([798] i.thehoroscope.co)

Helpful and refined, the Libra Sun Pisces Moon personality is recognized for being able

to make key compromises to ensure everyone's satisfaction.

People with their Sun in Libra and their Moon in Pisces are compassionate, creative and very sensitive. They sometimes live in a fantasy world where they always retreat when life becomes too tough.

That's why they're so creative and would do a great job as artists. Their ideas could be used in many domains of activity like fashion, writing or visual arts. These natives are more inclined towards the abstract and imagining than towards exact sciences.

Refined creatures, they will appreciate quality each time they will see it. The designer job, no matter if it's fashion or graphic, suits them very well.

**An Instinctive Personality - In a nutshell:**

Positives: Appreciative, witty and balanced;

Negatives: Dramatic, impulsive and distracted;

Perfect partner: Someone who is not at all possessive;

Advice: They shouldn't give up on their own dreams to make others happy.

**Personality traits**

Libra Sun Pisces Moon natives can feel others' pain because they're very sensitive and empathic. These people simply don't know how to hate or hold a grudge.

They are always paying attention to what people around them want. What can make them fail is their generous and unselfish nature. It's true all creative people are altruists, but this trait needs to have some limits too.

They are the most artistic, instinctive and sentient out of all the Libras. Yet they are not very practical. At least they are serene and calm enough to make people want to spend as much time as possible around them.

It doesn't matter what they will do, these natives will have a tactful approach and express themselves subtly. As young adults, they will be very naive. It will be tough for them to adapt to the harsh reality.

But they'll know when to make compromises. This is the only way how they'll learn about survival skills and what's required when the world is hostile.

Too polite and interested to please others, they will often forget about their own hopes and dreams in order to make people happy. And they shouldn't allow for this to happen. They are the ones who should be in charge of their own destiny.

Libra Sun Pisces Moon people are relaxed and easygoing, meaning many will find it difficult to determine where they are standing and what they want. They would rather do

as others say than think for themselves. Not to mention they are easily influenced.

While they can adapt to both a material and a more profound way of thinking, they can't really commit to a project or a person for too long. It's because they want to live in the moment, to change their mind according to circumstances.

These natives are very attractive and romantic. Because they put their partner on a pedestal, they have high expectations and get disappointed from time to time.

When they want something, they no longer observe what's going on around them and can ignore the important people in their life. Their Pisces gives them an addictive personality, the Libra makes them indecisive.

It's very important for them to not indulge in alcohol and other forbidden substances. The placement of their signs in their chart indicates they are deep and sometimes reserved.

They don't want to seem someone else, but there's more to them than what it can be seen at the first sight.

Because they are a Pisces, they have a sensitivity that makes them shy, especially when they can't grasp things with their intuition. That's because they usually trust their gut rather than making logical assumptions.

Because they immediately adapt and follow people, they would need to set some boundaries and think how some specific relationship interfere with their existence.

It's essential they distance themselves from people who don't do them any good. The fact that they avoid confrontation is not such a bad thing, but it can influence their life in a bad way, in time.

Expressing their needs should happen even if it can cause arguments. They are sociable and creative, so people will like them anyway. What should help them find their own identity is a balance between their artistic talents and the way they reflect on themselves.

This Libra Sun Pisces Moon combination suggests they are the most alive when they interact with others and rely on their own intuition. The more they'll be honest about their interpersonal relationships, the more they will find a deeper meaning to life.

When intimate, they have the need to fulfill their partner's most secret wishes and fantasies. But they need to be loved in the same way they are loving.

Their intuition is one of their biggest talents and the most reliable for decision-making. And it will also help them make a lot of money.

They function perfectly in teams. The people who work with them should be tactful and aggressive in the good way. Visionaries, these natives would make great artists.

They don't want attention and they often make compromises so that others are satisfied. It's often that their colleagues take credit for their ideas.

When unhappy, Libra Sun Pisces Moon individuals start to feel disgusted with themselves. There are also masochist tendencies in them. That's why they need to have self-respect and to be with people who appreciate them.

When choosing their friends and business partners, they should be moderate and not allow themselves to be influenced. They need to pay attention to their relationships from time to time. This will help them with how some people influence their life.

### **Love characteristics**

Libra Sun Pisces Moon lovers know their way around people. They are refined and flirtatious.

Focused on their relationships, these natives will always adapt their behavior to others. As partners, they're sensitive and gentle. Ladies who want someone bold and aggressive should look somewhere else.

They will work hard at their relationship. But they will be indecisive and will sacrifice transparency. Not that they'll lie, they will simply keep some things about themselves hidden.

Not at all compatible with possessive people, they like to flirt with friends and closed people. It's because they are ruled by Venus.

They usually discover others by being very nice and open, no matter how long they have been in a relationship.

Pisces Moon people need peace and quiet. They are ruled by Neptune, the planet of fantasies and dreams. They are empathetic creatures who take their partner's pain and make it theirs.

Because they're so sensitive, they often need to withdraw from the world and spend some time alone. Prone to depression, they should stay away from negative people as much as possible. Someone like them would be their perfect partner.

### **Libra Sun and Pisces Moon man**

Very emotional and a romantic at heart, the Libra Sun Pisces Moon man puts his partner on a pedestal. And if and when he starts to discover her flaws, he will be very

disappointed.

His many relationships will all be deep while they will last. When he'll discover his lover is just a human being, he will be very sad. And he's convinced the perfect woman exists.

The harsh reality will bring him depression, addiction to alcohol and drugs, and moments of loneliness. He will be dramatic and refuse to talk to anyone when he'll discover his ideal lady is not there. His sixth sense simply doesn't work in his romances.

Because he's selfless and a good caretaker, he would do a great job as a doctor, nurse or social worker. As a father, he will protect his children to the extreme.

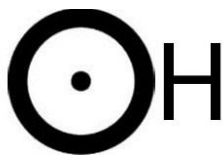

It may sound odd for him, but he will manage to deal with chaos because he feels like he should make the world a better place. He will never want to be seen in his weakest moments.

He likes to always look good and to leave people the impression that he doesn't even struggle for this.

It's not normal for him to have too many romantic relationship, especially many at the same time. He's subtly charming and sweet, so women will come to his bed as soon as he'll open his mouth. But he won't want them all.

Because he can easily become dependent of alcohol and sugar, it's suggested he stays away from these his entire life.

Their need to be in the center of attention can bother some of the people in their life. Very ambitious and willful, Sun in 1st house natives tend to overwhelm others with their strength and controlling ways.

They're conscious of what they should do for their life to take the right direction and highly intuitive, so it's normal for them to be in the middle of things all the time.

With the Sun in the house of self, these natives can very well hide their insecurities and put on a mask of absolute confidence.

The same placement of the Sun can have them obsessing over the way they look like, but what's the most important to know about them is that they can recognize a good opportunity and know how to seize it.

### **The positives**

Bigger than life itself, individuals having the Sun in the 1st house borrow some of the Leo's traits, being true forces of nature and very flamboyant creatures.

They usually follow their heart and are always enthusiastic about new things happening in their life. Many will get inspired by them to be more optimistic, some will find their energy overwhelming.

The more generous and supportive they'll be, the more friends they'll make and attract members of the opposite sex like magnets. These natives' main purpose in life is to always make the right impression.

With the Sun in their 1st house, self-expression and spontaneity become two of the most important things in their life. Other things are on the second place, and while they may seem selfish to others, they're actually not.

It's just their motivation and ability to lead that makes them seem this way. Everything they do and talk about makes sense and is highly meaningful, and they seem to always wait on others' feedback.

If they'd be forbidden to express themselves, their entire energy would drop because they really need to radiate and to have vibrant interactions.

Loving to take the initiative, these people would make great leaders and are truly capable to build their life just as they want it as they always know what there's to be done.

Having the contagious type of energy, they can immediately recover from illness or difficult periods in their life and still inspire others to be strong.

It's important for them to develop their determination and ego as much as possible because this is what the Sun in 1st house forces upon them.

It's not a choice that they have when it comes to this, it's more of a necessity because the Sun in this position needs to be satisfied because this planet determines how people should be in order to feel happy and accomplished.

While it's possible for Sun in 1st house natives to restrain their ego at first, they'll realize at some point what they really want.

Because they're ambitious and self-confident, they immediately attract the attention of others and make it possible for success to easily come their way.

It's essential for them to always be enthusiastic and optimistic, and they usually are all this, without having to be encouraged.

Having their own place in life is also important because they want others' respect and appreciation.

As a matter of fact, their need for recognition is pretty strong and usually one of the traits that characterizes them the most.

The Sun's position in the first house is an advantageous one for leaders, politicians, actors and dancers as it brings a lot of charisma and capability for self-expression in public.

The aspects in which this celestial body is in their chart are essential for their health, but they're usually strong and able to immediately recuperate from both physical and psychological difficulties.

They seem pushy because they have a strong will and power to overcome obstacles, weaknesses and dark periods in their life. While not even realizing it, they have impressive surviving skills.

When it comes to their social interactions, they seem to always meet people who have the same passions and enthusiasm as themselves.

The mask their Ascendant makes them wear may be different from their Sun sign, yet this doesn't mean they will be only what their Rising dictates them to be. On the contrary, their Sun will always shine and have a strong influence over their identity.

### **The negatives**

The Sun in the 1st house placement can also have negative effects on the natives having this structure in their birth chart, especially when this planet is in some negative aspects.

Some of the negative traits this placement can feature are an overbearing and egotistical nature, arrogance, a need to always argue and too much pride.

The natives of this placement should control their strong will and try not to be too

tyrannical. Some may be too honorable for these characteristics, but most of them are advised to be more tolerant and to work on their need to be controlling.

When having problems, their psychological buildup can greatly suffer imbalances and send them at extremes in matters of ego and the interest in themselves, which can become exaggerated.

The more introverted they are, the more they'll focus only on themselves. With the extrovert types, their self-expression will simply overwhelm and not leave place for something else.

They can also be at the extreme where they have a very low self-esteem, case in which they may develop serious problems with whom they are and their ego, not knowing how to express themselves so that others get a grasp of their personality.

While seeming perfectly confident and bold, natives having Sun in 1st house are in fact more insecure than they'd like to admit. Their equals make them feel threatened as their sense of competition is very strong.

It's suggested they improve their skills and determine who their allies are so they can take those people's advice and criticism more into consideration.

Usually highly impacted by what happened in their childhood, these natives may see conflict everywhere if their parents used to fight when they were little. They're determined to evolve from the psychological state that dominated their childhood, but the anxiety would still be there and they may feel a need to rise above any conflicting situation while at the same time being terrified of it.

They usually want to make their parents proud and to also do what makes them happy because they're loyal but still need to be themselves.

It can be confusing for them to determine whether they live to make a good contribution to their loved ones' lives or just to live the way they dream of because making concessions is sometimes a thing they simply can't adhere to.

After thinking a little bit more about this issue, they'll realize their public life and image can get better only if they manage to bring their creativity and talents into play to influence others and even to help them in some way.

This position of the Moon has them needing to be of service while also putting their amazing skills to work. Everything they do is going to become their second nature because they prefer to always be stable and for things to happen as they have predicted them.

Since the Moon rules over family too, they may feel very comfortable working alongside their relatives or create an atmosphere at work where everyone is feeling like they're related to each other.

In other words, they will take good care of their colleagues and support them more than anyone else.

But they will also want to be cared for and nurtured because they enjoy being spoiled. Lending a helping hand comes naturally for them, their work style always proving to be the most creative, efficient and versatile.

Very delicate, they are aware of how their body is functioning and what every small pain in their body means.

But all in all, they are the nicest people, always prepared to give a hand and to show their affection. Many will come to them with different problems and they won't hesitate to help without expecting anything in return.

It's possible for them to even look for those in need because it's in their nature to improve others' lives and to change things for the best.

For them, there's only action to be taken when it comes to expressing affection and concern. They care a lot about the mundane, so you can be sure their bills are always going to be paid.

This is the House in which wild Sun Arieses and passionate Moon Leos are being tamed. They can even use what they feel about people and situations to deal with all kind of life problems and to find great solutions. It's not in their nature to wallow, so expect them to go on with everything in the most effective way.

They will want to solve others' problems as well, because this is how they show their care and affection. The way they address issues depends a lot on what their Moon sign is.

For example, a Scorpio Moon will dig deep and find out where the root of a matter is. He or she will make a plan and find the best solution according to what they've assessed.

If the Moon is in a difficult aspect with Mars, Uranus or Saturn, they should pay attention to their mental health and notice if they have a tendency to be bipolar.

Because they study a lot on the subject of health, they will be very knowledgeable on how the mind and the body are functioning together, sharing their discoveries with the rest of the world and suggesting different kind of medical treatments to those who have problems.

That's why they would make good doctors and health practitioners. They will probably have difficulties adapting their lifestyle to a healthy routine as life is often unpredictable and demands changes or for things to be a little bit slower. The Moon in 6th House people have a need to help their peers more than others.

## **Mercury ♀ in ♌ Leo man 8° 34'**

([892] i.thehoroscope.co)

He will begrudgingly admit when others are right and he's wrong but is quite fair when it comes to practical things.

The Mercury in Leo man is very determined and confident. He doesn't try to say or blabber about insignificant things, he states facts with resoluteness and boldness.

His ideas are built upon experience, knowledge, and he presents them as being indisputably clear. If you've got a bone to pick with him and don't agree, feel free to tell him that, but be sure you are forging your demise.

### **In a nutshell:**

Positives: Persuasive and bold;

Negatives: Contradictory and aggressive;

Soulmate: Someone who has some kind of special-interest;

Life lesson: Not getting too hung up on small disputes or incidents.

### **No one should dare to contradict him**

He's aggressive and goes straight to the point. What's more, he's ready to start discussing any topic.

He knows that there are a lot of opportunities to learn from, to gain experience, to discover his own flaws, and he takes a step forward to actually become superior to the man he once was. It's uncertain whether his intentions are generous and kind or selfish and self-centered.

He's not willing to admit that other people might be right, and that he might be wrong. This goes against his pride as the king around these parts. He does nothing wrong and he's always correct.

His enthusiastic and dynamic personality wants to feel in control, in a position of

authority where he has access to everyone's dirty little secrets.

He's basically playing a strategy game, expanding his territory, going forward through the fog of war, going against other opponents, strategizing.

When he's insulted, or someone dares to contradict his demands, he will get revenge, swift and painful.

He's very interested in people who agree with them. Now isn't that a surprise! Well, sarcasm aside, he takes a special interest in like-minded individuals, and he can show his appreciation in many ways.

His achievements must be met with admiration and praise, besides his inner sense of fulfillment and accomplishment. He's a leader, an innovator, a revolutionary thinker who is bound to cause a revolution of epic proportions.

The harbinger of a new era is here, the Mercury in Leo man will bask in the glory of his own realizations.

## ***Mercury ♀ in XI 11th House***

([918] i.thehoroscope.co)

This placement of Mercury improves the ability to talk with anyone about anything because one becomes more charming and convincing and has plenty of fresh ideas.

The Mercury in 11th house natives are especially effective in dealing with other people. They know how to talk to them, how to explain and transmit their ideas in easy to understand ways, and they are generous in most situations.

They can adapt their speech to pretty much anyone, regardless of culture, level of understanding or other differences. It's one of their special abilities, to be able to communicate with people from all walks of life.

**Summary:**

Strengths: Eccentric, intelligent and curious;

Challenges: Dominating, picky and manipulative;

Advice: They shouldn't let themselves affected by others' opinions.

**Endless ambition**

These people are one of the most communicative and sociable natives of the zodiac. They are literally able to talk to anyone about anything and reach a consensus, most of the time.

At least, if the interlocutors are able to bring new and fresh ideas, innovative perspectives on the subject, they will be thrilled and enthused to no end.

This is what they find fun, interesting, and entertaining, to engage in challenging conversations where they can accumulate more knowledge and satisfy their curiosities.

In order to achieve their aspirations, they will try to diversify their interests, to gather like-minded people around, and to engage in social activities more.

The inspiration is out there, and it just has to be found, and also accepted as such.

They think about things that most other people can't even wrap their heads around.

Simple, yet profound subjects like freedom of speech, individual choice, morality, humanitarian aid, all topics related to the development and well-being of the rest of the world, with emphasis on the general good.

With respect to their individual goals, they are ready and keen on talking about them to friends and close ones.

With great vision and endless ambition, it won't be long until results will start appearing.

Their ideas are unorthodox and out of the box, all the more reason to believe that they'll strike big when success eventually knocks on the door.

Those born with Mercury in the 11th house will deliberately want to associate themselves with intelligent people, engage in social activities and groups that will help them with achieving their goals.

If the atmosphere is competitive and challenging, then it's a way to the top in their mind. Nothing is more important than learning, accumulating knowledge and the necessary know-how required to solve problems, take opportunities, and turn them into gold.

Skill, the power of will, a lot of effort, and an intelligent approach will always win out against mindless slaving around.

Their curiosity spreads forth, encompassing anything that's even remotely close to their goals. They manage to extract something to learn from anything, even the most difficult problems or toughest challenges.

Irrespective of the way they see the world, one thing will not change though, the principles that enliven their way of life.

### **The positives**

They want to discover new ways of doing things, new perspectives and viewpoints, to be able to come up with multiple ideas when thinking about achieving their goals.

And they expect the same of their friends and close ones, the reason for which they're looking for intelligent, creative, and open-minded people to befriend.

This is a sure way of getting the most useful advice and relevant appreciations of their ideas.

They have a lot of like-minded friends who act just like a tight group, supporting each other and having the same beliefs.

The Mercury in the eleventh house natives want to help people, as many as possible, to change the world for the better, make information accessible to the general public.

These people are attracted and intrigued by the simple social comings and goings of other people, the principles of association and communion, how they get by and work

with each other.

Group psychology, sociological insight, this what they're looking for, as a way to further develop their plans and hone their future prospects.

Nothing is more pleasing than pinpointing and actually using these principles to efficiently bring themselves on top of the game, to come up with increasingly better ideas as a result of competitive struggling.

These natives thrive when there are more people around them because they can bounce their ideas off of interacting individuals who can appreciate, refute and constructively criticize them.

They are multitasking and will not fret when put face to face with stressful situations and tense challenges.

They can only get better and develop their skills, maybe even come up with a few fresh ideas to implement in their long-term plans.

As for the end-goal, it's comfort, of course, which effectively translates to a stable material situation.

Money, personal wealth and success, will come to them naturally, without any need for luck, destiny or other outside factors. Everything depends on their own powers.

### **The negatives**

Because their minds are filled with countless ideas and plans for the future, possible outcomes and simulations, it's harder and harder to keep focused on organizing their thoughts, efficiently interacting with others around them.

They often get sidetracked and say stupid things or don't pay attention to instructions. This air-headed and irresponsible attitude can only lead to future failures and disappointments, a loss of their trustworthy impression.

Moreover, just because they have a lot of friends doesn't mean that it's a good thing. On the contrary, it can be detrimental to their ascension because some of those so-called friends are tricksters in disguise.

Fortunately, they are a bit cynical and very rational, so much that they deeply understand this reality.

They avoid large groups of people and don't open up to anyone until they have proven themselves.

Because the Mercury in the 11th house natives care a lot about the appreciations and opinions of other people, they want it to be an honest and straightforward analysis, not a fake one.

Communication does include the tendency to engage in gossiping, talking behind people's backs and otherwise faking your own emotions and thoughts.

This is one of the problems that these natives have, a major flaw if you ask some of their friends, and something that they should work on.

It's not really done with ill intent, but rather because of the high curiosity that's just asking for satisfaction.

It's nothing they can do about that, only control themselves and stop talking shit about people.

This 11th house is one associated with success, material or otherwise, and these natives get to choose how they live their lives.

### ***Mercury ♀ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) These people absorb thoughts and ideas through repetition and osmosis rather than careful, deliberate study. ### ***Venus ♀ in ♈ Aries man 25° 57'***

([921] i.thehoroscope.co)

He likes to be the one who inspires people to get out of their comfort zone.

The Venus in Aries man is the hunter of the zodiac, always on the prowl, looking for the next prey. When he falls in love, he expects the target to fight for her independence, to struggle against his advances, to not give up easily.

Only that would satisfy his desires, his need for adrenaline and the need to assert his dominance. Nothing stands in the way of his boldness and supreme confidence.

He wants to get physical right from the beginning, so don't even think that you can keep him at a distance and still have him interested. Moreover, he wants his partner to be independent, to have her own plans, and not depend on him for living her life.

**In a nutshell:**

Positives: Straightforward and confident;

Negatives: Self-indulgent and vague;

Soulmate: Someone who is very honest and reliable;

Life lesson: Taking less risks and being kinder to himself.

**His love personalityHis love personality**

The Venus in Aries man is attracted by a direct, straightforward and confident woman who isn't afraid to say what she wants, to express her feelings, and to grab a hold of her potential.

He doesn't want someone who's anxious, highly emotive, afraid to speak her mind, and introverted. That would only bore him out of his minds and ultimately drive him away.

He's a fan of risky endeavors and dangerous adventures. He would never say no to such an opportunity because he knows what he wants from life.

In a relationship, he will assert his desires and expectations, while also going straight toward the point, asking for what's necessary to satisfy him.

He needs action, dynamic events, to go and take what's his, to release all his energy outward, and this may present itself as a healthy form of romance in a relationship.

This man wants to feel the rush of adrenaline course through his veins, to feel like the world ends if he doesn't react fast enough.

Everything must be pushed to the limits of the extreme, to the verges of possibility, in order for him to feel satisfied. Emotions, feelings, all are passionate and intense, and the routine is perceived as the enemy of life.

He's just like rocket fuel – an incredibly fast-paced start, followed by the most incredible course ever taken, with plenty of spontaneous and over-the-top reaction, just to deflate

faster than a stung balloon.

He likes to be the one who inspires people to get out of their comfort zone, and in a relationship, he'll be romantic, incredibly affectionate, open-minded, and initiate energetic adventures to spice things up.

What this means is that once he's started something, he won't automatically take it all to an end. In fact, chances are he's never going to finish, just wave his hands in the air like a lunatic, in the beginning, appear extremely intrigued by this, but then quickly lose their interest.

He's a very competitive partner and likes challenging bouts, debates, and arguments. He feels alive doing these things, being the one who takes the initiative, the one who takes the relationship to a new level, and also the one who leaves, if it comes to that.

Now, for his tastes, they are pretty simple, actually. It's not about physical attractiveness or the way she dresses specifically, it's just that she has to have a strong personality, go against his wishes if it comes to that, and never abandon her principles.

One of the problems this native has is that he doesn't really think things through, and he only ever thinks about the excitement and enthusiasm of stalking and seducing his prey.

When it all becomes normal, comfortable, and his lover starts getting used to his advances, then the Venus in Aries man gets bored and starts looking for entertainment once again.

What makes it even more complicated for the Venus in Aries man to have a peaceful relationship is that he can feel insulted very quickly.

He takes a lot of things personally, even though they were just said in the middle of a debate or in a heated discussion.

He really cannot hold his pants when his girl says something that he can interpret as an insult, and this is one of the reasons why he usually doesn't stay for too long in such a relationship. Immaturity is one of the reasons why he's so quick-tempered and has a flimsy ego.

### **Attracted by ...**

The Venus in Aries man is very intrigued by a girl who knows what she wants, and who puts everything away as she goes to fulfill her dreams.

Lively, outgoing, energetic, and very intense, this is what he wants from his dream girl. It would be good if she practiced sports or if he had a very healthy lifestyle in general.

This means that she cares about her own looks and general wellbeing and that she's not lazy. What's more, he wouldn't mind even if she were to take the lead in the relationship, as long as she makes the right decisions. In a relationship, he wants to keep it alive, to go straight for the kill every time, never to hesitate or to wait for the right moment.

There is only one life, and you have to live it fully. He appreciates a straightforward and honest partner who doesn't beat around the bush.

### **In conclusion**

This man likes his woman direct, bold, and confident enough to make the first move and not feel sorry about it. He wants her to be dominant, to push away all the uncertainties and just do it.

If she gets all physical, that's going to drive him crazy with intrigue and anticipation, so think about that for a second. Surely you can grab the courage to give him a soft kiss next time you see him, just to incentivize him further.

About the Venus in Aries man himself, he is a very energetic and enthusiastic native brimming with confidence and vitality.

Naturally, his partner will feel all this energy unfolding right before her eyes, and it's impossible that she doesn't get affected by it. He will turn your fears into confidence, and he will support you even when no one else believes you can do it.

With this much impetus and determination at his disposal, it's really a surprise that he's not blogging about how man achieve whatever he wants as long as he so much as desires it.

What he needs to learn is that his partner also has his desires, wishes, likes and dislikes, her own opinions that he would do better to respect.

We all know he's dominative and fierce, but not everyone can run at the same distance as him, so do be careful when setting expectations.

## **Venus ♀ in VII 7th House**

([951] i.thehoroscope.co)

People having Venus in the 7th House are all about relationships and other people in their life. They're also very keen on harmony and balance, so they'll try their best to keep their life at peace and in order.

It's normal for them to lose themselves in a relationship that lasted for too long, allowing comfort and overindulgence to take over their life. Therefore, they may let themselves go, put on some extra weight or no longer pay attention to the way they look.

Venus in 7th House natives are simply crazy about love and have the tendency to change partners when wanting to see how a new relationship feels like. They will marry later in life, all their long-term commitments being turbulent rather than smooth.

### **Summary:**

Strengths: Peacemaker, balanced and diplomatic;

Challenges: Rushing into decisions and materialism;

Advice: Don't become addicted to the approval of those around.

### **Exaggeratedly attached to the person they have fallen for**

Individuals having Venus in the 7th House are the most successful when they can express their artistic, romantic and social skills through harmonious interactions with others. Even their health depends on how well they feel emotionally and the way their relationships are evolving.

It's possible for them to get married just for the money, so their materialistic nature will pretty much be obvious in this case. It's like relationships are all they're living for, because they can't stand being alone.

They want balance more than anything, so becoming domineering with their partner is not at all unusual for them. These people love bringing peace and often go over themselves in their search for harmony in their romantic relationships.

It's important they don't try the impossible in their search for balance because many may want to take advantage of them seeing how they're ready to compromise.

Looking for someone who looks good and has a good career, they will try their best to be charming and enjoyable. Their magnetism seems to always attract the right people, and the way they interact with their other half is based on the give-and-take process involved.

Their most erogenous zones are around the back and the hips, so members of the opposite sex may be very attracted by these parts of their body.

With Venus in the seventh House of relationships, they are most likely to have a happy marriage and to enjoy life together with a partner more than others do.

They will rarely argue, because they want harmony to rule over their life with their significant other. If there aren't other negative aspects and factors in their chart, they'll most likely get to live the marriage everyone dreams of, as they hope for a perfect love life ever since children.

In general, they hate being on their own and wish for their relationship to be stable, beautiful and true. There are no problems with their level of commitment and when Venus is in good aspects, the chances for them to have a good marriage become much higher.

But if this planet is in negative aspects, they can become the laziest spouses who are still capable of true love, but just don't want to do anything.

Venus is at home in the seventh House, which means the life of natives with this placement will have a lot of Libra's energies surrounding them. It doesn't matter if this planet is in Libra or not, they will still have the sign's influence as Libra rules over the 7th House.

All in all, Venus in seventh House natives are very charming and in need of balance, being also very open to offer their loved one everything he or she needs for a happy life. It's easy for them to become taken advantage of, so they should look for someone who is also looking to work on the relationship.

It's possible for them to be exaggeratedly attached to the person they have fallen for, so don't be surprised if their personality has merged with their lover's. Eager to be involved and wanting for everything in their relationship to be smooth, things may not always go the way they want them to.

When alone, they feel like something is missing in their life, so they'll do their best for

their partner to be happy and feeling appreciated.

Venus in 7th House individuals are more the type who enjoy something long-term rather than one-night stands. They give themselves completely when in love, so their respect and loyalty can always be counted upon.

It's a pleasure for them to explore what romance brings into their life. It's important they learn how to approach disagreements and not ignore fights just because they don't like having them.

Being independent and on their own is also something they should think to implement into their life, as their need for love can be too much sometimes.

Having a special charm and loving with all their heart, it's easy for them to convince others to do things the way they want them to. Many will see them as their perfect match because they're giving and kind.

### **Wishing to be respected and appreciated**

Being at home in the seventh House, Venus receives a lot of influence from the Libra. It's somehow easy for others to take advantage of them, so they need someone who's caring and knows how to invest love in a relationship, because they are very kind and supportive personalities.

It's possible they'll become dependent on their lover and focus their entire life on the person they most care about, which is their partner.

Always positive, they're not in any way looking for the negative traits their partner has, usually putting people they love on a pedestal and having the wrong impressions about them. The position of Venus in the 7th House makes them want to give and receive respect, because this makes them feel powerful and confident.

Because Venus is the planet of beauty and love, natives having it in the 7th House should do their best to put their talents to use. Focusing on how this celestial body can help them is something they should think of, as many important things in their life are influenced by where it's placed in their birth chart.

Wishing to be respected and appreciated, they gather around them all the people who love them the most. They would hate to argue, because conflicts really confuse them.

However, it's important for them to learn how to deal with disagreements because they're usually ignoring quarrels and end up not knowing what's going on anymore.

Being happy by themselves is also something they need to implement in their life because dependency on others has never been healthy.

As they have a special charm, it's easy for them to convince people to do what they want. Many will want to be with them because they really seem to be the ideal life partners.

### **Venus ♀ - Detriment in Aries (& Scorpio)**

([871] southfloridaastrologer.com:) A restricted expression of sensuality and beauty is experienced when Venus is in Aries or Scorpio. Aries and Scorpio's need to exert their will and gain power are opposite Venus' need to be polite, sensual and enjoy beauty.

He doesn't need anyone's help in overcoming the obstacles in his path for he considers himself good enough.

The Mars in Scorpio man is given a double dose of this planet's burning energy because Mars is Scorpio's natural astrological influencer in general.

As such, he prefers doing things behind the curtain without anyone seeing him, swiftly and with great precision. He likes tricking people, acting in the shadows, pulling the strings so that everything is in his favor, but with none being the wiser.

If this man doesn't control his raw energy and combative spirit, he could end up hurting those he loves or getting revenge on those that hurt him, when it would have been way more efficient to put his efforts to better use.

#### **In a nutshell:**

Positives: Perseverant and disciplined;

Negatives: Impatient and demonstrative;

Soulmate: Someone who awakens his real self;

Even in friendly competitions between friends, he often ends up eliminating the adversaries through trickery and mischievous tactics. He doesn't want to lose, that's all.

If this man learns to manage the incredible energy levels that Mars in Scorpio sends down on him, and to take control of his impulsive and aggressive personality, there is nothing stopping him from conquering the world.

He's very attractive and passionate, with a steely gaze, not even The Rock would be able to copy, and he is very determined to achieve his goals. Anyone who even thinks of getting in his way is in for one hell of a surprise.

This guy doesn't care about the number of bodies left in his wake as long as gets what he deserves. Prideful and stubborn, with a cunningness that often scares his enemies away, the Mars in Scorpio man has the potential to influence the world.

He doesn't need anyone's help in overcoming the obstacles in his path. He is confident enough in his abilities.

Plus, he is very disciplined, to begin with, so he knows the full extent of his power and ambition. Cold and calculated, he analyzes the situation beforehand, prepares the perfect plan, sets some traps just in case, and then he gets down to business.

What did we say? Stealthy, undercover, a master of shadows and deception. He's a natural charmer who beguiles everyone he meets with his inner sexuality and obsessive drive.

When confronted with life's toughest challenges, he prefers to rely on his innate instincts

and reflexes, rather than ask for help. He can't stand watching people hesitate and take decisions with uncertainty.

He is also very keen on keeping himself in shape and getting buffed up even. Contact sports and team sports are the top choices here because of the competitive spirit present in each of them.

### **No reason to play it cool**

A lot of people criticize and speak ill of him, behind his back most of the times, but he is also confronted upfront from time to time. His response? Comical and satirical in nature, just like a competent and confident man would reply to attacks made on him.

He doesn't care about people's opinions because he knows himself too well to be influenced by such remarks. He also tries to overcome his impulses and wrathful nature.

Whenever someone angers him, he does everything in his power to tone it down a bit, otherwise, an explosion of epic proportions would follow.

Intimately, there's really no reason to exaggerate, but he is a master in the bedroom, pure and simple.

When they fall in love, they start doing things that you wouldn't even imagine them doing. In an attempt to impress and fascinate their lover, they will do just about anything.

Investing money and time is the least they are willing to do. These Mars in Scorpio men will flexibly change their approach based on the personality and expectations of the other person.

Aggressive and impetuous? Sure, they can pull that off quite easily. Romantic, tender, and affectionate? A little harder, but not impossible for this ambitious and stubborn native.

He is very interested in women who carry a dark secret with them, the kind that you immediately notice, the ones that stand out in a social group.

Physically, he wants only the best, the lascivious and sexy contours of the ideal woman. Everything is planned for even before he starts talking.

The beginning phase is where he gets to know the other person, shows off his confidence and bravado, the reliable and dominative personality, and if his feelings are mutual, then starts the adventure. And he hates having to wait for others to decide.

### **In conclusion**

This man is determined to fight for his own ideas and principles to the death. He's a

dreamer who knows exactly what he wants from life and how to achieve, possessing incredible willpower and self-discipline.

Nothing can scare him out of going ahead, and his courage is legendary. When the situations turn dire, he is in full control, never losing his nerve because he quickly figures out how to overcome the challenges ahead.

Romantically, he can be possessive, jealous, stubborn, and sexually obsessed. For this reason, you should take care that he is always satisfied and fulfilled, and don't even think about talking to other men in his presence.

He gets too emotionally involved most of the time, and this has adverse effects on the overall efficiency and productivity that he can deliver.

He is prone to irrational decision-making, uncontrollable bouts of anger and annoyance, and a total lack of empathy toward his competition.

He's not very affected by whom he hurts along the way, as long as he gets what he wants. "Make love, not war". This should be the very essence of the Mars in Scorpio man, one that he should live by.

It's objectively better for him to invest all his energy and fiery temper in making love, emotionally and sexually, rather than fighting incessantly against the world.

## **Mars ♂ in II 2nd House**

([982] i.thehoroscope.co)

People with Mars in the 2nd House have a tendency to be overprotective with both people and their possessions, so don't mess with what they love the most.

Individuals having Mars in the 2nd House invest a lot of their time and energy in making money, gathering as many possessions and beautiful things as possible.

They're the impulsive type of buyers and will always have problems with how much they're spending. It's not at all in their way to save some money, so working on changing this would only make their life better. For them, finances come and go, which means they should focus more on their talents and less on how much is on their cards.

**Summary:**

Strengths: Diligent, methodical and elegant;

Challenges: Materialistic and superficial;

Advice: Being careful about the challenges they choose to pursue.

**A tendency to be overprotective**

The ego of Mars in 2nd House natives is getting stroked by a fat bank account and many possessions. They appreciate their own value according to how much they make and are never satisfied with what they have.

Having strong opinions and believing only in what they want, these natives may get into fiery arguments about their own values and principles. It's important for them to try to not impose their beliefs on others, because they can do this a lot.

They want to have the biggest house and the most expensive car, because this is what makes them confident. If wrong about something, they can admit their mistake but become broken about it.

The way they make their money will have something to do with being energetic and taking harsh actions, because they're fast thinkers and prefer to deal with things that make all of their five senses activate.

They like touching and getting engaged physically, so they'd make great engineers, surgeons or butchers. The position of Mars in the second House indicates the material gain is the most important for them, so they're very inventive when it comes to reliable money-making methods.

When it comes to business, they can be very aggressive and eager to win, so owning a company may be just the way to go for their professional success.

Individuals having Mars in the 2nd House don't mind taking risks if there's a chance for them to make good money. Expect them to want to compete in business and to work very hard, even if many see them as slow when doing their job.

The more they focus on doing a thing, the more knowledge they accumulate and the more practical or productive they become.

They have a tendency to be overprotective with both people and their possessions, so don't mess with what they love the most.

Always ready for a physical challenge, they think their success in sport competitions is also one of the things that makes them more valuable as human beings.

They love their independence and want to be proud of the work they've done on their

own. The fact that they're sensual gives them sex appeal, in bed being very passionate and energetic.

### **Practical aspects**

Mars in 2nd House individuals are true hard workers who focus a lot on the methods they need to work with and are a little bit slower than others, because they carefully analyze and plan.

As they know what practicality actually is, they'll make great things with their own two hands and earn a lot of money with which they'll buy the most expensive and high-quality things.

Independent, they love it when the work they've done alone is appreciated and brings them a lot of money.

They're stubborn and think what they believe in is always correct and can't help themselves imposing their values on others. This means all of their energy and initiative come from their aggressive side.

While not minding being challenged, they can sometimes give up projects before these are finished. That's why many think they're too impulsive, inattentive and that they have an unfounded confidence.

They don't mind speaking the truth and their straightforwardness can bother some of the people in their life. These people think it's important to react fast and can cause trouble whether being aware of it or not, just because they're bored.

The good news here is that they're lucky with money and always find opportunities to make more. They're generous and don't mind picking up the check at the restaurant.

Determined to succeed at work and real hard workers, they don't think so much about social status, as for their salary. They won't be the type who has a fat bank account and also the big house, but more the one who has the house and everything else that is very expensive. These are not at all the people to give their children anything else besides their debt.

### **The downsides**

People having Mars in the 2nd House are very careful to always make lots of money and focus too much on business, because they simply can't resist buying expensive things. If there was a job that would pay them for spending, they would be the best at it as they'd do what they love the most in life.

They should pay attention not to become too possessive of both people and their things. Always feeling they know what's best for everyone, they will bother others with this

attitude.

It's important for them to take their time and rest when tired, even if they hate taking breaks. It's easy for them to consume all of their energy on problems that aren't even important.

### **Mars in the 2nd House in a nutshell**

Mars is the red planet of action and war, which when in the second House influences people's wealth and the way they're dealing with possessions. It's considered malefic because, especially when in a negative aspect, it can cause havoc.

However, when in the 2nd House and in a positive aspect, it brings luck with money and makes the natives of this placement very materialistic.

People having Mars in the second House can get very frustrated when money problems appear, so going out in Nature more would clear their mind

However, they should learn to relax if they want to enjoy their achievements. The 2nd House is also about external and internal resources, so people having Mars in it use their emotions and intellectual resources a lot to deal with everyday life. What's external consists of possessions, property and money.

These are the only things that make them feel secure and happy. It's also what attracts them the most, so the second House will be the place where they keep what they value the most in life.

Mars makes them impulsive and irritable under pressure. When Mars is in the 2nd House, people with this placement become great business owners, as they hate working for others and not benefiting from all the money they're actually making.

They don't mind working hard and want to always win because they know winning makes them richer. The way they celebrate victories is obviously, by spending. Because they hate sharing their gains, they shouldn't work in teams.

Top qualities: Artistic, sociable and instinctive;

Weaknesses: Pessimistic and suspicious;

Advice: Avoiding confrontations is good but you still need to cope with some things.

## **The impact on personality**

Trusting their gut, Jupiter Cancers are instinctive and emotional. They can process others' reactions in a deeper way than most of us. Kindhearted and empathetic, these guys will offer sound emotional support to anyone who'll ask for it.

They are open to listen and to help when people are feeling distressed or don't know how to process their own feelings. This means they will have relationships that last for a long time.

But they need to be careful with those who want to take advantage of them. Jupiter in their sign makes them even more emotional than usual. They will be happier if they'll think seriously of their feelings before taking action.

Jupiter gives them a whole lot of energy, but can defeat their mood swings. If they will learn how to no longer over-think, they will not be so prone to change all the time.

The secret with these people is to develop slowly and from the center. Jupiter's main

purpose with them will be to help them grow and expand while being the most generous and abundant people in the zodiac. Development comes together with abundance, and growth is not possible if the person doesn't have enough for sustenance.

It goes the same way for any organism on Earth. Every creature needs more energy in order to transform and grow up. And the Jupiter Cancer's generosity depends very much on excess. Giving can't exist without having. For people not to self-destruct, they need to have more than they need.

Because Jupiter Cancers have more than enough to give, they will help other people in a lot of ways. As soon as they will find something they are interested in, they will climb the social ladder much faster. People born under this transit have a need for security and will look for financial stability all of their life. The more giving and comforting they will be, the more luck they'll attract.

Being intuitive would also help in a great way. Using their imagination and being compassionate will make them succeed. Not to mention people will feel they are being taken care of, around them.

Home lovers, they will make others comfortable by taking only the best from their available resources. Their ability to feel vulnerability will be of great help when they'll have to give a hand to someone.

Ambitious but ruled by emotions and intuition, these guys are also artistic. Their memory is incredible. Because they want security, they are very likely to build a nest no matter where they may be.

When they remember their homeland and loved ones, their heart fills with love and pride. It's easy for them to grow attached to a group because they are feeling secure when surrounded by people.

And others will love being around them because they are caring and generous. Many youngsters will take them as their mentors and they will be more than happy to share their morals.

### **Where does their luck come from**

Jupiter Cancers will be the luckiest if they will work in domains that have something to do with home or foods. So catering and real estate would be their perfect line of work because they will also have the possibility to help others.

As they are moody and tend to hold on to values that are no longer of actuality, they need to be surer of their feelings and progressive.

Friendly and sociable, these guys like going out and meeting new people. They will meet

their best social ascension around middle age.

Because they have relations, they won't have problems taking on opportunities and making money. All of their ideas will be based on personal experience and their own philosophies on life.

However, they will become nervous when they'll be in unfamiliar environments. If they don't know anyone at a gathering, they need to reach to new people. Just like the other two Water signs Pisces and Scorpio, Cancers are highly intuitive. Jupiter influences them to be even more like this.

The more they will trust their intuition, the luckier Jupiter Cancers will be. When others will try to rationalize their feelings, these guys will allow themselves to be ruled by them.

If Jupiter Cancers will learn how to make use of their sixth sense more efficiently, they will only have successes in life. Sensitive and very family-oriented, they always take care of their loved ones like no one else.

And they can help strangers too so a career in nursing or child care would be great for them. Jupiter won't stand in their way when they'll want to build a nest or attain a higher level of financial security.

### **The Jupiter in Cancer man**

The Jupiter Cancer man will make sure everyone he loves is safe. He will never turn down his family or friends. This guy is also the most generous out of all people with Jupiter in their sign. His ideals are high and his care for others can rarely be seen in other people.

Security is his main worry. Because Jupiter is in his sign, he will always go the extra mile to help others. And he'll be happy to do it. The more people will appreciate him for his efforts, the happier he will be.

Not to mention the same Jupiter will help him to know his way around the bedroom. But his partner needs to be careful not to spend too much money on useless things because he wants financial security badly.

This guy needs to know his bank account always has more than needed. He won't stand being with a woman who doesn't appreciate money. Talking about future plans and commitment makes him happy about his relationship.

They get along with mentors and their family members, even gaining something from these people throughout their life. They know how to be authority figures and people usually respond very well to their ideas.

It's possible for them to rule at home and also at their workplace because others find them very valuable. They can see in the future because they're always planning and

make things happen for them without even struggling.

Dependable and very resourceful, these natives are always there for others, so their friends know on whom to count when they happen to be in difficult situations.

Jupiter in 10th house suggests people with this placement know what they're good at and can inspire others to do their job very well. However, they should have more fun and relax with their friends because this way, they would develop spiritually and feel like they're fulfilled with their relationships.

Relaxation would work amazingly for their personal life, and the more they'll appreciate their friends and family, the more they'll get to benefit from good ideas and reliable people in their life.

While others like them, they have the tendency to work only with their own ways and to never accept different ideas than their own.

That's why they should be careful not to step over any boundaries when it comes to their loved ones. It's like they never have the time to stop and listen to a different opinion.

What's good is that they're able to work on their own, but having a team could help them a lot too.

When focusing on something, they can grow overwhelmed and stressed, so it's important they pay attention not to annoy anyone and work their way up in life by paying attention to what others need too.

If they won't consider the people who love them, they will have their luck turn into misfortune.

The Great Benefic placed here means they will be appreciated by their bosses, admired in public, respected and honored. That's why they make great politicians and rich business people.

### ***Saturn ♄ in ♉ Taurus man 4° 59'***

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

**In a nutshell:**

Style: Practical and generous;

Top qualities: Possessive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

**Personality traits**

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation.

Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

### **Transferable attitudes in their love life**

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

### **The good and the bad**

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

### **The Saturn in Taurus man**

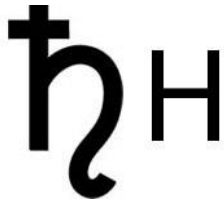

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

## ***Saturn ♄ in VIII 8th House***

([1036] i.thehoroscope.co)

People born with Saturn in the eighth house in their birth chart know how to work hard and are all the time patient. Very disciplined and looking to make as much money as possible, they may forget about their social and sexual lives, losing themselves into work.

Having a great desire to develop from a spiritual point of view, they should turn all of their energy into wisdom and an elevated power of understanding, which could be done by having stable relationships.

Because these people tend to be hurt for long periods of time when someone says or does something wrong, there's the danger for them to become abusive, dependent on sex or power, and possessive.

**Summary:**

Strengths: Hard-working, spontaneous and creative;

Challenges: Aggressive, controlling and fearful;

Advice: They need to be more calculated about life decisions.

**One step ahead**

The 8th house rules over death, but more in the sense of rebirth, not as the end of existence. While ancient astrologers used to think Saturn here would mean a painful death, modern ones have changed their views about this, a long time ago.

This is more the house that rules over significant change and transformation that comes from development. That's why people having Saturn in the 8th house need to always reinvent themselves, to give up their past and to grow into someone completely different and new.

This placement of Saturn, however, will obviously not allow all this to happen because Saturn is the bully of the zodiac, bringing about worries or feelings of anxiety.

It's important for natives having Saturn in 8th house to understand change scares them and that they should be prepared for it.

They should always plan and get documented on the major things that are about to happen in their life, for this strategy can bring them a lot of resourcefulness when the transformation will take place.

The 8th house is strongly related to the deepest insights of the psyche, which means natives having Saturn here will have penetrating thoughts and an energy that makes their ego shine.

This planet and the Scorpio, which occupies the 8th house, will always battle over the consciousness of natives, making them feel sick in their subconscious about this war and never open to let go of their ego.

Only transformation and rebirth will be able to get them out of this toxic state of mind. Not understanding what's happening in their subconscious, they will seek relief in interpersonal relationships, sex and even therapy.

It's normal for people having Saturn in the 8th house to feel rejected when refused an insignificant wish, traumatized when offended and to become abusive or in the worst-case scenario, assaulting.

Saturn happens to deal with longevity, so its presence in the house of death indicates natives of this placement will live long if the planet is not in bad aspects.

It has the power to deepen periods of isolation and to make people lethargic or changeable when it comes to their lifestyle.

This planet is aggressive and disciplined, the ego in the 8th house already having the destructive influence of Pluto. Therefore, individuals with this placement will feel like their identity is being slowly stolen by others who have either deceived or betrayed them until they no longer want to trust human beings anymore.

They may feel separated from people and connected to some transcendental energies that help them communicate with the esoteric.

They may go to the doctor for some sexual problems, but these won't be nothing else than strong expressions of their ego submitted to a force bigger than themselves.

It's like they have the capability to reach divinity by making love, that's how their passion works. The advice from the doctor may prove to be of no help and they may decide to either be single or to become promiscuous.

They can even be depressed and dissociate themselves sexually, trying to obstruct their emotional responses, which are ruled by the 8th house. Saturn in 8th house natives can become catatonic when their ego is getting hurt.

When it comes to more worldly issues, they may encounter problems with their money and inheritances because for them, belongings of others are magical and can carry curses.

They will be suspected of fraud or of doing some tricks to not pay their taxes, but they won't care and let accusations pile up if these would come from people in their life and not the government.

Saturn in 8th house natives can be aggressive when defending themselves, can suffer from paranoia and have a fear that others are always looking to betray them. All this may be related to things they've experienced in their childhood and some bad relationships they used to have.

Saturn will always discipline them, while the 8th house will influence their ways to be very curious about dangerous situations and taboo subjects.

### **The goods and the bads**

Saturn in 8th house individuals can have a powerful connection with a different plane of reality, but not surrender to it.

This planet will bring them many difficulties that can teach them how to be different and how to break away from what they've been used to.

There may be many fears in their life, which they'll have to somehow face. Saturn is a bully planet that puts many obstacles in people's way, the house where it's placed determining which are the areas of life with which a person will have to struggle.

So when in the 8th house of sex, death, inheritance, transformation, the money of others and new starts, it makes the natives with this placement face challenges with these aspects of life until the age of 40 and even a little bit older.

They will struggle and work hard, but their money will still always be late. As brokers, these people will do a great job dealing with other people's finances, but their own credit score will continue to be low because Saturn causes for things to happen this way.

It's a good thing it also brings about longevity and a spontaneous approach to sex. When it comes to the way they're dealing with the darkness, it can be said their creativity is pretty unpredictable and that some energies will always require them to surrender.

Only Saturn will help them let go and master the art of dealing with what's forbidden. The 8th house hosts Eros' energy and allow it to be free. This means more sexuality, passion, imagination and love.

Saturn in 8th house people will know how to unpack life so they're always feeling alive, even if they may be doing things that don't seem to be in line with logic.

They will simply destroy their own limits and use their regenerative energies to get their life back together.

It's possible some of them have been abused as children and look when adults to recuperate with shamanic techniques of soul searching.

What's good about this placement is that it makes the natives of it realistic and responsible, so this is what they should rely on in order to be as happy as possible.

Anticipating change and planning may be a very good idea for them, together with the use of their instincts when having to deal with the worst that could happen.

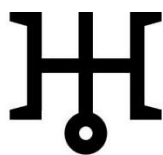

They shouldn't be negative and have many close friends who want to discover all of their mysteries. Natives with Saturn in 8th house are known for their loyalty and dedication when it comes to relationships.

This position of Saturn should have them focusing on the good that comes with change and not the worst because this will in return have them less worried and stressed.

Very secretive, these people don't like sharing and tend to keep everything about themselves hidden. Anxiety should be defeated and they need to address their problems more openly.

Allowing people into their inner world can help them deal with the chaos, but it's essential they learn how to no longer take things so seriously.

By giving up on the past, they are able to let go of the bad habits, those that only hold them down in a stagnant state and take on the modernist traits of the ever-evolving technological world.

Empathy runs deep in their blood, but this can also be a problem, because they feel the urge to receive validation from other people, to see that their efforts are being appreciated. Once that doesn't happen, depression sets in.

The long time that Uranus stays in each of the signs mark the epitome of its influence on them, bringing with it a streak of humanitarian and altruistic tendencies that the generous Pisces uses in a most brilliant way.

### **The good and the bad**

What the Uranus Pisces native does best is offer their help to others. They make for a true kindred soul, an empathetic humanitarian individual for whom the well-being of their close ones is essential.

They would even compromise their own happiness and health to do good to others. Personal or financial support, they are willing to sacrifice a lot for this. They are also in danger of being manipulated by those without any sort of principles who want to use them.

Besides getting really bored and irritated from a period of extended inactivity, the Uranus Pisces native is prone to dreaming of all sorts of impossible ideals, which most of the time remain unfulfilled, resulting in disappointment.

Moreover, they tend to abandon the boat if the situation turns dire. This lack of grit and determination won't exactly be the best advantage when it comes to building up their material situation, or when facing off against overwhelming challenges.

Tension will start building up, ending in states of sadness, the belief that nothing works as it should, and the loss of confidence.

### **The Uranus in Pisces man**

The Uranus Pisces man is very interested in the magical aspect of our world, of what happens beyond the natural veil.

His intuition works at another wavelength than that of the common people, and for this reason, he is in a much deeper connection to the spirit world.

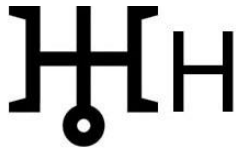

He can sense the occult and supernatural forces moving about, and this acts as a form of guidance for him, an anchor to support his meanderings through life's challenges.

Couple that with their splendid imagination and innovative spirit, and you get someone who's afraid of failure even when he's not doing anything out of the ordinary.

He's a negativist, that much is true, but he should let his intuition and connection to the spirit world heal this part of his, instead of allowing everything to work against him.

For example, when it comes to work, they may decide to do something that isn't considered "normal" by the society.

Routines make them agitated and they really don't want to adapt to society's norms. Any limits and boredom cause them to be depressed as they prefer to be challenged everyday by hazardous situations.

It's essential for these natives to find a job that doesn't only stimulate and bring them variety, but also offers opportunities for the employees to be inventive.

Everything that requires them to think and to do something out of the ordinary is very attractive to these individuals. Meditation, yoga and alternative medicine make them curious.

Uranus is considered an eccentric planet, which in the house of work and health influences people with this placement to hate authority and to not want to adhere to the strict guidelines of a conventional workplace or the society all together.

Many will see them as always having crazy ideas that can't be made reality and even ridiculous. However, there will also be people who think of them as geniuses because they seem to be very inventive.

They are the type who comes to work and makes the day better with a good idea. It's normal for them to quit and to get fired from time to time because they either got bored with the job or they've treated their colleagues as idiots.

Others will never know how to deal with them because they're really unusual and only want to do unconventional things.

At least they're very well-read and informed about the latest news in science, so their unorthodox methods will be respected as they happen to have a lot of knowledge, no matter the subject of conversation.

Natives with Uranus in the 6th house are very sensitive when it comes to fairness and are trying all the time to be as perfect as possible.

When it comes to the everyday life, they do not have any control over it. If not aware of all these things, they may not get to see their plans put into action due to a lack of practicality.

Their unconscious reactions would in fact be a psychological response to their desire to become more adequate.

The more Uranus in 6th house people will be involved in chaotic situations, the more pressured and thinking everything that happens is beyond their control they will get to feel.

It's easy to determine what their inner thoughts are just by looking at what's happening in their life and they're dealing with it.

When chaos seems to surround them, you can notice how they're all the time thinking of their inadequacy because they seem worried.

As soon as they'll learn how to work with their thoughts and energy, they'll get to turn chaos into excitement and to become more spontaneous or free.

### **Blessings**

Uranus in 6th house natives are always responsible, no matter how much they do unexpected things. Expect them to find inventive solutions to any kind of problem and to bring their own personal touch to everything.

It's like they're making things their own way and manage to be successful. It doesn't matter if they'd be working on a project for work or organize something for their loved ones, their plans will always seem to have the little details in place.

Many will appreciate their style and will want them around as they don't hesitate to give a hand when needed. However, because they're so perfectionist, they may end up focusing too much on details that don't matter.

Their high standards are sometimes impossible to be achieved. Uranus in 6th house individuals love freedom, so it's a good idea to never push them to do something they don't want to.

These people should think others are also capable of great solutions and plans because they can't be the only ones who are right all the time.

If Uranus isn't in bad Aspects in the 6th house, they will be very flexible when it comes to what to do with their own life, deciding to either work on contract or as freelancers.

They may be attracted to science and technology because they really have talent with these and this placement of Uranus makes them very curious. In fact, this house will encourage any kind of project this planet may come up with.

They're usually those people who have blogs, vlogs and work online because this way, they don't have to respect a schedule and get inspired by Uranus to be creative.

Furthermore, these natives are very good at communicating with the public and can deal with any change or unexpected project better than others.

Those who spend time with them love the way they talk and how they never forget to include everyone in their life. Uranus in 6th house people can really know how to remove the pressure and usually help others feel more appreciated.

### **Challenges**

One of the problems Uranus in 6th house individuals have to face is related to their own high standards. When someone doesn't manage to live by their ideals, they become very criticizing and nasty.

It's important for them to not be the perfectionists they usually are when it comes to others because no one wants that.

If Uranus is in negative aspects in their 6th house, they may not be able to do something for others just because they want to give a hand, but because they only have hidden motives.

For example, they will take care of someone and expect something in return, which means many will not appreciate them. It's possible they have health problems when it comes to detoxification and metabolism, like intestinal and bladder diseases that can also be related to their past lives.

As a matter of fact, in a different life cycle, they may have even been physically impaired or suffered from a mental illness that had them depending on others for survival.

Therefore, in this life, they may have this pattern hidden in their unconscious and want to run away from giving a hand to those in need as they're reluctant towards neediness.

Individuals with Uranus in 6th house should accept imperfection and think life is worth living even if things aren't going so well. It is their mission in life to become as realistic as possible and to realize they may not have all the time the required potential, but also that this isn't in any way a big problem.

They should get used to paying attention to every little detail and in the same time be careful not to exaggerate with this because it can get them exhausted.

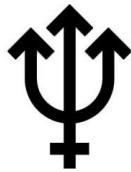

Having some fun and relaxing would bring them a lot of new energy, having Uranus reacting spontaneously and in an enjoyable manner each time something unexpected would happen.

### ***Uranus ☿ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Here is a natural-born rebel. Strong reformer instincts — for everybody else. These folks have a strong inner need and desire to persistently test their personal abilities against those of others. They must constantly prove themselves to themselves. In seeking greater freedom for themselves, they may limit the freedom of others.

([920] cafeastrology.com:) Uranus retrograde can point to a fear of change or a latent mistrust of new technologies or improvements. These people might hide their eccentricities, while Uranus direct natives are more inclined to flaunt them, or at least to be proud of them. In some ways, having Uranus retrograde is like having Saturn strong in the chart. There can be pent up energy with this position, so that while they may be following rules for some time, at a certain point they bust out with a fit of rebellion before going back to a more orderly, law-abiding lifestyle.

### ***Neptune ♆ in ♈ Aries man 26° 55'***

([1065] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

When one has Neptune in Aries in their natal chart you can expect immense creativity from their side. These natives have boundless energy to put forward, as well as the necessary inspiration to help turn all that potential into raw creations of pure utility.

They never hesitate and are not afraid at all to start new projects, to come up with new ideas, and present them to the whole world. However, some situations that appear to look as opportunities, for them, if rushed into, could lead to great disappointments.

#### **In a nutshell:**

Style: Impulsive and energetic;

Top qualities: Soul-searching, resilient, generous;  
Challenges: Insensitive, stubborn and arrogant;  
Advice: Be mindful of how others interpret you.

### **Personality traits**

The Arian's fiery nature doesn't end up in a harmonious relationship with the cold and calculated aura that Neptune exudes. This could translate in practice with natives who have Neptune in Aries exhibiting a contradictory nature.

Impetuosity gets replaced with patience, spontaneity with caution, the explosive temper turns to the rational and calculated approach that we see in successful people.

This influence comes at the expense for this native's inner ego being turned on its head, taken apart limb by limb, and transformed into a shadow of its former self, quite possibly a more developed variant of himself.

These natives are very deeply attracted to religious matters, and the philosophy inherent in every religious theory resonates with their souls on a deeper level.

They may be trying to convince other people of the truth of a certain religion and spread it around the world. They are spiritual in this sense, but they may not necessarily have faith in a traditional religion.

The Neptunian Arians tend to attract a lot of attention with these otherworldly instincts of theirs. Their inventiveness is unparalleled, and so is their determination to capitalize on this strength.

They make plans, wild ones if fact, that no one would believe stand a chance at taking form, but they don't care about how many odds are stacked against them.

It would have been way worse if they didn't even try in the first place. Moreover, these natives are innovators, breakers of old traditions, the harbingers of the new ways.

The future holds no mysteries for them, and they're the ones bringing unusual ideas to the table. Combative and with the souls of ancient warriors, they take it upon themselves to fight for what they believe is right, with unending energy.

Neptune is in direct connection to the supernatural strata of the world, it incentivizes its natives to look beyond the veil, to see the world for what it truly is, made up of countless planes, spiritual ones, magical ones.

Natives with Neptune in Aries are very religious and have firm beliefs that there are forces out there that go way beyond the understanding of mere humans.

They are very emotional, to begin with, and don't approve of the strict rational limits that some people fill the world with. These only serve to blind one from seeing the truth, from tapping into the forgotten powers that are hidden out there.

Neptune is what's called a slow planet, meaning that it has a more diluted influence on the Aries, it doesn't cause mind-blowing changes to occur within natives who are born with this transit.

This means that perspectives are changed bit by bit rather than overnight and the intuition of Neptune Arieses grows exponentially. They become less egocentric and individualistic, instead putting more emphasis on a collective understanding of their environment, acknowledging that there's more than meets the eye, much more.

### **The positives**

Neptunian Aries natives are exceptional when it comes to dealing with tough situations. They never hesitate if a decision must be made, and usually have great ideas that comply perfectly with the situation at hand.

They may be impetuous at times, even aggressive when others don't agree with their decision, but more of than not, everything quickly calms down before long, and they can act as they see fit, with a better future in mind.

What matters is that they manage to concentrate on the task at hand and not get distracted by other extraneous interests. This of course, when they are really invested in a situation.

### **The negatives**

The problem with focus of natives with Neptune in Aries is like this: not only do they find it hard to calmly plan things out, but sometimes, they even forget about certain aspects, let alone paying attention to the little details.

They leave them out altogether, instead concentrating on the bigger picture, but it's a fact that these insignificant aspects are sometimes the key elements of the whole strategy, and leaving them out will lead to disaster.

Offering advice during this period of time doesn't seem to work either, because they're very certain about the way they plan things out.

How could they be wrong? Intuition plays out a major role in this process, and we all know that Neptune fiddles with it constantly, feeding it with boundless transcendent energy.

Remember that it's not a good idea to stand against them when they are so convinced of their own righteous ideals.

### **The Neptune in Aries man**

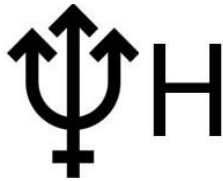

This man is very childlike, and his playfulness extends deeply into his character. He might want to hold your hand while walking down the street, he may even want to buy you a stuffed bear, which he'll then play with at his discretion, but this is his nature, and there's no changing it.

It doesn't mean that when a serious situation appears, the man with Neptune in Aries will behave in the same way, running away without any sort of responsibility sense.

Quite the contrary, actually, they can be very serious when it comes to solving a problem, and they'll put their whole attention toward any issue.

They may get annoyed from time to time, seemingly out of nowhere, but it's just a fading fire that doesn't cause too much damage. If their partner truly loves them, they'll manage to get over this and understand that they too have issues to deal with.

### **Neptune ♀ in VII 7th House**

([1083] i.thehoroscope.co)

This placement of Neptune makes people give more than they're receiving when it comes to marriage and the different relationships in which they're involved.

The Neptune in the seventh house aspect has indirect effects over people and their way of responding to others, or their behavior in marriage and other types of relationships.

This planet here makes natives idealistic and completely unaware of what's real and what's fantasy. It also brings a deep mental connection between two partners and great intuition coupled with empathy.

#### **Summary:**

Strengths: Dependable, trustworthy and kind;  
Challenges: Dreamy, irritable and perfectionistic;  
Advice: They should do more of what they love.

#### **An altruistic personality**

Neptune in 7th house people tend to give more than they're receiving when it comes to

marriage and the different relationships in which they're involved.

They may see things the way they want them to when selecting their partner, so many of their lovers would be considered soulmates by them.

These natives need to form a strong connection that relies on intuition and psychic perceptions with the one they love. That's why they may not be the best judges when it comes to the way they interact with others.

It's important for them to sometimes just take a step back and analyze people for who they are because they tend to see only what they want. It can be possible for them to be attracted to those who somehow need to be saved, or they may feel like victims who need a hero themselves.

Either way, they'll always end up with individuals who only confuse them, are not in any way committed or can't be only with them. Those who grow to be dependent on others are also their favorite type in the world.

Putting their lover on a pedestal, people having Neptune in 7th house can't see the bad things about their other half. Therefore, they need to be more disciplined and set some boundaries when choosing someone with whom they may spend the rest of their life with.

Also, they should keep the lines of communication always open or their relationship will end sooner than later.

Most of the cases, natives having Neptune in 7th house grow to be dependent on their partner and on the most accommodating people this world has ever seen.

On a positive note, they're very good at bringing out the best in others, especially their partner, but only if that person appreciates their efforts and wants to grow into someone better while next to them.

This placement indicates that Neptune will express itself the most when it comes to relationships and the qualities or traits that are only seen in others as the 7th house rules over marriage and describes what the natives would want in life partner.

Things about the 7th house should always be taken seriously because relationships are amongst the most important things people can experience in life.

The planets in this house indicate what qualities they will influence in people's personality. Natives will unconsciously mirror their own traits in the ones they care the most about in their life.

Natives with Neptune in 7th house will always have fantasies and put their loved one on a pedestal, so whenever choosing someone to be their soulmate, they should be honest and pick very carefully.

This is a planet of fantasy and illusions, so it makes natives having it in the 7th house to want relationships with people that are unavailable.

These people will suffer a lot in love, and continue to dream about the perfect marriage, just like when they were children.

Adulthood makes them understand reality and to realize things aren't always as they used to dream about them.

It's tricky to have Neptune in 7th house because this planet only makes things about partnerships and marriage more difficult. It's not the placement of tragedy or a too harsh life, but too much fantasy and irritation regarding everything this house rules can't be good.

Neptune can't accept any limits, people with this placement would imagine something perfect when it comes to their marriage, thinking the union with their life partner is unbreakable.

Things aren't always this way, and they'll learn the hard way romanticism can't be kept like in the beginning. It can be confusing for them to see that after they've invested so much time and efforts into someone dear, things can go to waste and they no longer know who their partner is.

The thing is, they can repeat the same issues over again, with different other relationships and marriages. Having a need to find someone perfect, they will never see the negative parts of their other half and whom she or he truly is.

They usually attract people who have a lot of Neptune or Pisces influence in their chart because these are the natives who are always living in a fantasy world and don't care too much about the everyday life.

In the situation in which Neptune is in good aspects in their chart, they have all the chances to marry an artist or a person with a very sensitive soul.

In case Neptune is in aspects with other malefic planets, they may have a wife or husband who's addicted to substances and alcohol. The second situation indicates marriage with someone who no longer knows what's real and not, so it's about a hero saving a victim.

It could also happen that their spouse doesn't want to be saved, yet they will still

continue to idealize the relationship and to not understand why their help is not appreciated.

Furthermore, when it comes to their money, they may lose a lot because they'd be spending on rehab centers or to provide their spouse everything, he or she need in order to deal with the addiction.

Influences from Neptune indicate they may be with someone who's deceptive or hides his or her true personality from them. Since they want to offer everything they have to the person they love, this signifies a situation in which they're being taken advantage of.

What's curious is that they won't even have an idea about what's going on, so their friends and family members will try to wake them up and they'll refuse any intervention.

They need to understand that a bumpy love life can sometimes lead them to become nothing else than the caretakers of their partner, someone who's more a parent than a lover.

They will continue to use this Neptune's rose-colored glasses and not acknowledge their other half may be the worst person they have ever had to deal with.

It's normal for them to be with abusive characters, alcoholics, criminals, con artists and junkies. They will all the time make excuses for how their lover is treating them, not accepting other people's opinions and refusing to see the truth.

If there would be a textbook, these natives would definitely be under the abused and dependable partner who believes things can change and that his or her other half is the most wonderful person in the world but he or she doesn't show it.

Natives having Neptune in 7th house will blame circumstances and say it's not their loved one fault for bad things happening in their life.

In other words, they're a danger to themselves because there are also situations when their lovers can even get violent with them.

Very sensitive, these natives are great therapists as long as they don't absorb emotions and feelings of others for too long and too intensely. Adopting a cold attitude will be the perfect solution for them if they happen to want a career in this direction.

### **The goods and the bads**

Neptune in 7th house people are driven by their own sense of what's right and wrong. However, it's their imagination that makes things happen for them.

As a matter of fact, the combination between these two things can help them achieve

many great things in life.

They're the best at making others look good because they're enthusiastic about people and the most optimistic individuals anyone could ever know. It's important for them to be objective when it comes to relationships, or at least to talk about their problems with someone who sees things clearly.

It's possible they'll stay involved with someone who doesn't serve them any good because they'd feel comfortable with that person.

Knowing comfort isn't happiness is something they should definitely learn. It's not in any way an effort to look for someone better, so they should just go ahead and take the pleasure in chasing a new partner.

Neptune in 7th house individuals should be careful not to become lost in their fight against unfairness and injustice because they often give all of themselves to different causes, forgetting about who they actually are and why they've started fighting in the first place.

No one says they aren't amazing at helping others, but they should take care of their own problems before starting to give a hand to others.

When single, they tend to choose one of their friends to make decisions for them as life with someone seems to be what motivates them the most.

Not to mention they don't mind having the responsibility taken away from their shoulders. This means they can pressure others too much sometimes, and many of their partners will run away from them when seeing things are happening this way.

The more they'll stress about all kind of problems and feel nervous, the more they'll pressure their lover to want to give them a hand. But this can destroy the balance of their relationship, so they may end up not getting what they want from life, which is having someone close to their heart.

***Pluto ♀ in ♈ Capricorn man 16° 20'***

([1098] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The native born with Pluto in Capricorn in their natal chart excels at doing things carefully, following a long-established routine, with a plan in mind. They have their room or workplace perfectly organized, in order to boost efficiency, and they take it step-by-step, systematically observing and analyzing the information at hand.

With ambition and perseverance, they go about solving any problem in what seems like a matter of seconds. Disorder turns into order, the rubbish is sorted out from the usable elements, while structure and order prevail.

**In a nutshell:**

Style: Disciplined and strong;

Top qualities: Persistent, thoughtful and ambitious;

Challenges: Overly cautious and stubborn;

Advice: Exercise caution when it comes to personal risks.

**Personality traits**

Plutonian Capricorn natives prefer working alone or at least having the choice of doing so. It's not that they believe themselves to be superior to everyone else, but they want to be free to make their own choices.

And in this respect, they might even fight against the rules imposed by society, acting as temporary anarchists. Eventually, they do observe the traditional rules.

They are analytic and perfectly know how to get to the bottom of a problem, taking out the flaws and downsides. The status-quo is respected as long as it doesn't inhibit their free will.

However, their built-in patient and cautious personality don't allow for explosive changes to occur. A revolution is out of the question then.

Ambition and willpower are the key components of this native's path through the world. They never abandon the boat once they've decided to pursue a course of action, even if the entire world may oppose them.

In this sense, Pluto's transformative powers are miraculous and just what these natives need. They turn it all in their favor, eventually reaching the level they wanted from the very beginning, having the freedom to do as they see fit.

Moreover, under the influence of the Earthy Capricorn, it means that they are very preoccupied with material development and having a stable situation from this point of

view has always been a primary focus of theirs.

They will want others to notice just how successful they are, but it's not a superficial tendency, but rather a confirmation of their potential.

With prudence and a meticulous approach, they pave the path towards a brilliant future with nothing but their willpower and perseverance to play with.

Not even the strongest obstacles could hope to ever put a stop to their advance. They aren't disappointed when stumbling over a challenging opponent or when faced with failure. Rather, they cherish any opportunity to evolve.

### **The good and the bad**

A Plutonian Capricorn will always have his priorities set straight and won't waste any time if he wants to pursue his objectives.

With a resolute attitude and an ever-renewing enthusiasm for action, this native gives their all on furthering their own desires. If the Pluto Capricorn finds himself to have strayed from the envisioned path, it won't be long before a complete turn-around will take place, without any looking back.

This native is able to take on any opportunities to reanalyze their mindset and motivations, in order to check whether they're correctly calibrated.

It doesn't matter what obstacles present themselves because this native won't give up even in the face of impossible odds. Better to die pursuing your dreams than wither in a corner, filled with regrets and disappointments.

With pragmatism and reason, Plutonian Capricorns manage to break apart all the chaos standing in front of them.

Even though they are more intellectually elevated than most other people, always seeking for the truth of the world, for the deeper aspects hidden in hard-to-find places, these natives are also materialists who work better when they know a substantial reward awaits them at the end.

Moreover, they may also appear as tedious and unwilling to commit to action because they prefer to take it all slowly with a step-by-step approach. In this sense, there's no taking them out of their routine.

### **Pluto in Capricorn in love**

Even though falling in love is an edifying experience for most people, and there are also plenty of reasons to believe love itself is a force to be reckoned with, those born with Pluto in Capricorn in their natal chart, don't really buy into this view.

They don't believe that love holds that great of importance to one's self-development because it doesn't really help with surviving in this cruel world. As such, they're going to put it on the backburner until they manage to create a situation for themselves.

The only way they could look at love in a different light is if the partner would agree with being a comrade in arms, ready to assist against the struggles of existence.

In the fight for supremacy and social status, there will be many collateral victims and many conflicts that render many crippled. Hope you understand that these natives are not about beauty and romantic experiences, but rather want a worthy life companion.

The Plutonian Capricorns see love as a partnership, a life-long commitment to aid one another in times of need. They are pragmatic like that.

### **The Pluto in Capricorn man**

The last generation of Plutonian Capricorn men marked the appearance of the ever-so-serious individual with a razor-sharp focus, cool attitude, and immense ambition.

These men let nothing stand in their way and even lack some basic empathic skills as they rationally approach day to day interactions.

With challenges waiting around every corner, they are always prepared for the worst, always rowing forward through the difficult storms and whirlwinds of life.

Emotionally, these men are truly lacking when compared to women with Pluto in Capricorn, but this can also be considered to be a myth. The truth remains that there are still things that touch their hearts. It may even be that their sensibility increases with age. Plus, deep inside, these men know that empathy and emotions are essential in relationships.

They might learn it the hard way or completely avoid them but they are aware of their importance. No one says that you should start crying whenever a tough situation appears, but at least admit that you do have feelings as a reaction to it.

## ***Pluto ♄ in IV 4th House***

([1104] i.thehoroscope.co)

This placement of Pluto encourages people to strive to create a safe environment for them and their loved ones and to care a lot about their image.

Pluto in the fourth house is responsible for new beginnings, fresh starts, the rebirth from chaos and destruction. Moreover, it has to do with one's search for an identity and finding a refuge at home.

The familiar environment will recharge their batteries and prepare them for what's coming next, instill in them fresh powers, intensity, and passion.

There will be conflicts in this seemingly peaceful and harmonious place, often between the Pluto in 4th house native and a domineering, power figure that seeks to impose his will. This creates even more emotional turmoil and psychological trauma that will affect their future development.

**Summary:**

Strengths: Mature, pragmatic and determined;

Challenges: Secretive, vain and controlling;

Advice: They should refrain from hiding behind other's wishes.

**A principled character**

Past experiences, especially those from an early age, in childhood years, will have a tremendous, almost singularly important effect on the development of the Pluto in 4th house natives.

Either their parents criticized and insulted them on a daily basis, thus determining the appearance of a self-esteem problem, lack of confidence and a negative overview of the world.

Or perhaps, they might have instilled in them the passion of living, principles, and virtues that would help in becoming a functional member of society.

Traumatic events might have happened as well, the kind that leaves them scarred for the rest of their lives.

These natives are usually looking to create a safe environment for them, to repair the damage that was once done in the childhood years by their parents.

In this sense, they want to compensate for the lack of care, kindness, and nurture that they lacked.

The problem is that the parents are usually incapable of seeing them for their true natures, to help them accordingly and to offer the necessary ingredients for a healthy

development.

However, this was helpful in some ways because it forced them to find ways of self-helping, to look inwards for the solution.

Most of the times, their parents don't give them enough freedom to develop individually, to find their passions and interests, to mature intellectually and especially emotionally.

The process of growing up implies a fracture in the relationship between children and their parents, where one learns to live without the need of the other.

However, this is exactly what their parents don't do. Instead, they want to remain the dominative, authoritative figure.

Later on, the Pluto in 4th house natives might be emotionally balanced, but they still feel like they've missed a lot.

Hence, their relationships are a simulation of how their upbringing should have undergone, a mimicry of parental love.

On the one hand, they could turn out to be the types that cry wolf every time they don't get what they deserve or want.

These people are always going to be dependent on others, their sense of belonging is too strong to overcome.

On the other hand, there are also those who shut down from the outside world completely, in an attempt to avoid any future harm.

There were too many disappointments and traumatic events that led to this decision, although mostly an unconscious one.

In relationships, these people attract partners who will submit and allow themselves to be controlled.

Most of the times, these natives are going to fall in these two categories, no matter what. The worst comes to pass when the partner doesn't understand this game they're playing.

Of course, things are not that pessimistic and sour though because they could have had minor harmful events in the past.

Or only one of their parents might have been as described, the other a nurturing and loving one. In this case, the secondary effects won't have that much of an impact now.

What they have to do is find a way to overcome these issues independently of someone's aid because that would create yet another vicious circle based on belonging and dependence.

This is the last thing they need now. All those experiences and hardships served only to prepare them for this moment, the moment of freedom.

Unconsciously, they are wary and don't trust people that easily, mainly because of these past transgressions.

There are high probabilities that they won't resist another emotional upheaval the next time something grievous happens, and this is why they need to temper themselves.

### **The goods and the bads**

There will be plenty of opportunities to better themselves and repair what was undone, but they should be careful not to leave dead bodies in their wake.

This is to say that their friends and close ones are just there to help and to experiment or release anger on.

These crises and horrendous transformations that they go through, they've been determined by disastrous events in the past, and it keeps piling up in the present, at home, a place of utmost safety and security, presumably.

This goes to create a feeling of helplessness, despair, inability to truly overcome those limitations.

The Pluto in 4th house aspect deals with one's journey of initiation, the road to maturity and intellectual growth, the overcoming of emotional distress and reaching a natural balanced state where everything becomes possible.

These people are strongly affected by emotional events, traumatic happenings, they psychological pylons being shattered every time something harrowing happens, especially at home.

At first, they may attempt to control everything, to become the sole master of their destiny, in the meantime also trying to oppress others as well.

As time goes on, they realize that only by subjecting themselves to disorder, chaos, and challenges, could it actually have a beneficial effect.

This is obviously the best thing that's ever happened to them, this revelation that one's life is entirely under individual control, the potential also being entirely dependent on

personal conviction and ambition.

Now, rather than hiding and trying to manipulate and control the pieces on the board from behind the curtains, these natives will confront everything at face value.

It's a known tendency of theirs to stay hidden, to observe and use subterfuge, but it doesn't always work, and when it does, it's usually not for a very long time.

Sure, the past is worth remembering, mainly for happy memories, a sense of identity, and also because they can learn from their mistakes.

However, in order to truly achieve their goals and full potential, they must focus on the present, envision the future, and make their dreams a reality.

### ***Pluto ♅ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

### ***North Node ♁ in ♉ Taurus 24° 59'***

(Georges Muchery)

The Dragon's Head in Taurus brings great pleasure in regard to the affections; the native loves more with his heart and mind than his senses, and this may cause him to worry needlessly, as the position denotes a certain amount of jealousy which, though not exhibited outwardly, nevertheless causes suffering. It is also a sign of hesitation in most matters, which is a mistake on the part of the native, inasmuch as this position should encourage him to act, and to look forward confidently to the future, and above all not to engage in wrong thinking, to which his natural disposition inclines him. Things on the

whole cannot go otherwise than well, but the native must be prepared to help himself and to abandon pessimism. In the third decanate of Taurus it signifies a journey connected with business, or else a plan which will turn out fortunately.

The Dragon's Tail in Scorpio is very evil. It often denotes lack of moral and physical courage, which induces the native to seek more or less questionable methods of succeeding, apart from steady exertion; but they will only be trifling methods, and the results will not fulfil his desires. This position is also harmful for the health. There are evident signs of lymphatism. Danger of pecuniary loss through theft is also shown.

(Isabel Hickey)

North Node in Taurus gives resourcefulness and the ability to be very practical in the approach to material world. Attracts possessions and those who want to be possessed. Must help others to be independent by refusing them the luxury of being dependent. Crutches, if used too long, even psychological crutches, can keep the individual from developing strength.

South Node in Scorpio implies that the downward path has been trodden in the past and this must be redeemed through overcoming resentment and not using force to compel. Lust and greed must become love, and the giving spirit must overcome the grabbing tendency.

(Martin Schulman)

Here the soul is confronted with some of the most difficult karmic lessons in the zodiac. Past lives have been strewn with endings as the Plutonian force of Scorpio worked through its process of transformation.

Now the individual is so frightened by the memory of having the rug completely pulled out from under his feet that he develops a defensive attitude toward all who offer him regenerative advice. In past incarnations he literally went through the fires of hell to burn away his false values. Now, instead of flailing back on the remains of Scorpio still within him, he must build through Taurus a new set of substantial values by which to live.

Nearly all with these Nodes have at one time touched the force of witchcraft, and so in the current life there is to be a rude awakening about any remaining residue of the lower Self.

In past incarnations, this individual also had to deal with a powerful sex drive which kept throwing him off balance. As a result, he is used to seeking gratification through all sorts of relationships which ultimately become destructive to the personal ego.

Then, confused and embittered by all he sees toppling around him, he is almost glad to

aid in the destruction of whatever little remains.

Most of the conditions in this life are still controlled from his subconscious level, buried deeply below the scrutinizing eyes of society. He may appear jovial and friendly, while he is in fact planning some mysterious adventure of intrigue inside.

The chart must be studied carefully to see just how far the soul has come out of Scorpio before an accurate interpretation can be given. For those already closer to Taurus, the violent churning of Scorpio is purposefully avoided at all costs. For those just barely out of Scorpio, the internal revolutions are still going on. Planets conjunct either Node will pull the individual toward that Node and literally force him to live through it in the current life.

For all with these Nodes, the past residue of revolution is of such powerful intensity that there is bound to be some after-effect spilling over into their present-life relationships with family members and close loved ones.

Each day seems to be filled with new emergencies, until one crisis built upon another creates such a turmoil of conflict that the individual is reduced to his most very basic struggle for survival. He doesn't yet know the art of moderation or how to take things at face value, for he still believes that others always have an ulterior motive. Inside he feels that he must constantly escape from punishment; and in his escapes he leaves behind him a tornado-like shambles of all he once held dear. At times he sees others turning on him; but rarely does he stop long enough to understand that he is the cause. Whether he is still acting out his past incarnations in Scorpio or advancing through Taurus, his fixed stubbornness is very much a part of his ingrained way of doing things.

He will make much growth when he is able to see the actions of others as reflections of his own subconscious!

From past incarnations, he has become accustomed to attuning himself to a peculiar brand of intensity, which when not allowed to express itself turns to anger. He has been deeply scarred with the pain of being hurt, and now like a wounded animal can be deadly to any who represent the slightest threat. On the lower levels of consciousness, individuals with these Nodes can pursue their prey with a personal vendetta. Then when the pieces fall, they appear to be the innocent victims, while they are in fact the carefully planned victors.

Due to the intense emotion constantly seeking expression, a variety of creative outlets are needed.

Sexual desire must be transmuted into Divine Love. All embittering conditions from past incarnations must be dropped from the consciousness until the new seed of peace is discovered. The Scorpio South Node must burn the bridges of the past and resolve to

benefit from the lessons of Lot's wife: 'Never to look back!'

Through the Taurus North Node, he must learn not to dissipate or waste in valueless areas all the power that flows through him. His greatest achievements in this life occur when through the development of a great love for the earth he lives on, he starts to appreciate glimpses of the source of his unfailing supply and support. For lifetimes he has misused his energy, his drives and his desires, feeling himself alone against all the oppressions and afflictions that affect mankind. Now through the sensitive impressions of his Taurus North Node he is to be brought to the awareness that the abundance in the universe is so great that he will always have what he needs when he needs it. He must learn to distinguish the difference between the words 'want' and 'need', for although he may not always be able to realize what he wants, he is at every moment surrounded by all he needs!

As he reaches for his Taurus North Node, he is reaching at last for stability. He can stop chasing all he has ever felt cheated of by seeing all that is now offered to him. Ultimately, he is destined in this life to reach a state of contentment as the seething volcanoes of Scorpio melt into the blue spirit waters of harmony in Taurus - where the beloved Gautama Buddha left his blessing. Truly this is the transition from lifetimes of war into a garden of peace.

The house position of the South Node indicates the area of life where any remaining residue of the Scorpionic battles must be conquered, while the house position of the North Node shows the area in life where the new awareness of trust and security can ultimately replace the underlying struggles.

(Mohan Koparkar)

Previous incarnation for this person was spent in many hidden or underground activities. Being a rebel against the normal life structure punished him to go through various stages before this present condition occurs. Distorted sexual abuse or misuse of power was noticed in the previous life-style. All this might or might not have been his own problem, but the company he kept in those years. In this lifetime, he just wants to take things very easily and enjoy life without creating many complications. His struggle to at least maintain his Karmic status and not go down any more is amazing to watch. He will try all his best to live nicely and comfortably; and anybody that would oppose his ideals will be dealt with quite vigorously but slightly underhandedly.

(Donna van Toen)

You have real hang-ups about earnings and resources. Your Scorpio South Node may reply: 'Yeah, but that's because I've been ripped off so often. You just can't trust people'.

Your problem is that you haven't built up your own resources.

Possible reasons: You don't really know what you want. You resent other people's personal or material success. You have sexual misconceptions, or misconceptions about material wealth. Maybe you were brought up to equate affection and caring with getting material things. On rare occasions, people with South Node in Scorpio have a 'you've got to be more crooked to make any money in this world' philosophy. More often, there's a tendency to make changes just for the sake of changing.

Possible solutions: Learn to enjoy both giving and receiving, whether the exchange involves affection, compliments, money or whatever. Develop a strong sense of personal values based on your own needs. Forget about morals, and do what you have to do.

\*\*\*

Taurus North Node generally has to be taught to value money and material goods. There's often some sort of hang-up about the actual process of working - a dislike of any type of menial or manual labor, a refusal to prove your worth, an insistence on starting at the top, etc.. Sometimes there's actually a contempt for money; other times, money is OK as long as you don't have to have the hassle of working for it. occasionally there's a 'gimme' fixation, while at other times there's a 'take-it' fixation. Sometimes there's an over-emphasis on sexual resources. And I've seen a few cases where total resources were invested in other-worldly pursuits - contacting the dead, attaining trance states, researching various paths leading towards spiritual evolution, etc.. Taurus North Node has a hard time seeing the connection between development of his or her personal and material resources and being able to relate to others and to the material world in general. Depending on the overall chart, he or she takes a stance of total giving or total taking. Many Taurus North Noders concentrate on one resource exclusively to the detriment of others, so that time, money, or sex etc. becomes the only means of barter available to them. When this resource is depleted, they no longer have anything to fall back on, and must either work to develop other resources or become totally dependent on others. Taurus North Node also seems to be quite common in people who have suffered material, educational, or emotional deprivations in childhood.

The person with an overdeveloped Scorpio South Node consciously or unconsciously exudes a strong sexuality; dislikes the outdoors; is in some way an extremist; sympathizes with the underdog and envies the successful without much thought of who deserves what; has little interest in other people's resources unless he or she can benefit from them; dissipates a great deal of energy trying to alter circumstances beyond his or her control; resents needing others; has an unstable financial situation; feels entitled to criticize others; and will give a great deal, but usually attach strings to his / her gifts.

North Node in Taurus wants money, or at least a reputation as a connoisseur. He or she wants the good things in life. He or she wants to be thought of as firm, patient, and lacking nothing. In contrast, the person is generally someone who's undergone drastic

changes of values or circumstance, intense discomfort of some sort, or traumatic experiences. His or her routine is periodically stirred up and shifted as a result of emotional upheavals or disturbances that are seemingly beyond his or her control. He or she tends to be jealous of others who seem to have attained more in life, and may develop a rather pessimistic attitude in terms of realizing his or her dreams. He or she may compensate for lack of material security by trying to possess people, or may compensate for emotional losses by developing a reclusive streak. These tendencies only serve to trigger more problems.

Antidotes for Taurus imbalance: Gardening seems to be a particularly good antidote for the impracticality that often accompanies an underdeveloped North Node in Taurus. Cooking courses also prove helpful. The client should be encouraged to sing and listen to music. If manual dexterity is shown in the chart, the client should be encouraged to use it in making things. If there's no manual dexterity shown, the client could be encouraged to build up a collection of something - biographies, novels, gadgets, etc. - in an area of interest. Flower arranging could prove to be a useful antidote. The client should be encouraged to avoid rushing and activities that create momentary excitement without contributing to future security.

North Node in Taurus often has untapped artistic potential. Music, sewing, and painting are excellent outlets for these.

### ***North Node ☾ in VIII 8th House***

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money matters. It is harmful to the native; or, more strictly speaking, his enterprises will be

upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

(Mohan Koparkar)

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a path he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the karmic lesson is the same. The individual pushes himself so hard that he ultimately

destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of his being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrha was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs. personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

\*\*\*

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet, as sexuality is an essential part of adulthood, it is a powerful impulse which requires

satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven (MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting requirements, and to handle them sensibly without making false compromises. In fact,

any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person should welcome his newly-vulnerable nature and embrace whatever ego-death-and-

rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

***(Black Moon) Lilith ♀ in ♌ Leo 26° 16'***

([1141] elsaelsa.com)

### **Resilient Bloom**

If you have Black Moon Lilith in Leo, the pain you've experienced through your Lilith placement has taught you that you shine at your own risk. Your very identity tends to draw fire, so you've had to learn to be careful about who sees your true self.

However your Black Moon Lilith wounds have played out (shown by the house your Lilith is in), you have become a reluctant expert in the realm of visibility. It has always felt like a game you couldn't win. If you shine too brightly, you draw fire from those who would prefer to see you humbled. If you shrink away from the spotlight, you open up space for others to project their darkness upon you. You may have been raised with the expectation that you make yourself small, being seen and not heard. Or you may have had the opposite experience, in which you were thrust into the spotlight and expected to entertain or be the sunshine that distracted people from their problems. But either way, the choice of when to be visible never seemed to be yours.

This also made it difficult to express your true self to anyone. Your very personhood seems to exist for others' consumption, leaving you feeling like love and approval are things you have to audition for, or like you always have something to sell. So you may have learned to display only the version of yourself you think other people want to see while hiding your true essence. You are the perfect embodiment of the old struggle between the rewards of being loved and the mortifying ordeal of being known. In this way, you buy acceptance at the cost of your own authenticity.

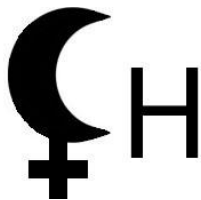

The same is true of your creative expression. In Leo, your Lilith wants to express herself and shine for who she is. But every time you have tried to create something, the world says, “No, not like that.” There’s no right way to be yourself! And there’s no right way to create.

But that’s the beauty of it. If we look to Leo’s opposite sign, Aquarius, for guidance, we see that society’s refusal to accept anything you put out into the world actually offers enormous freedom. If there’s no right way to do things, then there’s no wrong way either. If the world will reject you anyway, you might as well do what you want. Aquarius understands that it’s not personal. You might not fit into someone else’s system, but maybe they don’t fit into yours either! Aquarius rewrites the rules. And because Aquarius is the sign of the Sun’s detriment, they are experts in constructing their identities from scratch, knowing full well it won’t match any other mold. By incorporating Aquarian principles, you can learn to shine whether people like it or not.

Because that is ultimately your job in this life. I could write forever about this placement, but that really is the essence. Because you have had to struggle so much to be fully yourself, you are in a unique position to help others in the same way. You can cultivate a beautiful garden, with each person blooming in their own authentic way. And you’ll be the brightest flower of all.

#### **Outcast**

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith’s character among peers and carry her energy into your dreams for the future.

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

### ***Chiron ☿ in ♌ Leo 17° 17'***

([1252] [astromajesty.com](http://astromajesty.com))

Chiron in Leo is a significant placement for being or pretending to be a public figure because it's associated with self-expression and talent. Hence, it is a frequent placement among celebrities, politicians, and scientists. Some of them are Jimi Hendrix, Sharon Tate, Joe Biden, and Stephen Hawking.

People with Chiron in Leo will experience that their primal wound centers around creativity and recognition. They often feel that the world is not seeing their uniqueness or that they can't express it. Thus, sometimes they think that they are always in the background and that they can't show what makes them unique.

It is not rare that individuals with this placement feel ignored, unnoticed, and underappreciated. Sometimes, they are indeed highly disliked, or people find them ordinary, average, and insignificant. That hurt Leo Chiron persons deeply, and it shatters their self-esteem.

The truth is, these individuals most often crave validation, appraisals, and being in the

center of attention. Leo Chiron people love drama because it appeals to their intense and curious personality. That triggers them to chase the thrills and highs, but nothing brings as much satisfaction as endorsement and approvals.

They have a zest for stories of success, climactic romance, and documentaries about famous people. It gives them an incentive to open up to the world and show their talent because Leo Chiron people always seek confirmation from others in some form.

Even though persons with Chiron in Leo are usually gifted or talented, they have many self-doubts that prevent them from nurturing those abilities. Hence, they can struggle with feeling uncreative, mediocre, or unimaginative. One of their biggest fears is being an average Joe or Jane and not leaving their legacy to the world.

Perhaps their fears come from early childhood. If parents didn't acknowledge their flair when they were kids, they might feel no one else will because they don't have anything special inside. They likely experienced bullying for their artistic expression as kids, or their peers always got more recognition and praise. However, that initiated self-doubts that grew over time.

Because of that, Leo Chiron doesn't believe in their talents, or they fear they're not remarkable enough. Even if they find the strength to share their abilities, they don't believe in their talent. They torture themselves and wonder whether they're copycats, cliché, over-the-top, repetitive, or dull.

Due to their fear, they avoid pursuing their dreams or joining groups, institutions, and communities that could nurture their talents. Leo Chiron individuals believe they don't deserve to be among talented people due to their lack of talent.

It is why people with Chiron in Leo tend to hide their capabilities and why they deter from showing the results of their passionate work. In some cases, they don't even want to be seen, noticed, or heard. They avoid the public, and they don't see themselves as worthy of attention, praise, and applause. What terrifies them in all cases is the fear of criticism

On the flip side, Leo Chiron people can be too hungry for approvals, which causes them to do everything in their power to get recognition and an ovation.

People with Chiron in Leo also encourage the talents of other people while neglecting their own.

### **Men with Chiron in Leo**

As children, men with Chiron in Leo encountered situations where their talents were ridiculed or not well-received.

One of those experiences forced them to start to think of themselves with a sense of

unworthiness. Men with Chiron in Leo Chiron rarely remember what caused their self-doubts because they suppressed the negative memories.

These men often have severe social anxiety. They struggle with public speaking and being in large groups of people.

Whatever the case, they don't feel comfortable being in the center of attention and with people looking at them. It is why they always avoid situations in which they have to perform, present, or address the public.

Men with Chiron in Leo are rarely bad-intentioned. But unlike their female counterparts, they can be unpleasant and dramatic with people who criticize them.

Even If someone is trying to correct or help them improve, males with Chiron in Leo can react quite harshly. Attack tends to be their defense mechanism, and they use it whenever they perceive someone is putting them down.

Leo Chiron males don't like when other people mock them, not even their close friends. Any remark that reminds Leo Chiron men what they think of themselves infuriates them and affects their confidence. Hence, these men don't relax easily, and they are always on alert for attacks.

They are also likely to pretend that they don't care about the opinions of other people.

Although it eats them up inside, they will act indifferent and ignore if someone insults or provokes them. Leo Chiron men are so used to the idea of being unworthy that when others compliment them, they usually don't believe them.

Men with Chiron in Leo often bury their dreams and aspirations because they doubt they can achieve them.

Sometimes they secretly dedicate themselves to their talents because they fear others would ridicule their attempts to express themselves. It is wrong to assume they don't want others to recognize and applaud their abilities. It's quite the opposite.

Leo Chiron men don't want to be too obvious. They prefer when other people convince them that they're talented and to keep it going. These males believe that if they follow what other people told them, it won't be their fault if they don't like them.

However, Leo Chiron males can also be theatrical and invest all their energy into becoming famous. The problem is that they shouldn't share their abilities to get approvals. They should do it because they genuinely have the urge to express their talents to the world. It is how Leo Chiron men will accept themselves and relinquish negative childhood memories.

## Summary

People with Chiron in Leo believe that life is there to enjoy it, but they usually constrain themselves from doing it. The reason is that someone discouraged them from expressing their talents. However, that's what they need to enjoy life genuinely.

If they had parents who belittled them or didn't acknowledge their abilities, Leo Chiron people probably grew up thinking that they are not unique enough.

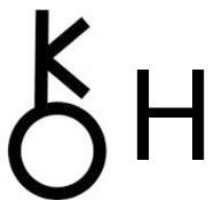

On the other side, their peers, professors, or mentors likely ridiculed or compared them with other kids. Consequently, these people believe that they are either not talented or that others are more gifted than them.

Hence, they have issues with expressing themselves, and they hide their abilities from the world. People with Chiron in Leo can be beyond talented, but their sense of worthlessness will prevent them from showing it. Many are so convinced of that idea that they completely neglect or forget their skills.

These people are used to being unnoticed, perceived as ordinary, and untalented. Persons with Chiron in Leo prefer to keep a low status and avoid being in the center of attention. They are terrified of criticism and don't believe they are worthy of applause and acknowledgment.

These people must find their inner power and learn that the only acceptance they need is the one from themselves.

## ***Chiron ☿ in XI 11th House***

([1270] [astromajesty.com](http://astromajesty.com))

Because of that, they might have experienced in which others labeled them as freaks or outcasts.

On the other side, maybe they suffered from treason as teenagers or young adults. It could be that their best friends abruptly stopped talking to them or liking them, cutting all the ties.

Perhaps those with Chiron in the 11th house had to go through a friendship drought and periods when everyone abandoned them, and they had no one to talk to.

In most cases, people stop interacting with them without an explanation, or they find new friends.

### **Loneliness and fearfulness**

If other natal chart aspects alleviate this placement, it could be that those with Chiron in the 11th house have to go through long-distance periods in their friendships due to different reasons.

Whatever it is, it affects their mental well-being and emotional health. They tend to feel lonely, forgotten, and neglected. As a result, their self-esteem suffers, and they go through many milestones and life difficulties alone.

These experiences also create a fear of sharing their ideas, opinions, and wishes. They become afraid to speak their minds because people could judge them and reject them altogether.

People with Chiron in the 11th house are also likely to suppress their attitudes and convictions to fit in. They could accept toxic ideologies or beliefs if it means not being lonely.

That can cause stereotypical thinking and not thinking with their heads. People with Chiron in the 11th house are also prone to having controversial or unpopular opinions and mindsets.

It is what often makes them feel alienated, left out, or misunderstood.

Moreover, they tend to become rebels, to criticize society and political structures. If Chiron is afflicted, they could become dissidents and have problems with the law.

Whatever the scenario, these individuals typically develop social anxiety and hesitance to form new connections. They distrust people.

It is why they are not open to making friendships and becoming attached to people. These individuals would rather delve into the old ones and live from memories.

### **Potential visionaries**

People with Chiron in the 11th house are typically harsh on themselves and believe they can't live up to societal ideals and standards. They are often sure they are incapable of doing things right, but others usually have a different perception of them.

Other people could perceive them as original thinkers, unique, and charming.

If other aspects in a natal chart are more favorable, they can be revolutionaries, innovators, and visionaries. Their ideas and projects could be of extraordinary value to society, groups, and communities. They can help humanity be ahead of the time with their solutions.

If they don't become bitter and use the rejection or heartbreaks to find their way, they can be stellar leaders and entrepreneurs.

Those born with Chiron in the 11th house tend to gravitate toward signs of Libra and Sagittarius. They can form connections with a Sagittarius because they help the 11th house native bolster their confidence, march on, and use their abilities.

On the other side, Libra requires validation and reminders that they are worthy due to their insecurities. When those with Chiron in the 11th house team up with Libras, they get to help someone else be stronger and more confident. Thus, it is a carefree friendship where each has enough freedom.

People with Chiron in the 11th house tend to form connections with people who have a history of traumas, hurt, and difficulties. They often hang out with broken souls, abandoned and persons on the margins of society. It is not because those with Chiron in the 11th house use them to make themselves look better or be the saviors.

Instead, these individuals have the power to help others heal because they understand the depth of pain, rejection, and loneliness.

Yet, even if they find their tribe or someone who cares, people with Chiron in the 11th house still feel like observers who see life passing by without them.

Perhaps they forgot how to belong or feel accepted. They expect in advance that everyone will push them away or betray them.

As a defense mechanism, those with Chiron in the 11th house leave before others leave them.

### **Wrong self-perception**

One of the crucial lessons they have to learn is that people usually don't see them as they think. Not everyone perceives them as outcasts or awkward nerds.

Also, not everyone will abandon them or turn their backs on them. People with Chiron in the 11th house need to learn to trust and open up to the outside world.

Otherwise, they will keep excluding themselves before anyone else does it. That leads to perpetual loneliness and seclusion.

They need to realize that even though real heartbreaks, betrayals, and rejections created the original wound, they are the ones that keep it open.

People with Chiron in the 11th house have to stop blocking others from their lives, or no one will ever show them that it's okay to trust.

But more than anything, these individuals have to find the best friend in themselves because if they accept that they are good enough, they will manifest that belief.

## ***Part of Fortune ☉ in ♉ Taurus 25° 47'***

([1276] [astrolibrary.org](http://astrolibrary.org))

Your greatest satisfaction comes from everything that is solid, stable and lasting. You know how to trust that life will work out. You learn to rest when you need it, even if you are not looking for fleeting or superficial pleasures.

For everything you come across, you want to know its purpose and use, and how to sustain and develop it for a better future. You recognize the beauty of all things in your environment. You enjoy the things that express your most sincere values and principles.

Scorpio is the sign opposite your Part of Fortune in Taurus. If you identify negatively with Scorpio, you will only find chaos and destruction in all those unpredictable situations that appear in your life. These are simply unknown things being revealed to you.

You must have patience, because what you want in a lasting way does not materialize instantaneously, but it arrives by means of several transmutations. It is necessary, then, that you understand that destruction is part of the creative process.

You are happy giving value to your life by establishing firm and significant foundations. You may move to action gradually and slowly, but with enough firmness to be able to feel calm and safe. It is this slowness of action that helps you relax and regain strength to continue.

The need for personal love and the expression of affection and sensitivity is very important to you.

You establish and understand a real separation between love and sexuality. You seek a sincere and warm union. Because Scorpio is opposite your Part of Fortune in Taurus, you are aware of the abuse that normally exists in everything related to sexuality.

You feel happy when you know where you are going, even if you take a long time to arrive. When another person tries to prevent you from getting what you want, you must not take it personally, because you are simply on their path and they unloaded their problems on you. You must forget it, without holding a grudge, so as not to lose your focus.

You like to live life in the fullness of its beauty and everything pleasant.

However, you must not stop the energy that undoes things to transform them. Without losing sight of what you want, you can learn to keep what is true and valuable. That is

why you are very slow to change, but what you have will be significant and lasting.

The more you try to appease the discontent of others, the more unhappy you are. So you must learn to live and let others live, learning all the richness of life for yourself.

You like to live in peace to appreciate all the good things that life has to offer.

Because Scorpio is opposite your Part of Fortune, you should direct your intensity to seeking spiritual growth. This is a positive way to use what you feel in your environment, leaving behind all the negative struggles that you feel in Scorpio. By doing so, you gain more and you relax better by surrendering instead of fighting. This way you will find the peaceful existence that you so desire.

### ***Part of Fortune ☒ in VIII 8th House***

([1294] [astrolibrary.org](http://astrolibrary.org))

You will achieve your greatest satisfaction and fulfillment through what is granted to you by other people.

Others always teach you another way, another path, or another value system. And, every time you try them, you make new personal discoveries, making your experiences richer. You will see and experience new things, very different from those you already know. It represents a revolution of consciousness and getting a new perspective.

You must reexamine all those personal values that no longer serve, by observing what stimulates them. Thus, by learning the art of flexibility, you will be able to give those values a new meaning. The more you can discover these values and apply them to your personal life, the more your experiences and your understanding of life will be enriched.

Since your Part of Fortune is in the eighth house of your birth chart, the second house is the opposite house. The second house teaches you to recognize your own values. You should perceive these values impartially, as if they were not yours completely or you did not possess them, so that they do not stop you from fulfillment or from sensing the stimulus that you receive from your environment and from others. This way, you can easily leave everything that no longer serves and does not cause growth in your life.

Your most beloved possessions and values should be those that survive, because they are totally real and true. This deep connection of what is personally valid to you, gives

you an unshakable security in yourself. This leaves you with total freedom to explore and recognize the validity of the experience of others.

Other people in your life will teach you what weighs you down and what transcends temporary desires. You will learn to express the values of a divine nature.

Therefore, you must surrender much of your personal wants and desires, as well as your ego, in order to leave a legacy, be it money, ideas, new values, sexual enrichment, or a conscious realization of your essence. Understand that in this world, you are not alone, and that the most fortunate thing for a human being is to be able to share his life and his possessions with others. So, you get to be an intimate part of a common project that benefits all who are involved in it, even enriches the soul of humanity.

Learn humility. Do not be possessive of your own values. Learn to go with the flow of other systems of values and ideas that seem different from yours. These will be your greatest source of satisfaction.

Your fulfillment and happiness will come through all the people you deal with, through discovering the harmony in everything that seems alien to you, and through your soul's great regenerating force. A transformation of all the accumulated negativity is possible by being present in the Here and Now.

([47] [astromatrix.org](http://astromatrix.org);) The Social Charmer

Opportunities: 1. Nurturing Your Sensitivity 2. Finding Profound Love

Challenges: 1. Accepting Compromise 2. Giving Socially

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Venus Conjunct your Ascendant indicates a romantic, gentle, compassionate, sympathetic, sensitive and idealistic emotional nature. A born romantic, you will genuinely marry for love - not money or prestige. However, a strong partner is needed to give you emotional stability and security.

You are always willing to compromise where necessary, but necessary usually means whether it is to your advantage. If you feel that a compromise leaves you the loser, or you do not get what you want, you can become petulant and moody. Beneath the polished veneer there is a strong element of self-interest, you often use your charms to further your own interests, or to cultivate social contacts that will benefit you in some way.

You will appreciate good social contacts and should have many friends as you are generally well liked. You will be naturally attracted to art and music or anything beautiful. If you have any negative aspects to Venus it may bring out a more selfish or indulgent personality that can be superficial or attracted to sensual pleasures.

([56] [astromatrix.org](http://astromatrix.org);) Short Fuse

Opportunities: 1. Developing Creative Life Goals 2. Finding Your Direction Forward

Challenges: 1. Respecting Other's Opinion 2. Learning to Compromise

Mars Conjunct your Natal Ascendant makes you more impulsive in your actions. You may appear to others as a little edgy or nervous, but you tend to have good relationships and are a great talker. You also are quite independent and have a solid ego. Your personality should be well developed, and you will have an abundance of energy. You enjoy sports, either as a participant or as a spectator, especially when your side wins. You find it difficult to relax and be still, always needing to be on the go or doing something, but often not quite sure what. As a result, you can waste a lot of time and useful energy just fiddling around and getting nowhere.

You are not afraid to speak your own mind. While this can at times be a positive quality, you tend to speak without giving thought to the effects of your words on other people, you can say hurtful or annoying things without even realizing it. It would also help for you to learn the art of compromise. You usually state your opinions forcefully and then expect others to go along with you. Developing a little self-discipline in asserting yourself can enhance your tremendous creativity. Your physical vitality may be strong, and you

may feel that you have a good energy reserve which can be further enhanced by staying physically fit and active.

3) ► **Ascendant ASC Parallel ♄ Saturn** - (1°11') ♄1 | ♃8

([71] astromatrix.org:) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

4) ► **Descendant DC Parallel ♇ Pluto** - (1°04') ♃7 | ♁4

([213] astromatrix.org:) Get What You Want

The opposition between Pluto and your Ascendant shows that you will undergo some problems through your relationships. There is a tendency to attract partners who attempt to dominate you or manipulate you through deep feelings of fear and guilt. As a result, you may often find yourself involved in intense ego battles with your partner, there is a desire to maintain control and can occasionally lies and deception can occur within your relationships in order to gain the upper hand.

You want to transcend your personal limits and boundaries by fusing and becoming one with another soul. If you're not sure that you can fill your own needs yourself, however, there will probably be a compulsive element to the way you seek relationships.

Your personality is under a similar, constant evolutionary pressure to die and be reborn. Once you learn to balance and integrate your own internal energies, you could make an excellent psychotherapist yourself if you were so inclined.

([161] astromatrix.org:) The Possessive

Opportunities: 1. Having a Family 2. Surrounding Yourself with the Right People

Challenges: 1. Using Your Energy Well 2. Sharing Your Inner Security

You are strongly attached to your home and your childhood. All your life, you will prefer familiar situations and objects and people you know well. You want to feel that you belong to a place and to someone, because belonging gives you a sense of security.

While you are young, it is extremely important that you have a sense of inner strength and security. If your life is confused and uncertain now, you will find it very difficult to overcome the effects of this problem when you are older. You would be very insecure and possessive of those you love. You would be jealous of anyone around you paying attention to someone else, fearing that they will stop paying attention to you. You would never feel 'good' enough, and your inner self would always be in uproar, with your emotions working against you.

Most of all, it would be difficult to get ahead in life, because you would be constantly trying to resolve your childhood problems. But if your home life is good and secure and your parents are caring and helpful, you will grow into a warm, loving and generous person. You will enjoy taking care of others and seeing that everyone's needs are met.

You will be able to express your feelings more powerfully than most people can, and you will have an inner security that can be shared by others wherever you go. Your love of the old and traditional will always be strong, and you will very much want to have a family of your own.

6) ► ***Imum-Coeli*** IC ***Parallel*** ♀ ***Neptune*** - (0°25') ♃8 | ♎7

([211] [astromatrix.org](http://astromatrix.org);) Intuitive Sensitivity

This aspect indicates great sensitivity, but for this energy to work positively, your earliest childhood must be reasonably peaceful and serene. You are very sensitive to the hidden energies in your home and between your parents or other members of your family and any kind of ongoing negative feelings can cause you to become insecure and lacking in self-confidence.

Later on, you may feel that you cannot easily cope with life's challenges, because inside you cannot depend upon your emotions and your spontaneous actions to make everything come out right. Your relationship with one of your parents may be rather difficult. Often this aspect signifies that one of your parents is too weak psychologically to play his or her role in your life.

This might lead you later to seek out someone who can be a guide and a loving parent figure for you. The problem is that such a relationship would displace your search for normal adult relationships. However, even if both parents are strong, you may go to the other extreme and idealize the more influential one.

In that case you would compare everyone you meet to that parent, instead of dealing with each person as an individual. This is not so bad as the first alternative, because at least you have strong ideals that you can believe in. Later in life this may turn into a

strong belief in God. Because you are so sensitive, you may eventually develop a strong psychic and intuitive ability.

Ironically, it is because you deny or minimize your past wounds that you tend to avoid facing the need for deeper healing, which only serves to further limit your career success. In order to live up to your higher potential, you need to accept and work through your own past wounds and traumas. In doing so you are better able to advance in your own career and help others move through their difficulties as well.

8) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (0°00') ♄1 | ♄11

([3] astromatrix.org:) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

9) ► **Sun** ☉ **Parallel** ♅ **Saturn** - (1°49') ♁1 | ♃8

([7] [astromatrix.org](http://astromatrix.org);) The Builder

Your potential success is dependent on personal qualities of perseverance, self-discipline, organization and your ability to maximize the effectiveness of all your available resources. Ambition is likely to be a powerful motivating force within your personality, and, once your aims have been clarified, careful planning and application can help you to achieve them. Persistence and hard work may be the keys to later success, and it is unlikely that progress will be swift or aims realized at an early age.

As Saturn implies limitations and barriers, it is probable that even when following your solar path there will be obstacles and frustrations confronting you, and there may be periods when you begin to feel the inhibitions of your nature and path acutely. You can lack sufficient confidence, adopting a self-deprecating attitude as justifying any lack of progress.

Temperamentally, you are serious and reserved, often taciturn in expression, controlled and disciplined and viewing life with an uneasy attitude. To you, life demands effort and application, and nothing comes easy or free. So, you believe that to become materially comfortable you may have to deny certain feelings or needs in order to concentrate and focus on your aims. Unfortunately, through self-denial and austere attitudes, you may repress self-expression, creating inner imbalances which have later negative side-effects. These could become more predominant if you enter a phase of frustrations, where disappointments generate tensions, stresses, angry thoughts and emotional attitudes.

Disorders of the digestive system may be associated with this, and you may need to increase relaxation in your life, perhaps by consciously dismantling any fixity of lifestyle and daily habit patterns that may be unconsciously erected around yourself as a form of protective barrier. The house position of the conjunction is a sphere of opportunity and of limitation for you, depending on the inner changes that you can consciously make.

Success can result from applying your strengths, which are likely to be in areas of organization, self-reliance, discipline, persistence and determined application. The theme of consolidation and building is associated with this aspect, where existing resources are used in ways which take greater advantage of their potential, expanding from a secure foundation but not overly risky or speculative. Careers in management, politics, law, scientific research, teaching, local government may be attractive, especially if you are able to use an ability to assume responsibility within your employment.

Your earlier childhood development will have been influenced by the relationship to your father. Look at the attitudes towards life that your parents expressed and see if these have become your dominating attitudes and values too. You may have received a highly ordered and strict parental discipline, encouraging conformity to parental desires and

codes of conduct; moralistic or religious attitudes may have conditioned your worldview.

There may have been a lack of parental approval or response to your unique childhood nature, perhaps a lack of emotional affinity (perceived or actual) which made you feel more isolated and independent; certainly, you would have experienced an early inner maturation process. Have you become what your parents wanted you to be? And is this in accordance with your desires and dreams? You may need to break free from these earlier psychological programs that are still operating in you, so that you can move in new directions or transcend those restrictions in life that are acting as barriers to fulfillment and success.

You have much of value to share with the world, but this may need greater releasing. For instance, you may feel that everyone makes their own destiny (and certainly, to some degree this is correct), but this should not stop you being generous if you have financial abundance in your life; you could help others to help themselves. There may be a belief that there is a lesson or message within every life experience, but this should never stop feelings of love and friendliness flowing out naturally from you to others. Acknowledging others in a different way may be necessary, so that you are more aware of their needs and qualities, and this can divert you from your self-preoccupations.

Certainly you will require a compatible intimate partner who recognizes your need for achievement, and who is willing to support your endeavors; but equally, you should not forget that your partner also has their own life path to follow, and you should not forget their needs either. Mutual aid is the ideal approach. Loosen the chains of your self-imposed limitations, and you may be surprised by how your life can favorably change. Saturnian Power Alien Construct; creative manifestation from the heart, create sacred forms and altars.

10) ► **Sun ☉ Contra-Parallel ♅ Pluto** - (1°56')    ♄1 | ♃4

([148] [astromatrix.org](http://astromatrix.org);) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence circumstances in your favor. This is why you desire to be in a position of authority,

calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

11) ► **Sun** ☉ **Parallel** ⊗ **Fortune** - (1°53')    ♎1 | ♋8

([14] astrotarot.net:) The one who takes steps ahead

Typical features that this conjunction brings: You have a “double dose” of the same sign. In other words, you have the double dose of the sun sign. This is good regarding the positive traits of the sun sign. You should watch out for the negative traits of the sun sign. That is because you have a double dose of those. So, you should try to focus on the positive traits of the sun sign. With this Natal Part of Fortune Sun aspects you are creatures of habit. You are attached to the past and to your tradition. You are also emotionally impulsive. And your actions express your emotional state. Above all, you

possess admirable vitality. You don't have much patience for people who go through a lot of emotional ups and downs. You live and breathe the Sun and the Part of Fortune in tandem. The wants and the needs are aligned. Generally, you come across as rather uncomplicated regarding what you want out of life. You are able to make decisions without too much struggle. The emotions and feelings of the Part of Fortune are in harmony with the ego. You can easily express your feelings and meet your needs. But, on the negative side, you question your thoughts. This is not necessary for you. "But what if..." and "on the other hand..." are statements you can't help making.

- Positive traits: These Natal Part of Fortune – Sun aspects bring considerable individualism. You are sensitive, especially the men. You are energetic, optimistic, bold, fearless, stable, generous, spirited, assertive, courageous, and full of enthusiasm for action.

- Negative traits: you can also become self-centered and narrow-minded. You find it hard to cope with changes unless these changes benefit you. You have Aries energy and its negative traits.

12) ► **Moon** ☾ **Parallel** ♃ **Neptune** - (1°47') 006 | ♃7

([21] [astromatrix.org](http://astromatrix.org);) The Visionary

This conjunction emphasizes emotional sensitivity and vulnerability to others, especially through an impressionable, sympathetic psychic empathy. The nature of your environment will be highly influential in affecting your inner balance and well-being, so ideally you need to live and work within suitable places and with suitable people, or else you may discover that your spirit and vitality begin to wane through absorbing what are negative influences on your sensitivity.

As your heart is so open to experience life, it is equally likely to experience suffering, anguish and disappointments. Evolving ways of self-protection or essential filters to this sensitivity may be necessary over time, otherwise life could become too painful for you.

Through your innate understanding and sympathetic attitudes, you are likely to become a listener and confidante to others' problems; yet a degree of detached impersonal objectivity needs to be developed or else you will take their problems and pain away with yourself. This is not a sacrifice that needs to be made, even though you are rightly willing to offer aid and assistance to those in need.

It may be that you are attracted towards employment in the spheres of social welfare and care, where you can serve deprived people and encourage them to take steps of advancement. Certainly, that compassionate heart will be a main motivating factor in your life, and it is probably through such a route that you can most easily display your most natural qualities and abilities.

Your influence can have a beneficial and catalytic effect on others, stimulating them towards either personal growth or resolving problems. Employment which fixes you into a repetitive mundane work pattern will not be satisfying and will ultimately be a denial of your talents and abilities. It is easy to recognize when you are stuck in the wrong place.

13) ► **Moon** ☾ **Parallel** ♊ **North-Node** - (1°42') 006 | ♃8

([26] [astromatrix.org](http://astromatrix.org);) Enhanced Imagination

The Moon has rule over our emotions and minds; therefore, these nodal conjunctions tend toward strong emotions linking to the senses and imagination. There may be exceptional psychic sensitivities, which may be exalted in the ability to predict trends or distorted and turned to suspicion and paranoia.

With North Node conjunct the Moon, the imagination is enhanced, and the mind is stable and strong, with accurate psychic sensitivities and reliable impressions. This contributes to creative talents. Wherever this conjunction is found by house, that house and the matters it governs are strengthened.

Your inner values are in tune with prevailing social trends and ideals, supporting your popularity and generosity with people. These qualities make it so that you can easily take advantage of these social trends and even become a spokesperson/public supporter of them. Be careful not to get too swept up in fads and learn to develop autonomy.

Having the support of a mother figure is important, and there is usually assistance from them. You may feel the want to nurture others and sometimes this is done in a big way. The North Node boosts the ability to gain the support of the public. You can have a mesmerizing effect on people, a definite asset in public and political life. Other people respond to their enthusiasm, and with an abundance of emotional strength they are comfortable dealing with large crowds.

14) ► **Mercury** ☿ **Parallel** ♄ **Saturn** - (1°49') 011 | ♃8

([31] [astromatrix.org](http://astromatrix.org);) Depth Of Mind

In the case of Mercury Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Saturn, your mind will be more serious and responsible, cautious and reserved. You have a depth of mind and are able to learn, study and discuss many topics as you are able to store information in your mind quite well.

You tend to avoid superficial trivial topics and like to investigate and question things as much as you can. You generally need empirical evidence to overcome your native skepticism. Your work habits are careful, tenacious, methodical, and industrious. You are probably quite organized, hardworking, and proficient at dealing with rules,

regulations, fine points, and details. Writers with this aspect are typically masters of grammar and style. There is frequently great ambition, self-control, and a willingness to labor hard and long to achieve your goals.

15) ► **Mercury** ☿ **Contra-Parallel** ♅ **Pluto** - (1°56')    8\11 | 134

([169] [astromatrix.org](http://astromatrix.org);) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense

of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

16) ► **Mercury** ♀ **Parallel** ⊗ **Fortune** - (1°53')    ♏11 | ♃8

([39] [astrotarot.net](http://astrotarot.net);) The one who takes steps ahead

Typical features that this conjunction brings – You have a “double dose” of the same sign. In other words, you have the double dose of the moon sign. This is good regarding the positive traits of the moon sign. You should watch out for the negative traits of the moon sign. That is because you have a double dose of those. So, you should try to focus on the positive traits of the sun moon. Mercury conjunct Part of fortune will influence the nature of the fortune. This is very powerful influence, because it often overshadows the sign. If it is not well placed it does nothing. And if it is well placed will do much for the person. Above all, you possess admirable vitality. Generally, you come across as rather uncomplicated regarding what you want out of life. You are able to make decisions without too much struggle. The emotions and feelings of the Part of Fortune are in harmony with the ego. You can easily express your feelings and meet your needs. But, on the negative side you question your thoughts. With this Natal Mercury – Part of fortune aspects, you will use your mental faculties and an intellectual approach in finding your happiness and success. Also, you will find it extremely easy to communicate, either in speech or writing.

- Positive traits: This aspect gives the qualities necessary to be the president or the king. You make a very strong impression on others without even trying. People want to be associated with you.

- Negative traits: You are fully aware of your importance and of your influence. But, this power can easily go to your head while you are young. You can turn others off with your excessive pride and arrogance.

17) ► **Venus** ♀ **Parallel** ♂ **Mars** - (0°46')    ♃7 | ♀2

([40] [astromatrix.org](http://astromatrix.org);) The Sensualist

Opportunities: 1. Understanding Your Emotions 2. Not Sweating the Small Relationship Stuff

Challenges: 1. Overcoming Jealousies 2. Having Better Relations with Opposite Sex  
Your relationship with your parents will determine your attitudes towards the opposite sex and marriage for better or worse. Normally, this gives a harmonious blending of active and passive energies and makes you sensitive and loving unless both planets are under severe stress.

Drive is generally expressed constructively. This aspect is an asset when it comes to relating to the public and is said to give luck in financial matters. This conjunction can vary dramatically from sign to sign and tends to give you valuable insights into your earliest dealing with the opposite sex - including dealings with your opposite-sex parent,

siblings, and peers.

You have very strong emotions. Because of their intensity, you find it hard to treat relationships lightly; everything, even the smallest gesture, has importance to you. This is true in almost all relationships; it's especially true when it comes to sex and romance. If there are problems in your love life, it could be because you're being too pushy or coming on too strong. This aspect stimulates affections in a way that causes you to want an all-consuming, 'forever' type of relationship, but, funnily enough, it also gives flirtatious streak that continues even after you've entered into a satisfying relationship. I think that people with this aspect feel that it's especially important to remain desirable - not just to a mate or lover, but to the opposite sex in general.

As the conjunction is a uniting aspect, and Venus and Mars are the male and female principles, respectively, you might think, as I once did, that it's a portent of a lasting marriage. From my studies, I've learned that this isn't the case. While people with this aspect want a lasting relationship very badly, they suffer their fair share of squabbles and separations. There's a difference between this aspect and the square and opposition though, in that there seems to be greater reluctance to make the first break.

Jealousy - sometimes justified, sometimes not - on one side or another seems to be the primary cause of discord. If you have Venus and Mars in the same sign but not conjunct, the foregoing may apply to you. However, you'd be less pushy.

18) ► **Venus ♀ Parallel ♃ Saturn** - (1°45') ♎7 | ♏8

[43] ([42] [astromatrix.org](http://astromatrix.org);) The Dutiful Partner

[43] [astroligion.com](http://astroligion.com);) The Venus conjunct Saturn aspect imbues a sense of moderation and balance in regards to all things desired. Individuals with this aspect are able to marshal their resources judiciously and exercise restraint and temperance when necessary. They love and appreciate most that which is functionally beautiful. They may have an interest in architecture and design of all sorts. The challenge of solving cosmetic problems or improving upon them is likely to be very appealing to people with Venus conjunct Saturn in the birth chart.

Their sense of aesthetic taste may be especially drawn towards things that are geometric, structural, or infused with patterns and distinctive shapes. People with this aspect may be inclined to arrange things, organizing objects neatly and putting them into some sort of logical or visually pleasing configuration or taxonomy. They feel best when their life is in order which may sound typical of anyone, but for the Venus conjunct Saturn personality, it may be essential to their emotional and psychological welfare. Fortunately they are very capable of getting their affairs in order and handling their business. With Venus in conjunct with Saturn, you are likely to be adept at interior design. Your sense of aesthetic balance may well be put to use in careers that are creative yet somewhat technical. For you, a well organized environment is essential to your peace of mind and so if you could make money out of it then so much the better.

Even if they decide to experiment with drugs or alcohol, individuals with this aspect are likely able to keep themselves from turning into addicts or substance abusers. The pleasure-seeking and sumptuous side of Venus is counterbalanced by Saturn's disciplined and prudent influence. Venus conjunct Saturn people know how to enjoy themselves responsibly and also know when it's time to call it quits. They are able to pull back and avoid going overboard with decadence and overly indulgent behavior. They want the good life but they are willing to undertake hard work and effort to earn it. Venus conjunct Saturn people may lean towards conservatism and traditional values but they are not staunch or strident in how they practice it.

19) ► **Venus ♀ Contra-Parallel ♂ Uranus** - (1°45') ♎7 | 006

([176] [astromatrix.org](http://astromatrix.org);) Rebellious Lover

Both the opposition and the square display the stronger influence of the Uranian energy dominating the easier, harmonious social style of Venus. Rebellious, unconventional attitudes appear; and with this opposition aspect, you will feel that you have to assert your own unique identity even though it may create discord between yourself and others.

You will often feel disturbed by emotional insecurity and an instability in the consistency of your feelings towards others. In intimate relationships, this will be displayed in swings between red-hot passions and ice-cold disinterest. This puzzles you, and can obviously confuse a partner, especially when the need for a deeper commitment arises. You wouldn't be sure what to do; and your lover would doubt your real feelings. Your desires can feel extremely powerful, demanding satisfaction; and the intensity of this energy can lead you to explore unconventional ways of life.

A certain impulsiveness and reckless spirit can take you into experiences that could be dangerous; and your choices for relationships may often create future problems for you. Your unconventional style and basically friendly nature will attract friends; but your own sense of attachment and commitment to them may be erratic. You will be too much drawn by the glamour of following your own unique light to maintain friendships; and some will fall by the wayside as you move ever onwards.

Most of your tendency to oppose will be directed towards authority and those who embody a traditional social structure. As a natural rebel, you will question the foundations of your society, challenge their effectiveness, and probably support the causes of those who are oppressed or disadvantaged by the dominant political attitudes. You have several characteristics which can be used positively, such as a strong will and determination, and an acceptance of intellectual responsibility (sometimes subverted by emotional instability). The use of these will depend upon your ability to be clear about your objectives, and to maintain enough emotional commitment to fuel your efforts to achieve them.

There is likely to be a need to learn greater compromise and consistency, especially

within your intimate relationships, and to evoke the Venus energy to a higher degree. Provided that you pay attention, and consider the effects of your choices in life, you will realize that experience will teach you all you need to know, despite its often-painful impact.

As a rebel, you can learn much about the less publicized frontiers of life, become aware of the heights and depths that people can experience or endure. This will enrich you and increase your maturity. Eventually, you may have much that is of value to share with others.

20) ► **Venus ♀ Contra-Parallel ☿ Pluto** - (1°38') ♀7 | 134

([178] [astromatrix.org](http://astromatrix.org);) Jealous Lover

The challenging aspects of square and opposition invariably display the dark face of the distorted Pluto energy, and require considerable individual transformation and self-understanding to mitigate the potentially negative impact on life that they will otherwise influence a person to experience.

It is important to remember that this influence to confront the darker side of the psyche is inherently positive and creatively beneficial if it is used to orientate your inner life, and that this is the hidden purpose of the Pluto impulses. It is likely that you will experience a repetitive pattern of sexual love and emotional affairs which either do not seem to satisfy and fulfill you, or collapse into failure, acrimony and suffering. This can lead to a jaded, cynical attitude founded upon a frustrated, demoralized emotionally battered perception of love.

Your emotional intensity and passion are likely to cause difficulties for you, as it often seems to run away out of your control and can take you into situations and encounters which from a clearer perspective you would consider to be undesirable. Certainly, you are looking for something; but your sexual and emotional desires can be too strong, creating distortions of inner energy and leading to compulsive behavior on your part - followed by an attempt at justification in the vein of 'I couldn't help myself...!'

Either you will feel driven to experiment in various relationships on a continuous basis, or, as a reaction, you may attempt to avoid entering any emotional affair as you are afraid of experiencing the old established pattern again. Problems can arise in your intimate relationships due to your tendency to introduce the element of domination. You tend to demand your own way or assume a dominating role, sometimes played out in potentially damaging sexual and emotional contexts, sometimes obvious, sometimes more subtle. Even if you assume a submissive role, it is only as a hidden way to manipulate and achieve your intentions through a subtle route; it is not your natural approach. Usually, you want your partners to change to suit you, and you can put intense pressure upon them, especially sexually and emotionally.

You will need to learn the necessity for mutual compromise in relationships, to

understand your inner underlying desires and impulses which are conditioning and controlling you from the depths of your unconscious. It may be appropriate to study humanistic psychology or take part in a course or therapy designed to bring about safe release of hidden impulses into the light of conscious awareness.

Such impulses, and unconscious inner fantasy lives, are present to some degree in everyone; but with this aspect they will stimulate problems for you, which are resolvable if you are willing to confront them in an act of personal reintegration and transformation. This will also serve to balance out your erratic flow of emotional desires, which often seems to confuse you and your partner, as you appear to 'blow very hot and very cold' in your responses to them; this is when your inner impulses arise and fall in some hidden rhythmic cycle, leading to uncontrollable emotional and sexual needs and intensity, or to a lack of response and to coldness.

Always, the choice is yours; potentially you can defuse many of the difficulties that usually face you in relationships, or you can continue hoping that they will lift of their own accord. Pluto is influencing you to take the positive approach, by facing you with the results of being passive to the inner forces and by remaining unconscious of their hidden promptings.

21) ► **Venus ♀ Parallel ⊗ Fortune** - (1°41')    ♃7 | ♃8

([50] [astrotarot.net](http://astrotarot.net);) Show me the money and pleasure

Typical features that this conjunction brings: You have a “double dose” of the same sign. In other words, you have the double dose of your moon sign. This is good regarding the positive traits of the moon sign. You should watch out for the negative traits of the moon sign. That is because you have a double dose of those. So, you should try to focus on the positive traits of the sun moon. Venus conjunct Part of fortune will influence the nature of the fortune. This is a very powerful influence because it often overshadows the sign. You can create prosperity if your male and female energies are balanced. You have the capacity to affirm positive thoughts about money and receive them into your subconscious. You will then Interact with others in such a way as to inspire them to aid your prosperity and be receptive to the prosperity they will create for you. And ultimately with you, as you both move forward together and share your growing wealth and happiness. With this Natal Part of fortune Venus aspects, you will use your mental faculties and an intellectual approach in finding your happiness and success.

- Positive traits: These Natal Part of fortune – Venus aspects give the qualities necessary to be happy. You make a very strong impression on others without even trying. People want to be associated with you. Above all, you possess admirable vitality. Generally, you come across as rather uncomplicated regarding what you want out of life. You are able to make decisions without too much struggle.

- Negative traits: You are fully aware of your importance and of your influence. But, this power can easily go to your head while you are young. You can turn others off with your

excessive pride and arrogance.

22) ► **Mars** ♂ **Contra-Parallel** ☿ **Uranus** - (0°59') ♀2 | 006

([184] [astromatrix.org](http://astromatrix.org);) The Opposer

The energies generated by the opposition aspect are often projected out into the external world; and this will be true in respect of the powerful energy released by this Mars-Uranus aspect.

If this is expressed through a more integrated consciousness, which is sure of the direction to travel, then its impact can be considerable. If it is manifesting through a less integrated personality, then it can create real problems in life. Again, the revolutionary tendency is very strong, and you will have a natural antipathy towards traditions and static patterns of acceptable social lifestyles.

Your attitude will be anti-authoritarian, and you will be iconoclastic in your questioning of the status quo, and critical of those who are in positions of social responsibility and power. Hypocrisy from leaders especially upsets you, and you can be scathing in denouncing it. In fact, you probably have developed a fairly demanding set of personal principles and ideals from which you perceive the world. You tend to expect less from 'ordinary people', acknowledging their frailties; but you expect the highest standards from social leaders.

Concepts of social justice, equality and change attract you, and this can draw you into relationships with revolutionary or reactionary political groups. Depending upon the overall bias of the chart, your radicalism could be directed towards a re-creation of past patterns or a new creation to suit future needs and realities. Generally, though, with the Uranian impulse it will be future-orientated, and this will lead you to more altruistic liberal and humanitarian groups.

Your personality can be very assertive, even aggressive and combative. You have an image of yourself 'at war' with whatever you disagree with, whether this is just a war that you fight in your own head, or it is one that you externalize by opposing social establishments that you dislike. There is a stimulation for you in conflict; and whilst it may not always be openly displayed, you enjoy competition and intend to win and dominate. This is reminiscent of the Scorpio characteristics, which are reflected through this aspect, with the Mars-Scorpio link and Uranus exalted in Scorpio.

The quality of assertiveness could be extrovertedly expressed, stridently and powerfully, or quietly through the power of a strong personal presence. You enjoy arguments and discussions; here the stimulation of ideas, beliefs and attitudes can be enriching. Often you play devil's advocate on ideas, just to enjoy the sparks that can fly; but if it is on a subject close to your heart, then a more passionate, committed side of you emerges, one that is determined to 'win' the argument.

You oppose in principle any restrictions to individual freedoms, although in practice and with serious consideration, you do tend to impose 'limits' for valid social reasons. Your main thrust is towards a broadening of personal freedoms, and the creation of more variety and scope for potential experience and opportunity in life. If discipline is imposed upon you, and you feel that you are imprisoned in a stultifying routine, then you will rise to oppose it; however, for your own purposes you can be highly motivated and self-disciplined.

Freedom is extremely important to you and is the key to developing your own uniqueness. You feel that you have to get your own way, and this can cause problems if you are too selfish about this demand. If denied, you feel emotionally frustrated, and this becomes a form of pent-up physical tension, which in extreme cases could result in violence.

Tendencies to be arrogant, authoritarian and too self-willed can cause friction in social and intimate relationships. If your lifestyle becomes inhibiting, then this can also create explosions of sudden temper and excessive arguing to release inner pressures. Whilst you see yourself as an outsider, a loner following a personal path, there is an underlying lack of self-confidence, which Scorpio-like is hidden beneath the mask. You insist on finding and making your own way in life, pursuing one's 'dharma' (own truth), and will be like the traditional stubborn mule if anyone else tries to lead you against your will. You learn from life's hard experiences, and indeed, you tend to accept and welcome such intensity and challenges.

Often, you will be tempted to throw off the binding shackles of the past, slough off the old skin like a snake, and burn those bridges to leave yourself free to travel forward into the bright future. You seem as though you know what you are doing, and appear to be optimistic, but this is the glow of a belief in your own ability to succeed, to cross those challenging abysses. You may need to unify your will and clarify your desires so that they work more in harmony. Potentially, this aspect if rightly applied through a reabsorbing of any negative projections back into yourself for transformation, can offer a 'magical' ability to succeed in your aims. The 'enemy' is not just 'out'.

23) ► **Jupiter** ♃ **Parallel** ♎ **Chiron** - (1°28') ☿ 10 | ♎ 11

Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

#### 25) ► **Saturn** ♄ **Contra-Parallel** ♁ **Pluto** - (0°07') ♄8 | ♅4

([200] astromatrix.org:) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of

persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

Your inner life is not fixed in unchangeable stone, as the prospect of transformation is ever-present in every life. Initially, it may be difficult to dissolve such long-established barriers; but it can be done, enabling a new you to flower and fulfill your hidden potential.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical

element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

([57] [astromatrix.org](http://astromatrix.org);) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

([571] [12andus.com](http://12andus.com);) Your compassionate, nurturing instincts may drive your career choice.

You may pursue a public or professional role that allows you to show your nurturing, caring and loving energy.

Working with children or as a nurse, counselor or caretaker in some capacity will help you express your gifts.

Your warmth easily comes across in your work and professional life, no matter what industry you go in to. You may act like the caregiver in the office, always looking after

everyone else's needs.

You may fuse your compassionate energy and work so much that you take responsibility for your work as if it was your "baby" or even your own business rather than a company you work for.

([179] [astromatrix.org](http://astromatrix.org);) Unconscious Needs

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

5) ► **Descendant DC Conjunct ♃ Neptune** - (9°34' A) ♃7 | ♃7

([210] [astromatrix.org](http://astromatrix.org);) Idealistic Artist

Neptune Opposition your Natal Ascendant gives you a very emotional and sensitive personality. You are inclined to seek relationships through which you can live out some ideal. Just what this ideal is, you may not be too clear about; you may be attracted to people who have some sort of problem that you may think you can fix, thereby allowing you to express your compassion and understanding by helping them. Unfortunately, you will eventually realize that this person has no intention of changing, leaving you feeling let down and confused.

Be wary of your ideals, you may seek to find these ideals within society and be attracted to Gurus or other spiritual schools and environments. This is not necessarily a problem, unless you put too much emphasis on giving your own power and identity to these people or causes.

Your identity and ego are not properly formed and so you may seek to define it from your relationships with others. Instead of trying to live out your dreams through someone else try to live them out yourself, if they are not impossible dreams, then you may find that you attract someone who can fulfil your needs, and still be themselves.

6) ► **Imum-Coeli IC Conjunct ♄ Saturn** - (10°18' S) ♃8 | ♃8

([202] astromatrix.org:) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

([217] astromatrix.org:) Becoming Humble

You benefit through your parents and other family members. The timing of events in your domestic life with current social events brings good fortune, especially in your later years. Your long-time habits often clash with social norms, giving you a bad reputation. Poor timing often prevents you from meeting people who could help advance your career. However, your ability to work hard leads to your eventual success, but it may benefit others more than you.

Your karmic path is not aligned with your ambitions; it is suggested that in a prior life that these people received plenty of recognition for your efforts. You may have been in positions of authority where others would have helped you achieve great things or notorious things, much depends on the aspects to this position.

There is often a need to develop a sense of humbleness as well as a modest attitude where you will put emphasis on the home and family rather than making a name for yourself. You may have to take a humble stance in the material world and leave behind their need for recognition and achievement. You will be drawn too working within the family and home environment, developing yourself on a deep emotional level, which is quite different from your previous existence.

13) ► **Venus ♀ Conjunct ♆ Neptune** - (0°58' A) ♃7 | ♃7

[45] [astrologyking.com](http://astrologyking.com).) Venus conjunct Neptune natal makes you a romantic, an

idealist and a dreamer. It is very easy for you to fall head over heels for someone, and your empathy and compassion is to be admired.

However, this tendency towards idealistic love does have the potential to make you vulnerable to a broken heart and disappointment. Other people who are not as caring as yourself, may see your kindness as a weakness and take advantage of you.

It will be important for you to expect others to return your love and loyalty, to keep up an equal footing in love relationships. Once you tackle the tendency to over-idealize, or subconsciously ignore the negative traits in another, then you will lessen the risk of dissolution or grief.

Venus conjunct Neptune also suggests that you should have musical, artistic, or other creative talents. You have the ability to appreciate the surreal, and bringing form to the more intangible impressions you receive would be therapeutic.

14) ► **Mars** ♂ **Conjunct** ♄ **Juno** - (3°40' S) ♍2 | ♍2

([597] 12andus.com:) You are deeply passionate and intense when it comes to your long term partnerships and even the potential for marriage.

You may find someone who triggers your passions and become nearly obsessed with your partner. You can have a strong jealous side and may easily assume your partner is unfaithful when that is not the case.

Also, you have a determined streak and when you believe you've found the One, you'll move, mountains to be with this person. You won't bother to take it slow or be careful about giving your heart away.

You may proclaim very early on that you are determined to be with a particular person for the rest of your life and you won't take no for an answer.

You can be dominating in your partnership and will often act on what you believe is your partner's best interest without stopping to consult them first. You have a heart of gold and are typically enthusiastic and optimistic about your commitment and partnership.

15) ► **Saturn** ♄ **Conjunct** ♆ **Neptune** - (8°04' S) ♋8 | ♋7

([69] astromatrix.org:) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left

swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially

through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

20) ► **Lilith ♀ Conjunct Er Eros** - (4°03' S)    ♎11 | ♏12

21) ► **Sun ☉ Opposition ♀ Venus** - (7°28' A)    ♉1 | ♏7

[142] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([142] astrologyking.com:) It resembles the conjunction although the difference between them is that the opposition is fundamentally relational.

There is a greater need for love and affection. It can put a strain on love relationships because tensions spring forward easily.

It does favor sorting out any issues relation-wise because you are in touch with how you feel and can express how much you love or miss someone. Compensating for any loneliness by indulging in luxuries may only give short-term relief and put a strain on finances. The better way to channel Venusian energy is to contact people for a chat or getting out, even trying your hand at some creative activity.

22) ► **Sun ☉ Opposition ♀ Neptune** - (8°26' A)    ♉1 | ♏7

([147] astromatrix.org:) The Chameleon

The opposition between Neptune and the Sun can stimulate a distorted and self-deluding perspective of reality, which tends to create additional problems and obstacles in your life and decision-making.

You may find it difficult to analyze and evaluate options and choices correctly, often focusing on self-created and imaginary issues rather than actual problems. Sometimes these can take the forms of voluntary suffering arising from inner guilt patterns associated with deep-lying desires; an expiation or atonement of 'sins', actual or imaginary. This can result in the sacrificial martyr attitude, and is often quite unnecessary, yet in a strange way provides a foundation to your life.

Your relationships can be characterized by degrees of confusion and misunderstandings, and through powerful emotions you are liable to overly intimate relationships with fantasies and wishful thinking, forming a deceiving miasma which affects all involved. There can be a pattern operating through you that subverts clear, honest and direct communication, even though you may not fully accept or realize this. You often avoid commitment and entering fully into emotional involvements through fears of being trapped or dominated, which, allied to a suspicious nature, does not augur well for stable relationships.

The main problem with inner glamour and illusions is that they are so difficult to identify correctly, and obviously such distorting mirrors make it hard to perceive with clarity. The real effect of spiritual transformation shatters these mirrors. Being able to recognize and acknowledge that such problems exist is the first the first and most important step, followed by consistent action to discover the appropriate remedy. Essentially, you need to strip down your habitual perceptions of others and yourself, so that the reality can shine through more objectively.

Facing the reality of avoidance patterns and observing the influence of your emotional biases and defensive mechanisms can be very revealing, as can noting how you distort relationship communication; consider all this without self-condemnation or judgement. In looking lie the seeds of transformation.

23) ► **Moon ☾ Opposition Er Eros** - (9°44' A) ☾6 | ♏12

Being too much of a concrete thinker can make it difficult for you to imagine how to use your talents to advocate for others and work for a cause. You may also have to work harder to see issues from others' perspectives. An important issue may appeal to you after you have overcome cognitive dissonance or once you have received important information.

25) ► **Venus ♀ Opposition \* Juno** - (6°23' A) ♀7 | ♏2

26) ► **Mars** ♂ **Opposition** ♄ **Saturn** - (1°01' S) ♀2 | ♃8

([183] [astromatrix.org](http://astromatrix.org);) The Stop And Go

With Mars Opposition Saturn you can alternate between aggression and apathy, often lacking purpose and having a tendency to drift. Your enthusiasm is sudden but doesn't last long. You need to gain an inner respect for the stabilizing quality of Saturn.

In order to learn to channel energy properly and finish what you start, concentrate on matters related to the house Saturn is in. You're often frustrated, oppressive, resentful and often use aggressive, violent actions to hide your fear of personal inadequacy. Your attempts to act are thwarted by others and your professional ambitions are often stifled by misfortune or by those in authority. You may seek status or power in destructive or undesirable ways or be the victim of others doing the same. You may have problems with joint finances or corporate resources, resulting in strained relationships.

Relationships with your parents, especially your father, are not good and you may lose a parent early. There's some possibility of physical violence (done to you or by you) and in extreme cases, you may be cruel or tend toward criminal activity. You won't go out of your way to help others and they won't help you. You may have psychological difficulty in reconciling your masculine and feminine sides.

27) ► **Mars** ♂ **Opposition** ♆ **Neptune** - (9°05' S) ♀2 | ♆7

([185] [astromatrix.org](http://astromatrix.org);) The Drifter

The opposition is focused more on your outer relationships with people, although inner projections are often the key to their problematic nature. As with the square aspect, there is the presence of the unconscious mind being activated by a frustrated Neptune, which lead to distortions in action and expression.

Inner motivation is often unclear in respect of its true nature, and often compulsive desires are hidden behind a facade so effectively that even you are often essentially

unconscious of why you act in certain ways and way is actually making those decisive choices for you. Self-clarity can be difficult to achieve, especially in the areas of emotional and sexual desire, which can have a compulsive quality to them, and which can dominate your options. Those areas may become highly emphasized in your life, excessively so and out of a healthy proportion and perspective.

You probably lack trust and faith in life. Suspicion is a constant companion, and you see others through such a filter, yet this is often mainly composed of your own nature projected out like a shadow over the world. How can you trust yourself when you do not fully comprehend your own motivations and desires for actions? Yet you often mean well, but yare let down by your own tendencies of secrecy and manipulation.

Your own attitudes are reflected back at you, so that mutual suspicion is often created, and you lose even more trust in people. Sometimes you tend to withdraw from social activity due to this. A refinement in how you choose to assert yourself may be necessary, as well as a withdrawal of these conditioning negative characteristics.

Confronting reality is essential, so that, by acceptance, a more realistic balance in relationships can emerge - one where your desires are less dominant and threatening, and where the emotional dimension is more integrated and explored. This will help to modify and redirect the blocked Neptune energy so that relationships become deeper, more satisfying and a bridge to renew your experience of social relating.

Evaluating your ambitions in life can be more productive once the projections are being withdrawn and using intellect and common sense can be more effective in realizing them than following a path of glamour and compulsive desires which, whilst perhaps temporarily exciting, leads to a dissipation of yourself and your objectives.

Avoidance of unnecessary stimulants is also wise, as these will not help; and a more perceptive insight into the nature of glamour and illusion will also be highly beneficial. This is especially so if you have become involved in the occult or spiritual realms of life, where there are always many candidates to take advantage of those who are more gullible and susceptible to the power of 'secret knowledge'. Those how have the desire to be 'special' are often abused physically, emotionally, mentally and spiritually.

The nature and quality of your relationships can be transformed, provided that you deal with those problematic areas of your inner nature, trust, emotions, sexuality and illusions. Perceiving how you can negatively condition your experience is the key to realizing how you can positively transform it too.

28) ► **Saturn** ♄ **Opposition** ✱ **Juno** - (2°39' S) ♃8 | ♀2

([599] 12andus.com:) You may feel torn between your desire for a mature and serious partnership and your desire for complete control over your destiny.

You will take your partnerships seriously and may look to partnerships to provide stability, yet you also feel a great obligation to your own preferences and priorities.

When your personal priorities or sense of control clashes with the needs of your relationship, you may feel conflicted and even sabotage the relationship.

You need your feelings of stability and security to be assured and a relationship that doesn't guarantee that will face conflicts. You may place work, money or career ambitions above even your most cherished partnerships and relationships.

When you find greater security within yourself and in your partnership, you can let go of some of the controlling antics and desires for wealth, status and achievements that otherwise makes you feel secure.

When you reach this point, your relationships may be more harmonious and you won't feel the need, to be as controlled and disciplined about your partnerships.

29) ► **Neptune** ♆ **Opposition** \* **Juno** - (5°25' A) ♈7 | ♎2

([601] 12andus.com:) You may desire a long term commitment or marriage but your judgment may be off because of your "highly sensitive, emotional nature.

You may believe your instincts are intuitive and that your bond to a potential partner is meant to be, yet the reality may be that your partner is not as committed, loyal or faithful as you are. You may be disappointed and heartbroken again and again because your impression of devotion is not accurate.

You may see others as you want them to be, not as they actually are. Your pattern of idealizing others and trying to create a fairy tale romance sabotages your goals in romance and marriage.

You may long for a commitment but also struggle with the work and responsibilities involved in a marriage or serious partnership.

You can find ways to ground yourself if you try to look past your desires and fantasies and try to see the relationship for what it is and not what you dream it to be.

30) ► **Ceres** ♀ **Opposition** ⊗ **Fortune** - (6°39' S) ♎2 | ♃8

([591] 12andus.com:) You may feel torn between your militant nature and strategic plans and your spiritual calling.

You have a strong tie to your mission and can be vigilant about following your tactics and strategies which are focused on creating equality and fairness for others.

On the other hand, you also have a strong sense of mission and spiritual calling that at first seems to conflict with your personal ambition and strategies to fulfill your mission to others.

38) ► **Jupiter** ♃ **Sextile** ♆ **Neptune** - (4°35' S) ☿10 | ♆7

([273] [astromatrix.org](http://astromatrix.org);) The Magician

The sextile includes several of the themes of the conjunction, but often develops and defines them more clearly within the individual, and so they are probably easier to deal with and apply in daily life.

In personal relationships, that tendency towards gullibility is still present, aided and abetted by powerful sensitive feelings and emotions that encourage you to believe in the commitment of your partner who satisfies your needs and desires. Your evaluation of the

status of your intimate relationships may be unrealistic, and there are bound to be times when your belief in the aptness of your choices is later seen to be merely self-deception; wherever your emotions are involved, they are the source for many illusions and much vulnerability. Standing beside you in the shadows of love is always the prospect of disappointment. Take more time to know someone, be more cautious and check with them how they feel about the relationships too; do not just assume that because you feel in love and happy, they feel the same. They may... but the rising divorce rate seems to indicate that the reverse is, regrettably, often the real situation.

The theme that is more defined in the sextile is that of optimism, imagination and idealism. The likelihood is that this will be more focused within your mind, and that your lifestyle will reflect this more clearly. In you, faith and trust become a more optimistic spirit looking towards future prospects and opportunities. The sphere of expansion is in that direction, and much attention is likely to be paid to contemporary social problems. This vision is probably radical in nature, and often veering to the 'New Age' perspective. You are alert and aware enough of social conditions, desires and needs, yet you also add a broader perspective to what is currently occurring and what needs to occur in order to build a brighter future.

You are capable of an analysis of modern social problems, seeing intrinsic dangers there, and can be articulate in raising these issues. You may become involved in groups that are public voices for such concerns, those minority pressure groups that perform such an essential public service in the Western world. The failings of established political, religious and social power blocs should be recognized, although you may choose to work within them as an influence for inner change.

You value individualism highly and see how others can be unconsciously swept along by powerful ideologies and socially acceptable ways of behaving. This can encourage you to make your own stand against any negative social ideologies that are currently powerful, even those emanating from governments and the churches. You may become a publicist for your ideas and those of affinity groups in an attempt to alert public attention to what is occurring.

Idealism will be vitally important to you, and you will feel quite passionate about those ideals. Yet what can let you down is the fact that you are essentially a theorist, in that activity is via a mental perspective, and the ability to ground your vision is often lacking in basic common sense and practicality. At worst, you may recognize social problems, acknowledging that you do have a social responsibility and then fail to take any action about it. Your innate altruistic and humanitarian nature can remain inhibited. If this is happening, and it is partly a symptom of an unintegrated Neptune which dissolves the will to act, then you may need to give yourself a shake. Certainly, social change does need visions and theories, but ultimately these have to be anchored on this level, and that inevitably involves a transformation of their nature, often compromising the initial pristine vision. They never come through pure; and they often come through channels

and areas of life that are surprising and unexpected.

There are 'thinkers and doers', and ideally the two need to work together, but even the thinkers can become more practical, even if thinking is their real task and not just an excuse for doing nothing. One simple step is to transfer money towards those who are 'doing' and support them in that way. Or you can evaluate your skills and resources; you should have an articulate imagination, which could be positively applied in the publicizing of vital issues, be inspirational, or express positive social ideals. These are possible channels for you to work along which will be beneficial to yourself and others and will avoid any tendency to retreat into isolated reactive theories, a private monastery of the mind.

We can all complain about aspects of life; but the issue is 'what are we doing about them?' We can all do something, and even if our contribution is apparently small and insignificant, collectively we can make a difference.

## Antiscia & Contra-Antiscia

Is based on the dividing lines between the Cardinal signs and Mutable signs. Aries, Pisces. Gemini, Cancer. Virgo, Libra. Sagittarius, Capricorn. The symmetrically opposite points using the borders between those signs as midpoints are the Antiscia-points. Contra-Antiscia when Pisces, Aries or Virgo, Libra borders are used as midpoint. Antiscia when Gemini, Cancer or Sagittarius, Capricorn is used.

**Antiscia:** For simplicity's sake we're gonna explain it like Conjunction.

**Contra-Antiscia:** Opposition.

Opportunities: 1. Leveraging Your Stability 2. Expressing Your Emotions

Challenges: 1. Understanding Others' Emotions 2. Finding a Partner

With Sun Conjunct Moon in your Natal Chart means you were born under a New Moon, especially if the orb is less than a few degrees. The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Sun Conjunct Moon, there is a merging of your Vital energies and ego with

your emotion self. This can make you quite a stable and centered individual. It can make you more self-centered than normal but its more that you do't need anyone else to make you feel whole (unless your sun and moon is in Libra). But you are very much in touch with your need for others, or at least a significant other.

You can be quite sensitive and emotional; you should look out for transits that may aspect your sun and moon to know when you may be more affected by your moods and emotions. They live and breathe the Sun and the Moon in tandem, so the drive to find a partner is powerful. Because your will and emotions are aligned together you have the ability to know what you want and how to get it with less inner conflicts.

In general, what you desire makes you feel happy and content, you are comfortable with your emotions and are able to express them well unless you have some difficult aspects to your ascendant or sun. The way you manage your own psychological and emotional response to the world might however be quite different when it comes to your intuition about others.

You may have a difficult time understanding why other people seem to get lost in their feelings and are unable to clearly define emotional experience in their lives. Because the Sun and Moon are quite important in defining your personality, having these two planets in the same sign (unless it's on the cusp) gives much more emphasis on that sign and will be important in defining your personality. You are able to make decisions without too much struggle, simply because it is not their tendency to spread themselves around in order to find all of their options.

([630] [astromatrix.org](http://astromatrix.org).) Overcoming hidden fears

Opportunities: 1. Conquering your fears & phobias 2. Finding ways to nurture your spirit

Challenges: 1. Overcoming your wild side 2. Maintaining your identity

The placement of Saturn conjunct Lilith in your birth chart reveals the themes of patriarchy, order, and structure in a dramatic manner. With this aspect, you must prepare well to deal with the threats of descending to the vortex of hidden fears, phobias, and insecurities. It also implies the decomposition of your karmic habits. Saturn conjunct Lilith is the lost dangerous karmic position that suggests awaiting brutality, cruelty and dark obsessions.

The association of Saturn with the Lilith at conjunct makes your karma heavy and compelling. If you utilize your soft skills to establish long-term profitable liaisons with people, it can help you make Lilith work in your favour. Empower yourself to avoid falling into the trap of social non-conformity. Humans are unique, and no one can accurately predict their behaviour and actions.

Try to comprehend the underlying dynamics behind personalities to take advantage of the planetary alliance to steer growth and evolution. You have to tame your uncontrolled and intuitive side to lay a firm foundation that can support your life purposes in the long run. Being a sexually charged person, you might have difficulty adjusting to this aspect of your personality. But in the end, all these conflicts make you outshine among others and brings forward an incredibly passionate person.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 25° **Taurus** 47' and in the **8th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 8° **Pisces** 55' and in the **6th** house.  
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the

physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 4° **Capricorn** 13' and in the **4th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 18° **Libra** 56' and in the **1st** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

### **The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 0° **Virgo** 19' and in the **12th** house.  
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 0° **Capricorn** 8' and in the **4th** house.  
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 27° **Pisces** 34' and in the **6th** house.  
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 9° **Aquarius** 56' and in the **5th** house.  
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 26° **Virgo** 33' and in the **12th** house.  
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Virgo: lack of faith, jumping to conclusions

Nemesis in Twelfth house (Pisces): indiscretion, being gullible

### **Lots related to family:**

The **Lot of the Father** is in 4° **Aquarius** 20' and in the **5th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 3° **Sagittarius** 15' and in the **3rd** house.  
Same as for father.

The **Lot of Siblings** is in 20° **Leo** 50' and in the **11th** house.

The **Lot of Children** is in 13° **Sagittarius** 52' and in the **3rd** house.

The **Lot of Daughters** is in 11° **Leo** 48' and in the **11th** house.

The **Lot of Sons** is in 24° **Scorpio** 25' and in the **2nd** house.

The **Lot of Marriage for Woman** is in 26° **Libra** 23' and in the **1st** house.

The **Lot of Marriage for Men** is in 8° **Libra** 19' and in the **1st** house.

The **Lot of Deceit in Marriage by Woman** is in 13° **Gemini** 19' and in the **9th** house.

The **Lot of Deceit in Marriage by Men** is in 24° **Aries** 49' and in the **7th** house.

The **Lot of Marriage (in general)** is in 22° **Sagittarius** 54' and in the **3rd** house.

### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 13° **Cancer** 46' and in the **10th** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 7° **Aquarius** 32' and in the **5th** house.

The **Lot of Treachery** is in 29° **Virgo** 49' and in the **12th** house.  
Betrayal of trust

The **Lot of Accusation or Exile** is in 16° **Aries** 19' and in the **7th** house.  
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 8° **Aquarius** 48' and in the **5th** house.  
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Gemini***

([canvasofthecosmos.tumblr.com](https://canvasofthecosmos.tumblr.com/);) Pholus in 3rd House/Gemini: An extensive word bank has trouble reaching your mouth and fingertips, leading to keen improvisational skills. You find yourself with a plethora of data and seemingly useless trivia. You may have 'foot-in-mouth disease,' in which you try to say so much at once that it comes out jumbled up, or you may say one thing innocently and accidentally offend others, as your words carry a lot of power. Each day, something surprising happens to you and you've started to get the feeling that the world is out to get you. This is because this placement means torrential every day travel, wild siblings and an interesting neighborhood. You can at least say that you're never bored. You may have made a lot of mischief in grade school, or read an asinine amount of literature. Keep in mind that, no matter what trouble your mouth gets you into, tomorrow is another day with fresh possibilities.

### ***Pholus in 9th house***

([12andus.com](https://12andus.com/);) You may feel like you are on a path to search for greater awakening through wisdom and expansive thinking.

You can be opinionated and strong willed. You may also be independent and love to travel, relocating frequently or living abroad as you seek out truth and purpose.

Your sense of ideals and meaning are the key to transcendence. They can also lead you to unleashing a dramatic change that is initially chaotic. You may become lost in a frenzy when this happens.

The momentum that is created by this uncorking can spread on a large scale. You may find yourself in a messy situation that will only be transcended if you can let go of toxic beliefs and surrender to the process.

Your inability to control the situation may require instead that you overcome by taking on a different perspective. Your shift in beliefs can lead to a change in confidence. Your creativity and sensitive side can help see you through these chaotic transformations.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Virgo***

(12andus.com:) You are passionate about details.

You may be fixated on some specific details of your partner's personality or body. You may have specific routines related to your sexual expression and you seldom deviate from these routines.

You can be very health conscious and even germophobic and this can also keep you from fully expressing your sexuality in a dramatic way. You're careful about the sexual partners you choose.

You may insist on any partner getting cleared medically for STI's. You may also try to keep your sexuality pure and a bit vanilla.

You don't want to bring any physical risk to you or your partner. You may also insist on good hygiene and cleanliness before, during, and after sexual encounters.

Ironically, sexual encounters can help you feel renewed and purified and you may be drawn to sexual experiences for this sense of release.

#### ***Eros in 12th house***

(12andus.com:) You are compassionate and empathic in your approach to sexuality. You have a spiritual and empathic approach to erotic expression.

You may have a deep desire to explore mind altering substances or transcendental meditative states as a means of achieving sexual fulfillment as well. You may feel like sex is a way to lose yourself in connection with others.

For you, sexuality can be both an obsession or addiction but also a way to find healing and transcendence.

Your desire to explore fantasy, role playing or the use of costumes or disguises during sexual encounters is strong and can distract from the emotional connection. You may also become obsessed with partners and fall prey to seeing illusions rather than seeing who your partner really is.

You can have desires for people who are toxic to you. You may also sabotage yourself through unhealthy sexual connections with others, getting into a martyr role or losing your foundation in sexual relationships.

When you are mindful of healing, you can also find greater transcendence and spiritual connection through sexuality as well.

## Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

### Hygiea in Sagittarius

(astrology.com:) Sagittarius or in the ninth house: These individuals acclimate easily to new places, as homesickness and culture shock affects them less. Their barometer for inner stability relies on continuous exposure to new ideas and philosophies, and they are more apt to adopt the wellness practices of foreign cultures. Because mobility is their friend, they become stressed when confined by convention or when forced to put down roots in environments that are ill-suited to their growth.

### Hygiea in 3rd house

(astrology.com:) Gemini or in the third house: These individuals put a premium on the mind, staying sharp through puzzles, brain-teasers, and keeping up on current events. Self-care territory often feels too emotional, and they can spread themselves thin trying to tackle all their doctors' appointments at once so that they "don't have to think about them" anymore. They must remember to give the same love to their body as they do to their intellect.

### **Pandora | Foolish choices & Toxic curiosity**

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

### **Pandora in Capricorn**

(astronomicallyaligned.tumblr.com:) You work so hard all the time. You want to look inside the box in search for peace and quiet. Maybe love and a home too. You hope that if you open the box, you will finally have peace. You will finally have all you heart desires. If the box is opened, melancholy, depression, want, and hopelessness will drive all life into dust. Death of life and all hope will spread, nihilism, and the new ice age will occur. However, if you chose to lock the box and keep it in your heart, that power and strength will enter every living creature, and bless it with strength, willpower, logic, and backbone.

## Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

## **Nessus in Aries (Rx)**

(smartyoungsters.com:) This is the scary Nessus. If he is not controlled by good aspects

from Chiron or Saturn then this Nessus is an uncontrolled, indolent child who wants to fight to get things his way. He is the bully who won't let you have it your way. He is the control freak in a relationship. Somebody who also suffers from absolute obsession over "my way or highway policy". In a good sense, he is the leader of the pack, moving in the direction with absolute passion. Using all possible methods to reach his goal. He can be the match winner in sports needing lot of Physical energy. In love, he is the alpha male even when in a woman's chart!

If someone's Nessus falls in your first house, he will appear to you as a control freak, actually he will be the control freak for you. This is especially true if there are conjunctions.

### ***Nessus in 7th house***

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someone's Nessus falls in your 7th house then that person will show the above qualities.

### **Asbolus**

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph

Stalin et al.).

- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

### **Asclepius | Health, Healing of others**

(alexasteroidastrology.com:) Healing mental or physical ills, attraction towards alternate healing methods.

(astroalive.com:) Asclepius can also represent where we are driven to “survive” so also where we may be “unhealthy” in some sense. It may point to both problems with our personal health, but also in what areas of life we are determined to continue on despite all odds.

## Gonggong

Chaos and attunement through (social) alchemical knowledge. Well directed mental efforts, trial and error, aiming at improvement/transmutation through social Alchemical knowledge in a sorta big brain mass psychology way, resulting in chaos, "tilting of earth", mental.

(Malvin Artley) In one of the myths Gonggong was said to be stupid, but what emerges from apparently ignorant actions is actually the road to truth and insight in the end and shows the promise of mental efforts well-directed and pointedly focused.

## **Ixion**

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnism.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head.

Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection.

### **Orcus | The Feminine Complementary of Pluto**

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:.) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person

would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

## Proserpina

(houseofinferno.com:.) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:.) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(\*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

Living a life where your talents are regularly seen and heard is a pathway offered here. Singing, preaching, writing and general leader are all promising with Thuban in your astrology chart.

Thuban fixed star does also indicate a hard time with family. Situations where a lack of understanding and compromise spoil the mood for reconciliation. Although with patience the Thuban star energy will take over and all love connections grow due to the complications.

On the shadow side of Thuban if the star's energy is used negatively it backfires on us. If our intentions with our fellow man are not honest and forthcoming an anger sets in. Creating mistakes and broken promises. Be sure to handle all things in this time calmly with gratitude. Remind yourself the universe is testing you and act accordingly.

Caught in a pattern of forces over which we have no control and restless for change, this energy is best focussed on analyzing the current situation. Travel opportunities and finances are favoured, especially if others are included. Just don't be a slave to the addiction of emotional highs and lows... since this will isolate and divide.
