Sun ☉ in II 2nd House

([860] i.thehoroscope.co)

This placement of the Sun encourages people to keep their word and avoid making empty promises, as well as be practical and attentive with their money.

People born with the Sun in the second house in their birth chart will focus almost all of their energy on making money and accumulating as many possessions as possible. They surely are very preoccupied with wealth and want the power associated with being rich because this makes them feel secure and important.

It's essential for these people to take care of as many financial activities as possible as they're really talented when it comes to the material side of life and can be really successful with business.

These people will become financially independent from a very young age because the Sun's position in the 2nd house helps them a lot in this direction. But they are not the type to save money as they really take pleasure in everything life has to offer and love high-quality things.

Summary:

Strengths: Sensual, intuitive and witty;

Challenges: Possessive and somewhat controlling;

Advice: They shouldn't let their pride cloud their judgment.

Self-confident charmers

Sun in 2nd house people are very proud of how much money they've managed to make and need to feel financially secure.

They're always keeping their word and don't make empty promises, but the fact that they identify themselves with their possessions can't be too beneficial for them.

It's important for these natives to appreciate the value of people and relationships, not only the one of wealth. They should be proud of their family and friends because dreaming only of materials can really distort their view on life.

Individuals having this placement are usually spending their money just to feel better when depressed because going to the mall and using their credit cards to buy all sort of expensive things makes them happy, even if for a short period of time and afterwards gives them a feeling of guilt.

As soon as they'll realize everything that they bought is not that useful and that their pockets are empty, they will start to feel even more depressed than they used to.

But they won't stop from spending all over again, so this cycle can't be interrupted and no one can tell them anything about it because they'd get angry.

Not to mention how much they enjoy showing off their possessions and letting others know they're the only ones who have unique things they're not even using.

The aspects influencing their Sun position in the 2nd house can have other people taking advantage of them because they don't hesitate to let everyone know how much they have and that they're willing to help.

The items they're buying will always be extravagant as they like keeping up appearances and are very worried about what others think of them. Being a source of heat and energy, the Sun makes people having it in their 2nd house focus a lot on wealth.

Also ruling over family, speech and the right side of the head, this house is the home of Venus, which is the Sun's enemy.

They're usually lucky enough to get born in influential families of politicians or successful business people, being taught what compassion and generosity means ever since children.

But the same position of the Sun makes them egotistical, too self-confident and having many other personality issues that make others turn against them. Their ego can influence them to all the time argue with their family.

Because the 2nd house is mostly about wealth, they will mainly focus on obtaining financial security and materialistic pleasures. It's possible they'll have health problems

with their eyes and some sort of speech impairment.

They may get married more than once but only because they're unlucky in love, not because they're in any way bad as spouses. These natives may be spoiled and rely a lot on their father for money because this is what they used to do in their childhood and their financial education has failed them.

All individuals having Sun in 2nd house will focus on their immediate needs and enjoy the good life while also stressing about stability.

That's why they have to always be on secure territories and to be around people they emotionally trust.

These individuals instinctively want to be part of a clan and to lead, but not by being authoritative as their nature is optimistic, generous and possessive.

The positives

The main purpose in life for Sun in 2nd house individuals should be appreciating true value and putting their talent to work.

They function best when having a steady rhythm of development and have the opportunity to work hard for long-lasting and highly appreciated results.

As soon as they've found a profession to help them become better as human beings, they become more than happy to pursue it.

Because they're sensual and love everything that's beautiful, they feel perfectly in nature and when doing what brings them pleasure.

There's a risk for them to identify themselves with their possessions and bank accounts, but at least naturalness and simplicity dominates their existence.

These natives need to feel secure and are very generous with anyone who happens to be in their life.

Kind and open, they should learn how to exploit these traits more and to be less obsessed with money because giving their everything for wealth only can be a very dangerous thing.

It's challenging for people having their Sun in the 2nd house to use their talents and not think of how much they're getting from this.

But if mature and wise enough, they can focus only on how to be more productive and at the same time giving. This position makes them courageous, noble and strong. These

traits will be within themselves and mainly focused on establishing a secure and wealthy life that they can enjoy with their loved ones.

As a matter of fact, natives with this placement can make financial security their main goal. But they should learn that no one can offer it to them and that they're the only ones to get it for themselves.

When people having their Sun in the second house are pursuing a goal, they usually manage to attain it, no matter how much others have opposed them. Proud and stubborn, many of their traits belong to the Taurus, which the sign occupying the 2nd house.

The negatives

While Sun in 2nd house individuals put a high price on financial security, they should be careful not to become too materialistic.

Good leaders, it's important they take some risks when required to because they have the tendency to overindulge and become complacent in a comfortable situation, refusing to expand their horizons.

The lesson on how money should be spent needs to be taught to them every month as they tend to spend everything they have in just one shopping session.

Their money should also be given to others because the favor may be returned and they'd never know when one of their friends can give them a hand with something very important.

However, people with the Sun in the 2nd house are usually generous, so they shouldn't worry they haven't given others a hand when supposed to.

When the Sun is in an afflicted position in their 2nd house, they'll think only wealth can make them seem important in the eyes of others, and not in any way their actions.

Therefore, it's very likely they'll do anything for money as their ego will be satisfied only when they have many possessions.

Very possessive and dependent on their loved ones, these people can be too clingy with many of the people in their life. It's important Sun in 2nd house individuals determine what real value is when very young.

If they ignore this, it's possible for them to end up being too egotistical and thinking money can solve any problem.

Giving too much importance to possessions is never healthy because other people value

different things. The more these people will determine what true value is, the more they'll have a well-established identity that's conditioned by nothing and no one.

Challenges: Superficial and rushed;

Advice: Try to depend less on validation from others.

All about introspection

Natives with Moon in 6th House become very emotional when they don't seem to get things done at work. They need a routine and to know that their life is functioning well, because this is what helps them remain healthy and be of use for others.

The position of the Moon in a birth chart determines how the feelings of a person fluctuate. When this celestial body resides in the House of health, work and service, all these aspects in that person's life will suffer many changes, and the way they feel about themselves will very much depend on how their emotional needs are being satisfied.

If the Moon has a difficult aspect, the natives will have many health problems, may change their job very often and even be annoyed and moody for no reason. Hypochondria and other psychological issues may be a problem for them because they obsess over being healthy.

Moon in sixth House people are very sensitive when it comes to their digestive system, therefore some concern from their side on this issue would be more than fair.

Focusing on dieting and some physical exercise to help them deal with their metabolism would be more than indicated. Their emotions can influence their digestive system and how they need to be as comfortable as possible in order to not encounter problems with their stomach.

Moon in the sixth House natives are emotionally satisfied when their career is going in a good direction, regardless if they would be working in a more domestic environment, like taking care of others or of a home. It seems they're extremely efficient at cleaning and cooking, so jobs in kitchens are ideal for them.

The sixth House is also about introspection and being very good with crafts. People with Moon in 6th House would also do a great job working with animals or taking care of those who are in need.

This position of the Moon has them needing to be of service while also putting their amazing skills to work. Everything they do is going to become their second nature because they prefer to always be stable and for things to happen as they have predicted them.

Since the Moon rules over family too, they may feel very comfortable working alongside their relatives or create an atmosphere at work where everyone is feeling like they're related to each other.

In other words, they will take good care of their colleagues and support them more than anyone else.

But they will also want to be cared for and nurtured because they enjoy being spoiled. Lending a helping hand comes naturally for them, their work style always proving to be the most creative, efficient and versatile.

They usually pay great attention to what they do every day, enjoying routine and being very talented with anything that may require them to build something with their own hands.

Finding great solutions

Moon in the 6th House individuals are not emotionally satisfied until they have helped someone, worked as efficiently as possible and have been as organized and healthy as a person could ever be. If things don't go this way for them, they panic.

If they want to be happy, they need variety in what they do for a living, this being the reason why many of them change jobs. These people enjoy routine in their everyday life, but not at work. Very delicate, they are aware of how their body is functioning and what every small pain in their body means.

But all in all, they are the nicest people, always prepared to give a hand and to show their affection. Many will come to them with different problems and they won't hesitate to help without expecting anything in return.

It's possible for them to even look for those in need because it's in their nature to improve others' lives and to change things for the best.

For them, there's only action to be taken when it comes to expressing affection and concern. They care a lot about the mundane, so you can be sure their bills are always going to be paid.

This is the House in which wild Sun Arieses and passionate Moon Leos are being tamed. Not that Moon in 6th House natives aren't fun, but they're the type who enjoy doing the dishes and taking good care of others. They need to feel emotionally secure and happy by resolving all of the small problems, one by one.

It's normal for them to put their emotions to use and to turn them into a productive result. They can even use what they feel about people and situations to deal with all kind of life problems and to find great solutions. It's not in their nature to wallow, so expect them to go on with everything in the most effective way.

They will want to solve others' problems as well, because this is how they show their care and affection. The way they address issues depends a lot on what their Moon sign is.

For example, a Scorpio Moon will dig deep and find out where the root of a matter is. He or she will make a plan and find the best solution according to what they've assessed.

There is no unsolvable problem for people with Moon in 6th House, because it's in their nature to fix things and even to look for what may be wrong and deal with it.

And they won't want to search only outside of themselves as they're very good at working hard self-improving along the way.

Their job, different kind of health habits and the home they are living in will pretty much consume all of their energy. However, they need to be careful not to become dependent on all these things or to end up neurotic because they want perfection. This would only make them anxious and unable to relax.

Very domestic and loving to have a routine at home, natives with Moon in 6th House enjoy the simple life and are found to be quite dull by others. They should pay attention not to become depressed as too many days being low can turn into depression for them.

The days when their life is a mess have a lot to do with the Moon's phases, so if they study when this planet is putting them in a specific state of mind, they will understand when to let go and when to pay more attention to how they may be feeling.

If the Moon is in a difficult aspect with Mars, Uranus or Saturn, they should pay attention to their mental health and notice if they have a tendency to be bipolar.

Because they study a lot on the subject of health, they will be very knowledgeable on how the mind and the body are functioning together, sharing their discoveries with the rest of the world and suggesting different kind of medical treatments to those who have problems.

That's why they would make good doctors and health practitioners. They will probably have difficulties adapting their lifestyle to a healthy routine as life is often unpredictable and demands changes or for things to be a little bit slower. The Moon in 6th House people have a need to help their peers more than others.

Mercury ☿ in 13 Capricorn man 3° 51'

([902] i.thehoroscope.co)

He knows how to seize a good opportunity and this is usually a result of his observant nature.

The Mercury in Capricorn man may appear as dull or boring, but these are just superficial remarks that don't affect them in the least. You might get the impression that he's very authoritative and demanding, like barking orders at you, because he never talks more than he has to.

This reliable and trustworthy attitude comes at the expense of annoying stubbornness. He will never admit that he is wrong because that would weaken his resolve.

In a nutshell:

Positives: Responsible and composed;

Negatives: Aloof and impulsive;

Soulmate: Someone who is just as perfectionistic;

Life lesson: Not feeling overwhelmed by certain challenges.

A man of strong principles

The Mercury in Capricorn man knows that good decisions are those that you spend some time thinking about, carefully analyzing all the data, taking in the whole picture.

Also, no one's going to make them for you, so that's the ground level, the starting point, facing the challenges head-on. He likes knowing that people depend on him, on his serious and responsible personality.

The key to a good understanding with this man is being calm, patient, explaining things in clear words and never hurrying. He wants to know exactly what the problem is, to get the information in steady, uninterrupted flow.

On the same line, he will always engage in activities and events that present advantageous opportunities for him.

This comes as a result of deep, inner analysis, observation of his pros and cons, vulnerabilities, things he's good at, and so on. His path is one of excellence and self-development, self-perfection more like it.

He's been like this ever since he was young, taking on responsibilities, honing his skills, disciplining his will and preparing himself for the future.

The man born with Mercury in Capricorn learns from his mistakes and failures but also wishes he would never get to that point where he fails.

However, when all is said and done, while he is a very serious and hard-working individual, he also knows when to let up, to take a step back and just enjoy a good moment of solitude, of relaxation.

He does have a problem with keeping himself in check, with not having enough time to do everything.

He never chatters more than it is necessary, and he hates talking about people behind their backs. Don't even think about starting this sort of subject with him.

He will change his opinion about you just like that. He believes in practicality and pragmatism, so he won't waste any more time that he has to.

In his social relationships, he prefers having a few close friends whom he goes out with.

He hates having to deal with impatient and aggressive people who can't stop for a second to just think about their actions. These kinds of people are always impulsive, in a rush, prone to failure and mistakes, annoying as hell in other words.

He keeps in constant control of his emotions so he doesn't exactly show his true colors when working with these unsavory types, but step on his toes and that's going to change.

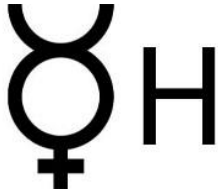

Romantically, the Mercury in Capricorn man is slow, patient, he takes it step-by-step, going through all the phases and letting it come naturally.

Further down the road, he will become very affectionate and loving, becoming very tied

to his partner, planning and thinking in tandem with her.

You shouldn't take his love for granted or make a mess of him because he will eventually figure that out and plan his revenge.

Mercury ♀ in VII 7th House

([914] i.thehoroscope.co)

This placement of Mercury encourages people to prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

Those born with their Mercury in the seventh house of the birth chart are very sociable and communicative individuals who would rather spend all night in town than stay cooped up in their homes, dying of boredom.

They do well in relationships with other people, meaning that they manage to share ideas and come to an understanding with pretty much anyone.

Professionally, you're going to see these people gravitating toward PR jobs, holding conferences or working in sales. They are good at persuading people or mediating conflicts because they know how to speak and how to calm a situation down.

Summary:

Strengths: Witty, expansive and affectionate;

Challenges: Difficult, vain and indecisive;

Advice: They should try their hand at different activities and not hesitate.

Hard to impress

These natives are often put into difficult situations because they can't make quick decisions, on the fly, without actually taking the time to consider all the details and possible consequences.

They hesitate, beat around the bush, and waste time until someone pushes them or the time comes for a decision to be made, irrespective of whether they're certain of the options or not.

The problem here is that the natural ruler of the seventh house is Libra, the sign known for its unwillingness to commit to a course of action without first analyzing everything.

However, with Mercury in this house, you can talk to them about anything in the world, the more intellectually stimulating, the better. In particular, they love talking about relationships, love matters, especially their own.

The Mercury in 7th house natives are sapiosexuals, in that they are most attracted by intelligent partners who have intellectual interests and who know how to talk.

You just have to impress them by bringing up a profound subject and coming with a few interesting ideas. They will take the ball and continue from then on, but most importantly, they will have taken you into their sight.

They prefer solving problems by being communicative, talking about what's wrong and agreeing on the most efficient course of action.

They can debate pretty much anyone on any given subject, and more than that, they can argue from many different positions, even one that they may not agree with.

This is thanks to their expansive and meticulous mind that gives them unprecedented insight into the subject.

For these Mercury in 7th house natives, nothing is more pleasing or interesting than a good discussion, an intellectually stimulating conversation that they can play around with.

In relationships, they will often attempt to raise these topics with their partners, to spice things up.

Settling on a certain conclusion may be hard, but discussing it, taking every possible solution into consideration, that's easily done.

The positives

Even though they may be known as social butterflies and absolute freaks when it comes to talking to other people, they still prefer a one-on-one conversation with someone they can trust.

Also, the subjects have to be profound, serious, philosophical or at least mainstream, debatable, so that they can get interested enough.

They can focus and more efficiently organize their ideas in a private setting, with no one to disturb their thoughts. In such an intellectual transaction, there must be equal roles, one must give an answer and the other must ask, and so on.

When they fall in love, nothing appeals to them more than keeping in contact with the partner non-stop.

Messages, calls, shouts from across the house, kisses on the cheeks, these natives want to create a partnership based on communication, affectionate and intimate contact.

They can both grow and develop through this process of interpersonal contact kept at a maximum degree, the bonds will deepen with time and they will be very close to one another.

Especially when it has something to do with professional expertise, they will act as though everything is dependent on them talking as persuasive as possible, and giving the best impression.

Investments, lucrative partnerships, and collaborations with the big shots of some big corporations, the Mercury in 7th house natives know how to use relationships and take care of all of these.

They know what to pay attention to, how to organize all the details, how to mediate between two opposite sides.

Moreover, knowing that Mercury sports two sets of energies correspondent to a dual personality, these natives might very well have quite a rich romantic life, with situations when they have to choose the best partner from many more. Logic will be the main instrument here.

This aspect instills a sense of paranoid fear into these natives, in that they act skittish and become tense when people contradict them.

Different opinions may be challenging and intriguing to other, more confident and open-minded people, but they can't stand it when someone has a different idea that goes against them.

Instead of getting mad or entering a conflict, they will try to mediate and reach a consensus, either through a solid explanation or a better solution.

Even more, they might even be able to befriend these perceived enemies, to nurture a spiritual connection between them.

The negatives

No matter what everyone says, the Mercury in 7th house natives actually crave for romantic belonging, to be loved and spend time with someone who deeply understands them, someone who they can feel close to.

This is one of their ways to find fulfillment, to fill out that void in their hearts, to find happiness. For all their social lives and keenness of talking to people, these are all extra activities, done for fun, but a more intimate speaking partner would be much better.

However, they can spend a lot of time thinking about what's best, about their own feelings, and this is a waste of time that often results in lost chances.

They are very critical and analytic, always weighing the advantages and downsides of a relationship.

When Mercury is in retrograde, bad things are afoot, meaning that life won't be too colorful for these natives.

They will become overly-focused on the smallest of details, on the flaws, forgetting about the greater picture, to take a step back and just be thankful for what they have.

This pessimistic and negativistic attitude brings them a lot of problems in the long run.

The movements of Mercury during these times and the number of times it goes into retrograde have a very powerful influence on their day-to-day lives. The effects are catastrophic if not properly controlled.

Moreover, he will always play by the book, never stray from a set path, even romantically speaking. He won't try to use untested tactics and flimsy seduction techniques.

The traditional things have always worked, and this is what he's going to play with as well. However, because he's going to put so much effort and soul into the relationship, he at least expects his partner to have unwavering loyalty towards him.

He's very affectionate, and has a lot of love to offer to the right person. He just has to find that special someone who knows how to appreciate his efforts.

In a nutshell:

Positives: Artistic and generous;

Soulmate: Someone who takes good care of themselves;

Life lesson: Doubting their choices from time to time is a good exercise.

His love personality

This Venus in Leo native can't help but end up bewitched by bold and fiery women, those with a temper who know what they want and how to get it.

The crazies, the impetuous, the ones society shuns for being non-conformist, too aggressive, he is in absolute love with those because that's also his general attitude.

He likes grandeur, over-the-top gestures, showy attitudes, bold and courageous acts, and he will love it if his lover expresses his love in the most obvious of ways.

Shouting it from atop the Eiffel tower would count as a sure-kill move in his book, for example. Royal treatment, in other words, is the essential concept here. He will both give it, and expect to receive it in return.

Also, he likes his woman to take care of her, and to look good, although in an elegant and dignified manner, rather than a flimsy and cheap decoration.

He wants to be in the spotlight, and he wants his lover to allow him this. In return, he will treat her just like the queen she deserves to be.

The man with Venus in Leo is one of the individuals who would stumble upon the leprechaun's golden pot if they chose to be actors.

They are dramatic and know exactly how to showcase their abilities, put a brilliant performance before a public, and their artistic sense is off the charts in some regards.

He's got an electrifying personality, everyone can attest to that, and his natural charm can imprison you with just a glance from his hypnotic gaze.

He loves beauty and likes to be surrounded by beauty everywhere he goes. Gorgeous women, artistic aestheticism, a comfortable and splendid environment, he wants it all.

Venus is the planet of love, pure and simple, so romantically, this native will flourish in almost all encounters. There is nobody who can say that they didn't have a good time

with him.

He will treat you with the utmost respect and dignity, while also going the extra way to make you feel spoiled beyond your own expectations.

You're sexy and very attractive, and that's one of the reasons that he chose you, but he's got a lot of admirers and women waiting for him, or at least that's the impression he wants to make.

Dramatics, legendary experiences, epic victories, thrilling emotions, this is what he wants from a relationship.

This native will never beat around the bush or avoid to tell you exactly what he thinks. He's an open book that you can skim through at any time, and if you need an honest opinion, you can count on him at all times.

In terms of personal confidence, he's brimming with it because he knows that he's fully able to take whatever he wants, and the many victories he's had only added to this sense of superiority.

Thus, they will not accept a refusal, ever. They will even react aggressively when their wishes are not accomplished and will frown when others don't seem to appreciate them just for existing.

Attracted by ...

The Venus in Leo man will get offended from the flimsiest of things, so don't even think of going overboard with him, or even making a joke that can be interpreted as something else.

Moreover, he will like to get out as often as possible. Why stay in the house when there's a whole wide world out there worth exploring?

His woman must know how to present herself in her best appearance, and we're not talking about make-up or things like that. We're talking about real clothing style and good tastes. Dresses, high-heels, wavy hair, and so on.

In fact, he's attracted to a woman who knows how to flaunt her assets, no matter if she's real about it or not.

As long as the Venus in Leo man sees what must be seen, like perky breasts or a round butt, because he is mostly attracted by physical beauty, then he will get interested right away.

In principle, he would also like his girl to have guts, to be dominant, confident, ballsy, to

know exactly what she wants from her life, and how she wants it.

Also, this guy absolutely loves to be in the center of attention, both in his social groups, and especially with his lover. He will want to be praised, for legendary odes to be sung about his awesomeness.

In conclusion

The best thing this guy is good at is making his partner feel just like in paradise like nothing else could be better than living with him.

He will spoil and take care of her, show her exactly what pleasure means, how satisfaction can mean much more than mere physical stuff and emotional trivialities.

He can bring about a true revolution within you, making you think where the hell he's been at all your life.

Even though he's a very lively and fiery native with plenty of enthusiasm, this doesn't mean that he won't meet his match, that no one could ever resist.

Those born under the element of fire are perfect for him, while water natives would do best to avoid him. They are creative and artistic enough to figure out ways in which to avoid getting bested by his volcanic demeanor.

Of course, this doesn't mean that he'll just let you play your own game without interfering.

He can quickly come up your alley and learn the tricks of the trade and considering that's a very determined man, you'll have to be prepared for a partner in crime.

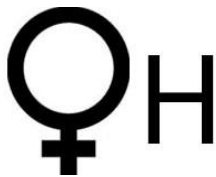

Don't even think about stealing his spotlight or going the extra way to take attention away from him.

He's egocentric and egotistic, and he loves being in the center of attention at all times, having everyone praise his unmistakable allure and charisma.

They won't ever try to inhibit their own accomplishment or achievements just to allow you a piece of the pie.

If you want to be admired, you have to reach that place for yourself, but this doesn't mean that he will look at you with condescending eyes while you die from fatigue. He will give his best to help and support your ascending path towards success.

they're very proud of.

Very good at finding value anywhere and also at putting it to good use, they would do a great job at trading antiques or other things that can be repaired and sold for a higher price.

Usually generous and eager to make gifts, they expect something back from those they're giving presents to. Many of them may be too obsessed to win their partner's admiration because all they want is to be praised and can't always receive admiration.

Their most erogenous zones are the neck area and the chest, having a voice that makes any member of the opposite sex fall in love with them. They like to wait and build on new love, and their ideal partner will offer them security coupled with loyalty.

As soon as they've committed, expect them to always be honest and to never want to leave. Their values are strong, so it can be difficult for others to understand their principles or to want to stay around them for a lifetime.

Sensuality characterizes these people, so they'll enjoy everything that appeals to their senses. The more open and sincere a person is, the more they will like him or her.

It can be said Venus in 2nd House people are of two types: the ones driven by the materialistic side of things and the ones who are only looking for value. Some may be neither of these two types, other can fall into both categories, but most of them are only one of these two things.

There are many features they have in common, among which attachment should definitely be mentioned. Also, their desire to own and to have as many valuable possessions as possible will be present in all of them. This is because Taurus belongs to the second House, and Taurus is a sign that obsesses over owning things.

Venus in 2nd House individuals truly appreciate beauty and want to be in the most pleasant environments. That's why they will work hard to have a comfortable life and to afford all kind of expensive things.

Because Venus is the planet of love, they will also be possessive with their partner, so many of their breakups will be caused by this attitude.

Their idea of love is associated with complete devotion and loyalty, and there's no other way around with them when it comes to this. They value their romantic relationships very much, but as Air signs, they may not have this feeling that much.

Those who have their Sun in a Fire sign may be insistent on one side and tolerant on the other, while the Earth and Water signs are truly feeling this influence and can't in any

way escape it. The Earth ones are also more interested in everything materialistic.

Love is all about being next to their partner

As said before, natives with Venus in the 2nd House are of two types. Some of them are driven by the materials, others appreciate only value. They may be none of these things or they can be both, but you can be sure they'll be extreme about it, no matter which one they're featuring.

Don't think they don't have anything in common, because they do. For example, they all need security and get strongly attached, no matter if it's on people or things.

Taurus rules the second House, being a sign that wants to always possess and to enjoy beauty or pleasure in all its forms. That's why people with Venus in the 2nd House will always make their surroundings beautiful and struggle to be as comfortable as possible.

Because they can get very jealous and terrified their partner may cheat on them, they need to somehow learn how to deal with this or their lovers may break up with them more often than others go to the gym.

Love is all about being next to their partner and paying no attention to other people. That's why they want someone who doesn't mind belonging to them and who understands they find this feeling very important.

When they feel secure themselves, it becomes their pleasure to make others enjoy stability. Falling in love can make them overprotective and caring, the providers who always make their loved ones' wishes come true.

The more materialistic natives with Venus in the 2nd House are also very realistic and can work until they're exhausted. When knowing they have something to gain, it's impossible for them to think of morals anymore.

This can be harsh, but their drive to make as much as possible can be really destructive, no matter how much they're struggling to create a better life for themselves and their partner.

It's possible for them to fall in love for the money or the social position a marriage can bring them. Because they want financial security more than anything, their partner will be rich and very generous. The ones who appreciate only value have a lot of honor and strong principles which they live their life by and impose on others.

They'll immediately judge those who don't live up to their expectations, seeing themselves in a very positive light.

It's suggested all natives having Venus in the second House become more open minded

and no longer hold on too tightly to their old ideas.

It's wrong to judge others who don't have the same morals as them because disregarding and thinking bad of people can be very unhealthy.

Moreover, they should try to no longer give themselves completely when in love or to feel strongly attached to a person. Life sometimes needs change and for people to let go, regardless of the fact that the planet of love is ruling over their life.

Those who focus only on money should pay attention to what makes them tick, while the ones who are always adoring and giving themselves away should be more realistic.

After they have fallen for a person, Venus in 2nd House people become the best caretakers who want to give their other half everything he or she needs. Their family values can't be broken, so their spouses and children will always be cherished and spoiled.

Easy for them to become workaholics, they should be less ruthless in their efforts to make their life and loved ones' existence perfect.

It's normal for them to fall in love for the money, but they can't be called vain or gold diggers, because they also work hard to bring in their share and to have their own financial success.

Mars ♀ *in* ♎ **Libra man** 25° 49'

([969] i.thehoroscope.co)

He has quite some eccentric tastes and loves to surprise others with his choices, revelling even in the criticism he attracts.

The Mars in Libra man is someone who impresses everyone he meets. With what, you're asking? That's just the thing, not even he knows that. His entire person is attractive, charming, interesting, and a lot of women swarm in on him as a result.

He just walks by you, and you find yourself filled with the desire to talk to him, to be near him. It's quite a magnetic aura, nothing else. Of course, his attitude and personality match his elusive charm flawlessly.

This man is also a perfectionist with exceedingly high standards and expectations. If people around fail to meet even one of his conditions, he's quickly out.

In a nutshell:

Positives: Knowledgeable and caring;

Negatives: Possessive and impetuous;

Soulmate: Someone who can keep his attention for long;

Life lesson: To fight more to preserve his principles.

A talented individual

This man is cool, chic, and he likes to stay in touch with the new fashion. He is actually very interested in fashion, in how he dresses, and how he keeps on top of the game.

If you're asking yourself who actually wears the weird costumes that a lot of fashion designers think of, you have your answer.

The man born with Mars in Libra will, and he will be quite proud of his unorthodox tastes. He gets his confidence from looking good, from the admiration and gasps that most people nurture when passing by.

Moreover, he's very adept at talking to people and getting what he wants. Either through persuasion, manipulation or just a wink, he manages to coerce anyone into doing his will.

He might just make it on the front pages of the Times for a new technique in a musical orchestra or a fresh method of applying paint on canvas. The thing is, he can be extremely imaginative and creative.

Considering that he is greatly endowed, artistically speaking, as well as having a tendency to harmonize his ideas, it's not a surprise that he has a splendid future.

He can also take on the mantle of a professional writer, with the pen being his sole weapon, the creator of worlds and lives.

Public speaking is also good for him. Even weirder is the fact that he despises competition and conflict. Why can't everyone just get along and do their thing in perfect harmony?

If need be, he will try to outwit his adversary with cunning words or an ingenious strategy, but direct confrontation is out of the questions.

The Mars in Libra man wants to instill the sense of justice in the people's mind, for everything to be fair and square, no trickeries or injustices allowed.

He struggles hard for this goal, and he uses every bit of knowledge and method at his disposal to make his peers see the right path ahead.

He can easily substitute himself for someone else and see the world from another perspective. This is why he deeply understands the problem of injustice so well.

A higher cause is all they need to get to work. The emissary of peace and prosperity, equality and mutual understanding, this is what the Mars in Libra man is.

This astrological combination is quite ambiguous and hard to understand, and one could wonder how in the hell can this man lead a good life.

The problem is that Mars, being the planet of war, combat, and fiery energy, will drive him to take on the sword and shield, get out into the world and make a name of himself.

His upbringing taught him that patience and meticulousness are capital, that he should first take a good look at the situation, plan ahead, and only then descend on the battlefield.

He gets his way most of the time, but Mars in Libra constantly nudges him forward, toward aggressiveness, impetuosity, bravery. Also, he's a ladies man, always flirting with a lot of women.

Full of compassion

The Mars in Libra man feels the need to show his appreciation to others, and no one can object. After all, who doesn't like to be praised? Now, to get to the surprise, find out now that this man can also be very affectionate and loving to his partner.

Guess why? Well, because his natural astrological planet is Venus, the planet we all know is connected to the power of love, belonging and harmony.

He'll be a very devoted and compassionate lover, willing to do anything to make the other happy. He might exaggerate and try to force his partner to see him as romantic and attractive by making use of his verbal manipulative skills.

He is polite and he knows how to take care of his woman, to fulfill her every desire, to make her feel protected, safe, happy, and most of all, satisfied with her lifestyle.

She'll take her from work, cook her dinner, serve her a morning breakfast, and generally wear a bright smile whenever she's around.

He's very intelligent and curious, so it would be incredibly satisfying to see his partner come up with an interesting subject, one that many others have debated.

He likes to brag about his culture and accumulated knowledge a lot because he wants his partner to know what kind of man he's with. He does tend to let her take the initiative and decide whatever they're going to do, and this is a big downside.

It becomes difficult and uncertain to pinpoint his romantic potential because he cares about social acceptance quite a lot.

He wants his woman to be attractive, to know her way around social events, to be communicative, extroverted, and diplomatic, friendly and outgoing.

He is willing to let go of all other traits, positive characteristics, and even flaws if his woman will deliver him a good social standing. She should be dominative, reliable, confident, and bold. The Mars in Libra man prefers to be the sensitive and passionate one.

In conclusion

He's basically a people-pleaser who does everything with the express thought of satisfying the social expectation and staying in line with the societal regulations.

If people appreciate and praise his efforts, he's fulfilled and doesn't need anything else. If the world doesn't agree with any of his endeavors or interests, then he might as well give it up.

He's very creative and intuitive, often coming up with great ideas, each more innovative and interesting than the last.

One of the few instances when he's willing to go against his better thought and confront the world is when he sees an injustice committed.

That's when all his instincts start crawling back out, and his perfectionism takes the reins. As long as his partner is affectionate, attentive, and devoted, he will sacrifice everything to make her happy, to bring a smile to her lips each and every day.

If his partner is disinterested and cold, he'll follow the code of equality and detach himself emotionally as well.

Mars ♂ in IV 4th House

([984] i.thehoroscope.co)

People with Mars in the 4th House benefit from an immense emotional strength that helps them fight for what they want and overcome any obstacles.

Natives having Mars in 4th House want to be independent and at the same time feel the need for the security of having a home of their own. The relationships in their family may be tense because they're very demanding with those they love the most.

It's important for them to overcome their need to argue and to antagonize. Not to mention they have to find a way to deal with their strong emotions by doing some garden work or by exercising.

Summary:

Strengths: Protective, empathic and domestic;

Challenges: Instinctual and passive-aggressive;

Advice: Being even more attentive to the needs of those close.

Doing what makes them happiest

People with Mars in the 4th House can think too much of the past and act in a compulsive or inappropriate way because of this. They sometimes fight just for the sake of it, not understanding what's being discussed.

It's important for them to control their emotions, because others may avoid them for being too passionate. A good way for them to forget about their feelings is to do things around their home.

Having too strong opinions and pushing people around is never a solution for them, so they should compromise more in difficult situations.

Not confronting people and keeping themselves out of quarrels at either their home or workplace can make them more insightful and can change their negative behavior.

They may not want to settle with someone and continue their road towards adventure, whether men or women.

It's possible they've been brought up in a very strict family, and for this reason they fought a lot with their parents, which made their leaving home a reason for celebrating. This is why they may have problems building their own family later in life.

But no worries, they can usually overcome this and eventually do what makes them the

happiest. They may at some point want to separate themselves from their parents and family traditions, because going alone helps them to be more excited about the future.

Mars in 4th House individuals have great energy underneath their passive exterior, so you can trust them to always want action, productivity and a lot of spirit.

However, they may need to control all of their enthusiasm, because it can work in both their advantage and detriment to act solely on feeling and to be constantly engaged in something soliciting.

The emotional interior they have gives them great strength to fight for what they want and the energy to stand up to any obstacle. The more independent, ambitious and willful they act, the better for them.

They can impress with their beliefs and wishes, which are sometimes strange. Their direction in life will need to be adjusted sometimes, because they may still be restricted by what their parents imposed on them.

Being their own bosses and calling the shots at home is something they truly wish for, in a healthy way. Their own place will always make them feel more emotional and vulnerable, while their romantic relationships will give them a little bit of tension.

When outraged, their partner will get to feel their fury in its rawest form, which can be scary. It can be surprising to see them angry and always fighting, but it's very possible for their emotions to take this direction as well.

Astrological studies say Mars is all about aggressiveness and assertiveness, so when having something to do with the domestic life, it makes people more prone to experience negative emotions towards those who are close to them.

They will break up and make up with their lover, because they have no idea what they're feeling.

The fourth House will hold their childhood's feelings and the image they've made created for themselves. They will control their ability to give and receive through here, isolate themselves when things may go wrong and be cold when not getting what they want.

Practical aspects

Individuals having Mars in the 4th House are very protective of their loved ones. They can feel anger very deeply and sometimes hide their feelings, making it difficult for others to know their real motives.

They're the passive-aggressive type, which can make them feel resentment, because they're not expressing themselves directly when wanting something.

They want an active family and can have many arguments with their spouse or children, because they're very pretentious with them out of too much love.

Their energy should be invested in domestic activities as this would relax them more. Relying on instincts, they can recognize manipulators, so no one can lie to them. They will want to be the leaders at home, so their family should allow for this to happen.

What people with Mars in the 4th House should learn is to no longer wait for their negative feelings to pile up. It's very likely they didn't get along with their father if he has been too strict, aggressive and especially abusive. Mars will inspire action in them when they'll be at a mature age, having them doing things slowly but steadily.

When it comes to their psychological upbringing, they should work on how they feel at home and how their emotions develop when they're with their family.

A Fire planet in a Water House like in this situation can be complicated, because all Water Houses are about emotions and the soul, ruling over things people aren't usually aware of, and Mars can be violent.

When young, Mars in 4th House natives probably used to fight and be violent without even realizing they were doing something wrong and they used to have an unexplained anger. If they had a parent who was the same, they probably used to think life at home is more about war than love.

As parents, they're strict, focused on themselves and even competitive with their children. Since the fourth House is also about ancestry and family heritage, they may have witnessed many fights over land and property.

Their neighborhood was probably dangerous, and they were raised in terror. Individuals having Mars in the 4th House are prone to suffer from home accidents or to catch on fire, because the energy in this House is fiery.

It's also possible they had an active family who was always up to something to make their heart pound faster and their body to move more while outside in the Sun.

It's a challenge for them to learn how to deal with their anger and the past that guides them towards the future, because they can be very angry with their partner for no reason.

It may be necessary for them to travel in the past and identify what made them this way in the first place, because the rage of Mars is silent and can't be set aside.

When out in the world, they may hide all this about them until they're back home, where

their passion and strong emotions get released. It can be a problem to always have them saying nasty things and confusing their partner with one of their parents.

All in all, the placement of Mars in the 4th House brings a lot of energy and competitiveness but can also have many hidden influences that are very ugly.

The downsides

They think no one can trash their loved ones but themselves. These natives are very controlling when it comes to their home and family. Some will appreciate this in them, others will find it annoying.

It's important for these people to ask their spouse and children what they want before taking any type of action. They will get to be less stressed and resentful if they'll just sit in the back and allow others to rule.

It can be difficult for them to let their leading position go when at home, but it's something necessary if they don't want their problems to get bigger and bigger.

Mars in the 4th House in a nutshell

These natives will spend a lot of their energy on their family and home. They need to feel secure and that they belong to a nation and a community.

The position of the red planet indicates they love to argue and that they may never want to get married. They're also very good at repairing things and bringing order to the busiest and most chaotic environments.

Because this position is also related to the Earth element, they may want to spend as much time as possible in nature, performing aggressive and very soliciting physical activities. They're strong people, no matter their age and the hours spent at the gym.

Their love of home and domestic work finds them staying inside when others are in bars. They like to study traditions and history, and they probably have a mother that has influenced their life a lot, because they've always seen this lady as being the biggest lecturer in their life.

Mars ♂ - Detriment in Libra (& Taurus)

([871] southfloridaastrologer.com:) A restricted expression of power and will is found when Mars is in Libra or Taurus. Libra and Taurus' need to be polite, sensual and enjoy beauty is opposite Mars' need for power and to express its will.

Jupiter ♃ in ♏ Pisces man 19° 44'

4

([1004] i.thehoroscope.co)

If you have Jupiter in Pisces you are using your intuition to achieve what you want.

People with Jupiter in Pisces are intuitive and good healers because they play with the subconscious a lot, whether their own or that of other people.

Jupiter has no limits and the Pisces sign is empathetic, so it can be very easy for people born with this transit in their natal chart to get lost in what others are dreaming.

That's why they need to set some limits and use crystals or sage that can clean their energetic field. Not to mention they are also prone to different addictions.

Jupiter Pisces will always be the hedonists of the zodiac. The fact that they are also romantic will make them relentlessly search for their true love their entire life.

As they are fascinated by the human mind, they could be great as yoga instructors, astrologist and even hypnosis-therapists. They are also good musicians or dancers. Basically, anything that has something to do with creativity would suit them.

As the second ruler of the Pisces, Jupiter is in power in this sign, together with Neptune. Jupiter Pisces are mystical and spiritual. They could easily guide others towards living a better life. It's easy for them to support people in their most difficult moments in life.

In a nutshell:

Style: Spiritual and compassionate;

Top qualities: Imaginative, loving and expansive;

Weaknesses: Fixed nature and oversensitivity;

Advice: Pay attention to the explanations of those close.

The impact on personality

The generous Jupiter can make everyone more aware of their consciousness. But because Jupiter is the neighbor of Neptune, the planet ruling Pisces, it's very unlikely the changes this planet can make are going to be very dramatic and noticeable.

However, the transition will bring a quiet type of knowledge, no matter if the natives will meditate or just have a walk. They will probably dream and have visions of all kinds.

It will be a mystery how truth will reveal itself to them. And they won't be able to explain their experiences with the surreal. Either way, Jupiter Pisces will still get great ideas from

another plane of existence.

But they will think with their heart, not with their head. We have to gain our own access to the first and most important experiences in our lives. We have to exist as separate personalities to identify our needs.

However, Jupiter Pisces believe more in the wisdom obtained from compassion because for individuality we need to be fearless and less prejudiced. But don't think that if Jupiter is in Pisces, these people's problems will immediately cease to exist.

However, for an entire year while the passage will happen, Jupiter Pisces will be more compassionate, forgiving and balanced when it comes to their relationships with others.

But their artistic side will nourish their soul, while making them more capable to work hard towards a tangible purpose. The more compassionate, tender and devoted Jupiter Pisces will be, the more luck and good things they will attract.

They love to help anyway. It's like they need to give a hand to the less fortunate. Empathetic, these guys can feel others' pain. And all they want is to make things better for everyone. Their imagination and creativity will help them be great artists.

Any occupation involving the art of healing would be perfect for them. Their interest in the occult and fantasies can't be seen in other signs. Not interested in the material world, they're religious and deep. Not to mention they prefer seclusion over big groups.

They don't want to be in the center of attention, so they'll most likely work from behind the scenes. Sensitive and easygoing, they will probably not have too big ambitions. People will take advantage of them because they are very giving.

But many will like them just the way they are because they have a thing that just gets to others' soul. It may be the fact that they are good listeners, kind people and idealistic dreamers.

Out of all the signs in the zodiac, Jupiter Pisces are the most likely to develop psychic abilities. It can be said they have a large vision and that they are able to understand this life is nothing but a stage for us, the actors, to play our roles on.

Spiritual people, they will most likely know all kind of religious rituals for soul-searching and cleaning. Jupiter Pisces are expansive and want as many people as possible in their life. It's easy for them to get together with others and they are very tolerant with their friends.

No one will be excluded from their life and they will be the shoulder on which everyone cries. And they will understand every problem because they are intuitive and good

psychics. They can't stand to see people in pain and are known to get satisfaction from making selfless acts.

Understanding the main tendencies

Being of help makes Jupiter Pisces natives shine as they are empathetic and sensitive, the most nurturing and kindhearted sign in the zodiac. And Jupiter makes them even more like this.

That's why they would be great as social workers, veterinarians, counselors. In general, they feel good when they are helping people or animals in need. Expect them to give a hand to any creature that comes their way with a problem.

They are good psychics, but just like the Jupiter Cancers, they can be insecure about their abilities and instincts. So they may not allow what they are best at to work in their favor.

A negative way in which Jupiter influences them is that they can become escapists and see things only the way they want to see them. They can have these rose colored glasses all the time. It's normal for them to build their own reality and not be able to distinguish fantasy from reality anymore.

When Jupiter transits a Water sign, those affected may try to escape the real world by abusing alcohol or drugs even more than those with the Sun in Pisces. If it happens that both Jupiter and the Sun are in this sign, expect people with this transit in their natal chart to be extremely sensitive to substance abuse.

Not to mention they could get depressed very easily. But after all, they are the artists, the poets and the dreamers of the zodiac. Jupiter helps them dream big, because they are so good with people, you can find them volunteering for the homeless and the poor.

It's their fantasy world and their sensitivity to drug and alcohol that makes them drift away. When it comes to their own good, they may not know what's best for them. When it comes to consistency, they surely don't have it.

But with some meditation sessions, they can become better and even escape what stresses them. If they want to be luckier, they need to be sensitive only when it really matters. Not trying to escape reality would be helpful as well.

The Jupiter in Pisces man

It can be difficult to read the Jupiter Pisces man. Not only he's dual and conflicting, he's also mystical and this will be felt in his love life. As a matter of fact, it may be interesting in the beginning but it can become a problem with time.

The best thing with this guy is to ask him his honest opinion every time. He will always

be interested in the deepest life problems and will give sound advice. Because he's a big philosopher, he will often be lonely.

Jupiter will help him develop his relationships with others. Mysterious but loyal, he's also progressive and familiar, especially when he gets encouraged by the Jupiter Pisces transit.

The closer the conjunction between Mercury and Jupiter is, the higher their chances to relocate to a different country than their own become.

These natives give a lot of importance to knowledge and want to broaden their mind rather than to concentrate on a single subject.

It's more important for them to see the big picture, no matter how much abstract this may be. Because they're always looking to self-educate, they'll enjoy success at very young age.

As a matter of fact, they have a big influence over masses and could write great books that change the lives of many people.

Jupiter in 9th house individuals believe in honesty more than in anything else and often hurt others with their bluntness.

Very curious and wanting to share what they usually all the time discover, these natives love to express themselves and to talk about the many ideas that go through their mind.

If Jupiter happens to be located in the 9th house and in conjunction with the Midheaven, those with this placement will be very popular.

It's the same thing as in when Sagittarius is in the 9th house and Midheaven is also in the same sign. Some conjunctions of the Sun with Jupiter and even Venus or the Moon indicate natives of these positions may become famous.

They may be leaders who inspire others, which is surely going to happen especially when Jupiter is in trine with Mars or Pluto and if these planets are in the first House.

The goods and the bads

Jupiter in 9th house individuals are always interested in expanding their knowledge. These people will always want to widen their horizons and to learn how others live or how humans interact.

These are the personalities who want to move past their condition and who know there are many different other worlds besides their own.

Traveling is their true passion and they really hate being in one place for too long. Having an immense energy, they'll always run from one place to another, inspiring others to be the same as them.

Not knowing what limits are and always eager to satisfy their curiosity, they're not only great students, but also amazing teachers who really understand what knowledge means and what people can do with it.

For them, doing good for others means keeping them informed and putting their abilities to good use.

Jupiter in 9th house natives have the most open mind in the entire zodiac and appreciate all kind of different cultures, so luck will always follow them.

As soon as they'll accept every gift life has to give them, they'll get to become more kind and attract fortune like magnets. They're so passionate about learning that will make other people be interested in their ways and accumulating knowledge.

In other words, they're true role models. What these natives should pay attention to is their family and friends because they tend to leave these people behind when they're off to new destinations.

They should really pay attention to these individuals' needs and try to make them their travel companions. If they won't do so, they risk ending up alone.

Slowing down from time to time would really have them more focused and appreciated by those who happen to love them.

Individuals having Jupiter in 9th house should learn how to enjoy the simple life as well because happiness can be found in what doesn't seem so important too.

They will always be lucky and love what they may be doing for a living, so money will come to them the easy way.

It's important for these natives to study philosophy and even religion because they're really passionate about these subjects.

Intuitive, able to grasp complex notions, true visionaries and rational, they'd be very successful doing something with their mind and developing their intellectual abilities.

Philanthropic, academic and perhaps religious activities interest them too, but what will keep them focused and happy will always be traveling and understanding other cultures. These are the only things that make them thrive from an intellectual point of view.

Jupiter ♃ - Ruled by Pisces (& Sagittarius)

([871] southfloridaastrologer.com:) The most authentic expression of freedom and boundlessness is found when Jupiter is in Sagittarius or Pisces. Jupiter is at home when it is in the two signs that relish in going beyond limits and boundaries.

Saturn ♄ in ♎ Libra man 9° 48'

([1023] i.thehoroscope.co)

The position of Saturn in your natal chart reveals how you deal with rules, responsibilities and limitations.

People born with Saturn in Libra will always look to cooperate with those around them, if they want to complete a project, or if they want to achieve a certain goal.

Teamwork, understanding, societal acceptance are all essential in their mind. With plenty of skills related to this mindset, like persuasion, diplomacy, and the naturally balanced personality, this native can move over certain rules and regulations, and across many perilous bridges, if the end result is worth it.

This native seeks security and equity, balance and stability, which are found in a relationship most of the time. Because they want to reach a state of inner harmony, they're looking for it where everyone else is searching too, in love.

They want to have someone besides them who knows what they've been through, who understands them at the deepest of levels. They're also pretty materialistic individuals because financial comfort is very important as well.

Perfectionism is the tell-tale sign of a Saturn Libra. In their pursuit of balance and inner equilibrium, they won't feel good until they have found the epitome of happiness, from all points of view.

Whether they'll actually continue searching for such standards or realize that it's merely a dream depends entirely on Saturn's influence.

In a nutshell:

Style: Astute and friendly;

Top qualities: Direct, receptive and generous;

Challenges: Insecure, fearful and indecisive;

Advice: Perseverance is key for your professional advancement.

Personality traits

The one born when Saturn was crossing Libra is an individual of utmost generosity and social likeability, always trying to help someone in need or purposely devising a plan that requires other people to complete. All of this is done out of a need to connect with people from all over the world, from all social classes.

With imagination and inventiveness, they know exactly how to render their relationships beneficial for all parts. With exquisite ideas and firm principles, the Saturnian Libras act with determination and honor, never leaving misunderstandings to cloud their judgment. They are very trustworthy and reliable friends.

The combination between the Libra astrological sign and the planet Saturn is quite fortunate if you think about it. This native is in a perpetual struggle to find inner balance, the perfect equilibrium between emotions, expectations, personal and professional life, balance on all walks of life.

Saturn is a planet associated with restrictions, limitations, barriers, and in this sense, it endows the Libran with certain guidelines, arrows pointing toward that elusive state of balance.

These laws, as you might call them, serve the express purpose of ensuring order, objective standards of appreciation, equilibrium amid the many possibilities.

Through personal relationships and even marriage, later on, these Librans finally realize that what they're looking for is a partner who seeks the same mental balance as they do, someone with a harmonious demeanor.

Behavior in love

As expected, Saturnian Libras put a lot of importance on the idea of a relationship, the harmonious bond between two people.

With their partner, they will try to let go of their perfectionism, putting aside any superior expectations. With patience and kindness, they want to maintain a peaceful and relaxed atmosphere, even though things might not be so rose to begin with.

With a partner who appreciates their innovative vitality, these natives will try love unconditionally, and offer their full affection without waiting for something else.

They may find it harder to wait for the right moment, or to give up on their competitive spirit, but compromises are necessary.

Because you want a long-lasting relationship where you can build up a nest, a refuge where one can retreat in case of great dangers, you are also willing to break the barriers and alter your personal principles. And this happens as an after-effect, it's not something premeditated. His partner will definitely find it to be annoying and counter-intuitive.

In order to reach their ideals and take the first steps toward a perfect love life, they must understand that a balanced communion is built on honesty, understanding, responsibility, and perseverance.

The good and the bad

Something that the Saturnian Libra natives should work on is their tendency to become overly-subjective and act with suppositions when making plans for the future.

Whenever they analyze themselves, they start with a given set of premises, which aren't exactly positive or beneficial. They have to objectify their standards, take a step back, and rethink their approach.

Once this decision is consciously made, nothing else will stop them from achieving their goals. The determination of these natives is not to be taken for granted.

However, it's nothing more important to them than living a fulfilling life, filled with plenty of moments together with that special person, where they live life at its peak, experiencing the most intense feelings of communion possible.

They take personal responsibility to a new level, always keep their words, and are dead-serious about loyalty.

But, the constant gnawing feeling of solitude often leads them to enter into a relationship without thinking things through. They need to have someone in their life, and sometimes the feeling is too intense for any rational analysis.

Patience should be an essential factor in this process, because otherwise, they will end up in a toxic relationship, with someone who won't appreciate them for what they are.

The Saturn in Libra man

Finally, we come across the essence of the Libra astrological sign, the intense focus on justice, balance, intellectual honesty, and fairness.

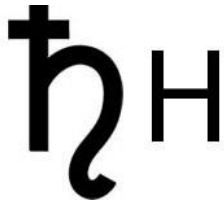

The Saturnian Libran man wants to meet a principled woman who never expects to be taken care of, to be pampered and offered preferential treatment.

He will behave in such a way anyway, but that has to come out of his own initiative, not because there are expectations that have to be fulfilled.

If she decides to move together with you, then she should also contribute to the household necessities, take some responsibilities for herself, and not expect to live in perfect comfort while you do everything there is to do.

Even when she makes a mistake and disappoints someone, with enough humility and self-awareness on her part, people will be understanding with her.

Because they feel healed when at home, Saturn in 4th house people will always look to have a good domestic life that offers them the stability they so much need. Only those of them strongly influenced by Pluto, Uranus and Neptune won't be the same.

Some of them will try to live as far away from their parents as possible, others will find it difficult to stay for too long in the same place and change houses every few years.

But no matter what, what they've experienced in their childhood relating to family and home will always influence them in either a conscious or unconscious way.

Some of them will be defensive with all the new people in their life, others will want whom they can't have.

The 4th house is also the home of the parent that is less domineering, those having Saturn here feeling like they weren't emotionally supported in their childhood by this person who raised them, in particular, no matter how much love and even money they have actually been offered.

As a matter of fact, this will give them determination to build a quiet and settled family life for themselves, one in which emotions aren't denied by anyone. It's normal for them to develop and work on their own psyche based on their ancestral background.

Their spouse and children will be the only ones in their life to truly drive them crazy, so they'll struggle to be as authoritative as possible with them.

They may need to go back to their roots and identify their own problems, but all in all, their domestic life will offer them a feeling of belonging, which is what they're craving all the time.

The goods and the bads

Saturn is the bully of the solar system, putting all kind of obstacles and limits, no matter where it may be placed in the birth chart.

When positioned in the 4th house of home, natives with this placement will feel unloved as children, no matter how affectionate their parents actually are.

They want their own family just to compensate for what they think have missed when little, so they'll look everywhere for a partner and the perfect place to settle.

These people are highly responsible and tend to impose all kind of rules on others. Most likely resentful of their own legacy and ties with ancestors, they also don't want to settle

with someone until mature of age or even later.

The women in their life will be very important for them, but also the individuals who caused their problems to accentuate, or at least this is how they'd feel. It's difficult for them to show their feelings and may protect themselves from all kind of motherly influences because they feel like this would bring them trouble.

Intimacy can be really adventurous for Saturn in 4th house natives because they don't want to seem vulnerable by opening up. However, they will still be realistic and realize at some point that relationships can't resist without a certain level of communication.

Seeming to not need to be anywhere else besides their home, comfort and security are the things they focus on most of their life, working hard to attain the goals relating to a happy domestic life.

They're not only interested to reside in a cozy environment with their family, they also want friends to come over their place because they make the perfect hosts and hostesses.

It's normal for them to pressure themselves at social gatherings for everything to take place smoothly as Saturn influences them to be very responsible when it comes to being with other people.

The past is present in each and every cell of their body and deeply rooted in their psyche. It's like their memories push them forward through life, making them think all the time of their childhood years.

Saturn teaches them that only by facing matters of inheritance, they can mature their present relationships. Because it takes them a while to find a good home for themselves, they may settle after their thirties and still think of the pressure they used to feel in their parents' house.

Some of them may have been forced to become adults sooner in life or had instability at home, where their parents would have been always fighting or caring about their work only. The planet Saturn would support them to care for themselves from both an emotional and material point of view.

When in the 4th house, it influences people with this placement to put pressure on their own ways with relationships to the point of no longer remembering whom they actually are as individuals. It's suggested they're less hard on themselves when it comes to their interpersonal connections, or they'll end up too stressed.

Worrying too much about what makes their loved ones happy can't bring them anything good. While responsible because Saturn influences them be this way, they may not

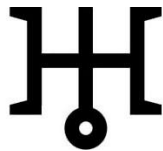

succeed so much in life because they're not willing to take any risks.

These natives hate change and are feeling forced to accept what's coming towards them, no matter how much a new experience could bring. It would be a great idea for them to enjoy a little bit of adventure from time to time.

Since this planet hates feeling tied down, the natives of this placement may have a need to always run away and to do only what they want.

When it comes to their emotions, it's possible a lot of things from their childhood have made them inconsistent and even a little bit cold.

For them, being nurturing and giving with feelings can mean an existential crisis because they haven't seen as children how this can get done.

If Uranus doesn't happen to sit comfortably in the 4th house or is situated on the IC in their chart, their psychological buildup would be like on autopilot, sounding the alarm each time, something is about to happen, regarding the emotions of others.

Therefore, they don't know what to aim for in terms of feelings. Always restless, these natives aren't really aware of their ways with intimacy and don't expect for blissful things to happen in their life, especially when there wouldn't be a good reason for such events.

It's normal for them to simply not understand what others are transmitting in terms of emotions, and no one can ever be capable of changing this.

Their soul can carry unconscious memories from previous life cycles, so these natives may have had issues with exclusion from their family, exile and even the loss of a parent.

There is also the alternative when their mother or father could've been complete strangers for them, so they ended up being very cold and detached because of this.

There are cases of Uranus in 4th house people who have such unconscious memories about losing a property or perhaps they used to travel a lot and didn't get the chance to put their roots in one place.

It's essential for them to notice they always need to move around and to be flexible when it comes to their home.

Therefore, having more places to live and traveling between them would be something that brings them a lot of energy.

Not to mention it's not at all suggested for them to invest in only one property because in their unconscious, they all the time need to move from one place to another, which can, at the same time, really bother their partner. Steadiness is not at all in their character and they should be aware of this thing.

By learning how to shatter these chains that hold them down, to break free from this prison that they've fallen in, they will be reborn like a phoenix from its own ashes, flying toward the horizon once again.

Neptune is naturally very well positioned in the astrological system. Why is that? Simple, because it's placed exactly at the confluence of the rivers of spirituality, the one spot in the entire astrological diagram that gathers together the spirit strands from all other planets and signs.

The gathering up of these energies takes a long time, even longer for them to be perfectly assimilated by this native. They may experience slight states of confusion, irritation, anger, and even a total lack of self-confidence.

The negatives

Neptunian Pisces natives are dreamy, that much is clear from the very beginning. Now, to what extent are they dreamy is another thing altogether.

Let's just say that they manage to create an alternative world from the smallest details to the grandest ideas, and they prefer living in this one, rather than in reality.

As a result, they simply forget about responsibilities, about words they've given, about daily chores, about anything and everything.

Moreover, this also makes them incredibly naïve and prone to be manipulated by the most despicable of people. Those who want to use them won't encounter too much difficulty in doing so because these natives buy everything others sell.

They may also have the misfortune of getting into desperate mindsets, which then throw them further down the road of no return.

little difficult for them to open up and reveal their innermost feelings.

People with Neptune in 9th house believe anything can get done and trust the Universe more than anything or anyone else. This can bring them positivity, but if they exaggerate with it, they may end up very lazy and only wasting their time.

It's normal for them to believe they're the ones who need to be saved, so they usually avoid being practical or to take on responsibilities.

Their plans may sometimes seem unrealistic because they forget to give the details on how to make them come true.

The faith they have that things will only get better can surely get them far, but only if they keep being grounded in reality and admit they're the only ones who can make things happen in their own life.

Very developed from a spiritual point of view, these natives are open to New Age practices and love being eccentric. However, they can wear rose-colored glasses and not think about the consequences of their actions.

It's easy for them to be tricked into believing in something that doesn't serve them well.

When it comes to the higher education, they may be confused and even chaotic, so they will probably not finish their studies or interrupt and continue them at a later date.

It's essential for them to be disciplined if they want a degree from a prestigious university. They have great talent with marketing and advertising because they're creative and can convince people to do what they want.

These people would be good doing the job of a teacher as well, but if they don't struggle to make their big plans come true and are unrealistic, it will become difficult for them to live up to their ideals.

Neptune in 9th house individuals are attracted to anything mystical and don't believe in boundaries when it comes to other worlds. They will search all of their life for a purpose and the deeper meaning of things.

Both Neptune and the 9th house are all about expansion, so the possibilities natives with this placement have are endless.

They want to get enlightened and to attain nirvana, therefore, they have an optimism that keeps them grounded during their darkest periods.

Their optimism and faith will also make them twist reality and become really confused. Therefore, they should channel their energies in the right direction as much as they can.

Neptune in 9th house people will always be accused of being too hopeful and not dealing with the reality as it is. They struggle for their ideals, but they need to watch out for how elusive dreaming can make them.

Things are not always what they seem, and they can get carried away by all sort of ideas and philosophies that aren't necessarily related to the reality surrounding them.

Neptune is the planets of illusion, so its effect on people is to give too much optimism. In other words, depending on the house in which this planet is, natives can only see and hear what they want.

They'd always be in denial and reject anything that tries to give them a sense of reality. When Neptune is in the 9th house that rules over mental exploration, the natives with this placement strongly believe that nothing is impossible and that they can do anything.

While this may not be wrong, it can surely cause them to be confused regarding what's real and not.

When things aren't going their way, they become depressed and hide in a world of fantasy from which they don't want to come out anymore.

Neptune can influence these people in their development by making them very secretive and private. In case this planet is in positive aspects, the natives having it in 9th house will be very profound when it comes to their spirituality.

They'll strongly believe that a higher power controls them and can even experience all sort of situations in which they believe something supernatural is happening.

Usually, the Universe answers their prayers, so they'll continue to believe in a God that makes all of their dreams come true and won't bother to create a reality for themselves.

It's like Neptune in the 9th house is their mirror in Heaven, the deity to which they're praying and that gives them what they want. These people's faith can move mountains, so they should really consider becoming priests or monks.

In the situation in which Neptune is in difficult aspects with Mars, they become victims of different sects that don't have any religious intentions.

These natives are the perfect prey for different groups that are looking to scam. On a different note, they're very sympathetic when hearing life has treated others in a bad way and usually take problems that are not their own as being their own responsibility.

Compassionate and generous, they really want to give, but they should learn how to get detached from their emotions because they couldn't help in any way if they'd always be shaken by all sorts of feelings.

They make great therapists, counselors and even teachers. These people wouldn't be bad as astrologers either because this type of work would require them to guide others into becoming better selves.

It's easy for them to absorb problems of strangers and to begin thinking of solutions. The rose-colored perspective is not always of help, but they don't usually use it when they're not directly involved.

Very convincing and able to become creative when asked to, they can have great success in sales or advertising.

These natives will have no idea what to do when it comes to their education because being dreamy doesn't bring them any of the discipline required to decide for the future.

The goods and the bads

While being the most creative, Neptune in 9th house people should pay attention to every little detail on the subjects they're researching. They need to have clear goals, write them down and think of the action they need to take in order to achieve them.

This is the only way in which they can't lose themselves while doing something. Focusing on their projects and what roles other people play in their story would help them achieve their dreams more easily.

Neptune in 9th house individuals will get to convince their friends and members of the family that there's a higher power controlling everything. Studying their birth chart could help them reach a good balance in life and also think of achievable goals for themselves.

It's okay for them to dream big, but developing a more practical attitude is definitely suggested if they want to make their objectives a reality.

The more realistic they are, the less others will take advantage of them. Very sensitive and relying on their intuition, these people are very good when working in teams.

If they focus on the necessary efforts to get things done, they can achieve great things, as it's impossible to rely on good energies alone, no matter how much the Universe is of help.

They need to be aware of their responsibilities while their faith is encouraging, it can cause them to be stuck with their problems.

Actions are the only ones that speak, so they should focus to always take the right direction in life.

It's like they don't have a sense of discipline and always rely on lessons learned from experience. That's why they often make mistakes and after become very determined to repair them.

Pluto ♄ in ♒ Aquarius man 5° 12'

([1099] i.thehoroscope.co)

The position of Pluto in your natal chart reveals the transformations due to take place in your life and how you channel your core truths and restorative power.

Those born with Pluto in Aquarius will go their own way and pave a road for themselves through life. With their independent persona and innovative ideas, they're sure to ignore outside rules, break open the barriers that society imposes, and soar toward the skies.

Even if others may see them as completely impulsive and will not understand their motivations or actions, it'll come a time when all the dots will connect, and the Plutonian Aquarius will bring about great changes to the world.

In a nutshell:

Style: Original and independent;

Top qualities: Adaptable, relaxed and eager;

Challenges: Extremist and undecided;

Advice: Beware of compulsive behaviors.

Personality traits

To begin with, the Aquarius astrological sign is one linked to change, massive transformations on great scales, or a personal metamorphosis that brings forth a shift in the natural balance of the world through the action of this native.

Our star planet here, Pluto, is associated with the concept of nirvana, of death and rebirth, of a complete resurrection from oblivion.

Now, combining these two, we have the Plutonian Aquarius native, an individual who can transcend their own limits, reach the next level, and bring about societal or even greater change.

The last time this happened, these natives were yelling "Liberté, Égalité, Fraternité", for it was the time of the French Revolution. These natives naturally feel the need to modify their surroundings to match their ever-increasing intellectual breadth, and the mobility of Pluto offers such an opportunity.

In fact, they are very passionate about the prospect of a free, just world where each individual is morally superior, where everyone is in communion with one another, and where the single most important goal is gaining knowledge, becoming better than your previous self.

Pluto Aquarians want to give their all, in order to help change the world into such a place. Either through the pointy tip of the sword (anarchy) or the sharp end of a pen (diplomacy), this will happen because the Plutonian Aquarians are the natural game-changers of this world.

The good and the bad

The humanitarian and philanthropic tendencies of the Plutonian Aquarius, as well as their deep hatred for injustice and unfairness make these natives truly one of a kind.

With their imagination and creativity, they believe that one can solve any problem as long as they think things through without being impeded by ignorance, superficiality, presuppositions or stereotypes.

In other words, one should possess an expansive and open mind to reach such an ideal world. Even if others may not see their plan for what it's worth in the beginning, with time this will surely change, and they will eventually gain the respect they deserve.

These natives are sick and tired of listening to the old tunes of a dying generation, to settle with untested knowledge, with the old explanations that are unsatisfactory.

In order to find the truth behind those claims, they are willing to devote most of their time buried in books, studying, analyzing the bits and pieces left behind by more informed people.

This journey of the mind can become an obsession quite quickly, and this is one of the Plutonian Aquarians' negative traits. They forget about everything else, including personal relationships, loved ones, responsibilities, and so on.

In this regard, they must learn to peacefully coexist with other people, and understand that they aren't the only ones willing to follow the path of self-development.

This means that a tough lesson for these natives to learn refers to understanding that others can have opinions just as valid as theirs and that they shouldn't dismiss people on a whim.

Pluto in Aquarius in love

Plutonian Aquarians are one of the most devoted lovers in the entire zodiac. Their feelings are so intense and pure that their partners will experience the liveliest emotions ever.

With a shower of love and affection falling down on them, it's not a surprise that most people perceive these natives to be the perfect companions.

They're going all-in every time because they want a partner for life, someone that isn't just looking for a one-time adventure.

Affectionate and trusting toward their partners, these natives will always treat them with the utmost and kindness. When something doesn't work as it should, sorting things out through communication comes very easily to these intellectually honest individuals.

Being similar in character and personality to your partner should be something everyone is looking for, but this doesn't even come close to the truth.

A lot of people pick their partners on superficial factors like beauty or material situation. However, these natives understand that intelligence is actually the most important element.

The mental aspect makes up for the majority of the most successful relationships, and also for the ones that fail as well. If you aren't on the same wavelength as your partner, then eventually things will fall apart. That's why they tend to marry later in their life.

The Pluto in Aquarius man

Just like their female counterparts, Plutonian Aquarius men are beaming with radiance, of the intellectual type. They have brilliant ideas that are revered upon and many literary critics, painters, artists were of this astrological ascendance.

They are adepts of teaching people that hard work is key to success, as well as developing their survival instincts. Practicing what he preaches, this man can calmly adapt to all manners of situations.

The Aquarius zodiac sign has innate anarchic tendencies because of his natural planet, Uranus, and it's no surprise that the Pluto Aquarians receive some of these non-conformist ideas.

This man doesn't like to waste any time when he's got something on his mind. He has his principles that he rarely strays from and his virtuosity is both mocked and acclaimed.

Pluto ♅ in VIII 8th House

([1108] i.thehoroscope.co)

This placement of Pluto makes people very self-aware and conscious of their own limitations and flaws but also loving and devoted.

Those born with Pluto in the eighth house of their birth chart have a certain flair for seeing what others cannot see, for spotting the other side of the world, the hidden and the mysterious.

This applies not only to their surroundings, to be able to analyze and make deductions, but also intuitively perceive what other people think.

They attract unusual events, weird and intriguing people, great opportunities to enlarge and broaden their perspectives. This proclivity can be used both for doing good things, helping and healing others, or destructively, manipulation and coercion.

Summary:

Strengths: Sensual, attractive and understanding;

Challenges: Conflictual, judgmental and possessive;

Advice: They need to be careful about the things they develop obsession about.

Great resilience and attention

As we've said before, the Pluto in 8th house natives are marked by an endless curiosity and insatiable fascination with the occult and the mysterious. Psychology attracts them the most out of all the other domains that deal with the study of the world.

They want to understand how the man thinks, what motivates and shapes his character, the process of development and evolution.

In this regard, they will dedicate all their time on studying, observing people, engaging in as many such activities as possible.

Sexual intimacy comes harder for these people because they are too afraid to reveal themselves. In their search for a truly emotional and deep relationship, they forget to give it their all.

The Pluto in 8th house aspect gives to these people great resilience and resistance to stress, the ability to come face to face with their worst fears, the hardest and most dangerous challenges, and come out unscathed, albeit on the losing side.

They are, in other words, very capable at surviving even insurmountable odds stacked up against them.

They might change their perspective drastically or they might adopt other ideas that they would have otherwise shunned or discarded from the very start.

They are very self-aware and conscious of their own limitations and flaws. That's not the problem. The problem is that they are yet incapable of making up for those flaws, in repairing or replacing them with great traits.

Of course, they want to do that, to become superior and develop personally. A lot of them are incredibly attracted toward the taboo, the unexpected and the unorthodox.

Sex is something they partake in with great pleasure, they find it curious, all-consuming, an opportunity to create a union, an equilibrium of forces.

They are in a constant search for their identity and personal subjectivity, the only thing that makes them unique and singular from all others.

They are looking to define themselves, and this sparks a conflict between the inner world, that of the self, and the outer world, that of society and its expectations.

There will many conflicts, arguments and bouts of self-deprecating contemplation, moments of sadness, thoughtfulness.

It makes quite a lot of sense for them to become psychologists or anything in this field, studying the human mind and its ontology, its metamorphosis and the processes that animate it.

They are getting better and better at reading people, at finding out why they're doing some things, in predicting a certain behavior or reaction.

In matters of romantic courtship, relationships to speak plainly, the Pluto in 8th house natives want to be consumed as a whole through the burning love of their partner, but they also feel the need to escape, to manifest their own will and individuality.

It would take someone incredibly attractive, sensual, and emotionally understanding to find someone like this, and not only that, someone that notices them.

Naturally, these natives are very interested in the dark side of life, in all that is grievous, terrifying, fear-inducing and blood-curdling, what is unknown and filled with dread, the unconventional and the unexplained.

They find it fascinating, the underlying enigmatic character just waiting to be found, and even more, the aura of uncertainty and otherworldly atmosphere.

They can become obsessed with these things, just as they can become too embroiled in the carnal debauchery of sex, the pure joy of the dancing bodies, and the sensual feelings that come in-between.

A restoration of the world and the death of another, the cycle of rebirth followed by the final decay, these are constants in their lives.

The goods and the bads

The way those with the Pluto in 8th house aspect are going to get better and regain their confidence, change their negative ways, is by following their passions and interests.

No matter how dark, mysterious or otherwise absurd they may look like to others, it's their dream and personal appreciation, nothing else.

It would not be surprising now that they're always thinking about the big questions of life, and they give off the impression that life is like an open book to them.

They know everything that's going to come to pass, they are aware and possibly even tapping into the powers of another plane of existence.

Romantically, all they want is someone who understands them, nothing else. The rest can be obtained on the way. Honesty and a straightforward attitude are key in forming long-standing relationships that are bound to last for the rest of time.

When there is trust between partners, one based on mutual thoughts and ideas, deep knowledge of each other, then there are no more serious problems worth worrying about.

Usually, those of the Pluto in 8th house natives are nothing if not impulsive, chatty, spontaneous and very stubborn.

They don't take shit from anyone, but when the interlocutor is plain stupid, ignorant and superficial, they're not even going to bother explaining or defending their viewpoint.

Either they'll find someone they can control and manipulate emotionally, some who wants to be dominated or feels good in that position, or someone who exudes the same energy as them.

Someone who wants to go on adventures, who wants to talk about deep subjects.

However, given all this, they will still want to live life at the maximum, to have memorable memories, happy and joyful ones, they have a rich sexual life, and to have meaningful connections.

They dislike being childish and playful because that takes away their normally serious nature, the intensity, and passion. This is admirable and good, to want this, but it's also annoying and irritating to some.

North Node ♏ in ♒ Aquarius 18° 38'

(Georges Muchery)

The Dragon's Head in Aquarius is fortunate for the native from the moral and emotional standpoint. He is benevolent, faithful and sincere, and will be fortunate in his affections. Many friends will try to help him, and he may expect to progress. He may take up politics, or become the leader of a school, or the head of an association.

This position mitigates the evil influence which other planetary aspects may exert over marriage and the stability of wedlock. In the third decanate of Aquarius, especially, the lofty and noble sentiments of the native will procure for him universal esteem and love.

The Dragon's Tail in Leo gives rashness and fighting proclivities which may often bring trouble. The native is, however, endowed with courage, and will know how to defend himself; he is noble-hearted, and, though quick-tempered, not vindictive.

Worries and troubles may be caused through gossip and over-readiness to confide his plans, so that others may take advantage of them. There is also an instinctive tendency to meddle with other people's affairs, and over-confidence, which lead to difficulties.

(Isabel Hickey)

North Node in Aquarius shows the path of spiritual progress is the pathway of service to the group, through an understanding of the unity of all life. Field of activity should be one that affects society and not an individual. Science, medicine, research and philosophical or educational fields would be the avenues that could be used magnificently.

South Node in Leo is the indication that the person misused his power and developed far too much ego in the past. This time there must be concern for others instead of a concern for self-aggrandizement.

(Martin Schulman)

These Nodes represent the struggle between the personal life and an impersonal dedication to humanity. The Leo South Node symbolizes prior lives where much revolved around the self. The North Node in Aquarius points to a future of service for mankind, where the individual will assume the role of the 'waterbearer', so that he may

be an instrument in the crusade for world evolution. Before he can do this, the enormous power of the Leo South Node must be dealt with.

From past incarnations, he has a tendency to look down on other people and to be condescending of their thoughts and ideas. There is an intense pride which leads him toward name-dropping, as well as designing his life so that he is seen and known to be in the company of special people. He separates between royalty and the common man, setting himself or others close to him on pedestals. Seeing himself as the central point of the universe, he views his powerful will as the means of obtaining his ends, rather than adjusting to a fair acceptance of life.

His karma now is to learn how to walk lightly, without leaving footsteps, for in essence he is the ruler making ready to abdicate his throne.

Constantly his past-life ego rears its ugly head, preventing him from achieving the very happiness he seeks.

These Nodes cause great difficulties in marriage for the individual experiences a strong tendency to dominate those close to him. When he can't do this, he becomes a complete hermit, freeing himself of all responsibility out of sheer disgust.

While he asks others for advice, he still must do things his own way.

His biggest conflicts center around what is artificial and what is real. There is so much martyr-like romanticism in his Leo South Node that he finds it easy to slip into the role of Don Quixote chasing windmills!

He must learn how to shed masks, ultimately discovering that ego-centered displays of dignity are coming from past-life habits and do very little now toward bringing him any lasting happiness.

For those whom he does hold near and dear, he is highly protective; and yet he has a strange tendency to wander, finding on his journeys many of the waifs and strays of society. In these outermost regions where society overlooks its existential possibilities, he discovers new horizons to explore and conquer.

He is destined to spend part of his life alone, for his unique character is too overbearing to be readily acceptable by most people. Although he enjoys having others recognize and applaud his grandiose achievements, he cannot stoop to chase people. His soul remembers a sense of pride which now forbids him to compromise his dignity.

If given the right cause, he will sacrifice his entire life for it. It is not the sympathy of others that interests him so much as their admiration for his glorious deeds.

He is repulsed by mediocrity, seeing it as a threat to his ever-present drive to reach the top, to burst the bubble, to grab for the brass ring.

If he is of the negative type, he may even use people to achieve his ends. Friends, neighbors and relatives become stepping stones on the rungs of his success ladder.

Through the Aquarius North Node he learns to overcome his past-life sense of prestige, and develops the concept of Universal Brotherhood. He must ultimately come to see himself as part of a larger cosmic sphere, in which his role is to share in the burden of human evolution. He will reach his greatest happiness when he is able to set aside his own needs and substitute in their place a new humanitarian attitude toward all he sees around him.

He is to forget pride and reach for new original horizons, no matter how eccentric his ideas seem to others. Through his North Node he is given the promise of a unique adventure, through which he can make an important contribution to the progress of civilization.

The house position of the South Node indicates the area in life that is too burdened with the desire for personal achievement. The house position of the North Node shows how the individual can set himself free from the shackles of his past-life ego by realizing the mission for humanity for which he is destined to pick up his cross.

(Mohan Koparkar)

Previous incarnation for this person was very individualized, and he had no time for others. Often his status in that life was pretty high, and others had great respect for his powers in the society. In this lifetime, he has to learn to mix with others at all levels, and solve their problems, whether he likes it or not. Interests and abilities regarding the occult and uncommon spectrum of knowledge are given at his disposal. His innovations and abilities to tackle situations are quite amazing. He may be considered quite uncommon by others; or his goals are at least far from normal. Others may like him for his abilities, but not necessarily what he is trying to achieve in life. Unpredictability is always on his side, though he has difficulty dealing with it in this lifetime.

(Donna van Toen)

Your lovers should also be friends. Your Leo South Node may reply: 'Yeah, but that's not romantic'.

Your problem is a lack of detachment.

Possible reasons: An excessive craving for warmth. A tendency to close your eyes to unpleasant truths. Misuse of power potential. A tendency to attach strings to any help

you give. Self-concern blinds you to other people's needs. Or maybe you use romantic courtship rituals as a means of postponing having to display the real you. Possible solutions: Give of yourself without demanding anything in return. Channel your imagination into beneficial group activities, reform work, etc.. Display the courage of your convictions. Worry excessively about the impression you make.

Leo South Node craves involvement - in fun, in creative projects, in love, whatever. But without your developing the Aquarius North Node's potential for detachment, the end result is quantity without quality. Leo South Node finds it virtually impossible to come into contact with another person without getting involved. Since these involvements tend to be made in the heat of the moment, however, they often prove unfulfilling in the long-run. The solution is to develop the Aquarius North Node's detachment, rationality and independence.

Some typical indications of an over-balanced Leo South Node are: exaggeration; a need to be the center of attention; many acquaintances, few real friends; a tendency to show off his or her body or wardrobe; a 'what will people think?' approach to things; dependency on others to reinforce confidence; smugness; a belief that some people are just plain inferior, no matter what they do; much artsy dabbling; a theatrical or melodramatic type of self-projection.

North Node in Aquarius dreams of freedom, of transcending the limitations of his or her structure environment and being able to do whatever he or she wants without interference. He or she might dream of self-employment in a career in science, teaching, or some other humanitarian field. This person dreams of the day when he or she can be independent of others except on his or her terms. In contrast, this person is inclined to be rather star-struck or at least in awe of authority figures. At the same time, he or she has very definite opinions which are swayed only on the basis of irrevocable evidence that they're wrong. This person is outgoing and inclined to get out and socialize as much as possible. The needs for independence conflict, and often sabotage each end of the nodal need scale. Only when the needs are reconciled will fulfillment be found.

Antidote for Aquarius Imbalance: Any type of scientific study for which the client shows aptitude would be a good antidote. Public speaking should be encouraged, with history, literature, art, and opinion being good areas to explore. Writing is an excellent antidote, with the areas of law, cultures and astrology being ideal if there's aptitude in this direction. Poetry is also a good choice. Music - both playing and listening - can be very helpful. Naturally, astrology will come to your mind as an antidote. It can be a good one provided the client has the aptitude and motivation necessary for its proper use. Independence should be encouraged.

These clients must be made aware of the potentials into which they were born, since

many are inclined to feel they have only one talent, and can become very discouraged if circumstances close doors or block paths in that direction. Fixity must be dealt with positively. The client must be made aware of his or her untapped originality and be encouraged to use it.

(Haydn Paul)

You may need to move away from self-preoccupation toward a greater social connectedness and contribution. You may see yourself as 'the center of the universe', with everything revolving around you as the 'sun', so this challenging attitude shift can be difficult. Your egocentric nature may need transforming. You may need to break down superiority attitudes and hidden assumptions that, by 'feeling special', your ideas, opinions, and beliefs are more correct than those of others.

You may enjoy public recognition and attention, even if this simply involves being in the company of people who have celebrity and fame, as this reinforces your belief in being special. Eventually, self-imposed masks of pride and dignity may become restrictive for you, obstructing the experience of feelings of connectedness with life. You may, however, prefer to direct willpower to achieve desires and ambitions for self-gratification and personal advantage alone. The South Node's house position will indicate the likely nature of personal desires and endeavors.

Self-assertion comes naturally, but you may create problems in relationships by being overly dominating. Unless your assertiveness can be matched by an equally strong partner whom you learn to respect, conflict will occur. This could come from attempting to impose your will. If this becomes excessive, a fragmenting of your partner's individuality could occur, which may force him or her either to submit passively or to leave the relationship in order to reconnect to him- or herself. This dominating energy may not be expressed in a deliberately conscious manner by you, but may be 'received' by a partner through psychological transfer in a purely subjective manner. Pay attention to your influence; note also those times when your will is resisted by others or by circumstances; and observe how your reaction is rarely graceful in defeat. You will probably brood in resentment and wonder why your 'magical will' failed to work.

Discover your essential life values, so that you stop wasting energy in futile directions, and apply it instead toward whatever offers personal meaning and benefits others too. Sometimes you may chase romantic dreams, but recognizing what is important must be your first priority. Once you know what is personally important, this insight can serve as a guide. To reach this stage, though, may require confronting experiences that starkly reveal the consequences of previous unsatisfactory choices, unclear values, and uncertain directions.

A fundamental conflict can arise between pursuing personal desires and the contribution you could make to help create a more caring and humanitarian society. This is the

Aquarius pull, encouraging you to join the worldwide work by using your talents and energies to benefit others, rather than just for personal aims. Once you succeed in releasing whatever is personally unessential and limiting, and manage to refocus your attitudes, opportunity exists for freedom to explore new horizons. This is the real direction which can satisfy your need to feel 'special', as you are suited to exploring the uncharted lands of the future.

The image of a 'pathfinder' is appropriate and indicates your intended way. You need to find the cause which inwardly summons you to follow the Aquarian impulse, because this gives life meaning and purpose, much more so than just chasing desires. This cause will reflect the vision of a new society based upon universal brotherhood, and you can contribute to his. Your main task is to share in the group work. Aquarius promises you a special adventure, and this challenges your will and belief in being special. The Aquarian path is quite capable of satisfying your ambitious drives and making full use of your potential and resources, yet it will also be a uniquely personal experience.

(Bruno and Louise Huber)

In the fixed Air sign, Aquarius, we are once more concerned with the establishment and maintenance of a position in life. In Aquarius, conscious attitudes in thought, ethics, and philosophy, come to the fore. Primary importance is attached to the rule of reason; practical living is secondary.

Aquarians know something about everything, and revel in logical argument, in which a certain proposition may be deduced from given premises. In other words, they have a strong urge to view the world rationally and to work out a system by which things can be reshaped in everyday life. They tend to build castles in the air. If the Node receives an inconjunct, for instance, Utopian plans are laid without reference to what may reasonably be achieved.

At their best, Aquarians strive to think clearly in order to see the world as it is. Because the Aquarian mind is mostly occupied with this world and with the social order, it looks for an unambiguous, usable form of ethics that offers solutions for contemporary problems. In that respect, Aquarius is like the previous fixed sign, Scorpio. The natives of both these signs are interested in creating an ideal system.

Now, in striving for a perfect social order, the first task is to keep order inside one's own head. With the Aquarian Node, the feelings often intervene and muddle the thoughts to some extent. Therefore order must first be established in the conscious mind, in the personal world of thought, before any crusading is done in the big world outside.

In the extreme case, there is a proneness to be dogmatic, and to admonish all and sundry who do not share one's ideals. This power-play is reminiscent of Leo; and, of course, the Descending Node is in Leo at the opposite pole of the axis.

North Node ♏ in VIII 8th House

(Georges Muchery)

In the eighth house, the Ascending Node (Dragon's Head) promises a peaceful and natural death, and a happy ending to the life. If the malefic planets (Saturn, Mars and Uranus) are free from affliction in the horoscope, and provided the Sun and Moon are powerfully situated, the length of life may exceed a hundred years. This position is also fortunate for inheritances and legacies. The native's inherited property from his parents will be considerably increased, and he will also have the chance of unexpected gains from lotteries or gifts.

In the second house, the Descending Node (Dragon's Tail) is not fortunate for money matters. It is harmful to the native; or, more strictly speaking, his enterprises will be upset by circumstances over which he will have no control. This position may cause bankruptcy. Moreover, in regard to the affections, it will indicate deceit on the part of people in a low station of life. If the horoscope on the whole is not good, it denotes loss of position on account of a woman of loose morals.

(Isabel Hickey)

Subconscious habit patterns of the past have been the 'getting' principle rather than the 'giving' one. Must help others to find their resources and their sense of worth. The play on the senses must give way to the transforming of passion into compassion. Before the seed can bring forth fruit it must be buried in darkness, break its selfenclosed shell and reach for the Light. Helping others to find their resources and values is the clue to the right use of the North Node in the eighth house.

(Bernice Grebner)

The North Node in the eighth house forces the person to learn to accept another's financial help. Sometime in his life, he will be forced to learn to accept the humility of taking from others. He also needs to learn the depth of experience in sex, its proper and beautiful purpose, and the regeneration and rejuvenation it brings to human beings. North Node badly aspected could cause either a breakdown or disturbing emotions

when there is an imbalance in any of the eighth house activities.

South Node in the second is determination. This position gives the person a dissatisfaction with money earned, or with working conditions. It may give many changes in jobs, or more than one job at a time. The person is always seeking the ideal way of adding to his own resources. This also can lead to financial difficulties. South Node here gives us one who enjoys the physical pleasures, but who needs to learn balance and control of appetites and sense by creating beauty for the world. Second house South Node can give an inability to earn completely one's own way. Satisfaction and success in this area usually is delayed. It can give the person stubborn pride but great loyalty to a cause or a person.

This condition often signifies that the person has to deal with resources and possessions in various ways in life. Often their combined resources are plentiful and handy, but the other person may or may not allow them to use it generously. Their own resources become a doubtful issue in many cases. Strong interest in the occult or hidden side of life is noticed as a rescue from the material world. They often have good instincts and ability to deal with others' subconscious. Cash flow situation will depend upon the planet(s) conjuncting the nodal axis. A benefic will increase favorable chances, while a malefic will cause uneven difficulties. Learning from the idea or reality of death and regeneration is strongly noticed in this case.

(Martin Schulman)

Here the individual is confronted with a powerful battle inside himself on the most basic of levels. His karma is to overcome the extreme possessiveness of his past incarnations. Until he deals with this, he has difficulty finding meaning in anything he cannot personally own. He is jealous of the possessions of others, desiring strongly to have all that his eyes behold. In some individuals this builds up to an insatiable lust for possession. In this respect there is such a strong determination that little can sway him from pursuing his desires.

Nearly always his life is based around the sexual force, and it is nearly certain that the sense of sexual understanding is highly perverted. There is usually something animalistic about the nature. Whether open or concealed, there is a lack of response to the civilizing effects of society.

In his past lives, the individual did not fully understand the importance of other people's values, but continued to go his own way, unaware of how he affected others. His soul has built a need system so great that no matter how much he is fulfilled, his greatest needs always seem to be just beyond his reach. He is like the proverbial donkey following a carrot strapped to his head; but rarely does he understand that he is the one

who put it there.

Those near him would give him the Moon if it would make him happy, but they know as well as he does that it would be only a momentary toy ultimately to be discarded and replaced by another need. It seems to be the quantity of quality that he desires, which is to say that he feels he must have it all! A bundle of excess in all directions, he finds it difficult to change his ways even after the realization that he is headed down a path of disaster. He pushes each crossroad to such extreme excess that when he does discover his errors, he is so far beyond the point of departure that he find it impossible to see his way back. And so he continues further along a parth he knows is wrong because it is the only road his eyes can see.

In some cases he goes to such extremes that he may run into trouble with the law; but long after he sees his error he still keeps trying to convince others that he is right.

More than one with any other Nodal position, this individual must learn self-control, for without discipline he can too easily allow his past incarnation habits of selfindulgence to make a shambles of his current life.

Some with these Nodes experience an infirmity which brings them so close to death that their eyes open to a new appreciation of life. Others go through extremely trying sexual episodes so that they may start to be more clinical about their behavior. But always the karmic lesson is the same. The individual pushes himself so hard that he ultimately destroys all ground he has gained. Through a symbolic death of excessive behavior patterns, he may ultimately experience a new birth.

The past life residue presents too many physical and material concerns. The main growth in the current life is based on the individual's ability to ferret from out of the depths of hie being the strength for a rebirth. He often displays an interest in the occult, through which he ultimately gains information needed to achieve his regenerative transformation.

Whatever he chooses to do, there is always chaos in it, for he is an extremist. And yet the combined karmic residue of stubbornness and laziness keeps stalling his rebirth. His soul wants to transform, but he has difficulty finding enough energy to do it.

The hardest thing for him is to learn how to walk with no footsteps, for he so desperately wants to be impressive that he keeps making his own life heavier.

Relationships are extremely important to him. From prior incarnations he has developed the habit of seeing the world as a social caste system, and within this framework keeps struggling for status, always believing that some people are more privileged than others. Through his eighth house North Node, he must symbolically kill this past-life value system and go through the permanent metamorphosis which will eventually attune him

to the value of others. He has much to learn from those close to him as soon as he starts to listen.

Most of his sexual thoughts come from a deep-seated desire to kill the physical plane. They lead him on a path of ultimate disgust with himself as well as with the physical and material life he has led for so long. Through open or secret lust as well as jealousies in money or business affairs, he keeps spiralling his life to a point of no return. Once he reaches this, he will begin to be accepted through other people's value systems in order to find his way back. But he will be confronted with the test of having to give up all that he has ever thought important, almost as if he is being asked to step to the back of the line and wait his turn. Each time a new and finer value is imposed on him, he must learn how to eliminate all in himself that blocks its acceptance.

He will start his new life from the bottom of the ladder, where because of the slowness of his ascent he will treasure deeply every inch of ground he gains.

Truly these Nodes indicate a difficult life, but only because the ingrained attitudes of past incarnations are so fixed on having their own way.

Until the transition is complete, he can expect his current life to be one financial tug of war after another. He must learn the karmic lesson that possessions are for the purpose of use and that it is not necessary to own more than what is immediately useful.

When he overcomes the tendency to allow his life's energies to dissipate themselves, he can become a veritable dynamo in the business world. Still, he must never forget that he is the type that must burn his bridges behind him as a protection against slipping backward to levels he has struggled to pass through.

He must understand the biblical story of Lot, who when he was finally redeemed from Sodom and Gomorrah was asked to leave the city, take no possessions, and under no circumstances look back.

The eighth house North Node can regenerate the individual. It is up to the strength of his own faith. To reach heaven, this Nodal position must walk through hell first, and there from the very bowels of the earth make the realization that God will hear his faintest cry for help as soon as he sincerely promises not to 'look back'.

The sign which contains the South Node shows the type of past-life value system that must be regenerated. The sign which contains the North Node shows the ways in which the rebirth will be accomplished.

(Donna van Toen)

Conflicts: Own values vs. other's values. Growth vs. degeneration. Joint resources vs.

personal resources.

Possible results of sacrificing North Node: Extreme possessiveness. Sexual difficulties. Lack of regard for other people's values or needs. Unhappiness with possessions and money, no matter how comfortable your material situation seems to others. In extreme cases, trouble with the law; more often, simply trouble from atypical values.

Possible ways to integrate the North Node: Develop self-control and self-discipline. Develop an appreciation for life. De-emphasize things; concentrate more on relationships. Organize your life - clear away worthless people, things, attitudes. Try to stop worrying about being appreciated; be willing to work for the joy of working rather than for prestige.

With the North Node in the eighth house, the hang-up seems to be centered around power. Inability to forgive and grudge-holding are common expressions of this hangup. A muddled or twisted sexual identity is another manifestation. Thus we see the macho male, the femme fatale and the asexual being - as well as those who are attracted to these types. Often there's a 'money is power' syndrome that can manifest in gambling or foolish spending. In most cases there's a strong desire to prove your worth or get back at those who have wronged you.

North Node in the eighth house also hopes to realize gains through partnerships or other relationships; but the dreamed-of gains are liable to be more tangible in this case. He or she could dream of marrying a rich mate, befriending someone who dies and leaves him or her a sizeable inheritance, or being cut in on somebody's lottery winnings. There's a strong desire to eliminate hardship of all types. This person takes an emotional approach towards financial matters. He or she tends to spend on the basis of emotional impulse rather than need, and is often careless or impractical with money. Less frequently the person is too lavish with praise, time, or nurturing. These tendencies stem from a subconscious feeling that he or she is incapable of amassing necessary resources without help from others.

(Haydn Paul)

You find it difficult to change your established ways, even when recognizing that the way leads in a wrong direction. You tend to continue anyway, mainly because it is the only path you see, and you will attempt to convince others that your way is right. And, in many ways, it is, because it offers the potential to realize what drives you and to encourage change, especially when painful consequences occur.

Resisting the temptations of material life is probably needed to balance this, especially as you favor possessions and material acquisitions which appear to offer a surrogate

sense of meaning. Your desire nature often prefers quantity to quality, but is rarely satisfied or satiated for long. This requires transforming to deepen life appreciation.

Your behavior can be extreme in most things; and you often destroy progress by burning bridges behind you, stopping any chance of returning to the past and old habits. This ensures that you are committed to a chosen future direction. Potentially, such action can lead to positive results. Yet these do not just come about by themselves; you have to work toward them consciously. You require an inner transformation (designed to improve your life), but may have difficulty in generating consistent energy to stimulate change. Additionally, there is always an element of possible chaos in your behavior that emanates from any misapplied Scorpio energy which can always unconsciously undermine your intentions.

You desire to be impressive to others; yet to some, you can appear as a negative influence. This arises from lacking comprehension of how your personality impacts on others, because you are so preoccupied with going your own way.

Relationships are important, although you tend to seek social status through them. There may be some confusion with respect to sexual matters / identity / activities, and you do not feel at ease with insistent physical demands. This can cause inner resistance and conflict. You may feel wary of sexuality, and your sexual image may be a difficult one to accept or integrate. You can keep such insecurities hidden and at a distance. Yet, as sexuality is an essential part of adulthood, it is a powerful impulse which requires satisfaction and understanding.

If you discover more transformative personal values, this can moderate any unconscious or excessive behavior patterns. You need openness to experience and to receive the influence of others, so that your life becomes expansive, as understanding different attitudes develops greater tolerance. Introduce new attitudes and values toward modifying your possessive impulse, especially by realizing that possessions are only for us. Material prosperity does not indicate a person's quality, or necessarily satisfy or fulfill his or her deeper needs. Your emphasis should be placed more on appreciating quality - that of yourself, of others, and of possessions.

You may need to release much that you previously considered to be important and meaningful, even though it has failed to give peace or happiness. Circumstances may strip you of the past in order for you to receive a new impulse and be influenced by more appropriate attitudes and values. If this occurs, see this experience as a positive personal renewal, an opportunity to change your life by a more moderate and balanced approach, leaving behind your compulsive and unconscious tendencies.

(Bruno and Louise Huber)

The 8th lies halfway between the Descendant (DC) and the Medium Coeli or Midheaven

(MC). Like the other fixed houses, it has no contact with the main axes. Like them, it is relatively remote from the cardinal force and favors a settled state of affairs. A dual instinct resides in the Scorpio 8th house. It rules the situation in which two things are wanted at the same time: the thing that suits the Descendant, and the thing that suits the Medium Coeli. Both of the nearer main axes determine the themes of the fixed houses.

This produces a double nature. In the 8th house, there is a desire to fulfill two conditions: on the one hand, to be in good communication with the 'You', and to profit by the contacts made through the seventh house; on the other hand, to undergo a 10th house individualization. However, to stress one's individuality can lead to isolation and to the loss of advantages offered by the 7th house. To be entirely 'Me', I have to give up 'You'. Therefore I am torn between two desires. Although I want optimum access to those around me, I also want to be a strong, independent, free individual. And so I seek to be someone important in society. That is a classic compromise which society has always found acceptable.

Society is the sum of all the 'Yous'; and if I climb the social ladder and reach a secure position, I become someone who is respected. But, conversely, when I have a social position, I am answerable to others. To be sure, I have a place in society and authorization to perform a certain function; but, equally, I am under society's eye.

The Node in the 8th house warns me that I need to understand these two conflicting requirements, and to handle them sensibly without making false compromises. In fact, any compromise is rather inconclusive. With the Node in the 8th house, I am compelled to live on the razor's edge. I must guard against opting for security at the cost of personal development.

In the 8th house, the Node challenges us to strike a proper balance between society and individual growth: a balance that will produce spiritual and personal harmony. It requires us to cultivate a healthy relationship with the environment, in which the latter is respected, and to fulfill our obligations without hindrance to our spiritual growth. This is a tall order, because it presumes an internal and an external interdependence that are not easy to come by. It implies give and take in the spirit of: 'Render unto Caesar the things that are Caesar's...': not by seizing advantages, but by giving and taking in such a way that we and others each get what is our due. It is important to keep things in proportion; and to do so calls for the ability to keep a cool head and to weigh everything carefully; also to be scrupulous in keeping the rules, including the rules of affection, sympathy and contact.

Also one must not neglect love while getting on in the world. In the 8th house there has to be equilibrium between the physical and the spiritual. One is constantly being challenged not to lay undue emphasis on status or on material advantage. Usually, when the Node is in the 8th house, there is a struggle to overcome a fixation on the tangible and material, and to release living human impulses.

North Node in the eighth house or Scorpio: (James Braha)

If the North Node is in the eighth house or Scorpio, the person's greatest growth, evolution, and fulfillment come through relinquishing his desires for possessions, and helping others to determine their values. In past lifetimes, the person has been attached to his acquisitions and engrossed in his cravings for personal security. Now he is learning how to surrender and merge with energies separate from his own. Success and happiness will be found in pursuits involving the occult, metaphysics, mysticism, and psychic work. The person may also do well in politics or other fields which promote causes or campaigns for the good of others. The person should not concern himself too much with his own self-identity and intimate pleasures. He is here for greater purpose and profundity.

Good results occur when the person concentrates on spiritual evolution, soul growth, and psychological transformation. He should focus on ideals, paradigms, and ultimate realities rather than what can be gained from the mundane, physical universe. Sexual experiences are deep, significant, and valuable. The person transcends individuality and merges profoundly through the orgasmic experience. Appearances and physical beauty are not so important. The person must seek that which is deep, real, spiritual and lasting. He should open himself to all kinds of experiences, without trying to pick and choose the good versus the bad. Passion, power, and self-control are to be cultivated. The person should welcome his newly-vulnerable nature and embrace whatever ego-death-and-rebirth experiences come his way.

In Hindu astrology, the North Node in the eighth house and the South Node in the second (or vice versa) are considered the most painful and troublesome node positions. Family life is harmed and there are disturbances in married life. Happiness is not favored. However, there may be good spiritual and mystical experiences. Also, money can be earned from metaphysical or natural healing techniques. The sign positions of the nodes are much less significant.

(Black Moon) Lilith ♀ in XI 11th House

([1159] elsaelsa.com)

Outcast

If you have Lilith in the 11th house of your chart, her themes will manifest in terms of friendship, groups, and aspirations. You embody Lilith's character among peers and carry her energy into your dreams for the future.

In traditional astrology, the 11th house is known as the house of Good Spirit, where our wishes come true. But with Lilith present, it can feel like just the opposite. Those favors in high places are denied, and there is no one to help carry your burden. It seems like every time you swell with hope, you are struck down, just as poor Lilith was filled with happy expectation in uniting with her lover and was struck down for having the audacity to hope to be treated as an equal.

In fact, you are also often scapegoated in this way, particularly in groups. You are silently designated to be the one to carry the shadow for the collective, and you are scorned when you try to assert your right to be treated with dignity and respect. You end up blamed for your own suffering, as if the anger of the group is something you are just supposed to accept. You may at some point decide to give up on groups altogether.

But regardless of how you feel about groups, everyone needs friendship. There's a reason the house of Good Spirit is also the house of friendship. Friends help make life rich. Not that it is necessarily easy for you. In your youth, you were likely teased, scapegoated, and betrayed by those you thought you could trust. While this may also happen from time to time in adulthood, there are ways around it. Many people with Lilith in the 11th find others with the same or similar placements to create a group of friends who understand what it's like to be an outcast. When you find them, it will feel like fate. In your gang of miscreants, you finally find the acceptance you needed for so long, and can shake off the fear and pain.

There is so much more to say about this placement, but I'll end it here. Above all, remember this: you may have to fight to find your people. It may not be easy. But they're out there searching for you too. And when you find each other, you will finally have the joy the 11th house promises. You will shoulder each other's burdens and support each other's dreams. And when you think of the people who made you feel so rejected, like no one would ever accept you, you'll laugh and laugh. Shows what they know, right?

Chiron ♄ in ♍ Virgo 0° 0'

([1253] astromajesty.com)

Chiron in Virgo is a complicated placement because these individuals have to heal a wound that's impossible to mend.

These individuals struggle with the pain of trying to be perfect. It is why, no matter what

they do, they believe there is something inherently wrong with them.

People with Chiron in Virgo have self-worth issues. That reflects in perfectionism, criticism, and distorted body image. They are persons who strive to be immaculate, to do things right, and to fix every problem.

It is why it's not unlikely for them to be people-pleasers, to take everything personally, and to worry about other people's opinions 24/7.

They torment themselves with feeling incomplete, impure, or damaged. Virgo Chiron individuals were likely suffering from a terminal illness in a previous lifetime, or they saw someone close to them pass away after a long and painful disease.

Perhaps it's a past-life memory of dying young. Or maybe Virgo Chiron people witnessed the death of their parents at an early age.

However, it's an experience that left Virgo Chiron people traumatized and feeling like their life chapters never get the proper ending.

Virgo Chiron individuals believe that there is a part of them that's utterly broken, but they can't pinpoint which one. They don't feel comfortable showing their struggle to anyone, so they hide it and avoid confronting their fears.

Indeed, one of their biggest worries is that people will see them the way they see themselves: imperfect, flawed, and inferior. For Virgo Chiron people, that would be a confirmation of being unclean, not enough, and not "together."

Due to not avoiding sharing their pain and allowing others to help them, persons with Chiron in Virgo seek ways to fix themselves. That usually means that they desperately try to find a sense of completeness and contentment.

Yet, Virgo Chiron people don't know which path to take. That makes them feel more lost and incomplete.

Individuals with Chiron in Virgo manifest their agony through chasing perfection and working on their growth and looks.

That's usually a productive way to mend a wound, but not in a case when one never thinks it's enough. Hence, Virgo Chiron people won't stop. They will never think they are beautiful, smart, or educated enough. It is why these persons are associated with hypochondria, OCD, and obsessive perfectionism.

Virgo Chiron individuals can be manic in maintaining their hair, body, and clothes, neat and tidy. These persons can spend a fortune on the latest trends or watch fashion and

beauty video tutorials for hours. They are also meticulous about aligning their style with the occasion.

People with Chiron in Virgo are also likely to learn fun facts, small talk examples, and every world capital to ensure they are ready for every conversation. They also manifest their pain through verbal communication. Virgo Chiron people strive to know all the answers and how to talk with people effectively.

But Chiron in Virgo is not always centered around cleanliness and organization. Instead, these people can also be messy, chaotic, and disorganized. They can also be a mix of these two types.

Thus, they tend to criticize others because it's their way of preventing people from judging them.

Thus, individuals with Chiron in Virgo are also likely to go from one extreme to another. They struggle with seeing grey shades because it complicates life. Hence, these people prefer to label everything and everyone as either good or bad.

Regardless of how they express their pain, people with Chiron in Virgo seek control over their lives by focusing on one category.

Some will concentrate on their looks and others on relationships.

However, in the end, they all discover that control is not an effective way to eliminate their inner agony.

Men with Chiron in Virgo

Males with Chiron in Virgo tend to be pragmatic, restrained, and emotionally detached. They control through organizing their life, house, shelves, garage, and anything they can tidy-up. Sometimes they get lost in these activities because they often exaggerate concerning cleaning, fixing, and arranging.

Like their female counterparts, control is their principal drive, and they manifest it in every aspect of their lives. Virgo Chiron men tend to control their partner and friends, and they are quite subtle in doing so.

However, they are intelligent, so their loved ones often end up doing what Virgo Chiron tells them. If Chiron is afflicted, these men can manipulate others into doing something they don't want. And if Virgo Chiron males don't get others to follow their advice or rules, they will be infuriated or feel a sense of worthlessness.

The problem with men with Chiron in Virgo is that they repeat the same actions and habits without wondering why people don't listen to them. They should consider that

perhaps their ways are not always the best, and that's why their controlling techniques fail.

Another way how Virgo Chiron men enforce their control is through exercise. They have a complicated relationship with their bodies and notice every imperfection. It is why they often start rigorous diets, work out until they pass out, or spend all day in a gym.

These men also tend to organize and control their emotions and thoughts. Some people might see them as robotic or emotionless because of that. But men with Chiron in Virgo don't like anything having control over them, including their feelings.

Due to being overly controlling, males with Chiron in Virgo suppress their fears. Yet, they might resurge as phobias.

It is why men with Chiron in Virgo must realize that it's impossible to have complete control even over menial things. That will free them and allow them to confront their struggles.

Summary

People with Chiron in Virgo are usually born with inaccurate beliefs of being incomplete, unworthy, or damaged. These opinions appear at such an early age that they can't remember how it started.

For some reason, even as kids, they believed there is something wrong or broken within them. As they grew up, they manifested these beliefs, convincing people to think the same.

However, these thoughts don't always appear without any trigger. Sometimes parents had an impact on how Virgo Chiron people see themselves.

Perhaps their caregivers often criticized them or behaved toward Virgo Chiron in a way that made them believe they are damaged or incomplete.

As people with Chiron in Virgo tend to see everything as an insult or provocation, perhaps their parents never belittled or criticized them.

But Virgo Chiron individuals saw their parents' remarks or comments as criticism, which started accumulating negative self-perceptions.

The truth is, no one can heal any Chiron wound fully. The placement is there to stay, and the pain makes a person who they are. Hence, they have to accept their vulnerability, imperfections, and fears.

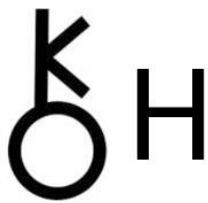

People with Chiron in Virgo should embrace the idea they are already complete by being

themselves. Yet, it is Chiron that makes them feel broken and incomplete.

These individuals should learn how to integrate their imperfections into their being because those fragments make them who they are. No part of their bodies or psyche is good or bad, but they all have a purpose.

Their life mission is to learn to love everything that makes their being because all those elements together make them whole.

Chiron ♄ in III 3rd House

([1262] astromajesty.com)

People born with Chiron in the 3rd house struggle with communication, interaction, and the learning process. That doesn't inherently mean a disability (although it might include), but a difficulty in expression and coding or decoding messages.

These natives might find it challenging to speak out their thoughts because they think they won't be heard or no one cares.

Even if those with Chiron in the 3rd house decide to express themselves, people don't understand the true meaning behind their messages.

Since there's a conviction that others are not interested in what they have to say, these natives often stay silent when they would like to speak. People tend to perceive them as shy or detached because they rarely talk in front of others.

These natives often start collecting redundant information to feel more confident when in a group of people. However, accumulating unnecessary data in their heads usually leaves them more confused and unable to come up with something cohesive to say.

Individuals with Chiron in the 3rd house tend to be highly intelligent, but others rarely perceive them as such. Their ideas, thoughts, and views are hard to understand and transmit to people due to being too complex.

These natives tend to have confusion in their heads and an abundance of concepts that rarely get to see the light of the day. Because of that, self-destructive thoughts might

occur.

People with Chiron in the 3rd house tend to see themselves as unworthy, stupid, or misunderstood. It is why they keep their opinions for themselves, avoiding people or emotional connections.

The fear of opening up to the world

Individuals with Chiron in the 3rd house are afraid that if they open up to others and say what's on their minds, they will laugh at them.

Since they usually prefer avoiding emotional investment in relationships, they don't know how to talk about their feelings. These natives tend to see emotions as something abstract, unnecessary, or painful.

Logic and rationality are their most pronounced traits, and they follow it like a religion. People with Chiron in the 3rd house rarely let themselves feel or show to others they care.

Instead, they rationalize every emotion, connection, and situation to the point of acting cold, calculated, and uninterested.

On the other side, they might take an opposite approach, depending on aspects in their natal charts. Those with Chiron in the 3rd house might be too emotional to use their logic.

In that case, they let their feelings lead them through life and may act irrationally in relationships. That can result in child-like behavior and convictions.

Moreover, these natives can be breathing paradoxes due to being overly logical and emotional at the same time. That can make it hard for them to make well-thought-out decisions or follow their intuition.

When someone has Chiron in the 3rd house, it is hard to describe them because they can rely on their feelings one day while the next one, they'll be rational.

Letting go of fears

These natives tend to have learning disabilities that they perceive as something that prevents them from becoming who they truly want to be.

Whether they're highly emotional or rational, they are usually not satisfied with themselves. They likely perceive themselves as abnormal, weird, or much behind others.

Others don't necessarily see them as different or difficult to understand. People with Chiron in the 3rd house struggle to accept themselves and choose to stay on the

margins or far from people.

However, there is another scenario this placement might point to. Chiron in the 3rd house could also mean that the native has a challenging relationship with their sibling(s).

Perhaps they struggle to form a close bond with them or have little to nothing in common. Whatever the scenario, it makes Chiron in the 3rd house native suffer and have difficulties in connections with other people.

These individuals should learn to embrace themselves, their views, identity, and opinions. They won't express themselves and open up to the world unless they accept that they are the way they are.

Moreover, they should learn how to establish harmony between being emotional and rational because they need both to function properly.

The first step is to let go of fears of what others think of them and their intellectual abilities. Natives with Chiron in the 3rd house don't have to prove anything to anyone but themselves.

Part of Fortune ☒ in ♏ Scorpio 25° 16'

([1282] astrolibrary.org)

You enjoy finding deep meaning and participating in the regeneration process. On the physical level this is linked to sexuality through an intimate and transforming contact. On the spiritual level, this is linked to the mental search for intense emotional levels while helping others, and also overcoming negativity.

There is an intense desire to explore the meaning of life and the psyche. With Part of Fortune in Scorpio, there is a clear and penetrating perception that lets you dwell on the unknown and be at the center of every process of emotional and spiritual change and transformation.

The sign opposite to your Part of Fortune in Scorpio is Taurus. Through Taurus you observe how others prefer to remain safe in what gives them shelter, while you try to discover everything that is new. You want to uproot the established order, eliminate what is no longer useful, and improve it. You know how to fix and rebuild everything that is destroyed, by recognizing what is still worthwhile and useful.

Therefore, you understand your own unconscious and you are in tune with the unconscious levels of society's thinking.

You destroy or eliminate from your life everything that no longer makes sense or no longer has a true value. To many other people it will seem that you are destroying what took so long to build, but you know that what can be destroyed was not really valid.

You look for the hidden secrets of society and the mystical reality of the Universe, especially because you know what it can bring to the human beings of today.

Taurus energy builds, and Scorpio energy undoes or destroys. You know that both are necessary in the process of evolution. That's why you know how to build, destroy and reconstruct all the things in your life to transform them.

You feel an immense restlessness for wanting to understand everything that is not visible and that is behind the apparent. You want to know what is beyond the normal reach of human perceptions.

You never rest until you know that you have done everything in your power to provoke in yourself, and in others, the changes that are needed to free yourself. You are a transformer of mankind and dislike the lack of progress in those around you.

Sexuality is the engine that gives you the energy to move on and penetrate the realms of the unconscious. You have a strong sense of intimacy that drives you to want to connect with the depths of truth. Your perception is very acute.

With your Part of Fortune in Scorpio, you will not have a very peaceful existence. But you must also understand the value of relaxation and being happy through Taurus, the sign opposite your Part of Fortune. Although you will never be calm until you feel that you really deserve it.

You take an active role in the construction of a safer and more peaceful world, without repressing the natural instincts that are the source of life.

You are happy and you do better when you show others those roads they are afraid to consider, and you help them to have a deeper meaning in their lives. This has a transforming effect on yourself and everything around you.

Part of Fortune ☒ in V 5th House

([1291] astrolibrary.org)

You enjoy creating. You express this through a particular talent or simply as a way of life. You personally identify with everything you create.

Not only is everything you make a product of yourself, but you also become the product with everything you do.

You have the great ability to realize your dreams, which is much of your own doing through your willpower. You get to know yourself through everything you do.

Since your Part of Fortune is in the fifth house of your birth chart, the 11th house is the opposite house. Through the 11th house, you see the ideal reality from which you must create. You also see the illusions and fantasies of other people. However, if these ideals are too scattered and do not inspire you, then your ability to create diminishes.

Since your friendships can give life to your hopes, dreams and wishes, and push you

into the realm of creative imagination, it is important that you know how to choose your friends, as they are the source of the creation or destruction of your inspiration and imagination. And you need inspiration and imagination to feel like an individual being.

At the same time you must take them in a detached way and see your dreams as a collection of symbols of the universal unconscious, without dispersing your creative process, or identifying with these dreams unless they fit within a creative project.

You must realize that all creation is one percent inspiration and ninety-nine percent effort, and also that there is a great difference between knowing what one can do and really putting it into practice. You will only know yourself through what you do, not what you think.

Regarding your friends, you have a strong idealism, but you must remain impartial understanding the concept of not being involved. The more you talk about everything you can do, the less energy you have at your disposal.

Your greatest happiness comes from being deeply and intensely involved in everything you are capable of creating. Sometimes this satisfaction comes from a single brilliant creation, whether in the arts, the theater, or through a very special child.

Sometimes you absorb dreams from other people, those dreams that they don't know how to use. You must examine these, and apply them to what you have learned through your creation. You should not try to instill the will to create on those who only talk about it, because then you lose your own will.

You like to enjoy all the good things in the world, although you have to learn the difference between inner and outer richness, to give more importance to your inner fulfillment than to the outer one.

Also, since the South Node is connected to your Descendant, it is important to choose your partner wisely as many times they can represent your past karma may cause a block or hold you back in any transformation or growth you seek within this lifetime.

5) ► **Midheaven MC Parallel ☿ Mercury** - (0°55') ♀12 | ♄7

([37] astromatrix.org;) This aspect means that you have a very sharp mind, which you will use to get ahead. Very early in your life, you will learn to look at the world clearly and objectively, and you will learn to communicate in ways that are very advanced for your age.

You may or may not become an intellectual when you are older, but you will use your mind continually, always searching for stimulating and exciting experiences. Because you cannot stand boredom, you are sometimes very restless. Your most important task is to be more disciplined, so that you stick to a task long enough to get some real benefit from it. There is a real danger that your interest in any subject will be shallow.

Another possible problem, which may seem less serious but is actually greater, is that you prefer to deal with the world through your mind rather than your feelings. This will keep you from really being in touch with some experiences in life - such as love and sensitivity to beauty - for which your mind alone is not enough. Also, you cannot really get in touch with other people through your mind alone.

Unless you develop your emotions along with your mind, you may feel lonely and cut off from others. With your lively mind, you may enjoy playing practical jokes on people. This is fine if you are careful not to hurt people who are more sensitive than you.

6) ► **Midheaven MC Parallel ♃ Jupiter** - (1°11') ♀12 | ♀9

([65] astromatrix.org;) Moral Leader

You are an ambitious person who wants to get ahead, not just for yourself, but for the benefit of the larger world to which you belong. While you are young, you will express this as an interest in issues that are usually of concern only to older people.

Your wide-ranging interests may include such topics as religion, geography, and even politics and government. In school you may get involved in student government and become quite a leader among your classmates. But they will respect you for this, because while you make it clear that you expect to benefit personally from what you do, you also feel responsible to those around you. If you receive any kind of religious education while you are young, it will have a tremendous impact, and you will carry those teachings with you all your life. As a result, your standards of ethics and morality

will be higher than most people's.

You will always be concerned with doing what is right for its own sake, not for what you can get from it. In fact, this position is often found in the charts of those who enter the ministry or priesthood. If you don't receive any religious training while you are young, you will develop your own religious views anyway, which will be as important to you as if they had been taught from earliest childhood.

You will always want your life to stand for the highest and best values - honor, integrity, respect and truth. Even when you cannot uphold these principles as you would like, you will respect them. And if you violate your principles, you will hurt yourself more than anyone else.

7) ► **Midheaven MC Parallel ♄ Saturn** - (0°49') ♀12 | ♀4

([72] astromatrix.org;) Striving For Success

At a very early age you will learn that life requires hard work and ceaseless activity if you want to get ahead. Also, you want to be a person of significance when you are older, so you will start working while quite young to get where you want to go.

Since you have so much internal discipline, your parents won't have to impose it from the outside, nor should they make unrealistically high demands, because you will try very hard to fulfill them. Whenever you fail, you condemn yourself strongly, and if you decide you are a loser, it would be very difficult to change that belief.

This placement of Saturn can signify that you will be very successful or very unsuccessful, depending on how you experience success while you are young. You respect those in authority even when you feel they are giving you a hard time. You understand that they have earned the right to their position and that to challenge them you must earn that right as well.

Only if you have very negative experiences with authority while you are young - and your parents will have a lot to do with this - will you be negative about it when you are older. No matter what career you choose, you will be a teacher and a guide for others. You may be a teacher in the literal sense in some kind of school.

In any case, others will look to you for guidance when you achieve the goals that you set for yourself now. As you work to get ahead in life, however, be very careful not to neglect your friendships and other relationships. Otherwise you may be very lonely later on.

8) ► **Sun ☉ Parallel ♀ Venus** - (0°16') ♀2 | ♀2

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in

the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying

love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

13) ► **Mercury** ☿ **Parallel** ♏ **Saturn** - (0°06') ♏7 | ♎4

([31] astromatrix.org;) Depth Of Mind

In the case of Mercury Conjunct Saturn, the two planets are joined in a conjunction, they do astrologically become sort of a new planet, with its own distinct traits. The closer the conjunction is, the more this transformation is true. With Mercury Conjunct Saturn, your mind will be more serious and responsible, cautious and reserved. You have a depth of mind and are able to learn, study and discuss many topics as you are able to store information in your mind quite well.

You tend to avoid superficial trivial topics and like to investigate and question things as much as you can. You generally need empirical evidence to overcome your native skepticism. Your work habits are careful, tenacious, methodical, and industrious. You are probably quite organized, hardworking, and proficient at dealing with rules, regulations, fine points, and details. Writers with this aspect are typically masters of grammar and style. There is frequently great ambition, self-control, and a willingness to labor hard and long to achieve your goals.

14) ► **Mars** ♂ **Parallel** ♄ **Uranus** - (1°15') ♄4 | ♄4

([53] astromatrix.org;) The Anarchist

This will give you a dynamic, powerful energy that you attempt to direct in pursuit of your ambitions. One difficulty can be in the often-erratic flow of this volatile energy, which creates problems in consistent application. It will be seen as though an on-off switch is being internally activated by an unknown hand.

This is the unpredictable instability of the Uranian vibration, which is interfering with the drive of Mars. Even so, the power that you release is quite considerable; but you may have to learn how to apply it in ways that create the maximum benefit for yourself, perhaps through taking into account this irregular flow pattern, and organizing yourself accordingly. When this energy is freely flowing, you will feel highly charged, and under the influence (or 'inebriation') of this energy you are liable to be quite impulsive.

Actions can be taken without due thought or consideration, and this can create future difficulties, through following unwise choices. A lack of sensitivity to others, and a diminution of common sense, can occur; and you may look for ways to release the sudden pressure that can rapidly build up inside you. In extreme cases, this can be expressed through explosions of temper and anger at any provocation, even to the point of physical violence; certainly, attempts to release the energy through verbal and emotionally directed violence towards a partner are common.

You prefer to retain as much independence as possible; and you are not one to bow to any authority. Basically, you are anti-establishment, a natural rebel, an anarchist. You see your own will and desires as paramount, following a purely personal code of behavior which is determined by a self-centered perspective on life. You tend to insist on your right to be free to follow your own path and ambitions, and can experience relationship problems through this attitude, and may need to learn the values of co-operation to modify this tendency.

Your search for excitement is mainly in terms of physically based action, which can be through competitive sports, or in sexual conquests. You feel a strong need to 'feed' this urge for physical / material level action, and it is tied in with a need to prove yourself in relation to others, to prove that you are better than them in some chosen way. In some ways, the rebellious spirit can find suitable channels through becoming an opponent of the establishment, but one who is working from within a socially accepted framework, attempting to change society from within. It may be argued that this is the most effective way, to initiate constructive change through speaking out on behalf of a minority or disadvantaged social group. Irrespective of how you may express this tendency, you will tend to look for results to occur in the physical world as a reflection of your impact.

You can have little patience for social rules, preferring to disregard them; but apart from you being penalized if you contravene them, you may have to learn the art of apparent conformity in order to create a foundation that you can work from in your own inimitable, subversive way. Probably you will find that you become more effective if you can control the inner energy, so that you are able to direct it into predetermined channels of creative expression. The act of clarifying your aims, personal and social, will help this process.

Careful consideration of your options and goals will lead to wiser choices at the times of activity, and a gradual transformation from self-preoccupation to becoming more aware of the rights and feelings of others will be a great step for you to make. Learning to share and work with others in co-operation will offer scope for the fullest use of your talents and forceful energy and will re-integrate you back into society as a positive revolutionary rather than just a negative reactionary.

15) ► **Mars** ♂ **Parallel** ♀ **Neptune** - (0°29') ♄4 | ♆9

([54] astromatrix.org;) Everywhere And Nowhere

This conjunction can pose several difficulties, in choice of actions, where you may struggle to establish what your real aims are; in making that final decision to attempt to achieve them, and in ensuring that sufficient and persistent effort is then made to guarantee success.

An unintegrated Neptune can dissolve that focused will, making decisive clarity difficult to maintain. Additionally, you tend to avoid accepting the consequences of your choices, and there can be a refusal to acknowledge responsibility when such actions lead to failure or negative results. Part of this derives from lack of prior consideration and a willingness to sometimes jump into action on impulse alone; yet this is often used as a spur to be decisive. 'I didn't know it would turn out like that...' is used as a defensive excuse and is probably true because possible repercussions were not evaluated. Yet continuing with such an approach is essentially avoiding personal responsibility.

You may realize eventually that most actions you take on impulse go awry in some respect, rarely fulfilling your initial intention. This issue related to your choices and action

is one which needs clarification and resolving. You may find that it is beneficial to pause before acting on impulse, and sensible to slow down and take time to consider the likely results of your decision. This may then show you alternative routes to take or may even dissuade you from taking action at all.

As Mars will influence you to be more dynamically assertive, you need to take into account your effects on other people too, especially any family and those closest to you. This may then modify your more self-centered tendencies and ensure that through insensitivity you do not then create unnecessary pain for anyone.

You can be quite attractive to others, as the Mars-Neptune energies combine to create a potentially dynamic glamour, yet this apparent combination of action and sensitivity can often be superficial when the Mars characteristics are dominating the more subtle Neptune ones, which is more often the situation.

Neptunian qualities come through disguised as a flexibility of personality, a set of masks and images that you almost automatically assume in your relations with people and in social or work environments. You recognize that these lead to some inner confusion, especially in respect of decision-making; but they are also usable for self-projection. You quite enjoy playing with these masks and feeling that your real intentions are hidden within a secret persona; you do not really like others to know you too well. This leads to the attraction of acting behind images, and there is often a dramatic side to your nature, perhaps through some creative expression or even theater work, where imagination can flourish in an evocative situation and you can be hidden behind the mask, performing a role.

Certainly, you will develop a favorite image of yourself which is projected out for others to see you through. Some have affinities with medicine and healing abilities; even here, you may hide behind the image of nurse, doctor, consultant or psychic healer. Alternatively, your dreams and desires about yourself could be unrealistic; and whilst you aspire to great status and achievement, your lack of will or application and your impracticality defeat you. Ultimately, your image of self-elevation may only exist within your imagination. Steps can be taken to improve matters though. Feeling able to release your blocked imagination into daily life is important, because whilst initially such a move may be glamorous and ineffective, you can learn to direct it towards deliberate intentions, and so use it as a powerful energy to achieve your aims. Techniques of creative visualization are recommended to take advantage of this process of mental imagination and can help to re-create your life.

Future planning can help you to gain greater control too, so that there is less opportunity for something unconsidered to destroy your intention. And working hard to actually achieve viable skills is another way of helping yourself; if you do not do this, that unintegrated Neptune will serve only to dissolve those dreams instead of helping to fulfill them. In intimate relationships, more awareness will probably be needed.

A combination of impulsive Mars and the self-deluding tendency of Neptune may conspire to show you the pain of disappointing illusions in love. Mars can encourage you into sudden passionate affairs, caught within the glamour of a new lover, but when you are directed by purely unconscious motivations the likelihood is that suffering will result, as a prompt to make you more aware the next time.

Be wary of any personal tendencies toward self-deception and deceiving others or being deceived; these may be likely and can be associated with the sphere of the conjunction's natal house. Try to remain honest and frank, as communication is vital in relationships.

([161] astromatrix.org;) The Possessive

Opportunities: 1. Having a Family 2. Surrounding Yourself with the Right People

Challenges: 1. Using Your Energy Well 2. Sharing Your Inner Security

You are strongly attached to your home and your childhood. All your life, you will prefer familiar situations and objects and people you know well. You want to feel that you belong to a place and to someone, because belonging gives you a sense of security.

While you are young, it is extremely important that you have a sense of inner strength and security. If your life is confused and uncertain now, you will find it very difficult to overcome the effects of this problem when you are older. You would be very insecure and possessive of those you love. You would be jealous of anyone around you paying attention to someone else, fearing that they will stop paying attention to you. You would never feel 'good' enough, and your inner self would always be in uproar, with your emotions working against you.

Most of all, it would be difficult to get ahead in life, because you would be constantly trying to resolve your childhood problems. But if your home life is good and secure and your parents are caring and helpful, you will grow into a warm, loving and generous person. You will enjoy taking care of others and seeing that everyone's needs are met.

You will be able to express your feelings more powerfully than most people can, and you will have an inner security that can be shared by others wherever you go. Your love of the old and traditional will always be strong, and you will very much want to have a family of your own.

([4] astromatrix.org;) The Lover Of Life

Opportunities: 1. Loving Life 2. Finding a Loving Partner

Challenges: 1. Listening as Much as Speaking 2. Avoiding Excessive Indulgence

Love and social relationships are highlighted, and you will be attracted to participate in the social whirl, circulating around your collection of friends, family and acquaintances. You feel it important to be liked by others, and this need may make you act in certain ways which gain the approval of people, so care may be required to ensure that you do not overly compromise your own feelings and thoughts in order to remain socially acceptable.

There can be a dramatic quality to your style of self-presentation, perhaps emerging out of an artistic and creative sensitivity, and this will be employed to gain the attention of people; you prefer to leave your mark and need to feel recognized. While some may see you in a superficial light, this is not how you desire to be socially acknowledged. The recognition you are looking for is of your whole personality, your talents and qualities, and as you grow older you will prefer to enjoy the company of those who can appreciate you more fully. This may be through mutual interests in art, culture or the beauty of nature, because lying beneath any socialite veneer is your real appreciation of the harmony of life and nature which evokes that romantic and poetic spirit that inspires your

perception of life and infuses a hidden desire for inner peace and integration.

You enjoy quality in life and will try to create a pleasing home environment which allows relaxation into domestic comforts and pleasures. You will attract others to your potent magnetic personality, and you are likely to experience a variety of relationships as a consequence of your romantic attitudes. You open easily to demonstrations of love and affection, and your heart can quickly melt.

As a lover of life, a certain intensity will be present, as will the tides of love's joys and pains, but never attempt to turn off your developed love nature, or you may find that life rapidly loses its luster and becomes grey, mundane and lifeless. Part of your role is to spread life-appreciation, enlivening others so that they too can become sincere lovers of life, and isn't that a task well worth pursuing?

Some may find you 'too alive' or narcissistic, so you may need to be aware of others' reactions, and if they are correct in their evaluation of your self-centeredness then some modification may be advised, so that you equally acknowledge their natures, qualities and personalities too.

In conversations, the art of listening is as important as the art of communication, and your enthusiasms may require occasional toning down. You can bring positive benefits to those who become intimately close, through sharing your vitality, love and affections, and even if your relationships do not persist, you hope that those involved with you do not regret the time that has been shared.

Changes will come through the expression of your heart and life enjoyment, and these may reshape your conscious identity and self-image over time, so that more depth and insight begin to be unfolded. Others may turn to you for support and advice, wanting your flame to relight their own. Your path of solar development is through the unifying love energies of Venus, so let these radiate outwards into the world, touching and igniting the hearts of others.

([151] astromatrix.org;) Making a Sacrifice

With the North Node Opposition the Sun, your mission requires making a sacrifice. It may be that the sacrifice is to bring attention to some matter that would be a considerable contribution to the world. You appear to give a lot of yourself to something greater and are not so ego driven.

Actually, you may not really be allowed full recognition within your lifetime, because spiritual development is needed now to balance out the degree of individuality achieved in the past. Due to previous lives of great ambitions and ego development, you must now slow down and the ego must be submerged to some degree. Though leadership talents are brought over, these can't be used to expand your own ego. One way or

another, circumstances will force this if you do not do it consciously. You may not be allowed to come fully out into the light.

You may find your plans and goals thwarted by circumstances or societal values. However gifted you are at capturing attention and being true to yourself, your self-expression may be met with karmic obstacles and oppositions. Don't let this hold you back. Learn from it. Beware of a tendency to hog the spotlight.

You believe it is important to communicate in order to come to a compromise. It is easy for you to articulate issues that strike a nerve with you. You are a strong advocate and may use storytelling to educate others about important issues.

([181] astromatrix.org:) Artistic Talents

With Venus Opposition North Node, a lot of artistic talents are brought over that often show up at an early age. You have been working on developing artistic flair of a particular sort. The house position of Venus points to a reservoir of past artistic inspiration or knowledge. There are talents here that can be used to help others and contribute in some way. On the other hand, the love life suffers, and you may have difficulty understanding your emotions when it comes to love. This is often a sign of someone who has suffered heartbreak either in this lifetime or past ones.

You may have been self-indulgent in the past and now efforts are required to balance out this area of relationships. Finding happiness in marriage is not easy. Even with considerable success in other areas, this is often the weak spot. Relationships with the opposite sex may be difficult to impossible. When it comes to the sexual energies, those

energies must be converted into developing higher consciousness.

You may have difficulties or obstacles when it comes to expressing affection due to major circumstances in your past life or early childhood, but you care deeply and have a great love for your family, friends, partners and the world. You have a sincere appreciation for beauty and the arts and likely have some form of artistic talent. Your way of expressing yourself socially and how you display affection, however, may invite conflict and tension from others. Your soul's lesson is to learn to balance your love for peace with some initiative. Don't become lazy and complicit.

([120] astrotarot.net:) The wounded healer

Typical features that this conjunction brings: this aspect is almost always more about the relationship to yourself than the relationship to others. With this aspect in the chart, until you build a healthy relationship with yourself and healthy self-esteem, healthy self-worth, you will repeatedly end up in relationships in which the partner ends up provoking some additional wounding. Often, relationships are painful. Relationships are painful because you have such an ingrained expectation that love hurts, that you are subconsciously attracted to people who are wounding, and wounded. There is a tendency to give in close personal and love relationships. And there is a fear of rejection from a lover. No matter how much you do for a partner, you never feel it is enough. Early experiences of rejection help you to learn a tremendous amount about love and relationships. And they can easily learn very insightful advice about human interactions. Applying this wisdom on a personal level is the challenge. You need to first heal your own deep fears of not being good enough. In conclusion, you need to learn to love yourself and to make sure your partners are meeting you halfway. Also, you may be attracted to partners who need help.

- Positive traits: This Natal Venus – Chiron aspects brings love coaches, coaches in general, and relationship counselors as often the person becomes quite skilled at the things for which they experienced pain..

- Negative traits: you were made to feel like you didn't deserve to be loved unconditionally, that maybe you weren't lovable at all; or weren't good enough to get the kind of love you want and deserve. Also, your capacity to earn money is directly related to what you believe you deserve, and with this aspect, this belief can be quite distorted.

Whatever lives in this house helps you understand how the people around you perceive you. Remember, depending on the house location of the Vertex in the natal chart, you will have a lesson involving the area of the house it's in.

- Individuals with too many conjunctions: Many astrologists think that having conjunctions everywhere is a good thing, because it is a positive aspect. It would mean that the person with all the conjunctions is even more like the sign which everything seems conjunct in. Positive traits and negative traits are much more apt to being magnified than if they only had one planet in that specific sign. But it is always good to have a certain balance or aspects. It makes a person more grounded and sane.

10) ► **Jupiter** ♃ **Conjunct** ♆ **Neptune** - (9°53' S) 009 | 009

([62] astromatrix.org;) The Painter Of Dreams

This conjunction occurs approximately every thirteen years and tends to create characteristics that are often similar to the Pisces temperament, where both the positive and the negative qualities of both planets are present and highly active.

Tendencies towards excess, idealism, creativity and naivety will be evident. The Jupiter impulse of expansion may encourage you to reach beyond your actual capabilities. The sphere of relationships is likely to be a source of many lessons for you, and to reflect back several of your own tendencies towards those less realistic qualities of Jupiter and Neptune that are present in an unintegrated personality.

Yet this ideal of relationships will still persist, often despite many disappointing experiences over the years. It is probably wiser to be more careful in your more personal and intimate relationships, because unless you are aware of what is occurring, your love life could be painful. Many relationships flounder today due to mutual self-ignorance, where inner projections of illusions and the anima-animus patterns overlay the real nature of the participants, until time dissolves them, and each partner wakes up to realize that they are living with a stranger.

When disappointment strikes you, there is a tendency to retreat into a private fantasy world. This can be positively used as a self-healing technique, but you must avoid any temptation to use this purely as an escape, for if you do so you risk losing contact with reality.

12) ► **Saturn** ♄ **Conjunct** ♅ **Uranus** - (3°03' S) 04 | 04

([68] astromatrix.org;) The Revolutionary

During the twentieth century, the conjunction aspect was made during 1942 and in 1988. It offers the possibility of an effective balance between these two antagonistic planets.

Apart from those born under this aspect, the energy released into the collective mind at these times can aid in the interplay between forces of order and chaos, conceivably bringing the opposites into equilibrium and allowing a space for something new to be born. For the individual with this aspect, there should be the ability to fuse ideas with practical application, to ground and anchor those sometimes slightly intangible and ephemeral Uranian ideas, thus transferring the, from the level of mind into material existence.

You should be able to take advantage of your personal resources and talents; and these can be effectively expressed through efficient organization. The flow of Uranian energy should seem more consistent and reliable; and you will be able to apply persistence and focused will to achieve your objectives.

Often, you will find enjoyment from becoming involved in situations where you can create order from chaos. Whilst this may appear Saturnian in nature, Uranus is not chaotic for the sake of it, but is only disruptive in order to create the conditions for a higher order to be superimposed.

You can function in a 'bridging role', carefully restoring a balance between order and change, and re-integrating this into a new structure which is an improvement on the previous one. In modern life, where so many changes are occurring so quickly, such a role can be most important, and utilizes both of these planetary characteristics in a positive way.

You have a sympathetic understanding of the past, and of the values and attitudes of conservative stability, yet also intuit and appreciate the necessity of change and evolving of social structures, organizations and individual development. You will try to integrate these threads, uniting what is worth retaining from the past with the ideas of the next step forward. Doing this, you work with both your intellect and intuitional faculties, and so reflect the next stage in human development towards the consciousness of unity.

You are likely to prefer a form of expression that involves a social contribution over and above mere participation in society; you would like to feel that you have some influence in improving things, and that your preoccupation is not totally for personal gain. This need can often give you a sense of direction in your life, and one which can absorb both of these planetary energies.

If you begin to feel that you are having to keep down inner pressures of certain kinds, perhaps through a lack of channels to release them into, then it is a likely sign that you are not fluently expressing both the energies. Look at your life pattern and see which one is being repressed. In most cases, this would be the Uranus energy, as the Saturn energy, which is one of order and discipline, is often expressed through social conditioning.

To free this blocked energy, more spontaneity, more experimentation, and exploration of new interests, would help. These would stimulate needed changes to happen, and so break down any fixed lifestyle patterns that are becoming inhibiting. If the Saturn energy is repressed, more self-discipline, commitment and perseverance to achieving your objectives would help.

If the lifestyle lacks control, too much freedom could also lead to a loss of personal center and stability, leaving you feeling lost and unsure of what to do or in which direction to travel. You will need to draw through the Saturn qualities of boundary-making and structure, so that your life and inner nature begin to take distinct form again, creating a stable foundation from which to work.

You seek order and discipline. Structure and tradition make you feel secure and nurtured. You look to the past to feel fulfilled.

18) ► **Sun** ☉ **Opposition** ♇ **Pluto** - (9°27' S) ☉2 | ♇8

([148] astromatrix.org:) The Transformer

This suggests that most of your problems and challenges will arise in the area of interpersonal relationships, often created or stimulated by your own unconscious expression of this energy, which requires a deeper understanding and inner adjustment to be achieved before you can consistently benefit from its power.

Your temperament can be assertive, aggressive and extremist, tending to use your powerful will like a sledgehammer to achieve objectives. You prefer to force situations so that you are ready to take the advantage before anyone else can or will act through impulse without fully considering the consequences of following your desires and aims.

To others, your will and personality can seem a little overbearing, provocative and

dominating, especially as you always prefer to be in control of all situations, and hate to feel unsure of your ground or realize there is nothing you can do to influence circumstances in your favor. This is why you desire to be in a position of authority, calling the tune and writing the rules, yet are so rebellious when roles are reversed; you then use your influence to be subversive and manipulate others to resist authority.

You will feel a desire to change the world into your image, reflecting the way that you think it should be. As virtually everyone else is attempting the same in small or large ways, inevitably you may experience conflict with others who do not agree with your panacea for the world's ills. If you attempt to dictate to people, by forceful expression, you may easily fail to get the right kind of support and co-operation, especially if it is made clear that you intend to be the kingpin and final arbiter.

The problem with dominating and forceful personalities is that usually they insist on having their own way, and are rarely, if ever, wrong. This usually ends in relationship conflict which leads to their more creative supporters quitting, leaving behind 'mere followers' who remain with the 'leader' in sycophantic acquiescence. Without proper awareness and understanding, these tendencies can become negatively expressed, eventually to your detriment. Yet equally they can become extremely positive qualities to be used in socially creative ways once excess self-interest is transcended, and you move towards the higher solar path of your individuality rather than just satisfying lower egoic needs and desires.

You will need to undergo a period of self-regeneration, to acknowledge the needs of others to be themselves, not as mere adjuncts to your dictates, but people equally able and right to assert themselves. More harmonious and successful relationships are possible, especially when your need for self-assertion diminishes through self-understanding and confidence in your own worth. This can involve learning to be self-reliant in achieving your own aims, rather than having to manipulate others into unconsciously aiding your private intentions. Inner changes leading to a less aggressive attitude and less suspicion in working with others, more co-operation to achieve mutual goals, and a degree of compromise in your attitudes, will certainly bring more benefit to you and others.

Gaining an understanding of the elements present in your psychology which desire for you to become an authority and leader can help to bring about an inner adjustment, and an ability to work with others can then emerge.

19) ► **Moon** ☾ **Opposition** ♌ **Vesta** - (9°20' A) ♄6 | ♀12

([610] 12andus.com:) You may feel like you are on a quest to fulfill your spiritual mission and be of service to others.

Yet at the same time, your emotions may pull you in a very different direction. You may have difficulty feeling nurtured by your divine mission. You may also have to work to

overcome insecurities and follow your intuition so that you will feel the divine spark of inspiration and follow your higher calling.

You may give up on the desire to have a family of your own so that you can serve as a spiritual mother or father to others. You may also have a home that is unusual in some way and dedicated to your spiritual quest rather than being yours alone.

([611] 12andus.com:) You may feel torn between your ideas and plans for your own future and a path to which you are devoted.

Your spark of enthusiasm and inspiration may lead you to take your sacred mission seriously, but you have a hard time giving yourself completely to serve others. You may fear losing autonomy or that your mind will no longer fully be your own.

When you work through these fears, however, you can achieve balance between dedicating your intellectual gifts and communication skills to the service of a mission that benefits others and your own personal learnings.

You can come to satisfy both your own quest for knowledge and your desire to use your intelligence to serve others. You may sacrifice some aspect of your interests or plans but will gain more in return as long as you fulfill your obligations of service or spiritual quest.

21) ► **Neptune ♆ Opposition ♄ Chiron** - (9°51' S) ♆9 | ♄3

When you learn to align your creative, sexual and independent energy with the obligations you make to a romantic partner, you'll be able to draw on your intense motivation and courageous side to work through ups and downs in the relationship.

Until you do this, you may vacillate between wanting devotion to a partner and insisting on having everything your own way.

You tend to be happiest with an easy-going mate who has a considerable amount of imagination and is creative without being a moody, broody, artistic archetype. Your attitude towards sex is good overall.

You're attracted to marriage and are generally comfortable in your role as a spouse, provided, of course, that you choose a compatible mate. You probably get along well with the opposite sex. 40) ► **Midheaven MC Square ♆ Neptune** - (0°43' A) ♅12 | ♆9

([449] astromatrix.org:) Self Doubt

This aspect can indicate extreme insecurity and self-doubt, unless your parents and other influential adults make a special effort to reinforce your self-confidence. When you meet a difficult person or an obstacle, your first tendency is to run away, because you feel that you cannot overcome it. This is probably not true, and you must learn what you really can do, instead of limiting yourself to the few tasks that you are not afraid to do.

Sometimes you seem to be surrounded by energies that are very weakening, usually from people you are with who give off very negative energies such as resentment, hostility or anger. You don't attract such people to any unusual extent, but you suffer more than others from being around them.

Opportunities: 1. Developing a healthy ego 2. Attuning yourself with norms & Laws

Challenges: 1. Following your heart 2. Adjusting scenarios to multi-task

The place of this aspect in your chart indicates friction between a deep desire to be true to yourself about what you feel concerning your needs, sexual instincts, and the desire to be appreciated by others. It is important to feel free and develop a healthy ego. The combination of Sun's positivity and Lilith's darkness strikes a classic blend of power play and dominance.

You need to learn that you can not have everything in your life as you want. You have to abide by societal standards and laws. Accepting your aggressive nature and understanding your needs without any fear would help to exert your energies positively. You also won't feel forced to go to extremes to ease yourself.

Sun square Lilith brings strong-willed and aggressive individuals ready to speak about vices prevailing in the society and becoming a reason for people's distress at large. The square aspect creates tension that compels action, and Lilith strives for attaining harmony while simmering with raw rage.

Together these two can do wonders and surpass every hurdle. So this aspect creates innovative activists and charming agitators possessing high standards and profound respect for everyone around. Your toughness sometimes becomes a hindrance to your popularity because others might perceive you as rude. But you are equally tough to yourself as you seem for others.

The energy of the Sun steers you to aim for the moon as the sky is the limit for you. Your most vital asset is the refined intuition that motivates you to take a leap of faith and conquer the fears of rejection and criticism.

Key themes of this aspect are to tame your sexual nature and desire to get appreciation, conforming to societal standards and asserting your sexual fantasies and individualistic desires to get comfortable with your inner self.

42) ► **Sun** ☉ **Square** ♀ **Juno** - (4°45' S) ♏2 | ♎5

([593] 12andus.com;) You may feel compelled to pursue marriage or partnership, but also struggle with the fear of losing your independence.

When they don't it can be difficult for you to compromise. You may have to work quite a bit to get a partnership to feel secure and not feel like you run the risk of losing yourself or missing out.

Yet you can work through your insecurities to be a faithful and devoted partner.

43) ► **Moon** ☾ **Square** ♌ **Jupiter** - (1°46' A) ♄6 | 009

([391] astromatrix.org:) The Procastinator

The square indicates possible difficulty in uniting your sensitive feelings and emotions with your impulse to expand and manifest potential; the two sets of inner messages either conflict or fail to combine, reducing purpose and motivation. For example, you may possess creative ability, yet fail to demonstrate this tangibly due to not making sufficient effort to develop latent talents.

You tend to resist hard work, and can display a lazy, apathetic attitude at times, especially if you have little interest in the work to be done. You may believe that life should be easy, with few worries, allowing you to be self-indulgent. This attitude may have grown from your parents who served and overindulged you, or made you feel special and perhaps encouraged a belief that the world would take care of you.

You react to the world through powerful emotions which condition perceptions and evaluations of experiences. As you prefer to follow instincts and emotional messages, you may be reluctant to listen to your intellect. Adopting such an approach may not always work to your advantage; over time you may realize that relying on emotional responses alone may prejudice actions, choices and decisions, often leading you in unsuitable directions that might have been avoided if you had taken a more rational approach.

As emotions can wax and wane, consistency may be lacking in your attitudes and relationships. Limitations may be self-created if you listen only to your feelings. While they can provide a good guide at times, their reactions are not always suited to every choice; more time spent in careful thought and consideration could be useful for your future.

A tendency to make impulsive and emotional decisions needs to be superseded by deliberate planning; rushing to satisfy immediate desires may later be regretted. You may require more realistic attitudes, both with people and in dealing with the world. Sometimes you can project overly optimistic emotions into relationships, feeling that this is 'the greatest love of all time'. Or genuine generosity may leave you financially

bankrupt, perhaps through extravagance, lending to the wrong people, or just a lack of financial acumen. Be extremely careful not to overestimate business prospects. You may benefit from receiving expert financial advice, although even then discrimination is needed to avoid choosing the wrong type of advisor.

Intimate and social relationships may be erratic at times, as you can fluctuate between extroverted moods and introspection, depending on the relative strengths of either Jupiter or Moon. With an independent spirit, you may often feel you do not need much social contact, and so friendships may become characterized by infrequent contact, indifference, and fickleness at times. You will do your own thing, either with complete enthusiasm and temporary commitment, or by slipping into apathetic disinterest. These fluctuating tendencies can be changed if you choose to do so.

The approach needed is one of self-determination and concentrated application, once you decide on a suitable direction that offers potential for greater meaning and purpose. In your early life, you may not have been particularly ambitious, preferring freedom, acting with little responsibility, and moving in and out of situations and relationships as it pleased you, directed by your inner emotional pendulum. This could have been a phase of wandering and exploration, lacking any distinct aim. This phase may continue with varying emphasis until you face the need for responsibility in life, perhaps encountered through settling into marriage, financial commitments, and the raising of a family.

Having to 'shape up' may shock you into several realizations. You may make greater efforts to make life stimulating, preventing it from becoming staid and restrictive and realize that planning and organization can make routines flow more smoothly, with less conflict and fewer painful experiences.

Social awareness may deepen, as you become less self-preoccupied; any tendencies toward extravagant fantasies are modified as you recognize the limitations of real life. When reality intrudes, illusions should dissipate; if they persist, then reality is being ignored and evasiveness will exact its own price later. As maturity depends, you may move in new social directions, reflecting your growing awareness and sensitivity, and releasing previously latent talents. Social concern and activity may replace your earlier desire for emotional freedom; and you may work to benefit those who are socially deprived. If you come to this direction through religious or political paths, you may need awareness of any imbalanced attitudes which may persist.

Your emotional power could be transferred into zealous proselytizing; you may perhaps become obsessive about your newly chosen path and lose sight of realism and perspective due to overenthusiasm. Learn how to moderate any such tendency and allow others to be free.

44) ► **Moon** ☾ **Square** Sp **Spirit** - (0°51' S) ♄6 | 009

With Mercury Square Saturn you are intelligent, traditional, reserved, shy, hardworking, ambitious, responsible, narrow-minded, pessimistic and, in some cases, scheming and deliberately dishonest

You may have a difficult childhood due to problems with your father, which may make you defensive, suspicious, insecure or depressed. You lack imagination, but when you have an original idea, it doesn't gain acceptance with traditional thinkers. Your education may be rigidly disciplined, but your poor memory causes many problems with your studies. This can be overcome with patience and persistence

Your tendency to be jealous, fear of change and anticipation of danger or failure means you have few real friends. In positions of authority, you may belittle others' ideas. You're likely to get in trouble with written communications and contracts.

46) ► **Mercury** ☿ **Square** ♃ **Uranus** - (2°54' A) 137 | 4

([407] astromatrix.org;) The Scattered Mind

The square has several characteristics similar to the opposition. In both we find eccentric thought-patterns, intellectual superiority, the 'know it all' syndrome, and a changeability of mind and emotions which can both confuse and antagonize others.

The main difference with the square's influence is the dominance of the Uranian 'rebel' attitude, which will condition your social expression. Your initial reaction to most social traditions, rules, and beliefs will be a belligerent opposition, even if you hide most of this activity within your own thoughts. A 'rebel of the mind!'. There are at least two sorts of rebel those who just oppose, and those who oppose and offer radical solutions to social problems.

You are likely to have the tendency to be the 'opposer', as your ideas are often erratic and impractical, lacking in the ability to be easily applied by people in everyday life. This can be frustrating for you; but until you come to better terms with contemporary life, it may be inevitable. Part of this problem is your inability to acquiesce in social rules and accepted ways of behavior, allied to an innate resistance to authority.

You fail to see why you have to live in certain ways, acting and behaving according to a social code of conduct, or thinking within predictable and conventional parameters. You have enough of a sense of freedom to know that life does not have to be the way your

parents, teachers, employers, politicians and priests tell you. So, you become an outsider. Alienation from society can vary in degree; but you may have to be careful that your tendency is not just negative in nature but possesses a positive creative ability for social change.

You may have to realize that the only person who is responsible for you is yourself! The responsibility for your choices and actions lies with you, no-one else; and it is a foolish denial of personal power to pretend otherwise, or to seek to blame society or someone else for the repercussions of your choices. Basically, what you are looking for is a personal state of freedom. The freedom to live in a world that suits you; and there can lie the problem. How to move from a restrictive world into liberation?

One approach is to transfer the energy flow from opposing 'out there' to being turned within, to experience fully the contradictions in your nature, accept them and attempt to resolve or rebalance them. Techniques from the humanistic schools of psychotherapy and creative visualization could prove useful in this act of recreation. The social rebel has to undergo an inner revolution.

59) ► **Midheaven MC Trine ♄ Saturn** - (0°46' S) ♀12 | ♄4

([360] astromatrix.org;) Achiever Of Goals

As you grow older, you will get ahead by doing everything in a very systematic and orderly manner. You try to take good care of your possessions, and you like to have them arranged neatly about you. Also, you try to use your possessions in the best way possible.

As you get older, you will be fascinated by the tools and techniques of any subject that interests you, and you will become very proficient in those techniques. Even at an early age, you will feel that very little that is worth having comes for nothing in this world, but you are willing to work. As a result of this understanding, you may seem older than your age, and you may prefer the company of older people.

Although you can work with others if necessary, you probably prefer activities that you can pursue by yourself, because then you do not have to worry about whether someone else's standards are as high as your own. You are very exacting in your work, and find it frustrating to deal with anyone who is less exacting.

This same energy may also cause you to feel a bit different from other people, even sometimes as if you don't belong with them. However, this will not bother you greatly, because you are confident enough to be yourself. It is more important to you to be right than to be popular. This attitude will win you the respect of your elders, and all your life you will get along well with persons in authority. Eventually you will probably be in a position of authority yourself.

60) ► **Midheaven MC Trine** ☿ **Uranus** - (3°49' S) ♀12 | ♄4

Probably your beliefs and ideas are different from those of the people around you, and you put a different value on physical objects as well. You do not like to be tied to possessions that you must take care of. This means that eventually you will prefer to have as few possessions as possible so that you can go wherever you want without any worries.

Very early in life, you will decide that you have to follow a path that is uniquely your own and does not follow anyone else's ideas about what is good for you. You want to break new ground, but in order to get there you won't have to battle others, especially your parents or other authority figures.

You should be sufficiently creative so that you can make them see the desirability of letting you have your way to a reasonable extent. You may change your mind several times about what you want to do with your life, not so much because your mind is unstable but because it is so difficult to find exactly what you need. Incidentally, this can be a sign of an interest in or, later, a career in a technical field, such as electronics, computers, engineering or science. Or you may be interested in the occult and astrology.

You like a certain amount of excitement in your life, to keep from getting bored. However, some problems may arise in the course of your development that you should be aware of. For example, although later you will be concerned with resources, in youth you may simply be interested in owning things, which may result in your having a lot of useless clutter. Also, you should not be so possessive that you are unwilling to share at all.

On another level, this aspect can signify that you get very involved in learning various skills. This can be very useful if you concentrate on useful skills and if you do not get so wrapped up in them that you lose track of relationships with others. Do not become too self-involved. Any situation in which you feel compelled to act by some inner compulsion can be bad for you because you are not aware of yourself and what you are doing at the time. It helps to use good judgment regarding legal matters so that you avoid frivolous or malicious actions.

91) ► **Saturn** ♄ **Quincunx** ♅ **Neptune** - (0°03' A) ♄4 | ♆9

([527] astromatrix.com:) The Self Defeatist

The inconjunct indicates inner tensions and frustrations, and it is likely that Neptune will be inhibited from true realization and will be bound within the unconscious mind by the barrier-forming restrictions of Saturn. This will cause you to be anxious, stimulating unconscious fears, anxieties, phobias, morbidity and guilt feelings arising from an overactive imagination which lacks suitable channels for a healthier release.

The consequences of this inner pressure and disquiet tend to create feelings of inadequacy, incompetence and inferiority. These may be quite illusory and unrealistic, yet they have a powerful influence on your actions and choices. As time passes and you perpetuate these tendencies, you continue to create negative results, which convinces you that such inferiority beliefs are actually true. You become a self-defeatist, and lack confidence in your own abilities. This negativity can spread until you begin to run away from accepting responsibility or challenges.

Denial of any aspect leads to its suppression into the unconscious mind, where it is likely to fester, slowly releasing poisons into the personality within the appropriate level of natural affinity, distorting body, emotions or mind. Such a forced cutting away of part of your nature is never wise and is as foolish as cutting away an arm because there may be an unsightly mole on it.

In accepting your own nature, self-forgiveness is required, and a refusal to compare yourself to any illusory ideal of perfection. Why feel guilty because you are not like an ideal? You never can be, and your real task is just to become yourself, warts and all; and coming to terms with that is a great freedom and liberation in itself. Face those fears of failure. Talents are there within you; they are just hiding out of sight. Find that pot of gold around the corner, and perhaps with a bit of support from others you'll learn how to really use it. All of those inner illusions, guilt trips, inferiority complexes and phobias can dissipate like chimeras in the sky. The self-imposed barriers of Saturn will collapse, and Neptune will flow through, healing you and inspiring you to find a new way.

You can be quite original and independent in your thinking in the long run but may have some problems with timing. You may be slightly out of sync with the rest of the world when you choose to launch an idea. You can experience frustration and are forced for a time to go it on your own.

Other aspects compared with this one would show the degree of difficulty in bringing out your ideas and gaining support for them. With stressful aspects, there is fear of criticism or ridicule. There could be learning difficulties; what takes others a short time to absorb may take longer for you.

Circumstances in your life have caused you to feel frustration because you think your ideas are unsupported. Often your ideas are met with criticism or opposition that you fear inhibit your intellectual capabilities. Don't allow this to hold you back. Your ideas may be too behind or more often, too ahead of the times to be fully accepted. Realize that you are not alone in your way of thinking. Go out, expand your horizons, seek like-minded people. Be open to criticism instead of shutting down out of frustration at feeling misunderstood.

The Lots (Arabic Parts) (322th Harmonic)

There is not much information on these lots. Lots are points calculated almost always from the Ascendant and two Planets (or the Moon) or another one of the lots (then Schmidt's correction is used). The formulas used are based on Paulus Alexandrinus' and Robert Schmidt's work. Valens is another name that reoccurs with the information for these lots. (He might have slightly different formulas, but I think I took the best ones.) The texts are from 'astro.com' and 'astrology-x-files.com'.

Lots used for ranking eminence:

When these lots and their rulers occupy each other's places it indicates personal power and social mobility (eminence).

The **Lot of Fortune** is in 25° **Scorpio** 16' and in the **5th** house.
Part of Fortune was already interpreted in detail.

The **Lot of Spirit (Daimon)** is in 18° **Pisces** 49' and in the **9th** house.
"higher intellect" "guardian spirit/angel" The Lot of Spirit is a point which has strong psychological and spiritual overtones, unlike the very physical-plane based Lot of Fortune. The Lot of Spirit has to do with the nature of the will, what you intend (as opposed to what merely happens to you), and also has much to do with career, but apparently more your career as a statement that you make about what you are in the world. It also has to do with illness, like the Lot of Fortune, but it would seem that with the Lot of Spirit we are talking about the spiritual bases of illness as opposed to the physical bases.
"Spirit happens to be lord of soul, temper, mindfulness, and every power; and sometimes it also cooperates in the determination concerning what one does." - Paulus Alexandrinus

The **Lot of Basis** is in 28° **Pisces** 40' and in the **9th** house.
Calculated from Asc, Fortune and Spirit.

The **Lot of Exaltation** is in 11° **Leo** 2' and in the **2nd** house.
Valens says that it shows what the native is happy doing if it doesn't indicate eminence (by falling mediocre or amiss with little connection to spirit or fortune)

The Seven Hermetic Lots:

Adding Fortune and Spirit makes them 7.
These 5 are calculated with Schmidt's correction formulas.

The **Lot of Eros** is in 27° **Sagittarius** 24' and in the **6th** house.

"Eros signifies the appetites and the voluntative desires. It becomes a contributing cause of friendship and mutual favor." - Paulus Alexandrinus

The **Lot of Necessity** is in 0° **Virgo** 38' and in the **3rd** house.

"Necessity signifies constraints, submissions, struggles, and wars, and makes enmities, hatreds, condemnations, all the other restrictive things befalling men as a result of their birth." - Paulus Alexandrinus

The **Lot of Courage** is in 22° **Gemini** 36' and in the **12th** house.

Indicates fortitude (or lack thereof). It is based upon Fortune (the physical body) and Mars (actions). Where this lot is placed by house seems to show what we have to face and what we most fear. "Courage becomes a contributing cause of boldness, treachery, might, and every villainy." - Paulus Alexandrinus

The **Lot of Victory** is in 23° **Cancer** 3' and in the **1st** house.

"Victory becomes a contributing cause of trust, good expectation, contest, and every association; but sometimes it contributes to penalties and rewards." - Paulus Alexandrinus

The **Lot of Nemesis** is in 6° **Gemini** 35' and in the **12th** house.

This lot seems to indicate what is most likely to bring the native down. "Nemesis becomes a contributing cause of subterranean fates and of everything which is ice-cold, of demonstration, impotence, exile, destruction, grief, and quality of death." - Paulus Alexandrinus

Nemesis in Gemini: slander, the media, a duplicitous lifestyle

Nemesis in Twelfth house (Pisces): indiscretion, being gullible

Pholus | Sudden Life-Changing Events

Pholus helps us achieve our soul contract and mission, the symbol of turning points (of no return), the catalyst, a small cause yielding a large effect, explosive results, transformation without premeditation, euphoria, self-destruction, awakening, curing addiction, release, searching, intensity, discovery.

Here, painful realizations of boundaries and responsibilities come as you grow. Pholus is where one absentmindedly, even blindly, goes about one's business until he sees the mortal light and crashes, grounded by confrontation of karma and responsibility.

Pholus in Aries (Rx)

(canvasofthecosmos.tumblr.com;) Pholus in 1st House/Aries: Splashes the room with your vibrancy. Goes through many changes in appearance as well as identity crises. You look for something that can spark a new battle or even new life. This placement can have depressive symptoms in between lifestyles that pique your interest at the time. You were confrontational as a child. With time, you learn that sometimes it's best to sit back and wait, take your time to shed your skin. You may find that jumping to attack finishes what you start too soon. You are well known as someone who is explosive, dressing eccentrically and maybe having a temper, or at least love a good debate. You spark many interests as you live your life full of color, and your intense life brings much change to others as you are constantly changing yourself. Childhood for you brought you all over the place, and even now sometimes you feel like you're being stretched too thin. Try not to lose sight of your refined passions in search for new shiny ones and appreciate the lows as they allow you to relish the highs in your life.

Pholus in 10th house

(12andus.com;) Your search for truth and wisdom leads you to try to establish security and a solid foundation.

You want to be in a career that provides purpose and allows you to do something meaningful. Your ideas and hard working nature lead to explosive transformation.

You can unleash a dramatic and powerful transformation when you work toward success in achieving your goals. You may become intoxicated by your desire for wealth and success. This can lead you to get so engrossed in the tediousness of work and career that you start to forget your purpose.

Dramatic and chaotic situations can be wake up calls, pulling you away from the

distractions and back to your true mission.

You may feel extra protective but find there is a major catastrophe from which you can't protect others. Learning to let go of control and putting your energy into what you can manage and ways you can be productive is part of your mission when a breakthrough is warranted.

Eros | Love, Desire, and Sexuality

Where you break with logic and rationality in favor of desire, associated with bringing havoc, your most powerful turn ons. Is used a lot in synastry.

Eros in Cancer

(12andus.com:) You have an erotic obsession with being nurtured and emotional connection.

You may feel more sexually attracted to things that make you feel secure. You may also be obsessed with your partners chest, breasts or stomach. You may be attracted to the idea of motherhood.

Sexual encounters may be more thrilling if you anticipate the potential for creating a family. Pregnancy or the expectation of pregnancy can be part of the thrill.

You may also be attracted to erotic use of food, such as using sexual enhancement lotions that are edible. You don't have a strong kinky side as you would rather feel secure and comfortable in your sex life rather than being adventurous.

Eros in 1st house

(12andus.com:) You may feel like you become infatuated with everyone you meet.

Love at first sight seems very real to you, though often it is lust. Your instincts and impulses lead you to feel aroused in relationships, often in the earliest stages of an encounter.

When it comes to exploring sexuality, you may be turned on by expressing your desires in athletic or obvious ways. You will blatantly chase your love interest.

You may also have an aggressive or controlling side when it comes to sex. You radiate passion and sexuality and may have a fun and playful side that emerges in the bedroom.

You can be turned on by competition or even confrontation and may pick fights just for the sake of arousal from the attention others show you. You may find it easy to jump into sexual relationships and are often careless when it comes to this kind of relationship.

- 1) ► 25° Aries 32' **Pholus** ✎ **Opposition** ♂ **Mars** 25° Libra 49' - (0°17')

(12andus.com:) You may feel easily torn between your ambitions and courageous side and your inability to truly contain large scale crises.

Rather than allowing disruptive challenges to wipe the slate clean and help you advance by starting all over again, you may try to hold on to power and control, insisting on having your way or trying to rescue others.

The bigger lesson is often that it is not up to you to rush in and save the day. Instead of preventing crises from erupting, you may be better off learning to respond to crisis by seeking opportunity for growth and new perspective.

If you try to see large scale challenges as important life turning points rather than as crises to be minimized or contained, you can become more successful protecting yourself and those you love to the extent you can, while also embracing dramatic changes.

2) ► 25° Aries 32' **Pholus** ✎ **Opposition** Vx **Vertex** 19° Libra 51' - (5°41')

3) ► 25° Aries 32' **Pholus** ✎ **Sextile** ♄ **Vesta** 27° Gemini 18' - (1°46')

(12andus.com:) You can easily draw on your spiritual connection to be of service during times of crisis.

Your sense of spiritual connection is enhanced by your awareness of the importance of serving others especially during catastrophic events. You are sensitive to the calling that is part of your spiritual mission.

You may come to see crises as a doorway to initiation, helping you to fulfill your higher calling by acting in service of the greater good as a healer or protector during tumultuous times.

4) ► 25° Aries 32' **Pholus** ✎ **Square** ASC **Ascendant** 22° Cancer 2' - (3°30')

(12andus.com:) You may find it challenging to cope with major life changes and turning points.

When you have no other option, you may feel as if adapting to changing circumstances or crises requires you to change everything about your identity, right down to your appearance. At first you may resist these changes.

You may try to hold on to control and pretend everything is as it should be. Yet when the changes become too prevalent to ignore, you'll throw yourself in head first, embodying the chaos and turmoil in some way.

Finally, you'll come to adapt your expectations and make necessary changes to your ambition so that you can succeed on your path while also recognizing the crisis and turning point you are facing.

5) ► 25° Aries 32' **Pholus** ✎ **Trine** ☾ **Moon** 17° Sagittarius 58' - (7°34')

(12andus.com:) You may easily show your compassionate and sensitive side as you deal with unexpected cataclysmic events that impact your family or community.

You may feel compelled to nurture or heal others during times of crisis and can easily do

so. You may easily put your emotional needs aside. Even when your intuition shows you that small issues can have dramatic and traumatic consequences, you won't shy away from responding to those in need.

This can leave some residue on your emotions and have an impact on your mental well being but you won't be deterred from trying to protect others.

6) ► 25° Aries 32' **Pholus** ✍ **Trine** ☿ **Mercury** 3° Capricorn 51' - (8°19')
(12andus.com:) You can easily adapt your thinking to adjust to dramatic changes that were unexpected.

Though you may try to be a guardian of ideas and protect others by censoring your communication, when catastrophic events occur and you need to be able to adjust your mind and express yourself you can do so clearly and effectively.

Even as you adapt to situations that escalate out of control, you may be personally affected by some ramifications of the unexpected catastrophes.

You may be able to provide perspective and insight that others need even if you sacrifice some aspect of yourself in the process.

7) ► 25° Aries 32' **Pholus** ✍ **Trine** ♀ **Venus** 24° Leo 5' - (1°27')
(12andus.com:) You may find it easy to express your love and nurture your connections to those you care about even as you experience dramatic life changes.

Life changing events that alter the course of your path can be set into motion because of your romantic partnerships or connections to those you love. Even cataclysmic events can ultimately benefit you or lead to deeper love and security.

You may have to face the ways in which you overestimate your ability to save others or face patterns of codependency in toxic relationships so that you can heal and break through these patterns.

Dramatic changes brought about by small steps or seemingly innocent encounters can have wide ranging consequences in your life.

Relationships and partnerships can be a big part of shifting your perspective, leading you to embrace your connection to others who support and validate you even as you go through major life turning points.

8) ► 25° Aries 32' **Pholus** ✍ **Trine** ♄ **Chiron** (Rx) 0° Virgo 0' - (4°28')
(12andus.com:) You may find it easy to embrace your inner wisdom and intuition when immersed in crises and chaotic circumstances.

You may sound the early warning when others aren't yet aware of a looming cataclysmic event, but your unique perspective and past traumas lead you to recognize the warning signs ahead of time. Even when you are successfully able to see what is coming and try to warn others, you may find that your own individual power is limited.

You may not be able to contain the crisis, but you can learn from it. In doing so, you easily become a beacon of healing and guidance for others.

16) ► 7° Cancer 44' **Eros** ✎ **Conjunct** ♀ **Vesta** 27° Gemini 18' - (10°26')

(12andus.com:) You may become intensely aroused by your spiritual connection to those who inspire you.

You may feel like you and your partner share a mission and your shared vision and spiritual connection can be an essential part of your erotic connection. Your sense of being open to intimacy is intricately tied in with your desire and passion to be part of something spiritual and transcendental.

You may explore spiritual aspects of your sexuality and you may find spiritual exploration to be arousing and exciting. You may have a dramatic desire to connect with people who represent your ideal of purity and enlightenment.

Your mission and sense of work can be infatuating and you may have fantasies about succeeding in your mission with the help of your partner.

17) ► 7° Cancer 44' **Eros** ✎ **Opposition** ♀ **Mercury** 3° Capricorn 51' - (3°53')

(12andus.com:) Your strong sexual drive and fantasies are hard for you to express.

You may think you need to suppress or hide your desires or fantasies because you don't know how to put your fantasies into words. You have an instinctive sense of what arouses you and can't always express your needs or desires to your partner.

If you take the time to explore different forms of communication, even role modeling through your actions, you can better connect with your sexual partner and express your fantasies and desires.

18) ► 7° Cancer 44' **Eros** ✎ **Opposition** ♀ **Pallas** 6° Capricorn 54' - (0°50')

(12andus.com:) You may feel torn between your desire to focus on your mission and your erotic desire to connect with others.

You can have a militant style of addressing your goals and achievements and as a result you may push your erotic desires off to the back burner. You may feel that you have to focus on your cause and uphold a neutral guise as a leader or mentor.

As such, you may try to keep your deeper emotional desires out of the picture. You strive to not be influenced or distracted by your deeper passions and sexual desires and as such you may try to ignore your impulses and focus only on the work you feel compelled to do.

Your mission or crusade may also take priority over your personal desires and pleasure. Yet when you find the power and passion you need in your intense and focused nature, you can blend your visionary nature and your desire for deeper fulfillment and sexual intimacy.

19) ► 7° Cancer 44' **Eros** ✎ **Sextile** ♀ **Lilith** (Rx) 9° Taurus 59' - (2°15')

(12andus.com:) You may find it easy to express your erotic desires.

Your sense of power and rebellious nature can fuel your passion and intense sexuality. You may find it easy to unleash your deeper, darker desires and may have fantasies that involve vanquishing your enemies or asserting your power.

You can captivate your partners because you don't play by the rules and have an exciting, intense and passionate nature. You aren't afraid to find pleasure with or without a partner.

20) ► 7° Cancer 44' **Eros** ✎ **Square** ♀ **Saturn** 9° Libra 48' - (2°04')

(12andus.com:) You may find it challenging to explore your sexual interests.

You may have a grounded and practical approach to sex or eroticism and this can lead you to feel tense or frustrated when it comes to expressing your sexual desires.

You may have to work through limiting beliefs or moral judgments from past generations in order to open up and validate your sexual interests. You may also have fetishes or desires that actually involve abstinence, restriction, suffering or limitations.

If you are able to challenge yourself to see past the limited view of sex or eroticism you have inherited from other generations, you may be better able to embrace your sexual desires and express erotic love.

21) ► 7° Cancer 44' **Eros** ✎ **Square** ⚡ **Uranus** 6° Libra 45' - (0°59')

(12andus.com:) You may have to challenge yourself to get in touch with your erotic nature.

Yet when you overcome the limitations and confines of social expectations and norms, you may find that you have more intense desires than you realized. With some effort, you can draw on your creativity and visionary tendencies to break down barriers and explore your sexuality.

You can come to embrace your erotic nature and become more comfortable with unusual fetishes and creative ways to express your intimate desires.

22) ► 7° Cancer 44' **Eros** ✎ **Square** ♀ **Ceres** 5° Libra 26' - (2°18')

(12andus.com:) You may have to make adjustments or changes to your beliefs from family or early childhood so that you can open up to your erotic desires.

A parent or early caregiver may have had strong beliefs that still have a stifling influence on your attitude toward sexual pleasure. You may feel hindered from showing your erotic desires because of attitudes about practicality in relationships, feeling the need to be securely in a marriage before enjoying a sexual connection, for example.

Yet you may eventually enjoy a more fulfilling sex life if you are able to adjust your ideas and opinions regarding sexual relationships and erotic pleasure.

23) ► 7° Cancer 44' **Eros** ✎ **Trine** ♃ **Neptune** 9° Pisces 51' - (2°07')

(12andus.com:) You can easily express your dreamy, sensitive and erotic nature.

Creativity, art, play and transcendental experiences help you express your erotic nature. You have powerful intuition and also can be idealistic. You fantasize about the kind of intimate encounters you desire.

Yet you can become so lost in fantasy that you come to prefer the daydream aspects of relationships to the actual physical encounters. The exception to this is when you can share intimate encounters that make you feel like you are losing yourself in the connection to your partner.

24) ► 7° Cancer 44' **Eros** ✎ **Trine** ♄ **Juno** 9° Scorpio 54' - (2°10')

(12andus.com:) You may find it easy to feel the commitment and security of your intimate relationships and as a result can easily express your erotic side.

Yet you aren't one to look for a casual fling or noncommittal relationship. To you, erotic connection and sexuality is more enhanced by the commitment that is the foundation of your relationship. You can also easily attract influential and powerful partners.

You are aroused by the prospects of marriage, stability, status and commitment and your fantasies may include successful and powerful people.

25) ► 7° Cancer 44' **Eros** ✂ **Quincunx** ♌ **Pluto** 5° Aquarius 12' - (2°32')
(12andus.com:) You may feel awkward about pursuing your intimate desires.

Upbringing or social standards can lead you to fear or not trust your deep and powerful erotic fantasies and desires. You may try to ignore your sexual nature or downplay the level of intensity you feel.

However when you take the time to work through the subconscious messages you've come to believe about power and sexuality, you may feel like you're completely rewriting the rulebook. You may be transformed as you embrace your power and authority to indulge in your erotic fantasies.

Hygiea | Health, Wellness

Health, cleanliness, and sanitation. [1] where the body is important to you

Hygiea in Leo

(astrology.com:) Leo or in the fifth house: These individuals redirect stressful energy into artistic pursuits. Health can feel like a game one is winning or losing based on access to leisure activities. These may include art, music, comedy, spending time with children or animals, or playing sports that have a greater emphasis on strategy, rather than fighting spirit. Their downfalls are vices like gambling or binging mindless entertainment. While they feel good in the moment, these “quick fixes” often create more problems than they solve.

Hygiea in 2nd house

(astrology.com:) Taurus or in the second house: This Hygiea curates their wellness experience for their refined and often expensive tastes. Drawn to sensual mood-boosters like aromatherapy and massage, these individuals are in tune with their bodies and know instinctively when something is “off.” While this generally predisposes them to healthy eating, overindulging when they’re stressed can leave them feeling lethargic. They should also keep an eye on their wallet, unless they plan to settle for bargain brand vitamins.

Psyche in Scorpio

(fauxastrology.tumblr.com:) Psyche in Scorpio/ 8th house: My soul's a one-way mirror - if I keep my side pitch-black while I look at the illuminated world through the mirror, I could see everything without being seen. If I step out of the shadows, stop seeking truth in the darkest of places, adjust my eyes to the light, I may find me a spot in the illuminated world. But I will see nothing.

Psyche in 5th house

(fauxastrology.tumblr.com:) Psyche in Leo/ 5th house: My soul comes alive when the lights go out in the theatre, when I hear "And action!", when I can feel all eyes on me; I am most at home when I get lost in art & forget about the world around me, when I let emotion guide my hand, voice, body.

Eris | Soul Warrior

Exhibiting the power of action and choice, when fierce is warranted, right rage, creating a better world. Whistleblower, poetic justice. [1] self-validation

Eris in Libra

(synnismans.com:) In your seventh house of partnerships Eris will create situations of unequal distribution of power that will stress your relationship. You will have to work at finding a partner that will share your goal of sharing the work and well as the joys of partnership, or suffer the consequences for failing to do so. If you attempt to follow traditional male/female roles, your relationship will ultimately lose its vitality and strength of purpose.

Eris in 4th house

(synnismans.com:) When Eris resides in your fourth house of the home you have the power to recognize how past conditions have contributed to current problems. You experience through your childhood how unequal power distribution causes problems in the home. If you are wise, you will work on these dynamics in your own life, so the same bitter fruit is not born. If you do not, you will repeat the experiences of your parents.

Karma | Attention Point (per Past Lives)

Karma is your talent and the place where you can grow the most, or get handsomely rewarded. Why are you here? What do you need to finish? The sign tells you what and house tells you for what. Karma can indicate a negative balance OR positive balance through square Mars, Saturn or Pluto OR trine Jupiter, Venus or Sun. Feeling like

suffering is fated when aspecting challenging areas of the chart. Negative Karmic events are like accidents, heart breaks, exposure to outbursts that seem unfair and losses. Positive Karmic events are sudden strokes of good fortune, chance meetings with a true love and so on.

[1] aspect of your character against which, when people interact with it, significantly alters the circumstances you share

Karma in Scorpio

A brief-meaning-of-15-core-asteroidschallenging placement that can help fate plan a powerful destiny or a punishment of sinking to the lowest depths of despair. Emotional control is the ally for this native. Letting emotional hatred go out of control will set up a vicious cycle of karmic debts that never benefit anyone.

Forgiveness is a fantastic asset. These natives must master breath control, meditation and some form of social service, at least mentally.

Karma in 5th house

Pandora | Foolish choices & Toxic curiosity

Where one needs to see things as they really are.

[1] where one must provide masculine prowess or be considered a failure

Pandora in Gemini

(astronomicallyaligned.tumblr.com:) Your box is filled with air and electricity. It's similar to the connections and nerves in the brain. If let loose, it will spread like a virus, infecting all living, and all dead. You might want to release the tension in hope of gaining intelligence and possibilities. The virus turns the brain on full gear. It's airborne. It will spread fast and mercilessly like the plague. Try using that inner electricity and light air for connecting and inspiring a thirst for knowledge in others. Or more the thirst for thinking.

Pandora in 12th house

(astronomicallyaligned.tumblr.com:) You're curious about your dreams, subconsciousness, spirituality, endings, self sacrifice, and closure. You might open a door to another world, to the other side. A door that cannot be shut once opened. Energy will flow between the galaxies.

Nessus

(vamzzz.com:) Considering its complex and rather extreme nature, it is no wonder we see a large diversity in the collection of attributed characteristics; lessons in setting boundaries, seeing (one's own) limits, accepting limits; identification of hidden abuse patterns; complex cause and effect relationships, breakpoints in karmic cycles; revealing the truth, resolving a situation; taking responsibility for a confrontation, the perpetrator caught; desire; possessiveness, jealousy, being vindictive, manipulative or resorting to black magic for sexual or financial needs. Finally, several researchers associate Nessus with blood, diseases passed on by blood, or blood rituals, and superhuman strength or powers.

Philip Sedgwick characterized Nessus in astrology as "The ultimate Centaur bad boy", bearing the wounds of "greed, decadence, intimacy and sexuality". As positive Nessus properties he mentions: generosity, benevolence, compassion, willing to lend a helping hand, cooperation, respect for boundaries, aware of the power of life energy, healthy use of sexual energy. Concerning the latter: Taoist health trainer and teacher Mantak Chia has Nessus conjunct Sun opposition Hygeia!

My experience with Nessus transiting in hard aspect to the Sun is that this Centaur evokes an inner transformative crisis that demands clarity and decisive action based on "cut the crap". In the personal horoscope Nessus can be a player with violent impact. Forcing entry seems to be the core quality of this Centaur.

In harmonious aspects, this gaining access goes pretty easy, while in hard aspects, where access is denied, it has to be forced open and in extreme cases violence is used. Thus, in line with these characteristics, Nessus also has to do with breakthrough, breakout, escape, rescue and hacking.

Computer hacking is a Nessus-thing *pur sang*, especially when combined with Mercury, Uranus, Vesta or Makemake. Also espionage, spies, officers, burglars, rapists, rape in general – mentally or emotionally -, black magic, executioners, cracking a closed system (be it a nut or oyster or bank vault, or mind frame), assassins and police raid teams reside under Nessus.

Nessus in Libra

(smartyoungsters.com:) This is the peace loving Nessus who is obsessed about maintaining peace, harmony and equilibrium at costs. This Nessus suffers from OCD when it comes justice and playing it fair. Justice is obviously on the side in which he is, a person with this placement will go to any extent for getting it. Using manipulation and preying on the weakness of the opposition, this Nessus gets it his way. A passionate

lawyer who gets wins at all costs for his client. He is the most "dreaded" lawyer and deploys any method to win. When expressed positively, this person can win battles for those without a voice. He can restore faith in the judiciary. He can be the best peace ambassador for the country. Resolve conflicts and create harmony. In love, this is the Nessus that will strive to maintain peace at all costs and expect the same response from his partner. If the partner does not support him in this approach then there will be obsessive arguments that can go out of control. He can manipulate partner to get things his way, preying on the weakness. Commitment is an issue with this Nessus but once commitment break-up can become a big one.

This Nessus is also the abuser or obsessive partner in the relationship. He will want absolute control of the relationship and may excessively bully his/her partner. If someone's Nessus falls in your 7th house then that person will show the above qualities.

Nessus in 4th house

(smartyoungsters.com:) This is the mothering Nessus who can get more than obsessive with her nurturing. The person with this Nessus has OCD about his family, country, culture and anyone whom he takes under his wings. A person having this Nessus is the most feared/respected person in the family and is the den mother. His word is the final word and anyone who tries to go against this person is immediately brought down. He is the bully in the family that may prey on any weakness shown by anyone. In fact, anyone who tries to go against this Nessus will be cut to size with his sheer emotional force. When positively expressed, this is the most nurturing Nessus who can take care and protect those who seek his protection. In love relationships, this Nessus can smother the partner by being over protective, possessive and patronizing. He may try to instill his fear in the partner for gaining control over partner's emotions.

Echeclus

Cosmic picture vs. detail orientation. Abstract logic vs. linear logic.

Positive: Balanced perspective of overviews combined with essential detail.

Negative: Picky, judgmental, cantankerously weird, ungrounded.

Mark Andrew Holmes: turning point, stymied, conflict, beleaguered, endings, in a rut, bottled up, frustrated, at war with the world, taking on a lot, tilting at windmills, ability to handle frustration.

Arachne

Sowing complex solutions to complex problems. Patience; the greater pattern.

Complexity; simplicity. Can indicate where you own gift lies, she also shows where you will be challenged to perfect your craft, where you must be able to do what you say you can do and where you may experience competitive clashes. Taps into the unknowable, even what 'should not' be known. Arachne may connect to the concept of playing God.

Asbolus

Root chakra (or reptilian brain) awareness. Sombre, pessimistic, with a lot of depth (but tangled in a vortex-like manner of information processing). If dominant: usually having a lot of trouble receiving advice or compliments from others. Easily goes over the top, exaggerates protectionism, and isolates itself unnecessarily.

(vamzzz.com:) It represents the domain of Yin. Ontologically and sociologically it relates to the root of individualism, technology and in the worst case murders. Theologically it relates to the figure of Satan.

Six different ways Asbolus can work in a horoscope:

- One could distinguish six different types or subtypes of Asbolian influence. The first type detects the inhumane, the perversion or violation of human rights and the ethical. (Julian Assange, Jannis Varoufakis, Edward Snowden, Sahra Wagenknecht, Karl Marx et al.)
- The second type of Asbolus is not a strong influence, but acts more some kind of dull black spot in the chart.
- The third type corresponds with the seer and empowers clairvoyant faculties (James Van Praagh and Anton Pauwe).
- The fourth type shows Asbolus as a pit of horrors, darkness, psychopath inhuman features and atrocities (radix-horoscope USA, Madeleine Albright, Joris Demmink, Adolph Hitler, Barack Obama, Zbigniew Brezezinski, G.W. Bush, Hillary Clinton, Joseph Stalin et al.).
- In the fifth case Asbolus is a dark artistic inspirator in a creative horoscope, making an impact on the public by mingling the aesthetic with some distortive, taboo breaking, or intense Plutonian atmosphere (Ilona Staller, H.R. Giger, Georges Bataille).
- The sixth Asbolus is a crossbreed of two or more samples of the above. For example, one could be a loving person, socially very aware of ethical values, but also a master in writing short horror stories. When in league with evil, the outcome is never Asbolus responsibility alone, but a joint venture with the totality of the chart

Ixion

Very masculine energy, ingratitude, murder, passion for supplanting the prevailing system, haunting, loneliness, disorientation.

(synnisisigns.com:) It needs great loves and it's phantasmagoria will push him beyond the curtain of reality when circumstances are below his taste. In career, it must destroy existing concerns, clans, lobbies, lodges, clubs, factions, cabals, plots, allegiances, fraternities, cults, newsgroups, web-sites, teams, alliances, trusts, blocks, interest groups; and from the resulting chaos choose and pick his own few good men to form it's own enterprise, not without bitter struggle and a sword hanging over it's own head. Religious fanatics are born along this line, those well meaning fellows that send humanities to death, schizoid nationalists, new hitlers, media magnates, islamic terrorists, highlanders, beings of war and chaos. In positive aspects (conjunct casanova and Uranus) it can prolong love making up to several (three) days, an unending erection. [1] how you order others around

(arwenmclaughlin.com:) True unconditional love energy that knows itself to be unconditional energy, and therefore has strict boundaries. It does not allow anything into it's life that is not authentic, or that would compromise it's integrity. Thus it is not interested in the past, or anything that came before, it is only interested in, what comes next in love? What can we create now? What can we now build in its most glorious form that serves the self as well as others? How can we crate a structure that works for everyone in its highest and best form? Humanitarian, new frequencies of energy, new and higher forms of energy, the vibration of the alchemist, creator love energy, miracles and overwhelming acts of kindness, "the Change", "the New energy", healing with energy, light, and sacred geometry.

Panacea

(astrologyclub.org:) Panacea is “the cure”—but it’s not as simple as that. It’s “what you believe it takes to make things better.” Thus, what do you or others have to do in order to

bring about an improvement. With Panacea in hard aspect to the Ascendant, a person would have to “be” different to bring about an improvement; they’d have to alter their routine and initial response. A retrograde Panacea might not really believe lots of things can be fixed.

Persephone

Where we are scared to take charge;

(YT: Tom Jacobs:) A theme of looking immature from the outside but being capable of maturing it through the inside. Have to make a change: a leap into a thing with boldness that might seem like a stretch or too much for us because we've never done it before. So some persephone people are timid, because they've had been put words into their mouth and have been told they can't take care of themselves. Sometimes they'll reject that, and they are quite confident because they had to at some point grow up overnight. Whether that was pleasant or unpleasant, whether that was a choice they drove or it was driven by other circumstances and other people.

So there is a sense of a Youthful spirit and maybe some naivete but the appearance of naivete surely.

Proserpina

(houseofinferno.com:) [...] but many of these deities have the same story with different names. Proserpina's name means "to emerge". (ref Persephone!)

She represented the irrepressible feminine spirit who would not be controlled or restricted. Some astrologers look to the asteroids Proserpina / Persephone in a person's natal chart to see where we give our power away, or have it taken from us, so we can use this information to not be so passive and assert ourselves properly so that we are not so easily controlled. What we could take from Proserpina's story is to honour the cycles and changing seasons within ourselves. Sometimes we are cast into the Underworld when something bad happens, and we should never spiritually bypass these situations.

We have to feel our pain and darkness to move through it. But when we are ready, we can emerge to cultivate something better for ourselves and let go of the things that don't serve us.

We should also be mindful of how we assert ourselves. We need to show ourselves love and respect by building healthy boundaries. We need to stand up for ourselves when we are being unfairly treated, and we also need to be mindful of how we do this to others. But we should also take care to know the difference between assertiveness and aggressiveness and make sure we achieve a healthy balance so we don't take away or restrict another's free will or cause unnecessary harm to others in the process.

(jessicaadams.com:) Proserpina shows where you are taken over, taken, then take back.

Sisyphus

(leahwhitehorse.com:.) Repeated mistakes, stuck in pattern through fear of change.

To be admired for his outright refusal to accept death and for his ability to repeat a task that is doomed to fail for all time. In him we see the try, try and try again attitude.

Perhaps the positive side of this asteroid is the ability to keep going, even when we can't yet see the point. Essentially, he perhaps shows where we can find meaning in what we do on a daily basis, not just in our achievements or the winning of battles.

Fixed Stars

Only conjunctions here. Now will, anything inside the orbs of the fixed stars behind the (moving) planets and other objects from the chart, be shown. I've taken the orbs of the star conjunctions from the following two websites: 'astrologyking.com' and 'fixedstarsastrology.wordpress.com'.

If the orb from the first website was biggest, I have left it like that. If the orb from the second website was the biggest I have changed it to the average of the two.

I also gave all the four Archangel stars (Aldebaran, Regulus, Antares and Fomalhaut) plus Sirius and Spica a bigger orb of 200 minutes (3°20'). Caput Algol, as a evil influence, I gave 3°.

A lot of these stars (297 in this script, plus the Galactic Center and the Great Attractor) are far away from the 12 Zodiac-constellations, so saying that the Zodiac has a certain height is not really usefull because it stretches all the way around Earth, in height (as well as in width via the Signs.

(NOTE from 'fixedstarsastrology.com':) — Do not let any of the negative descriptions for any stars that follow which may apply to you frighten you. If you live a good, clean life, good will be in store for you Rather than the darkness that may otherwise apply to you. Live your life with good conduct. ALSO — you can check your astrological chart's planets conjunctions with the stars you were born under to understand yourself better. Stars are rated based on my judgement (John Hebert) with (+) being good and (-) being not good, and the more of each one, the more positive and negative the star's influence.

(*) I personally would estimate the Ascendant and Midheaven to be **not accurate**, because they are lines and not points, thus they adhere to different rules. I don't know how they get exact declination and right ascension for it. For example a star could be on your horizon (a line) when you look at it through the Stellarium computer program. But the point mentioned here (where it touches the center of the zodiac, I guess) only matters when you were born or had your saturn return on the equator, I think. Because then the line would be straight.
