back so that contact with their friends is re-initiated.

They don't like dealing with superficial or dull people and can be misinterpreted when wanting to spend some time in isolation.

When wanting to escape their own minds, expect them to go to every party in town. While surrounded by friends, they're also feeling lonely to the extreme.

The ones really close to them are only a few, and even these won't get to know them entirely. Saturn may influence these people to want and seek advice of those who are older than them because they'd have many things to learn from such personalities.

Idealistic and in the same time terrified of pessimism, they'll stay close to generous and even influential characters who want to mentor them in their path towards success.

They rely on how the society is structured in order to move forward, looking to unify and to enjoy different forms of sociability.

Since Saturn is a planet of transcendental potential, it's possible for natives with this placement to become famous, but not without realizing their own goals and friendships are fed by the same energies.

The goods and the bads

When the bulky Saturn is in the 11th house of secret wishes and dreams, people with this placement will work hard to make their goals a reality.

They won't have things the easy way and sometimes feel like they're heading nowhere. However, they'll keep going because Saturn is about delays, not about giving up.

People with Saturn in 11th house are definitely able to face all the challenges this planet wants them to confront and may take a while to get to the finish line with their objectives, but their efforts will receive tremendous rewards, you can be sure of that.

When it comes to friendships, they like older people and have even spent their time with adolescents as children.

They most likely don't have too many true friends, but this isn't something negative in their life, it's just that they tend to discriminate and pay close attention with whom they're

associating themselves.

Having all sort of creative ideas, they will want to test their own concepts on people. These natives simply love to brainstorm and to decide together with their friends what works best.

They'll be appreciated for their way of thinking and resourcefulness, but all this surely means they need to get together with people from many areas of life.

That's why they may find it difficult to be members of only one group and to stick to that community. They should just keep a few people around them and get involved with larger groups when wanting to discuss their ideas.

This way, they can be as individualistic as they want to be. Compromising their appurtenance to large groupings can sometimes be the perfect solution for their problems.

While Saturn being present in the 11th house makes them want to run away from everything ordinary, they should learn how to appreciate value.

They're terrified of failing, which makes them avoid sticking to only one idea and can agglomerate their agenda with too many things to think of.

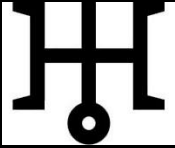

These people should watch their Saturn because it can prevent them from getting what they want in life.

They don't want to ever choose between people, situations or things, whether it's about their professional or personal life, because this makes them feel tied down to what they've decided on for the rest of their life.

Saturn in 11th house people are aware decisions put them on a certain path and they surely don't want to deal with the same things of a choice they've made, all over again.

All this can have them without a passion in life and running without a certain direction. Their potential is amazing, so the courage to determine what they want becomes a necessity.

Uranus ♃ in ☊ Cancer man 1° 17'

([1044] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born with Uranus in Cancer in their natal chart are the homebodies of the zodiac. They are very attached to the concept of family and have strong bonds with their loved ones.

However, they may be tempted to try to change things a little bit, bring about the unconventional aspect here. The family they're most close to might not be their natural one, but a social group that they've invested time in.

The thing is, when they spend a lot of time with some people, and engage in activities together, a sense of fostering, of loving shelter starts blooming, and this feeling of tender comfort transforms into something permanent.

In a nutshell:

Style: Insightful and compassionate;

Top qualities: Generous and affectionate;

Challenges: Not using your potential fully;

Advice: Be careful about burning bridges with estranged friends.

Personality traits

The Uranus Cancers are rather eccentric and out of place with their innovative perspective about family and home. They play it out quite safe in other domains, but when it comes to decorating their home, for example, they venture out into undiscovered lands, bringing in only the quirkiest and weirdest additions to the table.

New pieces of technology are welcomed as long as they are practical and have an established role. You can't dismiss this native that fast because their ideas are very intriguing and fun.

However, they can feel pretty disappointed when others don't appreciate their ideas or dismiss them from the get-go. They want them to at least try to understand them and be open to the new.

The truth is, the ideas themselves are not the reason people avoid them, but rather their chaotic and unrestrained behavior. Going to great lengths just to implement a plan is all fine and dandy, but when you don't have a pattern and seem to just try anything that comes to mind, people won't react nicely.

The Uranus Cancerians need to better manage their emotions, and not let themselves be taken down by one mean comment.

These people are very intuitive and instinctive, basing most of their decisions on how they feel at that moment, what seems to be right. In this sense, they are very enthusiastic and express themselves fully and with vitality, with nothing left out.

Most people could have a wrong impression about them, that they lead their life based on the howling of the wind, by the number of leaves fallen from a tree, but it's nothing of the sort.

They might involve themselves in some organizations that wish to change the aspect of society, to bring out new developments for the betterment of the people, and so on.

The reason they appear to be very annoyed and hurried is that they are very sensitive to the natural changes of the world. They are very responsible and self-aware individuals and don't dare to take anything for granted.

What others don't even look at, these natives hold in high regard or give it a significant role. Their irritability needs to subside in time, but they could help this process by finding the time to relax.

A challenging love

Emotional instability makes them very difficult partners. A relationship should be based on devotion, affection, understanding, but when they get depressed and start crying from just being contradicted, that's not very healthy or desirable.

Moreover, difficult situations are very straining for them because they have many uncertainties, irrational fears that stop them from taking the proper decision.

What matters is that they let these feelings come and go, while they maintain the same open-minded approach. There are conflicts and arguments in any relationship, and you don't see people breaking up after only two weeks of staying together.

Obviously, they can come to an agreement, either through empathy and emotional understanding or reasonable thinking.

The good and the bad

When they're feeling under the weather and unappreciated, the Uranus Cancers can be very inefficient at their work, and even worse lovers.

So, to fix things up, try to show them how much you love them, to give them the much-needed support that's lacking. Maybe even suggest finding a job closer to home, or even

work from home, as that would really take a lot of stress from their schedule.

A place that they've invested their time in, where they work day and night to keep nice and relaxing is the best place for them to work. It refills their battery constantly, and once they're at their best, nothing can stand in the way of these natives.

The best thing about that, that supernatural third eye that seems to sense the future is also one of their worst flaws, given their natural uncertainty.

It's not always good to have such a strong intuition because if you aren't resolute and confident, any slight disturbance in the natural order of the world will scare you out of your wits.

Their ideas are very productive and down to earth, with some being a little idealistic, but if they can't stand behind them until the very end, it's all for naught. If the slightest obstacle is enough to put you down, you have to work on resistance and confidence.

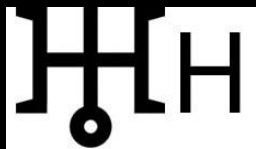

The Uranus in Cancer man

The Uranus Cancer man feels everything at a completely different level than most of us do. He is affected by the workings of fate, by the words of other people, by his own failures, by a successful plan, and this heightened receptivity acts as both an incredible advantage and a downside.

On the one hand, he can solve almost any problem from the onset because he can see how it's going to evolve further down the road, so he has the perfect solution.

On the other hand, he can be really taken aback by other people criticizing or looking down on him, and he may need reassurance. Furthermore, he is split apart between the cold and rational influence of Uranus, as well as his innate emotional sensitivity.

They will probably change their home very often and choose different jobs as they easily get bored with the same career.

All kind of unexpected events in their life would have their character developing more and more.

When it comes to their instincts, these are rather based on impulse and sometimes inconsistent. Their psyche needs to filter every position of the planets in their chart in a very abrupt way, so they may feel like they're accidents of the Universe, creatures who have been placed here to get by and rely on instinct.

They want to express themselves freely and would never come back to situations or people that have limited them. It's good for them to take risks because Uranus acts like the planet that awakens and makes natives more conscious of things that are surprising.

For this reason, individuals having Uranus in the 1st house would never allow themselves to be confined in situations that don't give them any freedom or are conditioning.

They're really inspired by people who get enthusiastic about anything and can stimulate their mind.

However, they should be careful with their impulsiveness and need for freedom because some of their loved ones may not understand them and their ways. If not careful, they can end up alienating people they care about the most.

These natives will always change their style and appearance because they want to seem different. That's why makeovers are one of their favorite things to do.

Not allowing themselves to leave how others dictate, they're also spontaneous and maybe more rebellious than others.

Expressing their own thoughts freely is one of the most important things for them, so when saying something that bothers, they don't really care about who raises a brow and who doesn't.

Uranus is the ruler of Aquarius, which happens to be the most unconventional and independent signs in the zodiac. When this planet is in the 1st house of self, it influences natives to want to be different or proud of their unorthodox methods.

What they need to learn is that the unexpected will always happen and that their adaptability is efficient. They give a lot of importance to freedom and hate to feel tied down, whether with a person or a situation.

These people are the best friends anyone could ever have because they put a high price on friendship.

It's important for them to understand they're unique and that not obeying to the society's rules can be something honorable. If they won't admit they're unusual, Uranus will be in their way when they'll want to establish formal relationships that follow the rules of the society.

Uranus in 1st house people need to be attracted to their lover if there's for their romantic connection to evolve.

Blessings

Being independent seems to be the most important thing for natives having Uranus in 1st house. These people need to always be the bosses and hate it when others try to

order them around.

They're passionate and very exuberant, which can make them overwhelming to some type of individuals. Their closest ones should know they're only well-intentioned and that they put a lot of effort into what they love the most.

It's good their honesty will always have others know where they're standing. Uranus's presence in the 1st house indicates they may need to step aside from time to time, in order to see how others view life as well.

It's not enough for them to think they know everything because some questions can be left unanswered and personalities need to be explored.

It would be wrong for them to assume their loved ones aren't right just because they don't agree with what they're saying.

Listening to different arguments can help them see life more objectively. After all, learning is also about taking other people's opinions into consideration.

When Uranus feels comfortable in the 1st house, natives with this placement are usually very open-minded as far as sex goes, and don't mind hearing their lover's fantasies.

They're very interested in their own image, but also in the one of people that are close to them. Therefore, they give a lot of importance to clothes because they think a person's style expresses a lot of his or her individuality.

The same comfortable Uranus in the 1st house indicates people with this position are very objective and don't judge according to what they're seeing.

Challenges

Uranus in 1st house people need to stop being so excited and enthusiastic because discretion and tactfulness are the key to diplomacy.

Being more dedicated would also work very well for them. They should pay attention not to lose their interest in things or people as fast as they do.

While the planet Uranus inspires them to always change, they'll get to do great things when sticking by their own ideas for longer periods of time.

They love to talk and to exchange ideas, but they may find it troublesome to sustain some of the solutions to problems that they have found.

After they've worked with one of their own original ideas, it's very likely for them to just get bored dealing with the details because the next problem coming towards them

seems to be more interesting.

This shouldn't bring them down that much, especially if they're surrounded by people whom they can trust, but if many count on them to do their job in a very efficient manner, they may face difficulties as a result of getting bored too easily.

Looking at a Uranus that's challenged in the 1st house, it can be seen the natives of this placement have had troubles with their own image during their past lives.

The Ascendant influences their personality a lot, also in matters of how they're seeing themselves. Therefore, through the Rising sign, people filter all the psychological functions that give them a correct image of themselves.

So as said before, Uranus in challenging aspects in the 1st house indicates unconscious memories regarding self-appreciation.

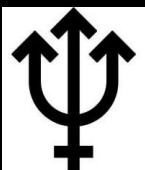

These may indicate that in past lives, people have had many tattoos or piercings and now the natives are so preoccupied with their image.

Therefore, in this life cycle, they may try to reproduce the way they're seeing in their own unconscious. This can also be one of the reasons why they need to always be different from the crowd, especially when young.

It's important for parents having teenagers with Uranus in 1st house to understand their sons and daughters need to look the way they're feeling and that no one can change this about them.

If children with a challenged Uranus in 1st house would be criticized and ridiculed for the way they dress, they'd be very traumatized, so their parents have the duty to be gentle with them when it comes to this.

Neptune ♃ in ♍ Virgo man 14° 12'

([1070] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Virgo in their natal chart are all about idealistic thinking. They have their own ideas about life which they'll support regardless of the opposing arguments, and they'll have a doubtful look whenever someone contradicts them.

When it comes to healthy eating, professional life, efficiency, and productivity at work, these natives are usually the ones who have a lot to say and are very certain that they hold the truth.

Even when the overall perspective doesn't seem to carry any value, they manage to take out a small detail out of the context and capitalize on that. This is a direct result of Neptune's influence, the emphasis on details.

In a nutshell:

Style: Dedicated and demonstrative;

Top qualities: Serviable, efficient and healing;

Challenges: Highly critical, impatient and fussy;

Advice: You need to put effort to convince your partner of your vision.

Personality traits

The Neptunian Virgos are those who try to bring a sense of warning back into the collective mindset of the people, about living healthy, eating natural food, working intelligently, and not simply putting in the effort without the slightest knowledge about efficiency.

Humanitarian and philanthropic, they might want to participate in voluntary activities, contribute towards helping poor people, help abandoned children, and many other such activities.

A feeling of deep satisfaction and personal fulfillment is to be found in bringing out one's empathetic tendencies, in showing one's inner generosity and kindness toward fellow humans.

Besides this enlightening interest in the possible avenues of salvation for the entire human race as a whole, on a more personal level, they crave for the peace, quiet and sense of belonging that their home offers.

Bonding with their lover on an intimate level, creating a safe and secure environment to call home was always one of their biggest dreams.

They fantasize about simple pleasures, warm embraces with the partner in front of the chimney, a good morning kiss on the forehead, the jolly image of their kids playing in the front yard.

Also, they promote the idea that physical health is directly proportional to one's

emotional fulfillment.

In their attempts to eliminate all negative feelings and detrimental attitudes, they try to use reason and logic, as well as emotional depth and feelings.

Over time, these two mindsets can begin opposing each other, creating inner conflicts that indirectly lead to a state of annoyance, irritability, and they'll sometimes not know how to react to certain events.

It's that blank stare, poker face, a form of social inability to empathize with a given situation, the ineptitude to cope with it.

Seeing that it could lead to worse things, the Neptunian Virgos try to fix things up by appealing to their own sense of satisfaction and inner fulfillment.

By helping others and supporting people in need, they receive a sense of appreciation, of self-validation, of social acceptance and this greatly helps.

These natives are very responsible, thoughtful, and intelligent. They think about things greater than themselves, about the good of the many, about man's action on the environment, and how it will lead to our downfall eventually.

They instinctually know that great changes are in store and try to be the prophets of the new age. With self-made rules and firm principles, the Neptunian Virgo advances slowly but steadily toward a brilliant future.

Even though their intuition pulses constantly, informing them about possible events beforehand, they try to ignore it, instead of putting their whole attention on the power of reason, logic, objective research.

They prefer having a good reason to believe something, rather than feeling where the truth lies. However, the same doesn't apply in a relationship, where they must use their emotions more.

With a person expecting you to show affection, compassion, and empathy, you can't show the same cold and calculated rationality that is perfect for solving problems.

If you try to subdue your emotions and replace them with logical observations, the close bond between you and your partner will quickly fade away, just like the feelings.

You have to realize that a combination of reason and emotions will be a much better solution, and it will avoid all pesky problems.

The positives

The Neptunian Virgos are best when put to work, when they have to take care of something, to organize an event or plan out an escapade.

If you want to have a party at home, there's no one else to ask for help. You just have to bring up the idea, and you'll see their eyes lighting up, an expression of pure joy and ecstasy plastered on their faces.

Just give them something to work with, and you don't have to worry about anything anymore. It'll be done with near-perfect accuracy, and according to the plans.

Moreover, they should learn to abandon their high-end expectations, and instead live the moment. Without any extraneous thought in mind, and without worrying about the future, just let life come naturally and bring about some surprises.

Controlling everything is an empowering feeling, that much is true, but it quickly turns into an obsession, and the lack of it brings a crisis of conscience, fear, uncertainty, and many other negative feelings. It's a good thing that they have firm ideas about their future and know exactly how to get there.

The negatives

Perfectionism is a Neptunian Virgo's worst flaw. They have high expectations of themselves and want to achieve only the best results, with the best methods, in the least amount of time.

If something goes wrong, self-pity and self-loathing come in, accompanied by a sense of inner disappointment, and the obligatory attempt to find a scapegoat.

If it's not their own person, then they'll blame someone else who helped them, even if it's unwarranted.

With an idealized vision of life in their heads, they forget the fact that the real world is not made up of perfect elements to build such a utopian place.

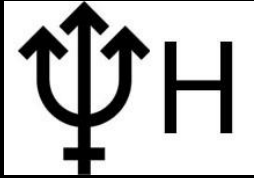

The Neptune in Virgo man

These natives are very hard-working, responsible, ambitious, perseverant and endowed with great efficiency when it comes to professional expertise.

Results are what matters most to the man with Neptune in Virgo, and in order to achieve the best results, they are willing to work overtime, putting in the extra effort, and strive to complete the project with spare time.

In relationships, they'll be quite affected by Neptune's influence, especially when it goes into retrograde. They will feel the need for validation, for appreciation, and they will want to talk to you constantly, to see that they're doing the right things.

Neptune ♆ in III 3rd House

([1079] i.thehoroscope.co)

This placement of Neptune makes people express themselves with candor and charm, so no one can really get bored with them.

People born with Neptune in the third house of their birth chart are influenced to be intuitive and able to communicate better than others, some even taking that on a whole new level.

When young, they tend to be very undisciplined and to not do a single practical thing. Their youth years will also bring them a lot of insecurity. The older they'll get, the better they will learn how to focus and how to become productive.

Summary:

Strengths: Intuitive, eloquent and sociable;

Challenges: Absent-minded, undisciplined and controlling;

Advice: They shouldn't let other people step over their feelings.

Creative and charming

It's not easy for natives with Neptune in 3rd house to absorb factual information, so they may be not be in any way interested in academics.

However, when it comes to open-mindedness and the type of learning based on visualization, they are the best. Always dreaming and having their head in the clouds, these people may only see the big picture and miss out on the details that matter the most.

It's difficult for them to follow a schedule or to deal with everyday life because they're always thinking of something they consider is greater than just paying bills or cooking dinner.

It's also very possible for them to be absent-minded when someone is giving them directions, so they will miss out on important things and after wonder what they have done wrong.

If you have a date with them, expect a cancellation or for them to be late. At least they seem to communicate without any efforts and to understand others without asking too many questions.

The way these people express themselves is creative and charming, but this doesn't mean they can't create confusion considering they rarely keep a determined attitude.

As children, it will be a challenge for them to learn because they're undisciplined and too creative. Neptune in 3rd house individuals are very sensitive and rely a lot on their intuition, so you can often find them in a melancholic mood.

This planet makes natives having it in 3rd house receptive to everything that's going on happening around them, and also to people's feelings.

Their conversational style is usually entertaining, and other people can really impress them because they allow themselves to be easily influenced.

Their imagination seems to always be running wild, and when dealing with new ideas and concepts, they're always bringing in their emotions. Neptune in Third house makes natives with this placement psychics and aware of what others are thinking.

When it comes to their personality, they're not in any way conventional and prefer to dream instead of focusing on what they're being told.

This is the reason why they may have problems absorbing new information. The concepts being presented to them need to be defined and clear.

Neptune is a planet surrounded by mystery and that brings many problems to those who have it in the 3rd house. In this position, it influences the natives' way of communication, their siblings, close-by neighbors and short-distance travels.

Furthermore, it makes them erratic and not at all able to deal with details. When it comes to abstract notions and creativity, however, their mind starts to be intuitive and to know what to do.

They should be very careful when signing contracts because they tend to forget what they need to write and often make mistakes because they simply cannot concentrate.

Neptune in 3rd house natives can be great writers and artists as their soul is full of poetry and mind of philosophical thinking.

When this planet is in good aspects with Venus, they have all the chances to follow a career in the art world or to become great dancers. Usually calm and likable, they attract a lot of sympathy and others always want to help them.

Many will think of these natives as cute and a little bit boring because they only seem lost in their own fantasy world. When it comes to the relationships with their siblings, it's possible for them to have stepbrothers and sisters they not know about.

They will treat their neighbors and friends as their siblings because they have this need to be like family with everyone. At least one of their brothers or sisters would be artists and perhaps addicted to drugs and alcohol, especially if their Neptune is in difficult aspects.

The third house is the ruler of pseudonyms, so the natives with this placement may use nicknames to identify themselves. This is even more possible if they're artists who wish for an alter-ego and to have a persona under which they can present their work.

The Neptune in the 3rd house aspect makes people with this position talented at astrology because they can understand how and why the stars are moving, all while looking at the big picture and really understanding something.

The 3rd house reveals how people can interact with their immediate surroundings, so the presence of Neptune here makes things agitated and even erratic when it comes to this type of interaction.

Therefore, people with this placement would probably forget all about their appointments and always be late. Like said before, when it comes to everyday issues, they simply can't deal with this type of tasks and have problems with studying because they can't concentrate.

When kids, they've probably read only fairy tales and fantasy stories because their imagination asked this of them. Preferring to be intuitive and to learn through images and their other senses, the conventional type of education is very boring for them.

Neptune is the planet of illusions amongst other things, so it gives natives rose-colored glasses, depending in which house it's placed.

When in the 3rd house of communication, its effects are influencing people to only see and hear what they want.

Dreaming and always late, they're still charming and good with communication because they have a great imagination and no one can beat them when it comes to writing or creating art pieces.

It's even easy for them to act, and if one of their siblings is addicted to drugs or alcohol, they may have had a difficult childhood due to this and to the fact that they weren't able to learn and focus.

When something isn't captivating and interesting enough, they simply can't keep their focus.

Caring about others and very intuitive with their feelings, they will always make their loved ones feel good. It's suggested they take a GPS with them in their short trips because they tend to get lost easier than others.

The goods and the bads

When it comes to their career, natives having Neptune in 3rd house could teach because they're good at sharing their knowledge with others.

Very enthusiastic, they immediately attract people and inspire boldness as they're not scared of anything themselves.

When the unknown is presented to them, they become very curious and want to do anything to get all the information on a certain matter.

Since they're so good at expressing what goes through their mind, those around them will be inspired to do the same.

Their creativity and enthusiasm make everyone wanting to be the same as them. It's suggested they learn how to deal with details and keep notes of everything they have to do in order to no longer be late to meetings.

Their memory is quite short, so if they want to function properly in the society, they need to do something about it.

Dreaming big and making things happen is their own responsibility, and they're pretty capable of achieving great things because they know how and have the mind for it.

Being idealists, it's not easy for them to deal with the real world. They will always be dreaming about what to do and where to go, so they may sometimes have no more time to pay attention to what's happening around them.

The more aware of the fact that they have their head in the clouds, the more grounded they'll become.

Neptune ♃ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

([920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Pluto ♄ in ♑ Capricorn man 22° 39'

([1098] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The native born with Pluto in Capricorn in their natal chart excels at doing things carefully, following a long-established routine, with a plan in mind. They have their room or workplace perfectly organized, in order to boost efficiency, and they take it step-by-step, systematically observing and analyzing the information at hand.

With ambition and perseverance, they go about solving any problem in what seems like a matter of seconds. Disorder turns into order, the rubbish is sorted out from the usable elements, while structure and order prevail.

In a nutshell:

- Style: Disciplined and strong;
- Top qualities: Persistent, thoughtful and ambitious;
- Challenges: Overly cautious and stubborn;
- Advice: Exercise caution when it comes to personal risks.

Personality traits

Plutonian Capricorn natives prefer working alone or at least having the choice of doing so. It's not that they believe themselves to be superior to everyone else, but they want to be free to make their own choices.

And in this respect, they might even fight against the rules imposed by society, acting as temporary anarchists. Eventually, they do observe the traditional rules.

They are analytic and perfectly know how to get to the bottom of a problem, taking out

the flaws and downsides. The status-quo is respected as long as it doesn't inhibit their free will.

However, their built-in patient and cautious personality don't allow for explosive changes to occur. A revolution is out of the question then.

Ambition and willpower are the key components of this native's path through the world. They never abandon the boat once they've decided to pursue a course of action, even if the entire world may oppose them.

In this sense, Pluto's transformative powers are miraculous and just what these natives need. They turn it all in their favor, eventually reaching the level they wanted from the very beginning, having the freedom to do as they see fit.

Moreover, under the influence of the Earthy Capricorn, it means that they are very preoccupied with material development and having a stable situation from this point of view has always been a primary focus of theirs.

They will want others to notice just how successful they are, but it's not a superficial tendency, but rather a confirmation of their potential.

With prudence and a meticulous approach, they pave the path towards a brilliant future with nothing but their willpower and perseverance to play with.

Not even the strongest obstacles could hope to ever put a stop to their advance. They aren't disappointed when stumbling over a challenging opponent or when faced with failure. Rather, they cherish any opportunity to evolve.

The good and the bad

A Plutonian Capricorn will always have his priorities set straight and won't waste any time if he wants to pursue his objectives.

With a resolute attitude and an ever-renewing enthusiasm for action, this native gives their all on furthering their own desires. If the Pluto Capricorn finds himself to have strayed from the envisioned path, it won't be long before a complete turn-around will take place, without any looking back.

This native is able to take on any opportunities to reanalyze their mindset and motivations, in order to check whether they're correctly calibrated.

It doesn't matter what obstacles present themselves because this native won't give up even in the face of impossible odds. Better to die pursuing your dreams than wither in a corner, filled with regrets and disappointments.

With pragmatism and reason, Plutonian Capricorns manage to break apart all the chaos standing in front of them.

Even though they are more intellectually elevated than most other people, always seeking for the truth of the world, for the deeper aspects hidden in hard-to-find places, these natives are also materialists who work better when they know a substantial reward awaits them at the end.

Moreover, they may also appear as tedious and unwilling to commit to action because they prefer to take it all slowly with a step-by-step approach. In this sense, there's no taking them out of their routine.

Pluto in Capricorn in love

Even though falling in love is an edifying experience for most people, and there are also plenty of reasons to believe love itself is a force to be reckoned with, those born with Pluto in Capricorn in their natal chart, don't really buy into this view.

They don't believe that love holds that great of importance to one's self-development because it doesn't really help with surviving in this cruel world. As such, they're going to put it on the backburner until they manage to create a situation for themselves.

The only way they could look at love in a different light is if the partner would agree with being a comrade in arms, ready to assist against the struggles of existence.

In the fight for supremacy and social status, there will be many collateral victims and many conflicts that render many crippled. Hope you understand that these natives are not about beauty and romantic experiences, but rather want a worthy life companion.

The Plutonian Capricorns see love as a partnership, a life-long commitment to aid one another in times of need. They are pragmatic like that.

The Pluto in Capricorn man

The last generation of Plutonian Capricorn men marked the appearance of the ever-so-serious individual with a razor-sharp focus, cool attitude, and immense ambition.

These men let nothing stand in their way and even lack some basic empathic skills as they rationally approach day to day interactions.

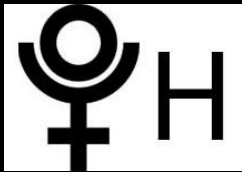

With challenges waiting around every corner, they are always prepared for the worst, always rowing forward through the difficult storms and whirlwinds of life.

Emotionally, these men are truly lacking when compared to women with Pluto in Capricorn, but this can also be considered to be a myth. The truth remains that there are still things that touch their hearts. It may even be that their sensibility increases with age.

Plus, deep inside, these men know that empathy and emotions are essential in relationships.

They might learn it the hard way or completely avoid them but they are aware of their importance. No one says that you should start crying whenever a tough situation appears, but at least admit that you do have feelings as a reaction to it.

Pluto ♄ in VII 7th House

([1107] i.thehoroscope.co)

This placement of Pluto makes people crave deep emotions and to display a sense of responsibility that is rarely seen, plus lead their lives by their own very specific values.

Those born with Pluto in the seventh house of their birth chart are connected to the concept of a good family, a close and loving atmosphere at home. Relationships are especially emphasized here. After all, they want to fulfill their sense of belonging as well.

If it's affection and intense emotions that drive them, everything is good and the prospects for a long-standing relationship are blooming.

A contradiction often appears, between their need to be in a relationship, an all-consuming one, and the feeling that they're enclosed in a cage with no breathing space.

Summary:

Strengths: Intuitive, empathic and strong-willed;

Challenges: Aggressive, conflictual and distrusting;

Advice: They should allow themselves to express their emotions freely.

Challenging their own identity

There will always be conflicts with them. Whether it's caused by their incessant rambling and tendency to criticize and annoy the hell out of anyone or their fear to be controlled, it's going to spark arguments.

The Pluto in 7th house natives are attracted to action-oriented people, to the aggressive and the unusual, the kind that you never know what they're going to do.

The lack of routine and a revolutionary spirit are the things that intrigue them the most.

However, they have a special talent of taking out the most primitive and aggressive part of their partners, driving them crazy.

They have a part to play in this whole charade as well. It's not that they are the eternal victims upon whom everyone lashes out to. They're the ones who make everything happen with their attitude.

It's because they are afraid of losing that special someone, of being left alone and abandoned.

This drives to them to tighten the grip, to take control of the situation and impose their will. This, in turn, wakes up the monster in their partners.

The whole gist of the situation here is that they are still unsure of who exactly they are. An identity crisis, the lack of a spiritual basis, of personal principles to have as guidance. They are attempting to discover themselves through relationships and social contact.

Through experience and the many failures, they will eventually reach a more mature stage where they know what they want and how to appreciate it.

Society and social games are the perfect testing terrain to search for one's own identity. Involvement in anything too serious could result in serious disappointments and traumatic events if a break-up follows.

The Pluto in 7th house natives look on relationships and romantic contact as being a formative and healing process. They manage to wake up something inside them.

Deep emotions, of the kind that they have never felt before, responsibility and understanding, objective perceptions, firmness of character and a tempered personality.

There are going to be a couple of conflicts happening from time to time, and since Pluto is associated with the extreme aspect of existence, the problems are going to flare up as well.

There will be power struggles especially, conflicts and arguments because both partners are trying to take control.

This is a game of cat and mouse, of who gets to take control and who's subjugated.

All their relationships are like this, a dominator-dominated battlefield. It happens through emotional manipulation most of the time when one part plays on the other person's vulnerabilities and needs.

What they have to do is learn how to be calm, patient, just, and treat everyone in an

equal manner. It's a journey toward self-discovery without the need to go to extremes.

Most of the times, the Pluto in 7th house natives end up out of control and filled with feelings of inadequacy because of the sadness and past memories that they bring with them.

And, again, they're not going to share them any time soon. Left festering deep down, those wounds are just going to become more harmful with time.

To overcome these issues, they need to inspect and investigate these wounds, see them for what they are and try to heal them. If left there, it's just going to create tension, emotional instability, and grief.

Professionally, the seventh house Pluton natives are especially good at taking care of the monetary situation of a company, calculate and create strategies, plan accordingly based on the existent data.

However, while these lucrative partnerships are emphasized and work flawlessly, emotional ones are in a bind, unfortunately.

Sure, there will be plenty of moments of blissful joy and sensuality that no one will be able to replicate, but those are just the calm before the storm.

Pretty soon, ruckus and screwed up arguments will occupy all their time. However, if they manage to temper themselves and become more understanding as a whole, not only will they be better off, but the relationship will experience a flourishing period.

The goods and the bads

The Pluto in 7th house aspect is strongly affected by one's interactions with other people and how these relationships affect the future development of these natives.

In the beginning, they will be unfit for any close bonds, unable to understand and act on their feelings.

But, as time goes on and they finally understand how to react and how to express their emotions, a complete transformation will take place.

They will usually find strong-willed partners who will force them to change their ways, to become confident and ambitious, to be better as a whole.

Of course, there will be conflicts where the control of the relationship is concerned. They also feel the need to find someone who'll become overly attached to them.

They're also against an open expression of emotions. Rather, they want to solve

everything through reason and logic, by analyzing and making plans.

This, unfortunately, is not a healthy way of doing things because, sometimes, there are too many emotions and pressing matters that gather up together.

Moreover, one of the reasons they are so afraid of committing to a long-term relationship is that they might lose themselves, their identity and way of being.

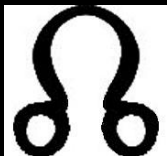

The passion and love for the other person would grow to such a level that it would completely replace their sense of self.

Pluto ♅ in Rx retrograde movement

[699] [920] ([699] mollysastronomy.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♁ in ♍ Virgo 15° 13'

(Georges Muchery)

The Dragon's Head in Virgo gives fine aspirations. It is an ideal position for poets and writers, but not for business people, as it is too idealistic and not sufficiently practical. This position of the Dragon's Head is not good for marriage; physical love is non-existent, but on the other hand there may be much platonic or idealistic love. There is an entire absence of anything mean; the mind endeavours to free itself from matter, and this does not always benefit the pecuniary position. The native does not view life in its true perspective, and will therefore have to contend with the problems of existence. Success comes nevertheless after a long delay. There may be a fortunate and wealthy marriage, which will turn out happily if helped by good aspects of Venus and the Moon. Failing this, the position often indicates celibacy.

The Dragon's Tail in Pisces is again a sign of deceit in love, and of infidelity. The native unconsciously indulges in gossip which is detrimental to him. The position also brings physical and moral sufferings, brought about through the native himself. A general indolence is indicated, which can be modified by a good aspect of Mars. Stability in matters connected with the affections will never exist.

(Isabel Hickey)

North Node in the sign of discrimination and purity shows these are the qualities that will lead to growth and progress in this life. The hidden 'Christ within' must be expressed through service. South Node in Pisces would show past tendencies of escapism, copping out of responsibility; and it would be easy to follow that pattern in this life, for the tendency could be there unless the rest of the chart showed differently. Senses and sensuality have been strong in the past; now the higher senses must prevail.

(Martin Schulman)

The object here is crystallization. The individual has to overcome past life superstitions which now impede his growth and see clearly the truth of all things before him. Prior tendencies to be dependent on others as well as to swim in the selfpity of non-achievements are strong obstacles to be dealt with and surpassed in the current life.

The individual must make every attempt not to allow himself to become bewildered amidst the maze of confusion that clouds his inner vision. Strongly conscious of trying not to hurt other people, he spends much effort to develop the ability to say what he really feels. In essence, his weak spot is hurting himself, even though he will have many opportunities in this life to know better.

He must work to build his confidence, from which he ultimately learns that nothing happens in his life until his goals and objective are clearly defined. In past incarnations, this individual was deceived by many through his over-compassionate tendency to fall for sob stories. Now, he still cringes at the sight of suffering, strongly feeling the emotion of other people's pain. He thereby allows external sorrows to drain him of his strength, until he reaches the point where he's had enough. Then the realization that his soft heart is his weak spot pushes him to his Virgo North Node, where he begins to develop the ability to discriminate between what is truly worthy of his sympathy and what is indeed fantasy!

He spends much time in the current life sifting through his value systems, discarding all that is uimportant, so that he may ultimately develop a filtering system which will enable him to make critical judgements without being swayed emotionally.

This incarnation is to teach him how to swim out of the pea soup he has fallen into; and

what never ceases to amaze him is the fact that so subtle was his slipping into illusion that actually he never saw it happen.

He must try to avoid escapism and daydreaming at all costs, for in the end these weaken him to the point that he may forget how to function on the physical earth plane. From past incarnations his intuition is unusually strong and accurate, but with it comes the Piscean depressions stemming from a sensitivity to other people's disappointments.

In learning the karmic lesson of not to depend, he ultimately discovers that all those he desired to lean on eventually come to lean on him. He constantly has to pull out of events, circumstances and relationships whose very heaviness cloud his vision. His own pity for other people can lead him into positions in which he spreads himself too thinly. Hating to tell people what they don't wish to hear, he develops the art of subtlety.

One of his biggest lessons in this life is to develop the ability to say 'no' and mean it, for the softest plea from a tear-stained eye has always made him go back on his word. Well, he knows his own weaknesses, and it is through this knowledge that he can develop his greatest strength. By the refusal to be swept off his feet by emotion, he gradually swims his way out of confusion.

Many with this Nodal position have been through past-life persecution experiences, and as a result they develop a deep understanding of the pain of others. Still, they can be deceived by others, almost as if their inner gentleness becomes confused with weakness to the point of inviting again in this life the very persecution they are running from.

They have the ability to carry deep hurts within them for many years. Yet from time to time the build-up eats away at their nervous system.

Here the Virgo North Node can act as a savior by cueing them into the diet and health conditions which will bring the most benefit.

These Nodes are especially helpful in the fields of medicine and healing, where the past-life carry-over of a strong compassion for humanity, coupled with a fresh desire for perfection, can be readily expressed. Idealism is high, but the soul's memory of a lack of self-confidence brought about by so much past persecution makes it difficult for the individual actually to believe that he can reach his ideals. He has constantly to fight the tendencies he feels towards giving up. Ultimately it is the great wisdom learned through the bitter lessons of the Pisces South Node that redeem him. For no matter how difficult conditions get, he still clings to his rainbow dream where peace and love rule the world.

He is highly critical of others when he sees them falling short of the perfected ideals he knows they are capable of reaching. He has to learn to put into practical use the essence of his own ideas which he has always vaguely felt but has been unable to

verbalize. To the extent that this continues, he feels misunderstood. In times of need, he truly wishes for others to help him, yet he feels that it wouldn't be fair to ask for such help. Instead, he keeps seeking out people with depth, silently hoping that they who can see through him will care enough to fathom his problems.

Constantly seeking warmth in others, he turns stone cold when in the company of coarse or crude individuals. One of the most beautiful things about the Pisces South Node is that as the years go by he is afforded the opportunity to develop forgiveness for all those who have hurt him in this life as well as in past incarnations.

These Nodes represent the clouds and the sunshine, the illusion and the real. Always seeking some better state, this individual eventually comes to learn why other people suffer so much. Until he learns this, he goes far out of his way at the risk of hurting himself to help any and all who suffer.

His current life karma is to strive for purification and perfection in himself, while tolerating with gentleness weakness in others. This brings him his biggest lesson - self-discipline! He must learn clearly when to let the water run, when to shut it off and when to alter its course.

He must not overlook details, for it is often the Piscean lack of attention to detail that causes him to miss the clarity of understanding he is seeking. By developing a clear perspective, he can start to avoid the tendency to excess that he has brought with him into this life.

If he is to be happy, his life must be dedicated to service rather than secretly wishing others to drown his past sorrows. His biggest lesson of all is never to doubt the purity of his objectives.

This individual is starting to make things work on the earth plane. In past lives, he developed an intuitive understanding of the nature by which man and machine function, but now he is confronted with putting this knowledge to use, rather than daydreaming about some future far-off moment when all his dreams might come true. He must be careful to make all times the present as well as all places here; for only through living in the here and now is he able to funnel into crystalline form the vast reservoirs of essences which he has accumulated through all his lifetimes.

He is to become the focusing lens on a form projector which contains millions upon millions of blurred negatives. Yet through his North Node, he is capable of refining each one so that ultimately no knowledge he has ever acquired will be wasted. In effect, this is a rather frugal Node position. Here also the mind and life become as a machine, with all the separate parts forming an integral part of the whole. When any part of the life is not functioning properly, it must be immediately repaired or discarded.

The life is geared to striving to raise efficiency and order out of the sea of the Piscean whirlpool. Much prior life work was spent in renunciation. Now only vague memories remain. In this life, the individual must learn to display the perfected ideals he has achieved through giving up all but his appreciation of the Divine Essence.

The house position of the South Node indicates the area in which a past incarnation reached Cosmic Understanding. The house position of the North Node shows the area through which crystallization can now bring that understanding into material reality.

(Donna van Toen)

You need to learn to work. Your Pisces South Node may reply 'Yeah, but that means giving up my privacy'.

Your problem may be your inability to analyze feelings.

Possible reasons for this problem: excessive tolerance of unacceptable behavior from others; faulty reasoning; a tendency to gloss over flaws; a tendency to help others while letting your own life disintegrate; escapist tendencies; your early upbringing having led to a 'you owe me' attitude; your sense being over-active, overwhelming your logic.

Possible solutions: Channel your fantasies into creative work - poetry, fiction, psychology, etc.. Learn to rule your senses instead of letting them rule you. Learn to lie skillfully. Shun human contact as much as possible. Over-eat, drink too much, get stoned.

Health problems are a frequent manifestations of the Virgo North Node - Pisces South Node imbalance. These may be physical or mental, real or imagined. Both fear of people and excessive dependency are common - sometimes simultaneously. Compulsive over-eating or an obsession with thinness can be a manifestation. Occasionally I've seen this position in what I call the spiritual or psychological hypochondriac who drifts from guru to soothsayer to therapist looking for someone capable of solving his or her problems for him or her. Invariably, there's a craving for happiness; however, the client can't generally define what this happiness would entail, except to say there would be 'no more problems'. Well-being improves when the Virgo North Node's potential for objectivity and practicality is channeled into some sort of meaningful work.

Some signs of an over-developed Pisces South Node are: excessive daydreaming; constant requests for help; a 'too sweet for words' façade; strange attitudes towards work; little control over emotions; masochistic or morbid tendencies; overall discontentment with his or her lot in life; shallowness and game-playing; moodiness; and a tendency to attract chaotic conditions and disorganized people.

North Node in Virgo dreams of being the trusted second-in-command without whom things would fall apart. He or she wants to be a policy-maker or manager, or at least the chief executive's right-hand person. He or she wants to be known as someone who can't be deceived or boondoggled. This is generally a quiet person whose feelings are more important than logic in terms of outlining a direction in life. Instead of a policy-maker, he or she is generally a dreamer whose dreams seldom become realities. He or she lacks - or at least hasn't developed - the analytical abilities inherent in the Virgo North Node. He or she is vague about goals and vaguer still about how to realize them.

Antidotes for Virgo imbalance: Typing is a very helpful antidote, since it encourages neatness and order. The study of history is recommended if there's aptitude along these lines. Gardening is a very good antidote. Weiting should be encouraged, with inspirational writing, social commentary, and ideas stressing reform being especially good. Public speaking should also be encouraged, with literary, analytical, scientific, and gardening topics being favored. Should there be no aptitude along these lines, an alternative topic should be sought according to the overall chart.

If career advice is sought, secretarial work is an obvious choice; however, few male clients are likely to find this attractive, no matter how much aptitude they have. Other good choices would be bookbinding, statistical work, historical work, work in a stationary store, and writing of any type. If the client is young enough and capable of receiving proper training, law or paralegal work might be considered. Again, you'd want to look for additional corroboration from the rest of the chart.

When North Node is in Virgo in the twelfth or first house, there are usually problems connected with a low self-image or a negative outlook on life. There's often a history of restriction of some sort. In these cases, it would be a good idea to suggest professional counselling if the problems are severe. Reading such as 'I'm OK - You're OK, Assagioli's writings, and much of the literature on Gestalt Therapy (especially Fritz Perls' writings) might also be helpful.

Certain hobbies could prove to be both enjoyable and beneficial as antidotes. Among these are music, bicycling, walking, and many types of volunteer work. Crafts of various types might also be considered if according to the client's aptitudes. It's common for clients in these categories to have no idea what they might be interested in - let alone good at - so you should be prepared to spend a fair amount of time exploring along these lines.

(Mohan Koparkar)

Previous incarnation for this person was quite a mediocre life. He did not have many opportunities because he could not properly identify them and use them. All he had was a great sense of instincts in that life. In this lifetime, he may not explicitly believe in inner

instincts, as his logic and synthesis are well-developed. He would want to achieve things entirely by their use. However, as a fail-safe mechanism, he has been given the gift of 'insight' to things which he can use when in great need. Discrimination is one of his major enemies, and he often makes decisions based upon pre-discrimination. He has been given many opportunities in this life, but, at the same time, he has to achieve them very methodically. Thus, he cannot just skip and go on to the next game in life.

(Haydn Paul)

One challenge is how to relate your emotionally sensitive perceptions to the world in a way that becomes creatively positive and bridges both spiritual and physical realities. You tend to depend on others to define your life direction, perhaps through earlier social and parental conditioning, which also shapes your self-image.

Your weak spot is emotions. You will be highly compassionate, feeling the world's suffering and pain due to empathic attunement to others' anguish. This may inspire efforts to minimize pain for others, and will even be displayed through tact and diplomacy, often controlling what you say, feel, and think. You try to remold yourself to avoid giving offence to others; but in so doing, you can damage your integrity and become confused by ignoring the messages of your feelings. A combination of sympathetic sensitivity and inner / outer evasion can weaken and distort your energies and strength of identity, leaving you open to exploitation by unscrupulous characters.

Emotions will dominate judgements and decision-making; and you need clarity as to your real needs, desires, and thoughts. Saying 'no' to others poses problems, and you are easily undermined when others appeal to your vulnerable emotions and persuade you to change your mind. Self-assertion is required when you are confronted by others. Acknowledge the equal importance of your individuality, and be less passive and self-sacrificial in attitude.

Escapism, daydreaming, and fantasies attract, and you may retreat into an ideal and perfect inner world where all is good. This is the conflict between illusions and external reality which reflects the interplay between the Virgoan dream of perfection and the Piscean dream of idealism. A misapplication of these impair your ability to deal with the real world.

You can contribute to society when you work with your strengths, which emerge from an idealistic vision applied in daily life to benefit others. You may develop service concepts which embrace an understanding of how to serve, when to serve, how to receive from others, and how to recognize those you can benefit.

You may display idealism but, until you achieve self-confidence, may limit opportunities to manifest ideals, or even give up making the effort. Yet it will be the lessons learned from these struggles which strengthen you. Often disillusionment is a most effective

teacher; the challenge is to continue to maintain your dream of peace and love ruling the world, despite the painful struggle. You have to live your vision, beliefs, and principles in the outer world; they have no reality if they remain as dreams. They need testing in the crucible of daily experience. Your sensitivity, spirituality, and vision of the ideal world need grounding; even in a small way, it is a step forward.

Facing conflict between illusion and reality, you always seek a better state for yourself and others. Much enlightenment can come when you realize why people suffer so much, but in this you also find the key to your own suffering. The deeper your self-understanding, the less you need to rely on others. The more you test your beliefs in real life, the more ideals can emerge in pragmatic and practical activity. You may find that directed imagination - perhaps through creative visualization techniques - especially benefits your self-healing transformation. Within the Virgoan service impulse of working for the community is a potential path which corresponds to the Piscean vision of fulfillment for all.

(Bruno and Louise Huber)

The mutable Earth sign, Virgo, calls for mobility, fluidity, and flexibility. In contrast to Leo, we should total up everything of real value in our life, and discard the pomp and circumstance. We must come to terms with the community in which we live and with the environment as a whole. The 'You' is clearly emphasized here.

Leo also lays emphasis on the 'You', but in Leo we are free to make an impression on the world. Virgo is a serving sign, in which we are in a weak position and more or less at the mercy of others. Society has the last word, and our partner tells us what to do. When the Node is in Virgo, we even have to let the world decide what good we are and assign us a place - not the place we may dream of occupying, but the one for which we are suited. Conformity and adaptability are keynotes of Virgo. Now, to have to knuckle under can be very tiresome, not to mention painful. For this reason, we find many Virgoans grumbling about the miserable circumstances they had to endure.

Of course, a readiness to fit in and find one's proper place must not lead to identity loss - as can happen with hard aspects to the Node. Then one would end up in a state of alienation and become nothing and nobody.

The Node in Virgo should make us willing to adopt a positive approach to the people around us, and to see and understand what they really need before giving them what we have to offer. In the Virgoan Node, helping and serving are essential forms of expression of an active and practical love for others.

North Node ♁ in III 3rd House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Third House is a sure sign of the native's good education and of his being able to live on good terms with those around him; it means harmonious relations with brothers and sisters. It procures the means of success in an intellectual occupation, especially in literature, history or geography. The native has an observant, studious and imaginative mind; ideas flow in abundance, and they are usually good and help him to progress rapidly, as much on account of his skilful management as on account of the help given by those around him. This purpose is also favorable for travelling for educational purposes.

The Descending Node (Dragon's Tail) in the Ninth House denotes a practical, and often materialistic mind, which either scoffs at religion or else is very superstitious. In this House it indicates danger while travelling, trouble in connection with a journey regarding mysterious matters, or matters of which the native alone has any knowledge.

(Isabel Hickey)

The integration lies in the developing of the mental power. The ability to reason logically and the power to analyze the objective world realistically must be brought to bear on the environing conditions. The person has had blind faith and has been religious in the past, but it has been in a non-thinking dogmatic fashion. He also has to learn to stick to routine and everyday matters and not think far away fields are greener. His pastures lie close at hand. His opportunities and challenges are in the environment close at hand. His subconscious motivations of the past will make him long for far-distant places and give him a desire to escape from the near-at-hand pressures.

(Bernice Grebner)

North Node in the 3rd makes it difficult for the person to express his deepest feelings. This must be learned by constantly exchanging ideas and feelings with others. This must be forced before he can reap fulfillment. He needs to develop the ability to share his sensory awareness in his life with those in his social environment, and needs to receive from them their awareness and impressions. He needs to relate easily to his environment and to work for the betterment of that society. The key words are

communication and subjectivity.

South Node in the ninth is objectivity. This gives instinctive knowledge of philosophy, theology, and science. It gives an objective desire to study higher abstract truth. There may be many changes in religious thinking because of an inner need to seek the truth of our being. But on a lower scale this may result in a tendency to crossexamine. It promotes interest in the basic theories and concepts of religion, social ideas, and the metaphysical. The person should learn to study these subjects realistically with his intellect instead of daydreaming. South Node in the ninth, at its best, is a genius at separating fact from fancy, especially when favorably aspects to Mercury or Uranus. This position gives creative intelligence, aside from book knowledge. It also causes the person to think the grass is greener on the other side of the fence.

(Mohan Koparkar)

This condition often signifies unusual intellectual abilities and their use in this life. These people seem to bring vast knowledge and philosophies from previous life and utilize them on a practical level. Their communicative means are fairly strange and odd at times. Excellent relationships with brothers or sisters are noticed. They have a strange subconscious fear for foreign culture or foreign people. During this lifetime they may not achieve fame or recognition, but they will have dispersed their knowledge to many who surround them. Often one notices a hidden coldness towards their father figure in this life. Benefits from travel and short moves are often noticed in their life.

(Martin Schulman)

These Nodes represent a karma in relationships. The individual is here to learn how to fit the intertwinings of people and ideas into the scope of his understanding.

The ninth house South Node shows an accent on growth in former lives. Literally millions of hours of thought were spent on developing an abundance of wisdom. Much was sacrificed to do this, particularly the enjoyment of meaningful relationships with others. So that a large amount of soul growth could be accomplished, a freedom to explore without restriction or limitation had to be developed first.

Now in the current life the individual is habitually linked to his past incarnation sense of freedom, which although he feels he must retain, he can no longer consciously remember why.

From time to time he feels a wanderlust to visit different horizons, for somewhere off in the distance is the rainbow he is used to seeking. He is a mental nomad, constantly travelling through the great expanse of his consciousness, stopping only for rest at each oasis which offers temporary shelter from his restless urge.

Always he is seeking, yet it is difficult for him to define exactly what he is looking for. He finds others puzzling as he curiously tries to understand what makes them tick. Herein are some of his major karmic lessons. He must learn how to interact with people. Though he may be happily married or involved in close relationships, he still retains a sense of brotherhood in his thoughts. He must learn how to make his life fit into the exact puzzle slot allowed by all the other lives around him.

The ways in which he relates and communicates will constantly be put through one test after another. Ultimately he will find himself enmeshed in a network of people, so that all the knowledge he has acquired in previous lifetimes can be put to practical use.

In his current-life relationships, he feels frustrated with not enough room to move. This enclosure of people around him eventually comes to extinguish his past-life tendencies to be vague and evasive, and in its place teaches him the art of pinpoint communication.

He is very much concerned with the values of sexuality, feeling obliged to conquer any grip this force has on him. Now he sees clearly the presence of a higher and a lower self, and it is the pull from both which he must karmically wrestle out.

The individual is less concerned with gain than with protection against loss. He is terribly fearful of losing the freedom he was accustomed to in past incarnations; yet he must risk such loss if he is to interact with humanity. As soon as he is willing to take this risk, he is ready to receive his greatest rewards.

Ultimately he elevates himself through reading and purposeful study; and although he is more used to informal ways of learning, it will be a formal education that now puts it all together for him.

This Nodal position often causes a friction marriage, since the individual is prone to seeking out-of-wedlock relationships in which to work out the understanding of personality interactions that he must develop.

One of his biggest lessons is to learn how to consolidate his energies, for each time he feels the urgency to move on with things, he tends to leave loose ends scattered behind him.

His life is wide in scope, not only in areas of knowledge, but also in the myriad of people he meets, and the multitude of places he travels.

He will ultimately be known as a Messenger, bringing to all those who need it the specific bits of information that like manna from heaven are placed in their lap at the moment of hunger.

In essence, he is a teacher's teacher, for although he has little patience with a classroom

situation, he is well capable of feeding information wherever and whenever it's needed. He likes doing this because it fulfills his past-life need for movement. As such, he never gets a chance to see how important the information he is disseminating actually is. Nevertheless, he has an enormous effect on the awareness of all those whose lives he touches.

His own life is as interesting and full as an encyclopaedia, for he tries to live much of what he reads about.

For all of his movement, one would think him desirous of having a rest, but underneath he is highly nervous and needs this amount of movement in his life. The nervousness is not to be considered a negative trait, but rather as part of his mission. It reminds him that he has a task to do. Every moment, a piece of information comes into his mind, the nervousness gets triggered, reminding him that he must deliver it somewhere.

In past incarnations he avoided conclusions. Now he refuses to make a final judgement on anything. This is part of his understanding that if he were to make a final decision it would be premature for he knows that new information will constantly be coming.

He is superficially conversant in almost all areas. Still, on the personal plane he is highly misunderstood, for the messages he delivers are so uniquely disguised that they have a tendency to go over the heads of others who only see him as eternally gossiping about nothing.

The truth is that all of his words are important, but they must be seen to have deeper than surface value before they can be interpreted properly. He is truly the fastwinged messenger of the gods.

The sign which contains the South Node indicates the unintelligible ways in which the independent higher mind is accustomed to receiving its coded information. The sign which contains the North Node shows the ways in which the individual can now translate his knowledge into a language which society can understand and accept.

(Donna van Toen)

Conflicts: Good practical education vs. mind expansion. Familiar day-to-day contacts (siblings, neighbors, school chums) vs. new contacts (in-laws, foreigners, people whose experiences are different from yours). Liking for your environment vs. desire to explore new areas.

Possible results of sacrificing North Node: Lack of concern with education's practical application. Extensive contacts lead to loss of touch with family, old friends etc.. Adoption of a guru façade. Craving for travel causes drifting. Superficial intellectualism replaces true understanding.

Possible ways to integrate North Node: Travel, with an eye to successfully settling down somewhere. Strive to understand, and make yourself understood to siblings, close kin, etc.. Study with an eye to using your knowledge. Share your practical knowledge. Use your common sense.

In the third house, there's a hang-up about relationships. This generally stems from repressed or misdirected concentration on one area to the detriment of the other. Problems can range from fanaticism to cynicism. There's often a sense of not belonging which may lead to anything from unhealthy rivalries to bigotry to involvement in cults to extreme misanthropism. In extreme cases, there can be a turning against your own culture and absorption into a completely alien one.

North Node in the third house dreams of mental vitality and of respect in some traditional field. He or she wants to be thought of as someone worth talking to. This is a person of changing interests and philosophy who's often been strongly influenced - consciously or unconsciously - by early religious, educational, or cultural dogma. These ingrained beliefs can lead to a wasting of mental ability or less traditional but nonetheless valuable talents.

(Haydn Paul)

One of your primary impulses is toward freedom, whether physical freedom and the need to travel, or a mental freedom to explore intellectually, inquire, and satisfy curiosity. You probably feel this as a restless energy, perpetually striving for release from any restrictions and breaking free from limitations. Yet this search can lack a fixed direction or purpose, and you could find it difficult to rationalize these needs for escape and change that agitate you. Likewise, others may consider your reasons and explanations unsatisfactory. You need to understand how this impulse operates and choose to control and direct its activity, or this could damage your life-style, relationships, or employment ability.

Relationships will be a major area for self-discovery. You may lack understanding of others and have problems in interaction. Even though you experience relationships, you retain the desire for freedom; how this is expressed is very important, both for you and for others. Often, you feel relationships become limiting after a while, but, as your freedom need is often selfish, you may find that a discipline of staying within the relationship and dealing with this freedom impulse could deepen self-understanding. You react against threats to this freedom; but modifying responses may enable you to enjoy other benefits. The value of good relationships is priceless. Both partners are enabled to enjoy life and develop in their unique ways. This joy could be what you lose if you decide for freedom at any cost, because it is inevitable that your solitary experience of a selfish

freedom will not be at all pleasurable.

Your social friendliness and flexibility will create a variety of relationships; and this is a source of experience which aids you to attain greater understanding of others. Yet this - allied with your freedom needs - could also encourage you to enter affairs without much forethought or consideration. Surrendering to this impulse could complicate your life, leaving many issues unresolved and causing pain and confusion. Your future well-being could be affected by your pursuing the temptation of change without fulfilling obligations or responsibilities.

Knowledge is absorbed easily, accumulating a multitude of pieces of information from all sources, whether from formal study (likely to be of great value) or from people and places. Such information can be valuable to others; and you enjoy sharing it with those in need. You may fulfill a function of disseminating such 'information messages'. You may be attracted to becoming a teacher or educative communicator, preferably one who disseminates information rather than evaluates and interprets, due to a difficulty piecing together disparate pieces of information into a coherent whole. Decision-making or judgements may not be your strong point, as you continue to wait for more information which may influence your choices; often life circumstances will decide for you.

An essential lesson is to understand your freedom impulse. Learn how to express it positively within relationships, and your life will be enriched through greater harmony. Fail to apply it correctly through selfish expression, and your freedom will lead to greater suffering for yourself and others.

(Bruno and Louise Huber)

The first two houses are still very much involved with the 'I'. In the 3rd house, we enter the collective sphere, and our attitude to the group is important. In order to pick up the thoughts of the group (i.e. of those who are in my own thoughts), I must listen to, and understand, the language they are using. I must make my unconscious states of dependence conscious and, above all, I must be aware of any tendency to tell people what they want to hear.

Inherently, the collective sphere is always a problem in the horoscope, because it is too close to us. Our reactions to the group, whether in thought (3rd house) or feeling (4th house) are completely automatic; as, for example, when I say something on the spur of the moment which, although it flatters the other person, is not absolutely true. And, with the Node in the 3rd house, we need to guard our tongues, because speech is the means of communication there. At least we should go over what we have said and consider whether or not we were right to advocate it, and whether or not it is objectively true. Possibly we have agreed with someone simply to please them or to avoid an argument.

If we make it a rule to check what we say, we can come to terms fairly quickly with our

Node - something that is very important when there is an opposition to the Node. Naturally, we have to talk in the same way as everybody else, but we must do so with common sense and avoid exaggeration. In other words, we must use contemporary ideas and thought structures but without discrimination. Only then can we find our true niche, and avoid being pigeon-holed. The individual has to conform within reason, but the group has no right to demand submission. On the other hand, the individual is not entitled to expect submission from the group. There is a world of difference between heedlessly allowing oneself to be controlled by others, and seeing how far one can accommodate them after making up one's own mind via the 9th house. The need to do the latter is indicated by the placement of the Node in the 3rd house.

North Node in the third house or Gemini (James Braha)

If the North Node is in the third house or Gemini, the person's greatest growth, evolution, and fulfillment come through mental expression and rational analysis of objective truth. In past lifetimes, the person may have been idealistic and emotional in his thinking. Now he must use discrimination, and focus on the facts and figures in the here and now. He should follow his instincts of avoiding dogmas, creeds, religions, and higher philosophies. The person gains little from meditation, astrology, metaphysics, and any disciplines which are not verifiable through traditional science. The person suffers when he goes by faith and intuition. He does not fare well whenever he follows blindly. He must abide by his newfound skepticism, and make his way to the truth by way of logic and reasoning.

Happiness will be found in mental professions such as teaching, lecturing, debating, and writing. The person is a good salesman. He thrives on city life, and should be as active as possible. Public relations or co-ordinating -type careers are favored. During previous incarnations, the person was sentimental, philosophical, and too taken with theories, principles, doctrines, and conjectures. Now he must plant his feet firmly on the ground and embrace the notion that 'what you see is what you get'. The person should cultivate good relations with siblings and relatives. He must work on versatility and adaptability, and try to experience as much variety and 'spice of life' as possible. The person may often find himself thrust into situations that require great precision and attention to details.

The daily environment is important; long-distance travel is not. The person is welladvised to meet as many people as possible and continually expand his social life. He should avoid gambling or trying to predict the future, except through serious investigation and statistical research. The more he gains of useful information and practical knowledge, the happier he will be and the greater his growth and evolution. He must not allow his feelings and emotions to interfere when trying to understand an issue. The person should not concern himself with broad viewpoints, abstract ideas, fanciful inspirations, and spiritual realities. He must learn through personal experience, not gurus and mentors.

Many Western astrologers consider the North Node in Gemini to be exalted. This is interesting because, at first glance, the person appears cursed in the realms of religion, philosophy, and higher knowledge. How, then, is he to make his way to enlightenment and final liberation? It may be that the person is exceedingly blessed because he is making great evolutionary strides simply by living with physical reality. Perhaps he has had such unshakeable faith in previous lives that his only present necessity is to deal squarely with life as it is. The person feels no need whatsoever to inject meaning and significance into his existence through conceptual and philosophical beliefs. Certainly, the person with the North Node in Gemini or the third house has an easier time with practicalities than anyone else. He pays attention and quickly learns how things work here on planet Earth.

In ancient Hindu astrology, the North Node in the third house indicates an enormously strong will and an interesting personality. The person is courageous and adventurous. He works well with his hands, has intense cravings, and fulfills his desires easily. The South Node in the ninth house may indicate troubles with religious or spiritual leaders. Or the person may have a guru or mentor who is strange, weird, occultish, extremely introverted, or invisible in a way. The sign positions in Hindu astrology are much less significant.

(Black Moon) Lilith ♀ in ♏ Scorpio 6° 46'

([1144] elsaelsa.com)

Truth Seer

If you have Black Moon Lilith in Scorpio, the wounds you bear from your Lilith experience have made you a survivor. Through your deep insight, you've learned to protect yourself from anything the world has to throw at you.

No matter how your Lilith pain has come about (which you can determine from the house Black Moon Lilith in in), you have figured out that other humans make scarier monsters than anything a horror movie could dream up. To protect yourself, you became skilled at seeing right through people. No one can get anything past you. You can smell agendas and hidden motives from miles away. The idea that someone could successfully lie to you is laughable. And because of this remarkable insight, you have also become a de

facto therapist for the people in your life. For the people you are closest to, you don't really mind, but for people a little bit further from your normal orbit, it's somewhere between puzzling and enraging. Why on earth are they willing to disclose all this information? And do they not understand how much of a drain that is on other people?

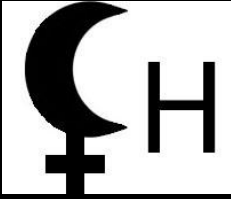

At times like these, you're likely to shut down or cut the person off altogether. Others may find it cruel, but for you, it's simple self-preservation. And part of you also quietly believes that cutting those people off is for their own good. You know from experience how dangerous it can be to lay all your cards on the table. You've been burned and betrayed more times than you care to recall. You've given too much and loved too hard and learned painful lessons from it. Giving everything you have is a recipe for total annihilation. So you share only what is necessary and preserve the rest for when times get tough.

And times always do seem to get tough. One of the great tragedies of this placement is just how much of the world you've seen. You know exactly how dark, cruel, frightening, disgusting, craven, exploitative, and awful life can be. You are very familiar with the depths to which humans can sink. I would say that this knowledge has crushed you, and indeed it has. It has crushed you over and over again, so many times that you thought you'd never get back up. But you did, you do, and you always will. That is your superpower.

But it doesn't have to be this dark. To soothe the pain, work to bring in influences from Taurus, Scorpio's opposite sign. Taurus, above all, is concerned with the sweet abundance underpinning all life. It's not that Taurus doesn't understand darkness. It's just that the darkness doesn't have to be central. Even though the world is filled with suffering, flowers continue to bloom. Even if a loved one proves treacherous, there are plenty who aren't. Tomorrow we may die, but tonight we can eat, drink, and be merry.

Black Moon Lilith in Scorpio is an exceedingly complex placement with so much to explore, but let me end with this: Your ability to see people for who they are and understand them deeply is a gift to the world. I know it can bring you pain, but it can also help you create a community of those who are truly deserving of your trust. You have the power to turn your pain into your greatest strength. Just remember to enjoy a little sweetness along the way.

(Black Moon) Lilith ♄ in ♋ 5th House

([1153] elsaelsa.com)

Dark Creation

If you have Lilith in the 5th house of your chart, her themes will manifest in terms of sexuality, pleasure, creativity, and children. It may seem as if life's pleasures are always either denied or warped.

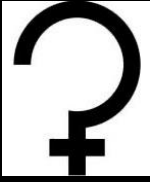

With this placement, you probably grew up quickly. You were denied the chance to have a real, innocent, free childhood. Because of this, many people with Lilith in the 5th choose not to become parents for fear of not being able to protect their own children from the darkness of the world. They also often fear that their own darkness and pain will be inflicted upon their children. If you have Lilith here, you know what I mean. If you do have children, you will be hyperaware of their experience and be fiercely protective, making sure they have the innocence you were denied.

The 5th house rules sexuality, and here we often find a very literal interpretation of Lilith's myth. She attempted to stand up for her right to equality, to pleasure, and to having sex in a way that pleased her too, and she was instead dismissed, coerced, and wounded. With Lilith here, you have certainly experienced wounds in terms of sex and pleasure, and you responded either with a total rejection of sexuality or with promiscuity. Either way, the goal is to take back control and confront sexuality on your own terms.

The 5th house is more than sex and children. It is creation, period. It is concerned with artistic expression and bringing forth something new into the world. With Lilith here, your creativity has been met with disdain or cynicism. It always seems to fail to meet some outside expectation, and is instead relegated to the margins.

This is just a sample of the ways that Lilith could manifest in the 5th house. But there are a few pieces of advice I think apply across the board. First, pleasure is not frivolous. It is our birthright and we should be empowered to seek it on our terms and for our own benefit. And finally, we don't create and express ourselves in order to please others. We create because we must. It is part of what it means to be human. So shine on.

Thus, sometimes they think that they are always in the background and that they can't show what makes them unique.

It is not rare that individuals with this placement feel ignored, unnoticed, and underappreciated. Sometimes, they are indeed highly disliked, or people find them ordinary, average, and insignificant. That hurt Leo Chiron persons deeply, and it shatters their self-esteem.

The truth is, these individuals most often crave validation, appraisals, and being in the center of attention. Leo Chiron people love drama because it appeals to their intense and curious personality. That triggers them to chase the thrills and highs, but nothing brings as much satisfaction as endorsement and approvals.

They have a zest for stories of success, climactic romance, and documentaries about famous people. It gives them an incentive to open up to the world and show their talent because Leo Chiron people always seek confirmation from others in some form.

Even though persons with Chiron in Leo are usually gifted or talented, they have many self-doubts that prevent them from nurturing those abilities. Hence, they can struggle with feeling uncreative, mediocre, or unimaginative. One of their biggest fears is being an average Joe or Jane and not leaving their legacy to the world.

Perhaps their fears come from early childhood. If parents didn't acknowledge their flair when they were kids, they might feel no one else will because they don't have anything special inside. They likely experienced bullying for their artistic expression as kids, or their peers always got more recognition and praise. However, that initiated self-doubts that grew over time.

Because of that, Leo Chiron doesn't believe in their talents, or they fear they're not remarkable enough. Even if they find the strength to share their abilities, they don't believe in their talent. They torture themselves and wonder whether they're copycats, cliché, over-the-top, repetitive, or dull.

Due to their fear, they avoid pursuing their dreams or joining groups, institutions, and communities that could nurture their talents. Leo Chiron individuals believe they don't deserve to be among talented people due to their lack of talent.

It is why people with Chiron in Leo tend to hide their capabilities and why they deter from showing the results of their passionate work. They are also likely to pretend that they don't care about the opinions of other people.

Although it eats them up inside, they will act indifferent and ignore if someone insults or provokes them. Leo Chiron men are so used to the idea of being unworthy that when others compliment them, they usually don't believe them.

Men with Chiron in Leo often bury their dreams and aspirations because they doubt they can achieve them.

Sometimes they secretly dedicate themselves to their talents because they fear others would ridicule their attempts to express themselves. It is wrong to assume they don't

want others to recognize and applaud their abilities. It's quite the opposite.

Leo Chiron men don't want to be too obvious. They prefer when other people convince them that they're talented and to keep it going. These males believe that if they follow what other people told them, it won't be their fault if they don't like them.

However, Leo Chiron males can also be theatrical and invest all their energy into becoming famous. The problem is that they shouldn't share their abilities to get approvals. They should do it because they genuinely have the urge to express their talents to the world. It is how Leo Chiron men will accept themselves and relinquish negative childhood memories.

Summary

People with Chiron in Leo believe that life is there to enjoy it, but they usually constrain themselves from doing it. The reason is that someone discouraged them from expressing their talents. However, that's what they need to enjoy life genuinely.

If they had parents who belittled them or didn't acknowledge their abilities, Leo Chiron people probably grew up thinking that they are not unique enough.

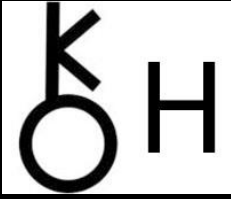

On the other side, their peers, professors, or mentors likely ridiculed or compared them with other kids. Consequently, these people believe that they are either not talented or that others are more gifted than them.

Hence, they have issues with expressing themselves, and they hide their abilities from the world. Chiron ☾ in II 2nd House

([1261] astromajesty.com)

People born with Chiron in the 2nd house likely struggle with feeling secure concerning their material resources and possessions.

However, no matter how much they have, they tend to think they don't have enough. Their wound probably started growing in their childhood. When these natives were kids, they believed their parents don't provide for them, or other children have better living conditions.

Their caregivers likely had to work a lot to answer the elementary needs. Or, perhaps, they preferred a modest lifestyle.

Nevertheless, this wound is not necessarily material. It depends on the sign Chiron in the 2nd house settles. If Chiron is in Cancer, it could be that these natives didn't have their emotional needs met due to emotionally detached or aloof parents.

On the other side, if in Virgo, perhaps they struggled with health issues due to poor living conditions.

Whatever the sign and scenario, this placement will reflect security matters. These natives might struggle with spirituality, inheritance, physical safety, etc.

Moreover, people with Chiron in the 2nd house could feel that their parents didn't provide them with enough guidance, security, or protection. Because of that, they couldn't fully develop their sense of self-sufficiency as they lack inner safety and stability.

Moreover, due to not having enough security in some areas of life, these natives struggle with their self-worth. They typically think they are not as good, well-off, smart, loved, or beautiful as others. Their issues originate from a lack of confidence, self-love, or self-resilience.

People with Chiron in the 2nd house don't believe that who they are as persons is enough, and they will often compensate it with material possessions. Besides, they tend to dislike their physical appearance, whether body or face.

Feeling unworthy

These natives don't think they are worthy, which disrupts their lives and system of values. The sign where Chiron lies will determine what they will see as an indicator of

worth. If in Taurus, those will be finances.

But if in Aquarius, it would be how many friends they have. However, they find motivation, security, and consolation in external things. Hence, if these natives have a lot of it, they would consider themselves as being enough.

Perhaps people with Chiron in the 2nd house had parents who praised material resources, popularity, or physical appearance. If that is the case, it could explain why these natives do the same and why they don't see themselves as enough.

Another possible scenario is that others belittled these natives during their formative years.

As a result, they cemented a belief that they are unworthy, unlovable, or insufficient. Another possibility is that they didn't get enough affection, attention, or kindness from a caregiver or other significant persons in their lives.

However, it might be that they lived in a family of hoarders whose disorder never let them think they have enough. Or, perhaps people with Chiron in the 2nd house had selfish parents who only cared about themselves instead of what their children need.

If those with Chiron in the 2nd house had caregivers whose love was conditional, they probably had to help in the housework or prove their worth for receiving affection and care. The problem is, regardless of how much money they might accumulate, these individuals will likely still struggle with feeling secure.

Nevertheless, Chiron in the 2nd house is also an indicator of eating disorders. If this placement settles in Virgo, it is almost definite that these natives will struggle with overeating or depriving themselves of food. It is how they try to fill the emptiness or take back control over their bodies and sense of security.

Moreover, eating disorders implies that these natives use them as a mechanism to have something only for themselves.

Distorted self-perception

These natives struggle with overwhelmingly low self-esteem. People with Chiron in the 2nd house have a distorted perception of their own value, which often dictates their choices and preferences. They typically expect that other people will convince them they are worthy and beautiful. These individuals are unable to find love within and see themselves objectively.

With time, people born with Chiron in the 2nd house realize they are not happy despite how much resources they accumulate. It is when they start to wonder why it is so and what the real issue is.

The first step is usually to admit they have an inner void they try to fill with unhealthy mechanisms. Whether it is having an abundance of money or friends, it is not the solution.

Instead, it is a symptom of a much deeper problem. The next step is typically to realize that they struggle with self-love, self-worth, and self-sufficiency.

There is an opportunity for self-acceptance. People with Chiron in the 2nd house could help others heal their self-worth issues by guiding them and showing the core issue. Besides the power of helping themselves, these natives can encourage other people to embrace self-love.

Moreover, they can learn to love themselves by teaching others that good relationships start with accepting oneself.

Healing potential

If they overcome their trauma and fill the void with self-love, they can show other people what it takes to free themselves from dependence on external things.

By learning that no one else can accept them until they do it themselves, they can share their experience and guide others on their journey.

The lesson these individuals should learn is that possessions don't guarantee happiness, security, and value. It is why they have to confront their childhood trauma. They can discover what caused it and how to deal with it healthily.

That could result in embracing the philosophy that there is more beyond the material world. Something more than what we can see and touch.

Vertex Vx in V 5th House

([1274] astrotarot.net)

The fifth house is ruled by dramatic Leo. In other words, it governs self-expression, drama, creativity, color, attention, romance, fun and play. There is a constant interaction with the environment, which is expected in achieving all happiness. The love of our life is very likely to be found in ludic environments (concerts, parties, board game events, etc.) This is the house related to creativity, joy, pleasure, and children. Think about your natural creativity and sense of freedom; the kind you had as a child. That often manifests in this area of the chart. Remember, Vertex in houses can offer clues to where we may

experience turning points and meetings with destiny.

- The energy that Vertex in 5th House brings; a 5th house vertex is called "The Lover", That is because Leo rules this house. You are very creative by nature. Also you have great artistic ability. Romance and love are very important to you. You fall in and out of love, looking for that special person. A weakness here is that you become neglectful of all else in your life except for their ideal of love. A 5th house vertex will yield an 11th house anti-vertex. This indicates that you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

Part of Fortune ☒ in ♓ Pisces 8° 23'

([1286] astrolibrary.org)

You are able to flow with an invisible reality that manifests itself as a tangible and physical reality. You are attuned to the cosmic forces. You experience the unity of all things. You can adapt to any vibration or need, transcending time and space and even thought.

You know that people plan and program things, losing the idea of the totality and spontaneous flow of the Universe. That is why you do not like to make promises, because you know that it is not in your power to fulfill them.

Virgo is the sign opposite to your Part of Fortune in Pisces. To gain your fulfillment, you must not identify with the emotions of the conscious and defined world that you see through Virgo. Simply look for mental purity. Keep your thought in the present, attentive to the conscious world where you have to live, but leaving space for an unlimited imagination, for a complete freedom and inner peace.

You know the unknown and therefore have a magnetic quality and a lot of intuition. You understand the essence of reality and everything that belongs to the world of God and of humankind. You maintain faith in humankind and in the whole Universe, which helps you to move forward and accept hard tests and much suffering.

Through Virgo, the sign opposite your Part of Fortune, you will observe the perfection that exists. But, you must let life take its course and flow silently through experiences. You must avoid manipulating and programming your life, which would restrict your

unlimited vision and your inner freedom.

You are familiar with the world of words and ideas. You know that their limitations are only an appearance. Your creative imagination is based on an understanding of love and truth, not fantasy or unrealistic illusion.

You will find your greatest fulfillment and happiness being in tune with the higher levels of consciousness. The ability to tune into these levels comes from purifying, ordering, and directing your thoughts.

Because of your compassionate desire to help create a more beautiful and spiritual world for humankind, anything you can imagine will become your reality and your happiness.

You have contact with your inner being and with possibilities not yet developed in human beings. This helps you to develop a less materialistic and much more spiritual perspective. Your fulfillment and happiness come from knowing that this can be developed by all human beings and that it will put them in touch with the divine essence of their own nature.

Part of Fortune ☒ in IX 9th House

([1295] astrolibrary.org)

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this,

then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

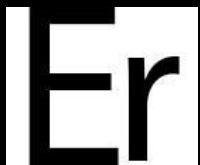

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind. So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

([64] astromatrix.org;) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

2) ► **Ascendant** ASC **Parallel** ♆ **Neptune** - (1°20') ☿1 | ♆3

([86] astromatrix.org;) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

You have more compassion and sympathy, especially for people who are oppressed. It can be good to work in a social area where you can help and assist people in need.

3) ► **Midheaven MC Parallel ♅ Pluto** - (0°41') 009 | 137

([94] astromatrix.org;) The Shape Shifter

During your life, you will go through many changes, but you will always have the desire to make an impact upon the world and to be regarded as a person of significance. The danger you must face is that you may want to go too far too fast and thereby alienate the people who have authority over you.

While you are young, this will mean mostly parents and teachers, but you might occasionally encounter police or government officials. You are likely to have a very intense relationship with one of your parents, and it is important that this be a good relationship as well. Unless it is constructive, guilt and other forms of emotional bondage may arise from it. You must be able to talk to that parent openly and honestly, and he or she must be able to let go as you become more mature.

Unfortunately, this placement often indicates that one of your parents tries to arrest your development at some point through being over possessive and domineering. Sometimes the method is very subtle, using self-sacrifice and guilt, instead of more open power tactics. But a positive and creative parent relationship will give you self-confidence and the desire to achieve something of great significance in your life.

One thought that you must always keep before you, however, is the necessity of doing everything openly and honestly. Otherwise, at some point in your life, all the negative consequences of your actions will be exposed, thus tearing down whatever good you have done. Nixon is an example of this type of person.

4) ► **Descendant DC Parallel ♁ Lilith** - (0°19') 137 | 115

([112] astrotarot.net;) Typical features that this opposition brings: you are very passionate and have dark desires but you often keep them suppressed from other people. You may crave forbidden love. Or, you may become obsessively attracted to edgy and highly sexually charged love relationships. You desire intimacy but you often push others away or become very tense when the relationship becomes too intimate.

These Natal Lilith – Ascendant aspects are the most difficult to handle as this indicates major self-esteem issues. You may feel very rejected for how you express yourself or just feel rejected for how you are in general. You often have self-esteem issues but also a very strong sex appeal. People are often cruel to you without provocation or you will attract intense and uncomfortable attention from others. With this Natal Lilith – Ascendant aspect there is a tendency for obsessive relationships. What to do to make Lilith work in your favor – Firstly, embracing all aspects of your sexuality, power, and inner desires may help you moderate this powerful energy. Secondly, try to be yourself in the way you communicate. Thirdly, working on self-acceptance is the key to empowerment. Connecting to nature is a primary tool for you. So, you need to get out and sit on rocks, hug trees, and have summits other forms of wildlife. Much information that will help you stay conscious of having and being in a body is available through such activities.

([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

([188] astromatrix.org;) Fighting To Win

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

This position can have two quite different effects. On one hand, you may be subject to

compulsive desires, wanting to do things without any special reason except willfulness. Such actions are usually rash and sudden and may be caused by an inner emotional upheaval. Sometimes this happens because you have had such a stormy and turbulent home life as a young child that all your resentment comes out in sudden aggressive energies. To counter this, your parents should provide you with a reasonably stable and supportive home life, where you can feel that you are accepted for yourself.

On the other hand, if you feel confident that your family loves and accepts you, you will experience the energies of this aspect quite differently. You will determine the course of your life very directly, according to your own inner needs and impulses. You will be conscious of these needs, so that you can gratify them in a controlled way instead of being at the mercy of your inner drives.

In general, you will succeed by creating a satisfying inner life more than by achieving in ways that the outer world can easily recognize. You may or may not be successful in your career, but that will not be as important to you as inner satisfaction.

While you are young, your parents should understand this and help you discover your own needs rather than make you conform to other people's expectations.

([14] astrotarot.net:) Typical features that this opposition brings – In contrast to the Sun – Part of Fortune conjunction people, the opposition personality is prone to lack of focus and indecision. You have a distinct Libra energy. You are always aware of the opposing point of view, the other side of the coin. Your inner struggle is most obvious in your vitality. The Sun and the Part of Fortune strongly influence the vitality. So, you have many ups and downs. Your energy fluctuates more than most people. And it is a reflection of what is going on inside. The messages you received in your early lives were conflicting and even opposite. Some of you viewed your parents as two different and separate individuals. Two people who wanted something very different from their child. In other words, it is hard for you to find happiness within yourself. You tend to look outside of yourself for fulfillment. Also, you are prone to form serious relationships at an early age. That is because of this tendency to try to find an answer to happiness from an “other”. You appear to be very self-aware. Also, you are excellent psychologists and are able to read character.

- Positive trades: You are objective, practical, loving, hardworking, persistent, cheerful, kind, fierce, level-headed. Also you show a great sense of community. You are tradition-conscious. Have love for other people and very sociable.

- Negative trades: You can most certainly frustrate the people who are close to you. That is because of your indecisiveness and frequent changes of mind. You tend to be materialistic, headstrong, sluggish, dogmatic, addicted, excessive, too comfortable, you have a fear change and can be very stubborn. With this Sun aspects, wants and needs are not very balanced.

10) ► **Moon** ☾ **Contra-Parallel** ♄ **Saturn** - (1°17') ♃11 | ♃11

([156] astromatrix.org:) The Oppressor

It is probable that the restrictions and limitations which you encounter are mainly derived from other people or environmental pressures, and that relationship difficulties will occur.

Childhood experiences and parental or social conditioning will have greatly affected you; and your attitudes and worldview are likely to have been molded by duty, obligation, and responsibility. You see their requirements as necessary for the socially mature individual, but instead of gradually developing as a result of real maturation, these have been imposed on you, probably during childhood before you were able to properly integrate them. Parental pressure or environmental circumstances may have forced you to 'act grown up' before you were ready, having to conform to these demands.

You may have reacted against the discipline of restraining attitudes and imposed rigid behavior and may have seen your parents as lacking love or understanding for you. Life presents a vista of duty and obligation; it is viewed as a serious affair in which 'doing the right thing' becomes important, even if this means ignoring your feelings, instincts, and emotions... or so it seems to you. One result could have been a controlling of childhood feelings, exuberance, and enthusiasm, of not being allowed time for childish play and 'silliness', acting out imaginative fantasies, or refusing to conform.

By adult life, this may have consequences of moodiness, bleak depressions, and negativity. You may display emotional inflexibility, endure phases of stagnation, and have fears of people, experiences, and situations. If this occurs, it is symptomatic of unconscious emotional repression, which now influences your everyday consciousness and reality through interference.

Sensing this repression, others may avoid closeness with you, as they sense that your social stiffness inhibits relationships; as your vibration is that of a loner, they may feel uncomfortable. Negative attitudes can become restrictive and limiting; opportunities can be lost through refusing to take chances, or relationships denied through social unease or fear of emotional intimacy. If you can redirect your attitudes in a more positive and constructive direction, things will open up; making such a shift is likely to prove difficult, yet, if achieved, will be highly rewarding.

Clarifying your life direction is important, enabling energies to be targeted at achieving specific personal aims. While the 'duty and obligation' program dominates you, there can be antagonism toward authority figures such as employers or managers, especially if they provoke your feelings or wound your sensitivity. If you chose not to become self-employed, then work related to medicine, research, social welfare, community service, law, or government may attract.

Relationships can prove problematic. You find difficulty letting down your emotional drawbridge to others, and struggle to express feelings. Sometimes embryonic relationships are destroyed by your allowing previous relationship experiences to interfere, by prejudging people according to past disillusionments. Emotions are protected; and this can prevent intimacy from developing.

Older partners may attract, as may those who display a maturity which you believe you lack. Be careful of becoming dependent on others. It may be inevitable that you fall in love with someone who displays affection but not love for you. This leaves you emotionally vulnerable; and powerful but painful feelings are encountered. Such experiences could prove uncomfortable and traumatic, yet releasing emotions is the healthiest action. If a relationship develops, then you may become less defensive, and your hidden potential may unfold with a loving partner.

Children may help to open you, providing a relationship into which you can pour love, helping you to feel at ease with displaying feelings in a less threatening context. You may find that family obligations create limitations, due to financial constraints and parenting responsibilities. A balanced approach to fulfilling responsibilities in a more relaxed, emotionally responsive manner is required; and much depends on transforming attitudes and feelings. If this is achieved, limitations will progressively dissolve as emotional stress is released, and a new feeling of liberation grows.

With emotional freedom comes the dismantling of those inner barriers which have prohibited creativity and imagination; and taking these steps may reveal previously unexplored and unrecognized talents and abilities.

11) ► **Moon ☾ Contra-Parallel ♄ Chiron** - (0°50') ♃11 | ♎2

([118] astrotarot.net.) Typical features that this opposition brings: this aspect generates hypersensitivity at best. It can also bring on flu-like symptoms, and a feeling that you can't quite face the world. You tend to have very difficult early childhood. The neurological system is quite activated. That is why, you have electrical healing skills and often neurological difficulties. Above all, you possess great power and potential. If you learn to balance the emotions you are capable of remarkable achievements. Your feelings and charisma are so intense that people flock to hear you speak. You are generally protective and want to nurture others. But sometimes you identify more with Chiron, remembering your painful relationships and reflecting on the past. If you work through your emotional wounds, this Natal Moon- Chiron aspects can be very good for counseling. In other words, you can be a psychologist, and can be very helpful for people close to you. You understand people well. Also, you often wonder if you are good enough. You want to protect your children from the emotional pain. That is because you were hurt as a child. In other words, you are prone to overprotecting them, what can feel stifling to your kids. There can be a tendency to pour your feelings out, and then feel guilty or awkward about doing so. And then you proceed to cover it up and avoid the issue.

- Positive trades: Above all, you possess great power and potential. If you learn to balance the emotions you are capable of remarkable achievements.

- Negative trades: Moon opposite Chiron is a touchy aspect that can arouse old wounds and leave you feeling weak and vulnerable. In the terms of traditional psychology, they have "boundary problems." This is a very hard position to live with.

12) ► **Mercury ☿ Parallel ♀ Venus** - (0°09') ♀09 | ♃11

([28] arionastrology.com.) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the

promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

13) ► **Mercury ☿ Contra-Parallel ♅ Pluto** - (1°13') 009 | 137

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's

relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

14) ► **Mercury** ☿ **Parallel** ♋ **Vesta** - (1°20') 009 | 115

([611] 12andus.com:) You are highly attuned to your spiritual mission. From an early age, you may feel a zealous connection to your sacred path.

You are easily inspired to share messages you feel are divinely inspired. You may write, speak or teach subjects that are focused on service to others.

You can become enthusiastic about your mission and everything about your mindset is dedicated to service and spreading knowledge about connection to a spiritual mission.

You easily find hope even in difficult situations and you believe it is your duty to help spread hope to others. You may be committed to educating others even at the sacrifice of subjects or lessons that were important to you.

You don't mind making this sacrifice, you are eager to do so.

16) ► **Venus ♀ Contra-Parallel ♅ Pluto** - (1°22') ♈11 | ♏7

([178] astromatrix.org;) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part - followed by an attempt at justification in the vein of 'I couldn't help myself...'.

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

You may have been burdened with responsibility or had to always work so hard feeling as if you never got what you deserved. 19) ► **Mars** ♂ **Contra-Parallel** ♀ **Neptune** - (0°45') ☿6 | ♆3

([185] astromatrix.org;) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

([149] astromatrix.org.) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in you 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

([213] astromatrix.org;) Get What You Want

The opposition between Pluto and your Ascendant shows that you will undergo some problems through your relationships. There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

([211] astromatrix.org;) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

([155] astromatrix.org;) Unexploited Potential

One difficulty for your self-esteem and ability to exploit potential is unease caused by diminished self-confidence. Energy can seep away through self-doubt and a tendency toward unproductive questioning which reduces achievement.

Emotionally, you feel unable to evaluate your abilities or creative efforts; they are too close to you, determining your state of well-being. You protect vulnerable emotions and sensitivity and may eventually realize that most of your pain in life comes from relationships. This can include friction with parents (either during childhood or in later life), unsuccessful love affairs and romances, being taken advantage of by unscrupulous colleagues or friends, or disputes in your family home, such as with children.

You prefer to think well of everybody, giving them the benefit of any doubt and relying on mutual trust; unfortunately, deception is common. Your evaluation of character can often be misguided or lacking in perception. You may discover a suitable channel for your social concerns by working for people's welfare; a sense of civic responsibility is well-developed, and you may see community activity as the moral duty of a responsible citizen. Certainly, working for social betterment will fulfill you in many ways, and provide reassurance for your self-esteem.

You may need to reduce restless feelings that disturb your inner state and relationships with others. Whenever you feel this dissatisfaction, discovering new areas of interest and activity can productively redirect your energies.

29) ► **Moon** ☾ **Opposition** * **Juno** - (2°35' A) ♀11 | ♀5

You may also feel like it is your responsibility to tend to the emotional needs of people who are themselves emotionally unavailable to you. When you have greater confidence in yourself and your intuition, you'll learn the difference between being loyal to those who have a strong emotional connection to you and giving your love and affection to those who haven't truly earned it.

You can bring your strong, nurturing and intuitive instincts into balance with your desire to be devoted to someone and settle down in a romantic relationship that leads to family but first you may need to be clear about the signals you're getting.

Yet at the same time, your emotions may pull you in a very different direction. You may have difficulty feeling nurtured by your divine mission. You may also have to work to overcome insecurities and follow your intuition so that you will feel the divine spark of inspiration and follow your higher calling.

You may give up on the desire to have a family of your own so that you can serve as a spiritual mother or father to others. You may also have a home that is unusual in some way and dedicated to your spiritual quest rather than being yours alone.

31) ► **Moon** ☾ **Opposition** Sp **Spirit** - (1°18' S) ♃11 | ♎5

32) ► **Mercury** ☿ **Opposition** ♅ **Neptune** - (8°59' A) ♀09 | ♏3

([168] astromatrix.org;) The Daydreamer

Similar to the square aspect, there are indications of an inability to distinguish clearly between the real and the unreal, and of a blockage of the creative and imaginative faculty. The key to resolving these issues appears to lie in your relationships with others, and especially in those projections from your own psyche that you are overlaying onto the world and thus distorting your own perception and insight. It is often your own sensitivity and impressionability to environmental influences that causes inner insecurity and fears of over-stretching yourself.

There may be an unconscious telepathic ability which transmits to you others' thoughts and motivations, and this can lead to confusion in your relationships, such as at times when they may be saying one thing and you are 'receiving' an entirely contradictory set of impressions on a more subtle level, which you register as a feeling of unease, disquiet and a lack of trust in them. In that context, you find it hard to believe the evidence of your own senses, and this has a direct impact on how you communicate to others.

When reality becomes confused and distorted, some respond by imagining conspiracies and enter a paranoid state, and this is a reaction to such intangible senses being operated and distorted by an unintegrated Neptunian imagination. You are often socially 'touchy', strongly reacting against real or imagined social slights, and this acts as a weak spot in your personality, especially as you lack a strengthening inner confidence.

Competition is not your style, although that does not make you immune to the influences of other competitive spirits in your environment, such as those at work who can easily ride roughshod over you in their scramble to reach the top. Sometimes you act as a victim, drawing out such tendencies from others, and then begin to bemoan your fate as they succeed and leave you only with disappointments.

Linking your rising star to working closely in employment dog fights may not be advisable. Your own gifts may flower more effectively once you have withdrawn from the

employment rat race. Perhaps exploiting latent creative talents may be the key or entering some form of employment where co-operation is the underlying dynamic may offer you more satisfaction; but as human nature intrudes even there, the only answer may be a detached and sensible self-employment.

Cleansing yourself of deceptive influences is essential, not just those outer influences affecting you, but also that pattern of creating them in your own perception and evaluation. Unrealistic daydreams which are unachievable or never manifested are symptomatic of deception. For example, you create imaginatively high aspirations which because of their 'perfect nature' soar beyond everyone's grasp yet glitter in their pristine purity. Ultimately there is no real value in self-deception. It is a waste of valuable time and never leads to satisfaction. Perhaps it helps to avoid facing an empty, aching inner void, but that can more profitably be filled by something real, achievable and personally meaningful. Effort is needed.

Anyone can dream, millions do, but trying to achieve those dreams at least offers a direction to focus along. False naivety needs to be dropped, as do the fictitious aspects of your life and your approach to self-evaluation. A more straightforward type of communication, inner and outer, will reap benefits and break the stranglehold of illusory deceptions, leading to a greater understanding of your own and others' natures, so that in your own life you move from illusion to reality and increase the quantity of light in the world. Personal 'redemption' is always positive within a larger social context.

35) ► **Venus** ♀ **Opposition** Sp **Spirit** - (8°12' S) ♃11 | ♎5

36) ► **Mars** ♂ **Opposition** ♄ **Uranus** - (5°54' A) ♃6 | ♅1

([184] astromatrix.org:) The Opposer

The energies generated by the opposition aspect are often projected out into the external world; and this will be true in respect of the powerful energy released by this Mars-Uranus aspect.

If this is expressed through a more integrated consciousness, which is sure of the direction to travel, then its impact can be considerable. If it is manifesting through a less integrated personality, then it can create real problems in life. Again, the revolutionary tendency is very strong, and you will have a natural antipathy towards traditions and static patterns of acceptable social lifestyles.

Your attitude will be anti-authoritarian, and you will be iconoclastic in your questioning of the status quo, and critical of those who are in positions of social responsibility and power. Hypocrisy from leaders especially upsets you, and you can be scathing in denouncing it. In fact, you probably have developed a fairly demanding set of personal principles and ideals from which you perceive the world. You tend to expect less from 'ordinary people', acknowledging their frailties; but you expect the highest standards from social leaders.

Concepts of social justice, equality and change attract you, and this can draw you into relationships with revolutionary or reactionary political groups. Depending upon the overall bias of the chart, your radicalism could be directed towards a re-creation of past patterns or a new creation to suit future needs and realities. Generally, though, with the Uranian impulse it will be future-orientated, and this will lead you to more altruistic liberal

and humanitarian groups.

Your personality can be very assertive, even aggressive and combative. You have an image of yourself 'at war' with whatever you disagree with, whether this is just a war that you fight in your own head, or it is one that you externalize by opposing social establishments that you dislike. There is a stimulation for you in conflict; and whilst it may not always be openly displayed, you enjoy competition and intend to win and dominate. This is reminiscent of the Scorpio characteristics, which are reflected through this aspect, with the Mars-Scorpio link and Uranus exalted in Scorpio.

The quality of assertiveness could be extrovertedly expressed, stridently and powerfully, or quietly through the power of a strong personal presence. You enjoy arguments and discussions; here the stimulation of ideas, beliefs and attitudes can be enriching. Often you play devil's advocate on ideas, just to enjoy the sparks that can fly; but if it is on a subject close to your heart, then a more passionate, committed side of you emerges, one that is determined to 'win' the argument.

You oppose in principle any restrictions to individual freedoms, although in practice and with serious consideration, you do tend to impose 'limits' for valid social reasons. Your main thrust is towards a broadening of personal freedoms, and the creation of more variety and scope for potential experience and opportunity in life. If discipline is imposed upon you, and you feel that you are imprisoned in a stultifying routine, then you will rise to oppose it; however, for your own purposes you can be highly motivated and self-disciplined.

Freedom is extremely important to you and is the key to developing your own uniqueness. You feel that you have to get your own way, and this can cause problems if you are too selfish about this demand. If denied, you feel emotionally frustrated, and this becomes a form of pent-up physical tension, which in extreme cases could result in violence.

Tendencies to be arrogant, authoritarian and too self-willed can cause friction in social and intimate relationships. If your lifestyle becomes inhibiting, then this can also create explosions of sudden temper and excessive arguing to release inner pressures. Whilst you see yourself as an outsider, a loner following a personal path, there is an underlying lack of self-confidence, which Scorpio-like is hidden beneath the mask. You insist on finding and making your own way in life, pursuing one's 'dharma' (own truth), and will be like the traditional stubborn mule if anyone else tries to lead you against your will. You learn from life's hard experiences, and indeed, you tend to accept and welcome such intensity and challenges.

Often, you will be tempted to throw off the binding shackles of the past, slough off the old skin like a snake, and burn those bridges to leave yourself free to travel forward into the bright future. You seem as though you know what you are doing, and appear to be

optimistic, but this is the glow of a belief in your own ability to succeed, to cross those challenging abysses. You may need to unify your will and clarify your desires so that they work more in harmony. Potentially, this aspect if rightly applied through a reabsorbing of any negative projections back into yourself for transformation, can offer a 'magical' ability to succeed in your aims. The 'enemy' is not just 'out'.

37) ► **Saturn ♄ Opposition ♀ Lilith** - (4°15' A) ♄11 | ♀5

([637] astromatrix.org:) Fear of Rejection

Opportunities: 1. Embracing childlike wonder 2. Being more practical

Challenges: 1. Overcoming fears of rejection 2. Letting go of tradition

Saturn opposition Black Moon Lilith in the natal chart describes your multi-faceted personality, one side of which is incredibly passionate to realize success but the other side fears rejection or criticism. The fear of rejection or failure triggers your angst, and it also sabotages your peace. You prefer to isolate yourself to avoid facing challenges. Instead of limiting yourself, if you learn to be productive, efficient and mechanical to counter the hardships, it will help you successfully get through difficult times.

Instead of falling prey to your anger, try to stay calm, disciplined and practical. Do not feel threatened by others. Because when you think others are challenging your authority, it triggers you and brings your weak and angry side in focus. Your simmering rage and poor self-control can deprive you of your calculated and determined approach.

Your success can be the best revenge to make others realize your worth and talents in business and financial matters and the matters of love and friendship. You might feel odd and distanced from the traditions and perceive them as hurdles in manifesting your ambitions. You might also feel restricted in your opinions while dealing with the challenges regarding your inner nature and the desires of your heart.

But if you train your raw and edgy nature, it will help you make your name in everything you decide to do.

80) ► **Sun** ☉ **Trine** ♀ **Saturn** - (3°25' S) ♃7 | ♀11

([304] astromatrix.org;) The Architect

The trine helps to reconcile these two planetary energies more successfully, and there is less evidence of any underlying Saturnian tendency to restrict and limit. The positive qualities and abilities of Sun-Saturn contacts are present; responsibility, self-discipline, practicality, patience, organization, reliability, concentration, determination, persistence and honesty. These can all be used to further your ambitions, although you may need to be wary of innate Saturn tendencies towards caution which may prevent you taking advantage of all opportunities.

Determining your solar purpose and tapping into that power will be most important in applying these energies and qualities and gaining insight into your life direction may be a necessary first step to achieve before this trine can be used positively. As you can move through life smoothly without facing obstructive challenges, you may not always feel the need to draw upon your full potential.

You are attracted towards having a 'comfortable life', and with your self-confidence and creativity expect that this will naturally come to pass. You should be able to use personal qualities and resources effectively, especially to produce an intended practical result, and you probably have a sense of appropriate timing which ensures that your actions are successful. This can be used in a variety of employments and careers, especially management, law, politics, conservation, financial services and organizational posts.

You will enjoy assuming any positions of responsibility, but you may experience inner resistances in any environment that is undergoing rapid change due to social or

technological progress, as this can clash with your innate conservatism and preference for the familiar. Your lifestyle is likely to reflect mainstream social attitudes, and you will try to develop it in a moderate and balanced manner, looking to create solid foundations and financial security. You prefer life to feel stable and almost predictable and will take each step onwards with a patient attitude, usually rejecting any chances that may lead to speedier progress, yet which also may lead to failure.

A personal philosophy and value system will be established, and once you feel comfortable with your unique worldview you may evade situations which offer valid alternatives to your chosen perspective. In this context, the Saturnian rigidity may act as a limitation, but as your conformity is grounded within established social values, this should not work against you in achieving your ambitions.

Choosing a right partner is important, as he / she needs to be similar in nature to yourself, either wholeheartedly supporting your aims, or alternatively pursuing his / her own ambitions. Career and social involvement are the probable sphere of mutual endeavor, and personal honesty and integrity are qualities that are expected, as is stability and responsibility in your partnership.

Balance and moderation are two keynotes that will apply across your whole nature and lifestyle, and this will be reflected in your good health and sense of well-being. Feeling respected and loved by others, and acknowledging your own talents, will amplify your self-worth so that you can move confidently onwards on your solar path.

81) ► **Sun** ☉ **Trine** ♅ **Neptune** - (0°14' S) 137 | 1173

([306] astromatrix.org;) The Inspirer

With the trine, there is the potential for a successful reconciliation and resolution of the Neptune-Sun energies, leading to a powerful positive blending of the individual Sun center and the transpersonal outer planet.

Potential is present, but there may be question marks against your incentive, motivation and application in exploiting latent talents. This is the hurdle that can face you, especially when confronted with the nature of choice and decision over your life-direction.

You may be multi-talented in a variety of artistic and creative ways; music, art, literature, dance, drama, yet find it hard to be focused and sufficiently disciplined to become a master and not a jack of all trades. Associated with a perceptive mind, which is capable of good assimilation and understanding, should be an intuitive quality too, which you can use as a source of insight and knowledge. This intuitive or psychic faculty will mainly operate through the emotional nature as empathic identification, in distinction to the Uranian intuition which is more mental and impersonal in nature. This intuition often gives you insights into the nature and motivation of others around you, and environmental atmospheres can influence your state of mind and well-being.

There can be ambivalence towards social involvement and responsibility. Much depends on the nature of your expression; if it is within creative and artistic spheres, then your focus of attention and energy is absorbed within the creative vision. You are not unresponsive to social concerns, but you feel that being a creative channel is your contribution to society. Or you may respond to the Neptunian vibration by opening your heart wider, feeling a channel for 'universal love' supporting and uplifting others.

This path is one of service to the community of human beings, and medicine can be a favorite expression, or similar forms of physical, emotional and mental therapy and healing. In relationships, emotional freedom and trust are highly valued as components of an ideal romantic love. You tend to be emotionally faithful and give priority to the virtues of a close and loving family environment. Your empathic and sympathetic nature adds to those feelings of closeness with family and friends.

82) ► **Sun ☉ Trine ♁ North-Node** - (0°47' A) ♃7 | ♎3

([310] astromatrix.org;) Ego Development

With the North Node trine the Sun you may have special privileges or a boost to your achievements. It is like being in the right place at the right time, having considerable luck, mingling and interacting with important people, and plenty of material abundance. Things just seem to click for you, and you may become the center of attention. The Sun is a beneficial planet, so you may have been given this extra help to ensure sufficient development of your ego.

Masculine figures, including the father, are ruled by the Sun, therefore with the Sun Trine the North Node you may have strong ties to your father, who is of exceptional benefit.

Your self-expression may be more easily accepted by others in your life, in fact most likely actively encouraged. Developing your leadership potential, creativity and achieving your soul's purpose will be a path filled with luck and relative ease. Just learn to be more reliant on yourself for this rather than societal trends of how you should express yourself.

83) ► **Moon ☾ Trine ♆ Neptune** - (7°40' S) ♋11 | ♎3

([317] astromatrix.org;) The Artist

Both the sextile and trine aspects of Neptune to the Moon are often found in the charts of artistic and creative people, especially those with a personal interest in increasing the amount of beauty and goodness in the environment of social life. This can manifest itself in a variety of ways, from improving someone's living conditions, through more aesthetic cultural appreciations, to enjoying a well-made film or admiring an evocative painting of harmony and beauty.

The trine indicates the potential for a successful resolution of these two planetary energies, so that inner imaginative and sensitive life is integrated with a suitable form of outer expression. As there is a tendency towards environmental hypersensitivity, you need to discover a way of response that allows you to use this perception in creative

ways, through revealing to others this more subtle and perhaps hidden invisible dimension of life, so that they too can appreciate and contact the vitalizing, uplifting and inspirational quality of the inner realms. This is why this aspect can often be found in those who are dedicated to film, dance and the arts as revealers of enriched perceptions of life, and where the Neptunian muse works through into the world.

You are likely to possess such innate talent, and, provided that you make the effort to manifest your inner imaginative dreams - perhaps associated with your Venus - then you can be productive. If, however, you have a weak or badly aspected Mercury, Saturn or Mars, then you may have certain obstacles to overcome before your dreams can turn into reality. Otherwise, you may be able to offer rich dramatic artistic creations for the stimulation and enjoyment of others.

Generally, you are a beneficent spirit, warm and compassionate to others and aware of the social dimension to life. Yet you may be more attuned to applying your energies in a distinctly creative manner than to being preoccupied with more direct social action, believing that creativity is the best way for you to contribute towards the advancement of society.

Your interest is usually in the unfolding of individual potential, and you can place much effort into encouraging this in others, especially your family and younger people. Sometimes, though, you may be a little self-centered in attitude - especially when under the influence of an artistic muse - and prefer to be freer from social or family obligations in order to concentrate on releasing your creative spirit.

In relationships, you prefer a partner to have independent interests and the ability to be more self-reliant and not excessively dependent on you. Partners should have a corresponding artistic appreciation and sensitivity, culturally developed so that mutual understanding is present. It may be that your creative spirit is fully satisfied by the creation of projects which can have a direct benefit for others, which contribute to improving social conditions in some way.

From these you too would benefit as the quality of the social environment improves, and so diminishes the level of negative impact that it can make on you. There can be a prophetic element in your creativity; intuition, related to people and directions, can play a vital role in your life, and art can give direction or voice to underlying social needs too. This is the psychic dimension operating; it requires attention.

84) ► **Moon** ☽ **Trine** ♅ **Pluto** - (0°47' A) ♃11 | ♎7

([318] astromatrix.org;) The Awakened Heart

You feel a sense of inner security, connected to a self-assured confidence in your strength and ability to successfully deal with challenging situations. Intuitive insight into people may be a gift, a penetrating perception of their hidden nature and motivations.

This does not, however, leave you cynical about people, as you still retain a caring nature. You often apply techniques which involve imagination and creative will, directing these energies toward manifesting your thoughts into reality, intending to create your ideal lifestyle.

85) ► **Moon** ☾ **Trine** ♀ **North-Node** - (6°39' S) ♃11 | ♀3

([321] astromatrix.org;) Enhanced Creativity

The Moon has rule over our emotions and minds; therefore, this beneficial aspect amplifies emotions linking to the senses and imagination. There may be psychic sensitivities, which may be exalted in the ability to predict trends or distorted and turned to suspicion and paranoia.

With North Node trine the Moon, the imagination is enhanced, and the mind is stable and strong, with accurate psychic sensitivities and reliable impressions. This contributes to creative talents that may not be fully utilized. There is an alignment between your emotions and your life path so the more you are in touch with your emotional and imaginative self the more you can grow as an individual.

Your inner values are in tune with prevailing social trends and ideals, supporting your popularity and generosity with people. These qualities make it so that you can easily take advantage of these social trends and even become a spokesperson/public supporter of them. Be careful not to get too swept up in fads and learn to develop autonomy.

Having the support of a mother figure is important, and there is usually assistance from them. You may feel the want to nurture others and sometimes this is done in a big way. The North Node boosts the ability to gain the support of the public. You can have a mesmerizing effect on people, a definite asset in public and political life. Other people respond to their enthusiasm, and with an abundance of emotional strength they are comfortable dealing with large crowds.

86) ► **Moon** ☾ **Trine** ♀ **Pallas** - (7°55' A) ♃11 | ♀3

([577] 12andus.com;) Your desire to nurture others and follow your intuition is powerful and drives your instincts to be protective of fair housing and the rights of families.

You can be protective over the missions and campaigns that appeal to your emotional side. You may also advocate for people who feel like "family" to you.

You are driven by an emotional attachment to others and by sensitivity and compassion. You will follow your intuition and help others see how your mission can give them greater security.

87) ► **Moon** ☾ **Trine** Er **Eros** - (2°04' S) ♃11 | ♀7

88) ► **Mercury ☿ Trine ♅ Uranus** - (3°56' S) 009 | ☿1

([326] astromatrix.org;) The Progressive Thinker

Gifted with creative imagination, you should be able to channel this toward building new enterprises and businesses; you have adequate energy and enthusiasm to do so, linked with commitment for personal success.

Your attraction toward the new is likely to be for 'group benefit' rather than toward fulfilling private needs and desires. Your vision will have a futuristic attitude and perspective. Here, the Uranian influence will shine through more strongly. If Uranus remains a dominant planetary influence, your domestic and personal life may appear unconventional and unusual to some, although it will probably seem perfectly natural to you.

There can be inner fears that tradition and predictable behavior patterns could become life-destroying, limiting freedom and exploration, especially when your 'Uranus needs' conflict with lunar needs. While you may not feel committed to open opposition, you certainly will not feel any obligation to surrender power to tradition by assuming a submissive attitude.

Some kinds of authority you can respect; but your attitudes will be rebellious, and you will be scathing in your denunciation whenever you believe that abuses of power are occurring. Using this energy effectively will depend on discovering suitable channels of expression. You may need to create these or could ally with others in a communal future-orientated venture. This sense or intuition of inter-relatedness acts as a guide and is very important in your life.

89) ► **Mercury ☿ Trine ♁ Lilith** - (1°33' A) 009 | ♁5

([647] astromatrix.org;) Having Rebellious Views

Opportunities: 1. Being a free spirit 2. Combating criticism and rejection

Challenges: 1. Separating opinions and judgments 2. Facing social non-conformity

The placement of this aspect in your natal chart boosts literary abilities. It is the aspect of excellent public speakers who excel at mesmerizing people with exciting phrases and a vast vocabulary. Stubbornness also comes with Mercury trine Lilith, but it does not make you resist logical reasoning and change your opinions if you are wrong.

Your mind and intuition work closely to make you choose the right path and words always. Your intellect triggers your instincts and rebellious nature. Your intellectual pursuits and idealistic views chiefly contribute to your interest in sexuality and addressing deep-rooted emotions.

The influences of Mercury and the black moon make you curious about solving problems and learning in unique ways. Trine proves a harmonious aspect for you and helps you to highlight your individuality through words and ideas. This natal aspect shapes your social understanding and refines your mental and verbal exchanges.

Lilith leads you to unravel the truth by embracing the intuitive knowledge of the grand universe. Your introspective nature allows you to analyze and comprehend social stigmas and standards logically before reaching any conclusions. Once you understand things, you can reshape ideas and structures accordingly.

90) ► **Venus ♀ Trine ♃ Neptune** - (0°46' S) ♃11 | ♎3

([336] astrotarot.net;) Typical features that this trine brings: The trine aspect is the more dynamic of the two harmonious aspects. Those with the trine have incorporated the traits of the aspect into their personalities, expressing them naturally and consistently. You are very giving and generous. Your amorous allure makes you socially popular and you would enjoy having many friends. Your partner would ideally be as affectionate, loving, tender and easy on the eyes as you are. Your home and other surroundings must be beautiful and harmonious, and you most likely have a talent for decorating. Having a glamorous or at least very attractive appearance is healthy for your self-esteem. Generally, you dislike anything threatening or unpleasant and prefer peaceful surroundings and nice people. Your selfless and compassionate nature makes you a valued asset in any group. You are especially sensitive to those things which harm other people or any living thing. You can be a visionary and very intuitive if not psychic. Your empathy and unselfish nature will be rewarded by having a harmonious and pleasant lifestyle. Also, you naturally express the finer qualities of mysterious and dreamy Neptune in your love relationships. Your imagination is rich and your fantasy world is well-developed.

- Positive traits: With this Natal Venus – Neptune aspects you are a soft and warm person.

- Negative traits: It is likely that you will idealize lovers or potential lovers so there is a chance of some disappointment if they don't match up to your high ideals.

91) ► **Venus ♀ Trine ♇ Pluto** - (7°41' A) ♃11 | ♊7

([337] astromatrix.org;) Intense Emotions

The trine aspect gives similar indications to the sextile, where the possibility of personal transformation is likely to occur through emotional experiences of a higher and intense kind.

You will have a fundamental faith in life, an innate optimism that all will work out well in the end. This belief in the goodness of life can be 'contagious'; and you may feel attracted towards sharing with others your personal approach or philosophy of life, so that they too can experience how trust, faith and love can enrich and guide a life. You feel that higher values are essential in interpersonal relationships; and you try to embody these in your own life.

You see that the bedrock of a partnership - apart from mutual love and affection - lies in

qualities of commitment, honesty, integrity, responsibility to mutual obligations, and allowing each other the space to express his or her own unique nature and to continue to unfold the personality in a developmental way.

Generally, you have a belief that the lives of others could be greatly improved if certain adjustments were made in their attitudes; and you are probably correct in assuming so. You may, however, have to avoid a tendency to interfere in the choices that others make. They have to find their own way, although you have the potential to help others do this, perhaps by encouraging them to examine themselves and their options.

You should have a sense of life direction to follow, a meaningful path which may appear in hindsight to have an element of inevitability about it. Similarly, your intimate love life may feel preordained, and you may find that you are waiting for that special partner to enter your life, not feeling quite right with any previous relationships or fully able to commit yourself to them. It could be that you experience the right partner in the traditional sense of 'love at first sight', an intuitive feeling of 'rightness'.

Whether immediately obvious or not, your life will be strongly directed and influenced by your emotions; your choices will always be conditioned by your emotional responses to people and situations, even though you may overlay your 'gut reaction' by intellectual reasons or logic.

Fortunately, your choices tend to turn out right for you, unlike the choices made by those with the Venus-Pluto square or opposition, where following emotional impulses leads towards considerable difficulties and frustrations. It may be that some of the higher appreciation and qualities that potentially are yours to experience may remain latent until they are triggered into conscious activity through the transformative action of love upon you; meeting your 'fated partner' could be the stimulus for this process.

This does not necessarily imply that the relationship will succeed and survive but could indicate a crisis and turning-point in your life centered within your emotions, which - whatever the result - will lead to enhanced understanding and inner change.

to work with or within existing social organizations or governmental bodies to influence suitable changes to be made. In particular, you enjoy restoring 'order from chaos' and making use of forgotten and ignored resources.

There can be a tendency to sit back and observe social decline and contentious issues without choosing to become more actively involved, but this would be a waste of your own talents and a denial of that sense of social obligation. Your idealism has strong moral and ethical roots, and you could feel uncomfortable if you ignored those inner promptings. Direct activism may not be your preferred mode of involvement, but you may find your role perhaps through communicating to others the facts about certain problematic social issues, especially through the medium of writing and analysis.

You tend to have an absorbent intelligence, which accumulates considerable information and knowledge easily, and which is a resource that you should be able to utilize. The level of imagination is high and active, and this too can be personally used in a variety of ways, giving a spark of life to the ideas that you have for personal and social development. You may have difficulty in deciding exactly how to use your own resources, and the ideal may be to become involved in work which has a definite social dimension. Such work can include community welfare, law, social services, environmental concerns, finance, management, media, film, photography.

Friends find that you are a reliable support in times of crisis, and you are equally willing to lend a helping hand when necessary. Neptune inspires you towards compassionate feelings, both for people you know and for strangers. If the spiritual quality of Neptune is active (and not so overshadowed by a dominating Saturn), then you are likely to be attracted towards spiritual or occult groups, where your talents can find ways of expression.

Meditation and visualization work should be enhanced by Neptune and anchoring the energies in suitable forms should be enhanced by Saturn. Learning to trust your intuition will lead you to rely on it even more over time, and this could be a vital step forward in your own development.

6) ► **Contra-antiscia-Ceres** ♄ **Conjunct** ♀ **Venus** - (1°18')

([561] 12andus.com:) You have a deep desire to nurture others though you may struggle with your own self-worth.

When you are insecure about yourself, you easily become distracted by fears of needing to be needed. You worry about rejection and may go overboard trying to please others.

You may also not realize your own beauty or have a distorted idea about what it means to express your love and concern for others. In relationships this can make you demanding or possessive.

You may look to materialism as proof of love both for yourself and for others. By learning to love yourself you are better able to nurture others. You can also learn to appreciate your beauty and self worth and bring out the beauty in those you care about.

7) ► **Contra-antiscia-Mars** ♂ **Conjunct** ♄ **Uranus** - (2°57')

([184] astromatrix.org;) The Opposer

The energies generated by the opposition aspect are often projected out into the external world; and this will be true in respect of the powerful energy released by this Mars-Uranus aspect.

If this is expressed through a more integrated consciousness, which is sure of the direction to travel, then its impact can be considerable. If it is manifesting through a less integrated personality, then it can create real problems in life. Again, the revolutionary tendency is very strong, and you will have a natural antipathy towards traditions and static patterns of acceptable social lifestyles.

Your attitude will be anti-authoritarian, and you will be iconoclastic in your questioning of the status quo, and critical of those who are in positions of social responsibility and power. Hypocrisy from leaders especially upsets you, and you can be scathing in denouncing it. In fact, you probably have developed a fairly demanding set of personal principles and ideals from which you perceive the world. You tend to expect less from 'ordinary people', acknowledging their frailties; but you expect the highest standards from social leaders.

Concepts of social justice, equality and change attract you, and this can draw you into relationships with revolutionary or reactionary political groups. Depending upon the overall bias of the chart, your radicalism could be directed towards a re-creation of past patterns or a new creation to suit future needs and realities. Generally, though, with the Uranian impulse it will be future-orientated, and this will lead you to more altruistic liberal and humanitarian groups.

Your personality can be very assertive, even aggressive and combative. You have an image of yourself 'at war' with whatever you disagree with, whether this is just a war that you fight in your own head, or it is one that you externalize by opposing social establishments that you dislike. There is a stimulation for you in conflict; and whilst it may not always be openly displayed, you enjoy competition and intend to win and dominate. This is reminiscent of the Scorpio characteristics, which are reflected through this aspect, with the Mars-Scorpio link and Uranus exalted in Scorpio.

The quality of assertiveness could be extrovertedly expressed, stridently and powerfully, or quietly through the power of a strong personal presence. You enjoy arguments and discussions; here the stimulation of ideas, beliefs and attitudes can be enriching. Often you play devil's advocate on ideas, just to enjoy the sparks that can fly; but if it is on a subject close to your heart, then a more passionate, committed side of you emerges, one that is determined to 'win' the argument.

You oppose in principle any restrictions to individual freedoms, although in practice and with serious consideration, you do tend to impose 'limits' for valid social reasons. Your

main thrust is towards a broadening of personal freedoms, and the creation of more variety and scope for potential experience and opportunity in life. If discipline is imposed upon you, and you feel that you are imprisoned in a stultifying routine, then you will rise to oppose it; however, for your own purposes you can be highly motivated and self-disciplined.

Freedom is extremely important to you and is the key to developing your own uniqueness. You feel that you have to get your own way, and this can cause problems if you are too selfish about this demand. If denied, you feel emotionally frustrated, and this becomes a form of pent-up physical tension, which in extreme cases could result in violence.

Tendencies to be arrogant, authoritarian and too self-willed can cause friction in social and intimate relationships. If your lifestyle becomes inhibiting, then this can also create explosions of sudden temper and excessive arguing to release inner pressures. Whilst you see yourself as an outsider, a loner following a personal path, there is an underlying lack of self-confidence, which Scorpio-like is hidden beneath the mask. You insist on finding and making your own way in life, pursuing one's 'dharma' (own truth), and will be like the traditional stubborn mule if anyone else tries to lead you against your will. You learn from life's hard experiences, and indeed, you tend to accept and welcome such intensity and challenges.

Often, you will be tempted to throw off the binding shackles of the past, slough off the old skin like a snake, and burn those bridges to leave yourself free to travel forward into the bright future. You seem as though you know what you are doing, and appear to be optimistic, but this is the glow of a belief in your own ability to succeed, to cross those challenging abysses. You may need to unify your will and clarify your desires so that they work more in harmony. Potentially, this aspect if rightly applied through a reabsorbing of any negative projections back into yourself for transformation, can offer a 'magical' ability to succeed in your aims. The 'enemy' is not just 'out'.

8) ► ***Contra-antiscia-Chiron*** & ***Conjunct*** \x ***Vertex*** - (2°57')

([129] astrotarot.net.) Typical features that opposition brings: opportunities come to you due to the favorable influence of your parents. With this Natal Chiron – Vertex aspect later in life it may be your fate to be given chances to excel career-wise and to reap the benefits of what you have learned from your parents. Also, an important move could bring opportunities. It is often difficult for you to see how your past traumas are interfering you're your ability to thrive in your chosen career path. That is because you tend to deny your past wounds or to minimize them. So, you need to accept and work through your wounds. Then you will be able to be successful in your career and help others move through their difficulties as well. Vertex can allow experiences that reflect in the rest of the chart. It opens doors to rooms you are not yet aware of. The Vertex here impels you forward via the soul's intention. But it cannot deliver what is not already there

in nascent form.

- If this rear aspect exists in your natal chart you need to work on it: you do not realize that you are more accepted and wanted by your friends than you realize. With this Natal Chiron – Vertex aspect you must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always

from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 8° **Pisces** 23' and in the **9th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 23° **Scorpio** 10' and in the **5th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 0° **Aries** 37' and in the **10th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 5° **Taurus** 24' and in the **11th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 23° **Capricorn** 56' and in the **7th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 12° **Cancer** 39' and in the **1st** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their

birth." - Paulus Alexandrinus

The **Lot of Courage** is in 2° **Taurus** 55' and in the **11th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 23° **Cancer** 46' and in the **1st** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 18° **Virgo** 27' and in the **3rd** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Virgo: lack of faith, jumping to conclusions

Nemesis in Third house (Gemini): slander, the media, a duplicitous lifestyle

Lots related to family:

The **Lot of the Father** is in 19° **Pisces** 9' and in the **9th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 8° **Cancer** 50' and in the **1st** house.

Same as for father.

The **Lot of Siblings** is in 25° **Sagittarius** 33' and in the **6th** house.

The **Lot of Children** is in 5° **Aquarius** 55' and in the **8th** house.

The **Lot of Daughters** is in 29° **Sagittarius** 30' and in the **6th** house.

The **Lot of Sons** is in 19° **Libra** 44' and in the **4th** house.

The **Lot of Marriage for Woman** is in 11° **Cancer** 47' and in the **1st** house.

The **Lot of Marriage for Men** is in 19° **Cancer** 41' and in the **1st** house.

The **Lot of Deceit in Marriage by Woman** is in 19° **Aquarius** 14' and in the **8th** house.

The **Lot of Deceit in Marriage by Men** is in 16° **Scorpio** 16' and in the **5th** house.

The **Lot of Marriage (in general)** is in 1° **Aquarius** 58' and in the **8th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 21° **Virgo** 32' and in the **3rd** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 20° **Cancer** 51' and in the **1st** house.

The **Lot of Treachery** is in 4° **Leo** 47' and in the **2nd** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 1° **Sagittarius** 17' and in the **6th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 8° **Pisces** 18' and in the **9th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Scorpio

(canvasofthecosmos.tumblr.com;) Pholus in 8th House/Scorpio: You search for something that will open the doors to intimacy, but get closer to others than you could ever hope for. You often joke about how emotional you are fully aware of how deeply your wounds hurt, and you learn that laughter is the best medicine at an early age. You may absorb others' passions for your own gain. You expect the most out of your relationships because that's exactly what you bring to the table. When you do let someone in and get attached, you share what you have in hopes that the return will be higher. You don't let go without years of resentment put behind you, should someone let you down. This placement makes you as quick to hate as to love, as these emotions go hand in hand for you. You have premonitions of the end and want to quickly get the grieving process over with before something even dies. Remember that change is inevitable and the grieving process is far from linear, as your explosive emotions may get the better of you until you learn to keep them in check.

Pholus in 5th house

(12andus.com;) You may have an insatiable appetite for creative expression, playfulness and romance.

You may have an artistic or creative talent that is unexpectedly unleashed. When it is, your life will be forever changed. You may become obsessed with your newfound talent to the point of toxic grandiosity.

On the other hand, you may unintentionally awaken a powerful talent that changes your path and leads you to success, leadership and enjoyment. You may find personal enhancement and growth through the creative process.

You may compulsively pursue playful relationships or affairs with people who invigorate

you but may not be fully available. At worst, these relationships can become toxic. At best, you may have to overcome limitations or fears that lead you to become more confident and dramatic in your self expression.

An accidental stumbling upon your hidden spark and talents can lead you to dramatically change your attitude and create greater self-confidence.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Virgo

(12andus.com:) You are passionate about details.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

Eros in 3rd house

(12andus.com:) Your sexual attraction to others is expressed through communication and intellect.

You may idealize your sexual partners or enjoy fantasy based intimacy. Your sexual passions influence your language, writing and communication in general. You may be motivated by erotic obsession to learn new things or expand your social network.

You may also find yourself fascinated by those in your peer network or circle of friends. Your arousal for may involve fantasies of being with two partners at the same time. You are also likely to be turned on by voyeurism or watching erotic material rather than participating personally.

Literature may turn you on and you may enjoy being read to by your partner. You may also be aroused by hearing the sound of your partner's voice or by erotic talk or whispering.

Learning from a partner or teaching a partner new things can also open the doors to erotic experiences and personal satisfaction for you.

1) ► 9° Scorpio 29' **Pholus** ✎ **Conjunct** ♀ **Lilith** 6° Scorpio 46' - (2°43')
(12andus.com:) Your independent nature and rebellious side can fuel unexpected crises.

You can make small decisions to promote your independence or rebel against the status quo and not realize the full impact of what your decisions unleash.

Even during crises or cataclysmic events, you may be more focused on your own individual needs and what the crisis means to your individual freedom rather than considering the ramifications of the crisis to others.

For you, dramatic crises and cataclysmic events can serve as a wake up call, reminding you of your personal needs or centering your focus on yourself.

Crises can be the impetus for you to pay more attention to your own needs and following an independent path rather than trying to please others.

2) ► 9° Scorpio 29' **Pholus** ✎ **Conjunct** ♄ **Vertex** 14° Scorpio 9' - (4°40')

3) ► 9° Scorpio 29' **Pholus** ✎ **Opposition** ♀ **Venus** 14° Taurus 58' - (5°29')
(12andus.com:) You may feel torn between your desire to explore sensuality, love and romance and the need to deal with pivotal, dramatic events.

You may find it hard to get your bearings and find a deeper sense of security as the goal posts shift every time you start to feel comfortable. In large part, this is because of unexpected turning points or unforeseen catastrophes with which you have to deal.

Your relationships or desire for love may lead you to misconstrue your ability to handle unforeseen crises. You may not recognize a threat to your security or may fall for partners or friends who are not going to support you in the way you expected when a crisis hits.

You may have to work to overcome fears and insecurities so that you can find your grounding, security and self-worth in the midst of dramatic changes and challenges.

4) ► 9° Scorpio 29' **Pholus** ✎ **Opposition** ♄ **Saturn** 11° Taurus 1' - (1°32')

(12andus.com:) Your work, self-discipline and connection to the past often leaves you in a bind when dramatic changes are unleashed.

When turning points and major milestones beyond your control require you to adjust your routines and change your definition of security, your first reaction may be to hold on to the past.

You may be reluctant to change your expectations during a crisis, expecting tradition and dogmatic doctrine to be timeless. When unprecedented crises and challenges force

you to face the shortcomings of your past routines, you may feel like the floor is bottoming out beneath you.

It may take some effort for you to finally recognize that your self-discipline and sense of responsibility alone can't always lead you through crises beyond your control.

By acknowledging your limitations, you may be better suited to help others find security in the midst of challenges and major turning points.

5) ► 9° Scorpio 29' **Pholus** ✎ **Sextile** ☉ **Sun** 14° Capricorn 26' - (4°57')

(12andus.com:) You easily draw on your creativity and optimism to cope with the dramatic, life changing events.

You may face dramatic catalysts and life altering experiences that challenge your sense of identity and the path you were on. Fortunately, even when mole hills turn out to be mountains, you can easily ride through transitions.

You usually come out in a position of confidence and even power. You may strive to lead others during times of change and crisis.

Even if you had a role in uncorking a "Pandora's Box" of chaos, you'll find a way to make the most of it.

6) ► 9° Scorpio 29' **Pholus** ✎ **Sextile** ♆ **Neptune** (Rx) 14° Virgo 12' - (4°43')

(12andus.com:) You may find it easy to express your nurturing, compassionate energy during times of crisis and cataclysmic change.

You can easily find higher meaning and spiritual connection in light of and sometimes because of crises or changes that form larger turning points. These turning points bring opportunities for you to reflect on a deeper level and find your higher calling as a healer or spiritual guide to others.

Though you may not be able to contain the larger crises or events beyond your control, you will be able to embrace your calling to help others and show compassion while serving others.

7) ► 9° Scorpio 29' **Pholus** ✎ **Square** ♄ **Ceres** 13° Aquarius 22' - (3°53')

(12andus.com:) You may find it difficult to face your obligation to others during crises or turning points.

On some level you may feel it is important to provide for the comfort and security of those around you, but you also may resist facing the full scale of a crisis at first because it challenges your own personal sense of comfort and security.

When you adjust your expectations or perspective, you'll be better able nurture yourself and find security in the midst of crises.

With some adjustments to your expectations, you can find the motivation to act out of compassion and help others find the stability and comfort they need as well.

8) ► 9° Scorpio 29' **Pholus** ✍ **Trine** ♀ **Mercury** 5° Pisces 13' - (4°16')
(12andus.com:) You can easily adapt your thinking to adjust to dramatic changes that were unexpected.

Though you may try to be a guardian of ideas and protect others by censoring your communication, when catastrophic events occur and you need to be able to adjust your mind and express yourself you can do so clearly and effectively.

Even as you adapt to situations that escalate out of control, you may be personally affected by some ramifications of the unexpected catastrophes.

You may be able to provide perspective and insight that others need even if you sacrifice some aspect of yourself in the process.

9) ► 9° Scorpio 29' **Pholus** ✍ **Trine** ♂ **Uranus** 1° Cancer 17' - (8°12')
(12andus.com:) You may easily embrace your unique and quirky personality, drawing on your eccentric and intuitive side to succeed during times of cataclysmic change.

In fact, when faced with dramatic changes and periods of upheaval, you may feel that you were born for such times. These kinds of events actually bring out the best of your creativity, intuition and innovative talents.

You may serve society by setting an example, being quick to release expectations and becoming a catalyst for unusual changes to be made.

You can be intensely drawn to acting as a gatekeeper and your messages or mission may initially shock others but will also help others to see the potential path ahead during times of dramatic change.

10) ► 9° Scorpio 29' **Pholus** ✍ **Trine** ASC **Ascendant** 15° Cancer 44' - (6°15')
(12andus.com:) You may find it easy to draw on the chaotic energy of change and crisis in order to live up to your true ambitions.

You can easily embody the dramatic change and chaos that is going on around you. Yet you are also able to harness this energy in productive ways. You rise to the occasion during times of crisis rather than backing down and hiding from your calling.

You may find personal transformation and empowerment in the midst of chaos and

widespread disruption. You can easily link your personal advancement and ambitions to a changing course of actions beyond your control.

11) ► 9° Scorpio 29' **Pholus** ✎ **Trine** MC **Midheaven** 16° Pisces 33' - (7°04')

(12andus.com:) You may find it easy to advance on your career path because of dramatic events set into motion.

You don't intend to be a ground breaker, but your ease of responding to crisis and dramatic turning points helps you set the pace for others during times of uncertainty. You may rise to the occasion and make a name for yourself during a time of crisis.

You won't intentionally set out to be a hero, but will find yourself in the right place at the right time. You will easily use your skills and gifts to respond to what is needed, not to what you preferred to do in your career.

Nevertheless, you'll be able to provide the protection and guidance others need and doing so will benefit your career path.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Capricorn

(astrology.com:) Capricorn or in the tenth house: This Hygiea placement falls in charts of those who associate wellness with public interactions. These individuals feel anxious if they are not “making progress”. You can often find them exercising in gyms or yoga studios where they meet teachers and trainers who will hold them to their fitness objectives. Although a healthy appearance has its benefits, they shouldn't strain themselves for the sake of optics or the desire for respect.

Hygiea in 7th house

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

Eris in Virgo

This latter situation can manifest as a health care crisis that is not managed correctly by the care provider calling for clarity of thinking and intervention on your part. You will have to be your own best health care advisor.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Karma in Leo

(whatsmyalternative.com:) In the positive sense, this native is very likely to have been a total pussycat in the past lives. Time to roar, time to be forced into expressing some

creative aspect of self, to wallow in the ego and enjoy romance and luck in gambling. Negatively aspected or retrograde, this means balancing experiences that cause the ego to suffer, public insults, shut ups, failure in speculation and lack of romance in life due to abuse of personality in the past lives.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Capricorn

(astronomicallyaligned.tumblr.com:) You work so hard all the time. You want to look inside the box in search for peace and quiet. Maybe love and a home too. You hope that if you open the box, you will finally have peace. You will finally have all you heart desires. If the box is opened, melancholy, depression, want, and hopelessness will drive all life into dust. Death of life and all hope will spread, nihilism, and the new ice age will occur. However, if you chose to lock the box and keep it in your heart, that power and strength will enter every living creature, and bless it with strength, willpower, logic, and backbone.

Pandora in 7th house

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygieia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Sagittarius (Rx)

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him “how to live an adventure”.

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Nessus in 6th house

(smartyoungsters.com:) This is the cleanliness and neatness obsessed Nessus, the one who cares too much for hygiene. Nessus in this place is a doctor that washes his hands till the time real color fades away. A person with this Nessus is fanatically obsessed with his diet, health and work. This Nessus works too much and expects the same from everyone else. This can also be the Nessus that as a doctor can manipulate patients to

get things his way. He can prey on the fear of his patients and employers. When positively expressed this Nessus can create most dedicated healers, doctors and employees who go to extra lengths to please. In love, this Nessus will obsess about their partner's health and well-being. They can be extra critical regarding hygiene and following diet and exercise routines. People with this Nessus have a tendency to nag uncontrollably if their partner does not adhere to their "guidelines".

Europa | Laziness, Fall for Seduction

It's where we are most likely to be couch potatoes in our life and expect people to come to us. Where it falls will be where we cannot bear conflict and will avoid rocking the boat if we possibly can. It is where we have a need to view everything in rose-tinted glasses. [1] where you act to maintain a healthy balance between yourself and natural "entropy"

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Uranians/ Hypothetical Trans-Neptunian Planets

From the Hamburg School of Astrology. Alfred Witte and Friedrich Sieggren. Out of the turbulent times of WWII.

Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

Hades | Underworld, Unknown

Emotional and spiritual concern and weighty emotional issues. Our emotional selves can cause "dis-ease" if we don't give them the utmost importance. But it's also in their resolution (unveiling) where a new awareness and growth can take place. This is where some of the most beautiful and positive manifestations of the Hades energy can be seen.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates

to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

turns out to be unsatisfying after all, suicidal thoughts, feeling crushed, cancer caused by the suffocating harshness of others or untouchable systems, cancer returning after healing, destroying something delicate and good, highest degree of difficulty, chthonian forces, agricultural rituals and traditions, witchcraft (good or bad), winter turning into spring or spring turning into winter, misuse of sex to channel emotional wounds, sexual contact with earth, spring and nature, not getting noticed or understood, destruction of something which took decades to build or harvesting nothing but sadness when one should feel proud, satisfied or victorious after much painstaking work and sacrifice, getting pissed on by the crow for doing good, the constant threat of getting isolated as a chronic source of stress, hypersensitivity as a curse with erotic or sexual expression as a cure or relief, painfully taking ones responsibility, the awareness that power isolates, makes cold and thus is the universal human booby trap and in a paradox the cure fore not getting harassed by others, (sexual) skeletons in the closet.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Melete in Aquarius

(hillarysss.tumblr.com:) Melete in 11th: You're scared of letting yourself get too close to a friend. Friends could've burned you constantly. Maybe there is something that stops you from making friends. Technology could've been something that really brings you sadness. (Being online can scare you so you may keep things very private). You're scared of being too humanitarian you don't wanna get "taken advantage of". Friends may have constantly used you.

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love

and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two. I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[3] The restless and flighty star Markab seeks release in a "peak experience". Markab shares its energy with Mercury and Mars, having similar traits. The element of fire plays a role as the defining energy. Rage and loss of emotional control and intelligence. Selfish energy arises to the surface after being amplified recently. A step back is needed in social and business affairs. Proceed with a personality check and a grounding of who you are in the world.

Just maybe you've been seeing things in a selfish light without knowing. This enlightenment, of course, is of great spiritual importance. Personal development is on the agenda. There is positive and strong energy to succeed. Finding personal happiness and spiritual wisdom.

This "peak experience" will be followed by inner revelation... however, it would be wise to keep ambition bridled, since judgment at this point in time, could be flawed. Negotiate any difficulties by rising above them... but don't overreach your limits. A time of calm and slowly does it is the trick here with the fixed star Markab. Allowing a break from the grind highlights others areas of your life that need attention.

The stormy cluster of fixed stars known as Hyades (aka "the weepers" or "to rain"). Highly provocative, creates a volatile, dark and libidinous vibration... hungry for release.

Satisfaction and success are guaranteed if this stalking, obsessive and compulsive force is harnessed, however, if left unbridled to run amok then expect the unexpected... for there will be tears. This is turbulent and manipulative energy best kept in liquid motion... So look to the element of water, falling or flowing, to soothe even the most savage and permissive psyche.

Midheaven Hyades position brings disgrace and ruin, often leading to a violent death. It also augers insight, ambition and eccentric behaviour. Beware of the mask these people wear. Sun in Hyades has a similar energy to the midheaven, although there seems to be sexual perverseness about this position.

The moon in Hyades stirs the emotions like no other. These aspects are prone to depression, anxiety and schizophrenia. Often this is a challenging aspect leading to knowing the self but not really wanting to change themselves for the better.

[4] Saturn and Mercury (profound liar, thief, blackguard, scandal and slander.). They give tears, sudden events, violence, fierceness, poisoning, blindness, wounds or injuries to the head by instruments, weapons or fevers, and contradictions of fortune.

[6] Prima Hyadum rules straight across the shoulder line from left to right in the human body.
