The Free Spirit

The key word for your Life Path is freedom.

In the pursuit of freedom, you are naturally versatile, adventurous, and advanced in your thinking.

You are a good communicator, and you know how to motivate people around you.

This may be your strongest and most valuable trait. Because of this skill, and your amazing wit, you are a truly natural born salesman.

You are not very good at staying with everyday tasks that must be finished on time. On the average, the number 5 personality is rather happy-go-lucky; living for today, and not worrying too much about tomorrow.

It is also important for you to find a job that provides thought-provoking tasks rather than routine and redundant responsibilities.

In romance, you hate to be tied down and restricted. This doesn't necessarily mean that you are unfaithful or promiscuous, but it does mean that a good partner for you needs to understand your nature.

If you are living on the negative side of the Life Path 5, you are apt to be multitalented, but suffering from some lack of direction, and there is confusion surrounding your ambition. Restless, discontent, and impulsive, you may bounce from one job to the next without accomplishing much at all.

Expression (Destiny) Number: 1

([659] numerologycalculator.online:) The number 1 Destiny suggests that the direction of growth in your lifetime will be toward gaining greater independence and establishing yourself as a leader.

A name producing a 1 Destiny may help you gain the talents to become a skilled executive with keen administrative capabilities, or perhaps a sales executive, or promoter.

You have within you what it takes to become an original person with a creative approach to problem solving, and a penchant for initiating action.

Unless your Life Path shows that you won't need the help, someone may have to follow behind you to handle the details, but you know how to get things going and make things happen. As you develop, you will have little need for much supervision, preferring to act on your own with little restraint.

Progressing through life, you will become one who seeks to expand and broaden opportunities to find new careers and new inventions.

You must develop skills in innovation and ingenuity. You have a good mind and the ability to use it for your advancement. Because of these factors, you have much potential for achievement and financial rewards. Frequently, this Destiny belongs to one running a business or striving to achieve a level of accomplishment on ones talents and efforts.

As you mature, you must become increasingly ambitious and determined. Self-confident and self-reliant must be yours, as you develop a strong unyielding will and the courage of your convictions.

The 1 Destiny presents a tendency for you to fear the routine and being in a rut. You often jump the gun because you are afraid of being left behind. The negative attributes of the 1 Destiny include one becoming egotistic and developing a self-centered approach to life. This is an aggressive number and if it is overemphasized it is very hard to live with. You do not have to be overly aggressive to fulfill your destiny. You do not have to dominate and destroy in order to lead and manage.

Life Path - Expression Bridge Number: 4

([660] numerology.center:) Number 4 means that you are a person whose success depends of ability to concentrate on definite thing and to keep abreast of the times. Don't reject novelties and innovations, other vice you risk to lose big opportunities which life

offers you. Practicality plays not the last role in your success achievement. So, you have to be more realistic and look wider to the events. It is necessary to join the fast move of the world and act dynamically. Your numerology prompts you not to delay your business, but to try to do everything till the end. If you put off something, the most possible you will not return to it and finish.

Heart's Desire (Soul Urge) Number: 5

([659] numerologycalculator.online:) These are your non-conventional adventure seekers who don't like to be confined by limitations or limited by societal norms. People with this soul urge long to travel and thrive on change and a variety of experience.

Freedom is an essential element for your happiness to be complete. You love traveling, seeing new places, meeting new people, trying new things.

Whenever a new idea comes to you, it gets you excited and your enthusiasm is infectious. This is a valuable leadership ability and one that you must work to continually cultivate and develop.

Be careful in your pursuit of change and be mindful of where your desire for freedom leads you. This part of your nature can make you extremely impetuous. This is especially true when it comes to finishing things you start. The goal can become an obsession that keeps you from seeing how to best to achieve it and that will tend to frustrate you.

Frustration can only hold you back and that sense of disappointment can make you become very reserved emotionally.

Don't be afraid to release the passion that wells up within you. Fives are very passionate, they just have trouble finding appropriate outlets for their passion. When you find them, you will be unstoppable.

Personality Number: 5

([659] numerologycalculator.online:) Five personalities are community leaders who take an active interest socially and love to be involved with others. They are adventurous, highly passionate people who love to travel and immerse themselves in different cultures.

People with Personality Number 5 are witty and bright. They are risk-takers and like variety of experience and change. Contingency is what invigorates them most. The prime directive of such people is to expand and explore their personal freedom, as they are liberal. Their youthful personality is almost irresistible for others. The life of such

people consists in continuous expanding of their sensuality's realm and exploring the surrounding world.

With time, everything will come to be in its place.

Quiescent Self Number: 5

([661] affinitynumerology.com:) Quiescent Self — This chart position provides insight into what you consider to be an ideal existence. A quiescent period is being immersed in oneself with personal perceptions of ideal existence (without outside influences) and experiencing the feelings and rewards and activities as if they exist in actuality. (The "quiescent self" number sometimes is referred to as the "inner dreams" number.)

During quiet contemplations of an ideal life, people with quiescent-self number 5 are apt to be imaginatively immersed in various adventures and constant new experiences. Repetition is unlikely.

The energy represented by the number 5 resonates with expression of personal freedom. There's curiosity and wit and sensuality and changing direction on a whim.

Some of the visualizations of a person with this quiescent-self number are likely to include traveling to countries of the world and assimilating the cultures they have to offer. Conveying personal experiences to others with writing, speeches, or other communication methods is also likely. As is being able to communicate with anyone, whether by a common spoken language or by other means.

Maturity Number: 6 = 5 + 1 = LPN + E(D)N

([662] feliciabender.com:) You're moving toward reevaluating what it means to work with loving service and within your family. You're being called upon to work with your call toward duty and service to others, delight in home and family, and compassion and affection.

Where you'll be challenged: With this Maturity Number, there's often a shift in life bringing issues related to modulating responsibility to center stage. Situations will arise highlighting self-righteousness or meddling behaviors, the strength of your intimate relationships and friendships, and in providing compassionate service to others.

What that might look like:

- Often this Maturity Numbers points to financial freedom through marriage or inheritance allowing for a comfortable and sometimes luxurious latter part of life.
- Involvement in home and family – with grandchildren, friends, and family of choice.
- Involvement in artistic creativity, counseling, or heart-centered service.

Karmic Debt Number: 13/4

([663] mattbeech.com:) If you have a connection with path 13, it means that the biggest problem from your previous life was your lazy attitude. Laziness is the most dominant lesson associated with this path; this sign is telling you that you spent a majority of your previous life or lives in a wasteful state.

Those of you who have 13 as their karmic debt number need to focus all their talent and energy towards a **productive cause because there** is a lot of latent build-up from previous lives that need to be exercised.

If you're seeing this number, then you probably have a propensity to take one too many shortcuts in life, and you need to stop doing this immediately. There is no substitute for hard work, and this is the vital lesson that you need to take away from your associated number.

(astrobasic.com:) This Karmic Debt Number will create an obstacle in your life and force you to do hard work. You may feel burdened and frustrated due to this Karmic Debt number.

The recommended solution is to always focus on the task which you started. Because Karmic Debt number 13 will scatter your energy and don't allow you to focus.

Karmic Lesson Number: 2

([664] worldnumerology.com:) Your 2 Karmic Lesson advises you to be diplomatic and tactful, to stay in the background at times, to accomplish something without the need for praise and reward. Learn to be part of a team.

Strive to be more sensitive to the needs and feelings of others. You will regularly find yourself in situations where the only road to success is through patience and attention, requiring you to work cooperatively with others. Working through this life lesson will bring you closer to others, which is its own reward.

The effect of this Karmic Lesson is diminished if you have at least one 2 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 3

([664] worldnumerology.com:) This Karmic Lesson indicates you are highly self-critical. When you find yourself at the center of attention, you often judge your performance to be entirely inadequate or embarrassing. You tend to measure yourself against an impossible standard of perfection. Try to refrain from constant self-evaluation.

It is important for you to recognize no one is flawless. Feeling the need to act impeccably can prevent you from doing what you enjoy in life. Practice being more optimistic and cheerful - enjoy this "messy" life and share your joy with others.

Life will place you in situations that require imagination and communication. You will be tested in these areas and forced to face your feelings of inadequacy. Missing 3's often produces artists - but their success will require consistent effort and perseverance.

The effect of this Karmic Lesson is diminished if you have at least one 3 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression or Personality Number).

Karmic Lesson Number: 7

([664] worldnumerology.com:) The 7 Karmic Lesson speaks to the need to deepen your knowledge and talent in a specific discipline. A superficial understanding of important matters will prevent you from experiencing the satisfaction of your full potential.

With the 7 missing, you may lack the determination and effort it takes to perfect a talent you possess. Study, practice, and learn to self-critique (without condemnation).

Avoid accepting things at face value. The lesson the 7 brings will help you look keenly at your life, interests, and potential. Do the work it takes to develop proficiency and fully develop your abilities.

The effects of this Karmic Lesson are diminished if you have at least one 7 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression and Personality Number).

Karmic Lesson Number: 8

([664] worldnumerology.com:) Your 8 Karmic lesson tells us you have the ability to attract a considerable amount of money and do well in business. But the missing 8 is likely to cause major ups and downs in your financial affairs, unless you are cautious about how you handle your resources.

You have the ability to attract money, but it has a tendency to slip through your fingers. This stems from a know-it-all attitude and stubborn behavior that prevents you from knowing your limits. Your desire to succeed can cause you to accept too much risk (and leave too little time to nurture important relationships). Balance is key to overcoming the deficit a missing 8 can bring.

This Karmic Lesson forces you to learn your limitations, and the limitations of your resources.

The effects of this Karmic Lesson are diminished if you have at least one 8 among your other core numbers (Life Path, Birthday, Hearts Desire, Expression, or Personality Number).

First Pinnacle Cycle: 9

(Month + Day) - from age 0 to 31 (based on LPN) - ([665] feliciabender.com:)

General: If you have a 9 Pinnacle, you're expected to show the world what a true humanitarian looks and acts like on a day-to-day basis. You're developing the attributes of compassion, love, ethics, and tolerance—combined with a big dose of inspiring and uplifting others through your wisdom and love. If this sounds like a big order to fill, it is. You're learning the fine art of both giving and receiving. The 9 Pinnacle is marked by emotional crises because you're being asked to end and let go of all matters in your life that no longer serve you and your higher purpose. No matter how scared you are—and it will bring up a reservoir of fear—this is a time for gaining wise maturity and healing your emotional issues.

Because of the intensity of this vibration and the over-arching perseverance and wisdom it requires, this isn't considered an easy Pinnacle. It's a segment of life that demands the ultimate releasing of all that has held you back, of all of the painful stories you have continued to tell yourself about your past—particularly those that relate to your family relationships. The ultimate healing can take place during this Pinnacle if you invite it in.

Remember: While this may be a Pinnacle that appears to be thankless and filled with obstacles, it all depends on perspective. There's plenty of potential for anything you want during this time when you're fully committed to playing your role in letting go. When you surrender, all good things come to you. This is a time where you can literally create your own reality. Money, good fortune, loving relationships, vibrant health, purposeful living: These are all possible during a 9 Pinnacle.

Pinnacle 1 Number 9: First Pinnacle: With a 9 Pinnacle at the beginning of your life, the influence of its vibration may be barely noticeable. Selflessness is an attribute that's developed over time and young children must first learn their identity for themselves before doing selfless service in a healthy and productive manner. Yet when you experience a 9 First Pinnacle, you may be a child who is the friend to the "underdog," who's a protector of the kids who get bullied, those who are handicapped, or those who are ostracized in some way by other kids. You may be a bit of an outsider yourself as you attend to those on the fringes.

Warning: Warning: If your 9 Pinnacle is in your early years, this will be a rough period, full of losses and heavy challenges that bring early maturity. In the middle years, the 9 Pinnacle is a time for integrating yourself with the higher principles of wisdom, selfless service, and giving back to the world. If you have saved your 9 Pinnacle to the end, you are required to rise above the fray and become a humanitarian in whatever capacity you choose.

Second Pinnacle Cycle: 9

(Year + Day) - from age 32 to 40 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 2 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Third Pinnacle Cycle: 9

(1st Pinnacle + 2nd Pinnacle) - from age 41 to 49 (based on LPN) - ([665] feliciabender.com:)

Segments General and Warning were already given for this pinnacle number.

Pinnacle 3 Number 9: Second or Third Pinnacle: A Second or Third Pinnacle directed by the 9 vibration might set the stage for expression of emotional and dramatic humanitarian views, such as working whole-heartedly and intensely for a cause like global warming, animal rights, or any other cause where you immerse yourself in an

organization devoted to over-arching change. You may express such views through political action or social service, or in a variety of other venues. The thrust of your desires and actions rests in humanitarian action, whether it's through charitable contributions, volunteerism, or direct employment within these realms of service. You might work for the Peace Corps or be an actor who is an activist for humanitarian causes. Either way, your purpose is to effect positive change in the world, and promote tolerance and compassion.

Fourth Pinnacle Cycle: 1

(Month + Year) - from age 50 (based on LPN) - ([665] feliciabender.com:)

General: During this Pinnacle, you are focused on developing independence, self-reliance, and individuality. The primary energy during this phase of your life is to achieve mastery in these areas. This is a time spent developing your ability to express your individuality by cultivating original ideas, by leading and directing others, by attaining success and achievement in the material world, and by gaining recognition for those achievements.

Pinnacle 4 Number 1: Fourth Pinnacle: A Fourth Pinnacle with a Number 1 is marked by what might be called imposing energy; meaning, any thought of slowing down or retiring is most likely not in the cards. Both challenges and changes will accompany this last stage of life and your accomplishments can be profound if you've mastered the art of leadership, direction, and expression of your own original ideas. You'll be challenged with keying into you unique and creative ideas and acting on your individuality and independence.

Warning: Warning: When you're being groomed by the Universe for a leadership position, you'll be required to be an intern first. This means that it's unlikely for you to magically be handed golden opportunities for success—and if you are, take them and run with them. Usually you'll have to construct your own opportunities through desire, focus, self-determination, and the ability to take a punch, get up, shake it off, and keep going.

First Period Cycle: 5

(Month) from age 0 to 31 (based on LPN)

([666] worldnumerology.com:) The years until about age 30 represent a period of rapid progress and much change. You are learning the lesson of freedom. You will travel, move your residence many times, and change jobs. You are footloose. It is a time when you will be free of the burdens of responsibility. You will have a flair for successfully promoting yourself.

Your abilities with words will be greatly enhanced.

You can learn foreign languages, write, and edit. You will meet many exciting people,

visit foreign lands, and encounter many new ideas. Identify yourself with all that is progressive and farsighted in your field. Seek change and take hold of new opportunities.

Second Period Cycle: 4

(Day) from age 32 to 58 (based on LPN)

([666] worldnumerology.com:) The middle part of your life is a period of hard work and the rewards it can bring.

You are chiefly concerned with the practical aspects of life: career, family, and community. You are not given to pursuing idealistic or impractical goals during this time, as you prefer to place your life on sound financial footing.

Find work you love, so your effort brings reward not only through promotion, success, and money, but also in joy and a sense of accomplishment.

This is a time dominated by discipline, order, and self-motivation, traits that will endear you to your family, co-workers, and community.

Third Period Cycle: 5

(Year) from age 59 (based on LPN)

([666] worldnumerology.com:) The latter period of your life finds you continuing to move through changing circumstances. There is an inherent restlessness associated with a 5 Period Cycle, one of the few cycles that encourages a more impulsive response to situations you encounter.

You are drawn to travel, new people, and different cultures. This is a dynamic, somewhat chaotic cycle, where not much happens according to plan.

You do best when you are social, physically active, and involved giving your heart and mind the experiences they crave.

During this period, you have a flair for successfully promoting yourself. You are drawn to all that is progressive and farsighted. This is a time to be quick and flexible, and to grasp opportunities as they come.

First Challenge Number: 1

(Day - Month or vice versa)

from birth until approximately the age of 30 to 35

([665] feliciabender.com:) If the number 1 as a Challenge Number, you're being called upon to stand up for yourself, be true to yourself, and be self-reliant. You're truly being called upon to step up to the plate and become a leader. This won't necessarily be a gift that simply falls into your lap; you will need to cultivate leadership qualities, trust in your

vision, and hone your people skills so you can be most effective in getting the job done.

During this time, you're likely to feel dominated by others in one way or another—either professionally or in your relationships. This feeling of being dominated might lead you to be competitive and you might experience an overwhelming sense of needing to achieve above all else. Your challenge lies in your ability to recognize when you're being pulled into this negative vortex and instead focus your energies on controlling the ego and keep self-righteousness in check.

You're learning about self-reliance and how to solve your own problems—and perhaps the problems of others—independently. You need to cultivate your wit and intelligence and cast tendencies toward argumentation and resentment aside. Also cultivate your confidence. This is a period where you'll come under fire by critics and detractors. Don't allow the naysayers to stand in your way or deflate your vision.

Potential Destructive Aspects of the 1 Challenge:

- Major or minor bouts with feelings of insecurity
- Becoming an aggressive “know-it-all”
- Getting caught up in “being right” at all costs
- Allowing addictions to overtake you
- Becoming extremely emotionally needy
- Feelings of ill health due to frustration

Second Challenge Number: 1

(Day - Year or vice versa)

from the age of about 35 to 55/60

This Challenge Number has already been explained previously. (above)

Third (Main) Challenge Number: 0

(1st - 2nd Challenge Numbers or vice versa)

The Third Challenge carries much weight and will be felt throughout your life. For that reason, it is also called the Main Challenge. As you master this challenge, your life will come more and more under your own control. You will incorporate the positive aspects of the challenge into your character. This is its purpose in the first place. Therefore, there is implicit in the challenge a chance for great reward. In short, this may be the secret to your success.

([665] feliciabender.com:) The 0 Challenge is called the Cipher Number. This number represents all or nothing, empty or full. You decide. With this number, you are given “a free pass,” so to speak. You're being offered an enhanced dose of free will.

If you have a 0 Challenge, you can choose to amble idly along without a determined course or you can grab this profound opportunity to rise above your demons and achieve greatness. That is how powerful this energy can be for your Pinnacle. When you see a 0

in Numerology, it serves as an amplifier. To meet the challenge of the 0 vibration, you must have some sense of mastery over the constructive aspects of all the other numbers: independence, leadership, creativity, emotional self-expression, diplomacy, application, hard work, understanding, responsibility, wisdom, personal power, and humanitarian vision

It's suggested that a person who has a 0 Challenge number on their journey is a well traveled soul, so the 0 offers opportunities for you to use your compilation of soul knowledge during your lifetime.

There's great opportunity for expansion and growth under this Challenge. The obstacles you face during a 0 challenge may not be many or they may be coming at you from all directions. You can think of it this way: This is the Challenge of Choice. Therefore, choice feels more confusing and difficult during this period. The 0 is challenging you to have the utmost faith in your own abilities to the extent that you can form a healthy sense of detachment with which you can analyze a situation, make a choice, and then act on that choice with ease and comfort, unconcerned and neutral in feeling regarding the outcome.

Warning: If you have a 0 Challenge in your life, it should not be taken lightly or cavalierly, because, with this number, a decision must be made. We rarely make empowering choices by default. There is a lot of responsibility when any Pinnacle contains a 0 Challenge. Use its energy wisely and fiercely

Fourth Challenge Number: 0

(Month - Year or vice versa)

from the age of approximately 55/60.

This Challenge Number has already been explained previously. (above)

Personal Year Number (for 2022): 6 (13 + 05) + (2+0+2+2)

([667] affinitynumerology.com:) When the personal year number changes, the influence of the energy represented by the number also changes. Internal urges shift. Different things feel important. Opportunities seem different. Life is somehow changed. The energy attracts certain type of events and circumstances during the calendar year. It affects the energy represented by the life path number, changing the experiences during the year — generally in a subtle way but sometimes in a way that can seem rather dramatic.

The energy represented by the numerology personal year number 6 brings additional attention to domestic affairs and family-related responsibilities. It is a year of home, harmony, beliefs, and responsibility.

It also tends to be a duty year, so to speak — being needed in many directions and people making more demands. It is also a year when maintaining harmony in the home

tends to matter more. And being neighborly.

There are likely to be enhanced feelings of goodwill.

There tends to be more responsibility, love, self-sacrifice, protection of family members, sympathy, and compassion. And beauty.

Personal Year Number (for 2023): 7 (13) + (05) + (2+0+2+3)

([667] affinitynumerology.com:) The transition from one personal year's resonance to the next isn't a sudden change. It may be suddenly noticed, but the change happens gradually. Generally, the change begins a couple months before January, somewhere from mid-October to mid-November. The vibration of the upcoming personal year energy begins to commingle with the current personal year energy. The new energy becomes stronger the closer it gets to January 1st of the new year. By January 1st, the new energy is dominant. It may be a week or two into January before the previous year's energy is dissipated, leaving only the new year's energy.

The energy represented by the numerology personal year number 7 brings contemplation and introspection.

It's a year with a higher likelihood of personal reflection and attention on becoming ever more perfect — a year of introspection, of understanding more about spiritual nature. There's a tendency to analyze everything, to figure out more of one's life purpose.

There's also a tendency to spend more time alone, by choice, getting acquainted with new inner vistas and enhanced intuition, including a better understanding of personal emotions and spiritual essence.

There's a higher appreciation of quality in products and services, and in honest expression during communication with others.

(feliciabender.com:) The energy of last year was a perfect segue into the internal, contemplative energies of your 7 Personal Year. While you may still see yourself functioning fairly “normally,” this is a year where you will be heavily involved in deep inner work. It's a spiritual year; meaning, you'll have many opportunities to test your sense of spirituality, however you define it. This is a year where your faith and trust could be tested.

Cornerstone, Capstone, First Vowel and Keystone (Forename)

The letters of your surname or nickname have a meaning as well, if you filled in a nickname/callname, that one will be used instead of the first word of your full official name. There can also be a keystone, that's when your name has a middle letter. These texts in between explaining the different parts comes from

'worldnumerology.com', sometimes a different source, then it will be noted. Anytime 'spiritwalk.org' is used, it is always the general meaning of the letter, not meant specific to the place the letter is positioned at in the name.

Cornerstone: It provides general insight about your essential personality, and it has a lot to say about your approach to **challenges and opportunities**. The Cornerstone in your numerology chart is all about how you approach difficulties as well as upswings.

Cornerstone (first letter): J

[670] [671] [672] [673] ([670] affinitynumerology.com:) The person is inclined to approach life with self-determination, demonstrating independence, preferring self-reliance rather than depending on others.

([671] spiritwalk.org:) This letter symbolizes fairness and harmony in everything you do. You are a person to be best friends with, as you are loyal and helpful. You feel comfortable in quiet place. You are very talented, so it is very important to develop at least one of your talents in order for you to be happy.

([672] numerologist.com:) Cornerstone: You have great ideas but have a hard time getting them started. You procrastinate for ages while considering every angle of how the project could fail.

([673] numerologyzen.com:) Letter J. A cerebral and wavering letter. Synonymous with individuality, dynamism, initiatives, J has, rather by experience than by natural inspiration, solid aptitudes to manage and show authority. Less comfortable with the purely physical world (the base of the graphic wavers and lacks stability), J will tempt to go around material contingencies rather than adapting them. That's why J is mainly intellectual, idealistic and prefers to live high up, in order to guard a favorable position or discover new horizons. J could be satisfied by conceptualizing rather than achieving in reality. By [his,her] form, J hesitates, sways softly and can take time to decide and act. J is serious and won't belt along, head down, without reflecting. In a way it is the "I" who sizes up and judges. When [his,her] decision is definite, J will use all the assurance and determination necessary to achieve [his,her] objectives. J is ambitious but has scruples, because [his,her] sense of morals is always there. A loyal and idealistic letter, J is on a constant mental search. [His,Her] vision is often original, innovating and [his,her] vivacity allows [him,her] to glimpse the future which unfolds from each decision. Independence like movement is fundamental for [him,her] in order to fully succeed. J needs to spend physically. Don't try to close [him,her] in or impose limits, it is the best way to make [him,her] run away or become unproductive. Subordinate situations are like a handicap for J, [he,she] would be more comfortable in a post of responsibility. J needs new spaces and enjoys creating, travelling, and cultivating [him,her]self. [He,She] can sometimes have relational difficulties, live quite definite highs and lows, but [he,she] will always know how to pull [him,her]self together to progress and succeed materially (highly probable). J often finds [his,her] path in the creative world, culture and sometimes esoterism. The excesses that J must avoid concern above all [his,her] uncertainties, fears, hesitations which [he,she] must overcome, as well as all excesses of the ego, authoritarianism and pretension.

First Vowel: This letter gets to your core. Think of the **deepest goals, urges and dreams** that drive you in all you do - this is the letter that offers a glimpse into the "window" of your soul! But this is a secretive letter, because few people wear what it really is they want on their sleeve. This first vowel in your name indicates something that only your closest friends and trusted family members might know about you ... You might know someone who for whatever reason changed the first vowel in their name. Although this is rare, it indicates a person who is uncomfortable with who they really are, at their core.

First Vowel: A

[674] [671] [675] ([674] affinitynumerology.com:) All about independence. Courage tends to be valued. The person tends to express willpower and purpose. ([671] spiritwalk.org:) You are an independent person who loves freedom and appreciates the individuality of others. You are a self-sufficient person and do not need the opinion of any authorities to make a decision. You have leading skills and always need to have a goal in life to succeed. Person like you may need more flexibility through life. ([675] numerologist.com:) The A reflects the energy of the number 1. When you have the A as your first vowel your tendency is to respond to the world in a rather impulsive yet creative way. You see yourself as hardworking, action oriented, and in need of acknowledgement and positive feedback. You want the world to know you're here! You have a drive to be independent, original, and number one at all you do. You're a seeker of truth and wisdom and yet there is a negative tape that has a tendency to grind you down – particularly when you have a misstep, feel you've made a mistake or that you've failed. While you want feedback, you're more than sensitive to criticism. You want accolades and can have a fear of critical feedback, even if (or especially if) it's true.

Keystone: ([676] ezinearticles.com:) It is the middle letter of your use name; the common name you go by. Note that many names don't have a Keystone letter; only names with an odd number of letters will have this feature. The Keystone letter doesn't have the power over you that a Cornerstone or first vowel letter does; but the influence is still there. This letter, if you have one predicts what may be a **compulsion** or an **obsession** for you; a place **where your life lacks balance**.

([677] taniagabrielle.com:) The center letter is the pivot point helping to carry out the initial action of the first letter.

Keystone (middle letter): M

([676] ezinearticles.com:) This letter indicates that moodiness and a craving for excitement could become obsessive behaviors for you.

Capstone: This is the last letter of your name, and, fittingly, it demonstrates your **ability to see projects and ideas through to the end**. This translates into your "finishing" number.

Capstone (last letter): S

[678] [671] [672] ([678] affinitynumerology.com:) The person with capstone energy represented by the letter "S" tends to effect clever completions — in an unusual or unexpected manner if possible.

([671] spiritwalk.org:) You attract people with your sense of style and wit. You are a loyal and emotional person, though often you tend to exaggerate things and think too much. Try to be reasonable and don't let your emotions determine your life, give a leading role to your intelligence.

([672] numerologist.com:) Capstone: Your emotional ups and downs tend to sabotage your efforts every time. You are only successful if you reign in your feelings and take your time before reacting or making decisions.

(note:) When you look at your Cornerstone and Capstone - the letters that "bookend" your name - you can determine how easy it is for you to start and stop important processes and projects. It answers questions such as: are you a shaker and a mover? Are you a little bit flaky?

Extra: **Balance Number:** (numerologist.com:) It is the arithmantic sum of the Cornerstones. It shows a basic pattern in your life that you will tend to fall back on. It also shows how you stand your ground amidst chaos, confusion, distraction or other forces that could drag you off course.

(Note by me:) Will be shown with the comparison to the first cornerstone.

Physical (Body) Plane

Physical Plane symbolizes body and physical form of a person. This Plane is governed by instinct, and relates to everything that is tangible, visible, and real. Practically no importance is attached to the imaginary and fanciful. Preference is given to what is already known, based on facts, and doesn't go beyond the bounds of reason. It is the pivot of life, as form and style of existence are maintained here. According to Numerology traditions, this Plane indicates one's natural capabilities. This alone reveals how the term "destiny" understood in Numerology: it is neither "doom", nor "fate", but a set of inherent features. It is active potential, and the process of making use of it is called life.

6 on the Physical Plane

Your practicality in physical aspect is not alien to some artistry. For you, improving your body is a special kind of art. Your idea of a perfect marriage, parenting practices, and your confidence in the necessity to help those who need it are formed accordingly.

Professionally, it is the basis for success in teaching or medical career.

Mental (Mind) Plane

Mental Plane represents the person's mind and reason. It is the level of intellectual interconnections, analysis, collecting and comparing facts. Even the most evident is not accepted here if it cannot be analyzed and proved. It is the Plane of will power, determination, confidence, and cold calculation that doesn't let imagination twist the facts. Fine mind, clear thinking, and management skills guarantee that you'll take a leading role and a high position.

5 on the Mental Plane

Your mindset allows you to absorb huge amount of information, as you distinguish what is important from minor details. This, however, does not mean that you are capable of looking for an omitted comma in an accounting report with enthusiasm. You'll never adapt to what is initially unacceptable to you, and any attempts to make you do this are doomed to failure. But this is what often prevents you from completing tasks you started.

Emotional (Heart) Plane

Emotional Plane is all about feelings and emotions. It is the level of kindness and sympathy. Here facts recede into the background and give way to imagination, inspiration, inner perception, and creativity devoid of any practical ground. It is not reason that governs actions and reactions to life or other people, but feelings of love and tenderness. People of the Emotional Plane don't have a particularly logical approach to making plans.

8 on the Emotional Plane

Healthy ambition, willingness to compete and overcome obstacles on your way to success, pursuit of the leader's position – these are the qualities that turn you into a “power unit”, regardless of whether it comes to personal or business relationship. Any activity that requires creativity, courage and swing is what you can manage.

Intuitive (Spirit) Plane

Intuitive Plane represents the spiritual level of internal knowledge. It is guided by insight and abstract impressions that go beyond the boundaries of both fact and imagination. Intuition helps man to express heavenly wisdom on the Physical, Mental, Emotional Planes of mind and action. Intuitive Plane is the plane of reverence for the Divine, piety, compassion, tolerance, ingenuity, and that inner guidance that enlivens all other existence levels. This is also known as God's grace.

Pythagorean Square | Psychomatrix

([681] in-contri.com:) The so-called "psychomatrix", invented by the ancient Greek scientist Pythagoras, is one of the most popular calculations in numerology. It helps to define strength of character, energy, health, intelligence and other innate qualities. «To understand the world means to know the numbers controlling it,» Pythagoras asserted.

			Self-Esteem: 10 line «1-2-3»
1111	–	–	Moneymaking: 2 line «4-5-6»
character, will	health, beauty	luck	Talent: 1 line «7-8-9»
			Tenacity: 4 line «1-4-7»
22	55	–	Domestic bliss: 4 line «2-5-8»
vital energy	logic, intuition	sense of duty	Stability: 5 line «3-6-9»
			Spirituality: 7 diagonal «1-5-9»
			Temperament: 6 diagonal «3-5-7»
3333	–	9	
cognitive, creative	labor, skill	intellect, memory	

([682] tragos.net:) Pythagorean Square - is a separate area of numerology. In fact, this area of numerology goes back to the times of Egyptian priests. They were the ones who first began characterizing people's characters by using numbers. Pythagoras took this knowledge of numbers as a foundation and applied a mathematical approach to it, which is based on the harmony of the square.

Pythagoras and his followers expanded the capabilities of the original Egyptian system by supplementing the meanings of individual numbers with the meanings of the target lines of the Pythagorean square. Thus, a new approach was now able to help determine a possible goal of a person's life.

Main abilities (square's cells)

Character, will — 1111

"The Leader" - you are always calm and confident. These two are predominant features of your character. You voice your opinion softly, but weightily, making others listen to you or even grow quiet. Most of the richest and influential people in politics, business, military and sport have 1111 and 11111 characters.

Vital energy — 22

"Normal energy" - you can handle any ordinary activity and make an effort of will. With this energy level, you can engage in social work, speak to the audience, be a musician or an athlete. But please, do it without fanaticism, otherwise there is a risk of "burnout". Sometimes you can even share energy with others if you have "22" in your psychomatrix.

Cognitive, creative — 3333

"The Scientist And Inventor" - the rarest sign for our age. You have a potential of a real scientist, inventor and creator. And this is not just someone who will delve deeper into the theory than anyone else ever did. This is someone who is able to immerse themselves in the subject area deep enough to make a real discovery. For others, this inventor looks like person not of this world and is often rejected because of the ability to think with new paradigms. It is a pity that it is not always in their power to set the ideas which could change the world in motion. These people will have to work hard to cultivate their abilities, and it is important for their parents to give space for creativity, imagination and hobbies. Indeed, the sphere of 3333 manifestation may be completely unexpected.

Health, beauty — empty

"Low health reserves" - the health is weak and it is not necessary to exert excessive stress on it. Fitness, yoga, proper nutrition, prevention are the best friends. Do not rely on looks and beauty. It is better to pay attention to other strong qualities and focus on them.

Logic, intuition — 55

"Good logic" - Your logic allows you to be a good analyst or a programmer. And thanks to intuition, person like you could disclose complex crimes as an investigator. You are able to build a profitable business in any field.

Labor, skill — empty

"Will never be a jack of all trades" It is better not to take up an activity that looks complicated, painstaking and requires accuracy or technology compliances. However, people with 0 in this cell usually do not really like such spheres. Manual labor is not theirs.

Luck — empty

"Not the lucky one" - this person never gets help from above. They should make a lot of attempts without expecting sudden success if they want to do the trick. But you must admit that working hard and achieve success and have an accidental success are different things.

Duty — empty

"Owe nothing to anyone" - public or other duties are usually not familiar to this person. He or she can not be called a complete egoist, but all their goals are directed primarily at themselves. In their dreams, they strive for "freedom" and "independence", for which read absence of any kind of responsibility to anyone or anything.

Intellect, memory — 9

"Basic intelligence" - information is processed on the principle of "practice makes perfect". This person can't remember too many facts and things. Therefore, they should not overload themselves with superfluous knowledge - it will be forgotten. But in practice, they can perfectly use the information that they constantly work with.

Secondary abilities (lines and diagonals)***Self-Esteem (Line «1-2-3») — 10***

"Inflated" - the person highly estimates themselves. In addition, beliefs like "I deserve more", are very typical. It is to be noted, that high and inflated self-esteem are the most real incentive to do things in a big way. But one day most of these people look back with the benefit of hindsight and understand that they did not become what they wanted. And here they get depressed, or make a quantum leap forward.

Moneymaking (Line «4-5-6») — 2

"Worrying" - thoughts about earning money lead to dismay. On the one hand, if possible, this person would be glad to not work at all. On the other hand, if it comes to the push, they agree to work for anyone who has money.

Talent (Line «7-8-9») — 1

If the person is evidently talented and works to unleash its potential (you can pay attention to other cells) then this figure indicates the potential development of this talent.

Tenacity (Line «1-4-7») — 4

"Confident" - the person sets ambitious goals, assesses the resources to achieve them and, as a rule, fulfills the plans. In fact, this person's potential is even higher, but too sky-high goals scare them away, though they could try to reach them.

Domestic bliss (Line «2-5-8») — 4

"A good family man" - "family values" is not an empty phrase for this person. They consciously plan creating a family and then shows themselves as a loyal partner and

want to live with someone who shares this goal.

Stability (Line «3-6-9») — 5

"Very stable" - practically never change their habits and surroundings, remain loyal to familiar things, even if the new ones are better. What is it: tediousness or predictability? Anyway, some of the surrounding people appreciate this, the others do not. But it is believed that this person is worth to trust.

Spirituality (Diagonal «1-5-9») — 7

"Fanaticism" - high spirituality turns into idolatry. The edges of the sensible are blurred. In words, the person speaks of a high, but in deeds becomes obsessed with the rudeness, injustice and dishonor of those around him. Also there is a risk of falling under the influence of cults.

Temperament (Diagonal «3-5-7») — 6

"Too hot" - a person with this temperament always seems unsatisfied, even if they have just left the bed. Sometimes they can even refuse intimacy losing any interest to it, showing external coldness. And sometimes, on the contrary, in search of diversity they go beyond a joke. This is an unbalanced temperament that knows only extremes. Despite these, people with 6 in temperament are completely faithful.

Water-Cups - Planets: Double Saturn

This has been called the "Wish Card"; for all 9 of Hearts, there is an intimate connection between the wish for money and the wish for love. Money may come, or love may come, but the two never seem to work together for any length of time.

Nine of Heart tend to worry too much about what other people think. They need to cultivate the art of discrimination and figure out what's important and what isn't. If they can do this, taking the higher road when the back-biting begins, their personal disappointments in life will be much less frequent.

To be sure, the Nine of Heart people are not weak. If they were, they wouldn't be able to handle the difficult life pattern of their Cards. They are fierce protectors and champions of the rights of others. Nonetheless, it's as though the universe sets them up for disappointment whenever they place their trust in the almighty buck. But should they invest in the heart of the business (think Warren Buffet), their karma rewards them tenfold!

If you are a 9 of Hearts, you must learn to love your neighbor as yourself - and don't forget that he/she lives all over the world!

Note: If you would want to go deeper into this specific divination: there are different spreads for each year (of age), smaller cycles, at: 'knowyourdestinycards.com'. These

are the cards from the lifespread, the largest cycle. But I skipped the cards for every 13 year cycle, there are seven of those.

Mesoamerican Divination | Tzolkin System

The Day Sign, Galactic Tone, Trecena Sign and Night Lord.

The Trecena is more innate - like the Moon Sign in astrology - reveals deeper aspects of your personality: your emotions, your connections to others and society, and how you respond to things.

Day Sign would be like the Sun: something you work on, something that involves discomfort and effort. You can also have the same sign for the Day sign and the Trecena sign.

There are 20 signs and 13 galactic tones, which makes up for a 260-day cycle for the Trecena's. If you add in the Night Lords, you get the largest repeating cycle. (9 times 260)

South (Yellow) glyph: Surprise / Mystery

Day Sign: Cane

/ Reed / Ben (Yucatan) / Aj (Kiche)

Ben types are often popular, knowledgeable, accomplished and competent, with strong opinions. they are often highly regarded by others for their talent or expertise.

In some cases they are simply way ahead of their competitors, or have made their mark on the field in which they work. In other cases, it is just a matter of general competency - the ability to excel at whatever it is they decide to do.

They are fighters for moral or ethical principles and are quick to take on challenges. At worst, they are opinionated.

These people will "stick to their guns" when under fire, keep a "stiff upper lip" when in trouble and, like a reed or cane stalk, remain firm in tense situations.

They can be intellectually rigid and prone to argue, however.

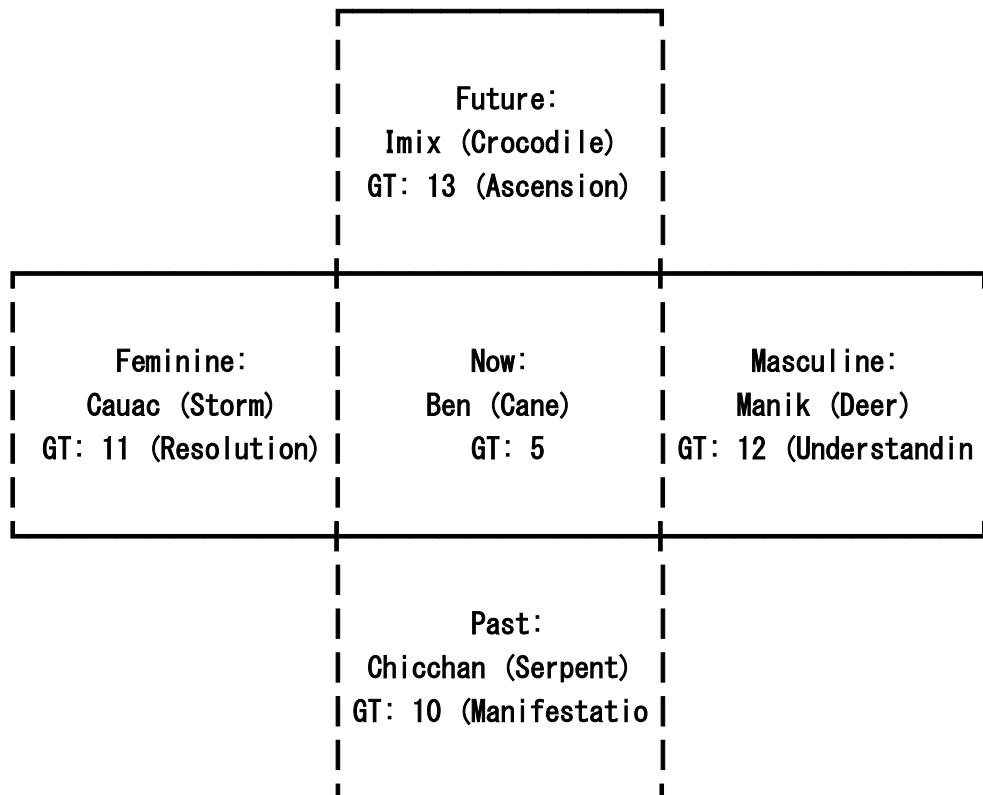

These people have a militant side, and although they don't deliberately seek conflict, they seem to thrive in it.

Persons born under Ben are usually popular and social, having deep knowledge of human nature. For some, this quality brings them well deserved fame; for others, it brings respect and recognition from their peers.

Although Ben types have enemies, even their enemies respect Ben's successful ways. People born under the Ben sign are ambitious and clear about their goals and intentions.

Challenge:
Being opinionated or holding rigid attitudes.

Solution:
To understand human nature; to apply social skills.

Four Directions

To be born on the day of Ben is a very fortunate occurrence. In the mythology of ancient Mexico, this was the birth-sign of Feathered Serpent, bringer of light, and a day the gods come down to earth.

These natives are productive. As community members they are leaders, and as parents they are alleged to be both fortunate and wise.

The book of Chilam Balam of Kaua insists that Ben natives tend to have many children. They also may play a parental role for their extended families or entire communities. They function like the staff of office (one of the principal symbols of this day-sign), the supportive pillar of the world.

In general these people are practical, earthy, and nurturing. Their good fortune, and joy in ordinary life may cause Ben natives to be a bit conservative or complacent. They have

no need to rock a boat that carries them so gracefully. This is why our list of well-known Ben natives includes only a few names. It is a quiet day-sign that has little desire to seek the limelight.

Even the most fortunate day-sign has a dark side, and Bens tree of life includes a number of challenging influences. The presence of Chiccan as the past sign suggests that many of these natives bring a great deal of sexual karma with them into this life. Cauac on the left hand generates a great deal of emotional turbulence especially regarding women. While Manik on the Right hand may sometimes function as a symbol of strength and inner power, the presence if Imix as the future sign shows that Ben natives face progressively more challenges as they develop along their path. Challenges that may include madness, illusion, and anger.

The Chilam Balam of Kaua also notes that in some cases children may be the only wealth of these natives, and that the may be otherwise of very modest means, perhaps even poor.

Despite their sometimes wild ups and downs, Ben people often possess a spirituality that goes beyond the confines of purely conventional religion; this is one of the birth signs that is considered favourable for prospective Calendar Shamans.

You are an intelligent and strong organizer, communicator and a person who knows how to use resources well. Like the spider, you are a natural born webmaster, a networker that brings together all that is needed. You can be a good detective because you have a talent to get down to the core issue and look at things from a wider perspective.

You are a positive, dynamic, happy person. By supporting their positive aspects, you empower the people around you, encouraging them to bring out their best attributes

Trecena Sign: Rabbit

/ Star / Lamat (Yucatan) / Q'anil (Kiche)

Beneath the 1-Lamat surface personality is a competitor and fighter.

This aspect of character may not always be apparent to others until they get to know the 1-Lamat person well.

1-Lamats secretly love a confrontation and will take risks in life in order to create conflict. These people prefer a life of competitive challenges rather than one of routine, and they should try to meet those needs in non-destructive ways, such as through running a business.

Night Lord: 9

People born under this Lord are usually strong, independent characters, stubborn and sometimes a little antagonistic. They are so self-sufficient that others often interpret this response as a rejection.

Their independent nature makes it difficult for them to sustain relationships. They are hard workers who prefer to do things by themselves, and they don't want much help.

In part, it's their lack of patience that motivates them to do things by themselves. Others sometimes see this as forceful or rejecting behaviour. This particular trait is their darker side, and to balance it they need to cultivate compassion for those who are different.

Those born under G9 value privacy and desire time alone. They are known to accumulate things, usually collections or things of value. They enjoy things from the past or things originating from the sea.

Spending time in nature is a healing experience for them and, as a result, they need to make the effort to get into the natural world from time to time.

I'm personally theorizing that these night lords are simply the same energies as the 9 main objects (separate from the Sun) conjunct the Sun.

This one would be Pluto conjunct the Sun.

Celtic (Druid) Tree Sign

The year is split into different periods. Usually, one tree is at two separate periods about 6 months apart. Except for when the equinoxes happen (every 21st of every 4 months), then there is a special tree for that. To find the right archetype for this divination, you have to know if you were born late or early.

(Note:) Celtic Druids did not determine Sign based on the actual date of birth but rather by the date of conception. For example, if you were born three weeks before the scheduled date, you need to add these three weeks to the actual date of birth, in order to figure out the appropriate Sign.

I also read somewhere that the tree (or variant) has to be naturally available in your area.

Chestnut Tree

Strong keywords: Adherence to principles, Toughness

Weak keywords: Stubbornness

Tree variants: Heather, Mistletoe

Birthday:

11 May – 20 May

11 November – 20 November

Characteristics and Personality

Chestnut tree is a tough tree that is fighting for its space, but it can generously endow its surroundings with its fruits and possibility to relax in the shade of its bushy crown.

Chestnut people have a deeply rooted sense for justice and are able to fight vigorously for the right cause. They are, however, very deliberate and self-critical, and they will never let themselves to be pushed to make hasty decisions.

People born under the rule of chestnut are considered to be stubborn people who will defend their views even at the expense of being ridiculed. However, they are not the type of stubborn people who others cannot stand; they often have a nice sense of humour that can cure many conflicts. People born under the rule of chestnut are faithful to their principles and they never change them. This also manifests itself in their love life - they do not fall in love easily and very often and they have high expectations of their

partners, but once they decide that they want to spend their life with them, they will never leave.

Basically, there are two possible forms of fate for Chestnut people. They either get quickly very high and then they live happy and often also useful life, or they always have to deal with many challenges and they struggle to find their place in society.

What follows on the next page is the correct Natal Chart using the Usha/Shashi-Ayanāṃśa, and the 'whole house'-system. For simplicities sake, we could call that chart the "Transit(ory)-chart". Then to get the Chart that WILL SHINE through this document, we apply the 322th Harmonic to that (the right ascension values (Zodiac) are telling of the 322th Harmonic Version chart). Thus, both are needed to understand the self: One is fixed but constantly interacting with other fixed charts and the other constantly interacts with the Transiting planets. If you find yourself on that quest to understand yourself, it would be suggested to include declination as well as all the other divination techniques, such as numerology, and cartomancy, etc., up to the most seemingly insignificant part of the whole, like midpoints, or antiscia-aspects, in the whole picture. Understanding yourself better in respect to everything else has become very possible - and people might soon say even too easy - when the energetically encoded laws taken affect on our reality are understood.

Virgo Sun ☿ ♍ and ♈ ♀ Aries Moon man

([775] i.thehoroscope.co)

Confident and detached, the Virgo Sun Aries Moon personality might seem less emotional but in personal life, they can be the most nurturing with those close.

In their own mind, Virgo Sun Aries Moon people are bold, active and great initiators. However, in the real life, they are not at all as dynamic and daring as they would think.

It can even be a shock for them to discover they're not the heroes of the world. While courageous and bold enough to make big plans, they have problems following them because they're insecure and too cautious.

These natives will always wonder if they should take action or just lay back and enjoy life as it comes.

A Bold Personality - In a nutshell:

Positives: Friendly, perfectionistic and energetic;

Negatives: Insecure, overly cautious and dramatizing;

Perfect partner: Someone who is extremely caring and attentive to them;

Advice: They should learn to deal with nervousness at key moments.

Personality traits

There are many contradictions in the personality of Virgo Sun Aries Moon people. These individuals have a strong sense of purpose and are not very emotional.

They are competitive, very judgmental and exciting but they can also be criticizing. Not the most sociable people in the zodiac, they keep friends and lovers close in order to project themselves onto them.

These natives are precise and pretentious: they want nothing but perfection. They are less confident than others think them to be. While energetic and authoritative, they are not very popular.

Especially if they're the bosses. Their mind is attentive and exact. It's amazing to see how insightful they can be. Since they tend to express their unhappiness with what others may be doing, many will see them as demanding when they will play the leader's role.

Because they're objective and detached, they have less emotions than others. They will probably talk about their own feelings only if they will feel it serves them a purpose.

However, no matter what, they still see emotionality as a weakness. When someone around them starts to be gushy, they become resentful.

The Virgo is reserved, shy and careful, the Aries is impulsive, passionate and reckless. It would be difficult for anyone to be to the liking of an Aries or as mannered and precise as the Virgo.

What the Virgo Sun Aries Moon individuals need to work with more is self-acceptance. They shouldn't insist so much in proving they're wonderful creatures because everyone will believe them anyway. And they don't need to get angry every time when their common sense will keep them away from taking risks.

Excitement and thrills can be obtained in more conventional ways too. For example, they could open a big business. They are attentive and clever enough for it.

It doesn't matter that they're discriminating and careful Virgos, they will still take risks and base their investments on what their intuition tells them.

The Virgo is too shy and nonchalant to have formed a self-image and to want to live by it. The Aries needs to learn the lesson of accepting oneself. The natives of these signs are whomever they want to be, so there's no need for them to do extraordinary things to prove themselves.

It would be useless for them to get upset when they'll be too cautious and down-to-earth to get involved in situations of high risk.

It's true they dream big and they want to have things done very fast, but they simply aren't the heroes they sometimes think they are. They are rather the creatures who live for perfection and methodical approaches, also to be loyal and honorable.

While having a good sense of humor, Virgo Sun Aries Moon natives can also be very serious. When someone will cross them, they will get angry and vengeful.

They severely judge people but they're most of the time right. It's not unusual for them to have a temper. They usually release their anger before they have thought things through.

At least they're receptive and can deal with nervousness and opposition in a constructive way. It's important they learn how to relax and meditate. Because they are Virgos, these natives are only satisfied when their career is thriving.

They are hardworking and people can rely on them. But they need a challenging job. It's the energetic Aries in them that wants excitement all the time. If they would feel bored at work, expect them to give up the salary and look for something else.

Love characteristics

When it comes to love, Virgo Sun Aries Moon people are fiery and devoted but at the same time they will always put themselves first. That's why they should pay more attention to their partner's needs.

They would be better off without jealousy crises too. Sun Virgos are all about improving and making things perfect. Even if something seems flawless, they will immediately find a defect about it.

But they mean well and want only what's best for them and their partner. As lovers, they are caring and attentive. However, if you are looking to have a big love story with them, think of another sign.

Efficient in their approach, these natives will be as objective as possible. They are not the type to show affection in public or to give romantic gifts.

Moon Aries people need to be challenged all the time. A slow relationship would bore

them. They like having small arguments and even to physically fight in a playful matter. It's very important they express themselves in love.

When they are bored or are feeling tied down, their faults emerge through moments of anger, changeable moods and fights no one would even think possible.

Virgo Sun and Aries Moon man

The Virgo is not original, the Aries can't pay attention to details, but the man in these signs will have all these things compensating each other.

At least he's self-centered, detached and critical from both sides. It's not unusual for him to have only a few friends because he's not very popular. Not to mention that he highlights any defects a person may have.

But if you can put up with all this, you will get to the most devoted man in the zodiac. Don't expect him to lose himself in love or to be romantic. He's the distant and logical part in a relationship.

More of a taker than a giver, the Virgo Sun Aries Moon man will still defend his lover to the end. His ego is big and needs to be fed, but he won't ask for attention from others. He has his own strange ways to deal with this.

For example, he takes things personally and can't accept the idea that someone doesn't like him. Not that he needs approval. It's easy to make him angry.

He doesn't like to communicate and has moods. But his energy, intelligence and ambition will always surprise. The ideal relationship for this native is not something pretentious because he only wants honesty and decency.

An independent, passionate and bold woman would be very much to his liking. When it comes to lovemaking, he pays attention to details and has a good libido. As a Virgo, he may have some kinky wishes. But it will be the Aries who'll come up with original ideas and interesting fantasies.

Sun ☉ in I 1st House

([859] i.thehoroscope.co)

This placement of the Sun makes people aware of what the next good step for them is

and encourages them to be guided by their intuition.

People born with the Sun in the first house in their birth chart identify themselves a lot with their Ascendant, so many of their traits will pretty much belong to this sign.

Having a strong sense of who they are because the Sun is in this position, they're very confident and full of life. Always ready to take the initiative and sure of themselves, these natives would make great leaders, even if some other placements in their chart wouldn't indicate that it is so.

Spontaneous and loving to express themselves more than people in other signs or with other positions of the Sun, they're also ready to face any obstacle and can keep it together in a crisis situation.

Summary:

Strengths: Intuitive, positive and affectionate;

Challenges: Self-absorbed and indecisive;

Advice: They should be more knowledgeable of who they really are.

Very ambitious and willful

These natives want to make something of themselves and don't care too much about what others think because their goals are very clear.

The Sun in their 1st house emits an abundant energy and makes them very resistant or easy to recuperate from diseases and difficult periods in their life.

More than this, it gives them a strong sense of self, so they always feel important and work hard to become someone with great distinctions. Very optimistic and only focused on positivity, these people can inspire others to be the same.

Having all the energy of the Sun in their 1st house, natives with this placement can express themselves very clearly in matters of self-image.

They should be more knowledgeable of who they really are if they want a purposeful and meaningful life.

True forces of nature, having determination and enough confidence to succeed in life, many will want to follow them because they seem to be natural born leaders.

Not to mention how they're able to make things work and how they grab opportunities, putting themselves on the path towards success without too many efforts.

It's very likely for these individuals to become independent and highly motivated from a very young age. Enthusiastic about everything life has to offer, they're transmitting only

positive energies but can be too proud and even insolent from time to time.

Their need to be in the center of attention can bother some of the people in their life. Very ambitious and willful, Sun in 1st house natives tend to overwhelm others with their strength and controlling ways.

They're conscious of what they should do for their life to take the right direction and highly intuitive, so it's normal for them to be in the middle of things all the time.

With the Sun in the house of self, these natives can very well hide their insecurities and put on a mask of absolute confidence.

The same placement of the Sun can have them obsessing over the way they look like, but what's the most important to know about them is that they can recognize a good opportunity and know how to seize it.

The positives

Bigger than life itself, individuals having the Sun in the 1st house borrow some of the Leo's traits, being true forces of nature and very flamboyant creatures.

They usually follow their heart and are always enthusiastic about new things happening in their life. Many will get inspired by them to be more optimistic, some will find their energy overwhelming.

The more generous and supportive they'll be, the more friends they'll make and attract members of the opposite sex like magnets. These natives' main purpose in life is to always make the right impression.

With the Sun in their 1st house, self-expression and spontaneity become two of the most important things in their life. Other things are on the second place, and while they may seem selfish to others, they're actually not.

It's just their motivation and ability to lead that makes them seem this way. Everything they do and talk about makes sense and is highly meaningful, and they seem to always wait on others' feedback.

If they'd be forbidden to express themselves, their entire energy would drop because they really need to radiate and to have vibrant interactions.

Loving to take the initiative, these people would make great leaders and are truly capable to build their life just as they want it as they always know what there's to be done.

Having the contagious type of energy, they can immediately recover from illness or

difficult periods in their life and still inspire others to be strong.

It's important for them to develop their determination and ego as much as possible because this is what the Sun in 1st house forces upon them.

It's not a choice that they have when it comes to this, it's more of a necessity because the Sun in this position needs to be satisfied because this planet determines how people should be in order to feel happy and accomplished.

While it's possible for Sun in 1st house natives to restrain their ego at first, they'll realize at some point what they really want.

Because they're ambitious and self-confident, they immediately attract the attention of others and make it possible for success to easily come their way.

It's essential for them to always be enthusiastic and optimistic, and they usually are all this, without having to be encouraged.

Having their own place in life is also important because they want others' respect and appreciation.

As a matter of fact, their need for recognition is pretty strong and usually one of the traits that characterizes them the most.

The Sun's position in the first house is an advantageous one for leaders, politicians, actors and dancers as it brings a lot of charisma and capability for self-expression in public.

The aspects in which this celestial body is in their chart are essential for their health, but they're usually strong and able to immediately recuperate from both physical and psychological difficulties.

They seem pushy because they have a strong will and power to overcome obstacles, weaknesses and dark periods in their life. While not even realizing it, they have impressive surviving skills.

When it comes to their social interactions, they seem to always meet people who have the same passions and enthusiasm as themselves.

The mask their Ascendant makes them wear may be different from their Sun sign, yet this doesn't mean they will be only what their Rising dictates them to be. On the contrary, their Sun will always shine and have a strong influence over their identity.

The negatives

The Sun in the 1st house placement can also have negative effects on the natives having this structure in their birth chart, especially when this planet is in some negative aspects.

Some of the negative traits this placement can feature are an overbearing and egotistical nature, arrogance, a need to always argue and too much pride.

The natives of this placement should control their strong will and try not to be too tyrannical. Some may be too honorable for these characteristics, but most of them are advised to be more tolerant and to work on their need to be controlling.

When having problems, their psychological buildup can greatly suffer imbalances and send them at extremes in matters of ego and the interest in themselves, which can become exaggerated.

The more introverted they are, the more they'll focus only on themselves. With the extrovert types, their self-expression will simply overwhelm and not leave place for something else.

They can also be at the extreme where they have a very low self-esteem, case in which they may develop serious problems with whom they are and their ego, not knowing how to express themselves so that others get a grasp of their personality.

While seeming perfectly confident and bold, natives having Sun in 1st house are in fact more insecure than they'd like to admit. Their equals make them feel threatened as their sense of competition is very strong.

It's suggested they improve their skills and determine who their allies are so they can take those people's advice and criticism more into consideration.

Usually highly impacted by what happened in their childhood, these natives may see conflict everywhere if their parents used to fight when they were little. They're determined to evolve from the psychological state that dominated their childhood, but the anxiety would still be there and they may feel a need to rise above any conflicting situation while at the same time being terrified of it.

They usually want to make their parents proud and to also do what makes them happy because they're loyal but still need to be themselves.

It can be confusing for them to determine whether they live to make a good contribution to their loved ones' lives or just to live the way they dream of because making concessions is sometimes a thing they simply can't adhere to.

After thinking a little bit more about this issue, they'll realize their public life and image

can get better only if they manage to bring their creativity and talents into play to influence others and even to help them in some way.

Moon ☾ in VIII 8th House

([879] i.thehoroscope.co)

People with the Moon in the 8th House are emotional and intense so it's very likely they will be surrounded by contradictions and some conflict.

The 8th House is all about change and sexuality, while the Moon is also a great influencer when it comes to change. This means people with Moon in 8th House can't find their peace romantically and are always looking for new partners to have fun with in bed.

The Moon makes them emotionally unstable, needy for cuddles and nurture, feeling like they have to take care of others themselves. These natives want to deeply connect with people, but the lunar influence doesn't allow them to. If they are able to acknowledge this, the level of intimacy with their partner will be deeper.

Moon in the eighth House natives are known for their possessiveness and jealousy, being the type that always asks questions like "Where have you been?" or "Who else was there?". It's a sort of a paradox with them, because on one hand they desperately crave being close to someone, and on the other, they aren't in any way capable of trusting a person who wants to be their partner.

Summary:

Strengths: Sensual, creative and straightforward;

Challenges: Pushy and controlling;

Advice: Be careful with the risks you are throwing yourself into.

Striking conflict

People with Moon in the 8th House are very aware of their surroundings and how their close ones feel. They are those individuals who know many things about taboos, the occult, strange sex and even death.

It's easy for them to get very attached to others because the way they love is very intense and deep. This is also why it takes them a while to recover from loss, getting hurt or being rejected.

It's possible that as children, their parents have forbidden them to live as intensely as they wanted, because they were exaggerating with how deep they used to sense.

When these people love, you can be sure they are doing it with all their heart and soul, always wanting to be the main support in their close ones' lives.

The position of the Moon in the 8th House means they inherit many personality traits from their mother's side, including all of the negative aspects the ancestors of the woman who raised them may have had.

It's normal for unfortunate events to be destructive in love and stability, so they should be attentive not to allow anything to destroy their passion and the beautiful connections they have built with others.

Natives with Moon in eighth House can have this arrangement as a symbol of the very strong complexes they're not even aware of and which exist below what they show in public.

It's possible for them to also hide memories that caused them pain in the past. This is the reason why they are sometimes hateful, jealous and even depressed.

While making their own money and living the good life, they also want to be in control of their close ones' finances. When feeling melancholic, they like going shopping and spending all their money on clothes or jewelry.

They might inherit a consistent fortune from their mothers, but they will still have moments when they'll feel like what they have is not enough.

Because they're very emotional and intense, it's very possible for them to start all sorts of conflicts with those who don't see things the way they do. These natives have a deeper and more meaningful understanding of life than others, which means they are different and often puzzling.

When the Moon is in difficult aspects, they become very difficult to let go of and hungry for power. Also, they may want to deal with everything that's forbidden and kept away from the public eye.

Many of them will have psychic abilities because they are very intense and capable of grasping the darkest aspects of a person's personality. So, don't be surprised if they're healers of alternative medicine, who use their instincts to determine how to make people better and how to nurture.

The position of the Moon in the 8th House indicates they are more aware of the dangers

surrounding them and that they have a need to protect. Their emotions may be very much based on sexuality rather than on other types of interactions.

This 8th House also happens to be the ruler of wealth accumulated from others, so the planets in it are often linked to an organizational spirit and a talent for business.

Moon in eighth House individuals can be domineering and controlling, so it's possible they will not even care about what others are feeling if they aren't emotionally satisfied. Meanwhile they'll crave feelings and go through all kind of emotions.

At least their hypnotizing look and magnetism will always have them drawing people in, no matter how overwhelming their personality may seem.

The 8th House deals with sex and death, so people with Moon in it may have been impressed by powerful scenes regarding these two things as children.

They are the type who want a stable sexual partner because security is very important to them when it comes to lovemaking.

If they don't get what they want, they may encounter many problems along the way, getting disillusioned and disappointed by those who can't offer it to them. And on these occasions, they end up displaying a behavior that they would otherwise be ashamed of.

Experiencing feelings intensely

Needing to feel emotionally secure more than anything else, Moon in 8th House people are always pushing themselves to be better or taking on new challenges because they need to reinvent their own emotions.

Simply fascinated by how others work, secrets and everything that's not being told, they're very attracted by those who are a mystery to them. Changing their sexual partners very often may indicate that in reality, they're emotionally insecure.

These people need intimacy, but the fact that their emotions change too often can be in their way of attaining their relationship goals. However, they are known as passionate, intense and truly loyal to their other half.

While craving to be close to someone, they can be very introverted and not trust those who want to be in their life. Expect them to give their all when in love, but don't think for a moment they don't want the same thing in return.

The 8th House is about feeling emotions very intensely, so people having their Moon in it respond strongly and passionately to challenges, no matter how lighthearted the Moon in either an Air or an Earth sign would make them.

The 8th House position means they have their feelings stronger than others, but they don't show them.

For those with the Moon in Pisces, the rich imagination and transcendental abilities are lived rather internally when the eighth House hosts this celestial body, because this position would make them more private, secretive and even solitary.

Their need to take care of their own feelings would be normal as they're aware many people can't understand their intensity.

Mysterious, some won't be able to see what's beneath their surface, but they would probably feel how the Moon in the 8th House influences them. These natives enjoy not being figured out, so you can be sure they'll never reveal too much of themselves and their emotions.

But this can influence them in a negative way because they may develop paranoia and an exaggerated need to protect their own feelings.

It can be overwhelming to discover their survival instincts, but you can make an idea about all this by seeing how they think danger is around each and every corner, hence the paranoia.

However, it's impossible to find someone stronger and more resilient than them. They can go through the most difficult problems and become wiser and more powerful after figuring out the solutions. The more they struggle, the deeper they'll grow to be from an emotional point of view.

They'd make great counselors because they have all the required experience and can read people like an open book. The connections they usually make are of real profundity, so their loved ones need to be as deep and intense as them if they want a long-lasting relationship.

Moon in eighth House individuals don't have sex for the fun of it as they emotionally invest in lovemaking. Physical interaction feeds their soul and makes them more emotionally attached.

Persons born under this star have an innocent and natural approach to life. You are trusting, non-judgmental, and straightforward in your interactions with others. You don't like getting swept up in gossip or social drama. You genuinely care about others, and you try to help those around you to the best of your ability.

You can work hard when you put your mind to something, but you're not one to toil away without seeing tangible results. You are highly intelligent, and you desire that all your endeavors align with your life's purpose.

Weaknesses [1]

As bold and enterprising individuals, Ashwinis can often get carried away. They may act on impulse without fully considering the consequences of their choices. In this sense, they can be somewhat short-sighted.

Your tendency to take on numerous tasks can lead to feelings of anxiety or overwhelm as you struggle to follow through on your various commitments. As you accumulate more and more deadlines, you may abandon other projects, leaving them unfinished. This can cause you to feel dissatisfied, as though you never have enough time for what you want to do in life. It's important to prioritize and to be honest about your capacity. - You like to follow tradition. Another trait of the deva-gana nakshatras is their obedience to elders, including parents, grandparents, teachers, and other authorities. Although this quality is quite uncommon in the modern age, it's a valuable trait to have. Receiving the blessings of those who have gone before us can empower us to do great things in life.

- You get into trouble. You like adventures, but your penchant for risk-taking can sometimes land you in difficult situations. Try to balance your headstrong and fearless nature by taking guidance from those with more experience than you, and don't forget to use your common sense.

Career [1]

Ashwini's can do well in careers that are dynamic, exciting, and people-oriented. However, they have a tendency to overextend themselves and take on too many projects.

Some ideal professions include:

- Physician, alternative health practitioner, nurse, or counselor

- Athlete, martial artist, yoga instructor, or dancer

Mercury ☿ in ♓ Pisces man 13° 22'

([906] i.thehoroscope.co)

He has many expectations from those close but he also manages to keep everyone's interest alive and kicking.

The Mercury in Pisces man is an idealistic and a bit procrastinating individual who cannot, for the love of God, settle with his responsibilities and take on life's challenges too seriously.

No one tells you to take on the world, to fight against everyone, but try to organize your life, think realistically and do something to make it better.

He doesn't pay attention to the trivial things that most people do. Nope, all he does is philosophize, think about what-ifs, immerse themselves in contemplation, art admiring, courtesy of their dual nature.

In a nutshell:

Positives: Sensitive and communicative;

Negatives: Contradictory and possessive;

Soulmate: Someone who is open to trying new things.

Life lesson: Investing more energy, even when others are not involved.

The secret sentimental

Generally, the man born with Mercury in Pisces is very friendly and available any time for others to come and ask him for help, one that he gives with a bright smile and a generous attitude.

But it happens, once in a while, that he just disappears from the radar, no one can find him. These are the periods of time when he just goes away for a while because he just can't face reality anymore. Perhaps all the pressure, responsibilities, obligations, were just too much.

With their head in the clouds, taking on life's challenges seems like a challenge in and of itself.

Moreover, when a contradiction appears, he can get very angry very quickly when the other person just keeps on refusing to see his point.

Usually, he keeps all that pent-up aggression closed within, but sometimes he just can't do it anymore and he explodes.

Of course, this native can be an excellent artist, a painter, musician, actor, someone who uses his imagination and scenic presence to please the public, to appeal to their senses in a refined yet innovative way.

Professionally, these men try a lot of different things, but the laziness and lack of conviction usually keep them incapable of finishing most projects.

He might need a push from his partner or someone close to continue on. As long as he knows the final result will be satisfying, he will keep his interest alive and kicking, but otherwise, he tends to abandon everything.

He's a casual flirter, always engaging in hot conversations with every woman he sees. With tender and subtle words, he manages to seduce even the most stubborn women, but he refrains from being overly romantic or affectionate.

Until the other person shows to be open to something more, he will keep the same pace. He's also not going to be content with just anyone.

Only the best, most refined woman can be his partner, someone who shares his views and taste for adventure, believe it or not.

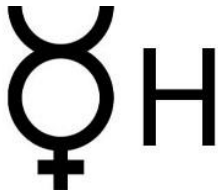

The Mercury in Pisces men are really slow to get into a relationship and build a family because of their high standards. Their sensitive personality makes it very hard for them to stay with someone who is more aggressive or loose-tongued.

They can get hurt very quickly by some random words thrown into an argument, and even though the partner had been warned, it's something that just happens.

Maybe it's their overly-sensitive personality that makes this whole affair so absurd, maybe it's the partner's fault, one thing is true, that they will jump from relationship to relationship.

This man has a lot of demands and expectations from his ideal lover, some of them being a little exaggerated, but he will find someone for his soul, that's for sure.

Mercury ♀ in VII 7th House

([914] i.thehoroscope.co)

This placement of Mercury encourages people to prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

Those born with their Mercury in the seventh house of the birth chart are very sociable and communicative individuals who would rather spend all night in town than stay cooped up in their homes, dying of boredom.

They do well in relationships with other people, meaning that they manage to share ideas and come to an understanding with pretty much anyone.

Professionally, you're going to see these people gravitating toward PR jobs, holding conferences or working in sales. They are good at persuading people or mediating conflicts because they know how to speak and how to calm a situation down.

Summary:

Strengths: Witty, expansive and affectionate;

Challenges: Difficult, vain and indecisive;

Advice: They should try their hand at different activities and not hesitate.

Hard to impress

These natives are often put into difficult situations because they can't make quick decisions, on the fly, without actually taking the time to consider all the details and possible consequences.

They hesitate, beat around the bush, and waste time until someone pushes them or the time comes for a decision to be made, irrespective of whether they're certain of the options or not.

The problem here is that the natural ruler of the seventh house is Libra, the sign known for its unwillingness to commit to a course of action without first analyzing everything.

However, with Mercury in this house, you can talk to them about anything in the world, the more intellectually stimulating, the better. In particular, they love talking about relationships, love matters, especially their own.

The Mercury in 7th house natives are sapiosexuals, in that they are most attracted by intelligent partners who have intellectual interests and who know how to talk.

You just have to impress them by bringing up a profound subject and coming with a few interesting ideas. They will take the ball and continue from then on, but most importantly, they will have taken you into their sight.

They prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

They can debate pretty much anyone on any given subject, and more than that, they can argue from many different positions, even one that they may not agree with.

This is thanks to their expansive and meticulous mind that gives them unprecedented insight into the subject.

For these Mercury in 7th house natives, nothing is more pleasing or interesting than a good discussion, an intellectually stimulating conversation that they can play around with.

In relationships, they will often attempt to raise these topics with their partners, to spice things up.

Settling on a certain conclusion may be hard, but discussing it, taking every possible solution into consideration, that's easily done.

The positives

Even though they may be known as social butterflies and absolute freaks when it comes to talking to other people, they still prefer a one-on-one conversation with someone they can trust.

Also, the subjects have to be profound, serious, philosophical or at least mainstream, debatable, so that they can get interested enough.

They can focus and more efficiently organize their ideas in a private setting, with no one to disturb their thoughts. In such an intellectual transaction, there must be equal roles, one must give an answer and the other must ask, and so on.

When they fall in love, nothing appeals to them more than keeping in contact with the partner non-stop.

Messages, calls, shouts from across the house, kisses on the cheeks, these natives want to create a partnership based on communication, affectionate and intimate contact.

They can both grow and develop through this process of interpersonal contact kept at a maximum degree, the bonds will deepen with time and they will be very close to one another.

Especially when it has something to do with professional expertise, they will act as though everything is dependent on them talking as persuasive as possible, and giving the best impression.

Investments, lucrative partnerships, and collaborations with the big shots of some big corporations, the Mercury in 7th house natives know how to use relationships and take care of all of these.

They know what to pay attention to, how to organize all the details, how to mediate between two opposite sides.

Moreover, knowing that Mercury sports two sets of energies correspondent to a dual personality, these natives might very well have quite a rich romantic life, with situations when they have to choose the best partner from many more. Logic will be the main instrument here.

This aspect instills a sense of paranoid fear into these natives, in that they act skittish and become tense when people contradict them.

Different opinions may be challenging and intriguing to other, more confident and open-minded people, but they can't stand it when someone has a different idea that goes

against them.

Instead of getting mad or entering a conflict, they will try to mediate and reach a consensus, either through a solid explanation or a better solution.

Even more, they might even be able to befriend these perceived enemies, to nurture a spiritual connection between them.

The negatives

No matter what everyone says, the Mercury in 7th house natives actually crave for romantic belonging, to be loved and spend time with someone who deeply understands them, someone who they can feel close to.

This is one of their ways to find fulfillment, to fill out that void in their hearts, to find happiness. For all their social lives and keenness of talking to people, these are all extra activities, done for fun, but a more intimate speaking partner would be much better.

However, they can spend a lot of time thinking about what's best, about their own feelings, and this is a waste of time that often results in lost chances.

They are very critical and analytic, always weighing the advantages and downsides of a relationship.

When Mercury is in retrograde, bad things are afoot, meaning that life won't be too colorful for these natives.

They will become overly-focused on the smallest of details, on the flaws, forgetting about the greater picture, to take a step back and just be thankful for what they have.

This pessimistic and negativistic attitude brings them a lot of problems in the long run.

The movements of Mercury during these times and the number of times it goes into retrograde have a very powerful influence on their day-to-day lives. The effects are catastrophic if not properly controlled.

Mercury ♄ - Detriment in Pisces (& Sagittarius)

([871] southfloridaastrologer.com:) A restricted expression of analytic thought and ability to communicate is found when Mercury is in Sagittarius or Pisces. Sagittarius and Pisces' need for boundless, universal thinking is opposite Mercury's need to analyse and communicate details and facts.

Venus ♀ in ♒ Aquarius man 0° 38'

([941] i.thehoroscope.co)

He is often very calm and reserved with his opinions, only talking when being put in the spotlight.

A Venus in Aquarius man must be interested in his lover's IQ before even thinking about dating her. This is to say that he would sooner notice a witty remark or a passion for art or literature, rather than the perky derriere.

He will want to first get to know her thoroughly, to know how she thinks, and so on. In essence, this native is a non-conformist, the odd one out in society, and he is naturally interested in aspects that many wouldn't even think of.

In a nutshell:

Positives: Eccentric and dedicated;

Negatives: Cruel and obstinate;

Soulmate: Someone who has a scientific mind of his own;

Life lesson: Taking more time to practice hobbies.

His love personality

The Venus in Aquarius man wants to be with someone who's not just a beautiful face atop a perfect body. That, he can find everywhere around him, if he looks hard enough.

He wants to be intrigued, to have his interest piqued by her intellectual interests, by the way, she looks at the world, and what her perspectives are.

As for dressing code, or anything other than that, he is interested in what sticks out like a sore thumb. Whatever doesn't conform to the social code, this guy is all over it, and we're talking about friends or lover here.

This guy was born to change the world, to bring about a revolution that will easily top out all other discoveries of his time, and help develop society as we see it.

He has a scientific mind, an endless curiosity, and he is a very intelligent individual in the first place. He wants to gain all the knowledge in the world, and he knows that he will learn through all his life.

Calm and reserved with his opinions, he will only talk when asked to, but he will blow your mind away with how complex his rhetoric is. He will want a partner who empathizes with this aspect of his personality, and who shares his quirky personality.

Eclecticism, non-conformism, a strong personality, firm principles, and a sense of ultimate freedom are the essential characteristics of a man born under Venus in Aquarius.

The man born with Venus in Aquarius is sociable and communicative, and as long as people can hold on to their pants in the face of his unexpected appearance or weird tastes, everything's going to play quite well.

When he's in his beast mode, he will try to scare people away with even weirder things, but in general, he's a bit on the extreme, either through his fashion sense, passions or the knowledge that he possesses.

He wants a lover with a scientific mind, a rational observer of the world who goes beyond the superficial veil. She should be a little perverse and imaginative in bed, but not to too far.

Romantic women who expect their partners to be all mushy, all caught up in the swirls of love and reveal all their emotions will be quite disappointed with the Venus in Aquarius man.

He doesn't do that sort of thing, it's just not in his nature. Empathy is not his strong suit, intuition is a foreign concept, and he would rather prefer that you tell him what's wrong. He doesn't like guessing because he likes being deadly precise.

Paradoxically, when his lover is actually uninterested or detached, he gets intrigued and starts going a bit further to attract her attention.

When his relationship becomes boring and he doesn't have anything else to learn from it, he will be very disappointed, and it will take some time for this feeling to wear off. Even though most people would think that he doesn't have any problems cheating, given how emotionally detached he can be, this isn't true for the most part.

At first, he might a little socially awkward and not even know how to approach a woman, but this also means that when things get to a certain level, he will commit totally, never to stray again. Essentially, the way he was raised, his family background, matter a lot in his future development.

Attracted by ...

This man is sure to be a tech lover, a technological geek who knows all the great stuff coming on the market, all the digital innovations, so he would obviously find it attractive and intriguing if his lover had the same interests.

Sharing the same hobbies would, in fact, raise his interest bar quite a lot, but his all

depends on how his partner sees the relationship.

If she's a rebel who wants freedom above all else, then she's the one. He's driven crazy by weirdness, quirks, the unusual stuff that you do or think about.

In turn, he would want his partner to both understand, tolerate, and even appreciate his weirdness and oddities.

Originality and spontaneity are highly appreciated, and he takes this to a whole other level as he surprises both his friends and lovers with how uninhibited and nuts he can be.

In conclusion

His greatest trait is being able to keep his partner on the peak of interest using intelligent remarks, witty conversations about the most interesting of subjects.

He takes journeys of the mind so often that you just can't get bored, and he won't accept someone who can't understand this interest of his, someone who just can't follow through with his own part in this grand scheme of life.

Moreover, he's very unconventional and a non-conformist, so be prepared to be taken to lots of interesting places that you wouldn't expect.

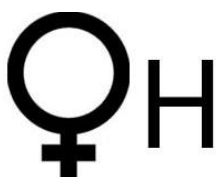

This guy tends to trivialize relationships, to treat his partner as he would another friend of his, and because he doesn't do well with emotions, with empathy, and with expressing his feelings, the impression he makes is even stronger.

He looks just like he's not interested at all, like all he wants is to be a friend to you. And his lover will immediately spot this from a mile away.

He seeks for people who are open-minded, who don't judge things just because they can't understand them, those intelligent enough to escape the social conformity.

The fastest way to a Venus in Aquarius' mind is an intelligent conversation, complex phrases, the opportunity to learn something, namely his mind.

It's important for them to realize they're too giving and that this is not the way for a romantic affair to evolve. They should be with someone who appreciates their love and generous nature, a person who's ready to serve and to give them lots of love.

Summary:

Strengths: Affectionate, practical and dependable;

Challenges: Demanding and prone to worrying;

Advice: Sometimes, in life, you just need to give it time.

Very talented at anything visual

Developing great relationships with their friends and co-workers, they may find the love of their life in the workplace.

Others usually love and respect them, no matter if they're criticizing and can't stand any vulgarity or ugly behavior.

Practical and supportive in the way they're expressing their affection, these natives are always of service to those who are important to them. As a matter of fact, they are the type who would go over themselves to make their loved ones happy and comfortable.

While these people don't like to bring flowers and to express their love in public, they're always of help and available for doing something. They will do all the practical things in a relationship, being very thoughtful their partner doesn't stress him or herself with anything.

Very talented at anything visual and artsy, they are looking for harmony and want to make all things whole. If they won't pay enough attention, they may end up passing by true love and going for practical relationships, thinking they can't find something better

for themselves.

It's normal for them to give their love away to people who don't deserve it, so they should be more decisive about going for what they want.

Natives having Venus in the 6th House are the type who want a routine and to enjoy as much balance in their life as possible, because this is what makes them happy.

Putting in the extra work for it doesn't bother them in any way as they need to feel very proud about what they've achieved. Having a highly developed sense of duty, they are the best employees, who prefer having everything organized and looking perfectly.

Being disciplined is what characterizes them, so they may expect others to not generate chaos or to wish for perfection, just like they do. All this happens because the 6th House is being ruled by Virgo, so their desire for excellence is something that is always present in their life.

Enjoying routine and wanting a daily schedule that makes their life more efficient, it's possible for them to stress too much or be negative.

Venus in sixth House individuals are eager to express themselves and to show off their talents, even if they're not the most expressive when it comes to love. However, the person who's with them will get to witness many practical ways in which they show that they care.

There's no one to take actions that express love better than them, but if Venus is not evolved enough, they may expect their other half to do many things for them and still feel like nothing is enough for them to feel really loved and appreciated.

However, they are mostly the type who wants to be of service and enjoy helping anyone, even strangers they have just met down the street because they have this theory that being useful is the only way for love and peace to be brought in the world. At the same time, it's important for them to realize that being too giving can have their kindness being taken advantage of.

All the people having Venus in the 6th House can convince others to do different things and approach love very realistically. Anyone can manipulate them with a few nice words because they have very low self-esteem and want to keep others next to them for as long as possible.

Providing all the time for their lover can't be called love as they need someone who can really appreciate them for what they do and want to contribute. It's possible to find love even when taking care of themselves and while not trying so hard to always be perfect.

The placement of Venus in the sixth House makes it more possible for the natives of this placement to fall in love at work, because Venus will influence them here, bringing in a special magnetism coupled with a flirtatious mood.

Obsessed with perfection

The position of Venus in this House means these people need to be very proud of what they've achieved, so expect them to always want to do their duty and to put in great efforts in their endeavors. Their bosses and co-workers will appreciate them for their hard work and for always organizing, so that perfection is attained.

They are very disciplined because Virgo rules the 6th House, so their wish for everything to be done the right way can't be seen in others. Their ideal partner is the one who can follow their routine and makes their life more fun.

Those who are too negative, stressed and emotional turn them off as they need to be next to someone who has time to appreciate them for their talents and work.

It's not their type to be very expressive when it comes to love, but you can be sure their actions will always show how devoted and affectionate they actually are. This is because they are people of action and not of words.

Many may not understand them, but their love will always be transmitted in the most practical way. As said before, a Venus that hasn't evolved enough in the 6th House can have them very pretentious and expecting their partner to do everything for them.

When not seeing that action is taken for the love towards them to be expressed, they start thinking that no one cares about their fate. But all in all, they want to be of help and think this is the only way for love to get spread.

However, it's important for them to realize that giving too much of themselves is not always in their benefit. Not to mention how obsessed they are with perfection when it comes to both themselves and those who happen to be in their life at some point.

The position of Venus in the 6th House has an impact over their metabolism, so they should pay great attention to what they are eating.

This planet makes people crave sweets and sugars, so they should be very careful not to overindulge in eating desserts. More than this, it's the planet of all life's pleasures, so they will probably want to have lots of sex, eat too much or drink, which is very unhealthy.

Venus in sixth House individuals love animals and all the joy these bring, so they will have their pets simply loving them.

As such, he prefers doing things behind the curtain without anyone seeing him, swiftly and with great precision. He likes tricking people, acting in the shadows, pulling the strings so that everything is in his favor, but with none being the wiser.

If this man doesn't control his raw energy and combative spirit, he could end up hurting those he loves or getting revenge on those that hurt him, when it would have been way more efficient to put his efforts to better use.

In a nutshell:

Positives: Perseverant and disciplined;

Negatives: Impatient and demonstrative;

Soulmate: Someone who awakens his real self;

If this man learns to manage the incredible energy levels that Mars in Scorpio sends down on him, and to take control of his impulsive and aggressive personality, there is nothing stopping him from conquering the world.

He's very attractive and passionate, with a steely gaze, not even The Rock would be able to copy, and he is very determined to achieve his goals. Anyone who even thinks of getting in his way is in for one hell of a surprise.

He doesn't need anyone's help in overcoming the obstacles in his path. He is confident enough in his abilities.

Plus, he is very disciplined, to begin with, so he knows the full extent of his power and ambition. Cold and calculated, he analyzes the situation beforehand, prepares the perfect plan, sets some traps just in case, and then he gets down to business.

What did we say? Stealthy, undercover, a master of shadows and deception. He's a natural charmer who beguiles everyone he meets with his inner sexuality and obsessive drive.

When confronted with life's toughest challenges, he prefers to rely on his innate instincts and reflexes, rather than ask for help. He can't stand watching people hesitate and take decisions with uncertainty.

He is also very keen on keeping himself in shape and getting buffed up even. Contact sports and team sports are the top choices here because of the competitive spirit present in each of them.

No reason to play it cool

A lot of people criticize and speak ill of him, behind his back most of the times, but he is also confronted upfront from time to time. His response? Comical and satirical in nature,

just like a competent and confident man would reply to attacks made on him.

He doesn't care about people's opinions because he knows himself too well to be influenced by such remarks. He also tries to overcome his impulses and wrathful nature.

Whenever someone angers him, he does everything in his power to tone it down a bit, otherwise, an explosion of epic proportions would follow.

Intimately, there's really no reason to exaggerate, but he is a master in the bedroom, pure and simple.

When they fall in love, they start doing things that you wouldn't even imagine them doing. In an attempt to impress and fascinate their lover, they will do just about anything.

Investing money and time is the least they are willing to do. These Mars in Scorpio men will flexibly change their approach based on the personality and expectations of the other person.

Aggressive and impetuous? Sure, they can pull that off quite easily. Romantic, tender, and affectionate? A little harder, but not impossible for this ambitious and stubborn native.

He is very interested in women who carry a dark secret with them, the kind that you immediately notice, the ones that stand out in a social group.

Physically, he wants only the best, the lascivious and sexy contours of the ideal woman. Everything is planned for even before he starts talking.

The beginning phase is where he gets to know the other person, shows off his confidence and bravado, the reliable and dominative personality, and if his feelings are mutual, then starts the adventure. And he hates having to wait for others to decide.

In conclusion

This man is determined to fight for his own ideas and principles to the death. He's a dreamer who knows exactly what he wants from life and how to achieve, possessing incredible willpower and self-discipline.

Nothing can scare him out of going ahead, and his courage is legendary. When the situations turn dire, he is in full control, never losing his nerve because he quickly figures out how to overcome the challenges ahead.

Romantically, he can be possessive, jealous, stubborn, and sexually obsessed. For this reason, you should take care that he is always satisfied and fulfilled, and don't even think about talking to other men in his presence.

He gets too emotionally involved most of the time, and this has adverse effects on the overall efficiency and productivity that he can deliver.

He is prone to irrational decision-making, uncontrollable bouts of anger and annoyance, and a total lack of empathy toward his competition.

He's not very affected by whom he hurts along the way, as long as he gets what he wants. "Make love, not war". This should be the very essence of the Mars in Scorpio man, one that he should live by.

It's objectively better for him to invest all his energy and fiery temper in making love, emotionally and sexually, rather than fighting incessantly against the world.

Mars ♂ in III 3rd House

([983] i.thehoroscope.co)

People with Mars in the 3rd House are pretty straightforward about expressing themselves and don't hesitate to talk about sensible issues and open others' minds.

Natives having Mars in the 3rd House can't rest, because they're highly energetic and always nervous. They strongly believe in their own ideas and are always on the run, ambitious or eager to experience new things.

Their mental energy is contagious, but they need to learn how to be more analytical, because impulsiveness can't bring anything good their way. It's possible for them to have problems with the people they live with or their neighbors.

Summary:

Strengths: Outspoken, emotional and provocative;

Challenges: Forceful and hidden;

Advice: Being careful not to offend others with their opinions.

Pretty straightforward about expressing themselves

Mars in the 3rd House individuals are very energetic but usually end up having conflicts with people they spend most of their time with. If they'd learn to accept people have differences, they'd manage to accomplish more great things by collaborating with others.

Having strong opinions and getting involved in trivial arguments, they think what they believe in is correct and are struggling to convince people of the same thing, which can cause them trouble. They would make a much better impression if they'd accept others' ideas and opinions.

Fast thinkers and very good at communicating, they're bold enough to express themselves. It's possible for them to work for a newspaper, because they love reporting different events.

Writing about crimes and violence would make them successful journalists, while making fiction could have them publishing a lot because many would read their stories.

Very honest and talented at doing things with their hands, they function better when working alone or playing the role of a leader.

They will probably move from one town to the next one or get hired at the railway because they simply love traveling short distances. As teachers, they'd inspire their students to be courageous and to always take action.

When it comes to their opinions and way of thinking, they're pretty straightforward about expressing themselves and love to talk about an issue that bothers them, sharing their ideas a little bit too much sometimes.

There's something very direct and clear in the way they socialize. Matters that seem unimportant for others can truly stress their mind and they love to debate about everything. People see them as confrontational and they may be aware of it, still not doing anything to stop it.

Very good with their hands, they prefer working on their own and not having any responsibilities. When happy, they're these passionate and motivated people who talk constantly and inspire determination.

Mars in 3rd House people will always stand behind their opinions and family and will struggle to keep themselves young. It seems they always have something to say about any subject, which can be bothering for those who think they're the only ones enlightened.

When others contradict them, they take it personally and keep believing only in what they know about. It's suggested they pay attention to what others have to say, because the information may be very important.

Expressing their thoughts makes them happy, but they should be careful not to become arrogant, as they have this tendency of becoming careless and too proud when someone is prepared to listen to them.

They may offend and hurt with the way they talk, because their sarcastic and provoking ways are not always the smoothest. Not to mention they often speak first and think later. It's easy to annoy them, because Mars in the 3rd House of communication makes individuals with this placement nervous.

Practical aspects

Mars in third House people are always ready to speak their mind and can really hurt others with their opinions and ideas. They're very knowledgeable and love to share what they know, but the way they express themselves can be a little bit too direct.

It's easy to make them very passionate about things that don't even matter that much, because they're constantly looking for debates.

During their best days, they're fun and energetic, talking a lot and inspiring others to stay motivated. It's normal for them to always defend what they believe in and their loved ones because they're devoted creatures.

Their aggression gets transmitted through harsh words, so you wouldn't want to be their target when they're talking. People in their proximity will be the ones to feel their sharp tongue in the worst of ways. It can be difficult, but not impossible, to have them apologizing for what they've said.

Some of the violent hobbies like hunting or boxing will definitely be on their list of interesting things to do. Very active and unable to rest, they sometimes can't find a way to release all of their intellectual energy.

It's like their train of thoughts can't stop and they're always making harsh decisions, so a more analytical approach is definitely suggested for their peace of mind.

Only by being calm, can they learn how to deal with stress and avoid any mental trauma as these things seem to dominate their mind.

The downsides

Natives having Mars in the 3rd House are courageous and don't mind expressing all of their ideas, which makes them very intriguing. They would never back down when having an argument and usually start contradicting others as soon as feeling like no one understands them.

They should pay attention not to lose their friends and admirers because of this, so their thoughts are sometimes better when kept inside.

They should just use their adaptability and change the direction in which a bad discussion goes, making the exchange of ideas smoother, because they can get excited

too easily when debating.

It's normal for them to talk about what doesn't even matter, as they think everything is important. Many will be bored of them and of how excited they always are about every little thing.

Mars in the 3rd House in a nutshell

These natives are a little bit too active and sometimes hostile. They like to think fast and in a practical way, but the way they jump to any conclusion can be very aggressive. Always talking clearly, honestly and directly, they may hurt others and argue with their family members.

It's difficult for them to admit they may be wrong, so don't expect to hear them saying they're sorry too often. When behind the wheel, people with Mars in the third House signal and swear a lot.

Matters of intellect turn them aggressive about their opinions and ideas, starting to talk faster and jumping from one idea to another, wanting to learn, to get inspired and to socialize more when around people. As a matter of fact, any social gathering makes them want more and to have as many friends as possible.

Always nervous, they wouldn't even know what a balanced life means. They should never speed, especially when on a motorcycle. The 3rd House also rules over transportation, so when Mars in it is in bad aspects, there's a high danger of accidents by car or any other vehicle.

They should pay twice the attention if Uranus is in their third House too, or if their Mars is afflicted by this planet. Safety always comes first, so showing off their new car by speeding is not the best idea, because it could shorten their life by a considerable number of years.

Jupiter ♃ in ♎ Libra man 1° 35'

4

([999] i.thehoroscope.co)

If you have Jupiter in Libra your aim, everywhere you go, is to make people get along.

Jupiter is sometimes defined as the planet of luck and soul searching, whilst Libra is a sign of cooperation and great relationships, associated with the 7th house, that of partnerships, so you can only imagine that someone born with the Jupiter in Libra transit in their natal chart will prioritize relationships.

These people are keen to find their other half more than anything else. Jupiter can make them a little bit nomadic, so they will search the entire world for someone perfect. They would love to date or even spend their life with someone from a different culture because the variety would make them shine more.

Represented by the Scales, Libras want justice and peace and this position of Jupiter will help them work towards it.

These natives will look for fairness and equality in everything they will do. You will probably find them supporting different causes for the animal and human rights.

As far as their taste goes, find out they like expensive and refined things. They will collect rare objects and enjoy a life of luxury.

As soon as they will find balance in their life, they will start helping others achieve the same. So it's not impossible they'll work as yoga teachers or counselors.

In a nutshell:

Style: Gracious and trustworthy;

Top qualities: Wise, encouraging and fair;

Weaknesses: Prone to conflicts of interest and criticism;

Advice: You don't need to force yourself to cooperate with everyone.

The impact on personality

Jupiter Libras are beautiful both inside and outside, they are gracious and elegant creatures who will look to have stylish clothes and a beautifully furnished home. People will admire them for this.

Because they are also gentle and charming, they will have nice conversations with everyone and this will bring them many advantages. They will mediate fights and balance relationships because they're all about negotiating and being diplomatic.

Libras want equality, so Jupiter will help them expand their playing field in this direction. It will be impossible for Jupiter Libras not to bring peace everywhere they will go with these forces at work.

They could be great politicians or lawyers if they would only pick a side for which to play. You will often find them protesting for the rights of those who are less fortunate. These guys have a tendency to put other people's needs above their own. This is why friends and family will appreciate them a lot.

As partners, Jupiter Libras are supportive and loving. It's possible they'll forget about themselves completely when they will be in love. Many might take advantage of their kindness if they are not careful enough. And it will be very painful for them to have to cut off some people from their life.

Beauty and luxury bring them joy more than anything else. That's why they need to be careful with how much they are spending. While they are aware of what they truly need and what's meant to spoil them, they will still end up spending all their money at once from time to time.

If they would try to find beauty in their relationships and other things that are free, they wouldn't be broke so often. Jupiter Libras are the happiest when justice and equality are involved.

Interested in learning new things, they are flexible and they never take sides. Others can convince them to change their mind sometimes. When it comes to their work, they function better in teams of two.

Because they have a keen eye for style, they would do great as decorators or fashion designers. Writing and entertainment sounds good for them too. Jupiter Libras have ideals and are at their best when they collaborate with people who have the same ideas as theirs.

They are convincing but also open to compromise because they take other people's feelings into consideration. When they are working with people from other cultures and with different backgrounds, they are the happiest.

They are very curious to learn new behaviors and traditions. Not to mention they can make friends with anyone. Because of this, they will have many acquaintances and enjoy interesting experiences.

Jupiter Libras are noble creatures that inspire virtues and high principles in others. Their nobility comes from their elevated sense of justice. Their inner faith and the fact that they promote only peace makes them aspirational icons.

They believe people deserve to be treated equally and that diplomacy can fix anything, that's why they will contribute to make the world a better place. And along the way, they will get to enjoy the finest things in life.

The best wines, classical music concerts and exotic foods, these are all meant to feed their refined soul.

A balance of needs is required

These natives most certainly borrow from Libra's justiciar spirit so will never accept injustice or to argue over trivial reasons. Jupiter in Libra means people born with this transit will usually be successful if they work with these principles they believe in.

For example, they would be great lawyers, judges or referees. They may have issues when they'll have to make a decision. It's excruciating to watch them weigh all the pros and cons of a situation.

They hesitate until they are forced to come to a conclusion and when everyone will think they have managed to find a solution, they will change their mind over and over again, second-guessing what they have thought of before.

Because they love people very much, Jupiter Libras will be very lucky and surrounded by friends. Through diplomacy, they will solve many problems, be it theirs or others'.

The more they will pay attention to their own needs, the better. Dignifying people, they will do their best to be of help, not to mention they'll be able to dismiss what others are saying about them behind their back.

If they'll be able to contribute to the society and at the same time be creative, they will be the happiest because they would live in harmony. They also have negative traits, for example, they tend to have a big ego and to be too positive or greedy.

Sometimes they act snobbish and other times they are condescending. But if they are careful to be their funny, caring and sociable selves, they will be fine.

Every opportunity that will come their way will be explored because they will focus only on the good things. But it's important they don't become over-confident or they will be very disappointed when things are not going to go their way.

Not to mention they can become cocky and feel invincible whenever someone will agree with what they've decided. While they usually have a sound judgment, they tend to be too full of themselves and this can impede them from thinking rationally.

As said before, it's absolutely necessary for these natives, both men and women to have

their egos in check. This is the only way for them to remain down-to-earth and respectable.

The Jupiter in Libra man

The man with Jupiter in Libra will always treat others as equals. He will be innovative about his role in the family, at work and in the community.

It's very likely he's close to his mother and an opinionated feminist and this means he won't mind splitting the bill at the restaurant.

But the generous Jupiter may at the same time make him a gentleman who wants to spoil his lover with small gifts and attentions. However, his generosity needs to be reciprocated because he believes only in fairness.

As Jupiter is also the ruler of trust, he will give a lot of importance to this aspect when in a relationship. Mutual trust turns him on, as a matter of fact.

This guy is usually attentive to everything their lover has to say or do because this is how Jupiter influences the Libra. If he will be appreciated for his honesty and neutrality, he will be fulfilled and in love for a lifetime.

These are the type of people who get salary raises all the time because they're chasing financial opportunities and don't mind doing nasty things for money.

However, very inclined to spend more than they have, these people will often be in debt or even sell their possessions in order to get their hands on more money.

They will always stress about how much they have and surround themselves with things

they're even using.

It's important for them to look behind the materialistic side of life and to desire more than just possess. The 2nd house is also about self-worth, so they think of themselves as valuable only if they have money, which means they have a wrong perception and can't enjoy little things.

Because their expectations are high when it comes to finances, they will manage to earn substantially and to have as much as they need, and sometimes even more.

What drives them to succeed in life is their need for comfort and knowing their family is

happy. If they'll continue to plan and organize so that luck always comes their way, they'll manage to have a luxurious lifestyle and be happy.

It's normal for them to take on more responsibilities than they can actually carry, so a little bit of relaxation is definitely suggested.

These natives really need to a quiet place of their own where they can recharge their batteries. A lot of Jupiter's influence is about spiritual development as well, so they should listen to what their inner voice is telling them and take breaks when needed.

They really need to keep a good physique because only this way, they can continue to be productive and successful.

Jupiter in 2nd house individuals may have problems when asked to make a rapid decision because they don't have the time to just sit and think of a problem, and this can make their luck run away from them.

It's almost like the luxurious lifestyle is meant for them, but they should pay attention to share their wealth and to conduct legal businesses.

Spending in a more prudent manner is strongly advised because bankruptcy seems to be just around the corner if they're just throwing away everything they have all the time.

Saturn ♄ in ♉ Taurus man 29° 8'

([1018] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

For those with Saturn in Taurus in their natal chart, pragmatism is a way of life and they always tend to think about what could happen the next day, and they prepare for it in advance.

Always working tirelessly, putting the material situation upfront, they save money and are quite thrifty when it comes to spending them because they realize this could very well save them from a bad situation.

Because they care about their security and stability a bit too much, this could turn into an obsession. However, everything is not as bleak as they perceive it, and so they should try to look at things from a different perspective.

In a nutshell:

Style: Practical and generous;

Top qualities: Possessive, indulgent and friendly;

Challenges: Stubborn but also indecisive;

Advice: Try to obtain as much social support as possible.

Personality traits

The native with the Saturn Taurus transit in their natal chart is the type who wants to find security in their life, from all points of view.

Professionally, they will work hours on end, even put in extra time, all in order to make sure that they are one step closer toward accomplishing their goal. In today's society, money equals comfort, stability, and they realize this.

With an iron will and a very systematic approach, they do whatever it takes to complete their projects and reach the final goal.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation. Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the

way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

Transferable attitudes in their love life

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

The good and the bad

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

The Saturn in Taurus man

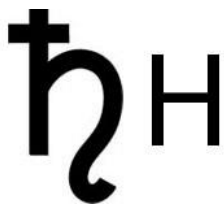

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

Saturn ♄ in IX 9th House

([1037] i.thehoroscope.co)

This placement of Saturn makes people open-minded and to not say no to new ideas but also value their time and not get involved in just about anything.

People born with Saturn in the ninth house in their birth chart have the most conservative philosophical and religious beliefs and they take them very seriously.

These natives concentrate on profound issues and are usually good at doing this. However, these individuals should be careful not to tire themselves as they tend to focus too much on issues that are not necessarily meant to solve their immediate day-to-day problems.

Summary:

Strengths: Spontaneous, logical and resourceful;

Challenges: Untrusting, naïve and cynical;

Advice: They should listen more to what those around them have to say.

Appreciated for their efforts

Representing thoughts, life philosophies and what the conscious has to deal with, the 9th house resides on the opposite side of the 3rd, which rules over the subconscious. Therefore, the 9th house modulates the performance of people's higher mind.

The expansion of the intellect is really what this house deals with, representing individuals' doctrines, how they view matters of lifestyle and the way they cope with fresh thoughts.

Saturn in 9th house people are open-minded and not likely to fantasize that much. They may even be completely shut to fresh ideas because they're pretty conservative, yet it's suggested they remain all the time flexible!

The 9th house is the position of broadened horizons, the place that helps individuals become students of life. Therefore, instead of just using only their own ideas, natives with Saturn in the 9th house should allow themselves to assimilate information until they become a real-life encyclopedia.

They have this ability and others will surely appreciate them for their efforts. While the 3rd house of Gemini is the place of popularity, the 9th deals with what has already been established and doesn't rule in any way over how popular people are.

Saturn in 9th house natives will always have to pursue adventure and to adapt their individual doctrines to everything that's perpetually evolving. That's why they need to travel and deal with new cultures or ways of thinking.

Saturn will reward them if they'll specialize in a subject, especially if it's something maintaining open-mindedness. It is with this placement that natives get to know Saturn's firm influence when it comes to discipline.

Individuals with this placement in their chart will be curious about the new and other people's impressions, also the mechanisms and facts beyond concepts.

They like it when feeling in sync with others and are using their mind to fish for opinions

that aren't theirs. They may flirt with all sort of morals, but never believe the truth is different from what they know it to be.

However, it's important for them to make use of their senses and rationality while analyzing what others may have to say because this way, they discover more about what types of truths are out there.

Dismissing what other people have to say may be in their disadvantage, no matter how threatened they may in fact be feeling.

A constructive perspective when it comes to what ways of thinking others have can be adopted, so they should let their friends and family express their different philosophies.

Being closed-minded has never solved anything, but many of them may have already learned this lesson.

Individuals with Saturn in 9th house can be pretty aggressive in their need to connect with God, always advocating what they believe in with a strength that can't be seen in others.

The organized Saturn likes to be in the 9th house of travel, influencing people with this placement to want to get educated, to be interested in studying philosophy and religion, or to want to deal with as many cultures as possible.

A lot of these natives' energy will be invested in forming deep spiritual connections and dealing with universal secrets that only great philosophers have wondered about.

If they have been forced into a religion when children, it's also possible for them to no longer believe in anything as adults.

For them, the connection with God is intimate and much obliged to be established by traveling, gaining more knowledge, talking to mentors, going to lectures and also experiencing with life.

It will never be enough for them to just believe other people's doctrines because they need to form their own. Saturn can play them here to be a little bit ambivalent when it comes to spirituality.

They may doubt anything that doesn't also come with material proofs, but in the same time be terrified to not get punished by divinity. They have probably dealt with complex philosophies ever since young, so they most likely got bored in school.

Questions of faith and existence altogether will always exist in their mind, but it's also possible they'll abandon a belief system just because another one has been discovered.

What's interesting about them is that they need to analyze from a scientific point of view what they've found out about different mystical concepts because the unknown makes them look for new meanings.

All the people with Saturn in 9th house are looking to experience and to develop their consciousness. Saturn will play the role of a guide in their philosophical journeys, throwing them into realms of imagination they didn't even thought possible to ever think of.

The goods and the bads

While always making sure it places obstacles in the path of natives, Saturn is actually more practical than many believe it to be.

When in the 9th house of mind, it makes people more spontaneous and logical, always questioning matters of religion and philosophy.

However, natives with this aspect can also be closed and cynical when hearing others' opinions. While practical, they still refuse to believe in ideas coming from others.

Being moderate would be great for them because they may have some realistic beliefs that only require a little bit of trimming. They desire to learn as much as possible and in the same time fear the new, which makes it difficult for them to open up. Being old-school, they prefer to not fix what they believe isn't broken.

When Saturn in 9th house is in good aspects, they will be the opposite of all this and continue with their education until later in their life.

This planet will ask a lot of efforts from their side if they want to become more knowledgeable, but they won't back down.

When in bad aspects in the 9th house, Saturn will have these people religious and not at all interested in different views others than their own.

Every trauma from their childhood years may be deeply felt, so the ones who have been forced to adopt a certain religion when young will become atheists or nihilists as adults.

Saturn in 9th house will most of the time influence people to want a higher education because they'd be very curious about what they could learn in colleges or universities.

All they need to make sure of is that the teaching methods where they're studying are fun and encourage the exchange of opinions. They should focus on criticizing themselves because this could help them evolve.

There won't be a problem with their practical way of thinking as long as they'll continue to be creative and come up with new ideas. The fact that they're always bringing logic into discussion has them appreciated by many. It's amazing to watch these natives making different philosophies a reality and also to talk to them about the humanity.

Furthermore, they should never dismiss ideas that don't resemble theirs because different experiences and perspectives could have them expanding their knowledge.

Saturn in the 9th house will make many of them stick to their own beliefs, even if some of them may work on their own ideals and morals.

Positive change should always be welcomed as long as it doesn't cloud their judgment because communication through different kind of ideas can teach them about new experiences.

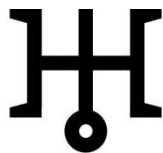

It's not bad that Saturn influences them to be conservative, even if this can sometimes be in the way of their progress.

Saturn ♄ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may doubt their worthiness as human beings. May avoid taking responsibility for their mistakes and be fearful of taking chances. There is often subconscious fear of rejection and loss. Their limitations and burdens are self-imposed. This may be the most difficult retrograde.

([920] cafeastrology.com:) There can be more than usual experiences of guilt and self-doubt when Saturn is retrograde in the birth chart. Fears are internalized and they might put on a brave front so that others don't see them as vulnerable. There can also be a strong fear of letting others down or of not filling their responsibilities – essentially of making poor choices. Sometimes the childhood was not very disciplined or orderly. In some ways, having Saturn retrograde in the chart tends to function much like a strong Uranus, where the native is uncomfortable with an overly orderly or disciplined life. People born with Saturn retrograde might feel especially anxious or nervous when they are in situations that call for protocol, etiquette, or specific sets of standards and rules.

hand, and on the other, how rebellious you are.

They can improvise so well because they are resourceful, creative, interested in gaining more knowledge, analytic, and they are born to change the world as we know it.

Science attracts them the most because it has the greatest potential to bring about a new era for mankind and they most certainly want to be part of this.

In a nutshell:

Style: Sensual and sympathetic;

Top qualities: Observant, reliable and modest;

Challenges: Fussy and easily offended;

Advice: Physical exercise is really good for you.

Personality traits

These natives are very meticulous and analytic individuals. They will spot the inconsequential details right from the start, and they will focus on the most important aspects of a given situation.

This makes them more efficient, productive, and it reduces the risks involved. What's even more admirable is that they aren't going to brag about their success, and won't act in self-righteous ways to promote their ideas. A simple gesture of appreciation will suffice to validate their efforts.

Thanks to their deeply critical mindset, these natives will often find many diverse methods to approach a problem, all stemming from all the analyses they've done on the subject.

With this much research, as well as the intellectual flexibility, these natives won't wait long before trying to create entirely new avenues of scientific study.

They are very creative and inventive workers who use their own experience and intuition to ease work and convert any tension into production power.

Naturally, the Virgo is one of the Earth signs, and this means that they're not likely to accept change in their midst.

Changing their routines would take from the comfort of leading a life filled with a sense of the familiar. Social conformism would come easily to them, if not for Uranus' influence which brings them the raw energy of a star coursing through their veins.

Now, staying in-doors and feeling fulfilled with a boring lifestyle would be a death sentence. They become innovative, flexible, adaptative, the type who wants to change as many things as possible, just to see what happens.

They could let others come in to help, if only with just some advice because this native doesn't trust people that much.

Even though the Uranus Virgoans don't wish for their efforts to be put into the spotlight, they wouldn't reject the opportunity to work in PR, for example, or in high positions where they have to take on the role of a leader.

In fact, these positions would ensure that their abilities are perfectly used to get the best results. The new intrigues them, and this includes technology, innovative additions brought to the fields of medicine, environmental health, tech stuff that puts most people at odds with their intelligence.

They are respected by everyone because of their amazing self-control and professional attitude.

The Uranus Virgo natives have split apart between their love for the new technology rising fast, for the prospect of experimenting with the upcoming digital age, and the spiritual connection with nature, with what comes before anything man-made.

They will revere and respect Mother Nature and its manifestations, even going so far as to organize marches for the protection of trees, of near-extinct species of animals.

They'll likely choose to alternate their lifestyle, going full vegan, and paying close attention to their relationship with the environment.

A non-conformist lover

In love, the Uranus Virgos won't accommodate their beliefs to age-old traditions, and won't subdue their freedom of thinking just to have a "normal" relationship.

The non-conformism manifests in the unusual type of bond that one has with their partner. These people will have their own way of going about doing things, their decisions are their own, and they won't expect their partner to agree with them unconditionally.

Each individual has their own perspective on things, and both of them will have fought on through life with a certain type of principles that differentiate them from everyone else.

It couldn't be better because the Uranus Virgo capitalizes on this boldness and working

power to take the relationship to the next level.

The good and the bad

The Uranus Virgo natives are very responsible individuals who never let themselves get distracted by anything, no matter how passionate they might be about that subject.

Responsibilities and day-to-day tasks are essential for a stable lifestyle, and it's also the fact that having something to do keeps them on their toes, always ready if something unexpected happens.

With this much raw energy burning down inside them, ready to be unleashed at the slightest sign of danger, these are itchy to release it and often find the opportunity to do it in creative endeavors or put it toward their observation skills.

Their greatest flaw is the obsessive need to be in control of everything and everyone. When they feel like something's bound to slip from their grasp, these natives lose focus, start getting anxious, annoyed, and end up doing stupid things.

This is how it works when they're planning something and they expect the validation of others. Because they can't control what other people feel and think, they want to be sure that everything's in order.

Of course, it's not that they actually pay attention or take into consideration exterior advice, but that validation and appreciation are paramount to their potential.

The Uranus in Virgo man

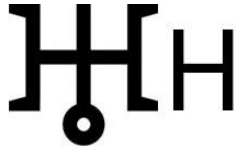

The Uranus in Virgo transit influences this native in a peculiar way, making him become really efficient at deconstructing a certain problem into its barest parts, in order to find out exactly what the best solution is.

But it also made him uncertain of his own ideas, with an urge to seek outside validation.

Although there is a lot of untapped potential deep within him, with the raw energies spilling forth into everything he does, this one aspect puts everything to shame.

Also, this man never settles with the simple explanation, with what appears to be insufficiently complex, and wants to conduct research on his own.

While the planet Uranus inspires them to always change, they'll get to do great things when sticking by their own ideas for longer periods of time.

They love to talk and to exchange ideas, but they may find it troublesome to sustain some of the solutions to problems that they have found.

After they've worked with one of their own original ideas, it's very likely for them to just get bored dealing with the details because the next problem coming towards them seems to be more interesting.

This shouldn't bring them down that much, especially if they're surrounded by people whom they can trust, but if many count on them to do their job in a very efficient manner, they may face difficulties as a result of getting bored too easily.

Looking at a Uranus that's challenged in the 1st house, it can be seen the natives of this placement have had troubles with their own image during their past lives.

The Ascendant influences their personality a lot, also in matters of how they're seeing themselves. Therefore, through the Rising sign, people filter all the psychological functions that give them a correct image of themselves.

So as said before, Uranus in challenging aspects in the 1st house indicates unconscious memories regarding self-appreciation.

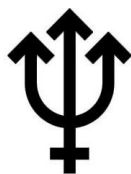

These may indicate that in past lives, people have had many tattoos or piercings and now the natives are so preoccupied with their image.

Therefore, in this life cycle, they may try to reproduce the way they're seeing in their own unconscious. This can also be one of the reasons why they need to always be different from the crowd, especially when young.

It's important for parents having teenagers with Uranus in 1st house to understand their sons and daughters need to look the way they're feeling and that no one can change this about them.

If children with a challenged Uranus in 1st house would be criticized and ridiculed for the way they dress, they'd be very traumatized, so their parents have the duty to be gentle with them when it comes to this.

Neptune ♃ in ♈ Capricorn man 4° 28'

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

In a nutshell:

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;

Challenges: Stubborn and selfish;

Advice: Do only what keeps you happy with yourself.

Personality traits

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to follow.

The good news with their realism and good-natured personality is that they are pretty much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

The positives

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

The negatives

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

The Neptune in Capricorn man

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

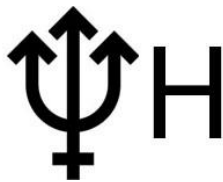

If you so much as need anything at all, they are there to do it, no matter what it is, with a bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

Neptune ♃ in V 5th House

([1081] i.thehoroscope.co)

This placement of Neptune makes people benefit from a very rich imagination so their lives tend to take quite dramatic and exciting turns.

When in the fifth house, Neptune has an influence over romances, imagination and children. People with this placement have the ability to put themselves in others' shoes and to know what their loved ones are feeling.

Natives having Neptune in 5th house are talented actors, or they just love going to the

movies and the theater. Their imagination is very rich and they are more romantic than many other people with different placements.

Summary:

Strengths: Glamorous, eccentric and diplomatic;

Challenges: Secretive, unrealistic and manipulative;

Advice: They need to refrain from being envious.

Attracted to everything that's erratic, mysterious and unconventional

Very creative and having an imagination that goes beyond any limit, natives having Neptune in 5th house are great people who prefer to express themselves in a dramatic way.

They may also have a talent with taking care of others because they can make people feel good and don't mind offering their help.

Their strongest need is to be admired, especially when it comes to romance and what they're doing for love.

Fantasizing about the ideal partner, they're too dramatic and sometimes imagine things, so many of their partners will decide to leave them.

They may not see love as it actually is because they have these rose-colored glasses when it comes to issues relating to love.

Attracted to everything that's erratic, mysterious and unconventional as far as love goes, they may fall for people who need to be saved, are cold, don't want to commit or have no idea what to do with their life.

Being so dramatic can be exhausting for them, so they should find a balance in life and to keep their high ideals, while not expecting everyone to live up to their expectations.

As said before, Neptune in 5th house individuals are very good actors, so their creativity exceeds the normal limits. Passionate and seductive, they could attract anyone and make love whenever they want to.

When they've fallen for someone, they really let themselves go and no longer care what is happening with other things in their life.

It's essential for them not to become unrealistic as far as romances go because they can fall in love with people who aren't available or with images of individuals that don't in any way show the real person.

Neptune 5th house natives may need to examine what's glamorous and fascinating

about love in general, their own creativity and the children they're interacting with.

This planet can cause to feel unfulfilled until they have a child of their own. It can also make them feel very disappointed when their partner or children don't live up to their ideals.

Many individuals with this placement get involved in relationships that can't be revealed to the world and fall in love easily.

All these things may be good for them because they make them great artists. It's also very likely they have an offspring who has great talent with music, painting or other things related to art.

Some of them have their children sacrificing themselves for their happiness, in one way or another, so when feeling life's difficult, they may turn to their offspring to become safe.

Wherever Neptune is placed in a birth chart, it shows the ideals and dreams of natives. It's also the planet that's responsible with influencing people to wear rose-colored glasses, which means it has a lot to do with denial and with making individuals see and hear only what they want.

The 5th house of love, children sex and gambling is influenced by Neptune to bring in a lot of imagination when it comes to all these things.

Those having this planet here would idealize their partner and think of many possibilities they could have with romantically unavailable people.

They may also not see the bad in others and think people who've done them really nasty things had a reason for being the way they were or perhaps have rehabilitated.

These natives can only see what's good about a person and think those who have ugly things to say about others are in fact either envious or extreme.

As they only see what they want, they may think of their relationships as being something more than they actually are.

Therefore, while their partner would be cheating and lying to them, they'd avoid believing all this and staying next to that person for as long as possible. It's very likely for them to be in relationships that don't make them happy.

These natives are the type who wants to rescue, so they'll only grow to be attached those whose life seems to go downhill.

They simply love drama and, even if they don't admit it, they're loud, exhausting and too

much for others to handle.

When it comes to what the 5th house deals with, they will be very secretive and in the same time overjoyed, no matter if all that's happening with them is only in their mind, considering they tend to fantasize and be disillusioned.

Obviously, the aspects in which Neptune is with other planets matters a lot when talking about the traits individuals with Neptune in 5th house have.

This planet is a not too clear mirror that reflects the energies received from different other celestial bodies. Therefore, when in positive aspects with planets, it has a great influence over the traits belonging to either house or a planet.

Neptune in negative aspects can be malefic, passive and only a receiver. Amongst other things, the 5th house rules over joy and relaxation, so natives with this placement may really appreciate things related to these aspects of life.

They simply love dancing and if women, can be very seductive in their movements. It's like water flows through their body and they can dance to any type of music.

It's also possible for them to be great poets, depending on the aspects in which Neptune is. Also ruling children, the 5th house influences people with this planet here to have dreamy sons and daughters.

These little ones will be fantasizing all the time, and not really care about everyday issues. This means they'd make great artists and could achieve success without even struggling.

But at the same time, they'd be very sensitive and always charged with strong emotions, which will also be a sign they're good psychics and in school, they can rely on their intuition all the time.

Neptune in 5th house natives will be very secretive about their children. Men with this placement may have one kid and not know anything about him or her, while women would say their relationship with the little ones is complicated.

When Neptune is in bad aspects with Pluto, Mars and other malefic presences, the women with these placements may suffer miscarriages or can have many abortions.

That's why they should avoid using drugs as these could either make them pregnant when they don't want to, or cause them to abort the child they'd want.

Adoption is very possible with Neptune and the 5th house so there also many good reasons to be happy about this placement.

The goods and the bads

People born with this astrological placement are very enthusiastic and want others to see the world the way they do. They will take their loved ones with them in their adventures because they want closeness when traveling.

Able to inspire optimism as they're always happy and positive, they'd make great leaders. Their methods of bringing hope and inspiring people to live life as happily as possible are not known, yet still very efficient.

It's normal for them to have many friends and to change partners like others change their socks. They don't see a problem in being like this because falling in love seems to be their favorite thing to do.

And they're very good at it, considering their partners are always happy and fulfilled. It's in their style to spoil their lover and to want appreciation in return.

As a matter of fact, Neptune in 5th house natives can exaggerate with the way they're pampering their other half, making it difficult for many to be able to return the favor.

When not appreciated for what they're doing, these natives get to feel disappointed and even hurt. It's important they don't allow their partner to become as dramatic as them, especially when it comes to problems that don't even matter that much.

Having a quick temper and a big ego, they may actually be difficult to deal with when in a long-term relationship.

They should pay attention and not fall in love with those who aren't meant for them because they tend to idealize people and to fantasize about things that aren't real just for the sake of drama.

Neptune ♃ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

([920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Pluto ♅ in ♍ Virgo man 7° 49'

([1094] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

The natives born during Pluto's transit through Virgo may feel this urge to change the world from an early age or on the contrary, they might keep searching for their purpose, without understanding that, deep inside, they've known it all along.

However, in spite of their determination and high-strung ideals, there may still be concerns that others would shun them, that they would look down on them for such naïve ideals. It'll be quite difficult to fulfill these humanitarian desires if these natives don't toughen up and hopefully, this will come with age.

In a nutshell:

Style: Healing and perceptive;

Top qualities: Committed, perfectionistic and sensual;

Challenges: Fussy and disruptive;

Advice: You can gain more efficiency when working with others.

Personality traits

As a Plutonian Virgo, you are a very intelligent individual who always prefers to do things with utmost seriousness, letting nothing escape out of control.

You observe, analyze, organize your workspace so that it helps with efficiency, and you strive to become better at doing your job.

Nothing is more important than this perfectionism, this deep desire to develop. Because you are also pragmatic and see reality for what it is, the solutions you find to any given problem are always the best ones you could find.

These natives seem to have everything planned out from the very beginning. Having to realize one day that something has appeared that impedes your plan would be akin to losing a limb.

The most likely thing to happen, actually, is the change in and of itself. The

transformation of society, the change in the mentality of the people, there are many changes that could amount to great risks in this regard. As a result, you try to keep everything under control and hope for the best.

Those born with Pluto in Virgo in their natal chart can be very attentive to the details, always analyzing and observing the minute changes, which is why they would be perfect working as a scientist or a doctor.

Both jobs require one to be incredibly patient, calm, and very meticulous with how they deal with the problems at hand.

Speaking of problems, these natives thrive when confronted with challenging situations. They adapt, become better at what they do, and eventually overcome even impossible odds in order to reach their goals.

One of the personal issues that they have to deal with is the perpetual irritated attitude when they have to deal with less amiable people.

Perfectionism, as always, can lead one to the lack of happiness, self-pity, an unfulfilled lifestyle, constant disappointments, and a low self-esteem.

Plutonian Virgos fall into this category quite.... perfectly, pun intended. What they have to do in order to avoid such sticky situations is to become more self-aware, take a step back and approach situations with a clear mind and a steady hand.

Not everything has to be perfect, and not everyone looks for perfection. Failures are but a way to hone their skills further and gain experience.

Pluto in Virgo in love

With perfectionism in mind, you can of course guess that even love relationships for Plutonian Virgos tend to be more realistic than the norm.

Without beating around the bush, let's just say that these natives are always looking to find an intellectual partner, someone with whom they could share their bed, but also someone to talk to when they felt like.

Sapiosexuality is a thing in and of itself and these people are most certainly the exponents of this trend. As such, they strive to find a cultivated partner their entire life.

And even when the situation appears to be hopeless, they don't seem to give up but rather become incentivized to try harder.

All in all, it's a fact that those born with Pluto in Virgo in their astrological chart have certain expectations from a relationship, and they only want someone who can match

their life perspective and their actions.

The Pluto in Virgo man

The last time Pluto transited Virgo, all the military conflicts and wars that had taken place, especially the World Wars, had taken a huge toll on men as a whole, having distorted their image, and had also crippled them emotionally.

Those individuals who escaped from the front were unfit to lead a normal life, always haunted by nightmares, anxiety, the perpetual feeling of fear, adrenaline surging through their veins every time someone took them unprepared.

With the naturally introverted personalities of the Plutonian Virgo men, they were basically condemned to a life of solitude.

However this is not entirely true about the heritage the man with Pluto in Virgo carries, because this man is resolute and knows what fulfillment looks like for him.

He will be involved in humanitarian activities, even attend philanthropic events, beyond the purpose of personal satisfaction.

He is a pretentious lover, but he gives as much as he expects, plus he accepts that gender roles have changed in time so will wish to be his partner's equal.

Pluto ♇ in I 1st House

([1101] i.thehoroscope.co)

This placement of Pluto makes people go about their lives with vigilance and heightened awareness but this is not to say that they don't have a lot of fun too.

Those born with Pluto in the first house of their birth chart are very intuitive and very intense, in the sense that they are searching for the truth, whatever form it may take.

As such, don't even think about deceiving or lying to them. It's not going to fly for too long because they'll quickly discover your subterfuges.

These natives are very suspicious and wary of people and new situations, afraid as they are, of getting hurt or disappointed. Nothing can lull them into a false sense of security

because they never drop their guard.

Summary:

Strengths: Charming, warm-hearted and observant;

Challenges: Aloof, moody and suspicious;

Advice: They need to relax more and simply go with the flow.

On a path towards freedom

Pluto in the 1st house natives exude a natural aura of authority and intensity that keeps everyone wary.

This impression of strength and boundless mystery is what's giving them some breathing room in this busy world where everything is against them.

This reality is too harsh and incompatible with their vision, and so they want to avoid being hurt or going through harrowing experiences.

This form of isolation that they live in is self-imposed, a state of constant vigilance and suspicion. They don't give their trust easily to anyone. Usually, they want to know what they're dealing with before taking any actions.

They're doing their own thinking without paying attention to the rest of the world. Other people might believe them to be crazy or unconventional, but they don't care.

As the eternal lone wolves of the zodiac, the Pluto in 1st house natives break apart all conventions and rules, doing everything for their own development and evolution.

On the path towards freedom, independence, and comfort, they will have to adapt to the many situations that appear, but they aren't very keen on doing that.

All in all, in spite of their solitary natures, they still need other people to validate their feelings and thoughts. Plus, they also want a relationship.

Strangely enough, the process of falling in love and getting close to someone is fraught with mood changes and issues.

Affection, indifference, love, hate, all of these feelings will mingle around and create spontaneous transformations and emotional turmoil.

In a relationship, these natives tend to expect a lot from their partners, but they aren't prepared to offer much in return.

There will be a lot of arguments and conflicts, each of them getting harder and harder to manage. This process takes a long time and, hopefully, it will end in them learning about

selflessness.

One of their greatest fears is being dominated, held up against their will, marked by the inability to pursue their callings.

However, despite this, they are still looking to fall in love and establish a relationship.

The sense of belonging is probably too strong to ignore. A lot of people learn from mistakes and failures, so the same goes for them in such short-term relationships.

By putting themselves out there and going through any break-ups, they will learn to live with themselves just as well, to embrace their nature.

Essentially, the only way this is going to happen is by learning to treat other people fairly, to stand tall against the winds of change and avoid getting emotionally unstable and angry out of nowhere.

Pluto is putting enough negative energy in them as it is, so being so distant and edgy will only make it worse.

These people can go very far though, and this can be seen from how curious and inquisitive they are. Literally, nothing goes past them without being taken for a detailed perusal. Perhaps, there are mysteries to be discovered.

Sometimes, it could be that the Pluto in 1st house natives feel the need to be in control, to have authority over someone, to dictate and give orders.

This comes as a result of the rampant spirit wreaking havoc inside them, courtesy of Pluto. Although it can be directed toward a sexual release or even better, toward pursuing their goals, many times it just explodes outward.

Anyway, the strong sense of dissatisfaction and grief that accompanies failures is too strong to resist, especially in their precarious condition.

These traits must find a way to coexist peacefully, for harmony to be attained if they are to reach their full potential.

The goods and the bads

The Pluto in first house natives can only manage to get over these inner contradictions and escape this existential dilemma by finding some answers, questioning existence itself for the problems they are dealing with.

Only by satisfying this need will they even manage to take control of their lives. Their identity is forming just about now, and there will be many times where they just lose it,

feelings of regret and sadness.

They might even resort to unsavory methods to get what they want, like lying, stealing, manipulating people, and this is also a result of this identity crisis.

People have different opinions of them, each more negative than the last, but this won't last for too long.

One of the good things about these people is that they usually don't waste any time with small talk or uncertainties.

If something must be done, you can be sure that they will start doing it right now.

One's obligations and responsibilities are incredibly important, a hallmark of personal firmness and maturity. Moreover, they are very intuitive and are able to predict what will happen in some situations.

This gives them the opportunity to try to change or avoid problems. Putting this to good work will make the difference in the future.

These natives are control-freaks, in that they want everything to go by the book, according to the rules. The unexpected and spontaneous events annoy and scare them.

In general, they are perfectionists and want to do their job splendidly, putting incredible amounts of effort into it. Also, being the first in everything is one of the primary goals of these natives.

However, what this does is put even more pressure on them, instill emotional tension and make life not worth living anymore.

They need to take a step back, relax, let everything flow naturally. What is unknown and mysterious will reveal itself eventually, and they don't have to fret about it so hard.

North Node ♏ in ♌ Leo 26° 48'

(Georges Muchery)

The Dragon's Head in Leo helps the native to realise his desires, which are of a lofty nature. He has a fine ambition; and even if he is not an artist, he is none the less a man

of good taste, a lover of form and of everything that is fine and noble.

His fine imagination should enable him to discover or invent new, pleasing and attractive things, which will profit him. His enquiring mind makes him continually desire to know and learn everything new. This helps him to progress. The Dragon's Head in Leo enables the native to conquer the difficulties of life.

The Dragon's Tail in Aquarius causes the native to be easily deceived. He is inclined to be indolent. He does not react, nor know how to act wisely; and this is detrimental to him. People should be kind, but they should know how to discriminate, and this is not the case with the Dragon's Tail in Aquarius, as the native is too much inclined to listen to fine words. This position also indicates deceit over love matters; it is a sign of infidelity on the part of the native or his partner. It also upsets either the mental or the physical balance.

(Isabel Hickey)

North Node in Leo gives executive ability and qualities of leadership. Needs to be independent to do a good job. Has nobility and pride. The virtue hidden in pride is self-respect. To this, Leo has the right. If self-respect is lacking, the individual would have the ability to cultivate it in this life.

South Node in Aquarius shows the past habits have been to retreat from the world because of a snobbishness or distaste. Strong egocentric tendencies have to be overcome.

(Martin Schulman)

The Leo North Node symbolizes a struggle with the will. In this incarnation, the individual is learning to develop strength within himself. Conditions force him to stand alone, very often with the absence of shoulders to lean on. He eventually learns that if his life is to be better it must be created by himself. But before he can build any such creations he must overcome his lackadaisical carefree attitude.

He still continues a past-life tendency to spend too much time feeling sorry for himself at his lack of friends when he feels they are needed most. Somehow in moments of stress, others always seem to be absent. Long periods of loneliness, isolation and in many cases a good part of the time spent as a hermit are not uncommon.

Ultimately, when the mind is made up, there is little that can sway this individual from his destiny. He must learn that his isolation is a self-imposed prerequisite for gathering strength. Very capable of strong leadership in this life, he must learn to overcome all doubts within the self.

The continuance of his past-life desires for friendships actually weaken him, as they do

little to build his individual confidence. He must learn how to become more goal-oriented rather than following his accustomed tendency to dissipate his energies. The interesting thing is that while he continues to think he needs others to answer his questions, he rarely takes their advice.

The friends that he does have will be from all walks of life. In a sense, this increases his scope, for they bring to him now the awarenesses that he earned in former incarnations.

Once determination takes root, there is no stopping the path towards success, for he does not like to settle for second best. Much thought is given to the future. In fact, he is used to living there, until one day he makes the realization that 'today is yesterday's tomorrow' and that nothing will exist in the future that is not created now!

He is not the easiest of people to understand, for he will do anything to retain and emphasize his own sense of individuality. In past incarnations, he developed a detachment from the majority of the world, allowing him to feel free to go his own way. Now he takes pride in being unique and different, caring not as much for the traditions of society as for whatever rules he has set up for himself.

His main difficulty in this life is a lack of control. Without discipline he can generate his power into useless projects, until he realizes that nobody will stand over him with a whip.

If he builds on past-life knowledge, he has a great ability to do something for the human race, for he is capable of depersonalizing his actions for the good of all mankind.

Many with these Nodes live a rags-to-riches life, the big change coming after the tendency to overlook is turned into an ability to oversee! Their greatest amazement occurs when they discover prior-life talents in themselves that they never thought they had.

Happiness is reached once principles to which to dedicate the life are found. Furthermore, these principles must be unshakable so that the individual feels he is creating something solid. He will then identify his life in terms of the size of the principles to which he has attached himself.

Disturbed by the scattered activities of others, which remind him of his own past incarnations, he feels the strong need to see life moving along a directed course towards a specified goal. Still, he wants to retain his complete independence. As a result, he finds it difficult to tolerate others cramping his style. When they do, they will find him constantly testing limits.

The Aquarius South Node brings with it past life roots strongly embedded in the principles of fairness and equality. In the current life, the individual is given the opportunity to be on his own so that unhampered by others he may express his intrinsic

beliefs. His job now is to show people as flamboyantly or as powerfully as he may choose the ways in which the world can overcome its burdens. His greatest achievements occur after he has surrendered his personal will to the service of humanity.

There is no question but that this is good leadership material so long as the ingrained past-life Aquarian sense of fairness is never violated. This individual is capable of making revolutionary changes in what was once established tradition. He is first, last and always amazed and fascinated by all the possibilities man can reach. At the same time, he is offended when he sees people pitying their self-imposed limitations, for well he knows the experience of pulling oneself up by one's bootstraps.

He aspires to stand tall and not be ridiculed for those beliefs which he has struggled so hard to express.

While his capabilities for love run deep, the rest of him is not too far below the surface. The continuation of his past-life attractions to momentary fascinations keep throwing him off the track, making it difficult for him now to see the core of his true self clearly. And so, he must identify with his achievements as the only real barometer of his worth.

Though he may at times strongly wish to be alone, he could never live without people, for he thrives on their admiration of his achievements. He believes in firm justice, and yet he is quick to pardon once people have admitted they are wrong. He is never one to strike when a person is down. The sense of fair play has become such a part of his soul that although he feels he should be more competitive, it makes him uncomfortable to be part of any competition which involves foul play.

Things which wouldn't have bothered him in past incarnations suddenly become important as he starts to dig into life rather than disassociate from it. Although it is his present life karma to apply his Uranian ingenuity through practical and traditional Leonian outlets, he still struggles to maintain his unique character.

Some with this position spend the later years of their life alone. Others who are married still hold onto such a strong streak of independence that they tend to keep other family members on the periphery of their circle.

The house position of the South Node indicates the area where past-life needs for originality and freedom are still seeking expression.

The house position of the North Node shows the area through which all the chart energy can be focused into a new shining creation of substantial size and worth, a gift of generosity to the world. Truly these are the Nodes of the 'inventor'.

(Mohan Koparkar)

Previous incarnation for this person was spent in many unusual activities. He seldom had time to be individualistic. Most of the efforts were towards achieving things for others. In this time, he has decided to be substantially individualistic. Making his own name or getting the credit for his work is significant in this lifetime. Cultivation of personality, ego and general magnetism is noticed in this person. He will use his powers and connections to get where he wants to go in life. He may have to step on others; but he will look at that as a favor to them, and later on when he is up there, he will help those who indirectly were helpful to him. Strong self-conditioning and self-confidence is noticed in him in this life.

(Donnad van Toen)

You need to learn to love deeply. Your Aquarius South Node may reply: 'Who: me? Whaddaya mean? I love absolutely everybody. Except for my ex-best-friend and my ex-lover, and that snooty sales clerk who implied I had no taste....'

Your problems may include that you are looking for Utopia. Your ideals have frustrated your needs for love and companionship.

Possible reasons for these problems: You're inclined to be lazy about developing your creativity, preferring to idealize others' accomplishments at the expense of your own. You spend most of your time serving others' causes at the expense of fulfilling your own goals. Traumatic experiences have caused you to retreat from the world to some extent. Ingrained stubbornness hinders the formation of relationships. A subconscious superiority complex.

Possible solutions: Get in touch with your need for dignity, and channel it properly. Discover and use your fertile imagination. Learn to lie skillfully. Have a lot of lovers. Devote yourself totally to a humanitarian organization, cause, or activity.

North Node in Leo almost always has some degree of untapped creativity. Sometimes shyness keeps it untapped. The shyness is in itself a manifestation of the untapped Leo north node potentials, since Leo is the sign of confidence. South Node in Aquarius encourages the individual to lose himself or herself in a whirl of friendships and acquaintance-making, or in some vast utopian ideal. In either case, the motivation is to avoid having to come to terms with his or her own individuality. These people are seldom recognized as shy, because their shyness manifests on a personal rather than a public level.

Another manifestation of Leo North Node - Aquarius South Node imbalance is seen in the person who leaves more prosaic creativities untapped while he or she searches for

that great talent that will make a contribution to the world. The Leo North Noder isn't content to enjoy developing his or her creativity unless he or she can make a great artistic, dramatic or social contribution to posterity.

In my experience, people with an over-developed Aquarius South Node are generally: kept busy dealing with other people's problems; wanting to be in the spotlight, but they often wind their contributions get obscured; egotistical in an unusual way - they empahsize equality and refuse to acknowledge that some people have more potential than others: in other words, you can't do any more than they can; intellectual at the expense of their emotions; spiteful; fond of shocking others; extremist in their work for change; contradictory, in that the brain doesn't know what the heart wants; averse to traditional marriage - women are often militantly liberated to the point where they resent or dislike men in general; and inclined to believe everything you tell them about themselves as long as it's flattering.

North Node in Leo would like to be seen as someone with a tremendous amount of vitality. He or she wants to be known as someone who's attained creative or business success. He or she may aspire to be a famous movie star or politician, or may want to be known for his or her lovely home or lavish parties. He or she wants to be respected and able to impress others. This person is social and capable of expressing emotion, albeit in a rather detached way. He or she may have some rather funny loyalties or a misconception of loyalty. this may serve to prevent success, as the person is inclined to be afraid that his success might inconvenience or be unfair to others. This preoccupation with the good of the group, as opposed to his or her own good, can lead to unpredictable behavior that brings more controversy than respect.

Antidotes for Leo imbalance: psychodrama or dramatization of the nodal dilemma can be helpful if the repression is severe. Interior decorating, set design, etc. can be excellent antidotes if there's aptitude in these directions. Political involvement and involvement in community action programs are ideal for stimulating a sluggish node in this position. The client should be encouraged to accept leadership roles in any capacity for which he's suited.

The client should be engaged in a 'What would happen if...' diaolgue in which he or she is asked to visualize the worst possible things that could result from developing the North Node. You should then help the client deal with these fears. This technique works best with clients who are able to laugh at themselves, since it's often necessary to point out the preposterousness of their fears.

You should make certain that the client hasn't confused ambition with ruthlessness, since this seems to be a frequent misconception with both Aquarius south node and north node in the fifth house. It seems seems to be less common with Sun square nodes, et al., although it sometimes manifests here as well.

(Haydn Paul)

For personal growth, you need to determine clearly your life direction and then focus and apply willpower to achieve objectives. This can be a challenge, as you tend to dissipate energies in different directions, partly due to a lack of future planning. You need to realize that you shape future experiences through the consequences of thoughts, actions, values and attitudes. What you do today creates your tomorrow; and a favorable future depends on choices and decisions in the present. If choices are misguided, you will face the inevitable disappointing consequences later.

To achieve this new life direction, you have to become more individual, breaking free from the consensual social conditioning indicated by the Aquarius South Node. This does not imply that you become eccentric or socially alienated, but rather that you become more self-reliant and independent, true to your own light and taking responsibility for your choices and life path. Positive gains from this can include selfconfidence and self-understanding. Moving beyond unnecessary doubts, you can realize your potential once your life direction is determined and relatively few obstacles block your progress. Asking others for signposts may be unwise and weaken determination or send you in a wrong direction; unfolding this path from within becomes your source of guidance. Once this direction is clarified, meaning and purpose are discovered, and pursuing this task will engage your willpower.

Yet this is not a search for a self-centered path; it is one which combines independent self-expression with awareness of social relationship and interdependence. Your proposed growth should ideally benefit all, as well as yourself. Building a personal value structure is important, and you will try to stay true to those guiding life principles which provide a firm inner foundation.

Your new creative direction can be effectively released in the sphere of life indicated by the North Node's house; and as your new worldview develops, you may feel inspired to share your beliefs more widely. Your humanistic concerns will dampen as feelings of social responsibility and contribution expand. Your growing idealism and altruistic spirit will shine more clearly, reshaping life by your ideals, so that by pursuing your path, you also contribute to benefit others.

The main issue concerns individual and group growth, and may focus on social needs for fairness and equality. Once a direction is established, you may emerge as an inspirational leader, aiming to create constructive change within traditional social practices and thought. Such activity may prompt mixed reactions from others, especially as progressive attitudes may be 'before their time', and difficult to be integrated by contemporary society. But your independent spirit must be retained, so that your transformation and new socially creative expression indicates a way that society can also take. For yourself, purposefully direction energies in creative and productive ways will bring satisfaction. But you should never forget the existence and needs of others. Be

true to them also, because, by your living your humanitarian ideals, your path is formed.

(Bruno and Louise Huber)

In the fixed sign Leo, we are concerned with gaining a secure position in life. Leo is also a Fire sign; and the Leo personality consumes for its own benefit the living space surrounding others. Leo wants to be a monarch, and to possess a realm of which it can be said: 'Here I am at home, and here I will carry out my activities. This is my territory, and I will never surrender it'. Leo always keeps a firm grip on a personal world that represents security in the changing scenes of life; and, of course, people play a decisive part in these scenes.

With the Node in Leo, we should adopt a positive, well-defined attitude to our environment. We ought to make ourselves known, place ourselves in the center of our world, and learn to cope with it. Usually the world does not leave us alone but is continually provoking confrontations. Anyway, this position of the Node helps to correct our development, and brings us out into the open.

In charts indicating a certain hesitancy or nervousness over making one's presence felt, a Node with this placement may help to overcome this tendency. The Node here encourages the individual to come out of his or her shell and be willing to take a few risks. Finally, this Node urges us to test ourselves in the world, and be willing to experience euphoric self-realization, and the suffering of reverses, along with everything that lies in between. As a Leo, we may seem to ourselves and others to be very much on the offensive all the time; in reality, however, we are very much on the defensive, for Leo is a fixed sign, and only the Fire in it produces the touch of aggression.

North Node ♌ in XII 12th House

(Georges Muchery)

This position of the Ascending Node (Dragon's Tail) in the Twelfth House, though not very fortunate, nevertheless brings relief in trouble. It gives Faith, and enables the native to convince himself that all is not lost. He will have to struggle and defend himself; there will be difficult periods in his life; but he will conquer with the aid of the benefic planets, and more prosperous times will come in the course of the Revolutions of the Ascending

Node.

In the Sixth House, the Descending Node (Dragon's Tail) will cause serious disorders in health, and countless difficulties with subordinates, some of whom will try to harm the native; and may even rob him or endeavor to deprive him of his position. It is also a sign of disagreements with uncles and aunts.

(Isabel Hickey)

Has ability to clear payments due from past karma by self-initiated channels of service. Work with those limited and afflicted would be fulfilling and integrative. Hypochondriac tendencies of the past must be overcome. Subconscious tendency to identify with negative conditions needs eliminating through positive and uplifting emotions. In other lifetimes, negativity brought on disharmony and disease in the physical body. In this life, helping others achieve a new and happier outlook is the way for this person to find fulfillment and peace of mind.

(Bernice Grebner)

North Node in twelfth house takes self-sacrifice. It is helping those less fortunate, those handicapped or afflicted. This is done in a quiet, unassuming way. The person must learn compassion, learn to accept others as they are, and to help them in spite of any differences. This is the position of karma, and seems to call for some kind of payment. Many times this position produces doctors and nurses, and would seem to be an excellent way to fulfill this twelfth house Node. Since this is the house of the subconscious mind, the person needs to develop and release these vast resources, bringing them to the threshold of the conscious mind by expanding his ability to meditate. In its lighter vein, this is the sign of the poet, indicating another means of liberating the storehouse of the subconscious mind and its vast inspirations. The degree of success would depend upon its connection with Mercury, Jupiter, and the third and ninth houses.

South Node in the sixth is the critic or the worker. Here the South Node gives an instinctive knowledge on health matters and a drive to learn more concerning this. It gives a desire to serve others and a constant changing of working conditions. There is great attention to detail with the ability to weed out. This individual knows how to work, and much more so when this South Node is favorably aspected by Mars. South Node here denotes mysterious illnesses, those difficult to diagnose. Neptune in the sixth also indicates mysterious illnesses. If there is a conjunction of Neptune and South Node in the sixth, or Neptune is in the first house, this compounds and accents the problem. This person can become a hypochondriac, and is always running to the doctor. Many doctors and nurses have South Node in the sixth. The tendency to be critical and to take everything apart is strong with South Node in this location, and can be, to some extent, severe, the sign involved considered.

(Mohan Koparkar)

North Node in the 12th house often signifies that one has a lot to learn in this lifetime, with or without individual choice. The work area is often a confining issue for them. However, it is a part of their lifestyle that they cannot get rid of. Working with institutions or dealing with behind-the-scenes activities is quite significant for them in this lifetime. They use considerable amounts of psychic sensitivity in their routine lifestyle. In their work, they are quite methodical, practical, punctual and steady. The digestive system or problems with circulation need(s) attention in this case. Physical health, in general, may not be necessarily weak. Their tendency to daydreaming on the job or uncommon work hours is significant; and sometimes they even get to like that schedule. Affairs of Karma or life as a continuous process are significant for them; and their interest in reincarnation is amazingly worth noting.

(Martin Schulman)

Here the individual undergoes a crisis in consciousness. Whether he is actually aware of it or not, much of his life is spent in deep thought.

He finds the physical world exhausting. From time to time, he has to deal with illnesses which take him out of the competitive arena, strongly affecting his abilities to work.

When he is working, he finds conditions intolerable. He feels either underpaid or, at the very least, unappreciated for all he has to offer. He becomes so wrapped up in the circumstances surrounding whatever he is doing that he allows his attitudes toward his job to permeate all areas of his life.

He has much prior-life memories of order and organization; yet everywhere he goes, he sees chaos.

In past incarnations, he was a perfectionist, critical of the world around him. Now the imperfections he sees weaken him to the point that he feels unable to cope. The world is perceived as not quite giving him all that it could.

Some with these Nodes tend to dwell in self-pity, while others nourish an embittered resentment. There are feelings of jealousy directed toward other people's well-being, which they perceive as being less earned than their own. Usually there is an inflated sense of ego at the source of the problem. The self as developed in past incarnations is now seen as a perfected ideal, stationed above the rest of humanity. In his own private thoughts, this individual will rarely admit that he has a tendency to look down upon others. Yet, secretly he sees everyone as less perfect than himself.

He would sooner go unemployed than work at a job which he feels is beneath him. It is

certain, however, that circumstances will force him to do such work even though it is against his every principle.

Having tendencies to internalize his anger at feeling put down, he creates one very real illness after another, until ultimately he reaches the point that he feels justified in blaming his work conditions for his poor state of health.

Carrying a past incarnation feeling that society has shut him out, he sees himself as a neglected child deprived of the central core of richness in life which is there for others but somehow not for himself. He spends too much energy trying to impress others, and not enough in developing a fullness within himself. More than anything else, he must learn to look inside, where he will find the answers to all of his problems.

Many with these Nodes watch life pass them by, spending all too much of their time and energy wrapped up in petty thoughts. There is a strong residue of past-life nervousness in the sixth house South Node, wherein this individual literally eats away at himself by trying to digest into his system of order every tiny detail that comes to his attention.

He must learn how to discriminate between what is important in terms of his life's values and what are just transitory upsets which will pass in due time.

Through his constant questioning, he creates for himself a sexual problem, rooting itself deeply in fears of failure. And so unable is he to face his fears that he will compound the problem by developing a pattern of abnormal sexual responses designed to mask his feelings of inadequacy.

Though he tries not to, he keeps seeing himself as a helpless pebble on the beach of thousands. In prior lives, he managed to control his universe. Now the world seems larger than he would like, and he does all he can to prevent himself from feeling too small by comparison.

His growth starts the moment he begins to see himself not only as part of a greater whole but as containing within himself the essence of the entire universe. He must break his past-incarnation tendency to put the world in little boxes; and instead search for the seed of all within himself: here he will find the abundant richness he has been so desperately seeking.

Periods of forced isolation help to bring him to a higher consciousness through which he ultimately learns that things can be different without one necessarily being better or worse than the other.

By going deep into himself, he will realize that all of life's conditions depend entirely on how much he can relinquish his hold on trying to overturn the world and rechannel his energies toward overturning himself.

He does well by immersing himself in the works of a large institution where he can develop a group-consciousness, focusing on the collective good of the whole rather than dwelling in the collected residue of his past-life bitterness.

He will be tested many times in areas which help him to develop compassion, until he ultimately sees that judging others actually prevents his own happiness.

His past-life karma is erased when he learns how to flow rather than allow his life to keep interrupting itself by petty distractions. He must attune himself to the essence of the universe rather than attempt to sort everything into neat little compartments. The compartments are like a house of cards, and only after they topple does he realize that his purpose in life is very far from what he originally thought.

He can then learn how to loosen up and bathe in the beauty of all God's creation, rather than seeing only a part of God and calling the part he sees 'All'. As soon as he can greet change willingly, bending while the winds of circumstance flow through his being, he is on the path.

Eventually he will leave the world where people manipulate each other and walk through the doorway to a higher harmony. In preparation, he must transcend the subconscious past-life memories of physical problems that still weigh him down, and start to climb the cosmic ladder which leads to the realization of his soul. He must learn how to appreciate the wonder of all he sees without enmeshing himself in the details of why or how.

His life will represent the ending of an idea much as the works of Dante symbolized the end of a period in literature. When he accepts this, his life's work can be a great culmination of all that has come before him.

Although his work may bring him behind the scenes, there is a good possibility that it can come to public attention. He must also learn that the physical state of his health is totally dependent upon the purity and stability of his inner mind.

Truly this is the Nodal position of mind over matter; and the life will be a karmic transition from the world of matter into the consciousness of infinite spirit.

The sign which contains the South Node indicates the ways in which former incarnations brought the individual to preoccupy himself with physical matter. The sign which contains the North Node shows how he can now transform his soul into the pure essence of Divine Mind.

(Donna van Toen)

Conflicts: Lack of confidence vs. capability. Self-destructive behavior vs. service to

others. Reclusive tendencies vs. need to work or serve.

Possible Results of Sacrificing North Node: Crises involving awareness. Physical or mental exhaustion. Inability to find suitable work. Disorganization. Excessive selfcriticism that encourages feelings of inferiority.

Possible Ways to Integrate the North Node: Eradicate self-pity. Recognize that an inferiority complex is often a warped superiority complex. Examine your motives for working and serving. Learn to externalize your anger in an appropriate way.

In the twelfth house, the hang-up is connected with self-understanding. The problem often stems from a combination of fatalism and a lack of determination. Because of a lack of appreciation for self, this person craves appreciation from others to foster self-worth. But because self-worth can only be gained from within, external appreciation seldom changes this person's perceptions. Self-sabotaging and illnesses are manifestations of this confused, inferior concept of self-potential.

Sometimes this nodal position manifests in an inability to share feelings, or just plain shyness. Quite often in childhood this person suffered experiences that made him or her withdrawn or unreachable. Sometimes these involve parents; other times they took place in the early school environment. Sulking, brooding and depression are common.

North Node in the twelfth house dreams of feeling at ease with others when in a group or one-to-one encounter, but also wants to be able to spend quite a bit of time alone. He or she wants to be something of an enigma. This person is changeable in moods and work habits. This affects his or her ability to take advantage of opportunities for dream fulfillment. While actual physical or mental health may be good, the person may allude to some mysterious tragic flaw or skeleton in the closet that prevents success. Less frequently, there's a tangible problem in this respect. The person is highly self-critical and equally critical of others, thus preventing successful interaction with others as well as with the subconscious.

(Haydn Paul)

The realm of work influences your sense of well-being; but the implication is that you will feel restricted and limited, creating feelings of dissatisfaction and resistance. This can come from earning a living from work that fails to interest you, or that does not utilize your talents and constricts opportunities for personal development. Your employment can be felt as boring, stagnating, and stultifying, offering little job satisfaction; these frustrations will cast a dark shadow over the rest of your life. If this is your experience, you need to invest more effort and attention to changing your working environment, perhaps pursuing an alternative career or changing your life priorities.

You prefer to see order in the world, and adjust your lifestyle accordingly, failing to comprehend why much of life appears chaotic, illogical, or unnecessary, and why people make the most of their suffering as a consequence of their attitudes and choices. Sometimes you assume a 'superior' attitude in this respect, although, if your work sphere is not satisfying, you too are creating your own suffering instead of changing it.

Inner pressures can build from repressing feelings of anger and resentment, and you may sometimes believe that life does not reward your efforts. Try to avoid this buildup, or else you may create health problems caused by festering emotional energies, which can result in physical or psychological illness.

Attempting to impress people will make you uncomfortable and generate feelings of 'selling yourself out'. It will be valuable to explore your inner self, because, by looking within, you will discover answers. You need to determine what is truly important and discriminate between whatever is meaningful and lasting and that which is only temporary and passing. Deciding priorities can be revealing; and an important step is to make your life-style harmonize with your nature: this can lead to radical changes.

Instead of reacting against facts of life with which you disagree, rechannel your energies to enable self-understanding in order to build a suitable lifestyle, one which draws out those qualities, talents and abilities that you knew were there, but which had not been allowed expression. If this can be achieved, then satisfaction and fulfillment will be great. The key to this lies in yourself, as it is likely that the world will not easily give you opportunities, and you may have to act independently. The richness found within can satisfy your search.

Avoid fragmenting life if possible; try to see and experience it as a unity; move freely with the winds of change. Provided this can be done with compassion and understanding for others, potential exists to realize more meaning and purpose. It may require releasing assumed values and substituting more appropriate ones. Then your life can be adjusted to accord with the new values. You have the character to succeed if you make those changes revealed necessary by an inner examination of priorities. Just feeling dissatisfied is not the answer. Unless you deal with the feeling, it will only create more resentment; turning within and changing can provide new signposts and directions for you to follow.

(Bruno and Louise Huber)

The 12th house is the one furthest removed from the outside world. It is well away from the 'You'-point. In addition, it is a very introvert house and corresponds to the passive sign of Pisces. The native waits for someone with initiative to make a move. It is the place of turning inward and of self-discovery. The Node in the 12th house means that this person needs, from time to time, to withdraw from active life for the purpose of self-

remembering.

The 1st and 12th houses form the 'I'-space in the house system; and sandwiched between them is the 'I'-point, the Ascendant. In the 1st house the 'I' is extravert: it faces the world and announces: 'Here I am!' The introvert 'I'-house is the 12th house. Here we do not exhibit ourselves to the world, but keep some space between it and us for the sake of being wholly ourselves. Being ourselves implies knowing and accepting ourselves for the ones we really are. Self-observation, self-knowledge, and self-discovery are tasks to be undertaken here.

In addition, there is something greater and more pivotal we can do. We can discover our membership of the greater, or cosmic Whole, our relationship to humanity, and to God. This transcendental experience enables us to feel woven into an all-embracing Reality. Even though we are separate individuals, we are nevertheless parts of a macrocosm, the whole of creation. We do not perceive this in its unimaginable wealth of details, but can experience it as a unity.

The individual would not survive without being part of a whole. Incorporation of the self in a greater whole is the object of the 12th house, and the Moon's Node here invites us to make that object our aim. Union with reality, which it can help us to attain, is the best and surest source of health.

There is no substitute for the basic confidence provided by discernment in the 12th house. It gives an awareness of infinite being in which all things are contained. Here, too, is the area of religion, where the experience of God transcends theory. And it includes the religious experience of someone who does not have a religion but is occupied (for example) with the cosmos as the infinite totality of space, and has much the same experience as a believer, although still understanding it differently.

Anyone who has this position of the Node must learn not to regard abstract ideas as real entities. The place for these is the 6th house, which is the depository of those 12th-house creations that are useful for everyday life. But this experience of an infinity in which everything is contained, this experience of God or the Cosmos as a vast expanse, cannot be put into words; for in the 12th house we leave behind the area of the imaginable. Indeed, only by doing so can we have a genuine, deep, and all-embracing experience. Yet, because of its character, the experience is strange and unsettling, since all categories of thought, feeling, and doing are abandoned. On catching sight of this expanse, we are afraid of disintegrating, or of falling uncontrollably into a yawning abyss. It is a leap into nothingness, and resembles death.

We need to understand the Node in the 12th house in such a way that we are able, from time to time, to retire into this space that belongs to all created beings in the universe and yet is completely individual to us. We can learn to withdraw into ourselves; far enough, indeed, to become the Whole again. We can learn to pray, meditate, and

contemplate, and may be awestruck by discovering a great sublimity. Each of us will do this in his or her own way: one goes to church, another contemplates the starry sky. Getting results does not depend on the objective space with which one identifies, or on a given place, but depends on the capacity and the will to expand and direct one's awareness.

North Node in the twelfth house or Pisces (James Braha)

If the North Node is in the twelfth house or Pisces, the person's greatest growth, evolution, and fulfillment come through serving others in a profound way. In past lives, the person concentrated on daily work, mundane tasks, and his own perfection and self-improvement. Now he is to devote his energy to idealistic callings, benevolent endeavors, and the betterment of humankind. He may be drawn to medicine, psychology, metaphysics, mysticism, religion, or any activity which heals or uplifts others. Or he may relieve the pain and suffering of the masses through heartfelt artistic expression. Singing is especially favored. The person is learning to let go of his old patterns of criticizing, evaluating, and picking things apart. Now he must be as generous as he can be. He should give, give, and then give more. He should live from the heart, not the mind. Happiness comes from working to further the highest vision of human life, with no thought of personal gain. The more noble and virtuous the person's motives, the faster and greater his evolution will be.

The person should cultivate faith and develop his spiritual nature. His main task is to transcend self-interest. He should adopt a lifestyle of love, compassion, and understanding. Above all, he must never condemn or judge others, even the worst of the human race. When he does, he brings sorrow, grief, and shame onto himself. The higher part of his being simply will not tolerate small and narrow behavior. The person should champion the cause of peace, harmony, and brotherhood. He must look for the best in others and refrain from gossip, negativity, and pessimism. Of all possible life paths, his is the highest and most majestic. He should consider the spirit behind people's actions, and bear in mind the complexity and rigor of human life.

The person is not here to be cautious, careful, and sensible. He is seeking enlightenment and ultimate freedom. He wants to live a life of purity, devotion, and union with the infinite. He must pursue his ideals, visions, and inspirations. Material comforts are of little importance. The person may wish to perform major service. He may work in hospitals, clinics, nursing homes, or other institutions which aid society. He must follow his intuition and feelings. He will be happy living near the sea. Artistic endeavors are favored.

In Hindu astrology, the North Node in the twelfth indicates cravings for spiritual growth and 'moksha' - final liberation. There may also be intense sexual enjoyment. The South Node in the sixth reveals very strong health, excellent ability to defeat enemies and competitors, and daily work involving metaphysical healing techniques. The nodes in the

signs are of much less significance.

(Black Moon) Lilith ♀ in IX 9th House

([1157] elsaelsa.com)

Heretic Saint

If you have Lilith in the 9th house of your chart, her themes will manifest in terms of religion, philosophy, and education. Lilith is the means by which your world is expanded, for good or ill.

In traditional astrology, the 9th house is known as “The God” and is concerned with religion, spirituality, and overall worldview. With Lilith here, it is all too common for this experience to be dark and unjust. This can be in the form of spiritual or religious authority being used inappropriately in order to scapegoat or control you. It can also manifest in terms of direct abuse by members of the clergy as well as secular authorities such as mentors or professors. But, of course, there is more to it than that. Lilith in the 9th house tends to create a sense of wounding about beliefs in general. You may have been swallowed up by an all-encompassing belief system and had to fight to regain your individual freedom. You may also have been cast out and marginalized due to heretical

beliefs, whether in a spiritual sense or in a more mundane group setting. One way or another, your beliefs failed to conform and you were wounded because of it.

The 9th house is also concerned with our personal narrative, how we tell our story. The way you conceive of yourself as an agent in the world is fundamentally colored by Lilith concerns. You see yourself as the scapegoat, the outcast, the underdog, the one who has had to fight and claw for their little bit of agency and freedom. Yours is a story of great struggle against forces that would seek to hold you back. You find your freedom by rejecting those forces entirely and striking out on your own.

The 9th house also rules that we consider matters of greatest importance. The 9th house blows our world wide open. With Lilith in the 9th, you are fundamentally concerned with issues of power, privilege, and inequality. Your world was thrown open when you realized just how much suffering, pain, and misuse of power there really is in the world. You may tend toward a worldview that emphasizes power struggles and class consciousness. This inherent feel for the way power and resources are divided in society will be a driving factor in everything you do.

While there is of course so much more to say, I'll end with this. While the systems of power are so vast and the people who are elevated by power misuse it so wantonly, there is still hope. Your willingness to understand that misuse and the way it forms itself into a cohesive system is the first step to making change. Your ideas may be deemed silly or outside the norm, but that doesn't mean they're wrong. Continue the freedom fight, not only for yourself but for us all.

Chiron ☿ in IV 4th House

([1263] astromajesty.com)

Chiron is associated with the emotional wounds we receive in our early lives. In the 4th house, it points to unstable early family life. The 4th house typically stands for feelings of abandonment.

It is why these individuals struggle with a lack of self-confidence. Their self-esteem is usually low, and they distrust themselves and other people. You compensate for your self-hate by empathizing with other people.

It is a placement that indicates extreme vulnerability concerning parents. It's particularly so when relating with one of the parents, either mother or the father.

In most cases, the native has a problematic relationship with one of the parents. In such a case, the other parent becomes the ultimate support, the safe haven.

The parent is protective and highly influential. And the native is attached to that parent on an unconscious level. The attachment is so deep that they obey their parent unconditionally, regardless of how close one is to the parent.

There's a flip side of Chiron in the Fourth House!

The native has the tendency to choose avoidant and emotionally unavailable people and then idealizing them!

Second, the native often becomes overly attached to the romantic partner. That is a response and a consequence of the relationship with parents, particularly the father. The partner thus becomes a substitute for a parental figure.

The natives in the 4th house have a strong urge for belonging. They are highly emotional, compassionate, and hypersensitive. They absorb others' suffering and need a similar treatment in return.

Yet, they tend to go too far and give too much or become clingy. Ultimately, they can help others heal by offering a shoulder to cry on and nurture.

Family traumas and wounds

People born with Chiron in the 4th house are typically highly vulnerable concerning family relationships, especially those with a mother or father. These natives usually have a close relationship beaming with support from one parent. However, the other one likely makes these natives feel inadequate, unworthy, or unlovable.

They usually have a profound relationship with the supportive parent. It is why they tend to idolize them or perceive them as a god.

However, these natives loathe being what their parents want them to be. It is why they'll often defy their expectations and aim to be completely different or even rebellious.

These natives typically carry a past life wound, and its nature depends on the sign which Chiron settles in. However, their family likely failed to heal it. Instead, they made their pain grow bigger.

Or, on the other side, something else might have caused trauma at an early age. It is

why people with Chiron in the 4th house don't like revisiting their old memories or visiting their family and childhood friends.

Reconnecting with childhood memories often means putting salt on their wound and being a vulnerable person again. They aim to develop new, grown-up versions of themselves that have nothing to do with their past. Remembering the past invites feelings of not being in control, shame, and failure.

Moreover, individuals with Chiron in the 4th house tend to struggle with disappointment because things don't always end up the way they imagined. That incites the belief that they're exploited or used due to their good intentions. They can get intensely spiteful, arrogant, and bitter.

Overall, the natives in the 4th house feel intensely vulnerable. That often occurs after opening their feelings up and letting others protect them. It is what reminds them of their childhood and relationship with their parents.

These natives likely had physically or emotionally absent parents, which they never got over. They perceive opening up to people like opening their old wounds and inviting people to add salt.

Intense emotions

Those born with Chiron in the 4th house have intense and unpredictable emotions. They feel utterly deprived of others' love and attention. The natives in this house are likely to become jealous of their children's attention from their partner.

These natives are complex beings, and their emotions command behavior and decisions. They likely became introverted and shy because they didn't receive enough attention from one of their parents.

Moreover, perhaps one of the caregivers mistreated them or deprived them of affection, making these natives avoidant and unlikely to form close bonds with people. People with Chiron in the 4th house don't trust people, which originates from their childhood and primary relationships.

Fear of being vulnerable

They would rather hide in their shell than get close to people and be vulnerable. One of their greatest fears is that others will notice their wounds and how vulnerable they are.

Yet, individuals with Chiron in the 4th house have the emotional strength to provide a safe environment for other people. They instinctively know how to care for and nurture others.

These natives tend to have a high intuitive ability to identify the wounds of others with

ease.

However, once they learn how to be close with other people, they could become clingy. These individuals lack emotional stability.

That results in forming connections with those who are unavailable or have traumas themselves. People with Chiron in the 4th house see it as a protection from getting hurt, even though they only increase the damage.

Likewise, they tend to be unable to let go of toxic relationships and people.

Others always teach you another way, another path, or another value system. And, every time you try them, you make new personal discoveries, making your experiences richer. You will see and experience new things, very different from those you already know. It represents a revolution of consciousness and getting a new perspective.

You must reexamine all those personal values that no longer serve, by observing what stimulates them. Thus, by learning the art of flexibility, you will be able to give those values a new meaning. The more you can discover these values and apply them to your personal life, the more your experiences and your understanding of life will be enriched.

Since your Part of Fortune is in the eighth house of your birth chart, the second house is the opposite house. The second house teaches you to recognize your own values. You should perceive these values impartially, as if they were not yours completely or you did not possess them, so that they do not stop you from fulfillment or from sensing the stimulus that you receive from your environment and from others. This way, you can easily leave everything that no longer serves and does not cause growth in your life.

Your most beloved possessions and values should be those that survive, because they are totally real and true. This deep connection of what is personally valid to you, gives you an unshakable security in yourself. This leaves you with total freedom to explore and recognize the validity of the experience of others.

Other people in your life will teach you what weighs you down and what transcends temporary desires. You will learn to express the values of a divine nature.

Therefore, you must surrender much of your personal wants and desires, as well as your ego, in order to leave a legacy, be it money, ideas, new values, sexual enrichment, or a conscious realization of your essence. Understand that in this world, you are not alone, and that the most fortunate thing for a human being is to be able to share his life and his possessions with others. So, you get to be an intimate part of a common project that benefits all who are involved in it, even enriches the soul of humanity.

Learn humility. Do not be possessive of your own values. Learn to go with the flow of other systems of values and ideas that seem different from yours. These will be your greatest source of satisfaction.

Your fulfillment and happiness will come through all the people you deal with, through discovering the harmony in everything that seems alien to you, and through your soul's great regenerating force. A transformation of all the accumulated negativity is possible by being present in the Here and Now.

([11] astromatrix.org:) Paparazzi Magnet

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

2) ► **Ascendant ASC Parallel ♂ Mars** - (0°57') ♀1 | ♀3

([56] astromatrix.org:) Short Fuse

Opportunities: 1. Developing Creative Life Goals 2. Finding Your Direction Forward

Challenges: 1. Respecting Other's Opinion 2. Learning to Compromise

Mars Conjunct your Natal Ascendant makes you more impulsive in your actions. You may appear to others as a little edgy or nervous, but you tend to have good relationships and are a great talker. You also are quite independent and have a solid ego. Your personality should be well developed, and you will have an abundance of energy. You enjoy sports, either as a participant or as a spectator, especially when your side wins. You find it difficult to relax and be still, always needing to be on the go or doing something, but often not quite sure what. As a result, you can waste a lot of time and useful energy just fiddling around and getting nowhere.

You are not afraid to speak your own mind. While this can at times be a positive quality, you tend to speak without giving thought to the effects of your words on other people, you can say hurtful or annoying things without even realizing it. It would also help for you to learn the art of compromise. You usually state your opinions forcefully and then expect others to go along with you. Developing a little self-discipline in asserting yourself can enhance your tremendous creativity. Your physical vitality may be strong, and you may feel that you have a good energy reserve which can be further enhanced by staying physically fit and active.

3) ► **Ascendant ASC Parallel ♃ Jupiter** - (0°22') ♀1 | ♄2

([64] astromatrix.org;) Pure Optimist

With Jupiter conjunct the Ascendant, you are the epitome of optimism. You do nothing in moderation because you are always hopeful that some of your excesses will work out for the best in the long run. You have an endless source of ideas with which to plan your success, and you are sure that you will succeed. With boundless faith in your abilities and a certain measure of luck, you don't worry about tomorrow and you care even less about yesterday.

You are ambitious, but in satisfying your ambitions you can bite off more than you can chew. You exaggerate your own importance, which can be a serious liability if you are seeking supporters in your endeavors. No-one likes a braggart or a person who overestimates his worth. You are inspiring to those under you, but you should avoid making promises to them unless you are sure you can deliver.

You are generous, kind, sympathetic, benevolent, and the delight of anyone seeking a contribution in a fund-raising campaign, since you have a 'soft touch'. Generally, you are well informed about subjects that have an important bearing on your professional goals as well as about matters of general interest. You have the highest regard for institutions of learning, and with your providential nature you will probably endow some school.

You are too open with private or classified information, and if your competition beats you with a new product, the idea probably came originally from you. Try to be more conservative and serious. Your appetite needs curbing too, because you are inclined to put on weight, especially with advancing years.

7) ► **Sun** ☉ **Parallel** ♂ **Mars** - (0°33') ♎1 | ♊3

([5] astromatrix.org;) The Fighter

Opportunities: 1. Taking on Leadership Roles 2. Taking on Big Challenges

Challenges: 1. Being More Selfless in Relationships 2. Empathy Toward Others

This indicates the presence of an energy that is 'masculine' in essence, being highly vitalized, vigorous, forceful and assertive. The application and exploitation of your powerful will becomes a major impulse that demands expression, often resulting in a more self-centered level of preoccupation, focused on satisfying your desires and ambitions.

You may have an aggressive, combative temperament, which can respond quickly to any hint of a threat or potentially competitive situations, seeing these as an opportunity to display your force and innate abilities and talents. You will feel a need to prove yourself to the world through achieving, or at least rise to a higher social profile than the majority. You may tend to assume attitudes of superiority, which is often derived from a sense of self-confidence, and inwardly you hold a self-image as a leader in some capacity.

An urge to battle lies near the surface of your personality, and you can approach life as if it is a challenge, almost provoking encounters by 'throwing down the gauntlet' as a testing of your strength and power. To some, you may seem overly assertive, and your presence may threaten them by its forceful vibration. You may acquire several adversaries in the course of your journey through life, especially as you are liable to be insensitive to others' feelings. This may occur particularly within your employment or business life, where you are likely to contact other powerful individuals.

You intensely enjoy applying your willpower and may need to pay extra attention to your relationship manner and style of expression, as this could become a source of

contention and downfall if it is misapplied. A liability to anger quickly may need some control too, or words spoken in haste may ruin relationships or friendships. You react against limitations and restrictions and find adherence to the status quo or repetitive routines anathema to your volatile spirit.

You love action, and the adrenaline rush of physical or dangerous sports and activities is highly appealing. Your enthusiasms can be spontaneous and impulsive, and you prefer to leave space in your lifestyle for sudden decisions and changes of direction which can renew vitality and add a touch of freshness when life becomes jaded and familiar. You may be attracted to share this love of life and excess energy with others, stimulating them to break free of their self-imposed ruts and shake off their apathy. Some may not appreciate your endeavors though, and you may need to recognize when your efforts will fall on stony ground.

There is an opinionated streak in your character that can take offence if anyone challenges your attitudes, values, thoughts or beliefs, and you take this as a personal attack, rather than a sharing of differing points of view. You can adopt an attitude of 'I'm right, and you're wrong' in such encounters, and refuse to consider alternative perceptions; this can be a restriction of your openness to life's many wonders and infinite variety of perceptions.

In relationships, you do not easily compromise, as you tend to be self-centered and concerned about reaching for your desires; this could become a problem unless it is carefully modified, or you have an extremely passive and supportive partner. A strong sexual drive and inflamed passions are likely factors in your relationships, and you may be especially attracted to sudden love affairs, particularly if that theme of 'conquest' is paramount in your nature.

While you are likely to possess considerable creative abilities, you may have difficulties in focusing these constructively and consistently, and despite your high level of activity you may waste energy that could be more positively applied. Part of this is due to an impulsiveness that prefers action to forethought and planning, and this tendency may need tempering by better managements of your resources and less haste in charging towards your objectives. Listen to the advice of others or take professional suggestions; you may not always know best.

Your focus is power through action, and the main areas that this can be released through are the conjunction house, and the houses ruled by both Sun and Mars in your chart. Look at these, as they may offer additional opportunities for a successful use of your talents and energies, especially when you begin to handle them with greater self-understanding.

8) ► **Sun** ☉ **Parallel** ♊ **Jupiter** - (1°08') ♎1 | ♌2
([6] astromatrix.org;) The Seeker

You will be naturally optimistic, enthusiastic and eager to explore the potential of life, looking to exploit your solar power and Jupiterian expansive tendency to enable you to taste life as deeply as possible. An image that fits this aspect is that of the seeker, believing that you are following a secret path towards a future destiny, reacting against and resisting any restrictive limitations that may occur as obstacles to your progress. This can, however, be an ambivalent tendency.

You may be correct in your intuition, discerning the signposts of your path, yet equally, this could become a path of evasion if you believe that it offers a justification for self-centered choices, or if you assert personal freedom to the point where you wander through life with no sense of a clear direction.

One of your main assets is an innate self-confidence which generates a powerful faith in your ability to attain aims successfully. Through positive thinking you can attract 'good fortune' into your life, naturally expecting that all will work to your benefit. Usually, your positive attitudes will prove effective, yet there will be occasions when over-optimistic tendencies may stretch your actual capabilities too far, and you experience temporary setbacks to your plans. But even then, due to openness to new opportunities and directions, you'll succeed in discovering new roads to travel.

You may need to make more efficient use of your personal talents and resources, perhaps through greater self-discipline and focusing on your intentions. Forethought and planning may be skills which require additional development, and which can help to maximize future success. You will want to use your full potential and searching for ways to do this may make you restless and unable to settle for very long.

It is the expansionary quality of Jupiter that causes this agitation, and by recognizing this activity you should ensure that routine work or lifestyles do not restrict or trap you, or else its intended positive contribution to your life could initially result in more disruptive effects. Areas that may attract your interest include education, medicine, law, travel, philosophy, religion, social and humanitarian influence.

You look for progress and scope for expansion wherever you become involved, especially when your contribution can be beneficial for others' welfare. There is the potential of merging your talents and interests with areas of social concern, so that your energy flows into the resolution of social issues, or you may become a spokesperson or representative of group ideals and social aims. Work involving the initial impulse for transformative social projects may particularly suit you and offer ample scope for ongoing development. Linking your path with social needs could be an appropriate action and wise choice.

You enjoy expressing personal creativity and imagination, feeling that energy flowing into new forms and channels, sparking off new thoughts, directions and perceptions. Discovering a path which evokes self-motivation is very important, enabling that

enthusiastic energy to be released.

You like to be well-informed and will be aware of most current social trends and world news. Ongoing learning is especially enjoyed, as it provides a source for the renewal of interest in life and opens up new areas of fascination and experience. It is a fullness of life that you seek, a real enjoyment of yourself and the world, and this can lead you to be attracted towards more hedonistic explorations. Yet underlying this is a need to create your own unique perception, philosophy and worldview, which is a reflection of a spiritual need to discover your own meaning and purpose of life.

Your spiritual interests do not really fit within orthodox teachings and religious organizations, and mainly derive from the sense of inner guidance and trust in the beneficence of life. You will adopt a position of tolerance and freedom, especially valuing the unity of all life and the concept of universal human fellowship, so civil-rights issues may interest you, or ecological concerns.

In relationships, you prefer partners who are fundamentally in tune with your perception of life, fellow enthusiasts and positive thinkers who appreciate the subtler qualities of people and experiences, rather than being preoccupied with materialistic matters and the accumulation of money and social power. You will expect much from a partner and can inadvertently place pressures on others to satisfy your needs, rather than being equally aware of their own feelings and desires. More awareness may be needed in intimate relationships. For example, you may need to curb your tendency to over-indulge in pleasurable activities. Otherwise you may create imbalances in yourself that need adjustment through greater health care.

Containing that restless spirit may also be necessary at times, and you may need to realize that if you always focus on the horizon then you can lose sight of other things.

9) ► **Sun** ☉ **Contra-Parallel** ♁ **Vesta** - (0°35') ♀ 1 | 135

([609] 12andus.com:) You may have a strong desire to show your talents and gifts, yet also feel called to a sacred path that requires some sacrifice.

You may want to take center stage and receive recognition for your unique views and gifts. At the same time, your sacred mission may call you to a very different path. One in which you take on a humble role of service and charity.

You'll follow your sacred mission but may frequently wonder if you could have achieved fame and fortune if you only put yourself first. You won't follow such impulses but may feel conflicted when you're called to make a sacrifice, even one you believe in.

If you bring your desire for recognition and praise into balance with your desire to fulfill your sacred obligation, you'll find it easier to harmonize these opposing inner drives.

10) ► **Mercury** ☿ **Parallel** ♅ **Neptune** - (0°48') 007 | 135

([33] astromatrix.org;) The Illusionist

With the Mercury-Neptune contacts, it is the mind level that is primarily sensitized and activated, so that the imaginative quality is emphasized, and the main focus of life appreciation is through mental receptivity.

The conjunction indicates a channel between the conscious mind and the unconscious mind, and both the energy and information flowing through this conduit need to be carefully integrated if a variety of imbalances and distortions is not to be created. The faculty of imagination will be highly stimulated and developed, and this will certainly require appropriate channels to be focused on so that other problems of perception are not created.

The issue of mental realities is one which can make you unsettled, especially as you can tend to make mistakes in judgment based on misinterpreting facts and suggestive information. You have a mental process that can attempt to re-create experiences into more acceptable forms for personal absorption, a style of selective manipulation which excludes aspects of reality that you refuse to acknowledge. If this process becomes a regular pattern of mental behavior, then you are liable to create a distinctly personal reality that is a fusion of the real and unreal which can pose additional challenges when it comes to disentangling them. This is often amplified by a tendency to be mentally escapist, avoiding the possibility of any painful experiences and situations by refusing to become involved in things.

Relationships are likely to be characterized by over-idealism of lovers, either through having the mental illusion of a perfect lover that is unlikely to exist, and comparing everyone to this perfect lover and so ensuring that they fail to match up, or by wrapping lovers in over-glamorized ideals, elevating them to a mental pedestal and so ensuring that at some time they will inevitably topple off. Your mental images will be shattered, yet this does not deny the real experiences of disappointment and disillusionment that you will suffer ... and continue to suffer unless you become more realistic in your evaluations within intimate relationships.

Part of this process can arise from the sense of personal inadequacy that you feel and which you try to alleviate by imitation of others you respect or sometimes through attempts to bask in the glow of reflected glamour by associating with publicly famous people, which allows inner fantasies to develop. You are likely to have some creative and artistic talent, and your cultural appreciation will be developed. Your ideal type of employment will offer channels for such forms of personal expression, and it may be that you do develop towards writing, arts, photography or film as you have a gift for visual imagination which also has some inner content.

Your approach will be intellectual and mentally resonant, rather than more emotionally evocative as with the Moon contacts. Training may be necessary to help draw out these

talents, and your main talent may be related to giving an intellectual substance and context to artistic creations, as a critic does, although there you may need to be careful regarding a degree of intolerance in your attitudes. Another area of life that could be very attractive to you is that of a mental fascination with mystery, romantic illusions, the worlds of psychics, mystics and psychology.

11) ► **Mercury** ☿ **Parallel** ♊ **Ceres** - (0°52') 007 | 007

([560] 12andus.com:) Your intellectual strengths help you to nurture others and show your love.

You speak words of compassion, kindness and encouragement to those who need to be uplifted. Your ideas nurture others.

You may help others feel comfort and love by sharing information and ideas with them. You are also likely to seek nurturing through intellectual pursuits like writing, journaling, speaking and sharing your ideas with others.

You may feel nurtured by your peers, siblings and friends. Likewise you may have taken a particularly nurturing role with your peers, perhaps helping to raise siblings and cousins for example.

You find comfort in words and may look to books or movies to soothe your nerves. You also look for comfort in what others say. You may have a relatively detached style of nurturing others, preferring a call or text rather than a hug or other more vulnerable forms of showing love.

12) ► **Venus** ♀ **Parallel** ♂ **Uranus** - (0°22') ♁6 | ♃1

([44] astromatrix.org:) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-

centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

13) ► **Venus** ♀ **Parallel** ☿ **North-Node** - (1°06') ♍6 | ♏12

([49] astromatrix.org;) Socially Prominent

Venus conjunct North Node attracts good things. Creature comforts, a pleasing personality, and social ease are pronounced. The cosmic forces have imbued you with excellent potential to establish and further the harmony around you.

Relationships go well, or at least there are plenty of opportunities for you to attract them. In its most positive potential, this encourages diplomatic talents and acts of compassion and generosity.

There is potential for success in Venus ruled pursuits, such as singing, music, entertaining, the arts, and anything that caters to the pleasure of others. Many poets, painters, dancers, and composers fall in this group, and you may be quite progressive, interested in moving in new directions in music and art.

Likeable and diplomatic, you are likely to have success in relationships and business partnerships. You are likely to be socially prominent and will benefit greatly from friends or partners. You may form relationships with those who have power, resources or who can further elevate your social status. Be aware of an ability to be deceptively charming for your own gain.

14) ► **Venus** ♀ **Contra-Parallel** ♀ **Lilith** - (0°48') ♍6 | ♋9

15) ► **Venus** ♀ **Parallel** * **Juno** - (0°18') ♍6 | ♋5

([596] 12andus.com:) You can easily express your love and empathy and your sense of beauty and compassion leads you to form long standing relationships.

You take your commitments seriously and will idealize your partner. You may see only the best in the person you fall in love with. You love the idea of romance and marriage and when you finally meet the right person, you can become completely devoted to your love interest.

You can be affectionate, nurturing and caring but you also have an intense jealous streak and may become possessive over your partner. You expect others to feel the same deep commitment you feel for them and can be disappointed when this doesn't happen.

Romance and marriage may be a central focus for much of your life and you have great determination to make your relationships work.

You try to be diplomatic when things go wrong but you hold on tightly and never give up on love. Even if this means resorting to manipulative measures, when it comes to love, you believe the ends justify the means.

16) ► **Mars** ♂ **Parallel** ♃ **Jupiter** - (0°35') ♏3 | ♈2

([51] astromatrix.org:) The Adventurer

In the case of Mars Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. Jupiter tends to expand and amplify especially in a conjunction, so in this case your Mars energy becomes much stronger than normal. This allows you to have much more energy, drive and ambition to achieve your goals.

You make a good leader, inspiring courage and confidence in others. You usually enjoy good health and high vitality. You are a lot more courageous, brave and fearless of taking risks and ignoring potential negative consequences. It is a good aspect to have but it can have some drawbacks, you may overextend yourself, especially when you are getting older and can cause yourself some physical injuries by doing too much sports or exercise. It is harder to know your limits and it is important to constantly evaluate if you

([200] astromatrix.org:) Destructure Or Restructure

Like those with the square, you may feel that you have been mysteriously penalized by environmental deprivation, socially or parental, real or imagined. There was never any 'silver spoon' for you, and you tend to hold a brooding resentment for those who have not had to face the same problem.

The opposition is often associated with the themes of oppression and violence, physical and psychological, and with the tendency to be a victim of such forms of human negativity on others. For whatever reason, you may feel yourself to be a victim of persecution; and this would color your perception of people and the world, probably making you inwardly defensive and possibly outwardly aggressive towards others as a form of pre-emptive defense.

Your ease of self-expression and creativity is likely to be blocked, and you are always

wary of revealing too much of yourself to others, in case they begin to take advantage of you; and in any case, you lack self-confidence and inner stability. Emotionally, you may be quite unstable, probably repressing much of your feeling life, because that is what has been damaged previously. This leads you to attempt to create a life of predictability and stability as a counterpoint to those feelings of emotional flux and vulnerability.

Certainly you are quite resistant to change, especially within relationships, as you rely on those few close ones in your life to give a sense of security; and because of this fear, you suppress inner movement or outer change until a crisis point is reached where a 'releasing explosion' is the only way for the blocked energy to move.

As with the square, you need to initiate a process of inner change, to transform the restrictive attitudes and self-image that act as a frustrating factor in your life. Somehow, you need to develop more personal confidence so that you can begin trusting more and feel secure enough to come to terms with your feelings and emotions, to allow them to fertilize and water those inner barren lands.

Through such an approach, Pluto can act to give you a new birth, to almost resurrect you from the dead and to allow you the opportunity to enjoy life much more fully and appreciatively.

([57] astromatrix.org;) I Did It My Way

Opportunities: 1. Following Your Goals Independently 2. Building a Physically Active Career

Challenges: 1. Learning to Cooperate 2. Learning from Advice

Very early in life, you will develop a firm determination to do everything your own way. You decide upon a course of action quite quickly, and you usually know just what you want to accomplish. If someone tries to stop you, you get very angry, feeling that you are the only one who really knows what is right for you and what isn't. Eventually this will be true, but while you are young you should be a little less headstrong and listen to what others say. You won't always follow their advice, but at least give it a hearing.

However, you are not merely strong-willed, you also identify yourself very strongly with whatever you intend to do. If someone questions your moves, you take it very personally. You must realize that you are more than the sum of your actions, and that when someone challenges your decisions, that person is not challenging you personally. This aspect indicates that when you are older you should choose a career in which you can have a great deal of independence and expend a lot of physical energy.

If you work for someone else, you will frequently feel more like a competitor than an employee, and if you don't like the pace set by your employer, you will feel very angry and hostile. You would not be at your best working in a team situation, with the possible exception of an athletic team. This placement of Mars is very common among athletes, but even in a team sport you need to have opportunities to shine on your own in order to be happy.

([170] astromatrix.org;) Fear of Rejection

Opportunities: 1. Having Stimulating Conversations 2. Working in Teams

Challenges: 1. Getting to Know Your Opinions 2. Overcoming Fear of Rejection

The Opposition between Mercury and your Ascendant indicates that you are a good listener. You listen carefully to the opinions of others before expressing your own. Often, however, the opinions you express will not be your own, but rather a reflection of who you've been spending time with recently.

Your mind is sharper and more creative when you have a partner you can bounce your thoughts and ideas off. In your personal relationships, your thoughts are reflected by your partner, who serves as a mirror giving you a different perspective.

You tend to pick up ideas and thoughts from others so much that you may not be taken seriously as someone has thoughts of your own. You want to be liked and therefore normally change your mind and opinions depending on whose company you are with.

For further development you need to ask yourself what it is that you really think, regardless of who you're around. Start with your core values and build up from there.

Stay open to other's opinions, but let them interact with your own and watch both morph accordingly. It's necessary for you to get past the fear of rejection you feel of daring to truly be yourself.

You are, at the same time, rather independent and will not allow anyone to restrict your freedom, but you love to talk things out before arriving at a decision. Conversations with you are always stimulating and lively. A career where communication is important such as sales, management and marketing could be quite successful for you as your talent for conversation will benefit you greatly.

Instead, you can be caring and loving toward your partners. You may ignore your own personal needs but project your needs onto others instead. You can be loving, generous and nurturing but will need to step back and make room for others.

When you try to avoid showing your empathy and love to others, you may become

fixated on your own needs or ambitions, pushing your vulnerability and concern for others to the side.

Yet when you do come to terms with your loving and nurturing side, you can be supportive and giving. You can find rejuvenation through your connection to a partner or close allies and this helps you continue to show your love for others.

10) ► **Imum-Coeli IC Conjunct ♄ Saturn** - (1°24' S) ♀10 | ♃9

([202] astromatrix.org;) Difficulty Relating

This can be a difficult placement, indicating that you feel so lonely and so different from others that it is hard to relate to them. Also, you may sometimes feel that there is nothing inside you. This belief is not based on fact, but it can seem very real when you are feeling unhappy. It indicates that you need a great deal of emotional support from your family.

Your mother, especially, and possibly your father as well, may demand a great deal and expect you to live up to very high standards, without giving you very much emotional reinforcement. Even if they do support you, you will not feel the helpful effects as much as others would.

One possible effect of this placement is that you will be very active socially, almost as if you could not stand to be by yourself, even though you feel alone when you are with others as well. This is an especially likely effect if your chart has many planets above the horizon. You are trying to escape from your sense of inadequacy through others. However, the only way that you can conquer this feeling is by going inside, confronting yourself and accepting what you are.

You prefer to keep your immediate personal surroundings - your room, and, later on, your home - neat, with as few obstacles as possible. Others may think that your tastes are rather stark and ascetic, but you prefer not to have to contend with any more material possessions than necessary.

11) ► **Sun ☉ Conjunct ♇ Pluto** - (3°18' A) ♄1 | ♄1

([10] astromatrix.org;) The Evolutionary

Your ambitions and desires will be highly influenced by your natal Sun sign, and these can be achieved by applying the Pluto energy to amplify your solar will power. Pluto offers the potential of regeneration and rebirth, which is also reflected in the pattern of solar myths, so you should be able to transform yourself and also to some degree your immediate environment to match your purpose.

You find it difficult to be balanced, especially in tolerating and understanding the frailties of humanity. You can probably adopt a fairly hardline philosophy, having the opinion that people can change their lives and be self-sufficient if they want to, instead of being weak and relying upon others, although you tend to resist change yourself.

You may use manipulation and psychological pressure tactics as levers to guarantee winning in the midst of any power struggles with others; your one-pointed ruthlessness can bring apparent success but may also bring an increasing number of 'enemies' in its wake.

Much of your energy will carry a sexual potency, and, irrespective of your physical sex, will have a penetrative quality to it and an aggressive masculine nature. Emotional understanding is likely to be a weak spot until certain transformations have occurred within you to break down self-preoccupation. you can also strongly react to social injustices and may be attracted towards the alleviation of social problems.

Movement in this direction is dependent upon the degree to which you become aware of the needs of others, and a corresponding diminution of your own need for power and success. The key issue is whether you are self-oriented or other-oriented.

26) ► **Sun** ☉ **Opposition** ♄ **Mercury** - (8°51' A) ♀1 | 007

[466] (No interpretation because this is only possible in the Dwad/Harmonic -charts, not in Natal.)

Interpretation from transit:

([466] 12andus.com:) Your active, busy mind may increase anxiety and stress rather than lend toward greater creativity. You may feel conflicted about how you express yourself or your attempts to share an important message with others may be challenged or ineffective.

Your ego may be interfering with work that you are trying to do to express a specific message.

(astrologyking.com and thefutureminders.com) Has a stimulating effect on mental activity. You learn about yourself through your interactions, and you likely have something that needs saying. Your interactions with other people are brought into focus. Your thinking is not in balance with your goals and your ego. You are likely to speak without thinking. Maintaining an open mind allows greater receptivity to the flow of information around you. Because you tend to assert your ideas and thoughts with assurance, difficulties sometimes arise in your communications with others - although friction brings insight and greater self-awareness. Look closely and listen well.

27) ► **Sun** ☉ **Opposition** ♄ **Ceres** - (2°17' A) ♀1 | 007

([558] 12andus.com:) Your style of nurturing stems from your own individual style.

You tend to be an individualist and think of what brings you comfort before assuming that others' needs may be different. You have a generous and loving nature, but you may struggle to show your true compassion.

You don't like to nurture others by interfering. You prefer to keep a bit of a distance, leading by example but allowing others to find their own way.

You may also feel drawn to nurturing those who are very different than you, bringing out the best in yourself and others through healing tension in your relationships. You may try hard to turn conflict into bridges with those around you.

28) ► **Moon** ☾ **Opposition** ♃ **Jupiter** - (6°47' S) ♀8 | 02

([155] astromatrix.org:) Unexploited Potential

One difficulty for your self-esteem and ability to exploit potential is unease caused by diminished self-confidence. Energy can seep away through self-doubt and a tendency toward unproductive questioning which reduces achievement.

Emotionally, you feel unable to evaluate your abilities or creative efforts; they are too close to you, determining your state of well-being. You protect vulnerable emotions and sensitivity and may eventually realize that most of your pain in life comes from relationships. This can include friction with parents (either during childhood or in later life), unsuccessful love affairs and romances, being taken advantage of by unscrupulous colleagues or friends, or disputes in your family home, such as with children.

You prefer to think well of everybody, giving them the benefit of any doubt and relying on mutual trust; unfortunately, deception is common. Your evaluation of character can often be misguided or lacking in perception. You may discover a suitable channel for your social concerns by working for people's welfare; a sense of civic responsibility is well-developed, and you may see community activity as the moral duty of a responsible citizen. Certainly, working for social betterment will fulfill you in many ways, and provide reassurance for your self-esteem.

You may need to reduce restless feelings that disturb your inner state and relationships with others. Whenever you feel this dissatisfaction, discovering new areas of interest and activity can productively redirect your energies.

29) ► **Mercury** ☿ **Opposition** ♂ **Uranus** - (4°24' S) 007 | 111

([167] astromatrix.org;) The Deluded Egotist

With this opposition, you are likely to experience conflicts in your social relationships. The problem area will be in how you express yourself in communicating with others, and those inner attitudes which condition that style of communication. Whilst you will have considerable mental vitality, the difficulty will be in directing this into productive channels.

The tendency will be towards an erratic inner activity; the nature of your beliefs, ideals and thought patterns will be changeable; and the attractions of new stimulation will often tempt you away from completing existing projects. The challenge of the new redirects your energy and interests and so, your commitments and responsibilities may feel like restrictive liabilities.

Despite this erratic pattern of mind, you tend to insist that whatever you say, and think is valid, even though only a short time ago you were vehemently declaring an entirely opposite attitude, idea or belief. Obviously, this can lead to interpersonal conflict, as most people prefer dealing with relatively stable and consistent individuals, as it helps to develop trust and continuity. Yet if others challenge you by repeating past statements that you have made and are now contradicting, you tend to take offence, often attempting to deny that you ever did say that.

Essentially, your reaction is often to deny all prior expressions of yourself, refusing to take any responsibility for them. Having experienced this aspect of your nature, many people will begin to draw away from maintaining a relationship with you, because you seem unreliable and difficult to believe. This in a peculiar way reinforces a tendency in you to see yourself as unique and misunderstood, which you often use to justify a rejection of social compromise; and you never admit in any circumstances that you are wrong.

You appear to project the belief that you 'know it all', and probably succeed more in deluding yourself that you do than in persuading others of your expert knowledge. Underlying these more negative styles of expression is a personality which experiences inner confusion and insecurity yet attempts to hide this by a superficial image of intellectual superiority. Emotionally, there is likely to be immaturity and lack of ease with that level of your nature, and you are unlikely to touch others easily with the warmth of your personality. This lack of sensitivity and responsiveness to the more intangible 'feeling' aspect of human contact often leads to a tactless and blunt expression, where your ignorance of diplomacy can have negative consequences. How can you resolve or moderate these challenges within your relationships? The first important step is to acknowledge their presence, to admit that you often are this way. The fact that you may deny them to yourself does not mean that others do not see them clearly.

Often, others do see such problem areas, whilst the individual is apparently blind to their existence. They are personal delusions. Being willing to work with people, learning to compromise, and participating as an intellectual equal, will help to moderate these oppositional tendencies. It is a new sense of personal identity that you should attempt to develop, one founded upon the real you, and not the socially projected assertive one that others may react against. It will involve an acceptance of your inner vulnerability, dissolving that peculiar egotistical construction, and ceasing your attempts to impress people. By stopping that process, you may begin to find your center, resolve certain conflicts, and redirect the flow of the aspect energy towards personal renewal. Certainly, that inner erratic agitation could be more harmonized and adjusted, thus reducing that build-up of nervous tension from which you suffer.

30) ► **Mercury** ☿ **Opposition** ♅ **Pluto** - (5°33' A) 007 | 111

([169] astromatrix.org;) The Regenerative Mind

The energy of the opposition aspect creates considerable inner pressure and tension, mentally and emotionally, and can be difficult to deal with constructively, as a considerable inner change is required before the energy can come under the control of an integrated personality.

Due to the inner agitation and anxiety, your perception of the world and your feelings response to events will be strongly colored by its activity. This is not necessarily to imply that your interpretation is wrong, but that your experience of it will affect you more deeply and influentially than it would most other people, who could possibly give it more sense

of proportion than you can. Basically, the tone of your insight will be pessimistic and essentially depressive, and you will see the world as a place where disorder, pain and problems are rapidly multiplying.

Social problems feel personal and real to you, even if your own circumstances do not bring you into personal contact with them. Your sensitivity (or inner receptivity) leads you to see a world in crisis, makes you feel responsible for its problems, and offers little way out for you unless you become involved in efforts to improve matters. It is a 'social conscience written largely and painfully'.

The frustrating thing for you is that however effective you are, so much work still needs to be done in the world. You have to accept the fact that you cannot change anything, and that your role is to make your own contribution but not everyone else's. This sense of impatience in life creates a corresponding vibration in you that expresses itself as a brusque harshness in relating to others.

The contradiction is that whilst you intend to improve life and bring harmony into people's relationships, you often create the opposite reaction to your purpose. An interrogatory style in talking to others will create distance; and under pressure of your 'mission' you often lose sight of co-operative relationship with others. You need to learn more compromise and moderation, paying equal attention to the needs and feelings of co-workers or partners.

You have high ideals, yet are often lacking in self-confidence over your ability to express them or live up to them; generally, no one can live up to high ideals, so relax a little, create a little space between you and this inner obsession, and devote more time to internalizing this energy to transform yourself.

It is a difficult tension to live with, this feeling of interrelatedness with the world, a sense of responsibility and direction that you are 'summoned' to give aid to lighten the burden. You have to lighten your own burden first, which will improve the quality of your own life immensely and bring clarity and perspective into things.

31) ► **Mercury** ☿ **Opposition** Er **Eros** - (8°53' A) 007 | 111

32) ► **Mars** ♂ **Opposition** ♄ **Saturn** - (8°16' A) 113 | 99

([183] astromatrix.org;) The Stop And Go

With Mars Opposition Saturn you can alternate between aggression and apathy, often lacking purpose and having a tendency to drift. Your enthusiasm is sudden but doesn't last long. You need to gain an inner respect for the stabilizing quality of Saturn.

In order to learn to channel energy properly and finish what you start, concentrate on matters related to the house Saturn is in. You're often frustrated, oppressive, resentful and often use aggressive, violent actions to hide your fear of personal inadequacy. Your

attempts to act are thwarted by others and your professional ambitions are often stifled by misfortune or by those in authority. You may seek status or power in destructive or undesirable ways or be the victim of others doing the same. You may have problems with joint finances or corporate resources, resulting in strained relationships.

Relationships with your parents, especially your father, are not good and you may lose a parent early. There's some possibility of physical violence (done to you or by you) and in extreme cases, you may be cruel or tend toward criminal activity. You won't go out of your way to help others and they won't help you. You may have psychological difficulty in reconciling your masculine and feminine sides.

33) ► **Jupiter** ♃ **Opposition** ♂ **Fortune** - (8°44' S) ♄2 | ♃8

([67] astrotarot.net;) Typical features that opposition brings: you are a passionate and emotional person. Also, you are a fighter but can suffer from being too aggressive or defensive. That kind of spirit makes you very competitive. Your instinct is simply to have what you want. You are prone to a short temper when you don't get what you want. Regardless of the rights or wrongs of a situation, you will often win because of your passion and energy. Patience is definitely not your strong point. Your responses are quick, and you are very passionate. Winning at any cost will come at a price. With this Natal Jupiter – Part of fortune aspects your intimate relationships suffer the most. So, you must choose your battles with more care and consideration. Always try to think before reacting. In conclusion, with some self-control, you can learn to live with some minor irritations. Cooperation and letting little things ride are not signs of weakness. Also, you can apply your aggressive instincts into hard work. Standing up for the rights of vulnerable people is great way to channel your fighting spirit. Accepting the need to live harmoniously with others can readjust your sense of proportion and help you realize that you can contribute to the well-being of all, instead of merely indulging in alienated antagonism.

34) ► **Saturn** ♄ **Opposition** ♀ **Pallas** - (4°23' S) ♃9 | ♃4

([582] 12andus.com;) Your approach to strategy and getting what you need is rooted in tradition and practicality.

Yet sometimes you need to be willing to try something new. When you need to assert

your ambitions and fight for your principles and goals, you can be determined, stubborn and meticulous.

You don't fully trust any plan you can't physically see and need to have tangible proof of how your ideas will pan out. You may need to find balance between your hard working nature and your need to be open minded in order to make your dreams come true.

You can find traditional solutions that help you ground yourself and find stability and security. This helps you create strategies that further your goals.

35) ► **Saturn** ♄ **Opposition** ♄ **Chiron** - (8°11' S) ♄9 | ♃4

([123] astrotarot.net:) Typical features that this opposition brings: there is a strong tendency to try to achieve and work hard, to mend the original wound of inadequacy. You have a strong fear of rejection as a wound too. These Natal Saturn – Chiron aspects are usually quite typical of a very wounding relationship to the father and to authority figures in general. Your father is often strict, unfair, or simply absent or wounded himself. You tend to shoulder the traumas and issues of your family. Also, you tend to feel that you are solely responsible for healing the family's inherited trauma. Sometimes, you will literally take on debts from the family. Also, you are often highly educated. Often, family only represents pain for you. It's hard for you to conceive of a family that embodies pleasure, love, or safety. Because families are defined by pain, you can forget that imagining joy is a part of healing. It's easy for you to get trapped at home, working to pay off your family debt or redeem your family purpose. You have a responsibility to solve the problematic impulses that everyone else is just acting out. As with all wounds, trying to force the wound to release itself will do nothing. You have to be gentle with it. Being gentle around the wound, while indicating that you know it's there, encourages you to release the wound.

- Positive traits: With this Natal Saturn – Chiron aspect you are compassionate and also unconventional. Saturn opposite Chiron in your chart is a signature for people who can make a great teacher.

- Negative traits: you often feel that you are not good enough. Yet the experience of distress, hardship, and tribulation can provoke you to push past limiting thoughts and awaken the unrealized potential from within.

You want what is best for your loved ones but you may go overboard trying to influence those you care about. When you do, you can intimidate or overwhelm the people closest to you.

You may get into power struggles with people you care about when you try to entice them to make changes they aren't ready to make.

You can help your loved ones create transformation and let go of the past but will have to be clear about your intentions. If you're not you may project your own desire for change and rebirth onto those you love.

37) ► **Ceres ♀ Opposition Er Eros** - (2°19' A) 007 | 111

([260] astromatrix.org;) The Harmoniser

Opportunities: 1. Forming Tight-Knit Bonds 2. Accepting Help

Challenges: 1. Exploring Your Artistic Inclinations 2. Taking Lessons from the Past

This aspect indicates that you are an agreeable and sociable person who does not like conflict with others. You are more willing than most to make compromises, because keeping peace and harmony with those you love is more important to you than getting your own way. In fact, you will give up a great deal in order to stay on good terms with someone.

You like to have the approval of persons in authority over you, and you will work hard to get it. It is no coincidence that your relationship with your parents is strong, as it has served as a model for relationships with other authority figures. Your home life is very secure. It is likely that you grew up in a peaceful and pleasant atmosphere, surrounded by beauty and comfort. Even if, like most people, you have some emotional problems, they will not constitute a major barrier to your progress. In fact, they may even help you out in ways that you do not understand.

Often other people will put their resources at your disposal, because they realize that you can do more with what they have than they can. They see that you have a great sense of responsibility for the people to whom you are close. While you are young, this aspect will bring you sudden opportunities that will help you get where you want to go in life.

45) ► **Mars** ♂ **Sextile** ♄ **Uranus** - (3°06' S) ♏3 | ♏1

([265] astromatrix.org:) The Leader Of The Pack

With the sextile and trine aspects, the more positive use of the Mars-Uranus energy is displayed through activities designed to be of social benefit. Whilst you will intellectually challenge the established patterns of social thought and behavior which you believe inhibit individual freedom, your intent is to provoke new thinking which can offer the potential of new horizons to explore.

All new directions and spheres of progress that humanity has taken have emerged from someone questioning the current state of affairs and then seeing new alternatives. Mentally, you will have a restless, curious nature, which can find an effective outlet through applied research and study in whichever areas of enquiry attract you. You are not an intellectual dilettante, and prefer to delve deeply enough to gain a real comprehension of any subject; this can also free that ability for more original independent thinking, and it is possible that you will receive insights that enable you to make a significant contribution to that subject.

You will prefer a futuristic dimension to your enquiries, thus satisfying the Uranian impulse and providing an opportunity to benefit others too. Even though you have this ability for specific focusing, you will also expand into exploring a wide variety of interests and topics. At times you may move rapidly between disparate spheres of knowledge, but you will eventually settle down to focus upon one area in particular. You may find some difficulty in perseverance and applying your energy consistently to achieve your aims. Sometimes a sudden diminution of your interest and energy may occur, which brings to a halt any progress you are making. When the energy flows again, you may be interested in something new; this is the erratic Uranian influence.

Communication is important to you. There may be an attraction to teaching in some way, both for the satisfaction you can receive in sharing knowledge with people, and in the platform offered for you to express your opinions. These are likely to be radical and unorthodox, but you have enough intellectual confidence in your knowledge to feel quite prepared to stand by your arguments against any opponents. Discussions of ideas can fascinate you; and you enjoy such encounters, seeing them as intellectual combat, where your more aggressive Mars energy can be used. Your approach is often based on strategy and skill; and even in friendly discussions you dislike being intellectually defeated.

You enjoy stirring dissent and proposing disturbing concepts and ideas to attack the power of the status quo, both in society and in individuals. In relationships, you need a strong intellectual and physical bond. An area of weakness can lie in a disregard and lack of sympathetic understanding of the emotions. These are often relegated in your sense of priorities; and the more subtle dimensions of them are ignored in favor of the more basic emotional / physical passions and the interests of the mind.

Restrictions are rejected in intimate relationships; and a self-preoccupation can dominate and cause later problems. However, you tend to commit yourself to seeing through those decisions that you do take, so a marriage commitment can help to modify these tendencies, provided that your partner is strong enough to encourage you to modify any selfish behavior in the interests of mutual harmony.

([386] astromatrix.org:) Feeling Superior

Opportunities: 1. Learning when to Compromise 2. Overcoming Conflict with Authority

Figures

Challenges: 1. Knowing your Limitations 2. Learning from Elders

You have a great deal of self-assertive energy, and you will want to get ahead in life, to be well known and highly regarded by others. But in order to get where you want to go, you must learn to make some compromises.

Your relationships may be difficult, especially early in life, because others may sense that you are interested only in yourself, which puts them off and keeps them from wanting to help you. Elders may resent your know-it-all attitude, for they feel you aren't old enough to know much of anything.

While you are young, you may have a lot of conflicts with authority figures, but eventually you will learn how important they can be to you. Another possibility is that you will attract people who are very dominant, who will not let you do what you wish. A friend like that is more of a rival than a real friend. But you can gain something by testing yourself against such people.

You can gain a greater understanding of your strengths and limitations, which will make you more effective on the other hand, domineering people can be a real barrier to your getting ahead.

In any case, the main thing is to understand yourself and the kind of effect you have on other people. Then you will always know what you are doing and how you influence the course of events through your own energies. Sometimes this aspect signifies conflicts with your father. However, even though you may resent him now, he is the most important person in your development.

58) ► **Midheaven MC Square E Pluto** - (7°17' A) ♄4 | ♄1

([452] astromatrix.org;) Desire For Change

This aspect indicates that you will have to make a special effort to get along with people. You must make it clear that you do not try to fulfill your goals in life at their expense, and that you will not allow them to take advantage of you either.

A very ambitious person in youth, you probably picture yourself as being quite important when you are older. This can be a very constructive attitude, but it will be difficult to achieve your ambition unless you are able to get along with others, to give them a constructive part in your goals. Also, it is very important that you play the game of life honorably and adhere to high ethical standards.

You don't need to worry that doing so will be dull, because whatever you get involved in, you make it exciting and powerful. You have a strong desire to bring about change in your world, and you may want to be a reformer and rebuilder. However, you should not try to get power simply for its own sake. You have to use the energies of Pluto for a purpose higher than yourself.

It is perfectly permissible to be personally rewarded by your work - you do not have to be totally self-denying - but personal gain should not be your principal motivation. A born psychologist, you should be able to gain great insight into human behavior. But again, you must not use this knowledge for personal gain or to manipulate others. Eventually you may choose a profession that will use this knowledge.

59) ► **Midheaven MC Square ☿ North-Node** - (3°44' S) ♄4 | ♁12

([455] astromatrix.org;) Work Life Balance

With North Node square the Midheaven, success and monetary gain come through your domestic life. You always have a roof over your head, however temporary. You benefit through your parents and other family members. The timing of events in your domestic life with current social events brings good fortune, especially in your later years. However, misfortune comes through blocked professional interests as you rarely get the recognition you sometimes deserve due to lack of poor timing. Societal restrictions or expectations may lead you into a career which brings you no fulfillment, yet you would rather go along with the flow than try to find something else. This may lead to problems with co-workers or employers since your self-expression is so constricted at work.

Your karmic path is not aligned with your ambitions; it is suggested that in a prior life that these people received plenty of recognition for your efforts or perhaps you attained power through inheritance or manipulation. You may have been in positions of authority where others would have helped you achieve great things or notorious things, much depends on the aspects to this position.

There is often a need to develop a sense of humbleness as well as a modest attitude where you will put emphasis on the home and family rather than making a name for yourself. You may have to take a humble stance in the material world and leave behind their need for recognition and achievement. You will be drawn too working within the family and home environment, developing yourself on a deep emotional level, which is quite different from your previous existence.

60) ► **Midheaven MC Square ♃ Ceres** - (6°16' A) ♄4 | ♀7

([571] 12andus.com;) You are nurturing, caring and compassionate, yet you struggle to convey this in your career.

You may seem cold and aloof to your colleagues and clients. Once they get to know you, though, they see that you are actually very loving and nurturing. You may think you need to hide your compassionate side because it will make you vulnerable.

If your career is competitive you may think your compassion will make you seem weak. Once you work through this fear, you can find greater success in your career through nurturing others.

61) ► **Midheaven MC Square Er Eros** - (3°57') ♄4 | ♀1

62) ► **Sun ☉ Square ♄ Saturn** - (5°23' S) ♀1 | ♄9

([381] astromatrix.org;) The Struggle For Success

The issue of self-esteem and worth is highlighted, and you may experience a degree of hidden insecurity and fears of full involvement in life. You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them.

At times, you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable. Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start.

Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others.

There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships. Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships. You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem.

Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will

correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

63) ► **Sun** ☉ **Square** ♀ **Pallas** - (1°00' S) Ⅲ1 | ♄4

([576] 12andus.com:) You may be unaware of your potential to be a wise and strategic leader until an issue suddenly hits close to home for you.

Obstacles or frustration can awaken your eye to larger injustices that lead you to become an advocate or to help create changes that uplift yourself and others.

By empowering yourself you also strive to help others progress, but you may not have been aware, of the plight of those around you until it affected you personally. When this happens, you can become energized and step up to the plate as a leader.

64) ► **Sun** ☉ **Square** ♄ **Chiron** - (2°48' A) Ⅲ1 | ♄4

([117] astrotarot.net:) Typical features that this square brings – you are aware of human imperfection and you want to help others. It is not difficult to see why you seek professions that allow you to be in the position of a healer or mentor without being affected by interaction with your clients. There is an unconscious tendency to focus on the other as wounded. You think that others deserve pity and care, which distracts you from acknowledging your own wounds. You are often challenging with criticism and rejection. And this causes you to hide or repress the most unique parts of you. You despise expectations, and when others have any measure of control over you, than you can become hostile. They have a painful yearning for freedom, but fear the reactions. You will learn how to express yourself shamelessly with a significant amount of your energy . Social stigma or stifling of the identity in whatever form will be the primary catalyst for discovery and realization of self. This natal Sun – Chiron aspects will force you to accept yourself. You often stay unconscious of your Chiron vulnerability. So, you need to form an intimate, sentimental bond with others. This will help you to accept your sensitivity.

- With this aspect the relationship with the father or male figures in your life has been hard. The father may have been in denial of his own vulnerability, treating you with pity and care.

- Positive trades: You are most often extremely intelligent and sensitive and caring.

- Negative trades: This aspect makes you overly empathetic and too willing to sacrifice yourself. And thus others may easily use you or cheat you. You have tendencies to use

drugs and alcohol to solve your problems.

65) ► **Moon** ☾ **Square** ♄ **Neptune** - (3°54' A) ♀8 | ♀5

([394] astromatrix.org;) The Hallucinator

The main challenge facing you with the square aspect is that of discrimination between reality and unreality, between fact and fiction, and the consequences of confusion when these are not correctly perceived and established within consciousness.

Volatile and tidal emotions and feelings are often intertwined with your imagination so that your perceptions are clouded by personal bias and fantasies. Attempts to warp realities, especially those concerning others, are never welcomed and are a source of conflict within relationships. Insisting that you are right - even against the recall of several others - will eventually generate antagonism, as no-one enjoys having their reality and memory threatened by others, even if they are family members.

You often feel uncomfortable with your feelings and emotions as they are not easily assimilated and integrated by you and being liable to moods you find it difficult to feel centered in any stable emotional pattern of responses to people and life. There may have been some emotionally based difficulties in your parental relationships, especially to your mother, where emotional needs were not satisfied or where you imagine failings to have occurred.

Changes can be successfully made by working with those intrinsic assets which you may have blocked so far, or whose presence you may have denied, rather than acknowledging them as gifts. Imagination is present; this can be used in positive ways. What you need to do is to build positive images of a 'new you' who has less of a chip on your heart, and who is prepared to change into a more creative and loving person.

Understanding your own nature is the first step towards being tolerant of others' weaknesses and strengths, so some form of inner psychological inquiry is required. Releasing pent-up emotional tension is essential, and should be carefully done, probably with the aid of trained counselors or psychotherapists, because too great and sudden an emotional explosion of pressures may be more damaging than healing. Types of body work, manipulation and massage could possibly be additionally beneficial too.

Be more open and honest in relationships concerning any feelings of confusion; try not to let them fester inside. Organize your life more consciously. Work with others, so that you realize that all need support and guidance at times in their lives from others who may be perceptive on a clearer level. Believe in your own potential and determine to allow it access into your life. In so doing, you can transform the negative aspects of the square into positive assets.

Preferably work with more down-to-earth schools of therapy, which can then ground you better, rather than following a natural tendency towards more imaginative escapism,

which can result in involvement with any religious / mystical cults that aim to fly in holy skies of grandeur and hallucinations rather than experience real life.

66) ► **Moon** ☾ **Square** ✱ **Juno** - (5°43' A) ♍8 | ♋5

([594] 12andus.com:) Though you long for a deep emotional connection that involves long term commitment and even marriage, you often find yourself at odds with the person you thought was the One.

You may not fully see your love interest for who they are or you may disregard your intuition and only listen to your desire for connection to someone who is not truly available to you.

You may also expect commitment and loyalty from people who are looking for more casual relationships.

Your insecurities and jealousies can undermine the potential for long term relationships as well unless you are careful to work through your insecurities and maintain a stable foundation on your own first.

67) ► **Moon** ☾ **Square** ✧ **Vesta** - (3°48' A) ♍8 | ♋5

([610] 12andus.com:) You may have conflicted feelings about your spiritual purpose and connection to your mission.

You can find it difficult to put all of your commitment and devotion into a path to fulfilling your service to a higher cause. Yet when you finally overcome your doubts or insecurities, you will be able to find great enthusiasm and motivation to make dedicate yourself to your spiritual calling.

68) ► **Mercury** ☿ **Square** ♁ **Chiron** - (6°03' A) ♏7 | ♎4

([119] astrotarot.net:) Typical features that this square brings: aspect suggests friction. You cannot express yourself without struggle. 69) ► **Venus ♀ Square ♀ Lilith** - (2°57' A) ♍6 | ♁9

([655] astromatrix.org:) Embracing all of human nature

Opportunities: 1. Expanded Sexual Pleasure 2. Releasing Sexual Shame

Challenges: 1. Understanding fears of intimacy 2. Unlocking sexual inhibitions

Lilith Square Venus draws a very seductive energy into its sphere. Lilith's power is understanding that we all have innate primal desires. Venus's domain of relationships and self-worth, struggles to balance the hunger of Lilith's needs. Lilith doesn't care for airs and graces in the way that Venus does. Lilith can be intoxicated by wanting to "own" the source of its desires. This energy is felt mostly in relationships, but one must always remember that everything starts from within. This placement can tend to bring out control and power issues in relationships. It's important to be aware where the root of relationship insecurities stem from, to overcome the shadow side of this placement.

Key themes of this aspect also include wanting to experience your kinky sexual desires. Additionally, this can affect an individual self-worth, in terms of feeling as though your value only lies in your sensual nature. You may feel as though your humanity isn't honored, apart from the pleasure that you can bring to serve their needs.

You may naturally have a high potency of sexual energy. As this is a square aspect, at times some of this energy may not be released - which can cause irritation and agitation. This aspect also makes you acutely aware of manipulation in relationships, whether it is emotional, financial or sexual manipulation. In fact, you may use your sexual energy to manipulate someone to get what you want. Perhaps using your sexual autonomy to climb the career ladder.

There may be issues of sexual shame, and not feeling comfortable to express your erotic nature. There may be some shadow work around feeling used when you have exchanged intimate liaisons with another. To overcome these shadow feelings, it's important to understand that exchanging sexual energy is natural - and to understand the root of where these feelings are coming from.

70) ► **Mars ♂ Square ♁ North-Node** - (5°56' A) ♂3 | ♁12

([431] astromatrix.org:) Learning Grace

With North Node square Mars, Mars-ruled talents and instinctual abilities are brought over that must be utilized in a harmonious way. If not, the dynamic and highly combustible Mars energy may turn inward, causing neurosis, obsession, or fighting some demon or adversary within. While there are excellent resources to draw from, the Mars energy is most in need of direction.

This aspect presents a delicate situation because you must learn to use the energy in a more diluted form than what is really possible. A sort of brake is applied to the degree of aggression you are allowed to express. You are learning to release the controlling energy at a gentler, more subdued or graceful pace. If you can't learn to curb these energies, it will be done for you, most likely in unfavorable circumstances.

Be careful of expressing very temperamental or angry feelings or becoming overly aggressive physically. Your health may start out as robust, but there is a tendency to put excessive strain on the body, which weakens it, causing eventual weariness or breakdown.

There is a tendency to find yourself on the disagreeing side of things. You may find that you arouse a lot of opposition in others because of this, feeling alienated in your values as a result. You might find yourself almost pre-disposed to acting on your own or making the decisions in group settings, upsetting the group dynamic with the way you do things.

You must learn to be less defensive, not everyone is out to get you or fight you, and you must stop using this as an excuse to be aggressively self-involved and inconsiderate of others' values. To fulfill your soul's purpose, channel your tendency to be defensive of your beliefs into more constructive channels.

71) ► **Jupiter** ♃ **Square** ♆ **Neptune** - (2°53' A) ♁2 | 135

([434] astromatrix.org;) The Seeker Of The Dream

The square aspect tends to indicate great promise which is usually frustrated by the more negative qualities of these two planets. It is the potent dream world that you create which is both the source of your creative potential and the cause of your challenges in actual achievement. The problem is that often your dreams remain just dreams, an inner world into which you retreat, a world that you invest much energy in maintaining. Dreaming becomes too addictive for you, and your life becomes just an unrealized dream. This frustration is often caused by a lack of self-discipline and too much self-indulgence and time-wasting.

Concentration is poor, and discrimination in decision making can be virtually non-existent at times, as well as being hampered by an unconscious attraction towards flawed ideas and projects. The influences of others are powerful, and you are often pulled from side to side as alluring ideas take control of your dreams. Even when you begin to anchor an idea or intention, what occurs is that it is soon revealed to have flaws, in that faulty logic and reasoning have already eroded firm foundations, and it is seen

that those ideas lack real substance and an ability to deliver.

Financial awareness is another area where you are rarely at your best, due to the distortions of Neptune and the expansive over-reaching of Jupiter. By unwise actions and lack of preparation, you can create financial problems for yourself quite easily. Your nature is a little other-worldly, running away from the realities of the physical-plane life, and you may have an ongoing struggle to shore up a collapsing ordinary life when your attention has been elsewhere for too long. You tend to become lost in cloudy visions, unable to see clearly through those mists and inner fogs.

The real world can feel oppressive and too restricting, and you want to shake it away, yet really you need to properly face it, or you will receive many more rude awakenings from those inner dreams. Yet you are often generous and sympathetic with others, having a good heart which is also liable to be abused and taken advantage of by less understanding people.

You can lack discrimination towards those in whom you place your faith and trust. That tendency to be gullible and naive will be present, and you may find that others use you as an excuse for their own failings, placing any blame on your shoulders. There can be the 'victim syndrome' operating through your unintegrated Neptune. Because both of these planets have similar characteristics, it is likely that you will express both of their more negative dimensions. This can cause a blockage in action, hesitancy over decision-making. Relationships can pose problems; distortions and misunderstandings may be common, your consistency questioned, or a liability to be emotionally abused is likely.

Offering your heart to unsuitable lovers is probably inevitable at some point. What keeps you going? Dreams ... you dream of exotic adventures, exotic lands, exotic mysteries. You find it very difficult to settle in this world. A tendency of restless wanderlust is common, on physical, emotional and mental levels. Contentment is rarely found. Yet it need not be like this, as many of these frustrations are of your own making, and certainly the potential is there waiting to find channels of expression through a disciplined control being applied. It may be difficult, but facing reality, conforming to its restrictive limitations and learning how to be more practical could be the key to success. Some of those private dreams could become real if you became more concentrated and dedicated to achieving one at a time, instead of withdrawing when the going gets tough.

The first step is to become aware of your receptive patterns, to see how they operate, see what consequences occur, see the point where things fall apart. Then, resolve to change that pattern, put more thought into building the dream, more realistic self-evaluation, more discipline and effort placed into making that intention successful. By slowing the process down, and by applying yourself more consciously to what you are doing, you may be able to transform this pattern of frustration into one of future success - it could be well worth the effort.

([175] astromatrix.org;) Underestimating Selfworth

The opposition between Venus and Saturn shows emotional frustrations. This is a difficult aspect as the harshness of Saturn weighs heavily on the affairs of Venus such as happiness, harmonious relationships, artistic endeavors, and financial security.

You may look at your accomplishments with continuous dissatisfaction, underestimating your self-worth. You may not have received the encouragement that you needed when you were younger, and you tend to shy away from competition because of a resulting lack of confidence.

Your circumstance didn't give you the chance to receive emotional nurturing as a child, you may still be living the life of emotional self-denial, unconsciously believing this is what you deserve. You may have to make concessions to others to maintain normal relations. Often you wonder if it's really worth the effort.

Avoid a tendency to undervalue yourself and your ability to make a worthwhile contribution. The development of a positive attitude can be your most valuable asset. This is not an easy task and what needs to be done is to find out how to meet your own emotional needs not from other people. Try to also listen and be more receptive to others emotional needs and how they differ from your own, how can you realign your needs with others.

You tend to suppress your emotional side and the more you can work on being expressive and vulnerable the more success you will have. Your mature and responsible

attitude is a positive aspect of this sign, but it can cause depression and self-loathing.

Because you think of being a child as immature or inferior you do not allow yourself to feel the joy of childlike innocence. Learning to accept all emotions within yourself can help you loosen the tight hold you have over your emotions.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 10° **Aries** 19' and in the **8th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 2° **Aquarius** 28' and in the **6th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the

world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 14° **Scorpio** 15' and in the **3rd** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 5° **Virgo** 31' and in the **1st** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 4° **Virgo** 29' and in the **1st** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 9° **Leo** 26' and in the **12th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 16° **Aries** 56' and in the **8th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 5° **Taurus** 31' and in the **9th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 25° **Libra** 12' and in the **2nd** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Libra: plasticity, divorce, separation, the pen
Nemesis in Second house (Taurus): the love of money

Lots related to family:

The **Lot of the Father** is in 1° **Gemini** 6' and in the **10th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 14° **Scorpio** 12' and in the **3rd** house.
Same as for father.

The **Lot of Siblings** is in 8° **Capricorn** 45' and in the **5th** house.

The **Lot of Children** is in 3° **Taurus** 56' and in the **9th** house.

The **Lot of Daughters** is in 5° **Capricorn** 27' and in the **5th** house.

The **Lot of Sons** is in 18° **Aquarius** 10' and in the **6th** house.

The **Lot of Marriage for Woman** is in 4° **Capricorn** 58' and in the **5th** house.

The **Lot of Marriage for Men** is in 7° **Taurus** 49' and in the **9th** house.

The **Lot of Deceit in Marriage by Woman** is in 18° **Aries** 49' and in the **8th** house.

The **Lot of Deceit in Marriage by Men** is in 2° **Aquarius** 31' and in the **6th** house.

The **Lot of Marriage (in general)** is in 5° **Capricorn** 27' and in the **5th** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 22° **Scorpio** 15' and in the **3rd** house.
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 6° **Aquarius** 43' and in the **6th** house.

The **Lot of Treachery** is in 22° **Scorpio** 45' and in the **3rd** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 28° **Aquarius** 3' and in the **6th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate

areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 10° **Aries** 19' and in the **8th** house.

We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Leo (Rx)

(canvasofthecosmos.tumblr.com:) Pholus in 5th House/Leo: Creativity is impulsive here. When you decide to make something, it awakens forgotten oceans from within you, choppy with excitement as it laps the shores of your mind. Your inner child can overwhelm you at times as you try to suppress it in fear of being too overwhelming to others as well as yourself, leading to a feeling that you lack an ego entirely. It's likely that you will pick up many hobbies, particularly art-based, as well as a few lovers as outlets for your immense energy. You may compulsively seek relationships of every kind as the love you find in them ignites your uncontrollable passion, or maybe shy away from them in fear of what those feelings can invoke. You meet many soul mates in your life, and this compulsion after your lust life may get you in trouble as you cross lines in the sand. This is because you just cannot be contained, no matter how hard you try. In a way, you never grow up, being able to entertain yourself in any situation. Never let that fire of passion go out- just remember to balance the wild things that make life worth living with the mundane things that maintain your livelihood in the first place.

Pholus in 12th house

(12andus.com:) Your desire for compassion and emotional healing leads you to unintentionally unleash old wounds.

You may bite off more than you can chew when it comes to seeking connection with others, finding that you unintentionally end up in relationships that have toxic elements.

You may have sudden epiphanies that dramatically change your sense of spirituality. You may have to overcome dramatic emotional upheaval and make sense of your emotion and intuition.

You may go to extremes seeking purpose, faith and higher wisdom. Your ideals lead you

to question anything that doesn't quite feel right to you. You may find a toxic element of spirituality to be appealing and may seek escape or mind altering effects of transcendent practices or even substance use.

Even if your intentions are noble, use of escapist techniques and mind altering substances can lead you to make dramatic mistakes that then unleash substantial conflict which you will need to unravel.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Taurus

(synnsigns.com:) With Eris in your second house of resources, it is your task to sound the alarm regarding the incorrect use of resources. You have a vastly different way handling money and wealth which involves the sharing of resources. People think you

are foolish with your use of money. You are not. You realize the value of sharing cooperatively, though there is a danger of using your resources to dominate your social sphere.

Eris in 9th house

(synnisisigns.com:) With Eris in the ninth house of law and education, you may experience education and travel opportunities that are divergent from the norm. You may find the traditional educational process difficult to complete because of your urges to pursue your own line of study. Travel takes you to places where you glimpse the economic inequities of life. Even if you go to a sunny Caribbean beach for vacation you might find yourself getting lost in the slums.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Capricorn (Rx)

(whatsmyalternative.com:.) A difficult placement. Retrograde and negatively aspected this placement might indicate a corporate white collar criminal or big billionaire conspirator against the masses in a past lifeline. Greedy ambition and status consciousness that sacrifices ethics and truth leads to humbling balances in this life. The native must practice generosity, inner and outer. He must treat all people with respect and must not be condescending to others. No misdeeds like ratting on fellow employees for promotions, for instant karmic punishment will follow. One must be wary of taxation problems and legal problems.

The native must balance career and affection to family, and not let career be the only objective in life. Once positive loops are set and old karmic debts erased, this placement can bring large financial rewards. This will then become the new test. Is social service funded with the rewards? Is egotistical reputation concern mellowed? Is status still given importance or character of people? Is ambition under control or do the past bad habits of power trips raise their ugly head again? These natives can become nation builders or global corporate/financial/legal reformers in the highest positive level.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Capricorn

(astronomicallyaligned.tumblr.com:) You work so hard all the time. You want to look inside the box in search for peace and quiet. Maybe love and a home too. You hope that if you open the box, you will finally have peace. You will finally have all you heart desires. If the box is opened, melancholy, depression, want, and hopelessness will drive all life into dust. Death of life and all hope will spread, nihilism, and the new ice age will occur. However, if you chose to lock the box and keep it in your heart, that power and strength will enter every living creature, and bless it with strength, willpower, logic, and backbone.

Pandora in 5th house

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Sagittarius

(smartyoungsters.com:) This again a real manifestation of the Nessus theme as he was also a centaur. Nessus, here, has an obsessive desire for traveling, adventure, spirituality and learning. This is also the Nessus who has an uncontrolled desire to teach and be a know-it-all. He uses his sense of humor, knowledge and experience for manipulation. A person with this Nessus can never sit still and will always be on a move. Stillness or stagnancy of any kind frustrates him and turns him into his abusive best. He wants to go hiking, mountaineering and running in all possible directions. He is the car

racer, fast bowler, biker or horse rider who wants to win at all costs. He is feared by the opponents and preys on their weakness. He uses his knowledge, experience and sense of humor to demoralize his victims. When controlled by Saturn and Chiron, this Nessus opens you up for a breath of fresh air. He amazes with his vast treasure chest of knowledge and takes you on a adventure of a lifetime with him. In love, he is the lover on the move, always riding in his camper-van for fulfilling his zest for life. He wants a partner who can come with him with the same gusto. A partner who can learn from him "how to live an adventure".

On the other side, he may forget to take you on an adventure if you appear to be stuck in a rut. He is riding to his own rhythm and lacks patience, In synastry, if someone places his Nessus in your ninth house expect the above behavior.

Nessus in 4th house

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an

impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).

- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy

existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our lives the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the

cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change. To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Varda

(markandrewholmes.com:) The meaning of Varda seems to be "be careful what you wish for"

(according to Phil Sedgwick) Positive: cooperative, receptive, able to negotiate, ability to remain strong in conviction while perceiving another's point of view, relationship oriented, perception of shared resources in relationship, "my house is your house," ability to "get over oneself".

Negative: possibly selfish, intractable, uncooperative, unyielding, emotionally self-referential, self-serving.

(takeastrology.com:) Keywords: queen of the stars, star-kindler, deity whom created the stars/constellations (always comes to late)

Neutral: rose color, pinks, negotiation, arbitration, counseling, blessings

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

[3] The astrology of the fortunate fixed star called Nashira: warm and nurturing energy is released, encouraging trust and faith in the universe. As the wheel of fortune slowly turns away from disappointment and disillusionment, remain open to all possibilities that foster emotional and spiritual growth.

Don't fear the changes that must occur and remember that kindness will overcome all obstacles. Most obstacles will provide spiritual lessons to take you further as a developing spiritual being. On the same token, there is a shadow side, these same obstacles may cause grief loss and despair.

If not challenged and taken care of early on in the peace. The message here is not to allow things to be delayed to the point of no return and explosion. If there are things you need to do to heal the past correct the present or perhaps be apologetic for it. The

Nashira fixed star prominent in your astrology chart leads the way in this area.

A softening of the soul occurs when Nashira enters your cosmology. Previous faults in your personality become strengths. And frustration with the self is left behind. Slowly becoming a kinder more relaxed individual. Opening the soul and entering a spiritual phase in your life. One which brings peace, happiness and a stronger sense of love.

[4] Mars and Jupiter (great pride, grandly liberal, commanding, cosmopolitan views.) It causes malevolence, destructiveness, liberality, broad-mindedness, evil presages and danger of fatality and makes its natives rash, ravenous, headstrong and destructive to themselves by their own obstinacy.

So as the night sky darkens in the first few days of December, keep your mind clear and thoughts sober. Practice the art of positive thinking and diffuse all that is negative and harsh.

[3] This is chaotic and perverse energy that seeks random release, resisting order, and fair judgment. Focus on remaining calm, during this turbulent time and if possible defer all important decisions until the dust has settled. Waiting to make big decisions sometimes turns out for the better in the long run.

If this energy is managed correctly and focused on an end goal. It becomes a catalyst for change. Usually for the better. It marks a change of heart and a change of mind. Allowing new concepts and circumstances to arise. The universe opens up and shows its hand. A time for patience as you wait for the right energies to carry a project to fruition. In the meantime plan your future steps in creating what you are wanting. The fixed star foramen breaks all traditions and rules. Taking a maverick approach to circumstances and situations.

Arcturus reminds us of the matrix we live in. But also a way to transcend such a system. Through higher consciousness, achieving ownership of your very soul. Instead of allowing the brain to take the lead. Without listening to the spirit. This is a dangerous way to live. Arcturus fixed star shows us we must listen to our spirit and allow it to be master over the brain and body.

It prepares the body and mind for self-healing. Far-reaching past episodes of trauma may arise when Arcturus is prominent in your astrology chart. A time of awakening to the spiritual side of yourself. The soft gentle side that you've been hiding from the world, in fear of rejection. Arcturus star brings illuminated light to a personally disturbing dark place.
