The Humanitarian

The Life Path 9 suggests that you entered this plane with an abundance of dramatic feelings coupled with a strong sense of compassion and generosity.

The key to the nature of a Life Path number 9 person is found in their humanitarian attitude.

The 9 Life Path is not apt to get rich since they are very generous, sometimes to a fault, and usually have an easy come, easy go attitude about money.

You have the ability to make friends very easily, as people are attracted to your magnetic, open personality. You meet people easily and are quickly befriended because of your openness and amiable demeanor.

Relationships can be difficult for you because it is hard to strike a balance that will work effectively. If your partner is one sharing your giving attitudes, the relationship will be happy and lasting. On the other hand, if you choose a partner whose focus is on material issues, problems will arise quickly.

The purpose of life for those with a 9 life path is often of a philosophical nature. Judges, spiritual leaders, healers and educators frequently have much 9 energy. The number is less inclined to the competitive business environment and may find this a struggle.

Because you are so giving you may find that your finances are not in the greatest shape. You may also have a tendency to be scattered. Your talents lie in so many different directions that you may find it difficult to focus on just one. If you are not following your Life Path and are instead pursuing only materialistic gains, you could feel a deep level of dissatisfaction with yourself.

Expression (Destiny) Number: 5

([659] numerologycalculator.online:) The number 5 Destiny suggests that the direction of growth in your lifetime will be toward becoming a harbinger of change, freedom, and progressive thought and action.

The number 5 Destiny potentially endows you with the wonderful characteristic of multi-talents and versatility. You must develop in ways allowing you to do so many things well. The tone of the number 5 is the constructive use of freedom, and in your drive to attain this freedom, you must be the master of adaptability and change.

As you mature, you must become good at presenting ideas and knowing how to approach people to get what you want.

Naturally, this will give you an edge in any sort of selling game and spells easy success when it comes to working with people in most jobs. Whatever you do, you have the capacity to be clever, analytical, and a very quick thinker.

You must learn to accept changes as they come along and avoid clinging to the outdated. Avoid rebellion, and focus on enlightenment and progression thinking that will benefit mankind. Your life is broadened by gaining an understanding and an appreciation of all kinds of people.

The Destiny 5 will be welcome in many varied professional environments. The public sector is a natural for you because you must administer to all peoples. The media, advertising, promotion, publicity, all types of selling, and entertainment are all potential fields that may interest you.

Settling on a single career may not be in the cards for you, as you are in a continuous state of flux brought by constantly changing interests.

If there is too much of the 5 energy in your makeup or if you develop negatively, the negative side of the number may appear. Your restless and impatient attitude may keep you from staying with any project for too long. Sometimes you can be erratic and scatter yourself and your energies.

You have a hard time keeping regular office hours and maintaining any sort of a routine.

As clever as you are, you may have a tendency to make the same mistakes over and over again.

Much of your response to such errors is glib reaction rather than thoughtful application.

Life Path - Expression Bridge Number: 4

([660] numerology.center:) Number 4 means that you are a person whose success depends on ability to concentrate on definite things and to keep abreast of the times. Don't reject novelties and innovations, otherwise you risk to lose big opportunities which life offers you. Practicality plays not the last role in your success achievement. So, you have to be more realistic and look wider to the events. It is necessary to join the fast move of the world and act dynamically. Your numerology prompts you not to delay your business, but to try to do everything till the end. If you put off something, the most possible you will not return to it and finish.

Heart's Desire (Soul Urge) Number: 4

([659] numerologycalculator.online:) People with this soul urge have a natural desire for order and are very good at working with their hands and tend to be tradespeople.

You have a need for stability and structure in your life. You want your life and everything that touches it to be orderly. You have a systematic way of doing virtually everything. You are often not satisfied unless you are working toward some kind of goal. This makes you focus too heavily on work at times so remember that stability also means having time for yourself.

All work and no play is not a recipe for structure or stability.

You are a very loving person but you struggle with your ability to express love outwardly. Don't assume the ones you love know that you love them. They need to be told and you need the practice of telling them. This will help you to achieve the emotional balance that you desire.

Personality Number: 1

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

Heart's Desire - Personality Bridge Number: 3

([660] numerology.center:) You are a very inventive and artistic person. It is always interesting to communicate with you and to watch at you. That is why people like your

company. But you don't always feel comfortable with others because it is easy to hurt you. You are an extremely sensitive person. It is better for you to share your deep feelings and to be opened until the end just with close people, who will not hurt you. It is extremely important for you to become more confident. You have many talents and you deserve to be respected, happy and feel comfortable in any company. All the fields connected with arts fit you greatly.

Quiescent Self Number: 1

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

Maturity Number: 5 = 9 + 5 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with freedom. You're being called upon to work with the constructive use of freedom, living a life filled with travel and adventure, and embracing a life of progressive change, flexibility, and uncertainty.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to the disciplined use of freedom to center stage. Situations will arise highlighting excessive behaviors, versatility and change, and vivacious and tactile living.

What that might look like:

- A dramatic change in life leading to an evaluation of your sense of freedom – a divorce, death, children leaving home, or other change to a stabilizing force.
- Evaluation of the ways in which you have or have not used a focused approach to

getting what you want in life.

- Inability to rein in excessive behaviors with food, alcohol, drugs, sex, or other behaviors that control you in a non-productive manner.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality

Number).

First Pinnacle Cycle: 2

(Month + Day) - from age 0 to 27 (based on LPN) - ([665] feliciabender.com:)

General: When this is your Pinnacle, you're being beckoned to envelop yourself in the elements of learning to cooperate, share, be considerate of others, and be at your best when you are in harmonious relationships without sacrificing yourself in the process.

2 is the number of partnerships, patience, balance, and keeping fairness at the helm. Therefore a Pinnacle is a time where love and group effort takes front seat, whether it's through marriage or partnership, parenting, or other experiences that have the elements of unconditional love at the core.

This is a time where you will be called upon to work on—and perfect—your subtle art of relating. The 2 energy also has to do with gathering and relating facts or data, perfecting details, and being a team player whose strength lies in being of service in a joyous and balanced way. Where precision and details are valued, you'll be happiest with your contributions.

A 2 Pinnacle immerses you in friendliness and harmony. This energy asks you to pay attention to details and practice patience and tact. It won't offer much recognition for all you do during this time, so you must turn to yourself for acknowledgment in order not to feel resentful.

Pinnacle 1 Number 2: First Pinnacle: If you experience a 2 First Pinnacle, count on being an overly-sensitive child who's easily hurt and who takes on the emotions of those around you. Yet, since you're so young, you won't realize you're feeling both your own emotions plus those of everyone else. You may have difficulties with both verbal and emotional expression since you are overloaded with feelings that you're not yet mature enough to recognize and filter out. Your mother is likely to be the strongest influence on you during this time.

Warning: Warning: The 2 energy is super-duper sensitive. If you don't work with this energy mindfully your tendency will be to get your feelings hurt often and deeply. If you take every little thing personally, instead of cultivating your ability to relate well with yourself and others, you'll experience a substantial amount of pain during this time—not to mention a battering of your self-esteem in the process.

Second Pinnacle Cycle: 8

(Year + Day) - from age 28 to 36 (based on LPN) - ([665] feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with

opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 2 Number 8: Second or Third Pinnacle: If you encounter an 8 vibration during your Second or Third Pinnacle, you're apt to find yourself in the executive world—or you could be married to an executive. You're required to rely more on rational judgments and less on emotional impulses. You're single-mindedly focused on your ambition and achievement of great financial success, power, and authority.

Third Pinnacle Cycle: 1

(1st Pinnacle + 2nd Pinnacle) - from age 37 to 45 (based on LPN) - ([665]
feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 3 Number 1: Second or Third Pinnacle: If you have a Number 1 for the Second or Third Pinnacle, you're being groomed for—and challenged with—embracing

leadership and developing all that being an effective and inspirational leader entails. You're being called upon to focus intently on these aspects: courage, drive, vision, focus, determination, and, most of all, integrity. You might experience a certain degree of aggressiveness in your demeanor at this time. Your ability to get ahead is limited only by your own initiative during a 1 Pinnacle.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

Fourth Pinnacle Cycle: 8

(Month + Year) - from age 46 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 8: Fourth Pinnacle: With an Fourth Pinnacle, you're not geared toward quiet retirement. The development and culmination of status, wealth, and power can define this period—given that you act on both business principles and spiritual principles. This is your time to give back in substantial ways by using your gifts of money, power, and influence to help others. Thinking with the power of abundance and of giving back will support you in establishing a great and lasting legacy.

First Period Cycle: 1

(Month) from age 0 to 27 (based on LPN)

([666] worldnumerology.com:) The first three decades of your life represent a period of much intensity. It requires fortitude, courage, and flexibility. You will be forced to use every one of your talents in order to achieve your own personal individuality and independence.

This is a period of integration and focusing on your life's dream.

Your grip on your direction will be tested, but somehow the resources are available to overcome any obstacle and emerge from this time all the stronger. It is a time requiring independence, resilience, and strength, but these characteristics become integral part of your personality.

This cycle marks a time of progress.

Second Period Cycle: 1

(Day) from age 28 to 54 (based on LPN)

([666] worldnumerology.com:) The middle years of your life (approximately ages 30 to 60) find you on an intense path of personal growth. You are required to adapt frequently to the many ups and downs in your life.

When 1 rules the second Period Cycle it focuses on self-empowerment.

To facilitate this, situations occur that force you to dig deep to find the courage required to face your challenges. You have love and support, but circumstances will often demand that you rely heavily on your own strengths.

Fortunately, throughout this approximately thirty-year period, you often have confirmation that your gut feelings are correct and feel you are moving in the right direction.

You will likely find yourself in a leadership position, strengthening your self-confidence even more.

Third Period Cycle: 7

(Year) from age 55 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle, especially in your later years, centers on wisdom and contentment. This is a time of spiritual/internal and intellectual growth, of discovering the beauty and harmony that underlie creation.

However, it is often one of the most difficult last cycles, due in large part to society's lack of appreciation for the intangible qualities of this number.

Socially, you may feel distant and isolated. Interacting with similarly minded people through book clubs, art events, theater sponsorships, or other intellectually and spiritually stimulating activities can help you feel more connected.

Although this is the latter part of your life, it may well be your most exciting time of discovery and personal growth.

First Challenge Number: 0

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given "a free pass," so to speak. You're being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0 in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you

must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It's suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There's great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Second Challenge Number: 6

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) When you experience a 6 Challenge during one of your Pinnacles, you'll most likely feel burdened or overwhelmed by family obligations. You're learning to serve others and strike a balance between honoring your commitments to them with your commitments to yourself. This is no small task. Remember: Even if you're able to achieve some semblance of balance of giving to yourself during this time devoted to nurturing others and learning about responsibility, you can't and shouldn't try to avoid caring for others under the influence of a 6 Challenge. If you're operating with the destructive tendencies of the 6 Challenge, you may be myopically self-centered rather than generous and giving.

This Challenge is often related to the energy of codependency, enmeshment, and giving for misguided reasons. Rest assured that you'll be alerted when you're taking care of others in an unhealthy way during this 6 Challenge.

You're prone to demanding extraordinarily high standards from other people and of yourself, which is in itself a setup for frustration and unhappiness. There's no way others could live up to your expectations. If leaning toward the challenges of the 6 vibration, you're apt to come across as authoritarian, intolerant, and self-righteous. If you don't

step back into the constructive aspects of the 6 energy, your tendency during this time may well be to get lodged in cynicism, criticism, and judgment.

Avoiding friction in relationships by emphasizing harmony, using diplomacy at every turn, and allowing others to set their own paces and live their own perfectly imperfect lives will be the key strategies for rising above the challenges of the 6 vibration. Ultimately, your challenge lies in learning, embracing, and practicing unconditional love and acceptance.

Potential Destructive Aspects of the 6 Challenge

- Feelings of superiority and thoughts of judgment
- Being angry and disappointed with others and yourself to the point of cynicism
- Becoming self-absorbed and uninterested in helping or supporting others
- Becoming such a perfectionist that you feel paralyzed and fearful
- Living in denial of your emotional life
- Health issues that are often chest related (including asthma)

Third (Main) Challenge Number: 6

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

This Challenge Number has already been explained previously. (above)

Fourth Challenge Number: 6

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 8 (01 + 10) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 8 brings energies related to business and material accumulation.

This tends to be a year of achievement, of reward — a year to make strides in business, organization of projects, employment, promotions, monetary compensation, or the accumulation of possessions. A year of accomplishment.

A desire to better one's financial condition comes with this year.

Monetary gains are likely. Material rewards come more easily because you tend to focus on them. Actionable opportunities are noticed more, again because the focus tends to be open to seeing opportunities. This is a year of action, efficiency, and material gain.

Personal Year Number (for 2023): 9 (01) + (10) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 9 brings idealism and humanitarianism. There is more concern for the welfare of humanity, and less prejudice and judgement. More compassion and tolerance and benevolence, less blame.

The energies of this year tend to bring out the philanthropic and generous aspects of a person. Broader interests and larger activities seem more natural. There's a more global consciousness.

The year tends to bring completion or fulfillment of projects or dreams — including letting go of the no longer desirable to make way for the new and now worthwhile.

There's an inclination to support individuals and organizations dedicated to the benefit of mankind.

(feliciabender.com:) This is a year of completion, of unraveling, of letting go of the old to make space for change. This change will be all-encompassing: possessions, relationships, job, geographical location, spirituality, health. All of it. It is all under review this year. Life changes that are known to happen during a 9 Personal Year: divorce, being fired from your job, the death of a close family member, having a baby, graduating from school, making a big geographical move, or coping with a serious health crisis. This is the year that is inviting you to go on to an even more expansive cycle in your life if you choose to let go and allow what is no longer serving you to fall away. All of these hard experiences are pushing you to grow and evolve.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): F

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is predisposed to approach life with a sense of responsibility in relation to family, home, and nurturing. ([671] spiritwalk.org:) You are caring, reliable and easy-going. You can do a lot of things to help others and those in need. You are a person other people want to thrust to and only a talk with you can relieve someone's pain. However, try not to intervene into people's life when they don't want to see you there. Also, don't let the problems of others occupy your life.

([672] numerologist.com:) Cornerstone: You are kind and understanding but you often do not have the confidence to start anything on your own. You are most comfortable being a helpful follower.

([673] numerologyzen.com:) Letter F. This is an intuitive, fluctuating and sensitive letter. It is the first letter of the words "family", "feminine", "fraternity", "friendship" or "flower". F, with a value of 6, is responsible, sensible, reflective, tender and devoted. [His,Her] sense of responsibilities is very strong as is the need for harmony, which pushes [him,her] to look for perfection, personally as well as in others. As the image of this letter, which stretches out the two arms (the mental and heart bars) towards others, F has an innate sense of duty, devotion, sometime sacrifice which makes F play an important role in the family circle (and often professional) to preserve a good affective environment. F needs to be open, to create, to give as well as to receive, to be loved, surrounded and valued, because F likes to be the center of attention, the one who creates a harmonious atmosphere. F is a diplomat, a mediator and conciliator. F places a lot of importance on the notions of justice, good and bad, honesty and dishonesty. Constantly searching for balance and harmony, F will do [his,her] utmost to make all situations harmonious, particularly those which concern loved ones directly. First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): E

([676] ezinearticles.com:) This letter indicates that restlessness and impatience could become obsessive behaviors for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): L

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "L" tends to intellectualize experience, which can delay the completion of projects. The last step completed generally brings a smile.

([671] spiritwalk.org:) You are intelligent and witty, however you prefer to dream rather than to act. If you want to achieve real goals, you will have to be more decisive. You are sincere, tactful, benevolent and decent person. If you have a chance – travel and go out of the comfort zone. Harmony in everything is the key for you, so avoid drastic decisions. ([672] numerologist.com:) Capstone: Your projects rarely get off the ground because you are very emotional and prone to accidents. You avoid the responsibility that comes with accomplishment and do not mind giving in to the competition.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

6 on the Physical Plane

Your practicality in physical aspect is not alien to some artistry. For you, improving your body is a special kind of art. Your idea of a perfect marriage, parenting practices, and your confidence in the necessity to help those who need it are formed accordingly.

Professionally, it is the basis for success in teaching or medical career.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

9 on the Mental Plane

"Compassion", "mercy", "caring for your neighbors" – all these are not some abstract notions for you, but very specific principles of life. And not in the utilitarian, but in the global sense. That's what you are appreciated and respected for. Sometimes you might feel that you just can't help everybody so you want to show healthy egoism. It's quite normal. You just need to learn to keep a firm hold on yourself.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

8 on the Emotional Plane

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a "power unit", regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

9 on the Intuitive Plane

Your motto is imperturbability and constant self-control. You are almost devoid of emotions; the others' emotional expressions arouse your distrust and even outright

irritation sometimes. Beware: next stages on this way are isolation and anger. Try to be more understanding to those whose mode of behavior differs from yours. Pedantry and meticulousness can make you an indispensable employee in business and management.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Vital energy — empty

"No energy" - fast exhaustion from overexertion or nine-to-five job; frequent depressions. You often want to be fuelled by emotions (especially negative) of other people, like a vampire. It will be difficult to choose a job you can manage. You should really sleep well, workout or practice yoga.

Moneymaking (Line «4-5-6») — 2

Talent (Line «7-8-9») — 4

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 1

"Sluggish" - this person heard about the family, but will not be in a hurry to create it. They are the kind to wait for the proposal and almost never do it themselves, or do it at the insistence of relatives. Or when there is a risk of losing a partner.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 7

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under

the influence of cults.

"If you were born on the first day of the year, the top card in the deck, the King of Spades is your personal symbol. It represents the ultimate in spiritual energy and wisdom. Perhaps recognition of this tremendous potential, and directing these forces into some constructive expression will be the greatest challenge of all. This is not likely to be helped by the fact that this power, spectacular as it can be, is apt to be of such a subtle, spiritual nature, that you may not even recognize it, or feel sufficiently motivated to develop it.

Be it in some profound, noble role, or in some far less conspicuous expression of service, your true place is to be found in an expression of leadership. Quandaries as to what you want to do may leave you in a mire of mediocrity, drowning your frustrations in anything that will dull your awareness of your failures. Rise to the challenge, and you may bring inspired leadership as a teacher, counselor, healer, statesman or parent. Accept the opportunity spelled out symbolically in your card, and apply the essence of mastery, or personal discipline which it encompasses, and there should be no limit to

what you can accomplish." – Arne Lein

CHALLENGE: Dissipation

Earth-Pentacles - Planets: Mercury & Jupiter

SPADE: The Spade personality views the world through the lens of work and feels especially connected to their physical environment. The Spade is the element earth and gives the personality an earthly vibration. Work is a Spade's salvation.

TEN: The value of Ten is success. It is the biggest number, eclipsing all others. The ten personality wants to accumulate and illuminate all of the qualities of its suit – the Spade.

JOURNEY OF THE SOUL: Their Soul Card is the 4 of Heart. This emblem symbolizes the emotional structure and support of family. It is the heart of the family; that which keeps them together.

In an ideal world, the 10 of Spade use their success to enhance and provide for the family nucleus. The soul of the 10 of Spade has come to experience this process. It is a process that makes them feel loved, and is what motivates them.

People born on a Ten of Spade day have unusually quick minds. The best careers are those that help them diversify or provide quick turnovers. They lose interest when they are not mentally stimulated.

All Ten of Spade make excellent sleuths. They will work silently – behind the scenes, until ready to strike out on their own. Successful occupations are ones that give them freedom to travel or engage them in some aspect of arts and entertainment or showmanship.

The 10 of Spade person gives a lot of themselves but don't always get it back. They are magnetic, but emotionally vulnerable and can be taken advantage of. They have a deep appreciation for music and love of beauty. Many composers are born on a 10 of Spade day.

The financial security of loved ones is one of their major concerns - and stresses in life. Failure to provide for their family or loved ones often results in a life of drudgery. The Ten of Spade make sacrifices for the people they care about and are inspired by the

dreams and ideals of youth.

After age 91 the cycles repeats.

Cosmic Lesson Card: Seven of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Seven of Diamond Meaning - Conflict Between Spirit and Matter

Karma for the 7 of Diamond - Harmonization of Money and Love

Fire-Wands - Planets: Double Venus

The 7 of Diamond is a card necessarily associated with money - for good or ill, little or much. It is a card of power and accomplishment. And for those who have not acquired a sense of value, it is known as the Card of "Wine, Women and Song"

The lives of the Seven of Diamond people seem to follow cycles of 5 or 7 years; changes are often violent, always sudden.

There is a great love of home for all 7 of Diamonds, but they may have to wait for it, as their early life is filled with many changes.

The Seven of Diamond is one of the "swing cards", exchanging places with the 9 of Heart every other year. This symbolizes a challenge in balancing love with money. When their love life is running smoothly, the need for earning money becomes the priority - and when there is wealth, the stability of their home life tends to suffer!

Cosmic Reward Card: Seven of Hearts

(metasymbology.com:)

HEARTS: Love - Relationships - Faith

SEVEN: Sensitivity - Overcoming

CHALLENGE: Mastery

Water-Cups - Planets: Mercury & Venus

HEART: The Heart personality is here to learn about human love and relationships. The spirit of heart navigates the turbulent waters of emotional energy. It is the area of life most difficult to master. The heart personality creates experiences that demonstrate love is the sole (soul) power behind all power.

SEVEN: The value of seven is victory. It is a sensitive vibration that rides the razor's edge of life's hard experiences. It is stressful and tense. It is the number of obstacles.

The personality of the 7 is chosen to overcome adversity by rising above and beyond the challenges of their karma.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Heart. This emblem is symbolic of the healing power of love. It symbolizes restoration, and reconciliation. It radiates charm and magnetism. The wise 7 of Heart use their soul-power to attract the help they need. They turn obstacles into victories and harness their emotional stress as motivation to succeed.

Childhood experiences teach the young Seven of Heart that in order to overcome adversity, they must rise to the challenge quickly. They and their family receive many

calls for help, usually financial, which creates an understanding of money as a necessary evil.

Seven of Heart personalities operate on a higher frequency. Their mind stuff is highly cognizant of light energy, which they tap for creative ways to release the incessant stresses of their youth. Many artists, singers and entertainers are born on a 7 of Heart day.

The most challenging karma for the 7 of Heart has less to do with the spirit of the heart than it does with learning how to use their fine minds. They have such broad viewpoints, it's difficult to narrow down the channels of thought. They are busy inventing and building bridges to progress while the rest of us mull over cause and effect.

There are those, of course, whose evolution is on a lower frequency of light. For those seven of Heart, mental frustrations create a lazy mind, unwilling to rise to the challenge. Emotionally wilful, there are no half measures for the 7 of Heart! For good or for worse, they are self-sacrificing and loyal to death do they part, or the romantic rebel, unwilling to take on the emotional work for a committed relationship.

Cosmic Moon Card: Five of Spades (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

Note: If you would want to go deeper into this specific divination: there are different

spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

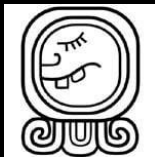

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Unity (1) Cimi

North (White) glyph: Support / Comfort

Day Sign: Death

/ Transformer / Worldbridger / Cimi (Yucatan) / Kame (Kiche)

Cimi types tend to be security conscious, materialistic, sacrificing, accepting of change, and helpful. They are not often confident leaders and will more often comfortably accept a secondary role or position.

Tradition appeals to them, and since they have a strong faith, so does religion. Often those born under this sign are unsure of where their life is headed, and faith or instinct are all they can go on.

They are materialistic, very concerned with domestic security, and may have an interest in real estate, or perhaps work with homes or houses in some way.

They have an interest and concern for the community and politics and are concerned with what is happening in the world or their neighbourhood.

They like to feel that they can do something about it. They cooperate well with others

and rarely allow their egos to get in the way of progress toward the collective goals in which they believe.

Those Cimi who make politics a career will often associate themselves with powerful allies, even with those more powerful than themselves.

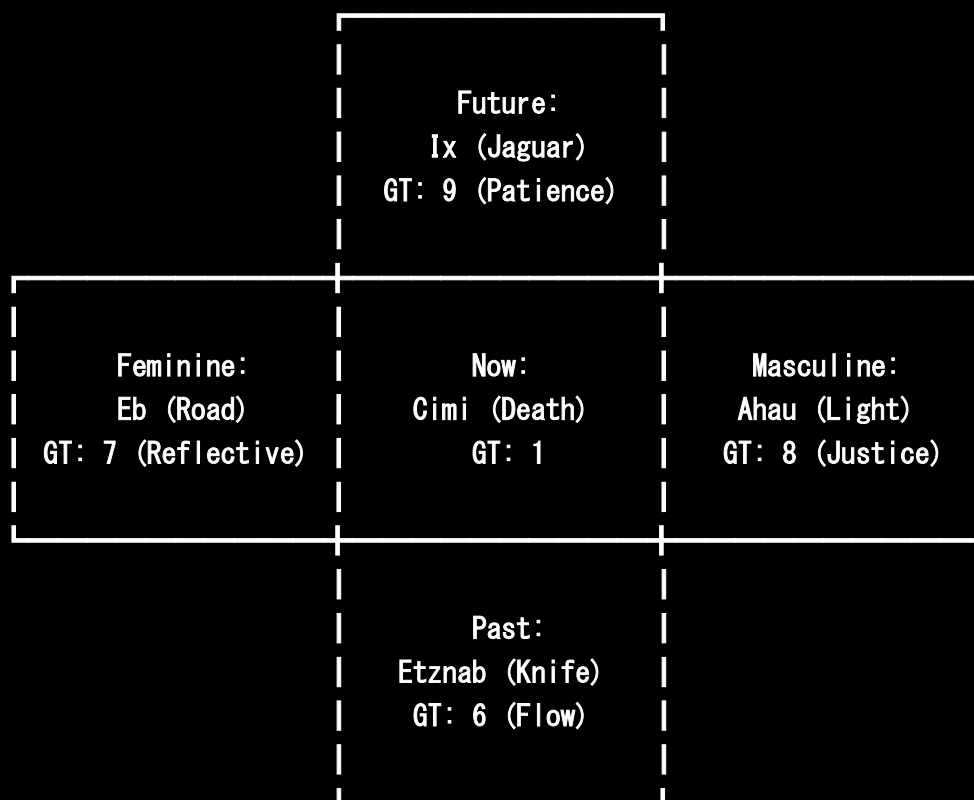

Cimi types take all kinds of responsibilities very seriously. Obligations to others, and a sense of duty, tend to dominate their lives. Because Cimi types are usually polite and hesitant to speak their true feelings, they tend to give in to others more often than may be necessary or even reasonable.

Challenge:

To have faith; not to be a victim; not to feel obliged to make too many sacrifices.

Solution:

To become truly useful to society and the world around them.

Four Directions

Those born on this "day of death" are fortunate indeed, for this is one of the luckiest birthdays in the entire calendar. These natives share many traits with those born under Akbal which, like Cimi is associated with the Underworld.

To the Maya, the Underworld is Santo Mundo, the Holy Earth and underground source from which all power and growth emerge. It is not a place of terror and torment, like the Christian Hell. Those born under the daysign Cimi may well receive the blessings of Santo Mundo.

In the Tarot, the card called Death is sometimes more appropriately called

Transformation. This sign needs to be understood in similar fashion. For those who were born on the day of Cimi, transformations will be smooth and lasting.

Cimi natives are said to have a certain softness or feminine streak about them whether they be male or female, which can be a very advantageous thing. There is a magnetic quality in their gentleness that draws prosperity.

After all, Santo Mundo is the source of all wealth, and it is said that Cimi natives are born to get rich. Like natives of Akbal, those who were born on the day of Cimi often have a great deal of verbal skill. They may well be expert word spinners, writers and communicators. They are a little less likely than Akbal people to slip into the darker waters of the underworld.

Though quarrelsome Etznab lies behind all Cimi natives as their past sign, this echo from the karmic past seldom controls their lives. As their left hand power, the Eb endows them with an intuitive understanding of the rightness of things.

Ahead of them, as their future sign, lies the wise and wealthy Ix, incarnation of Santo Mundo himself. No wonder wealth often lies in their future.

There is an uncanny feeling about natives of this day-sign. After all, their true home is in the pool of souls with the Ahau (Ancestors) linger nearby their right hand power. Thus their male soul favours dreams rather than logic.

Cimi people often have psychic gifts, including a potent quantity of the "body lightning" and according to the Quiche, Cimi natives traditionally make good shamans. As day-keepers in traditional Guatemalan society, they are likely to specialise as "marriage spokesmen". Turning their verbal skills toward matchmaking, they are as romantic as they are clever and may be inveterate matchmakers, always involving themselves in the romantic lives of their friends.

Galactic Tone: 1

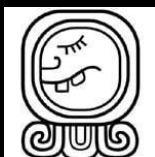

(mymayansign.com:)

Unity

- * Beginning of all things
- * The First
- * The Whole

Integrity is one of your key aspects. Tone 1 represents the stage of creation before duality.

You like to create because 1 is the tone of creation. You take action quickly and possess great power. You are confident and you like moving forward in life. You demonstrate successful performance when you come across an obstacle.

Trecena Sign: Death

/ Transformer / Worldbridger / Cimi (Yucatan) / Kame (Kiche)

Beneath the 1-Cimi surface personality is a person with a strong commitment to the community.

1-Cimi people will sacrifice time for others, though they are often not sure just why it is that they do so.

They have an extremely strong sense of tradition and are attracted to history and antiquities.

They are ultimately down to earth people with deep concern for preservation of the family, community and nation.

Night Lord: 6

Persons born under G6 Night Lord seem to be self-controlled, practical, traditional, and markedly entrepreneurial. They often create a self-sufficient kind of lifestyle or career and may be self-employed. They have a strong desire to build things and are very hard workers.

Their work is rarely of a solitary nature; more often than not, they deal directly with the public, perhaps as a consultant or counsellor.

They take responsibility for themselves and are very self-reliant, but this makes other people less important for them in the process of achieving happiness.

They are strongly motivated by fame and worldly success, and they hold themselves to high standards of performance. They are driven to success in the world because they strive to be accepted by others. Their drive for independence and approval is part of a quest for self-worth.

This inner insecurity is their dark side, and they need to ask why they drive themselves so hard. They are sensitive to the rhythms and nuances of life and may develop a special interest in and respect for the feminine side of life.

Overall, however, their intentions are good and others recognise this fact.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Saturn conjunct the Sun.

The Four Pillars (Ba Zi/8 Words)

The Four Pillars: Hour, Day, Month and Year

The Ten Heavenly Stems are made from the elements; (earth, fire, water, wood and metal) and the qualities; Yin (negative), and Yang (positive).

Year: Outer animal; what you manifest outwardly to the world around you.

Month: Inner animal; less obvious characteristics that you possess but rarely share with others.

Day: True animal; represents who you will grow into as an adult.

Hour: Secret animal; who you are at your very core—your truest nature.

Made use of the calculator at <https://psychicscience.org/pillars> by PsychicScience.org to get the right data, and also the interpretations for the pillars.

The Year Pillar: *Rat* (psychicscience.org)

Year: Cohort "Rat on the Crossbeam"

Heavenly Stem Yang Metal (Transformation)

The Year Pillar represents the characteristics that you may expect to share with the cohort of people who are born in the same year. This pillar comprises the elemental energy of the year's Heavenly Stem and the typical manifestation of its Earthly Branch (the year's Zodiac Sign).

(chinesezodiac.com)

Personality: Occupying the 1st and most prominent position on the Chinese Zodiac, the Rat symbolizes such character traits as wit, imagination and curiosity. Rats have keen observation skills and with those skills they're able to deduce much about other people and other situations. Overall, Rats are full of energy, talkative and charming but they have a tendency to become aggressive.

Rats are full of good advice but they will never share their troubles with others. They are honest individuals and they enjoy living for the moment. They're also capable of surviving any situation.

Health: Overall Rats enjoy good health. They're very active which helps keep them in shape and able to fight off sickness. They can at times be tense, aggressive, and full of nervous energy, conditions which can lead to stress. Regular exercise designed to calm will benefit Rats.

Career: Extremely perceptive and wise, Rats can focus on the big picture. That ability along with their good judgment enables Rats to solve problems before they arise. Rats

focus on titles because titles translate into status and money; two motivating forces. Rats make excellent bosses. Routine halts their creativity so Rats need flexible positions that allow creativity. Good career choices include: administrator, director, manager, entrepreneur, broadcaster, writer, musician, stand-up comedian, politician, lawyer, researcher, and race car driver.

Relationships: Rats are very charming. They enjoy social activities and because they're out a lot, they're always meeting new people. They aren't good at breaking off relationships however, and this presents problems going forward with new relationships. Anyone hoping to partner with a Rat must be able to keep up with the Rat's active nature.

Element: Metal

Metal Rats are strong-willed individuals who are determined to get what they want, regardless of the cost. Intensively emotional, their behavior can border on extreme. Possessive feelings, envy and rage can cause problems. Relationships can be problematic as Metal Rats are obstinate.

The Month Pillar: Rooster (psychicscience.org)

Month: Elder Self "Cock crowing at Noon"

Heavenly Stem Yin Wood (Freshness)

The month pillar represents your archetypal inner qualities, especially as these express a deeper, wiser or older self. It may also indicate characteristics that become more apparent in your later years.

(chinesezodiac.com)

Personality: Occupying the 10th position in the Chinese Zodiac, the Rooster symbolizes such character traits as confidence, pompousness and motivation. Those born under the Chinese Zodiac sign of the Rooster are loyal, trustworthy individuals who are blunt when it comes to offering their opinions. Their bluntness stems not from being mean but from being honest; a trait which Roosters expect from others.

Roosters are extremely sociable and prefer being the center of attention, always bragging about themselves and their accomplishments. They continually seek the unwavering attention of others which can be annoying. Roosters are as proud of their homes as they are of themselves. They're extremely organized individuals as evidenced by the fact that their homes are always neat.

Health: Overall, Roosters are active individuals and their preference to be active helps keep them in good health. When they do become ill, they feel better quickly. They can at times however, take on too much and when that happens, they'll feel stressed and moody.

Career: Roosters are highly motivated and hard-working; traits that enable most Roosters to have successful careers. Not surprisingly, Roosters make good actors, musicians and dancers. Other good career choices for Roosters include: CPA, banker, dentist, insurance agent, secretary, and book keeper. Roosters also do well in the armed forces.

Relationships: The Rooster's bossiness and honest "tell it like it is" approach doesn't work well with sensitive individuals. Roosters need to partner with those who are tough-skinned. They're the individuals most capable of realizing that beneath the tough exteriors are huge, caring hearts overflowing with love.

Element: Wood

More team oriented, Wood Roosters have many friends and acquaintances. Forever trying to seek the good rather than the evil in people as well as in life situations, their only fault is the tendency to not complete what they start. This happens because they frequently take on more than they can handle.

The Day Pillar: Dog (psychicscience.org)

Day: Social Self "Watch Dog"

Heavenly Stem Yang Water (Potentiality)

The Day Pillar is generally the most significant. It indicates your everyday personality - the socialized version of yourself that you normally express and that other people experience and respond to. It may also suggest characteristics that become clearer in your adult years, or when you are at your prime.

(chinesezodiac.com)

Personality: Occupying the 11th position in the Chinese Zodiac, the Dog symbolizes character traits such as loyalty, compatibility and kindness. Dogs frequently offer kind words and useful advice, always listening and lending a shoulder when necessary. Dogs often become deeply involved in others' lives and are sometimes perceived as nosy. Ensuring others are happy is more important to the Dog than wealth, money or success.

Dogs are determined individuals; always wanting to master a new subject before moving on and always finishing what they start. Dogs value friendships; they're loyal, honest, trustworthy and reliable and have strong morals and ethics.

A well-kept, organized home is very important. Keeping a clean home and helping at work stems from the Dog's need to be active and involved. Dogs spend money wisely, passing on luxury goods in favor of practical items. Dogs also prefer saving money to cover future expenses.

Dogs at times can also be temperamental, narrow-minded and stubborn. When this happens, the Dog takes off alone in order to make things right again inside its head. Dogs can benefit by learning to relax and being more rational.

Health: A happy Dog is a healthy Dog and it's easy to tell by the Dog's sad or depressed appearance that it's not feeling right. Dogs are resilient, especially when fighting illness.

Relationships: Although Dogs are trustworthy, they have trouble trusting others. It can take a long time before a Dog feels at ease with another person. When Dogs don't build trust they're judgmental and rough towards others.

When it comes to romance Dogs often have a tough time. Others are often scared off by the Dog's insecure, worrisome and frequently anxious nature. Dogs are known to be cold emotionally and critical.

Career: Coworkers can always count on Dogs to help out, especially if it means the Dog will learn something new or alleviate the workload of others. Dogs are seen as valuable employees. Good career choices for Dogs include: police officer, scientist, counselor, interior designer, professor, politician, priest, nurse, clerk and Judge.

Element: Water

Less independent, Water Dogs become more self-confident when they're part of the pack. They prefer being in the pack rather than being the pack's leader. They're faithful, affectionate, flexible and relaxed.

The Hour Pillar: Rat

(psychicscience.org)

Hour: Natural Self "Rat on the Crossbeam"

Heavenly Stem Yang Metal (Transformation)

The Hour Pillar represents your natural, spontaneous, untutored self. Perhaps you usually keep this self private, holding back from expressing its qualities because they might appear childish or otherwise unacceptable. When under stress, or at times of crisis, you may find that your natural self tends to burst out uncomfortably. Alternatively, when you are fully relaxed, or in the company of children, it may express itself through play or creative activity.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Birthday:

22 March - 31 March

Meaning of the Hazel Tree

Hazel trees are actually inconspicuous shrubs that have so much good and useful hidden inside them. So do people born under their rule.

Characteristics and Personality

They are quiet, discreet, they never draw attention on them, they do not raise their voice and very often you do not notice when they are around. Nevertheless, the saying "Still waters run deep" describes them well. Hazel people are usually very intelligent, they have great memory, good intuition and the ability to learn quickly. They come across as plain but potent people. Exactly this type of people used to be considered a saint or

blamed for witchcraft a few centuries ago.

Hazel people usually achieve their goals easily because they are able to take advantage of all their abilities. In relation to others, they tend to be friendly, helpful and easy-going. They can be very patient, understanding and selfless, and they are very generous to their friends. They always start everything with love and goodness because they believe that is the easiest way to achieve things. However, everything can change when they become disappointed in their relationships; then they can harden up and stop trusting. Despite all of their talents they can be moody and unbalanced. Thanks to their foresight and high intelligence they often come up with unusual ideas and solutions that they have thought through to the smallest details.

Although Hazel people tend to be successful in life, they do not like to be spoiled by luxury. They are perfectly adaptable and even little things can make them happy. Fluctuations in their mood are seldom caused by external conditions. So there are moments in their lives when it is better to get out of their way. The same is true about their love life; most of the time they are loving partners, but sometimes they become very grumpy. Still, life with Hazel people is interesting and pleasant, albeit full of change. They are usually reliable and faithful partners in marriage.

Only a few Sun in 10th house people remain in obscurity because these natives have a special need to be respected and appreciated in society. It's like they've been born for nobility and for inspiring others to be greater people.

Summary:

Strengths: Responsible, sensual and hardworking;

Challenges: Superficial, tyrannical and vain;

Advice: They need to learn to balance career and personal life.

Beyond ambitious

People with the Sun in the tenth house like to work hard for their goals, success and feeling of accomplishment because power is in their blood.

They hate taking orders and have a need to be the ones with authority at work. It's important for them to evolve in a career where they're the ones who manage, not those

being managed.

These people should deal with the fact that they're ambitious, but not create a fake image of themselves and try to act as if they have a higher position than they actually do.

Sun in 10th house natives are determined to succeed and most of them will, but not until their thirties or even a little bit later.

They may have problems at home because they're always putting career first and are too ambitious about their professional life rather than the family one.

These individuals have all that it takes to be great leaders, even if others see them as arrogant and tyrannical.

The 10th house rules over recognition from the public, the incapacity to take orders and the need to be in control of things.

While the Sun can be unusual when it comes to career, natives having it in their 10th house are thirsty for the attention of their public and have the ability to succeed at any career they may choose.

It doesn't matter their profession, their Sun in the 10th house will be at peace if they're the ones who pull the ropes and everyone admires them for being such hard workers.

Relating to the public image, the house just mentioned makes people with their Sun in it very aware of how others perceive them.

These people are very ambitious to obtain all the respect in the world, whether they're CEOs or just starting at a job.

As said before, many of them are politicians, so power is another thing they'll certainly struggle to get their hands on.

However, they should be careful not to become obsessed with it because a life that is only centered on self-image and power is superficial and not in any way satisfying.

The positives

Sun in 10th house individuals are driven to have as many achievements as possible, from a very young age.

They're hard workers and strong characters who can overcome any obstacle, no matter how difficult.

These people are recognized by the public as responsible and determined to succeed individuals. It's important they learn how to relax and create a balance between their professional and personal lives.

Having a good time while also being successful is possible if they become more willing to also play from time to time.

More focused on what's happening outside their environment and on asserting what their main qualities are, they will use everything they know to obtain a high social position and to get acknowledged at work.

The Sun in the 10th house motivates them to have a strong influence and to get recognized while they're also satisfying their thirst for power and make their dreams come true.

This means they will fight for a good career and a good place in the society, usually managing to obtain a status where they have many responsibilities and get to be recognized by others.

The placement of the Sun in the 10th house influences them to want to put their talents to use and to be better than the crowd, also to lead rather than to follow.

Everything meant to help them advance in their career will fascinate them. They may have an identity that is highly influenced by their job and other things that brought them success or helped them attain their goals.

Usually involved in public matters such as the ones relating to politics and speaking for the masses, these will be of the utmost importance for them.

If they won't have the opportunity to be participants in the public life, they will identify themselves as someone who does, while secretly dreaming to have important people's roles.

They really don't like being private and alone because this limits their opportunities to become successful and achieve many things in life.

It's like something is pressuring them to succeed and to become someone whom they're proud of, often seeming that success and achievements are life-and-death matters to them.

That's why they'll always have high goals and work hard to achieve them. It's more likely for them to go to a job that allows anyone to advance rather than a place where there isn't too much room for climbing the ladder, like in bartending.

They really want to be appreciated and admired for their efforts because this is what builds up their self-esteem. Their goals will be precise and their approach to achieve them methodical.

These natives are the incarnation of professional success, all the negative aspects in their chart being sometimes too difficult to counteract. But usually, they're composed, proud of themselves, authoritative and charismatic people whom others respect and even admire, no matter how reserved and shy they may seem.

It may seem for many that these individuals don't even make an effort to advance in their career because they're all the time in the right place, at the perfect moment.

Dignifying and honorable, natives having their Sun in the 10th house are usually respected and even an example for others.

Usually in leadership positions, as if their Sun would be in the 1st House, they hate being commanded and second place.

It's like all the ambition in the world has gathered in them, so their goals will be reached more or less easily, depending on how difficult these may be.

It's important for them to have ambitions, yet they should pay attention because a rapid professional evolution can also bring them many enemies.

Not that they shouldn't chase their dreams anymore, they should just be more aware that some of their colleagues may try to impede them from succeeding.

The negatives

The Sun in 10th house individuals tend to identify themselves with what they've accomplished in life. If they won't realize they're more than the sum of their successes, they will all the time believe only career is important.

Their profession may also be a big part of their identity, making them feel very proud if it's a noble one and they have managed to get recognized for being good at it.

If they haven't achieved that much at work, they will think less of themselves, but still have their work done in a perfect way.

If the Sun in the 10th house is afflicted, the natives with this placement may be tyrannical and abuse their power in order to deal with their insecurities.

It's also possible they'll work around the rules and step on others to get where they want, causing Saturn to become angry and to remind them through its negative influence that they should be more honorable.

The fact that they want success may have something to do with their kept-away insecurity, but the Sun's energy would have them overcoming this issue and become more stable, able to find their center and also turning their assertive or exploiting ways into a need to cooperate and make things better for everyone.

If insecure, they may feel only professional success can save them. As they appreciate themselves based only on what's not all the time in their control, they may feel not worthy when their boss doesn't give them the position that they're working so hard for.

In this situation, they may push themselves to the extreme, until feeling there's only emptiness in their life. Just success makes them feel authentic and happy, this being sometimes problematic when working with others.

Another way through which their insecurity expresses itself is when they become so intimidated by their need to be the best that they no longer know what standards should try to work by and thus, fail all the time.

This means they'd start having a low self-esteem and no matter how much they may try, anxiety and stress would be the only ones ruling over them.

Authority is what makes them weak as well because they want to have it too badly. They should be mature enough and leave their pride aside as this is the only way for them to develop in an efficient manner and from inside out.

In case they'll manage to attain a certain level of maturity, they will certainly turn into models of power and responsibility for others.

The Sun in their tenth house makes them oppose authority while commanding it themselves. This would be a downside because they may bother some important and influential people in their life and not obtain what they want the most, which is success.

It can be challenging for them to be parents because they're too authoritative, but at least they'll be appreciated at work for this.

They feed their higher self through emotions, and when they need to feel secure, they just start to rely on mere thought.

Thinking comes naturally to them, being an everyday habit, but their thoughts may change from one minute to the other. Capable of nurturing others with their thoughts, they're more than often considered wise and intelligent.

While this is one of their strong points, it can also be a weakness because many people can't appreciate a good advice and want concrete help, not to just be supported with a kind word, regardless of how encouraging and optimistic.

Not big fans of intimacies and emotions

People with Moon in the 9th House need to understand the world through their own philosophies. The position of the Moon in this House indicates they have absorbed every piece of information on religion, politics or another humanistic subject from their parents, ever since they were children.

Everything about them, including their emotions, is directed at understanding the higher subjects and each and every new culture they're stumbling upon in their travels.

Their way of life makes them more understanding and very comfortable when around strangers. Adventurous and wanting to discover new places, Moon in 9th House natives think of life as a journey and can't feel happy if they aren't all the time moving, learning and understanding.

These are not at all the type of people to need a comfort zone, not even if they're conservative Sun or Moon Tauruses. In this situation, they would take all the traits of this sign on the road with them.

This means they have an exciting life, but the downside would be that they're always restless and wondering if life in a different place would be better.

It wouldn't matter what religion they belong to; the meaning of their life would be all about believing in something and always moving forward with their level of understanding spiritual challenges.

The way they emotionally respond to different philosophical ideas is very much influenced by the Moon.

Even if their Moon sign is a very intense one, their passions still burn out quickly, moving on faster than the wind. When seeing others are not capable of doing the same thing, they'll become frustrated and won't try their best to change anything.

No matter their Sun sign, all of the people with Moon in 9th House are always seeking to nourish their insights on life.

They may feel self-righteous in their need to have an audience all the time. Their intentions are always good, but they tend to make their beliefs so solemn that others get turned off by their preaching.

However, they have high morals and are very honest, so don't expect them to ever sugar coat someone or to hide what they are feeling. It's like they can never lie about anything, because they are too transparent and others would immediately feel they're up to something.

Therefore, many will appreciate them for being straightforward and for not wanting to get engaged in all sorts of mind games. Some of them will be so honest that others find them rude. It's not their intention to hurt someone, they just feel emotionally free when being honest.

Moon in the ninth House individuals can be so objective about their own feelings that subjectivity can feel very intruding for their subconsciousness.

This also means they're terrified of getting too intimate with others because this could make them feel like their privacy has been invaded.

Another situation that makes them emotionally insecure is the one when they're displaying their own emotions as they think of feelings more as of a sport or something adventurous. This is how they're protecting themselves from getting hurt.

Short Version [2]

Strength: creative, clever, practical, witty, pleasant, charming, attractive, attains wealth later in life, influential, cordial, careful with words to avoid expressing anger, driven in control, values social rituals and consideration of others, provides service, industrious, takes advantage of opportunities in foreign lands, intelligent, persuasive, unattached and has several relationships.

Weakness: enjoys competition and disputes, restless, changeable, charlatan, selfish, emotionally unsettled, low self-opinion, critical, overindulgent, shameless, mistrustful, repressed, health problems, nasty, drug abuse, controlling, use alcohol or food as

coping mechanism, desires spiritual experience.

Overview [1]

- Lord: Chandra (Moon)
- Symbol: Hand or fist. This represents power, dexterity, communication, and blessings. The open hand is traditionally used as a symbol of blessing in Vedic culture.
- Power: To attain what is sought. Hasta has the ability to bring goals to life quickly and place tangible results in hand.

Strengths [1]

The influence of the Moon, as well as that of Virgo's ruling planet, Mercury, places a strong emphasis on the mind. Hastas are intellectually creative and able to come up with original ideas and new ways of doing things. Skilled in speech and writing, your eloquence allows you to share your ideas effectively with others. Your creativity may also express itself through your hands — you have natural talent in arts and craftsmanship and will likely have a variety of skills.

The presence of Hasta natives is calming. You are down to earth and not easily ruffled. You are patient and sensible, and rarely waste your time on ill-conceived pursuits. You have incredible foresight, able to predict the outcome of various courses of action with accuracy. As a result, the things you dedicate your energy to usually succeed.

Hastas wield a good deal of power — the strength of your personal character and your shrewdness make you a force to be reckoned with. When you work toward something, you do it with industriousness and determination and usually have a solid plan in place. You are disciplined and don't get easily agitated or thrown off course.

Hastas are generally well-liked. You have an aptitude for healing — which may manifest in subtle ways — and for helping others. Charming, polite, and always eager to do the right thing, you draw people to you with your personality as well as your attractive appearance.

Weaknesses [1]

The shadow side of Hasta is a competitive nature that values success at any cost. This results in an inclination to outwit and circumvent obstructions in ways that might not be ethical — you can be merciless in your determination to reach your goals. You may be excessively critical when under stress and lose your natural patience.

Hastas often do have to deal with stress in their lives — you might feel overburdened or repressed, and may struggle with your self-esteem. In your early life, you could experience hardship and might feel that there are endless barriers to achieving success. Your success will probably come later in life. Finding a path that offers spiritual fulfillment, rather than just material success, will create a positive shift for Hastas.

The external and internal struggles you face can make you give in to your lower impulses. If you start to indulge your every sensual desire, you could fall into a lifestyle that is morally and physically unhealthy.

You may struggle with your health throughout life. Hasta natives are sensitive and easily affected by subtle hazards. Be mindful of the environment around you. Spending time in

nature regularly can be a great healing agent.

Other Personality Traits [1]

- You give good advice. You are able to perceive all angles of a situation and to predict possible outcomes. This allows you to offer sound solutions to those who come to you for help.
- You are a good listener. An excellent communicator on all fronts, you possess not only the gift of speaking but a gift for listening. You know that to communicate well, it's even more important to listen than to speak.
- You may have a volatile life. Although you may achieve great things, you may also have great struggles. Your life has many ups and downs and you experience many changes.
- You will probably have wealth. Although it might not happen immediately, it's likely that you will achieve success and prosperity.
- You are martial. You have qualities that are reminiscent of a warrior. You have a militant discipline and determination and a combative personality.

Career [1]

Hastas' intelligence, range of abilities, and communication skills make them suited for many careers. Roles where they feel they are truly accomplishing something will be the most fulfilling. They should avoid positions that are too routine and might bore them. Some ideal professions include:

- Artist or craftsman
- Teacher, researcher, professor, or writer
- Business or personal advisor
- Doctor, nurse, chiropractor, masseuse, or alternative healer

Health [3]

These individuals are confronted with few health issues. They may be prone to persistent coughs, colds and asthma. At times of great challenge, they require adequate support to maintain their mental health.

Physical Appearance [3]

Ruggedly handsome men and similarly pleasing women, the Hasta natives are general tall. Well-developed bones and a stocky stature are common. Their hands are said to be short and many have an identifying feature on the back of the right hand or shoulder.

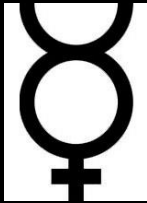

Pada [1]

Moon ☾ in first pada

(10°00'-13°20' degrees Virgo): Aries navamsa. You have a seemingly inexhaustible energy. You are always doing something and love a new challenge. Even more competitive than other Hastas, you are always ready for an argument and may seem to create conflict out of thin air. You are intelligent but may be prone to act deceitfully. You

can be sharp in your speech

Mercury ♀ in ♍ Virgo man 8° 26'

([894] i.thehoroscope.co)

He may suffer a bit under the curse of perfectionism but he's kind and realistic enough to also bend rules from time to time.

The Mercury in Virgo man couldn't be any happier than when given a problem to solve, a particularly difficult one to boot.

Taking things apart to see what they're made of, the little details, the components that could bring a greater understanding, these are all the more important for him.

In a nutshell:

Positives: Witty and ambitious;

Negatives: Careless and changeable;

Soulmate: Someone who has similar aspiration to theirs;

Life lesson: Taking a more open-minded approach to things.

He's constantly trying to become better

The interesting thing about this Mercury in Virgo driven native is the fact that he can very well become a master manipulator by leading his interlocutors by the nose.

Deception, persuasion, trickery, he can resort to anything in order to get what he wants. Some things will become automatic responses, with no emotion behind them, and he can weave a very complicated story that almost anyone believes.

There is no one who can hope to stand up to his tricks and playful demeanor.

But just because Mercury in Virgo rules their development, this doesn't mean that these men are social butterflies per se. They may be flirting with women, but they are very restrained and keep to certain self-imposed rules that they make for themselves.

They hate it when people ask them to wait or when others beat around the bush. Just be straightforward, man, for bloody hell! Don't dawdle, just say what you want! Why can't

everyone be like him?

These natives are intellectual and curious. They don't have time to fool around as they got important stuff to do.

He's constantly trying to become better, to know more, to raise his skills above the limit, and creating their own dreams and expectations.

Also, being in love with structure and order, it's clear that he is also a cleaning-freak, always keeping an eye on the house, looking for the smallest smudge of dirt or dust. Professionally, he hates having to work with irresponsible and disordered people.

Perfectionism can be his greatest curse most of the time. Why is that? Because he can't help it but see his own flaws, getting deeper and deeper, so he will fall into a state of despair brought about by self-criticizing and self-loathing.

He doesn't show this in public though, but this contradiction is there, you can be sure of that. Moreover, he's very flexible and diplomatic in his approach to other people.

He changes his attitude depending on the interlocutor. Romantically, he can be quite a flirter and he loves women who assume their feminine personality.

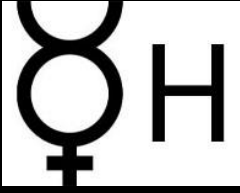

Men born with Mercury in Virgo are extremely intelligent and smart, pure and simple. They are capable of discerning the essential information out of a clutter of disordered data, put it into chunks, order it, and finally assimilate it thoroughly.

He has an expansive mind and a very open-minded approach to most things. He won't just reject an idea simply because it doesn't meet his expectations and personal convictions.

Moreover, his dreams and aspirations are more realistic than most, and thus more likely to be achieved. It's not that they are short-term desires, but long-term serious endeavors that they plan accordingly for.

These men are also straightforward and concise. The shortest path between A and B is a straight path. This is basically the founding stone of their thinking mechanism, and it's actually a very efficient and productive one.

Mercury ☿ in IX 9th House

([916] i.thehoroscope.co)

This placement of Mercury prompts one to be the eternal wanderer, the permanent student of life and to never get tired of experiencing new things.

The Mercury in the ninth house birth chart aspect is associated with the desire to know, to gather knowledge and to expand one's mind beyond the confines of the norm.

These natives are going to likely become writers, reporters, scientists or ideologists. Seeing how they have such firm ideas and principles, accumulated through endless debates and painstaking researching efforts, it's obvious why their words have a great impact on everyone else.

Summary:

Strengths: Analytical, observing and generous;

Challenges: Cynical, cautious and aloof;

Advice: They should put greater effort in understanding others.

A great mental capacity

We can safely say that there is no one who can match these natives when it comes to intelligence, natural curiosity, cultural knowledge, and pretty much anything associated with the development of one's mind.

This aspect combines Mercury, the planet of communication, with the ninth house of higher learning, of intellectual stimulation. This can only be called the luckiest and most unfair (for how lucky it is) coincidence.

These people are endowed with analytic and observational aptitudes, great adaptative powers, and a great talent to solve problems with little to no effort.

They find it very refreshing to talk to people, share their ideas and convince others of the veracity of their claims. It's very fulfilling and satisfying when others change in good as a result of their advice.

These 9th house Mercury natives are the eternal wanderers, the permanent students and people who genuinely believe they always have something to learn, that the world is boundless and filled with an immense quantity of knowledge.

They are the people who would instantly choose knowledge or mental capacity if they had a choice to be offered a boon.

Philosophy, theology, science, ethics, and existentialism, are but a few of their interests, some of the most expansive and interesting.

If a journey has to be made, great efforts have to be put at the altar of knowledge, they will not hesitate. Moreover, the truth has to be anchored in logic and reason for them to perceive it as such.

They will never get bored or ever stop learning because it's such an interesting and fascinating thing to do. Absolutely everything in this world, even the simplest of things, hide immeasurable interesting things within it, untold mysteries that no one knows of.

And they are interested in these potential explanations, in the insight that you get once you research something for long enough.

Enthusiastic, searching for inspiration, they are capable of seeing the grand scope of things, to use their knowledge for good, to solve problems and offer advice.

The positives

Mercury in the 9th house natives are efficient in society, good at making decisions, resistant under pressure, and an invaluable contribution to any project or a joint effort.

They know what to do and how to do it, regardless of what it is, and you will quickly learn to depend on these people for pretty much everything.

They are adaptative and flexible so that nothing really surprises them. They are also a source of inspiration, an ideal to follow, someone to look up to because of their incredible thirst for knowledge and lifelong achievements as a result of this trait.

They're different from the other people in that they are open to anything new, to changes and transformations, to cultural enrichment.

Traditions and societal regulations, stereotypes or narrow-minded approaches mean absolutely nothing to them.

These people are unique, broad-minded, flexible, tolerant and interested in knowing everything, in establishing healthy relationships with other cultures and learning other languages.

It's highly possible that these natives will choose to become teachers, spiritual advisors or people who guide others toward the truth.

Their knowledge, curiosity and communicative nature make them perfect for this position.

They are not only able to do this but also quite keen on sharing what they know with others, in an attempt to change and illuminate the minds of everyone else.

They want to inspire others to aspire for more, to overcome their limitations and reach for the skies, to achieve their full potential.

Obviously, they tend to perceive the spotlight as a natural birthright, and there is no lack of arrogance or self-confidence.

Religion is also one of the domains where they could actively involve themselves since theology is a great field of knowledge that they have surely researched about.

However, they will need to seriously analyze themselves, to discover whether they are ready to pursue this path with all honesty and purity of reason.

Otherwise, if they are still plagued by egotism and arrogance, it would be better to let it go.

The negatives

One of the downsides to being so interested and passionate about learning and accumulating knowledge is that they often dismiss things as unimportant, put them on the backburner and ignore them, just to pursue their interests.

These are the details of day-to-day life, the chores, and responsibilities that one must do. They just can't pay attention to the little details or seriously take them all into consideration.

They only have so much focus and concentration power that they choose to direct toward the more important or pleasing goals.

It's advisable for them not to take any decision before thoroughly analyzing and doing a solid research. Facts are essential to an educated decision.

Because they are still human, with only limited potential and only so much memory to put a limited amount of information in, they will choose to specialize in one given domain, one that they excel in.

Sure, they do have a ton of knowledge on absolutely everything that you can think of stocked in their brains.

There's simply not enough time to become adept in multiple subjects because, to them, excelling in something refers to something completely different than what most people think of.

There is also the danger of turning principles and ideas into ideologies, being stubborn and preaching in order to convince people of the veracity of their claims, without taking the time to take their beliefs into consideration.

Understanding, tolerance, humbleness, and open-mindedness toward other opinions are all needed in order for the Mercury in 9th house natives to reach for the skies, but the potential is surely there.

bounding, a lot of patience and sense of sacrifice are needed.

This man wants a partner who can be able to go aboard his ship with him for a lifetime journey, without being scared by the underwater dangers that society brings about.

For him a relation is more than a romantic trip, it's a partnership where both can make their life easier, and solve all the problem which may appear in this process.

The man born with Venus in Virgo can find interesting things in the most boring situation because he tends to see the full part of the glass. That means that he enjoys working a lot.

He wants to know that his partner is more than a beautiful face, but he has to relax sometimes and just enjoy the world in the way that she is.

He is quite insecure, and due to all this insecurity, he may find fault with everything that you do or say, even if he doesn't have a right to do so, but this is just the way he is, so if you are patient with him, you can solve all your problems at the end of the day.

If their partner would try in any way to restrict them, they will immediately leave the relationships and look for someone new. They want a person who's ready for adventure and doesn't mind exploring the world at their side.

One of their downsides is that they're always thinking the grass is greener elsewhere, so they're often dreaming of what can't be attained and don't appreciate what they already have. Tending to their own "garden" would be a great idea for them, because they have all the chances to become famous and respected with the resources they already possess.

Summary:

Strengths: Attractive, sensual and adventurous;

Challenges: Clingy and restrictive;

Advice: Loving yourself should come first.

Always self-sufficient

These people should be careful with their continuous dissatisfaction, because they always think other circumstances would make their life better.

This can impede them from enjoying their life, which isn't in any way advantageous. The fact that they're always looking for adventure can help them be happy, however.

Their open mind and love for everything that's new indicates they're very much like Sagittarians when it comes to the way they love or live their life.

If Venus in the 9th House is in a negative aspect, they may not finish their studies, but

still gain a lot of knowledge from what they have been taught in school. For them, it's not about getting a diploma, it's about knowing things.

This attitude will help them a lot in their career, and the fact that they easily mingle when surrounded by people with the same interests as their own means they will make great friends anywhere they go. This will be more important for them than the graduation paper and grades.

In love with arts and religion, they are the type who enjoy any type of ceremony and go to weddings. Traveling is not their only their favorite thing to do, as they also love reading or writing.

They will decide in which country to live and what culture to study and become experts at everything about that nation.

They always want something new to happen in their life, and they're people of action rather than talkers or the type who waits around. When they feel like they're not learning anything new from a relationship, they start to no longer be in love and decide to leave.

Not at all able to stick to a routine, they want the unusual and can fall for their teachers or people who guide them in life.

People who are interested in the same things as them will always be to their liking, so don't expect natives having Venus in the ninth House to fall for someone who doesn't like having fun or traveling.

Open to new ideas

Very adventurous and open-minded, Venus in 9th House natives love to expand their knowledge and to learn new languages or about different cultures. It doesn't matter in what sign Venus is in their chart, they will always have the touch of the Sagittarius.

It's like the Sagittarius' traits can be seen everywhere in their character, because this sign is also the adventurous traveler who wants to learn and to talk philosophy. They will always fall in love with the spirit and not the looks or the social position.

Venus ♀ - Fall in Virgo

Mars ♂ in ♌ Leo man 11° 47'

([965] i.thehoroscope.co)

He wants others to see him as dominant and confident and it is known he avoids doing things half-way.

The Mars in Leo man would like for everyone to praise him constantly, to perform in front of large groups of people, to showcase his skills and talent to the world. He's got the charm to conquer the world, and his aptitudes go beyond what mere individuals can achieve.

Unfortunately, in his search for attention and praise, he forgets to pay attention to the needs and wants of his close ones, particularly those of his partner. He may be incredibly sexy and devilishly attractive, but this doesn't mean he can just do what he pleases.

In a nutshell:

Positives: Creative and ingenious;

Negatives: Obstinate and boastful;

Soulmate: Someone who has a kind and spirited personality;

Life lesson: Don't forget to praise others' efforts too.

He wants to be noticed by everyone

This man is very confident in his own abilities and his behavior reflects this most thoroughly. It's like nothing can stand in his way, not even the sturdiest of obstacles and the mightiest of enemies.

Like the world was his playground, he takes what he wants, when he wants it, without asking for anyone's permission. This is what it means to be a Mars in Leo man.

He can be very egocentric and narcissistic, and they will never openly admit to a mistake, even if it's clear one was made.

Generally kind and generous, he still wants to be admired for his humanitarian tendencies, so he helps out anyone when he gets the chance.

Because he wants to be noticed by everyone else, he also dresses the part, with bright colors and as outgoing as possible.

If you want to have a happy relationship with such a man, you'd better make sure that you have all your attention focused on him.

Never forget to praise his efforts, to show your maximum appreciation for all that he's doing, and most importantly, don't issue a challenge that you can't take to an end.

He is a very prideful and self-centered person, so he won't back off from a conflict that involves his own principles.

The man born with Mars in Leo wants you to see him as the dominant and confident man that he is, the husband that you always wanted but never found, the perfect partner that will fulfill all your dreams.

Romantically, they will want to attract the attention of their prey as soon as possible, and in the most obvious of ways.

So, expect someone coming to your window tonight, singing at the top of his lungs, confessing his love, or sending you a love poem with a fragrance of your favorite perfume.

He is creative, inventive, and he wants you to know that he doesn't do things half-way,

only the most eccentric and evident shows of love. You've got to remember them for a lifetime, and this is exactly what they want, to be unique amongst crowds of copy-cats.

However, things don't always go as planned, and they sometimes get rejected right in the middle of things, when they were preparing to start their confession.

This hurts them deeply because they've spent so much time and put in so much heart, that it's hard to just give up.

Even worse, they've been embarrassed and made fun off in the harshest of ways. In order to avoid this, they should try to change their perspective, think about what the other would actually like, instead of trying to put their ego forward.

His aims in love are pretty high up

From a very young age, people will take notice of his impulsive and stubborn attitude, of the dominative and egocentric demeanor.

Many will find him annoying and a pain in the rear, especially his parents, but he's going to grow up eventually, a man of his own caliber.

Also, he might be perceived as the stereotypical Don Juan, the individual who is always surrounded by many women, the one in charge, the leader.

He should start even from the beginning to think about his potential, his abilities, his proclivities, in order to have a heads-up later in life.

His aims are pretty high up, and he doesn't seem to need anyone's help, which is always a good sign of independence.

Socially, he's the very definition of enthusiasm and agitation. He's moving from group to group, talking about what he can do, about his success, bragging that he's just completed a triathlon and many other things that attract attention.

He can really talk, that much is obvious. He can't refrain from telling the truth and getting angry about things that annoy him. Moreover, from a sexual point of view, he can be different from situation to situation, depending on the partner.

However, in general, he wants to have fun, to feel life is worth living just by having sex, to rejoice in the symphony of the flesh, donning the dominator's mask, of course. He wants to know that his partner is satisfied though, and this is always a good thing.

He finds it quite difficult and confusing to find the right woman because it seems that no one can resist in front of his raw energy and dominative personality.

It's not a problem of attractiveness or sexual appeal, as there are a lot of women crowding to have a piece of him, but none are compatible with him.

His ideal partner should be very good-looking, sexy, lascivious, with a foxy and spirited personality, someone who would listen to him and never disobey.

Unfortunately, those who would accept to have a life with him are the stubborn type who have a good idea about who they are.

In conclusion

Basically, the Mars in Leo man is a terrifying combination of cheerfulness, independence, dominative drive, utmost confidence, freedom-lover, action-oriented tendencies, and one hell of a creative personality.

What comes out is the true king of the jungle, a ferocious individual whom no one can resist. He's independent and has great plans for the future, most of them being so big that he won't let anyone get a glimpse of them or even participate in their materialization.

Once he realizes that he's deep in love, he'll become a very devoted partner, a problem-solver, and a very affectionate lover who takes care to pamper his soul mate just like she deserves. One thing to remember – don't ever lie to him. That is the first and final straw for him.

Sexually, he will want to take you through a series of feelings the likes of which no one has ever experienced thus far.

Bliss, sublime fulfillment, ultimate happiness, he wants his partner to feel all of these, but he also expects the same in return. Moreover, he's one of the most serious and stubborn individuals out there.

If he's sure about something, if he has an idea that he knows it's true, you won't ever manage to make him retreat, even with threats and violence.

He defends his claims with stoicism, masculinity, a firmness of being that he also shows in day-to-day life, as an unconscious impression that he makes on all others.

Happiness seekers

A little bit of compromise and more communication regarding what they possess can help them have better relationships.

If they want to change, they should just let go of things that cease to be important to them.

Expressing their ego through sex, they're very intense when it comes to lovemaking, so many people see them just as very skilled lovers.

They may have great passion for research and discovering solutions to puzzles or mysteries, which means they'd make great private detectives or scientists. Coming across what's hidden is their favorite thing to do in life.

Their main problem is always money, so having a partner or spouse who can help them from a financial point of view would be their dream come true.

Their greatest asset is the way they decide on things in the spur of a moment and how

they rely on their instincts, because these always seem to guide them in the right direction.

If they don't resist their impulsive tendencies to just buy when at shopping, they will definitely have big problems with paying back for their credit cards.

Practical aspects

Being very intense about what they want and like, Mars in eighth House natives are also very possessive. Life may cause them to not have love or enough money just to teach them a lesson on not holding on so tightly.

They can immediately spot a liar and have a way of making up for the karma of their past lives by sharing a lot of what they have with those who really need it. It's possible for them to remember many sexual encounters from their teenage years, which will influence their love life as adults.

Mars positioned in their 8th House means they have a lot of traits from the Scorpio. They will probably experiment with true passion only after their thirties, but you can be sure everything will be magical as soon as they will.

This placement of Mars is about the House of sex hosting a planet of action. This means the natives of it will not hesitate to make a move when sexually attracted.

When it comes to the bedroom, they have incredible energy, the only exception being Mars in Gemini in the 8th House, according to the famous expert in astrology Bob

Mars. In this situation, the natives would be more passive as far as lovemaking goes. They would rather talk than feel the pleasure of sex and satisfy their lover.

They will be in debt to their credit cards and banks or even spend their partner's salary on what they think would look interesting in their home. This means they'll have many quarrels over finances and even get very upset with their siblings over inheritance.

Very passionate and intense, these people have a strong emotional side and think of death more often than others. They are the type who will be bold and strong at an old age, when death will stare in their eyes.

However, they can also feel sometimes that fate is cruel with them. The 8th House being all about drama, tantrums and crises, they are very tormented by the thought that their loved ones want to betray them.

The same House rules over intimacy and what people carry with them in their consciousness regarding love. With Mars being in one of the Water Houses, this placement's natives' feelings are very intense and deeply rooted in their unconsciousness.

When Mars is in the 8th House, individuals with this placement may live a dangerous life and even risk their life very often.

Their main challenge in life is limiting themselves and becoming less vengeful, manipulative or eager to obtain power. The more they ignore their Mars, the more they'll manage to be less angry.

Sex is very important to them, but Mars in the eighth House gives it a dark side. Powerful, passionate and competitive people turn them on, and they usually rely only on their instincts when having to make a decision.

The downsides

That's why they can resist for a long time doing what they love and trying to achieve their high standards. Finances, architecture, politics or medicine, these are all lines of work in which Jupiter Capricorns would do great.

That's why they should think twice before giving a hand to those who don't actually want it or before fixing things that aren't even broken.

It's easy for them to become their own worst enemies when acting in such ways. Insisting to make other people's life better is not at all a good idea for them either.

It's good they're independent, yet this can have them stepping into territories that belong to others.

They should be aware their opinions are not the only ones that matter, so listening to others is highly suggested for their relationships to be smooth.

Jupiter in the 1st house will always bring them luck, love for their job and the ability to enjoy the good things in life.

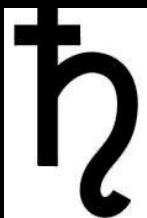

They will, however, have problems expressing themselves, executing complicated tasks, getting the power and a good social position, whether they're involved in business or something else.

Style: Disciplined and patient;

Top qualities: Ambitious, stable and relentless;

For them, there is either complete victory or utter defeat. There are no half-assed attempts, only definite and straightforward achievements.

Symbolically, this native's responsible and relentless personality is similar to the rough hardness of a diamond, immutable even in the face of time itself, let alone outside attempts to break it.

With great ambition and one singular idea to pursue, for the time being, this native produces immense quantities of effort and galvanizes all their inner potential in order to attain their innermost desires.

Professional advancement represents the essential factor that counts to them toward a happy and comfortable life. In this sense, they very much prefer to work alone because, on the one hand, they fully know what they are capable of, as well as the limits, and on the other hand, they don't do well in coordinating their efforts in a team project.

In order to truly bring out the best in them, these natives prefer working in an organized environment, where they can peacefully devise a plan, deconstruct ideas, work things up on how to achieve the desired outcome.

It's very easy for them to have the best results with this in mind, and one of their biggest fears is not being validated for their hard work.

Appreciation matters a lot, because it inflates their ego even further, and most individuals, who believe themselves to be smarter than everyone else, like this feeling.

Dedication comes with time, and it comes from a desire to achieve something, to find fulfillment. There are plenty of reasons why people work hard, but the Sagittarian Capricorn works out of a need to feel in control of any situation.

If they were to let everything play out without interfering, the end result would be random, out of their control, way too unpredictable for comfort.

Relaxation time comes only after all the responsibilities have been taken care of, and since they seem to never finish their work, or they always find other outlets to pour their unending energy in, it's a given that they don't take the necessary time to enjoy life as well.

On their path to achieving a secure and stable lifestyle, they might forget about living life in general.

Their love needs

For all the responsibility and pragmatic efficiency that they demonstrate to have in professional life, things are very different when it comes to intimate relationships, to love matters.

Because they tend to focus too much on their plans and projects at work, they constantly forget about taking the time to take care of themselves, and this obviously means that their partner will feel neglected.

Their goals are admirable, as well as their motivations, but in the meantime, there is a clear lack of affection in his relationship.

To express emotions and feelings is not a sign of weakness, but one of maturity, of growth, of being human. The Saturnian Capricorn becomes a very reliable and devoted person once they commit to a relationship, and this is often the trump card that saves the day.

These natives must really take some time off and show their lovers that nothing matters as much as the relationship for them.

The good and the bad

Their highly efficient and productive persona, as well as the infinitely ambitious personality, make others believe that this is a psychopath, someone lacking in any feelings, a workaholic who cares about nothing else than the career.

However, family and personal relationship matter at least as much as professional success, it's only that these natives often get too focused on a given project.

Social skills are very developed in their case, especially speaking abilities. Saturn Capricorns can be persuasive, manipulative, and can really deliver a great speech in front of an audience.

You should never get into a debate with this native because they're going to turn you upside down and make it seem like you were wrong, to begin with.

It also doesn't help that they're down-to-earth individuals and will likely never over-step certain logical barriers.

With a laborious attitude and a confidence to scare gods away, the Saturnian Capricorn is equipped with everything they could ever wish for.

Indomitable will, scorching passion, a boundless source of spirit and energy, resourcefulness, they have all the qualities that warrant a great future, and they will achieve it by taking on any and all challenges.

Working for their family, for their close ones, or just for the sake of their own development, the rise on the social ladder, this native may have a slow pace, but it's a steady and unstoppable advance towards the epitome of success.

With this much potential at their fingertip, much of it granted by Saturn, it's no longer a surprise why these natives prefer working alone.

It's because there is only a handful of people who could be a match for their ambition and perseverance.

The Saturn in Capricorn man

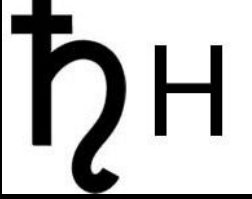

The male counterparts of the ever-so-successful Saturnian Capricorn women are endowed with the same obsession for rules, regulations, principles, and look on life as a playground to experiment in.

They are generally kind and happy individuals, both professionally and emotionally because the first determines the other.

If they have success in their careers, then it's going to reflect in their general disposition. If you stumble across one of these natives, you'd better make sure to keep them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for

independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

Knowing when to take risks and how to make the best out of their strengths can be a problem when facing all kind of obstacles all the time, but not impossible to get done.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

The goods and the bads

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because

they're all the time doubting themselves.

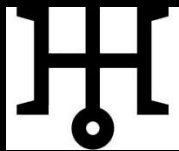

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

While the Uranus Libra is good at helping others and taking care that the world doesn't destroy itself, these natives are very bad at taking care of their own health.

They may punish themselves too harshly for any mistakes made, focus too much on past disappointments and never forgive themselves for any misdeeds.

They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a mother or father who raised them differently. They most likely observed one of their parents being different than others and copied all this in order to become the same as adults.

This planet is also about the unexpected, so when placed in the 10th house, it can suddenly bring publicity to the natives of this placement because they have either done something or said what others didn't have the courage to.

They will appear in the news even if they don't want to. Their personal and professional lives can seem very interesting to others and many won't believe what they can do.

In the situation in which Uranus is in bad aspects, all this publicity can bring many problems to the natives. They may feel that everyone is making fun of them and that what they got to be known for is in fact a scandal.

Being in the center of attention is not in their interest in any way, so they will want to escape such a situation as fast as possible. However, they don't care about what others think of them, so everything will pass very fast.

Uranus is known for being unusual and for bringing sudden changes. When in the 10th house, it changes careers but also influences natives to have success as they seem to come up with innovative ideas when others wouldn't even know what to do anymore with a project.

It looks like their mind is constantly thinking of something that's unusual and out of the box. Because they hate dealing with authority, they won't be the boss' pet, so their advancement at work will come later or probably never.

This is one of the reasons why many of them have their own businesses that make clients happy through originality and shocking suggestions or offers.

Because Uranus in 10th house people are good with technology and know how to create a plan, their success can easily have something to do with the Internet world.

Blessings

Since the 10th house is about social status, Uranus here opposes all this and encourages natives of this placement to not care about it.

They will be more interested in creativity and stimulating their own imagination or the one of others. These people love working with technologies and bringing up their own ideas to life in order to make things work faster and better.

For them, it's all about challenges, not about being promoted. Therefore, they're not competitive and their colleagues love them for this.

When Uranus in the 10th house is feeling comfortable, they will know their purpose in life, which will be making the world a better place.

Many designers, painters and even activists have Uranus in 10th house feeling comfortable. These people really have the touch of genius and can implement concepts that are both practical and original. As said before, one of their parents influences them to be this way and they have seen at home how to express themselves and to be innovative.

Uranus in 10th house individuals want their ideas and results to bring meaning in other people's lives, so they won't mind working towards improving things for the humanity.

But they'll want a life of their own, so they'll build a family even if they may not be the most conventional parents. Obviously, they will inspire their children to be original themselves and to stand out from the crowd.

Many will question the way they're raising their little ones, but they will always come up with a good explanation for why they may be doing things strangely.

Challenges

Uranus in 10th house people are hard-working, no matter if it's about their job or personal life. After spending too much time at the workplace, they will get bored and eventually decide to leave.

It's difficult for them to deal with authority figures, so they'll constantly fight with their bosses and after come up with a great idea or solution for the project they're working on.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

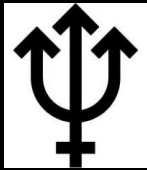

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or an astrologer will help them find their destiny in this life cycle.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

Neptune ♃ in ♋ Cancer man 21° 35'

([1068] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Someone who is born with Neptune in Cancer in their natal chart always plans things with their family in mind, with the wellbeing of their close ones as a priority.

No matter what they're doing, where they are, their first thought is the security and stability of the people they love. In fact, they are a part of many social groups, and are very attached to this concept in and of itself, being a part something greater than themselves.

Being interested in their own person comes at a later stage in life and allows them to explore their upbringing, emotional anchors and what led them to become the person they are. Breaking up with the past is one of the many ways to do this, pulling out all those memories, good or bad, that keep one chained and imprisoned in an old mindset.

In a nutshell:

Style: Idealistic and Sociable;
Top qualities: Stable, patriotic, gentle and understanding;
Challenges: Pessimism and the need to see everything with one's eyes;
Advice: You could support your friends in more practical ways.

Personality traits

Natives who were born under Neptune's watery mark are very comfortable and deeply connected to their sense of belonging to a community.

In this sense, they are very patriotic people, and will always support their country in times of need, even enlisting in the army wouldn't be a big surprise.

Traditionalism isn't far away either because they might also want to protect the generational ideas that have always been there. More practically, they are homely individuals who care a lot about the state of their domestic space.

Moreover, Neptune releases a lot of unused energy that will help them develop more than they would think, on a personal level.

This planet of the intuition and imagination bonds deeply with the Cancer's uncertainties. It gives this native the power to stop overthinking and instead find fulfillment where there is none to be found, when the situation is dire enough to awake feelings of self-loathing, self-pity, anger, disappointment.

Alongside the Moon, Neptune really cranks up this native's potential, bringing the search for inner peace to a perfect conclusion.

The concept of family is much more than that for the Neptunian Cancer. It actually holds a symbolic significance, one that transcends mere stereotypical ideas, that it's something which falls into a routine, a mere social construct meant to have a practical purpose.

For them, family represents closeness, spiritual and personal fulfillment, that place where the struggles of the world bounce off of, a safe refuge for when they lose their path.

Although they aren't exactly very knowledgeable about how relationships work, and how to deal with the oncoming problems, they have enough emotional depth and get to fix most things really quickly, intuitively.

The Neptunian Cancer is a very loving and empathetic individual who rarely misjudges a situation or doesn't understand the motivations of people around them.

They can not only use their intuition to notice the little details about a person's emotions

but also find certain solutions to their problems. On a broader level of understanding, theirs is a highly sociable and communicative approach, which makes connecting to people much easier.

They are also prone to such emotional insecurities, and many times, the most recurring issue they have is tied to the inner breach caused by their many vulnerabilities and emotional weak spots.

They are afraid to be hurt and disappointed and try to build themselves a safe environment, a safe haven outside the confines of society.

They feel like they have to give vent to all the inner feelings that have gathered inside there for so long. Even more, they are more than willing to share this spiritual epiphany with everyone else.

A unity of being can only be achieved when one is in perfect harmony with his surroundings, and this is what Neptune teaches these natives above all else.

The positives

The Neptunian Cancers would be quite efficient working as psychologists, psychiatrists, or professional counselors, due to their great intuition, deep empathic skills, and productive communication abilities.

They are in-synch with the world and understand the intricacies of the human psyche more than anyone else.

Why is that? Because they can experiment on themselves, they own a mind that is very complex and hard to manage anyways.

More than just to develop their professional expertise, they'll want to help their family and close ones develop in this sense as well.

The negatives

Routine is something that the slow Neptune adheres to and is also to the liking of the emotional Cancer, so you can be clear that for the Neptune in Cancer individual, if something happens that changes their well-established order of things, they can get extremely annoyed, uncertain, and very anxious.

They have long-since gotten comfortable with a certain lifestyle, and to change it would be sacrilege committed against their own personal satisfaction.

In this sense, they will do everything in their power to uphold that state of permanence, of constant comfort that brings so much personal fulfillment to them.

Even if this sort of means sabotaging themselves or even the development of those around. They are prepared to hide from change and transformation, if this means that their comfort is protected.

The Neptune in Cancer man

If the level of empathy and emotional sensitivity would be directly proportional to the karmic ties of a person, then the Neptunian Cancers would straight-up shoot towards the level of a Buddha.

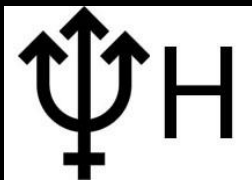

These natives feel much more intensely than most other men, and this is by no means a symbol of their weakness or lack of manly dominative characteristics. It just proves that their emotional intelligence is far higher compared to that of most of us.

However, they are also very vulnerable to emotional disappointments, and when the time comes that they are feeling desperate, lost, without a place in the world, they expect their partner to be there for them, with moral support and a warm embrace at the ready.

It's also a good idea for the man with Neptune in Cancer to take some time for themselves, take a step back and meditate on the particular reasons for the problems they have.

Relaxation is key here, a way out of the stressful routine. Escapism is underrated these days, but Neptune brings it all back together, the notion that solitude can eventually mend all spiritual wounds, especially for introspective individuals like this man.

Neptune ♃ in VII 7th House

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and what's fantasy. It also brings a deep mental connection between two partners and great

intuition coupled with empathy.

Summary:

Strengths: Dependable, trustworthy and kind;
Challenges: Dreamy, irritable and perfectionistic;
Advice: They should do more of what they love.

An altruistic personality

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules

over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

The goods and the bads

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Pisces in their natal chart take into account the feelings of others when making a decision, often this being the most important factor for them to consider.

Sensitive and empathic, these natives don't want to fulfill their dreams on the account of others. Even more, they strive to understand their fellow humans, even further, from their motivations and what makes them react in a certain way to deeper traits of character that are harder to reveal.

In a nutshell:

Style: Compassionate and mystical;

Top qualities: Kind, ambitious and creative;

Challenges: Oversensitive and sometimes unmotivated;

Advice: Empathy should be at the foundation of your social life.

Personality traits

Plutonian Pisces natives are in danger of becoming depressive or of having bouts of sadness because of their skewed perception of failure. With idealistic goals such as theirs, failure is a constant element that they should learn to factor in their calculations.

The dream world takes so much of their time, in fact, that they soon forget to take care of their household, omit their responsibilities, and act with increased dizziness when asked what they've been doing for the past days. Their friends might want to keep their surreal tendencies in check.

With a high intuition and razor-sharp instincts, the Plutonian Pisces are basically undefeated when it comes to facing off difficult challenges and gritty opponents.

They immediately find out the crux of the issue, the weak spot that they can use to achieve their goal. However, they aren't very cruel or resolute in eliminating the competition because they understand why their fellow peers are doing whatever it is they

are doing.

Pluto drives these people to search for the ultimate truth of this world, hidden deep behind the layers of social conformism.

The good and the bad

However, what the Pisces zodiac sign is good at is making the world merrier, making it fall into a state of oblivious joy where nothing ever matters anymore.

Pluto Pisceans are the true jolly kids of the zodiac, ever-so-sweet and adorable with their high-paced rhythm that you must follow in order to see the other side of their world.

These giddy individuals don't know what restraint means, nor should they find out, because they are perfect as they are, innocent, with a pure vitality, and an endless charisma surrounding them.

One of their greatest perks is also their bane. If this sounds to you as paradoxical and contradictory, then you're right, it does sound like that.

But the reality is that these natives are so generous and kind to everyone they meet that they soon forget to watch out for any dangers.

There are plenty of people out there who don't care at all about what happens to others as long as they achieve their goals. And these people are willing to step on bodies if that furthers their aims.

Those with Pluto in Pisces will most likely suffer as a result of becoming aware of how harsh the world really is.

Pluto in Pisces in love

When these natives fall in love, the whole world rejoices at this magnificent event. The rivers start murmuring coolly, the trees rustle their leaves to reveal the birds chirping in a symphony of melodious sounds, all of this to embrace the native that can melt the heart of nature itself.

For them, love is the great enlightenment of the soul, the one true blissful state that fills you with the utmost fulfillment, and in this sense, they are incorrigible romantics.

Whenever Pluto shines upon these natives, their emotions are likely to be more powerful. They are the ones who can talk endlessly about love, having the impression that each partner should bring their own ideas in the mix.

If you're lucky enough to have a Plutonian Pisces fall in love with you, then you've all but reached the epitome of happiness.

There's little you could ever wish for after witnessing the sheer amount of love and affection that these natives hide within. Their greatest desire is to see you satisfied, fulfilled to the brim, and to achieve this, they're willing to do almost anything.

Nothing compares to the ravishing power of love that a Plutonian Piscean is capable of unleashing.

The Pluto in Pisces man

Back when Pluto last transited Pisces, society had still not fully let its gender discrepancies go away as there were still differences made between men and women, albeit not as strongly as previous ones.

These men were just as spiritual and intelligent as their female counterparts, only they had more freedom of expression and more leeway. Obviously, there were many artists born during this period, as well as great thinkers, inventors, all inspired by the divine spark that Pluto embedded in them at birth.

Generous and kind individuals who didn't lower themselves to such a level as to get into fights, insult or even curse their enemies, they simply moved on, letting karma or destiny do its part.

There wasn't enough time for them to waste on such trivialities because they had their creative drive to satisfy. And there were many inventions made during that period.

With an open-minded approach towards failure and an adaptable personality, these men simply achieve their goals in a way that no one else is able to replicate.

Much of the world as we see it today is partly a result of the Plutonian Pisces natives.

Pluto ♇ in III 3rd House

([1103] i.thehoroscope.co)

This placement of Pluto makes people want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society.

Pluto in the third house is responsible with how one communicates, how the sharing of

ideas goes through in a harmonious and responsible way.

Their social relationships are usually very good and efficient because of this talent for communications. Of course, things could go haywire instantly, without any apparent reason, just because their planet sent too many negative vibes.

If something attracts their attention, or someone for that matter, it will turn into an obsession right away. With them, it's either all in or nothing at all.

Summary:

Strengths: Witty, curious and enthusiastic;

Challenges: Impulsive, stubborn and indecisive;

Advice: They need to be careful with the risks they are taking.

People of great intellectual depth

One of the things that set these natives apart from the rest of the people is that they never take everything at face value. It seems like skepticism is an innate trait, but it doesn't matter either way.

They will try to reach their own version of the truth, to investigate and inquire into the nature of things, to find out whether the presented information is accurate or not. It's no use telling them anything, they won't listen to you.

The Pluto in 3rd house natives want to solve mysteries, to increase their knowledge and to expand their minds, all of this against the normal flow of society and its members.

They can take on any profession, especially if it has to do with one's spirit of observation and analysis skills.

They can make an excellent psychologist just as they would shock the world with their ideas as a scientist.

A criminal mastermind as well as a physicist, a mind-reader and a hypnotist, or even a cryptographer, they can become anything they want.

Even if they might appear as distant or disinterested at times, you can be sure that they are actively listening and registering everything.

Depending on the ruling sign in the third house, they can have many different preoccupations and personality types.

These natives are people of great intellectual depth and have a deep curiosity, seething with passion and endless interest in exploring the world.

They want to experience as much of it as possible, learn and accumulate knowledge, establish their own principles and understand their own identity.

This path of initiation, of self-revelation and self-reflection, will create some issues though, mainly related to how they must eliminate the old to receive the new.

This conflict that goes on inside of them is called cognitive dissonance, the contradiction between what the individuals know to be true and new information that goes against his knowledge.

This expansion of the mind translates to an increase in words spouted per second. Just kidding, but the Pluto in 3rd house natives are notorious for ranting and rambling on and on, constantly, until you shut them up forcefully.

Communication and harmonious exchange of information, these are the basic founding principles in their case. The process of assimilation never stops, knowledge keeps pouring in, and their needs get even more substantial.

Inspiration comes from their philosophical method of perceiving the world, what they attribute to being the essential thing in life.

Being in equilibrium with this mindset and with the world itself is the proper path toward the self-illumination that these natives want to achieve.

The goods and the bads

The good thing about Pluto's influence and energy is that it allows these natives to become better, happier, superior, and to achieve a higher level of existence by accumulating knowledge, by seeking to answer life's greatest and most profound questions.

Why do we exist? What should a man do in order to be happy? The meaning of life is still a matter a debate, as it has been ever since man had the first thought.

The bad things, on the other hand, have to do with their tendency to search for a dark and sinister answer. Even more, they are naturally attracted to the morbid and mysterious aspect of life, the unknown and the abyssal.

The feeling of empowerment that comes with knowing things that the vast majority of people don't know is too fulfilling to kick aside.

They have an unbelievable capacity to absorb information, and an endless curiosity to put to good use.

What do you think the Pluto in 3rd house natives do when they're confronted with

difficulties or the path to their objective is fraught with obstacles? Do they stop or retreat?

This is the last thing they would do, in fact. Whatever catches their intrigue and interest is as good as taken, and they will not stop until they have either succeeded or exhausted their potential.

Generally, they become extremely focused and aware of their surroundings, being able to make split-second decisions and deal with anything coming their way.

If it's about inquiring about the very nature of something, then the Pluto in 3rd house natives are the most profound ones out there.

These natives are very sure on their own thoughts and opinions, so much so that people admire and respect their confidence and let them speak without interrupting.

It's just like an orator holding a speech with everyone listening to every word, dying to hear the next parts.

They tend to digress and focus on the details, a little too much in fact, and this may detract from the attention and interest that the others give them.

They need to realize that there are a lot of things to be considered on the path toward self-development and evolution. The higher levels of existence are attained through awareness and insight.

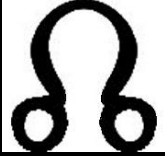

In communications, they have to take a step back, pay attention to the topic, and to what they were going to say.

Sometimes, they have to soften it a bit or make it more aggressive, based on the present situation. Anyway, their choice of words and tone must be managed before unleashing the torrent of ideas.

And it is a torrent because the natives with Pluto in the 3rd are overly-dynamic and ecstatic. About what? Anything and everything, really.

The only real problem they will ever encounter is if a subject turns up that they know nothing about. That's when their confidence drops by a large margin and those existential questions start popping up.

North Node ♄ in ♎ Libra 0° 47'

(Georges Muchery)

The Dragon's Head in Libra is a sign of balance and harmony in the native's life as a whole. It also gives stability in regard to the affections; the gratification of noble desires is shown in all things. The native has a fine intellect as well as great courage. Progress will be rapid; and wealth as well as honor will be acquired. The Dragon's Head in Libra is favourable for the children and for the family ties.

The Dragon's Tail in Aries is often a sign of lack of conscience, or, at all events, of in consequence. The native acts too precipitately; what he has decided to do must be done forthwith, and this leads to want of due reflection, which is detrimental to his affairs. He may suffer material losses, or experience trouble in other directions, due to his lack of cautiousness. This position inclines to fits of anger, but also gives great physical courage; and if the horoscope generally is good, the Dragon's Tail in Aries will not be so unfortunate.

(Isabel Hickey)

North Node in Libra implies spiritual integration which comes from moving from self to others; from personality levels to the soul levels. Emphasis should be on loving others and getting away from self-love.

South Node in Aries means an over-assertion of self has been the problem in the past, and personality should become the servant of others in this lifetime.

(Martin Schulman)

This nodal position requires much learning about self-sacrifice and the needs of other people. All the lifetimes of work spent on building self-confidence and esteem must now be transferred to others. The Libra North Node keeps the individual from adding to his sense of self-identity any further. He must guard against strong ego influencing his current life actions.

His long-standing me-first attitude now brings him sharp and painful experiences as he is learning the lessons of co-operation. He must slow down and make sure that all he works for is meaningful, in his marriage and close partnerships as well as all his relations with others. He has to learn to take the sharp edges out of his life and start to balance. While the center road seems less attractive to him, it is still the only path he can have towards happiness.

Ultimately he must learn the very subtle lesson that his strong pioneering individualism isn't actually meant for himself at all, but rather to equip him better so that he can provide others with a more harmonious life. Many individuals with these Nodes have a tendency to be contrary. The experience of listening to other people is a new one which they find objectionable when they feel it hampers their forward motion.

In past incarnations, progress was all-important, and getting there first was part of the highly competitive Arian drive. This carries over into a definite closedmindedness which the Libra North Node will ultimately open, showing to the individual the other side of the coin which he had never before thought was important enough to recognize.

Selfishness and vanity of all sorts must be curbed unless the individual wishes to find himself alone. Usually he feels himself being driven towards something, yet he doesn't understand what or why. Through the Libra North Node, he is now to reconsider his goals and objectives so that his Arian energy is put to some useful purpose.

He changes his mind often; and allegiance to a single cause is not one of his finer attributes. Past incarnations have made him accustomed to a constant impatient restlessness that still has a tendency to keep him on the move. He knows that he is to give rather than to receive in the current life, yet he finds it difficult to cope with such karma with his full heart.

The Martian quality of the South Node impatiently pushes him in new directions. Upon arrival at each destination, however, he finds the gossamer cloud of Libra in the middle of the seesaw, and is surprised to see that the goal was not a goal at all, nor was the destination the end of the journey. Puzzled and confused, he sits in the middle, trying to evaluate the circumstances which he hopes will point the way towards his next successful drive. And yet each goal, each ambition, each sprint of running and striving brings him to Libra - the half-way point!

Finally, out of sheer exhaustion he makes the amazing realization that the second half of the journey involves other people. He is to learn the karmic lesson that he is not alone. Until he learns to share, something always comes up to put the brakes on his efforts. Eventually he is brought to the realization that winning or losing the game is much less important than the fairness with which it is played.

Many individuals with these Nodes are highly opinionated as a result of selfish or bigoted past-life attitudes. Now it is time for the shoe to be worn on the other foot. Much of the current life's events are painful blows to the ego. The individual has to guard against becoming embittered as he sees many of his own wants and desires being taken away from him and given to others. At first his natural tendency is to be jealous. He wants to fight back for all those things he feels he has lost; yet the more he fights, the more he loses. Eventually, drained of much of his inner resources, he must surrender his selfish

ego and accept living in a world built on sharing.

Until he overcomes his South Node, his biggest frustration is the witnessing of other people receiving all for which he himself had wished. He doesn't quite yet understand how this works, and is puzzled at why all the things he has ever wanted are coming to people around him and yet not to himself. He hardly realizes that all his desires, wants and wishes are actually designed for others.

He is mentally energizing the wishes of people around him so that he can ultimately be an instrument for their fulfillment. In actuality, he is earning himself a new place in the world by living through the karma of selflessness. Still, the insistent urges of the South Node keep pulling him backwards, often making him feel that this is a lesson he would rather not yet learn.

He must try to resist past-life tendencies to make waves, for he is now capable of witnessing disharmonies between people without taking sides. Often he is thrown into the position of referee, whereby in helping others to become more objective, he in fact helps himself. The more he can get others to co-operate, the more he can learn to do it himself.

Underneath all the hustle and bustle, this individual is learning to see the consequences of his actions before taking them. In effect, he must learn to look before he leaps!

For many with this Nodal position, there is a deep-seated anger coming out of past-life memories of frustrations which block the self-expression.

In this life, there is usually a very pleasing physical appearance, which is part of the karmic lesson in vanity that the Aries South Node is here to overcome. Any narcissistic residue also causes difficulty in marriage as this is the battleground where the war between love of another and needs of the self must be fought.

The balance between Aries / Mars and Libra / Venus is a difficult one to achieve. The Aries South Node constantly seeks to assert its needs, while the Libra North Node needs nothing for itself but to love others, regardless of their demands. This individual can feel love for others best only after his own needs are fulfilled.

Until the desires of past incarnations are left behind, the incessant pulling of his subconscious demands continues to be so strong that he has a tendency to drain energy from other people, actually putting them to sleep. In effect, he is a walking anaesthetic, constantly wondering why people avoid talking with him for more than a few minutes. He would like to talk for hours, if only to continue the focus of attention on himself. But in his private moments, he is deeply saddened by a sense of loneliness and the knowledge that his relationships with others are so far short of what he would like them to be.

There is nothing subtle about this Nodal polarity. Happiness comes only after he is forced to re-evaluate his desires and truly discovers that they involve other people. The ego-self must be abandoned, and with it a heightened sensitivity to the needs of others acquired.

The Libra North Node is one of the most difficult to achieve because the Aries selflove looms as such a large hurdle to overcome. Still, the individual must overcome if there is to be a new cycle for him; and he will find the key to this new cycle as he begins to reflect back upon himself through the eyes of others.

The house position of the South Node indicates the area where insatiable desires of past incarnations are still demanding priority. The house position of the North Node shows how fulfillment can be reached through self-sacrifices, co-operation and the expression of unselfish love to others.

(Donna van Toen)

You need to learn to co-operate and get along better with others. Your Aries South Node may reply 'Yeah, but they never want to go along with my plans'.

Your problems may include that you have an exaggerated need to prove yourself; that you tend to be uncomfortable; and that, because of your upbringing, you've come to place too high a value on assertiveness.

Possible solutions: Stabilize your relationships in terms of give and take. Learn to differentiate between caring and controlling. Learn to let others have a chance to decide for themselves. Stifle your need for others, and look out for yourself.

South Node in Aries often complains of having been forced into something which has irrevocably fouled up his or her life. This could be a too-early marriage, a career, a specific mode of behavior, etc.. In any case, he or she, as a result of this experience, justifies his or her reluctance to co-operate in other areas. Aries South Node generally hasn't developed his or her ability to commit himself or herself in a longterm situation. He or she wants fast results. If these aren't forthcoming, co-operation is curtailed. Aries South Node is also generally unwilling to take responsibility for the effects of his or her actions on other people. He or she is sometimes unwilling to share. The Aries South Node generally wants exclusive rights to the things in which he or she is interested. He or she feels that future well-being depends on immediate gratification and success. However, goals can often be attained only when the Libra North Node's ability to co-operate is tapped and developed.

Signs of an over-balanced Aries South Node are: high blood pressure; impulsiveness;

hyperactivity; a cold, critical attitude towards others' accomplishments; argumentativeness; a tendency to brag about accomplishments and be a poor loser; an insistence on leading; an unco-operative attitude; difficulty in finishing what he or she has started; and boredom or a short attention span.

North Node in Libra dreams of happiness and harmony. He or she would like to be known as a very sociable person. Others play a very important role in this person's dreams. In contrast, this is an enthusiastic, emotionally active person whose selfishness may interfere with social interaction and harmony in general.

Antidotes for Libra imbalance: The client should be advised to get a complete beauty treatment, including new hair style, in preparation for developing a new lifestyle. Even men can benefit from a new hairstyle. Likewise, shopping for a new wardrobe or new furnishings can be a beneficial antidote, as any purchase would tend to remind the client that a new lifestyle is beginning. For best results, color selection should be geared to the imbalance. Dancing is a good antidote. If the client has any physical symptoms, a medical check-up should be advised, since this is another one of the imbalances that's most capable of triggering illness. Boating, cruises, and water sports can be helpful antidotes.

The client should be advised to consciously seek out activities that stress partnership and teamwork, rather than trying to do everything himself or herself.

If career advice is sought, the following could be recommended if other factors in the chart show aptitude: hairdresser or barber, artist, interior decorator, lawyer, stewardess or pilot.

(Mohan Koparkar)

Previous incarnation for this person was spent with a lot of physical actions, temper and aggression. He had, in that life, achieved and lost many things as he could not learn to understand the significance of balance. In this life time, he will definitely learn and be able to use the concept of balance as applied to 'soul growth'. Everything he undertakes in this life will have a definite sense of justice, priority and deeper significance. His diplomatic talents are well worth noting in this life. He will achieve things without fighting for them; and often others will surrender to him just by his senses and magnetism. Utilization of mental energies is strongly noticed in this person in this life. Although he may not be after material success, he always manages to be plentiful in that respect.

North Node ☾ in X 10th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the Tenth House gives full and complete success generally. There will always be progress towards better things, as the native is truly gifted from the time of birth, and these gifts will develop, since the Dragon's Head passes (owing to its movement) into the Ninth House. It is a lucky position, and the native may undertake anything; he will succeed, and attain to a high position with honours, fame and riches.

The Descending Node (Dragon's Tail) in the Fourth House is not good for domestic life, which is founded upon exaggerated selfishness; the couple think about themselves in preference to their family, so that the inharmoiious home is likely to be broken up, thus indicating separation and disagreements. It also means pecuniary losses, an inheritance wasted in order to gratify sometimes very unworthy desires.

(Isabel Hickey)

This soul has had his soul powers developed. He has withdrawn and lived in a quiet, reserved manner. Now he must come out into the public and the limelight and give himself in some public way to the world. In a career he will find his fulfillment. If he tries to cling to home, it will in some manner fall apart. Unconscious desire to retreat has to be overcome. Has to learn to be with people rather than retreat from them.

(Bernice Grebner)

A vocation should be followed, sometimes to the point of sacrificing home and domestic life. This means working for or with the public in some way. Through very sustained effort and great exertion, success in public life will be attained, but requires personal sacrifice. The area of sacrifice can be ascertained by the aspects to this nodal position. When this Node is balanced finally with the South Node in the fourth, then the fulfillment of the great-person status will be obtained, and not before. This position, when followed, will give the urge to be a protector of great masses of people, to be a leader among them. Naturally, the influence of all of these nodal positions in the houses is dependent upon the signs involved. If the sign were Leo in the tenth, it would deal with children or some creative project, and the theater may possibly bring fame. One cannot read simply North Node in the tenth, but always must interpret the signs and aspects. If the aspects are trines and sextiles, the arrival at the North Node will come more easily; but if aspects are squares and oppositions, the arrival at the North Node may take more time and trouble.

South Node in the fourth is the introvert. This position of the South Node gives a seeking after perfection, especially in domestic matters, and gives a great depth of soul. It can cause many changes of residence for the individual. There is great dissatisfaction in this area, with a constant desire for a Shangri-la. The person wants to live a quiet, retired life in seclusion and peace. There exists a shyness about him; and he would like to retreat from the public. He probably will adopt a parental role by trying to hold people too closely. He is usually very talented at repairing things around the home. If a woman, she is usually a good cook.

(Mohan Koparkar)

This condition often signifies stronger success in the professions or career area. However, some drawbacks are noticed in the home affairs. Here, the individual converts all the domestic energies into professional direction. Thus, satisfactions and fulfillments through the home are fairly low for him. Their individuality and strong ego are worth noticing. Often difficulties during childhood bring about a distorted mother / father complex to this person. These people are a lot closer to their father than to the mother. However, some of the hostilities or lack of mother element are due to recent past life complications with her. Sensitivity and emotionalism is something they have to overcome, and they have to show an image of tough practicality in this life. Their first half of life is not very enjoyable compared to the second half of life.

(Martin Schulman)

Here the individual finds that much of his time is needed for the demands of his family. Constantly he feels held down, as if he is being prevented from realizing his own individuality. The fact is that he comes into the current life with much karma owed to his family.

In past incarnations he ignored the hands that fed him. Now he is locked into the lesson of becoming those feeding hands himself. In the current life he finds his mate and children just as highly unappreciative of all he tries to do for them. Still he will do more if he is ever to grow past his karma. At times, the burdens become so heavy that he has to fight himself to keep from feeling an inner resentment.

The female with these Nodes will have problems with at least one child, which will demand most of her time, effort, energy and concern for she is to learn on the very deepest of levels the responsibilities of parenthood. To enforce the karma still deeper, the spouse is either not present or so lacking in character that this individual must ultimately become mother and father at the same time.

Whether positive or negative, the emotions never leave the family. This individual constantly feels the need to break out and be free; yet his past-life memories of

self-enforced chains never quite permit him to do this.

Nearly all of his energy is spent on untangling the web of relations that he sees around him.

In some instances, he experiences great conflict with other family members over real estate.

He must learn not to let circumstances weigh him down with feelings of hopelessness, for the needs of his family are constantly compounding themselves, to the point that from time to time they become considerably more than he bargained for.

Often, he is caught by surprise through the actions of those closest to him, for although he can develop strong outer worldliness, he still remains almost childishly naive when it comes to the emotions he feels about those close to him.

Some with these Nodes have to go out to work, becoming the sole source of family support. Others are put into the position of becoming the family supervisor.

Always this individual is caught between the conflict of the things he would like to do for himself and the things he knows he must do for his loved ones.

Constantly faced with situations which tempt him to react childishly, he must learn how to mature. He must rise above family harmony and do all he can to achieve a role of self-dignity.

When the needs of his loved ones are understood, only then can he have the freedom to experience a career life of his own.

As he makes the switch to his tenth house North Node, he is ultimately forced into the position of assuming the dominant role. He must learn how to keep his life focused in a direction above and beyond all the scattering needs of his close family members.

Paradoxically, he escapes from one family by creating another, until ultimately every person he meets and likes gets pulled closer to him in a type of pseudo-universal family. As the years build up the life starts to resemble the 'old woman who lived in a shoe'.

His greatest happiness comes from being in a position to be able to offer shelter to others.

In later years he joyously re-invites others to lean on him. His mission to move away from emotional immaturity and in the direction of responsibility tells him that each person he moves along the path represents another payment for his own ticket towards soul evolution.

The sign which contains the South Node shows the ways in which he allows immaturity on the part of others as well as himself to block his potentialities for achievement. The sign which contains the North node indicates the ways in which he can develop maturity by pointing his life in a meaningful direction.

(Donna van Toen)

Conflicts: Authority vs. need for private life. Conscious vs. subconscious. Ambitions for power vs. ambitions for self-understanding.

Possible results of sacrificing North Node: Family demands are used as an excuse for not developing your fullest potentials. Neglect of career. Parenting or domesticity takes up most of your time. Others take you for granted.

Possible ways to integrate North Node: Untangle yourself from domestic and parental traps. Involve yourself in your community instead of staying home all the time. Develop a more positive outlook. Make contact with people outside your family milieu. Go out to work, even if it's only part-time or volunteer work.

In the tenth house, the hang-up is connected with respect or integrity, which may mask a basic dislike of people and / or social functions. This person subconsciously fears authority figures, and is uncomfortable in society unless he or she can come out decked in all the trappings of success - and even then there may be doubts as to the worth of that success. Reclusiveness or deep introversion may manifest as a means of coping with these fears.

Often there's been an early struggle with authority figures or society in general. Difficulties with one or both parents are common. Usually the early upbringing involves a heavy dose of moralistic philosophy. Less frequently, one or both parents was maladjusted, and the offspring has to live down their misdeeds or grows up feeling a need to make amends for his or her parents' failure to contribute to society.

North Node in the tenth house generally dreams of success in life. This involves overcoming limitations and rising above his or her station in life through gaining the support of authority figures or others who are in a position to help. This person tends to get trapped in a comfortable, mildly pleasant rut due to emotional ties. A parent or other family member may be instrumental in keeping the dream from being fulfilled. This usually isn't because of outright opposition; generally, it's because of subconscious fear or guilt on the part of North Node in the tenth. Clannishness, bigotry, or class-consciousness can keep the person from making contacts that would be instrumental in fulfilling the dream.

(Black Moon) Lilith ♀ in ♋ Cancer 25° 14'

([1140] elsaelsa.com)

Atlas

If you have Black Moon Lilith in Cancer, the struggles you've encountered through your Lilith placement have made you adept at dealing with emotion. You learned that feelings can be a powerful tool when wielded properly.

However your Lilith wounds have manifested (which is determined by the house your Black Moon Lilith is located in), you've learned that safety is an illusion. Even the places and people around whom you feel most at home can change or be taken from you at any moment, and you never forget it. And yet, safety is what you crave the most. A quote I once read seems very fitting here: "I once mistook the feeling of safety for the condition of safety and I've been looking for someone to blame ever since."

To push back against the great insecurity this placement can bring, you have become an emotional wizard. You are hyper-vigilant, aware of the slightest shift in mood or atmosphere. When something is off, you are quick to nurture, comfort, or otherwise save the day. Allowing painful emotions to fester is anathema to you. You want to fix your loved ones' problems NOW and get back to the comfort you so deeply desire.

You are also driven to hold things together. It sometimes feels like your life will fly apart into a thousand pieces the moment you let your guard down. You spend so much time trying to keep things together – yourself, your relationships, your family, etc – that you are perpetually ready to crack under the weight. The fear of having everything fall apart is such a powerful force that you are willing to sacrifice almost anything to preserve what you have. By actively managing the emotions of the people around you, you create at least an illusion of security. In this way, you buy safety at the expense of your own inner peace.

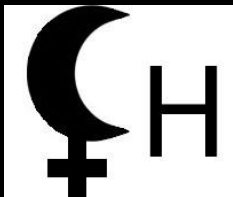

Spending so much time managing other people's emotions creates an unusual relationship with your own. On the one hand, you are loath to assert your needs and emotions, preferring to keep them bottled up to avoid rocking the boat, and only letting them out when you are sure that it is safe and they'll be received well. But when all else

fails, you are willing to weaponize your sensitivity as a last resort. In these rare moments, you'll plead with all the ferocity your deep emotional well can muster, appealing to the other person's higher nature or loyalty. The danger, of course, is that such displays leave you vulnerable. And if the other person fails to respond in the way you'd hoped, you're left feeling horribly betrayed and with no other cards to play.

One of the easiest ways to reduce the risk is to channel Cancer's opposite sign, Capricorn. Capricorn is just as sensitive as Cancer, but they prioritize differently. While Cancer may react to small changes in feelings, hoping to head any difficulty off at the pass, Capricorn is more concerned with actions. Capricorn says, "So they're in a bad mood. So what? Did they still take out the trash? Did they still, in ways large and small, show up for me? Then we're fine until they say we're not." Capricorn avoids much of the daily turmoil by ignoring the small ups and downs. Additionally, while Capricorn is also concerned with security, they approach it differently. For Cancer, security comes from the people around them. For Capricorn, security comes from relying on themselves. In that way, Cancer can redefine safety by incorporating self-reliance.

I could easily write a book on this placement alone, but let me end with this: Your uncanny ability to sense emotions and hold space for others' vulnerability is such a beautiful quality. It's also your superpower. As you work to build a world of safety and security, your skills will be needed more than ever. Just make sure that you build your own internal sense of safety first. You, too, deserve to be nurtured.

(Black Moon) Lilith ♀ in VII 7th House

([1155] elsaelsa.com)

Scrying Mirror

If you have Lilith in the 7th house of your chart, her themes will manifest in terms in terms of relationships, partnerships, and objects of pursuit. The "other" in your life will take on a distinctly Lilith flavor.

In the 7th house, we meet the people involved in giving shape to our journey to know ourselves. Everything present in the 7th house is present in our own being, but often manifests in the form of other people. With Lilith in the 7th, your partners will be those who live out your own pain and fury for you. They force you to either own your darkness or live in impotent outrage. They hold up a mirror to your darkest self. You often find

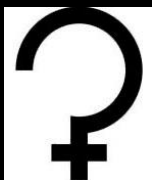

yourself so angry and disappointed with them when you are really furious about the injustices that you yourself have faced. But until are ready to own them, you will continue to pick partners who remind you.

This is part of why, in traditional astrology, the 7th house is known as the House of Setting. Here is where the Sun sets, and here is where things we cannot or will not absorb into our own being cause us to come undone. With Lilith in the 7th, your partnerships will be your weakness. This can be as simple as being a sucker for a certain type of appearance or as all-consuming as sacrificing your own life and happiness to meet your partner's whims.

Finally, Lilith in the 7th house is unknowable. Think about what a lifelong process it is to come to truly know yourself. With that in mind, think about what an impossible feat it is to truly understand another person. With Lilith in the 7th house, you will struggle mightily to fully grasp the scope of your own pain. And because if this, you will likely underestimate your ability to cause pain to others. Yours is a very sharp knife, and it is absolutely imperative that you learn to wield it well.

This placement is so complex and could be a book in its own right. But if there's one thing I can leave you with, it's this: Your pain is your own, and you have a lifetime of exploration ahead of you. In the meantime, welcome the partners who challenge you and make you uncomfortable, within reason of course. The more you are willing to engage with and understand their darkness, the ore you will come to understand your own. And then, finally, you can begin to find peace.

People with Chiron in Aries believe that they can handle and manage everything, even if it hurts like hell. They are likely to, at least on the surface, move on quickly from

whatever caused them suffering and torment.

Yet, as they are likely to develop deep connections with people, their loved ones and friends usually notice something is wrong. These persons are likely to tell them it's nothing, so in the end, their dear ones feel their pain more than Aries Chiron people themselves.

Nevertheless, these individuals expect the same from others concerning struggles and pain.

People with Chiron in Aries are likely to tell others to stand up and take it when hurt because everyone goes through some pain, adversity, or trauma. They believe that, otherwise, people will lose themselves in misery instead of moving on.

These people are usually born during years of conflict or socioeconomic changes and transitions (e.g., generations born between 1918-1927 and 1968-1977). Things change often and quickly during their childhood. That teaches Aries Chiron individuals to don't get attached and to move on fast.

Chiron ☿ in IV 4th House

([1263] astromajesty.com)

Chiron is associated with the emotional wounds we receive in our early lives. In the 4th house, it points to unstable early family life. The 4th house typically stands for feelings of abandonment.

It is why these individuals struggle with a lack of self-confidence. Their self-esteem is usually low, and they distrust themselves and other people. You compensate for your self-hate by empathizing with other people.

It is a placement that indicates extreme vulnerability concerning parents. It's particularly so when relating with one of the parents, either mother or the father.

In most cases, the native has a problematic relationship with one of the parents. In such a case, the other parent becomes the ultimate support, the safe haven.

The parent is protective and highly influential. And the native is attached to that parent on an unconscious level. The attachment is so deep that they obey their parent unconditionally, regardless of how close one is to the parent.

There's a flip side of Chiron in the Fourth House!

The native has the tendency to choose avoidant and emotionally unavailable people and then idealizing them!

Second, the native often becomes overly attached to the romantic partner. That is a response and a consequence of the relationship with parents, particularly the father. The partner thus becomes a substitute for a parental figure.

The natives in the 4th house have a strong urge for belonging. They are highly emotional, compassionate, and hypersensitive. They absorb others' suffering and need a similar treatment in return.

Yet, they tend to go too far and give too much or become clingy. Ultimately, they can help others heal by offering a shoulder to cry on and nurture.

Family traumas and wounds

People born with Chiron in the 4th house are typically highly vulnerable concerning family relationships, especially those with a mother or father. These natives usually have a close relationship beaming with support from one parent. However, the other one likely makes these natives feel inadequate, unworthy, or unlovable.

They usually have a profound relationship with the supportive parent. It is why they tend to idolize them or perceive them as a god.

However, these natives loathe being what their parents want them to be. It is why they'll often defy their expectations and aim to be completely different or even rebellious.

These natives typically carry a past life wound, and its nature depends on the sign which Chiron settles in. However, their family likely failed to heal it. Instead, they made their pain grow bigger.

Or, on the other side, something else might have caused trauma at an early age. It is why people with Chiron in the 4th house don't like revisiting their old memories or visiting their family and childhood friends.

Reconnecting with childhood memories often means putting salt on their wound and being a vulnerable person again. They aim to develop new, grown-up versions of themselves that have nothing to do with their past. Remembering the past invites feelings of not being in control, shame, and failure.

Moreover, individuals with Chiron in the 4th house tend to struggle with disappointment because things don't always end up the way they imagined. That incites the belief that they're exploited or used due to their good intentions. They can get intensely spiteful, arrogant, and bitter.

Overall, the natives in the 4th house feel intensely vulnerable. That often occurs after opening their feelings up and letting others protect them. It is what reminds them of their childhood and relationship with their parents.

These natives likely had physically or emotionally absent parents, which they never got over. They perceive opening up to people like opening their old wounds and inviting people to add salt.

Intense emotions

Those born with Chiron in the 4th house have intense and unpredictable emotions. They feel utterly deprived of others' love and attention. The natives in this house are likely to become jealous of their children's attention from their partner.

These natives are complex beings, and their emotions command behavior and decisions. They likely became introverted and shy because they didn't receive enough attention from one of their parents.

Moreover, perhaps one of the caregivers mistreated them or deprived them of affection, making these natives avoidant and unlikely to form close bonds with people. People with Chiron in the 4th house don't trust people, which originates from their childhood and primary relationships.

Fear of being vulnerable

They would rather hide in their shell than get close to people and be vulnerable. One of their greatest fears is that others will notice their wounds and how vulnerable they are.

Yet, individuals with Chiron in the 4th house have the emotional strength to provide a safe environment for other people. They instinctively know how to care for and nurture others.

These natives tend to have a high intuitive ability to identify the wounds of others with ease.

However, once they learn how to be close with other people, they could become clingy. These individuals lack emotional stability.

That results in forming connections with those who are unavailable or have traumas themselves. People with Chiron in the 4th house see it as a protection from getting hurt, even though they only increase the damage.

Likewise, they tend to be unable to let go of toxic relationships and people.

- If this rear position exists you need to work on: Collective work. The power of collective creation, as well as the creative sparks generated by the group, are important. By banding together, you can create so much more. Remember, Vertex in houses can offer clues to where we may experience turning points and meetings with destiny.

Part of Fortune ☿ in ♒ Aquarius 1° 36'

([1285] astrolibrary.org)

You feel happy noticing the things that surround you, being receptive to all knowledge. You want to know everything about humanity and the Universe, without societal limitations or restrictions. You understand the union of so many different things, knowing that none is worse or better because of their difference.

You are fair. You do not like to make judgments, because that would undermine your own sense of freedom. You remain aloof and impartial with respect to others. This allows you the freedom to explore your own inner awakening.

You never have to follow the paths of others. So, you look for solitude, where you find new ideas. You use the great inventiveness that cosmic forces bestow upon you.

You like to live without any planning. You like to be original. It makes you happy to know you can help another person to feel free.

Leo is the sign opposite to your Part of Fortune in Aquarius. Through Leo, you observe how others try to direct others and try in vain to have control over circumstances, as well as to maintain those principles that give them self-respect. You know that these things, and power, have been abused in today's world.

It is the love for truth without limiting the spontaneous flow of life, which gives you your greatest satisfaction and joy. You do not like to force any circumstance, or any person. You flow easily through difficult situations because you have the great ability to understand how circumstances have become what they are. Nothing exists in this world that can surprise you.

You like to live as a true free spirit, even trying anything new or futuristic.

You know there is a better future for society, but you should not worry about how it will be achieved. Simply trust that things will be resolved in the best way possible and at the right time.

You must pay more attention to how you express yourself. Do not show off your ego in your knowledge about the Universe. Focus your struggle in search of inner power, over yourself, in addition to outward self-control.

When you accept yourself as a different, unique, and even prophetic being, your soul will begin to unfold in the direction you so desired. You will know that your mind is free to

explore all knowledge of the Universe and its human aspects. You will understand that this free acceptance of uniqueness will finally liberate Humanity from the deterioration from its own egocentricity. For that, you can be an example and helper for those who need it.

Your fulfillment and final happiness are not only for you, but for everyone you know and who shares your humanitarian ideals. Sharing common ideals with other people that want to help evolve humanity, makes you maintain a faith in the future.

Part of Fortune ☒ in II 2nd House

([1288] astrolibrary.org)

You enjoy discovering what is of true value to you as you become more sure of your principles, building a wealth that gives meaning and richness to your life.

Possessions and money are important to you as long as they reflect your most sincere values.

Since your Part of Fortune is in the second house of your birth chart, the eighth house is the opposite house. Through the eighth house you will know the values of others. So, you must learn to differentiate what is good for you personally and what is good for others.

Therefore, your greatest fulfillment comes from knowing how to maintain your personal integrity, and from everything that you know rightfully belongs to you.

Your greatest weakness is to let yourself be absorbed by the sexual values of others. Your greatest happiness comes from achieving inner stability, and a strength of values that can not be altered by others or by society.

You look for strong principles that guide you in your life. You must learn that other people will also find theirs. You should not try to force yours onto them because it would be trying to give something to others that they are not ready to receive, or are not willing to listen to. This would only weaken you, and in addition, you would risk losing your goal and doubting the validity of what you already have.

You learn to appreciate the values of others in an impartial way. This helps you accept the validity of ideas that are contrary or different from yours and that do not really

threaten the security of yours. You know that the world is large enough and that variety adds richness to the world.

In the second house of your birth chart, wealth is built. In the eighth house, the false aspects of that wealth are destroyed, either physically or mentally.

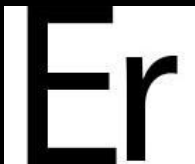

You will notice how others change their opinions. Therefore you will have clashes with friends and family, and fundamental differences of opinions, principles and values. These will decrease when you know how to not take it personally, when you take it as if their opinions do not threaten what you value and posses.

With this detachment and impartiality you will express your divine nature and the importance of defending meaningful principles and having integrity, without it resulting in violent struggles or losing your inner peace. Thus you will develop the ability to see what is meaningful and necessary for you, and this will be your greatest happiness.

([56] astromatrix.org;) Short Fuse

Opportunities: 1. Developing Creative Life Goals 2. Finding Your Direction Forward

Challenges: 1. Respecting Other's Opinion 2. Learning to Compromise

Mars Conjunct your Natal Ascendant makes you more impulsive in your actions. You may appear to others as a little edgy or nervous, but you tend to have good relationships and are a great talker. You also are quite independent and have a solid ego. Your personality should be well developed, and you will have an abundance of energy. You enjoy sports, either as a participant or as a spectator, especially when your side wins. You find it difficult to relax and be still, always needing to be on the go or doing something, but often not quite sure what. As a result, you can waste a lot of time and useful energy just fiddling around and getting nowhere.

You are not afraid to speak your own mind. While this can at times be a positive quality, you tend to speak without giving thought to the effects of your words on other people, you can say hurtful or annoying things without even realizing it. It would also help for you to learn the art of compromise. You usually state your opinions forcefully and then expect others to go along with you. Developing a little self-discipline in asserting yourself can enhance your tremendous creativity. Your physical vitality may be strong, and you may feel that you have a good energy reserve which can be further enhanced by staying physically fit and active.

2) ► **Ascendant** ASC **Parallel** ♅ **Pluto** - (1°50') 131 | 003

([93] astromatrix.org;) Shaping The World

Any planets that are conjunct your Ascendant will influence your appearance and personality in a greatly. Pluto can impact your personality in big ways. You have a very magnetic persona and can have powerful effect on others, you can be quite charming as well. The presence of a planet on the Ascendant has a physical effect on the person: Pluto can give a slightly crooked nose, exactly as a Scorpio Ascendant has. It can give you an acute intuitive ability and profound perception of situations and people plus the ability to truly focus on a topic or dilemma.

What is obvious about this placement is the eyes; they will generate a magnetic, intense gaze that can have a commanding effect on others, as if the person is seeing right into the others mind. The ability to restructure oneself following a change in life or trauma is thrust into their outer personality for all to see they amaze others at times of personal crisis with their self-transformation and reinvention.

Pluto though is all about power and if there are major negative aspects made to Pluto the difficulty of this aspect will increase and could involve abuse of power, manipulation or control.

3) ► **Descendant** DC **Parallel** ♃ **Jupiter** - (1°12') 007 | 131

([195] astromatrix.org;) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House.

Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

4) ► **Descendant DC Parallel ♄ Saturn** - (0°31') ☾7 | ♏1

([201] astromatrix.org;) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can general fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

5) ► **Imum-Coeli IC Parallel ♄ Pallas** - (0°48') ♀6 | ♎11

([589] 12andus.com:) You are wise and intellectual but your gifts for strategy tend to shine more at home or in your personal life rather than in your career.

You may get cold feet when it comes to asserting yourself in public spaces or in your career path. You may prefer to not rock the boat. You don't easily challenge the status quo in your professional life.

Yet in your private life you can be a visionary. You may need to become more confident in yourself and your visionary powers so that you can become more of a champion for change and mentor to others in your professional life.

If you don't you may undermine your mission and campaign. You may also bypass opportunities to become the leader you could be. You can be a strong influence on others when it comes to matters of injustice but you will first have to make some decisions about your priorities. Your own ambitions may have to take a back seat to the strategies for justice and change that you could promote.

6) ► **Sun** ☉ **Contra-Parallel** √x **Vertex** - (1°35') ♌10 | ♍11

([130] astrotarot.net:) Typical features that opposition brings – You find that by doing something for yourself, you attain the success or happiness you deserve. Also, you may achieve a feeling of importance due to the confidence you feel about yourself. You are hard worker, and goal oriented person. In other words, it governs self-expression, drama, creativity, color, attention, romance, fun and play. There is a constant interaction with the environment, which is expected in achieving all happiness.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

7) ► **Moon** ☾ **Parallel** ♀ **Mercury** - (1°05') ♏9 | ♏9

([15] astromatrix.org:) The Busybody

Opportunities: 1. Expanding Your Consciousness 2. Aiming for Exponential Personal Growth

Challenges: 1. Seeing Other Perspectives 2. Accepting Criticism

All Moon-Mercury planetary contacts are concerned with the relationship and dynamics of the Moon's instinctual, feeling, and emotional tendencies, with the analytical, lower mind, and communicative abilities reflected by Mercury's natal chart position. This connection can imply the type of inner relationship between the more unconscious personality functions and those of the separative conscious mind and ego.

The close conjunction of Moon and Mercury suggests a relatively open channel between your unconscious mind and your rational mind; exactly how this relationship works may, however, be variable, with both the strengths and weaknesses of each planet displayed

over time. Rationality assumes higher priority, and possible conflict may revolve around times when lunar messages contradict Mercury messages. Repressing either Moon or Mercury principles is always possible.

You can be friendly and sociable, with others relating to you easily, and often trusting you as a confidante, as they recognize your sympathetic understanding. The Mercury dimension appears as intellectual and imaginative abilities, as well as a positive attitude to life's experiences. You believe that lessons can be usefully learned from whatever happens and that 'experience' is truly the best teacher. You can benefit from formal study, as you are able to absorb information relatively easily, but the ideal type of study is one which also involves a positive emotional response, so that the Moon is also included.

The main challenge is to unite both Moon and Mercury qualities consistently so co-operation results, and not conflict. You need to distinguish between opposing inner messages, identifying those associated with the Moon - habitual security, instinctual and emotional patterns - and those which the Mercury-influenced logical mind presents. These messages can be either complementary or conflicting and to evaluate which requires your self-understanding. Real success only comes when the partnership is harmonious.

8) ► **Moon** ☾ **Parallel** ♀ **Venus** - (0°33') 119 | 119

([16] astromatrix.org;) Natural Sympathy

Opportunities: 1. Giving Your Maternal Instincts Expression 2. Helping the Public

Challenges: 1. Connecting with Others' Emotions 2. Avoiding Emotional Manipulation

You will enjoy numerous social contacts, feeling at ease with others and appreciating a diversity of communication, preferring the company of those whose relationship approach is sincere and straight-forward.

You offer your hand of friendship, expressing human warmth, civility, and conscious goodwill. With your personality, if the rest of the chart amplifies these tendencies, you are likely to find success in working with the public. Your genuine interest in others helps to build bridges between people, and, along with your natural sympathetic understanding of human dilemmas, can place you in a position to offer help to those in need.

Within more intimate relationships, your emotions are highly activated and given priority. Both Moon and Venus require emotional satisfaction and stimulation; and the quality of a loving relationship is extremely important to you. Venus can exaggerate any tendency toward self-indulgence and preoccupation with satisfying selfish needs, with a corresponding disregard for those of a partner. Extra self-discipline may be needed within intimate partnerships, especially in areas of mutual sharing.

There may be occasional attempts at emotional manipulation, both by a partner taking advantage of your sensitive feelings, and by yourself when attempting to gain your way.

9) ► **Moon ☾ Contra-Parallel ⚡ Uranus** - (0°36') ♏9 | ♍10

([157] astromatrix.org;) Freedom Or Security

Challenges will probably occur within intimate relationships. These will reflect the clash between old and new, between familiar behavior patterns and the attraction of renewal emerging from a chaotic unknown.

Your inner life may feel like a battleground, as these two different energies try to influence choices and decisions; and at times of crisis, you may feel almost torn apart. A tendency toward mental and emotional stress will exist, arising from emotional instability and problems created in relationships through unpredictable and frequent mood changes.

The impact of the Uranian vibration may create sudden changes in the erratic mutability of the lunar emotions. This can stir choppy seas into more dangerous storms. If you then release this tension through conflict with those closest to you - which is a common behavior pattern - relationships could become quite stormy. Others' inability to rely upon and trust you will obviously affect the development of long-term relationships. Your need for variety can also cause problems. This can be felt inwardly, where you easily get bored and lose interest in your home, employment, marriage, lovers etc., and then enter a phase of frustration if your need for new stimulation is denied.

To break free from this tension, you may suddenly 'explode' toward new explorations, attempting to shatter all limitations and restrictions. This can lead to moving to a new house, changing employment or established careers to pursue other directions, or entering affairs or separating from marriage. You find responsibility and commitments hard to bear during times when the Uranian impulse is too strong and capable of breaking through the Moon's established defensive patterns.

What should be avoided is a repressive build-up of inner tensions, because if they 'explode' through you, their destructive quality will dominate, rather than their transformative intent. The first step lies in acknowledging this inner pressure, and then learning to release it slowly and with conscious control, directing it into suitable channels as a natural development of your life.

Accepting this impulse for new experiences and interests can be adequately handled, if a continuous element of exploration in your life is sensibly allowed to operate in appropriate ways. This is an essential 'safety valve' to develop for your well-being. Understanding this tendency will help in choosing a suitable partner, one who accepts this need of yours and is both capable and willing to compromise when necessary in helping you to find ways to safely release tensions.

Any progress made in integrating your emotions and mind into a functioning whole will reap considerable dividends. Self-help techniques devoted to personal wholeness could

be explored, offering potential positive development. Attempts by you to impose either emotional or rational dominance on your inner life will lead to additional friction created by the ignored planetary energy. Feelings of instability that often persist also diminish your self-esteem, resulting in insecurity.

You may lack a firm personality center, fluctuating between Moon and Uranus, between emotion and logic, finding a home nowhere. You could find it useful to experience your emotional depths as deeply as possible. Let them rise to the surface; feel and understand their intensity, without cutting them off whenever they become unpleasant by an 'intellectual put-down' as inferior and not part of your preferred self-image.

Equally, your mental interests and pursuits should be emotionally resonant, drawing both levels together. As your nervous system is over amplified, attempts like this help moderate and balance the flow of combined energies, thus making it easier for you to live with others without frequently feeling a restless obsession for change.

10) ► **Moon** ☾ **Parallel** ♀ **Neptune** - (1°03') ♀9 | ♀7

([21] astromatrix.org;) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of

your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

11) ► **Mercury ☿ Parallel ♀ Venus - (0°32')** ♀9 | ♀9

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

12) ► **Mercury ☿ Contra-Parallel ♂ Uranus - (1°41')** ♀9 | ♂10

([167] astromatrix.org:) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements

that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

13) ► **Mercury ♀ Parallel ♀ Neptune - (0°02')** ♏9 | ♎7

([33] astromatrix.org;) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be

carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

14) ► **Mercury ☿ Parallel ♆ Juno** - (1°11') 119 | 88

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

For the most part, though, when you make a commitment, you fully intend to keep it and will take a diplomatic approach to relationship challenges so that you can keep your word.

15) ► **Venus ♀** **Contra-Parallel** ⚡ **Uranus** - (1°09') ♏9 | ♄10

([176] astromatrix.org;) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the

causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

([64] astromatrix.org;) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

2) ► **Ascendant ASC Conjunct ♄ Saturn** - (1°34' A) ♀1 | ♀1

([71] astromatrix.org;) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and

personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

3) ► **Descendant DC Conjunct ♃ Neptune** - (9°03' A) ☾7 | ☾7

([210] astromatrix.org;) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

4) ► **Moon ☾ Conjunct ☿ Mercury** - (2°29' S) ♏9 | ♏9

([15] astromatrix.org;) The Busybody

Opportunities: 1. Expanding Your Consciousness 2. Aiming for Exponential Personal Growth

Challenges: 1. Seeing Other Perspectives 2. Accepting Criticism

All Moon-Mercury planetary contacts are concerned with the relationship and dynamics of the Moon's instinctual, feeling, and emotional tendencies, with the analytical, lower

mind, and communicative abilities reflected by Mercury's natal chart position. This connection can imply the type of inner relationship between the more unconscious personality functions and those of the separative conscious mind and ego.

The close conjunction of Moon and Mercury suggests a relatively open channel between your unconscious mind and your rational mind; exactly how this relationship works may, however, be variable, with both the strengths and weaknesses of each planet displayed over time. Rationality assumes higher priority, and possible conflict may revolve around times when lunar messages contradict Mercury messages. Repressing either Moon or Mercury principles is always possible.

You can be friendly and sociable, with others relating to you easily, and often trusting you as a confidante, as they recognize your sympathetic understanding. The Mercury dimension appears as intellectual and imaginative abilities, as well as a positive attitude to life's experiences. You believe that lessons can be usefully learned from whatever happens and that 'experience' is truly the best teacher. You can benefit from formal study, as you are able to absorb information relatively easily, but the ideal type of study is one which also involves a positive emotional response, so that the Moon is also included.

The main challenge is to unite both Moon and Mercury qualities consistently so co-operation results, and not conflict. You need to distinguish between opposing inner messages, identifying those associated with the Moon - habitual security, instinctual and emotional patterns - and those which the Mercury-influenced logical mind presents. These messages can be either complementary or conflicting and to evaluate which requires your self-understanding. Real success only comes when the partnership is harmonious.

5) ► **Venus ♀ Conjunct ☿ Uranus** - (6°17' A) ♀9 | ♀10

([44] astromatrix.org;) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes,

beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

You need to find a way to keep a moderate effort to encourage others to your cause without alienating or shying away from acting on the causes that personally appeal to you.

21) ► **Moon** ☾ **Opposition** ♄ **Pluto** - (4°21' S) ♀9 | ♀3

([159] astromatrix.org:) The Devastator

You may experience emotional blockages which inhibit sharing feelings. Emotional energies which cannot find suitable release may accumulate. You maintain tight inner controls which influence relationships, as others may sense an atmosphere of repressed violence and passion. This tension and pressure can make it difficult for others to relax in your company. Relationships are uneasy and are not helped by your suspicion of others. You rarely allow access into the sanctum of your personal life, so this distancing suits you.

Domestically, you dislike intrusion, and take offence whenever anyone is patronizing or attempts to dictate to you. You can find consistency difficult in intimate relationships; not in the sense of loving, but more in how you express feelings. This is due to emotional blockages and control needs; you may appear to 'blow hot and cold' to your partner; yet this simply reflects how your emotional world is at any given time, rather than indicating the depth of love you feel for your partner.

You will be emotionally sensitive and feel really hurt when another does not respond to your advances; you have a low threshold for emotional pain, which amplifies mood swings. Frustration occurs from your high expectations of intimacy and life; and yet this is often caused by your inner state that inhibits receiving and enjoying as much as you

should. Again, compromise is a necessary virtue to acquire or, through sheer obstinacy, you could lose more than you gain through lack of moderation.

Learn to value your partner, become less insistent upon your will and desires, and listen to others more. Inner changes could allow considerable benefits to emerge, ones which cost far less than you imagine, and which do not really change you except positively.

22) ► **Mercury ☿ Opposition ♇ Pluto** - (1°52' S) ♎9 | ♏3

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to

internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

23) ► **Venus ♀ Opposition ☿ Chiron** - (4°51' A) ♏9 | ♈4

([120] astrotarot.net:) Typical features that this opposition brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help. With the opposition, your love life will inevitably manifest as long periods of repressed stress punctuated by sudden outbursts of pain. Of course, you are going to try and attract a partner who balances you in some way. But eventually, the strain on the relationship will begin to show, and you will be forced to face your pain once and for all. Let good things come to you, brave up and face it. Opportunities do exist, so it is a matter of actually acting upon it and coming in on equal ground. Heal yourself and become happy!!

- Positive traits: With this Natal Venus – Chiron aspects you are very sensitive.

- Negative traits: you often feel that you are not good enough. Also, your capacity to earn money is directly related to what you believe you deserve, and with this aspect, this belief can be quite distorted.

24) ► **Mars ♂ Opposition ♃ Vesta** - (1°01' S) ♏8 | ♋2

([613] 12andus.com:) You may feel conflicted about your personal ambition and your sense of spiritual calling.

You may be called to serve by putting your needs aside and acting courageously to help others, Military service or militant-style actions fuel your sense of calling and spiritual purpose.

Yet you may wish you could abandon your higher calling and just focus on your personal ambitions and desires. When you step back and find a way to balance your personal ambitions with your higher calling, you can succeed on your mission. By fulfilling your spiritual calling, you end up finding deeper personal fulfillment anyway.

By overcoming resentments and impulsive actions that distract you from your higher spiritual calling, you can come into alignment with your gifts and courage, finding ways to fulfill your mission and embracing the sacrifices that help you serve others.

25) ► **Saturn** ♄ **Opposition** ♅ **Neptune** - (7°29' S) 131 | 67

([199] astromatrix.org;) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

With this aspect, you want to be independent and to find a lifestyle and life work that are unique and yours alone. While you are young, others will consider your interests quite unusual, especially for someone your age.

You may be particularly interested in a technical or scientific field, and in fact when you are an adult you may choose a career in such a field. This aspect may also indicate an interest in the occult or in offbeat philosophies.

You do not feel obligated or held back by tradition. You seek to carve your own niche in life, and in the course of doing so, you may come up with some rather original and even

daring ideas. At some time in your life, you may even make a totally new discovery. You may prefer to be alone much of the time, not because you can't get along with people, but because you prefer to be free to program your own time. Other people may keep you from doing this, so that you feel you cannot accomplish what you need to.

You are likely to identify yourself as being different from others, because you feel that if you are just like everyone else, you are less of a person. Everyone follows some kind of pattern in order to feel unique, and yours is simply to be different.

You are capable of working with others as long as you feel that you share common goals. In fact, you can work very hard for a belief in something higher than yourself, usually a belief that is radical or unusual.

([224] astromatrix.org:) The Cosmic Blessing

You should find that you are able to keep focused on your aims and ambitions and linking these with your innate optimism and self-confidence should ensure success. You may be especially attracted towards opportunities associated with the media and communication, or in the generation of ideas for schemes and projects which improve the quality of life in society.

You feel the need to develop a suitable personal lifestyle in which there are opportunities for freedom, growth, and creative development, enabling you to diminish those less enjoyable aspects of life, consciously replacing them by activities that evoke your strengths and talents.

Seeking wealth may not engage your wholehearted participation, but the abundance and prosperity of a suitable lifestyle will attract your creative endeavors. This could be through creating a more simplified, natural lifestyle, provided it fulfils your need for enjoyment. You may find many standard forms of employment restrictive, as they often prove to be inimical to creativity and the application of intelligence, through being

repetitive and limiting the exploitation of natural talents and personal qualities. You may need to look for new employment avenues or move into your self-directed path for real satisfaction and greater opportunities. Your communicative skills could be usefully employed, and this opens areas of education, teaching, public relations, consultancy, law, media and theatre work for possible consideration.

As your focus is probably on your mental level engaged in intellectual activity, you can easily manage to study and learn, and over time this increases your inner storehouse of knowledge and information, giving you a 'well-stocked' mind. Applying this can create opportunities for your persuasive skills, convincing arguments and displays of logic, associating these with a taste for dramatic expression could turn you into a 'character' capable of personality projection through media channels.

Verbal articulacy is a valuable skill to possess, and if you feel comfortable with this skill, then look for suitable opportunities for expression. You feel an inner resonance with the problems and pain of social issues, both nationally and globally, and your temperament is naturally sympathetic and caring. You prefer to act and live in ways which are beneficial to everyone and underlying this is a philosophical or religious nature which forms your own worldview.

While you may be directed towards attaining your personal aims, you do not choose to achieve by taking advantage of others, and your tendency is to look for the path by which constructive co-operation can be achieved to resolve difficulties, rather than attempt to manipulate for your own gains. This quality could offer paths of conflict resolution, whereby applying your creative thinking abilities you can bring about the healing of differences through mutual contact and adjustments.

Integrity and ethical issues may become important, and you will carefully choose your intimate partners and friends according to certain guidelines and methods of evaluation. Acquaintances will be many, but the select circle will be more exclusively chosen, and will be composed of similarly confident and self-actualizing individuals.

Doors open for you, and you may feel that your life is guided and protected by an invisible guardian angel, helping you to take the opportunities that enter your life. Travel may become important too, or contact with other nationalities, as you open to the richness of the world and its varying rainbow colors of different cultures.

Periods of contemplation and temporary withdrawal from the whirl of life may be worthwhile, as they enable you to gain a renewed perspective and recharge those inner batteries by reconnecting to your deeper self, especially if your lifestyle requires considerable contact with other people or 'personality projection'.

Your basic attitude is to put a lot of energy into living because life will return that amplified, increasing your appreciation and enjoyment. Providing you can create a

suitable lifestyle, then you will recognize that your life has been blessed, and that even your earlier childhood had helped to sow the seeds for your future benefit.

40) ► **Venus ♀ Sextile ♆ Neptune** - (4°43' S) ♏9 | ♆7

([257] astromatrix.org:) The Practical Idealist

The energies of the trine should enable you to become a practical idealist, where the spheres of personal relationships and social obligations are highlighted in your experience. Mars will provide you with a powerhouse of energy to use, and Neptune will indicate suitable directions for expression. This will be through a heart sensitivity to the problems of others, either individually or on a more impersonal, collective scale, and you will feel motivated to share in aspects of social responsibility.

Fortunately, most of your personal aims can be achieved within such a framework, and so you may be attracted towards socially orientated work, especially in the fields of welfare, medicine, community aid and physical therapy. In such ways, you feel able to

share your energy by supporting others who may be struggling in life, perhaps through ill-health, disadvantaged social conditions, or family problems.

There is a natural sympathy, and your compassionate approach will often lead to many sharing their problems with you. It may be that at times you will need to cleanse yourself of 'accumulated suffering' absorbed from such work, and forms of negativity-releasing meditations or psychic protection are advised, otherwise, you may experience your level of vitality dropping under the burdens that you choose to take.

Even if you do not adopt the Neptunian way as a profession, your closer social friends will recognize this quality of support within you, and will often turn to you for a helping hand and a listening heart, coming away feeling less burdened, more inspired and sharing in your confident energy that all will be right (or that they can at least cope successfully). This is an aspect of a healing energy that you can transmit, and which is often connected to an acute inner sensitivity to the environment and people's emotions. This empathy is a key to your potential effectiveness in relationships, an intuitive knowing of how to respond and what type of support can be offered. Some may consciously gravitate towards areas of spiritual / occult healing techniques, and this could be an effective channel to explore.

Your intimate love life should be reasonably satisfying, often with a strong emphasis on physical and heart energies, possibly with some intense and passionate romances. Once you settle with a stable partner, you will appreciate those deep emotional bonds, those subtle empathies and feelings of real relationship that can be established through mutual love. Generally, your partnerships are honest and direct.

([397] astromatrix.org;) Emotionally Tense

Opportunities: 1. Finding Your Direction in Life 2. Getting a Friend's Advice

Challenges: 1. Growing Up 2. Balancing Reason and Emotion

Your emotions are quite strong and are very important to you, but you will have to resolve certain tensions. First of all, your needs and feelings may often conflict with what other people seem to expect of you. Or you may feel like going one way even though you know it would be better to go the opposite way. The problem is, there is no one answer as to which way you should go each time. Your feelings are sometimes more correct than rational judgments, which may be based on ideas taught by others with no thought for your individuality.

You have to live with others, but at the same time you have to be yourself. If reason tells you to go one way and emotion says the opposite, think about your choices carefully. If the 'reasonable' path helps others but offers you very little, then your emotions may be trying to tell you what your real needs are. On the other hand, your feelings may come from old, outdated ideas and silly childish fears.

You may be reluctant to face the world of growing up. You will need the advice of a faithful friend, perhaps one of your parents, who can show you which choice is best for you without having a stake in the result. As you get older, you should be able to make these decisions more easily.

Your emotions and ideas about your life should reinforce each other. Take your time growing up, however; you may take longer than others, because you have farther to go.

51) ► **Midheaven** MC **Square** ☿ **Mercury** - (2°17' A) ♋12 | ♏9

([411] astromatrix.org;) The Restless Mind

Opportunities: 1. Going Deep into Your Interests 2. Finding an Intellectual Career

Challenges: 1. Choosing Some Interests over Others 2. Being Present when Speaking

Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active,

and each new interest you take up will give you a new idea about your future career. In fact, the danger here is that you may never really settle on one career; you will get into many projects but never thoroughly enough to know what each one can really offer you.

For this reason, you must teach yourself some self-discipline, so that you can stay with a project long enough to understand it. You are quite restless and need to be mentally active all the time. You need to keep your mind busy, talk with others and feel that life is moving quickly. Otherwise you get bored, and then you may annoy people.

Often you get so wrapped up in your own ideas and needs that you forget about anyone else. But with a little effort you can get away from yourself and see other people's points of view. You are able to think very clearly, but only if you come out of yourself.

As you get older, be careful not to say things that work against you. Your mouth could be your own worst enemy unless you make sure of what you are saying before you speak. It is possible to make your point without offending others.

You enjoy games, especially those that involve your mind, so you may be very good at solving puzzles and other activities that require cleverness.

52) ► **Midheaven MC Square P Pluto - (0°25' A)** ♄12 | 003

([452] astromatrix.org;) Desire For Change

This aspect indicates that you will have to make a special effort to get along with people. You must make it clear that you do not try to fulfill your goals in life at their expense, and that you will not allow them to take advantage of you either.

A very ambitious person in youth, you probably picture yourself as being quite important when you are older. This can be a very constructive attitude, but it will be difficult to achieve your ambition unless you are able to get along with others, to give them a constructive part in your goals. Also, it is very important that you play the game of life honorably and adhere to high ethical standards.

You don't need to worry that doing so will be dull, because whatever you get involved in, you make it exciting and powerful. You have a strong desire to bring about change in your world, and you may want to be a reformer and rebuilder. However, you should not try to get power simply for its own sake. You have to use the energies of Pluto for a purpose higher than yourself.

It is perfectly permissible to be personally rewarded by your work - you do not have to be totally self-denying - but personal gain should not be your principal motivation. A born psychologist, you should be able to gain great insight into human behavior. But again, you must not use this knowledge for personal gain or to manipulate others. Eventually you may choose a profession that will use this knowledge.

You need to learn that you can not have everything in your life as you want. You have to abide by societal standards and laws. Accepting your aggressive nature and understanding your needs without any fear would help to exert your energies positively. You also won't feel forced to go to extremes to ease yourself.

([347] astromatrix.org;) The Hard Worker

Opportunities: 1. Making Bold Decisions 2. Getting Meaning from Your Work

Challenges: 1. Discovering Your Mission 2. Working in Teams

You have a strong sense of self - that is, you know who you are and what your rights are with regard to other people. You have considerable self-confidence and will fight for what you believe to be yours. On the other hand, you are less likely to dominate people than those with other Mars-Midheaven combinations.

You do have a great deal of physical energy, however, especially in activities that you want to be involved in. As you get older, you will pour out energy in your work and career, and you will be known as a very hard worker. But you may not feel that you are

working hard, because the energy comes so spontaneously that you do not regard it as work. For this reason, you should look for a task or purpose that your life can revolve around, that you can identify closely with.

While you are young, this may simply be a hobby, but later on it will be your career or life work. Fortunately, with this aspect you won't have much trouble finding a purpose in life. You are not especially competitive, but you are independent. You do not like to be dependent on other people; nor do you like anyone to interfere with the schedule you have set for yourself. Consequently, you may find it easier to work and play alone than with others.

When you have to make a choice, you are usually able to do so quickly and easily, because you know pretty much what you want, and you go after it. If you don't know which of two choices to take, you may make an arbitrary decision, feeling that making some choice is better than going nowhere.

76) ► **Sun ☉ Trine ♅ Pluto** - (6°35' A) ♁10 | ♀3

([307] astromatrix.org;) Self Integration

The relationship of the Sun-Pluto trine is potentially quite harmonious, and you should have the ability to concentrate and apply your willpower, coupled with the option of a regenerative transformation which may be necessary to achieve self-integration and your chosen aims.

There will be less influence by the undermining quality of the Pluto energy, provided that you utilize your natural gifts in socially acceptable ways. You are able to make maximum use of innate resources, turning them to your advantage to achieve your goals. You will display a social awareness and will feel attracted to applying your talents towards improving the social environment.

Your ability to have a natural insight into resolving problems in the most effective manner can lead to a possible career or vocation in challenging problem-solving areas. You will have certain financial skills and a logical and deductive mind, preferring to tackle projects where you can reclaim order from chaos. This gives a sense of satisfaction, as you dislike chaos and a lack of structure; you want to be in control and create an ordered harmony in your life and environment.

You have the potential to be a spokesperson or leader, where your vitality gives the impression of purposeful direction, and your optimistic and inspiring creative expression can attract support. This occurs naturally, without the usual Pluto desires for power and manipulative influencing of others; indeed, you have little compulsive desire to be an authoritative leader.

There can be an intuitive ability which offers you clear insights into situations, possibly even a degree of clairvoyance, which any exploration into yoga, meditation and ways of self-discovery could release and amplify. There may be a healing energy from you, possibly aiding others who can absorb excessive energy releases from you on an unconscious level, and you can be a reliable support to anyone who requires aid in resolving problems. You may benefit from what appears to be 'luck' in your life; this can come from inheritances, or by the ill fortune of others.

You have considerable creative potential, but to release this fully you may have to experience some inner transformation which dissolves any blocks which are initially frustrating your success. This involves learning how to use this aspect to full advantage. Assuming that you are able to channel this energy towards socially beneficent results, and ensuring that you do not try to evade facing and resolving any important personal problems that arise - within yourself or within a relationship - then you should experience few of the traditional difficulties associated with an unintegrated Pluto energy; which, for many people, could be considered a blessing.

Certainly, Pluto, can be very co-operative with your solar aims, although much of this support may lie deeper in your unconscious mind and may not always be recognized. At least unresolved Plutonic patterns will not be subtly influencing and distorting your choices and experiences in an attempt to come to your attention.

77) ► **Moon ☽ Trine ♃ Jupiter** - (6°13' S) ♎9 | ♊1

([314] astromatrix.org;) The Ray Of Hope

You will probably have optimistic, positive attitudes that contribute to a feeling of well-being, and which are effectively communicated through relationships. You may be oversensitive to environmental influences or to negative reactions from people, but you have resilience, and prefer to work through problems as soon as possible, rarely allowing them to spoil your enjoyment of life for too long.

Compassion, generosity, and an altruistic, humanistic spirit will be present, and may encourage more social involvement, perhaps through feelings of moral and civic duty. Associated with this may be religious idealism, especially inspired by stories such as the Good Samaritan parable.

Creative and imaginative potential is likely and this should be carefully developed. Even if these only manifest as leisure-time interests - perhaps as artistic or literary skills - their valuable contribution to your life and others' may be significant.

In intimate relationships, you will look for partners of high caliber and quality, people with whom you can experience a deep, meaningful relationship. Mutual intellectual and emotional fulfilment is sought, partners are chosen who also follow their life path and intend to manifest potential.

78) ► **Moon ☽ Trine ♄ Saturn** - (3°11' A) ♎9 | ♊1

([315] astromatrix.org;) Common Sense

Potentially, these two disparate planetary energies can be reconciled; and you will probably feel a more positive and optimistic attitude than is common with the other Moon-Saturn aspects. Your personality is relatively stable, and, in developing a suitable lifestyle, you will demonstrate resourceful and practical skills.

You are reliable, and persevere to fulfill your duties and responsibilities, whether

domestic or family, or through career, social, and civic involvements. Your outlook may be cautious and conservative, respecting social rules and traditions, preferring to live by self-conformity to 'civilized behavior'.

You may view social experimentation and radical ideas to change cultural establishments with unease and suspicious concern, preferring the familiar and trusted ways. However, you also do recognize the renewing virtue of change, and will support change if you believe it will be beneficial; yet change for change's sake you will view with distaste. Establishing firm life foundations is seen as important. This motivation may have come from valuing childhood stability and permanence, where you felt safe within a secure home and enjoyed the comforting presence of parents.

You realize that 'successful building' depends on right foundations. Following this 'pattern' will increase the likelihood of success in any endeavors, whether in business, career, marriage, or family life. You may benefit from inheritance, perhaps in business or through some type of institutional involvement. You apply shrewd, pragmatic common sense to your affairs, preferring either self-employment or positions of authority and responsibility, where opportunities to express potential are more available.

You have creative abilities, although these may be directed along traditional channels, into business or career. The spheres of law, medicine, engineering, politics, management, and education may especially attract. You tend to be a good worker, believing that to gain benefits you need to wholeheartedly commit your efforts to tasks. You are rarely emotionally effusive; and you may seem austere and privately withdrawn. You prefer to remain in control and be reasonably stable; and yet feelings can be displayed honestly and in a straightforward manner, ensuring that others know what you think and feel about things. Emotional manipulation and distorted relationships are anathema to you; and you dislike anyone acting in such a way.

Friendships are founded on mutual compatibility, trust, and faith in genuine care and support for each other, although each has to be an independent personality and secure in his or her self-esteem; you are not interested in dependent personalities whose emotional vacillations and confusion may agitate the emotional unease that can be hidden within you. You are cautious in making emotional decisions, taking time to evaluate your feelings and instincts, knowing that they offer valid messages, and yet also recognizing that you may not listen to them enough.

Once certain, you commit yourself, especially in a marriage or partnership context; and you will expect similar clarity and commitment from your partner. Maturity and emotional stability are necessary in a partner, and you dislike emotional changeability; if you find the right partner, much of your creativity will flow into the relationship, so that it develops and progresses for mutual benefit.

Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

Antiscia: For simplicity's sake we're gonna explain it like Conjunction.

Contra-Antiscia: Opposition.

([211] astromatrix.org;) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

5) ► ***Contra-antiscia-Lilith ♀ Conjunct MC Midheaven*** - (1°37')

([113] 12andus.com;) You try hard to suppress and hide your raw emotions and deeper instincts so that you can conform to expectations of others, especially in your career. You may be highly protective of your public image but in denying your deeper desires, you cut yourself off from a source of power, confidence and creativity. Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set the stage for a successful career.

7) ► **Contra-antiscia-Uranus** ♂ **Conjunct** ♀ **Venus** - (0°32')

([176] astromatrix.org;) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 1° **Aquarius** 36' and in the **2nd** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 23° **Sagittarius** 28' and in the **12th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 20° **Aquarius** 35' and in the **2nd** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 13° **Cancer** 9' and in the **7th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 9° **Aries** 43' and in the **4th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 19° **Leo** 22' and in the **8th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 22° **Cancer** 43' and in the **7th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 23° **Capricorn** 46' and in the **1st** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 25° **Sagittarius** 8' and in the **12th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment

Nemesis in Twelfth house (Pisces): indiscretion, being gullible

Lots related to family:

The **Lot of the Father** is in 28° **Virgo** 20' and in the **9th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 27° **Capricorn** 49' and in the **1st** house.

Same as for father.

The **Lot of Siblings** is in 21° **Capricorn** 57' and in the **1st** house.

The **Lot of Children** is in 3° **Capricorn** 8' and in the **1st** house.

The **Lot of Daughters** is in 4° **Libra** 8' and in the **10th** house.

The **Lot of Sons** is in 16° **Virgo** 16' and in the **9th** house.

The **Lot of Marriage for Woman** is in 0° **Taurus** 21' and in the **5th** house.

The **Lot of Marriage for Men** is in 24° **Virgo** 44' and in the **9th** house.

The **Lot of Deceit in Marriage by Woman** is in 13° **Sagittarius** 19' and in the **12th** house.

The **Lot of Deceit in Marriage by Men** is in 8° **Capricorn** 51' and in the **1st** house.

The **Lot of Marriage (in general)** is in 20° **Aries** 56' and in the **4th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 18° **Taurus** 13' and in the **5th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 10° **Aquarius** 50' and in the **2nd** house.

The **Lot of Treachery** is in 0° **Pisces** 44' and in the **3rd** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 14° **Gemini** 51' and in the **6th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 9° **Capricorn** 57' and in the **1st** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Cancer (Rx)

(canvasofthecosmos.tumblr.com:) Pholus in 4th House/Cancer: You may be, as your mother would describe in an endearing way, a "happy accident." She impacted you in a huge way, and you have strong feelings about her, one way or another. Her influence on you reverberates throughout your life, and if your relationship with her is left unresolved, you will find that you can never escape her. Either way, family and your proverbial home unleashed emotions you would rather not have bubble up to the surface at first. This is due to a strong resonance you have with your ancestral past, and try as you may, you can never escape your family's legacy, for better or worse. Regardless, when you find a house that actually feels like a home, you live it up like no other. Once you settle down and have a family of your own, the intensity of such responsibility can be intimidating. Fear not- each new edition to your home brings a fresh start, another way to explore your deep inner emotions and bring out the best, as you always seem to do in the end.

Pholus in 7th house

(12andus.com:) You easily gain friends and may be sought after by more people than you expected.

Your attractiveness and love of others can lead you to seek balance and empathy but sometimes you look for love in all the wrong places. You may make small seemingly innocent connections with people who turn out to have a dramatic life changing effect on you.

You may become obsessively involved in romantic relationships that you think are going to give you what you're looking for, only to find that you have been deluding yourself or developing a toxic relationship.

You may need to heal from a past relationship before you try to move on into new

relationships. Through relationships, you may unintentionally open up a can of worms that you can't easily control.

You may find transcendence and healing from dealing with an unintended fallout from your attempts at relationships with others. Others can help you face hidden aspects of yourself and you can find peace with hidden aspects of your personality.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Scorpio

(12andus.com:) You have a deep desire for intimacy.

Your obsessive nature can be channeled into sexual conquests. You're obsessed with power, status and domination. You prefer sexual positions that make you feel in control of your partner.

You may also have a healthy sexual appetite that you'll look to fulfill even if you stray away from your actual romantic partner.

You need to feel secure and in control so even in sexual encounters, you'll steer clear of any signs of vulnerability. You will become obsessed with the power aspect of sexuality.

You may become fixated with experimentation that involves restraint, control and power over a partner. Pushing the very boundaries of the relationship is arousing to you. This can lead you to experiment with BDSM or other taboo forms of sexuality.

Eros in 11th house

(12andus.com:) Your sexual interests are varied and surprising.

You may be aroused by any number of things and your erotic fantasies may change one day to the next. You may have fantasies about having erotic encounters with numerous partners at once or about taboo sexual encounters.

You may be surprising and even extreme as your desires are unconventional and challenge the status quo. You may also have an intense desire for sexual exploration.

Your passions are triggered by intellectual connection and you may feel an intense connection to someone you just met, intuitively drawn to a partner without being able to explain why.

Even though you have a healthy sexual appetite, you aren't out to use erotic connection

as a form of emotional bonding. In fact you can be independent or even indifferent about your sexual encounters.

You may use sexual exploration as a form of experimentation and test your own (and your partners') boundaries.

(12andus.com:) You easily draw on your mystical, compassionate, spiritual nature during unusual times of crisis.

Your desire to heal others and potential to martyr yourself can lead you to put yourself into the line of fire during catastrophic events, yet you embrace this as part of your mission. Your compassion and empathy lead you to act as a protector, healer or gatekeeper during times of cataclysmic change.

You have strong enough intuition to sense dramatic, unprecedented change on the horizon. Yet you may succumb to illusions that misguide you or lead you to overestimate your ability to respond effectively.

Your attempts to protect or heal others may lead you into the firing line of dramatic turning points that have significant social ramifications throughout the community at large and in your personal life.

Regardless of the outcome, you will be able to find the higher meaning and path to spiritual advancement that comes in the midst of dramatic changes.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Pisces

(astrology.com:) Pisces or the twelfth house: These individuals are drawn to behind-the-scenes or private wellness activities. This could mean anything from faith-based practices like prayer, to reflecting on the days' events by keeping a diary, to esoteric divination like tarot and, yep, astrology. These people need a good night's sleep because they recuperate from stress through the REM cycle, and are generally excellent at decoding their dreams to indicate fortuitous future omens.

Hygiea in 3rd house

(astrology.com:) Gemini or in the third house: These individuals put a premium on the mind, staying sharp through puzzles, brain-teasers, and keeping up on current events. Self-care territory often feels too emotional, and they can spread themselves thin trying to tackle all their doctors' appointments at once so that they "don't have to think about them" anymore. They must remember to give the same love to their body as they do to their intellect.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Capricorn

(whatsmyalternative.com:) A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Karma in 1st house

Like Adam & Eve taking a bite out of the apple in The Garden of Eden. You just can't contain your curiosity. The more you know, the more you can learn. The more you learn, the more you know. The more you know, the more you can learn to others and share. The more people know, the more places you can travel to and explore. You see all this in your head. Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing

the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Pisces (Rx)

(smartyoungsters.com:) This is the Nessus who is obsessed with spirituality, oldage homes, hospitals, photography, painting, art, nomadic lifestyle, dreams, healing, reiki and being a mystic living on mountain. This Nessus will be excessively fond of water and living besides it. Like the Nessus in Sag/9th house, he also is a compulsive traveler but of a mystic sort. He is a compulsive painter, photographer that is obsessive about capturing every single detail. He runs behind the mysteries of the Cosmos and keeps himself occupied with it. He has a compulsive desire to learn healing crafts like pranic healing and reiki. He can use these to manipulate his disciples, patients and followers. A guru who talks to spirits of the ancestors. He prefers living life his way avoiding bondage of any kind, slipping out of the hands like a fish. A person who avoids responsibility of any kind. When expressed positively, this is the "Adi Yogi" avatar of Lord Shiva who can cure with compassion, the world's first reiki master who can heal and turn "prana or chi" in the positive channels. He is also the alchemist. A dream interpreter, spirit medium,

spiritual guru and master artist like Leonardo Da Vinci, is this Nessus. In love, he is detached, free from bondage and a nomad moving from place to place discovering the secrets of cosmos. He is intuitive, magician, mystic and tuned to the spirit world. He will need plenty of space.

Nessus in 3rd house

(smartyoungsters.com:) This is the verbal Nessus that may use his communication abilities to manipulate. A compulsive, opinionated journalist with an "uncontrolled pen or tongue" is this Nessus. He can be the bully in the house who manipulates his siblings by gossiping to get things his way. Blackmailing by using his writing skills, investigative journalist, crime journalist using pen for fulfilling his desire is this Nessus. When controlled positively by Saturn and Chiron, this Nessus can bring in much desired change in the society through their passionate verbal and writing skills. In love, this Nessus is a creative manipulator who talks his way through arguments. He doesn't fight, he negotiates smartly but compulsively to earn his partner's faith.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).

- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

Melete in Scorpio

(hillarysss.tumblr.com:) Melete in 8th: You are scared of the dark truth you may prefer a sweet lie just to feel better you know there is something scary out there but you'd rather not know but yet it intrigues you and brings sadness. You may constantly feel burned of the dark truth of the world. You are constantly paranoid of telling anything about yourself.

Melete in 11th house

(hillarysss.tumblr.com:) Melete in 11th: You're scared of letting yourself get too close to a friend. Friends could've burned you constantly. Maybe there is something that stops you from making friends. Technology could've been something that really brings you sadness. (Being online can scare you so you may keep things very private). You're scared of being too humanitarian you don't wanna get "taken advantage of". Friends may have constantly used you.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we

dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

[3] The fixed star Unuk (aka "Snake Heart"). This cunning fixed star seeks release in the seductive, unconscious and instinctive sexual/aggressive forces deep within us.

But as the energy cuts a swathe of darkness across the face of the Earth, the rhythm of this beating heart will stop for a few moments... and so with it the repressed coiled energies of the collective.

So seductive... and addictive, this uncontrolled and corrupt energy is potentially violent and criminal. However, if acknowledged, accepted and celebrated, the animal urges inherent in the human species and can be channelled into a new realm of possibilities... where the undulating vibrations of instinctive awareness are harnessed into higher awareness, offering supreme enlightenment and a gateway to bliss. This is the beginning of the shift of consciousness.

The fixed star Unuk marks the possibility of ascension. Individual efforts focused outwards. By entering the dark side of life, opens us to see the light. Like a moth to a flame. Once the light is found through the blackness a new path forward is forged.

If this aggression is not controlled and channelled correctly it may lead to anger directed

towards others. Unuk star in an astrology chart shows where emotions are heightened, bringing about anxiety. Leading to cloudiness in decisions and an unclear mindset.

Once this has taken hold, it is very difficult to turn things around. Unuk asks us to stop and contemplate our moves. Making sure we do know where we are going. Where our thoughts and actions are leading us.

[3] This is chaotic and perverse energy that seeks random release, resisting order, and fair judgment. Focus on remaining calm, during this turbulent time and if possible defer all important decisions until the dust has settled. Waiting to make big decisions sometimes turns out for the better in the long run.

If this energy is managed correctly and focused on an end goal. It becomes a catalyst for change. Usually for the better. It marks a change of heart and a change of mind. Allowing new concepts and circumstances to arise. The universe opens up and shows its hand. A time for patience as you wait for the right energies to carry a project to fruition. In the meantime plan your future steps in creating what you are wanting. The

fixed star foramen breaks all traditions and rules. Taking a maverick approach to circumstances and situations.

Times where anything can happen, positive and negative. Knowing the correct pathway forward will take some time. The rewards will be well worth waiting for. Think of it as a time of maturity like a fine wine. Through this process, great wisdom is found. In conclusion, the Foramen star has a strong influence on one's astrology chart. It affects other planets and stars that come into focus. Well worth figuring into a final astrology chart reading.

the illusion around us and reminding us that every death is an omen of rebirth. And so the cycle repeats itself.

Arcturus offers protection on a psychic level as well as a physical one. A strong showing of this fixed star in one's chart has a powerful influence. In connection with Jupiter Arcturus ignites passion, spiritual wealth leading to ascension.

Arcturus reminds us of the matrix we live in. But also a way to transcend such a system. Through higher consciousness, achieving ownership of your very soul. Instead of allowing the brain to take the lead. Without listening to the spirit. This is a dangerous way to live. Arcturus fixed star shows us we must listen to our spirit and allow it to be master over the brain and body.

It prepares the body and mind for self-healing. Far-reaching past episodes of trauma may arise when Arcturus is prominent in your astrology chart. A time of awakening to the spiritual side of yourself. The soft gentle side that you've been hiding from the world, in fear of rejection. Arcturus star brings illuminated light to a personally disturbing dark place.

[4] Mars and Jupiter (great pride, grandly liberal, commanding, cosmopolitan views. If rising or culminating, military honor and preferment.) It gives riches, honors, high renown, self-determination and prosperity by navigation and voyages.

[3] This is chaotic and perverse energy that seeks random release, resisting order, and fair judgment. Focus on remaining calm, during this turbulent time and if possible defer all important decisions until the dust has settled. Waiting to make big decisions sometimes turns out for the better in the long run.

If this energy is managed correctly and focused on an end goal. It becomes a catalyst for change. Usually for the better. It marks a change of heart and a change of mind.
