Maturity Number: 8 = 2 + 6 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with reward through accomplishment. You're being called upon to work with your talents with organizing and managing, to achieve personal success and recognition, and to use your authority wisely and well.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to achievement in the material world to center stage. Situations will arise highlighting your need to direct and lead, to accept financial reward and abundance, and to work for the benefit of humanity – not just personal gain.

What that might look like:

- Opportunities to engage in the large realm of business or any arena where you are called upon to lead, manage, and organize.
- A dramatic change in career or vocation.
- Putting aside personal relationships in order to focus on work and career or the realization that you've not stepped into your power and aren't achieving satisfaction because you struggle with money, power, control, and authority.

First Pinnacle Cycle: 8

(Month + Day) - from age 0 to 34 (based on LPN) - ([665] feliciabender.com:)

General: Money, business, authority, ethics, personal power, and abundance: These are the key elements in any 8 Pinnacle. This is the stage where you're bombarded with opportunities to embrace and define your personal relationship with power, money, and achievement. It has an intense focus on matters of responsibility, efficiency, power, authority, leadership, and management of financial affairs.

Sounds exciting, right? Yet under the influence of the 8 Pinnacle vibration your judgment will be tested over and over again and your career usually becomes your top priority. This isn't a particularly easy walk in the park. Chances are this Pinnacle will require you to make some substantial shifts in your life and your relationships. While your opportunities for achievement, recognition, and financial success are heightened, it'll require a lot of strength, courage, and tenacity to do so. This isn't an easy Pinnacle; it'll demand a lot from you and won't let up.

The 8 Pinnacle is also tricky because, while its vibration supports all things relating to money, power, and authority, its vibration is unyielding in its demands that you get there through the use of the utmost ethics, honesty, integrity, solid leadership, and feelings of abundance—not just feelings of wanting to be “rich” or “wealthy.” The highest form of the Eight vibration has to do with giving as you're receiving, with no strings attached, and from the clarity of your heart.

Aspects of the 8 Pinnacle are: status, success, recognition, business, and commercial activity. If you keep with it, this Pinnacle is set up to usher in improvements in your financial and personal power realms. The focus is on creative practicality with an emphasis on organizational and management skills and abilities. Emotions are downplayed and business acumen is at a peak.

Pinnacle 1 Number 8: First Pinnacle: If yours is an 8 First Pinnacle, chances are that you may become involved and interested in business or commercial activity at a very young age. You may be the kid who mows lawns and starts his own business or perhaps you tap into a more aggressive 8 energy and find another money making endeavor that surprises the adults around you. Your focus and dedication to your entrepreneurial enterprise is unyielding. Yet you most likely will face limitations and restrictions, which you'll find these frustrating or just downright debilitating. You excel at practical thinking. You'll be tested severely from an early age in the realms of personal power.

Second Pinnacle Cycle: 9

(Year + Day) - from age 35 to 43 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 2 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic

humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Third Pinnacle Cycle: 8

(1st Pinnacle + 2nd Pinnacle) - from age 44 to 52 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 3 Number 8: Second or Third Pinnacle: If you encounter an 8 vibration during your Second or Third Pinnacle, you're apt to find yourself in the executive world—or you could be married to an executive. You're required to rely more on rational judgments and less on emotional impulses. You're single-mindedly focused on your ambition and achievement of great financial success, power, and authority.

Fourth Pinnacle Cycle: 5

(Month + Year) - from age 53 (based on LPN) - ([665] feliciabender.com:)

General: When you have a 5 Pinnacle, get ready for what I call an “ADHD experience.” This is a time for change and uncertainty. It feels as though you're experiencing life without a filter. In this Pinnacle, vivacious, unbridled energy surrounds you and it's hard to know what direction to go or what to grasp onto. Ultimately, this is a time for loosening up patterns of restriction you have held on to in the past. The 5 Pinnacle is all about developing a new sense of freedom, liberation, and adventure. This Pinnacle is all about change.

Change is the mantra for this period of your life—and that means change in everything from career direction and business decisions, to spirituality and health, marriage and divorce. You name it. It's all up for review during this highly energized portion of your life. If you're forward thinking and ready for a shakeup, this can be a brilliant time of

transformation—but not without the pain associated with growth. This isn't a time to nest or settle down; instead you'll find yourself being drawn into the public world.

The major focus of a 5 Pinnacle is to learn to be adaptable and flexible. Remember: What you resist will persist. Don't resist this cataclysmic energy, yet also avoid impulsive decisions, including the strong urge to run away and avoid whatever you're experiencing.

Pinnacle 4 Number 5: Fourth Pinnacle: The 5 energy that guides your Fourth Pinnacle results in a continuously fast-paced life. This won't be your road to a laconic retirement. Change and variety continue to present themselves and this can be an interesting stage of your life. In many cases, the 5 energy at the final stage of life brings with it freedom from overarching financial or domestic worries. Travel, adventure, change, and resilience define this final Pinnacle.

Warning: Warning: Because the 5 Pinnacle is a time to expect the unexpected (and change is usually difficult for all of us) this period in your life can be exciting and yet unsettling. It'll often prove to be a transformational time accented with restlessness, activity, and a distinct desire to get outside of your own box. There also may be the tendencies to quit something before it's completed, to be promiscuous in your sexual life, or to habitually overindulge in food, drugs, alcohol, or gambling. Balance is key and a huge test during this Pinnacle.

First Period Cycle: 2

(Month) from age 0 to 34 (based on LPN)

([666] worldnumerology.com:) The first 30 years of your life represent a period of slow and patient development. You are acutely sensitive to your surroundings and highly intuitive. You possess a gift as a peacemaker and have tremendous power through gentle persuasion. Cultivate the talents of tact and diplomacy. Cooperate with others.

Musical and other artistic talents come to fruition.

Partnerships are important, requiring understanding and compromise. You need patience and flexibility, but you are under a gentle and benevolent influence in which others are happy to support you.

Seek out beauty and harmonious environments, spend time in nature, and enjoy the peace of close companionship. This is a period of slow but steady progress.

Second Period Cycle: 6

(Day) from age 35 to 61 (based on LPN)

([666] worldnumerology.com:) Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and

support.

You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business.

This is a time of progress through flexibility, cooperation, and compromise.

Third Period Cycle: 3

(Year) from age 62 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you "growing older" more slowly than your peers. The excitable, scattered, creative energy of the 3 can resemble an elixir from the fountain of youth. However, there is a tendency to waste time and energy on unproductive projects.

You have many original ideas, but you may have difficulty differentiating between lead balloons and those that can fly. Your 3 energy is uplifting and motivating, which draws people to you. However, staying focused may be a challenge, which could affect your ability to reach your goal.

Your need to express yourself through art, especially the verbal or performing arts increases with age.

First Challenge Number: 4

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are “forced” to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it’s difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you’re being lazy. You might feel you’re just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it’s vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You’ll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you’re learning to identify your feelings and to speak from your heart. It’s a time where you’re truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It’s the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express

yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you’ll feel the urge to bury your head in the sand and a general malaise you can’t seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you’ll instead be bombarded with hopelessness or perhaps depression. You’ll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you’re reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You’re being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don’t move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Third (Main) Challenge Number: 1

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If the number 1 as a Challenge Number, you’re being called upon to stand up for yourself, be true to yourself, and be self-reliant. You’re truly being called upon to step up to the plate and become a leader. This won’t necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you’re likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to

be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentfulness aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Fourth Challenge Number: 1

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 5 $(24 + 02) + (2+0+2+2)$

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 5 brings the inclination to express a personal sense of freedom.

This year, it is likely to be easier to get out of established habits and patterns of behavior than in most previous years, with a tendency to do so. It's a year of changes because there's a tendency to be interested in new things and to follow whim. The changes experienced this year can be thrilling and inspiring.

New opportunities and new conditions tend to manifest in response to the year's broader fields of interest and activity.

There tends to be an inner push to go do something, anything, so long as it's a new experience and an expression of the sense of personal freedom.

Personal Year Number (for 2023): 6 (24) + (02) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 6 brings additional attention to domestic affairs and family-related responsibilities. It is a year of home, harmony, beliefs, and responsibility.

It also tends to be a duty year, so to speak — being needed in many directions and people making more demands. It is also a year when maintaining harmony in the home tends to matter more. And being neighborly.

There are likely to be enhanced feelings of goodwill.

There tends to be more responsibility, love, self-sacrifice, protection of family members, sympathy, and compassion. And beauty.

(feliciabender.com:) It's time to regroup, nurture and be nurtured. This is also a year where your personal magnetism is at a peak. Big opportunities await you this year both in your career and your intimate life. It's a good year to get married or engaged if you have been hovering around that decision. It's also a year where you may seek a divorce, a break-up, or other relationship splits. This year is all about evaluating the relationships in your life.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting.

Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): E

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "E" tends to complete projects quickly. There are so many other fun things to do.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([672] numerologist.com:) Capstone: You feel you must be in charge at all times or a project will not succeed. As you refuse to take advice from others, your projects often fail.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

All having certain interpretations. Based on first full official birth name. Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

2 on the Physical Plane

You are able to see, remember what you've seen, and use your knowledge. Through the years, you'll grow confident, and this will help to take control over impulsive manifestations of your inner power, overcome shyness and excessive sensitivity (that

shows at times), and sense the rhythm of life, experience its harmony.

11 on the Physical Plane

(numerology.center:) You are always doing some artistic work and obtaining inner charm. Your ideas are vivid, interesting and witty.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

5 on the Mental Plane

Your mindset allows you to absorb huge amount of information, as you distinguish what is important from minor details. This, however, does not mean that you are capable of looking for an omitted comma in an accounting report with enthusiasm. You'll never adapt to what is initially unacceptable to you, and any attempts to make you do this are doomed to failure. But this is what often prevents you from completing tasks you started.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

3 on the Emotional Plane

People like you are commonly described as a bit otherworldly. You have your own opinion to what practical, organized and orderly life is, and this rarely coincides with the opinion of others. But you are overly romantic, and have vivid imagination that in practice turns into outstanding ingenuity. These qualities can contribute to success in some creative field, such as writer's career.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other

existence levels. This is also known as God's grace.

5 on the Intuitive Plane

You are used to trusting your feelings. You probably trust too much. However, when you consider a subject from every possible angle, it's easy to lose its original image; so, whatever you study, you'd better concentrate as much as you possibly can. Don't waste attention on insignificant things.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 7 line «1-2-3»

			Spirituality: 5 diagonal «1-5-9»
-	-	9	Temperament: 2 diagonal «3-5-7»

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 111

"The Golden Mean" - your character is named like this because you are able to get along with all the other types of characters. You'll have an edge over a person with weaker willpower and will match someone who's stronger. However, you often act like a combative, challenging other leaders and society persons.

Vital energy — 2222

"Strong energy" - you have excess energy. Therefore, you are a donor for most people with low energy. You can become a politician, an artist, a musician, an athlete, and even a psychic with the potential of a healer. People around you feel your charisma. In posse, you can influence others' will. It's no wonder that in big companies and get-togethers you manage to attract persons of the opposite sex, especially with energy from 0 to 22.

Cognitive, creative — empty

"Weak potential" - you don't have a propensity for the exact sciences, complex concepts and invention activities. Besides, you are not interested in anything like that.

Health, beauty — 44

"Normal health and beauty" In general, "44-health" makes it easier to have illnesses and recover after them. And "44-beauty" makes your appearance seem harmonious and attractive for the opposite sex. You have inclinations for sports or appearance-based work. Physical exercise, fitness and a healthy lifestyle will yield good results. But you shouldn't refuse to maintain health and rely only on the innate potential - age and bad habits ruin everyone.

Logic, intuition — 5

"Inclination to use logic" - If this person did not master something from the word go, then they will certainly understand the backbone of the subject with a calculator and paper. It will be difficult to plough through books about Quantum Physics, but for elementary life tasks "1" in logical thinking is enough.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — 7

"With a talisman" - of course, 7 does not guarantee a jackpot after the first bet, but will save from minor troubles and sometimes help to catch luck in the nick of time.

Duty — 88

"Do good for others" - these people usually have a well-developed social orientation and high communication skills. If this was revealed in their childhood, then they fulfil their potential in social activities, they are happy to devote a large part of their time to others, but they do it without bigotry. If their social realization failed, they often begin to help abandoned dogs and cats, homeless people, and take care of the sick and lonely.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 7

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 3

"Rotational work" - for this person it is the ideal way to make money: earn a living quickly and effectively in a short time, and then relax. Most often, they look for efficiency wages.

Talent (Line «7-8-9») — 4

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 6

"Idealist" - sometimes this person pursues frankly unattainable goals, because other variants do not cause interest. It takes a lot of energy, brings the sting of disillusionment, but never ends. The person believes that this time they will succeed. In the end they often become a loner, because very few people are able to provide support on their difficult path.

Domestic bliss (Line «2-5-8») — 7

"Too idealistic" - the search for the ideal partner to create the ideal family can drag on forever. And every attempt that does not hit the mark causes suffering. In the case of marriage, this person will place excessive demands on the spouse.

Stability (Line «3-6-9») — 1

"Yearn for change" - there is not enough stability in this person. They can't imagine living without changes, but those around them do not approve of this craving. At least in some

small things they remains stable and predictable for loved ones.

Spirituality (Diagonal «1-5-9») — 5

"The highest level of spirituality" - this person with 5 figures in this diagonal could be an example of purity and high thoughts. Curiously enough, but there are many examples of businessmen and public figures with this sign. And this suggests that they do their job not only for the sake of money.

Temperament (Diagonal «3-5-7») — 2

"Normal" - this temperament will suit most other temperaments. But there is a prone to cheating because this person is not fully confident in their abilities and would like to assert themselves in the love department.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Ace of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

DIAMONDS: Assets - Worth - Creative Fire

ACE: Pursuit - Acquisition

CHALLENGE: Prestige

Fire-Wands - Planets: Jupiter & Neptune

DIAMOND: The Diamond personality is geared toward resources. The spirit of this diamond ignites the fire of acquisition. Its purpose is to acquire, amass and amalgamate. It is the fire element: activating, and consuming.

Fire is the flame of creation, forging materials from metal, illuminating the fire of the diamond within us. It is the value and worth of materialism.

ACE: The Ace has a value of one. It is singular and resonates independence. Ace is the I want, and the I need. The personality of the Ace is marked by their determination to get what they want and need.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Diamond. This emblem is symbolic of negotiation and the fear of doing just that.

In a balanced world, the Ace of Diamond understands that "to give is to get". They choose goodwill over manipulation and negotiate on that level to get what they need.

The lineup of cards are all influenced by Mars: the planet of passion, martial energy and aggression. Mars gives the Ace of Diamond the vitality and drive to stay focused and razzmatazzle their competitors.

In their heart of hearts, the Ace of Diamond are unaware of the effect they have on the many. They become so focused on personal progress, they don't see the forest for the trees.

The soul-nature of the Ace of Diamond has come to understand debt and money. It has set itself up to overcome mistrust of authority and find creative faith-based ways to deal with nagging uncertainty.

Ace of Diamond often want to change the direction of their careers or alter the course of their projects during the Jupiter years age 39 to 52. When sufficiently creative, the doors to new ventures and opportunities fly open.

2♦ is the Soul (First Karma) Card for the Ace of Diamond. This card represents compromise. It has a negative value of fear. When the Ace of Diamond overcomes their reluctance to compromise, they gain faith and acquire a sense of spirituality.

First Karma Card: Two of Diamonds (metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

KARMIC CHALLENGE for the Two of Diamond: Fixation on money and prestige.

One's first impression of a 2 of Diamond person is that they are self confident, and socially very much in-the-know. It is only when a Two of Diamond feels their status is threatened that they become self-defensive and will stop at nothing to regain their self-esteem. Fixation is a problem for the Two of Diamond, and they will get stuck wielding their own power until they are forced out of their situation, wondering how they ever let it get that far in the first place!

Two of Diamond believe they know best. They make excellent parents and leaders. They are also excellent traders and merchandisers- especially in areas of glamour, or foreign investments. Entertainers often end up drifting through life, or being content with a mediocre performance, though not true of the women.

Second Karma Card: Ace of Hearts (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Hearts: Emotions - Relationships - Love
Ace of Hearts: Desire for Affection
KARMIC CHALLENGE for the Ace of Heart: Selfishness
Water-Cups - Planets: Jupiter & Uranus

All ACE's represent a wish or a desire. The HEART symbolizes relationships and love. The meaning of the Ace of Heart is an intense desire to be loved. Notice the operative word is to "be" loved, not to simply love.
The Ace is the number of self and often translates into selfishness. Negatively expressed, the Ace of Heart will flirt and skirt around the object of their desire, until they see what love can do for them.

The Soul Card for the Ace of Heart is the Ace of Diamond, another wish card - except this time - a wish for money. The result is an ambitious drive for material gain which is their prime motivating factor when it comes to relationships.

Ace of Heart has a gregarious, magnetic personality, which can attract many business opportunities. They always want to look good in the eyes of others, and appreciate beauty while striving for self-improvement. They are creative, but find it difficult to make choices in regards to work and health.

To be sure, this is not an easy card to have as your birthday card. Much discipline and positive philosophy of life are needed to overcome the selfish, worrisome attitudes that prevent the Ace of Heart from obtaining the very thing they desire the most. LOVE.

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. Those born on a Three of Spade day find help from strong women. Karma for the 9 of Heart - Universal Love

Water-Cups - Planets: Double Saturn

This has been called the "Wish Card"; for all 9 of Hearts, there is an intimate connection between the wish for money and the wish for love. Money may come, or love may come, but the two never seem to work together for any length of time.

Nine of Heart tend to worry too much about what other people think. They need to cultivate the art of discrimination and figure out what's important and what isn't. If they can do this, taking the higher road when the back-biting begins, their personal disappointments in life will be much less frequent.

To be sure, the Nine of Heart people are not weak. If they were, they wouldn't be able to handle the difficult life pattern of their Cards. They are fierce protectors and champions of the rights of others. Nonetheless, it's as though the universe sets them up for disappointment whenever they place their trust in the almighty buck. But should they invest in the heart of the business (think Warren Buffet), their karma rewards them

tenfold!

If you are a 9 of Hearts, you must learn to love your neighbor as yourself - and don't forget that he/she lives all over the world!

After age 91 the cycles repeats.

Cosmic Lesson Card: Nine of Diamonds (metasymbology.com:)

DIAMONDS: Values - Radiance - Materialism

NINE: Service - High Calling

CHALLENGE: Overindulgence

Fire-Wands - Planets: Mars & Uranus

DIAMOND: The Diamond personality has been chosen to illuminate what is value in our school of Earth. The spirit of the Diamond is penetrating, clarifying. It is the element of fire and is quick to burn away the dross as it navigates the path of what is worth and what is not.

NINE: The value of 9 is service. The personality of the 9 is equipped to influence and serve others selflessly- for the benefit of humankind.

JOURNEY OF THE SOUL: Their Soul Card is the Queen of Diamond. This emblem is symbolic of The Patroness - distributor of material bounty and giver of light – companion to King Sun.

In its most successful state of being human, the personality of the Nine of Diamond is able to provide service to the downtrodden, illuminating their path and providing the resources they need to thrive.

9 of Diamond personalities are gregarious and they make great orators. A candid demeanor is often a result of psychological stress experienced during their early childhood years, for which they develop a healthy dose of humour (dry) to overcome, and charm to get by.

They feel it is their calling to help those less fortunate, and champion the rights of the underdog. This quality makes the 9 of Diamond one of the most generous and philanthropic cards in the deck.

In their negative state, 9 of Diamond personalities are resentful of the power they feel they should have, but don't. They are spendthrifts and loners. Their generous soul-nature is lost to self-indulgence, further straying from what the soul has come to learn. In their heart of hearts, all 9 of Diamond want to give.

In love and intimate relationships, the 9 of Diamond want to feel mentally connected with their partner. Take note! Deep and meaningful conversations do for this card what wine and song do for most.

Cosmic Reward Card: Jack of Clubs (metasymbology.com:)

CLUBS: Knowledge - Communication - Ideas

JACK: Novice - Visionary

CHALLENGE: Triviality

Air-Swords - Planets: Venus & Uranus

CLUB: The Club personality is concerned with mental pursuits. The spirit of the club is cradled within the mind. Its purpose is to think, study and learn. It is the element of air. Currents of ideas flow from thought to thing, creating the link to the material world.

JACK: Jacks are the experimenters. They are the young visionaries. They are the new kids on the block. Their personalities illustrate their inexperience in the area of life shown by their suit.

JOURNEY OF THE SOUL: Their Soul Card is another Jack, the Jack of Diamond. This emblem is symbolic of the entertainer drawn toward promoting what is known.

In an ideal world, the Jack of Club is a vessel for all sorts of knowledge and spins what it finds into useful threads of ideas for others to enjoy. The soul-nature of the Jack of Club is the harbinger of ideas.

The path of the Jack of Club personality is not easy. Their karma attracts wilful types who lead them down the path of irresponsibility and trivial pursuits. A defensive attitude masks their inner struggles with fear and fight or flight.

At a young age, the Jack of Club learns difficult life-lessons about money and personal family values. Early teenage years are introspective for the Jack of Club, as stressful physical and psychological experiences shape their character until into their twenties. Life continues with sudden and unexpected obstacles until the vital energy of Mars gets activated, age 26 onward. It is this aspect of their soul-journey that ignites the mind - the club - and gives them the edge they need to forge a path of their choosing.

In intimate relationships, the shared vision of a spiritual journey in pursuit of love, knowledge and soulful pleasures is what inspires commitment in the hearts of the Jack of Club.

Cosmic Moon Card: Seven of Spades (metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Spades: Physical Environment - Work - Higher Self

Seven of Spade Meaning: Wisdom and Self Mastery

Karma for the 7 of Spade: Material Discontent

Earth-Pentacles - Planets: Jupiter & Uranus

The 7 of Spade are friendly people and quick thinkers. Illness may come through worry over business - or the stress that stems from a frustrated desire to live beyond their means.

All 7's have come to learn how to use their power. For the 7 of Spade, their heritage of power is often misdirected to a longing for magnificence until they awaken to the treasures of wisdom stored within the memory cells of their magnificent, higher-self.

The Seven of Spade have the memory of an elephant, and a perceptive understanding of what make people tick. They are acutely aware of the world around them and make

excellent psychologists, writers, and world-travelers.

They will work quietly, often secretly, and are willing to remain behind the scenes. For this reason, they are valuable in secret service.

7 of Spade have many friends but few loves. They are generous and fun-loving and make excellent travel companions. In business they are honest and reliable and willing to serve for the greater good. When in love, they are faithful and romantic!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

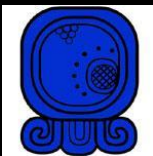

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Flow (6) Cauac

West (Blue) glyph: Challenge / Strengthen

Day Sign: Storm

/ Rain / Cauac (Yucatan) / Kawoq (Kiche)

Positively, Cauac is a youthful, restless, friendly, helpful, and compassionate day-sign. Such people are multifaceted and often accomplished in several areas.

One of the most obvious characteristics of this friendly day-sign is their youthfulness.

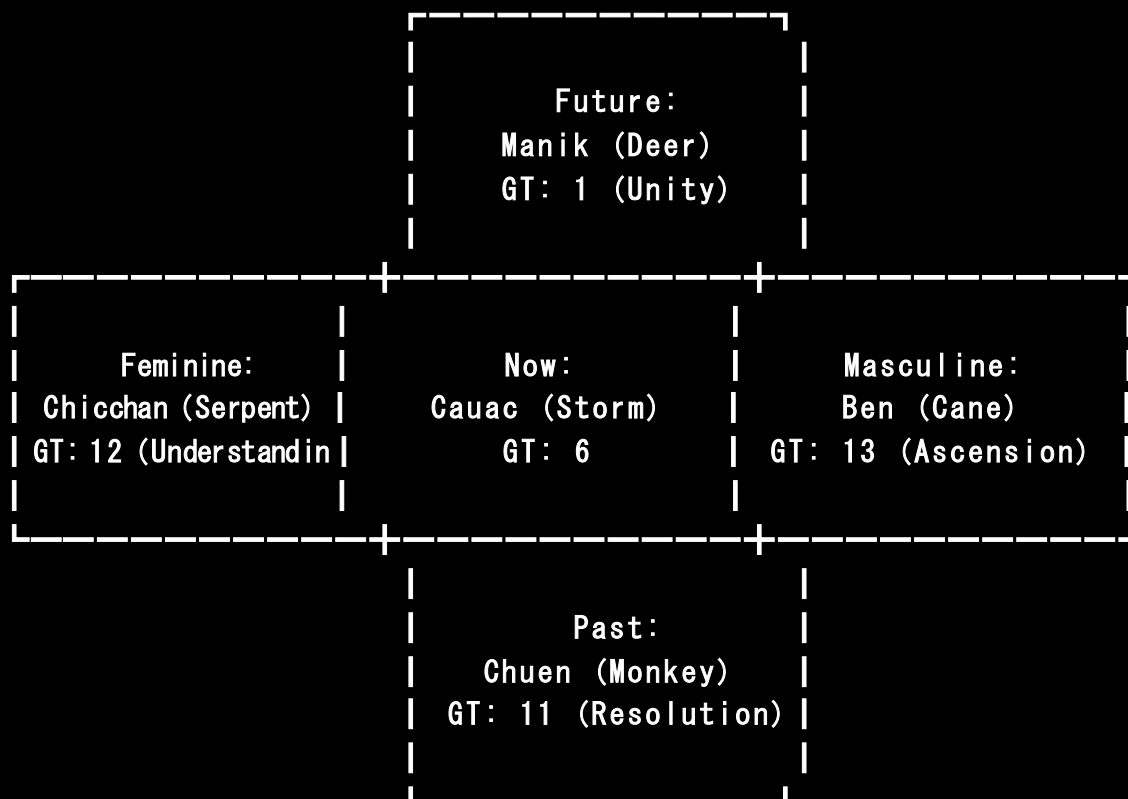

Cauac people often choose careers that involve them with children, or they may occasionally just act like children. Those born under this sign are often mentally active and talkative. They are good learners and often become teachers or counsellors. A concern for the welfare of others, especially the public, is common in those born under Cauac. They have a strong intuition and can improvise when in a tight spot. Cauac types are more inclined to imitate than to innovate. They respect tradition and the forms created by those who came before them, whether in art, science, or business. Those born under Cauac generally have an interest in the deeper meanings of life. Many are drawn to the study or practice of religion, spirituality or philosophy. They are often found working in the medical or psychological fields. The cleansing and healing process has a special importance for those born under this day-sign. Many born under Cauac become doctors or healers of some sort. Their natural instincts to protect and nurture, combined with excellent intuition, technical aptitude, and a mind capable of grasping details, makes them well-suited for such work.

Challenge:

To develop the ability to teach and to heal.

Solution:

To study under a master.

Four Directions

Those born on the day of Cauac may often feel as if their lives are but one long tempest. The day-keepers say that Cauac natives are often visited with trouble and turmoil by the

ancestors, which is to say that they come into this life with a great deal of karma to work through, and consequently are subject to more than ordinary amounts of harassment and sorrow. Despite this turbulent relationship with the karmic past, however, their more immediate antecedents are often fortunate, as shown by the auspicious Chuen in their past.

Cauac individuals are typically sensitive and compassionate beings. The Book of Chillam Balam Kaua calls them "very imaginative" and "noble". Their sensitive temperaments may turn them into artists or world servers, and we must remember that one of the divinatory phrases linked with this day-sign is "a table set for the gods". This refers to the table of offerings that day-keepers make to the gods – a metaphor for service and surrender. Thus, Cauac natives may find release from their karmic burdens by dedicating themselves to a higher cause.

The sensitivity of these natives tends to leave them thin-skinned. It is no wonder they are so susceptible to the storms of life; the gentle and yielding nature of water is part of their psychology and is responsible for their intense compassion as well as their sorrow and difficulties.

Their sensitivity may not be immediately apparent, however, for they often mask it with a hard edged attitude reminiscent of their left hand power, Chiccan.

Their hypersensitivity sometimes manifests as illnesses; like Muluc people, Cauac natives are often fragile. The Chilam Balam of Kaua asserts that Cauac natives are prone to experience illness whenever a new year picks up his burden.

Cauac people should take care to avoid the colds and flus that often come during the change of seasons.

Despite the karmic burdens they bear, Cauac natives look forward to a powerful and positive resolution of their difficulties. The magical and deeply empowered Manik lies ahead of them, a symbol of the courage and strength gained when they set a table for the gods" and dedicate their compassionate energies to a higher cause.

Flow

- * Soothing
- * Stable
- * Growth
- * Continuity
- * Progress
- * Flux

One of your strongest aspects is steadiness. You create dynamic progress in all aspects of life and you know how to persuade people. You are a valuable asset for long-term projects. You have creative energy, stability, balance, and ability to complete any endeavors. In your presence, anything that was once stuck gets fluid again. People keep moving on, projects become fruitful.

Trecena Sign: Jaguar

/ Ix (Yucatan) / I'x (Kiche)

Beneath the 1-Ix surface personality is a challenged communicator, a person who struggles with self control, a person who is an explorer of the human condition. Critical events occurring in Ix peoples lives, such as deaths or other powerful transformations, may cause them to turn inward and keep their feeling and thoughts to themselves.

People born during Ix trecena need to be realistic about responsibilities and not shirk from them or take on too many.

Night Lord: 9

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. They are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help. In part, it's their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different. Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Pluto conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the **date of conception**. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Pine Tree

Strong keywords: Tenacity, Optimism

Weak keywords: Impulsiveness

Tree variants: Gooseberry, Mullein

Birthday:

21 February – 2 March

25 August – 3 September

Characteristics and Personality

Pine people are courageous and optimistic. People born under the rule of Pine are extremely tenacious in fulfilling their life goals. They will do all in their power to get what they want; they are uncompromising when they get into an argument. They have good manners but they can be a bit cheeky. If they are sure that they are right, they do not acknowledge authority, and they can be very stubborn. On one hand, Pine people will take risks when necessary, but on the other hand, they do not like to create unnecessary

problems.

They act quickly and accurately, and thanks to their ability to instantly improvise, they can handle well emergency situations. They have good organizational skills and rational thinking that does not limit their vivid imagination. Pine people are not the lions of society, they are introverts, but they like to be surrounded by nice people. They are good friends, although there are certain boundaries that limit their devotion.

Rationally and logically thinking Pine people become emotional, sensual, impulsive and dependent. They deeply experience each disappointment and they are easily discouraged and put off. For Pine people, life in this area gets even more complicated by the fact that they try to deal with problems honestly.

They need to have a solid family background. They love a cosy home and they like spending money. Even though they are otherwise precise and rational people, they see money only as means of obtaining necessary things and they are not good keepers of family finances.

Pine people remain optimistic at all times, they never feel sorry for themselves for a long period of time and they always believe in better future. Pine women are considered to be very lucky: they are destined to relatively trouble-free and beautiful life without serious problems.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Personality traits

Astrology suggests Gemini Sun Pisces Moon natives have a newly developed sense that helps them in different situations. They are not only psychic, but also good with facts and what's real and tangible.

Not the most logical and realistic people, they don't see things as they are supposed to be very often, more the way they want them to.

It can sometimes seem these natives escape in a world of fantasy and dreams and when reality hits them hard, they are doing this more than ever.

Because they have an amazing imagination, they are great artists. Their many talents can help them make a lot of money. The condition is that they explore their abilities more.

Welcoming and fun, people will want to be around them even when their mind will wander off. Empathetic and attentive to others, they will be appreciated for all this.

If these Gemini Sun Pisces Moon individuals would try and have more control over their own life and the environment in which they find themselves, they would be less emotionally sensitive.

Having strong principles, they dedicate themselves completely when they have to do something important. And this makes them great professionals, no matter the field in which they are activating.

Their highly developed sense of humor helps them be popular with the opposite sex. As they are receptive, Gemini Sun Pisces Moon people will acquire a lot of knowledge on many subjects. But they will never be experts at something specific.

It can be difficult for them to see things as they actually are because they aren't the most realistic people on Earth. Even if their senses would tell them they are being wrong, they would still continue to believe in illusions.

And this can make them distance themselves from the outer world. Not the most ambitious people, these Geminis are still imaginative and inventive.

They prefer to escape stress and life's pressure because they simply aren't built to deal with them. What they are really good at is art, literature, design and other intellectual activities. And this can open for them opportunities in many areas.

But the fact that they don't believe in themselves won't be of any help. Even when they won't have to do it, they will continue to find motives behind their actions. It's normal for these natives to feel misunderstood.

Introspective, they will all the time have fixed ideas that won't necessarily be based on facts. The more they'll have the chance to daydream, the happier they will be.

Because they like meeting with friends and enjoy having people over, they will be appreciated anywhere they will go.

Most of the problems they imagine are not even going to happen. The more they will appreciate and value themselves, the easier their problems will disappear.

It won't matter what they will do in life, these natives will always be generous and ready to help. Even when they won't have too much, they will still be open to give it all away.

They like to know more about people but avoid commitment. That's why they'll never go deep when connecting with a possible partner. It's difficult for them to deal with intense emotions.

As soon as they will find a lover able to keep up with their intellectual pace, they will be the happiest. But this person in their life needs to understand these natives will never give up their friends.

Moon Pisces are the sensitive dreamers of the zodiac. They want a partner to respect their need for inner peace, also someone who doesn't take advantage of their goodwill.

The psychics of the zodiac, they can understand what their lover needs and wants and they will get to the point of sacrificing themselves in order for their other half to be happy.

They are true martyrs in which this Moon's shadow reflects the best. But as receptive as they are to their partner's needs, they also need some space to explore their spirituality and creativity. Moon Pisces lovers will always retreat in a world of fantasy when they will face difficulties.

Gemini Sun and Pisces Moon man

The Gemini Sun Pisces Moon man is very emotional, sensitive and perceptive. But this sensitivity of his will be masked by the way he rationalizes problems that need to be addressed in a more detached manner.

And this gentleman can never be satisfied if he conceals his emotions for too long. It's essential he expresses his feelings honestly and openly.

The Gemini in him is analytical and objective, the Pisces makes him emotional and at the same time understanding. Either side he's influenced more by, he will always be a complex and adaptable individual.

While he will see himself as complicated and cold, he's in fact kind and compassionate. He can even feel overwhelmed by all of his compassion, even when he thinks that he's cool and more developed than this.

It's possible the Gemini Sun Pisces Moon man would have learned how to hide his feelings from a very young age. He would have been too impressionable as a child, so all the negativity seen in other people would have taught him how to conceal the fact that he's down or too happy.

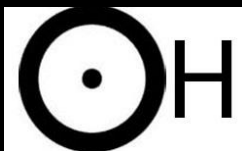

It's suggested the most empathic Gemini Sun Pisces Moons are kept away because

they can end up controlling others' life without them even realizing. As the man in these signs is intuitive, he knows what's best for himself.

There's nothing wrong with listening to his sixth sense. The same intuition will help him be a great businessperson, also a good teacher.

He will probably be religious because this subject makes him curious. The Moon in Pisces will aid the communicator Gemini to express himself creatively.

Sun ☉ in VI 6th House

([864] i.thehoroscope.co)

This placement of the Sun makes people be at their happiest when admired and appreciated for what they do and encourages them to throw a helping hand to others.

People born with the Sun in the sixth house in their birth chart are very focused on work and servicing others, plus highly concerned about their own health.

They like to stick to their projects and to get things done perfectly because obtaining good results makes them proud of themselves. It's like what they're doing for a living distinguishes them from others, paying great attention to always be the best at it.

The position of the Sun in the 6th house makes natives with this placement worried about their health and very interested in dieting or physical exercises. They are frequently assessing how they're feeling and may even choose a career path in the wellness industry.

Summary:

Strengths: Strong, ambitious and warm-hearted;

Challenges: Indecisive and superficial;

Advice: They should try and stick to a routine to feel more grounded.

Very grounded in their beliefs

People having their Sun in the 6th house identify themselves in the society by what they're doing for a living and the services they're offering to others.

Feeling happy only when busy with the everyday life and productive, they can be very proud of their career.

That's why it's important for them to do what helps them express themselves and their identity in the most original ways.

Not standing to be criticized about their work, they would never waste their time with people who keep telling them what to do.

Respecting a schedule made by others is something they simply can't deal with because it's their own discipline that has them working efficiently.

When admired and appreciated for the work they've done, they're the happiest. However, natives with the Sun in the 6th house should pay attention not to identify themselves only through what others think of their efforts.

It's very easy for them to get sick with stress-related diseases when not appreciated enough for their efforts.

Motivation is expected from within themselves, not from other's appreciation of their work. The Sun's presence in the 6th house of health and service makes natives with this placement aware of themselves only through work.

It's essential for them to know that at the end of the day their efforts have influenced others' lives and made them better.

The Sun hates being submissive, so their dedication will not have in any way anything to do with them acting submissively at work.

The same celestial body makes them appreciate their own value only depending on what others think of their efforts, this being the main reason why they can't stand criticism.

It's important for them to overcome any health-related issue and weakness because problems with the way their body is functioning would cause them to truly panic.

These people might occupy important positions of authority and even create things with their own two hands, even if they can sometimes just be submissive and not fight for what they want when it comes to their career.

As bosses, they're asking a lot from their employees because their standards are very high.

When themselves the employees, they're hard on themselves and insist to get things done right as they think this is the only way they're allowed to enjoy certain privileges and even to gain some rights in the workplace.

The positives

Sun in 6th house people can live a happy and good life if they're busy enough every single day. Work and being productive gives them their energy because their contribution to making the world a better place is very important to them.

Very preoccupied with their own health, these people really understand how the human body works and know what to do when not feeling so good.

No matter if at home or at the workplace, they really can organize and are constantly looking for perfection because this is the way they are.

Their ego is truly satisfied when respecting a daily healthy routine and doing a job at which they're the best.

However, all this becoming an obsession is a great danger for them, so not looking to self-improve all the time would be a great idea for some relaxation in their life.

Being imperfect and having some weaknesses from both a physical and a psychological point of view is normal for everyone.

Sun in 6th house individuals will always look to become very skilled at something that has them doing good for the society. Being concerned about their wellbeing is normal for them as they're all the time focusing to become more refined and to self-improve.

That's why they're often analyzing themselves and looking at their own personality in a criticizing way. They're the most worried and self-aware people in the zodiac.

Wanting perfection all the time, these natives can overlook some great opportunities and do only what they think works flawlessly.

While most of their concerns are imaginary, there are also moments when they're seeing things as they actually are, so avoiding taking on leadership roles or becoming very independent is normal for them considering they wouldn't want to be in charge of situations that don't seem to have any hope for perfection.

They love routine and have their own habits that rule their everyday life. It's important not to become obsessive with these behaviors because others may not find their style interesting and in any way appealing.

However, if there is for them to organize themselves for work, they can become the most effective at doing it. Some flexibility is absolutely necessary as the same habits every day can have them isolated and limited.

It's good they're pragmatic and can solve problems in the most practical way, but a little bit of creativity wouldn't spoil anything in their life.

Their schedule is sometimes too restrictive, not leaving any space for the works of the imagination. Change is often welcomed and can bring a lot of satisfaction because it always makes things more fun.

Having things happening the same all the time is of utmost importance for the natives with Sun in sixth house because it makes them very efficient.

Discipline can be coupled with a little bit of chaos because this would help them be more spiritual. It's true they're only focusing on maximum productivity and practicality, but their ways can be a little bit boring.

Life is influenced by many factors that keep coming and going, the Sun sign and its aspects being very important for all the people's levels of energy.

Sun in 6th house individuals can lose themselves in the details, so their effectiveness can significantly drop if they're not paying attention to only focus on what's important and see the big picture.

No one can make them give up their routine and behavior because these elements have their life running smoothly, offering them the security they so much need.

They're what makes them be themselves, so living without limits is not even in their vocabulary. It's easy for these natives to organize other people's lives as well, gladly doing it if allowed to.

The negatives

Sun in 6th house individuals are rather reserved and introverted creatures. The Sun's shining nature can be inhibited by their struggle to attain perfection, but at least they're supportive and always eager to be of service.

For this celestial body's energy to flow in them, they need to channel their focus towards expressing themselves more, even if they'd be doing it in their specific analytical way.

As bosses, they may be too pretentious and authoritative, causing their subordinates to not like them that much.

As employees, they want to be treated as equals by their superiors because they're always doing a great job and invest a lot of efforts into their work.

Having a highly sense of duty, they should pay attention not to allow themselves to become dominated at the workplace because the 6th house rules also over

subordination.

They could anytime open their own business because they're organized enough to have success as entrepreneurs.

Hard working and demanding with themselves, natives having Sun in 6th house want only perfection with what they're doing for a living, to be leaded by a father figure who is also demanding and at the same time understands and appreciates them.

When the situation at work is bad, they become disgusted and start to pursue the dream of having a business of their own.

Lonely sometimes, they're also very helpful and want to serve, which means they'd make great doctors, nurses, teachers or special education trainers.

Others who also want to be of help are their favorite people in the world. Because they need to feel appreciated and loved for all the valuable work they're doing, it's very possible for them to become physically or psychologically ill when things are not happening this way.

Insecure but stubborn to become perfect in any way, they reject doing anything that doesn't seem appropriate. It's normal for them to feel inadequate and useless, this being the reason why they don't have the courage to pursue a leadership position at work or to stand out from the crowd.

They can be servile and creepy, criticizing and mean because they feel like they're not important enough and that others are superior to them.

It's normal for them to sacrifice any pleasure they may have, for work and for proving how much they're worth. Very worried about anything, they can end up suffering from stress-related diseases or exhaustion due to too much working.

It's important to all the time let them know that perfection can't be attained as they can go crazy when seeing weakness and flaws in both themselves and others.

Very preoccupied with their image, you'll never see them with their hair undone or wearing sloppy clothes.

Moon ☾ in III 3rd House

([874] i.thehoroscope.co)

Although rational, people with the Moon in the 3rd House will also take their emotions into account and prefer to forge real connections with their close ones.

The Moon is all about sensitivity and emotions, and the third House rules over communication. This way, individuals having the Moon in the 3rd House have absolutely no problem sharing what's in their heart and mind.

As a matter of fact, they may have too much openness and their emotions can sometimes be too strong. Learning how to communicate less may be their life lesson, because some people don't want to hear everything from their interlocutors.

Natives with the Moon in the third House tend to be more sentimental than their peers. These people are very attached to the places where they have been raised, so taking them where they used to live would be a good idea.

Summary:

Strengths: Curiosity, responsivity and affection;

Challenges: Nervousness and restlessness;

Advice: Try slowing down and focus more on what is said.

Keen on what the world has to offer

Moon in 3rd House people love to listen, to talk and to learn new things. They are great with new languages and at impersonating others.

There are two ways with them: they either become great intellectuals who filter everything through their mind or become too emotional. Many of them are both these things at the same time, managing to achieve a balance with age.

They can change the way they think very often because they're always taking others' opinions and make them their own. It's not that they want to copy anyone, but more that they're open to anything.

It's normal for them to be agitated and nervous, especially when spending too much time in one place. Their decisions are often based on what they're feeling and emotions, determined by what makes them feel comfortable and not by logic.

Believing rationality is the main thing that characterizes their way of thinking, they're in fact only relying on intuition and feelings. It's not a problem for them to talk about emotions and things that are personal, so people can trust them with their secrets. Not to

mention they will also confess theirs and provide the best insight anyone ever could.

When it comes to the third House, this is where planets and signs deal with the consciousness of an individual. Since the Moon is all about what's hidden and mysterious, people with Moon in 3rd House will be dreamy and aware of their own imagination.

This celestial body brings the conscious and the unconscious together, making its natives more melancholic and stuck in the past, but also deep in their way of thinking and very resourceful when it comes to ingenious ideas. For them, the world is a place that has plenty of useful information to offer.

When in the 3rd House, the Moon puts an emphasis more on the mental aspect than on the emotional one. Therefore, even if these natives are very sensitive, they still can understand a lot of the logical and intellectual data in their environment.

Their intuition is present in their learning and observational processes, but relies more on relational aspects than on other things.

Their instincts help them know what to expect from their social surroundings, and they don't mind conforming to what's around them without even thinking too much about it.

The problem here is that they may absorb too much information, and not in the empathetic way of the Moon in the 3rd House natives. Their mind seems to be continuously racing and to absorb information that isn't necessarily too useful for them or anyone else.

This is why they sometimes worry too much, being nervous about what is going to happen and what consequences their actions will have.

People having Moon in 3rd House can't simply tell their minds to just rest, so the danger of thinking too much and pointlessly is very present in their life. The good thing about all of this is that they can react very fast and solve problems more easily than others.

Their mind is always clear and can respond almost instantly to any type of stimulation. That's why it's easy for them to understand what others may be going through, especially when it comes to matters of the mind.

But they need to be constantly challenged and encouraged to talk because this is what makes them feel good. Loving to interact and to verbalize matters of the heart, they often prefer to rely on their gut rather than on facts and logical arguments.

As this house is also a ruler of movement, it's possible they will work as travel agents or guides. Because they love to accumulate information and then share it, they will make

great counselors.

Expressing their most inner thoughts comes naturally to them, so expect to hear many things about their feelings or to find out they're keeping a diary after coming back from work.

These people can make great connections between the mental and emotional realm, but they do it privately, recording all of their feelings, just as a live commentator would.

Knowledge is what feeds their soul and mind

Moon in 3rd House individuals are communicative, open and allow their emotions to rule over their thoughts. They make friends immediately and get along with anyone, because keeping in touch with others comes naturally for them.

Their need for communication is what characterizes them the most. The Moon is also related to family ties, memories and feeling things deeply. Those who have it in the 3rd House can accumulate knowledge on any type of subject without too much effort.

Many of the things they're studying can be related to the past, like history and anthropology. They need to be intellectually stimulated because knowledge is what feeds their soul and mind.

Curious and always interested in knowing more, natives with this aspect are the eternal students who seem to wish for a higher education, all the time.

They feel like they're having a strong connection with all the Universe's secrets ever since their childhood. The environment around them is always well understood and interpreted in the correct way, but they're pretty changeable when it comes to their opinions and the way they're seeing things.

Eloquent and intelligent, it can be said these natives have the greatest mind gifts of all the people with Moon in different other Houses. Besides this, their interests are many and well established, so you can ask them about anything; the answer they'll give will be correct.

There can be times when they're confused about their thoughts and feelings, so don't be surprised if there's subjectivity in their opinions or their judgment is sometimes clouded.

The Moon determines what a person feels in the most profound sense. It's about how people are the most comfortable, so it's pretty much related with what's private and doesn't get shown to others.

The talents it rules over are the most natural ones, together with the habits they feel the most relaxed with.

Communicative, these natives won't mind telling what they're feeling, no matter if they're happy or depressed.

Because the Moon is connected with the strongest emotions, this means those with it in 3rd House are always worried about what may be going on in their hearts.

Natives having Moon in 3rd House of communication are great students who love to write and exchange ideas by discussing for long hours. The same celestial body makes them changeable according to its phases, so expect them to have moods and to not keep their train of thoughts on the same route.

This means they're restless and continuously thinking about what to do or the subject they should learn about next.

Also ruling over movement, the 3rd House influences how people change their mind. It also influences how much they like to travel and how good they're feeling in the place where they have been raised. The Moon in third House people are always on the go and jumping from one idea to another.

Sometimes, the position of the Moon in this House can influence individuals to feel more secure and, in their element, when knowing more about their environment, so it's a matter of Sun sign and aspects that determines the lunar influence here.

That's why they would do a great job as salespeople or teachers. With a good sense of humor, they will always have a good joke ready.

People will see them as too insensitive because they are so rational. It's difficult for a Mercury Gemini to stay quiet, even in the moments when silence is absolutely required. But their detachment and disinterest in personal and emotional issues makes them seem superficial.

They never hold on to an idea or opinion for too long, not to mention how curious and adaptable they can become if a new situation reveals itself to them.

They are amongst the most convincing people in the zodiac. When in a debate, Mercury Geminis are able to bring in strong arguments, so they usually win.

Don't expect them to commit because they are the independent type. Their mind is full of ideas, but not for the person who tries to tie them down. As they are so intelligent, these guys will easily find solutions to problems.

They would be great for any kind of job because they are interested in many different things. People can be deceived by them, but it won't be their intention to disappoint. If you want to play a Mercury Gemini, think again. You will most likely be the one who's played because these guys know human weaknesses like their own pockets.

When they need to make a decision, they are usually fast and precise. The way Mercury Geminis communicate is fun and engaging. There's no one to resist their charm. They will impress anyone with their wisdom and they'll surely never bore.

Because they are dismissive with people who seem illogical, they will choose their friends wisely. And if someone brings an argument that can't stand, they'll become sarcastic and even rude. People see them as the "smart-asses" in any social environment.

The Mercury in Gemini man

The Mercury Gemini man can be jumpy sometimes, however, the more you get to spend time with him, the more secure you will feel in his presence.

While he doesn't want to reveal himself completely, Mercury will make him honest and open. He's jumpy because he never can rest, always on the go, he will be ready for any new adventure and challenge. His emotions will be kept hidden in order to not seem vulnerable.

Remember, Mercury can never keep a person lying. It's the planet of openness and communication, so the person influenced by it will never be able to not talk about his or her feelings.

This can be seen as a vulnerability when it comes to love. The Mercury Gemini man will have a job where he needs to interact people as much as possible. Public relations or sales are definitely perfect for him.

He would do great as a spokesperson as well because he always has a smile and good joke for everyone. And Mercury doesn't help him only with communication, but also with his artistic side.

But be careful, because this man needs to keep a happy attitude each time this planet is in retrograde. He has to have his friends around and to go out as much as possible.

This guy will always lean on his friends when in need. Mercury is going to help him learn from others' mistakes, so he will have a pretty easy life.

Mercury Gemini personality in a nutshell

Mercury is very well positioned in Gemini. People born in this conjunction will always be active and thirsty for new information, but they won't accept anything obscure.

Only facts and interesting theories, ranging from art and sports, to politics and science. Their brain absorbs anything and has the capacity to think fast. These guys have the ability to do more than one thing at once.

But they are not known as very committed and focused. They get bored as soon as they no longer have variety. They will continue to be great conversationalists, but they won't be as interested anymore.

The Mercury Geminis could be put in two types, for once, there are the intellectuals who like to read, and there are also the ones who are equally intelligent but like superficial conversations.

But regardless of their type, remember that their mind is sharp and open. They are considered to be the funniest people in the world because they always have a joke and they can't stand seeing people upset or sad.

Mercury ♀ in VI 6th House

([913] i.thehoroscope.co)

This placement of Mercury directs people towards making the right choices for their lives, even though this is often proved later on.

Those born with their Mercury in the sixth house of their birth chart go well beyond what other people can hope to accomplish in intellectual pursuits.

More precisely, they are incredibly versatile, analytic, and systematic in their approach, being able to make sense of incredible amounts of information in the least possible time, with the best results.

Usually, they are the brains behind the brawns, the master puppeteer behind the curtain, controlling the comings and goings of the whole play. Criticism and skepticism are two of their most important traits, but they might worry a bit too much. Hence, overthinking plays a big part in their lives as well.

Summary:

Strengths: Attentive, meticulous and hardworking;

Challenges: Dominating, negative and procrastinating;

Advice: They should be more protective of their free time.

Great judges of character

These people with Mercury in the sixth house may be endowed with critical and organizational aptitudes that greatly help them in their professional fields, but other than that, it's kind of a downside.

This is to say that they may get sidetracked and obsess for too much time on some projects, to the point that they forget about taking care of themselves.

Perhaps taking a step back and enjoying some free time will do them good. Even more so when we think that they are very sociable in general and quite good at organizing

social events or parties, escapades.

Just as the other Mercury natives, these ones place a great significance on learning, studying, accumulating knowledge to be used further down the road.

The expanding of one's intellectual capacity and the breadth of wisdom, this is a goal in and of itself, one that the Mercury in 6th house natives proudly pursue.

They are very hardworking and ambitious, as they are very attentive at how they deliver the work. Nothing less than perfection is allowed, this being the way they value their work and the appreciation of other people.

Moreover, they tend to be very clean and care about health, eating naturally and keeping themselves in top shape.

When they're good, they're critical to the day-to-day operations and quite perfect in what they do.

They can look beyond what most people see, peer into the profundity of the analyzed object, see the details, learn about their structure, organize and arrange all the data, make valuable appreciations based on these details.

This attention for the small things spreads in their personal lives as well, and knowing that they care about health and hygiene, guess what happens?

That's right, they obsess about the smallest hints of sickness. Nervousness and irritation get to them faster than stress and tension from overworking.

The positives

What's good, splendid even, is that these Mercury in 6th house natives work a lot, and this is an understatement. They are literally one of the most responsible and hardworking natives of the entire zodiac.

They will never abandon or fall due to pressure, but instead, they will struggle, analyze, organize, and finally finish their assignments.

However, this takes quite a lot of time and energy which could have been used to go out, have fun, enjoy life.

Their friends miss them quite a lot. Social problems will appear, but their creative and adaptative personalities will find solutions to this as well.

Their professional expertise is based on this ability to analyze and organize data, to acquire information and knowledge in the quickest and most efficient way.

Intellectually, there can't be anyone smarter or more in-synch with their intuition and reason than these natives. It's very useful that they have a mathematical intelligence, one that creates logical connections between elements, thus making it easier to work with them.

Moreover, the Mercury in 6th house natives are very good communicators as well, able to share complex ideas with ease. However, they are much more suited in a challenging and fast-paced environment where one has to make decisions on the fly.

Actually, the most problems that they struggle with are those coming from their own inner conflicts and inadequacies, all the packed-up unnecessary clutter and the tension.

They have to take a step back, leave everything as is, forget about work, about responsibilities and obligations, and just take some time off, relax and find some comfort in the idea that everyone needs rest from time to time.

They are good people with good hearts, smart and intelligent, ambitious and perseverant, so everything will play out just fine in the end.

The negatives

What happens is that Mercury in the 6th house natives often concentrate too hard on achieving perfection, the best results, doing everything as good as possible, and this leads to long-term unhappiness, dissatisfaction.

Sure, people do appreciate their efforts and perseverance, but when it truly comes to the matter at hand, to what it really matters, this pales in comparison to their own mental stability and fulfillment.

It might be satisfying to have their efforts validated and to be appreciated, but knowing when to stop and spend some time with family and friends is equally, if not more important.

They should learn to speak about their problems, share their griefs and sadness to people who can understand and support them.

By being so obsessed and focused on doing a perfect job, they will open themselves to emotional instability, unhappiness, depression, and massive confusion.

This doesn't only make it harder and harder to lead a healthy lifestyle but it also affects their professional productivity. They need to think about themselves as well, about all the pressure that they're shouldering, a self-made choice.

They're going to start researching how they can develop their bodies, increase their

stress tolerance, learn everything they can about how the human mind works, and how to best use it.

Paranoia, incessant worrying and overthinking, hypochondria, unreasonable uncertainties and anxieties, unnecessary stressing and the freaky obsession with hygiene and cleaning.

These are the most basic problems that they will have to deal with. The 6th house Mercury natives have a lot of working to do on themselves, to refurbish their entire inner world in order to reach a satisfactory level, to dispense with all the future problems, all the stress, and fears.

Mercury ♿ - Ruled by Gemini (& Virgo)

Venus ♀ in ♏ Scorpio man 23° 47'

([935] i.thehoroscope.co)

He will want besides him a woman who can make the world kneel in front of her, someone he can be proud of.

The Venus in Scorpio man is a willful and determined individual who would never do things half-way. Either he goes through to the end, or he doesn't start it in the first place.

Same goes in a relationship. If he finds the partner to be attractive and worthy of his time, then he's going to dedicate all his time and effort in building up a long-standing relationship.

He's fiery, volcanic, enthusiastic, extremely loyal, and has a tendency to assert his control everywhere he goes. He's honest to a fault and doesn't have any prior thoughts before committing and sharing his life with his partner.

In a nutshell:

Positives: Intriguing and sensual;

Negatives: Secretive and tactless;

Soulmate: Someone who will do anything to seduce him;
Life lesson: He should make an effort to temper his jealousy.

His love personality

This man is the dark horse of the zodiac. He's steamy, volcanic, confident enough to face the world with nothing but his own steely determination and cool demeanor.

He will want besides him a woman who can make the world kneel in front of her, a woman with royal charms, exuding sensuality and lasciviousness.

Only the most electrifying personality can intrigue him. He does tend to become too involved in his partner's life, probing her secrets at every step of the way, wanting to find the mysteries that lie within.

The Scorpio sign is one that stems from earth, and just like that the Venus in Scorpio native prefers women who are resolute, intense, and passionate about what they do, but not unpredictable or unexpected.

He takes some time to get to know his partner, seeing how she approaches challenges, her looks on life, but once he decides to commit, rarely does he ever regret his decision.

When he does, it's going to be caused by the lack of compatibility or understanding, and not because of conflicts or arguments. In a Scorpio's love life, such aggressive conflicts are flimsy events where they let go of some steam.

This is a fierce man who offers his love with high expectations. If he gives his all to a relationship, puts forth incredible efforts to build a stable and secure situation for them both, he expects a full reimbursement.

He might exaggerate with his possessive reflexes, and he might even get jealous if he sees you talking to your guy friends for too long, but that's only because he loves you a lot.

Don't be surprised that he's hired a private investigator to follow you around or that he does it himself.

The man born with Venus in Scorpio is a very lustful individual who often can't control his sexual cravings, and he might have secret affairs behind your back if he doesn't find the satisfaction he was looking for.

He's a non-conformist who hates traditions and routine-based activities. He would rather do his own things, away from prying eyes, than have to stay in-line to buy a ticket for a movie, for example.

He's strange, and he likes doing weird things that society might shun him for. However, does he even care in the slightest?

Nope, he does not, and this turns him into a real alpha male who knows exactly who he is, what his identity is.

If you notice that a Venus in Scorpio male is giving you the sweet treatment, that means he has already determined that you are perfect for him, and the testing has finished.

He's a very loyal and devoted lover when he's incentivized to be so. Also, he's a sexual maniac who just can't sate his insatiable lust for physical contact.

Attracted by ...

Beyond the physical attractiveness and certain details that he would like his lover to have, he's immediately turned on and intrigued by a woman who exhibits nymphomaniac tendencies.

Since he loves sex so much, and he derives great amounts of pleasure from it, meeting a woman who stands to fulfill his every desire with a smile on her lips, how could he not be driven insane with desire?

He wants to consume his entire being in the enjoyment of bodies, in the melodious friction of the skin, the dance of the flesh, the symphony of moans that accompany the ultimate carnal pleasure.

He wants it all, your heart, your soul, every fiber of your being to radiate with intensity, with the passion of vitality.

Being the hunter, the one who ravages the beauty and deflowers it, this is one of his biggest dreams, and he wouldn't say no to a rape simulation if his partner gave her consent.

If you even think about seducing this man, you have to be serious, confident in your abilities, passionate, and willing to be subdued.

This guy wants to win you over and to dominate your whole being, to build up a steady relationship that's based on mutual trust, respect, and devotion.

In conclusion

This native's biggest strength, and the aspect of his personality that reflects his approach and attitude toward the world is his fiery passion.

There never was and never will be another native that could match up to his volcanic and all-consuming intensity, that certain profoundness of being that you get lost into. The

abyssal depth of his personality shatters all the barriers, and it quickly makes you fall in love with him, so much as to never want to leave his side again.

This man can be very jealous and possessive. Even when he doesn't have a good reason to, he'll start asking you where you've been, whom with, why did you stay for so long, and generally interrogate you for a few hours about the time you went missing.

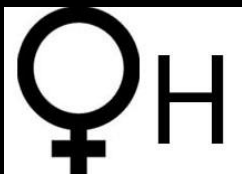

When he starts going that way, you must drop everything else, take him elsewhere in private, look right into his eyes and assure him that everything is alright, that only he deserves your attention and love.

He doesn't let anyone make fun of him or smear his reputation. If his partner mocks him or disappoints his expectations, she should prepare for his fiery vengeance.

He won't let this go even if he has to wait for years on end preparing for the right moment. And this obsession often makes him overly focused on something that's really not that important.

The man born with Venus in Scorpio must learn that if someone lets him down, the worst thing he could do is detach himself completely, abandon that person and cut off all contact. Communication, though, is the key to everything, including a conflict or argument.

Venus ♀ in XI 11th House

([955] i.thehoroscope.co)

People having Venus in the 11th House need variety in their lives at all times and value all kinds of relationships and affiliations.

Venus is the planet of elegance, love and pleasure, so when it's in the 11th House in the natal chart, these natives are always looking for interesting friends, because their curiosity about others has them sustaining great relations.

They tend to impulsively associate themselves with different individuals, not caring what implications their actions may have. The 11th House is about everything that gets done in a group, while Venus is the ruler of love, so it's very likely they'll meet the love of their life doing something jointly.

They may have many financial gains and a lot of connections from many of the groups they're involved in. Very diplomatic, they usually get along with everyone but make the mistake of confusing love with platonic connections.

Summary:

Strengths: Friendly, cheerful and devoted;

Challenges: Pretentious and inconsiderate;

Advice: Follow your gut feeling without doubting yourself.

Only a strong friendship will have them wanting more

People having Venus in the 11th House will express themselves socially, romantically and artistically through the harmonious friendships they have formed by participating at events or going to fraternity parties.

It's very likely for them to meet the love of their life at a group gathering, because they like people with the same interests as them. But for them to get involved romantically, they need to feel their partner is being honest.

Focusing only on qualities and what makes a person attractive, they're really the type who leaves negative traits behind.

If they want to keep their interest towards someone, they need to have a little bit of variety and to do unusual things. Their most erogenous zones are the ankles and the calves, so expect these parts of their body to be very attractive.

While valuing all kinds of relationships and affiliations, they may not be very responsible with their friends. Venus in 11th House individuals will be adored by the people in their life and they will like it.

Only a strong friendship will have them wanting more, because this is the only way for them to truly fall in love. They don't necessarily want someone to make them feel fulfilled, so any person who can reach their soul will have their heart after a few meetings as friends.

They only see what's good about a person and prefer to keep a certain level of variety in each and every one of their relationships. There's no one to love friends more than them, so their lover may feel a little bit left out when not wanting to go out with their gang.

One of their favorite things is bringing people together, because only doing things with others can have them in their best mood.

They are really inspired by others and conversations about things they have in common

with their interlocutors. It's very likely they'll belong to more than one group of friends and get along well with all of them.

Very good at changing their attitude according to whom they're spending their time with, Venus in 11th House natives fit in everywhere and are loved by many.

It's impossible for them to fall in love if the other person doesn't share their interests or doesn't come up with new subjects of conversation, doesn't get along with their friends or doesn't want to get involved in the same causes as them.

They can immediately change their focus from one person to another and don't stress that they may have hurt some feelings along the way.

Very loving, they can be interested in more than one person at a time, depending on the aspects and other signs in their chart. They are the ones who can adapt to different lovers and who marry their friend or wait their entire life for the perfect partner.

Very fun and interested in those who like to occupy their time with the same activities as them, people with Venus in eleventh House love to give their heart away and to spread their love.

This House is the ruler of Aquarius, so they will surely be great humanitarians who want to self-improve all the time.

The same House is also about what help friends are giving its natives, so the presence of Venus here would mean a lot. For example, they can have many wealthy people in their life, who will help them with money and even a home or a car.

When in positive aspects by Jupiter or Uranus, Venus helps these natives become rich with the help of one of their friends. It will be their main purpose to get included in what their close ones may do for a living.

Loving but a little naive

People having Venus in the 11th House will always have great friendships because this is what keeps them going in life. Even their romantic relationships start by being friends first, so if they no longer feel that their partner is also their companion, they can fall out of love immediately.

It's not a lover they look for, but someone with whom they can have a great time and do fun things. The fact that they're always focusing on the positive traits of a person and can't see what's bad can be a very good thing for them.

The more variety they'll have in their life, the happier they will feel and they'll be able to live the way they dream of.

When it comes to how much they love their friends, this can confuse their partner because it's possible for them to not pay that much attention to their other half and to want to be only around their buddies.

They are the glue-people, those who bring others and groups together, so every gang should have one of them around. When out, they want to be sure everyone is having a great time and don't mind being fun themselves, either.

It seems like conversations with others simply inspire them, so finding they have similarities with people in their life is very encouraging to them.

When someone fights for the same cause as them, they simply don't want to part ways with that person anymore. But it's also very easy for them to fall out of love without feeling guilty or in any way affected by the situation.

All in all, they're loving but have a problem, because they can fall for more than one person at a time. It can be easily said they're the right candidates for open relationships.

If their best friends won't appear in their life for them to marry, they will just wait until this happens.

Loving to have fun and to give their love away, they will be appreciated for being so open with their feelings and caring.

They seem to have great talent with the arts, especially with music and theater. As a job, it would be very easy for them to sell beauty products or to be make-up artists, because they simply love talking about fashion and beauty.

If some "bad" planets are in the 5th House, they may have problems with their other half, because of their friendships. This is very likely to happen, especially when Pluto or Mars are in the fifth House.

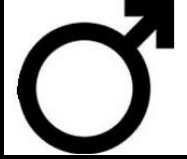

Very good at organizing people, Venus in 11th House natives will surely be in a community or social group and get treated as someone very important.

Pluto, Mars or Jupiter are strong in their chart and can influence them to be great leaders and very good at giving their best for the group's interests. They don't want to rule, they just seem to be perfect for it.

Venus ♀ - Detriment in Scorpio (& Aries)

([871] southfloridaastrologer.com:) A restricted expression of sensuality and beauty is experienced when Venus is in Aries or Scorpio. Aries and Scorpio's need to exert their will and gain power are opposite Venus' need to be polite, sensual and enjoy beauty.

Mars ♂ in ♊ Gemini man 16° 6'

([961] i.thehoroscope.co)

He may often find himself troubled by the excessive energy coursing through his veins.

The Mars in Gemini man loves to play with the mind of his loved ones, but not in a manipulative, mocking way. Instead, he likes to put them to the test, to see how they can face up against his mind-twisting wordplays.

He's an intelligent individual who just can't get enough of exploring the world. He's curious, skeptical, rational, and he won't back off from an interesting conversation. Rather, he's the one starting them.

In a nutshell:

Positives: Free-spirited and easy-going;

Negatives: Skeptical and contradictory;

Soulmate: Someone who is mysterious and challenging;

Life lesson: Avoiding to leave things only half-completed.

A penchant for mind games

This man is very amusing, witty, with a startling panache for putting his interlocutors in intellectual deadlocks. He just can't get enough of it.

Free-spirited and with an expansive mind, he will flirt with any woman as long as he's intrigued enough. Their style is very subjective, flexible, fitting with their adaptative personality. He can do any style, depending on the type of social context he's going at.

Moreover, he can be extremely persuasive and good with words when he's put in situations that he must deflate quickly.

Against his opponents, he will often try to put them down with mind games and psychological tricks before resorting to anything else.

Of course, there are also those who won't be tricked by such simple tricks that they're putting forward, and these enemies are those who can match them intellectually.

The Mars in Gemini man is always troubled by his excessive energy coursing through his veins. He feels the need to be intellectually stimulated, to keep himself occupied with challenging interest, and this also means that once something turns into routine, he'll be appalled and become disinterested.

This is why most of his projects will only go completed half-way, with the rest being suspended for an unknown time. One singular focus would kill him. He needs diversity, many simultaneous points of interest, each with its own level of difficulty, to really satisfy his needs.

Multi-tasking is how he finds fulfillment. He's extremely able and dexterous, nimble with doing the more detailed things that other people would throw a fit over.

They can be very contradictory at times because Mars' combative influence gets them going at times when their natural disposition would choose another way to go.

They could, for example, choose to act with a strong impetus instead of trying to talk their ways out, and the other way around, in totally incompatible situations. Moreover, their logical and rational mindset often gets in the way of how they express their emotions.

Thorough analysis is needed, and you'll often see them space out at times, probably thinking about how they should react.

Fun fact – because they are so observant and meticulous, they can be the best sportsmen because they will literally study every little aspect and technique in order to perfect themselves.

Quite a joyful lover

The native born with Mars in Gemini tends to be a complete mess in his younger years, at least in terms of love. He's moving from relationship to relationship, not really knowing what he's looking for.

Uncertain, with a visceral hate for organization and structure, he won't be able to always reach his goals because he abandons them half-way.

However, all these intellectual comings and goings will eventually turn into a very beneficial thing for him because he'll accumulate plenty of knowledge, focus on a specific interest that he'll later get to turn in a lucrative profession.

As for his ideal partner, that remains a mystery for most of the time. It's going to be someone who can take his intellectual mind games and retort in her own way, that much is sure.

His endless energy can only be exhausted one way, and that is intellectual activity, more specifically by discussions and debates.

If you see them constantly bringing up a topic, you'd better realize right then and there that they are very prepared to take out their colossal amount of knowledge and beat you with it. They can get very ecstatic and giddy about this sort of things.

They are tensed and agitated, always looking for something to do. Their passion and intensity manifest in the most surprising of ways, certainly not in a violent way, but a free-spirited and cool manner.

Intimately, he can be a very joyful man, always willing to try something to spice things up, but you can really turn him on with kinky words as well. Seduce him with honesty and romanticism, and you'll have a loving partner for life.

However, his levels of honesty and directness aren't welcomed by many women. This is why he's become apprehensive to keep silent about certain things.

He can be very uncertain about the course that he wants to choose for the relationship, so expect a sudden change of perspective with him.

One of the ways in which you can know for sure this native is serious about you is noticing how much time he's willing to invest.

Also, you should know that he's a casual flirter, and he won't resist the temptation to get close to other women, just for the fun of it.

In conclusion

He is a very active and multifaceted individual who is both spontaneous and bright-looking. Optimism is his middle name, and he won't ever despair over spilled milk.

Rather, he's going to move forward and try to overcome the challenge (by talking his way out of it, most of the time). He's a talkative character, and this is an underestimation. He can literally talk his enemies to death.

He might have strong principles that he'll want to uphold for the rest of his life. He's both socially active and communicative, respectful to women, and diplomatic. You won't ever have to complain about him making a scene in public.

If he seems to be uncertain and apprehensive about moving forward with the relationship, it's not an illusion, he really is unsure.

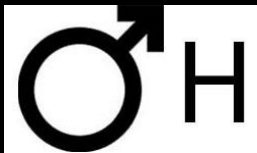

He first wants to know that you won't just up and go at the first sign of danger or that you would be scared of his inner thoughts and emotions. First get to know him, and then he'll

open more to you, gradually.

He's a multi-tasker, an erudite, someone with eclectic interests who just can't focus on one single goal at a time. He needs activity, multiple activities to take part in, group projects, hobbies, passions, and so on.

However, he must really learn to complete his tasks once he starts them. The tendency to leave them like that will be a huge disadvantage in the future.

Mars ♂ in VI 6th House

([986] i.thehoroscope.co)

People with Mars in the 6th House are able to dedicate their entire lives to their passions and will wish to be of service to others.

People having Mars in 6th House are very productive, eager to work and efficient, because they never seem to get tired. They can also be really impatient and very irritable when seeing their colleagues not doing things the same way they are.

It's like their mind has its own mechanics meant to continuously spin, their ability to recuperate after bad times being simply incredible.

Summary:

Strengths: Practical, organized and attentive;

Challenges: Demonstrative and stubborn;

Advice: Avoid unrealistic expectations.

Can't stand unfairness

Mars in sixth House natives are very focused on their work and always proud of what they've accomplished in their career.

It's suggested they try putting others' needs above their ego and start doing things on their own, or slow down when their colleagues can't keep up with them, because they're not the best at teamwork.

The 6th House rules over health, the presence of Mars here making its natives sensitive to infections and prone to accidents. It's important for these people to exercise and follow a healthy diet every time they're feeling a little down.

As very active individuals, they prefer working with machines and using tools. It's also possible for them to work in the health sector as chiropractors, doctors and even yoga teachers.

They may be paramedics as well as this involves working with different resuscitation machines and requires the employees to have a lot of energy, not to mention they really want to be of service others. Their approach to work is doing what needs to be done without caring what colleagues want.

They really love animals, so a career caring for pets may also be their choice of profession. Physiotherapy makes them very curious, as they really like to see how the human body works and what defense mechanisms it employs.

It's important for them to learn what collaboration with their colleagues means, because they can become really irritated when seeing others don't work as hard as they do. Masters at technology, determined, calculated and disciplined, they also have a need to be of help.

These natives can dedicate their entire life to what they're doing for a living but can't stand unfairness. When doing something, they really focus and can't be with people who waste their time.

It's normal for them to work until they get extremely tired. Organizing, arranging, evaluating and managing are things they're very good at, but Mars in the 6th House can have them a little bit problematic when it comes to their health.

Practical aspects

As said before, Mars in sixth House individuals invest a lot of their energy into work, doing their job to the point of exhaustion. They are better on their own than in teams, because the laziness of others makes them really angry.

Very talented at organizing and managing, they would spend nights classifying files and get really upset if someone criticizes them for what they've done. Very impatient to succeed, they seem to take every project they have personally, so you can be sure they will always do their best as far as work goes.

When in teams and not having things going their way, they become very frustrated. Always expecting their colleagues to be as enthusiastic and hardworking as them, they demand a lot from these individuals and respect those who appreciate their efforts or the results of their work.

Everyone sees them as strict bosses but amazing friends. In case their Mars is difficult, and they want to soften it a little bit, they should learn how to no longer take their work

so seriously.

Being such fanatics about their job is not at all healthy, some relaxation being absolutely necessary.

If were gentler with people in their life, happiness would definitely find them faster. It's not Mars' fault they're a little bit violent, but theirs because they accentuate this planet's influence. The only action to take in their life is changing their perception about what they're doing for a living.

Being too demanding with co-workers and even family members, they want these people to always be perfect. Individuals having Mars in the 6th House should be ready to compromise from time to time, because their ideas aren't always the best.

Approaching problems in a different way than the one they initially thought of can be something very beneficial for them. Others' opinions are also important, so they should listen more and set the Virgo in them aside, because it only influences them to look for perfection.

Others will respect them more when wanting to listen, and they'll receive help and admiration. Natives having Mars in the sixth House should praise their collaborators more if they want to be truly appreciated for their own work.

The downsides

While not having any problem with team work, people with Mars in the 6th House are better as leaders or working alone, because they have too high demands that many can't live up to. Not to mention they're the same with their family, always trying to make their loved ones better.

It's like all they see is defects and negativity that have to be somehow fixed. Not badly intentioned, they just want to improve and make everything more efficient, feeling like there's potential everywhere they look.

Many will not be aware of the fact that these natives are frustrated, because they really don't express themselves when upset. When they're bossy and arrogant, others start to no longer listen to a single word they're saying.

Mars in the 6th House in a nutshell

Different aspects in their birth chart determine their style of work, but regardless of this, they are sure to deliver only excellency and to invest a lot of their time and efforts in what they have to do.

It's possible for them to do something physical or that's related to enforcement, because they could really use their aggressiveness and Mars rules over uniforms, so a career in the police or military field would really be for them.

As said before, they're also good at using machinery and different tools, so working in a factory or with technology would also make them feel very good.

There are many professions they could choose, including as weapon sellers. Everything that has something to do with metal falls under the ruling of Mars, this planet in the sixth House being the placement of blacksmiths.

However, this skill is also good in managerial and publishing positions. Proud of their morals and principles, Jupiter Arieses will always take the clean road. Their honesty and larger-than-life attitude could help them become great leaders. People will appreciate them for being optimistic and generous.

Not to mention how loved they will be for being able to see and tell things as they actually are. But in order for them to be efficient and successful, they need a lot of freedom and to engage in all sort of adventures.

It's not normal for Jupiter Aries to be shy, doubtful or scared of something. But because they will focus too much on themselves, they may have problems in their relationships with others.

Not that their confidence won't be good. It's their ego that may spoil things. It would be perfect if every now and then, they would find some humility and pay more attention to others. Only this way, they will enrich their connections with their loved ones.

The fiery aspects behind their reactions

These natives can feel like anything is possible if they channel the lucky nature of their Jupiter in Aries transit. These people are always ready for anything and take good care of themselves.

At least they will always be enthusiastic about new adventures and projects, no matter how hard life will hit them. And they will persevere to succeed. Jupiter's imagination can help them have great ideas. However, the real world is more about normality and less about brilliance. Their inspiration and spirit will fade in favor of the monotony.

That's why Jupiter Arieses need to collaborate with others who can help them see their ideas put into practice. It can be said Aries natives are determined enough to not need Jupiter. But when this planet's luck and expansiveness gets together with the Ram's impulsiveness, ambition and generosity, the people born under this transit get to be the hardest working, ambitious and kind hearted.

When they have to wait, they can throw serious tantrums. Their attitude in life can be compared with how the entire nature explodes in the Spring.

Just like the Spring Equinox, they are only moving forward towards sunnier days. Jupiter brings them enthusiasm, the Aries rules the head and makes sure self-confidence is present.

As a matter of fact, Jupiter can make anyone feel too big. When in Aries, things can become too difficult to handle. The people lucky to have been born with this aspect will start fires nobody will be able to put off.

They are the most optimistic when they have to start a new project and they will shine when they will take risks to make things work. They will always be sure things will start again if they'll fail.

In a nutshell:

Style: Disciplined and patient;

Top qualities: Ambitious, stable and relentless;

Challenges: Stubbornness and pessimism;

Advice: You are too selfish when trying to protect your emotions.

Personality traits

Individuals who were born when Saturn was passing through Capricorn are over-achievers above all else, the type of guys who either go all-in or don't go at all.

For them, there is either complete victory or utter defeat. There are no half-assed attempts, only definite and straightforward achievements.

Symbolically, this native's responsible and relentless personality is similar to the rough hardness of a diamond, immutable even in the face of time itself, let alone outside attempts to break it.

With great ambition and one singular idea to pursue, for the time being, this native produces immense quantities of effort and galvanizes all their inner potential in order to attain their innermost desires.

Professional advancement represents the essential factor that counts to them toward a happy and comfortable life. In this sense, they very much prefer to work alone because, on the one hand, they fully know what they are capable of, as well as the limits, and on the other hand, they don't do well in coordinating their efforts in a team project.

In order to truly bring out the best in them, these natives prefer working in an organized environment, where they can peacefully devise a plan, deconstruct ideas, work things up

on how to achieve the desired outcome.

It's very easy for them to have the best results with this in mind, and one of their biggest fears is not being validated for their hard work.

Appreciation matters a lot, because it inflates their ego even further, and most individuals, who believe themselves to be smarter than everyone else, like this feeling.

Dedication comes with time, and it comes from a desire to achieve something, to find fulfillment. There are plenty of reasons why people work hard, but the Sagittarian Capricorn works out of a need to feel in control of any situation.

If they were to let everything play out without interfering, the end result would be random, out of their control, way too unpredictable for comfort.

Relaxation time comes only after all the responsibilities have been taken care of, and since they seem to never finish their work, or they always find other outlets to pour their unending energy in, it's a given that they don't take the necessary time to enjoy life as well.

On their path to achieving a secure and stable lifestyle, they might forget about living life in general.

Their love needs

For all the responsibility and pragmatic efficiency that they demonstrate to have in professional life, things are very different when it comes to intimate relationships, to love matters.

Because they tend to focus too much on their plans and projects at work, they constantly forget about taking the time to take care of themselves, and this obviously means that their partner will feel neglected.

Their goals are admirable, as well as their motivations, but in the meantime, there is a clear lack of affection in his relationship.

To express emotions and feelings is not a sign of weakness, but one of maturity, of growth, of being human. The Saturnian Capricorn becomes a very reliable and devoted person once they commit to a relationship, and this is often the trump card that saves the day.

These natives must really take some time off and show their lovers that nothing matters as much as the relationship for them.

The good and the bad

Their highly efficient and productive persona, as well as the infinitely ambitious personality, make others believe that this is a psychopath, someone lacking in any feelings, a workaholic who cares about nothing else than the career.

However, family and personal relationship matter at least as much as professional success, it's only that these natives often get too focused on a given project.

Social skills are very developed in their case, especially speaking abilities. Saturn Capricorns can be persuasive, manipulative, and can really deliver a great speech in front of an audience.

You should never get into a debate with this native because they're going to turn you upside down and make it seem like you were wrong, to begin with.

It also doesn't help that they're down-to-earth individuals and will likely never over-step certain logical barriers.

With a laborious attitude and a confidence to scare gods away, the Saturnian Capricorn is equipped with everything they could ever wish for.

Indomitable will, scorching passion, a boundless source of spirit and energy, resourcefulness, they have all the qualities that warrant a great future, and they will achieve it by taking on any and all challenges.

Working for their family, for their close ones, or just for the sake of their own development, the rise on the social ladder, this native may have a slow pace, but it's a steady and unstoppable advance towards the epitome of success.

With this much potential at their fingertip, much of it granted by Saturn, it's no longer a surprise why these natives prefer working alone.

It's because there is only a handful of people who could be a match for their ambition and perseverance.

The Saturn in Capricorn man

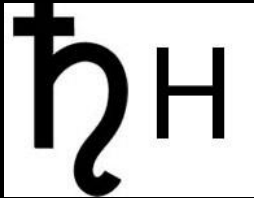

The male counterparts of the ever-so-successful Saturnian Capricorn women are endowed with the same obsession for rules, regulations, principles, and look on life as a playground to experiment in.

They are generally kind and happy individuals, both professionally and emotionally because the first determines the other.

If they have success in their careers, then it's going to reflect in their general disposition. If you stumble across one of these natives, you'd better make sure to keep them.

He will rock your world with his boundless generosity, love, care, and affection. They want to make their partners happy, and we all know how perseverant they can be.

Saturn ♄ in I 1st House

([1029] i.thehoroscope.co)

This placement of Saturn encourages people to keep their promises no matter what and tend to form close friendships straightaway.

People born with Saturn in the first house are grave and composed, so many times, others see them as cold and detached. They take their responsibilities very seriously and know how to work hard because a job well done makes them happy.

When it comes to discipline and self-control, these natives are simply the best, convincing their close ones to usually count on them. They may have been feeling insecure and inferior in the past or as growing up, these being the reasons why they're so ambitious and want to get things done the right way.

Summary:

Strengths: Generous, responsible and contemplative;

Challenges: Shy, easily stressed and conceited;

Advice: They need to take every obstacle as an opportunity to learn.

Keeping their promises, always

The 1st house is a representative of energies people usually project when interacting with others. It plays an important role in defining personality and is heavily influenced by Saturn, making natives with this planet here distant.

Their friends and family will rarely see them smile, but when doing it, they'll surely put a lot of heart and soul into it. Saturn's influence gives them clear judgment and a responsible conduct.

These are the kind of people who keep their word and feel guilty or anxious when trying to compete.

Those who don't have this placement in the 1st house wouldn't understand this, so don't be surprised by this when getting to know them a little bit closer.

It's not beneficial for them to be so neurotic if getting one of their colleagues' jobs just considering they've been more productive, but this is the way they are and no one can change them.

Very hard on themselves, it may be stressful to be in their shoes as they're all the time analyzing how well they've done things and hate to leave projects half-done.

They're highly responsible and expect the same thing from others, but as said before, whenever they're ahead of their team, they start to feel a misplaced anxiety and guilt.

This can have them sick with stress-related diseases and they may even end up institutionalized if not paying attention to no longer be so hard on themselves.

It's suggested Saturn in the 1st house natives lay a little bit low and allow those around them express themselves for a better understanding of their own relationships.

Taking what they want after this happens may be a better idea for them as their initial requests may be too pretentious.

Their partner or spouse should clearly understand these natives need to self-assert themselves. They don't like changing their surroundings and friends, so they'll most likely remain in the same groups for a lifetime.

Saturn influences people to be disciplined and responsible. When in the 1st house, it makes them more serving, able to achieve their dreams and to express their wishes because this house is all about the self and how individuals project their personality on others.

This planet makes sure to bring the themes it features into people's life as much as possible, inspiring seriousness, a stern facial expression, its specific sarcasm and a high level of maturity.

Don't think natives having Saturn in the 1st house never smile, because they do and their face seems to simply illuminate when a good joke is being told.

However, they may have problems expressing their individuality and allowing themselves to be as original as possible.

Insisting to never take action without having a good plan, it's possible for them to miss on great opportunities that would require a bit more spontaneity.

They tend to not trust people, organizations and even the government, so they will try as much as possible to live a private life and to never talk about themselves.

When it comes to expressing their own opinion and free will, expect them to be reserved because they either have some memories from childhood that are repressing or they simply don't trust their audience.

Saturn in the house of Aries is all about being responsible and having a need for independence. It also comes with impulsiveness, but a more mature attitude can easily fix this problem.

Natives having Saturn in the 1st house should learn how to deal with the intensity this planet positioned here brings to their life.

Knowing when to take risks and how to make the best out of their strengths can be a problem when facing all kind of obstacles all the time, but not impossible to get done.

It doesn't matter if men or women, individuals having Saturn in 1st house will be led by this planet to have self-control and a goal-oriented approach.

More than this, they will know who they are and how their best traits can put them on the right track.

They're not in any way the type to be insecure and terrified of rejection or criticism because self-sufficiency characterizes them more than anything else.

Other ways through how Saturn works in the first house are by making natives with this placement enjoy their work and by giving them a wish to spend as much time as possible in solitary.

Don't think that if they love to contemplate all the time, their energy levels are low because their ability to complete projects in a timely and efficient manner is famous.

When it comes to health, this planet influences them to suffer from rheumatic or bilious diseases. They will learn many important life lessons ever since young, but they should keep frustration to a minimum level as this can isolate them from others, leading to an inability to express their emotions or be spontaneous.

If Saturn puts many obstacles in their way, it's only doing it to help them succeed and at the same time learn something.

They will surely get recognized and appreciated for their work or wisdom because they can do a great job each time they invest their efforts into something.

The goods and the bads

Governing Capricorn, Saturn is about limits and the difficulties people face in life, at the same time giving natives having it in the 1st house traits that are specific to the Goat zodiac sign.

Expect these people to always keep a poker face and to seem like they're contemplating even when having fun.

Many will tell them to be happier while they already are, which makes it difficult to let themselves be clearly understood.

When it comes to responsibility, they would never back down from putting their needs aside and making sure others get what they want because doing the opposite makes them feel guilty.

It's essential individuals having Saturn in 1st house are less criticizing with everything they're doing and saying themselves. They surely are the best friends because any time someone asks them for their help, they don't hesitate to give a hand and to offer their support.

While wanting independence, these people can also feel confused when having freedom, so their mind will constantly struggle between taking in responsibilities and living freely as the birds in the sky.

They should not hesitate to ask for help when being cornered because this is what everybody else does and it seems to be working.

Astrology identifies Saturn with limits and commitment, which means this planet makes natives having it in the 1st house less free-spirited.

They may have the necessary instincts, but their mind always forces them to choose logic and to act rationally. If not careful, these people can end up suffering from anxiety and even severe depression, so long talks with their family and friends are highly suggested.

All people having Saturn in 1st house should be aware of the fact that stress can destroy them, so different methods of dealing with this problem should be in their to-do list.

Talking to others would be a great idea since Saturn influences them to be great father figures and to attract people like magnets. It's true they can't easily trust, but they could use what their intuition tells them and combine it with a thoughtful approach.

This would be of great help for their work and family matters, where they would no longer have to wonder what others want and need them to do.

Saturn in 1st house individuals are always aware of what's right and wrong because they're fast thinkers.

While wishing to always be first, they may forget life is also meant to be enjoyable, not only a struggle for success.

In spite of being independent, they may not know what makes them unique because they're all the time doubting themselves.

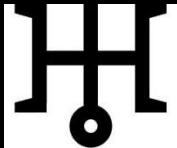

Their loved ones could help them be less insecure and feeling guilty for wanting the first place all the time.

A karmic planet, Saturn shuts down the ego and makes people think twice before acting. While those having it in the 1st house may feel like no one understands them, they will still always be intelligent, powerful and kind, protective of their loved ones.

Saturn ♄ - Ruled by Capricorn (& Aquarius)

([871] southfloridaastrologer.com:) The most authentic expression of structure and rules is found when Saturn is in Capricorn or Aquarius. These signs respect boundaries and limits. Uranus feels at home accommodating structure when it is in Capricorn or Aquarius.

Uranus ♅ in ♉ Taurus man 16° 13'

([1042] i.thehoroscope.co)

The position of Uranus in your natal chart reveals how forward-looking you are, on one hand, and on the other, how rebellious you are.

Beware of those born with Uranus in Taurus in their natal chart because, even if they may appear as good-natured fellows who are great to have as friends, that may change when you see how stubborn and rigid they can be.

The thing is, this native usually prefers a routine-based lifestyle and being influenced by an immutable sign, it's very easy for him to become even more inflexible.

These people can reach their objectives with ease thanks to the creativity they were

born with, but the one-way perspective and unwillingness to accept change totally oppose Uranus' fast-paced energy streaks.

In a nutshell:

Style: Insightful and subjective;

Top qualities: Idealistic, practical and generous;

Challenges: Materialistic and stubborn;

Advice: You can receive new insight from people you would never expect.

Personality traits

With Uranus being such an enduring and slow planet, keeping itself active for about seven years in each of the signs, it obviously has enough time to make its influence take roots.

Under the Uranus Taurus transit, it is its stubbornness and rigid perspective that get strengthened and intensified until they reach the epitome. They're never willing to give up on their ideas and dreams, even if they had to abandon everything else.

Family and friends don't have a saying in their decisions, and if they can't see a better path, no one can.

They are this stubborn because they base all their decisions on the power of intuition, and we all know how dead-certain intuitive people can be.

Nothing can defeat their gut-feelings because it's just too strong to ignore. Thus, no matter how you try to convince such a native to think up of another plan, you won't have a chance of victory.

They are very imaginative and ambitious individuals who want to build a brilliant future for themselves, financially and personally, so they'll naturally want a partner with whom to work things through toward this goal.

It would be a good idea to spend some time with your Uranus Taurus friend before even coming to a conclusion about their nature. They might appear as a free-spirited and open-minded individual who is tolerant of many things, but the truth is completely different from that.

The Uranus Taurus is actually someone who wouldn't change his ideas or viewpoints even at gunpoint, that's how stubborn this one can get.

Even though these natives might be willing to change their perspective, they won't do it unless they are utterly convinced by the necessity of such a change, with rational arguments if possible.

The best possible outcome that the Uranus Taurus combination brings would be the balance between both their characteristics. With Uranus bringing in the spontaneity and non-conformist approach, how could the rigid and stable-minded Taurus ever make peace with it?

In the worst case, only one of them survives the conflict, with the other being submerged in oblivion. In this sense, they may be acting weirdly most of the time, split between the unrestrained impulses wreaking havoc, and the patient, steady approach imposed by their sign.

Uranus instills the Taurus with a certain financial sense of comfort, in that they wish to elevate status and power well above the rest of the people.

Material security is a problem that has to be dealt with quickly, and they are the ones to do it. Looking at their anarchic spirited nature, they create the impression that the world may be in for quite a change if they get to have a certain degree of control over it.

Great changes are afoot at the hands of the Uranus Taurus native, that much is true. Essentially, Uranus gives the Taurus the power to break free from the imprisonment of societal conformism.

All these expectations have no other role than pinning one down, making one have certain doubts about achieving their dreams, thinking things through before committing to a course of action.

The status quo gets shattered to pieces by this planet, and the Taureans have nothing to fear anymore. They can follow their goals as long as they see fit without anyone interfering anymore.

A jealous lover in a nutshell

In love, there are a lot of things to watch out, like this native's bouts of jealousy that are bound to create problems.

They just can't get enough of their partner and would be destroyed to lose them. Possessive to the extremes, it's uncertain whether their natural charm and adorable attractiveness compensate for this or not.

Pragmatic and efficient at accomplishing their goals, they don't stop until they see something taking form, and it usually happens as planned.

There is no one else more productive and ambitious than this native, that much is true, even when it comes to romantic matters.

The good and the bad

When this native has an idea that they wish to put in practice straightaway, they summon all the strength at their disposal and pour it all down at the altar of creation.

Even though they may be slow in the beginning phases, and even in the implementation of the aforementioned plan, when all is said and done, the results speak for themselves.

With a great boldness that rivals the warriors of old, these natives use their many abilities and resources to make their dreams come true.

Able to create something beautiful out of a slate of rock with their bare hands, they are truly one to be reckoned with, and their skills appear to be endless. Any challenge is welcomed as a form of honing oneself even more, and this can only be admired.

The Uranus Taurus natives work fine with people as long as they agree with their ideas. If everything goes the way they planned, then they'll be the kindest and friendliest people out there.

The moment you even begin to doubt the efficiency of their ideas, that's when everything goes down south.

They don't tolerate insubordination, nor do they like false friends who can't appreciate a genius when they see one. If you anger them enough, you won't like what you see, the monster will come out and eat you alive.

Summary:

Strengths: Ingenious, thoughtful and warm-hearted;

Challenges: Restless and procrastinating;

Advice: They should learn how to cope with boredom too.

Keen to experiment

Natives having Uranus in the 5th house will always express their creativity in the most unusual way. Really uninhibited and free, they know how to live their life and usually don't care that much about the rest.

When having to express themselves spontaneously, they're the happiest. Very playful, these individuals don't mind casual romances and can leave behind any person that seems dull and unenthusiastic.

Many will be in love with them and they won't mind in any way to be in the center of attention. They need to be seen as unique individuals because this makes them feel they can bring their contribution to the world in a more efficient manner.

Everything in their life has to be experimental and to have something to do with the new or to get them involved with others belonging to different cultures. The soul of these people needs to be free and to love whomever it wants.

In case Uranus in their chart is in an angular position from Saturn or this latter planet isn't in high aspects, the natives of this position get to be very romantic and wanting to

play with love like they would do with a game.

However, things can be different if they have many planets in Capricorn. Their relationships are usually considered to be unusual because their heart needs to be involved in something controversial when it comes to displaying affection.

They can also move from partner to partner as they're very spontaneous and being constant does not at all come natural for them.

When Saturn isn't in any way strong in their chart, they will feel bored when not challenged all the time by a romantic affair.

The 5th house is the ruler of love, flirtation and one-night stands. Uranus here means natives with this placement have an erratic romantic life because they're all the time changing partners and deal with all kind of an expected situations.

They're the type who falls in love at first sight because Uranus makes things move faster. But don't think their relationships will last long considering the same planet can cause unexpected things to happen and for beautiful affairs to end without any reason.

Not to mention these people are not at all emotional and seem to enjoy being the ones who end things with their loved ones. Expect them to just want to break up out of the blue, so if you happen to be with one of them, make sure you understand his or her psychology.

Individuals with Uranus in the 5th house should be aware of the fact that they can hold on too long to a relationship, so they should establish from the start if they're only looking for a fling and not to get involved.

This way, they won't break any heart. Obviously, when Uranus is in difficult aspects with some other planets in their chart, the natives of such placements can be very dramatic, the type who ends things abruptly and who enjoys extreme situations.

Their eccentric ways may cause problems even after their relationship has ended, so breaking up from them isn't easy. The main reason why they don't want to be involved for too long is that they're feeling all the time constricted or repressed, so they want to rebel against what's happening.

Uranus is the planet of the unusual and at the same time of individuality. Usually, everything that happens with this celestial body is weird and strange. Its 5th house placement drives natives to be shocking in order to see how others react to them. Not to mention it's possible for teenagers with this placement to fall in love with older people, yet their affairs wouldn't last for too long.

Blessings

Not very serious, natives with Uranus in the 5th house need to be free and to do what they want. In conclusion, they're very independent and should have friends or partners who understand them for who they are.

They like their opinion to be considered, so if one of their loved ones wouldn't ask them for advice regarding something serious, they'd get to be very upset.

When Uranus feels comfortable in the 5th house, the natives of this placement really know how to love themselves and they're very objective when it comes to what they can do and their own limits.

They can also see the uniqueness in others and want to make friends with those who have the same hobbies as them.

These people know what works for the masses and usually don't look to observe what actually works for themselves. That's why they make great team players who love to work for the greater good.

Many would want them to lead because they demand respect and truly have consideration for others. What these people need to learn is that relationships involve compromise, which isn't always a bad thing.

Having a big ego can often work against them, they should be aware of how to pay attention to others and also of how to listen more often because many don't want anything to do with them when they're not struggling to become better.

Challenges

People with Uranus in 5th house love being in relationships because they think it's fun and their flirtatious nature doesn't let them to not enjoy love, no matter if they'd just be thinking their connection with the partner is something casual or long-term.

Magnetic and charming, they're always surrounded by people who want them to lead. Uranus makes them quirky, but not everyone will get them for whom they truly are.

Those who really know them can't deny they're the most irresistible people on Earth. Always wanting to do something special that differentiates them from others, they attract adventure and people who don't mind living new experiences with them.

In case Uranus is in a challenging position with the Sun in their chart, the natives of this placement may feel like their father doesn't appreciate them.

Therefore, they can have the father complex and always want to perform to prove the man that raised them that they're the best. This usually happens with many artists who

become famous just to show their father who they are and what abilities they have.

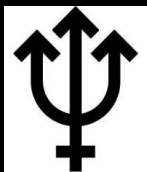

It's important for people having a challenging Sun-and-Uranus position to be aware of the fact that not being recognized doesn't have anything to do with love.

The more they'll learn to appreciate themselves without needing the approval of their father, the better they'll deal with their memories of being rejected, which can be buried in their childhood or even past lives.

The same thing would help them be in contact with their creative side and become really effective when it comes to making art.

They usually learn how to obtain what they want when children, so they don't have any problem finding a partner or attaining their goals when adults. Uranus will always help them explore each and every option they may have in life.

Neptune ♆ in ♋ Cancer man 27° 12'

([1068] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Someone who is born with Neptune in Cancer in their natal chart always plans things with their family in mind, with the wellbeing of their close ones as a priority.

No matter what they're doing, where they are, their first thought is the security and stability of the people they love. In fact, they are a part of many social groups, and are very attached to this concept in and of itself, being a part something greater than themselves.

Being interested in their own person comes at a later stage in life and allows them to explore their upbringing, emotional anchors and what led them to become the person they are. Breaking up with the past is one of the many ways to do this, pulling out all those memories, good or bad, that keep one chained and imprisoned in an old mindset.

In a nutshell:

Style: Idealistic and Sociable;

Top qualities: Stable, patriotic, gentle and understanding;
Challenges: Pessimism and the need to see everything with one's eyes;
Advice: You could support your friends in more practical ways.

Personality traits

Natives who were born under Neptune's watery mark are very comfortable and deeply connected to their sense of belonging to a community.

In this sense, they are very patriotic people, and will always support their country in times of need, even enlisting in the army wouldn't be a big surprise.

Traditionalism isn't far away either because they might also want to protect the generational ideas that have always been there. More practically, they are homely individuals who care a lot about the state of their domestic space.

Moreover, Neptune releases a lot of unused energy that will help them develop more than they would think, on a personal level.

This planet of the intuition and imagination bonds deeply with the Cancer's uncertainties. It gives this native the power to stop overthinking and instead find fulfillment where there is none to be found, when the situation is dire enough to awake feelings of self-loathing, self-pity, anger, disappointment.

Alongside the Moon, Neptune really cranks up this native's potential, bringing the search for inner peace to a perfect conclusion.

The concept of family is much more than that for the Neptunian Cancer. It actually holds a symbolic significance, one that transcends mere stereotypical ideas, that it's something which falls into a routine, a mere social construct meant to have a practical purpose.

For them, family represents closeness, spiritual and personal fulfillment, that place where the struggles of the world bounce off of, a safe refuge for when they lose their path.

Although they aren't exactly very knowledgeable about how relationships work, and how to deal with the oncoming problems, they have enough emotional depth and get to fix most things really quickly, intuitively.

The Neptunian Cancer is a very loving and empathetic individual who rarely misjudges a situation or doesn't understand the motivations of people around them.

They can not only use their intuition to notice the little details about a person's emotions but also find certain solutions to their problems. On a broader level of understanding,

theirs is a highly sociable and communicative approach, which makes connecting to people much easier.

They are also prone to such emotional insecurities, and many times, the most recurring issue they have is tied to the inner breach caused by their many vulnerabilities and emotional weak spots.

They are afraid to be hurt and disappointed and try to build themselves a safe environment, a safe haven outside the confines of society.

They feel like they have to give vent to all the inner feelings that have gathered inside there for so long. Even more, they are more than willing to share this spiritual epiphany with everyone else.

A unity of being can only be achieved when one is in perfect harmony with his surroundings, and this is what Neptune teaches these natives above all else.

The positives

The Neptunian Cancers would be quite efficient working as psychologists, psychiatrists, or professional counselors, due to their great intuition, deep empathic skills, and productive communication abilities.

They are in-synch with the world and understand the intricacies of the human psyche more than anyone else.

Why is that? Because they can experiment on themselves, they own a mind that is very complex and hard to manage anyways.

More than just to develop their professional expertise, they'll want to help their family and close ones develop in this sense as well.

The negatives

Routine is something that the slow Neptune adheres to and is also to the liking of the emotional Cancer, so you can be clear that for the Neptune in Cancer individual, if something happens that changes their well-established order of things, they can get extremely annoyed, uncertain, and very anxious.

They have long-since gotten comfortable with a certain lifestyle, and to change it would be sacrilege committed against their own personal satisfaction.

In this sense, they will do everything in their power to uphold that state of permanence, of constant comfort that brings so much personal fulfillment to them.

Even if this sort of means sabotaging themselves of even the development of those

around. They are prepared to hide from change and transformation, if this means that their comfort is protected.

The Neptune in Cancer man

If the level of empathy and emotional sensitivity would be directly proportional to the karmic ties of a person, then the Neptunian Cancers would straight-up shoot towards the level of a Buddha.

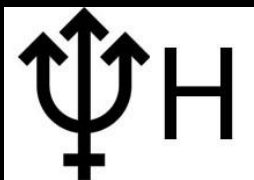

These natives feel much more intensely than most other men, and this is by no means a symbol of their weakness or lack of manly dominative characteristics. It just proves that their emotional intelligence is far higher compared to that of most of us.

However, they are also very vulnerable to emotional disappointments, and when the time comes that they are feeling desperate, lost, without a place in the world, they expect their partner to be there for them, with moral support and a warm embrace at the ready.

It's also a good idea for the man with Neptune in Cancer to take some time for themselves, take a step back and meditate on the particular reasons for the problems they have.

Relaxation is key here, a way out of the stressful routine. Escapism is underrated these days, but Neptune brings it all back together, the notion that solitude can eventually mend all spiritual wounds, especially for introspective individuals like this man.

Neptune ♃ in VII 7th House

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and what's fantasy. It also brings a deep mental connection between two partners and great intuition coupled with empathy.

Summary:

Strengths: Dependable, trustworthy and kind;
Challenges: Dreamy, irritable and perfectionistic;
Advice: They should do more of what they love.

An altruistic personality

Neptune in 7th house people tend to give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the

chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions

and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

The goods and the bads

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

Pluto ♄ in ♏ Scorpio man 4° 18'

([1096] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Scorpio are emotional above all else, always taking the time to think about whether their actions would hurt the others around them or always involving themselves in activities where they can make full use of their sensitivity.

However, this is not always such a good thing because it might drive them to miss out on the essential because they are too attentive to the softer aspects. When they start to lose focus of their priorities and get too entrenched into one singular detail, fussing over it for hours on end, these people lose efficiency, and may possibly even fall prey to frustration and depression.

The Plutonian Scorpio needs to learn that being practical and controlling with one's emotions are requirements for a balanced mindset.

In a nutshell:

Style: Dramatic and challenging;

Top qualities: Responsible, loyal and practical;

Challenges: Manipulative, deceitful and contradictory;

Advice: You might want to be careful to your reaction to change.

Personality traits

These natives are one of the most contradictory individuals of the whole zodiac, through the wide array of strange principles and viewpoints that they carry with them in life.

Usually, when 10 people in a room are arguing over a common sense topic, it's because the 10th claims the exact opposite that the other 9 affirm. The tenth one is a Plutonian Scorpio, easily recognizable in this regard.

Also, these natives can be very naïve and easily influenceable because straight, rational thinking is just not their forte. They often pursue unrealistic goals and are prone to incessant stubbornness.

Those who were born under the Pluto in Scorpio transit are free-spirited individuals who want to explore the world and see it for what it truly is. They don't abide by most societal rules and don't recognize the authority of someone who tries to limit their freedom.

When they get too passionate and interested in one of their idealistic dreams, nothing can stop them from achieving it, or from trying at least.

One of their greatest perks is being able to create a form of peaceful communion wherever they go. With the prospect of unknown secrets to reveal and natural disposition towards helping others, most people fall under their spell.

The Plutonian Scorpio native likes to explore the world and expand their breadth of knowledge without being hindered by preconceptions or fundamental creeds.

These people wish to discover what lies behind everyone else, at their own pace preferably, and to do that, they must break apart the age-old stereotypes, presuppositions, and biases.

Other than this, one can cause a lot of chaos in their wake, because there is no discernible pattern to their actions. This native can be one of the strangest and most incomprehensible ones out there because he doesn't seem to follow a certain logic.

Moreover, Plutonian Scorpions can be extremely negativistic, as they can just as well be the most enthusiastic and positive people out there. You're going to meet both of these opposite specimens, and you won't know which is the real them. Well, both are, and this makes these natives very special indeed.

Pluto in Scorpio in love

Love isn't the highest form of existence, nor is it a form of spiritual elevation for the Plutonian Scorpio. Certainly not a romantic, they prefer to focus on much more serious and certain things, like their professional life, social acceptance or coping with their own inner contradictions.

Even money is more important than submerging oneself in a headless struggle for love. However, when that does happen, they never take it for granted, always remain loyal, and give their all to deepen the bonds.

Plutonian Scorpions are quite sexually active and very keen on experimenting with all their ideas and kinky fantasies. They never see sexuality as something to be shunned or kept hidden under lock and key, but something that should be celebrated, perceived as the pleasing act that it is.

The Pluto in Scorpio man

These men exhibit some very strong personal convictions and can disregard completely

the ideas of anyone who dares to challenge even a tiny bit something they believe in.

They defended their own beliefs stoically with no remorse for collateral victims. It's no surprise that many Plutonian Scorpio men were literary critics, played theater or avid critics of societal flaws.

The last time Pluto transited Scorpio, the development of technology saw the rise of computer sciences, a field where men were most adept in or were quickly becoming adept in. They were entirely fascinated by the potential and scope of such a domain.

What they weren't so good at was social life. They preferred staying in-doors or at the office, keeping busy with solving problems, honing their skills, planning for the future rather than going out, making friends, indulging in the social masquerade.

Similar to this, men with Pluto in Scorpio of any generation reject the traditional influences and expectations and tend to pursue their own dreams independent of what others think of their choices or of even them.

These men didn't and don't buy the social propaganda, the superficial criticism of going against the status quo, nor they involve themselves in flimsy romantic adventures that would lead to nowhere.

Pluto ♄ in XI 11th House

([1111] i.thehoroscope.co)

This placement of Pluto makes people be exceptionally devoted to those dear and not only, ready to throw in a helping hand, whenever needed.

Those born with Pluto in the eleventh house of their birth chart are at the very extremes in terms of emotional stability. They will rage and wreak havoc on anyone who dares to go against them.

And when confronted with difficult situations that demand a calm approach, they will take out the sword and walk through rivers of blood. Grudges, mostly, are the way these people sink themselves in the swamp.

The great potential that they've been endowed with will always surface, stronger and

deeper than ever. Moreover, their intuitive and psychic powers allow them a moment of respite and break from the waging war of the world.

Summary:

Strengths: Responsible, kind and caring;

Challenges: Dismissive, opportunistic and stubborn;

Advice: They should strive towards being objective not judgmental.

Pathways to success

These natives are going to go through one hell of a harsh time with regard to their social relationships to other people, social events, and the many group projects they're going to participate in.

Either they'll listen to the commands of others, adapt and follow orders, ply their trade according to certain regulations.

Or they realize the deep potential lying within their own genes, the great ideas and strong principles that others would simply admire, the game changes completely.

Now, they are the leaders, bringing everyone up to speed with new directives and pathways to success. Even more, now they won't readily accept to obey or submit themselves to the status quo.

They don't have that many friends. This happens as a result of the strong tendency to commit unconditionally to a friendship, to put every effort to develop and maintain it.

The Pluto in 11th house natives are literally exceptionally devoted and supportive whenever the case. However, they also expect the same kind of treatment from close people without having to ask for it.

The number of people who are this committed is not that large, to say the least. Moreover, they don't do well with large groups of people chanting or supporting an idea, simply because they abhor the herd mentality.

Holding something as being true without actually investigating that is blamable and worthy of distrust, ridicule, and mocking in their eyes.

One other reason they can't quite fit in groups is that they always distance themselves by going against the flow.

Where there is something fishy or suspicious, they will call it out, often against the will of the majority. This makes them the black sheep instantly.

In general, actually, they think in a different way than most, are attracted by things that

the majority doesn't even know about and uses uncommon means to get to their goals.

They want to develop an objective point of view, outside of the confines that a herd mentality retains.

The only real reason why they would ever choose to become involved in any group activities is that they want to hone their skills or learn something. Or perhaps they want to bring a change in the world, help achieve some breakthroughs that would do a lot of good to many people.

Pluto in 11th house people should, however, be extremely careful about who they choose to trust because these groups are home to despicable individuals.

Especially political parties gather people of unspeakable pretense and fakery, snakes that are just waiting to attack you from the back. They are very sensitive to how others react to their ideas, in general.

They will often wonder whether their actions or words affect the people around them, or better yet if they offend anyone.

This is an ill-begotten attitude that should be tempered, taken out of the equation because it only forces them to be subservient and weak.

If they could focus all this rampant energy toward let's say, humanitarian and altruistic ends, things could be very different. It's their responsibility to change something.

The goods and the bads

They are offered very lucrative opportunities through their friends and close associates, the kind that they trust with their lives.

The Pluto in 11th house natives are very electrifying and have very intriguing personalities that will attract anyone to them like a magnet.

Because of their principles and generally kind attitude toward the helpless, many people admire them, including their followers. However, they can also have very high expectations. Hatred or admiration, it all depends on how they approach most situations and problems. If they strive to bring everyone out unscathed, then they'll bask in the glory of victory.

If they give out commands and dish out punishments for insubordination without taking anything else into consideration, then chances are they're going to be hated.

For them, knowledge and information are two of the most important aspects. Of what? Of everything. One can't do anything without having the necessary know-how, the basic

principles, the logic and the reasonable mindset based on knowledge.

They take it upon themselves to eradicate ignorance, superficiality, to foster a sense of spiritual upliftment, to bring out the best in people.

They are very capable of adapting themselves to people from different social strata, to understand and explain. However, it's also true that one can't change the world just like that. Sometimes, most of the times, no matter how much effort you spend, it's never enough.

They can't control everything, and they can't dictate how people will react to certain events. Sure, when there are grander things afoot, bigger odds to play, then sure, the 11th house natives are just the right people for the job.

But when it's something relatively simple, with no enduring consequences, then they should learn to be more tempered and back off. Otherwise, they will upset a lot of people by being too intrusive.

North Node ♏ in ♏ Scorpio 10° 37'

(Georges Muchery)

The Dragon's Head in Scorpio gives activity, perseverance and subtlety, which will enable the native to succeed. It is also a sign of good-health, or, more strictly speaking, of physical stamina. Success will not always be attained as quickly as may be desired, but will come after great difficulties; and the native's dearly-bought happiness will endure all the longer.

The Dragon's Tail in Taurus gives material instincts, the necessity for physical exertion, and sensuous desires, which will often cause the commission of blunders. This position makes the native selfish; he likes his own comfort above everything else, and as he is not lazy or work-shy he will obtain what he wants. The Dragon's Tail in Taurus gives fits of energy followed by periods of unconquerable weariness and laziness.

North Node in Scorpio shows the need to go the way of regeneration. Spiritual integration comes through going from selfish interests to concern for others. Must let the Divine Will be done, not the personal will. Only through the way of the Higher Self will

thus person find peace.

South Node in Taurus means emphasis has been on material things in the past. Person has overemphasized their importance. In whatever house this node is placed in, there must be relinquishment of a possessive or materialistic attitude.

(Martin Schulman)

Here the individual is learning how to accept revolutionary changes within himself as well as the conditions in his life. He would like to rest, thinking that his soul journey is over. So tired is he, from past life memories of the yoke of his earthly burdens, that whatever the cost he would like to feel settled. As a result, he finds it difficult to develop the strength for future changes.

Tenaciously he clings to old behavior patterns which served him well during past incarnations. He has become personally attached to doing things the hard way. Like the oxen plowing the fields, he walks laboriously through this life as if it were one long, straight furrow. He expends so much physical energy that he weakens his Spiritual Self to the point that he becomes blinded from seeing any new possibilities other than the singularly drab existence he has been accustomed to leading.

He finds it difficult to learn by watching others. Instead, he would rather work through each of life's experiences himself. As a result, he spends more time, effort and energy than he has to in each growth phase. Still, he feels he must be sure of himself. So great is his need for security that even when he makes changes in his life, they are in fact not changes at all, but merely other aspects of the same behavior patterns he has been using all along.

In past incarnations, he developed a sensitivity to his environment. In order to cope with the continuation of such a sensitivity, he starts early in this life to explore the world of sensory impressions. He learns what feels pleasurable and how to obtain it. Nevertheless, he always seems to fall short of reaching complete and lasting satisfaction. He doesn't realize that one appetite begets another. His great need for possessions makes it difficult for him to enjoy what he does not personally own. As a result, he thrusts himself into long-enduring battles of ownership over people, things and ideas. He stubbornly holds onto all that comes his way. The more he collectively accumulates, the more he traps himself. What was in other lifetimes a great need for the acquiring of substance now turns into the extra weight of excess baggage he is carrying. As the years go by, the yoke of his burdens becomes heavier.

He has created a need to feel powerful so that he can seek temporary refuge from the dismal sense of failure that has plagued him in former incarnations. As a result, he even goes so far as to seek in this life an occupation which puts him in an authoritative position.

He has undergone so much past life damage to the ego that he now experiences an intense need to prove himself worthy of respect. He will fall into deep depression when confronted with the possibility of others finding him lacking in any area. To prevent this from happening, he will push himself towards success no matter what the cost.

It is almost a certainty that at some time in this life the intensity of his karma will bring him to be at least circumstantially involved with the police.

As he reaches for his Scorpio North Node, this individual undergoes a complete transformation. He starts to kill old behavior patterns by burning bridges behind him. Experiences teach him how to cut ties cleanly, so that he does not walk into the future with both feet tied to the past. His biggest growth occurs when he is able to let go.

Inner dependency needs must be transformed into complete independence of thought and action. Strength increases with each passing year as he slowly discards from his consciousness all that oppresses him.

He must learn how objectively to study the results of his subconscious desires so that he can earn self-respect through practising self-discipline.

These Nodes symbolize the soul who for many lifetimes has been moving along a decadent path. Now the soul vessel is to be turned upside down in order to rid itself of the decay it has collected.

Fulfilling the karma of this overturning process is extremely painful to the individual, as he may lose all he ever held near and dear. In the end, he will unquestionably relinquish more than he bargained for.

So powerful is this transformation that many with these Nodes eventually spend their later years alone. In the process of eliminating excess, they have discarded everything but themselves.

Nevertheless, much of this is necessary if the individual is to reach the point where he can see himself clearly on the very deepest of levels. Out of this symbolic death of all he ever possessed will come his new life.

The house position of the South Node indicates the area which has become decadent as a result of past incarnations. The house position of the North Node shows the way in which a current-life rebirth can be accomplished.

You must learn to accept (or give) financial and other types of help when necessary.

Your Taurus South Node may reply: 'Yeah, but if you can't earn it (or do it) yourself, you don't deserve it'.

Your problem may be a hang-up about power.

Possible reasons: A repressive environment has made you feel that it's you against the world. A lack of understanding of your environment. A refusal to help unless there's something in it for you. An upbringing where there's been an overemphasis on money, things, or importance.

Possible solutions: Become more active in joint endeavours - a business partnership, encounter group, community project, etc.. Sharpen and develop your imagination. Concentrate on material growth regardless of what happens. Give all your money and possessions to a guru or religious sect and let them provide for you.

Taurus South Node often tries to make willpower a substitute for insight. He or she feels that by developing his or her willpower he or she will be able to handle whatever curves life throws him or her. He or she is often especially fond of simplistic self-help books and success formulae that promise unlimited earnings. Now there's nothing wrong with wanting to help yourself. And no-one would deny the importance of willpower. We've already seen what problems can arise when you don't build up your own resources. But all the money, power and determination in the world is useless unless you know where your problems are coming from. Developing the Scorpio North Node's potential for insight will improve success potential drastically.

Signs of an over-developed Taurus South Node are: refusal to think about anything that's not backed up by conclusive and irrevocable proof; insensitivity; disregard for others' rights; shyness; everything viewed in terms of money; excessive introversion; shrewdness rather than intelligence; self-indulgence; a very conservative or 'dated' manner of dress or speech; vanity but no real confidence; and cowardice.

North Node in Scorpio consciously or subconsciously wants to be tested. He or she wants to experience the highest and lowest phases of existence in order to get in touch with his or her deepest emotions and learn to balance them. He or she wants a crash course in living and experiencing. In contrast, we find a person with good common sense and rather repressed emotions. He or she clings to home, possessions, and routines in a way that keeps life on an even keel, devoid of major highs or lows. Conservatism often squelches this person's dreams.

Antidotes for Scorpio imbalance: These seem to be the most subconscious of all imbalances; and client awareness is often very limited unless he or she is in a rather painful situation. Unless the client is receptive to what you say, you may not have much

luck. Even if the client is receptive, these types of imbalances often need psychological counselling before they can be alleviated, due to their strong fixed overtones.

The study of mysticism can be a beneficial antidote if the client is relatively levelheaded. Rosicrucianism, Huna, the Edgar Cayce readings, the Seth readings, astrology, palmistry or graphology would be safe suggestions. Scientific studies such as chemistry can also be beneficial. For some clients, perfume-making will appeal. Philosophy is another good antidote. The particular philosophy would of course depend on the client's aptitudes and interests. Research work of any type would prove beneficial. The client will be happiest doing something that he or she feels will have important results. Hobbies are less effective for these clients than for most unless they involve serious study. Study and research are the best antidotes for these imbalances provided the client has sufficient intelligence and powers of concentration, since this type of antidote requires minimal risk-taking and only a modest cash outlay. The client should be referred to the appropriate study and research groups since, as with Libra, teamwork is an important factor in balancing.

(Mohan Koparkar)

Previous incarnation for this person was spent in considerable luxuries and a routine life. He really resisted any change that would come by his way or alter his lifestyle in that life. During this life, he will be modifying his value systems continuously and constantly. A total destructive tendency in those respects will be fully justifiable as far as he is concerned. Thus, he will go from one extreme stage of living to another during the same life. His hidden motive and energies are strong, and he will use them whenever he has to. As long as nobody obstructs his way, he is very quiet, polite and well-mannered. His instincts are strong, but they have a 'get-even' type of attitude. He may forget, but never forgive, what others do to him.

(Haydn Paul)

The Taurus South Node's house position may indicate the nature of certain restrictive behavior patterns which obstruct your progress. Radical attitude changes may be required to transform these from limitations to offers of new opportunities. Often these patterns involve the Taurean tendency toward possessive materialism, where feelings of insecurity and stability are connected to material well-being. The desire for pleasure, comforts, and home enjoyments can exaggerate materialistic demands, so that your needs involve ongoing acquisitions and possessions.

Contention over ownership and possessions may rise from this impulse, or over people and family matters. Relationships can be affected detrimentally if this tendency becomes excessive or is not consciously modified. People rarely like feeling 'owned' by anyone; and a family is the most common situation where authoritarian attitude are easily applied and abused, particularly by force or emotional manipulation of circumstances in your

favor.

It may be difficult to avoid an organized but repetitive lifestyle, especially one self-created to shield disruptive change. This is an example of Taurean placidity, a ruminative enjoyment of stability and security. Yet, even accumulating possessions will begin to weigh heavily, restricting freedom. Eventually, Scorpio's transforming energy will undermine your foundations. If your identity becomes dependent on material status and possessions and your values are dominated by materialism, this may become an area for unavoidable change.

You may be a slower learner than most, relying on traditional social attitudes for your worldview. You develop and learn at your own pace. Fixed life foundations are established and relied on for security and as a defence to resist change and any disturbing influences. Yet you may need to redefine and reshape yourself, gradually forming a new self-image based on higher values rather than on self-centeredness.

Your preoccupied focus toward materialism needs changing, redirecting attention from the outer world and possessions toward self-understanding and inner growth. If developed, this can create greater self-esteem and assertiveness, which comes from inner stability rather than being based on external supports, habit patterns and possessions. Personal talents and material resources are then applied toward constructive practical action, and directed to build a renewed life-style.

Understanding the tension between Taurean resistance to change and the Scorpionic transformative impulse is necessary. What may occur is that the Scorpio energies gradually undermine efforts to maintain stability. Once stability becomes fragile and you feel vulnerable and exposed, you may realize the necessity to transform restrictive and limiting behavior patterns and life-styles. Such experiences may prove uncomfortable and difficult. You may feel forced by circumstances to 'burn bridges behind you', to release the ties of the past and become receptive to new experiences. Your dependency on fixed behavior patterns or on a materialistic life-style may be dissolved by the Scorpionic transformation. This would not be a negative experience - despite your reactions to its impact - but rather one which aims to liberate you. How much you could be expected to release and relinquish may depend on your resistance to change; the more you resist, the more transformation may 'cost' you. It is a rebirth that awaits and may be unavoidable. The old always has to be replaced by the new. You are advised to welcome this crisis whenever it arrives, because it is for your benefit, even though initially you may not see it in that light.

(Bruno and Louise Huber)

In the fixed Water sign, Scorpio, an effort is made to establish a regular system. Here, too, as in the opposite sign, Taurus, one is concerned with the use of material resources; now, however, they are other people's material resources. Thus in Scorpio we often

meet the type that administers the property of others, manages them, utilizes and fosters their talents, and acts as an agent for their skills and services. In principle, the Scorpio Node challenges us to be prepared to act on behalf of others and to exploit their resources for their benefit and in accordance with their intentions. Obviously, in such a situation, the natives have to stand back a little, though of course having a personal part to play. In order to exercise such a function, they have to gain a place in society. The Scorpio Node always indicates an effort to achieve a certain social status. This can mean nothing more than ambition and the aspiration to be someone important, especially with hard aspects to the Node. Scorpions always think they are able to decide what is good for others. Usually they can give them helpful advice on how to realize their assets, and on how to find the best chances of success.

Scorpions avail themselves of existing forms and structures. With the Scorpio Node, one can easily adapt to current social arrangements. One can also develop the knack of exploiting them to the advantage of oneself and others.

North Node ♏ in XI 11th House

(Georges Muchery)

In the Eleventh house, the Ascending Node (Dragon's Head) gives many friends and supporters who will help the native to progress. It is a good position for associations, and also reveals the possibilities of becoming a leader, a Shining Light. Great social success is promised, inasmuch as the motion of the Node in the course of life cannot be otherwise than favourable for progress from the worldly as well as the mental standpoint. This position also indicates increased wealth for the Mother or the Wife; and this will benefit the native and his children, whose Father's name and fame will help them in their turn.

In the Fifth House, the Descending Node (Dragon's Tail) is detrimental to happiness in general. It may incline to gambling or speculation, which will not be successful; and pecuniary losses are inevitable if the native indulges the tendency. It is also the cause of ill-health of the children, and anxiety on their account.

(Isabel Hickey)

There may be children in this lifetime, but they will not be of much help or give much love to the individual. Energy expended in personal affections will not bring adequate satisfaction. Perhaps a treading of the primrose path, seeking pleasure and evading responsibility is a subconscious pattern of the past that is being redeemed in this lifetime. Friends will bring far more satisfaction and sustainment than family ties. Goals and objectives that deal with group endeavor or service of a universal nature will be successful, as well serving as a means of spiritual integration.

(Bernice Grebner)

Much depends upon whether the sign involved with this North Node is masculine or feminine, to denote the type of friends most favorable to the development of this house. This seems to be very important. People who have the same nodal axis - fifth and eleventh - by house and / or sign seem to understand each other better since they have the same direction to their destiny. Someone who has North Node in the eleventh will be helped greatly by someone with South Node in the eleventh. This person needs to learn the art of friendship and to become involved in some type of social endeavor or reform action. Here they must become as an Aquarian in the highest sense of the word: a true humanitarian. With this position there must be acquired the ability of true detachment and an independence in loving, for one cannot be dependent and be a true humanitarian. With the development of this North Node position comes a true strength and understanding of the human condition.

South Node in the fifth is attached love. It is too attached and self-loving. With South Node here, there is an almost constant interest in love; the giving and receiving, and its pleasures. This gives innate knowledge in the rearing of children, although not always immediate success. This nodal position can bring loss of children with aspects to it showing the degree of the loss. It bestows many loves - loves that are always changing - and gives a knowledge of love beyond the ordinary. The lovers usually turn into friends. Personal affections prove dissatisfying because of a certain idealism. There is constant searching for love, romance, and pleasures. This position delays a permanent love relationship. Receiving love is denied, it seems, until enough is given. [If for example South Node is in Libra in the fifth, others in his life leave the person because he expects too much. South Node in Aries indicates the person's own egotism destroys love through impatience. South Node in Taurus demands the person's own money be spent for children, love, and pleasures. South Node in Scorpio demands the partner's funds be spent on children, love, and pleasures.] This position gives an individual creativity leading to genius when well-aspected.

(Mohan Koparkar)

North Node in the 11th house often signifies that the person has considerable friendships. Friends are his major assets through which he achieves a lot of things in life. Problems and difficulties usually stem out of romances, and quite often formation of a

successful relationship is very difficult. Their next difficulty is with regard to children. Either having a child is a problem, or dealing with children may be one. In their recent past life, their attitudes and dealing with children have often been so uncommon that they have to suffer in this life. Often these people carry out their major hopes and dreams in life like clockwork, and their surrounding influences help them in all respects to do so. Their love received by others is much better than they can give back to others. This imbalance in love exchanges causes problems or tensions in relationships.

(Martin Schulman)

Here the individual comes into the current life remembering a style of living in which he was the sole creator. Now he keeps trying to take the bull by the horns in order to recreate the manner of living to which he was accustomed. Yet everything he tries to do bears a tinge of being slightly inappropriate insofar as fitting his current life circumstances is concerned.

He is prone to love affairs, finding them a comfort to the continuation of his past-life ego. What he often fails to realize is that through his love affairs he makes himself weaker, and rather than gaining strength from compliments and encouragements he develops a dependency where each compliment creates the need for another. Eventually he makes himself so helpless that his behavior becomes hopelessly childlike.

He wants to be loved desperately, but the residue of past-life sexual tensions is so great that he often confuses what is really important to him. He has great difficulty understanding reality, for his life is stage of players and his dreams are so romantic in nature that he becomes a veritable Don Quixote chasing windmills. He believes in chivalry and can easily be fooled by glamor. Wanting to be constantly reassured that his arrival in life does not go unnoticed, he is unable to accept the role of just being a member of the audience.

To those who appreciate him, he can be extremely generous, but the moment he feels ignored he will run into his gossamer dream world trying to create a Seventeenth Century romantic adventure in which he will be the central character.

Constantly in search of self-fulfillment through amorous adventures, he can too easily lose his way.

He would like others to think of him as sacrificial; and when he does involve himself with a love affair, it is almost certain that he will force himself into a position of having to give up everything. Like the 'Martyr King' who sacrificed his throne so that he might fulfill his love, this individual would like his affairs to be honored, sanctioned and even admired.

His past-life sense of dignity is so great that he is not particularly pleased with even the thought of an illicit love affair; yet from time to time he finds himself in the midst of one if

for no other reason than to express his ability to sacrifice a principle for what he believes at the moment to be the world's greatest love.

Basically he is a good person and it would take severe chart afflictions for him to have a malicious bone in his body. Throughout all the zodiac, his creative talents with children are unsurpassed, for at heart he is a child himself.

Regardless of his Sun sign, he will at one time in this life need to lean on someone with more strength than himself.

Through his eleventh house North Node, he is to learn the value of friendship. He must transcend the physically possessive relationships of his past incarnations and cherish with equal fervor the new impersonal relationships he is now forming.

In this life, he is learning how to pay more attention to the meaning of his dreams rather than trying to force his own will against the flowing tide.

His dreams bring him messages from his higher guidance, through which he is telepathically brought to understand the reasons for all his actions; but his will is often so great that he refuses to accept what he knows is true.

If he is realistically asked to abdicate anything at all in this life, it would only be his powerful self-will, for here in the pride of ego he actually blocks all that he so desperately desires. Truly, he is his own worst enemy.

The individual with these Nodes suffers from a built-in discontent, for whatever he creates through his South Node only leaves him free to dream of more he is missing. He would like to be free of entanglements, but he is constantly jumping out of the frying pan into the fire. Before any growth at all can be made, he must learn to overcome the monstrous dragon ego which he has allowed to become his self-generating instrument of destruction. He must learn how to see himself impersonally, with the understanding that his life is like a river flowing beneath the bridge from whose vantage point he may watch it.

His most difficult tests always revolve around the temptation to control the flow of that river; yet his greatest happiness occurs when he can appreciate its beauty without tampering.

It is almost certain that he will go through at least one major experience in which he will be required to sacrifice his personal ego for the sake of fairness to another; for only when he has learned how to rid himself of every biased thought can he reach his higher purpose. So long as he retains the slightest tinge of self-pride, all the power in the chart will be denied him. Even the possibilities of a harmonious marriage loom beyond his reach until he becomes impersonal.

The fifth house South Node uses so much energy in trying to achieve self-sympathy that the individual has difficulty finding the strength to give complete fulfillment to a marriage mate. Many with these nodes experience divorce; but this is neither destiny nor necessity - it is simply an outgrowth of misusing the South Node energies. Through so much focusing on the self, the individual does not see or fully appreciate the blessings he has. Again, the answer is the same. He must relinquish the grip on 'self' and dedicate his life to impersonal service rather than expect others to wait on him.

If he can learn to become less romantic and more scientific, he will start to see truth for what it is. He must never allow the fires of passion to cloud his vision for his happiness will be achieved only when he can look at life from a dispassionate viewpoint.

His karma is in learning how to become non-involved and yet always available when needed by others. Ultimately, he is destined to become the impersonal servant of humanity.

He will at one time in this life do much to further the career of another.

Friendships, clubs and societies become important to him, for it is through such associations with others that he ultimately comes to sense his own identity. Through the ways that others value him, he comes to value himself. Then he is able to see himself as a part of others as well as a part of a higher cause to which he is dedicated.

The more he can do this, the more he will rise off the plane of self-consciousness, and the demanding needs to gratify his own ego will become submerged in the collective ego of the cause to which he has dedicated his identity.

When he completes this lesson, his strength of character and sense of direction become no weaker nor less purposeful than the cause of which he becomes a part.

The sign which contains the South Node shows the ways in which this individual allows too much past-life residue of passion and desire to pressure his current life. The sign which contains the North Node indicates the ways in which he can develop enough detachment so that he frees his personal self, enabling him to dedicate his energies toward more universal causes.

(Donna van Toen)

Conflicts: Need for social attention vs. need for creative development. Reliability in friendships vs. demands of lovers and children. Fulfillment of dreams vs. fulfillment of present needs.

Possible Results of Sacrificing North Node: Inappropriate behavior in terms of your

goals. Difficult love affairs. Desperate measures taken in order to gain recognition. Generosity verging on extravagance. Lack of fulfillment in romance, parenting, social life.

Possible Ways to Integrate North Node: Become goal-oriented instead of pleasure-oriented. Let love affairs be guided by your self-respect. Temper your generosity with discrimination. Openly admit your weaknesses. Meditate on the value of friendship.

In the eleventh house, hang-ups can involve honesty, knowledge, or ethics - all things that would seem to correlate more with Sagittarius / ninth house at first glance. But where North Node in Sagittarius / ninth leans towards lack of discrimination and sometimes fanaticism, the eleventh house North Node takes a cold, dispassionate approach. Whatever is perceived to be the truth or the right way is followed without thought about damage that may be done should honesty prove not to be the best policy or if the truth turns out to be flawed. Relationships are often spoiled by this 'honesty is the best policy' approach as others frequently feel demeaned by this brutal, almost egotistical honesty.

Occasionally North Node in the eleventh house can manifest in a compulsive need to see the good side in everyone, regardless of the cost to self. Here we see the Mr. or Mrs. Nice who suffers extensive guilt pangs if the need to criticize arises. A child-like Pollyannaism and naiveté about people eventually leads to disappointments and being taken advantage of in relationships.

North Node in the eleventh house wants some sort of guarantee that his or her goals will be realized. He or she wants to be known as an honest person, a seeker of knowledge, and an instrument of positive change. He or she dreams of close friends to share goals with, people who will offer support without making demands. This person is typically very impressionable and not cautious enough or discriminating enough when it comes to other people. On one hand, he or she may blindly take advice without considering its source. On the other, pomposity or excessive pride may keep him or her from asking for or accepting even the most necessary or valid advice. There's a tendency to invest a great deal in emotional whims and pleasureseeking at the expense of long-range goals.

(Haydn Paul)

You are attracted toward the pleasures of life, creativity, love affairs, and a self-centered style of expression. Your creative imagination often weaves many colorful webs around your actual reality, creating an appearance that you find more appealing than the real nature of the world.

What excites you is this alternative choice of perceptions, which, due to creative directorship, imposes a worldview characterized by a large group of play-actors and

actresses, performing their chosen roles, chasing private dreams and adventures, and following their desires. Arguably, this is a valid way to perceive life. It certainly raises life above a more mundane perspective, infusing it with a glamor and fantasy that enlivens and enriches. Yet a danger can exist in using this to escape from reality and responsibilities by preferring to live as a central character in a romantic and heroic drama.

You desire to be recognized and noticed by others, to stand out from the crowd of unknown faces. This creates your attraction to being 'onstage before an audience'; anonymity is not a favored role, and you hate to be ignored. Love affairs are one of your favorite pastimes, however, based on your need to be loved by others. These affairs provide a suitable stage for performance, with a captive audience on whom you can depend, at least temporarily. Romantic interludes may divert from creating a life-direction, as those by-paths which appear to offer pleasure always seem more seductive.

In love, you are prone to make grand gestures of sacrifice for love - especially for the benefit of your partner - and tend to subjectively turn relationships into great passionate dramas. You can fall in love easily; yet often this has only a superficial emotional impact; you avoid deeper depths of the love experience where transformative energies exist - in fact, you rarely sacrifice anything at all.

There is a lively, childlike spirit at play with you, but one that is naive and almost innocently self-centered, a spirit that desires constant company or a supporting cast to maintain. Much of your waking life is spent forming these creative, imaginative, and romanticized dreams which are projected onto the world and people, and which serve in several ways as a protective barrier. Yet it is this inner activity which prompts self-development and gives opportunities for insight into the real meaning and influence of 'dreams' in life. Personal dreams can motivate creative determination to actualize desires, but if you attempt to force events against the tides of life, failure is likely. Dreams can also bring messages from within, trying to guide you toward an understanding of the reasons for your actions and experiences. If you can register the impressions, from dreams and intuition, such guidance may help you to adjust your direction. Unfortunately, many fail to listen to the quiet inner voice.

Until you reduce self-centeredness, you will experience discontent and feel that you are missing something vital in life, even though you creatively color much of life with brighter hues. Searching to be free of commitments, you may unconsciously create more by your choices and actions. Your sense of ego and pride may cause problems through self-preoccupation, especially within relationships; and your need for 'more' prevents the appreciation of what you already have.

Become aware of others as more than supporting 'players'. Recognize the equal validity of their needs, desires, and dreams. Adjust your relationship behavior accordingly, to

restore harmony. Your romantic vision of life may need modifying so that reality is not lost, although your sometimes childlike view of life can still be refreshing to more jaded appetites.

Your new direction is to apply creative imagination to dream of a better world, not just for yourself, but for everyone. Friendships and group involvements are likely to expand life; and possible commitment and dedication to an idealistic vision could enable movement beyond a self-centered focus into performing a more important role. In your discovering how to improve the quality of life for others too, the world can assume a more positive nature; and your tendency for romanticized love and adventure can be transformed into a more realistic and satisfying contribution for the well-being of all. Discovering how to combine creativity with social needs could offer an effective and attractive balance; in so doing, you could discover the powerful mystery of the creative dream, realizing that it has generated the whole universe and seeing that, by our small use of it, we obtain the power to positively transform our lives and the world.

(Bruno and Louise Huber)

The 11th house belongs to the axis of relationships. Like the 5th house, it has to do with the attitudes and behavior of people to one another. In the 5th house, human relationships are tackled with a naive simplicity. One sees oneself as the center of the world and tries to realize personal desires or ideals. In the 11th house, this self-oriented view has to be abandoned. Its simplistic methods will no longer work, because one recognizes that one is part of a Whole. Here one must act, on principle, in accordance with transcendent, universal criteria. Postulating these criteria is even more important than working hard on them.

When the Node is in the 11th house, it is important to establish a clear attitude toward people. This can be personal, for in a personal sense the 11th house is known as the house of friendship. It represents the possession of friends and confidant(e)s. It represents making a choice of people who have a certain quality, in which there always resides an element of trust. This element of trust clearly divides the 11th house from the 5th. On a personal level, the Node in the 11th house indicates a need to form friendships and to make the most of them. We have to learn to be selective when looking for friends, and to seek kindred spirits who will turn out to be genuine. We may be parted from such friends for years, but when we meet them again it is as if we had been with them only yesterday. That is true friendship. In the 11th house, the discovery can be made, as soon as we learn to stop clinging, that loyal devotion is possible even without conditions. Then complete freedom of action is granted in the friendship. What this means is that with the Node in the 11th house, we must overcome the desire for security characteristic of the Fixed Cross, and put it behind us.

In essence, friendship is the result of striving for an ethical attitude to others. From this point of view, the 11th house aims at the development of an ideal concept of humanity.

Basically, what is meant here by ethics is mutual respect between individuals. Although we work at this (or discover it) in the 9th house, ethics is a fundamental frame of reference in the 11th house. Naturally, it is a frame of reference for doctrines and creeds; for the 11th is a fixed house and, in a fixed house, conditions rather than processes hold sway. Therefore, the ethics with which the 11th house is concerned are ready-made ethics, in which one believes, or with which one identifies sufficiently strongly to want to pass them on to others or even to impose them on them. Dogmatism almost always emanates from the 11th house, which has to do with our convictions and our moral yardstick.

If the Node receives hard aspects, there is a likelihood of blind acceptance of a certain ethical view. Even a sophisticated and complex system of ethics can be passively absorbed - usually as a result of the upbringing or of social influences in youth, chiefly at the time of puberty.

Inconjunct aspects to the Node should be heeded too, because they introduce an element of uncertainty. When they are present, we are susceptible to any number of ideologies that promise security. This can lead to difficulties, especially in the practical arena of friendship, because we are prepared to change our friends whenever we change our ethical beliefs.

When soft aspects are received by the Node, or by a planetary stellium, there is often an inclination to join an elite group or to embrace a special doctrine, because this seems to be the most convenient thing to do. We cradle ourselves in the security of the group, and use it for our own ends. And so we need to make an effort to overcome what is indicated by the Node here. For a start, we should examine our ethics. In the 11th house, and with soft aspects, this is not particularly easy, because our ethics are second-nature to us. We may change our opinions but, unconsciously, we react according to ingrained patterns of behavior.

So, with the Node in the 11th house, we ought to take pains to acquire a satisfactory system of ethics that is clearly formulated and intelligently accepted. Otherwise, we may indulge in spiritual snobbery, and pretensions to exceptional moral virtue. Egocentricity in ethics produces the smugness that says 'I am better than others, because I know how to behave', or 'We are better than others, because we know how to behave'.

The Node in the 11th house serves notices that we ought to take responsibility for our own actions and ought not to rely on others. Doing the latter is a big danger, because solidarity with the group gives us a feeling of strength, and we imagine we are entitled by some dogma or ethical system to sit in judgement on people and call them 'mistaken' or 'wicked'. Behind the group-egoism involved in special friendships, there lurks an individual egoism, though we may hide it under a shiny white cloak of ethics.

North Node in the eleventh house or Aquarius (James Braha)

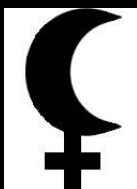

If the North Node is in the eleventh house or Aquarius, the person's greatest growth, evolution, and fulfillment come through performing altruistic acts for society, getting involved with groups and friends, and developing a sense of detachment. In past lives, the person may have been extremely proud, renowned, and ego-oriented. Now he is here to care for the citizenry of the world. He must let go of emotional attachments, and seek to improve existing conditions of the common person. He should try to locate and abolish outdated forms and structures, and implement new, innovative, efficient methods wherever he can. The person should not place great attention on children, intense love affairs, and deeply personal pursuits.

The person should favor his mind, not his impulse. He must cultivate the intellect and allow his rational mind to take precedence. Science and research endeavors are favored. Rules, regulations, dogma, and rhetoric are not to be greatly regarded. The person is learning a much more impersonal style of functioning. He is concerned with knowledge, information, and truth, and is relinquishing old habits of sentimental convictions and individual preferences. Commitment to ideals, especially the betterment of humankind, is crucial. The person must perceive life from the viewpoint of society. He should take life easy, not intensely. He should meet with friends and groups regularly, and effortlessly discover causes and campaigns worth furthering. Freedom, liberty, and equality for all must always be supported.

Fame and recognition are psychologically unimportant. The person may be a pioneer or revolutionary, but he is never to allow his reputation to go to his head. He should always favor activities which have never been done before. He does well with utopian movements, current fads, and prevailing crazes. He should generally avoid speculations, gambling, intense passions, and profound romance. His purpose is humanitarian.

In Hindu astrology, the North Node in the eleventh house indicates great ability to fulfill major goals and desires. The person earns plenty of wealth from 'side ventures', and has powerful, influential and worldly friends. The South Node in the fifth house means the person's 'poorvapunya' or past life credit is connected to spirituality and psychic experience. In other words, in previous lifetimes the person worked hard on attaining enlightenment and evolutionary growth; and in this life he gains the benefits. The South Node in the fifth does not produce many children. But those that are born will be introspective, psychic, contemplative, and decidedly spiritual.

(Black Moon) Lilith ♀ in ☊ Cancer 22° 34'

([1140] elsaelsa.com)

Atlas

If you have Black Moon Lilith in Cancer, the struggles you've encountered through your Lilith placement have made you adept at dealing with emotion. You learned that feelings can be a powerful tool when wielded properly.

However your Lilith wounds have manifested (which is determined by the house your Black Moon Lilith is located in), you've learned that safety is an illusion. Even the places and people around whom you feel most at home can change or be taken from you at any moment, and you never forget it. And yet, safety is what you crave the most. A quote I once read seems very fitting here: "I once mistook the feeling of safety for the condition of safety and I've been looking for someone to blame ever since."

To push back against the great insecurity this placement can bring, you have become an emotional wizard. You are hyper-vigilant, aware of the slightest shift in mood or atmosphere. When something is off, you are quick to nurture, comfort, or otherwise save the day. Allowing painful emotions to fester is anathema to you. You want to fix your loved ones' problems NOW and get back to the comfort you so deeply desire.

You are also driven to hold things together. It sometimes feels like your life will fly apart into a thousand pieces the moment you let your guard down. You spend so much time trying to keep things together – yourself, your relationships, your family, etc – that you are perpetually ready to crack under the weight. The fear of having everything fall apart is such a powerful force that you are willing to sacrifice almost anything to preserve what you have. By actively managing the emotions of the people around you, you create at least an illusion of security. In this way, you buy safety at the expense of your own inner peace.

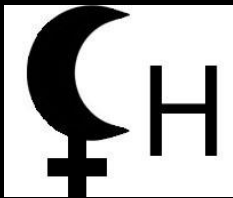

Spending so much time managing other people's emotions creates an unusual relationship with your own. On the one hand, you are loath to assert your needs and emotions, preferring to keep them bottled up to avoid rocking the boat, and only letting them out when you are sure that it is safe and they'll be received well. But when all else fails, you are willing to weaponize your sensitivity as a last resort. In these rare moments, you'll plead with all the ferocity your deep emotional well can muster, appealing to the other person's higher nature or loyalty. The danger, of course, is that such displays leave you vulnerable. And if the other person fails to respond in the way you'd hoped, you're left feeling horribly betrayed and with no other cards to play.

One of the easiest ways to reduce the risk is to channel Cancer's opposite sign,

Capricorn. Capricorn is just as sensitive as Cancer, but they prioritize differently. While Cancer may react to small changes in feelings, hoping to head any difficulty off at the pass, Capricorn is more concerned with actions. Capricorn says, "So they're in a bad mood. So what? Did they still take out the trash? Did they still, in ways large and small, show up for me? Then we're fine until they say we're not." Capricorn avoids much of the daily turmoil by ignoring the small ups and downs. Additionally, while Capricorn is also concerned with security, they approach it differently. For Cancer, security comes from the people around them. For Capricorn, security comes from relying on themselves. In that way, Cancer can redefine safety by incorporating self-reliance.

I could easily write a book on this placement alone, but let me end with this: Your uncanny ability to sense emotions and hold space for others' vulnerability is such a beautiful quality. It's also your superpower. As you work to build a world of safety and security, your skills will be needed more than ever. Just make sure that you build your own internal sense of safety first. You, too, deserve to be nurtured.

(Black Moon) Lilith ♀ in VII 7th House

([1155] elsaelsa.com)

Scrying Mirror

If you have Lilith in the 7th house of your chart, her themes will manifest in terms in terms of relationships, partnerships, and objects of pursuit. The "other" in your life will take on a distinctly Lilith flavor.

In the 7th house, we meet the people involved in giving shape to our journey to know ourselves. Everything present in the 7th house is present in our own being, but often manifests in the form of other people. With Lilith in the 7th, your partners will be those who live out your own pain and fury for you. They force you to either own your darkness or live in impotent outrage. They hold up a mirror to your darkest self. You often find yourself so angry and disappointed with them when you are really furious about the injustices that you yourself have faced. But until are ready to own them, you will continue to pick partners who remind you.

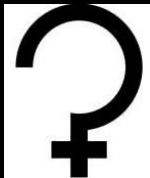

This is part of why, in traditional astrology, the 7th house is known as the House of Setting. Here is where the Sun sets, and here is where things we cannot or will not absorb into our own being cause us to come undone. With Lilith in the 7th, your

partnerships will be your weakness. This can be as simple as being a sucker for a certain type of appearance or as all-consuming as sacrificing your own life and happiness to meet your partner's whims.

Finally, Lilith in the 7th house is unknowable. Think about what a lifelong process it is to come to truly know yourself. With that in mind, think about what an impossible feat it is to truly understand another person. With Lilith in the 7th house, you will struggle mightily to fully grasp the scope of your own pain. And because of this, you will likely underestimate your ability to cause pain to others. Yours is a very sharp knife, and it is absolutely imperative that you learn to wield it well.

This placement is so complex and could be a book in its own right. But if there's one thing I can leave you with, it's this: Your pain is your own, and you have a lifetime of exploration ahead of you. In the meantime, welcome the partners who challenge you and make you uncomfortable, within reason of course. The more you are willing to engage with and understand their darkness, the more you will come to understand your own. And then, finally, you can begin to find peace.

Chiron ♄ in ♒ Aquarius 10° 44'

([1258] astromajesty.com)

Aquarius is the humanitarian of the zodiac. The aspects of this sign are that they are visionaries and revolutionary thinkers in terms of how they can help and support others.

Aquarius is ruled by the planet Uranus, which represents change, usually abrupt. It is known for being quirky and original.

Uranus does not like to be boxed in; it prefers to venture down its own path, unguided by others. Uranus is the god of the sky and the air. It encapsulates the essence of freedom and liberation. It is known in astrology as the awakener.

Chiron in Aquarius relates to a sense of community. There is a need to belong with people who carry this placement. They want to find their place in the world but may struggle with finding their purpose. The need to connect with others is evident though they may fall short in this category.

As Chiron indicates areas of struggle and upheaval, the effect of Aquarius Chiron is the complete opposite of what Aquarius is typically known for.

Where Aquarius may be a leader those with Aquarius Chiron may be followers. Where Uranus is unapologetically itself Aquarius Chiron wants to fit in with the crowd.

The opposites are extreme and the effects are apparent. There is a strong contradiction that is clear in the behavior of Chiron in Aquarius and the zodiac sign in its own right.

People with this placement may struggle with understanding what makes them who they are. It is a great lesson in learning to appreciate oneself and to move away from the crowd.

Personality

The effect of Chiron on our personality can be seen by others but it is mostly felt within. The decisions, thoughts, and beliefs that we hold stem from a variety of factors, Chiron can influence those by highlighting our emotional baggage.

There are some positives to Chiron's placement in a natal chart, however, it resides in the darker parts of our personality.

The negative aspects of our personality and the parts that we don't want to share with others can be understood once we dive deeper into the influence of Chiron on our lives.

Negative aspects

Those with their Chiron in Aquarius may feel like an outsider, there is a sense of isolation which is a common factor with this placement. They can feel as though there is no room for them in society and as a result, experience feelings of loneliness which they may struggle to deal with. They want to be included. The Aquarius Chiron wants to be made useful and contribute to their community.

Even when they are surrounded by people they can feel alone. In social situations, they may feel more comfortable in smaller groups where they are not overwhelmed by people's energies and presence. Even though they want to be part of a wider circle they chose to dial down their desires as they feel as though they will not fit in.

Their friendship circle is small and intimate, making room only for those that truly value them and understand who they are. They favor relationships with those who they are close to and may hold people at arm's length if they are wary of them or are unfamiliar with them.

It takes a lot to get close to an Aquarius Chiron but once those barriers are broken down it is well worth it as they have a friendly demeanor and a warmth toward those that they love.

However, the Aquarius Chiron may prefer their own company, choosing to be alone rather than spending time with others. They do not feel as though they have to be

surrounded by others and are more than happy to be alone. This is due to a fear of rejection. If they avoid any circumstances where they may be pushed to the side, it will make them feel more comfortable and at ease.

Any time that they spend with others leaves the Aquarius Chiron feeling as though they are different from everyone else.

The contrast between how they feel in a group and their level of comfortability when they are alone is apparent. They enjoy their own company and at the same time, they crave the social interaction that they could have if only they felt satisfied being who they are.

They have a love-hate relationship with solitude, they enjoy being alone, yet they would like to feel included amongst others.

The Aquarius Chiron tends to feel as though they are caught in a catch 22. They may be used to feelings of awkwardness which may be noted by others. They need to be accepted and as they feel as though they never will, it creates turmoil with the Aquarius Chiron.

They tend to be introverted and when it comes to people they are unfamiliar with, they choose not to expose their inelegant and clumsy demeanor.

This, of course, is a manifestation of their beliefs. A person with Chiron in Aquarius is not any less coordinated than anyone else, nor are they socially awkward by nature. Their opinion of themselves is formed by their beliefs.

The Aquarius Chiron wants to fit in but often feels as though they have been left out in the cold. They are cautious of others and have an innate fear of betrayal. They live by the double-edged sword and battle with feelings of being unworthy.

Positive aspects

The Aquarius Chiron knows the value of personal development. This could be considered a bad trait however as they do tend to engage in obsessive behavior in this regard. They are always trying to improve themselves and be bigger and better with every step along their journey.

Through their need for development, they are constantly looking for opportunities to make positive contributions. They are always on the lookout for something that they can get involved in. If they see that someone needs help, they will dedicate themselves to doing so.

This is primarily in a bid to get attention and acceptance, though the intention may not be totally pure the result is that they touch the lives of many around them.

The humanitarian in the Aquarius Chiron shines bright as their need to contribute is always high on their priorities. By easily accepting the invitations of others these people may expect to have colorful experiences which shape the way that they see the world around them.

There is a slight charming naivety with people who have this placement. Their willingness to help others is extraordinary and can put them in good standing with many around them.

Men with Chiron in Aquarius

The Aquarius Chiron man wants to be accepted. In an ideal world, they would be the leader of the pack, the man about town, and an authoritative figure in their community. They envision having a positive influence over others and want to be seen rather than tolerated.

There may be a person with characteristics like this that the Aquarius Chiron man looks up to. They are impressed by the popular people and admire the in-crowd.

They may make multiple attempts throughout their life to be accepted and cater to the whims of those around them. They wish to be equal with their peers and fail to see that the hierarchy of social standing only exists in their mind.

The Aquarius Chiron man could see people around him as out of reach or out of his league, whether it is in a platonic sense or if the person in question is a love interest.

Their low self-esteem is a battle for them. They want to be valued and struggle with their identity. They want to know who they are outside of what they believe that the world wants them to be. They can find themselves lost as they come to terms with who they are.

Lessons

Though the effects of Chiron in Aquarius have their downsides there is a brighter note to be had. It offers us an opportunity to understand our shortcomings and learn from them. The Aquarius Chiron must be wise with the messages that they receive while exploring who they are. From these insights, they can heal and progress through life.

One of the main takeaways of the Aquarius Chiron placement is their lack of self-worth. It is not due to who they are but rather that they believe that they are less than others. This is simply untrue and continuing to believe this lie will only have a deeper impact on them as time goes by. The Aquarius Chiron must engage in acts of self-love. This is of the utmost importance.

As they struggle to understand themselves and love who they are it creates problems with how they view themselves, their relationships, and even their ability to carry out

their job to the best of their ability. Their higher self is calling out to them for healing and liberation from feelings of inadequacy. This is one of the biggest missions that individuals with this placement will face.

The Aquarius Chiron must look inside of themselves and discover their inner confidence. It's there ready to be awakened. They must stand tall and be proud of who they are. There is a beautiful quality to these people, they can lift up others around them. By tapping into the person that they truly are they will encourage others to look within themselves and find their light.

They have the ability to influence others, just as they had been by other people. The difference is that their effect on others will bring out their charitable side. They can start a movement and lead a humanitarian revolution. There is nothing that stands in their way other than the negative thoughts, feelings, and beliefs that they hold.

By being honest about what kind of person they are and the influence that they want to have on others they can heal their karmic pains and move forward to a brighter, positive tomorrow. The aquarian Chiron has it all, they just don't know it.

Instead of looking within, they chose to look outside of themselves. They must choose the path that they know will bring them what they want. The power rests with them to take the first step.

Chiron ♄ in II 2nd House

([1261] astromajesty.com)

People born with Chiron in the 2nd house likely struggle with feeling secure concerning their material resources and possessions.

However, no matter how much they have, they tend to think they don't have enough. Their wound probably started growing in their childhood. When these natives were kids, they believed their parents don't provide for them, or other children have better living conditions.

Their caregivers likely had to work a lot to answer the elementary needs. Or, perhaps, they preferred a modest lifestyle.

Nevertheless, this wound is not necessarily material. It depends on the sign Chiron in the 2nd house settles. If Chiron is in Cancer, it could be that these natives didn't have their emotional needs met due to emotionally detached or aloof parents.

On the other side, if in Virgo, perhaps they struggled with health issues due to poor living conditions.

Whatever the sign and scenario, this placement will reflect security matters. These natives might struggle with spirituality, inheritance, physical safety, etc.

Moreover, people with Chiron in the 2nd house could feel that their parents didn't provide them with enough guidance, security, or protection. Because of that, they couldn't fully develop their sense of self-sufficiency as they lack inner safety and stability.

Moreover, due to not having enough security in some areas of life, these natives struggle with their self-worth. They typically think they are not as good, well-off, smart, loved, or beautiful as others. Their issues originate from a lack of confidence, self-love, or self-resilience.

People with Chiron in the 2nd house don't believe that who they are as persons is enough, and they will often compensate it with material possessions. Besides, they tend to dislike their physical appearance, whether body or face.

Feeling unworthy

These natives don't think they are worthy, which disrupts their lives and system of values. The sign where Chiron lies will determine what they will see as an indicator of worth. If in Taurus, those will be finances.

But if in Aquarius, it would be how many friends they have. However, they find motivation, security, and consolation in external things. Hence, if these natives have a lot of it, they would consider themselves as being enough.

Perhaps people with Chiron in the 2nd house had parents who praised material resources, popularity, or physical appearance. If that is the case, it could explain why these natives do the same and why they don't see themselves as enough.

Another possible scenario is that others belittled these natives during their formative years.

As a result, they cemented a belief that they are unworthy, unlovable, or insufficient. Another possibility is that they didn't get enough affection, attention, or kindness from a caregiver or other significant persons in their lives.

However, it might be that they lived in a family of hoarders whose disorder never let them think they have enough. Or, perhaps people with Chiron in the 2nd house had selfish parents who only cared about themselves instead of what their children need.

If those with Chiron in the 2nd house had caregivers whose love was conditional, they probably had to help in the housework or prove their worth for receiving affection and care. The problem is, regardless of how much money they might accumulate, these individuals will likely still struggle with feeling secure.

Nevertheless, Chiron in the 2nd house is also an indicator of eating disorders. If this placement settles in Virgo, it is almost definite that these natives will struggle with overeating or depriving themselves of food. It is how they try to fill the emptiness or take back control over their bodies and sense of security.

Moreover, eating disorders implies that these natives use them as a mechanism to have something only for themselves.

Distorted self-perception

These natives struggle with overwhelmingly low self-esteem. People with Chiron in the 2nd house have a distorted perception of their own value, which often dictates their choices and preferences. They typically expect that other people will convince them they are worthy and beautiful. These individuals are unable to find love within and see themselves objectively.

With time, people born with Chiron in the 2nd house realize they are not happy despite how much resources they accumulate. It is when they start to wonder why it is so and what the real issue is.

The first step is usually to admit they have an inner void they try to fill with unhealthy mechanisms. Whether it is having an abundance of money or friends, it is not the solution.

Instead, it is a symptom of a much deeper problem. The next step is typically to realize that they struggle with self-love, self-worth, and self-sufficiency.

There is an opportunity for self-acceptance. People with Chiron in the 2nd house could help others heal their self-worth issues by guiding them and showing the core issue. Besides the power of helping themselves, these natives can encourage other people to embrace self-love.

Moreover, they can learn to love themselves by teaching others that good relationships start with accepting oneself.

Healing potential

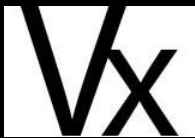

If they overcome their trauma and fill the void with self-love, they can show other people what it takes to free themselves from dependence on external things.

By learning that no one else can accept them until they do it themselves, they can share their experience and guide others on their journey.

The lesson these individuals should learn is that possessions don't guarantee happiness, security, and value. It is why they have to confront their childhood trauma. They can discover what caused it and how to deal with it healthily.

That could result in embracing the philosophy that there is more beyond the material world. Something more than what we can see and touch.

Part of Fortune ☒ in ♈ Aries 1° 28'

([1275] astrolibrary.org)

You find your greatest satisfaction when you're taking action or involved in activity. You need energy to be active, so be sure to feed your energy. Staying active gives you a strong will to overcome any obstacle, including self-doubt.

You are aware that this will can make you independent and keep you on your own path. It also enables you to follow your own goals without worrying about rejecting the opinions of others.

Because the sign Libra is opposite your Part of Fortune in Aries, you are receptive, you understand the passivity and indecision of others. You consider diplomacy as a form of insincerity. You must use this knowledge to balance your powerful vigor without nullifying

that of others. The opposing sign of Libra gives a sense of order and mental harmony that allows you to see your direction very clearly, know your skills, and use them efficiently.

Your self-fulfillment and happiness comes through what you achieve with your own efforts, and through feeling good about yourself and your actions or ideas.

Do not be afraid of your desires. You are not being selfish, or simply trying to gratify your senses. Although you do not feel subject to desires, you need them to set your goals. Your desires guide you towards the goals you should be pursuing. Without goals you could lose your way, especially if you let yourself be carried away by indecision. This indecision comes from Libra, the sign opposite your Aries Part of Fortune.

When you work with your mind and will together, you can direct your energies towards a single goal. While you are in this direction, your life will be easier. You will feel more complete and fulfilled.

The energy that guides you will put you in touch with the motivating force that draws your individual expression. You'll find your goal, and it will be the one that will give you your greatest accomplishment, satisfaction and joy.

Part of Fortune ☒ in IV 4th House

([1290] astrolibrary.org)

Your greatest fulfillment and satisfaction will come through starting new things, be it human life, ideas, or projects. Pay special attention and care to setting foundations that can later support your future growth.

You feel happy giving to others and sensing their true self and their real needs.

You should know that things take time to mature. You learn to plant the seed before you get the benefits of the harvest. You understand that first you must set your goals to have purpose and direction, to be able to take advantage of all your efforts and everything you start in your life.

Your happiness and joy comes more from those seeds or beginnings that you initiate, than from their completion or culmination. Although, you need to complete what you start to know its real meaning.

Since your Part of Fortune is in the fourth house of your birth chart, the tenth house is the opposite house. Through the tenth house, you realize the importance of structure, order, and responsibility to be able to carry out all the projects and crystallize all those incomplete beginnings.

However, you should not identify with the end results of what you want to accomplish, since you would easily lose your sense of purpose and you could be disappointed.

Therefore, you must deal consciously with the things of the material world, always taking all the necessary actions to begin stability in the world. Your joy is based on starting everything that will give you stability and inner security. This gives you an intimate sense of belonging in your world. You enjoy participating in common projects and everything that brings you intimate ties with other people.

Being in a natural environment will do a lot to help you stay rooted. It will also give you great joy to stay close to your family, or to serve your country. You also get joy from discovering your unconscious ideas, since this can mean the security of being within the root of your soul.

You must not allow the ego of the world to divert you from your important natural beginning, which will give you your greatest satisfaction.

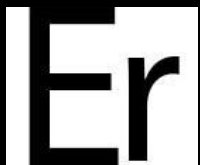

By developing a true love for all things and people close to you, you will know the meaning of your life. This will give you the confidence to always be where you are most needed and where you can most learn.

You can achieve a deep connection with your inner being, and through that, open up your personality and show a tender care for the things of the world, for your family, and for all the people around you.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

2) ► **Ascendant ASC Parallel ♀ Neptune - (1°18')** ♀1 | ♂7

([86] astromatrix.org;) Social Sympathy

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Neptune is no exception and due to its boundless and dreamy nature your personality will be less solidified and perhaps fragmented, especially if you have other challenging aspects to Neptune. If Neptune is in your 12th house, you will be more secretive by nature and you may enjoy solitude in order to recharge your energies.

Occasionally, you may feel as though interaction with others can be draining and it's important to avoid too much negative energy in your environment. You will have an elusive and dream-like quality about you, and other people will never be quite sure whether you are showing them your true self or reflecting what you feel they want to see. This is hardly surprising since you are never quite sure yourself.

The influence of Neptune ranges from unrealistic dreaming and illusion to the highest spiritual awareness and self-surrender, the trick is to find some kind of balance between these two poles. You can act like a chameleon at times, by changing your personality and self-image to match your environment and people around you.

It is best to look at what you fear especially when it comes to your identity and ego energies. These fears may be holding you back from integrating a more whole and solid identity. Avoid escaping reality into your own dreamworld, it is easy for you to do this as your imagination is quite strong. You have a strong intuition and possible psychic talents.

You have more compassion and sympathy, especially for people who are oppressed. It can be good to work in a social area where you can help and assist people in need.

([2] astromatrix.org;) Even Tempered

Opportunities: 1. Leveraging Your Stability 2. Expressing Your Emotions

Challenges: 1. Understanding Others' Emotions 2. Finding a Partner

With Sun Conjunct Moon in your Natal Chart means you were born under a New Moon, especially if the orb is less than a few degrees. The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Sun Conjunct Moon, there is a merging of your Vital energies and ego with your emotion self. This can make you quite a stable and centered individual. It can make you more self-centered than normal but its more that you do't need anyone else to make you feel whole (unless your sun and moon is in Libra). But you are very much in touch with your need for others, or at least a significant other.

You can be quite sensitive and emotional; you should look out for transits that may aspect your sun and moon to know when you may be more affected by your moods and emotions. They live and breathe the Sun and the Moon in tandem, so the drive to find a partner is powerful. Because your will and emotions are aligned together you have the ability to know what you want and how to get it with less inner conflicts.

In general, what you desire makes you feel happy and content, you are comfortable with your emotions and are able to express them well unless you have some difficult aspects to your ascendant or sun. The way you manage your own psychological and emotional response to the world might however be quite different when it comes to your intuition about others.

You may have a difficult time understanding why other people seem to get lost in their feelings and are unable to clearly define emotional experience in their lives. Because the Sun and Moon are quite important in defining your personality, having these two planets in the same sign (unless it's on the cusp) gives much more emphasis on that sign and will be important in defining your personality. You are able to make decisions without too much struggle, simply because it is not their tendency to spread themselves around in order to find all of their options.

6) ► **Sun** ☉ **Parallel** ♄ **Saturn** - (1°58') ♀6 | 131

([7] astromatrix.org;) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood

nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. 9) ► **Moon ☾ Parallel ♄ Saturn** - (0°37') 003 | 131

([19] astromatrix.org;) Melancholia

The Saturn-Moon combination is not a particularly harmonious one; and in these contacts the individual lunar nature is often detrimentally affected. You can display a sober, self-restrained, conservative personality.

Your social relationships can lack spontaneity, enthusiasm, and naturalness, inhibited by emotional defensiveness, reserve, and caution. Self-esteem is weakened by such attitudes, which fall like a shadow across your relationships and experiences. One source of this may have been childhood and early social conditioning.

Perhaps early childhood was influenced by family discipline, either through authoritarian controls, or through imposed religious, political, or social beliefs. Perhaps there were family upheavals and unsettling discord, or strong feelings that you were not really wanted or loved by your parents, whether or not this was actually true. This may have resulted in a fear of emotional expression, to others and even to yourself. This, coupled with a need to protect your sensitivity, has associated emotions with painful 'negative experiences'.

In adult life, there may be one parent toward whom you still feel resentment, deeply contradictory attitudes, and powerful emotions. Emotional integration can be lacking; it is part of your nature that remains uncomfortable and relatively immature, and which will interfere with adult relationships that may prove difficult to develop beyond the early stages. A lack of self-confidence, and reluctance to reveal your vulnerable feelings to others, make you withdraw into negative behavior patterns whenever the possibility of a close relationship occurs.

Liberation from the past's chains will bring relief and release; it may not be easy yet could provide the keys to a bright new future. You may be surprised at how much past experience and conditioning have shaped your adult personality; looking for ways to heal and integrate your inner child would be extremely beneficial and transformative. Achieving this step could help improve the quality of your relationships.

Potential exists for you to enjoy mature contacts with other essentially serious and thoughtful partners, where the relationship has maturity and depth, with a gradual emotional release as mutual sharing increases across every level - physical, emotional, mental, and spiritual.

Opportunities: 1. Having Less Turbulent Relationships 2. Knowing What You Want

Challenges: 1. Dealing with the Past 2. Overcoming Hypersensitivity

Either your relationship with one or both parents was difficult, or their relationship with each other was difficult. Impulsive and sometimes fickle, you tend to have a rather turbulent love life. Hypersensitivity is common when this aspect is present. You have an intense emotional nature.

Often your feelings about the opposite sex are ambivalent. In love, there's often a tinge of 'can't live with him / her; can't live without him / her'. You love passionately and hate passionately - sometimes the same person! There's a great deal of impatience in relationships - especially romantic relationships. This sometimes stems from a lack of trust in the opposite sex. Often this aspect signifies a person whose childhood was unhappy. This may have been a result of difficulties with the opposite-sex parent, a strife-filled or broken home, or being ridiculed or ignored by the opposite sex in the teenage years.

Occasionally it results from a too-early sexual experience that came before the person was mature enough to understand and handle it. Anyway, there's often a carry-over of these childhood experiences and the emotions stemming from them into the adult years.

Often therapy can banish these 'ghost emotions' and lead to a more satisfactory love life.

Sometimes sexual / romantic energies are sublimated into artistic activities. For those who are inclined to be excessively intense, involvement in art or music can bring strong emotions down to a manageable level. If you have Venus opposing Mars by sign but not by aspect, the foregoing may apply to you. However, less energy would be expended in passionate hating; you'd be more inclined to just break up and go on.

([25] astromatrix.org;) Emotional Power

Opportunities: 1. Capitalizing on Your Sensitivity 2. Getting the Emotional Support You Need

Challenges: 1. Changing as You Go Through Life 2. Building an Empathetic Career

Your emotions are very powerful, and you are quite sensitive to the feelings of others as well. What happens while you are young will have a very strong effect on your future life, so that the attitudes and patterns you pick up in youth will be very hard to change as you get older.

It is also likely that the career you choose will be influenced by your ideas in youth. Your mother may have more to do with the career you choose than your father. If your relationship with your mother is not good, it could cause psychological problems throughout your life that would affect your work and your goals in life very badly. You need her emotional support very much.

Be careful not to believe passively that the world will surely take care of you. You probably will receive a great deal of help from others, especially women, but, like anyone else, you will have to work to make the best of it. You should be very good at getting along with the public, because you can make people feel that you belong with them.

You have genuine sympathy for people, especially those who remind you of people you knew when you were young. This placement can indicate that in your career you will work with the public or large groups of people. Your profession might involve protecting and taking care of people, or you might be in advertising or public relations.

([622] 12andus.com:) A powerful surge of devotion and attention to detail fuels your spiritual mission and helps you succeed in your career.

Your career path and spiritual ideals are intertwined. You may choose to devote yourself to a career path in which you are of service to others. You may work as a healer, mentor, counselor or spiritual leader.

You may be called to sacrifice a successful career path that would satisfy your material desires in order to follow a spiritual calling that brings you to serve others in a more humble way with greater benefit to those around you.

Though you may not receive the same recognition and wealth, you will be fulfilling your higher calling in the process. You may find greater success when you blend your career path and public image with your spiritual calling and devotional practices.

([3] astromatrix.org:) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed

when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

([5] astromatrix.org;) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive

routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

20) ► **Venus ♀ Opposition ⛢ Uranus** - (7°34' S) ♎11 | ♈5

([176] astromatrix.org;) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

21) ► **Saturn** ♄ **Opposition** ♅ **Neptune** - (2°06' A) ♄1 | ♅7

([199] astromatrix.org.) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusionary and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly,

you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and reperceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian

realities, and the middle path of wise balance may be the most suitable way to follow.

You might feel odd and distanced from the traditions and perceive them as hurdles in manifesting your ambitions. ([430] astromatrix.org;) The Dominator

Opportunities: 1. Being Equals with Others 2. Playing the Long Game

Challenges: 1. Getting Past Defensiveness 2. Dealing with Authority Figures

You will tend to work against yourself until you really understand who you are and what you are doing. Your immediate desires, especially if they are compulsive and urgent, may actually prevent you from getting where you want to go in the long run.

Try not to be shortsighted, and do not assume that people who warn you of this are simply trying to hold you back. You may be rather suspicious of such people and assume that they are just trying to dominate you. This is because you sometimes try to dominate others for no particular reason. Also, you sometimes pick a fight just because you are suspicious of someone. You try to seem confident and self-assured; probably you will be when you are older, but now your aggressiveness comes from a lack of self-assurance, from a fear that others will see your inner weakness and take advantage of

you. Actually, most people don't want to bother; the aggressiveness you see in others is really a reflection of your own.

Your relationships with male authority figures may be quite difficult, because you see them as challenging rather than trying to help you. It is difficult for you to acknowledge that someone has a right to be above you. This could be a serious source of trouble with employers. Basically, the challenge of this aspect is to learn about yourself and your limitations, so that you can have self-confidence. Then you will no longer see need to challenge others for no reason, and you won't fear challenges from them.

([388] astromatrix.org;) Where To Go And Why

Opportunities: 1. Healing Yourself Through Communication 2. Projecting Your Focus

Externally

Challenges: 1. Overcoming Your Inner Conflicts 2. Get Past Your Defensiveness

The square aspect between the Moon and Mercury indicates inner tension, stress, and frustration, and a need for a radical inner adaptation to rebalance these two conflicting energies. Conscious change is required to overcome conflict between your conscious mind and protective lunar habit patterns.

One likely imbalance is an unconscious lunar domination of your rational mind, where thought processes are subverted by deep emotions and feelings, with a consequence that decisions, judgments, or objective evaluation are influenced by emotionally charged attitudes. Such unconscious attitudes and values - possibly absorbed during early childhood or from parents - can condition present choices, where issues of the past still dominate your current life. Simply put, head and heart can be in constant conflict within you; decisions may be made according to which is dominant at any given time.

This temporary supremacy can vary, like a pendulum movement, and may also be related to the sign, house, and element that each planet is in. It may be that one planet consistently dominates, and the other one becomes repressed. If Mercury dominates, then the Moon activity can sink deeper into the unconscious mind, influencing you more subtly and pervasively from a hidden position where the emotional coloration is less noticeable to you than to others. If Mercury is repressed, then rationality and logic may diminish, and choices may be influenced by insistent emotions, instincts, and feelings; habit patterns may often be security biased. Sometimes you may observe that, when attempting to restore inner balance, Mercury begins to excessively rationalize feelings and emotions. If this is allowed to persist, you may start to deny the validity of your emotions and feelings, and in so doing repress your Moon sensitivity, creating another imbalance.

Inner tension can reflect insecurity and self-doubt, creating highly nervous activity prompted by disharmony between the personality's conscious and unconscious levels. Sometimes this can manifest as psychosomatic illness, especially nervous illness, digestive problems, and diseases related to the activity of body fluids. Another problem could emerge from self-centeredness and separative ways of living and expression. You may rely on fixed attitudes, thoughts, beliefs, and values for a sense of stable security, but these can also create relationship difficulties if you act inflexibly. Whenever someone else's opinion differs from yours, you may react with aggressive defensiveness, without first considering the value of another point of view.

You hate suggestions from others that you may be wrong, as this makes you feel insecure. Your response to this is often defiant and compulsively assertive. Paranoid feelings often accompany this reaction; and you can be very touchy emotionally, often triggering off misunderstandings and communication breakdown. With strangers you always feel insecure and on the defensive; even with closer friends, acquaintances, and family this pattern persists, although with less belligerence. Yet even in the family home,

you react against having to change to accommodate others. Self-centeredly, you believe they should change to suit you; the fact that they may not wish to do so is apparently of little concern to you.

You can often communicate quite well with those with whom you feel safe, often revealing a touching if slightly immature and sentimental emotionality about such relationships. Your hidden dependency on such intimates may not always be realized or acknowledged. Relationships would improve if you were less self-preoccupied, seeing others' needs as being as important as your own, and giving to others what you are so busy taking for yourself.

Attention needs to be directed externally for you to become aware that others have equal needs and difficulties. Through mutual support, all can benefit and have a more enjoyable life. Sometimes your needs and concerns can become obsessive; and you rarely see that this represents immaturity and lack of integration. Ways that you evade making necessary inner changes can include obsessions with trivia and matters of inconsequence, continual chatter, which can create unsatisfactory relationships and wastes energy instead of using it positively to change internal stress through self-understanding.

Mercury is often repressed by a dominant Moon whenever issues of personal security dominate life, much like a demanding infant wanting immediate satisfaction. Because of this, you can lack rationality and objectivity, as noted in signs of immaturity, a lack of self-understanding, and a surfeit of emotional bias. Sometimes your ability to discriminate between reality and illusion, fact and fiction, is weak.

You can often be full of unresolved questions, uncertain of what you really think and feel about life and people, even though you defend whatever thoughts you are presenting. There can be a state of 'life-confusion' which persist

Opportunities: 1. Advancing in Life 2. Growing Through Action

Challenges: 1. Keeping Your Ego in Check 2. Connecting with Others

You can be self-centered, intent on pursuing your way irrespective of the impact it has on others. Sometimes you use Martian energies aggressively to gain your way, refusing adjustments and compromises with others, demanding that they appease your will and needs while denying any validity to theirs.

Often instincts and emotional needs clash with your will for action, and you may feel confused regarding which to choose. This inability to know which way to turn increases frustration.

Men may try to be too forceful and aggressive with women, playing a 'macho' role

without much understanding and sensitivity to the female temperament, oppressing through asserting raw power without sympathy, and overidentifying with the Mars energy and denying the Moon.

([459] astrohealer.com:) This configuration signals that one's sentiments may have been polarized from one's wounds or vulnerabilities. Alternatively, one's emotional reactions may have been subtly affected by one's sense of pathos.

With this configuration in the natal chart, the mother or prominent female figures in one's life may have lived their life in spite of a certain innate vulnerability by keeping their sentiments separate from their wounds. Yet, since a semi-sextile aspect hints at the

presence of a subtle force in the periphery of consciousness, the wound could have been somatized, acted out, or lived practically, rather than psychologically digested.

In some cases, the individual may perceive herself as emotionally tough or may appear to be so in the eyes of others, while, in fact, she has a fragile side that may not be easily detected. This may expose the individual to unexplained distress or sentimental turbulence. The key to working with such Chironic blind spots is to recognize the presence of the inexplicable in oneself and to allow space for integration of all the undefined and disturbing sentiments within one's heart without being scared of losing touch with oneself.

6) ► **Antiscia-Neptune** ♆ **Conjunct** ☿ **Mercury** - (1°50')

([33] astromatrix.org.) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

([571] 12andus.com:) Your caring and nurturing energy is best expressed at home.

When it comes to work and career you may have a difficult time showing your true compassionate and personal nature. You may try to be professional rather than caring.

As a result you may be drawn to professions that don't require you to reveal your compassionate side. You may resist going into work settings where you have the responsibility to be the caretaker for others.

You're very nurturing, but you show the best of this strength in your private life, at home or among family. It's only if you get really comfortable and close to coworkers or colleagues that you show your deeper caring nature.

Your colleagues may think you're cold but they would be mistaken. Instead you are just very guarded at work. You try to not show too much of yourself and your personal, caretaking nature at work.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power

and social mobility (eminence).

The **Lot of Fortune** is in 1° **Aries** 28' and in the **4th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 4° **Libra** 59' and in the **10th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 6° **Cancer** 39' and in the **7th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 4° **Capricorn** 30' and in the **1st** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 22° **Aquarius** 7' and in the **2nd** house.
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 6° **Pisces** 12' and in the **3rd** house.
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 17° **Pisces** 46' and in the **3rd** house.
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 13° **Cancer** 40' and in the **7th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 26° **Libra** 51' and in the **10th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Libra: plasticity, divorce, separation, the pen

Nemesis in Tenth house (Capricorn): carelessness, neglect

Lots related to family:

The **Lot of the Father** is in 26° **Aquarius** 29' and in the **2nd** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 16° **Virgo** 39' and in the **9th** house.

Same as for father.

The **Lot of Siblings** is in 12° **Libra** 59' and in the **10th** house.

The **Lot of Children** is in 23° **Pisces** 28' and in the **3rd** house.

The **Lot of Daughters** is in 11° **Leo** 40' and in the **8th** house.

The **Lot of Sons** is in 22° **Aquarius** 20' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 4° **Pisces** 33' and in the **3rd** house.

The **Lot of Marriage for Men** is in 1° **Scorpio** 55' and in the **11th** house.

The **Lot of Deceit in Marriage by Woman** is in 8° **Aries** 58' and in the **4th** house.

The **Lot of Deceit in Marriage by Men** is in 18° **Gemini** 24' and in the **6th** house.

The **Lot of Marriage (in general)** is in 24° **Taurus** 53' and in the **5th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 23° **Leo** 53' and in the **8th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 13° **Capricorn** 32' and in the **1st** house.

The **Lot of Treachery** is in 25° **Sagittarius** 49' and in the **12th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 12° **Leo** 19' and in the **8th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 16° **Virgo** 39' and in the **9th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Virgo

(canvasofthecosmos.tumblr.com;) Pholus in 6th House/Virgo: Major transformations come in health and work. You seem to have unexplainable health problems rather often, caused by lack of caution in your daily work. Like You are creatively as well as mechanically inclined, able to enhance details in music and art, anything you put your hands to, really. In fact, the more hands-on a project is the better. This placement leads to potency in daily work and service possibly leading to quick promotion in day jobs. This promotion, while at first glamorous, eventually feels stagnating. In the past, you realize a pattern of biting off more than you can chew. This leads to periods of hopping from one daily routine to the next, with many changes in career and education paths, before you find the situation where you 'never work a day in your life' due to the immense passion you have for it. With experience, you can gauge the amount of work a worthwhile project needs and when and find the drive to keep at it.

Pholus in 9th house

(12andus.com;) You may feel like you are on a path to search for greater awakening through wisdom and expansive thinking.

You can be opinionated and strong willed. You may also be independent and love to travel, relocating frequently or living abroad as you seek out truth and purpose.

Your sense of ideals and meaning are the key to transcendence. They can also lead you to unleashing a dramatic change that is initially chaotic. You may become lost in a frenzy when this happens.

The momentum that is created by this uncorking can spread on a large scale. You may find yourself in a messy situation that will only be transcended if you can let go of toxic beliefs and surrender to the process.

Your inability to control the situation may require instead that you overcome by taking on a different perspective. Your shift in beliefs can lead to a change in confidence. Your creativity and sensitive side can help see you through these chaotic transformations.

You may want to spend more time with family or in the privacy of your home at a crucial time in which your skills and talents are in demand in the career path or business that you've been called to.

You will have to put some effort into finding ways to fulfilling your career path and also fulfilling your obligations to others during times of crisis and pivotal changes.

You may be called to protect others or to be a leader or guide during times of crisis and even if you are not fully prepared, you will be able to learn as you go.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Taurus (Rx)

(astrology.com:) Taurus or in the second house: This Hygiea curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is “off.” While this generally predisposes them to healthy eating, overindulging when they’re stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

Hygiea in 5th house

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

Psyche | Soul, Entrance to Self

[1] where you’ve almost certainly seen the dark side of things

Psyche in Sagittarius

(fauxastrology.tumblr.com:) Psyche in Sagittarius/ 9th house: My soul's a nomad, it belongs nowhere & everywhere, it's running beside antelopes in Africa's wilderness, singing among the Amazon forest's macaws, catching penguins with the polar bears (wut?). I'm a wandering soul, I dream of places I've never been to & wanna see the sun rise from every hill on earth.

Psyche in 12th house

(fauxastrology.tumblr.com:) Psyche in Pisces/ 12th house: My soul's climbing up the Beanstalk towards a castle in the sky, swimming in the clouds, going to places where time & space don't exist, where you're hearing a distant melody but it's like a half-forgotten dream, far away & untouchable. My soul's searching for something that will reach me through this world I created.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Pisces

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the twelfth house from 'synnisisigns.com'.) In connection with your higher sources, Eris gives you a voice to speak about how this dimension's experience does not necessarily mirror all of reality. You have a powerful prophetic voice that holds much wisdom and truth. You can channel the wisdom of higher realms and have the ability to access the Akashic records without the guidance of the guardians from the other side. However, because your voice is at dissonance with the drum beat of your time, often you are not listened to, like Cassandra of Trojan War fame.

Eris in 3rd house

(synnisisigns.com:.) In the third house of communications, Eris gives you a strong voice that sounds discordant against the sounds of the collective. You have the intellect to discern what is off balance and not in the interests of the society. You must beware of forcing your opinions on others, but it your job to tell society at large your perceptions.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Sagittarius

(astronomicallyaligned.tumblr.com:.) Somewhere deep inside a library, lies an old, unopened box. You want to open that box in order to attain more knowledge and wisdom. Like Adam & Eve taking a bite out of the apple in The Garden of Eden. You just can't contain your curiosity. The more you know, the more you can learn. The more you learn, the more you know. The more you know, the more you can learn to others and share. The more people know, the more places you can travel to and explore. You see all this in your head. But the more knowledge shared with humanity, the more doomed we become. Your want for knowledge can be attained other ways. Through experiencing and listening to others.

Pandora in 12th house

(astronomicallyaligned.tumblr.com:.) You're curious about your dreams, subconsciousness, spirituality, endings, self sacrifice, and closure. You might open a door to another world, to the other side. A door that cannot be shut once opened. Energy will flow between the galaxies.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system

(be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Virgo

(smartyoungsters.com:) This is the cleanliness and neatness obsessed Nessus, the one who cares too much for hygiene. Nessus in this place is a doctor that washes his hands till the time real color fades away. A person with this Nessus is fanatically obsessed with his diet, health and work. This Nessus works too much and expects the same from everyone else. This can also be the Nessus that as a doctor can manipulate patients to get things his way. He can prey on the fear of his patients and employers. When positively expressed this Nessus can create most dedicated healers, doctors and employees who go to extra lengths to please. In love, this Nessus will obsess about their partner's health and well-being. They can be extra critical regarding hygiene and following diet and exercise routines. People with this Nessus have a tendency to nag uncontrollably if their partner does not adhere to their "guidelines".

Nessus in 9th house

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him "how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Dejanira | Victimhood, Toxic Submission

Can indicate masochism (self-harm), being drawn to sadistic types or a victim mentality. No fault of her or his own. The person did not choose his chart. He has the power to respond, only. All charts can be overcome.

[1] where you require excessive strength in others

Dejanira in Capricorn

(cancerouspastelstars.tumblr.com:~) May be a person who is victimized in his job or by society, in general.

Dejanira in 1st house

(mychristianpsychic.com:~) The 1st house may bode for one to be a victim, more than other houses. The reason is that we wear our 1st house on our sleeve. Any planet or asteroid that resides in the 1st house will be part of our outer apparel. Hence, with Dejanira in the 1st house, one may have the “vibe” of being a victim. Also, one may be victimized by being denied independence or a sense of self.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:.) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it

relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:~) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

Melete in Aquarius

(hillarysss.tumblr.com:) Melete in 11th: You're scared of letting yourself get too close to a friend. Friends could've burned you constantly. Maybe there is something that stops you from making friends. Technology could've been something that really brings you sadness. (Being online can scare you so you may keep things very private). You're scared of being too humanitarian you don't wanna get "taken advantage of". Friends may have constantly used you.

Melete in 2nd house

(hillarysss.tumblr.com:) Melete in 2nd house: You may struggle with money & you may panic at the thought of losing money losing what is keeping you secure. You may be extremely insecure about your work ethic & you may overwork yourself to make sure you don't lose money. May get anxious at the thought of losing anything valuable even if it's something as little as a picture.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:.) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:.) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new

and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.
To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
