People born with their Sun in Aquarius and their Moon in Aries will establish their individuality by coming up with good ideas and by breaking the rules. It's normal for them to shock and to further develop anything they take an interest in.

What makes them so unconventional when it comes to science and philosophy is their willingness to play by their own rules. That's why they're the "outlaws" of the zodiac.

These natives are the warriors, the ones who are eager to start new projects, the ass-kickers and the most competitive ones. Moon Aries are emotionally satisfied only when they get to be the first at something, when the situation requires them to be fast and when they generate trouble.

A Friendly Personality - In a nutshell:

Positives: Innovative, passionate, clever;

Negatives: Rebellious, arrogant and annoying;

Perfect partner: Someone who knows to hold their ground in arguments;

Advice: Accept that not everyone is a fast-thinker like them.

Personality traits

It doesn't matter if it's about their job or sports, Aquarius Sun Aries Moon people will always move faster and will concentrate all their forces on winning.

They are good problem-solvers but a little bit difficult to live with. Who would want to deal with being told the truth in their face all the time and with getting involved in new projects all the time.

Amiable but egocentric, these natives want what's best for all. And they will fight in an honorable way for this to happen. They need to do things their way and they don't mind being the first in line.

Impulsive and fast-thinkers, they are aware of the fact that their mental capacity is above the average. But they tend to be judgmental and to have this superior air.

It's necessary they keep their smugness under control or people will start to avoid them. Interested in how things work and wanting to gain a deeper knowledge about everything, these Aquarians are honest. But they need a push when it comes to being more emotional.

The Aquarius Sun Aries Moon natives are too cold and sometimes too superficial. Not to mention they want everybody to listen to them. It's not that they don't have an accurate

type of information to transmit, because they have a clear thinking and a sound judgment, it's that they need to be interested in more than just thought.

Very sociable and interested in spending as much time as possible around people, they will be lucky enough to have been born in a good family. And this will open many doors for them.

If they would work their sociability and stop being arrogant or so sure of themselves, people will be warmer to them. Their usual ways can impede others from expressing their love.

And Aquarius Sun Aries Moon people need affection just like anyone else. It's their way of thinking and their unquestionable independence that makes them detached and not at all focused on gentleness.

Because they are stubborn and impulsive, they want people to think the way they do. It wouldn't matter how smart and tolerant they will be, the fact that they can't accept other people's opinions and that they are hasty will impede them from attaining success.

It's better for them to work alone because they are not the best team players. Nervous, restless and usually thinking ahead, they don't like it when someone can't keep up with them.

While imaginative, innovative and prudent, they aren't as intelligent as they see themselves. Individualistic is the term that characterizes them best. It can be said they're sophisticated, but when it comes to communicating their ideas, they can't make a connection with the ones who are listening.

They are too eager to talk and not at all open to listen. When coming across unawareness and bewilderment, they start to worry and to become angry. They don't believe in defensiveness, only in offensiveness but this is not the best tactic.

To win, they may need to become more relaxed, however, they can end up with more problems when they are letting things go. While they will have many things to worry about, they will continue to dream and plan.

What they have to work more on is their emotionality. Also to be more trusting. Learning diplomacy and to appreciate what people say will help them accomplish many things in life.

They are impatient, no matter if it's about love or other things. Many will think they are fools because they rush into things. If they want to achieve their big dreams, they have to be more understanding and to rush more rarely.

As far as their job goes, they would be great scientists, sociologists, inventors. Brilliance will characterize them no matter what they will do. They will look into the future and be the bosses because they're progressive and want to change things.

Not to mention how successful they will get to be when they will start appreciating others' ideas.

People with this Sun Moon combination are more intellectual rather than emotional, but they have a temper and can get angry very fast, in a terrifying way.

When feeling threatened, no one knows how to deal with them anymore. It's because they are insecure under their mask of confidence.

Love characteristics

Aquarius Sun Aries Moon lovers will always be friendly and nice. While very devoted to their other half, they will still stand aside and observe their own relationship from a distance.

This, coupled with the fact that they are independent, means they are not the most romantic or cuddly partners. But they still make the perfect lover for those who don't want someone chaotic.

It's true Aquarians can be unpredictable, but they will never be illogical or unpleasant. Under the Moon in Aries they become warriors, passionate and willing to lead an exciting life.

Their partner should never be boring or give in when they are fighting. They like it when they are being challenged because they express a lot of their feelings when having an argument.

What's great about them is that their moodiness doesn't last for too long. Also, that they don't hold grudges. Their defects emerge when they get bored and they start to become angry with their partner over the most insignificant of issues. These natives need to be stimulated more than anything else.

Aquarius Sun and Aries Moon man

If lucky enough, the Aquarius Sun Aries Moon man will be helped by his family to succeed in life. He would have been raised aware of the common sense and what he can accomplish.

He will probably be the type whose street smart without ever having to roam the streets. School probably bored him, but his grades would have still been good. In consequence, he will be very understanding with his kids.

He's not too big on being an adult anyway. What makes him different from the children are his direction and purposeful existence.

He's not the most charming man, people will find him arrogant and superficial when they'll first meet him. And he is all this, but at the same time, he's smart, passionate and clever.

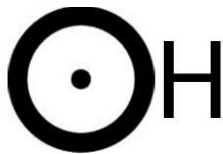

He wouldn't want to be seen as the supreme bachelor, but he surely acts like one even if married. He will always go to poker night and at races. He's very masculine and his own self.

You will never see him repairing things around the house because he's not domestic. He doesn't necessarily want a relationship. While determined and impulsive, he will still be attentive not to hurt others.

Creative, this guy will come up with innovative ideas all the time. Because he hates routine and having a tight schedule, he will probably work as a freelancer.

Spontaneous and loving to express themselves more than people in other signs or with other positions of the Sun, they're also ready to face any obstacle and can keep it together in a crisis situation.

Summary:

Strengths: Intuitive, positive and affectionate;

Challenges: Self-absorbed and indecisive;

Advice: They should be more knowledgeable of who they really are.

Very ambitious and willful

These natives want to make something of themselves and don't care too much about what others think because their goals are very clear.

The Sun in their 1st house emits an abundant energy and makes them very resistant or easy to recuperate from diseases and difficult periods in their life.

More than this, it gives them a strong sense of self, so they always feel important and work hard to become someone with great distinctions. Very optimistic and only focused on positivity, these people can inspire others to be the same.

Having all the energy of the Sun in their 1st house, natives with this placement can express themselves very clearly in matters of self-image.

They should be more knowledgeable of who they really are if they want a purposeful and meaningful life.

True forces of nature, having determination and enough confidence to succeed in life, many will want to follow them because they seem to be natural born leaders.

Not to mention how they're able to make things work and how they grab opportunities, putting themselves on the path towards success without too many efforts.

It's very likely for these individuals to become independent and highly motivated from a very young age. Enthusiastic about everything life has to offer, they're transmitting only positive energies but can be too proud and even insolent from time to time.

Their need to be in the center of attention can bother some of the people in their life. Very ambitious and willful, Sun in 1st house natives tend to overwhelm others with their strength and controlling ways.

They're conscious of what they should do for their life to take the right direction and highly intuitive, so it's normal for them to be in the middle of things all the time.

With the Sun in the house of self, these natives can very well hide their insecurities and put on a mask of absolute confidence.

The same placement of the Sun can have them obsessing over the way they look like,

but what's the most important to know about them is that they can recognize a good opportunity and know how to seize it.

The positives

Bigger than life itself, individuals having the Sun in the 1st house borrow some of the Leo's traits, being true forces of nature and very flamboyant creatures.

They usually follow their heart and are always enthusiastic about new things happening in their life. Many will get inspired by them to be more optimistic, some will find their energy overwhelming.

The more generous and supportive they'll be, the more friends they'll make and attract members of the opposite sex like magnets. These natives' main purpose in life is to always make the right impression.

With the Sun in their 1st house, self-expression and spontaneity become two of the most important things in their life. Other things are on the second place, and while they may seem selfish to others, they're actually not.

It's just their motivation and ability to lead that makes them seem this way. Everything they do and talk about makes sense and is highly meaningful, and they seem to always wait on others' feedback.

If they'd be forbidden to express themselves, their entire energy would drop because they really need to radiate and to have vibrant interactions.

Loving to take the initiative, these people would make great leaders and are truly capable to build their life just as they want it as they always know what there's to be done.

Having the contagious type of energy, they can immediately recover from illness or difficult periods in their life and still inspire others to be strong.

It's important for them to develop their determination and ego as much as possible because this is what the Sun in 1st house forces upon them.

It's not a choice that they have when it comes to this, it's more of a necessity because the Sun in this position needs to be satisfied because this planet determines how people should be in order to feel happy and accomplished.

While it's possible for Sun in 1st house natives to restrain their ego at first, they'll realize at some point what they really want.

Because they're ambitious and self-confident, they immediately attract the attention of

others and make it possible for success to easily come their way.

It's essential for them to always be enthusiastic and optimistic, and they usually are all this, without having to be encouraged.

Having their own place in life is also important because they want others' respect and appreciation.

As a matter of fact, their need for recognition is pretty strong and usually one of the traits that characterizes them the most.

The Sun's position in the first house is an advantageous one for leaders, politicians, actors and dancers as it brings a lot of charisma and capability for self-expression in public.

The aspects in which this celestial body is in their chart are essential for their health, but they're usually strong and able to immediately recuperate from both physical and psychological difficulties.

They seem pushy because they have a strong will and power to overcome obstacles, weaknesses and dark periods in their life. While not even realizing it, they have impressive surviving skills.

When it comes to their social interactions, they seem to always meet people who have the same passions and enthusiasm as themselves.

The mask their Ascendant makes them wear may be different from their Sun sign, yet this doesn't mean they will be only what their Rising dictates them to be. On the contrary, their Sun will always shine and have a strong influence over their identity.

The negatives

The Sun in the 1st house placement can also have negative effects on the natives having this structure in their birth chart, especially when this planet is in some negative aspects.

Some of the negative traits this placement can feature are an overbearing and egotistical nature, arrogance, a need to always argue and too much pride.

The natives of this placement should control their strong will and try not to be too tyrannical. Some may be too honorable for these characteristics, but most of them are advised to be more tolerant and to work on their need to be controlling.

When having problems, their psychological buildup can greatly suffer imbalances and send them at extremes in matters of ego and the interest in themselves, which can

become exaggerated.

The more introverted they are, the more they'll focus only on themselves. With the extrovert types, their self-expression will simply overwhelm and not leave place for something else.

They can also be at the extreme where they have a very low self-esteem, case in which they may develop serious problems with whom they are and their ego, not knowing how to express themselves so that others get a grasp of their personality.

While seeming perfectly confident and bold, natives having Sun in 1st house are in fact more insecure than they'd like to admit. Their equals make them feel threatened as their sense of competition is very strong.

It's suggested they improve their skills and determine who their allies are so they can take those people's advice and criticism more into consideration.

Usually highly impacted by what happened in their childhood, these natives may see conflict everywhere if their parents used to fight when they were little. They're determined to evolve from the psychological state that dominated their childhood, but the anxiety would still be there and they may feel a need to rise above any conflicting situation while at the same time being terrified of it.

They usually want to make their parents proud and to also do what makes them happy because they're loyal but still need to be themselves.

It can be confusing for them to determine whether they live to make a good contribution to their loved ones' lives or just to live the way they dream of because making concessions is sometimes a thing they simply can't adhere to.

After thinking a little bit more about this issue, they'll realize their public life and image can get better only if they manage to bring their creativity and talents into play to influence others and even to help them in some way.

Sun ☉ - Detriment in Aquarius

([871] southfloridaastrologer.com:) A restricted expression of the ego is found when the Sun is in Aquarius. Aquarius' need to think of the group's rules and needs before thinking of themselves is opposite the Sun's need to shine and express the ego.

Moon ☾ in III 3rd House

([874] i.thehoroscope.co)

Although rational, people with the Moon in the 3rd House will also take their emotions into account and prefer to forge real connections with their close ones.

The Moon is all about sensitivity and emotions, and the third House rules over communication. This way, individuals having the Moon in the 3rd House have absolutely no problem sharing what's in their heart and mind.

As a matter of fact, they may have too much openness and their emotions can sometimes be too strong. Learning how to communicate less may be their life lesson, because some people don't want to hear everything from their interlocutors.

Natives with the Moon in the third House tend to be more sentimental than their peers. These people are very attached to the places where they have been raised, so taking them where they used to live would be a good idea.

Summary:

Strengths: Curiosity, responsivity and affection;

Challenges: Nervousness and restlessness;

Advice: Try slowing down and focus more on what is said.

Keen on what the world has to offer

Moon in 3rd House people love to listen, to talk and to learn new things. They are great with new languages and at impersonating others.

There are two ways with them: they either become great intellectuals who filter everything through their mind or become too emotional. Many of them are both these things at the same time, managing to achieve a balance with age.

They can change the way they think very often because they're always taking others' opinions and make them their own. It's not that they want to copy anyone, but more that they're open to anything.

It's normal for them to be agitated and nervous, especially when spending too much time in one place. Their decisions are often based on what they're feeling and emotions, determined by what makes them feel comfortable and not by logic.

Believing rationality is the main thing that characterizes their way of thinking, they're in fact only relying on intuition and feelings. It's not a problem for them to talk about emotions and things that are personal, so people can trust them with their secrets. Not to

mention they will also confess theirs and provide the best insight anyone ever could.

When it comes to the third House, this is where planets and signs deal with the consciousness of an individual. Since the Moon is all about what's hidden and mysterious, people with Moon in 3rd House will be dreamy and aware of their own imagination.

This celestial body brings the conscious and the unconscious together, making its natives more melancholic and stuck in the past, but also deep in their way of thinking and very resourceful when it comes to ingenious ideas. For them, the world is a place that has plenty of useful information to offer.

When in the 3rd House, the Moon puts an emphasis more on the mental aspect than on the emotional one. Therefore, even if these natives are very sensitive, they still can understand a lot of the logical and intellectual data in their environment.

Their intuition is present in their learning and observational processes, but relies more on relational aspects than on other things.

Their instincts help them know what to expect from their social surroundings, and they don't mind conforming to what's around them without even thinking too much about it.

The problem here is that they may absorb too much information, and not in the empathetic way of the Moon in the 3rd House natives. Their mind seems to be continuously racing and to absorb information that isn't necessarily too useful for them or anyone else.

This is why they sometimes worry too much, being nervous about what is going to happen and what consequences their actions will have.

People having Moon in 3rd House can't simply tell their minds to just rest, so the danger of thinking too much and pointlessly is very present in their life. The good thing about all of this is that they can react very fast and solve problems more easily than others.

Their mind is always clear and can respond almost instantly to any type of stimulation. That's why it's easy for them to understand what others may be going through, especially when it comes to matters of the mind.

But they need to be constantly challenged and encouraged to talk because this is what makes them feel good. Loving to interact and to verbalize matters of the heart, they often prefer to rely on their gut rather than on facts and logical arguments.

As this house is also a ruler of movement, it's possible they will work as travel agents or guides. Because they love to accumulate information and then share it, they will make

great counselors.

Expressing their most inner thoughts comes naturally to them, so expect to hear many things about their feelings or to find out they're keeping a diary after coming back from work.

These people can make great connections between the mental and emotional realm, but they do it privately, recording all of their feelings, just as a live commentator would.

Knowledge is what feeds their soul and mind

Moon in 3rd House individuals are communicative, open and allow their emotions to rule over their thoughts. They make friends immediately and get along with anyone, because keeping in touch with others comes naturally for them.

Their need for communication is what characterizes them the most. The Moon is also related to family ties, memories and feeling things deeply. Those who have it in the 3rd House can accumulate knowledge on any type of subject without too much effort.

Many of the things they're studying can be related to the past, like history and anthropology. They need to be intellectually stimulated because knowledge is what feeds their soul and mind.

Curious and always interested in knowing more, natives with this aspect are the eternal students who seem to wish for a higher education, all the time.

They feel like they're having a strong connection with all the Universe's secrets ever since their childhood. The environment around them is always well understood and interpreted in the correct way, but they're pretty changeable when it comes to their opinions and the way they're seeing things.

Eloquent and intelligent, it can be said these natives have the greatest mind gifts of all the people with Moon in different other Houses. Besides this, their interests are many and well established, so you can ask them about anything; the answer they'll give will be correct.

There can be times when they're confused about their thoughts and feelings, so don't be surprised if there's subjectivity in their opinions or their judgment is sometimes clouded.

The Moon determines what a person feels in the most profound sense. It's about how people are the most comfortable, so it's pretty much related with what's private and doesn't get shown to others.

The talents it rules over are the most natural ones, together with the habits they feel the most relaxed with.

Communicative, these natives won't mind telling what they're feeling, no matter if they're happy or depressed.

Because the Moon is connected with the strongest emotions, this means those with it in 3rd House are always worried about what may be going on in their hearts.

Natives having Moon in 3rd House of communication are great students who love to write and exchange ideas by discussing for long hours. The same celestial body makes them changeable according to its phases, so expect them to have moods and to not keep their train of thoughts on the same route.

This means they're restless and continuously thinking about what to do or the subject they should learn about next.

Also ruling over movement, the 3rd House influences how people change their mind. It also influences how much they like to travel and how good they're feeling in the place where they have been raised. The Moon in third House people are always on the go and jumping from one idea to another.

Sometimes, the position of the Moon in this House can influence individuals to feel more secure and, in their element, when knowing more about their environment, so it's a matter of Sun sign and aspects that determines the lunar influence here.

- You like to follow tradition. Another trait of the deva-gana nakshatras is their obedience to elders, including parents, grandparents, teachers, and other authorities. Although this quality is quite uncommon in the modern age, it's a valuable trait to have. Receiving the blessings of those who have gone before us can empower us to do great things in life.
- You get into trouble. You like adventures, but your penchant for risk-taking can sometimes land you in difficult situations. Try to balance your headstrong and fearless nature by taking guidance from those with more experience than you, and don't forget to use your common sense.

Career [1]

([890] i.thehoroscope.co)

He may seem shy and reluctant in expressing his emotions but he's in fact very astute and controlled.

The Mercury in Cancer man is sensitive, emotional, not a little bit rational, and instinctual. Everything he does, he does it because he feels like it because it would satisfy a certain desire, bring about a sense of inner accomplishment.

This man seeks security, stability, happiness in life, through personal and subjective appreciations. He may tend to be very reticent and reluctant in speaking to other people or engaging in too many social activities.

In a nutshell:

Positives: Intuitive and knowledgeable;

Negatives: Vain and overly-sensitive;

Soulmate: Someone who is sociable and decisive;

Life lesson: Getting organized in a routine does him good.

Some escapist tendencies

He is romantic, very affectionate, prone to extreme bouts of emotional explosions, depression, periods of great sadness, and so on.

He is shy, reluctant to reveal his emotions, fixed on false expectations and hesitant on

demanding what's his.

However, all this emotional and intuitive energy passing through his veins has a lot of advantages as well. It makes him more knowledgeable, observant, endowing him with a keenness for details, vigilance, and faster reflexes.

He quickly figures out the critical parts of a problem and takes a firm decision as a follow-up. He knows what to do in order to make you feel secure, loved, but say something wrong and he'll take a defensive posture.

He must learn to keep himself emotionally balanced, so he must face his fears, take on challenges when they appear, and learn to take care of himself more.

Romantic and sensitive, the man born with Mercury in Cancer will take his sweet time in analyzing the options he has, making plans, taking into account the possible consequences, and, of course, overthinking.

He feels the need to free himself from any outside distraction when immersed in this activity because he may be intuitive and a fast learner, but outside influences will only slow him down.

Whenever someone disagrees with him, he views it as a direct attack on his ego, an insult that must be punished.

He does love to talk and to take part in social events, but when someone steps on his toes, the pretenses are dropped and all hell breaks loose.

Mercury ☿ in VI 6th House

([913] i.thehoroscope.co)

This placement of Mercury directs people towards making the right choices for their lives, even though this is often proved later on.

Those born with their Mercury in the sixth house of their birth chart go well beyond what other people can hope to accomplish in intellectual pursuits.

More precisely, they are incredibly versatile, analytic, and systematic in their approach, being able to make sense of incredible amounts of information in the least possible time, with the best results.

Usually, they are the brains behind the brawns, the master puppeteer behind the curtain, controlling the comings and goings of the whole play. Criticism and skepticism are two of their most important traits, but they might worry a bit too much. Hence, overthinking plays a big part in their lives as well.

Summary:

Strengths: Attentive, meticulous and hardworking;

Challenges: Dominating, negative and procrastinating;

Advice: They should be more protective of their free time.

Great judges of character

These people with Mercury in the sixth house may be endowed with critical and organizational aptitudes that greatly help them in their professional fields, but other than that, it's kind of a downside.

This is to say that they may get sidetracked and obsess for too much time on some projects, to the point that they forget about taking care of themselves.

Perhaps taking a step back and enjoying some free time will do them good. Even more so when we think that they are very sociable in general and quite good at organizing social events or parties, escapades.

Just as the other Mercury natives, these ones place a great significance on learning, studying, accumulating knowledge to be used further down the road.

The expanding of one's intellectual capacity and the breadth of wisdom, this is a goal in and of itself, one that the Mercury in 6th house natives proudly pursue.

They are very hardworking and ambitious, as they are very attentive at how they deliver the work. Nothing less than perfection is allowed, this being the way they value their work and the appreciation of other people.

Moreover, they tend to be very clean and care about health, eating naturally and keeping themselves in top shape.

When they're good, they're critical to the day-to-day operations and quite perfect in what they do.

They can look beyond what most people see, peer into the profundity of the analyzed object, see the details, learn about their structure, organize and arrange all the data, make valuable appreciations based on these details.

This attention for the small things spreads in their personal lives as well, and knowing that they care about health and hygiene, guess what happens?

That's right, they obsess about the smallest hints of sickness. Nervousness and irritation get to them faster than stress and tension from overworking.

The positives

What's good, splendid even, is that these Mercury in 6th house natives work a lot, and this is an understatement. They are literally one of the most responsible and hardworking natives of the entire zodiac.

They will never abandon or fall due to pressure, but instead, they will struggle, analyze, organize, and finally finish their assignments.

However, this takes quite a lot of time and energy which could have been used to go out, have fun, enjoy life.

Their friends miss them quite a lot. Social problems will appear, but their creative and adaptative personalities will find solutions to this as well.

Their professional expertise is based on this ability to analyze and organize data, to acquire information and knowledge in the quickest and most efficient way.

Intellectually, there can't be anyone smarter or more in-synch with their intuition and reason than these natives. It's very useful that they have a mathematical intelligence, one that creates logical connections between elements, thus making it easier to work with them.

Moreover, the Mercury in 6th house natives are very good communicators as well, able to share complex ideas with ease. However, they are much more suited in a challenging

and fast-paced environment where one has to make decisions on the fly.

Actually, the most problems that they struggle with are those coming from their own inner conflicts and inadequacies, all the packed-up unnecessary clutter and the tension.

They have to take a step back, leave everything as is, forget about work, about responsibilities and obligations, and just take some time off, relax and find some comfort in the idea that everyone needs rest from time to time.

They are good people with good hearts, smart and intelligent, ambitious and perseverant, so everything will play out just fine in the end.

The negatives

What happens is that Mercury in the 6th house natives often concentrate too hard on achieving perfection, the best results, doing everything as good as possible, and this leads to long-term unhappiness, dissatisfaction.

Sure, people do appreciate their efforts and perseverance, but when it truly comes to the matter at hand, to what it really matters, this pales in comparison to their own mental stability and fulfillment.

It might be satisfying to have their efforts validated and to be appreciated, but knowing when to stop and spend some time with family and friends is equally, if not more important.

They should learn to speak about their problems, share their griefs and sadness to people who can understand and support them.

By being so obsessed and focused on doing a perfect job, they will open themselves to emotional instability, unhappiness, depression, and massive confusion.

This doesn't only make it harder and harder to lead a healthy lifestyle but it also affects their professional productivity. They need to think about themselves as well, about all the pressure that they're shouldering, a self-made choice.

They're going to start researching how they can develop their bodies, increase their stress tolerance, learn everything they can about how the human mind works, and how to best use it.

Paranoia, incessant worrying and overthinking, hypochondria, unreasonable uncertainties and anxieties, unnecessary stressing and the freaky obsession with hygiene and cleaning.

These are the most basic problems that they will have to deal with. The 6th house

Mercury natives have a lot of working to do on themselves, to refurbish their entire inner world in order to reach a satisfactory level, to dispense with all the future problems, all the stress, and fears.

They are really selfless, generous, and kind beyond reproach, and you can't even find anything bad about them that can top this.

Moreover, this native wants to be appreciated for his efforts, to be liked and held in high regard, especially by women. He's not a womanizer at all, it's just that he likes flirting, pure and simple.

The man born with Venus in Libra could fall into a trap of his own making. He knows that he deeply desires a relationship, to feel the thrill of being loved, the sense of closeness, but this could turn into something bad. How could it ever reach that level?

Well, he could try so desperately to get a girlfriend that he may ignore his feelings. In other words, it might not be love that he commits to a relationship, but desperation, need, the urge to feel loved and appreciated.

He should be patient and wait for the perfect person for him because she's out there, just waiting for him to find her.

All the individuals having this position of the war planet get themselves into trouble, because they like to take risks and are very impatient, fast and not at all considerate. But all in all, they always live in the present and need to concentrate their energy on something constructive.

These people can stand tall next to their own beliefs and will make others feel confident. Many see them as very brave, spiritual and enthusiastic.

Being too rushed and not listening will put them in the dark because they won't know how to approach people or what their loved ones feel about certain things.

They should avoid being seen as bullies as this can't bring any good into their life.

Many will love to be provoked by them because they can really make things more exciting. Spontaneous and eager to start new projects, they're passionate and don't usually follow through what they have started.

All of them are stubborn, impulsive and not at all attentive to what others feel. However, their independence, dynamism and masculine aura will make them likable.

Because they're always speaking their mind and are honest, it's possible for many of their loved ones to feel hurt by their words.

Without even realizing, they get themselves into trouble when feeling bored. Their energy needs to be invested in something constructive, or they'll get to do nasty things and hurt people.

Domineering, free-spirited and stubborn, these natives are able to immediately recuperate after disease or hard times.

From an astronomical point of view, the 1st House is the 12th region of the sky in the East, the host of planets before the Sun comes up. When it comes to astrology, this is all about the childhood, the self and what a person needs to evolve.

It deals with the mask people are wearing for the public and the way they project themselves in the society. It has influences over the self-image, physicality and the appearance of a person.

The way individuals see the world is clearly represented through the elements in this House, together with the first impressions others make of them.

Saturn ♄ in ♌ Leo man 23° 11'

([1021] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

Those born with Saturn in Leo are tomorrow's leaders, with enough confidence and willpower to rule an entire country toward a brilliant future.

Organized, with a systematic mindset, and with an unrelenting attitude, these natives have what it takes to accomplish all their dreams in this life. They will advance on the social ladder straight from the beginning, leaving people fascinated with their kingly aura, dignified demeanor, and sheer productivity.

Emotionally, however, they aren't doing so well, in that they can't find a good way to express themselves. Others might misunderstand them completely because they have a pretty pragmatic approach to love. If the partner is satisfied, then that's all that matters, and they sometimes omit the emotional part altogether.

In a nutshell:

Style: Respectable and successful;

Top qualities: Astute, powerful and creative;

Challenges: Too controlling and stubborn;

Advice: Keep your friends close and your enemies even closer.

Personality traits

On the one hand, this native needs to know that their efforts are appreciated and recognized for their worth. In this sense, they don't make a difference between friends, loved ones, or even their partner.

However, Saturn Leos could sabotage themselves at the same time, by underestimating their abilities, making it seem like it's insufficient.

Even though this individual may be very determined to never give up, he will have to face overwhelming odds that keep on piling up against him.

To successfully beat everything into submission, the Saturn Leo will need to make a good use of their imagination, strong willpower, and the insidious ego that only a Leo possesses.

These challenges will appear everywhere, from a sudden reversal in leadership at work, to a harsh argument with the partner at home, and they need to get over all of these things if they are to survive and thrive.

In more serious circumstances, where the Saturnian Leo must act with utmost responsibility, he will take on the mantle of a heroic commander, leading those under him toward a splendid victory.

Everyone listens to their orders and respects them because they know how to impose a certain discipline amid their followers. However, such is the case that they may forget to put aside the sword and shield, always in a combative mode, lacking in any emotional and loving tendencies.

Saturn is the prime factor of this situation because it enforces certain limitations, the establishment of barriers for all individuals. Even though they have a beneficial effect in general, giving them the necessary guidance to reach their goals, there are also some downsides like the lack of any romantic flair.

Restrained and rigid, they crave to roam free, uninhibited by anything, just like a lion prowls and stalks its prey across the vast savannah.

There is some romance left

Natives born at a time when Saturn transited Leo, will have a very straightforward attitude towards those they love, in that they will never pretend or deceive themselves.

If they want to say something, they will say it. If they feel like being a romantic lover who cooks dinner in the evening, they will do that without a hesitation.

All in all, they put in a lot of effort in order to protect and make their partner happy. In return, they expect quite a lot, at least the same kind of affection and attention they've shown.

As far as relationships go, they tend to exaggerate and become jealous pretty quickly, even though they don't have a reason for this most of the times. This is caused by their need to keep their emotional stability intact.

However, this may not always be the case, as their partner might not have the same willful attitude to express these feelings at the same intensity. Or they may be different altogether, a little introverted, or uncertain of the exact way that feelings should be expressed. Or perhaps they have high expectations.

The main problem appears when they start to feel unappreciated, and they have to find someone who understands them completely in order to solve their apparent unhappiness.

The good and the bad

Saturnian Leos have what it takes professionally, in that they never relax until they have fully completed their work. In this sense, anything is a go if it means that the result will be a tiny bit better.

Moreover, because anyone needs some time off now and then, there are periods of time when they don't want to hear about anything having to do with work.

If they manage to uphold this tradition constantly, with outside help, of course, then there won't be any problems with stress and pressure. Unfortunately, they rarely allow themselves a moment of respite, because a good commanding aura can only be achieved through self-control and discipline.

They will want to fully express all their creative potential in some way and finding such an outlet will occupy a big portion of their lives.

With great talents in this sphere, they can really put behind the warrior's mantle and take on the artist's painting brush, or the writer's pen, if only they overcome their innate shyness. Socially, they are one of the most daring individuals, but with those inner desires, it's a bit hard.

What creates some awkward and complicated situations is their rigidity in thinking, the lack of flexibility when it comes to working in a team.

Natural born leaders, they will try to enforce certain working patterns and rules, even in other aspects of their lives. Finding a way to let loose the pressure would be ideal.

The Saturn in Leo man

First and foremost, a Saturnian Leo man will never break his word, and whatever he says is as good as gold because he has a code of conduct that he follows, and also because it would be demeaning to not uphold his principles.

Prideful and egocentric, they keep on a straight line, one that follows their exact coordinates, never straying from them.

Secondly, he is a very attractive man whom you'll drool over at a first sight. Sex appeal: check, seductive and lascivious approach: check, daringness and confidence fit for a dominative partner: check.

There are plenty of reasons to believe that he will offer you a very special night, one to remember over time. It's essential to remember that he needs validation, some form of appreciation, of acknowledgment of his efforts.

Saturn makes him exceptionally manly, mysterious, intriguing even because besides being hot and sexy, he is also very knowledgeable and loyal. Definitely a keeper, if it comes to saying it.

Challenges: Nasty, shy and judgmental;

Advice: They need to stop looking for other's validation.

Often looking for some kind of validation

Marriage and any other type of partnerships are among the areas influenced by the 7th house, which means this structure determines how people feel about both their closed ones and enemies.

Opposing the first house, the 7th is all about the energies natives project onto other individuals, and also about what they're looking for in a relationship.

It can be seen as the ruler of the feelings people want to get back from the ones that they love the most. It's related to Libra and its ruling planet Venus, which governs over love and kindness.

Saturn in 7th house people can be many things because this planet influences them in many directions, as a result of the energy it resonates.

They could be the type who only has a few meaningful relationships because the responsibility that comes with being involved overwhelms them.

It's also possible they may find it difficult to form connections with others, which can keep them as far away as possible from any kind of attachment.

They shouldn't let all these things rule their life and keep an eye on their predilections.

Taking relationships seriously and being responsible of another person can turn them into great partners if they just make an effort. Not to mention many would be very happy to be a part of their life.

This is the house where Libra resides and which rules over marriages, enemies, friendships, business partnerships and romantic encounters.

It can be difficult for these people to find love, but at least Saturn influences them to be committed and never easygoing in matters of love.

They will question the way they care about their other half and feel inadequate for a relationship, but at least they'd never cheat.

When it comes to their social life, they're anxious and not at all themselves in the company of people. It's like they're always building up walls between themselves and others, deciding what to do about their relationships according to an irrational type of fear they have and never trusting the ones they love the most.

Individuals having Saturn in 7th house are always looking for the validation of their commitments and want a partner who's practical, stable or very calm.

That's why they may marry someone older and with a good social position, sometimes after their thirties. The orb of Saturn when it comes to relationships here suggests they may go through some desperate situations in which their partners are being abusive or not at all in love with them.

When it comes to work, they'd do a great job as politicians, business people, lawyers and brokers. They will connect with others just to repress the fact that they're feeling inadequate or inferior.

The cosmic alignment may force them to repeat the same mistakes until learning the most important life lessons and to always have a feeling of emptiness.

That's why they want someone who can deal with their inner life and at the same time dream of solitude.

They will probably have failed marriages until Saturn will do its first return, which is around their thirties. They're attracted to fixed and Earth signs and can encounter delays when it comes to love. These people will most likely be alone and feel like there's no one out there who can be called their other half, for a very long period of time.

The goods and the bads

Saturn is the bully of all planets, the one who always comes with nasty obstacles and makes people think they can't make it in life.

When in the 7th house of partnerships, legal matters and marriage, it influences natives with this placement to get married later in life or even to never experience a serious relationship until their thirties.

They may be the type that marries for money and is later on haunted by this decision, only to decide at some point to end the relationship.

If Saturn in the 7th house is in good aspects, people who have this in their chart may become motivated to turn into responsible individuals as soon as married.

The same planet can also influence them to choose the wrong relationships and to be inhibited, stressing over things that others wouldn't even think of.

They will feel paralyzed when things become too intense or close to completion, so the solution for them is to develop strong connections in which others are willing to help them when feeling this way.

Some of the people with the Saturn in 7th house placement are too shy to just sit and have an one-on-one talk. They're also too reserved to make a new friend or to start a relationship because Saturn asks them for patience and wisdom.

If this planet would oppose some other that are related to personal issues, the natives of this opposition would have to face many obstacles when it comes to the way they interact with others.

Saturn is about going over the line and learning some lessons the hard way. It influences people to test their ground before romances and to not want something too “normal” because they’re looking for originality and what’s real, not in any way abstract.

It can be said this planet makes people wiser when it comes to love. All the natives having Saturn in 7th house are good at mitigating conflicts and know the difference between what’s right and what’s wrong.

They think justice is the most important thing in the world and are able to see both sides of a situation or the compromise that should be made when two people are arguing.

These natives are looking to bring peace and balance because Saturn keeps them in the right mindset. Their relationships will always be harmonious and stable, and they’ll have partners who trust their sense of justice and the decisions they make.

The 7th house dictates how people get along with their public, while Saturn determines their level of commitment and responses, be it about emotions or just curiosity.

The public opinions of Saturn in 7th house individuals are strongly influenced by this planet, making them able to deal with their fear of speaking in public and always telling the truth.

They wouldn’t get married with someone who doesn’t match their personality and their love would be a lot about loyalty.

They should, however, realize there isn’t such thing as a perfect relationship and rely more on the person who can help them be a better version of themselves.

Saturn may influence them to feel burdened about making a partnership working and at the same time too shy to get close to a person they like.

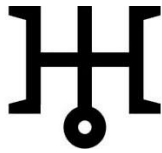

These people should know what give-and-take is and also how any union should be built, while allowing their other half to carry the responsibility of making things work, with their help.

Taking love seriously, they should believe in collaboration and enjoy their lover’s company. It’s also suggested that they rely more on feeling than on logic when choosing someone because happiness can only be attained by involving emotions.

Uranus ♅ in ♏ Scorpio man 0° 1'

([1048] i.thehoroscope.co)

Those born with Uranus in Scorpio are a force of change that no one's ever seen before. They are here to literally transform the world, throw out the age-old traditions and irrational beliefs, while bringing in a new approach to life, one of modern science.

They are good at uncovering the mysteries lying all around us using unconventional methods. Most importantly, they will revolutionize the way we socialize with one another, how we perceive social relationships and the reactions of people to one another.

Psychologically, they are Freud's descendants walking on Earth. A new understanding of the self becomes entirely possible through their action.

In a nutshell:

Style: Passionate and resourceful;

Top qualities: Intuitive, loyal and affectionate;

Challenges: Manipulative and easily changeable;

Advice: Move away from the idea you can control people.

Personality traits

The Uranus Scorpio is one of the most determined and gritty individuals of the zodiac. They will fight for their ideals until the end, against any odds and will overcome any challenges.

Perseverant and innovative in thinking, they come up with brilliant ideas that offer them great opportunities, solutions to problems, but also possess some degree of risk involved.

They may have to take some leaps of faith, and sometimes, they end up in shambles after a near-miss, with some wounds to take care off. However, the spirit is endless and immutable. Nothing can hope to diminish its fierce intensity.

With the Scorpio zodiac sign being a very energetic and enthusiastic native, to begin with, Uranus' influence coming up to spice things up, bringing in the sense of revolt and revolution, you can imagine what we're dealing with there.

These people are one of those who'll build the bridge to the skies, crack open the dome of ignorance and tradition that we're wallowing under.

Their emotional intensity is simmering down within, never let out into the open, but it's like a volcano building up momentum until it finally releases all that pent-up aggression. They must learn to focus on one singular goal in order to work things out.

The Uranus Scorpions feel the urge to be in control, to dominate the situation, to have the last word. Because of this need, they often find themselves in situations that put their skills to the test, the challenges being of an extreme intensity, the competitors also intense and fierce.

With their ideas being supported by their firm resolve and boldness to counter the ever-growing social conformity, they won't subdue themselves to society and its regulations.

They will fight against greater control by others and show no hesitation when they must put their plan into action.

A complicated lover

The romantic relationships of Uranus in Scorpio people seem to never resist, because of their unrestrained and overly-enthusiastic behavior.

They can't seem to keep themselves attentive for too long or will tire out the partner with their hyper-energetic attitude. From a friend, they could end up in a relationship just as quickly as they could abandon it altogether in a matter of hours.

They are very unpredictable individuals, albeit extremely passionate as well when it's worth it. They won't stay cooped up in a cage for the rest of their lives, and if their freedom is inhibited, that's it!

They are afraid of those negative feelings that appear in a relationship, the jealousy, the sense of possessiveness, and so on.

On the one hand, their passionate sexual impulses may ruin their relationship altogether because they are often exaggerated, and they have to do it in secret.

For a partner who can't take this sort of behavior, and who wants to be treated tenderly, it's a killjoy, an immediate sign that things are not going to work.

However, with this much passion in the works, and with how imaginative they are overall, sex is going to be a very intense and pleasing experience for both of them.

The Uranus Scorpio is ingenious and innovative, and they like to discover the true pleasure points of a human, the absolute limit that you can feel pleasure, the paroxysm of satisfaction.

The good and the bad

The Uranus Scorpions are very determined and ambitious once they have started a project. They will not stop until either they've successfully completed it or have found it impossible to continue.

Moreover, if they could just let go of their anxieties and irrational fears, they could touch upon their potential much easier, at a greater intensity than normal.

And if they were to put their trust more in their friends, all the extra pressure hanging on their shoulders would disappear, granting them more leeway to watch out for themselves.

Because they put so much effort into everything they do, they also expect people to appreciate them for what they're doing. And if that doesn't happen, moreover, if people start criticizing or mocking them, all hell's going to break loose.

They won't soon forget this insult because they had given it their all to impress everyone, to take the projection to a definite completion.

That's how they do things, all or nothing, they lead the general efforts and coalesce them to create the best result. If those efforts can't be appreciated, one will retaliate in due time, with a swift act of revenge.

The Uranus in Scorpio man

For this man, what he feels is what he'll be doing, no matter what everyone else says. His emotions are the most important thing around here, besides his creative impetus which seems to be endless.

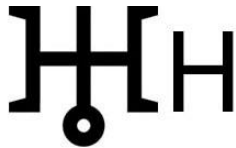

Uranus never sleeps and always watches over the world, waiting for the right moment to bring about the smoke of war, the smell of conflict, with the ashes of defeat or victory floating about.

There is bound to be a revolution when the natives influenced by this planet walk the

Earth. Either through science or occultism, he will bring about a new era.

It may not be today, it may not be tomorrow, and it may not even be evident to all, but it's going to happen at some point.

Uranus ♅ in X 10th House

([1062] i.thehoroscope.co)

This placement of Uranus may encourage some tense situations and for people to not always react appropriately when dealing with others' authority.

They need a profession that gives them freedom and also allows them to express themselves in a creative way. They really don't care about their place in society, so you won't see them fighting for a good position at work.

Because the 10th house rules also over career, the planets placed here show what the natives would like to do for a living. With Uranus here, these people may be interested in technology and science because these domains give them the opportunity to come up with good ideas and to work in teams.

It's possible for them to discover they have many talents later in their life, so a change of career is normal in their professional ascendancy, around their 40s.

They will realize, at some point, that what they decide in their personal life influences their professional one in a great manner.

Opportunity for them to become famous for their unconventional approaches is also very likely to appear.

Uranus in 10th house people will always look to express themselves freely and to bring their original ideas into discussion.

That's why they will join different organizations that will probably be related to technology, science, the occult and even New Age practices.

They will have many things happening for them at work because they will probably move homes all the time and get advanced when they least expect it.

Everything they do in life is usually centered around personal freedom and overcoming limits. That's why they're the most independent, chaotic and strange people in the zodiac.

They may have problems when dealing with the government and even their bosses because their life is always changing and unusual things seem to happen to them. Anything traditional will be completely eliminated from their life.

With this position, natives have a tendency to recognize the soul is above the individual when it comes to spirituality and life in general, so they won't seek professional recognition and to have a good position in the society.

Many of them will decide to not get hired and become freelancers or get a job where they won't have to deal so much with figures of authority.

It's possible they'll be considered the pioneers in what they might be doing and even get rejected by those who are conventional.

There is also the possibility that one of their parents, usually the one who brought more money in the house, has had many Uranus influences in his or her chart.

They probably dealt with a parent who used to travel a lot, to be unusual and to have a job in the fields of astrology, technology or science.

Since the axis of the 10th and 4th houses is all about conditioning natives, this parent of theirs may have been considered strange by others. They probably experienced weird parenting, which can be determined more in detail after studying the position of the Moon and Saturn in their chart.

Since the 10th house is also the one of the dominant parent, they may have had a mother or father who raised them differently. They most likely observed one of their parents being different than others and copied all this in order to become the same as adults.

This planet is also about the unexpected, so when placed in the 10th house, it can suddenly bring publicity to the natives of this placement because they have either done something or said what others didn't have the courage to.

They will appear in the news even if they don't want to. Their personal and professional lives can seem very interesting to others and many won't believe what they can do.

In the situation in which Uranus is in bad aspects, all this publicity can bring many problems to the natives. They may feel that everyone is making fun of them and that what they got to be known for is in fact a scandal.

Being in the center of attention is not in their interest in any way, so they will want to escape such a situation as fast as possible. However, they don't care about what others think of them, so everything will pass very fast.

Uranus is known for being unusual and for bringing sudden changes. When in the 10th house, it changes careers but also influences natives to have success as they seem to come up with innovative ideas when others wouldn't even know what to do anymore with a project.

It looks like their mind is constantly thinking of something that's unusual and out of the box. Because they hate dealing with authority, they won't be the boss' pet, so their advancement at work will come later or probably never.

This is one of the reasons why many of them have their own businesses that make clients happy through originality and shocking suggestions or offers.

Because Uranus in 10th house people are good with technology and know how to create a plan, their success can easily have something to do with the Internet world.

Blessings

Since the 10th house is about social status, Uranus here opposes all this and encourages natives of this placement to not care about it.

They will be more interested in creativity and stimulating their own imagination or the one of others. These people love working with technologies and bringing up their own ideas to life in order to make things work faster and better.

For them, it's all about challenges, not about being promoted. Therefore, they're not competitive and their colleagues love them for this.

When Uranus in the 10th house is feeling comfortable, they will know their purpose in life, which will be making the world a better place.

Many designers, painters and even activists have Uranus in 10th house feeling comfortable. These people really have the touch of genius and can implement concepts that are both practical and original. As said before, one of their parents influences them to be this way and they have seen at home how to express themselves and to be innovative.

Uranus in 10th house individuals want their ideas and results to bring meaning in other people's lives, so they won't mind working towards improving things for the humanity.

But they'll want a life of their own, so they'll build a family even if they may not be the most conventional parents. Obviously, they will inspire their children to be original themselves and to stand out from the crowd.

Many will question the way they're raising their little ones, but they will always come up with a good explanation for why they may be doing things strangely.

Challenges

Uranus in 10th house people are hard-working, no matter if it's about their job or personal life. After spending too much time at the workplace, they will get bored and eventually decide to leave.

It's difficult for them to deal with authority figures, so they'll constantly fight with their bosses and after come up with a great idea or solution for the project they're working on.

If Uranus happens to be in a challenged position in the 10th house, they will have some unconscious and traumatic memories relating to their past lives and childhood.

These memories will be about their parents, precisely their father, or about not knowing what direction to take in life. They may have even lost someone they were really looking up to, so their memory of being devastated would still be in their mind.

It's possible they've been humiliated due to the fact that they can't live by the rules imposed by the society and even lost their good reputation.

These unconscious memories can impede them from being successful or getting recognized for their talents.

The psyche can be highly impressed by the unconscious, so talking with a counselor or

an astrologer will help them find their destiny in this life cycle.

Of course, there are many other reasons for which they can't sometimes hold on to a job. For example, they easily get bored and don't like feeling confined. However, there are many unusual jobs for them out there, so they should find something to their liking.

Neptune ♆ in ♐ Sagittarius man 22° 7'

([1073] i.thehoroscope.co)

The position of Neptune in your natal chart reveals how intuitive and dreamy you are and whether your life takes any spiritual turn.

Those born with Neptune in Sagittarius are regarded as free-spirited people who roam about without a care in the world, the uninhibited hippies who take you for the ride of your life, the sociable adrenaline junkies, the open-minded exhibitionists, and so on.

Their flexible and adaptable personality entertains a lot of potential and possibilities, without the need to look down on certain opportunities, simply because they don't comply with certain social standards.

Even more, they are very tolerant of other people and events that some may find as libertine or outrageous.

In a nutshell:

Style: Exploring and demonstrative;
Top qualities: Mysterious, adventurous, revealing;
Challenges: Personal struggles and indecisiveness;
Advice: Sometimes you are completely tactless.

Personality traits

Through all the adventures across they take part in life, you may find that what impresses them is when they get to experience a true spiritual revival, an inner epiphany, the expansion of their perspectives.

Obviously, they are very open-minded to any sort of religious or obscure experience, philosophical debates, strange and awkward trips in places unknown to man.

Idealistic as they are, they may fail to see the flaws of the real world, the things that make it imperfect.

The native born when Neptune transited Sagittarius is prone to falling into desperation, with anxiety attacks included, for no other reason than their pessimistic tendencies.

They focus too much on their problems, on the possible catastrophe that could befall them if a solution, most likely to an imaginary problem, isn't found.

It would be a good idea to instead concentrate on their visionary skills, on the dreams they nurture, on the desires they want to accomplish.

Quite possibly the reason for this downfall into the abyss is their idealistic gut instinct that seeks nothing but perfection.

When it doesn't find it, it starts blowing things out of proportion. Then, it starts diminishing the value and significance of everything else.

To put things into perspective, the worst situation that they tend to get themselves into is a bad decision made in a relationship.

When they suspect that something is wrong with the partner, they start overthinking, focus only on what the other thinks or does. But what they omit to do is look upon themselves as well, maybe that's where the problem started in the first place.

It's good that they want to solve these issues, but they should do so with all their faculties, with reason, emotions, not just their intuition.

They might find it a bit hard to find the spiritual fulfillment that they crave for so much because the world is not made only of sweet candies and honey.

Their adventures and uplifting experiences may contribute greatly to that sense of enlightenment, but let's not forget that there are also demeaning, rough situations that do the opposite.

Unfortunate accidents, disappointments in love or other life misfortunes, they have to learn to accept them, move on, and not abandon all hope. Shinier days are ahead, and with their great potential and visionary skills, it will be a brilliant future.

The Neptunian Sagittarius may be very flexible, spirited, and brimming with intense energy, but that doesn't mean that they can take on too many disappointments.

And where do most disappointments come from? Their unreal expectations, that's where. They believe that their effort should clearly be enough to reach the desired effect,

but when that doesn't happen, then what? The world is not just black and white, success or failure, it's filled with all kinds of shades.

The positives

One of the best things about the native with Neptune in Sagittarius is their unending energy and overflowing enthusiasm about the smallest of things. Whatever gets them going is sure to be most interesting and intriguing, for them at least.

Highly competitive and an adrenaline-seeker, they expect to leave out in a couple of days to explore the world, searching for the next big thing.

And guess what? Do they make a plan, pick out a place to stay, map out the routes they want to take? No way, that only takes out most of the fun.

Being spontaneous and discovering everything as they go is much more entertaining. Moreover, these experiences will also act as a source of inspiration for them, in that they will notice the multitude of possibilities, the diversity of life ahead of them. There are never only two choices, but much more.

A curiosity about the world and its intricacies that no one else possesses, a sense of communication and empathy present nowhere else, these are the traits of this native, what makes them truly special.

The negatives

The Neptunian Sagittarius can get very excited about something, and this may lead to a forgetfulness no one has ever seen before. They focus solely on that and forget about everything else.

If an intriguing subject comes along in a discussion, there's no turning back. You have to prepare yourself for one hell of a debate with counter-arguments, philosophical ideas, and a cheering applause for when they win out.

The thing is, they could even start imposing their perspectives on you if they firmly believe they are right. They don't do it out of egocentrism though, or even consciously, but they are too passionate about it all to care about offending or even hurting others, even their closest.

The Neptune in Sagittarius man

The man born under Neptune in Sagittarius is a highly romantic individual who dreams of the perfect relationship, one sprinkled with rose petals, shined upon by the moonlight, one of mutual support and affection.

These idealistic desires must find their way into reality, and sometimes, these ways are not the most practical ones. They must strive to find the methods that are most likely to

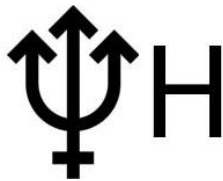

be applicable in the real world.

Want to know why a Neptunian Sagittarius man is the perfect choice for a lover?
Because life never gets boring when you have him next to you.

He'll either take you on exciting adventures together, invite you to a match of rollerblading or bring his friends around to brighten up the mood.

Let's say nothing more about the things he's going to do to you in bed. Your sexual life will experience quite a leap in quality.

Neptune ♆ in XI 11th House

([1087] i.thehoroscope.co)

This placement of Neptune makes people crave being surrounded by friends and to establish spiritual connections with others involved in different groups.

Neptune in eleventh house people are very hopeful, dreamy and friendly. It's easy for them to get together with others and usually have a large social circle formed from all kind of individuals who are somehow strange and unconventional.

These natives are the rebels and conspirators of the zodiac, the people who plan for long-term and rely a lot on their intuition. If they want to see their dreams coming true, it's important for them to develop good strategies.

Summary:

Strengths: Intuitive, talented and sensual;

Challenges: Distracted, lazy and conceited;

Advice: They should take more time for their passions.

A tolerant personality

Very idealistic, flexible and compassionate, natives having Neptune in 11th house expect a lot from their friends and don't mind dealing with other people's weirdness.

However, they should be careful not to be taken advantage of. They are sometimes so giving and tolerant that many of their friends are looking to deceive them, so they should be careful with whom they're spending their time with.

It can be hard for these people to set up some boundaries regarding how much they're giving as they want to always keep the peace by offering generosity.

They can also believe it's hard for them to be aware of their own dreams and goals, so when not knowing what to do in life, they get to become very unhappy.

As soon as they've reached at least one of their goals, they can end up thinking it's not what they wanted or the opposite, that they need more of that thing.

They're the type who has to be surrounded by friends and to establish spiritual connections with others involved in different groups in which philosophy is often discussed.

The fact that they have too high ideals is not in any way to their advantage because they're often feeling disappointed, especially when seeing their expectations can't be met.

Sensitive and faithful, they will always be attracted to art and get surrounded by people who are considered unusual. Sympathetic and compassionate, they want to help anyone without expecting something in return.

They should be careful not to give themselves to those who don't deserve it and at the same time be clear with what they want others to do because would not generate any confusion or chaos.

Neptune in 11th house natives have vision and want to be of help with whatever they can. As a matter of fact, this placement is the one of the dreamers, of people who imagine a perfect society and peace all over the world.

They have the need to inspire others to become better, especially when they happen to be active members of a community. It's not unusual for them to work for charities and to help those whose rights were stolen or don't have enough money.

Furthermore, they have a great interest in everything that's mystical, out of this world, or deals with New Age healing techniques.

The same Neptune in 11th house placement suggests they have talent with music, design and usually everything related to art. Wherever there's a cause to join, you can count on them to be there and to give a hand.

It's not surprising to see them giving flyers away down the street and to talk about raising awareness on the subject of animals' rights. It's their dream to see this world at peace and everyone living in harmony.

Most of them are great with the arts and can express their love by making beautiful music, taking photos, knitting clothes and doing all kind of different other things.

There's nothing to make their soul happy more than art. Even a morbid and darker approach seems to be to their liking because they can study and admire it from a different perspective.

Neptune influences them to be passionate about the supernatural and to study progressive science or anything related to the psychic abilities of people.

Very worried about how they're evolving from a spiritual point of view, they're always looking to share their vision about religion and philosophy.

People with Neptune in the 11th house need to set some boundaries with when it comes to their involvement in the collective.

They can make many friends who are as religious and passionate about the mystical as them, but it's also possible for them to get deceived because they're too giving.

They think the entire society needs to be safe and are always unsatisfied with how things are working in the world. It's essential for them to not put their faith in something that can't get done and sounds unrealistic.

With Neptune being dreamy, it can be difficult for people having it in the 11th house to get in touch with what they want the most from life.

This planet gets them to be confused, so they'll never know for real what makes them happy.

Always attracting unusual and caring people, they can choose the right groups to join, but they need to be careful with how much they're giving to others. It's very common for these people to feel used as a result of them being too generous.

Very ambitious and idealistic, it's normal for them to often get disappointed and to realize their goals weren't so well anchored in reality. It's suggested they think more of doable things rather than off perfection.

Neptune in eleventh house individuals will always have mystery surrounding them because this planet rules over illusion. The sign in which it's located is also important, together with the aspects from other planets.

How the life of people with this placement will be is determined by all these things.

Since Neptune is also the planet of alcohol and substances, the natives having it in the 11th house tend to get together with people who are alcoholics or drug addicts.

They should be careful not to get influenced by such personalities because Neptune in difficult aspects with Mars or other malefic planets indicates it's possible for them to get addicted to all kind of substances as well.

They may want to function as a whole organism with the people in their life, and when in large groups they simply unify and dissolve with the crowd, but they need to know those individuals with whom they're interacting have only good intentions.

There are also situations when more negative characters are influencing the group in a bad way, so they should pay a lot of attention to each and every person they meet.

While they may idolize their friends and put their family members on a pedestal, they should always be honest and speak their mind, no matter how much they'd be hurting people.

Many individuals wear masks, so Neptune in 11th house people shouldn't just accept this.

There's also the possibility to get together with those who are very spiritual, especially when Neptune is in good aspects. In this situation, they'll collaborate with others to expand what their conscious knows and to develop their spirituality.

They may find such people in humanitarian groups who advocate altruism and generosity. It may seem no one is more talented at music than at any other art form than they are, so it's very likely they'll at least do something in this direction, as a hobby.

The goods and the bads

Neptune in 11th house individuals have to see things clearly and people for who these actually are because they tend to observe only what they want. These natives expect only goodness in their life, so they never stop to judge or to gossip.

Many will know them as extravagant and witty, so they'll be liked by the public, no matter where they may be going.

Wanting to join groups of people with the same interests as them, they should focus more on this rather than on having perfect relationships.

It's common for them to look for extra meaning in things that are already determined and purposeful and profound.

Neptune in 11th house natives should be careful and not expect too much from life

because this way, they'll never get to experience smaller things as they come and to become enlightened.

The path towards illumination should start with baby-steps because enlightenment is only possible through experience of life.

Because they want ideal relationships with their friends and lovers, they may feel like what they desire can't be achieved.

Their closed ones will be pressured to live up to their high expectations, which can also mean frustration. With all this being said, it's easy to understand why natives having Neptune in 11th house are often disappointed in life.

Neptune ♃ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) These people may be confused inwardly as to whether they are "virtuous" or not. Persistently seek to help others, whether their help is wanted or not. They are more susceptible and more easily taken in by others.

[920] cafeastrology.com:) Might tend to hide their vulnerabilities, their spiritual side, or their compassion, as they feel somewhat uncomfortable expressing them. These things can very well exist, and they run deep, but Neptune retrograde natives prefer to keep these things private. Deep faith can be missing, so that these people might be naturally mistrustful. When they are left to fill in the blanks, they might expect the worst. There can be a big fear of dreaming too big dreams, as they are afraid of being let down.

Pluto ♇ in ♋ Cancer man 7° 56'

([1092] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Cancer in their natal chart will have to learn, from an early age, to cooperate with other people in order to properly make use of their full potential. If they will just stay cooped up in a prison of their own making, they'll only make things worse, and even reach a state of depression and great sadness.

It is very hard to give up their own personal security and emotional stability in this regard, but it's a necessary thing to do, if this means the better for everyone. Pluto brings great risks, but also incredible opportunities.

In a nutshell:

Style: Instinctual and protective;

Top qualities: Stable, generous and caring;

Challenges: Pessimistic and worrisome;

Advice: Transformation only comes when abandoning comfort zone.

Personality traits

These natives are very emotional individuals who put a lot of importance on their gut feelings, on what their intuition tells them.

While it works for most of the times, offering impeccable information pertaining to a lot of situations, it's still not a one-shot technique that works every time. They can still fail horrendously, and it's not exactly pleasant.

They care about their friends and family in a more profound sense than most of us, searching for an ultimate communion of the souls, for security and stability. Nothing is more comfortable and fulfilling than having a place to call home.

To such one-sided individuals who only want stability and a homely environment steeped in routine, change is evil, in whatever form it may come. They have to eventually get used to seeing the world change around them, and they should also realize that nothing stays the same for too long.

Change is natural, and not only that, it's welcomed and a sign that evolution is underway. Of course, no one guarantees that everything will lead to beneficial situations, and there might be problems further down the road, but that's nothing surprising.

This is how life works, and they need to get used to this. Their close ones will offer support, while they use those Plutonian emotions and instincts to patch themselves up.

The good and the bad

What's good about these natives is that they take good care of their loved ones. Loving, affectionate, loyal, and devoted to the bitter end, nothing stops them from creating a safe environment for their dearest.

Even though Pluto instills them with deep emotions, thus putting some vulnerabilities in there, they try not to show that they are weak sometimes. Taking control of the situation is the best choice they have, this being their motto all along.

Plutonian Cancer natives are very vulnerable to change, that much has been covered,

and the only way to salvage this situation, to make the best of what they have, is to gain control. In what sense? In every sense, even manipulating and deceiving people to agree with them counts as being in control.

If the alternative is to fall into a pit of desperation, they won't hesitate for too long, and just go ahead with what comes as natural to them no matter how blameworthy this might sound to others.

They aren't malevolent in this respect, but they do it out of necessity. If they didn't, their emotions could potentially be blasted to smithereens.

Pluto in Cancer in love

The last time Pluto transited Cancer, social norm dictated the gender discussions and debates. A period of great changes and new perspectives on love matters, these natives began to look at marriage as something more than just a social contract. They began to see it as a form of spiritual bonding, a manifestation of the love between both partners, women especially having this viewpoint.

This is why, based on this heritage, the Plutonian Cancer is a native who believe in equality and in offering equal status to the man and the woman, in love matters.

This native may care more about stability and security and less about whirlwind romance, even at an early age. But this is not to say that they are not prone to falling in temptation, they are human after all and a bit of excitement won't break them.

Having a family comes as a bit responsibility so the Plutonian Cancer will think more than twice before committing, perhaps will even postpone this step for later in life, despite finding the one and despite, this hesitance of theirs, actually threatening the relationship.

The Pluto in Cancer man

This is a man with varied beliefs who will not really talk freely about them, unless provoked. He is a great storyteller, so a great social companion but can also be rather blunt and sometimes doesn't adhere to social norms.

Contrary to many men, he knows exactly how he wants his house to look like and will be very invested in this. He might even design and build his own home.

With an amazing resistance to failure, he is not one to wallow in self-pity and will pick himself up, dust his clothes of any unfortunate event and just move one.

Pluto's transformative influence might bring a bit of pessimism to his life and this cautiousness will surface, especially in areas he is not very comfortable with.

This planet brings clarity, a crystal-clear perspective on the world, thus allowing them to see the inherent flaws of a relationship. However, nothing is a real deal-breaker with this man and he can persevere, if given the slightest chance, especially in love.

Pluto ♇ in VI 6th House

([1106] i.thehoroscope.co)

This placement of Pluto makes people care a lot about having some balance in their lives, between their need for introspection and the desire to be social and outgoing.

Those born with Pluto in the sixth house of their birth chart are exceptionally dedicated to their work, putting in a lot of effort to achieve the best results.

With passion and intensity, they will finish what they have to do, all the responsibilities and obligations, do some over-time as well. And let's not forget that they are naturally predisposed to work with people, maybe at shelters for the poor, volunteering, humanitarian actions in general.

Summary:

Strengths: Observant, firm and hardworking;

Challenges: Anxious, conflicting and criticizing;

Advice: They should refrain from being too competitive with those close.

Pursuing life balance

The sixth house Pluto people are simply workaholics who never rest. They want to feel challenged, to come face to face with problems that require an answer, to put in all their being in order to succeed.

It's like being filled with energy, with combative spirit and endless enthusiasm when they stumble on such opportunities.

If you have a problem that requires a lot of analysis and thinking, don't waste any more time and give it to them.

Related to work, they prefer working for themselves or having a personal business. This means that no one's controlling for telling them what to do.

However, their fear of being criticized and having their ideas contradicted is somewhat paralyzing for them.

These natives are set on choosing the path of humility, thoughtfulness, generosity and self-improvement. In place of thinking about themselves and doing everything to further their own aims, they want to change this way of thinking, to become a functional member of society, to help it grow and develop.

This is done through introspection, searching inside of them for this path, the necessary changes to learn these traits. The small, incremental changes will lead to the complete transformation in due time.

However, being too harsh and criticizing everything will actually be detrimental.

They care a lot about the balance between their outer interactions with the world, the social sphere, and the inner equilibrium given by their aspirations and goals.

If these two are contradictory and conflicting, they will often choose to give up on what others think.

This is why they will often choose to work as freelancers or build their own business. No one's whip is on their backs, no one's yelling orders. Moreover, these Pluto in 6th house natives tend to procrastinate and become bored by the routine of their responsibilities.

Nothing is more enjoyable than taking the time to look at a problem from multiple points of view, to analyze it thoroughly and then formulate a plan of attack.

But the process of analysis in and of itself so immensely pleasing and satisfying. It could be because the 6th house is naturally associated with Virgo, a native we all know is notorious for this. Sure, they could look at the whole picture and reach the same conclusion pretty fast, since a lot of the problems they're dealing with are that simple.

But where's the fun in that, right? What's more, this is related to their perfectionist personality.

It's really strange being a Pluto in 6th house native, and it's even more difficult having to deal with one and getting to know them.

These people just don't take any time for themselves, to have fun, relax, be comfortable and just enjoy life.

Instead, they find excuses and implicate themselves in countless activities, take on multiple projects and work overtime, just to have the reason to think like that.

They are very lonely, figuratively speaking, because of this. They exaggerate and take some interests to the extreme, just to motivate their lack of self-interest.

They are especially good at helping people with their problems, fixing what others screwed up. Most of the times, they are able to reconstitute and bring everything back to how it once was.

They bring innovative solutions and bright ideas to the table, completely fresh perspectives and methods that no one could have thought of. It's truly a marvel to have such friends.

Of course, they will get so focused on put so much effort that it becomes an obsession, and if it fails, through some stroke of immense bad luck, self-loathing is next on the line.

If only these issues could be eliminated or at least kept under control, then they would really shine and touch upon their potential at long last.

Being able to focus is an ability that cannot be overstated, giving one great efficiency and productivity.

If they learned to use it without the side-effects, that would propel them on the top of the social ladder, and they would feel even better with themselves.

Because nothing good comes for free, there are negative aspects as well to be taken into consideration.

It has to do with their general health. Most likely, they will have stomach problems or, the most common, emotional turmoil and distress.

The goods and the bads

The opportunities of a lifetime will come to them if they only choose to be more ambitious and perseverant in their professional careers.

The chances are there for the taking. It's also a great time to repair what was undone, to be reborn from the ashes of demise and fly freely through the skies.

They are the right person to solve all your problems with efficiency and swiftness. It might appear as though they're performing magic tricks, but really, logic and reason are the only things they need.

This attention to the details will be the game-changer in their lives. Just think about it for a second.

The Pluto in 6th house natives will do pretty much anything to satisfy that perfectionist

streak controlling their thoughts and creating obsessions.

Can it be pleasing and comfortable having to live with that constant itchiness on the back of their minds, with the fear of failure and that compulsive attitude that something's wrong?

It's really a problem, one that they have to deal with eventually. It ruins their social relationships and ability to work in a team because of the high expectations they place on other people.

The pressure they put on their own shoulders willingly is immense and will lead to unhappiness, stress, tension, emotional instability, or even physical issues.

Pluto ♅ in Rx retrograde movement

[699] [920] ([699] mollysastrology.com:) Nearly half the world's population has this retrograde. Its effect is hard to determine except to say that these people generally have a harder time integrating themselves into the mainstream of society. When Pluto is very strong, they find themselves doing things without understanding why.

Also: ([920] cafeastrology.com:) People with Pluto retrograde in their birth charts may be more inclined to fear being controlled, manipulated, or betrayed by others than those with Pluto direct. There may be a tendency to keep these fears to themselves, as exposing them makes them feel more vulnerable. They don't as readily let others know their desire for power or control, and might not be in touch with this desire a lot of the time.

North Node ♊ in ♊ Gemini 25° 45'

(Georges Muchery)

The Dragon's Head is in its exaltation in this sign, and is therefore very powerful. It indicates victory after much anxiety and trouble. It is a token of success, and luck which often comes only when everything seems lost. The friends who surround the native are reliable, and will help him to succeed. The native has a noble mind, which will always enable him to fight against the current; but Faith and Perseverance are also required. Courage is not wanting; and this position makes the native good and straightforward. He will know how to gain the sympathy of people who will help him: he may therefore look straight ahead, for the Dragon's Head in Gemini is always a sign of progress.

The Dragon's Tail in Sagittarius robs the native of some of the quietude upon which he might otherwise count. Frequently over-confidence in himself will be detrimental, and cause him to undertake things before due considerations, so that when it is too late he might regret what he has done. Countless difficulties will arise, but he will conquer them through exertion and courage, and by clear-sightedness and caution, not always thinking that everything he does is right. Perfection does not exist in this world.

(Isabel Hickey)

North Node in Gemini increases versatility, adaptability and mental agility. Benefits through relatives and friends because of an optimistic viewpoint toward life. This kind of attitude should be cultivated in this life.

South Node in Sagittarius gives poor judgement and adds to the restless and rash tendencies that keep the individual from accomplishment. Has to learn to concentrate and focus forces and not go dashing off looking for other fields to conquer. Conquering, like charity, begins where the person is placed.

(Martin Schulman)

Here the individual receives an intitation to join society. His soul has come into this life with a past incarnation of wildness. As a result, he is unaccustomed to appreciating the point of view of others. The karmic continuation of a strong selfrighteous attitude makes it difficult for him to be a fair judge of his own actions. As such his life is excessive. He is still attracted to the natural existence without formalities, and will go far out of his way to avoid having any restrictions imposed on him.

He is used to being a free spirit, and desperately tries to retain his sense of liberty at all costs. Whether he is married or not, the soul memory of his bachelor-like attitude makes it impossible for others to get too close to him.

Believing that actions speak louder than words, he makes his present life a kaleidoscope of rushed activity. He always tries to do too many things at a time, spreading himself so thickly that he keeps losing sight of any central life theme.

In past incarnations, he functioned on great reservoirs of nervous energy. Yet, for all his activities, he has not yet learned how to focus his attention in any one area. In this life he is still seeking expediency and finding himself forever the victim of short cuts that have to be repeated.

Unaccustomed to all the demands of society, he tries to shirk responsibility. He feels that if he can just clear away all the business at hand as quickly as possible, he will then experience the freedom that society is trying to take away from him. And so, most of his

time is spent trying to free himself. What he doesn't realize is that each action creates an equal and opposite reaction. As a result, he is actually making himself more imprisoned than ever before.

Always his nature is somewhat primitive. If he is selfish, it is done innocently. If he steps on others' toes, it is because he is unaware they are there. Always he seems to miss the obvious, blissfully ignorant of the immediate circumstances around him. When it comes to social graces, he is so inexperienced that he appears to be the proverbial 'bull in the china shop'.

In the current life, he is learning how to mix with the society from which he is benefitting. Yet, still fearful of the reactions of people, he lives his life on the rim of the wheel, occasionally darting into the center of the hub only to run back out again.

His past life experiences with people were lacking in the areas of co-operation, sociability and tact. Now he is striving to reach sophistication. He doesn't yet know how to see a clear reflection of himself, for he doesn't understand that there are two sides to the same coin. Through his Gemini North Node, he will now undergo experiences which will force him to see both sides of every issue.

In this life, he is destined to learn what the world looks like through the eyes of others. Before he can understand why people seem not to listen to him, he must first put himself in their place. Ultimately he will come to realize that all the negative qualities he has been attaching to others are things he does not understand in himself.

Sometimes he is a shouter in a library. No matter how sophisticated he pretends to be, he has so much past life residue of crudeness in him that it is bound to seep through at the most inopportune moments. This embarrasses him so much that he becomes determined to polish himself by paying attention to his mannerisms, habits and public behavior, and particularly his mode of speaking.

Through his Gemini North Node, he will spend most of this life's energy learning how to be adept at the art of communication. He now feels the need to educate himself, so that he can establish an identity in society.

At one time in the current life, he will be faced with the conflict of whether to live in the city (Gemini) or the country (Sagittarius). While his basic nature for so many lifetimes would feel more comfortable in a country setting, he can learn much by adapting himself to the new experience of coping with city life.

Through his Gemini North Node, he must learn diplomatically to respect the rights of others if he is to help preserve a society which in prior lives he thought unimportant, but in this life is necessary for his very survival.

While his body cries out for sports, nature and the primitive life, his mind will eventually lead him toward a study of words and language and a reflection of his self-expression, so that he starts to become a more humanistic part of the culture in which he lives.

He is like the wild stallion desperately trying to fight being tamed, and yet wondering what the experience must be like. In the midst of this seeming paradox, he is a messenger of the lower and higher minds to all who come in contact with him. His past incarnations brought him to a natural understanding of the universe. Now his mission is not only for himself, but also to spread his understanding to the myriads of people that run through his life. Herein lies the mystical reason for his eternal restlessness. He has much to say and much ground to cover!

The house position of the South Node shows the area in life where past incarnation residue still pulls him toward a desire to be a free spirit. The house position of the Gemini North Node indicates the doorway through which he must walk in order to experience the advantages of the civilized humanistic culture he is destined to join.

(Mohan Koparkar)

Previous incarnation for this person was spent in various philosophical and mystical pursuits. A lot of freedom and independence was noticed in that life. Thus, this person has to learn to deal with people in this life. Isolation becomes a rare quality in life as he has to exchange his ideology with others and on a face-to-face basis. If he tries to isolate and withdraw from society, the circumstances force him to be with others. Considerable intellectual dissipation of knowledge is seen in this life; and communicative means are extremely significant for him. He seldom has a chance or opportunity to cultivate his emotional and material base. Thus, those elements are very significant in this life structure.

(Donna van Toen)

You need to share your awareness with others. Your Sagittarius South Node replies 'Yeah, but I don't want to stick around explaining things. I can't learn anything that way'.

Your problems are likely to include an obsession with learning but no interest in using your knowledge in any practical way. Difficulty establishing lasting relationships leads to over-valuation of books, classes and other intellectual activities that provide indirect communication.

Possible reasons for these problems include: that a need for long-term concentration on study or some sort of cultural, ethnic or religious difference has interfered with the formation of relationships; that a speech impediment has caused you to turn to books instead of people; that a literary career limits people contact; dependency on reading as an escape from a boring routine; that poor judgement about people has caused you to

place your trust only in 'proven' sources of information; that a lack of concentration has led to communication problems and misunderstandings; or that you have a need to conquer an ingrained feeling of stupidity or inferiority.

Possible solutions: Develop your latent communication skills. Channel your intellect instead of being a slave to it. Share your knowledge with others so that they can learn. Become a professional trivia expert, a con artist, or a perpetual student.

Gemini North Node can be a good talker, but he or she is often a poor communicator. He or she is good at tossing out facts, lecturing, impressing others with long streams of beautiful words or technical jargon, and so on. But he or she quite often talks at others rather than with them. The Gemini North Node tends to quote books verbatim, drop names, quibble over semantics. He or she talks skillfully about facts and theories, but generally is at a loss when it comes to applying them or sharing his or her feelings about them. In fact, this person generally avoids sharing any facet of his or her personality beyond the intellectual side. This is a shame since North Node in Gemini invariably holds great potential for perception. Development of this potential brings a deepening of the intellect so that ideas can be used for the practical betterment of his day-to-day relationships and living conditions.

Signs of an over-developed Sagittarius south node are: a tendency to flirt, flatter and charm but reveal nothing; an expectation that others will hinder his or her freedom; a tendency to ridicule others; being generally on his or her way somewhere - 'only having a minute'; a first instinct to take off when pressured; a tendency to promise more than he or she can deliver; a distrust of security and routine; being accused by others of being unreliable, but feeling that it's others who are unreliable; enormous faith in the published word; and being uncomfortable with peers in general.

North Node in Gemini dreams of a life of variety. He or she wants to be seen as adaptable and a good conversationalist. He or she also wants to be thought of as an educated person. In reality, this is a person who transmutes emotions into interests. He or she is interested in spirituality, education, travel, and similar Sagittarius-ruled things, but in a passive, abstract way rather than in terms of experiencing and enriching the life. He or she may mix well with others, but only as long as he or she can assume the role of teacher. This teaching isn't necessarily a formal or professional role, but it permeates most interactions just the same; and in the course of assuming this role, much of North Node in Gemini's enthusiasm for life is misused or wasted. Extremism of some sort may also mar conversational skills.

Antidotes for Gemini imbalance: The client should be encouraged to keep a diary. If the client has knowledge to share, he or she should be encouraged to do so through teaching, writing, correspondence, or whatever way is most convenient. Travel in

moderation often proves beneficial. Involvement in civil rights or community improvement causes can be helpful. The imagination should be tapped so that creativity can be developed and put to use in strategy - planning, writing, photography, or some other area according to the chart. If the client is amenable to a career change or program of career training, there are many obvious choices that would encourage development of the North Node. Among these are: journalism, newspaper work, radio work, television work, fiction writing, Air Force careers, electrical work, reporting, and linguistics. Dancing could be a possibility, although unless the client is very young this would probably be better as a hobby choice than as a career choice.

The client should be encouraged to steer clear of tiring or repetitive routines that don't provide opportunities to develop adaptability. At the same time, he must be discouraged from the 'Jack of all trades, master of none' syndrome. If there are signs of perpetual studentism, the client should be encouraged to start doing something with his present store of knowledge before trying to gain more.

Hobbies should stress physical agility and manual dexterity. Origami, model-making, collage-making and the like are recommended. For the more active, fencing, tennis, golf, and dancing are good choices.

North Node ♁ in V 5th House

(Georges Muchery)

The Ascending Node (Dragon's Head) in the fifth house indicates pleasure in regard to the children, who will be intelligent and have a generous measure of luck in life. This position is also fortunate for an artist, or anyone who is connected with matters that appeal to the mind. It is good for theatrical managers, musicians, and all engaged in artistic occupations. For everyone, it is a sign of luck in games and speculation; but prudence must be exercised in this direction, as an evil aspect of Mars to this house would upset everything. It is especially at the period of the annual revolution that this position of the Ascending Node is fortunate for speculating, if the horoscope at birth on the whole shows that the native is lucky.

The Descending Node (Dragon's Tail) in the Eleventh House does not always bring friends and acquaintances of a specially high social status. It causes the native to come

into contact with people who may do him harm. Some of his associates will not be disinterested, and will try to cause him pecuniary losses. This position may also indicate a heavy monetary loss to the Mother, or Wife, if the Moon is in bad aspect.

(Isabel Hickey)

Through self-expression (through the use of the individual's creative force, whether it be children of the body, mind or emotions), he will find fulfillment. Attention must be given to developing his own desires; and he will not be led by others. In the past the attitude was 'Let George do it'. Now George won't do it, and the person has to develop his own goals and objectives. Friends have helped in the past, and thereby weakened the person instead of strengthening him. Dependence is a habit pattern buried deeply in the subconscious; but this time the will to stand on one's own strength and attain their own goals is the necessary ingredient for a successful life.

(Bernice Grebner)

A person having North Node in the 5th needs to learn to use his heart and become attached in a very personal way. He needs to love deeply and intensely on a one-to-one basis. There is also a deficiency or delay concerning children in his life. The children can be physical, mental, or spiritual offspring. He should develop a great desire to be creative in some endeavor. This person cannot seem to hold onto love until later in life, because he simply does not know how. He seems able to succeed in this more successfully when he meets someone with South Node in the fifth. Aspects to the Node are very important in determining whether he has the strength to acquire this new growth. As an example, bad aspects to the Moon or Neptune could give emotional problems by loss of touch with reality in this regard. North Node here needs to learn to consider self in loving. He may not be able to express his love fully.

South Node in the eleventh is unattached love. It is too detached and selfless. Friendships, social affairs, reforming drives, and advanced ideas in human relationships are part of the perfected South Node in the eleventh. This person is friendly and open, and instinctively knows society's needs. Friends can turn into lovers; and he truly needs an intense love affair to fulfill his soul's destiny. People with the South Node in the eleventh house suffer real discomfort in close relationships between members of the opposite sex. They have very utopian ideals where human needs are concerned. This varies with signs and aspects, but these ideals must be used as a basis of leadership in social and / or political causes where he can teach others humanitarian ideals. Here, we find many government officials or those dealing with the public welfare.

(Mohan Koparkar)

This condition often signifies close relationship with children. They have fairly good success in love / romance, but regarding friendships they may have many

disappointments. Their love given to others is much more elaborate than what they receive back. This imbalance in love exchange creates internal inferiority complex in them; and sometimes frustrations affect the relationship. Their creative ideas can be out-of-this-world and at times ahead of time as well. They often find their vista-sphere of life is limited, and many of their goals and ambitions remain as a fantasy. Their love affairs often have a previous life connection; and they can feel that awareness when they are with others.

(Martin Schulman)

Here the individual is learning about the Creative Process. He spends much time in the clouds, hitching his wagon to some distant dream or pondering through his vast multitude of fantastic ideas. In past incarnations, he lived for the fulfillment of wishes. Now his gossamer world of wispy dreams is so ornamented with the accumulated fragrance of promise that it takes a great deal of realistic prodding to shake him loose.

From a young age, he has learned to become a 'people-watcher', spending most of his conscious hours pondering the possibilities of other people's actions. As a result of prior lives, he has learned to become highly imaginative and inventive; at times he is even ingenious, but he is too used to spending most of his mental powers working out the intricate plots of his fantastic daydreams.

He never ceases to amaze himself at the oddities he can conjure up within his own mind; but for all his ingenuity he is one of the least practical people of the zodiac. He is always deeply enmeshed in thought. What he is really doing is seeking symbols which will provide new material for future dreams.

His karma is to learn the importance of dreams, inasmuch as how they explain his life. Ultimately he comes to realize that his entire existence has consisted of acting out his dreams, to the point that he has become the puppet of his own fantasies.

When he does come down to earth, his first instinct is to reach for friends who in either appearance or behavior remind him of the characters of his wispy fantasyland.

His mind is constantly drifting off into the distant future; and there, in the science fiction of a century as yet un-lived, he indulges himself in the intriguing fascination of the remotest possibilities which would otherwise have little or no bearing on his current life. Still, he likes to ponder.

He thinks much about the value of his work as well as of the effects of his childhood, both of which he blames for his difficulties in coping with his sex urges.

The truth is that neither his work nor his parents, nor even his sex urges truly bother him, but instead his frustration arises from the gap he sees between the reality of his past-life

dream-world and the sharp awakening circumstances through whose boundaries and limitations his current life is actually lived.

He finds it difficult to understand why there is a barrier between dreams and actions; and as a result, he spends much effort trying to break through the walls of limitation that separate one world from the other.

But all the while he is dissipating his strength; and the more he does this, the less he is able to create his own life.

He must realize that through his fifth house North Node he is now given the greatest gift that man can receive - the power to create his own identity. By studying the process of creation, he can become aware that it is his own thoughts that have caused all the circumstances that he deems real in his life. He must then go further to understand the link between his thought and his dreams, for truly it is his life of dreams that in greater measure than he thinks is creating his life on earth.

He must learn to be responsible about his dreams and careful of what he wishes for, since he, more than one with any other Nodal position in the zodiac, will actually see his dreams materialize. But always the physical effect of each dream comes with a slight twist; enough to make him aware of the danger of creating selfishly.

This individual will have to live his dreams long after he remembers the reasons for them. It is a strong part of his continuing karma to understand 'wish power'; and how better to understand it than by living through the consequences of all his wishes?

Thus, his life is both a blessing and a curse for each time he rubs Aladdin's lamp his soul will either move higher on the wings of spirit or sink miserably in the depths of his own private hell.

He is learning that the dreams of his eleventh house South Node are under the rulership of Aquarius, where they must be directed towards a service for humanity; and that the more he wishes for others, the more he will ultimately have for himself. But when he reverses this process, his life becomes a veritable shambles.

If he chooses to create for himself, he faces the unfortunate results of misusing a sacred gift, for his dreams ultimately will become so jaded as to be utterly worthless insofar as they are able to bring him happiness.

Unless these Nodes fall in Water and Earth signs, they can cause difficulty in relationships and marriage due to so much past-life residue of non-attachment.

Major turning points in the current life revolve around children, through whose eyes the individual comes to understand his own sense of self-worth. He observes how children

put their dreams into action, and soon comes to realize that instead of making his dreams the plans for his future he actually has been allowing them to block every present moment. Once he sees his dreams as a well with no bottom, he is able to let go of the castles in the sky and focus his attention on whatever he is creating in the present.

To do this, he even reaches the point of becoming aware of how he allows his great need for friendships to dissipate his creative energies.

More than anything else, he desires to be a doer; but it is only after he gives up every personal dream that he can become strong enough to take the building blocks of his life and put them together. He must literally take the bull by the horns instead of allowing himself to be led through the gossamer Cinderella world his soul remembers.

To accomplish this, he would do well to spend much of his time learning selfdiscipline, for only through the ability to guide himself will he ultimately be able to surface from the deep waters in which for lifetimes he has submerged his hopes and his dreams.

The sign which contains the South Node shows the ways in which past-life dreams continue into this incarnation. The sign which contains the North Node indicates how the individual can constructively apply all his dreams to reality through expressing creatively all he feels inside.

Some highly evolved souls with these Nodes have experienced Cosmic Consciousness in a former life. Now through their fifth house North Node they are here to bring this awareness to the children of earth.

(Donna van Toen)

Conflicts: Pleasurable childrearing vs. pleasurable social life. Romance vs. friendship. Creative ambitions vs. social or humanitarian ambitions.

Possible results of sacrificing North Node: Impracticality. tendency to think instead of act. Mental drifting and daydreaming. Undervaluation of creativity or procreation. Frustrated hopes.

Possible ways to integrate North Node: Fulfill dreams in a practical way. Develop potential for enjoying leisure time in an active, tangible way. Exploit ability to bring pleasure to others. Examine feelings about children, childrearing and procreation. Don't use group priorities as an excuse for neglecting your personal goals.

In the fifth house, there's a hang-up about self-expression. Here we have the social climber of the show-off. Less comomonly we see the 'Aw shucks, it was nothing'

syndrome. Humility is either lacking or perverted in some way. In some way, the ability to verbalize your attitudes is detrimental to relationship formation. Romance is usually the most common area of difficulty, although parent-child relationships and social life in general can suffer as well. Sometimes there's a tendency to expect your children to do what you couldn't, whether it's marry a millionaire, become a brain surgeon, or simply be the most popular child in the class.

North Node in the fifth house wants to be considered loyal, above all else. Fun, romance, and children often play a role in the dream motif. This person wants to be thought of as a powerful instrument or advocate of good. This person tends to be rather moody. He or she is inclined to attract sensitive souls to befriend; sometimes these people are cranky or difficult, and severely test North Node in fifth's desire to remain loyal. Parents are generally a strong influence for better or worse. Often there's over-concern about whether the parents will approve of their actions or not. If the person chooses to break away from parental dominance, he or she may suffer severe guilt pangs that hinder effective functioning. The dream of loyalty must be tempered by a primary loyalty to self before the rest of the dream can be fulfilled.

(Black Moon) Lilith ♀ in ♏ Pisces 10° 30'

([1148] elsaelsa.com)

Street Saint

If you have Black Moon Lilith in Pisces, the pain you've experienced through your Lilith placement has made you compassionate and empathetic. You've learned to embody the kindness the world lacks.

However your Lilith wounds have played out (shown by the house your Black Moon Lilith is located in), you have become acutely sensitized to the harshness of the world. You see how many sharp edges, cruel consequences, and dirty tricks pile up in daily life, and you know in the depths of your soul that it absolutely does not have to be this way. Life can be good, people can be kind, and a loving, caring community of like-minded folks is hardly a pipe dream. So you make an effort to make connections, to show compassion, and to care for those on the margins of society. You reach out and draw the most vulnerable under your wing for protection. In some ways, you become a living avatar of compassion, an everyday bodhisattva spreading beauty through the grimy streets.

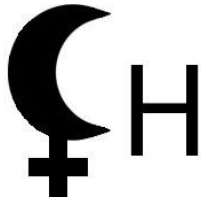

Of course, this isn't without risk. As you know (and as the world has been eager to remind you), there are all too many who would take advantage of that kindness. There are people who want you to fix them without doing any of the work it takes to be fixed. And perhaps even worse, there are people who are so rigid and blocked off that they can't react to your kindness with anything other than derision and judgement. You remind them of everything they're rejected in order to ensure their safety. Your softness becomes a repository for other people's fears about their own vulnerability.

And when your beautiful balloons of compassion are popped by those jagged edges, you understandably just want to hide your head under the covers. You try and try to fix the world, but sometimes the world just doesn't want fixing. The world can be small and ugly and sharp while your soul is expansive and ethereal and free. So you sometimes decide you'd rather escape or transcend the world entirely. You may turn to drugs or religion or sex or sleep to find that all-encompassing feeling of connection. You may take to spinning fantasies that can't come true. You may just immerse yourself in fiction or art or beauty. In one way or another, though, you will always find yourself periodically in need of reconnecting to your core idealism. The key is to find a way to reconnect that genuinely inspires you long-term rather than just soothing the more immediate aches.

Another way to alleviate some of the pain of Black Moon Lilith in Pisces is to lean on the sign opposite to Pisces, Virgo. Virgo is just as driven to fix the brokenness of the world as you are. But Virgo recognizes that sometimes practical support means more than limitless compassion. Sometimes helping someone prepare for a job interview is a greater act of kindness than giving them a couch to sleep on forever. Sometimes telling someone they have a stain on their shirt so they can fix it is more effective than giving them the shirt off your own back along with speech about how we shouldn't be judging others by their clothes anyway. It's not that it's not true! We shouldn't judge over something that small! And if you want to work toward a world that abolishes clothing-related status signaling, go for it. But in the moment, there is still a practical problem that requires a practical solution. And Virgo knows how to discern which is which.

While this placement is enormously complex and merits a chapter all its own, I'll close here. Just know that your intuition is right: Your compassion is exactly what the world needs most. Your willingness to look beyond the outer shell to the beauty that permeates all of us is your superpower, and you should never let it go. As you work to create a world that is truly rooted in kindness, your wisdom will be more necessary than ever. Just make sure that you direct your energy to where you can do the most good, and you will be a true force of nature.

(Black Moon) Lilith ♀ in II 2nd House

([1150] elsaelsa.com)

Guardian of the Gate

If you have Lilith in the second house of your chart, her themes will manifest in terms of value and resources. You will struggle to claim your own worth and ensure that you receive your fair share.

Lilith in the second house usually shows up in childhood in the form of self-esteem issues. You were bullied, nitpicked, or otherwise made to feel less than worthy. This could come in the form of rejection from peers or pressure from authority figures to conform and be more manageable. Lilith in the second house is vulnerable to being demeaned and scapegoated, especially in youth.

It also manifests in terms of resources. Many people with this placement end up with partners who drain them financially or spiritually. They end up in situations that demand their subservience and are punished when they fail to bend the knee. If you have this placement, it's highly likely that you have had this happen at least once.

In traditional astrology, the second house is known as the Gate of Hades. If we think of Lilith in the way that medieval writers did, she is at home in the underworld and rejoices there. So Lilith in the second house becomes empowered when it is employed to guard that gate. If you have Lilith in the second house, no doubt you have had to closely guard your resources, standing up for your own value and your rightful share on this earth.

There is, of course, so much more to say about this placement. But the overarching theme is this: you belong on this earth. You have a right to survive, and you have a right to thrive. You are as sacred and beautiful as any other being, and you don't have to prove yourself to anyone.

Challenges

Vesta in 6th House

When Vesta, asteroid goddess and keeper of the eternal flame, comes into your 6th house, you can have quite a way with plants, animals, small children. You may take up some kind of healing practice naturally ~ be it within the allopathic medical system or within things like homeopathy, herbalism, natural medicine, body work, nutrition.

You are definitely called into a role of service in this life, more than others, and as a result of that may at times grow resentful of this but your role in service is very important. You bring replenishment to those around you just by being who you are. This isn't to say that you should become a martyr ~ you're also learning to tend to and care for your own health.

([1257] astromajesty.com)

While that indicates career and success, this placement is not strictly associated with the profession.

Instead, it can manifest in every aspect of life. The wound that people with Chiron in the tenth house have is about their need for achievement. These individuals crave organization, structure, and recognition.

Yet, their dreams and ambitions are also the places of their fears. Capricorn Chiron men aside when they were kids.

The adults in their lives didn't acknowledge their effort and work. Or, perhaps, they didn't feel that what they think matters, and others always put their opinions down.

However, it's not ruled out that they suffer from a past-life wound due to being someone whose life depended on their job and success.

Men with Chiron in Capricorn have to learn to find and recognize their desires and voice separately from what the world expects from them. They should chase what they perceive as success, not other people.

It is how Capricorn Chiron males can realize that they already have control over their lives and that they are free to follow their dreams.

The problem is that these individuals don't always align their ambitions with their genuine wants and needs.

Instead, Capricorn Chiron people sometimes pursue what's well-paid and what society appreciates and labels as a success. But if they don't follow what they want, people with Chiron in Capricorn won't have the fire that they need to push them forward.

Chiron ♄ in XII 12th House

([1271] astromajesty.com)

People born with Chiron in the 12th house struggle with their psyche, spirituality, and vulnerability.

These individuals are highly empathetic, but they want to protect their privacy, and they are not easy to open up. They have an inner urge to help others but don't know how to help themselves or ask for support.

They have a soft character and an intense aura. It is how they encourage people to be sincere with them and tell them their worries, dreams, and secrets.

Others open up their souls to them as if they were under a spell. Indeed, people with Chiron in the 12th house tend to be telepaths, intuitive empaths, or even have psychic abilities.

However, they don't feel comfortable with their capacities, intuition, and gut feelings. These persons often feel like freaks due to their gifts and heightened instincts. It is why they often neglect or try to bury their abilities, even though they're rejecting their uniqueness.

Chiron wants these individuals to learn to stop refusing their identity and to embrace who they are. Until that happens, those with Chiron in the 12th house will keep facing difficulties and obstacles.

Regardless of how they feel, they will have to accept that they're different. It means that they will have to dive deep into their identities and spirituality and stick to their path.

That explains why their wounds lie in their inner realm and manifest on a subconscious level.

These individuals often have an intense existential crisis and profound questions that plague their lives. They struggle with feeling lost and not knowing in which direction to go to find themselves.

Since they might feel disoriented or aimless looking for purpose, they tend to feel an urge to belong to something bigger than them.

Transcendence and identity

Persons with Chiron in the 12th house often believe that will help them overcome the earthly issues and transcend, taking their souls to a higher realm.

However, they also fear that they could lose who they are and endanger their identities.

Like those with Chiron in the 8th house, these individuals are terrified of endings. They wonder what's the point of life if, eventually, everything will cease to exist.

These people ask themselves why the world is that chaotic if it only lasts so long. They overwhelm themselves with questions, such as why do we do anything if nothing will matter when we die.

These individuals have issues leading regular day-to-day life because they don't understand the practical realm and its point. They often wish to die because that makes more sense to them.

People with Chiron in the 12th house are curious about what comes next and if there's anything once we close our eyes forever.

Living with those kinds of questions, thoughts, and ideas can make life seem pointless or fleeting. They often want to become a part of something that will give meaning to their existence and death.

It is why they seek to feel unity with someone or something. They want to find comfort and consolation in belonging. It is usually the only way how they imagine reaching ecstasy or finding their identity.

Mortality and extraordinary life

Since death is one of the most frequent things in their minds, people with Chiron in the 12th house can become suicidal and frightened of their own mortality. They continuously wonder how their thoughts, feelings, and senses may one day vanish. It is why they tend to do everything that will make their time on Earth count.

As a result, these individuals tend to feel a need to be extraordinary, different, and genuinely feel life. Their biggest fear is that they will live unnoticed, ordinary, and unremarkable.

Indeed, they are not mediocre or generic. These persons tend to be highly imaginative. They have vivid dreams and ideas. Yet, they also experience problems fulfilling what they imagined.

Those with Chiron in the 12th house have issues with their identity and struggle to uncover who they are. It is why they tend to absorb qualities and traits from other people and incorporate them into their personalities. In a way, they are creatures that present a

collective identity in one person.

If Chiron is afflicted or other aspects in a natal chart are unfavorable, they could fear being themselves and being different from others. They tend to think that by developing their own personality and fostering uniqueness, they are erasing unity.

These persons could feel guilty about not blending in and being one with the society or group.

Merge with the unity

The ultimate goal of these individuals is to merge with the divine and reach eternity. That means that they will seek methods that allow them to be closer to God, invisible forces, death, or spiritual energy.

These techniques could include prayers, meditation, art, drugs, s*x, or alcohol. It is those elements that help them let go of physical reality and dive into the unconscious.

The consequences of their desires and intentions could be becoming an addict, criminal, or being a martyr and sacrificing themselves for others. The latter is more probable because deep inside, they are fragile souls that want to make the world a better place.

The best way to do it is by alleviating the pain and helping others overcome their troubles. It is why they often work or volunteer in hospitals, asylums, hospices, or orphanages.

The problem is, they usually put others first and, in the process, neglect their health and mental well-being.

Even though they tend to feel disconnected from reality, people with Chiron in the 12th house can experience emotions more profoundly than others.

For instance, they feel love, grief, sadness, nostalgia, and lust on a deep and inexplicable level.

These individuals are also likely to dedicate their lives to religion and become nuns or priests.

However, people with Chiron in the 12th house must learn they are already a part of everything, including the divine.

By existing and being part of the creation, they belong to the unity. They have to embrace that the divine energy speaks to us through life itself.

[36] ([35] astromatrix.org.)

Opportunities: 1. Being Productive 2. Excelling in Communication

Challenges: 1. Listening as Much as Speaking 2. Remaining Empathetic

([36] cafeastrology.com:) Those with Mercury conjunct the Ascendant come across as youthful, active, and busy. They are usually ready to chat, although if Mercury is in the twelfth house they may need some encouragement at first. These natives can be quite fidgety and restless, and often move quickly. Their faces are quite expressive and there is a twinkle in the eye. Their expressiveness is not as warm as that of Moon-Ascendant people. Instead, it has a distinctly mischievous quality.

Others get a distinct first impression from a person with Mercury conjunct the Ascendant of a curious, youthful, intelligent, mischievous, or nervous individual. Writing and/or speaking figures strongly in their lives, although listening skills may not be as well developed. They are typically very forthcoming with information about themselves. They might identify strongly with their intelligence or ability to make connections with others. They are at ease with almost anyone, and easily put others at ease. Always curious, they pick up a lot from their immediate environment—sometimes too much.

These are “busy bees” who are insatiably curious. They love to relate personal stories. Their charm is of a youthful, mischievous, and lively kind. They thrive on change, social contact, and communication. Some are noticeably nervous.

2) ► **Ascendant ASC Parallel ♄ Saturn** - (1°38') ♀1 | ♄7

([71] astromatrix.org:) The Conservative

Any planets that are conjunct your Ascendant will influence your appearance and personality greatly. Saturn energy can dominate your personality being more serious and responsible. You may be quite reserved in expressing your emotions and identity. You may be quite shy, and you are over-concerned about how you are perceived by others and may fail to express yourself as you would like, for fear of being put down or looking foolish.

As you overcome your reluctance and hesitation, each success will increase your self-confidence, and your determination will eventually take you to the top of whatever mountain you choose to climb. It may be harder for you to make decisions, wavering back and forth and fear taking big risks. You need to learn to relax more around other people, and not be so hesitant to make decisions, you can easily miss opportunities because of this, learning to take more risks, not necessarily be too impulsive either.

Find a balance between security and spontaneity, fun and responsibility. Career and success will be more important for you, and you should have a good ability to work towards your goals and ambitions with perseverance and discipline.

3) ► **Ascendant ASC Parallel ♀ Pallas** - (1°30') ♀1 | ♀4

([588] 12andus.com:) You can appear like a guardian angel, showing up just when you are needed most. Your body language and your style of expressing yourself shows your

intellect and abilities to see the bigger patterns.

You are assertive but don't need to be overbearing. You can be direct and confident in your vision. You show your vision and passion yet you also walk your talk. This means you don't need to be overbearing or domineering in order to get your message across.

You know how to leverage your tone, body language and appearance to fully represent your message and strategy. You know how to dress for success and you know how to make a powerful first impression.

Others learn quickly not to cross you, though you would rather use your clout to influence people in positive ways than to intimidate others.

4) ► **Midheaven MC Parallel ♃ Neptune** - (0°08') 002 | ♄11

([87] astromatrix.org;) The Psychic

This aspect presents many opportunities and many challenges. You are very sensitive to whatever happens around you, and you seem to soak up impressions like a sponge. But you do not always know what these impressions mean or what to do with them.

Consequently, there is a real danger that you will be confused much of the time, especially about who you are and where you are going.

Unfortunately, with this aspect you tend to get discouraged and depressed about yourself, feeling that you will never get a real grasp of what is happening in your life. One of your parents, at least, should be able to lovingly but firmly guide you through life and point out the difference between realities and illusions. This position is often associated with psychic ability, which may be the source of the impressions that seem so confusing and hard to understand.

Your parents should accept the fact that your so-called fantasies are actually based on a reality that is not easy to understand. They should help you learn to interpret this reality rather than saying that you are only dreaming or making it all up. It won't be easy to find the right course to follow in life, but this position provides a few clues.

First of all, you should feel that you are working for a cause higher than yourself, whether it is serving or taking care of others in some way or working for an idea or faith. This aspect has a very strongly religious dimension. But it is more mystical than orthodox, and even while you are young you will be attracted to mystical and otherworldly ideals.

5) ► **Midheaven MC Parallel ♎ North-Node** - (0°39') 002 | ♃5

([101] astromatrix.org;) Professional Ambitions

With North Node conjunct the Midheaven You are able to further your public reputation and professional ambitions through your ability to harmonize with present social trends. You meet and gain the support of those in positions of importance. You're often in the

right place at the right time. You may gain more power and responsibility than you can handle, but you're protected from ruin and disaster, even if heavily afflicted. You have heavy responsibilities in your domestic and family life. Your parents may be a burden. Your self-expression is limited by your domestic life.

Your karmic path is aligned with your ambitions, career path and position in society which allows you to achieve your ambitions with greater ease. You may have an important message or something great to teach society and humanity in general.

Often there is great progress made with your objectives and you will receive the recognition and public status that you are looking for, but not always for the best reasons. It is important that you try to make sure that they are working on behalf of others and serving the general interests of the public, rather than only to achieve success for your own personal gain.

6) ► **Descendant DC Parallel ♀ Venus** - (0°56') ♁7 | ♃9

([179] astromatrix.org:) Unconscious Needs

Opportunities: 1. Knowing Your Desires 2. Gaining Confidence

Challenges: 1. Developing Your Independence 2. Understanding Yourself Better

With an opposition between Venus and your Ascendant you will seek to create a good impression on everyone you meet, and to focus on positive qualities. You will tend only to see the best in everyone and be deeply disappointed when they do not live up to expectations, but you are aware enough to realize that nobody is perfect, so you do not judge people by their faults. You may be interested in creativity, the arts or have a quite refined sophisticated character and dress well. You also appreciate others that have similar characteristics. Your marital life should be happy and full of love. If Venus is well-aspected, it indicates a long-lasting love even after the wedding. When Venus is adversely aspected, the spouse can be lazy and passive; nevertheless, this is not a real problem as love is a lot more important than such habits. On the surface you come across as confident and self-secure but deeper down you are quite dependent on your personal relationships to make you feel happy and content. It may come from a childhood where you were spoiled or over nurtured and you may expect that from your personal relationships.

7) ► **Imum-Coeli IC Parallel ♂ Uranus** - (0°44') ♃8 | ♎10

([207] astromatrix.org:) The Individualist

This aspect signifies that you are an individualist and that you should go pretty much your own way in life. You especially need emotional freedom, and you don't enjoy being with people who are jealous or possessive.

In fact, as a young child you probably did not like to be coddled by your mother, feeling that such emotions were smothering rather than reinforcing. This attitude probably resulted from an incident or series of incidents in earliest childhood that taught you that you couldn't count on the kind of nurturing children need from a mother. Therefore, you

understood that you must learn to do without it as much as possible. It is quite likely that your mother is very independent and has a busy life outside of being a mother.

However, this aspect does not usually signal emotional inadequacy or difficulties, unless Uranus is otherwise poorly aspected. It often signifies a parent who, like yourself, is a very free spirit.

As you grow older, tradition and home life will mean relatively little to you, and in fact, you may regard them as elements that hamper your freedom of self-expression. As soon as you are able, you will try to break free of your family and your place of growing up. Even while you are quite young, you may enjoy the freedom of having no real roots; of fitting in, more or less, wherever you go.

When you are older, you will keep your home simple and sparsely furnished, and you will try to have as few obligations as possible. If you ever have a family of your own, you will teach them to be as independent as possible, because you do not want anyone to depend on you.

8) ► **Sun** ☉ **Parallel** ☽ **Moon** - (1°58') ♀1 | ♀3

([2] astromatrix.org;) Even Tempered

Opportunities: 1. Leveraging Your Stability 2. Expressing Your Emotions

Challenges: 1. Understanding Others' Emotions 2. Finding a Partner

With Sun Conjunct Moon in your Natal Chart means you were born under a New Moon, especially if the orb is less than a few degrees. The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Sun Conjunct Moon, there is a merging of your Vital energies and ego with your emotion self. This can make you quite a stable and centered individual. It can make you more self-centered than normal but its more that you do't need anyone else to make you feel whole (unless your sun and moon is in Libra). But you are very much in touch with your need for others, or at least a significant other.

You can be quite sensitive and emotional; you should look out for transits that may aspect your sun and moon to know when you may be more affected by your moods and emotions. They live and breathe the Sun and the Moon in tandem, so the drive to find a partner is powerful. Because your will and emotions are aligned together you have the ability to know what you want and how to get it with less inner conflicts.

In general, what you desire makes you feel happy and content, you are comfortable with your emotions and are able to express them well unless you have some difficult aspects to your ascendant or sun. The way you manage your own psychological and emotional response to the world might however be quite different when it comes to your intuition

about others.

You may have a difficult time understanding why other people seem to get lost in their feelings and are unable to clearly define emotional experience in their lives. Because the Sun and Moon are quite important in defining your personality, having these two planets in the same sign (unless it's on the cusp) gives much more emphasis on that sign and will be important in defining your personality. You are able to make decisions without too much struggle, simply because it is not their tendency to spread themselves around in order to find all of their options.

9) ► **Sun** ☉ **Contra-Parallel** ♂ **Mars** - (1°17') ♁1 | ♁1

([143] astromatrix.org;) The Challenger

You probably have a view that perceives life as a challenge, a fight between yourself and the world for supremacy, and you adopt this combative and assertive stance in an attempt to prove your self-worth. Underlying this attitude is a clashing of inner energies, which are projected out as shadow-adversaries in the external world, so that arguments, dissension and conflict almost seem to follow in your footsteps.

There is little tranquility in your world; it becomes more of a battlefield where you believe you can 'win your spurs' proving your capabilities. You are fired by the competitive spirit, intending to win and be number one, although the quality of your aggressive vibration tends to attract similar people into your life, and this can result in power struggles in working or domestic environments.

Applying extra force may leave you in a position of superiority yet can also increase the number of adversaries that you leave in your wake; your genuine friendships can be few if you act in this manner. You have a powerful desire nature, you easily become fixated on attaining these desires, whether they are lovers, positions of executive status, or whatever, even if your energies are focused only temporarily in such specific directions. These desires can reflect the themes of the houses and signs of Mars and the Sun, and often contain the issues that you feel most combative about.

There can be an aura of 'danger' surrounding you, possibly with a sexual magnetism and aggressive power that some can find extremely attractive, although this energy can overflow through displays of irascible temper and potential violence if uncontrolled. You are very physically responsive and will have a developed visual and sensual appreciation of life. You may have to ensure that your desires do not become compulsive or obsessive in nature. In relationships, you may lack sensitivity to others' feelings and needs, and may need to transform expectations of a partner so that they conform more closely to a realistic appreciation, rather than providing fuel for later disillusionment.

A wise choice of partner is required; otherwise your domestic life could become volatile and traumatic; a partner who evokes your higher nature and qualities is probably more

ideal than one who just stimulates your passionate and vigorous nature. Finding a suitable companion, who is strong enough not to allow you to dominate, would probably help in modifying your attitude towards life.

A danger can lie in a tendency to make impulsive decisions or actions, and then regret them later. It may be that experience eventually influences you to make changes in your style of expression, and this may not occur until later in life, perhaps after the age of thirty and through developing maturity. It is to be hoped that there will come a point when you lessen that driving feeling of insecurity and lack of worth, so that you can recognize your real value and potential.

Once that self-imposed pressure to challenge and compete has diminished, and acknowledgement of your performance has been achieved, then new life directions may open. When this occurs take the opportunity to dismantle your combative attitudes, by broadening your world view beyond those limiting tendencies of yours to perceive life in stark black-and-white distinctions. This could develop to include involvements with social causes and pressure groups, where your partisan approach and abundant energies could be put to positive use, providing that you can maintain a balanced perspective on your beliefs and attitudes, and do not attempt a forceful proselytizing or fanatical expression.

16) ► **Venus** ♀ **Contra-Parallel** ♄ **Saturn** - (0°42') ♄9 | ♄7

([175] astromatrix.org;) Underestimating Selfworth

The opposition between Venus and Saturn shows emotional frustrations. This is a difficult aspect as the harshness of Saturn weighs heavily on the affairs of Venus such as happiness, harmonious relationships, artistic endeavors, and financial security.

You may look at your accomplishments with continuous dissatisfaction, underestimating your self-worth. You may not have received the encouragement that you needed when you were younger, and you tend to shy away from competition because of a resulting lack of confidence.

Your circumstance didn't give you the chance to receive emotional nurturing as a child, you may still be living the life of emotional self-denial, unconsciously believing this is what you deserve. You may have to make concessions to others to maintain normal relations. Often you wonder if it's really worth the effort.

Avoid a tendency to undervalue yourself and your ability to make a worthwhile contribution. The development of a positive attitude can be your most valuable asset. This is not an easy task and what needs to be done is to find out how to meet your own emotional needs not from other people. Try to also listen and be more receptive to others emotional needs and how they differ from your own, how can you realign your needs with others.

You tend to suppress your emotional side and the more you can work on being expressive and vulnerable the more success you will have. Your mature and responsible attitude is a positive aspect of this sign, but it can cause depression and self-loathing.

Because you think of being a child as immature or inferior you do not allow yourself to feel the joy of childlike innocence. Learning to accept all emotions within yourself can help you loosen the tight hold you have over your emotions.

with the needs of your partner in order to be successful. Jealousy and possessiveness can also work against you in relationships. Be careful not to be too dominating over your partner.

You may be attracted to a life partner who is not quite available or who you feel you need to pursue in order to win over. You can be more successful if you don't try too hard and if you learn to bring harmony between what you want and what your partner wants.

Opportunities: 1. Taking on Leadership 2. Overcoming Self-Consciousness

Challenges: 1. Taking Charge of Your Fate 2. Exploring the Mystical

Sun Conjunct your Natal Ascendant makes you identify strongly with the image you present to others. You like to make an impression on others. This can make you are self-conscious, although you may prefer to project a strong image. You will feel at your best when you make a mark on the world but avoid obsessing over what others think of you.

Sun rising people tend to believe that they are in control of their destiny. They usually

don't believe in fate, and they'll take any pessimistic comments that come their way as personal challenges. If the Sun is in the 12th house it may be a little harder to express yourself, and your motivations and desires may have a subconscious or mystical element to them.

You may be inclined to daydream a lot about being awe-inspiring leaders, or the center of attention, but there can be much self-consciousness and some reluctance to actually throw themselves into the spotlight.

([113] 12andus.com:) How do your deeper urges fuel your career and public image? Even in professional settings, you can't suppress your inner urges and longings.

Your sexuality, power and inner feelings fuel your public image and can make you a formidable force in career and business. Your adversaries will not want to step on your toes because you will be fiercely protective of your ambitions. At the same time you may have to learn to trust your instincts and refute the status quo in order to succeed in your industry.

You can rise to positions of leadership by being true to yourself and this can lead you to an unorthodox path to success and leadership. As you express your raw desire for independence and power, you'll attract those who admire your authenticity but also alienate those who want to convince you to tone down your approach.

You may become infamous or gain notoriety for your instinctive, raw emotion and acts of rebellion especially in rebelling against the status quo in your business, industry or career path. Sexual scandals or pushing sexual or gender boundaries can also lead to social recognition or influence your career path.

([201] astromatrix.org:) Difficulty Asserting Yourself

The opposition between your Ascendant and Saturn affects the way you approach relationships and other people in general. There may be a deep sense of insecurity about the way other people perceive you, so you prefer to let other people come to you rather than going to them, as you can general fear rejection or other people's reactions. This affects the way people perceive you and your personality, which can inhibit your relationships.

You tend to be quite reserved and cautious in your approach with others and tend to not show your emotions unless you are very close. This causes you to not develop your intimate relationships until later on in your life, most likely after your Saturn Return. You may feel like you need others to approve the way you do things or feel like the way other people do things is better or more important. This is the area of life where you are required to develop self-mastery and maturity but the thought of opening up and being

vulnerable to someone else can be a frightening prospect.

You may be drawn to those who display typical Saturnian traits such as business or someone who is solid and dependable; It can be helpful to look back at your own parent's relationship to see how this may have impacted upon you. Because you may have taken fewer partners or fewer opportunities for love to blossom, but when the connection is there, you pay it the serious attention it deserves.

You are more realistic, so you are less inclined to be swept away by big promises and fairy tale romances but as a result, your partner has the benefit of the real you. This placement can generate a fear that you just aren't lovable enough or good enough to be with someone else resulting in loneliness and isolation. Issues around partners and even open enemies may test your limits.

([34] astromatrix.org;) The Spy

You should have a powerful, penetrating and incisive mind, which is attracted towards delving deeply behind appearances. Whether these are social facades or intellectual theories or philosophies, your innate curiosity will enable you to look beneath the surface.

As you tend to see your mind as a resource which you can utilize, you often collect many fragments of information on your searches, which you attempt to collate together into a workable source. You feel 'at home' in your mind, enjoying applying it to a multitude of challenges and problems, confident in your ability to resolve them or make some kind of sense out of them.

Following your natural investigative ability, you have an inner process occurring whereby you attempt to extract meaning from your studies and experience, hidden meanings that are mostly relevant only to yourself, although some may be of value to a wider audience too. There is a purist streak in your mind which prompts you to take quite an impersonal attitude to people and events, especially attaching a high value to 'truth' over the social games that people play; your directness is likely to stimulate reactions from others.

As usual with the Pluto energy, there will be an unknowable depth and dimension to your mind, with a tendency towards powerfully expressed extremism and assertiveness as you proceed to manifest your objectives. Your ability to concentrate your willpower and sustain it for as long as necessary will aid you in achieving your dreams. Your beliefs and opinions will tend to be fixed; and you will be difficult to shake from any position that you have decided to take, preferring a vigorous expression of your standpoint against any opponents.

As you hate to be seen to have a weaker or fallacious argument, you tend to be well-prepared and confident upon any theme that you may be challenged upon; otherwise you have already prepared some way to evade a confrontation if you feel that you could be defeated. There may be a tendency to hold a grudge against any who have opposed you, or who stand in your way; and you will remember them, waiting for a suitable time to settle the scores. Unnecessary social problems and suffering for people will draw out a sense of aggrieved anger in you, as will social and political hypocrisy. You will tend to respond to these feelings by becoming more involved in reorienting your energies into channels which directly oppose those who appear to be creating or amplifying such problems.

You feel that you can contribute towards changing things for the better; and this can lead you towards involvement with radical politics. The nature of your political views will depend on your personal analysis of causes; but in extreme cases may tend towards anarchism. Any tactics of subversion will appeal to the Pluto energy, as will the emphasis upon change and transformation. If the social emphasis of Pluto dominates, then much of your life will be directed by the theme of transformation, social and political.

You will tend to be demanding in your personal relationships, expecting a high quality and strength from any partner. But even though you may attempt to force him or her to submit to you psychologically, it will be much better for you if you fail, for a good relationship needs equality and mutual respect. You often tend to use your persuasive power to influence others to agree with you; but you have to learn more tolerance and a broader understanding of the freedom and rights of others to hold their own views. Ideally your long-term partner should be similar to you in outlook, motivation and interests, because you may tend to turn the relationship into a form of intellectual power struggle, which would probably turn it sour before long if you did not have these in common.

The obsessive tone of Pluto may cause some difficulties, both in your mental preoccupations, and in your relationship, especially if you are unaware of this aspect to yourself, which can easily turn you towards being excessively self-centered if unmoderated. The positive side of a relationship is that it can break down such tendencies and open up the awareness of 'the other'; certainly, you should learn to appreciate any relationship as bringing a more expansive quality into your life.

([595] 12andus.com:) You may take a more cerebral approach to love and partnerships.

Yet when you make a commitment to someone it is usually because you've reached a meeting of the minds and feel like you have found your intellectual equal. You easily make promises and commitments known and when you feel like you've found your ideal match, you don't hold back.

Instead, you'll let them, and everyone else, know. You have no problem articulating your love and devotion. You may promise the world and your intentions are always to keep your commitments.

Yet you can be swayed by your adaptable and imaginative nature. If you do find your interest is swayed by someone who says all the right things, you may try to find loopholes in your own commitments and you can become flexible with your own boundaries.

For the most part, though, when you make a commitment, you fully intend to keep it and will take a diplomatic approach to relationship challenges so that you can keep your word.

Also, there may be conflicts to work out with other people. You love traveling, writing and teaching. In some way your expression to others could make others think you are contradicted. You need to do something for yourself. Above all, you need to work on first impressions.

- If this rear aspect exists in your natal chart you need to work on: you do not realize that you are more accepted and wanted by your friends than you realize. You must accept those things. You need to accept your social skills and the potential that can come from working with others. That is because; you will realize that you are more goal-oriented than you understood.

([41] astromatrix.org:) The Gift From Heaven

The classical astrology meaning of a conjunction is that the powers involved merge, so that their characters mix and form a new character, it depends on the planets characteristics as to how this can affect the individual and is one of the most difficult aspects to understand.

In the case of Venus Conjunct Jupiter, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. In this case, it's enlarging the qualities of Venus: romance, relationship, pleasure, and money. This doesn't necessarily mean that all of these things will come easily to natives with a Venus-Jupiter conjunction.

You have a big heart and have a kind and generous heart. You can be quite a romantic when it comes to your lover. You may have an indulgent or lazy attitude on occasion. You love pleasure in all its forms so work and effort can be more difficult for you as it is taking time away from your personal enjoyment. It is best to try and utilize this energy in your work situation, it is good to be involved in careers or work where there is an

emphasis on beauty, art or social interactions. You have a greater than average need to grow in your love relationships, and to shower your partners with acceptance and warmth. You have a strong need for growth, good humor, and fun in your relationships.

9) ► **Venus** ♀ **Conjunct** ♂ **Uranus** - (6°38' A) ♄9 | ♀10

([44] astromatrix.org;) Unconventional Artist

Aspects made between Venus and Uranus emphasize the spheres of social and intimate relationships, with the energy focus turned towards exploring the outer world through an extroverted personality. The dominating influence will be the urge for excitement, the stimulation of the unknown and the thirst for the richness of life's experiences.

You will not be an introvert; and your main preoccupation will be ensuring that your life is 'interesting', occupying yourself with a multitude of interests and explorations so that there is no time or space left for inner enquiry. The Uranian influence is the stronger partner of the two, and can give you an inner restlessness, which you try to release in social activity and interaction with friends.

However, the development of your creative, artistic, unorthodox individuality may lead to adaptation problems in mainstream society, where you react against being employed in mundane, repetitive jobs, or refuse to feel imprisoned in traditional social attitudes, beliefs and lifestyles. You insist on being free to be yourself, and to do as you please. At times, this can reflect an immature, seemingly adolescent attitude, which can be too self-centered and lack real awareness of others. You see your need for freedom to be important, and so you tend to resist any attempt to make you give a serious commitment.

Your emotions may only be touched on a superficial level, and rarely fully engaged with another, which can also lead to periods when you are tempted to become promiscuous in a search for variety and new experience. Sudden affairs are quite possible, and also satisfy that urge for excitement and even danger, where you can express yourself even more freely than usual. Certainly, your love life will have an erratic quality, similar to the flow of your sex drive, which will confuse others.

10) ► **Jupiter** ♃ **Conjunct** ♂ **Uranus** - (1°06' S) ♄9 | ♀10

([61] astromatrix.org;) The Quest For Knowledge

The expansionary characteristics of Jupiter tend to merge well with the forward-orientated direction of Uranus; and the essential personality outlook should be optimistic and positive. You will tend to believe that there is always 'something good' waiting for you just around the corner, a faith that your future will be rewarding. In some ways, this can become a self-fulfilling prophecy; a positive mental attitude attracts your dreams towards you, enabling their manifestation to proceed more smoothly.

There are likely to be sudden or surprising opportunities arising in your life, which offer the potential of development and expansion. The opening of new horizons can be

personal, through relationships and family, educational, through further study, or financial and business ventures. You may have to be ready to take full advantage of these, as they can occur sometimes without any conscious effort expended in creating new potential expressions.

You will be very attracted towards exploring human knowledge. You have an avid curiosity; and you believe that all knowledge that you acquire offers more mental freedom and interest, and more personal power, and greatly enriches life. Often, you develop a personal program for further study in specific areas of enquiry. This is so you can gain some expertise, so that the information absorbed can be used as a foundation and springboard to launch some kind of project whereby you are able to exploit your own personal potential.

You like to create options and alternatives that you could follow, if you so choose, and often mentally build a variety of potential schemes and projects. The problem may lie in being able or willing to actually manifest any of them. Sometimes a fertile mind can circle around a multitude of attractive ideas yet fail to develop any of them. A more one-pointed discipline may be required. It is likely that in your quests for expansion and growth you will begin to ally yourself with those more progressively minded people and groups devoted to social change.

New political thinking and social alternative lifestyles will attract, especially as your bias will be against the established traditional social order. You will have a reformist outlook, not excessively radical or revolutionary, but still more future-directed than the majority. As an independent thinker, you will serve as an advocate for new horizons in life; and in sowing such seeds you can help to enrich lives by encouraging others to break free of those limiting, stagnating patterns of life. You welcome the new and unknown; you experience little fear when the winds of change begin to blow and are ready to embrace their liberating influence.

25) ► **Sun** ☉ **Opposition** ♄ **Saturn** - (6°47' A) ♄1 | ♄7

([145] astromatrix.org:) Obstacles In The Path

You may feel that your success is being frustrated by the world, which appears to confront you by obstacles on your way. Much depends on your reactions to such experiences, and your inner attitudes will determine how you deal with them. At times,

you can seem almost over-assertive or aggressive, and this can diminish opportunities for co-operative endeavors to develop, especially when you fail to notice your effect on others, or inadvertently ignore their feelings and sensitivities. Often this is just an overreaction to your fears in relating to people, and instead of relaxing more, you tend to project through your tightness an over dominant energy that others can find uncomfortable.

Alternatively, you could retreat back into a surrendered posture of passivity to life's challenges, defeated before you start. Certainly, learning how to live with any restrictions imposed by Saturn may be a necessary form of adjustment, although this should not imply a resignation to them, but merely a conscious modification to circumstances and a consequent step to transcend them later. The choice is yours to reshape your lifestyle patterns into a way that is more suitable and open to development.

Self-expression and creativity may feel restricted, although this is often dependent on your confidence in your abilities and self-image, rather than on any lack of talents and qualities. Being able to perceive yourself in a positive light may become a key to your success, because that would also alter your relationships with others. There may be an emotional reserve and lack of warmth in your social contacts, so that you feel uncomfortable in bridging social divides and entering deeper relationships.

Co-operation may need further development, and that air of formality and strictness may have to be relaxed so that friendships or partnerships can be more easily formed. The need for relaxation is present in both your outer and inner relationships.

You may be unable to see your nature and direction clearly and this creates an insecurity which destabilizes your self-esteem. Personal tightness and control may need to be relinquished, and greater self-relaxation would be highly beneficial, especially in changing certain attitudes and increasing your physical vitality which periodically can become low as the energy is diverted towards restraints. Becoming looser, more tolerant, accepting and understanding would act as a great liberator, or you may begin to bow under the strain of those self-imposed restrictions, especially as your enjoyment of life progressively diminishes. A new inner balance and self-image is necessary. As this is achieved, any outer frustrations will correspondingly start to dissolve in equal measures to the increase in your self-confidence and clarified inner perspective.

While initially it may appear as if the outer world and people are opposing you, it is this same source which can offer great opportunities as your changes proceed. Through the interplay of your nature and the environment, many inner crises and tensions can be healed and resolved, releasing latent qualities, talents and potentials in their renewal of blocked energies. Look especially towards the houses and signs of the Sun-Saturn opposition for areas which could be especially revitalized, or where your talents could be effectively applied.

Until you deal with your own past wounds and traumas, however, jealousies and insecurities may run rampant through your partnership. Your relationship may be destined to expose something about your need for healing or the nature of your intuition and past wounds.

In such ways, you feel able to share your energy by supporting others who may be struggling in life, perhaps through ill-health, disadvantaged social conditions, or family problems.

There is a natural sympathy, and your compassionate approach will often lead to many sharing their problems with you. It may be that at times you will need to cleanse yourself of 'accumulated suffering' absorbed from such work, and forms of negativity-releasing meditations or psychic protection are advised, otherwise, you may experience your level of vitality dropping under the burdens that you choose to take.

Even if you do not adopt the Neptunian way as a profession, your closer social friends will recognize this quality of support within you, and will often turn to you for a helping hand and a listening heart, coming away feeling less burdened, more inspired and

sharing in your confident energy that all will be right (or that they can at least cope successfully). This is an aspect of a healing energy that you can transmit, and which is often connected to an acute inner sensitivity to the environment and people's emotions. This empathy is a key to your potential effectiveness in relationships, an intuitive knowing of how to respond and what type of support can be offered. Some may consciously gravitate towards areas of spiritual / occult healing techniques, and this could be an effective channel to explore.

Your intimate love life should be reasonably satisfying, often with a strong emphasis on physical and heart energies, possibly with some intense and passionate romances. Once you settle with a stable partner, you will appreciate those deep emotional bonds, those subtle empathies and feelings of real relationship that can be established through mutual love. Generally, your partnerships are honest and direct.

48) ► **Moon** ☾ **Square** ♄ **Mercury** - (7°14' A) ♈3 | ♄6

([388] astromatrix.org:) Where To Go And Why

Opportunities: 1. Healing Yourself Through Communication 2. Projecting Your Focus Externally

Challenges: 1. Overcoming Your Inner Conflicts 2. Get Past Your Defensiveness

The square aspect between the Moon and Mercury indicates inner tension, stress, and frustration, and a need for a radical inner adaptation to rebalance these two conflicting energies. Conscious change is required to overcome conflict between your conscious mind and protective lunar habit patterns.

One likely imbalance is an unconscious lunar domination of your rational mind, where thought processes are subverted by deep emotions and feelings, with a consequence that decisions, judgments, or objective evaluation are influenced by emotionally charged attitudes. Such unconscious attitudes and values - possibly absorbed during early childhood or from parents - can condition present choices, where issues of the past still dominate your current life. Simply put, head and heart can be in constant conflict within you; decisions may be made according to which is dominant at any given time.

This temporary supremacy can vary, like a pendulum movement, and may also be related to the sign, house, and element that each planet is in. It may be that one planet consistently dominates, and the other one becomes repressed. If Mercury dominates, then the Moon activity can sink deeper into the unconscious mind, influencing you more subtly and pervasively from a hidden position where the emotional coloration is less noticeable to you than to others. If Mercury is repressed, then rationality and logic may diminish, and choices may be influenced by insistent emotions, instincts, and feelings; habit patterns may often be security biased. Sometimes you may observe that, when attempting to restore inner balance, Mercury begins to excessively rationalize feelings and emotions. If this is allowed to persist, you may start to deny the validity of your emotions and feelings, and in so doing repress your Moon sensitivity, creating another imbalance.

Inner tension can reflect insecurity and self-doubt, creating highly nervous activity prompted by disharmony between the personality's conscious and unconscious levels. Sometimes this can manifest as psychosomatic illness, especially nervous illness,

digestive problems, and diseases related to the activity of body fluids. Another problem could emerge from self-centeredness and separative ways of living and expression. You may rely on fixed attitudes, thoughts, beliefs, and values for a sense of stable security, but these can also create relationship difficulties if you act inflexibly. Whenever someone else's opinion differs from yours, you may react with aggressive defensiveness, without first considering the value of another point of view.

You hate suggestions from others that you may be wrong, as this makes you feel insecure. Your response to this is often defiant and compulsively assertive. Paranoid feelings often accompany this reaction; and you can be very touchy emotionally, often triggering off misunderstandings and communication breakdown. With strangers you always feel insecure and on the defensive; even with closer friends, acquaintances, and family this pattern persists, although with less belligerence. Yet even in the family home, you react against having to change to accommodate others. Self-centeredly, you believe they should change to suit you; the fact that they may not wish to do so is apparently of little concern to you.

You can often communicate quite well with those with whom you feel safe, often revealing a touching if slightly immature and sentimental emotionality about such relationships. Your hidden dependency on such intimates may not always be realized or acknowledged. Relationships would improve if you were less self-preoccupied, seeing others' needs as being as important as your own, and giving to others what you are so busy taking for yourself.

Attention needs to be directed externally for you to become aware that others have equal needs and difficulties. Through mutual support, all can benefit and have a more enjoyable life. Sometimes your needs and concerns can become obsessive; and you rarely see that this represents immaturity and lack of integration. Ways that you evade making necessary inner changes can include obsessions with trivia and matters of inconsequence, continual chatter, which can create unsatisfactory relationships and wastes energy instead of using it positively to change internal stress through self-understanding.

Mercury is often repressed by a dominant Moon whenever issues of personal security dominate life, much like a demanding infant wanting immediate satisfaction. Because of this, you can lack rationality and objectivity, as noted in signs of immaturity, a lack of self-understanding, and a surfeit of emotional bias. Sometimes your ability to discriminate between reality and illusion, fact and fiction, is weak.

You can often be full of unresolved questions, uncertain of what you really think and feel about life and people, even though you defend whatever thoughts you are presenting. There can be a state of 'life-confusion' which persist

49) ► **Moon** ☾ **Square** ♅ **Pluto** - (1°28' S) ♈3 | ♁6

([395] astromatrix.org;) The Need To Purify

Intimate relationships may be difficult, with emotions intense and extreme. An atmosphere of emotional brooding may surround you; and others may prefer to withdraw as they sense elemental danger.

Needs for control influence choices and actions; you believe your environment and emotions need controlling to avoid 'threats' from others. This increases your preference for relationship dominance, often demanding that others acquiesce to your desires and wishes, yet this will inevitably imbalance relationships. You intend to rule and will never willingly be submissive. If forced to do so by partner or employer, you will later try to undermine their dominance by subversive efforts to regain control. You can react almost violently toward anyone trying to change you and may deliberately act in more extreme ways when displaying the behavior that another hopes to change.

You are a natural loner, impatient and potentially aggressive in attitude unless carefully controlled and moderated. Self-expression is often direct, with a style lacking in social graces and diplomacy, sometimes abrasive and brusque, especially with those you do not respect. This can create work and social problems; but these do not particularly bother you, as you prefer to be true to yourself. What you do need is to retain self-integrity and discover how to maintain a positive relationship with others.

You hate feeling restricted, and chafe against any imprisoning bonds, even if these were self-imposed for reasons which existed at the time. You are ambivalent toward the past, and often want to forget it as having little relevance; at other times, you display an attachment to it, attempting to reinvoke it. At least you know the past; the future sometimes scares you, stirring uneasy feelings, especially as this cannot be controlled. You may find difficulty dealing with powerful feelings of destructive energy, an urge to smash and break down obstacles that prevent you from enjoying freedom.

This inner state generates tensions and pressures which you control and repress, afraid that, if unleashed at an appropriate time, much damage could be caused. It can be hard for others to understand how this sensation of destructive emotional energy shapes and restricts you. You also find it difficult to discover how to release this energy constructively; but it is essential that relationship conflicts be reduced. You may often force issues, releasing this energy in confrontations which create sudden and dramatic life changes, despite intending this simply to release inner pressures which increase whenever you feel as if you are not in control.

Your tendency is to explode - or to implode - to stimulate a necessary transformation that can create space for changes to occur. You need to trust more - your family, intimate partners, and others. Try to communicate your feelings and difficulties so that others can help you to release them less abrasively.

Compromise is essential; the world does not revolve around your needs and desires and

living together requires mutual benefit and support. Redirecting self-preoccupation toward helping others could become a way for emotional intensity to flow safely outward, reducing inner pressure.

A deeper self-understanding, perhaps through courses and study in psychology, occultism, meditation, and self-exploration, would benefit you considerably, and give insight into the energies and levels of consciousness which create the complexity of the human personality.

57) ► **Mars** ♂ **Square** ♃ **Jupiter** - (3°53' S) ♂1 | ♃9

([424] astromatrix.org:) Overextending Yourself

With Mars Square Jupiter in your Natal Chart you will have an abundance of energy and enthusiasm that will take you some time to gain full control over. On the positive side, this aspect gives you the ability to move mountains or at least the belief that you can do so. You are greatly attracted towards adventure and exploration; this will give you the ability to explore many subjects and life experience.

On the Negative side, the Mars energy is amplified by the expansive effects of Jupiter however with the Square aspect this is normally too excessive. This brings about a large

amount of impulsiveness, desires and being drawn more towards sensual pleasure. You need excitement, freedom and new experiences to keep you satisfied. You need to plan everything you do so that you do not waste any time. It is too easy for you to act impulsively, and it will take some time for you to overcome this obstacle.

You may also need to work on your attitudes towards others. You may be overly competitive and try to prove yourself as better or superior. You are not necessarily aggressive in your manner; you just need to reevaluate the way you come across with people you deal with.

Perhaps when you were younger you didn't feel accepted, loved or appreciated for your talents and feel that you need to prove your abilities to show you are worthy. You may feel as though other people are against you or treat you unfairly and are unable to take any criticism against you. Your ambitious drive to obtain your goals and avoid excessive activities so that you don't burn yourself out.

58) ► **Mars** ♂ **Square** ♄ **Uranus** - (2°47' S) ♁1 | ♀10

([426] astromatrix.org;) A Lightning Bolt

The square will be felt as an inner tension, you are torn between the Uranian search for freedom and a deep need to feel safe and secure. This is a clash between the familiar patterns of the known and the siren call of the potential of the unknown. This is likely to be felt as a fear of commitment and risk.

Whilst you will be attracted towards greater freedom, with the possibility of creating a context where you can be more fully yourself, the likelihood is that you will resist the impulse. As you analyze your options, you prefer to play safe, as you cannot obtain these cast-iron guarantees that you would like as to the future success of your choices. This inner frustration that is likely to build up can cause stress, as a part of your nature is being denied and repressed.

You are liable to feel some emotional unease, where you are afraid of allowing full emotional expression, or even properly acknowledging your emotional nature. It is a fear of 'letting go' that is the root of this difficulty, where emotional or material losses are to be avoided if at all possible. This may have arisen through childhood experiences of loss which deeply affected you, or through a pattern developing that too strongly identified yourself with people or possessions, so that with any withdrawal or removal of them from your life, you felt that you were losing part of yourself.

You will feel that you need to keep a tight control on life, trying to ensure that chance and predictability are fended off; in this sense, you accept the more grounding energy of Mars, whilst denying the unsettling but potentially liberating energy of Uranus. You apply the Mars energy in terms of conservation, ensuring a protection of your resources through prudent and cautious organization.

You intend to apply yourself diligently to your objectives, even if you expect that they will take longer to achieve without taking risks; the problem is that for varying reasons, your intentions often fail to be realized, perhaps through an impatient Uranus unraveling those attempts at persistent effort. Or your interest wanes as you reach a point where a riskier decisive step has to be taken.

When that journey of a thousand miles requires the taking of the first step, you may decide not to travel anywhere, preferring established security. Yet you may find that you are willing to allow the Uranian impulse to move freely in your life. This could initially arise as a result of a phase of denial where some external circumstance beyond your control throws you into a period of confusion and turmoil.

Redundancy or the sudden collapse of a marriage could be triggers for Uranus to break through that dam. Certainly, it will not be denied expression for all your life, and that side of the square will need to be accepted and integrated. There is potential that even while maintaining your relative control you could safely begin to open up to new horizons, to explore other interests, to expand and liberate your limiting conception of your nature and life. There are strong foundations there, and you should be able to build efficiently upon them.

To achieve those ambitions and personal desires, you will have to take some risks at some point. If you are not committed to achieving them, then it is unlikely that you will ever succeed, because your focus and energy flow will be too diffused and unconcentrated to generate the necessary momentum. That erratic will-power needs to be drawn through into a regular consistent direction.

If you can succeed in liberating that inner frustrating tension, you would be surprised how effectively that energy could be applied to reach your aims, instead of clashing within you. Your personal relationships would also improve as the stress began to disperse, and you felt that a great weight was lifting away from your shoulders. Releasing that pent-up, potentially violent energy could mean the dawn of a new era of personal creative enrichment. To free yourself from the restrictions of this square aspect, you have to open up to life's insecurities and risks. It's your choice.

You can be serious and calculating when dealing with the public or partners.

Your karmic path is aligned with your identity and ego, which allows your personality to grow and evolve. Be careful not to use your charm or popularity for selfish gains but for helping others. You will tend to have a lot of luck in your life when it comes to achieving your goals especially if they are related to your North Node ideals.

68) ► **Midheaven MC Trine** ♃ **Jupiter** - (6°46' S) ♀2 | ♂9

([354] astromatrix.org;) The Go Getter

This aspect will be extremely useful, first by helping you find the right direction to take in your life. and second by enabling you to make others feel positive about you and eager to help if you need it.

You are able to pursue your goals without making people feel that you will take something away from them. You have a strong sense of social responsibility, a feeling that you should give your life over to a purpose that is useful in the world. It isn't that you are totally selfish or self-sacrificing, but that nothing seems worth doing unless it is of use to others.

You will always get along easily with authorities, and while you are young that usually means people who are older. You know that they have something to teach you, and you are willing to learn from them. You don't feel you have to show everyone how smart you are, even though you believe that you are rather special.

You are willing to take your time and let the world find out how much you can do. You

will always have a project to work on, because you hate to be idle, either in mind or in body. Usually you are busy with some consuming interest, which may mean more to you than being with others.

You feel that you are self-sufficient, and that your activities are enough to give you a sense of fulfillment in life. You don't feel an urgent need to be with others all the time.

69) ► **Midheaven MC Trine ☿ Uranus** - (5°40' S) 002 | ♀10

([363] astromatrix.org;) Progressive Thinker

Probably your beliefs and ideas are different from those of the people around you, and you put a different value on physical objects as well. You do not like to be tied to possessions that you must take care of. This means that eventually you will prefer to have as few possessions as possible so that you can go wherever you want without any worries.

Very early in life, you will decide that you have to follow a path that is uniquely your own and does not follow anyone else's ideas about what is good for you. You want to break new ground, but in order to get there you won't have to battle others, especially your parents or other authority figures.

You should be sufficiently creative so that you can make them see the desirability of letting you have your way to a reasonable extent. You may change your mind several times about what you want to do with your life, not so much because your mind is unstable but because it is so difficult to find exactly what you need. Incidentally, this can be a sign of an interest in or, later, a career in a technical field, such as electronics, computers, engineering or science. Or you may be interested in the occult and astrology.

You like a certain amount of excitement in your life, to keep from getting bored. You prefer anything new to what is old, so you will not be particularly interested in keeping in touch with your childhood and your past once you are finished with it. You are future-oriented, always looking ahead to the next thing to come along.

70) ► **Midheaven MC Trine ♇ Pluto** - (2°15' A) 002 | ☿6

([369] astromatrix.org;) A Born Artist

This aspect indicates that you will always want to use your resources and talents to the best of your ability in order to get ahead in life. Even while you are young, long before most people are considering a career, you will begin to learn the best ways of using your talents to get where you want to go.

However, some problems may arise in the course of your development that you should be aware of. For example, although later you will be concerned with resources, in youth you may simply be interested in owning things, which may result in your having a lot of useless clutter. Also, you should not be so possessive that you are unwilling to share at all.

On another level, this aspect can signify that you get very involved in learning various skills. This can be very useful if you concentrate on useful skills and if you do not get so wrapped up in them that you lose track of relationships with others. Do not become too self-involved. Any situation in which you feel compelled to act by some inner compulsion can be bad for you because you are not aware of yourself and what you are doing at the time. As a result, your activities might have totally unexpected consequences. Make sure you understand your reasons for doing whatever you do.

Nevertheless, you have a strong drive to get ahead and to succeed, which should be very advantageous in competition with others. Your objectives in life may change several times, and as an adult you may change careers, but your work and your outside interests should be enormously satisfying to you.

78) ► **Jupiter ♃ Trine ☾ North-Node** - (3°10' A) ♄9 | ♀5

([355] astromatrix.org:) Finding Success

With North Node trine Jupiter good deeds in the past bring opportunities for spiritual/material wealth. There is a healthy desire to acquire material things and many advantages may result from developing financial self-sufficiency. There is a lot of optimism present but in its more negative effects there may be extravagance or over-optimism. The house position of Jupiter shows where there may be a degree of enthusiasm, over-optimism, optimism, or where things are taken for granted.

There may be some excessiveness or indulgence. This is pretty much fine though, because that house also shows where there is luck. At its worst, there may be greed, though this is quite a benign aspect as far as any harm that may be caused to others. Sometimes the aspect offers more in the way of spiritual blessings than material ones, but Jupiter is expanding the effect of the Nodes, so it is more important to align yourself with this energy, especially for opportunities of deep growth and spirituality.

Attempts at expansion of the self or mind will be encouraged and accepted. This is a placement associated with karmic luck. Your generosity and optimism will help you and bring you good fortune. There is a tendency to take things for granted here. You may attain popularity very easily or achieve success so fast that you fail to properly value it. Another key issue this placement has to watch out for is the tendency to overdo things. Don't overindulge, don't be overly generous. Learn moderation.

80) ► **Saturn** ♄ **Trine** ♆ **Neptune** - (1°04' S) ♄7 | ♆11

([357] astromatrix.org:) The Creator

The high idealism of Neptune and the awareness of social responsibility of Saturn will be prominent and will stimulate an inner motivation intent on sharing in the ongoing work of social improvement.

You should have a natural insight into social issues, and this coupled with a keen perception can help you to indicate those core problems that require resolution; in addition, you are able to offer constructive solutions to such problem areas, and are able to work with or within existing social organizations or governmental bodies to influence suitable changes to be made. In particular, you enjoy restoring 'order from chaos' and making use of forgotten and ignored resources.

There can be a tendency to sit back and observe social decline and contentious issues without choosing to become more actively involved, but this would be a waste of your own talents and a denial of that sense of social obligation. Your idealism has strong moral and ethical roots, and you could feel uncomfortable if you ignored those inner promptings. Direct activism may not be your preferred mode of involvement, but you may find your role perhaps through communicating to others the facts about certain problematic social issues, especially through the medium of writing and analysis.

You tend to have an absorbent intelligence, which accumulates considerable information and knowledge easily, and which is a resource that you should be able to utilize. The level of imagination is high and active, and this too can be personally used in a variety of ways, giving a spark of life to the ideas that you have for personal and social development. You may have difficulty in deciding exactly how to use your own resources, and the ideal may be to become involved in work which has a definite social dimension. Such work can include community welfare, law, social services, environmental concerns, finance, management, media, film, photography.

Friends find that you are a reliable support in times of crisis, and you are equally willing

to lend a helping hand when necessary. Neptune inspires you towards compassionate feelings, both for people you know and for strangers. If the spiritual quality of Neptune is active (and not so overshadowed by a dominating Saturn), then you are likely to be attracted towards spiritual or occult groups, where your talents can find ways of expression.

Meditation and visualization work should be enhanced by Neptune and anchoring the energies in suitable forms should be enhanced by Saturn. Learning to trust your intuition will lead you to rely on it even more over time, and this could be a vital step forward in your own development.

93) ► **Sun ☉ Semi-Sextile ♄ Chiron** - (0°19' A) ♃1 | ♃12

([458] astrohealer.com:) This configuration signals that one's sense of self may have been polarized from one's wounds or vulnerabilities. Alternatively, one's sense of self may have been formed as a reaction to one's sense of pathos.

With this configuration in the natal chart, the father, or prominent male figures in one's life may have lived their life in spite of a certain innate vulnerability by keeping their sense of self separate from their wounds. Yet, since a semi-sextile aspect hints at a subtle force present in the periphery of consciousness, the wound could have been somatized, acted out, or lived practically, rather than psychologically integrated into the ego structure.

In some cases, an individual may identify herself as soft and delicate, and others may also regard her as such, while, in fact, there is a tough streak in her personality, making her quite capable of handling all types of Chironic predicaments and gory scenarios. In this sense, the individual may identify herself as fragile and yet demonstrate an absolute lack of sensitivity or embarrassment regarding situations that are normally awkward for

others to address.

The key to working with this configuration is to understand that the individual is both and that it is possible to live out both of these qualities simultaneously rather than having to necessarily identify with one or the other.

Opportunities: 1. Expanded Sexual Pleasure 2. Releasing Sexual Shame

Challenges: 1. Understanding fears of intimacy 2. Unlocking sexual inhibitions

Lilith Square Venus draws a very seductive energy into its sphere. Lilith's power is understanding that we all have innate primal desires. Venus's domain of relationships and self-worth, struggles to balance the hunger of Lilith's needs. Lilith doesn't care for

airs and graces in the way that Venus does. Lilith can be intoxicated by wanting to “own” the source of its desires. This energy is felt mostly in relationships, but one must always remember that everything starts from within. This placement can tend to bring out control and power issues in relationships. It's important to be aware where the root of relationship insecurities stem from, to overcome the shadow side of this placement.

Key themes of this aspect also include wanting to experience your kinky sexual desires. Additionally, this can affect an individual self-worth, in terms of feeling as though your value only lies in your sensual nature. You may feel as though your humanity isn't honored, apart from the pleasure that you can bring to serve their needs.

You may naturally have a high potency of sexual energy. As this is a square aspect, at times some of this energy may not be released - which can cause irritation and agitation. This aspect also makes you acutely aware of manipulation in relationships, whether it is emotional, financial or sexual manipulation. In fact, you may use your sexual energy to manipulate someone to get what you want. Perhaps using your sexual autonomy to climb the career ladder.

There may be issues of sexual shame, and not feeling comfortable to express your erotic nature. There may be some shadow work around feeling used when you have exchanged intimate liaisons with another. To overcome these shadow feelings, it's important to understand that exchanging sexual energy is natural - and to understand the root of where these feelings are coming from.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 26° **Sagittarius** 33' and in the **11th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 12° **Aries** 27' and in the **3rd** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong

psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.

"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 5° **Gemini** 22' and in the **5th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 21° **Capricorn** 41' and in the **12th** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.

These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 8° **Leo** 27' and in the **7th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 9° **Virgo** 38' and in the **8th** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 25° **Pisces** 43' and in the **2nd** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 5° **Virgo** 55' and in the **8th** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 16° **Libra** 11' and in the **9th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis

becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Libra: plasticity, divorce, separation, the pen

Nemesis in Ninth house (Sagittarius): intemperance, intolerance, entrapment

Lots related to family:

The **Lot of the Father** is in 12° **Leo** 40' and in the **7th** house.

If the lord of the lot of the father is dignified and is pivotal (angular) the father is strong and fortunate and may be eminent. If in decline and debilitated, judge the opposite. - Paulus Alexandrinus

The **Lot of the Mother** is in 3° **Virgo** 25' and in the **8th** house.

Same as for father.

The **Lot of Siblings** is in 13° **Sagittarius** 49' and in the **11th** house.

The **Lot of Children** is in 25° **Aries** 6' and in the **3rd** house.

The **Lot of Daughters** is in 14° **Aquarius** 0' and in the **1st** house.

The **Lot of Sons** is in 7° **Scorpio** 16' and in the **10th** house.

The **Lot of Marriage for Woman** is in 19° **Sagittarius** 16' and in the **11th** house.

The **Lot of Marriage for Men** is in 19° **Aries** 38' and in the **3rd** house.

The **Lot of Deceit in Marriage by Woman** is in 12° **Sagittarius** 51' and in the **11th** house.

The **Lot of Deceit in Marriage by Men** is in 26° **Libra** 25' and in the **9th** house.

The **Lot of Marriage (in general)** is in 24° **Aquarius** 55' and in the **1st** house.

Lots related to society:

(Hellenistic)

The **Lot of Debt** is in 26° **Pisces** 1' and in the **2nd** house.

Indicates what could be a source of financial losses or debt.

The **Lot of Theft** is in 7° **Aquarius** 7' and in the **1st** house.

The **Lot of Treachery** is in 3° **Pisces** 9' and in the **2nd** house.
Betrayal of trust

The **Lot of Accusation or Exile** is in 9° **Virgo** 56' and in the **8th** house.
Lot of Being in a Foreign Land (exile), Lot of Accusation, also Lot of Police: indicate areas of life where someone may be accused of something, either falsely or truthfully.

The **Lot of the Destroyer** is in 3° **Virgo** 25' and in the **8th** house.
We have little systematic information of its use except that it seems to relate to the manner of death. I would urge astrologers not to be careless in the use of this lot.

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Libra (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 7th House/Libra: You are almost always open to welcome new friends, but equally wearisome from previous relationships you realized you didn't want to be responsible for. You gain a lot of acquaintances (though more than you often bargain for) as you are eternally approachable because people realize you're very accepting of others. This acceptance comes from the knowledge that everyone is a can of worms waiting to be opened. When you do find people to be close to, boy do you open up. Often, you are more contained alone than you are with friends. Others bring out things in yourself you never realized on your own. Though you bring the life to the party, time to yourself can help you recuperate as you get so wrapped up in relationships that you feel the need to explode, often on those you're close to. The intensity others bring out in you is better in smaller, more manageable doses, otherwise it can burn everyone involved quickly unless they can handle and match it.

Pholus in 9th house

(12andus.com;) You may feel like you are on a path to search for greater awakening through wisdom and expansive thinking.

You can be opinionated and strong willed. You may also be independent and love to travel, relocating frequently or living abroad as you seek out truth and purpose.

Your sense of ideals and meaning are the key to transcendence. They can also lead you to unleashing a dramatic change that is initially chaotic. You may become lost in a frenzy when this happens.

The momentum that is created by this uncorking can spread on a large scale. You may find yourself in a messy situation that will only be transcended if you can let go of toxic beliefs and surrender to the process.

Your inability to control the situation may require instead that you overcome by taking on a different perspective. Your shift in beliefs can lead to a change in confidence. Your creativity and sensitive side can help see you through these chaotic transformations.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Sagittarius

(12andus.com:) You may be drawn to fantasize about ideal love.

in may also feel a strong sexual attraction to those from other cultures, to the extent that you may fetishize some aspect of dress, culture or appearance rather than connecting with your partner.

You have a healthy sexual appetite that leads you to want to explore pleasure in every possible way. You may also have a secret desire to either engage in sexual connection in public places or while others are watching, or to be sexually involved with a number of people at once.

You can become obsessed with expansion and adventure and eager to try new things in sexual encounters. You need to have a partner or partners who are as vital and active as you are. You may be more sexually energized if you are active in other ways.

Hiking, camping, playing sports or other rigorous or adventurous activities can stimulate your sexual appetite.

Eros in 11th house

(12andus.com:) Your sexual interests are varied and surprising.

You may be aroused by any number of things and your erotic fantasies may change one day to the next. You may have fantasies about having erotic encounters with numerous partners at once or about taboo sexual encounters.

You may be surprising and even extreme as your desires are unconventional and challenge the status quo. You may also have an intense desire for sexual exploration.

Your passions are triggered by intellectual connection and you may feel an intense connection to someone you just met, intuitively drawn to a partner without being able to explain why.

Even though you have a healthy sexual appetite, you aren't out to use erotic connection

as a form of emotional bonding. In fact you can be independent or even indifferent about your sexual encounters.

You may use sexual exploration as a form of experimentation and test your own (and your partners') boundaries.

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Scorpio

(astrology.com:) Scorpio or in the eighth house: While sex seems like the obvious activity here, it's not pure release that this individual needs—facing fears helps their immune system thrive. When they take risks, they feel powerful, and when they feel powerful, they feel healthy. Sensitive souls, these individuals are subject to paranoia, like shadowboxing imaginary health scares. Trusting their intuition syncs the mind-body connection, and their wellbeing falls into place. What to be aware of: safety first!

Hygiea in 10th house

(astrology.com:) Capricorn or in the tenth house: This Hygiea placement falls in charts of those who associate wellness with public interactions. These individuals feel anxious if they are not “making progress”. You can often find them exercising in gyms or yoga studios where they meet teachers and trainers who will hold them to their fitness objectives. Although a healthy appearance has its benefits, they shouldn't strain themselves for the sake of optics or the desire for respect.

You will have to be your own best health care advisor.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Gemini

(astronomicallyaligned.tumblr.com:.) Your box is filled with air and electricity. It's similar to the connections and nerves in the brain. If let loose, it will spread like a virus, infecting all living, and all dead. You might want to release the tension in hope of gaining intelligence and possibilities. The virus turns the brain on full gear. It's airborne. It will spread fast and mercilessly like the plague. Try using that inner electricity and light air for connecting and inspiring a thirst for knowledge in others. Or more the thirst for thinking.

Pandora in 5th house

(astronomicallyaligned.tumblr.com:) You're curious about creations, humanmade, or naturemade. Creativity, fun, drama, children, animals, romance, yourself, and games. Pandora in this house can get really intense about having fun and playing games.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing pur sang, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Scorpio

(smartyoungsters.com:) Nessus shows the dark side of the god of the underworld. But even then this Nessus has the biggest potential of becoming a healer. In fact, the most powerful healer. Nessus here, is the mafia, drug dealer, tantric yogi, black magician who uses spirits to bring him power. He is the "bad magician" from Aladdin's story who is running after the lamp for power. This Nessus has an obsessive and uncontrolled desire to gain power. He wants wealth at all costs and use darkest themes to get it. His greed is endless be it for sex, power or money. He holds his victim captive like the Devil card in tarot. When positively expressed, he is powerful yogi like Lord Shiva who heals victims of various ailments. He is the one who gives life to the dying through power obtained by controlling the kundalini energy. In love this is most manipulative Nessus who can do anything to gain control of the relationship. He will use all methods to hold his lover captive.

Nessus in 10th house

(smartyoungsters.com:) This is the corporate Nessus who will do anything to keep his reputation. He has a OCD for maintaining his high status and public image. This Nessus can never "compromise" on that. In fact, his hunger to keep growing that reputation never stops. For that purpose, he will make everyone work and no excuses will work for this "boss". He manipulates his employees by sheer power of his disciplined approach. He has obsession for discipline, order and structure and will use all tactics to get it from those under him. In fact, anybody whom he knows and who knows his ambitions become his employees who must work in tandem to help him reach his goals. This is a slave driving Nessus who gets annoyed and abusive if his word is not adhered to. He will cut anyone to size who tries to play with his reputation and will take more than extra care to maintain a sparkling white reputation. When controlled by Saturn and Chiron, this is the most respected person in the family who is the father figure. He has an extended family and provides shelter to the frightened eyes and old people. In love, he is the provider and you better be "AWARE". Nobody other than him will provide and he will expect you to be his support system, even if you are a man and Nessus is a woman. It will always be about his public image and his reputation.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Cupido | Partnership and Companionship

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into its life that is not authentic, or that would compromise its integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we create a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to

bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.

[4] According to Ptolemy, it is of the nature of Venus and Mercury (idealistic, psychic, handsome, neat, lovable, refined, genteel, intelligent). It is said to be very fortunate and powerful and yet to cause malevolence of sublime scope and character, and change from a material to a spiritual form of expression. Cardan stated that together with the

stars rising with 12 Gemini it gives an immortal name.

The fixed stars known as the North and South Asellus are two stars that are read

together as a team to reach a conclusion. This stormy stellar double-header releases powerful psychic energy, which if harnessed and projected calmly will guarantee success.

This is a great time for dealing with the public and influential people... and generally getting ahead with a little help from friends. Remember that positive thoughts and actions will reap positive results and positive rewards. Shifting from a young soul to an old soul this lifetime around.

Shadow Side

The energy of these two stars shows an aggressive and frustrated mood. With bursts of dark experiences of low self-esteem and depression. Violence and anger seem to follow this star around like a black cloud.

When these stars show in your chart you really have to knuckle down and focus to achieve a positive outcome. But it turns out all worth it, in the end. With personal gratification amping up the next chapter of projects in your life.

[3] The fixed star Unuk (aka "Snake Heart"). This cunning fixed star seeks release in the seductive, unconscious and instinctive sexual/aggressive forces deep within us.

But as the energy cuts a swathe of darkness across the face of the Earth, the rhythm of this beating heart will stop for a few moments... and so with it the repressed coiled energies of the collective.

So seductive... and addictive, this uncontrolled and corrupt energy is potentially violent and criminal. However, if acknowledged, accepted and celebrated, the animal urges inherent in the human species and can be channelled into a new realm of possibilities... where the undulating vibrations of instinctive awareness are harnessed into higher awareness, offering supreme enlightenment and a gateway to bliss. This is the beginning of the shift of consciousness.

The fixed star Unuk marks the possibility of ascension. Individual efforts focused outwards. By entering the dark side of life, opens us to see the light. Like a moth to a flame. Once the light is found through the blackness a new path forward is forged.

If this aggression is not controlled and channelled correctly it may lead to anger directed

towards others. Unuk star in an astrology chart shows where emotions are heightened, bringing about anxiety. Leading to cloudiness in decisions and an unclear mindset.
