There will be no one and nothing to stay in their way because they're determined and focused. Their passion and enthusiasm make them as hot as fire.

It's not unusual for them to engage in projects that seem impossible because that's the way they prefer to live their life.

### **Love characteristics**

Leo Sun Aries Moon people should pay more attention to their lover's actual needs and desires because they can become too protective and even intimidating.

Leos want recognition, to be in love and dramatic. They are their own heroes who need a companion.

Enthusiastic and always in love, they want others to be as honest, trustworthy and loyal as them. Especially in their love life.

However, their spirit of adventure and passion will have them betraying those principles. They will be with a person who's as passionate and exciting as themselves. And it can be difficult to find people like this.

Not to mention they need a partner who admires and appreciates them like Kings and Queens, every day. When they are bored or feel neglected, they break up and start looking for someone else.

Moon Aries lovers have to be challenged. You'll never have them doing domestic tasks or sitting on the sofa, just relaxing. That's why they need a partner who challenges them.

When they want to show that they trust someone, they burst into emotional tantrums. If they will tell you that you're annoying, you can be sure they care about you.

Their defect is impulsiveness. And when they experience it, they no longer care about anyone. They like to let their emotions rule. But this is not bad. What's nasty about them is that they can be selfish and not one tiny bit empathic.

They eagerly want to express themselves and to be as original as possible, so it's very likely for them to have jobs as writers, actors, producers and even software developers.

Needing to be recognized for their efforts and appreciated, they may show off from time to time, so you can be sure they'll always present themselves impressively.

Optimistic and joyful, many people will want to be around them because they transmit a good disposition. They're not in any way scared of taking risks, so gambling is something that really interests them.

**Summary:**

Strengths: Original, eccentric and bold;

Challenges: Attention seeking and superficial;

Advice: They should try to be more sensitive with others.

**A happy personality**

Individuals having the Sun in the 5th house want to be recognized for their creativity and special talents. They're feeling very happy when expressing themselves with the help of imagination, and it's very likely others will all the time pay attention to them.

In love with sports and very dramatic, they're fun to be around but have a pride that can bother some people.

When trying to demonstrate why they're the best at what they may be doing, it's important they don't grab all the attention of the public because this can be pretty overwhelming.

It would be enough for them to just be happy as they usually are, and the creativity that makes them feel so good all the time will surface. The Sun rules over the self and influences the way people shine in the eyes of others.

When in the 5th house, it makes individuals fun and eager to have all the praise. The natives of this placement will dance at parties and talk to everyone, no matter where they may be.

It's possible for them to just take all the spotlight because they want too much to be number one and possess an ego that gets immediately hurt when not stroked enough.

While happy and positive, they may think of themselves as losers and can become depressive when not appreciated for their talents.

Their originality is famous, so if they happen to be artists, expect them to have immense success at some point in their career.

When it comes to sex, they're up to any new experience, but their main focus is on being parents and even the perfect aunts or uncles. A job in teaching would help them be more in contact with kids, which would make them truly happier.

### **The positives**

Creativity is what makes Sun in 5th house natives thrive, so they'll most likely be appreciated artists or performers. Everybody sees them as original and they can really succeed if disciplined enough.

They develop more when out in the society, expressing themselves and taking risks. Because they love life and children, they can make the great party organizers for the birthdays of little ones.

As a matter of fact, they'd do a great job with any party as celebration makes them very happy. People with Moon in 5th house have a highly developed self-image, are proud and dignifying, their imagination getting expressed through the most original ideas that usually make them be appreciated in public all the time.

It's possible for them to focus too much on themselves and forget about others, but they immediately become generous again, as soon as they remember to consider their loved ones too.

It's suggested to let them do things their way, because they want friends only for companionship, not for being told what to do. Strong and bold, these natives are usually healthy and have all the elements in place: Earth focuses on their physique, Air on the mind, Water on emotions and Fire on their courage.

The 5th house influences their love life as well, making them true conquerors of hearts. Not all of their romantic relationships will be happy because Leo occupies the 5th house and influences them to be dramatic when it comes to love, feeling most of the time down because the appreciation of their partner is never enough.

They should be careful not to get involved with abusive people who want to take advantage of their loyalty and big capacity to love. Passionate and caring, they will be the perfect life companions for the person who praises them all the time.

Sun in 5th house natives have the attitude of celebrities and need spontaneity in order to be happy. It's like their main purpose on Earth is to exude radiance and to play the many roles life has prepared for them or their ego agrees with.

Seeing their name plastered all over and having all the attention on them makes these individuals have even more energy and be very healthy from a psychological point of view.

Their optimism and joyful disposition will always have them surrounded by friends, but they can be too theatrical sometimes, especially when speculating.

Overconfident, they take risks without thinking of the consequences because it makes them feel alive.

They give a lot of importance to their hobbies and may end up opening up a business based on what they love doing the most in life.

Very romantic, natives with this placement love chasing their partner and being in a relationship that's exciting. The thrill of the courtship is really what makes their heart tick, together with creativity.

But they may love only for a short period of time as they're always looking to feel the excitement of conquering a new person's heart.

If they'll manage to keep their long-term relationships going, they will be able to express their love in a more efficient and profound way because just liking a person is not enough. The impact of romance has to be stronger and to put their charisma to good use.

### **The negatives**

The main problem of individuals with the Sun in the 5th house is regarding their exaggerated pride, domineering attitude, arrogance and flamboyance. Not to mention they sometimes feel inferior to others when it is not the case.

If afflicted, the Sun in this house can make them great manipulators who make use of mischievous ways to capture the attention of the public.

They may even agree with bad publicity rather than no publicity at all, making their need to always be in the middle of things can be very annoying.

The more balanced ones will be respectful of both themselves and others, so they'd easily gain the appreciation of others.

It's possible for many of them to have too big egos and be selfish, presenting themselves in a pompous way because they'd think it's more dignifying to be this way.

It may be a challenge for them to become more sensitive with others and to use their charisma in an efficient way.

They may sometimes be too ebullient and not attentive to what roles they're playing, so it's suggested they decide on the performance that comes the most naturally to them.

Very confident, they would risk and speculate in any situation, making things dangerous for their financial stability. It's wiser for them to take breaks and think before taking any type of action.

The Sun in the 5th house makes them egotistical and interested in pleasures that have something to do with hedonism as ways to express their creativity.

They should develop without thinking only of themselves so much as this can't bring too many satisfactions.

These people may be innocently selfish, but thinking others' opinions and feelings matter too is important if they want to be perceived as mature.

They're dependent on others' praise and admiration because this is how they validate themselves.

Realizing their own worth would be better idea than rather than just waiting on appreciation from outside. They identify themselves with what they're creating, so if artists, their work would pretty much represent them.

As parents, they may be obsessed to protect their children and impose their authority every step of the way.

They're neurotic about how others perceive them, taking big risks for the recognition of others to come their way, planning how to get the power and doing anything for gaining the admiration of their loved ones or being too focused only on how they express themselves.

emotional and delicate. The natives are more honest about their feelings and usually live their life by going with the flow. This means they may have some problems with their relationships, especially when reacting over-emotionally to different situations and specific kinds of people.

It's just impossible for them to be less sensitive, so they need a partner to help them trust and feel secure to open up about what they may be feeling. Only with a trustworthy person will they be comfortable and happy enough.

It's very easy to hurt Moon in 1st House natives, because they get immediately offended when someone seems to just say something in a harsher manner. Counting only on their emotions, these natives don't judge too rationally most of the time, so their decisions may not be the most efficient ones.

**Summary:**

Strengths: Affectionate, caring and straightforward;

Challenges: Moving away from bias and negativity;

Advice: Do something that brings spiritual satisfaction.

**The need to get noticed**

Always having feelings about something or someone, people with the Moon in the first House are often rushed and emotional. Very nurturing characters, they want to take care of everyone and react based on their gut feeling, especially if the Moon is very close to their Ascendant.

These natives need to always have their emotions stimulated and to express themselves freely if they are to be truly happy.

Because they're moody, many people may not stand to have them around. Their sensitivity often has them taking everything personally and reacting in a very defensive mode to any commentary someone has made.

It's important for them to be more patient and to learn that other people's emotions are equally important as their own.

It's easy to impress them, and when they find something surprising, they react like they have never seen something similar ever before. You can count on them to always say what they're feeling because they find it impossible to keep their emotions hidden.

As the Moon occupies its place in the 1st House of their birth chart, they have quite the need to get noticed for their talents and can predict future events with the help of their amazing intuition.

As soon as they manage to keep their moods and impatience in control, they'll start

achieving great things by intuitive means. Their sensitivity is not the most helpful thing for them because it tends to be quite extreme, especially when they're young.

It's difficult for them to mask what they are feeling because, like with the Capricorns or Scorpios, their emotions are written on their face.

Individuals with Moon in 1st House have a tendency to speak about what's going on in their head out loud, no matter how inadequate it may seem for them to do that in a conversation. They wouldn't mind if no one listened, and they would practically talk to themselves without being bothered.

Not the most objective people, they're at least very sympathetic and can feel other people's pain or happiness, especially when dealing with someone very close to them. As a matter of fact, they pretty much identify themselves through empathy.

Because they're trying to stay away from pain and suffering as much as possible, many will think of them as cold or indifferent, when in fact they would only try their best to protect themselves.

When it comes to the way they look, Moon in first House natives have pale skin, especially if their Ascendant is in a Water sign, dark hair and a round face. Their weight can fluctuate, so they need to watch their diet and exercising routines.

Changing their dressing style according to the fashion trends, these people are the ones who annoy others because they insist on copying their style.

When the Moon and Venus are connected, they can be simply obsessed with fashion. Very attached to their mother, they will copy her in many ways. Very affectionate with their other half, romantic and generous, individuals with Moon in 1st House love surprising their partner.

No matter how good their love life is, they still have moments of melancholy because they think of past events and how to avoid any negative emotions in the future.

Because they're impressionable, it's very easy to manipulate them. At least they have psychic abilities and can see if a situation is going to take the wrong turn or if people have bad intentions with them.

Giving, and caring, they live to make others feel good and love it when their loved ones want to spoil them.

Many will understand their feelings and moods because they simply can't hide them. Well-liked by people and enjoying their popularity, when their Moon is in Aries, Libra, Capricorn, Cancer, Virgo, Gemini, Sagittarius or Pisces, they are more shy and not that

eager to receive attention from the public.

You can always count on them to be flexible and to not mind anything new coming into their life, but if their Moon is in Leo, Scorpio, Aquarius or Taurus, they tend to be more rigid and to not accept change.

### **Feeling like vulnerabilities are always on display**

People with the Moon in the 1st House are very sensitive in their responses to different people and situations.

Their emotions and intuition are usually dominating their decisions, having them subjective and unconsciously projecting their moods that often change depending on others and the environment.

Most astrologers say that this specific position of the Moon means they're always easily impressed, reacting in a strong way to everything that's happening. But all in all, they're sympathetic, flexible and nice.

The Moon will surely lend them some of its features, so they'll always seem mysterious, enchanting and gentle. Very expressive, their temper and feelings are shown on their face, this being the main reason why they simply can't hide what's going on in their mind and heart.

Their changing moods and the way they make other people's problems their own are sure to keep them constantly busy. If they were restrained from being expressive and sensitive, they would become completely alienated and feel very empty because this reality would be something they can't accept or deal with.

The biggest challenge for them is being happy without having others depending on their care.

They will see everyone as a mirror of their own self and won't be able to distinguish reality from what's only in their mind anymore. And this can go on for years, just for in the end, a type of insanity to have them completely subjugated.

Moon in 1st House people may seem unrealistic to those who don't have a rich imagination. Many can also see them as eccentrics, but their closest friends will still like them for being good listeners.

Their memory is incredible, so expect them to know where you have been at a specific date, with whom and why you happened to be upset at that time.

They may feel like their vulnerabilities are always on display and that others are able to see how fragile they actually are. That's why they may act defensive and cling to those

who at least give the impression they can protect them.

All astrologers say the Moon keeps memories and accentuates all the emotions. Women are even related to it from a biological point of view because they have cyclical happenings in their bodies.

For both genders, this celestial body is a great influencer over mood, psychology and behavior. Many people have strange experiences with the Moon's phases, some not even being aware why they are feeling strange sometimes.

The ones who are more Lunar will be perfect caretakers, the others will just take good care to be perceived in a good way by the public. The Moon has to do her thing and influence them the way it knows better, so sensitivity and moodiness are at home with people having this celestial body in First House.

### ***Moon ☾ in 2nd Nakshatra: Bharini***

13°20'-26°40' Aries

#### **Short Version [2]**

Strength: clever, creative, artistic, materialistic, able to perform tasks quickly, delights in new experiences, dutiful, loyal to family and friends, courageous approach, spontaneous, good health and longevity, talented in profession, leadership – successful in public life, satisfied.

Weakness: overburdened, restless, amoral, fickle, too clever, resists control and restraint, stubborn, has too much to do, unable to pace themselves, sexually indulgent, vane, moralist, childlike, vulnerable, vigor troubles others, needs discipline, irritable, impatient, potential to burnout.

### **Overview [1]**

- Lord: Shukra (Venus)
- Symbol: Yoni, the female organ of reproduction. This represents fertility, rebirth, restraint, struggle, secrecy, and forbearance.
- Power: Removal of burdens. Bharani is known as a nakshatra that cleanses impurities and removes burdens. This power is also associated with transporting the soul from one body to the next.

### **Strengths [1]**

Bharanis are very creative and artistic individuals. Your creative abilities will likely require some discipline and austerity in order to be fruitful, but this isn't a problem. You possess a good deal of forbearance and self-control, so discipline and sacrifice aren't difficult for you.

You are dutiful, loyal, and self-sacrificing in your relationships. Others generally find you attractive—which is good, because your sex drive is stronger than average.

You possess a keen intellect and can be quite pioneering. Despite your creative and out-of-the-box thinking, you don't get lost in a world of possibilities. Your efficiency and hard-working nature allow you to work through struggle and difficulty to realize your ideas.

Spirituality is attractive to you, and you have a strong conscience. Your sense of morality leads you to live virtuously. Although the pleasures of the world hold a strong appeal for you, you are capable of being satisfied and self-controlled.

### **Weaknesses [1]**

Bharani is called the “star of restraint” and this means that you will do best when you exercise self-control. Although you have the ability to do this, you can also be overly indulgent. The influence of Venus means you love to enjoy, and you must be careful not to let your desires for the world's pleasures consume you. Mars also exerts a strong influence over you as an Aries. The combination of Venus and Mars means you can become vain and narcissistic, and are especially prone to indulge excessively in sex. The interplay of restraint and a strong desire for pleasure can result in a kind of tug-of-war in Bharani natives. You could become very judgemental, taking your moralism to an extreme. You could also become amoral, indulging in the very behaviors that the moralist might judge you for. Your tendency to take things to extremes has to be—like all things for Bharanis—restrained.

Because you have a strong desire to succeed, you could become resentful towards those who have what you don't. You might feel like you are always struggling to gain things that come easily to others. This is difficult for you, as Bharanis are not the most patient of people. Your impatience is understandable, but be careful that it doesn't lead you to become harsh and irritable with others.

You don't lack determination and it often serves you well. However, this trait can also result in stubbornness. When combined with your confidence and your desire to succeed materially, your stubbornness can make you overly ambitious. Be careful not to lose yourself in your work and ambitions, or bite off more than you can chew. You might end up feeling overburdened as you struggle to balance all your responsibilities. Balance is key. A tendency to fall into brooding and even depression can result when you don't achieve a sense of balance. If you are able to slow down and find satisfaction in the present moment, you will be much happier!

### **Other Personality Traits [1]**

- You are courageous. The sign of Aries is known to produce brave, courageous individuals. You aren't afraid to step outside your comfort zone and head in directions no one has gone before. Combined with your innate creativity, this courage could lead you to be described as revolutionary.
- You follow your instincts. Your instincts often guide you, and if you are like most Bharani natives, you probably listen to them. Your instincts play a subtle yet vital role in the decisions you make.
- Your mind gives you little peace. The dark side of Bharani is a feeling of struggle and suffering. Much of this suffering may come from your own mind. Like many artists you are a deep thinker, and it sometimes feels like your mind is tormenting you. As an Aries, your competitive nature leads you to hold yourself to high standards and you don't give yourself much slack.
- You excel under good guidance. In the contemporary world, we place a high value on our independence and our ability to take care of ourselves. This can lead us to miss the opportunity to take advice from elders and mentors who can use their own experience and knowledge to guide us. Bharanis do best when they receive and follow guidance from others.
- You have a hard time deciding who you are. It might be hard for you to pinpoint your personality because it seems to fluctuate. Many people act a little differently in different groups of friends and in different situations, but you may experience this more keenly.

### **Career [1]**

Bharanis have an excellent work ethic. In addition to this, their creative thinking and their leadership abilities mean that they are likely to excel in the workplace. However, they should be mindful not to overburden themselves or to sacrifice themselves too much for the sake of their job.

Some ideal professions include:

- Obstetrician, midwife, doula, or childcare professional
- Musician, artist, screenwriter, or a career in the film and entertainment industry
- Writer, publisher, or lawyer
- Entrepreneur, C-level executive, or manager
- Psychologist or therapist

### **Health [3]**

Generally of good health, they may encounter dental problems, fevers, chronic pain and diabetes. Natives tend to be fearful of water and are at increased risk of drowning. They are also prone to excess and need to be mindful about diet and exercise to ensure ongoing well-being.

### **Physical Appearance [3]**

The Bharani natives are generally of a ruddy complexion, with long necks and broad faces. Most are of average size; while those born at mid-day are known to be taller than most. They broad face and forehead provide a good foundation for their prominent teeth, the men are prone to baldness and bushy eye brows.

### **Pada [1]**

### ***Moon ☾ in third pada***

(20°00'-23°20' degrees Aries): Libra navamsa. You are active and fearless. You impress others with the extent of your knowledge and endear yourself to them with your lovable nature. However, your desire for sensual pleasure makes you weak-willed in the face of sex.

### ***Mercury ☿ in ♏ Scorpio man 29° 32'***

([898] i.thehoroscope.co)

He loves to experiment with life and can be all of a sudden blunt and feisty or the sweetest on earth.

The Mercury in Scorpio native has a great mental fortitude that he employs in everything he does, increasing his ability to focus and concentrate on the task at hand.

Nothing can distract him because he's a rational and completely logical individual. He would better learn about things through direct interaction, practical training, rather than theoretical knowledge, reading in books or attending lectures.

### **In a nutshell:**

Positives: Curious and observant;

Negatives: Combative and shallow;

Soulmate: Someone who is inclined towards the spiritual;

Life lesson: Experiment more with his reactions and desires.

### **A man often misunderstood**

The Mercury in Scorpio astrological make-up makes these natives very resistant to change, at least as far as their ideas are concerned.

Even when someone manages to prove them wrong with arguments that can't be refuted, they will still stand still on their position, unwilling to give up.

Of course, if someone dares to be against them, they will react with impunity and aggressiveness, like a proud warrior who doesn't abide by any insult in his name.

Don't even think about insulting or saying something that might upset them. It's going to linger in their minds for a long time.

This man is known for reacting with unwarranted aggressiveness even before having a reason to, a trait of his combative Scorpio influence. It's not exactly a good or bad thing since it's only natural for him to have these reactions, but he should also be careful not to hurt innocent people.

He might be a jerk, he might be totally blunt and tell you that you look like hell, but that's who he is, an honest prick who can get better if you tell him that.

Moreover, he's experimenting with life, learning everything he can and seeking illumination in all the places that you wouldn't look.

If they're going to start reading books, you can be sure that it's going to be something about mysterious places, pseudoscience, spirituality and black magic, occult stuff.

Men born with Mercury in Scorpio are also very inquisitive and like to make their own deductions and reach their own conclusion. These natives can only be called lucky, like destiny smiles down upon them each and every time they want to find something out.

A clue will fall from the sky right at their feet, a piece of information, a moment of inspiration, especially when it comes to precise and mathematical deductions.

Because they have to feel a certain attraction and interest toward a certain activity if they are to put in the sufficient effort, don't be surprised when you'll see them engaging in sports.

It doesn't matter what it is, but if they like it, they will become totally dedicated to it, training day and night, focusing like crazy on developing their skills.

The bad thing is that you might never fully know much about them because of the

suspicious and secretive nature. However popular and communicative they may be, this restraint and distance that they have toward people will be a black spot on their reputation.

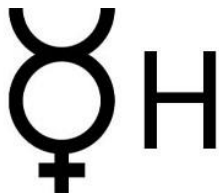

The Mercury in Scorpio man will lose a lot of friends and acquaintances because of the way he interacts with people. He might promise them to be there when they need him, to be loyal and remember the important things, but then push comes to shove, he doesn't deliver, and this is very annoying and disappointing.

It would be easy for him to prevent this with that crazy intuition and deep instincts, but he doesn't care too much about the loss of fake friends.

Romantically, he feels the need to prove to himself and to the world that he is the best partner in the whole world, and this often takes him on a road of self-deceit.

He forgets to look at the broader picture, to keep his feet firmly planted on the ground, and to determine if it's worth it at all to put so much effort. This is what gets him into so many failed relationships in the first place.

## ***Mercury ♀ in VIII 8th House***

([915] i.thehoroscope.co)

This placement of Mercury makes people know exactly what to say and when so this saves them a lot of hassle in life and helps them have an advantage on others.

Those born with their Mercury in the eighth house are especially endowed with a natural curiosity that makes them want to know exactly what's surrounding them, how it all came to be, how the people around them do what they do, and so on.

They're natural investigators, analyzing anything and everything, down to the very last details, only to satisfy their curiosities.

Of course, what ultimately matters for them is the truth because they won't be happy having reached a conclusion only to find out later that it's only a lie or the result of fake attitudes.

### **Summary:**

Strengths: Communicative, persuasive and attentive;  
Challenges: Judgmental, gossipy and impulsive;  
Advice: They should not share what is being said to them in private.

### **Meticulous people**

If you're not the type to enjoy random rambling about the most curious of subjects, endless debates on existential dilemmas, and pretty much non-stop bantering, then the Mercury in eighth house natives are not for you.

They don't hesitate to beat around the bush when there's something to be said, and even when there's no need to say anything, they will still have to do it either way.

In other words, they absolutely love to engage in conversations, to have funny talks and to discover new ways of seeing the world, to get drunk on the power of words.

What's more, they are very much interested in sexual matters, kinky ideas, and would be too keen on having such conversations.

The Mercury in 8th house natives are very serious when it comes to communication, insisting that it's one of the most important elements of a good lifestyle, a successful business, and pretty much anything in-between.

Knowing how and what to say in some contexts can save you a lot of hassle, and they want to take control of their own impulses as much as possible, to be able to discipline themselves completely.

Moreover, they are also quite adept at reading other people, seeing their motivations and why they do things, their secrets and vulnerabilities.

They are very ambitious and meticulous people who know what they want to do and focus entirely on that. Nothing can make them stray from the established path.

Moreover, the Mercury in 8th house natives seem to be endowed with occult powers of observation and supernatural insight, a weird and special trait.

Anyway, they seem to be able to feel things, to know that something will happen before it does.

They know stuff, seemingly out of nowhere, and they act on it with complete certainty. Their awareness reaches unprecedented levels.

They know how to impose their will so that others listen and realize that it's the only reasonable choice to listen and obey.

Persuasive and manipulative, these people believe that everyone has a reason for why they did something, and that reason stands at the forefront of anyone's decisions, conscious or not.

Know that and you can control anyone. They are curious about this and will investigate it thoroughly, with rising interest and efficiency, all in order to form the perfect strategy.

### **The positives**

What's good is that these natives never lack for attention or friends because basically everyone will gather around them, waiting to see what's going to happen next, what they're going to do or say.

Human curiosity wins in the end. Their mysterious agenda and demeanor bring a lot of people together, and this effect is amplified by their natural confidence and firm attitude.

However, and this is most importantly, why they are very good at discovering the secrets of other people, they are especially careful in keeping theirs hidden and away from prying eyes.

What happens as a result is that the people are even more intrigued and unconsciously attracted to them.

The mysterious and seemingly supernatural insight can make them the perfect research material for those who want to find out more about the world, those that want to understand the human psyche.

The Mercury in 8th house natives are very interested in witnessing the dynamic spectacle of moving bodies, the intellectual and verbal debauchery of every-day life, the mechanisms behind it all.

They not only use all the accumulated knowledge to make plans and build future prospects, but it also grants them an aura of authority, of a knowledgeable person, someone that you just have to listen to.

Professionally, if you want something to be done in an organized and systematic manner, a research or an analysis, they are your people for the job.

### **The negatives**

It's a really good decision to keep themselves out of the spotlight with regard to their emotions. If they don't reveal themselves as much, they won't be as vulnerable and weak anymore.

It's something people should do more often, as a matter of fact, because there are plenty of individuals out there who want to hurt people.

This is what they do, and protection is needed. However, in a relationship, this is no longer a good decision because you would think that the partner is someone whom they trust enough.

It's going to be very confusing for said partners to know what they're thinking. Ideally, they should become more open towards people they trust.

The eighth house is also known as the house of death. This means that these natives are in contact with the other side, with the forces of the occult, which they can use to cause harm to others, involuntarily, evidently.

Out of spite or anger, they might be left thinking that the other person should suffer or something bad should befall them.

Surprisingly, this actually becomes a reality, and it's more than likely a result of that random desire. Sending negative vibes is a thing, especially in their case.

The Mercury in 8th house natives might tap into the dark energy that surrounds their house and become a sinister version of themselves, especially in their relationships.

Possessiveness is taken to the extreme, emotional manipulation, the tendency to check on their partner out of unfounded suspicions, these can happen more often than not as a result of this dark energy oozing from Pluto, more likely.

Let's also remember that they are naturally more inclined to investigate and search for answers, to find the truth. With presuppositions leading their efforts, it's already going the wrong path.

### ***Mercury ♀ in Rx retrograde movement***

[699] [920] ([699] mollysastrology.com:) These people absorb thoughts and ideas through repetition and osmosis rather than careful, deliberate study. Constantly editing, reviewing, rethinking, replaying it in their mind. Own best teacher. Questions what others accept as gospel. More capable of dealing with abstractions and impressions than those with Mercury direct.

([920] cafeastrology.com:) The thinking processes are generally more acute, and the sense of humor rather quirky. People with Mercury retrograde take in information differently than those with Mercury direct in their natal charts.

Some people with this position struggle with doubts about their perceptions or their ability to learn, and there can be a lot of thinking, double-checking, and reviewing of thoughts and ideas before communicating them. Retrograde roughly 18%% of the time.

## **Venus ♀ in ♊ Capricorn man 12° 29'**

([939] i.thehoroscope.co)

He has his principles and respects a certain code of conduct in every social situation so is usually very charming.

A Venus in Capricorn man is ambitious and perseverant, and that is the basic essence of his character. He's a very hard-working individual who sets his own pace and never strays too far from it.

Professionally, he's a monster, and personally, he takes care of himself as best as possible. He wants a partner who can incentivize him to try even harder, to achieve even higher goals, to make him wish for more.

Romantically, this man will be very affectionate, sweet, tender with his gestures of love, and he will want to build up a long-standing relationship based on self-respect, dignity, principles and a traditional homely life.

### **In a nutshell:**

Positives: Strong and resilient;

Negatives: Superficial and deceitful;

Soulmate: Someone who is affectionate and a good conversationalist;

Life lesson: He shouldn't pay so much attention to those who criticize.

### **His love personality**

He's interested in serious and responsible women who know what they want from their lives. His partner should, in theory, already have her plans all set out for her, and to already have made big steps towards their accomplishment.

He wants to build a life together with her, one based on financial and professional success, a stable future. So, naturally, he wants his woman to be resourceful, intelligent, hard-working, and to not give in to distractions.

This guy will already be quite accomplished professionally at the moment of his romantic escapades because he wished for this in the first place.

He always wanted to build his potential little by little, to first have a good situation, and

then focus on finding a partner.

He's looking for a lover who understands and is keen on having a good conversation with him, someone who is tolerant, open-minded, and straightforward.

He hates having to think about hiding his thoughts, trying to say the right things, and all that. This native is very satisfied when his friends call on him to help them with something because he realizes his worth.

He has his principles and respects a certain code of conduct in every social event, and he keeps a respectable distance with all his friends.

He's not willing to debase himself by lowering his language or by involving himself in things that aren't worthy of his time. All of this creates a strong image of respect and dignity for the Venus in Capricorn.

The perfect woman will find this very attractive because she will have ideas of her own, she will also follow a certain set of principles. Most importantly, the perfect lover will already be on her way to achieve her plans.

She must be ambitious, intellectually and emotionally mature enough to realize how flimsy some things are, to have plenty of knowledge, and independent enough not to rely completely on him.

As long as she has these traits, he's willing to omit all the other flaws or inconsistencies because these are the essential characteristics that he's looking for.

He doesn't like overly emotional women, talkative ones, ignorant and superficial ones, and unpredictability is most of the times undesirable.

For his ideal woman, he is willing to sacrifice a lot, and he will shower her with his attention and affection. Well, in his own way, one that she will hopefully understand.

The Venus in Capricorn man is unwilling to even think about lying or deceiving his partner. Besides being against something that would go against his principles, he doesn't even have the time to do that.

He's well over his head in building his professional life. Of course, if he's too immature and naïve, and stumbles upon a toxic relationship, he will try to escape this predicament, so watch out for his lies. It should be a telltale sign.

### **Attracted by ...**

Don't even think about asking him to shower you with romantic compliments, to warm up to you on an emotional level, to go over his head in trying to woo you with sentimentality

because he just isn't able to do that.

It's not that he isn't used to or that he's cautious, it's that it would be very difficult and go against his nature to do it.

That's why he doesn't want an overly-sensitive woman in his life. Rather, someone serious, a little rigid, responsible, who knows how to appreciate a good man when she sees him.

If you've got grand plans, you would better share them with him, as this will probably get him very interested in you.

He's never been one to wallow in sentimentality, and he has a very practical outlook on relationships in general.

Instead of saying sweet words of affection, he prefers taking his lover out on a journey, making plans together, eating out, or just being there for them when a problem occurs.

However, this doesn't mean that he lacks emotion, but that he's not that good at showing it. It would be a good idea to learn to do that.

They don't like unexpected surprised or unpredictable events, and you would better not be an obsessive shopper because he has a rather thrifty personality.

### **In conclusion**

The best thing about this native is that you never have to worry about him hiding things from you.

He's too focused on his career and professional ascension to ever have any time for lies or manipulation.

In this sense, he will always be honest, even more in a romantic relationship where he will always put all his efforts to reach a desirable level.

He will never commit without being sure that it's all worth it, and this means that he will do it wholeheartedly, with all his mind and soul, and without hesitation.

The Venus in Capricorn man tends to focus too much on work and professional advance.

Sure, this is very attractive in a man because you just know he's going to reach the top in no time, but it just so happens that over-working isn't that good.

Your partner will want to be taken care of, to be loved, and she will want your attention

most of all.

Don't forget about this aspect, and take some time off from work, or take a few steps back and just enjoy spending time with them. It's ideal if you keep an equilibrium in your personal and professional life.

As soon as they have managed to attain some of their goals, they turn into complete workaholics who no longer pay attention to the people they love and don't want to enjoy any of the life's pleasures.

It's not a golden rule for things to happen this way, but they should pay attention not to let these things happen, or they'll end up in isolation and forgotten by all of those who have loved them.

Their type is usually the one who's in love with work and invests a lot of passion and time in the daily job. It's unlikely for them to ever get bored with what they do for a living, because this is how they express their love.

Positive and able to deal with an interview without having too many emotions, they will get any job they're aiming at.

They will be more attached to the parent that has been more domineering in their

childhood, which often happens to be the father.

The position of Venus in the tenth House indicates they may have a parent with Taurus and Libra influences, or who has a very powerful Venus.

Because they love work so much, they will most likely meet their other half at the office, this being even more possible if they're having the cusp of the 7th House in Libra or Taurus.

Since Capricorn rules over the tenth House, so the planet Venus here may indicate they will fall for older people who have an influential position or are playing the role of their mentor.

But there's also the possibility these individuals won't meet anyone and marry their work, because they can be pretty balanced when they're only doing their job and usually identify with what they do for a living.

When Venus gets support from other planets in this placement, there's a good chance for these natives to become famous.

They may become famous artists, because they love making others feel better and bringing peace. Idealistic, dreaming of utopias and glamorous lives, they can feel very down if not recognized and admired.

Life at work makes them tick, and the relationships with their colleagues can be very fruitful. It's easy for them to achieve success when they're always networking and simply hypnotizing people with one look.

Very passionate about their work, people with Venus in the tenth House will want to make a contribution and to spread a lot of love, bringing positivity anywhere they may go. However, no matter how expressive Venus makes them, they will always remain a mystery to the public.

They will take as much advantage of their good image as possible, because Venus makes them seem loving and transforms them in the social assets that everyone wants around. They're quite talented with public relations and don't mind speaking in front of a public.

Diplomatic and tactful, these people know their way around words and can magnetize large groups of people to listen to their ideas. Many will pay more attention to them than to what they're saying, but this wouldn't matter that much, because they would still get heard.

Groups and companies will use them as their image, so they should be careful not to get involved with suspicious organizations. A Venus that is in an adverse aspect can have them ignore morals and treat any collaboration as just another job, not thinking whom they're giving their image to.

These natives also share a strong connection with their friends and family, so close in fact, that they will react violently and with great determination every time they perceive danger coming close.

Combine the natural tendency of a Taurus to take a step back and enjoying the view of his courtyard, of about any sort of beautiful thing in the world, with the combative influence that Mars has on him.

What did you get? You should have gotten a native who's crazy about making his life a paradise, about fighting boldly and courageously for what he feels would fulfill his dreams.

In general, though, their dreams and aspirations concentrate on the desire to be comfortable. And what could be more comfortable than being a couch potato, staying all day long inside the house, watching Netflix, and eating chips?

They might go for sports, but not very active ones, and also, they will try to incorporate their creativity into something practical. Moreover, they could be very good farmers from the looks of things.

Now, knowing what the Mars in Taurus man is all about, would you see him skipping through relationships like Don Juan or taking them slowly, individually, with passion and romanticism?

The latter seems more plausible, right. He's very affectionate and patient with his love, and he will want to walk every step of the way, from the initial encounter to the flowers, the notes, the kisses, and then the confession.

If she refuses to play along and tries to distance herself, this man will go through a rainy period where nothing goes as it should.

A dysfunctional behavior, antisocial attitude, his shyness will turn to depression, and so on. He doesn't have anger issues for most of the time, although if he's maddened enough, watch out!

He won't be keeping an eye on the collateral victims, and just like an enraged bull, he will stampede everything in his way.

The man born with Mars in Taurus wants to focus all of his imagination and intuition on creating little things or even building himself a house. Hand-crafted things are most enjoyable to him.

This shows that he is ready to put himself to work if the incentive is great enough if he wants to truly achieve his goal. Also, he prefers to finish his projects before moving on to another idea.

### **His woman should be refined and devoted**

This man is quite content with living the life of his dreams, a comfortable and happy one where his responsibilities are set in stone, a sort of routine that he quickly gets used to. He knows how to keep himself happy and fulfilled.

He believes that something, where you put in enough effort, will eventually turn out to have an incredibly satisfying result. Whatever you work for, spend night and days overlooking in, taking it to step by step, that's worth it.

He wants his woman to be refined, tender, feminine, both physically and psychologically, and he wants her to get used to living a routine-based lifestyle.

In a relationship, he wants to take it slowly so that he has enough time to see whether she is compatible with him or not, whether she's the right one after all.

He knows just how devoted he can be when he falls in love that deeply, and he wants to avoid unpleasant situations where he breaks up with that person.

For him, getting all physical is one of the most efficient ways to check things out, and it's something he deeply enjoys also.

### **In conclusion**

The Mars in Taurus man is generally much more sensitive and intuitive than most other men, and this means that he would try to break apart any social regulations, to do his own thing, to creatively create his own lifestyle.

However, with his lover, things could be different, and he may find it better to ascribe to certain traditional ideas. The fact doesn't change that he is very imaginative in bed, so he doesn't give up on his nature after all.

Possessive, jealous, and materialistic, this man cherishes his property and doesn't want anyone else to interfere with it.

Yeah, he does perceive his woman as belonging to him, so don't even think about trying anything funny. He can make money very easily given his responsible and perseverant nature, but he finds it hard to part ways with it.

One thing is true about him, and that is his stubbornness and determination to never give up on his principles and ideas.

Even when you thought you've won when he's stopped speaking, just remember that some people realize they're dealing with idiots and will give up rather than waste their time.

Just saying... If his wellbeing is directly implicated in an argument or debate, you'd better prepare for a lengthy, argumentative, and mule-headed discussion that will end with you driven out of your mind.

He's the type of man who emphasizes his professional success and material situation first, the achievement of all his life's dreams, and only after that would he get into a relationship.

He expects his partner to have a successful job, to be responsible and patient with spending money. He might start judging you on what you buy, believing it's a waste of capital, and this will become annoying in the long-term.

Don't anger him though. Even if it takes a lot of time and effort to get there, you won't like him when he's angry.

Moreover, no matter what path they choose, it's obvious that not even the direst of situations will make them become impatient. Everything is under control, even when it seems like the slightest mistake could take it all to a complete disaster.

Natives touched by Saturn take extremely good care of their financial situation. Obsessively watching over every little dime in their pockets, and carefully inspecting every product before they buy it, it's not much of a surprise when you'll hear about one of them becoming rich.

After years of saving up, and leading an austere lifestyle, it would have been absurd and suspicious for the situation to be otherwise.

What's good though is that these natives are very ambitious, responsible with their money, confident, and very resolute about completing their goals. The same goes for the way they approach relationships.

Also, because of Saturn in Taurus' influence, these natives can work in pretty much any domain, but they tend to be more efficient when it comes to sciences, mathematical problems, pinpointing with exact accuracy the nature of a given problem, or extracting the correct solution after a series of tests.

### **Transferable attitudes in their love life**

Saturnian Taurus natives are very determined once they focus on doing something, and this doesn't only apply to their professional life. In that sense, they can be extremely ambitious and endure quite a lot of punishment on the path to success.

Financial security and overall stability can only be attained with enough effort put in, working smart, never giving up, and being always patient with how things advance.

With love matters, Saturn instills them with great practical sense, which means that they will want to find someone to spend the rest of their lives with, to build a future together and not just another adventure.

Long-standing relationships are hard to come by, but they are reliable and trustworthy enough to attract that special someone.

With great affection and an unusual amount of compassion, the Taurus natives will offer their partners a feeling of security, of protection.

With a steadfast determination, they seek to build a firm and steady bond with that special someone, and they may forget about romance in the meantime. The more sentimental individuals might not be prepared to live like this, so this may lead to disappointment.

Moreover, because they are so hell-bent with their plans of a happy marriage, and won't easily give up, problems could appear because of a toxic partner. They should learn that giving up is sometimes the right choice.

### **The good and the bad**

One of the best things about a Saturnian Taurus is that they are arguably the best person to call when you have a problem that you can't deal with.

They will act with the best intentions, and with so much passion, that you could think their entire life depends on it. That's why this native should occupy a management position, or something close to that.

Moreover, it's something really surprising that some people see them as procrastinators, couch potatoes who prefer sitting all day long in front of the TV.

The thing is, they take responsibility for their lives and actions, and don't want anyone else to be put through the dangers that they choose for themselves. Keeping a slow and steady pace is the most efficient approach to solving a problem or completing a problem. It's safe, secure, and makes everything much easier to tackle.

Saturn brings out these traits in this native, and it also brings out something that they will become legendary for. Stubbornness becomes the tell-tale sign of a Saturn Taurus, and they will make sure to express it in every situation.

They can take it to a whole other level, meaning that once a decision was taken, absolutely nothing can make them change their minds.

### **The Saturn in Taurus man**

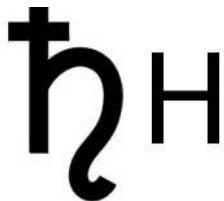

The Saturnian Taurus native can be described as extremely disciplined soldiers who never stray from the given orders, and who do things in a very organized fashion, with a singular purpose in mind, and a steadiness of mind many would find appalling.

It is true though that they seek for security in all of its forms, and in all walks of life, with Saturn giving them the energy they need to succeed.

In a relationship, he will take on the role of a protector, fighting against all the possible dangers that might hurt his partner, and shouldering all the burdens that appear.

In return, he expects to be loved and appreciated. Also, honesty is very important to him, so one should never think about deceiving this man.

## ***Saturn ♄ in II 2nd House***

([1030] i.thehoroscope.co)

This placement of Saturn makes people likely to work hard and tirelessly to achieve the high goals they set for themselves, and also care a lot about money.

People born with Saturn in the second house in their birth chart are pragmatic, serious and dutiful, especially when it comes to wealth. This is not a placement of Saturn that absolutely impedes them for making money, but they will surely need to work hard for their life to be as comfortable as they want it.

There are times when they forget all about enjoying their possessions because the focus on making money becomes too much. It's good to save and to feel secure that dark times won't follow, but stressing too much about this issue is never a good thing.

Learning how to share would be a great idea for these people because it would bring about true joy and happiness. It's very possible they also stressed about the material side during their past lives, so a re-evaluation of their own values is absolutely necessary for more peace of mind.

**Summary:**

Strengths: Calculated, imaginative and domestic;

Challenges: Pessimistic, materialistic and cautious;

Advice: They should refrain themselves from thinking that life is only about money.

**Cautious with their finances**

All astrologers are saying natives having Saturn in the 2nd house face difficulties trying to make a living because they want money too ardently.

This can sound harsh because, while Saturn rules over limitations and obstacles, it also has its positive influences too.

When it comes to personalities, the 2nd house deals with the attitude individuals have regarding their possessions.

Saturn here makes them pessimistic about the materialistic side of life, so they should avoid feeling down as far as discussions about their salary go.

Saturn in 2nd house individuals may be too cautious about where they are putting their money. For example, they'd be more open to invest in something that pays back in the long run than in opportunities promising fast results.

This is a good thing because their finances won't get lost over the years, but at the same time, they won't earn that much considering not a single risk is being taken.

This is what makes many astrologers believe they're in fact almost unable to make money and gain as much as they're dreaming of. However, it is more a matter of attitude and awareness than of inability.

Anything that has something to do with the material world and the process of earning

can have Saturn in 2nd house natives' heart sign with joy.

It's possible for them to find fulfillment dealing with people or other things like spirituality too, but only if they would feel like owning someone or something.

That's why they need to always feel secure and also why they're holding on so tightly to everything that happens to be in their possession.

Some may be traumatized by a childhood in which they didn't have anything, struggling as adults to have a completely different life.

These people "feel" money like they do electricity and a form of whole new energy meant to make them feel good. Saturn gives them many tough life lessons, but they will never cease to determine their identity based on material gains and financial accomplishments.

That's why they're only looking for something to give them direction in the material world and no place else. All the extremes of this planet will cause these natives to be obsessed with having their own money and never wanting to borrow a dime, not even from people in their family.

The least evolved ones will be hoarders, the total opposite of people who prefer a monk's life and don't mind sleeping in a bed with no sheets.

Those who can't understand why society needs to possess all the time make them feel uncomfortable and even scared.

Not that they aren't be able to notice greed, they just prefer to ignore it or to not admit it may have anything to do with them.

When focusing on making money, they're calculated and sometimes even imaginative. They have a lucrative mind and are terrified of losing everything they own, so while luck may not come towards them too easily, they will still think of all kind of business ideas.

It's like gold flows through their veins, not blood like in all other human beings. An attraction towards the occult and even astrology is also possible because they want to know a thing or two about their financial future.

Eager to feel secure about their income, Saturn's influence will have them working hard and tirelessly and specific to this planet, their progress will be slow but steady and sure.

When it comes to the 2nd house, a stable financial situation gets established after the thirties, this being also the situation with spiritual richness and a sense of accomplishment.

Therefore, people having Saturn here will surely become more opulent and sure of themselves after their middle age, no matter how little others will appreciate and support them.

### **The goods and the bads**

Famous for making people stumble with everything they're trying to do in life, Saturn is the bully of planets.

When in the 2nd house of wealth and possessions, it's easy to assume individuals having this placement face many difficulties when it comes to money and business-related issues.

They also wouldn't dare to take too many risks, this situation being different if they'd have Jupiter neighboring Saturn.

Jupiter around the 2nd house would make more intuitive and thus, talented with business. However, natives with Saturn here and Jupiter far away will not be too lucky and accumulate as much wealth as they want to.

At least they won't lose their money gambling or doing something reckless either, so their finances are very likely to remain the same throughout their entire life.

It would be smart for them to admit they're pessimistic and try a more risk-taking approach if they want to get filthy rich.

Saturn rules a lot when it comes to work and the 2nd house of Taurus influences people to want security, so they will persevere and make the necessary sacrifices for success to come their way.

Astrology says these people can recognize true value and good quality, so they'll most likely invest in real estate and work the land. It's also possible for them to become artists because they really know what people like when it comes to worldly matters.

Owning a business, being engineers, architects or city planners is also possible because they want to make high-quality things that last for a lifetime and Venus helps them understand forms or colors.

Wanting to build something substantial, no matter if it's about work-related or family issues, seems to be their strongest point.

Their home will be comfortable and tastefully decorated, but no matter how much it will be invested in it, they will always feel as it's not enough.

Saturn can make them extremely focused in the tasks they have at hand, so it's very

likely they'll end up only working and not having fun at all, which can furthermore lead to illness and too much stress.

Feeling they're all alone and never asking for help is also not in their benefit, so they should share their efforts, even if this means sharing the rewards as well.

The passing from the 1st house of self to the 2nd one of belongings brings an Earthy feeling and a realistic attitude, making them able to see what their resources are and how to create value.

Individuals having Saturn in 2nd house need a strong foundation to build on and don't like change. They're terrified of losing everything they have, so they will never relinquish control.

The more they'll relax, the more they'll gain their peace of mind. When not being able to predict a situation, they prefer to stay away from it, meaning they can miss on great things in life.

Dropping some of their inhibitions would help them be better persons, but since Taurus rules over the 2nd house, this thing may be the most difficult to be done for them.

Saturn here will always fight their love of beauty and everything that makes their heart beat faster, making them very weak when dealing with aesthetically pleasing things like a great painting or a nice car.

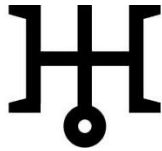

They will do anything to own such things, no matter if this would mean they'd end up ruined. They like feeling comfortable and don't want to go out that much, so expect their home to always be welcoming.

Many will see their obsession with decorating as something that opposes practicality, so they'll have to convince some people they're in fact focused on other things besides pleasurable surroundings.

While Saturn keeps them down-to-earth, it also brings difficulties in advancing further.

That's why they should let go from time to time and just enjoy the ride. Life will happen as it should anyway, so their efforts would be in vain in certain situations.

***Uranus ♅ in ♌ Leo man 7° 16'***

However, their passions are not always worthy of being presented in public, nor would they be appreciated to their full extent.

There are plenty of ways to have fun and impress others, and they are trying to find all of them, sometimes focusing too much on one of them, even risking being mocked.

These natives won't like to have their creative reflexes inhibited by anyone or anything. If need be, they'll even revolt against the social order, try to organize meetings to fight against this oppression.

Involving themselves in many diverse fields of art, ever-evolving toward their goal of achieving an even higher artistic sense.

Uranus' influence when residing in the sign of the Leo, refers to the individual and its subjective self-matters much more than in other transits, to the point that the Leo might be perceived as eccentric, egocentric, or narcissistic.

There is a very high potential for success here, as a result of the elevated levels of raw energy rumbling through their bodies.

The Leo Fire sign doesn't like to get out his comfort zone, and even though he is a very enthusiastic and welcoming individual. The influence of Uranus makes one individual quite impervious to change.

Rational, logical, with a certain lack of empathy to allow for precise calculations and observations, this native efficiently paves the way to their goals, avoiding any sort of distraction, of the emotional sort mainly.

Confidence and self-awareness are intensified and become the very guiding posts of the Uranus Leo through life.

With a creative power at their fingertips, that even artists would shudder to witness, these people would be ignorant not to use this flair of theirs to reach for the skies, to fulfill their innermost dreams, and to achieve their fullest potential.

There are plenty of outlets that would allow them to express this artistic force, and it would raise their self-confidence by many-a-fold. At the same time, they protect their ideas with reckless abandon, letting no one get in the way of their advance.

The sheer spontaneity of the Uranus Leo makes it so that these people can't stay in one place for too long, and they won't allow others to control them.

The Uranus Leos are filled with boundless energy, they are very daring and bold enough to reach for their goals, no matter wherever that may take them.

They only need a purpose to follow, and everything will fall into its place. With enough passion and self-awareness to outdo most people, these natives are perfectly suited for bringing down the social charade, to change the world and bring it to a whole new level of existence.

It would be one based on completely new principles, ones sunken in art, the sciences, communion, and so on.

### **Love matters**

When the Uranus Leo falls in love with someone at first sight, it's bound to lead to a streak of crazy events that should, in theory, be good for the future.

However, these people are very unrestrained and don't really care about what others think about them. If they want to make a change, they will do it just like that, and if something seems to be amiss, they won't hesitate at all.

If at first, they are going to profess their eternal love and shout it to the moon, after just a couple of weeks, they could come to the conclusion that it was a rushed decision after all.

With a dramatic approach to most situations, this native just loves to be at the center of attention and to shock everyone else.

No chains shall hold this one down! Boring and tedious relationships where there is no potential for further development are quickly abandoned.

This native wants to have fun, to live life to the peak of pleasure and entertainment, to experience the world like no one else has before.

### **The good and the bad**

Those with the Uranus in Leo transit in their natal chart will never give up before trying their best. Success only comes to those who want to achieve it, and with their skill set, they don't need anything else than strong willpower.

They are creative and have many great ideas, a lot of friends who would help at a moment's notice, so the rest is up to them.

Egocentrism, a complex of superiority, sometimes going so far as to evolve into a God complex, a ruthless attitude in front of opponents.

These are the major negative traits of the Uranus Leo. Whenever he's not trying to overshadow everyone else with their perfect plan, they're doing their best to destroy the efforts of their enemies, completely eradicate any chance of the latter taking their spotlight.

Actually, because they love being in the center of attention so much, they are capable of the utmost cruelty against competitors.

### **The Uranus in Leo man**

This man needs empathy so much that anything else is secondary. When he sets his mind on a plan, he becomes very embroiled in its making that he loses focus of other people's feelings.

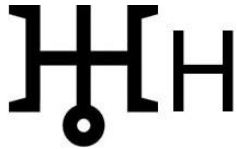

It would be far easier to enlist the help of other like-minded individuals to help with the implementation of an idea, but with the way he's acting, no one's going to stay for too long near him.

He could create quite a brilliant situation for him, filled with everything he could ever wish for if only he would avoid getting into pointless conflicts with everyone he meets.

These aggressive distractions are nothing but an obstacle in the path of his unstoppable march towards the future.

They're the type who falls in love at first sight because Uranus makes things move faster. But don't think their relationships will last long considering the same planet can cause unexpected things to happen and for beautiful affairs to end without any reason.

## **Neptune ♃ in ♑ Capricorn man 12° 41'**

([1074] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

If you are born with Neptune in Capricorn in your natal chart, you are especially interested in the methods of getting rich, in achieving success. You want to be in control of all situations, to never again have to ask for permission, to have everything you ever wished for.

Fame, fortune, good looks, a luxurious lifestyle, and a beautiful woman/man at your arm, there are plenty of things that are tied to success, and you want them all. However, the path is a long and hard one, which you are not fully aware of. Although you come up with new and innovative ideas, it's not certain that you'll succeed.

**In a nutshell:**

Style: Disciplined and practical;

Top qualities: Resourceful, thoughtful and goal-oriented;

Challenges: Stubborn and selfish;

Advice: Do only what keeps you happy with yourself.

**Personality traits**

These natives have very different perspectives on life than everyone else, putting more emphasis on routine, on doing a good work, being responsible, and having the moral principles to advance unimpeded by mere distractions.

They let spiritual goals to those that actually care about them. Neptune's influence offers them a very firm and resolute personality. Nothing can make them shift their attention from the goal at hand because they know that once they lose focus, the plan is shattered into smithereens and there's nothing else to do.

There is literally no individual more serious and responsible than the Neptunian Capricorn. This native knows exactly how to tackle a problem in order to efficiently dispose of it, and they manage to do it in the most productive way possible, with time to spare.

They are truly the saviors that you need when the situation becomes too dire. They have great childhood memories, of how they used to roam freely around the streets with no one telling them what to do, of how exhilarating life was back then.

They wish to achieve the same level of freedom, and they want to bridge the generation gap, to continue in the same spirit of the past.

They are the new generation of people who won't abandon their dreams in spite of all opposition. They are set on accomplishing their deepest desires, but they are also very careful that they never end up entertaining idealistic wishes.

Something that'll never be attained becomes redundant, a waste of time and effort. Released of illusions and chimerical platitudes, the Neptunian Capricorns are rational, reasonable, and lack most if not all belief in spirituality.

For them, personal fulfillment comes with material happiness, not with some kind of transcendent and supernatural sense of illumination. That's too elusive a goalpost to

follow.

The good news with their realism and good-natured personality is that they are pretty much bulletproof to religious claims, extreme attitudes of racism, spirituality, conspiracy.

They are very reasonable in general and won't let this kind of opinions flood their mind. The present matters more than the past and is definitely more vivid than the future.

Nothing is more important than achieving your dreams in this life. The uncertainty of an afterlife leaves them indifferent at best, totally irritated at the very worst.

Something else that can irritate them quite quickly is the fact that reality is much more harsh and rigid than they expected it to be. It actually doesn't bend to their will. Who would have thought?

### **The positives**

One of the best things about the Neptunian Capricorn is that they can adapt pretty quickly to any given situation, no matter how bad it may be.

If something doesn't go the way they want, it might frighten them a bit in the beginning, but this is just for the time being. They will eventually understand that not everything is in their favor and that they have to be prepared for the worst sometimes.

However, no matter what comes their way, they fight with all their strength and get better by the second. Through hardship, they become more experienced, harden their resistance to stress, hone their skills, and finally emerge victorious after a jolly struggle.

### **The negatives**

One of the worst things about the Neptunian Capricorns is the exaggerated trust they have in themselves and in their ideas.

Although more rational and grounded than most other people, they sometimes forget that reason does not allow one to peer into the fabric of reality, molding it after their own desires.

Disappointments happen, failures take place quite often, and they must learn that these things are completely normal, to begin with. They can be very frustrated and annoyed at the situation in front of them, as people keep on letting them down.

### **The Neptune in Capricorn man**

Neptunian Capricorn men are arguably one of the most loving and affectionate natives out there. They may not be a good husband material, and they may not be the most responsible fathers, but they sure are the best lovers.

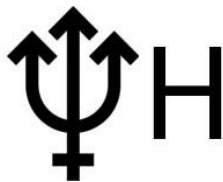

If you so much as need anything at all, they are there to do it, no matter what it is, with a bright smile and a cheery attitude.

Because he needs emotional bonding more than anything else, he'll try to deepen the connection even further with each passing day.

If you prove to him that no one is more important to you and that you are fully devoted to a life together, then you'll have won yourself a person for life.

Neptune may make him a bit sleepy from time to time, dangling in a period of inactivity, but it's nothing to fret about. He's making plans, thinking up of new ideas for the future, envisioning his life together with you.

It's possible they have been confused as children by one of their parents, and as adults, they find it difficult to take a certain direction in life.

When it comes to their career, they may not get credit for their work, so they aren't all the time recognized for their efforts.

This means they won't know their own value or that others will take credit for what they've done, or perhaps their superiors won't give them the rewards they deserve unless they start to trust themselves and their talents.

The placement of Neptune here suggests they will always want something more and to feel important after working on their noble goals.

It's normal for individuals with this placement to feel unhappy with their professional life. What happens in their career is strongly related with how Neptune sits in the 10th house.

For example, when this planet is in good aspects, the effects would be astonishing and beneficial. On the other hand, when in negative aspects, it can become really malefic and cause the natives to no longer have control over their career.

The 10th house is rather a good host for this chaotic planet. Having Neptune here is more beneficial than having it in another house with a direct control over natives' life.

Limiting this planet's energy can be beneficial for the career of people having this placement, as long as they take on some jobs that are to the liking of the celestial body.

In short, Neptune won't help them in any way with a job that requires organization and following a strict schedule. No matter how much individuals having Neptune in 10th house will struggle with a routine, they won't be successful.

Their perfect jobs are the ones related to arts and freedom of movement or speech. It's very likely one of their parents influenced them very much when they were children by being weak and confused regarding what authority and discipline mean.

Perhaps their mother or father hasn't been there for them or one of them was an alcoholic. Not having a role model, they wouldn't know how to fight for success and how to follow a career path.

At least they will know ever since very young that they need to adopt an unconventional approach, which makes it normal for them to change jobs and work as bartenders because Neptune is also the ruler of alcohol.

When it comes to love, it's normal for all the natives having Neptune in 10th house to fantasize about someone and to feel disillusioned because they haven't found the ideal person they thought their lover to be.

It goes the same way with their career because they want something perfect when it comes to their profession, and their goals are usually unattainable.

If they'll contribute to the greater good, they'll feel fulfilled and happy. However, things don't always unfold as they expect them to, so they should become as decisive as possible about their career.

Neptune, the planet of imagination, makes natives having it in the 10th house very

creative. They could easily become writers or do something unusual for a living.

Since the same planet rules also over illusion, they may decide to become famous and use a pseudonym. There's as well the tendency to take on too many responsibilities at once, so they can end up running in circles and losing their minds because they can't handle what needs to get done.

They will work two jobs and won't focus too much at neither of them. In the meantime, they'll have high ideals and wish for success, whether under their name or a pseudonym.

### **The goods and the bads**

Neptune in 10th house natives may have many interests that are very creative, so it can be very difficult for them to determine what they want in life.

Some get lucky and find something to do for a living ever since very young. However, these are the most evolved ones, those who are aware things in life are not always perfect.

Others feel like they're not interested in anything, and they may end up procrastinating all of their life. It's okay to be indecisive about a career in the today's society as there are many ways to make money.

Therefore, they could do many jobs before finding out what they're passionate about. It's suggested that no matter what, they find the balance between their job and their hobbies.

These natives shouldn't insist on following their big dreams because as said before, these can be pretty unrealistic. The everyday responsibilities are more important as they support their existence.

Worrying too much about perfection will have them doing nothing, so their expectations should be a little bit lower because they can find motivation in everyday tasks as well.

Accepting that others don't dream the same as them is also indicated. Their creativity may help them attain great heights, but it's essential for them to have their goals defined.

It's also important they don't talk too much about their work because many can take the credit for what they've done.

It may be difficult for these people to express themselves so that others get to see the efforts they've done. All this means they have a problem with self-confidence or self-respect, which furthermore leads to difficulties advancing in their career.

## **Pluto ♇ in ♐ Sagittarius man 4° 31'**

([1097] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

People born during a time when Pluto transited Sagittarius are significantly more spiritually attuned to the world than the rest of us, being able to tap into a form of ancestral power hidden deep within themselves.

This is connected to religion and any other form of spirituality, giving them the potential to bring about a true spiritual rebirth, or pave a new direction for the whole world to take.

### **In a nutshell:**

Style: Principled and exploring;

Top qualities: Trustworthy, resourceful and spiritual;

Challenges: Superficiality and lack of tact;

Advice: You need to keep close to family ties.

### **Personality traits**

This native has a free-flowing personality, always searching for the next adventure to partake in, for the next thrilling escapade to create memories about.

The Plutonian Sagittarius envisions a great future for oneself, a future marked by a change of perspective, by a lot of traveling to exotic places and other foreign territories.

Freedom and open-mindedness are this native's greatest perks, and they make full use of them with the help of Pluto.

The dynamic planet enhances this native's communication skills even further through the series of adventures and people that they meet along the way.

Pluto is associated with a state of inner illumination through knowledge, the elevation of one's spirit and status by acquiring and assimilating bits and pieces from all around the world.

Plutonian Sagittarius natives are literally obsessed with having new experiences from

which they can extract even the tiniest bit of information.

Self-development was never this fun and exciting, and as long as nothing gets in their way or bars their path, the Plutonian Sagittarians will keep on going forever. With every piece of knowledge acquired, they expand their minds even further, learning to accept much more of the world.

On the one hand, the spirited and spontaneous personality of this native is a good thing, ensuring that one doesn't stay for too long in one place and that one doesn't try to take control or dominate a situation.

Once this native notices that there's nothing else to learn, they quickly depart for the next adventure with nothing but their excitement and intuition to guide the road.

### **The good and the bad**

The Plutonian Sagittarius seems to always be evolving from the experiences that they go through, further developing skills through the knowledge they acquire.

However, changes in the worldview don't mean that this native changes what they perceive the essence to be. Yes, they might view things slightly differently, but their life principles are basically immovable.

The one born with Pluto in Sagittarius has a morality system deeply engrained in their subconscious and there is no ounce of arrogance or egocentrism in what one does.

This native's most glaring flaw is that he never fully thinks about his next course of action, instead, letting it all come naturally. This lack of self-awareness and planning may get anyone in trouble, but mistakes are opportunities to learn from, and if the Pluto Sagittarius realizes this, everything should be alright.

Moreover, in order to better continue on the path toward self-development, one should think about being more flexible with their life rules and not being too tied to their comfort zone.

### **Pluto in Sagittarius in love**

The Plutonian Sagittarius tends to have a very peculiar approach to social relationships and love matters. They tend to trivialize them, never grant them the importance they deserve because of their highly spirited and spontaneous personality.

Unrestrained and a freedom-seeker, these natives pass through the world at break-neck speed, just like a vanishing shadow or a sprinting leprechaun, always looking for the next excitement. Especially when they are young, their dynamism and high-paced enthusiasm takes them far from any commitment or serious bonding.

This doesn't mean that the Plutonian Sagittarius never takes a relationship seriously because they can become reliable and even slightly romantic companions.

These natives care very much about their friends and family, even if they don't always show it. They are most demonstrative in key moments, when their support and attention is crucial to the situation at hand.

Eventually, they will meet someone who will make them put aside everything else and reveal his feelings. That's the moment this guy finally commits and becomes incredibly devoted.

### **The Pluto in Sagittarius man**

Compared to their female counterparts, these men are not exactly very interested in reclaiming their emotional side. Rather, they would like to embrace just a little of the softness and tenderness innate to romance.

The last time in history when Pluto transited Sagittarius, these men were at the top of their social game, always engaging in heated debates, having long discussions about the most controversial topics of the time, and mostly focused on bringing change to the world.

Being willing to share one's ideas with the world may now be perceived as only natural and a mark of great intelligence, but it was not always like this.

The last time that Pluto roamed the Sagittarius, society was especially against this type of attitude, discrediting it again and again. Those who had the courage to break these barriers were mercilessly mocked and their valued demeaned to no end.

This means that the Plutonian Sagittarius men still have these attitudes engrained in their subconscious and feel the need to fight to have their voices heard.

## ***Pluto ♀ in IX 9th House***

([1109] i.thehoroscope.co)

This placement of Pluto makes people strive to always be perfect, to achieve better results with each attempt and capitalize on their advantages.

Those born with Pluto in the ninth house of their birth chart have a very extreme and rigid outlook, in the sense that it's either going to go down their way or no way at all. They don't accept any compromises at all, and you can be damn sure that they have the arguments and knowledge to argue the logic of their ideas.

These natives want to find out the truth of this world, to explore and accumulate knowledge, to engage in debates, and to defend their beliefs with near-zealotic aggressiveness.

In spite of their aggressive and impetuous nature to enforce their beliefs and argue with anyone who dares to contradict them, the ninth house natives are very aware of their own limitations. They want to become better, to right their wrongs and to change the whole world, actually.

**Summary:**

Strengths: Curious, profound and creative;  
Challenges: Self-absorbed, sloppy and criticizing;  
Advice: They should aspire to higher ideals.

**Inspirational personalities**

Intelligent and curious individuals who are enlivened by the prospect of learning and accumulating knowledge, making every effort to see beyond the natural veil of the world, these natives can also be incredibly stubborn and firm in their beliefs.

Pluto in 9th house native will not back away from any confrontation, even if the adversary is a well-known public figure. So what? Ideas are ideas, people are people.

They argue the ideas, not the person. They will even try to convince the other person to drop any defense and follow their principles.

Others look up to them as being very profound and creative, a trait of intelligent individuals. They come up with great ideas and may have had truly mind-blowing experiences in the past.

They inspire everyone else to aspire for more, to become better, superior. You can't have one of them as friends and not be incentivized to read more, to want to know more.

They have an eagle's eye on the world, a larger perspective that takes everything into consideration at face value.

In this sense, they are generally isolated and alienated from the rest of society, in a world of their own, trying to find their own identity and purpose, to strengthen their views and principles.

Pluto in 9th house natives take great joy and find it to be very relieving to change minds, to show others the truth and to explain things about the world that most couldn't even think of.

At least, this is one of their main goals in this life, to contribute to a new enlightenment period.

However, things are different in reality because of their deep intuition and insight which supplies them with answers and solutions to problems, coming out of the blue, with no logical explanations.

It's obviously harder to argue the veracity and reasonableness of these ideas. This creates a feeling of inadequacy and isolation.

They strive to be perfect, to achieve better and better results, and with each constant attempt, they are fixing their flaws, capitalizing on the advantages.

This also throws them into a lot of psychological tension. Stress, exhaustion, both physical and psychological. Moreover, there is also the tendency to criticize their own work and become self-absorbed with the mistakes, the flaws.

Lack of satisfaction with personal implication, the lack of pure joy when things go the right way. This is already a critical point in their lives which would take drastic action to come back from.

They can't stand fake and pretentious people, superficiality or ignorance in any forms. These people are the few ones out there that are truly interested in learning and gaining knowledge for the sake of evolving alone.

It's a passion, mostly. Anything, from philosophy to religion, science and the plethora of cultures around the world, are worth a close perusal.

The Pluto in 9th house aspect instills an insatiable desire to know in these natives. They want to explore the multitude of existential branches, the underlying senses that man makes of the world.

They want to deeply observe and analyze man's experiences in accord with his tendency to act on his impulses, on the basis of immediate gratification, to expand their mind way beyond the normal potential.

This calls for incessant contemplation of the complex and nearly incomprehensible forces that govern life and death, the humongous mechanism that drives the Universe, the laws of the cosmos itself.

### **The goods and the bads**

Chances are they will change their viewpoints quite drastically following a series of spiritual experiences. Religious events and happenings will act on their base natures, affect the very core of their beliefs, metamorphose the way of thinking that most people work with.

The higher domains of philosophy and learning are extremely likely to cause a game-changing transformation, to put them in a state of constant enthusiasm, ecstasy, communion with the other side.

They can use this knowledge and spiritual affinity to teach and spread this healing mindset to others, to transmit the ancestral knowledge to generations in the future.

However, they can also stray away from their path with the flick of a finger, just like that. It's good to know that they have a safe haven to come back to in the form of their close friends and family.

The Pluto in ninth house natives are really terrified when confronted with other valid ideas that contradict their own.

In some sense, even though they are very open-minded and keen on expanding their minds, cognitive dissonance still makes its presence known.

However, learning from mistakes and having one's argument taken down can only serve as a form of knowledge in and of itself.

Moreover, they tend to be very egotistic and arrogantly stubborn with their viewpoints. They might even mock or take other people into derision for supporting stupid ideas.

They think themselves to be the very apex of human intelligence and curiosity, that no one can possibly know as many things as they do.

### **North Node ♏ in ♓ Pisces 13° 46'**

(Georges Muchery)

The Dragon's Head in Pisces gives vitality, and is a fortunate position for the children, especially when it is situated in the Fifth or Eleventh House. It is not, however, a guarantee of fidelity. Nevertheless, in spite of deceit, the home will remain stable, as the

native possesses the family instinct. The Dragon's Head in Pisces helps in unexpected acquisition, especially from foreigners. It is also a sure sign of long journeys undertaken when least expected.

The Dragon's Tail in Virgo is not favourable for things of the mind. It makes the native materialistic and unappreciative of beauty. He is inclined to analysis, which makes him judge everything according to its pecuniary value; everything is considered in terms of money; he may marry well, but it can hardly be other than a marriage of convenience. Progress will be difficult.

(Isabel Hickey)

North Node in Pisces implies the complete relinquishment of the self in service to others. Passion would become dispassion without losing compassion.

South Node in Virgo shows the qualities of criticism and passing judgement must be left behind. They have been the cause of self-undoing in the past, and are still hidden in the subconscious motivations and need clearing.

(Martin Schulman)

In the realm of consciousness, this is the hardest Nodal position to deal with. Here, as a result of many lifetimes, the individual starts to realize his own rigidity. He is aware of his patterns and how much they hurt him; yet he finds them difficult to let go of. In prior lives, he lived in the consciousness of a finite universe where all was well-structured. Now he is confronted with the realization that truth extends beyond what his finite senses can measure or even perceive.

He is unavoidably confronted with situations, circumstances and events which force him to relinquish his hold on the physical plane. Nevertheless, he still tries to live like the salmon - swimming against the current, regardless of the direction of nature's forces.

He still seeks order. In fact, his need for strict regimentation is so strong that he develops medical troubles in the center of the body from personalizing a stiffness that increases tension on the inner organs. Constantly he suppresses desire for the sake of doing what seems proper, for he would like to maintain an image of respectability.

In past incarnations, he built his understanding on fact, not hearsay. Now he accepts only what comes from the 'highest authority'.

He seeks ways to rid himself of the nervous irritability which keeps overcoming him, and yet he puts stipulations on the cure.

He must learn how to immerse himself in the waters of Cosmic Consciousness, and in

this baptism of thought he can truly experience a new birth. Before he can do this, however, he must first overcome his karmic fear of living in a contaminated world.

He comes into this life believing that the world is filled with danger, and therefore constantly questions the credentials of the people and conditions he considers allowing into his life. Everything foreign to the self represents the threat of disease, and it is because of such thinking that from time to time disease actually occurs.

For many with these Nodes there is strong residue of sexual problems left over from former incarnations. Either a deprivation of the sexual experience, or a strong determination to avoid emotional hurt through it, leads them to seek a better understanding in the current life. Some are confirmed Puritans, while others are capable of being physically responsive and emotionally cold at the same time.

The mind is so analytical that life can easily slip into the manipulation of a chess game. This individual has a sharp eye for detail and never overlooks the obvious. He is an expert at solving puzzles, willing to spend many hours tediously groping for the tiniest answer; but he can get so involved with whatever he is doing that he often loses perspective. His past-life discriminating tendencies often lead him now to pick apart what should be left together. Thus, although he is capable of immense clarity of thought, he does not experience complete peace of mind.

Through the Pisces North Node, he must learn Faith. When he stops separating the world into neat little compartments, he will get his first glimpses of Universal Consciousness. Ultimately he is to achieve the understanding that all is one, and one is all. Before this happens, he must learn how to stop seeing himself as separate from the rest of the world.

He will go through experiences which force him to grow more compassionate.

As he starts to find his well-laid plans dissolving to nothing, he begins to see others in a different light. Ultimately he symbolically goes through the pain of the entire universe so that he can strengthen his Divine Love to the point that he absolutely refuses to pass judgement on others.

He makes much progress by acquainting himself with the spiritual way of life. His growth extends as far as his arms can reach. While the arm of the past still clutches at his self-imposed restrictions, the arm of his future is grasping for the higher alternative. It is only his failure to let go completely that prevents him from achieving the perfect transition into the full state of higher mind. Yet, he does reach the point that he occasionally sees it.

From time to time his remarkable intuition reveals to him the mysterious essence of life; yet the past incarnation memories of his Virgoan practicality cause doubt at every point. And so, half way between one world and another, these mutable Nodes are in a

constant state of change.

Arriving at his destination but not sure that he is there, he keeps going back to start his journey again. Each time, he reaches one step more into the infinite, where ultimately he will dissolve the shackles of his rigidly formed past and be born again as true Spirit.

The house position of the South Node indicates the area of life that is still too rigidly embedded in a personally overstructured idea. The house position of the North Node shows how the soul can renounce its grip on all rigid definition of form and structure so that it can be free to swim in the Ocean of God.

(Mohan Koparkar)

Previous incarnation for this person was spent in substantial discriminating condition. He was very methodical, and detail-oriented to a point of extreme. Instincts would not even get close to him at that time. In this life, he is full of instincts and 'feelings'. He wants to get away from materialism and practicality. He is searching the universe through his sensitivity; and if he feels right, he acts accordingly. His decision may not be logical on the surface, but he does not care in that respect. His judgements may not have proper reasoning but they do work right for him. Dealing with people and their emotions is important for him, as he likes the exchange of feelings in that material world to keep him happy. His use of imagination and unusual ideology is really amazing.

(Donna van Toen)

You must learn to sacrifice, give in, or give up. Your Virgo South Node may reply 'Yeah, but I have too much invested'.

Your problem is lack of understanding of need priorities.

Possible reasons: Excessive stubbornness. Fear of being taken advantage of. Selfdestructive tendencies. Refusal to face the fact that some problems are difficult to solve totally. An excessively critical environment makes it hard to admit defeat. Guilt over past wrong-doing or failures.

Possible solutions: Learn to relax. Temper your analytic tendencies with compassion for yourself and others. Judge people and things by their usefulness and set your priorities accordingly.

\*\*\*

Virgo South Node often doesn't enjoy his or her own company. This naturally affects his or her ability to enjoy relationships, since the self is always present. Virgo South Node doesn't feel human; he or she operates like a well-run machine. Not all Virgo South

Nodes are workaholics, but I've seen enough instances to believe that this is one of the more typical results of nodal imbalance for this polarity. Another is an involvement in unsatisfying or destructive relationships, since often the Virgo South Noder is so terrified of being alone that any relationship is better than no relationship. By tapping the hidden strength of Pisces North Node, the individual can get in touch with his or her basic humanness. Only then can he or she come to terms with his or her needs and alleviate his or her dissatisfaction.

Some signs of an over-developed South Node in Virgo are: bigotry; refusal to settle for anything less than perfect; a feeling of being 'different'; a tendency to test others mentally; a 'let me do it for you' approach; shyness; jealousy; a tendency to be critical of others' grooming, clothing or abilities in general; pettiness; and insecurity - building oneself up by knocking others down openly or through back-stabbing.

North Node in Pisces dreams of being left alone. He or she wants to be separated from the mass of average people so that he or she will be free to meditate or contemplate the mysteries of life. Note that they want to initiate this separation themselves; if rejection brings separation, he or she will feel trauma rather than satisfaction. This person is inhibited or shy, and sometimes inclined to repress the emotions, which may be extremely difficult to express. Fussiness or quibbling supplants the desired meditation and thwarts the dream.

Antidotes for Pisces imbalance: Psychodrama can be a useful tool in unlocking nodal potential. Education in keeping with the client's aptitudes is recommended, with literature, geography and medicine being ideal choices where aptitude permits. Fishing and other water sports often prove beneficial. Public speaking should be encouraged. If aptitude is shown, magic or creating illusions, painting, sculpture, boating or water sports could be a good topic. Writing is also good particularly in the areas of astronomy, myths or legends, poetry, instructional material, nurturing themes, and medicine. Hypnotism might be another good choice if the client can gain sufficient knowledge in this field.

Unless the overall tone of the chart is contradictory, the client should be discouraged from entering any profession where the overall emphasis is on strict discipline or nitpicking, since this would reinforce the very tendencies that need to be softened or balanced. Discipline can be given a bit more emphasis if the client is operating in an entertainment capacity. Some good career choices would be: sales, cooking, acrobatics, gymnastics, detective work, painting and design. Generally, the clients I've met with these types of imbalance have been hard workers - close to workaholics in some cases. Usually they need relaxation more than work motivation. If the client is in a high-pressure job or required to work long hours, it's important that the antidote be something that's done for the love of it and is conducive to relaxation. Religious and spiritual activities often prove to be helpful antidotes. Many clients who remain unmoved by other options will be drawn to these..

## **North Node ♌ in XII 12th House**

(Georges Muchery)

This position of the Ascending Node (Dragon's Tail) in the Twelfth House, though not very fortunate, nevertheless brings relief in trouble. It gives Faith, and enables the native to convince himself that all is not lost. He will have to struggle and defend himself; there will be difficult periods in his life; but he will conquer with the aid of the benefic planets, and more prosperous times will come in the course of the Revolutions of the Ascending Node.

In the Sixth House, the Descending Node (Dragon's Tail) will cause serious disorders in health, and countless difficulties with subordinates, some of whom will try to harm the native; and may even rob him or endeavor to deprive him of his position. It is also a sign of disagreements with uncles and aunts.

(Isabel Hickey)

Has ability to clear payments due from past karma by self-initiated channels of service. Work with those limited and afflicted would be fulfilling and integrative. Hypochondriac tendencies of the past must be overcome. Subconscious tendency to identify with negative conditions needs eliminating through positive and uplifting emotions. In other lifetimes, negativity brought on disharmony and disease in the physical body. In this life, helping others achieve a new and happier outlook is the way for this person to find fulfillment and peace of mind.

(Bernice Grebner)

North Node in twelfth house takes self-sacrifice. It is helping those less fortunate, those handicapped or afflicted. This is done in a quiet, unassuming way. The person must learn compassion, learn to accept others as they are, and to help them in spite of any differences. This is the position of karma, and seems to call for some kind of payment. Many times this position produces doctors and nurses, and would seem to be an excellent way to fulfill this twelfth house Node. Since this is the house of the subconscious mind, the person needs to develop and release these vast resources,

bringing them to the threshold of the conscious mind by expanding his ability to meditate. In its lighter vein, this is the sign of the poet, indicating another means of liberating the storehouse of the subconscious mind and its vast inspirations. The degree of success would depend upon its connection with Mercury, Jupiter, and the third and ninth houses.

South Node in the sixth is the critic or the worker. Here the South Node gives an instinctive knowledge on health matters and a drive to learn more concerning this. It gives a desire to serve others and a constant changing of working conditions. There is great attention to detail with the ability to weed out. This individual knows how to work, and much more so when this South Node is favorably aspected by Mars. South Node here denotes mysterious illnesses, those difficult to diagnose. Neptune in the sixth also indicates mysterious illnesses. If there is a conjunction of Neptune and South Node in the sixth, or Neptune is in the first house, this compounds and accents the problem. This person can become a hypochondriac, and is always running to the doctor. Many doctors and nurses have South Node in the sixth. The tendency to be critical and to take everything apart is strong with South Node in this location, and can be, to some extent, severe, the sign involved considered.

(Mohan Koparkar)

North Node in the 12th house often signifies that one has a lot to learn in this lifetime, with or without individual choice. The work area is often a confining issue for them. However, it is a part of their lifestyle that they cannot get rid of. Working with institutions or dealing with behind-the-scenes activities is quite significant for them in this lifetime. They use considerable amounts of psychic sensitivity in their routine lifestyle. In their work, they are quite methodical, practical, punctual and steady. The digestive system or problems with circulation need(s) attention in this case. Physical health, in general, may not be necessarily weak. Their tendency to daydreaming on the job or uncommon work hours is significant; and sometimes they even get to like that schedule. Affairs of Karma or life as a continuous process are significant for them; and their interest in reincarnation is amazingly worth noting.

(Martin Schulman)

Here the individual undergoes a crisis in consciousness. Whether he is actually aware of it or not, much of his life is spent in deep thought.

He finds the physical world exhausting. From time to time, he has to deal with illnesses which take him out of the competitive arena, strongly affecting his abilities to work.

When he is working, he finds conditions intolerable. He feels either underpaid or, at the very least, unappreciated for all he has to offer. He becomes so wrapped up in the circumstances surrounding whatever he is doing that he allows his attitudes toward his

job to permeate all areas of his life.

He has much prior-life memories of order and organization; yet everywhere he goes, he sees chaos.

In past incarnations, he was a perfectionist, critical of the world around him. Now the imperfections he sees weaken him to the point that he feels unable to cope. The world is perceived as not quite giving him all that it could.

Some with these Nodes tend to dwell in self-pity, while others nourish an embittered resentment. There are feelings of jealousy directed toward other people's well-being, which they perceive as being less earned than their own. Usually there is an inflated sense of ego at the source of the problem. The self as developed in past incarnations is now seen as a perfected ideal, stationed above the rest of humanity. In his own private thoughts, this individual will rarely admit that he has a tendency to look down upon others. Yet, secretly he sees everyone as less perfect than himself.

He would sooner go unemployed than work at a job which he feels is beneath him. It is certain, however, that circumstances will force him to do such work even though it is against his every principle.

Having tendencies to internalize his anger at feeling put down, he creates one very real illness after another, until ultimately he reaches the point that he feels justified in blaming his work conditions for his poor state of health.

Carrying a past incarnation feeling that society has shut him out, he sees himself as a neglected child deprived of the central core of richness in life which is there for others but somehow not for himself. He spends too much energy trying to impress others, and not enough in developing a fullness within himself. More than anything else, he must learn to look inside, where he will find the answers to all of his problems.

Many with these Nodes watch life pass them by, spending all too much of their time and energy wrapped up in petty thoughts. There is a strong residue of past-life nervousness in the sixth house South Node, wherein this individual literally eats away at himself by trying to digest into his system of order every tiny detail that comes to his attention.

He must learn how to discriminate between what is important in terms of his life's values and what are just transitory upsets which will pass in due time.

Through his constant questioning, he creates for himself a sexual problem, rooting itself deeply in fears of failure. And so unable is he to face his fears that he will compound the problem by developing a pattern of abnormal sexual responses designed to mask his feelings of inadequacy.

Though he tries not to, he keeps seeing himself as a helpless pebble on the beach of thousands. In prior lives, he managed to control his universe. Now the world seems larger than he would like, and he does all he can to prevent himself from feeling too small by comparison.

His growth starts the moment he begins to see himself not only as part of a greater whole but as containing within himself the essence of the entire universe. He must break his past-incarnation tendency to put the world in little boxes; and instead search for the seed of all within himself: here he will find the abundant richness he has been so desperately seeking.

Periods of forced isolation help to bring him to a higher consciousness through which he ultimately learns that things can be different without one necessarily being better or worse than the other.

By going deep into himself, he will realize that all of life's conditions depend entirely on how much he can relinquish his hold on trying to overturn the world and rechannel his energies toward overturning himself.

He does well by immersing himself in the works of a large institution where he can develop a group-consciousness, focusing on the collective good of the whole rather than dwelling in the collected residue of his past-life bitterness.

He will be tested many times in areas which help him to develop compassion, until he ultimately sees that judging others actually prevents his own happiness.

His past-life karma is erased when he learns how to flow rather than allow his life to keep interrupting itself by petty distractions. He must attune himself to the essence of the universe rather than attempt to sort everything into neat little compartments. The compartments are like a house of cards, and only after they topple does he realize that his purpose in life is very far from what he originally thought.

He can then learn how to loosen up and bathe in the beauty of all God's creation, rather than seeing only a part of God and calling the part he sees 'All'. As soon as he can greet change willingly, bending while the winds of circumstance flow through his being, he is on the path.

Eventually he will leave the world where people manipulate each other and walk through the doorway to a higher harmony. In preparation, he must transcend the subconscious past-life memories of physical problems that still weigh him down, and start to climb the cosmic ladder which leads to the realization of his soul. He must learn how to appreciate the wonder of all he sees without enmeshing himself in the details of why or how.

His life will represent the ending of an idea much as the works of Dante symbolized the

end of a period in literature. When he accepts this, his life's work can be a great culmination of all that has come before him.

Although his work may bring him behind the scenes, there is a good possibility that it can come to public attention. He must also learn that the physical state of his health is totally dependent upon the purity and stability of his inner mind.

Truly this is the Nodal position of mind over matter; and the life will be a karmic transition from the world of matter into the consciousness of infinite spirit.

The sign which contains the South Node indicates the ways in which former incarnations brought the individual to preoccupy himself with physical matter. The sign which contains the North Node shows how he can now transform his soul into the pure essence of Divine Mind.

Conflicts: Lack of confidence vs. capability. Self-destructive behavior vs. service to others. Reclusive tendencies vs. need to work or serve.

Possible Results of Sacrificing North Node: Crises involving awareness. Physical or mental exhaustion. Inability to find suitable work. Disorganization. Excessive selfcriticism that encourages feelings of inferiority.

Possible Ways to Integrate the North Node: Eradicate self-pity. Recognize that an inferiority complex is often a warped superiority complex. Examine your motives for working and serving. Learn to externalize your anger in an appropriate way.

In the twelfth house, the hang-up is connected with self-understanding. The problem often stems from a combination of fatalism and a lack of determination. Because of a lack of appreciation for self, this person craves appreciation from others to foster self-worth. But because self-worth can only be gained from within, external appreciation seldom changes this person's perceptions. Self-sabotaging and illnesses are manifestations of this confused, inferior concept of self-potential.

Sometimes this nodal position manifests in an inability to share feelings, or just plain shyness. Quite often in childhood this person suffered experiences that made him or her withdrawn or unreachable. Sometimes these involve parents; other times they took place in the early school environment. Sulking, brooding and depression are common.

North Node in the twelfth house dreams of feeling at ease with others when in a group or one-to-one encounter, but also wants to be able to spend quite a bit of time alone. He or

she wants to be something of an enigma. This person is changeable in moods and work habits. This affects his or her ability to take advantage of opportunities for dream fulfillment. While actual physical or mental health may be good, the person may allude to some mysterious tragic flaw or skeleton in the closet that prevents success. Less frequently, there's a tangible problem in this respect. The person is highly self-critical and equally critical of others, thus preventing successful interaction with others as well as with the subconscious.

(Haydn Paul)

The realm of work influences your sense of well-being; but the implication is that you will feel restricted and limited, creating feelings of dissatisfaction and resistance. This can come from earning a living from work that fails to interest you, or that does not utilize your talents and constricts opportunities for personal development. Your employment can be felt as boring, stagnating, and stultifying, offering little job satisfaction; these frustrations will cast a dark shadow over the rest of your life. If this is your experience, you need to invest more effort and attention to changing your working environment, perhaps pursuing an alternative career or changing your life priorities.

You prefer to see order in the world, and adjust your lifestyle accordingly, failing to comprehend why much of life appears chaotic, illogical, or unnecessary, and why people make the most of their suffering as a consequence of their attitudes and choices. Sometimes you assume a 'superior' attitude in this respect, although, if your work sphere is not satisfying, you too are creating your own suffering instead of changing it.

Inner pressures can build from repressing feelings of anger and resentment, and you may sometimes believe that life does not reward your efforts. Try to avoid this buildup, or else you may create health problems caused by festering emotional energies, which can result in physical or psychological illness.

Attempting to impress people will make you uncomfortable and generate feelings of 'selling yourself out'. It will be valuable to explore your inner self, because, by looking within, you will discover answers. You need to determine what is truly important and discriminate between whatever is meaningful and lasting and that which is only temporary and passing. Deciding priorities can be revealing; and an important step is to make your life-style harmonize with your nature: this can lead to radical changes.

Instead of reacting against facts of life with which you disagree, rechannel your energies to enable self-understanding in order to build a suitable lifestyle, one which draws out those qualities, talents and abilities that you knew were there, but which had not been allowed expression. If this can be achieved, then satisfaction and fulfillment will be great. The key to this lies in yourself, as it is likely that the world will not easily give you opportunities, and you may have to act independently. The richness found within can satisfy your search.

Avoid fragmenting life if possible; try to see and experience it as a unity; move freely with the winds of change. Provided this can be done with compassion and understanding for others, potential exists to realize more meaning and purpose. It may require releasing assumed values and substituting more appropriate ones. Then your life can be adjusted to accord with the new values. You have the character to succeed if you make those changes revealed necessary by an inner examination of priorities. Just feeling dissatisfied is not the answer. Unless you deal with the feeling, it will only create more resentment; turning within and changing can provide new signposts and directions for you to follow.

(Bruno and Louise Huber)

The 12th house is the one furthest removed from the outside world. It is well away from the 'You'-point. In addition, it is a very introvert house and corresponds to the passive sign of Pisces. The native waits for someone with initiative to make a move. It is the place of turning inward and of self-discovery. The Node in the 12th house means that this person needs, from time to time, to withdraw from active life for the purpose of self-remembering.

The 1st and 12th houses form the 'I'-space in the house system; and sandwiched between them is the 'I'-point, the Ascendant. In the 1st house the 'I' is extravert: it faces the world and announces: 'Here I am!' The introvert 'I'-house is the 12th house. Here we do not exhibit ourselves to the world, but keep some space between it and us for the sake of being wholly ourselves. Being ourselves implies knowing and accepting ourselves for the ones we really are. Self-observation, self-knowledge, and self-discovery are tasks to be undertaken here.

In addition, there is something greater and more pivotal we can do. We can discover our membership of the greater, or cosmic Whole, our relationship to humanity, and to God. This transcendental experience enables us to feel woven into an all-embracing Reality. Even though we are separate individuals, we are nevertheless parts of a macrocosm, the whole of creation. We do not perceive this in its unimaginable wealth of details, but can experience it as a unity.

The individual would not survive without being part of a whole. Incorporation of the self in a greater whole is the object of the 12th house, and the Moon's Node here invites us to make that object our aim. Union with reality, which it can help us to attain, is the best and surest source of health.

There is no substitute for the basic confidence provided by discernment in the 12th house. It gives an awareness of infinite being in which all things are contained. Here, too, is the area of religion, where the experience of God transcends theory. And it includes the religious experience of someone who does not have a religion but is

occupied (for example) with the cosmos as the infinite totality of space, and has much the same experience as a believer, although still understanding it differently.

Anyone who has this position of the Node must learn not to regard abstract ideas as real entities. The place for these is the 6th house, which is the depository of those 12th-house creations that are useful for everyday life. But this experience of an infinity in which everything is contained, this experience of God or the Cosmos as a vast expanse, cannot be put into words; for in the 12th house we leave behind the area of the imaginable. Indeed, only by doing so can we have a genuine, deep, and all-embracing experience. Yet, because of its character, the experience is strange and unsettling, since all categories of thought, feeling, and doing are abandoned. On catching sight of this expanse, we are afraid of disintegrating, or of falling uncontrollably into a yawning abyss. It is a leap into nothingness, and resembles death.

We need to understand the Node in the 12th house in such a way that we are able, from time to time, to retire into this space that belongs to all created beings in the universe and yet is completely individual to us. We can learn to withdraw into ourselves; far enough, indeed, to become the Whole again. We can learn to pray, meditate, and contemplate, and may be awestruck by discovering a great sublimity. Each of us will do this in his or her own way: one goes to church, another contemplates the starry sky. Getting results does not depend on the objective space with which one identifies, or on a given place, but depends on the capacity and the will to expand and direct one's awareness.

#### North Node in the twelfth house or Pisces (James Braha)

If the North Node is in the twelfth house or Pisces, the person's greatest growth, evolution, and fulfillment come through serving others in a profound way. In past lives, the person concentrated on daily work, mundane tasks, and his own perfection and self-improvement. Now he is to devote his energy to idealistic callings, benevolent endeavors, and the betterment of humankind. He may be drawn to medicine, psychology, metaphysics, mysticism, religion, or any activity which heals or uplifts others. Or he may relieve the pain and suffering of the masses through heartfelt artistic expression. Singing is especially favored. The person is learning to let go of his old patterns of criticizing, evaluating, and picking things apart. Now he must be as generous as he can be. He should give, give, and then give more. He should live from the heart, not the mind. Happiness comes from working to further the highest vision of human life, with no thought of personal gain. The more noble and virtuous the person's motives, the faster and greater his evolution will be.

The person should cultivate faith and develop his spiritual nature. His main task is to transcend self-interest. He should adopt a lifestyle of love, compassion, and understanding. Above all, he must never condemn or judge others, even the worst of the human race. When he does, he brings sorrow, grief, and shame onto himself. The higher

part of his being simply will not tolerate small and narrow behavior. The person should champion the cause of peace, harmony, and brotherhood. He must look for the best in others and refrain from gossip, negativity, and pessimism. Of all possible life paths, his is the highest and most majestic. He should consider the spirit behind people's actions, and bear in mind the complexity and rigor of human life.

The person is not here to be cautious, careful, and sensible. He is seeking enlightenment and ultimate freedom. He wants to live a life of purity, devotion, and union with the infinite. He must pursue his ideals, visions, and inspirations. Material comforts are of little importance. The person may wish to perform major service. He may work in hospitals, clinics, nursing homes, or other institutions which aid society. He must follow his intuition and feelings. He will be happy living near the sea. Artistic endeavors are favored.

In Hindu astrology, the North Node in the twelfth indicates cravings for spiritual growth and 'moksha' - final liberation. There may also be intense sexual enjoyment. The South Node in the sixth reveals very strong health, excellent ability to defeat enemies and competitors, and daily work involving metaphysical healing techniques. The nodes in the signs are of much less significance.

### **Guardian of the Gate**

If you have Lilith in the second house of your chart, her themes will manifest in terms of value and resources. You will struggle to claim your own worth and ensure that you receive your fair share.

Lilith in the second house usually shows up in childhood in the form of self-esteem issues. You were bullied, nitpicked, or otherwise made to feel less than worthy. This could come in the form of rejection from peers or pressure from authority figures to conform and be more manageable. Lilith in the second house is vulnerable to being demeaned and scapegoated, especially in youth.

### **Vesta in 2nd House**

When asteroid Vesta is in your natal 2nd house, you are learning how to foster certain projects and creative ventures so that they bring you multiple avenues of wealth. This may come naturally to you and you may be quite magnetic to wealth in this life, which is not always purely financial.

You have the advantage of realizing what you are worth and what you value early on, so things like difficulty compromising and stubbornness do come up as a lesson to move through, especially in a fixed sign (Taurus, Leo, Scorpio, Aquarius).

The subtle properties of food, art, music, touch may really appeal to you and be a primary part of acquiring wealth for you. Releasing the importance of fancy new things can be helpful.

### **Chiron ☿ in ♍ Virgo 4° 20'**

([1253] [astromajesty.com](http://astromajesty.com))

Chiron in Virgo is a complicated placement because these individuals have to heal a wound that's impossible to mend.

These individuals struggle with the pain of trying to be perfect. It is why, no matter what they do, they believe there is something inherently wrong with them.

People with Chiron in Virgo have self-worth issues. That reflects in perfectionism, criticism, and distorted body image. They are persons who strive to be immaculate, to do things right, and to fix every problem.

It is why it's not unlikely for them to be people-pleasers, to take everything personally, and to worry about other people's opinions 24/7.

They torment themselves with feeling incomplete, impure, or damaged. Virgo Chiron individuals were likely suffering from a terminal illness in a previous lifetime, or they saw someone close to them pass away after a long and painful disease.

Perhaps it's a past-life memory of dying young. Or maybe Virgo Chiron people witnessed the death of their parents at an early age.

However, it's an experience that left Virgo Chiron people traumatized and feeling like their life chapters never get the proper ending.

Virgo Chiron individuals believe that there is a part of them that's utterly broken, but they can't pinpoint which one. They don't feel comfortable showing their struggle to anyone, so they hide it and avoid confronting their fears.

Indeed, one of their biggest worries is that people will see them the way they see themselves: imperfect, flawed, and inferior. For Virgo Chiron people, that would be a confirmation of being unclean, not enough, and not "together."

Due to not avoiding sharing their pain and allowing others to help them, persons with Chiron in Virgo seek ways to fix themselves. That usually means that they desperately try to find a sense of completeness and contentment.

Yet, Virgo Chiron people don't know which path to take. That makes them feel more lost and incomplete.

Individuals with Chiron in Virgo manifest their agony through chasing perfection and working on their growth and looks.

That's usually a productive way to mend a wound, but not in a case when one never thinks it's enough. Hence, Virgo Chiron people won't stop. They will never think they are beautiful, smart, or educated enough. It is why these persons are associated with hypochondria, OCD, and obsessive perfectionism.

Virgo Chiron individuals can be manic in maintaining their hair, body, and clothes, neat and tidy. These persons can spend a fortune on the latest trends or watch fashion and beauty video tutorials for hours. They are also meticulous about aligning their style with the occasion.

People with Chiron in Virgo are also likely to learn fun facts, small talk examples, and every world capital to ensure they are ready for every conversation. They also manifest their pain through verbal communication. Virgo Chiron people strive to know all the answers and how to talk with people effectively.

But Chiron in Virgo is not always centered around cleanliness and organization. Instead, these people can also be messy, chaotic, and disorganized. They can also be a mix of these two types.

Thus, they tend to criticize others because it's their way of preventing people from

judging them.

Thus, individuals with Chiron in Virgo are also likely to go from one extreme to another. They struggle with seeing grey shades because it complicates life. Hence, these people prefer to label everything and everyone as either good or bad.

Regardless of how they express their pain, people with Chiron in Virgo seek control over their lives by focusing on one category.

Some will concentrate on their looks and others on relationships.

However, in the end, they all discover that control is not an effective way to eliminate their inner agony.

### **Men with Chiron in Virgo**

Males with Chiron in Virgo tend to be pragmatic, restrained, and emotionally detached. They control through organizing their life, house, shelves, garage, and anything they can tidy-up. Sometimes they get lost in these activities because they often exaggerate concerning cleaning, fixing, and arranging.

Like their female counterparts, control is their principal drive, and they manifest it in every aspect of their lives. Virgo Chiron men tend to control their partner and friends, and they are quite subtle in doing so.

However, they are intelligent, so their loved ones often end up doing what Virgo Chiron tells them. If Chiron is afflicted, these men can manipulate others into doing something they don't want. And if Virgo Chiron males don't get others to follow their advice or rules, they will be infuriated or feel a sense of worthlessness.

The problem with men with Chiron in Virgo is that they repeat the same actions and habits without wondering why people don't listen to them. They should consider that perhaps their ways are not always the best, and that's why their controlling techniques fail.

Another way how Virgo Chiron men enforce their control is through exercise. They have a complicated relationship with their bodies and notice every imperfection. It is why they often start rigorous diets, work out until they pass out, or spend all day in a gym.

These men also tend to organize and control their emotions and thoughts. Some people might see them as robotic or emotionless because of that. But men with Chiron in Virgo don't like anything having control over them, including their feelings.

Due to being overly controlling, males with Chiron in Virgo suppress their fears. Yet, they might resurge as phobias.

It is why men with Chiron in Virgo must realize that's it's impossible to have complete control even over menial things. That will free them and allow them to confront their struggles.

### **Summary**

People with Chiron in Virgo are usually born with inaccurate beliefs of being incomplete, unworthy, or damaged. These opinions appear at such an early age that they can't remember how it started.

For some reason, even as kids, they believed there is something wrong or broken within them. As they grew up, they manifested these beliefs, convincing people to think the same.

However, these thoughts don't always appear without any trigger. Sometimes parents had an impact on how Virgo Chiron people see themselves.

Perhaps their caregivers often criticized them or behaved toward Virgo Chiron in a way that made them believe they are damaged or incomplete.

As people with Chiron in Virgo tend to see everything as an insult or provocation, perhaps their parents never belittled or criticized them.

But Virgo Chiron individuals saw their parents' remarks or comments as criticism, which started accumulating negative self-perceptions.

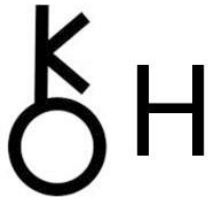

The truth is, no one can heal any Chiron wound fully. The placement is there to stay, and the pain makes a person who they are. Hence, they have to accept their vulnerability, imperfections, and fears.

People with Chiron in Virgo should embrace the idea they are already complete by being themselves. Yet, it is Chiron that makes them feel broken and incomplete.

These individuals should learn how to integrate their imperfections into their being because those fragments make them who they are. No part of their bodies or psyche is good or bad, but they all have a purpose.

Their life mission is to learn to love everything that makes their being because all those elements together make them whole.

## ***Chiron ♄ in VI 6th House***

([1265] [astromajesty.com](http://astromajesty.com))

People born with Chiron in the 6th house typically have issues with a perception of work, superiors or subordinates, and services.

Since the 6th house is related to professional responsibilities, daily routines, and helping others, these individuals probably struggle with an emotional trauma related to one of these elements.

The influence of Chiron in this placement indicates that the native likely experienced an intense professional disappointment early in their career.

Perhaps they couldn't agree or cooperate with their coworkers or superiors, which caused problems that terminated that employment.

On the other side, perhaps the Chiron in the 6th house native didn't understand the point and reward of completing duties and tasks as a child.

Maybe they were rebellious and didn't want to obey, or their parents forced them to work more than a kid should.

### **Struggle with schedules and routines**

Whatever the scenario, these individuals likely didn't like to fulfill their responsibilities, including going to school and doing homework.

Maybe they struggled with doing simple tasks, such as brushing their teeth, tidying up their room, or washing the dishes. These natives didn't like schedules, and they questioned why one should follow routines.

In their childhood, these individuals likely preferred doing as they pleased. In some cases, that means being chaotic or maintaining a messy bedroom because it's a part of their self-expression.

People with Chiron in the 6th house wanted to do as they please instead of being compliant or even respectful. Perhaps they believed that by completing orders, they would lose their integrity and become submissive and obedient.

If Chiron is afflicted, they likely had strict and conservative parents who wanted their children to do most of the housework, clean, and neglect their playtime to help in the

home. In that case, these natives were forced to complete the orders, or they would be punished.

As a result, these individuals have a trauma that causes issues with authority and cooperation.

However, if Chiron is well-positioned in the 6th house and harmony with other aspects, it's unlikely that natives developed a trauma that limits them.

Even if they disobeyed or failed to do their responsibilities and tasks as kids, they probably didn't face any punishment or complaint.

Thanks to that, they grew up believing that it's their right to refuse and do whatever they want. They don't understand why others would blindly expect them to follow the orders or serve.

### **Health and healing counselors**

People born with Chiron in the 6th house dislike routines. They also loathe reporting to others and working according to the schedule. Those things make them feel like slaves and like they don't control their lives. Having a nine-to-five job is not the best idea for these natives.

Also, they are terrified of having to sit in a cubicle all day and interact with colleagues. It is why they are better off as independent workers, contractors, and freelancers. Alternative jobs are their jam and probably the only ones where they won't struggle with boredom.

Even if they manage to work in an office, people born with Chiron in the 6th house don't feel a sense of belonging. They either feel redundant or fail to get along with coworkers.

Other than workplace struggles, these natives also have issues with their health. Or, better said, they believe they have. Those with and afflicted Chiron in the 6th house tend to be hypochondriacs or worry something is wrong with them 24/7.

Yet, these natives usually don't do anything about their worries. Instead, they let all those questions plague them through the day and disrupt their responsibilities or goals.

On the other side, they can be stellar health counselors and advisors. Due to worrying about their well-being, they are up to date with different conditions, medicines, and therapies. They also tried many health recommendations they found in journals or online, which they can use in advising people around them. It is why they make great healers and psychotherapists.

### **Taking care of people and pets**

They don't necessarily choose a medical field. However, these natives still tend to work with underprivileged groups and people on the margins of society.

Perhaps it won't be their official career, but they will probably help people in their free time or do it as a volunteering activity.

Thus, if it's their principal career, people with Chiron in the 6th house tend to provide their services for free if someone can't afford them.

It might be that their generous helpfulness comes from the time they were in a similar situation but had no one to help them.

Individuals with Chiron in the 6th house are usually empaths, and they can sympathize with those who have it worse than them. It is what doesn't allow them to ignore helpless people.

These natives will go out of their way to help, even if it will affect their finances or work position.

People born with Chiron in the 6th house might not achieve the best results in their work, but they can still be stellar advisors regarding careers.

For instance, they tend to develop effective work strategies, which they often use to help friends and family.

Since the 6th house rules pets, these natives could find comfort in adopting an animal and taking care of them. They might find that being responsible for them and adjusting to their biorhythm can help them handle their own schedules and day-to-day tasks.

## **Part of Fortune ☒ in ♋ Cancer 28° 6'**

([1278] [astrolibrary.org](http://astrolibrary.org))

You achieve your greatest happiness by nourishing others and yourself, as well as giving sustenance and emotion to your life and to that of others for future growth. This is the expression of the Divine Mother that gives everything she can give, without selfishness.

You like to feel affection and intimacy. You deeply appreciate life and nature, through which you feel the essence of love, unity, and cooperation of all things and people of the Universe.

You know that emotions give energetic nourishment to life and a sense of intimacy with all the things that surround us. You understand how much we need to feel that we belong to a world that loves us and accepts us as we are.

You act with a childish simplicity. You like to flow in the gentle and tender energy of Cancer, which is in harmony with its surrounding environment and with the principle of creation.

Because Capricorn is the sign opposite your Part of Fortune, you understand how to bring things to maturity. You know how to complete what is partially formed. This knowledge is the reason for your ambition, and using it in this way is the correct use of this energy.

With the Part of Fortune in Cancer, you are not looking for an end that justifies the means. Rather, you want your actions to be tuned in to the beginnings of ideas, and to take part in the creation itself.

The cheerfulness and vitality of Cancer is balanced by the wisdom and maturity of Capricorn, which you must use to structure and direct your energy towards something

significant.

You do not get influenced by the results or the outcome that you get from what you do. Rather, you like to participate regardless of the practicality.

Your joy and happiness comes from a birth, whether of an idea, a child, or anything in which you take a personal role in its creation. It is this intimate association with the beginnings that makes you enjoy life and achieve self-realization.

By being a privileged participant in the birth process that takes place in all of Nature, and in the mind, you will develop a tender concern for all things.

Your great joy and satisfaction is a response to seeing everything that has come out of your being flourish and grow, knowing that you are the true foundation of its life.

You enjoy life and all the love that you are capable of experiencing when you feel intimate contact with everything that surrounds you and gives you happiness.

### ***Part of Fortune ☒ in IV 4th House***

([1290] [astrolibrary.org](http://astrolibrary.org))

Your greatest fulfillment and satisfaction will come through starting new things, be it human life, ideas, or projects. Pay special attention and care to setting foundations that can later support your future growth.

You feel happy giving to others and sensing their true self and their real needs.

You should know that things take time to mature. You learn to plant the seed before you get the benefits of the harvest. You understand that first you must set your goals to have purpose and direction, to be able to take advantage of all your efforts and everything you start in your life.

Your happiness and joy comes more from those seeds or beginnings that you initiate, than from their completion or culmination. Although, you need to complete what you start to know its real meaning.

Since your Part of Fortune is in the fourth house of your birth chart, the tenth house is the opposite house. Through the tenth house, you realize the importance of structure,

order, and responsibility to be able to carry out all the projects and crystallize all those incomplete beginnings.

However, you should not identify with the end results of what you want to accomplish, since you would easily lose your sense of purpose and you could be disappointed.

Therefore, you must deal consciously with the things of the material world, always taking all the necessary actions to begin stability in the world. Your joy is based on starting everything that will give you stability and inner security. This gives you an intimate sense of belonging in your world. You enjoy participating in common projects and everything that brings you intimate ties with other people.

Being in a natural environment will do a lot to help you stay rooted. It will also give you great joy to stay close to your family, or to serve your country. You also get joy from discovering your unconscious ideas, since this can mean the security of being within the root of your soul.

You must not allow the ego of the world to divert you from your important natural beginning, which will give you your greatest satisfaction.

By developing a true love for all things and people close to you, you will know the meaning of your life. This will give you the confidence to always be where you are most needed and where you can most learn.

You can achieve a deep connection with your inner being, and through that, open up your personality and show a tender care for the things of the world, for your family, and for all the people around you.

The ascendant Conjunct Chiron natal aspect suggests that there was some early trauma in your life. Some people can immediately see your pain on you. You are often shy and self-conscious. In some cases, you were bullied in a community or you were shamed

and left alone. These Natal Chiron – Ascendant aspects indicate that you dislike who you are and what you look like, especially when young. Being an outcast and being bullied are frequent with this aspect. This most often occurred in school. Some of you were physically assaulted, while some had to survive the psychological terror. These experiences make their mark on your soul. Also, these experiences are hard to overcome. This aspect indicates low self-esteem. The Chiron here makes it hard for you to create a solid identity. Also, you feel insecure about which role to take up in your dealings with strangers. So, strengthening the physical body can be helpful here. Building up self-confidence should be a priority with this aspect.

2) ► **Midheaven MC Parallel ♀ Venus** - (1°49')    ♊11 | ♋10

([48] [astromatrix.org](http://astromatrix.org);) The Comic

Opportunities: 1. Learning from Elders 2. Spreading Happiness

Challenges: 1. Being Your Own Person 2. Expressing Yourself

At its best, this placement means that you are full of love and affection for others, but at the same time you can follow your own path and attract only those who are able to go along with you. You will be liked because you can be yourself without feeling that you must live up to other people's ideas of what you should be.

This aspect may also mean that you have considerable artistic ability, although there should be other indications in the chart to confirm that. Certainly, you enjoy and appreciate beauty, and you are able to bring beauty into your everyday life. You enjoy peace and harmony, and you get along very well with others. Wherever you go, you create a peaceful atmosphere. Your relationship with your parents, as well as with other authorities, such as teachers and employers, should be excellent.

The key element in your ability to get along is that you are true to yourself as well as fair to others. This placement may indicate a career involving either beauty and art or human relations - that is, getting people to work easily together. Or your career might be in entertainment of some field in which you make people feel good and lighthearted. In any career, your ability to get along easily with people will be an important part of your success.

3) ► **Midheaven MC Parallel ♄ Saturn** - (1°56')    ♀11 | ♃2

([72] [astromatrix.org](http://astromatrix.org);) Striving For Success

At a very early age you will learn that life requires hard work and ceaseless activity if you want to get ahead. Also, you want to be a person of significance when you are older, so you will start working while quite young to get where you want to go.

Since you have so much internal discipline, your parents won't have to impose it from the outside, nor should they make unrealistically high demands, because you will try very hard to fulfill them. Whenever you fail, you condemn yourself strongly, and if you decide you are a loser, it would be very difficult to change that belief.

This placement of Saturn can signify that you will be very successful or very unsuccessful, depending on how you experience success while you are young. You respect those in authority even when you feel they are giving you a hard time. You understand that they have earned the right to their position and that to challenge them you must earn that right as well.

Only if you have very negative experiences with authority while you are young - and your parents will have a lot to do with this - will you be negative about it when you are older. No matter what career you choose, you will be a teacher and a guide for others. You may be a teacher in the literal sense in some kind of school.

In any case, others will look to you for guidance when you achieve the goals that you set for yourself now. As you work to get ahead in life, however, be very careful not to neglect your friendships and other relationships. Otherwise you may be very lonely later on.

4) ► **Descendant DC Parallel ♀ Venus** - (1°42')    ♄7 | ♃10

([179] [astromatrix.org](http://astromatrix.org);) Unconscious Needs

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

5) ► **Imum-Coeli** IC **Parallel** ♁ **Vesta** - (0°53')    ♈5 | ♋2

([622] 12andus.com:) You may have to resolve conflicts between the path to which you feel devoted and the demands of your career.

Your true spiritual connection comes from your intimate time with family or serving others in some aspect of your private life. Your career path or public image may distract you from this higher calling.

Yet when you learn to create a balance between your deep desire to be of service behind the scenes your career path or public persona, you will be able to succeed both in career and on your spiritual quest.

You may be challenged at some time to sacrifice some aspect of your career in order to satisfy your spiritual calling. When you make this sacrifice, you will benefit in the long term.

6) ► **Sun** ☉ **Parallel** ♀ **Mercury** - (1°26')    ♈5 | ♎8

([3] astromatrix.org:) Mental Focus

Opportunities: 1. Building a Self-Directed Life 2. Living by Your Own Values

Challenges: 1. Showing Your Vulnerabilities 2. Bringing People Closer

This shows that your temperament is unilateral, or almost unaffected by conflicts with the will of others. Your personality is basically integrated, but this does not mean you will have a trouble-free life. It merely indicates that you are reasonably satisfied with yourself and with the goals you hope to realize.

You do not adapt to circumstances unless doing so will serve your best interests. Because you are highly motivated to achieve your objectives, success is more than likely. You waste very little effort in activities unless they will benefit you in some way. You know how to co-ordinate your available resources with your life pursuits, and always have the skills required to carry out any special task you choose.

No-one is allowed to interfere in your affairs; nor do you concern yourself with the affairs of others. You establish a barrier between yourself and others and do not permit anyone to intrude. You can become enormously successful in your own estimation, even if others can't judge your success. You don't measure your level of accomplishments by the same devices most people use when making comparisons. You can best succeed when you work alone or at least can determine for yourself how or when you do your work.

In spite of your seeming self-assurance, you are not too successful in relating to people except at the social level. You are so afraid to have your emotions trampled that you keep personal contacts at arm's length. Your sensitive nature is your Achilles tendon, which you try to protect.

You depend heavily on small quiet moments to give you the spiritual nourishment that your outer life feeds on. Irritated by the constant distractions and the hustle and bustle of competitive society, you must periodically rejuvenate your forces privately, perhaps in meditation.

7) ► **Sun** ☉ **Parallel** ♆ **Juno** - (0°08') 8\5 | 7

([593] 12andus.com:) You make your devotion and desire for commitment clear.

Your longing to be a faithful and devoted partner is very much in keeping with your identity. You may see your partner or spouse as an extension of yourself. While you may feel like you easily connect with your partner, you also expect your partner to be stuck to you like glue.

When there is any doubt or discrepancy, or when your partner doesn't share your exact vision and opinion, you can take this to be a personal insult.

On the other hand, you will do anything to keep your partner happy and you make it your life's mission to use all your strengths and talents to uplift your partner and solidify the relationship.

8) ► **Moon** ☾ **Parallel** ♄ **Ceres** - (0°08') 1 | 2

([559] 12andus.com:) Your intuition and emotional connection to others is strong.

You may wear your heart on your sleeve. When you care about someone, you'll automatically treat them like family. More specifically, you'll treat them as a mother treats her child, regardless of your respective ages or genders.

You can be generous with your affection and will worry about the security of your loved ones. You'll try to make them feel at home and will show them the best of love, protection and care.

You find home, family and family like connections to be your greatest source of personal fulfillment and nurturing. Food, home, nostalgia and connection to family traditions all make you feel secure. When you need nurturing you may spend time with powerful female influences and mother-figures in your life.

9) ► **Mercury** ☿ **Parallel** ♆ **Juno** - (1°18') 8 | 7

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

For the most part, though, when you make a commitment, you fully intend to keep it and will take a diplomatic approach to relationship challenges so that you can keep your word.

15) ► **Saturn** ♄ **Parallel** ⋈ **Uranus** - (1°46') ♃2 | ♅5

([68] [astromatrix.org](http://astromatrix.org);) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets. Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy

should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-making and structure, so that your life and inner nature begin to take distinct form again,

creating a stable foundation from which to work.

16) ► **Saturn** ♄ **Parallel** ♅ **Neptune** - (0°38') ♃2 | ♆10

([69] [astromatrix.org](http://astromatrix.org);) The Musician

The effects of Saturn have a beneficial influence on the tendencies of Neptune, helping definition, stability and ease of expression; the potential is for practical idealism and an ability for positive application of the ideas and imagination emanating from Neptune. This is useful for creativity, as the inspiration of Neptune can be given adequate form and manifestation by the concrete tendencies of Saturn, and so the imagination is not left swirling in an inner world of dreams and fancies but is released onto the physical plane to be shared with others.

There is less of the delusive nature of Neptune present with this aspect, and there should be a greater perceptive clarity than usual, one that is especially sensitive to issues of deceit and glamour. You are less prone to make mistakes through such reflective blindness and tend to be self-protective mainly by a careful and wary distancing that you maintain with strangers or new acquaintances. This is part of the Saturn contribution of caution and unease with anything that is unknown.

Trust needs to be progressively developed in you, whether in people, circumstances or situations; and you are usually reticent in making any firm commitments until you have thoroughly evaluated any set of choices. You tend to rely on a faith in facts, and impersonal judging of what seems to be the wisest choice to make; this can be beneficial in your life, privately and in a career.

It is probable that the Saturn energy will be the dominant one, with the Neptune energy occasionally repressed for practical reasons. If you allow Saturn to be too emphasized, then opportunities may be lost through excessive evaluation and lack of decisiveness; that fear of the unknown will also act as a restrictive and inhibiting factor. You are likely to erect a well-defined lifestyle and personality structure which allows relatively little space for the Neptunian influence to be expressed, as it is more anarchic and expansionary.

What can occur is a sense of confusion regarding your own personal limitations, where they begin to feel imprisoning and Neptune agitates to dissolve those barriers and to experience those repressed dreams that you are attempting to ignore. A careful balancing of both these planetary energies is essential, both for inner harmony and for external success. Otherwise, degrees of distortion and lack of perspective will increase, as the Neptune influence demonstrates its repressed presence through more negative characteristics.

For those exploring the spiritual dimension of life, this aspect offers several valuable assets, in that there is a questioning of dogma and assumptions, a tendency to deglamorize through a more earthy perspective, and a developing ability to rely on the

inner guidance of intuition rather than on external 'authority sources'. This stage may have been reached as lessons learnt through earlier phases of gullibility and submission to teachers, possibly through religious or parental conditioning which you begin to cast away as inimical to your own development.

Discrimination is important in life, and especially so when contacting occult teachings, where the likelihood is that through a lack of real personal experience only genuine ignorance exists; and the tendency of most is to fill that void by passively accepting whatever teaching is making an impact on them. As you continue to develop, especially through standing alone and living through your own light, a greater maturity and perception will unfold. Insight and compassion founded on living experience will be gained, and if you practice meditation techniques then your own power and light is likely to shine brighter as your inner clarity emerges.

Effective concentration and meditation should be possible, and some signs of psychic abilities may also emerge from the Neptune energy being released. You may become a channel for the transpersonal energies to enter these levels, and there will be a sense of social responsibility and of the context through which they can operate. Your intimate relationships are likely to be deep and enriching, partly as a result of your careful evaluation of suitable partners; and in those relationships where your heart becomes involved you will tend to be cautious before opening to a full commitment.

Relationships are important to you, and you place great emphasis on continually working at them to ensure that they are mutually beneficial and a source of evolutionary growth. You believe that 'right choice leads to right action'; and this is a key to your success and to your procedure of careful evaluation of options and decisions.

17) ► **Saturn** ♄ **Contra-Parallel** ♋ **Lilith** - (1°51') ♃2 | ♃2

([637] [astromatrix.org](http://astromatrix.org);) Fear of Rejection

Opportunities: 1. Embracing childlike wonder 2. Being more practical

Challenges: 1. Overcoming fears of rejection 2. Letting go of tradition

Saturn opposition Black Moon Lilith in the natal chart describes your multi-faceted personality, one side of which is incredibly passionate to realize success but the other side fears rejection or criticism. The fear of rejection or failure triggers your angst, and it also sabotages your peace. You prefer to isolate yourself to avoid facing challenges. Instead of limiting yourself, if you learn to be productive, efficient and mechanical to counter the hardships, it will help you successfully get through difficult times.

Instead of falling prey to your anger, try to stay calm, disciplined and practical. Do not feel threatened by others. Because when you think others are challenging your authority, it triggers you and brings your weak and angry side in focus. Your simmering rage and poor self-control can deprive you of your calculated and determined approach.

Your success can be the best revenge to make others realize your worth and talents in

business and financial matters and the matters of love and friendship. You might feel odd and distanced from the traditions and perceive them as hurdles in manifesting your ambitions. You might also feel restricted in your opinions while dealing with the challenges regarding your inner nature and the desires of your heart.

But if you train your raw and edgy nature, it will help you make your name in everything you decide to do.

([8] astromatrix.org:) The Nonconformist

It is natural for those born under the Sun conjunct Uranus aspect to question tradition. These are individualists. They naturally rebel against that which is established. It doesn't mean that they consistently break all the rules, but they definitely do question some of the rules, especially those that simply don't make much sense to them.

These people have a huge distaste for routine. They work best when they have some say as to when and how they get things done. Sun conjunct Uranus people possess much self-integrity. They prefer to answer to no one except themselves. They avoid labeling people and are most offended when others attempt to label or stereotype them. Although progressive, they can be maddeningly stubborn at times.

They do enjoy a certain level of excitement in their lives, and they do accept change as exciting, and they do appear to be quite open-minded--yet on a personal level, they can stubbornly stick to their ideas and they will resent anyone who tries to push them into doing something they really don't want to do.

This innate ability, can allow you to touch the unknown and occult sections of life. Your emotional courageous nature leads you to take the lesser walked path. You may feel as though you're here to defy rules, and your awareness allows you to be accountable for owning your truths.

You are a natural non-conformist, which allows you to seek the freedom that you innately desire. The opinions and feedback of others, often go unnoticed by you - whether it's positive or negative.

You only answer to yourself, which others idolize. Be mindful of channeling your emotions into destructive tendencies. You're inclined to experience Kundalini activations. Your spiritual evolution can reach heights that you may have never predicted for yourself.

6) ► **Mercury ♀ Conjunct ♀ Pluto** - (4°59' S) ♀8 | ♀9

([34] [astromatrix.org](http://astromatrix.org);) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs

and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

([411] astromatrix.org:) The Restless Mind

Opportunities: 1. Going Deep into Your Interests 2. Finding an Intellectual Career

Challenges: 1. Choosing Some Interests over Others 2. Being Present when Speaking  
Even while you are quite young, you will spend quite a bit of time thinking about your future, but don't expect to make up your mind for a long time. Your mind is very active, and each new interest you take up will give you a new idea about your future career. In fact, the danger here is that you may never really settle on one career; you will get into many projects but never thoroughly enough to know what each one can really offer you.

For this reason, you must teach yourself some self-discipline, so that you can stay with a project long enough to understand it. You are quite restless and need to be mentally active all the time. You need to keep your mind busy, talk with others and feel that life is moving quickly. Otherwise you get bored, and then you may annoy people.

Often you get so wrapped up in your own ideas and needs that you forget about anyone else. But with a little effort you can get away from yourself and see other people's points of view. You are able to think very clearly, but only if you come out of yourself.

As you get older, be careful not to say things that work against you. Your mouth could be your own worst enemy unless you make sure of what you are saying before you speak. It is possible to make your point without offending others.

You enjoy games, especially those that involve your mind, so you may be very good at solving puzzles and other activities that require cleverness.

41) ► **Midheaven** MC **Square** ♅ **Pluto** - (5°23' A)    ♁11 | ♃9

([452] [astromatrix.org](http://astromatrix.org);) Desire For Change

This aspect indicates that you will have to make a special effort to get along with people. You must make it clear that you do not try to fulfill your goals in life at their expense, and that you will not allow them to take advantage of you either.

A very ambitious person in youth, you probably picture yourself as being quite important when you are older. This can be a very constructive attitude, but it will be difficult to achieve your ambition unless you are able to get along with others, to give them a constructive part in your goals. Also, it is very important that you play the game of life honorably and adhere to high ethical standards.

You don't need to worry that doing so will be dull, because whatever you get involved in, you make it exciting and powerful. You have a strong desire to bring about change in your world, and you may want to be a reformer and rebuilder. However, you should not try to get power simply for its own sake. You have to use the energies of Pluto for a purpose higher than yourself.

It is perfectly permissible to be personally rewarded by your work - you do not have to be totally self-denying - but personal gain should not be your principal motivation. A born psychologist, you should be able to gain great insight into human behavior. But again, you must not use this knowledge for personal gain or to manipulate others. Eventually you may choose a profession that will use this knowledge.

42) ► **Sun** ☉ **Square** ♁ **Vesta** - (5°42' A)    ♄5 | ♃2

([609] [12andus.com](http://12andus.com);) You may have to work through some egotistical desires for recognition in order to realize that you have a higher calling.

Your true mission is much more important than your ego desires, but it is not readily apparent early in life. Thus, you may feel friction between your desire for success, fame, recognition and praise, and your mission to align with your spiritual purpose and serve others in some dramatic and selfless way.

When you accept your Divine inspiration, you'll actually be able to draw on the very traits which make you unique in order to fulfill your mission and serve others through your own path of sacrifice and work.

43) ► **Moon** ☾ **Square** ☿ **Fortune** - (6°50' S)    ♃1 | ♄4

([27] [astrotarot.net](http://astrotarot.net);) You do not always “come across” to others as you intend to.

Especially in your youth, you can easily offend others with an “attitude”. The impression

is one of being overbearing, arrogant or pushy. This is due to a defense mechanism. In other words, what you want to express is often interpreted the wrong way. In one-to-one relationships, the main problems are that your needs are not compatible with the needs of others. To reach your goals you may have to sacrifice a friendship or learn to put up with stressful conditions. Awareness of this discrepancy is important. Otherwise the defense mechanism can worsen over time, and you can have problems at work and in personal relationships. Softening the manner and the attitude does wonders to smooth over relationships of all kinds. You will come to realize that you need to be true to yourself and not live as others wish you to live.

- Positive trades: Your path is not an easy one. You will learn to relate to others and being self-confident. #### 46) ► **Venus** ♀ **Square** ♃ **Juno** - (0°59' S)    ♀10 | ♀7

([596] 12andus.com:) You have a strong desire to be in a committed relationship but your passions and insecurities may make it difficult for you to settle down with the right person at first.

Your fear of missing out or possessive, jealous nature can undermine your chances with prospective partners. You may also find that you are too willing to give your heart away to people who are not ready for commitment.

Being burned can leave a scar but can also bring important lessons about your self-worth and who is worthy of you. You may learn through harsh experiences to hold yourself to higher standards and attract the person who truly deserves your love.

47) ► **Mars** ♂ **Square** ♀ **Uranus** - (3°44' A) ♃2 | ♅5

([426] astromatrix.org:) A Lightning Bolt

The square will be felt as an inner tension, you are torn between the Uranian search for freedom and a deep need to feel safe and secure. This is a clash between the familiar patterns of the known and the siren call of the potential of the unknown. This is likely to be felt as a fear of commitment and risk.

Whilst you will be attracted towards greater freedom, with the possibility of creating a context where you can be more fully yourself, the likelihood is that you will resist the impulse. As you analyze your options, you prefer to play safe, as you cannot obtain these cast-iron guarantees that you would like as to the future success of your choices. This inner frustration that is likely to build up can cause stress, as a part of your nature is being denied and repressed.

You are liable to feel some emotional unease, where you are afraid of allowing full emotional expression, or even properly acknowledging your emotional nature. It is a fear of 'letting go' that is the root of this difficulty, where emotional or material losses are to be avoided if at all possible. This may have arisen through childhood experiences of loss which deeply affected you, or through a pattern developing that too strongly identified yourself with people or possessions, so that with any withdrawal or removal of them from your life, you felt that you were losing part of yourself.

You will feel that you need to keep a tight control on life, trying to ensure that chance and predictability are fended off; in this sense, you accept the more grounding energy of Mars, whilst denying the unsettling but potentially liberating energy of Uranus. You apply the Mars energy in terms of conservation, ensuring a protection of your resources through prudent and cautious organization.

You intend to apply yourself diligently to your objectives, even if you expect that they will take longer to achieve without taking risks; the problem is that for varying reasons, your intentions often fail to be realized, perhaps through an impatient Uranus unraveling those attempts at persistent effort. Or your interest wanes as you reach a point where a

riskier decisive step has to be taken.

When that journey of a thousand miles requires the taking of the first step, you may decide not to travel anywhere, preferring established security. Yet you may find that you are willing to allow the Uranian impulse to move freely in your life. This could initially arise as a result of a phase of denial where some external circumstance beyond your control throws you into a period of confusion and turmoil.

Redundancy or the sudden collapse of a marriage could be triggers for Uranus to break through that dam. Certainly, it will not be denied expression for all your life, and that side of the square will need to be accepted and integrated. There is potential that even while maintaining your relative control you could safely begin to open up to new horizons, to explore other interests, to expand and liberate your limiting conception of your nature and life. There are strong foundations there, and you should be able to build efficiently upon them.

To achieve those ambitions and personal desires, you will have to take some risks at some point. If you are not committed to achieving them, then it is unlikely that you will ever succeed, because your focus and energy flow will be too diffused and unconcentrated to generate the necessary momentum. That erratic will-power needs to be drawn through into a regular consistent direction.

If you can succeed in liberating that inner frustrating tension, you would be surprised how effectively that energy could be applied to reach your aims, instead of clashing within you. Your personal relationships would also improve as the stress began to disperse, and you felt that a great weight was lifting away from your shoulders. Releasing that pent-up, potentially violent energy could mean the dawn of a new era of personal creative enrichment. To free yourself from the restrictions of this square aspect, you have to open up to life's insecurities and risks. It's your choice.

49) ► **Jupiter** ♃ **Square** ♁ **North-Node** - (3°57' S)    ♀3 | ♀12

([438] [astromatrix.org](http://astromatrix.org);) Spreading Beliefs

North Node square Jupiter is a philosophical aspect. Jupiter rules philosophy, law, and religious study, so you may enter this life with experience and knowledge that has contributed to your beliefs. You have some very definite views and now feel a responsibility to pass along what you have learned. You may use your wisdom to contribute to the social morals in a positive way or negatively, you might be narrow or forceful in your views.

While there are actors, sportsperson, politicians, and others among this group, the overwhelming theme involves writing and philosophy. There are many authors, composers, songwriters, teachers, and educators. Their communication skills are notable. Spreading beliefs and contributing to moral standards are common patterns.

Over-expansion is a potential problem and can lead to problems. Major life circumstances may have forced you to put too much significance on social, educational or religious/spiritual expansion and rely too much on optimism.

You must learn to pace yourself and develop a more grounded, realistic outlook or your larger-than-life ambitions will be shot down by societal times as they often conflict with the times. Your ambitions and ideals are noble and grand but be aware of a tendency to lose yourself in the big picture.

51) ► **Saturn** ♄ **Square** ♂ **Uranus** - (2°17' A) ♈2 | ♏5

([439] [astromatrix.org](http://astromatrix.org);) A Law Unto Myself

The main theme of this square is the likely dominance of the Saturn qualities and a repression of the Uranus ones, with a personality expression being restricted by responding to the Saturn viewpoint on life. This will be seen in a preference for the familiar and known, both in a ready acceptance of social convention (which in its reactionary phase is often rooted in a backwards-looking perception of a 'return to a golden age'), and in the desire for a personal life lived in a controlled, predictable manner and in a stable environment.

The personal identity will be focused within strictly defined parameters, with self-imposed limitations on freedom of choice and action, wrapped around with concepts of allowable thoughts, emotions and physical acts. Much of this is a protective guard against the actual insecurity of life and emerges from a personality that is afraid to relax fully, and which is inwardly insecure.

Difficulties may arise in life when you are attempting to solve problems by applying existing attitudes which then fail to work. You often find the need for change deeply disturbing and have an intuitive fear that if you allow that process to occur, then your life would fall apart. When you have to make decisions regarding new situations, you can find it hard to make a final choice, unless you discover a way to do so which reinforces your existing attitudes and preferences; if it involves a new direction, then you become uneasy, trying to find a way to retreat back towards your old familiar patterns.

In those attempts to impose control on life, you can be too dictatorial or authoritarian in your relations with others, perhaps through an insistence upon your point of view being right, or in having everything done in an established manner without deviation. Your life

can become highly patterned, locking you into a circumscribed experience of life. This can define your identity for you, offering a way for you to evade those feelings of insecurity and lack of real confidence; but this will restrict you taking advantage of many opportunities in life.

Often, you seek social status or approval in order to gain a reflected sense of self-worth. Denying the Uranian vibration of change can lead to problems of life adaptation and inner tensions, especially as there will be an underlying struggle between an affinity with traditional patterns and an attraction and fear of something new being released into your life.

Saturn will embody the more inflexible end of the square; and if you begin to respond to Uranus (or a transit stimulates its activity), then these inhibiting patterns will begin to be eroded and destroyed. Part of you - a repressed aspect - would secretly love to break free of all binding ties, to become unconventional and liberated; if the pressures rise too strongly, then attempts to throw off self-imposed shackles may be made, just to release the tensions.

Marriages and careers can be destroyed through such activity, with the end result being a collapse of existing patterns with no real comprehension of how to build a more suitable lifestyle, and just a feeling of an inner void and loss of direction being common. Ongoing transformation is the wisest course of action, as the transitions move more smoothly and the person is capable of slowly adjusting to new ways in a more harmonious manner, integrating the arising new tendencies more successfully and easily.

Even within these Saturnine confines, the Uranian undercurrent is at work. The operation of your mind - where you focus yourself in order to control life - is more inconsistent and contradictory than you believe. Others probably notice this; but you will oppose any attempts to point this out to you, in your belief in your logic and rationality. Yet in the background of your mind lurk those more eccentric ideas, thoughts, desires and emotions that you rarely acknowledge.

Sometimes, the strains of living with denied aspects can make you touchy in relationships, where people have to treat you in certain ways so as to avoid 'triggering those buttons' which stimulate areas in you that you choose not to explore. For real health, these need to rise into the light, so that the pressures and energies can be released, and that you can integrate parts of your being. If you choose not to, it is likely that at some point in life, Uranus will erupt with a vengeance, and sweep away all those pretenses, patterns and controlled lifestyle, forcing you to confront your denied selves and to change.

([598] 12andus.com:) You can easily find ways to show your charm and charisma and this helps you attract suitors.

You may find a connection that turns into a long term partnership at a young age or easily attract your future partner. Though you may seem to always land on your feet in relationships it doesn't mean your relationships are without ups and downs.

It just means you have the right outlook and attitude to work through difficulties by looking on the bright side and uplifting your partner rather than letting petty differences distract you from your commitment.

80) ► **Saturn** ♄ **Trine** ♆ **Neptune** - (7°42' A) ♃2 | ♆10

([357] astromatrix.org:) The Creator

The high idealism of Neptune and the awareness of social responsibility of Saturn will be prominent and will stimulate an inner motivation intent on sharing in the ongoing work of social improvement.

You should have a natural insight into social issues, and this coupled with a keen perception can help you to indicate those core problems that require resolution; in addition, you are able to offer constructive solutions to such problem areas, and are able to work with or within existing social organizations or governmental bodies to influence suitable changes to be made. In particular, you enjoy restoring 'order from chaos' and making use of forgotten and ignored resources.

There can be a tendency to sit back and observe social decline and contentious issues without choosing to become more actively involved, but this would be a waste of your own talents and a denial of that sense of social obligation. Your idealism has strong moral and ethical roots, and you could feel uncomfortable if you ignored those inner promptings. Direct activism may not be your preferred mode of involvement, but you may find your role perhaps through communicating to others the facts about certain problematic social issues, especially through the medium of writing and analysis.

You tend to have an absorbent intelligence, which accumulates considerable information and knowledge easily, and which is a resource that you should be able to utilize. The level of imagination is high and active, and this too can be personally used in a variety of ways, giving a spark of life to the ideas that you have for personal and social development. You may have difficulty in deciding exactly how to use your own resources, and the ideal may be to become involved in work which has a definite social dimension. Such work can include community welfare, law, social services, environmental concerns, finance, management, media, film, photography.

Friends find that you are a reliable support in times of crisis, and you are equally willing to lend a helping hand when necessary. Neptune inspires you towards compassionate feelings, both for people you know and for strangers. If the spiritual quality of Neptune is

active (and not so overshadowed by a dominating Saturn), then you are likely to be attracted towards spiritual or occult groups, where your talents can find ways of expression.

Meditation and visualization work should be enhanced by Neptune and anchoring the energies in suitable forms should be enhanced by Saturn. Learning to trust your intuition will lead you to rely on it even more over time, and this could be a vital step forward in your own development.

[[616] 12andus.com:.) Everything about your quest is unusual and unique to you.

You may borrow from different practices or traditions, but your own intuition guides you to fulfill your spiritual calling. You may take an unconventional approach both the sexuality and spirituality.

You may also suddenly make a dramatic sacrifice that helps you fulfill your quest to be of service by aligning your vision and spiritual inspiration. You are recharged and refueled by taking time to yourself. Sometimes your style of doing this is dramatic and leaves others shocked and confused.

You have an instinctive awareness of how to take care of yourself and when you need to make a dramatic change in order to find greater spiritual connection and be of service to others, you'll do it.

You don't think twice about making eccentric and unorthodox moves in order to fulfill your mission. You can make great personal sacrifices in order to follow your own independent vision of progress.

- 4) ► **Contra-antiscia-Lilith ♄ Conjunct MC Midheaven** - (0°46')

[[113] 12andus.com:.) You try hard to suppress and hide your raw emotions and deeper instincts so that you can conform to expectations of others, especially in your career. You may be highly protective of your public image but in denying your deeper desires, you cut yourself off from a source of power, confidence and creativity. Denying your raw emotions and suppressing pent up anger can result in volatility or explosive rage or rebellion at home. Also, you may have grown up in a family plagued by domestic violence or frequent outbursts and this may have taught you to keep up a solid outside appearance while suppressing your own deeper compulsion to rebel or lash out at those who try to control or intimidate you. You can become fiercely protective of home and family but deny your stronger instincts or downplay your desires in the public arena. You may also try to deny or suppress your sexuality for the sake of maintaining the status quo. When you come to accept your powerful inner nature, even the rageful and rebellious aspects of your creative power, you can emerge as a leader and actually set

the stage for a successful career.

## The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

### Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 28° **Cancer** 6' and in the **4th** house.  
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 10° **Sagittarius** 26' and in the **9th** house.

"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus

Alexandrinus

The **Lot of Basis** is in 16° **Leo** 39' and in the **5th** house.  
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 24° **Aquarius** 30' and in the **11th** house.  
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

**The Seven Hermetic Lots:**

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 2° **Pisces** 5' and in the **12th** house.  
"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 5° **Leo** 45' and in the **5th** house.  
"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 9° **Capricorn** 45' and in the **10th** house.  
Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 3° **Libra** 30' and in the **7th** house.  
"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 11° **Capricorn** 12' and in the **10th** house.  
This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Capricorn: carelessness, neglect

Nemesis in Tenth house (Capricorn): carelessness, neglect

**Lots related to family:**

The **Lot of the Father** is in 14° **Cancer** 18' and in the **4th** house.  
If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 25° **Sagittarius** 21' and in the **9th** house.  
Same as for father.

The **Lot of Siblings** is in 29° **Aquarius** 24' and in the **11th** house.

The **Lot of Children** is in 8° **Taurus** 58' and in the **2nd** house.

The **Lot of Daughters** is in 6° **Scorpio** 54' and in the **8th** house.

The **Lot of Sons** is in 23° **Virgo** 57' and in the **6th** house.

The **Lot of Marriage for Woman** is in 26° **Cancer** 43' and in the **4th** house.

The **Lot of Marriage for Men** is in 11° **Sagittarius** 44' and in the **9th** house.

The **Lot of Deceit in Marriage by Woman** is in 16° **Aries** 24' and in the **1st** house.

The **Lot of Deceit in Marriage by Men** is in 1° **Virgo** 39' and in the **6th** house.

The **Lot of Marriage (in general)** is in 1° **Virgo** 28' and in the **6th** house.

#### **Lots related to society:**

(Hellenistic)

The **Lot of Debt** is in 9° **Virgo** 40' and in the **6th** house.  
Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 0° **Sagittarius** 59' and in the **9th** house.

The **Lot of Treachery** is in 15° **Cancer** 44' and in the **4th** house.  
Betrayal of trust

The **Lot of Accusation or Exile** is in 5° **Aries** 40' and in the **1st** house.  
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 25° **Sagittarius** 21' and in the **9th** house.  
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

## 322th Harmonic

### **Pholus | Sudden Life-Changing Events**

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

### ***Pholus in Scorpio (Rx)***

(canvasofthecosmos.tumblr.com:) Pholus in 8th House/Scorpio: You search for something that will open the doors to intimacy, but get closer to others than you could ever hope for. You often joke about how emotional you are fully aware of how deeply your wounds hurt, and you learn that laughter is the best medicine at an early age. You may absorb others' passions for your own gain. You expect the most out of your relationships because that's exactly what you bring to the table. When you do let someone in and get attached, you share what you have in hopes that the return will be higher. You don't let go without years of resentment put behind you, should someone let you down. This placement makes you as quick to hate as to love, as these emotions go hand in hand for you. You have premonitions of the end and want to quickly get the grieving process over with before something even dies. Remember that change is inevitable and the grieving process is far from linear, as your explosive emotions may get the better of you until you learn to keep them in check.

### ***Pholus in 8th house***

(12andus.com:) Your emotions and intense intuition can lead you to seek greater wisdom and truth.

Your desire for deeper understanding can lead you to unearth chaotic emotions or fallout that you didn't expect. When you least expect it, powerful transformation may come into your life. You may dredge up issues from your past that you didn't realize had as strong a pull on you as they do.

You may have dramatic awakenings that lead you to make significant changes in your life. Even if you are reluctant to let go, you may need to let go of the past in order to clear yourself of obsessions that have become toxic.

Dealing with grief effectively can be your key to freedom and healing. You can find awakening and transformation as a result of crisis and loss. You may become obsessively addicted to power but this works against your ultimate goals.

On the other hand, you can find a closer connection to the spiritual realm through your search for truth. Your intuition and connection to Spirit can be heightened. You may also become more dramatically aware of your power and spiritual connection as a result of crisis.

### **Eros | Love, Desire, and Sexuality**

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

#### ***Eros in Leo***

(12andus.com:) You may have an obsession with power and drama.

You may be erotically drawn to people who are flamboyant and colorful. Role playing and theatric experimentation in the bedroom appeals to you. You can become jealous easily and need to be adored and admired by your partner.

Basking in luxury and being treated like a Queen of King is a major turn on for you. You want to be the center of attention and are attracted to power and status.

Knowing your partner is a celebrity or popular person, or dressing like a celebrity may be part of the sexual attraction. You want to feel like you are among royalty when you're intimate with your partner.

You can be dramatic about your passions and may be attracted to the idea of being admired more than you are to your actual partner as a person.

#### ***Eros in 5th house***

(12andus.com:) You may have a strong desire for creativity, passion and playfulness.

You are obsessively drawn to romantic partners who lift you up and inspire you. You may also pursue romantic affairs, especially to boost your self-esteem. You can have a dramatic style of showing your love and romantic nature.

You can become aroused by playful competition and may have a desire for drama and role playing in the bedroom as well. Your desire to be admired and adored can be an infatuation. You may also have fetishes involving recording love making or creating erotic art with yourself as the main subject.

You may need to feel empowered in your erotic relationships and may have a dominant

style of passionately pursuing your love interests.

You can also be obsessed with status and power in romantic affairs that give you the image of being a celebrity or increase your popularity.

- (12andus.com:) Your entire thought process may easily become derailed during times of crisis and disruptive change.

When your life is impacted by unexpected cataclysmic events, you may have to

completely abandon everything you know. You can't move forward and find healing or release while you're hanging on to old ideas or ways of thinking.

Small decisions can have explosive ramifications for you. You may have the best of intentions when it comes to protect others but your plans or ideas may backfire easily. You may have unrealistic expectations about your mental prowess. You may think you can talk your way out of any situation.

This may be true until a time comes in which dramatic changes unleash a change in thoughts and attitudes and when this happens, there is no turning back. All you can do is try to let the breakthroughs lead you to new understanding.

Eventually, when you do come forward and fulfill your obligation by serving others, you'll find greater spiritual connection and understanding in the process.

You'll be able to balance your need to serve others and your need to respond to the crisis or catastrophe by finding greater comfort in your spiritual mission.

## **Pandora | Foolish choices & Toxic curiosity**

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

### ***Pandora in Aquarius***

(astronomicallyaligned.tumblr.com:) You are a madman in desperate search for all the answers. You want to know everything. All the secrets of the universe. All the information the stars hold. All that God knows. You want eternal life, and the universe for a mind. Galaxies spinning, supernovas exploding, shooting stars scattered all over. You want to live there. Among the heavenly stars and poets. You want to be the firmament. But if you open the box because of that, madness and irrationality will pollute the earth. People will go mad. All logic will cease to exist. Let the celestial divinity lead you. Not the other way around.

### ***Pandora in 11th house***

(astronomicallyaligned.tumblr.com:) You're curious about your hopes, wishes, friends, community, society, and groups. Maybe you'll try to lead them, but end up causing despair.

### **Nessus**

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse

patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as “The ultimate Centaur bad boy”, bearing the wounds of “greed, decadence, intimacy and sexuality”. As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on “cut the crap”. In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

### ***Nessus in Libra***

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will obsessive arguments that can go out of control. He can manipulate partner to get things his way,

preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someones Nessus falls in your 7th house then that person will show the above qualities.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

### Cupido | Partnership and Companionship

Organizations, family, social relations, clubs, corporations, many different kinds of structural partnerships. On its own, Cupido is a fairly neutral and accommodating planet, so we really need to see what else it's dancing with in a chart to get a realistic picture of how it is operating.

## Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:.) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

## Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

## Orcus | The Feminine Complementary of Pluto

(vamzzz.com:) Self-integrity issues: to what extent do we really live our life the way we dreamed it?

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for

everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

## Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

### ***Persephone***

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthfull spirit and maybe some naivite but the appearance of naivite surely.

### **Proserpina**

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we

can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

## Sisyphus

(leahwhitehorse.com:) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

## Latitude/Right Ascension (Position) (322th Harmonic)

Ordered from Aries to Pisces. Programmed in increments of 10' each, so, if two or more are in the same incement, they will be alphabetical too eachother, is only marginal tough.

Speed in °(degree)/day (eg. the Sun travels a little less than one degree in a day) and distance in Astronomical Units (AU) (which is the average distance between the Sun and Earth).

## Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(\*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.
