([659] numerologycalculator.online:)

The Intuitive

The Life Path 7 suggests that you entered this plane with a gift for investigation, analysis, and keen observation.

You are a thinker of the first order. You evaluate situations very quickly, and with amazing accuracy. As a result, you are thorough and complete in your work, the perfectionist who expects everyone else to meet a high standard of performance, too.

It's easy for you to detect deception and recognize insincere people, and you avoid them. You aren't one to have a wide circle of friends, but once you accept someone as a friend, it's for life.

You need a good deal of quiet time to be with your own inner thoughts and dreams. You dislike crowds, noise, distractions, and confusion.

You rely heavily on your experiences and your intuition, rather than accepting advice from someone.

In the most negative use of the 7 energies, you can become very pessimistic, lackadaisical, quarrelsome, and secretive. A Life Path 7 individual who is not living life

fully and gaining through experiences, is a hard person to live with because of a serious lack of consideration for others. This may be why some 7s actually prefer living alone.

Fortunately, the negative 7 is not the typical 7.

Expression (Destiny) Number: 3

([659] numerologycalculator.online:) The number 3 Destiny suggests that the direction of growth in your lifetime will be toward a more creative and inspirational nature. This path also leads to establishing yourself as an inspiration person spreading optimism and cheerfulness wherever you reside or travel.

The byword for the 3 Destiny is embracing the joy of living and helping others to do the same.

A large part of your mission in life centers around raising the spirits of your fellow man. This might be on a everyday small scale basis, or it might be by being on stage as an entertainer.

Obviously, for most, the first more likely, but, this Destiny does incline you along a variety of lines that may include writing, speaking, singing, acting or teaching. For some the interest in and appreciation of the arts is there, but the creative pursuit of these interests might not arrive.

You also have the destiny to sell yourself or sell just about any product that comes along. You may indeed be a natural salesman as the 3 traits are always welcome in sales and public relations. You are imaginative in your presentation and a pleasure to be around.

As you mature you must become an optimistic person that seems ever enthusiastic about life and living. You are friendly, loving and social, and people like you because you are charming and such a good conversationalist. You must develop an ability to communicate effectively in order to inspire others. It is your role in life to inspire and motivate.

Friends are extremely important to the 3 Destiny, and you must develop the ability to be a true friend. Through this talent you will achieve success. Opportunities open for you as you become increasingly social.

The negative side of number 3 Destiny is superficiality. You may tend to scatter your forces and simply be too easygoing. It is advisable for the negative 3 to avoid dwelling on trivial matters, especially gossip.

Life Path - Expression Bridge Number: 4

([660] numerology.center:) Number 4 means that you are a person whose success depends of ability to concentrate on definite thing and to keep abreast of the times. Don't reject novelties and innovations, other vice you risk to lose big opportunities which life offers you. Practicality plays not the last role in your success achievement. So, you have

to be more realistic and look wider to the events. It is necessary to join the fast move of the world and act dynamically. Your numerology prompts you not to delay your business, but to try to do everything till the end. If you put off something, the most possible you will not return to it and finish.

Heart's Desire (Soul Urge) Number: 2

([659] numerologycalculator.online:) People with this soul urge are the natural peace keepers who seek to bridge gaps and bring others together in the spirit of harmony and cooperation.

You want all the facets of your life to revolve around peace, harmony and balance. You are a person of unwavering devotion. This applies to all areas of your life as well, and to all your relationships. Your perpetually heightened emotional state can make you extremely sensitive. You may have extreme emotional reactions to art, music, movies, stories, etc.

Your sensitive nature also leaves you with a very developed intuition. The only problem is that you don't trust it. This is one obstacle that you will learn to overcome but it can take quite a bit of time. You grapple with other areas of self-doubt as well. You have a tendency to undervalue yourself and your role in any given situation. Through all this, you are a source of strength to the right people. Your ability to lend support where it is needed draws them to you.

Personality Number: 1

([659] numerologycalculator.online:) Ambitious, strong willed and determined.

A natural leader who commands attention and usually rises to the forefront of the group. When they have a strong sense of purpose they are very inspiring and motivating. When they don't they can appear egotistical or attention starved.

Number 1 will prefer an atmosphere where the one can freely express his/her thoughts.

Heart's Desire - Personality Bridge Number: 1

([660] numerology.center:) This number forces you to be more of a hardworking person. To reach the aim is not so easy. A comfortable approach to things for you is not the best solution. Changes are necessary for you. You'll achieve success if you look for new ways, work hard and remember all the time that everything depends on your efforts. The other people are waiting for open communication from your side. Unfortunately, in most cases they don't get it even if you think they do. Try to be more open with people. Express the thoughts in such a way that others can understand you. It is necessary to express yourself in a simple manner in order to make communication easier and to be on the same wavelength with others.

Quiescent Self Number: 1

([661] affinitynumerology.com:) Quiescent Self - This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 1 are likely to envision themselves as independent and self-sufficient.

The energy represented by the number 1 resonates with self-determination and self-reliance.

Thus, there's a tendency for someone with this quiescent-self number to immerse themselves in visualizations of exploration, determining better ways of doing things, and accomplishing things by themselves that have never before been achieved. There may be immersion in the satisfaction of leading others to experience things that are discovered during the exploration.

When visualizing being and doing things by themselves, feelings of being alone is generally a satisfying feeling.

Maturity Number: $1 = 7 + 3 = \text{LPN} + \text{E(D)N}$

([662] feliciabender.com:) You're moving toward reevaluating what it means to be independent and stand on your own two feet. You're being called upon to take initiative, to be a leader, and to take creative risks toward achievement in any realm you feel passionate about.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to independence coming to center stage. Situations will arise highlighting your sense of dependence or independence, your ability to connect and relate with others, and whether or not you behave in a dominating and controlling manner.

What that might look like:

- A strong need to break free of dependent situations.
- Evaluation of self-centered behaviors.
- Financial situation may change dramatically – through divorce, illness, or other transitions.

Karmic Debt Number: 16/7

([663] mattbeech.com:) Individuals who have a karmic debt 16 path will find that their ego connects their previous and current lives. It is quite likely that you had an inflated

sense of ego, and this caused great harm or distress to those around you.

Ego can be a powerful thing! It can help build the world up or even tear it down entirely. Your ego was clearly used for **non-constructive purposes** in your previous lives, which is why your debt is seeking you to deflate your ego and become more in touch with your inner self.

There are many benefits to the concept of ego contemplation, but it is **not an easy journey** and is perhaps the toughest lesson to be learned from all debt numbers. You need to simply take your time with this process, not allow yourself to get frustrated with the results, and merely focus on building humility and modesty over time.

(astrobasic.com:) This Karmic debt number will destroy your false ego which you have created for yourself during your life journey. This will vanish the ego and help your soul to shine through in a spiritual way.

The recommended solution is to be aware of your ego and you should allow the false ego to go away. The more you are inclined towards spirituality the more relaxed you will feel.

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent

you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

First Pinnacle Cycle: 1

(Month + Day) - from age 0 to 29 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 1 Number 1: First Pinnacle: Keep in mind that especially during a 1 Pinnacle, all people and circumstances in your life are fully on purpose; these people and experiences are your teachers if you can perceive them in that light. When you have this number for a First Pinnacle, chances are your youth is spent learning how to develop and use original ideas. You're called to lead and to rely on yourself without resorting to the downside of ego, stubbornness, and being self-centered or dominating. It's not necessarily a settling time because it's governed by exponential learning, which includes all the hard knocks that go with it.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

Second Pinnacle Cycle: 4

(Year + Day) - from age 30 to 38 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 2 Number 4: Second or Third Pinnacle: A Second or Third Pinnacle with a 4 emphasis will fuel your ability to get ahead in the world and achieve—not so much because of innate talent as much as your drive and ability to out-work the competition. You might find some economic limitations during this Life Stage, set in your path to test your commitment to building solid and steady foundations while not being beaten down by obstacles and limitations.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Third Pinnacle Cycle: 5

(1st Pinnacle + 2nd Pinnacle) - from age 39 to 47 (based on LPN) - ([665]
feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an "ADHD experience." This is a time for change and uncertainty. It feels as though you're experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it's hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It's all up for review during this highly energized portion of your life. If you're forward thinking and ready for a shakeup, this can be a brilliant time of transformation—but not without the pain associated with growth. This isn't a time to nest

or settle down; instead you'll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don't resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you're experiencing.

Pinnacle 3 Number 5: Second or Third Pinnacle: If in the Second or Third Pinnacle, the vibration of the 5 supports your ability to progress and achieve in a fast moving, highly fluctuating environment. Adaptability is critical to your healthy progress during this stage. Your desire for—and sense of—freedom is quite powerful and significant during this Pinnacle. You must be careful not to get too carried away and damage relationships or partnerships because of your unyielding urge for freedom, travel, and adventure.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

Fourth Pinnacle Cycle: 9

(Month + Year) - from age 48 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you

surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 4 Number 9: Fourth Pinnacle: If your Fourth Pinnacle is guided by the 9 vibration, your work will tend to be more charitable in nature with plenty of opportunity to give much more of yourself. If you have done well financially in your life, you might be drawn to using your assets to finance programs and support causes you believe in. This is a time where you've mellowed and have developed a more caring and heart-felt attitude about yourself and about others than in earlier periods of your life.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

First Period Cycle: 3

(Month) from age 0 to 29 (based on LPN)

([666] worldnumerology.com:) The early part of your life is a time of heightened self expression and much social support. Any ability you possess in the arts, especially in writing, acting, or dance, will be brought to new heights and meet with much reward.

You are socially active and will appear to others as charming, attractive, even charismatic. Be careful not to waste your energies on too many superficial projects or relationships, however.

The time requires discipline and focus in order to make the most of the great upward energy that is filling your life.

Second Period Cycle: 7

(Day) from age 30 to 56 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics.

This cycle requires that you focus your energies and thoughts. Regardless of the course you choose, you must immerse yourself and specialize to become an expert in your field.

This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also resistance to sharing your deeper feelings with others.

Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

Third Period Cycle: 6

(Year) from age 57 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you primarily focused on family matters. It is likely you will continue to care for others well into your sixties (or longer), which will provide great satisfaction.

You may be more involved in the arts through volunteering or teaching and engaged in community affairs or local politics. Artistic talents you possess are enhanced, and you find opportunities to express them.

This is a cycle of stability in relationships (although not necessarily romantic relationships). Partnerships or family-run businesses have a significant chance for success.

First Challenge Number: 4

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are "forced" to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it's difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you're being lazy. You might feel you're just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it's vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You'll most

likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Third (Main) Challenge Number: 3

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Fourth Challenge Number: 3

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 7 (16 + 03) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 7 brings contemplation and introspection.

It's a year with a higher likelihood of personal reflection and attention on becoming ever more perfect — a year of introspection, of understanding more about spiritual nature. There's a tendency to analyze everything, to figure out more of one's life purpose.

There's also a tendency to spend more time alone, by choice, getting acquainted with new inner vistas and enhanced intuition, including a better understanding of personal emotions and spiritual essence.

There's a higher appreciation of quality in products and services, and in honest expression during communication with others.

Personal Year Number (for 2023): 8 (16) + (03) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy

begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 8 brings energies related to business and material accumulation.

This tends to be a year of achievement, of reward — a year to make strides in business, organization of projects, employment, promotions, monetary compensation, or the accumulation of possessions. A year of accomplishment.

A desire to better one's financial condition comes with this year.

Monetary gains are likely. Material rewards come more easily because you tend to focus on them. Actionable opportunities are noticed more, again because the focus tends to be open to seeing opportunities. This is a year of action, efficiency, and material gain.

(feliciabender.com:) This is a year to focus on money, finances, and personal power. During your 8 Personal Year, you can't help but wake up every morning, and go to sleep every night, thinking about your finances. You might be in work overdrive this year or be handed opportunities that test your personal power.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): N

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person gravitates toward an approach to life with originality, creativity, and a genuine enjoyment of living — and an honest thrill when interacting with others.

([671] spiritwalk.org:) You are a creative person, a little bit out of this world. You like things having their place and order. It is important for you to systematize your life a little bit, maybe in a form of diary, or summing up your day when you are about to fall asleep.

([672] numerologist.com:) Cornerstone: You are intuitive, creative and love to

brainstorm. However you rarely find the money or resources to build something that is great in life.

([673] numerologyzen.com:) Letter N. N has a sense of adventure, a great ability to adapt and a rapid reasoning. N zigzags, [his,her] temperament is quite elusive. N expresses movement and energy. One passes quickly from the mental to the physical level by the intermediary of this diagonal which links the two great pillars. One feels that this letter contains a lot of dynamism and psychic intensity which makes N attractive and magnetic. It is a very versatile letter. N makes [his,her] experiences a daily thing, all being, according to [him,her], good to live and to try. Stability isn't fundamentally [his,her] strong point and N can live periods of hesitation, worry and even guilt. N needs variety, sometimes excitement, and [he,she] can adapt like a chameleon. [His,Her] closeness isn't a sign of calm or tranquility. N is a mentally demanding letter and [his,her] faculties of analyzing situations and people are good. N relativizes, knows how to juggle with words and is interested in a lot of subjects. N establishes [his,her] criteria of life in an absolutely personal way but can change these frequently and without warning. Others sometimes have difficulty in adapting to [him,her], but one mustn't hold it against [him,her], it is the price for [his,her] eclecticism. However, too much flightiness could lead others to think that N is a butterfly flying from flower to flower and taking only what is of interest.

N knows exactly how to put [him,her]self forward, to sell and to sell [him,her]self. [He,She] knows how to argue, to convince without ever being short of replies. All situations which put [him,her] in contact with the public suit N perfectly. However, although open to discussion, N often stays on guard and never lets [him,her]self go completely. N will have to be careful of [his,her] fickleness, which can lead [him,her] to live unstable situation and sudden changes, which are not necessarily positive.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the

E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): D

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "D" tends to complete projects in a steadfast and practical manner.

([671] spiritwalk.org:) You are practical and purposeful. You like when everything around you has its own place and is in order. Your determination is incredible. Try not to be that obstinate, be more flexible about concepts and people. Also, you need some strict guidance and you will reach success.

([672] numerologist.com:) Capstone: You have the stamina, persistence and powers of concentration to steel you through any difficulties. You almost always succeed but when they don't, it is usually because you were too rigid or stubborn somehow.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

4 on the Mental Plane

You are always attentive to details, precise, and practical. These are certainly valuable qualities in any chosen field of activity. But you shouldn't nurture this attention to details too much – you risk not seeing the wood for the trees. Don't be distracted from the essential. This is what differs a leader from dictator-tyrant.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

3 on the Emotional Plane

People like you are commonly described as a bit otherworldly. You have your own opinion to what practical, organized and orderly life is, and this rarely coincides with the opinion of others. But you are overly romantic, and have vivid imagination that in practice turns into outstanding ingenuity. These qualities can contribute to success in some creative field, such as writer's career.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 7 line «1-2-3»
111	–	7	Moneymaking: 4 line «4-5-6»
character, will	health, beauty	luck	Talent: 2 line «7-8-9»
			Tenacity: 4 line «1-4-7»
22	555	8	Domestic bliss: 6 line «2-5-8»
vital energy	logic, intuition	sense of duty	Stability: 3 line «3-6-9»
			Spirituality: 6 diagonal «1-5-9»
			Temperament: 6 diagonal «3-5-7»
33	6	–	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — 33

"Basic abilities" - having this potential, you can master the exact sciences, techniques, algorithms. Or become an artist, a writer, an actor. Thanks to your imagination, you are able to generate original ideas. But you really have to work hard and do your best if you want to receive recognition from the public.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — 555

"Surd logic" - the logic is good, but there are also flashes of all-encompassing super-logic or intuition, especially against the backdrop of tight deadlines for decision-making. At such moments a person is able to read all possible steps and stages in advance. To acquire information obtained from intuition is the key to success. And in normal times, this person can think several moves ahead.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. Of course, they will not become a "jeweler" at once, but whether it's building a house, repairing or something that does not require over-skillful hands, then, most likely, it will work out. And in the process this person will sharpen their skills.

Luck — 7

"With a talisman" - of course, 7 does not guarantee a jackpot after the first bet, but will save from minor troubles and sometimes help to catch luck in the nick of time.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — empty

"Bad memory" - to perceive, process and memorize large amounts of information is quite difficult. All this creates problems in learning and working with arrays of information. These people can often get lost in an unfamiliar place or forget where they go. But they also don't remember different stereotypes and it gives good opportunities for creativity.

Secondary abilities (lines and diagonals)***Self-Esteem (Line «1-2-3») — 7***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 4

"Bread-and-butter man" - a high desire to make enough money for themselves and their families. They do not afraid of difficult and responsible work for good remuneration. Moreover: such a job literally searches for them.

Talent (Line «7-8-9») — 2

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 4

"Confident" - the person sets ambitious goals, assesses the resources to achieve them and, as a rule, fulfills the plans. In fact, this person's potential is even higher, but too sky-high goals scare them away, though they could try to reach them.

Domestic bliss (Line «2-5-8») — 6

"Too idealistic" - the search for the ideal partner to create the ideal family can drag on forever. And every attempt that does not hit the mark causes suffering. In the case of marriage, this person will place excessive demands on the spouse.

Stability (Line «3-6-9») — 3

"Impulsive stability" - it looks like this person has strong habits and attachments, but one

day this they change absolutely everything. That is their nature.

Spirituality (Diagonal «1-5-9») — 6

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 6

"Too hot" - a person with this temperament always seems unsatisfied, even if they have just left the bed. Sometimes they can even refuse intimacy losing any interest to it, showing external coldness. And sometimes, on the contrary, in search of diversity they go beyond a joke. This is an unbalanced temperament that knows only extremes. Despite these, people with 6 in temperament are completely faithful.

Empty and Full Arrows

from Astro-Seek [683]

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Seven of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Diamonds: Values - Security - Dharma
Seven of Diamond Meaning - Conflict Between Spirit and Matter
Karma for the 7 of Diamond - Harmonization of Money and Love
Fire-Wands - Planets: Double Venus

The 7 of Diamond is a card necessarily associated with money - for good or ill, little or much. It is a card of power and accomplishment. And for those who have not acquired a sense of value, it is known as the Card of "Wine, Women and Song"

The lives of the Seven of Diamond people seem to follow cycles of 5 or 7 years; changes are often violent, always sudden.

There is a great love of home for all 7 of Diamonds, but they may have to wait for it, as their early life is filled with many changes.

The Seven of Diamond is one of the "swing cards", exchanging places with the 9 of Heart every other year. This symbolizes a challenge in balancing love with money. When their love life is running smoothly, the need for earning money becomes the priority - and when there is wealth, the stability of their home life tends to suffer!

Karma Card: Nine of Hearts (metasymbology.com:)

This card only has one Karma Card. Because it belongs to the semi-fixed cards or "swing-cards".

Hearts: Emotions - Relationships - Love
Nine of Heart Meaning: Frustrations in Love
Karma for the 9 of Heart - Universal Love
Water-Cups - Planets: Double Saturn

This has been called the "Wish Card"; for all 9 of Hearts, there is an intimate connection between the wish for money and the wish for love. Money may come, or love may come, but the two never seem to work together for any length of time.

Nine of Heart tend to worry too much about what other people think. They need to cultivate the art of discrimination and figure out what's important and what isn't. If they can do this, taking the higher road when the back-biting begins, their personal disappointments in life will be much less frequent.

To be sure, the Nine of Heart people are not weak. If they were, they wouldn't be able to handle the difficult life pattern of their Cards. They are fierce protectors and champions of the rights of others. Nonetheless, it's as though the universe sets them up for disappointment whenever they place their trust in the almighty buck. But should they invest in the heart of the business (think Warren Buffet), their karma rewards them tenfold!

If you are a 9 of Hearts, you must learn to love your neighbor as yourself - and don't forget that he/she lives all over the world!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven

chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Five of Spades

(metasymbology.com:)

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

After age 91 the cycles repeats.

Cosmic Lesson Card: Two of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Two of Diamond Meaning: Financial Security

Karma for the 2 of Diamond - Fear of Lack

Fire-Wands - Planets: Mars & Saturn

The Two of Diamond need to overcome an inherent fear of not having enough money. Power is always available to them in whatever career they choose, so their obsession with poverty, and their fear of not having enough, is basically unfounded.

KARMIC CHALLENGE for the Two of Diamond: Fixation on money and prestige.

One's first impression of a 2 of Diamond person is that they are self confident, and socially very much in-the-know. It is only when a Two of Diamond feels their status is

threatened that they become self-defensive and will stop at nothing to regain their self-esteem. Fixation is a problem for the Two of Diamond, and they will get stuck wielding their own power until they are forced out of their situation, wondering how they ever let it get that far in the first place!

Two of Diamond believe they know best. They make excellent parents and leaders. They are also excellent traders and merchandisers- especially in areas of glamour, or foreign investments. Entertainers often end up drifting through life, or being content with a mediocre performance, though not true of the women.

Cosmic Reward Card: Four of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Air-Swords - Planets: Mars & Jupiter

Concentrated Mental Pursuits: All FOUR's are inflexible and headstrong. The CLUB suit symbolizes communication and thoughts. Thus the 4 of Club tend to be opinionated, and unyielding towards others.

The Four of Club is known as the debaters card; probably because of their fixed opinions and unique ability to shut off emotionally. The people born on a Four of Club day have strong, productive minds, and a good education is key, or they run the risk of talking much, but saying little.

KARMIC CHALLENGES for the Four of Club: Dispassion and Passive Aggression

Four of Clubs are always afraid of not having enough money, even when they do, and they are known to drive a hard bargain. Work is healing for them, especially when it involves large, male dominated organizations, and their health is never much of a problem.

The 4 of Club like to look good. They have unique and unusual emotional interests, often attracting dubious or manipulative people into their lives. They have a natural ease about them, especially when involved with large groups of people, and they make for great travelling companions!

Cosmic Moon Card: Jack of Spades (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Wisdom - Labor - Acceptance

Jack of Spades - A Neophyte in Wisdom

Karma for the Jack of Spades - Right Choice of Objectives

Earth-Pentacles - Planets: Mars & Uranus

All Jacks are Neophytes, learning and experimenting with the esoteric meaning of their suit. The Spade Suit symbolizes the balance between wisdom and hard- work; spirituality and the physical world. The royal Jack of Spade is well positioned for success, but it is this very blessing that often leads to their demise.

KARMIC CHALLENGE for the Jack of Spade: Arrogance and Manipulation

The positive Jack of Spade have equipped themselves with education and training. They work for the love of their art or their job, not just the pay check, and they strive to give their best to the task at hand.

The negatives among these people destroy the inherent protection that surrounds them through irresponsibility and cunning. Indeed - the Jack of Spade is sometimes known as the con man of the deck. Should this be the unfortunate turn of the Card, Jacks of Spade are subject to scandal, disgrace, and misinterpretation of their motives on a very big scale. (think: Mel Gibson)

All Jack of Spade should want to take advantage of the wonderful opportunities provided by the sequence of their cards, for theirs is one of the most fortunate of all. And like all Jacks, they are charismatic, talented and youthful.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Resolution (11) Cimi

North (White) glyph: Support / Comfort

Day Sign: *Death*

/ Transformer / Worldbridger / Cimi (Yucatan) / Kame (Kiche)

Cimi types tend to be security conscious, materialistic, sacrificing, accepting of change, and helpful. They are not often confident leaders and will more often comfortably accept a secondary role or position.

Tradition appeals to them, and since they have a strong faith, so does religion. Often those born under this sign are unsure of where their life is headed, and faith or instinct are all they can go on.

They are materialistic, very concerned with domestic security, and may have an interest in real estate, or perhaps work with homes or houses in some way.

They have an interest and concern for the community and politics and are concerned with what is happening in the world or their neighbourhood.

They like to feel that they can do something about it. They cooperate well with others and rarely allow their egos to get in the way of progress toward the collective goals in which they believe.

Those Cimi who make politics a career will often associate themselves with powerful allies, even with those more powerful than themselves.

Cimi types take all kinds of responsibilities very seriously. Obligations to others, and a sense of duty, tend to dominate their lives. Because Cimi types are usually polite and hesitant to speak their true feelings, they tend to give in to others more often than may be necessary or even reasonable.

Challenge:

To have faith; not to be a victim; not to feel obliged to make too many sacrifices.

Solution:

To become truly useful to society and the world around them.

Four Directions

Those born on this "day of death" are fortunate indeed, for this is one of the luckiest birthdays in the entire calendar. These natives share many traits with those born under Akbal which, like Cimi is associated with the Underworld.

To the Maya, the Underworld is Santo Mundo, the Holy Earth and underground source from which all power and growth emerge. It is not a place of terror and torment, like the Christian Hell. Those born under the daysign Cimi may well receive the blessings of Santo Mundo.

In the Tarot, the card called Death is sometimes more appropriately called Transformation. This sign needs to be understood in similar fashion. For those who were born on the day of Cimi, transformations will be smooth and lasting.

Cimi natives are said to have a certain softness or feminine streak about them whether they be male or female, which can be a very advantageous thing. There is a magnetic quality in their gentleness that draws prosperity.

After all, Santo Mundo is the source of all wealth, and it is said that Cimi natives are born to get rich. Like natives of Akbal, those who were born on the day of Cimi often have a great deal of verbal skill. They may well be expert word spinners, writers and communicators. They are a little less likely than Akbal people to slip into the darker waters of the underworld.

Though quarrelsome Etnab lies behind all Cimi natives as their past sign, this echo from the karmic past seldom controls their lives. As their left hand power, the Eb endows them with an intuitive understanding of the rightness of things.

Ahead of them, as their future sign, lies the wise and wealthy Ix, incarnation of Santo Mundo himself. No wonder wealth often lies in their future.

There is an uncanny feeling about natives of this day-sign. After all, their true home is in the pool of souls with the Ahau (Ancestors) linger nearby their right hand power. Thus their male soul favours dreams rather than logic.

Cimi people often have psychic gifts, including a potent quantity of the "body lightning" and according to the Quiche, Cimi natives traditionally make good shamans. As day-keepers in traditional Guatemalan society, they are likely to specialise as "marriage spokesmen". Turning their verbal skills toward matchmaking, they are as romantic as they are clever and may be inveterate matchmakers, always involving themselves in the romantic lives of their friends.

Galactic Tone: 11

Resolution

- * Potential

- * Connection
- * Resolution
- * Progress

Tone 11 is identified by change and maybe sometimes too much of it. Change must occur for new ideas to give fruit. Tone 10 is about the materialization of what was once a dream. However, the evolution has not yet come to perfection. Your purpose is to bring the change and resolution, opening up new space for the evolution to continue.

Trecena Sign: Owl

/ Wisdom / Vulture / Cib (Yucatan) / Ajmaq (Kiche)

Beneath the 1-Cib surface personality is a person of strong will, not easily convinced by others.

Such people have high standards and tend to hold themselves "above-it-all" and beyond criticism.

They have a deep fear of rejection and are often troubled with guilt.

Both of these proclivities have a strong effect on the 1-Cib person's sense of self-worth. Although most 1-Cib people are quite talented or at least knowledgeable as a result have much to offer to the world in some cases, they feel overshadowed in life by others.

Night Lord: 9

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. They are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help. In part, it's their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different.

Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Pluto conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Lime Tree

Strong keywords: Patience, Helpfulness, Popularity

Weak keywords: Jealousy

Tree variants: Blackthorn, Nettle, Basil, Hops

Birthday:

13 March – 20 March

14 September – 22 September

Characteristics and Personality

People born under the rule of Lime achieve their life goals relatively quickly and easily. It's hard to say why, they are just lucky. They achieve their success even though they tend to be comfortable and try to organise problem-free life for themselves. They try to avoid conflicts under all circumstances; they never go into direct conflict. They are people of compromise; they are often willing to make big concessions in order to avoid complications. At the same time, Lime people are very adaptable and they are able to live a full life even under very modest conditions.

Lime people are romantics, and they try to escape from the realities of everyday life and fulfil their unrealistic dreams, especially in their love life. The difference between reality and their fantasies are the cause of inner struggle that takes place within their souls. However, perhaps due to their luck, their seemingly wonderful dreams become a reality.

Even though they are predestined to experience success and recognition in life, in their love life they are usually not that lucky. People who are married to Lime people must expect that they will have to deal with their jealousy. They are unable to stop being jealous, all they can do is to try to hide it. Of course, their excessive jealousy complicates their life significantly. Frequent failures in the emotional area often lead to self-pity. If, exceptionally, Lime people struggle in their everyday life, they become lonely oddballs who shun away from the company of others.

Lime people are very popular. They are very good listeners and they are usually extremely patient and helpful. They are happy when they can help somebody by word or deed, and their help is usually absolutely selfless.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Personality traits

Virgo Sun Scorpio Moon people may be great intellectuals but what will truly drive them will be their emotions. As a matter of fact, they are the most emotional Virgos in the zodiac.

These people are known for thinking fast and for staying true to their senses. But the intense Moon Scorpio makes them more hurried and impulsive.

While they have logical thinking, it seems impossible for them to deal with things that are completely new and difficult for their emotional intelligence to comprehend.

They will always pick sides, no matter what idea or cause will be presented to them. While they like to think that they are rationalizing intellectuals, they still work more with intuition than with pure logic.

It's very easy for them to identify why their ideas are always the best ones. And when it comes to convincing others, they are pretty efficient and good. Many will think of them as geniuses who seem a little bit disconnected from reality.

Not to mention they can think too radically and theoretically from time to time. But what works on paper usually works in really life with them. It can happen to be unrealistic and to not be able to put their ideas into practice too.

It wouldn't matter how composed and down-to-earth they would seem on the outside, you can be sure all the suppositions they've made are based on their intuition.

Favoring some ideas and being passionate about certain concepts are what they will always work with. Virgo Sun Scorpio Moon natives know what they want in life and how to get it. They work hard for their dreams and are ambitious.

Not many will know how they are feeling because they have this detached and calm exterior that can fool anyone. It's very difficult for others to see how sensitive and deep they can be when they are wearing a mask all the time.

If they would express their emotions more vigorously and be firmer, it would be easier for their loved ones to determine what they want. Not to mention they should allow their passion take over and stop trying to seem so rational.

When it comes to their ideal job, they would do be great doctors, government agents and social workers. Business would suit them well too.

As far as their love life goes, they're possessive and jealous and this can cause them many problems. They will pinpoint their partner's failures in a cruel way, and this will be incredibly annoying.

Generous with their feelings and sensual when in love, it's possible they will forget all about reality and live in a dream with their lover. But they will rapidly get it together as no Virgo has ever given up work.

As a matter of fact, it's easy for these natives to become workaholics and forget all about relaxation or romance. That's why they need to explore some other interests that they have.

While traditional and conventional in their way of work, it's possible they'll come up with many innovative ideas. Bosses and colleagues will appreciate them for this.

Zealous in their responsibilities, they can decide to not listen to what others are saying. Being domineering is also one of the mistakes they can do when working in a team.

Inside, Virgo Sun Scorpio Moon people are brooding and always analyzing. They get attached to concepts, people or things and start to turn all the stones to discover more. When it comes to business, they can lead and be very valuable to their company.

When they're negotiating, there's no more emotion in the way they talk and act. But if they want successful relationships, they need to be a little bit different than their usual selves.

Love characteristics

Virgo Sun Scorpio Moon lovers want to improve anyone and anything, including themselves. They will always try to attain perfection, no matter how much effort this would involve.

While their partner won't mind they're trying to get things right all the time, it would be wise for them to be more relaxed. Not to mention they can forget all about the big picture because they're working the details. Someone who can understand them would probably be suitable to put up with their anxieties.

Moon Scorpions are deep creatures who need to know everything. They will never be happy with someone who isn't honest and doesn't want to share secrets with them.

Intense, dedicated and over-protective, these natives can't trust people. They feel more secure after they have spent some time with a person.

That's why they need a lover who dedicates him or herself completely to the relationship. Their weakness emerges when they start to be paranoid or too manipulative.

Virgo Sun and Scorpio Moon man

The most passionate of all the Virgos, the man in this sign definitely knows how to take advantage of his Moon in Scorpio, to be intense and different from others.

His deepness and interest in religion or the occult can't be seen anywhere else. He can't be easily convinced of anything. And he needs good arguments in order to start believing what people are saying.

It's possible he'll be very religious and obsess over ideas, persons or things. Many positions in his chart can make him more bright and open, but if his Mars is in Scorpio, he'll take sex to the extreme because this is where he'll channel all the energy from his rigidity.

The Virgo Sun Scorpio Moon man needs drama and to dwell on the dark side of life. He's serious, mysterious and alluring. It's not impossible he'll use drugs or become dependent of other substances.

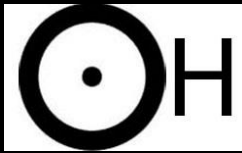

It doesn't matter what this man will do for a living, he will keep many secrets from his work deeply buried into his mind. But he can be trusted to never betray or abandon ship.

If he's self-destructive, he will realize it at some point and do something about it. It's

because he's a natural fighter and a courageous individual. It can be difficult to get close to such an emotionally intense character. But he wants intimacy. It's because he likes being worshiped.

Possible to isolate himself for a few years, he'll come out and make new friends in a week. No one is able to discover his mysteries because he's moody and keeps things to himself. He will leave his mark on every person he'll interact with.

Sun ☉ in VII 7th House

([865] i.thehoroscope.co)

This placement of the Sun makes people function better when they're in a relationship because they mirror the other and their existence seems more real and meaningful.

People born with the Sun in the seventh house in their birth chart want a public life and are strongly influenced by others' opinions on them, be it their partner or someone from work.

Their relationships can make them either happy or very sad because they have the tendency to only react to people than to do things on their own.

The position of the Sun in the 7th house means these people will always be involved in a relationship as this makes them function better and eager to give a hand to anyone, anytime. They want balance and peace, so they're very good at mediating and analyzing a situation from two different points of view.

Summary:

Strengths: Charming, sociable and open-minded;

Challenges: Cautious, cold and distracted;

Advice: They need to learn that their value is not set by what others think.

Real charmers

Individuals having their Sun in the 7th house are very proud of their negotiating skills and ability to bring the peace everywhere.

These natives feel empty without a partner and want everybody to like them because rejection terrifies them. It's important for these people to understand that harmony is not all the time possible and that others' opinion on them is not that important.

Their sociability is usually aimed at bringing peace, but they only identify themselves based on what others think of them. Their need for a partner reveals how much they crave affection and how sensitive they actually are when it comes to romance.

The fact that they base their own identity on what others think of them means they can't define whom they actually are until they interact with as many people as possible. All the natives having the Sun in the 7th house would do anything to please others and to build a positive self-image.

As an exaggeration, if someone would tell them to go and jump of a bridge, they would do it just to please that person.

They're charming and get married only to be with their other half for a lifetime. Some may not succeed to find the perfect partner from the first and even second try, but most of them will manage to be together forever with their loved one because luck is on their side when it comes to romance and also legal matters.

The seventh house rules over partnerships as well, so people having their Sun here are great when it comes to public matters.

Also the house of enemies, the same natives may have some problems when dealing one-on-one with their opponents.

Matters of their Descendant are all gathered in this house, so from a psychological point of view, this is the place where all the traits that get projected through others get revealed.

Everything relating to the public and sociability gets placed in the 7th house. The sign ruling here is Libra, which is strongly dependent on peace and harmony and has Venus, the planet of pleasure and love, as a governor.

It shouldn't be any surprise to discover individuals with the Sun in the 7th house pay a lot of attention to their relationships and that the way others see them is one of the most important things in their life.

They should be careful not to become dependent on their partner or too needy of having someone in their life all the time.

If they were to have a more independent lover, things may become conflicting between them and that person when a little bit of coldness would be involved.

The positives

Natives having their Sun in the 7th house function better when they're in a relationship.

The other mirrors them, making their existence real and meaningful.

They like a give-and-take connection and to listen, life on their own being for them real Hell because they can't be themselves when not having a public.

For these natives, togetherness is everything as they always want to give their advice and to show off.

The natives having this aspect in their birth chart are very aware of themselves in relation with others, physically strong and determined to succeed.

The fact that they need a partner can be one of their weaknesses because it makes them almost impossible to function without someone in their life.

Until finding the right person for them, they'll continue to just live their life without having a purpose. It goes the same with business as they need to associate themselves with others before starting to make the real money.

Sun in 7th house individuals who are also in a fixed sign and don't have any other planets or afflictions here will not hesitate to wait for their perfect partner and to be with that person their entire life.

They can depend emotionally on their other half, and if the latter would happen to leave, they'd be completely destroyed.

When their sign is mutable or cardinal and other planets are present in their 7th house, they're less like this and may change partners very often because they'd be lustful to the point of having more lovers at a time.

They won't mind building their career up and also having a spouse because this would be part of their philosophy of life. However, many of them would advocate an open marriage and wish for their partner to let them be as free as possible.

Because they're always ready to give a hand, many people will love and admire them, which means they'll be in the center of attention in many groups, having admirers who see them as parental figures.

They can be great leaders, but don't expect them to ever want to do things the wrong way because they have a strong sense of justice and avoid taking the wrong direction by any means.

The placement of the Sun in the 7th house indicates that the natives of this placement may be dual and often contradicting themselves because the Sun is not at all at home here.

They couldn't express themselves unless involved with someone and can be confused when it comes to truly knowing who they are. This means they wouldn't know their own value and identity when separated from others. It's a challenge for them to develop a sense of self when not around people.

The negatives

Individuals with the Sun in the 7th house usually attract people capable of loyal and long-lasting friendships, because both the Sun and their Descendant work for their relationships to be strong.

While having an advantage when it comes to interpersonal connections, there are astrologers who think this position is unfortunate because its natives wouldn't be able to survive without interacting.

As said before, they have this tendency to identify themselves according to how others see them.

It's a challenge for them to see their own life differently from how their loved ones do. When having no one next to them, they feel useless and lost.

And this becomes very dangerous the more they start to see themselves as an appendage in the relationship, as the reflection of their other half.

Don't think they have to be with their spouse all the time and can't stay apart from their lover because they're quite the opposite and get their energy from the connection with the other and go ahead to pursue what they want, on their own.

But they still can grow to be dependent on their significant other, diminishing their entire sense of being themselves. It would be amazing if they could just rely on the support offered by their partner and continue with their life independently.

When facing confrontation and dealing with people who wouldn't compromise if you'd pay them millions, they start to lose their sense of purpose.

Their philosophy of life relies on having your own opinion and being able to accept what others have to say. As soon as seeing individuals who can't make compromises, they withdraw and don't want to deal with those people ever again.

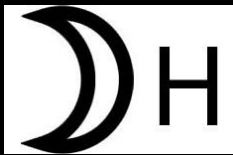

They're not eager to win or depressed when losing because their approach is all about negotiating, good intentions and everyone being a winner.

That's why they need to look for someone open and flexible, not a competitive person who couldn't stand losing. When their motives are being questioned, they become

intimidated as these natives really hate explaining themselves.

While they try to understand others, they can discover the reasons for why they are doing some things the way they do. Good with words, these natives usually win debates and can convince anyone of anything.

Moon ☾ in IX 9th House

([880] i.thehoroscope.co)

People with the Moon in the 9th House are always focused on a multitude of things, dreaming to make their ideals come true, no matter the obstacles.

People with the Moon in the ninth House sometimes think that different circumstances than the ones they're in would make their life better. They are never happy with their surroundings, so they're constantly moving, they prefer to just travel and to not belong to only one place.

What they can't understand is that happiness comes from inside. There's no place, person or thing to make them happy but themselves, this being what they have difficulties acknowledging.

Summary:

Strengths: Inquisitive, witty and adventurous;
Challenges: Mysterious and obsessive;
Advice: Not letting others take advantage of you.

Dreamy and true visionaries

Moon in 9th House natives need to be constantly stimulated, because routine and the mundane stresses them. They're philosophical creatures who have a natural curiosity about everything, including people and their cultures.

It's important for people with Moon in 9th House to stop believing the grass is always greener on the other side and to tend to their other needs, because the more they will look for happiness someplace else, the less they'll be able to find it.

It's possible they have been to destinations others wouldn't even dare think of and that their knowledge on different cultures and languages is very vast. The position of the Moon in the ninth House makes them aware and receptive of others' needs and feelings.

It also helps them be more dreamy and true visionaries; in other words, they're the individuals who want to change the universe and to get involved in different causes.

At the same time, this position gives them instability when it comes to the traits this House controls, which means they'll change their philosophy of life or their hobbies and interests more often than others change socks.

This means they aren't able to focus their spirituality on only one thing, being more the thinkers of things than the knowledgeable persons who are informed to the very last detail.

However, they will never specialize in something. If they have enough money to travel the world, they won't hesitate to do it. If not, you can be sure they'll travel mentally, so don't be surprised if they're sometimes absent-minded when you're talking to them.

Their imagination is very rich, so they can fantasize about anything, creating all kinds of movies and stories in their head. This means they're romantic and able to create a more beautiful world than the one they are living in.

Not to mention they're perfectly capable of turning their dreams into reality, so all their fantasizing may not be at all in vain.

Moon in the 9th House natives are happier and more comfortable when doing something out of the ordinary; something creative.

They enjoy talking about philosophy, spirituality and even the occult. Their mind is inventive and always wanting to escape reality with the help of studying, traveling and having various conversations.

Loving to expand their own mind, these natives' imagination may give them psychic abilities that others don't even dream of having. The position of the Moon in the ninth House indicates they nurture their mind on their own.

They feed their higher self through emotions, and when they need to feel secure, they just start to rely on mere thought.

Thinking comes naturally to them, being an everyday habit, but their thoughts may change from one minute to the other. Capable of nurturing others with their thoughts, they're more than often considered wise and intelligent.

While this is one of their strong points, it can also be a weakness because many people can't appreciate a good advice and want concrete help, not to just be supported with a kind word, regardless of how encouraging and optimistic.

Not big fans of intimacies and emotions

People with Moon in the 9th House need to understand the world through their own philosophies. The position of the Moon in this House indicates they have absorbed every piece of information on religion, politics or another humanistic subject from their parents, ever since they were children.

Everything about them, including their emotions, is directed at understanding the higher subjects and each and every new culture they're stumbling upon in their travels.

Their way of life makes them more understanding and very comfortable when around strangers. Adventurous and wanting to discover new places, Moon in 9th House natives think of life as a journey and can't feel happy if they aren't all the time moving, learning and understanding.

These are not at all the type of people to need a comfort zone, not even if they're conservative Sun or Moon Tauruses. In this situation, they would take all the traits of this sign on the road with them.

This means they have an exciting life, but the downside would be that they're always restless and wondering if life in a different place would be better.

It wouldn't matter what religion they belong to; the meaning of their life would be all about believing in something and always moving forward with their level of understanding spiritual challenges.

The way they emotionally respond to different philosophical ideas is very much influenced by the Moon.

Even if their Moon sign is a very intense one, their passions still burn out quickly, moving on faster than the wind. When seeing others are not capable of doing the same thing, they'll become frustrated and won't try their best to change anything.

No matter their Sun sign, all of the people with Moon in 9th House are always seeking to nourish their insights on life.

They may feel self-righteous in their need to have an audience all the time. Their intentions are always good, but they tend to make their beliefs so solemn that others get turned off by their preaching.

However, they have high morals and are very honest, so don't expect them to ever sugar coat someone or to hide what they are feeling. It's like they can never lie about anything, because they are too transparent and others would immediately feel they're up to something.

Therefore, many will appreciate them for being straightforward and for not wanting to get engaged in all sorts of mind games. Some of them will be so honest that others find them rude. It's not their intention to hurt someone, they just feel emotionally free when being honest.

Moon in the ninth House individuals can be so objective about their own feelings that subjectivity can feel very intruding for their subconsciousness.

This also means they're terrified of getting too intimate with others because this could make them feel like their privacy has been invaded.

Another situation that makes them emotionally insecure is the one when they're displaying their own emotions as they think of feelings more as of a sport or something adventurous. This is how they're protecting themselves from getting hurt.

He may seem shy and reluctant in expressing his emotions but he's in fact very astute and controlled.

The Mercury in Cancer man is sensitive, emotional, not a little bit rational, and instinctual. Everything he does, he does it because he feels like it because it would satisfy a certain desire, bring about a sense of inner accomplishment.

This man seeks security, stability, happiness in life, through personal and subjective appreciations. He may tend to be very reticent and reluctant in speaking to other people or engaging in too many social activities.

In a nutshell:

Positives: Intuitive and knowledgeable;

Negatives: Vain and overly-sensitive;

Soulmate: Someone who is sociable and decisive;

Life lesson: Getting organized in a routine does him good.

Some escapist tendencies

He is romantic, very affectionate, prone to extreme bouts of emotional explosions, depression, periods of great sadness, and so on.

He is shy, reluctant to reveal his emotions, fixed on false expectations and hesitant on demanding what's his.

However, all this emotional and intuitive energy passing through his veins has a lot of advantages as well. It makes him more knowledgeable, observant, endowing him with a keenness for details, vigilance, and faster reflexes.

He quickly figures out the critical parts of a problem and takes a firm decision as a follow-up. He knows what to do in order to make you feel secure, loved, but say something wrong and he'll take a defensive posture.

He must learn to keep himself emotionally balanced, so he must face his fears, take on challenges when they appear, and learn to take care of himself more.

Romantic and sensitive, the man born with Mercury in Cancer will take his sweet time in analyzing the options he has, making plans, taking into account the possible consequences, and, of course, overthinking.

He feels the need to free himself from any outside distraction when immersed in this activity because he may be intuitive and a fast learner, but outside influences will only slow him down.

Whenever someone disagrees with him, he views it as a direct attack on his ego, an insult that must be punished.

He does love to talk and to take part in social events, but when someone steps on his toes, the pretenses are dropped and all hell breaks loose.

They will want to expand their views on the world, to accumulate as many ideas as possible, which they'll use to fuel their creative drive.

They are especially good at acting, covering up their intentions and taking on a persona with complete ease, mimicking a completely different type of personality.

Lying is, of course, something that comes naturally. They can come up with cover-up stories or background introductions on the spot.

However, manipulation is just a step away, and most people can't notice when it happens.

They can talk a lot, especially about what they like doing on weekends, what they find fun and entertaining.

Quite playful and childish to no end, they find comfort to be the ultimate goal, a hedonistic approach through and through. What pleases their senses is essential to survival, and not only.

Falling in love is a complete metamorphosis for these great talkers. Suddenly, their diversity gets toned down and focused on the object of their affection, their partner.

Going forward, their children are very likely going to inherit their imagination and creative impetus, that artistic inclination.

These Mercury in the 5th house natives are devilish tricksters who like to play with unfortunate people, to make fun and have one hell of a time at their expense.

Besides being very good friends to have when in need, as well as being extremely good at expressing their thoughts and sharing ideas, they have this playful demeanor about them that will either annoy the crap out of you or lift your mood.

Moreover, romantically, they won't be any happier than when they can use their expressive and creative side to impress their lover.

If the other person appreciates and likes this intellectual perspective on the world, they will cheerfully applaud.

The positives

These people love to tell stories and to see the smiles of their friends, to make them laugh and create funny situations.

With wit and intelligent jokes, they manage to drive away the gloom and promote happiness wherever they go.

They have a particular way of speaking that puts the interlocutor at the center of their attention, in the middle of the action, the sole receptor of their interest, which is obviously flattering and pleasing.

This is why they are good flirts who have their picks of plenty of men or women. They are anything but boring and dull.

Their mind is expansive and open to the new avenues that knowledge brings about.

Adaptative and flexible in scope, those with Mercury in the 5th house are incredibly creative, and what's more, they use these talents serve a grander cause, to educate and enlighten others, children in general.

Their interests and pursuits are mainly tied to the world of art, literature, activities, and domains where they can use that brilliant mind, the endless curiosity, and the volcanic vitality.

They are unstable, dynamic, freedom-lovers, eternal wanderers of the wide world seeking inspiration and fun.

These Mercury in 5th house natives can only give expression to their greatest creative potential if they focus it on a grand cause, something that will affect the course of society or help the ascension of a social class, something altruistic and humanitarian.

Thinking about it in perspective, their intuition and boundless imagination allow them to make profound connections and find innovative solutions to all sorts of problems.

As for how they spend their free time, it's usually with their hobbies and passions, relaxing and relishing the comfort of a good lifestyle.

Reading, playing mind-games with their neighbors, watching documentaries, are all preferred activities.

The negatives

They need to watch over their discussions and playful attitude because even though the jokes are appreciated, sometimes they might hurt people, being too personal or acidic.

Crossing the line is not a good thing, even though they are the ones being offended, they should still try to be diplomatic in order to maintain the façade of friendship.

Moreover, their tendency to exaggerate when telling stories carries over in their personal dealings. Lying is thus one of the many ways that they justify their motivations, actions, and so on.

The Mercury in the 5th house aspect points toward a high intellectual potential that can be used in a myriad of ways, each more interesting and innovative than the other.

However, this is left to the choice of these individuals. Whether they want to pursue creative interests and passions or they want to use it professionally, to support other skills, it's up to them.

Irrespective of this choice, one thing is sure, that these natives are incredibly motivated

and light-hearted, very flexible and adaptative.

Dangers and challenges are not only welcomed but also stimulating, one more reason to up the stakes and try even harder, put even more effort in.

They love playing mental games, and will often go back on their words, all of it being a solid joke.

If they feel insecure and unsure of their own abilities, they will try to numb this feeling of inability by turning egocentric and self-centered.

This transformation dulls the feeling of helplessness and hopeless sadness that takes over them in the critical moments of self-doubt.

The need for validation and outward appreciation make themselves ever-present in their lives.

For example, they may stay fixated on a certain idea without ever finding the courage or inspiration to go further with it, to actually put it in practice.

He's very giving, and he offers quite a lot of his time and affection to a partner. The Venus in Libra man feels like he can't ever find his fulfillment without a lover, a soul mate, without sharing his life with someone who understands him at a deeper level.

He sees his satisfaction and happiness in the reflection of a couple, and all the experiences shared together are just like clouds from paradise. A long-standing relationship is the only thing he'll commit to.

He doesn't hesitate or beat around the bush. With romantic gestures, he expresses his feelings from the get-go.

Of course, he is very concerned with how he appears, and how his offerings will be perceived, so he tries to put on his best appearance. This isn't a problem, in general, because he has an innate artistic sense for beauty, an aestheticism that goes a long way in putting him miles away from other competitors.

The man born with Venus in Libra likes to be the first in everything or at least show some initiative in the beginning phases.

His vitality and enthusiasm are endless, and he will forcefully try to involve himself in social events, bring his friend around for some fun, and convince his beloved to accompany him on such an adventure.

When he's looking for the right girl, he might leave havoc in his wake, sexual one at that, because he's a really hot-headed individual who wants to please his senses.

Intense and passionate about it when the moment is right, and cold when he gets bored, he's quite the player, but he's looking for an easy-going and light-hearted woman.

Because they find their fulfillment and ultimate satisfaction in a relationship, they will try to maintain it on the floating line, to never get to a point of no return.

That's why the Venus in Libra men will hate arguments, conflicts, aggressive verbal debates or insults. They will instead praise their partners, compliment them, take care of them when they're feeling down or sick, and will generally be very kind and generous.

And just because they have a very advanced artistic sense, they love beauty and hand-crafted things, they might be a little superficial and spend a lot of money, but it's all good as long as they don't end up bankrupt.

Attracted by ...

He's very attracted by elegant women with good tastes in clothing, the kind who know exactly how to use all the elements at their disposal to look their best, with an air of mystery and charm hanging around them.

She must be feminine, cultivated, free-spirited, and it would be great if she had the basic rules of politeness fixed. Aggressive and overly-energetic women tend to be conflictual, to be emotionally unstable, and so he would rather avoid such women.

He wants to have a balanced and tranquil relationship, filled with plenty of sweet moments of love, affection, and compassion.

Arguing about the stupidest of things or entering a conflict just because you decided to buy something without asking her are the least things he would want. In general, he will

try to save the situation before it gets too far, and he's very good at it.

With grace and charm, as well as a persuasive attitude, he manages to defuse almost all problems before they explode.

It's a good idea to take this man out to visit some cultural attractions like a library, a museum, a natural park, somewhere where you two can have lots of fun.

In conclusion

His greatest strength and advantage revolve around the fact that he strives for balance, for equilibrium, both in his life and in the lives of others.

Personally, he will make a lot of compromises to avoid sticky situations or problematic arguments, at the same time trying to make their partners happy and fulfilled.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

Venus ♀ in VIII 8th House

([952] i.thehoroscope.co)

People having Venus in the 8th House are true to their feelings and wish for things to

happen naturally in their lives rather than pushed by them.

Natives having Venus in eighth House will most likely express their sociability and romanticism through the way they make love, establish friendships or business relationships.

Very attractive to the opposite sex, they want someone who's smart and somehow mysterious to be next to them for life.

Hating vulgarity and poverty, these natives will do their best to have lots of money and to succeed. It's normal for them to surround themselves with high-quality things, so be ready to witness them spend everything they have in one shopping spree. They get easily bored with the everyday issues and need a little bit of drama in order to feel happy.

Summary:

Strengths: Devoted, witty and romantic;

Challenges: Overly dramatic and superficial;

Advice: Be the person who matches their words to their actions.

Passion makes them feel better about themselves

People having Venus in the 8th House, which rules over sex, are very charming when it comes to love. They like being romantic, giving or receiving flowers and forging meaningful relations

It's very possible they will start a business with their partner or inherit some money they will very much depend on. Their friends will be true, and they'll probably be interested in the occult.

When it comes to love, they want things to happen intensely because they really don't like casual encounters and to just have sex for the fun of it. They don't dream of something strictly physical and prefer a relationship with as much drama as possible.

Everything that has something to do with superficiality or the mundane bores them. Fearful to not appear weak in love, they may struggle to keep their emotions under control. Jealousy and possessiveness are normal for these people, because they're terrified to not get cheated on or betrayed.

They wouldn't allow themselves to appear weak in love no matter what, being very afraid to be cheated on and very jealous.

Those who have managed to win their trust should never disrespect them or abuse their good nature, because they're very loyal and giving. If you'll offer them back what they have given to you, things between you two should go on smoothly.

Passion makes them feel better, so they're charming others just to bring out their most fiery attitudes. Everything that's secret and taboo makes them thrive, wanting to get together with people who have obsessions or are a little bit broken inside.

It's not unusual for them to turn their love relationship into a business one, because they can really collaborate with their partner, no matter if it's about romance or money making. Many will be fascinated by their intensity, wanting to know them better with every day that passes.

Individuals having Venus in the 8th House are very generous with their love and passionate, because they feature all the Scorpio's traits.

Everything is deep with them, and their favorite thing to do is discover their lover's secrets, as it's impossible for them to live knowing their other half is hiding something. That's why they go for mysterious and dark people, for those who inspire a little bit of danger and have a ton of sex appeal.

As a matter of fact, they're transmitting a lot of sexual energy themselves, being almost irresistible with their seductive ways and penetrating eyes. Those who are in love with them can see how capable they are of an intense connection and of offering the greatest pleasures in bed.

However, Venus in eighth House natives need someone who will be fully committed to them, no matter if it's about love, friendship or business.

They usually don't give their heart away immediately, their stubbornness being something others are usually trying to overlook. But they are really able to connect or to make people trust them, whether they reveal their dark side or not.

Very curious about secrets, they avoid sharing their own and stick their noses where they shouldn't. Not at all good at small talk, individuals having Venus in the 8th House want to discuss matters of the soul and philosophy.

When feeling like they no longer have any power, they start manipulating others, because being in control makes them feel emotionally secure.

If their partner starts to grow apart from them, they become enraged and can no longer be controlled in their plans for revenge. This happens due to the fact that they're deep and feel things more intensely than others.

The eighth House can teach them to be more trusting and let go of the past, if only they listen to how this location in their birth chart influences them. Venus has its own shadows when placed here, so natives having this planet in the 8th House will be

attracted by the forbidden and everything that's taboo.

They will think of death and create great art out of this. If artists, they will make all kind of morbid pieces that are really appreciated by their admirers.

Seductive and wealthy people can make them fall in love easily, because they're sexual and have a love for luxury. Those who are preoccupied with the occult will always have a special place in their heart.

They are rather reserved

People with Venus in the 8th House are emotionally intense and passionate, always wanting to establish deep connections with others. The planet of love is sometimes overwhelmed in this House of darkness and secrets, but it definitely makes its natives more deep, emotional and needing to merge with someone from a sexual and mental point of view.

They will always want to have committed friends, lovers and business partners. Very intuitive, insightful and sympathetic, they can also come up with original ideas and successfully explore what's being hidden to the public eye.

When out in the world, they are rather reserved, mysterious and somewhat mystical. Venus can get deep into the way they interact with others, making them unconsciously profound and capable of tremendous passion.

The eighth House rules over death, so having Venus here can signify an ending that's not so painful. They will probably die in a beautiful place, surrounded by all the people they care for the most. It's the position that suggests an ending in the arms of their life partner.

However, if Venus is in bad aspects here, they may have many losses in their lifetime, physical or symbolical, as it can also be that their spouse doesn't love them the way they used to, which is also a great loss.

Individuals having Venus in the 8th House should be careful not to become manipulative because they can immediately attract people, so the temptation to use others can be very high.

It's also important for them to have control over how jealous and possessive they are, because they can exaggerate with these negative traits.

Looking at which House falls in Libra or Taurus, they can see how they can use Venus' energies in the most constructive way. It's easy for them to become financially dependent on others, so they should pay some extra attention to this aspect.

These are the types of people who don't mind quarrels over inheritance and who prefer destructive ways over superficiality and the mundane.

When loving, they completely devote themselves to their partner, expecting the exact same thing in return. It's very likely for them to exit relationships in which nothing is happening just to enter others that have more conflict.

Wanting an intricate sex life, they can't deal with their psychological issues by making love, because they're too intense for things to be simple in their life. They will probably think all the drama and betrayals happening are meant for them, as they like to think of themselves as victims.

The 8th House can generate a storm of feelings and doesn't allow people to get too comfortable. When Venus is placed here, the natives with this placement will search for an aggressive love that makes them feel nauseated and feeds their soul.

Venus ♀ - Ruled by Libra (& Taurus)

Mars ♂ in ♊ Gemini man 20° 7'

([961] i.thehoroscope.co)

He may often find himself troubled by the excessive energy coursing through his veins.

The Mars in Gemini man loves to play with the mind of his loved ones, but not in a manipulative, mocking way. Instead, he likes to put them to the test, to see how they can face up against his mind-twisting wordplays.

He's an intelligent individual who just can't get enough of exploring the world. He's curious, skeptical, rational, and he won't back off from an interesting conversation. Rather, he's the one starting them.

In a nutshell:

Positives: Free-spirited and easy-going;

Negatives: Skeptical and contradictory;
Soulmate: Someone who is mysterious and challenging;
Life lesson: Avoiding to leave things only half-completed.

A penchant for mind games

This man is very amusing, witty, with a startling panache for putting his interlocutors in intellectual deadlocks. He just can't get enough of it.

Free-spirited and with an expansive mind, he will flirt with any woman as long as he's intrigued enough. Their style is very subjective, flexible, fitting with their adaptive personality. He can do any style, depending on the type of social context he's going at.

Moreover, he can be extremely persuasive and good with words when he's put in situations that he must deflate quickly.

Against his opponents, he will often try to put them down with mind games and psychological tricks before resorting to anything else.

Of course, there are also those who won't be tricked by such simple tricks that they're putting forward, and these enemies are those who can match them intellectually.

The Mars in Gemini man is always troubled by his excessive energy coursing through his veins. He feels the need to be intellectually stimulated, to keep himself occupied with challenging interest, and this also means that once something turns into routine, he'll be appalled and become disinterested.

This is why most of his projects will only go completed half-way, with the rest being suspended for an unknown time. One singular focus would kill him. He needs diversity, many simultaneous points of interest, each with its own level of difficulty, to really satisfy his needs.

Multi-tasking is how he finds fulfillment. He's extremely able and dexterous, nimble with doing the more detailed things that other people would throw a fit over.

They can be very contradictory at times because Mars' combative influence gets them going at times when their natural disposition would choose another way to go.

They could, for example, choose to act with a strong impetus instead of trying to talk their ways out, and the other way around, in totally incompatible situations. Moreover, their logical and rational mindset often gets in the way of how they express their emotions.

Thorough analysis is needed, and you'll often see them space out at times, probably thinking about how they should react.

Fun fact – because they are so observant and meticulous, they can be the best sportsmen because they will literally study every little aspect and technique in order to perfect themselves.

Quite a joyful lover

The native born with Mars in Gemini tends to be a complete mess in his younger years, at least in terms of love. He's moving from relationship to relationship, not really knowing what he's looking for.

Uncertain, with a visceral hate for organization and structure, he won't be able to always reach his goals because he abandons them half-way.

However, all these intellectual comings and goings will eventually turn into a very beneficial thing for him because he'll accumulate plenty of knowledge, focus on a specific interest that he'll later get to turn in a lucrative profession.

As for his ideal partner, that remains a mystery for most of the time. It's going to be someone who can take his intellectual mind games and retort in her own way, that much is sure.

His endless energy can only be exhausted one way, and that is intellectual activity, more specifically by discussions and debates.

If you see them constantly bringing up a topic, you'd better realize right then and there that they are very prepared to take out their colossal amount of knowledge and beat you with it. They can get very ecstatic and giddy about this sort of things.

They are tensed and agitated, always looking for something to do. Their passion and intensity manifest in the most surprising of ways, certainly not in a violent way, but a free-spirited and cool manner.

Intimately, he can be a very joyful man, always willing to try something to spice things up, but you can really turn him on with kinky words as well. Seduce him with honesty and romanticism, and you'll have a loving partner for life.

However, his levels of honesty and directness aren't welcomed by many women. This is why he's become apprehensive to keep silent about certain things.

He can be very uncertain about the course that he wants to choose for the relationship, so expect a sudden change of perspective with him.

One of the ways in which you can know for sure this native is serious about you is noticing how much time he's willing to invest.

Also, you should know that he's a casual flirter, and he won't resist the temptation to get close to other women, just for the fun of it.

In conclusion

He is a very active and multifaceted individual who is both spontaneous and bright-looking. Optimism is his middle name, and he won't ever despair over spilled milk.

Rather, he's going to move forward and try to overcome the challenge (by talking his way out of it, most of the time). He's a talkative character, and this is an underestimation. He can literally talk his enemies to death.

He might have strong principles that he'll want to uphold for the rest of his life. He's both socially active and communicative, respectful to women, and diplomatic. You won't ever have to complain about him making a scene in public.

If he seems to be uncertain and apprehensive about moving forward with the relationship, it's not an illusion, he really is unsure.

He first wants to know that you won't just up and go at the first sign of danger or that you would be scared of his inner thoughts and emotions. First get to know him, and then he'll open more to you, gradually.

He's a multi-tasker, an erudite, someone with eclectic interests who just can't focus on one single goal at a time. He needs activity, multiple activities to take part in, group projects, hobbies, passions, and so on.

However, he must really learn to complete his tasks once he starts them. The tendency to leave them like that will be a huge disadvantage in the future.

Mars ♂ in IV 4th House

([984] i.thehoroscope.co)

People with Mars in the 4th House benefit from an immense emotional strength that helps them fight for what they want and overcome any obstacles.

Natives having Mars in 4th House want to be independent and at the same time feel the need for the security of having a home of their own. The relationships in their family may

be tense because they're very demanding with those they love the most.

It's important for them to overcome their need to argue and to antagonize. Not to mention they have to find a way to deal with their strong emotions by doing some garden work or by exercising.

Summary:

Strengths: Protective, empathic and domestic;

Challenges: Instinctual and passive-aggressive;

Advice: Being even more attentive to the needs of those close.

Doing what makes them happiest

People with Mars in the 4th House can think too much of the past and act in a compulsive or inappropriate way because of this. They sometimes fight just for the sake of it, not understanding what's being discussed.

It's important for them to control their emotions, because others may avoid them for being too passionate. A good way for them to forget about their feelings is to do things around their home.

Having too strong opinions and pushing people around is never a solution for them, so they should compromise more in difficult situations.

Not confronting people and keeping themselves out of quarrels at either their home or workplace can make them more insightful and can change their negative behavior.

They may not want to settle with someone and continue their road towards adventure, whether men or women.

It's possible they've been brought up in a very strict family, and for this reason they fought a lot with their parents, which made their leaving home a reason for celebrating. This is why they may have problems building their own family later in life.

But no worries, they can usually overcome this and eventually do what makes them the happiest. They may at some point want to separate themselves from their parents and family traditions, because going alone helps them to be more excited about the future.

Mars in 4th House individuals have great energy underneath their passive exterior, so you can trust them to always want action, productivity and a lot of spirit.

However, they may need to control all of their enthusiasm, because it can work in both their advantage and detriment to act solely on feeling and to be constantly engaged in something soliciting.

The emotional interior they have gives them great strength to fight for what they want and the energy to stand up to any obstacle. The more independent, ambitious and willful they act, the better for them.

They can impress with their beliefs and wishes, which are sometimes strange. Their direction in life will need to be adjusted sometimes, because they may still be restricted by what their parents imposed on them.

Being their own bosses and calling the shots at home is something they truly wish for, in a healthy way. Their own place will always make them feel more emotional and vulnerable, while their romantic relationships will give them a little bit of tension.

When outraged, their partner will get to feel their fury in its rawest form, which can be scary. It can be surprising to see them angry and always fighting, but it's very possible for their emotions to take this direction as well.

Astrological studies say Mars is all about aggressiveness and assertiveness, so when having something to do with the domestic life, it makes people more prone to experience negative emotions towards those who are close to them.

They will break up and make up with their lover, because they have no idea what they're feeling.

The fourth House will hold their childhood's feelings and the image they've made created for themselves. They will control their ability to give and receive through here, isolate themselves when things may go wrong and be cold when not getting what they want.

Practical aspects

Individuals having Mars in the 4th House are very protective of their loved ones. They can feel anger very deeply and sometimes hide their feelings, making it difficult for others to know their real motives.

They're the passive-aggressive type, which can make them feel resentment, because they're not expressing themselves directly when wanting something.

They want an active family and can have many arguments with their spouse or children, because they're very pretentious with them out of too much love.

Their energy should be invested in domestic activities as this would relax them more. Relying on instincts, they can recognize manipulators, so no one can lie to them. They will want to be the leaders at home, so their family should allow for this to happen.

What people with Mars in the 4th House should learn is to no longer wait for their negative feelings to pile up. It's very likely they didn't get along with their father if he has

been too strict, aggressive and especially abusive. Mars will inspire action in them when they'll be at a mature age, having them doing things slowly but steadily.

When it comes to their psychological upbringing, they should work on how they feel at home and how their emotions develop when they're with their family.

A Fire planet in a Water House like in this situation can be complicated, because all Water Houses are about emotions and the soul, ruling over things people aren't usually aware of, and Mars can be violent.

When young, Mars in 4th House natives probably used to fight and be violent without even realizing they were doing something wrong and they used to have an unexplained anger. If they had a parent who was the same, they probably used to think life at home is more about war than love.

As parents, they're strict, focused on themselves and even competitive with their children. Since the fourth House is also about ancestry and family heritage, they may have witnessed many fights over land and property.

Their neighborhood was probably dangerous, and they were raised in terror. Individuals having Mars in the 4th House are prone to suffer from home accidents or to catch on fire, because the energy in this House is fiery.

It's also possible they had an active family who was always up to something to make their heart pound faster and their body to move more while outside in the Sun.

It's a challenge for them to learn how to deal with their anger and the past that guides them towards the future, because they can be very angry with their partner for no reason.

It may be necessary for them to travel in the past and identify what made them this way in the first place, because the rage of Mars is silent and can't be set aside.

When out in the world, they may hide all this about them until they're back home, where their passion and strong emotions get released. It can be a problem to always have them saying nasty things and confusing their partner with one of their parents.

All in all, the placement of Mars in the 4th House brings a lot of energy and competitiveness but can also have many hidden influences that are very ugly.

The downsides

They think no one can trash their loved ones but themselves. These natives are very controlling when it comes to their home and family. Some will appreciate this in them, others will find it annoying.

It's important for these people to ask their spouse and children what they want before taking any type of action. They will get to be less stressed and resentful if they'll just sit in the back and allow others to rule.

It can be difficult for them to let their leading position go when at home, but it's something necessary if they don't want their problems to get bigger and bigger.

Mars in the 4th House in a nutshell

These natives will spend a lot of their energy on their family and home. They need to feel secure and that they belong to a nation and a community.

The position of the red planet indicates they love to argue and that they may never want to get married. They're also very good at repairing things and bringing order to the busiest and most chaotic environments.

Because this position is also related to the Earth element, they may want to spend as much time as possible in nature, performing aggressive and very soliciting physical activities. They're strong people, no matter their age and the hours spent at the gym.

Their love of home and domestic work finds them staying inside when others are in bars. They like to study traditions and history, and they probably have a mother that has influenced their life a lot, because they've always seen this lady as being the biggest lecturer in their life.

Allowing their colleagues and friends or family members to also lead would be a very good idea for them. It's impossible for a person, no matter the Sun sign or where Jupiter is in his or her chart, to always get things right, so listening to more than one opinion is always advised.

The only thing that upsets Jupiter in 6th house people is criticism. They can turn into very nasty creatures when someone doesn't agree with what they've done or said.

This means many of their relationships will be influenced by the fact that they can't stand being criticized. Learning how to relax and be less serious would be great for them if they want to get along with others and to not be offended all the time.

Their standards are high, so they expect a lot of great things from both others and themselves. Therefore, when unsatisfied, they become what they hate the most and start to criticize.

They shouldn't put people down for not liking what they're doing and try to organize everything less.

Saturn ♄ in ♎ Libra man 28° 5'

([1023] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born with Saturn in Libra will always look to cooperate with those around them, if they want to complete a project, or if they want to achieve a certain goal.

Teamwork, understanding, societal acceptance are all essential in their mind. With plenty of skills related to this mindset, like persuasion, diplomacy, and the naturally

balanced personality, this native can move over certain rules and regulations, and across many perilous bridges, if the end result is worth it.

This native seeks security and equity, balance and stability, which are found in a relationship most of the time. Because they want to reach a state of inner harmony, they're looking for it where everyone else is searching too, in love.

They want to have someone besides them who knows what they've been through, who understands them at the deepest of levels. They're also pretty materialistic individuals because financial comfort is very important as well.

Perfectionism is the tell-tale sign of a Saturn Libra. In their pursuit of balance and inner equilibrium, they won't feel good until they have found the epitome of happiness, from all points of view.

Whether they'll actually continue searching for such standards or realize that it's merely a dream depends entirely on Saturn's influence.

In a nutshell:

Style: Astute and friendly;

Top qualities: Direct, receptive and generous;

Challenges: Insecure, fearful and indecisive;

Advice: Perseverance is key for your professional advancement.

Personality traits

The one born when Saturn was crossing Libra is an individual of utmost generosity and social likeability, always trying to help someone in need or purposely devising a plan that requires other people to complete. All of this is done out of a need to connect with people from all over the world, from all social classes.

With imagination and inventiveness, they know exactly how to render their relationships beneficial for all parts. With exquisite ideas and firm principles, the Saturnian Libras act with determination and honor, never leaving misunderstandings to cloud their judgment. They are very trustworthy and reliable friends.

The combination between the Libra astrological sign and the planet Saturn is quite fortunate if you think about it. This native is in a perpetual struggle to find inner balance, the perfect equilibrium between emotions, expectations, personal and professional life, balance on all walks of life.

Saturn is a planet associated with restrictions, limitations, barriers, and in this sense, it endows the Libran with certain guidelines, arrows pointing toward that elusive state of balance.

These laws, as you might call them, serve the express purpose of ensuring order, objective standards of appreciation, equilibrium amid the many possibilities.

Through personal relationships and even marriage, later on, these Librans finally realize that what they're looking for is a partner who seeks the same mental balance as they do, someone with a harmonious demeanor.

Behavior in love

As expected, Saturnian Libras put a lot of importance on the idea of a relationship, the harmonious bond between two people.

With their partner, they will try to let go of their perfectionism, putting aside any superior expectations. With patience and kindness, they want to maintain a peaceful and relaxed atmosphere, even though things might not be so rose to begin with.

With a partner who appreciates their innovative vitality, these natives will try love unconditionally, and offer their full affection without waiting for something else.

They may find it harder to wait for the right moment, or to give up on their competitive spirit, but compromises are necessary.

Because you want a long-lasting relationship where you can build up a nest, a refuge where one can retreat in case of great dangers, you are also willing to break the barriers and alter your personal principles. And this happens as an after-effect, it's not something premeditated. His partner will definitely find it to be annoying and counter-intuitive.

In order to reach their ideals and take the first steps toward a perfect love life, they must understand that a balanced communion is built on honesty, understanding, responsibility, and perseverance.

The good and the bad

Something that the Saturnian Libra natives should work on is their tendency to become overly-subjective and act with suppositions when making plans for the future.

Whenever they analyze themselves, they start with a given set of premises, which aren't exactly positive or beneficial. They have to objectify their standards, take a step back, and rethink their approach.

Once this decision is consciously made, nothing else will stop them from achieving their goals. The determination of these natives is not to be taken for granted.

However, it's nothing more important to them than living a fulfilling life, filled with plenty of moments together with that special person, where they live life at its peak, experiencing the most intense feelings of communion possible.

They take personal responsibility to a new level, always keep their words, and are dead-serious about loyalty.

But, the constant gnawing feeling of solitude often leads them to enter into a relationship without thinking things through. They need to have someone in their life, and sometimes the feeling is too intense for any rational analysis.

Patience should be an essential factor in this process, because otherwise, they will end up in a toxic relationship, with someone who won't appreciate them for what they are.

The Saturn in Libra man

Finally, we come across the essence of the Libra astrological sign, the intense focus on justice, balance, intellectual honesty, and fairness.

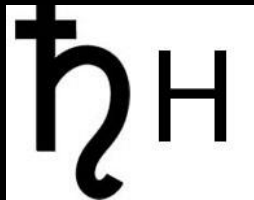

The Saturnian Libran man wants to meet a principled woman who never expects to be taken care of, to be pampered and offered preferential treatment.

He will behave in such a way anyway, but that has to come out of his own initiative, not because there are expectations that have to be fulfilled.

If she decides to move together with you, then she should also contribute to the household necessities, take some responsibilities for herself, and not expect to live in perfect comfort while you do everything there is to do.

Even when she makes a mistake and disappoints someone, with enough humility and self-awareness on her part, people will be understanding with her.

Saturn ħ in VIII 8th House

([1036] i.thehoroscope.co)

This placement of Saturn encourages people to plan and always think a few steps ahead with regards to what is going to happen in their lives.

People born with Saturn in the eighth house in their birth chart know how to work hard and are all the time patient. Very disciplined and looking to make as much money as

possible, they may forget about their social and sexual lives, losing themselves into work.

Having a great desire to develop from a spiritual point of view, they should turn all of their energy into wisdom and an elevated power of understanding, which could be done by having stable relationships.

Because these people tend to be hurt for long periods of time when someone says or does something wrong, there's the danger for them to become abusive, dependent on sex or power, and possessive.

Summary:

Strengths: Hard-working, spontaneous and creative;

Challenges: Aggressive, controlling and fearful;

Advice: They need to be more calculated about life decisions.

One step ahead

The 8th house rules over death, but more in the sense of rebirth, not as the end of existence. While ancient astrologers used to think Saturn here would mean a painful death, modern ones have changed their views about this, a long time ago.

This is more the house that rules over significant change and transformation that comes from development. That's why people having Saturn in the 8th house need to always reinvent themselves, to give up their past and to grow into someone completely different and new.

This placement of Saturn, however, will obviously not allow all this to happen because Saturn is the bully of the zodiac, bringing about worries or feelings of anxiety.

It's important for natives having Saturn in 8th house to understand change scares them and that they should be prepared for it.

They should always plan and get documented on the major things that are about to happen in their life, for this strategy can bring them a lot of resourcefulness when the transformation will take place.

The 8th house is strongly related to the deepest insights of the psyche, which means natives having Saturn here will have penetrating thoughts and an energy that makes their ego shine.

This planet and the Scorpio, which occupies the 8th house, will always battle over the consciousness of natives, making them feel sick in their subconscious about this war and never open to let go of their ego.

Only transformation and rebirth will be able to get them out of this toxic state of mind. Not understanding what's happening in their subconscious, they will seek relief in interpersonal relationships, sex and even therapy.

It's normal for people having Saturn in the 8th house to feel rejected when refused an insignificant wish, traumatized when offended and to become abusive or in the worst-case scenario, assaulting.

Saturn happens to deal with longevity, so its presence in the house of death indicates natives of this placement will live long if the planet is not in bad aspects.

It has the power to deepen periods of isolation and to make people lethargic or changeable when it comes to their lifestyle.

This planet is aggressive and disciplined, the ego in the 8th house already having the destructive influence of Pluto. Therefore, individuals with this placement will feel like their identity is being slowly stolen by others who have either deceived or betrayed them until they no longer want to trust human beings anymore.

They may feel separated from people and connected to some transcendental energies that help them communicate with the esoteric.

They may go to the doctor for some sexual problems, but these won't be nothing else than strong expressions of their ego submitted to a force bigger than themselves.

It's like they have the capability to reach divinity by making love, that's how their passion works. The advice from the doctor may prove to be of no help and they may decide to either be single or to become promiscuous.

They can even be depressed and dissociate themselves sexually, trying to obstruct their emotional responses, which are ruled by the 8th house. Saturn in 8th house natives can become catatonic when their ego is getting hurt.

When it comes to more worldly issues, they may encounter problems with their money and inheritances because for them, belongings of others are magical and can carry curses.

They will be suspected of fraud or of doing some tricks to not pay their taxes, but they won't care and let accusations pile up if these would come from people in their life and not the government.

Saturn in 8th house natives can be aggressive when defending themselves, can suffer from paranoia and have a fear that others are always looking to betray them. All this may be related to things they've experienced in their childhood and some bad relationships

they used to have.

Saturn will always discipline them, while the 8th house will influence their ways to be very curious about dangerous situations and taboo subjects.

The goods and the bads

Saturn in 8th house individuals can have a powerful connection with a different plane of reality, but not surrender to it.

This planet will bring them many difficulties that can teach them how to be different and how to break away from what they've been used to.

There may be many fears in their life, which they'll have to somehow face. Saturn is a bully planet that puts many obstacles in people's way, the house where it's placed determining which are the areas of life with which a person will have to struggle.

So when in the 8th house of sex, death, inheritance, transformation, the money of others and new starts, it makes the natives with this placement face challenges with these aspects of life until the age of 40 and even a little bit older.

They will struggle and work hard, but their money will still always be late. As brokers, these people will do a great job dealing with other people's finances, but their own credit score will continue to be low because Saturn causes for things to happen this way.

It's a good thing it also brings about longevity and a spontaneous approach to sex. When it comes to the way they're dealing with the darkness, it can be said their creativity is pretty unpredictable and that some energies will always require them to surrender.

Only Saturn will help them let go and master the art of dealing with what's forbidden. The 8th house hosts Eros' energy and allow it to be free. This means more sexuality, passion, imagination and love.

Saturn in 8th house people will know how to unpack life so they're always feeling alive, even if they may be doing things that don't seem to be in line with logic.

They will simply destroy their own limits and use their regenerative energies to get their life back together.

It's possible some of them have been abused as children and look when adults to recuperate with shamanic techniques of soul searching.

What's good about this placement is that it makes the natives of it realistic and responsible, so this is what they should rely on in order to be as happy as possible.

Anticipating change and planning may be a very good idea for them, together with the use of their instincts when having to deal with the worst that could happen.

They shouldn't be negative and have many close friends who want to discover all of their mysteries. Natives with Saturn in 8th house are known for their loyalty and dedication when it comes to relationships.

This position of Saturn should have them focusing on the good that comes with change and not the worst because this will in return have them less worried and stressed.

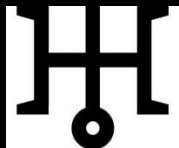

Very secretive, these people don't like sharing and tend to keep everything about themselves hidden. Anxiety should be defeated and they need to address their problems more openly.

Allowing people into their inner world can help them deal with the chaos, but it's essential they learn how to no longer take things so seriously.

Uranus ♅ in ♊ Gemini man 21° 50'

([1043] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Those born under the Uranus in Gemini transit are very intelligent people who love to experience the world and learn everything they can from every encounter.

Very flexible and adaptable, they are able to confront any situation with a clear mind and a steady hand, that is if their many friends don't support them.

With the new technological advances coming up, these individuals have a lot of opportunities to achieve their potential and goals. Always coming up with new ideas that

break apart the societal expectations, ideas that most other people would never think of, they represent a special category of people.

In a nutshell:

Style: Expansive and versatile;

Top qualities: Visionary and rational;

Challenges: Impulsive and superficial;

Advice: Some people simply don't want to be reached to.

Personality traits

They never wallow in the destructive ways of a traditional past, and let themselves be shredded with increasingly progressive ideas, which they'll use to change all of society.

If only they could share these plans with other like-minded people, they wouldn't fail as much, and it would be even more fun overall.

Basically, the Uranus Geminis are innovators, inventors, the sages that bring about a state of meditation and illumination to the world. They are here to fight against oppression, unfairness, superficiality, ignorance.

For as long as Uranus moves through each of the astrological signs' spaces, its influence marks the beginning of great things, of new beginnings, of a life reborn.

For the Gemini native, it's the mental acuity that gets increased to overwhelming levels. They come up with all sorts of ideas, both interesting, fascinating, and plain insane, but from all this imaginative plethora, they pick out the most useful and realistic ones to implement.

They may also be at the forefront of new discoveries, scientific breakthroughs, advances in the fields of psychology, social sciences, and so on.

This combination between Uranus and Gemini makes for one hell of a punch in the face of all those boring people who prefer staying at home, never risking anything, and who never develop.

These natives are bold, daring, creative, and sharp-minded. Nothing is too much when compared to the brilliant intelligence that flares up in the night sky when they're thinking up of new ideas to construct the future with. Professionally, they might choose something that has to deal with humanistic sciences, art critic, writer, PR employee, and so on.

It could go both ways for the Uranus Gemini. They could attract other people like moths to a fire, or they could bore everyone out of their minds. The thing is, it's all dependent on whether they're socially adept enough to filter all the knowledge they've accumulated,

making it interesting and fascinating.

The sciences intrigue them the most, the study of the world, from the greatest known cosmical objects to the tiniest particles that were discovered. They have information about any given subject, especially the arts and sciences, and actively try to bring a change in the general mentality of the common people.

This native likes to put his mind to work for him, even when there are no urgent matters to attend to.

It's all related to what one can think of in times of need, to the mental agility needed to confront ever-growing menaces, to decipher the messages hidden in the chaotic structure of a given element.

Learning and understanding complex concepts come very easily to them, just as sharing their convoluted ideas does. With all the reading one's doing, it comes as no surprise that people often can't really see where they are coming from, what their ideas are all about.

Not a basic love

In a relationship, the Uranus Geminis can be very pragmatic and rational, but also loving, affectionate, and imaginative. They can't let it all fall down the hole of tediousness, into a world of routine and rigid day-to-day menial tasks.

Conformity to social expectations and age-old traditions is a thing of the past, and quite insulting to their intellect, to be frank.

They may not be revolutionaries or anarchists who want to totally go against the status quo, but they aren't blind sheep following a set of ancient principles set in stone for no reason other than irrational beliefs and stereotypes either.

They aren't afraid at all to go the extra way in order to see what works, how they can spice things up, and experimentation is a trademark of these people in love.

The good and the bad

Uranus Gemini people like to think that knowledge is the most important factor of a person's personal retinue, and they want to collect it all.

They are curious to no end about how the world works, about the many sciences that explain it, about humans and their behavior, and so forth. Everything is an opportunity to learn from, and even the flimsiest events, the most insignificant chances are filled with opportunities to gain knowledge. Also, they are very adept at making this information accessible to simple-minded folks, to spell it out in layman's terms.

They may focus on the overall picture, and not the most intricate details, but that is enough, given their power of understanding.

The only thing that could really count as a flaw is the fact that the Gemini in Uranus lacks focus. This native is a jack of all trades, yet the master of none.

They may have a range of very diverse interests, and their general knowledge may be one of the most profound out there, but if you get into a long debate into the guts of a given topic, they're going to bail sooner or later.

They can't focus, and this is annoying to many. Beside this, when they're not fixated on something, their mind runs amok, never in one place for too long, jumping from interest to interest, from idea to idea. Spontaneity is a key element of how this native does things.

The Uranus in Gemini man

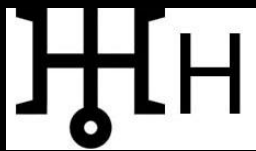

The Uranus Gemini man could be defined as split between the two sides of his personality, each angling for a slice of the action, neither ever reaching a consensus on the proper course of action.

This is evident when he takes on a task, he starts researching, comes up with what seems to be a perfect idea, and then he just tosses it to the bin for no apparent reason.

He is obsessed with revolutionary ideas, with innovative principles applied in fascinating ways, with the new breakthroughs in science and technology.

Perhaps what sets him apart from everyone else is that he never stops once he reaches the top. He realizes that knowledge is endless, and you can never find it all.

Uranus ☿ in IV 4th House

([1056] i.thehoroscope.co)

This placement of Uranus makes people crave freedom and hate to feel tied down even in the slightest.

People born with Uranus in the fourth house in their birth chart can have a pretty chaotic domestic life. For example, they can move a lot because they need to change or have been used to it as children.

They may have to find all kind of different ways to show they care and that they want to support their loved ones with all of their heart. Because they're pretty unconventional when it comes to their family life, they may need to work on being more dependable.

Summary:

Strengths: Resourceful, hardworking and approachable;

Challenges: Overly emotional and inconsistent;

Advice: They should seek for ways in which to show that they care.

An eccentric personality

The home life of Uranus in 4th house natives may be in a continuous flux because they're moving a lot, and if they aren't, many disruptions happen when it comes to their existence in the domestic environment.

These people are always on the go, so they're used with deciding on things very fast. They need to be in the middle of things, so if they don't have a direction, it's very possible for them to take the wrong path.

There are many unexpected events coming their way, therefore, their patience is always tested because they may be feeling they don't have any control over their life at some point.

This can happen especially if Uranus is in square from their Ascendant. There is also a good side to all of this as they can learn how to approach things in different ways and really don't have the time to get bored.

Their family shouldn't condition them in any way because they would only want to run away if this would be to happen.

The weird and eccentric Uranus makes natives having it in the 4th house very strange in the way they care about others. This means they don't know how to love someone without being weird about it.

Since this planet hates feeling tied down, the natives of this placement may have a need to always run away and to do only what they want.

It's also possible for them to just stay at home and provide while their mind thinks of doing something adventurous and much more interesting than just caring for others.

As a matter of fact, many of the Uranus in 4th house individuals have been raised exactly to be this way and didn't get too much emotional support.

However, they're always well-intentioned, no matter how eccentric and aloof they may

seem. Their home will be furnished with all sort of high-end gadgets that are meant to make their life easier.

When it comes to their emotions, it's possible a lot of things from their childhood have made them inconsistent and even a little bit cold.

For them, being nurturing and giving with feelings can mean an existential crisis because they haven't seen as children how this can get done.

If Uranus doesn't happen to sit comfortably in the 4th house or is situated on the IC in their chart, their psychological buildup would be like on autopilot, sounding the alarm each time, something is about to happen, regarding the emotions of others.

Therefore, they don't know what to aim for in terms of feelings. Always restless, these natives aren't really aware of their ways with intimacy and don't expect for blissful things to happen in their life, especially when there wouldn't be a good reason for such events.

It's normal for them to simply not understand what others are transmitting in terms of emotions, and no one can ever be capable of changing this.

Don't expect them to ever open up or be warm as in their mind all this would mean losing their authority and no longer having control over their destiny.

They prefer to just sail alone and not get comfortable with the warmth and coziness that deeper relationships could offer.

Blessings

Those who happen to be around natives with Uranus in the 4th house know the struggle these people experience when having to take care of their family and also themselves.

It's essential they're being helped by someone when it comes to the domestic duties and any other type of responsibilities related to their household.

In case Uranus in the 4th house is in a comfortable position in their chart, they will be the type who can move past any obstacle and difficulty in life.

However, they won't be spared from fearing the attachment with their own roots and the feeling of being nurturing.

They will only think it's natural for them to be like this and it doesn't have anything to do with any childhood trauma.

Individuals with Uranus in the 4th house are really objective when it comes to the hard times there may have encountered. It's easy for them to heal than it is for others

because their emotions seem to be someplace else.

When recuperating, they prefer to observe how their own mind works and try to develop more so they no longer encounter any type of nasty incident that already has happened to them.

They can even heal wounds from their ancestral line since such karmic things are very possible and many individuals leave them unsolved.

When helped with the everyday issues, they feel like the entire world's list of problems has been lifted from their back.

Those who give them a hand will always be appreciated and valued. When having a little bit of more free time, they usually spend it with the family and relax.

Uranus in the 4th house has the effect of making people more balanced when it comes to their emotions. It also helps them build a very comfortable home for themselves, a place where they can retreat after a long day at work.

Challenges

It's normal for people with this placement to spend some time alone in order to gather their thoughts. They need their peace to figure out their goals in life, so you won't find them in bars or clubs too often.

These natives resent chaos and being alone makes them feel better as during this time, they can clear their minds.

Because they don't want to let people down, they may feel guilty when spending too much time in solitude. They really love their friends and family, therefore, they wouldn't want to do something to hurt them.

One thing that could help them be more nurturing would be to look back at their childhood. It's possible to discover their parents weren't quite giving with emotions, so they shouldn't repeat the same mistakes with their own little ones.

The influence of their parents could even make them behave in conflicting ways in their relationship with a partner, especially when not agreeing with their other half on the same things.

Perhaps they won't recognize their childhood is influencing them in the present, but this is surely happening.

Uranus being uncomfortable in the 4th house is an indication that natives of this placement have gone through some traumas during their childhood or in their past lives.

This probably had something to do with their family or their home, more precisely with the way they've been nurtured by their parents. Their soul can carry unconscious memories from previous life cycles, so these natives may have had issues with exclusion from their family, exile and even the loss of a parent.

There is also the alternative when their mother or father could've been complete strangers for them, so they ended up being very cold and detached because of this.

There are cases of Uranus in 4th house people who have such unconscious memories about losing a property or perhaps they used to travel a lot and didn't get the chance to put their roots in one place.

It's essential for them to notice they always need to move around and to be flexible when it comes to their home.

Therefore, having more places to live and traveling between them would be something that brings them a lot of energy.

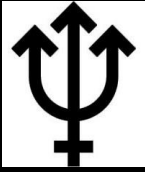

Not to mention it's not at all suggested for them to invest in only one property because in their unconscious, they all the time need to move from one place to another, which can, at the same time, really bother their partner. Steadiness is not at all in their character and they should be aware of this thing.

Those with Neptune in Aquarius in their natal chart let themselves roam the world free, uninhibited, without listening to anyone's advice.

They have big dreams, and they idealize the world. Without caring at all about the social conformity or expectations, they do their own thing, trusting in their own gut instincts and following a set of self-imposed principles.

In order to achieve their goals, they will break apart any shackles that hold them down to a stagnant mentality, break free from this ideological bubble, and fly toward the horizon.

In a nutshell:

Style: Enlightening and intuitive;

Top qualities: Gentle, creative and practical;

Challenges: Aloofness and extremism;

Advice: If you don't show emotions people will not believe you are genuine.

Personality traits

Supernatural senses and philanthropic reflexes all mix up together to form the Neptunian Aquarius' personality.

On the one hand, Neptune brings them a heightened spiritual awareness, instincts, and precognitive abilities, while the Aquarius is naturally endowed with great generosity towards the idea of community.

On the other hand, this native prefers to stay by themselves, cold, rational, unrestrained, their own man, while Neptune brings great emotions, a need for peaceful cohabitation with other people. Both traits will combine this time.

For the most part, when a Neptunian Aquarius makes their debut in the world, uncertain times are coming. The very community will break off from the traditional standards, taking with it the previously accepted standards, a metaphorical destruction of society, of its norms, inter-human relationships, especially virtual ones. Moreover, ideals tend to be thrown down from their lofty place in the skies, muddled in the real world. Modernity suffers a backlash of its own stringent needs and degenerative streaks, and all this is foreseen by Neptune.

It's a time of societal disparity, of dissolution regarding the structure that makes up the very spinal cord of the modern world.

Around this native, strange meteorological phenomenon could appear from time to time because Neptune is responsible for the changes in weather. Uranus, the original planet of the Aquarius comes to create havoc and increase the chaotic conflicts caused by Neptune's influence.

Concretely, these natives can be just as humanitarian and angelic when they're mood is good, just as they can become malevolent, the sheer image of doom, the bringers of the end-times, when they're in a bad mood.

Both the saviors and destroyers of the world, the Neptunian Aquarians are marked by these two extremes which are interchangeable.

The sheer rebellious potential that these natives have in them is mind-numbing. They will literally listen to no one and abide by no rules if that means being chained.

Without the freedom to do as they see fit, they don't want to live at all. They are initiators, pioneers, the bringers of innovative elements, of novel distractions, and will try to help humanity develop toward the next level of existence.

If they can't achieve that, they are grateful for helping a handful of people. Moreover, as far as personal principles go, they are kind of neutral when it comes to religious belief, but they aren't very scientific either.

Eternally awed by the mysteries of the world, they prefer to discover it through their own means.

The positives

They may be the next great inventors of the century, making legendary breakthroughs in scientific domains. They want to help brighten up the world, make it a better place, put it through a state of constant evolution and development.

However, if they don't have the necessary instruments to achieve this, they will instead create them. Nothing can stop them from going forward with their plans, not even seemingly impossible things.

After reaching the conclusion that the idea is viable, they'll need the feedback from their friends, and only after that would they start putting it into practice. A great satisfaction comes after seeing their projects coming to a close.

The negatives

However, they can be very domitative and bossy when it comes to seeing their plans come to fruition. They don't care about other people as long as they get to materialize their own ideas.

A promise is a promise, and if they said they'll support your project, there's really no reason now to back up.

And because it's their idea, everyone else is supposed to just follow it indiscriminately and without flinching a muscle on their face.

This leads to stagnation, inefficiency and a lack of productivity. If they learned to cooperate with others, things would go a lot smoother.

The Neptune in Aquarius man

The male counterparts seem to have the same artistic reflexes as the women, only that they tend to be a little more tied to traditions.

They'll use these skills to further the development of old traditions, domains that have existed for centuries. The applications are endless as they are varied, and this translates to their love of experimentation, for trying out new things.

Certainly not someone to waste his life on doing something that doesn't suit their tastes, they prefer to roam around the world, until they finally fulfill their professional desires.

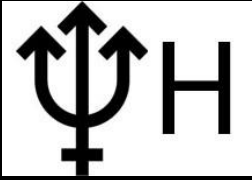

Just like Neptunian Aquarian women, they prefer their partners to also have intellectual interests, and because they emphasize objectivity, sexuality isn't really that much idealized.

Just like someone who has amassed knowledge for his entire life, this native is naturally egocentric. He believes his ideas are objectively correct without the need for proof, and anyone who refutes their God-given right will have to suffer.

Compared to women, men tend to be more daring and courageous in expressing their opinions, so there's naturally a problem that tends to be present here more than anywhere else.

It's for your own good to learn to be understanding and tolerant of other ideas. It doesn't matter if you consider them to be wrong as long as you keep the social appearances and pretend that you are appreciative of their ideas.

Neptune ♃ in XII 12th House

([1088] i.thehoroscope.co)

This placement of Neptune makes people be very compassionate and kind, but not to express all this directly, so they may be misunderstood by others.

Neptune in the twelfth house natives have all kind of fears from their past because this planet here has nasty effects over the unconscious mind. They tend to focus on what's wrong with their life and when it comes to interacting with others, they only seem to absorb what's negative.

It's suggested these people focus more on their own happiness and don't stress that much about everyday issues.

Summary:

Strengths: Creative, indulgent and generous;

Challenges: Overly emotional and pessimistic;

Advice: They need to show to those close that they can be depended upon.

Very compassionate and kind

Very intuitive and strong in their heart, people having Neptune in the 12th house can surprise with their easygoing attitude and shyness.

While very compassionate and kind, they don't express all these things directly, and many people may not get the chance to understand them or worse, might feel hurt regarding their attitude.

They need to acknowledge their spirituality or else they can end up being very unhappy and unfulfilled.

It's possible for them to feel weak in front of the usual changes life has to offer because they're thinking they can't handle working with something new.

The truth is, their faith will always help them, so being fearful doesn't make any sense for them. They should believe in themselves because otherwise, they can escape in a world of fantasy and avoid reality, which isn't in any way healthy.

Some of them will discover they're capable of great spirituality when they'll get older. Others will be aware of their profundity, but won't be able to express it until their identity doesn't get formed.

The 12th house is the most sensitive for the placement of Neptune because it is the home of this planet. Therefore, when here, this celestial body has great influence over the unconscious of natives.

People with this placement are very sensitive to the society as a whole and sometimes feel like victims of chaos and immorality.

The same planet here has the capacity to turn collective ideas into pure art. One of the most famous individuals with Neptune in 12th house is Salvador Dali, whose paintings are very intense and imaginative.

These natives are all very kind and open to different emotions, no matter whom they may be dealing with. They have psychic abilities and can guess what other people are thinking or feeling.

The planet Neptune can make their ego feel overwhelmed because it's always open to external stimuli.

They may be vulnerable because they don't have any protective fences to surround their sensitivity and also because Neptune doesn't have any boundaries when being here, in the house of images and feelings of the collective.

At the same time, this planet gives them abundant creativity and the wish to become great artists. Very talented with music, poetry, painting, photography and other forms of self-expression, natives having Neptune in 12th house can become very famous in the art world.

Furthermore, they have a need to be with others, to merge and to feel the love of the collective. They're also very connected with the Universe as the 12th house and Neptune are both spiritual and resonate with what lays within people.

It can be difficult to describe them and their feelings because they're all the time overwhelmed in their unconscious, which is ruled by the 12th house.

This house can have them feeling deeply about many things in their life, including their ancestors, as it rules over the past and the conscious memories.

Neptune will always feel at home in the here. Even negative aspects of this planet won't stay in these people's way when it comes to spirituality.

The 12th house goes over everything that's beyond the conscious mind, and is ethereal enough to have the natives with Neptune in it connected to deeper meanings and the unconscious mind of the collective.

Individuals having Neptune in 12th house could be great psychologists, but this quality would be stronger in them if some planets in their 10th or 6th houses would be in good aspects.

If so, the natives with these placements will choose to deal with other people's thoughts and emotions as a career and if not, they will still make great friends who are always ready to talk about their own problems.

They're so good at dealing with different realities because they're good clairvoyants and psychics. They may even dream what's about to happen or in symbols that transmit them messages.

That's why they should study mysticism and learn how to interpret their dreams. The problem with this is that also negative things from the other side can enter their world, in this reality.

Because Neptune is very passive and would allow for this to happen, their sensitivity may increase, and they'd absorb all the pain and suffering of the world.

People love them for being empathic and for easily perceiving their thoughts or feelings, but this can have negative effects over their own health.

What they should be careful with is their unexplained guilt as it can truly wear them down. Wanting to help everyone, they'll never get to make this dream of theirs come true because there is no way someone can help so many people as they would want to.

Each time a person around them is going through some bad times, they tend to blame themselves and have an enormous amount of guilt creeping on them.

Therefore, they may end up not helping or causing the situation to be worse. If they really want to give a hand, they need to first establish who they are and how they can manage their own life.

It's the same situation as the one with doctors as these professionals need to be very cold and balanced in order to do their job.

Another problem they may have is the fact that they're prone to become addicted to alcohol or drugs.

In the situation in which Neptune is in square position with Mars, Venus and Jupiter, they would have a tendency to abuse everything that helps them enter a fantasy world and leave reality behind.

Neptune will love having them overindulging, but this can cause real problems for their

body and health in general.

While the Ascendant is the one that's rules over physicality, Neptune in a position too close to this sign would only cause the dependence on substances to be stronger on them.

Because this planet is at home in the 12th house, it influences the areas of life this house governs, in a great manner. People with this astral placement are highly intuitive and very strong in their heart.

They may seem passive, but when needed to, they can become fierce. These natives love the role of the underdog and to give a hand to those who need it the most.

However the 12th house can be pretty suppressive, so they won't be too focused on taking action and most of the time feel guilty for nothing.

What Neptune does is put rose-colored glasses in front of the eyes of the natives, making them see and hear only what they want.

The goods and the bads

Neptune in 12th house people need to work on their self-confidence and to think of themselves as independent creatures who can handle any problem without too much help.

They're very supportive and helpful themselves, so they'd do a great job as doctors or healers. Because they like to listen and to find solutions to problems, they would also be efficient as psychologists and even firefighters.

It's easy for them to calm people down and to give hope everything is going to be okay. However, before focusing on others, they need to work on themselves and to make sure they're grounded in reality, just enough to be able to help.

Their compassion makes them strong, so they should learn how to use it. Change mustn't be something that terrifies them because it can only help their life to move forward.

It's important for them to deal with problems directly, especially when these are about work. They're sometimes so overwhelmed by the everyday life that they just want to hide and to escape reality.

This is the explanation to why they're always shy and trying to run from difficult situations, which means they're not always able to develop from an emotional and spiritual point of view.

When they can't seem to get a grasp of the knowledge transmitted by what they're experiencing, they should take a step that and look for their level of maturity.

In the situation in which they can't express themselves the way they want to, Neptune in 12th house individuals start to feel very upset and even guilty.

They should learn how to talk about conflicts and discuss the feelings they get from others' actions or words because holding things inside will only cause them to be more hurt.

Pluto ♄ in ♐ Sagittarius man 8° 14'

([1097] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

People born during a time when Pluto transited Sagittarius are significantly more spiritually attuned to the world than the rest of us, being able to tap into a form of ancestral power hidden deep within themselves.

This is connected to religion and any other form of spirituality, giving them the potential to bring about a true spiritual rebirth, or pave a new direction for the whole world to take.

In a nutshell:

Style: Principled and exploring;

Top qualities: Trustworthy, resourceful and spiritual;

Challenges: Superficiality and lack of tact;

Advice: You need to keep close to family ties.

Personality traits

This native has a free-flowing personality, always searching for the next adventure to partake in, for the next thrilling escapade to create memories about.

The Plutonian Sagittarius envisions a great future for oneself, a future marked by a change of perspective, by a lot of traveling to exotic places and other foreign territories.

Freedom and open-mindedness are this native's greatest perks, and they make full use

of them with the help of Pluto.

The dynamic planet enhances this native's communication skills even further through the series of adventures and people that they meet along the way.

Pluto is associated with a state of inner illumination through knowledge, the elevation of one's spirit and status by acquiring and assimilating bits and pieces from all around the world.

Plutonian Sagittarius natives are literally obsessed with having new experiences from which they can extract even the tiniest bit of information.

Self-development was never this fun and exciting, and as long as nothing gets in their way or bars their path, the Plutonian Sagittarians will keep on going forever. With every piece of knowledge acquired, they expand their minds even further, learning to accept much more of the world.

On the one hand, the spirited and spontaneous personality of this native is a good thing, ensuring that one doesn't stay for too long in one place and that one doesn't try to take control or dominate a situation.

Once this native notices that there's nothing else to learn, they quickly depart for the next adventure with nothing but their excitement and intuition to guide the road.

The good and the bad

The Plutonian Sagittarius seems to always be evolving from the experiences that they go through, further developing skills through the knowledge they acquire.

However, changes in the worldview don't mean that this native changes what they perceive the essence to be. Yes, they might view things slightly differently, but their life principles are basically immovable.

The one born with Pluto in Sagittarius has a morality system deeply engrained in their subconscious and there is no ounce of arrogance or egocentrism in what one does.

This native's most glaring flaw is that he never fully thinks about his next course of action, instead, letting it all come naturally. This lack of self-awareness and planning may get anyone in trouble, but mistakes are opportunities to learn from, and if the Pluto Sagittarius realizes this, everything should be alright.

Moreover, in order to better continue on the path toward self-development, one should think about being more flexible with their life rules and not being too tied to their comfort zone.

Pluto in Sagittarius in love

The Plutonian Sagittarius tends to have a very peculiar approach to social relationships and love matters. They tend to trivialize them, never grant them the importance they deserve because of their highly spirited and spontaneous personality.

Unrestrained and a freedom-seeker, these natives pass through the world at break-neck speed, just like a vanishing shadow or a sprinting leprechaun, always looking for the next excitement. Especially when they are young, their dynamism and high-paced enthusiasm takes them far from any commitment or serious bonding.

This doesn't mean that the Plutonian Sagittarius never takes a relationship seriously because they can become reliable and even slightly romantic companions.

These natives care very much about their friends and family, even if they don't always show it. They are most demonstrative in key moments, when their support and attention is crucial to the situation at hand.

Eventually, they will meet someone who will make them put aside everything else and reveal his feelings. That's the moment this guy finally commits and becomes incredibly devoted.

The Pluto in Sagittarius man

Compared to their female counterparts, these men are not exactly very interested in reclaiming their emotional side. Rather, they would like to embrace just a little of the softness and tenderness innate to romance.

The last time in history when Pluto transited Sagittarius, these men were at the top of their social game, always engaging in heated debates, having long discussions about the most controversial topics of the time, and mostly focused on bringing change to the world.

Being willing to share one's ideas with the world may now be perceived as only natural and a mark of great intelligence, but it was not always like this.

The last time that Pluto roamed the Sagittarius, society was especially against this type of attitude, discrediting it again and again. Those who had the courage to break these barriers were mercilessly mocked and their valued demeaned to no end.

This means that the Plutonian Sagittarius men still have these attitudes engrained in their subconscious and feel the need to fight to have their voices heard.

Pluto ♅ in X 10th House

([1110] i.thehoroscope.co)

This placement of Pluto makes people benefit from razor-sharp focus and become determined in overcoming any narrow-minded beliefs of those around.

Those born with Pluto in the tenth house of their birth chart are always focused on their career, advancing up the social ladder, polishing their skills and getting better and better results at work.

They devise well-defined goals, plan out ahead of time and strategize, taking into consideration any possible dangers, and follow through with unshakeable confidence, ambitions, and grit. They research a lot, gain the necessary knowledge and know-how to make their lives a paradise.

They are perfectionists as well, all-in or nothing at all individuals who want nothing but the best. They probably had a parental model to reach such levels of excellence and work ethic. These principles couldn't have appeared spontaneously like that. Instead, they must have been nourished.

Summary:

Strengths: Creative, firm and visionary;

Challenges: Manipulative, disrespectful and complex;

Advice: They need to learn how to talk and communicate effectively with different kinds of people.

There is no middle ground

Pluto in 10th house people are very special individuals who can't help but make a good impression on whoever meets them.

Their unique and otherworldly presence, the serious attitude when involved in a project, the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are very good with people.

They won't ever back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also

become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

The goods and the bads

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results. They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

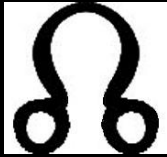

If they have to change those principles and habits, it's going to take a while, if they're willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

North Node ♌ in ♍ Virgo 28° 23'

(Georges Muchery)

The Dragon's Head in Virgo gives fine aspirations. It is an ideal position for poets and writers, but not for business people, as it is too idealistic and not sufficiently practical. This position of the Dragon's Head is not good for marriage; physical love is non-existent, but on the other hand there may be much platonic or idealistic love. There is an entire absence of anything mean; the mind endeavours to free itself from matter, and this does not always benefit the pecuniary position. The native does not view life in its true perspective, and will therefore have to contend with the problems of existence. Success comes nevertheless after a long delay. There may be a fortunate and wealthy marriage, which will turn out happily if helped by good aspects of Venus and the Moon. Failing this, the position often indicates celibacy.

The Dragon's Tail in Pisces is again a sign of deceit in love, and of infidelity. The native unconsciously indulges in gossip which is detrimental to him. The position also brings physical and moral sufferings, brought about through the native himself. A general indolence is indicated, which can be modified by a good aspect of Mars. Stability in matters connected with the affections will never exist.

(Isabel Hickey)

North Node in the sign of discrimination and purity shows these are the qualities that will lead to growth and progress in this life. The hidden 'Christ within' must be expressed through service. South Node in Pisces would show past tendencies of escapism, copping out of responsibility; and it would be easy to follow that pattern in this life, for the tendency could be there unless the rest of the chart showed differently. Senses and sensuality have been strong in the past; now the higher senses must prevail.

(Martin Schulman)

The object here is crystallization. The individual has to overcome past life superstitions which now impede his growth and see clearly the truth of all things before him. Prior tendencies to be dependent on others as well as to swim in the selfpity of non-achievements are strong obstacles to be dealt with and surpassed in the current life.

The individual must make every attempt not to allow himself to become bewildered amidst the maze of confusion that clouds his inner vision. Strongly conscious of trying not to hurt other people, he spends much effort to develop the ability to say what he really feels. In essence, his weak spot is hurting himself, even though he will have many opportunities in this life to know better.

He must work to build his confidence, from which he ultimately learns that nothing happens in his life until his goals and objective are clearly defined. In past incarnations, this individual was deceived by many through his over-compassionate tendency to fall for sob stories. Now, he still cringes at the sight of suffering, strongly feeling the emotion of other people's pain. He thereby allows external sorrows to drain him of his strength, until he reaches the point where he's had enough. Then the realization that his soft heart is his weak spot pushes him to his Virgo North Node, where he begins to develop the ability to discriminate between what is truly worthy of his sympathy and what is indeed fantasy!

He spends much time in the current life sifting through his value systems, discarding all that is uimportant, so that he may ultimately develop a filtering system which will enable him to make critical judgements without being swayed emotionally.

This incarnation is to teach him how to swim out of the pea soup he has fallen into; and what never ceases to amaze him is the fact that so subtle was his slipping into illusion that actually he never saw it happen.

He must try to avoid escapism and daydreaming at all costs, for in the end these weaken him to the point that he may forget how to function on the physical earth plane. From past incarnations his intuition uis unusually strong and accurate, but with it comes the Piscean depressions stemming from a sensitivity to other people's disappointments.

In learning the karmic lesson of not to depend, he ultimately discovers that all those hs

desired to lean on eventually come to lean on him. He constantly has to pull out of events, circumstances and relationships whose very heaviness cloud his vision. His own pity for other people can lead him into positions in which he spreads himself too thinly. Hating to tell people what they don't wish to hear, he develops the art of subtlety.

One of his biggest lessons in this life is to develop the ability to say 'no' and mean it, for the softest plea from a tear-stained eye has always made him go back on his word. Well, he knows his own weaknesses, and it is through this knowledge that he can develop his greatest strength. By the refusal to be swept off his feet by emotion, he gradually swims his way out of confusion.

Many with this Nodal position have been through past-life persecution experiences, and as a result they develop a deep understanding of the pain of others. Still, they can be deceived by others, almost as if their inner gentleness becomes confused with weakness to the point of inviting again in this life the very persecution they are running from.

They have the ability to carry deep hurts within them for many years. Yet from time to time the build-up eats away at their nervous system.

Here the Virgo North Node can act as a savior by cueing them into the diet and health conditions which will bring the most benefit.

These Nodes are especially helpful in the fields of medicine and healing, where the past-life carry-over of a strong compassion for humanity, coupled with a fresh desire for perfection, can be readily expressed. Idealism is high, but the soul's memory of a lack of self-confidence brought about by so much past persecution makes it difficult for the individual actually to believe that he can reach his ideals. He has constantly to fight the tendencies he feels towards giving up. Ultimately it is the great wisdom learned through the bitter lessons of the Pisces South Node that redeem him. For no matter how difficult conditions get, he still clings to his rainbow dream where peace and love rule the world.

He is highly critical of others when he sees them falling short of the perfected ideals he knows they are capable of reaching. He has to learn to put into practical use the essence of his own ideas which he has always vaguely felt but has been unable to verbalize. To the extent that this continues, he feels misunderstood. In times of need, he truly wishes for others to help him, yet he feels that it wouldn't be fair to ask for such help. Instead, he keeps seeking out people with depth, silently hoping that they who can see through him will care enough to fathom his problems.

Constantly seeking warmth in others, he turns stone cold when in the company of coarse or crude individuals. One of the most beautiful things about the Pisces South Node is that as the years go by he is afforded the opportunity to develop forgiveness for all those who have hurt him in this life as well as in past incarnations.

These Nodes represent the clouds and the sunshine, the illusion and the real. Always seeking some better state, this individual eventually comes to learn why other people suffer so much. Until he learns this, he goes far out of his way at the risk of hurting himself to help any and all who suffer.

His current life karma is to strive for purification and perfection in himself, while tolerating with gentleness weakness in others. This brings him his biggest lesson - self-discipline! He must learn clearly when to let the water run, when to shut it off and when to alter its course.

He must not overlook details, for it is often the Piscean lack of attention to detail that causes him to miss the clarity of understanding he is seeking. By developing a clear perspective, he can start to avoid the tendency to excess that he has brought with him into this life.

If he is to be happy, his life must be dedicated to service rather than secretly wishing others to drown his past sorrows. His biggest lesson of all is never to doubt the purity of his objectives.

This individual is starting to make things work on the earth plane. In past lives, he developed an intuitive understanding of the nature by which man and machine function, but now he is confronted with putting this knowledge to use, rather than daydreaming about some future far-off moment when all his dreams might come true. He must be careful to make all times the present as well as all places here; for only through living in the here and now is he able to funnel into crystalline form the vast reservoirs of essences which he has accumulated through all his lifetimes.

He is to become the focusing lens on a form projector which contains millions upon millions of blurred negatives. Yet through his North Node, he is capable of refining each one so that ultimately no knowledge he has ever acquired will be wasted. In effect, this is a rather frugal Node position. Here also the mind and life become as a machine, with all the separate parts forming an integral part of the whole. When any part of the life is not functioning properly, it must be immediately repaired or discarded.

The life is geared to striving to raise efficiency and order out of the sea of the Piscean whirlpool. Much prior life work was spent in renunciation. Now only vague memories remain. In this life, the individual must learn to display the perfected ideals he has achieved through giving up all but his appreciation of the Divine Essence.

The house position of the South Node indicates the area in which a past incarnation reached Cosmic Understanding. The house position of the North Node shows the area through which crystallization can now bring that understanding into material reality.

(Donna van Toen)

You need to learn to work. Your Pisces South Node may reply 'Yeah, but that means giving up my privacy'.

Your problem may be your inability to analyze feelings.

Possible reasons for this problem: excessive tolerance of unacceptable behavior from others; faulty reasoning; a tendency to gloss over flaws; a tendency to help others while letting your own life disintegrate; escapist tendencies; your early upbringing having led to a 'you owe me' attitude; your sense being over-active, overwhelming your logic.

Possible solutions: Channel your fantasies into creative work - poetry, fiction, psychology, etc.. Learn to rule your senses instead of letting them rule you. Learn to lie skillfully. Shun human contact as much as possible. Over-eat, drink too much, get stoned.

Health problems are a frequent manifestations of the Virgo North Node - Pisces South Node imbalance. These may be physical or mental, real or imagined. Both fear of people and excessive dependency are common - sometimes simultaneously. Compulsive over-eating or an obsession with thinness can be a manifestation. Occasionally I've seen this position in what I call the spiritual or psychological hypochondriac who drifts from guru to soothsayer to therapist looking for someone capable of solving his or her problems for him or her. Invariably, there's a craving for happiness; however, the client can't generally define what this happiness would entail, except to say there would be 'no more problems'. Well-being improves when the Virgo North Node's potential for objectivity and practicality is channeled into some sort of meaningful work.

Some signs of an over-developed Pisces South Node are: excessive daydreaming; constant requests for help; a 'too sweet for words' façade; strange attitudes towards work; little control over emotions; masochistic or morbid tendencies; overall discontentment with his or her lot in life; shallowness and game-playing; moodiness; and a tendency to attract chaotic conditions and disorganized people.

North Node in Virgo dreams of being the trusted second-in-command without whom things would fall apart. He or she wants to be a policy-maker or manager, or at least the chief executive's right-hand person. He or she wants to be known as someone who can't be deceived or boondoggled. This is generally a quiet person whose feelings are more important than logic in terms of outlining a direction in life. Instead of a policy-maker, he or she is generally a dreamer whose dreams seldom become realities. He or she lacks - or at least hasn't developed - the analytical abilities inherent in the Virgo North Node. He or she is vague about goals and vaguer still about how to realize them.

Antidotes for Virgo imbalance: Typing is a very helpful antidote, since it encourages neatness and order. The study of history is recommended if there's aptitude along these lines. Gardening is a very good antidote. Weiting should be encouraged, with inspirational writing, social commentary, and ideas stressing reform being especially good. Public speaking should also be encouraged, with literary, analytical, scientific, and gardening topics being favored. Should there be no aptitude along these lines, an alternative topic should be sought according to the overall chart.

If career advice is sought, secretarial work is an obvious choice; however, few male clients are likely to find this attractive, no matter how much aptitude they have. Other good choices would be bookbinding, statistical work, historical work, work in a stationary store, and writing of any type. If the client is young enough and capable of receiving proper training, law or paralegal work might be considered. Again, you'd want to look for additional corroboration from the rest of the chart.

When North Node is in Virgo in the twelfth or first house, there are usually problems connected with a low self-image or a negative outlook on life. There's often a history of restriction of some sort. In these cases, it would be a good idea to suggest professional counselling if the problems are severe. Reading such as 'I'm OK - You're OK', Assagioli's writings, and much of the literature on Gestalt Therapy (especially Fritz Perls' writings) might also be helpful.

Certain hobbies could prove to be both enjoyable and beneficial as antidotes. Among these are music, bicycling, walking, and many types of volunteer work. Crafts of various types might also be considered if according to the client's aptitudes. It's common for clients in these categories to have no idea what they might be interested in - let alone good at - so you should be prepared to spend a fair amount of time exploring along these lines.

Previous incarnation for this person was quite a mediocre life. He did not have many opportunities because he could not properly identify them and use them. All he had was a great sense of instincts in that life. In this lifetime, he may not explicitly believe in inner instincts, as his logic and synthesis are well-developed. He would want to achieve things entirely by their use. However, as a fail-safe mechanism, he has been given the gift of 'insight' to things which he can use when in great need. Discrimination is one of his major enemies, and he often makes decisions based upon pre-discrimination. He has been given many opportunities in this life, but, at the same time, he has to achieve them very methodically. Thus, he cannot just skip and go on to the next game in life.

(Haydn Paul)

One challenge is how to relate your emotionally sensitive perceptions to the world in a way that becomes creatively positive and bridges both spiritual and physical realities. You tend to depend on others to define your life direction, perhaps through earlier social and parental conditioning, which also shapes your self-image.

Your weak spot is emotions. You will be highly compassionate, feeling the world's suffering and pain due to empathic attunement to others' anguish. This may inspire efforts to minimize pain for others, and will even be displayed through tact and diplomacy, often controlling what you say, feel, and think. You try to remold yourself to avoid giving offence to others; but in so doing, you can damage your integrity and become confused by ignoring the messages of your feelings. A combination of sympathetic sensitivity and inner / outer evasion can weaken and distort your energies and strength of identity, leaving you open to exploitation by unscrupulous characters.

Emotions will dominate judgements and decision-making; and you need clarity as to your real needs, desires, and thoughts. Saying 'no' to others poses problems, and you are easily undermined when others appeal to your vulnerable emotions and persuade you to change your mind. Self-assertion is required when you are confronted by others. Acknowledge the equal importance of your individuality, and be less passive and self-sacrificial in attitude.

Escapism, daydreaming, and fantasies attract, and you may retreat into an ideal and perfect inner world where all is good. This is the conflict between illusions and external reality which reflects the interplay between the Virgoan dream of perfection and the Piscean dream of idealism. A misapplication of these impair your ability to deal with the real world.

You can contribute to society when you work with your strengths, which emerge from an idealistic vision applied in daily life to benefit others. You may develop service concepts which embrace an understanding of how to serve, when to serve, how to receive from others, and how to recognize those you can benefit.

You may display idealism but, until you achieve self-confidence, may limit opportunities to manifest ideals, or even give up making the effort. Yet it will be the lessons learned from these struggles which strengthen you. Often disillusionment is a most effective teacher; the challenge is to continue to maintain your dream of peace and love ruling the world, despite the painful struggle. You have to live your vision, beliefs, and principles in the outer world; they have no reality if they remain as dreams. They need testing in the crucible of daily experience. Your sensitivity, spirituality, and vision of the ideal world need grounding; even in a small way, it is a step forward.

Facing conflict between illusion and reality, you always seek a better state for yourself and others. Much enlightenment can come when you realize why people suffer so much, but in this you also find the key to your own suffering. The deeper your self-

understanding, the less you need to rely on others. The more you test your beliefs in real life, the more ideals can emerge in pragmatic and practical activity. You may find that directed imagination - perhaps through creative visualization techniques - especially benefits your self-healing transformation. Within the Virgoan service impulse of working for the community is a potential path which corresponds to the Piscean vision of fulfillment for all.

(Bruno and Louise Huber)

The mutable Earth sign, Virgo, calls for mobility, fluidity, and flexibility. In contrast to Leo, we should total up everything of real value in our life, and discard the pomp and circumstance. We must come to terms with the community in which we live and with the environment as a whole. The 'You' is clearly emphasized here.

Leo also lays emphasis on the 'You', but in Leo we are free to make an impression on the world. Virgo is a serving sign, in which we are in a weak position and more or less at the mercy of others. Society has the last word, and our partner tells us what to do. When the Node is in Virgo, we even have to let the world decide what good we are and assign us a place - not the place we may dream of occupying, but the one for which we are suited. Conformity and adaptability are keynotes of Virgo. Now, to have to knuckle under can be very tiresome, not to mention painful. For this reason, we find many Virgoans grumbling about the miserable circumstances they had to endure.

Of course, a readiness to fit in and find one's proper place must not lead to identity loss - as can happen with hard aspects to the Node. Then one would end up in a state of alienation and become nothing and nobody.

The Node in Virgo should make us willing to adopt a positive approach to the people around us, and to see and understand what they really need before giving them what we have to offer. In the Virgoan Node, helping and serving are essential forms of expression of an active and practical love for others.

North Node ♍ in VII 7th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in this house is good for marriage, which it causes to be contracted on a lofty, sentimental and secure basis, provided Venus and the Moon are well-situated in the horoscope. It is also very powerful in regard to partnerships and contracts, which it helps to make successful. It is also in this House that it is most favourably situated for lawsuits, which will be won through its support, thus bringing unexpected gains.

It is also a token of inheritance from grandparents, or an increase of wealth for the latter, by which the native will benefit.

The Descending Node (Dragon's Tail) in the first house has a detrimental influence on the development of the native in the early period of his life. It upsets his health, and often his mind as well, inasmuch as he will be too analytical and will not always see things as a whole, but will become absorbed in small details. In regard to any special question put, it would signify a very bad beginning for the matter under consideration, as it always entails trouble and worry. This influence in a horoscope continues for a fairly long period, inasmuch as the Nodes being retrograde the Dragon's Tail passes from the first to the twelfth house, which is also malefic.

(Isabel Hickey)

Needs to get away from himself. Has lived for and to himself until he has become too independent. Needs to take other people into account and get away from too much self-centeredness. Self-assertion has to be eliminated. Integration and fulfillment come through giving up the personal ego and helping others to attain a sense of their worth.

(Bernice Grebner)

This person has to overcome a tendency to work by himself. He needs to learn to work with a partner, to learn the balance it takes to do this. He has to strive for a close personal relationship with others. This relationship should bear some constructive fruit, whether business or marriage. This is quite a step because it leads to the death of the self-centered ego. The person then acquires the knack for becoming an arbitrator. He needs to develop an appreciation of beauty in the arts.

South Node in the first is the egotist. This is the person who tries too hard and, as a result, comes on strong at first. It gives a strong pioneering spirit with a 'me-first' attitude. There is an ability to do all things by oneself. This position can give a changeable personality. He tries too hard to be a special personality. This person may think in terms of his physical body being superior to others. He has a tendency to push himself too hard because of a lack in partnerships. The problems in life seem to be very much concerned with self. He can be the fearless pioneer of new concepts or new activity.

(Mohan Koparkar)

This condition often signifies marriage or partnership activities are extremely important in his life. Self is often given no priority but what is best for the marriage is taken into consideration. Thus, a self-sacrifice for the betterment of the marriage may turn out to be a devastating situation. This individual will try everything to maintain that relationship. As an individual, they may not be able to contribute and achieve much in life; however, with partnership activities their contribution and output is substantially increased. They often have a good public image; and their objectivity is fairly well known among others. They are very charming, diplomatic and polite in general expression or communication.

(Martin Schulman)

Here the individual has many lessons to learn in areas of partnerships, marriage and co-operation with others. In past incarnations, he had to account only to himself for all his thoughts and actions. Now in the current life, his soul remembers all the individualism and independence he enjoyed.

While he may pretend to be a good listener for the sake of society's acceptance, he rarely takes advice given to him. Instead, he spends most of his energy developing whatever abilities he has, while constantly seeking approval for the efforts he has made.

Although he will be the last to admit it openly, he never quite notices others as much as himself.

He has great apprehensions about being outdone, and will go far out of his way to secure for himself a position where his dominion will not be challenged. If the rest of the horoscope shows strength, then this is truly the individual who wishes to be 'King of the Mountain'.

Although his experiences in this incarnation teach him to sacrifice for others, he never truly sacrifices himself, for he has spent lifetimes building to a point where he has now become an independent spirit.

He can relate to others so long as they don't shackle or bind his sense of freedom. If he feels someone close to him is inhibiting his self-expression, he will do all he can to extricate himself from the relationship. Thus, the marriage state is not one that comes easy for him.

Individuals with these Nodes are either single or divorced, or at least separated in consciousness from their spouse. They find it difficult to believe that the continuance of their own past-life selfishness is creating all the problems for which they are now blaming others.

They must learn how to give with a whole heart, rather than symbolically throwing a

bone here and there just to keep the pack quiet.

This individual is usually so out of harmony with himself as being part of a greater universe that he is prone to develop a chronic impairment or impediment, either physical or emotional, which he ultimately uses for sympathy. The last thing he is willing to accept is a sense of failure, for he constantly feels the needs to prove his own self-sufficiency.

Sometimes he is seen by others as a battler, well guarded against any threats to his ego. Since he truly doesn't like to be dependent on others, his loyalties are questionable. Underneath it all, his past incarnations have taught him to be faithful to himself, and therein his allegiance ends.

For those who wish to join him, he will be their patron, but rarely will he go out of his way to join them. He is a 'loner', conscious of his own unique individuality, and proud of the ways in which he knows he can retain it.

His karma is to learn consideration for others, for in his desire to be the center of attention he projects himself as more important than he usually is, thereby shutting out the very love he claims he is being denied. Still, he desires to control others, and in this ability to control he bases his security.

He is capable of great achievements, but he rarely reaches the levels of his capabilities because he is so wrapped up on self that he fails to see the cosmic scope of his personal ideas.

He must learn to view the reflections of his thoughts and actions and to realize that there are always two sides to a coin. Eventually he comes to understand that while both sides of an issue may be totally different, neither is better or worse than the other.

His major growth occurs when he can detach from himself and impersonally laugh at all the ego-centered ideas that ruled him in the past.

He must ultimately come to the point at which he is willing to take all the power, strength and confidence that his prior incarnations have built and give it away to others who need it more. He must do this wholeheartedly without a sense of martyrdom, for if his giving becomes ego-involved in any way then he remains on his lonely island. But if his generosity is truly dedicated without pride in giving, then he has an infinite blessing to offer as he inspires confidence and strength in others.

He can give others the will to live where there was none. He can make others aware of their own self-worth. But all the while he is not to ask for anything in return, for if he learns to focus his energies on helping others, then he will be amazed to find how God keeps providing all his own needs.

In this Nodal position, there is a guaranteed built-in unhappiness every time he focuses his energies on himself. If married, he will have much to learn from his second child, as well as in his relationships with nieces and nephews.

He is destined to devote his life to others. Actually he has been preparing for many lifetimes to meet now the person or persons who need him the most. In some cases the spouse is an escapist who must be given the strength and confidence to face reality.

Whether married or single, this individual eventually comes to learn that his life is a mission, dedicated to another soul or in fact many souls needing more than he does. His karmic lessons are in developing kindness and an understanding nature. As soon as he does this, he is rewarded a thousand to one for all he gives.

The sign which contains the South Node shows the ways in which too much residue of past-life concern for the self can hamper progress. The sign which contains the North Node shows the ways in which the individual can reach fulfillment through sacrificing the self for others.

(Donna van Toen)

Conflicts: Marriage vs. independence. Accepting vs. demanding. Overcoming enmity vs. comfortable self-projection.

Possible results of sacrificing North Node: Excessive worry about being beaten or outdone. Inability to relate to others. Feelings of martyrdom, excessive egotism, loneliness. A tendency to interfere with others' free-will. Belittling others' worth.

Possible ways to integrate North Node: Whole-hearted giving. Increase your consideration for others. Take an objective look at how others respond to your selfprojection and do what you can to improve it. Detach yourself from your overconcern with your image. Channel your energies into marriage and other one-to-one relationships.

In the seventh house, there can be hang-ups about harmony or co-operation. Depending on the phase of nodal balance, the person can be far too easily influenced or far too convinced that his or her way is the only way. The underlying cause of this is a lack of firm partnership goals. This person is torn between involvement at any cost and preservation of his or her highly comfortable image of self as a good or beautiful person.

Less frequently, there's an inability for the small talk and role playing that's necessary to attract others. This seems to be a problem connected to the overcompensation phase of nodal balance.

North Node in the seventh house dreams of gaining much through marriage and / or other relationships. He or she truly believes that teaming up with others will improve his or her lot in life. This person hopes to gain respect vicariously, through marriage or some other type of affiliation, and feels that success and happiness will be guaranteed once he or she finds his or her 'other half' - someone who embodies those qualities that he or she feels are lacking in his or her own make-up. This person has a great deal of sensitivity. He or she also has a great deal of psychic ability; unfortunately, both are liable to be repressed. Aggressive pursuit of an alter ego tends to drive the dream further and further out of reach until the person is forced to look within for the repressed or lacking qualities.

(Black Moon) Lilith ♀ in ♒ Aquarius 5° 31'

Neo-Creator

If you have Black Moon Lilith in Aquarius, the pain you've experienced through your Lilith placement has made you independent and unique. You learned that if you don't set your own terms in life, someone else will do it for you.

However your Black Moon Lilith wounds have played out (shown by the house placement of your Lilith), you've found that it's better to keep your distance from the drama. While everyone seems to be scurrying about like little cogs in the machine of the demiurge, you have pulled way back, recognizing that way if life isn't for you. You carefully maintain a sense of detachment and separateness. And this has become your go-to way to cope. When in doubt, you pull out.

This can sometimes leave you feeling like an alien. Your identity doesn't fit into anyone else's box. You refuse to mold yourself into something other people find more digestible. Instead, you cling to your uniqueness as a way to separate you from the world that you can so clearly see is broken. Conforming to an inhuman system is no virtue, and you know this in your bones. So sometimes you wear your differences with pride because they mark you as something more than the unwashed masses. In this way, you've bought your sense of peace at the expense of your connection to others.

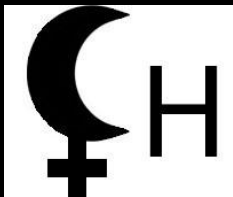

But it's not about being different so that you can be better than others. The problem isn't

that other people are sheep so much as it's a system that is herding people off a cliff. You see how power is abused, money is king, and normal people are ground up in a system that only benefits a select few. You also know the world can be better. There are a million ways humans can organize themselves, and there's got to be something better than this. So you've become someone who can solve problems on a global scale. Even on a personal level, you find yourself always attempting to find a better way of doing things. Overhauling the system is your default.

Of course, this experience can be pretty lonely. There aren't a lot of job listings or dating ads looking for an aloof genius bent on saving the world by turning it upside down. Not to mention what a heavy burden it is, always trying to rebuild the world. To mitigate some of this pain, lean on Leo, the sign opposite to Aquarius. Leo recognizes that identity can be something that springs from within you, not as a reaction to what is around you. Leo realizes that detaching from the system doesn't mean detaching from other people. And Leo knows that any new world has to be designed with heart. Without it, you create the very kind of system you want to dismantle.

I could easily write a book on this placement alone, but I'll end here: This is one of the best places for Lilith to be. Your ability to see the big picture and how to improve it is your superpower. As you strive to build a world that reflects your ideals, Lilith will be standing right beside you. If you can make sure you never lose the love in your heart, there's no reason you can't make your new world a reality.

Gifts of Shadow

If you have Lilith in the 12th house of your chart, her themes will manifest in terms of isolation, the shadow, and limitation. She becomes the energy that stands in our way even as she offers dark gifts.

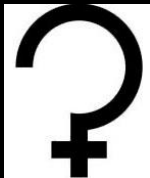

In traditional astrology, the 12th house is known as the house of Bad Spirit. This is where our own shadow meets the shadow of the collective. Our darkness reigns here, and is it very difficult to face and utilize the energies of any planets here directly. With Lilith in the 12th, you may deny or minimize your own darkness until it comes erupting to the surface.

The 12th house is also associated with hidden enemies. With Lilith here, it feels like there are forces working against you, coming at you from every angle. You may build up resentment and paranoia, which will prove to be far more corrosive to your soul than your enemies ever could be.

The 12th house rules limitation and restriction of all kinds. You may have found yourself at some point in life feeling stuck, or maybe even literally trapped within institutions like hospitals, prisons, or psychiatric wards. And if you have, it is likely that you were falsely confined and had no business being there. But either way, you have been isolated in some manner and have had to pay the social price.

While I could easily write a book on this placement, I will end here. The 12th house does just hold our shadow. It holds our gifts. When you are able to be quiet and sit with your shadow, a magnificent flower begins to bloom. You are able to build compassion for humanity like none other, and it is here that you begin to find your freedom. Let your gifts grow.

Pallas ♀ in ♈ Aries man 7° 39'

([1186] astromajesty.com)

Pallas Athena, the Greek Goddess of war and wisdom, is an important yet often overlooked aspect of astrology.

The asteroid was named after the deity due to its similar characteristics.

The zodiac sign that Pallas resides in, according to our birth chart, provides us with an insight into our intellectual affairs.

Greek mythology tells a tale of a warrior Goddess who ruled over many different aspects such as wisdom, the arts, and war.

As such, her brother was Ares, the God of war whom Aries is named after. She is also the daughter of Zeus and was born when his head was split open.

Pallas is seen as the original feministic, a marker of female empowerment, courage, and ferocity.

In a man's world, she dominated and conquered the minds and lives of those that dared to get in her way.

She came into this world dressed in armor. As a warrior, she had to be strategic and savvy, as such the asteroid Pallas has these qualities.

It can show us how we deal with conflicts and solve problems.

Rather than the chaotic and bloodthirsty manner of her brother, Pallas made war an artform. She centered her tactics around skillful manipulation and was impressive with her cunningness.

By studying the placement of Pallas on our birth chart we can conclude to what degree we are able to handle adversity.

Our Pallas qualities and characteristics can be known to us on a conscious level.

Chiron ☿ in ♒ Aquarius 7° 13'

([1258] astromajesty.com)

Aquarius is the humanitarian of the zodiac. The aspects of this sign are that they are visionaries and revolutionary thinkers in terms of how they can help and support others.

Aquarius is ruled by the planet Uranus, which represents change, usually abrupt. It is known for being quirky and original.

Uranus does not like to be boxed in; it prefers to venture down its own path, unguided by others. Uranus is the god of the sky and the air. It encapsulates the essence of freedom and liberation. It is known in astrology as the awakener.

Chiron in Aquarius relates to a sense of community. There is a need to belong with people who carry this placement. They want to find their place in the world but may struggle with finding their purpose. The need to connect with others is evident though they may fall short in this category.

As Chiron indicates areas of struggle and upheaval, the effect of Aquarius Chiron is the complete opposite of what Aquarius is typically known for.

Where Aquarius may be a leader those with Aquarius Chiron may be followers. Where Uranus is unapologetically itself Aquarius Chiron wants to fit in with the crowd.

The opposites are extreme and the effects are apparent. There is a strong contradiction that is clear in the behavior of Chiron in Aquarius and the zodiac sign in its own right.

People with this placement may struggle with understanding what makes them who they are. It is a great lesson in learning to appreciate oneself and to move away from the crowd.

Personality

The effect of Chiron on our personality can be seen by others but it is mostly felt within.

The decisions, thoughts, and beliefs that we hold stem from a variety of factors, Chiron can influence those by highlighting our emotional baggage.

There are some positives to Chiron's placement in a natal chart, however, it resides in the darker parts of our personality.

The negative aspects of our personality and the parts that we don't want to share with others can be understood once we dive deeper into the influence of Chiron on our lives.

Negative aspects

Those with their Chiron in Aquarius may feel like an outsider, there is a sense of isolation which is a common factor with this placement. They can feel as though there is no room for them in society and as a result, experience feelings of loneliness which they may struggle to deal with. They want to be included. The Aquarius Chiron wants to be made useful and contribute to their community.

Even when they are surrounded by people they can feel alone. In social situations, they may feel more comfortable in smaller groups where they are not overwhelmed by people's energies and presence. Even though they want to be part of a wider circle they chose to dial down their desires as they feel as though they will not fit in.

Their friendship circle is small and intimate, making room only for those that truly value them and understand who they are. They favor relationships with those who they are close to and may hold people at arm's length if they are wary of them or are unfamiliar with them.

It takes a lot to get close to an Aquarius Chiron but once those barriers are broken down it is well worth it as they have a friendly demeanor and a warmth toward those that they love.

However, the Aquarius Chiron may prefer their own company, choosing to be alone rather than spending time with others. They do not feel as though they have to be surrounded by others and are more than happy to be alone. This is due to a fear of rejection. If they avoid any circumstances where they may be pushed to the side, it will make them feel more comfortable and at ease.

Any time that they spend with others leaves the Aquarius Chiron feeling as though they are different from everyone else.

The contrast between how they feel in a group and their level of comfortability when they are alone is apparent. They enjoy their own company and at the same time, they crave the social interaction that they could have if only they felt satisfied being who they are.

They have a love-hate relationship with solitude, they enjoy being alone, yet they would

like to feel included amongst others.

The Aquarius Chiron tends to feel as though they are caught in a catch 22. They may be used to feelings of awkwardness which may be noted by others. They need to be accepted and as they feel as though they never will, it creates turmoil with the Aquarius Chiron.

They tend to be introverted and when it comes to people they are unfamiliar with, they choose not to expose their inelegant and clumsy demeanor.

This, of course, is a manifestation of their beliefs. A person with Chiron in Aquarius is not any less coordinated than anyone else, nor are they socially awkward by nature. Their opinion of themselves is formed by their beliefs.

The Aquarius Chiron wants to fit in but often feels as though they have been left out in the cold. They are cautious of others and have an innate fear of betrayal. They live by the double-edged sword and battle with feelings of being unworthy.

Positive aspects

The Aquarius Chiron knows the value of personal development. This could be considered a bad trait however as they do tend to engage in obsessive behavior in this regard. They are always trying to improve themselves and be bigger and better with every step along their journey.

Through their need for development, they are constantly looking for opportunities to make positive contributions. They are always on the lookout for something that they can get involved in. If they see that someone needs help, they will dedicate themselves to doing so.

This is primarily in a bid to get attention and acceptance, though the intention may not be totally pure the result is that they touch the lives of many around them.

The humanitarian in the Aquarius Chiron shines bright as their need to contribute is always high on their priorities. By easily accepting the invitations of others these people may expect to have colorful experiences which shape the way that they see the world around them.

There is a slight charming naivety with people who have this placement. Their willingness to help others is extraordinary and can put them in good standing with many around them.

Men with Chiron in Aquarius

The Aquarius Chiron man wants to be accepted. In an ideal world, they would be the leader of the pack, the man about town, and an authoritative figure in their community.

They envision having a positive influence over others and want to be seen rather than tolerated.

There may be a person with characteristics like this that the Aquarius Chiron man looks up to. They are impressed by the popular people and admire the in-crowd.

They may make multiple attempts throughout their life to be accepted and cater to the whims of those around them. They wish to be equal with their peers and fail to see that the hierarchy of social standing only exists in their mind.

The Aquarius Chiron man could see people around him as out of reach or out of his league, whether it is in a platonic sense or if the person in question is a love interest.

Their low self-esteem is a battle for them. They want to be valued and struggle with their identity. They want to know who they are outside of what they believe that the world wants them to be. They can find themselves lost as they come to terms with who they are.

Lessons

Though the effects of Chiron in Aquarius have their downsides there is a brighter note to be had. It offers us an opportunity to understand our shortcomings and learn from them. The Aquarius Chiron must be wise with the messages that they receive while exploring who they are. From these insights, they can heal and progress through life.

One of the main takeaways of the Aquarius Chiron placement is their lack of self-worth. It is not due to who they are but rather that they believe that they are less than others. This is simply untrue and continuing to believe this lie will only have a deeper impact on them as time goes by. The Aquarius Chiron must engage in acts of self-love. This is of the utmost importance.

As they struggle to understand themselves and love who they are it creates problems with how they view themselves, their relationships, and even their ability to carry out their job to the best of their ability. Their higher self is calling out to them for healing and liberation from feelings of inadequacy. This is one of the biggest missions that individuals with this placement will face.

The Aquarius Chiron must look inside of themselves and discover their inner confidence. It's there ready to be awakened. They must stand tall and be proud of who they are. There is a beautiful quality to these people, they can lift up others around them. By tapping into the person that they truly are they will encourage others to look within themselves and find their light.

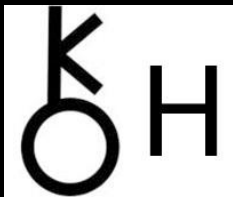

They have the ability to influence others, just as they had been by other people. The difference is that their effect on others will bring out their charitable side. They can start a

movement and lead a humanitarian revolution. There is nothing that stands in their way other than the negative thoughts, feelings, and beliefs that they hold.

By being honest about what kind of person they are and the influence that they want to have on others they can heal their karmic pains and move forward to a brighter, positive tomorrow. The aquarian Chiron has it all, they just don't know it.

Instead of looking within, they chose to look outside of themselves. They must choose the path that they know will bring them what they want. The power rests with them to take the first step.

However, they also fear that they could lose who they are and endanger their identities.

Like those with Chiron in the 8th house, these individuals are terrified of endings. They wonder what's the point of life if, eventually, everything will cease to exist.

These people ask themselves why the world is that chaotic if it only lasts so long. They overwhelm themselves with questions, such as why do we do anything if nothing will matter when we die.

These individuals have issues leading regular day-to-day life because they don't understand the practical realm and its point. They often wish to die because that makes more sense to them.

As a result, these individuals tend to feel a need to be extraordinary, different, and genuinely feel life. Their biggest fear is that they will live unnoticed, ordinary, and unremarkable.

Indeed, they are not mediocre or generic. These persons tend to be highly imaginative. They have vivid dreams and ideas. Yet, they also experience problems fulfilling what they imagined.

Those with Chiron in the 12th house have issues with their identity and struggle to uncover who they are. It is why they tend to absorb qualities and traits from other people and incorporate them into their personalities. In a way, they are creatures that present a collective identity in one person.

If Chiron is afflicted or other aspects in a natal chart are unfavorable, they could fear being themselves and being different from others. They tend to think that by developing their own personality and fostering uniqueness, they are erasing unity.

These persons could feel guilty about not blending in and being one with the society or group.

Merge with the unity

The ultimate goal of these individuals is to merge with the divine and reach eternity. That means that they will seek methods that allow them to be closer to God, invisible forces, death, or spiritual energy.

These techniques could include prayers, meditation, art, drugs, s*x, or alcohol. It is those elements that help them let go of physical reality and dive into the unconscious.

The consequences of their desires and intentions could be becoming an addict, criminal, or being a martyr and sacrificing themselves for others. The latter is more probable because deep inside, they are fragile souls that want to make the world a better place.

The best way to do it is by alleviating the pain and helping others overcome their troubles. It is why they often work or volunteer in hospitals, asylums, hospices, or orphanages.

The problem is, they usually put others first and, in the process, neglect their health and mental well-being.

Even though they tend to feel disconnected from reality, people with Chiron in the 12th

house can experience emotions more profoundly than others.

For instance, they feel love, grief, sadness, nostalgia, and lust on a deep and inexplicable level.

These individuals are also likely to dedicate their lives to religion and become nuns or priests.

However, people with Chiron in the 12th house must learn they are already a part of everything, including the divine.

By existing and being part of the creation, they belong to the unity. They have to embrace that the divine energy speaks to us through life itself.

You are fair. You do not like to make judgments, because that would undermine your own sense of freedom. You remain aloof and impartial with respect to others. This allows you the freedom to explore your own inner awakening.

You never have to follow the paths of others. So, you look for solitude, where you find new ideas. You use the great inventiveness that cosmic forces bestow upon you.

You like to live without any planning. You like to be original. It makes you happy to know you can help another person to feel free.

Leo is the sign opposite to your Part of Fortune in Aquarius. Through Leo, you observe how others try to direct others and try in vain to have control over circumstances, as well as to maintain those principles that give them self-respect. You know that these things, and power, have been abused in today's world.

It is the love for truth without limiting the spontaneous flow of life, which gives you your greatest satisfaction and joy. You do not like to force any circumstance, or any person. You flow easily through difficult situations because you have the great ability to understand how circumstances have become what they are. Nothing exists in this world that can surprise you.

You like to live as a true free spirit, even trying anything new or futuristic.

You know there is a better future for society, but you should not worry about how it will be achieved. Simply trust that things will be resolved in the best way possible and at the right time.

You must pay more attention to how you express yourself. Do not show off your ego in your knowledge about the Universe. Focus your struggle in search of inner power, over yourself, in addition to outward self-control.

When you accept yourself as a different, unique, and even prophetic being, your soul will begin to unfold in the direction you so desired. You will know that your mind is free to explore all knowledge of the Universe and its human aspects. You will understand that this free acceptance of uniqueness will finally liberate Humanity from the deterioration from its own egocentricity. For that, you can be an example and helper for those who need it.

Your greatest fulfillment will come when you are attentive to your inner being. You can satisfy your desire to understand the invisible forces of the Universe and your personal unity with the Whole, by realizing the unity of all seemingly separate realities.

In any case, you must function in the everyday world with its apparent limitations, which you see, while you realize the unity of all people and circumstances, how they are related, and how they work together. This will help you not to identify yourself with these limitations, actions, and programmed circumstances.

You really realize that negative conditions arise when one selfishly pretends to experience only positive things. Likewise, you must experience everything from a neutral and impersonal plane, where there is no negative or positive, turning your life into an example of a deep freedom from all those apparent effects of outside influences.

By maintaining a detachment from the material world you can allow yourself to flow through situations and emotions without personalizing them, seeing them as common to the human psyche. Thus, you understand the truth of life. Periods of solitude are very beneficial for you to gather strength, get in touch with your inner being, and begin to feel the essence of everything, because this is the source of your spiritual strength.

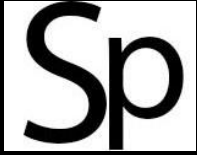

Since your Part of Fortune is in the 12th house of your birth chart, the sixth house is the opposite house. Through the sixth house, you must learn to function in the world efficiently and take up the calling to serve Humanity.

However, the greatest truths will be revealed through periods of meditation and silence. ([160] astromatrix.org;) Subconscious Need

Opportunities: 1. Working with Others 2. Creating Your Ideal Family Life

Challenges: 1. Not Overidentifying with Your Emotions 2. Discovering Your True Needs

When you have Moon Opposition Ascendant in your Natal Chart you will be more intuitive, understanding, sympathetic and generous to those around you, especially your loved ones. However, you may feel like you put too much emphasis on your emotions, and this can be quite problematic or draining your ability to connect with others. You will be very emotional and expressive in general, but you need to figure out what your deep down needs are, and not base your needs on other people especially if you have a tendency to be insecure in your own self-worth, which is a tendency of this placement.

You have probably been brought up with a lot of your security needs filled within your family life. Or occasionally, you may feel like you just want to be wanted. In your professional life it would be good to not work alone as you much prefer being around others, this is beneficial to your emotional well-being.

3) ► **Imum-Coeli** IC **Parallel** ♀ **Pallas** - (1°05') ♄11 | ♃10

([589] 12andus.com:) You are wise and intellectual but your gifts for strategy tend to shine more at home or in your personal life rather than in your career.

You may get cold feet when it comes to asserting yourself in public spaces or in your career path. You may prefer to not rock the boat. You don't easily challenge the status quo in your professional life.

Yet in your private life you can be a visionary. You may need to become more confident in yourself and your visionary powers so that you can become more of a champion for change and mentor to others in your professional life.

If you don't you may undermine your mission and campaign. You may also bypass opportunities to become the leader you could be. You can be a strong influence on others when it comes to matters of injustice but you will first have to make some decisions about your priorities. Your own ambitions may have to take a back seat to the strategies for justice and change that you could promote.

4) ► **Sun** ☉ **Contra-Parallel** ♄ **Mercury** - (1°17') ♄7 | ♃5

[466] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([466] 12andus.com:) Your active, busy mind may increase anxiety and stress rather than lend toward greater creativity. You may feel conflicted about how you express yourself or your attempts to share an important message with others may be challenged or ineffective.

Your ego may be interfering with work that you are trying to do to express a specific message.

(astrologyking.com and thefutureminders.com) Has a stimulating effect on mental activity. You learn about yourself through your interactions, and you likely have something that needs saying. Your interactions with other people are brought into focus. Your thinking is not in balance with your goals and your ego. You are likely to speak without thinking. Maintaining an open mind allows greater receptivity to the flow of information around you. Because you tend to assert your ideas and thoughts with assurance, difficulties sometimes arise in your communications with others - although friction brings insight and greater self-awareness. Look closely and listen well.

5) ► **Sun** ☉ **Parallel** ♃ **Jupiter** - (0°58') ♄7 | ♃6

([6] astromatrix.org:) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker,

believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world

news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

6) ► **Sun** ☉ **Parallel** ♁ **Juno** - (1°43') ♀7 | ♀1

([593] 12andus.com:) You make your devotion and desire for commitment clear.

Your longing to be a faithful and devoted partner is very much in keeping with your identity. You may see your partner or spouse as an extension of yourself. While you may feel like you easily connect with your partner, you also expect your partner to be stuck to you like glue.

When there is any doubt or discrepancy, or when your partner doesn't share your exact vision and opinion, you can take this to be a personal insult.

On the other hand, you will do anything to keep your partner happy and you make it your life's mission to use all your strengths and talents to uplift your partner and solidify the relationship.

7) ► **Sun** ☉ **Parallel** ♄ **Chiron** - (0°54') ♀7 | ♀12

([117] astrotarot.net:) The wounded healer

Typical features that this conjunction brings – it implies the solar idea of being on stage,

your desire for being seen. This Natal Sun – Chiron aspects are about particular type of sadness. In other words, your audience desperately wants you to shine, despite the impossibility of it. By audience we mean people around you. So, that makes great tension in you. Also, you are very sensitive of what others expect from you. From a psychological point of view, the “audience” could be a father figure, any prominent male figure in your life. This aspect is translated as an extraordinary level of sensitivity regarding your creative potential or your ability to leave a personal mark on the world. You are very sensitive and vulnerable. Above all, you may even make a career out of cheering and encouraging. You can be talent hunter, teacher, counselor who help others establish a healthy sense of ego, coach who make it possible for others to shine. When you recognize your pain in others you tend to be the one who to cheer on, to lead others to their highly-personal, brilliant destiny. This aspect symbolizes a holy wound at the heart of the ego. That wound makes you vulnerable. But, you are open to life with a rare sensitivity: the sensitivity required in any profession in which you have to handle other people’s sense of self with care.

- Positive traits: Above all, you have great sensitivity, imagination, intuition, spirituality and a sense of harmony. Also, you are likely to be unselfish and even submissive.

- Negative traits: You might be very vulnerable and over sensitive. Also you may be very jealous of people who are creative. Natal Sun – Chiron aspects are not the easy ones to handle.

8) ► **Moon ☾ Contra-Parallel ♁ Lilith** - (1°45') ♎9 | ♊12

[105] ([632] astromatrix.org.)

Opportunities: 1. Deeply understanding human motivations 2. Channeling sexual energy into creativity

Challenges: 1. Being emotionally open to others 2. Overcoming obsessive desires

([105] astrotarot.net.) Typical features that opposition brings – you are emotionally upset by rejection. Also, you may cling to tradition or other metaphorical “safety blankets” developed in childhood in order to avoid social discord. You regularly repress your dark, taboo, or aberrant qualities out of discomfort and insecurity. Above all, you are afraid of fully expressing your feelings. You avoid expressing yourself and being free in your individuality. Also, you shy away from situations that prompt you to stand out. Or you will rebel and will retreat into a shell of reservations when faced with the opportunity to break a standard. With this Natal Moon- Lilith aspects the emotional equilibrium is ravaged by criticism, exclusion and alienation. Also, you feel painfully isolated. What to do to make Lilith work in your favor – Firstly, try to be yourself in the way you communicate. Secondly, working on self-acceptance is the key to empowerment.

9) ► **Mercury ☿ Contra-Parallel ♃ Jupiter** - (0°19') ♋5 | ♏6

([165] astromatrix.org.) The Pseudo Intellectual

When Mercury is in Opposition to Jupiter, you will feel as though you want a lot without

putting in the effort to get it. You have an original, fertile mind but are often absentminded.

You can be a good bluffer, but you're easily frustrated, and your memory often fails under stress. Your mind is quite active, and you are able to learn when you want to, the trouble is you rarely find the persistence to keep going or you can get easily distracted by other subjects. You need to acquire thoroughness and attention to detail. Your thinking and studying habits are not always orderly or disciplined, and this can of course result in sloppiness.

In an attempt to attach greater meaning to your thoughts and ideas, you might frequently overstate or overestimate. You can be extraordinarily funny and interesting. The problem is that you can alternate between the rational, critical and logic minded Mercury to the idealist, optimistic big picture Jupiter which can make you lose focus or become confused as to why you are doing what you are doing.

You must learn to be more disciplined, to concentrate more on details and to be more persistent with your projects. Try not to alienate others that hold a different opinion or belief to yourself, or avoid interactions based around intellectual inferiority. Become a better listener, try to understand different points of views and perspectives, this will help develop your mind further and assist you in having more clarity.

Some good careers where you might be successful in if you put in enough effort are Law, Education, Teaching, Lecturing, Marketing or other fields where your communication and literary skills can be put to use.

10) ► **Mercury** ☿ **Contra-Parallel** ✳ **Juno** - (0°26') ♄5 | 001

([595] 12andus.com:) You may have an idealized view of love and partnerships and you may fantasize about finding just the right commitment.

Yet when the time comes and your dreams actually start to come true, it can cause you to panic. You may start to undermine your own previously made commitments and try to talk your way out of your obligations.

Your feelings haven't changed, but you often suffer from a fear of missing out. When a commitment gets too serious, you start to second guess yourself and may even wonder if you've made the right decision.

Rather than running away or back peddling out of your commitments, it would be best for you to sit with your self-doubt and give yourself time to get comfortable with the idea of being in a committed partnership.

You can learn to speak up for the space and independence you need, even while in a partnership and this can lead you to be able to maintain your commitments.

11) ► **Venus ♀ Contra-Parallel ♄ Chiron** - (1°31') ♄8 | ♀12

([120] astrotarot.net:) Typical features that this opposition brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help. With the opposition, your love life will inevitably manifest as long periods of repressed stress punctuated by sudden outbursts of pain. Of course, you are going to try and attract a partner who balances you in some way. But eventually, the strain on the relationship will begin to show, and you will be forced to face your pain once and for all. Let good things come to you, brave up and face it. Opportunities do exist, so it is a matter of actually acting upon it and coming in on equal ground. Heal yourself and become happy!!

- Positive traits: With this Natal Venus – Chiron aspects you are very sensitive.

- Negative traits: you often feel that you are not good enough. Also, your capacity to earn money is directly related to what you believe you deserve, and with this aspect, this belief can be quite distorted.

12) ► **Mars ♂ Parallel ♅ Uranus** - (1°23') ♅4 | ♂4

([53] astromatrix.org:) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be

expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

13) ► **Mars** ♂ **Parallel** ♀ **Neptune** - (1°04') ♀4 | ♀12

([54] astromatrix.org;) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release

your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually achieve viable skills is another way of helping yourself; if you do not do this, that unintegrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result, as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

14) ► **Mars** ♂ **Parallel** ♀ **South-Node** - (0°22') ♀4 | 001

([189] astromatrix.org;) Controlling Energy

With North Node opposition Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making

the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

15) ► **Mars** ♂ **Contra-Parallel** √x **Vertex** - (0°33') ♀4 | ♃10

([134] astrotarot.net:) Typical features that opposition brings: opposition to your actions comes from other people. So, you are expected to learn how to handle these difficult situations with other people. Some could say that this ability is being brought forth in your nature. This Natal Mars – Vertex aspects are not easy. These situations are not easy. But, you may draw on your own charm to bring balance in your relationships to other people.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

16) ► **Jupiter** ♃ **Parallel** * **Juno** - (0°45') ♀6 | ♀01

([598] 12andus.com:) You easily show your generosity and enthusiasm for your partner.

When it comes to long term relationships, you may be attracted to people from far away or even long distance relationships.

Your ideal long term commitment involves a partner who meets your ideals and shares your integrity, who loves to learn as much as you do and who can expand your mind in some dramatic way.

You may try to build a partner up, seeing the best in others and having hope that things will work out. Even when there are troubles in a relationship you don't let it get you down.

You try to be optimistic and positive about the connection you have. You can be generous and committed to your partner for the long haul.

Instead of becoming angry or possessive, your focus will be how to fix things. You love to live life to the fullest and want to commit to someone who can be your confidant and travel partner.

17) ► **Jupiter** ♃ **Parallel** ‡ **Chiron** - (1°52') ♀6 | ♃12

([122] astrotarot.net:) The wounded healer

Typical features that this conjunction brings: you are great seeker after ever-elusive enlightenment and universal truth. Your wound is too much optimism. Or your wound

can be a wound to hope too much. So, you often go in for proselytizing or fanaticism. You have big hopes and grandiose aspirations. Avoiding the human aspect of the issues, may lead to great suffering. So, you need to face your own shadow to be sure that your aspirations are not the stuff of projection or denial. In other words, your dream can escalate out of all proportion. This Natal Jupiter – Chiron aspects can indicate a long search through dangers and extremes. You might experience quests that are intensely productive. But their value will depend on your ability to deeply reflect their meaning. Beware of losing your humanity. You often believe that you are better than others or that you know all. Also, you tend to hide your negative feelings. Be more open and let others see your pessimistic, moody, depressive side. You also enjoy taking risks or tempting fate. The key to healing is learning to more down to the earth and realistic in your goals. This Natal Jupiter – Chiron aspects will challenge you to heal the dreamy side of your nature. You need to learn now how to assert yourselves in a healthy way and stand your ground.

- Positive traits: This Natal Jupiter – Chiron aspects gives you energy for action. And it gives you a strong drive to find the truth of everything. By learning to be more grounded, you can become teacher for others dealing with the same issues.

- Negative traits: You feel inner tension and shame and are often not realistic.

18) ► **Saturn** ♄ **Parallel** ♅ **Pluto** - (1°19') ♄8 | ♅10

([70] astromatrix.org;) Breaking Free

Saturn implies restrictions and limitations, which serve as a barrier to progress until certain changes are made or lessons learnt; and when in association with Pluto, the way forward is conditioned by the need for an inner transformation to occur. With this aspect, it is likely that you will experience some degree of frustration in achieving your objectives, or a sense of invisible blockages facing you that require you to discover some way to pass them or dissolve them through penetration.

As you have a strong ambitious nature, you will need to make full use of all the resources available to you, applying accumulated knowledge and experience to a determined persistent effort to succeed. Patience will be an essential quality for you to develop, as it is unlikely that you will have rapid immediate success in your objectives. Usually you have to wait and undergo the experience of frustration and not knowing if your goals will be realized; and this can be a testing and transformative phase, especially as it is likely to be repeated periodically throughout your life.

You will be attracted towards power and status, although it may be that instead of reaching a position where you 'possess' such attributes, you are required to gain a new perspective and understanding of influence in the world, rather than demonstrating it yourself.

Much depends upon your ability to apply your talents and resources practically;

potentially, your ideas and schemes can have a noticeable impact upon the world and your immediate environment, especially when you are working through an established structure and social system. This is because you feel more naturally in tune with existing organizations, preferring traditional approaches and attitudes as a reflection of 'stability and foundation'.

You often resist accepting new trends or social changes, as you are inherently wary of them, preferring to follow your established path unless the impulse for change is naturally arising within yourself; and even then the likelihood is that you will attempt to resist and block its movement as a reaction to its unsettling effect.

You will have a conservative nature and perception of life, respecting traditions and the consensus social attitudes, being suspicious of those who need to experiment, and challenge accepted attitudes. The socially subversive nature of Pluto is unlikely to be too evident, as Saturn will overlay it too much, although it can erupt in your inner and personal life, potentially stimulating a collapse in your 'secure foundations', forcing you to re-evaluate yourself and your life. Such a radical impact is unlikely, however, unless you are capable of undergoing the cathartic transformation that could occur, because Saturn will maintain your inner structure to prevent this happening.

You will be a private person, serious and secretive in nature, not openly revealing your thoughts and particularly your emotions, which you may try to avoid and keep tightly sealed away in a 'locked drawer'. Emotions imply fluctuation and change to you; and this does not fit easily with your world view and perception of self, making you feel uncomfortable.

A healthier approach to emotions should be encouraged, as it would prevent any energy repression on the emotional level, or else you may find that Pluto takes that route to make its presence felt. In intimate relationships, you will be a firm, reliable partner, and you will prefer a traditional approach to marriage and mutual commitment, so you should choose wisely.

You will not be overly demonstrative of emotions (on the surface), but you should avoid any tendency to fix the relationship in limiting and binding ties, and instead allow it space to change and evolve. Remember that your partner is a unique individual with a potential to unfold, so allow the necessary freedom for him or her to do so and encourage the process too.

Security in a 'straitjacket' situation is a false situation, and inimical to growth and development, so despite your tendency in that direction, it is wiser to accept change and unpredictability so that energies can flow healthily.

2) ► **Midheaven** MC **Conjunct** ☿ **Mercury** - (7°27' A) ♊05 | ♊05

([37] astromatrix.org:) This aspect means that you have a very sharp mind, which you will use to get ahead. Very early in your life, you will learn to look at the world clearly and objectively, and you will learn to communicate in ways that are very advanced for your age.

You may or may not become an intellectual when you are older, but you will use your mind continually, always searching for stimulating and exciting experiences. Because you cannot stand boredom, you are sometimes very restless. Your most important task is to be more disciplined, so that you stick to a task long enough to get some real benefit from it. There is a real danger that your interest in any subject will be shallow.

Another possible problem, which may seem less serious but is actually greater, is that you prefer to deal with the world through your mind rather than your feelings. This will keep you from really being in touch with some experiences in life - such as love and sensitivity to beauty - for which your mind alone is not enough. Also, you cannot really get in touch with other people through your mind alone.

Unless you develop your emotions along with your mind, you may feel lonely and cut off

from others. With your lively mind, you may enjoy playing practical jokes on people. This is fine if you are careful not to hurt people who are more sensitive than you.

5) ► **Sun ☉ Conjunct ♋ North-Node** - (1°13' A) ♀7 | ♀7

([13] astromatrix.org;) Special Privileges

With the North Node conjunct the Sun, you may have special privileges or a boost to your achievements. It is like being in the right place at the right time, having considerable luck, mingling and interacting with important people, and plenty of material abundance. Things just seem to click for you, and you may become the center of attention. The Sun is a beneficial planet, so you may have been given this extra help to ensure sufficient development of your ego.

Masculine figures, including the father, are ruled by the Sun, therefore with the Sun conjunct the North Node you may have strong ties to your father, who is of exceptional benefit.

Your self-expression may be more easily accepted by others in your life, in fact most likely actively encouraged. Developing your leadership potential, creativity and achieving your soul's purpose will be a path filled with luck and relative ease. Just learn to be more reliant on yourself for this rather than societal trends of how you should express yourself.

6) ► **Moon ☾ Conjunct ♄ Saturn** - (10°13' S) ♀9 | ♄8

([19] astromatrix.org;) Melancholia

The Saturn-Moon combination is not a particularly harmonious one; and in these contacts the individual lunar nature is often detrimentally affected. You can display a sober, self-restrained, conservative personality.

Your social relationships can lack spontaneity, enthusiasm, and naturalness, inhibited by emotional defensiveness, reserve, and caution. Self-esteem is weakened by such attitudes, which fall like a shadow across your relationships and experiences. One source of this may have been childhood and early social conditioning.

Perhaps early childhood was influenced by family discipline, either through authoritarian controls, or through imposed religious, political, or social beliefs. Perhaps there were family upheavals and unsettling discord, or strong feelings that you were not really wanted or loved by your parents, whether or not this was actually true. This may have resulted in a fear of emotional expression, to others and even to yourself. This, coupled

with a need to protect your sensitivity, has associated emotions with painful 'negative experiences'.

In adult life, there may be one parent toward whom you still feel resentment, deeply contradictory attitudes, and powerful emotions. Emotional integration can be lacking; it is part of your nature that remains uncomfortable and relatively immature, and which will interfere with adult relationships that may prove difficult to develop beyond the early stages. A lack of self-confidence, and reluctance to reveal your vulnerable feelings to others, make you withdraw into negative behavior patterns whenever the possibility of a close relationship occurs.

Liberation from the past's chains will bring relief and release; it may not be easy yet could provide the keys to a bright new future. You may be surprised at how much past experience and conditioning have shaped your adult personality; looking for ways to heal and integrate your inner child would be extremely beneficial and transformative. Achieving this step could help improve the quality of your relationships.

Potential exists for you to enjoy mature contacts with other essentially serious and thoughtful partners, where the relationship has maturity and depth, with a gradual emotional release as mutual sharing increases across every level - physical, emotional, mental, and spiritual.

People with this aspect may be inclined to arrange things, organizing objects neatly and putting them into some sort of logical or visually pleasing configuration or taxonomy. They feel best when their life is in order which may sound typical of anyone, but for the Venus conjunct Saturn personality, it may be essential to their emotional and psychological welfare. 8) ► **Mars** ♂ **Conjunct** ♄ **Uranus** - (1°43' A) ♀4 | ♀4

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some

ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

21) ► **Jupiter** ♃ **Opposition** ♆ **Neptune** - (2°54' A) ♄6 | ♄12

([192] astromatrix.org:) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize

them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

During the past century, there has been only one aspect made between Neptune and Pluto, and it is interesting to note that the sextile commenced in the midst of World War

II during 1942. The influence of this relationship would be expected to have global and generational effects; and, like all of the transpersonal planetary energies, would be a directive force stimulating the development of the evolutionary process within time and space.

The attempts to understand the nature of the universe, its composition and size, the possible creation of the universe and the 'big bang theory' reflect the traditional Western way of looking externally.

What has paralleled this tendency has been the birth of an opposite movement amongst people, that of self-exploration, the inner mystical way. This has been through the New Age movement, humanistic / Jungian psychology, occult techniques, and the rebirth of magical attitudes towards life. It has also involved the grafting onto the Western tree of many of the attitudes and much of the knowledge of Eastern philosophies and religions; a merging of the two hemispheres;

Sexuality will be a major focus of expression, and your passions will run strongly with this aspect, although there may also be frustrations and constraints facing you. These could range from a lack of a partner, to desiring someone who is unattainable, to falling out of love with a partner. An ideal lover is one who suits your needs on every level, and careful choice needs to be taken in deciding to settle down with anyone, or else you may discover that freedom has been restricted through an impulsive action.

The square indicates inner tensions and frustrations related to expressing feelings and taking actions. Conflict may occur when you attempt to direct your will when instincts and emotions are not supportive or are giving contrary signals. you tend to dismiss

others' beliefs and opinions without respectful consideration. This, coupled with a dismissive style which can seem like a verbal attack, succeeds mainly in alienating people.

48) ► **Sun** ☉ **Square** ♂ **Uranus** - (5°20' S) ♀7 | ♀4

([382] astromatrix.org.) The Dogmatic Independant

The energy of the square aspect can feel highly frustrated and, in some cases, turn towards a more aggressive and potentially violent form of expression, if there is not a suitable channel for it to be released through.

Discovering adequate forms is important to anchor the Uranian energy successfully, so evoking that Sun center cohesiveness is essential in dealing with the highly charged Uranian energy and is common to all these aspects made to natal Uranus. This is a perpetual Sun-Uranian task.

You can be erratic, individualistic, restless and nervously agitated, desiring independence and freedom from all social restrictions. It is even likely that your tendency to dissent can lead you to become socially isolated and alienated from others or radical groups with whom you are in basic agreement. If unmodified, and released indiscriminately, this energy is quite capable of 'causing trouble in an empty house'.

Being the devil's advocate is a function that can often lead to confusion and loss of self, as eventually you either erode or lose sight of your own attitudes, beliefs or ideals, and this displaces you from strengthening your solar center. Even if the majority hold a certain opinion or belief, then that alone can require you to reject it and to oppose its validity.

From a more inclusive perspective there can be some truth in such a standpoint, as the majority viewpoint is often that of 'the lowest common denominator' and can reflect the most separative beliefs and opinions. You can be undisciplined, hating those predictable routines of life and work, often finding it hard to act responsibly and with full commitment. You react against conforming to social rules, feeling that they constrain your freedom, and you often follow your choices, irrespective of the repercussions and costs of doing so. You will probably fail to listen to well-meaning advice, and a stubborn need for self-assertion can lead you towards those very experiences and problems that you were being warned against.

If you look honestly at your life, you will observe those times where you misjudged, making foolish decisions and choices often through sheer contrariness and by asserting your 'free individuality'. Without awareness, no-one is ever free, but is merely a prisoner to their own unconscious tendencies, a prey to them, like playthings of the inner gods. At times you may become a little paranoid, especially when your choices have been unwise, influenced by unconscious forces in your psyche. It does not have to be like that. You can choose to take a more direct conscious role in your life, and not be a victim

of your own ignorance.

The square can be an aspect of frustrated blocked transformation and renewal; the inner personal revolution that both Sun and Uranus would like to bring is being blocked. These inner tensions can become potentially violent and need to be redirected into constructive positive channels. You need to release any tendencies towards impracticality, antisocial attitudes and hidden urges for personal power, to stop being antagonistic purely for the sake of performing the adversarial role and use the freed energies to renew your own life.

As is probably recognized, you like others to be submissive to you, yet tend to lose respect for their individuality when they fall into that pattern of behavior. You need to learn how to respect and elevate their uniqueness because that is the corollary of your 'trip' and 'philosophy'.

Emotional depths need to be stirred more, letting those poisons of frustration and emotional conflicts rise to the surface to be encountered and understood, releasing and transmuting them by accepting them as a shadow part of yourself which should be acknowledged and never denied.

49) ► **Sun** ☉ **Square** ♁ **Vertex** - (1°50' S) ♀7 | ♃10

([130] astrotarot.net:) Typical features that square brings –You have the drive to overcome the obstacles that have stood in your way. Also, you put out the effort needed when health issues arise. Once you overcome the negative images you have of male figures or anyone in authority, you have the ability to gain status.

- If this rear aspect exists in your natal chart you need to work on: Firstly communication skills, education and also controlling your thoughts. When Natal Sun – Vertex aspects appear, we might learn valuable information about the people around us. Remember , depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

50) ► **Moon** ☾ **Square** ♃ **Jupiter** - (0°38' A) ♀9 | ♃6

([391] astromatrix.org:) The Procastinator

The square indicates possible difficulty in uniting your sensitive feelings and emotions with your impulse to expand and manifest potential; the two sets of inner messages either conflict or fail to combine, reducing purpose and motivation. For example, you may possess creative ability, yet fail to demonstrate this tangibly due to not making sufficient effort to develop latent talents.

You tend to resist hard work, and can display a lazy, apathetic attitude at times, especially if you have little interest in the work to be done. You may believe that life should be easy, with few worries, allowing you to be self-indulgent. This attitude may have grown from your parents who served and overindulged you, or made you feel special and perhaps encouraged a belief that the world would take care of you.

You react to the world through powerful emotions which condition perceptions and evaluations of experiences. As you prefer to follow instincts and emotional messages, you may be reluctant to listen to your intellect. Adopting such an approach may not always work to your advantage; over time you may realize that relying on emotional responses alone may prejudice actions, choices and decisions, often leading you in unsuitable directions that might have been avoided if you had taken a more rational approach.

As emotions can wax and wane, consistency may be lacking in your attitudes and relationships. Limitations may be self-created if you listen only to your feelings. While they can provide a good guide at times, their reactions are not always suited to every choice; more time spent in careful thought and consideration could be useful for your future.

A tendency to make impulsive and emotional decisions needs to be superseded by deliberate planning; rushing to satisfy immediate desires may later be regretted. You may require more realistic attitudes, both with people and in dealing with the world. Sometimes you can project overly optimistic emotions into relationships, feeling that this is 'the greatest love of all time'. Or genuine generosity may leave you financially bankrupt, perhaps through extravagance, lending to the wrong people, or just a lack of financial acumen. Be extremely careful not to overestimate business prospects. You may benefit from receiving expert financial advice, although even then discrimination is needed to avoid choosing the wrong type of advisor.

Intimate and social relationships may be erratic at times, as you can fluctuate between extroverted moods and introspection, depending on the relative strengths of either Jupiter or Moon. With an independent spirit, you may often feel you do not need much social contact, and so friendships may become characterized by infrequent contact, indifference, and fickleness at times. You will do your own thing, either with complete enthusiasm and temporary commitment, or by slipping into apathetic disinterest. These fluctuating tendencies can be changed if you choose to do so.

The approach needed is one of self-determination and concentrated application, once you decide on a suitable direction that offers potential for greater meaning and purpose. In your early life, you may not have been particularly ambitious, preferring freedom, acting with little responsibility, and moving in and out of situations and relationships as it pleased you, directed by your inner emotional pendulum. This could have been a phase of wandering and exploration, lacking any distinct aim. This phase may continue with varying emphasis until you face the need for responsibility in life, perhaps encountered through settling into marriage, financial commitments, and the raising of a family.

Having to 'shape up' may shock you into several realizations. You may make greater efforts to make life stimulating, preventing it from becoming staid and restrictive and

realize that planning and organization can make routines flow more smoothly, with less conflict and fewer painful experiences.

Social awareness may deepen, as you become less self-preoccupied; any tendencies toward extravagant fantasies are modified as you recognize the limitations of real life. When reality intrudes, illusions should dissipate; if they persist, then reality is being ignored and evasiveness will exact its own price later. As maturity depends, you may move in new social directions, reflecting your growing awareness and sensitivity, and releasing previously latent talents. Social concern and activity may replace your earlier desire for emotional freedom; and you may work to benefit those who are socially deprived. If you come to this direction through religious or political paths, you may need awareness of any imbalanced attitudes which may persist.

Your emotional power could be transferred into zealous proselytizing; you may perhaps become obsessive about your newly chosen path and lose sight of realism and perspective due to overenthusiasm. Learn how to moderate any such tendency and allow others to be free.

51) ► **Moon** ☾ **Square** ♀ **Neptune** - (2°16' S) ♏9 | ♊12

([394] astromatrix.org.) The Hallucinator

The main challenge facing you with the square aspect is that of discrimination between reality and unreality, between fact and fiction, and the consequences of confusion when these are not correctly perceived and established within consciousness.

Volatile and tidal emotions and feelings are often intertwined with your imagination so that your perceptions are clouded by personal bias and fantasies. Attempts to warp realities, especially those concerning others, are never welcomed and are a source of conflict within relationships. Insisting that you are right - even against the recall of several others - will eventually generate antagonism, as no-one enjoys having their reality and memory threatened by others, even if they are family members.

You often feel uncomfortable with your feelings and emotions as they are not easily assimilated and integrated by you and being liable to moods you find it difficult to feel centered in any stable emotional pattern of responses to people and life. There may have been some emotionally based difficulties in your parental relationships, especially to your mother, where emotional needs were not satisfied or where you imagine failings to have occurred.

Changes can be successfully made by working with those intrinsic assets which you may have blocked so far, or whose presence you may have denied, rather than acknowledging them as gifts. Imagination is present; this can be used in positive ways. What you need to do is to build positive images of a 'new you' who has less of a chip on your heart, and who is prepared to change into a more creative and loving person.

Understanding your own nature is the first step towards being tolerant of others' weaknesses and strengths, so some form of inner psychological inquiry is required. Releasing pent-up emotional tension is essential, and should be carefully done, probably with the aid of trained counselors or psychotherapists, because too great and sudden an emotional explosion of pressures may be more damaging than healing. Types of body work, manipulation and massage could possibly be additionally beneficial too.

Be more open and honest in relationships concerning any feelings of confusion; try not to let them fester inside. Organize your life more consciously. Work with others, so that you realize that all need support and guidance at times in their lives from others who may be perceptive on a clearer level. Believe in your own potential and determine to allow it access into your life. In so doing, you can transform the negative aspects of the square into positive assets.

Preferably work with more down-to-earth schools of therapy, which can then ground you better, rather than following a natural tendency towards more imaginative escapism, which can result in involvement with any religious / mystical cults that aim to fly in holy skies of grandeur and hallucinations rather than experience real life.

You do not like to be alone very much, for you find it difficult to amuse yourself, feeling that nothing is really worth doing unless you share it with someone else. So, you always try to have friends around you.

When you are older, you will seek out relationships with the opposite sex so that you are never alone for any length of time. This trait also makes you a good team worker, because you know how to bring together the various interests of people in a group for everyone's benefit.

71) ► **Midheaven MC Trine ♀ Saturn** - (4°43' S) ☿5 | ♄8

([360] astromatrix.org;) Achiever Of Goals

As you grow older, you will get ahead by doing everything in a very systematic and orderly manner. You try to take good care of your possessions, and you like to have them arranged neatly about you. Also, you try to use your possessions in the best way possible.

As you get older, you will be fascinated by the tools and techniques of any subject that interests you, and you will become very proficient in those techniques. Even at an early age, you will feel that very little that is worth having comes for nothing in this world, but you are willing to work. As a result of this understanding, you may seem older than you

age, and you may prefer the company of older people.

Although you can work with others if necessary, you probably prefer activities that you can pursue by yourself, because then you do not have to worry about whether someone else's standards are as high as your own. You are very exacting in your work, and find it frustrating to deal with anyone who is less exacting.

This same energy may also cause you to feel a bit different from other people, even sometimes as if you don't belong with them. However, this will not bother you greatly, because you are confident enough to be yourself. It is more important to you to be right than to be popular. This attitude will win you the respect of your elders, and all your life you will get along well with persons in authority. Eventually you will probably be in a position of authority yourself.

75) ► **Moon** ☾ **Trine** ♀ **Mercury** - (1°57' A) ♀9 | ☿5

([311] astromatrix.org:) The Charming Speaker

Opportunities: 1. Learning from Difficulties 2. Embracing Ambiguity

Challenges: 1. Balancing Emotion and Reason 2. Working for the Common Good

The trine indicates an opportunity to reconcile the Moon's instinctive, emotional energies with the mental and communicative energies of Mercury. You should experience few direct conflicts between emotional messages and mental messages. A channel exists between the conscious and unconscious personality; yet these do not often pull you in different directions or amplify stress and psychological conflicts.

In order to determine your reactions to experiences, you will need to evaluate emotions and feelings; and this underpins your Mercurial intellect. You approach life with a

relatively open heart and mind and see all experience as contributing to self-development. Even though your Moon may resist life's sometimes harsh lessons, you can see the positive value that can emerge from difficult times. Through this attitude and heightened sensitivity, you can acquire insight in addition to knowledge, particularly when perceiving the interconnectedness of information and new ways of using it. This provides a new foundation for ongoing creative expression.

You can be inspired by a desire to utilize natural talents and abilities for social benefit; and your 'common sense' reflects a progressive, optimistic attitude, yet one which is not overly idealistic or blind to life's realities. You recognize that all is not either light or darkness, but that much of life exists in the shadow or gray area between.

Instead of dwelling on the negative, you prefer to look toward more positive future possibilities, hoping to ensure that hard-won lessons from previous experience are applied when dealing with present situations. Experiences from the past can serve as stepping-stones taking you progressively onward. In social and intimate family relationships, you will be appreciated for your sympathetic understanding.

You have genuine concern and compassion for others, and a love of fairness and equality of opportunity. You help others less fortunate than yourself, and those who are passing through traumatic times of life disruption. Emotional anxieties are usually kept hidden, although, in your sharing and helping others, your previous experiences and lessons may be deliberately mentioned if they serve to support or illuminate problems. You are not the type, however, to unload any current difficulties onto the shoulders of others.

Reason and logic are strong personality components, although these are colored by your instinctive emotional valuations of people, situations, and circumstances, forming a uniquely personal viewpoint.

76) ► **Venus** ♀ **Trine** ♂ **Mars** - (5°12' S) ♄8 | ♀4

([332] astromatrix.org;) A Natural Born Lover

Opportunities: 1. Loving Intensely 2. Seeking Pleasure

Challenges: 1. Understanding Indirect Communication 2. Understand Other's Motives
Affectionate, pleasure-loving, and passionate, you have an intense approach to life that lasts well into middle age and sometimes longer. You have a great deal of warmth, which attracts others to you. Your relationships should be good. Your sex life should also be good. Not that this aspect is a guarantee of romantic success - there can still be an unhappy love affair or two - but it's certainly a plus and can help offset other stressful romantic aspects you might have.

One thing with this aspect that could need watching is the fact that you tend to be susceptible to flattery. While you don't play games with other people's affections yourself, you're a bit vulnerable to being caught up in other people's games, simply

because you mean what you say and therefore assume others also mean what they say. Attraction extends to money.

77) ► **Venus** ♀ **Trine** ♂ **Uranus** - (3°29' S) ♄8 | ♀4

([335] astromatrix.org;) The expression of the trine has several similarities to that of the sextile, and usually enables these two planetary energies to work well together. The social sphere of life will be of considerable importance to you, both as a personal need for contact with others, and in the enjoyment that you derive from it.

Whilst you develop your own individuality and style, you have a 'community attitude'; your ideal is to live in a way that both succeeds in satisfying your needs and has a beneficial effect upon the wider world. The ability to have positive relationships with people may be used through work which brings you into broader contact with the public. This can be through teaching or communication in some way. Possibly your talents can be expressed via artistic creations or music, which embody your Venusian sense of harmony and beauty.

In your intimate partnerships, you find it easy to express your feelings, and these will remain more consistent than with the conjunction aspect. With these Venus-Uranus aspects, though, there is the tendency to be affectionate and sympathetic with the majority of people, a form of diffused love which is universal rather than individually orientated. This can cause some unease and confusion within a partner who fails to be convinced of your specific love for him or her.

78) ► **Mars** ♂ **Trine** ♄ **Saturn** - (7°58' A) ♀4 | ♄8

([342] astromatrix.org;) The Master Builder

With Mars Trine Saturn in your Natal Chart you have a good combination of ambition, desire and discipline. There is harmony between these themes, and it allows you to be quite practical and successful at goals you set out to achieve.

You are capable of great self-control and self-denial and can be a hard task master, expecting far too much of yourself. You work well independently and can be counted on to complete whatever tasks are given you. Your temperament is very moderate, and it is rare that you will let your emotions take hold of you and stop you making impulsive decisions or actions.

You are generally well liked, even though Saturn may stop you from being fully expressive emotionally. You appreciate being around other people who share your interests and respect them for their achievements. Responsible, reliable and competent ability allows you to be quite successful in your aims and ambitions, you should be drawn towards work or careers where this level of control and discipline is appreciated such as the military, law or other authoritative or governmental positions.

Being a good communicator who is generally well respected, you can be also be a good

educator or lecturer. When it comes to romantic relationships, this aspect makes a little too dry or unemotional. You are not really the romantic type and seek out relationships for security and stability as well as an opportunity to grow or provide for a family.

79) ► **Jupiter** ♃ **Trine** ♇ **Pluto** - (0°42' A) ♏6 | ♄10

([352] astromatrix.org;) Creative Energy

As with the sextile aspect, the trine indicates the potential of releasing a powerful creative energy emerging from a humanistic and spiritual perspective, which will be of positive use to yourself and the world. Your innate optimism and belief in the essential goodness of life will turn your inner faith into an effective ability to manifest your creative vision, especially as you are able to channel your will into constructive forms of expression.

Your contribution to society may well be in working closely with people; and you have the gift of being able to inspire others to discover how to experience life more intensely and creatively and to release their own latent talents. This can involve you in the expression of a sort of life philosophy which can be adopted by others on their path to self-understanding. Obviously, any such influence must be carefully handled by you, both in how your own self-perception is changed and in what you offer to others or share with them.

There is a great responsibility to be assumed when presenting yourself in a way that can have considerable influence on others' lives; and awareness must be shown and applied to ensure integrity is maintained, that the 'teaching' is as honest and valid as possible, that there is freedom for disagreement or new thinking to occur, and that it is understood that 'your way' is not the only or most appropriate way for everyone. In fact, even direct opposition from another may be the right way for them to unfold themselves or to discover new insights and could be right for you as a stimulus to re-evaluate your own path and attitudes.

Primarily, you seem to function in a role of 'educator', and you are likely to develop into an effective speaker, clearly expounding your beliefs, ideas and attitudes, and being quite persuasive in that way. You tend to need personal freedom, and dislike being tied down into predictable patterns of behavior, as you may feel that you need to be relatively free in order to be able to respond to what you consider to be insights and intuitions.

You support social transformation and will reflect the unified vision as the direction for the future, offering a meaning and inspiring purpose for people to aim towards. You may find that a personal transformation is required of you prior to you fulfilling your potential role and function. Initially, this could involve considerable challenges facing you which require overcoming, or elements in your personal life that lead to periodic crises which lead eventually to wisdom and insight as a result of personal suffering.

80) ► **Jupiter** ♃ **Trine** ♄ **Pallas** - (1°17' A) ♏6 | ♃2

([581] 12andus.com:) You're a natural leader and others are drawn to your mission and campaigns because of your integrity and generosity.

You easily show your benevolent nature and can be a great mentor to many people without even trying. You always follow your ideals but you do so in a way that is not judgmental or dogmatic. Your example leads others to want to fall in line and do the right thing. You don't have to push your views on others.

They are more inclined to see the benefit in following your lead all on their own. You can be so compassionate and encouraging that your actions speak for your mission.

You can also be kind idealistic and believe anything you do is worth doing to the best of your abilities. You inspire confidence in others without needing to be preachy or a perfectionist.

81) ► **Saturn** ♄ **Trine** ♅ **Uranus** - (6°15' S) ♄8 | ♅4

([356] astromatrix.org:) The Progressive

Working from the Saturn ability of self-discipline, practical skills and organization, you can take full advantage of the inspirational ideas of Uranus, eventually making them real on this material level. Yet you are not dazzled by materialism, and much of your actual interest and enjoyment is with the nature of the ideas themselves.

Time is short, and you prefer to make the best use of your natural talents and resources for yourself, and to aid others too if the opportunities present themselves. Potentially, you could become an inspiration for the young and others in how to actualize your intentions and complete the process of creativity, due to your ability to resolve the Saturn-Uranus polarity.

Much of human experience revolves around the conflicts inherent in that dualistic polarity; and you could become an exponent of the fact that it can be reconciled. Your life could demonstrate the ability to weld together old and new impulses, the creative process, and the dichotomy of matter-spirit. Obviously, it would not always be easy; but you can make the potential real in your life and prove to others that it is achievable. This is another aspect of the 'bridging role and function' that is currently needed during this transition stage, when unifying the planetary impulses is essential.

One pitfall is an attraction to drugs. Initially you may use drugs as an avenue to access greater spirituality or enlightenment, but the Neptune aspect is seductive. You can be swept along in its current without realizing it. You are also prone to being misled by their own desires or being deceived by others.

You have larger-than-life goals that are often noble and spiritual. Beware of a tendency to get swept up in social fads and go with the flow in unhealthy contexts. You must learn autonomy and lucidity while seeking the spiritual evolvment you crave.

Opportunities: 1. Working with Self-Expression 2. Gaining a Greater Grace

Challenges: 1. Looking After Your Body 2. Listening More

In the case of Mercury Conjunction Mars, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunction Mars, your ambitions, desires and ego drives fused with your intellect and mind. This can give an enthusiastic, incisive and energetic mind. You are practical and compulsive. You think quickly and draw your inferences from empirical observation. However, it can make you a little self-centered or inconsiderate towards other people especially when it comes to

any strict opinions or perspectives you may have.

At times, you can be aggressive or too direct in your self-expression. You can also take things very personally, and your defensiveness can make it challenging for others to engage in healthy dialogue with you. Your mind is on fire, so you often express yourself with anger.

You have a natural talent for occupations involving change and physical movement. You have very imaginative creative ideas and you bring them into reality if you can manage to have the patience to stay on target as the Martian energy can make you more impulsive or lack the commitment necessary to see things through. You may have a very strong ego, especially if the planets are in a fire element and you have to watch out for being pretentious, self-righteous or lacking the ability to accept you have made a mistake or are incorrect in your assumptions.

You believe you have all the answers and are always right, the fact is nobody is perfect and the humbler you can be the better. This is the biggest problem with this aspect and the more you can compromise with others, the more sympathetic and understanding, the more you will be able to be successful in your endeavors.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. With your active mind, creative ideas, and aggressive disposition, you can succeed in many areas such as education, law, acting or literature, basically any career where you can be comfortable and free to express yourself.

Any occupation that can give you opportunity to show your talent. It is better to work on your own if you can because other people may not have the mental capacity or energy to keep up with you. Take more time to process your experiences, especially those where you may have felt let down or rejected by others. You should try to learn from the past as to how you can express yourself better to others and admit that you can improve your ability to communicate with more grace and diplomacy to enrich your relationships with others.

Your mind is healthy and high paced, watch out for overextending your body too far it may not be able to take the constant pressure, give yourself time to relax and process everything that is going on.

([32] astromatrix.org;) A Lightning Mind

With the harmonious aspects, Uranus tends to work well with Mercury, as both are associated with the mind and intellect, and it is upon that level that their influence and

qualities are displayed.

You are likely to have an alert, clever mind which finds great enrichment in pursuing any aspect of human life and knowledge that you are curious about. You are probably articulate and literate too. You have a natural questioning and searching attitude, always looking to increase your personal storehouse of knowledge, and attempting to derive a sense of connectedness synthesizing that information into more holistic patterns. Your immediate response to the world is one of mental exploration, rather than emotional flowing reaction.

The world is perceived as an inextinguishable source of fascination, overflowing with a myriad of stimulating facts, theories and beliefs. New horizons beckon, and there seems to be a curiosity to investigate the unusual and the different ways of living on this multi-hued planet. With so much to delve into, so many different paths that you can walk, the problem is that of choice. Where do you start? There is the fear that by choosing Route 1, you could then miss that fascinating experience down Route 66. This could be one of your weaknesses - that you lack the discipline of perseverance, and that your mind may like to flit from one intriguing subject to another that suddenly attracts your attention.

Inner continuity may need to be developed, both to improve your ability to concentrate, and to make the best use of your talent for acquiring knowledge in daily life. Or is it just stored on that mental level, unconnected to real living? You have little patience with ignorance, your own or that of anyone else. You have a compulsion to find out and will feel restless until you have made some progress. Your mind will store those themes as 'little fascinations', subjects that have picked your curiosity; eventually you will have to take steps to satisfy it. You can be a little intolerant with others who have less exploratory minds, and with those who are deceitful in their interpersonal relationships.

Certainly, you will be best suited to a partner who can complement your searches, and who can stimulate your mind, because for you, that is the essential level of contact. Friendships will develop with others who have affinity interests; and over time you are likely to develop a wide variety of acquaintances as your interests and areas of exploration expand. Unfortunately though, you may find that you also drop older contacts due to your fascination with treading new paths, and thus losing interest in old spheres of enquiry.

You have a preference for looking towards the future, optimistic about new discoveries, even if you are studying past history. You may need to balance an emphasis towards preferring fact, and a more scientific rational approach, with the more intuitive interpretative approaches to life, between the objective and the subjective styles of analysis. The influence of Mercury will be biased towards the former, whereas Uranus will tip towards a more universal, intuitive attitude of inner knowing. It is not what you know, but how you use it in life, which is the key.

8) ► **Contra-antiscia-Vesta** ♀ **Conjunct** ☾ **Moon** - (1°08')

([610] 12andus.com:) You may feel like you are on a quest to fulfill your spiritual mission and be of service to others.

Yet at the same time, your emotions may pull you in a very different direction. You may have difficulty feeling nurtured by your divine mission. You may also have to work to overcome insecurities and follow your intuition so that you will feel the divine spark of inspiration and follow your higher calling.

You may give up on the desire to have a family of your own so that you can serve as a spiritual mother or father to others. You may also have a home that is unusual in some way and dedicated to your spiritual quest rather than being yours alone.

9) ► **Contra-antiscia-Neptune** ♆ **Conjunct** ♄ **Ceres** - (0°08')

10) ► **Contra-antiscia-Ceres** ♄ **Conjunct** ♆ **Neptune** - (0°10')

([566] 12andus.com:) Your nurturing style vacillates between deep devotion and confusion about your boundaries.

You're loving, sensitive and compassionate toward others. You feel deeply and emotionally connected to everyone around you. This can lead you to be overwhelmed by the feelings of others.

Yet as much as you are deeply intuitively connected to others, you sometimes suppress this connection. You can become overwhelmed and consumed by your relationships with others.

If you can keep your boundaries clear and strong, you can show the best of your strengths as a nurturer and caretaker. You can be a compassionate healer and facilitator for growth and rebirth for those you love.

You'll need to learn to recognize your potential for wishful thinking and escapism, seeing the world, for what it is rather than projecting your ideals on to others.

11) ► **Contra-antiscia-Lilith ♀ Conjunct ♀ Ceres** - (0°06')

12) ► **Contra-antiscia-Ceres ♀ Conjunct ♀ Lilith** - (0°21')

([569] 12andus.com:) Your nurturing style is often at odds with your rebellious, powerful nature.

You may fear your own vulnerability and therefore avoid connecting deeply with the people you would otherwise wish to nurture. You may also channel your passion through rebellion. In doing this you can distract yourself from your emotional connection to others.

When you've fully embraced your rebellious side, you are able to show your love by being assertive and authentic with others. Until you do, however, you can become erratic or demanding even when your intentions are to be loving.

13) ► **Contra-antiscia-Ceres ♀ Conjunct ♂ Chiron** - (1°21')

14) ► **Contra-antiscia-Chiron ♂ Conjunct ♀ Ceres** - (1°30')

([572] 12andus.com:) Your nurturing style is hindered by your past wounds and unresolved traumas.

Though you are caring, intuitive and considerate, you can also vacillate between reacting to your insecurities and showing love for others in an authentic way.

When you find greater confidence to heal your past wounds, you can also become more caring, sensitive and loving to those around you. Your unresolved past wounds can cause you to be more judgmental than nurturing to those you care about.

The more you overcome your own fears and feelings of insufficiency, the more compassionate you can be toward those who have struggled with similar wounds.

You may try to hide from your own healing work by busying yourself with caring for others. This will cause tension until you face your own needs and learn to love yourself first.

15) ► **Contra-antiscia-Pallas ♀ Conjunct ♀ Juno** - (1°28')

16) ► **Contra-antiscia-Juno ♀ Conjunct ♀ Pallas** - (0°59')

([592] 12andus.com:) You don't easily find balance between your ideal partnership and your personal mission.

You may feel compelled to follow a campaign or crusade that is instrumental to your sense of ambition and success. Yet at the same time, you long for the connection of a

serious partnership. Your marriage or committed partnership provides the security and connection you searched for.

Yet you may continue to feel as if something is missing. When you find a deeper sense of satisfaction because you've clarified your vision and found ways to pursue your ambitions, you can then more easily find contentment in the obligation to your partner.

You may have to find the right balance between your devotion to your mission and your devotion to your partner. You can come to a greater appreciation for your partner and your partner's role in helping you succeed in your mission once you find ways to balance these two priorities.

Until you do, however, you may unintentionally sabotage your relationship or alienate yourself from your loved one as you focus all of your energy on one or the other.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 2° **Aquarius** 22' and in the **12th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 24° **Aries** 33' and in the **2nd** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 5° **Gemini** 36' and in the **4th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 16° **Cancer** 50' and in the **5th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 12° **Virgo** 45' and in the **7th** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 21° **Leo** 23' and in the **6th** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 1° **Leo** 10' and in the **6th** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 27° **Gemini** 53' and in the **4th** house.
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 9° **Sagittarius** 8' and in the **10th** house.
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Sagittarius: intemperance, intolerance, entrapment
Nemesis in Tenth house (Capricorn): carelessness, neglect

Lots related to family:

The **Lot of the Father** is in 12° **Aquarius** 35' and in the **12th** house.
If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 0° **Pisces** 36' and in the **1st** house.
Same as for father.

The **Lot of Siblings** is in 2° **Gemini** 39' and in the **4th** house.

The **Lot of Children** is in 24° **Sagittarius** 21' and in the **10th** house.

The **Lot of Daughters** is in 29° **Gemini** 58' and in the **4th** house.

The **Lot of Sons** is in 14° **Aquarius** 55' and in the **12th** house.

The **Lot of Marriage for Woman** is in 16° **Pisces** 17' and in the **1st** house.

The **Lot of Marriage for Men** is in 10° **Pisces** 44' and in the **1st** house.

The **Lot of Deceit in Marriage by Woman** is in 25° **Libra** 25' and in the **8th** house.

The **Lot of Deceit in Marriage by Men** is in 11° **Aries** 39' and in the **2nd** house.

The **Lot of Marriage (in general)** is in 27° **Sagittarius** 8' and in the **10th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 1° **Cancer** 21' and in the **5th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 18° **Scorpio** 12' and in the **9th** house.

The **Lot of Treachery** is in 20° **Gemini** 33' and in the **4th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 21° **Cancer** 28' and in the **5th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 25° **Libra** 25' and in the **8th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Gemini (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 3rd House/Gemini: An extensive word bank has trouble reaching your mouth and fingertips, leading to keen improvisational skills. You find yourself with a plethora of data and seemingly useless trivia. You may have 'foot-in-mouth disease,' in which you try to say so much at once that it comes out jumbled up, or you may say one thing innocently and accidentally offend others, as your words carry a lot of power. Each day, something surprising happens to you and you've started to get the feeling that the world is out to get you. This is because this placement means torrential every day travel, wild siblings and an interesting neighborhood. You can at least say that you're never bored. You may have made a lot of mischief in grade school, or read an asinine amount of literature. Keep in mind that, no matter what trouble your mouth gets you into, tomorrow is another day with fresh possibilities.

Pholus in 4th house

(12andus.com;) Your relationship with your mother is profoundly influential and not always in a positive way. Toxic elements from lack of nurturing or too much nurturing early on can unleash confusion and chaos in your life.

You may carry wounds from family and upbringing that become toxic and need healing later in life. When you have your own home and family, you may need to contend with seeds of uncertainty and abandonment that were sown in your childhood.

Your desire for security can lead you to unintentionally unleash emotional wounds that require you to sort out the toxic messages learned from family or relationship with early nurturers. When you work through this, you'll have the ability to break through past restrictions.

You may even have to move frequently or have a home that is unusual or mobile,

instilling an appreciation for travel and finding security even while on the road.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Virgo

(12andus.com:) You are passionate about details.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

Eros in 7th house

(12andus.com:) You are obsessed with the idea of the ideal romantic partner.

Any actual partner may not match your fantasy image and this can lead you to become frustrated with a significant long term partner. You may feel that your life is not complete unless you are involved in a romantic affair.

Yet when you become intimate with someone, all of the harsh realities of intimacy and relationship can cast a dark cloud over your fairy tale fantasy image of love.

You glorify beauty and romance and may lose patience for partners who are too real and less ideal.

You may also feel great admiration for partners who portray a certain image of beauty that you hold up as ideal. You may become obsessed with the idea of the perfect partner and try to turn your partner into a more romanticized version of themselves so they fit your image.

(12andus.com:) Your passion and energy are sparked by major life turning points.

As chaotic and disruptive as these cataclysmic changes can be, you are more likely to feel energized by crises. You may find renewed sense of motivation, purpose and personal ambition. Sometimes you need to dramatically face your fears and find strength by jumping right into the midst of a catastrophe.

Small impulsive choices or actions can have dramatic ramifications, and this can impact you in a dramatic way. You may become more enthusiastic and determined as a result.

You can be overconfident in your ability to rush in to protect others or de-escalate a situation, not realizing that a spark has become a wildfire before you fully have a handle on things.

Yet even in the midst of these major life turning points, you can find renewed sense of focus and energy. Nothing gets you out of a slump like a large-scale challenge.

2) ► 18° Gemini 26' **Pholus** ✍ **Conjunct** ⚙ **Uranus** (Rx) 21° Gemini 50' - (3°24')
(12andus.com:) Your ability to embrace dramatic breakthroughs is intertwined with major life milestones that shake your foundation.

In the midst of cataclysmic events that challenge tradition, you respond with strong intuition, innovation and creativity. You are likely to even be a catalyst for dramatic change during these times.

You can easily see the coming patterns and trends even long before it makes sense to others. You may be one of the earliest people to sound the alarm when a pending threat or catastrophe looms.

Yet you can only do so much to contain major events which may be the harbingers of milestones and turning points in the long run.

When you use your creativity and innovations to try to work through major catastrophic events, you can find greater spiritual insight in the course of events that unfold, even if the catastrophic events are out of your control.

3) ► 18° Gemini 26' **Pholus** ✍ **Sextile** ♌ **Vesta** 21° Leo 55' - (3°29')
(12andus.com:) You can easily draw on your spiritual connection to be of service during times of crisis.

Your sense of spiritual connection is enhanced by your awareness of the importance of serving others especially during catastrophic events. You are sensitive to the calling that is part of your spiritual mission.

You may come to see crises as a doorway to initiation, helping you to fulfill your higher calling by acting in service of the greater good as a healer or protector during tumultuous times.

4) ► 18° Gemini 26' **Pholus** ✍ **Square** ASC **Ascendant** 13° Pisces 30' - (4°56')
(12andus.com:) You may find it challenging to cope with major life changes and turning points.

When you have no other option, you may feel as if adapting to changing circumstances or crises requires you to change everything about your identity, right down to your appearance. At first you may resist these changes.

You may try to hold on to control and pretend everything is as it should be. Yet when the changes become too prevalent to ignore, you'll throw yourself in head first, embodying the chaos and turmoil in some way.

Finally, you'll come to adapt your expectations and make necessary changes to your ambition so that you can succeed on your path while also recognizing the crisis and turning point you are facing.

5) ► 18° Gemini 26' **Pholus** ✍ **Square** ♄ **Juno** 23° Pisces 10' - (4°44')

(12andus.com:) You may find it challenging to uphold your commitment to your partner in the midst of major life turning points.

When you are first faced with a crisis, you may try to protect the security of your home and family. When you don't open up to the need for changes, your desire to protect your loved ones may backfire.

It may take some effort and struggle, but when you are able to adapt your plan to provide for your family and uphold your commitments to others, you'll be better able to navigate dramatic crisis situations.

6) ► 18° Gemini 26' **Pholus** ✍ **Trine** ♀ **Venus** 25° Libra 19' - (6°53')

(12andus.com:) You may find it easy to express your love and nurture your connections to those you care about even as you experience dramatic life changes.

Life changing events that alter the course of your path can be set into motion because of your romantic partnerships or connections to those you love. Even cataclysmic events can ultimately benefit you or lead to deeper love and security.

You may have to face the ways in which you overestimate your ability to save others or face patterns of codependency in toxic relationships so that you can heal and break through these patterns.

Dramatic changes brought about by small steps or seemingly innocent encounters can have wide ranging consequences in your life.

Relationships and partnerships can be a big part of shifting your perspective, leading you to embrace your connection to others who support and validate you even as you go through major life turning points.

7) ► 18° Gemini 26' **Pholus** ✍ **Septile** ♃ **Jupiter** (Rx) 8° Leo 56' - (0°56')

8) ► 18° Gemini 26' **Pholus** ✍ **Square** ♂ **Eros** 24° Virgo 18' - (5°52')

(12andus.com:) You may have an easier time unleashing your erotic nature during times of crisis and dramatic change.

Your erotic nature is enhanced by the erratic and unpredictable changes set into motion during crises beyond your control. You may be aroused by intimate partners who are unstable, intoxicating, and unpredictable.

You may be turned on by situations in which your passions are provoked by small and seemingly innocent choices yet you can also unleash your deeper fantasies in the midst of dramatic turning points.

9) ► 24° Virgo 18' **Eros** ✎ **Conjunct** ☉ **Sun** 27° Virgo 10' - (2°52')

(12andus.com:) Your very identity is closely tied to your intense, sensual nature.

You easily express your creativity and may find intense pleasure in flaunting your artistic gifts. Your key to erotic energy is visual. You need to be able to see or imagine your fantasies in order to feel turned on.

You are more likely to express your erotic fantasies and desires when you feel good about yourself. You may need to feel seen, appreciated and praised in order to fully let yourself enjoy an intimate encounter.

Just as you love to be seen, you may find it erotic to be photographed or to take videos of your intimate encounters. You may also have an erotic desire to experience intimacy in public places or in situations where you are able to fully view your lover or be in their full view.

You don't hide your fetishes and are very open and expressive about your desires.

10) ► 24° Virgo 18' **Eros** ✎ **Conjunct** ♊ **North-Node** 28° Virgo 23' - (4°05')

(12andus.com:) You instinctively follow the object of your infatuation and have no problem pursuing your desires.

You may feel that moving toward that which brings you pleasure and deep desire is like a magnetic attraction completely outside of your conscious control. You may easily meet partners who seem to be “destined” to enter your life.

Even if the purpose of the relationship is to explore your erotic nature and not romance specifically, you easily recognize who and what you are attracted to.

You may feel compelled to explore new forms of erotic expression and as you do, you'll go beyond your comfort zone and find higher connection through this experimentation.

11) ► 24° Virgo 18' **Eros** ✎ **Opposition** ♋ **Juno** 23° Pisces 10' - (1°08')

(12andus.com:) You may find it challenging to express your erotic nature because of disruption you feel in your committed relationships.

Jealousy and insecurities can haunt your sexual relationships. You may feel driven to find fault with your partner, insisting that your partner is being unfaithful regardless of whether or not this is true. You can find the tension and tumultuous dynamics of this

distrust both frustrating and further infatuating.

You may also be aroused by or attracted to partners who are not available for commitment. Married partners or partners who clearly are not available can be arousing but also disappointing to you, as a pattern of obsession and disappointment continues.

Yet with some balance and effort, you can channel your desire for commitment and find the best of both worlds, both commitment and erotic love.

12) ► 24° Virgo 18' **Eros** ♀ **Square** ♂ **Mars** 20° Gemini 7' - (4°11')

(12andus.com:) You can find it challenging to summon the strength and courage you need to express your erotic nature.

You have a strong drive to explore sexuality but may suppress your deeper desires. You may feel like you need to remain in control and focus on your personal ambitions and so this leads you away from letting yourself lose control in sexual relationships.

Yet if you come to change your perception, you will be better able to embrace your erotic, sexual nature without sacrificing your desire to be in control. You may have to work to become comfortable expressing your own desires.

By building up your confidence, you'll be better able to express and explore your sexual nature and erotic desires.

13) ► 24° Virgo 18' **Eros** ♀ **Square** ♄ **Uranus** (Rx) 21° Gemini 50' - (2°28')

(12andus.com:) You may have to challenge yourself to get in touch with your erotic nature.

Yet when you overcome the limitations and confines of social expectations and norms, you may find that you have more intense desires than you realized. With some effort, you can draw on your creativity and visionary tendencies to break down barriers and explore your sexuality.

You can come to embrace your erotic nature and become more comfortable with unusual fetishes and creative ways to express your intimate desires.

You can be nurturing and comforting to your sexual partner and you may have a deep desire to be comforted and nurtured as part of your sexual experiences.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Virgo (Rx)

(astrology.com:) Virgo or in the sixth house: On its face, this is an optimal placement, but Hygiea in the sign of purification doesn't necessarily imply a premium on health. These individuals view daily routines as acts of wellness, but some routines can be draining or gratuitous. This Hygiea may get too hung up on habit, so the thought of missing their ritual creates more stress than the relief of undertaking it. They must be mindful of their priorities, as one can have a holistic wellness regimen but still forget to eat.

Hygiea in 7th house

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

My soul's searching for something that will reach me through this world I created.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator

caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Sagittarius

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him

"how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Nessus in 10th house

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our live the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind.
