([659] numerologycalculator.online:)

The Worker

The Life Path 4 suggests that you entered this plane with a natural genius for planning, fixing, building, and somehow, with practical application and cerebral excellence, making things work. You are one of the most trustworthy, practical, and down-to-earth of individuals; the cornerstone members of society. Indeed, as a Life Path 4, you are a builder of society.

Once a decision is made, it will be followed through to the conclusion, right, wrong, or indifferent.

You are very set in your ways and determined to handle things the way you are so certain that they should be handled.

Loyal and devoted, you make the best of your marriage, and you are always the good provider.

Friends may be few in number, but you are very close to them and once friendships are made, they often last a lifetime.

The negative 4 has a bad tendency to get caught up in the daily routine of affairs, missing the big picture and major opportunities that come along once in a while.

Expression (Destiny) Number: 9

([659] numerologycalculator.online:) The number 9 Destiny suggests that the direction of growth in your lifetime will be in benevolent activities, in compassion, and in worldly understanding. You are living up to and growing toward your Destiny when you follow your feelings and sense of compassion, and allow yourself to be sensitive to the needs of others.

You must be willing to help others as you were intended to be the big brother or big sister type. You must work well with people, for you have the potential to inspire.

Creative ability, imagination and artistic talent (often latent) of the highest order are present in this Destiny. Career fields in which you can excel are many and include advisory roles, medicine, legal fields, artistic fields, diplomacy, and religion.

Friendships, affection, and love are extremely important. Your personal ambitions must be maintained in a very positive perspective, never losing sight of an interest in people, and preserving a sympathetic, tolerant, broad-minded and compassionate point of view.

If you are able to achieve the potential of your natural Destiny in this life, you are capable of much human understanding and have a lot to give to others.

Undeveloped or ignored, the negative side of the 9 Destiny can be very selfish and self-centered. If you do not actively involve yourself with work that benefits others, you may tend to express just the opposite characteristics.

It is your role to be very involved with other people and their needs, but it may be difficult for you achieve this role. Aloofness, lack of involvement, and a lack of sensitivity mark the low road of this Destiny.

Life Path - Expression Bridge Number: 5

([660] numerology.center:) Number 5 means that you are a person whose choices don't distinguish with originality. You are rather predictable in your actions. People with the bridge number 5 usually don't realize their innovative nature. But it lets them succeed in numerous fields. If 5 is your number, it is necessary just to hear your inner voice and to experiment with different approaches. Try to express your point of view braver. Sometimes it is even necessary to take risks and to be more open with your ideas. From time to time you are too stiff and inflexible. These are not the best traits for successive achievements. Try to change it and become more tolerant and able to find a middle ground.

Life Path 9 and Expression 4 or vice versa:

You are very attentive to petty details, but you are a person with a big potential in humanitarianism, administrative issues and ecological matters. You have to develop your abilities and pay more attention to the global things. Don't waste your time. Learn how to differentiate significant tasks and unimportant details, which you can delegate to others.

It is necessary to become more tolerant and to learn to accept novelties. Habitual traditional approach is not always the best solution. Sometimes it keeps you from your progress and development.

Heart's Desire (Soul Urge) Number: 9

([659] numerologycalculator.online:) This soul urge number speaks of the idealistic philanthropist who desires to build people up. They are called by a strong need to serve mankind as a whole and to nourish their communities etc.

Your greatest desire is to champion humanitarian causes and serve others.

You are the quintessential perfectionist and you have a truly utopian vision for how life could be. In these idealistic pursuits, your desire for other people's approval will prove to be every bit as important to you as your need to serve. You need to believe completely in whatever you do and have the ability to visualize in your mind the good your efforts can accomplish. Believe and you will achieve.

As a nine, artistic and creative outlets will be vital to your ability to achieve your goals. They will give you a strong sense of accomplishment and satisfaction which will motivate you in all your endeavors.

Your emotional nature will also tend to make you moody. You will find yourself clinging to people at times and wanting to withdraw and be left alone at others. Your biggest challenge will be in learning how to balance meeting the needs of the masses with your own personal responsibilities, particularly to family. Your satisfaction comes in serving others and making sacrifices for them. Be sure that this begins close to home with the ones you love and care for most.

Personality Number: 9

([659] numerologycalculator.online:) The nine personality is naturally charming, very well-versed in many subjects, and very idealistic and positive.

They like to spend time with you and look for your company. You are a responsible person and you understand that success depends on your efforts. But sometimes it is impossible to control everything. Just accept it and don't give up. You have a tendency to be nervous if your plan is not fulfilled. If something goes wrong, you don't have to worry too much. With time, everything will come to be in it's place.

Quiescent Self Number: 9

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 9 are likely to imagine doing things that profoundly affect the welfare of humanity. They generally see themselves as a great humanitarian, eager to be of service for the betterment of all humanity.

The energy represented by the number 9 resonates with humanitarianism, compassion, philanthropy, idealism, and tolerance.

Someone with this quiescent-self number tends to visualize supporting and perpetuating effective social organizations whose goals relate to the welfare of humanity. They tend to feel an affinity for the human race and feel pleasure in inspiring others on a broad scale.

Their thoughts, when alone, tend to relate to a perceived ideal scenario of people being benefitted within an atmosphere of compassion and tolerance.

Maturity Number: 4 = 4 + 9 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with limitation. You're being called upon to work diligently to reach practical goals, develop systems and processes that help you reach your goals, and to leave something of lasting value in the world.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to limitation and restriction to center stage. Situations will arise highlighting your sense of adopting optimistic step-by-step processes to get where you want to be, understanding where you get in your own way by being rigid and dogmatic, and to understand the difference between managing and micromanaging.

What that might look like:

- Experiencing events that require that you examine the ways in which are overly responsible or irresponsible.
- Evaluation of self-defeating behaviors based in feelings of restriction and limitation.
- Examining the ways in which you have either been unable to commit to work or home life – which has led to undesirable outcomes – or the ways in which you have been a martyr to work that has felt unsatisfying to you.

Karmic Lesson Number: 6

([664] worldnumerology.com:) Your 6 Karmic Lesson reveals an issue with commitment and responsibility in personal relationships. You have a difficult time committing to long-term and other important relationships. It is essential to practice conveying authentic emotion.

You may feel isolated and alone, but do not understand why. A missing 6 suggests you often form relationships yet remain guarded emotionally. This can make the bond between you and others superficial. Work on intimacy and communication in your relationships. Listen, and respond to the needs of others.

This lesson highlights the importance of close friends and committed relationships. Making a genuine effort to connect deeply with others - learning to give, and receive, and sacrifice at times, will bring a lifetime of joy.

The effects of this Karmic Lesson are diminished if you have at least one 6 among your other core numbers (Life Path, Birthday, Heart's Desire, and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers.

This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 2

(Month + Day) - from age 0 to 32 (based on LPN) - ([665] feliciabender.com:)

General: When this is your Pinnacle, you're being beckoned to envelop yourself in the elements of learning to cooperate, share, be considerate of others, and be at your best when you are in harmonious relationships without sacrificing yourself in the process.

2 is the number of partnerships, patience, balance, and keeping fairness at the helm. Therefore a Pinnacle is a time where love and group effort takes front seat, whether it's through marriage or partnership, parenting, or other experiences that have the elements of unconditional love at the core.

This is a time where you will be called upon to work on—and perfect—your subtle art of relating. The 2 energy also has to do with gathering and relating facts or data, perfecting details, and being a team player whose strength lies in being of service in a joyous and balanced way. Where precision and details are valued, you'll be happiest with your contributions.

A 2 Pinnacle immerses you in friendliness and harmony. This energy asks you to pay attention to details and practice patience and tact. It won't offer much recognition for all you do during this time, so you must turn to yourself for acknowledgment in order not to feel resentful.

Pinnacle 1 Number 2: First Pinnacle: If you experience a 2 First Pinnacle, count on being an overly-sensitive child who's easily hurt and who takes on the emotions of those around you. Yet, since you're so young, you won't realize you're feeling both your own emotions plus those of everyone else. You may have difficulties with both verbal and emotional expression since you are overloaded with feelings that you're not yet mature enough to recognize and filter out. Your mother is likely to be the strongest influence on you during this time.

Warning: Warning: The 2 energy is super-duper sensitive. If you don't work with this

energy mindfully your tendency will be to get your feelings hurt often and deeply. If you take every little thing personally, instead of cultivating your ability to relate well with yourself and others, you'll experience a substantial amount of pain during this time—not to mention a battering of your self-esteem in the process.

First Pinnacle Cycle: 11

(Month + Day) - from age 0 to 32 (based on LPN) - ([665] feliciabender.com:)

General: 11: If you're working with the Eleven energy, you're developing an extraordinary connection with your intuition and sensitivity. The pressure to wear your "psychic shield" will be at an all-time high under this Master Number since it creates quite a bit of volatility in the midst of enormous personal and spiritual growth. Optimally, the 11/2 Pinnacle allows you to catapult yourself into a creative, intuitive, service-oriented realm in whatever capacity you desire. The 11 is a more artistic and creative vibration (as opposed to the 22) which favors outlets such as media work, music, art, dance, poetry or anything that involves a visionary and future-leaning focus.

Remember also that the influence felt with the 11 energy is somewhat philosophic in nature and ultimately connected with spiritual and metaphysical study and illumination. Therefore, you could feel compelled to work in the arenas of social reform, philosophy, or social welfare. You may also feel a bit detached from the day-to-day practicalities of the world. With the higher vibration presented by the number 11, you may feel a constant underlying sense of nervousness, tension or restlessness.

Warning: 11: Warning: There is a chance for fame or being placed in the spotlight as a result of this Pinnacle. This is a time for sudden and sometimes repeated changes in all realms of your life. If the Eleven vibration is too intense, this Master Life Stage will feel more like a 2 energy to you. Either way, hypersensitivity is one of your primary and consistent challenges during this Pinnacle. Understand also that this is the number of the Wounded Healer and the number of Illumination – therefore you'll usually have intense life experiences that are geared toward making you walk the walk and talk the talk. You'll use all of the difficulties you experience to help and heal others.

Second Pinnacle Cycle: 2

(Year + Day) - from age 33 to 41 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 2 Number 2: Second or Third Pinnacle: A Second or Third Pinnacle with a 2 influence will surround your life in the energies associated with working in balance with other people. This is a time that isn't so much "me" focused as "us" focused. When you master your ability to promote harmony in all things, show patience and a willingness to forgo credit based on your contributions to the whole, you'll be operating optimally. The work you engage in during this time is likely to be quite detailed and demanding. If

you've been a content stay-at-home mom, for instance, it wouldn't be surprising to see this number in your Second or Third Pinnacle.

Third Pinnacle Cycle: 1

(1st Pinnacle + 2nd Pinnacle) - from age 42 to 50 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 3 Number 1: Second or Third Pinnacle: If you have a Number 1 for the Second or Third Pinnacle, you're being groomed for—and challenged with—embracing leadership and developing all that being an effective and inspirational leader entails. You're being called upon to focus intently on these aspects: courage, drive, vision, focus, determination, and, most of all, integrity. You might experience a certain degree of aggressiveness in your demeanor at this time. Your ability to get ahead is limited only by your own initiative during a 1 Pinnacle.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

Fourth Pinnacle Cycle: 2

(Month + Year) - from age 51 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 4 Number 2: Fourth Pinnacle: If you have 2 energy in your Fourth Pinnacle, it's an opportunity to cultivate harmony. You can retire or continue to work, yet the key to feeling satisfaction and fulfillment will be patience, tact, and cooperation. Again, you'll need to control a tendency toward sensitivity. It doesn't serve you well to be at the mercy of overwrought emotions.

First Period Cycle: 5

(Month) from age 0 to 32 (based on LPN)

([666] worldnumerology.com:) The years until about age 30 represent a period of rapid

progress and much change. You are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself.

Your abilities with words will be greatly enhanced.

You can learn foreign languages, write, and edit. You will meet many exciting people, visit foreign lands, and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

Second Period Cycle: 6

(Day) from age 33 to 59 (based on LPN)

([666] worldnumerology.com:) Your middle years are a time of responsibility and duty. The issues of commitment, marriage, and family come into sharp focus. If you honor your commitments with acceptance and love, this can be a period of harmony and support.

You are needed by others; you are loved and appreciated. Reinforced by the loving, family-oriented 6, this is the best cycle for marriage and commitment.

In the same way, partnerships go well and progress is made through joint effort. Conversely, commitments that are broken or not deeply made tend to end in separation or divorce more often during this period than others.

Artistic talents you possess may surface or heighten, and opportunities for self-expression present themselves. A commercial opportunity is supported, possibly your own business.

This is a time of progress through flexibility, cooperation, and compromise.

Third Period Cycle: 11

(Year) from age 60 (based on LPN)

([666] worldnumerology.com:) The latter part of your life finds you increasingly intuitive and relying more on your emotions. You become less inhibited as you gradually lose the fear of sharing your true, deeper self. You are more direct and less hesitant to express your feelings. You are better at working with people, and you become a master in the fine art of persuasion.

Others are drawn to you, especially young people and those who live in difficult circumstances and need help. You likely discover a talent you hadn't previously been aware of, perhaps in the visual arts.

First Challenge Number: 1

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Second Challenge Number: 4

(Day - Year or vice versa)

from the age of about 35 to 55/60

([665] feliciabender.com:) When you're met with a Number 4 Challenge, you are meant to learn about the value of discipline, organization, practicality, hard work, and thrift. Take this to heart: This isn't an easy challenge. It's full of restrictions and limitations that are demanding you learn how to succeed and work within these boundaries.

It's also a time where you're challenged with learning to set your own personal boundaries with others, learning to temper impatience, stubbornness, narrow-mindedness, and self-righteousness. With the 4 Challenge, you are being pulled to slow down, create a clear plan with obtainable goals, and then work tirelessly to achieve them.

The 4 Challenge also suggests a difficulty with work. Either you are challenged with not wanting to work at all, not liking the work you are “forced” to do, or problems completing tasks and working with efficiency. You may also exhibit tendencies to be careless and lack a sense of practicality. With this number, it’s difficult not only to focus on work and obligations, but equally as difficult even to see what the real issues surrounding work and obligations are. You might not feel that you’re being lazy. You might feel you’re just unlucky. Or make excuses about it. You get the idea.

With a 4 Challenge, it’s vital to learn patience, understanding, and the practical and effective way to deal with what you might consider mundane responsibilities. You’ll most likely also be challenged to learn the importance of working within the parameters of a time schedule, showing up on time and when you say you will, and managing your downtime constructively.

Potential Destructive Aspects of the 4 Challenge

- Feelings of discouragement and confusion, often resulting in you feeling like a victim
- Being undependable, uncommitted, lazy, and irresponsible
- Making the same mistakes over and over again
- Allowing your relationships within your family to influence decisions negatively
- Avoidance of, and difficulties with, systems and processes
- Being prone to panic attacks when feeling overwhelmed

Third (Main) Challenge Number: 3

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) If you have a 3 Challenge, you’re learning to identify your feelings and to speak from your heart. It’s a time where you’re truly learning and mastering one of the major teachings of the 3 vibration: Your words have a profound impact on your life.

Sometimes the challenge resides in taking yourself and your feelings seriously; it may feel easier to use humor or criticism to mask your feelings. Or perhaps your challenge will be in taking yourself too seriously.

Some of the tendencies that the 3 vibration brings with it are the propensities for superficiality, exaggeration, self-centeredness, moodiness, and scattered energy. What this Challenge Number is inviting you to do is to use your creative energy to develop

your positive, happy, loving, and inspirational spirit. Wasting 3 energy is like throwing away a priceless gift. It's the vibration of pure happiness.

You might feel the compulsion to do too many things at once during a Pinnacle that has a 3 Challenge. Despite your heightened imagination and gift for words—both written and verbal—this challenge will knock you over with a “block” when you want to express yourself effectively and honestly.

Even though you know you should be “out there” cultivating friends and business associates, you'll feel the urge to bury your head in the sand and a general malaise you can't seem to shake—or at least not for long. Instead of experiencing the great joyous vibrations the Three has to offer, you'll instead be bombarded with hopelessness or perhaps depression. You'll struggle with feelings of negativity even to the point of becoming defensive and reclusive. You might also have a tendency for money to slip through your hands during this time.

You may have a talent or desire to practice your talents for writing, acting, or speaking, yet you're reluctant to involve yourself with these activities because the thought of facing criticism is overwhelming. So you turn to expressing yourself with a negative emphasis as cynicism or ruthless judgment, or you might hide your creative talents behind a façade of withdrawal and feelings of shyness. You're being called to develop yourself in a social and creative way. You must jump over the destructive landmines along your path.

Potential Destructive Aspects of the 3 Challenge

- Experiencing such a sense of self-doubt that you don't move forward in your life
- Becoming an emotional sponge and experiencing severe emotional sensitivity
- Acting out of criticism and judgment
- Dwelling in negativity
- Shutting down, withdrawing, and becoming emotionally unavailable
- Attempting to get what you want through manipulation rather than stating it clearly
- Developing physical illness (especially in the intestinal tract) and depression

Fourth Challenge Number: 3

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 8 (15 + 05) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It

affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 8 brings energies related to business and material accumulation.

This tends to be a year of achievement, of reward — a year to make strides in business, organization of projects, employment, promotions, monetary compensation, or the accumulation of possessions. A year of accomplishment.

A desire to better one's financial condition comes with this year.

Monetary gains are likely. Material rewards come more easily because you tend to focus on them. Actionable opportunities are noticed more, again because the focus tends to be open to seeing opportunities. This is a year of action, efficiency, and material gain.

Personal Year Number (for 2023): 9 (15) + (05) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 9 brings idealism and humanitarianism. There is more concern for the welfare of humanity, and less prejudice and judgement. More compassion and tolerance and benevolence, less blame.

The energies of this year tend to bring out the philanthropic and generous aspects of a person. Broader interests and larger activities seem more natural. There's a more global consciousness.

The year tends to bring completion or fulfillment of projects or dreams — including letting go of the no longer desirable to make way for the new and now worthwhile.

There's an inclination to support individuals and organizations dedicated to the benefit of mankind.

(feliabender.com:) This is a year of completion, of unraveling, of letting go of the old to make space for change. This change will be all-encompassing: possessions, relationships, job, geographical location, spirituality, health. All of it. It is all under review

this year. Life changes that are known to happen during a 9 Personal Year: divorce, being fired from your job, the death of a close family member, having a baby, graduating from school, making a big geographical move, or coping with a serious health crisis. This is the year that is inviting you to go on to an even more expansive cycle in your life if you choose to let go and allow what is no longer serving you to fall away. All of these hard experiences are pushing you to grow and evolve.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter.

These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted.

Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): R

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is prone to approach life with high determination and inner strength, accompanied with tolerance, efficiency, realism, self-determination, and compassion.

([671] spiritwalk.org:) You are very interesting person, with outstanding mind which leads to extraordinary life. You have your own set of morals and principles which makes you regarded in society. Try to always find some time for yourself in any workload. A person like you needs to relieve a constraint, so it would be nice for you to have a hobby not connected with your work.

([672] numerologist.com:) Cornerstone: You are intense, driven and can apply a lot of energy to launching a project. You are willing to sacrifice you time and energy to make things happen.

([673] numerologyzen.com:) Letter R. R is double. Both quick, impatient, rigid, sensitive and very emotive, all at the same time. [His,Her] need for power pushes [him,her] to govern, to be "the King" or "the Queen", while needing to be recognized and appreciated by others (especially for knowledge, know-how but also helpfulness). R moves a lot, in action as well as the intellect. So, R is a dynamic, willing, independent and direct person. [His,Her] apparent roughness and tendency for over activity is a way for [him,her] not to become submerged by sentiments or emotions. At heart, R is altruistic and has immense human qualities. [His,Her] nature pushes [him,her] towards others, to take account of other's needs and to show compassion. [He,She] must stay in return balanced and be careful of what [he,she] gives to whom because there will be people (family included) who will take advantage by trying to abuse R's kindness. R is an idealist who wants to achieve big things on a high scale. R feels [his,her] emotions intensely and can't take

critics, attacks or ingratitude. Even if [he,she] has affective difficulties or slightly lunatic phases, R knows how to take things in hand, to act and make other act, for their well-being (but sometimes interfering a bit too much on their territory). R is an example, [he,she] could be a "guide", but [he,she] is sometimes less efficient where [his,her] own affairs are concerned, having difficulty in making choices. R appreciates notoriety, relationships and contacts with foreign lands.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: E

[674] [671] [675] ([674] affinitynumerology.com:) Everything is interesting. Freedom and adventure tend to be dear to the person, thriving on excitement. They tend to be original and versatile.

([671] spiritwalk.org:) You are a independent, emphatic and active person. You are searching for your soul mate, real love. You are quite sociable and like to spend time in friendly company. You are intelligent and sharp. You are able to look at one situation from many diverse angles.

([675] numerologist.com:) The E reflects the energy of the number 5. When you have the E as your first vowel your tendency is to respond to the world with excitement, energy, and with an ultimate desire for freedom. Above all, you're instinctive and highly intuitive. You see yourself as emotions-based and curious. You have a quick mind and a highly magical energy about you. You have a drive to experience it all – with disparate interests, diverse talents, and sexual verve. Even though you love people and participate in the carnival of life – since you're so intuitive and emotional – you can easily become emotionally drained by other people.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): B

([676] ezinearticles.com:) This letter indicates that feelings of shyness or being

introverted could become obsessive behavior for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): A

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "A" tends to persist until a project is completed decisively. ([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life. ([672] numerologist.com:) Capstone: You know how to deliver on your promises. You have no problem striking out on your own to get things done if necessary.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

5 on the Physical Plane

You are constantly in a state of red alert to collisions, emergency situations, and vicissitudes of life. You are physically strong, flexible, and fast in response. Changes, new places, and new people – all these are the raw material for creative work of thought.

Well-trodden paths never attract you. Whatever you eventually come to, your way is unique.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

4 on the Mental Plane

You are always attentive to details, precise, and practical. These are certainly valuable qualities in any chosen field of activity. But you shouldn't nurture this attention to details too much – you risk not seeing the wood for the trees. Don't be distracted from the essential. This is what differs a leader from dictator-tyrant.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

2 on the Emotional Plane

Your worst enemy is loneliness. The prospects of remaining all by yourself scare and depress you. Quite the opposite, with a large crew of friends you feel like a duck to water. Your weaknesses include excessive sensitivity and vulnerability in some cases, while your strength is your innate ability of soft influence. Relying on this ability will help you to feel constant self-confidence.

11 on the Emotional Plane

(numerology.center:) You are very instinctive and adhere to your inner feelings. You love so much that you can get lost in the other person. You can say for sure what the motives and main purposes of other people are.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety,

compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

7 on the Intuitive Plane

You are capable of seeing the essence of things – through abstract thinking. Don't try to rationalize your intuitive feelings somehow – it has no practical sense. Trust your intuition, use your inventive mind, and you'll find your way to a creative career.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1111

"The Leader" - you are always calm and confident. These two are predominant features of your character. You voice your opinion softly, but weightily, making others listen to you or even grow quiet. You can show yourself cruel rarely, but right on target. And people feel this cruelty in you. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — 2222

"Strong energy" - you have excess energy. Therefore, you are a donor for most people with low energy. You can become a politician, an artist, a musician, an athlete, and even a psychic with the potential of a healer. People around you feel your charisma. In posse, you can influence others' will. It's no wonder that in big companies and get-togethers you manage to attract persons of the opposite sex, especially with energy from 0 to 22.

Cognitive, creative — empty

"Weak potential" - you don't have a propensity for the exact sciences, complex concepts and invention activities. Besides, you are not interested in anything like that.

Health, beauty — 4

"An initial health stock" One "4" usually goes either to health or beauty. Therefore, if your reflection in the mirror seems to be good, pay attention to health, to possible hidden ailments - it is important to find them on time. If your health is pretty good, then it's most likely you should not count on a modeling career.

Logic, intuition — 55

"Good logic" - Your logic allows you to be a good analyst or a programmer. And thanks to intuition, person like you could disclose complex crimes as an investigator. You are able to build a profitable business in any field.

Luck — empty

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are different things.

Duty — 8

"Moderate sense of duty" - such people usually do not avoid duty to relatives and friends. But nothing more. Their initiative to give something to others and society is low. But at least, they don't forget their friends and family. Self-sacrifice is also not about them.

Intellect, memory — empty

"Bad memory" - to perceive, process and memorize large amounts of information is quite difficult. All this creates problems in learning and working with arrays of information. These people can often get lost in an unfamiliar place or forget where they go. But they also don't remember different stereotypes and it gives good opportunities for creativity.

Secondary abilities (lines and diagonals)

Self-Esteem (Line «1-2-3») — 8

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 3

"Rotational work" - for this person it is the ideal way to make money: earn a living quickly and effectively in a short time, and then relax. Most often, they look for efficiency wages.

Talent (Line «7-8-9») — 1

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 5

"Stubborn" - this person goes to the goal at all costs, even if in the end the result will be not a circumstance to the resources spent on its getting. They look for partners who also want to get more out of life and it look down their nose at those whose goals seem insignificant.

Domestic bliss (Line «2-5-8») — 7

"Too idealistic" - the search for the ideal partner to create the ideal family can drag on forever. And every attempt that does not hit the mark causes suffering. In the case of marriage, this person will place excessive demands on the spouse.

Stability (Line «3-6-9») — empty

"Unstable" - hates monotonous and stable life, constantly strives to change everything. Often inclined to changes without any practical sense.

Spirituality (Diagonal «1-5-9») — 6

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 2

"Normal" - this temperament will suit most other temperaments. But there is a prone to cheating because this person is not fully confident in their abilities and would like to assert themselves in the love department.

Empty and Full Arrows

from Astro-Seek [683]

Empty Arrow 3-6-9 (Arrow of Poor Memory/Inspiration)

(Empty arrow is most commonly considered as a weakness, which creates challenges in your life. However it can be considered as a strength as well.)

These people are possible to draw knowledge from higher levels. New knowledge will be unselfishly passed on to all people. These people will need to create conditions for a balance between the emotional and mental energy.

Cartomancy (Cards of Illumination)

This divination is based on a normal card-playing deck. Every birthDAY get's a particular card assigned, which automatically assigns other cards to different functions, which will be listed here.

The cards (or people) in the suit of Hearts, are like children (Love), in Clubs; like students (Knowledge), in Diamonds; like adults (Manifestation) and in Spades; like old persons (Understanding).

Birth Card: Four of Diamonds

([684] metasymbology.com:)

This is your most important card and will stay the same for your whole life. The Birth Card is linked to the Karma Cards.

Diamonds: Values - Security - Dharma

Four of Diamond Meaning: Good Fortune

Karma for the 4 of Diamonds - Overcoming of Self

Fire-Wands - Planets: Venus & Neptune

This is considered a card of luck and good fortune. Thus, the 4 of Diamond are inherently protected, but only if they are making diligent and concentrated efforts in their lives. When this is lacking, poverty and failure - in varying degrees - are the sure results. A life of leisure is just not part of their life plan!

Karmic Challenge for the Four of Diamond: Discontentment and Dissatisfaction

The importance of work is stressed for all 4's, and this is especially true of the 4 of Diamond. There is a tendency to become dissatisfied with their careers, and they will either move from one job to the next, or stay in a menial position, stuck and frustrated with their lot in life.

On a personal level, those who know a 4 of Diamond will agree: this is by no means an easy card to deal with. They can be very defensive and stubborn. They are known to rebel at the restrictions imposed by relationships, work and life circumstances. On the other hand, when a Four of Diamond person chooses to switch on the charm, resistance is futile!

Basically materially oriented people, there is an underlying spiritual interest which should not be neglected! They are also extremely intuitive.

First Karma Card: Five of Spades

(metasymbology.com:)

This person or card reflects qualities that are **not very strong** in your birth card. When you meet this person you should give to them, by giving to them you also help yourself.

Spades: Grounded - Work - Spirituality

Five of Spade Meaning: Motion and Change

Karma for the 5 of Spade: Spiritual Discontent

Earth-Pentacles - Planets: Venus & Mars

5 of Spade people project an aura of dependability and inner strength. Their heart centre is open and ready for business. You will feel their presence as soon as they walk into a room.

Work is especially important to the 5 of Spade. Not for the money it brings (though they are keen and always use money to improve the lives of those they love), but for the physical satisfaction of keeping busy. They also make lasting friendships along the way. As the spade, they are very much in tune with their physical needs and want to be physically engaged in everything they do.

Frustrations and disappointments stem from the Venus influences in their lives. (women, home, love...) It is the selfless nurturing qualities of the 5 of Spade that help them see the bigger picture and overcome their disappointments in love.

5 of Spade have an aggressive type karma that can bring physical altercations with men and legal altercations if not channeled into a productive outlet. On the other hand, this same physical energy gives them great stamina and a smoldering sexuality.

Even though the Five of Spade wear their hearts on their sleeves, in love, they are weary. Experience has shown them that love and relationships come at a cost, and they take their responsibilities seriously.

Second Karma Card: Five of Hearts (metasymbology.com:)

This person or card shows your **best qualities**. Qualities that are expressed naturally and positively.

Hearts: Emotions - Relationships - Love

Five of Hearts - Changing Affections

Karma for the 5 of Heart - Dissatisfaction With Personal Life

Water-Cups - Planets: Venus & Saturn

Five of Heart want complete and total satisfaction in everything. No half measures!

Trouble is, things never seem to happen that way - so all the good stuff must be elsewhere. Not!

KARMIC CHALLENGE for the Five of Heart: Restlessness and Uncertainty

The people born with this Card tend to seek, then change, then experiment, then scatter their forces to the wind. When their position in the charts brings obstacles and difficulties, they often blame it on their environment or associations, and they fondly imagine they can escape it all by moving on. Socially, the 5 of Heart are oh so vibrant, fun, and full of spit and vinegar! On the inside however, their quandaries tax their health and leave them gasping for air.

There are of course, those 5 of Hearts who have learned to accept their circumstances and make the very best of them. There are also the "lucky" 5 of Hearts; ones who profit by gifts and inheritance!

The 8 of Heart often find themselves having to work really hard for their money but they do have the protection of Saturn and there will always be enough security to get by.

Then there are those 8 of Heart who apply themselves to big business and end up being wildly successful in large organizations.

To make the best of their life pattern, all 8 of Heart need to be in the drivers seat - while at the same time - being careful not to bully others with their intense emotional power.

MARS describes your vital young adult years. Here you will discover what drives you, how you respond to conflicts, and how you take charge. (from age 26 to age 39)

Mars Card: Six of Clubs (metasymbology.com:)

Clubs: Mind - Communication - Intelligence

Six of Club Meaning: The Messenger

Karma for 6 of Clubs - Cultivation of Intuition

Air-Swords - Planets: Saturn & Neptune

This is the "Messenger's Card", and yet there are many 6 of Club who are unwilling to take the time or trouble to develop their greatest gift - the gift of intuition.

All Six of Club feel an obligation toward duty and they take their responsibilities seriously. Trouble is, the 6 of Club also symbolize inertia and easygoing lethargy. Hence many people born with Six of Club karma find it difficult to gain enough momentum to get up to speed and fulfill their lofty dreams. On the plus side, when a Six of Club does manage to overcome this karma, they have the unique ability to stay with a project, circumstance, or relationship until all obstacles are overcome.

Peace of mind is very important to all 6 of Club people, and they will make many sacrifices to attain that peace. All 6's are worriers and the 6 of Clubs is no exception. They worry about doing less than is expected of them; they worry about not being able to fully commercialize their talents - and most of all, they worry about the happiness and progress of their loved ones.

Their intuitive faculties are truly second to none if only they learn to live by their intuitive gifts!

JUPITER describes your adult life. The cards in Jupiter indicate your material/financial resources, your associates, and your fortune, or luck-of-the-draw. (from age 39 to age 52)

Jupiter Card: Six of Spades (metasymbology.com:)

Spades: Life/Death - Work - Spirituality

Six of Spade Meaning: Law of Adjustment

Karma for the 6 of Spade: Inertia

Earth-Pentacles - Planets: Uranus & Neptune

All Six of Spade people are strong willed and determined, a blessing as their excellent karma includes a not-so-excellent karmic challenge in matters of the heart.

The 6 of Spade have tremendous potential in their lineup of cards if they are willing to accept the responsibilities that life places upon them. These responsibilities often relate to family matters, or relationships that end up being at odds with their ideals or personal goals. Indecision and confusion about love and what's expected of them, is their biggest challenge! They either accept these personal limitations and find creative ways to overcome their discontent, or they suffer and short-circuit their power. When this

happens, their lives become filled with triviality, mired in gossip and superficiality. Six of Spade people appreciate beauty and enjoy mentally stimulating conversations. They may seem hard and unfeeling about life and death, but intuitively, they know that there is no death, only Eternal Life. This is the card of overcoming. Tried and tested throughout their lives, the successful Six of Spade are those who choose to march forward, despite the odds against them, and spread their unique perspective of the world to anyone willing to listen.

SATURN describes your mature years. This cycle indicates where you are at with health related issues, your adversity and your "cross to bear". (from age 52 to age 78)

Saturn Card: Queen of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Queen of Heart Meaning: The Sweetheart

Karma for the Queen of Hearts - Emotional Discontent

Water-Cups - Planets: Double Neptune

This is the Card of beauty, magnetism, affection and idealism. The women Queen of Hearts represent the much-loved mother, the sweetheart, the indispensable sister, the adored daughter. The men are sensitive, creative, sympathetic and understanding. If we did not have that inevitable negative side to deal with, this would be the most desirable card in the Little Book and its 52 pages.

The Queen of Heart natives are talented in some artistic line, even if it's just in their appreciation of beauty or art. They are often intense and dramatic, and can be very domineering in the family. They are also capable of deep devotion and loyalty. There is a strong streak of religion in all Queen of Hearts and they are often influenced by strong minded women, religious or spiritually inclined. Even when we should, we don't like to find fault with the Queen of Heart; they are too loving and desirable!

After age 91 the cycles repeats.

Cosmic Lesson Card: Ace of Clubs (metasymbology.com:)

CLUBS: Information - Reason - Ideas

ACE: Searching - Penetrating

CHALLENGE: Self

Air-Swords - Planets: Mercury & Venus

CLUB: The Club personality exists to fully utilize the attributes of mind. The Club is defined by the air element. It carries the invisible currents of thought and consciousness. To the Club, these invisible currents are the visible pathways that illuminate the bridge between knowledge and understanding.

ACE: The vibration of the Ace resonates as one note. Its sole purpose is to acquire and assimilate the elements of its suit. It preoccupies the personality of the Ace with a single purpose.

JOURNEY OF THE SOUL: Their Soul Card is the 2 of Heart. This emblem symbolizes the bonds of love between two people. The journey of the soul is to experience a loving relationship wherein they share their quest for knowledge and love of insight.

People born on an Ace of Club day have beautiful, bright, inquiring minds. As children, their mother or a mother figure encourages an independent spirit and fosters their love of learning, which continues throughout life.

Those born on an Ace of Club day have a knack for inspiring confidence in others. They are at their best and feel most accomplished when they are creating a healthy environment for their loved ones, including their community and country. They appreciate natural beauty as a sign of good health and use it to bring success to their chosen line of work.

Multi-talented, the Ace of Club can pursue several career paths. Uncertainty surrounding finances or other resources is a common theme. But they maintain optimistic and will always find creative ways to make ends meet. The most successful and powerful Ace of Club are those who “do it all” but leave the financial details to those who are better equipped to handle them.

There are some dark areas to the otherwise bright and positive personality of the Ace of Club. In particular, they suffer from jealousy, even betrayal from those who do not understand their desire to work for the benefit of all. They also prefer to keep their religious beliefs to themselves, conventional religion in particular, as the doctrines of tradition leave little room for their probing, questioning minds.

Cosmic Reward Card: Three of Hearts (metasymbology.com:)

Hearts: Emotions - Relationships - Love

Three of Heart Meaning: Lovers Triangle.

Karmic Challenge for The 3 of Hearts: Loyalty and Faith in Love.

Water-Cups - Planets: Double Mercury

All THREE's represent an element of uncertainty based on the meaning symbolized by their suit. The HEART suit represents love and relationships. Thus, even though the 3 of Heart appear to be charismatic, social butterflies, in truth, they are inherently mistrustful and unwilling to commit.

Adventurous and entertaining, the creative energy is a keynote of all 3's. As well, a genuine curiosity about what makes other people tick is an endearing quality of the Three of Heart.

The Soul Card for the 3♥ is none other than the A♥. This second heart emphasis attributes to their beautiful, emotional nature, and their compelling need for love. Highly capable of achieving success in any work involving groups of men or labor unions, the 3 of Heart are very quick to adapt and will change occupations whenever they feel stagnant or bored.

Cosmic Moon Card: Queen of Clubs (metasymbology.com:)

QUEEN: Queens are the administrators and the counsellors. They are the feminine principle and considered receptive and sensitive. The Queen personality feels duty-bound to administer and influence others.

JOURNEY OF THE SOUL: Their Soul Card is the Three of Heart. This emblem is symbolic of the creative expression of human love and the countless ways it can be expressed.

In a perfect world, the Queen of Club use their strong intuition and excellent reasoning abilities to counsel and heal the human condition of loneliness and mistrust.

Those born on a Queen of Club day are practical and decisive in their application of knowledge. They are natural leaders or mentors in any profession they follow. The more developed Queen of Club are intuitive and will use their gifts of reasoning to heal others through music, art, or counselling.

Women Queen of Club are not domestic and often experience financial difficulties at the hands of men (Mars), while the masculine Queen of Club can be highstrung. For those Queen of Club who have mastered their fine minds, financial success is assured. Others must guard against being opinionated and impatient with others.

Queen of Club personalities are generous and good spenders. They are independant and prefer to make money by their own efforts. They have good timing and a knack for being at the right place at the right time.

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you

respond to things.

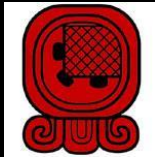

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

Unity (1) Chicchan

East (Red) glyph: Empowerment / Guidance

Day Sign: Serpent

/ Chicchan (Yucatan) / Kan (Kiche)

Chicchan is a strong willed, powerful, and charismatic day-sign. Chicchan types can be quite dramatic and are usually regarded by others as having "sex appeal".

They are quite intelligent and usually well informed, but tend to become fanatical about one subject or another.

Death and sex fascinate them, and they can become obsessive about these matters.

The emotional power of those born under this sign is remarkable. They are often found prancing around one stage or another attracting attention indirectly by lurking suspiciously in the shadows.

Leadership comes naturally to them in part due to their ability to grab and hold the attention of others.

They are quite strong physically and mentally, and are capable of living under very stressful conditions. On the other hand, failure to nurture themselves adequately is a common weakness of these types.

Natives of Chicchan are intelligent but also extremist in many ways. They have strong emotions or personal powers that affect others deeply.

They have such strong emotional reactions that they sometimes explode with anger, causing great upheavals in relationships. When these powerful emotional energies are harnessed, Chicchan types can be quite constructive and creative, pouring out products or performances without any apparent rest.

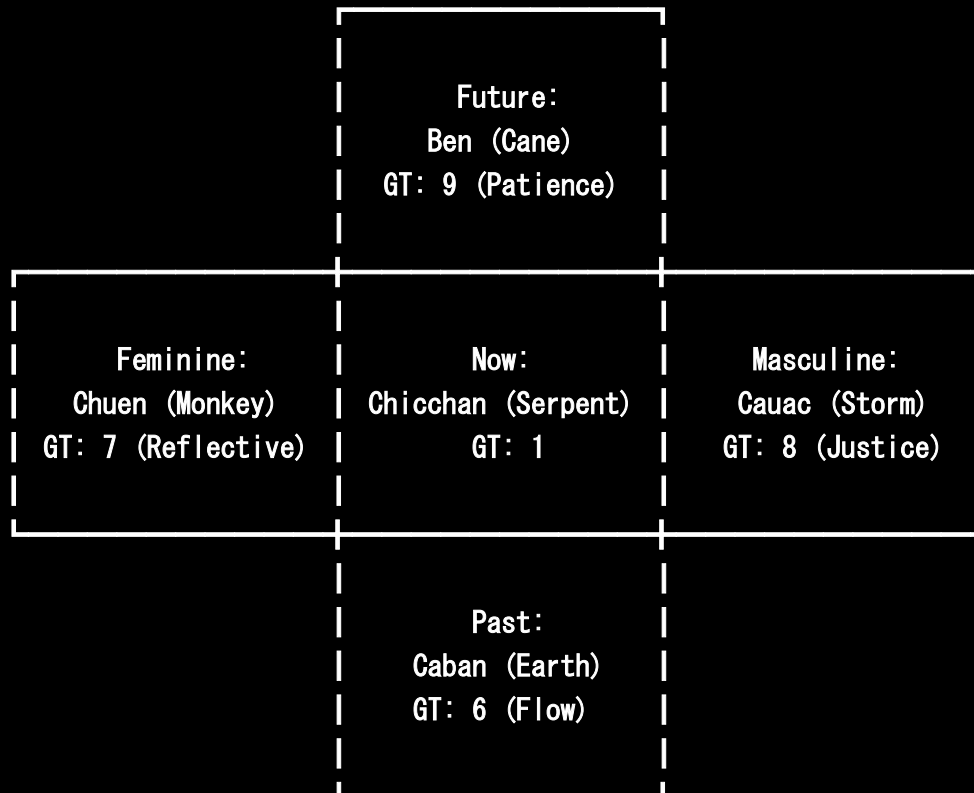

Indeed, they are capable of saving the world.

Challenge:

To experience powerful transformations consciously; to generate energy for the benefit of all involved.

Solution:

To seek to learn and to develop a deep understanding of life.

Four Directions

The Quiche Maya believe that Chicchan people are extremely powerful and especially endowed with coyopa or body lightning.

Chicchan is one of the days that a Calendar Shaman is likely to be born; in fact, the natives of this sign often become "spiritualists" or mediums, the most powerful and deeply feared specialists among the practitioners of the Sacred Calendar.

This underscores the ambivalence of the Chicchan power and the natives of the day sign Chicchan. Chicchan's possess an energy that is both highly magical and intensely sexual. Natives of this day sign see beneath the surface of things, into the dark heart of reality; they have a connection with what many cultures have aptly termed "the wisdom of the serpent". The cognitive power and deep thinking of Caban (their past sign) and the cleverness of Chuen (their left hand power) have blossomed into a subtle, knowing wisdom. This wisdom has an amoral quality to it; by itself it is neither good nor evil. It is a wisdom beyond opposites, wherein everything is reduced to the common ground of its being.

Without spiritual development, the serpent wisdom may twist and turn towards its dark and sinister side; Hindu teachers continually reiterate the fact that the kundalini can have both destructive and creative aspects.

With the brooding day sign called Cauac as their right hand power, the rage of Chicchan

natives is a terrible thing to see, and their despair knows no limits. No wonder, then that Chicchan are both respected for their wisdom and feared for their innate magic.

The vital power within is intimately connected with sexuality, and Chicchan may easily become slaves to their passions, motivated solely by their desires. Another danger inherent in this day sign is that, as with the mediums who are so deeply feared by the Maya, Chicchan's may use their insight and acumen for self-aggrandisement rather than inner development.

The great necessity for all those born under this day sign is to obtain control of their inner powers. All yogic and magical disciplines come naturally to them and should be pursued, so that the "body lightning" may be brought under conscious control. Many of them will achieve this control, if not through actual spiritual practice, then at least through learning to live a balanced, compassionate life.

After all, their future sign, the manifestation towards which they are moving is Ben, and this is one of the most positive and fulfilling daysign's of all. Ben is the staff of life, and the day-sign Ben implies a concern for one's family and community. This points the way for the subtle Chicchan even if he/she is a mechanic rather than a magician.

Compassion for others is the necessary key that unlocks a gentler, more sound existence for these knowers of the deep wisdom.

Galactic Tone: 1

(mymayansign.com:)

Unity

- * Beginning of all things
- * The First
- * The Whole

Integrity is one of your key aspects. Tone 1 represents the stage of creation before duality.

You like to create because 1 is the tone of creation. You take action quickly and possess great power. You are confident and you like moving forward in life. You demonstrate successful performance when you come across an obstacle.

Trecena Sign: Serpent

/ Chicchan (Yucatan) / Kan (Kiche)

Beneath the 1-Chicchan surface personality is a person who struggles with powerful inner conflicts.

This internal wrestling often leads the person to take committed positions on issues.

When 1-Chicchan people get going, they play hardball.
Others may find them a bit fanatical at times, or at least somewhat extreme.
1-Chicchan's know intuitively what they have to do in life, even though they may not be able to express those inclinations logically.

Night Lord: 3

Many born under this Lord seem to have a strong need for respect from others. They are serious people who are occasionally insecure, but they often occupy a prominent position in life, or at least feel that they should be publicly recognised for their actions. Some people born under G3 project this need onto others; they may associate with or be married to a person who is powerful in the outside world. They have high expectations for themselves and often for others, and they work hard to achieve their goals. In doing so they may neglect relationships, or may simply make pragmatic choices in this area in order to accomplish their tasks. This dedication can lead to a lopsided emotional life and can occasionally raise questions in the minds of others about a G3 person's basic motivations.

G3 types seek the limelight and recognition for their accomplishments, but they may work under the shadow of another person, such as a father or another authority figure. They see value in apprenticing and learning from their elders.

One of their tasks in life is to learn how to be an authority in their own right. This need is something that G3's meet through earning it, rather than by acquiring it through association.

Their strength lies in their persistence and dedication to greater learning and improvement. Their dark side lies in their internalised, critical parent, the voice that judges.

*I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.
This one would be Moon conjunct the Sun.*

The Four Pillars (Ba Zi/8 Words)

The Four Pillars: Hour, Day, Month and Year

The Ten Heavenly Stems are made from the elements; (earth, fire, water, wood and metal) and the qualities; Yin (negative), and Yang (positive).

Year: Outer animal; what you manifest outwardly to the world around you.

Month: Inner animal; less obvious characteristics that you possess but rarely share with others.

Day: True animal; represents who you will grow into as an adult.

Hour: Secret animal; who you are at your very core—your truest nature.

Made use of the calculator at <https://psychicscience.org/pillars> by PsychicScience.org to get the right data, and also the interpretations for the pillars.

The Year Pillar: Goat (psychicscience.org)

Year: Cohort "Lucky Sheep"

Heavenly Stem Yin Metal (Withdrawing)

The Year Pillar represents the characteristics that you may expect to share with the cohort of people who are born in the same year. This pillar comprises the elemental energy of the year's Heavenly Stem and the typical manifestation of its Earthly Branch (the year's Zodiac Sign).

(chinesezodiac.com)

Personality: Occupying the 8th position in the Chinese Zodiac, the Goat (or Sheep) symbolizes such character traits as creativity, intelligence, dependability, and calmness. Comfortable being alone to ponder the workings of their inner minds, Goats enjoy being part of a group, but prefer the sidelines rather than the center. Their nurturing personality makes Goats excellent care-givers. They're quite and reserved because they spend much time absorbed in their thoughts.

Home and alone is where Goats feel most comfortable. There they can express themselves artistically, whether it's by painting, cooking or participating in whatever artistic endeavors they enjoy. Goats prefer the couch because there they can relax and explore their minds. They don't need elaborate furnishings; only items reflecting their desire for art.

When traveling or seeking entertainment, Goats prefer groups or venues that hold many people. Goats spend money on fashions that give them a first class appearance. Although Goats enjoy spending money on the finer things in life, they are not snobbish.

Health: Perhaps because Goats are basically serene, they tend to have fewer health problems. Their fragile exterior hides the fact they're typically very healthy. When they're happy, they're healthy. When Goats become unhappy, especially as a result of romance,

they quickly become sick.

Relationships: Goats tend to be private, so it can take effort to get to know one. The Goat is the one who will decide when and with whom it will share its personal life. As a result, most Goats have few close friends, yet they'll work hard for those they love.

Career: Goats at work prefer being part of a flock. Power and status aren't important. Goats will only assume leadership roles when asked directly. They'll never volunteer. Good career choices for Goats include: florist, interior designer, daycare teacher, pediatrician, actor, editor, hair stylist, illustrator, musician, and art history teacher.

Element: Metal

Metal Goats are tough on the outside, fragile inside. Those close to Metal Goats understand and accept this. Metal Goats are very cultural and they're most appreciative of the arts.

The Month Pillar: Snake (psychicscience.org)

Month: Elder Self "Snake in the Grass"

Heavenly Stem Yin Water (Regeneration)

The month pillar represents your archetypal inner qualities, especially as these express a deeper, wiser or older self. It may also indicate characteristics that become more apparent in your later years.

(chinesezodiac.com)

Personality: Occupying the 6th position in the Chinese Zodiac, the Snake symbolizes such character traits as intelligence, gracefulness and materialism. When it comes to decision-making, Snakes are extremely analytical and as a result, they don't jump into situations. They are effective at getting the things they want, even if it means they have to scheme and plot along the way.

Snakes are very materialistic creatures, preferring to surround themselves with the finest that life has to offer. This is especially evident in the home, where luxurious furnishings and surroundings help Snakes seek the peace they need in order to thrive.

Health: Snakes prefer living a life of calmness, preferring quietness over noise and a manageable workload rather than a schedule that's overly-booked. Snakes become easily stressed when their lives aren't peaceful or in order. Too much of this way of life

can shorten a snake's life!

Career: Snakes do work very hard, but they have a tendency to be job-hoppers as they become easily bored. Their somewhat laid-back attitude causes them to be mistakenly categorized as slackers, but nothing could be further from the truth! Snakes are very creative and extremely diligent. They're excellent problem-solvers and thrive under tight deadlines. Good career choices for Snakes include: scientist, analyst, investigator, painter, potter, jeweler, astrologer, magician, dietician, and sociologist.

Relationships: Snakes are excellent seducers so they never have trouble attracting others. However, they'll be the ones to decide when a relationship has potential and when it does not. Once they've chosen a partner, a Snake's insecure side will begin to show through. Snakes guard their chosen partners much like a prized possession, becoming jealous and even obsessive. Snakes prefer to keep their feelings to themselves. It's important to never betray a Snake's trust as a betrayed snake will make it a goal to get even some day!

Element: Water

Influential, motivated, insightful, and highly intellectual are words that best characterize Water Snakes. These Snakes work well with others and enjoy being recognized and rewarded. They'll reveal feelings to those closest to them, but no one else.

The Day Pillar: Ox (psychicscience.org)

Day: Social Self "Ox on the Road"

Heavenly Stem Yin Metal (Withdrawing)

The Day Pillar is generally the most significant. It indicates your everyday personality - the socialized version of yourself that you normally express and that other people experience and respond to. It may also suggest characteristics that become clearer in your adult years, or when you are at your prime.

(chinesezodiac.com)

Personality: Occupying the 2nd position on the Chinese Zodiac, Oxen possess such character traits as dependability, strength and determination. Oxen are tolerant individuals who believe that the road to success involves hard work and scrupulous behavior; they don't believe in taking shortcuts. They characterize those who don't work hard as lazy individuals not worthy of respect.

Oxen are capable of trusting others and will listen to their opinions with an open mind. However, Oxen prefer making decisions that are based on their own research. Oxen favor strong, life-long alliances to casual acquaintances.

Home is where Oxen go to seek comfort, occasionally watching television or reading. They prefer the rural outdoors and spend the majority of their "home" time working in the garden or caring for the yard.

Health: Oxen are strong individuals who overall are healthy and live long, fulfilled lives. However, they tend to work too much, rarely allowing themselves enough time to relax. Oxen could benefit from incorporating more non-work-related activity into their lives.

Career: Oxen prefer work that is routine. They take a methodological approach to their tasks and excel in jobs that are specialized. Oxen possess a keen eye for detail and an admirable work ethic. They are more productive when allowed to work alone. Good career choices for oxen include: interior designer, painter, carpenter, quarry worker, archeologist, horticulturist, mechanic, engineer, draftsman, banker, broker, real estate agent and army officer.

Relationships: Oxen aren't very sociable and rarely participate in group activities. They abhor small talk and won't waste their time flirting. They will search long and hard for the perfect partner as change makes them uncomfortable. Whether due to an ox's tendency to be overbearing or tendency to place blame on others, relationships with Oxen don't always work out. When Oxen realize that partnerships involve two people and two points of view, satisfying matches are possible.

Element: Metal

Like metal, these Oxen are amazingly strong. They're extremely hard-working individuals who will do whatever is necessary to achieve their goals. They're trustworthy, dependable individuals who are not likely to show emotion. They have difficulty interpreting the feelings of others.

The Hour Pillar: Rat (psychicscience.org)

Hour: Natural Self "Granary Rat"

Heavenly Stem Yang Earth (Flourishing)

The Hour Pillar represents your natural, spontaneous, untutored self. Perhaps you usually keep this self private, holding back from expressing its qualities because they

might appear childish or otherwise unacceptable. When under stress, or at times of crisis, you may find that your natural self tends to burst out uncomfortably. Alternatively, when you are fully relaxed, or in the company of children, it may express itself through play or creative activity.

(chinesezodiac.com)

Personality: Occupying the 1st and most prominent position on the Chinese Zodiac, the Rat symbolizes such character traits as wit, imagination and curiosity. Rats have keen observation skills and with those skills they're able to deduce much about other people and other situations. Overall, Rats are full of energy, talkative and charming but they have a tendency to become aggressive.

Rats are full of good advice but they will never share their troubles with others. They are honest individuals and they enjoy living for the moment. They're also capable of surviving any situation.

Health: Overall Rats enjoy good health. They're very active which helps keep them in shape and able to fight off sickness. They can at times be tense, aggressive, and full of nervous energy, conditions which can lead to stress. Regular exercise designed to calm will benefit Rats.

Career: Extremely perceptive and wise, Rats can focus on the big picture. That ability along with their good judgment enables Rats to solve problems before they arise. Rats focus on titles because titles translate into status and money; two motivating forces. Rats make excellent bosses. Routine halts their creativity so Rats need flexible positions that allow creativity. Good career choices include: administrator, director, manager, entrepreneur, broadcaster, writer, musician, stand-up comedian, politician, lawyer, researcher, and race car driver.

Relationships: Rats are very charming. They enjoy social activities and because they're out a lot, they're always meeting new people. They aren't good at breaking off relationships however, and this presents problems going forward with new relationships. Anyone hoping to partner with a Rat must be able to keep up with the Rat's active nature.

Element: Earth

Earth Rats prefer a sense of stability, digging in and putting down roots early to help ensure a successful future. They believe that slow and steady is the best approach. Being spontaneous is an inbred trait, but this type of behavior does not suit Earth Rats.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about

6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Chestnut Tree

Strong keywords: Adherence to principles, Toughness

Weak keywords: Stubbornness

Tree variants: Heather, Mistletoe

Birthday:

11 May – 20 May

11 November – 20 November

Characteristics and Personality

Chestnut tree is a tough tree that is fighting for its space, but it can generously endow its surroundings with its fruits and possibility to relax in the shade of its bushy crown.

Chestnut people have a deeply rooted sense for justice and are able to fight vigorously for the right cause. They are, however, very deliberate and self-critical, and they will never let themselves to be pushed to make hasty decisions.

People born under the rule of chestnut are considered to be stubborn people who will defend their views even at the expense of being ridiculed. However, they are not the type of stubborn people who others cannot stand; they often have a nice sense of humour that can cure many conflicts. People born under the rule of chestnut are faithful to their principles and they never change them. This also manifests itself in their love life - they do not fall in love easily and very often and they have high expectations of their partners, but once they decide that they want to spend their life with them, they will

never leave.

Basically, there are two possible forms of fate for Chestnut people. They either get quickly very high and then they live happy and often also useful life, or they always have to deal with many challenges and they struggle to find their place in society.

It's very likely these people will continue with their education until later in life, taking different classes and getting their PhD. Trips to faraway places and the study of different cultures makes them to continuously want more from life.

These natives are a little bit impatient around people who don't have the same enthusiasm towards gaining knowledge as them. As the most effective teachers, creative writers and successful journalists, they really know how to communicate and always say the right things.

that makes people want to know more.

As children, they probably started talking earlier than others, in a very elevated manner. Knowing more than one foreign language, they probably used this against their siblings when trying to get the attention of their parents.

They're spontaneous and can't stay in one place for too long. It's suggested they respect their own ideas and thoughts more because they have the tendency to only appreciate what others are saying.

Very enthusiastic about learning something new, expect them to enroll to anthropology classes and to attend night school.

The 3rd house rules over the immediate surroundings, which makes natives having the Sun in 3rd house wanting to be appreciated by their close friends and family.

The positives

People with Sun in 3rd house are experts at transmitting information and making stories come to life. The position of the Sun indicates they love being intellectually stimulated and are always curious about what's new in every domain.

They'd make great translators, journalists and bloggers, but also efficient teachers because they're childish and eager to communicate what they know.

The Sun represents a person's self and awareness, brightly shining when it comes to the way natives experience with every little detail of life.

Therefore, all people with Sun in 3rd house want is to get to know the world by first-hand experiences as only this way they're feeling that they have control over their own life.

Concerned only about the present, these natives really know how to live in the moment and are eager to discover more about people or their own surroundings.

Their ambitions are usually related to their intellectuality and mental development as they strongly believe knowledge is the only thing that brings power to people.

That's why they have great talent at science, literature and academics in general. Their ego is expressed through communication and the exchange of valuable knowledge.

It wouldn't matter how intelligent and open for talks they'd be, the feeling there's room for more will always exist in their heart and mind.

The presence of the Sun in the 3rd house makes people with this placement interested in interacting and being stimulated by others. They prefer quality over quantity and intelligence rather than beauty.

For them, all the life's energy is about exchanging meaningful information and they can't stand small talk, even if they're very good at it.

It's important for them to have something to do and to study all the time or else they get to feel life is getting sucked right out of their soul.

It can be challenging for these natives to discover variety beyond their own curiosity because they may think their knowledge is wide enough to cover a little bit of everything.

When discovering something completely new, they get to be surprised and still curious. Because they're such good friends, many will want to spend their time with them.

If they won't have a sibling to whom to dedicate a lot of their time, they will develop at least one relationship of brother or sisterhood with one of their friends, which will most likely be a male.

Even their neighbors will love them because they're always nice and knowledgeable of all the news. When it comes to politics, they will discuss it in groups and get to be the center of attention, which is very much to their liking.

All natives with Sun in 3rd house love school and having colleagues with the same interests as them, so they'll continue their studies until very old. They're not necessarily interested in grades and degrees if their Sun sign isn't Capricorn, as they're more eager to gain knowledge.

They will however, want to have at least the basic diplomas considering a certain level of education is required for the good jobs.

If their first few years as students will be enjoyable, they'll get to be more ambitious and compete in school. But if their experience will be bad, they'll focus on learning how to read and write, only to study what they like on their own, at home.

Since they're obsessed with knowledge and communication, their upbringing will always have a consistent form of education, whether self-taught or accumulated in school.

The negatives

Because they're highly adaptable, natives having Sun in 3rd house tend to identify

themselves with their environment, whether in an active or passive way.

Without realizing, they get defined by friends, family and the places where they're living. When circumstances and environments are changing, they're doing the exact same thing, so their identity is never stable and always depending on other factors.

They should invest all of their intellectual abilities into something constructive, even if some of them find this difficult because they're only curious and forget to also do anything else besides learning.

The fact that they need to communicate so much can have them talkative to the extreme, so many won't stand having them around. If the position of their Sun would be afflicted, they'd have problems during their first years of school, fight with their siblings and be so intellectually arrogant that they'd push their own ideas onto others.

It shouldn't be too difficult for them to change all this considering their Sun's position and the intelligence it brings. Since the 3rd house rules also over siblings, it's very likely they won't accept living in the shadow of their brothers and sisters.

But many of these issues depend on their Sun sign and the aspects in their chart. Mercury makes them easily adaptable and open towards communication of any kind.

Sun in 3rd house people should make an effort to not become rigid because they'd no longer efficiently communicate when not open to also listen.

Their opinion will usually be valuable as they know many things on subjects others wouldn't even think of addressing. For the same reason, they'd have many perspectives from which they're looking at life, so constant change in their way of thinking would be something others should get used to.

They can understand other people's points of view, even if they think their own opinions are the only ones that matter. Talking about their dreams and objectives will motivate them to also do something about these things.

They don't mind working hard, but problems may appear when trying to convince their superiors of new ideas they may have.

However, they will still advance in their career, even if they may need to sometimes compromise and to do things the way they wouldn't on their own.

Helping others would have the favors returned to them, so they should definitely make an effort for those who may need them to.

Moon ☾ in VII 7th House

([878] i.thehoroscope.co)

Moon in 7th House people enjoy doing things in groups because they can't stand being alone. It would be a tragedy for them to have to go by themselves to the movies or to spend a day in nature without a companion.

They need to be emotionally supported and to have others around who can make their life more fun. When it comes to romantic relationships, they may change partners too often because they always rush to say that they have found the one and get disappointed along the way.

7th House natives are terrified of being on their own and they wouldn't mind just being with someone, no matter how in love and happy they may be feeling. It's also possible for them to stay in a relationship that doesn't actually look so good.

Summary:

Strengths: Affectionate, dependable and soft;

Challenges: Skeptical and criticizing;

Advice: Leave the future aside and live more in the present.

Eager for reciprocation

People with Moon in 7th House rely a lot on others in order to feel emotionally fulfilled, secure and protected. They are very vulnerable and have a need to belong to a person, to be spoiled and nurtured.

The Moon is all about how a person feels, its position in a sign and a House determining the way a person expresses him or herself when it comes to emotions.

The seventh House is responsible for the way people interact with others, their marriages, businesses and friendships. It also determines how they cooperate and interpret people, together with what their unconsciousness expects in terms of giving and taking.

Individuals having Moon in 7th House are dependent on being with someone because

the Moon makes them eager to receive a response from another person, all the time.

This celestial body also indicates their partner should be the sensitive, nurturing and moody type. They may also dream of someone who likes to smother and to be very protective because they usually marry young, and people in their twenties are more in need of protection.

The Moon has great sensitivity and can easily adapt to what others need, but when in difficult aspects, it can become more difficult for natives to enter relationships.

Depending on which planets interact with the Moon in their chart, people will respond to life problems more or less emotionally. This celestial body also represents the Mother, so those who are more influenced by it will choose a spouse whom they can take good care of.

The same Moon makes them care about others' opinions and attentive to their needs and desires. It's normal for "lunar people" to stress about what their partner and others think of them, feeling great when appreciated and in the center of attention.

When the Moon is in good aspects, natives having it in 7th House are capable of great emotions and very receptive to what others need. If the aspects are negative, they are changeable and moody, going with the flow when it comes to emotions and their existence in public.

But all in all, they really are the ones who enjoy romantic gestures or being treated with affection and understanding. When in the seventh House, the Moon influences its natives to use their relationships as vehicles to what they want and need.

These people can't find their own desires in themselves because it's others that make them more aware. This is why they forever remain children in their heart, believing their partner should act more like parents and not lovers.

It can be a challenge for these people to fulfill their own needs without noticing how sensitive they are to the ones of others.

When they don't seem to hold on to their own feelings anymore, they simply take a look at their loved ones and get stimulated. Many will allow them to discover what they need and want with their help, so they won't have too many problems taking care of their own desires.

Searching for the right one

People having Moon in 7th House are in need of human interaction and to be emotionally supported. It's impossible for them to enjoy life on their own.

Their partner may make them feel things they have never experienced before, and they need others to determine what their own needs or feelings may be. It's even difficult for them to take some time off between relationships because they are simply terrified of not ending up alone.

As they are versatile, many will like them for the way they act. One of their main concern should be to not become dependent on people or assume that others treat them the same way as they do. Their friends will be considered family, because they depend a lot on those who are closest to them.

Moon in 7th House indicates their moods and the way they are taking action are pretty much determined by their primary relationships. If they don't marry young, you can be sure they will be searching for the right one their entire life.

When married, they can feel the same things as their spouse because they're sensitive and think this is the way to make their other half's life easier.

People having Moon in seventh House are eager to get a response from others. It may seem destiny has something very special prepared for them, because their Moon is situated opposite of the Ascendant and in a square from the Midheaven, having them doomed to relive the same things all over again.

While this can be stressing, it also helps them be stronger from an emotional point of view. Learning how to go with the flow can influence them to stay away from sufferings but it may cause problems with their emotional and spiritual development.

Since the Moon is in opposition with their 1st House self, they are very balanced when it comes to their temper, being able to see both sides of a situation. This means they get along with everybody, being able to approach emotionally charged situations by being fair.

They are the best negotiators, but it's important for them not to get lost mediating all the time.

Responding to different challenges without expecting a certain response is something they should definitely learn, because they tend to instinctively guess what others may like or dislike, to anticipate their actions and to guess their feelings.

It's easy for them to adapt their reactions according to each individual, which means everyone will like them, having their emotional needs completely satisfied. It's very likely they'll marry more than once and have a profession that requires them to give a hand to others.

Their bosses may notice they have people skills and put them in positions in which they

need to deal with the public. Of course, it's not only the Moon that influences them to be so helpful, for there are many other planets that influence its position, forming sextiles or trines and having big influences themselves.

The men with Moon in 7th House want a good wife who can be an amazing mother. They will practically transfer the emotions they have for the woman who raised them to their spouse.

The same position of the Moon indicates they are great at doing business, especially in the field of art. If many of the aspects are difficult, they may have their emotional and professional lives fluctuating.

Moon in the seventh House natives are very interested in their own image and how the public sees them. It's also possible for things to go the other way around, making them very protective of their own individuality.

They know what others want and need, so they are able to perform on stage and to become very successful as actors. However, they would never manipulate their public, as they are only aware of what those looking at them want and how they could be served.

The personal style of people with Moon in 7th House is determined by how others see them. Their success in the public sector could be tremendous, because it's like they're married to the ones that admire them.

Some of their partners may not understand this need they have for an audience, so the chances of break ups can appear more often than in other natives with the Moon in a different House.

Overview [1]

- Lord: Chandra (Moon)
- Symbol: Hand or fist. This represents power, dexterity, communication, and blessings. The open hand is traditionally used as a symbol of blessing in Vedic culture.
- Power: To attain what is sought. Hasta has the ability to bring goals to life quickly and place tangible results in hand.

Strengths [1]

The influence of the Moon, as well as that of Virgo's ruling planet, Mercury, places a strong emphasis on the mind. Hastas are intellectually creative and able to come up with original ideas and new ways of doing things. Skilled in speech and writing, your eloquence allows you to share your ideas effectively with others. Your creativity may also express itself through your hands — you have natural talent in arts and craftsmanship and will likely have a variety of skills.

The presence of Hasta natives is calming. You are down to earth and not easily ruffled. You are patient and sensible, and rarely waste your time on ill-conceived pursuits. You have incredible foresight, able to predict the outcome of various courses of action with accuracy. As a result, the things you dedicate your energy to usually succeed.

Hastas wield a good deal of power — the strength of your personal character and your shrewdness make you a force to be reckoned with. When you work toward something, you do it with industriousness and determination and usually have a solid plan in place.

You are disciplined and don't get easily agitated or thrown off course. Hastas are generally well-liked. You have an aptitude for healing — which may manifest in subtle ways — and for helping others. Charming, polite, and always eager to do the right thing, you draw people to you with your personality as well as your attractive appearance.

Weaknesses [1]

The shadow side of Hasta is a competitive nature that values success at any cost. This results in an inclination to outwit and circumvent obstructions in ways that might not be ethical — you can be merciless in your determination to reach your goals. You may be excessively critical when under stress and lose your natural patience.

Hastas often do have to deal with stress in their lives — you might feel overburdened or repressed, and may struggle with your self-esteem. In your early life, you could experience hardship and might feel that there are endless barriers to achieving success. Your success will probably come later in life. Finding a path that offers spiritual fulfillment, rather than just material success, will create a positive shift for Hastas.

The external and internal struggles you face can make you give in to your lower impulses. If you start to indulge your every sensual desire, you could fall into a lifestyle that is morally and physically unhealthy.

You may struggle with your health throughout life. Hasta natives are sensitive and easily affected by subtle hazards. Be mindful of the environment around you. Spending time in nature regularly can be a great healing agent.

Other Personality Traits [1]

- You give good advice. You are able to perceive all angles of a situation and to predict possible outcomes. This allows you to offer sound solutions to those who come to you for help.
- You are a good listener. An excellent communicator on all fronts, you possess not only the gift of speaking but a gift for listening. You know that to communicate well, it's even more important to listen than to speak.
- You may have a volatile life. Although you may achieve great things, you may also have great struggles. Your life has many ups and downs and you experience many changes.
- You will probably have wealth. Although it might not happen immediately, it's likely that you will achieve success and prosperity.
- You are martial. You have qualities that are reminiscent of a warrior. You have a militant discipline and determination and a combative personality.

Career [1]

Hastas' intelligence, range of abilities, and communication skills make them suited for many careers. Roles where they feel they are truly accomplishing something will be the most fulfilling. They should avoid positions that are too routine and might bore them.

Some ideal professions include:

- Artist or craftsman

- Teacher, researcher, professor, or writer
- Business or personal advisor
- Doctor, nurse, chiropractor, masseuse, or alternative healer

Health [3]

These individuals are confronted with few health issues. They may be prone to persistent coughs, colds and asthma. At times of great challenge, they require adequate support to maintain their mental health.

Physical Appearance [3]

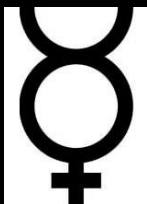

Ruggedly handsome men and similarly pleasing women, the Hasta natives are general tall. Well-developed bones and a stocky stature are common. Their hands are said to be short and many have an identifying feature on the back of the right hand or shoulder.

Mercury ☿ in ♎ Libra man 3° 52'

([896] i.thehoroscope.co)

He will gather as many opinions as possible before making up his mind but he is not one to be influenced easily.

The Mercury in Libra native is the best when it comes to analyzing stuff. He can tell you how to write an essay even though he didn't write that type in his entire life.

The thing is, he's very efficient and observant, willing to look at something from all directions in order to paint a fuller picture.

In a nutshell:

Positives: Principled and diplomatic;

Negatives: Obsessive and narrow-minded;
Soulmate: Someone who is expressive and full of vitality;
Life lesson: Reacting positively when in the center of attention.

A principled individual

The Mercury in Libra man is diplomatic, understanding, willing to do everything it takes to achieve inner and outer equilibrium. In his social circle, there must be a sense of fairness and justice that everyone accepts.

He's an intelligent guy who never gets tired of acting in a superior way, to achieve perfection. The middle ground, the neutral positions would make them the happiest, and arguments that go to an extreme make them mad.

As knowledgeable and curious as he is, he won't try to force anyone into accepting his beliefs or supporting his ideas. That would go against his desire for balance and general wellbeing.

It can be said that he's a very sociable person, but he sometimes just loses contact with some people, or he forgets to fuel these connections.

When making decisions, he might ask others for help in determining the best choice. He's generally very generous and fun to have around because of his enthusiasm and friendly demeanor.

His principles and virtuous character don't allow him to get into a conflict willingly, and he doesn't like fast-changing situations.

Men born with Mercury in Libra are very creative people, they read a lot and may become writers, composers or painters.

Art, in general, is the preferred domain of activity for them. Their expressive abilities are very intense, but they like the good side of life, the one full of vitality and good things.

This man is very likable and fun, often the center of attention at social events. Speaking in public comes very easy for him if only he would finally admit that contradictions and arguments are not that bad.

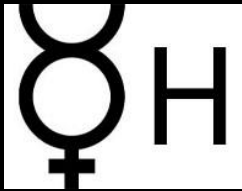

It would be way better for him to just accept that his life would bloom from that day forward. Moreover, he's likely to compliment people a lot, making them feel good, even if made because of social expectations.

The Mercury in Libra men have very high standards when it comes to choosing their life partner. They may want someone with a high IQ, but she should also look good, dress well, be calm and reasonable, all the while being affectionate and loving.

What's more, he's very uncertain about what he wants in this regard, and he might spend a lot of time deliberating.

Commitment comes with difficulty because they want to make sure that it's the right choice and the right person. And even when married, they will still flirt and talk to other women, to the dismay of their partner.

Mercury ♀ in VIII 8th House

([915] i.thehoroscope.co)

This placement of Mercury makes people know exactly what to say and when so this saves them a lot of hassle in life and helps them have an advantage on others.

Those born with their Mercury in the eighth house are especially endowed with a natural curiosity that makes them want to know exactly what's surrounding them, how it all came to be, how the people around them do what they do, and so on.

They're natural investigators, analyzing anything and everything, down to the very last details, only to satisfy their curiosities.

Of course, what ultimately matters for them is the truth because they won't be happy having reached a conclusion only to find out later that it's only a lie or the result of fake attitudes.

Summary:

Strengths: Communicative, persuasive and attentive;

Challenges: Judgmental, gossipy and impulsive;

Advice: They should not share what is being said to them in private.

Meticulous people

If you're not the type to enjoy random rambling about the most curious of subjects, endless debates on existential dilemmas, and pretty much non-stop bantering, then the Mercury in eighth house natives are not for you.

They don't hesitate to beat around the bush when there's something to be said, and even when there's no need to say anything, they will still have to do it either way.

In other words, they absolutely love to engage in conversations, to have funny talks and to discover new ways of seeing the world, to get drunk on the power of words.

What's more, they are very much interested in sexual matters, kinky ideas, and would be too keen on having such conversations.

The Mercury in 8th house natives are very serious when it comes to communication, insisting that it's one of the most important elements of a good lifestyle, a successful business, and pretty much anything in-between.

Knowing how and what to say in some contexts can save you a lot of hassle, and they want to take control of their own impulses as much as possible, to be able to discipline themselves completely.

Moreover, they are also quite adept at reading other people, seeing their motivations and why they do things, their secrets and vulnerabilities.

They are very ambitious and meticulous people who know what they want to do and focus entirely on that. Nothing can make them stray from the established path.

Moreover, the Mercury in 8th house natives seem to be endowed with occult powers of observation and supernatural insight, a weird and special trait.

Anyway, they seem to be able to feel things, to know that something will happen before it does.

They know stuff, seemingly out of nowhere, and they act on it with complete certainty. Their awareness reaches unprecedented levels.

They know how to impose their will so that others listen and realize that it's the only reasonable choice to listen and obey.

Persuasive and manipulative, these people believe that everyone has a reason for why they did something, and that reason stands at the forefront of anyone's decisions, conscious or not.

Know that and you can control anyone. They are curious about this and will investigate it thoroughly, with rising interest and efficiency, all in order to form the perfect strategy.

The positives

What's good is that these natives never lack for attention or friends because basically everyone will gather around them, waiting to see what's going to happen next, what they're going to do or say.

Human curiosity wins in the end. Their mysterious agenda and demeanor bring a lot of people together, and this effect is amplified by their natural confidence and firm attitude.

However, and this is most importantly, why they are very good at discovering the secrets of other people, they are especially careful in keeping theirs hidden and away from prying eyes.

What happens as a result is that the people are even more intrigued and unconsciously attracted to them.

The mysterious and seemingly supernatural insight can make them the perfect research material for those who want to find out more about the world, those that want to understand the human psyche.

The Mercury in 8th house natives are very interested in witnessing the dynamic spectacle of moving bodies, the intellectual and verbal debauchery of every-day life, the mechanisms behind it all.

They not only use all the accumulated knowledge to make plans and build future prospects, but it also grants them an aura of authority, of a knowledgeable person, someone that you just have to listen to.

Professionally, if you want something to be done in an organized and systematic manner, a research or an analysis, they are your people for the job.

The negatives

It's a really good decision to keep themselves out of the spotlight with regard to their emotions. If they don't reveal themselves as much, they won't be as vulnerable and weak anymore.

It's something people should do more often, as a matter of fact, because there are plenty of individuals out there who want to hurt people.

This is what they do, and protection is needed. However, in a relationship, this is no longer a good decision because you would think that the partner is someone whom they trust enough.

It's going to be very confusing for said partners to know what they're thinking. Ideally, they should become more open towards people they trust.

The eighth house is also known as the house of death. This means that these natives are in contact with the other side, with the forces of the occult, which they can use to cause harm to others, involuntarily, evidently.

Out of spite or anger, they might be left thinking that the other person should suffer or something bad should befall them.

Surprisingly, this actually becomes a reality, and it's more than likely a result of that random desire. Sending negative vibes is a thing, especially in their case.

The Mercury in 8th house natives might tap into the dark energy that surrounds their house and become a sinister version of themselves, especially in their relationships.

Possessiveness is taken to the extreme, emotional manipulation, the tendency to check on their partner out of unfounded suspicions, these can happen more often than not as a result of this dark energy oozing from Pluto, more likely.

Let's also remember that they are naturally more inclined to investigate and search for answers, to find the truth. With presuppositions leading their efforts, it's already going the wrong path.

Venus ♀ in ♊ Gemini man 19° 13'

([925] i.thehoroscope.co)

He wants his actions and feelings to be appreciated, to be acknowledged, to see that he's doing the right things.

The Venus in Gemini man likes people who can intrigue him on an intellectual level. Those who know how to speak, how to form interesting phrases, who know exactly what it is they're debating, those who are curious, studious, intelligent.

Physical attractiveness is secondary for this native because a mental bonding is much more important than that. So, if you want to impress him, get ready to indulge his need for witty conversation, for funny wordplays, for sarcasm and verbal debauchery.

In a nutshell:

Positives: Sociable and free-spirited;

Negatives: Bossy and inconsistent;

Soulmate: Someone who is mysterious and decisive;

Life lesson: Acknowledging the value of certain human connections.

His love personality

He's more into enthusiastic, playful and smart women, the ones that can whip up a fresh subject just when the previous one has started to get boring.

Physically speaking, he's pretty much just like any other man, and appreciates beauty when he sees it.

Be prepared to be taken through many adventures and experiment a lot with him because he's very open-minded, he has an expansive perspective on the world, and he's a free-spirited individual for whom nothing is impossible.

He likes his freedom and independence too much to ever give it up, so don't even think about becoming possessive.

He might appear as super funny, charismatic, and the smartest guy in the room who can speak about anything, but no matter what sort of relationship you have with him, he's still going to have his secrets, the parts that no one gets to see.

He's very mysterious and confusing at times, and you may never be really sure about his motivations, intentions, or overall thoughts actually.

Romantically, he wants his actions and feelings to be appreciated, to be acknowledged, to see that he's doing the right things.

As for his partner, he wants her to have her own life, to do her own things without depending on his approval or constant support. He's going to brighten the atmosphere with his charismatic and talkative personality.

As Venus in Gemini, you are the brightest and most cheerful guys out there, always talking, chatting people up until they die laughing, knowing exactly what to say when the situation gets too serious.

Your humor is top-notch, and your easy-going nature deflates even the grumpiest individuals, it brings a smile on their faces, it relaxes the tense, and it cheers up the sad.

Curiosity is your best weapon against boredom, against the ignorance and superficiality that pollute society, and your favorite spots for relaxation are libraries, shadowy places under trees, flowery meadows, places where you can find out more about the world.

This guy loves a woman who can hold her own in a debate without resorting to fallacious arguments, and if she notices logical errors in others' arguments, that would be even better.

Intelligence is the best aphrodisiac for him, a sapiosexual through and through. Humor is also highly appreciated, and so is liveliness, enthusiasm, vitality, an affectionate and tender attitude. He's never going to be boring.

How could he be, after all, when he's always talking about the most intriguing of subjects? Moreover, they are very open-minded and very tolerant when it comes to cultural differences.

They have friends from all over the world, and could even have a romantic partner on the other side of the planet. Experimentation is the way he lives his life, and he's a very lively and springy fellow.

Attracted by ...

She must be curious enough, skeptic, and deep enough for the Venus in Gemini man to notice that there's much more to an idea than what most people say.

He would like his partner to be a multifaceted woman, someone who tries a lot of things just for the fun of it.

A passionate and smart woman who knows that learning never stops, and who will always choose to reinvent herself rather than wallow in that sense of boring routine day after day.

There is nothing more important to him than engaging in a day-long conversation about the nature of morality, about the unexplained mysteries of the world, about how the world appeared.

He keeps his mind active at all times, and he never rests until he's exhausted his ideas.

It's obvious that he won't be interested in a shy person who doesn't like to talk, or even worse, someone unable to have a conversation due to being plain stupid or uninformed.

Moreover, he's very slippery and likes feeling free, so don't try to hold him against his will, and never get overly-romantic with him.

He's a very rational individual who likes looking at the world through a logical and objective lens.

In conclusion

You do know that the Gemini is most reputed for being a multifaceted individual, and even someone who may suffer from a split personality disorder, right?

Well, this means that he's very well prepared to face someone who's emotional, hmm, let's say emotionally challenged.

He can take whatever you throw at him, especially witty remarks. Oh, he loves those a lot! He wants diversity, variety, imagination, innovative experiences, of the kind that transcends social conformity.

He's a very good person to have close by when you feel like it's going to get boring because he's energetic, enthusiastic, and knows how to brighten up the mood.

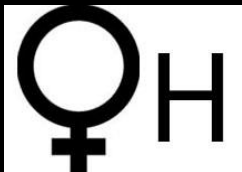

One of their worst traits, and possibly the most annoying one is that they just can't focus on a single thing at a time. They are very spread apart between their interests, and honestly speaking, these interests are endless.

They find new ones each and every day. Everything is interesting and intriguing if you look close enough, and this means that they're very unexpected, spontaneous, impulsive, and unsteady.

This changes his general attitude, unfortunately, and this is where things get serious. He could cancel your date out of a whim, arrive later because he stopped on the way to gawk at a funny-dressed man, start up a project and never finish it.

His partner will get tired of this very quickly, so if he doesn't intentionally want to get to a break-up, he should control this impetuous drive of his.

Mars ♂ in ♍ Virgo man 4° 48'

([967] i.thehoroscope.co)

He likes to have his goals well established before he commits to a course of action, and he doesn't brag at all about his success.

The Mars in Virgo native is also known as the perfectionist, the sophisticated Romeo who's only looking for the most refined and flawless woman in his life.

He's especially attentive to the details. His noble and otherworldly demeanor delivers a strong punch to anyone who thinks themselves slick.

This man despises insults, dirty talking, impoliteness, and when he has reasons to stay sad, he will remain as such indefinitely, until either he gets bored of it, finds a solution, or someone takes him out of the swamp.

In a nutshell:

Positives: Practical and ambitious;

Negatives: Criticising and rushed;

Soulmate: Someone who only pays attention to him;

Life lesson: Sometimes, peace can't be found in material things.

His goals are well established

He takes everything very slowly in a meticulous and attentive manner, observing every single detail, putting force behind his beliefs with each passing day. He's quiet, cool, doesn't want any attention and likes to do his thing without anyone interfering.

When the show is finally starting, he wants everything to be perfect and flawless, just as he had planned from the very beginning.

He likes to have his goals well established before he commits to a course of action, and he doesn't brag at all about his success. Even more, he likes taking care of his own body, doing sport, jogging, living a healthy lifestyle.

He might seem like a snob at times because he carefully chooses his diet plans. It's not only a feeling of fulfillment that he lives healthy but also pride in looking good, that drives him to commit to such strict routines.

However, even though they may like getting into the thick of things doing sports, they aren't very keen on competing with others, going for a triathlon or any other competition.

They like to get in touch with Mother Nature, as a way to find their peace and quiet, but this attempt does end up in failure a lot of times, mainly because it gets too stressing and tense.

Of course, they aren't happy with this result, but there's nothing they can do except try and try again, failure through failure until they eventually succeed. It becomes a sort of routine.

If you're looking for a handy-man, someone to come and fix your sink, or better yet, solve your internet problems, then the man born with Mars in Virgo is definitely where you need to go.

He pays attention to all the details and he has the good habit of finding the key aspect of a situation in a matter of seconds.

What's even more shocking is that you won't ever see them in a rush, agitated or angry, even when it would be normal to act in such a way.

However, try to disturb his focus and you'll get the cold treatment, in the best of cases. Worst of all, he'll berate you harshly. Evidently, he wants to appear as efficient and preoccupied as possible for his partner.

He wants to be acknowledged and appreciated for their ambition and serious attitude. Perfection is hard to attain, but they aspire to reach it.

As always, this perfectionism leads to unwanted results like disappointments, disillusion, an exaggerated focus on the details, the emphasis put on outer elements rather than on themselves, and so on.

Another bad situation that may appear as a result of perfectionism is the state of complete uncertainty and agitation when something happens that they haven't planned for.

A very calm lover

The Mars in Virgo man is a very dignified and principled, with a strong determination to do what's right, to uphold justice, to help those in need, and to gain knowledge as a means toward self-development.

He does all of these things because he believes in his potential to be superior to the man he once was and because he stands firm in the face of adversity.

Every decision that he makes is done with a solid amount of research behind it, and it is thus the best possible choice in that particular situation.

Moreover, he is very devoted to the one he loves, so much so that he would do anything to make her even a little bit happier.

They are very restrained and low-key individuals who don't like evident romanticism and outgoing gestures of affection. They will try to take care of your needs and do nice things for you, and just for you.

Of course, they will also pay attention to all the small details, to every single possibility and potential implication, while also putting their creative mind to work, coming up with inventive ideas to surprise you with.

And even when something goes wrong, they won't despair or become agitated on the outside.

This is a good thing since most people do stupid things after having a failure, out of impulsivity. He likes to be in control of the situation, to know exactly what could happen in advance.

His personal preference is towards indecisive women, those that are shy and embarrasses, emotionally sensitive and with an innocent look about them.

If he wants to know whether his partner is worth all the effort he's putting in, he just stands to observe how she reacts to his problems, how caring and loving she is. Ideally, she should be just as interested as he is.

When the whole affair started, it had just developed from a beautiful friendship, from where he successfully escaped, surprisingly.

When it comes to his sexual life, it's something he takes as a form of routine, as something that he plans for, that he has complete control over.

In conclusion

The Mars in Virgo man finds it exceedingly pleasing and satisfying to set his own routine

at work, to have his working space well-organized, in perfect order.

He becomes more efficient, productive, and significantly more satisfied when he sees his work taking on the shape he first devised.

He might get in trouble with his teammates because he criticizes them a lot, either because they don't work enough, or they're doing something wrong, and since he puts in so much effort, he expects everyone else to do the same.

Besides this tendency to see the flaws first and put them forward for everyone to look at, the Mars in Virgo man should learn to control his perfectionist drive.

It not only creates exceedingly hard to achieve goals, impossibly high expectations, but it also makes him concentrate too much on the details, forgetting about the big picture.

Where there are logic and reason, there is also agitation, confusion, uncertainty, and where there are emotion and affection, there is also procrastination, lack of inspiration, indecision, and so on.

All in all, you should take great joy in the Mars in Virgo man, because you won't find a more patient and tender individual who takes so great care of you.

Mars ♂ in VII 7th House

([987] i.thehoroscope.co)

People with Mars in the 7th House need to be stimulated and are quite argumentative at times, although their intentions are in no way bad on those occasions.

Individuals having Mars in 7th House are very independent and do things only their way. They should learn diplomacy and how to not offend everyone, because they really don't know how to cooperate with others.

They love being in a relationship, because this really prompts them to be more active. They want an energetic lover who can help them deal with the difficulties in their life, challenge them to keep going, support them when in need and compete with them in order to make things exciting.

Because they have a lot of romantic energy, it's important for these natives to learn how

to channel their forces in a constructive direction. The fact that they want to compete with their lover could, for example, be used when dealing with other people.

Summary:

Strengths: Genuine, dynamic and elegant;

Challenges: Argumentative and impulsive;

Advice: Try to put personal priorities first as well.

Optimistic and charming

Mars in 7th House people may be a little bit tense sometimes, but you can be sure they will always come up with creative ideas and have a lot of energy.

They really like being challenged, so keeping their life active is the only way for them to be happy. It's normal for these people to provoke others just to see their reaction.

It's difficult for them to cooperate with others because they simply can't compromise, no matter if they're contradicting with their other half or their parents, or if peace could be brought to a fiery discussion.

If they don't struggle to change all this and understand how the misaligned energy of Mars works, they'll continue to be aggressive and domineering.

They only analyze themselves when involved in a relationship or when interacting one-on-one. These natives may start many conflicts when married, because they like their partner to be opinionated and their energy is very conflicting.

This is also one of the reasons why they find it difficult to work in teams, coupled with the fact that they always want to be the leaders.

Being less straightforward and a little bit more charming would really help them, while some compromises would make their life sweeter than sugar. When being so confrontational, they can attract many enemies and offend people they truly care about.

It wouldn't matter how devoted and hardworking they'd be when it comes to relationships, these could still get easily destroyed with a wrong word. When marrying, they do it for a lifetime and are the most supportive spouses or even friends.

Mars in seventh House individuals have the planet of war in the House of partnerships. That's why they may focus only on themselves and not care about what others think or want.

However, they will still invest a lot of their time and energy into their relationships, no matter how much they're arguing with their friends or partners.

Because they're very independent and eager to lead, many may not understand who they really are. As said before, they should try and be more charming and less tactful. Always wanting to fight is not at all in their advantage, so a little bit of diplomacy would only do them good.

When in love, they're more into the chase than into what this game brings them in the end. Supporting fair play and eager to always take action, they're not in any way depressed when losing a fight.

It's very likely they'll marry someone optimistic, energetic, independent, bold and capable of standing on his or her own two feet. It's like they're looking for someone who can play hero for them. Mars makes natives with this planet in the 7th House very passionate and devoted when it comes to love.

Their partner can trust them to be loyal and faithful for a lifetime, because they love playing the hero and remaining true to those they love the most.

However, the position of Mars in the 7th House may create some problems for their marriage and business relationships, because it makes them impulsive and a little bit violent.

They will probably marry very young and in a rush, so the chances for tension to appear between them and their spouse are very high. The same placement makes them very good salespeople and marketers, because they really love to compete.

If they choose a profession in one of these fields, they will most likely deal with the most difficult situations early in their career. As they always want to be first, their success is almost guaranteed.

Practical aspects

Very sexual and energetic, Mars in 7th House natives seem to never stop after they get started. That's why they need a challenging partner who can stand his or her ground.

Loving conflict, these people will always try to argue with their friends and lover, showing their aggressive side. If they want a more peaceful and harmonious life, they have to compromise more, because it's normal for them to just start fighting instead of carefully listening to what others may have to say.

The energy of Mars is very intense in them, so they need stimulation and to have small quarrels all the time. The type of people who just agree bore them to death, because they want to be contradicted and presented strong arguments they can attack. Those who can't stand up for themselves will never have these natives' respect.

Their personal relationships will all be with people they have had big arguments as this

is the way they make friends. Not at all empathetic or able to see situations from another point of view than their own, Mars in 7th House people simply refuse to think there are alternatives to what they want.

They're very attracted by natives who have a strong Aries or Mars influence in their birth chart. Their attitude makes them great military employees, so it's not impossible for many of them to wear a uniform, be it of army, law enforcement or the fire department.

They immediately become angry when provoked, having a solid figure that seems to never put on too much weight. Many people will be attracted to the way they look and the sex appeal they exude.

When meeting a person as sexual as them, they become blindly in love and start dreaming only of making love with that person.

If were in a too harmonious marriage, they would think that something is wrong. Some of them will look for a partner who's their opposite and just go with the flow of the relationship.

If Mars is in good aspects, they'll most likely be sports people or have hobbies that require them to get physically engaged. The thing is, they need to somehow use their Mars' energy and do something constructive.

They will travel everywhere with their partner, do skydiving or ocean diving to study strange species of fish. While competing with their other half, they will still love sincerely and work hard for their marriage or relationship to work.

The downsides

Individuals with Mars in the 7th House are made very aggressive by this planet. They can insist on the same matter forever and can't seem to keep it together when annoyed.

Learning how to relax and no longer looking to argue with their partner would make their life more peaceful and harmonious. Slowing down and not rushing to fight can make them happier and more appreciated by others.

If they're always excited with contradictions, their lover may want to run away from them.

Relaxing and enjoying the little moments of rest would make their partner love them more and they'd no longer be so stressed about a very possible break up.

Mars is considered the planet of mischievous actions and aggressiveness. When in a negative aspect, it makes the natives having it in the seventh House very tense regardless the situation they may be involved in.

When in the House of marriage, expect natives with this placement to have real problems with their spouses. But no matter the aspects of Mars, people having this planet in their 7th House will always want a partner to compete with.

Passive individuals bore them, as they're looking for someone who always has a story and is ready for a fight at 2 am in the morning. Of course, people can be different, and things are not necessarily the same with every personality, but Mars' influence is always strong, so discovering it may require a lot of passion and patience.

Mars in the 7th House in a nutshell

One thing is sure: individuals having Mars in the 7th House need to learn what compromise is, because they're desperate to get involved in conflicts and are continuously looking to pick up a fight.

Their friends and family may not agree with all of this, so they risk losing people who love them if they keep looking for arguments everywhere.

It's very possible they'll end up without any help from others because of their attitude. The world doesn't revolve around them, so challenges are a means of self-improvement, not of finding reasons for arguing.

Getting busy may help them forget all about wanting conflict in their life. It's suggested they listen to what others have to say before starting to argue. It can be very surprising for them to discover different solutions than their own are also very effective.

Being more open-minded can change their entire perspective on the world. They don't have to give up on their beliefs, but they can identify great opportunities by listening to others a little more.

Mars in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Less competitive than usual Mars energy, and often in competition with themselves. Tends to internalize anger and leak it out rather than express it directly. Mars retrograde women often choose men who are dependent, troubled, irresponsible, or social misfits.

([920] cafeastrology.com:) There might often be roundabout ways of going after your desires. The desire nature runs deep, but is often misunderstood by others. Timing might often be off, or you could express your desires (or anger) in bursts rather than more flowingly, whereby you keep these things to yourself and let them build until you explode. You may come on too strong some of the time, and not enough at other times, often thinking of the better thing to say or do only later, when you're no longer under pressure. Competition can unnerve you, and you are usually better off setting your own pace than working by schedule or with others. You might come up with very creative ways of expressing yourself physically as you mature, or channel your energy into unusual but effective areas. (or because of the new chart from Saturn return)

As soon as an idea will go through their mind, they will immediately be ready to put it into practice. This means they will make many discoveries along the way, but will also suffer a few disappointments.

People will admire them for being so bold. However, it would be healthier for them if they would sometimes temper their enthusiasm and see things in a more skeptical way.

When they will fail, no one will be able to stop them from getting it back together. The more challenging life will be for them, the more they will become knowledgeable and find new opportunities.

It's not normal for Jupiter Aries to be shy, doubtful or scared of something. But because they will focus too much on themselves, they may have problems in their relationships with others.

Not that their confidence won't be good. It's their ego that may spoil things. It would be perfect if every now and then, they would find some humility and pay more attention to others. Only this way, they will enrich their connections with their loved ones.

The fiery aspects behind their reactions

These natives can feel like anything is possible if they channel the lucky nature of their Jupiter in Aries transit. These people are always ready for anything and take good care of themselves.

Imagine what happens when this warrior side combines with the visionary Jupiter. But

the power brought on by this association comes with great responsibility. The dangers involved can also be greater than one can imagine.

At least they will always be enthusiastic about new adventures and projects, no matter how hard life will hit them. And they will persevere to succeed. Jupiter's imagination can help them have great ideas. However, the real world is more about normality and less about brilliance. Their inspiration and spirit will fade in favor of the monotony.

That's why Jupiter Arieses need to collaborate with others who can help them see their ideas put into practice. It can be said Aries natives are determined enough to not need Jupiter. But when this planet's luck and expansiveness gets together with the Ram's impulsiveness, ambition and generosity, the people born under this transit get to be the hardest working, ambitious and kind hearted.

If you go out to dinner with them, allow them to pay the check. It will be their pleasure and a way for them to feed their ego. But the waiters will have to be fast for Jupiter Arieses can be impatient and snappy.

When they have to wait, they can throw serious tantrums. Their attitude in life can be compared with how the entire nature explodes in the Spring.

Just like the Spring Equinox, they are only moving forward towards sunnier days. Jupiter brings them enthusiasm, the Aries rules the head and makes sure self-confidence is present.

As a matter of fact, Jupiter can make anyone feel too big. When in Aries, things can become too difficult to handle. The people lucky to have been born with this aspect will start fires nobody will be able to put off.

They are the most optimistic when they have to start a new project and they will shine when they will take risks to make things work. They will always be sure things will start again if they'll fail.

These natives would love being teachers because they would meet new faces and thus, new challenges, all the time. Because they are so in love with new beginnings, they can lose themselves in the process of doing things.

The Jupiter in Aries man

The Jupiter Aries man is disciplined like a soldier when approaching problems. He will never give in under pressure. When busy, he'll be able to eliminate any distraction and accomplish what he has set his mind to.

When it comes to the bedroom, this guy will get the job done and won't mind taking orders. His main purpose will be to please, Jupiter is definitely helping him with

generosity in this case.

Because he's opportunistic, he will probably work the stock market. Not that he won't do a great job running his own business either.

The more successful he'll be at work and in his personal life, the happier he will be. A risk-taker, he'll enjoy sports like bungee-jumping and zip-lining. So expect to have the fun of your life with him. Especially when Jupiter will be in his life.

Jupiter ♃ in II 2nd House

([1006] i.thehoroscope.co)

This placement of Jupiter makes people warm-hearted with the deserving but can turn them ruthless in an instant, when someone crosses them.

Jupiter in 2nd house people focus on money and social position, but don't assume this planet gives them abundance when it comes to these things because they feel encouraged to spend as much as possible and push their luck when it comes to finances.

They may even gamble and invest in very risky opportunities, just to end up broke and not knowing what to do anymore for their pockets to be full again.

Summary:

Strengths: Convincing, optimistic and original;

Challenges: Dreamy, materialistic and naïve;

Advice: They need to be careful with their spending.

Supportive and caring

Individuals having Jupiter in their second house can be very rich because this planet influences them to make a lot of money. They can also marry wealthy people and have as much as they need without any efforts.

Usually, those having Jupiter in 2nd house are honest, giving, well raised, romantic and true poets. They will get very appreciated in their community because they can solve other people's problems without stressing too much.

It's possible for them to marry twice, so they will have many children with whom they can share their wealth.

Their talent at business is impressive as they seem to make money without even putting too much effort into it. These natives can't stand seeing others in difficulty, so they will always struggle to give a hand no matter how nasty a situation may seem.

Their enemies should avoid them because they can be very ruthless when someone crosses them.

When Saturn is also in the 2nd house, there may occur some problems with education and nuisance in family life. Jupiter in Aries and the 2nd house makes natives harsh when it comes to expressing themselves and prone to die young, way before their spouse.

Usually, natives having Jupiter in 2nd house will have their dreams come true because they're always keeping their word and make others happy.

If this planet is strong and in good aspects, they will be very convincing and able to make people work with them, no matter how daring their project will be. Indeed, Jupiter gives them a lot of luck with money.

They will be either born in wealthy families and used with being wealthy from a very young age, or they'll marry someone rich.

Not to mention how much the placement of Jupiter in 2nd house helps them with business.

It's like the natives having this planet here can make money from anything, even religion and traveling. Others can really trust them to get a job done very well, especially when it comes to finances or governmental issues.

They will be supported by anyone and every institution more or less connected with the state. Those who happen to be in place of authority will give them a lot of attention and never let them down.

It is very likely natives having Jupiter in 2nd house will inherit a business or get born to someone who's famous and very successful. This means they will have their career chosen by their father and their success will happen because their family helped them a lot.

Since Jupiter rules over expansion, they will always want to spend too much and may even end up broke because they bought things that aren't even useful.

However, money will seem to always appear in their path because their luck is all about wealth. Usually generous and loving the luxurious lifestyle, they will live by the motto “money brings in more money”.

Everything in their life seems to be prosperous, so the richest people will want to be around them, thinking they may become luckier as well.

They will love being surrounded by business personalities and spending their time in the high society as this life seems to be for them.

Very optimistic, individuals with Jupiter in the 2nd house always have a good word for their loved ones and bring a smile with them wherever they may be going.

This can have them very successful when it comes to negotiating and taking care of business. The 2nd house rules over values, money and positions. It also influences natives to want comfort.

When Jupiter resides here, those with this placement wish for power obtained with money and value wealth before anything else. This planet should bring them good profits because they're productive and don't mind working hard.

It's very likely they will love their job and feel very confident with what they may be doing for a living. They will want to develop their talents and make as much money as possible from what they know to do best.

These are the type of people who get salary raises all the time because they're chasing financial opportunities and don't mind doing nasty things for money.

However, very inclined to spend more than they have, these people will often be in debt or even sell their possessions in order to get their hands on more money.

They will always stress about how much they have and surround themselves with things they're even using.

It's important for them to look behind the materialistic side of life and to desire more than just possess. The 2nd house is also about self-worth, so they think of themselves as valuable only if they have money, which means they have a wrong perception and can't enjoy little things.

Because their expectations are high when it comes to finances, they will manage to earn substantially and to have as much as they need, and sometimes even more.

When in trouble, they won't mind applying for loans and starting to work with banks. As a matter of fact, this can happen more than often considering they spend too much and

feel good only when shopping.

The goods and the bads

Jupiter in 2nd house natives are usually prosperous and have financial resources coming their way all the time. People will jump to help and protect them anyway they can.

They have valuable things and usually do what's right because they're always seeking to make the world a better place, to develop a talent and self-improve.

Usually generous, these natives don't mind giving their money and sharing their ideas with those who may seem in need or lacking inspiration.

Because they always need to spend, their focus will mainly be on business and associations with people who can bring them a lot of benefits when it comes to money making.

They usually get what they want, so they'll have the financial stability they're so eagerly chasing. Possessions and wealth are the most important things for them, therefore, they should pay more attention to their family and friends.

Jupiter in 2nd house people like beautiful things and have a lot of knowledge about art, their money being spent on antiques and expensive furniture.

It's possible for them to overindulge, so trouble will always be on the horizon, especially when they will spend too much.

It's good their practicality doesn't seem to ever leave them, no matter what they may be doing. So after a shopping spree, they will know what to do in order to put money back on their credit card.

What drives them to succeed in life is their need for comfort and knowing their family is happy. If they'll continue to plan and organize so that luck always comes their way, they'll manage to have a luxurious lifestyle and be happy.

It's normal for them to take on more responsibilities than they can actually carry, so a little bit of relaxation is definitely suggested.

These natives really need to a quiet place of their own where they can recharge their batteries. A lot of Jupiter's influence is about spiritual development as well, so they should listen to what their inner voice is telling them and take breaks when needed.

They really need to keep a good physique because only this way, they can continue to be productive and successful.

Jupiter in 2nd house individuals may have problems when asked to make a rapid decision because they don't have the time to just sit and think of a problem, and this can make their luck run away from them.

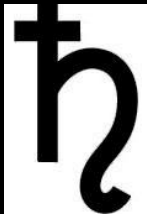

Therefore, it's essential for them to plan their life so that unpredictable situations don't arise. The placement of Jupiter in the 2nd house brings them luck, love for what they may be doing as a profession and wealth if they open their own business.

Their success and money will come easily to them because they're meant to be prosperous. They usually work for the government or run businesses that have something to do with law, banking, even science or religion.

It's almost like the luxurious lifestyle is meant for them, but they should pay attention to share their wealth and to conduct legal businesses.

Spending in a more prudent manner is strongly advised because bankruptcy seems to be just around the corner if they're just throwing away everything they have all the time.

Saturn ♄ in ♒ Aquarius man 20° 9'

([1027] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Aquarius in their natal chart think only of the practical aspect of reality and work towards building a better future for themselves through their sheer power of will, organizational skills, assisted by a source of boundless energy.

They have to work on their interpersonal skills though, because empathy is quite lacking, let alone the ability to understand other people's motivations, reasons for acting in a certain way.

In a society, they have to live amid humans, interact with them and comply with some societal expectations. This is what needs further honing. Rational and analytic, this native can solve a problem swiftly by using their scientific mindset.

In a nutshell:

Style: Powerful and efficient;

Top qualities: Practical, quiet and diligent;

Challenges: Overcomplicates things, extremist and aloof;

Advice: A little romance from time to time will relax you.

Personality traits

With a razor-sharp focus and a very steady mind, Saturnian Aquarius natives are exceptionally efficient and productive, and they give off the impression that the future might actually go toward a higher level with them doing their job.

However, with a scientific and logical mind such as theirs, the future might not hold such a great potential for them, because they see the world for what it is, filled with degenerated mindsets, stupidity, ignorance, and superficiality.

Moreover, these natives appear to have an immense power hidden deep within, that only comes to the surface when they most need it.

Whenever a situation becomes too dire, or when disaster is imminent, they manage to get on their feet, rise from the ashes of their own downfall, and gather up their strength for a final push.

Saturn only creates certain pathways for this intense energy to circulate, a way to focus it more efficiently on one thing at a time.

The Aquarian astrological space is one of the most fitting spots for Saturn to land, except maybe Libra, but that's a story for another time.

In this position, Saturn complements the morally superior spirit of the Aquarians, their disposition toward generosity and general altruism, with a pragmatic sense anchored in reality.

Instead of fantasizing about achieving world peace, they use their systematic mindset and great inner powers to help those in need wherever they may be, with whatever means they have at their disposal.

They crave social acceptance, and even though they can be very good friends, with a kind disposition, they never seem to manage to have healthy relationships with people.

With their level-headed attitude and realistic overview of life, they can be extremely trustworthy and reliable mates, but the innate superiority that they give off is not something everyone can accept.

In order to get over this problem and many others, it would be a good idea for them to acknowledge that they aren't fully satisfied with their achievements and that they could have so much more.

What these Saturnian Aquarians need the most is something or someone to listen to their ideas, give them credit and validate them.

Even if those ideas are idealistic, plain absurd, irrational, overly rational, it doesn't matter as long as they give vent to their frustrations by sharing them. In this sense, they should learn to accept pieces of advice or words of caution.

When it comes to love ...

Love relationships will be always strained because of their overly-rational demeanor. When they look at the world through a logical lens, analyzing everything objectively and calculating all the odds with razor-sharp precision, a certain lack of empathy is bound to appear as a result.

They tend to seek a solution to every problem, and instead overlook how those same situations create emotional turmoil in their partner, feelings of discomfort, grief, sadness, powerlessness.

However, their analytic and rational character can take on a beneficial role in a relationship as well, complementing the usually emotional mindset of their chosen partner. Of course, it all has to be pretty decently balanced for this to work. Not too many emotions, and not too much rationality.

The good and the bad

The ways of Sagittarian Aquarius are mysterious and profound, often incomprehensible for the common people, but they know exactly what they're doing, and how they're going to do it.

The goals they set are clear, perfectly defined, and achievable. With all the constant flux of ideas coming together to form a perfect plan, there's no surprise that they seem to never fail.

Of course, in order to do all this, they have studied and amassed a huge amount of knowledge, information regarding the countless possibilities, simulations of the potential consequences, and so on.

As far as social relationships go, they need to let go of their inflated ego for some time, take a step back, and reflect on what they don't know, about the possibility to learn from someone else.

Not every discussion has to turn into a heated debate where competition is king, and

where the losers are shunned, while the winner basks in eternal glory. The perfect equilibrium between these mindsets is what they should be looking for.

The very essence of a Saturnian Aquarius is their complex mind that constantly runs on rocket fuel, being in a perpetual race against time to gather up knowledge, run simulations, answer existential questions that have plagued mankind for millennia, think up of new ideas for the betterment of the future, and so on.

Science is a passion, while reason and logic make up their way of living, and the overarching field of technology represents the visionary compass to guide them on their flight upwards.

Non-conformism and the unconventional are second-nature to them because only by going against the flow would anyone ever manage to bring something new to the table.

This type of thinking obviously creates the impression that they have a superiority complex, that they won't even take into consideration other possible routes or other ideas.

Since they sound so sure on their knowledge, others will distance themselves from them. It's not just that other people get this impression out of the nowhere. The Saturnian Aquarians also enforce this belief by behaving in such a way that validates this opinion.

The Saturn in Aquarius man

The Saturnian Aquarius man has a very broad overview of the world and its inhabitants.

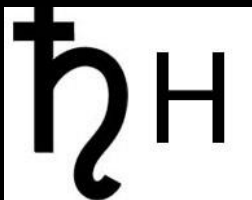

Thus, they can very quickly adapt to any social situation, empathize with people on a deeper level, as well as use their intuition to make the right choices in dire situations.

Obviously, they are also great visionaries with a progressive mindset, always aiming for the best possible outcome.

In intimate relationships, their innate curiosity and enthusiasm for trying the new will possibly be the most important aspect to consider.

Whether it's a new position worth trying, or their natural inventiveness in bed, Saturn in Aquarius makes sure that it all gets enhanced way above the limit. They foster the buds of change, which then turn into mighty trees, a solid foundation for great endeavors.

Advice: There is no need to pretend they are happy when they are not feeling it.

A different view of the world

Every planet enclosed in the 12th house deals with the energies people deny. When Saturn is here, the natives with this placement will have to deal with setbacks early in their life, so they'll always want to place some harsh realities they may have been dealing with into their unconscious.

Being afraid of what's about to come and completely overwhelmed by their own emotions, all these things may be what causes them to feel anxious.

It's bad enough that they don't accept to be helped and prefer to retreat in solitude when facing problems because others could really help them when they're feeling down.

However, they don't want to feel in any way weak or to seem like they're depending on people.

The result of this is separation and total loneliness. Very attracted to always be in control, it's also possible for them to discover that if they let others inside their inner world, they may be helped with their feeling of guilt, insecurities and the permanent anxiety that doesn't allow them to love their life to the maximum.

It's very important for natives having Saturn in the 12th house to embrace what makes

them feel bad and to become free from all the guilt as soon as starting to accept themselves for who they are.

They should talk about the fact that they sometimes escape reality and question themselves by having long discussions with their alter ego.

Understanding the real world with what this requires and brings in terms of happiness is also essential for them to have a correct perception over what's real.

The more they'll try this, the happier they'll get to be. This house is like a deserted island, so placements here can make people feel closed and wanting as many moments of loneliness as possible.

Their healing and communicative ways with the divinity can't be denied, and they surely understand what it means to be of service, devoted and self-sacrificing.

Surrounded by shadows, Saturn makes them feel a guilt they can't escape, so being happy and working with a defense against what's hurtful can seem impossible for them.

In spite of the fact that they're loners, all the Saturn in 12th house individuals still have a need to become part of the collective.

They may become religious fanatics, spiritual guides and even junkies just because they're looking for happiness and to escape their constant feeling of guilt.

Saturn in 12th house indicates people with this placement will spend a lot of time alone and even in exile as loneliness simply makes them feel better.

Because they can't express their thoughts very clearly and are often misunderstood, it's very likely they'll want even more to be left alone.

They will fear letting themselves go to a higher power but will still believe the Universe is awake and working.

Saturn guides people meticulously, and when in the 12th house, it asks for satisfaction through mysticism and lonely moments of complete hollowness.

The house just mentioned is strongly related to self-sacrifice and brings a lot of anxiety when dealing with loss.

Natives with Saturn in the 12th house may feel they're going to lose everything they've worked for and there's no one to blame for this but themselves.

Luckily, Saturn will help them fight these thoughts, but it doesn't mean they won't be self-

destructive to the point of disease and even illegality.

The 12th house rules also over prisons and hospitals, so you can only imagine what could come out of here.

Individuals having Saturn in 12th house would feel more relieved if dealing with matters of spirituality.

It can be tough to be them because the stability-searching Saturn is in the 12th house of Pisces that desires the last change to happen and to be given back to the divinity.

What would make people with this placement more confident is inhabiting both the real and the fantasy world. This way, they'd get to know themselves and their hidden ways.

As soon as they'll surrender to the middle ground, wisdom will start coming towards them and they'd be able to bring their great contribution to the society.

The goods and the bads

Saturn will always limit people and place obstacles in their way, no matter the house in which it is placed. In the 12th house of self-undoing, it influences natives having this planet here to be dependable and always of help, regardless of the fact that they may not have someone on whom they could count on all the time.

These individuals have strong emotions and are always feeling like life overwhelms them. Being also the house of imagination and fantasy, people with this placement may have a great talent for the arts.

They'd be able to paint amazingly from their mind and to put their emotions into music. Their right brain is completely developed, so if they didn't train as artists, they should at least write.

While developing their mind in this direction, they may end up seeing a different world their imagination inhabits and take their guidance from here.

It is possible for them to think all they create with their mind is real, but with a little bit of self-control, reality will always be in place.

They will probably become very famous if they'll learn something having to do with the arts from an early age.

Talent and imagination need to be trained, so parents of Saturn in 12th house children should know what to do for their little ones to end up choosing their right path in life.

As adults, they're generous and flexible, so many different people will want to be their

friends for a lifetime.

Because they'd accept everything others suggest, many people who scam others for a living will want to fool them. In this situation, only Saturn can help them gather their forces and say "No" when the situation suits them to.

Either way, they should always pay attention to whom they're trusting. While the same planet makes them want pursue noble activities, they will always be terrified of letting others down. This is what will impede them from moving forward, no matter if it's about their career or personal life.

Analyzing a situation before taking action or realizing in some situations they can't act alone are also very good ideas for these people but they, however, hate to ask for any help and keep their feeling bottled up inside, which can start to become dangerous with time.

As a matter of fact, this is what causes them to be insecure and Saturn to always work very hard to put them on the right track. If Pisces would be their Sun sign, the same things would be twice as difficult.

These people regret when losing control of situations, yet they shouldn't allow themselves to feel any remorse about this.

All in all, Saturn in 12th house natives deserve happiness and should be aware that self-sacrifice is never an option.

Talking to their friends and family can always have them dealing with problems more efficiently, so this is the strategy they should use.

Saturn ♄ - Ruled by Aquarius (& Capricorn)

These natives are very creative and determined to pursue their dreams with all their being and won't ever let themselves be put down by others.

When they want to do something, nothing can ever hope to restrain them, not the social order and not the seemingly well-natured advice of their friends. It's a shame that they sometimes are very indecisive about the proper course of action that they should follow.

In a nutshell:

Style: Pioneering and impulsive;
Top qualities: Astute and optimistic;
Challenges: Individualistic and insensitive;
Advice: You need to accept disruption as part of life.

Personality traits

With Uranus being the planet most known to deal with the idea of freedom, independence, and the reclaiming of freedom through anarchy, the unrestrained and dynamic Arians are in for quite a transformation.

Natives born under this transit put forth their many ideas to bring unimaginable changes to the world, and in this sense, they can be looked upon by the coming generations.

Even if their ideas are completely new with no one else supporting them, they won't back down just yet. Only the daring and bold could ever touch upon their full potential.

Nothing good and significant was ever done without taking risks, and they recognize this fact as being present in any society. They're willing to follow their ideas to the end, and Uranus gives them the resourcefulness to overcome any obstacles and limitations.

They can get the job done with efficiency and ability, and they are very perseverant, to begin with. If you make a mistake, you'd better be prepared to learn from it, assimilate all the knowledge contained, and get better at doing it.

That's how the Uranus Aries is doing things and may appear as very intense when passing through these phases. In fact, people could be so offended and annoyed by their impulsive attitude that they may even force them into a corner, in isolation.

Their expectations in love

With relationships being the focus of the discussion, there's nothing much to say about the Uranus Aries. They are very passionate about expressing their feelings and letting the other know exactly how deep the love is.

With boldness and spontaneity, they won't hesitate before coming clean in front of you. There's no reason to waste time on melodramatic simulations, overthinking, presuppositions, fears. There's no time for that!

These natives prefer meeting someone who's up to date with the new tech, connected to the current modern society, and not caught up in the age-old traditions of the past. Open-mindedness and flexibility, this is what they're looking for.

The Uranus Aries is endowed with a certain flair for doing business. It's just like they can sniff out productive opportunities from a mile away, while also spotting those disadvantageous ones even faster.

Put that together with the creativity and innovative sense, and you get an individual who'll wreck all the competition, come out on top against any and all challenges.

Most importantly, for all their impetuosity and erratic behavior, they know the value of a solid dose of knowledge, and they are prepared to take up studying once more if the need arises.

The good and the bad

These people are both able and very keen on trying new things, either personal ideas or just exciting things that they stumble upon.

There's no one else quite like them in this respect. It doesn't matter if the rewards are a certainty, it doesn't even matter what compromises they have to make.

Simply by engaging themselves in risky activities, in adventures that most other people would only dream of, they forget about anything else.

Uranus manages to coalesce all this raw energy, all the potential that they're wasting on such erratic behavior and put it to work for them. The planet's influence acts just like a blueprint, a framework for them to work with.

Just as it normally goes, when one is good at something, it happens that disadvantages appear after a close analysis. Their creative impetuosity does bring them a lot of benefits, but that's only when it hits the mark.

Faced with the opposite result, they will certainly blow their top and overreact quite fiercely when things don't go the way they want. They should learn to project a calmer attitude on the outside and control their inner emotions better.

The Uranus in Aries man

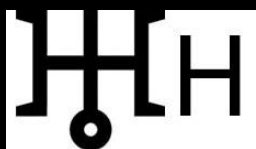

The Uranus Aries man is the type of guy who would enroll for a space exploration mission right now if given the opportunity. Even with the prospect of never returning home, it would still be too exciting and intriguing to miss.

Risky endeavors were always his cup of tea, just like trying new things. The world deserves to be explored, all the nooks and crevices to be brought to the light, and he wants to be the one who gets to do all that.

This native is both spontaneous and edgy, never hesitating when it comes to satisfying his immediate desires but wallowing in self-pity when it all fails.

During those times, his partner ought to encourage him to try even harder, take him through his favorite activities, and bust him out of the prison of his own mind. It's all worth it because he can be a very devoted lover when in a good mood.

Uranus ☿ in II 2nd House

([1054] i.thehoroscope.co)

This placement of Uranus prompts people to choose an eccentric career or to even

show their talents in unexpected ways so they are likely to gain a special status.

People born with Uranus in the second house in their birth chart are not at all like others when it comes to money and possessions. Some of them may not even care where they're living and will keep their needs to a minimum. Their need for freedom is tremendous, so they don't want to feel tied to any possession or object.

However, don't think they won't make a good living because they can even be the type who puts money aside for rainy days. Their financial situation may go from one extreme to the other, so they will have periods of time when very rich and moments when they don't know what to put on the table.

Summary:

Strengths: Inventive, focused and ambitious;

Challenges: Moody and stubborn;

Advice: They should seek to embrace the transformations their life goes through.

Unconventional and impulsive

Uranus in 2nd house natives may make their money in the most ingenious and innovative ways, probably by inventing something that's related to technology, by having a job that's unique, by dealing with electronics or even by making scientific discoveries.

In any case, they'll always be unconventional when it comes to financial opportunities, so expect many changes to happen as far as their wealth goes, or for them to have many ups and downs with their money situation.

As said before, being helped by their friends or even the government may be the solution for them to make a good living.

Eccentric, unconventional and a really strange planet, Uranus placed in the second house, that rules over possessions and finances, means people of this placement have all of these characteristics of this celestial body when it comes to the way they're making a living.

It's possible for them to have the most eccentric career or to their salary coming from a business that seems at least strange for others.

They will experience many fluctuations with their income, so it's very normal for them to

one day suffer from famine and the other to be in malls, buying the most expensive things.

Uranus in 2nd house individuals are the type who gets fired more times than others. It seems that only strange things happen to them at their job, so their superiors may not tolerate unusual happenings around the workplace.

For example, they could come up with gossip about their bosses or cause a fire in the kitchen of the building where they happen to work.

There are many celebrities who have Uranus in the 2nd house. Many of these natives decide to take the self-employment path, but this means having money one day and wondering if business is ever going to get better the other.

At least they are able to make enough and compensate for the quiet days, during the busy periods.

They seem to always have a fascinating story about their work because it's common for individuals having Uranus in 2nd house to experience all kind of unusual happenings.

Many of them don't want to work from 9 to 5, so a different type of job can bring them constant fluctuations when it comes to salary and profit.

They may have a need to be secluded in order to soothe themselves and to be as sensual as they can, but only in privacy. These natives may be attracted to voyeurism as this allows them to participate and in the same time be detached in sex.

Also, they can like pornography and seeing others kissing or being engaged in sexual activities. Many of them will unconsciously need to be isolated from their own body's pleasures because as children or in their past lives, they have had some unpleasant experiences with their bodily functions.

The 2nd house is the ruler of value, finances and possessions amongst other things like comfort.

Uranus happens to be responsible with awakening, so in the 2nd house, it may cause consistent changes, when it comes to the system of values natives have, to happen.

Because it makes significant changes, people having Uranus in the 2nd house may change their values many times during a lifetime. They'll give up outdated methods because they think growth can't be possible without bringing in the new.

Some of them may start around their 30s to no longer consider wealth and to only think of spirituality. Others may get engaged in projects that don't offer them a stable income.

Either way, many of them will be attracted to make money from what Uranus rules over, for example, technology, the sciences, the study of the universe and computers.

These natives are more inclined than others to take risks when it comes to the financial aspect, so they should continue being inventive and oriented towards the future because they may lose money many times, so they need to make more in order for them to have a comfortable life.

Blessings

Uranus in 2nd house individuals love nice things, so their impeccable taste can't really be seen in others.

They can buy really unique art pieces because they don't like everything that's mainstream, therefore, the collections they may have at home can be very rare.

These natives want to invest a lot of sentiment in what they hold dearly into their soul, so don't expect them to go and buy whole collections of art pieces for the reason of just keeping them their home.

Buying the pieces one by one is more likely to bring them the joy of collecting. Thankfully, they'll most of the time make enough money to get what they want, considering they're very hard-working.

While they may have a different style than other people, their logic would always have them doing a great job, no matter the line of work.

In case Uranus is in a comfortable position in the 2nd house, the natives with this placement become more interested in owning and physically engaging in different activities.

They may be so detached when it comes to other people's physicality that they could easily work as coroners or butchers.

Usually generous and kind, these natives don't like to feel stressed about what they own, so they will often give their possessions away.

Uranus in 2nd house natives inspire people to live the way they want and to not care about finances that much. They appreciate comfort though, so they'll work hard to have a nice home and make their loved ones happy.

Very efficient at their job, these individuals will use their creative abilities to finish projects in the most efficient manner. Many will appreciate them for always getting things done fast and the correct way from the first time.

Challenges

Having Uranus in the 2nd house may be a problem when having to come up with solutions fast.

If people are pushing them around to get things done in quickly, Uranus in 2nd house natives become annoyed and allow their stubbornness to take over.

In this situation, expect them to be very cold and not interested in what others may have to say. Proud of being slow, this attitude of theirs can't always be the right one as they should be more spontaneous and come up with answers faster, considering the world doesn't move at their pace.

The more they'll try to be quicker, the more rational and good at making decisions they'll become. Rebelling against those who are trying to make them act fast is not at all indicated.

They should also not think they always know best because their logic and approach can't be all the time perfect.

Not to mention how stubborn they are in accepting other people's opinions, especially of those who don't agree with them.

People with Uranus in 2nd house should learn how to listen because many would appreciate them for being open to discussions.

In case Uranus is in a challenging position here, they may have problems with their physicality. For example, if they've been held on a baby-leash when very little, they may feel terrified of being too close to people as adults.

Their body would simply no longer be responsive to closeness because they've been kept too close when very small. It's possible for them to also have repulsiveness towards the process of chewing food, so they may want to only eat alone because this way no one can see how messy they are.

Uranus in bad aspects with Venus, the planet of the 2nd house, or any other difficult planet for that matter, which can be Neptune, Saturn or Pluto, can make natives with such placements unconsciously feel that their bodies are not good enough, so these people would engage in all kind of masochistic practices as a relief.

These individuals need to undergo hypnosis or talk to a therapist and determine what makes them feel uncomfortable, in order to become healthier from a psychological point of view.

Furthermore, Uranus and challenging positions in the 2nd house may make them completely uninterested in possessions.

They won't want anything in their name, be it houses or cars, because they'd feel restricted and stressed about owning.

With the same placement of Uranus, individuals may not want to borrow money, even when in the most difficult situations of their life, for the same reasons.

It would be great for them to be self-employed because they'd have enough independence to make money the way they want to.

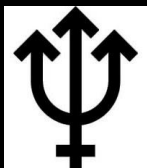

As a matter of fact, many of those who work as freelancers have Uranus in 2nd house because this is how the energy of this planet influences them.

In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

Neptune ♆ in ♋ Cancer man 15° 13'

([1068] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Someone who is born with Neptune in Cancer in their natal chart always plans things with their family in mind, with the wellbeing of their close ones as a priority.

No matter what they're doing, where they are, their first thought is the security and stability of the people they love. In fact, they are a part of many social groups, and are very attached to this concept in and of itself, being a part something greater than themselves.

Being interested in their own person comes at a later stage in life and allows them to explore their upbringing, emotional anchors and what led them to become the person they are. Breaking up with the past is one of the many ways to do this, pulling out all those memories, good or bad, that keep one chained and imprisoned in an old mindset.

In a nutshell:

Style: Idealistic and Sociable;

Top qualities: Stable, patriotic, gentle and understanding;

Challenges: Pessimism and the need to see everything with one's eyes;

Advice: You could support your friends in more practical ways.

Personality traits

Natives who were born under Neptune's watery mark are very comfortable and deeply connected to their sense of belonging to a community.

In this sense, they are very patriotic people, and will always support their country in times of need, even enlisting in the army wouldn't be a big surprise.

Traditionalism isn't far away either because they might also want to protect the generational ideas that have always been there. More practically, they are homely individuals who care a lot about the state of their domestic space.

Moreover, Neptune releases a lot of unused energy that will help them develop more than they would think, on a personal level.

This planet of the intuition and imagination bonds deeply with the Cancer's uncertainties. It gives this native the power to stop overthinking and instead find fulfillment where there is none to be found, when the situation is dire enough to awake feelings of self-loathing, self-pity, anger, disappointment.

Alongside the Moon, Neptune really cranks up this native's potential, bringing the search for inner peace to a perfect conclusion.

The concept of family is much more than that for the Neptunian Cancer. It actually holds a symbolic significance, one that transcends mere stereotypical ideas, that it's something which falls into a routine, a mere social construct meant to have a practical

purpose.

For them, family represents closeness, spiritual and personal fulfillment, that place where the struggles of the world bounce off of, a safe refuge for when they lose their path.

Although they aren't exactly very knowledgeable about how relationships work, and how to deal with the oncoming problems, they have enough emotional depth and get to fix most things really quickly, intuitively.

The Neptunian Cancer is a very loving and empathetic individual who rarely misjudges a situation or doesn't understand the motivations of people around them.

They can not only use their intuition to notice the little details about a person's emotions but also find certain solutions to their problems. On a broader level of understanding, theirs is a highly sociable and communicative approach, which makes connecting to people much easier.

They are also prone to such emotional insecurities, and many times, the most recurring issue they have is tied to the inner breach caused by their many vulnerabilities and emotional weak spots.

They are afraid to be hurt and disappointed and try to build themselves a safe environment, a safe haven outside the confines of society.

They feel like they have to give vent to all the inner feelings that have gathered inside there for so long. Even more, they are more than willing to share this spiritual epiphany with everyone else.

A unity of being can only be achieved when one is in perfect harmony with his surroundings, and this is what Neptune teaches these natives above all else.

The positives

The Neptunian Cancers would be quite efficient working as psychologists, psychiatrists, or professional counselors, due to their great intuition, deep empathic skills, and productive communication abilities.

They are in-synch with the world and understand the intricacies of the human psyche more than anyone else.

Why is that? Because they can experiment on themselves, they own a mind that is very complex and hard to manage anyways.

More than just to develop their professional expertise, they'll want to help their family

and close ones develop in this sense as well.

The negatives

Routine is something that the slow Neptune adheres to and is also to the liking of the emotional Cancer, so you can be clear that for the Neptune in Cancer individual, if something happens that changes their well-established order of things, they can get extremely annoyed, uncertain, and very anxious.

They have long-since gotten comfortable with a certain lifestyle, and to change it would be sacrilege committed against their own personal satisfaction.

In this sense, they will do everything in their power to uphold that state of permanence, of constant comfort that brings so much personal fulfillment to them.

Even if this sort of means sabotaging themselves of even the development of those around. They are prepared to hide from change and transformation, if this means that their comfort is protected.

The Neptune in Cancer man

If the level of empathy and emotional sensitivity would be directly proportional to the karmic ties of a person, then the Neptunian Cancers would straight-up shoot towards the level of a Buddha.

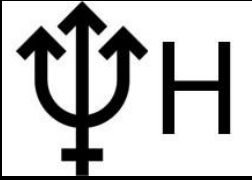

These natives feel much more intensely than most other men, and this is by no means a symbol of their weakness or lack of manly dominative characteristics. It just proves that their emotional intelligence is far higher compared to that of most of us.

However, they are also very vulnerable to emotional disappointments, and when the time comes that they are feeling desperate, lost, without a place in the world, they expect their partner to be there for them, with moral support and a warm embrace at the ready.

It's also a good idea for the man with Neptune in Cancer to take some time for themselves, take a step back and meditate on the particular reasons for the problems they have.

Relaxation is key here, a way out of the stressful routine. Escapism is underrated these days, but Neptune brings it all back together, the notion that solitude can eventually mend all spiritual wounds, especially for introspective individuals like this man.

Fantasizing about the ideal partner, they're too dramatic and sometimes imagine things, so many of their partners will decide to leave them.

They may not see love as it actually is because they have these rose-colored glasses when it comes to issues relating to love.

Attracted to everything that's erratic, mysterious and unconventional as far as love goes, they may fall for people who need to be saved, are cold, don't want to commit or have no idea what to do with their life.

Being so dramatic can be exhausting for them, so they should find a balance in life and

to keep their high ideals, while not expecting everyone to live up to their expectations.

As said before, Neptune in 5th house individuals are very good actors, so their creativity exceeds the normal limits. Passionate and seductive, they could attract anyone and make love whenever they want to.

When they've fallen for someone, they really let themselves go and no longer care what is happening with other things in their life.

It's essential for them not to become unrealistic as far as romances go because they can fall in love with people who aren't available or with images of individuals that don't in any way show the real person.

Neptune 5th house natives may need to examine what's glamorous and fascinating about love in general, their own creativity and the children they're interacting with.

Some of them have their children sacrificing themselves for their happiness, in one way or another, so when feeling life's difficult, they may turn to their offspring to become safe.

Wherever Neptune is placed in a birth chart, it shows the ideals and dreams of natives. It's also the planet that's responsible with influencing people to wear rose-colored glasses, which means it has a lot to do with denial and with making individuals see and hear only what they want.

The 5th house of love, children sex and gambling is influenced by Neptune to bring in a lot of imagination when it comes to all these things.

Those having this planet here would idealize their partner and think of many possibilities they could have with romantically unavailable people.

They may also not see the bad in others and think people who've done them really nasty things had a reason for being the way they were or perhaps have rehabilitated.

These natives can only see what's good about a person and think those who have ugly things to say about others are in fact either envious or extreme.

As they only see what they want, they may think of their relationships as being something more than they actually are.

Therefore, while their partner would be cheating and lying to them, they'd avoid believing all this and staying next to that person for as long as possible. It's very likely for them to be in relationships that don't make them happy.

These natives are the type who wants to rescue, so they'll only grow to be attached those whose life seems to go downhill.

They simply love drama and, even if they don't admit it, they're loud, exhausting and too much for others to handle.

When it comes to what the 5th house deals with, they will be very secretive and in the same time overjoyed, no matter if all that's happening with them is only in their mind, considering they tend to fantasize and be disillusioned.

Obviously, the aspects in which Neptune is with other planets matters a lot when talking about the traits individuals with Neptune in 5th house have.

This planet is a not too clear mirror that reflects the energies received from different other celestial bodies. Therefore, when in positive aspects with planets, it has a great influence over the traits belonging to either house or a planet.

Neptune in negative aspects can be malefic, passive and only a receiver. Amongst other things, the 5th house rules over joy and relaxation, so natives with this placement may really appreciate things related to these aspects of life.

They simply love dancing and if women, can be very seductive in their movements. It's like water flows through their body and they can dance to any type of music.

It's also possible for them to be great poets, depending on the aspects in which Neptune is. Also ruling children, the 5th house influences people with this planet here to have dreamy sons and daughters.

These little ones will be fantasizing all the time, and not really care about everyday issues. This means they'd make great artists and could achieve success without even struggling.

But at the same time, they'd be very sensitive and always charged with strong emotions, which will also be a sign they're good psychics and in school, they can rely on their

intuition all the time.

Neptune in 5th house natives will be very secretive about their children. Men with this placement may have one kid and not know anything about him or her, while women would say their relationship with the little ones is complicated.

When Neptune is in bad aspects with Pluto, Mars and other malefic presences, the women with these placements may suffer miscarriages or can have many abortions.

That's why they should avoid using drugs as these could either make them pregnant when they don't want to, or cause them to abort the child they'd want.

Adoption is very possible with Neptune and the 5th house so there also many good reasons to be happy about this placement.

The goods and the bads

People born with this astrological placement are very enthusiastic and want others to see the world the way they do. They will take their loved ones with them in their adventures because they want closeness when traveling.

Able to inspire optimism as they're always happy and positive, they'd make great leaders. Their methods of bringing hope and inspiring people to live life as happily as possible are not known, yet still very efficient.

It's normal for them to have many friends and to change partners like others change their socks. They don't see a problem in being like this because falling in love seems to be their favorite thing to do.

And they're very good at it, considering their partners are always happy and fulfilled. It's in their style to spoil their lover and to want appreciation in return.

As a matter of fact, Neptune in 5th house natives can exaggerate with the way they're pampering their other half, making it difficult for many to be able to return the favor.

When not appreciated for what they're doing, these natives get to feel disappointed and even hurt. It's important they don't allow their partner to become as dramatic as them, especially when it comes to problems that don't even matter that much.

Having a quick temper and a big ego, they may actually be difficult to deal with when in a long-term relationship.

They should pay attention and not fall in love with dose who aren't meant for them because they tend to idealize people and to fantasize about things that aren't real just for the sake of drama.

Neptune ♃ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are “virtuous” or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

([920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Pluto ♇ in ♐ Sagittarius man 27° 58'

([1097] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

People born during a time when Pluto transited Sagittarius are significantly more spiritually attuned to the world than the rest of us, being able to tap into a form of ancestral power hidden deep within themselves.

This is connected to religion and any other form of spirituality, giving them the potential to bring about a true spiritual rebirth, or pave a new direction for the whole world to take.

In a nutshell:

Style: Principled and exploring;
Top qualities: Trustworthy, resourceful and spiritual;
Challenges: Superficiality and lack of tact;
Advice: You need to keep close to family ties.

Personality traits

This native has a free-flowing personality, always searching for the next adventure to partake in, for the next thrilling escapade to create memories about.

The Plutonian Sagittarius envisions a great future for oneself, a future marked by a change of perspective, by a lot of traveling to exotic places and other foreign territories.

Freedom and open-mindedness are this native's greatest perks, and they make full use of them with the help of Pluto.

The dynamic planet enhances this native's communication skills even further through the series of adventures and people that they meet along the way.

Pluto is associated with a state of inner illumination through knowledge, the elevation of one's spirit and status by acquiring and assimilating bits and pieces from all around the world.

Plutonian Sagittarius natives are literally obsessed with having new experiences from which they can extract even the tiniest bit of information.

Self-development was never this fun and exciting, and as long as nothing gets in their way or bars their path, the Plutonian Sagittarians will keep on going forever. With every piece of knowledge acquired, they expand their minds even further, learning to accept much more of the world.

On the one hand, the spirited and spontaneous personality of this native is a good thing, ensuring that one doesn't stay for too long in one place and that one doesn't try to take control or dominate a situation.

Once this native notices that there's nothing else to learn, they quickly depart for the next adventure with nothing but their excitement and intuition to guide the road.

The good and the bad

The Plutonian Sagittarius seems to always be evolving from the experiences that they go through, further developing skills through the knowledge they acquire.

However, changes in the worldview don't mean that this native changes what they perceive the essence to be. Yes, they might view things slightly differently, but their life principles are basically immovable.

The one born with Pluto in Sagittarius has a morality system deeply engrained in their subconscious and there is no ounce of arrogance or egocentrism in what one does.

This native's most glaring flaw is that he never fully thinks about his next course of action, instead, letting it all come naturally. This lack of self-awareness and planning may get anyone in trouble, but mistakes are opportunities to learn from, and if the Pluto Sagittarius realizes this, everything should be alright.

Moreover, in order to better continue on the path toward self-development, one should think about being more flexible with their life rules and not being too tied to their comfort zone.

Pluto in Sagittarius in love

The Plutonian Sagittarius tends to have a very peculiar approach to social relationships and love matters. They tend to trivialize them, never grant them the importance they deserve because of their highly spirited and spontaneous personality.

Unrestrained and a freedom-seeker, these natives pass through the world at break-neck speed, just like a vanishing shadow or a sprinting leprechaun, always looking for the next excitement. Especially when they are young, their dynamism and high-paced enthusiasm takes them far from any commitment or serious bonding.

This doesn't mean that the Plutonian Sagittarius never takes a relationship seriously because they can become reliable and even slightly romantic companions.

These natives care very much about their friends and family, even if they don't always show it. They are most demonstrative in key moments, when their support and attention is crucial to the situation at hand.

Eventually, they will meet someone who will make them put aside everything else and reveal his feelings. That's the moment this guy finally commits and becomes incredibly devoted.

The Pluto in Sagittarius man

Compared to their female counterparts, these men are not exactly very interested in reclaiming their emotional side. Rather, they would like to embrace just a little of the softness and tenderness innate to romance.

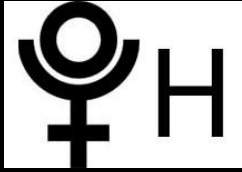

The last time in history when Pluto transited Sagittarius, these men were at the top of their social game, always engaging in heated debates, having long discussions about the most controversial topics of the time, and mostly focused on bringing change to the world.

Being willing to share one's ideas with the world may now be perceived as only natural and a mark of great intelligence, but it was not always like this.

The last time that Pluto roamed the Sagittarius, society was especially against this type of attitude, discrediting it again and again. Those who had the courage to break these barriers were mercilessly mocked and their valued demeaned to no end.

This means that the Plutonian Sagittarius men still have these attitudes engrained in their subconscious and feel the need to fight to have their voices heard.

Pluto ♀ in X 10th House

([1110] i.thehoroscope.co)

This placement of Pluto makes people benefit from razor-sharp focus and become determined in overcoming any narrow-minded beliefs of those around.

Those born with Pluto in the tenth house of their birth chart are always focused on their career, advancing up the social ladder, polishing their skills and getting better and better results at work.

They devise well-defined goals, plan out ahead of time and strategize, taking into consideration any possible dangers, and follow through with unshakeable confidence, ambitions, and grit. They research a lot, gain the necessary knowledge and know-how to make their lives a paradise.

They are perfectionists as well, all-in or nothing at all individuals who want nothing but the best. They probably had a parental model to reach such levels of excellence and work ethic. These principles couldn't have appeared spontaneously like that. Instead, they must have been nourished.

Summary:

Strengths: Creative, firm and visionary;

Challenges: Manipulative, disrespectful and complex;

Advice: They need to learn how to talk and communicate effectively with different kinds of people.

There is no middle ground

Pluto in 10th house people are very special individuals who can't help but make a good impression on whoever meets them.

Their unique and otherworldly presence, the serious attitude when involved in a project, the razor-sharp focus, and determination, as well as the professional ethics, these are very attractive and admirable.

They are constantly improving themselves, autodidactic actually, and curious and how things work, what makes them work, and how they can be made better. Also, they are

very good with people.

They won't even back off or abandon the boat once they've given their word. Whatever projects they initiate will either end up in glory, proof of their excellence and ambitious nature, or turn up to be a total fiasco.

There is no middle path. At least they've tried their best. Ideally, they will have to overcome such things as narrow-minded traditions that put a stop to any creative additions.

However, this would shatter the status quo, shake the very foundation of the people's way of thinking. It's not something so easily achieved.

These natives are naturally going to gravitate toward success and social rank, to increase their power and influence over the people.

That's how they view themselves being fulfilled and happy, being at the very top of the food chain, dictating how the social ladder moves about.

However, Pluto instills in them a more open-minded approach, that this materialistic goal isn't the only path, and not the most desirable one either.

There are other, more appealing paths to achieve magnificence as well. Inner security and emotional stability can be achieved through personal development and a natural growth of character.

The thing is, the Pluto in 10th house aspect is naturally associated with society, its inner workings, requirements, rules and regulations, and expectations.

As we've previously said, they are naturally directed toward obeying these rules. As such, they might often try to manipulate the weak-minded and take advantage of the misfortune of others.

Also, when they finally get to the top, they might have abusive streaks. Power is a monster, an abyss that can swallow anyone if overused.

They are weirdly taken down by the prospect of achieving much more than they can or could ever achieve.

What ifs are eternally tormenting them. This creates difficulties and uselessly complex situations that stop them from moving forward. It's a feeling of guilt, mainly, perpetuated by other people.

They are liable to go through emotional turmoil and get to a state of instability thanks to

conflicts and arguments in the family.

Tragedies and traumatic events are also possible. It will shock and leave them torn asunder. However, if they learn to take heed of Pluto's advice and harmonize its energies, they will not only become less likely to fall prey to such harmful events but also become more disciplined and ambitious.

They are very responsible and honest with themselves, admitting when they make mistakes and realizing what needs to be done to rectify them.

Pluto in 10th house natives might find themselves to be specially endowed with talent and insight into the more profound and unorthodox fields like occultism, magic, spiritual healing, scientific research, and so on. Not only that, but they will also excel in this regard.

Either way, they have to keep their motivations sky-high in order to achieve the best results, to be ambitious and to have an enduring stamina.

Otherwise, without firm and fixed goals, visionary aspirations and big dreams, they are only going to waste that talent and potential. They will end up a spent force, a complicated and troubled existence awaiting them.

The goods and the bads

Pluto's placement in the 10th house in the astrological diagram endows these natives with the desire and potential to affect the whole evolution of society. It gives them the chance to change the world, change the minds of the people, and do groundbreaking deeds.

They want to reach a level where they are able to influence the workings of society, a position of power, to erect an empire built on constant effort and ambitious attempts.

Professionally, they will be noticed by the higher-ups from the very beginning, but their relationships with colleagues will be strained and forced. Ability is often the object of jealousy, as it happens everywhere.

They need to learn how to talk and communicate effectively with different kinds of people. Various approaches are necessary to proactively interact with people from different social strata or with different ideas, and so they need to be open and determined.

This determination and natural gritty attitude will mark the boundary between success and failure, between life and death.

The real crux of the issue is how they actually deal with the problems, not the results.

They need to plan accordingly, to take everything into consideration, to realize that it's going to take many attempts to reach a desirable outcome.

There will be plenty of obstacles on the path, but being perfectionists, they will always overcome them splendidly.

Change is liable to scare them away. Usually, they have pretty fixed routines and ways of doing things.

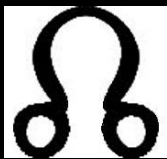

If they have to change those principles and habits, it's going to take a while, if they're willing in the first place.

It's not that these natives are narrow-minded or lacking in vision, it's that they are often afraid to shake things up, to go against the normal structure of things.

Tradition, therefore, is something untouchable and unbreakable in their point of view.

That is, unless it's a constant and slow advance forward, with healthy breaks and definitive changes that will replace that feeling of being lost. Change is, after all, a necessity for personal development and advancement.

North Node ♌ in ♍ Virgo 14° 44'

(Georges Muchery)

The Dragon's Head in Virgo gives fine aspirations. It is an ideal position for poets and writers, but not for business people, as it is too idealistic and not sufficiently practical. This position of the Dragon's Head is not good for marriage; physical love is non-existent, but on the other hand there may be much platonic or idealistic love. There is an entire absence of anything mean; the mind endeavours to free itself from matter, and this does not always benefit the pecuniary position. The native does not view life in its true perspective, and will therefore have to contend with the problems of existence. Success comes nevertheless after a long delay. There may be a fortunate and wealthy marriage, which will turn out happily if helped by good aspects of Venus and the Moon. Failing this, the position often indicates celibacy.

The Dragon's Tail in Pisces is again a sign of deceit in love, and of infidelity. The native unconsciously indulges in gossip which is detrimental to him. The position also brings physical and moral sufferings, brought about through the native himself. A general

indolence is indicated, which can be modified by a good aspect of Mars. Stability in matters connected with the affections will never exist.

(Isabel Hickey)

North Node in the sign of discrimination and purity shows these are the qualities that will lead to growth and progress in this life. The hidden 'Christ within' must be expressed through service. South Node in Pisces would show past tendencies of escapism, copping out of responsibility; and it would be easy to follow that pattern in this life, for the tendency could be there unless the rest of the chart showed differently. Senses and sensuality have been strong in the past; now the higher senses must prevail.

(Martin Schulman)

The object here is crystallization. The individual has to overcome past life superstitions which now impede his growth and see clearly the truth of all things before him. Prior tendencies to be dependent on others as well as to swim in the selfpity of non-achievements are strong obstacles to be dealt with and surpassed in the current life.

The individual must make every attempt not to allow himself to become bewildered amidst the maze of confusion that clouds his inner vision. Strongly conscious of trying not to hurt other people, he spends much effort to develop the ability to say what he really feels. In essence, his weak spot is hurting himself, even though he will have many opportunities in this life to know better.

He must work to build his confidence, from which he ultimately learns that nothing happens in his life until his goals and objective are clearly defined. In past incarnations, this individual was deceived by many through his over-compassionate tendency to fall for sob stories. Now, he still cringes at the sight of suffering, strongly feeling the emotion of other people's pain. He thereby allows external sorrows to drain him of his strength, until he reaches the point where he's had enough. Then the realization that his soft heart is his weak spot pushes him to his Virgo North Node, where he begins to develop the ability to discriminate between what is truly worthy of his sympathy and what is indeed fantasy!

He spends much time in the current life sifting through his value systems, discarding all that is uimportant, so that he may ultimately develop a filtering system which will enable him to make critical judgements without being swayed emotionally.

This incarnation is to teach him how to swim out of the pea soup he has fallen into; and what never ceases to amaze him is the fact that so subtle was his slipping into illusion that actually he never saw it happen.

He must try to avoid escapism and daydreaming at all costs, for in the end these weaken

him to the point that he may forget how to function on the physical earth plane. From past incarnations his intuition is unusually strong and accurate, but with it comes the Piscean depressions stemming from a sensitivity to other people's disappointments.

In learning the karmic lesson of not to depend, he ultimately discovers that all those he desired to lean on eventually come to lean on him. He constantly has to pull out of events, circumstances and relationships whose very heaviness cloud his vision. His own pity for other people can lead him into positions in which he spreads himself too thinly. Hating to tell people what they don't wish to hear, he develops the art of subtlety.

One of his biggest lessons in this life is to develop the ability to say 'no' and mean it, for the softest plea from a tear-stained eye has always made him go back on his word. Well, he knows his own weaknesses, and it is through this knowledge that he can develop his greatest strength. By the refusal to be swept off his feet by emotion, he gradually swims his way out of confusion.

Many with this Nodal position have been through past-life persecution experiences, and as a result they develop a deep understanding of the pain of others. Still, they can be deceived by others, almost as if their inner gentleness becomes confused with weakness to the point of inviting again in this life the very persecution they are running from.

They have the ability to carry deep hurts within them for many years. Yet from time to time the build-up eats away at their nervous system.

Here the Virgo North Node can act as a savior by cueing them into the diet and health conditions which will bring the most benefit.

These Nodes are especially helpful in the fields of medicine and healing, where the past-life carry-over of a strong compassion for humanity, coupled with a fresh desire for perfection, can be readily expressed. Idealism is high, but the soul's memory of a lack of self-confidence brought about by so much past persecution makes it difficult for the individual actually to believe that he can reach his ideals. He has constantly to fight the tendencies he feels towards giving up. Ultimately it is the great wisdom learned through the bitter lessons of the Pisces South Node that redeem him. For no matter how difficult conditions get, he still clings to his rainbow dream where peace and love rule the world.

He is highly critical of others when he sees them falling short of the perfected ideals he knows they are capable of reaching. He has to learn to put into practical use the essence of his own ideas which he has always vaguely felt but has been unable to verbalize. To the extent that this continues, he feels misunderstood. In times of need, he truly wishes for others to help him, yet he feels that it wouldn't be fair to ask for such help. Instead, he keeps seeking out people with depth, silently hoping that they who can see through him will care enough to fathom his problems.

Constantly seeking warmth in others, he turns stone cold when in the company of coarse or crude individuals. One of the most beautiful things about the Pisces South Node is that as the years go by he is afforded the opportunity to develop forgiveness for all those who have hurt him in this life as well as in past incarnations.

These Nodes represent the clouds and the sunshine, the illusion and the real. Always seeking some better state, this individual eventually comes to learn why other people suffer so much. Until he learns this, he goes far out of his way at the risk of hurting himself to help any and all who suffer.

His current life karma is to strive for purification and perfection in himself, while tolerating with gentleness weakness in others. This brings him his biggest lesson - self-discipline! He must learn clearly when to let the water run, when to shut it off and when to alter its course.

He must not overlook details, for it is often the Piscean lack of attention to detail that causes him to miss the clarity of understanding he is seeking. By developing a clear perspective, he can start to avoid the tendency to excess that he has brought with him into this life.

If he is to be happy, his life must be dedicated to service rather than secretly wishing others to drown his past sorrows. His biggest lesson of all is never to doubt the purity of his objectives.

This individual is starting to make things work on the earth plane. In past lives, he developed an intuitive understanding of the nature by which man and machine function, but now he is confronted with putting this knowledge to use, rather than daydreaming about some future far-off moment when all his dreams might come true. He must be careful to make all times the present as well as all places here; for only through living in the here and now is he able to funnel into crystalline form the vast reservoirs of essences which he has accumulated through all his lifetimes.

He is to become the focusing lens on a form projector which contains millions upon millions of blurred negatives. Yet through his North Node, he is capable of refining each one so that ultimately no knowledge he has ever acquired will be wasted. In effect, this is a rather frugal Node position. Here also the mind and life become as a machine, with all the separate parts forming an integral part of the whole. When any part of the life is not functioning properly, it must be immediately repaired or discarded.

The life is geared to striving to raise efficiency and order out of the sea of the Piscean whirlpool. Much prior life work was spent in renunciation. Now only vague memories remain. In this life, the individual must learn to display the perfected ideals he has achieved through giving up all but his appreciation of the Divine Essence.

The house position of the South Node indicates the area in which a past incarnation reached Cosmic Understanding. The house position of the North Node shows the area through which crystallization can now bring that understanding into material reality.

(Donna van Toen)

You need to learn to work. Your Pisces South Node may reply 'Yeah, but that means giving up my privacy'.

Your problem may be your inability to analyze feelings.

Possible reasons for this problem: excessive tolerance of unacceptable behavior from others; faulty reasoning; a tendency to gloss over flaws; a tendency to help others while letting your own life disintegrate; escapist tendencies; your early upbringing having led to a 'you owe me' attitude; your sense being over-active, overwhelming your logic.

Possible solutions: Channel your fantasies into creative work - poetry, fiction, psychology, etc.. Learn to rule your senses instead of letting them rule you. Learn to lie skillfully. Shun human contact as much as possible. Over-eat, drink too much, get stoned.

Health problems are a frequent manifestations of the Virgo North Node - Pisces South Node imbalance. These may be physical or mental, real or imagined. Both fear of people and excessive dependency are common - sometimes simultaneously. Compulsive over-eating or an obsession with thinness can be a manifestation. Occasionally I've seen this position in what I call the spiritual or psychological hypochondriac who drifts from guru to soothsayer to therapist looking for someone capable of solving his or her problems for him or her. Invariably, there's a craving for happiness; however, the client can't generally define what this happiness would entail, except to say there would be 'no more problems'. Well-being improves when the Virgo North Node's potential for objectivity and practicality is channeled into some sort of meaningful work.

Some signs of an over-developed Pisces South Node are: excessive daydreaming; constant requests for help; a 'too sweet for words' façade; strange attitudes towards work; little control over emotions; masochistic or morbid tendencies; overall discontentment with his or her lot in life; shallowness and game-playing; moodiness; and a tendency to attract chaotic conditions and disorganized people.

North Node in Virgo dreams of being the trusted second-in-command without whom things would fall apart. He or she wants to be a policy-maker or manager, or at least the chief executive's right-hand person. He or she wants to be known as someone who can't

be deceived or boondoggled. This is generally a quiet person whose feelings are more important than logic in terms of outlining a direction in life. Instead of a policy-maker, he or she is generally a dreamer whose dreams seldom become realities. He or she lacks - or at least hasn't developed - the analytical abilities inherent in the Virgo North Node. He or she is vague about goals and vaguer still about how to realize them.

Antidotes for Virgo imbalance: Typing is a very helpful antidote, since it encourages neatness and order. The study of history is recommended if there's aptitude along these lines. Gardening is a very good antidote. Weiting should be encouraged, with inspirational writing, social commentary, and ideas stressing reform being especially good. Public speaking should also be encouraged, with literary, analytical, scientific, and gardening topics being favored. Should there be no aptitude along these lines, an alternative topic should be sought according to the overall chart.

If career advice is sought, secretarial work is an obvious choice; however, few male clients are likely to find this attractive, no matter how much aptitude they have. Other good choices would be bookbinding, statistical work, historical work, work in a stationary store, and writing of any type. If the client is young enough and capable of receiving proper training, law or paralegal work might be considered. Again, you'd want to look for additional corroboration from the rest of the chart.

When North Node is in Virgo in the twelfth or first house, there are usually problems connected with a low self-image or a negative outlook on life. There's often a history of restriction of some sort. In these cases, it would be a good idea to suggest professional counselling if the problems are severe. Reading such as 'I'm OK - You're OK', Assagioli's writings, and much of the literature on Gestalt Therapy (especially Fritz Perls' writings) might also be helpful.

Certain hobbies could prove to be both enjoyable and beneficial as antidotes. Among these are music, bicycling, walking, and many types of volunteer work. Crafts of various types might also be considered if according to the client's aptitudes. It's common for clients in these categories to have no idea what they might be interested in - let alone good at - so you should be prepared to spend a fair amount of time exploring along these lines.

(Mohan Koparkar)

Previous incarnation for this person was quite a mediocre life. He did not have many opportunities because he could not properly identify them and use them. All he had was a great sense of instincts in that life. In this lifetime, he may not explicitly believe in inner instincts, as his logic and synthesis are well-developed. He would want to achieve things entirely by their use. However, as a fail-safe mechanism, he has been given the gift of 'insight' to things which he can use when in great need. Discrimination is one of his major enemies, and he often makes decisions based upon pre-discrimination. He has

been given many opportunities in this life, but, at the same time, he has to achieve them very methodically. Thus, he cannot just skip and go on to the next game in life.

(Haydn Paul)

One challenge is how to relate your emotionally sensitive perceptions to the world in a way that becomes creatively positive and bridges both spiritual and physical realities. You tend to depend on others to define your life direction, perhaps through earlier social and parental conditioning, which also shapes your self-image.

Your weak spot is emotions. You will be highly compassionate, feeling the world's suffering and pain due to empathic attunement to others' anguish. This may inspire efforts to minimize pain for others, and will even be displayed through tact and diplomacy, often controlling what you say, feel, and think. You try to remold yourself to avoid giving offence to others; but in so doing, you can damage your integrity and become confused by ignoring the messages of your feelings. A combination of sympathetic sensitivity and inner / outer evasion can weaken and distort your energies and strength of identity, leaving you open to exploitation by unscrupulous characters.

Emotions will dominate judgements and decision-making; and you need clarity as to your real needs, desires, and thoughts. Saying 'no' to others poses problems, and you are easily undermined when others appeal to your vulnerable emotions and persuade you to change your mind. Self-assertion is required when you are confronted by others. Acknowledge the equal importance of your individuality, and be less passive and self-sacrificial in attitude.

Escapism, daydreaming, and fantasies attract, and you may retreat into an ideal and perfect inner world where all is good. This is the conflict between illusions and external reality which reflects the interplay between the Virgoan dream of perfection and the Piscean dream of idealism. A misapplication of these impair your ability to deal with the real world.

You can contribute to society when you work with your strengths, which emerge from an idealistic vision applied in daily life to benefit others. You may develop service concepts which embrace an understanding of how to serve, when to serve, how to receive from others, and how to recognize those you can benefit.

You may display idealism but, until you achieve self-confidence, may limit opportunities to manifest ideals, or even give up making the effort. Yet it will be the lessons learned from these struggles which strengthen you. Often disillusionment is a most effective teacher; the challenge is to continue to maintain your dream of peace and love ruling the world, despite the painful struggle. You have to live your vision, beliefs, and principles in the outer world; they have no reality if they remain as dreams. They need testing in the crucible of daily experience. Your sensitivity, spirituality, and vision of the ideal world

need grounding; even in a small way, it is a step forward.

Facing conflict between illusion and reality, you always seek a better state for yourself and others. Much enlightenment can come when you realize why people suffer so much, but in this you also find the key to your own suffering. The deeper your self-understanding, the less you need to rely on others. The more you test your beliefs in real life, the more ideals can emerge in pragmatic and practical activity. You may find that directed imagination - perhaps through creative visualization techniques - especially benefits your self-healing transformation. Within the Virgoan service impulse of working for the community is a potential path which corresponds to the Piscean vision of fulfillment for all.

(Bruno and Louise Huber)

The mutable Earth sign, Virgo, calls for mobility, fluidity, and flexibility. In contrast to Leo, we should total up everything of real value in our life, and discard the pomp and circumstance. We must come to terms with the community in which we live and with the environment as a whole. The 'You' is clearly emphasized here.

Leo also lays emphasis on the 'You', but in Leo we are free to make an impression on the world. Virgo is a serving sign, in which we are in a weak position and more or less at the mercy of others. Society has the last word, and our partner tells us what to do. When the Node is in Virgo, we even have to let the world decide what good we are and assign us a place - not the place we may dream of occupying, but the one for which we are suited. Conformity and adaptability are keynotes of Virgo. Now, to have to knuckle under can be very tiresome, not to mention painful. For this reason, we find many Virgoans grumbling about the miserable circumstances they had to endure.

Of course, a readiness to fit in and find one's proper place must not lead to identity loss - as can happen with hard aspects to the Node. Then one would end up in a state of alienation and become nothing and nobody.

The Node in Virgo should make us willing to adopt a positive approach to the people around us, and to see and understand what they really need before giving them what we have to offer. In the Virgoan Node, helping and serving are essential forms of expression of an active and practical love for others.

North Node ♍ in VII 7th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in this house is good for marriage, which it causes to be contracted on a lofty, sentimental and secure basis, provided Venus and the Moon are well-situated in the horoscope. It is also very powerful in regard to partnerships and contracts, which it helps to make successful. It is also in this House that it is most favourably situated for lawsuits, which will be won through its support, thus bringing unexpected gains.

It is also a token of inheritance from grandparents, or an increase of wealth for the latter, by which the native will benefit.

The Descending Node (Dragon's Tail) in the first house has a detrimental influence on the development of the native in the early period of his life. It upsets his health, and often his mind as well, inasmuch as he will be too analytical and will not always see things as a whole, but will become absorbed in small details. In regard to any special question put, it would signify a very bad beginning for the matter under consideration, as it always entails trouble and worry. This influence in a horoscope continues for a fairly long period, inasmuch as the Nodes being retrograde the Dragon's Tail passes from the first to the twelfth house, which is also malefic.

(Isabel Hickey)

Needs to get away from himself. Has lived for and to himself until he has become too independent. Needs to take other people into account and get away from too much self-centeredness. Self-assertion has to be eliminated. Integration and fulfillment come through giving up the personal ego and helping others to attain a sense of their worth.

(Bernice Grebner)

This person has to overcome a tendency to work by himself. He needs to learn to work with a partner, to learn the balance it takes to do this. He has to strive for a close personal relationship with others. This relationship should bear some constructive fruit, whether business or marriage. This is quite a step because it leads to the death of the self-centered ego. The person then acquires the knack for becoming an arbitrator. He needs to develop an appreciation of beauty in the arts.

South Node in the first is the egotist. This is the person who tries too hard and, as a result, comes on strong at first. It gives a strong pioneering spirit with a 'me-first' attitude.

There is an ability to do all things by oneself. This position can give a changeable personality. He tries too hard to be a special personality. This person may think in terms of his physical body being superior to others. He has a tendency to push himself too hard because of a lack in partnerships. The problems in life seem to be very much concerned with self. He can be the fearless pioneer of new concepts or new activity.

(Mohan Koparkar)

This condition often signifies marriage or partnership activities are extremely important in his life. Self is often given no priority but what is best for the marriage is taken into consideration. Thus, a self-sacrifice for the betterment of the marriage may turn out to be a devastating situation. This individual will try everything to maintain that relationship. As an individual, they may not be able to contribute and achieve much in life; however, with partnership activities their contribution and output is substantially increased. They often have a good public image; and their objectivity is fairly well known among others. They are very charming, diplomatic and polite in general expression or communication.

(Martin Schulman)

Here the individual has many lessons to learn in areas of partnerships, marriage and co-operation with others. In past incarnations, he had to account only to himself for all his thoughts and actions. Now in the current life, his soul remembers all the individualism and independence he enjoyed.

While he may pretend to be a good listener for the sake of society's acceptance, he rarely takes advice given to him. Instead, he spends most of his energy developing whatever abilities he has, while constantly seeking approval for the efforts he has made.

Although he will be the last to admit it openly, he never quite notices others as much as himself.

He has great apprehensions about being outdone, and will go far out of his way to secure for himself a position where his dominion will not be challenged. If the rest of the horoscope shows strength, then this is truly the individual who wishes to be 'King of the Mountain'.

Although his experiences in this incarnation teach him to sacrifice for others, he never truly sacrifices himself, for he has spent lifetimes building to a point where he has now become an independent spirit.

He can relate to others so long as they don't shackle or bind his sense of freedom. If he feels someone close to him is inhibiting his self-expression, he will do all he can to extricate himself from the relationship. Thus, the marriage state is not one that comes easy for him.

Individuals with these Nodes are either single or divorced, or at least separated in consciousness from their spouse. They find it difficult to believe that the continuance of their own past-life selfishness is creating all the problems for which they are now blaming others.

They must learn how to give with a whole heart, rather than symbolically throwing a bone here and there just to keep the pack quiet.

This individual is usually so out of harmony with himself as being part of a greater universe that he is prone to develop a chronic impairment or impediment, either physical or emotional, which he ultimately uses for sympathy. The last thing he is willing to accept is a sense of failure, for he constantly feels the needs to prove his own self-sufficiency.

Sometimes he is seen by others as a battler, well guarded against any threats to his ego. Since he truly doesn't like to be dependent on others, his loyalties are questionable. Underneath it all, his past incarnations have taught him to be faithful to himself, and therein his allegiance ends.

For those who wish to join him, he will be their patron, but rarely will he go out of his way to join them. He is a 'loner', conscious of his own unique individuality, and proud of the ways in which he knows he can retain it.

His karma is to learn consideration for others, for in his desire to be the center of attention he projects himself as more important than he usually is, thereby shutting out the very love he claims he is being denied. Still, he desires to control others, and in this ability to control he bases his security.

He is capable of great achievements, but he rarely reaches the levels of his capabilities because he is so wrapped up on self that he fails to see the cosmic scope of his personal ideas.

He must learn to view the reflections of his thoughts and actions and to realize that there are always two sides to a coin. Eventually he comes to understand that while both sides of an issue may be totally different, neither is better or worse than the other.

His major growth occurs when he can detach from himself and impersonally laugh at all the ego-centered ideas that ruled him in the past.

He must ultimately come to the point at which he is willing to take all the power, strength and confidence that his prior incarnations have built and give it away to others who need it more. He must do this wholeheartedly without a sense of martyrdom, for if his giving becomes ego-involved in any way then he remains on his lonely island. But if his generosity is truly dedicated without pride in giving, then he has an infinite blessing to

offer as he inspires confidence and strength in others.

He can give others the will to live where there was none. He can make others aware of their own self-worth. But all the while he is not to ask for anything in return, for if he learns to focus his energies on helping others, then he will be amazed to find how God keeps providing all his own needs.

In this Nodal position, there is a guaranteed built-in unhappiness every time he focuses his energies on himself. If married, he will have much to learn from his second child, as well as in his relationships with nieces and nephews.

He is destined to devote his life to others. Actually he has been preparing for many lifetimes to meet now the person or persons who need him the most. In some cases the spouse is an escapist who must be given the strength and confidence to face reality.

Whether married or single, this individual eventually comes to learn that his life is a mission, dedicated to another soul or in fact many souls needing more than he does. His karmic lessons are in developing kindness and an understanding nature. As soon as he does this, he is rewarded a thousand to one for all he gives.

The sign which contains the South Node shows the ways in which too much residue of past-life concern for the self can hamper progress. The sign which contains the North Node shows the ways in which the individual can reach fulfillment through sacrificing the self for others.

(Donna van Toen)

Conflicts: Marriage vs. independence. Accepting vs. demanding. Overcoming enmity vs. comfortable self-projection.

Possible results of sacrificing North Node: Excessive worry about being beaten or outdone. Inability to relate to others. Feelings of martyrdom, excessive egotism, loneliness. A tendency to interfere with others' free-will. Belittling others' worth.

Possible ways to integrate North Node: Whole-hearted giving. Increase your consideration for others. Take an objective look at how others respond to your self-projection and do what you can to improve it. Detach yourself from your overconcern with your image. Channel your energies into marriage and other one-to-one relationships.

In the seventh house, there can be hang-ups about harmony or co-operation. Depending on the phase of nodal balance, the person can be far too easily influenced or

far to convinced that his or her way is the only way. The underlying cause of this is a lack of firm partnership goals. This person is torn between involvement at any cost and preservation of his or her highly comfortable image of self as a good or beautiful person.

Less frequently, there's an inability for the small talk and role playing that's necessary to attract others. This seems to be a problem connected to the overcompensation phase of nodal balance.

North Node in the seventh house dreams of gaining much through marriage and / or other relationships. He or she truly believes that teaming up with others will improve his or her lot in life. This person hopes to gain respect vicariously, through marriage or some other type of affiliation, and feels that success and happiness will be guaranteed once he or she finds his or her 'other half' - someone who embodies those qualities that he or she feels are lacking in his or her own make-up. This person has a great deal of sensitivity. He or she also has a great deal of psychic ability; unfortunately, both are liable to be repressed. Aggressive pursuit of an alter ego tends to drive the dream further and further out of reach until the person is forced to look within for the repressed or lacking qualities.

(Black Moon) Lilith ♀ in ♈ Capricorn 21° 49'

([1146] elsaelsa.com)

Mountaineer

If you have Black Moon Lilith in Capricorn, the struggles you've encountered through your Lilith placement have made you strong and responsible. You learned how to get ahead while others were sleeping.

However your Lilith wounds have manifested (shown by the house your Black Moon Lilith is in), you've discovered that security, to the extent that it exists at all, is something you build yourself. Watching other people flail and founder, you realized that no one knows what they're doing. No one is coming to save you. And even if they were, you wouldn't want it. You have carried the burden of responsibility for so long that you know no one else could manage like you do.

Carrying so much for so long as made you a powerhouse. No matter how exhausted you are, there's very little you can't achieve. And achieve you do. One of the very few ways

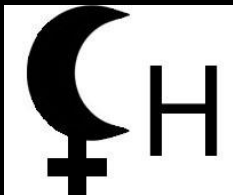

you gain some sense of safety is through your accomplishments. You probably learned that a list of awards and accolades is the best way to insulate yourself from life's ups and downs. In fact, this may have been the primary way you received any kind of praise or positive attention growing up. The problem with achievement, though, is that it paints a target on your back, which is something you are well aware of.

Because your way of attaining security creates even more insecurity, you operate from a scarcity mindset. It feels like life is a great precipice, and you're hanging on to the edge of the cliff by your fingernails. In order to deal with this fear, you've learned to develop a stoic façade. You certainly feel plenty of emotion, but you instinctively understand the folly in showing those emotions to the world. Authenticity feels like vulnerability, and vulnerability feels like defenselessness. You know better than to leave yourself exposed. In this way, you have purchased your safety at the expense of your own emotional honesty.

One of the best ways to blunt the effects of Black Moon Lilith in Capricorn is to lean on Cancer, Capricorn's opposite sign. Cancer carries a heavy burden as well, and operates with the same security concerns that you do. The difference is that Cancer doesn't do it all alone. Instead of relying only on themselves, Cancer recognizes that there is safety in numbers. By spending a little more time building emotional relationships with the people around you, you could form a team of allies to fall back on when you're in need. Cancer also knows the value of people over pennies. On their deathbeds, no one ever wishes they had worked more or made more money. They wish they had spent time developing intimacy with the people they love.

There is so much to say about this placement, but let me say this: Your strength and practicality are so important. You are a builder, and that is your superpower. As you work to create a world in which you can feel truly safe, your skills will be absolutely essential. Just make sure to bring others along for the ride. You, too, deserve support.

(Black Moon) Lilith ♀ in XI 11th House

([1159] elsaelsa.com)

Outcast

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and

carry her energy into your dreams for the future.

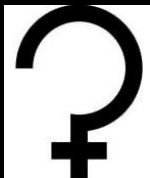

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

([1193] astromajesty.com)

Opportunities

Challenges

- Finding solitude
- Feeling the collective

Vesta in 11th House

When Vesta, the asteroid and keeper of the eternal flame, is in your 11th house of friends, groups, networks, the collective and your hopes and dreams, you may require frequent bouts of solitude to sustain good friendship. This makes it necessary to have friends that understand you and your need for occasional isolation.

The reason for this is because you are a deep space holder and have the ability to create massive rifts both in groups as well as in the collective timelines, so yes you must take space for yourself to be alone from time to time. You have many hopes and dreams and often pour energy into a positive vision.

Chiron ♄ in ♋ Cancer 28° 46'

([1251] astromajesty.com)

Chiron in the fourth house is associated with family and relationships as Cancer is the hypersensitive and family-oriented sign. As Chiron is the element that represents healing and suppressed wounds, this placement speaks about pain that manifests in feelings of abandonment.

People with Chiron in Cancer care about their families more than anything. They are the source of happiness but also fears and personal issues.

Chiron in Cancer centers around emotions and love, which means that these individuals don't feel loved and protected. Their wounds come from family issues and childhood traumas.

Feeling unloved is the principal pain people with Chiron in Cancer struggle with throughout their life. Someone likely abandoned them when they were kids or they experienced a loss that they never managed to process fully.

Perhaps their parents divorced or a family member died, leaving them alone and without protection. It might even be that Cancer Chiron individuals lost a pet as kids, which is why they associate love with pain and loss. They experienced emotional trauma at an early age, and that's at the core of their greatest wound.

Despite everything, Cancer Chiron people are hopelessly romantic and they believe finding true love will cure their suffering. But they suppressed their pain so deeply that they find themselves unable to access it. Hence, they are unaware of what makes them feel so unlovable.

Due to believing that they don't deserve love, they like the idea of a relationship, but they are too afraid to pursue it. That creates endless feelings of loneliness and emptiness they don't know how to cure. Even when they try to confront their fear of love, they might be unable to find it.

Persons with Chiron in Cancer often didn't have the nurture one child deserves, which caused low self-confidence and self-esteem. They likely didn't receive the needed care and attention when it was crucial for healthy growth and development. That is the source of their feeling of unworthiness.

As grown-ups, they don't believe they deserve love and support, so they might avoid

what can be the medicine for them. But even if they find a romantic partner or profound friendship, they usually still feel something is missing.

That is because they didn't address their primal wound and uncovered what caused it in the first place.

Cancer Chiron individuals tend to sabotage any possibility of relationships because they fear it will end in failure. On the other side, it's also not unlikely for them to suffocate others with affection and being too emotionally demanding.

Deep inside, these persons are hurt and in need of saving, but they often decide to save others instead.

They often help underprivileged groups, helpless people, and abandoned animals. Rescuing and providing these souls with support and resources allows Cancer Chiron people to give all the love they have.

However, they believe that's also a safe love to give and receive without being hurt in the process.

Even though people with Chiron in Cancer are usually gentle, sincere, and loving, if the placement is afflicted, they can be possessive and go to extreme lengths to keep someone. It is why it's not an utter surprise if Cancer Chiron people lie, manipulate, and cheat to make someone stay with them and feel loved.

Nevertheless, some Cancer Chiron individuals will avoid love and pursue unavailable or incompatible partners. Unconsciously, they seek people who will reinforce the belief that they are not worthy of love.

Sometimes Cancer Chiron people will imagine a relationship with persons who gave clear signals that they don't like them. They do that to confirm their idea of not deserving love.

The other type of Cancer Chiron people are the ones who need constant validation and attention from their partner. They need other persons to fill the emotional void, so they'll do whatever they can to achieve that.

That often means Cancer Chiron individuals will go beyond idealizing their loved one. Once the relationship ends, persons with Chiron in Cancer feel their world is shattered and there are no more reasons for life.

As they are highly emotional and sensitive, people with Chiron in Cancer tend to suffer from psychosomatic illnesses, such as stress, anxiety, and chronic fatigue syndrome.

Men with Chiron in Cancer

Males with Chiron in Cancer are likely to have a complicated relationship with their father. On the other side, their mother was probably the central figure and the source of support and love.

However, Cancer Chiron men found their dad disapproving, cold, or emotionally detached. The lack of that connection caused a wound that they desperately want to heal.

On the flip side, the father was perhaps absent due to the passing at an early age or because he divorced from the mother.

However, the circumstances didn't allow Cancer Chiron men to develop a deep relationship with their dads. In some cases, the absent or unloving parent was the mother.

Regardless of which scenario is the one affecting Cancer Chiron men, they tend to chase unavailable partners who would fill the childhood needs their parents didn't. They usually fall in love deeply and fast.

But if they do find a person who genuinely gives them love and nurture, Cancer Chiron men can become too attached and clingy.

Chiron in Cancer placement also indicates that these men either see their fathers as superheroes or villains.

Hence, they tend to idealize and want to be like them, or to feel hate and aversion. In both cases, there is a strong bond and attachment, whether they like it or not.

These men also likely had bossy fathers who wanted their sons to choose a particular career or life path.

As a result, Cancer Chiron men are either avoiding anything that their father would approve or they are trying to meet all their expectations.

That can also manifest in the choice of their partner. Men with Chiron in Cancer tend to seek partners who would either infuriate or impress their parent.

Cancer Chiron males have to learn to look for partners who they will like and accept, not use them as means to provoke their family.

Thus, they need to confront their primal wound of feeling unloved or neglected to break the pattern of seeking wrong partners.

Summary

Cancer Chiron individuals are empaths, sensitive souls, and affectionate partners. They tend to have unresolved family issues and conflictious relationships with their parents.

These people likely had an absent or emotionally detached parent, which created the idea of not deserving love and being unworthy.

They care deeply about others, but depending on their emotional trauma, they tend to use friends and partners as a relief from their pain, or a way to confirm their fear that they will never be loved. It is why they often seek unattainable partners who will never commit or genuinely love them.

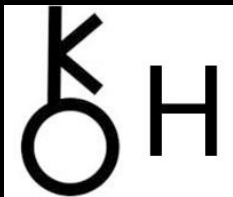

As family is at the core of their pain, distrust in people, and lack of faith in love, Cancer Chiron people have one task. They should find the quintessential Mother, the one who provides unconditional love.

However, that love is within themselves, and they need to uncover that everything they need is already there.

People with Chiron in Cancer need to learn that how they love themselves will reflect in their relationships.

Hence, these individuals have to accept that regardless of their past, they're already good enough and they deserve love.

Chiron ♄ in V 5th House

([1264] astromajesty.com)

People born with Chiron in the 5th house have their deepest wound in creative expression and finding joy. It is not purely art-related.

These people often struggle with experiencing pleasure and discovering what makes them happy.

Perhaps they find it hard to relax and enjoy things because they have self-esteem issues.

They don't trust their creativity. These persons sabotage every opportunity to express their artistic side, opinions, and views.

People born with Chiron in the 5th house would like to roar, but they are afraid that their voice is worthless.

These individuals likely experienced big embarrassment in their childhoods that convinced them that they either have nothing significant to say or others don't want to hear.

Individuals born with Chiron in the 5th house likely feel ignored, invisible, and underappreciated as kids or adolescents.

Lack of acknowledgment in childhood

It is not rare that people found them ordinary, average, and insignificant during their formative years. That made persons born with Chiron in the 5th house deal with mental pain which shattered their self-esteem.

However, their self-doubts almost always come from their childhoods. Maybe their parents or caregivers didn't recognize their uniqueness when they were children. Because of that, they might believe no one else will acknowledge them because they are not unique at all.

People born with Chiron in the 5th house likely went through bullying for their creative expression as children, or it was always their peers who got more appreciation and applause. It is what probably started their self-doubts that grew bigger with years.

On the other side, individuals born with this placement possibly had restrictive parents who didn't let them play or express themselves artistically.

These people are playful inside, and if they didn't get to explore that side of them as kids, it would create a deep hole within. Perhaps their parents wanted them to grow up fast and be more serious.

As a result, people born with Chiron in the 5th house weren't allowed to play and be like all the other kids.

Another possible scenario is that they were toddlers when their parents got another baby. Maybe individuals born with Chiron in the 5th house had to take care of their younger brother or sister and be babysitters instead of children.

In that case, they grew up with responsibilities reserved for adulthood, but they felt guilt whenever they craved being kids and playing for hours.

Hypersensitivity and self-esteem problems

Whatever happened in their childhood and during their formative years left a scar on their souls.

Persons born with Chiron in the 5th house experienced something traumatic as kids. That left them ashamed of their will to play or to voice out their opinions. They could be used to others laughing at their views or interrupting them.

Children are vulnerable, and one small issue could forever change the direction of their development. It is what likely happened to those born with Chiron in the 5th house.

Something stopped or slowed down the progress of their self-esteem. Because of that, they could be shy, struggle with anxiety, and fear public speaking.

They grew up to be overly sensitive to how others receive and comment on their ideas, opinions, and views. They either don't express them, or they're highly apprehensive when doing it.

People born with Chiron in the 5th house are likely silent in a group when everyone else is explaining their perspective on different topics. Even if they have a strong and captivating opinion inside their minds, they're too afraid of rejection.

Inside, they are still that same kid who was shut down, laughed at, or pushed aside. It is as if they have unfinished versions of their childhood-self, residing within. They still feel like that child who didn't get enough attention, acknowledgment, or time to be careless, play, or speak their minds.

It is why they're too hesitant to open up and show who they are and what makes them different.

Embracing the inner uniqueness

Due to growing up scared and with many insecurities, they tend to become fearful adults who never let themselves relax and enjoy.

People born with Chiron in the 5th house fear letting go of their defense mechanisms. They believe that others would laugh at them. That takes a lot of joy and happiness from their lives, and they rarely manage to be who they are inside.

One of the essential lessons that they must learn is that they shouldn't look back and hold on to those who didn't acknowledge them, understand, or applaud.

Besides, people with Chiron in the 5th house should remember that many people go through the same struggle, not getting enough support from their parents or peers.

These individuals shouldn't let that steal their light and talent; they want to share with the world. They have to liberate themselves from the chain of past hurt and humiliation.

Individuals with Chiron in the 5th house should learn how to open up to the world, be free to be creative, and enjoy. They should do it for themselves and the pleasure they get from it, not because of acknowledgment or recognition. It is the only way how they could start healing their wound.

([1282] astrolibrary.org)

You enjoy finding deep meaning and participating in the regeneration process. On the physical level this is linked to sexuality through an intimate and transforming contact. On the spiritual level, this is linked to the mental search for intense emotional levels while helping others, and also overcoming negativity.

There is an intense desire to explore the meaning of life and the psyche. With Part of Fortune in Scorpio, there is a clear and penetrating perception that lets you dwell on the unknown and be at the center of every process of emotional and spiritual change and transformation.

The sign opposite to your Part of Fortune in Scorpio is Taurus. Through Taurus you observe how others prefer to remain safe in what gives them shelter, while you try to

discover everything that is new. You want to uproot the established order, eliminate what is no longer useful, and improve it. You know how to fix and rebuild everything that is destroyed, by recognizing what is still worthwhile and useful.

Therefore, you understand your own unconscious and you are in tune with the unconscious levels of society's thinking.

You destroy or eliminate from your life everything that no longer makes sense or no longer has a true value. To many other people it will seem that you are destroying what took so long to build, but you know that what can be destroyed was not really valid.

You look for the hidden secrets of society and the mystical reality of the Universe, especially because you know what it can bring to the human beings of today.

Taurus energy builds, and Scorpio energy undoes or destroys. You know that both are necessary in the process of evolution. That's why you know how to build, destroy and reconstruct all the things in your life to transform them.

You feel an immense restlessness for wanting to understand everything that is not visible and that is behind the apparent. You want to know what is beyond the normal reach of human perceptions.

You never rest until you know that you have done everything in your power to provoke in yourself, and in others, the changes that are needed to free yourself. You are a transformer of mankind and dislike the lack of progress in those around you.

Sexuality is the engine that gives you the energy to move on and penetrate the realms of the unconscious. You have a strong sense of intimacy that drives you to want to connect with the depths of truth. Your perception is very acute.

With your Part of Fortune in Scorpio, you will not have a very peaceful existence. But you must also understand the value of relaxation and being happy through Taurus, the sign opposite your Part of Fortune. Although you will never be calm until you feel that you really deserve it.

You take an active role in the construction of a safer and more peaceful world, without repressing the natural instincts that are the source of life.

You are happy and you do better when you show others those roads they are afraid to consider, and you help them to have a deeper meaning in their lives. This has a transforming effect on yourself and everything around you.

Part of Fortune ☒ in IX 9th House

([1295] astrolibrary.org)

You look for a more cosmic reality than a mundane one. You experience your greatest fulfillment discovering truth, expanding your consciousness and your understanding of the Universe. You know many cultures and different forms of human thought.

You transcend the inner understanding of mundane reality. You know that everything is relative.

Since your Part of Fortune is in the ninth house of your birth chart, the third house is the opposite house. Through the third house, you realize the amount of energy spent among people who do not seem to understand each other, since the meanings of the words distort the truth.

You must remain impartial in these situations and learn the idea of duality as part of human nature. You must know that the truth is only known through the non-truth, and therefore you need to resolve the duality to a higher truth. Once you understand this, then real communication will be possible.

Often you will see and hear yourself expressing and saying things that are not totally true. The more duality you experience and express, the greater will be the need to resolve this duality into a unity and understand the need for polarity in Nature and in human life.

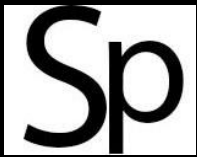

You have a great need for identification with a deity, study, contemplation, meditation and spiritual search, universal truth and being attuned to the forces and laws of Nature. But this world sometimes does not allow it, since daily life immerses us in a mundane reality. Remember that every little thing gives a unique sense to the totality and universal understanding of justice.

You are very skilled in recognizing the subtleties of thought. Without looking down on others, you must keep your standards higher and thus raise your level of being, and at the same time learn to function in the everyday world of less important ideas and thoughts, understanding them as necessary. Thus, you will understand the nature of everything that is relative and dual.

Wisdom loses much of its beauty by trying to transfer it to the concrete and inferior mind.

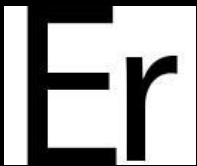

So, you must learn to experience a cosmic reality while you learn to function in the world of less important ideas and thoughts. Tolerate and balance the relationship between both in your life.

You must always maintain your independence. Your satisfaction will come from all the truth you discover for yourself, without trying to make others fit in your world and without trying to correct their ideas and attitudes. You simply have to teach them, maintaining a detachment and even an indifference to how they accept what you are teaching them. Then, you will experience the height of your knowledge, your true function in the world, and your fulfillment.

5) ► **Descendant DC Parallel ☉ Sun** - (0°29') ♏7 | ♏3

([149] astromatrix.org:) Seeking Approval

Opportunities: 1. Working in Teams 2. Leveraging Your Empathetic Skills

Challenges: 1. Finding Your Inner Security 2. Choosing Better who You Admire

The Sun opposite your Ascendant shows that you have a need to seek approval from others in order to feel good about yourself. The Sun is our self, what we essentially are, with the Sun on the 7th house cusp you need constant feedback from the world in order to feel that you are all right in the eyes of others, and so maintain your self-confidence and sense of self-worth. This can be quite problematic, and your solar center can lack cohesiveness.

You will attempt to find yourself through others, you can be quite good at decision making, negotiations, therapy, and other situations where being able to slip into another's shoes is advantageous. Decision-making is enjoyed best when shared with another person. You may tend to look up to and admire people who are really no better than yourself. You find it difficult to admire and respect yourself, so you project this on to other people.

If your Sun is in the 7th house, you will seek through marriage a relationship with the father archetype, either by playing the role of father or by expecting the 'other' to do it for you. If the Sun is in your 6th house, you may consider working partnerships to be especially important. You maybe 'fathering' others in the sense of providing some sort of identity for them. You are very proud of your partnerships.

Work on your own self confidence and inner security, inner child meditation and more self-love can help you integrate your Solar energies and give you more power to be yourself. You may feel as though life is not important without other people in your life especially a partner. In work you may also be a quite good investigator or analyst, and with that specialist role you would work well in a team. Work on your own self confidence and inner security. Inner child meditation and more self-love can help you integrate your solar energies and give you more power to be yourself. You may, however, still feel as though life is not important without other people in your life, especially a romantic partner.

So if you don't have one, start seeking. But always from a place of fullness. Only then will you be able to find what you seek.

6) ► ***Imum-Coeli*** IC ***Parallel*** ♀ ***Pallas*** - (0°06') ♄8 | ♀9

([589] 12andus.com:) You are wise and intellectual but your gifts for strategy tend to shine more at home or in your personal life rather than in your career.

You may get cold feet when it comes to asserting yourself in public spaces or in your career path. You may prefer to not rock the boat. You don't easily challenge the status quo in your professional life.

Yet in your private life you can be a visionary. You may need to become more confident in yourself and your visionary powers so that you can become more of a champion for change and mentor to others in your professional life.

If you don't you may undermine your mission and campaign. You may also bypass opportunities to become the leader you could be. You can be a strong influence on others when it comes to matters of injustice but you will first have to make some decisions about your priorities. Your own ambitions may have to take a back seat to the strategies for justice and change that you could promote.

7) ► **Sun** ☉ **Contra-Parallel** ♆ **Neptune** - (1°48') ♃3 | ♆5

([147] astromatrix.org;) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

8) ► **Sun** ☉ **Contra-Parallel** ♇ **Pluto** - (0°27') ♃3 | ♇10

([148] astromatrix.org;) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence circumstances in your favor. This is why you desire to be in a position of authority, calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

You can be quick on the trigger when it comes to verbal reactions to others, and you are not always courteous or tactful when it comes to expressing your opinions.

Try not to take things personally and be more objective with your dealings with others. You want to be the center of attention and make sure everyone has heard your voice and point of view. It's good to try and understand different perspectives.

You are very witty, and often sarcastic. You are quick to offer an opinion and express your thoughts, often without much sensitivity. Some with this aspect in their charts are prone to lying, especially if you have some other challenging aspects to Mercury or Mars. You love a good debate, but sometimes turn conversations that needn't be stressful into arguments. This is one of the biggest problems with this aspect, even though you are a good communicator, your inability to compromise, listen and not judge others can cause you to miss out on some good opportunities.

([52] astromatrix.org;) Knowing Your Limitations

In the case of Mars Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Saturn tends to make Mars more cautious and conservative.

You have a strong drive for power and a lot of ambition but are often frustrated in achieving your goals by a poor sense of timing or holding yourself back because of fear or tension. The feeling can be something like driving a car with the brakes on. When active you're responsible to the extreme, taking on obligations and pushing yourself. Because of these perceived and real obstacles, you try too hard and tend to force things. Others may at times find your approach severe and hurtful.

Mars and Saturn may not sound like the most amiable dance partners, and in fact, there are plenty of negative potentials inherent in their shadow expressions. But if we look closer, we see that these planets can enhance each other in positive ways. Saturnian prudence can constructively temper rash Martian impulsiveness. Mars can help Saturnian caution or through deliberate actions that produce long-term results and success. Mars marks beginnings. It provides us with the energy to start projects, to take new actions, to innovate, instigate and move ahead. Saturn marks endings especially on a material level.

Saturn roadblocks might seem impossible to get around, leaving us feeling pessimistic and defeated. Mars and Saturn come together, and we may experience starts and stops, progress and setbacks, and constant stress of all kinds.

The impulsiveness of Mars is curtailed in the position, allowing you to make well planned decisions and stop you wasting time on nonproductive activities. It gives you much better understanding and judgment and you tend to know your limits and not overstep them. Many possible careers are possible with this aspect especially those that require extra staying power, determination and physical exercise.

16) ► **Mars** ♂ **Parallel** ♆ **Neptune** - (1°47') ♀7 | ♀5

([54] astromatrix.org;) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a

willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental

imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually achieve viable skills is another way of helping yourself; if you do not do this, that un-integrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result, as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

You can be a strong advocate for your loved ones. Once you find the balance between motivation and manipulation you can be a devoted and faithful ally for those you love.

19) ► **Jupiter** ♀ **Contra-Parallel** ♂ **Saturn** - (0°43') ♀2 | ♀12

([190] astromatrix.org:) Evaluation Of Worth

Like most Oppositions there is a polarization between the two planets that cause you to bounce from one pole to the other and Jupiter Opposition Saturn is no exception.

You tend to move from being very cautious and conservative to boundlessly optimistic and progressive. Or you may adopt one role and project the other on to some close associate and enact the felt dichotomy in that way. You may find it difficult to balance discipline and responsibility with hope, confidence and positive action. You might tend to dream grand and somewhat unrealistic dreams, and yet neglect to lay a firm foundation for the future you are attempting to create.

You are very unsure of your own self-worth and identity and need others to reassure you of your own worth. This has probably come from some important role models in your life such as previous teachers, parents or even partners. You constantly seek the approval of others and want people to like you at all costs which causes you to get involved with the wrong types of people or if they don't appreciate you or make you feel better about yourself you may reject them. You need to develop a stronger sense of self-worth and work on your self-esteem. Realize that you are quite talented, and you don't need others to clarify it. Your attitudes and perspectives need to be changed and transformed.

By accepting reality and responsibility for your actions and be more sympathetic towards other people and their own particular viewpoints and attitudes. Do not doubt your own abilities just realize you need to work and be determined in order to obtain your goals. It will be more productive for you to set a series of small, attainable goals, and build toward the greater vision than to over commit and then feel overwhelmed by the magnitude of the task you have set for yourself.

20) ► **Jupiter** ♃ **Contra-Parallel** ♅ **Neptune** - (0°53') ♈2 | ♎5

([192] astromatrix.org;) The Social Worker

The opposition has several similarities to the square, but here the source of 'contention' is projected externally onto the outer world and people. There is the difficulty of 'follow-through', where intentions and plans are often thwarted by an inability to actually realize them, despite your original aims; things are started but never completed in any satisfying way.

You tend to resent and resist any external pressure that can be placed on you by others' expectations of your performance and abilities. Conflicts often arise in interpersonal relationships, especially with other work colleagues, who may attempt to take advantage of your skills or persuade you to take on responsibilities which may be thankless tasks, or in which for reasons of their own advantage they expect you to fail. There is often a lot of manipulative activity in workplaces, and you can become a victim of this if you are not aware of the hidden motivations of others. You can become paranoid and suspicious of people, perhaps as a result of previous experience, and there is often a kernel of truth and validity there; yet equally, part of this is a projection emanating from you based on the tensions inherent within this opposition.

You tend to either oppose or antagonize others, sometimes by being too direct in your comments and attitudes; there is little social diplomacy in your style of expression, and sometimes you can be very tactless and too adversarial. There can be a blind spot in your character that is often unrecognized and is related to the sign and house positions of Jupiter and Neptune. Whilst you may fail to fully comprehend your own nature and what you 'should be doing', you still express yourself forcefully and with a tendency to be authoritarian. Yet you also often challenge the dictates of those in positions of authority, questioning their perceptions and rights to wield power.

There is less of a social awareness and conscience here with this aspect, as most of the energy is tied up in an external uneasiness; you do not have any great trust in the good nature of others, which, whilst possibly more realistic, is also symptomatic of your own inner fragmentation and stress - you cannot relax and trust yourself either. You need to learn how to accept others as well as accepting yourself; the two are intertwined, and if you can manage this then stress will be diminished, and all your relationships will improve as you correspondingly feel more at ease in your own nature.

Intimate relationships can pose difficulties until the step of personal integration and resolution is taken. Your choices of partners may be unwise, especially where those anima-animus projections are superimposed on the partner, apparently turning them into the ideal lover who possesses everything that you believe you desire and need. When these projections collapse, you are liable to be emotionally distraught and see that person as another one who has deceived you; in fact, it may have been your own illusions that have been self-deceptive, and so the consequences of a hurt heart should not be taken out on your partner in any emotional or physical aggression.

Resorting to the Neptunian addictions of drugs or alcohol must be avoided at such traumatic times. Some form of religious or spiritual life and aspiration is likely, yet this too can suffer from some distortion and invalid projections. Your spiritual attitudes may lack a practical dimension, or even a serious application by yourself in everyday life. T

here can be a greater attraction toward the glamour of more exotic religions, which offer a colorful fascination and mystery that appeals. Cultism and an idealized surrender to gurus can be a temptation, despite your resistance to forms of authority, and can seem to offer a way out from the disappointments and stresses of your life. Alternatively, you may dream of foreign travel or pilgrimages across the world as an antidote to the lifestyle you feel trapped within.

Realizing that so much of what dissatisfies you in the world is a reflection of an inner lack of integration would be a major step forward. Reabsorbing those powerful projections, allowing yourself to re-own them, can only strengthen you and give you back the ability to redirect your life in ways that you want it to move in.

Taking such control and self-responsibility is crucial, unless you want to persist in the likelihood of unsatisfactory relationships with others, where your need for development and expansion is perpetually thwarted by 'external resistance'.

It makes a person more grounded and sane.

22) ► **Saturn** ♄ **Parallel** ♅ **Neptune** - (1°36') ♋12 | ♋5

([69] astromatrix.org:) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and

impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

([65] astromatrix.org;) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

([187] astromatrix.org;) Lacking Confidence

Opportunities: 1. Creating a Nice Home 2. Surrounding Yourself with Beauty

Challenges: 1. Dealing with Life's Practicalities 2. Knowing Yourself

The placement of Mars Opposition to your natal Ascendant creates a tense and volatile

personality. This may be seen in yourself or projected onto your outside environment and people close to you. You like competition and challenging situations; you tend to attract people who will oppose your ideas or opinions.

Your self-image is distorted and too much worth is put on outside interactions, especially with one on one partnerships. Compromise and co-operation are key themes that need learning with this position, you tend to argue first and ask questions later, and this can make you hard to get along with at times. ([171] astromatrix.org;) Searching for Answers

Opportunities: 1. Learning from Other's Ideas 2. Creating Your Future

Challenges: 1. Accepting Your Past 2. Avoiding Being Overly Subjective

You will look deep within yourself for answers to the questions that come up in life. Your inner feelings will strongly influence your view of the world, and you will consider your own point of view to be the most important factor. But try not to get so wrapped up in your own way of seeing the world that you cannot imagine anyone else's point of view. Being too subjective is a serious danger with this aspect.

On the other hand, you will be able to communicate your ideas and feelings to others very easily, even while you are quite young. Your basic attitudes and opinions will take shape very early in life, and later it will be very difficult to change them. So, it is very important for you to be exposed to broad and sophisticated views of the world, because you will keep the ideas you learn now, even if they are narrow and intolerant.

You will think about your past a great deal, and you may spend too much time wondering if it could have been different. Do not worry about this, because you only have one past, and it is pointless to think about it, except to help you deal with the present. Because you are in touch with your feelings, you can react to a situation according to your real needs, but only if you concentrate on the present and future, not the past. It may be difficult, but you should examine your thinking and never take your feelings and ideas solely at face value. Probably your beliefs are based on what your parents and family taught you instead of on your own observations.

8) ► **Jupiter** ♃ **Conjunct** ♅ **Uranus** - (7°03' A) ♏2 | ♏2

([61] astromatrix.org;) The Quest For Knowledge

The expansionary characteristics of Jupiter tend to merge well with the forward-orientated direction of Uranus; and the essential personality outlook should be optimistic and positive. You will tend to believe that there is always 'something good' waiting for you just around the corner, a faith that your future will be rewarding. In some ways, this can become a self-fulfilling prophecy; a positive mental attitude attracts your dreams towards you, enabling their manifestation to proceed more smoothly.

There are likely to be sudden or surprising opportunities arising in your life, which offer the potential of development and expansion. The opening of new horizons can be personal, through relationships and family, educational, through further study, or financial and business ventures. You may have to be ready to take full advantage of these, as they can occur sometimes without any conscious effort expended in creating new potential expressions.

You will be very attracted towards exploring human knowledge. You have an avid curiosity; and you believe that all knowledge that you acquire offers more mental freedom and interest, and more personal power, and greatly enriches life. Often, you develop a personal program for further study in specific areas of enquiry. This is so you can gain some expertise, so that the information absorbed can be used as a foundation and springboard to launch some kind of project whereby you are able to exploit your own personal potential.

You like to create options and alternatives that you could follow, if you so choose, and often mentally build a variety of potential schemes and projects. The problem may lie in being able or willing to actually manifest any of them. Sometimes a fertile mind can circle around a multitude of attractive ideas yet fail to develop any of them. A more one-pointed discipline may be required. It is likely that in your quests for expansion and growth you will begin to ally yourself with those more progressively minded people and groups devoted to social change.

New political thinking and social alternative lifestyles will attract, especially as your bias will be against the established traditional social order. You will have a reformist outlook, not excessively radical or revolutionary, but still more future-directed than the majority. As an independent thinker, you will serve as an advocate for new horizons in life; and in sowing such seeds you can help to enrich lives by encouraging others to break free of those limiting, stagnating patterns of life. You welcome the new and unknown; you experience little fear when the winds of change begin to blow and are ready to embrace their liberating influence.

([178] astromatrix.org:) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and

that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part - followed by an attempt at justification in the vein of 'I couldn't help myself...'.

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

([449] astromatrix.org:) Self Doubt

This aspect can indicate extreme insecurity and self-doubt, unless your parents and other influential adults make a special effort to reinforce your self-confidence. When you meet a difficult person or an obstacle, your first tendency is to run away, because you feel that you cannot overcome it. This is probably not true, and you must learn what you really can do, instead of limiting yourself to the few tasks that you are not afraid to do.

Sometimes you seem to be surrounded by energies that are very weakening, usually from people you are with who give off very negative energies such as resentment, hostility or anger. You don't attract such people to any unusual extent, but you suffer more than others from being around them.

As much as possible, you should associate with positive and optimistic persons. This empathy has a positive side, however, in that you understand other people very well, knowing what is going on in their minds as well as what they say. But it will take you a while to learn how to interpret the signals you get from others.

While you are young, you may frequently misinterpret people. You will feel a need to work for an ideal that is higher than yourself or for a person whom you can idealize and respect. This is fine, but you will probably be taken advantage of by people who are unworthy of your devotion, unless you work very hard to get past your idealizations and see who they really are. Then you can choose intelligently.

([379] astromatrix.org:) The Discontented Seeker

Opportunities: 1. Planning Better 2. Having More Direction

Challenges: 1. Having Empathy for Others' Opinions 2. Overcoming Impulsivity

You can feel a restless energy seeking release, and this inner agitation linked to strong desires can lead to an uneven and eventful life, resulting from the effects of impulsive and sometimes ill-considered actions. You easily become impatient, especially when results are slow in coming, feeling anger and frustration. It may be that certain lessons require learning before your path forward opens.

More forethought and planning would be helpful, minimizing wastage of energy and restrictive directions, enabling you to plan ahead and form contingency routes to surmount any predictable obstacles. Patience is necessary, so that temporary setbacks do not frustrate too much, and you are able to rely on ingenuity and faith in your abilities to persevere.

Sexuality will be a major focus of expression, and your passions will run strongly with this aspect, although there may also be frustrations and constraints facing you. These could range from a lack of a partner, to desiring someone who is unattainable, to falling out of love with a partner. An ideal lover is one who suits your needs on every level, and careful choice needs to be taken in deciding to settle down with anyone, or else you may discover that freedom has been restricted through an impulsive action.

The square indicates inner tensions and frustrations related to expressing feelings and taking actions. Conflict may occur when you attempt to direct your will when instincts and emotions are not supportive or are giving contrary signals. you tend to dismiss others' beliefs and opinions without respectful consideration. This, coupled with a dismissive style which can seem like a verbal attack, succeeds mainly in alienating people.

44) ► **Moon** ☾ **Square** ♀ **Venus** - (2°14' S) ♀7 | ♀4

([389] astromatrix.org:) The Overreactor

Opportunities: 1. Intimacy Without Fear 2. Committing to a Great Relationship

Challenges: 1. Developing Self-Knowledge 2. Accepting Love

This indicates probably inner stress and tensions related to your social and intimate relationships; your emotions will be the battleground. These emotions will feel extremely powerful; and your fear of losing control over them may result in repressive behavior which tends to avoid relationships that awaken deeper emotional responses. Yet at the same time, you need this emotional involvement and those intense feelings.

With your emotions and feelings being polarized, you often prefer to retreat from commitment, rejecting the personal obligations that may be required from relationship. These behavior patterns can be seen in a starker light at times when commitment is required in relationships. Because you refuse to acknowledge the depth of your feelings, deep-rooted fears begin to rise. These can include fear of losing freedom, fear of another's power over your emotions, and fear of experiencing love's transformative fires.

Once someone begins to impose his or her needs, demands, and will on you, his / her expectations of your predictable behavior often can awaken a rebellious attitude within you. Your insecurity and fears result in contrary behavior that can create relationship conflict just when real progress could be made. Your reactionary drive for independence and your tendency to reject signs of possessive behavior or demands for your exclusive loyalty may shatter any potentially restrictive relationship. While there may be valid grounds for rejecting such tendencies, your reaction mainly reflects inner fears and unresolved personal issues, and tends to be negative, resulting in heartbreak and disillusionment for yourself and others, and enforcing an increasingly bitter and cynical view of the nature of intimate affairs.

Other behavior patterns associated with this square include self-indulgence and sensuality. You may become involved with indiscriminate affairs and unsuitable partners as a consequence of lacking self-understanding, coupled with a deep need for relationships. Often, attempts at breaking free of threatening restrictions only propel you into other, equally unsatisfying relationships. If you adopt a more passive response to your relationship stresses - instead of taking the active and dominating role - you may experience others taking advantage of your initial trust, manipulating your emotions and needs, and using you as a support and foil for their own emotional tensions and confusions.

Sometimes emotions blind you to the real feelings of a partner, until a situation occurs in which, to your surprise, you realize that their feelings are not as powerful as yours. This tendency toward illusions also spills over into your social relationships, where you often misinterpret the honesty and sincerity of others. You can lack understanding of their motivations, so that judgments are seriously affected. Yet this also springs from your lack of self-knowledge; getting to know yourself better will help you to understand others too, and this will enable you to avoid unsuitable relationships.

By analyzing the types of people that attract you and the resulting types of relationship, you can expose your hidden needs and behavior patterns, and become aware of those unconscious traits which shape your choices. At some stages in your life, you may need to withdraw a little to gain these perspectives, especially when you are trapped in a repetitive whirl of failed relationships. Your needs are still urgent and pressing; but transforming attitudes through self-understanding may be crucially necessary.

Certain patterns active in you are probably derived from childhood experiences and conditioning. The relationship with your parents may have been unsatisfactory, especially in shaping emotional responses, which is why you now have ambivalent and contradictory feelings of need and denial when commitment is expected. There may even be feelings of guilt and non-acceptance of your emotions. A withdrawal from relationship commitment could stem from a similar withdrawal of a parent from you during childhood. You may now unconsciously seek to punish a parent by rejecting others who try to get close to you.

Choice of partner is extremely important, and the key to relationship success; but the art of choosing a suitable partner depends on self-knowledge, so that both are complementary and in essential harmony with each other. Your early choices are likely to be unwise; and any early partnership will probably run into troubled waters due to your inner confusions and unresolved issues.

New perspectives on yourself and your needs may be achieved through a transformative period of relative isolation from relationships, allowing a pause to dissolve patterns through greater understanding; this can enable insight, emotional maturity, and greater independence. Personal therapy or relationship counseling could be important to progress in future partnerships.

45) ► **Moon ☾ Square ♅ Pluto** - (6°31' A) ♀7 | ♃10

([395] astromatrix.org;) The Need To Purify

Intimate relationships may be difficult, with emotions intense and extreme. An atmosphere of emotional brooding may surround you; and others may prefer to withdraw as they sense elemental danger.

Needs for control influence choices and actions; you believe your environment and emotions need controlling to avoid 'threats' from others. This increases your preference for relationship dominance, often demanding that others acquiesce to your desires and wishes, yet this will inevitably imbalance relationships. You intend to rule and will never willingly be submissive. If forced to do so by partner or employer, you will later try to undermine their dominance by subversive efforts to regain control. You can react almost violently toward anyone trying to change you and may deliberately act in more extreme ways when displaying the behavior that another hopes to change.

You are a natural loner, impatient and potentially aggressive in attitude unless carefully

controlled and moderated. Self-expression is often direct, with a style lacking in social graces and diplomacy, sometimes abrasive and brusque, especially with those you do not respect. This can create work and social problems; but these do not particularly bother you, as you prefer to be true to yourself. What you do need is to retain self-integrity and discover how to maintain a positive relationship with others.

You hate feeling restricted, and chafe against any imprisoning bonds, even if these were self-imposed for reasons which existed at the time. You are ambivalent toward the past, and often want to forget it as having little relevance; at other times, you display an attachment to it, attempting to reinvolve it. At least you know the past; the future sometimes scares you, stirring uneasy feelings, especially as this cannot be controlled. You may find difficulty dealing with powerful feelings of destructive energy, an urge to smash and break down obstacles that prevent you from enjoying freedom.

This inner state generates tensions and pressures which you control and repress, afraid that, if unleashed at an appropriate time, much damage could be caused. It can be hard for others to understand how this sensation of destructive emotional energy shapes and restricts you. You also find it difficult to discover how to release this energy constructively; but it is essential that relationship conflicts be reduced. You may often force issues, releasing this energy in confrontations which create sudden and dramatic life changes, despite intending this simply to release inner pressures which increase whenever you feel as if you are not in control.

Your tendency is to explode - or to implode - to stimulate a necessary transformation that can create space for changes to occur. You need to trust more - your family, intimate partners, and others. Try to communicate your feelings and difficulties so that others can help you to release them less abrasively.

Compromise is essential; the world does not revolve around your needs and desires and living together requires mutual benefit and support. Redirecting self-preoccupation toward helping others could become a way for emotional intensity to flow safely outward, reducing inner pressure.

A deeper self-understanding, perhaps through courses and study in psychology, occultism, meditation, and self-exploration, would benefit you considerably, and give insight into the energies and levels of consciousness which create the complexity of the human personality.

46) ► **Moon** ☾ **Square** ♀ **Ceres** - (0°48' S) ♀7 | ♀10

([559] 12andus.com:) Your desire for security and emotional connection is often at odds with your desire to nurture others.

You may want to show your compassionate, loving side but feel like doing so subsequently drains your emotional energy.

Being mindful of your boundaries and tending to your own emotional needs can help you feel more stable. Once you do, you easily overcome obstacles to sharing your emotional connection and love with others.

You may be attracted to people that have a challenging need for nurturing and by overcoming obstacles to connecting with them, you also learn to tend to your own emotional needs.

47) ► **Mercury ☿ Square ♅ Pluto** - (5°54' S) ♄8 | ♃10

([409] astromatrix.org;) The Obsessed Mind

The square can give you a harshness of temperament and expression, where your direct, blunt style can often create conflict and confrontation between yourself and others. Even though you prefer to reflect yourself as one capable of handling the 'real situation', you tend to lack a sensitivity towards possible reactions to your potentially penetrating insights. You rarely 'wrap' them up in socially acceptable packages for consumption but offer them raw.

There is a tendency to try to manipulate and mold any partner so that he or she conforms to your point of view; and often your views become intolerant and fixed, allowing little space for flexibility or change to occur naturally. Sometimes, in an effort to achieve your own will, you rely upon your strong willpower to dominate others. Sometimes this can succeed, but you are equally liable to apply it incorrectly through a lack of proportion and through insensitivity, creating more damage to your aims and others than you intended.

Mentally, you require more self-discipline and understanding to make more positive use of your abilities of penetrative insight; in particular, the way in which you present yourself to others may need to be moderated. More control regarding your thoughts and words can help to avoid any controversy and unnecessary conflict with others, and help a redirection of your powers of insight inward, so that you can observe how you are projecting those negative shadow qualities out onto others in the world when these qualities should be being internally transformed and the energies released for positive applications.

48) ► **Mercury ☿ Square ♆ Vesta** - (4°27' A) ♄8 | ♃11

([611] 12andus.com;) You may feel a strong urge to share your message with others.

You have a gift for communicating your mission or sacred quest, but may also not always live up to your calling. When you falter from your path, it is because your mind becomes distracted by other interests.

You may even subconsciously use your plans and ideas to distract you so you don't have to fully commit and invest in your sacred mission.

When you stop getting lost in distractions, however, you can clearly convey a message of great importance. You may be called to serve others as a teacher or mentor. You may also use writing or speaking to communicate aspects of your mission.

You feel most connected to source when you are learning, speaking, writing or teaching others, yet you need to overcome the temptation to block yourself from fully living up to your mission.

49) ► **Mercury** ☿ **Square** ♄ **Spirit** - (0°10' A) ♁8 | ☿5

50) ► **Venus** ♀ **Square** ♋ **North-Node** - (4°29' S) ♀4 | ♀7

([423] astromatrix.org;) Self Indulgent

With Venus Square North Node, a lot of artistic talents are brought over that often show up at an early age. You have been working on developing artistic flair of a particular sort. The house position of Venus points to a reservoir of past artistic inspiration or knowledge. There are talents here that can be used to help others and contribute in some way. On the other hand, the love life suffers, and you may have difficulty understanding your emotions when it comes to love. This is often a sign of someone who has suffered heartbreak either in this lifetime or past ones.

You may have been self-indulgent in the past and now efforts are required to balance out this area of relationships. Finding happiness in marriage is not easy. Even with considerable success in other areas, this is often the weak spot. Relationships with the opposite sex may be difficult to impossible. When it comes to the sexual energies, those energies must be converted into developing higher consciousness.

You may have difficulties or obstacles when it comes to expressing affection due to major circumstances in your past life or early childhood, but you care deeply and have a great love for your family, friends, partners and the world. You have a sincere appreciation for beauty and the arts and likely have some form of artistic talent. Your way of expressing yourself socially and how you display affection, however, may invite conflict and tension from others. Your soul's lesson is to learn to balance your love for peace with some initiative. Don't become lazy and complicit.

51) ► **Venus** ♀ **Square** ♄ **Eros** - (5°13' S) ♀4 | ☿1

52) ► **Mars** ♂ **Square** ♀ **Pallas** - (5°37' A) ♀7 | ♀9

([580] 12andus.com;) You are determined, focused and passionate.

At the same time, your ambition and desire to act with immediate urgency can lead you to undermine your best potential. You can be a great advocate for others or activist for change but first you have to balance your determination with your personal ambition.

If ego gets in the way of your mission, you will not be as effective. Instead, channel the passion that comes from being personally affected by issues that are important for you but use this energy to try to win your crusade. Don't get lost in power struggles.

53) ► **Jupiter** ♃ **Square** ♆ **Neptune** - (3°08' S) ♈2 | ♎5

([434] astromatrix.org;) The Seeker Of The Dream

The square aspect tends to indicate great promise which is usually frustrated by the more negative qualities of these two planets. It is the potent dream world that you create which is both the source of your creative potential and the cause of your challenges in actual achievement. The problem is that often your dreams remain just dreams, an inner world into which you retreat, a world that you invest much energy in maintaining. Dreaming becomes too addictive for you, and your life becomes just an unrealized dream. This frustration is often caused by a lack of self-discipline and too much self-indulgence and time-wasting.

Concentration is poor, and discrimination in decision making can be virtually non-existent at times, as well as being hampered by an unconscious attraction towards flawed ideas and projects. The influences of others are powerful, and you are often pulled from side to side as alluring ideas take control of your dreams. Even when you begin to anchor an idea or intention, what occurs is that it is soon revealed to have flaws, in that faulty logic and reasoning have already eroded firm foundations, and it is seen that those ideas lack real substance and an ability to deliver.

Financial awareness is another area where you are rarely at your best, due to the distortions of Neptune and the expansive over-reaching of Jupiter. By unwise actions and lack of preparation, you can create financial problems for yourself quite easily. Your nature is a little other-worldly, running away from the realities of the physical-plane life, and you may have an ongoing struggle to shore up a collapsing ordinary life when your attention has been elsewhere for too long. You tend to become lost in cloudy visions, unable to see clearly through those mists and inner fogs.

The real world can feel oppressive and too restricting, and you want to shake it away, yet really you need to properly face it, or you will receive many more rude awakenings from those inner dreams. Yet you are often generous and sympathetic with others, having a good heart which is also liable to be abused and taken advantage of by less understanding people.

You can lack discrimination towards those in whom you place your faith and trust. That tendency to be gullible and naive will be present, and you may find that others use you as an excuse for their own failings, placing any blame on your shoulders. There can be the 'victim syndrome' operating through your unintegrated Neptune. Because both of these planets have similar characteristics, it is likely that you will express both of their more negative dimensions. This can cause a blockage in action, hesitancy over

decision-making. Relationships can pose problems; distortions and misunderstandings may be common, your consistency questioned, or a liability to be emotionally abused is likely.

Offering your heart to unsuitable lovers is probably inevitable at some point. What keeps you going? Dreams ... you dream of exotic adventures, exotic lands, exotic mysteries. You find it very difficult to settle in this world. A tendency of restless wanderlust is common, on physical, emotional and mental levels. Contentment is rarely found. Yet it need not be like this, as many of these frustrations are of your own making, and certainly the potential is there waiting to find channels of expression through a disciplined control being applied. It may be difficult, but facing reality, conforming to its restrictive limitations and learning how to be more practical could be the key to success. Some of those private dreams could become real if you became more concentrated and dedicated to achieving one at a time, instead of withdrawing when the going gets tough.

The first step is to become aware of your receptive patterns, to see how they operate, see what consequences occur, see the point where things fall apart. Then, resolve to change that pattern, put more thought into building the dream, more realistic self-evaluation, more discipline and effort placed into making that intention successful. By slowing the process down, and by applying yourself more consciously to what you are doing, you may be able to transform this pattern of frustration into one of future success - it could be well worth the effort.

73) ► **Mars** ♂ **Trine** ♄ **Pluto** - (6°50' A) ♀7 | ♄10

([345] astromatrix.org;) Enormous Vitality

The energy and qualities released through the trine aspect can be quite beneficial and socially constructive. In many ways, you should find this an uncomplicated and straightforward aspect to live and work with.

You will feel at ease in applying your potent willpower to ensure the success of any aims that you clearly decide to achieve, and which are realistically within your scope. You are likely to observe over time that, when necessary, the self-discipline required to direct your will consistently in the chosen direction also stimulates an inner change to occur, whereby your qualities and talents seem to be remixed or rebalanced according to the needs of your objectives.

This can be very useful as a regeneration of the inner life to reflect a pattern of internal harmony, in which conflicting energies and tendencies are no longer competing for expression and diverting your attention away from your purpose. However, this process should only occur during phases where you need to be intensely one-pointed and concentrated enough to make your decisive active step, and should not be encouraged to continue, as the result may be a repression of aspects of your personality and a pushing them down into the unconscious mind. See it as a temporary 'selective tightening' necessary for a short time, and then allow a relaxation and a release of these temporarily unexpressed aspects to be free again in your personality.

You tend to have insight into people and situations, and the capacity for direct, realistic analysis. You prefer to allow space for others to be themselves, being quite tolerant of most people - providing they are not causing deliberate harm or taking advantage of others. In addition, you have a clear sense of interrelationship with society, and feel that you have a natural responsibility to use your energies in a socially constructive way.

In particular, you take a certain pleasure in attempting to resolve social problems by becoming involved with social pressure groups which indicate directions to follow which they believe would be socially beneficial. You can become very committed to supporting causes that you have faith in, devoting time and energy to furthering the cause, and in being true to yourself and your personal beliefs. T

The only point to bear in mind with such a tendency is the need for an ongoing

evaluation of belief and self, to determine your current standpoint and to allow it to change and evolve naturally, as you develop through time and greater life experience; belief should not be an unquestioning, static position.

([53] astromatrix.org.) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and

emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

([195] astromatrix.org;) Polished And Refined

With Jupiter in Opposition to your Natal Ascendant, you will feel the need to be more involved in one on one relationships, especially if Jupiter is placed in the 7th House. Relationships in general make you feel happier and content and is a realm for greater exploration and understanding.

The descendant is a symbolic condensation point for what we don't identify with in ourselves and therefore project onto or seek out in others or through intimate relationships. You're very sociable, good-matured, optimistic, cooperative and helpful, attracting many benefits through partners and relationships. That being said, it is important to find your source of optimism and contentment within yourself.

Your expectations of what others can provide will be unrealistic in the real world, since very few people actually live up to our fantasies of them. This will lead to many disappointments until you realize that what you are seeking in others is a part of yourself that you are denying, or for some reason are afraid to express.

([590] 12andus.com;) Your wounds and past traumas can make it difficult for you to have confidence in your higher wisdom.

You may be sensitive to the wounds of others but feel inadequately prepared to give advice or come up with solutions because of your own past wounds. Though it is hard for you to follow your own advice and take your own medicine, it is easier for you to see what others need to do.

Still, you may have a bit of "Imposter Syndrome" that leads you to doubt your standing. You may have to work through deeper insecurities so that you can become convinced of the validity of your plans and ideas.

When you do blend your unique sensitivity and intuition with your determination and desire to make a positive difference for others, you can be a powerful advocate and strong leader.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 16° **Scorpio** $23'$ and in the **9th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 3° **Cancer** $42'$ and in the **5th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 27° **Libra** $28'$ and in the **8th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 0° **Virgo** $8'$ and in the **7th** house.

Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 24° **Pisces** 26' and in the **1st** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 27° **Capricorn** 32' and in the **11th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 28° **Sagittarius** 33' and in the **10th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 24° **Sagittarius** 36' and in the **10th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 13° **Gemini** 54' and in the **4th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in Fourth house (Cancer): insecurity or attachment, large crowds, getting lost

Lots related to family:

The **Lot of the Father** is in 17° **Gemini** 35' and in the **4th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 7° **Sagittarius** 49' and in the **10th** house.

Same as for father.

The **Lot of Siblings** is in 11° **Capricorn** 51' and in the **11th** house.

The **Lot of Children** is in 8° **Taurus** 9' and in the **3rd** house.

The **Lot of Daughters** is in 10° **Taurus** 55' and in the **3rd** house.

The **Lot of Sons** is in 25° **Leo** 28' and in the **6th** house.

The **Lot of Marriage for Woman** is in 10° **Scorpio** 53' and in the **9th** house.

The **Lot of Marriage for Men** is in 9° **Cancer** 7' and in the **5th** house.

The **Lot of Deceit in Marriage by Woman** is in 23° **Aquarius** 18' and in the **12th** house.

The **Lot of Deceit in Marriage by Men** is in 1° **Aries** 29' and in the **2nd** house.

The **Lot of Marriage (in general)** is in 9° **Capricorn** 5' and in the **11th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 26° **Cancer** 20' and in the **5th** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 19° **Pisces** 13' and in the **1st** house.

The **Lot of Treachery** is in 2° **Sagittarius** 56' and in the **10th** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 25° **Leo** 18' and in the **6th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 8° **Leo** 39' and in the **6th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Libra

(astrology.com:) Libra or in the seventh house: The balance of this Hygiea placement depends on an inner sense of harmony. If that sounds vague—it is! These individuals seldom know what will keep them healthy and anxiety-free until they've found it, possibly stumbling upon it by accident or being referred to some technique, class, or health professional by a friend. Because they often feel blown about on the wings of chance, they must learn how to make committed and responsible choices without relying on others' opinions. Only then will they feel in control of their wellbeing.

Hygiea in 8th house

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Aries (Rx)

(Eris is very slow and almost everybody uses tropical so there is no interpretation for this. This is the interpretation for Eris in the first house from 'synnisigns.com'.) Your mission is to trust yourself. You will have opinions that differ from societies', you will do things different from other people. You will experience pain and loss here, because though you may desire to integrate fully into society, you can not. This is not a Uranian process where you discover your individuality. The Eris process dictates that your innate sense of values pits yourself against society.

Eris in 2nd house

(synnisigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Cancer (Rx)

(astronomicallyaligned.tumblr.com:) A woman has lost her husband. She is filled with grief and sorrow. As she's singing her lonely melodies, luring you to look inside and let her out, the waves crash against the beach. Shells are being crushed into dust. Into the sand covering the beach. If you let yourself be lured by her enchanting tunes, sadness and tears will turn into oceans and rivers, covering the entire earth. She wants them all to feel her sorrow. Her pain. To understand her, so she won't feel lonely anymore. Use that melancholy and melody as a beautiful narrative in life's gray path. Color the flowers.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Libra

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someone's Nessus falls in your 7th house then that person will show the above qualities.

Nessus in 8th house

(smartyoungsters.com:) Nessus shows the dark side of the god of the underworld. But even then this Nessus has the biggest potential of becoming a healer. In fact, the most powerful healer. Nessus here, is the mafia, drug dealer, tantric yogi, black magician who uses spirits to bring him power. He is the "bad magician" from Aladdin's story who is running after the lamp for power. This Nessus has an obsessive and uncontrolled desire to gain power. He wants wealth at all costs and use darkest themes to get it. His greed is endless be it for sex, power or money. He holds his victim captive like the Devil card in tarot. When positively expressed, he is powerful yogi like Lord Shiva who heals victims of various ailments. He is the one who gives life to the dying through power obtained by controlling the kundalini energy. In love this is most manipulative Nessus who can do anything to gain control of the relationship. He will use all methods to hold his lover captive.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Sowing complex solutions to complex problems. Patience; the greater pattern. Complexity; simplicity. Can indicate where your own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

Melete

Anxiety, mental anguish.

[1] means through which you promote peace or (at least happiness) for all

Melete in Aquarius

(hillarysss.tumblr.com:) Melete in 11th: You're scared of letting yourself get too close to a friend. Friends could've burned you constantly. Maybe there is something that stops you from making friends. Technology could've been something that really brings you sadness. (Being online can scare you so you may keep things very private). You're scared of being too humanitarian you don't wanna get "taken advantage of". Friends may have constantly used you.

Melete in 12th house

(hillarysss.tumblr.com:) Melete in 12th: You may find yourself constantly being scared of endings in your life. Endings are natural and necessary for your soul growth. You may be scared of Karma so you constantly try to be as kind as you can hoping you get it back. You find yourself wondering about the afterlife. This can make you very spiritual but there is usually wounds here. You're scared of tapping into your subconscious because of what you may find. You may find yourself never truly healing from stuff.

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:.) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

Sensual but sadistic, this independent stellar warrior seeks satisfaction through self-indulgent and aggressive action, with a strong and immediate desire to dominate and control. But without a direct outlet for this cruel and debauched energy, it is forced inwards and manifests as frustration and resentment.

Angry and with no opportunity to express, do not attempt any daring or risky business as it is highly unlikely to succeed, and could end in a scandal... or devastation. However with awareness, self-restraint, and patience, then this powerful energy can be harnessed as a protective force, offering leadership and success.

If this energy is channelled positively and constructively it becomes a force of personal power. When the storm rages inside, it's time to take a look at what's going on in the mind. This type of personality engages in self-destructive behaviour. With time spent on working on the self, a certain type of intelligence is found.

Hamal fixed star meaning is one restrained and controlled aggression towards positive outcomes. But only if harnessed and approached with extreme care and attention. Hamal appears in an astrology chart when things are about to get serious. A certain situation grows to boiling point and action is needed. If any sort of constructive energy is to prevail.

Hamal star also indicates working in the confines of the law. Judgement and interference from others could bring a major project to its end. When working with others insure their integrity before sealing any business deal.
