Life Path Number: 8 = (2+5) + (0+6) + (1+9+7+5)

([659] numerologycalculator.online:)

The Power Player

The Life Path 8 suggests that you entered this plane armed to lead, direct, organize and govern. You are very ambitious and goal-oriented.

You know how to manage yourself and your environment. Your ability to judge the character and potential of the people around you is an asset used to your advantage. A large part of your success in life comes from how hard you work.

This Life Path is perhaps the one that is the most concerned with and desirous of status as an ultimate measure of success. You want to be recognized for your hard work and achievements. The attainment of honors and acceptance into the club of executive leadership is all important.

In relationships, you are frank, honest, and steadfast.

You may be very much in love, but watch that you are not too busy and preoccupied to show it.

You have a great need for close personal relationships to mitigate and somehow soften

your nature. You must find the time for love and keep it as an important project in your life.

The negative 8 can be dictatorial and often suppresses the enthusiasm and efforts of fellow member of the environment.

Material gains and rewards often become issues of utmost importance, even to the neglect of family, home and peace of mind. Dedication to success can become an obsession.

Expression (Destiny) Number: 6

([659] numerologycalculator.online:) The number 6 Destiny suggests that the direction of growth in your lifetime will be toward a greater sense of responsibility, love, and balance. Development in life must make you more helpful, conscientious, and capable of rectifying and balancing any sort of inharmonious situation. You must be a person very much inclined to give help and comfort to those in need. You have a natural penchant for working with the old, the young, the sick, or the underprivileged.

As the saying goes, charity begins at home, and the home is where you must be a special person. The qualities of the 6 make the finest and most concerned parent, and one who is often deeply involved in domestic activities.

Openness and honesty is apparent in your approach to all relationships, particularly close family relationship.

A happy home life is the goal of Destiny 6, and if you live up to the promises of this number, you will reap this reward most likely with some degree of luxury and grace.

Although you may have considerable creative and artistic talents, the chances are that you will devote yourself to an occupation that shows concern for the betterment of the home and of the community at large.

The destiny of the 6 is often a career in medicine, welfare work, education, dealing in the arts, furniture, decorating, landscaping, home construction, religious endeavors, or scientific fields.

The positive side of the number 6 suggests that you are very loving, friendly, and appreciative of others. You have a depth of understanding that produces much sympathetic, kindness, and generosity.

If there is an excess of the number 6 in your makeup, you may exhibit some of the negative traits associated with this number. This can include stubbornness, self-righteousness, or dominance. There may be a tendency for you to be too exacting and demanding of yourself, too.

In this regard, you may at times sacrifice yourself (or your loved ones) for the welfare of others. Many with the Destiny of the number 6 worry much too much. In some cases, the

over zealous 6 has difficulty distinguishing helping from interfering.

Life Path - Expression Bridge Number: 2

([660] numerology.center:) Number 2 gives you characteristic of a very loving and pleasant person. But the other people, generally, cannot notice that. You think that you are an open person and everybody understands you, but, unfortunately it is not like this. All people are different and you have to be more tactful towards others so that they can see your friendliness. In some situations, diplomacy and practicality may help as well. Sometimes you are not attentive enough to other people. It may hurt them and lead to further misunderstanding. You have to be more polite and open to make contacts with others and avoid conflicts, which doesn't definitely lead you to your dream's accomplishment. You have to be sure of your capabilities and not to repel other people. This is a recipe for your happiness and luck.

Heart's Desire (Soul Urge) Number: 2

([659] numerologycalculator.online:) People with this soul urge are the natural peace keepers who seek to bridge gaps and bring others together in the spirit of harmony and cooperation.

You want all the facets of your life to revolve around peace, harmony and balance. You are a person of unwavering devotion. This applies to all areas of your life as well, and to all your relationships. Your perpetually heightened emotional state can make you extremely sensitive. You may have extreme emotional reactions to art, music, movies, stories, etc.

Your sensitive nature also leaves you with a very developed intuition. The only problem is that you don't trust it. This is one obstacle that you will learn to overcome but it can take quite a bit of time. You grapple with other areas of self-doubt as well. You have a tendency to undervalue yourself and your role in any given situation. Through all this, you are a source of strength to the right people. Your ability to lend support where it is needed draws them to you.

Personality Number: 4

([659] numerologycalculator.online:) Stability and a solid foundation.

People with this personality are pillars of strength who are well-organized and structured. People tend to view them as having the answers and being knowledgeable. 4 People are considered reliable and steady – sometimes a tad too predictable or serious.

People with 4 of their Personality Number are ideal citizens, as they are honest, industrious, responsible, conservative and want to help community. No matter what task they want to complete, they will achieve their goal. Such persons don't like conflicts and surprises and try to avoid it. Usually they fulfill themselves as

great managers and builders. People with Personality Number 4 built a big amount of good communities.

Besides that, such people are practical, hard-working and conscientious. Frills of life don't attract them. They are often described as well-organized, disciplined and capable. That makes them more interested in work and its concrete results rather than people, everyday life and outside amusements. Their pleasures are pretty quiet, as they enjoy nature, home, family and well done work.

Heart's Desire - Personality Bridge Number: 2

([660] numerology.center:) You have the ability to influence people. You don't use this aptitude with your private aims. Maybe you even don't know about this ability, but very often people do what you want. However, in spite of this fact, you have to be more attentive to the needs of others. Good warm relationships will be long-lasting if you understand the expectations of people, who are important to you, and if you don't ignore them. Sometimes it is necessary to put the focus on the wants and needs of others. It will help to build natural harmonious relationships.

Patience is important for your job as well as for your relationships. Don't try to make things too quickly. In some cases it is necessary to calm down and wait a little bit.

Quiescent Self Number: 4

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 4 are likely to imagine the existence of a secure foundation for the future of themselves and their families.

The energy represented by the number 4 resonates with building a secure foundation for the future. It comes with pragmatism. It also comes with the ability to focus on previously successful methods without distraction in a manner that gets things done.

It is common for visualizations to include specific methods of accomplishing goals, a pragmatic approach, and conscientious application of effort. The visualization is likely to include material resources sufficient for nothing to be lacking.

There's a tendency for someone with this quiescent-self number to visualize themselves as a trusted and trustworthy person, someone who can be depended upon to get things done.

Maturity Number: 5 = 8 + 6 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with freedom. You're being called upon to work with the constructive use of freedom, living a life filled with travel and adventure, and embracing a life of progressive change, flexibility, and uncertainty.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to the disciplined use of freedom to center stage. Situations will arise highlighting excessive behaviors, versatility and change, and vivacious and tactile living.

What that might look like:

- A dramatic change in life leading to an evaluation of your sense of freedom – a divorce, death, children leaving home, or other change to a stabilizing force.
- Evaluation of the ways in which you have or have not used a focused approach to getting what you want in life.
- Inability to rein in excessive behaviors with food, alcohol, drugs, sex, or other behaviors that control you in a non-productive manner.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

First Pinnacle Cycle: 4

(Month + Day) - from age 0 to 28 (based on LPN) - ([665] feliciabender.com:)

General: A 4 Pinnacle is the period of your life where you're being called to build your life with solid, stable foundations that'll last. This is often a period of time where you're drawn toward purchasing—or actually building—a home and concentrating your efforts on career and family.

This isn't a particularly light-hearted and "fun" time because you're learning and being tested by issues related to organizing, setting up good systems, patience, hard work, endurance, working step by step, and moving ahead methodically. This stage is for designing and pouring the proper foundation for your future. It's a practical time where you're putting your ideas into the material world and manifesting your vision with discipline and a serious attitude. This is a period of time where you'll be tested in the realm of recognizing, moving through, and getting around limitations.

You're being immersed in the energies that support a practical and realistic approach to life. So a demand for order, system building, and organization is key. The 4 Pinnacle encourages you to be dependable, conscientious, and reliable. Determined and somewhat relentless effort is required and you may feel a strong compulsion and emotional need to immerse yourself in work during this Life Stage. When you do, you'll thrive on that energy.

Pinnacle 1 Number 4: First Pinnacle: Experiencing a 4 First Pinnacle sets you up for a demanding childhood and adolescence. You might find your economic circumstances demand more concerted effort and hard work. This can also be a stage of life devoted to the pursuit of your education. In either event, it's unlikely you'll be involved in the normal frivolity of life because of the intensity of your schedule.

Warning: Warning: The 4 energy offers with it a bevy of teachers. As you're challenged to build something of lasting value, you're setting up your future relationship with money, your ability to meet deadlines, your ability to institute effective systems, and your way of dealing with limitations.

Second Pinnacle Cycle: 11

(Year + Day) - from age 29 to 37 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Third Pinnacle Cycle: 6

(1st Pinnacle + 2nd Pinnacle) - from age 38 to 46 (based on LPN) - ([665]
feliciabender.com:)

General: Love, duty, responsibility, and family are the hallmarks of any 6 Pinnacle. This is a stage in your life that is immersed in the energies of nurturing, service, and love. You may choose to nurture your career or your family—or even your pets or employees—yet you can't avoid these years that are devoted to nurturing those around you, embracing your sense of responsibility, and balancing giving to others and giving to yourself simultaneously.

If your giving is lopsided and you give, give, give to everyone else and leave nothing for yourself, you'll certainly experience the difficult lessons that accompany that imbalance. Or if your behavior is lopsided in the opposite direction, where you're self-involved and self-absorbed at the expense of giving freely to others, you'll certainly experience the difficult lessons that accompany that imbalance. You must achieve balance within yourself and your chosen family.

This is the stage where you'll feel the irresistible urge to establish or intensify your involvement with home, children, and the beautification of your surroundings. The Six energy also carries with it a vibration associated with a commitment to community and humanitarian service of some kind, and so this might be a period of time that you'll feel compelled to be involved in some aspects of these services.

You can make considerable money during this Pinnacle when you are solidly focused on your visionary contributions and service. This is also most certainly the “love and marriage” stage with intense focus on babies and the home. It can also be the “marriage and divorce” stage when the marriage as it stands can no longer be sustained.

One of the major influences of this 6 Pinnacle is experiencing such an overwhelming sense of responsibility that brings with it an undeniable feeling of restriction and being tied down. The bottom line is that you're learning about responsibility and nurturing, plain and simple. You'll learn what's required and when enough is enough by setting your boundaries. It's a time where you're developing knowledge of what's really in your heart and acting on it with compassion.

Pinnacle 3 Number 6: Second or Third Pinnacle: If you have the 6 vibration in your Second or Third Pinnacle, you might find great achievement through accepting increasing levels of responsibility and interacting with diplomacy in whatever you do during this period. Home and family often take precedence over business, or at least meld with it. It's a time for you to attend primarily to the demands of family and friends rather than to the development of yourself as an individual.

Warning: Warning: The 6 vibration is such a high-frequency vibration that it tends to idealize the world, people, relationships, and even the self. This results in stubbornness and being overly opinionated. The true lesson of the 6 is to learn acceptance – and learn to modulate your sense of responsibility. You're being tested not to be overly responsible or overly irresponsible.

Fourth Pinnacle Cycle: 1

(Month + Year) - from age 47 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 4 Number 1: Fourth Pinnacle: A Fourth Pinnacle with a Number 1 is marked by what might be called imposing energy; meaning, any thought of slowing down or retiring is most likely not in the cards. Both challenges and changes will accompany this last stage of life and your accomplishments can be profound if you've mastered the art of leadership, direction, and expression of your own original ideas. You'll be challenged with keying into you unique and creative ideas and acting on your individuality and independence.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep

going.

First Period Cycle: 6

(Month) from age 0 to 28 (based on LPN)

([666] worldnumerology.com:) The first one-third of your life is a time of family, responsibility, and duty. The issues of commitment, marriage, and family all come into sharp focus. When the commitments are made and one responds lovingly and with acceptance, this is a period of much harmony and support.

You are greatly needed by those around you.

You will be loved and appreciated. This is the best cycle for marriage. In the same way, partnerships go well and much progress is made from joint activities.

Conversely, if commitments are not deeply made or are broken, separation and divorce often occur. Any artistic talent you possess will surface and new opportunities for self-expression will present themselves.

You are also under very supportive influences for starting a business. This is a time of progress through flexibility, cooperation, and compromise.

Second Period Cycle: 7

(Day) from age 29 to 55 (based on LPN)

([666] worldnumerology.com:) A 7 Period Cycle during the middle years of your life produces a period of intellectual depth and contemplation. It is a time to concentrate on the big questions of life. You are attracted to science, technology, philosophy, and/or metaphysics.

This cycle requires that you focus your energies and thoughts. Regardless of the course you choose, you must immerse yourself and specialize to become an expert in your field.

This is a period of inner development; meditation, contemplation, and self-reflection are your keys to enrichment and wisdom.

Relationships seem burdensome at times due to your desire to spend time alone. There is also resistance to sharing your deeper feelings with others.

Sharing your knowledge by teaching, counseling, or simply talking to others is beneficial.

Third Period Cycle: 22

(Year) from age 56 (based on LPN)

([666] worldnumerology.com:) This cycle carries enormous potential for establishing a

lasting institution or teaching that will greatly benefit others. You have the ability to manifest a concept, dream, or invention. Your talents as a builder, organizer, and visionary are at their peak.

You discern the needs of others and create constructive and practical plans to fulfill those needs. You commit yourself entirely to the work at hand.

For many, this dream lasts a lifetime and requires every ounce of energy and talent. An all-consuming role beckons but provides a great sense of personal accomplishment and reward. You possess an ability to make a lasting contribution to the well-being of humanity.

First Challenge Number: 1

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Second Challenge Number: 3

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) If you have a 3 Challenge, you're learning to identify your feelings and to speak from your heart. It's a time where you're truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity

- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Third (Main) Challenge Number: 2

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) This is one of the most common Challenge Numbers because it revolves around developing your sensitivity to all human relations and developing your sense of seeing other peoples' points of view. This is a lifelong challenge for all of us, yet when it's your Challenge Number it'll present you with especially intense tests surrounding working with feelings of fear, not standing up for yourself, and lack of self confidence. The pain inherent in these lessons can be fierce. You'll be challenged with getting past basing your actions and decisions on what other people think or say about you. Again, the balance between giving to others constructively and giving to yourself in a way that isn't totally self-absorbed is part of this challenge period.

The challenge here is that you're being called to work with the energies of harmony, cooperation, and diplomacy, and yet you are feeling none of this. Instead, you find it difficult to work with people because of your fear of criticism, or of being ignored. You feel huge doses of self-doubt, lack of self-confidence, and there's always that nagging worry (sometimes tipping into paranoia) that other people are judging you.

So you can see that the challenge is to understand the destructive aspects of the sensitivity of the 2 energy so that you can strive toward incorporating the constructive aspect instead. This would include using your keen sensitivities as a strength because you're so attuned to others and what they're feeling. If you're wearing your "psychic armor," you can use that to your advantage with all of your interactions.

During this period you're faced with great difficulties in asserting yourself and making solid decisions. You might shy away from positions of responsibility and authority because you're so emotionally tender. Your mantra for the 2 Challenge: Don't take anything personally. This is a time for slower, more deliberate growth, rather than seeking quick or immediate gain or results. Respect this more "quiet" stage in your life.

Potential Destructive Aspects of the 2 Challenge

- Becoming defensive, self-absorbed, and angry to the point of being irrational
- Stubbornness and taking unfair actions

- Feeling unworthy to the point of allowing abuse
- Feeling resentful and unacknowledged for things you do for others
- Unable to follow through on things you want to do (for example, finish school, train for a job)
- Health issues, particularly in the joints

Fourth Challenge Number: 2

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 1 (25) + (06) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 1 is a year of new beginnings and more energy.

The year generally provides opportunities for starting new projects and the energy to follow the inclination. More so than last year, the person feels a desire to move forward, to improve situations, to assert their individuality, and to get on with life.

This tends to be an active year with many decisions to make.

In some respects, life feels like it's beginning anew.

Personal Year Number (for 2023): 2 (25) + (06) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 2 is a year of attention on relationships — social, romantic, friend, sibling, business, teamwork. The

year tends to encourage participation in team projects.

Cooperative associations are more important. There's a tendency to use diplomacy and tact to repair or strengthen relationships. Intuition, emotions, and sensitivity tend to be enhanced. It can be a busy year, with seemingly endless demands on your time.

The year can revitalize peace of mind. It is a good time to strengthen sincere friendships.

(feliciabender.com:) This is a year to focus on your emotions. Last year = career. This year = love and emotions. Concentrate on intimacy and relationships, fostering appreciation for yourself and your loved ones, and speaking your truth gently yet firmly. Expect this year to feel very slow-moving.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice your time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to

become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an

obsession for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): B

([676] ezinearticles.com:) This letter indicates that feelings of shyness or being introverted could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively.
([671] spiritwalk.org:) You are a independent person who loves freedom and appreciates the individuality of others. You are self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life.
([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

All having certain interpretations. Based on first full official birth name. Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

9 on the Physical Plane

Your reverie and tendency to unreasonable idealization of other people and current processes are more than compensated by your serenity, tolerance, strength, and nobility. You think globally, and carry out equally global projects. Such people, despite

some inherent impracticality, become great philanthropists, politicians, publishers, and public figures.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

3 on the Mental Plane

Evident artistic inclinations that, provided due diligence, can find expression in any sphere of art, be it painting, architecture or landscape design. But, like any creative person, you lack self-discipline and organization skills. This can be helped though.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

1 on the Emotional Plane

Emotionality and permanent internal tension. You will defend your property rights, regardless of what is in question, with perseverance bordering on animosity. For personal relationships, which are so important for you, you need a partner with both strong will and certain flexibility. Otherwise, the "tyrant – victim" scenario is possible.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

2 on the Intuitive Plane

For you, the most familiar way of thinking is floating up in the clouds. You don't build castles in the air, and your intuitive insights are often quite applicable to practice. However, your extreme sensitivity doesn't allow you to bring them down to the status of

real actions.

11 on the Intuitive Plane

(numerology.center:) Your intuition is really developed. You can tell the upcoming events, and you don't guess, you tell what you feel. You can influence the disposition of people around.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 11

"Gentle" - you are willed enough and have a level head. You can be a leader without any diktat or aggression, and able to be a compliant, enterprising and patient managee. You prefer to avoid severe conflicts.

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — 555

"Surd logic" - the logic is good, but there are also flashes of all-encompassing super-logic or intuition, especially against the backdrop of tight deadlines for decision-making. And in normal times, this person can think several moves ahead.

Labor, skill — 6

"Inclinations of diligence and skill" - capriciously this person can cope with any work that requires diligence, accuracy and technology compliances quite well. And in the process this person will sharpen their skills.

Luck — 7

"With a talisman" - of course, 7 does not guarantee a jackpot after the first bet, but will save from minor troubles and sometimes help to catch luck in the nick of time.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and

friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)

"Very high" - this self-assessment allows a person to realize the most daring ambitions. This person, even if overestimates themselves, tries to meet the requirements they set to themselves. Talent (Line «7-8-9») — 3

Tenacity (Line «1-4-7») — 4

"Confident" - the person sets ambitious goals, assesses the resources to achieve them and, as a rule, fulfills the plans. In fact, this person's potential is even higher, but too sky-high goals scare them away, though they could try to reach them.

Domestic bliss (Line «2-5-8») — 5

"An idealist" - this person has their own beliefs about what a wholesome family should look like. Therefore, they carefully look for an ideal match, and then, being in a marriage, try make themselves, their partner and family relationships fully comply with their ideals. But their partner is not always ready to put up with it.

Stability (Line «3-6-9») — 4

"Stable enough" - the person is steady and slow to start, so sometimes others consider them to be draggy, but also reliable and predictable

Spirituality (Diagonal «1-5-9») — 6

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred.

In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 6

"Too hot" - a person with this temperament always seems unsatisfied, even if they have just left the bed. Sometimes they can even refuse intimacy losing any interest to it, showing external coldness. And sometimes, on the contrary, in search of diversity they go beyond a joke. This is an unbalanced temperament that knows only extremes. Despite these, people with 6 in temperament are completely faithful.

Empty and Full Arrows

from Astro-Seek [683]

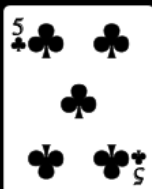

Full Arrow 1-5-9 (Arrow of Determination)

These people are enterprising and active. They are tenacious. Nothing stops them from getting what they want. They are stubborn and only see themselves. They are inflexible.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Five of Clubs

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Clubs: Mind - Communication - Intelligence
Air-Swords - Planets: Mercury & Saturn

Restless Mentality, Changeable Mind-set: All FIVE'S have restless karma. The Club suit is symbolic of communication and how we think. The 5 of Club find it difficult to make up their minds, and need to learn not to tempt fate.

Versatile, restless, inquiring; forever seeking with an ever changing mind; the 5 of Club is a young soul who is never satisfied with the answers they find. They need constant movement and wide travel -- eager to go anywhere rather than remain where they are. KARMIC CHALLENGE for the Five of Club: Honesty and Risk-taking

The positive natives of this card fight against their inherent restlessness, which otherwise lures them away from building a solid base. Those 5 of Club will then choose to educate themselves in some specialty that interests them, and will pursue it to a successful outcome.

Marriage is never easy for the 5 of Club as they are prone to jealousy and suspicion. They also experience changes in their mental attitudes towards their partner, which causes the marriage to falter.

The Five of Club must have an outlet for their natural keenness. Education is of supreme importance if they are to succeed in life. And peace of mind comes from a willingness to accept their life as it must be lived -- constructively!

First Karma Card: Five of Hearts (metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Hearts: Emotions - Relationships - Love
Five of Hearts - Changing Affections
Karma for the 5 of Heart - Dissatisfaction With Personal Life
Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures! Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit

by gifts and inheritance!

Second Karma Card: Four of Clubs

(metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Clubs: Mind - Communication - Intelligence

Air-Swords - Planets: Mars & Jupiter

Concentrated Mental Pursuits: All FOUR's are inflexible and headstrong. The CLUB suit symbolizes communication and thoughts. Thus the 4 of Club tend to be opinionated, and unyielding towards others.

The Four of Club is known as the debaters card; probably because of their fixed opinions and unique ability to shut off emotionally. The people born on a Four of Club day have strong, productive minds, and a good education is key, or they run the risk of talking much, but saying little.

KARMIC CHALLENGES for the Four of Club: Dispassion and Passive Aggression

Four of Clubs are always afraid of not having enough money, even when they do, and they are known to drive a hard bargain. Work is healing for them, especially when it involves large, male dominated organizations, and their health is never much of a problem.

The 4 of Club like to look good. They have unique and unusual emotional interests, often attracting dubious or manipulative people into their lives. They have a natural ease about them, especially when involved with large groups of people, and they make for great travelling companions!

Eighteen cards are used to analyze your journey in life. Seven of them describe the conditions of your personality, named after the planets; they are the seven chapters that tell your life-story.

MERCURY describes your early years, and the experiences that shape your thought processes and communication with others. (from age 1 to age 13)

Mercury Card: Three of Diamonds

(metasymbology.com:)

Diamonds: Values - Security - Dharma

Fire-Wands - Planets: Mercury & Uranus

Personable, Illuminating, Worrisome: All 3's harbour a mistrust related to the meaning of their suit. The DIAMOND suit symbolizes financial and material values. Thus the 3 of Diamond are often mistrustful of financial institutions.

Be it in politics or on the podium, the Three of Diamond are bright and personable, optimistic and steadfast in their personal and worldly pursuits. Unfortunately, the overwhelming urge for self-protection in material interests can throw them back on stark uncertainty, and the insecurity of the number "3". Tripping over their own dark thoughts

and a deep mistrust of others, the Three of Diamond often fall prey to trickery, and don't receive the appreciation they deserve.

During late teens and early twenties, 3 of Diamond people may become victims of unreliable friends or associates. If they have beauty, material security or some other advantage, they are often subject to jealousy and gossip.

Early marriage is usually filled with such serious obstacles and troubles, it's better for the 3 of Diamond to wait until late 20's before tying the knot.

VENUS describes your teens and early twenties. The cards in Venus show how you love and what makes you happy. (from age 13 to age 26)

Venus Card: Ace of Spades (metasymbology.com:)

SPADES: Physical - Work - Wisdom

ACE: Longing - Self

CHALLENGE: Covetousness

Earth-Pentacles - Planets: Mercury & Neptune

SPADE: The Spade personality enjoys being physically engaged in the world. The spirit of the spade is embodied in the instruments of labor, and it is earthy. The world compels the spade to dig deep into the hard soil to fulfill the needs of the soul.

ACE: The Ace has a value of one. One is self. The I am and I need. The personality of the Ace is driven toward fulfilling its own singular need.

JOURNEY OF THE SOUL: Their Soul Card is the 7 of Heart. This emblem is symbolic of overcoming emotional stress associated with jealousy or lack of appreciation.

In an ideal world, the Ace of Spade dives selflessly into work, without the need for accolades. They balance their work-related ambitions with the emotional needs of those who love them and understand the real journey of life is love.

Ace of Spade personalities are charismatic. They enjoy being physically active and have romantic expectations, which can keep them looking for their perfect love or soulmate. Starting in their late teens and early twenties, the Ace of Spade get a lot of calls for help, usually financial. This is especially true of the women in their life, friends or relatives who equate money with loyalty.

It's not easy being identified as the Ace of Spade. Much inner work is needed for them to overcome negative thinking habits and harness their restless, if not reckless behavior patterns.

In it's most spiritual interpretation, the Ace of Spade personality takes the soul on a journey of sacrifice; not as punishment, but to forgo the need for adulation and acquire victory over the little self.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Seven of Hearts (metasymbology.com:)

HEARTS: Love - Relationships - Faith
SEVEN: Sensitivity - Overcoming
CHALLENGE: Mastery
Water-Cups - Planets: Mercury & Venus

HEART: The Heart personality is here to learn about human love and relationships. The spirit of heart navigates the turbulent waters of emotional energy. It is the area of life most difficult to master. The heart personality creates experiences that demonstrate love is the sole (soul) power behind all power.

SEVEN: The value of seven is victory. It is a sensitive vibration that rides the razor's edge of life's hard experiences. It is stressful and tense. It is the number of obstacles. The personality of the 7 is chosen to overcome adversity by rising above and beyond the challenges of their karma.

JOURNEY OF THE SOUL: Their Soul Card is the 8 of Heart. This emblem is symbolic of the healing power of love. It symbolizes restoration, and reconciliation. It radiates charm and magnetism. The wise 7 of Heart use their soul-power to attract the help they need. They turn obstacles into victories and harness their emotional stress as motivation to succeed.

Childhood experiences teach the young Seven of Heart that in order to overcome adversity, they must rise to the challenge quickly. They and their family receive many calls for help, usually financial, which creates an understanding of money as a necessary evil.

Seven of Heart personalities operate on a higher frequency. Their mind stuff is highly cognizant of light energy, which they tap for creative ways to release the incessant stresses of their youth. Many artists, singers and entertainers are born on a 7 of Heart day.

The most challenging karma for the 7 of Heart has less to do with the spirit of the heart than it does with learning how to use their fine minds. They have such broad viewpoints, it's difficult to narrow down the channels of thought. They are busy inventing and building bridges to progress while the rest of us mull over cause and effect.

There are those, of course, whose evolution is on a lower frequency of light. For those seven of Heart, mental frustrations create a lazy mind, unwilling to rise to the challenge. Emotionally wilful, there are no half measures for the 7 of Heart! For good or for worse, they are self-sacrificing and loyal to death do they part, or the romantic rebel, unwilling to take on the emotional work for a committed relationship.

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Seven of Diamonds (metasymbology.com:)

Diamonds: Values - Security - Dharma

Seven of Diamond Meaning - Conflict Between Spirit and Matter

Karma for the 7 of Diamond - Harmonization of Money and Love
Fire-Wands - Planets: Double Venus

The 7 of Diamond is a card necessarily associated with money - for good or ill, little or much. It is a card of power and accomplishment. And for those who have not acquired a sense of value, it is known as the Card of "Wine, Women and Song"

The lives of the Seven of Diamond people seem to follow cycles of 5 or 7 years; changes are often violent, always sudden.

There is a great love of home for all 7 of Diamonds, but they may have to wait for it, as their early life is filled with many changes.

The Seven of Diamond is one of the "swing cards", exchanging places with the 9 of Heart every other year. This symbolizes a challenge in balancing love with money. When their love life is running smoothly, the need for earning money becomes the priority - and when there is wealth, the stability of their home life tends to suffer!

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Five of Spades (metasymbology.com:)

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

After age 91 the cycles repeats.

Cosmic Lesson Card: King of Hearts

(metasymbology.com:)

Hearts: Emotions - Relationships - Love

King of Hearts Meaning: Paternal Love

Karma for the King of Hearts - Easy-going Inactivity

Water-Cups - Planets: Mercury & Mars

By nature, these people are the most desirable people on earth and the most worthy of love. They will respond to any true call for help from any quarter - and you can forget to thank them if you choose; it will make no difference to them.

The front they present to the world is kindly, friendly and magnetic. They give an impression not so much of power but of peace, protection and "safe harbor". Within themselves, however, they know they have the full power of love, a power invincible! Sometimes, we find the Kings of Heart are quarrelsome and overbearing. They are met with constant disappointment in others, and are frequently deceived or betrayed.

When we meet a King of Hearts on their own terms and tune into their love and kindness, they never bring us anything but joy. They are the heart and center of family life, and harmonizer of friends.

Cosmic Reward Card: Two of Hearts

(metasymbology.com:)

Hearts: Emotions - Love - Family

Two of Heart Meaning: Faith in Love

Karma for the 2 of Hearts - Fear of Financial Security

Water-Cups - Planets: Venus & Neptune

All TWO's represent an element of fear, based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus the 2 of Heart tend to run from the very thing they need the most: emotional commitment.

KARMIC CHALLENGE for the Two of Heart: Cooperating with Loved Ones.

It is true, the meaning of the Two of Heart heralds the "union of love." But those born on a 2 of Heart Day are some of the least lovable types! Perhaps in spite of their obsessive need for an intimate relationship, Two of Heart are willful brainiacs, preoccupied with financial security, with a preference for associating with people of influence.

The essential nature of the 2 of Heart is to protect those whom they love and share the responsibilities of family and friends. They have brilliant minds, a firm command over their financial affairs, and rock solid work ethics. All Two of Heart strive for peace and will do whatever it takes to achieve it!

The Soul Card for the 2 of Heart is the ever curious Ace of Club. Hence an inherent conflict between their compelling need for emotional security (the 2♥), and their insatiable "need to know" (A♣)!

Cosmic Moon Card: King of Diamonds

(metasymbology.com:)

Someone at a higher energetic vibration, there to assist you in your cosmic (spiritual) path.

Diamonds: Values - Security - Dharma
King of Diamonds Meaning: Command of Commerce
Karma for the King of Diamonds - Denial of the Power of Love
Fire-Wands - Planets: Venus & Mars

Positively, the King of Diamonds are endowed with wisdom and power. They may appear cold or hard -- but in truth, they are just, and inclined to philanthropy. As a Kings' Card, they are born into power and must naturally equip themselves as rulers. If that power means money, then it must be in such abundance that no one can outstrip them or outdo them. But for those Kings of Diamond working on the higher plane of values - the hard-boiled materialism of the typical King of Diamond is unknown to them.

These people are willing to take a gambler's chance because they can afford to lose - but seldom do.

The women King of Diamond are very positive but should strive to keep their personalities out of business dealings or they get emotionally disappointed and frustrated.

The King of Diamond are rarely in inferior positions, and they almost always have ample funds at their disposal - or backers who will come to their rescue. Kingpins and top dogs indeed!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

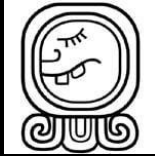

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Understanding (12) Cimi

North (White) glyph: Support / Comfort

Day Sign: *Death*

/ Transformer / Worldbridger / Cimi (Yucatan) / Kame (Kiche)

Cimi types tend to be security conscious, materialistic, sacrificing, accepting of change, and helpful. They are not often confident leaders and will more often comfortably accept a secondary role or position.

Tradition appeals to them, and since they have a strong faith, so does religion. Often those born under this sign are unsure of where their life is headed, and faith or instinct are all they can go on.

They are materialistic, very concerned with domestic security, and may have an interest in real estate, or perhaps work with homes or houses in some way.

They have an interest and concern for the community and politics and are concerned with what is happening in the world or their neighbourhood.

They like to feel that they can do something about it. They cooperate well with others and rarely allow their egos to get in the way of progress toward the collective goals in which they believe.

Those Cimi who make politics a career will often associate themselves with powerful allies, even with those more powerful than themselves.

Cimi types take all kinds of responsibilities very seriously. Obligations to others, and a sense of duty, tend to dominate their lives. Because Cimi types are usually polite and hesitant to speak their true feelings, they tend to give in to others more often than may be necessary or even reasonable.

Challenge:

To have faith; not to be a victim; not to feel obliged to make too many sacrifices.

Solution:

To become truly useful to society and the world around them.

Four Directions

Those born on this "day of death" are fortunate indeed, for this is one of the luckiest birthdays in the entire calendar. These natives share many traits with those born under Akbal which, like Cimi is associated with the Underworld.

To the Maya, the Underworld is Santo Mundo, the Holy Earth and underground source from which all power and growth emerge. It is not a place of terror and torment, like the Christian Hell. Those born under the daysign Cimi may well receive the blessings of Santo Mundo.

In the Tarot, the card called Death is sometimes more appropriately called Transformation. This sign needs to be understood in similar fashion. For those who were born on the day of Cimi, transformations will be smooth and lasting.

Cimi natives are said to have a certain softness or feminine streak about them whether they be male or female, which can be a very advantageous thing. There is a magnetic quality in their gentleness that draws prosperity.

After all, Santo Mundo is the source of all wealth, and it is said that Cimi natives are born to get rich. Like natives of Akbal, those who were born on the day of Cimi often have a great deal of verbal skill. They may well be expert word spinners, writers and communicators. They are a little less likely than Akbal people to slip into the darker waters of the underworld.

Though quarrelsome Etnab lies behind all Cimi natives as their past sign, this echo from the karmic past seldom controls their lives. As their left hand power, the Eb endows them with an intuitive understanding of the rightness of things.

Ahead of them, as their future sign, lies the wise and wealthy Ix, incarnation of Santo Mundo himself. No wonder wealth often lies in their future.

There is an uncanny feeling about natives of this day-sign. After all, their true home is in the pool of souls with the Ahau (Ancestors) linger nearby their right hand power. Thus their male soul favours dreams rather than logic.

Cimi people often have psychic gifts, including a potent quantity of the "body lightning" and according to the Quiche, Cimi natives traditionally make good shamans. As day-keepers in traditional Guatemalan society, they are likely to specialise as "marriage

spokesmen". Turning their verbal skills toward matchmaking, they are as romantic as the are clever and may be inveterate matchmakers, always involving themselves in the romantic lives of their friends.

Galactic Tone: 12

(mymayansign.com:)

Understanding

- * Knowledge
- * Learning
- * Continuity of wisdom
- * The big Library of knowledge
- * Dynamic
- * Understanding
- * Ideas

Tone 12 is all about understanding. This can be understood in a few different ways. One of them is about compassion. You have a compassionate heart that accepts all differences and different scenarios. Within your presence, people find comfort and relaxation, knowing that they are accepted as they are. This creates a very healing atmosphere.

Another meaning of Tone 12 is about the understanding in the sense of knowing. Your soul is understanding. This means that you have an understanding of wisdom which comes with tolerance. These attributes can make you a good teacher that does not get caught in ego, title, and competition.

Trecena Sign: Eagle

/ Men (Yucatan) / Tz'ikin (Kiche)

Beneath the 1-Men surface personality is a person with powerful faculties of discrimination.

Men people know the differences between things, know how to express such distinctions, and are often outstanding at articulating their emotions and expressing their feelings through creative or artistic projects.

They are also somewhat psychic and find that their unconscious is their best friend, once they know how to listen to it.

Night Lord: 4

Some people born under the influence of this Lord are teachers, some are healers, and some are over protective parents. Most seem to have a nervous disposition and a need to talk. They are intense guardians of one thing or another; other people, children, pets. Youth is often a fixation for them; they are drawn to children and perhaps even work with them in some capacity. Their nurturing instincts are quite strong, and they need to find healthy outlets to express this urge. Their darker side lies in understanding that their nurturing influence can become a detriment in many ways.

The communication skills of G4 types make them excellent teachers. They can be very creative with their thinking, a quality that lends itself to art and writing. On the darker side, they think or talk incessantly and often struggle with ways to turn off their minds. By working as a teacher or communicator, they may be able to turn this tendency into positive activity.

G4 types have a tendency to scatter their energies and this inclination may lead to being a "jack of all trades but master of none."

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.
This one would be Mercury conjunct the Sun.*

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your

area.

Apple Tree

Strong keywords: Warmth, Adventurousness

Weak keywords: Instability

Tree variants: none

Birthday:

22 June – 2 July

22 Decemeber – 1 January

Characteristics and Personality

People born under the rule of Apple tree are usually pleasant, and have a special charisma. When dealing with others they are usually warm and generous. They are contemplative and willing to embark on any adventure. Apple people love books and they have a talent for science. They love making various puzzles and brainteasers, and their explorer spirit can manifest itself in any field.

The adventurous nature of Apple people has its dark side in their love life; the constant desire to discover something new is the reason for their numerous love adventures. However, these people often find satisfaction in their marriage and they usually settle down. They need nothing but a perceptive partner with a sensitive soul.

Apple people usually have many friends, mainly because they are helpful, unselfish, and capable of sharing anything. However, their generosity is often misused, and they get cheated quite often. Despite their trustfulness they are not naive or reckless at all.

At work, these people are often dissatisfied and they frequently change jobs. They like change and they hate monotonous and dull work. Their life tends to be very varied in general; it is possible to say that Apple people like to complicate their lives. Sometimes,

however, they also complicate life to their family and friends and they just have to deal with it.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṁśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Sun ☉ in I 1st House

([859] i.thehoroscope.co)

This placement of the Sun makes people aware of what the next good step for them is and encourages them to be guided by their intuition.

People born with the Sun in the first house in their birth chart identify themselves a lot with their Ascendant, so many of their traits will pretty much belong to this sign.

Having a strong sense of who they are because the Sun is in this position, they're very confident and full of life. Always ready to take the initiative and sure of themselves, these natives would make great leaders, even if some other placements in their chart wouldn't indicate that it is so.

Spontaneous and loving to express themselves more than people in other signs or with other positions of the Sun, they're also ready to face any obstacle and can keep it together in a crisis situation.

Summary:

Strengths: Intuitive, positive and affectionate;

Challenges: Self-absorbed and indecisive;

Advice: They should be more knowledgeable of who they really are.

Very ambitious and willful

These natives want to make something of themselves and don't care too much about what others think because their goals are very clear.

The Sun in their 1st house emits an abundant energy and makes them very resistant or easy to recuperate from diseases and difficult periods in their life.

More than this, it gives them a strong sense of self, so they always feel important and work hard to become someone with great distinctions. Very optimistic and only focused on positivity, these people can inspire others to be the same.

Having all the energy of the Sun in their 1st house, natives with this placement can express themselves very clearly in matters of self-image.

They should be more knowledgeable of who they really are if they want a purposeful and meaningful life.

True forces of nature, having determination and enough confidence to succeed in life, many will want to follow them because they seem to be natural born leaders.

Not to mention how they're able to make things work and how they grab opportunities, putting themselves on the path towards success without too many efforts.

It's very likely for these individuals to become independent and highly motivated from a very young age. Enthusiastic about everything life has to offer, they're transmitting only positive energies but can be too proud and even insolent from time to time.

Their need to be in the center of attention can bother some of the people in their life. Very ambitious and willful, Sun in 1st house natives tend to overwhelm others with their strength and controlling ways.

They're conscious of what they should do for their life to take the right direction and highly intuitive, so it's normal for them to be in the middle of things all the time.

With the Sun in the house of self, these natives can very well hide their insecurities and put on a mask of absolute confidence.

The same placement of the Sun can have them obsessing over the way they look like, but what's the most important to know about them is that they can recognize a good opportunity and know how to seize it.

The positives

Bigger than life itself, individuals having the Sun in the 1st house borrow some of the Leo's traits, being true forces of nature and very flamboyant creatures.

They usually follow their heart and are always enthusiastic about new things happening in their life. Many will get inspired by them to be more optimistic, some will find their energy overwhelming.

The more generous and supportive they'll be, the more friends they'll make and attract members of the opposite sex like magnets. These natives' main purpose in life is to always make the right impression.

With the Sun in their 1st house, self-expression and spontaneity become two of the most important things in their life. Other things are on the second place, and while they may seem selfish to others, they're actually not.

It's just their motivation and ability to lead that makes them seem this way. Everything they do and talk about makes sense and is highly meaningful, and they seem to always wait on others' feedback.

If they'd be forbidden to express themselves, their entire energy would drop because they really need to radiate and to have vibrant interactions.

Loving to take the initiative, these people would make great leaders and are truly capable to build their life just as they want it as they always know what there's to be done.

Having the contagious type of energy, they can immediately recover from illness or difficult periods in their life and still inspire others to be strong.

It's important for them to develop their determination and ego as much as possible because this is what the Sun in 1st house forces upon them.

It's not a choice that they have when it comes to this, it's more of a necessity because the Sun in this position needs to be satisfied because this planet determines how people should be in order to feel happy and accomplished.

While it's possible for Sun in 1st house natives to restrain their ego at first, they'll realize at some point what they really want.

Because they're ambitious and self-confident, they immediately attract the attention of others and make it possible for success to easily come their way.

It's essential for them to always be enthusiastic and optimistic, and they usually are all this, without having to be encouraged.

Having their own place in life is also important because they want others' respect and appreciation.

As a matter of fact, their need for recognition is pretty strong and usually one of the traits that characterizes them the most.

The Sun's position in the first house is an advantageous one for leaders, politicians, actors and dancers as it brings a lot of charisma and capability for self-expression in public.

The aspects in which this celestial body is in their chart are essential for their health, but they're usually strong and able to immediately recuperate from both physical and psychological difficulties.

They seem pushy because they have a strong will and power to overcome obstacles, weaknesses and dark periods in their life. While not even realizing it, they have impressive surviving skills.

When it comes to their social interactions, they seem to always meet people who have the same passions and enthusiasm as themselves.

The mask their Ascendant makes them wear may be different from their Sun sign, yet this doesn't mean they will be only what their Rising dictates them to be. On the contrary, their Sun will always shine and have a strong influence over their identity.

The negatives

The Sun in the 1st house placement can also have negative effects on the natives

having this structure in their birth chart, especially when this planet is in some negative aspects.

Some of the negative traits this placement can feature are an overbearing and egotistical nature, arrogance, a need to always argue and too much pride.

The natives of this placement should control their strong will and try not to be too tyrannical. Some may be too honorable for these characteristics, but most of them are advised to be more tolerant and to work on their need to be controlling.

When having problems, their psychological buildup can greatly suffer imbalances and send them at extremes in matters of ego and the interest in themselves, which can become exaggerated.

The more introverted they are, the more they'll focus only on themselves. With the extrovert types, their self-expression will simply overwhelm and not leave place for something else.

They can also be at the extreme where they have a very low self-esteem, case in which they may develop serious problems with whom they are and their ego, not knowing how to express themselves so that others get a grasp of their personality.

While seeming perfectly confident and bold, natives having Sun in 1st house are in fact more insecure than they'd like to admit. Their equals make them feel threatened as their sense of competition is very strong.

It's suggested they improve their skills and determine who their allies are so they can take those people's advice and criticism more into consideration.

Usually highly impacted by what happened in their childhood, these natives may see conflict everywhere if their parents used to fight when they were little. They're determined to evolve from the psychological state that dominated their childhood, but the anxiety would still be there and they may feel a need to rise above any conflicting situation while at the same time being terrified of it.

They usually want to make their parents proud and to also do what makes them happy because they're loyal but still need to be themselves.

It can be confusing for them to determine whether they live to make a good contribution to their loved ones' lives or just to live the way they dream of because making concessions is sometimes a thing they simply can't adhere to.

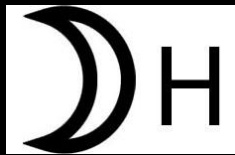

After thinking a little bit more about this issue, they'll realize their public life and image can get better only if they manage to bring their creativity and talents into play to

influence others and even to help them in some way.

Sun ☉ - Ruled by Leo

([871] southfloridaastrologer.com:) The most authentic expression of ego is experienced when the Sun is in Leo. The ego is expressed authentically with the brilliant force of the Sun when it is in Leo.

Moon ☾ in XI 11th House

([882] i.thehoroscope.co)

People with the Moon in the 11th House can achieve great things in their lives.

The 11th House rules over friendship, making the natives of this placement very needy when it comes to the support of their friends. People having Moon in 11th House are very helpful and, just like the Moon has an effect on the sea and changes its tides, it also influences them to be quite unstable emotionally.

Full of dreams and possessing a good heart, they can change their objectives according to their moods, so it's very unlikely their goals will be attained too soon. Very good friends with those who are their family, their connections are the strongest with individuals who think the same as them.

It's essential for these to form relationships with other people besides their family. When it comes to their interactions, these can be intuitive and built on charm. However, they can attract sad and moody individuals, or people who are not at all reliable, this causing them to be involved in all sort of scandals.

Summary:

Strengths: Friendly, creative and idealistic;

Challenges: Changeable and distracted;

Advice: Work more in collaboration with others.

Acting quite sentimentally

The Moon's position in the 11th House indicates its natives need to belong with someone and to be supported by the members of the groups to which they belong.

They don't mind giving all of their help and couldn't stand not having any social life at all

or their friends to change all the time. This can have them emotionally agitated and unstable in their relationships, going through subsided feelings for those around them.

Their dreams and goals are big, because they have high hopes for their future. Most of the Moon in eleventh House people are generous and kind, but very changeable when it comes to their objectives and moods. This means it can be difficult for them to work towards a specific goal and to fulfill their dreams.

The more they're involved in groups and all sort of activities with other people, the more they feel emotionally fulfilled. Their friends are very important to them, and they're usually best friends with people in their family and those who are always sharing their way of thinking.

However, they should have other individuals in their life besides their relatives. With the Moon in this position, they will have many members of the opposite sex close to them.

As a matter of fact, they are ruled by a feminine energy, acting rather sentimentally in all kind of situations, especially when having to deal with others.

When the Moon is in negative aspects, too many emotions can get involved and disturb the relationships of the ones it influences. Therefore, the natives with this in their natal chart can have many conflicts with others and especially women or witness many tensions between ladies.

If the Moon is afflicted, their reactions can be hysterical and their emotional outbursts exaggerated. But they usually immediately forget such moods because the Moon changes its cycles very often.

For the same reason, Moon in 11th House people may make new friends very often, because the Moon brings more and more people in their life.

Their old acquaintances will disappear from their life according to how the Moon changes its cycles, but no matter what, they will always be enthusiastic when dealing with new friends, forgetting about what happened with others.

They mostly rely on their intuition when choosing whom to spend their time with, and their intense emotions will disappear as soon as they get used more to a person. However, many Moon in eleventh House people can also revive their old friendships very easily, which may seem strange for others.

No matter what, they would hate being lonely and spending their time inside, this being one of the main reasons for their depression.

What they need the most is to be surrounded by people, and when they're Moon

Scorpios or have a conjunction with Pluto, they may even suck on the energies of the groups they belong to.

They would obviously do this unconsciously, others being confused and wondering why they no longer have any energy left after meeting with other Moon in 11th House individuals.

Because they can be easily impressed, they should be very careful when choosing their friends or business associates. Also, they should avoid being very dependent on always getting approval from their close ones.

Other aspects and placements of planets or signs can change all these things more or less, but things will be pretty similar with all the natives having Moon in the eleventh sign.

If the position of the Moon is afflicted, they may have conflicts with their mother when discussing things relating to the eleventh House. It's normal for them to associate their lady friends with their caretakers and treat them as such.

The influence of the people in their life can be either positive or negative, because some of their acquaintances can't be in any way trustworthy or not at all as close as they would want them to be to the idea of friendship.

It's also possible for many of their friends to be changeable or to not appreciate and care about them in any way.

The unconventional types

When not around people they know, Moon in 11th House people feel lost and truly upset because their security is established by their relationships and also because they feel warmer when in the company by others. For men, women friends are something normal because they can get along with anyone.

One good thing about the way they are is they can get together with very influential people who help them succeed and achieve great things in their career.

In case they have some insecurities inside their mind, they will identify themselves as much as possible with the group of which they're a member, losing all of the identity they may have left. It's possible for them to give in to peer pressure because they simply can't go against their friends as if these are their family.

Natives having Moon in the eleventh House are very interested in fitting in and have a need to be a part of a collective. When people reject them, they start to feel depressed and no longer want to hear about anyone and anything. It's normal for them to feel alone sometimes, no matter how many people surround them.

That's why they may not conform to social norms and practice the unconventional type that characterizes their Moon sign.

Moon in 11th House individuals may surprise others with how controversial they are, puzzling and making them shake their head in disapproval when doing something out of the ordinary. This is why they may feel like they're not actually fitting in and that no one understands them.

But this can also make them extremely free, as the Moon in this placement influences these natives to be very independent anyway. These individuals can deal with what their Moon needs without caring what others think of them.

While they express the energy of the Moon and never judge what it's asking of them, they can be so uncaring that they don't even realize how they're being influenced by it.

When making friends, they always rely on intuition and avoid being alone as much as possible. They will always approach those who feel left out and haven't been accepted in groups. As a matter of fact, the more rejected a person, the more interesting he or she will seem to them.

It wouldn't matter what culture others would belong to, or what language these will speak, they will befriend them and come up with many ideas on how to spend some quality time. Their personal lives are private, and what they're doing alone will be kept a secret.

Moon ☾ in 6th Nakshatra: Ardra

6°40'-20° Gemini

Short Version [2]

Strength: acts quickly, curious mind, craves knowledge, good memory, strong communication skills, truthful, compassionate toward those in pain, physical work is preferred over mental work, easily gains support from government, overcomes bad habits.

Weakness: arrogant, ungrateful, mischievous, reckless, anti-social, causes trouble, self-serving, stubborn, critical, impolite, untruthful, poor financial planning, lust for material attainments, excessive indulgences, creates pain or agony for others, inconsiderate, abuses power.

Overview [1]

- Lord: Rahu (North lunar node)
- Symbol: Teardrop, diamond, a human head. This represents intellectualism and the clarity that comes after sadness.
- Power: Achievement through effort. Strength of will powers Ardras in their endeavors, and they put considerable care and trouble into achieving their goals.

Strengths [1]

Ardras are known for their intellects. You have an excellent memory and are knowledgeable about a variety of subjects. People respect you for your intellectual ability and clarity of thought.

The value of honesty is not lost on you, and you endeavor to be truthful in your dealings with others. As a result, you come across as authentic and might be noted for your “purity of heart.”

You are goal-oriented and work best when there is a clear aim in sight. Things don't always come easily to you, but you push on with enthusiasm until you achieve your goals. Ardra natives don't shy away from a challenge. Physically strong and possessing an adventurous spirit, you like pursuing new avenues of thought and activity.

It's rare that you allow others to see your agitation, and in fact it's difficult to upset or disturb you. You are generally composed and calm, and your pride and self-respect ensure that you don't embarrass yourself. As a result, you are respected for your ability to perform under pressure and deal with difficulties without getting too ruffled. You excel in fields where diplomacy and tact are important.

Weaknesses [1]

Ardra's shadow side is where death, pain, and suffering are found. As an Ardra, you may

become the cause of suffering for others. One of your weaknesses is a lack of empathy, and as a result you can be inconsiderate and even cruel. However, you could be linked to suffering in a different way — many Ardras are useful in fields where they reduce suffering, such as in hospice or humanitarian work. Involving yourself in these types of activities can help you develop empathy and balance your harsher tendencies.

Anger, aggression, and even violence are not uncommon in Ardra natives. You take things to extremes and, although you are good at hiding your emotions, those same emotions can lead you to actions that may be destructive to others and ultimately yourself. It may be helpful to find a healthy outlet for your aggression, such as in a competitive sport.

When your self-confidence is not in a healthy state, arrogance becomes an issue. You may be haughty, ungrateful, and highly critical. Your impressive intellect can be your downfall if you allow yourself to think that it makes you better than others.

You are very motivated to achieve your material goals, but the downside of this is that your ambition can make you greedy. You might operate under the belief that any action is justified if it leads to your goals. You can be manipulative and have mischievous tendencies — you aren't afraid to bend or break the rules to get what you want.

Cultivating empathy and gratitude is useful for Ardras and will bring them a sense of peace. Gratitude journaling is one exercise that Ardras may benefit from. Adopting a vegetarian or vegan diet can help Ardras counterbalance their violent tendencies, because it promotes a focus on non-violence and on alleviating the suffering of other creatures.

Other Personality Traits [1]

- You are imaginative. Like most Geminis, you enjoy exploring new avenues of thought. Ardras are especially attracted to anything that is original and breaks with established tradition.

- You are a risk-taker. Confidence, ambition, and your sense of adventure make you prone to taking risks. Sometimes, the risks get you into trouble. Other times, luck is on your side. When you think things through and don't act recklessly, you can make intelligent, calculated risks that may give great results.

- You change your mind a lot. Your mind is always active, and as you explore one idea after another you might change your opinion accordingly. This can make you seem unreliable.

- You can completely transform your character. Ardras have the ability for radical personal change. The influence of Rahu makes you capable of leaving established norms behind entirely. If you become disillusioned with a particular lifestyle, system of belief, or behavior, you don't hang on to it.

- You are a crafty speaker. You have a way with words and know how to use them to your best advantage. This can make you very popular — however, it also makes it too easy to be duplicitous and manipulative.

- You may abuse power. Your intelligence and confidence can make you believe in the rightness of your own plans and intentions above all else. "The end justifies the means" is a philosophy that might appeal to you. As a result, you are liable to misuse others

when given the power to do so. When in a position of authority, you use any advantages available to you — even if those advantages aren't strictly moral.

Career [1]

As a result of your intelligence and curiosity, you are skilled in many different areas. You are a motivated worker and work well when you have specific goals and a chance for personal advancement.

Some ideal professions include:

- Scientist, writer, or teacher
- Psychologist or social services worker
- Politician or public relations representative
- Athlete or construction worker

Note: Those born under Ardra are sometimes drawn to pursue a living outside the law. Their drive and ambition can lead them to put achieving their goals above all else, disregarding whether there is a right or wrong way to achieve them.

Health [3]

Their conflicted temperament may result in chronic depression, alcohol and drug abuse, and ultimately early death. Common health issues include heart problems, lung disease, hearing issues, dental problems and paralysis. They can promote self-healing by cultivating their sense of gratitude, working to overcome diversity and through the realization of their self-worth.

Physical Appearance [3]

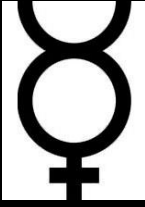

(dashaspeaks.com:) Ardra Nakshatra physical characteristics involve their large face, curly hair and sullen expression. (omastrology.com:) They could be slim or fat and sort or long.

Pada [1]

Moon ☾ in third pada

He loves to experiment with life and can be all of a sudden blunt and feisty or the sweetest on earth.

The Mercury in Scorpio native has a great mental fortitude that he employs in everything he does, increasing his ability to focus and concentrate on the task at hand.

Nothing can distract him because he's a rational and completely logical individual. He would better learn about things through direct interaction, practical training, rather than theoretical knowledge, reading in books or attending lectures.

In a nutshell:

Positives: Curious and observant;

Negatives: Combative and shallow;

Soulmate: Someone who is inclined towards the spiritual;

Life lesson: Experiment more with his reactions and desires.

A man often misunderstood

The Mercury in Scorpio astrological make-up makes these natives very resistant to change, at least as far as their ideas are concerned.

Even when someone manages to prove them wrong with arguments that can't be refuted, they will still stand still on their position, unwilling to give up.

Of course, if someone dares to be against them, they will react with impunity and aggressiveness, like a proud warrior who doesn't abide by any insult in his name.

Don't even think about insulting or saying something that might upset them. It's going to linger in their minds for a long time.

This man is known for reacting with unwarranted aggressiveness even before having a reason to, a trait of his combative Scorpio influence. It's not exactly a good or bad thing since it's only natural for him to have these reactions, but he should also be careful not to hurt innocent people.

He might be a jerk, he might be totally blunt and tell you that you look like hell, but that's who he is, an honest prick who can get better if you tell him that.

Moreover, he's experimenting with life, learning everything he can and seeking illumination in all the places that you wouldn't look.

If they're going to start reading books, you can be sure that it's going to be something about mysterious places, pseudoscience, spirituality and black magic, occult stuff.

Men born with Mercury in Scorpio are also very inquisitive and like to make their own deductions and reach their own conclusion. These natives can only be called lucky, like destiny smiles down upon them each and every time they want to find something out.

A clue will fall from the sky right at their feet, a piece of information, a moment of inspiration, especially when it comes to precise and mathematical deductions.

Because they have to feel a certain attraction and interest toward a certain activity if they are to put in the sufficient effort, don't be surprised when you'll see them engaging in sports.

It doesn't matter what it is, but if they like it, they will become totally dedicated to it, training day and night, focusing like crazy on developing their skills.

The bad thing is that you might never fully know much about them because of the suspicious and secretive nature. However popular and communicative they may be, this restraint and distance that they have toward people will be a black spot on their reputation.

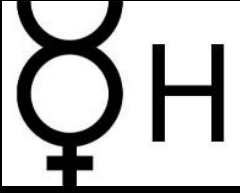

The Mercury in Scorpio man will lose a lot of friends and acquaintances because of the way he interacts with people. He might promise them to be there when they need him, to be loyal and remember the important things, but then push comes to shove, he doesn't deliver, and this is very annoying and disappointing.

It would be easy for him to prevent this with that crazy intuition and deep instincts, but he doesn't care too much about the loss of fake friends.

Romantically, he feels the need to prove to himself and to the world that he is the best partner in the whole world, and this often takes him on a road of self-deceit.

He forgets to look at the broader picture, to keep his feet firmly planted on the ground, and to determine if it's worth it at all to put so much effort. This is what gets him into so many failed relationships in the first place.

Mercury ☿ in IV 4th House

([911] i.thehoroscope.co)

This placement of Mercury encourages people to always come up with great ideas seemingly out of nowhere, after only a few minutes of thinking.

Those born with their Mercury in the fourth house of their birth chart are homebodies who will put all their efforts and time into fostering their homes, to create and nurture that sense of belonging that emanates from a stable home.

They will play out the roles of parents incredibly well like they were born to do this. Obviously, being the Mercurian people that they are, education and learning will take the top position in their relationship with their children.

They might find it annoying and boring to do the same things over and over again, referring to the chores of daily life, but it gets easier to swallow with time, entertaining even.

Summary:

Strengths: Adventurous, eccentric and knowledgeable;

Challenges: Pessimistic and unstable;

Advice: They should also listen to their intuition, not only to reason.

Quite subjective individuals

Even when at home, these natives will most likely won't be able to stay silent and do their thing just like that. Nope, that's not even an option.

Something has to keep their mind focused, either an audiobook or the radio blasting some music, something that will distract them from the tediousness of chores.

That's just who they are and there's no changing this. Moreover, these natives are very interested in traveling around the world, changing workplaces, discovering the depth and intriguing things that are hidden out there.

They are wanderers, adventurers, always looking for something innovative to occupy their time with.

Even though they can come up with great ideas seemingly out of nowhere after a few minutes of thinking, they are still very wary of accepting other points of view other than their own.

The subjectivity here is obvious, but even more, there is a stubborn denial of anything that contradicts their perspective, one that operates on the unconscious level.

Education is one of the most important goals for them, learning as much as possible, retaining and accumulating knowledge from different domains, and being in control of any conversation, having something to say. It's also very easy for them to understand complex or difficult data.

With so much learning and analyses going on, they have to develop a certain critical mindset, a manner of speaking not unlike the upper strata of society, the elite.

And you can observe it's a genuine one, not a snobbish trait, by noticing that they talk the same even when at home, in the same intellectual and profound manner.

This intellectual communication is deeply related to their connection to that sense of belonging, to a familiar environment.

For most, home is where the closest people are, but they also need to be mentally stimulated in order to really feel at home somewhere. They might search for this in other places if they don't find it.

People with Mercury in the 4th house love to travel, to explore the world, to change their perspectives, values, and to learn about other cultures.

They want to compare their own perspectives and thoughts on certain matters with other people coming from different cultural backgrounds.

Even more, they want to attempt a rather interesting experiment, to cut off their roots and begin a new life someplace else, to take it from the beginning by learning to live in another culture.

The positives

Due to their continuous learning and studying, they have developed quite the monstrous memory, able to absorb anything and everything in a matter of minutes, if not less.

They have no problems at all in understanding complex ideas or principles, and they feel very happy that this is so.

And even though they will take a stand on their ideas, if you bring good arguments and evidence, they will change their minds. Reason dictates so.

If they could just act a little more reasonable in general, they would be even more efficient and expressive. More often than not, emotions cloud their mind, throwing everything into chaos.

Their intellectual interests and peculiar way of looking at the world is most probably the result of homeschooling, of the education received at home, which made them who they are today.

The need for mental stimulation, the endless curiosity, the dynamic and restless personality, they are all deeply ingrained in them.

Moreover, their perspective and process of analysis are tied to their own selves, a form of introspective communication. To delve into the inner recesses of the psyche is to push the boundaries of knowledge and self-control, discipline, curiosity, to peer into a whole new world where everything is possible.

They are challenged with finding out how to best express their thoughts to others.

This is one of the best ways to solve problems, to find out how to best deal with certain issues and situations.

The Mercury in the 4th house natives become very adept and efficient in this regard by searching for the answers deep within themselves, by connecting to the inner self.

By asking questions and receiving answers in a straightforward manner, they expand their minds greatly.

It's one thing to ask for advice from a friend, an outside source who can only presuppose on the given data, and another to actually rationalize it yourself.

The negatives

These people can be manipulative to create the environment that they've so long dreamed about.

In order to eliminate any unwanted elements and to emphasize the desirable outcomes, they will use emotions to convince others to do their bidding.

However, this is obviously going to lead to arguments, conflicts, and long-term unhappiness.

Moreover, their stubbornness plays tricks on them most of the time with how they just can't change their ways and only follow one path.

This is why they are so emotionally vulnerable, because, on the one hand, home is like a refuge for them, a safe space away from the cruelty of the world.

On the other hand, the need to make some changes countermands this feeling of

comfort.

Mercury in the fourth house natives feel the urge to transform their home into a safe environment, a stable refuge of intellectual wisdom where they can follow their pursuits without being disturbed or judged.

This is the place where they feel the most comfortable, equal to themselves and to others, the place where progress, curiosity, self-development, and open-mindedness go hand in hand.

They will tend to discover themselves, to go through a process of self-analysis, a do-or-die type of metamorphosis that's going to change everything.

Venus ♀ in ♈ Capricorn man 12° 40'

([939] i.thehoroscope.co)

He has his principles and respects a certain code of conduct in every social situation so is usually very charming.

A Venus in Capricorn man is ambitious and perseverant, and that is the basic essence of his character. He's a very hard-working individual who sets his own pace and never strays too far from it.

Professionally, he's a monster, and personally, he takes care of himself as best as possible. He wants a partner who can incentivize him to try even harder, to achieve even higher goals, to make him wish for more.

Romantically, this man will be very affectionate, sweet, tender with his gestures of love, and he will want to build up a long-standing relationship based on self-respect, dignity, principles and a traditional homely life.

In a nutshell:

Positives: Strong and resilient;

Negatives: Superficial and deceitful;

Soulmate: Someone who is affectionate and a good conversationalist;

Life lesson: He shouldn't pay so much attention to those who criticize.

His love personality

He's interested in serious and responsible women who know what they want from their lives. His partner should, in theory, already have her plans all set out for her, and to already have made big steps towards their accomplishment.

He wants to build a life together with her, one based on financial and professional success, a stable future. So, naturally, he wants his woman to be resourceful, intelligent, hard-working, and to not give in to distractions.

This guy will already be quite accomplished professionally at the moment of his romantic escapades because he wished for this in the first place.

He always wanted to build his potential little by little, to first have a good situation, and then focus on finding a partner.

He's looking for a lover who understands and is keen on having a good conversation with him, someone who is tolerant, open-minded, and straightforward.

He hates having to think about hiding his thoughts, trying to say the right things, and all that. This native is very satisfied when his friends call on him to help them with something because he realizes his worth.

He has his principles and respects a certain code of conduct in every social event, and he keeps a respectable distance with all his friends.

He's not willing to debase himself by lowering his language or by involving himself in things that aren't worthy of his time. All of this creates a strong image of respect and dignity for the Venus in Capricorn.

The perfect woman will find this very attractive because she will have ideas of her own, she will also follow a certain set of principles. Most importantly, the perfect lover will already be on her way to achieve her plans.

She must be ambitious, intellectually and emotionally mature enough to realize how flimsy some things are, to have plenty of knowledge, and independent enough not to rely completely on him.

As long as she has these traits, he's willing to omit all the other flaws or inconsistencies because these are the essential characteristics that he's looking for.

He doesn't like overly emotional women, talkative ones, ignorant and superficial ones, and unpredictability is most of the times undesirable.

For his ideal woman, he is willing to sacrifice a lot, and he will shower her with his

attention and affection. Well, in his own way, one that she will hopefully understand.

The Venus in Capricorn man is unwilling to even think about lying or deceiving his partner. Besides being against something that would go against his principles, he doesn't even have the time to do that.

He's well over his head in building his professional life. Of course, if he's too immature and naïve, and stumbles upon a toxic relationship, he will try to escape this predicament, so watch out for his lies. It should be a telltale sign.

Attracted by ...

Don't even think about asking him to shower you with romantic compliments, to warm up to you on an emotional level, to go over his head in trying to woo you with sentimentality because he just isn't able to do that.

It's not that he isn't used to or that he's cautious, it's that it would be very difficult and go against his nature to do it.

That's why he doesn't want an overly-sensitive woman in his life. Rather, someone serious, a little rigid, responsible, who knows how to appreciate a good man when she sees him.

If you've got grand plans, you would better share them with him, as this will probably get him very interested in you.

He's never been one to wallow in sentimentality, and he has a very practical outlook on relationships in general.

Instead of saying sweet words of affection, he prefers taking his lover out on a journey, making plans together, eating out, or just being there for them when a problem occurs.

However, this doesn't mean that he lacks emotion, but that he's not that good at showing it. It would be a good idea to learn to do that.

They don't like unexpected surprised or unpredictable events, and you would better not be an obsessive shopper because he has a rather thrifty personality.

In conclusion

The best thing about this native is that you never have to worry about him hiding things from you.

He's too focused on his career and professional ascension to ever have any time for lies or manipulation.

In this sense, he will always be honest, even more in a romantic relationship where he will always put all his efforts to reach a desirable level.

He will never commit without being sure that it's all worth it, and this means that he will do it wholeheartedly, with all his mind and soul, and without hesitation.

The Venus in Capricorn man tends to focus too much on work and professional advance.

Sure, this is very attractive in a man because you just know he's going to reach the top in no time, but it just so happens that over-working isn't that good.

Your partner will want to be taken care of, to be loved, and she will want your attention most of all.

Don't forget about this aspect, and take some time off from work, or take a few steps back and just enjoy spending time with them. It's ideal if you keep an equilibrium in your personal and professional life.

Venus ♀ in VI 6th House

([950] i.thehoroscope.co)

People having Venus in the 6th House prefer to be in some form of routine, are very practical but also prone to worrying a bit too much.

These individuals are the type who would let everything go just to be of help for their lover, which means many will want them as partners or that others will take advantage of them. They enjoy being shown love through small gestures like doing the laundry and cooking.

It's important for them to realize they're too giving and that this is not the way for a romantic affair to evolve. They should be with someone who appreciates their love and generous nature, a person who's ready to serve and to give them lots of love.

Summary:

Strengths: Affectionate, practical and dependable;

Challenges: Demanding and prone to worrying;

Advice: Sometimes, in life, you just need to give it time.

Very talented at anything visual

People with Venus in the sixth House function at their best when having to express themselves romantically, socially or artistically.

Developing great relationships with their friends and co-workers, they may find the love of their life in the workplace.

Others usually love and respect them, no matter if they're criticizing and can't stand any vulgarity or ugly behavior.

Practical and supportive in the way they're expressing their affection, these natives are always of service to those who are important to them. As a matter of fact, they are the type who would go over themselves to make their loved ones happy and comfortable.

While these people don't like to bring flowers and to express their love in public, they're always of help and available for doing something. They will do all the practical things in a relationship, being very thoughtful their partner doesn't stress him or herself with anything.

Very talented at anything visual and artsy, they are looking for harmony and want to make all things whole. If they won't pay enough attention, they may end up passing by true love and going for practical relationships, thinking they can't find something better for themselves.

It's normal for them to give their love away to people who don't deserve it, so they should be more decisive about going for what they want.

Natives having Venus in the 6th House are the type who want a routine and to enjoy as much balance in their life as possible, because this is what makes them happy.

Putting in the extra work for it doesn't bother them in any way as they need to feel very proud about what they've achieved. Having a highly developed sense of duty, they are the best employees, who prefer having everything organized and looking perfectly.

Being disciplined is what characterizes them, so they may expect others to not generate chaos or to wish for perfection, just like they do. All this happens because the 6th House is being ruled by Virgo, so their desire for excellence is something that is always present in their life.

Enjoying routine and wanting a daily schedule that makes their life more efficient, it's possible for them to stress too much or be negative.

Venus in sixth House individuals are eager to express themselves and to show off their talents, even if they're not the most expressive when it comes to love. However, the person who's with them will get to witness many practical ways in which they show that they care.

There's no one to take actions that express love better than them, but if Venus is not evolved enough, they may expect their other half to do many things for them and still feel like nothing is enough for them to feel really loved and appreciated.

However, they are mostly the type who wants to be of service and enjoy helping anyone, even strangers they have just met down the street because they have this theory that being useful is the only way for love and peace to be brought in the world. At the same time, it's important for them to realize that being too giving can have their kindness being taken advantage of.

All the people having Venus in the 6th House can convince others to do different things and approach love very realistically. Anyone can manipulate them with a few nice words because they have very low self-esteem and want to keep others next to them for as long as possible.

Providing all the time for their lover can't be called love as they need someone who can really appreciate them for what they do and want to contribute. It's possible to find love even when taking care of themselves and while not trying so hard to always be perfect.

The placement of Venus in the sixth House makes it more possible for the natives of this placement to fall in love at work, because Venus will influence them here, bringing in a special magnetism coupled with a flirtatious mood.

Obsessed with perfection

The position of Venus in this House means these people need to be very proud of what they've achieved, so expect them to always want to do their duty and to put in great efforts in their endeavors. Their bosses and co-workers will appreciate them for their hard work and for always organizing, so that perfection is attained.

They are very disciplined because Virgo rules the 6th House, so their wish for everything to be done the right way can't be seen in others. Their ideal partner is the one who can follow their routine and makes their life more fun.

Those who are too negative, stressed and emotional turn them off as they need to be next to someone who has time to appreciate them for their talents and work.

It's not their type to be very expressive when it comes to love, but you can be sure their actions will always show how devoted and affectionate they actually are. This is because they are people of action and not of words.

Many may not understand them, but their love will always be transmitted in the most practical way. As said before, a Venus that hasn't evolved enough in the 6th House can have them very pretentious and expecting their partner to do everything for them.

When not seeing that action is taken for the love towards them to be expressed, they start thinking that no one cares about their fate. But all in all, they want to be of help and think this is the only way for love to get spread.

However, it's important for them to realize that giving too much of themselves is not always in their benefit. Not to mention how obsessed they are with perfection when it comes to both themselves and those who happen to be in their life at some point.

The position of Venus in the 6th House has an impact over their metabolism, so they should pay great attention to what they are eating.

This planet makes people crave sweets and sugars, so they should be very careful not to overindulge in eating desserts. More than this, it's the planet of all life's pleasures, so they will probably want to have lots of sex, eat too much or drink, which is very unhealthy.

Venus in sixth House individuals love animals and all the joy these bring, so they will have their pets simply loving them.

Mars ♂ in ♊ Gemini man 9° 7'

([961] i.thehoroscope.co)

He may often find himself troubled by the excessive energy coursing through his veins.

The Mars in Gemini man loves to play with the mind of his loved ones, but not in a manipulative, mocking way. Instead, he likes to put them to the test, to see how they can face up against his mind-twisting wordplays.

He's an intelligent individual who just can't get enough of exploring the world. He's curious, skeptical, rational, and he won't back off from an interesting conversation. Rather, he's the one starting them.

In a nutshell:

Positives: Free-spirited and easy-going;

Negatives: Skeptical and contradictory;

Soulmate: Someone who is mysterious and challenging;

Life lesson: Avoiding to leave things only half-completed.

A penchant for mind games

This man is very amusing, witty, with a startling panache for putting his interlocutors in intellectual deadlocks. He just can't get enough of it.

Free-spirited and with an expansive mind, he will flirt with any woman as long as he's intrigued enough. Their style is very subjective, flexible, fitting with their adaptive personality. He can do any style, depending on the type of social context he's going at.

Moreover, he can be extremely persuasive and good with words when he's put in situations that he must deflate quickly.

Against his opponents, he will often try to put them down with mind games and psychological tricks before resorting to anything else.

Of course, there are also those who won't be tricked by such simple tricks that they're putting forward, and these enemies are those who can match them intellectually.

The Mars in Gemini man is always troubled by his excessive energy coursing through his veins. He feels the need to be intellectually stimulated, to keep himself occupied with challenging interest, and this also means that once something turns into routine, he'll be appalled and become disinterested.

This is why most of his projects will only go completed half-way, with the rest being suspended for an unknown time. One singular focus would kill him. He needs diversity, many simultaneous points of interest, each with its own level of difficulty, to really satisfy his needs.

Multi-tasking is how he finds fulfillment. He's extremely able and dexterous, nimble with doing the more detailed things that other people would throw a fit over.

They can be very contradictory at times because Mars' combative influence gets them going at times when their natural disposition would choose another way to go.

They could, for example, choose to act with a strong impetus instead of trying to talk

their ways out, and the other way around, in totally incompatible situations. Moreover, their logical and rational mindset often gets in the way of how they express their emotions.

Thorough analysis is needed, and you'll often see them space out at times, probably thinking about how they should react.

Fun fact – because they are so observant and meticulous, they can be the best sportsmen because they will literally study every little aspect and technique in order to perfect themselves.

Quite a joyful lover

The native born with Mars in Gemini tends to be a complete mess in his younger years, at least in terms of love. He's moving from relationship to relationship, not really knowing what he's looking for.

Uncertain, with a visceral hate for organization and structure, he won't be able to always reach his goals because he abandons them half-way.

However, all these intellectual comings and goings will eventually turn into a very beneficial thing for him because he'll accumulate plenty of knowledge, focus on a specific interest that he'll later get to turn in a lucrative profession.

As for his ideal partner, that remains a mystery for most of the time. It's going to be someone who can take his intellectual mind games and retort in her own way, that much is sure.

His endless energy can only be exhausted one way, and that is intellectual activity, more specifically by discussions and debates.

If you see them constantly bringing up a topic, you'd better realize right then and there that they are very prepared to take out their colossal amount of knowledge and beat you with it. They can get very ecstatic and giddy about this sort of things.

They are tensed and agitated, always looking for something to do. Their passion and intensity manifest in the most surprising of ways, certainly not in a violent way, but a free-spirited and cool manner.

Intimately, he can be a very joyful man, always willing to try something to spice things up, but you can really turn him on with kinky words as well. Seduce him with honesty and romanticism, and you'll have a loving partner for life.

However, his levels of honesty and directness aren't welcomed by many women. This is why he's become apprehensive to keep silent about certain things.

He can be very uncertain about the course that he wants to choose for the relationship, so expect a sudden change of perspective with him.

One of the ways in which you can know for sure this native is serious about you is noticing how much time he's willing to invest.

Also, you should know that he's a casual flirter, and he won't resist the temptation to get close to other women, just for the fun of it.

In conclusion

He is a very active and multifaceted individual who is both spontaneous and bright-looking. Optimism is his middle name, and he won't ever despair over spilled milk.

Rather, he's going to move forward and try to overcome the challenge (by talking his way out of it, most of the time). He's a talkative character, and this is an underestimation. He can literally talk his enemies to death.

He might have strong principles that he'll want to uphold for the rest of his life. He's both socially active and communicative, respectful to women, and diplomatic. You won't ever have to complain about him making a scene in public.

If he seems to be uncertain and apprehensive about moving forward with the relationship, it's not an illusion, he really is unsure.

He first wants to know that you won't just up and go at the first sign of danger or that you would be scared of his inner thoughts and emotions. First get to know him, and then he'll open more to you, gradually.

He's a multi-tasker, an erudite, someone with eclectic interests who just can't focus on one single goal at a time. He needs activity, multiple activities to take part in, group projects, hobbies, passions, and so on.

However, he must really learn to complete his tasks once he starts them. The tendency to leave them like that will be a huge disadvantage in the future.

Mars in 11th House people wish for many things, have the ability to lead and can associate themselves casually with energetic individuals who are very good at what they're doing.

These natives invest a lot of time and energy in their friendships but should pay attention with whom they're spending their time because they could either take advantage of others or be taken advantage of themselves. They like to participate in group events and be the leaders.

Summary:

Strengths: Ambitious, meticulous and sociable;

They're the intellectual type

Individuals having Mars in the 11th House spend a lot of time setting all kinds of goals for themselves. They're at their best when able to fulfill their dreams and can really work well in teams.

It's important for them to have a balance between their needs and the ones of other people. Working with others towards common goals can help them.

They like taking part in sporting competitions with their friends, because Mars makes them physical and eager to win. Having many friends, they'll most likely argue with them all the time because it's in their nature to be like this.

When it comes to their own ideals, they just work hard for them, but without planning too much.

They're the intellectual type who can lead without problems. Liking everything that's new, they love talking about the future and getting involved in anything that's related to innovation. They will probably be inventors who come up with new ideas, especially on social issues and public relations.

The 11th House is ideal for Mars in these natives, because such placement gives them many friends and an argumentative attitude, no matter how small the issues discussed.

They like to make their ideals become a reality without thinking too much or judging if they're doing the right thing. Many will appreciate them for having intellectual interests and for knowing how to lead.

Because they're enthusiastic, people will see them as very influential and capable. And they actually are all this, because they engage in everything that has just been launched, especially if the matter is about social problems or involving the public. Being this way can help them become famous and important members of the society.

The presence of Jupiter and Uranus gives Mars in 11th House natives a lot of positivity in the way they achieve the results for their endeavors.

It doesn't matter what cause they choose to fight for, Mars will give them all the energy they need for a successful pursuit. They can easily be the champion in their group of friends or colleagues and most of the time get involved in projects that have something to do with solving social problems.

They're the initiators and the hard workers of any establishment. It's possible for them to be also difficult, because their independence doesn't know any limits and they can't take orders, no matter how good the cause they work for may be.

Practical aspects

Individuals having Mars in the 11th House will work with others to achieve their own goals. While always looking to make new friends, only a few people are close to their heart.

They really don't know what teamwork is, but they're aware only with the help of friends can they fulfill their dreams. It's essential for them to learn how cooperation functions and how to coordinate their efforts with others', because only this way, can they attain success.

Mars is an aggressive planet, that, when placed in the 11th House of friendship, makes people more argumentative when interacting with their colleagues, as natives of this placement are restless and too confident that they can win any discussion.

They really know what their goals are and how to achieve them. Their true friends won't be many but their acquaintances will sure have big numbers, which doesn't bother them in any way.

The placement of Mars in the 11th House can have many influences, so when this planet is in good aspects, it makes the natives amazing leaders, but when facing hard aspects, it influences them to develop friendships in which they will always want to compete and to work with destructive forces for other members of their group to fail.

This second mentioned situation would imply they wouldn't in any way look to develop and in their soul a battle would always exist.

They're rather the type who becomes very competitive and even brutal when dealing with the Alpha Male types.

They will probably do all kinds of sports and join groups centered around different activities, go to military centers and make friends who have hobbies that involve being physical or are related to weaponry.

In difficult aspects like being in opposition, conjunction or square with the planet Jupiter, Mars influences individuals having it in the eleventh House to lose control of their friends' number and to be emotionally unstable.

For them, everyone will be a closed person, and no one will be truly in their heart. Those who are their real confidants won't even be able to understand them, because they spend more time with people who are in their life only for a while, instead of with their real ones.

It's easy to see them bored, so those who can't excite them will be quickly left behind. Not standing to obey, they will get together with people who would rather compete with them than give orders.

Passive personalities make them want to run away, because they love to play all kinds of games involving power and getting the attention of others. Only people they admire themselves will be allowed to be the center of a group in which they're active members.

They get along very well with natives having Aries and Mars present everywhere in their chart, because when fighting with these people, they're doing it for the fun of it. When admired and regarded as leaders, they're the happiest, because getting lost in the crowd causes them to be very frustrated.

In case Mars is in good aspects with Uranus, they will be anarchists or revolutionaries who participate to protests and generate chaos.

The downsides

Mars in the 11th House influences people with this placement to have their mind racing through ideas, so these people may need to put their own thoughts in an order.

That's why they need to set some limits and use crystals or sage that can clean their energetic field. Not to mention they are also prone to different addictions.

Jupiter Pisces will always be the hedonists of the zodiac. The fact that they are also romantic will make them relentlessly search for their true love their entire life.

As they are fascinated by the human mind, they could be great as yoga instructors, astrologist and even hypnosis-therapists. They are also good musicians or dancers. Basically, anything that has something to do with creativity would suit them.

As the second ruler of the Pisces, Jupiter is in power in this sign, together with Neptune. Jupiter Pisces are mystical and spiritual. They could easily guide others towards living a better life. It's easy for them to support people in their most difficult moments in life.

In a nutshell:

Style: Spiritual and compassionate;

Top qualities: Imaginative, loving and expansive;

Weaknesses: Fixed nature and oversensitivity;

Advice: Pay attention to the explanations of those close.

The impact on personality

The generous Jupiter can make everyone more aware of their consciousness. But because Jupiter is the neighbor of Neptune, the planet ruling Pisces, it's very unlikely the changes this planet can make are going to be very dramatic and noticeable.

However, the transition will bring a quiet type of knowledge, no matter if the natives will meditate or just have a walk. They will probably dream and have visions of all kinds.

It will be a mystery how truth will reveal itself to them. And they won't be able to explain their experiences with the surreal. Either way, Jupiter Pisces will still get great ideas from another plane of existence.

But they will think with their heart, not with their head. We have to gain our own access to the first and most important experiences in our lives. We have to exist as separate personalities to identify our needs.

However, Jupiter Pisces believe more in the wisdom obtained from compassion because for individuality we need to be fearless and less prejudiced. But don't think that if Jupiter is in Pisces, these people's problems will immediately cease to exist.

However, for an entire year while the passage will happen, Jupiter Pisces will be more compassionate, forgiving and balanced when it comes to their relationships with others.

But their artistic side will nourish their soul, while making them more capable to work hard towards a tangible purpose. The more compassionate, tender and devoted Jupiter Pisces will be, the more luck and good things they will attract.

They love to help anyway. It's like they need to give a hand to the less fortunate. Empathetic, these guys can feel others' pain. And all they want is to make things better

for everyone. Their imagination and creativity will help them be great artists.

Any occupation involving the art of healing would be perfect for them. Their interest in the occult and fantasies can't be seen in other signs. Not interested in the material world, they're religious and deep. Not to mention they prefer seclusion over big groups.

They don't want to be in the center of attention, so they'll most likely work from behind the scenes. Sensitive and easygoing, they will probably not have too big ambitions. People will take advantage of them because they are very giving.

But many will like them just the way they are because they have a thing that just gets to others' soul. It may be the fact that they are good listeners, kind people and idealistic dreamers.

Out of all the signs in the zodiac, Jupiter Pisces are the most likely to develop psychic abilities. It can be said they have a large vision and that they are able to understand this life is nothing but a stage for us, the actors, to play our roles on.

Spiritual people, they will most likely know all kind of religious rituals for soul-searching and cleaning. Jupiter Pisces are expansive and want as many people as possible in their life. It's easy for them to get together with others and they are very tolerant with their friends.

No one will be excluded from their life and they will be the shoulder on which everyone cries. And they will understand every problem because they are intuitive and good psychics. They can't stand to see people in pain and are known to get satisfaction from making selfless acts.

Understanding the main tendencies

Being of help makes Jupiter Pisces natives shine as they are empathetic and sensitive, the most nurturing and kindhearted sign in the zodiac. And Jupiter makes them even more like this.

That's why they would be great as social workers, veterinarians, counselors. In general, they feel good when they are helping people or animals in need. Expect them to give a hand to any creature that comes their way with a problem.

They are good psychics, but just like the Jupiter Cancers, they can be insecure about their abilities and instincts. So they may not allow what they are best at to work in their favor.

A negative way in which Jupiter influences them is that they can become escapists and see things only the way they want to see them. They can have these rose colored glasses all the time. It's normal for them to build their own reality and not be able to

distinguish fantasy from reality anymore.

When Jupiter transits a Water sign, those affected may try to escape the real world by abusing alcohol or drugs even more than those with the Sun in Pisces. If it happens that both Jupiter and the Sun are in this sign, expect people with this transit in their natal chart to be extremely sensitive to substance abuse.

Not to mention they could get depressed very easily. But after all, they are the artists, the poets and the dreamers of the zodiac. Jupiter helps them dream big, because they are so good with people, you can find them volunteering for the homeless and the poor.

It's their fantasy world and their sensitivity to drug and alcohol that makes them drift away. When it comes to their own good, they may not know what's best for them. When it comes to consistency, they surely don't have it.

But with some meditation sessions, they can become better and even escape what stresses them. If they want to be luckier, they need to be sensitive only when it really matters. Not trying to escape reality would be helpful as well.

The Jupiter in Pisces man

It can be difficult to read the Jupiter Pisces man. Not only he's dual and conflicting, he's also mystical and this will be felt in his love life. As a matter of fact, it may be interesting in the beginning but it can become a problem with time.

Jupiter will help him develop his relationships with others. Mysterious but loyal, he's also progressive and familiar, especially when he gets encouraged by the Jupiter Pisces transit.

Jupiter ♃ - Ruled by Pisces (& Sagittarius)

([871] southfloridaastrologer.com:) The most authentic expression of freedom and boundlessness is found when Jupiter is in Sagittarius or Pisces. Jupiter is at home when it is in the two signs that relish in going beyond limits and boundaries.

Saturn ♄ in ♏ Scorpio man 9° 27'

([1024] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Scorpio in their natal chart are the saluting soldiers of the zodiac, the ones benefiting from great discipline, who always try not to stray away from their principles.

Once they've put it in their mind to do something, nothing's going to stop them from achieving it. Of course, perseverance would be akin to stupidity if not for their intelligence and many abilities that make everything seem simple.

Life is just a walk in the park for them, contrary to the opinion of the majority, who can't even understand what they're doing, and how exactly they manage to stay in control so perfectly.

In a nutshell:

Style: Passionate and resourceful;
Top qualities: Loyal, stern and intense;
Challenges: Stubborn, too bold and cowardly;
Advice: Don't be reluctant in helping others, even if there is no end game for you.

Personality traits

Once again, the Saturnian Scorpio gets another boon from this planet in terms of inner depth. He can carefully hide his abilities from prying eyes, and also his weaknesses.

Being a vulnerable individual, just like everyone else, makes him uncertain of going all out, but now that Saturn brings guidance and rules to the mix, this won't be a problem anymore.

These natives become masters of their own destiny who work behind the shadows, no one noticing exactly how they accomplish miracle after miracle.

One thing that can define the Scorpions almost perfectly – intense enthusiasm. With an impetuous and unrestrained source of energy at their disposal, their naturally combative spirit comes out of hiding, biting anyone who doesn't pick up their pace.

Whoever can't keep up with them will have to suffer. They manage to control these instinctual reflexes when they have to formulate a plan.

Future goals are too important to be put under the pressure of such unpredictable behavior, and they understand this.

With their secretive nature, it wouldn't be surprising if they had some bizarre interests like magic, necromancy, or some other controversial passion.

Moreover, this also makes them quite determined to achieve a state of perfect mental discipline, of exquisite willpower, so that no one can read them. Emotional stability is also something that they have to keep a look out for because all that intensity and volcanic personality will eventually boil over and burn everything in sight.

They prefer subterfuge to a direct confrontation, to weaken the enemy psychologically before delivering the coup de grace.

In this sense, they approach almost all situations, even if there is no enemy to speak off, but an idea, an object of their attention overall.

Their investigative powers are off the charts, and they can be very devilish and vile, to the point that a lot of people would remain awe-struck at their resourcefulness.

Love behavior

Romantically, these natives have very contradictory feelings most of the time, born from their uncertainties and fears.

They may be very affectionate and intense in intimate bonding, craving for nothing but the most blissful of pleasures in bed, but the truth is that they are ridden by a constant nagging feeling of inaptitude, of self-pity, because they aren't sure if they're good enough.

Because of this, the Saturnian Scorpions will try to test their partners from time to time, to check the strength of their feelings, or how they're going to react when confronted with unruly accusations.

It's not something very pleasing or comfortable at all, so there's really no surprise when they start arguing over this matter. However, if they manage to stand face to face with your trust issues and prove themselves, what comes next is complete loyalty.

The good and the bad

No matter how efficient they may be when acting inconspicuously, it has a bad effect on their whole temperament and overall emotional stability.

They feel the pressure of having too many secrets, a deep disappointment that no one really truly knows them, and this is one of the essential things they should work on.

They must let other people in and have a more open-minded attitude toward personal relationships.

Their naturally responsible and hard-working personality can help a lot with this pressure, taking their attention away from it.

Saturn ensures that they are deeply committed to their goal, always vigilant and attentive to the smallest of details.

To them, acting under the cover of secrecy is not only a good professional technique, keeping the secrets of success safe under lock, as well as having a restrained attitude that does the job perfectly, but also in their day-to-day life.

There are plenty of manipulative people out there who only need a little bit of information to use against them. That little anchor that they've grabbed a hold of can possibly lead to a great disappointment, so these natives make sure that nothing essential is accessible to the outside world.

Even their emotions are tightly kept to a minimum, not letting the excess leak out. Love, affection, appreciation, sadness, these feelings could just as well make them vulnerable to attacks.

Because they feel so deeply, most of the time, an offense on that level would leave them dumbstruck for a long time.

It's better to avoid such situations from the start. Saturn is the one who makes sure that they never leak any information out by imposing a certain set of principles and rules.

The Saturn in Scorpio man

Just like their female counterparts, these natives are hard to piss off, and they would rather prefer to get away for a time to calm themselves, rather than going all out and saying something they'll later regret.

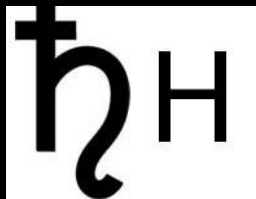

In other words, they care about their family and friends a lot, and not even they would dare to put those relationships in danger.

However, there is one exception when they'll not be able to control themselves from exploding. If he suspects his partner of adultery or just deceit in its rawest form, he won't take it standing and will likely issue an ultimatum.

Of course, being on a constant watch out for possible dangers will kill off any sort of opportunity for self-development, and happiness will be just a dream at night.

All these people have to do in order to escape this predicament is listen to what Saturn in Scorpio tells them about objective standards, using reason to create a certain set of guiding principles that he can fall on, in times of need.

Some of them will try to live as far away from their parents as possible, others will find it difficult to stay for too long in the same place and change houses every few years.

But no matter what, what they've experienced in their childhood relating to family and home will always influence them in either a conscious or unconscious way.

Some of them will be defensive with all the new people in their life, others will want whom they can't have.

The 4th house is also the home of the parent that is less domineering, those having Saturn here feeling like they weren't emotionally supported in their childhood by this person who raised them, in particular, no matter how much love and even money they have actually been offered.

As a matter of fact, this will give them determination to build a quiet and settled family life for themselves, one in which emotions aren't denied by anyone. It's normal for them to develop and work on their own psyche based on their ancestral background.

If Saturn is in the 4th house, all the natives with this placement find it the most challenging to interact with their own soul and emotions.

Cancer is the natural occupier of this house, being is a Water sign and a force when it comes to anything relating to the emotional side of people.

Therefore, Saturn in 4th house natives will always be able to feel what's wrong with their family, but they'll try to discipline feelings and set some limits when it comes to matters of the soul.

Their spouse and children will be the only ones in their life to truly drive them crazy, so they'll struggle to be as authoritative as possible with them.

They may need to go back to their roots and identify their own problems, but all in all, their domestic life will offer them a feeling of belonging, which is what they're craving all the time.

The goods and the bads

Saturn is the bully of the solar system, putting all kind of obstacles and limits, no matter where it may be placed in the birth chart.

When positioned in the 4th house of home, natives with this placement will feel unloved as children, no matter how affectionate their parents actually are.

They want their own family just to compensate for what they think have missed when little, so they'll look everywhere for a partner and the perfect place to settle.

These people are highly responsible and tend to impose all kind of rules on others. Most likely resentful of their own legacy and ties with ancestors, they also don't want to settle with someone until mature of age or even later.

The women in their life will be very important for them, but also the individuals who caused their problems to accentuate, or at least this is how they'd feel. It's difficult for them to show their feelings and may protect themselves from all kind of motherly influences because they feel like this would bring them trouble.

Intimacy can be really adventurous for Saturn in 4th house natives because they don't want to seem vulnerable by opening up. However, they will still be realistic and realize at some point that relationships can't resist without a certain level of communication.

They're not only interested to reside in a cozy environment with their family, they also want friends to come over their place because they make the perfect hosts and hostesses.

It's normal for them to pressure themselves at social gatherings for everything to take place smoothly as Saturn influences them to be very responsible when it comes to being with other people.

The past is present in each and every cell of their body and deeply rooted in their psyche. It's like their memories push them forward through life, making them think all the time of their childhood years.

Saturn teaches them that only by facing matters of inheritance, they can mature their present relationships. Because it takes them a while to find a good home for themselves, they may settle after their thirties and still think of the pressure they used to feel in their parents' house.

Some of them may have been forced to become adults sooner in life or had instability at home, where their parents would have been always fighting or caring about their work only. The planet Saturn would support them to care for themselves from both an emotional and material point of view.

When in the 4th house, it influences people with this placement to put pressure on their own ways with relationships to the point of no longer remembering whom they actually are as individuals. It's suggested they're less hard on themselves when it comes to their interpersonal connections, or they'll end up too stressed.

Worrying too much about what makes their loved ones happy can't bring them anything good. While responsible because Saturn influences them be this way, they may not succeed so much in life because they're not willing to take any risks.

These natives hate change and are feeling forced to accept what's coming towards them, no matter how much a new experience could bring. It would be a great idea for them to enjoy a little bit of adventure from time to time.

These guys never give up and will always fight recklessly to protect their ideas. With great tenacity and resourcefulness, they always manage to overcome any challenge, and this is mainly because they are very stubborn.

Unless they see no path forward, they will never stop themselves from trying. If there's even the smallest possibility, they'll keep on going no matter the risks involved.

Now, it may not be so evident when they'll finally reach the top of the social ladder because they aren't extravagant or eccentric, but materialism comes as a natural trait.

With reason and a practical approach, each and every one of their plans is made with the thought of efficiency in mind.

The one thing that stops these natives from truly reaching for the heavens is their stubbornness. If they've made a plan and later found out that it won't have the desired results, they will have a hard time giving up on it entirely.

Still, moments like these don't stop them from advancing like an unstoppable force, like a hot knife cutting through butter.

Sometimes, they appear as aloof and disinterested, but that's because these Capricorns have a razor-sharp focus.

The Uranus in Capricorn man

With planet Uranus being a pretty slowly-advancing planet that stays for about seven years in every sign, we can surmise that its influence affects generations of people, or at least it does appear to be like this.

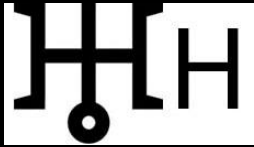

In the case of the man with the Uranus in Capricorn transit, a reasonable and rational outlook on the world is a given.

He's never going to rush things, and would rather observe, analyze, deconstruct the problem, see what's wrong, and proceed on solving it with patience and ease.

With Capricorn being one of the most traditional and conformist natives of the zodiac, Uranus' chaotic and shocking influence will obviously create great conflicts that will need to be resolved.

In general, he succeeds in bringing in the best of both worlds and will act on his instincts when a situation calls for it. Improvisation is the way to go, even when he goes out of his way to act on his humanitarian impulses.

Individuals having Uranus in 6th house are good with technology, at coming up with all sort of unconventional ideas and at bringing progress in science. The same house is also the ruler of health, so Uranus here means people with this placement should approach their own health by experimenting with all kind of diets and new physical exercises.

Summary:

Strengths: Unusual, modern and dynamic;

Challenges: Inconsistent and untrustworthy;

Advice: They should ask for help when they need it.

A rebellious personality

The 6th house deals with health and routine so with Uranus being here, natives of this placement may have some issues respecting a schedule and even dealing with work and their own health because they want to escape everything that confines them.

These people always want a fresh start and to use unconventional methods that may confuse others.

In case Uranus is in conjunction with their Ascendant, they will experience irregularities and even tensions when it comes to their everyday life.

For example, when it comes to work, they may decide to do something that isn't

considered “normal” by the society.

Routines make them agitated and they really don't want to adapt to society's norms. Any limits and boredom cause them to be depressed as they prefer to be challenged everyday by hazardous situations.

It's essential for these natives to find a job that doesn't only stimulate and bring them variety, but also offers opportunities for the employees to be inventive.

Everything that requires them to think and to do something out of the ordinary is very attractive to these individuals. Meditation, yoga and alternative medicine make them curious.

Uranus is considered an eccentric planet, which in the house of work and health influences people with this placement to hate authority and to not want to adhere to the strict guidelines of a conventional workplace or the society all together.

Many will see them as always having crazy ideas that can't be made reality and even ridiculous. However, there will also be people who think of them as geniuses because they seem to be very inventive.

They are the type who comes to work and makes the day better with a good idea. It's normal for them to quit and to get fired from time to time because they either got bored with the job or they've treated their colleagues as idiots.

Others will never know how to deal with them because they're really unusual and only want to do unconventional things.

At least they're very well-read and informed about the latest news in science, so their unorthodox methods will be respected as they happen to have a lot of knowledge, no matter the subject of conversation.

Natives with Uranus in the 6th house are very sensitive when it comes to fairness and are trying all the time to be as perfect as possible.

When it comes to the everyday life, they do not have any control over it. If not aware of all these things, they may not get to see their plans put into action due to a lack of practicality.

Their unconscious reactions would in fact be a psychological response to their desire to become more adequate.

The more Uranus in 6th house people will be involved in chaotic situations, the more pressured and thinking everything that happens is beyond their control they will get to

feel.

It's easy to determine what their inner thoughts are just by looking at what's happening in their life and they're dealing with it.

When chaos seems to surround them, you can notice how they're all the time thinking of their inadequacy because they seem worried.

As soon as they'll learn how to work with their thoughts and energy, they'll get to turn chaos into excitement and to become more spontaneous or free.

Blessings

Uranus in 6th house natives are always responsible, no matter how much they do unexpected things. Expect them to find inventive solutions to any kind of problem and to bring their own personal touch to everything.

It's like they're making things their own way and manage to be successful. It doesn't matter if they'd be working on a project for work or organize something for their loved ones, their plans will always seem to have the little details in place.

Many will appreciate their style and will want them around as they don't hesitate to give a hand when needed. However, because they're so perfectionist, they may end up focusing too much on details that don't matter.

Their high standards are sometimes impossible to be achieved. Uranus in 6th house individuals love freedom, so it's a good idea to never push them to do something they don't want to.

These people should think others are also capable of great solutions and plans because they can't be the only ones who are right all the time.

If Uranus isn't in bad Aspects in the 6th house, they will be very flexible when it comes to what to do with their own life, deciding to either work on contract or as freelancers.

They may be attracted to science and technology because they really have talent with these and this placement of Uranus makes them very curious. In fact, this house will encourage any kind of project this planet may come up with.

They're usually those people who have blogs, vlogs and work online because this way, they don't have to respect a schedule and get inspired by Uranus to be creative.

Furthermore, these natives are very good at communicating with the public and can deal with any change or unexpected project better than others.

Those who spend time with them love the way they talk and how they never forget to include everyone in their life. Uranus in 6th house people can really know how to remove the pressure and usually help others feel more appreciated.

Challenges

One of the problems Uranus in 6th house individuals have to face is related to their own high standards. When someone doesn't manage to live by their ideals, they become very criticizing and nasty.

It's important for them to not be the perfectionists they usually are when it comes to others because no one wants that.

If Uranus is in negative aspects in their 6th house, they may not be able to do something for others just because they want to give a hand, but because they only have hidden motives.

For example, they will take care of someone and expect something in return, which means many will not appreciate them. It's possible they have health problems when it comes to detoxification and metabolism, like intestinal and bladder diseases that can also be related to their past lives.

As a matter of fact, in a different life cycle, they may have even been physically impaired or suffered from a mental illness that had them depending on others for survival.

Therefore, in this life, they may have this pattern hidden in their unconscious and want to run away from giving a hand to those in need as they're reluctant towards neediness.

Individuals with Uranus in 6th house should accept imperfection and think life is worth living even if things aren't going so well. It is their mission in life to become as realistic as possible and to realize they may not have all the time the required potential, but also that this isn't in any way a big problem.

They should get used to paying attention to every little detail and in the same time be careful not to exaggerate with this because it can get them exhausted.

Having some fun and relaxing would bring them a lot of new energy, having Uranus reacting spontaneously and in an enjoyable manner each time something unexpected would happen.

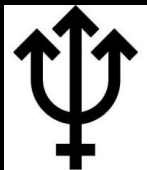

Uranus ☿ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly

prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♑ Capricorn man 20° 9'

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

In a nutshell:

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;

Challenges: Stubborn and selfish;

Advice: Do only what keeps you happy with yourself.

Personality traits

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to follow.

The good news with their realism and good-natured personality is that they are pretty much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

The positives

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

The negatives

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

The Neptune in Capricorn man

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

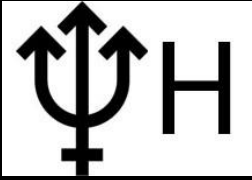

If you so much as need anything at all, they are there to do it, no matter what it is, with a bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

Neptune ♃ in VI 6th House

([1082] i.thehoroscope.co)

This placement of Neptune makes people dedicate themselves to serving others, either through their choice of profession or just in their family and circle of friends.

When in the sixth house, Neptune influences what work environment one is surrounded by and the natives' need to be of service to others and always healthy.

It may seem people with this placement have a great desire to help others, no matter what they may be doing for a living. At work, they may be very imaginative and the most grandiose people around the workplace.

Everyday tasks seem very complicated for them because they can't seem to focus on details. It's impossible sometimes for people having Neptune in the 6th house to organize themselves or to be practical.

Summary:

Strengths: Witty, easy-going and curious;

Challenges: Deceptive and manipulative;

Advice: They should spend more time helping other people.

Very attentive and kind

Neptune in 6th house individuals may have serious problems dealing with the everyday life as they think it's not that important to follow a routine and to make lists that organize their life all day long.

Having this attitude and ignoring the most important responsibilities can have their life in chaos, and they may feel guilty or confused that things aren't going so well for them.

It's possible they'll just give in when their colleagues will argue with them, and even when these will take credit for their work.

When it comes to helping others, they have high ideals and can't seem to see the line between being generous and stupid. Many will want to take advantage of them because they feel like they can.

If they have someone they can trust when it comes to everyday activities, they are the happiest as they don't mind relying on others.

Since health was mentioned, they may suffer from some mysterious illnesses that can't

be diagnosed or have strange allergies that can't be seen in others.

All the guilt they have about not being able to deal with everyday life will manifest in them through some psychological issues they may end up having.

These natives often turn to alternative medicine in order to become better and love animals more than they do some people.

Neptune in the 6th house of everyday issues, health and service may make natives with this placement feel incapable when dealing with any practical matter.

Their home may look like after the war because they simply hate to tidy up and believe work together with other details about life are overwhelming them.

Neptune makes them very sensitive to anything that for others seems normal, so they may want to escape life and to avoid working as much as possible.

For this reason, they may not be realistic in all the matters related to the 6th house and even with the planets that are in different aspects with Neptune.

This planet can be considered passive and sometimes malefic, so the people having it in the 6th house may get sick more often than others, even imagine they suffer from the worst and rarest diseases possible.

When feeling down, they will only stay in bed and talk with no one else besides their family.

It's not unusual for individuals with Neptune in the 6th house to feel like they don't have any energy, no matter what they may be doing.

When there are other good aspects forming, the natives with this placement could do a great job as spiritual healers. They'll be meant to help other people feel better and make this their goal in life.

They may no longer care about other aspects in their life, and can dedicate themselves completely to serving others. It can be difficult to be them in this situation, but they'd feel good about giving up all of their other wishes and dreams for a life of service.

As said before Neptune in 6th house indicates trouble with the everyday life, so it's difficult to have this planet here as it brings carelessness and other problems with organizing.

Natives with Neptune in 6th house should be careful not to end up victims of not so well-intentioned people that prefer to use others and to never do anything constructive.

This house rules also over work, so natives with Neptune here cannot care about getting a job or may do different kind of services without a contract.

Indeed, they aren't in any way good employees because no one can rely on them and they prefer to dream instead of doing their job.

The fact that Neptune is a water planet is not advantageous for them when it comes to matters the 6th house rules over. It makes people chaotic, always late and dependent on others to do their job.

Obviously, it's essential to also study other aspects rather than relying on what this planet has an influence over because it tends to be passive and to have people always looking for a direction in their career anyway.

When Neptune is challenged by malefic planets like Mars, they may be the ones stealing, lying, or always trying to use others in order to obtain some favors.

The planet of substances as well, Neptune is very dangerous in the 6th house because it makes natives with this placement dependent on drugs and alcohol.

In a situation of many bad aspects, these people should not in any way touch anything that could make their mind blurry.

Also, they should be careful and not handle any substances or chemicals that could poison them. As a matter of fact, there aren't other people with different birth chart as prone as they are to getting poisoned.

It wouldn't matter where Neptune is, or if it's close to the Ascendant, the possibility of them being poisoned by others would still exist.

However, when in the 6th House, it indicates mishandling of different chemicals and getting poisoned by mistake.

Big procrastinators, natives with this placement are usually leaving their tasks to the last minute and hope in secret that these will disappear by magic.

They have a tendency to get sick with the most unusual diseases and have allergies that others wouldn't even think of.

That's why they're curious about how they could cure themselves and about homeopathic treatments. Lovers of animals, they may have at least a cat and a dog at home.

The goods and the bads

Neptune in 6th house natives need to add their imagination to everything they may be doing, and also allow themselves to believe they're meant for great things.

Very creative, their vision may inspire others to create and to be as productive as possible. These people always want to bring something new, but they need to know when to take action.

The more experience they'll accumulate, the better life will get to be for them. Remembering they have great intuition would help them finish their plans and projects faster, while they'd be investing all of their strength and energy into the task at hand.

In order for them to deal with the everyday life more easily, they should learn different techniques of coping and always rely on their memory.

Only this way, they'll manage to have respect for themselves and to no longer be afraid to offer their help and advice.

Natives with Neptune in 6th house shouldn't pressure others to clean after their mess because this can lead to feelings of resentment. It's true they may have problems finishing projects, but they shouldn't ask others to do their job.

While their friends will always support them, it's important they don't allow others to encourage them to procrastinate as they're the only ones who can handle their own affairs.

These people should never pass on their work to colleagues or the ones they love just because they think it's impossible for them to get it done.

Sometimes imagining and other times actually suffering from different diseases, they would always be stressed that they may have incurable illnesses and end up suffering from insomnia or panic attacks.

It's essential for them to learn how to deal with stress, whether is through yoga, meditation or just practicing a sport.

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

Pluto ♄ in ♊ Gemini man 2° 37'

([1091] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born with Pluto in Gemini in their natal chart are incredibly intelligent people who roam through life uninhibited, winning out the social games, and planning further down the road for their future.

With innovative ideas and a panache for getting down to the barest of details when confronted with a problem, they always seem to find the simplest solutions to the most complex problems.

This innovative attitude comes as no surprise, however, because when looking at the sheer amount of knowledge they have amassed, it becomes obvious why they find out exactly what's wrong in any given situation.

In a nutshell:

Style: Versatile and curious;

Top qualities: Attentive, adaptable and inspired;

Challenges: Superficial and rushed;

Advice: Don't go the moment boredom gets installed.

Personality traits

Because they are detail-oriented, witty, analytic, and communicative, the Plutonian Gemini natives thrive in society when surrounded by people, discussing the many existential dilemmas, investigating the latest gossip, and so on.

Interested in the things that not many would look at for a second time, the mysterious and the enigmatic, they sate their curiosity with whatever they find fit, without much concern about what others believe of them.

The problem appears when they have to focus on going forward with a plan for a prolonged period of time or even getting through half-way. Usually, if they even have the inspiration to initiate a project, they'll quickly lose interest if things don't advance as quickly as they imagined they would.

When these contradictions appear in their thinking, making it harder and harder to concentrate on a singular idea, they get their energy from social interaction.

Love and affection are also very beneficial to their state, as it points to them they are appreciated and that it's worth it to have a bright outlook for the future.

In this sense, they want to help create a better world for everyone else as well, and if they can make the smallest contribution, they won't hesitate anymore. Considering how curious and flexible they are, changes around the world would intrigue them for the most part, before being an inconvenience.

They adapt pretty quickly to new situations, always modifying their approach to achieve the best result, and some would even be shocked by their sheer versatility.

The good and the bad

One of the best things about the Plutonian Geminis is that they never stay the same person you once knew.

Constantly immersing themselves in deeper and more intense experiences than ever before, they reshape their thinking patterns continuously, ever evolving, ever becoming better. As for whether this is something annoying or irritating for others, it's not.

You just can't get bored with one of these natives around. They will twist your brain with mind-numbing information, and knowledge you never even knew existed.

They should learn to take a step back, and look at the general picture, instead of obsessively analyzing the details.

In a relationship, they can be very understanding and tolerant, because they have seen everything there was to see, and they are also very keen on trying new things.

Pluto in Gemini in love

When Pluto last transited Gemini's astrological space, it was a time of relative freedom for youngsters as far as sexual matters went. They were free to marry whoever they wanted for the most part, and this was a sign of the ever-growing expansive mindset of society.

This period of great evolution on this front has changed the perspectives on love of both

women and men and should translate in a very relaxed attitude of the future Pluto in Gemini natives.

They perceive romantic relationships as having all to do with how one feels and not with material motivations. They are flirty and young at heart and will walk hand in hand with their significant others.

Sometimes, in a couple, they talk as if there wasn't enough time in the whole world, each of them living in the moment.

The Pluto in Gemini man

These men have most certainly learned the lesson of their ancestors and will resort to peaceful negotiations and persuasion.

They will make you go their way without you even realizing that you are being convinced and that is not really your opinion.

The Plutonian Gemini man might be viewed as lazy and not very interested in the betterment of society, especially given their changeable nature.

But there is nothing falsier than this, he will tick his fair share and beyond, but he does this in a rather inconspicuous manner.

Some men may fall prey to pessimism and loathing the state their life has reached but it is important that they don't break social contact during these times because this is their ever-to-go-to pick up.

Pluto's influence, along with the two-sided nature of Gemini, grant this man the ability to overcome the most desperate situations and change their outlook to a more optimistic one, perhaps in a matter of days.

Pluto ♅ in XI 11th House

([1111] i.thehoroscope.co)

This placement of Pluto makes people be exceptionally devoted to those dear and not only, ready to throw in a helping hand, whenever needed.

Those born with Pluto in the eleventh house of their birth chart are at the very extremes in terms of emotional stability. They will rage and wreak havoc on anyone who dares to go against them.

And when confronted with difficult situations that demand a calm approach, they will take out the sword and walk through rivers of blood. Grudges, mostly, are the way these people sink themselves in the swamp.

The great potential that they've been endowed with will always surface, stronger and deeper than ever. Moreover, their intuitive and psychic powers allow them a moment of respite and break from the waging war of the world.

Summary:

Strengths: Responsible, kind and caring;

Challenges: Dismissive, opportunistic and stubborn;

Advice: They should strive towards being objective not judgmental.

Pathways to success

These natives are going to go through one hell of a harsh time with regard to their social relationships to other people, social events, and the many group projects they're going to participate in.

Either they'll listen to the commands of others, adapt and follow orders, ply their trade according to certain regulations.

Or they realize the deep potential lying within their own genes, the great ideas and strong principles that others would simply admire, the game changes completely.

Now, they are the leaders, bringing everyone up to speed with new directives and pathways to success. Even more, now they won't readily accept to obey or submit themselves to the status quo.

They don't have that many friends. This happens as a result of the strong tendency to commit unconditionally to a friendship, to put every effort to develop and maintain it.

The Pluto in 11th house natives are literally exceptionally devoted and supportive whenever the case. However, they also expect the same kind of treatment from close people without having to ask for it.

The number of people who are this committed is not that large, to say the least. Moreover, they don't do well with large groups of people chanting or supporting an idea, simply because they abhor the herd mentality.

Holding something as being true without actually investigating that is blamable and

worthy of distrust, ridicule, and mocking in their eyes.

One other reason they can't quite fit in groups is that they always distance themselves by going against the flow.

Where there is something fishy or suspicious, they will call it out, often against the will of the majority. This makes them the black sheep instantly.

In general, actually, they think in a different way than most, are attracted by things that the majority doesn't even know about and uses uncommon means to get to their goals.

They want to develop an objective point of view, outside of the confines that a herd mentality retains.

The only real reason why they would ever choose to become involved in any group activities is that they want to hone their skills or learn something. Or perhaps they want to bring a change in the world, help achieve some breakthroughs that would do a lot of good to many people.

Pluto in 11th house people should, however, be extremely careful about who they choose to trust because these groups are home to despicable individuals.

Especially political parties gather people of unspeakable pretense and fakery, snakes that are just waiting to attack you from the back. They are very sensitive to how others react to their ideas, in general.

They will often wonder whether their actions or words affect the people around them, or better yet if they offend anyone.

This is an ill-begotten attitude that should be tempered, taken out of the equation because it only forces them to be subservient and weak.

If they could focus all this rampant energy toward let's say, humanitarian and altruistic ends, things could be very different. It's their responsibility to change something.

The goods and the bads

They are offered very lucrative opportunities through their friends and close associates, the kind that they trust with their lives.

The Pluto in 11th house natives are very electrifying and have very intriguing personalities that will attract anyone to them like a magnet.

Because of their principles and generally kind attitude toward the helpless, many people admire them, including their followers. However, they can also have very high

expectations. Hatred or admiration, it all depends on how they approach most situations and problems. If they strive to bring everyone out unscathed, then they'll bask in the glory of victory.

If they give out commands and dish out punishments for insubordination without taking anything else into consideration, then chances are they're going to be hated.

For them, knowledge and information are two of the most important aspects. Of what? Of everything. One can't do anything without having the necessary know-how, the basic principles, the logic and the reasonable mindset based on knowledge.

They take it upon themselves to eradicate ignorance, superficiality, to foster a sense of spiritual upliftment, to bring out the best in people.

They are very capable of adapting themselves to people from different social strata, to understand and explain. However, it's also true that one can't change the world just like that. Sometimes, most of the times, no matter how much effort you spend, it's never enough.

They can't control everything, and they can't dictate how people will react to certain events. Sure, when there are grander things afoot, bigger odds to play, then sure, the 11th house natives are just the right people for the job.

But when it's something relatively simple, with no enduring consequences, then they should learn to be more tempered and back off. Otherwise, they will upset a lot of people by being too intrusive.

North Node ♏ in ♏ Scorpio 8° 12'

(Georges Muchery)

The Dragon's Head in Scorpio gives activity, perseverance and subtlety, which will enable the native to succeed. It is also a sign of good-health, or, more strictly speaking, of physical stamina. Success will not always be attained as quickly as may be desired, but will come after great difficulties; and the native's dearly-bought happiness will endure all the longer.

The Dragon's Tail in Taurus gives material instincts, the necessity for physical exertion, and sensuous desires, which will often cause the commission of blunders. This position

makes the native selfish; he likes his own comfort above everything else, and as he is not lazy or work-shy he will obtain what he wants. The Dragon's Tail in Taurus gives fits of energy followed by periods of unconquerable weariness and laziness.

(Isabel Hickey)

North Node in Scorpio shows the need to go the way of regeneration. Spiritual integration comes through going from selfish interests to concern for others. Must let the Divine Will be done, not the personal will. Only through the way of the Higher Self will this person find peace.

South Node in Taurus means emphasis has been on material things in the past. Person has overemphasized their importance. In whatever house this node is placed in, there must be relinquishment of a possessive or materialistic attitude.

(Martin Schulman)

Here the individual is learning how to accept revolutionary changes within himself as well as the conditions in his life. He would like to rest, thinking that his soul journey is over. So tired is he, from past life memories of the yoke of his earthly burdens, that whatever the cost he would like to feel settled. As a result, he finds it difficult to develop the strength for future changes.

Tenaciously he clings to old behavior patterns which served him well during past incarnations. He has become personally attached to doing things the hard way. Like the oxen plowing the fields, he walks laboriously through this life as if it were one long, straight furrow. He expends so much physical energy that he weakens his Spiritual Self to the point that he becomes blinded from seeing any new possibilities other than the singularly drab existence he has been accustomed to leading.

He finds it difficult to learn by watching others. Instead, he would rather work through each of life's experiences himself. As a result, he spends more time, effort and energy than he has to in each growth phase. Still, he feels he must be sure of himself. So great is his need for security that even when he makes changes in his life, they are in fact not changes at all, but merely other aspects of the same behavior patterns he has been using all along.

In past incarnations, he developed a sensitivity to his environment. In order to cope with the continuation of such a sensitivity, he starts early in this life to explore the world of sensory impressions. He learns what feels pleasurable and how to obtain it. Nevertheless, he always seems to fall short of reaching complete and lasting satisfaction. He doesn't realize that one appetite begets another. His great need for possessions makes it difficult for him to enjoy what he does not personally own. As a result, he thrusts himself into long-enduring battles of ownership over people, things and

ideas. He stubbornly holds onto all that comes his way. The more he collectively accumulates, the more he traps himself. What was in other lifetimes a great need for the acquiring of substance now turns into the extra weight of excess baggage he is carrying. As the years go by, the yoke of his burdens becomes heavier.

He has created a need to feel powerful so that he can seek temporary refuge from the dismal sense of failure that has plagued him in former incarnations. As a result, he even goes so far as to seek in this life an occupation which puts him in an authoritative position.

He has undergone so much past life damage to the ego that he now experiences an intense need to prove himself worthy of respect. He will fall into deep depression when confronted with the possibility of others finding him lacking in any area. To prevent this from happening, he will push himself towards success no matter what the cost.

It is almost a certainty that at some time in this life the intensity of his karma will bring him to be at least circumstantially involved with the police.

As he reaches for his Scorpio North Node, this individual undergoes a complete transformation. He starts to kill old behavior patterns by burning bridges behind him. Experiences teach him how to cut ties cleanly, so that he does not walk into the future with both feet tied to the past. His biggest growth occurs when he is able to let go.

Inner dependency needs must be transformed into complete independence of thought and action. Strength increases with each passing year as he slowly discards from his consciousness all that oppresses him.

He must learn how objectively to study the results of his subconscious desires so that he can earn self-respect through practising self-discipline.

These Nodes symbolize the soul who for many lifetimes has been moving along a decadent path. Now the soul vessel is to be turned upside down in order to rid itself of the decay it has collected.

Fulfilling the karma of this overturning process is extremely painful to the individual, as he may lose all he ever held near and dear. In the end, he will unquestionably relinquish more than he bargained for.

So powerful is this transformation that many with these Nodes eventually spend their later years alone. In the process of eliminating excess, they have discarded everything but themselves.

Nevertheless, much of this is necessary if the individual is to reach the point where he can see himself clearly on the very deepest of levels. Out of this symbolic death of all he

ever possessed will come his new life.

The house position of the South Node indicates the area which has become decadent as a result of past incarnations. The house position of the North Node shows the way in which a current-life rebirth can be accomplished.

(Donna van Toen)

You must learn to accept (or give) financial and other types of help when necessary. Your Taurus South Node may reply: 'Yeah, but if you can't earn it (or do it) yourself, you don't deserve it'.

Your problem may be a hang-up about power.

Possible reasons: A repressive environment has made you feel that it's you against the world. A lack of understanding of your environment. A refusal to help unless there's something in it for you. An upbringing where there's been an overemphasis on money, things, or importance.

Possible solutions: Become more active in joint endeavours - a business partnership, encounter group, community project, etc.. Sharpen and develop your imagination. Concentrate on material growth regardless of what happens. Give all your money and possessions to a guru or religious sect and let them provide for you.

Taurus South Node often tries to make willpower a substitute for insight. He or she feels that by developing his or her willpower he or she will be able to handle whatever curves life throws him or her. He or she is often especially fond of simplistic self-help books and success formulae that promise unlimited earnings. Now there's nothing wrong with wanting to help yourself. And no-one would deny the importance of willpower. We've already seen what problems can arise when you don't build up your own resources. But all the money, power and determination in the world is useless unless you know where your problems are coming from. Developing the Scorpio North Node's potential for insight will improve success potential drastically.

Signs of an over-developed Taurus South Node are: refusal to think about anything that's not backed up by conclusive and irrevocable proof; insensitivity; disregard for others' rights; shyness; everything viewed in terms of money; excessive introversion; shrewdness rather than intelligence; self-indulgence; a very conservative or 'dated' manner of dress or speech; vanity but no real confidence; and cowardice.

North Node in Scorpio consciously or subconsciously wants to be tested. He or she wants to experience the highest and lowest phases of existence in order to get in touch

with his or her deepest emotions and learn to balance them. He or she wants a crash course in living and experiencing. In contrast, we find a person with good common sense and rather repressed emotions. He or she clings to home, possessions, and routines in a way that keeps life on an even keel, devoid of major highs or lows. Conservatism often squelches this person's dreams.

Antidotes for Scorpio imbalance: These seem to be the most subconscious of all imbalances; and client awareness is often very limited unless he or she is in a rather painful situation. Unless the client is receptive to what you say, you may not have much luck. Even if the client is receptive, these types of imbalances often need psychological counselling before they can be alleviated, due to their strong fixed overtones.

The study of mysticism can be a beneficial antidote if the client is relatively levelheaded. Rosicrucianism, Huna, the Edgar Cayce readings, the Seth readings, astrology, palmistry or graphology would be safe suggestions. Scientific studies such as chemistry can also be beneficial. For some clients, perfume-making will appeal. Philosophy is another good antidote. The particular philosophy would of course depend on the client's aptitudes and interests. Research work of any type would prove beneficial. The client will be happiest doing something that he or she feels will have important results. Hobbies are less effective for these clients than for most unless they involve serious study. Study and research are the best antidotes for these imbalances provided the client has sufficient intelligence and powers of concentration, since this type of antidote requires minimal risk-taking and only a modest cash outlay. The client should be referred to the appropriate study and research groups since, as with Libra, teamwork is an important factor in balancing.

(Mohan Koparkar)

Previous incarnation for this person was spent in considerable luxuries and a routine life. He really resisted any change that would come by his way or alter his lifestyle in that life. During this life, he will be modifying his value systems continuously and constantly. A total destructive tendency in those respects will be fully justifiable as far as he is concerned. Thus, he will go from one extreme stage of living to another during the same life. His hidden motive and energies are strong, and he will use them whenever he has to. As long as nobody obstructs his way, he is very quiet, polite and well-mannered. His instincts are strong, but they have a 'get-even' type of attitude. He may forget, but never forgive, what others do to him.

(Haydn Paul)

The Taurus South Node's house position may indicate the nature of certain restrictive behavior patterns which obstruct your progress. Radical attitude changes may be required to transform these from limitations to offers of new opportunities. Often these patterns involve the Taurean tendency toward possessive materialism, where feelings of

insecurity and stability are connected to material well-being. The desire for pleasure, comforts, and home enjoyments can exaggerate materialistic demands, so that your needs involve ongoing acquisitions and possessions.

Contention over ownership and possessions may rise from this impulse, or over people and family matters. Relationships can be affected detrimentally if this tendency becomes excessive or is not consciously modified. People rarely like feeling 'owned' by anyone; and a family is the most common situation where authoritarian attitude are easily applied and abused, particularly by force or emotional manipulation of circumstances in your favor.

It may be difficult to avoid an organized but repetitive lifestyle, especially one self-created to shield disruptive change. This is an example of Taurean placidity, a ruminative enjoyment of stability and security. Yet, even accumulating possessions will begin to weigh heavily, restricting freedom. Eventually, Scorpio's transforming energy will undermine your foundations. If your identity becomes dependent on material status and possessions and your values are dominated by materialism, this may become an area for unavoidable change.

You may be a slower learner than most, relying on traditional social attitudes for your worldview. You develop and learn at your own pace. Fixed life foundations are established and relied on for security and as a defence to resist change and any disturbing influences. Yet you may need to redefine and reshape yourself, gradually forming a new self-image based on higher values rather than on self-centeredness.

Your preoccupied focus toward materialism needs changing, redirecting attention from the outer world and possessions toward self-understanding and inner growth. If developed, this can create greater self-esteem and assertiveness, which comes from inner stability rather than being based on external supports, habit patterns and possessions. Personal talents and material resources are then applied toward constructive practical action, and directed to build a renewed life-style.

Understanding the tension between Taurean resistance to change and the Scorpionic transformative impulse is necessary. What may occur is that the Scorpio energies gradually undermine efforts to maintain stability. Once stability becomes fragile and you feel vulnerable and exposed, you may realize the necessity to transform restrictive and limiting behavior patterns and life-styles. Such experiences may prove uncomfortable and difficult. You may feel forced by circumstances to 'burn bridges behind you', to release the ties of the past and become receptive to new experiences. Your dependency on fixed behavior patterns or on a materialistic life-style may be dissolved by the Scorpionic transformation. This would not be a negative experience - despite your reactions to its impact - but rather one which aims to liberate you. How much you could be expected to release and relinquish may depend on your resistance to change; the more you resist, the more transformation may 'cost' you. It is a rebirth that awaits and

may be unavoidable. The old always has to be replaced by the new. You are advised to welcome this crisis whenever it arrives, because it is for your benefit, even though initially you may not see it in that light.

(Bruno and Louise Huber)

In the fixed Water sign, Scorpio, an effort is made to establish a regular system. Here, too, as in the opposite sign, Taurus, one is concerned with the use of material resources; now, however, they are other people's material resources. Thus in Scorpio we often meet the type that administers the property of others, manages them, utilizes and fosters their talents, and acts as an agent for their skills and services. In principle, the Scorpio Node challenges us to be prepared to act on behalf of others and to exploit their resources for their benefit and in accordance with their intentions. Obviously, in such a situation, the natives have to stand back a little, though of course having a personal part to play. In order to exercise such a function, they have to gain a place in society. The Scorpio Node always indicates an effort to achieve a certain social status. This can mean nothing more than ambition and the aspiration to be someone important, especially with hard aspects to the Node. Scorpions always think they are able to decide what is good for others. Usually they can give them helpful advice on how to realize their assets, and on how to find the best chances of success.

Scorpions avail themselves of existing forms and structures. With the Scorpio Node, one can easily adapt to current social arrangements. One can also develop the knack of exploiting them to the advantage of oneself and others.

North Node ☊ in IV 4th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fourth house gives a cheerful and happy home life, and harmonious relations with the family. The Father, or the marriage partner, occupies a prominent post. The Dragon's Head in the Nadir of Heavens is favourable for marriage, and will be a sign of happiness if the Moon is well-placed in the horoscope. It is also a sign of good heredity from the physical as well as the mental standpoint.

The Descending Node (Dragon's Tail) in the tenth house may be fortunate for material

things if the horoscope on the whole is good. It may, however, bring at some period in life serious worries and troubles affecting things in general - losses and damage if the Moon is afflicted.

(Isabel Hickey)

The fourth house represents the midnight or deeply hidden depth of the personality. This is why it represents the soul powers; what we are in the depths is not what we always appear to be on the surface. In the depth of oneself (home) the inner powers must be released. Not for this one the acclaim of the public and the limelight. He has had it all in the past. He gained from it the sense of power that made him feel his importance as a person. Now he must grow a soul. Through his domestic surroundings, through a quiet withdrawal, and through the wise use of his emotions, he will find fulfillment.

(Bernice Grebner)

With the North Node in the fourth there should be a development of the domestic life. He needs to learn the art of going into seclusion. He must be alone with himself at times to develop his own depth of soul, to dig deep and get to the very roots. Possibly, he would have to learn the role of nurturing, helping another grow, as in helping to sustain life. This person would need to establish a home, to care for it and learn what it takes to do this. There may be a problem in connection with a parent, or an imbalance in his love for them - loving one more than the other - or it could give loss of one parent at an early age.

South Node in the tenth is the extrovert. With this position there is great ability to deal with the public as the person easily understands its needs. This is similar to the Moon in the tenth, but coupled with the innate genius in public affairs. He does not take time to relate on a personal basis because of an inner need for public acclaim. It also can bring disappointment and dissatisfaction with regard to his vocation, bringing in many changes. (If South Node is in Aquarius in the tenth, he can be a leader of unpopular causes.) The South Node here gives a tendency to resist control by others. At its best, the power and success attained in the world must be used to assist others. When the person is able to do this, then destiny for this person will be met. At its worst, when used for vain self-glory, he fails. Here the uppermost thought should be control of selfish desires for ambition and power.

(Mohan Koparkar)

This condition often signifies fairly close relationship with mother figure. At the most, the relationship with mother is closer than with father. For some reason, home or domestication is highly significant in their life. They may or may not like to be family-oriented, but that is the way their life has to be structured. Career is given a second priority in their life. Although they have strong self-displaying ego,

circumstances may not give them the opportunity to be prominent in their field. The relationship with parents is that of a deep attachment; and they require a lot of effort to be free from their parental wing. Considerable sensitivity is seen in these people.

(Martin Schulman)

This individual must learn to overcome the karmic feeling that he is the vital center of all situations around him.

He comes into the current life with subconscious memories of a past sense of dignity, which leads him to believe that at least certain areas of life experience are beneath him.

His prior incarnations have put him in the position of being captain of his own ship, if not the commander of others. As a result, he is used to assuming an authoritative position whenever the weakness of others triggers his powerful need to take charge.

He enjoys the role of protector and goes to extremes in filling his life with those whose very weaknesses put them under his dominion. By so doing, he is constantly testing his own power to stand tall.

This is a lonely position, for here the individual is so concerned with his self-appointed mission that he never allows others to see into his real self underneath. What he shows is a façade or the uniform of the role he feels obliged to play.

In the current life, he goes through experiences which teach him to come down off his skyscraper and make sure of the foundation underneath.

It is in the area of his most highly intimate relationships within his own family that the stage is set for his lifelong battle in an attempt to gain control of his own roots.

Many with these Nodes have one unusually demanding parent whose expectations encourage them to believe that they are truly destined to achieve a position of sitting on top of the world. As a result, they are discontented with whatever situation they are in, for always it falls short of what they feel they were meant to do.

The karmic lesson here is that 'A bird in the hand is worth two in the bush'. The individual must overcome his readiness to forsake what he has for the possibility of attaining what he doesn't.

So unwilling is he to see himself in a back-seat position that when circumstances force him to do so he may in extreme cases even contemplate suicide; for he firmly believes that without his achieving some great destiny, life is utterly worthless.

This incarnation brings him through the experience of facing the conflict between a

career for himself and the demands of his family.

He must learn maturity, for with all his projected strength, power and dignity he is nearly a cripple when it comes to solving his own emotional problems. He must examine his roots, and, after pulling his head out of the clouds of his past, build a practical foundation for his future.

Eventually he learns that his organizing for others is merely a distraction from putting his own life in order.

The relationship established with parents early in life is more important in these Nodes than in any other position of the zodiac. Here the individual will spend much of his life energy attempting to be totally free and independent of his parents, yet always conscious of how much he needs them. Nevertheless, the reaction patterns to life continue to show a definite parental defiance, masking a strong need for parental love.

This soul is at a point in karma where he feels unappreciated for all his efforts. The past incarnation residue is based on achievement for the sake of recognition and appreciation. Now, achievement is to be its own reward. The soul must stop trying to gain audience for its deeds, realizing that the audience will always be there if the deeds are great enough. It is in this process of seeking an audience that the individual tends to lose himself. He must literally transform his fourth house into a new birth of emotional attitudes, learning the lessons that when a man stands on tiptoes he is unsteady.

His life is like the beautiful orchid: a splendid sight to behold when raised and nourished under the most delicately controlled environmental conditions; but once the orchid is prepared for display, it is snipped from its roots, insuring wilting and certain death after a short time. This individual will be faced with the choice of being the overlooked orchid growing in a garden of thousands, or sacrificing his own happiness to be the beautiful flower on someone's lapel. As soon as he overcomes his past-life need for display, he can start to grow to the maturity he is so desperately seeking.

The sign which contains the South Node indicates the ways through which he still overemphasizes his importance. The sign which contains the North Node shows how he can grow to become in substance so emotionally fulfilled that he no longer has to equate his happiness with his soul memory of prior-life personal esteem.

(Donna van Toen)

Conflicts: Pleasant home life vs. pleasant career. Worries about career vs. attention to private life. Private doubts vs. public self-esteem.

Possible results of sacrificing North Node: Loss of dignity. Tendency to insist on getting recognition as boss. Tendency to take on a big daddy façade (no, this isn't strictly a male

trait, even if it's thought of as a male stereotype).

Possible ways to integrate North Node: Develop maturity. Use your untapped potential to strengthen your foundations. Examine your roots, upbringing and prejudices for keys to the reasons for your self-doubts. Take notice of your domestic needs.

In the fourth house, there's a hang-up about developing or growing up when the North Node is present. This can take the form of excessive self-consciousness, or it can trigger a lust for power, depending on which node is allowed to dominate. In either case, the feelings of inferiority are based on illogical feelings. These are often a result of childhood experiences. Sometimes death of a parent plays a role. Other times the parent's immaturity or lack of common sense or stability has had a negative impact.

Those people who try to fulfill their excess needs for power often complain of lack of recognition and / or sympathy from those who are in a position to offer advancement.

North Node in the fourth house wants a very loyal family and a home in which he or she will be the focal point and chief mover. Less frequently, this person dreams of developing some sort of powerful metaphysical abilities. Acknowledgement of some sort is a basic dream motif. This is a person of changing ambitions. Usually there are several career interests that are pursued in turn in an almost ruthless way. The dream of acknowledgement is often fulfilled, but the acknowledgement may not be the sort that was expected or wanted.

(Haydn Paul)

What tends to dominate is a sense of importance, authority, and decisiveness. You feel that you have a higher social standing than most, and that they should give you appropriate deference and respect. You may believe that certain tasks are 'beneath you'. You will have an aura of 'dignified aloofness' which can distance you from others.

How accurate are these feelings of importance? Or are they self-deceptive illusions? These feelings come from needing to control; and you hope to satisfy this as an authority or leader. You dislike having to adopt a follower's role or defer to another's authority, especially as this reminds you that your feelings of command could be illusions. This issue of authority needs to be confronted.

You may often assume a role of protector, attracting others who are more passive or personally weak, and who need someone to rely on. This role allows you to express leadership qualities. Yet, through identifying with this authority role, you often manage to avoid other aspects of yourself, those which may not fit your image of leadership. The authority role, however, does offer additional challenges which help you to grow and mature. Authority implies greater responsibility, and you need to feel convinced that you have the ability to succeed.

Part of this need derives from personal insecurity, probably formed during childhood, perhaps by excessive parental expectations that encouraged a belief that you had a natural right to lead others. If these expectations fail to be met in adult life, a growing dissatisfaction develops, as life fails to match the hopes and dreams absorbed from parents.

Problems related to choices between family obligations and work may occur within your adult family, especially if you reach a senior and responsible position. You tend to be adept at organizing for others, but, in doing so, you leave less time, energy, and interest to increase your self-understanding. This may be most noticeable in a tendency to be uneasy with emotional expression or uncomfortable with feelings. You may try to avoid intimate situations when these are exposed. Emotional problems pose difficulties, and generally you hope that they simply go away... and regret that you cannot organize them into resolution!

Growth occurs when you accept your emotions and express rather than repress them. Your family and others will appreciate you more if emotions are allowed to flow more easily, rather than being submerged in role playing. Your achievements can be considerable, especially through career and work, but you should strive to achieve for achievement's sake, rather than for the 'applause of the audience', as this will serve only to reinforce identification with your role.

(Bruno and Louise Huber)

In the 4th house, emotional values are all-important. It is not enough, as in the 3rd house, simply to inquire about the meaning of something; one must be able to enter into it with feeling. With the Node here, we are like a bird that felt good in its cosy nest and was thrown out of it. Usually the chart will exhibit a tendency on the part of the native to lack balance and to be overeager to stress his or her own individuality. The lesson to learn is to be an ordinary human being among other human beings, and to be able to give and take emotionally.

Often the 4th-house Node is counterbalanced by the Sun, Uranus, or Pluto at the top of the chart; and this produces, by reflex action, the wish to be famous or a leader. When emotional imaginative pictures to do with the family or the group enter consciousness, these guiding images have to be clarified.

If planets in the 9th or 10th house show high ambition, this can be satisfied; but, with the Node in the 4th house, the native needs to keep close to home and roots. The feet need to be kept firmly on the ground. Bottlenecks, which hold up progress, are often encountered. Now, when blockages occur, the native's reaction is to try and forge ahead. In many cases, that would be the right thing to do; but with the Moon's Node in the 4th house, it is wrong. The proper course of action is to pull back and to live as one

of the group, as one of the family. This is the only way to prepare to move forward again, to find room for manoeuvre, to gain access to those it is desired to lead. Then misunderstandings will be swept away and a fresh impetus will be given to upward development.

With Nodes in the 4th house that receive hard aspects, there can be a retreat into a pleasant ideal world of acceptance and domestic bliss. This 'warm nest' feeling has a very important function. It is one of the fundamentals of life; and we may well want to experience it at all costs. This makes us undifferentiated and dependent on the activities of the family. We are governed by these activities, and do not have a hand in shaping them but are sacrificed to the family's interests. In the worst scenario, our relatives assume the right to abuse us and to walk all over us.

When there is a planet in the 10th house, in opposition to the Node, the native will readily part with a place in the nest in order, at least, to make sure of getting on in the world. Ambition, in whatever form it occurs, destroys the sense of domesticity. The natural need to be part of a bigger organism, group, or family, comes secondbest.

With a square from a planet on the Ascendant, the departure from normal is not excessive, but the native is too egotistic; with a square from the Descendant, the native defers to the partner. If, for the sake of personal development, the need to belong is allowed to wither, an essential human quality dies, and the individual becomes a loner and inclined to do wrong to others. For the ability to avoid unfairness is based on the nest-like environment of the 4th house.

North Node in 4th House or Cancer (James Braha)

If the North Node is in the fourth house or Cancer, the person's greatest growth, evolution, and fulfillment come through taking care of his home and family life. In previous incarnations, there may have been an overabundance of professional activities and social responsibility. Now the person must concentrate on his own soul growth and fulfillment of emotional needs. All activities involving land, property, and homes are favored. The person should develop his feminine and maternal energy, and seek to nurture all those in his presence. He should dedicate his life to family, children, relatives, and loved ones. He may do well in healing professions, nursing, cooking, catering, innkeeping, or any domestically-oriented jobs. Although career focus is neither psychologically significant nor a main objective of this life, the person is extremely concerned with the well-being of all members of his immediate community. He must do his best to see that everyone has a sense of belonging.

The person should not look for a life of profound philosophical meaning. His actions are not based upon compelling drives towards particularly ambitious goals. Rather, he is here to experience and appreciate the full value of his emotions, senses, passions, sensitivities, and vulnerabilities. His job is to keep his family and the human species alive

and well. Tradition, rituals, and cultural values are of very great importance. The person is on a lifelong journey back to his roots. Spiritually, this means he is very well-advised to engage in meditation, contemplation, and all innerdirected self-development techniques. Also, he gains tremendous benefits from periods of self-imposed seclusion and isolation. On a more mundane level, the person wants to learn everything possible about the lives, history, and circumstances of his ancestors and predecessors. At the very beginning of life, the person is organically connected to the father. However, as his consciousness grows, he quickly realizes there is no progress to be made in this realm. He then shifts his attention to his mother and all other tenderhearted expressions of creation.

The person is devoted to practicalities, not ideals. He is wonderfully sympathetic, and functions as a magnificent support system to those in need. He is like a rock of stability, always emotionally available for others. In this lifetime the person is learning extreme devotion and loyalty to his loved ones. He may derive tremendous pleasure from gardening, landscaping, or farming. Collectibles and material possessions are very important. The person must have absolute control over his daily environment. He should surround himself with beauty and whatever else appeals to his personal tastes. Living near water is preferred; and the person may wish to develop his psychic, sensitive nature to the fullest. He is here for a highly subjective, even sentimental, experience of life, and is now relinquishing his obsession with objective realities and ultimate truths. The person may do well in mining, archaeology, or any ecological vocation.

In ancient Hindu astrology, the North Node in the fourth house indicates problems with a forceful or domineering mother and troubles in gaining educational degrees. There are strong cravings in the heart, and a possibility of attaining large homes or mansions. The South Node in the tenth house reveals a good reputation and successful professional life. Careers may involve any spiritual activity which raises the consciousness of the common person. There is distinct talent in metaphysical or natural healing techniques. The sign positions of the nodes are of much less significance.

(Black Moon) Lilith ♀ in ♊ Gemini 16° 16'

([1139] elsaelsa.com)

Information Warrior

If you have Black Moon Lilith in Gemini, the pain you've faced through your Lilith

placement has made you intelligent and adaptable. You figured out that information is a weapon, and you know how to wield it.

However your Lilith wounds have manifested (which you can tell from house placement), you've learned that more information can often mean more ammunition. You now place information selectively, choosing your words carefully. You have a magic knack for saying a whole lot without ever revealing anything. After a lifetime of not being heard or having your words weaponized against you, people have to really earn access to your authenticity.

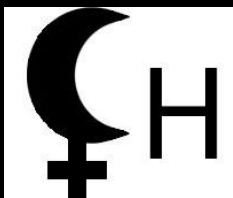

You also make sure to arm yourself. When in doubt, you research, learn, and collect minutiae. You've been down more Wikipedia and YouTube rabbit holes than you care to admit. You've spent many long nights trying to hold down the anxiety by cramming more and more information into your brain. You may have learned to rely on your intellect at the expense of your intuition.

And when things are really tough, when you're backed into a corner, or when someone tries to pin you down, you are an expert at evasion. Verbally bobbing and weaving, changing topics, white lies, and breezing right past potential conflict are your specialties. You're great at using a million words to say nothing. You may also just go entirely silent. Because if what you say is used against you, why say anything meaningful at all?

The best way to mitigate this frustration is to channel Gemini's opposite sign, Sagittarius. Sagittarius is radically honest, not because honesty is safe, but because hiding your soul is even more dangerous. Sagittarius also puts knowledge into a broader context, allowing you to see your wounds as part of a larger narrative, which relieves some of the immediacy of the pain. There's a bigger story here, and you are a vital player.

There is so much more to this placement, but let me leave you with this: Your authentic voice is so important. Your thoughts and opinions matter. It's okay to not want to confront powers that couldn't appreciate you anyway. But never lose connection with your own soul. There, you'll find all the answers you need.

(Black Moon) Lilith ♀ in XI 11th House

([1159] elsaelsa.com)

Outcast

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and carry her energy into your dreams for the future.

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

These persons are resilient, tenacious, and fighters. They tend to shake off whatever bothers them, no matter how big or small.

People with Chiron in Aries believe that they can handle and manage everything, even if it hurts like hell. They are likely to, at least on the surface, move on quickly from whatever caused them suffering and torment.

Yet, as they are likely to develop deep connections with people, their loved ones and friends usually notice something is wrong. These persons are likely to tell them it's nothing, so in the end, their dear ones feel their pain more than Aries Chiron people themselves.

Nevertheless, these individuals expect the same from others concerning struggles and pain.

People with Chiron in Aries are likely to tell others to stand up and take it when hurt because everyone goes through some pain, adversity, or trauma. They believe that, otherwise, people will lose themselves in misery instead of moving on.

They believe that they recover fast, and they try not to look back. Aries Chiron people take this approach even when in hard pain and trouble. Some might perceive them as cold. Once people find out how many turbulences Aries Chiron individuals had, they are usually shocked.

These people are usually born during years of conflict or socioeconomic changes and transitions (e.g., generations born between 1918-1927 and 1968-1977). Things change often and quickly during their childhood. That teaches Aries Chiron individuals to don't get attached and to move on fast.

On the other side, they are too self-reliant and hate asking for help. It is why they are likely to be stuck in a vicious circle of feeling lonely or invisible and not articulating their needs effectively.

Chiron ♄ in IX 9th House

([1268] astromajesty.com)

People born with Chiron in the 9th house likely struggle with what this house governs: beliefs, travel, meaning, or higher education.

Perhaps they strive to understand one of these or be the best in that field, but life hits them with one setback after another.

These individuals typically have a unique perception or point of view, and they tend to question the world around them. Their beliefs tend to differ from that of the majority.

It is why they often feel misunderstood, inadequate, or lonely. In the oddest scenario, they could believe that the world resembles the Matrix movie premise and that everything is a simulation.

Whatever bothers them, it usually affects their belief system, and they feel a lack of meaning.

Those born with Chiron in the 9th house often disagree with the religion, culture, or traditions of their family, nation, or religion. That makes them lack a sense of belonging.

Generally, these individuals often perceive themselves as outcasts, vagabonds, or unwanted in society.

Perhaps they are atheists in a highly religious culture or the opposite. Or, maybe, they want to follow an ancient belief or tradition, making them look odd and different.

Whatever it is, their philosophy or (lack of) religion causes them disappointments and troubles.

Sometimes they would like to be like everyone else, but they fail to fit in. It is why they question the roots of their views and beliefs.

However, they rarely manage to uncover what caused their convictions and whether they exist on a primal level or there is an explanation behind them.

Even without understanding the cause, they feel an inner urge to defend their views and fight for their beliefs.

Yet, at some point, they often realize that those same convictions prevent them from being happy or accomplishing their goals.

Transformations and inner development

People born with Chiron in the 9th house typically go through more than one spiritual, religious, or philosophical transformation in their lives.

It happens when they start to understand that their views impede their growth and reaching the ultimate meaning of life. It is when they either adjust or change their perspective altogether.

When individuals with Chiron in the 9th house change their perspective, it is life-changing and drastic. They also tend to change their lifestyle, behavior, or place of living. That is not utterly surprising, considering they are continuously learning and soaking in knowledge.

They feel an urge to expand their inner worlds, but sometimes they overwhelm themselves with having to grow. Individuals with Chiron in the 9th house read and collect data even if not useful or relevant.

Sometimes, they neglect other responsibilities because of that. It is also why they tend to be stressed out and overworked. They strive to reconcile their work, hobbies, leisure time, and learning but end up without energy for any of it.

Those with Chiron in the 9th house could become arrogant or vain because of the knowledge and information accumulated over time.

But that can affect their relationships with people due to becoming self-centered or cocky.

Yet, if other aspects in a natal chart have a favorable position, they could become teachers, helping others expand their horizons.

Chiron in the 9th house native typically has a rebellious character and loathes conforming with what the society expects from them.

Due to the trauma of having to fit in and suppress their personalities to be acceptable in their culture, they loathe dogmas, rules, and expectations.

Their community, family, or nation likely indirectly caused their wound because they had

to accept the norms, laws, and regulations against their beliefs and will.

Unable to fit in and choose the ordinary path

Nevertheless, their inability to fit in isn't always about their attitudes and convictions.

Sometimes it is about the roles they take in society. They tend to deviate from the standards and expectations. Perhaps the native is a stay-at-home dad. Or, maybe, it could be a mother joining the army or a professor that uses unconventional but effective teaching methods.

On the other side, Chiron in the 9th house native could also have a disability that prevents them from fitting into the regular categories.

These individuals are likely to be minorities and to challenge the norms with their sexuality and gender views. They push away the stereotypes and fight against them.

These persons are allergic to prejudices and believe that everyone is unique and capable of changing the world.

Whatever their background story is, these individuals usually have to overcome an overwhelming obstacle to reach the other side and find their place or meaning.

That means they might have to fight against the law, society, rules, injustice, religious or political expectations. They could also experience personal setbacks and difficulties that make them stronger and reinforce their warrior spirit.

Anyway, by overcoming these troubles, they usually make the world a better place.

That could be by revealing how people in power abuse the rights of those on the margins.

Or, perhaps, they could be single parents raising strong-minded and independent individuals.

Game-changers or leaders of toxic convictions

It is a placement that can give revolutionaries, game-changers, or those that will sacrifice themselves for their ideology and beliefs.

Those born with Chiron in the 9th house can defend their convictions only to become its victims. Or they could contribute to breaking down regimes, dogmas, and hatred.

These natives are usually ready to dedicate their lives to uncovering the truth, unveiling manipulators, aggressors, and schemers.

On the other side, they could also fight for wrong and toxic convictions all their lives.

But even then, they likely realize that was a lesson that helped them expand their views and accept they can be wrong too.

All their devotion, beliefs, and fights tend to manifest their endless pursuit of higher meaning.

In other words, this indicates that you are subconsciously materialistic and involved with finances and personal belongings. You will find yourself facing occasional periods of difficulties in earning. You will be forced to evaluate your image of self-worth and a positive self-concept.

Part of Fortune ☿ in ♎ Libra 10° 3'

([1281] astrolibrary.org)

You prefer to be in agreement with others instead of expressing your own desires and what you feel, so as not to offend anyone. You do not want to disturb the harmony of the people around you, and you cooperate in any situation that life presents to you. You flow and harmonize with all its most intimate aspects.

You know that offending or going against others will make you lose friends and relationships.

You have a special sense of justice and acceptance of other people's faults.

Aries is the sign opposite to your Part of Fortune in Libra. Through Aries, you have the ability to not lose your own goals, and to project your desires into the future. But if you want to enjoy and be happy in the present moment, you should not identify too much with this, nor abuse it, so that you do not ruin good relations with others. You have a pioneering spirit and you are also quite bold and courageous.

You listen and learn many things about other people's lives, so you are an easy person to talk to. You have a lot of tolerance.

However, you have to learn to consider the effects that any action entails before carrying it out.

Taking into account both sides of any situation, accepting everything even though it goes against your own wishes, will help you to find fulfillment and satisfy everyone involved in a situation.

You must belong to something to feel complete. This is why you know how to please others. It makes you happy to feel the happiness of others.

You learn to become that center through which all human thoughts, desires, and emotions flow. All energies penetrate through your open inner space, which is willing to accept all. This helps you to complete your individual self, without having to personally identify yourself with any kind of specific vibration, but with all of them at once.

Thus, belonging to everything will lead you to not need anything and not to have your own desires, so you can balance opposing people, opposing ideas and feelings. You can even understand and accept the selfishness of other people.

The creativity of others will bring you your greatest happiness. Your self-realization will become the balanced center of everything that surrounds you.

By letting yourself go with the flow, you know that you will make the necessary decisions without doubting if they are correct because you know the flow will put you in touch with the people who need you.

A faith in the harmony of the cosmos is essential as well as having courage to face the unknown. Know that the world itself will take care of you and help you find happiness at all times. Above all, it will help you to feel comfortable in the company of others, knowing that we all share similar things and experiences.

Part of Fortune ☒ in III 3rd House

([1289] astrolibrary.org)

You are happy to communicate with others. You enjoy being understood, so language and proper use of words are important to you. You try to understand how others think and how they see things, so you can develop a greater perspective in your thinking.

Thinking clearly is what will bring you your greatest fulfillment.

Your security is based on thought instead of the material world. Therefore, you like to teach others to think clearly, so they can understand the world around them, and understand all kinds of people.

Since your Part of Fortune is in the third house of your birth chart, the ninth house is the opposite house. The ninth house helps you understand abstract thinking, other people of other nationalities and mentalities, cosmic ideas, and the higher mind. But your fulfillment will come through the lower and concrete mind.

You must learn the difference between the presence of human ideals, and the reality in which they must live and be carried out. By accepting this wisdom and not being strict in your ideals, nor judging those who still do not understand the higher truth, you will gain the trust of those whom you want to teach and with whom you want to communicate.

You do not judge other people, you just try to understand them and get to know them. This helps you accept that which is contrary or different from yourself. You have something important to say without forcing your ideas on anyone, or on those who are not ready to accept them. You learn to have much tolerance.

You also learn to recognize when is the right time to say things. You must give your teachings and knowledge in a detached way, and you will get great satisfaction knowing that you have enlightened another person's understanding.

You absorb many philosophical and spiritual thoughts through the ninth house. You realize that the greatest truths go beyond the mental barriers that separate people.

You must be fair. You have the ability to see all sides of a situation. Thus, by bringing superior understanding to human relationships, you help all people in your environment get along better and get a better understanding of the different points of view that may exist. This way, the dichotomy of the world and of human thought will not hinder communication between people.

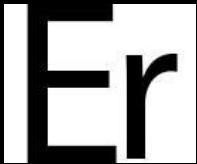

You find your greatest satisfaction and happiness through all the people you get to know

and help. When you come to understand all the circumstances and people around you, you acquire a spontaneity and confidence in yourself and in the whole Universe.

([621] 12andus.com:) You easily embody your calling and can speak about your spiritual purpose with deep authenticity.

Your calling may lead you to sacrifice some aspect of your identity or appearance. You may find ways to embody your spiritual path. Your routines and practices can help recharge you and strengthen your connection to the Divine.

You embody your commitment to service and you can easily show your ideals through your personality. You easily devote yourself to your work and may embody some aspect of your ambitions and goals.

It's as if you wear your goals and work on your sleeve. You make it obvious that you are completely committed to your ideals and your work is instrumental to your sense of identity as a healer or guide for others.

2) ► **Descendant** DC **Parallel** ♀ **Pallas** - (0°48') ⚡ 7 | ♃ 9

([588] 12andus.com:) You can be a powerful spokesperson or dramatic leader with a strong vision.

Yet you may reserve your best strategies and intellectual powers, acting like these are your "secret weapons" that you bring out only when all other attempts at diplomacy have not worked.

You may also try to be discreet about your true agenda. Unfortunately, this can cost you collaborators who would otherwise help you but who don't immediately recognize your vision and need for assistance. You can become more impassioned and direct when those close to you are challenged.

Your own needs on the other hand may not be the same catalyst for assertive response. Yet when others need your wisdom, you can bring out the best of your intellect and intuition and serve as a strong mentor.

3) ► **Imum-Coeli** IC **Parallel** ☉ **Sun** - (0°50') ♃ 2 | ♄ 1

([150] astromatrix.org:) In Your Own World

Opportunities: 1. Embracing Your Journey of Self-Understanding 2. Judging Success on Your Terms

Challenges: 1. Finding Your Inner Security 2. Avoiding Co-Dependent Relationships
You are very concerned with your inner personal world and less influenced by others' ideals and expectations than most people. You are 'inner-directed' to an unusual extent, and you rate the importance of matters in your world according to very personal reactions.

All of your life, you will be more subjective than most people. You are not principally concerned with achieving anything that others would consider great or significant. For you, it is important to have your personal world - your home, parents and family - operating smoothly. You may always be attached to the place where you grew up, and even if you move away you will have strong emotional and psychological ties to this place.

As you grow up, the ideal home situation is one in which there is very little turmoil; you need a more secure and stable home life than most. Without it, your self-confidence and ability to be independent will be severely hampered. You might even become dependent on someone else for the rest of your life. However, if you are allowed to develop in a secure environment, you will become a very strong person upon whom others can always lean.

Your success will come through self-understanding rather than through playing the games of the outside world. Self-esteem is more important to you than the esteem of others.

4) ► ***Imum-Coeli*** IC ***Parallel*** ♃ ***Jupiter*** - (0°54') ♀2 | 008

([196] astromatrix.org;) Achiever Of Goals

Your home and family are very important to you as a refuge that you can retreat to when the outer world is too harsh. You will always remember your childhood as one of the best times of your life, and you will have great respect for your parents, especially the one who gave you the most emotional support.

As you get older, you will remember what you had when you were younger, and you will love anything that reminds you of home. Wherever you go, you will try to find a community like the one you grew up in. And if you can't find such a community, you will seek one in which people are as close as they were where you grew up.

All your life, you will have great respect for traditions and customs, even if they are very different from your own, not because you are narrowly conservative, but because you know they give people positive emotional support. Temperamentally you are quite liberal, and you enjoy the experience of new places and different worlds.

All of your life you will prefer rather large and elegant homes surrounded by lots of open space. You hate to be cramped, physically or emotionally, so you avoid close relationships with people who are very jealous or possessive, because they would

restrict your inner freedom. Normally this aspect signifies a high degree of emotional security, which enables you to withstand any difficult times and even offer help to others when they are in trouble.

5) ► **Imum-Coeli** IC **Parallel** ♄ **Saturn** - (0°40') ♀2 | ♀4

([202] astromatrix.org:) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

6) ► **Sun** ☉ **Parallel** ♃ **Jupiter** - (1°44') ♀1 | ☿8

([6] astromatrix.org:) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in

your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing

the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

7) ► **Sun** ☉ **Parallel** ♎ **Saturn** - (1°30') ♏1 | ♎4

([7] astromatrix.org;) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of

protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

8) ► **Moon** ☽ **Contra-Parallel** ☿ **Mercury** - (0°19') ♀11 | ♀4

([152] astromatrix.org;) Where To Go And Why

Opportunities: 1. Gaining Greater Inner Harmony 2. Perceiving the World More Clearly

Challenges: 1. Rebalancing Yourself 2. Admitting Your Flaws

With the opposition, friction between Moon and Mercury results in emotions, instincts, and feelings pulling in one direction, and rationality, logic, and conscious mind moving in an opposite direction. This inner disharmony is then reflected through projection onto the external world, influencing your relationships. While this inner division remains unresolved, relationship conflicts will persist.

Decision-making can prove difficult, and you may rely on others deciding for you, as you cannot determine which path to follow, whether to choose instincts, emotions, or rationality. Inner unity, when both messages coincide, is a rare experience for you. This situation can stultify actions and choices, distorting perceptions and judgment. Confusion often results, with regular changes of mind or heart which disturb and disrupt relationships.

Sometimes attempting to break through an impasse may force you to act impulsively and instinctively with variable results. Equally, responses can be emotionally biased, devoid of rational evaluation or common sense. Alternatively, Mercury can dominate, with an extremely cold perception which succeeds mainly in temporarily denying any emotional feeling at all.

You can be insensitive and offensive to others, unaware of a lack of tact, sensitivity, and diplomacy, although you are quick to rise to others who criticize you personally. Like everyone else, there are times (many, many times) when you will be 'wrong' in life, as no-one is infallible. You may need to learn how to admit mistakes, however. Increasingly imbalanced, unconscious emotional patterns can distort inner messages and life perceptions, diminishing your ability for clear thinking and clear communication.

Compulsive talking can occur as a compensation for effective relationship, although what is often noticeable is that this lacks depth and content. What is required is self-understanding and integration between your emotional and rational nature. Clarity and awareness are needed regarding these lunar patterns of emotional need, dependency, and the reliance of security and stability.

With the Mercury influence, rationality and objectivity are required to help rebalance inner disharmony. The challenge is to integrate these two opposing messages. Until some progress is made, self-expression can be restricted and distorted. Favoring either planet creates conflict; honoring each planet is the route to wholeness, and the key to resolving this psychological imbalance.

9) ► **Moon** ☾ **Contra-Parallel** ♀ **Venus** - (1°43') ♀ 11 | ♀ 36

([153] astromatrix.org;) Social Inappropriateness

Opportunities: 1. Helping Those with the Same Difficulties 2. Developing a More Open

Social Persona

Challenges: 1. Taking Social Risks 2. Dropping Your Self-Protections

This opposition indicates that a major source of dissatisfaction will occur in social relationships. You may feel emotionally blocked in dealing with others, and uneasy in social company. This may be a pattern persisting since childhood, when you may have felt unloved and misunderstood by your parents, especially your mother.

You have a tendency to feel unloved; and this insecurity is communicated in subtle ways to others, who may sense that you are 'hiding something'; this, in turn, casts doubt on your sincerity. As distance enters your relationships, your negative feelings and fears of being disliked are reinforced, and the cycle perpetuates itself. Because vitalizing and harmonizing feelings are inwardly blocked, they fail to enter your social relationships.

People may perceive you as cold, unfriendly, or distant, and find it too much effort to spend time and energy slowly getting to know you. Your attempts to share and communicate are erratic, often superficial, and lack a recognizable warmth. Even when you are admiring someone's achievements or making gestures of appreciation, there can be an unconvincing delivery, as though you are going through socially acceptable motions but not putting any heart into it. As you know, this isn't the truth; but the inability to communicate your sensitive emotional nature to others creates a misleading impression of your character.

You may make compensatory attempts to avoid confronting your emotional unfulfillment; and these can include a preoccupation with material possessions, money, and comforts. You may attempt to form an identity and self-worth founded on physical acquisitions, or through a lifestyle which reflects Venusian tendencies toward sensuality and luxury. despite your need for closeness, it is your unconscious behavior which pushes people away.

Inner barriers need dismantling; and moving beyond your inhibiting patterns requires some risks and overcoming security needs. Be open to contact; be more friendly and less distant; share yourself more easily; drop expectations about people; be less judgmental. Try to relate intellectually rather than just emotionally, because your emotions still need cleansing and healing before their agitative vibration becomes more settled.

Learn how to co-operate better by making effective adjustments and mutual concessions. The likelihood is that, over time, the quality of your relationships will improve, enabling blocked emotional energies to be released gradually and safely, as you feel able to open to a new type of contact with people and the environment. Then you may discover that you possess something of great value which can be shared with others for mutual benefit. If you can make the transition, perhaps you can help others who also have difficulty in relating socially.

10) ► **Moon** ☽ **Parallel** ♃ **Neptune** - (1°45') ♀11 | ♃6

([21] astromatrix.org;) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

11) ► **Moon** ☽ **Parallel** ♁ **North-Node** - (1°41') ♀11 | ♁4

([26] astromatrix.org;) Enhanced Imagination

The Moon has rule over our emotions and minds; therefore, these nodal conjunctions tend toward strong emotions linking to the senses and imagination. There may be exceptional psychic sensitivities, which may be exalted in the ability to predict trends or distorted and turned to suspicion and paranoia.

With North Node conjunct the Moon, the imagination is enhanced, and the mind is stable and strong, with accurate psychic sensitivities and reliable impressions. This contributes to creative talents. Wherever this conjunction is found by house, that house and the matters it governs are strengthened.

Your inner values are in tune with prevailing social trends and ideals, supporting your popularity and generosity with people. These qualities make it so that you can easily

take advantage of these social trends and even become a spokesperson/public supporter of them. Be careful not to get too swept up in fads and learn to develop autonomy.

Having the support of a mother figure is important, and there is usually assistance from them. You may feel the want to nurture others and sometimes this is done in a big way. The North Node boosts the ability to gain the support of the public. You can have a mesmerizing effect on people, a definite asset in public and political life. Other people respond to their enthusiasm, and with an abundance of emotional strength they are comfortable dealing with large crowds.

12) ► **Mercury** ☿ **Parallel** ♀ **Venus** - (1°24') ♀ 4 | ♀ 6

([28] arionastrology.com:) Mercury and Venus find it easy to work together, a conjunction between them merges thoughts and talk with seductiveness and irresistibility. Natives are likely clever, charming, eloquent and fascinating. Although, this may also possibly be mingled with a susceptibility towards being slightly sensitive and delicate in nature, with perhaps a tendency to a preference for mental, rather than physical pursuits.

Both Mercury and Venus are creative, and love to share this with others. Bringing the promise of potential talent for writing, speaking or singing. Natives will certainly appreciate music, art, and the finer things in life – luxuries and comfort in all areas of life are (highly) likely a priority! Mercury-Venus are liable to prefer, and choose to avoid wherever possible, difficult people, stressful situations, or any circumstances where they may have to “rough it”!

Natives can have insight and understanding into how persuasive, and influential, their choice of words are, and what effect they can have on others. This can lead to artful, subtle, guiding to attain the results they wish for. An ability to find the right words, at the right time – honeyed words that soothe or flattering remarks as praise.

On a deeper level, Mercury-Venus contributes to capability for inner contemplation – an appraisal of values and beliefs – orientated towards self-improvement. Which could be conducive to the development of enhanced inner peace and greater equilibrium in the outer world.

13) ► **Mercury** ☿ **Parallel** ☿ **South-Node** - (2°00') ♀ 4 | ♀ 10

([172] astromatrix.org:) Feeling Misunderstood

With Mercury opposition the North Node, you may have brought over considerable intellectual talents that must be used in a positive way to contribute to the world in this lifetime. You have asked and been given another chance to develop and bring to fruition the energies you have invested in Mercurian activities such as study, communication skills, interesting and novel ideas and keen logical talents.

You can be quite original and independent in your thinking in the long run but may have

some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

18) ► **Jupiter** ♃ **Contra-Parallel** ♆ **Neptune** - (1°20') 008 | ♎6

([192] astromatrix.org:) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to

gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

19) ► **Jupiter** ♃ **Parallel** ☿ **South-Node** - (1°24') ♀8 | ♃10

([197] astromatrix.org;) Dogmatic Beliefs

North Node opposition Jupiter is a philosophical aspect. Jupiter rules philosophy, law, and religious study, so you may enter this life with experience and knowledge that has contributed to your beliefs. You have some very definite views and now feel a responsibility to pass along what you have learned. You may use your wisdom to contribute to the social morals in a positive way or negatively, you might be narrow or forceful in your views.

While there are actors, sportsperson, politicians, and others among this group, the overwhelming theme involves writing and philosophy. There are many authors, composers, songwriters, teachers, and educators. Their communication skills are notable. Spreading beliefs and contributing to moral standards are common patterns.

Over-expansion is a potential problem and can lead to problems. Major life circumstances may have forced you to put too much significance on social, educational or religious/spiritual expansion and rely too much on optimism.

You must learn to pace yourself and develop a more grounded, realistic outlook or your larger-than-life ambitions will be shot down by societal times as they often conflict with the times. Your ambitions and ideals are noble and grand but beware of a tendency to lose yourself in the big picture.

20) ► **Saturn** ♄ **Contra-Parallel** ♆ **Neptune** - (1°34') ♀4 | ♆6

([199] astromatrix.org;) Subterfuge

What occurs with the opposition is the projection outwards of inner attitudes, so that life reflects that inner state back to you. Usually this includes elements of distortion, which with Saturn and Neptune tends to involve fears of failure, suspicions of motives, cloudy judgments, deceit, caution and wariness.

These are the more negative qualities of blocked planetary energies, and yet you often fail to realize that the world you are perceiving is a mirror image of your own attitudes. Take another look. Do the world and people reflect your own views? Are they pessimistic and perhaps threatening or frightening? Do you feel that you have to be extremely self-protective? These may, of course, be genuine fears, and can depend on the environment in which you live, but equally they may be illusory and self-created. This fear of failure is inhibitory to some degree, and it is likely that you will withdraw from situations of competition, retreating into feelings of inadequacy, imagining various types of conspiracy being hatched against you in secret. You don't really trust people, and that attitude is communicated intangibly to others, so that a vicious circle is perpetuated.

Your relationships can lack depth, human warmth and real contact, often staying unsatisfyingly superficial, in that you are afraid that others may take advantage of you. The problem is that this may well happen (or has in the past), and since then you have been too wary and too aware of your vulnerability to risk deeper relationships. Certainly, you are vulnerable emotionally and financially to people, and one lesson that may need learning is that you should look closely at the nature of others before you become committed in any way.

Saturn's barriers are firmly established for self-protection, yet they also block many valid experiences and opportunities for self-development. Neptune remains partially released, but liable to display its presence through experiences of persecution and martyr / victim complexes in your life. The results can be that you isolate yourself, become a solitary loner, immune in your imprisoning cocoon of self-protection, perhaps feeling the repercussions of your choice through depressive emotions or psychosomatic illnesses.

You can look out onto the world and secretly want status and involvement yet be self-restrictive in actually attempting to achieve those ambitions. Or you may perhaps resort to cunning, subterfuge and devious behavior, believing that is the way everyone else achieves their desires. The fact that your world analysis may be incorrect could hold a solution to your frustrated energies.

The world holds all shades of behavior and attitude, and whilst there are many who accurately embody reasons for your cautious perspective, there are others who are not like that at all. You need to find a bridge to contact those people of goodwill, and then you may realize that your interpretation of the world is only partially accurate; the others hold a key to your transformation.

If you can find an intimate partner who does not let you down and is supportive, then that frustrated ideal may be reborn, and in accepting another as they are, you discover that this is the way for healing and mutual love to occur. The nature of relationship in your life can be renewed and re-perceived through more optimistic eyes; Neptune has replaced the barriers of Saturn. Sometimes Neptune plays a stronger role than Saturn, and if this is the case, then the relationship inhibitions and distortions may be less evident. The

focus will be transferred towards that of social duty and obligation, where the lesson deals with responsibility.

You may experience a feeling of 'social guilt', a personal responsibility to put right social evils, a personal crusade which you need to follow in order to absolve yourself from this inner feeling of guilt that haunts you. For some reason, you know that this is your duty, and that some form of social service needs to be done in response to an inner compulsion. Some may consider this to be 'a rectification of karma', but whatever, it can be an inner pressure and related to the Neptunian tendency to sacrifice in the social sphere of Saturn.

The battleground is seen to be the world, but the source of the battle is within your own nature. Check this out thoroughly before you go tilting against any windmills; try to isolate those conditioning projections and discover what you may be really fighting against. It could be your own unintegrated aspects, Neptunian ideals versus Saturnian realities, and the middle path of wise balance may be the most suitable way to follow.

21) ► **Saturn** ♄ **Parallel** ☊ **South-Node** - (1°38') ♀4 | ♃10

([203] astromatrix.org;) Rigid Habits

An outer planet in conjunction with one of the lunar nodes is a planet of special significance. This increases the importance of Saturn in your life.

With North Node opposition Saturn, this suggests you have learnt a good dose of Saturnine attitudes. While this can come out in a positive way, it is a potentially constricting aspect right from the start, due to the limiting and pessimistic nature of old, worrying Saturn.

You may have rigid habits or outlook, and your ambitions may be so far removed from what is the accepted norm by modern society that you could create a world of isolation, detached from life, ignoring social duties. This is potentially the hardest past-life life influence from which to escape.

It is easy for you to become stubborn or stuck in the past. You are bound to the old methods and mindsets, having many connections with elders. The house placement of Saturn shows where ideas or attitudes of the past keep them a prisoner. Your outlook may be gloomy, pessimistic or you may appear as miserly or selfish.

Major circumstances in your past life or early childhood may have caused you to develop a restricted, cynical worldview. Your judgmental, overly traditional, sour outlook will inspire much opposition in others.

Working on the positives of Saturn discipline, responsibility, organization and respect for boundaries, it provides the opportunity to do work of such remarkable mastery, precision, and expertise you can be in a class of your own, where the competition simply

cannot touch you.

([17] astromatrix.org;) Selfishness

Moon and Mars contacts involve the psychological relationship between instinctive and emotional patterns with an ability to act decisively by applying a consistent will directed toward achieving aims. The conjunction indicates you have strong emotions and feelings which influence perceptions and decisions. Their intensity may often feel uncomfortable and frightening, especially in situations of heightened passion or confrontation. You are aware that unleashing these energies often results in displays of temper, emotional outbursts, and anger, and that your occasional belligerent style of disagreeing with others is actually a form of self-defense.

Being overly sensitive to others' reactions and having emotional anxiety can create a mental state where you imagine that others criticize or plot against you. Before such situations are proven real, you are ready to retaliate. Until a deeper integration and understanding of these energies occurs, you may find that contentious relationships continue. Those erratic and volatile emotions help to stimulate inner agitation, and this friction spills over into your exchanges with others.

While you want to form better relationships, there are often problems with co-operation and trust, at work and in intimate partnerships. You are both attracted to and repulsed by emotional intimacy, often unable to deal with powerful feelings due to emotional immaturity; and others may sense these raging feelings and withdraw from closer contact. Rejection strikes into your deepest core. Reacting against the pain, you often strike out verbally with unkind words designed to damage and wound or throw childish

temper tantrums when needs are denied. You are liable to brood on any rejection, often continuing to criticize someone to friends for a long time afterward. Perceptions of losing erode a fragile self-esteem.

One of your major problems may be self-preoccupation: concerned with your private emotional world, you fail to recognize that others have needs too, and that they are also emotionally sensitive. Your world is egocentric and revolves around your desires, expecting others to serve your needs, and rejecting attempts at compromise. Being unaware of these tendencies is no excuse; failing to acknowledge that others have an equal sensitivity is a denial of reality. If you react against criticism, then so do others from you. You need to realize that others' needs are as important as yours. Compromise between all concerned is necessary to minimize conflicts.

Emotional reactions distort your perceptions and evaluations, influencing choices, decisions, and actions; and sometimes these may contradict rationality. This apparently negative portrayal of Moon-Mars conjunctions can, however, be transformed into a more positive approach. Much depends on an honest appraisal of your relationships, and of how you deal with inner difficulties, especially identifying how you project emotional frustrations onto others close to you, making these relationships fail to satisfy and later collapse. These intense feelings can be directed toward positive aims designed to shape constructive action.

If you consciously attempt - even for a short time - to project yourself into the position of others and to imagine how life is from their perspective by seeing through their eyes and feeling through their heart, then your egocentric world may be transformed, and your latent sympathy and understanding awakened. Moon and Mars can work successfully together, once inner adjustments are made, and feelings of personal anguish and frustration are reduced by developing awareness of others' needs. Then you may discover a new meaning and purpose to life.

There can be a crusading spirit about this energy supported by powerful, assertive Martian qualities, which can increase persistence and opportunities for eventual success. This could initiate a real transformation.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

28) ► **Midheaven** MC **Sextile** ♀ **Neptune** - (2°17' S) 008 | 136

([291] astromatrix.org;) Living In A Dreamworld

This aspect signifies that you aren't particularly interested in being self-assertive, that you prefer to live in a quiet and peaceful world of your own making.

If you cannot find anyone else who shares your attitude, you don't mind living alone. You do not really care that much about being with other people, because they interfere with your excursions into the private world of your dreams and fantasies. But you don't dislike people; in fact, you are very sensitive to their needs and wants, and you feel that you should be of service in some way.

In youth, you are very interested in ideas that others of your age usually ignore, such as religious ideals (at a rather simple level of understanding while you are young), and even occult beliefs; a love of the mysterious and supernatural. Because you are quite sensitive, you need to be with very positive and supportive people. If you are with people who harbor many negative thoughts, you will become a victim of their negativity and feel very unhappy. Also, such people would make you feel suspicious of others, when you really want to see their finest, most spiritual side.

Your parents should support your efforts to see the good in other people, so that you will grow up to be a loving and unselfish person whose presence makes everyone's lives more beautiful. Without this support, you will be a rather retiring and shy person who avoids contact with others for fear of being hurt.

29) ► **Sun** ☉ **Sextile** ♇ **Pluto** - (2°18' A) 011 | 111

([228] astromatrix.org;) Self Integration

You should be able to use your Sun-Pluto energies in a positive resourceful and constructive manner, believing that with clear motivation, direction, and focused will you can attain your ambitions.

There will be considerable powers of endurance, and this will help perseverance through

tapping your inner resources. You have several natural talents, which can be used both for your own benefit and for others. Communication is one talent, where you should be able to transmit your thoughts to others clearly, fluently and with style.

It is likely that you will work closely with groups, possibly through mutual ideologies aimed towards resolving social problems, as you feel a responsibility to add your support towards social betterment. You particularly dislike those social aspects which reveal a lack of natural justice for the 'underdog', and where disorder and chaos rule; you prefer to approach such challenges by direct encounter, using will and perseverance and believing that eventually your intensity will win through. You can evolve into a spokesperson for such a group endeavor, as you give inspiration to people who respond well to the aura of powerful energy that you emit, creating confidence in your integrity and abilities to further the cause.

For your immediate associates, the energy has a harmonizing and vitalizing effect. You tend to use it as a personal guide to determine the right approach to take in situations, almost as a form of psychic intuition, taking the place of logic and analysis; you rely on this sense of directive feeling to make necessary decisions, although it can be difficult to express your reasons to others in a convincing way. This joining of your solar path with the social concerns for transformation which emanate from Pluto can be potentially dynamic, forming a life direction which fulfils and continues to stimulate, even though it may be highly challenging, and results may seem slow in coming.

A natural understanding of the life process eventually requires the releasing of any old restrictive patterns, which you are able to do without much trauma as part of your process of regeneration. You have a capacity for ongoing creative growth in your relationships, achieved without unnecessary drama or crisis, almost as a natural evolutionary expression of the sextile's energy operating through your personality.

You may need to review your relationships and social activity periodically to ensure that directional clarity is still present, but this serves to satisfy the Plutonic impulse to transform when necessary and is consciously absorbed into your solar path without undue force or pressure. By adopting this approach, you can ensure that your Sun and Pluto remain co-operative and mutually support your endeavors.

([248] astromatrix.org;) The Inspirational Thinker

Neptune adds an emotionally vitalizing quality to your mental creations, and to areas where an intuitive insight can sometimes offer surprising solutions to personal dilemmas. There is less evidence of the illusions which are often associated with Neptune contacts,

and you help to dispel the build-up of any by having a fairly discursive and evaluative mind which carefully sifts through experience and information and attempts to transform it into usable knowledge.

There is likely to be an inherent curiosity at work, able to explore behind appearances and not being susceptible to accepting ideas or people at face value. This aspect is often found in the charts of successful writers, creative individuals or those involved in media communications, those who have an ability to perceive clearly and broadly, to represent a variety of opinions, attitudes and beliefs, and who have a wide and tolerant perspective on life. As there is a natural intelligence, this often implies the pursuit of more advanced knowledge or skills through college / university education. This can tend to lead to associations with others who have an intellectual bias, and those with a developed sense of social responsibility. There are idealistic tendencies within you, but less glamour than most, and you should ensure that you succeed in maintaining a realistic perspective with your social optimism.

Your fertile imagination and keen perception can lead to contributing towards expressions of social change, of alerting the general public to possible or existing social dangers. Within relationships, you are able to maintain a close and loving partnership and family, and friendships are similarly rich and rewarding, as you are relatively easy to get on with and good company.

You have the potential of inspirational qualities, and if these are developed, then you may become a leader or spokesperson for some affinity group, representing it ably. There can be a subtlety to your thinking and strategic planning that some may find surprising, yet it can be carefully evolved to avoid direct confrontational opposition, especially with more powerful social adversaries.

The only points that you may need to be wary of are being distracted by others and losing your momentum by following side-tracks. If this happens, it is partly your own fault as you are obviously not clear enough regarding what you intend to do, and you may need to clarify your intentions and aims sufficiently so that such false routes are rarely taken again. These cases apart, you have a lot of scope in taking personal advantage of what this aspect can offer to you.

48) ► **Jupiter** ♃ **Square** ♇ **Pluto** - (2°37' S) 008 | ♀11

([435] astromatrix.org:) The False Prophet

This indicates that your personal philosophy and attitudes will condition your life, and because they tend to be fixed and dogmatic can serve to bring you into conflict with others. This philosophy or set of beliefs will either be 'self-created' or tend to reflect older, more traditional religious dogma; either of them is likely to be out of phase with much of contemporary life and social development.

You will either express a peculiarly unique and personally individual outlook or be willingly absorbed within a traditional structure. Basically, you are likely to be antagonistic to the modern world, believing that it is taking the wrong direction, and will be inclined towards a desire to reform the outer world and people so that they begin to conform to your world vision.

There is a tendency towards mental arrogance, a certainty of your own way being right as opposed to the ways of others; and you are unlikely to be receptive to alternative beliefs and new ideas. You will be an active exponent of your way, expressing it forcefully to others, either by a challenging of their beliefs or by attempts at conversion; you feel that you have a mission to perform, and this conviction gives you the inner strength to continue.

If rejection occurs, you tend not to use that experience to re-evaluate your beliefs, but inwardly reassert your own sense of righteousness. Whilst it may appear that your own system of belief is intellectually founded, the truth is that it is rooted deep in your emotions, and you feel its personal meaning very intensely, thus whilst attempting to challenge and persuade others, you maintain a barrier to outer challenges against yourself.

You are afraid that if your belief structure cracked and began to fall apart, then your inner cohesiveness as a personality would too, as your identity is so intertwined with your own beliefs.

To some degree, most people are in a similar situation to yourself, where self-identity is defined by beliefs, opinions, attitudes, thoughts, emotions and body; in defending personal convictions you are defending yourself. It may be that your belief is not obviously religious; it could easily be political.

([476] astromatrix.org;) The Overreactor

Opportunities: 1. Owning Your Own Emotions 2. Saying What You Mean

Challenges: 1. Healing Your Relationships 2. Finding Peace

The frustration you experience in life often comes because you get what you ask for from other people (and life in general). Unfortunately, what you ask for isn't what you want. Partly, you are slowly learning better communication skills, and partly you are learning to understand your own deeper cravings as they are.

You see the unacknowledged and undigested parts of your sensitivity and creativity present in others, but these are really projections that you have to own within yourself if you are to change for the better.

89) ► **Moon** ☾ **Quincunx** ♂ **Uranus** - (0°58' A) ♏11 | ♏6

([480] astrologyking.com;) Moon quincunx Uranus natal makes you an impulsive, independent and charismatic person. Some instability in your early home life taught you to be adaptable but may have caused some nervous or behavioral problems.

Your mother, in particular, was probably the most influential person in your life and perhaps your main inspiration. She may have been artistic, eccentric or stood out in some way. If your mother was supportive it is likely you developed a healthy self-image and learned to channel your nervous energy constructively.

However, if your mother was not supportive, died young, or was emotionally distant, it is likely your nervous energy manifested as shyness, insecurity, rebellion, eating or sleep disorders, or problems with addiction.

Your excitable and experimental nature can lead to emotional outbursts and sudden changes in mood. But the buildup in tension can also lead to epiphanies and mystical experiences. You are innovative, humanitarian, and may become involved in social or political activism.

When you feel stressed and the nervous tension begins to build, try to find a way to channel this electric energy constructively. It could be something physical or creative.

Give yourself extra time to adjust, especially when starting new projects or entering a new environment with new people.

([486] astromatrix.org;) Freedom In Spite Of Security

You may have to sort through the hidden messages you received as a child in order to make sense out of some of your adult actions. You act, at times, without any forethought. This is because you are driven by forces out of your immediate awareness. Your spontaneous bursts of enthusiasm either serve you well or they don't.

Early in life you may have been told that you should be different, but your differences will stop you from succeeding. It takes time and adjustment to really learn that it's okay to be both unique and successful.

90) ► **Mars** ♂ **Quincunx** ♀ **Saturn** - (0°20' A) ♀11 | ♀4

([509] astromatrix.org;) Frustration

Your sense that only you can do something right is lodged in your imbalanced self-picture. Too much work and too little spectrum of relating leaves you feeling slightly victimized by life. You create your own limits. Slowing down and quieting down helps you see this.

You need a better sense of time, then you achieve better results with less effort. You can do this as soon as you are more balanced in your outlook and your judgment works in a less comparative mode.

91) ► **Mars** ♂ **Quincunx** ♀ **North-Node** - (0°55' S) ♀11 | ♀4

([515] astromatrix.org;) Learning Grace

With North Node inconjunct Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that

you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

8) ► **Contra-antiscia-Ascendant ASC Conjunct ♄ Saturn** - (2°59')

([201] astromatrix.org:) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can generally fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

9) ► **Contra-antiscia-Ascendant ASC Conjunct ♁ North-Node** - (1°44')

10) ► **Contra-antiscia-North-Node ♁ Conjunct ASC Ascendant** - (1°40')

([216] astromatrix.org:) Unpopular Opinions

With North Node opposition the Ascendant Your personality can often clash with social norms making you unpopular. Although you're personally detached from prevailing social trends, you're able to view them at work in an objective manner, thereby understanding how to relate to and take advantage of them. Your strong individualism doesn't make you popular. At times, your seriousness can make others feel uneasy, especially in social situations. You tend to be somewhat short and paunchy and may have peculiar speech in some way.

Your karmic path is not aligned with your identity and ego, which stops your personality to grow and evolve. You may feel like an outsider or that many people are against you. Your ego may be strong or rigid and this aspect is trying to cause problems in order for

you to be more flexible and modify and change your behavior and identity. The best way to deal with this aspect is to be more open minded when it comes to alternative perspectives, opinions or viewpoints especially when it revolves around how you act with others.

11) ► **Contra-antiscia-Midheaven MC Conjunct ♀ Pallas** - (2°14')

12) ► **Contra-antiscia-Pallas ♀ Conjunct MC Midheaven** - (1°46')

15) ► **Contra-antiscia-Mars** ♂ **Conjunct** ♀ **Neptune** - (0°37')

16) ► **Contra-antiscia-Neptune** ♀ **Conjunct** ♂ **Mars** - (0°35')

([185] astromatrix.org.) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but are let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial.

This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those who have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

18) ► **Contra-antiscia-Lilith** ♀ **Conjunct** ⌘ **Uranus** - (0°54')

([81] astrotarot.net:) Typical features that opposition brings: You are very creative. And, you tend to suppress your creative energy and desires. But this will only backfire. You have powerful intuition and innovative energy. That is why you often feel ahead of your time. Others often misunderstand you and your ideas are not accepted by mainstream society. But you won't be satisfied if you are forced to conform. With this Natal Uranus – Lilith aspect you tend to be free, and you hate routine. If other people are trying to limit your inner energy you will fight back with vengeance. You can be humanitarian. You find yourself changing your life. Also, you may struggle to find your place in the world. It is difficult for you to relax and live in the present. You rebel against any attempt to limit yourself and your creativity. You know the pain and isolation of being rejected and humiliated. So, you devote a lot of energy to change the social climate for the better. While you reject the morality of others, you follow your own rules. Your rebellion is decisive and purposeful rather than hedonistic or self-congratulating. Above all, you have a vision, a grand and noble goal of collective freedom that begins with you. You wish to change society almost as punishment for your oppressors. What to do to make Lilith work in your favor – Firstly, try to be yourself in the way you communicate. Secondly, working on self-acceptance is the key to empowerment.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 10° **Libra** 3' and in the **3rd** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 6° **Cancer** 35' and in the **12th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 26° **Scorpio** 44' and in the **4th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 21° **Taurus** 22' and in the **10th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 29° **Aquarius** 22' and in the **7th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 2° **Libra** 53' and in the **3rd** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 22° **Aries** 21' and in the **9th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 21° **Aries** 56' and in the **9th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 22° **Virgo** 40' and in the **2nd** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Virgo: lack of faith, jumping to conclusions

Nemesis in Second house (Taurus): the love of money

Lots related to family:

The **Lot of the Father** is in 14° **Taurus** 8' and in the **10th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 22° **Pisces** 25' and in the **8th** house.

Same as for father.

The **Lot of Siblings** is in 27° **Aries** 34' and in the **9th** house.

The **Lot of Children** is in 19° **Sagittarius** 4' and in the **5th** house.

The **Lot of Daughters** is in 0° **Cancer** 48' and in the **12th** house.

The **Lot of Sons** is in 7° **Taurus** 47' and in the **10th** house.

The **Lot of Marriage for Woman** is in 20° **Gemini** 3' and in the **11th** house.

The **Lot of Marriage for Men** is in 26° **Libra** 35' and in the **3rd** house.

The **Lot of Deceit in Marriage by Woman** is in 18° **Leo** 52' and in the **1st** house.

The **Lot of Deceit in Marriage by Men** is in 5° **Aquarius** 43' and in the **7th** house.

The **Lot of Marriage (in general)** is in 15° **Libra** 50' and in the **3rd** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 13° **Leo** 9' and in the **1st** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 19° **Aries** 59' and in the **9th** house.

The **Lot of Treachery** is in 14° **Libra** 33' and in the **3rd** house.

Betrayal of trust

The **Lot of Accusation or Exile** is in 23° **Capricorn** 41' and in the **6th** house.

Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 14° **Taurus** 59' and in the **10th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Libra (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 7th House/Libra: You are almost always open to welcome new friends, but equally wearisome from previous relationships you realized you didn't want to be responsible for. You gain a lot of acquaintances (though more than you often bargain for) as you are eternally approachable because people realize you're very accepting of others. This acceptance comes from the knowledge that everyone is a can of worms waiting to be opened. When you do find people to be close to, boy do you open up. Often, you are more contained alone than you are with friends. Others bring out things in yourself you never realized on your own. Though you bring the life to the party, time to yourself can help you recuperate as you get so wrapped up in relationships that you feel the need to explode, often on those you're close to. The intensity others bring out in you is better in smaller, more manageable doses, otherwise it can burn everyone involved quickly unless they can handle and match it.

Pholus in 3rd house

(12andus.com;) You may move a lot or frequently change your interests and intellectual connections with others.

Small moves that take place can lead to dramatic changes in attitude and ideas. You may frequently be on the move. You may also develop a toxic fixation with ideas and attitudes that undermine your true intellect.

You will have the chance to go through transformative awakenings that can help you rebalance your perspective and return to a logical state of mind. You may be susceptible to toxic ideas or fanatic beliefs that lead you to get in over your head and need to find greater understanding again.

You may have a brilliant mind and knack for languages but your skills fail you in the

moment you need the most. It takes transcending or overcoming difficulties with communication to find your greater message and mission.

Careless communication can lead you to say things you regret or speak before thinking. Small details can lead you to end up with a larger problem on your hands and it will take the same skills of communication and intellect to reverse the momentum of chaos and confusion.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Aries

(12andus.com:) Your desires are triggered by courage. You can be turned on by the chase in a relationship. You may also find facial features to be alluring and seductive.

You may become possessive in romance and love the idea of exploring power and domination in the bedroom.

You may be a passionate lover and find displays of obsession and passion to be highly seductive.

You may be fascinated by an addiction to the chase but then become bored with the actual maintenance phase of the relationship. You can become spontaneously attracted to another without giving it any conscious thought.

Your seductive impulses can even lead you to be careless in relationships. You may be powerfully tempted to pursue your desires even if you already have feelings for another. You can easily keep emotions out of a sexual relationship and rely on instincts and attraction alone.

Eros in 9th house

(12andus.com:) You have an idealistic style of expressing your erotic nature.

Your sexuality is expressed through your desire for intimacy with a vast array of different partners. You may become bored easily with just one partner. You also may fetishize people from different cultures or some aspects of different cultures.

You easily fantasize about your love interests and may have a strong desire for adventure as part of your sexual exploration. You may find legs to be particularly erotic.

You may also have a desire to explore sexuality in many locations around the world. Poetry, culture and the arts appeal to your sexual desires. You may also have fantasies

about erotic encounters in institutions of higher learning or involving people who are established gurus or academic leaders.

New information and new settings arouse your passions. You may have an erotic attraction to mentors or teachers in your life as well.

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Taurus

(astrology.com:) Taurus or in the second house: This Hygieia curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is “off.” While this generally predisposes them to healthy eating, overindulging when they’re stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

Hygieia in 10th house

(astrology.com:) Capricorn or in the tenth house: This Hygieia placement falls in charts of those who associate wellness with public interactions. These individuals feel anxious if they are not “making progress”. You can often find them exercising in gyms or yoga studios where they meet teachers and trainers who will hold them to their fitness objectives. Although a healthy appearance has its benefits, they shouldn’t strain themselves for the sake of optics or the desire for respect.

Eris in Aquarius

You may be confronted with situations that place you outside the group for a time to experience the feeling of “odd man out.” In a cooperative society there is no room for pushing people to an outsider’s position. When you come to understand this yourself, you can teach the rest of your brothers and sisters.

Eris in 7th house

(synnisisigns.com:) In your seventh house of partnerships Eris will create situations of unequal distribution of power that will stress your relationship. You will have to work at finding a partner that will share your goal of sharing the work and well as the joys of partnership, or suffer the consequences for failing to doing so. If you attempt to follow traditional male/female roles, your relationship will ultimately lose its vitality and strength of purpose.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Aquarius

(whatsmyalternative.com:) Destined to balance their capabilities for humanitarian causes and to find guidance for individual reform. Were you a thinker who was too lazy? A mad scientist? An eccentric engineer who burnt his inventions because he did not get a patent? These natives will be prodded in this life with experiences that settle the old debts of neglect and inspire ideas of benefit. Negatively, they may have made many people uncomfortable with unrestrained wildness/rebelliousness in the name of individual freedom and in this life, their freedom may be curtailed. One must be wary of sudden events and accidents if there is a square to Uranus or Mars.

Karma in 7th house

(smartyoungsters.com:) Karma in 7th house: You can reach your goals through marriage, law, partnership and fashion. Your commitment, fairness, fashion sense, partnerships can help you fulfill your duties. You become a spouse, lawyer, peacemaker, fashion model, contractor, divorce lawyer or judge by meeting multiple people. Don't partner only for material gains or abuse your relationship.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Gemini

(astronomicallyaligned.tumblr.com:) Your box is filled with air and electricity. It's similar to the connections and nerves in the brain. If let loose, it will spread like a virus, infecting all living, and all dead. You might want to release the tension in hope of gaining intelligence and possibilities. The virus turns the brain on full gear. It's airborne. It will spread fast and mercilessly like the plague. Try using that inner electricity and light air for connecting and inspiring a thirst for knowledge in others. Or more the thirst for thinking.

Pandora in 11th house

(astronomicallyaligned.tumblr.com:) You're curious about your hopes, wishes, friends, community, society, and groups. Maybe you'll try to lead them, but end up causing despair.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Capricorn

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Nessus in 6th house

(smartyoungsters.com:) This is the cleanliness and neatness obsessed Nessus, the one who cares too much for hygiene. Nessus in this place is a doctor that washes his hands till the time real color fades away. A person with this Nessus is fanatically obsessed with his diet, health and work. This Nessus works too much and expects the same from everyone else. This can also be the Nessus that as a doctor can manipulate patients to get things his way. He can prey on the fear of his patients and employers. When positively expressed this Nessus can create most dedicated healers, doctors and employees who go to extra lengths to please. In love, this Nessus will obsess about their partner's health and well-being. They can be extra critical regarding hygiene and following diet and exercise routines. People with this Nessus have a tendency to nag uncontrollably if their partner does not adhere to their "guidelines".

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.
 Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.
